Notes:

¹It is highly recommended students take CPD 150, Connections for Success, as their elective in their first semester as the skills apply to the capstone course but it may also help them identify a more specific degree to match their goals.

²This is the capstone course and they must have completed all of the core courses as well as COM 102 as the prerequisite. This course is typically only offered in the spring semester.

³Number of elective credits should be chosen to bring the total credits equal to 60

*A minimum of nine credits, from the 60 total credits required for this degree, must be completed with 200-level courses.
