The Office of Administrative and Information Services combines the most vital administrative services at Hunter College into one conveniently located office in Room 217 Hunter North. The OASIS incorporates the information services of the Registrar, Bursar and Financial Aid Offices. The OASIS is designed to help students navigate the administrative arm of the college by eliminating most of the “traveling” previously done between offices. In addition, the OASIS is conveniently located next door to the Registrar’s Office, around the corner from the Bursar, Financial Aid and Admissions Offices, one floor up from the Hunter College Welcome Center and one floor down from the Medical Office.

Many of the forms and services available in the OASIS are also available on the registrar’s Web site.
Registration

Registration Procedures Prior to each registration period, the registrar’s office develops a Schedule of Classes, which is online at the Office of the Registrar webpage. Students are assigned registration dates and times based upon their academic progress. Prior to each registration, an e-mail is sent to students alerting them that their registration appointment has been established. Students may then view their appointment time online by accessing E-SIMS via their CUNY Portal account.

Each semester, as grades are submitted, the Office of the Registrar notifies students by e-mail that a grade has been posted on their transcript and is available for viewing on E-SIMS. Students should pay careful attention to their grade and if there are any errors, contact their instructor immediately.

Access to the electronic student information system (ESIMS) is available through the CUNY webpage at http://www.cuny.edu. Students may register, view their transcript, current schedule, current bill, change their CUNY Profile, view open course sections and access their registration appointment times. All registration is conducted through E-SIMS via each student’s CUNY portal account.

Students wishing to register for courses at another CUNY campus may do so by applying for an E-Permit through the CUNY portal available at http://www.cuny.edu. Effective fall 2004, grades for courses taken on permit are posted to students’ records and are computed in the GPA.

Other Opportunities Program

Return to Special Academic Programs

Education Abroad Programs

Opportunities exist for study abroad in summer, winter intersession and during the academic year. There are a variety of countries, subject matters and languages to choose from. Current summer offerings include programs in: Germany, Ireland, Italy, Peru and Spain. Winter intersession typically offers programs in Argentina, Brazil, Italy and Hawaii. During the academic semester or year, Hunter students can participate in exchanges with Queen Mary College of the University of London as well as with the three main campuses (Melbourne, Geelong and Warrnambool) of Deakin University in Australia. Additional information about Hunter programs is available on the Education Abroad website http://www.hunter.cuny.edu/educationabroad.

Besides the programs organized by Hunter College, students can participate in the study abroad programs of other CUNY colleges, as well as CUNY-wide exchanges. More information about these programs can be found at www.cuny.edu/studyabroad.

Hunter students also have the option of participating in programs offered by SUNY colleges. More information is available at www.studyabroad.com/suny.

Finally, Hunter College belongs to the University Studies Abroad Consortium (USAC) and all USAC programs are open to Hunter students. For more information go to http://usac.unr.edu/.

Continuing Education

Continuing Education at Hunter College offers non-credit courses for adults in a variety of disciplines. Classes in academic skill development, test preparation (for GED, GRE, GMAT, LSAT), personal finance, nursing, foreign languages, creative writing, social dance, fitness, computers, business and professional development. A variety of Professional Certificate Programs—such as Interpretation/Translation, Legal Studies, Medical Coding and Billing, and
Graphic Design—are also offered. Whether students are new to the workforce, looking for a career change or simply looking to learn a new skill, our continuing education programs are designed to enhance professional development and personal enrichment. For more information about the classes offered, call (212) 650-3850 or visit the Continuing Education Web site at www.hunter.cuny.edu/continuinged.

The International English Language Institute (IELI) is a noncredit, continuing-education program offering courses in English as a second language to students from all over the world. Students at the IELI actively learn and use new skills to develop their fluency, accuracy and confidence in the English language. Classes for beginner through advanced levels are taught in the morning, afternoon, evening and on weekends. Students may register for full- or part-time programs. Preparation classes for the CUNY Assessment Tests and TOEFL are available to advanced-level students. Students who present proof of successfully completing the most advanced levels of the IELI program are not required to submit TOEFL scores as a part of their admission process to Hunter and other CUNY colleges. For more information call (212) 772-4292 or visit the Continuing Education Web site at http://www.hunter.cuny.edu/ieli.

The English Language Training Institute at Hunter College (ELT Institute) offers a wide variety of courses and services designed to train teachers of English as a second language. Through the use of multimedia, the internet, Hunter’s computer labs and library, and New York City’s cultural resources, instructors are trained to prepare students for their future academic, social and professional lives. For more information about the classes offered, call (212) 650-3850 or visit the continuing Education Web site at http://www.hunter.cuny.edu/eltinstitute.

The Writing Center through Continuing Education at Hunter College offers an exciting cultural showcase of writing workshops, special topic courses, and literary events since joining the CUNY Hunter community in September 2010. With specified classes for each literary genre, students at The Writing Center are educated on the literary field of their choice by successfully published authors from that same genre. In addition to helping students gain knowledge in classes, The Writing Center pushes to educate students outside of the typical classroom environment by offering free literary events throughout the semester where students have the unique opportunity to listen to their favorite authors speak and partake in a question and answer session with the audience. For more information about the classes offered, call (212) 772-4294 or visit the Writing Center Web site at http://www.hunter.cuny.edu/ce/the-writing-center

Parliamo Italiano: Hunter College has developed a relationship with Parliamo Italiano, an Italian language school. For more than 30 years, Parliamo Italiano has offered Italian Language courses using a proven method developed by the founding director, Francis Lally. Parliamo Italiano offers courses for all levels—days, evenings, and Saturdays. For more information about the classes offered, call (212) 774-4793 or visit the web site at http://www.parliamo.com

Other Services

Return to Services for Students

College Bookstore

1st Floor, Hunter West; (212) 650-3970

Hunter has a new vendor for the bookstore at the college. Follett has taken over as Hunter’s bookstore and has been on campus since October 19th. They have and will be accepting book adoptions for the spring 2012 semester.

The bookstore stocks required, supplementary and recommended text books (new, used, digital and rental), regulation school supplies, special course requirements and other academic and nonacademic items. The bookstore processes orders for textbooks and clothing/gifts online at www.bkstr.com/webapp/wcs/stores/servlet/StoreCatalogDisplay/ and accepts most forms of payment. The store also purchases used student textbooks at the end of each term.
Food Services

Dining facilities are available on the main campus at 68th Street, the Brookdale Campus and the School of Social Work. The Food Services Web link is hunter.avifoodweb.com/.

Main Campus, 68th Street & Lexington Avenue There are several food outlets on the main campus:

a. The cafeteria on the 3rd floor of Hunter West is open to all Hunter students, faculty, staff and visitors. There are two eating areas adjacent to the food service area. The south side seats around 200 people. The north side seats about 75 and also has several computer terminals for checking of e-mail and Internet reference. A full menu of hot and cold foods and beverages is offered.
   South area hours: Monday through Thursday, 7:00 am to 7:00 pm; Friday, 7:00 am to 2:00 pm
   North area hours: Monday through Thursday, 11:00 am to 4:00 pm; Friday closed

b. A Starbucks coffee kiosk is located in the lobby of Hunter West, serving beverages and light snacks. Hours: Monday through Thursday, 7:30 am to 7:30 pm; Friday, 7:30 am to 2:30 pm; Saturday 7:30 am to 2:30 pm.

c. The Faculty Dining Room on the 8th floor of Hunter West is open to all Hunter faculty and staff. The facility is open during the fall and spring semesters Monday through Friday, from 11:30 am to 2:00 pm.
   Note: for the aforementioned facilities, shorter hours are in effect during semester breaks, summer session and the day before major holidays.

Brookdale, 425 East 25th Street A full service cafeteria for the Hunter health sciences community with many of the same options as the main campus cafeteria. Hours: Monday through Thursday, 7:30 am to 7:30 pm; Friday, 7:30 am to 2:30 pm. The cafeteria is closed during semester breaks, summer session and the day before major holidays.

School of Social Work, 119th Street & 3rd Avenue The facility is not yet open. The vendor, Creole Restaurant-http://creolenyc.com/ may open a temporary kiosk.

Vending There are vending machines throughout all of Hunter College’s campus locations.

Alumni Association

1313B Hunter East; (212) 772–4087

The Alumni Association of Hunter College, composed of 85,000 women and men graduates of the college, has been in continuous existence since 1872. Membership is automatic upon graduation from any Hunter College degree program.

The Association provides opportunities for alumni to become actively involved in the life of the college and serves as the link between Hunter and its graduates. In addition to providing vital support for scholarships and academic programs, members participate in a variety of chapter and on-campus activities, including lectures, faculty round tables, workshops and book discussion groups.

Members can take advantage of campus facilities with the Alumni Card, which provides access to the college libraries, Sportsplex, instructional computing center, Chanin Language Center and career development services. Alumni can attend association meetings in January and May and stay informed about activities through the publication, At Hunter.

Instructional Computing and Information Technology Resources

http://www.hunter.cuny.edu/icit

The Instructional Computing and Information Technology Department (ICIT) provides technology resources and services for students and faculty. These include the Computer Lab Classrooms in the North Building and Thomas
Hunter Hall, equipped with 250 computers available to students; a 20-seat training facility; 200 technology equipped classrooms, and multiple distance learning centers. Other services available to faculty, students and staff include: email, course management, computer training, consultation, audiovisual services, teleconferencing and videoconferencing services, telephone and voice mail services, computer networking services (on campus and off campus), software licenses and student information services. Guidelines for access to and use of these services and facilities are posted at each facility and are subject to the rules and regulations of the college.

Hours, locations and a general description of the facilities available in each area are posted on the ICIT Web site: http://www.hunter.cuny.edu/icit

In addition, ICIT manages computer work areas in several locations at each of Hunter’s five campus sites. Hours, locations and a general description of the facilities available in each area are posted on our Web site.

**Part-Time Students**

Each semester nearly 6,700 part-time undergraduate students attend Hunter College. These students vary widely in age, interests, background and educational goals. Part-time students can enroll in most degree programs offered. Certain programs, however, require daytime attendance or periods of full-time attendance, such as those involving internships, student teaching and work outside the college. Part-time students can be either degree candidates or nondegree students. To enroll as a part-time student contact the Hunter College Welcome Center for an appropriate application. The CUNY Undergraduate Degree Application must be filed by students seeking degree status, while those seeking nondegree status need to file the Hunter College Application for Nondegree Admission.

**Philosophy**

Christa Acampora, Professor, Philosophy; BA Hollins, MA, PhD Emory

Linda Martin Alcoff, Professor, Philosophy; BA, MA Georgia State University, PhD Brown University

Omar H. Dahbour, Professor, Philosophy; BA Trinity, MA Boston, MA Columbia, PhD Chicago, PhD CUNY

James Freeman, Professor, Philosophy; MA Drew, BA, PhD Indiana

Justin Garson, Assistant Professor; BA Evergreen State, MA, PhD University of Texas

Carol C. Gould, Professor, Philosophy; BA University of Chicago, MPhil, PhD Yale University

Laura Keating, Associate Professor and Chair, Philosophy; BA Michigan State, MA, PhD Ohio State

Frank Kirkland, Associate Professor, Philosophy; BA Bucknell, MA, PhD New School

Gerald Press, Professor, Philosophy; AB California (Berkeley), MA, PhD California (San Diego)

Steven Ross, Professor, Philosophy; BA Brandeis, PhD Harvard
Physics and Astronomy

Janos Bergou, Professor, Physics; MS, PhD Lorand Eotvos (Hungary)

Ying-Chih Chen, Professor; BA National Taiwan, PhD Columbia

Leon Cohen, Professor; BS City College, MS, PhD Yale

Kelle Cruz, Assistant Professor; BA, PhD Penn

Noel Goddard, Assistant Professor; BS, MS Polytechnic University, PhD Rockefeller

Steven G. Greenbaum, Professor; BA Clark, ScM, PhD Brown

Godfrey Gumbs, Maria A. Chianta and Alice M. Stoll Distinguished Professor, Physics and Astronomy; BA Cambridge (UK), MS, PhD Toronto (Canada)

Mark Hillery, Professor; BS MIT, MS, PhD California (Berkeley)

Hyungsik Lim, Assistant Professor; BEng Seoul National University, MS Ohio State, PhD Cornell

Neepa Maitra, Associate Professor; MA, PhD Harvard

Yuhang Ren, Associate Professor and Chair; BA Zhejiang Normal University (China), PhD Zhejiang University, PhD William and Mary

Rodney L. Varley, Associate Professor; BS Stevens Institute, PhD Brandeis

Marilyn W. Rothschild, Director, Physical Sciences Learning Center; BS City College, MS, PhD Rutgers

Policies and Procedures Concerning Sexual Assault, Stalking, Domestic and Intimate Partner Violence against Students

Return to CUNY Sexual Assault Policy
I. POLICY STATEMENT

The City University of New York seeks to create and maintain a safe environment in which all members of the University community—students, faculty and staff—can learn and work free from the fear of sexual assault and other forms of violence. The University’s policies on Workplace Violence and Domestic Violence and the Workplace apply to all acts of violence that occur in the workplace or that may spill over into the workplace. The University’s Sexual Harassment Policy prohibits many forms of unwelcome conduct, including but not limited to, physical conduct of a sexual nature. This policy is specifically directed towards sexual assault, domestic and intimate partner violence and stalking committed against students on and off-campus.

CUNY wants all victims of sexual assault, stalking and domestic and intimate partner violence to know that the University has professionals and law enforcement officers who are trained in the field to assist student victims in obtaining help, including immediate medical care, counseling and other essential services. If the alleged perpetrator is also a member of the CUNY community, the college will take prompt action to investigate, and, where appropriate, to discipline and sanction the alleged perpetrator. CUNY urges all victims to seek immediate help in accordance with the guidelines set forth in this policy with the assurance that all information received from a complaint will be handled as confidentially as possible.

In order to eliminate sexual assaults and other forms of violence perpetrated against students, and to create a safe college community, it is critical to provide an appropriate prevention education program and have trained professionals to provide vital supportive services.

Accordingly, CUNY is committed to the following goals:

• Providing clear and concise guidelines for students to follow in the event that they or someone they know have been the victim of a sexual assault, domestic/intimate partner violence, or stalking.

• Assisting victims of sexual assault or abuse in obtaining necessary medical care and counseling, whether on or off-campus.

• Providing the most informed and up-to-date education and information to its students about how to identify situations that involve sexual assault, domestic and intimate partner violence, or stalking, and ways to prevent these forms of violence.

• Educating and training all staff members, including counselors, public safety officers and student affairs staff and faculty, to assist victims of sexual assault, domestic/intimate partner violence, or stalking.

• Ensuring that disciplinary procedures are followed in the event that the alleged perpetrator is a CUNY student or employee.

Policy

Return to CUNY Medical Withdrawal & Re-Entry Policy & Procedure Governing Dangerous Student Behavior

1. As an alternative to disciplinary action that may be taken under Article XV of CUNY’s Bylaws, a college of CUNY may bring a proceeding to require a student to withdraw from the university, or, under some circumstances, the student’s home college and/or from residence in a college residence hall under this withdrawal policy and procedures when the student’s behavior evidences a direct threat of harm to others, or when the student’s behavior substantially disrupts the learning or working environment of others. A direct
threat means a significant risk of harm to health or safety.

2. A student who threatens to commit or attempts to commit suicide, and who does not otherwise threaten direct harm to others or substantially disrupts the learning or working environment of others, shall not be subject to disciplinary action for that threat or attempt under Article XV of the CUNY’s Bylaws. If a college determines that withdrawal of the student or retention of the student subject to specified conditions is appropriate because the student’s behavior threatens direct harm to him or herself, the procedures outlined below shall apply instead of disciplinary procedures.

3. A student who withdraws or is withdrawn from the university, a college or college residence hall pursuant to this policy may apply for re-entry to the University, a college and/or to a college residence hall. The application for re-entry shall be made to the student’s home college’s Chief Student Affairs Officer, who shall determine whether the student still presents a direct threat of harm to him or herself or others or still presents a significant risk to substantially disrupt the learning or working environment of others. If the Chief Student Affairs Officer or designee determines, based on the assessment of a qualified, licensed mental health professional, that there is not a significant risk that the behavior that required withdrawal will be repeated, he or she shall approve the student’s application for re-entry.

**Political Science**

Return to the Faculty of the School of Arts and Sciences

**Ann Cohen**, Professor, Political Science; BA, MA Illinois, PhD Minnesota

**Kenneth Paul Erickson**, Professor, Political Science; BA Michigan (Ann Arbor), PhD Columbia

**Leonard Feldman**, Associate Professor, BA Yale, MA, PhD University of Washington

**Rob Jenkins**, Professor, BA Harvard, DPhil Sussex (UK)

**Roger Karapin**, Professor, Political Science; BA, MA Pennsylvania State, PhD MIT

**Robyn Marasco**, Assistant Professor, BA Smith College, PhD University of California, Berkeley

**Lina Newton**, Associate Professor, Political Science; BA Wesleyan, MA, PhD California (Irvine)

**Rosalind Petchesky**, Distinguished Professor, Political Science; BA Smith, MA, PhD Columbia

**Andrew Polsky**, Professor, Political Science; BA Wesleyan, MA, PhD Princeton

**Cynthia Roberts**, Associate Professor, Political Science; BA Tufts, PhD Columbia
Pre-Professional Programs

Pre-Health Professions

Students preparing for a career in medicine or other health professions (osteopathy, dentistry, optometry, podiatry, pharmacy, physical therapy, physician assistant programs and veterinary medicine) may major or minor in any area (Biology, English, Urban Affairs, etc) and should consult the premedical advisor about their curriculum as soon as possible. It is important that students maintain a close relationship with the premedical advising office from the time they become interested in such a career. Admission to professional schools is highly competitive so exceptional academic preparation is key, as is strong experience in leadership, research and community service. There are several premedical clubs on campus and students are encouraged to join one as soon as they enter Hunter.

In addition to our undergraduate program, the college offers a Health Careers Preparation certificate for students who already have a bachelor’s degree (in any field) and wish to prepare for admission to a health professions school on a full-time or part-time basis. Post-Baccalaureate students who have little or no science background are welcome as well as those who need to enhance their credentials.

The Pre-Health Professions Advising offices are located on the 8th floor of the East building and advisers can best be reached by e-mailing Kelly Gentry at kgentry@hunter.cuny.edu or Dr. Karen Phillips at kphil@hunter.cuny.edu. All Students are encouraged to review the invaluable information on the pre-health website. Come in during Walk-in advising hours (see the pre-health website for hours) to meet with an adviser.

Prelaw

There are no specific courses or a specific major required for entry to law school. Students applying to law school come from a variety of majors including those in the humanities, sciences, and social sciences. Legal educators agree that a broad and rigorous liberal arts education is the best preparation for admission to and success in law school. Students planning to attend law school should take courses that develop writing skills and the ability to think critically and creatively; they should discuss with the Pre-Law Advisor and with academic advisers which courses will best advance their educational and career goals. There are some areas of legal practice for which a specific undergraduate major or coursework in a particular area is required or helpful. In order to be admitted to the Patent Bar, for example, an undergraduate degree or other training in science, computer science or engineering is required. More information regarding course selection is available at Hunter’s Pre-Law Website: http://www.hunter.cuny.edu/prelaw/preparing-for-law-school/course-selection. Students interested in law are encouraged to meet with the Pre-Law Adviser as early as possible to learn about opportunities to explore legal careers and to discuss preparation for applying to law school. To schedule an appointment with the Pre-Law Advisory Office, please phone (212) 772-4882. For quick
questions, contact Hunter’s Pre-Law Adviser, Elise Jaffe, at prelaw@hunter.cuny.edu. To keep up with Pre-Law events and opportunities on campus, students are also encouraged to subscribe to the Pre-Law Listserv by following the instructions that appear on the homepage of the Pre-Law Website.

- **Preparation for Social Work** A major in one of the social or behavioral sciences is preferred for students planning to enter the field of social work. Specific entrance requirements vary for the different graduate schools of social work. Most schools recommend a minimum of 24 credits in the social sciences. A major in sociology or psychology is desirable for those interested in casework or group work; a major in sociology, political science, economics or urban affairs is desirable for those interested in community organization. In addition, field placement courses that provide internships in social work agencies are highly recommended. Students planning to go to a graduate school of social work are encouraged to speak with an adviser in the Office of Advising Services.

http://www.hunter.cuny.edu/prehealth/

## Procedures

### Return to CUNY Medical Withdrawal & Re-Entry Policy & Procedure Governing Dangerous Student Behavior

#### A. Emergency Interim Removal

1. If a student’s behavior presents an immediate, severe and direct threat to him or herself or others (by evidencing a likelihood of harm to him or herself or others), or is substantially disrupting the learning or working environment of others, the Chief Student Affairs Officer or designee (if such Officer is not immediately available) may direct an emergency interim removal of the student that restricts the student’s access to the College’s campus or residence hall, as appropriate, for an interim period before a final determination of the matter. The Chief Student Affairs Officer or designee shall consult with the university’s Office of the General Counsel prior to making any such direction.

2. The fact that a student has threatened to commit suicide or attempted suicide, by itself, does not allow the Chief Student Affairs Officer or designee to direct an emergency interim removal. In all cases involving such students, the Chief Student Affairs Officer or designee must attempt to have the student individually assessed by a mental health professional as outlined below in A.3. before deciding whether to direct an emergency interim removal.

3. Except as permitted in III A. 1. above, before determining whether to require an emergency interim removal, the Chief Student Affairs Officer or designee shall take the following steps:

   a. exercise all reasonable efforts to meet with the student; and

   b. in that meeting, offer the student the opportunity to be evaluated at the college’s expense by a qualified, licensed mental health professional, who may be an employee of a college of CUNY or CUNY or on retainer to a college of CUNY or CUNY. Whenever possible, that professional shall have had no prior contact with the student. The professional shall assess whether the student’s behavior presents an immediate, severe and direct threat to him or herself or others or presents a significant risk to repeat behavior that substantially disrupts the learning or working environment of others, and, if so, whether the student’s behavior may be the result of a medical issue. That professional shall present his or her findings to the Chief Student Affairs Officer or designee, who shall determine based on those findings and other evidence available whether emergency interim
removal under these procedures is appropriate.

c. If the student refuses to meet, and/or refuses to undergo such assessment or to keep a scheduled appointment, the Chief Student Affairs Officer or designee may require emergency interim removal without a meeting and/or mental health assessment if he or she reasonably concludes on the basis of the available evidence that the student’s behavior evidences an immediate, severe and direct threat of harm to the student or others or is substantially disrupting the working or learning environment of others and presents a significant risk to continue that substantial disruption. The Chief Student Affairs Officer or designee shall consult with the university’s Office of the General Counsel before making such a determination.

4. The emergency interim removal from the college and/or residence hall shall remain in effect until a final decision has been made pursuant to the procedures below, unless, before a final decision is made, the Chief Student Affairs Officer or designee determines that the reasons for imposing the interim removal no longer exist.

B. Withdrawal After Emergency Interim Removal

1. If a student has been subjected to an emergency interim removal from the college and/or residence hall, the college shall request retention with conditions or voluntary withdrawal within 7 calendar days of such removal. Should the request for retention with conditions or voluntary withdrawal request be refused, the college shall determine within 7 calendar days of such refusal whether to take further action against the student, including whether to initiate involuntary withdrawal proceedings or, disciplinary proceedings under Article XV of the CUNY Bylaws, as applicable under II A. above, and shall send notice of either such proceeding in accordance with the notice requirements of the applicable procedure within that 7-day period. For students who have been subjected to an emergency interim removal without having undergone the assessment procedures outlined in III A. 3 above, the college shall follow the assessment procedures outlined below in B.2. a. prior to determining its course of action.

2. In cases where the student has been subjected to an emergency interim removal without assessment, the procedure for determining whether withdrawal is appropriate is as follows:

a. The Chief Student Affairs Officer or designee shall exercise best efforts to meet with the student to discuss the student’s behavior and to hear the student’s explanation of the alleged behavior. If, after hearing the explanation, the Officer or designee still wishes to consider the possibility of the student’s withdrawal, he or she shall offer the student an opportunity to be evaluated, at the college’s expense, by a qualified, licensed mental health professional, who may be an employee of a college of CUNY or CUNY, or on retainer to a college of CUNY or CUNY. Whenever possible, that professional shall have had no prior contact with the student. The professional shall make findings concerning whether the student’s behavior presents a direct threat of harm to him or herself or others or presents a significant risk to repeat behavior that substantially disrupts the learning or working environment of others and if so, whether the student’s behavior may be the result of a medical issue. The professional shall report such findings to the Chief Student Affairs Officer, who shall, based on those findings, and after consultation with the university’s Office of the General Counsel, determine the appropriate action, including whether to request that the student withdraw from the university, the college and/or the college residence hall or whether to request that the student agree to specified conditions in lieu of withdrawal.

b. If the student refuses to undergo the requested assessment, or fails to keep the scheduled appointment, and the Chief Student Affairs Officer reasonably concludes on the basis of the available evidence that the student’s behavior presents a direct threat of harm to him or herself or others or substantially disrupts the learning or working environment of others and presents a significant risk to repeat behavior that substantially disrupts the learning or working environment of
If the student agrees to the request for voluntary withdrawal or to the specified conditions, the Chief Student Affairs officer or designee shall (i) discuss with the student the procedures for and consequences of voluntary withdrawal or the specified conditions, as applicable; (ii) discuss the circumstances with the student’s parents or legal guardians as permissible by law and as appropriate; (iii) consult with the student’s academic adviser or department, as appropriate; (iv) consult with the residence hall director, as appropriate; (v) refer the student to appropriate resources for treatment; and (vi) advise the student concerning the process for applying for re-entry, as well as on conditions for re-entry, if applicable and appropriate.

d. If the student does not agree to the request for voluntary withdrawal or to the specified conditions, the Chief Student Affairs Officer shall determine, in consultation with the university’s Office of the General Counsel, whether to take further action against the student, including whether to initiate involuntary withdrawal proceedings, or, in the case of students referenced in II A. above, whether to initiate disciplinary proceedings under Article XV of the CUNY Bylaws.

C. Withdrawal of Students Without Emergency Interim Removal

1. Students Who Present a Direct Threat of Harm to Others or Substantially Disrupt the Learning or Working Environment of Others

   a. Voluntary Withdrawal or Retention with Conditions

      1. In situations where a student’s behavior evidences a direct threat of harm to himself or others or substantially disrupts the learning or working environment of others and presents a significant risk to repeat behavior that substantially disrupts the learning or working environment of others and the Chief Student Affairs Officer reasonably believes that the student’s behavior may be connected to a medical issue, the Chief Student Affairs Officer or designee may request that the student voluntarily withdraw or agree to retention under conditions.

      2. If the student agrees to the request for voluntary withdrawal or to the specified conditions, the Chief Student Affairs officer or designee shall (i) discuss with the student the procedures for and consequences of voluntary withdrawal or the specified conditions, as applicable; (ii) discuss the circumstances with the student’s parents or legal guardians as permissible by law and as appropriate; (iii) consult with the student’s academic adviser or department, as appropriate; (iv) consult with the residence hall director, as appropriate; (v) refer the student to appropriate resources for treatment; and (vi) advise the student concerning the process for applying for re-entry, as well as on conditions for re-entry, if applicable and appropriate.

   b. Involuntary Withdrawal

      1. If the student does not agree to the request for voluntary withdrawal or to the specified conditions, the Chief Student Affairs Officer shall determine, in consultation with the University’s Office of the General Counsel, whether to take further action against the student, including whether to initiate involuntary withdrawal proceedings or disciplinary
proceedings under Article XV of the CUNY Bylaws.

2. Before initiating involuntary withdrawal proceedings under this procedure, the Chief Student Affairs Officer shall follow the assessment procedures outlined above in B.2.

2. Students Who Present a Direct Threat of Harm Solely To Themselves

a. The College shall follow the assessment and other procedures outlined above in B.2 a.-d. in order to determine the appropriate course of action.

D. Involuntary Withdrawal Procedures

1. The following shall be the procedures for involuntary withdrawal:

a. Notice of the involuntary withdrawal hearing and the time and place of the hearing shall be personally delivered or sent by the Chief Student Affairs Officer or designee of the student’s home college to the student at the address appearing on the records of the college, by overnight or certified mail, by regular mail, and, for students who have a college e-mail address, to that e-mail address. Notice of at least five business days shall be given to the student in advance of the hearing unless the student consents to an earlier hearing.

b. The notice shall contain (i) a statement of the reasons involuntary withdrawal is sought (ii) the type of withdrawal sought (from the university, the college and/or from the college residence hall); and (iii) a statement that the student has a right to present his or her side of the story, to present witnesses and evidence on his or her behalf, to cross-examine witnesses presenting evidence against the student, to remain silent without assumption of guilt, and to be represented by legal counsel or an adviser at the student’s expense.

c. CUNY shall constitute a Health Review Panel, comprised of qualified, licensed mental health professionals employed by a college of CUNY or by CUNY, or on retainer to a college of CUNY or CUNY. CUNY’s Vice Chancellor for Student Development shall appoint the members of the Health Review Panel. Members of the Health Review Panel, in committees constituted separately for each hearing (“Health Review Committee”), shall be responsible for adjudicating all involuntary withdrawal hearings held according to these procedures. For each involuntary withdrawal hearing, the Vice Chancellor for Student Development or his designee shall constitute a three-person Health Review Committee from the Health Review Panel to adjudicate at that hearing. No member of the Health Review Committee shall have had prior contact with the student. All decisions of the Health Review Committee shall be made by majority vote.

d. The hearing shall be closed, unless the student requests an open hearing. However, the Health Review Committee may overrule a request for an open hearing if it determines that an open hearing would be inappropriate or disruptive in light of the nature of the evidence to be presented.

e. After the evidence is presented at the hearing, the Health Review Committee shall determine whether the college has proved, by a preponderance of the evidence, that the student’s behavior presents a direct threat of harm to him or herself or others, or has substantially disrupted the learning or working environment of others and presents a significant risk of threatening further substantial disruption of the learning or working environment of others, and if so, what the appropriate remedy should be. The Health Review Committee may also set reasonable and appropriate conditions on re-entry. The decision of the Health Review Committee shall be made within five business days from the close of the hearing.
E. Appeals

An appeal from the decision of the Health Review Committee may be made to the President of the student’s home college or the President’s designee within thirty calendar days after the delivery of the decision appealed from. The President or designee shall make his or her determination on the appeal within fifteen business days from receipt of the appeal. The President’s decision may be appealed to the Chancellor of the university or his or her designee within thirty calendar days after the delivery of the President’s decision on appeal. The Chancellor or designee’s decision shall be made within fifteen business days from receipt of the appeal. The Chancellor (or designee’s) decision shall be final. The bases overturning a decision of the Health Review Committee at both levels of review are limited to the following: (i) clearly erroneous factual findings; (ii) procedural irregularities; (iii) newly available evidence that would have affected the outcome; (iv) the remedy and/or conditions on re-entry were unreasonable or inappropriate.

F. Re-entry

1. A student who is withdrawn from the university, a student’s home college and/or a college residence hall under this policy may be considered for re-entry.

2. A student wishing to be considered for re-entry should contact his or her home college’s Chief Student Affairs Officer and provide appropriate documentation of behavioral change and resolution of the initial behavioral problem, including compliance with any conditions that may have been set for re-entry.

3. A student may apply for re-entry to the university, a college and/or a college residence hall no more than one time per term.

4. In assessing an application for re-entry, the Chief Student Affairs Officer or designee shall: (i) in cases in which he or she determines that an additional mental health assessment is necessary, refer the student for assessment to a qualified, licensed mental health professional, at the college’s expense; (ii) receive, investigate, and examine appropriate relevant documentation, including assessments made by college-referred mental health professionals, and, if applicable, licensed treating mental health professionals; (iii) consult with the Health Review Committee, in cases in which the student’s withdrawal was adjudicated by such a Committee; (iv) contact the student’s parents or legal guardians as permissible by law, if appropriate; (v) provide an opportunity for the student to meet with the Chief Student Affairs Officer or designee to discuss re-entry.

5. If the Chief Student Affairs Officer or designee determines, based on the evidence presented, that there is not a significant risk that the behavior that required withdrawal will be repeated, he or she shall approve the student’s application for re-entry. In such cases, the Chief Student Affairs Officer or designee shall initiate the re-entry process, provide the student with written conditions for continued attendance, and inform any relevant administrators of the student’s re-entry.

6. If the Chief Student Affairs Officer or designee determines that the application for re-entry should be denied, he or she shall provide the student with a written explanation of the reasons for the denial and specify when the next request for re-entry may be considered.

7. A student may appeal the Chief Student Affairs Officer or designee’s denial of re-entry to the college President or designee within thirty calendar days after the delivery of the decision denying re-entry. The President or designee shall make his or her determination on the appeal within thirty calendar days from receipt of the appeal. The President’s decision may be appealed to the Chancellor of the university or his or her designee within thirty calendar days after the delivery of the President’s decision on appeal. The Chancellor or designee’s decision shall be made within thirty calendar days from receipt of the appeal. The Chancellor (or designee’s) decision shall be final. The basis for overturning a decision on appeal at either level shall be limited to a determination that the decision on re-entry was clearly erroneous.
G. Effect on Academic Status

In the event of a withdrawal pursuant to this policy, a notation of withdrawal shall appear on the student’s transcript for all classes taken during that semester. The Chief Student Affairs Officer at a student’s home college may grant a student request that, in lieu of withdrawal, a notation of incomplete shall appear on his or her transcript for classes taken during that semester if and only if there is a reasonable prospect that the student will eventually complete such classes, subject to faculty approval for each such class. Regardless of the notation that appears on a student’s transcript, the Chief Student Affairs Officer of the student’s home college shall inform the Vice Chancellor for Student Development of the student’s withdrawal in order to effectuate a hold by the University Application Processing Center on the student’s ability to transfer or otherwise seek admission to another college of CUNY.

H. Effect on Housing Status

If the student has been living in a college residence hall and will not be permitted to continue to do so, the student’s contract will be canceled and fees refunded on a prorated basis.

I. Confidentiality

The results of examinations by mental health professionals to whom students are referred for assessment at any stage in the withdrawal or readmission process shall be confidential student records, except that if the results indicate that the student presents an imminent, severe, and direct threat of harm to him or herself or others, those results may be shared with the appropriate individuals in order to attempt to prevent the occurrence of such harm. The results of these examinations shall be admissible in involuntary withdrawal hearings but shall not be admissible in disciplinary hearings, unless the student places his or her health, including mental health, at issue in a disciplinary hearing.

Procedures for Handling Student Complaints about Faculty Conduct in Academic Settings

Return to Public Safety, College Regulations and Policies

1. Introduction

The university and its colleges have a variety of procedures for dealing with student-related issues, including grade appeals, academic integrity violations, student discipline, disclosure of student records, student elections, sexual harassment complaints, disability accommodations, and discrimination. One area not generally covered by other procedures concerns student complaints about faculty conduct in the classroom or other formal academic settings. The university respects the academic freedom of the faculty and will not interfere with it as it relates to the content or style of teaching activities. Indeed, academic freedom is and should be of paramount importance. At the same time the university recognizes its responsibility to provide students with a procedure for addressing complaints about faculty treatment of students that are not protected by academic freedom and are not covered by other procedures. Examples might include incompetent or inefficient service, neglect of duty, physical or mental incapacity and conduct unbecoming a member of the staff.
2. Determination of Appropriate Procedure

If students have any question about the applicable procedure to follow for a particular complaint, they should consult with the chief student affairs officer. In particular, the chief student affairs officer should advise a student if some other procedure is applicable to the type of complaint the student has.

3. Informal Resolution

Students are encouraged to attempt to resolve complaints informally with the faculty member or to seek the assistance of the department chairperson or campus ombudsman to facilitate informal resolution.

4. Formal Complaint

If the student does not pursue informal resolution, or if informal resolution is unsuccessful, the student may file a written complaint with the department chairperson or, if the chairperson is the subject of the complaint, with the academic dean or a senior faculty member designated by the college president. (This person will be referred to below as the “Fact Finder.”) Only students in a faculty member’s class or present in another academic setting where the alleged conduct occurred may file complaints against that faculty member.

a. The complaint shall be filed within 30 calendar days of the alleged conduct unless there is good cause shown for delay, including but not limited to delay caused by an attempt at informal resolution. The complaint shall be as specific as possible in describing the conduct complained of.

b. The Fact Finder shall promptly send a copy of the complaint to the faculty member about whom the complaint is made, along with a letter stating that the filing of the complaint does not imply that any wrongdoing has occurred and that a faculty member must not retaliate in any way against a student for having made a complaint. If either the student or the faculty member has reason to believe that the department chairperson may be biased or otherwise unable to deal with the complaint in a fair and objective manner, he or she may submit to the academic dean or the senior faculty member designated by the college president a written request stating the reasons for that belief; if the request appears to have merit, that person may, in his or her sole discretion, replace the department chairperson as the Fact Finder. The chairperson may also submit a written request for recusal for good cause to the academic dean or senior faculty member designated by the college president to review such requests. If a recusal request is granted, a different department chairperson shall conduct the investigation, or, if no other chairperson is available, an administrator designated by the college president shall serve in the chairperson’s stead. Further, the college president may re-assign investigations as necessary, including but not limited to situations in which a Fact Finder has not completed an investigation in a timely manner. In addition, during any time that no department chairperson is available to investigate a complaint, the college president may assign an administrator to investigate.

c. The Fact Finder shall meet with the complaining student and faculty member, either separately or together, to discuss the complaint and to try to resolve it. The Fact Finder may seek the assistance of the campus ombudsman or other appropriate person to facilitate informal resolution.

d. If resolution is not possible, and the Fact Finder concludes that the facts alleged by the student, taken as true and viewed in the light most favorable to the student, establish that the conduct complained of is clearly protected by academic freedom, he or she shall issue a written report dismissing the complaint and setting forth the reasons for dismissal and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. Otherwise, the Fact Finder shall conduct an investigation. The Fact Finder shall separately interview the complaining student, the faculty member and other persons with relevant knowledge and information and shall also consult with the chief student affairs
officer and, if appropriate, the college ombudsman. The Fact Finder shall not reveal the identity of the complaining student and the faculty member to others except to the extent necessary to conduct the investigation. If the Fact Finder believes it would be helpful, he or she may meet again with the student and faculty member after completing the investigation in an effort to resolve the matter. The complaining student and the faculty member shall have the right to have a representative (including a union representative, student government representative or attorney) present during the initial meeting, the interview and any post-investigation meeting.

e. In cases where there is strong preliminary evidence that a student’s complaint is meritorious and that the student may suffer immediate and irreparable harm, the Fact Finder may provide appropriate interim relief to the complaining student pending the completion of the investigation. The affected faculty member may appeal such interim relief to the chief academic officer.

f. At the end of the investigation, the Fact Finder shall issue a written report setting forth his or her findings and recommendations, with particular focus on whether the conduct in question is protected by academic freedom, and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. In ordinary cases, it is expected that the investigation and written report should be completed within 30 calendar days of the date the complaint was filed.

5. Appeals Procedure

If either the student or the faculty member is not satisfied with the report of the Fact Finder, the student or faculty member may file a written appeal to the chief academic officer within 10 calendar days of receiving the report. The chief academic officer shall convene and serve as the chairperson of an Appeals Committee, which shall also include the chief student affairs officer, two faculty members elected annually by the faculty council or senate and one student elected annually by the student senate. The Appeals Committee shall review the findings and recommendations of the report, with particular focus on whether the conduct in question is protected by academic freedom. The Appeals Committee shall not conduct a new factual investigation or overturn any factual findings contained in the report unless they are clearly erroneous. If the Appeals Committee decides to reverse the Fact Finder in a case where there has not been an investigation because the Fact Finder erroneously found that the alleged conduct was protected by academic freedom, it may remand to the Fact Finder for further proceedings. The committee shall issue a written decision within 20 calendar days of receiving the appeal. A copy of the decision shall be sent to the student, the faculty member, the department chairperson and the president.

6. Subsequent Action

Following the completion of these procedures, the appropriate college official shall decide the appropriate action, if any, to take. For example, the department chairperson may decide to place a report in the faculty member’s personnel file or the president may bring disciplinary charges against the faculty member. Disciplinary charges may also be brought in extremely serious cases even though the college has not completed the entire investigative process described above; in that case, the bringing of disciplinary charges shall automatically suspend that process. Any action taken by a college must comply with the bylaws of the university and the collective bargaining agreement between the university and the Professional Staff Congress.

7. Campus Implementation

Each campus shall implement these procedures and shall distribute them widely to administrators, faculty members and students and post them on the college Web site.
Procedures for Reporting Incidents of Sexual Assault and Other Forms of Violence

Return to CUNY Sexual Assault Policy

Obtaining assistance after a student is sexually assaulted, stalked or is in an abusive relationship is extremely important and can involve different points of on-campus contact for students, faculty and staff, including the Public Safety Department, Women’s/Men’s Centers and Counseling Departments, and/or the Dean of Student Development/Student Affairs. Each provides different forms of assistance which together address many of the needs of survivors.

- Contact Law Enforcement Personnel Immediately

CUNY urges any student who has been the victim of a sexual assault or other act of violence or abuse, or any student or employee who has witnessed a sexual assault or other act of violence against a student, to immediately report the incident to the college Public Safety Department if the attack occurred on-campus, or to call 911 or go to the local NYPD precinct if the incident took place off-campus. Each college shall be provided with a list of emergency contact numbers as part of its orientation and training programs.

- Seek Immediate Medical Attention

It is critical that victims of a physical assault receive comprehensive medical attention as soon as possible. For a sexual assault in particular, immediate medical treatment and the preservation of evidence of the attack (i.e. retain the clothing worn during the attack and do not shower) is crucial to a criminal investigation. If a student believes that she/he may be the victim of date rape by being drugged, she/he should go directly to a hospital to receive a toxicology examination since such drugs only remain in a person’s system for a short period of time. In all other circumstances, public safety and police personnel can assist the victim in obtaining medical care. Each college shall be provided with a list of local hospitals, some of which are designated as SAFE (Sexual Assault Forensic Examiner) hospitals that are specially equipped to handle sexual assaults and are trained to gather minute evidence from such assaults. Rape crisis advocates at emergency rooms are also trained to handle domestic violence. EMS will be directed to bring victims to a SAFE hospital at their request. Medical attention is critical not only to treat internal and external injuries and to combat the possibilities of sexually transmitted infections and/or pregnancy, but also to collect evidence that can be used against the alleged perpetrator. It is also vital to ongoing safety and recovery that victims receive emotional support and professional counseling as soon as possible after the attack.

- Seek On-Campus Assistance

CUNY encourages student victims to contact the Dean of Student Affairs/Student Development to obtain assistance in accessing medical and counseling services, or to make any necessary changes to the student’s academic program or residential housing situation. Public Safety can assist victims getting to and from campus safely, filing a police report and obtaining an order of protection against the alleged perpetrator. Victims can also file a complaint with the College against an alleged perpetrator who is a student or employee of the University with the Dean of Student Affairs/Student Development and the Public Safety Office.

- Obtaining an On-Campus Advocate
Student victims of a sexual assault, stalking or domestic or intimate partner violence shall be provided with on-campus support in the form of an advocate from the Women’s/Men’s Center (if there is one on campus) or an appropriately trained counselor to assist them in handling the various aspects of their ordeal, such as: 1) explaining to victims their options of whether or not to report the incident to campus or law enforcement authorities; 2) providing guidance if they require medical attention; 3) providing guidance in obtaining crisis intervention and/or ongoing counseling services (or a referral to obtain the necessary services if such services are not available on campus); and 4) assisting victims throughout the College’s disciplinary process if they choose to file a complaint against another student in connection with the incident.

• Handling Sexual Assault, Stalking and Domestic and Intimate Partner Violence Complaints On-Campus

The Colleges shall act promptly in response to information that a student has been sexually assaulted, or has been the victim of domestic or intimate partner violence or stalking by another member of the CUNY community. Upon receipt of a complaint, the College shall undertake an appropriate investigation. If it appears that there is sufficient evidence to warrant disciplinary charges against a student or staff member, such charges shall be brought pursuant to the appropriate University procedures or collective bargaining agreement. If the alleged perpetrator is a student and the matter is brought before a hearing, the victim and alleged perpetrator are entitled to the same opportunities to have others present and to be informed of the outcome of the proceedings. The victim is entitled to a report of the results of the proceeding at her/his request. If a student is found guilty of committing a sexual assault or other act of violence against another CUNY student or employee after a disciplinary hearing, the penalties may include suspension, expulsion from residence halls, or permanent dismissal from CUNY.

In addition, if during the course of the investigation and/or disciplinary process the alleged perpetrator, or anyone on his/her behalf, seeks to contact the victim so as to harass, intimidate, threaten or coerce the victim in any way, the college reserves the right to bring additional disciplinary action against the actor. Such conduct by any member of the CUNY community will not be tolerated.

• Confidentiality

The university recognizes that confidentiality is particularly important to victims of sex crimes, domestic and intimate partner violence and stalking. If the victim seeks counseling with a licensed professional and/or works with an advocate from the campus, those communications will be confidential. CUNY encourages victims in all circumstances to seek counseling in order to speak about her/his options and to begin the recovery period.

While complete confidentiality cannot be guaranteed, every effort will be made to maintain confidentiality on a “need to know” basis. Generally, the wishes of a victim not to report a sexual assault or incident of domestic/intimate partner violence or stalking to the police will prevail, though the college reserves the right to notify the police when it believes that such reporting is necessary for the protection of the college community. Such notification, however, will generally be done without divulging the victim’s identity and for the purpose of providing a campus-wide safety alert. In addition, the College must adhere to legal mandates such as Title IX, medical reporting laws, and the Campus Security Act. For example, CUNY is required to make an annual report documenting the occurrences of violent crimes on campus, including sexual assault. However, this report does not include any information identifying the individuals (including the victims) linked to these crimes.

Program and Courses in Chemistry
Chemistry

About the Department

The Department of Chemistry offers courses to prepare the science major for professional work and further study in chemistry and other fields of pure and applied science. Courses for the non-science major are designed to present those essentials of chemical fact and theory which will contribute to the student’s understanding of present-day scientific knowledge.

Undergraduate Major

Chemistry - BA

Major

There are two chemistry majors: Major I, a 43-credit concentration in addition to an 11-credit general chemistry core, is designed to prepare the students with intensive training for professional research and graduate study. Major II consists of three options: Option 1 for students interested in the chemical industry; Option 2 (the biochemistry option) for students interested in the pharmaceutical industry, medicine, dentistry, veterinary medicine or physical therapy; Option 3 (bioinformatics option) for students interested in graduate studies in biochemistry and bioinformatics as well as
pharmaceutical and biotechnology industry. Major II includes a minimum concentration of 28 credits (option 1), 26 credits (option 2), and 20.5 credits (option 3) in 200-level and above chemistry courses, in addition to an 11-credit general chemistry core. Options 1-3 are all appropriate for students pursuing teacher education programs.

Students considering a chemistry major should consult the departmental adviser during their first semester to plan the proper sequence of courses, and they are urged to consult with the adviser at least once each succeeding semester. A year of General Chemistry and the accompanying General Chemistry Laboratory are prerequisites for admission to both Major I and Major II.

- Chemistry Major I
- Chemistry Major II

**Minor in Chemistry**

A minor in Chemistry consists of a pre-requisite year of General Chemistry with laboratory (CHEM 10200 through CHEM 10600 or equivalent, 9 credits), and a minimum of 14 credits of coursework. Note that MATH 12500 is a co-requisite to General Chemistry. The minimum of 14 credits include the following required courses below. In addition, students will be required to take at least 5.5 credits of electives selected from Chemistry offerings numbered 200 or above, excluding CHEM 29101.

Prerequisite year of General Chemistry (note that MATH 12500 is a prerequisite to General Chemistry)

**CHEM 10200 - General Chemistry I**

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
*Primarily for pre-med, medical laboratory sciences and science majors.*
*prereq or coreq: MATH 12500, 12600 or equiv.*
5 hrs (4 lec, 1 rec) 4 cr.

**CHEM 10400 - General Chemistry II**

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
*Primarily for premed, medical laboratory sciences and science majors.*
*prereq: CHEM 10200 or CHEM 10000 with perm chair*
5 hrs (4 lec, 1 rec) 4 cr.

**CHEM 10500 - General Chemistry Laboratory II**

GER 2/E
Laboratory experiments illustrating and applying theory of solutions to qualitative analysis.
*Offered for transfer students who have completed only one semester of General Chemistry Laboratory.*
*prereq: One semester of General Chemistry Laboratory, prereq or coreq: CHEM 10400*
3 hrs 1.5 cr.

**CHEM 10600 - General Chemistry Laboratory**
GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.

and a minimum of 14 credits of coursework which include the following required courses:

**CHEM 22200 - Organic Chemistry Lecture I**

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

**CHEM 22300 - Organic Chemistry Laboratory I**

GER 3/B
Various organic syntheses, Distillation, distillation, extraction, chromatography, qualitative analysis, spectroscopy.

prereq: CHEM 10500
prereq or coreq: CHEM 22200
5 hrs 2.5 cr.

**CHEM 22400 - Organic Chemistry Lecture II**

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: prereq for CHEM 22400: CHEM 22200
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

In addition, students will be required to take at least 5.5 credits of electives selected from Chemistry offerings numbered 200 or above, excluding

**CHEM 29101 - Chemical Investigations**

GER 3/B
Original chemical investigations under supervision of faculty member. Written report required. Enrollment for maximum of two semesters.

prereq: CHEM 22400, perm chair
4 hrs 1 cr.

**Honors Work**

Opportunity for an individual research experience is provided by an honors course

**CHEM 49101 - Introduction to Research**
GER 3/B
Open to Jr/Sr only. Similar to CHEM 29101. Written report required. Fulfills requirement for departmental honors course.

prereq: CHEM 22400, 35400, 34900, perm chair
4 hrs 1 cr.

CHEM 49102 - Introduction to Research

GER 3/B
Open to Jr/Sr only. Similar to CHEM 29102. Written report required. Fulfills requirement for departmental honors course.

prereq: CHEM 22400, 35400, 34900, perm chair
8 hrs 2 cr.

Electives

Advanced lecture courses in special areas of chemistry, and lab courses providing training in inorganic and organic chemistry and in research techniques, are offered as electives for Major I and are open to students enrolled in Major II who have fulfilled the course prerequisites.

Graduate Study

Qualified chemistry majors may be admitted to 700-level courses in the graduate program. Permission of the department is required.

Preparation for Teaching

In cooperation with the School of Education, the Department of Chemistry provides opportunities for students to prepare for careers in teaching at the elementary and secondary level in the area of chemistry. Chemistry Major II, Option I (37 credits) and Option 2 (35 credits) both satisfy the requirements for New York State certification for teachers of chemistry in Childhood Education (Grades 1-6) and Adolescent Education (Grades 7-12). See Childhood Education (QUEST) Grades 1-6 - BA and Adolescent Chemistry, Grades 7-12 - BA. For students pursuing certification as chemistry teachers at the secondary level, the 26-credit adolescent education sequence is appropriate. Students who want to qualify for New York City licensing and New York State certification for teaching in secondary schools should consult the School of Education section of this catalog for additional requirements.

Chemistry Major I

Return to Program and Courses in Chemistry

General Chemistry Core:

One year of General Chemistry Lecture and Laboratory.

CHEM 10200 - General Chemistry I
GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
Primarily for premed, medical laboratory sciences and science majors.
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.

CHEM 11100 - Chemical Principles

GER 2/E
In-depth introduction to chemical principles including measurement, stoichiometric calculations, inorganic nomenclature, gas laws, equilibrium, acids, bases and buffers. Emphasis is placed on problem-solving, oral presentations, and collaborative work. Laboratory and coursework emphasize analysis and evaluation of data. Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500 or equiv, MATH 12600
9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop) 5.5
offered fall

CHEM 11200 - Thermodynamics and Solution Chemistry

GER 2/E
The study of quantum theory, atomic structure, periodic properties of the elements, kinetics, electrochemistry, and thermodynamics. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 11100
9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop) 5.5
offered spring

The major consists of a minimum of 43 credits

The requirements for this major consist of a minimum of 43 credits in chemistry. This major is recommended for students preparing for admission to graduate school or for careers in chemical research. It will also be useful to students
seeking a position in the chemical or allied industries, as it is accredited by the Committee on Professional Training of the American Chemical Society.

**CHEM 22200 - Organic Chemistry Lecture I**

GER 3/B  
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.  
*prereq: CHEM 10400*  
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

**CHEM 22300 - Organic Chemistry Laboratory I**

GER 3/B  
Various organic syntheses, Distillation, distillation, extraction, chromatography, qualitative analysis, spectroscopy.  
*prereq: CHEM 10500*  
*prereq or coreq: CHEM 22200*  
5 hrs 2.5 cr.

**CHEM 22400 - Organic Chemistry Lecture II**

GER 3/B  
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.  
*prereq: prerequisite for CHEM 22400: CHEM 22200*  
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

**CHEM 22500 - Organic Chemistry Laboratory II**

GER 3/B  
Continuation of CHEM 22300.  
*prereq: CHEM 22200, 22300*  
*prereq or coreq: CHEM 22400*  
5 hrs 2.5 cr.

**CHEM 24900 - Quantitative Analysis**

GER 3/B  
A set of laboratory experiments, performed by individual students, covering important areas of quantitative analysis such as pH and metal ion titrations, spectroscopic analysis including gas chromatography, electronic absorption, and fluorescence.  
*prereq: CHEM 10400, 10500*  
5 hrs (4 lab, 1 rec) 3 cr.

**CHEM 34900 - Instrumental Analysis**

GER 3/B  
Principles of modern instrumental techniques; emphasis on spectroscopic and electrometric methods.
prereq: CHEM 35400 or 35600 with 35500
8 hrs (2 lec, 6 lab) 5 cr

CHEM 35200 - Physical Chemistry I

GER 3/B
Ideal and real gases. Laws of thermodynamics with applications to properties of solutions and phase equilibria in general.

prereq: CHEM 24900, MATH 15500, PHYS 12100
3 hrs 3 cr.
offered fall

CHEM 35400 - Physical Chemistry II - F

GER 3/B
Selected topics from statistical thermodynamics, electrochemistry, kinetic theory and rate processes.

prereq: CHEM 35200, MATH 25000
3 hrs 3 cr.
offered fall

-or-

CHEM 35600 - Physical Chemistry II - S

GER 3/B
Selected topics from quantum chemistry, molecular structure, and spectroscopy.

prereq: PHYS 12100, CHEM 24900, MATH 15500
3 hrs 3 cr.
offered spring

-with-

CHEM 35500 - Physical Chemistry Laboratory I

GER 3/B
Laboratory course involving experiments based on topics covered in CHEM 35200 on chemical systems.

prereq: CHEM 24900
prereq or coreq: CHEM 35200
3 hrs 1.5 cr.
offered fall

CHEM 35700 - Physical Chemistry Laboratory II

GER 3/B
Laboratory course involving experiments based on topics covered in CHEM 35600 on chemical systems.

prereq: CHEM 24900 or perm chair
CHEM 36600 - Inorganic Chemistry

GER 3/B
Treatment of structure, bonding and reactivity of inorganic compounds.

prereq: CHEM 35200
3 hrs 3 cr.

CHEM 37600 - Biochemistry I

GER 3/B
Chemical aspects of protein structure and function, fundamentals of bioenergetics, biochemical mechanisms of gene replication and expression.

prereq: CHEM 22400
4 hrs (3 lec, 1 rec) 3 cr.
offered fall

CHEM 39000 - Current Laboratory Methods in Chemistry

GER 3/B
Offered subject to adequate student interest and enrollment. Taught by specialists from department faculty. The specific topic will be listed in the schedule of classes for a given semester.

prereq or coreq: CHEM 35700 or perm instr.
4 hrs 2 cr.

One further laboratory course must be chosen from (research), (honors research) or the following

CHEM 29102 - Chemical Investigations

GER 3/B
Original chemical investigations under supervision of faculty member. Written report required. Enrollment for maximum of two semesters.
prereq: CHEM 22400, perm chair
8 hrs 2 cr.

-or-

CHEM 49102 - Introduction to Research

GER 3/B
Open to Jr/Sr only. Similar to CHEM 29102. Written report required. Fulfills requirement for departmental honors course.
prereq: CHEM 22400, 35400, 34900, perm chair
8 hrs 2 cr.

-or-

**CHEM 37800 - Biochemistry Laboratory**

GER 3/B
A set of laboratory experiments, performed by individual students, covering important areas of biochemistry such as protein analysis, enzyme purification, enzymatic assays, recombinant DNA and the polymerase chain reaction.

*prereq: CHEM 22300 and CHEM 37600 or CHEM 64000
5 hrs (4 lab, 1 rec) 3 cr.*

In addition, one additional lecture course must be chosen from among the following:

**CHEM 32200 - Organic Chemistry Lecture III**

GER 3/B
Selected topics such as advanced synthesis, reaction mechanisms, MO theory, natural products, NMR spectroscopy.

*prereq: CHEM 22400, perm instr.
3 hrs 3 cr.*

**CHEM 35400 - Physical Chemistry II - F**

GER 3/B
Selected topics from statistical thermodynamics, electrochemistry, kinetic theory and rate processes.

*prereq: CHEM 35200, MATH 25000
3 hrs 3 cr.
offered fall*

**CHEM 35600 - Physical Chemistry II - S**

GER 3/B
Selected topics from quantum chemistry, molecular structure, and spectroscopy.

*prereq: PHYS 12100, CHEM 24900, MATH 15500
3 hrs 3 cr.
offered spring*

**CHEM 37700 - Biochemistry II**

GER 3/B
Biosynthesis of lipids, amino acids, carbohydrates. Muscle contraction, hormones, immune response, DNA sequencing.

*prereq: CHEM 37600 or BIOL 30000 or perm instr.*
Also acceptable for completion of Major I are

**PHYS 33000 - Atomic and Nuclear Physics**

Examines experimental evidence and develops modern view of structure of atom and nucleus.

*prereq: PHYS 12000 or 12100 prereq or coreq: MATH 25000
4 hrs 4 cr.*

-or-

**PHILO 36200 - Theory of Knowledge (W)**

GER 3/A
Study of origin, structure, methods and foundations of human knowledge.

*prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.*

-or-

**PHILO 37900 - Philosophy of Science (W)**

GER 3/B
Study of foundations of knowledge in natural and social sciences.

*prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.*

Additional Information

Students should be aware, however, that if either of the philosophy courses is used to complete the Major I requirements, the major will not be eligible for accreditation by the American Chemical Society.

One year of physics, and four semesters of mathematics, are also required for this major

**PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound**

GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.

*prereq or coreq: coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.*

**PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

GER 2/E
Second semester of PHYS 11100, a two-semester introductory physics course using calculus.
prereq: PHYS 11000 or 11100
prereq or coreq: (with perm dept.): MATH 15500
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

MATH 15500 - Calculus with Analytic Geometry II

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

MATH 25000 - Calculus with Analytic Geometry III

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.
prereq: MATH 15500
4 hrs 4 cr.

MATH 25400 - Ordinary Differential Equations

GER 3/B
First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.
prereq: MATH 25000
3 hrs 3 cr.
-or-

MATH 26000 - Linear Algebra

GER 3/B
Vector spaces, linear transformations, canonical forms, inner product spaces, bilinear forms, applications.
prereq: MATH 15600 prereq or coreq: MATH 25000
4 hrs 4 cr.

Additional Information

CHEM 24900, MATH 15000 and MATH 15500, and PHYS 12100 are prerequisites for CHEM 35200 and should be completed by the end of the sophomore year.

Major I is required of all students who wish to be considered for certification by the American Chemical Society upon graduation. It is recommended for all students intending to enter the profession of chemistry through either graduate
study or employment in industry or government. Students who can attend only in the evenings should consult the department adviser regarding the feasibility of completing Chemistry Major I.

Chemistry Major II

Return to Programs and Courses in Chemistry

General Chemistry Core:

One year of General Chemistry Lecture and Laboratory

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

*Primarily for pre-med, medical laboratory sciences and science majors.*

*prereq or coreq: MATH 12500, 12600 or equiv.*

5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

*Primarily for premed, medical laboratory sciences and science majors.*

*prereq: CHEM 10200 or CHEM 10000 with perm chair*

5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

*Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.*

*prereq: CHEM 10200*

*coreq: CHEM 10400*

6 hrs 3 cr.

-or its equivalent

CHEM 11100 - Chemical Principles

GER 2/E
In-depth introduction to chemical principles including measurement, stoichiometric calculations, inorganic nomenclature, gas laws, equilibrium, acids, bases and buffers. Emphasis is placed on problem-solving, oral presentations, and collaborative work. Laboratory and coursework emphasize analysis and evaluation of data.

*Primarily for pre-med, medical laboratory sciences and science majors.*

*prereq or coreq: MATH 12500 or equiv, MATH 12600*

9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop) 5.5

offered fall
CHEM 11200 - Thermodynamics and Solution Chemistry

GER 2/E
The study of quantum theory, atomic structure, periodic properties of the elements, kinetics, electrochemistry, and thermodynamics. 
*Primarily for pre-med, medical laboratory sciences and science majors.*
*prereq: CHEM 11100*
*9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop) 5.5*
*offered spring*

**Option 1:**

For students interested in a career in the chemical industry. It consists of a minimum of 28 credits in chemistry above the introductory level and an 11-credit general chemistry core for a minimum total of 39 credits of chemistry. One year of physics and three semesters of calculus are also required.

**Required chemistry courses:**

**CHEM 22200 - Organic Chemistry Lecture I**

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
*prereq: CHEM 10400*
*5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.*

**CHEM 22300 - Organic Chemistry Laboratory I**

GER 3/B
Various organic syntheses, Distillation, distillation, extraction, chromatography, qualitative analysis, spectroscopy.

*prereq: CHEM 10500*
*prereq or coreq: CHEM 22200*
*5 hrs 2.5 cr.*

**CHEM 22400 - Organic Chemistry Lecture II**

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
*prereq: prereq for CHEM 22400: CHEM 22200*
*5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.*

**CHEM 22500 - Organic Chemistry Laboratory II**

GER 3/B
Continuation of CHEM 22300.

*prereq: CHEM 22200, 22300*
*prereq or coreq: CHEM 22400*
*5 hrs 2.5 cr.*
CHEM 24900 - Quantitative Analysis

GER 3/B
A set of laboratory experiments, performed by individual students, covering important areas of quantitative analysis such as pH and metal ion titrations, spectroscopic analysis including gas chromatography, electronic absorption, and fluorescence.

prereq: CHEM 10400, 10500
5 hrs (4 lab, 1 rec) 3 cr.

CHEM 35200 - Physical Chemistry I

GER 3/B
Ideal and real gases. Laws of thermodynamics with applications to properties of solutions and phase equilibria in general.

prereq: CHEM 24900, MATH 15500, PHYS 12100
3 hrs 3 cr.
offered fall

CHEM 35400 - Physical Chemistry II - F

GER 3/B
Selected topics from statistical thermodynamics, electrochemistry, kinetic theory and rate processes.

prereq: CHEM 35200, MATH 25000
3 hrs 3 cr.
offered fall

- or -

CHEM 35600 - Physical Chemistry II - S

GER 3/B
Selected topics from quantum chemistry, molecular structure, and spectroscopy.

prereq: PHYS 12100, CHEM 24900, MATH 15500
3 hrs 3 cr.
offered spring

CHEM 35500 - Physical Chemistry Laboratory I

GER 3/B
Laboratory course involving experiments based on topics covered in CHEM 35200 on chemical systems.

prereq: CHEM 24900
prereq or coreq: CHEM 35200
3 hrs 1.5 cr.
offered fall

CHEM 35700 - Physical Chemistry Laboratory II
GER 3/B
Laboratory course involving experiments based on topics covered in CHEM 35600 on chemical systems.

*prereq: CHEM 24900 or perm chair
*prereq or coreq: CHEM 35600
3 hrs 1.5 cr.
offered spring

Required elective course:

- Any chemistry course at the 300 level or above excluding CHEM 49101.

Required allied courses:

**MATH 15000 - Calculus with Analytic Geometry I**

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

**MATH 15500 - Calculus with Analytic Geometry II**

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
*prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

**MATH 25000 - Calculus with Analytic Geometry III**

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.
*prereq: MATH 15500
4 hrs 4 cr.

**PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound**

GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
*prereq or coreq: coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

**PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

GER 2/E
Second semester of PHYS 11100, a two-semester introductory physics course using calculus.
prereq: PHYS 11000 or 11100
prereq or coreq: (with perm dept.): MATH 15500
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

Option 2 (Biochemistry option):

For students preparing for admission to medical, dental, veterinary schools or physical therapy programs, or for students interested in a career in the pharmaceutical industry. It consists of a minimum of 26 credits above the introductory level and an 11-credit general chemistry core for a minimum total of 37 credits of chemistry. One year of physics, one year of biology and one year of calculus are also required.

Required chemistry courses:

**CHEM 22200 - Organic Chemistry Lecture I**

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

**prereq:** CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

**CHEM 22300 - Organic Chemistry Laboratory I**

GER 3/B
Various organic syntheses, Distillation, distillation, extraction, chromatography, qualitative analysis, spectroscopy.

**prereq:** CHEM 10500
**prereq or coreq:** CHEM 22200
5 hrs 2.5 cr.

**CHEM 22400 - Organic Chemistry Lecture II**

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

**prereq:** prereq for CHEM 22400: CHEM 22200
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

**CHEM 22500 - Organic Chemistry Laboratory II**

GER 3/B
Continuation of CHEM 22300.

**prereq:** CHEM 22200, 22300
**prereq or coreq:** CHEM 22400
5 hrs 2.5 cr

**CHEM 35000 - Biophysical Chemistry**

GER 3/B
Essential physical chemical principles as applied to biological problems. Emphasis on kinetics, thermodynamics, and equilibria.
prereq: CHEM 22400, BIOL 10200, MATH 15000
5 hrs (4 lec, 1 rec) 4 cr
offered fall

**CHEM 37600 - Biochemistry I**

GER 3/B
Chemical aspects of protein structure and function, fundamentals of bioenergetics, biochemical mechanisms of gene replication and expression.

prereq: CHEM 22400
4 hrs (3 lec, 1 rec) 3 cr.
offered fall

**CHEM 37800 - Biochemistry Laboratory**

GER 3/B
A set of laboratory experiments, performed by individual students, covering important areas of biochemistry such as protein analysis, enzyme purification, enzymatic assays, recombinant DNA and the polymerase chain reaction.

prereq: CHEM 22300 and CHEM 37600 or CHEM 64000
5 hrs (4 lab, 1 rec) 3 cr.

**Required elective course:**

- Any chemistry course at the 200-level or above (excluding CHEM 29101 and CHEM 29500)
- or-

**BIOL 20000 - Cell Biology I: Microorganisms**

GER 3/B
Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses.

Material fee: $10
prereq: BIOL 10000 and 10200 or equiv; CHEM 10200, 10300, 10400, 10500 or equiv. coreq: CHEM 22200, 22300 or perm instr. (for Major II students, chem are CHEM 10000, 10100; coreqs are 12000, 12100)
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only
- or-

**BIOL 20200 - Cell Biology II: Eucaryotic Systems**

GER 3/B
Structure and function of eucaryotic cells and organelles; membrane systems, cell cycle, cell division, signaling, cytoskeletal systems, motility; specialized cells; modern research tools and approaches. Laboratories include plant and animal cell culture; studies of cell division, the cytoskeleton, motility; light and electron microscopic methods; fluorescence labeling; protein electrophoresis, immunoblotting and immunolocalization.

Material Fee: $10
prereq: BIOL 20000 coreq: CHEM 22400 or perm instr.
Required allied courses:

**BIOL 10000 - Principles of Biology I**

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
*Material Fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*
*prereq or coreq: MATH 12500 or equivalent*

**BIOL 10200 - Principles of Biology II**

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
*Material fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*
*prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.*

**MATH 15000 - Calculus with Analytic Geometry I**

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*
*4 hrs 4 cr.*

**MATH 15500 - Calculus with Analytic Geometry II**

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
*prereq: grade of C or better in MATH 15000*
*4 hrs 4 cr.*

**PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound**

GER 2/E
First semester of two-semester introductory physics course using algebra.
prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

**PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

**Option 3 (Bioinformatics option):**

For students interested in graduate studies in biochemistry and bioinformatics as well as the pharmaceutical and biotechnology industry. In order to enroll in this Option, students must earn an average grade of B- or above in CHEM 10400, CHEM 22200, BIOL 10000, and MATH 15000. In addition, no more than one C grade is allowed in these four courses to declare Option 3. This option consists of a minimum of 20.5 credits above the introductory level and an 11-credit general chemistry core for a minimum total of 32 credits of chemistry. Three semesters of biology, one year of physics, one year of computer science, one year of calculus, and one semester of statistics are also required.

**Required chemistry courses:**

**CHEM 22200 - Organic Chemistry Lecture I**

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

**CHEM 22500 - Organic Chemistry Laboratory II**

GER 3/B
Continuation of CHEM 22300.
prereq: CHEM 22200, 22300
prereq or coreq: CHEM 22400
5 hrs 2.5 cr

**CHEM 35000 - Biophysical Chemistry**

GER 3/B
Essential physical chemical principles as applied to biological problems. Emphasis on kinetics, thermodynamics, and equilibria.
prereq: CHEM 22400, BIOL 10200, MATH 15000
5 hrs (4 lec, 1 rec) 4 cr
offered fall

**CHEM 37600 - Biochemistry I**
GER 3/B
Chemical aspects of protein structure and function, fundamentals of bioenergetics, biochemical mechanisms of gene replication and expression.

prereq: CHEM 22400
4 hrs (3 lec, 1 rec) 3 cr.
offered fall

CHEM 37700 - Biochemistry II

GER 3/B
Biosynthesis of lipids, amino acids, carbohydrates. Muscle contraction, hormones, immune response, DNA sequencing.

prereq: CHEM 37600 or BIOL 30000 or perm instr.
3 hrs 3 cr.
offered spring

Required allied courses:

BIOL 10000 - Principles of Biology I

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

BIOL 10200 - Principles of Biology II

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
Material fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.
MATH 15500 - Calculus with Analytic Geometry II

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
_prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
First semester of two-semester introductory physics course using algebra.
_prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.
_prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

CSCI 13200 - Practical UNIX and Programming, with Lab

GER 2/E
An introduction to computer programming and the UNIX operating system using Perl. Conceptual overview of the UNIX operating system and programming environment, a practical introduction to shell programming, and the use of UNIX filters and utilities. A pragmatic course with an emphasis on skills acquisition.
This course cannot be counted towards the CSCI major.
_prereq: none
3 hrs 3 cr.

CSCI 23200 - Relational Databases and SQL Programming, with Lab

GER 3/B
An introduction to elementary database concepts and SQL, the standard language for communicating with most database systems. A pragmatic course with an emphasis on skills acquisition; students will learn how to get things done quickly and easily in a database environment.
Required for computer science minors; open to computer science majors, but may not be used toward the computer science major.
_prereq: CSCI 12700 or CSCI 13200
3 hrs 3 cr.

STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses,
including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

**prereq:** MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

**Undergraduate Major/Graduate Major**

**Chemistry/Adolescent Education: Chemistry - BA/MA**

An accelerated program leading to a BA in Chemistry and an MA in Adolescent Education: Chemistry. Undergraduates admitted to the program start graduate courses during their senior year and will be able to complete the MA degree one year after they complete the requirements for the BA degree. Students interested in the program should speak to a chemistry department adviser during their sophomore year to review the curriculum path for the five-year program. A minimum of 138 credits is required for the dual degree.

**Undergraduate Minor**

**Minor in Chemistry**

A minor in Chemistry consists of a pre-requisite year of General Chemistry with laboratory (CHEM 10200 through CHEM 10600 or equivalent, 9 credits), and a minimum of 14 credits of coursework. Note that MATH 12500 is a co-requisite to General Chemistry. The minimum of 14 credits include the following required courses below. In addition, students will be required to take at least 5.5 credits of electives selected from Chemistry offerings numbered 200 or above, excluding CHEM 29101.

**Required courses for the Minor**

**CHEM 22200 - Organic Chemistry Lecture I**

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
**prereq:** CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

**CHEM 22300 - Organic Chemistry Laboratory I**

GER 3/B
Various organic syntheses, Distillation, distillation, extraction, chromatography, qualitative analysis, spectroscopy.

**prereq:** CHEM 10500
prereq or coreq: CHEM 22200
5 hrs 2.5 cr.
CHEM 22400 - Organic Chemistry Lecture II

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: prereq for CHEM 22400: CHEM 22200
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

Chemistry

Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100; no student may receive credit for both CHEM 12000-12100 and 22200-22300.

CHEM 10000 - Essentials of General Chemistry Lecture

GER 2/E
Essential facts, laws, and theories of general chemistry.
Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 10100 - Essentials of General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of general chemistry.
Primarily for nursing, nutrition and food science and community health students.
prereq or coreq: CHEM 10000
3 hrs 1.5 cr.

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
Primarily for premed, medical laboratory sciences and science majors.
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10500 - General Chemistry Laboratory II

GER 2/E
Laboratory experiments illustrating and applying theory of solutions to qualitative analysis.
Offered for transfer students who have completed only one semester of General Chemistry Laboratory.
prereq: One semester of General Chemistry Laboratory. prereq or coreq: CHEM 10400
3 hrs 1.5 cr.

**CHEM 10600 - General Chemistry Laboratory**

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.

**CHEM 11100 - Chemical Principles**

GER 2/E
In-depth introduction to chemical principles including measurement, stoichiometric calculations, inorganic nomenclature, gas laws, equilibrium, acids, bases and buffers. Emphasis is placed on problem-solving, oral presentations, and collaborative work. Laboratory and coursework emphasize analysis and evaluation of data.
Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500 or equiv, MATH 12600
9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop) 5.5
offered fall

**CHEM 11200 - Thermodynamics and Solution Chemistry**

GER 2/E
The study of quantum theory, atomic structure, periodic properties of the elements, kinetics, electrochemistry, and thermodynamics.
Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 11100
9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop) 5.5
offered spring

**CHEM 11500 - Introductory Chemistry**

An introduction to the fundamental concepts in chemistry including atomic and molecular structure, chemical bonding, stoichiometry, and solution chemistry.
This course is appropriate for students who have had no prior coursework in chemistry.
prereq or coreq: MATH 12500
4 hrs (3 lec, 1 rec) 3 cr.

**CHEM 12000 - Essentials of Organic Chemistry Lecture**

GER 2/E
Course presents essential facts, laws and theories of organic chemistry.
Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.
prereq: CHEM 10000
4 hrs (3 lec, 1 rec) 3 cr.
CHEM 12100 - Essentials of Organic Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry.
Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health students.
prereq: CHEM 10100 prereq or coreq: CHEM 12000
3 hrs (3 lab) 1.5 cr.

CHEM 15000 - Peer-Led Teaching in Chemistry

Students learn to become peer-leaders for workshops held in either Essentials of Chemistry, General Chemistry, or Organic Chemistry Topics include: multiple intelligences and differences in learning styles; basic theory of learning; issues related to race, class and gender.
prereq: CHEM 12000, CHEM 10400, or CHEM 11200 and perm dept.
2 hrs 1 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

CHEM 22300 - Organic Chemistry Laboratory I

GER 3/B
Various organic syntheses, Distillation, distillation, extraction, chromatography, qualitative analysis, spectroscopy.

prereq: CHEM 10500
prereq or coreq: CHEM 22200
5 hrs 2.5 cr.

CHEM 22400 - Organic Chemistry Lecture II

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: prereq for CHEM 22400: CHEM 22200
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

CHEM 22500 - Organic Chemistry Laboratory II

GER 3/B
Continuation of CHEM 22300.

prereq: CHEM 22200, 22300
prereq or coreq: CHEM 22400
5 hrs 2.5 cr

CHEM 24900 - Quantitative Analysis
Ger 3/B
A set of laboratory experiments, performed by individual students, covering important areas of quantitative analysis such as pH and metal ion titrations, spectroscopic analysis including gas chromatography, electronic absorption, and fluorescence.

Prereq: CHEM 10400, 10500
5 hrs (4 lab, 1 rec) 3 cr.

CHEM 29101 - Chemical Investigations

Ger 3/B
Original chemical investigations under supervision of faculty member. Written report required. Enrollment for maximum of two semesters.

Prereq: CHEM 22400, perm chair
4 hrs 1 cr.

CHEM 29102 - Chemical Investigations

Ger 3/B
Original chemical investigations under supervision of faculty member. Written report required. Enrollment for maximum of two semesters.

Prereq: CHEM 22400, perm chair
8 hrs 2 cr.

CHEM 29500 - Introduction to Planning and Teaching of Laboratory Work in Chemistry

Participate in supervised teaching experiments that demonstrate important principles of chemistry.

Prereq: CHEM 10400, CHEM 10500, two letters from faculty who have taught the student
5 hrs (2 planning, 3 lab) 2 cr.

CHEM 32200 - Organic Chemistry Lecture III

Ger 3/B
Selected topics such as advanced synthesis, reaction mechanisms, MO theory, natural products, NMR spectroscopy.

Prereq: CHEM 22400, perm instr.
3 hrs 3 cr.

CHEM 34900 - Instrumental Analysis

Ger 3/B
Principles of modern instrumental techniques; emphasis on spectroscopic and electrometric methods.

Prereq: CHEM 35400 or 35600 with 35500
8 hrs (2 lec, 6 lab) 5 cr

CHEM 35000 - Biophysical Chemistry
GER 3/B
Essential physical chemical principles as applied to biological problems. Emphasis on kinetics, thermodynamics, and equilibria.

prereq: CHEM 22400, BIOL 10200, MATH 15000
5 hrs (4 lec, 1 rec) 4 cr
offered fall

CHEM 35200 - Physical Chemistry I

GER 3/B
Ideal and real gases. Laws of thermodynamics with applications to properties of solutions and phase equilibria in general.

prereq: CHEM 24900, MATH 15500, PHYS 12100
3 hrs 3 cr.
offered fall

CHEM 35400 - Physical Chemistry II - F

GER 3/B
Selected topics from statistical thermodynamics, electrochemistry, kinetic theory and rate processes.

prereq: CHEM 35200, MATH 25000
3 hrs 3 cr.
offered fall

CHEM 35500 - Physical Chemistry Laboratory I

GER 3/B
Laboratory course involving experiments based on topics covered in CHEM 35200 on chemical systems.

prereq: CHEM 24900
prereq or coreq: CHEM 35200
3 hrs 1.5 cr.
offered fall

CHEM 35600 - Physical Chemistry II - S

GER 3/B
Selected topics from quantum chemistry, molecular structure, and spectroscopy.

prereq: PHYS 12100, CHEM 24900, MATH 15500
3 hrs 3 cr.
offered spring

CHEM 35700 - Physical Chemistry Laboratory II

GER 3/B
Laboratory course involving experiments based on topics covered in CHEM 35600 on chemical systems.
CHEM 36600 - Inorganic Chemistry

GER 3/B
Treatment of structure, bonding and reactivity of inorganic compounds.

prereq: CHEM 35200
3 hrs 3 cr.

CHEM 37600 - Biochemistry I

GER 3/B
Chemical aspects of protein structure and function, fundamentals of bioenergetics, biochemical mechanisms of gene replication and expression.

prereq: CHEM 22400
4 hrs (3 lec, 1 rec) 3 cr.
offered fall

CHEM 37700 - Biochemistry II

GER 3/B
Biosynthesis of lipids, amino acids, carbohydrates. Muscle contraction, hormones, immune response, DNA sequencing.

prereq: CHEM 37600 or BIOL 30000 or perm instr.
3 hrs 3 cr.
offered spring

CHEM 37800 - Biochemistry Laboratory

GER 3/B
A set of laboratory experiments, performed by individual students, covering important areas of biochemistry such as protein analysis, enzyme purification, enzymatic assays, recombinant DNA and the polymerase chain reaction.

prereq: CHEM 22300 and CHEM 37600 or CHEM 64000
5 hrs (4 lab, 1 rec) 3 cr.

CHEM 38800 - Topics of Current Interest in Chemistry

GER 3/B
Offered subject to adequate student interest and enrollment. Taught by specialists from department faculty. The specific topic will be listed in the schedule of classes for a given semester.

prereq or coreq: CHEM 35200 and CHEM 35600 or perm instr.
3 hrs 3 cr.
CHEM 39000 - Current Laboratory Methods in Chemistry

GER 3/B
Offered subject to adequate student interest and enrollment. Taught by specialists from department faculty. The specific topic will be listed in the schedule of classes for a given semester.

prereq or coreq: CHEM 35700 or perm instr.
4 hrs 2 cr.

Chemistry: Honors Course

CHEM 49101 - Introduction to Research

GER 3/B
Open to Jr/Sr only. Similar to CHEM 29101. Written report required. Fulfills requirement for departmental honors course.

prereq: CHEM 22400, 35400, 34900, perm chair
4 hrs 1 cr.

CHEM 49102 - Introduction to Research

GER 3/B
Open to Jr/Sr only. Similar to CHEM 29102. Written report required. Fulfills requirement for departmental honors course.

prereq: CHEM 22400, 35400, 34900, perm chair
8 hrs 2 cr.

Program and Courses in Jewish Studies

Jewish Studies

About the Program

Jewish Studies is an inter-departmental, multi-disciplinary program offering a 24-credit major leading to a BA degree in Jewish Studies with courses in such fields as history, Hebrew language and literature, English and other literatures, religion, sociology, a political science. It also offers independent study and fieldwork on Jewish subjects and a 12-credit minor.

Undergraduate Major

Jewish Studies - BA

Jewish Studies Major

The Jewish Studies program offers a 24-credit major. The 24 required credits are distributed as follows:

Required of All Majors

The 6 core credits required of all majors are:

HIST 20800 - History of the Jews

GER 2/B, PD/A
An introductory survey emphasizing how Jewish communities adapted to a wide range of environments during more than 3000 years of world history.
prereq or coreq: ENGL 12000
3 hours 3 credits

HEBR 22200 - Introduction to Jewish Texts and Writings

GER 2C and PD/A
A broad survey of influential Jewish texts and literary masterpieces from ancient to modern times.
15 Credits in Jewish Studies

In addition to the core courses, students must select 15 credits in Jewish studies in conjunction with the program adviser, at least 6 of which must be at the 300-level or above. Students are encouraged to select from, but are not limited to, the following:

**HEBR 21100 - Masterpieces of Medieval Hebraic Literature in Translation (W)**

GER 2/C PD/D
Selections from major works reflecting Jewish life and thought in medieval Islamic world and Christendom.
3 hrs 3 cr.

**HEBR 21200 - Readings in Modern Hebrew Literature in Translation (W)**

GER 2/C
Survey of Hebraic literature from Enlightenment movement to present.
3 hrs 3 cr

**HEBR 21800 - Masterpieces of Yiddish Literature in Translation (W)**

GER 3/A PD/D
Study of major works in Yiddish literature from Mendele Mocher Seforim to present.
prereq: ENGL 22000
3 hrs 3 cr

**HEBR 28100 - Masterpieces of Ancient Hebraic Literature in Translation (W)**

GER 3/A
Study of Hebrew classics and collateral works against background of Jewish history and ancient civilization.
3 hrs 3 cr

**HEBR 49100 - Honors Project**

Individual study and research in Hebrew literature in consultation with staff member. Honors essay required. May be repeated as topics vary from semester to semester.
There are "unlimited" repeats for this course.
prereq: Jr/Sr only; perm division
1 sem 3 cr.

**HIST 21000 - History of Judaism**

GER 2/B
Survey of the Jewish religious tradition with attention to interactions between Judaism and other religions and to the role of Judaism in the formation of Christianity and Islam.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.
HIST 24200 - The Holocaust: An Introduction

PD/D
The attempt to exterminate the Jewish people by the Nazis.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 30900 - Jewish History in the Ancient World

GER 3/B PD/A
The Jewish people from its origins in late antiquity; social and intellectual developments from biblical to Talmudic times.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 31000 - Jewish History in the Medieval and Early Modern Periods

GER 3/B PD/D
The Jewish people from late antiquity to 17th century; social and legal status under Islamic and Christian rulers; religious and intellectual movements.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 32000 - Jewish History in the Modern World (W)

GER 3/B PD/D
From the 18th century to the present: Enlightenment, Jewish emancipation and nationalism, a Jewish state; anti-Semitism and the Holocaust; recent trends.
Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

HIST 32100 - History of the Holocaust

GER 3/B
Examination of the mass murder of 6 million Jews by the Nazi regime during World War II.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 35700 - American-Jewish History (W)

GER 3/B PD/D
Development of the American Jewish community; economic, political and social integration; cultural adaptation.
Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

JS 31000 - Jewish Studies Fieldwork
Supervised experience in a Jewish community agency, periodic consultation with program director and preparation of report or term paper based on the experience. May be taken twice for a total of 6 cr.

prereq: qualified Jr/Sr.
hrs TBA 3-6 cr.

**JS 40000 - Individual Honors Project**

Not open to students who have completed fewer than 60 credits. Guided readings on a topic in Jewish studies under faculty supervision. May be repeated on different topics for a total of 6 credits. A substantial research paper is required.

*Selected topics and problems in Jewish studies. qualified Jr/Sr, perm instr. or program director*

prereq: 12 cr. in Jewish Studies, perm program director
3-6 hrs 3-6 cr.

**JS 41050 - Jewish Studies Seminar I**

Selected topics and problems in Jewish studies.

prereq: qualified Jr/Sr, perm instr. or program director
3 hrs 3 cr. each

**JS 41051 - Jewish Studies Seminar II**

Selected topics and problems in Jewish studies.

prereq: qualified Jr/Sr, perm instr. or program director
3 hrs 3 cr. each

**POLSC 26400 - Government and Politics of Israel (W)**

GER 3/B
Historic evolution of the Jewish state and its political system, social issues and foreign policy.

prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

**REL 25200 - Ancient Near Eastern Religions (W)**

GER 2/C PD/A
Study of Egyptian religion, religions of Sumer and Babylonia, religion of the early Hebrews (including the Old Testament).

prereq: ENGL 12000
3 hrs 3 cr.

**REL 25300 - Abrahamic Religions (W)**

GER 2/C PD/D
Study of Judaism, Christianity, and Islam-- with some considerations of Zoroastrian parallels.

prereq: ENGL 12000
3 hrs 3 cr.

More Options
Other courses that may be selected to meet this 15-credit requirement are ENGL 38663 (ENGL 38600), The Bible in British and American Literature, ENGL 39058 (ENGL 39000), Literature and Catastrophe (focus on Holocaust Studies), ENGL 39968 (ENGL 39900), Jewish American Literature, HIST 740, Modern Jewish Social and Intellectual History (see graduate catalog) and HIST 748, American Jewish History (see graduate catalog).

Note

Up to 6 credits of independent study and fieldwork may be taken unless special permission is obtained from the program adviser.

Capstone Course (3 Credits)

One of the following courses should be taken as a capstone course:

**JS 40000 - Individual Honors Project**

Not open to students who have completed fewer than 60 credits. Guided readings on a topic in Jewish studies under faculty supervision. May be repeated on different topics for a total of 6 credits. A substantial research paper is required.

*Selected topics and problems in Jewish studies. qualified Jr/Sr, perm instr. or program director*

*prereq: 12 cr. in Jewish Studies, perm program director*

*3-6 hrs 3-6 cr.*

**JS 41050 - Jewish Studies Seminar I**

Selected topics and problems in Jewish studies.

*prereq: qualified Jr/Sr, perm instr. or program director*

*3 hrs 3 cr. each*

**JS 41051 - Jewish Studies Seminar II**

Selected topics and problems in Jewish studies.

*prereq: qualified Jr/Sr, perm instr. or program director*

*3 hrs 3 cr. each*

**Minor in Jewish Studies**

The minor in Jewish Studies consists of 12 credits in courses in Jewish studies of which at least 3 credits must be on topics in the history of the Jews or Judaism and at least 3 credits in Jewish literature, thought, religion, or one of the social sciences (sociology, anthropology, or political science). Students can apply to the minor up to 6 credits in Independent Studies (JS 30000 or JS 40000) or fieldwork (JS 31000). Up to six credits in Jewish studies taken at other institutions of higher learning may be applied to the minor. Jewish Studies minors cannot apply any 100-level courses to the minor.

**Honors in Jewish Studies**

Students will be eligible for honors in Jewish Studies upon completion of 24 credits in Jewish Studies with a 3.5 GPA and a 2.8 cumulative GPA at the time of graduation. To be eligible to graduate with honors in Jewish Studies, students can take the following JS 40000 (Individual Honors Project) or JS 41050/JS 41051 (Jewish Studies Seminar, I or
II), HEBR 49100 (Honors Project) or graduate courses with special permission, with a grade of B or better. Eligible students should apply for honors at the time they file for graduation.

Undergraduate Minor

Minor in Jewish Studies

The minor in Jewish Studies consists of 12 credits in courses in Jewish studies of which at least 3 credits must be on topics in the history of the Jews or Judaism and at least 3 credits in Jewish literature, thought, religion, or one of the social sciences (sociology, anthropology, or political science). Students can apply to the minor up to 6 credits in Independent Studies (JS 30000 or JS 40000) or fieldwork (JS 31000). Up to six credits in Jewish studies taken at other institutions of higher learning may be applied to the minor. Jewish Studies minors cannot apply any 100-level courses to the minor.

Jewish Studies

JS 30000 - Independent Studies

Not open to students who have completed fewer than 30 credits. Guided readings under faculty supervision on a topic in Jewish Social Studies. May be repeated up to 3 times for a total of not more than 9 credits.

prereq: 3 cr. in Jewish Studies recommended
1-6 hrs 1-6 cr.

JS 31000 - Jewish Studies Fieldwork

Supervised experience in a Jewish community agency, periodic consultation with program director and preparation of report or term paper based on the experience. May be taken twice for a total of 6 cr.

prereq: qualified Jr/Sr.
hrs TBA 3-6 cr.

JS 40000 - Individual Honors Project

Not open to students who have completed fewer than 60 credits. Guided readings on a topic in Jewish studies under faculty supervision. May be repeated on different topics for a total of 6 credits. A substantial research paper is required.

Selected topics and problems in Jewish studies. qualified Jr/Sr, perm instr. or program director
prereq: 12 cr. in Jewish Studies, perm program director
3-6 hrs 3-6 cr.

JS 41050 - Jewish Studies Seminar I

Selected topics and problems in Jewish studies.
prereq: qualified Jr/Sr, perm instr. or program director
3 hrs 3 cr. each
JS 41051 - Jewish Studies Seminar II

Selected topics and problems in Jewish studies.
_prereq: qualified Jr/Sr, perm instr. or program director
3 hrs 3 cr. each

Program and Courses in Religion

Religion

About the Program

In the program in Religion, students examine the nature of religion and the forms its various expressions have taken. Religion is studied as an academic discipline and the program’s approach reflects no doctrinal bias. The purposes of the program are to introduce the field of religion in general; to present the thoughts, documents and history of major religious traditions (both Eastern and Western, ancient and modern, missionary and tribal); and to give students insight into specific religious issues and thinkers.

The program in Religion consists of a series of core courses taught by specialists in the field, augmented by other religion courses offered by faculty in 8 participating departments or divisions: Anthropology, Africana and Puerto Rican/Latino Studies, Chinese, Classics, Hebrew, History, Philosophy and Sociology.

The program is divided into four categories of courses: Introduction to the field of religion (basic introductory courses); Theoretical studies in religion (courses focusing on different methodological approaches to the study of religion); Issues in religion (courses dealing with religious experience, faith, ethics, religion and the arts); and Religious traditions (courses in major religious traditions).

Minor in Religion

The Minor in Religion consists of four courses for a total of 12 credits.

- The following two courses are required:
  - REL 11000 - Nature of Religion (W)
  - REL 11100 - Approaches to Religion (W)
- Also required for the Minor in Religion:
  a) one course to be chosen from those listed under the category “Religious Traditions”; and
  b) one course from the category “Issues in Religion” reflecting a theme central to the religious tradition in which the student has chosen to focus, to be selected in consultation with a Religion Program adviser.

At least one course presented in satisfaction of the minor must be a 300-level course.

Religion - BA

Return to: Religion Program Information

Major (24 cr)

All 24 credits are to be taken from courses listed under Categories I-IV. Both introductory courses (REL 11000, REL 11100) must be taken, followed by at least one course in theoretical studies, at least one course in religious issues, and at least one in religious traditions.

I. Introduction to the field of religion;
II. Theoretical studies in religion;
III. Issues in religion; and
IV. Religious traditions.

Courses listed under Category V are recommended as electives, but cannot count towards the 24 credits required for the major.

V. Related courses.

On becoming a major the student, in consultation with the director, will select one member of the program in Religion staff as his or her major adviser. Each religion major is required to consult with this adviser at least twice a year.

Religion Program Courses

Introduction to the Field of Religion

REL 11000 - Nature of Religion (W)
GER 2/C
Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.
3 hrs 3 cr.

REL 11100 - Approaches to Religion (W)

GER 2/C
Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.
prereq: ENGL 12000
3 hrs 3 cr.

Theoretical Studies in Religion

ANTHC 30700 - Anthropology of Religion

GER 3/B PD/A
Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.
3 hrs 3 cr.

PHILO 26200 - Philosophy of Religion (W)

GER 3/A
Philosophical examination of some religious questions and beliefs.
prereq: one course in philosophy or religion (see statement under Program Prerequisites)
3 hrs 3 cr.

REL 27000 - Religion and Psychology (W)

GER 2/C PD/D
An examination of ways in which psychology understands, describes, values (or devalues) religion using the media of text, story and film.
prereq: ENGL 12000
3 hrs 3 cr.

SOC 20500 - Sociology of Religion

GER 3/B
Comparative study of religion in human societies. Analysis of beliefs, myths and sacred attitudes.
prereq: SOC 10100
3 hrs 3 cr.

REL 39000 - Modern Theories of Religion (W)

GER 3/A PD/D
An interdisciplinary continuation of the study of methodological and theoretical issues begun in REL 11100, focusing on current debates and contemporary literature.
prereq: ENGL 12000, REL 11100
3 hrs 3 cr.
REL 26000 - Special Topics: Theoretical Studies in Religion

Specialized study of a methodological approach to the study of religion. Different topic each time offered.
3 hrs 3 cr.

REL 36000 - Special Topics: Theoretical Studies in Religion

GER 3/A
Specialized study of a methodological approach to study of religion. Different topic each time offered.
3 hrs 3 cr.

Issues in Religion

REL 20400 - Religious Experience (W)

GER 2/C PD/D
Cross-cultural analysis of religious experiences: Biblical, ancient Greek, Asian, modern Western.
prereq: ENGL 12000
3 hrs 3 cr.

REL 20500 - Faith and Disbelief (W)

GER 2/C PD/D
Examination of questions of faith and disbelief in modern Western thought.
prereq: ENGL 12000
3 hrs 3 cr.

REL 20600 - Ideas of God in Contemporary Western Thought (W)

GER 2/C PD/D
Survey of representative schools of current Western religious thought: Christian theism, metaphysical protest, process theology, feminist theology, liberation theology, beyond theism thought.
prereq: ENGL 12000
3 hrs 3 cr.

REL 20700 - Religious Sources for Morality (W)

GER 2/C PD/D
Religious reasons for determining good and evil; religious sources for ethical decisions.
prereq: ENGL 12000
3 hrs 3 cr.

REL 20800 - Religion and Social Justice (W)

GER 2/B PD/D
An exploration into religious perspectives on such social issues as war, race, the economy and gender relations.
prereq: ENGL 12000
3 hrs 3 cr.
REL 30700 - Religious Ideas in Modern Literature (W)

GER 3/A PD/D
Exploration of religious themes in modern literature.
prereq: ENGL 12000
3 hrs 3 cr.

REL 30800 - Religion and the Arts (W)

GER 3/A PD/D
Examination of religious themes in art, music, theatre, cinema, or literature. Different topics each time offered.
prereq: ENGL 12000
3 hrs 3 cr.

REL 30900 - The Religious Meanings of Love and Sex (W)

GER 3/A PD/D
Interdisciplinary investigation of the major ways humankind has understood the relation between the sexually erotic and religious realities.
prereq: ENGL 12000
3 hrs 3 cr.

REL 31000 - The Religious Meanings of Death (W)

GER 3/A PD/D
Consideration of the meaning of death in major world religions.
prereq: ENGL 12000
3 hrs 3 cr.

REL 31100 - Women and Religion (W)

GER 3/A PD/C
An examination of the role of women and the concept of the feminine in world religions.
prereq: ENGL 12000
3 hrs 3 cr.

REL 31200 - Religion and Politics (W)

GER 3/A PD/D
The role of political ideology in the shaping of religious belief and theology's influence on politics in Western and non-Western traditions, both conservative and radical.
prereq: ENGL 12000
3 hrs 3 cr.

REL 31300 - Spirit and Nature (W)

GER 3/A PD/D
An exploration of the ideas of nature and animal life in a representative sampling of the religious traditions of the world, inquiring into the implications for environmental policy and the treatment of animals.
REL 31500 - The Problem of Evil (W)

GER 3/A PD/D
Exploration of the religious meaning of evil in different cultures.
prereq: ENGL 12000
3 hrs 3 cr.

REL 33400 - Mysticism (W)

GER 3/A PD/D
Cross-cultural exploration of mystical experience and mystical doctrines, as well as an exploration of the various methods of studying them.
prereq: ENGL 12000
3 hrs 3 cr.

REL 33500 - Myth and Ritual (W)

GER 3/A PD/D
Cross-cultural exploration of myth and ritual and their place in various cultures; methodologies for analysis.
prereq: ENGL 12000
3 hrs 3 cr.

REL 34000 - Homosexuality in World Religions (W)

GER 3/A PD/C
A survey and analysis of typical ways in which homosexuality has been understood, evaluated and in some cases institutionalized in a variety of religious traditions, attending especially to implicit constructions of gender.
prereq: ENGL 12000
3 hrs 3 cr.

REL 26100 - Special Topics: Issues in Religion

Study of particular religious topics or thinkers. Different subject each time offered.
3 hrs 3 cr.

REL 36100 - Special Topics: Issues in Religion

GER 3/A
Study of particular religious topics or thinkers. Different subject each time offered.
3 hrs 3 cr.

Religious Traditions

Eastern Religions

REL 25100 - Asian Religions (W)
GER 2/C PD/A  
Study of Hinduism, Buddhism, Jainism, Taoism and Confucianism.  
prereq: ENGL 12000  
3 hrs 3 cr.

REL 32000 - Hinduism (W)  
GER 3/A PD/A  
Study of Hinduism, its development, history, literature, philosophy and religious practices.  
prereq: ENGL 12000  
3 hrs 3 cr.

REL 32100 - Buddhism (W)  
GER 3/A PD/A  
Study of Buddhism, its development, history, literature, philosophy and religious practices.  
prereq: ENGL 12000  
3 hrs 3 cr.

REL 33600 - Zen (W)  
GER 3/A PD/A  
An inquiry into the teachings of Chinese and Japanese Zen in light of their Buddhist and Daoist backgrounds.  
prereq: ENGL 12000  
3 hrs 3 cr.

PHILO 21900 - Chinese Philosophy (W)  
GER 3/A PD/A  
Readings from the classics of Chinese philosophy found in Confucian, Taoist and Buddhist traditions.  
prereq: ENGL 12000 and one previous course in philosophy.  
3 hrs 3 cr.

African and Afro-American Religions

REL 25600 - Afro-Caribbean Religions (W)  
GER 2/C PD/B  
An introduction to the diversity of African-based religions in the Caribbean and beyond.  
prereq: ENGL 12000  
3 hrs 3 cr.

AFPRRL 22000 - African Spirituality in the Diaspora  
GER 2/C PD/A or B  
The nature and expressions of the spiritual ethos enabling the survival of classical African human values in dehumanizing circumstances during and after enslavement in North America, South America and the Caribbean.  
3 hrs 3 cr.
AFPRL 32200 - African World View: Philosophy and Symbolic Thought (W)

GER 3/A PD/A
Examination of African religious systems, metaphysical conceptions and philosophy.
**Prereq:** AFPRL 22200 or perm instr.
3 hrs 3 cr.
offered every other sem.

AFPRL 32300 - Islam and Christianity in Africa (W)

GER 3/A
Examination of relationship of Islam and Christianity to primary African religion and their political role in African history.
**Prereq:** AFPRL 201 or 202 or 222 or perm instr.
3 hrs 3 cr.

AFPRL 36200 - Puerto Rican and Caribbean Religious Practices (W)

GER 3/A PD/A or B
Reading knowledge of Spanish suggested. Analysis of roots of folk religion in Indian, African and Spanish cultures. Religious syncretisms, popular imagery and ritual practices.
**Prereq:** AFPRL 14100 or 24300
3 hrs 3 cr.

AFPRL 42000 - The Black Church and Social Change

GER 3/B
In-depth study of the sociopolitical role of Black church in political struggle of Black people with special emphasis on America.
**Prereq:** AFPRL 20300 or 20400 or 20500 or perm instr.
3 hrs 3 cr.

Western Religions

REL 25200 - Ancient Near Eastern Religions (W)

GER 2/C PD/A
Study of Egyptian religion, religions of Sumer and Babylonia, religion of the early Hebrews (including the Old Testament).
**Prereq:** ENGL 12000
3 hrs 3 cr.

REL 25300 - Abrahamic Religions (W)

GER 2/C PD/D
Study of Judaism, Christianity, and Islam-- with some considerations of Zoroastrian parallels.
**Prereq:** ENGL 12000
3 hrs 3 cr.

REL 25500 - Religions of Two Gods (W)
A survey of historical varieties of dualistic religion both classical and modern which inquires into the moral grounds for their recurring appeal.

_prereq: ENGL 12000
3 hrs 3 cr.

**HEBR 24000 - Introduction to the Old Testament**

Survey of the books of the Old Testament, their form, content and cultural background. Introduction to the tools and methods of modern biblical criticism.

3 hrs 3 cr

**HEBR 25900 - Old Testament Religion**

Comprehensive survey of ancient Israelite religious practice, expression and thought as reflected in Hebrew Bible.

3 hrs 3 cr

**HEBR 28600 - Ancient Near Eastern Literature and the Bible**

Comparative study of ancient Near Eastern literature and the Hebrew Bible.

3 hrs 3 cr

**HEBR 29200 - The Hebrew Prophets**

Study of phenomenon of prophecy in ancient Israel and its contribution to historical, ethical and religious thought.

3 hrs 3 cr

**HEBR 29400 - Job, Ecclesiastes and the Human Predicament**

Study of form, content and religious significance of these two enigmatic masterworks.

3 hrs 3 cr

**HIST 21000 - History of Judaism**

Survey of the Jewish religious tradition with attention to interactions between Judaism and other religions and to the role of Judaism in the formation of Christianity and Islam.

_Courses at the 300-level and above not offered to freshmen._

3 hrs 3 cr.

**HIST 30900 - Jewish History in the Ancient World**

The Jewish people from its origins in late antiquity; social and intellectual developments from biblical to Talmudic times.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

**HIST 31000 - Jewish History in the Medieval and Early Modern Periods**

GER 3/B PD/D  
The Jewish people from late antiquity to 17th century; social and legal status under Islamic and Christian rulers; religious and intellectual movements.  
*Courses at the 300-level and above not offered to freshmen.*
3 hrs 3 cr.

**HIST 32000 - Jewish History in the Modern World (W)**

GER 3/B PD/D  
From the 18th century to the present: Enlightenment, Jewish emancipation and nationalism, a Jewish state; anti-Semitism and the Holocaust; recent trends.  
*Courses at the 300-level and above not offered to freshmen.*
prereq or coreq: ENGL 12000  
3 hrs 3 cr.

**CLA 30300 - Religion of Ancient Greece (W)**

GER 3/A  
The Ancient Greek religious experience: official rites, mystery cults, oracles, personal religious belief, and practice.  
prereq: ENGL 12000, CLA 10100 or 20100  
3 hrs 3 cr.

**CLA 30400 - Pagans and Christians (W)**

GER 3/A PD/D  
Transformation of classical culture in late antiquity: religion, philosophy, mysticism, magic, astrology.  
prereq: ENGL 12000; CLA 20100 or 20300  
3 hrs 3 cr.

**REL 33000 - New Testament Religion (W)**

GER 3/A PD/D  
prereq: ENGL 12000  
3 hrs 3 cr.

**REL 32300 - Christianity (W)**

GER 3/A PD/D  
Analysis of the Christian religion which employs methodologies of the academic study of religion and which aims to uncover the unity of Christian faith embodied in its various expressions.  
prereq: ENGL 12000  
3 hrs 3 cr.
REL 33300 - Christian Theology (W)

GER 3/A PD/D
An examination of key doctrines in Christian thought such as trinity, incarnation, existence of God and grace.
prereq: ENGL 12000
3 hrs 3 cr.

HIST 31400 - Ancient and Medieval Christianity (W)

GER 3/B PD/D
The development of Christianity from Jesus to Luther; theology and mysticism, lay and monastic spirituality; the papacy and dissidents; gender and sexuality; relations with Judaism and Islam.
Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

HIST 31500 - Christianity in Modern Times

GER 3/B
Not offered to freshmen. Transformation of Christianity since the Reformation, Enlightenment and modern political and intellectual challenges.
3 hrs 3 cr.

HIST 31600 - History of Religion in the United States

GER 3/B
Changing European churches and indigenous American sects; their architecture, leaders and ideas.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

REL 32200 - Islam (W)

GER 3/A PD/A
Study of Islam, its development, history, literature, philosophy and religious practices.
prereq: ENGL 12000
3 hrs 3 cr.

REL 32400 - Islam and Buddhism (W)

GER 3/A PD/A
Study of Islam and Buddhism, their founders, development, beliefs, rituals and interaction.
prereq: ENGL 12000
3 hrs 3 cr.

REL 33700 - Sufism (W)

GER 3/A PD/A
A course on the esoteric or mystical dimension of Islam, known among Muslims as ta/awwuf, attending to the history, doctrine and metaphysics of the Sufi path.
**Prerequisites:**

ENGL 12000
3 hrs 3 cr.

**Tribal Religions**

**REL 25400 - Tribal Religions: From Australia to the Americas (W)**

GER 2/C PD/A or B
Study of indigenous religions of Pacific Islanders and North American Indians.

**Prerequisites:**

ENGL 12000
3 hrs 3 cr.

**Special Topics in Traditions**

**REL 26200 - Special Topics: Religious Traditions**

Specialized study of specific religious traditions or groups of traditions. Different topic each time offered.

3 hrs 3 cr.

**REL 36200 - Special Topics: Religious Traditions**

GER 3/A
Specialized study of specific religious tradition or groups of traditions. Different topic each time offered.

3 hrs 3 cr.

**Independent Study**

**REL 41000 - Independent Study in Religion**

Open to majors only. Individual research and writing on topic in religion under supervision of a religion professor.

*May be taken a second or third time with another subject.*

**Prerequisites:**

perm chair
hrs TBA 1-6 cr.

**Honors**

To qualify for departmental honors, a student must take either of the following completing either with a grade of B or above and achieving a final GPA in religion major courses of at least 3.5 and a final cumulative GPA of at least 3.0.

**REL 45000 - Honors Seminar in Religion**

Specialized study in religion. For religion majors or other advanced religion students. Different topic each time offered. May be taken a second or third time with another subject. One topic offered under REL 45000 or 49000 satisfies the course requirements for departmental honors.

**Prerequisites:**

five courses in religion or a major/CUNY-BA focus in religion and perm instr. or program director
3 hrs 3 cr.

**REL 49000 - Honors Tutorial in Religion**
Open to majors only. Individual research and writing on topic in religion under supervision of Religion Honors Committee. REL 49000 or one topic offered under REL 45000 satisfies the course requirements for departmental honors.

**prereq:** perm chair

hrs TBA 3-6 cr.

## Related Courses

Cultural and psychological functions and symbolic meanings.
3 hours 3 credits
Minor in Religion

The Minor in Religion consists of four courses for a total of 12 credits.

The following two courses are required:

**REL 11000 - Nature of Religion (W)**

GER 2/C
Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.
3 hrs 3 cr.

**REL 11100 - Approaches to Religion (W)**

GER 2/C
Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.  
*prereq: ENGL 12000*
3 hrs 3 cr.

Also required for the Minor in Religion:

a) one course to be chosen from those listed under the category “Religious Traditions”; and

b) one course from the category “Issues in Religion” reflecting a theme central to the religious tradition in which the student has chosen to focus, to be selected in consultation with a Religion Program adviser.

At least one course presented in satisfaction of the minor must be a 300-level course.

**Religion: Introduction to the Field of Religion**

**REL 11000 - Nature of Religion (W)**

GER 2/C
Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.
3 hrs 3 cr.

**REL 11100 - Approaches to Religion (W)**

GER 2/C
Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.  
*prereq: ENGL 12000*
3 hrs 3 cr.

**Religion: Theoretical Studies in Religion**

**ANTHC 30700 - Anthropology of Religion**

GER 3/B PD/A
Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.
3 hrs 3 cr.
**REL 26000 - Special Topics: Theoretical Studies in Religion**

Specialized study of a methodological approach to the study of religion. Different topic each time offered.

*3 hrs 3 cr.*

**REL 27000 - Religion and Psychology (W)**

GER 2/C PD/D

An examination of ways in which psychology understands, describes, values (or devalues) religion using the media of text, story and film.

*prereq: ENGL 12000*

*3 hrs 3 cr.*

**REL 36000 - Special Topics: Theoretical Studies in Religion**

GER 3/A

Specialized study of a methodological approach to study of religion. Different topic each time offered.

*3 hrs 3 cr.*

**REL 39000 - Modern Theories of Religion (W)**

GER 3/A PD/D

An interdisciplinary continuation of the study of methodological and theoretical issues begun in REL 11100, focusing on current debates and contemporary literature.

*prereq: ENGL 12000, REL 11100*

*3 hrs 3 cr.*

**Religion: Issues in Religion**

**REL 20400 - Religious Experience (W)**

GER 2/C PD/D

Cross-cultural analysis of religious experiences: Biblical, ancient Greek, Asian, modern Western.

*prereq: ENGL 12000*

*3 hrs 3 cr.*

**REL 20500 - Faith and Disbelief (W)**

GER 2/C PD/D

Examination of questions of faith and disbelief in modern Western thought.

*prereq: ENGL 12000*

*3 hrs 3 cr.*

**REL 20600 - Ideas of God in Contemporary Western Thought (W)**

GER 2/C PD/D

Survey of representative schools of current Western religious thought: Christian theism, metaphysical protest, process theology, feminist theology, liberation theology, beyond theism thought.
prereq: ENGL 12000
3 hrs 3 cr.

REL 20700 - Religious Sources for Morality (W)

GER 2/C PD/D
Religious reasons for determining good and evil; religious sources for ethical decisions.

prereq: ENGL 12000
3 hrs 3 cr.

REL 20800 - Religion and Social Justice (W)

GER 2/B PD/D
An exploration into religious perspectives on such social issues as war, race, the economy and gender relations.

prereq: ENGL 12000
3 hrs 3 cr.

REL 20900 - Religion and Human Rights (W)

GER 2C
It has been contended that religious beliefs about the natural and moral order, as well those concerning human nature, lie at the foundation of the idea of human rights. Some histories of human rights even begin with a survey of the teachings of various major religious traditions. And, as the idea of, and movements for, international human rights swept the globe in the latter parts of the 20th century, scholars and religious thinkers examined and assessed the confluence of the world’s religious systems of thought, conscience, and belief with the norms and standards of the human rights project. Yet, even as religious thinkers and leaders contribute significantly to human rights movements around the world, some human rights norms—for example, those prohibiting gender- or religion-based discrimination, prohibitions on certain forms of punishment—seem to conflict head on with the strictures of various religions. This course will examine these various intersections.

prereq: ENGL 12000
3 hrs 3 cr.

REL 26100 - Special Topics: Issues in Religion

Study of particular religious topics or thinkers. Different subject each time offered.

3 hrs 3 cr.

REL 30700 - Religious Ideas in Modern Literature (W)

GER 3/A PD/D
Exploration of religious themes in modern literature.

prereq: ENGL 12000
3 hrs 3 cr.

REL 30800 - Religion and the Arts (W)

GER 3/A PD/D
Examination of religious themes in art, music, theatre, cinema, or literature. Different topics each time offered.

prereq: ENGL 12000
3 hrs 3 cr.
REL 30900 - The Religious Meanings of Love and Sex (W)

GER 3/A PD/D
Interdisciplinary investigation of the major ways humankind has understood the relation between the sexually erotic and religious realities.

prereq: ENGL 12000
3 hrs 3 cr.

REL 31000 - The Religious Meanings of Death (W)

GER 3/A PD/D
Consideration of the meaning of death in major world religions.

prereq: ENGL 12000
3 hrs 3 cr.

REL 31100 - Women and Religion (W)

GER 3/A PD/C
An examination of the role of women and the concept of the feminine in world religions.

prereq: ENGL 12000
3 hrs 3 cr.

REL 31200 - Religion and Politics (W)

GER 3/A PD/D
The role of political ideology in the shaping of religious belief and theology's influence on politics in Western and non-Western traditions, both conservative and radical.

prereq: ENGL 12000
3 hrs 3 cr.

REL 31300 - Spirit and Nature (W)

GER 3/A PD/D
An exploration of the ideas of nature and animal life in a representative sampling of the religious traditions of the world, inquiring into the implications for environmental policy and the treatment of animals.

prereq: ENGL 12000
3 hrs 3 cr.

REL 31500 - The Problem of Evil (W)

GER 3/A PD/D
Exploration of the religious meaning of evil in different cultures.

prereq: ENGL 12000
3 hrs 3 cr.

REL 33400 - Mysticism (W)

GER 3/A PD/D
Cross-cultural exploration of mystical experience and mystical doctrines, as well as an exploration of the various methods of studying them.
**REL 33500 - Myth and Ritual (W)**

GER 3/A PD/D  
Cross-cultural exploration of myth and ritual and their place in various cultures; methodologies for analysis.  
*prereq: ENGL 12000*  
3 hrs 3 cr.

**REL 34000 - Homosexuality in World Religions (W)**

GER 3/A PD/C  
A survey and analysis of typical ways in which homosexuality has been understood, evaluated and in some cases institutionalized in a variety of religious traditions, attending especially to implicit constructions of gender.  
*prereq: ENGL 12000*  
3 hrs 3 cr.

**REL 36100 - Special Topics: Issues in Religion**

GER 3/A  
Study of particular religious topics or thinkers. Different subject each time offered.  
3 hrs 3 cr.

**Religion: Religious Traditions**

**REL 258 - Religions of Ancient Europe (W)**

GER 2C P/D D  
Exploration of the religions of Europe before influence of the Classical Greek, Roman and Christian worlds. Areas covered include the material culture of pre-literate peoples--the prehistoric cave art of the Upper Paleolithic and farming settlements of the British Isles, Central Europe, Iberia, Scandinavia, the Balkans and Eastern Europe--as well as ancient texts revealing beliefs and practices which pre-exist Christian influence and are foundational for future cultural developments.  
*prereq: ENGL 12000*  
3 hrs 3 cr.

**REL 21100 - The Sacred Sky: Astrology in World Religions (W)**

GER 2C  
Astrology is a belief system that exists cross-culturally because the sky is an omnipresent cultural resource, and while different civilizations have varied beliefs about the meaning of celestial activity, those beliefs share a common thread: the sky is sacred, and celestial activity is an expression of that sacrality. The names of the planets and the stars, as well as their myths and stories may differ from tradition to tradition, but ancient astronomers of every culture studied celestial motion, detected patterns, understood those patterns to be cyclical, and believed they formed the basis of an orderly and precise cosmology.  
*prereq: ENGL 12000*  
3 hrs 3 cr.

**REL 25100 - Asian Religions (W)**
GER 2/C PD/A
Study of Hinduism, Buddhism, Jainism, Taoism and Confucianism.
prereq: ENGL 12000
3 hrs 3 cr.

REL 25200 - Ancient Near Eastern Religions (W)

GER 2/C PD/A
Study of Egyptian religion, religions of Sumer and Babylonia, religion of the early Hebrews (including the Old Testament).
prereq: ENGL 12000
3 hrs 3 cr.

REL 25300 - Abrahamic Religions (W)

GER 2/C PD/D
Study of Judaism, Christianity, and Islam— with some considerations of Zoroastrian parallels.
prereq: ENGL 12000
3 hrs 3 cr.

REL 25400 - Tribal Religions: From Australia to the Americas (W)

GER 2/C PD/A or B
Study of indigenous religions of Pacific Islanders and North American Indians.
prereq: ENGL 12000
3 hrs 3 cr.

REL 25500 - Religions of Two Gods (W)

GER 2/C PD/A
A survey of historical varieties of dualistic religion both classical and modern which inquires into the moral grounds for their recurring appeal.
prereq: ENGL 12000
3 hrs 3 cr.

REL 25600 - Afro-Caribbean Religions (W)

GER 2/C PD/B
An introduction to the diversity of African-based religions in the Caribbean and beyond.
prereq: ENGL 12000
3 hrs 3 cr.

REL 25700 - Religions of Ancient Central and South America (W)

GER 2C P/D B
Exploration of the religious traditions of several pre-Columbian cultures of Central and South America using both material culture and texts, and raising such central questions in the study of religion as the nature of cosmologies and their relation to ritual, architecture, and social organization. The course will also briefly consider if the thread of Mesoamerican, Central and South American religions still holds in the modern age, whether in modern syncretic religious movements or pockets of traditional life-ways.
prereq: ENGL 12000
3 hrs 3 cr.

REL 25800 - Religions of Ancient Europe (W)

Exploration of the religions of Europe before influence of the Classical Greek, Roman and Christian worlds. Areas covered include the material culture of pre-literate peoples--the prehistoric cave art of the Upper Paleolithic and farming settlements of the British Isles, Central Europe, Iberia, Scandinavia, the Balkans and Eastern Europe--as well as ancient texts revealing beliefs and practices which pre-exist Christian influence and are foundational for future cultural developments.
3 hrs 3 cr.

REL 26200 - Special Topics: Religious Traditions

Specialized study of specific religious traditions or groups of traditions. Different topic each time offered.
3 hrs 3 cr.

REL 31400 - Religion and Sports (W)

GER 3A
A study of sport using the methods and concerns of scholarship in religion, considering sports as a form of religious expression; and reflexively, an introduction to the concerns and methods of the academic study of religion by means of a concentration on sport. Course foci: a) the meaning of sport forms derivative of its religious setting in a sampling of traditional cultures; b) the values expressed in sport forms considered as rituals; c) the rise of team sports against the background of the reconsideration of the importance of the body in 19th century Western religion, and the emergence of the modern Olympic movement as part of a search for a religious alternative; and d) an arguable implicit spirituality of sport.
prereq: ENGL 12000
3 hrs 3 cr.

REL 32000 - Hinduism (W)

GER 3/A PD/A
Study of Hinduism, its development, history, literature, philosophy and religious practices.
prereq: ENGL 12000
3 hrs 3 cr.

REL 32100 - Buddhism (W)

GER 3/A PD/A
Study of Buddhism, its development, history, literature, philosophy and religious practices.
prereq: ENGL 12000
3 hrs 3 cr.

REL 32200 - Islam (W)

GER 3/A PD/A
Study of Islam, its development, history, literature, philosophy and religious practices.
prereq: ENGL 12000
3 hrs 3 cr.
REL 32300 - Christianity (W)

GER 3/A PD/D
Analysis of the Christian religion which employs methodologies of the academic study of religion and which aims to uncover the unity of Christian faith embodied in its various expressions.

prereq: ENGL 12000
3 hrs 3 cr.

REL 32400 - Islam and Buddhism (W)

GER 3/A PD/A
Study of Islam and Buddhism, their founders, development, beliefs, rituals and interaction.

prereq: ENGL 12000
3 hrs 3 cr.

REL 32600 - Religious Meanings of the Qurʾān (W)

GER 3A
This course introduces students to the study of the Qurʾān based on the traditional Islamic “sciences of the Qurʾān” (ʿUlūm al-Qurʾān). Using an introductory text on the Qurʾānic sciences, the course will introduce the traditional areas of concern in the Qurʾānic sciences: the revelation, transmission, form, language and style, hermeneutics, and principles and types of exegesis. The course will continue by introducing students to representative examples of the types of material referred to in the textbook. This material is chosen on the basis of (1) interest, (2) accessibility (especially the availability of English translations) and (3) the ability to give students some exposure to the variety of styles and approaches to the material available in the literature, introducing the students to representative examples of the types of material referred to in the introductory text. This material provides students with illustrative exposure to both classical and modern Muslim approaches to the Qurʾān and its exegesis.

prereq: Engl 12000
3 hrs 3 cr.

REL 33000 - New Testament Religion (W)

GER 3/A PD/D

prereq: ENGL 12000
3 hrs 3 cr.

REL 33300 - Christian Theology (W)

GER 3/A PD/D
An examination of key doctrines in Christian thought such as trinity, incarnation, existence of God and grace.

prereq: ENGL 12000
3 hrs 3 cr.

REL 33600 - Zen (W)

GER 3/A PD/A
An inquiry into the teachings of Chinese and Japanese Zen in light of their Buddhist and Daoist backgrounds.

prereq: ENGL 12000
3 hrs 3 cr.
REL 33700 - Sufism (W)

GER 3/A PD/A
A course on the esoteric or mystical dimension of Islam, known among Muslims as ta/awwuf, attending to the history, doctrine and metaphysics of the Sufi path.
prereq: ENGL 12000
3 hrs 3 cr.

REL 36200 - Special Topics: Religious Traditions

GER 3/A
Specialized study of specific religious tradition or groups of traditions. Different topic each time offered.
3 hrs 3 cr.

REL 41000 - Independent Study in Religion

Open to majors only. Individual research and writing on topic in religion under supervision of a religion professor.

May be taken a second or third time with another subject.
prereq: perm chair
hrs TBA 1-6 cr.

REL 45000 - Honors Seminar in Religion

Specialized study in religion. For religion majors or other advanced religion students. Different topic each time offered. May be taken a second or third time with another subject. One topic offered under REL 45000 or 49000 satisfies the course requirements for departmental honors.
prereq: five courses in religion or a major/CUNY-BA focus in religion and perm instr. or program director
3 hrs 3 cr.

REL 49000 - Honors Tutorial in Religion

Open to majors only. Individual research and writing on topic in religion under supervision of Religion Honors Committee. REL 49000 or one topic offered under REL 45000 satisfies the course requirements for departmental honors.
prereq: perm chair
hrs TBA 3-6 cr.

Program in Religion

Religion - BA

Return to: Religion Program Information

Major (24 cr)
All 24 credits are to be taken from courses listed under Categories I-IV. Both introductory courses (REL 11000, REL 11100) must be taken, followed by at least one course in theoretical studies, at least one course in religious issues, and at least one in religious traditions.

I. Introduction to the field of religion;

II. Theoretical studies in religion;

III. Issues in religion; and

IV. Religious traditions.

Courses listed under Category V are recommended as electives, but cannot count towards the 24 credits required for the major.

V. Related courses.
On becoming a major the student, in consultation with the director, will select one member of the program in Religion staff as his or her major adviser. Each religion major is required to consult with this adviser at least twice a year.

Religion Program Courses

Introduction to the Field of Religion

**REL 11000 - Nature of Religion (W)**

GER 2/C
Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.
3 hrs 3 cr.

**REL 11100 - Approaches to Religion (W)**

GER 2/C
Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.
prereq: ENGL 12000
3 hrs 3 cr.

Theoretical Studies in Religion

**ANTHC 30700 - Anthropology of Religion**

GER 3/B PD/A
Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.
3 hrs 3 cr.

**PHILO 26200 - Philosophy of Religion (W)**

GER 3/A
Philosophical examination of some religious questions and beliefs.
prereq: one course in philosophy or religion (see statement under Program Prerequisites)
3 hrs 3 cr.
REL 27000 - Religion and Psychology (W)

GER 2/C PD/D
An examination of ways in which psychology understands, describes, values (or devalues) religion using the media of text, story and film.
prereq: ENGL 12000
3 hrs 3 cr.

SOC 20500 - Sociology of Religion

GER 3/B
Comparative study of religion in human societies. Analysis of beliefs, myths and sacred attitudes.
prereq: SOC 10100
3 hrs 3 cr.

REL 39000 - Modern Theories of Religion (W)

GER 3/A PD/D
An interdisciplinary continuation of the study of methodological and theoretical issues begun in REL 11100, focusing on current debates and contemporary literature.
prereq: ENGL 12000, REL 11100
3 hrs 3 cr.

REL 26000 - Special Topics: Theoretical Studies in Religion

Specialized study of a methodological approach to the study of religion. Different topic each time offered.
3 hrs 3 cr.

REL 36000 - Special Topics: Theoretical Studies in Religion

GER 3/A
Specialized study of a methodological approach to study of religion. Different topic each time offered.
3 hrs 3 cr.

Issues in Religion

REL 20400 - Religious Experience (W)

GER 2/C PD/D
Cross-cultural analysis of religious experiences: Biblical, ancient Greek, Asian, modern Western.
prereq: ENGL 12000
3 hrs 3 cr.

REL 20500 - Faith and Disbelief (W)

GER 2/C PD/D
Examination of questions of faith and disbelief in modern Western thought.
prereq: ENGL 12000
3 hrs 3 cr.
REL 20600 - Ideas of God in Contemporary Western Thought (W)

GER 2/C PD/D
Survey of representative schools of current Western religious thought: Christian theism, metaphysical protest, process theology, feminist theology, liberation theology, beyond theism thought.
prereq: ENGL 12000
3 hrs 3 cr.

REL 20700 - Religious Sources for Morality (W)

GER 2/C PD/D
Religious reasons for determining good and evil; religious sources for ethical decisions.
prereq: ENGL 12000
3 hrs 3 cr.

REL 20800 - Religion and Social Justice (W)

GER 2/B PD/D
An exploration into religious perspectives on such social issues as war, race, the economy and gender relations.
prereq: ENGL 12000
3 hrs 3 cr.

REL 30700 - Religious Ideas in Modern Literature (W)

GER 3/A PD/D
Exploration of religious themes in modern literature.
prereq: ENGL 12000
3 hrs 3 cr.

REL 30800 - Religion and the Arts (W)

GER 3/A PD/D
Examination of religious themes in art, music, theatre, cinema, or literature. Different topics each time offered.
prereq: ENGL 12000
3 hrs 3 cr.

REL 30900 - The Religious Meanings of Love and Sex (W)

GER 3/A PD/D
Interdisciplinary investigation of the major ways humankind has understood the relation between the sexually erotic and religious realities.
prereq: ENGL 12000
3 hrs 3 cr.

REL 31000 - The Religious Meanings of Death (W)

GER 3/A PD/D
Consideration of the meaning of death in major world religions.
prereq: ENGL 12000
3 hrs 3 cr.
REL 31100 - Women and Religion (W)

GER 3/A PD/C
An examination of the role of women and the concept of the feminine in world religions.
*prereq:* ENGL 12000
3 hrs 3 cr.

REL 31200 - Religion and Politics (W)

GER 3/A PD/D
The role of political ideology in the shaping of religious belief and theology's influence on politics in Western and non-Western traditions, both conservative and radical.
*prereq:* ENGL 12000
3 hrs 3 cr.

REL 31300 - Spirit and Nature (W)

GER 3/A PD/D
An exploration of the ideas of nature and animal life in a representative sampling of the religious traditions of the world, inquiring into the implications for environmental policy and the treatment of animals.
*prereq:* ENGL 12000
3 hrs 3 cr.

REL 31500 - The Problem of Evil (W)

GER 3/A PD/D
Exploration of the religious meaning of evil in different cultures.
*prereq:* ENGL 12000
3 hrs 3 cr.

REL 33400 - Mysticism (W)

GER 3/A PD/D
Cross-cultural exploration of mystical experience and mystical doctrines, as well as an exploration of the various methods of studying them.
*prereq:* ENGL 12000
3 hrs 3 cr.

REL 33500 - Myth and Ritual (W)

GER 3/A PD/D
Cross-cultural exploration of myth and ritual and their place in various cultures; methodologies for analysis.
*prereq:* ENGL 12000
3 hrs 3 cr.

REL 34000 - Homosexuality in World Religions (W)

GER 3/A PD/C
A survey and analysis of typical ways in which homosexuality has been understood, evaluated and in some cases institutionalized in a variety of religious traditions, attending especially to implicit constructions of gender.
**prereq: ENGL 12000**

3 hrs 3 cr.

**REL 26100 - Special Topics: Issues in Religion**

Study of particular religious topics or thinkers. Different subject each time offered.

3 hrs 3 cr.

**REL 36100 - Special Topics: Issues in Religion**

GER 3/A

Study of particular religious topics or thinkers. Different subject each time offered.

3 hrs 3 cr.

**Religious Traditions**

**Eastern Religions**

**REL 25100 - Asian Religions (W)**

GER 2/C PD/A

Study of Hinduism, Buddhism, Jainism, Taoism and Confucianism.

**prereq: ENGL 12000**

3 hrs 3 cr.

**REL 32000 - Hinduism (W)**

GER 3/A PD/A

Study of Hinduism, its development, history, literature, philosophy and religious practices.

**prereq: ENGL 12000**

3 hrs 3 cr.

**REL 32100 - Buddhism (W)**

GER 3/A PD/A

Study of Buddhism, its development, history, literature, philosophy and religious practices.

**prereq: ENGL 12000**

3 hrs 3 cr.

**REL 33600 - Zen (W)**

GER 3/A PD/A

An inquiry into the teachings of Chinese and Japanese Zen in light of their Buddhist and Daoist backgrounds.

**prereq: ENGL 12000**

3 hrs 3 cr.

**PHILO 21900 - Chinese Philosophy (W)**
GER 3/A PD/A
Readings from the classics of Chinese philosophy found in Confucian, Taoist and Buddhist traditions.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

African and Afro-American Religions

REL 25600 - Afro-Caribbean Religions (W)

GER 2/C PD/B
An introduction to the diversity of African-based religions in the Caribbean and beyond.
prereq: ENGL 12000
3 hrs 3 cr.

AFPRL 22000 - African Spirituality in the Diaspora

GER 2/C PD/A or B
The nature and expressions of the spiritual ethos enabling the survival of classical African human values in dehumanizing circumstances during and after enslavement in North America, South America and the Caribbean.
3 hrs 3 cr.

AFPRL 32200 - African World View: Philosophy and Symbolic Thought (W)

GER 3/A PD/A
Examination of African religious systems, metaphysical conceptions and philosophy.
prereq: AFPRL 22000 or perm instr.
3 hrs 3 cr.
offered every other sem.

AFPRL 32300 - Islam and Christianity in Africa (W)

GER 3/A
Examination of relationship of Islam and Christianity to primary African religion and their political role in African history.
prereq: AFPRL 201 or 202 or 222 or perm instr.
3 hrs 3 cr.

AFPRL 36200 - Puerto Rican and Caribbean Religious Practices (W)

GER 3/A PD/A or B
Reading knowledge of Spanish suggested. Analysis of roots of folk religion in Indian, African and Spanish cultures. Religious syncretisms, popular imagery and ritual practices.
prereq: AFPRL 14100 or 24300
3 hrs 3 cr.

AFPRL 42000 - The Black Church and Social Change

GER 3/B
In-depth study of the sociopolitical role of Black church in political struggle of Black people with special emphasis on
Western Religions

**REL 25200 - Ancient Near Eastern Religions (W)**

GER 2/C PD/A  
Study of Egyptian religion, religions of Sumer and Babylonia, religion of the early Hebrews (including the Old Testament).

*prereq: ENGL 12000*

3 hrs 3 cr.

**REL 25300 - Abrahamic Religions (W)**

GER 2/C PD/D  
Study of Judaism, Christianity, and Islam-- with some considerations of Zoroastrian parallels.

*prereq: ENGL 12000*

3 hrs 3 cr.

**REL 25500 - Religions of Two Gods (W)**

GER 2/C PD/A  
A survey of historical varieties of dualistic religion both classical and modern which inquires into the moral grounds for their recurring appeal.

*prereq: ENGL 12000*

3 hrs 3 cr.

**HEBR 24000 - Introduction to the Old Testament**

GER 2/C PD/A  
Survey of the books of the Old Testament, their form, content and cultural background. Introduction to the tools and methods of modern biblical criticism.

3 hrs 3 cr.

**HEBR 25900 - Old Testament Religion**

GER 2/C PD/A  
Comprehensive survey of ancient Israelite religious practice, expression and thought as reflected in Hebrew Bible.

3 hrs 3 cr.

**HEBR 28600 - Ancient Near Eastern Literature and the Bible**

GER 3/A PD/A  
Comparative study of ancient Near Eastern literature and the Hebrew Bible.

3 hrs 3 cr.

**HEBR 29200 - The Hebrew Prophets**
GER 2/C PD/A
Study of phenomenon of prophecy in ancient Israel and its contribution to historical, ethical and religious thought.
3 hrs 3 cr

HEBR 29400 - Job, Ecclesiastes and the Human Predicament

GER 3/A PD/A
Study of form, content and religious significance of these two enigmatic masterworks.
3 hrs 3 cr

HIST 21000 - History of Judaism

GER 2/B
Survey of the Jewish religious tradition with attention to interactions between Judaism and other religions and to the role of Judaism in the formation of Christianity and Islam.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 30900 - Jewish History in the Ancient World

GER 3/B PD/A
The Jewish people from its origins in late antiquity; social and intellectual developments from biblical to Talmudic times.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 31000 - Jewish History in the Medieval and Early Modern Periods

GER 3/B PD/D
The Jewish people from late antiquity to 17th century; social and legal status under Islamic and Christian rulers; religious and intellectual movements.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

GER 3/B PD/D
From the 18th century to the present: Enlightenment, Jewish emancipation and nationalism, a Jewish state; anti-Semitism and the Holocaust; recent trends.
Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

CLA 30300 - Religion of Ancient Greece (W)

GER 3/A
The Ancient Greek religious experience: official rites, mystery cults, oracles, personal religious belief, and practice.
prereq: ENGL 12000, CLA 10100 or 20100
3 hrs 3 cr.
CLA 30400 - Pagans and Christians (W)

GER 3/A PD/D
Transformation of classical culture in late antiquity: religion, philosophy, mysticism, magic, astrology.
*prereq: ENGL 12000; CLA 20100 or 20300*
3 hrs 3 cr.

REL 33000 - New Testament Religion (W)

GER 3/A PD/D
*prereq: ENGL 12000*
3 hrs 3 cr.

REL 32300 - Christianity (W)

GER 3/A PD/D
Analysis of the Christian religion which employs methodologies of the academic study of religion and which aims to uncover the unity of Christian faith embodied in its various expressions.
*prereq: ENGL 12000*
3 hrs 3 cr.

REL 33300 - Christian Theology (W)

GER 3/A PD/D
An examination of key doctrines in Christian thought such as trinity, incarnation, existence of God and grace.
*prereq: ENGL 12000*
3 hrs 3 cr.

HIST 31400 - Ancient and Medieval Christianity (W)

GER 3/B PD/D
The development of Christianity from Jesus to Luther; theology and mysticism, lay and monastic spirituality; the papacy and dissidents; gender and sexuality; relations with Judaism and Islam.
*Courses at the 300-level and above not offered to freshmen.*
*prereq or coreq: ENGL 12000*
3 hrs 3 cr.

HIST 31500 - Christianity in Modern Times

GER 3/B
Not offered to freshmen. Transformation of Christianity since the Reformation, Enlightenment and modern political and intellectual challenges.
3 hrs 3 cr.

HIST 31600 - History of Religion in the United States

GER 3/B
Changing European churches and indigenous American sects; their architecture, leaders and ideas.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

**REL 32200 - Islam (W)**

GER 3/A PD/A
Study of Islam, its development, history, literature, philosophy and religious practices.
*prereq: ENGL 12000*
3 hrs 3 cr.

**REL 32400 - Islam and Buddhism (W)**

GER 3/A PD/A
Study of Islam and Buddhism, their founders, development, beliefs, rituals and interaction.
*prereq: ENGL 12000*
3 hrs 3 cr.

**REL 33700 - Sufism (W)**

GER 3/A PD/A
A course on the esoteric or mystical dimension of Islam, known among Muslims as ta'awwuf, attending to the history, doctrine and metaphysics of the Sufi path.
*prereq: ENGL 12000*
3 hrs 3 cr.

Tribal Religions

**REL 25400 - Tribal Religions: From Australia to the Americas (W)**

GER 2/C PD/A or B
Study of indigenous religions of Pacific Islanders and North American Indians.
*prereq: ENGL 12000*
3 hrs 3 cr.

Special Topics in Traditions

**REL 26200 - Special Topics: Religious Traditions**

Specialized study of specific religious traditions or groups of traditions. Different topic each time offered.
3 hrs 3 cr.

**REL 36200 - Special Topics: Religious Traditions**

GER 3/A
Specialized study of specific religious tradition or groups of traditions. Different topic each time offered.
3 hrs 3 cr.

Independent Study
REL 41000 - Independent Study in Religion

Open to majors only. Individual research and writing on topic in religion under supervision of a religion professor.

*May be taken a second or third time with another subject.*

**prereq:** perm chair

**hrs TBA 1-6 cr.**

Honors

To qualify for departmental honors, a student must take either of the following completing either with a grade of B or above and achieving a final GPA in religion major courses of at least 3.5 and a final cumulative GPA of at least 3.0.

REL 45000 - Honors Seminar in Religion

Specialized study in religion. For religion majors or other advanced religion students. Different topic each time offered. May be taken a second or third time with another subject. One topic offered under REL 45000 or 49000 satisfies the course requirements for departmental honors.

**prereq:** five courses in religion or a major/CUNY-BA focus in religion and perm instr. or program director

**3 hrs 3 cr.**

REL 49000 - Honors Tutorial in Religion

Open to majors only. Individual research and writing on topic in religion under supervision of Religion Honors Committee. REL 49000 or one topic offered under REL 45000 satisfies the course requirements for departmental honors.

**prereq:** perm chair

**hrs TBA 3-6 cr.**

Related Courses

**AFPRL 14100 - Puerto Rican Folklore**

GER 2/C PD/A or B
Study of Puerto Rican folklore: traditional beliefs, legends, religious rites and typical music.

**3 hrs 3 cr.**

**AFPRL 22200 - African Civilization**

GER 2/C PD/A
Introduction to study of African civilization.

**3 hrs 3 cr.**

**CHIN 11100 - Chinese Culture I**

GER 2/C PD/A
Introduction to Chinese culture with emphasis on classical tradition. Lectures and readings in English.

**3 hrs 3 cr.**
CHIN 11200 - Chinese Culture II

GER 2/C PD/A
Emphasis on modern transformation against background of classical tradition. Lectures and readings in English.
3 hrs 3 cr.

CLA 10100 - Classical Mythology

GER 2/C PD/D
Greek and Roman myth as represented in ancient art and literature, with emphasis on modern interpretations and theories.
3 hrs 3 cr.

CLA 30200 - Comparative Backgrounds of Classical Mythology (W)

GER 3/A PD/D
Mythological systems that bear on classical myth, including Egyptian, Mesopotamian, Hittite, Ugaritic, and Celtic myths.
prereq: ENGL 12000; CLA 10100
3 hrs 3 cr.

HEBR 21400 - Maimonides' Guide to the Perplexed

GER 3/A PD/D
Study of this work in English with reference to Maimonides' influence on development of medieval Aristotelianism.
3 hrs 3 cr.

HEBR 28100 - Masterpieces of Ancient Hebraic Literature in Translation (W)

GER 3/A
Study of Hebrew classics and collateral works against background of Jewish history and ancient civilization.
3 hrs 3 cr.

HEBR 28400 - Images of Women in the Old Testament, in Translation

GER 3/A PD/C
Depiction of women in ancient Israelite prose and poetry. Close reading and analysis of texts in terms of literary techniques, cultural background and ideological implications.
3 hrs 3 cr.

HEBR 28800 - Ancient Hebraic Folklore

GER 2/C PD/A
Analysis and comparative study of folk beliefs, practices and literature reflected in Hebrew Bible, apocryphal literature and rabbinic Aggada.
3 hrs 3 cr.

GER 2/C PD/A
Study of Biblical sources in translation in relation to major archaeological discoveries in Israel and Near East.
3 hrs 3 cr

HEBR 29500 - Ancient Hebrew Law

GER 2/C PD/A
Historical and comparative study of Biblical and rabbinic law.
3 hrs 3 cr

HEBR 29600 - The Dead Sea Scrolls in English

GER 3/A PD/A
Readings in the various genres of the scrolls; historical background of Qumran sect; significance of the scrolls for study of Judaism and Christianity.
3 hrs 3 cr

ANTHC 30600 - Folklore and Myth

GER 3/B
Cultural and psychological functions and symbolic meanings.
3 hours 3 credits

Minor in Religion

The Minor in Religion consists of four courses for a total of 12 credits.

The following two courses are required:

REL 11000 - Nature of Religion (W)

GER 2/C
Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.
3 hrs 3 cr.

REL 11100 - Approaches to Religion (W)

GER 2/C
Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.

prereq: ENGL 12000
3 hrs 3 cr.

Also required for the Minor in Religion:

a) one course to be chosen from those listed under the category “Religious Traditions”; and

b) one course from the category “Issues in Religion” reflecting a theme central to the religious tradition in which the student has chosen to focus, to be selected in consultation with a Religion Program adviser.

At least one course presented in satisfaction of the minor must be a 300-level course.
Programs and Courses in Africana and Puerto Rican/Latino Studies

Africana and Puerto Rican/Latino Studies

About the Department

The Department of Africana and Puerto Rican/Latino Studies is comprised of Africana and Puerto Rican/Latino sequences. It offers an inter-disciplinary course of study combining humanities and social sciences approaches in the School of Arts and Sciences. The curriculum is devoted to the history and cultures of these two heritages. The Africana sequence focuses on the experiences of African people on the continent and those in the diaspora. The Puerto Rican/Latino sequence addresses issues related to Puerto Ricans, Dominicans and Cubans in the Islands as well as the experiences of Latinos in the U.S. Where applicable, the similarities and common experiences of the sequences are emphasized.

Because of the department’s emphasis on intellectual, analytical and research development, the student with a background in Africana and Puerto Rican/Latino Studies is well prepared to enter the job market or to pursue graduate or professional study. Education, law, journalism, social work, urban planning, public health, medicine, nursing, business, politics, international affairs and government are some of the fields in which students can utilize a background in Africana and Puerto Rican/Latino Studies. Generally, occupations in the public sector, central cities and urban institutions, as well as jobs involving intergroup and intercultural relations, also benefit from such a background.

Undergraduate Major

Africana and Puerto Rican/Latino Studies - BA

Program of Study

Given the interdisciplinary organization of the department, students may elect to concentrate their program of study in the Africana sequence, Puerto Rican/Latino sequence or a combination of both with courses from social sciences and humanities offered by the department.

Major

The major consists of 30 credits. Courses to be taken are as follows:

6 credits from among

**AFPRL 20100 - African History from Human Origins to 1600 CE**

GER 2/B PD/A
African history from ancient times with emphasis on endogenous African development of civilizations and complex economic, technological and cultural systems over time.
*3 hrs 3 cr.*

**AFPRL 20200 - African History Since 1600 CE**

GER 2/B PD/A
Main currents of African history from 1600 CE to present
*3 hrs 3 cr.*

**AFPRL 20300 - African American History I**

GER 2/B PD/B
Survey of historical experiences of African people in U.S. from 16th century to end of Civil War.
*3 hrs 3 cr.*

**AFPRL 20400 - African American History II**

GER 2/B PD/B
Survey of historical experiences of African people in U.S. from 16th century to end of Civil War.
*3 hrs 3 cr.*

**AFPRL 20900 - Introduction to Caribbean History to 1900**

GER 2/B PD/A
Introduction to the major themes in Caribbean history to 1900.
**AFPRL 21000 - Introduction to Caribbean History: 1900 - Present**

GER 2/B PD/A

Introduction to the major themes in Caribbean history after 1900.

*prereq: ENGL 12000
3 hrs 3 cr.*

**AFPRL 24100 - Puerto Rican History to 1897**

GER 2/B PD/A

An examination of Taino society, Spanish colonialism, slave economy and the development of nationhood in the 19th century.

*3 hrs 3 cr.*

**AFPRL 24200 - Puerto Rican History Since 1898**

GER 2/B PD/A

Sociohistorical, political and economic analysis of Puerto Rico dating from the U.S. invasion to the present.

*3 hrs 3 cr.*

3 credits from

**AFPRL 28100 - Fieldwork in African American/Latino Communities**

Fieldwork involvement and sociopolitical analysis of a community organization in the Black and/or Puerto Rican/Latino communities.

*Course open to Majors and Minors Only
3 hrs 3 cr. each*

21 credits

- Of which at least 12 must be taken at the 300 and/or 400 level. At least 3 credits must be taken in Puerto Rican/Latino studies if the student’s concentration is in Africana studies and vice versa.

**Minor in Africana and Puerto Rican/Latino Studies**

The Department of Africana & Puerto Rican/Latino Studies offers a 12-credit minor that requires students to successfully complete two 100/200 level courses and two 300/400 level courses.

**Honors**

The honors research course, AFPRL 49900, is open to AFPRL upper seniors who have a 3.5 GPA in the major with a 3.0 GPA overall and have completed at least 24 credits including three AFPRL 300/400 level courses. In order to receive an honors endorsement, a student must receive a final grade of at least B+. Students who do not meet the requirement for an honors endorsement but have passed the course, will receive three credits without honors. The
research theme changes every academic year. The project is supervised by one full-time AFPRL faculty member but is read and graded by the supervisor and two additional AFPRL full-time faculty members.

**Undergraduate Minor**

**Minor in Africana & Puerto Rican/Latino Studies**

The Minor concentration consists of 12 credits chosen from Africana and Puerto Rican/Latino sequence courses as follows: 2 at the 100/200 and 2 at the 300/400 levels.

**The Africana & Puerto Rican/Latino Studies Minor**

The Minor concentration consists of 12 credits chosen from Africana and Puerto Rican/Latino sequence courses as follows: 2 at the 100/200 and 2 at the 300/400 levels.

**Africana and Puerto Rican/Latino Studies**

**AFPRL 10000 - Introduction to Black Politics**

General survey of politics of African world with major emphasis on politics in Black America.

*GER 2/B PD/B*

3 hrs 3 cr

**AFPRL 10100 - Introduction to Africana Studies**

Introduction to the history and culture of Africa and the African diaspora.

*GER 2/B PD/A or B*

3 hrs 3 cr.

**AFPRL 10200 - Latino Communities in the United States**

GER 2/B PD/B
Migration, ethnicity, community life and public policy issues of Latino groups compared to the Puerto Rican experience.
3 hrs 3 cr.

**AFPRL 10300 - Conquest and Resistance: Puerto Rican Experiences in Comparative Perspective**
GER 2/B PD/B
Introductory study of the Puerto Rican experience compared with experiences of Native and African Americans, Chicanos and Pacific Island peoples in the territorial expansion of the United States.
3 hrs 3 cr.

**AFPRL 14100 - Puerto Rican Folklore**

GER 2/C PD/A or B
Study of Puerto Rican folklore: traditional beliefs, legends, religious rites and typical music.
3 hrs 3 cr.

**AFPRL 14300 - The Image of the Puerto Rican National Identity in Its Literature**

PD/A
Analysis of literary works of Puerto Rican authors and their images of Puerto Rican society.
*prereq: ENGL 12000 and reading knowledge of Spanish*
3 hrs 3 cr.
offered fall only

**AFPRL 20100 - African History from Human Origins to 1600 CE**

GER 2/B PD/A
African history from ancient times with emphasis on endogenous African development of civilizations and complex economic, technological and cultural systems over time.
3 hrs 3 cr.

**AFPRL 20200 - African History Since 1600 CE**

GER 2/B PD/A
Main currents of African history from 1600 CE to present
3 hrs 3 cr.

**AFPRL 20300 - African American History I**

GER 2/B PD/B
Survey of historical experiences of African people in U.S. from 16th century to end of Civil War.
3 hrs 3 cr.

**AFPRL 20400 - African American History II**

GER 2/B PD/B
Survey of historical experiences of African people in U.S. from 16th century to end of Civil War.
3 hrs 3 cr.

**AFPRL 20500 - African American Politics of Social Change**

GER 2B PD/B
The Civil Rights Movement and social change in U.S. Since 1954.
3 hrs 3 cr.
**AFPRL 20600 - African Political and Social Change**

PD/A
Introductory study of political and social change in Africa during the second half of the 20th century.
3 hrs 3 cr.

**AFPRL 20700 - African Caribbean Politics I**

PD/A
Examines political economy of slavery and colonialism and responses of Caribbean people from 1492 to political independence.
3 hrs 3 cr.

**AFPRL 20800 - African Caribbean Politics II**

PD/A
Begins with attainment of political independence by major Caribbean countries; focuses on nation building.
*prereq: AFPRL 20700*
3 hrs 3 cr.

**AFPRL 20900 - Introduction to Caribbean History to 1900**

GER 2/B PD/A
Introduction to the major themes in Caribbean history to 1900.
*prereq: ENGL 12000*
3 hrs 3 cr.

**AFPRL 21000 - Introduction to Caribbean History: 1900 - Present**

GER 2/B PD/A
Introduction to the major themes in Caribbean history after 1900.
*prereq: ENGL 12000*
3 hrs 3 cr.

**AFPRL 21100 - Black Economic History**

Survey of economic behavior of Black Americans since 1619, with African background.
3 hrs 3 cr.

**AFPRL 22000 - African Spirituality in the Diaspora**

GER 2/C PD/A or B
The nature and expressions of the spiritual ethos enabling the survival of classical African human values in dehumanizing circumstances during and after enslavement in North America, South America and the Caribbean.
3 hrs 3 cr.

**AFPRL 22200 - African Civilization**
GER 2/C PD/A
Introduction to study of African civilization.
3 hrs 3 cr.

AFPRL 23500 - African Literature (W)
GER 2/A PD/A
Introduction to contemporary African literature originally written in English. The course is conducted in English; all course requirements are in English.
prereq: ENGL 12000
3 hrs 3 cr.

AFPRL 23600 - African American Literature (W)
GER 2/A PD/B
Introduction to African American writing, from earliest expressions to present.
prereq: ENGL 12000
3 hrs 3 cr.

AFPRL 23700 - African Caribbean Literature (W)
GER 2/A PD/B or B
Introduction to the historical development and major artistic preoccupations of Caribbean literature. The course is conducted in English; all course requirements are in English.
prereq: ENGL 12000
3 hrs 3 cr.

AFPRL 23800 - Introduction to the Literature of the African Diaspora (W)
Introduction to a cross-section of texts that contribute to the creation and development of an African Diaspora literary tradition.

GER 2/A PD/A or B
prereq: ENGL 12000
3 hrs 3 cr

AFPRL 24100 - Puerto Rican History to 1897
GER 2/B PD/A
An examination of Taino society, Spanish colonialism, slave economy and the development of nationhood in the 19th century.
3 hrs 3 cr.

AFPRL 24200 - Puerto Rican History Since 1898
GER 2/B PD/A
Sociohistorical, political and economic analysis of Puerto Rico dating from the U.S. invasion to the present.
3 hrs 3 cr.

AFPRL 24300 - Puerto Rican Culture
GER 2/C PD/A or B
General study of Puerto Rican culture and ethnic mixtures that went into making of that culture.
3 hrs 3 cr.

**AFPRL 24400 - Puerto Ricans in the United States**

GER 2/B PD/B
Survey of the origins, contemporary and future development of Puerto Ricans in the United States.
3 hrs 3 cr.

**AFPRL 24500 - Puerto Rican Literature I**

PD/A
Analysis of the emergence and development of the various literary genres which surfaced during the 19th century in the literature of Puerto Rico. Discussion and analysis of major 19th century Puerto Rican authors (Hostos, Tapia and Zeno Gandia).
*prereq: SPAN 20200 or equiv. or perm instr.*
3 hrs 3 cr.

**AFPRL 24600 - Puerto Rican Literature II**

PD/A
Discussion and analysis of the literary and cultural evolution of Puerto Rico viewed through the works of key 20th century authors. Literary production from the 1960s onwards is emphasized.
*prereq: SPAN 20200 or equiv. or perm instr.*
3 hrs 3 cr.

**AFPRL 24700 - Puerto Ricans in the U.S. as a Literary Theme**

Analysis of literary texts dealing with Puerto Rican communities in U.S. and their migration experiences.
*prereq: ENGL 12000 and reading knowledge of Spanish*
3 hrs 3 cr.

**AFPRL 25500 - Puerto Rican/Latino Children in North American Schools**

PD/B
Survey of educational system viewed as an acculturating institution.
3 hrs 3 cr.

**AFPRL 27000 - Economic History of Puerto Ricans**

Stages of change in economic structures and labor conditions among Puerto Ricans in Puerto Rico and the U.S.
*prereq: AFPRL 24200 or 24400*
3 hrs 3 cr.

**AFPRL 28100 - Fieldwork in African American/Latino Communities**

Fieldwork involvement and sociopolitical analysis of a community organization in the Black and/or Puerto Rican/Latino communities.
Course open to Majors and Minors Only
3 hrs 3 cr. each

**AFPRL 29000 - Selected Topics in Africana and Puerto Rican/Latino Studies**

PD/A or B
Topics change according to instructor.
3 hrs 3 cr.

**AFPRL 30400 - Leaders and Movements of Black Urban Communities (W)**

GER 3/B PD/B
Personalities and movements that have influenced Black communities of U.S.; focuses mainly on 20th century.
prereq: AFPRL 20300 or 20400 or 20500
3 hrs 3 cr.

**AFPRL 30600 - Modern African International Relations (W)**

GER 3/B PD/A
Factors affecting relations among African states and between African and non-African states within international system.
prereq: AFPRL 20600 or perm instr.
3 hrs 3 cr.

**AFPRL 30700 - Contemporary African Politics (W)**

GER 3/B
Study of post-independence nationalism, political systems, regional and inter-nation cooperation of African nations.
prereq: AFPRL 20600 or perm instr.
3 hrs 3 cr.

**AFPRL 30800 - Contemporary International Relations of the African-Caribbean (W)**

GER 3/B
Examination of the use of foreign policy for economic development in the Caribbean and as an instrument of transformation.
prereq: AFPRL 20700 or 21000 or perm instr.
3 hrs 3 cr.

**AFPRL 30900 - African-Americans and Africa (W)**

GER 3/B PD/A or B
Major evidence of Black American involvement and interest in Africa from 1775 to present.
prereq: AFPRL 20300 or 20400
3 hrs 3 cr.

**AFPRL 31000 - Modern Nigeria (W)**

GER 3/B
Detailed study of the historical development of modern Nigeria from the late 19th century to the present.
AFPRL 31300 - Slavery (W)

GER 3/B PD/A or B
Historical overview of slavery from Africa to the Americas.
prereq: AFPRL 20300 or 20900 or perm instr.
3 hrs 3 cr.

AFPRL 31800 - Women in Africa (W)

GER 3/B PD/C
Examination of African womanhood in traditional setting during colonialism and neo-colonialism, independence and revolution.
cross-listed WGSC 31800 (A Writing-intensive Course)
prereq: AFPRL 20200 or 22200 or perm instr.
3 hrs 3 cr.

AFPRL 31900 - Women in the African Diaspora (W)

GER 3/B PD/B or C
The cultural-historical role of women of African descent in North America and the Caribbean in relation to the family, to political resistance and in sustaining African culture and values.
cross-listed WGSC 32900 (W)
prereq: AFPRL 20400 or 20900 or 21000 or perm instr.
3 hrs 3 cr.

AFPRL 32000 - African-Caribbean Culture (W)

GER 3/A PD/A or B
prereq: AFPRL 20900 or 21000 or 22200
3 hrs 3 cr.

AFPRL 32100 - Caribbean Migration and New York City (W)

GER 3/B PD/A or B
An historical examination of the lives of Caribbean immigrants in New York City from the causes for emigration to the development of an ethnic community in the City.
prereq: ENGL 12000; AFPRL 20700, 20800, 20900, 21000, 30700 or 30800
3 hrs 3 cr

AFPRL 33600 - African-American Women Writers (W)

GER 3/A PD/C
African-American female authors from slavery to present: novels, short stories, essays, plays, poetry, teenage fiction and children's books.
cross-listed WGS 33600 (W)
prereq: AFPRL 23600 or perm instr.
3 hrs 3 cr.

AFPRL 33700 - Caribbean Women Writers (W)

GER 3/A
A study of some of the major preoccupations of Caribbean fiction, such as history, migration/travel, creolization, memory and language, from the perspectives of selected women writers, paying close attention to the historical, intellectual and cultural contexts that stimulated the production of these works.
cross-listed WGS 33700 (W)
prereq: AFPRL 23600 or 23700 or ENGL 22000 or WGS 10000
3 hrs 3 cr.

AFPRL 34200 - Political Nationalism in Puerto Rico (W)

GER 3/B PD/A
Nationalist ideology in Puerto Rico: its impact on contemporary political movements and economy.
prereq: AFPRL 24200 or perm instr.
3 hrs 3 cr.

AFPRL 35100 - Major Puerto Rican Figures (W)

GER 3/B PD/A or B
Theorists, poets and statesmen in formation of Puerto Rican nationality.
prereq: AFPRL 14300 or 24200 or 24300
3 hrs 3 cr.

AFPRL 35200 - Power Structure in Puerto Rico (W)

GER 3/B
Social analysis of class divisions, role of the economy and the United States presence in Puerto Rico.
prereq: AFPRL 24300 or 27000
3 hrs 3 cr.

AFPRL 35500 - The African Image in 19th and 20th century Spanish Antillean Poetry (W)

GER 3/A PD/A
The portrayal of the African image in Spanish Antillean poetry seen through the work and poetic trends of its major exponents.
prereq: AFPRL 14300 or SPAN 20800, reading knowledge of Spanish
3 hrs 3 cr.

AFPRL 35600 - Latino Literature in English (W)

GER 3/A PD/B
Latino writing in English in the U.S.; analysis of cultural, linguistic and ideological factors as found in the work of such authors as Sandra Cisneros (Chicana), Pedro Pietri (Puerto Rican) and Oscar Hijuelos (Cuban-American).
3 hrs 3 cr.
AFPRL 36000 - Politics in Puerto Rico (W)

GER 3/B
Analysis of the political status issue, development of political parties, national leadership and participation.
prereq: AFPRL 24200 or 34200 or perm instr.
3 hrs 3 cr.

AFPRL 36200 - Puerto Rican and Caribbean Religious Practices (W)

GER 3/A PD/A or B
Reading knowledge of Spanish suggested. Analysis of roots of folk religion in Indian, African and Spanish cultures. Religious syncretisms, popular imagery and ritual practices.
prereq: AFPRL 14100 or 24300
3 hrs 3 cr.

AFPRL 38400 - Poverty in Society (W)

GER 3/B
Causes and effects of deprivation, with emphasis on policy and program approaches for African Americans and Puerto Ricans/Latinos.
prereq: successful completion of any 2 AFPRL courses
3 hrs 3 cr.

AFPRL 38700 - Puerto Rican/Latino Politics in the United States (W)

GER 3/B PD/B
An analysis of the political participation and leadership of Puerto Ricans and other Latinos in the United States.
prereq: either AFPRL 10200, 24200 or 24400 or perm. Instr.
3 hrs 3 cr.

AFPRL 39000 - Research Topics in Africana and Puerto Rican/Latino Studies (W)

GER 3/A or B
Topics change according to instructor.
Open to Jr/Sr only.
3 hrs 3 cr.

AFPRL 42800 - Selected Topics in Africana and Puerto Rican/Latino Studies: Social Science

GER 3/B PD/B
Topics change according to instructor.
Pluralism and diversity requirements are dependent on the topic course.
prereq: perm dept.
3 hrs 3 cr.

AFPRL 42863 - Afro-Latino Culture and History

GER 3/B PD/A
3 hrs 3 cr.
AFPRL 44500 - Caribbean Short Story in Spanish: Readings and Theories

GER 3/A
A critical study of the short story genre in the Hispanic Caribbean viewed in conjunction with contemporary literary theory.
prereq or coreq: SPAN 20800
3 hrs 3 cr.

AFPRL 49900 - Honors

Individual research and 30 page honors essay based on assigned theme under supervision of a full-time AFPRL faculty member.
prereq: completion of 24 AFPRL credits including three 300/400 level courses; only open to AFPRL upper seniors with 3.5 major GPA and 3.0 cumulative GPA.
3 hrs 3 cr.

Africana and Puerto Rican/Latino Studies: Courses Less Frequently Offered

AFPRL 18100 - Language and Ethnic Identity

AFPRL 18200 - Culture and Ethnic Identity

AFPRL 24800 - Caribbean Spanish

AFPRL 27600 - The Puerto Rican Family

AFPRL 31400 - Blacks in Labor and Politics (W)

GER 3/B
Black labor from emancipation to present. Emphasis on period between New Deal and present.
prereq: AFPRL 20400 or 20500 or perm instr.
3 hrs 3 cr.

AFPRL 32200 - African World View: Philosophy and Symbolic Thought (W)

GER 3/A PD/A
Examination of African religious systems, metaphysical conceptions and philosophy.
prereq: AFPRL 22200 or perm instr.
3 hrs 3 cr.
offered every other sem.

AFPRL 32300 - Islam and Christianity in Africa (W)

GER 3/A
Examination of relationship of Islam and Christianity to primary African religion and their political role in African
AFPRL 32400 - African-American Ethnohistory (W)

Ethnohistorical survey of development of Black culture in the diaspora; reinterpretation of African forms in Western European environment.

Prereq: AFPRL 22000 or perm instr.
3 hrs 3 cr.

AFPRL 33000 - Autobiography as a Theme in Black Literature (W)

GER 3/A

Treatment of autobiographical works of Black authors in U.S., Caribbean and Africa during 19th and 20th centuries.

Prereq: AFPRL 23600 or perm instr
3 hrs 3 cr.

AFPRL 37000 - Sociolinguistic Fieldwork in Black and Puerto Rican/Latino Speech Communities (W)

GER 3/B

Sociolinguistic theory applied to linguistic varieties spoken in African American, African-Caribbean, Puerto Rican and other Latino communities.

Prereq: AFPRL 18100 or ANTHC 15100
3 hrs 3 cr.

AFPRL 40100 - Pan-Africanism

GER 3/B

Seminar traces development of Pan-Africanism through the 20th century.

Not open to freshmen.

Prereq: AFPRL 20200 or 20400 or 20600
3 hrs 3 cr.

AFPRL 40200 - African American Political Thought

GER 3/B

Comparative theorists; methods and ideological currents.

Prereq: AFPRL 20300 or 20400 or 20500
3 hrs 3 cr.

AFPRL 40300 - Development Strategies in the African-Caribbean

GER 3/B

Analysis of developmental strategies used by Caribbean nations after independence.

Prereq: AFPRL 20700 or 20800 or 20900 or 21000 or perm instr.
3 hrs 3 cr.

AFPRL 42000 - The Black Church and Social Change
GER 3/B
In-depth study of the sociopolitical role of Black church in political struggle of Black people with special emphasis on America.
*prereq: AFPRL 20300 or 20400 or 20500 or perm instr.*
3 hrs 3 cr.

**AFPRL 44200 - History of Puerto Rican Labor Movements**

GER 3/B
Historical development of Puerto Rican working class, its movements and organizations from 19th century to present.
*prereq: AFPRL 24200 or 27000*
3 hrs 3 cr.

**Swahili**

**SWA 10100 - Swahili I**

Introduction to Swahili, pronunciation and elements of grammar.
*Each credit for SWA 101 is not given until SWA 102 completed*
3 hrs 3 cr.

**SWA 10200 - Swahili II**

Introduction to Swahili, pronunciation and elements of grammar.
*Each credit for SWA 10100 is not given until SWA 10200 completed*
3 hrs 3 cr.

**SWA 20100 - Swahili III**

Grammar review, composition oral practice.
*prereq: SWA 10200 or demonstrated competence in speaking and writing*
3 hrs 3 cr.

**SWA 20200 - Swahili IV**

Review of morphology and syntax original composition, intensive oral practice.
*prereq: SWA 20100 or demonstrated competence as a native speaker*
3 hrs 3 cr.

**Yoruba**

**YOR 10100 - Yoruba I**
Elementary Yoruba. Introduction to language and culture of Yoruba People of Nigeria.  
Each credit for YOR 10100 is not given until YOR 10200 is completed  
3 hrs 3 cr. each

YOR 10200 - Yoruba II
Elementary Yoruba. Introduction to language and culture of Yoruba People of Nigeria.  
Each credit for YOR 10100 is not given until YOR 10200 is completed  
3 hrs 3 cr. each

YOR 20100 - Yoruba III
Writing and reading of Yoruba language, including study of grammar and syntax.  
prereq: YOR 10200 or demonstrated competence in speaking and writing  
3 hrs 3 cr.

YOR 20200 - Yoruba IV
Intensive writing and reading of Yoruba language and continuation of study of grammar and syntax.  
prereq: YOR 20100 or demonstrated competence as a native speaker  
3 hrs 3 cr.

Programs and Courses in Anthropology

Anthropology

About the Department

Anthropology is the study of past and present peoples. Among the social sciences, anthropology is distinguished by its comparative approach to peoples and cultures. As a major in a liberal arts curriculum, it provides students with basic and advanced training in all four branches of the discipline: cultural anthropology (ethnology), archaeology, biological anthropology and anthropological linguistics. Major and minor programs are designed to prepare students for postgraduate activities, which include graduate studies, research and policy-related work. Students are also prepared for careers in teaching, social work and employment in museums, government and industry, both domestic and overseas. Many use anthropology as a prelaw or premedical degree. Hunter College also offers a master of arts degree in anthropology; a doctoral degree in anthropology is offered by The City University of New York, of which Hunter is a senior college member.

Undergraduate Major

Anthropology - BA

Major

The anthropology major is designed to give students an overview of the discipline, as well as training in all four fields of the subject (archaeology, cultural anthropology and ethnology, anthropological linguistics and biological anthropology). The anthropology major consists of 25 credits [see table below]. To declare a major in anthropology, the student must have completed at least one course in anthropology with a C grade or better. In order to graduate with a major in anthropology, students must earn a C grade or better in all required courses and electives counted toward the major (effective for students declaring the major after September 1, 2007

Note: While ANTHC 10100 is a prerequisite for many courses in cultural anthropology, including some of the required courses, it is not itself included in the courses required for the major.

Major Requirements

Biological Anthropology: Human Evolution or Human Variation (4 cr.)

ANTHP 10100 - Human Evolution

GER 2/E
The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.
-or-

ANTHP 10200 - Human Variation

GER 2/E
Description and analysis of biological variation in living human populations. Both genetic and phenotypic variation
will be examined. Lab experiments and demonstrations.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

Linguistics: Intro to Linguistics (3 cr.)

**ANTHC 15100 - Introduction to Linguistics**

GER 2/B
Structure and analysis of human languages; language history; language in society, culture and mind; language universals.
3 hrs 3 cr.

Archaeology: Intro to Prehistoric Archaeology (3 cr.)

**ANTHC 12600 - Introduction to Prehistoric Archaeology**

GER 2/B
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs 3 cr.
offered every sem.

Research Design (3 cr.)

**ANTHC 31400 - Research Design in Anthropology**

GER 3/B
Introduction to basic principles of research design employed in anthropology.
prereq: ANTHC 10100
3 hrs 3 cr.

History of Anthropological Theory (3 cr.)

**ANTHC 31800 - History of Anthropological Theory**

GER 3/B PD/D
Changing approaches to the study of society and culture. Political and historical context of the development of theory, the link between theory and method and the impact of theory on policy.
prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

Elective courses (9 cr.)

(selected from above fields)

Total credits 25

Minor in Anthropology
There are two new rules about the minor. First, the minor department controls the minor. Second, the minor is no longer a degree requirement.

General Anthropology

The Anthropology Minor provides students an overview of the discipline through survey courses in each of the four primary subfields of anthropology. It is designed to help students appreciate the significance of, and relations between, language, biology, and culture, for human beings past and present. The minor consists of four courses for a total of 13 credits. In order to graduate with an Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

The minor includes the following three required courses:

**ANTHC 10100 - Introduction to Cultural Anthropology**

GER 2/B PD/A
Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.
3 hrs 3 cr.
offered every sem.

**ANTHC 12600 - Introduction to Prehistoric Archaeology**

GER 2/B
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs 3 cr.
offered every sem.

**ANTHC 15100 - Introduction to Linguistics**

GER 2/B
Structure and analysis of human languages; language history; language in society, culture and mind; language universals.
3 hrs 3 cr.

Plus one additional course selected from the following two options:

**ANTHP 10100 - Human Evolution**

GER 2/E
The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

**ANTHP 10200 - Human Variation**

GER 2/E
Description and analysis of biological variation in living human populations. Both genetic and phenotypic variation will be examined. Lab experiments and demonstrations.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

Minor in Linguistic Anthropology

The Linguistic Anthropology Minor introduces students to the comparative and interdisciplinary study of language as a cultural resource and speaking as a cultural practice. In its study of the ways in which language and culture are interrelated, linguistic anthropology often draws from linguistics, sociology, psychology, philosophy, communication studies, as well as education, semiotics, and ethnic and literary studies. The Minor consists of a minimum of 12 credits from any of the following courses, or other courses with approval of the departmental undergraduate adviser. In order to graduate with a Linguistic Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

ANTHC 15100 - Introduction to Linguistics

GER 2/B
Structure and analysis of human languages; language history; language in society, culture and mind; language universals.
3 hrs 3 cr.

ANTHC 35100 - Language in Culture and Society

GER 3/B
Sociolinguistics; ethnography of communication; languages and dialects; face-to-face interaction; bilingualism in social and political life; language, ideology and identity.
3 hrs 3 cr.

ANTHC 40100 - Seminars in Selected Topics

Topics TBA.

Minor in Anthropological Archaeology

The Anthropological Archaeology Minor introduces students to the study of past human societies and cultural diversity from an anthropological perspective. The minor consists of a minimum of 12 credits from the courses listed below, or other courses with the approval of the departmental undergraduate advisor. Only one non-ANTHC course from the following list may count towards the minor. In order to graduate with an Anthropological Archaeology Minor, students must earn a C grade or better in all the courses counted towards the minor.

ANTHC courses:

ANTHC 12600 - Introduction to Prehistoric Archaeology

GER 2/B
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs 3 cr.
offered every sem.
ANTHC 12700 - Introduction to Archaeological Techniques

Strategies of data collection; determination of age of deposits, environmental reconstruction, examination of artifacts.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 34600 - Analytic Methods in Archaeology

GER 3/B
Theory and methods of analysis of materials recovered from archaeological excavations and surveys.
prereq: ANTHC 12600 or perm instr.
5 hrs (3 hrs lec, 2 lab) 4 cr.

Non-ANTHC courses

ANTHP 10100 - Human Evolution

GER 2/E
The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

CLA 20400 - Introduction to Classical, Near Eastern, and Egyptian Archaeology (W)

GER 2/C
Introduction to ancient archaeology, including Greece and Rome, Mesopotamia, Egypt, Anatolia, and the Levant.
prereq: ENGL 12000
3 hrs 3 cr.

GEOG 10100 - People and Their Environment

GER 2/B
A broad overview of subjects and ideas in geography, possibly the most internally diverse of the social sciences. Covers the geographical aspects of topics including weather and climate, landforms, religions, food, cities, economics, culture, politics and much more. While students will be expected to understand the basics of each of the topics covered, the overarching emphasis will be on understanding the relationships among them. As such, the course builds from one topic to the next, ultimately stressing the sheer geographical complexity and wonder of modern life. interact with it. Contemporary economic, political and social patterns and problems are discussed.

3 hrs 3 cr.
offered fall and spring.

GEOL 10100 - Fundamentals of Geology
GER 2/E
Describes the earth and the forces that shape it. Topics of discussion will be the formation of the earth, plate tectonics, earth materials and geologic time. The goals of the course include introducing students to geology, 'systems thinking', the methods of scientific inquiry. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee.
6 hrs (3 lec, 3 lab) 4.5 cr.
Offered fall and spring.

Minor in Cultural Anthropology or Ethnology

The Cultural Anthropology Minor introduces students to the study of contemporary human cultures through a focus on cross-cultural similarities and differences in such areas as kinship, politics, economics, religion, sexuality, gender, and artistic production. The minor consists of a minimum of 12 credits from the courses listed below, as well as others that may be approved by the departmental undergraduate adviser. In order to graduate with a Cultural Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

**ANTHC 10100 - Introduction to Cultural Anthropology**

GER 2/B PD/A
Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.
3 hrs 3 cr.
offered every sem.

**ANTHC 21500 - The Anthropology of Black America (W)**

GER 3/B PD/B
Examines anthropological knowledge about Black America and the various socio-political contexts in which this body of scholarship has been produced. Focuses on the politics of knowledge production on Black culture.
prereq: ENGL 12000
3 hrs 3 cr.

**ANTHC 27500 - Reading Ethnographies (W)**

GER 3/B
Examines the most significant mode of writing within cultural anthropology: the ethnography. Students explore interpretive, theoretical and political issues in the representation of cultures through close reading and analysis of ethnographic texts.
prereq: ANTHC 10100 or perm instr. prereq or coreq: ENGL 12000
3 hrs 3 cr.

**ANTHC 30100 - Gender in Anthropological Perspective**

GER 3/B PD/C
Men and women in different societies, division of labor, socialization, stratification, political activism and gender construction.
cross-listed WGSC 30100
prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

**ANTHC 30900 - Countryside and City: Comparative Perspectives**
Rural-urban connections and the transformations that affect rural areas and peoples in diverse parts of the world.

prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

**ANTHC 31000 - Politics and Power in Anthropological Perspective**

GER 3/B PD/A
Leadership, conflict, inequality, decision-making and law in different societies; interaction of local politics with state and global institutions.

prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

**ANTHC 31800 - History of Anthropological Theory**

GER 3/B PD/D
Changing approaches to the study of society and culture. Political and historical context of the development of theory, the link between theory and method and the impact of theory on policy.

prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

**ANTHC 32000 - Problems in Anthropology**

GER 3/B
Topics TBA. Recent courses have looked at globalization, social movements and civil society, energy policy, women and economic development, international migration. Depending on topic, may meet PD/A, B, or C.

prereq: perm instr.
3 hrs 3 cr.
offered every sem.

**ANTHC 32200 - Family and Household in Anthropology and History**

GER 3/B PD/C
Examines variations in household structure and family relations across cultures and over time, focusing on the relationship between domestic arrangements and other aspects of society.

prereq or coreq: ANTHC 10100
3 hrs 3 cr.

**ANTHC 35100 - Language in Culture and Society**

GER 3/B
Sociolinguistics; ethnography of communication; languages and dialects; face-to-face interaction; bilingualism in social and political life; language, ideology and identity.
3 hrs 3 cr.

**ANTHC 40000 - Honors Projects**

prereq: perm chair
offered every sem.
Minor in Physical Anthropology

The Physical Anthropology Minor introduces students to the study of human evolution, including human variation, paleontology, genetics, and primatology. The Minor consists of a minimum of 12 credits. These must include ANTHP 10100 - Human Evolution (4 Cr). The remaining credits can be filled by any ANTHP courses. Also, one (and only one) non-ANTHP course from the following list may count towards the minor. In order to graduate with a Physical Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

Required course for the minor

ANTHP 10100 - Human Evolution

GER 2/E
The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

8 or more credits from any of the following courses (only one non-ANTHP course may be used for the Physical Anthropology Minor):

ANTHP 10200 - Human Variation

GER 2/E
Description and analysis of biological variation in living human populations. Both genetic and phenotypic variation will be examined. Lab experiments and demonstrations.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

ANTHP 30100 - Human Fossil Record

GER 3/B PD/C
The hominid fossil record of Africa, Asia and Europe. Human evolution as evidenced in fossil record.
prereq: ANTHP 10100, 10200, or equiv.
3 hrs 3 cr.

ANTHP 30200 - Human Genetics

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability
prereq: ANTHP 10100, 10200, or BIOL 10200
3 hrs 3 cr.

ANTHP 31000 - Primate Ecology and Behavior

GER 3/B
Examination of ecological factors responsible for the distribution and behavior of living primate species.
prereq: ANTHP 10100 or 10200 or BIOL 10000 or 10200
3 hrs 3 cr.

ANTHP 31100 - Primate Evolution
GER 3/B
Evolution of primate behavior and morphology; interdependence of ecology, behavior and morphology.
_prereq: ANTHP 10100 or perm instr._
3 hrs 3 cr.

**ANTHP 31200 - Primate Evolutionary Genetics**

Examines evolutionary relationships, social behavior, natural selection, disease, population history, demography, medicine and genomics. This course draws on readings from the primary literature.
_prereq: ANTHP 10100 or ANTHP 10200 or BIOL 10200 3 hrs 3 cr.

**ANTHP 31600 - Human Evolutionary Adaptations**

GER 3/B
Studies adaptive significance of distinctive biological features of human species, including brain size, secondary sexual characteristics, sparse body hair and use of complex language.
_prereq: ANTHP 10100 or 10200 or BIOL 10000 or 10200 3 hrs 3 cr.

**ANTHP 40100 - Seminars in Selected Topics**

Course provides in-depth study of specific topics in field of physical anthropology.
_prereq: prereq; depends on topic
3 hrs 3 cr.

Non-ANTHP courses

**ANTHC 12600 - Introduction to Prehistoric Archaeology**

GER 2/B
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs 3 cr.
_offered every sem.

**BIOL 10000 - Principles of Biology I**

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
_
*Material Fee: $5*

_PD credit awarded only upon completion of BIOL 10000 and 10200._
_prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
_fall only_

**BIOL 12000 - Anatomy and Physiology I**
Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.

Not accepted for credit toward the biology major.

prereq: CHEM 10000, 10100  
coreq: CHEM 12000, 12100

6 hrs (3 lec, 3 lab) 4.5 cr.

fall only

GEOL 10100 - Fundamentals of Geology

GER 2/E

Describes the earth and the forces that shape it. Topics of discussion will be the formation of the earth, plate tectonics, earth materials and geologic time. The goals of the course include introducing students to geology, "systems thinking", the methods of scientific inquiry. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee.

6 hrs (3 lec, 3 lab) 4.5 cr.

Offered fall and spring.

PSYCH 16000 - Evolution and Behavior

GER 2/B

Aggression, sleep, learning, communication, emotion, motivation and social behavior in human and other species; underlying mechanisms, development, evolutionary history.

prereq: PSYC 10000

3 hrs 3 cr.

Honors Work

Honors work is possible in each of the major branches of anthropology. The emphasis is on independent student research under the supervision of a faculty member. In order to graduate with departmental honors in anthropology, a student must: (1) have taken at least 2 credits of ANTHC 40000; (2) have a GPA in the major of not less than 3.5 and a cumulative GPA of not less than 2.8 at the time of graduation; and (3) complete a departmental honors form available from the departmental undergraduate adviser.

AN-C 400 Honors Project

(available to students in each of the four fields of anthropology) Open to qualified juniors and seniors every semester. Research under supervision of a faculty member. From 2 to 3 credits per semester, depending on the nature of the student’s work. May be taken for 1, 2, or 3 semesters for a maximum of 6 credits. To apply, students must (1) present a research plan prepared in conjunction with a faculty member; (2) have this plan approved by the undergraduate adviser and the department chair; and (3) obtain approval prior to preregistration.

The COR Program

The departments of psychology, anthropology and sociology jointly offer a program called COR (Career Opportunities in Research and Education). This interdisciplinary research training program for talented minority juniors and seniors is funded by the National Institute of Mental Health. Participants receive a monthly stipend and tuition and fee remission; they take a special curriculum and get individualized research training in a variety of areas under the supervision of a faculty mentor. The program has several levels of participation and all minority students — especially freshmen and sophomores — intending to pursue a research related career in the participating disciplines are urged to register with the program. Additional details and descriptive literature are available from the COR program manager, 532 Hunter North, (212) 772-4562.
Interdepartmental Fields

Students who want to do work in anthropology as part of an interdepartmental field, such as Africana and Puerto Rican/Latino studies, Latin American and Caribbean studies, religion, urban affairs and planning, or women and gender studies, should refer to descriptions under the department or field of their interest.

Undergraduate Major/Graduate Major

Anthropology - BA/MA

A special feature of the Hunter Anthropology Department is the innovative BA/MA program, designed to permit a small number of highly motivated students to begin graduate study before completing their undergraduate degrees. The program allows students to pursue the MA degree as part of the undergraduate curriculum by substituting graduate courses for electives in their degree programs. Participants fulfill all the requirements for the BA and MA degrees in anthropology. The total number of credits taken by the student is 130. At least 30 must be graduate credits (the same number of course credits required of a student admitted as a matriculated graduate student with a BA in hand). Graduate courses may fulfill undergraduate major requirements with the exception of ANTHP 10100 and ANTHP 10200. Applicants to the BA/MA program must have a minimum GPA of 3.25 and a minimum of 3.5 in their anthropology courses. Students must apply to the program early in their academic careers, usually before beginning the junior year.

Undergraduate Minor

Minor in Anthropological Archaeology

The Anthropological Archaeology Minor introduces students to the study of past human societies and cultural diversity from an anthropological perspective. The minor consists of a minimum of 12 credits from the courses listed below, or other courses with the approval of the departmental undergraduate advisor. Only one non-AN-C course from the following list may count towards the minor. In order to graduate with an Anthropological Archaeology Minor, students must earn a C grade or better in all the courses counted towards the minor.

Courses for the Minor

ANTHC 12600 - Introduction to Prehistoric Archaeology

GER 2/B
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs 3 cr.
offered every sem.

ANTHC 12700 - Introduction to Archaeological Techniques
Strategies of data collection; determination of age of deposits, environmental reconstruction, examination of artifacts.  
prereq: ANTHC 12600 or perm instr.  
3 hrs 3 cr.

**ANTHC 22600 - Archaeology of Africa**

GER 3/B PD/A  
Prehistory; origins, adaptations, cultural evolution of early hominids; origins of agriculture, early complex societies.  
prereq: ANTHC 12600 or perm instr.  
3 hrs 3 cr.

**ANTHC 23200 - Archaeology of South America and the Caribbean**

GER 3/B  
Sociocultural development from early hunter-gatherers to first pre-Hispanic states and empires.  
prereq: ANTHC 12600 or perm instr.  
3 hrs 3 cr.

**ANTHC 32000 - Problems in Anthropology**

GER 3/B  
Topics TBA. Recent courses have looked at globalization, social movements and civil society, energy policy, women and economic development, international migration. Depending on topic, may meet PD/A, B, or C.  
prereq: perm instr.  
3 hrs 3 cr.  
offered every sem.

**ANTHC 32600 - Rise of Old and New World Civilizations**

GER 3/B  
Theoretical and empirical examination of development of urbanism and state, in the Old and New Worlds.  
prereq: ANTHC 12600 or perm instr.  
3 hrs 3 cr.

**ANTHC 32700 - Prehistoric Cultural Ecology**

GER 3/B  
Survey of selected problems in human evolution and adaptation from an ecological perspective.  
prereq: ANTHC 12600 or perm instr  
3 hrs 3 cr.

**ANTHC 34600 - Analytic Methods in Archaeology**

GER 3/B  
Theory and methods of analysis of materials recovered from archaeological excavations and surveys.  
prereq: ANTHC 12600 or perm instr.  
5 hrs (3 hrs lec, 2 lab) 4 cr.

**ANTHC 42600 - Seminar in Archaeological Field Methods**
Introduction to field methods and techniques in survey and excavation; involves weekend fieldwork on nearby sites. Depending on topic, may meet PD/B or D.

*prereq: ANTHC 12600 or perm instr.*

3 hrs 3 cr.

Non ANTHC Courses:

**ANTHP 10100 - Human Evolution**

**GER 2/E**

The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.

*6 hrs (3 hrs lec, 3 hrs lab) 4 cr.*

*offered every sem.*

**CLA 20400 - Introduction to Classical, Near Eastern, and Egyptian Archaeology (W)**

**GER 2/C**

Introduction to ancient archaeology, including Greece and Rome, Mesopotamia, Egypt, Anatolia, and the Levant.

*prereq: ENGL 12000*

3 hrs 3 cr.

**GEOG 10100 - People and Their Environment**

**GER 2/B**

A broad overview of subjects and ideas in geography, possibly the most internally diverse of the social sciences. Covers the geographical aspects of topics including weather and climate, landforms, religions, food, cities, economics, culture, politics and much more. While students will be expected to understand the basics of each of the topics covered, the overarching emphasis will be on understanding the relationships among them. As such, the course builds from one topic to the next, ultimately stressing the sheer geographical complexity and wonder of modern life. Contemporary economic, political and social patterns and problems are discussed.

3 hrs 3 cr.

*offered fall and spring.*

**GEOL 10100 - Fundamentals of Geology**

**GER 2/E**

Describes the earth and the forces that shape it. Topics of discussion will be the formation of the earth, plate tectonics, earth materials and geologic time. The goals of the course include introducing students to geology, "systems thinking", the methods of scientific inquiry. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee.

*6 hrs (3 lec, 3 lab) 4.5 cr.*

*Offered fall and spring.*

**Minor in Anthropology**
The Anthropology Minor provides students an overview of the discipline through survey courses in each of the four primary subfields of anthropology. It is designed to help students appreciate the significance of, and relations between, language, biology, and culture, for human beings past and present. The minor consists of four courses for a total of 13 credits. In order to graduate with an Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

The minor includes the following three required courses:

**ANTHC 10100 - Introduction to Cultural Anthropology**

GER 2/B PD/A
Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.
3 hrs 3 cr.
offered every sem.

**ANTHC 12600 - Introduction to Prehistoric Archaeology**

GER 2/B
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs 3 cr.
offered every sem.

**ANTHC 15100 - Introduction to Linguistics**

GER 2/B
Structure and analysis of human languages; language history; language in society, culture and mind; language universals.
3 hrs 3 cr.

Plus one additional course selected from the following two options:

**ANTHP 10100 - Human Evolution**

GER 2/E
The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

-or-

**ANTHP 10200 - Human Variation**

GER 2/E
Description and analysis of biological variation in living human populations. Both genetic and phenotypic variation will be examined. Lab experiments and demonstrations.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.
Minor in Cultural Anthropology

The Cultural Anthropology Minor introduces students to the study of contemporary human cultures through a focus on cross-cultural similarities and differences in such areas as kinship, politics, economics, religion, sexuality, gender, and artistic production. The minor consists of a minimum of 12 credits from the courses listed below, as well as others that may be approved by the departmental undergraduate advisor. In order to graduate with a Cultural Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

Courses (12 cr.):

**ANTHC 10100 - Introduction to Cultural Anthropology**

GER 2/B PD/A  
Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.  
3 hrs 3 cr.  
offered every sem.

**ANTHC 20100 - The Middle East: Societies and Cultures**

GER 3/B PD/A  
Peasant, nomadic and urban society; kinship, ethnic, religious and ecological diversity; colonialism and modernization.  
3 hrs 3 cr.

**ANTHC 21400 - The Caribbean: Societies and Cultures**

GER 3/B PD/A  
Indigenous peoples, colonization and slavery; minorities, race relations; family life, religion and economy.  
3 hrs 3 cr.

**ANTHC 21500 - The Anthropology of Black America (W)**

GER 3/B PD/B  
Examines anthropological knowledge about Black America and the various socio-political contexts in which this body of scholarship has been produced. Focuses on the politics of knowledge production on Black culture.  
prereq: ENGL 12000  
3 hrs 3 cr.

**ANTHC 27500 - Reading Ethnographies (W)**

GER 3/B  
Examines the most significant mode of writing within cultural anthropology: the ethnography. Students explore interpretive, theoretical and political issues in the representation of cultures through close reading and analysis of ethnographic texts.  
prereq: ANTHC 10100 or perm instr. prereq or coreq: ENGL 12000  
3 hrs 3 cr.

**ANTHC 30100 - Gender in Anthropological Perspective**
GER 3/B PD/C
Men and women in different societies, division of labor, socialization, stratification, political activism and gender construction.
cross-listed WGSC 30100
prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

ANTHC 30700 - Anthropology of Religion

GER 3/B PD/A
Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.
3 hrs 3 cr.

ANTHC 30900 - Countryside and City: Comparative Perspectives

Rural-urban connections and the transformations that affect rural areas and peoples in diverse parts of the world.
prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

ANTHC 31000 - Politics and Power in Anthropological Perspective

GER 3/B PD/A
Leadership, conflict, inequality, decision-making and law in different societies; interaction of local politics with state and global institutions.
prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

ANTHC 31100 - Anthropology of Art

GER 3/B
Symbolic forms of human behavior; paleolithic cave art, tribal art, ethnomusicology.
3 hrs 3 cr.

ANTHC 31200 - Anthropological Approaches to Sexuality

GER 3/B PD/C
Documents the social construction of human sexuality through an examination of sexual variation cross-culturally and over recent history, including the development of sexually defined communities and identities within contemporary societies.
prereq: ANTHC 10100
3 hrs 3 cr.

ANTHC 31500 - Applied Anthropology

GER 3/B
Practical applications of theory and methods to contemporary social problems; community development; inter-cultural relations.
prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.
ANTHC 31800 - History of Anthropological Theory

GER 3/B PD/D
Changing approaches to the study of society and culture. Political and historical context of the development of theory, the link between theory and method and the impact of theory on policy.
_prereq: ANTHC 10100 or perm instr._
3 hrs 3 cr.

ANTHC 32000 - Problems in Anthropology

GER 3/B
Topics TBA. Recent courses have looked at globalization, social movements and civil society, energy policy, women and economic development, international migration. Depending on topic, may meet PD/A, B, or C.
_prereq: perm instr._
3 hrs 3 cr.
_offered every sem._

ANTHC 32200 - Family and Household in Anthropology and History

GER 3/B PD/C
Examines variations in household structure and family relations across cultures and over time, focusing on the relationship between domestic arrangements and other aspects of society.
_prereq or coreq: ANTHC 10100_
3 hrs 3 cr.

ANTHC 32500 - Special Projects and Independent Research in Anthropology

GER 3/B
_prereq: perm instr._
3 hrs 3 cr.
_offered every sem._

ANTHC 35100 - Language in Culture and Society

GER 3/B
Sociolinguistics; ethnography of communication; languages and dialects; face-to-face interaction; bilingualism in social and political life; language, ideology and identity.
3 hrs 3 cr.

ANTHC 40000 - Honors Projects

_prereq: perm chair_
_offered every sem._

ANTHC 40100 - Seminars in Selected Topics

Topics TBA.

Minor in Linguistic Anthropology
The Linguistic Anthropology Minor introduces students to the comparative and interdisciplinary study of language as a cultural resource and speaking as a cultural practice. In its study of the ways in which language and culture are interrelated, linguistic anthropology often draws from linguistics, sociology, psychology, philosophy, communication studies, as well as education, semiotics, and ethnic and literary studies.

Minor in Linguistic Anthropology

The Minor consists of a minimum of 12 credits from any of the following courses, or other courses with approval of the departmental undergraduate advisor. In order to graduate with a Linguistic Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

Choose from courses below:

**ANTHC 15100 - Introduction to Linguistics**

GER 2/B
Structure and analysis of human languages; language history; language in society, culture and mind; language universals.
3 hrs 3 cr.

**ANTHC 32000 - Problems in Anthropology**

GER 3/B
Topics TBA. Recent courses have looked at globalization, social movements and civil society, energy policy, women and economic development, international migration. Depending on topic, may meet PD/A, B, or C.
_prereq: perm instr._
3 hrs 3 cr.
_offered every sem._

**ANTHC 35100 - Language in Culture and Society**

GER 3/B
Sociolinguistics; ethnography of communication; languages and dialects; face-to-face interaction; bilingualism in social and political life; language, ideology and identity.
3 hrs 3 cr.

**ANTHC 35400 - Grammatical Analysis and Theory**

GER 3/B
Methods of syntax and morphology in work with diverse languages; syntactic theories and their development relative to universals, semantics, pragmatics, discourse.
_prereq: ANTHC 15100 or equiv._
3 hrs 3 cr.

**ANTHC 40100 - Seminars in Selected Topics**

Topics TBA.
Minor in Physical Anthropology

The Physical Anthropology Minor introduces students to the study of human evolution, including human variation, paleontology, genetics, and primatology. The Minor consists of a minimum of 12 credits. These must include ANTHP 101 Human Evolution (4 Cr). The remaining credits can be filled by any AN-P courses. Also, one (and only one) non-ANTHP course from the following list may count towards the minor. In order to graduate with a Physical Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

Required course for the Minor:

ANTHP 10100 - Human Evolution

GER 2/E
The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

8 or more credits from any of the following courses:

Note: Only one non-ANTHP may be used for the Physical Anthropology Minor.

ANTHP 10200 - Human Variation

GER 2/E
Description and analysis of biological variation in living human populations. Both genetic and phenotypic variation will be examined. Lab experiments and demonstrations.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

ANTHP 30100 - Human Fossil Record

GER 3/B PD/C
The hominid fossil record of Africa, Asia and Europe. Human evolution as evidenced in fossil record.
prereq: ANTHP 10100, 10200, or equiv.
3 hrs 3 cr.

ANTHP 30200 - Human Genetics

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability
prereq: ANTHP 10100, 10200, or BIOL 10200
3 hrs 3 cr.

ANTHP 31000 - Primate Ecology and Behavior

GER 3/B
Examination of ecological factors responsible for the distribution and behavior of living primate species.
prereq: ANTHP 10100 or 10200 or BIOL 10000 or 10200
3 hrs 3 cr.

ANTHP 31100 - Primate Evolution

GER 3/B
Evolution of primate behavior and morphology; interdependence of ecology, behavior and morphology.
prereq: ANTHP 10100 or perm instr.
3 hrs 3 cr.

ANTHP 31200 - Primate Evolutionary Genetics

Examines evolutionary relationships, social behavior, natural selection, disease, population history, demography, medicine and genomics. This course draws on readings from the primary literature.
prereq: ANTHP 10100 or ANTHP 10200 or BIOL 10200
3 hrs 3 cr.

ANTHP 31600 - Human Evolutionary Adaptations

GER 3/B
Studies adaptive significance of distinctive biological features of human species, including brain size, secondary sexual characteristics, sparse body hair and use of complex language.
prereq: ANTHP 10100 or 10200 or BIOL 10000 or 10200
3 hrs 3 cr.

ANTHP 40100 - Seminars in Selected Topics

Course provides in-depth study of specific topics in field of physical anthropology.
prereq: prereq; depends on topic
3 hrs 3 cr.

Non ANTHP Courses:

ANTHC 12600 - Introduction to Prehistoric Archaeology

GER 2/B
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs 3 cr.
offered every sem.

BIOL 10000 - Principles of Biology I

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

**BIOL 12000 - Anatomy and Physiology I**

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.
*Not accepted for credit toward the biology major.*
*prereq: CHEM 10000, 10100 coreq: CHEM 12000, 12100*
6 hrs (3 lec, 3 lab) 4.5 cr.
fall only

**GEOL 10100 - Fundamentals of Geology**

GER 2/E
Describes the earth and the forces that shape it. Topics of discussion will be the formation of the earth, plate tectonics, earth materials and geologic time. The goals of the course include introducing students to geology, "systems thinking", the methods of scientific inquiry. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee.
6 hrs (3 lec, 3 lab) 4.5 cr.
Offered fall and spring.

**PSYCH 16000 - Evolution and Behavior**

GER 2/B
Aggression, sleep, learning, communication, emotion, motivation and social behavior in human and other species; underlying mechanisms, development, evolutionary history.
*prereq: PSYC 10000*
3 hrs 3 cr.

**Anthropology: Archaeology**

**ANTHC 12600 - Introduction to Prehistoric Archaeology**

GER 2/B
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs 3 cr.
offered every sem.

**ANTHC 12700 - Introduction to Archaeological Techniques**

Strategies of data collection; determination of age of deposits, environmental reconstruction, examination of artifacts.
*prereq: ANTHC 12600 or perm instr.*
3 hrs 3 cr.

**ANTHC 22600 - Archaeology of Africa**

GER 3/B PD/A
Prehistory; origins, adaptations, cultural evolution of early hominids; origins of agriculture, early complex societies.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 22700 - Archaeology of Europe

GER 3/B PD/D
Prehistory; early hunting and gathering adaptations, beginnings of sedentary village life, development of complex societies.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 22800 - Archaeology of the Near East to 2000 BC

GER 3/B PD/A
Sociocultural development of Near East from early hunter-gatherers to first states and empires.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 23000 - Prehistory of North American Indians

GER 3/B
Examination of adaptation and change in prehistoric cultural systems, employing archaeological and ethnohistorical sources.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 23100 - Archaeology of Mesoamerica

GER 3/B
Sociocultural development from early hunter-gatherers to first pre-Hispanic states and empires.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 23200 - Archaeology of South America and the Caribbean

GER 3/B
Sociocultural development from early hunter-gatherers to first pre-Hispanic states and empires.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 32600 - Rise of Old and New World Civilizations

GER 3/B
Theoretical and empirical examination of development of urbanism and state, in the Old and New Worlds.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 32700 - Prehistoric Cultural Ecology
GER 3/B
Survey of selected problems in human evolution and adaptation from an ecological perspective.
prereq: ANTHC 12600 or perm instr
3 hrs 3 cr.

ANTHC 34600 - Analytic Methods in Archaeology

GER 3/B
Theory and methods of analysis of materials recovered from archaeological excavations and surveys.
prereq: ANTHC 12600 or perm instr.
5 hrs (3 hrs lec, 2 lab) 4 cr.

ANTHC 42600 - Seminar in Archaeological Field Methods

Introduction to field methods and techniques in survey and excavation; involves weekend fieldwork on nearby sites. Depending on topic, may meet PD/B or D.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

Anthropology: Biological Anthropology, Genetics and Paleontology

ANTHP 10100 - Human Evolution

GER 2/E
The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

ANTHP 10200 - Human Variation

GER 2/E
Description and analysis of biological variation in living human populations. Both genetic and phenotypic variation will be examined. Lab experiments and demonstrations.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

ANTHP 21400 - Theory of Evolution

History of and major debates in evolutionary theory, with particular emphasis on human evolution.
prereq: ANTHP 10100, 10200, or equiv.
3 hrs 3 cr.

ANTHP 30100 - Human Fossil Record
ANTHP 30200 - Human Genetics

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability.

prereq: ANTHP 10100, 10200, or BIOL 10200
3 hrs 3 cr.

ANTHP 31000 - Primate Ecology and Behavior

GER 3/B
Examination of ecological factors responsible for the distribution and behavior of living primate species.

prereq: ANTHP 10100 or 10200 or BIOL 10000 or 10200
3 hrs 3 cr.

ANTHP 31100 - Primate Evolution

GER 3/B
Evolution of primate behavior and morphology; interdependence of ecology, behavior and morphology.

prereq: ANTHP 10100 or perm instr.
3 hrs 3 cr.

ANTHP 31200 - Primate Evolutionary Genetics

Examines evolutionary relationships, social behavior, natural selection, disease, population history, demography, medicine and genomics. This course draws on readings from the primary literature.

prereq: ANTHP 10100 or ANTHP 10200 or BIOL 10200
3 hrs 3 cr.

ANTHP 31600 - Human Evolutionary Adaptations

GER 3/B
Studies adaptive significance of distinctive biological features of human species, including brain size, secondary sexual characteristics, sparse body hair and use of complex language.

prereq: ANTHP 10100 or 10200 or BIOL 10000 or 10200
3 hrs 3 cr.

ANTHP 40100 - Seminars in Selected Topics

Course provides in-depth study of specific topics in field of physical anthropology.

prereq: prereq; depends on topic
3 hrs 3 cr.

Anthropology: Cultural Anthropology and Ethnology
ANTHC 10100 - Introduction to Cultural Anthropology

GER 2/B PD/A
Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.
3 hrs 3 cr.
offered every sem.

ANTHC 20000 - Africa: Societies and Cultures

GER 3/B PD/A
Pre-colonial, colonial and contemporary communities, subsistence and exchange systems and ecological adaptations.
3 hrs 3 cr.

ANTHC 20100 - The Middle East: Societies and Cultures

GER 3/B PD/A
Peasant, nomadic and urban society; kinship, ethnic, religious and ecological diversity; colonialism and modernization.
3 hrs 3 cr.

ANTHC 20400 - East Asia: Societies and Cultures

GER 3/B PD/A
Historical and regional variation in various East Asian societies, with a focus on political economy, family, kinship, community and national minorities.
3 hrs 3 cr.

ANTHC 21100 - Native North America: Societies and Cultures

GER 3/B PD/A or B
Adaptive strategies and cultural variations in pre and post-contact periods; problems in contemporary societies.
3 hrs 3 cr.

ANTHC 21300 - Latin America: Societies and Cultures

GER 3/B PD/A
Development and organization of tropical forest Indians, hacienda and plantation economies, peasant and urban societies.
3 hrs 3 cr.

ANTHC 21400 - The Caribbean: Societies and Cultures

GER 3/B PD/A
Indigenous peoples, colonization and slavery; minorities, race relations; family life, religion and economy.
3 hrs 3 cr.

ANTHC 21500 - The Anthropology of Black America (W)

GER 3/B PD/B
Examines anthropological knowledge about Black America and the various socio-political contexts in which this body
of scholarship has been produced. Focuses on the politics of knowledge production on Black culture.  

prereq: ENGL 12000  
3 hrs 3 cr.

**ANTHC 21800 - The Anthropology of the Civil Rights Movement in the U.S.**

GER 3/B PD/B  
This course examines the grassroots struggle to gain equality and justice in the United States, viewed as a social protest movement, from the perspective of cultural anthropology. The course will focus on the major events, themes and issues of the Civil Rights Movement and examine their effect in challenging the American concept of democracy; in changing those who participated in it; and in spawning other social movements that transformed American society and culture.  

prereq: ANTHC 101 or departmental permission  
prereq or coreq: ENG 120  
3 hours 3 credits

**ANTHC 27500 - Reading Ethnographies (W)**

GER 3/B  
Examines the most significant mode of writing within cultural anthropology: the ethnography. Students explore interpretive, theoretical and political issues in the representation of cultures through close reading and analysis of ethnographic texts.  

prereq: ANTHC 10100 or perm instr. prereq or coreq: ENGL 12000  
3 hrs 3 cr.

**ANTHC 30100 - Gender in Anthropological Perspective**

GER 3/B PD/C  
Men and women in different societies, division of labor, socialization, stratification, political activism and gender construction.  
cross-listed WGSC 30100  
prereq: ANTHC 10100 or perm instr.  
3 hrs 3 cr.

**ANTHC 30600 - Folklore and Myth**

GER 3/B  
Cultural and psychological functions and symbolic meanings.  
3 hours 3 credits

**ANTHC 30700 - Anthropology of Religion**

GER 3/B PD/A  
Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.  
3 hrs 3 cr.

**ANTHC 30800 - Human Ecology**

GER 3/B PD/A  
Relationship between human populations and environment; ecosystems, population interactions, resource management
and environmental movements.

**ANTHC 30900 - Countryside and City: Comparative Perspectives**

Rural-urban connections and the transformations that affect rural areas and peoples in diverse parts of the world.

*prereq: ANTHC 10100 or perm instr.*  
*3 hrs 3 cr.*

**ANTHC 31000 - Politics and Power in Anthropological Perspective**

GER 3/B PD/A  
Leadership, conflict, inequality, decision-making and law in different societies; interaction of local politics with state and global institutions.

*prereq: ANTHC 10100 or perm instr.*  
*3 hrs 3 cr.*

**ANTHC 31100 - Anthropology of Art**

GER 3/B  
Symbolic forms of human behavior; paleolithic cave art, tribal art, ethnomusicology.

*3 hrs 3 cr.*

**ANTHC 31200 - Anthropological Approaches to Sexuality**

GER 3/B PD/C  
Documents the social construction of human sexuality through an examination of sexual variation cross-culturally and over recent history, including the development of sexually defined communities and identities within contemporary societies.

*prereq: ANTHC 10100*  
*3 hrs 3 cr.*

**ANTHC 31400 - Research Design in Anthropology**

GER 3/B  
Introduction to basic principles of research design employed in anthropology.

*prereq: ANTHC 10100*  
*3 hrs 3 cr.*

**ANTHC 31500 - Applied Anthropology**

GER 3/B  
Practical applications of theory and methods to contemporary social problems; community development; inter-cultural relations.

*prereq: ANTHC 10100 or perm instr.*  
*3 hrs 3 cr.*

**ANTHC 31800 - History of Anthropological Theory**
GER 3/B PD/D
Changing approaches to the study of society and culture. Political and historical context of the development of theory, the link between theory and method and the impact of theory on policy.
_prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

ANTHC 32000 - Problems in Anthropology

GER 3/B
Topics TBA. Recent courses have looked at globalization, social movements and civil society, energy policy, women and economic development, international migration. Depending on topic, may meet PD/A, B, or C.
_prereq: perm instr.
3 hrs 3 cr.
offered every sem.

ANTHC 32100 - Women and Globalization

GER 3/B
The situation of women from less developed countries with attention to the local and global forces shaping their lives. Topics include migration, the international division of labor and worldwide adoption. Includes both theoretical approaches and practical issues related to improving women's place in society.
_cross-listed WGS 32100
_prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

ANTHC 32200 - Family and Household in Anthropology and History

GER 3/B PD/C
Examines variations in household structure and family relations across cultures and over time, focusing on the relationship between domestic arrangements and other aspects of society.
_prereq or coreq: ANTHC 10100
3 hrs 3 cr.

ANTHC 32500 - Special Projects and Independent Research in Anthropology

GER 3/B
_prereq: perm instr.
3 hrs 3 cr.
offered every sem.

ANTHC 33200 - East Asia: Societies and Cultures

GER 3/B
Historical and regional variation in various East Asian societies with a focus on political economy, kinship, community and national minorities.
_prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

ANTHC 33400 - Latin America: Societies and Cultures
GER 3/B
Changing views of US and Latin American anthropologists on ethnic, class and gender relations, underdevelopment, migration and social movements.
prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

ANTHC 35000 - Popular Culture: Anthropological Perspectives

GER 3/B
The comparative ethnographic and theoretical study of popular and expressive culture traditions from around the world.
prereq: ANTHC 10100, ENGL 12000, or perm instr.
3 hrs 3 cr.

ANTHC 40000 - Honors Projects

prereq: perm chair
offered every sem.

ANTHC 40100 - Seminars in Selected Topics

Topics TBA.

ANTHC 40196 - International Migration

3 hrs 3 cr.

Anthropology: Linguistics

ANTHC 15100 - Introduction to Linguistics

GER 2/B
Structure and analysis of human languages; language history; language in society, culture and mind; language universals.
3 hrs 3 cr.

ANTHC 26000 - North American Indian Languages and Cultures

GER 3/B
Linguistic analysis and sociocultural background of North American Indian languages.
3 hrs 3 cr.

ANTHC 26300 - Afro-New World Languages and Cultures

GER 3/B
Linguistic analysis, history, sociocultural background of Caribbean creole languages, other Afro-American speech forms.
3 hrs 3 cr.
ANTHC 32076 - Language, Sex and Gender

PD/C GER 3B
Cross-listed WGS/300.53
Prereq: ANTHC 15100 or permission from instructor and/or department
3 hrs 3 cr.

ANTHC 35100 - Language in Culture and Society

GER 3/B
Sociolinguistics; ethnography of communication; languages and dialects; face-to-face interaction; bilingualism in social and political life; language, ideology and identity.
3 hrs 3 cr.

ANTHC 35300 - Phonological Analysis and Theory

GER 3/B
Phonetics of diverse languages, their phonemic analysis at different levels of theory, including distinctive feature analysis and phonological links to grammar.
Prereq: ANTHC 15100 or equiv.
3 hrs 3 cr.

ANTHC 35400 - Grammatical Analysis and Theory

GER 3/B
Methods of syntax and morphology in work with diverse languages; syntactic theories and their development relative to universals, semantics, pragmatics, discourse.
Prereq: ANTHC 15100 or equiv.
3 hrs 3 cr.

Anthropology: Courses Less Frequently Offered

ANTHC 31600 - Quantitative Methods in Anthropology

GER 3/B
Statistics and data analysis techniques for anthropological research.

ANTHC 31700 - Field Methods in Cultural Anthropology

GER 3/B

Programs and Courses in Art

Art
About the Department

The Department of Art offers a wide variety of courses for majors and non-majors. In studio art, two academic degrees are offered: the BA and the BFA. In art history, we offer a BA degree. Art history is the study of works of art and architectural monuments in their cultural environment. Students learn first to develop their powers of critical visual analysis. Then, by concentrated study of certain significant periods in the history of Western and non-Western art, they learn to relate the forms of art to contemporary historical, political, economic, religious, social and cultural phenomena.

The department’s broad range of studio courses begins with Introduction to Study of Visual Experience (ARTLA 10100) followed by Beginning Drawing (ARTCR 22100), which are prerequisites for all studio courses. In the beginning classes, the student learns the basic principles in various media; the advanced courses emphasize individual exploration.

Faculty

Art Faculty

HEGIS Code: 1002 (Studio Art); 1003 (Art History)

Undergraduate Major

Art History

The Department of Art offers introductory, intermediate and advanced courses in art history. The major consists of 30 credits. No more than 15 credits transferred from another institution may be applied to the major.
The 30-Credit Art History Major BA is intended for students interested in a liberal arts education in the humanities or students planning to continue their art history studies in a graduate program. A broad range of courses from different fields, rather than specialization in one area, is encouraged. In order to declare a major in art history, students must have taken ARTH 11100 (or ARTH 121 or 122). Majors who have completed 3 credits in art history beyond ARTH 11100 are eligible to take the required seminar, Research Methods of Art History ARTH 30000, to be programmed in consultation with an art history adviser.

Majors planning graduate study in art history should discuss, with an art history adviser, the requirements for graduate admission, including graduate language requirements; this should be done during an early semester.

A minor may be taken in a related field such as studio art, classics, philosophy, history, or another department with the permission of the adviser. The minor department must approve the minor courses.

Program prerequisite

**ARTH 11100 - Introduction to History of Art**

GER 2/D PD/D
Changing forms and subjects of art in several periods of Western civilization, including ancient Greece and Rome, Middle Ages in Western Europe, Renaissance, baroque, modern, American; also Islamic and African art.
3 hrs 3 cr. cr
(Survey courses do not count toward art history major credits)

One course in each of four distribution areas 12 cr.

Note: Distributions can be met via 200-, 300- or 400- level courses.

Distribution areas

*If in doubt, consult with an adviser*

1) Ancient and Medieval (including Egyptian, Greek, Roman)
2) Renaissance and Baroque (including Colonial Latin American)
3) Modern: 18th, 19th, 20th, and 21st century (including Modern Latin American)
4) Islamic and Asian (including Indian, Chinese and Japanese)

Research Methods 3 cr.

**ARTH 30000 - Research Methods of Art History Seminar (W)**
GER 3/A
Training in fundamental methods of learning and writing about works of art through visual analysis and art-historical research, focusing on a particular area in art history, and culminating in a substantial academic research paper.

**prereq:** ARTH 11100 and one 200-level art history course  
3 hrs 3 cr.  
(Prerequisite: at least one art history course above the 100-level)

At least one Advanced Studies Seminar (400-level) 3 cr.  
(Prerequisite: ARTH 300 Research Methods) 3 cr.

**ARTLA 3 cr.**

**ARTLA 10100 - Introduction to Study of Visual Experience**
Introduction to conceiving and formulating ideas for visual experience. Students work in 3 different areas in day session, 2 in evening session.  
Material Fee: $25  
6 hrs 3 cr. + 3 cr. hrs open studio

3 additional courses 9 cr.  
3 additional courses, at any level, from any of the department offerings

Total 30 cr.

**Note:**

*only grades of C and above can be counted toward the Art History major*

**Minor in Art History**
A minor in art history for majors in other departments is also available consisting of 12 credits as follows: ARTH 11100 Introduction to the History of Art, followed by 9 credits selected from the other department offerings. No more than 6 credits transferred from another institution may be applied to the minor.

**Honors**
Art History Major students wishing to graduate with honors must consult an adviser to make an official application. Application forms are in the Art Office, Room 11054 Hunter North. Major credits must have been completed with a 3.7 grade point average, and the cumulative grade point average, from courses taken only at Hunter, must be at least 3.0. Students must submit a research paper written for Research Methods of Art History ARTH 30000 or an Advanced Studies Seminar ARTH 41000 special topics through ARTH 48000 special topics, with instructor’s comments, edits, and grade, to the department's Undergraduate Art History Committee on Honors. The paper must
have received a minimum grade of A-. Papers written for other art history courses may be considered if they conform to the requirements for an Advanced Studies Seminar; consult with an adviser.

**Studio Art - BA**

- Studio Art 24-Credit Major (BA)
- Studio Art 42-Credit Major (BA)

**Electives**

All courses, unless otherwise specified, are open to qualified students majoring in other areas.

**Honors**

Students wishing to graduate with honors must consult an adviser to make an official application. Application forms are in the Art Office, Room 11054 Hunter North. Major credits must have been completed with a 3.5 grade point average and the cumulative grade point average, from courses taken only at Hunter, must be at least 3.0. Student must submit 35mm slides of an advanced studio project or independent study course.

**ARTCR 36000 - Special Projects**

Advanced projects are announced prior to registration each term. Recent examples of Special Projects courses: Color Photo; Advanced Photo Darkroom Process; Collage and Assemblage; Color as Communication; Computer Graphics; Projects in Clay; Advanced Watercolor Painting; Experiment: Photography and Graphics; Site-Specific Painting; Projects in 2-D, Digital Art, Advanced Digital Art, Video for Artists, Installation Art, Sculpture: Methods & Materials, Advanced 2-D studio Seminar, Politics & Painting, Unconventional Approaches: Drawing, 2-D, 3-D, 4-D Seminar, Advanced Painting Tech. & Concepts

*Material Fee: $50*

**prereq: See department**

*3 hrs 3 cr. + 5 hrs open studio*

**ARTCR 40200 - Independent Study in Studio Art**

*ARTC 10100 and 22100 are prerequisites to all studio courses.*

**prereq: perm instr.**

*1-3 hrs 1-3 cr. per semester*

**Graduate Study**

The Department of Art offers a number of courses, listed in the Graduate Catalog, that may be credited toward the degree of master of arts. Qualified students in the senior year may be admitted to these courses with the approval of the graduate art history adviser.

**Studio Art - BFA**

This degree is open to the student who wants to complete work in studio art beyond the 42-credit major and particularly the student who intends to pursue a career as a professional artist and attend graduate school. Students follow the regular GER for the BA degree. Departmental approval of the 61-credit BFA concentration is required. Students who
have successfully completed 90 credits may apply to the BFA program, pending an interview with the BFA adviser. Students are required to maintain a GPA of 3.0 in this program. Required courses are as follows:

**Year 1 - 6 cr**

**ARTLA 10100 - Introduction to Study of Visual Experience**

Introduction to conceiving and formulating ideas for visual experience. Students work in 3 different areas in day session, 2 in evening session.

*Material Fee: $25*

6 hrs 3 cr. + 3 cr. hrs open studio

**ARTCR 22100 - Drawing**

Basic principles in various media and subjects. Eye/hand coordination, perceptual acuity, spatial organization; interpretation of directly observed subjects.

*Material Fee: $50*

**prereq:** ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

**ARTH 11100 - Introduction to History of Art**

GER 2/D PD/D

Changing forms and subjects of art in several periods of Western civilization, including ancient Greece and Rome, Middle Ages in Western Europe, Renaissance, baroque, modern, American; also Islamic and African art.

3 hrs 3 cr. cr

**Year 2 - 12 cr.**

four of the following six courses or 3 of the following 6 courses plus one 300-level course:

**ARTCR 22500 - Graphic Arts Workshop**

Techniques of woodcut, intaglio, lithography, silkscreen and related media.

*Material Fee: $60*

**prereq:** ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

**ARTCR 23500 - Painting**

Basic principles of painting. Studio practice using varied paint media, varied paint surfaces, paper and canvas.

*Material Fee: $75*

**prereq:** ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

**ARTCR 25100 - Sculpture**

Basic principles of sculpture. Studio practice in varied materials.

*Material Fee: $65*
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
4 hrs 3 cr. + 5 hrs open studio

ARTCR 25700 - Ceramics

Introduction to pottery and ceramic sculpture, including hand forming, throwing on the wheel, glazing and kiln operation.
Material Fee: $85
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
4 hrs 3 cr. + 5 hrs open studio

ARTCR 27100 - Principles of Photography

Black and white photography as creative medium; camera and its functions; exposure and film development, contact printing and enlarging.
Material Fee: $75
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs 3 cr. + 6 hrs open studio

ARTCR 29000 - Combined Media

An introduction to basic technologies, methods and ideas that result in ways of making art that mix and combine media. The course will emphasize the production of moving images, sounds, performance as well as still images and objects.

4 hrs + 5 hrs open studio 3 cr.

Year 3

At least one area of concentration with two 300-level courses repeated in any one of the following: 6 cr

ARTCR 32200 - Advanced Drawing

Continued experience in drawing with emphasis on drawing from life.
Material Fee: $50
prereq: ARTC 22100 prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.
4 hrs 3 cr. + 5 hrs open studio

ARTCR 32600 - Advanced Graphic Arts Workshop

Advanced study of one or more graphic art methods. Individual exploration emphasized.
Material Fee: $60
prereq: ARTC 22500 prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.
4 hrs 2 cr. + 5 hrs open studio

ARTCR 33600 - Advanced Painting
Continued experience in painting with possible concentration upon one medium and theme. Individual exploration emphasized.

**Material Fee: $75**

**prereq:** ARTC 23500  
**prereq or coreq:** May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

**ARTCR 35200 - Advanced Sculpture**

Continued experience in sculpture with possible concentration in one material. Individual exploration emphasized.

**Material Fee: $65**

**prereq:** ARTC 25100  
**prereq or coreq:** May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

**ARTCR 35700 - Advanced Ceramics**

Continued experimentation in form, surface and techniques. Individual exploration emphasized.

**Material Fee: $85**

**prereq:** ARTC 25700  
**prereq or coreq:** May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

**ARTCR 37200 - Advanced Photography**

Techniques and aesthetics of black and white photography; self-expression and exploration; classroom critiques.

**Material Fee: $75**

**prereq:** ARTC 27100  
**prereq or coreq:** May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.

3 hrs 3 cr. + 6 hrs open studio

**ARTCR 39000 - Combined Media**

Continued experience in combined media with possible concentration in one approach and/or method. Individual exploration will be emphasized. May be repeated once (i.e., taken twice).

4 hrs + 5 hrs open studio 3 cr.

**Additional studio art requirements: 6 cr**

- Courses chosen from all other 200- and 300-level studio art courses. Special-topic advanced studio courses will also be offered each semester for advanced art students; however they do not count toward the major concentration.

**Art history requirements: 15 cr**

To be completed by the end of year three.

**ARTH 11100 - Introduction to History of Art**
Changing forms and subjects of art in several periods of Western civilization, including ancient Greece and Rome, Middle Ages in Western Europe, Renaissance, baroque, modern, American; also Islamic and African art.

3 hrs 3 cr.

**ARTH 24900 - Twentieth-Century Art I (W)**

GER 3/A PD/D
Western art to World War II.
**ARTH 11100** is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.

3 hrs 3 cr.

**ARTH 25000 - Twentieth-Century Art II (W)**

GER 3/A PD/D
Western art from World War II to approximately 1980.
**ARTH 11100** is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.

3 hrs 3 cr.

**ARTH 25100 - Contemporary Art (W)**

GER 3/A
Significant international artists and art works of the past twenty years, as well as recent developments in art theory and criticism.
**ARTH 11100** is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.

**prereq:** **ARTH 11100**

3 hrs 3 cr.

**Year 4 - 16 cr.**

**ARTCR 40500 - Art and Current Ideas II**

Lecture and discussion; a non-studio course. Topics of concern in art today as brought forth by current exhibitions. Scheduled trips to galleries and museums. Reading assignments, papers and oral reports focus on issues relative to the exhibitions.
**ARTC 10100 and 22100 are prerequisites to all studio courses.**

**prereq:** BFA students or perm dept.

3 hrs 3 cr.

**ARTCR 45900 - Professional Experience in Art I**

BFA majors, seniors only. Not credited toward BA degree. Advanced projects may include activities outside the college, as well as within the department.
Material Fee: $50
prereq: perm BFA committee at end of junior yr. prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs + 15 hrs open studio 6.5 cr.

ARTCR 46000 - Professional Experience in Art II

Continuation of ARTC 45900.
Material Fee: $50
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs + 15 hrs open studio 6.5 cr.

Honors

Students wishing to graduate with honors must consult an adviser to make an official application. Application forms are in the Art Office, Room 11054 Hunter North. Major credits must have been completed with a 3.5 grade point average and the cumulative grade point average, from courses taken only at Hunter, must be at least 3.0. Student must submit 35mm slides of an advanced studio project or independent study course.

ARTCR 36000 - Special Projects

Advanced students only. Advanced projects are announced prior to registration each term. Recent examples of Special Projects courses: Color Photo; Advanced Photo Darkroom Process; Collage and Assemblage; Color as Communication; Computer Graphics; Projects in Clay; Advanced Watercolor Painting; Experiment: Photography and Graphics; Site-Specific Painting; Projects in 2-D., Digital Art, Advanced Digital Art, Video for Artists, Installation Art, Sculpture: Methods & Materials, Advanced 2-D studio Seminar, Politics & Painting, Unconventional Approaches: Drawing, 2-D,3-D,4-D Seminar, Advanced Painting Tech. & Concepts
Material Fee: $50
prereq: See department
3 hrs 3 cr. + 5 hrs open studio

ARTCR 40200 - Independent Study in Studio Art

ARTC 10100 and 22100 are prerequisites to all studio courses.
prereq: perm instr.
1-3 hrs 1-3 cr. per semester

Graduate Study

The Department of Art offers a number of courses, listed in the Graduate Catalog, that may be credited toward the degree of master of arts. Qualified students in the senior year may be admitted to these courses with the approval of the graduate art history adviser.

Studio Art 24-Credit Major (BA)

Return to Programs and Courses in Art

The standard major is available to the student interested in a liberal arts education. It consists of eight courses in the major subject, normally one 3-credit course per semester and begins with ARTLA 10100, upon completion continues with ARTCR 22100, followed by an additional 18 credits selected from 200- and 300-level ARTCR courses. The
department recommends that the optional minor associated with the 24-credit studio major consist of 12 credits in art history. No courses can be repeated.

Honors

Students wishing to graduate with honors must consult an adviser to make an official application. Application forms are in the Art Office, Room 11054 Hunter North. Major credits must have been completed with a 3.5 grade point average and the cumulative grade point average, from courses taken only at Hunter, must be at least 3.0. Student must submit 35mm slides of an advanced studio project or independent study course.

Studio Art 42-Credit Major (BA)

Return to Programs and Courses in Art

An intensive major is available for the student who prefers a greater concentration in studio art and particularly for the student who plans to do graduate study in art. It consists of ARTLA 10100 and ARTCR 22100, with a concentration of 9 credits in one study area (e.g., painting, sculpture, drawing, graphics, ceramics, photography, combined media) and 18 credits of other studio art courses to be determined in consultation with a departmental adviser (a total of 30 credits of studio art). Nine credits of study in art history are required. (It is recommended that students declare their major within 41 credits.)

Students should consult with a department adviser for guidance in the selection of 200-level courses. The plan for the area of concentration should be submitted to an adviser for tentative approval at the beginning of the junior year and for final approval in the lower senior term.

Please note: A maximum of 30 credits in studio art may be applied toward the BA degree.

Prerequisite sequence

**ARTLA 10100 - Introduction to Study of Visual Experience**

Introduction to conceiving and formulating ideas for visual experience. Students work in 3 different areas in day session, 2 in evening session.

*Material Fee: $25*

6 hrs 3 cr. + 3 cr. hrs open studio

**ARTCR 22100 - Drawing**

Basic principles in various media and subjects. Eye/hand coordination, perceptual acuity, spatial organization; interpretation of directly observed subjects.

*Material Fee: $50*

*prereq: ARTC 10100 prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.*

4 hrs 3 cr. + 5 hrs open studio

Creative art

3 courses in one study area

(e.g., painting, sculpture, drawing, graphics, ceramics, photography or combined media.) 9 cr.
6 other studio courses, to be determined in consultation with adviser
(Note: ARTLA 36018 may be substituted for ARTCR course with permission of the adviser) 18 cr.

Art History

3 courses of ARTH 9 cr.

Honors

Students wishing to graduate with honors must consult an adviser to make an official application. Application forms are in the Art Office, Room 11054 Hunter North. Major credits must have been completed with a 3.5 grade point average and the cumulative grade point average, from courses taken only at Hunter, must be at least 3.0. Student must submit 35mm slides of an advanced studio project or independent study course.

Undergraduate Minor

Minor in Art History

The Art History minor requires students to take 12 credits in Art History as follows: ARTH 11100 - Introduction to History of Art, followed by 9 credits selected from the other department offerings. No more than 6 credits transferred from another institution may be applied to the minor.

Art Theory and History

ARTH 11100 - Introduction to History of Art

GER 2/D PD/D
Changing forms and subjects of art in several periods of Western civilization, including ancient Greece and Rome, Middle Ages in Western Europe, Renaissance, baroque, modern, American; also Islamic and African art.
3 hrs 3 cr. cr

ARTH 20500 - Egyptian Art (W)

GER 3/A PD/A
Geographical, historical and social conditions of the Nile. Influence of Egyptian art.
ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
prereq or coreq: ENGL 12000 is a prerequisite or corequisite for all ARTH courses numbered 20500-20700.
3 hrs 3 cr.

ARTH 21500 - Greek Art (W)
GER 3/A PD/D
Sculpture and painting from the geometric period to the Hellenistic (ca. 750-100 BC). Emphasis on architectural sculpture, monumental free-standing sculpture and vase painting, in their stylistic and narrative contexts
*ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.*
3 hrs 3 cr.

**ARTH 21600 - Roman Art (W)**

GER 3/A PD/D
Roman sculpture and painting from Republican period to Age of Constantine (ca. 100 BC-315 AD). Emphasis on historical reliefs, portraits and wall painting.
*ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.*
3 hrs 3 cr.

**ARTH 22000 - Early Medieval Art (W)**

GER 3/A
Sculpture, painting, mosaics and minor arts in West from dissolution of Roman Empire through Carolingian revival, including early Christian and Byzantine art.
*ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.*
3 hrs 3 cr.

**ARTH 22100 - Later Medieval Art (W)**

GER 3/A PD/D
Ottonian, Romanesque and Gothic art; architecture, sculpture, painting and minor arts.
*ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.*
3 hrs 3 cr.

**ARTH 22500 - Art of Early Renaissance (W)**

GER 3/A PD/D
Painting, sculpture and related architecture in 14th- and 15th-century Italy. Major artists from Giotto to Botticelli.
*ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.*
3 hrs 3 cr.

**ARTH 22700 - Northern Renaissance Art (W)**

GER 3/A PD/D
Northern European art from the 14th-16th centuries with emphasis on early Netherlandish painting including Jan van Eyck, and later masters including Dürer, Bosch and Bruegel.
prereq: ARTH 11100
3 hrs 3 cr.

ARTH 23000 - Art of High Renaissance and Later 16th Century in Italy (W)

GER 3/A PD/D
Sculpture and painting of 16th-century Italy. Emphasis on Leonardo, Raphael, Michelangelo and Titian.
3 hrs 3 cr.
offered spring

ARTH 23500 - Southern Baroque Art (W)

GER 3/A PD/D
Sculpture, painting of 17th-century Italy, France, Spain: Carracci, Caravaggio, Reni, Bernini; Ribera, Velasquez, Zurbaran, Murillo; Poussin, Claude Lorrain.
ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
3 hrs 3 cr.

ARTH 24000 - Baroque Art of Northern Europe (W)

GER 3/A PD/D
Sculpture and painting in 17th-century Flanders, Holland and England. Rubens, Van Dyck, Rembrandt; landscape.
ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
3 hrs 3 cr.

ARTH 24300 - Eighteenth-Century Art (W)

GER 3/A PD/D
European painting and sculpture; Watteau, Fragonard and Houdon in France, Hogarth and Reynolds in England, Tiepolo in Italy.
ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
3 hrs 3 cr.

ARTH 24400 - Neo-Classicism and Romanticism: the Age of Revolution, 1789-1848 (W)

GER 3/A PD/D
Neo-classicism and romanticism in France, Germany, England, Spain. David, Ingres, Delacroix; Friedrich, Runge, the Nazarenes; Blake, Reynolds, Constable; Goya.
ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
3 hrs 3 cr.

GER 3/A PD/D

Impressionists and post-Impressionists within a European context: Courbet, Manet, Monet, Canne, Van Gogh, Gauguin, Munch.

*ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.*

3 hrs 3 cr.

**ARTH 24600 - American Art 1760-1900 (W)**

GER 3/A PD/D

American art beginning with the Colonial period and including West, Copley, the Peales, Cole and the Hudson River School, the Luminists, Homer and Eakins.

*prereq: ARTH 11100*

3 hrs 3 cr.

offered fall

**ARTH 24900 - Twentieth-Century Art I (W)**

GER 3/A PD/D

Western art to World War II.

*ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.*

3 hrs 3 cr.

**ARTH 25000 - Twentieth-Century Art II (W)**

GER 3/A PD/D

Western art from World War II to approximately 1980.

*prereq: ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.*

3 hrs 3 cr.

**ARTH 25100 - Contemporary Art (W)**

GER 3/A

Significant international artists and art works of the past twenty years, as well as recent developments in art theory and criticism.

*ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.*

*prereq: ARTH 11100*

3 hrs 3 cr.

**ARTH 25200 - Ancient Architecture (W)**
GER 3/A
Major architectural styles with emphasis on Greece and Rome. Technical, cultural and aesthetic significance of the monuments.

prereq: ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
3 hrs 3 cr.

ARTH 25300 - Medieval Architecture (W)

GER 3/A PD/D
Major styles and buildings in West from ancient world through Middle Ages; technical, cultural and aesthetic significance.

prereq: ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
3 hrs 3 cr.

ARTH 25400 - Architecture: Renaissance to Neo-Classical (W)

GER 3/A PD/D
Architecture in West from Renaissance through the 19th century; baroque, rococo and neoclassical styles.

ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
3 hrs 3 cr.

ARTH 25500 - Twentieth-Century Architecture (W)

GER 3/A PD/D
Architecture since 1850; leading architects' works; history of structural theory as it relates to architectural form and new building types.

ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
3 hrs 3 cr.

ARTH 26000 - Islamic Art (W)

GER 3/A PD/A
Art and architecture of Islamic world from 7th to 17th century, covering both East and West.

ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
3 hrs 3 cr.

ARTH 26200 - Indian and Southeast Asian Art (W)

GER 3/A
Emphasis on Hindu and Buddhist painting, sculpture and temple architecture.

ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
3 hrs 3 cr.

**ARTH 26300 - Chinese and Japanese Art (W)**

GER 3/A PD/A
Chinese and Japanese art with emphasis on painting and sculpture.
**ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.**
3 hrs 3 cr.

**ARTH 27000 - Art of Africa and Oceania (W)**

GER 3/A PD/A
Survey of African art; function, subjects, forms and styles of the arts in the cultural contexts.
**ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.**
3 hrs 3 cr.

**ARTH 28000 - History of Photography**

GER 3A
An historical survey of photography between 1839 and the present day with a focus on the visual revolution provoked by this new medium of representation and on photography’s creative expression.
The course is organized chronologically from the beginnings of photography, in 1839, to our time. It gives full exposure to the main technologies of photography in the nineteenth-century, as they became accessible to a large public and introduced new aesthetics in portraiture, urban landscapes, and the representation of distant geographies. This history continues in the twentieth-century, when photography became more experimental and sought its own artistic autonomy. The course surveys chronologically the key moments at which photography reached the status of art, was used as social document, and fulfilled a wide social need. The dialogue between contemporary art and photography is brought to the present, exploring the strategies by which digital art is challenging the idea of photography as truthful representation of the world.

3 hrs 3 cr.

**ARTH 30000 - Research Methods of Art History Seminar (W)**

GER 3/A
Training in fundamental methods of learning and writing about works of art through visual analysis and art-historical research, focusing on a particular area in art history, and culminating in a substantial academic research paper.
**prereq: ARTH 11100 and one 200-level art history course**
3 hrs 3 cr.

**ARTH 31100 - Special Topics Lecture in Ancient Art (W)**
ARTH 32100 - Special Topics Lecture in Medieval Art (W)

GER 3A P/D D
Upper-level lecture course; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming 300-level course titles indicating special topics.

prereq: ARTH 11100 and two 200-level art history courses
3 hrs 3 cr.

ARTH 33100 - Special Topics Lecture in Renaissance Art (W)

GER 3A P/D D
Upper-level lecture course; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming 300-level course titles indicating special topics.

prereq: ARTH 11100 and two 200-level art history courses
3 hrs 3 cr.

ARTH 34100 - Special Topics Lecture in Baroque Art (W)

GER 3A P/D D
Upper-level lecture course; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming 300-level course titles indicating special topics.

prereq: ART 11100 and two 200-level art history courses
3 hrs 3 cr.

ARTH 35100 - Special Topics Lecture in Modern Art (W)

GER 3A
Upper-level lecture course; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming 300-level course titles indicating special topics.

prereq: ART 11100 and two 200-level art history courses
3 hrs 3 cr.

ARTH 36100 - Special Topics Lecture in Islamic Art (W)

GER 3A P/D A
Upper-level lecture course; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming 300-level course titles indicating special topics.

prereq: ART 11100 and two 200-level art history courses
3 hrs 3 cr.

ARTH 37100 - Special Topics Lecture in Asian Art (W)
GER 3/A P/D A
Upper-level lecture course; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming 300-level course titles indicating special topics.

prereq: ART 11100 and two 200-level art history courses
3 hrs 3 cr.

ARTH 38100 - Special Topics Lecture in Art History (W)

GER 3/A
Upper-level lecture course; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming 300-level course titles indicating special topics.

prereq: ARTH 11100 and two 200-level courses
3 hrs 3 cr.

ARTH 40200 - Independent Study in Art History

GER 3/A
ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
prereq: perm instr.
3 hrs 3 cr.

ARTH 41000 - Advanced Studies Seminar in Ancient Art (W)

P/D D
Upper-level seminar; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming course titles indicating special topics.

prereq: ARTH 30000 and two 200-level art history courses
3 hrs 3 cr.

ARTH 42000 - Advanced Studies Seminar in Medieval Art

P/D D
Upper-level seminar; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming course titles indicating special topics.

prereq: ARTH 300 and two 200-level art history courses
3 hrs 3 cr.

ARTH 43000 - Advanced Studies Seminar in Renaissance Art (W)

P/D D
Upper-level seminar; check Department website each semester for the announcement of upcoming course titles indicating special topics.

prereq: ARTH 30000 and two 200-level art history courses
3 hrs 3 cr.

ARTH 44000 - Advanced Studies Seminar in Baroque Art (W)
P/D D
Upper-level seminar; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming course titles indicating special topics.
Prereq: ARTH 30000 and two 200-level art history courses
3 hrs 3 cr.

ARTH 45000 - Advanced Studies Seminar in Modern Art (W)

P/D A
Upper-level seminar; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming course titles indicating special topics.

Prereq: ARTH 30000 and two 200-level art history courses
3 hrs 3 cr.

ARTH 46000 - Advanced Studies Seminar in Islamic Art (W)

P/D A
Upper-level seminar; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming course titles indicating special topics.

Prereq: ARTH 30000 and two 200-level art history courses
3 hrs 3 cr.

ARTH 47000 - Advanced Studies Seminar in Asian Art (W)

P/D A
Upper-level seminar; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming course titles indicating special topics.

Prereq: ARTH 30000 and two 200-level art history courses
3 hrs 3 cr.

ARTH 48000 - Advanced Studies Seminar in Art History (W)

Upper-level seminar; check Art Department website www.hunter.cuny.edu/art each semester for the announcement of upcoming course titles indicating special topics.

Prereq: ARTH 30000 and two 200-level art history courses
3 hrs 3 cr.

ARTH 49800 - Internship

GER 3/A
Qualified undergraduates work for academic credit in professional and community art institutions. Students must also contact and apply at the internship office, where all college-approved internships are listed. The credits earned cannot be used to fulfill the 24-credit major requirement. Three credits may be applied to the 42-credit major. A maximum of six art history Inservice credits may be applied to the degree. ARTH 11100 is the prerequisite for all advanced art history courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements.
Studio Art

ARTLA 10100 and ARTCR 22100 are prerequisites to all studio art classes

ARTCR 22100 - Drawing

Basic principles in various media and subjects. Eye/hand coordination, perceptual acuity, spatial organization; interpretation of directly observed subjects.

Material Fee: $50

prereq: ARTC 10100
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

ARTCR 22500 - Graphic Arts Workshop

Techniques of woodcut, intaglio, lithography, silkscreen and related media.

Material Fee: $60

prereq: ARTC 10100 and 22100
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

ARTCR 23500 - Painting

Basic principles of painting. Studio practice using varied paint media, varied paint surfaces, paper and canvas.

Material Fee: $75

prereq: ARTC 10100 and 22100
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

ARTCR 24000 - Watercolor Painting

Basic principles of watercolor painting.

Material Fee: $75

prereq: ARTC 10100 and 22100
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

ARTCR 25100 - Sculpture

Basic principles of sculpture. Studio practice in varied materials.

Material Fee: $65

prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

ARTCR 25700 - Ceramics

Introduction to pottery and ceramic sculpture, including hand forming, throwing on the wheel, glazing and kiln operation.

Material Fee: $85

prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio
**ARTCR 27100 - Principles of Photography**

Black and white photography as creative medium; camera and its functions; exposure and film development, contact printing and enlarging.

*Material Fee: $75

*prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.

*3 hrs 3 cr. + 6 hrs open studio

**ARTCR 29000 - Combined Media**

An introduction to basic technologies, methods and ideas that result in ways of making art that mix and combine media. The course will emphasize the production of moving images, sounds, performance as well as still images and objects.

*4 hrs + 5 hrs open studio 3 cr.

**ARTCR 30100 - Advanced Studio**

Student projects with emphasis on contemporary methods such as video, film, tape, conceptual art, environmental art, earth art.

*Material Fee: $40

*prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.

*3 hrs 3 cr. + 5 hrs open studio

**ARTCR 32200 - Advanced Drawing**

Continued experience in drawing with emphasis on drawing from life.

*Material Fee: $50

*prereq: ARTC 22100 prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.

*4 hrs 3 cr. + 5 hrs open studio

**ARTCR 32600 - Advanced Graphic Arts Workshop**

Advanced study of one or more graphic art methods. Individual exploration emphasized.

*Material Fee: $60

*prereq: ARTC 22500 prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.

*4 hrs 2 cr. + 5 hrs open studio

**ARTCR 33600 - Advanced Painting**

Continued experience in painting with possible concentration upon one medium and theme. Individual exploration emphasized.

*Material Fee: $75

*prereq: ARTC 23500 prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.

*4 hrs 3 cr. + 5 hrs open studio

**ARTCR 35200 - Advanced Sculpture**
Continued experience in sculpture with possible concentration in one material. Individual exploration emphasized.

Material Fee: $65

prereq: ARTC 25100 or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

**ARTCR 35700 - Advanced Ceramics**

Continued experimentation in form, surface and techniques. Individual exploration emphasized.

Material Fee: $85

prereq: ARTC 25700 or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.

4 hrs 3 cr. + 5 hrs open studio

**ARTCR 36000 - Special Projects**

Advanced students only. Advanced projects are announced prior to registration each term. Recent examples of Special Projects courses: Color Photo; Advanced Photo Darkroom Process; Collage and Assemblage; Color as Communication; Computer Graphics; Projects in Clay; Advanced Watercolor Painting; Experiment: Photography and Graphics; Site-Specific Painting; Projects in 2-D., Digital Art, Advanced Digital Art, Video for Artists, Installation Art, Sculpture: Methods & Materials, Advanced 2-D studio Seminar, Politics & Painting, Unconventional Approaches: Drawing, 2-D, 3-D, 4-D Seminar, Advanced Painting Tech. & Concepts

Material Fee: $50

prereq: See department

3 hrs 3 cr. + 5 hrs open studio

**ARTCR 37200 - Advanced Photography**

Techniques and aesthetics of black and white photography; self-expression and exploration; classroom critiques.

Material Fee: $75

prereq: ARTC 27100 or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.

3 hrs 3 cr. + 6 hrs open studio

**ARTCR 39000 - Combined Media**

Continued experience in combined media with possible concentration in one approach and/or method. Individual exploration will be emphasized. May be repeated once (i.e., taken twice).

4 hrs + 5 hrs open studio 3 cr.

**ARTCR 40200 - Independent Study in Studio Art**

**ARTCR 40500 - Art and Current Ideas II**

Lecture and discussion; a non-studio course. Topics of concern in art today as brought forth by current exhibitions. Scheduled trips to galleries and museums. Reading assignments, papers and oral reports focus on issues relative to the exhibitions.
ARTC 10100 and 22100 are prerequisites to all studio courses.

prereq: BFA students or perm dept.
3 hrs 3 cr.

ARTCR 45900 - Professional Experience in Art I

BFA majors, seniors only. Not credited toward BA degree. Advanced projects may include activities outside the college, as well as within the department.
Material Fee: $50
prereq: perm BFA committee at end of junior yr. prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs + 15 hrs open studio 6.5 cr.

ARTCR 46000 - Professional Experience in Art II

Continuation of ARTC 45900.
Material Fee: $50
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs + 15 hrs open studio 6.5 cr.

ARTCR 49800 - Internship

Qualified undergraduates work for academic credit in professional and community art institutions.
ARTC 10100 and 22100 are prerequisites to all studio courses.
prereq: perm dept.
hrs TBA 1-5 crs

ARTLA 10100 - Introduction to Study of Visual Experience

Introduction to conceiving and formulating ideas for visual experience. Students work in 3 different areas in day session, 2 in evening session.
Material Fee: $25
6 hrs 3 cr. + 3 cr. hrs open studio

ARTLA 36018 - 2-D, 3-D,4-D Seminar

prereq: ARTLA 10100, ARTCR 22100 and 2 200-level studio art courses, perm instr.
3 hrs. 3 cr.

Programs and Courses in Asian American Studies

Asian American Studies

About the Program

The Asian American Studies Program (AASP) was established on the initiative of students and faculty in 1993. An interdisciplinary program, the AASP offers a range of courses on the history, contemporary experiences and
contributions of Asian immigrants to the Americas, with close attention paid to how Asian immigrants are an integral part of the history of the United States, redefining American culture and reconstituting American society.

The AASP benefits from its location in a global city with unmatched cultural and intellectual resources and diverse and dynamic Asian populations, and contributes to the growing scholarship in the vital field of Asian American studies while also serving as a resource for New York City’s Asian American communities and community-based organizations. Faculty and students are ideally positioned to become actively involved in a field at the forefront of contemporary research and scholarship and to contribute to the growth and development of local and national Asian American communities.

The program draws its faculty and course offerings from traditional disciplines such as history, sociology, anthropology, political science, education and literature, as well as interdisciplinary fields such as American ethnic studies, women and gender studies, postcolonial studies, international human rights, and policy studies. The AASP grounds its curriculum in the firm belief that a rigorous approach to Asian American studies necessitates an alliance of these areas and methods of study.

Asian American Studies Faculty

**Undergraduate Minor**

**Minor in Asian American Studies**

The interdisciplinary Asian American Studies Minor provides students with focused competence in the histories and contemporary experiences of diverse Asian diasporic communities, including but not limited to those of North America.
A Minor consists of a minimum of 12 credits and can be made up of any courses offered by—or cross-listed with—the Asian American Studies Program, excluding ASIAN 360.02 (East Asia to 1600) and ASIAN 360.03 (China since 1800). No more than 6 Minor credits may be transferred from another institution.

Asian American Studies: Introductory Courses

For continuously updated course listings, descriptions and sample syllabi, please go to http://www.hunter.cuny.edu/aasp

ASIAN 21000 - Asians in the U.S.

PD/B
Interdisciplinary examination of Asian American experiences of discrimination and exclusion in the context of domestic and foreign U.S. policies regarding immigration, labor, and national identity. Through an examination of historical, theoretical and cultural texts, the course also looks at the impact of the current expansion of Asian American communities on America’s social, cultural, and political order.
3 hrs 3 cr.

ASIAN 22001 - Asian American Women Writers

PD/B or C
Critical examination of Asian American women’s identity formations in relation to factors such as racial ideology, global migrations of labor and capital, class status, sexuality, military conflict, constructions of family, and language.
3 hrs 3 cr.

ASIAN 22012 - Asian American Literature

PD/B or C
Critical examination of literary texts by Asians in the U.S. and western diaspora, tracing Asian American literary production in order to understand how these literatures are a formative site to engage in intersectional analyses of constructions of history, citizenship, and identity.
3 hrs 3 cr.

Asian American Studies: Humanities Courses

For continuously updated course listings, descriptions and sample syllabi, please go to http://www.hunter.cuny.edu/aasp

ASIAN 22004 - Arab American Literature

PD/B
Critical examination of a cross-section of literature and film/video/performance by Arab American writers and artists in an interdisciplinary investigation of the historical and contemporary experiences of Arab Americans in the United States and western diaspora.
3 hrs 3 cr.
**ASIAN 22005 - South Asian Women’s Literature**

PD/B or C  
Close examination of literary, historical, and theoretical texts with a focus on the cultural production and social movements of South Asian women, with particular attention to how issues of race and nationalism are shaped and how they have overlapped with gender, class, sexuality, religion, and language.  
*3 hrs 3 cr.*

**ASIAN 22006 - Filipino American Literature**

PD/B  
Close examination of the historical and social contexts in which Philippine-American literature has evolved, the diverse aesthetics and themes of individual writers, and analysis of how issues of Philippine-American cultural production takes up issues of gender, class, sexuality, religion, language, and national identity.  
*3 hrs 3 cr.*

**ASIAN 22009 - Gender and Genre in Asian American Literature and Film**

PD/B, PD/C  
Critical exploration of the social construction of Asian American identity in various genres: video art, prose, poetry, memoir, performance, and film. The emphasis of the course is on intersectional analyses that critically examine how race, gender, class, and sexuality inform Asian American artists' decisions regarding form and genre.  
*3 hrs 3 cr.*

**ASIAN 32001 - Nation, Self, and Asian Identity**

PD/B  
Critical examination of literary constructions of Asian American identity in relation to the U.S. nation-state, with particular emphasis placed upon juridical constructions of citizenship, community, and belonging.  
*3 hrs 3 cr.*

**ASIAN 32005 - Asian American Memoir**

PD/B  
Close examination of memory as an imagined and contested site that complicates and challenges how we constitute self and other. Students will analyze constructions of identity through Asian American narratives, and their relation to language, form and experience, including immigration and gendered narratives to transnational categories of homeland and belonging.  
*3 hrs 3 cr.*

**ASIAN 32100 - Asian American Social Protest Literature**

PD/B  
Deconstruction and examination of historical and contemporary Asian American literatures of social protest and resistance. Students utilize readings as a framework for initiating, planning, and executing semester-long community-
based projects.

3 hrs 3 cr.

**ASIAN 33008 - Muslim Diasporas**

PD/B
Interdisciplinary course moving through the history of Islam and its expressions in many areas of the world (including Sufism), to the cultural identity, art, and literature of the Muslim Diaspora in the United States, their misrepresentations in the media, and fetishization by popular culture.

3 hrs 3 cr.

**ASIAN 34001 - Asian Pacific American Media**

PD/B
Addresses Asian Pacific American experiences of assimilation, displacement, marginalization, multiculturalism, and resistance to the cultural 'norm' within Asian Pacific communities through screening a wide range of films and videos and reviewing critical and fictional writing. Guest artists may also lecture.

3 hrs 3 cr.

**ASIAN 34003 - West Asian American Literature and Film**

PD/B
Interdisciplinary course that first examines the cultural, linguistic, and religious diversity of West Asia, sometimes called Central Asia and/or the Middle East, to then focus on the literature and film of their diasporic communities in the U.S.

3 hrs 3 cr.

**Asian American Studies: Recent Course Offerings in the Humanities**

**ASIAN 33052 - Oral History, Cultural Identity and the Arts**

**ASIAN 39006 - Gender and Sexuality in Asian American Literature and Film**

**ASIAN 39016 - Ethnicity and American English**

**ASIAN 39018 - Asian American Poetics**

**ASIAN 46000 - Independent Study**

**Asian American Studies: Social Science Courses**
For continuously updated course listings, descriptions and sample syllabi, please go to http://www.hunter.cuny.edu/aasp

ASIAN 23002 - Asian American Communities and Mental Health

PD/B
Introduction to psychological experiences of Asian Americans, including historical, sociopolitical, and cultural influences that shape personality and mental health. Specific topics include stereotypes and racism, processes of acculturation and enculturation, ethnic identity development, interracial relationships, stressors and social support systems within Asian American communities, and culturally competent mental health treatment and service delivery.

3 hrs 3 credits

ASIAN 23002 - Asian American Communities and Mental Health

PD/B
Introduction to psychological experiences of Asian Americans, including historical, sociopolitical, and cultural influences that shape personality and mental health. Specific topics include stereotypes and racism, processes of acculturation and enculturation, ethnic identity development, interracial relationships, stressors and social support systems within Asian American communities, and culturally competent mental health treatment and service delivery.

3 hrs 3 cr.

ASIAN 35100 - Asian American History of Labor and Politics

PD/B
This seminar explores the interconnected issues of race, class, and nationality through the study of the history of Asian immigrant labor in the U.S. in the context of American economic needs and political environment.

3 hrs 3 cr.

ASIAN 39001 - International Migration

PD/B
This interdisciplinary course examines the origins and processes of migration and settlement, past and present. Includes a series of lectures by leading scholars from a variety of academic fields and immigrant communities. Topics include: immigration and labor, race and gender, social and cultural identity, immigration policy and political action, and the trans-nationalization of education and family life.

3 hrs 3 cr.

ASIAN 39002 - Asian American Civil Rights and the Law

PD/B
Critical examination of major immigration and civil rights laws and Supreme Court cases that have affected Asian Americans.

3 hrs 3 cr.

ASIAN 49100 - Asian American Movement and Community Organizations
Semester-long analysis of the development of pan-ethnic Asian American consciousness and institutions since the late 1960s, with a focus on this movement's impact on community organizations of Asian national sub-groups examined in the context of larger American racial and ethnic politics.

3 hrs 3 cr.

**Asian American Studies: Recent Course Offerings in Social Science**

**ASIAN 23001 - Globalization and Gender**

PD/B

3 hrs 3 cr.

**ASIAN 33001 - Chinese in the U.S.**

**ASIAN 33003 - South Asians in the U.S.**

**ASIAN 39015 - Immigration and the Economy**

3

**ASIAN 46000 - Independent Study**

**ASIAN 49000 - Immigration Policy**

PD/B

**Programs and Courses in Biological Sciences**

**Biological Sciences**

**About the Department**

The Department of Biological Sciences at Hunter College stresses excellence in both teaching and research. Fully equipped research laboratories are supported by major federal grants and students are strongly encouraged to become involved in laboratory research. State-of-the-art flow cytometry and bioimaging facilities are housed within the department. They have been created and are funded by federal grants, New York State and the Center for Gene Structure and Function. The Center consists of faculty from the departments of Biological Sciences, Chemistry, Physics, Psychology and Anthropology working in the areas of biomolecular structure and function.

The core curriculum in biological sciences prepares students for admission to both graduate and medical schools and for careers in the biological sciences, including teaching and the growing industry of biotechnology. The curriculum emphasizes cell biology, molecular biology, developmental biology, genetics and neurobiology as the foundation for future careers in fields related to the biological sciences.
Career Planning

Graduate Study The department offers a master of arts in the biological sciences and courses taken in the MA program can later be credited toward the PhD upon acceptance into the CUNY doctoral program in biology. Interested students should obtain the Hunter College graduate catalog and contact the biology master’s program adviser. Laboratory research under faculty supervision (see undergraduate research, below) is extremely valuable for gaining admission to graduate schools. Students planning to apply to graduate school should consult with their adviser as early in their college career as possible.

Professional Schools Students who plan to apply to schools of medicine, dentistry or veterinary medicine should consult with their adviser and see the preprofessional adviser in Room 812 Hunter East.

Preparation for Teaching In cooperation with the School of Education, the Department of Biological Sciences offers opportunities for students to prepare for a teaching career in elementary and secondary schools. Major I in biology satisfies the requirements for New York State certification of at least 30 credits for teachers in adolescent education, grades 7-12. Major II in biology satisfies the requirements for New York State certification for teachers in childhood education, grades 1-6. See the School of Education section of this catalog and consult with an adviser in the School of Education for additional information and requirements.

Preparation for Biotechnology Students interested in careers in the rapidly growing field of biotechnology should select Major I and consult with their adviser as early as possible. Advanced courses taken as electives should include BIOL 41000 and those special topics courses (BIOL 47000-BIOL 47100) that are most relevant to biotechnology. Qualified students are also encouraged to pursue the BA/MA Program in Biotechnology. Interested biology majors who have completed BIOL 300 should contact Dr. Patricia Rockwell as early as possible.

Biological Sciences Faculty

HEGIS Codes: 0401 (BA); 0499 (BA/MA in Biotechnology); 0401/1299 (BA/MA in Environmental & Occupational Health); 1223.01/0401 (BS/MA in Biotechnology)
**Undergraduate Major**

**Biological Sciences - BA**

The Department of Biological Sciences offers two major programs. Major I is for students who intend to prepare for graduate study, medicine, dentistry, secondary school teaching, biotechnology and industry. Major II is for students preparing to teach in elementary schools. Students planning to pursue Major I are strongly encouraged to declare their major as soon as possible after completing one semester of Principles of Biology.

Declared majors are assigned a permanent faculty adviser who will assist in individual curriculum planning. Students are required to meet with their adviser at least once each semester throughout their undergraduate career to discuss their program and progress.

- Biological Sciences Major I
- Biological Sciences Major II

**CR/NC Policy**

Only a letter grade (A, B, C, D, including + or -) will be accepted by the department in the required science and mathematics courses for the biology Major I and Major II.

**Minor in Biological Sciences**

The minor in Biological Sciences gives students a basic understanding of biology from the molecular and cellular to the organismal and population level. This includes both theoretical aspects presented in lecture as well as practical aspects presented in lab. Flexibility is built into the minor to allow students to select courses corresponding to their interests. In order to minor in Biological Sciences a student must pass four courses resulting in a minor GPA of 2.0 or higher. All students who want a Minor in Biological Sciences must take:

- BIOL 10000 - Principles of Biology I and BIOL 10200 - Principles of Biology II or BIOL 10000 - Principles of Biology I and BIOL 16000 - Honors Principles of Biology II or the equivalent
- two additional courses in Biological Sciences, one of which must be at the 200 level or higher

**Number of Credits:** A minimum of 12 credits. Transfer credits may be applied. At least 2 courses must be taken at Hunter College.

**Opportunities for Undergraduates in Biological Sciences**

Undergraduate Research Students who wish to undertake a research project under the supervision of a faculty member must first obtain written permission from that faculty member and then register for BIOL 48000 – BIOL 48300. Research opportunities for undergraduates at Hunter are available in cell and molecular biology, developmental biology, neuroscience, cancer biology, AIDS, microbiology and a variety of other contemporary areas. In some cases students may be permitted to work at one of the several neighboring research institutions. Synopses of faculty research interests can be obtained in the department office or from the Department of Biological Sciences Web site (http://sonhouse.hunter.cuny.edu/). In addition, there are summer research opportunities available at Cold Spring Harbor Laboratory and Woods Hole Research Center through the Howard Hughes Medical Institute. Please note that, to qualify for departmental honors at graduation, there is a research requirement.
Honors Work

In order to qualify for departmental honors, students must have a departmental GPA of at least 3.5 and an overall GPA of at least 2.8. They must also satisfy a research requirement consisting of either:

(a) at least 2 credits of

**BIOL 48000 - Introduction to Experimental Biology**

GER 3/B
Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.

*prereq: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.*

*hrs TBA 1-2 cr. per sem.*

**BIOL 48100 - Introduction to Experimental Biology**

GER 3/B
Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.

*prereq: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.*

*TBA 1-2 credits per semester*

**BIOL 48200 - Introduction to Experimental Biology**

GER 3/B
Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.

*prereq: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.*

*TBA 1-2 credits per semester*

**BIOL 48300 - Introduction to Experimental Biology**

GER 3/B
Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.

*prereq: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.*

*hrs TBA 1-2 cr. per sem.*

or (b) at least one course chosen from among

**BIOL 37500 - Molecular Systematics**

GER 3/B
An overview of the various methods and kinds of data used in systematics, the study of organism diversity and
biological relationships. Emphasis is on modern molecular and genetic approaches to identification of individual species and strains and full phylogenetic analyses of suites of species to determine their evolutionary history. The knowledge base is provided for experimental investigation of questions of current interest in phylogeny and population biology.

**prereq:** BIOL 30000 or perm instr.

3 hrs 3 cr.

**BIOL 39000 - Laboratory in Cell Structure**

GER 3/B

Applications of light and confocal microscopy, using fluorescence and multidimensional imaging to study cell structures. Lab projects involve immunofluorescence: fixation methods and immunocytochemistry. Illumination methods including multi-channel 3D rendering, image processing and visualization software.

**prereq or coreq:** BIOL 30000 or BIOL 20200 and perm instr.

7 hrs (2 lecture, 5 lab) 4.5 cr.

fall only

**BIOL 41000 - Workshop in Biotechnology**

GER 3/B

A series of laboratory-intensive experimental projects, each lasting one week or more, which introduce current research techniques and include individual participation in planning and preparation of experiments. The focus is on a broad biotechnology topic such as the isolation, cloning and expression of a gene, utilizing the techniques of molecular genetics.

*This course satisfies the research requirement for graduation with departmental honors and is a component of the interdisciplinary BS/MA (MLS/Biol) program in biotechnology.*

**prereq:** BIOL 20000, 20200, perm instr.

30 hrs/week for 4 weeks 4 cr.

**Additional Information**

The research requirement includes a written report resulting from work in any of these courses.

**BA/MA Program in Biological Sciences and Adolescent Education: Biology**

This is an accelerated program leading to a BA in Biological Sciences and an MA in Adolescent Education: Biology. Undergraduates admitted to the program start graduate courses during their senior year and will be able to complete the MA degree one year after they complete the requirements for the BA degree. Interested students should contact a Biology Department adviser early in their undergraduate career.

**MA Program in Biological Sciences**

See Career Planning-Graduate Study.

**Biological Sciences Major I**

Return to: Biological Sciences-BA
Major I in Biological Sciences has the following Concentrations:

- Basic (shown below)

Three other concentrations that are slightly more rigorous than the basic Major I. Interested students should speak with a biology adviser as soon as possible to plan their courses accordingly.

- Behavioral Neurobiology
- Bioinformatics
- Biophysics

28-credit concentration in biology at the 200-level and higher

This plan consists of a 28-credit concentration in biology at the 200-level and higher, the prerequisite for which is introductory biology (BIOL 10000, BIOL 10200). The biology concentration consists of an 18-credit core — BIOL 200, 202, 300, 302 — and 10 credits of electives. Together, introductory biology and the concentration (37 cr) satisfy the major requirement for certification as a teacher of biology in grades 7-12. See Adolescent Biology, Grades 7-12 - BA.

18-credit core

**BIOL 20000 - Cell Biology I: Microorganisms**

GER 3/B
Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses.

*Material fee: $10*

*prereq: BIOL 10000 and 10200 or equiv; CHEM 10200, 10300, 10400, 10500 or equiv. coreq: CHEM 22200, 22300 or perm instr. (for Major II students, chem are CHEM 10000, 10100; coreqs are 12000, 12100)*

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

**BIOL 20200 - Cell Biology II: Eucaryotic Systems**

GER 3/B
Structure and function of eucaryotic cells and organelles; membrane systems, cell cycle, cell division, signaling, cytoskeletal systems, motility; specialized cells; modern research tools and approaches. Laboratories include plant and animal cell culture; studies of cell division, the cytoskeleton, motility; light and electron microscopic methods; fluorescence labeling; protein electrophoresis, immunoblotting and immunolocalization.

*Material Fee: $10*

*prereq: BIOL 20000 coreq: CHEM 22400 or perm instr.*

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

**BIOL 30000 - Biological Chemistry**

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy
transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.

**Material Fee: $10**

**prereq:** BIOL 20200, CHEM 22200, 22300  
**coreq:** CHEM 22400

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

**fall only**

**BIOL 30200 - Molecular Genetics**

**GER 3/B**

A comparison of viral, procaryotic and eukaryotic systems; review of classical Mendelian principles; bacterial DNA replication, transcription and their control; mechanisms of gene mutation, repair, recombination and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes.

**Material Fee: $10**

**prereq:** BIOL 30000

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

**spring only**

**Electives (10 cr)**

Students may select the remainder of their credits toward Major I from advanced courses in the biological sciences. At least one course must be at the 300 level, in addition to BIOL 300 and 302.

**Special-topics**

At least one special-topics course must also be taken (various topics offered each semester)

**BIOL 47000 - Special Topics in Biology**

**GER 3/B**

Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

**prereq:** BIOL 30000

2 hrs (lec) 2 cr. per sem.

**BIOL 47100 - Special Topics in Biology**

**GER 3/B**

Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

**prereq:** BIOL 300

3 hrs (lec) 3 cr. per sem.

**Interdisciplinary interests**

Students with strong interdisciplinary interests may select the following, after approval by their adviser

- Advanced course offerings in other departments or
SCI 30200 - Ethical Conduct in the Natural and Physical Sciences

GER 3/B
Case studies of ethical issues in scientific research and education, including fraud, misrepresentation and negligence in scientific reporting. Term paper required.
prereq: 2 yrs lab science (BIOL 10000, 10200; CHEM 10200, 10300, 10400, 10500; PHYS 11000, 12000; or equiv.)
prereq or coreq: lab research experience in natural or physical sciences
2 hrs 2 cr.

Additional science and math requirements for Major I:

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
Primarily for premed, medical laboratory sciences and science majors.
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

CHEM 22300 - Organic Chemistry Laboratory I

GER 3/B
Various organic syntheses, Distillation, distillation, extraction, chromatography, qualitative analysis, spectroscopy.
prereq: CHEM 10500
prereq or coreq: CHEM 22200
5 hrs 2.5 cr.

CHEM 22400 - Organic Chemistry Lecture II

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: prereq for CHEM 22400: CHEM 22200
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
First semester of two-semester introductory physics course using algebra.
prereq: MATH 12500: pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

or

PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
prereq or coreq: coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11100, a two-semester introductory physics course using calculus.
prereq: PHYS 11000 or 11100
prereq or coreq: (with perm dept.): MATH 15500
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

MATH 15500 - Calculus with Analytic Geometry II

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

Curriculum Guide for Major I

Year 1

Fall

BIOL 10000 - Principles of Biology I

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

Spring
BIOL 10200 - Principles of Biology II

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
Primary for premed, medical laboratory sciences and science majors.
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.

Year 2

Fall

BIOL 20000 - Cell Biology I: Microorganisms

GER 3/B
Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses.
Material fee: $10
prereq: BIOL 10000 and 10200 or equiv; CHEM 10200, 10300, 10400, 10500 or equiv. coreq: CHEM 22200, 22300 or perm instr. (for Major II students, chem are CHEM 10000, 10100; coreqs are 12000, 12100)
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

CHEM 22200 - Organic Chemistry Lecture I
GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

CHEM 22300 - Organic Chemistry Laboratory I

GER 3/B
Various organic syntheses, Distillation, distillation, extraction, chromatography, qualitative analysis, spectroscopy.

prereq: CHEM 10500
prereq or coreq: CHEM 22200
5 hrs 2.5 cr.

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

Spring

BIOL 20200 - Cell Biology II: Eucaryotic Systems

GER 3/B
Structure and function of eucaryotic cells and organelles; membrane systems, cell cycle, cell division, signaling, cytoskeletal systems, motility; specialized cells; modern research tools and approaches. Laboratories include plant and animal cell culture; studies of cell division, the cytoskeleton, motility; light and electron microscopic methods; fluorescence labeling; protein electrophoresis, immunoblotting and immunolocalization.
Material Fee: $10
prereq: BIOL 20000 coreq: CHEM 22400 or perm instr.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

CHEM 22400 - Organic Chemistry Lecture II

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: prereq for CHEM 22400: CHEM 22200
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

MATH 15500 - Calculus with Analytic Geometry II

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs 4 cr.
STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

Year 3

Fall

BIOL 30000 - Biological Chemistry

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.
Material Fee: $10
prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
First semester of two-semester introductory physics course using algebra.
prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
prereq or coreq: coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.
  • BIOL electives (300 level)

Spring

BIOL 30200 - Molecular Genetics

GER 3/B
A comparison of viral, procaryotic and eukaryotic systems; review of classical Mendelian principles; bacterial DNA
replication, transcription and their control; mechanisms of gene mutation, repair, recombination and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes.

Material Fee: $10
prereq: BIOL 30000
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

**PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

**PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

GER 2/E
Second semester of PHYS 11100, a two-semester introductory physics course using calculus.
prereq: PHYS 11000 or 11100
prereq or coreq: (with perm dept.): MATH 15500
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.
- BIOL electives (300 and 400 level)

**Year 4**

**Fall**
- BIOL electives (300 & 400 level)

**Spring**
- BIOL electives (300 and 400 level)

**Note(s)**

*We recommend that math, physics and chemistry courses be completed as early as the student’s schedule allows. Note that CHEM 22400 must be taken prior to or corequisite with BIOL 30000; otherwise, instructor permission is required. Students who are behind in the chemistry sequence are urged to take advantage of the summer session, during which these chemistry courses are usually offered.*

**Biological Sciences Major II**

Return to: Biological Sciences - BA
For Students Planning to teach in Childhood Education, Grades 1–6

This plan consists of 26 credits in biological science, 12 credits in additional science and 6 credits in math. Major II satisfies the major requirements for certification as a teacher for grades 1-6.

This major requires 30 credits of education courses and should thus be initiated as early as possible.

Childhood education (grades 1-6) is a collateral major. See the School of Education section of this catalog for requirements.

Required Biology Courses

- BIOL 10000, BIOL 10200 (9 credits)
- Courses approved by adviser selected from the 200 or 300 level (17 credits)

Additional Math and Science Requirements for Major II

CHEM 10000 - Essentials of General Chemistry Lecture

GER 2/E
Essential facts, laws, and theories of general chemistry.
Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 10100 - Essentials of General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of general chemistry.
Primarily for nursing, nutrition and food science and community health education students.
prereq or coreq: CHEM 10000
3 hrs 1.5 cr.

CHEM 12000 - Essentials of Organic Chemistry Lecture

GER 2/E
Course presents essential facts, laws and theories of organic chemistry.
Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.
prereq: CHEM 10000
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 12100 - Essentials of Organic Chemistry Laboratory
GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry.
Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health students.
prereq: CHEM 10100 prereq or coreq: CHEM 12000
3 hrs (3 lab) 1.5 cr.

PHYS 10100 - Study of Selected Phenomena and Basic Concepts of Physics

GER 2/E
Introductory one-semester physics course designed for non-science majors and others requiring a one-semester terminal course.
6 hrs (3 lec, 3 lab) 4 cr.

PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
First semester of two-semester introductory physics course using algebra.
prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

MATH 10400 - Mathematics for Elementary Education I

GER 1/B
Fundamental and relevant mathematics as recommended by the NCTM for prospective elementary school teachers, including problem solving, sets, logic, numeration, computation, integers and number theory. Required of students planning to teach in elementary schools. Not open to other students.
prereq: grade of C or better in MATH 10100 or appropriate score on the placement exam
3 hrs 3 cr.

MATH 10500 - Mathematics for Elementary Education II

GER 1/B
Continuation of MATH 10400. Continuation of the content of the mathematics recommended by the NCTM for prospective elementary school teachers, including probability, statistics, plane and transformational geometry, congruence and similarity.
prereq: grade of C or better in MATH 10400
3 hrs 3 cr.

Curriculum Guide for Major II
Year 1

Fall

**BIOL 10000 - Principles of Biology I**

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
*Material Fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*

*prereq or coreq: MATH 12500 or equivalent*

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

**CHEM 10000 - Essentials of General Chemistry Lecture**

GER 2/E
Essential facts, laws, and theories of general chemistry.
*Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.*

4 hrs (3 lec, 1 rec) 3 cr.

**CHEM 10100 - Essentials of General Chemistry Laboratory**

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of general chemistry.
*Primarily for nursing, nutrition and food science and community health students.*

*prereq or coreq: CHEM 10000*

3 hrs 1.5 cr.

Spring

**BIOL 10200 - Principles of Biology II**

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
*Material fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*

*prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.*

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

**CHEM 12000 - Essentials of Organic Chemistry Lecture**
GER 2/E
Course presents essential facts, laws and theories of organic chemistry.
*Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.*
prereq: CHEM 10000
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 12100 - Essentials of Organic Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry.
*Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health students.*
prereq: CHEM 10100 or coreq: CHEM 12000
3 hrs (3 lab) 1.5 cr.

Year 2

Fall

- BIOL electives

PHYS 10100 - Study of Selected Phenomena and Basic Concepts of Physics

GER 2/E
Introductory one-semester physics course designed for non-science majors and others requiring a one-semester terminal course.
6 hrs (3 lec, 3 lab) 4 cr.

PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
First semester of two-semester introductory physics course using algebra.
prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

MATH 10400 - Mathematics for Elementary Education I

GER 1/B
Fundamental and relevant mathematics as recommended by the NCTM for prospective elementary school teachers,
including problem solving, sets, logic, numeration, computation, integers and number theory. Required of students planning to teach in elementary schools. Not open to other students.

**prereq:** grade of C or better in MATH 10100 or appropriate score on the placement exam

3 hrs 3 cr.

- EDUC course(s)

**Spring**

- BIOL electives

**MATH 10500 - Mathematics for Elementary Education II**

GER 1/B

Continuation of MATH 10400. Continuation of the content of the mathematics recommended by the NCTM for prospective elementary school teachers, including probability, statistics, plane and transformational geometry, congruence and similarity.

**prereq:** grade of C or better in MATH 10400

3 hrs 3 cr.

- EDUC course(s)

**Years 3 and 4**

**Fall and Spring**

- BIOL electives
- EDUC course(s)

**Biological Sciences: Concentration in Behavioral Neurobiology**

Return to: Biological Sciences Major I

The concentration in Behavioral Neurobiology within the Department of Biological Sciences, one of the options for Major I, has the following required courses and schedule.

**Required Courses**

**BIOL 10000 - Principles of Biology I**

GER 2/E PD/C or D

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

*Material Fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*

**prereq or coreq:** MATH 12500 or equivalent

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

*fall only*
BIOL 10200 - Principles of Biology II

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
Material fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

BIOL 20000 - Cell Biology I: Microorganisms

GER 3/B
Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses.
Material fee: $10
prereq: BIOL 10000 and 10200 or equiv; CHEM 10200, 10300, 10400, 10500 or equiv. coreq: CHEM 22200, 22300 or perm instr. (for Major II students, chem are CHEM 10000, 10100; coreqs are 12000, 12100)
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

BIOL 20200 - Cell Biology II: Eucaryotic Systems

GER 3/B
Structure and function of eucaryotic cells and organelles; membrane systems, cell cycle, cell division, signaling, cytoskeletal systems, motility; specialized cells; modern research tools and approaches. Laboratories include plant and animal cell culture; studies of cell division, the cytoskeleton, motility; light and electron microscopic methods; fluorescence labeling; protein electrophoresis, immunoblotting and immunolocalization.
Material Fee: $10
prereq: BIOL 20000 coreq: CHEM 22400 or perm instr.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

BIOL 30000 - Biological Chemistry

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.
Material Fee: $10
prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

BIOL 30200 - Molecular Genetics
GER 3/B
A comparison of viral, procaryotic and eukaryotic systems; review of classical Mendelian principles; bacterial DNA replication, transcription and their control; mechanisms of gene mutation, repair, recombination and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes.

Material Fee: $10
prereq: BIOL 30000
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

**CHEM 10200 - General Chemistry I**

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

*Primarily for pre-med, medical laboratory sciences and science majors.*

prereq or coreq: MATH 12500, 12600 or equiv.

5 hrs (4 lec, 1 rec) 4 cr.

**CHEM 10400 - General Chemistry II**

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

*Primarily for premed, medical laboratory sciences and science majors.*

prereq: CHEM 10200 or CHEM 10000 with perm chair

5 hrs (4 lec, 1 rec) 4 cr.

**CHEM 10600 - General Chemistry Laboratory**

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

*Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.*

prereq: CHEM 10200
coreq: CHEM 10400

6 hrs 3 cr.

**CHEM 22200 - Organic Chemistry Lecture I**

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 10400

5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

**CHEM 22400 - Organic Chemistry Lecture II**

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: prereq for CHEM 22400: CHEM 22200

5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.
MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
First semester of two-semester introductory physics course using algebra.
prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

PSYCH 10000 - Introduction to Psychology

GER 2/B
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.
3 hrs 3 cr.

PSYCH 24800 - Statistical Methods in Psychological Research

GER 3/B
Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.

PSYC 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or or appropriate score on math placement exam
coreq: Writing Intensive prereq or coreq: ENGL 12000
4 hrs 4 cr.

PSYCH 25000 - Experimental Psychology: General
GER 3/B
Open to declared majors only. Research and general experimental techniques in study of behavior. Introduction to the principles of research methodology and experimental techniques. Required research reports involve a variety of laboratory exercises related to the study of basic behavioral processes. (Students may take either PSYC 24900 or 25000, but not both.)

PSYC 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYC 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade; PSYC 24800 with a minimum grade of C. prereq or coreq: Writing Intensive
6 hrs (2 lec, 4 lab) 4 cr.

BIOL 47000 - Special Topics in Biology

GER 3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

prereq: BIOL 30000
2 hrs (lec) 2 cr. per sem.

BIOL 47100 - Special Topics in Biology

GER 3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

prereq: BIOL 300
3 hrs (lec) 3 cr. per sem.

Electives

8 credits, 6 of which must be PSYCH

PSYCH 30000 - Physiological Psychology (B)

GER 3/B
Neural and endocrine mechanisms involved in learning, emotion, perception and other psychological processes.

PSYC 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYC 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYC 24900 or 25000
3 hrs 3 cr.

PSYCH 30100 - Sensation and Perception (B; C)

GER 3/B
Open to declared majors only. Methods, theories and empirical data relating to stimulus detection, encoding and perception as a function of variables including current stimuli and past history.

PSYC 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYC 25000. (Students falling under the
previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000, PSYCH 24900 or 25000

3 hrs 3 cr.

PSYCH 30900 - Sex and Behavior (B; D/S)

GER 3/B PD/C
Research and attitudes about sex-related behavior in human and nonhuman animals emphasizing evolutionary and neuroendomoinological processes and social-psychological processes; male-female differences and similarities, therapeutic strategy in sex-behavior pathology and sexual behavior and the law.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000, PSYCH 24900 or 25000
3 hrs 3 cr.

PSYCH 32700 - Motivation (B; C)

GER 3/B
The problem of how behavior is initiated, maintained, directed and terminated. Human and non-human research evaluated.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000, PSYCH 24900 or 25000
3 hrs 3 cr.

PSYCH 36900 - Drugs and Behavior (B)

GER 3/B
Neurochemical substrate of brain functioning; historical context and social ramifications of drug use.

prereq: ENGL 12000, PSYCH 24900 or 25000, PSYCH 30000 or perm instr.
3 hrs 3 cr.

BIOL 37000 - Physiology of the Nervous System

GER 3/B
A comprehensive introduction to neuroscience. Topics include how nerve cells (neurons) transmit electrical impulses, how neurons communicate with each other through synapses and how nerve pathways and networks determine many functions of the brain. The last portion of the course shall explore how developing neurons seek out targets and establish synapses.

prereq: BIOL 30000 or perm instr.
4 hrs (lec) 4 cr.
spring only
BIOL 37600 - Endocrinology

GER 3/B
Cellular organization of the endocrine system; molecular mechanisms of hormone action; hormonal physiology of metabolism and reproduction; integration of endocrine responses by the central nervous system.
prereq: BIOL 20200 or perm instr.
3 hrs (lec) 3 cr.
spring only

BIOL 38000 - Molecular Neurobiology

GER 3/B
Molecular components and molecular mechanisms involved in the cell biology of neurons and glia, neuronal signaling, neuronal development, learning, memory and diseases of the nervous system.
prereq: BIOL 30000 or perm instr.
3 lec hrs 3 cr.
fall alternate years

Total: 76 Credits

Schedule

A typical timetable for graduation is presented below.

Fall (Year 1) 11.5 credits

BIOL 10000 - Principles of Biology I

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

MATH 15000 - Calculus with Analytic Geometry I
GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
Prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

Spring (Year 1) 13.5 credits

BIOL 10200 - Principles of Biology II
GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
Material fee: $5
Prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
Spring only

CHEM 10400 - General Chemistry II
GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
Primarily for premed, medical laboratory sciences and science majors.
Prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory
GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
Prereq: CHEM 10200
Coreq: CHEM 10400
6 hrs 3 cr.

PSYCH 10000 - Introduction to Psychology
GER 2/B
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.
3 hrs 3 cr.

Fall (Year 2) 12 credits

BIOL 20000 - Cell Biology I: Microorganisms
GER 3/B
Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses.

Material fee: $10
prereq: BIOL 10000 and 10200 or equiv; CHEM 10200, 10300, 10400, 10500 or equiv. coreq: CHEM 22200, 22300 or perm instr. (for Major II students, chem are CHEM 10000, 10100; coreqs are 12000, 12100)
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

fall only

PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
First semester of two-semester introductory physics course using algebra.

prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

Spring (Year 2) 12 credits

CHEM 22400 - Organic Chemistry Lecture II

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: prereq for CHEM 22400: CHEM 22200
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.

prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

BIOL 20200 - Cell Biology II: Eucaryotic Systems

GER 3/B
Structure and function of eucaryotic cells and organelles; membrane systems, cell cycle, cell division, signaling, cytoskeletal systems, motility; specialized cells; modern research tools and approaches. Laboratories include plant and animal cell culture; studies of cell division, the cytoskeleton, motility; light and electron microscopic methods; fluorescence labeling; protein electrophoresis, immunoblotting and immunolocalization.

Material Fee: $10
prereq: BIOL 20000 coreq: CHEM 22400 or perm instr.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

Fall (Year 3) 8.5 credits

BIOL 30000 - Biological Chemistry

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.
Material Fee: $10
prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

PSYCH 24800 - Statistical Methods in Psychological Research

GER 3/B
Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.

PSYC 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or or appropriate score on math placement exam
coreq: Writing Intensive prereq or coreq: ENGL 12000
4 hrs 4 cr.

Spring (Year 3) 10.5 credits

BIOL 30200 - Molecular Genetics

GER 3/B
A comparison of viral, procaryotic and eukaryotic systems; review of classical Mendelian principles; bacterial DNA replication, transcription and their control; mechanisms of gene mutation, repair, recombination and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes.
Material Fee: $10
prereq: BIOL 30000
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

PSYCH 25000 - Experimental Psychology: General

GER 3/B
Open to declared majors only. Research and general experimental techniques in study of behavior. Introduction to the
principles of research methodology and experimental techniques. Required research reports involve a variety of laboratory exercises related to the study of basic behavioral processes. (Students may take either PSYC 24900 or 25000, but not both.)

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000 with a minimum grade of C; one semester acceptable lab science sequence with a passing grade; PSYCH 24800 with a minimum grade of C. Prereq or coreq: Writing Intensive

6 hrs (2 lec, 4 lab) 4 cr.

PSYCH 30000 - Physiological Psychology (B)

GER 3/B
Neural and endocrine mechanisms involved in learning, emotion, perception and other psychological processes.

prereq: ENGL 12000. PSYCH 24900 or 25000

3 hrs 3 cr.

Fall (Year 4) 6 credits

BIOL 37600 - Endocrinology

GER 3/B
Cellular organization of the endocrine system; molecular mechanisms of hormone action; hormonal physiology of metabolism and reproduction; integration of endocrine responses by the central nervous system.

prereq: BIOL 20200 or perm instr.

3 hrs (lec) 3 cr.

spring only

PSYCH 36900 - Drugs and Behavior (B)

GER 3/B
Neurochemical substrate of brain functioning; historical context and social ramifications of drug use.

prereq: ENGL 12000, PSYCH 24900 or 25000, PSYCH 30000 or perm instr.

3 hrs 3 cr.

Spring (Year 4) 2 credits

BIOL 47000 - Special Topics in Biology

GER 3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

prereq: BIOL 30000

2 hrs (lec) 2 cr. per sem.
Biological Sciences: Concentration in Bioinformatics

Return to: Biological Sciences Major I

The requirements and schedule for the Concentration in Bioinformatics, one of the options in Biological Sciences Major I, are as follows:

Required Courses

**BIOL 10000 - Principles of Biology I**

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
*Material Fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*
*prereq or coreq: MATH 12500 or equivalent*
*7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.*
*fall only*

**BIOL 10200 - Principles of Biology II**

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
*Material fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*
*prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.*
*7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.*
*spring only*

**BIOL 20000 - Cell Biology I: Microorganisms**

GER 3/B
Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses.
*Material fee: $10*
*prereq: BIOL 10000 and 10200 or equiv; CHEM 10200, 10300, 10400, 10500 or equiv. coreq: CHEM 22200, 22300 or perm instr. (for Major II students, chem are CHEM 10000, 10100; coreqs are 12000, 12100)*
*7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.*
*fall only*

**BIOL 20200 - Cell Biology II: Eucaryotic Systems**

GER 3/B
Structure and function of eucaryotic cells and organelles; membrane systems, cell cycle, cell division, signaling,
BIOL 30000 - Biological Chemistry

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.
Material Fee: $10
prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

BIOL 30200 - Molecular Genetics

GER 3/B
A comparison of viral, procaryotic and eukaryotic systems; review of classical Mendelian principles; bacterial DNA replication, transcription and their control; mechanisms of gene mutation, repair, recombination and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes.
Material Fee: $10
prereq: BIOL 30000
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding. 
Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium. 
Primarily for premed, medical laboratory sciences and science majors.
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory
GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

CHEM 22400 - Organic Chemistry Lecture II

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: prereq for CHEM 22400: CHEM 22200
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

MATH 15500 - Calculus with Analytic Geometry II

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

STAT 21200 - Discrete Probability

GER 1/B
Combinations, permutations, discrete probability. Characteristics of probability distributions. Model building. Additional topics like sampling, random walks or game theory will be introduced from time to time.
prereq: MATH 12500 or STAT 11300 or appropriate score on placement exam.
3 hrs 3 cr.

STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses,
including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

**prereq:** MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

**PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound**

GER 2/E
First semester of two-semester introductory physics course using algebra.
**prereq:** MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

**PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound**

GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
**prereq or coreq:** coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

**PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.
**prereq:** PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

**PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

GER 2/E
Second semester of PHYS 11100, a two-semester introductory physics course using calculus.
**prereq or coreq:** (with perm dept.): MATH 15500
**prereq or coreq:** PHYS 11000 or 11100
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

**Electives (10 credits)**

**ANTHP 30200 - Human Genetics**

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability
**prereq:** ANTHP 10100, 10200, or BIOL 10200
3 hrs 3 cr.

**CHEM 38800 - Topics of Current Interest in Chemistry**
GER 3/B
Offered subject to adequate student interest and enrollment. Taught by specialists from department faculty. The specific topic will be listed in the schedule of classes for a given semester.

prereq or coreq: CHEM 35200 and CHEM 35600 or perm instr.
3 hrs 3 cr.

BIOL 42500 - Computational Molecular Biology

GER 3/B
An introduction to the interdisciplinary field of computational molecular biology. Students are taught the scope and methods of in silico biology, i.e., the application of computational and statistical methods to solving problems in molecular biology. Topics will include homology searching, sequence alignment, molecular phylogenetics, comparative genomics, analysis of gene expression, and prediction of macromolecular structures. The course will be taught using a mixed format of lectures and hands-on workshops in a UNIX computer laboratory setting. Knowledge and skills in molecular biology, UNIX programming, and statistics are essential for success in this core course required for bioinformatics-concentration students from all majors.

prereq: BIOL 30000 or BIOL 30200 or CHEM 37600; STAT 21300; CSCI 13200 or CSCI 23500 or UNIX proficiency permitted by instructor.

BIOL 47100 - Special Topics in Biology

GER 3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.
prereq: BIOL 300
3 hrs (lec) 3 cr. per sem.

Total Credits (72 to 74 credits)

Schedule

A typical timetable for graduation is presented below.

Fall (Year 1) 11.5 credits

BIOL 10000 - Principles of Biology I

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only
CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding. 
Primarily for pre-med, medical laboratory sciences and science majors.
 prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications. 
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam. 
4 hrs 4 cr.

Spring (Year 1) 14.5 credits

BIOL 10200 - Principles of Biology II

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology. 
Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.
 prereq: BIOL 10000 or perm instr, MATH 10100 or equiv. 
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr. 
spring only

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium. 
Primarily for premed, medical laboratory sciences and science majors.
 prereq: CHEM 10200 or CHEM 10000 with perm chair 
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory. 
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors. 
 prereq: CHEM 10200 
coreq: CHEM 10400 
6 hrs 3 cr.

MATH 15500 - Calculus with Analytic Geometry II
GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

Fall (Year 2) 12 credits

BIOL 20000 - Cell Biology I: Microorganisms

GER 3/B
Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses.

Material fee: $10

prereq: BIOL 10000 and 10200 or equiv; CHEM 10200, 10300, 10400, 10500 or equiv. coreq: CHEM 22200, 22300 or perm instr. (for Major II students, chem are CHEM 10000, 10100; coreqs are 12000, 12100)

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 10400

5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
First semester of two-semester introductory physics course using algebra.

prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.

7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

Spring (Year 2) 7.5 credits

CHEM 22400 - Organic Chemistry Lecture II

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: prereq for CHEM 22400: CHEM 22200

5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

Fall (Year 3) 10.5 credits

BIOL 30000 - Biological Chemistry

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.

Material Fee: $10
prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

CSCI 13200 - Practical UNIX and Programming, with Lab

GER 2/E
An introduction to computer programming and the UNIX operating system using Perl. Conceptual overview of the UNIX operating system and programming environment, a practical introduction to shell programming, and the use of UNIX filters and utilities. A pragmatic course with an emphasis on skills acquisition.

This course cannot be counted towards the CSCI major.
prereq: none
3 hrs 3 cr.

STAT 21200 - Discrete Probability

GER 1/B
Combinations, permutations, discrete probability. Characteristics of probability distributions. Model building. Additional topics like sampling, random walks or game theory will be introduced from time to time.

prereq: MATH 12500 or STAT 11300 or appropriate score on placement exam.
3 hrs 3 cr.

Spring (Year 3) 6 credits

CSCI 23200 - Relational Databases and SQL Programming, with Lab

GER 3/B
An introduction to elementary database concepts and SQL, the standard language for communicating with most database systems. A pragmatic course with an emphasis on skills acquisition; students will learn how to get things done quickly and easily in a database environment.

Required for computer science minors; open to computer science majors, but may not be used toward the computer science major.
prereq: CSCI 12700 or CSCI 13200
3 hrs 3 cr.

STAT 21300 - Introduction to Applied Statistics
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

*prereq: MATH 12500 or appropriate score on placement exam.

3 hrs 3 cr.

Fall (Year 4) 5 credits

- **BIOL 3XX**

**BIOL 47100 - Special Topics in Biology**

GER 3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

*prereq: BIOL 300

3 hrs (lec) 3 cr. per sem.

Spring (Year 4) 5 credits

**ANTHP 30200 - Human Genetics**

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability

*prereq: ANTHP 10100, 10200, or BIOL 10200

3 hrs 3 cr.

**BIOL 47100 - Special Topics in Biology**

GER 3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

*prereq: BIOL 300

3 hrs (lec) 3 cr. per sem.

**Biological Sciences: Concentration in Biophysics**

Return to: Biological Sciences Major I

The requirements and timetable for graduation for the Concentration in Biophysics, one of the options in the Biological Sciences Major I, are as follows:

**Required Courses**

**BIOL 10000 - Principles of Biology I**
GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

BIOL 10200 - Principles of Biology II

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

BIOL 20000 - Cell Biology I: Microorganisms

GER 3/B
Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses.

Material fee: $10

prereq: BIOL 10000 and 10200 or equiv; CHEM 10200, 10300, 10400, 10500 or equiv. coreq: CHEM 22200, 22300 or perm instr. (for Major II students, chem are CHEM 10000, 10100; coreqs are 12000, 12100)
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

BIOL 20200 - Cell Biology II: Eucaryotic Systems

GER 3/B
Structure and function of eucaryotic cells and organelles; membrane systems, cell cycle, cell division, signaling, cytoskeletal systems, motility; specialized cells; modern research tools and approaches. Laboratories include plant and animal cell culture; studies of cell division, the cytoskeleton, motility; light and electron microscopic methods; fluorescence labeling; protein electrophoresis, immunoblotting and immunolocalization.

Material Fee: $10

prereq: BIOL 20000 coreq: CHEM 22400 or perm instr.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

BIOL 30000 - Biological Chemistry

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy
transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.

**Material Fee:** $10

**prereq:** BIOL 20200, CHEM 22200, 22300 **coreq:** CHEM 22400

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

**fall only**

**BIOL 30200 - Molecular Genetics**

**GER 3/B**

A comparison of viral, procaryotic and eukaryotic systems; review of classical Mendelian principles; bacterial DNA replication, transcription and their control; mechanisms of gene mutation, repair, recombination and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes.

**Material Fee:** $10

**prereq:** BIOL 30000

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

**spring only**

**CHEM 10200 - General Chemistry I**

**GER 2/E**

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

*Primarily for pre-med, medical laboratory sciences and science majors.*

**prereq or coreq:** MATH 12500, 12600 or equiv.

5 hrs (4 lec, 1 rec) 4 cr.

**CHEM 10400 - General Chemistry II**

**GER 2/E**

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

*Primarily for premed, medical laboratory sciences and science majors.*

**prereq:** CHEM 10200 or CHEM 10000 with perm chair

5 hrs (4 lec, 1 rec) 4 cr.

**CHEM 10600 - General Chemistry Laboratory**

**GER 2/E**

Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

*Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.*

**prereq:** CHEM 10200

**coreq:** CHEM 10400

6 hrs 3 cr.

**CHEM 22200 - Organic Chemistry Lecture I**

**GER 3/B**

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

CHEM 22400 - Organic Chemistry Lecture II

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: prerequisite for CHEM 22400: CHEM 22200
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

MATH 15500 - Calculus with Analytic Geometry II

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

MATH 25000 - Calculus with Analytic Geometry III

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.
prereq: MATH 15500
4 hrs 4 cr.

PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
prereq or coreq: coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11100, a two-semester introductory physics course using calculus.
prereq: PHYS 11000 or 11100
prereq or coreq: (with perm dept.): MATH 15500
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

PHYS 33000 - Atomic and Nuclear Physics
Examines experimental evidence and develops modern view of structure of atom and nucleus.

**prereq:** PHYS 12000 or 12100  
**prereq or coreq:** MATH 25000  
4 hrs 4 cr.

**PHYS 33600 - Thermodynamics and Statistical Mechanics**

Study of fundamental ideas of heat, reversibility, and entropy. Introduction to statistical nature of some physical laws.

**prereq:** PHYS 12000 or 12100; MATH 25000  
4 hrs 4 cr.

**PHYS 42000 - Introduction to Biophysics**

A comprehensive introduction to the interface between physics and biology and the application of the techniques of physics to understanding biological systems, focusing on developing an understanding of the thermodynamics of living systems, on the physical kinematics of macromolecules and other biological structures and on the theory of physical techniques that are used in the study of biological systems.

**prereq or coreq:** PHYS 33000, PHYS 33600, BIOL 30000, CHEM 37600.  
4 hrs 4 cr.

**Electives (any 2)**

**BIOL 39000 - Laboratory in Cell Structure**

GER 3/B  
Applications of light and confocal microscopy, using fluorescence and multidimensional imaging to study cell structures. Lab projects involve immunofluorescence: fixation methods and immunocytochemistry. Illumination methods including multi-channel 3D rendering, image processing and visualization software.

**prereq or coreq:** BIOL 30000 or BIOL 20200 and perm instr.  
7 hrs (2 lecture, 5 lab) 4.5 cr.  
fall only

**BIOL 47000 - Special Topics in Biology**

GER 3/B  
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

**prereq:** BIOL 30000  
2 hrs (lec) 2 cr. per sem.

**MATH 25400 - Ordinary Differential Equations**

GER 3/B  
First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.

**prereq:** MATH 25000  
3 hrs 3 cr.

Total Credits (77.5 to 79.5 credits)
Schedule

A typical timetable for graduation is presented below.

Fall (Year 1) 11.5 credits

**BIOL 10000 - Principles of Biology I**

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
*Material Fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*
*prereq or coreq: MATH 12500 or equivalent*
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

**CHEM 10200 - General Chemistry I**

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding. *Primarily for pre-med, medical laboratory sciences and science majors.*
*prereq or coreq: MATH 12500, 12600 or equiv.*
5 hrs (4 lec, 1 rec) 4 cr.

**MATH 15000 - Calculus with Analytic Geometry I**

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*
4 hrs 4 cr.

Spring (Year 1) 14.5 credits

**BIOL 10200 - Principles of Biology II**

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology. *Material fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*
*prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.*
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

**CHEM 10400 - General Chemistry II**
GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

**Primary for premed, medical laboratory sciences and science majors.**

**prereq:** CHEM 10200 or CHEM 10000 with perm chair

5 hrs (4 lec, 1 rec) 4 cr.

**CHEM 10600 - General Chemistry Laboratory**

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

**Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.**

**prereq:** CHEM 10200

**coreq:** CHEM 10400

6 hrs 3 cr.

**MATH 15500 - Calculus with Analytic Geometry II**

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

**prereq:** grade of C or better in MATH 15000

4 hrs 4 cr.

Fall (Year 2) 13 credits

**BIOL 20000 - Cell Biology I: Microorganisms**

GER 3/B
Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses.

**Material fee:** $10

**prereq:** BIOL 10000 and 10200 or equiv; CHEM 10200, 10300, 10400, 10500 or equiv. coreq: CHEM 22200, 22300 or perm instr. (for Major II students, chem are CHEM 10000, 10100; coreqs are 12000, 12100)

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

fall only

**CHEM 22200 - Organic Chemistry Lecture I**

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

**prereq:** CHEM 10400

5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

**PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound**
GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
prereq or coreq: coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

Spring (Year 2) 12.5 credits

CHEM 22400 - Organic Chemistry Lecture II

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: prereq for CHEM 22400: CHEM 22200
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

MATH 25000 - Calculus with Analytic Geometry III

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.
prereq: MATH 15500
4 hrs 4 cr.

PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11100, a two-semester introductory physics course using calculus.
prereq: PHYS 11000 or 11100
prereq or coreq: (with perm dept.): MATH 15500
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

Fall (Year 3) 8.5 credits

BIOL 30000 - Biological Chemistry

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.
Material Fee: $10
prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

PHYS 33000 - Atomic and Nuclear Physics

Examines experimental evidence and develops modern view of structure of atom and nucleus.
prereq: PHYS 12000 or 12100 prereq or coreq: MATH 25000
4 hrs 4 cr.
Spring (Year 3) 8.5 credits

BIOL 30200 - Molecular Genetics

GER 3/B
A comparison of viral, procaryotic and eukaryotic systems; review of classical Mendelian principles; bacterial DNA replication, transcription and their control; mechanisms of gene mutation, repair, recombination and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes.

Material Fee: $10
prereq: BIOL 30000
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

PHYS 33600 - Thermodynamics and Statistical Mechanics

Study of fundamental ideas of heat, reversibility, and entropy. Introduction to statistical nature of some physical laws.
prereq: PHYS 12000 or 12100; MATH 25000
4 hrs 4 cr.

Fall (Year 4) 4 credits

PHYS 42000 - Introduction to Biophysics

A comprehensive introduction to the interface between physics and biology and the application of the techniques of physics to understanding biological systems, focusing on developing an understanding of the thermodynamics of living systems, on the physical kinematics of macromolecules and other biological structures and on the theory of physical techniques that are used in the study of biological systems.
prereq or coreq: PHYS 33000, PHYS 33600, BIOL 30000, CHEM 37600.
4 hrs 4 cr.

Spring (Year 4) 5 credits

BIOL 39000 - Laboratory in Cell Structure

GER 3/B
Applications of light and confocal microscopy, using fluorescence and multidimensional imaging to study cell structures. Lab projects involve immunofluorescence: fixation methods and immunocytochemistry. Illumination methods including multi-channel 3D rendering, image processing and visualization software.

prereq or coreq: BIOL 30000 or BIOL 20200 and perm instr.
7 hrs (2 lecture, 5 lab) 4.5 cr.
fall only

BIOL 47000 - Special Topics in Biology

GER 3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.
Undergraduate Major/Graduate Major

Biological Sciences with Specialization in Biotechnology - Accelerated BA/MA

In this five-year program, qualified biology majors begin graduate work as seniors and receive the MA one year after completing BA requirements. Students are provided with theoretical knowledge and skills in molecular biology and a foundation for application of these skills in careers in the biotechnology and pharmaceutical industries, academic research, or public health. Successful completion of the biotechnology workshop (BIOL 41000/610), an essential program component, entitles students to a summer internship in an industrial or private research laboratory. Interested biology majors should contact a departmental adviser as early as possible.

Biological Sciences/Environmental and Occupational Health Sciences - Accelerated BA/MS

This is an accelerated program leading to a BA in biology and an MS in environmental and occupational health sciences in five years. Biology majors admitted to the program start graduate work in their senior year. Interested students should contact a departmental adviser early in their undergraduate studies, as well as the office of the director of the Environmental and Occupational Health Sciences Program at the Brookdale Campus. The program provides biology majors with a career option in public health.

Medical Laboratory Sciences with Specialization in Biotechnology - Accelerated BS/MA

See the Medical Laboratory Sciences section.

Undergraduate Minor

Minor in Biological Sciences

The minor in Biological Sciences gives students a basic understanding of biology from the molecular and cellular to the organismal and population level. This includes both theoretical aspects presented in lecture as well as practical aspects presented in lab. Flexibility is built into the minor to allow students to select courses corresponding to their interests. In order to minor in Biological Sciences a student must pass four courses resulting in a minor GPA of 2.0 or higher. All students who want a Minor in Biological Sciences must take:

- BIOL 10000 - Principles of Biology I and BIOL 10200 - Principles of Biology II or BIOL 10000 - Principles of Biology I and BIOL 16000 - Honors Principles of Biology II or the equivalent
• two additional courses in Biological Sciences, one of which must be at the 200 level or higher

Number of Credits: A minimum of 12 credits. Transfer credits may be applied. At least 2 courses must be taken at Hunter College.

Astronomy: Courses Less Frequently Offered

BIOL 22000 - Topics in Genetics and Evolution

GER 3/B

prereq: BIOL 10000 or equiv.
3 hrs 3 cr.
spring only

Biological Sciences

BIOL 10000 - Principles of Biology I

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

BIOL 10200 - Principles of Biology II

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

BIOL 12000 - Anatomy and Physiology I
Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.

Not accepted for credit toward the biology major.

prereq: CHEM 10000, 10100  
coreq: CHEM 12000, 12100  
6 hrs (3 lec, 3 lab) 4.5 cr.

BIOL 12200 - Anatomy and Physiology II

Structure and function of circulatory, digestive, excretory, endocrine and reproductive systems. Basic concepts of metabolism, embryology. Required for admission to the nursing program.

Not accepted for credit toward the biology major.

prereq: BIOL 12000 or equiv.  
6 (3 hrs lec, 3 hrs lab) 4.5 cr.

BIOL 12500 - Human Biology

GER 2/E with lab  
An introductory lecture/laboratory course for non-biology majors. BIOL 12500 explores the biology that underlies current health and disease topics (including diabetes, cancer, heart disease, sexually transmitted diseases, and nutrition). Using this topics approach, the course provides a survey of human anatomy and physiological function, along with the biological principles of genetics and cellular interactions that comprise our current understanding of the human organism. Laboratory exercises will introduce students to a scientific approach in studying human disease and physiology.

6 hrs 4.5 cr.

BIOL 15000 - CSI: HUNTER (Forensic Biology)

GER 2/E with lab  
An introductory laboratory course for non-biology majors. This lecture/laboratory course will cover the techniques used by forensic scientists to analyze a crime scene, and the biological concepts behind them. Through the topics that are covered, students will learn how biological evidence like fingerprints, hair, blood, and DNA are collected, analyzed, and presented as evidence to solve crimes.

Required for this course is a 10 minutes PowerPoint presentation in groups in four students. In order to prepare for the presentation, a two page outline from each student is expected. In addition, a group assignment of less than 5 pages long will be assigned as preparation of the presentation. This assignment helps students prepare for a “crime scene” that will be designed by the group using the topics and materials provided in class. Further research for this project is encouraged using library materials or the WWW to provide supplemental information, ideas and images.

The laboratory component of the course requires that students record their data, observations, and answer discussion questions (in a short answer format). The completion of their laboratory manual will constitute part of the laboratory grade.

6 hrs 4.5 cr.

BIOL 16000 - Honors Principles of Biology II

GER 2/E PD/C or D  
Physiological systems and their regulation: internal transport, hormones and gas exchange in plants and animals; osmoregulation; motility; nervous, neuroendocrine, immunological and sensory systems; behavior, reproduction and
ecology. Students will read reviews of current research in addition to the required text. Guest speakers and class presentations.

Enrollment limited. Core credit awarded only if BIOL 10000 and 16000 are both completed. PD credit awarded only upon completion of BIOL 10000 and 16000.

prereq: grade of B or better in BIOL 10000 or perm instr, MATH 10100 or equiv.

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

**BIOL 20000 - Cell Biology I: Microorganisms**

GER 3/B

Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses.

Material fee: $10

prereq: BIOL 10000 and 10200 or equiv; CHEM 10200, 10300, 10400, 10500 or equiv. coreq: CHEM 22200, 22300 or perm instr. (for Major II students, chem are CHEM 10000, 10100; coreqs are 12000, 12100)

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

fall only

**BIOL 20200 - Cell Biology II: Eucaryotic Systems**

GER 3/B

Structure and function of eucaryotic cells and organelles; membrane systems, cell cycle, cell division, signaling, cytoskeletal systems, motility; specialized cells; modern research tools and approaches. Laboratories include plant and animal cell culture; studies of cell division, the cytoskeleton, motility; light and electron microscopic methods; fluorescence labeling; protein electrophoresis, immunoblotting and immunolocalization.

Material Fee: $10

prereq: BIOL 20000 coreq: CHEM 22400 or perm instr.

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

spring only

**BIOL 23000 - Fundamentals of Microbiology**

GER 3/B

Topics include scope, historical aspects, taxonomy, survey of the microbial world, viruses, infectious diseases, control of microorganisms and immunology. Required for admission to the nursing program.

Not accepted for credit toward the biology Major I.

prereq: CHEM 10000, 10100, 12000, 12100 or equiv; BIOL 12000 coreq: BIOL 12200

5 hrs (2 lec, 3 lab) 3 cr.

spring only

**BIOL 25000 - Current Topics in the Biosciences (W)**

GER 3/B

Seminar for non-science majors focusing on topics of current relevance such as the science of emerging diseases, bioterrorism, genetic engineering, stem cell research and global warming. Coverage includes the social, legal, political and ethical issues associated with each topic.

Not accepted for credit toward biology Major I.

prereq: ENGL 12000 or equiv, 2 sems intro lab science or equiv, or perm instr coreq: ENGL 12000 or equiv, 2 sems intro lab science or equiv, or perm instr.
3 hrs 3 cr.
fall only

**BIOL 28000 - Biochemistry of Health and Nutrition**

GER 3/B
Basic biochemistry in areas related to human health and nutrition. Designed for students in the dietetics program.
(Not accepted for credit toward biology Major I)
prereq: BIOL 10000, 10200 or 12000, 12200; CHEM 10000, 12000
3 hrs (lec) 3 cr.
fall only

**BIOL 30000 - Biological Chemistry**

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.
Material Fee: $10
prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

**BIOL 30200 - Molecular Genetics**

GER 3/B
A comparison of viral, procaryotic and eukaryotic systems; review of classical Mendelian principles; bacterial DNA replication, transcription and their control; mechanisms of gene mutation, repair, recombination and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes.
Material Fee: $10
prereq: BIOL 30000
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

**BIOL 30600 - Developmental Biology**

GER 3/B
Major topics include molecular and cellular mechanisms of early embryonic development in amphibians, mammals and model organisms such as Drosophila, as well as the related subjects of vertebrate organ system development, biology of stem cells and animal cloning. Emphasis is placed on seminal and current research in cell-cell communication, signal transduction and differential gene regulation in developmental processes.
prereq: BIOL 30000
3 hrs (lec) 3 cr.
fall only

**BIOL 32200 - Evolution**

GER 3/B
Modern synthetic theory, genetic basis of variation, gene pool in populations.
prereq: BIOL 30000
3 hrs (lec) 3 cr.

BIOL 35000 - The Biology of Cancer

GER 3/B
When a normal cell becomes a cancer cell there are genetic changes that occur that alter the biology of the cell such that it behaves independent of its neighbors. This course will investigate the altered biology of cancer cells that lead to uncontrolled proliferation and cancer. Topics include: cell culture, the cell cycle, hormones, receptors, intracellular signal transduction, oncogenes, tumor suppressor genes, apoptosis, metastasis, and the etiology of human cancer.

prereq: BIOL 20000, 30000, or perm instr.
3 hrs (lec) 3 cr.
spring alternate years

BIOL 36000 - Cellular and Molecular Immunology

GER 3/B
Study of the immune system from a molecular perspective. Molecular genetics of antibody and T cell receptor diversity, hematopoiesis and lymphocyte development, humoral and cellular immunity, histocompatibility.
prereq or coreq: BIOL 30000, perm instr.
4 hrs (3 lec, 1 disc) 3.5 cr.
fall only

BIOL 37000 - Physiology of the Nervous System

GER 3/B
A comprehensive introduction to neuroscience. Topics include how nerve cells (neurons) transmit electrical impulses, how neurons communicate with each other through synapses and how nerve pathways and networks determine many functions of the brain. The last portion of the course shall explore how developing neurons seek out targets and establish synapses.
prereq: BIOL 30000 or perm instr.
4 hrs (lec) 4 cr.
spring only

BIOL 37500 - Molecular Systematics

GER 3/B
An overview of the various methods and kinds of data used in systematics, the study of organism diversity and biological relationships. Emphasis is on modern molecular and genetic approaches to identification of individual species and strains and full phylogenetic analyses of suites of species to determine their evolutionary history. The knowledge base is provided for experimental investigation of questions of current interest in phylogeny and population biology.
prereq: BIOL 30000 or perm instr.
3 hrs 3 cr.

BIOL 37600 - Endocrinology

GER 3/B
Cellular organization of the endocrine system; molecular mechanisms of hormone action; hormonal physiology of metabolism and reproduction; integration of endocrine responses by the central nervous system.
BIOL 38000 - Molecular Neurobiology

GER 3/B
Molecular components and molecular mechanisms involved in the cell biology of neurons and glia, neuronal signaling, neuronal development, learning, memory and diseases of the nervous system.

prereq: BIOL 30000 or perm instr.
3 lec hrs 3 cr.
spring only

BIOL 38500 - Fundamentals of Developmental Neurobiology

GER 3B
The course teaches the basic molecular processes underlying neural tissue specification, brain region-specific maturation, proper circuits formation and synapse assembly during the development of eukaryotic organisms.

3 hrs 3 cr.
fall alternate years

BIOL 39000 - Laboratory in Cell Structure

GER 3/B
Applications of light and confocal microscopy, using fluorescence and multidimensional imaging to study cell structures. Lab projects involve immunofluorescence, fixation methods and immunocytochemistry. Illumination methods including multi-channel 3D rendering, image processing and visualization software.

prereq or coreq: BIOL 30000 or BIOL 20200 and perm instr.
7 hrs (2 lecture, 5 lab) 4.5 cr.
fall only

BIOL 40000 - Special Topics in Advanced Laboratory Techniques

GER 3/B
Advanced laboratory techniques used in contemporary biological research, including areas such as immunology, microbiology and molecular neurobiology. Topics change from term to term.

prereq: BIOL 30000 or perm instr.
4 hrs (lab) 2 cr

BIOL 41000 - Workshop in Biotechnology

GER 3/B
A series of laboratory-intensive experimental projects, each lasting one week or more, which introduce current research techniques and include individual participation in planning and preparation of experiments. The focus is on a broad biotechnology topic such as the isolation, cloning and expression of a gene, utilizing the techniques of molecular genetics.

This course satisfies the research requirement for graduation with departmental honors and is a component of the interdisciplinary BS/MA (MLS/Biol) program in biotechnology.

prereq: BIOL 20000, 20200, perm instr.
30 hrs/week for 4 weeks 4 cr.
BIOL 42500 - Computational Molecular Biology

GER 3/B
An introduction to the interdisciplinary field of computational molecular biology. Students are taught the scope and methods of *in silico* biology, i.e., the application of computational and statistical methods to solving problems in molecular biology. Topics will include homology searching, sequence alignment, molecular phylogenetics, comparative genomics, analysis of gene expression, and predication of macromolecular structures. The course will be taught using a mixed format of lectures and hands-on workshops in a UNIX computer laboratory setting. *Knowledge and skills in molecular biology, UNIX programming, and statistics are essential for success in this core course required for bioinformatics-concentration students from all majors.*

*prereq: BIOL 30000 or BIOL 30200 or CHEM 37600; STAT 21300; CSCI 13200 or CSCI 23500 or UNIX proficiency permitted by instructor.*

BIOL 45000 - Individual Tutorial in Biology

GER 3/B
May be taken only once. Research paper written under the direction of a full-time faculty member in department of biological sciences.

*prereq: 18 credits in biology, approval of adviser in addition to the sponsor 1-2 cr.*

BIOL 46000 - Introduction to Planning and Teaching of Laboratory Work in Biology

GER 3/B
Participation in discussions and assisting in the teaching of laboratories in an introductory course, or peer mentoring in the undergraduate biological sciences research techniques facility.

*prereq: 16 credits in BIOL, 12 credits in CHEM, 2 letters from faculty 5 hrs (2 planning, 3 lab) 2 cr.*

BIOL 47000 - Special Topics in Biology

GER 3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

*prereq: BIOL 30000 2 hrs (lec) 2 cr. per sem.*

BIOL 47100 - Special Topics in Biology

GER 3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

*prereq: BIOL 300 3 hrs (lec) 3 cr. per sem.*

BIOL 480000 - Introduction to Experimental Biology

GER 3/B
Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases,
under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.

prereq: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.
hrs TBA 1-2 cr. per sem.

BIOL 48100 - Introduction to Experimental Biology

GER 3/B
Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.

prereq: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.
TBA 1-2 cr. per semester

BIOL 48200 - Introduction to Experimental Biology

GER 3/B
Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.

prereq: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.
TBA 1-2 credits per semester

BIOL 48300 - Introduction to Experimental Biology

GER 3/B
Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.

prereq: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.
hrs TBA 1-2 cr. per sem.

Biological Sciences: Courses Less Frequently Offered

BIOL 20800 - Ecology

GER 3/B

BIOL 25200 - Comparative Anatomy of the Vertebrates

GER 3/B

BIOL 33500 - Comparative Animal Physiology

GER 3/B

BIOL 34000 - Plant Physiology
Programs and Courses in Chinese

Chinese Language and Literature - BA

Return to Classical and Oriental Studies

Major

The major in Chinese language and literature consists of 24 credits chosen from the following CHIN-prefixed courses:

**CHIN 20100 - Intermediate Chinese I**

Reading of literature in *baihua* (vernacular style) with emphasis on structural use of “function words” and vocabulary-building.

*prereq: CHIN 10200 or equiv.*

3 hrs 3 cr.

*offered fall*

**CHIN 20200 - Intermediate Chinese II**

Continued reading of literature in *baihua*.

*prereq: CHIN 20100 or equiv.*

3 hrs 3 cr.

*offered spring*

**CHIN 30100 - Journalistic Chinese Literature I**

Intensive reading of literature and essays written in journalistic style.

*prereq: CHIN 20200 or equiv.*

3 hrs 3 cr.

*offered fall*

**CHIN 30200 - Journalistic Chinese Literature II**

Intensive reading and translation of literature written in journalistic style.

*prereq: CHIN 30100 or equiv.*

3 hrs 3 cr.

*offered spring*

**CHIN 30300 - Classical Chinese Literature I**

Intensive study of literature written in *wenyan* or classical style, with attention to basic structures of literary styles.

*prereq: CHIN 20200 or equiv.*

3 hrs 3 cr.

*offered fall*
CHIN 30400 - Classical Chinese Literature II

Continuation of CHIN 303. Selected readings in literature written in wenyan or classical style.
*prereq: CHIN 303 or equiv.
3 hrs 3 cr.
offered spring

CHIN 30700 - Classical Chinese Poetry

PD/A
Close textual and stylistic analysis of texts selected from standard verse forms, with emphasis on Tang shi.
*prereq: CHIN 30400 or equiv.
3 hrs 3 cr.

CHIN 40100 - Advanced Studies in Chinese Literature

Including 20th-century literature, poetry; etymology and vocabulary building; Chinese-English translation.
*prereq: CHIN 30200 or equiv, perm chair
3 hrs 3 cr.

CHIN 40200 - Independent Study in Chinese Literature

Independent study and research in Chinese literature under supervision of a faculty member.
*For majors only.
*prereq: CHIN 40100, perm chair
3 hrs 3 cr.

Preparation for Teaching Chinese in Grades 7-12

Students preparing to teach Chinese must complete a 30-credit major option for teaching that includes the 24-credit sequence taken by non-teaching majors plus 9 additional credits: CHIN 39900 and 6 credits in Chinese language and literature at the 300 or 400 level. Students interested in teaching Chinese in New York schools should take the 23-credit pedagogical sequence for grades 7-12; this sequence may count toward the course requirements for New York State certification, but will not by itself be sufficient for certification. Students interested in a teaching career should consult with the School of Education.

Minor in Chinese

The minor in Chinese consists of 12 credits. Students must take 4 courses at or above the CHIN 200 level taught in Chinese. Course prerequisites must be satisfied. Internships and independent studies do not count toward the minor. Consult the Chinese program adviser for appropriate course recommendations.

Advanced Placement and Exemptions

Students who elect to take Chinese as their required language and have studied the language abroad or at home must consult the head of the Chinese Division for advanced placement or exemptions. The Chinese program does not offer proficiency tests.

Electives
All courses, unless otherwise stated in course descriptions, are open to qualified students majoring in other disciplines.

Chinese: Other Courses

Language Courses

**CHIN 10100 - Elementary Chinese I**

Beginning course in Mandarin.

*CHIN 10100 not credited without CHIN 10200.*

4 hours 4 credits

*offered fall*

**CHIN 10200 - Elementary Chinese II**

Beginning course in Mandarin.

4 hours 4 credits

*offered spring*

**CHIN 10500 - Chinese Writing System and Calligraphy I**

Beginning course in learning the basics about writing Chinese characters, methods of analysis, and mastery of common radicals and characters.

3 hours 3 credits

*offered fall*

**CHIN 10600 - Chinese Writing System and Calligraphy II**

Continued instruction in topics related to the development of Chinese scripts, printing, and calligraphy, and mastery of additional common characters.

*prereq: CHIN 10500 or equivalent*

3 hours 3 credits

*offered spring*

**CHIN 30600 - 20th-century Chinese Literature**

PD/A

Selected readings of leading thinkers and writers.

*prereq: CHIN 20200 or equiv.*

3 hrs 3 cr.

**CHIN 39900 - Second Language Acquisition**

A survey of issues and approaches to second language acquisition. For students planning to teach languages other than English in grades 7-12.

*prereq: at least three courses at the 300 level in the language, ENGL 12000*

3 hrs 3 cr.
Chinese Culture and Literature in Translation

CHIN 11100 - Chinese Culture I

GER 2/C PD/A
Introduction to Chinese culture with emphasis on classical tradition. Lectures and readings in English.
3 hrs 3 cr.

CHIN 11200 - Chinese Culture II

GER 2/C PD/A
Emphasis on modern transformation against background of classical tradition. Lectures and readings in English.
3 hrs 3 cr.

CHIN 21100 - Topics in Chinese Culture

Topics include Chinese religion, Buddhism, archaeology, Daoism and theatre.
3 hrs 3 cr.

CHIN 25100 - Topics in Chinese Literature in English Translation (W)

GER 2/C
Including 20th-century literature, contemporary literature.
prereq: ENGL 12000
3 hrs 3 cr.

CHIN 35500 - Classical Chinese Fiction in English Translation (W)

GER 3/A PD/A
Introduction to Chinese fictional writings from early times to 19th century, e.g., Dream of the Red Chamber, Monkey, All Men Are Brothers, Romance of the Three Kingdoms.
prereq: ENGL 12000
3 hrs 3 cr.

CHIN 35700 - Chinese Poetry in English Translation (W)

GER 3/A PD/A
Major poets from the earliest times to the present day, with emphasis on the Tang period.
prereq: ENGL 12000
3 hrs 3 cr.

Programs and Courses in Classical & Oriental Studies

Classical and Oriental Studies

About the Department
The Department of Classical and Oriental Studies offers Programs in: Arabic, Chinese Language and Literature, Classics, Hebrew, Japanese, and Russian and Slavic Studies.

Department Chair

Arabic Language, Literature, and Culture

A Program in the Department of Classical and Oriental Studies

Here at Hunter we teach Arabic as the living language used on a daily basis by more than two hundred million people, from Morocco in the west of the Arab world to Oman in the east. We focus on both formal — usually referred to as Modern Standard Arabic (MSA) or Fusha — and informal Arabic. We do this via a communicative approach. In other words, instead of focusing on the translation of written texts, as Arabic has traditionally been taught, we teach our students how to read, speak, write and aurally comprehend the different registers of the language. We offer a 6-course sequence of language courses and a growing number of culture courses taught in English. Four semesters of Arabic or the equivalent fulfills the language requirement of Hunter. We also offer two minors: Arabic and Arabic Studies.

Programs and Courses

Chinese Language and Literature

A Program in the Department of Classical and Oriental Studies

The Chinese Division of the Department of Classical and Oriental Studies offers language courses in Modern Chinese (Mandarin) and Classical Chinese as well as courses taught in English on traditional and modern Chinese literature and culture. The program, which offers a major and minor, focuses on language acquisition and literacy development to help students attain professional language proficiency. It also introduces students to the civilization of China. Students are encouraged to take interdisciplinary courses in Chinese art, economics, history, political science and religion to develop a deeper understanding of past and present China. The program prepares students for further studies in graduate school and professional careers in international trade, education, government service, diplomacy, private business, journalism and related fields.

Classics

A Program in the Department of Classical and Oriental Studies

The civilizations of ancient Greece and Rome have had a profound influence on the development of our own culture. The various expressions of human experience that are revealed through our literature and art, in our political and social institutions, and even in our language, all show the impact of the legacy of the classical world.

The Classics program in the Department of Classical and Oriental Studies offers a full range of studies in the worlds of ancient Greece, Rome, and the Mediterranean, from a single course in myth or etymology to majors in Greek, Latin, classical archaeology, or classical studies. Students who want to know about the classical world without learning its languages can choose from a variety of courses in civilization, literature in translation, myth and religion, and archaeology. In addition, the division participates in Hunter’s interdepartmental programs in religion, comparative literature, archaeology, and women and gender studies.

Careers in research, government and education use skills developed in classical studies, and a major in classics provides an excellent foundation for many professional programs such as law. In addition, specialized careers—such as college and high school teaching, museum work, and archival research—are open to professional classicists and archaeologists.

Hebrew

A Program in the Department of Classical and Oriental Studies

The Hebrew Program in the Department of Classical and Oriental Studies offers a program of Hebrew language, literature and culture spanning the ancient through the modern periods. This program is designed to develop
language skills, cultivate a critical appreciation of Hebraic and Judaic literature and thought and promote an understanding of Jewish cultural tradition against the background of world civilization. These courses may be applied to satisfy foreign language and other components of the General Education Requirement as well as to fulfill major and minor concentrations.

This curriculum also meets the special needs of students majoring in other disciplines for courses dealing with the Hebraic or Judaic elements and influences on European culture. The wide variety of course offerings, covering the entire range of Hebraic and Judaic culture from early Biblical times to modern Israel, enables students to concentrate their attention on one major period, to aim for an overall proficiency or to strive for both objectives simultaneously.

Japanese is one of the languages that can be used to meet the Foreign Language requirement of the GER. The Japanese culture courses offered meet PD/A.

Japanese Language/Culture Courses

**Russian and Slavic Studies**

A Program in the Department of Classical and Oriental Studies

The Russian and Slavic Studies Program in the Department of Classical and Oriental Studies offers a rich curriculum designed for students who seek competence in spoken and written Russian and a solid background in and knowledge of Russian literature and culture. The Program also offers courses in two related Slavic languages, Polish and Ukrainian.

Courses in the Program are recommended to students from other disciplines who want to master the Russian language as a research tool or who seek to learn about Russian literature in translation. The important contributions being made by Russian scholars in chemistry, biology, mathematics and other related fields make the study of Russian especially valuable to science majors.

Russian majors find employment in U.S. governmental agencies, the United Nations, broadcasting, banking, international commerce, education, library services and other fields.

Undergraduate Major

Chinese Language and Literature - BA

Return to Classical and Oriental Studies

Major

The major in Chinese language and literature consists of 24 credits chosen from the following CHIN-prefixed courses:

**CHIN 20100 - Intermediate Chinese I**

Reading of literature in baihua (vernacular style) with emphasis on structural use of “function words” and vocabulary-building.

*prereq: CHIN 10200 or equiv.*

3 hrs 3 cr.

*offered fall*

**CHIN 20200 - Intermediate Chinese II**

Continued reading of literature in baihua.

*prereq: CHIN 20100 or equiv.*

3 hrs 3 cr.

*offered spring*

**CHIN 30100 - Journalistic Chinese Literature I**
Intensive reading of literature and essays written in journalistic style.  
*prereq: CHIN 20200 or equiv.*  
3 hrs 3 cr.  
offered fall

**CHIN 30200 - Journalistic Chinese Literature II**

Intensive reading and translation of literature written in journalistic style.  
*prereq: CHIN 30100 or equiv.*  
3 hrs 3 cr.  
offered spring

**CHIN 30300 - Classical Chinese Literature I**

Intensive study of literature written in wenyan or classical style, with attention to basic structures of literary styles.  
*prereq: CHIN 20200 or equiv.*  
3 hrs 3 cr.  
offered fall

**CHIN 30400 - Classical Chinese Literature II**

Continuation of CHIN 303. Selected readings in literature written in wenyan or classical style.  
*prereq: CHIN 303 or equiv.*  
3 hrs 3 cr.  
offered spring

**CHIN 30700 - Classical Chinese Poetry**

PD/A  
Close textual and stylistic analysis of texts selected from standard verse forms, with emphasis on Tang shi.  
*prereq: CHIN 30400 or equiv.*  
3 hrs 3 cr.

**CHIN 40100 - Advanced Studies in Chinese Literature**

Including 20th-century literature, poetry; etymology and vocabulary building; Chinese-English translation.  
*prereq: CHIN 30200 or equiv, perm chair*  
3 hrs 3 cr.

**CHIN 40200 - Independent Study in Chinese Literature**

Independent study and research in Chinese literature under supervision of a faculty member.  
*For majors only.*  
*prereq: CHIN 40100, perm chair*  
3 hrs 3 cr.

**Preparation for Teaching Chinese in Grades 7-12**

Students preparing to teach Chinese must complete a 30-credit major option for teaching that includes the 24-credit sequence taken by non-teaching majors plus 9 additional credits: CHIN 39900 and 6 credits in Chinese language and
literature at the 300 or 400 level. Students interested in teaching Chinese in New York schools should take the 23-credit pedagogical sequence for grades 7-12; this sequence may count toward the course requirements for New York State certification, but will not by itself be sufficient for certification. Students interested in a teaching career should consult with the School of Education.

**Minor in Chinese**

The minor in Chinese consists of 12 credits. Students must take 4 courses at or above the CHIN 200 level taught in Chinese. Course prerequisites must be satisfied. Internships and independent studies do not count toward the minor. Consult the Chinese program adviser for appropriate course recommendations.

**Advanced Placement and Exemptions**

Students who elect to take Chinese as their required language and have studied the language abroad or at home must consult the head of the Chinese Division for advanced placement or exemptions. The Chinese program does not offer proficiency tests.

**Electives**

All courses, unless otherwise stated in course descriptions, are open to qualified students majoring in other disciplines.

**Chinese: Other Courses**

**Language Courses**

**CHIN 10100 - Elementary Chinese I**

Beginning course in Mandarin.

*CHIN 10100 not credited without CHIN 10200.*

*4 hours 4 credits*

*offered fall*

**CHIN 10200 - Elementary Chinese II**

Beginning course in Mandarin.

*4 hours 4 credits*

*offered spring*

**CHIN 10500 - Chinese Writing System and Calligraphy I**

Beginning course in learning the basics about writing Chinese characters, methods of analysis, and mastery of common radicals and characters.

*3 hours 3 credits*

*offered fall*

**CHIN 10600 - Chinese Writing System and Calligraphy II**
Continued instruction in topics related to the development of Chinese scripts, printing, and calligraphy, and mastery of additional common characters.

**prereq:** CHIN 10500 or equivalent

3 hours 3 credits

**offered spring**

**CHIN 30600 - 20th-century Chinese Literature**

PD/A

Selected readings of leading thinkers and writers.

**prereq:** CHIN 20200 or equiv.

3 hrs 3 cr.

**CHIN 39900 - Second Language Acquisition**

A survey of issues and approaches to second language acquisition. For students planning to teach languages other than English in grades 7-12.

**prereq:** at least three courses at the 300 level in the language, ENGL 12000

3 hrs 3 cr.

**Chinese Culture and Literature in Translation**

**CHIN 11100 - Chinese Culture I**

GER 2/C PD/A

Introduction to Chinese culture with emphasis on classical tradition. Lectures and readings in English.

3 hrs 3 cr.

**CHIN 11200 - Chinese Culture II**

GER 2/C PD/A

Emphasis on modern transformation against background of classical tradition. Lectures and readings in English.

3 hrs 3 cr.

**CHIN 21100 - Topics in Chinese Culture**

Topics include Chinese religion, Buddhism, archaeology, Daoism and theatre.

3 hrs 3 cr.

**CHIN 25100 - Topics in Chinese Literature in English Translation (W)**

GER 2/C

Including 20th-century literature, contemporary literature.

**prereq:** ENGL 12000

3 hrs 3 cr.

**CHIN 35500 - Classical Chinese Fiction in English Translation (W)**
GER 3/A PD/A
Introduction to Chinese fictional writings from early times to 19th century, e.g., Dream of the Red Chamber, Monkey, All Men Are Brothers, Romance of the Three Kingdoms.
prereq: ENGL 12000
3 hrs 3 cr.

CHIN 35700 - Chinese Poetry in English Translation (W)
GER 3/A PD/A
Major poets from the earliest times to the present day, with emphasis on the Tang period.
prereq: ENGL 12000
3 hrs 3 cr.

Classical Archaeology (Interdepartmental) - BA

Return to Classical and Oriental Studies

24 credits from the interdepartmental course pool, including

CLA 20400 - Introduction to Classical, Near Eastern, and Egyptian Archaeology (W)

GER 2/C
Introduction to ancient archaeology, including Greece and Rome, Mesopotamia, Egypt, Anatolia, and the Levant.
prereq: ENGL 12000
3 hrs 3 cr.

CLA 22000 - Aegean Archaeology (W)

GER 3/A PD/D
Crete, Greece, and the islands in Bronze Age. Knossos, Thera, Mycenae. Painting, jewelry, pottery, daily life.
prereq: ENGL 12000, CLA 20400
3 hrs 3 cr.

CLA 22100 - Greek Archaeology (W)

GER 3/A PD/D
Greece from Archaic to Hellenistic period: culture, Greek cities overseas, daily life; Delphi, Olympia, Athens.
prereq: ENGL 12000; CLA 20400
3 hrs 3 cr.

CLA 22200 - Roman Archaeology (W)

GER 3/A PD/D
Etruscans, Roman Italy, and the Empire: Pompeii, Rome, Roman cities overseas; glass, mosaics, sarcophagi, pottery.
prereq: ENGL 12000; CLA 20400
3 hrs 3 cr.

• with a corequisite of 12-14 credits of Greek or Latin.
Additional Information

Offered within the interdepartmental archaeology major.

Preparation for Teaching in Grades 7-12

Students interested in a teaching career should consult with the School of Education. In addition, the department offers an MA in the teaching of Latin.

Honors and Tutorials

Departmental honors in classics and tutorials are open only to majors.

Courses in Archaeology

**CLA 22000 - Aegean Archaeology (W)**

GER 3/A PD/D

Crete, Greece, and the islands in Bronze Age. Knossos, Thera, Mycenae. Painting, jewelry, pottery, daily life.

*prereq: ENGL 12000, CLA 20400*

3 hrs 3 cr.

**CLA 22100 - Greek Archaeology (W)**

GER 3/A PD/D

Greece from Archaic to Hellenistic period: culture, Greek cities overseas, daily life; Delphi, Olympia, Athens.

*prereq: ENGL 12000; CLA 20400*

3 hrs 3 cr.

**CLA 22200 - Roman Archaeology (W)**

GER 3/A PD/D

Etruscans, Roman Italy, and the Empire: Pompeii, Rome, Roman cities overseas; glass, mosaics, sarcophagi, pottery.

*prereq: ENGL 12000; CLA 20400*

3 hrs 3 cr.

**CLA 22500 - Archaeology of Egypt (W)**

GER 3/A PD/A

Sites, cultures, and styles of ancient Egypt, Giza, Thebes, Amarna; hieroglyphs, literature, tombs, religion, daily life.

*prereq: ENGL 12000, CLA 20400*

3 hrs 3 cr.

**CLA 22700W - Archaeology of Eastern Mediterranean**

GER 3/A PD/A

Cyprus, Southern Anatolia, Phoenicia, and Palestine, especially in Bronze Age.
prereq: ENGL 12000, CLA 20400
3 hrs 3 cr.

CLA 32200 - Archaeology of Mesopotamia and Iran (W)

GER 3/A PD/A
Sites, cultures, and styles of ancient Mesopotamia and Iran. First cities, tombs of Ur, ziggurats, palaces, Elamites and Persians.
prereq: ENGL 12000, CLA 20400
3 hrs 3 cr.

CLA 32300 - Archaeology of Anatolia (W)

GER 3/A PD/A
Sites, cultures, and styles of ancient Anatolia: Catal Huyuk, Troy, the Hittites, royal tombs of Phrygia and Lycia.
prereq: ENGL 12000, CLA 20400
3 hrs 3 cr.

CLA 32900 - Problems in Archaeology

Exploration in depth of particular area or period in Old World archaeology. Topics vary.
prereq: ENGL 12000, two courses in classical archaeology
3 hrs 3 cr.

CLA 33000 - Field Seminar in Archaeology

Open to majors only. Fieldwork, undertaken during a school semester or summer, under auspices of department or in an approved program, teaching excavation, or field school.
prereq: ENGL 12000, perm dept.
6 cr. maximum

ANTHC 12600 - Introduction to Prehistoric Archaeology

GER 2/B
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs 3 cr.
offered every sem.

ANTHC 12700 - Introduction to Archaeological Techniques

Strategies of data collection; determination of age of deposits, environmental reconstruction, examination of artifacts.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 22600 - Archaeology of Africa

GER 3/B PD/A
Prehistory; origins, adaptations, cultural evolution of early hominids; origins of agriculture, early complex societies.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.
ANTHC 22700 - Archaeology of Europe

GER 3/B PD/D
Prehistory; early hunting and gathering adaptations, beginnings of sedentary village life, development of complex societies.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 22800 - Archaeology of the Near East to 2000 BC

GER 3/B PD/A
Sociocultural development of Near East from early hunter-gatherers to first states and empires.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 23100 - Archaeology of Mesoamerica

GER 3/B
Sociocultural development from early hunter-gatherers to first pre-Hispanic states and empires.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 23200 - Archaeology of South America and the Caribbean

GER 3/B
Sociocultural development from early hunter-gatherers to first pre-Hispanic states and empires.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

ANTHC 42600 - Seminar in Archaeological Field Methods

Introduction to field methods and techniques in survey and excavation; involves weekend fieldwork on nearby sites. Depending on topic, may meet PD/B or D.
prereq: ANTHC 12600 or perm instr.
3 hrs 3 cr.

Minor in Classical Archaeology

12 Credits

1. CLA 20400 - Introduction to Classical, Near Eastern, and Egyptian Archaeology (W)
2. CLA 22100 - Greek Archaeology (W)
3. CLA 22200 - Roman Archaeology (W)
4. One other course in Classical Archaeology at the 200- or 300-level.
Note: CLA 20400 is a prerequisite for all other Classical Archaeology courses.

Classical Studies - BA

Return to Classical and Oriental Studies
12-14 credits of either Greek or Latin, including

**GRK 10100 - Beginning Greek**

*GRK 10100 not credited without GRK 10200.*
4 hrs 4 cr.
offered fall

**GRK 10200 - Beginning Greek**

*GRK 10100 not credited without GRK 10200.*
8 hrs 8 cr.
offered spring
or

**LAT 10100 - Beginning Latin**

*LAT 10100 not credited without LAT 10200.*
4 hrs 4 cr.
offered fall

**LAT 10200 - Beginning Latin**

4 hrs 4 cr.
offered spring

- 12 credits of classics courses given in English (CLA prefix), including two courses at the 300 level

**Note(s)**

CLA 10100 and CLA 11000 do not count toward the major.

GER 3/A
The Ancient Greek religious experience: official rites, mystery cults, oracles, personal religious belief, and practice.
prereq: ENGL 12000, CLA 10100 or 20100
3 hrs 3 cr.

CLA 30400 - Pagans and Christians (W)
GER 3/A PD/D
Transformation of classical culture in late antiquity: religion, philosophy, mysticism, magic, astrology.
prereq: ENGL 12000; CLA 20100 or 20300
3 hrs 3 cr.

CLA 30500 - Women and Slaves in Classical Antiquity (W)
GER 3/A PD/C or D
Women and slaves in Greek and Roman society and their influence on Western attitudes about sex and class.
cross-listed WGSC 30500 (W)
prereq: ENGL 12000; CLA 20100 or 20300
3 hrs 3 cr.

CLA 30600 - Special Studies in Ancient Greek Culture
Examination of specific areas of Greek life. Topics vary from year to year.
prereq: ENGL 12000
3 hrs 3 cr.

CLA 30700 - Special Studies in Ancient Roman Culture
PD/D
Examination of specific areas of Roman life. Topics vary from year to year.
prereq: ENGL 12000
3 hrs 3 cr.

CLA 30800 - Magic and Science in the Ancient World (W)
GER 3/A
The interaction of scientific and magical world views in Greek, Roman and Near Eastern antiquity from the invention of writing to the origins of alchemy.
prereq: ENGL 12000; CLA 20100 or 20300
3 hrs 3 cr.

CLA 31000 - Ancient Sports and Spectacles (W)
GER 3/A PD/D
An exploration of ancient Greek and Roman sports and spectacles, focusing on evidence supplied by literary texts, archaeology, and the visual arts.
prereq: ENGL 12000; CLA 20100 or 20300
3 hrs 3 cr.

CLA 32200 - Archaeology of Mesopotamia and Iran (W)
GER 3/A PD/A
Sites, cultures, and styles of ancient Mesopotamia and Iran. First cities, tombs of Ur, ziggurats, palaces, Elamites and Persians.
prereq: ENGL 12000, CLA 20400
3 hrs 3 cr.

CLA 32300 - Archaeology of Anatolia (W)
GER 3/A PD/A
Sites, cultures, and styles of ancient Anatolia: Catal Huyuk, Troy, the Hittites, royal tombs of Phrygia and Lycia.
prereq: ENGL 12000, CLA 20400
3 hrs 3 cr.

CLA 32900 - Problems in Archaeology
Exploration in depth of particular area or period in Old World archaeology. Topics vary.
prereq: ENGL 12000, two courses in classical archaeology
3 hrs 3 cr.

CLA 33000 - Field Seminar in Archaeology
Open to majors only. Fieldwork, undertaken during a school semester or summer, under auspices of department or in an approved program, teaching excavation, or field school.
prereq: ENGL 12000, perm dept.
6 cr. maximum

CLA 42100 - Independent Study in Classics
Open to majors only.
prereq: ENGL 12000, perm chair
1-3 cr.

CLA 49100 - Honors in Classics
Sr only. Individual research under direction of member of department, culminating in essay approved by Honors Committee.
prereq: ENGL 12000, perm dept.
3 hrs 3 cr.

CLA 49800 - Internship
prereq: ENGL 12000, perm dept.
1-6 cr.

Hebrew - BA

Return to: Classical and Oriental Studies

Placement and Exemption Students with background in the language should consult the head of the Hebrew Division for proper placement or for language exemption.
The major consists of 24 credits from courses beyond HEBR 101-102. In general, a Hebrew major is required to achieve proficiency in Biblical and/or modern Hebrew literature by successfully completing a minimum of four courses at the 300 level in Hebrew. Courses in Hebraic studies conducted in English may be applied toward partial fulfillment of the Hebrew major provided they are part of a coherent program approved by the head of the division.

Qualified students interested in a more intensive program in the field of Hebraic or Judaic studies, particularly those preparing for graduate work in such specialized areas as Semitic languages and civilizations, Jewish history, Biblical studies and archaeology, medieval or modern Hebrew literature, Near Eastern studies or religious studies, should consult a division adviser regarding additional courses and supportive studies in related fields.

**Preparation for Teaching in Grades 7-12**

In cooperation with the School of Education, the Program in Hebrew provides opportunities for students to prepare for a career in teaching Hebrew in grades 7-12. Students preparing to teach Hebrew must complete a 33-credit major option for teaching that includes the 24-credit sequence taken by non-teaching majors, HEBR 39900, and 6 additional credits in Hebrew language and literature at the 300 or 400 level. Students interested in teaching Hebrew in New York schools should take the 23-credit pedagogical sequence for grades 7-12. This sequence may count toward the course requirements for New York State Certification, but will not by itself be sufficient for certification. Students interested in a teaching career should consult with the School of Education.

**Minor**

Two minors are offered, one in Hebrew, the other in Hebraic Studies.

**Hebrew Minor**

The Hebrew minor requires the successful completion of 12 credits at the 200-level or above. Courses counted toward the Hebrew minor must be either language courses or have Hebrew as their language of instruction.

**Hebraic Studies Minor**

The Hebraic Studies minor requires the successful completion of four HEBR literature and/or culture courses on the 200-level or above, taught in English or in Hebrew. Two Hebrew language courses other than Elementary and Intermediate Hebrew—e.g., Biblical Hebrew, Advanced Hebrew—may be used toward the minor requirement in lieu of two literature or culture courses.

**Honors**

Opportunity for honors work is available through HEBR 49100 - Honors Project.

**Courses in Hebrew**

**HEBR 10100 - Elementary Hebrew I**

Fundamentals of reading, pronunciation and grammar for beginners. Practice in conversation and writing. HEBR 101 not credited without HEBR 102.

*3 hrs 3 cr.*
HEBR 10200 - Elementary Hebrew II

Continuation of HEBR 10100.

prereq: HEBR 10100 or equiv.

3 hrs 3 cr.

HEBR 10300 - Intensive Elementary Hebrew

Intensive practice in basic skills of Hebrew. Course covers in one semester the material covered in the two semesters of HEBR 10100 and 10200.

6 hrs 6 cr.

HEBR 10500 - Elementary Biblical Hebrew I

Introduction to Biblical Hebrew alphabet and vowels, basic vocabulary and grammar. No prior knowledge of Hebrew required. This basic course is not recommended for students who have studied or are studying Modern Hebrew.

Not credited without HEBR 10600

3 hours 3 credits

HEBR 10600 - Elementary Biblical Hebrew II

The second in a series of 4 introductory courses in Biblical Hebrew.

prereq: HEBR 105 or equivalent.

3 hours 3 credits

HEBR 20100 - Intermediate Hebrew I

Continued practice in conversational Hebrew, grammar and composition.

prereq: HEBR 10200 or equiv.

3 hrs 3 cr.

HEBR 20200 - Intermediate Hebrew II

Intensive practice in conversation, composition and grammar. Selected readings in Hebrew literature.

prereq: HEBR 20100 or equiv.

3 hrs 3 cr.

HEBR 20500 - Intermediate Biblical Hebrew I

This is the 3rd semester of a 4-semester series of Biblical Hebrew courses.

prereq: Biblical Hebrew 10600 or equivalent.

3 hours 3 credits

HEBR 20600 - Intermediate Biblical Hebrew II

This is the 4th semester of the 4-semester Biblical Hebrew series.

prereq: HEBR 20500 or equivalent.

3 hours 3 credits
HEBR 21000 - Selected Studies in Hebrew Literature in Translation

PD/C
Study of selected masterpieces or major themes in Hebrew literature in translation. May be repeated as topics vary from semester to semester. Some topics may meet a PD requirement; check with department.
3 hrs 3 cr.

HEBR 21100 - Masterpieces of Medieval Hebraic Literature in Translation (W)

GER 2/C PD/D
Selections from major works reflecting Jewish life and thought in medieval Islamic world and Christendom.
3 hrs 3 cr.

GER 2/C
Survey of Hebraic literature from Enlightenment movement to present.
3 hrs 3 cr

HEBR 21400 - Maimonides' Guide to the Perplexed

GER 3/A PD/D
Study of this work in English with reference to Maimonides' influence on development of medieval Aristotelianism.
3 hrs 3 cr.

HEBR 21500 - Hebraic and Judaic Culture and Thought in the Medieval Islamic World (W)

GER 3/A PD/A PD/D
A study of medieval Hebraic and Judaic writings from North Africa and the Middle East in English translation. Emphasis will be given to the traditional as well as the innovative aspects of the material.
prereq: ENGL 12000
3 hrs 3 cr.

HEBR 21800 - Masterpieces of Yiddish Literature in Translation (W)

GER 3/A PD/D
Study of major works in Yiddish literature from Mendele Mocher Seforim to present.
prereq: ENGL 22000
3 hrs 3 cr.

HEBR 22000 - Israeli Cinema

GER 3/A PD/A
Israeli cinema and the development of Israeli cultural identity. Designed for students of Hebrew studies and Film studies who are interested in the history of Israeli film and Israeli cultural identity as expressed in the Israeli cinema. The course is designed for students of Hebrew studies and Film studies who are interested in the history of Israeli film and Israeli cultural identity as expressed in the Israeli cinema. This course will explore discourses on topics concerning the Israeli-Palestinian and Israeli-Arab conflicts, Zionist and post-Zionist trends, socio-economic gaps, religious controversies and aesthetic societal contexts, as well as women’s issues. The course will employ a variety of
disciplines, including but not limited to formalist and semiotic film theories and literary analysis. The student will gain fundamental insight into Israeli culture. No knowledge of Hebrew is required but can be helpful. Students, who wish to do the reading and discussion in the Hebrew language, may have that option. Course will be conducted in English.

cross-listed cross-listed with FILM 21344
prereq: ENGL 12000
3 hrs 3 cr

**HEBR 22100 - Modern Israeli Culture**

A survey of contemporary Israeli culture, exploring topics relating to language, literature, history, rituals, politics, music and education.
prereq: ENGL 12000
3 hours 3 credits

**HEBR 24000 - Introduction to the Old Testament**

GER 2/C PD/A
Survey of the books of the Old Testament, their form, content and cultural background. Introduction to the tools and methods of modern biblical criticism.
3 hrs 3 cr

**HEBR 25000 - Topics in Hebraic Studies**

PD/C
Study in depth of a selected topic in Hebraic studies. May be repeated as topics vary from semester to semester. Some topics may meet a PD requirement; check with department.
3 hrs 3 cr

**HEBR 25900 - Old Testament Religion**

GER 2/C PD/A
Comprehensive survey of ancient Israelite religious practice, expression and thought as reflected in Hebrew Bible.
3 hrs 3 cr

**HEBR 28100 - Masterpieces of Ancient Hebraic Literature in Translation (W)**

GER 3/A
Study of Hebrew classics and collateral works against background of Jewish history and ancient civilization.
3 hrs 3 cr

**HEBR 28400 - Images of Women in the Old Testament, in Translation**

GER 3/A PD/C
Depiction of women in ancient Israelite prose and poetry. Close reading and analysis of texts in terms of literary techniques, cultural background and ideological implications.
3 hrs 3 cr.

**HEBR 28600 - Ancient Near Eastern Literature and the Bible**
GER 3/A PD/A
Comparative study of ancient Near Eastern literature and the Hebrew Bible.
3 hrs 3 cr

HEBR 28800 - Ancient Hebraic Folklore

GER 2/C PD/A
Analysis and comparative study of folk beliefs, practices and literature reflected in Hebrew Bible, apocryphal literature and rabbinic Aggada.
3 hrs 3 cr

HEBR 29000 - Biblical Archaeology

GER 2/C PD/A
Study of Biblical sources in translation in relation to major archaeological discoveries in Israel and Near East.
3 hrs 3 cr

HEBR 29200 - The Hebrew Prophets

GER 2/C PD/A
Study of phenomenon of prophecy in ancient Israel and its contribution to historical, ethical and religious thought.
3 hrs 3 cr

HEBR 29400 - Job, Ecclesiastes and the Human Predicament

GER 3/A PD/A
Study of form, content and religious significance of these two enigmatic masterworks.
3 hrs 3 cr

HEBR 29500 - Ancient Hebrew Law

GER 2/C PD/A
Historical and comparative study of Biblical and rabbinic law.
3 hrs 3 cr

HEBR 29600 - The Dead Sea Scrolls in English

GER 3/A PD/A
Readings in the various genres of the scrolls; historical background of Qumran sect; significance of the scrolls for study of Judaism and Christianity.
3 hrs 3 cr

HEBR 31000 - Modern Hebrew Literature I

GER 3/A PD/D
Reading and discussion of selected works in prose and poetry of 19th-century authors.
prereq: HEBR 20200 or equiv. or exemption
3 hrs 3 cr

HEBR 31100 - Modern Hebrew Literature II
GER 3/A
Reading and discussion of selected works in prose and poetry of 20th-century authors.

prereq: HEBR 20200 or equiv.

3 hrs 3 cr.

**HEBR 31500 - Biblical Literature: Pentateuch**

GER 3/A PD/A
Selections from Pentateuch.

prereq: HEBR 20200 or equiv.

3 hrs 3 cr.

**HEBR 31600 - Biblical Literature: Historical Books**

GER 3/A PD/A
Selections from books of Joshua, Judges, Samuel and Kings.

prereq: HEBR 20200 or equiv.

3 hrs 3 cr.

**HEBR 31700 - Biblical Literature: Prophetic Books**

GER 3/A PD/A
Selections from minor and major prophets.

prereq: HEBR 202 or equiv.

3 hrs 3 cr.

**HEBR 31800 - Biblical Literature: Hagiographa**

GER 3/A PD/A
Selections from Job, Proverbs, Psalms and the five Magillot.

prereq: HEBR 20200 or equiv.

3 hrs 3 cr.

**HEBR 32000 - The Modern Hebrew Short Story**

GER 3/A
Extensive reading of short stories from late 19th century to present, illustrating different literary trends.

prereq: HEBR 20200 or equiv.

3 hrs 3 cr.

**HEBR 32100 - Talmudic Literature**

GER 3/A PD/A
Selections from Talmud and Midrash.

prereq: HEBR 20200 or equiv.

3 hrs 3 cr.

**HEBR 32200 - Medieval Literature**
GER 3/A PD/D
Selections from literature of Golden Age in Spain.

prereq: HEBR 20200 or equiv.
3 hrs 3 cr

HEBR 32300 - Poetry of the Modern Hebrew Renaissance Period

GER 3/A PD/D
Study of major works of Bialik, Tschernichovsky, Kahan and Shneour.

prereq: HEBR 20200 or equiv.
3 hrs 3 cr

HEBR 32400 - The Modern Hebrew Essay

GER 3/A PD/D
Study of selected essays of Ahad ha'Am, Berditchevsky and Frischman.

prereq: HEBR 20200 or equiv.
3 hrs 3 cr

HEBR 32500 - History of Modern Hebrew Literature

GER 3/A
Evolution of Hebrew literature from period of Enlightenment to contemporary Hebrew letters.

prereq: HEBR 20200 or equiv.
3 hrs 3 cr

HEBR 32600 - Hebrew Poetry Between the Two World Wars

GER 3/A
Study of Hebrew poetry since World War I. Emphasis on works of Greenberg, Schlonsky, Lamdan and Alterman.

prereq: HEBR 20200 or equiv.
3 hrs 3 cr

HEBR 32700 - The Modern Hebrew Novel

GER 3/A
Intensive study of a major novel by Agnon, Barash or Hazaz, with collateral readings in other Hebrew novels.

prereq: HEBR 20200 or equiv.
3 hrs 3 cr

HEBR 32800 - Contemporary Hebrew Prose

GER 3/A

prereq: HEBR 20200 or equiv.
3 hrs 3 cr

HEBR 33100 - Medieval Hebrew Philosophic Texts
GER 3/A
Study of selected chapters of Halevi's Kuzari and Maimonide's Moreh Nebukim (Guide to the Perplexed).
prereq: HEBR 20200 or equiv.
3 hrs 3 cr

HEBR 35100 - Hebrew Grammar and Composition
Intensive study of principles of vocalization, inflections of nouns and verbs, rules of syntax and practice in composition.
prereq: HEBR 20200 or equiv.
3 hrs 3 cr

HEBR 35700 - Approaches to Main Problems in Hebraic Studies
Explorations in depth of a particular area in Hebraic studies. May be repeated as topics vary from semester to semester. There are "unlimited" repeats for this course.
prereq: HEBR 20200 or equiv.
3 hrs 3 cr

HEBR 39900 - Second Language Acquisition
A survey of issues and approaches to second language acquisition. For students planning to teach languages other than English in grades 7-12.
prereq: at least three courses at the 300 level in the language, ENGL 12000
3 hrs 3 cr

HEBR 45100 - Selected Studies in Hebrew Literature
PD/D
Course will concentrate on an author, theme, genre or period in Hebrew literature. May be repeated as topics vary from semester to semester. Some topics may meet a PD requirement. There are "unlimited" repeats for this course.
prereq: HEBR 20200 or equiv, perm division
3 hrs 3 cr

HEBR 49000 - Independent Studies
Independent research under direction of a member of the division. May be repeated as topics vary from semester to semester. There are "unlimited" repeats for this course.
prereq: permission of division head
hrs TBA 3 cr

HEBR 49100 - Honors Project
Individual study and research in Hebrew literature in consultation with staff member. Honors essay required. May be repeated as topics vary from semester to semester. There are "unlimited" repeats for this course.
prereq: Jr/Sr only; perm division
1 sem 3 cr.

Russian - BA

Return to: Classical and Oriental Studies

Major
The Russian major consists of no fewer than 24 credits chosen among courses in the language beyond RUSS 10100 and RUSS 10200.

I. Russian language sequence: for students who want to acquire native fluency in spoken and written Russian and a thorough knowledge of Russian literature.

II. Russian language and culture sequence: for students whose interests lie in the arts rather than in language. With the permission of the division head, a limited number of courses in translation may be applied to the major sequence.

III. Concentration in Russian and East Central European Studies (RECE): This new concentration within the Russian program draws on a variety of disciplines in combination with courses from the Division of Russian and Slavic Studies. Requirements for RECE include Russian or Slavic language proficiency or a pre- or corequisite of 6 credits in Russian or Slavic language at the 20200 (intermediate) level or above and 18 credits distributed as follows: Russian or East Central European history (3 cr.); RECE area political science (3 cr.); Russian or East Central European literature, culture or arts (3 cr.); and three additional 200- or 300-level courses chosen from two of the following categories: anthropology, economics, geography, history, political science and literature, culture or arts. Students should select courses in consultation with their RECE adviser. In addition to their 18-to 24-credit concentration, students are strongly urged to choose 12 minor credits from disciplines related to RECE.

Electives

All courses offered by the Russian Division are open to qualified students for elective credit.

Preparation for teaching in Grades 7-12

In cooperation with the School of Education, the program in Russian provides opportunities for students to prepare for a career in teaching Russian in grades 7-12. Students preparing to teach Russian must complete a 33-credit major option for teaching that includes the 24-credit sequence taken by non-teaching majors plus 9 additional credits: RUSS 39900 and 6 additional credits in Russian language and literature at the 300 or 400 level. Students interested in teaching Russian in New York Schools should take the 23-credit pedagogical sequence for grades 7-12. This sequence may count toward the course requirements for New York State Certification, but will not by itself be sufficient for certification. Students interested in a teaching career should consult with the School of Education.

Minor in Russian

The minor in Russian consists of no fewer than 12 credits. Courses taken toward the Russian minor could follow two tracks: the Russian language minor or the Russian literature and culture minor.

Students wishing to minor in Russian should either pass a proficiency test or take the language sequences of

**RUSS 10100 - Elementary Russian**

Introduction to Russian language. Practice in spoken Russian. Reading of simple texts. RUSS 101 not credited without RUSS 102.

2 sems, 3 hrs 3 cr. each sem.

**RUSS 10200 - Elementary Russian**
Introduction to Russian language. Practice in spoken Russian. Reading of simple texts. RUSS 10100 not credited without RUSS 10200.
2 sems, 3 hrs 3 cr. each sem.

RUSS 20100 - Intermediate Russian I

Selected readings in prose. Continued practice in written and spoken Russian. Grammar review.
prereq: RUSS 10200 or 10300
3 hrs 3 cr.

RUSS 20200 - Intermediate Russian II

Selected readings in Russian literature. Practice in oral and written expression.
prereq: RUSS 20100
3 hrs 3 cr.
-or-

RUSS 10300 - Elementary Russian for Heritage Speakers (Intensive)

Intensive study of the Russian language for heritage speakers who seek to gain literacy in the language. Two semesters in one.
6 hrs 6 cr.

RUSS 20300 - Intermediate Russian for Heritage Speakers (Intensive)

Intensive study of the Russian language for heritage students who seek to improve literacy in the language. Not open to students who have taken RUSS 20100 RUSS 20200 sequence. Two semesters in one.
prereq: RUSS 10300 or instructor's permission.
6 hrs 6 cr.

Track I: Russian Language Minor

Prerequisite

RUSS 20200 - Intermediate Russian II

Selected readings in Russian literature. Practice in oral and written expression.
prereq: RUSS 20100
3 hrs 3 cr.

Students are expected to take

RUSS 30100 - Advanced Russian I

Speaking, writing and reading Russian. Sentence structure; oral and written reports.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 30200 - Advanced Russian II
GER 3/A
Reading and critical analysis of selected literary and journalistic texts. Consideration of levels of style, problems of idiom and syntax. Written and oral reports.
prereq: RUSS 20200 or equiv
3 hrs 3 cr.

RUSS 31700 - Practical Aspects of Translation

Introduction to techniques of translation. Translations of political, journalistic, commercial, scientific and literary texts.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

-or-

RUSS 31800 - Advanced Translation

Continuation of RUSS 317 on an advanced level. Further development of skills in translating diverse materials from Russian to English and from English to Russian.
prereq: ENGL 12000, RUSS 31700 or equiv; RUSS 20200 or equiv.
3 hrs 3 cr.

-or-

RUSS 31900 - Business Russian

Increase mastery of Russian vocabulary, style and syntax for translating and composing diverse business materials in such fields as finance, insurance, litigation, advertising and labor relations. Conducted in Russian.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

plus one literature course taught in Russian.

Track II: Russian Literature and Culture Minor

Prerequisite

RUSS 20200 - Intermediate Russian II

Selected readings in Russian literature. Practice in oral and written expression.
prereq: RUSS 20100
3 hrs 3 cr.

RUSS 30100 - Advanced Russian I

Speaking, writing and reading Russian. Sentence structure; oral and written reports.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 30200 - Advanced Russian II

GER 3/A
Reading and critical analysis of selected literary and journalistic texts. Consideration of levels of style, problems of
idiom and syntax. Written and oral reports.

**prereq: RUSS 20200 or equiv**

3 hrs 3 cr.

and two literature or culture courses conducted either in Russian or in English. Literature courses may be substituted for language courses in the Literature and Culture Minor with permission by the head of the program.

**Courses in Russian and Slavic Studies**

**POL 10100 - Elementary Polish**

2 sems, 6 hrs 6 cr.

**POL 20100 - Intermediate Polish I**

**prereq: POL 10200**

3 hrs 3 cr.

**POL 20200 - Intermediate Polish II**

**prereq: POL 20100**

3 hrs 3 cr.

**POL 25000 - Topics in Polish Literature**

PD/D

Example: the 19th century Polish novel.

3 hrs 3 cr.

**POL 30000 - Independent Study in Polish Language and Literature**

GER 2/C PD/D
Gorky, Mayakovskiy, Olesha, Babel, Sholokhov, Bulgakov, Nabokov, et al.
_prereq: ENGL 12000_
3 hrs 3 cr.

**RUSS 25300 - Russian Theater in English Translation (W)**

GER 2/C PD/D
Development of Russian drama and theater from early 19th century to present. Griboedov, Chekhov, Pushkin, Gogol and others.
_prereq: ENGL 12000_
3 hrs 3 cr.

**RUSS 25400 - The Silver Age of Russian Literature in English Translation (W)**
GER 2/C PD/D
Major writers and movements of the years 1890-1925. Short works by Chekhov, Sologub, Belyi, Blok, Akhmatova, Pasternak.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 25500 - Russian Folklore, in Translation (W)

GER 2/C PD/D
Common Slavic myths and traditions.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 25600 - Special Topics in Slavic Literatures and Cultures in English Translation

PD/D
Examples: the Russian cinema, Nabokov.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 25700 - Masterpieces of Russian Literature in English Translation

Examples: Chekhov's short stories or plays, Nabokov.
prereq: ENGL 12000
1 hr 1 cr.

RUSS 25800 - Masterpieces of Russian Literature in English Translation

Example: Pasternak's Dr. Zhivago.
prereq: ENGL 12000
1 hr 1 cr.

RUSS 25900 - Masterpieces of Russian Literature in English Translation

Examples: Solzhenitsyn's Gulag, Pushkin stories, Gogol stories.
prereq: ENGL 12000
1 hr 1 cr.

RUSS 26000 - Russian Women Writers in English Translation (W)

GER 3/A PD/C
cross-listed WGS 26000 (W)
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 27000 - Soviet and Post-Soviet Cinema and Society (W)
GER 2/C
Exploration of how Soviet cinema affected the cultural aesthetic sensibilities of the Russian people through its influence on Russian literature, theater and painting. Analysis of works of film directors, film theoreticians, writers, theatrical directors and artists.
3 hrs 3 cr.

RUSS 29300 - Folklore in Translation: A Comparative Study

PD/A
Folklore of Australia, Oceania, Europe, Africa, North and South America and the Near East will be read in juxtaposition to Russian folklore.
prereq: ENGL 120
3 hrs 3 cr.

RUSS 29400 - Folklore and Literature (W)

GER 3/A PD/D
Students will be introduced to basic concepts of literature and folklore to increase, through a comparative study, their understanding and appreciation of both art forms. Works in English of major Russian writers such as Pushkin, Gogol and Pilnyak will be read in juxtaposition with folklore genres in search of how literary texts mirror folklore subjects. European, African and South American literature and folklore will be introduced or comparative purposes.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 29500 - The Vampire in Lore and Literature

GER 2/C
Comparative study of the vampire in various folk and literary traditions from ancient Greece to the 21st century. Characteristics of vampires and their kith and kin in folklore and in classical antiquity. Eastern and Western European vampires in folklore and popular culture; their reinterpretation in literature and basis for their popularity. Readings include J. Sheridan Le Fanu, Bram Stoker, Nicholas Gogol, A.K. Tolstoi, Anne Rice, and others. The vampire tradition in films from Murnau’s Nosferatu, to Coppola’s Dracula, to Hardwicke’s Twilight.
prereq: ENGL 22000
3 hrs 3 cr.

RUSS 29600 - Vladimir Nabokov Between Two Cultures

GER 3/A
Nabokov as a bilingual writer, including major works originally written in Russian and in English: Priglashenie na kazn’ (Invitation to a Beheading); Dar (The Gift); Drugie Berega (Other Shores); Speak, Memory; Pnin; Lolita and Pale Fire.
prereq: ENGL 22000 or perm dept.
3 hrs 3 cr.

RUSS 29700 - The Russian Urban Novel in English Translation (W)

GER 3/A
The interaction of a theme (the city) and a genre (the novel). Crime and Punishment, The Master and Margarita, We and others in their comparative context.
prereq: ENGL 22000 or perm dept.
3 hrs 3 cr.

RUSS 30100 - Advanced Russian I

Speaking, writing and reading Russian. Sentence structure; oral and written reports.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 30200 - Advanced Russian II

GER 3/A
Reading and critical analysis of selected literary and journalistic texts. Consideration of levels of style, problems of idiom and syntax. Written and oral reports.
prereq: RUSS 20200 or equiv
3 hrs 3 cr.

RUSS 31200 - Advanced Russian Conversation I

Conversation and oral exercises; discussions based on readings of social and cultural interest. Introduction to oral interpreting.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 31300 - Advanced Russian Conversation II

Literary, political, social, scientific vocabulary. Scholarly reports and practical exchanges on selected topics.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 31400 - Advanced Russian Grammar

prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 31500 - Advanced Russian Grammar and Stylistics

Practice in written composition; consideration of verbal aspects, cases, syntax and idiomatic language.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 31700 - Practical Aspects of Translation

Introduction to techniques of translation. Translations of political, journalistic, commercial, scientific and literary texts.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 31800 - Advanced Translation
Continuation of RUSS 317 on an advanced level. Further development of skills in translating diverse materials from Russian to English and from English to Russian.

**prereq:** ENGL 12000, RUSS 31700 or equiv; RUSS 20200 or equiv.

3 hrs 3 cr.

**RUSS 31900 - Business Russian**

Increase mastery of Russian vocabulary, style and syntax for translating and composing diverse business materials in such fields as finance, insurance, litigation, advertising and labor relations. Conducted in Russian.

**prereq:** RUSS 20200 or equiv.

3 hrs 3 cr.

**RUSS 32100 - Russian Short Story and Novella**

GER 3/A PD/D

Analysis of various texts and readings from Gogol, Chekhov, Babel, Solzhenitsyn.

**prereq:** RUSS 20200 or equiv.

3 hrs 3 cr.

**RUSS 32200 - Classical Russian Poetry**

GER 3/A PD/D

Major poets from the late 18th to mid-19th century, including Lomonosov, Derzhavin, Pushkin, Lermontov and Nekrasov.

**prereq:** RUSS 20200 or equiv.

3 hrs 3 cr.

**RUSS 32300 - Modern Russian Poetry**

GER 3/A PD/D

Major poets of the late 19th and 20th centuries, including Fet, Tyutchev, Blok, Mayakovsky, Esenin, Pasternak, Yevtushenko.

**prereq:** RUSS 20200 or equiv.

3 hrs 3 cr.

**RUSS 32400 - Literature of Kievan Rus' and Early Russian Literature through the Age of Classicism**

GER 3/A

Major literary works of the Kievan period, 968 to 1237: The Primary Chronicle, The Tale of Igor's Campaign.

**prereq:** RUSS 20200 or equiv.

3 hrs 3 cr.

**RUSS 34000 - 19th Century Russian Literature**

GER 3/A

Pushkin's Eugene Onegin, Lermontov's Hero of Our Time, Gogol's Dead Souls, Turgenev's Fathers and Sons and others.

**prereq:** RUSS 20200 or equiv.

3 hrs 3 cr.
RUSS 34100 - Tolstoy and Dostoevsky

GER 3/A PD/D
Major novels of Russia's two greatest writers. Tolstoy's War and Peace, Anna Karenina, Dostoevsky's The Brothers Karamazov and others.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 34200 - Modern Russian Literature

GER 3/A PD/D
Gorky, Mayakovsky, Olesha, Babel, Sholokhov, Bulgakov, Nabokov, et al.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 34300 - Russian Theater

GER 3/A PD/D
Development of Russian drama and theater from early 19th century to present. Griboedov, Pushkin, Gogol, Chekhov and others.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 34400 - The Silver Age of Russian Literature

GER 3/A PD/D
Major writers and movements of years 1890-1925. Short works by Chekhov, Sologub, Belyi, Blok, Akhmatova, Pasternak.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 36000 - Russian Women Writers

GER 3/A PD/C
cross-listed WGS 36100
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 37000 - Independent Study in Slavic Literatures and Cultures

prereq: ENGL 120
3 hrs 3 cr.

RUSS 39900 - Second Language Acquisition

A survey of issues and approaches to second language acquisition. For students planning to teach languages other than English in grades 7-12.
prereq: at least three courses at the 300 level in the language, ENGL 120
3 hrs 3 cr.

RUSS 49100 - Honors Project
Open to Russian majors only. Essay.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

UKR 30000 - Independent Study in Ukrainian Language and Literature
3 hrs 3 cr.

Undergraduate Minor

Minor in Arabic and Minor in Arabic Studies

Return to Classical and Oriental Studies

Two minors are offered by the Arabic Language, Literature, and Culture Division of the Department of Classical and Oriental Studies: Arabic and Arabic Studies.

Minor in Arabic

The minor in Arabic requires the successful completion of

ARB 20100 - Intermediate Arabic I

Emphasis placed on reading materials from Arabic media, and expanding vocabulary and grammar skills.
prereq: ARB 10200 or equiv.
3 hrs 3 cr.

ARB 20200 - Intermediate Arabic II

Continuation of ARB 20100.
prereq: ARB 20100 or equiv.
3 hrs 3 cr.

ARB 30100 - Advanced Arabic I

Emphasis on increased proficiency in reading, speaking and writing Arabic
prereq: ARB 20200 or equiv.
3 hrs 3 cr.

ARB 30200 - Advanced Arabic II
Continuation of ARB 30100
prereq: ARB 30100 or equiv.
3 hrs 3 cr.

or their equivalent as determined by the Arabic Program Head.

ARB 14900 - Spoken Egyptian Arabic

The goal of this course is to teach students oral communication in the Egyptian dialect, as well as to impart cultural knowledge relevant to a student living in or visiting Egypt. This course is closed to native speakers of Arabic.

prereq: ARB 10200 and permission of instructor
3 hours 3 credits
can be taken in lieu of ARB 30200
The prerequisite for the minor is successful completion of ARB 10100 and 10200 (8 credits).

Arabic Studies Minor

The Arabic Studies Minor requires the successful completion of 4 ARB courses on cultural or literary topics taught in English or in Arabic. Up to 2 Arabic language courses may be used to fulfill the minor requirements in lieu of two culture or literature courses.

The prerequisite for the minor is successful completion of ARB 10100 and ARB 10200 (8 credits).

Arabic Courses

ARB 10100 - Beginning Arabic I

The goal of this course is to begin developing reading, speaking, listening, writing, and cultural skills in Arabic. The course stresses communication using both formal and informal Arabic. Emphasis is also placed on reading authentic texts from Arabic media, listening to and watching audio and video materials, and developing students' understanding of Arab culture. Preparation for class is an essential component of course, allowing us to devote in-class time to communicating in the language rather than talking "about" the language. Students will be evaluated on attendance and class participation, daily homework assignments, quizzes, skits, a final oral interview and a final examination.

10100 not credited without 10200. This class is not for native speakers.
4 hrs 4 cr.

ARB 10200 - Beginning Arabic II

Continuation of ARB 10100. The goal of this course sequence (ARB 10100/10200) is to begin developing reading, speaking, listening, writing, and cultural skills in Arabic. The course stresses communication using both formal and informal Arabic. Emphasis is also placed on reading authentic texts from Arabic media, listening to and watching audio and video materials, and developing students' understanding of Arab culture. Preparation for class is an essential component of course, allowing us to devote in-class time to communicating in the language rather than talking "about" the language. Students will be evaluated on attendance and class participation, daily homework assignments, quizzes, skits, a final oral interview and a final examination. This class is not for native speakers.

This class is not for native speakers.
**ARB 14900 - Spoken Egyptian Arabic**

The goal of this course is to teach students oral communication in the Egyptian dialect, as well as to impart cultural knowledge relevant to a student living in or visiting Egypt. This course is closed to native speakers of Arabic.

*prereq: ARB 10200 and permission of instructor*

3 hours 3 credits

**ARB 20000 - Topics in Arabic Literature and Culture**

This course will focus on a variety of topics related to the literatures and cultures of the Arab World. Readings in translation. Specific information on a particular semester's offerings can be found on the on-line class schedule.

*prereq: ENGL 12000 or equivalent*

3 hours 3 credits

**ARB 20100 - Intermediate Arabic I**

Emphasis placed on reading materials from Arabic media, and expanding vocabulary and grammar skills.

*prereq: ARB 10200 or equiv.*

3 hrs 3 cr.

**ARB 20200 - Intermediate Arabic II**

Continuation of ARB 20100.

*prereq: ARB 20100 or equiv.*

3 hrs 3 cr.

**ARB 25000 - The Arab Novel (in translation) (W)**

GER 2C, PD/A

A consideration of Arab novels as a source for understanding issues such as urbanization, war, imperialism, nationalism, gender, as well as the politics of translation.

*prereq: ENG 22000 or equiv.*

3 hrs 3 cr.

**ARB 25100 - Arab Cinema (in translation)**

GER 2/D, PD/A

This course will introduce students to the history of Arab Cinema through readings and weekly screenings of films from all over the Arab World.

*prereq: ENGL 12000 or equivalent*

3 hrs 3 credits

**ARB 25200 - Literatures from the Islamic World (W)**

GER 2C, PD/A

A survey of literary genres and themes from the Islamic World from the 7th to the 15th century.
prereq: ENGL 12000 or equivalent
3 hrs 3 credits

ARB 25300 - Literatures and Cultures of Muslim Spain (W)

GER 2C, PD/A
A survey of the literary and cultural history of Muslim Spain, 8th - 15th century C.E.
prereq: ENGL 12000 or equivalent
3 hrs 3 credits

ARB 25400 - The Arabian Nights East and West (W)

GER 2C, PD/A
The course studies not only the stories of the Arabian Nights (1001 Nights), but also the history of the translation and adaptation of the Nights into European languages.
prereq or coreq: ENGL 12000 or equivalent
3 hours 3 credits

ARB 30000 - Problems in Arabic Literature and Culture

This course will focus on a specific area related to the literatures and topics of the Arab World. As a 300-level course, it will cover a narrow spectrum of texts. Readings in translation. Specific information on a particular semester's offerings can be found on the on-line class schedule.
prereq or coreq: ENGL 12000 and one of the following or permission of the instructor: ANTHC 20100, ARB 20000, ARB 25000W, ARB 25100, ARB 25200W, ARB 25400W, ARTH 26000W, ASIA 22004, ASIA 39013, ASIA 45051, GEOG 27400, HEBR 21500W, HIST 27650, HIST 27651, POLSC 26900W, REL 32200W, REL 33700W OR SOC 36200W.
3 hours 3 credits

ARB 30100 - Advanced Arabic I

Emphasis on increased proficiency in reading, speaking and writing Arabic
prereq: ARB 20200 or equiv.
3 hrs 3 cr.

ARB 30200 - Advanced Arabic II

Continuation of ARB 30100
prereq: ARB 30100 or equiv.
3 hrs 3 cr.

Minor in Chinese

The Minor in Chinese consists of 12 credits. Students must take four courses at or above CHIN 200-level taught in Chinese. Course prerequisites must be satisfied. Internships and independent studies do not count towards the minor.

Minor in Classical Studies

12 Credits:
1. CLA 10100 - Classical Mythology
2. CLA 20100 - Greek Civilization (W)
3. CLA 20300 - Roman Civilization (W)
4. One course with a CLA prefix at the 200- or 300- level (e.g. literature in translation or upper-level culture courses)

Note: CLA 10100, CLA 20100, and CLA 20300 have no prerequisites

**Minor in Hebraic Studies**

Minor: 12 credits

The Hebraic Studies minor requires the successful completion of four HEBR literature and/or culture courses on the 200-level or above, taught in English or in Hebrew. Two Hebrew language courses on 300-level or above may be used toward the minor requirement in lieu of two literature or culture courses.

**Minor in Hebrew**

The Hebrew minor requires the successful completion of 12 credits at the 200-level or above. Courses counted toward the Hebrew minor must be either language courses or have Hebrew as their language of instruction.

**Minor in Latin or Ancient Greek**

**Greek:** 12 credits beyond GRK 10100/ GRK 10200

**Latin:** 12 credits beyond LAT 10100/ LAT 10200 or LAT 10700

**Minor in Russian Language and Minor in Russian Literature and Culture**

The Program will encourage students to take the Russian minor. The minor consists of minimum of 12 credits. Students wishing to minor in Russian should either pass a proficiency test or take the language sequence of RUSS 10100 — RUSS 10200 ; RUSS 20100 —RUSS 20200 . Courses taken toward the Russian minor could follow two tracks:

**Track I: Russian Language Minor**

Prerequisite:RUSS 20200 or equivalent. Students are expected to take: RUSS 30100 & RUSS 30200 ; RUSS 31700 or RUSS 31800 or RUSS 31900; plus one literature course taught in Russian.

**Track II: Russian Literature and Culture Minor**

Prerequisite:RUSS 20200 or equivalent. Students are expected to take: RUSS 30100 & RUSS 30200 and two literature or culture courses conducted either in Russian or in English. Literature courses may be substituted for language courses in the Literature and Culture Minor with permission by the head of the program.

**Other Programs**
Japanese Courses

Return to Classical and Oriental Studies

The following are the courses offered in Japanese language and culture.

Courses in Japanese Language/Culture

**JPN 10100 - Elementary Japanese I**

*10100 not credited without 10200.*

3 hrs 3 cr.

**JPN 10200 - Elementary Japanese II**

Continuation of 10100.

*prereq: JPN 10100 or equiv.*

3 hrs 3 cr.

**JPN 20100 - Intermediate Japanese I**

Continuation of JPN 10100-10200. Extensive reading and writing practice, including at least 500 additional kanji; advanced grammar study.

*prereq: JPN 10200 or equiv.*

3 hrs 3 cr.

**JPN 20200 - Intermediate Japanese II**

Continuation of JPN 20100.

*prereq: JPN 20100 or equiv.*

3 hrs 3 cr.

**JPN 30100 - Advanced Japanese I**

Continuation of JPN 20200. Extensive reading and writing practice, including at least 700 additional kanji; advanced grammar study.

*prereq: JPN 20200 or equiv.*

3 hrs 3 cr.

**JPN 30200 - Advanced Japanese II**

Continuation of JPN 30100. Extensive reading and writing practice, including at least 600 additional kanji; advanced grammar study.

*prereq: JPN 30100 or equiv.*

3 hrs 3 cr.

**JPN 25100 - Japanese Culture Before 1600**
GER 2C PD/A
Covering many facets of Japanese culture, this course will focus on the various periods of Japanese history (Jomon, Yayoi, Kofun, and Heian – to name a few) and uncover how many aspects of Japanese culture were shaped. From the influence from nearby countries – most notably China – to its isolationist periods, its mythology, the evolution of its art, the deep-seated love of nature shared by many Japanese, and the co-existence of multiple belief systems, Japan is a truly unique country whose culture continues to gain in popularity within the United States. Taught entirely in English.

While this is a two-part course, Japanese Culture Before 1600 (JPN 25100) will not act as a prerequisite for Japanese Culture Since 1600 (JPN 25200).

prereq: ENGL 120
3 hrs 3 cr

JPN 25200 - Japanese Culture Since 1600

GER 2C PD/A
This course will focus on Japanese culture after roughly 1600. During this time, Japan was largely isolated from the rest of the world, but specific events led to a mixture of vastly different cultures – that of the Japanese and the Western world, which led to many changes within Japan. Additional major topics include the impact of both World Wars, contemporary Japanese lifestyle, and the various holidays and traditions that are celebrated today. Art, literature, and social reform will also play important roles throughout the semester.

prereq: ENGL 12000
3 hours 3 credits

Arabic

ARB 10100 - Beginning Arabic I

The goal of this course is to begin developing reading, speaking, listening, writing, and cultural skills in Arabic. The course stresses communication using both formal and informal Arabic. Emphasis is also placed on reading authentic texts from Arabic media, listening to and watching audio and video materials, and developing students' understanding of Arab culture. Preparation for class is an essential component of course, allowing us to devote in-class time to communicating in the language rather than talking "about" the language. Students will be evaluated on attendance and class participation, daily homework assignments, quizzes, skits, a final oral interview and a final examination.

10100 not credited without 10200. This class is not for native speakers.
4 hrs 4 cr.

ARB 10200 - Beginning Arabic II

Continuation of ARB 10100. The goal of this course sequence (ARB 10100/10200) is to begin developing reading, speaking, listening, writing, and cultural skills in Arabic. The course stresses communication using both formal and informal Arabic. Emphasis is also placed on reading authentic texts from Arabic media, listening to and watching audio and video materials, and developing students' understanding of Arab culture. Preparation for class is an essential component of course, allowing us to devote in-class time to communicating in the language rather than talking "about" the language. Students will be evaluated on attendance and class participation, daily homework assignments, quizzes, skits, a final oral interview and a final examination. This class is not for native speakers.
This class is not for native speakers.
prereq: ARB 10100 or equiv.
4 hrs 4 cr.

**ARB 14800 - Beginning Arabic for Heritage Speakers**

This course is for students of Arab origin who grew up speaking a dialect of Arabic but not reading and writing it. This course will quickly cover the alphabet and then focus on reading and writing in formal Arabic, i.e., the language of the Arabic language media and academe. The course is not open to students who have taken the ARB 10100-30200 sequence.

prereq: perm of division head
3 hrs 3 cr.

**ARB 14900 - Spoken Egyptian Arabic**

The goal of this course is to teach students oral communication in the Egyptian dialect, as well as to impart cultural knowledge relevant to a student living in or visiting Egypt. This course is closed to native speakers of Arabic.

prereq: ARB 10200 and permission of instructor
3 hours 3 credits

**ARB 20000 - Topics in Arabic Literature and Culture**

This course will focus on a variety of topics related to the literatures and cultures of the Arab World. Readings in translation. Specific information on a particular semester’s offerings can be found on the on-line class schedule.

prereq: ENGL 12000 or equivalent
3 hours 3 credits

**ARB 20100 - Intermediate Arabic I**

Emphasis placed on reading materials from Arabic media, and expanding vocabulary and grammar skills.

prereq: ARB 10200 or equiv.
3 hrs 3 cr.

**ARB 20200 - Intermediate Arabic II**

Continuation of ARB 20100.

prereq: ARB 20100 or equiv.
3 hrs 3 cr.

**ARB 24800 - Intermediate Arabic for Heritage Speakers**

This course is a continuation of ARB 14800 ARB 14800. It is also for Heritage Students who can already read and write and who speak one of the dialects with some degree of fluency but have not studied enough formal Arabic to be exempt from the language requirement. More than ARB 14800, this course will rely on authentic materials not found in any text book. The course is not open to students who have taken the ARB 10100-30200 sequence.

prereq: ARB 14800 or Arabic Program head's permission
3 hrs 3 cr.
ARB 25000 - The Arab Novel (in translation) (W)

GER 2C, PD/A
A consideration of Arab novels as a source for understanding issues such as urbanization, war, imperialism, nationalism, gender, as well as the politics of translation. 
prereq: ENG 22000 or equiv.  
3 hrs 3 cr.

ARB 25100 - Arab Cinema (in translation)

Intensive study of a major novel by Agnon, Barash or Hazaz, with collateral readings in other Hebrew novels.
*prereq: HEBR 20200 or equiv.*
3 hrs 3 cr

**HEBR 32800 - Contemporary Hebrew Prose**

GER 3/A
*prereq: HEBR 20200 or equiv.*
3 hrs 3 cr

**HEBR 33100 - Medieval Hebrew Philosophic Texts**

GER 3/A
Study of selected chapters of Halevi's Kuzari and Maimonide's Moreh Nebukim (Guide to the Perplexed).
*prereq: HEBR 20200 or equiv.*
3 hrs 3 cr

**HEBR 35100 - Hebrew Grammar and Composition**

Intensive study of principles of vocalization, inflections of nouns and verbs, rules of syntax and practice in composition.
*prereq: HEBR 20200 or equiv.*
3 hrs 3 cr

**HEBR 35700 - Approaches to Main Problems in Hebraic Studies**

Explorations in depth of a particular area in Hebraic studies. May be repeated as topics vary from semester to semester. There are "unlimited" repeats for this course.
*prereq: HEBR 20200 or equiv.*
3 hrs 3 cr

**HEBR 37100 - Hebrew Conversation I**

Conversation course designed to improve oral proficiency and enable students to hold their own in advanced courses in Hebrew literature.
*prereq: HEBR 20100 or 3 years of high school Hebrew or equivalent; intensive practice in spoken language* 3 hrs 3 credits

**HEBR 37200 - Hebrew Conversation II**
Conversation course designed to improve oral proficiency and enable students to hold their own in advanced courses in Hebrew literature.

**prereq:** HEBR 20100 or 3 years of high school Hebrew; intensive practice in spoken language
3 hours 3 credits

**HEBR 45100 - Selected Studies in Hebrew Literature**

PD/D
Course will concentrate on an author, theme, genre or period in Hebrew literature. May be repeated as topics vary from semester to semester. Some topics may meet a PD requirement.

*There are "unlimited" repeats for this course.*
**prereq:** HEBR 20200 or equiv, perm division
3 hrs 3 cr

**HEBR 49000 - Independent Studies**

Independent research under direction of a member of the division. May be repeated as topics vary from semester to semester.

*There are "unlimited" repeats for this course.*
**prereq:** permission of division head
hrs TBA 3 cr

**HEBR 49100 - Honors Project**

Individual study and research in Hebrew literature in consultation with staff member. Honors essay required. May be repeated as topics vary from semester to semester.

*There are "unlimited" repeats for this course.*
**prereq:** Jr/Sr only; perm division
1 sem 3 cr.

**Hebrew: Second Language Acquisition**

**HEBR 39900 - Second Language Acquisition**

A survey of issues and approaches to second language acquisition. For students planning to teach languages other than English in grades 7-12.

**prereq:** at least three courses at the 300 level in the language, ENGL 12000
3 hrs 3 cr

**Japanese**

**JPN 10100 - Elementary Japanese I**

10100 not credited without 10200.

JPN 10200 - Elementary Japanese II

Continuation of 10100.

prereq: JPN 10100 or equiv.

3 hrs 3 cr.

JPN 20100 - Intermediate Japanese I

Continuation of JPN 10100-10200. Extensive reading and writing practice, including at least 500 additional kanji; advanced grammar study.

prereq: JPN 10200 or equiv.

3 hrs 3 cr.

JPN 20200 - Intermediate Japanese II

Continuation of JPN 20100.

prereq: JPN 20100 or equiv.

3 hrs 3 cr.

JPN 25100 - Japanese Culture Before 1600

GER 2C PD/A

Covering many facets of Japanese culture, this course will focus on the various periods of Japanese history (Jomon, Yayoi, Kofun, and Heian – to name a few) and uncover how many aspects of Japanese culture were shaped. From the influence from nearby countries – most notably China – to its isolationist periods, its mythology, the evolution of its art, the deep-seated love of nature shared by many Japanese, and the co-existence of multiple belief systems, Japan is a truly unique country whose culture continues to gain in popularity within the United States. Taught entirely in English.

While this is a two-part course, Japanese Culture Before 1600 (JPN 25100) will not act as a prerequisite for Japanese Culture Since 1600 (JPN 25200).

prereq: ENGL 120

3 hrs 3 cr

JPN 25200 - Japanese Culture Since 1600

GER 2C PD/A

This course will focus on Japanese culture after roughly 1600. During this time, Japan was largely isolated from the rest of the world, but specific events led to a mixture of vastly different cultures – that of the Japanese and the Western world, which led to many changes within Japan. Additional major topics include the impact of both World Wars, contemporary Japanese lifestyle, and the various holidays and traditions that are celebrated today. Art, literature, and social reform will also play important roles throughout the semester.

prereq: ENGL 12000

3 hours 3 credits
JPN 26100 - Special Topics in Japanese Culture

GER 2C, PD/A
Examination of specific areas of classical or contemporary Japanese culture, such as film or literature, and the economic, political, and social conditions that shaped them.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

JPN 30100 - Advanced Japanese I

Continuation of JPN 20200. Extensive reading and writing practice, including at least 700 additional kanji; advanced grammar study.
prereq: JPN 20200 or equiv.
3 hrs 3 cr.

JPN 30200 - Advanced Japanese II

Continuation of JPN 30100. Extensive reading and writing practice, including at least 600 additional kanji; advanced grammar study.
prereq: JPN 30100 or equiv.
3 hrs 3 cr.

JPN 35100 - Advanced Japanese Conversation

This course is designed for students looking to gain fluency in speaking Japanese in formal and informal situations. Speaking regularly in class is expected. Kanji radicals will also be covered.
prereq: JPN 20200 (intermediate Japanese II) or perm instructor
3 hrs 3 cr.

Latin

LAT 10100 - Beginning Latin

LAT 10100 not credited without LAT 10200.
4 hrs 4 cr.
offered fall

LAT 10200 - Beginning Latin

4 hrs 4 cr.
offered spring

LAT 10700 - Beginning Latin, Intensive

3 hrs 3 cr.

Russian and Slavic Studies: Polish Literature in English Translation

POL 25000 - Topics in Polish Literature

PD/D
Example: the 19th century Polish novel.
3 hrs 3 cr.

POL 30000 - Independent Study in Polish Language and Literature

3 hrs 3 cr.

Russian and Slavic Studies: Russian Language
RUSS 10100 - Elementary Russian

Introduction to Russian language. Practice in spoken Russian. Reading of simple texts. RUSS 101 not credited without RUSS 102.
2 sems, 3 hrs 3 cr. each sem.

RUSS 10200 - Elementary Russian

Introduction to Russian language. Practice in spoken Russian. Reading of simple texts. RUSS 10100 not credited without RUSS 10200.
2 sems, 3 hrs 3 cr. each sem.

RUSS 10300 - Elementary Russian for Heritage Speakers (Intensive)

Intensive study of the Russian language for heritage speakers who seek to gain literacy in the language. Two semesters in one.
6 hrs 6 cr.

RUSS 20100 - Intermediate Russian I

Selected readings in prose. Continued practice in written and spoken Russian. Grammar review.
prereq: RUSS 10200 or 10300
3 hrs 3 cr.

RUSS 20200 - Intermediate Russian II

Selected readings in Russian literature. Practice in oral and written expression.
prereq: RUSS 20100
3 hrs 3 cr.

RUSS 20300 - Intermediate Russian for Heritage Speakers (Intensive)

Intensive study of the Russian language for heritage students who seek to improve literacy in the language. Not open to students who have taken RUSS 20100 RUSS 20200 sequence. Two semesters in one.
prereq: RUSS 10300 or instructor's permission.
6 hrs 6 cr.

RUSS 39900 - Second Language Acquisition

A survey of issues and approaches to second language acquisition. For students planning to teach languages other than English in grades 7-12.
prereq: at least three courses at the 300 level in the language, ENGL 120
3 hrs 3 cr.

Russian and Slavic Studies: Russian courses conducted in Russian
RUSS 30100 - Advanced Russian I

Speaking, writing and reading Russian. Sentence structure; oral and written reports.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 30200 - Advanced Russian II

GER 3/A
Reading and critical analysis of selected literary and journalistic texts. Consideration of levels of style, problems of idiom and syntax. Written and oral reports.
prereq: RUSS 20200 or equiv
3 hrs 3 cr.

RUSS 31200 - Advanced Russian Conversation I

Conversation and oral exercises; discussions based on readings of social and cultural interest. Introduction to oral interpreting.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 31300 - Advanced Russian Conversation II

Literary, political, social, scientific vocabulary. Scholarly reports and practical exchanges on selected topics.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 31400 - Advanced Russian Grammar

prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 31500 - Advanced Russian Grammar and Stylistics

Practice in written composition; consideration of verbal aspects, cases, syntax and idiomatic language.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 31700 - Practical Aspects of Translation

Introduction to techniques of translation. Translations of political, journalistic, commercial, scientific and literary texts.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 31800 - Advanced Translation
Continuation of RUSS 317 on an advanced level. Further development of skills in translating diverse materials from Russian to English and from English to Russian.

**prereq:** ENGL 12000, RUSS 31700 or equiv; RUSS 20200 or equiv.
3 hrs 3 cr.

**RUSS 31900 - Business Russian**

Increase mastery of Russian vocabulary, style and syntax for translating and composing diverse business materials in such fields as finance, insurance, litigation, advertising and labor relations. Conducted in Russian.

**prereq:** RUSS 20200 or equiv.
3 hrs 3 cr.

**Russian and Slavic Studies: Russian Literature in the Original**

**RUSS 24500 - Russian Folklore: Slavic Myths and Traditions**

Common Slavic myths, traditions and social structures.

**prereq:** RUSS 20200 or equiv.
3 hrs 3 cr.

**RUSS 24600 - Special Topics in Slavic Literature and Cultures**

Sample topic: fairy tales, satire.

**prereq:** RUSS 20200 or equiv.
3 hrs 3 cr.

**RUSS 32100 - Russian Short Story and Novella**

GER 3/A PD/D
Analysis of various texts and readings from Gogol, Chekhov, Babel, Solzhenitsyn.

**prereq:** RUSS 20200 or equiv.
3 hrs 3 cr.

**RUSS 32200 - Classical Russian Poetry**

GER 3/A PD/D
Major poets from the late 18th to mid-19th century, including Lomonosov, Derzhavin, Pushkin, Lermontov and Nekrasov.

**prereq:** RUSS 20200 or equiv.
3 hrs 3 cr.

**RUSS 32300 - Modern Russian Poetry**

GER 3/A PD/D
Major poets of the late 19th and 20th centuries, including Fet, Tyutchev, Blok, Mayakovsky, Esenin, Pasternak, Yevtushenko.

**prereq:** RUSS 20200 or equiv.
3 hrs 3 cr.
RUSS 32400 - Literature of Kievan Rus' and Early Russian Literature through the Age of Classicism

GER 3/A
Major literary works of the Kievan period, 968 to 1237: The Primary Chronicle, The Tale of Igor's Campaign.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 34000 - 19th Century Russian Literature

GER 3/A
Pushkin's Eugene Onegin, Lermontov's Hero of Our Time, Gogol's Dead Souls, Turgenev's Fathers and Sons and others.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 34100 - Tolstoy and Dostoevsky

GER 3/A PD/D
Major novels of Russia's two greatest writers. Tolstoy's War and Peace, Anna Karenina, Dostoevsky's The Brothers Karamazov and others.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 34200 - Modern Russian Literature

GER 3/A PD/D
Gorky, Mayakovsky, Olesha, Babel, Sholokhov, Bulgakov, Nabokov, et al.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 34300 - Russian Theater

GER 3/A PD/D
Development of Russian drama and theater from early 19th century to present. Griboedov, Pushkin, Gogol, Chekhov and others.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 34400 - The Silver Age of Russian Literature

GER 3/A PD/D
Major writers and movements of years 1890-1925. Short works by Chekhov, Sologub, Belyi, Blok, Akhmatova, Pasternak.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 36000 - Russian Women Writers
GER 3/A PD/C
cross-listed WGSA 36100
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

RUSS 49100 - Honors Project
Open to Russian majors only. Essay.
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

Russian and Slavic Studies: Russian Literature and Culture in English Translation

RUSS 15500 - The Culture of Old Russia
GER 2/C PD/D
Religion, art, architecture and daily life in medieval Russia.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 15600 - Culture of Imperial Russia: the Age of Empresses
GER 2/C PD/C
Major cultural movements of the Empire baroque, classicism, romanticism and their effect on the cultural fabric of Russia from Regent Sophia through the reign of Peter to Catherine the Great.
cross-listed WGSC 15600
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 15700 - The Age of the Great Masters
GER 2/C PD/D
Russian culture as shaped by the great masters of Russian literature, art and music in the late 19th and early 20th centuries.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 15800 - Contemporary Russian Culture
GER 2/C
Survey of Russian culture from Stalin to present exploring the relationship between the arts and the state apparatus. Consideration of such figures as Pasternak, Solzhenitsyn, Yevtushenko, Prokofiev, Tarkovsky and the Taganka Theatre.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 25000 - 19th Century Russian Literature in English Translation (W)

GER 2/C PD/D
Pushkin's Eugene Onegin, Lermontov's Hero of Our Time, Gogol's Dead Souls, Turgenev's Fathers and Sons and others.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 25100 - Tolstoy and Dostoevsky in English Translation (W)

GER 3/A PD/D
Major novels of Russia's two greatest writers. Tolstoy's War and Peace, Dostoevsky's The Brothers Karamazov and others.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 25200 - Modern Russian Literature in English Translation (W)

GER 2/C PD/D
Gorky, Mayakovsky, Olesha, Babel, Sholokhov, Bulgakov, Nabokov, et al.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 25300 - Russian Theater in English Translation (W)

GER 2/C PD/D
Development of Russian drama and theater from early 19th century to present. Griboedov, Chekhov, Pushkin, Gogol and others.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 25400 - The Silver Age of Russian Literature in English Translation (W)

GER 2/C PD/D
Major writers and movements of the years 1890-1925. Short works by Chekhov, Sologub, Belyi, Blok, Akhmatova, Pasternak.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 25500 - Russian Folklore, in Translation (W)

GER 2/C PD/D
Common Slavic myths and traditions.
prereq: ENGL 12000
3 hrs 3 cr.
RUSS 25600 - Special Topics in Slavic Literatures and Cultures in English Translation

PD/D
Examples: the Russian cinema, Nabokov.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 25700 - Masterpieces of Russian Literature in English Translation

Examples: Chekhov's short stories or plays, Nabokov.
prereq: ENGL 12000
1 hr 1 cr.

RUSS 25800 - Masterpieces of Russian Literature in English Translation

Example: Pasternak's Dr. Zhivago.
prereq: ENGL 12000
1 hr 1 cr.

RUSS 25900 - Masterpieces of Russian Literature in English Translation

Examples: Solzhenitsyn's Gulag, Pushkin stories, Gogol stories.
prereq: ENGL 12000
1 hr 1 cr.

RUSS 26000 - Russian Women Writers in English Translation (W)

GER 3/A PD/C
cross-listed WGS 26000 (W)
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 27000 - Soviet and Post-Soviet Cinema and Society (W)

GER 2/C
Exploration of how Soviet cinema affected the cultural aesthetic sensibilities of the Russian people through its influence on Russian literature, theater and painting. Analysis of works of film directors, film theoreticians, writers, theatrical directors and artists.
3 hrs 3 cr.

RUSS 29300 - Folklore in Translation: A Comparative Study

PD/A
Folklore of Australia, Oceania, Europe, Africa, North and South America and the Near East will be read in juxtaposition to Russian folklore.
prereq: ENGL 120
3 hrs 3 cr.
RUSS 29400 - Folklore and Literature (W)

GER 3/A PD/D
Students will be introduced to basic concepts of literature and folklore to increase, through a comparative study, their understanding and appreciation of both art forms. Works in English of major Russian writers such as Pushkin, Gogol and Pilnyak will be read in juxtaposition with folklore genres in search of how literary texts mirror folklore subjects. European, African and South American literature and folklore will be introduced or comparative purposes.
prereq: ENGL 12000
3 hrs 3 cr.

RUSS 29500 - The Vampire in Lore and Literature

GER 2/C
Comparative study of the vampire in various folk and literary traditions from ancient Greece to the 21st century. Characteristics of vampires and their kith and kin in folklore and in classical antiquity. Eastern and Western European vampires in folklore and popular culture; their reinterpretation in literature and basis for their popularity. Readings include J. Sheridan Le Fanu, Bram Stoker, Nicholas Gogol, A.K. Tolstoi, Anne Rice, and others. The vampire tradition in films from Murnau’s Nosferatu, to Coppola’s Dracula, to Hardwick’s Twilight.
prereq: ENGL 22000
3 hrs 3 cr.

RUSS 29600 - Vladimir Nabokov Between Two Cultures

GER 3/A
Nabokov as a bilingual writer, including major works originally written in Russian and in English: Priglashenie na kazn’ (Invitation to a Beheading); Dar (The Gift); Drugie Berega (Other Shores); Speak, Memory; Pnin; Lolita and Pale Fire.
prereq: ENGL 22000 or perm dept.
3 hrs 3 cr.

RUSS 29700 - The Russian Urban Novel in English Translation (W)

GER 3/A
The interaction of a theme (the city) and a genre (the novel). Crime and Punishment, The Master and Margarita, We and others in their comparative context.
prereq: ENGL 22000 or perm dept.
3 hrs 3 cr.

RUSS 37000 - Independent Study in Slavic Literatures and Cultures

prereq: ENGL 120
3 hrs 3 cr.

Russian and Slavic Studies: Ukrainian

UKR 30000 - Independent Study in Ukrainian Language and Literature
Programs and Courses in Comparative Literature

Comparative Literature

About Comparative Literature

The major in comparative literature is designed for students who are interested in a broad view of literature and in the diversity of literary cultures. The study of comparative literature considers literary movements and genres, as well as techniques and recurring themes in world literature.

The study of comparative literature prepares students for careers in teaching, interpreting, and translating, as well as those professions that recognize the importance of a broad humanistic education, including law and medicine.

Comparative Literature Faculty

HEGIS Code: 1503

Undergraduate Major
Comparative Literature - BA

Major Requirements

All majors take a core course in methodology, but the remaining classes in a student’s program are arranged with the coordinator in an effort to work out a balance between two different bodies of literature, two different literary periods, and two different genres. In addition to comparative literature courses in prose fiction, drama, myth and folklore, literary movements, and literature and the arts, majors may also elect appropriate classes from other literature departments, as well as from such disciplines as history, philosophy, art and anthropology, with the approval of the coordinator. Upon becoming a major, a student will, in consultation with the coordinator, choose one member of the comparative literature committee as an adviser and plan an individualized program. All majors are required to review their programs with their adviser once a semester.

The comparative literature major consists of 30 credits distributed as follows:

A. Concentration in at least two periods and in two genres.

B. At least 9 credits in COMP-prefixed courses, beginning with the following

(all of these courses will be taught in English)

**COMPL 30100 - Seminar: Approaches to Comparative Literature**

Study of selected major works to demonstrate scope and various approaches of comparative literature. Focus on conscious imitation, treatment of similar themes, use of well-defined genres and conventions as well as of concepts from history of ideas. Emphasis on close reading of texts and development of itical vocabulary.

*Required of all majors in comparative literature.*

3 hrs 3 cr.

C. 21 credits in literature courses

distributed so that at least 12 credits are courses studied in the original language (be it a foreign language, if the student is proficient in that language, or English). Courses at the 300 level are strongly preferred, although exceptions may be granted by the adviser.

Minor for Students Majoring in Comparative Literature

A 12 credit minor is required. Students will be advised by their Comparative Literature faculty mentor to choose a discipline that will complement and enrich their major field of study.

Minor in Comparative Literature for Students Majoring in Other Programs

If this minor is recommended by the major department, students may consult a Comparative Literature adviser who will help them select suitable courses.

Honors
Students are eligible for departmental honors if their GPA in the major is no less than 3.5. The student must also take at least 3 credits (but no more than 6 credits) in honors courses offered by the program and approved by the adviser. The offerings of the Comparative Literature Program are determined by the needs of students in the program and the faculty available. For specific information, consult the coordinator.

Prerequisite

ENGL 22000 - Introduction to Writing about Literature (W)

GER 2/A
Analytical writing and close reading in British and American fiction, drama, poetry, and literary criticism, with an emphasis on further development of critical writing and research skills. Students gain a deeper understanding and appreciation of literature as well as more extensive experience with academic writing.

prereq: ENGL 12000
3 hrs + one additional conference hour 3 cr.

Programs and Courses in Computer Science

Computer Science

About the Department

The Department of Computer Science provides students with outstanding preparation both for employment as computer professionals and for graduate study. Students use a broad spectrum of programming languages and machine architectures and are expected to construct creative solutions to challenging problems in a variety of contexts. In addition, students are educated in the mathematics of computer science — the theoretical foundations that support current technology and will guide its future development. Students may work with faculty who engage in research, publish books and articles in highly respected journals and receive grants to pursue significant research. The department takes an active interest in students’ goals and provides extensive advising and guidance.

Undergraduate Major

Computer Science - BA

- Computer Science with Concentration in Bioinformatics - BA

Major

The computer science major consists of 39 credits in CSCI courses and a collateral 14 credits in MATH/STAT courses.

Preliminary Course

Before being permitted to enter computer science as a major, a student must complete the following two courses each with a grade of C or better. Students planning to pursue a computer science major are strongly encouraged to declare their major as soon as possible after completing CSCI 13500 and CSCI 13600 and to seek help from a faculty adviser for assistance with individual curriculum planning.

CSCI 13500 - Software Analysis and Design I

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.

prereq: CSCI 12700 or equivalent
coreq: CSCI 13600
3 hrs 3 cr.

CSCI 13600 - Supervised Programming Lab

Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment.

May not be counted towards the computer science major.

coreq: CSCI 13500
2 hrs 1 cr.

Required Courses
All computer science majors (except those following requirements for the Computer Science with Concentration in Bioinformatics - BA) must complete successfully the following courses with a grade of C or better:

**CSCI 15000 - Discrete Structures**

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

*prereq: MATH 12500, 15000 or 15500*

3 hrs 3 cr.

**CSCI 16000 - Computer Architecture I**

GER 3/B

Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.

*prereq: CSCI 12700, CSCI 15000*

3 hrs 3 cr.

**CSCI 23500 - Software Analysis and Design II**

GER 3/B

Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.

*prereq: CSCI 13500, 15000; MATH 15000*

3 hrs 3 cr.

**CSCI 26000 - Computer Architecture II**

GER 3/B

Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.

*prereq: CSCI 13500, 16000 or 24500; MATH 15000*

3 hrs 3 cr.

**CSCI 26500 - Computer Theory I**

GER 3/B

Recursion, regular sets, regular expressions, finite automata, context-free grammars, pushdown automata.

*prereq: CSCI 16000 or 14500; MATH 15000*

3 hrs 3 cr.

**CSCI 33500 - Software Analysis and Design III**

GER 3/B

The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.
CSCI 34000 - Operating Systems

GER 3/B
Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.
prereq: CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300
3 hrs 3 cr.

CSCI 36000 - Computer Architecture III

GER 3/B
High performance computer architectures, including massively parallel SIMD and MIMD machines and distributed architectures.
prereq: CSCI 26000 or 24500; MATH 15500
3 hrs 3 cr.

CSCI 49900 - Advanced Applications: A Capstone for Majors

A chance for computer science majors to test their mettle on major projects. Working in small groups they will implement systems that involve at least two platforms running programs written in at least three languages.
prereq: All non-elective courses in Computer Science required for graduation or permission of instructor.
4 hrs 4 cr.

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

MATH 15500 - Calculus with Analytic Geometry II

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

MATH 16000 - Matrix Algebra

GER 1/B
Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.
prereq: MATH 12500 or appropriate score on placement exam
3 hrs 3 cr.
STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

Electives

Students who declared their major in spring 2009 or before

Students who declared their major in or before spring 2009 are held bound by this rule: In addition to the preliminary and required courses, each major must complete 15 hours of elective credits from CSCI courses higher than 200-level with a grade of C or better. At least 12 elective credits must be in classes other than CSCI 39100 CSCI 39200 and CSCI 39300. With departmental permission, certain appropriate upper-level electives from other academic departments may be substituted. They are not required to take CSCI 49900, but may choose it as an elective.

Students who declared their major after Spring 2009

Students who declared their major after spring 2009 take a minimum of 11 (rather than 15) elective credit hours and are required to successfully complete CSCI 49900, after having successfully completed all other required courses for the major.

Recommended course sequence for entering freshmen without credit for pre-calculus and without prior computer programming experience:

Term 1

MATH 12500 - Precalculus

GER 1/B
Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.
prereq: grade of C or better in MATH 10100 or appropriate score on placement exam
4 hrs 4 cr.

CSCI 12700 - Introduction to Computer Science

GER 2/E
A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 135; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides.
May not be used toward the CSCI major or minor.
Term 2

CSCI 13500 - Software Analysis and Design I

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.

prereq: CSCI 12700 or equivalent coreq: CSCI 13600
3 hrs 3 cr.

CSCI 13600 - Supervised Programming Lab

Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment.

May not be counted towards the computer science major.

coreq: CSCI 13500
2 hrs 1 cr.

CSCI 15000 - Discrete Structures

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

prereq: MATH 12500, 15000 or 15500
3 hrs 3 cr.

Term 3

CSCI 16000 - Computer Architecture I

GER 3/B
Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.

prereq: CSCI 12700, CSCI 15000
3 hrs 3 cr.

CSCI 15000 - Discrete Structures

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

prereq: MATH 12500, 15000 or 15500
3 hrs 3 cr.

Term 4
CSCI 23500 - Software Analysis and Design II

GER 3/B
Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.
prereq: CSCI 13500, 15000; MATH 15000
3 hrs 3 cr.

MATH 15500 - Calculus with Analytic Geometry II

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

Term 5

CSCI 26000 - Computer Architecture II

GER 3/B
Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.
prereq: CSCI 13500, 16000 or 24500; MATH 15000
3 hrs 3 cr.

CSCI 33500 - Software Analysis and Design III

GER 3/B
The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.
prereq: CSCI 23500, MATH 15500
3 hrs 3 cr.

MATH 16000 - Matrix Algebra

GER 1/B
Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.
prereq: MATH 12500 or appropriate score on placement exam
3 hrs 3 cr.

Term 6

CSCI 26500 - Computer Theory I
GER 3/B
Recursion, regular sets, regular expressions, finite automata, context-free grammars, pushdown automata.
*prereq: CSCI 16000 or 14500; MATH 15000
3 hrs 3 cr.

CSCI 36000 - Computer Architecture III

GER 3/B
High performance computer architectures, including massively parallel SIMD and MIMD machines and distributed architectures.
*prereq: CSCI 26000 or 24500; MATH 15500
3 hrs 3 cr.

STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.
*prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

Term 7

CSCI 34000 - Operating Systems

GER 3/B
Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.
*prereq: CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300
3 hrs 3 cr.
- 2 CSCI electives

Term 8

CSCI 49900 - Advanced Applications: A Capstone for Majors

A chance for computer science majors to test their mettle on major projects. Working in small groups they will implement systems that involve at least two platforms running programs written in at least three languages.
*prereq: All non-elective courses in Computer Science required for graduation or permission of instructor.
4 hrs 4 cr.

and 2 CSCI electives

Additional Information

Students with both credit for pre-calculus and prior computer programming experience can begin with Semester 2.
Recommended course sequence for students with transfer credit for CSCI 13500, 15000 and 16000 and MATH 15000 and 15500:

Term 1

CSCI 23500 - Software Analysis and Design II

GER 3/B
Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.

*prereq: CSCI 13500, 15000; MATH 15000*

*3 hrs 3 cr.*

CSCI 26000 - Computer Architecture II

GER 3/B
Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.

*prereq: CSCI 13500, 16000 or 24500; MATH 15000*

*3 hrs 3 cr.*

MATH 16000 - Matrix Algebra

GER 1/B
Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.

*prereq: MATH 12500 or appropriate score on placement exam*

*3 hrs 3 cr.*

Term 2

CSCI 33500 - Software Analysis and Design III

GER 3/B
The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.

*prereq: CSCI 23500, MATH 15500*

*3 hrs 3 cr.*

CSCI 26500 - Computer Theory I

GER 3/B
Recursion, regular sets, regular expressions, finite automata, context-free grammars, pushdown automata.

*prereq: CSCI 16000 or 14500; MATH 15000*

*3 hrs 3 cr.*
STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

 prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

Term 3

CSCI 34000 - Operating Systems

GER 3/B
Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.
 prereq: CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300
3 hrs 3 cr.

  • 2 CSCI electives

Term 4

CSCI 36000 - Computer Architecture III

GER 3/B
High performance computer architectures, including massively parallel SIMD and MIMD machines and distributed architectures.
 prereq: CSCI 26000 or 24500; MATH 15500
3 hrs 3 cr.

CSCI 49900 - Advanced Applications: A Capstone for Majors

A chance for computer science majors to test their mettle on major projects. Working in small groups they will implement systems that involve at least two platforms running programs written in at least three languages.
 prereq: All non-elective courses in Computer Science required for graduation or permission of instructor.
4 hrs 4 cr.

  • and 2 CSCI electives

Recommended course sequence for students in the bioinformatics concentration:

Term 1

CSCI 12700 - Introduction to Computer Science
GER 2/E
A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 135; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides.
May not be used toward the CSCI major or minor.
prereq or coreq: MATH 12100, 12500 or 15000
3 hrs 3 cr.

MATH 12500 - Precalculus
GER 1/B
Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.
prereq: grade of C or better in MATH 10100 or appropriate score on placement exam
4 hrs 4 cr.

Term 2

CSCI 13500 - Software Analysis and Design I
This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.
prereq: CSCI 12700 or equivalent coreq: CSCI 13600
3 hrs 3 cr.

CSCI 13600 - Supervised Programming Lab
Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment.
May not be counted towards the computer science major.
coreq: CSCI 13500
2 hrs 1 cr.

CSCI 15000 - Discrete Structures
Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.
prereq: MATH 12500, 15000 or 15500
3 hrs 3 cr.

Term 3

CSCI 26000 - Computer Architecture II
GER 3/B
Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.

prereq: CSCI 13500, 16000 or 24500; MATH 15000
3 hrs 3 cr.

**MATH 15000 - Calculus with Analytic Geometry I**

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

**Biol 10000 - Principles of Biology I**

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

**Term 4**

**CSCI 23500 - Software Analysis and Design II**

GER 3/B
Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.

prereq: CSCI 13500, 15000; MATH 15000
3 hrs 3 cr.

**MATH 15500 - Calculus with Analytic Geometry II**

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

**CHEM 10200 - General Chemistry I**

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.
Term 5

CSCI 33500 - Software Analysis and Design III

GER 3/B
The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.
prereq: CSCI 23500, MATH 15500
3 hrs 3 cr.

STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium. Primarily for premed, medical laboratory sciences and science majors.
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory. Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.

Term 6

CSCI 34000 - Operating Systems

GER 3/B
Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.
prereq: CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300
3 hrs 3 cr.
MATH 16000 - Matrix Algebra

GER 1/B
Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.

prereq: MATH 12500 or appropriate score on placement exam
3 hrs 3 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

Term 7

CSCI 43500 - Database Management

GER 3/B
Hierarchical and network databases; theory of relational databases; normalization theory; query languages.

prereq: CSCI 33500
3 hrs 3 cr.

STAT 31900 - Bayesian Statistical Inference in the Sciences

GER 3/B

prereq: MATH 15500; at least one of STAT 21200, STAT 21300 or STAT 21400 (or permission of instructor).
Prerequisites waived for students who have passed STAT 311.
Familiarity with matrix algebra (at the level of MATH 160) and with the Windows computing environment are encouraged.

3 hrs 3 cr

BIOL 30000 - Biological Chemistry

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.

Material Fee: $10
prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only
Term 8

Minor in Computer Science

A minor in Computer Science consists of 13-14 credits of coursework. These credits include the following required courses – note that MATH 12500 is a prerequisite course to CSCI 12700 however MATH 125 does not count towards the Computer Science Minor:

**CSCI 12700 - Introduction to Computer Science**

GER 2/E

A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 135; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides.

*May not be used toward the CSCI major or minor.*

*prereq or coreq: MATH 12100, 12500 or 15000
3 hrs 3 cr.

**CSCI 13300 - Programming for Everyone**

GER 2/E

A comprehensive practical course in programming that concentrates on producing working software for games, simulations, animations, data manipulations, interacting with the Internet, graphical user interfaces and many other application areas. No programming experience is necessary. This course is required for Computer Science minors. This course does not count toward the computer science major.

*3 hrs 3 cr.

**CSCI 23200 - Relational Databases and SQL Programming, with Lab**

GER 3/B

An introduction to elementary database concepts and SQL, the standard language for communicating with most database systems. A pragmatic course with an emphasis on skills acquisition; students will learn how to get things done quickly and easily in a database environment.

*Required for computer science minors; open to computer science majors, but may not be used toward the computer science major.*

*prereq: CSCI 12700 or CSCI 13200
3 hrs 3 cr.

**CSCI 23300 - Programming Projects Seminar for Minors**

This course will serve as a capstone for the minor, affording students the opportunity to write reasonably large and complex programs. Students will be expected to draw topics for these programs from their majors or other areas of interest. This course does not count toward the computer science major.

*prereq or coreq: CSCI 13300 and 23200 and a declared Computer Science Minor.
2 hrs. 1 credit
In addition, students will be required to take at least one 3 credit elective selected from Computer Science offerings numbered 13500 or above. Although minors may take any Computer Science course numbered 135 or above, courses that require only one or more of the above courses as prerequisites include:

**CSCI 13500 - Software Analysis and Design I**

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.

*prereq: CSCI 12700 or equivalent coreq: CSCI 13600*

3 hrs 3 cr.

**CSCI 13600 - Supervised Programming Lab**

Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment.

*May not be counted towards the computer science major.*

*coreq: CSCI 13500*

2 hrs 1 cr.

**CSCI 15000 - Discrete Structures**

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

*prereq: MATH 12500, 15000 or 15500*

3 hrs 3 cr.

**CSCI 16000 - Computer Architecture I**

GER 3/B
Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.

*prereq: CSCI 12700, CSCI 15000*

3 hrs 3 cr.

**CSCI 26700 - Microprocessors and Embedded Systems**

GER 3/B
Students will assemble and program a small single board computer to control, or simulate control of, some device.

*prereq: CSCI 13300 or 26000*

3 hrs 3 cr.

**Note**

All prerequisites must be fulfilled for any CSCI course. The only exception is a written waiver from the instructor.

Prospective minors should be aware that this course of study usually requires a minimum of four semesters to complete.
Please note

*Computer science majors cannot choose computer science for their minor.*

**Minors for Computer Science Majors**

Hunter College no longer requires students to take a minor field of study in conjunction with their major. Nevertheless, because of the broad spectrum of interests among computer science majors at Hunter, students interested in pursuing a minor field of study may wish to combine a minor with the computer science major in such fields as mathematics, geography, economics, film and media.

- Mathematics - BA
- Geography - BA
- Economics - BA
- Film - BA
- Media Studies - BA

Consult an adviser in the department of the minor you wish to pursue for further information.

**Honors**

To graduate from Hunter College with honors in computer science, a student must have at least a 2.7 GPA overall and a 3.5 GPA or better in computer science/math and a grade of A in one of the CSCI 49300 series of courses.

**Additional Information**

The “one repeat” rule is in effect for all courses to be used toward the major, from CSCI 13500 through the 400-level courses. This means that if a student fails a CSCI major course once (failure = D, F, NC, WU), that student will have only one more chance to pass the course. In addition, the Computer Science Department will not accept a CR grade in any of the preliminary or required courses for the major (CSCI 13500, CSCI 15000, CSCI 16000, CSCI 23500, CSCI 26000, CSCI 26500, CSCI 33500, CSCI 34000, CSCI 36000). Any student wishing to declare computer science as a major who has received a grade of CR in any of the CSCI courses listed above, must ask the instructor of that course to change the CR grade to the appropriate letter grade. This must be done before the declaration of major form can be authorized.

*Please note: A grade of “D” is not considered a passing grade by this department for any of the computer science or math courses required for the major.*

**Computer Science with Concentration in Bioinformatics - BA**

**Return to Programs and Courses in Computer Science**

This course of study will provide computer science majors with a fundamental understanding of the most important aspects of quantitative and computational biology, including a solid background in biology, chemistry, mathematics, statistics, and computer science, with an emphasis on quantitative reasoning. Students opting to concentrate in bioinformatics are not required to take CSCI 26000, CSCI 26500, and CSCI 36000, but are strongly encouraged to take CSCI 26500. Instead of 15 hours of 300-level and 400-level elective credits, the following requirements must be met:
Preliminary Courses

A student may declare a concentration in bioinformatics upon successful completion of CSCI 13500 - Software Analysis and Design I when declaring computer science as a major field of study.

Required Courses

Students must obtain a grade of C or better in the following courses:

Computer science component 24 credits

**CSCI 13500 - Software Analysis and Design I**

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.

*prereq: CSCI 12700 or equivalent  coreq: CSCI 13600*

3 hrs 3 cr.

**CSCI 15000 - Discrete Structures**

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

*prereq: MATH 12500, 15000 or 15500*

3 hrs 3 cr.

**CSCI 23500 - Software Analysis and Design II**

GER 3/B

Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.

*prereq: CSCI 13500, 15000; MATH 15000*

3 hrs 3 cr.

**CSCI 26000 - Computer Architecture II**

GER 3/B

Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.

*prereq: CSCI 13500, 16000 or 24500; MATH 15000*

3 hrs 3 cr.

**CSCI 33500 - Software Analysis and Design III**

GER 3/B

The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms.
Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.

**CSCI 34000 - Operating Systems**

GER 3/B
Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.

**prereq:** CSCI 23500, MATH 15500
3 hrs 3 cr.

**CSCI 43500 - Database Management**

GER 3/B
Hierarchical and network databases; theory of relational databases; normalization theory; query languages.

**prereq:** CSCI 33500
3 hrs 3 cr.

**CSCI 49366 - UNIX System Programming**

GER 3/B
An introduction to the key components of the UNIX application programming interface, including files, processes, terminal control, signals, interprocess communication, the ncurses library, and multi-threading. Includes basic of the internal structure of the UNIX operating system, and selected user-level utilities and commands for efficient programming and working in UNIX.

**prereq or coreq:** CSCI 23500, 34000
3 hours 3 credits

Math and statistics component 17 credits

**MATH 15000 - Calculus with Analytic Geometry I**

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

**prereq:** grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

**MATH 15500 - Calculus with Analytic Geometry II**

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

**prereq:** grade of C or better in MATH 15000
4 hrs 4 cr.

**MATH 16000 - Matrix Algebra**
GER 1/B  
Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.  
prereq: MATH 12500 or appropriate score on placement exam  
3 hrs 3 cr.

STAT 21300 - Introduction to Applied Statistics  

GER 1/B  
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.  
prereq: MATH 12500 or appropriate score on placement exam.  
3 hrs 3 cr.

STAT 31900 - Bayesian Statistical Inference in the Sciences  

GER 3/B  
prereq: MATH 15500; at least one of STAT 21200, STAT 21300 or STAT 21400 (or permission of instructor).  
Prerequisites waived for students who have passed STAT 311.  
Familiarity with matrix algebra (at the level of MATH 160) and with the Windows computing environment are encouraged.  
3 hrs 3 cr.

Biology component 12 credits

BIOL 10000 - Principles of Biology I  

GER 2/E PD/C or D  
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.  
Material Fee: $5  
PD credit awarded only upon completion of BIOL 10000 and 10200.  
prereq or coreq: MATH 12500 or equivalent  
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.  
fall only

BIOL 30000 - Biological Chemistry  

GER 3/B  
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in
molecular biology.

Material Fee: $10
prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

-or-

BIOL 30200 - Molecular Genetics

GER 3/B
A comparison of viral, procaryotic and eukaryotic systems; review of classical Mendelian principles; bacterial DNA replication, transcription and their control; mechanisms of gene mutation, repair, recombination and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes.

Material Fee: $10
prereq: BIOL 30000
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

BIOL 42500 - Computational Molecular Biology

GER 3/B
An introduction to the interdisciplinary field of computational molecular biology. Students are taught the scope and methods of in silico biology, i.e., the application of computational and statistical methods to solving problems in molecular biology. Topics will include homology searching, sequence alignment, molecular phylogenetics, comparative genomics, analysis of gene expression, and prediction of macromolecular structures. The course will be taught using a mixed format of lectures and hands-on workshops in a UNIX computer laboratory setting. Knowledge and skills in molecular biology, UNIX programming, and statistics are essential for success in this core course required for bioinformatics-concentration students from all majors.

prereq: BIOL 30000 or BIOL 30200 or CHEM 37600; STAT 21300; CSCI 13200 or CSCI 23500 or UNIX proficiency permitted by instructor.

Chemistry component 12 credits

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding. Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium. Primarily for premed, medical laboratory sciences and science majors.
CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
_Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors._
_prereq: CHEM 10200_
_coreq: CHEM 10400
6 hrs 3 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
_prereq: CHEM 10400_
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

Total Credits 65

Additional Information

Prerequisites for certain courses are waived for students opting for this concentration: BIOL 20200 and CHEM 22300 are waived for BIOL 30000; BIOL 30000 is waived for BIOL 30200; and CSCI 16000 is waived for CSCI 26000 and CSCI 34000.

Recommended course sequence for students in the bioinformatics concentration:

Term 1

CSCI 12700 - Introduction to Computer Science

GER 2/E
A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 135; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides.
_May not be used toward the CSCI major or minor._
_prereq or coreq: MATH 12100, 12500 or 15000_
3 hrs 3 cr.

MATH 12500 - Precalculus
GER 1/B
Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

 prerequisites: grade of C or better in MATH 10100 or appropriate score on placement exam
4 hrs 4 cr.

Term 2

CSCI 13500 - Software Analysis and Design I

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.

 prerequisites: CSCI 12700 or equivalent
 coreq: CSCI 13600
3 hrs 3 cr.

CSCI 13600 - Supervised Programming Lab

Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment.

 May not be counted towards the computer science major.
 coreq: CSCI 13500
2 hrs 1 cr.

CSCI 15000 - Discrete Structures

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

 prerequisites: MATH 12500, 15000 or 15500
3 hrs 3 cr.

Term 3

CSCI 26000 - Computer Architecture II

GER 3/B

Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.

 prerequisites: CSCI 13500, 16000 or 24500; MATH 15000
3 hrs 3 cr.

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

 prerequisites: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.
BIOL 10000 - Principles of Biology I

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

Term 4

CSCI 23500 - Software Analysis and Design II

GER 3/B
Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.
prereq: CSCI 13500, 15000; MATH 15000
3 hrs 3 cr.

MATH 15500 - Calculus with Analytic Geometry II

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

Term 5

CSCI 33500 - Software Analysis and Design III

GER 3/B
The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.
prereq: CSCI 23500, MATH 15500
3 hrs 3 cr.
STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium. Primarily for premed, medical laboratory sciences and science majors.
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory. Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.

Term 6

CSCI 34000 - Operating Systems

GER 3/B
Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.
prereq: CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300
3 hrs 3 cr.

MATH 16000 - Matrix Algebra

GER 1/B
Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.
prereq: MATH 12500 or appropriate score on placement exam
3 hrs 3 cr.

CHEM 22200 - Organic Chemistry Lecture I
GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

Term 7

CSCI 43500 - Database Management

GER 3/B
Hierarchical and network databases; theory of relational databases; normalization theory; query languages.
prereq: CSCI 33500
3 hrs 3 cr.

STAT 31900 - Bayesian Statistical Inference in the Sciences

GER 3/B
prereq: MATH 15500; at least one of STAT 21200, STAT 21300 or STAT 21400 (or permission of instructor).
Prerequisites waived for students who have passed STAT 311.
Familiarity with matrix algebra (at the level of MATH 160) and with the Windows computing environment are encouraged.
3 hrs 3 cr

BIOL 30000 - Biological Chemistry

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.
Material Fee: $10
prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

Term 8

CSCI 49366 - UNIX System Programming

GER 3/B
An introduction to the key components of the UNIX application programming interface, including files, processes, terminal control, signals, interprocess communication, the curses library, and multi-threading. Includes basic of the internal structure of the UNIX operating system, and selected user-level utilities and commands for efficient programming and working in UNIX.
prereq or coreq: CSCI 23500, 34000
3 hours 3 credits
BIOL 42500 - Computational Molecular Biology

GER 3/B
An introduction to the interdisciplinary field of computational molecular biology. Students are taught the scope and methods of in silico biology, i.e., the application of computational and statistical methods to solving problems in molecular biology. Topics will include homology searching, sequence alignment, molecular phylogenetics, comparative genomics, analysis of gene expression, and predication of macromolecular structures. The course will be taught using a mixed format of lectures and hands-on workshops in a UNIX computer laboratory setting. Knowledge and skills in molecular biology, UNIX programming, and statistics are essential for success in this core course required for bioinformatics-concentration students from all majors.

prereq: BIOL 30000 or BIOL 30200 or CHEM 37600; STAT 21300; CSCI 13200 or CSCI 23500 or UNIX proficiency permitted by instructor.

Undergraduate Minor

Minor in Computer Science

A minor in Computer Science consists of 13-14 credits of coursework. These credits include the following required courses – note that MATH 12500 is a prerequisite course to CSCI 12700 however MATH 125 does not count towards the Computer Science Minor:

- CSCI 12700 - Introduction to Computer Science (3 credits, 3 hours)
- CSCI 13300 - Programming for Everyone (3 credits, 3 hours)
- CSCI 23200 - Relational Databases and SQL Programming, with Lab (3 credits, 3 hours)
- CSCI 23300 - Programming Projects Seminar for Minors (1 credit, 2 hours)

In addition, students will be required to take at least one 3 credit elective selected from Computer Science offerings numbered 135 or above. Although you may take any Computer Science course numbered 135 or above, courses that require only one or more of the above courses as prerequisites include:

- CSCI 13500 - Software Analysis and Design I (3 credits, 3 hours) and CSCI 13600 - Supervised Programming Lab (1 credit, 2 hours)
- CSCI 15000 - Discrete Structures (3 credits, 3 hours)
- CSCI 26700 - Microprocessors and Embedded Systems (3 credits, 3 hours)
- CSCI 16000 - Computer Architecture I (3 credits, 3 hours)

Computer Science

CSCI 11500 - Computer Technology in Childhood Education
Open only to students in QUEST program. Students learn to use a number of software tools and applications that can be infused into the curriculum of the elementary school. Includes a focus on information retrieval using Internet resources and use of such application packages as Miosoft Excel, Miosoft Power Point, Inspiration and Timeliner.

prereq or coreq: QSTA 40000
3 hrs (1 lec, 2 lab) 2 cr.

CSCI 12000 - Introduction to Computers

GER 2/E
Intended for non-majors. Basic concepts of computer technology. Principles of hardware operation, software and networking. Roles of computers in society, including ethical and legal issues.
This course cannot be counted towards the CSCI major
prereq: none
3 hrs 3 cr.

CSCI 12100 - Computers and Money: Quantitative Reasoning in Context

GER 1/B
Quantitative reasoning tackled from a computer based perspective and focusing on practical financial topics-stocks, gambling, inflation, diversification, taxes, hedging, saving, real estate, retirement and others. Students take a hands-on, spreadsheet- based approach to understanding issues of money and personal finance.
This course cannot be counted towards the CSCI major.
prereq: none
3 hrs 3 cr.

CSCI 12700 - Introduction to Computer Science

GER 2/E
A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 135; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides.
May not be used toward the CSCI major or minor.
prereq or coreq: MATH 12100, 12500 or 15000
3 hrs 3 cr.

CSCI 13200 - Practical UNIX and Programming, with Lab

GER 2/E
An introduction to computer programming and the UNIX operating system using Perl. Conceptual overview of the UNIX operating system and programming environment, a practical introduction to shell programming, and the use of UNIX filters and utilities. A pragmatic course with an emphasis on skills acquisition.
This course cannot be counted towards the CSCI major.
prereq: none
3 hrs 3 cr.

CSCI 13300 - Programming for Everyone

GER 2/E
A comprehensive practical course in programming that concentrates on producing working software for games, simulations, animations, data manipulations, interacting with the Internet, graphical user interfaces and many other application areas. No programming experience is necessary. This course is required for Computer Science minors. This course does not count toward the computer science major.

3 hrs 3 cr.

**CSCI 13500 - Software Analysis and Design I**

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.

*prereq: CSCI 12700 or equivalent*  
*coreq: CSCI 13600*  
3 hrs 3 cr.

**CSCI 13600 - Supervised Programming Lab**

Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment.

*May not be counted towards the computer science major.*  
*coreq: CSCI 13500*  
2 hrs 1 cr.

**CSCI 15000 - Discrete Structures**

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

*prereq: MATH 12500, 15000 or 15500*  
3 hrs 3 cr.

**CSCI 16000 - Computer Architecture I**

GER 3/B  
Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.

*prereq: CSCI 12700, CSCI 15000*  
3 hrs 3 cr.

**CSCI 18100 - Independent Workshop**

Outside internship in practical aspects of computing; e.g., systems programming, biomedical computing, computer-aided instruction.

*Credits may not be used toward the computer science major.*  
*prereq: declared computer science major with 18 credits completed in the department*  
1-3 hrs 1-3 cr.

**CSCI 18200 - Independent Workshop**
Outside internship in practical aspects of computing; e.g., systems programming, biomedical computing, computer-aided instruction.

Credits may not be used toward the computer science major.

prereq: declared computer science major with 18 credits completed in the department
1-3 hrs 1-3 cr.

CSCI 18300 - Independent Workshop

Outside internship in practical aspects of computing; e.g., systems programming, biomedical computing, computer-aided instruction.

Credits may not be used toward the computer science major.

prereq: declared computer science major with 18 credits completed in the department
1-3 hrs 1-3 cr.

CSCI 23200 - Relational Databases and SQL Programming, with Lab

GER 3/B
An introduction to elementary database concepts and SQL, the standard language for communicating with most database systems. A pragmatic course with an emphasis on skills acquisition; students will learn how to get things done quickly and easily in a database environment.

Required for computer science minors; open to computer science majors, but may not be used toward the computer science major.

prereq: CSCI 12700 or CSCI 13200
3 hrs 3 cr.

CSCI 23300 - Programming Projects Seminar for Minors

This course will serve as a capstone for the minor, affording students the opportunity to write reasonably large and complex programs. Students will be expected to draw topics for these programs from their majors or other areas of interest. This course does not count toward the computer science major.

prereq or coreq: CSCI 13300 and 23200 and a declared Computer Science Minor.
2 hrs. 1 credit

CSCI 23500 - Software Analysis and Design II

GER 3/B
Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.

prereq: CSCI 13500, 15000; MATH 15000
3 hrs 3 cr.

CSCI 24500 - Computer Architecture II

GER 3/B
Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.

prereq: CSCI 145, CSCI 150, MATH 150
3 hrs 3 cr.

CSCI 26000 - Computer Architecture II
Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.

 prerequisites: CSCI 13500, 16000 or 24500; MATH 15000

 3 hrs 3 cr.

**CSCI 26500 - Computer Theory I**

GER 3/B
Recursion, regular sets, regular expressions, finite automata, context-free grammars, pushdown automata.

 prerequisites: CSCI 16000 or 14500; MATH 15000

 3 hrs 3 cr.

**CSCI 26700 - Microprocessors and Embedded Systems**

GER 3/B
Students will assemble and program a small single board computer to control, or simulate control of, some device.

 prerequisites: CSCI 13300 or 26000

 3 hrs 3 cr.

**CSCI 33500 - Software Analysis and Design III**

GER 3/B
The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.

 prerequisites: CSCI 23500, MATH 15500

 3 hrs 3 cr.

**CSCI 34000 - Operating Systems**

GER 3/B
Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.

 prerequisites: CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300

 3 hrs 3 cr.

**CSCI 35000 - Artificial Intelligence**

GER 3/B
A survey of artificial intelligence including search and control, knowledge representation, logic and theorem proving, learning, natural language and AI programming.

 prerequisites: CSCI 235

 3 hrs 3 cr.

**CSCI 35500 - Introduction to Linear Programming**

GER 3/B
Introduction to operations research and game theory. Simplex method; inconsistency, redundancy and degeneracy
problems; two-phase method; duality; transportation problems.

\textit{prereq: CSCI 235, MATH 160}

3 hrs 3 cr.

\textbf{CSCI 36000 - Computer Architecture III}

GER 3/B

High performance computer architectures, including massively parallel SIMD and MIMD machines and distributed architectures.

\textit{prereq: CSCI 26000 or 24500; MATH 15500}

3 hrs 3 cr.

\textbf{CSCI 36500 - Computer Theory II}

GER 3/B

Turing machines, Post machines, Post's theorem, Minsky's theorem. Determinism and non-determinism. Undecidability, the halting problem. Recursive function theory.

\textit{prereq: CSCI 265}

3 hrs 3 cr.

\textbf{CSCI 39100 - Independent Study in Computer Science}

GER 3/B

Independent work, under the direction of a faculty member, in practical aspects of computing.

\textit{CSCI 39100 is repeatable up to a total of 6 credits; however, no more than a total of three Independent Study credits may be used toward the computer science major.}

\textit{prereq: declared Computer Science major, perm instr. and dept.}

1-3 hrs 1-3 cr.

\textbf{CSCI 39200 - Independent Study in Computer Science}

GER 3/B

Independent work, under the direction of a faculty member, in practical aspects of computing.

\textit{prereq: declared Computer Science major, perm instr. and dept.}

1-3 hrs 1-3 cr.

\textbf{CSCI 39300 - Independent Study in Computer Science}

GER 3/B

Independent work, under the direction of a faculty member, in practical aspects of computing.

\textit{prereq: declared Computer Science major, perm instr. and dept.}

1-3 hrs 1-3 cr.

\textbf{CSCI 39400 - Topics in Computer Science}

GER 3/B

An introduction to programming in Python, Perl and PHP.

\textit{prereq: Prerequisites vary by topic and are announced prior to registration.}

2 hrs 2 cr.
CSCI 39500 - Topics in Computer Science

GER 3/B
Topics include internet security, web programming, genetic algorithms, expert systems and others. 
Prerequisites vary with specific topics and are announced prior to registration. 
3 hrs 3 cr.

CSCI 40500 - Software Engineering

GER 3/B
Problems in large-scale software development including functional analysis of information processing systems, system design concepts, timing estimates, documentation and system testing. 
prereq: CSCI 33500 
3 hrs 3 cr.

CSCI 41500 - Data Communications and Networks

GER 3/B
A broad technical introduction to the components, protocols, organization, industry and regulatory issues that are fundamental to the understanding of contemporary computer networks. 
prereq: CSCI 33500, 34000 
3 hrs 3 cr.

CSCI 43500 - Database Management

GER 3/B
Hierarchical and network databases; theory of relational databases; normalization theory; query languages. 
prereq: CSCI 33500 
3 hrs 3 cr.

CSCI 45000 - Language Translation

GER 3/B
The theory and application of language recognition and analysis techniques, as they pertain to both formal programming languages and to natural languages. Includes lexical, syntactic and semantic analysis methods, as well as discussions of efficient data representation. 
prereq: CSCI 26500, 33500 
3 hrs 3 cr.

CSCI 46000 - Advanced Programming Languages

GER 3/B
Survey course on the design and implementation of modern programming languages. Includes object-oriented, functional, logic and concurrent/ distributed paradigms. 
prereq: CSI 26500, 33500 
3 hrs 3 cr.

CSCI 49300 - Honors Seminar
GER 3/B
Topics include Unix systems programming, computer law, 3D vision, Windows programming, neural networks, speech and language processing, fuzzy systems and other areas. Prerequisites vary with specific topics and are announced prior to registration.

*Prereq: Prerequisites vary with specific topics and are announced prior to registration.*

3 hrs 3 cr.

**CSCI 49366 - UNIX System Programming**

GER 3/B
An introduction to the key components of the UNIX application programming interface, including files, processes, terminal control, signals, interprocess communication, the ncurses library, and multi-threading. Includes basic of the internal structure of the UNIX operating system, and selected user-level utilities and commands for efficient programming and working in UNIX.

*Prereq or coreq: CSCI 23500, 34000*

3 hours 3 credits

**CSCI 49600 - Supervised Research**

Supervised work under the direction of a faculty member on an original research project. Although student-initiated projects are acceptable, in most cases students will be expected to work within a faculty member's active research area. These courses are repeatable. However, no more than a total of nine (9) Supervised Research credits may be counted toward the computer science major.

*Prereq: declared Computer Science major, perm instr. and dept.*

1-3 hrs 1-3 cr.

**CSCI 49700 - Supervised Research**

Supervised work under the direction of a faculty member on an original research project. Although student-initiated projects are acceptable, in most cases students will be expected to work within a faculty member's active research area. These courses are repeatable. However, no more than a total of nine (9) Supervised Research credits may be counted toward the computer science major.

*Prereq: declared Computer Science major, perm instr. and dept.*

1-3 hrs 1-3 cr.

**CSCI 49800 - Supervised Research**

Supervised work under the direction of a faculty member on an original research project. Although student-initiated projects are acceptable, in most cases students will be expected to work within a faculty member's active research area. These courses are repeatable. However, no more than a total of nine (9) Supervised Research credits may be counted toward the computer science major.

*Prereq: declared Computer Science major, perm instr. and dept.*

1-3 hrs 1-3 cr.

**CSCI 49900 - Advanced Applications: A Capstone for Majors**

A chance for computer science majors to test their mettle on major projects. Working in small groups they will implement systems that involve at least two platforms running programs written in at least three languages.

*Prereq: All non-elective courses in Computer Science required for graduation or permission of instructor.*

4 hrs 4 cr.
Programs and Courses in Dance

Dance

About the Program

The Hunter College Dance Program offers an opportunity to pursue a BA degree in dance within the context of a strong liberal arts education. From a campus in the heart of New York City, the dance major or minor student has the unique opportunity of interfacing with many professional dance companies, choreographers and critics who live and work in New York. The modern dance-based curriculum provides the student with opportunities to pursue careers in performance, choreography, teaching, arts administration and production. The curriculum is enriched by community outreach performances, repertory classes with New York-based choreographers, specialty workshops, dance clubs, international performances, internships and New York State teaching certification. In addition, Hunter Dance hosts “Sharing the Legacy,” an ongoing series of conferences, forums and concerts devoted to experiencing dance masterworks of the twentieth century.

The Dance Program offers a broad based curriculum with an emphasis on modern dance, including three major areas of study:

I. Technique (modern, ballet, traditional, folk);
II. Creative theory and performance (improvisation, composition, production, repertory, lecture/demonstration touring company);
III. Theoretical and scientific aspects of dance (musicianship for dancers, dance history, theory and practice of teaching, anatomy and kinesiology, movement re-education).

Course Listings

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

Undergraduate Major

Dance - BA

Dance

The following 34-credit curriculum is required of all majors.

DAN 15100 - Folk Forms of Dance I

Development of basic dance skills necessary for participation in international folk dances. Students are exposed to dance and music of world cultures.
Open to dance majors and minors only.
3 hrs 1 cr.

DAN 21000 - Contemporary Dance Technique I

GER 3/A
Analytical and physical study of basic concepts of dance: space, time, dynamics and design. Intermediate development of movement skills and vocabulary as required by professional demands. May be taken 2 times for credit with permission of the department.
prereq: DAN 10100, perm dept., placement class
3 hrs 2 cr.

DAN 21300 - Basic Musicianship for Dancers

GER 3/A
Basic music theory in relation to dance. Development of auditory and kinesthetic understanding of melody, rhythm and harmony through movement. Open only to Dance majors and minors.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 21000
3 hrs 2 cr.

DAN 22000 - Contemporary Dance Technique II
GER 3/A
Development of expanded movement vocabulary and increased facility; understanding dance as means of communication; ordering of movement to produce controlled performance. May be taken two times for credit with permission of the department.

prereq: DAN 21000, perm dept, or placement class
3 hrs 2 cr.

DAN 22100 - Improvisation as a Creative Process I

GER 3/A
Introduction to basic skills of structured improvisation; use of these skills by individual students to explore their creative movement potential.

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

prereq or coreq: DAN 21000 or perm dept.
3 hrs 2 cr.

DAN 23200 - 20th-Century Dance History

GER 2/D PD/D
Readings, lectures, films, discussions of 20th century ballet, modern, social and popular theatre dance forms; analysis of individual styles and cultural trends.

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

3 hrs 3 cr.

DAN 24500 - Ballet I

GER 3/A
Intermediate level study of stylistic demands and vocabulary of ballet and introduction to ballet traditions. May be taken two times for credit with permission of the department.

prereq: DAN 14500, perm dept, or placement class
3 hrs 2 cr.

DAN 31000 - Contemporary Dance Technique III

GER 3/A
Advanced movement experience to prepare students to carry out their own creative demands or demands of other choreographers; continued in depth study of all concepts of dance. May be taken two times for credit with permission of the department.

prereq: DAN 22000, or perm. depart.
3 hrs 2 cr.

DAN 32000 - Contemporary Dance Technique IV

GER 3/A
Development of pure dance skills to enable student to learn specific styles of dance; emphasis on expanding dynamic range and clarifying performance intention. May be taken two times for credit with permission of the department.

prereq: DAN 31000, audition
3 hrs 2 cr.
DAN 32100 - Composition I

GER 3/A
Assignments geared to challenge and develop creative skills; emphasis on understanding form and its relation to content; mastering structural requirements of composition.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 22100
3 hrs, 3 hrs open studio 2 cr.

DAN 32400 - Production I

GER 3/A
Practical experience in all aspects of production that contribute to realization of student's choreographic intentions: costumes, sets, lighting, publicity and business skills.
prereq: DAN 32200 or perm dept.
3 hrs, 3 hrs open studio 3 cr.

DAN 34500 - Ballet II

GER 3/A
Continuation of traditional exercises to acquaint student with elements of classic ballet; emphasis on development of advanced technical ability. May be taken two times for credit with permission of the department.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 24500, or perm. dept.
3 hrs 2 cr.

DAN 35000 - Anatomy and Kinesiology for Dancers

GER 3/A
Anatomy of skeletal, muscular and neuromuscular systems; anatomical analysis of basic movement; application of anatomical information to proper and successful performance of dance.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 22000, perm dept.
3 hrs 3 cr.

DAN 42200 - Choreographic Projects

GER 3/A
Independent student choreographic works in preparation for performance in concert. Registration once per academic year.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 32100
4 hrs 3 cr.

DAN 44000 - Lecture/Demonstration Touring Group
GER 3/A
Performance of prescribed choreography in lecture/demonstration format to be presented in public schools on a weekly basis during the fall semester. Open to dance majors/minors only. Students must be available to rehearse intensively for 1 week before classes begin.

*All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.*

*prereq: DAN 22000, 22100, 24500, perm dept.*

*4 hrs 3 cr.*

### Major

(34 credits)

A placement audition is required of all incoming majors. All dance majors are required to be registered in at least one technique class every semester they are in attendance at Hunter. Performance, choreography and technical production requirements are to be fulfilled prior to graduation. These requirements include:

1. Performance in at least two (2) concerts.

2. Choreography of at least two (2) works:
   a. solo performed in open composition.
   b. group work developed during fall and spring semesters and performed in formal concert.

3. Production crew work in two (2) formal concerts.

Note: All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

### Policy on advancement through the technique curriculum

All dance students should be aware that completion of a dance technique course for a passing grade does not automatically guarantee acceptance into the next level of technique. For example, if you pass the Fundamentals of Contemporary Dance course, you may not necessarily be admitted to Contemporary Dance Technique I.

Your instructor will, at the end of the current course, advise you to either repeat the course for credit or to move on to the next level. (You can take technique courses twice for credit, and it is also possible to audit thereafter.) It is neither safe nor constructive to place yourself in a class that is not appropriate for your skill level. The quality of your dance education is of utmost importance to us — this policy is designed to maintain the highest standards of learning and achievement.

All dance majors are required to register for at least one technique course every semester they are enrolled at Hunter College.

### Additional Information

The undergraduate adviser suggests the appropriate sequence of electives for the career specialization the student chooses.

### Prerequisites for all dance majors:
Meeting with Dance Advisor prior to declaration of major.

Dance Education

Students planning to teach Dance in Pre-K through 12th grade should look at Dance Education Pre-K - 12 of the School of Education for requirements and program.

Minor in Dance

The Hunter College Dance Program Minor in Dance (a minimum of 16 required credits) is designed to allow students to pursue a variety of interests in the field, from performance and creative work to analysis, production and pedagogy.

Required courses (a minimum of 16 credits total)

The following 2 courses must be taken prior to declaration of the minor:

**DAN 10100 - Fundamentals of Contemporary Dance Technique**

Survey of concepts involved in understanding and integrating physicality and creativity through movement. Review of basic skills required for further study. May be taken two times for credit with permission of the department.

*All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.*

prereq: minimum 12 cr.

3 hrs 2 cr.

**DAN 10200 - Dance, Dancers and the Audience**

GER 2/D

Lecture demonstration course designed to introduce students to the art of dance through analysis of history, dance style and socio-political underpinnings. This course includes participation in both lecture and movement sessions.

*All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.*

prereq: minimum 12 cr.

3 hrs 3 cr.

Additional required courses

**DAN 21000 - Contemporary Dance Technique I**

GER 3/A

Analytical and physical study of basic concepts of dance: space, time, dynamics and design. Intermediate development of movement skills and vocabulary as required by professional demands. May be taken 2 times for credit with permission of the department.

prereq: DAN 10100, perm dept., placement class

3 hrs 2 cr.

**DAN 22100 - Improvisation as a Creative Process I**
GER 3/A
Introduction to basic skills of structured improvisation; use of these skills by individual students to explore their creative movement potential.

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

prereq or coreq: DAN 21000 or perm dept.
3 hrs 2 cr.

1 additional dance technique course, selected from the following:

**DAN 14500 - Fundamentals of Ballet**

Introduction to fundamental skills and nomenclature of ballet. May be taken two times for credit with permission of the department.

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

prereq: minimum 12 cr.
3 hrs 2 cr.

**DAN 15100 - Folk Forms of Dance I**

Development of basic dance skills necessary for participation in international folk dances. Students are exposed to dance and music of world cultures.

Open to dance majors and minors only.
3 hrs 1 cr.

**DAN 22000 - Contemporary Dance Technique II**

GER 3/A
Development of expanded movement vocabulary and increased facility; understanding dance as means of communication; ordering of movement to produce controlled performance. May be taken two times for credit with permission of the department.

prereq: DAN 21000, perm dept, or placement class
3 hrs 2 cr.

**DAN 24500 - Ballet I**

GER 3/A
Intermediate level study of stylistic demands and vocabulary of ballet and introduction to ballet traditions. May be taken two times for credit with permission of the department.

prereq: DAN 14500, perm dept, or placement class
3 hrs 2 cr.

**DAN 25200 - Special Topics: Traditional Dance I**

GER 3/A PD/A
Introduction to the cultural background and basic techniques of individual traditions of dance, such as African, Classical Indian, Afro-Brazilian, T'ai Chi, Capoeira, Yoga and advanced post-modern dance. May be taken two times for credit with permission of the department.
**DAN 31000 - Contemporary Dance Technique III**

GER 3/A
Advanced movement experience to prepare students to carry out their own creative demands or demands of other choreographers; continued in depth study of all concepts of dance. May be taken two times for credit with permission of the department.

*prereq: DAN 22000, or perm. depart.*

3 hrs 2 cr.

**DAN 32000 - Contemporary Dance Technique IV**

GER 3/A
Development of pure dance skills to enable student to learn specific styles of dance; emphasis on expanding dynamic range and clarifying performance intention. May be taken two times for credit with permission of the department.

*prereq: DAN 31000, audition*

3 hrs 2 cr.

**DAN 34500 - Ballet II**

GER 3/A
Continuation of traditional exercises to acquaint student with elements of classic ballet; emphasis on development of advanced technical ability. May be taken two times for credit with permission of the department.

*All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.*

*prereq: DAN 24500, or perm. dept.*

3 hrs 2 cr.

**DAN 35200 - Special Topics: Traditional Dance II**

GER 3/A PD/A
Continuation of DAN 25200.

*All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.*

*prereq: DAN 25200, perm dept.*

3 hrs 2 cr.

**A minimum of 6 additional credits in dance**

A minimum of 6 additional credits in Dance (choices must be approved by Dance Faculty Adviser):

Any DAN course at the 200 level or above (At least one of these must be a 3-credit course)

**Participation on one production crew**

Participation on one production crew team for a fully produced dance program concert

**Note:**
Placement in technique courses above the Fundamentals level is by placement class, the first day of class review, recommendation of instructor, or department permission. Repeated courses may not be counted in these requirements.

Grading

All dance majors and minors must receive a letter grade for all dance classes. Grades of “NC” or “CR” are not permissible.

**Undergraduate Minor**

**Minor in Dance**

The Hunter College Dance Program Minor in Dance (a minimum of 16 required credits) is designed to allow students to pursue a variety of interests in the field, from performance and creative work to analysis, production and pedagogy.

**Required courses (a minimum of 16 credits total)**

The following 2 courses must be taken prior to declaration of the minor:

**DAN 10100 - Fundamentals of Contemporary Dance Technique**

Survey of concepts involved in understanding and integrating physicality and creativity through movement. Review of basic skills required for further study. May be taken two times for credit with permission of the department.

*All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.*

*prereq: minimum 12 cr.*

*3 hrs 2 cr.*

**DAN 10200 - Dance, Dancers and the Audience**

GER 2/D

Lecture demonstration course designed to introduce students to the art of dance through analysis of history, dance style and socio-political underpinnings. This course includes participation in both lecture and movement sessions.

*All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.*

*prereq: minimum 12 cr.*

*3 hrs 3 cr.*

**Additional required courses**

**DAN 21000 - Contemporary Dance Technique I**

GER 3/A

Analytical and physical study of basic concepts of dance: space, time, dynamics and design. Intermediate development
of movement skills and vocabulary as required by professional demands. May be taken 2 times for credit with permission of the department.

prereq: DAN 10100, perm dept., placement class
3 hrs 2 cr.

**DAN 22100 - Improvisation as a Creative Process I**

GER 3/A

Introduction to basic skills of structured improvisation; use of these skills by individual students to explore their creative movement potential.

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

prereq or coreq: DAN 21000 or perm dept.
3 hrs 2 cr.

1 additional dance technique course, selected from the following:

**DAN 14500 - Fundamentals of Ballet**

Introduction to fundamental skills and nomenclature of ballet. May be taken two times for credit with permission of the department.

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

prereq: minimum 12 cr.
3 hrs 2 cr.

**DAN 15100 - Folk Forms of Dance I**

Development of basic dance skills necessary for participation in international folk dances. Students are exposed to dance and music of world cultures.

Open to dance majors and minors only.
3 hrs 1 cr.

**DAN 22000 - Contemporary Dance Technique II**

GER 3/A

Development of expanded movement vocabulary and increased facility; understanding dance as means of communication; ordering of movement to produce controlled performance. May be taken two times for credit with permission of the department.

prereq: DAN 21000, perm dept, or placement class
3 hrs 2 cr.

**DAN 24500 - Ballet I**

GER 3/A

Intermediate level study of stylistic demands and vocabulary of ballet and introduction to ballet traditions. May be taken two times for credit with permission of the department.

prereq: DAN 14500, perm dept, or placement class
3 hrs 2 cr.

**DAN 25200 - Special Topics: Traditional Dance I**
GER 3/A PD/A
Introduction to the cultural background and basic techniques of individual traditions of dance, such as African, Classical Indian, Afro-Brazilian, T'ai Chi, Capoeira, Yoga and advanced post-modern dance. May be taken two times for credit with permission of the department.
prereq: placement class
3 hrs 2 cr.

DAN 31000 - Contemporary Dance Technique III

GER 3/A
Advanced movement experience to prepare students to carry out their own creative demands or demands of other choreographers; continued in depth study of all concepts of dance. May be taken two times for credit with permission of the department.
prereq: DAN 22000, or perm. depart.
3 hrs 2 cr.

GER 3/A
Development of pure dance skills to enable student to learn specific styles of dance; emphasis on expanding dynamic range and clarifying performance intention. May be taken two times for credit with permission of the department.
prereq: DAN 31000, audition
3 hrs 2 cr.

DAN 34500 - Ballet II

GER 3/A
Continuation of traditional exercises to acquaint student with elements of classic ballet; emphasis on development of advanced technical ability. May be taken two times for credit with permission of the department.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 24500, or perm. dept.
3 hrs 2 cr.

DAN 35200 - Special Topics: Traditional Dance II

GER 3/A PD/A
Continuation of DAN 25200.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 25200, perm dept.
3 hrs 2 cr.

A minimum of 6 additional credits in dance

A minimum of 6 additional credits in Dance (choices must be approved by Dance Faculty Adviser):

Any DAN course at the 200 level or above (At least one of these must be a 3-credit course)

Participation on one production crew
Participation on one production crew team for a fully produced dance program concert

Note:

Placement in technique courses above the Fundamentals level is by placement class, the first day of class review, recommendation of instructor, or department permission. Repeated courses may not be counted in these requirements.

Dance: Creative Theory and Performance Courses

**DAN 22100 - Improvisation as a Creative Process I**

GER 3/A
Introduction to basic skills of structured improvisation; use of these skills by individual students to explore their creative movement potential.

*All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.*

*prereq or coreq: DAN 21000 or perm dept.*

3 hrs 2 cr.

**DAN 32100 - Composition I**

GER 3/A
Assignments geared to challenge and develop creative skills; emphasis on understanding form and its relation to content; mastering structural requirements of composition.

*All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.*

*prereq: DAN 22100*

3 hrs, 3 hrs open studio 2 cr.

**DAN 32400 - Production I**

GER 3/A
Practical experience in all aspects of production that contribute to realization of student's choreographic intentions: costumes, sets, lighting, publicity and business skills.

*prereq: DAN 32200 or perm dept.*

3 hrs, 3 hrs open studio 3 cr.

**DAN 42100 - Composition II**

GER 3/A
Continued application of basic principles of composition; conception, planning and realization of complete dances; preparation of dances for concert by integrating all aspects of production.

*All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.*

*prereq: DAN 32100, perm dept.*

3 hrs, 3 hrs open studio 2 cr.

**DAN 42200 - Choreographic Projects**
GER 3/A
Independent student choreographic works in preparation for performance in concert. Registration once per academic year.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 32100
4 hrs 3 cr.

DAN 42400 - Production II

GER 3/A
Practical application of advanced production skills.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 32400
3 hrs, 3 hrs open studio 3 cr.

DAN 43200 - Repertory I

GER 3/A
Open to dance majors and minors only. Performance course for advanced students. A dance is learned from professional choreographer's repertory and performed in concert. The choreographer and choreographic material change every semester. May be taken two times for credit with permission of the department.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq or coreq: DAN 31000, 32100 or perm instr, audition
4 hrs, 2 hrs open studio 3 cr.

DAN 43300 - Repertory II

GER 3/A
Open to dance majors and minors only. Continuation of DAN 43200. A new dance is created by a professional choreographer and performed in concert. The choreographer and choreographic material change every semester. May be taken two times for credit with permission of the department.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 32000, 43200 or perm instr, audition
4 hrs, 2 hrs open studio 3 cr.

DAN 44000 - Lecture/Demonstration Touring Group

GER 3/A
Performance of prescribed choreography in lecture/demonstration format to be presented in public schools on a weekly basis during the fall semester. Open to dance majors/minors only. Students must be available to rehearse intensively for 1 week before classes begin.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 22000, 22100, 24500, perm dept.
4 hrs 3 cr.

Dance: Technique Courses
A placement class or departmental permission is required for all students enrolling in dance technique courses, except for 100 level courses. This class is held either in the week before the start of each semester or in the first class session. (See Dance Program for date and procedure). Students who are registered but do not pass the audition will be asked to drop the course. Registered students who miss the placement class or the first day of class must notify the dance office before the first class session and may be asked to drop the course. Final placements and permission to continue in a given course are determined in the first class meeting for all technique courses.

**DAN 10100 - Fundamentals of Contemporary Dance Technique**

Survey of concepts involved in understanding and integrating physicality and creativity through movement. Review of basic skills required for further study. May be taken two times for credit with permission of the department.

_all required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation._

prereq: minimum 12 cr.
3 hrs 2 cr.

**DAN 14500 - Fundamentals of Ballet**

Introduction to fundamental skills and nomenclature of ballet. May be taken two times for credit with permission of the department.

**DAN 21000 - Contemporary Dance Technique I**

GER 3/A

Analytical and physical study of basic concepts of dance: space, time, dynamics and design. Intermediate development of movement skills and vocabulary as required by professional demands. May be taken 2 times for credit with permission of the department.

prereq: DAN 10100, perm dept., placement class
3 hrs 2 cr.

**DAN 22000 - Contemporary Dance Technique II**

GER 3/A

Development of expanded movement vocabulary and increased facility; understanding dance as means of communication; ordering of movement to produce controlled performance. May be taken two times for credit with permission of the department.

prereq: DAN 21000, perm dept, or placement class
3 hrs 2 cr.
DAN 24500 - Ballet I

GER 3/A
Intermediate level study of stylistic demands and vocabulary of ballet and introduction to ballet traditions. May be taken two times for credit with permission of the department.
prereq: DAN 14500, perm dept, or placement class
3 hrs 2 cr.

DAN 25100 - Folk Forms of Dance II

GER 3/A
Expanded progressions in folk forms of dance. Presentation of materials based on advanced skills.
prereq: DAN 15100
3 hrs 1 cr.

DAN 25200 - Special Topics: Traditional Dance I

GER 3/A PD/A
Introduction to the cultural background and basic techniques of individual traditions of dance, such as African, Classical Indian, Afro-Brazilian, T'ai Chi, Capoeira, Yoga and advanced post-modern dance. May be taken two times for credit with permission of the department.
prereq: placement class
3 hrs 2 cr.

DAN 31000 - Contemporary Dance Technique III

GER 3/A
Advanced movement experience to prepare students to carry out their own creative demands or demands of other choreographers; continued in depth study of all concepts of dance. May be taken two times for credit with permission of the department.
prereq: DAN 22000, or perm. depart.
3 hrs 2 cr.

DAN 32000 - Contemporary Dance Technique IV

GER 3/A
Development of pure dance skills to enable student to learn specific styles of dance; emphasis on expanding dynamic range and clarifying performance intention. May be taken two times for credit with permission of the department.
prereq: DAN 31000, audition
3 hrs 2 cr.

DAN 34500 - Ballet II

GER 3/A
Continuation of traditional exercises to acquaint student with elements of classic ballet; emphasis on development of advanced technical ability. May be taken two times for credit with permission of the department.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 24500, or perm. dept.
3 hrs 2 cr.
DAN 35200 - Special Topics: Traditional Dance II

GER 3/A PD/A
Continuation of DAN 25200.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 25200, perm dept.
3 hrs 2 cr.

Dance: Theoretical and Scientific Aspects of Dance Courses

DAN 10200 - Dance, Dancers and the Audience

GER 2/D
Lecture demonstration course designed to introduce students to the art of dance through analysis of history, dance style and socio-political underpinnings. This course includes participation in both lecture and movement sessions.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: minimum 12 cr.
3 hrs 3 cr.

DAN 21300 - Basic Musicianship for Dancers

GER 3/A
Basic music theory in relation to dance. Development of auditory and kinesthetic understanding of melody, rhythm and harmony through movement. Open only to Dance majors and minors.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 21000
3 hrs 2 cr.

DAN 23200 - 20th-Century Dance History

GER 2/D PD/D
Readings, lectures, films, discussions of 20th century ballet, modern, social and popular theatre dance forms; analysis of individual styles and cultural trends.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
3 hrs 3 cr.

DAN 35000 - Anatomy and Kinesiology for Dancers

GER 3/A
Anatomy of skeletal, muscular and neuromuscular systems; anatomical analysis of basic movement; application of anatomical information to proper and successful performance of dance.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 22000, perm dept.
3 hrs 3 cr.

DAN 46100 - Seminar in Dance

GER 3/A
Survey of dance careers, grant writing, arts administration, resume writing and relevant topics related to the socio-political climate of our times in relation to art.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 31000, DAN 32100
3 hrs 3 cr.

DAN 48000 - Independent Study in Dance

GER 3/A
In-depth study in area of special interest for qualified students under direction of faculty adviser.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: minimum 15 dance received at Hunter, major GPA 3.0, overall GPA 2.5. Open to dance majors and minors only.
3-9 hrs 1-3 cr.

DAN 49000 - Honors in Dance

GER 3/A
Open to Jr/Sr Dance majors only. Individual study leading to completion of honors essay or production book in creative performance.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: minimum 18 dance , major GPA 3.5, overall GPA 2.8
hrs TBA 1-3 cr.

DAN 49800 - Internship

GER 3/A
Open to dance majors with 15 credits in dance from Hunter.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 32400
hrs TBA 3-6 cr.

Programs and Courses in Economics

Economics

About the Department
One way to define the scope of economics is to say that it is the social science that deals with how best to use scarce resources to satisfy unlimited human needs and wants. While economists do not claim to have the answer to what humans should want, they do have something to say about how to get it. Economics is more about how to think than what to think.

Economics students become problem solvers. They learn to analyze a situation, figure out what is important and determine what can be abstracted away. The economics curriculum stresses the development of general problem-solving skills: finding, gathering and interpreting information; predicting the consequences of decisions; evaluating alternative courses of action; and analyzing the management of resources in both the public and private sectors. At the same time, economics students learn about the institutions and rules that shape daily life — the monetary system, the stock and bond markets and the regulatory system that mandates warning labels on cigarette packs and seat belts in automobiles.

Many professional economists enter government at the federal, state, or local level, either in research or policy-making positions. Some are employed by businesses, financial institutions, labor unions, trade associations and consulting firms. Still others are involved in teaching and research in colleges and universities. While an undergraduate major in economics does not lead directly to professional accreditation, it provides students with a point of view and a set of skills that will be useful in almost any path taken after the completion of the major. A major in economics is especially valuable for those who plan careers in finance, management, law, journalism, or public policy.

Accountants specialize in measuring, reporting and interpreting the financial aspects of business, governments and institutional activities. Accounting provides the information necessary to determine and evaluate both present and projected economic activities of organizations. Professional accountants develop and apply their skills in auditing, taxation, management policy, information systems, computer operations and many other areas.

Nearly half of all accounting graduates are employed by public accounting firms. The remainder join private firms, engage in research and consulting, practice in the government sector, or continue their education on the graduate level.

Undergraduate Major

Accounting - BS

The degree of bachelor of science (accounting) offered at Hunter College fulfills educational requirements for the CPA examination in New York State. Candidates pursuing licensure in New York State will need to complete 150 college credits including ECO 490 (Accounting and Auditing Research). An appropriate masters degree, while not required, is another path to licensure. For information on the MS in Accounting at Hunter College, see the Hunter College Graduate Catalog.

All students contemplating a career in accounting should request an interview with the accounting program adviser during the lower freshman term. To assure completion of the BS (accounting) degree within four years, a full-time student should begin the accounting major sequence in the upper freshman term, if possible, and no later than the lower sophomore term, by registering for ECO 27100.

Please note: The prefix for accounting courses, now ECO, will be changed to ACC effective summer 2013. The summer 2013 schedule of classes www.hunter.cuny.edu/onestop/registration/searchable-schedule-of-classes reflects this change. The new 2013-14 catalog, available in summer 2013 will show the ACC prefix for accounting courses.

Major

The Department of Economics offers a major of BS in accounting, requiring a minimum of 31 credits of accounting and an additional 33 credits of professional studies. Details are outlined below.

Grade Options

Students enrolled in the BS (accounting) curriculum may not use CR/NC grades for the 31 accounting credits in the accounting major.

General Education Requirement

Students working for a BS (accounting) degree must complete the General Education Requirement (see General Education Requirement section) except that:

A. The Stage 1, Group B Quantitative Reasoning Requirement must be met by MATH 15000. This should be done within the first 75 credits of college work. For students already at or beyond this point when they become majors, the course should be taken within the first 12 credits following declaration of the major.

B. The foreign language requirement is modified, so that:
1. Students who present three or more years of one foreign language are excused from taking additional foreign language courses;

2. Students who present two years of one foreign language must take two additional courses of advanced-level work in the same language or, if they do not want to go on with that language in college, they must take four courses in another foreign language at the college level;

3. Students who present fewer than two years of one foreign language must take four courses in that or any other foreign language at the college level. (Students must file with the Department of Economics a high school transcript or other evidence of completion of the requisite number of years.)

C. In Stage 2, Group B, 3 of the 6 required credits must be in ECO 20100. (ECO 20000, which must be taken as part of the professional studies requirement, cannot be used to fulfill the Stage 2, Group B requirement for accounting majors.)

D. Electives. Any remaining credits needed to complete the 120 credits required for the BS (accounting) degree must be in liberal arts electives.

Professional Studies (64 cr)

Accounting (31 cr)

ECO 27100 - Accounting I

Basic accounting concepts; preparation of financial statements. Emphasis on income determination and financial position.  
*prereq: upper freshman standing*  
3 hrs 3 cr.

ECO 27200 - Accounting II

Accounting concepts applied to partnerships and corporations; funds statements; financial statement analysis.  
*prereq: ECO 27100*  
3 hrs 3 cr.

ECO 37100 - Intermediate Accounting I

In-depth study of current concepts relating to accounting for assets and current liabilities.  
*prereq: ECO 27200*  
3 hrs 3 cr.

ECO 37200 - Intermediate Accounting II

Revenue recognition; accounting for equities, income taxes, pensions, leases, price level changes.  
*prereq: ECO 37100*  
3 hrs 3 cr.

ECO 37300 - Federal Income Taxation
Principles of federal income taxation and the impact of taxes on individuals.

*prereq or coreq: ECO 37200 or perm chair*
*3 hrs, 3 cr.*

**ECO 37400 - Managerial Accounting (Cost Accounting)**

Accumulation, analysis, presentation and use of cost data by management; budgets.

*prereq: ECO 37200 or perm chair*
*3 hrs 3 cr.*

**ECO 47100 - Advanced Accounting I**

*prereq: ECO 37200*
*3 hrs 3 cr.*

**ECO 47200 - Advanced Accounting II**

Accounting theory and practice focused on partnerships, joint ventures, multinationals, government and public sector entities; not-for-profit accounting; interim and segment reporting; SEC problems, fiduciary accounting, bankruptcy.

*prereq: ECO 37200*
*3 hrs 3 cr.*

**ECO 47300 - Business Taxes**

Federal income taxation of partnerships and corporations; other special tax issues.

*prereq: ECO 37300*
*3 hrs 3 cr.*

**ECO 47500 - Auditing**

Auditing theory and practices; ethics of accounting profession; procedures for auditing financial statements.

*prereq: ECO 47100*
*4 hrs 4 cr.*

**Additional Information**

An overall average of at least “C” must be maintained in these 31 credits.

**Business Law (6 cr)**

**ECO 28000 - Business Law I**

Legal institutions; contract law and commercial paper law with focus on Uniform Commercial Code.

*prereq: sophomore standing or perm chair*
*3 hrs 3 cr.*

**ECO 38000 - Business Law II**
Legal aspects of business organizations; agency, partnership and corporate relationships.

*prereq: ECO 28000*

3 hrs 3 cr.

**Statistics (3 cr)**

**ECO 22100 - Economic Statistics**

GER 1/B
 Probability and statistics in the context of economics, business and public policy; data analysis, probability distributions, and hypothesis testing.

*prereq: MATH 12500 or exemption from the course*

3 hrs 3 cr.

**Additional Information**

For students already at or beyond this point when they become majors, the course should be taken within the first 12 credits following declaration of the major.

**Finance (6 cr)**

Select two of the following courses:

**ECO 21000 - Money and Banking**

GER 3/B
 Monetary and banking principles and practice; current issues; theory and policy.

*prereq: ECO 20000, 20100*

3 hrs 3 cr.

**ECO 36500 - Corporate Finance**

GER 3/B
 Analysis of corporate investment and financing decisions.

*prereq: ECO 20000 and ECO 22100 or STAT 21300*

3 hrs 3 cr.

**ECO 36600 - Security and Investment Analysis**

GER 3/B
 Operation of the stock market; security analysis and evaluation; economic variables influencing security values.

*prereq: ECO 36500*

3 hrs 3 cr.

**ECO 36700 - Analysis of Financial Statements**

GER 3/B

Business Core-Required (6 cr)
ECO 20000 - Principles of Microeconomics

GER 2/B
May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications. 
prereq: MATH 10100 or exemption from the course
3 hrs 3 cr.

ECO 47600 - Computer Accounting Systems

prereq: ECO 37200 and declaration as an accounting major
3 hrs 3 cr.

Business elective (12 cr)

Choose from the following:

ECO 26000 - Business Organization and Management

GER 3/B
The economic theory of the firm, including the formal analysis of incentives and contracts. Particular focus on how the internal organization of the firm can mitigate the negative effects of conflicts of interest between different stakeholders in the firm. 
prereq: ECO 20000
3 hrs 3 cr.  
- Any 300- or 400-level ECO course (ECO 48000 is strongly recommended)  
- One additional computer science course may be used as a business elective

Minor in Accounting

Minor in Accounting

Interdepartmental Fields

Students may take courses in economics as part of an interdepartmental program of study in Latin American and Caribbean studies, environmental studies (geography), women’s and gender studies and Jewish studies. Listings in each area discuss recommended courses.

Internships

Students may receive one credit for internships in government agencies, private firms, and not-for-profit institutions. The position must provide opportunities for learning about some area of economics, accounting, or business. The course may be taken no more than twice. Credits may not be applied towards the economics or accounting major. Internships will be graded on a CR/NC basis. Note that it is the responsibility of the student, not the Department, to identify internship opportunities.

Honors
Students with a 3.5 GPA in a major offered by the department and an overall 2.8 GPA at the beginning of their upper senior semester may apply for departmental honors at that time. Completion of the following and submission of an honors paper are required. Honors papers are written under faculty supervision and must be approved by a second reader as well. GPA levels must be maintained for the award of departmental honors.

**ECO 49900 - Honors Project**

Jr/Sr only. Supervised individual research and directed reading. Honors essay.  
*prereq: For accounting majors: ECO 32100 and 37200; For economics majors: ECO 30000, 30100 and 32100. A 3.5 GPA required in the major offered by the department and permission of the chair 3 hrs 3 cr.*

**Economics - BA**

**Majors**

The Department of Economics offers two majors: the Economics - BA, requiring a minimum of 24 credits and the Accounting - BS, requiring a minimum of 30 credits of accounting and an additional 33 credits of professional studies. In addition, for motivated students, the department offers the opportunity to complete both the BA and MA degrees within 30 credits.

**Economics - Accelerated BA/MA**

**Grade Options**

The department strongly urges economics majors who plan to go on to graduate or professional school to choose letter grades rather than CR/NC.

**Major**

Students majoring in economics must take:

**A. Courses Preliminary to the Economics Major**

**ECO 20000 - Principles of Microeconomics**

GER 2/B  
May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications.  
*prereq: MATH 10100 or exemption from the course 3 hrs 3 cr.*

**ECO 20100 - Principles of Macroeconomics**

GER 2/B  
May be taken prior to or concurrently with ECO 20000. Economic growth; fluctuations in the aggregate economy; inflation; monetary and fiscal policy.
These courses must be completed with a grade of C, CR, or better to serve as prerequisites for courses credited to the major.

**Additional Information**

Although required, neither ECO 20000 nor ECO 20100 are counted as part of the 24 credits in the major. While it is preferable to start with ECO 20000, students may begin the study of economics with either ECO 20000 or ECO 20100. If they wish a one-semester survey before embarking on the principles courses, they may take ECO 10000, but this is not required. If taken, ECO 10000 cannot be substituted for either ECO 20000 or 20100 or credited toward the major.

**B. Core of the Economics Major**

**ECO 22100 - Economic Statistics**

GER 1/B  
Probability and statistics in the context of economics, business and public policy; data analysis, probability distributions, and hypothesis testing.  
*prereq: MATH 12500 or exemption from the course*  
3 hrs 3 cr.

**ECO 30000 - Intermediate Microeconomics**

GER 3/B  
Households and firms as maximizing agents; implications for equilibrium in perfectly and imperfectly competitive markets; general equilibrium; welfare.  
*prereq: ECO 20000, 20100, MATH 15000*  
3 hrs 3 cr.

**ECO 30100 - Intermediate Macroeconomics**

GER 3/B  
Growth, employment and prices in the short and long run; monetary and fiscal policy.  
*prereq: ECO 20000, 20100, MATH 15000*  
3 hrs 3 cr.

**ECO 32100 - 321 Introduction to Econometrics**

GER 3/B  
Linear and non-linear regression models in economics; statistical methods for estimation and inference.  
*prereq: ECO 22100, MATH 15000*  
3 hrs 3 cr.

**C. Allied Required Course**

**MATH 15000 - Calculus with Analytic Geometry I**
GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.
MATH 15000 and ECO 22100 must be completed with a grade of C, CR or better to be accepted for credit towards the major and to serve as prerequisites for other courses in the major.

Additional Information

Majors are advised to complete MATH 15000 and ECO 22100 within their first 75 credits of college work and ECO 30000 or ECO 30100 within their first 90 credits. For students already at or beyond these points when they become majors, such courses should be taken within the first 12 credits following declaration of the major. The department may waive the requirement of any of the above or other courses upon satisfactory proof of course equivalency. Courses waived through substitution or examination do not provide course credit nor do they count toward the major.

D. Elective courses

The remaining 12 credits needed to complete the 24-credit major shall be satisfied by other economics courses offered by the department. No courses in accounting or business law may be credited toward the economics major. No more than 3 credits may be at the 100-level (note: ECO 10000 cannot be counted.)

Minor in Economics

The economics minor consists of a minimum of 12 credits, including

**ECO 20000 - Principles of Microeconomics**

GER 2/B
May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications.
prereq: MATH 10100 or exemption from the course
3 hrs 3 cr.

**ECO 20100 - Principles of Macroeconomics**

GER 2/B
May be taken prior to or concurrently with ECO 20000. Economic growth; fluctuations in the aggregate economy; inflation; monetary and fiscal policy.
prereq: MATH 10100 or exemption from the course
3 hrs 3 cr.
and two other courses in economics. Accounting and business law courses do not count towards the economics minor.

Interdepartmental Fields

Students may take courses in economics as part of an interdepartmental program of study in Latin American and Caribbean studies, environmental studies (geography), women’s and gender studies and Jewish social studies. Listings in each area discuss recommended courses.
Internships

Students may receive one credit for internships in government agencies, private firms, and not-for-profit institutions. The position must provide opportunities for learning about some area of economics, accounting, or business. The course may be taken no more than twice. Credits may not be applied towards the economics or accounting major. Internships will be graded on a CR/NC basis. Note that it is the responsibility of the student, not the Department, to identify internship opportunities.

Honors

Students with a 3.5 GPA in a major offered by the department and an overall 2.8 GPA at the beginning of their upper senior semester may apply for departmental honors at that time. Completion of the following and submission of an honors paper are required. Honors papers are written under faculty supervision and must be approved by a second reader as well. GPA levels must be maintained for the award of departmental honors.

**ECO 49900 - Honors Project**

Jr/Sr only. Supervised individual research and directed reading. Honors essay.

*prereq: For accounting majors: ECO 32100 and 37200; For economics majors: ECO 30000, 30100 and 32100. A 3.5 GPA required in the major offered by the department and permission of the chair*

3 hrs 3 cr.

Public Policy

Economics majors may find both the minor and the Certificate Program in Public Policy of particular interest.

Undergraduate Major/Graduate Major

**Economics - Accelerated BA/MA**

The Department of Economics offers promising students the opportunity to complete both the BA and MA degrees within 120 credits, 30 of which must be at the graduate level.

Students who wish to declare the BA/MA major must have a 3.0 average in Economics and in the cumulative index

A minimum grade of B in the following, or their equivalents

**ECO 30000 - Intermediate Microeconomics**

GER 3/B
Households and firms as maximizing agents; implications for equilibrium in perfectly and imperfectly competitive markets; general equilibrium; welfare.
prereq: ECO 20000, 20100, MATH 15000
3 hrs 3 cr.

ECO 32100 - 321 Introduction to Econometrics
GER 3/B
Linear and non-linear regression models in economics; statistical methods for estimation and inference.
prereq: ECO 22100, MATH 15000
3 hrs 3 cr.

A minimum grade of C in the following, or their equivalents

MATH 15000 - Calculus with Analytic Geometry I
GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

Continuing in the program is contingent upon maintaining a 3.0 GPA in economics and the cumulative index and receiving

A minimum grade of B in

ECO 30100 - Intermediate Macroeconomics
GER 3/B
Growth, employment and prices in the short and long run; monetary and fiscal policy.
prereq: ECO 20000, 20100, MATH 15000
3 hrs 3 cr.

An average grade of B in

MATH 15000 - Calculus with Analytic Geometry I
GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

MATH 16000 - Matrix Algebra
GER 1/B
Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.
prereq: MATH 12500 or appropriate score on placement exam
3 hrs 3 cr.
All students in the BA/MA program must complete the following, or their equivalents, as well as the courses listed above

**MATH 15500 - Calculus with Analytic Geometry II**

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
*prereq: grade of C or better in MATH 15000*
4 hrs 4 cr.

**MATH 16000 - Matrix Algebra**

GER 1/B
Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.
*prereq: MATH 12500 or appropriate score on placement exam*
3 hrs 3 cr.

**Additional Information**

An undergraduate major in economics is normally required. Thomas Hunter Honors Program students may be admitted without declaring an undergraduate economics major, provided that the above courses are completed. To apply, see the graduate adviser.

**Honors**

Students with a 3.5 GPA in a major offered by the department and an overall 2.8 GPA at the beginning of their upper senior semester may apply for departmental honors at that time. Completion of the following and submission of an honors paper are required. Honors papers are written under faculty supervision and must be approved by a second reader as well. GPA levels must be maintained for the award of departmental honors.

Note: Students enrolled in the BA/MA program may substitute enrollment in ECO 798 and an MA thesis for ECO 49900 and the Honors paper.

**ECO 49900 - Honors Project**

**Undergraduate Minor**

**Minor in Accounting**
A minor in accounting is available. These courses may be used for CPLicensure in New York State, but represent only 15 of the 69 credits required.

The Minor will consist of 15 credits

with the following required courses:

**ECO 27100 - Accounting I**

Basic accounting concepts; preparation of financial statements. Emphasis on income determination and financial position.

*prereq: upper freshman standing*

3 hrs 3 cr.

**ECO 27200 - Accounting II**

Accounting concepts applied to partnerships and corporations; funds statements; financial statement analysis.

*prereq: ECO 27100*

3 hrs 3 cr.

and Three of the following courses for the Financial Accounting Track 1

**ECO 37100 - Intermediate Accounting I**

In-depth study of current concepts relating to accounting for assets and current liabilities.

*prereq: ECO 27200*

3 hrs 3 cr.

**ECO 37200 - Intermediate Accounting II**

Revenue recognition; accounting for equities, income taxes, pensions, leases, price level changes.

*prereq: ECO 37100*

3 hrs 3 cr.

**ECO 37400 - Managerial Accounting (Cost Accounting)**

Accumulation, analysis, presentation and use of cost data by management; budgets.

*prereq: ECO 37200 or perm chair*

3 hrs 3 cr.

**ECO 47100 - Advanced Accounting I**

ECO 28000 - Business Law I

Legal institutions; contract law and commercial paper law with focus on Uniform Commercial Code.
prereq: sophomore standing or perm chair
3 hrs 3 cr.

ECO 37300 - Federal Income Taxation

Principles of federal income taxation and the impact of taxes on individuals.
prereq or coreq: ECO 37200 or perm chair
3 hrs, 3 cr.

ECO 38000 - Business Law II

Legal aspects of business organizations; agency, partnership and corporate relationships.
prereq: ECO 28000
3 hrs 3 cr.

ECO 47300 - Business Taxes

Federal income taxation of partnerships and corporations; other special tax issues.
prereq: ECO 37300
3 hrs 3 cr.

ECO 48000 - Business Law III

Sales and financing devices under Uniform Commercial Code; property; trusts and estates; bankruptcy; other selected topics.
prereq: ECO 38000
3 hrs 3 cr.

Minor in Economics

The economics minor consists of a minimum of 12 credits, including ECO 20000 - Principles of Microeconomics, ECO 20100 - Principles of Macroeconomics and two other courses in economics. Accounting and business law courses do not count towards the economics minor.

Economics: Introductory Course

ECO 10000 - Introduction to Economics
Introduction to economic principles, issues, and policy. Recommended for students who want a broad, one-semester overview. 
Not open to students who have taken or are currently enrolled in ECO 20000 or 20100 or their equivalents. Cannot be credited towards the Economics major.
3 hrs 3 cr.

**Economics: 200-Level Core Courses**

**ECO 20000 - Principles of Microeconomics**

GER 2/B
May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications.
_prereq: MATH 10100 or exemption from the course
3 hrs 3 cr.

**ECO 20100 - Principles of Macroeconomics**

GER 2/B
May be taken prior to or concurrently with ECO 20000. Economic growth; fluctuations in the aggregate economy; inflation; monetary and fiscal policy.
_prereq: MATH 10100 or exemption from the course
3 hrs 3 cr.

**ECO 22000 - Techniques of Economic Analysis**

GER 3/B
Mathematical techniques applied to economic models.
_prereq: ECO 20000; MATH 12500 or exemption from the course
3 hrs 3 cr.

**ECO 22100 - Economic Statistics**

GER 1/B
Probability and statistics in the context of economics, business and public policy; data analysis, probability distributions, and hypothesis testing.
_prereq: MATH 12500 or exemption from the course
3 hrs 3 cr.

**Economics: 200-Level Elective Courses**

**ECO 21000 - Money and Banking**
GER 3/B
Monetary and banking principles and practice; current issues; theory and policy.  
prereq: ECO 20000, 20100  
3 hrs 3 cr.

ECO 26000 - Business Organization and Management

GER 3/B
The economic theory of the firm, including the formal analysis of incentives and contracts. Particular focus on how the internal organization of the firm can mitigate the negative effects of conflicts of interest between different stakeholders in the firm.  
prereq: ECO 20000  
3 hrs 3 cr.

ECO 29500 - Selected Topics in Economics

GER 3/B
Special topics and issues of research and policy interest. Topics vary each semester. May be repeated for a total of 6 credits.  
prereq: ECO 20000 or 20100  
3 hrs 3 cr.

Economics: 300 and 400 Level Advanced and Elective Courses

ECO 30000 - Intermediate Microeconomics

GER 3/B
Households and firms as maximizing agents; implications for equilibrium in perfectly and imperfectly competitive markets; general equilibrium; welfare.  
prereq: ECO 20000, 20100, MATH 15000  
3 hrs 3 cr.

ECO 30100 - Intermediate Macroeconomics

GER 3/B
Growth, employment and prices in the short and long run; monetary and fiscal policy.  
prereq: ECO 20000, 20100, MATH 15000  
3 hrs 3 cr.

ECO 31000 - Financial Institutions

GER 3/B
Operation, administration and regulation of U.S. banking, investment and credit institutions.  
prereq: ECO 21000  
3 hrs 3 cr.

ECO 31500 - Public Finance
GER 3/B
Theory and application of fiscal policy; federal budgeting; state and local finance.
prereq: ECO 20000
3 hrs 3 cr.

ECO 32100 - 321 Introduction to Econometrics

GER 3/B
Linear and non-linear regression models in economics; statistical methods for estimation and inference.
prereq: ECO 22100, MATH 15000
3 hrs 3 cr.

ECO 33000 - Economic Development

GER 3/B PD/A
Critical variables explaining the diversity of growth and economic and development outcomes across developing countries. Theories, case studies, measurement and policies.
prereq: ECO 20000
3 hrs 3 cr.

ECO 34000 - International Trade

GER 3/B
Theories of international trade and international trade policies.
prereq: ECO 20000
3 hrs 3 cr.

ECO 34100 - International Finance

GER 3/B
Theories of exchange-rate determination and open-economy macroeconomic theory and policy.
prereq: ECO 20100
3 hrs 3 cr.

ECO 34500 - Women and Men in the Labor Market

GER 3/B PD/C
Demand for labor, determination of wages and allocation of time between paid and unpaid activities, “human capital” investments, labor market policy issues.
cross-listed WGSL 34500
prereq: ECO 20000
3 hrs 3 cr.

ECO 35000 - Comparative Economic Systems

GER 3/B PD/ C or D
Comparative analysis of market and planned economies in theory and practice. Process and problems of transitions between planned and market economies.
prereq: ECO 20000, 20100
3 hrs 3 cr.
ECO 35500 - Industrial Organization

GER 3/B
Behavior of firms in imperfectly competitive markets. Topics include the acquisition and use of market power, strategic interactions among firms, and the role of government policy.
prereq: ECO 20000
3 hrs 3 cr.

ECO 35600 - Business and Public Policy

GER 3/B
Analysis of the intersection between business and government in market economies. Topics may include protection of intellectual property, economic regulation, health and safety regulation, antitrust, and the behavior of private firms in the political and social realms.
prereq: ECO 20000
3 hrs 3 cr.

ECO 36000 - Managerial Economics

GER 3/B
Theory of the firm, risk and uncertainty; forecasting, capital allocation, analysis of costs and returns, pricing.
prereq: ECO 20000
3 hrs 3 cr.

ECO 36500 - Corporate Finance

GER 3/B
Analysis of corporate investment and financing decisions.
prereq: ECO 20000 and ECO 22100 or STAT 21300
3 hrs 3 cr.

ECO 36600 - Security and Investment Analysis

GER 3/B
Operation of the stock market; security analysis and evaluation; economic variables influencing security values.
prereq: ECO 36500
3 hrs 3 cr.

ECO 37000 - Law and Economics

GER 3/B
Analytical tools of microeconomics are used to examine various aspects of the law, including property, contracts, torts, liability, and criminal and family law.
prereq: ECO 20000
3 hrs 3 cr.

ECO 39000 - Independent Study in Economics

GER 3/B
Open to economics majors and minors. Individual readings, tutorials, research. Written report. May be repeated for
total of 6 cr. Not open to accounting majors.

prereq: perm chair and faculty sponsor
3 hrs 3 cr.

ECO 39500 - Selected Topics in Economics

GER 3/B
Jr/Sr majors only. Special readings, research and seminar discussions on selected topics announced each semester. May be repeated for a total of 6 cr.
3 hrs 3 cr.

ECO 42600 - Computer Applications in Economics

Acquisition of computer skills and their application to empirical economic analysis.
prereq: ECO 22100 and declaration of economics major
3 hrs 3 cr.

ECO 49500 - Selected Topics in Economics

Jr/Sr majors only. Special readings, research papers and seminar discussions on selected advanced topics announced each semester. May be repeated for total of 6 cr.
prereq: ECO 30000 or 30100
3 hrs 3 cr.

ECO 49600 - Honors Seminar in Economics

Jr/Sr majors only. Special readings, research and seminar discussions on selected topics announced each semester. May be repeated for total of 6 cr.
prereq: 3.5 GPA in economics, perm chair
3 hrs 3 cr.

ECO 49800 - Internship in Economics of Accounting

Opportunities for working in positions of responsibility in professional institutions (including government agencies, private firms and not-for-profit institutions) for academic credit. The position must provide opportunities for learning about some area of economics, accounting, business or related public policy. Credits may not be used towards the requirements for the economics or accounting major. CR/NC grading is mandatory.
prereq: Open only to qualified economics or accounting majors, upper Junior/Senior only. Enrollment is subject to approval of department adviser. Course may be taken no more than twice.
1 hr 1 cr.

ECO 49900 - Honors Project

Jr/Sr only. Supervised individual research and directed reading. Honors essay.
prereq: For accounting majors: ECO 32100 and 37200; For economics majors: ECO 30000, 30100 and 32100. A 3.5 GPA required in the major offered by the department and permission of the chair
3 hrs 3 cr.

Economics: Accounting and Business Law
ECO 27100 - Accounting I

Basic accounting concepts; preparation of financial statements. Emphasis on income determination and financial position.
*prereq: upper freshman standing
3 hrs 3 cr.

ECO 27200 - Accounting II

Accounting concepts applied to partnerships and corporations; funds statements; financial statement analysis.
*prereq: ECO 27100
3 hrs 3 cr.

ECO 28000 - Business Law I

Legal institutions; contract law and commercial paper law with focus on Uniform Commercial Code.
*prereq: sophomore standing or perm chair
3 hrs 3 cr.

ECO 37100 - Intermediate Accounting I

In-depth study of current concepts relating to accounting for assets and current liabilities.
*prereq: ECO 27200
3 hrs 3 cr.

ECO 37200 - Intermediate Accounting II

Revenue recognition; accounting for equities, income taxes, pensions, leases, price level changes.
*prereq: ECO 37100
3 hrs 3 cr.

ECO 37300 - Federal Income Taxation

Principles of federal income taxation and the impact of taxes on individuals.
*prereq or coreq: ECO 37200 or perm chair
3 hrs, 3 cr.

ECO 37400 - Managerial Accounting (Cost Accounting)

Accumulation, analysis, presentation and use of cost data by management; budgets.
*prereq: ECO 37200 or perm chair
3 hrs 3 cr.

ECO 38000 - Business Law II
Legal aspects of business organizations; agency, partnership and corporate relationships.

prereq: ECO 28000
3 hrs 3 cr.

ECO 47100 - Advanced Accounting I

prereq: ECO 37200
3 hrs 3 cr.

ECO 47200 - Advanced Accounting II

Accounting theory and practice focused on partnerships, joint ventures, multinationals, government and public sector entities; not-for-profit accounting; interim and segment reporting; SEC problems, fiduciary accounting, bankruptcy.

prereq: ECO 37200
3 hrs 3 cr.

ECO 47300 - Business Taxes

Federal income taxation of partnerships and corporations; other special tax issues.

prereq: ECO 37300
3 hrs 3 cr.

ECO 47500 - Auditing

Auditing theory and practices; ethics of accounting profession; procedures for auditing financial statements.

prereq: ECO 47100
4 hrs 4 cr.

ECO 47600 - Computer Accounting Systems

prereq: ECO 37200 and declaration as an accounting major
3 hrs 3 cr.

ECO 48000 - Business Law III

Sales and financing devices under Uniform Commercial Code; property; trusts and estates; bankruptcy; other selected topics.

prereq: ECO 38000
3 hrs 3 cr.

ECO 49000 - Accounting & Auditing Research

Acquisition of research, analytical and communication skills. Provides coverage of fundamental knowledge and skills to conduct research as well as their application through announced readings, cases and research discussions on selected topics. Requires extensive Internet and library research including the use of FASB codification database.
Economics: Courses Less Frequently Offered

ECO 30500 - Development of Economic Thought
GER 3/B

ECO 33100 - Economic History
GER 3/B

ECO 33600 - Regional Economics
GER 3/B

ECO 34600 - The Labor Movement
GER 3/B

ECO 35200 - Economics of the Caribbean
GER 3/B

ECO 36700 - Analysis of Financial Statements
GER 3/B

ECO 42100 - Econometrics

Programs and Courses in Education

School of Education

About the School of Education

All students who take the education sequence at Hunter must major in a liberal arts or sciences subject. In other words, students who take any program in education do so in addition to fulfilling both the general education requirement and the requirements for a liberal arts or sciences major.
A student who completes an undergraduate education program approved by the New York State Education Department fulfills the academic requirements for New York State Initial Certification. (See section below on New York State certification for more information.)

The Office of Educational Services - Room 1000 West

This office provides support services to students enrolled in classes offered by the three teacher education departments of the School of Education. The areas of services provided include: coordination of admissions, advisement and registration; teacher certification; and various other student services such as permits, course equivalencies and leaves of absence. The Office of Educational Services maintains regular office hours, staying open until 6 PM Monday through Thursday and to 4 PM on Fridays to provide advisement for working and evening session students. Student teaching and field placement applications and information are available on the School of Education website http://www.hunter.cuny.edu/education.

New York State Certification

The undergraduate sequences in education described below have been approved by the New York State Education Department to lead to initial certification for teaching in New York State. To earn this certificate the student must successfully complete the approved program of study, obtain the BA or BA/MA degree, submit fingerprints for clearance and pass the required New York State Teacher Certification Examinations (NYSTCE) including the LAST, ATS-W and CST. The Office of Educational Services recommends the certification applications of students who complete an approved program for certification. The initial certificate permits the holder to teach for five years. At the end of that time with three years of full-time teaching in the certificate title and a master's degree, the individual will be able to obtain professional certification. New York State certification is reciprocally accepted by many other states upon application. Students with questions about certification should consult the School of Education website http://www.hunter.cuny.edu/education.

Admission to Teacher Education Programs

Students must apply for admission to the School of Education. Applicants for adolescent education programs must demonstrate satisfactory performance in courses in the major. Undergraduate teacher education programs require a minimum cumulative GPA of 2.8. Students are advised to submit their completed application for admission in April for the fall semester and November for the spring semester. Applicants must attach a student copy of transcripts of previous college study to their application. Applicants must demonstrate satisfactory performance in a group interview and an on-site writing sample. No courses with credit/noncredit grades are accepted.

Nondegree and Second-Degree Students

The School of Education does not accept nondegree or second-degree students.

Hunter College Campus Schools

The Campus Schools are located at Park Avenue and 94th Street in Manhattan. They serve as a laboratory for observation, demonstration, research, curriculum design and other projects involving their students, all of whom score in the range of the gifted on intelligence and achievement tests. Students are admitted to the publicly supported schools on the basis of competitive testing. Efforts continue to identify gifted children from diverse backgrounds who meet the schools’ rigorous standards for admission to kindergarten and grade 7 (the two levels at which students are admitted).
Hunter College Elementary School

Children must be five years of age to attend the kindergarten. Only Manhattan residents are eligible to apply. The age of an applicant is calculated according to the academic year. While some students continue on to the high school from the elementary school, high-achieving students from the five boroughs are invited to take a competitive examination in order to enter Hunter High School at the 7th grade.

Hunter College High School

The Hunter College High School is a six-year junior-senior high school. The academic program stresses both acceleration and enrichment and provides students with a rigorous education. Research focuses on the development of curriculum, teaching strategies and other educational practices that maintain and advance a “state of the art” approach to the education of intellectually gifted students.

Manhattan/Hunter College Science High School

The Manhattan/Hunter Science High School, located on Amsterdam Avenue at 66th Street, provides instruction for grades 9 through 12. This science high school is grounded in the belief that individuals are better prepared to face life’s challenges when given the proper tools. Science offers the lens through which we may see, explore and meet the future. The New York City Department of Education and Hunter College have joined to create a school that provides an enriched, comprehensive college preparatory curriculum with a focus on science and the integration of science and the scientific method into all subject areas.

Adolescent Biology, Grades 7-12 - BA

The BA and BA/MA programs in Adolescent Biology lead to initial certification as a teacher. These programs include fieldwork in New York City Public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major.

Adolescent education is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in adolescent education.

Admission Information

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves an online application, a writing sample and an interview.

Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 2.8 or better.

3. Receive a grade of B or better in ENGL 12000.

4. Have no more than 6 cr. of CR/NC grades.

5. Formal declaration of a major in biology.

6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Science Major Requirements

37 credits in Biology plus 33.5-36.5 credits in required additional science and math courses (total 70.5 to 73.5 credits).
(see Biological Sciences Major I for details of course requirements)

Required Liberal Arts & Sciences General Core

Other State Certification Requirements

- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
- Fingerprints must be cleared prior to student teaching.

Course of Study

**SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)**

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool-community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.

3 hrs 3 cr.

**SEDF 20400 - Adolescent Development**

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20500 - Educational Psychology: Applications in Grades 7-12**

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

_prereq: SEDF 20300, 20400_  
2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12**
The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

*prereq: SEDF 20500, SEDC 21000
2 per week plus lab 2 cr.*

**SEDC 21000 - Building the Foundations of Literacy in Grades 7-12**

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.

*3 hrs 3 cr.*

**SEDC 21300 - Methods I: Classroom Organization, Management and Instruction in Mathematics and Science, Grades 7-12**

Candidates will identify the impact of various classroom organization patterns, rules and routines. Candidates will be able to design, implement and evaluate lessons in the context of state and city standards for learning in grades 7-12.

*prereq or coreq: SEDF 20300, 20400
3 hrs 3 cr.*

**SEDC 22000 - Adolescent Health and Safety**

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

*prereq: SEDF 20300, 20400
1 hr 1 cr.*

**SEDC 32400 - Methods II: Teaching Diverse Learners Science, Grades 7-12**

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in science. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

*prereq: SEDC 21300 *prereq or coreq: SEDF 20500, SEDC 21000
2 hrs per week plus 36 hrs fieldwork 2 cr.*

**SEDC 45410 - Student Teaching in Biology, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified biology teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

*prereq: SEDC 32400
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.*

**SPED 30800 - Teaching Students with Special Needs in Inclusive Settings**
Technology assessments are required of all students.

**Adolescent Biology, Grades 7-12 - BA/MA**

The BA and BA/MA programs in Adolescent Biology lead to initial certification as a teacher. These programs include fieldwork in New York City Public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major.

Adolescent education is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in adolescent education.

**Admission Information**

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves an online application, a writing sample and an interview.

Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

**Admission Requirements**

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 2.8 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in biology.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

**Liberal Arts and Science Major Requirements**

Complete the full major in biology replacing 10 credits of elective courses that they take towards the BA with graduate courses. Complete the extra 19 credits of graduate biology courses for a total of 29 graduate biology credits.

**Required Liberal Arts & Sciences General Core**

**Additional courses required for BA/MA students:**

- 6 credits of English courses
- 6 credits of social studies (at least one course in U.S. history or U.S. geography)
- 3 credits in the arts
- 6 credits of language other than English (English (or exemption on basis of equivalency)
- a college course in calculus
Other State Certification Requirements

- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
- Fingerprints must be cleared prior to student teaching.

SEDF 20500 - Educational Psychology: Applications in Grades 7-12

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.
pre: SEDF 20300, 20400
2 hrs per week plus 36 hrs fieldwork 2 cr.

SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.
pre: SEDF 20500, SEDC 21000
2 per week plus lab 2 cr.

SEDC 21000 - Building the Foundations of Literacy in Grades 7-12

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.
3 hrs 3 cr.

SEDC 21300 - Methods I: Classroom Organization, Management and Instruction in Mathematics and Science, Grades 7-12

Candidates will identify the impact of various classroom organization patterns, rules and routines. Candidates will be able to design, implement and evaluate lessons in the context of state and city standards for learning in grades 7-12.
pre: SEDF 20300, 20400
3 hrs 3 cr.

SEDC 22000 - Adolescent Health and Safety

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.
pre: SEDF 20300, 20400
1 hr 1 cr.

SEDC 32400 - Methods II: Teaching Diverse Learners Science, Grades 7-12

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in science. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.
pre: SEDC 21300 pre: SEDF 20500, SEDC 21000
2 hrs per week plus 36 hrs fieldwork 2 cr.

SEDC 45420 - Student Teaching in Chemistry, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified chemistry teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

*prereq:* SEDC 32400
*prereq or coreq:* SEDF 20600
*2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.*

**SPED 30800 - Teaching Students with Special Needs in Inclusive Settings**

3

**Adolescent Chemistry, Grades 7-12 - BA/MA**

The BA and BA/MA program in Adolescent Chemistry lead to initial certification as a teacher. These programs include fieldwork in New York City Public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major.

Adolescent education is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in adolescent education.

**Admission Information**

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves an online application, a writing sample and an interview.

Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

**Admission Requirements**

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 2.8 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in chemistry.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

**Liberal Arts and Science Major Requirements**

Minimum of 138 credits to include the chemistry major (minimum of 26 credits) and associated auxiliary courses (41.5 credits) at the undergraduate level; 14 graduate credits in chemistry.
Required Liberal Arts & Sciences General Core

Additional courses required for BA/MA students:

- 6 credits of English courses
- 6 credits of social studies (at least one course in U.S. history or U.S. geography)
- 3 credits in the arts
- 6 credits of language other than English (English (or exemption on basis of equivalency)
- 6 credits in math or technology (or a college course in calculus)

Other State Certification Requirements

- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills- Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
- Fingerprints must be cleared prior to student teaching.

Course of Study

Adolescent Earth Science, Grades 7-12 - BA/MA
The BA/MA program in Adolescent Earth Science leads to initial certification as a teacher. This program includes fieldwork in New York City Public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major.

Adolescent education is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in adolescent education.

Admission Information

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves an online application, a writing sample and an interview.

Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 2.8 or better.
3. Receive a grade of B or better in ENGL 120.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in earth science.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Science Major Requirements

Minimum of 134 credits to include the Environmental Earth Science Concentration major (minimum of 39 credits) and associated auxiliary courses (15.5 credits) at the undergraduate level; 16 graduate credits in earth science.

Required Liberal Arts & Sciences General Core

The courses listed below are required for BA/MA Adolescent Earth science students. Some of these courses may be used towards the GER:

- 6 credits of English courses
- 6 credits of social studies (at least one course in U.S. history or U.S. geography)
- 3 credits in the arts
- 6 credits of language other than English (English (or exemption on basis of equivalency)
- 6 credits in math or technology (a college course in calculus meets this requirement)

Other State Certification Requirements

- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
- Fingerprints must be cleared prior to student teaching.

Adolescent Education Programs, Grades 7-12 and Dance Education, Grades Pre K-12

List of Programs

- Adolescent Biology, Grades 7-12 - BA
- Adolescent Biology, Grades 7-12 - BA/MA
- Adolescent Chemistry, Grades 7-12 - BA
- Adolescent Chemistry, Grades 7-12 - BA/MA
- Adolescent Earth Science, Grades 7-12 - BA/MA
- Adolescent English, Grades 7-12 - BA
- Adolescent Mathematics, Grades 7-12 - BA
- Adolescent Mathematics, Grades 7-12 - BA/MA
- Adolescent Physics, Grades 7-12 - BA
- Adolescent Physics, Grades 7-12 - BA/MA
- Adolescent Social Studies, Grades 7-12 - BA
- Dance Pre-K - 12 - BA
Progress Standards

1. Students must maintain a minimum overall GPA of 2.8 and an education sequence index of 2.8.

2. Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.

3. Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.

4. Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.

5. Any student who has more than two grades of IN will be permitted to register for only one course the following semester. Students will be permitted to register for the second methods course in their subject area only after having met the following requirements:

   1. Completion of 18 credits of study in the major subject area;

   2. Approval of the major department adviser; and

   3. Maintenance of an overall GPA of 2.8 and an education sequence index of 2.8.

   Students should register to take the Liberal Arts and Sciences Test (LAST) of the New York State Teacher Certification Examinations during their junior year. Students will not be allowed to enroll in student teaching until their scores on the LAST have been received by the School of Education. Students who do not pass the LAST at least partly because of low scores on subtest 4 and/or 5 must enroll in a college writing course before being allowed to register for any additional courses.

Admission Process

1. Students interested in applying to the Adolescent Education program should apply at the beginning of the semester prior to the semester in which they plan to enroll.

2. Students must participate in a group interview with several other students and School of Education faculty members.

3. Students must complete an on-site writing sample that the School of Education faculty will use to assess written English skills.

Admission Requirements

Students who wish to enter the adolescent education sequence must meet all the criteria given below.

1. Minimum of 65 credits but no more than 90 credits;

2. GPA of at least 2.8. If a student has more than 6 credits of CR/NR grades, the excess of these grades will be calculated as C or F in determining whether the student meets the minimum GPA;
3. A grade of at least B in ENGL 12000 (or a 200- or 300-level writing course such as ENGL 201);

4. Formal declaration of a major in a subject area appropriate for certification: English, Languages Other than English (Chinese, French, German, Hebrew, Italian, Russian, Spanish), Mathematics, Biology, Chemistry, Physics, Social Studies (Geography Option 2), Dance; and

5. Submission of an application for admission to the sequence (the application is available in the Office of Educational Services, Room 1000 Hunter West).

**Program Overview**

Students who major in an academic subject may also wish to complete a sequence of courses in education that will enable them to pursue a career teaching students in grades 7-12. The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools.

Programs in adolescent education at Hunter College prepare prospective teachers to serve as highly effective educators in urban middle and high schools. Through rigorous course work, fieldwork and student teaching experiences in New York City schools, students learn how to provide an academically rigorous education to students of diverse backgrounds, abilities and interests.

**Content Knowledge**

Courses in the academic discipline offered by the School of Arts & Sciences will deepen teacher candidates' subject knowledge. They will learn how to use knowledge of their subject to design and implement classroom instruction that reflects State and professional standards.

**Professional Knowledge**

Teacher candidates will learn the theory and practice of effective pedagogy in their subject area. They will gain a grounding in the history, philosophy, psychology and sociology of education that will inform their teaching. They will study research-based theories and methods of teaching their subject to students with special needs, including special education students and English language learners.

**Skills**

Teacher candidates will learn to design lessons and units of work for students and to adapt their instruction to students’ prior knowledge and level of skill. They will gain expertise in analyzing and using assessments of student achievement to guide and inform their instruction. They will master the use of technology as a tool for teaching their subject. They will learn to manage their classrooms to provide effective instruction for all students. They will practice ways to assess and reflect on their teaching practice in order to strengthen their work with students and grow as professionals.

**Creating Community**

Teacher candidates will learn to create humane and ethical learning communities in their classrooms and schools in which all students receive the support they need to achieve academically. They will learn to communicate effectively with parents, families, community members and other members of the school faculty and staff in order to provide this support.
Programs

The Hunter College School of Education offers the following undergraduate programs leading to initial certification in adolescent education (grades 7-12): biology, chemistry, Chinese, English, French, German, Hebrew, Italian, mathematics, physics, Russian, social studies and Spanish. Hunter also offers an undergraduate program leading to initial certification in dance (pre-K-12). In addition, BA/MA programs in biology, chemistry, earth science, mathematics, music and physics are offered. These programs lead to initial and professional certification.

The program of study for the baccalaureate degree at Hunter College requires a minimum of 120 credits. This is a daytime program that includes fieldwork in New York City public schools designated by the Hunter College School of Education. Students who wish to pursue initial certification in one of the above areas must take a specified sequence of education courses, in addition to fulfilling the college’s General Education Requirement (GER) and the requirements of their liberal arts or sciences major. All relevant departments accept the adolescent education sequence as a minor.

Transfer Students

The program will conditionally admit transfer students with 60 or more credits who have a GPA of at least 3.3 without requiring that they complete 12 credits at Hunter College. However, they must establish a minimum GPA of 2.8 at Hunter College to continue in the program after the first semester. Any transfer student who has a GPA of 2.8-3.29 must complete 12 credits at Hunter College with a cumulative GPA of at least 2.8 before being admitted to the program in adolescent education.

Adolescent English, Grades 7-12 - BA

The BA program in Adolescent English leads to initial certification as a teacher. This program includes fieldwork in New York City Public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major.

Adolescent education is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in adolescent education.

Admission Information

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves an online application, a writing sample and an interview.

Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 2.8 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in English.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Science Major Requirements

BA Concentration in English: Preparation for Secondary School Teaching (30 cr) : 30 credits in English including:

- 18 credits in literature courses
- 6 credits in writing courses
- 3 credits in language courses
- 3 credits in elective

Required Liberal Arts & Sciences General Core

The courses listed below are required for BA Adolescent English students. Some of these courses may be used towards the GER:

- English ENGL 12000 and ENGL 22000
- Two courses selected from: HIST 15100/HIST 15200/GEOG 10100
- STAT 11300
- 9 credits in math, science or technology with at least one science course with a lab component
- 6 credits in the arts
- One course that focuses on communication (see program adviser for acceptable courses)
- 12 credits of study in a language other than English (or exemption on basis of equivalency)

Other State Certification Requirements

- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
- Fingerprints must be cleared prior to student teaching.

Course of Study

SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool-community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.

3 hrs 3 cr.

SEDF 20400 - Adolescent Development

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork 2 cr.
SEDVF 20500 - Educational Psychology: Applications in Grades 7-12

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

prereq: SEDF 20300, 20400

2 hrs per week plus 36 hrs fieldwork 2 cr.

SEDVF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

prereq: SEDF 20500, SEDC 21000

2 per week plus lab 2 cr.

SEDVF 21000 - Building the Foundations of Literacy in Grades 7-12

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.

3 hrs 3 cr.

SEDVF 21100 - Young Adult Literature in Our Diverse Society

Familiarizes prospective teachers with a wide variety of literature for or about young adults. Books discussed and dramatized during each session reflect diverse cultures, varying learning styles, and special needs of young adults. The English language arts standards are addressed as delineated in city and state regulations. Literacy and comprehension skills are explored as well.

prereq or coreq: SEDF 20300, 20400

3 hrs 3 cr.

SEDVF 22000 - Adolescent Health and Safety

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

prereq: SEDF 20300, 20400

1 hr 1 cr.

SEDVF 32100 - Teaching English Methods to a Diverse Population in Grades 7-12

Methodology that facilitates the learning of English language arts for a diverse population in secondary schools. Teacher candidates will engage in ways of teaching adolescents the skills of reading, responding to literature, writing (creative and expository), listening, speaking, and applying grammar conventions. They will write lesson and unit plans and experiment with classroom management and assessment techniques as they present lessons to the class for peer and instructor criticisms. State and city teaching standards will be applied throughout the course.

prereq: SEDF 21100

prereq or coreq: SEDF 20500, SEDC 21000

2 hrs per week plus 36 hrs fieldwork 2 cr.
SED C 45100 - Student Teaching in English, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified English teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32100 prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SPED 30800 - Teaching Students with Special Needs in Inclusive Settings

Technology assessments are required of all students.

Adolescent Mathematics, Grades 7-12 - BA

The BA and BA/MA programs in Adolescent Mathematics lead to initial certification as a teacher. These programs include fieldwork in New York City Public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major.

Adolescent education is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in adolescent education.

Admission Information

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves an online application, a writing sample and an interview.

Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 2.8 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in mathematics.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Science Major Requirements

33-credit major in mathematics Mathematics - BA plus one year of calculus (MATH 15000 and MATH 15500, or the equivalent).

Required Liberal Arts & Sciences General Core
Additional courses required for BA and BA/MA students. Some of these courses may be used towards the GER:

- ENGL 12000 and ENGL 22000
- Two courses selected from: HIST 15100/HIST 15200/GEOG 10100
- STAT 11300
- One science course with a lab component
- 6 credits in the arts
- 12 credits of study in a language other than English (or exemption on basis of equivalency)
- One course that focuses on communication

Other State Certification Requirements

- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
- Fingerprints must be cleared prior to student teaching.

Course of Study

**SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)**

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool- community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.

3 hrs 3 cr.

**SEDF 20400 - Adolescent Development**

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20500 - Educational Psychology: Applications in Grades 7-12**

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

Prereq: SEDF 20300, 20400

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12**

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

Prereq: SEDF 20500, SEDC 21000

2 per week plus lab 2 cr.

**SEDC 21000 - Building the Foundations of Literacy in Grades 7-12**
Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards. 

3 hrs 3 cr.

**SEDC 22000 - Adolescent Health and Safety**

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

*prereq: SEDF 20300, 20400*

1 hr 1 cr.

**SEDC 21300 - Methods I: Classroom Organization, Management and Instruction in Mathematics and Science, Grades 7-12**

Candidates will identify the impact of various classroom organization patterns, rules and routines. Candidates will be able to design, implement and evaluate lessons in the context of state and city standards for learning in grades 7-12.

*prereq or coreq: SEDF 20300, 20400*

3 hrs 3 cr.

**SEDC 32300 - Methods II: Teaching Diverse Learners in Mathematics, Grades 7-12**

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in mathematics. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

*prereq: SEDC 21300 prereq or coreq: SEDF 20500, SEDC 21000*

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDC 45300 - Student Teaching in Mathematics, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10- 12 under the supervision of a Hunter College faculty member and a certified math teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

*prereq: SEDC 32300 prereq or coreq: SEDF 20600*

2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

**SPED 30800 - Teaching Students with Special Needs in Inclusive Settings**

3 Technology assessments are required of all students.

**Adolescent Mathematics, Grades 7-12 - BA/MA**

The BA and BA/MA programs in Adolescent Mathematics lead to initial certification as a teacher. These programs include fieldwork in New York City Public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major.
Adolescent education is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in adolescent education.

Admission Information

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves an online application, a writing sample and an interview.

Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 2.8 or better.
3. Receive a grade of B or better in ENGL 120.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in mathematics.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying.
   However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Science Major Requirements

50-credits in mathematics including MATH 150, 155, 250, 260, 311, 620, 623 or 634, 630, 661, STAT 213 and 614, plus 12 additional credits at the 200 level or above.

Required Liberal Arts & Sciences General Core

Additional courses required for BA and BA/MA students. Some of these courses may be used towards the GER:

- English 120 and 220
- Two courses selected from: HIST 151/HIST 152/GEOG 101
- STAT 113
- One science course with a lab component
- 6 credits in the arts
- 12 credits of study in a language other than English (or exemption on basis of equivalency)

Other State Certification Requirements

- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
- Fingerprints must be cleared prior to student teaching.

Course of Study
**SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)**

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool-community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.

3 hrs 3 cr.

**SEDF 20400 - Adolescent Development**

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20500 - Educational Psychology: Applications in Grades 7-12**

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

prereq: SEDF 20300, 20400

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12**

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

prereq: SEDF 20500, SEDC 21000

2 hrs per week plus lab 2 cr.

**SEDC 21000 - Building the Foundations of Literacy in Grades 7-12**

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.

3 hrs 3 cr.

**SEDC 22000 - Adolescent Health and Safety**

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

prereq: SEDF 20300, 20400

1 hr 1 cr.

Additional Education Courses for BA/MA in Adolescent Mathematics. For course descriptions please see the graduate catalog.

- SEDC 713 Methods I: Advanced Study of Secondary Learning Environments for Teaching Mathematics and Science
- SEDC 723 Methods II: Intensive Study of Teaching Diverse Learners in Mathematics, Grades 7-12
• SEDC 753  Student Teaching in Grades 7-12: Mathematics

• SPED 708* Teaching Students with Special Needs in Inclusive Settings

*SPED 708 - required for students matriculated on or after fall 2011.

All undergraduates majoring or minoring in education must pass the School of Education technology competency assessment before graduation.

**Adolescent Physics, Grades 7-12 - BA**

The BA and BA/MA programs in Adolescent Physics lead to initial certification as a teacher. These programs include fieldwork in New York City Public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major.

Adolescent education is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in adolescent education.

**Admission Information**

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves an online application, a writing sample and an interview.

Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

**Admission Requirements**

- Minimum of at least 65 credits but no more than 90 credits.
- A Hunter College Grade Point Average (GPA) of 2.8 or better.
- Receive a grade of B or better in ENGL 12000.
- Have no more than 6 cr. of CR/NC grades.
- Formal declaration of a major in physics.
- Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

**Liberal Arts and Science Major Requirements**

30-credit major in physics. (see Physics Option 1)

**Required Liberal Arts & Sciences General Core**

**Other State Certification Requirements**

- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
• Fingerprints must be cleared prior to student teaching.

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

prereq: SEDF 20500, SEDC 21000

2 per week plus lab 2 cr.

**SEDC 21000 - Building the Foundations of Literacy in Grades 7-12**

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.

3 hrs 3 cr.

**SEDC 21300 - Methods I: Classroom Organization, Management and Instruction in Mathematics and Science, Grades 7-12**

Candidates will identify the impact of various classroom organization patterns, rules and routines. Candidates will be able to design, implement and evaluate lessons in the context of state and city standards for learning in grades 7-12.

prereq or coreq: SEDF 20300, 20400

3 hrs 3 cr.

**SEDC 22000 - Adolescent Health and Safety**
Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

prereq: SEDF 20300, 20400
1 hr 1 cr.

SEDC 32400 - Methods II: Teaching Diverse Learners Science, Grades 7-12

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in science. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

prereq: SEDC 21300 prereq or coreq: SEDF 20500, SEDC 21000
2 hrs per week plus 36 hrs fieldwork 2 cr.

SEDC 45430 - Student Teaching in Physics, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified physics teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32400
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SPED 30800 - Teaching Students with Special Needs in Inclusive Settings

3

Technology assessments are required of all students.

Adolescent Physics, Grades 7-12 - BA/MA

The BA and BA/MA programs in Adolescent Physics lead to initial certification as a teacher. These programs include fieldwork in New York City Public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major.

Adolescent education is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in adolescent education.

• Receive a grade of B or better in ENGL 12000.
• Have no more than 6 cr. of CR/NC grades.
• Formal declaration of a major in physics.
• Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Science Major Requirements

Minimum of 130.5 credits to include physics major (minimum of 37 credits) and 16 graduate credits in physics.

Required Liberal Arts & Sciences General Core

Additional courses required for BA/MA students:

• 6 credits of English courses
• 6 credits of social studies (at least one course in U.S. history or U.S. geography)
• 3 credits in the arts
• 6 credits of language other than English (English (or exemption on basis of equivalency)
• 6 credits in math or technology (a college course in calculus meets this requirement)

Other State Certification Requirements

• Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
• Fingerprints must be cleared prior to student teaching.

Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

**Admission Requirements**

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 2.8 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in history or geography.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

**Liberal Arts and Science Major Requirements**

A geography or history major for adolescent teachers. (see Option in Social Studies within the Geography Major for Adolescent Education Teachers or History for Adolescent Education (Social Studies))

**Required Liberal Arts & Sciences General Core**
The courses listed below are required for BA Adolescent Social Studies students. Some of these courses may be used towards the GER:

- ENGL 12000 and ENGL 22000
- Two courses selected from: HIST 15100/HIST 15200/GEOG 10100
- STAT 11300
- 9 credits in math, science or technology with at least one science course with a lab component
- 6 credits in the arts
- One course that focuses on communication
- 12 credits of study in a language other than English (or exemption on basis of equivalency)

Other State Certification Requirements

- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
- Fingerprints must be cleared prior to student teaching.

Course of Study

**SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)**

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool- community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.

*3 hrs 3 cr.*

**SEDF 20400 - Adolescent Development**

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

*2 hrs per week plus 36 hrs fieldwork 2 cr.*

**SEDF 20500 - Educational Psychology: Applications in Grades 7-12**

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

*prereq: SEDF 20300, 20400*

*2 hrs per week plus 36 hrs fieldwork 2 cr.*

**SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12**

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

*prereq: SEDF 20500, SEDC 21000*

*2 per week plus lab 2 cr.*
SEDC 21000 - Building the Foundations of Literacy in Grades 7-12

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards. 3 hrs 3 cr.

SEDC 21500 - Methods I: Classroom Organization, Management, and Instruction in Social Studies, Grades 7-12

Rationales and methodologies for teaching social studies based on current theories of the nature of students, the social sciences and secondary schooling.

prereq or coreq: SEDF 20300, 20400

3 hrs 3 cr.

SEDC 22000 - Adolescent Health and Safety

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

prereq: SEDF 20300, 20400

1 hr 1 cr.

SEDC 32500 - Methods II: Teaching Diverse Learners in Social Studies, Grades 7-12

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in the social studies. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

prereq: SEDC 21500 prereq or coreq: SEDF 20500, SEDC 21000

2 hrs per week plus 36 hrs fieldwork 2 cr.

SEDC 45500 - Student Teaching in Social Studies, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified social studies teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32500

prereq or coreq: SEDF 20600

2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SPED 30800 - Teaching Students with Special Needs in Inclusive Settings
Adolescent Teaching Languages Other Than English, Grades 7-12 - BA

The BA programs in Adolescent Teaching Languages other than English lead to initial certification as a teacher of foreign language. These programs include fieldwork in New York City Public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major.

Adolescent education is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in adolescent education.

Admission Information

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves an online application, a writing sample and an interview.

Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 2.8 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major one of these languages: Chinese, French, Italian, or Spanish.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Science Major Requirements

Major in Chinese Language and Literature - BA, French - BA, Italian - BA or Spanish - BA.

Required Liberal Arts & Sciences General Core

The courses listed below are required for BA Adolescent students. Some of these courses may be used towards the GER:

- ENGL 12000 and ENGL 22000
- Two courses selected from: HIST 15100/HIST 15200/GEOG 10100
- STAT 11300
- 9 credits in math, science or technology with at least one science course with a lab component
- 6 credits in the arts
- One course that focuses on communication (see program adviser for acceptable courses)

Other State Certification Requirements
- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
- Fingerprints must be cleared prior to student teaching.

Students will learn to analyze these concepts and theories and apply them to current classroom practices.

3 hrs 3 cr.

**SEDF 20400 - Adolescent Development**

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20500 - Educational Psychology: Applications in Grades 7-12**

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

Prereq: SEDF 20300, 20400

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12**

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

Prereq: SEDF 20500, SEDC 21000

2 per week plus lab 2 cr.

**SEDC 21000 - Building the Foundations of Literacy in Grades 7-12**

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.

3 hrs 3 cr.

**SEDC 21200 - Methods I: Foundations of Literacy, Language and Learning in the Foreign/Heritage Language Classroom, Grades 7-12**

The nature of language, and language acquisition/learning, and the inherent implications for teaching a foreign/heritage language at the secondary level. The foreign language standards and the English language arts standards are reviewed as they impact on curriculum design for foreign/heritage language learners.

Prereq or coreq: SEDF 20300, 20400

3 hrs 3 cr.
SEDC 22000 - Adolescent Health and Safety

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

prereq: SEDF 20300, 20400
1 hr 1 cr.

SEDC 32200 - Methods II: Instructional Planning for Literacy, Language, and Learning in the Foreign/Heritage Language Classroom, Grades 7-12

Standards that impact on the teaching of foreign/heritage languages at the secondary level. Emphasis is placed on the strategies, methods and materials used in planning instruction around the standards. Classroom observations will serve as a catalyst for discussion.

prereq: SEDC 21200 prerequisite or corequisite: SEDF 20500, SEDC 21000
2 hrs per week plus 36 hrs fieldwork 2 cr.

SPED 30800 - Teaching Students with Special Needs in Inclusive Settings

3
And One Student Teaching Course

SEDC 45210 - Student Teaching in Chinese, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Chinese teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32200
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDC 45220 - Student Teaching in French, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified French teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32200
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDC 45260 - Student Teaching in Italian, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Italian teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.
prereq: SEDC 32200
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDC 45280 - Student Teaching in Spanish, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Spanish teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32200
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

Childhood Education (QUEST) Grades 1-6 - BA

1000 Hunter West; (212) 772-4624

- QUEST Six-Semester Sequence for Students Who Enter the Program with 30 - 40 credits
- QUEST Four-Semester Sequence for Students Entering the Program with More than 40 credits

QUEST Program Overview

The Quality Urban Elementary School Teacher (QUEST) program is an undergraduate childhood teacher education program that prepares students to become New York State certified teachers of childhood education grades 1-6. QUEST is a 30-credit program completed over either four or six semesters that includes extensive field experiences attached to courses. The six-semester sequence is designed for students who enter Hunter College as freshmen. The four-semester sequence is designed for transfer students and other students who do not apply to QUEST until they have completed 40 or more credits.

QUEST is committed to the preparation of urban elementary school teachers who can deal effectively with the wide range of diverse learning needs found among the City’s students. QUEST collaborates closely with New York City public schools to provide outstanding field experiences for students.

The program of study for the BA degree at Hunter College consists of a minimum of 120 credits. All students must major in one of the following liberal arts or sciences subjects: English Language Arts, English, History, Geography, Social Studies (available as a major in the geography department), Mathematics, Biology or Chemistry. QUEST serves as a collateral major in addition to a student’s major in Hunter's School of Arts and Sciences. Students must also complete The General Education Requirements, which consists of a core and graduation requirements in writing, pluralism and diversity and in a foreign language.

Required Coursework in Liberal Arts and Sciences

Teachers in elementary schools

Teachers in elementary schools are required to teach all subject areas in the curriculum and thus need a broad liberal arts background in addition to specialized knowledge of teaching. Therefore, students will be required to complete the
following liberal arts and sciences courses, or their equivalent (most of these courses can be taken within the college’s General Education Requirement). These courses require a grade of C or better.

**ENGL 12000 - Expository Writing**

GER 1/A
Required of all students unless exempt; trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.
*prereq: successful completion of developmental courses, if required
3 hrs + conf 3 cr.*

**ENGL 22000 - Introduction to Writing about Literature (W)**

GER 2/A
Analytical writing and close reading in British and American fiction, drama, poetry, and literary criticism, with an emphasis on further development of critical writing and research skills. Students gain a deeper understanding and appreciation of literature as well as more extensive experience with academic writing.
*prereq: ENGL 12000
3 hrs + one additional conference hour 3 cr.*

**GEOG 10100 - People and Their Environment**

GER 2/B
A broad overview of subjects and ideas in geography, possibly the most internally diverse of the social sciences. Covers the geographical aspects of topics including weather and climate, landforms, religions, food, cities, economics, culture, politics and much more. While students will be expected to understand the basics of each of the topics covered, the overarching emphasis will be on understanding the relationships among them. As such, the course builds from one topic to the next, ultimately stressing the sheer geographical complexity and wonder of modern life. Contemporary economic, political and social patterns and problems are discussed.

3 hrs 3 cr.
offered fall and spring.

**HIST 15100 - The United States from the Colonial Era to the Civil War (W)**

GER 1/C or 2/B
American political, social and cultural history from the time of the European settlements to the Civil War.
*Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.*

**HIST 15200 - The United States from the Civil War Era to the Present (W)**

GER 1/C or 2/B
American political, social and cultural history from the Civil War to the present.
*Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.*
MATH 10400 - Mathematics for Elementary Education I

GER 1/B
Fundamental and relevant mathematics as recommended by the NCTM for prospective elementary school teachers, including problem solving, sets, logic, numeration, computation, integers and number theory. Required of students planning to teach in elementary schools. Not open to other students.
prereq: grade of C or better in MATH 10100 or appropriate score on the placement exam
3 hrs 3 cr.

MATH 10500 - Mathematics for Elementary Education II

GER 1/B
Continuation of MATH 10400. Continuation of the content of the mathematics recommended by the NCTM for prospective elementary school teachers, including probability, statistics, plane and transformational geometry, congruence and similarity.
prereq: grade of C or better in MATH 10400
3 hrs 3 cr.

- Two semesters of science, at least one of which is a laboratory science,*
- 6 credits in the arts (courses in ARTCR, ARTH, FILM, MUSHL, THEA),**
- At least 6 credits in the study of a language other than English (The Hunter College GER/foreign language requirement is 12 credits or the equivalent.)

Students in the childhood education program

Two additional courses that are required for students in the childhood education program are

HED 31400 - Health Education for the Classroom Teacher

The preparation of the elementary educator to assist children in grades 1-6 in making decisions for optimum health and wellness, including nutrition education and fitness; mental/emotional health and conflict resolution; drug education; stress management; safety education including fire safety; family living/sex education including HIV/AIDS education and orientation issues; personal safety and the role of the classroom teacher as a mandated reporter of child abuse and neglect; environmental health; and violence prevention.
prereq: QSTB 20200, QSTF 30100 prereq or coreq: QSTF 30200
3 hrs 3 cr.

SPED 30800 - Teaching Students with Special Needs in Inclusive Settings

3

Note(s)

* Computer Science does not count as a science course in meeting this requirement.

** Courses in FILMP, MEDIA, and MEDP do not meet the arts requirements.

Students are required to complete the technology assessments prior to graduation.

Admissions Requirements
For applicants applying to both six and four-semester sequence

1. 30 credits in liberal arts and sciences***

2. Minimum GPA of 2.8

3. Prerequisite for MATH 10400: either a score high enough on the CUNY COMPASS to be placed in MATH 10400 or completion of MATH 10100

4. ENGL 12000 (or a 200- or 300-level writing course), with a grade of B or better

5. Declaration of an appropriate liberal arts and sciences major: biology, chemistry, English, English language arts, geography, history, social studies (an option within the geography major), or mathematics

6. Transfer students may enter the program with 40 to 72 credits. (Students with more than 72 credits should complete their liberal arts and sciences major and apply to the master’s degree program in childhood education.)

7. Transfer students with 60 or more credits, a GPA of 3.3 or better and a grade of B or better in ENGL 12000 do not have to present Hunter College grades. Transfer students with GPAs between 2.75 and 3.29 will have to complete 12 credits of coursework at Hunter College with a GPA of at least 2.8 before a final decision will be made on their application to QUEST.

Note(s)

***Students may apply to QUEST if the total of their completed credits plus credits in which they are currently enrolled is at least 30 credits.

Progress Standards

Students must receive grades of C or better in required coursework in liberal arts and sciences and in QUEST courses that do not include fieldwork. QUEST fieldwork courses require a grade of B or better. All QUEST courses are repeatable once by students who have received a grade of C-, D+ or D in a non-fieldwork course or a grade below B in a fieldwork course. Students must officially reregister for these courses. Students who receive an F in any course or a D+ or D in fieldwork may not continue in the program. Students must also maintain a GPA of at least 2.8 throughout the QUEST program.

In order to register for QSTA 40600 - Mathematics Teaching and Learning in Elementary School, students must have completed MATH 10400 and MATH 10500. With the approval of the program coordinator, transfer students may be allowed to enroll in QSTA 40600 after completing MATH 10400 and registering for MATH 10500 if their progress through the QUEST program would be delayed by the requirement for MATH 105 as a prerequisite.

In order to register for QSTA 41400 - Teaching Science in Elementary Schools, students must have completed two courses in science, at least one of which must be a laboratory science.

In order to register for QSTA 41200 - Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools, students must have completed HIST 15100 and HIST 15200, or one of these courses plus GEOG 10100.

Students should register to take the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills – Written (ATS-W) of the New York State Teacher Certification Examinations during their junior year. Students who do not pass the LAST must enroll in the School’s Reading and Writing Workshop for Teachers before being allowed to register for any additional courses.
Dance Pre-K - 12 - BA

The BA and BA/MA programs in Dance lead to initial certification as a teacher. Graduates from the BA/MA program in Dance are eligible for professional certification after three years of teaching experience. These programs include fieldwork in New York City public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major. BA/MA students also take additional graduate credits in Dance.

The Education minor is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in Education.

Admission Information

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves a paper application, a writing sample and an interview. Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 2.8 or better.
3. Receive a grade of B or better in ENGL 120.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in dance.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Science Major Requirements

34-credit major in dance.

Required Liberal Arts & Sciences General Core

Other State Certification Requirements

- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
- Fingerprints must be cleared prior to student teaching.

Course of Study

SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)
Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool-community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices. 

3 hrs 3 cr.

**SEDF 20400 - Adolescent Development**

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20500 - Educational Psychology: Applications in Grades 7-12**

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

*prereq: SEDF 20300, 20400*

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12**

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

*prereq: SEDF 20500, SEDC 21000*

2 per week lab 2 cr.

**SEDC 21000 - Building the Foundations of Literacy in Grades 7-12**

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards. 

3 hrs 3 cr.

**SEDC 22000 - Adolescent Health and Safety**

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

*prereq: SEDF 20300, 20400*

1 hr 1 cr.

**SEDC 45600 - Student Teaching in Dance, Grades Pre-K-12**

Two 30-day supervised placements (one in grades pre-K-6 and one in grades 7-12) in New York City public schools selected by Hunter College. Special Conditions: Students must apply for student teaching the fall semester before enrolling in this course. Scores on the Liberal Arts and Sciences Test (LAST) of the New York State Teacher Certification Examination must have been received by the coordinator of adolescent education prior to enrollment in student teaching.

*prereq or coreq: SEDF 20600, SEDC 22000*

2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.
DANED 30200 - Theory and Practice of Teaching Dance (pre-K-12)

Methods of teaching dance in grades pre-K-12 to students with diverse backgrounds and abilities in diverse learning environments; the organization of instruction and classroom management strategies; technological resources; community and family resources.  

Field work required.  
prereq: completed 12 cr in dance or perm dance adviser  
prereq or coreq: SEDF 20400  
3 hrs plus 36 hours fieldwork 4 cr.

SPED 30800 - Teaching Students with Special Needs in Inclusive Settings

Technology assessments are required of all students.

Dance Pre-K - 12 - BA/MA

The BA and BA/MA programs in Dance Education lead to initial certification as a teacher. These programs include fieldwork in New York City Public schools. Students must take a specified sequence of education courses in addition to fulfilling the General Education Requirement (GER) and the requirements of their major.

Adolescent education is a 26-credit course of study that students usually complete over four semesters. Students major in the subject they plan to teach and minor in adolescent education.

Admission Information

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves an online application, a writing sample and an interview.

Students must apply by November 1 for the spring term and April 1 for the fall term. Applications are available online only: Application for Admission - Undergraduate Programs in Adolescent Education.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 2.8 or better.
3. Receive a grade of B or better in ENGL 120.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in dance.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Science Major Requirements

34-credits in the dance major plus 20 additional graduate credits including the following courses - DAN 740, DAN 742, DAN 746, DAN 701, DAN 705, DAN 730, DAN 735.
Required Liberal Arts & Sciences General Core

The courses listed below are required for BA Dance Education students. Some of these courses may be used towards the GER:

Additional courses required for BA students:

Some of these courses may be used towards the GER:

- English 120 and 220
- Two courses selected from: HIST 151/HIST 152/GEOG 101
- STAT 113
- 9 credits in math, science or technology with at least one science course with a lab component (DAN 350 does not count towards this requirement)
- One course that focuses on communication 12 credits of study in a language other than English (or exemption on basis of equivalency)

Additional courses required for BA/MA students:

- 6 credits of English courses
- 6 credits of social studies (at least one course in U.S. history or U.S. geography)
- 6 credits of language other than English (or exemption on basis of equivalency)
- 9 credits in math, science or technology with at least one science course with a lab component (DAN 350 does not count towards this requirement)

Other State Certification Requirements

- Students must pass the Liberal Arts and Sciences Test (LAST) and the Assessment of Teaching Skills-Written (ATS-W) Secondary of the New York state teacher certification exam prior to student teaching.
- Fingerprints must be cleared prior to student teaching.

Course of Study

Education Courses for BA/MA in Dance Education PreK-Grade 12. For course descriptions please see the graduate catalog.

Mathematics (BA/MA): Additional Required Coursework and Student Teaching

Return to: Adolescent Education, Grades 7-12

Adolescent Education BA Course Requirements

**SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)**

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool-community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.

*3 hrs 3 cr.*

**SEDF 20400 - Adolescent Development**

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

*2 hrs per week plus 36 hrs fieldwork 2 cr.*

**SEDF 20500 - Educational Psychology: Applications in Grades 7-12**

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

*prereq: SEDF 20300, 20400*

*2 hrs per week plus 36 hrs fieldwork 2 cr.*

**SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12**

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.
**prereq:** SEDF 20500, SEDC 21000
2 per week plus lab 2 cr.

**SEDC 21000 - Building the Foundations of Literacy in Grades 7-12**

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.
3 hrs 3 cr.

**SEDC 22000 - Adolescent Health and Safety**

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.
**prereq:** SEDF 20300, 20400
1 hr 1 cr.

**SPED 30800 - Teaching Students with Special Needs in Inclusive Settings**

3

*SPED 30800 - required for students matriculated on or after fall 2011.

**Note**

*Please note that the parallel courses at the graduate level may be substituted for these undergraduate courses in the BA/MA Mathematics and the BA/MA Dance Programs.*

**Additional Required Coursework and Student Teaching**

- SEDC 713 - Methods I: Advanced Study of Secondary Learning Environments for Teaching Mathematics and Science 3 cr
- SEDC 723 - Methods II: Intensive Study of Teaching Diverse Learners in Mathematics, Grades 7-12 2 cr
- SEDC 753 - Student Teaching in Mathematics, Grades 7-12 (60 days, 30 hrs seminar, plus workshops and conferences) 5 cr

**Note(s)**

*See the Graduate Catalog for these graduate course descriptions*

**QUEST Four-Semester Sequence for Students Entering the Program with More than 40 credits**

**Semester I**

**QSTA 40000 - The Art of Effective Teaching**
This course is designed to orient elementary school teacher candidates to the world of urban education and their roles as quality educators. An introduction to the basic pedagogical practices of teaching, the connection between theory and practice as it relates to the role of teachers, instructional methods for teaching diverse student populations, effective classroom management practices, organizational strategies, motivation techniques and methods of assessment.

3 hrs 3 cr.

**QSTB 20200 - Child Growth and Development**

The biological, cognitive, emotional, linguistic, moral, physical and social aspects of development will be addressed with respect to their role in children's experiences in school. The critical application of developmental theories and research to diverse populations will be emphasized. Contextual influences on children's development, including family, peers and the media will be included.

coreq: QSTA 40100, QSTAB 30000  
prereq or coreq: CSCI 11500, QSTA 40000  
2 hrs 2 cr.

**QSTA 40100 - Developmental Reading**

Theoretical and practical aspects of literacy with particular emphasis on teaching literacy to diverse populations. In addition, the role of family and community involvement and the use of technology for literacy development will be stressed.

coreq: QSTB 20200, QSTAB 30000  
prereq or coreq: QSTA 40000, CSCI 11500  
2 hrs 2 cr.

**QSTAB 30000 - Fieldwork I: Fieldwork for Child Development and Developmental Reading**

Supervised experiences in classroom applications of QSTA 40100: Developmental Reading and QSTB 20200: Child Growth and Development. Students will complete 6 per week of fieldwork for a minimum of 75 contact per semester. Students will develop guided observation skills, acquire practical knowledge of the design and management of instruction and the classroom environment, and work effectively with individual students and small work groups. Students receiving a grade of C in fieldwork must apply to the chairperson for permission to re register for the course. Fieldwork may be repeated only once. Students who receive a grade lower than C may not repeat the course and may not continue in the program.

coreq: QSTA 40100, QSTB 20200 prereq or coreq: QSTA 40000, CSCI 11500  
75 hrs 1 cr.

**HED 31400 - Health Education for the Classroom Teacher**

The preparation of the elementary educator to assist children in grades 1-6 in making decisions for optimum health and wellness, including nutrition education and fitness; mental/emotional health and conflict resolution; drug education; stress management; safety education including fire safety; family living/sex education including HIV/AIDS education and orientation issues; personal safety and the role of the classroom teacher as a mandated reporter of child abuse and neglect; environmental health; and violence prevention.

prereq: QSTB 20200, QSTF 30100 prereq or coreq: QSTF 30200  
3 hrs 3 cr.
Total ED Credits 8

Fieldwork 75 hours

Semester II

**QSTA 41000 - Literacy Across the Content Areas**

Theoretical, methodological, practical, and technological aspects of teaching literacy to elementary school students with an emphasis on meeting the literacy needs of diverse student populations.

*prereq: QSTA 40100, QSTB 20200, QSTAB 30000, CSCI 11500 coreq: QSTA 41200, QSTAB 30100
2 hrs 2 cr.*

**QSTA 41200 - Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools**

Teaching social studies through literature, the arts, and technology in grades 1-6. Literature selections will include original documents, essays, historical fiction, novels, diaries, journals, poetry, drama and folktales. Instructional strategies will include interdisciplinary curriculum and differentiated learning, teaching, and assessment strategies for English language learners and students with disabilities. Diverse activities will include utilizing the community, particularly museums, as a laboratory for student learning.

*prereq: QSTA 40100, QSTB 20200, QSTAB 30000 coreq: QSTA 41000, QSTAB 30100
2 hrs 2 cr.*

**QSTAB 30100 - Fieldwork II: Fieldwork for Literacy Across the Content Areas and Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools**

Supervised experiences in classroom applications of QSTA 41000 - Literacy Across the Content Areas and QSTA 41200 - Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools. Students will complete 6 of fieldwork per week for a minimum of 75 contact per semester. Students will develop the ability to apply theoretical concepts and deliver instruction to individuals and small groups of children. Students will design or adapt curriculum that meet the needs of diverse learners, including children with special needs and English language learners.

*prereq: QSTA 40100, QSTB 20200, QSTAB 30000 coreq: QSTA 41000, 41200
75 hrs 1 cr.*

**QSTB 40300 - Social Foundations of Urban Education**

Contemporary issues and themes in the social foundations of childhood education viewed from an interdisciplinary perspective. Special emphasis on the role of family and community in the educational process.

*prereq: QSTA 40100, QSTB 20200, QSTAB 30000
3 hrs 3 cr.*

Total ED Credits 8
Fieldwork 75 hours

Semester III

**QSTB 41300 - Psychology of Teaching and Learning**

The critical application of psychological theories and principles to classroom instruction, including: learning styles; instructional models; effective teaching; motivation; student diversity; students with special needs; classroom management; and formal and informal assessment.

*prereq: QSTA 41000, 41200, QSTAB 30100*
*coreq: QSTA 40600, QSTF 30200*

2 hrs 2 cr.

**QSTA 40600 - Mathematics Teaching and Learning in Elementary School**

Modern methods for teaching mathematics through understanding in the elementary grades.

Transfer students may be allowed to enroll in QSTA 40600 after completing MATH 10400 and registering for MATH 10500 if their progress through the QUEST program would be delayed by the MATH 10500 prerequisite requirement.

*prereq: MATH 10400, 10500, QSTA 41000, 41200, QSTAB 30000 coreq: QSTB 41300, QSTAB 30200*

2 hrs 2 cr.

**QSTAB 30200 - Fieldwork III: Fieldwork for Mathematics Teaching and Learning in Elementary School and Psychology of Teaching and Learning**

Supervised experiences in classroom applications of QSTA 40600: Mathematics Teaching and Learning in Elementary School and QSTB 41300: Psychology of Teaching and Learning. Students will complete 6 of fieldwork per week for a semester minimum of 75 contact to demonstrate the ability to apply knowledge acquired in the Mathematics Teaching and Learning in Elementary School and Psychology of Teaching and Learning courses to effectively deliver instruction in the content areas to individual children, small work groups, and large groups of children.

*prereq: QSTA 41000, 41200, QSTAB 30100*
*coreq: QSTA 40600, QSTB 41300*

75 hrs 1 cr.

**QSTAB 30200 - Fieldwork III: Fieldwork for Mathematics Teaching and Learning in Elementary School and Psychology of Teaching and Learning**

Supervised experiences in classroom applications of QSTA 40600: Mathematics Teaching and Learning in Elementary School and QSTB 41300: Psychology of Teaching and Learning. Students will complete 6 of fieldwork per week for a semester minimum of 75 contact to demonstrate the ability to apply knowledge acquired in the Mathematics Teaching and Learning in Elementary School and Psychology of Teaching and Learning courses to effectively deliver instruction in the content areas to individual children, small work groups, and large groups of children.

*prereq: QSTA 41000, 41200, QSTAB 30100*
*coreq: QSTA 40600, QSTB 41300*

75 hrs 1 cr.

**QSTA 40700 - The Arts: An Interdisciplinary Learning Experience**

Offered in collaboration with Lincoln Center Institute, this course is designed to introduce teacher candidates to the role of arts in learning across the curriculum. Teacher candidates will experience the creative process through hands-on study of works of art (visual arts, music, theatre, and dance) to enhance the aesthetic sensibilities of students in grades 1-6.

*prereq: QSTA 40100, QSTB 20200, QSTAB 30000*

3 hrs 3 cr.

**SPED 30800 - Teaching Students with Special Needs in Inclusive Settings**
Total ED Credits 8

Fieldwork 75 hours

Semester IV

**QSTA 41400 - Teaching Science in Elementary Schools**

This course is inquiry-based or process-oriented. Focuses on the doing part of science more than the facts part of science. Includes analysis of local, state and national science standards, working with students from culturally diverse backgrounds, using multimedia technology effectively, and working with parents and the community. Students will be observed in science teaching activities during their corequisite student teaching in science.

*prereq: QSTA 40600, 41000, 41200, QSTAB 30100  coreq: QSTA 41500
2 hrs 2 cr.*

**QSTA 41500 - Student Teaching**

Supervised student teaching experience in an elementary school setting at one grade level from grades 1-6. Requirements include four full days per week of student teaching for a minimum of 50 days, 30 hours of seminars + conferences, and attendance at professional development workshops.

*prereq: QSTA 40600, 40700, QSTB 41300, QSTAB 30200, HED 31400  coreq: QSTA 41400
2 per week of seminar plus student teaching 4 cr.*

Total ED Credits 6

Fieldwork 60 days

Total Credits 30

Note(s)

*QSTA is a designation for courses offered by the Department of Curriculum and Teaching; QSTB is a designation for courses offered by the Department of Educational Foundations; QSTF is a designation for fieldwork attached to two courses.*

**QUEST Six-Semester Sequence for Students Who Enter the Program with 30 - 40 credits**

Semester I

**QSTA 40000 - The Art of Effective Teaching**
This course is designed to orient elementary school teacher candidates to the world of urban education and their roles as quality educators. An introduction to the basic pedagogical practices of teaching, the connection between theory and practice as it relates to the role of teachers, instructional methods for teaching diverse student populations, effective classroom management practices, organizational strategies, motivation techniques and methods of assessment.

3 hrs 3 cr.

HED 31400 - Health Education for the Classroom Teacher

The preparation of the elementary educator to assist children in grades 1-6 in making decisions for optimum health and wellness, including nutrition education and fitness; mental/emotional health and conflict resolution; drug education; stress management; safety education including fire safety; family living/sex education including HIV/AIDS education and orientation issues; personal safety and the role of the classroom teacher as a mandated reporter of child abuse and neglect; environmental health; and violence prevention.

prereq: QSTB 20200, QSTF 30100 prereq or coreq: QSTF 30200

3 hrs 3 cr.

Total ED Credits 3

Semester II

QSTB 20200 - Child Growth and Development

The biological, cognitive, emotional, linguistic, moral, physical and social aspects of development will be addressed with respect to their role in children's experiences in school. The critical application of developmental theories and research to diverse populations will be emphasized. Contextual influences on children's development, including family, peers and the media will be included.

coreq: QSTA 40100, QSTAB 30000
prereq or coreq: CSCI 11500, QSTA 40000

2 hrs 2 cr.

QSTA 40100 - Developmental Reading

Theoretical and practical aspects of literacy with particular emphasis on teaching literacy to diverse populations. In addition, the role of family and community involvement and the use of technology for literacy development will be stressed.

coreq: QSTB 20200, QSTAB 30000
prereq or coreq: QSTA 40000, CSCI 11500

2 hrs 2 cr.

QSTAB 30000 - Fieldwork I: Fieldwork for Child Development and Developmental Reading

Supervised experiences in classroom applications of QSTA 40100: Developmental Reading and QSTB 20200: Child Growth and Development. Students will complete 6 per week of fieldwork for a minimum of 75 contact per semester. Students will develop guided observation skills, acquire practical knowledge of the design and management of instruction and the classroom environment, and work effectively with individual students and small work groups.

Students receiving a grade of C in fieldwork must apply to the chairperson for permission to re register for the course. Fieldwork may be repeated only once. Students who receive a grade lower than C may not repeat the course and may
not continue in the program.

**coreq:** QSTA 40100, QSTB 20200 **prereq or coreq:** QSTA 40000, CSCI 11500
**75 hrs 1 cr.**

Total ED Credits 5

Fieldwork 75 hours

**Semester III**

**QSTA 41000 - Literacy Across the Content Areas**

Theoretical, methodological, practical, and technological aspects of teaching literacy to elementary school students with an emphasis on meeting the literacy needs of diverse student populations.

**prereq:** QSTA 40100, QSTB 20200, QSTAB 30000, CSCI 11500 **coreq:** QSTA 41200, QSTAB 30100
**2 hrs 2 cr.**

**QSTA 41200 - Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools**

Teaching social studies through literature, the arts, and technology in grades 1-6. Literature selections will include original documents, essays, historical fiction, novels, diaries, journals, poetry, drama and folktales. Instructional strategies will include interdisciplinary curriculum and differentiated learning, teaching, and assessment strategies for English language learners and students with disabilities. Diverse activities will include utilizing the community, particularly museums, as a laboratory for student learning.

**prereq:** QSTA 40100, QSTB 20200, QSTAB 30000 **coreq:** QSTA 41000, QSTAB 30100
**2 hrs 2 cr.**

**QSTAB 30100 - Fieldwork II: Fieldwork for Literacy Across the Content Areas and Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools**

Supervised experiences in classroom applications of QSTA 41000 - Literacy Across the Content Areas and QSTA 41200 - Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools. Students will complete 6 of fieldwork per week for a minimum of 75 contact per semester. Students will develop the ability to apply theoretical concepts and deliver instruction to individuals and small groups of children. Students will design or adapt curriculum that meet the needs of diverse learners, including children with special needs and English language learners.

**prereq:** QSTA 40100, QSTB 20200, QSTAB 30000 **coreq:** QSTA 41000, 41200
**75 hrs 1 cr.**

Total ED Credits 5

Fieldwork 75 hours
Semester IV

**QSTB 41300 - Psychology of Teaching and Learning**

The critical application of psychological theories and principles to classroom instruction, including: learning styles; instructional models; effective teaching; motivation; student diversity; students with special needs; classroom management; and formal and informal assessment.

*prereq: QSTA 41000, 41200, QSTAB 30100*

*coreq: QSTA 40600, QSTF 30200*

2 hrs 2 cr.

**QSTA 40600 - Mathematics Teaching and Learning in Elementary School**

Modern methods for teaching mathematics through understanding in the elementary grades.

*Transfer students may be allowed to enroll in QSTA 40600 after completing MATH 10400 and registering for MATH 10500 if their progress through the QUEST program would be delayed by the MATH 10500 prerequisite requirement.*

*prereq: MATH 10400, 10500, QSTA 41000, 41200, QSTAB 30000*

*coreq: QSTB 41300, QSTAB 30200*

2 hrs 2 cr.

**QSTAB 30200 - Fieldwork III: Fieldwork for Mathematics Teaching and Learning in Elementary School and Psychology of Teaching and Learning**

Supervised experiences in classroom applications of QSTA 40600: Mathematics Teaching and Learning in Elementary School and QSTB 41300: Psychology of Teaching and Learning. Students will complete 6 of fieldwork per week for a semester minimum of 75 contact to demonstrate the ability to apply knowledge acquired in the Mathematics Teaching and Learning in Elementary School and Psychology of Teaching and Learning courses to effectively deliver instruction in the content areas to individual children, small work groups, and large groups of children.

*prereq: QSTA 41000, 41200, QSTAB 30100*

*coreq: QSTA 40600, QSTB 41300*

75 hrs 1 cr.

Total ED Credits 5

Fieldwork 75 hours

Semester V

**QSTB 40300 - Social Foundations of Urban Education**

Contemporary issues and themes in the social foundations of childhood education viewed from an interdisciplinary perspective. Special emphasis on the role of family and community in the educational process.

*prereq: QSTA 40100, QSTB 20200, QSTAB 30000*

3 hrs 3 cr.

**QSTA 40700 - The Arts: An Interdisciplinary Learning Experience**
Offered in collaboration with Lincoln Center Institute, this course is designed to introduce teacher candidates to the role of arts in learning across the curriculum. Teacher candidates will experience the creative process through hands-on study of works of art (visual arts, music, theatre, and dance) to enhance the aesthetic sensibilities of students in grades 1-6.

\[\text{prereq: QSTA 40100, QSTB 20200, QSTAB 30000}\]

3 hrs 3 cr.

**SPED 30800 - Teaching Students with Special Needs in Inclusive Settings**

3

Total ED Credits 6

**Semester VI**

**QSTA 41400 - Teaching Science in Elementary Schools**

This course is inquiry-based or process-oriented. Focuses on the doing part of science more than the facts part of science. Includes analysis of local, state and national science standards, working with students from culturally diverse backgrounds, using multimedia technology effectively, and working with parents and the community. Students will be observed in science teaching activities during their corequisite student teaching in science.

\[\text{prereq: QSTA 40600, 41000, 41200, QSTAB 30100 coreq: QSTA 41500}\]

2 hrs 2 cr.

**QSTA 41500 - Student Teaching**

Supervised student teaching experience in an elementary school setting at one grade level from grades 1-6. Requirements include four full days per week of student teaching for a minimum of 50 days, 30 hours of seminars + conferences, and attendance at professional development workshops.

\[\text{prereq: QSTA 40600, 40700, QSTB 41300, QSTAB 30200, HED 31400 coreq: QSTA 41400}\]

2 per week of seminar plus student teaching 4 cr.

Total ED Credits 6

Fieldwork minimum of 60 days

Total Credits 30

Note(s)

*QSTA is a designation for courses offered by the Department of Curriculum and Teaching; QSTB is a designation for courses offered by the Department of Educational Foundations; QSTF is a designation for fieldwork attached to two courses.*
Education: Adolescent

SEDC 21000 - Building the Foundations of Literacy in Grades 7-12

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.
3 hrs 3 cr.

SEDC 21100 - Young Adult Literature in Our Diverse Society

Familiarizes prospective teachers with a wide variety of literature for or about young adults. Books discussed and dramatized during each session reflect diverse cultures, varying learning styles, and special needs of young adults. The English language arts standards are addressed as delineated in city and state regulations. Literacy and comprehension skills are explored as well.
prereq or coreq: SEDF 20300, 20400
3 hrs 3 cr.

SEDC 21200 - Methods I: Foundations of Literacy, Language and Learning in the Foreign/Heritage Language Classroom, Grades 7-12

The nature of language, and language acquisition/learning, and the inherent implications for teaching a foreign/heritage language at the secondary level. The foreign language standards and the English language arts standards are reviewed as they impact on curriculum design for foreign/heritage language learners.
prereq or coreq: SEDF 20300, 20400
3 hrs 3 cr.

SEDC 21300 - Methods I: Classroom Organization, Management and Instruction in Mathematics and Science, Grades 7-12

Candidates will identify the impact of various classroom organization patterns, rules and routines. Candidates will be able to design, implement and evaluate lessons in the context of state and city standards for learning in grades 7-12.
prereq or coreq: SEDF 20300, 20400
3 hrs 3 cr.

SEDC 21500 - Methods I: Classroom Organization, Management, and Instruction in Social Studies, Grades 7-12

Rationales and methodologies for teaching social studies based on current theories of the nature of students, the social sciences and secondary schooling.
prereq or coreq: SEDF 20300, 20400
3 hrs 3 cr.

SEDC 22000 - Adolescent Health and Safety

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.
prereq: SEDF 20300, 20400
1 hr 1 cr.
**SEDC 32100 - Teaching English Methods to a Diverse Population in Grades 7-12**

Methodology that facilitates the learning of English language arts for a diverse population in secondary schools. Teacher candidates will engage in ways of teaching adolescents the skills of reading, responding to literature, writing (creative and expository), listening, speaking, and applying grammar conventions. They will write lesson and unit plans and experiment with classroom management and assessment techniques as they present lessons to the class for peer and instructor criticisms. State and city teaching standards will be applied throughout the course.

*prereq: SEDC 21100
prereq or coreq: SEDF 20500, SEDC 21000
2 hrs per week plus 36 hrs fieldwork 2 cr.*

**SEDC 32200 - Methods II: Instructional Planning for Literacy, Language, and Learning in the Foreign/Heritage Language Classroom, Grades 7-12**

Standards that impact on the teaching of foreign/heritage languages at the secondary level. Emphasis is placed on the strategies, methods and materials used in planning instruction around the standards. Classroom observations will serve as a catalyst for discussion.

*prereq: SEDC 21200 prereq or coreq: SEDF 20500, SEDC 21000
2 hrs per week plus 36 hrs fieldwork 2 cr.*

**SEDC 32300 - Methods II: Teaching Diverse Learners in Mathematics, Grades 7-12**

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in mathematics. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

*prereq: SEDC 21300 prereq or coreq: SEDF 20500, SEDC 21000
2 hrs per week plus 36 hrs fieldwork 2 cr.*

**SEDC 32400 - Methods II: Teaching Diverse Learners Science, Grades 7-12**

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in science. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

*prereq: SEDC 21300 prereq or coreq: SEDF 20500, SEDC 21000
2 hrs per week plus 36 hrs fieldwork 2 cr.*

**SEDC 32500 - Methods II: Teaching Diverse Learners in Social Studies, Grades 7-12**

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in the social studies. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

*prereq: SEDC 21500 prereq or coreq: SEDF 20500, SEDC 21000
2 hrs per week plus 36 hrs fieldwork 2 cr.*
**SEDC 45100 - Student Teaching in English, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified English teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

*prereq: SEDC 32100  prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.*

**SEDC 45210 - Student Teaching in Chinese, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Chinese teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

*prereq: SEDC 32200
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.*

**SEDC 45220 - Student Teaching in French, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified French teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

*prereq: SEDC 32200
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.*

**SEDC 45230 - Student Teaching in German, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified German teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

*prereq: SEDC 32200
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.*

**SEDC 45250 - Student Teaching in Hebrew, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Hebrew teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

*prereq: SEDC 32200*
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDC 45260 - Student Teaching in Italian, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Italian teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32200
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDC 45270 - Student Teaching in Russian, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Russian teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32200
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDC 45280 - Student Teaching in Spanish, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Spanish teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32200
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDC 45300 - Student Teaching in Mathematics, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified math teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32300
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDC 45410 - Student Teaching in Biology, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified biology teacher in a New York City school selected by
the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32400
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDC 45420 - Student Teaching in Chemistry, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified chemistry teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32400
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDC 45430 - Student Teaching in Physics, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified physics teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32400
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDC 45500 - Student Teaching in Social Studies, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified social studies teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32500
prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.

SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool-community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices. 3 hrs 3 cr.

SEDF 20400 - Adolescent Development
The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20500 - Educational Psychology: Applications in Grades 7-12**

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

*prereq: SEDF 20300, 20400*  
2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12**

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

*prereq: SEDF 20500, SEDC 21000*  
2 per week plus lab 2 cr.

**SPED 30800 - Teaching Students with Special Needs in Inclusive Settings**

3

**Education: Quest (Childhood)**

**QSTA 40000 - The Art of Effective Teaching**

This course is designed to orient elementary school teacher candidates to the world of urban education and their roles as quality educators. An introduction to the basic pedagogical practices of teaching, the connection between theory and practice as it relates to the role of teachers, instructional methods for teaching diverse student populations, effective classroom management practices, organizational strategies, motivation techniques and methods of assessment.

3 hrs 3 cr.

**QSTA 40100 - Developmental Reading**

Theoretical and practical aspects of literacy with particular emphasis on teaching literacy to diverse populations. In addition, the role of family and community involvement and the use of technology for literacy development will be stressed.

*coreq: QSTB 20200, QSTAB 30000*  
*prereq or coreq: QSTA 40000, CSCI 11500*  
2 hrs 2 cr.

**QSTA 40600 - Mathematics Teaching and Learning in Elementary School**

Modern methods for teaching mathematics through understanding in the elementary grades.

*Transfer students may be allowed to enroll in QSTA 40600 after completing MATH 10400 and registering for MATH 10500 if their progress through the QUEST program would be delayed by the MATH 10500 prerequisite requirement.*
**QSTA 40700 - The Arts: An Interdisciplinary Learning Experience**

Offered in collaboration with Lincoln Center Institute, this course is designed to introduce teacher candidates to the role of arts in learning across the curriculum. Teacher candidates will experience the creative process through hands-on study of works of art (visual arts, music, theatre, and dance) to enhance the aesthetic sensibilities of students in grades 1-6.

*prereq: QSTA 40100, QSTB 20200, QSTAB 30000*
*3 hrs 3 cr.*

**QSTA 41000 - Literacy Across the Content Areas**

Theoretical, methodological, practical, and technological aspects of teaching literacy to elementary school students with an emphasis on meeting the literacy needs of diverse student populations.

*prereq: QSTA 40100, QSTB 20200, QSTAB 30000, CSCI 11500 coreq: QSTA 41200, QSTAB 30100*
*2 hrs 2 cr.*

**QSTA 41200 - Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools**

Teaching social studies through literature, the arts, and technology in grades 1-6. Literature selections will include original documents, essays, historical fiction, novels, diaries, journals, poetry, drama and folktales. Instructional strategies will include interdisciplinary curriculum and differentiated learning, teaching, and assessment strategies for English language learners and students with disabilities. Diverse activities will include utilizing the community, particularly museums, as a laboratory for student learning.

*prereq: QSTA 40100, QSTB 20200, QSTAB 30000 coreq: QSTA 41000, QSTAB 30100*
*2 hrs 2 cr.*

**QSTA 41400 - Teaching Science in Elementary Schools**

This course is inquiry-based or process-oriented. Focuses on the doing part of science more than the facts part of science. Includes analysis of local, state and national science standards, working with students from culturally diverse backgrounds, using multimedia technology effectively, and working with parents and the community. Students will be observed in science teaching activities during their corequisite student teaching in science.

*prereq: QSTA 40600, 41000, 41200, QSTAB 30100 coreq: QSTA 41500*
*2 hrs 2 cr.*

**QSTA 41500 - Student Teaching**

Supervised student teaching experience in an elementary school setting at one grade level from grades 1-6. Requirements include four full days per week of student teaching for a minimum of 50 days, 30 hours of seminars + conferences, and attendance at professional development workshops.

*prereq: QSTA 40600, 40700, QSTB 41300, QSTAB 30200, HED 31400 coreq: QSTA 41400*
*2 per week of seminar plus student teaching 4 cr.*
QSTAB 30000 - Fieldwork I: Fieldwork for Child Development and Developmental Reading

Supervised experiences in classroom applications of QSTA 40100: Developmental Reading and QSTB 20200: Child Growth and Development. Students will complete 6 per week of fieldwork for a minimum of 75 contact per semester. Students will develop guided observation skills, acquire practical knowledge of the design and management of instruction and the classroom environment, and work effectively with individual students and small work groups. Students receiving a grade of C in fieldwork must apply to the chairperson for permission to re-register for the course. Fieldwork may be repeated only once. Students who receive a grade lower than C may not repeat the course and may not continue in the program.

coreq: QSTA 40100, QSTB 20200 prereq or coreq: QSTA 40000, CSCI 11500
75 hrs 1 cr.

QSTAB 30100 - Fieldwork II: Fieldwork for Literacy Across the Content Areas and Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools

Supervised experiences in classroom applications of QSTA 41000 - Literacy Across the Content Areas and QSTA 41200 - Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools. Students will complete 6 of fieldwork per week for a minimum of 75 contact per semester. Students will develop the ability to apply theoretical concepts and deliver instruction to individuals and small groups of children. Students will design or adapt curriculum that meet the needs of diverse learners, including children with special needs and English language learners.

prereq: QSTA 40100, QSTB 20200, QSTAB 30000 coreq: QSTA 41000, 41200
75 hrs 1 cr.

QSTAB 30200 - Fieldwork III: Fieldwork for Mathematics Teaching and Learning in Elementary School and Psychology of Teaching and Learning

Supervised experiences in classroom applications of QSTA 40600: Mathematics Teaching and Learning in Elementary School and QSTB 41300: Psychology of Teaching and Learning. Students will complete 6 of fieldwork per week for a semester minimum of 75 contact to demonstrate the ability to apply knowledge acquired in the Mathematics Teaching and Learning in Elementary School and Psychology of Teaching and Learning courses to effectively deliver instruction in the content areas to individual children, small work groups, and large groups of children.

prereq: QSTA 41000, 41200, QSTAB 30100
coreq: QSTA 40600, QSTB 41300
75 hrs 1 cr.

QSTB 20200 - Child Growth and Development

The biological, cognitive, emotional, linguistic, moral, physical and social aspects of development will be addressed with respect to their role in children's experiences in school. The critical application of developmental theories and research to diverse populations will be emphasized. Contextual influences on children's development, including family, peers and the media will be included.

coreq: QSTA 40100, QSTAB 30000
prereq or coreq: CSCI 11500, QSTA 40000
2 hrs 2 cr.
QSTB 40300 - Social Foundations of Urban Education

Contemporary issues and themes in the social foundations of childhood education viewed from an interdisciplinary perspective. Special emphasis on the role of family and community in the educational process.

*prereq: QSTA 40100, QSTB 20200, QSTAB 30000
3 hrs 3 cr.*

QSTB 41300 - Psychology of Teaching and Learning

The critical application of psychological theories and principles to classroom instruction, including: learning styles; instructional models; effective teaching; motivation; student diversity; students with special needs; classroom management; and formal and informal assessment.

*prereq: QSTA 41000, 41200, QSTAB 30100
coreq: QSTA 40600, QSTF 30200
2 hrs 2 cr.*

Education: Dance Education

DANED 30200 - Theory and Practice of Teaching Dance (pre-K-12)

Methods of teaching dance in grades pre-K-12 to students with diverse backgrounds and abilities in diverse learning environments; the organization of instruction and classroom management strategies; technological resources; community and family resources.

*Field work required.
prereq: completed 12 cr in dance or perm dance adviser
prereq or coreq: SEDF 20400
3 hrs plus 36 hours fieldwork 4 cr.*

SEDC 45600 - Student Teaching in Dance, Grades Pre-K-12

Two 30-day supervised placements (one in grades pre-K-6 and one in grades 7-12) in New York City public schools selected by Hunter College. Special Conditions: Students must apply for student teaching the fall semester before enrolling in this course. Scores on the Liberal Arts and Sciences Test (LAST) of the New York State Teacher Certification Examination must have been received by the coordinator of adolescent education prior to enrollment in student teaching.

*prereq or coreq: SEDF 20600, SEDC 22000
2 hrs per week, 60 days student teaching plus workshops and conferences 5 cr.*

Education: Health Education

HED 20100 - Women and Health

PD/C
An exploration of health issues affecting women, particularly as these issues relate to the socialization of women, reproductive and sexual health, and medical practices.

*cross-listed WGSP 25100
3 hrs 3 cr.*
HED 30500 - Sex Education

An overview of human sexuality through affective processes with an emphasis on social and cultural influences, and the role of family and school in sexuality education.
3 hrs 3 cr.

HED 30600 - Drugs and Drug Dependencies

The nature of addiction and dependency. The course focuses on social learning theory and the role of family, school, and community in drug prevention education.
3 hrs 3 cr.

HED 31400 - Health Education for the Classroom Teacher

The preparation of the elementary educator to assist children in grades 1-6 in making decisions for optimum health and wellness, including nutrition education and fitness; mental/emotional health and conflict resolution; drug education; stress management; safety education including fire safety; family living/sex education including HIV/AIDS education and orientation issues; personal safety and the role of the classroom teacher as a mandated reporter of child abuse and neglect; environmental health; and violence prevention.
prereq: QSTB 20200, QSTF 30100 prereq or coreq: QSTF 30200
3 hrs 3 cr.

HED 48000 - Independent Study in Health Education

An exploration in an area of special interest with faculty guidance. Topic to be approved by adviser.
30-45 hrs 1-3 cr.

Education: Research Course

EDUC 49000 - Honors Course in Educational Research

Individual research in education. Admission by permission of the chairperson.
prereq: full education sequence including student teaching; 3.5 GPA in education courses and cumulative GPA of 2.8.
2 hrs 2 cr.

Programs and Courses in English

English

About the Department

The English Department offers students a variety of courses in the study of literature, literary theory, composition, rhetoric, linguistics and creative writing. The Department is interdisciplinary in its offerings, with a diverse faculty whose areas of research and approaches to teaching offer Hunter students a wide spectrum of historical, post-modern, theoretical, textual, and socio-cultural approaches to literary study, rhetoric and composition, linguistics and language, and creative writing. The department encourages disciplined, original thinking and writing while its small classes promote learning through stimulating discussions.
Introductory and intermediate courses present a wide range of literary forms, periods and genres. Students who major in English choose one of four concentrations: Literatures, Language and Criticism; Creative Writing; Adolescent Education (a concentration designed for prospective high school teachers), or English Language Arts. Qualified students may enroll in honors seminars and tutorials. The English Department participates in Hunter’s interdisciplinary programs in Asian American Studies, Comparative Literature, Women’s and Gender Studies, and Religion. The English major provides a foundation for careers in writing, teaching, journalism, publishing, law, business, or any other career that depends on the ability to read analytically and write effectively.

ENGL 22000 - Introduction to Writing about Literature (W) is a prerequisite to all literature courses numbered above 22000 in the English Department. Students who plan to major in English should take no more than 6 credits past ENGL 22000 before declaring the major.

Prerequisite for all 300- and 400-level writing courses (except ENGL 30100) is ENGL 30000 - Introduction to Creative Writing. Students must pass this course with a minimum grade of B to major in creative writing.

Undergraduate Major
Concentration in Creative Writing (30 cr)

The concentration in Creative Writing is designed to provide students with an informed appreciation of the depth and breadth of literature written in English, as well as the opportunity to develop their own interests and skills in creative writing. Students concentrating in Creative Writing take four required courses in literature, and at least four creative writing workshops.

This concentration consists of 3 parts:

A. Four Required Literature Courses (12 cr)

ENGL 33800 - Survey of British Literature I: Early Texts To the Eighteenth Century

A survey of British Literature from its earliest manifestations to the eighteenth century, encompassing a range of authors and genres in their cultural, social, and historical contexts.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 39500 - Survey of American Literature: Origins to the Civil War (W)

GER 3/A
A survey of American literature up to the Civil War, encompassing a range of authors and genres in their cultural, social, and historical contexts.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 39600 - American Prose from Reconstruction to World War I

GER 3/A
Study of selected prose works in their historical, cultural, and literary contexts. Authors may include Twain, James, Crane, Du Bois, Wharton, Dreiser, Chesnutt, and Chopin.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 39700 - Pre-20th Century American Poetry

GER 3/A
Study of selected poets in their historical, cultural, and literary contexts. Authors may include Bradstreet, Taylor, Wheatley, Poe, Emerson, Lazarus, Whitman, Dickinson, Dunbar, and Robinson.
prereq: ENGL 22000
3 hrs 3 cr.

3. One course chosen from the following courses in Multi-Ethnic or Transnational Literatures written in English:

ENGL 31800 - Topics in Literature of Non-European Americans (W)
Comparative study of literature written in English by writers from two or more of the following groups, in relation to a particular literary, cultural, historical, or theoretical theme: African Americans, Asian Americans, Latino Americans, Native Americans, and Caribbean Americans.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 32000 - Multi-Ethnic American Literature (W)

GER 3/A PD/B
Study of American writers of diverse backgrounds, which may include, Asian, African, Latino, Jewish, and Native American, in their historical and cultural contexts.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 32100 - Topics in African American Literature

GER 3/A PD/B
Study of selected works by African American writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 32400 - Topics in Native American Literature

GER 3/A PD/B
Study of selected works by Native American writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 32500 - Post-Colonial Literature in English (W)

GER 3/A
Study of postcolonial literature written in English and in translation by writers from a number of different regions, which may include South Asia, Africa, the Caribbean, and the Middle East.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 32700 - Topics in Caribbean Literature (W)

GER 3/A PD/A
Study of selected works by Caribbean writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.

prereq: ENGL 22000
3 hrs 3 cr.

4. One course chosen from the following courses in Literary Theory, Linguistics, or Rhetoric
ENGL 30600 - Literary Theory (W)

GER 3/A
Major theories of literature, with emphasis on contemporary trends.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 33100 - The Structure of Modern English

Exploration of the acquisition, structure, and use of modern English and its regional and social variations.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 33200 - History of the English Language (W)

The diversity and spread of English across the globe. The effects of language contact on English.
prereq: ENGL 22000
3 hrs 3 cr.

B. Four Required Creative Writing Workshops (12 cr)

All students who are planning to concentrate in creative writing must first take the three-genre

ENGL 30000 - Introduction to Creative Writing

GER 3/A
An introduction to creative writing with a primary focus on poetry, fiction and creative nonfiction, including expository
writing, workshop exercises and an introduction to workshop methods.
Students must pass this course with a B to major in creative Writing. Prerequisite for all 300-level writing courses,
except ENGL 30100.
prereq: ENGL 22000
3 hrs 3 cr.

and pass it with a grade of B or higher

After successfully completing English 30000 with a grade of B or higher, students take 3 more creative
writing workshops from the following, at least one of which must be a level-II workshop

ENGL 30900 - Workshop in Non-Fiction II

GER 3/A
A continuation of Workshop in Non-Fiction I, with increasing emphasis on craft and revision.

This course may be repeated once for credit.
prereq: ENGL 30000 and 30800
3 hrs 3 cr.
**ENGL 31100 - Workshop in Fiction I**

GER 3/A  
Using student work and literary models as a basis for discussion, this workshop class offers students the opportunity to develop their skills as writers and readers of fiction.  
prereq: ENGL 30000  
3 hrs 3 cr.

**ENGL 31300 - Workshop in Fiction II**

GER 3/A  
A continuation of ENGL 31100, with increasing emphasis on craft and revision.  
This course may be repeated once for credit.  
prereq: ENGL 30000 and ENGL 31100  
3 hrs 3 cr.

**ENGL 31400 - Workshop in Poetry I**

GER 3/A  
Using student work and literary models as a basis for discussion, this workshop class offers students the opportunity to develop their skills as writers and readers of poetry.  
prereq: ENGL 30000  
3 hrs 3 cr.

**ENGL 31600 - Workshop in Poetry II**

GER 3/A  
A continuation of ENGL 31400, with increasing emphasis on craft and revision.  
This course may be repeated once for credit.  
prereq: ENGL 30000 and ENGL 31400  
3 hrs 3 cr.

**ENGL 48400 - Special Studies Seminar**

GER 3/A  
Topics in British and American literature or linguistics. Some topics satisfy PD requirements; check the schedule of classes and with the undergraduate adviser.  
3 hrs 3 cr.

**C. Two Electives (6 cr.)**

Electives may be chosen from any of the department’s 300-or 400-level courses, including, if the student is eligible, one of the Honors Seminars (ENGL 48400). In special cases, full-time faculty may find it appropriate to supervise a student who is interested in taking an individual creative project for 3 credits; this option is listed in the catalog, and in semester-by-semester class postings, as ENGL 48500 - Individual Tutorial Project. Successful completion of such a course may also, if arranged beforehand, qualify as an Honors course.

**Concentration in English Language Arts**
The concentration in English Language Arts is designed to provide students with experience in the study of literature, language, rhetoric, and writing. While it is designed and intended primarily for prospective elementary school teachers, the concentration is open to all students. Students take four required literature courses, two required courses in language and/or rhetoric, and two required courses in writing. The remaining two courses are electives and may be chosen from among the following: any of the English department’s 300- or 400-level literature courses, including, if the student is eligible, one of the Honors seminars (ENGL 49400); any of the 300-level Creative Writing workshops for which the student has met the prerequisite(s); any 300- or 400-level courses in linguistics or literatures taught in English in other departments for which the student meets that department’s prerequisite(s); and selected Theatre courses (THEA 16100, THEA 32100, THEA 37600, THEA 37700, THEA 37800 ) for which the student meets that department’s prerequisite(s). The English department strongly recommends that students choose at least one Language, Writing, or Modern/Contemporary Literature elective course.

This concentration consists of Four parts:

A. Four Required Literature Courses (12 cr.)

**ENGL 33800 - Survey of British Literature I: Early Texts To the Eighteenth Century**

A survey of British Literature from its earliest manifestations to the eighteenth century, encompassing a range authors and genres in their cultural, social, and historical contexts.

*prereq: ENGL 22000*

*3 hrs 3 cr.*

One course chosen from among the following courses in American Literature:

**ENGL 39500 - Survey of American Literature: Origins to the Civil War (W)**

GER 3/A
A survey of American literature up to the Civil War, encompassing a range of authors and genres in their cultural, social, and historical contexts.

*prereq: ENGL 22000*  
*3 hrs 3 cr.*

-or-

**ENGL 39600 - American Prose from Reconstruction to World War I**

GER 3/A
Study of selected prose works in their historical, cultural, and literary contexts. Authors may include Twain, James, Crane, Du Bois, Wharton, Dreiser, Chesnutt, and Chopin.

*prereq: ENGL 22000*  
*3 hrs 3 cr.*

-or-

**ENGL 39700 - Pre-20th Century American Poetry**

GER 3/A
Study of selected poets in their historical, cultural, and literary contexts. Authors may include Bradstreet, Taylor, Wheatley, Poe, Emerson, Lazarus, Whitman, Dickinson, Dunbar, and Robinson.

*prereq: ENGL 22000*  
*3 hrs 3 cr.*
ENGL 30500 - Studies in Children's Literature

GER 3/A
Selected works of children's literature in relation to a special theme, technique, theoretical issue, or cultural consideration.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 32000 - Multi-Ethnic American Literature (W)

GER 3/A PD/B
Study of American writers of diverse backgrounds, which may include, Asian, African, Latino, Jewish, and Native American, in their historical and cultural contexts.
prereq: ENGL 22000
3 hrs 3 cr.

B. Two Required Language and/or Rhetoric Courses (6 cr.)

ENGL 33100 - The Structure of Modern English

Exploration of the acquisition, structure, and use of modern English and its regional and social variations.
prereq: ENGL 22000
3 hrs 3 cr.

one course chosen from among the following:

ENGL 33200 - History of the English Language (W)

The diversity and spread of English across the globe. The effects of language contact on English.
prereq: ENGL 22000
3 hrs 3 cr.

-or-

ENGL 33300 - Topics in Language and Linguistics

GER 3/A
Exploration of language or linguistic systems in relation to their social and cultural contexts. Topics vary from semester to semester. May be repeated for credit with a different topic. Satisfies linguistics but not literature requirements.
prereq: ENGL 22000
3 hrs 3 cr.

C. Two Required Courses in Writing (6 cr.)

ENGL 30100 - Theory and Practice of Expository Writing

GER 3/A
Composition in variety of nonfiction prose forms and study of rhetorical theories.
prereq: ENGL 22000
3 hrs 3 cr.
One course chosen from the following:

**ENGL 30000 - Introduction to Creative Writing**

GER 3/A  
An introduction to creative writing with a primary focus on poetry, fiction and creative nonfiction, including expository writing, workshop exercises and an introduction to workshop methods.  
*Students must pass this course with a B to major in creative Writing. Prerequisite for all 300-level writing courses, except ENGL 30100.*  
*prereq: ENGL 22000*  
3 hrs 3 cr.  

-or-

**ENGL 30800 - Workshop in Non-Fiction I**

GER 3/A  
Using student work and literary models as a basis for discussion, this workshop class offers students the opportunity to develop their skills as writers and readers of various non-fiction genres, including memoir/autobiography and other forms of personal essays, review essays, occasional pieces, and philosophical essays.  
*prereq: ENGL 30000*  
3 hrs 3 cr.

Note:

*Students must take ENGL 30000 or 30100 before taking ENGL 30800.*

**D. Two Electives (6 cr.)**

Students may choose from among 300- or 400-level courses, including, if the student is eligible, one of the Honors Seminars (ENGL 49400). With prior approval of an advisor, students may also choose 300- or 400-level courses in linguistics or literatures taught in English in another department.

**Theatre Courses (with approval of English Department Adviser)**

With the prior approval of an adviser, students may also choose from among the following Theatre courses:

**THEA 16100 - Acting I: Basic Acting Techniques**

For intended majors and non-majors. Exploration of the fundamentals of acting technique through exercises and improvisation.  
*coreq:*  
3 hrs 3 cr.

**THEA 32100 - Play Analysis (W)**

GER 3/A PD/D  
Principles of play analysis; examination of play structure, theatrical form, and dramatic genre.  
*prereq: THEA 21100 or 21200 or 21300*  
3 hrs 3 cr.
THEA 37600 - Playwriting I (W)

GER 3/A
Study of problems in playwriting based on the student's own work.

prereq: THEA 10100 or perm instr.
3 hrs 3 cr.

THEA 37700 - Playwriting II

GER 3/A
Continued study of playwriting techniques, with emphasis on the structure and form of the full length play.

prereq: THEA 37600 or perm instr.
3 hrs 3 cr.

THEA 37800 - Scriptwriting for Young Audiences: Theatre, Film, and Television

GER 3/A

Note:

(Note: Some of the Theatre courses require students to take prerequisite courses in the Theatre department.)

At least one Language, Writing or Modern/Contemporary Literature elective course

It is strongly recommended that students choose at least one Language, Writing, or Modern/Contemporary Literature elective course.

Language, Rhetoric, and Writing choices may include: one of the courses in either category B. or C. (see above)

ENGL 30900 - Workshop in Non-Fiction II

GER 3/A
A continuation of Workshop in Non-Fiction I, with increasing emphasis on craft and revision.

This course may be repeated once for credit.

prereq: ENGL 30000 and 30800
3 hrs 3 cr.

ENGL 31100 - Workshop in Fiction I

GER 3/A
Using student work and literary models as a basis for discussion, this workshop class offers students the opportunity to develop their skills as writers and readers of fiction.

prereq: ENGL 30000
3 hrs 3 cr.

ENGL 31400 - Workshop in Poetry I
Using student work and literary models as a basis for discussion, this workshop class offers students the opportunity to develop their skills as writers and readers of poetry.

**prereq: ENGL 30000**
3 hrs 3 cr.

### Concentration in English: Preparation for Secondary School Teaching (30 cr)

The Concentration in English: Preparation for Secondary School Teaching is designed to prepare students to teach English in grades 7-12 by providing a foundation in British, American, and Multi-Ethnic literatures, as well as writing and language studies. Students choosing this concentration take 18 credits of required literature courses, 6 credits of required writing courses, a 3-credit language course, and one elective chosen from among 300- and 400-level courses offered by the Department. When taken together with the requirements for the secondary education sequence of the School of Education, (see Adolescent English, Grades 7-12 - BA) this program meets initial certification requirements for New York State and New York City public schools. Students interested in the Education sequence must apply to the School of Education for admission. Students who do not wish to pursue certification need not take the Secondary Education sequence. Eligible English: Preparation for Secondary School Teaching majors may pursue English Departmental Honors by taking ENGL 49400 - Honors Seminar: Special Studies.

*Note: The English Department strongly recommends that students take at least one modern or contemporary literature course.*

This concentration consists of four parts:

#### A. Six Required Literature Courses (18 cr)

**ENGL 33800 - Survey of British Literature I: Early Texts To the Eighteenth Century**

A survey of British Literature from its earliest manifestations to the eighteenth century, encompassing a range authors and genres in their cultural, social, and historical contexts.

*prereq: ENGL 22000*
3 hrs 3 cr.

**ENGL 30300 - Western Literary Backgrounds of British and American Literature**

PD/D
Major works of Western drama, poetry, and prose in translation, which may include the Bible and Greek and Roman epic, and exploration of their influence on works from other periods

*prereq: ENGL 22000*
3 hrs 3 cr.

**ENGL 30600 - Literary Theory (W)**
GER 3/A
Major theories of literature, with emphasis on contemporary trends.
prereq: ENGL 22000
3 hrs 3 cr.

4. One course chosen from the following:

**ENGL 35200 - Shakespeare Survey**

GER 3/A PD/D
A survey of Shakespeare's works from across his career.
prereq: ENGL 22000
3 hrs 3 cr.

-or-

**ENGL 35300 - Shakespeare I**

GER 3/A PD/D
Study of works from first half of Shakespeare's career.
prereq: ENGL 22000
3 hrs 3 cr.

-or-

**ENGL 35400 - Shakespeare II**

GER 3/A PD/D
Study of works from second half of Shakespeare's career.
prereq: ENGL 22000
3 hrs 3 cr.

5. One course chosen from the following:

**ENGL 39500 - Survey of American Literature: Origins to the Civil War (W)**

GER 3/A
A survey of American literature up to the Civil War, encompassing a range of authors and genres in their cultural, social, and historical contexts.
prereq: ENGL 22000
3 hrs 3 cr.

-or-

**ENGL 39600 - American Prose from Reconstruction to World War I**

GER 3/A
Study of selected prose works in their historical, cultural, and literary contexts. Authors may include Twain, James, Crane, Du Bois, Wharton, Dreiser, Chesnutt, and Chopin.
prereq: ENGL 22000
3 hrs 3 cr.

-or-
ENGL 39700 - Pre-20th Century American Poetry

GER 3/A
Study of selected poets in their historical, cultural, and literary contexts. Authors may include Bradstreet, Taylor, Wheatley, Poe, Emerson, Lazarus, Whitman, Dickinson, Dunbar, and Robinson.
prereq: ENGL 22000
3 hrs 3 cr.

6. One course chosen from the following:

ENGL 32000 - Multi-Ethnic American Literature (W)

GER 3/A PD/B
Study of American writers of diverse backgrounds, which may include, Asian, African, Latino, Jewish, and Native American, in their historical and cultural contexts.
prereq: ENGL 22000
3 hrs 3 cr.

-or-

ENGL 32500 - Post-Colonial Literature in English (W)

GER 3/A
Study of postcolonial literature written in English and in translation by writers from a number of different regions, which may include South Asia, Africa, the Caribbean, and the Middle East.
prereq: ENGL 22000
3 hrs 3 cr.

B. Required Writing Courses (6 cr)

ENGL 30100 - Theory and Practice of Expository Writing

GER 3/A
Composition in variety of nonfiction prose forms and study of rhetorical theories.
prereq: ENGL 22000
3 hrs 3 cr.

2. One course chosen from the following:

ENGL 30000 - Introduction to Creative Writing

GER 3/A
An introduction to creative writing with a primary focus on poetry, fiction and creative nonfiction, including expository writing, workshop exercises and an introduction to workshop methods.
Students must pass this course with a B to major in creative Writing. Prerequisite for all 300-level writing courses, except ENGL 30100.
prereq: ENGL 22000
3 hrs 3 cr.

-or-
ENGL 34100 - Rhetorical Principles of Expository Writing

GER 3/A
Course will focus on the relationship between rhetorical principles and academic writing.

*prereq: ENGL 22000
3 hrs 3 cr.*

C. Required Language Course (3 cr)

ENGL 33100 - The Structure of Modern English

Exploration of the acquisition, structure, and use of modern English and its regional and social variations.

*prereq: ENGL 22000
3 hrs 3 cr.*

D. Elective (3 cr)

Students may choose from among 300- or 400-level English courses, including, if the student is eligible, one of the Honors Seminars (ENGL 49400). It is strongly recommended that students consider choosing either a Modern/Contemporary Literature, Linguistics, Rhetoric, or Writing course to fulfill the Elective requirement.

Concentration in Linguistics and Rhetoric

Return to Programs and Courses in English

The concentration in Linguistics and Rhetoric is designed to provide students with a comprehensive course of study in the structures, uses, and ideologies of discourse in various types of texts, genres, and domains: from everyday talk to persuasive writing. Students will gain a complex understanding of spoken and written discourse by comparing a wide range of philosophical underpinnings, theoretical perspectives, and methodological approaches. This concentration is particularly suited for students who are interested in graduate study in Linguistics, Rhetoric, Applied Linguistics, and Teaching English to Speakers of Other Languages (TESOL).

Required Courses (27 cr.)

ENGL 33100 - The Structure of Modern English

Exploration of the acquisition, structure, and use of modern English and its regional and social variations.

*prereq: ENGL 22000
3 hrs 3 cr.*

Two additional courses in linguistics chosen from the following: 6 cr

ENGL 33000 - Sociolinguistics
This course introduces the study of language use in society in relation to class, gender, ethnicity, race, and age. The nature of language and language rights including pidgins, creoles, and dialects are examined. Critical discourse theory is introduced as part of the analysis of the relationship of language and education, social mobility and power.

**Prerequisite:** ENGL 22000  
3 hrs 3 cr

**ENGL 33200 - History of the English Language (W)**

The diversity and spread of English across the globe. The effects of language contact on English.

**Prerequisite:** ENGL 22000  
3 hrs 3 cr

**ENGL 33300 - Topics in Language and Linguistics**

GER 3/A  
Exploration of language or linguistic systems in relation to their social and cultural contexts. Topics vary from semester to semester. May be repeated for credit with a different topic. Satisfies linguistics but not literature requirements.

**Prerequisite:** ENGL 22000  
3 hrs 3 cr

**ENGL 34600 - Discourse Analysis**

Discourse analysis has been informed by several academic disciplines, including anthropology, linguistics, philosophy, literary theory, and sociology. Since there are many ways to define and analyze discourse, there exist multiple, and often conflicting, approaches to the study of language use. This course is an introduction to various methods of discourse analysis, which will be explored through critical reading and discussion, and through hands-on application of these methods on actual discourse data.

**Prerequisite:** ENGL 22000  
3 hrs 3 cr

**ENGL 34700 - Language and Ethnicity**

GER Pluralism & Diversity Group B  
This course explores the relationship between language and ethnicity with a primary focus on the United States. It examines how language is used in the construction of ethnic identities, and how ideologies about ethnicity influence the ways in which people use language. It is centered on class discussion of social scientific research that closely analyzes how ethnicity is performed in discursive interaction. The course investigates language use in relation to African American, Native American, U.S. Latino/a, Asian American, and European American identities, and covers topics, such as codeswitching, crossing, mocking, passing, interethnic communication, and language prejudice.

**Prerequisite:** ENGL 22000  
3 hrs 3 cr

**ENGL 34800 - English Across the World**

This course will examine the spread of English across the world in terms of two major processes: linguistic imperialism, or the imposition of the language from a colonial center on a colonized periphery, and macroacquisition, or the adoption and adaptation of English by speech communities themselves. The main geographical focus will be the former colonial territories of Britain and the United States in Asia and Africa. Class discussions will be guided by two texts that present opposing views of the historical processes in question and will be further illuminated by students’ own research on individual countries.
prereq: ENGL 22000
3 hrs 3 cr

ENGL 30100 - Theory and Practice of Expository Writing

GER 3/A
Composition in variety of nonfiction prose forms and study of rhetorical theories.
prereq: ENGL 22000
3 hrs 3 cr.

Two additional courses in rhetoric chosen from the following: 6 cr

ENGL 34000 - History of Rhetoric

GER 3/A
This course will explore canonical and marginalized developments in the history of rhetoric. Individual sections will concentrate on specific periods such as Ancient, Enlightenment, 20th-Century, etc.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 34100 - Rhetorical Principles of Expository Writing

GER 3/A
Course will focus on the relationship between rhetorical principles and academic writing.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 34200 - Topics in Rhetoric

GER 3/A
Topics vary from semester to semester. Course will focus on the persuasive function of language in relation to a special theme, theoretical issue, or cultural consideration. May be repeated once for credit with a different topic.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 33800 - Survey of British Literature I: Early Texts To the Eighteenth Century

A survey of British Literature from its earliest manifestations to the eighteenth century, encompassing a range authors and genres in their cultural, social, and historical contexts.
prereq: ENGL 22000
3 hrs 3 cr.
One additional course in literature chosen from the following: 3 cr

**ENGL 39500 - Survey of American Literature: Origins to the Civil War (W)**

GER 3/A  
A survey of American literature up to the Civil War, encompassing a range of authors and genres in their cultural, social, and historical contexts.  
*prereq: ENGL 22000*  
3 hrs 3 cr.

**ENGL 39600 - American Prose from Reconstruction to World War I**

GER 3/A  
Study of selected prose works in their historical, cultural, and literary contexts. Authors may include Twain, James, Crane, Du Bois, Wharton, Dreiser, Chesnutt, and Chopin.  
*prereq: ENGL 22000*  
3 hrs 3 cr.

**ENGL 39700 - Pre-20th Century American Poetry**

GER 3/A  
Study of selected poets in their historical, cultural, and literary contexts. Authors may include Bradstreet, Taylor, Wheatley, Poe, Emerson, Lazarus, Whitman, Dickinson, Dunbar, and Robinson.  
*prereq: ENGL 22000*  
3 hrs 3 cr.

One additional course in literature chosen from the following: 3 cr

**ENGL 31700 - Topics in Non-European Literary Traditions (W)**

GER 3/A PD/A  
Study of literature written in English by writers in non-European traditions, in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester  
*prereq: ENGL 22000*  
3 hrs 3 cr.

**ENGL 31800 - Topics in Literature of Non-European Americans (W)**

GER 3/A PD/B  
Comparative study of literature written in English by writers from two or more of the following groups, in relation to a particular literary, cultural, historical, or theoretical theme: African Americans, Asian Americans, Latino Americans, Native Americans, and Caribbean Americans.  
*prereq: ENGL 22000*  
3 hrs 3 cr.

**ENGL 32000 - Multi-Ethnic American Literature (W)**

GER 3/A PD/B  
Study of American writers of diverse backgrounds, which may include, Asian, African, Latino, Jewish, and Native
American, in their historical and cultural contexts.
prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 32100 - Topics in African American Literature**

GER 3/A PD/B
Study of selected works by African American writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.
prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 32300 - Topics in Asian American Literature**

Selected works by Asian American writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with another topic.
prereq: ENGL 22000
3 hrs. 3 cr.

**ENGL 32400 - Topics in Native American Literature**

GER 3/A PD/B
Study of selected works by Native American writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.

prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 32500 - Post-Colonial Literature in English (W)**

GER 3/A
Study of postcolonial literature written in English and in translation by writers from a number of different regions, which may include South Asia, Africa, the Caribbean, and the Middle East.
prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 32600 - Topics in US Latina/o Literature**

Selected works by US Latina/o writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with another topic.
prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 32700 - Topics in Caribbean Literature (W)**

GER 3/A PD/A
Study of selected works by Caribbean writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.
prereq: ENGL 22000 3 hrs 3 cr.

ENGL 32900 - Topics in Cross-Cultural Literature in English (W)

GER 3/A
Study of selected works of cross-cultural world literature in English in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.
prereq: ENGL 22000 3 hrs 3 cr.

Elective Course (3 cr.)

Students may select an elective from any 300- or 400-level English courses

ENGL 30600 - Literary Theory (W)

GER 3/A
Major theories of literature, with emphasis on contemporary trends.
prereq: ENGL 22000 3 hrs 3 cr.

ANTHC 15100 - Introduction to Linguistics

GER 2/B
Structure and analysis of human languages; language history; language in society, culture and mind; language universals.
3 hrs 3 cr.

- or -

ANTHC 32076 - Language, Sex and Gender

PD/C GER 3B
cross-listed WGS 300.53
prereq: ANTHC 15100 or permission from instructor and or department
3 hrs 3 cr.

- or -

CLA 11000 - The Greek and Latin Roots of English

GER 2/C
Elements of language structure; how languages work; elements of Latin and Greek in English vocabulary.
3 hrs 3 cr.

PHILO 10300 - Introduction to Logic and Critical Thinking

GER 2/C
Recognizing arguments; traditional logic including concepts, propositions, categorical, hypothetical and disjunctive
syllogisms; argument structure, natural language argumentation, fallacies.

*3 hrs 3 cr.
offered each semester*

**Note**

ENGL 33300 and ENGL 34200 may be taken multiple time in different topics to fulfill both required and elective courses

**Concentration in Literatures, Language and Criticism (30 cr)**

Return to Programs and Courses in English

Majors who plan to concentrate in Literatures, Language and Criticism take four required courses and three courses in a specialized area of study. The Department recommends that students take the four required courses early in their major studies, preferably soon after they have declared the major. The Literatures, Language and Criticism concentration is designed to provide students with exposure to a range of literary texts and traditions, as well as to a specific area of study in which to focus. The first two areas of study reflect particular national literatures, but the remaining four are designed with broader approaches to literary study in mind. With prior approval, a student may also work with an advisor to design her own area of study.

This concentration consists of three parts:

**Required Courses (12 credits)**

The following four courses are required for all students in this concentration:

**ENGL 33800 - Survey of British Literature I: Early Texts To the Eighteenth Century**

A survey of British Literature from its earliest manifestations to the eighteenth century, encompassing a range authors and genres in their cultural, social, and historical contexts.

*prereq: ENGL 22000
3 hrs 3 cr.*

**ENGL 39500 - Survey of American Literature: Origins to the Civil War (W)**

GER 3/A

A survey of American literature up to the Civil War, encompassing a range of authors and genres in their cultural, social, and historical contexts.

*prereq: ENGL 22000
3 hrs 3 cr.*

**ENGL 30600 - Literary Theory (W)**

GER 3/A

Major theories of literature, with emphasis on contemporary trends.

*prereq: ENGL 22000
3 hrs 3 cr.*
ENGL 32000 - Multi-Ethnic American Literature (W)

GER 3/A PD/B
Study of American writers of diverse backgrounds, which may include, Asian, African, Latino, Jewish, and Native American, in their historical and cultural contexts.  
prereq: ENGL 22000  
3 hrs 3 cr.

Required Area of Study (9 cr.)

Students in this concentration must take three additional courses in one of the areas below. Particularly motivated students may also obtain prior approval from an advisor to design an area of their own choosing (e.g. literature by genre or by historical period, literary theory, cultural studies).

1. British and/or Irish Literatures
2. American Literatures, including African American, Asian American, Latino, and Native American
3. Transnational and/or Postcolonial Studies
4. Gender and Sexuality Studies
5. Race, Ethnicity, and/or Class Studies
6. Linguistics, Language, and/or Rhetoric

Electives (9 cr.)

The remaining three courses in the major are electives, chosen by the student.

English - BA

Major

The English Department offers students four concentrations: Literatures, Language and Criticism; Creative Writing; English Language Arts; and Preparation for Secondary School Teaching. Thirty credits (10 classes) in 300- and 400-level courses are required for each concentration. Up to 6 credits in the major sequence may be taken for CR/NC.

Concentration in Literatures, Language and Criticism (30 cr)
Concentration in Creative Writing (30 cr)
Concentration in English Language Arts

Concentration in English: Preparation for Secondary School Teaching (30 cr)
Concentration in Linguistics and Rhetoric

Literatures, Language and Criticism Concentration

Majors who plan to concentrate in Concentration in Literatures, Language and Criticism (30 cr) take four required courses, and three courses in a specialized area of study. The department recommends that students take the four required courses early in their major studies, preferably soon after they have declared the major. The Literatures, Language and Criticism concentration is designed to provide students with exposure to a range of literary texts and traditions, as well as to a specific area of study in which to focus. The first two areas of study reflect particular national literatures, but the remaining four are designed with broader approaches to literary study in mind. With prior approval, a student may also work with an adviser to design her own area of study.

Creative Writing Concentration

The Concentration in Creative Writing (30 cr) is designed to provide students with an informed appreciation of the depth and breadth of literature written in English, as well as the opportunity to develop their own interests and skills in creative writing. Students concentrating in Creative Writing take four required courses in literature, and at least four creative writing workshops. The four literature requirements are: 1) ENGL 338; 2) ENGL 395, 396, or 397; 3) ENGL 318, 320, 321, 324, 325, or 327; and 4) ENGL 306, 331, 332, or 340. The first workshop for ALL students is the 3-genre workshop ENGL 300: Introduction to Creative Writing, which must be passed with a grade of B or higher in order to qualify for this concentration. After successfully completing ENGL 300, students are required to take a minimum of three additional workshops, beginning with the level-I workshop in the genre(s) in which they are interested: ENGL 308, 311, or 314. Students are required to take at least one level-II workshop (ENGL 309, 313, or 316) after completing the level-I workshop in that genre. Students may also take one of the Special topics genre workshops (ENGL 484) after completing both 300-level workshops in that genre. The remaining two courses for the major are electives and may be chosen from any of the department’s 300- or 400-level courses, including, if the student is eligible, one of the Honors Seminars (ENGL 494). In special cases, full-time faculty may find it appropriate to supervise a student who is interested in taking on an individual creative project; this option is listed in the catalogue, and in semester-by-semester class postings, as ENGL 485: Independent Tutorial Study. Successful completion of such a course may also, if arranged beforehand, qualify as an Honors course.

English Language Arts Concentration

The Concentration in English Language Arts is designed to provide students with experience in the study of literature, language, rhetoric, and writing. While it is designed and intended primarily for prospective elementary school teachers, the concentration is open to all students. Students take four required literature courses, two required courses in language and/or rhetoric, and two required courses in writing. The remaining two courses are electives and may be chosen from among the following: any of the English department’s 300- or 400-level literature courses, including, if the student is eligible, one of the Honors seminars (ENGL 494); any of the 300-level Creative Writing workshops for which the student has met the prerequisite(s); any 300- or 400-level courses in linguistics or literatures taught in English in other departments for which the student meets that department’s prerequisite(s); and selected Theatre courses (160, 161, 321, 376, 377, 378) for which the student meets that department’s prerequisite(s). The English department strongly recommends that students choose at least one Language, Writing, or Modern/Contemporary Literature elective course.

Concentration in Preparation for Secondary School Teaching
The Concentration in English: Preparation for Secondary School Teaching (30 cr) is designed to prepare students to teach English in grades 7-12 by providing a foundation in British, American, and Multi-Ethnic literatures, as well as writing and language studies. Students choosing this concentration take 18 credits of required literature courses, 6 credits of required writing courses, a 3-credit language course, and one elective chosen from among 300- and 400-level courses offered by the Department. When taken together with the requirements for the Secondary Education minor of the School of Education, this program meets initial certification requirements for New York State and New York City public schools. Students interested in the Education minor must apply to the School of Education for admission. Students who do not wish to pursue certification need not take the Secondary Education minor. Eligible English: Preparation for Secondary School Teaching majors may pursue English Departmental Honors by taking ENGL 49400 - Honors Seminar: Special Studies.

Concentration in Linguistics and Rhetoric

The Concentration in Linguistics and Rhetoric is designed to provide students with a comprehensive course of study in the structures, uses, and ideologies of discourse in various types of texts, genres, and domains: from everyday talk to persuasive writing. Students will gain a complex understanding of spoken and written discourse by comparing a wide range of philosophical underpinnings, theoretical perspectives, and methodological approaches. This concentration is particularly suited for students who are interested in graduate study in Linguistics, Rhetoric, Applied Linguistics, and Teaching English to Speakers of Other Languages (TESOL).

Note: The English Department strongly recommends that students take at least one modern or contemporary literature course.

Honors

In order to qualify for departmental honors, students must take the Honors Seminar (ENGL 49400) and write an honors essay. The essay is normally written in relation to the Honors Seminar and under the supervision of the professor teaching the seminar. To take the Honors Seminar, students must first complete at least 24 credits of 300- and/or 400-level English classes with a GPA of at least 3.5 in those courses and an overall GPA of at least 2.8. Of these credits, 21 (or in exceptional cases, 18) must be taken at Hunter. The Honors Seminar requirement is in addition to the specified required courses in the student’s concentration. Students interested in pursuing departmental honors should consult an undergraduate adviser. Please see the college rules on Academic Honors for more information in Academic Programs and Policies.

ENGL 49400 - Honors Seminar: Special Studies

GER 3/A PD/C
Topics in British and American literature and linguistics. May be taken a second time in another subject. Some topics satisfy PD requirements; check the schedule of classes and with the undergraduate adviser.
1 sem 3 cr.

Note(s)

The Honors Seminar requirement is in addition to the specified courses in the student’s major concentration. Students interested in departmental honors should consult the undergraduate adviser.

Minor in English

The English Department offers a 12-credit minor that provides students with an opportunity to pursue interests in literature, language, rhetoric, composition, and creative writing at the intermediate and advanced levels. Students may
declare the Minor only after completing ENGL 22000 - Introduction to Writing about Literature (W), the prerequisite for all English courses above the 220 level. Students minoring in English may choose four courses (12 cr.) from among 200- and 300-level literature, language, rhetoric, or writing offerings, with a minimum of two 300-level courses necessary to satisfy the Minor requirements. Students who wish to take Creative Writing workshops in any of the three genres offered (Fiction, Poetry, and Creative Non-Fiction) must first pass ENGL 30000 - Introduction to Creative Writing, with a minimum grade of B.

Note:

NOTE: English 22000 does not count towards fulfillment of the Minor. ENGL 21800 - Advanced Expository Writing, may be used towards fulfillment of the Minor requirements, but ENGL 20100 - Intermediate Expository Writing Using Small-Group Methods, may not. English minors may not take 400-level courses.

Undergraduate Minor

Minor in English

The English Department offers a 12-credit minor that provides students with an opportunity to pursue interests in literature, language, rhetoric, composition, and creative writing at the intermediate and advanced levels. The prerequisite to declare a minor is ENGL 22000 - Introduction to Writing about Literature (W). Students minoring in English may choose four courses (12 cr.) from among 200- and 300-level literature, language, or writing offerings, with a minimum of two 300-level courses necessary to satisfy the Minor requirements. Students who wish to take Creative Writing workshops in any of the three genres offered (Fiction, Poetry, and Creative Non-Fiction) must first pass ENGL 30000 - Introduction to Creative Writing, with a minimum grade of B.

NOTE: No course below English 22000 counts towards fulfillment of the Minor except ENGL 21800 - Advanced Expository Writing. English minors may not take 400-level courses.

English: Courses for English Language Learners

ENGL 00200SL - Reading II

3 hrs 2 cr.

ENGL 00400SL - English for Bilingual Students II

Frequent paragraphs and essays: organizing, correcting grammar and sentence structure. Placement test required.
6 hrs + conf 1 cr.

ENGL 00500SL - English for Bilingual Students III

Frequent essays: organizing ideas, revising, improving sentence variety, idiomatic structure. Placement test required.
3 hrs + conf 2 cr.
English: Introductory and Intermediate Literature Courses

ENGL 22000 - Introduction to Writing about Literature (W)
GER 2/A
Analytical writing and close reading in British and American fiction, drama, poetry, and literary criticism, with an emphasis on further development of critical writing and research skills. Students gain a deeper understanding and appreciation of literature as well as more extensive experience with academic writing.
prereq: ENGL 12000
3 hrs + one additional conference hour 3 cr.

ENGL 25000 - Topics in Literature
GER 2/C, PD/A or B or C or D
Specific critical and thematic approaches to selected works of literature written in English. Course may be taken twice if the topic differs, but not more than twice. Some topics in ENGL 250 satisfy PD requirements in categories A, B, C, or D. Check in the schedule of classes and with an undergraduate adviser.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 25100 - Topics in Literature
GER 2/C PD/A
Specific critical and thematic approaches to selected works of literature written in English. Course may be taken twice if the topic differs, but not more than twice. Some topics in ENGL 250 satisfy PD requirements in categories A, B, C, or D. Check in the schedule of classes and with an undergraduate adviser.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 25400 - Survey of British Literature II: the Eighteenth Century to the Present
GER 3/A P/D D
Chronologically arranged readings in British literature from the 18th to the 20th century.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 25500 - Topics in Non-European Literary Traditions (W)
GER 3/A PD/A
Each course examines literature written in the English language by writers in non-European traditions. May be repeated once for credit with a different topic.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 25600 - Topics in Literature by Non-European Americans (W)
GER 3/A PD/B
Each course is an examination of one or more of the following groups: African Americans, Asian Americans, Latino
Americans, Native Americans and Caribbean Americans. May be repeated once for credit with a different topic.

**ENGL 25800 - Topics in Literature by Women (W)**

GER 3/A PD/C
Selected works by women written in English will be studied with emphasis on the diversity of women's lives and the effect of gender on experience. May be repeated once for credit with a different topic.

*cross-listed WGS 25800 (W)*

prereq: ENGL 22000
3 hrs 3 cr.

English: Advanced Literature, Linguistics and Rhetoric Courses

**ENGL 30200 - Introduction to Literary Analysis (W)**

GER 3/A
Study of selected authors, works, genres, or time periods emphasizing various modes of critical analysis and methods of research.

prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 30300 - Western Literary Backgrounds of British and American Literature**

PD/D
Major works of Western drama, poetry, and prose in translation, which may include the Bible and Greek and Roman epic, and exploration of their influence on works from other periods

prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 30500 - Studies in Children’s Literature**

GER 3/A
Selected works of children's literature in relation to a special theme, technique, theoretical issue, or cultural consideration.

prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 30600 - Literary Theory (W)**

GER 3/A
Major theories of literature, with emphasis on contemporary trends.

prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 31700 - Topics in Non-European Literary Traditions (W)**
GER 3/A PD/A
Study of literature written in English by writers in non-European traditions, in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester.

*prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 31800 - Topics in Literature of Non-European Americans (W)**

GER 3/A PD/B
Comparative study of literature written in English by writers from two or more of the following groups, in relation to a particular literary, cultural, historical, or theoretical theme: African Americans, Asian Americans, Latino Americans, Native Americans, and Caribbean Americans.

*prereq: ENGL 22000
3 hrs 3 cr.

ENGL 31900 - Topics in Literature by Women (W)

GER 3/A PD/C
Study of selected works by women in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester.

cross-listed WGS 31900
*prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 32000 - Multi-Ethnic American Literature (W)**

GER 3/A PD/B
Study of American writers of diverse backgrounds, which may include, Asian, African, Latino, Jewish, and Native American, in their historical and cultural contexts.

*prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 32100 - Topics in African American Literature**

GER 3/A PD/B
Study of selected works by African American writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.

*prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 32200 - Topics in Gender and Sexuality in Literature**

Study of selected works examining gender and sexuality in literature in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.

*prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 32300 - Topics in Asian American Literature**
Selected works by Asian American writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with another topic.

*prereq: ENGL 22000
3 hrs 3 cr.*

**ENGL 32400 - Topics in Native American Literature**

GER 3/A PD/B
Study of selected works by Native American writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.

*prereq: ENGL 22000
3 hrs 3 cr.*

**ENGL 32500 - Post-Colonial Literature in English (W)**

GER 3/A
Study of postcolonial literature written in English and in translation by writers from a number of different regions, which may include South Asia, Africa, the Caribbean, and the Middle East.

*prereq: ENGL 22000
3 hrs 3 cr.*

**ENGL 32600 - Topics in US Latina/o Literature**

Selected works by US Latina/o writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with another topic.

*prereq: ENGL 22000
3 hrs 3 cr.*

**ENGL 32700 - Topics in Caribbean Literature (W)**

GER 3/A PD/A
Study of selected works by Caribbean writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.

*prereq: ENGL 22000
3 hrs 3 cr.*

**ENGL 32900 - Topics in Cross-Cultural Literature in English (W)**

GER 3/A
Study of selected works of cross-cultural world literature in English in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.

*prereq: ENGL 22000
3 hrs 3 cr.*

**ENGL 33000 - Sociolinguistics**
This course introduces the study of language use in society in relation to class, gender, ethnicity, race, and age. The nature of language and language rights including pidgins, creoles, and dialects are examined. Critical discourse theory is introduced as part of the analysis of the relationship of language and education, social mobility and power.

prereq: ENGL 22000
3 hrs 3 cr

**ENGL 33100 - The Structure of Modern English**

Exploration of the acquisition, structure, and use of modern English and its regional and social variations.

prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 33200 - History of the English Language (W)**

The diversity and spread of English across the globe. The effects of language contact on English.

prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 33300 - Topics in Language and Linguistics**

GER 3/A
Exploration of language or linguistic systems in relation to their social and cultural contexts. Topics vary from semester to semester. May be repeated for credit with a different topic. Satisfies linguistics but not literature requirements.

prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 33400 - Beowulf and Other Early Texts**

This course will introduce students to the Old English language through the study of its literature, and it will be organized around a topic to be determined by a faculty member. Students will learn the fundamentals of Old English grammar and pronunciation so that they can read Old English texts with the aid of a dictionary; hence students will deepen their research and writing skills.

prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 33500 - Chaucer**

GER 3/A PD/D
Study of Chaucer, with emphasis on The Canterbury Tales.

prereq: ENGL 22000
3 hrs 3 cr.

**ENGL 33600 - Medieval Literature (1100-1500)**

GER 3/A
A survey of selected works from across the medieval period, encompassing a range of authors and literary genres.

prereq: ENGL 22000
3 hrs 3 cr.
ENGL 33700 - Literary Aspects of Folklore

GER 3/A
Studies of folktales, ballads and legends in their relationship to written literature.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 33800 - Survey of British Literature I: Early Texts To the Eighteenth Century

A survey of British Literature from its earliest manifestations to the eighteenth century, encompassing a range authors and genres in their cultural, social, and historical contexts.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 33900 - Survey of British Literature II: The Eighteenth Century to the Present

A survey of British Literature from the eighteenth century to the present, encompassing a range of authors and genres, and employing a variety of interpretive strategies.
3 hrs 3 cr.

ENGL 34000 - History of Rhetoric

GER 3/A
This course will explore canonical and marginalized developments in the history of rhetoric. Individual sections will concentrate on specific periods such as Ancient, Enlightenment, 20th-Century, etc.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 34100 - Rhetorical Principles of Expository Writing

GER 3/A
Course will focus on the relationship between rhetorical principles and academic writing.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 34200 - Topics in Rhetoric

GER 3/A
Topics vary from semester to semester. Course will focus on the persuasive function of language in relation to a special theme, theoretical issue, or cultural consideration. May be repeated once for credit with a different topic.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 34600 - Discourse Analysis
Discourse analysis has been informed by several academic disciplines, including anthropology, linguistics, philosophy, literary theory, and sociology. Since there are many ways to define and analyze discourse, there exist multiple, and often conflicting, approaches to the study of language use. This course is an introduction to various methods of discourse analysis, which will be explored through critical reading and discussion, and through hands-on application of these methods on actual discourse data.

**ENGL 34700 - Language and Ethnicity**

GER Pluralism & Diversity Group B
This course explores the relationship between language and ethnicity with a primary focus on the United States. It examines how language is used in the construction of ethnic identities, and how ideologies about ethnicity influence the ways in which people use language. It is centered on class discussion of social scientific research that closely analyzes how ethnicity is performed in discursive interaction. The course investigates language use in relation to African American, Native American, U.S. Latino/a, Asian American, and European American identities, and covers topics, such as codeswitching, crossing, mocking, passing, interethnic communication, and language prejudice.

**ENGL 34800 - English Across the World**

This course will examine the spread of English across the world in terms of two major processes: linguistic imperialism, or the imposition of the language from a colonial center on a colonized periphery, and macroacquisition, or the adoption and adaptation of English by speech communities themselves. The main geographical focus will be the former colonial territories of Britain and the United States in Asia and Africa. Class discussions will be guided by two texts that present opposing views of the historical processes in question and will be further illuminated by students’ own research on individual countries.

**ENGL 35000 - Renaissance Drama**

GER 3/A
A survey of English Renaissance drama in its cultural, social, and historical context, excluding Shakespeare. Authors may include Marlowe, Jonson, Cary, Webster, Dekker, and Middleton

**ENGL 35100 - The Age of Elizabeth I**

GER 3/A PD/D
Major emphasis on the work of Spenser; readings in other Elizabethan poetry and prose.

**ENGL 35200 - Shakespeare Survey**

GER 3/A PD/D
A survey of Shakespeare's works from across his career.
ENGL 35300 - Shakespeare I

GER 3/A PD/D
Study of works from first half of Shakespeare's career.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 35400 - Shakespeare II

GER 3/A PD/D
Study of works from second half of Shakespeare's career.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 35500 - Topics in Shakespeare (W)

GER 3/A
Study of Shakespeare’s works in relation to a particular literary, historical, or theoretical theme
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 35900 - Topics in Seventeenth-Century Literature

Poetry, prose and/or drama of the seventeenth century. Representative authors may include John Donne, Ben Jonson, Amilia Lanyer, Katherine Philips, John Milton, George Herbert, Lady Mary Wroth, Francis Bacon and Andrew Marvell.
prereq: ENGL 22000
3 hrs 3 cr

ENGL 36000 - The 17th Century

GER 3/A PD/D
A survey of representative works from the period in their cultural, social, and historical contexts. Authors may include Donne, Cary, Philips, Marvell, Herrick, Milton, and Rochester.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 36100 - Milton

GER 3/A PD/D
Poetry and selected prose of Milton, with special emphasis on Paradise Lost.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 36200 - English Drama of Restoration and 18th Century
GER 3/A PD/D
A survey of representative works of the period in their cultural, social, and historical contexts. Authors may include Behn, Etherege, Wycherley, Dryden, Otway, Congreve, Centlivre, Gay, Goldsmith and Sheridan.
 prereq: ENGL 22000
3 hrs 3 cr.

ENGL 36300 - Topics in Milton

Study of Milton’s works in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with another topic.
 prereq: ENGL 22000
3 hrs 3 cr

ENGL 36400 - The Age of Satire

GER 3/A PD/D
A survey of poetry and non-fiction prose in their cultural, social, and historical contexts. Authors may include Dryden, Manley, Pope, Montagu and Swift.
 prereq: ENGL 22000
3 hrs 3 cr.

ENGL 36500 - The Later 18th Century

GER 3/A PD/D
A survey of poetry and non-fiction prose in its cultural, social, and historical contexts. Authors may include Johnson, Boswell, Blake, and Smith.
 prereq: ENGL 22000
3 hrs 3 cr.

ENGL 36800 - The 18th Century English Novel

GER 3/A PD/D
A survey of representative novels of the period in their cultural, social, and historical contexts. Authors may include Behn, Haywood, Fielding, Richardson, Sterne, Burney, and Austen.
 prereq: ENGL 22000
3 hrs 3 cr.

ENGL 36900 - The 19th Century English Novel

GER 3/A PD/D
Major emphasis on Dickens, Thackeray, the Brontës, George Eliot, Hardy and Meredith.
 prereq: ENGL 22000
3 hrs 3 cr.

ENGL 37100 - Topics in Romantic Literature

Study of selected works and writers of the British Romantic period in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with another topic.
prereq: ENGL 22000
3 hrs 3 cr

ENGL 37200 - Romantic Poetry

GER 3/A PD/D
Study of major poets of the Romantic period in their cultural, social, and historical contexts. Authors may include Wordsworth, Coleridge, Byron, Shelley, Keats, Blake, Clare, Barbauld, Smith and Yearsley.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 37300 - Victorian Literature (W)

GER 3/A PD/D
A survey of representative works of the period in their cultural, social, and historical contexts. Authors may include Tennyson, Browning, Arnold, the Rossettis, Swinburne, Carlyle, Ruskin, Newman, Dickens, the Brontes, George Eliot, and Thackeray.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 37400 - 20th and 21st Century British and Irish Poetry

GER 3/A PD/D
Study of various poetries and poetry movements emergent in the 20th and 21st centuries in their cultural, social, and historical contexts.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 37500 - 20th and 21st Century American Poetry

GER 3/A
Study of various poetries and poetry movements emergent in the 20th and 21st centuries in their cultural, social, and historical contexts
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 37600 - 20th and 21st Century British and Irish Fiction

GER 3/A PD/D
Study of representative fiction in its cultural, social, and historical contexts.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 37700 - 20th and 21st Century American Fiction

GER 3/A
Study of representative fiction in its cultural, social, and historical contexts
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 37800 - 20th and 21st Century British and Irish Drama

GER 3/A PD/D

Study of representative drama in its cultural, social, and historical contexts.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 37900 - 20th and 21st Century American Drama

GER 3/A

Study of representative drama in its cultural, social, and historical contexts.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 38000 - Irish Literary Renaissance

GER 3/A PD/D

Study of Irish writers of the early 20th century in relation to their cultural, social, and historical contexts. Authors may include Joyce, O’Casey, Synge and Yeats.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 38200 - Topics in Medieval Literature

Study of selected works and writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic. May include study of Old and/or Middle English.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 38300 - Topics in Renaissance Literature

GER 3/A

Study of selected works and writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 38400 - Topics in Restoration and 18th Century Literature

GER 3/A

Study of selected works and writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.
ENGL 38500 - Topics in 19th Century Literature

GER 3/A
Study of selected works and writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 38600 - Topics in British and American Literature

GER 3/A, PD/C or PD/D (some topics)
Study of selected works and writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic. Some topics satisfy PD requirements in categories C and D; check the schedule of classes and with an undergraduate advisor.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 38700 - Topics in British and/or Irish Fiction

GER 3/A
Study of selected works and writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. Some topics may satisfy PD requirements; check the schedule of classes and with an undergraduate adviser.

May be repeated once for credit with a different topic.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 38800 - Topics in Multi-Genre British and/or Irish Literature

GER 3/A
Study of selected works and writers in relation to a particular literary, cultural, historical or theoretical theme. Topics vary from semester to semester. Some topics may satisfy PD requirements in categories C or D; check the schedule of classes and with an undergraduate adviser.

May be repeated once for credit with a different topic.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 38900 - One Major Writer (W)

GER 3/A PD/C or D
Authors vary from semester to semester. May be taken more than once with permission of dept. Some authors may satisfy PD requirements; check the schedule of classes and with the undergraduate adviser.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 39000 - Topics in 20th Century Literature (W)
GER 3/A
Study of selected works and writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. May be repeated once for credit with a different topic. Some topics satisfy PD requirements; check the schedule of classes and with an undergraduate advisor.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 39100 - Topics in British and/ or Irish Poetry

Study of selected works and poets in the British and/or Irish poetry canon in relation to a particular literary, cultural, historical, or theoretical theme

prereq: ENGL 22000

ENGL 39200 - Topics in American Poetry

Study of selected American poetry in relation to a particular literary, cultural, historical, or theoretical theme.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 39300 - World Literature: Drama

GER 3/A
Selected plays, classical, medieval and modern, including dramatic criticism.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 39400 - Survey of American Literature: Origins to the Civil War (W)

GER 3/A
A survey of American literature up to the Civil War, encompassing a range of authors and genres in their cultural, social, and historical contexts.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 39500 - American Prose from Reconstruction to World War I

GER 3/A
Study of selected prose works in their historical, cultural, and literary contexts. Authors may include Twain, James, Crane, Du Bois, Wharton, Dreiser, Chesnutt, and Chopin.

prereq: ENGL 22000
3 hrs 3 cr.

ENGL 39600 - Pre-20th Century American Poetry

GER 3/A
Study of selected poets in their historical, cultural, and literary contexts. Authors may include Bradstreet, Taylor, Wheatley, Poe, Emerson, Lazarus, Whitman, Dickinson, Dunbar, and Robinson.
ENGL 39800 - Topics in American Fiction

GER 3/A PD/C
Study of selected works and writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. Some topics may satisfy PD requirements; check the schedule of classes and with an undergraduate advisor. May be repeated once for credit with a different topic.

May be repeated once for credit with a different topic.

prereq: ENGL 22000 or ENGL 39500 or ENGL 39600
3 hrs 3 cr.

ENGL 39900 - Topics in American Multi-Genre Literature (W)

GER 3/A PD/C
Study of selected works and writers in relation to a particular literary, cultural, historical, or theoretical theme. Topics vary from semester to semester. Some topics may satisfy PD requirements; check the schedule of classes and with an undergraduate advisor. May be repeated once for credit with a different topic.

May be repeated once for credit with a different topic.

prereq: ENGL 22000 or ENGL 39500 or ENGL 39600
3 hrs 3 cr.

ENGL 48200 - Special Studies Seminar

GER 3/A
1 hr 1 cr.

ENGL 48300 - Special Studies Seminar

GER 3/A
2 hr 2 cr.

ENGL 48400 - Special Studies Seminar

GER 3/A
Topics in British and American literature or linguistics. Some topics satisfy PD requirements; check the schedule of classes and with the undergraduate adviser.
3 hrs 3 cr.

ENGL 48469 - Advanced Poetry Writing

GER 3A
400-level writing course
3 hrs 3 cr.

ENGL 48476 - Narrative Forms: Strategies in Fiction Writing

400-level writing course
3 hrs 3 cr.
ENGL 48483 - Character, Class, Conflict in Contemporary Fiction

GER 3A
400-level writing course
3 hrs 3 cr.

ENGL 48491 - Creative Non-Fiction

GER 3A
400-level writing course
3 hrs 3 cr.

ENGL 48500 - Individual Tutorial Project

GER 3/A
Research paper or substantial creative work written under direction of a full-time instructor.
prereq: perm instr.
1 sem 3 cr.

ENGL 49400 - Honors Seminar: Special Studies

GER 3/A PD/C
Topics in British and American literature and linguistics. May be taken a second time in another subject. Some topics satisfy PD requirements; check the schedule of classes and with the undergraduate adviser.
1 sem 3 cr.

ENGL 49800 - Internship

GER 3/A
Opportunities of working in positions of responsibility in professional institutions for academic credit.
prereq: perm coordinator
1-6 hrs 1-6 cr.

English: Writing Courses

ENGL 12000 - Expository Writing

GER 1/A
Required of all students unless exempt; trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.
prereq: successful completion of developmental courses, if required
3 hrs + conf 3 cr.

ENGL 20100 - Intermediate Expository Writing Using Small-Group Methods
Additional practice in expository writing; small classes (8-10).

**ENGL 21800 - Advanced Expository Writing**

Frequent writing practice, with emphasis on clarity, style and organization.

*prereq: ENGL 12000*

3 hrs + conf 3 cr.

**ENGL 30000 - Introduction to Creative Writing**

GER 3/A

An introduction to creative writing with a primary focus on poetry, fiction and creative nonfiction, including expository writing, workshop exercises and an introduction to workshop methods.

*Students must pass this course with a B to major in creative Writing. Prerequisite for all 300-level writing courses, except ENGL 30100.*

*prereq: ENGL 22000*

3 hrs 3 cr.

**ENGL 30100 - Theory and Practice of Expository Writing**

GER 3/A

Composition in variety of nonfiction prose forms and study of rhetorical theories.

*prereq: ENGL 22000*

3 hrs 3 cr.

**ENGL 30800 - Workshop in Non-Fiction I**

GER 3/A

Using student work and literary models as a basis for discussion, this workshop class offers students the opportunity to develop their skills as writers and readers of various non-fiction genres, including memoir/autobiography and other forms of personal essays, review essays, occasional pieces, and philosophical essays.

*prereq: ENGL 30000*

3 hrs 3 cr.

**ENGL 30900 - Workshop in Non-Fiction II**

GER 3/A

A continuation of Workshop in Non-Fiction I, with increasing emphasis on craft and revision.

*This course may be repeated once for credit.*

*prereq: ENGL 30000 and 30800*

3 hrs 3 cr.

**ENGL 31100 - Workshop in Fiction I**

GER 3/A

Using student work and literary models as a basis for discussion, this workshop class offers students the opportunity to develop their skills as writers and readers of fiction.
ENGL 31300 - Workshop in Fiction II

GER 3/A
A continuation of ENGL 31100, with increasing emphasis on craft and revision. 
This course may be repeated once for credit.
prereq: ENGL 30000 and ENGL 31100
3 hrs 3 cr.

ENGL 31400 - Workshop in Poetry I

GER 3/A
Using student work and literary models as a basis for discussion, this workshop class offers students the opportunity to develop their skills as writers and readers of poetry.

prereq: ENGL 30000
3 hrs 3 cr.

ENGL 31600 - Workshop in Poetry II

GER 3/A
A continuation of ENGL 31400, with increasing emphasis on craft and revision. 
This course may be repeated once for credit.
prereq: ENGL 30000 and ENGL 31400
3 hrs 3 cr.

ENGL 48455 - Advanced Prose Writing

GER 3/A
400-Level Writing Course

Programs and Courses in Film and Media

Film and Media Studies

About the Department

The Hunter College Department of Film and Media Studies offers three degree programs in the production and critical analysis of film and media. We offer two undergraduate degrees—one in Film and one in Media Studies—and a graduate MFA Degree in Integrated Media Arts. Students are encouraged to develop a creative voice that is socially aware and engaged and can find expression across a range of contemporary media technologies.

Our curriculum is founded on the integration of theory and practice. Leading scholars in history, aesthetics, media policy, critical theory and alternative and international practices provide students with a broad base in analytical thinking. Courses deal with subjects such as the history and aesthetics of film, video, television and new media; genre
studies; the history, production and distribution of print and broadcast news; media representations of race, class and
gender; and the intricate relationships among the mass media, popular culture and society.

The department’s production courses encourage students to work creatively in a variety of existing and emerging media
forms. Courses include narrative film production (including screenwriting and directing), documentary production,
television production, journalism and emerging media (including web design and programming, interactive storytelling
and game design). The department is distinguished by award-winning faculty who are active in their respective fields.

In addition to classroom activities, students earn general elective credits through internships in New York City’s
vibrant media industries. Host institutions include film, television, radio, video and record companies; newspaper,
magazine and book publishers; public relations and advertising agencies; museums and other non-profit organizations;
and telecommunications and emerging media organizations.

Through its courses and extracurricular activities, the Hunter College Department of Film and Media Studies is
injecting new creative voices into the public sphere by educating a diverse community of creative minds.

Undergraduate Major

Film - BA

Major in Film (30 cr)

30 credits, combined total: 12 credits analytical, 12 credits production and 6 credits electives from analytical and/or production courses.

Students must receive a grade of B or better in FILM 10100 to declare a major in film. The major must be declared in person with an undergraduate film adviser (call (212) 772-4949 to schedule). The student must bring his or her transcript, and, where relevant, transcripts from other colleges attended, when meeting with the undergraduate film adviser to declare a film major. Students majoring in film must also take FILMP 16000/MEDP 16000 which is prerequisite for all film production courses. FILM 10100 and FILMP 16000/MEDP 16000 do not count towards the major. A maximum of 6 credits in MEDIA courses at the 200 or 300 level may be applied toward the major in film. Students must meet any prerequisites for these courses. Courses at the 100 level, independent study, and internship courses do not count toward the major. Students must see a program adviser to plan choice and sequence of courses.

I Analytical Course Requirements (12 cr)

A) Film Style and Close Analysis (6 cr)

FILM 20100 - Practical Film Analysis

GER 3/A
Close case study of a selected motion picture.

prereq: FILM 10100
3 hrs 3 cr.

plus 3 credits from one of the following courses:

FILM 22400 - Cinematic Space

GER 3/A
Study of the theories and uses of cinematic space, film design, and the relationship between art direction and film narrative.

prereq: FILM 10100, 20100
4 hrs 3 cr.
**FILM 23100 - Studies of Selected Directors**

GER 3/A
Study of aesthetic and cultural implications of authorship as developed and practiced in cinema. May be repeated for credit with a different topic.

*prereq: FILM 10100, 20100
4 hrs 3 cr.*

**FILM 32300 - Film Technology and Aesthetic Theory**

GER 3/A
Study of the relationship between film technology and film theory. May be repeated for credit with a different topic. 

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

*prereq: FILM 10100, 20100, 25100
4 hrs 3 cr.*

**FILM 32351 - Aesthetics of Film Sound**

GER 3/A
Examination of the history, theory and aesthetics of the relationship between film sound and image.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 30000- and 40000-level courses in FILM.*

*prereq: FILM 10100, 20100
4 hrs 3 cr.*

**FILM 33300 - Styles and Theories of Film Acting**

GER 3/A
Study of film acting with regard to theoretical structures and aesthetic practice.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

*prereq: FILM 10100, 20100
4 hrs 3 cr.*

B) Film History (6 cr):

**FILM 21100 - Film History I: 1895-1942**

GER 3A PD/D
Survey of film history and theory from the silent era to 1942.

*prereq: FILM 10100
4 hrs 3 cr.*

**FILM 21200 - Film History II: Since 1942**

GER 3/A PD/D
Survey of film history and theory from 1942 to the present.

*prereq: FILM 10100
4 hrs 3 cr.*

If students choose to take only FLM 21100 or only FLM 21200, they must also choose from the following:
FILM 21300 - National Cinema

GER 3/A PD/D or A
Study of the cultural background, theoretical underpinnings, and artistic practices of a selected national cinema. May be repeated for credit with a different topic.
prereq: FILM 10100
4 hrs 3 cr.

FILM 23000 - Movies in American Culture

GER 3/A
Cultural processes that affect the production and reception of movies in the U.S. Interrelationships among the stylistic, thematic, technical, industrial and regulatory aspects of American moviemaking.
prereq: FILM 10100, 21100 or FILM 21200
3 hrs 3 cr.

FILM 34400 - History of Cinematography

GER 3/A
Survey class addressing key developments in the history and aesthetics of cinematography.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100, 20100, 21100 or 21200
4 hrs 3 cr.

FILM 39700 - Topics in Film History

GER 3/A PD/D
A focused examination of specific issues and moments in film history. May be repeated for credit under a different topic.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100, 20100, 21100 or 21200
4 hrs 3 cr.

II Production Course Requirements (12 cr):

A) Required Production Sequence (9 cr):

FILMP 25100 - Film Production I

Introduction to the fundamentals of filmmaking, writing, cinematography and editing.
Material Fee: $20
prereq: MEDP/FLMP 16000; open to majors only or perm instr.
4 hrs 3 cr.

FILMP 27600 - Screen Writing I - The Short (W)

The Short Fundamentals of writing for film; critiques of original student scripts.
prereq: FILM 10100 and ENGL 12000; open to film/media majors only or perm instr.
4 hrs 3 cr.
FILMP 35200 - Film Production II

Further development of fundamental filmmaking skills: pre-production, directing, and syncsound production techniques.

Material Fee: $20
prereq: FILMP 25100, FILMP 27600 open to film/media majors only or perm instr. prereq or coreq: Except as otherwise noted, ENGL 12000 is pre requisite for all 300- and 400-level courses in FILM.
4 hrs 3 cr.

B) Advanced Production Cluster (3 cr):

FILMP 37100 - Screen Directing I

Theory and practice of the film director's role as guiding force in creation of visual and aural images.

prereq: FILMP 251, FILMP 276; open to film/media majors only or perm instr.
4 hrs 3 cr.

FILMP 37700 - Screen Writing II The Feature (W)

Continuation of workshop experience with emphasis on full-length screenplay.

prereq: FILMP 27600
4 hrs 3 cr.

III Elective Course Requirements (6 cr):

From analytical and/or production electives: At least one elective must be a 300 level or above course.

A) Analytical Electives:

FILM 21400 - Multicultural Perspectives in Cinema

GER 3/A PD/B (214.51 only)
Study of the contributions of minority groups to filmmaking, including examination of how those contributions have countered stereotypical representations of racial, national, and cultural identity in mainstream cinema. May be repeated for credit with a different topic.
prereq: FILM 10100
4 hrs 3 cr.

FILM 21500 - Women and Film

GER 3/A PD/C
Films by women directors and the ways women's films counter the dominant patriarchal view of women reflected in commercial cinema.
prereq: FILM 10100
4 hrs 3 cr.

FILM 22200 - Topics in Genre Studies
GER 3/A
Critical study of generic categories such as the western, horror, comedy, film noir, melodrama, or the musical. May be repeated for credit with a different topic.
prereq: FILM 10100
4 hrs 3 cr.

FILM 22252 - Topics in Genre Studies: “The Woman's Film” of the 1940s

GER 3/A PD/C
This course focuses on “the woman's film”, from the forties. Discussion of the woman's film, an umbrella term for a series of genres (melodrama, gothic film, comedies) in which the woman is the main protagonist as well as the intended spectator.
cross-listed WGS 222.52
prereq: FILM 10100
4 hrs 3 cr.

FILM 23200 - Experimental Film and Video

GER 3/A PD/D
Historical examination of pertinent films and videos with particular emphasis on current American productions.
prereq: FILM 20100 or MEDP/FILMP 15000 (or MED/FILM 15100).
4 hrs 3 cr.

FILM 29900 - Special Topics in Film

GER 3/A
Not offered at all times. A specific topic will be listed in Schedule of Classes for a given semester.
prereq: perm dept.
1-3 hrs 1-3 cr.

FILM 32200 - Contemporary Film Theory

GER 3/A PD/D
Survey of current film theory and criticism, including developments in film semiotics, psychoanalytic film theory, feminist film theory, narrative theory, historiography and reception theory.
Except as otherwise noted, ENGL 12000 is pre requisite for all 30000- and 40000-level courses in FILM.
prereq: FILM 10100, 21100 or 21200
4 hrs 3 cr.

FILM 32400 - Narrative Strategies

GER 3/A
Study of narrative techniques in cinema
Except as otherwise noted, ENGL 12000 is pre requisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100 and 20100 or 23100
4 hrs 3 cr.

FILM 32600 - America in American Film and Video

GER 3/A
Investigation of the ways that film and video have dealt with issues of American identity. This course explores how
basic American myths have been mobilized to project a particular view of the nation at various historical points.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

**FILM 32700 - Representations of Race and Ethnicity in U.S. Media**

**GER 3/A PD/B**
A historical look at changes and continuities in the social construction of a selected race or ethnicity in movies, advertising, including political campaigns; journalism, and other forms of American popular culture. May be repeated for credit with different topic.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

**prereq:** FILM 10100

3 hrs 3 cr.

**FILM 32800 - Images of Resistance in the Developing World**

**GER 3/A PD/A**
Focuses on challenges by developing world films and filmmakers to Western media stereotypes.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

**prereq:** FILM 10100

4 hrs 3 cr.

**FILM 33200 - Myths and Images in the Media**

**GER 3/A**
Study of film and media as decisive vehicles of myth, imagery and aesthetics in an advanced industrial society.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

**prereq:** FILM 10100

3 hrs 3 cr.

**FILM 33400 - Theatricality and the Presentation of Self**

**GER 3/A**
Examination of the problems of authenticity in the performing self through analysis of representations in film, TV and the everyday.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

**prereq:** FILM 10100, FILM 21100 or 21200

4 hrs 3 cr.

**FILM 39100 - Problems in Film Research**

**GER 3/A**
Study of basic methods of solving problems in the field of cinema studies.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

**prereq:** FILM 10100, 20100, 21100 or 21200

3 hrs 3 cr.

**FILM 39900 - Studies in Film**
GER 3/A
Not offered at all times. Specialized topics for majors will be listed in Schedule of Classes for a given semester. Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: variable
3 hrs 3 cr.

FILM 40100 - Independent Research
Open to majors only. Directed program of reading, research, or creative presentation, arranged on an individual basis. Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: perm chair
1-3 cr.

FILM 40200 - Honors Project
Jr/Sr only. Students must present a proposal for an individual project to be completed under faculty supervision. Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: 3 advanced-level courses, 3.0 GPA and 3.5 major GPA perm dept.
3 hrs 3 cr.

FILM 49900 - Advanced Seminar
Selected topics in cinema studies. Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: perm instr.
4 hrs 3 cr.

B) Film Production Electives:
A second course from the advanced production cluster may be taken as an elective course

FILMP 37100 - Screen Directing I
Theory and practice of the film director's role as guiding force in creation of visual and aural images. Except as otherwise noted, ENGL 120 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILMP 251, FILMP 276; open to film/media majors only or perm instr.
4 hrs 3 cr.

FILMP 37700 - Screen Writing II The Feature (W)
Continuation of workshop experience with emphasis on full-length screenplay. Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILMP 27600
4 hrs 3 cr.

FILMP 31100 - Directing Documentary Video Production
Exploration of the aesthetics of documentary form that provides students with an in-depth and hands-on understanding of preproduction and production of documentary video.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

prereq: MEDP 28100; open to film/media majors only or perm instr.

4 hrs 3 cr.

*Or*

**FILMP 28600 - Sound for Film and Video I**

Basic sound theory and production sound recording techniques, concentrating on microphones, field mixers and recording equipment, boom operation and on-set procedures.

*cross-listed* MEDP 28600

prereq: FILMP 25100 or MEDP 28100

3 hrs 3 cr.

**FILMP 34100 - Producing the Film**

Contracts, financing, distribution, copyright law, options, acquisition of rights, securities law requirements.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

prereq: FILMP 25100, FILMP 27600

3 hrs 3 cr.

**FILMP 37200 - Screen Directing II**

Continuation of FILMP 37100.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

prereq: FILMP 37100 or permission of instructor

4 hrs 3 cr.

**FILMP 38100 - Techniques of Cinematography**

Advanced cinematographic techniques such as sensitometry, effects lighting and special effects.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

prereq: FILMP 35200 or permission of instructor

4 hrs 3 cr.

**FILMP 38200 - Narrative Editing**

Narrative editing concepts, theories and techniques. Editing exercises explore the aesthetic and practical components of the craft and introduce advanced digital editing tools.

prereq: FILMP 25100

4 hrs 3 cr.

**FILMP 38300 - Sound Design**

Aesthetics of sound design with practical instruction in audio post-production technology.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*
prereq: FILMP 25100 or MEDIAP 28100 or perm. instr.
3 hrs 3 cr.

**FILMP 38400 - Film and Video Production**

Production of short films with each student assigned to specific crew positions.
*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*
prereq: FILMP 35200, and permission of instructor.
variable hrs 3 cr.

**FILMP 39900 - Special Topics in Advanced Film Practice**

Offered periodically with the specific topic listed in the schedule of classes.
*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*
prereq: perm instr.
4 hrs 3 cr.

**FILMP 45100 - Film and Video Production Seminar**

Individual student films produced under faculty supervision.
Material Fee: $20
May be taken twice for credit.
cross-listed MEDP 45100
prereq: FILMP 35200 and perm instr. prereq or coreq: *Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*
3 hrs 3 cr.

**FILMP 49800 - Internship**

Opportunity to gain professional experience
40 working per. *Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*
prereq: FILM 10100, two other film courses or equiv; perm dept and host institution
1-6 cr. 40 working hrs per cr.

**Minor in Film**

Students who wish to minor in film must complete a total of 15 credits in addition to FILM 10100 which does not count towards the minor and is a prerequisite for all FILM courses.

Required courses

**FILM 21100 - Film History I: 1895-1942**

GER 3A PD/D
Survey of film history and theory from the silent era to 1942.
prereq: FILM 10100
4 hrs 3 cr.

-or-

**FILM 21200 - Film History II: Since 1942**
GER 3/A PD/D
Survey of film history and theory from 1942 to the present.
prereq: FILM 10100
4 hrs 3 cr.
and two 200-level courses, and two 300-level courses.

No film production classes (designated FILMP) are available to minors with the exception of

**FILMP 27600 - Screen Writing I - The Short (W)**

The Short Fundamentals of writing for film; critiques of original student scripts.
prereq: FILM 10100 and ENGL 12000; open to film/media majors only or perm instr.
4 hrs 3 cr.

**FILMP 37700 - Screen Writing II The Feature (W)**

Continuation of workshop experience with emphasis on full-length screenplay.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILMP 27600
4 hrs 3 cr.

**Honors**

To qualify for departmental honors in Film or Media Studies, a student must have a 3.5 grade point average in major courses and a 3.0 grade point average overall. The student must also either complete an Honors Project, approved by the Department Policy and Curriculum Committee, with a grade of A; or a 400-level production or analytical seminar course with a grade of A. See the department for more information.

**FILM 40200 - Honors Project**

Jr/Sr only. Students must present a proposal for an individual project to be completed under faculty supervision.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: 3 advanced-level courses, 3.0 GPA and 3.5 major GPA perm dept.
3 hrs 3 cr.

**MEDIA 40200 - Honors Project**

Open to Jr/Sr only. Students must present a proposal for an individual project to be completed under faculty supervision. Successful completion qualifies student for departmental honors at graduation.
prereq: 3 advanced-level courses; 3.0 GPA and 3.5 major GPA; perm dept.
3 hrs 3 cr.

**Media Studies - BA**

(36 cr)

Students must receive a grade of B or better in MEDIA 18000 to declare a major in Media Studies. The major must be declared in person with an undergraduate media studies adviser (call (212) 772-4949 to schedule).
Students will be able to do a

Media Studies BA: General Media Studies Major

but may choose one of the concentrations in the major. These concentrations are

Media Studies BA: Concentration in Media Analysis and Criticism
Media Studies BA: Concentration in Documentary and Television Production
Media Studies BA: Concentration in Journalism
Media Studies BA: Emerging Media

However, these concentrations are optional; as long as they satisfy the General Media Studies Major requirements, students may combine courses from different concentrations.

Students majoring in Media Studies must take the following introductory courses. These courses count toward the major.

MEDIA 18000
FILMP 15000/MEDP 15000
FILMP 16000/MEDP 16000

A maximum of 6 credits in FILM or FILMP courses at the 200- or 300-level may be applied toward the major in media studies. Students must meet any prerequisites for these courses. Courses in Independent Study, Honors Project, and Internship do not count toward the major. Students must consult a program adviser to plan choice and sequence of courses.

Double Majors

Students may choose to complete a major in the Department of Film and Media Studies and a second major in another department. A student cannot declare a double major in film and media studies. Because of the intensive nature of the production courses in both Film and Media Studies, it is strongly recommended that all students take no more than two production courses per semester.

Minor in Media Studies

The Minor in Media Studies consists of five courses for a total of 15 credits. At least one 200-level course and at least one 300-level course are required. The other three courses can be at any level. Course prerequisites must be satisfied. Internships and independent studies do not count towards the minor. Courses may be taken as either MEDIA or MEDP.

Honors

To qualify for departmental honors in Film or Media Studies, a student must have a 3.5 grade point average in major courses and a 3.0 grade point average overall. The student must also either complete an Honors Project FILM 40200 or MEDIA 40200, approved by the Department Policy and Curriculum Committee, with a grade of A; or a 400-level production or analytical seminar course with a grade of A. See the department for more information.
Media Studies BA: Concentration in Documentary and Television Production

This concentration is intended to give students foundational knowledge in the theory and practice of linear non-fiction video and related digital media skills. Students in this concentration will also specialize in one of three advanced areas: Documentary Production, Experimental Media Production or Studio Television Production.

A. Introductory Courses (9 cr.)

MEDIA 18000 - Introduction to Media Studies
GER 2/C
Social, political, and economic factors that determine and shape products of media organizations.
3 hrs 3 cr.

MEDP 15000 - Media and Film in a Digital Age
The first part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.
cross-listed FILMP 150
prereq: MEDIA 18000 or FILM 10100
4 hrs 3 cr.

MEDP 16000 - Media & Film in a Digital Age II
Second part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.
cross-listed FILMP 16000
prereq: MEDP/FILMP 15000
4 hrs 3 cr.

B. Required Production Courses (9 cr.)

MEDP 28100 - Portable Video Production
Elements of single-camera video production. Lectures and studio practicum

Material Fee: $20
prereq: MEDP/FILMP 15000
coreq: MEDP/FILMP 16000 (or MEDIA/FILM 15100)
3 hrs 3 cr.

MEDP 29000 - Developing the Documentary (W)
This workshop guides students through the research, writing and production planning essential for eating a video or film documentary.

prereq: MEDIA 18000
3 hrs 3 cr.

Choice of one course from the following

**MEDP 31100 - Directing Documentary Video Production**

Exploration of the aesthetics of documentary form that provides students with an in-depth and hands-on understanding of preproduction and production of documentary video.

*Material Fee: $20*

prereq: MEDP 28100 or FILMP 35200 prereq or coreq: MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.

4 hrs 3 cr.

-or-

**MEDP 31600 - Experimental Production**

Experimental methods of film and video production, emphasizing innovative and non-traditional formal and conceptual practice.

prereq: FILM 25100 or MEDP 28100 or perm. instr.

3 hrs 3 cr.

C. Elective Production Courses (9 cr.)

These may be any regular 200- or 300-level MEDP courses. Any regular 200- or 300-level FILMP course counts toward this requirement as well, though students may only count up to 6 credits total of FILM or FILMP classes toward the major.

D. Required Analytical Course (3 cr.)

**MEDIA 31500 - Nonfiction Film and Video**

GER 3/A

Study of the history and theory of the nonfiction film and video, with screenings and examples of documentary, propaganda and direct cinema and video.

*MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.*

prereq: MEDIA 18000

4 hrs 3 cr.

E. Elective Analytical Courses (6 cr.)

Two regular analytical courses may be chosen from any analytical offering, however it is strongly recommended that students consider analytical courses in relation to their area of production.

F. Total (36 cr.)
Media Studies BA: Concentration in Journalism

The journalism concentration offers a liberal arts approach to the study of news. Students will learn to gather information through observation, interviews, and research, to evaluate it and to communicate it through clear and compelling writing enhanced by photography, video, audio, and interactive features. In addition to a toolkit for newsgathering and presentation, they will gain a critical perspective through courses that offer a critical analysis of media.

A. Introductory Courses (9 cr.)

**MEDIA 18000 - Introduction to Media Studies**

GER 2/C
Social, political, and economic factors that determine and shape products of media organizations.
3 hrs 3 cr.

**MEDP 15000 - Media and Film in a Digital Age**

The first part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.

cross-listed FILMP 150
prereq: MEDIA 18000 or FILM 10100
4 hrs 3 cr.

**MEDP 16000 - Media & Film in a Digital Age II**

Second part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.

cross-listed FILMP 16000
prereq: MEDP/FILMP 15000
4 hrs 3 cr.

B. Required Production Courses

**MEDP 20100 - Reporting and Writing I (W)**

The sequence will introduce students to the fundamentals of reporting through interviews, observation and documentary research, and to the forms in which journalists present their reporting. It will also ask them to grapple with some of the ethical, legal and technological issues facing contemporary journalism, and will provide a basic understanding of the workings of state and city government.

coreq: MEDP 15000
3 hrs 3 cr.

**MEDP 20200 - Reporting and Writing 2(W)**
The sequence will introduce students to the fundamentals of reporting through interviews, observation and documentary research, and to the forms in which journalists present their reporting. It will also ask them to grapple with some of the ethical, legal and technological issues facing contemporary journalism, and will provide a basic understanding of the workings of state and city government.

**coreq: MEDP 16000**  
*3 hrs 3 cr.*

### C. Elective Production Courses (12 cr.)

Choose among:

**MEDP 23900 - Entertainment Journalism (W)**

Development of practical, theoretical, and rhetorical skills for writing reviews and feature stories about entertainment and the arts.

**prereq:** MEDP 29200  
*3 hrs 3 cr.*

**MEDP 28100 - Portable Video Production**

Elements of single-camera video production. Lectures and studio practicum

*Material Fee: $20*  
**prereq:** MEDP/FILMP 15000  
**coreq:** MEDP/FILMP 16000 (or MEDIA/FILM 15100)  
*3 hrs 3 cr.*

**MEDP 28300 - Electronic News Gathering**

This workshop guides students through the research, writing, digital video production and digital editing of community television news stories.

**prereq:** MEDP 28100  
*3 hrs 3 cr.*

**MEDP 28500 - Web Production I**

An exploration of the production of Internet distributed media, primarily words and images distributed as Web pages, using HTML and image manipulation software.

**prereq:** MEDP/FILMP 15000  
**coreq:** MEDP/FILMP 16000 (or MEDIA/FILM 16100)  
*3 hrs 3 cr.*

**MEDP 29400 - Magazine Writing (W)**

This course prepares students for publishing articles in magazines, feature sections of newspapers and online Internet publications by developing writing portfolios and studying the workings of the publishing industry.
**MEDP 29500 - Online Journalism (W)**

Evaluating and employing the Internet as a source of information for journalists, as a subject of journalistic coverage and as a new form of newspaper publication.

**MEDP 29600 - Feature Writing (W)**

A course on advanced feature writing media taught periodically, with topic listed in Schedule of Classes.

**MEDP 31100 - Directing Documentary Video Production**

Exploration of the aesthetics of documentary form that provides students with an in-depth and hands-on understanding of preproduction and production of documentary video.

**MEDP 34500 - Web Design Projects**

A project-based class designed to give students the experience of solving practical problems in web production and to add to the advanced student's web design portfolio with a comprehensive project. Students will work independently and in teams on a large-scale collaborative project.

**MEDP 37200 - Investigative Reporting (W)**

Understanding and practicing journalism that explores significant social issues and injustices, using diverse sources developed through the enterprise of the reporter.

**MEDP 37700 - Neighborhood News (W)**

An advanced reporting and writing class that will produce a community newspaper and on-line news outlet serving underserved neighborhoods. This class may be repeated once for credit.
MEDP 39900 - Special Topics in Advanced Media Production

Taught periodically, with topic listed in Schedule of Classes.

*prereq: MEDIA 18000, others variable
3 hrs 3 cr.

E. Elective Analytical Courses (9 cr.)

Analytical courses may be chosen from any analytical offering; however, it is strongly recommended that students consider analytical courses in relation to their area of production.

Media Studies BA: Concentration in Media Analysis and Criticism

Return to Media Studies - BA

The media analysis concentration develops critical thinking in students and offers students in-depth understanding of the field of media studies. It includes the study of Media Representations; Media Technologies, Industries, and Policies; and News, Politics, and Propaganda.

A. Introductory Courses (9 cr.)

MEDIA 18000 - Introduction to Media Studies

GER 2/C
Social, political, and economic factors that determine and shape products of media organizations.
3 hrs 3 cr.

MEDP 15000 - Media and Film in a Digital Age

The first part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.

*cross-listed FILMP 150
*prereq: MEDIA 18000 or FILM 10100
4 hrs 3 cr.

MEDP 16000 - Media & Film in a Digital Age II

Second part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.

*cross-listed FILMP 16000
*prereq: MEDP/FILMP 15000
4 hrs 3 cr.

B. Required Analytical Courses (21 CR):
Analytical courses in 3 categories, as outlined below.

Some courses are listed in more than 1 place, but each course fulfills a requirement in just 1 category. (Students may not double count a course.)

1. Media Representations (9 credits from the following)

**MEDIA 27100 - Television Culture**

GER 3/A  
Theoretical analysis of the production and reception of televisual texts, with close reading of particular texts.  
*prereq: MEDIA 18000*  
3 hrs 3 cr.

**MEDIA 29853 - The Horror Film**

GER 3A  
A historically informed exploration of the international horror film genre in cultural context. Includes a consideration of filmic conventions, marketing practices, and audience reception. We will explore cultural fears, and how art and industry manage to express and profit from those fears.  
*prereq: MEDIA 18000 or FILM 10100*  
3 hrs 3 cr.

**MEDIA 31500 - Nonfiction Film and Video**

GER 3/A  
Study of the history and theory of the nonfiction film and video, with screenings and examples of documentary, propaganda and direct cinema and video.  
*MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.*  
*prereq: MEDIA 18000*  
4 hrs 3 cr.

**MEDIA 32600 - America in American Film and Video**

GER 3/A  
Investigation of the ways that film and video have dealt with issues of American identity. This course explores how basic American myths have been mobilized to project a particular view of the nation at various historical points.  
*prereq: MEDIA 18000*  
3 hrs 3 cr.

**MEDIA 32700 - Representations of Race and Ethnicity in U.S. Media**

GER 3/A PD/B  
A historical look at changes and continuities in the social construction of a selected race or ethnicity in movies; advertising, including political campaigns; journalism; and other forms of American popular culture.  
*prereq: MEDIA 18000*  
4 hrs 3 cr.

**MEDIA 33200 - Myths and Images in the Media**
GER 3/A
Study of film and media as decisive vehicles of myth, imagery and aesthetics in an advanced industrial society.
prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 33300 - Typecasting
GER 3/A
A history of the relationship between stereotyping as a social, cultural and psychological language and the rise of modern society.
MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.
prereq: MEDIA 180 and either MEDIA 327 or MEDIA 384 or perm instr.
3 hrs 3 cr.

MEDIA 37400 - Media, Sports, and Society
GER 3/A
Examination of the relationship between media and sports and their impact on society. Workings of the present-day sports-television-advertising complex, textual analysis of television sports productions.
prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 38400 - Women and Media
GER 3/A PD/C
Examination, from historical and formal perspective, of ways in which women have been represented by mass media in America since mid-19th century. Exploration of how feminists for 100 years have challenged these images and posed alternative modes of cultural representation and production.
cross-listed WGS 38400 (W)
prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39700 - Cult TV and its Audiences
GER 3/A
This course explores the historical and cross-cultural development of “cult” television, from cancelled programs whose narratives are kept alive by fan audiences, to the mainstreaming of cult audience behavior for high-rated programs today.
prereq: MEDIA 27100
3 hrs 3 cr.

2. Media Technologies, Industries, and Policies (6 credits from the following)

MEDIA 26000 - Internet and Society
GER 3/A
The Impact of the Internet on American and global society.
MEDIA 36500 - Digital Copyright

GER 3/A
An introduction to the legal, economic and social principles at stake in the debate over copyright and digital technologies. The semester begins with an introduction to the basics of copyright law, the legal system, and legal research. Students then review some of the specifics of the digital copyright debate, including topics such as peer-to-peer trading, digital rights management, and third party liability for information service providers.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 37400 - Media, Sports, and Society

GER 3/A
Examination of the relationship between media and sports and their impact on society. Workings of the present-day sports-television-advertising complex, textual analysis of television sports productions.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 38000 - History of Broadcasting

GER 3/A
Broadcasting's roots in industrialization and influence on modern society.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 38300 - Popular Music and the Music Industry

GER 3/A
Exploration of social and cultural significance of popular music: history, structure, and economics of music industry. Particular emphasis on popular music from fifties to present.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39200 - Communications, Technology and Change

GER 3/A
Examination of media technologies, their development and their impact on quality and organization of human life.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39400 - Mass Communications and the Law

GER 3/A
Relationship of mass media to significant constitutional problems.
prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39600 - International Communications

GER 3/A
Examination and analysis of policy issues raised by structures, flows, and contents of international communications. Areas covered include print and TV news flows, transnational culture industries, telecommunications and the Internet. MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.

prereq: MEDIA 18000
3 hrs 3 cr.

3. News, Politics, and Propaganda (6 credits from the following)

MEDIA 21000 - Journalism and Society

GER 3A
This course focuses on industry issues and service to the public good. It is partly designed for students interested in careers in journalism, who can benefit from greater sophistication about the news industry. The course explores the way news is gathered and written, the way news organizations are structured and financed, and the way they relate to other forms of political and entertainment communication. It examines the ways that the news industry describes itself and its problems and surveys journalistic practice in different media, e.g. print, the Internet, etc. Many of the readings will be drawn from the news industry trade press as well as from cultural studies and media sociology. Students will be asked to address journalism as citizens, weighing the role of journalism in our democracy.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 31300 - The Culture of Publicity

GER 3/A
An in-depth historical understanding of public relations, social image-management, and opinion engineering in the U.S. MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 37300 - Journalism as Literature

GER 3/A
An examination of the relationships between journalism and literature, including literary journalism, the journalistic prose of major imaginative writers, and the stylistic characteristics of hard news reporting.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 37500 - Media and Politics

GER 3/A
The impact of the electronic media on American politics.

prereq: MEDIA 18000
3 hrs 3 cr.
MEDIA 38000 - History of Broadcasting

GER 3/A
Broadcasting's roots in industrialization and influence on modern society.

 prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 38100 - Propaganda and the Mass Media

GER 3/A
Study of mass media (broadcast, film, print) as forms for propaganda.
 prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39000 - Broadcast Journalism

GER 3/A
Structure and operations of radio and television news in relation to social, political and economic institutions.
 prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39100 - History of Print Journalism

GER 3/A
Development of newspapers and magazines as social force.
 prereq: MEDIA 18000
3 hrs 3 cr.

C. Elective Analytical or Production Courses at the 200-level or higher (6 cr.)

Media Studies BA: Emerging Media

Return to Media Studies - BA

The Emerging Media concentration gives students foundational knowledge in the theory and practice of digital media as a creative and investigative form of production. Students in this concentration may specialize in one of three advanced areas: Web Production, Interactive Media Production, and 3D Imaging Production. The curriculum interweaves technical instruction with aesthetic, communicative and cultural production and research to help a student establish a cohesive portfolio in new media.

A. Introductory Courses (9 cr.)

MEDIA 18000 - Introduction to Media Studies
GER 2/C
Social, political, and economic factors that determine and shape products of media organizations.
3 hrs 3 cr.

**MEDP 15000 - Media and Film in a Digital Age**

The first part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.

cross-listed FILMP 150
prereq: MEDIA 18000 or FILM 10100
4 hrs 3 cr.

**MEDP 16000 - Media & Film in a Digital Age II**

Second part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.

cross-listed FILMP 16000
prereq: MEDP/FILMP 15000
4 hrs 3 cr.

**B. Required Production Courses (12 cr. within one track)**

1. **Web Production Track**

**MEDP 25000 - Digital Design and Usability**

This course introduces students to the fundamentals of 2D design and interaction design for digital media. The class approaches the subject from a creative and conceptual perspective. Students choose which digital production tools are most effective to address specific creative design problems.

prereq: FILMP 15000/MEDP 15000 and FILMP 16000/MEDP 16000
3 hrs. 3 cr.

**MEDP 28500 - Web Production I**

An exploration of the production of Internet distributed media, primarily words and images distributed as Web pages, using HTML and image manipulation software.

prereq: MEDP/FILMP 15000
coreq: MEDP/FILMP 16000 (or MEDIA/FILM 16100)
3 hrs 3 cr.

**MEDP 33100 - Web Production II**

An exploration of the production of Internet-distributed media, especially animation, sound, and video, using GIF Animation, Flash, and sound tools.

prereq: MEDP 28500
3 hrs 3 cr.
2. Interactive Production Track

**MEDP 25000 - Digital Design and Usability**

This course introduces students to the fundamentals of 2D design and interaction design for digital media. The class approaches the subject from a creative and conceptual perspective. Students choose which digital production tools are most effective to address specific creative design problems.

*prereq: FILMP 15000/MEDP 15000 and FILMP 16000/MEDP 16000
3 hrs. 3 cr.*

Choose one course from the following:

**MEDP 26000 - Introduction to 2D Animation**

This hands-on class is an introduction to animation using 2D digital tools. Historical precursors to digital animation including experimental and animated film as well as contemporary animation will be screened. Class time will consist of screenings, in-class demonstration, production and critique.

*prereq: MEDIA 18000, MEDP 15000, MEDP 16000
4 hrs. 3 cr.*

**MEDP 28100 - Portable Video Production**

Elements of single-camera video production. Lectures and studio practicum

*Material Fee: $20
prereq: MEDP/FILMP 15000
coreq: MEDP/FILMP 16000 (or MEDIA/FILM 16100)
3 hrs 3 cr.*

**MEDP 28500 - Web Production I**

An exploration of the production of Internet distributed media, primarily words and images distributed as Web pages, using HTML and image manipulation software.

*prereq: MEDP/FILMP 15000
coreq: MEDP/FILMP 16000 (or MEDIA/FILM 16100)
3 hrs 3 cr.*

**MEDP 34900 - Introduction to Physical Computing**

This hands-on class is an introduction to electronics, circuit building and the programming of microcontrollers for the production of interactive creative works that may include installation and art objects.

*prereq: MEDP 150, MEDP 160

**MEDP 39900 - Special Topics in Advanced Media Production**
Taught periodically, with topic listed in Schedule of Classes.
prereq: MEDIA 18000, others variable
3 hrs 3 cr.

3. Animation Track (two 200-level courses, two 300-level courses)

MEDP 26000 - Introduction to 2D Animation

This hands-on class is an introduction to animation using 2D digital tools. Historical precursors to digital animation including experimental and animated film as well as contemporary animation will be screened. Class time will consist of screenings, in-class demonstration, production and critique.

prereq: MEDIA 18000, MEDP 15000, MEDP 16000
4 hrs. 3 cr.

Choose one of the following:

MEDP 25000 - Digital Design and Usability

This course introduces students to the fundamentals of 2D design and interaction design for digital media. The class approaches the subject from a creative and conceptual perspective. Students choose which digital production tools are most effective to address specific creative design problems.

prereq: FILMP 15000/MEDP 15000 and FILMP 16000/MEDP 16000
3 hrs. 3 cr.

MEDP 28100 - Portable Video Production

Elements of single-camera video production. Lectures and studio practicum

Material Fee: $20
prereq: MEDP/FILMP 15000
coreq: MEDP/FILMP 16000 (or MEDIA/FILM 15100)
3 hrs 3 cr.

MEDP 36000 - 3D Animation and Modeling

This hands-on production course will examine essential concepts and practices that form the basis of 3D animation. While this course primarily focuses on the use of 3D animation for linear video output, we will also explore the possibilities of this digital framework for other media and expressive forms, such as print, graphic novels, film making, and net-based art.

prereq: MEDP 15000, MEDP 16000, MEDIA 18000, MEDP 25000, MEDP 28500
3 hrs. 3 cr.

Choose one of the following:

MEDP 36500 - 3D Virtual Environments
This course is an introduction to skills and creative approaches for the development of computer-generated 3D interactive virtual environments. Students will develop 3D virtual environments using standard 3D game design techniques and technologies. This class approaches the subject from both a technical and creative perspective. It gives students an introduction to the tools and techniques used to design 3D computer games and how those processes may be applied to create artistically focused work.

prereq: MEDP 36000
3 hrs. 3 cr.

MEDP 39900 - Special Topics in Advanced Media Production

Taught periodically, with topic listed in Schedule of Classes.
prereq: MEDIA 18000, others variable
3 hrs 3 cr.

C. Elective Production Courses (6 cr.)

These may be any regular 200- or 300-level MEDP courses. Any regular 200- or 300-level FILMP course counts toward this requirement as well, though students may only count up to 6 credits total of FILM or FILMP classes toward the major.

D. Elective Analytical Courses (9 cr.)

Three analytical courses may be chosen from any analytical offering, however it is strongly recommended that students consider analytical courses in relation to their area of production.

E. Total (36 cr.)

Media Studies BA: General Media Studies Major

Return to Media Studies - BA

A. Required Introductory Courses (9 cr.)

MEDIA 18000 - Introduction to Media Studies

GER 2/C
Social, political, and economic factors that determine and shape products of media organizations.
3 hrs 3 cr.

MEDP 15000 - Media and Film in a Digital Age

The first part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.
cross-listed FILMP 150
prereq: MEDIA 18000 or FILM 10100
4 hrs 3 cr.
MEDP 16000 - Media & Film in a Digital Age II

Second part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.

*cross-listed* FILMP 16000
*prereq:* MEDP/FILMP 15000
4 hrs 3 cr.

B. Required Analytical Courses (9 cr.)

Students must take at least 9 credits of analytical courses. Any 200- and 300-level MEDIA courses may be used to meet this requirement. Any 200- or 300-level FILM course counts toward this requirement as well, though students may only count up to 6 credits total of FILM or FILMP classes toward the major. MEDP and FILMP courses do not count toward the analytical requirement.

C. Elective Analytical or Production Courses (18 cr.)

Students must take an additional 18 credits of analytical and/or production courses. These may be any 200- or 300-level MEDIA or MEDP courses. Any 200- or 300-level FILM or FILMP course counts toward this requirement as well, though students may only count up to 6 credits total of FILM or FILMP classes toward the major.

Undergraduate Minor

Minor in Film

Students who wish to minor in Film must complete a total of 15 credits in addition to Film 101, which is a prerequisite for all Film courses.

1. Prior to declaring a Film Minor, students must take FILM 10100.
2. Film Minors must then enroll in either FILM 21100 - Film History I: 1895-1942 ; 3 cr.) or FILM 21200 - Film History II: Since 1942 ; 3 cr. FILM 10100 is the prerequisite for both courses.
3. Once Film Minors complete this film history requirement, they must take two classes from the 200-level (6 crs. total) and two classes from the 300-level (6 crs. total). No film production classes (designated FILMP) are available to Film Minors, with the exception of Screenwriting I (FILMP 27600 - Screen Writing I - The Short (W)) and FILMP 37700 - Screen Writing II The Feature (W)). Film Minors must satisfy all other course prerequisites.

Minor in Media Studies

The Minor in Media Studies consists of five courses for a total of 15 credits. At least one 200-level course and at least one 300-level course are required. The other three courses can be at any level. Course prerequisites must be satisfied. Internships and independent studies do not count towards the minor.
Film and Media: Film—Basic Courses

**FILM 10100 - Introduction to Cinema**

GER 2/D PD/D
Fundamental concepts of film and discussion of major critical systems. Screening of relevant films.
3 hrs 3 cr.

**FILMP 15000 - Media & Film in a Digital Age I**

The first part of a two-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production.
*cross-listed* MEDP 15000
*prereq: MEDIA 18000 or FILM 10100
3 cr 4 hrs

**FILMP 16000 - Media & Film in a Digital Age II**

The second part of a two-semester sequence that introduces students to the theoretical and practical fundamentals of film, video, and digital media production.
*cross-listed* MEDP 16000
*prereq: MEDP 15000
4 hrs 3 cr

Film and Media: Film—Intermediate Courses

**FILM 20100 - Practical Film Analysis**

GER 3/A
Close case study of a selected motion picture.
*prereq: FILM 10100
3 hrs 3 cr.

**FILM 21100 - Film History I: 1895-1942**

GER 3A PD/D
Survey of film history and theory from the silent era to 1942.
*prereq: FILM 10100
4 hrs 3 cr.

**FILM 21200 - Film History II: Since 1942**
GER 3/A PD/D
Survey of film history and theory from 1942 to the present.
prereq: FILM 10100
4 hrs 3 cr.

**FILM 21300 - National Cinema**

GER 3/A PD/D or A
Study of the cultural background, theoretical underpinnings, and artistic practices of a selected national cinema. May be repeated for credit with a different topic.
prereq: FILM 10100
4 hrs 3 cr.

**FILM 21305 - National Cinema: Italian Cinema**

GER 3/A PD/D
prereq: FILM 10100
4 hrs 3 cr.

**FILM 21344 - Israeli Cinema**

GER 3A PD/A
Israeli cinema and the development of Israeli cultural identity. Designed for students of Hebrew studies and Film studies who are interested in the history of Israeli film and Israeli cultural identity as expressed in the Israeli cinema.
cross-listed HEBR 22000
prereq: FILM 10100

**FILM 21351 - National Cinema: French New Wave**

GER 3/A PD/D

prereq: FILM 10100
4 hrs 3 cr.

**FILM 21355 - National Cinema: Asian Cinema**

GER 3/A PD/A
prereq: FILM 10100
4 hrs 3 cr.

**FILM 21400 - Multicultural Perspectives in Cinema**

GER 3/A PD/B (214.51 only)
Study of the contributions of minority groups to filmmaking, including examination of how those contributions have countered stereotypical representations of racial, national, and cultural identity in mainstream cinema. May be repeated for credit with a different topic.
prereq: FILM 10100
4 hrs 3 cr.
FILM 21500 - Women and Film

GER 3/A PD/C
Films by women directors and the ways women's films counter the dominant patriarchal view of women reflected in commercial cinema.
prereq: FILM 10100
4 hrs 3 cr.

FILM 22200 - Topics in Genre Studies

GER 3/A
Critical study of generic categories such as the western, horror, comedy, film noir, melodrama, or the musical. May be repeated for credit with a different topic.
prereq: FILM 10100
4 hrs 3 cr.

FILM 22252 - Topics in Genre Studies: “The Woman's Film” of the 1940s

GER 3/A PD/C
This course focuses on “the woman's film”, from the forties. Discussion of the woman's film, an umbrella term for a series of genres (melodrama, gothic film, comedies) in which the woman is the main protagonist as well as the intended spectator.
cross-listed WGS 222.52
prereq: FILM 10100
4 hrs 3 cr.

FILM 22400 - Cinematic Space

GER 3/A
Study of the theories and uses of cinematic space, film design, and the relationship between art direction and film narrative.
prereq: FILM 10100, 20100
4 hrs 3 cr.

FILM 23000 - Movies in American Culture

GER 3/A
Cultural processes that affect the production and reception of movies in the U.S. Interrelationships among the stylistic, thematic, technical, industrial and regulatory aspects of American moviemaking.
prereq: FILM 10100, 21100 or FILM 21200
3 hrs 3 cr.

FILM 23100 - Studies of Selected Directors

GER 3/A
Study of aesthetic and cultural implications of authorship as developed and practiced in cinema. May be repeated for credit with a different topic.
prereq: FILM 10100, 20100
4 hrs 3 cr.
FILM 23200 - Experimental Film and Video

GER 3/A PD/D
Historical examination of pertinent films and videos with particular emphasis on current American productions.  
*prereq: FILM 20100 or MEDP/FILMP 15000 (or MED/FILM 15100).*
4 hrs 3 cr.

FILMP 25100 - Film Production I

Introduction to the fundamentals of filmmaking, writing, cinematography and editing.  
*Material Fee: $20  
prereq: MEDP/FLMP 16000; open to majors only or perm instr.*
4 hrs 3 cr.

FILMP 27600 - Screen Writing I - The Short (W)

The Short Fundamentals of writing for film; critiques of original student scripts.  
*prereq: FILM 10100 and ENGL 12000; open to film/media majors only or perm instr.*
4 hrs 3 cr.

FILMP 28600 - Sound for Film and Video I

Basic sound theory and production sound recording techniques, concentrating on microphones, field mixers and recording equipment, boom operation and on-set procedures.  
*cross-listed MEDP 28600  
prereq: FILM 25100 or MEDP 28100*
3 hrs 3 cr.

Film and Media: Film—Upper-Level Courses

FILM 31500 - Nonfiction Film and Video

GER 3/A  
Study of the history and theory of the nonfiction film and video, with screenings of examples of documentary, propaganda, and direct cinema and video.  
*Except as otherwise noted, ENGL 12000 is pre-requisite for all 30000- and 40000-level courses in FILM.*
*prereq: FILM 10100*
4 hrs 3 cr.

FILM 32200 - Contemporary Film Theory

GER 3/A PD/D  
Survey of current film theory and criticism, including developments in film semiotics, psychoanalytic film theory, feminist film theory, narrative theory, historiography and reception theory.  
*Except as otherwise noted, ENGL 12000 is pre requisite for all 30000- and 40000-level courses in FILM.*
*prereq: FILM 10100, 21100 or 21200*
4 hrs 3 cr.
FILM 32300 - Film Technology and Aesthetic Theory

GER 3/A
Study of the relationship between film technology and film theory. May be repeated for credit with a different topic.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100, 20100, 25100
4 hrs 3 cr.

FILM 32351 - Aesthetics of Film Sound

GER 3/A
Examination of the history, theory and aesthetics of the relationship between film sound and image.
Except as otherwise noted, ENGL 12000 is prerequisite for all 30000- and 40000-level courses in FILM.
prereq: FILM 10100, 20100
4 hrs 3 cr.

FILM 32400 - Narrative Strategies

GER 3/A
Study of narrative techniques in cinema
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100 and 20100 or 23100
4 hrs 3 cr.

FILM 32600 - America in American Film and Video

GER 3/A
Investigation of the ways that film and video have dealt with issues of American identity. This course explores how basic American myths have been mobilized to project a particular view of the nation at various historical points.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100, 21100 or 21200
3 hrs 3 cr.

FILM 32700 - Representations of Race and Ethnicity in U.S. Media

GER 3/A PD/B
A historical look at changes and continuities in the social construction of a selected race or ethnicity in movies; advertising, including political campaigns; journalism, and other forms of American popular culture. May be repeated for credit with different topic.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100
4 hrs 3 cr.

FILM 32800 - Images of Resistance in the Developing World

GER 3/A PD/A
Focuses on challenges by developing world films and filmmakers to Western media stereotypes.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100
4 hrs 3 cr.
FILM 33200 - Myths and Images in the Media

GER 3/A
Study of film and media as decisive vehicles of myth, imagery and aesthetics in an advanced industrial society.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100
3 hrs 3 cr.

FILM 33300 - Styles and Theories of Film Acting

GER 3/A
Study of film acting with regard to theoretical structures and aesthetic practice.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100, 20100
4 hrs 3 cr.

FILM 33400 - Theatricality and the Presentation of Self

GER 3/A
Examination of the problems of authenticity in the performing self through analysis of representations in film, TV and the everyday.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100, FILM 21100 or 21200
4 hrs 3 cr.

FILM 34400 - History of Cinematography

GER 3/A
Survey class addressing key developments in the history and aesthetics of cinematography.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100, 20100, 21100 or 21200
4 hrs 3 cr.

FILM 39100 - Problems in Film Research

GER 3/A
Study of basic methods of solving problems in the field of cinema studies.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100, 20100, 21100 or 21200
3 hrs 3 cr.

FILM 39700 - Topics in Film History

GER 3/A PD/D
A focused examination of specific issues and moments in film history. May be repeated for credit under a different topic.
Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.
prereq: FILM 10100, 20100, 21100 or 21200
4 hrs 3 cr.
**FILMP 31100 - Directing Documentary Video Production**

Exploration of the aesthetics of documentary form that provides students with an in-depth and hands-on understanding of preproduction and production of documentary video.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

*prereq: MEDP 28100; open to film/media majors only or perm instr.*

*4 hrs 3 cr.*

**FILMP 31600 - Experimental Production**

Experimental methods of film and video production, emphasizing innovative and non-traditional formal and conceptual practice.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

*prereq: FILMP 25100 or MEDIAP 28100 or perm. instr.*

*3 hrs 3 cr.*

**FILMP 34100 - Producing the Film**

Contracts, financing, distribution, copyright law, options, acquisition of rights, securities law requirements.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

*prereq: FILMP 25100, FILMP 27600*

*3 hrs 3 cr.*

**FILMP 35200 - Film Production II**

Further development of fundamental filmmaking skills: pre-production, directing, and syncsound production techniques.

*Material Fee: $20*

*prereq: FILMP 25100, FILMP 27600 open to film/media majors only or perm instr. prereq or coreq: Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

*4 hrs 3 cr.*

**FILMP 37100 - Screen Directing I**

Theory and practice of the film director's role as guiding force in creation of visual and aural images.

*Except as otherwise noted, ENGL 120 is prerequisite for all 300- and 400-level courses in FILM.*

*prereq: FLMP 251, FILMP 276; open to film/media majors only or perm instr.*

*4 hrs 3 cr.*

**FILMP 37200 - Screen Directing II**

Continuation of FILMP 37100.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

*prereq: FILMP 37100 or permission of instructor*

*4 hrs 3 cr.*

**FILMP 37700 - Screen Writing II The Feature (W)**

Continuation of workshop experience with emphasis on full-length screenplay.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*
**FILMP 38100 - Techniques of Cinematography**

Advanced cinematographic techniques such as sensitometry, effects lighting and special effects.  
*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*  
**prereq:** FILMP 35200 or permission of instructor  
4 hrs 3 cr.

**FILMP 38200 - Narrative Editing**

Narrative editing concepts, theories and techniques. Editing exercises explore the aesthetic and practical components of the craft and introduce advanced digital editing tools.  
**prereq:** FILMP 25100  
4 hrs 3 cr.

**FILMP 38300 - Sound Design**

Aesthetics of sound design with practical instruction in audio post-production technology.  
*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*  
**prereq:** FILMP 25100 or MEDIAP 28100 or perm. instr.  
3 hrs 3 cr.

**FILMP 38400 - Film and Video Production**

Production of short films with each student assigned to specific crew positions.  
*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*  
**prereq:** FILMP 35200, and permission of instructor.  
variable hrs 3 cr.

**Film and Media: Film—Special Topics, Honors, and Advanced Studies**

**FILM 29900 - Special Topics in Film**

GER 3/A  
Not offered at all times. A specific topic will be listed in Schedule of Classes for a given semester.  
**prereq:** perm dept.  
1-3 hrs 1-3 cr.

**FILM 39900 - Studies in Film**

GER 3/A  
Not offered at all times. Specialized topics for majors will be listed in Schedule of Classes for a given semester.  
*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*
prereq: variable
3 hrs 3 cr.

**FILM 40100 - Independent Research**

Open to majors only. Directed program of reading, research, or creative presentation, arranged on an individual basis.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

prereq: perm chair
1-3 cr.

**FILM 40200 - Honors Project**

Jr/Sr only. Students must present a proposal for an individual project to be completed under faculty supervision.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

prereq: 3 advanced-level courses, 3.0 GPA and 3.5 major GPA perm dept.
3 hrs 3 cr.

**FILM 49800 - Internship**

Opportunity to gain professional experience.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

prereq: FILM 10100, two other FILM courses or equiv; perm dept and host institution
1-6 cr, 40 working hrs per cr.

**FILM 49900 - Advanced Seminar**

Selected topics in cinema studies.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

prereq: perm instr.
4 hrs 3 cr.

**FILMP 39900 - Special Topics in Advanced Film Practice**

Offered periodically with the specific topic listed in the schedule of classes.

*Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

prereq: perm instr.
4 hrs 3 cr.

**FILMP 45100 - Film and Video Production Seminar**

Individual student films produced under faculty supervision.

*Material Fee: $20
May be taken twice for credit.
cross-listed MEDP 45100
prereq: FILMP 35200 and perm instr. prereq or coreq: Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.*

3 hrs 3 cr.

**FILMP 49800 - Internship**
Opportunity to gain professional experience

40 working per. Except as otherwise noted, ENGL 12000 is prerequisite for all 300- and 400-level courses in FILM.

prereq: FILM 10100, two other film courses or equiv; perm dept and host institution
1-6 cr, 40 working hrs per cr.

MEDP 29900 - Special Topics in Media Production

Taught periodically, with topic listed in Schedule of Classes.

prereq: MEDIA 180, others variable
3 hrs 3 cr.

Film and Media: Media—Basic Courses

MEDIA 18000 - Introduction to Media Studies

GER 2/C
Social, political, and economic factors that determine and shape products of media organizations.
3 hrs 3 cr.

Film and Media: Media—Analytical Courses

MEDIA 21000 - Journalism and Society

GER 3A
This course focuses on industry issues and service to the public good. It is partly designed for students interested in careers in journalism, who can benefit from greater sophistication about the news industry. The course explores the way news is gathered and written, the way news organizations are structured and financed, and the way they relate to other forms of political and entertainment communication. It examines the ways that the news industry describes itself and its problems and surveys journalistic practice in different media, e.g. print, the Internet, etc. Many of the readings will be drawn from the news industry trade press as well as from cultural studies and media sociology. Students will be asked to address journalism as citizens, weighing the role of journalism in our democracy.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 26000 - Internet and Society

GER 3/A
The Impact of the Internet on American and global society.

prereq: MEDIA 18000 or permission of instr.
3 hrs 3 cr.

MEDIA 27100 - Television Culture
GER 3/A
Theoretical analysis of the production and reception of televisual texts, with close reading of particular texts.

**prereq:** MEDIA 18000

*3 hrs 3 cr.*

**MEDIA 28000 - Understanding New Media**

GER 3/A
The convergence of media, communications technologies, art, design, and culture. It is intended to familiarize students with important approaches in new media, focusing on the history of the medium and the conceptual history of interactivity in art and communication.

**prereq:** MEDIA 18000

*3 hrs 3 cr.*

**MEDIA 29700 - Interviewing Techniques**

GER 3/A
This course will examine the dynamics of the interview, and is designed to teach students both the theoretical and practical principles of interviewing.

**prereq or coreq:** MEDP 29200W; MEDP 28100 or MEDP 28200

*3 hrs 3 cr.*

**MEDIA 29800 - Special Topics in Media Studies**

GER 3/A
A course on film and media studies taught periodically, with topic listed in Schedule of Classes.

**MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.**

**prereq:** MEDIA 18000 or FILM 10100

*4 hrs 3 cr.*

**MEDIA 31300 - The Culture of Publicity**

GER 3/A
An in-depth historical understanding of public relations, social image-management, and opinion engineering in the U.S.

**MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.**

**prereq:** MEDIA 18000

*3 hrs 3 cr.*

**MEDIA 31400 - Public Relations: Theory and Practice (W)**

GER 3/A
An examination of principal techniques and strategies in public relations, including critical analysis of its social uses.

**MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.**

**prereq:** MEDP 29200

*3 hrs 3 cr.*

**MEDIA 31500 - Nonfiction Film and Video**
GER 3/A
Study of the history and theory of the nonfiction film and video, with screenings and examples of documentary, propaganda and direct cinema and video.

*MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.

prereq: MEDIA 18000
4 hrs 3 cr.

**MEDIA 32600 - America in American Film and Video**

GER 3/A
Investigation of the ways that film and video have dealt with issues of American identity. This course explores how basic American myths have been mobilized to project a particular view of the nation at various historical points.

prereq: MEDIA 18000
3 hrs 3 cr.

**MEDIA 32700 - Representations of Race and Ethnicity in U.S. Media**

GER 3/A PD/B
A historical look at changes and continuities in the social construction of a selected race or ethnicity in movies; advertising, including political campaigns; journalism; and other forms of American popular culture.

prereq: MEDIA 18000
4 hrs 3 cr.

**MEDIA 32800 - Images of Resistance in the Developing World**

GER 3/A PD/A
Challenges by developing-world films and filmmakers to Western media stereotypes.

prereq: MEDIA 18000
4 hrs 3 cr.

**MEDIA 33200 - Myths and Images in the Media**

GER 3/A
Study of film and media as decisive vehicles of myth, imagery and aesthetics in an advanced industrial society.

prereq: MEDIA 18000
3 hrs 3 cr.

**MEDIA 33300 - Typecasting**

GER 3/A
A history of the relationship between stereotyping as a social, cultural and psychological language and the rise of modern society.

*MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.

prereq: MEDIA 180 and either MEDIA 327 or MEDIA 384 or perm instr.
3 hrs 3 cr.

**MEDIA 36500 - Digital Copyright**

GER 3/A
An introduction to the legal, economic and social principles at stake in the debate over copyright and digital technologies. The semester begins with an introduction to the basics of copyright law, the legal system, and legal
research. Students then review some of the specifics of the digital copyright debate, including topics such as peer-to-peer trading, digital rights management, and third party liability for information service providers.

**MEDIA 37000 - The Press and the Public**

GER 3/A
Analysis and discussion of relationship of the press to great issues of our time.

*prereq: MEDIA 18000
3 hrs 3 cr.*

**MEDIA 37300 - Journalism as Literature**

GER 3/A
An examination of the relationships between journalism and literature, including literary journalism, the journalistic prose of major imaginative writers, and the stylistic characteristics of hard news reporting.

*prereq: MEDIA 18000
3 hrs 3 cr.*

**MEDIA 37400 - Media, Sports, and Society**

GER 3/A
Examination of the relationship between media and sports and their impact on society. Workings of the present-day sports-television-advertising complex, textual analysis of television sports productions.

*prereq: MEDIA 18000
3 hrs 3 cr.*

**MEDIA 37500 - Media and Politics**

GER 3/A
The impact of the electronic media on American politics.

*prereq: MEDIA 18000
3 hrs 3 cr.*

**MEDIA 38000 - History of Broadcasting**

GER 3/A
Broadcasting's roots in industrialization and influence on modern society.

*prereq: MEDIA 18000
3 hrs 3 cr.*

**MEDIA 38100 - Propaganda and the Mass Media**

GER 3/A
Study of mass media (broadcast, film, print) as forms for propaganda.

*prereq: MEDIA 18000
3 hrs 3 cr.*
MEDIA 38300 - Popular Music and the Music Industry

GER 3/A
Exploration of social and cultural significance of popular music; history, structure, and economics of music industry. Particular emphasis on popular music from fifties to present.
prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 38400 - Women and Media

GER 3/A PD/C
Examination, from historical and formal perspective, of ways in which women have been represented by mass media in America since mid-19th century. Exploration of how feminists for 100 years have challenged these images and posed alternative modes of cultural representation and production.
cross-listed WGSA 38400 (W)
prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 38600 - Media Ethics

GER 3/A
An exploration of the moral issues surrounding media work, including truth-telling, social justice, cultural effects and conflicting rights.
prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 38900 - Contrasting Media Systems

GER 3/A
Contrasts media systems in selected foreign countries from point of view of (1) degree to which system satisfies individual and social needs, (2) degree of government and private control, (3) degree of organizational sophistication and diffusion.
prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39000 - Broadcast Journalism

GER 3/A
Structure and operations of radio and television news in relation to social, political and economic institutions.
prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39100 - History of Print Journalism

GER 3/A
Development of newspapers and magazines as social force.
prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39200 - Communications, Technology and Change
GER 3/A
Examination of media technologies, their development and their impact on quality and organization of human life.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39300 - Media Criticism

GER 3/A
Analyzes advanced approaches to media communication with focus on form and content of particular themes as they are treated by variety of media genres.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39400 - Mass Communications and the Law

GER 3/A
Relationship of mass media to significant constitutional problems.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39500 - Mass Media in Developing Countries

GER 3/A PD/A
Exploration of impact of transnational corporations on developing countries and issues of cultural domination.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39600 - International Communications

GER 3/A
Examination and analysis of policy issues raised by structures, flows, and contents of international communications. Areas covered include print and TV news flows, transnational culture industries, telecommunications and the Internet. MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDIA 39700 - Cult TV and its Audiences

GER 3/A
This course explores the historical and cross-cultural development of “cult” television, from cancelled programs whose narratives are kept alive by fan audiences, to the mainstreaming of cult audience behavior for high-rated programs today.

prereq: MEDIA 27100
3 hrs 3 cr.

MEDIA 39800 - Complex Television Narratives (W)

This course examines the historical emergence and characteristics of long-term arc-driven TV serials. Emphasis will be on the narrative strategies and formal features of dramatic serials, with some attention to complex comedies. This course falls under the Media Analysis and Criticism concentration of the Media major.
prereq: MEDIA 27100 (Television Culture, previously MEDIA 37100) or MEDIA 37100 or MEDIA 39700 (Cult Television Theory and Audiences) or Permission of instructor
3 hrs 3 cr.

**Film and Media: Media—Practice and Production Courses (MEDP)**

MEDIA 18000 is a prerequisite for all 200-, 300- and 400-level MEDIA and MEDP courses.

**MEDP 15000 - Media and Film in a Digital Age**

The first part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.

cross-listed FILMP 150
prereq: MEDIA 18000 or FILM 10100
4 hrs 3 cr.

**MEDP 16000 - Media & Film in a Digital Age II**

Second part of a 2-semester sequence that introduces students to the theoretical and practical fundamentals of film, video and digital media production in a lecture/lab format.

cross-listed FILMP 16000
prereq: MEDP/FILMP 15000
4 hrs 3 cr.

**MEDP 20100 - Reporting and Writing I (W)**

The sequence will introduce students to the fundamentals of reporting through interviews, observation and documentary research, and to the forms in which journalists present their reporting. It will also ask them to grapple with some of the ethical, legal and technological issues facing contemporary journalism, and will provide a basic understanding of the workings of state and city government.

coreq: MEDP 15000
3 hrs 3 cr.

**MEDP 20200 - Reporting and Writing 2(W)**

The sequence will introduce students to the fundamentals of reporting through interviews, observation and documentary research, and to the forms in which journalists present their reporting. It will also ask them to grapple with some of the ethical, legal and technological issues facing contemporary journalism, and will provide a basic understanding of the workings of state and city government.

coreq: MEDP 16000
3 hrs 3 cr.

**MEDP 23900 - Entertainment Journalism (W)**

Development of practical, theoretical, and rhetorical skills for writing reviews and feature stories about entertainment and the arts.
prereq: MEDP 29200
3 hrs 3 cr.

MEDP 24000 - Effective Speechmaking

Development of skills in speechmaking and media presentation.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDP 25000 - Digital Design and Usability

This course introduces students to the fundamentals of 2D design and interaction design for digital media. The class approaches the subject from a creative and conceptual perspective. Students choose which digital production tools are most effective to address specific creative design problems.

prereq: FILMP 15000/MEDP 15000 and FILMP 16000/MEDP 16000
3 hrs. 3 cr.

MEDP 26000 - Introduction to 2D Animation

This hands-on class is an introduction to animation using 2D digital tools. Historical precursors to digital animation including experimental and animated film as well as contemporary animation will be screened. Class time will consist of screenings, in-class demonstration, production and critique.

prereq: MEDIA 18000. MEDP 15000, MEDP 16000
4 hrs. 3 cr.

MEDP 27500 - Desktop Publishing

An introduction to the aesthetics of print layout and design, using a computer.

prereq: MEDIA 18000
3 hrs 3 cr.

MEDP 28100 - Portable Video Production

Elements of single-camera video production. Lectures and studio practicum

Material Fee: $20

prereq: MEDP/FILMP 15000
coreq: MEDP/FILMP 16000 (or MEDIA/FILM 15100)

3 hrs 3 cr.

MEDP 28200 - Studio Television Production

Elements of multi-camera studio production.

prereq: MEDP/FILMP 15000
coreq: MEDP/FILMP 16000 (or MEDIA/FILM 15100)

3 hrs 3 cr.
MEDP 28300 - Electronic News Gathering

This workshop guides students through the research, writing, digital video production and digital editing of community television news stories.

*prereq: MEDP 28100
3 hrs 3 cr.*

MEDP 28500 - Web Production I

An exploration of the production of Internet distributed media, primarily words and images distributed as Web pages, using HTML and image manipulation software.

*prereq: MEDP/FILMP 15000
coreq: MEDP/FILMP 16000 (or MEDIA/FILM 16100)
3 hrs 3 cr.*

MEDP 28600 - Sound for Film and Video I

Basic sound theory and production sound recording techniques, concentrating on microphones, field mixers and recording equipment, boom operation and on-set procedures.

*cross-listed FILMP 28600
prereq: FILMP 25100 or MEDP 28100
3 hrs 3 cr.*

MEDP 29000 - Developing the Documentary (W)

This workshop guides students through the research, writing and production planning essential for eating a video or film documentary.

*prereq: MEDIA 18000
3 hrs 3 cr.*

MEDP 29400 - Magazine Writing (W)

This course prepares students for publishing articles in magazines, feature sections of newspapers and online Internet publications by developing writing portfolios and studying the workings of the publishing industry.

*prereq: MEDP 29200
3 hrs 3 cr.*

MEDP 29500 - Online Journalism (W)

Evaluating and employing the Internet as a source of information for journalists, as a subject of journalistic coverage and as a new form of newspaper publication.

*prereq: MEDP 29200
3 hrs 3 cr.*

MEDP 29600 - Feature Writing (W)
A course on advanced feature writing media taught periodically, with topic listed in Schedule of Classes.

prereq: MEDP 29200
3 hrs 3 cr

**MEDP 31000 - Advanced TV Studio Production**

An advanced multi-camera television studio workshop and a continuation of Studio Television Production.

prereq: MEDP 28100, 28200
3 hrs 3 cr.

**MEDP 31100 - Directing Documentary Video Production**

Exploration of the aesthetics of documentary form that provides students with an in-depth and hands-on understanding of preproduction and production of documentary video.

Material Fee: $20

prereq: MEDP 28100 or FILMP 35200 prereq or coreq: MEDIA 18000 is a prerequisite for all 200-, 300-, and 400-level MEDIA and MEDP courses.

4 hrs 3 cr.

**MEDP 31200 - Advanced Documentary Digital Editing**

The aesthetic and technical considerations in editing the documentary video using digital equipment.

Material Fee: $20

prereq: MEDP 31100 or perm instr.
4 hrs 3 cr.

**MEDP 31600 - Experimental Production**

Experimental methods of film and video production, emphasizing innovative and non-traditional formal and conceptual practice.

prereq: FILM 25100 or MEDP 28100 or perm. instr.
3 hrs 3 cr.

**MEDP 33100 - Web Production II**

An exploration of the production of Internet-distributed media, especially animation, sound, and video, using GIF Animation, Flash, and sound tools.

prereq: MEDP 28500
3 hrs 3 cr.

**MEDP 34100 - Web Programming**

Advanced programming skills for website design. Dynamic content development explored through state of the art programming languages for the creation of interactive web sites. Students will create web pages that utilize the most current techniques in web development. The curriculum in this class emphasizes an integrated and creative approach to web programming, including detailed instruction and practice in the technical aspects. It is designed to give students a basic introduction to the tools and techniques used by web programmers.
prereq: MEDP 28500
3 hrs 3 cr.

MEDP 34500 - Web Design Projects

A project-based class designed to give students the experience of solving practical problems in web production and to add to the advanced student's web design portfolio with a comprehensive project. Students will work independently and in teams on a large-scale collaborative project.

prereq: MEDP 33100 or perm instr.
3 hrs 3 cr.

MEDP 34900 - Introduction to Physical Computing

This hands-on class is an introduction to electronics, circuit building and the programming of microcontrollers for the production of interactive creative works that may include installation and art objects.

prereq: MEDP 150, MEDP 160

MEDP 35000 - Workshop in Public Communication Graphics

In this studio workshop course, questions regarding the communicative powers of visual culture will be applied to the creation of advanced functional design projects.

prereq: MEDIA 18000, submission of creative portfolio of graphic work (posters, layouts, montages, three-dimensional objects, or packaging, etc.) for assessment, and perm instr.
4 hrs 3 cr.

MEDP 35500 - Physical Computing: Interactive Installation

A hands-on course focusing on the current state of interactive media in a collaborative environment. Students will create projects integrating video, sound and text exploring design concepts and using sensors for real-time interactivity. Material Fee: $20

prereq: MEDIA 18000, MEDP 15000, MEDP 16000, MEDP 28500
3 hrs 3 cr.

MEDP 36000 - 3D Animation and Modeling

This hands-on production course will examine essential concepts and practices that form the basis of 3D animation. While this course primarily focuses on the use of 3D animation for linear video output, we will also explore the possibilities of this digital framework for other media and expressive forms, such as print, graphic novels, film making, and net-based art.

prereq: MEDP 15000, MEDP 16000, MEDIA 18000, MEDP 25000, MEDP 28500
3 hrs. 3 cr.

MEDP 36500 - 3D Virtual Environments

This course is an introduction to skills and creative approaches for the development of computer-generated 3D interactive virtual environments. Students will develop 3D virtual environments using standard 3D game design techniques and technologies. This class approaches the subject from both a technical and creative perspective. It gives
students an introduction to the tools and techniques used to design 3D computer games and how those processes may be applied to create artistically focused work.

prereq: MEDP 36000
3 hrs. 3 cr.

**MEDP 37200 - Investigative Reporting (W)**

Understanding and practicing journalism that explores significant social issues and injustices, using diverse sources developed through the enterprise of the reporter.

prereq: MEDP 29200
3 hrs 3 cr.

**MEDP 37700 - Neighborhood News (W)**

An advanced reporting and writing class that will produce a community newspaper and on-line news outlet serving underserved neighborhoods. This class may be repeated once for credit.

prereq: MEDP 29200 or permission of instructor
3 hrs 3 cr.

**MEDP 38300 - Sound Design**

Aesthetics of sound design with practical instruction in audio post-production technology.

prereq: FILMP 25100 or MEDP 28100 or perm. instr.
3 hours 3 credits

**MEDP 39909 - Game Programming**

An introduction to the practical and conceptual aspects of digital game creation. Students will have the opportunity to learn a variety of game-development tools and approaches, while exploring a variety of theoretical, social, and other aspects of modern game culture.

prereq: MEDIA 18000
3 hrs 3 cr.

**MEDP 39950 - Motion Graphics**

This course examines the design and use of computer animation and effects for digital video. The course emphasizes the use of motion graphics to animate and render typography, effects and the compositing of distinct visual assets as well as its function within a greater narrative.

prereq: MEDIA 18000
3 hrs 3 cr.

**MEDP 45100 - Film and Video Production Seminar**

Individual student films produced under faculty supervision.

*May be taken twice for credit.*
Material fee $20 cross-listed FILMP 45100
3 hrs 3 cr.

Film and Media: Media—Special Topics, Honors and Advanced Studies

MEDIA 29853 - The Horror Film

GER 3A
A historically informed exploration of the international horror film genre in cultural context. Includes a consideration of filmic conventions, marketing practices, and audience reception. We will explore cultural fears, and how art and industry manage to express and profit from those fears.

prereq: MEDIA 18000 or FILM 10100
3 hrs 3 cr.

MEDIA 29900 - Special Topics in Media Studies

GER 3/A
Taught periodically, with topic listed in Schedule of Classes.
prereq: MEDIA 18000, others variable
3 hrs 3 cr.

MEDIA 39900 - Special Issues in Media Studies

GER 3/A
Taught periodically, with topic listed in Schedule of Classes.
prereq: MEDIA 18000, others variable
3 hrs 3 cr.

MEDIA 40100 - Independent Research

Directed research or creative endeavor.
Material Fee: $20
prereq: 2 advanced level courses, perm dept.
1-6 hrs 1 cr. per hr.

MEDIA 40200 - Honors Project

Open to Jr/Sr only. Students must present a proposal for an individual project to be completed under faculty supervision. Successful completion qualifies student for departmental honors at graduation.
prereq: 3 advanced-level courses; 3.0 GPA and 3.5 major GPA; perm dept.
3 hrs 3 cr.

MEDIA 49800 - Internship
Opportunity to gain professional experience.

**MEDIA 49900 - Advanced Seminar**

Readings, discussion, and papers on significant problems in fields of media studies.

*prereq: perm instr.*

3 hrs 3 cr.

**MEDP 29900 - Special Topics in Media Practice**

A course on media practice taught periodically, with topic listed in Schedule of Classes.

*prereq: MEDIA 18000 and other prerequisites varying according to topic offered*

3 hrs 3 cr

**MEDP 39900 - Special Topics in Advanced Media Production**

Taught periodically, with topic listed in Schedule of Classes.

*prereq: MEDIA 18000, others variable*

3 hrs 3 cr.

### Programs and Courses in Geography

#### Geography

**About the Department**

The department offers concentrations in urban geography; population/immigration/ethnicity; geographic information science; sustainability; earth systems science; environmental policy; and social studies and environmental education. Courses in all of these fields are valuable parts of a general liberal education, developing an awareness of earth phenomena and the role these play in people’s lives. Through integration of content knowledge, applied skills, and internships, our graduates are prepared for both graduate study and immediate employment in the public, private, and non-profit sectors.

Undergraduates can major in geography, environmental studies, or select options within the geography major that prepare them for temporary certification in New York State to teach social studies at grades K-12; and they may minor in geography, environmental studies or geology. The interdisciplinary major in environmental studies allows students to focus on environmental policy and management or earth systems science. Students may also complete a Five-Year BA/MA Program in Environmental Studies and Adolescent Education: Earth Science (Grade 7-12). This accelerated program is designed for highly qualified environmental studies majors who, by their sophomore year, decide to pursue a career in teaching earth science. In addition to comprehensive programs in residence, the department offers field courses in geography and environmental science in Hawaii, Argentina and the Catskill Mountains.

Revisions in the curricula within the Department of Geography that are currently under way may involve modifications in various requirements. Please consult with the department office for up-to-date information and requirements.

HEGIS Codes: 2206 (Geography); 2205 (Adolescent Education); 4999 (Environmental Studies)

Undergraduate Major

Environmental Earth Science Concentration

Required courses - 22 credits (including Capstone)

**CHEM 10200 - General Chemistry I**

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding. 
*Primarily for pre-med, medical laboratory sciences and science majors.*
*prereq or coreq: MATH 12500, 12600 or equiv.*
*5 hrs (4 lec, 1 rec) 4 cr.*

**CHEM 10400 - General Chemistry II**
GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
*Primarily for premed, medical laboratory sciences and science majors.*
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

**CHEM 10600 - General Chemistry Laboratory**

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
*Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.*
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.

**GEOG 22600 - Environmental Conservation: Resource Management**

GER 2/B
Introduces students to environmental studies with a focus on policy and management of resources. The course will examine issues pertaining to sustaining our resource base (biodiversity, food, soil, water and energy), a review of factors influencing sustainable use, and how humans have impacted these key elements of the natural system.

3 hrs 3 cr.

**PGEOG 25000 - Earth System Science I**

GER 3/B
In this course students learn to think of Earth as a system of several components that interact with each other, sometimes in very complicated ways. The components of the Earth system that will be considered include the atmosphere, the hydrosphere, the lithosphere, and the biosphere. While each of these components can, and should, be studied in more detail in separate courses, here the focus is on interactions between them.
prereq: at least one 100-level science course or perm instr. prereq or coreq: GEOL 10100 or PGEOG 13000 or GEOG 22600 or perm instr.
4 hrs 3.5 cr.

**PGEOG 25100 - Earth System Science II**

GER 3/B
The second part of a two-course sequence, students continue the objectives of PGEOG 25000, and learn about our planet as a system of interacting components, including the atmosphere, hydrosphere, lithosphere, and biosphere. This course focuses primarily on the biosphere, paleoclimates, and the Arctic climate system.
prereq: PGEO 25000 or perm instr.
4 hrs 3.5 cr.

**Required Capstone Course - 3 credits**

**PGEOG 49000 - Honors in Environmental Studies**
Open to upper Jr/Sr environmental studies majors only. Individual research to be carried out under faculty guidance. Results may be embodied in an honors essay or equivalent.

Prereq: perm dept.

-or-

**PGEOG 49800 - Internship in Environmental Studies**

Open to qualified environmental studies majors and minors, upper Jr/Sr only. Opportunities for working in positions of responsibility in professional institutions for academic credit. See environmental studies faculty adviser.

1-4 cr.

**Electives - 18 credits**

A minimum of 18 credits from the list below. 12 credits must be taken at the 300-level or higher. Electives are not counted towards the minor requirements.

*Note: It is strongly recommended that students take STAT 11300 - Elementary Probability and Statistics.*

**GEOL 20500 - Environmental Geology**

GER 3/B

As human populations continue to grow, resource depletion and hazards will become more severe. Many decisions concerning the use of resources, such as water, soil, minerals, energy and space to live, will determine our standard of living and the quality of the environment. Scientific knowledge, combined with human values, will dictate these decisions. This course examines not only the way geological processes operate and impact society, but also how the earth system responds to human activity. The difficult problems associated with extracting enormous quantities of resources needed to sustain modern societies will be discussed. The course will also address ways humans can minimize the risks associated with hazardous earth processes. Quantitative analysis of selected topics will be introduced to provide a deeper understanding of the complexity of today’s environmental issues.

Prereq: GEOL 10100

3 hrs 3 cr.

**GEOL 28000 - Marine Geology**

GER 3/B

Marine Geology is the study of the seafloor. This course attempts to answer the questions “what?”, “where?”, “when?” and more importantly “how?” in order to better understand the processes that shape the ocean basins and determine the structure and composition of the oceanic crust. The main patterns of sediment distribution in the ocean basins and how sediments preserve a record of past climatic and sea-level changes will be explored. In addition, the role of fluids in ocean sediments and the oceanic crust will be examined. The seafloor sediments will be studied with a focus on their role in marine biogeochemical cycles.

Prereq: GEOL 10200 or perm instr.

3 hrs 3 cr.

*Fall*

**GEOL 38000 - Advanced Oceanography: Chemistry and Physics of the Oceans**

GER 3/B

The oceans play a significant role in how the climate system responds to anthropogenic perturbations. To understand past, present and future climate, students need to know and understand the world ocean.

Oceanography is multidisciplinary. It offers an opportunity to review and to apply many of the concepts taught in the
major traditional disciplines of physics, chemistry, biology and mathematics. This course will offer an in-depth tour of the complex study of oceanography and an introduction to quantitative methods in oceanography using Matlab. This science-based course requires students to learn and understand, and be willing to work with, physical and quantitative concepts. Students must be prepared to learn the basics of computer scripting/programming syntax and logic, one of the major skills to be acquired in this course.

prereq: one sem CHEM or PHYS, MATH 15000 or equiv.
3 hrs 3 cr.

GEOL 38300 - Special Topics in Geology and Oceanography

GER 3/B
Intensive courses in various aspects of geology or oceanography. Topics to be announced.
prereq: 200-level course of which special topic is logical outgrowth; perm instr.
1-4 hrs (lec or lec/lab) 1-3 cr.

GTECH 20100 - Introduction to Geographic Methods

Introduces the means by which geographers analyze the world to better understand geography and geographical processes. It offers an introduction to various methods for interpreting and analyzing spatial data including, cartography, GIS, remote sensing, spatial statistics and survey research.

Material Fee: $15
prereq: GEOG 10100 or GEOG 15000 and MATH 10100 or equiv or perm instr.
6 hrs (2 lec, 4 lab) 4 cr.
Offered fall and spring.

GTECH 32100 - Remote Sensing of the Environment

Focuses on use of satellite images to study the environment and the physical processes involved in remote sensing to better understand the nature and properties of electromagnetic radiation and how it interacts with the atmosphere and the Earth’s surface and a wide variety of satellite sensors. These sensors make measurements in the optical, thermal and microwave electromagnetic spectrums and are used to study issues related to global environmental science and natural resource management. The course includes heavy lab components which will include practical assignments, field exercises, computer-based analysis of remotely-sensed images and the use of image processing software (ENVI) to analyze satellite images. Field measurements will be made in Central Park to facilitate better understanding satellite measurements.
Material Fee:$ 15
prereq: GTEC 32000 or perm instr.
4 hrs (2 lec, 2 lab) 3 cr.

GTECH 36100 - Geographic Information Science I

Covers the GIS production process from data modeling and acquisition to editing, analysis, and cartographic output. GTECH 710 addresses students from both geography and other disciplines. Lecture examples, as well as hands-on exercises cover a range of application areas. The course is divided into two equally important parts: lectures, which introduce the theory of GIScience, and lab exercises, which help students with many aspects of the software. The lectures discuss concepts, data, tools, and major aspects to assignments. The laboratory sessions introduce the geospatial data and software tools needed for accomplishing the assignments. They will start at a very basic level, requiring little more than elementary experience with the Windows operating system.
Material Fee:$ 15
prereq: GTEC 20100
4 hrs (2 lec, 2 lab) 3 cr.

PGEOG 31300 - Biogeography

GER 3/B
Provides an understanding of the geographic distribution and temporal variability of biological diversity over the face of the Earth and the biotic and abiotic factors and processes underlying these patterns and dynamics. Completion of PGEOG 25000/25100 and GTECH 37300 prior to enrollment is strongly recommended.

prereq: PGEOG 13000, GEOG 10100 or BIOL 10000/10200
3 hrs 3 cr.

PGEOG 33200 - Introduction to Hydrology

GER 3/B
Designed to provide the basic understanding of how water on the Earth moves, distributes, circulates and interacts with the environment. Focus will be on hydrological processes including precipitation, evapotranspiration (evaporation and transpiration), soil water, ground water, and runoff, which form the complete water cycle at global, regional and watershed scales. The course will also cover some topics on how water responds to environmental changes and strategies of integrated water resources.
prereq: GEOL 10100, PGEO 13000 or perm instr.
3 hrs 3 cr.

PGEOG 33500 - Urban and Metropolitan Coasts

GER 3/B
A systematic study of the natural and anthropogenic processes on urban coastal environments. Special emphasis on the coastline of the NY metropolitan area, with examples from coastal cities worldwide.
prereq or coreq: Prereq: GEOL 10100 or GEOG 10100
3 hrs 3 cr.

PGEOG 36100 - Global Climatic Change

GER 3/B
Open to Jr/Sr only. An intensive introduction to the study of climate change with emphasis on modern climate change, anthropogenic forcing and measured and predicted consequences of this forcing. Students will develop an understanding of natural climate forcing, natural variability and feedbacks in the climate system while concurrently studying the Earth’s climate history, and modern climate change.
prereq: PGEO 13000 or GEOL 10100 or 10500
3 hrs 3 cr.

PGEOG 36300 - Environmental Hazards

GER 3/B
The course, in response to actual and potential hazards, either natural or anthropogenic in origin, will investigate the processes that link fundamental social development to environmental processes that are influenced by human activities.
Natural hazards, in many cases, augment the environmental fragility of our society and the consideration of environmental hazards needs to be incorporated into management of climate variability, storms, droughts, floods, earthquakes, etc. An aim is to seek preventive measures and find solutions to act on environmental hazards on national and international levels.

prereq: P GEOG 13000 or equiv.

PGEOG 38300 - Special Topics in Environmental Studies

GER 3/B
Open to Jr/Sr only. Topics to be announced.

prereq: GEOL 10500, GEOG 22600 or P GEOG 13000, one course of which special topic is logical outgrowth; perm instr.

1-4 hrs (lec or lec/lab) 1-3 cr.

Total credits 40

Environmental Management and Policy Concentration

Return to Programs and Courses in Geography

Required courses - 22 credits (including Capstone)

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

prereq or coreq: MATH 12500, 12600 or equiv.

5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

prereq: CHEM 10200 or CHEM 10000 with perm chair

5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.

prereq: CHEM 10200
coreq: CHEM 10400

6 hrs 3 cr.
GEOG 22600 - Environmental Conservation: Resource Management

GER 2/B
Introduces students to environmental studies with a focus on policy and management of resources. The course will examine issues pertaining to sustaining our resource base (biodiversity, food, soil, water and energy), a review of factors influencing sustainable use, and how humans have impacted these key elements of the natural system.

3 hrs 3 cr.

PGEOG 25000 - Earth System Science I

GER 3/B
In this course students learn to think of Earth as a system of several components that interact with each other, sometimes in very complicated ways. The components of the Earth system that will be considered include the atmosphere, the hydrosphere, the lithosphere, and the biosphere. While each of these components can, and should, be studied in more detail in separate courses, here the focus is on interactions between them.

prereq: at least one 100-level science course or perm instr. prereq or coreq: GEOL 10100 or PGEOG 13000 or GEOG 22600 or perm instr.

4 hrs 3.5 cr.

PGEOG 25100 - Earth System Science II

GER 3/B
The second part of a two-course sequence, students continue the objectives of PGEOG 25000, and learn about our planet as a system of interacting components, including the atmosphere, hydrosphere, lithosphere, and biosphere. This course focuses primarily on the biosphere, paleoclimates, and the Arctic climate system.

prereq: PGEO 25000 or perm instr.

4 hrs 3.5 cr.

Required Capstone Course - 3 credits

PGEOG 49000 - Honors in Environmental Studies

Open to upper Jr/Sr environmental studies majors only. Individual research to be carried out under faculty guidance. Results may be embodied in an honors essay or equivalent.

prereq: perm dept.

-or-

PGEOG 49800 - Internship in Environmental Studies

Open to qualified environmental studies majors and minors, upper Jr/Sr only. Opportunities for working in positions of responsibility in professional institutions for academic credit. See environmental studies faculty adviser.

1-4 cr.

Electives - 18 credits

A minimum of 18 credits from the list of courses below. 12 credits must be taken at the 300-level or higher. Elective are not counted towards the minor requirements. Courses not listed may be included in a student’s concentration with permission of the ES adviser.
Note: It is strongly recommended that students take STAT 11300 Probability and Statistics.

**COMHE 32500 - Environmental Public Health**

Impact of environmental problems associated with urbanization, e.g., water quality, air and noise pollution, waste disposal and radiation hazards.

*prereq: acceptance to the COMHE major, or permission of the instructor*

3 hrs 3 cr.

**GEOG 24100 - Population Geography**

GER 3/B PD/B or C

Course will explore several critical issues such as the relationship between population growth and development; immigration and internal migration; how age, race and gender affect other demographic processes; and how and why these processes vary around the world. Additionally, students will examine the “mechanics” of computing population growth and change as well as different ways to visually display measures of population. Offered fall and spring.

*prereq: GEOG 10100 or GEOG 15000 or perm instr.*

3 hrs 3 cr.

**GEOG 32800 - Urban Environmental Problems: Evaluations and Solutions**

GER 3/B

Open to Jr/Sr only. The special environmental problems of urban and metropolitan areas will be studied, including water supplies, waste management, environmental impact and waterfront use. Natural physical processes, methodologies and techniques will be reviewed and applied to decision making. Transportation fee for field work may be required.

*prereq: GEOG 101 or GEOG 150 or URBS 101 and Jr/Sr standing*

3 hrs 3 cr.

**GEOG 33500 - International Pollution Issues**

GER 3/B

A study of international trans-boundary pollution and the science, source terms, transport pathways and international impacts of contamination events. The regional focus will change yearly pending current global environmental events.

*prereq: GEOG 101 or GEOL 101 or PGEO 130 or perm instr.*

3 hrs 3 cr.

**GEOG 34100 - Urban Geography**

GER 3/B

Open to Jr/Sr only. Spatial analysis of functions of metropolitan areas. Social and economic characteristics of cities and suburbs. Land use and transportation patterns.

*prereq: GEOG 101 or GEOG 150 or perm instr, Jr/Sr only*

3 hrs 3 cr.

**GEOG 37000 - Geography of Sustainable Development in Developing Countries**

GER 3/B PD/A

Reviews the theories and approaches of international development. Themes include development theory, availability and distribution of resources, population growth, food production, water supply and forestry. The course will also highlight the development and environmental problems that challenge the achievement of sustainable development
such as population growth, food and world economic crises, increasing number of the poor and climate change. The course will provide students with theory, methods, problems and analysis of factors that influence sustainable development in developing countries.

*prereq: one of the following: GEOG 10100, 15000, 27000, 27100, 27500, 27700 or perm instr.
3 hrs 3 cr.*

**GEOG 37100 - Rural Water Supply in Developing Regions**

GER 3/B PD/A  
Covers concepts, methods and analysis of rural water utilization and related problems and challenges in developing countries. It will discuss water management and quality and their relationship with sanitation and hygiene education. The course will also discuss methods of providing drinking water in a sustainable manner.

*prereq: GEOG 10100, 15000, 27000, 27100, 27500, 27700 or perm instr.
3 hrs 3 cr.*

**GEOL 20500 - Environmental Geology**

GER 3/B  
As human populations continue to grow, resource depletion and hazards will become more severe. Many decisions concerning the use of resources, such as water, soil, minerals, energy and space to live, will determine our standard of living and the quality of the environment. Scientific knowledge, combined with human values, will dictate these decisions. This course examines not only the way geological processes operate and impact society, but also how the earth system responds to human activity. The difficult problems associated with extracting enormous quantities of resources needed to sustain modern societies will be discussed. The course will also address ways humans can minimize the risks associated with hazardous earth processes. Quantitative analysis of selected topics will be introduced to provide a deeper understanding of the complexity of today’s environmental issues.

*prereq: GEOL 10100
3 hrs 3 cr.*

**GEOL 33400 - Coastal Geomorphology**

GER 3/B  
A study of the basic processes shaping the coast and the resulting form; surficial morphology and internal geometry of such forms as cliffs, dunes, beaches and near shore bars. Map exercise and a one-day field trip.

*prereq: GEOL 23100 or PGEO 23100 or equiv. or perm dept.
3 hrs 3 cr.*

**GEOL 38300 - Special Topics in Geology and Oceanography**

GER 3/B  
Intensive courses in various aspects of geology or oceanography. Topics to be announced.

*prereq: 200-level course of which special topic is logical outgrowth; perm instr.
1-4 hrs (lec or lec/lab) 1-3 cr.*

**GTECH 32100 - Remote Sensing of the Environment**

Focuses on use of satellite images to study the environment and the physical processes involved in remote sensing to better understand the nature and properties of electromagnetic radiation and how it interacts with the atmosphere and the Earth’s surface and a wide variety of satellite sensors. These sensors make measurements in the optical, thermal and microwave electromagnetic spectrums and are used to study issues related to global environmental science and natural resource management. The course includes heavy lab components which will include practical assignments, field
exercises, computer-based analysis of remotely-sensed images and the use of image processing software (ENVI) to analyze satellite images. Field measurements will be made in Central Park to facilitate better understanding satellite measurements.

Material Fee: $15
prereq: GTEC 32000 or perm instr.
4 hrs (2 lec, 2 lab) 3 cr.

GTECH 38500 - GIS Applications

Selected topics in GIS applications to human and physical geographic problems. See department for topics offered. May be repeated for credit as topics change.

Material Fee: $15
prereq: GTEC 20100 or equiv.
3 hrs 3 cr.

PGEOG 31300 - Biogeography

GER 3/B
Provides an understanding of the geographic distribution and temporal variability of biological diversity over the face of the Earth and the biotic and abiotic factors and processes underlying these patterns and dynamics. Completion of PGEOG 25000/25100 and GTECH 37300 prior to enrollment is strongly recommended.

prereq: PGEOG 13000, GEOG 10100 or BIOL 10000/10200
3 hrs 3 cr.

PGEOG 33500 - Urban and Metropolitan Coasts

GER 3/B
A systematic study of the natural and anthropogenic processes on urban coastal environments. Special emphasis on the coastline of the NY metropolitan area, with examples from coastal cities worldwide.

prereq or coreq: Prereq: GEOL 10100 or GEOG 10100
3 hrs 3 cr.

PGEOG 36100 - Global Climatic Change

GER 3/B
Open to Jr/Sr only. An intensive introduction to the study of climate change with emphasis on modern climate change, anthropogenic forcing and measured and predicted consequences of this forcing. Students will develop an understanding of natural climate forcing, natural variability and feedbacks in the climate system while concurrently studying the Earth’s climate history, and modern climate change.

prereq: PGEO 13000 or GEOL 10100 or 10500
3 hrs 3 cr.

PGEOG 36300 - Environmental Hazards

GER 3/B
The course, in response to actual and potential hazards, either natural or anthropogenic in origin, will investigate the processes that link fundamental social development to environmental processes that are influenced by human activities. Natural hazards, in many cases, augment the environmental fragility of our society and the consideration of environmental hazards needs to be incorporated into management of climate variability, storms, droughts, floods, earthquakes, etc. An aim is to seek preventive measures and find solutions to act on environmental hazards on national and international levels.

prereq: P GEO 13000 or equiv. prereq or coreq: P GEOG 13000 or equiv.
3 hrs 3 cr.

**PGEOG 38300 - Special Topics in Environmental Studies**

GER 3/B
Open to Jr/Sr only. Topics to be announced.
prereq: GEOL 10500, GEOG 22600 or P GEOG 13000, one course of which special topic is logical outgrowth; perm instr.
1-4 hrs (lec or lec/lab) 1-3 cr.

**POLSC 24400 - Energy and Environmental Politics and Public Policy (W)**

GER 3/B
Examination of political processes and public policies shaping energy production and consumption in the U.S. with comparative reference to other countries. Emphasis on political, economic, social, environmental and foreign policy aspects.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

**SOC 36100 - Development and Modernization (W)**

GER 3/B PD/A
Examinations of models of social change with a special focus on developing countries.
prereq: SOC 10100
3 hrs 3 cr.

**URBS 31000 - Methods of Urban Research and Policy Analysis**

GER 3/B
Survey of research skills necessary for analysis of contemporary urban issues. Includes review of data sources, methods of forecasting, use of computer, and methods of information presentation.
prereq: URBS 10200 or perm instr.
3 hrs 3 cr.

**URBS 40100 - Managing Urban Physical Environment**

GER 3/B
Advanced study of the physical structure of cities which includes an analysis of zoning, land use, transportation, and the location of housing. The role of public and private agencies at local, state, and national levels in the planning and management of the physical environment is also considered.

prereq: URBS 20100 or perm instr.
3 hrs 3 cr.
Total credits 40

Note(s):

*Graduate course. See 2006-2009 graduate catalog. Available to upper seniors or with instructor permission. Students who wish to take a 700-level course to satisfy the major must obtain permission from both the environmental studies adviser and the offering department.

Environmental Studies - BA

The major offers two concentrations which are organized to promote an intensive understanding of contemporary physical science, specifically earth system science as it relates to environmental issues, and an intensive understanding of a system-based approach to the dynamic nature of human-environmental interactions particularly as manifest in contemporary politics and economics. The concentrations are Environmental Earth Science and Environmental Management and Policy. It is suggested that students select a concentration as they enter the major with the understanding that the choice is not final at this stage and students can switch concentrations as they advance in the program. To aid in this process, the curriculum offers a common core of required courses, as well as sufficient overlap within the required elective courses. It is strongly recommended that students considering this major meet with the adviser to discuss their interests and program of studies as courses may be added or deleted as the college’s and department’s offerings change. One or more courses not listed below may be included in a student’s concentration with the advice and consent of the adviser.

A. Environmental Earth Science Concentration
B. Environmental Management and Policy Concentration

Internships

Students can receive from one to four credits for internships in government agencies, consumer and activist groups, business and industry and media organizations involved in energy issues (e.g., Council on the Environment of NYC, Energy Task Force, NY State Assembly, Sierra Club, International Earthcare Center, NY State Department of Energy, Brooklyn Union Gas, NYC Department of Environmental Protection and the American Museum of Natural History).

Minor in Environmental Studies

A minor in environmental studies consists of a minimum of 12 credits as follows

one course selected from

PGEOG 13000 - Weather and Climate

GER 2/E
Offers a basic understanding of how weather systems form, why certain regions have particular types of weather patterns, and what is known about climatic fluctuations across the globe. This includes an understanding of the basic physical principals that determine: how hot or cold a particular location is; how seasonal cycles vary in different parts of the world; and the types and amounts of precipitation. Students learn to analyze several types of weather maps and acquire a basic understanding of central issues related to global climate change, one of the most significant environmental issues of our time.

Material Fee: $ 5
GEOL 10100 - Fundamentals of Geology

GER 2/E
Describes the earth and the forces that shape it. Topics of discussion will be the formation of the earth, plate tectonics, earth materials and geologic time. The goals of the course include introducing students to geology, "systems thinking", the methods of scientific inquiry. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee.

GEOL 10500 - Introduction to Environmental Geoscience

GER 2E non-lab
Introduction to environmental geoscience focusing on aspects of global change and the interrelationship of earth systems. Review of the evolution of the earth from its origins to potential future developments; environmental problems and issues.
prereq: ENGL 12000
3 hrs 3 cr.

GEOL 18000 - Introduction to Oceanography

GER 2/E
Dynamic processes are responsible for the ocean’s influence on our environment and life cycles on earth. The course introduces students to the broad field of oceanography and specifically identifies areas which are of concern on both local and global scales. The origins of the oceans and life as it exists in today’s ocean will be covered. Lectures will include the sub-disciplines of biological, chemical, physical, and geological oceanography and concepts that relate to continental margins, ocean basins, sediments and seafloor spreading. Emphasis will be given to the interaction between the circulation of the atmosphere and ocean surface currents, deep ocean circulation, waves and tides. The coastal zone as a fragile environment will be highlighted in connection with dynamic physical and biological processes. No lab component.
3 hrs 3 cr.
Offered fall and spring.

and

at least one course (minimum of 3 credits) selected from

PGEOG 25000 - Earth System Science I

GER 3/B
In this course students learn to think of Earth as a system of several components that interact with each other, sometimes in very complicated ways. The components of the Earth system that will be considered include the atmosphere, the hydrosphere, the lithosphere, and the biosphere. While each of these components can, and should, be studied in more detail in separate courses, here the focus is on interactions between them.
prereq: at least one 100-level science course or perm instr. prereq or coreq: GEOL 10100 or PGEOG 13000 or GEOG 22600 or perm instr.
4 hrs 3.5 cr.

PGEOG 25100 - Earth System Science II
GER 3/B
The second part of a two-course sequence, students continue the objectives of PGEOG 25000, and learn about our planet as a system of interacting components, including the atmosphere, hydrosphere, lithosphere, and biosphere. This course focuses primarily on the biosphere, paleoclimates, and the Arctic climate system.
prereq: PGEOG 25000 or perm instr.
4 hrs 3.5 cr.

GEOG 22600 - Environmental Conservation: Resource Management

GER 2/B
Introduces students to environmental studies with a focus on policy and management of resources. The course will examine issues pertaining to sustaining our resource base (biodiversity, food, soil, water and energy), a review of factors influencing sustainable use, and how humans have impacted these key elements of the natural system.

3 hrs 3 cr.

GEOL 28000 - Marine Geology

GER 3/B
Marine Geology is the study of the seafloor. This course attempts to answer the questions “what?”, “where?”, “when?” and more importantly “how?” in order to better understand the processes that shape the ocean basins and determine the structure and composition of the oceanic crust. The main patterns of sediment distribution in the ocean basins and how sediments preserve a record of past climatic and sea-level changes will be explored. In addition, the role of fluids in ocean sediments and the oceanic crust will be examined. The seafloor sediments will be studied with a focus on their role in marine biogeochemical cycles.
prereq: GEOL 10200 or perm instr.
3 hrs 3 cr.
Fall

GTECH 20100 - Introduction to Geographic Methods

Introduces the means by which geographers analyze the world to better understand geography and geographical processes. It offers an introduction to various methods for interpreting and analyzing spatial data including, cartography, GIS, remote sensing, spatial statistics and survey research.

Material Fee: $15
prereq: GEOG 10100 or GEOG 15000 and MATH 10100 or equiv or perm instr.
6 hrs (2 lec, 4 lab) 4 cr.
Offered fall and spring.

and

• at least one course (minimum of 3 credits) from the 300-level approved electives listed in the college catalog under either the environmental studies program’s Concentration A Environmental Earth Science Concentration or Concentration B Environmental Management and Policy Concentration).

Minor in Geology

A minor in geology consists of 12 credits selected from GEOL prefix courses
PGEOG 23100 - Physical Geography II: Principles of Geomorphology

See GEOL 23100

PGEOG 33400 - Coastal Geomorphology See GEOL 33400

See GEOL 33400

GTECH 35000 - Field Topographic Surveying

Field use of surveying equipment. Notebook and computer data collection relating to horizontal and vertical location on the landscape, including the use of global positioning systems. Field record-keeping and preliminary analysis of results. Fee for transportation, accommodations and food allowance required.

prereq: GTEC 20100, perm instr.
90 hrs of field/lab work (1 day lab, 10 days field) 3 cr.
Offered summer intersession (check with dept. in April).

Prerequisites may apply. It is recommended that prospective geology minors consult with an undergraduate adviser from the Department of Geography.

Additional Information

If after taking a number of geology courses at Hunter, a student wishes to concentrate in geology, it is recommended that the student transfer to a unit of CUNY offering a geology major or take courses on permit at other CUNY units as elective credits.

Preparation for Graduate Work in Teaching Earth Science

For students planning to pursue an MA degree for teachers of earth science, grades 7-12, it is recommended that they complete the following undergraduate work: a baccalaureate degree with a grade point average of 2.8 or better in their science courses and in their overall undergraduate work; a major of at least 30 credits in arts and sciences.

At least 21 credits in

- geology,
- physical geography,
- earth science or environmental science, including geographic techniques;
- general education core in the liberal arts and sciences that includes
  - 6 credits in English,
  - 6 credits in mathematics/technology,
  - 6 credits in social studies (to include at least one course in U.S. history or geography),
  - 6 credits in the arts and
  - 6 credits in a language other than English.

It is recommended, but not required, that the criteria above be satisfied using

- electives selected from GEOL, PGEOG and GTECH courses;
- a minor in geology;
• GER core requirement laboratory science chosen from
  o chemistry,
  o physics or
  o biology and
• GER core requirement non-laboratory science chosen from
  o astronomy,
  o oceanography,
  o statistics or mathematics.

For further information on the education requirements, students should see an adviser in the School of Education.

Honors Work and Individual Study

To graduate with departmental honors, a major in the geography or environmental studies program must be admitted to

GEOG 49000 - Honors in Geography

Upper Jr/Sr geography majors only. Individual research to be carried on under faculty guidance. Results must be embodied in an honors essay or equivalent.

prereq: perm dept.
1 sem 3 cr.

PGEOG 49000 - Honors in Environmental Studies

Open to upper Jr/Sr environmental studies majors only. Individual research to be carried out under faculty guidance. Results may be embodied in an honors essay or equivalent.

prereq: perm dept.
  • and have a 3.0 cumulative GPA and a 3.5 GPA in the major.

The following courses

also offer students the opportunity of undertaking individual research in geography, geology or environmental studies.

GEOG 39100 - Individual Study in Geography

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.

prereq: 2 sem of geography, perm dept.
1-3 cr

GEOG 39200 - Individual Study in Geography

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.

prereq: 2 sem of geography, perm dept.
1-3 cr

GEOG 39300 - Individual Study in Geography

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.

prereq: 2 sem of geography, perm dept.
1-3 cr
GEOL 39100 - Individual Study in Geology

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.
prereq: 2 sems of geology, perm dept.
1-3 cr.

GEOL 39200 - Individual Study in Geology

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.
prereq: 2 sems of geology, perm dept.
1-3 cr.

GEOL 39300 - Individual Study in Geology

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.
prereq: 2 sems of geology, perm dept.
1-3 cr.

PGEOG 39100 - Individual Study in Environmental Studies

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.
prereq: GEOL 10500, GEOG 22600 or PGEOG 13000
1-3 cr.

PGEOG 39200 - Individual Study in Environmental Studies

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.
prereq: GEOL 10500, GEOG 22600 or PGEOG 13000, perm instr.
1-3 cr.

PGEOG 39300 - Individual Study in Environmental Studies

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.
prereq: GEOL 10500, GEOG 22600 or PGEOG 13000; perm instr.
1-3 cr.

Fieldwork

Several courses offer students an opportunity to study geography, geology and environmental situations in the field. They are usually offered during intersession periods, summer session or on weekends (consult Schedule of Classes). In addition to the regular field courses, special-topic field courses are offered periodically and fieldwork is conducted in connection with a number of the other courses. The department participates in the Study Abroad Program. It offers a field geography of selected world regions course (check with adviser for current location). An additional fee for transportation, lodging and food allowance is attached to these courses, depending on the focus of the course and its itinerary.

Graduate Study
Graduate-level courses may be taken for credit toward the bachelor’s degree by highly qualified seniors. Written permission must be obtained from the undergraduate and graduate advisers.

**Intern Program**

Internship provides opportunities for qualified majors and minors in both geography and environmental studies to work in positions of responsibility in professional institutions while earning from 1 to 4 academic credits. See a departmental adviser for details.

**GEOG 49800 - Internship**

Open to qualified geography majors and minors, upper Jr/Sr only. Opportunities for working in positions of responsibility in professional institutions for academic credit. See undergraduate adviser.

1-4 cr.

**PGEOG 49800 - Internship in Environmental Studies**

Open to qualified environmental studies majors and minors, upper Jr/Sr only. Opportunities for working in positions of responsibility in professional institutions for academic credit. See environmental studies faculty adviser.

1-4 cr.

**Geography - BA**

Students who expect to do graduate work in geography are advised to take courses in statistics and/or computer science. We suggest, but do not require, that those planning to continue to the doctoral level fulfill the GER Foreign Language Requirement with the language of the area of regional specialization.

**Major in Geography (30 cr)**

**PGEOG 13000 - Weather and Climate**

GER 2/E

Offers a basic understanding of how weather systems form, why certain regions have particular types of weather patterns, and what is known about climatic fluctuations across the globe. This includes an understanding of the basic physical principals that determine: how hot or cold a particular location is; how seasonal cycles vary in different parts of the world; and the types and amounts of precipitation. Students learn to analyze several types of weather maps and acquire a basic understanding of central issues related to global climate change, one of the most significant environmental issues of our time.

*Material Fee: $5*

5 hrs (3 lec, 2 lab) 4 cr.

*Offered in the Fall and Spring*

**GTECH 20100 - Introduction to Geographic Methods**

Introduces the means by which geographers analyze the world to better understand geography and geographical processes. It offers an introduction to various methods for interpreting and analyzing spatial data including,
cartography, GIS, remote sensing, spatial statistics and survey research.

Material Fee: $15
prereq: GEOG 10100 or GEOG 15000 and MATH 10100 or equiv or perm instr.
6 hrs (2 lec, 4 lab) 4 cr.
Offered fall and spring.

GEOG 22100 - Economic Geography

GER 2/B
An introduction to the sub-discipline of economic geography, which will include an exploration of the history of both economics and geography, and a rigorous global approach to the subjects. Students will come to understand the history of the development of economic thought, leading up to, and transformed, by today’s crisis, as well as the particularly geographical nature of economic phenomena and processes, and the immense contributions geographers have made to the understanding of economics. Course focus is on the dominant form of global economic activity today, which is capitalistic, and the way this economic structure plays out through different geographies at different historical moments in time.

Not open to freshmen
prereq: GEOG 10100 or perm instr.
3 hrs 3 cr.
Offered fall and spring
• One regional geography course (3 cr)

Additional Information

A minimum of 15 additional credits consisting of 0-6 credits selected from 200-level courses with a PGEOG, GTECH, GEOG or GEOL prefix; and a minimum of 9 credits selected from 300-level courses with a PGEOG, GTECH or GEOG prefix (except GEOG 39100, GEOG 39200 and GEOG 39300 and PGEOG 39100 PGEOG 39200 and PGEOG 39300 ) or LACS 33000.

It is recommended, but not required, that geography majors use the following to satisfy a portion of the General Education Requirement.

Note that GEOG 10100 is a prerequisite to GEOG 22100, but does not count toward the major.

GEOL 10100 - Fundamentals of Geology

GER 2/E
Describes the earth and the forces that shape it. Topics of discussion will be the formation of the earth, plate tectonics, earth materials and geologic time. The goals of the course include introducing students to geology, "systems thinking", the methods of scientific inquiry. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee.
6 hrs (3 lec, 3 lab) 4.5 cr.
Offered fall and spring.

GEOL 10200 - Plate Tectonics and the Earth’s Evolution

GER 2/E
The second course in geology offered to non-geology majors. It is designed to familiarize students with the main concepts used in deciphering and interpreting earth’s evolution from the spatial and temporal perspective. Topics to be covered include: geologic time; geological principles; earth materials as recorders of past geologic processes;
depositional environments and sedimentary rock record; igneous and metamorphic geologic environments and their rock records; evolution of the solar system; plate tectonics and life on earth; origin of the universe; life on earth and the fossil record; Precambrian, Paleozoic, Mesozoic, and Cenozoic life, history and tectonics. Field trips may be required; transportation fee.

prereq: GEOL 10100
5 hrs (3 lec, 2 lab) 4 cr.
Offered fall.

**STAT 11300 - Elementary Probability and Statistics**

GER 1/B
Not open to students who have completed STAT 21300 or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
prereq or coreq: ENGL 12000
3 hrs 3 cr.

-or-

**STAT 21300 - Introduction to Applied Statistics**

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

**Minors for Geography Majors**

A minor course of study is no longer required at Hunter College. However, geography majors can elect to minor in any field of their choice. It is recommended, but not required, that the chosen field be related to the student’s principal interest(s) in geography, and that the student consult with the Geography Undergraduate Adviser prior to selection of a minor course of study.

**Minor in Geography**

A minor in geography consists of a minimum of 12 credits chosen from undergraduate courses that have a GEOG, PGEOG or GTECH prefix. Prerequisites may apply. Thoughtful selection of courses may result in a minor program of study that will enhance the student’s major. It is recommended that prospective geography minors consult with the geography undergraduate adviser concerning course selection.

**Minor in Geology**
A minor in geology consists of a minimum of 12 credits selected from courses with a GEOL prefix, or P GEOG 23100, or P GEOG 33400, or GTECH 35000. Prerequisites may apply. It is recommended that prospective geology minors consult with an undergraduate adviser from the Department of Geography.

**Minor in Environmental Studies**

A minor consists of a minimum of 12 credits as follows:

- one course selected from P GEOG 13000, GEOL 10100, GEOL 10500, GEOL 18000; and
- at least one course (minimum of 3 credits) selected from P GEOG 25000, P GEOG 25100*, GEOG 22600, GEOL 28000, or GTECH 20100; and
- at least one course (minimum of 3 credits) from the 300-level approved electives listed in the college catalog under either the environmental studies program’s Concentration A (Environmental Earth Science) or Concentration B (Environmental Management and Policy).

*P GEOG 25000 is a prerequisite for P GEOG 25100

**Options in Social Studies Education within the Geography Major**

The Department of Geography and the School of Education provide opportunities for students to prepare for a career in teaching social studies in grades 1-6 (Childhood Education) or in grades 7-12 (Adolescent Education).

1. Option in Social Studies within the Geography Major for Childhood Education Teachers
2. Option in Social Studies within the Geography Major for Adolescent Education Teachers

**Honors Work and Individual Study**

To graduate with departmental honors, a major in the geography or environmental studies program must be admitted to the following and have a 3.0 cumulative GPA and a 3.5 GPA in the major.

**GEOG 49000 - Honors in Geography**

Upper Jr/Sr geography majors only. Individual research to be carried on under faculty guidance. Results must be embodied in an honors essay or equivalent.

*prereq: perm dept.*

1 sem 3 cr.

**PGEOG 49000 - Honors in Environmental Studies**

Open to upper Jr/Sr environmental studies majors only. Individual research to be carried out under faculty guidance. Results may be embodied in an honors essay or equivalent.

*prereq: perm dept.*

The following courses

Also offer students the opportunity of undertaking individual research in geography, geology or environmental studies.

**GEOG 39100 - Individual Study in Geography**
Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.

**GEOG 39200 - Individual Study in Geography**

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.  
*prereq: 2 sem of geography, perm dept.  
1-3 cr*

**GEOG 39300 - Individual Study in Geography**

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.  
*prereq: 2 sem of geography, perm dept.  
1-3 cr*

**GEOL 39100 - Individual Study in Geology**

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.  
*prereq: 2 sems of geology, perm dept.  
1-3 cr.*

**GEOL 39200 - Individual Study in Geology**

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.  
*prereq: 2 sems of geology, perm dept.  
1-3 cr.*

**GEOL 39300 - Individual Study in Geology**

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.  
*prereq: 2 sems of geology, perm dept.  
1-3 cr.*

**PGEOG 39100 - Individual Study in Environmental Studies**

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.  
*prereq: GEOL 10500, GEOG 22600 or PGEOG 13000  
1-3 cr.*

**PGEOG 39200 - Individual Study in Environmental Studies**

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.  
*prereq: GEOL 10500, GEOG 22600 or PGEOG 13000, perm instr.  
1-3 cr.*

**PGEOG 39300 - Individual Study in Environmental Studies**
Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.

prereq: GEOL 10500, GEOG 22600 or PGEOG 13000; perm instr.
1-3 cr.

Fieldwork

Several courses offer students an opportunity to study geography, geology and environmental situations in the field. They are usually offered during intersession periods, summer session or on weekends (consult Schedule of Classes). In addition to the regular field courses, special-topic field courses are offered periodically and fieldwork is conducted in connection with a number of the other courses. The department participates in the Education Abroad Program. It offers a field geography of selected world regions course (check with adviser for current location). An additional fee for transportation, lodging and food allowance is attached to these courses, depending on the focus of the course and its itinerary.

Graduate Study

Graduate-level courses may be taken for credit toward the bachelor’s degree by highly qualified seniors. Written permission must be obtained from the undergraduate and graduate advisers.

Intern Program

Internship provides opportunities for qualified majors and minors in both geography and environmental studies to work in positions of responsibility in professional institutions while earning from 1 to 4 academic credits. See a departmental adviser for details.

GEOG 49800 - Internship

Open to qualified geography majors and minors, upper Jr/Sr only. Opportunities for working in positions of responsibility in professional institutions for academic credit. See undergraduate adviser.
1-4 cr.

PGEOG 49800 - Internship in Environmental Studies

Open to qualified environmental studies majors and minors, upper Jr/Sr only. Opportunities for working in positions of responsibility in professional institutions for academic credit. See environmental studies faculty adviser.
1-4 cr.

Option in Social Studies within the Geography Major for Adolescent Education Teachers

Return to: Geography - BA

In cooperation with the School of Education, the Department of Geography provides opportunities for students to prepare for a career in teaching social studies in grades 7 – 12. In addition to mandatory course work provided by the School of Education, interested students must complete the course of study outlined below. At least 18 credits of these
courses or equivalents must be satisfactorily completed (grade of C or better) before the student enrolls in the social studies methods courses. Refer to the catalog section specific to programs in the School of Education.

Transfer students who enter Hunter College with more than 90 credits or who will exceed 90 credits in completing the prerequisites for this option in the Geography major, cannot apply for the Adolescent Education program of the School of Education. They may still complete this option within the Geography major but must complete a Master of Arts degree in Adolescent Education before certification as a New York State teacher. While New York State recognizes the regular major in Geography for certification in Childhood Education, students interested in becoming certified as Social Studies-Adolescent Education teachers in New York State must complete this interdisciplinary course of study.

Prerequisites for the Major 9 credits

**HIST 15100 - The United States from the Colonial Era to the Civil War (W)**

GER 1/C or 2/B
American political, social and cultural history from the time of the European settlements to the Civil War.

*Courses at the 300-level and above not offered to freshmen.*

*prereq or coreq: ENGL 12000*

3 hrs 3 cr.

**HIST 15200 - The United States from the Civil War Era to the Present (W)**

GER 1/C or 2/B
American political, social and cultural history from the Civil War to the present.

*Courses at the 300-level and above not offered to freshmen.*

*prereq or coreq: ENGL 12000*

3 hrs 3 cr.

**GEOG 15000 - World Regional Geography**

GER 2/B PD/A or D
A survey of the world’s major regions. Geographic concepts and principles are used to study the physical, economic, social and political conditions and problems in the culturally diverse world. Spatial expression of culture; specialized behavior patterns; adaptations and way of life in distinct environments. Regional interdependence; implications for development.

*prereq: ENGL 12000*

3 hrs 3 cr.

*Offered fall and spring*

Requirements for the Major 36 credits

**ECO 10000 - Introduction to Economics**

GER 2/B
Introduction to economic principles, issues, and policy. Recommended for students who want a broad, one-semester overview.

*Not open to students who have taken or are currently enrolled in ECO 20000 or 20100 or their equivalents. Cannot be credited towards the Economics major.*

3 hrs 3 cr.
GEOG 24100 - Population Geography

GER 3/B PD/B or C
Course will explore several critical issues such as the relationship between population growth and development; immigration and internal migration; how age, race and gender affect other demographic processes; and how and why these processes vary around the world. Additionally, students will examine the “mechanics” of computing population growth and change as well as different ways to visually display measures of population. Offered fall and spring.
prereq: GEOG 10100 or GEOG 15000 or perm instr.
3 hrs 3 cr.

GEOG 25100 - Geography of the United States and Canada

GER 2/B
Seeks to familiarize students with the regional geography of the United States and Canada. More specifically, the goals are to acquaint students with the dynamic nature of human and physical features that characterize the study area; the ways in which human and natural phenomena interact to create unique place characteristics and sub-regions; the key environmental issues that characterize the study area and its constituent parts; major trends that are affecting the geography of the two countries; and the locations of principal features. The course begins with general overview material, and then examines the various sub-regions of the study area in much greater detail, focusing on key characteristics and environmental challenges
prereq: GEOG 10100 or GEOG 15000 or perm instr.
3 hrs 3 cr.

HIST 11100 - World History to 1500

GER 2/B PD/A
The rise of civilizations; technological and intellectual breakthroughs; classical cultures and empires; interregional connections; the spread of civilization across the globe.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 11200 - World History from 1500 to the Present

GER 2/B
The transition from relatively isolated individual cultures to an interrelated global network; the impact of the democratic and scientific revolutions; the development of nationalism and internationalism among the nations of the world.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

1. Required courses (18 cr.)

POLSC 11000 - American Government: A Historical Introduction (W)

GER 1/C or 2/B
Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts. Not open to students who have taken POLSC 11100.
prereq or coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.
ECO 10000 - Introduction to Economics

GER 2/B
Introduction to economic principles, issues, and policy. Recommended for students who want a broad, one-semester overview. 
*Not open to students who have taken or are currently enrolled in ECO 20000 or 20100 or their equivalents. Cannot be credited towards the Economics major.*

3 hrs 3 cr.

GEOG 24100 - Population Geography

GER 3/B PD/B or C
Course will explore several critical issues such as the relationship between population growth and development; immigration and internal migration; how age, race and gender affect other demographic processes; and how and why these processes vary around the world. Additionally, students will examine the “mechanics” of computing population growth and change as well as different ways to visually display measures of population. Offered fall and spring.
*prereq: GEOG 10100 or GEOG 15000 or perm instr.*

3 hrs 3 cr.

GEOG 25100 - Geography of the United States and Canada

GER 2/B
Seeks to familiarize students with the regional geography of the United States and Canada. More specifically, the goals are to acquaint students with the dynamic nature of human and physical features that characterize the study area; the ways in which human and natural phenomena interact to create unique place characteristics and sub-regions; the key environmental issues that characterize the study area and its constituent parts; major trends that are affecting the geography of the two countries; and the locations of principal features. The course begins with general overview material, and then examines the various sub-regions of the study area in much greater detail, focusing on key characteristics and environmental challenges.
*prereq: GEOG 10100 or GEOG 15000 or perm instr.*

3 hrs 3 cr.

HIST 11100 - World History to 1500

GER 2/B PD/A
The rise of civilizations; technological and intellectual breakthroughs; classical cultures and empires; interregional connections; the spread of civilization across the globe.
*Courses at the 300-level and above not offered to freshmen.*

3 hrs 3 cr.

HIST 11200 - World History from 1500 to the Present

GER 2/B
The transition from relatively isolated individual cultures to an interrelated global network; the impact of the democratic and scientific revolutions; the development of nationalism and internationalism among the nations of the world.
*Courses at the 300-level and above not offered to freshmen.*

3 hrs 3 cr.
2. One 3-credit course in cultural anthropology (ANTHC) or Sociology (3 cr)
   - One 3-credit course in cultural anthropology (ANTHC) or Sociology (SOC) selected with approval of the Geography Undergraduate Adviser.

3. Elective Courses in History (6 credits)
   - Any two 3-credit 300-level courses in history with approval of the Geography Undergraduate Adviser.

4. Elective Courses in Geography (9 credits, at least 6 credits at the 300-level)

   GEOG 27000 - Regional Geography of Mexico, Central America and the Caribbean
   GER 3/B PD/A
   Analysis of relationship of natural environment to economic, social and political life of Mexico, Central America and West Indies.
   3 hrs 3 cr.

   GEOG 27100 - Regional Geography of South America
   GER 3/B PD/A
   Analysis of relationship of natural environment to economic, social and political life of South America.
   3 hrs 3 cr.

   GEOG 27500 - Regional Geography of Sub-Saharan Africa
   GER 3/B PD/A
   Analysis of the relationship of natural environment to economic, social and political life of Africa south of Sahara.
   3 hrs 3 cr.

   GEOG 27700 - Regional Geography of East Asia
   GER 3/B PD/A
   Analysis of East Asia's potentials in terms of natural resources, population, industry and agriculture, with emphasis on China.
   3 hrs 3 cr.

   GEOG 27800 - Regional Geography of Russia and Central Asia
   GER 3/B PD/A or D
   Analysis of the relationship of the natural environment to economic, social and political life of Russia, the former Soviet republics of Central Asia and Mongolia.
   3 hrs 3 cr.

   GEOG 32800 - Urban Environmental Problems: Evaluations and Solutions
**GEOG 34100 - Urban Geography**

Open to Jr/Sr only. The special environmental problems of urban and metropolitan areas will be studied, including water supplies, waste management, environmental impact and waterfront use. Natural physical processes, methodologies and techniques will be reviewed and applied to decision making. Transportation fee for field work may be required.

*prereq: GEOG 101 or GEOG 150 or URBS 101 and Jr/Sr standing*

3 hrs 3 cr.

**GEOG 34200 - Geography of International Migration and Ethnicity**

Quantitative and qualitative examination of historic and contemporary international migration patterns. Spatial demographic impacts of immigration policy in the United States with a focus on major urban centers. Comparative analysis of ethnic and racial minorities in the United States.

*prereq: GEOG 24100 or perm instr.*

3 hrs 3 cr.

**GEOG 34700 - Cultural Geography**

This course provides an overview of the field of cultural geography. It will cover the basics as well as recent developments in social and cultural geographic theory. The main focus is to understand relationships between cultures and environments through geographical analyses of processes, landscapes, and identities.

Open to Jr/Sr only.

*prereq: GEOG 10100 or GEOG 15000 or perm instr.*

3 hrs 3 cr.

**GEOG 35700 - Geography of New York City and Vicinity**

Informed immersion in NYC is the main objective of this course. Students will learn by exploration and observation more than by media. The city is the laboratory to complement readings, lectures and discussion. Students will emerge from this class with an enhanced appreciation of the entire city. Study assignments include keeping a journal of walking assignments as well as readings. Field work will focus on the five boroughs of New York City. (Students with difficulties in walking or using public transportation or who have phobias regarding unfamiliar neighborhoods should consider this before registering.)

Open to Jr/Sr only.

*prereq: GEOG 10100*

3 hrs 3 cr.

*Offered fall.*

**GEOG 38000 - Seminar in Geographic Concepts and Methodology**
GER 3/B
An investigation of the evolution, conceptual framework, and methodological approaches of modern geography. Course goals are: increase student competence and marketability as a teacher; review content of geography with teaching in mind; share strategies, ideas, activities (as befits a seminar course); familiarization with national and state standards; develop and acquire appropriate classroom-ready materials; acquire a classroom-ready photo collection; explore links to other subjects; and develop appropriate bibliographies of children’s literature and websites.
prereq: perm instr.
3 hrs 3 cr.

Option in Social Studies within the Geography Major for Childhood Education Teachers

In cooperation with the School of Education, the Department of Geography provides opportunities for students to prepare for a career in teaching in grades 1-6. Students may choose to complete the Geography - BA, in addition to successful completion of the QUEST program. Interested students may also choose to complete the course of study outlined below. The option in Social Studies for Childhood Education is available only to students who are accepted into the QUEST program.

Students not accepted to the QUEST program, or students not eligible to apply to the QUEST program, should complete the traditional Geography major outlined above. They must complete a Master of Arts degree in Childhood Education before being certified as a New York State teacher.

Program Prerequisites (9 credits)

HIST 15100 - The United States from the Colonial Era to the Civil War (W)

GER 1/C or 2/B
American political, social and cultural history from the time of the European settlements to the Civil War. Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

HIST 15200 - The United States from the Civil War Era to the Present (W)

GER 1/C or 2/B
American political, social and cultural history from the Civil War to the present. Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

GEOG 15000 - World Regional Geography

GER 2/B PD/A or D
A survey of the world’s major regions. Geographic concepts and principles are used to study the physical, economic, social and political conditions and problems in the culturally diverse world. Spatial expression of culture; specialized behavior patterns; adaptations and way of life in distinct environments. Regional interdependence; implications for development.
prereq: ENGL 12000
3 hrs 3 cr.
Offered fall and spring
Requirements for the Major (30 credits)

Required Courses (18 credits)

**HIST 11100 - World History to 1500**

GER 2/B PD/A
The rise of civilizations; technological and intellectual breakthroughs; classical cultures and empires; interregional connections; the spread of civilization across the globe.
*Courses at the 300-level and above not offered to freshmen.*
3 hrs 3 cr.

**HIST 11200 - World History from 1500 to the Present**

GER 2/B
The transition from relatively isolated individual cultures to an interrelated global network; the impact of the democratic and scientific revolutions; the development of nationalism and internationalism among the nations of the world.
*Courses at the 300-level and above not offered to freshmen.*
3 hrs 3 cr.

**GEOG 24100 - Population Geography**

GER 3/B PD/B or C
Course will explore several critical issues such as the relationship between population growth and development; immigration and internal migration; how age, race and gender affect other demographic processes; and how and why these processes vary around the world. Additionally, students will examine the “mechanics” of computing population growth and change as well as different ways to visually display measures of population. Offered fall and spring.
*prereq: GEOG 10100 or GEOG 15000 or perm instr.*
3 hrs 3 cr.

**GEOG 25100 - Geography of the United States and Canada**

GER 2/B
Seeks to familiarize students with the regional geography of the United States and Canada. More specifically, the goals are to acquaint students with the dynamic nature of human and physical features that characterize the study area; the ways in which human and natural phenomena interact to create unique place characteristics and sub-regions; the key environmental issues that characterize the study area and its constituent parts; major trends that are affecting the geography of the two countries; and the locations of principal features. The course begins with general overview material, and then examines the various sub-regions of the study area in much greater detail, focusing on key characteristics and environmental challenges
*prereq: GEOG 10100 or GEOG 15000 or perm instr.*
3 hrs 3 cr.

**GEOG 26000 - Geography of New York State**

GER 2/B
The goals of the course are to learn about the geography of New York State – its physical environment, the distribution of its people and their activities, and the interrelationships between the people and the environment in NYS. and to apply geographic principles and reasoning to a real world situation where NYS is used as an example of regional
analysis; and to explore, navigate through, and use the geographic information available on the Internet, especially the information provided by the State of New York. For those in the education sequence an addition goal is to gather and use information about NYS within the guidelines of the National Geography Standards for presentation at a grade-specific level.

**prereq:** GEOG 10100 or GEOG 15000 or perm instr.

3 hrs 3 cr.

**POLSC 11000 - American Government: A Historical Introduction (W)**

GER 1/C or 2/B
Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts. Not open to students who have taken POLSC 11100.

**prereq or coreq:** ENGL 12000 or its equivalent

3 hrs 3 cr.

2. Elective Courses in Geography (6 credits)

Choose any two of the following:

**GEOG 34100 - Urban Geography**

GER 3/B
Open to Jr/Sr only. Spatial analysis of functions of metropolitan areas. Social and economic characteristics of cities and suburbs. Land use and transportation patterns.

**prereq:** GEOG 101 or GEOG 150 or perm instr, Jr/Sr only

3 hrs 3 cr.

**GEOG 34200 - Geography of International Migration and Ethnicity**

GER 3/B PD/B
Quantitative and qualitative examination of historic and contemporary international migration patterns. Spatial demographic impacts of immigration policy in the United States with a focus on major urban centers. Comparative analysis of ethnic and racial minorities in the United States.

**prereq:** GEOG 24100 or perm instr.

3 hrs 3 cr.

**GEOG 34700 - Cultural Geography**

GER 3/B
This course provides an overview of the field of cultural geography. It will cover the basics as well as recent developments in social and cultural geographic theory. The main focus is to understand relationships between cultures and environments through geographical analyses of processes, landscapes, and identities.

Open to Jr/Sr only.

**prereq:** GEOG 10100 or GEOG 15000 or perm instr,

3 hrs 3 cr.

**GEOG 35700 - Geography of New York City and Vicinity**
GER 3/B
Informed immersion in NYC is the main objective of this course. Students will learn by exploration and observation more than by media. The city is the laboratory to complement readings, lectures and discussion. Students will emerge from this class with an enhanced appreciation of the entire city. Study assignments include keeping a journal of walking assignments as well as readings. Field work will focus on the five boroughs of New York City. (Students with difficulties in walking or using public transportation or who have phobias regarding unfamiliar neighborhoods should consider this before registering.)
Open to Jr/Sr only.
prereq: GEOG 10100
3 hrs 3 cr.
Offered fall.

GEOG 38000 - Seminar in Geographic Concepts and Methodology

GER 3/B
An investigation of the evolution, conceptual framework, and methodological approaches of modern geography. Course goals are: increase student competence and marketability as a teacher; review content of geography with teaching in mind; share strategies, ideas activities (as befits a seminar course); familiarization with national and state standards; develop and acquire appropriate classroom-ready materials; acquire a classroom-ready photo collection; explore links to other subjects; and develop appropriate bibliographies of children’s literature and websites.
prereq: perm instr.
3 hrs 3 cr.

3. Elective Courses in History (6 credits)

Any two 3-credit 300-level courses in history with approval of the Geography Undergraduate Adviser.

Undergraduate Major/Graduate Major

Five-Year BA/MA Program in Environmental Studies and Adolescent Education: Earth Science (Grade 7-12)

return to Geography

Students who major in Environmental Studies may also want to complete a sequence of courses that will enable them to pursue a career teaching earth science in grades 7-12. The BA/MA program in Environmental Studies and Adolescent Education: Earth Science is designed to prepare prospective teachers to serve as high-quality educator for adolescents in urban schools.

This is an accelerated program leading to a BA in Environmental Studies and an MA in Adolescent Education: Earth Science. The program is designed for highly qualified Environmental Studies majors who, during their sophomore year, decide to pursue a career in secondary school teaching. This program will ensure that these students receive all of their pedagogical and disciplinary training before entering the classroom to teach. Students who complete the 134 credit program will have satisfied the coursework requirements for teacher certification. The 18 elective credits required for the Environmental Studies degree must emphasize atmospheric systems, earth systems, water systems, or geological systems.
For students in this BA/MA program, the 18 credit elective portion of the Environmental Earth Science Concentration major must include GEOL 102, PGEOG 130, ASTRO 100/107 or, after spring 2011, ASTRO 101, and a minimum of 9 undergraduate credits selection from 200- and 300-level GEOL, PGEOG, and GTECH courses (with the exception of GTECH 201), and the independent study, honors, and internship courses in each of these series.

Students interested in this program should speak to adviser in the Department of Geography during their sophomore year to review the curriculum path for the five-year program. And students should also speak to an adviser in the School of Education as soon as possible.

Admission to the School of Education is not automatic with admission to Hunter College. There is a separate admission process that involves a paper application, a writing sample, and an interview.

### Required Courses

**ASTRO 10100 - Basic Concepts of Astronomy with Laboratory Exercises**

GER 2/E with lab
An introductory, one-semester astronomy course designed for non-science majors. Topics include: basic observational features of the night sky, and their explanations; Kepler's laws of planetary motion; Newton's laws of motion and gravitation. Properties of light, and how it reveals the nature of its source. Origin, properties, and evolution of our solar system. The origin and evolution of stars, including giants, dwarfs, supernovae, neutron stars, and black holes. Structure of The Milky Way and other type of galaxies. Cosmology, Hubble's Law and the expanding universe, from the Big Bang to the present; future scenarios.

*The lab consists of traditional hardware experiments and virtual online experiments. Students taking this course will be required to submit online and hard-copy laboratory reports.*

5 hrs 4 cr.

-or-

**ASTRO 10700 - Laboratory Exercises in Astronomy**

GER 2/E
Classroom and online experimental laboratory exercises in astronomy to observe the major features of the night sky, demonstrate the physical basis of astronomical instruments, and experiment with astronomical phenomena. Only offered to students who have previously taken ASTRO 100 which is no longer offered [ASTRO 100 + ASTRO 107 are replaced by ASTRO 10100].

*prereq or coreq: ASTRO 10000

2 hrs 1 cr.*

**CHEM 10200 - General Chemistry I**

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding. *Primarily for pre-med, medical laboratory sciences and science majors.*

*prereq or coreq: MATH 12500, 12600 or equiv.

5 hrs (4 lec, 1 rec) 4 cr.

and

**CHEM 10400 - General Chemistry II**
GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
*Primarily for premed, medical laboratory sciences and science majors.*
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

**CHEM 10600 - General Chemistry Laboratory**

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
*Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.*
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.

-or-

**BIOL 10000 - Principles of Biology I**

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
*Material Fee: $5*

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

**BIOL 10200 - Principles of Biology II**

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
*Material fee: $5*

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

**GEOG 22600 - Environmental Conservation: Resource Management**

GER 2/B
Introduces students to environmental studies with a focus on policy and management of resources. The course will examine issues pertaining to sustaining our resource base (biodiversity, food, soil, water and energy), a review of factors influencing sustainable use, and how humans have impacted these key elements of the natural system.
GEOL 18000 - Introduction to Oceanography

GER 2/E
Dynamic processes are responsible for the ocean’s influence on our environment and life cycles on earth. The course introduces students to the broad field of oceanography and specifically identifies areas which are of concern on both local and global scales. The origins of the oceans and life as it exists in today’s ocean will be covered. Lectures will include the sub-disciplines of biological, chemical, physical, and geological oceanography and concepts that relate to continental margins, ocean basins, sediments and seafloor spreading. Emphasis will be given to the interaction between the circulation of the atmosphere and ocean surface currents, deep ocean circulation, waves and tides. The coastal zone as a fragile environment will be highlighted in connection with dynamic physical and biological processes. No lab component.
3 hrs 3 cr.
Offered fall and spring.

GEOL 10100 - Fundamentals of Geology

GER 2/E
Describes the earth and the forces that shape it. Topics of discussion will be the formation of the earth, plate tectonics, earth materials and geologic time. The goals of the course include introducing students to geology, "systems thinking", the methods of scientific inquiry. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee.
6 hrs (3 lec, 3 lab) 4.5 cr.
Offered fall and spring.

GEOL 10200 - Plate Tectonics and the Earth's Evolution

GER 2/E
The second course in geology offered to non-geology majors. It is designed to familiarize students with the main concepts used in deciphering and interpreting earth’s evolution from the spatial and temporal perspective. Topics to be covered include: geologic time; geological principles; earth materials as recorders of past geologic processes; depositional environments and sedimentary rock record; igneous and metamorphic geologic environments and their rock records; evolution of the solar system; plate tectonics and life on earth; origin of the universe; life on earth and the fossil record; Precambrian, Paleozoic, Mesozoic, and Cenozoic life, history and tectonics. Field trips may be required; transportation fee.
prereq: GEOL 10100
5 hrs (3 lec, 2 lab) 4 cr.
Offered fall.

GEOL 20500 - Environmental Geology

GER 3/B
As human populations continue to grow, resource depletion and hazards will become more severe. Many decisions concerning the use of resources, such as water, soil, minerals, energy and space to live, will determine our standard of living and the quality of the environment. Scientific knowledge, combined with human values, will dictate these decisions. This course examines not only the way geological processes operate and impact society, but also how the earth system responds to human activity. The difficult problems associated with extracting enormous quantities of resources needed to sustain modern societies will be discussed. The course will also address ways humans can minimize the risks associated with hazardous earth processes. Quantitative analysis of selected topics will be introduced to provide a deeper understanding of the complexity of today’s environmental issues.
GEOL 28000 - Marine Geology

GER 3/B
Marine Geology is the study of the seafloor. This course attempts to answer the questions “what?”, “where?”, “when?” and more importantly “how?” in order to better understand the processes that shape the ocean basins and determine the structure and composition of the oceanic crust. The main patterns of sediment distribution in the ocean basins and how sediments preserve a record of past climatic and sea-level changes will be explored. In addition, the role of fluids in ocean sediments and the oceanic crust will be examined. The seafloor sediments will be studied with a focus on their role in marine biogeochemical cycles.

prereq: GEOL 10200 or perm instr.
3 hrs 3 cr.
Fall

MATH 12500 - Precalculus

GER 1/B
Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

prereq: grade of C or better in MATH 10100 or appropriate score on placement exam
4 hrs 4 cr.

PGEOG 13000 - Weather and Climate

GER 2/E
Offers a basic understanding of how weather systems form, why certain regions have particular types of weather patterns, and what is known about climatic fluctuations across the globe. This includes an understanding of the basic physical principals that determine: how hot or cold a particular location is; how seasonal cycles vary in different parts of the world; and the types and amounts of precipitation. Students learn to analyze several types of weather maps and acquire a basic understanding of central issues related to global climate change, one of the most significant environmental issues of our time.

Material Fee: $5
5 hrs (3 lec, 2 lab) 4 cr.
Offered in the Fall and Spring

PGEOG 25000 - Earth System Science I

GER 3/B
In this course students learn to think of Earth as a system of several components that interact with each other, sometimes in very complicated ways. The components of the Earth system that will be considered include the atmosphere, the hydrosphere, the lithosphere, and the biosphere. While each of these components can, and should, be studied in more detail in separate courses, here the focus is on interactions between them.

prereq: at least one 100-level science course or perm instr. prereq or coreq: GEOL 10100 or PGEOG 13000 or GEOG 22600 or perm instr.
4 hrs 3.5 cr.

PGEOG 25100 - Earth System Science II
GER 3/B
The second part of a two-course sequence, students continue the objectives of PGEOG 25000, and learn about our planet as a system of interacting components, including the atmosphere, hydrosphere, lithosphere, and biosphere. This course focuses primarily on the biosphere, paleoclimates, and the Arctic climate system.
prereq: PGEO 25000 or perm instr.
4 hrs 3.5 cr.

PGEOG 49000 - Honors in Environmental Studies

Open to upper Jr/Sr environmental studies majors only. Individual research to be carried out under faculty guidance. Results may be embodied in an honors essay or equivalent.
prereq: perm dept.

PGEOG 49800 - Internship in Environmental Studies

Open to qualified environmental studies majors and minors, upper Jr/Sr only. Opportunities for working in positions of responsibility in professional institutions for academic credit. See environmental studies faculty adviser.
1-4 cr.

Major Electives 6-8 credits

Undergraduate Minor

Minor in Environmental Studies

A minor in environmental studies consists of a minimum of 12 credits as follows:

- one course selected from PGEOG 13000, GEOL 10100, GEOL 10500, GEOL 18000; and
• at least one course (minimum of 3 credits) selected from PGEOG 25000, PGEOG 25100 *, GEOG 22600, GEOL 28000, or GTECH 20100; and

• at least one course (minimum of 3 credits) from the 300-level approved electives listed in the college catalog under either the environmental studies program’s Concentration A (Environmental Earth Science) or Concentration B (Environmental Management and Policy).

*PGEOG 25000 is a prerequisite for PGEOG 25100

Minor in Geography

A minor in geography consists of a minimum of 12 credits chosen from undergraduate courses that have a GEOG, PGEQ or GTEC prefix. Prerequisites may apply. Thoughtful selection of courses may result in a minor program of study that will enhance the student’s major. It is recommended that prospective geography minors consult with the geography undergraduate adviser concerning course selection.

Minor in Geology

A minor in geology consists of a minimum of 12 credits selected from courses with a GEOL prefix, or PGEOG 23100, or PGEOG 33400, or GTECH 35000. Prerequisites may apply. It is recommended that prospective geology minors consult with an undergraduate adviser from the Department of Geography.

Geography

GEOG 10100 - People and Their Environment

GER 2/B
A broad overview of subjects and ideas in geography, possibly the most internally diverse of the social sciences. Covers the geographical aspects of topics including weather and climate, landforms, religions, food, cities, economics, culture, politics and much more. While students will be expected to understand the basics of each of the topics covered, the overarching emphasis will be on understanding the relationships among them. As such, the course builds from one topic to the next, ultimately stressing the sheer geographical complexity and wonder of modern life. Contemporary economic, political and social patterns and problems are discussed.

3 hrs 3 cr.
offered fall and spring.

GEOG 15000 - World Regional Geography

GER 2/B PD/A or D
A survey of the world’s major regions. Geographic concepts and principles are used to study the physical, economic, social and political conditions and problems in the culturally diverse world. Spatial expression of culture; specialized behavior patterns; adaptations and way of life in distinct environments. Regional interdependence; implications for development.

prereq: ENGL 12000

3 hrs 3 cr.
Offered fall and spring

GEOG 18300 - Special Topics: Introductory Geosciences
Introductory special topics in geography, environmental geosciences, or spatial sciences.
3 hrs 3 cr.

GEOG 22100 - Economic Geography

GER 2/B
An introduction to the sub-discipline of economic geography, which will include an exploration of the history of both economics and geography, and a rigorous global approach to the subjects. Students will come to understand the history of the development of economic thought, leading up to, and transformed, by today’s crisis, as well as the particularly geographical nature of economic phenomena and processes, and the immense contributions geographers have made to the understanding of economics. Course focus is on the dominant form of global economic activity today, which is capitalistic, and the way this economic structure plays out through different geographies at different historical moments in time.
Not open to freshmen
prereq: GEOG 10100 or perm instr.
3 hrs 3 cr.
Offered fall and spring

GEOG 22600 - Environmental Conservation: Resource Management

GER 2/B
Introduces students to environmental studies with a focus on policy and management of resources. The course will examine issues pertaining to sustaining our resource base (biodiversity, food, soil, water and energy), a review of factors influencing sustainable use, and how humans have impacted these key elements of the natural system.
3 hrs 3 cr.

GEOG 22700 - Environmental Conservation: Urban Problems

GER 3/B
Covers topics related to environmental problems and their connection to urban areas. The course will begin with a survey of urban systems (transport, water, food, waste and energy) followed by investigating how these systems contribute to environmental problems and their solutions. This investigation will also include a discussion about the connections between rural and urban areas and urban planning that attempts to minimize environmental hazards.
3 hrs 3 cr.

GEOG 24100 - Population Geography

GER 3/B PD/B or C
Course will explore several critical issues such as the relationship between population growth and development; immigration and internal migration; how age, race and gender affect other demographic processes; and how and why these processes vary around the world. Additionally, students will examine the “mechanics” of computing population growth and change as well as different ways to visually display measures of population. Offered fall and spring.
prereq: GEOG 10100 or GEOG 15000 or perm instr.
3 hrs 3 cr.

GEOG 24200 - Medical Geography

GER 3/B
This subfield integrates human and physical geography. Two major themes are disease ecology (relationship of disease
to natural and human environment) and spatial/social aspects of provision of medical care in society. The course will examine the concepts and methodologies that form the basis of the discipline.

**GER 3B**

*prereq or coreq: GEOG 10100 or GEOG 15000 or perm instr.*

3 hrs 3 credits

**GEOG 25100 - Geography of the United States and Canada**

**GER 2/B**

Seeks to familiarize students with the regional geography of the United States and Canada. More specifically, the goals are to acquaint students with the dynamic nature of human and physical features that characterize the study area; the ways in which human and natural phenomena interact to create unique place characteristics and sub-regions; the key environmental issues that characterize the study area and its constituent parts; major trends that are affecting the geography of the two countries; and the locations of principal features. The course begins with general overview material, and then examines the various sub-regions of the study area in much greater detail, focusing on key characteristics and environmental challenges.

*prereq: GEOG 10100 or GEOG 15000 or perm instr.*

3 hrs 3 cr.

**GEOG 26000 - Geography of New York State**

**GER 2/B**

The goals of the course are to learn about the geography of New York State – its physical environment, the distribution of its people and their activities, and the interrelationships between the people and the environment in NYS. and to apply geographic principles and reasoning to a real world situation where NYS is used as an example of regional analysis; and to explore, navigate through, and use the geographic information available on the Internet, especially the information provided by the State of New York. For those in the education sequence an addition goal is to gather and use information about NYS within the guidelines of the *National Geography Standards* for presentation at a grade-specific level.

*prereq: GEOG 10100 or GEOG 15000 or perm instr.*

3 hrs 3 cr.

**GEOG 27000 - Regional Geography of Mexico, Central America and the Caribbean**

**GER 3/B PD/A**

Analysis of relationship of natural environment to economic, social and political life of Mexico, Central America and West Indies.

3 hrs 3 cr.

**GEOG 27100 - Regional Geography of South America**

**GER 3/B PD/A**

Analysis of relationship of natural environment to economic, social and political life of South America.

3 hrs 3 cr.

**GEOG 27200 - Regional Geography of Europe**

**GER 3/B PD/D**

Analysis of relationship of natural environment to economic, social and political life of modern Europe.

3 hrs 3 credits
**GEOG 27400 - Regional Geography of the Middle East and North Africa**

GER 3/B PD/A  
Analysis of relationship of natural environment to economic, social and political life of Middle East and North Africa.  
3 hrs 3 cr.

**GEOG 27500 - Regional Geography of Sub-Saharan Africa**

GER 3/B PD/A  
Analysis of the relationship of natural environment to economic, social and political life of Africa south of Sahara.  
3 hrs 3 cr.

**GEOG 27700 - Regional Geography of East Asia**

GER 3/B PD/A  
Analysis of East Asia's potentials in terms of natural resources, population, industry and agriculture, with emphasis on China.  
3 hrs 3 cr.

**GEOG 27800 - Regional Geography of Russia and Central Asia**

GER 3/B PD/A or D  
Analysis of the relationship of the natural environment to economic, social and political life of Russia, the former Soviet republics of Central Asia and Mongolia.  
3 hrs 3 cr.

**GEOG 28300 - Special Topics: Geography and Geosciences**

Special topics in regional or topical geography, environmental geosciences, or spatial sciences  
prereq: Vary by course. Regional courses would have no prerequisites. Topical and technical courses would have appropriate introductory-level prerequisites.  
3 hrs 3 cr.

**GEOG 31100 - Introduction to Fluid Mechanics**

GER 3/B  
This course covers the basic principles of fluid mechanics include statics, forces on plane and curve surfaces, kinematics of fluid motion, integral and differential representation of conservation of mass, linear momentum, the first Law of Thermodynamics, Bernoulli’s equation, dimensional analysis, and elementary viscous flow. Frictional losses in laminar flow and simple pipe flow analysis are covered. Understanding of the physical phenomena is stressed and vector notation is introduced and used whenever suitable.  
cross-listed PHYS 31100  
prereq: PHYS 12100 or PHYS 12000 and MATH 15500  
3 hrs 3 cr.

**GEOG 32100 - Transportation Geography**

GER 3/B  
A geographic study and modeling of transportation routes and their influences on the location of economic activity.
GEOG 32800 - Urban Environmental Problems: Evaluations and Solutions

GER 3/B
Open to Jr/Sr only. The special environmental problems of urban and metropolitan areas will be studied, including water supplies, waste management, environmental impact and waterfront use. Natural physical processes, methodologies and techniques will be reviewed and applied to decision making. Transportation fee for field work may be required.

prereq: GEOG 101 or GEOG 150 or URBS 101 and Jr/Sr standing
3 hrs 3 cr.

GEOG 33400 - Political Geography

GER 3/B
Political geography concerns the nature and consequences of human efforts to divide and control Earth. Major topics to be covered by this course include the origin and evolution of countries and their constituent political units; the defining and drawing of political boundaries; territorial conflicts and disputes; the impact of boundaries on personal and cultural identity; centripetal and centrifugal forces that encourage the success or failure of political units: jurisprudence, crime and punishment; electoral geography; war, piracy and terrorism; ownership of ocean floors and outer space; the environmental impacts of political power (zoning, incorporation, height restrictions, land tenure); and symbols of power in the landscape. Lectures and assignments will stress the relevancy of political geography to issues that affect our everyday life.

prereq: GEOG 10100 or GEOG 15000 or perm instr
3 hrs 3 cr.

GEOG 33500 - International Pollution Issues

GER 3/B
A study of international trans-boundary pollution and the science, source terms, transport pathways and international impacts of contamination events. The regional focus will change yearly pending current global environmental events.

prereq: GEOG 101 or GEOL 101 or PGEO 130 or perm instr.
3 hrs 3 cr.

GEOG 34100 - Urban Geography

GER 3/B
Open to Jr/Sr only. Spatial analysis of functions of metropolitan areas. Social and economic characteristics of cities and suburbs. Land use and transportation patterns.

prereq: GEOG 101 or GEOG 150 or perm instr, Jr/Sr only
3 hrs 3 cr.

GEOG 34200 - Geography of International Migration and Ethnicity

GER 3/B PD/B
Quantitative and qualitative examination of historic and contemporary international migration patterns. Spatial demographic impacts of immigration policy in the United States with a focus on major urban centers. Comparative analysis of ethnic and racial minorities in the United States.
prereq: GEOG 24100 or perm instr.
3 hrs 3 cr.

GEOG 34300 - Urban Geographic Theory

GER 3/B
Spatial analysis of contemporary and theoretical issues concerning the economic growth, transportation, land use, social segregation and political fragmentation in metropolitan areas.
prereq: GEOG 34100 or equiv.
3 hrs 3 cr.

GEOG 34700 - Cultural Geography

GER 3/B
This course provides an overview of the field of cultural geography. It will cover the basics as well as recent developments in social and cultural geographic theory. The main focus is to understand relationships between cultures and environments through geographical analyses of processes, landscapes, and identities.

Open to Jr/Sr only.
prereq: GEOG 10100 or GEOG 15000 or perm instr,
3 hrs 3 cr.

GEOG 35700 - Geography of New York City and Vicinity

GER 3/B
Informed immersion in NYC is the main objective of this course. Students will learn by exploration and observation more than by media. The city is the laboratory to complement readings, lectures and discussion. Students will emerge from this class with an enhanced appreciation of the entire city. Study assignments include keeping a journal of walking assignments as well as readings. Field work will focus on the five boroughs of New York City. (Students with difficulties in walking or using public transportation or who have phobias regarding unfamiliar neighborhoods should consider this before registering.)
Open to Jr/Sr only.
prereq: GEOG 10100
3 hrs 3 cr.
Offered fall.

GEOG 37000 - Geography of Sustainable Development in Developing Countries

GER 3/B PD/A
Reviews the theories and approaches of international development. Themes include development theory, availability and distribution of resources, population growth, food production, water supply and forestry. The course will also highlight the development and environmental problems that challenge the achievement of sustainable development such as population growth, food and world economic crises, increasing number of the poor and climate change. The course will provide students with theory, methods, problems and analysis of factors that influence sustainable development in developing countries.
prereq: one of the following: GEOG 10100, 15000, 27000, 27100, 27500, 27700 or perm instr.
3 hrs 3 cr.

GEOG 37100 - Rural Water Supply in Developing Regions

Covers concepts, methods, and analysis of rural water utilization and related problems and challenges in developing countries. It will discuss water management and quality and their relationship with sanitation and hygiene education. The course will also discuss methods of providing drinking water in a sustainable manner.

\textit{prereq: GEOG 10100, 15000, 27000, 27100, 27500, 27700 or perm instr.}

3 hrs 3 cr.

\textbf{GEOG 38000 - Seminar in Geographic Concepts and Methodology}

GER 3/B
An investigation of the evolution, conceptual framework, and methodological approaches of modern geography. Course goals are: increase student competence and marketability as a teacher; review content of geography with teaching in mind; share strategies, ideas, and activities (as befits a seminar course); familiarization with national and state standards; develop and acquire appropriate classroom-ready materials; acquire a classroom-ready photo collection; explore links to other subjects; and develop appropriate bibliographies of children’s literature and websites.

\textit{prereq: perm instr.}

3 hrs 3 cr.

\textbf{GEOG 38100 - Special Topics in Geography}

GER 3/B
Open to Jr/Sr only. Topics to be announced.

\textit{prereq: GEOG 101, 200-level course of which special topic is logical outgrowth, perm instr.}

1-4 hrs (lec or lec/lab) 1-3 cr

\textbf{GEOG 38200 - Special Topics in Geography}

GER 3/B
Open to Jr/Sr only. Topics to be announced.

\textit{prereq: GEOG 101, 200-level course of which special topic is logical outgrowth, perm instr.}

1-4 hrs (lec or lec/lab) 1-3 cr

\textbf{GEOG 38300 - Special Topics in Geography}

GER 3/B
Open to Jr/Sr only. Topics to be announced.

\textit{prereq: GEOG 101, 200-level course of which special topic is logical outgrowth, perm instr.}

1-4 hrs (lec or lec/lab) 1-3 cr

\textbf{GEOG 38500 - Geographic Studies in the Field}

Geographic Studies in the Field course offered either through the department or in conjunction with Education Abroad, taught primarily outside the formal classroom.

\textit{prereq: Vary by course}

3 hrs 3 cr.

\textbf{GEOG 39100 - Individual Study in Geography}

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.

\textit{prereq: 2 sem of geography, perm dept.}

1-3 cr
GEOG 39200 - Individual Study in Geography

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.

prereq: 2 sem of geography, perm dept.
1-3 cr

GEOG 39300 - Individual Study in Geography

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.

prereq: 2 sem of geography, perm dept.
1-3 cr

GEOG 49000 - Honors in Geography

Upper Jr/Sr geography majors only. Individual research to be carried on under faculty guidance. Results must be embodied in an honors essay or equivalent.

prereq: perm dept.
1 sem 3 cr.

GEOG 49800 - Internship

Open to qualified geography majors and minors, upper Jr/Sr only. Opportunities for working in positions of responsibility in professional institutions for academic credit. See undergraduate adviser.

1-4 cr.

Geographic Techniques and Methods

GTECH 20100 - Introduction to Geographic Methods

Introduces the means by which geographers analyze the world to better understand geography and geographical processes. It offers an introduction to various methods for interpreting and analyzing spatial data including, cartography, GIS, remote sensing, spatial statistics and survey research.

Material Fee: $15

prereq: GEOG 10100 or GEOG 15000 and MATH 10100 or equiv or perm instr.
6 hrs (2 lec, 4 lab) 4 cr.
Offered fall and spring.

GTECH 30100 - Quantitative Methods in Geography

Open to Jr/Sr only. Process of spatial analysis. Application of scientific methods to geographic research; sampling; distribution measurement; statistical analysis of spatial data.

prereq: GTEC 201, STAT 113 or 213 or perm instr.
3 hrs 3 cr.
GTECH 32000 - Earth from Above

Introduces remote sensing image interpretation and a basic understanding of the use of remote sensing technology in the study of environmental issues and the monitoring of Earth systems. The first half of the course focuses on aerial photography, photogrammetry and image interpretation. The second half focuses on the use of remote sensing in Earth system sciences. Extensive lab exercises include practical assignments and computer-based analysis of remote sensing images. Students will learn basic image interpretation and some web-based image processing skills through various lab exercises.

*Material Fee: $15*

*prereq: GTEC 20100*

*6 hrs (2 lec, 4 lab) 4 cr.*

GTECH 32100 - Remote Sensing of the Environment

Focuses on use of satellite images to study the environment and the physical processes involved in remote sensing to better understand the nature and properties of electromagnetic radiation and how it interacts with the atmosphere and the Earth’s surface and a wide variety of satellite sensors. These sensors make measurements in the optical, thermal and microwave electromagnetic spectrums and are used to study issues related to global environmental science and natural resource management. The course includes heavy lab components which will include practical assignments, field exercises, computer-based analysis of remotely-sensed images and the use of image processing software (ENVI) to analyze satellite images. Field measurements will be made in Central Park to facilitate better understanding satellite measurements.

*Material Fee: $15*

*prereq: GTEC 32000 or perm instr.*

*4 hrs (2 lec, 2 lab) 3 cr.*

GTECH 32200 - Digital Image Processing

Course emphasizes the acquisition and nature of digital image data and the tools required to process and analyze remotely sensed data. Topics include: image preprocessing, spectral mixture analysis, image transformation, image classification and accuracy assessment, change detection, information extraction from LIDAR and radar. At least one application for each image processing method will be introduced. This is an advanced remote sensing course. The course includes lab exercises through which students will obtain hands-on experience in digital image processing. The labs include practical assignments and computer-based analysis of remotely-sensed images, and also field work to evaluate the results. The lab will use ENVI, an image processing software, together with the comprehensive data analysis tool IDL.

*prereq: GTEC 32100, and multivariate statistics, elementary linear algebra or perm instr.*

*4 hrs (2 lec, 2 lab) 3 cr.*

GTECH 35000 - Field Topographic Surveying

Field use of surveying equipment. Notebook and computer data collection relating to horizontal and vertical location on the landscape, including the use of global positioning systems. Field record-keeping and preliminary analysis of results. Fee for transportation, accommodations and food allowance required.

*prereq: GTEC 20100, perm instr.*

*90 hrs of field/lab work (1 day lab, 10 days field) 3 cr.*

*Offered summer intersession (check with dept. in April).*

GTECH 35100 - Field Techniques in Geography
Observation and analysis of physical geography, biogeography and geomorphology of selected areas. Field geographic
techniques such as ground-truthing of remotely sensed images, the use of maps, compasses and GPS to navigate. Fee
for transportation, lodging and food allowance required.

**Material Fee:** $300-$400

**prereq:** GTEC 20100, any two additional geography or geology courses, perm dept.

90 hrs field/lab work (3 days lab, 7 days field) 3 cr.

*Offered summer intersession (check with dept. in April).*

---

**GTECH 36100 - Geographic Information Science I**

Covers the GIS production process from data modeling and acquisition to editing, analysis, and cartographic output.

GTECH 710 addresses students from both geography and other disciplines. Lecture examples, as well as hands-on
exercises cover a range of application areas. The course is divided into two equally important parts: lectures, which
introduce the theory of GIScience, and lab exercises, which help students with many aspects of the software. The
lectures discuss concepts, data, tools, and major aspects to assignments. The laboratory sessions introduce the
geospatial data and software tools needed for accomplishing the assignments. They will start at a very basic level,
requiring little more than elementary experience with the Windows operating system.

**Material Fee:** $15

**prereq:** GTEC 20100

4 hrs (2 lec, 2 lab) 3 cr.

---

**GTECH 36200 - Geographic Information Science II**

Examines the principles of geographic information systems (GIS) including an overview of data structures, data types,
methods of data analysis, cartographic modeling, and object-oriented GIS. It will also compare the relative merits of
different types of GIS software packages. The primary software used will be ArcGIS.

**Material Fee:** $15

**prereq:** GTEC 36100, STAT 11300

4 hrs (2 lec, 2 lab) 3 cr.

---

**GTECH 38000 - Analytical and Computer Cartography**

Introduces modern cartographic theory and conventions, but also provides significant introductory hands-on
experience in map design using computer software, specifically ESRI’s ArcView GIS. The majority of topics covered
in the course are divided into a lecture and laboratory section. Students are presented with fundamental design theories
and principles associated with particular types of maps or related graphic materials in lectures, and then challenged to
implement these principles in self-guided hands-on exercises utilizing the software. The course is intended to cover the
basic principles of cartography as well as modern techniques which influence map design, presentation, and
interpretation processes. Students will develop a series of hard copy maps, charts, and graphics as well as design
materials for presentation through digital media.

**Material Fee:** $15

**prereq:** GTEC 20100

4 hrs (2 lec, 2 lab) 3 cr.

---

**GTECH 38500 - GIS Applications**

Selected topics in GIS applications to human and physical geographic problems. See department for topics offered.
May be repeated for credit as topics change.

**Material Fee:** $15

**prereq:** GTEC 20100 or equiv.

3 hrs 3 cr.
Physical Geography

PGEOG 13000 - Weather and Climate

GER 2/E
Offers a basic understanding of how weather systems form, why certain regions have particular types of weather patterns, and what is known about climatic fluctuations across the globe. This includes an understanding of the basic physical principals that determine: how hot or cold a particular location is; how seasonal cycles vary in different parts of the world; and the types and amounts of precipitation. Students learn to analyze several types of weather maps and acquire a basic understanding of central issues related to global climate change, one of the most significant environmental issues of our time.

Material Fee: $ 5
5 hrs (3 lec, 2 lab) 4 cr.
Offered in the Fall and Spring

PGEOG 23100 - Physical Geography II: Principles of Geomorphology

See GEOL 23100

PGEOG 25000 - Earth System Science I

GER 3/B
In this course students learn to think of Earth as a system of several components that interact with each other, sometimes in very complicated ways. The components of the Earth system that will be considered include the atmosphere, the hydrosphere, the lithosphere, and the biosphere. While each of these components can, and should, be studied in more detail in separate courses, here the focus is on interactions between them.

prereq: at least one 100-level science course or perm instr. prereq or coreq: GEOL 10100 or PGEOG 13000 or GEOG 22600 or perm instr.
4 hrs 3.5 cr.

PGEOG 25100 - Earth System Science II

GER 3/B
The second part of a two-course sequence, students continue the objectives of PGEOG 25000, and learn about our planet as a system of interacting components, including the atmosphere, hydrosphere, lithosphere, and biosphere. This course focuses primarily on the biosphere, paleoclimates, and the Arctic climate system.

prereq: PGEO 25000 or perm instr.
4 hrs 3.5 cr.

PGEOG 31100 - Introduction to Fluid Mechanics

GER 3/B
Covers the basic principles of fluid mechanics including statics, kinematics of fluid motion, integral and differential representation of conservation of mass, linear momentum, the first Law of Thermodynamics, Bernoulli's equation, dimensional analysis, and elementary viscous flow.

cross-listed PHYS 31100

prereq: PHYS 12100 or 12000 and MATH 15500 or perm instr.
3 hrs 3 credits
PGEOG 31300 - Biogeography

GER 3/B
Provides an understanding of the geographic distribution and temporal variability of biological diversity over the face of the Earth and the biotic and abiotic factors and processes underlying these patterns and dynamics. Completion of PGEOG 25000/25100 and GTECH 37300 prior to enrollment is strongly recommended.

*prereq: PGEOG 13000, GEOG 10100 or BIOL 10000/10200
3 hrs 3 cr.

PGEOG 33200 - Introduction to Hydrology

GER 3/B
Designed to provide the basic understanding of how water on the Earth moves, distributes, circulates and interacts with the environment. Focus will be on hydrological processes including precipitation, evapotranspiration (evaporation and transpiration), soil water, ground water, and runoff, which form the complete water cycle at global, regional and watershed scales. The course will also cover some topics on how water responds to environmental changes and strategies of integrated water resources.

*prereq: GEOL 10100, PGEO 13000 or perm instr.
3 hrs 3 cr.

PGEOG 33400 - Coastal Geomorphology

See GEOL 33400

PGEOG 33500 - Urban and Metropolitan Coasts

GER 3/B
A systematic study of the natural and anthropogenic processes on urban coastal environments. Special emphasis on the coastline of the NY metropolitan area, with examples from coastal cities worldwide.

*prereq or coreq: Prereq: GEOL 10100 or GEOG 10100
3 hrs 3 cr.

PGEOG 36100 - Global Climatic Change

GER 3/B
Open to Jr/Sr only. An intensive introduction to the study of climate change with emphasis on modern climate change, anthropogenic forcing and measured and predicted consequences of this forcing. Students will develop an understanding of natural climate forcing, natural variability and feedbacks in the climate system while concurrently studying the Earth’s climate history, and modern climate change.

*prereq: PGEO 13000 or GEOL 10100 or 10500
3 hrs 3 cr.

PGEOG 36300 - Environmental Hazards

GER 3/B
The course, in response to actual and potential hazards, either natural or anthropogenic in origin, will investigate the processes that link fundamental social development to environmental processes that are influenced by human activities. Natural hazards, in many cases, augment the environmental fragility of our society and the consideration of environmental hazards needs to be incorporated into management of climate variability, storms, droughts, floods, earthquakes, etc. An aim is to seek preventive measures and find solutions to act on environmental hazards on national and international levels.

prereq: PGEO 13000 or equiv. prereq or coreq: PGEOG 13000 or equiv.

3 hrs 3 cr.

PGEOG 38100 - Special Topics in Environmental Studies

GER 3/B
Open to Jr/Sr only. Topics to be announced.
prereq: GEOL 10500, GEOG 22600 or PGEOG 13000, one course of which special topic is logical outgrowth; perm instr.
1-4 hrs (lec or lec/lab) 1-3 cr.

PGEOG 38200 - Special Topics in Environmental Studies

GER 3/B
Open to Jr/Sr only. Topics to be announced.
prereq: GEOL 10500, GEOG 22600 or PGEOG 13000, one course of which special topic is logical outgrowth; perm instr.
1-4 hrs (lec or lec/lab) 1-3 cr.

PGEOG 38300 - Special Topics in Environmental Studies

GER 3/B
Open to Jr/Sr only. Topics to be announced.
prereq: GEOL 10500, GEOG 22600 or PGEOG 13000, one course of which special topic is logical outgrowth; perm instr.
1-4 hrs (lec or lec/lab) 1-3 cr.

PGEOG 39100 - Individual Study in Environmental Studies

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.
prereq: GEOL 10500, GEOG 22600 or PGEOG 13000

1-3 cr.

PGEOG 39200 - Individual Study in Environmental Studies

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.
prereq: GEOL 10500, GEOG 22600 or PGEOG 13000, perm instr.

1-3 cr.

PGEOG 39300 - Individual Study in Environmental Studies

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.
prereq: GEOL 10500, GEOG 22600 or PGEOG 13000; perm instr.

1-3 cr.
PGEOG 49000 - Honors in Environmental Studies

Open to upper Jr/Sr environmental studies majors only. Individual research to be carried out under faculty guidance. Results may be embodied in an honors essay or equivalent.

prereq: perm dept.

PGEOG 49800 - Internship in Environmental Studies

Open to qualified environmental studies majors and minors, upper Jr/Sr only. Opportunities for working in positions of responsibility in professional institutions for academic credit. See environmental studies faculty adviser.

1-4 cr.

Geology

GEOL 10100 - Fundamentals of Geology

GER 2/E
Describes the earth and the forces that shape it. Topics of discussion will be the formation of the earth, plate tectonics, earth materials and geologic time. The goals of the course include introducing students to geology, "systems thinking", the methods of scientific inquiry. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee.

6 hrs (3 lec, 3 lab) 4.5 cr.
Offered fall and spring.

GEOL 10200 - Plate Tectonics and the Earth's Evolution

GER 2/E
The second course in geology offered to non-geology majors. It is designed to familiarize students with the main concepts used in deciphering and interpreting earth’s evolution from the spatial and temporal perspective. Topics to be covered include: geologic time; geological principles; earth materials as recorders of past geologic processes; depositional environments and sedimentary rock record; igneous and metamorphic geologic environments and their rock records; evolution of the solar system; plate tectonics and life on earth; origin of the universe; life on earth and the fossil record; Precambrian, Paleozoic, Mesozoic, and Cenozoic life, history and tectonics. Field trips may be required; transportation fee.

prereq: GEOL 10100
5 hrs (3 lec, 2 lab) 4 cr.
Offered fall.

GEOL 10500 - Introduction to Environmental Geoscience

GER 2E non-lab
Introduction to environmental geoscience focusing on aspects of global change and the interrelationship of earth systems. Review of the evolution of the earth from its origins to potential future developments; environmental problems and issues.

prereq: ENGL 12000
3 hrs 3 cr.

GEOL 18000 - Introduction to Oceanography
GER 2/E
Dynamic processes are responsible for the ocean’s influence on our environment and life cycles on earth. The course introduces students to the broad field of oceanography and specifically identifies areas which are of concern on both local and global scales. The origins of the oceans and life as it exists in today’s ocean will be covered. Lectures will include the sub-disciplines of biological, chemical, physical, and geological oceanography and concepts that relate to continental margins, ocean basins, sediments and seafloor spreading. Emphasis will be given to the interaction between the circulation of the atmosphere and ocean surface currents, deep ocean circulation, waves and tides. The coastal zone as a fragile environment will be highlighted in connection with dynamic physical and biological processes. No lab component.
3 hrs 3 cr.
Offered fall and spring.

GEOL 20500 - Environmental Geology

GER 3/B
As human populations continue to grow, resource depletion and hazards will become more severe. Many decisions concerning the use of resources, such as water, soil, minerals, energy and space to live, will determine our standard of living and the quality of the environment. Scientific knowledge, combined with human values, will dictate these decisions. This course examines not only the way geological processes operate and impact society, but also how the earth system responds to human activity. The difficult problems associated with extracting enormous quantities of resources needed to sustain modern societies will be discussed. The course will also address ways humans can minimize the risks associated with hazardous earth processes. Quantitative analysis of selected topics will be introduced to provide a deeper understanding of the complexity of today’s environmental issues.
prereq: GEOL 10100
3 hrs 3 cr.

GEOL 23100 - Principles of Geomorphology

GER 2/E or 3/B
Investigates the geologic forces that shape the surface of the Earth. In the laboratory students will learn to analyze features of the landscape and deduce the processes that produced them. Students will use traditional laboratories as well as Google Earth to learn about a variety of surficial processes.
prereq: PGEO 13000 or GEOL 10100
4 hrs (2 lec, 2 lab) 3 cr.

GEOL 28000 - Marine Geology

GER 3/B
Marine Geology is the study of the seafloor. This course attempts to answer the questions “what?”, “where?”, “when?” and more importantly “how?” in order to better understand the processes that shape the ocean basins and determine the structure and composition of the oceanic crust. The main patterns of sediment distribution in the ocean basins and how sediments preserve a record of past climatic and sea-level changes will be explored. In addition, the role of fluids in ocean sediments and the oceanic crust will be examined. The seafloor sediments will be studied with a focus on their role in marine biogeochemical cycles.
prereq: GEOL 10200 or perm instr.
3 hrs 3 cr.
Fall

GEOL 33200 - Hydrology See PGEO 332

See PEGO 332
GEOL 33400 - Coastal Geomorphology

GER 3/B
A study of the basic processes shaping the coast and the resulting form; surficial morphology and internal geometry of such forms as cliffs, dunes, beaches and near shore bars. Map exercise and a one-day field trip.
prereq: GEOL 23100 or PGEO 23100 or equiv. or perm dept.
3 hrs 3 cr.

GEOL 38000 - Advanced Oceanography: Chemistry and Physics of the Oceans

GER 3/B
The oceans play a significant role in how the climate system responds to anthropogenic perturbations. To understand past, present and future climate, students need to know and understand the world ocean.
Oceanography is multidisciplinary. It offers an opportunity to review and to apply many of the concepts taught in the major traditional disciplines of physics, chemistry, biology and mathematics. This course will offer an in-depth tour of the complex study of oceanography and an introduction to quantitative methods in oceanography using Matlab. This science-based course requires students to learn and understand, and be willing to work with, physical and quantitative concepts. Students must be prepared to learn the basics of computer scripting/programming syntax and logic, one of the major skills to be acquired in this course.
prereq: one sem CHEM or PHYS, MATH 15000 or equiv.
3 hrs 3 cr.

GEOL 38100 - Special Topics in Geology and Oceanography

GER 3/B
Intensive courses in various aspects of geology or oceanography. Topics to be announced.
prereq: 200-level course of which special topic is logical outgrowth; perm instr.
1-4 hrs (lec or lec/lab) 1-3 cr.

GEOL 38200 - Special Topics in Geology and Oceanography

GER 3/B
Intensive courses in various aspects of geology or oceanography. Topics to be announced.
prereq: 200-level course of which special topic is logical outgrowth; perm instr.
1-4 hrs (lec or lec/lab) 1-3 cr.

GEOL 38300 - Special Topics in Geology and Oceanography

GER 3/B
Intensive courses in various aspects of geology or oceanography. Topics to be announced.
prereq: 200-level course of which special topic is logical outgrowth; perm instr.
1-4 hrs (lec or lec/lab) 1-3 cr.

GEOL 39100 - Individual Study in Geology

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.
prereq: 2 sems of geology, perm dept.
1-3 cr.

GEOL 39200 - Individual Study in Geology
Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.

prereq: 2 sems of geology, perm dept.
1-3 cr.

**GEOL 39300 - Individual Study in Geology**

Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.

prereq: 2 sems of geology, perm dept.
1-3 cr.

**Geography: Courses Less Frequently Offered**

**GEOG 21000 - Elementary Field Geography**

GER 3/B

**GEOG 21100 - Field Geography of New York City and Vicinity**

GER 3/B

**GEOG 34800 - Geography of Religion**

GER 3/B

**GEOG 37200 - Field Geography of Peru**

GER 3/B
Regional field study of the geography of Peru. Topics include physical, environmental, historical, cultural, urban, political, agricultural, religious and economic geographies in various ecological zones. Taught in English. Fee for transportation and accommodations required. Completing GEOG 101 or GEOL 101 or PGEOL 130 prior to enrollment is strongly recommended.

prereq: acceptance into Peru Study Abroad Program
coreq: GEOG 27100 or dept. perm.
90 hrs of fieldwork 3 cr.

**GEOL 21100 - Field Geology of New York City and Vicinity**

GER 3/B
Provides you with the essential information about the geology of New York City, plate tectonics, and the philosophy and the practice of geological field work. Students will learn how to use basic field equipment and geologic and topographic maps. The first part of the course consists of field trips using public transportation to the main geologic formations of the New York metropolitan where students examine and identify rocks in situ and non in situ. Basic procedures of geologic field research are taught and students learn to identify, measure, and describe rocks, geologic structures and textures. The second part of the course will be in the laboratory to study the field material, plot information on topographic maps, correlate information and create basic geologic maps, basic geologic profiles and the synthetic geologic column of the NYC Metropolitan area.

prereq or coreq: Prereq: GEOL 10100 or 10200
GEOL 23300 - Geology of North America

GER 3/B

GEOL 24400 - Sedimentology

GER 3/B

GEOL 24800 - Principals of Stratigraphy

GER 3/B

PGEOG 21200 - Geography of Soils and Vegetation

GER 3/B

**Sociology: Upper Division**

**SOC 37102 - Independent Study**

GER 3/B
Completion of written assignment as proposed by student as approved and supervised by full-time faculty sponsor.

*prereq: SOC 10100, perm instr.*

2 hrs 2 cr

**Programs and Courses in German**

**German**

**About the Department**

The German department offers courses in the language, literature, and cultures of the German-speaking countries to help students reach high levels of linguistic and cultural proficiency and excel in the field of German studies.

The language and literature curriculum is designed to guide students in a professional, research-based manner from their current levels in the language through well defined stages of proficiency in speaking, reading, writing, and comprehension so that they will reach college-level literacy in German.

Students who complete the elementary and intermediate course sequence (language requirement) can expect to reach a real ability to function in standard situations in a German-speaking environment and to have a solid base for the further study of German.
Students who complete advanced language, literature, and culture courses will gain an understanding and appreciation of German literature and civilization, past and present, will comprehend spoken and written German to a level that they can understand major works of German prose, drama, and poetry and will be well on their way towards the linguistic and cultural capacity for intellectual discourse in written and spoken German.

In teaching and scholarship, faculty serve as mediators between the American and German-language cultures. They have a broad firsthand knowledge of German cultural texts, traditions, issues and trends so that they can support students with diverse interests relating to the German language and cultures and thus help Hunter students in all their endeavors pertaining to things German.

The German Department also offers courses in German literature in English translation for students who have no knowledge of the German language. These courses cannot be applied to the foreign language requirement, nor to the regular German major.

**Foreign Language Requirement**

1. Students who begin German as a new language will fulfill the foreign language requirement by taking 12 credits in the elementary/intermediate language sequence: GERMN 10100-GERMN 10200 (or GERMN 10300), GERMN 20100-GERMN 20200 (or GERMN 20300).

2. Students who enter with one or more years of high school German must take all the credits they need so that they can pass GERMN 20200 (or GERMN 20300).

3. Students who enter with four years of high school German may be exempted from the foreign language requirement (see the General Education Requirement section of this catalog).

**Placement**

Students who have some knowledge of German should consult with one of the departmental advisers or the chair for placement in a class that is appropriate for them.

**Programs and Courses**

Covers material of GRMN 201 and 202 in one semester.

Prereq: GRMN 10200, 10300 or equiv.
6 hrs 6 cr.

Preparation for Teaching in Grades 7-12

In cooperation with the School of Education, the program in German provides opportunities for students to prepare for a career in teaching German in grades 7-12. Students preparing to teach German must complete a 33-credit major option (Option 2) for teaching that includes the 24-credit sequence (Option 1) taken by non-teaching majors plus 9 additional credits: GERMN 39900 and 6 additional credits in advanced GERMN language and literature courses in the German Department between GERMN 30100 and GERMN 44400 or GERMN 24000, GERMN 24100 or 300-level courses related to German studies offered in other departments (with prior approval by the chairperson of the German Department). Students interested in teaching German in New York schools will take the 23-credit pedagogical sequence for grades 7-12 Languages Other than English: Chinese, French, German, Hebrew, Italian, Russian, Spanish (BA) Additional Coursework and Student Teaching along with the major in German. This sequence may count toward the course requirements for New York State Certification but will not be sufficient for certification. Students interested in a teaching career should consult with the School of Education. All students who want to pursue a teaching certificate in German must take an oral examination with the German Department. See the School of Education section of this catalog for further information.

Minor in German

The German minor consists of 12 credits in language and/or literature taught in German at the 300-level or above (GERMN 30100 - GERMN 35900, GERMN 38501 - GERMN 44400). Students who begin their study of German in college may count GERMN 20100 and GERMN 20200 (or GERMN 20300) towards the minor and will need to take at least two courses at the 300-level.

Prerequisites: 6 credits: GERMN 10100 and GERMN 10200, or equivalent

Electives

All courses offered are open to all qualified students as electives. For placement, consult a departmental adviser or the department chair.

Honors, Tutorials

Consult the department chair for these special programs. In order to graduate with departmental honors the student has to write an honors essay in the following. Please check under “Academic Honors” for exact details. Students who qualify can be elected to the German Honor Society Sigma Epsilon Phi. Please consult the department for exact requirements.

GER 3/A PD/D
The central conflict between individual liberty and societal constraints as reflected in short stories, novellas and plays by 20th century authors such as Kafka, Brecht, Böll and Frisch.
(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details. 

**prereq:** GERMN 20200 or 20300 or equiv.  
3 hrs 3 cr.

**GERMN 32200 - German Civilization**

GER 3/A PD/D  
Introduction to key topics in German history, politics, arts, literature and sciences. 

(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details. 

**prereq:** GERMN 20200 or equiv.  
3 hrs 3 cr.

**GERMN 32300 - Women in German Literature**

GER 3/A PD/C  
Reading and discussion of literature from the 19th century to the present written in German by and about women. 

(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details. 

**prereq:** GERMN 20200 or 20300 or equiv.  
3 hrs 3 cr.

**GERMN 32700 - Modern Swiss Literature**

GER 3/A PD/D  
Reading and discussion of literature written in German by Swiss authors since the 19th century. 

(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details. 

**prereq:** GERMN 20200 or 20300 or equiv.  
3 hrs 3 cr.

**GERMN 32800 - German Children's and Adolescent Literature**

GER 3/A PD/D  
Reading and discussion of literature for young readers and adolescents. 

(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details. 

**prereq:** GERMN 20200 or 20300 or equiv.  
3 hrs 3 cr.

**GERMN 33400 - The German Short Story and Novelle**

GER 3/A PD/D  
Discussion of short narrative works from age of Goethe to present. 

(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details. 

**prereq:** GERMN 20200 or 20300 or equiv.  
3 hrs 3 cr.

**GERMN 33500 - German Radio Plays: Hoerspiel**
GER 3/A PD/D
Listening to and discussion of literary radio plays from the 1950s to today.

(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.

prereq: GERMN 20200 or 20300 or equiv.
3 hrs 3 cr.

GERMN 33600 - German Lyric Poetry

GER 3/A PD/D
Discussion of important lyrics from Baroque period to present.

(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.

prereq: GERMN 20200 or 20300 or equiv.
3 hrs 3 cr.

GERMN 33900 - German Drama from Naturalism to Present

GER 3/A PD/D
Discussion of dramas by such writers as Hauptmann, Wedekind, Brecht, Drrenmatt, Frisch and Handke.

(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.

prereq: GERMN 20200 or 20300 or equiv.
3 hrs 3 cr.

Discussion of narrative works by such writers as Goethe, Keller, Fontane, T. Mann, Kafka, Döblin and Böll.

(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.

prereq: one course numbered from GERMN 32000 to 35900 or equiv.
3 hrs 3 cr.

GERMN 34400 - Readings in Classical Period of German Literature

GER 3/A PD/D
Discussion of selected works by Lessing, Goethe and Schiller.

(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: one course numbered from GERMN 32000 to 35900 or equiv.
3 hrs 3 cr.

GERMN 34500 - Literature of Weimar Republic

GER 3/A PD/D
Discussion of literary works and documents influential in German life between 1918 and 1933.
(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: one course numbered from GERMN 32000 to 35900 or equiv.
3 hrs 3 cr.

GERMN 34600 - German Literature of the 1930s and 1940s

GER 3/A PD/D
Reading and discussion of literature written between the time of the Weimar Republic and 1945.
(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: one course numbered from GERMN 32000 to 35900 or equiv.
3 hrs 3 cr.

GERMN 34700 - German Literature 1945-1995

GER 3/A PD/D
Reading and discussion of German literature written between 1945 and 1995.
(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: one course numbered from GERMN 32000 to 35900 or equiv.
3 hrs 3 cr.

GERMN 34800 - East German Literature (1945-1990)

GER 3/A PD/D
Reading and discussion in German of literature written in East Germany during the existence of the German Democratic Republic as a sovereign state.
(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: one course numbered GERMN 32000 to 35900 or equiv.
3 hrs 3 cr.

GERMN 35000 - Austrian Literature

GER 3/A PD/D
Discussion of literature and culture of the fin-de-siècle Vienna.
(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: one course numbered from GERMN 32000 to 35900 or equiv.
3 hrs 3 cr.

GERMN 35300 - Goethe's Faust
Intensive study of Goethe's Faust, Parts I and II.

*(Conducted in German)* A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.

**GERMN 35900 - German Literary Seminar**

Seminar study of significant theme in German literature, German author or literary movement or genre. May be repeated with a different topic.

*(Conducted in German)* A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.

**GERMN 38500 - Advanced Topics in German Language Study**

Advanced study of a linguistic phenomenon or of German language for a particular purpose. May be repeated with a different topic or level.

prereq : Will vary with topic

3 hrs 3 cr.

**GERMN 38501 - The German Press of Today: Reading and Understanding Newspapers and Magazines**

Reading and discussion of present-day German newspapers and magazines.

*(Conducted in German)* A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.

prereq: two courses numbered GERMN 30000 or above or equiv. (excluding courses in English translation)

3 hrs 3 cr.

**GERMN 38502 - Advanced Business German**

Cross-cultural study and practicing of German business culture and language while studying Germany as global economic player. Topics such as corporate structure, management strategies, international marketing and labor relations.

prereq or coreq: GERMN 31200 or perm. instr.

3 hrs 3 cr.

**GERMN 38503 - German Grammar for Upper- Level Discourse**

Study of German grammar from basic to complex structures. Intensive practice in control of grammatical forms at high levels of spoken and written discourse.

*(Conducted in German)* A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: three courses above GERMN 30000 or equiv (excluding courses in English translation)
3 hrs 3 cr.

**GERMN 39900 - Second Language Acquisition**

GER 3/A
A survey of issues and approaches to second language acquisition. For students planning to teach languages other than English in grades 7-12.
(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: at least three courses at the 300 level in the language, ENGL 12000
3 hrs 3 cr.

**GERMN 44400 - Seminar Studies in German Literature and Language**

GER 3/A PD/D
Seminar study of literary topic or linguistic phenomenon. May be repeated with a different topic.
(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: GERMN 2000 or 20300 or equiv.
3 hrs 3 cr.

**GERMN 49100 - Honors Project**

Open to Jr/Sr only. Individual study and independent research in consultation with faculty member. Honors essay required.
(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: perm chair
3 cr.

**GERMN 49200 - Independent Study in German**

Number of credits to be determined in advance in consultation with faculty member on basis of work planned.
(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: perm chair
1-3 cr.

**GERMN 49300 - Individual Studies Project in German Studies**

Individual research on German-studies topic under direction of faculty member. Written report required.
(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
prereq: perm chair
3 cr.

**GERMN 49800 - Internship**

(Conducted in German) A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.
German Literature and Civilization (in English)

GERMN 24000 - German Thought and Culture: A Survey (W)

GER 2/C PD/D
Discussion of the German contribution in the fields of art, literature, music, philosophy in historical perspective. (Conducted in English) Note: No knowledge of German required.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

GERMN 24100 - German Fairy Tales in Translation (W)

GER 2/C PD/D
Reading and discussion of traditional and literary fairy tales of Germany. cross-cultural comparison of various fairy-story traditions; development of motifs through various ages and cultures. (Conducted in English) Note: No knowledge of German required.
prereq or coreq: ENGL 12000
3 hrs 3 cr.
*No “W” designation when offered in Winter Session

GERMN 37200 - Germany in the Twenties (W)

GER 3/A PD/D
Literature, art and politics in Germany between World War I and Third Reich, 1918-1933. (Conducted in English) Note: No knowledge of German required.
3 hrs 3 cr.

GERMN 37400 - Masterpieces of German Literature in English Translation (W)

GER 3/A PD/D
Discussion of some outstanding works of German literature. (Conducted in English) Note: No knowledge of German required.
3 hrs 3 cr.

GERMN 37900 - Studies/Seminar Studies in German Literature in English Translation

GER 3/A PD/D
Discussion and analysis of literary movement, genre, major topic or important author. (Conducted in English) Note: No knowledge of German required.
3 hrs 3 cr.

GERMN 47900 - Studies/Seminar Studies in German Literature in English Translation
GER 3/A PD/D
Discussion and analysis of literary movement, genre, major topic or important author.
(Conducted in English) Note: No knowledge of German required.
3 hrs 3 cr.

GER 3/A

GERMN 36700 - Hermann Hesse: Magister Ludi

GER 3/A

GERMN 36800 - Rainer Maria Rilke’s Duino Elegies

GER 3/A
History

About the Department

History is the record of human experience. Its study is a first step in learning about ourselves and our society — about economics and politics, psychology and sociology, mathematics and science, the arts and the humanities. For students whose undergraduate major is history, career opportunities are numerous and varied. Medical, law and other professional schools favor applicants with history majors because of their broad background and research skills. Moreover, while teaching has long been a popular goal for history majors, positions in government (local, state and national), in publishing and advertising, in communications and in business also await those students whose human perspective and intellectual discipline have been developed in history classes. Beyond the purely practical consideration of a profession, the study of history is exciting in its own right.

Undergraduate Major

History - BA

Major

BA: 30 credits

• A minimum of 6 credits of HIST-designated courses with a grade of C or better are required before the declaration of major

• A maximum of 9 credits in 100-level courses may be taken.

• A minimum of 18 credits in advanced-level courses distributed as follows:

  o 6 credits in 200-level courses (not including HIST 29000)
  o 12 credits in 300-level courses (including HIST 30000)

• History Practicum
HIST 29000 - History Practicum (W)

A seminar-style course intended to introduce students to the practice of historical research and writing. Students will be given a directed “hands-on” experience in conducting historical research and in the writing of research papers in measured, progressively challenging assignments. The course will prepare students to successfully engage in more self-directed, substantial and independent historical research projects in the future.

prereq: ENGL 12000; 6 cr in history and permission of the department
3 hrs. 3 cr.

A minimum grade of C is required to receive credit for HIST 29000

• Historical Research or Historical Research Honors

HIST 30000 - Historical Research (W)

GER 3/B
Independent research related to a prior upper-level course already completed under the supervising instructor. The research will result in an extensive paper.

Courses at the 300-level and above not offered to freshmen.
prereq: HIST 29000 and departmental permission
3 hrs 3 cr.

-or-

HIST 40000 - Historical Research [H]

GER 3/B
The origins of history writing and the modern historical profession; modes of historical research; the evaluation of historical evidence; the historical and social uses of history. Recommended for all history majors. Required of students who wish to graduate with honors in history.

Courses at the 300-level and above not offered to freshmen.
prereq: not open to students who have completed fewer than 80 credits
3 hrs 3 cr.

A minimum grade of C is required to receive credit for HIST 30000/HIST 40000

Within the requirements for the major students must complete a minimum of 6 credits in each of the following geographic fields:

• United States history
• European history (includes Russian and the U.S.S.R.)
• World/Non-Western (Asia, Africa, Middle East)/Latin American history.

If there are questions about the applicability of a course for a particular requirement please consult with the History Department adviser. Appropriate HIST 29000 and HIST 30000/HIST 40000 sections may count toward one or another of these fields, see department for more information.

No less than half the courses taken for the major (15 credits) must be taken at Hunter College. Courses taken for CR/NC may not be applied to the major.

It is strongly recommended that history majors consult with an undergraduate adviser prior to their last semester to review progress toward fulfillment of the requirements for the major.
Minor

Students majoring in disciplines other than history may elect a minor in history. The history minor consists of 12 credits. The minor in History is flexible and thus it can provide depth to a variety of majors; students can tailor the minor to suit best their individual interests.

Requirements:

1. Four history courses of 3 credits each (or 12 credits total) taken for a letter grade (C or better. Courses taken for a grade of Credit/No Credit will not count toward the minor.)
2. Courses must be distributed in at least two geographic fields, i.e. at least one course (3 credits) must be taken in a geographic area different from the other three. (Currently, the geographic areas are defined as U.S., European and World/Non-Western.)
3. At least two courses (6 credits) must be at the 300-level or above. Internships do not count toward completion of the minor, although students completing the minor may elect to include an internship as an additional course. Independent studies (tutorials) and HIST300 are available only to History Majors and, thus, do not count toward the minor.
4. At least two of the courses (or 6 credits) must be taken in the History Department at Hunter College. Courses taken in other disciplines will not count toward the minor unless cross-listed and taken under the appropriate HIST course code. Transfer courses must be approved by the History Undergraduate Advisor.

There are no prerequisites for the minor, although certain courses may have their own prerequisites.

Declaring a Minor in History:

Students are advised to declare their minor by the beginning of the upper junior semester, but must do it prior to their final semester (that of graduation). Declaration requires a planning session with the History Undergraduate Advisor and completion of the Major/Minor Declaration Form (to be obtained from the OASIS).

Preparation for Teaching

Childhood Education (grades 1-6)

In cooperation with the School of Education, the Department of History provides opportunities for history majors to prepare for a career in childhood education. Students complete the 30-credit History major with the childhood education sequence as a collateral major.

Adolescent Education

Students who wish to prepare for a career in teaching social studies in grades 7-12 may take a 33-credit history major with an additional 9 credits of prerequisites History for Adolescent Education (Social Studies). In addition, students take the 23-credit adolescent education sequence.

Honors in History

Students will be eligible for honors in history upon completion of the requirements for the major with a 3.5 GPA and a 3.0 cumulative GPA at the time of graduation. To be eligible to graduate with honors in history, students can take HIST 40000 - Historical Research [H] or 3 to 6 credits in seminar, tutorial or problems courses or graduate courses with special permission, with a grade of B or better. Eligible students should apply for honors at the time they file for graduation. Applications are available from the department.
HIST 40000 - Historical Research [H]

GER 3/B
The origins of history writing and the modern historical profession; modes of historical research; the evaluation of historical evidence; the historical and social uses of history. Recommended for all history majors. Required of students who wish to graduate with honors in history.
Courses at the 300-level and above not offered to freshmen.
prereq: not open to students who have completed fewer than 80 credits
3 hrs 3 cr.

HIST 48300 - Problems in U.S. History (Honors) (W)

GER 3/B
Courses at the 300-level and above not offered to freshmen.
prereq: perm chair prereq or coreq: ENGL 12000
3 hrs 3 cr.

HIST 48400 - Problems in European History (Honors) (W)

GER 3/B
Courses at the 300-level and above not offered to freshmen.
prereq: perm chair
3 hrs 3 cr.

HIST 48500 - Problems in Non-Western History (Honors) (W)

GER 3/B
Courses at the 300-level and above not offered to freshmen.
prereq: perm chair
3 hrs 3 cr.

HIST 49300 - Individual Tutorial Research Project

GER 3/B
Research paper under individual supervision of faculty member.
Courses at the 300-level and above not offered to freshmen.
prereq: perm chair and instr.
3 hrs 3 cr.

Graduate Study

Qualified students in their junior and senior years may be admitted to graduate courses with the approval of the department chair.

History: Major with Minor in International Affairs - BA

Adviser: Michael Luther

Major
The major consists of 18 credits in history:

**HIST 32900 - History of European Diplomacy**

GER 3/B PD/D
From the Congress of Vienna and national unification movements through the era of total wars and cold war.
*Courses at the 300-level and above not offered to freshmen.*
3 hrs 3 cr.

**HIST 36100 - Rise of America as a World Power**

GER 3/B PD/D
Impact of world leadership on basic principles of American foreign policy since 1898.
*Courses at the 300-level and above not offered to freshmen.*
3 hrs 3 cr.

plus 9 credits selected from

**HIST 27700 - East Asia to 1600**

GER 2/B PD/A
Survey of traditional cultures and sociopolitical structures of China, Japan, Korea and Vietnam to about 1600 AD.
*Courses at the 300-level and above not offered to freshmen.*
3 hrs 3 cr.

**HIST 27800 - East Asia, 1600 to the Present**

GER 2/B PD/A
Coming of West to Asia and resulting processes of revolution and modernization after 1600 AD.
*Courses at the 300-level and above not offered to freshmen.*
3 hrs 3 cr.

**HIST 28800 - History of Africa to the 19th Century**

GER 2/B PD/A
Survey of pre-colonial African societies with emphasis on economic and social institutions changing under the impact of the environment.
*Courses at the 300-level and above not offered to freshmen.*
3 hrs 3 cr.

**HIST 28900 - Africa in the 19th and 20th Centuries**

GER 2/B PD/A
Historical explanation of independent Africa rising after colonialism and adjusting to modernization.
*Courses at the 300-level and above not offered to freshmen.*
3 hrs 3 cr.

**HIST 32700 - Europe since 1914**
GER 3/B
Europe in a century of total wars and cold war: the military, political, social, economic and intellectual scene. Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 34600 - British Empire and Commonwealth

GER 3/B
The rise and fall of the British imperial system and its transformation into a Commonwealth of nations. Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 37500 - Late Imperial Russia and the Soviet Union

GER 3/B PD/D
Political, socioeconomic and cultural development of late 19th and 20th century Russian and Soviet society. Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 37700 - Ancient and Imperial China to 1800

GER 3/B
China's traditions and transformation from Neolithic times to the late-imperial period, emphasizing state/society relations and the development of the centralized bureaucratic political system; covers political, economic, religious and social developments. Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 37800 - China Since 1800

GER 3/B
Internal and external challenges to China's traditional order; the collapse of the imperial system and the establishment of a republic; the warlord period; the war against Japan; the civil war between Communist and Nationalist forces; China since the rise of the Communist Party to state power in 1949. Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 39000 - History of Modern West Africa

GER 3/B
Impact of Islam, Christianity and colonialism. Analysis of African nationalism and problems of independence. Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.
- Seminars, problems courses and tutorial if appropriate

Minor

The minor consists of 18 credits including

ECO 34000 - International Trade
GER 3/B
Theories of international trade and international trade policies.
prereq: ECO 20000
3 hrs 3 cr.

POLSC 37500 - International Law (W)

GER 3/B
Case studies on nature, sources, practices and efficacy of international law, principles and rules.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 27800 - International Organizations (W)

GER 3/B
Powers, functions and effectiveness of international institutions; emphasis on United Nations and regional organizations.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

GEOG 22100 - Economic Geography

GER 2/B
An introduction to the sub-discipline of economic geography, which will include an exploration of the history of both economics and geography, and a rigorous global approach to the subjects. Students will come to understand the history of the development of economic thought, leading up to, and transformed, by today’s crisis, as well as the particularly geographical nature of economic phenomena and processes, and the immense contributions geographers have made to the understanding of economics. Course focus is on the dominant form of global economic activity today, which is capitalistic, and the way this economic structure plays out through different geographies at different historical moments in time.
Not open to freshmen
prereq: GEOG 10100 or perm instr.
3 hrs 3 cr.
Offered fall and spring

GEOG 33400 - Political Geography

GER 3/B
Political geography concerns the nature and consequences of human efforts to divide and control Earth. Major topics to be covered by this course include the origin and evolution of countries and their constituent political units; the defining and drawing of political boundaries; territorial conflicts and disputes; the impact of boundaries on personal and cultural identity; centripetal and centrifugal forces that encourage the success or failure of political units; jurisprudence, crime and punishment; electoral geography; war, piracy and terrorism; ownership of ocean floors and outer space; the environmental impacts of political power (zoning, incorporation, height restrictions, land tenure); and symbols of power in the landscape. Lectures and assignments will stress the relevancy of political geography to issues that affect our everyday life.
prereq: GEOG 10100 or GEOG 15000 or perm instr
3 hrs 3 cr.

• plus 6 additional credits chosen from cultural anthropology, economics, energy and environmental studies, geography, political science, sociology, religion or other appropriate areas chosen with the approval of the adviser
Undergraduate Minor

Minor in History

Students majoring in disciplines other than history may elect a minor in history. The history minor consists of 12 credits. The minor in History is flexible and thus it can provide depth to a variety of majors; students can tailor the minor to suit best their individual interests.

Requirements:

1. Four history courses of 3 credits each (or 12 credits total) taken for a letter grade (C or better. Courses taken for a grade of Credit/No Credit will not count toward the minor.)
2. Courses must be distributed in at least two geographic fields, i.e. at least one course (3 credits) must be taken in a geographic area different from the other three. (Currently, the geographic areas are defined as U.S., European and World/Non-Western.)
3. At least two courses (6 credits) must be at the 300-level or above. Internships do not count toward completion of the minor, although students completing the minor may elect to include an internship as an additional course. Independent studies (tutorials) and HIST300 are available only to History Majors and, thus, do not count toward the minor.
4. At least two of the courses (or 6 credits) must be taken in the History Department at Hunter College. Courses taken in other disciplines will not count toward the minor unless cross-listed and taken under the appropriate HIST course code. Transfer courses must be approved by the History Undergraduate Advisor.

There are no prerequisites for the minor, although certain courses may have their own prerequisites.

Declaring a Minor in History:

Students are advised to declare their minor by the beginning of the upper junior semester, but must do it prior to their final semester (that of graduation). Declaration requires a planning session with the History Undergraduate Advisor and completion of the Major/Minor Declaration Form (to be obtained from the OASIS).

Other Programs

History for Adolescent Education (Social Studies)

Return to: History - BA

Prerequisites (9 credits)

HIST 15100 - The United States from the Colonial Era to the Civil War (W)

GER 1/C or 2/B
American political, social and cultural history from the time of the European settlements to the Civil War. *Courses at the 300-level and above not offered to freshmen.*
prereq or coreq: ENGL 12000
3 hrs 3 cr.

HIST 15200 - The United States from the Civil War Era to the Present (W)
GER 1/C or 2/B
American political, social and cultural history from the Civil War to the present.
Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

GEOG 10100 - People and Their Environment

GER 2/B
A broad overview of subjects and ideas in geography, possibly the most internally diverse of the social sciences. Covers the geographical aspects of topics including weather and climate, landforms, religions, food, cities, economics, culture, politics and much more. While students will be expected to understand the basics of each of the topics covered, the overarching emphasis will be on understanding the relationships among them. As such, the course builds from one topic to the next, ultimately stressing the sheer geographical complexity and wonder of modern life.
3 hrs 3 cr.
offered fall and spring.

Major (33 credits)

Geography (6 credits)

GEOG 25100 - Geography of the United States and Canada

GER 2/B
Seeks to familiarize students with the regional geography of the United States and Canada. More specifically, the goals are to acquaint students with the dynamic nature of human and physical features that characterize the study area; the ways in which human and natural phenomena interact to create unique place characteristics and sub-regions; the key environmental issues that characterize the study area and its constituent parts; major trends that are affecting the geography of the two countries; and the locations of principal features. The course begins with general overview material, and then examines the various sub-regions of the study area in much greater detail, focusing on key characteristics and environmental challenges
prereq: GEOG 10100 or GEOG 15000 or perm instr.
3 hrs 3 cr.

One course selected from the following

GEOG 27000 - Regional Geography of Mexico, Central America and the Caribbean

GER 3/B PD/A
Analysis of relationship of natural environment to economic, social and political life of Mexico, Central America and West Indies.
3 hrs 3 cr.

GEOG 27100 - Regional Geography of South America
GER 3/B PD/A
Analysis of relationship of natural environment to economic, social and political life of South America.
3 hrs 3 cr.

GEOG 27200 - Regional Geography of Europe

GER 3/B PD/D
Analysis of relationship of natural environment to economic, social and political life of modern Europe.
3 hrs 3 credits

GEOG 27400 - Regional Geography of the Middle East and North Africa

GER 3/B PD/A
Analysis of the relationship of natural environment to economic, social and political life of Middle East and North Africa.
3 hrs 3 cr.

GEOG 27500 - Regional Geography of Sub-Saharan Africa

GER 3/B PD/A
Analysis of the relationship of natural environment to economic, social and political life of Africa south of Sahara.
3 hrs 3 cr.

GEOG 27700 - Regional Geography of East Asia

GER 3/B PD/A
Analysis of East Asia's potentials in terms of natural resources, population, industry and agriculture, with emphasis on China.
3 hrs 3 cr.

GEOG 27800 - Regional Geography of Russia and Central Asia

GER 3/B PD/A or D
Analysis of the relationship of the natural environment to economic, social and political life of Russia, the former Soviet republics of Central Asia and Mongolia.
3 hrs 3 cr.

GEOG 32800 - Urban Environmental Problems: Evaluations and Solutions

GER 3/B
Open to Jr/Sr only. The special environmental problems of urban and metropolitan areas will be studied, including water supplies, waste management, environmental impact and waterfront use. Natural physical processes, methodologies and techniques will be reviewed and applied to decision making. Transportation fee for field work may be required.
Prereq: GEOG 101 or GEOG 150 or URBS 101 and Jr/Sr standing
3 hrs 3 cr.

GEOG 34100 - Urban Geography

GER 3/B
Open to Jr/Sr only. Spatial analysis of functions of metropolitan areas. Social and economic characteristics of cities and
suburbs. Land use and transportation patterns.

*prereq: GEOG 101 or GEOG 150 or perm instr, Jr/Sr only
3 hrs 3 cr.

Political Science & Economics (6 credits)

**ECO 10000 - Introduction to Economics**

GER 2/B
Introduction to economic principles, issues, and policy. Recommended for students who want a broad, one-semester overview.

_Not open to students who have taken or are currently enrolled in ECO 20000 or 20100 or their equivalents. Cannot be credited towards the Economics major._

3 hrs 3 cr.

**POLSC 11000 - American Government: A Historical Introduction (W)**

GER 1/C or 2/B

Japan's remarkable transformation from the late Tokugawa to the present, emphasizing political, cultural and social-economic aspects of the Meiji Restoration, the rise of militarism and post-World War II developments.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 38500 - Problems in Non-Western History (W)

GER 3/B
Intensive reading and research in selected topics.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 38900 - History of South Asia

GER 3/B
History of India and nearby countries from the ancient to modern times.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 39000 - History of Modern West Africa

GER 3/B
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 48500 - Problems in Non-Western History (Honors) (W)

GER 3/B
Courses at the 300-level and above not offered to freshmen.
prereq: perm chair
3 hrs 3 cr.

History: Topical, Seminar and Tutorial Courses
HIST 25000 - Historical Issues

Study of selected historical themes and issues. Topics vary each semester. May be taken a second time.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 29000 - History Practicum (W)

A seminar-style course intended to introduce students to the practice of historical research and writing. Students will be given a directed “hands-on” experience in conducting historical research and in the writing of research papers in measured, progressively challenging assignments. The course will prepare students to successfully engage in more self-directed, substantial and independent historical research projects in the future.
prereq: ENGL 12000; 6 cr in history and permission of the department
3 hrs. 3 cr.

HIST 29100 - Historical Methods

The study of history, its sources and its methods.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 30000 - Historical Research (W)

GER 3/B
Independent research related to a prior upper-level course already completed under the supervising instructor. The research will result in an extensive paper.
Courses at the 300-level and above not offered to freshmen.
prereq: HIST 29000 and departmental permission
3 hrs 3 cr.

HIST 34100 - Topics in History

GER 3/B
Exploration of major trends, special controversies or significant events; topics vary each term.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 34122 - Latin American Political Economy

GER 3/B
courses at the 300-level and above not open to freshmen
3 hrs 3 cr.

HIST 34139 - African Influences in the Americas

GER 3/B
Courses at the 300-level and above not open to freshmen
3 hrs 3 cr.
HIST 38200 - Historical Studies Seminar

GER 3/B
Topics vary each term.
Courses at the 300-level and above not offered to freshmen.
prereq: GPA 2.8; history GPA 3.5
3 hrs 3 cr.

HIST 39100 - Historical Restoration and Museum Work

GER 3/B
Introduction to museum work.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 40000 - Historical Research [H]

GER 3/B
The origins of history writing and the modern historical profession; modes of historical research; the evaluation of historical evidence; the historical and social uses of history. Recommended for all history majors. Required of students who wish to graduate with honors in history.
Courses at the 300-level and above not offered to freshmen.
prereq: not open to students who have completed fewer than 80 credits
3 hrs 3 cr.

HIST 49200 - Honors Seminar in Historical Studies

3 hrs 3 cr.

HIST 49300 - Individual Tutorial Research Project

GER 3/B
Research paper under individual supervision of faculty member.
Courses at the 300-level and above not offered to freshmen.
prereq: perm chair and instr.
3 hrs 3 cr.

HIST 49800 - Internship

Work in professional institutions.
Courses at the 300-level and above not offered to freshmen.
prereq: perm chair
1-6 cr.

Religion: Religious Traditions

HIST 31500 - Christianity in Modern Times
GER 3/B
Not offered to freshmen. Transformation of Christianity since the Reformation, Enlightenment and modern political and intellectual challenges.

3 hrs 3 cr.

Programs and Courses in Human Rights

Human Rights

About the Program

The Human Rights Program examines the theory and practice of human rights, combining academic training with hands-on experience. By exploring the philosophical foundations and legal framework of human rights, as well as addressing current political, social and economic realities, the program seeks to give students the tools necessary to engage intelligently with contemporary human rights problems. Among the thorny issues students may examine are indigenous peoples' rights to natural resources, the limits of freedom of expression, the problem of corporate complicity in rights violations, the legitimacy of humanitarian intervention, and the problem of enforceability (both of economic, social, and cultural rights, and of civil and political rights).

An interdisciplinary program, the Human Rights Program offers courses in political science, anthropology, sociology and history, among other fields of study. Students may follow either of two academic tracks: a 15-credit minor in human rights, or 24-credit certificate. A key element of both tracks is the human rights internship, which gives students direct experience with the researchers, advocates, lawyers and analysts who make up the human rights movement.

Both the minor and certificate in human rights are good preparation for a career in government, at a nongovernmental organization, or in a regional or international agency. Many students may choose to go on to law school, journalism school or a graduate program. Whatever their career choice, their knowledge of human rights will make them more thoughtful and informed citizens.

Return to Human Rights Program

Minor in Human Rights

15-credit minor in Human Rights:

Students in majors such as Anthropology, History, Political Science, Sociology, Urban Affairs and Planning, etc. could select Human Rights as a minor. The minor consists of the following courses:

- Introduction to Human Rights (HR 20000)
- Internship in Human Rights (HR 25000)
- 3 Cognate courses
  - Cognate courses draw on traditional disciplinary perspectives to examine claims about, e.g., the universal nature of human rights, their historical origins, social and cultural contexts that affect the understanding and status of human rights, and the relation of human rights to political conflicts and the presence or absence of economic well-being.

Certificate in Human Rights

The 24-credit Certificate in Human Rights consists of 4 core human rights courses—a 3-credit introductory course, a 3-credit internship, a 3-credit internship seminar and a 3-credit capstone seminar—plus 4 cognate courses. Students should work with the Human Rights Program adviser to put together an intellectually meaningful set of cognate courses.

To be accepted into the Certificate program, a student must have at least a 3.0 GPA.

Courses in Human Rights

Courses in Human Rights

Human Rights

HR 20000 - Introduction to Human Rights: History, Discourse, Practice (W)

GER 3/B PD/D
An introduction to the study of human rights. It explores the historical, philosophical, and legal roots of human rights as a political idea and institutionalized practice. It also addressed the contested nature of human rights as an idea and practice in contemporary societies. In addition to providing an introduction to the subject, the course is a requirement for students minoring in Human Rights or pursuing a Human Rights Certificate.
In order to pursue a Human Rights minor or Certificate, a student must receive at least a B (3.0) in this course. Students should take this introductory course in their sophomore year but must take it no later than the first semester of their junior year.

This is a writing intensive course.

prereq: ENGL 12000 or equivalent; one course in ethics, political philosophy, political theory, sociological theory, or permission from the instructors.

3 hrs 3 cr.

fall and spring

**HR 25000 - Human Rights Internship**

This is a practicum course. It involves students participating in an organization that identifies its mission as the promotion of human rights. The aim of the course is to educate students in the practical dimension of translating human rights discourse and law into practice. The course is required for students seeking a Human Rights Certificate or a minor in Human Rights.

prereq: ENGL 12000 or equivalent; HR 20000 or equivalent

3 hrs 3 cr.

**HR 26000 - Human Rights Internship Seminar (W)**

This course critically evaluates the role of human rights organizations and human rights practices in determining the meaning and value of human rights.

prereq: ENGL 12000 and HR 20000

prereq or coreq: HR 25000

3 hrs 3 cr.

Offered spring 2012; not offered fall 2011

**HR 35000 - Human Rights Capstone Seminar (W)**

This course involves the theoretical examination of constitutive problems in the discourse and practice of human rights, especially as they would inform the composition of a human rights academic research project. It requires participating students to present their research projects in the seminar and to compose a 20-25 page research paper on a human rights topic.

This course is specifically designed for students who are pursuing a Certificate in Human Rights.

This is a writing intensive course.

prereq or coreq: HR 26000

Offered spring 2012; not offered fall 2011

**Programs and Courses in Hunter-Bellevue School of Nursing**

**Hunter-Bellevue School of Nursing**
About the School

Nursing education began at Hunter in 1943, when courses for registered nurses were added to its curriculum. In 1955, a four-year collegiate program that was a pioneer for its time — the Hunter College Program in Nursing — was launched. When the Bellevue School of Nursing closed in 1969, Hunter absorbed it to create the Hunter-Bellevue School of Nursing, now located at the college’s Brookdale Health Science Center at 425 East 25th Street in Manhattan, near Bellevue Hospital.

The Hunter-Bellevue School of Nursing is one of the largest and most prestigious nursing schools in the country. Recognized by the National League for Nursing (NLN) as a Center of Excellence in Nursing Education, the school’s programs combine liberal and professional education with a humanistic and comprehensive approach to health care.

Programs

The School of Nursing offers four pathways leading to the Bachelor of Science (nursing) degree: the Generic Pathway, for those students who do not have an RN license; the RN Pathway, for those students who have completed a nursing program and have received or are about to receive a current RN license to practice professional nursing in New York State; the joint/dual degree program with Queensborough Community College see: http://www.qcc.cuny.edu/nursing/dualJoint-hunterBellevue.html; and the Accelerated 2nd Degree Pathway, for those students who have already achieved a baccalaureate degree in another field of study and wish to transition into a nursing profession. Information on applying to all of our programs is available on our website at http://www.hunter.cuny.edu/nursing.

In earning the bachelor of science (nursing) degree, students in all pathways complete lower division (general education) and upper division (professional education) curriculum requirements. See Pathway pages below for specific program requirements.

Pathways

Nursing Generic Pathway

Nursing Accelerated 2nd Degree Pathway

Nursing RN Pathway

Nursing Dual/Joint Degree

Nursing Course Listing

Courses for Hunter-Bellevue School of Nursing

Admission Requiriements (all Programs)

Students are considered for admission to the Generic Pathway Program and Accelerated 2nd Degree Pathway Program for the fall semester only, and only after completing lower division courses. RN Pathway students are admitted for the fall semester. An overall college GPA of 3.0 in addition to other requirements is the minimum requirement for consideration of an application. Admission to the School of Nursing is competitive. A minimum grade of “C” must be maintained for all required science, mathematics, and nursing courses. Generic Pathway and Accelerated 2nd Degree Pathway students must attend during the day on a full-time basis. Only matriculated Hunter College students can apply
to the Generic Pathway Program. RN Pathway students may attend during the day or evening (depending on scheduling of courses) on a full- or a part-time basis.

Students are admitted to the dual-degree HBSON-Queensborough Community College (QCC) program after completing their first semester of study at QCC with a grade of B or better in Nu 101 and a GPA of 3.0 or better.

Licensing and Accreditation

The Hunter-Bellevue School of Nursing is accredited by the Commission on Collegiate Nursing Education (CCNE) through June 2020. Hunter-Bellevue graduates are prepared to give first-level professional nursing care in all areas of nursing practice. Graduates from the Generic and Accelerated 2nd Degree Pathway are eligible to take the National Council Licensing Examination for Registered Nurses. A student who has been convicted of a felony or misdemeanor will have to undergo investigation by the Office of Professional Discipline, which might result in licensure being withheld. The program also provides a foundation for graduate study at the master’s level, which is also offered at the School of Nursing.

Undergraduate Major

Nursing Accelerated 2nd Degree Pathway
Return to Hunter-Bellevue School of Nursing

This bachelor of science degree is designed for students who already have a baccalaureate degree in another field and wish to transition into a career in nursing. The program is intensive; students may receive a bachelor of science degree in nursing in as little as 18 months provided they have met all general education requirements and met all prerequisite requirements. The amount of time required for 2\textsuperscript{nd} degree students to complete the program depends on such factors as the number of applicable transfer credits they have and the number of courses they take each semester. The Accelerated 2\textsuperscript{nd} Degree Pathway is a full-time, daytime program. Accelerated 2\textsuperscript{nd} Degree Pathway students cannot earn the degree in the evening.

Application Eligibility and Admission Criteria: Accelerated 2\textsuperscript{nd} Degree Pathway

In order to be considered for admission into the Accelerated 2\textsuperscript{nd} Degree Pathway Program, applicants must meet eligibility requirements and admission criteria. All students applying to the upper division Accelerated 2\textsuperscript{nd} Degree Nursing Pathway must have a baccalaureate degree from an accredited institution with a minimum cumulative GPA of 3.0 by June 1 preceding their entrance into the program for the fall semester. Students who do not meet GPA and degree requirements are not eligible to take the National League for Nursing Pre-admission-RN Examination (administered in February of the spring application semester-current fee $70) and are not eligible to apply for admission into the program.

Students complete all prerequisite courses (ENGL 12000, CHEM 10000 and CHEM 10100 (lab), CHEM 12000 and CHEM 12100 (lab), BIOL 12000 and BIOL 23000 including lab, PSYCH 10000 and PSYCH 15000, and STAT 11300) with a grade of “C” or better by the end of the fall semester preceding the spring application deadline. Students applying may take the last two prerequisite courses during the spring semester of the admission process. Prerequisite courses cannot be taken on a credit/no credit (CR/NC) basis. Students may not take prerequisite courses during the summer immediately preceding the fall entry into the program. Proof of successful completion of courses taken in the spring must be received by the School of Nursing by June 1; otherwise the student will be ineligible to register as a nursing major at Hunter College. Since decisions are made before the spring term is completed, applicants with grades pending will be conditionally accepted until receipt of final grades.

Acceptance of the student into the major is based on the following admission criteria: composite admission score (GPA plus score on NLN Pre-Admission-RN Examination) and completion of all admission requirements. The composite score of all students applying for admission at the same time will be rank ordered from the highest to the lowest. Students will be accepted for admission based on this ranked composite score and the completion of all other admission requirements. Additional admission requirements may be added, and students should check the latest version of admission requirements on the School of Nursing’s website (http://www.hunter.cuny.edu/nursing), or the fact sheets. Failure to meet all admission criteria will require reapplication for the following year, with no guarantee of acceptance. Students should download a current Accelerated 2\textsuperscript{nd} Degree Pathway Fact Sheet, which details the admission process, from the Hunter-Bellevue School of Nursing website. The schedule of the NLN exam dates, times and locations as well as the current Accelerated 2\textsuperscript{nd} Degree Pathway Fact Sheet may be obtained from the pre-health adviser at (212) 481-4773, Hunter College Student Services or the Hunter-Bellevue School of Nursing Web site, http://www.hunter.cuny.edu/nursing.

All accelerated students admitted to the program are required to submit evidence of liability insurance, health insurance, medical records with specified immunizations, and CPR certification prior to entering the first semester of the nursing major. In addition to tuition and fees, other academic year expenses for independent students include medical examination, health insurance, malpractice insurance ($100); uniforms, equipment and other miscellaneous expenses ($500); textbooks/supplies, transportation, housing, food and other personal expenses; NLN-Pre-Admission Exam-RN (current fee $70); and National Student Nurses Association annual dues ($20/year x 2yrs=$40).

Lower Division (General Education Requirements)
Transfer Credits

All students in the Accelerated Second-Degree Pathway program will receive up to 90 transfer credits from their previous BA/BS degree that will count towards the 120 credits needed to graduate to receive the Bachelor of Science degree in nursing.

Second Degree students from other colleges will have their transcripts evaluated upon admission by the Office of Admissions. Courses for which equivalency is granted need not be repeated.

Since most of the coursework will have been taken as part of the baccalaureate degree, the admissions office will evaluate the transcript and determine what still remains to be taken at the lower division.

Students entering Hunter with a BS/BA degree are required to complete the GER core, pluralism & diversity and one writing course.

ENGL 12000 - Expository Writing

GER 1/A
Required of all students unless exempt; trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.

prereq: successful completion of developmental courses, if required

3 hrs + conf 3 cr.

STAT 11300 - Elementary Probability and Statistics

GER 1/B
Not open to students who have completed STAT 21300 or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
prereq or coreq: ENGL 12000

3 hrs 3 cr.

HIST 15100 - The United States from the Colonial Era to the Civil War (W)

GER 1/C or 2/B
American political, social and cultural history from the time of the European settlements to the Civil War.

Courses at the 300-level and above not offered to freshmen.

prereq or coreq: ENGL 12000

3 hrs 3 cr.

-or-

HIST 15200 - The United States from the Civil War Era to the Present (W)

GER 1/C or 2/B
American political, social and cultural history from the Civil War to the present.

Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000  
3 hrs 3 cr.  
-or-  

POLSC 11000 - American Government: A Historical Introduction (W)  
GER 1/C or 2/B  
Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts. Not open to students who have taken POLSC 11100.  
prereq or coreq: ENGL 12000 or its equivalent  
3 hrs 3 cr.  

ENGL 22000 - Introduction to Writing about Literature (W)  
GER 2/A  
Analytical writing and close reading in British and American fiction, drama, poetry, and literary criticism, with an emphasis on further development of critical writing and research skills. Students gain a deeper understanding and appreciation of literature as well as more extensive experience with academic writing.  
prereq: ENGL 12000  
3 hrs + one additional conference hour 3 cr.  
*Or other Stage 2: Group A course  

PSYCH 10000 - Introduction to Psychology  
GER 2/B  
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.  
3 hrs 3 cr.  

and  

PSYCH 15000 - Human Development  
GER 2/B  
Development from conception to death; biological, physiological and social factors and their interactions at each stage.  
prereq: PSYC 10000  
3 hrs 3 cr.  
• GER 2/C: Humanities 3 cr. (e.g., PHILO 10100, CLA 10100, or other Humanities course)  
• GER 2/D: Arts 3 cr. (ARTH 11100)  
GER 2/E: Natural Sciences:  

CHEM 10000 - Essentials of General Chemistry Lecture  
GER 2/E  
Essential facts, laws, and theories of general chemistry.  
Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.  
4 hrs (3 lec, 1 rec) 3 cr.
CHEM 10100 - Essentials of General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of general chemistry. Primarily for nursing, nutrition and food science and community health students.
prereq or coreq: CHEM 10000
3 hrs 1.5 cr.

CHEM 12000 - Essentials of Organic Chemistry Lecture

GER 2/E
Course presents essential facts, laws and theories of organic chemistry. Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.
prereq: CHEM 10000
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 12100 - Essentials of Organic Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry. Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health students.
prereq: CHEM 10100 prereq or coreq: CHEM 12000
3 hrs (3 lab) 1.5 cr.

Allied Health Courses:

BIOL 12000 - Anatomy and Physiology I

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program. Not accepted for credit toward the biology major.
prereq: CHEM 10000, 10100 coreq: CHEM 12000, 12100
6 hrs (3 lec, 3 lab) 4.5 cr.
fall only

BIOL 12200 - Anatomy and Physiology II

Structure and function of circulatory, digestive, excretory, endocrine and reproductive systems. Basic concepts of metabolism, embryology. Required for admission to the nursing program. Not accepted for credit toward the biology major.
prereq: BIOL 12000 or equiv.
6 (3 hrs lec, 3 hrs lab) 4.5 cr.
spring only
  • GER 3/A: Humanities, Visual or Performing Arts 3 cr.

BIOL 23000 - Fundamentals of Microbiology
GER 3/B
Topics include scope, historical aspects, taxonomy, survey of the microbial world, viruses, infectious diseases, control of microorganisms and immunology. Required for admission to the nursing program.

Not accepted for credit toward the biology Major I.

prereq: CHEM 10000, 10100, 12000, 12100 or equiv; BIOL 12000 coreq: BIOL 12200

5 hrs (2 lec, 3 lab) 3 cr.
spring only

• Pluralism and Diversity 12 cr. (P/D Groups A-D)
• Open electives 6 cr.

Total lower division credits 66

Upper Division Requirements (Major Requirements)

NURS 20000 - Introduction to Nursing

Introduction to essential theories, concepts, and values of the nursing profession. Emphasis on understanding the practice and principles of nursing. The principles of service-learning are introduced.

prereq: completion of lower-division sequence

3 hrs 3 cr.
offered fall

NURS 31000 - Nursing I

Provides essential knowledge base for implementing the nursing process in the care of clients across the lifespan, with specific emphasis on the childbearing family. Principles of service-learning are applied.

Material Fee: $50

prereq: completion of lower-division sequence coreq: NURS 20000

18 hrs (4 lec, 14 lab) 8 cr.
offered fall

NURS 31200 - Nursing II

Provides knowledge base for effective nursing care of clients from childhood through young adulthood. Community engagement learning experiences supporting the principles of service-learning are included.

Material Fee: $50

prereq: NURS 20000, 31000, 33100

18 hrs (4 lec, 14 lab) 8 cr.
offered spring

NURS 33100 - Essentials of Pharmacology

Prepares essential pharmacological information for nursing care of clients of all ages.

prereq: completion of lower-division sequence

3 hrs 3 cr.

NURS 33200 - Normal and Therapeutic Nutrition in the Nursing Process
Presents principles of normal and therapeutic nutrition throughout the developmental life cycle.  
prereq: lower division sequence, NURS 20000, 31000  
3 hrs 3 cr.

**NURS 34300 - Patterns of Biological Disruptions**

Emphasizes biological disruptions that are pathobiological and their influence on levels of wellness across the life span.  
Strongly recommended for Generic Pathway seniors.  
prereq or coreq:

3 hrs 3 cr.

**NURS 38000 - Nursing Research and Theory**

Introduction to theory development and research in nursing. for Generic Pathway: NURS 20000, 31000  
prereq: for RN Pathway: NURS 37900, STAT 11300  
3 hrs 3 cr.

**NURS 41000 - Nursing III**

Provides a knowledge base for effective nursing care of middle-aged clients. Concepts and principles of service-learning are discussed and integrated into a professional practice paradigm.  
Material Fee: $50  
prereq: NURS 20000, 31000, 31200, 33100, 33200  
18 hrs (4 lec, 14 lab) 8  
offered fall

**NURS 41200 - Nursing IV**

Provides knowledge base for effective nursing care of elderly clients. Principles of service-learning are integrated into selected community experiences to promote civic engagement.  
prereq: NURS 41000  
18 hrs (4 lec, 14 lab) 8  
offered spring

**NURS 42000 - Nursing Leadership and Management (A2DP)**

Open to Accelerated 2nd Degree students only. Study of principles of nursing management, leadership and roles in health care systems.  
prereq: NURS 20000, 31000, 31200, 33100, 33200, 34300, 38000  
coreq: NURS 41200  
3 hrs 3 cr.

Total Upper Division credits 50

Total minimum credits required for degree: 120

Repeating a Course
Note: Students who fail a core prerequisite course in a nursing sequence may not proceed to the next course in the sequence without repeating the failed course. In order to continue in the Nursing major, students must receive minimum grades of “C” in all required nursing courses. Students who receive a grade of “D” or lower, or who fail any segment of a clinical nursing course or lab will be allowed to repeat the course or segment only once. Students who fail a second required nursing course or clinical lab/segment will be dismissed from the nursing program. This policy applies even if a grade appeal is in progress. Students who fail the clinical portion of a course will receive an “F” for the entire course, regardless of the corresponding theory grade.

Leave of Absence Policy and Reserved Placement in a Clinical Course

A reserved placement in a clinical/field course will be held for the student for only one year from the date of the leave of absence. The School of Nursing cannot guarantee the placement for any longer period of time. It is the responsibility of the student to submit to the undergraduate program director a letter of intent, one semester prior to returning to the program and enrolling in the course (April 1 for a fall course). Students who fail to follow this procedure release the School of Nursing from reserving a clinical/field placement in a course for the student.

Nursing Course Listing

Return to Hunter-Bellevue School of Nursing

Note: Students who fail a core prerequisite course in a nursing sequence may not proceed to the next course in the sequence without repeating the failed course. In order to continue in the Nursing major, students must receive minimum grades of “C” in all required nursing courses. Only one failed required nursing course is repeatable only once by students who have received a “D” or less. Students who fail a second required nursing course in the sequence may not repeat that course and may not continue in the major. This policy applies even though a grade appeal is in progress.

Generic Pathway Courses

Nursing Generic Pathway

NURS 20000 - Introduction to Nursing

Introduction to essential theories, concepts, and values of the nursing profession. Emphasis on understanding the practice and principles of nursing. The principles of service-learning are introduced.

NURS 41000 - Nursing III

Provides a knowledge base for effective nursing care of middle-aged clients. Concepts and principles of service-learning are discussed and integrated into a professional practice paradigm.

Material Fee: $50

prereq: NURS 20000, 31000, 31200, 33100, 33200

18 hrs (4 lec, 14 lab) 8

offered fall

NURS 41200 - Nursing IV

Provides knowledge base for effective nursing care of elderly clients. Principles of service-learning are integrated into selected community experiences to promote civic engagement.

prereq: NURS 41000

18 hrs (4 lec, 14 lab) 8

offered spring

NURS 42000 - Nursing Leadership and Management (A2DP)

Open to Accelerated 2nd Degree students only. Study of principles of nursing management, leadership and roles in health care systems.

prereq: NURS 20000, 31000, 31200, 33100, 33200, 34300, 38000

coreq: NURS 41200

3 hrs 3 cr.

RN Pathway Courses

Nursing RN Pathway

NURS 37900 - Nursing and Societal Forces in the Health Care Delivery System

Open to RN Pathway students only. This is the first course in the RN Pathway curriculum and must be taken prior to or in conjunction with other required nursing courses depending on the pre/co requisites of the courses. Exploration of health care dilemmas through the integration of knowledge from nursing, social sciences and public health. Principles
of service-learning are introduced.
3 hrs 3 cr.

**NURS 38000 - Nursing Research and Theory**

Introduction to theory development and research in nursing. for Generic Pathway: NURS 20000, 31000

*prereq: for RN Pathway: NURS 37900, STAT 11300
3 hrs 3 cr.*

**NURS 38100 - Health Assessment Throughout the Lifespan**

Open to RN Pathway students only. Analysis of normal patterns of wellness for individual clients with emphasis on development of assessment skills.

*Material Fee: $45
prereq: CHEM 100-101 prereq or coreq: NURS 379
6 hrs (3 lec, 3 lab) 4.5 cr.*

**NURS 38400 - Nursing Culturally Diverse Families**

PD/B

Open to RN Pathway students only. Explores the interrelationships between sociocultural factors and health care practices of families from diverse cultures as a basis for nursing practice. Principles of service-learning are reflected in the culturally competent interventions.

3 hrs 3 cr.

**NURS 48000 - Promotion of Wellness in the Community**

Open to RN Pathway students only. Examination of family and community patterns as they relate to individual clients of all ages. Principles of service-learning are used in community-based clinical experiences to promote civic engagement.

*prereq: NURS 37900, 38100, 38400
7.5 hrs (3 lec, 4.5 practicum) 4.5 cr.*

**NURS 48200 - Advancement of Roles and Relationships in Professional Nursing**

Open to RN Pathway students only. Explores the roles and relationships in nursing with a focus on leadership as the key to the professionalism of nursing. Principles of service-learning are reflected in the ongoing development of the professional role. This is the last course in the RN Pathway Program.

*prereq: NURS 37900 prereq or coreq: NURS 38000, 38100, 38400, 48000
3 hrs 3 cr.*

**Nursing Electives**

**NURS 34000 - Women's Health**

PD/C

Designed to identify and analyze those factors which impact on the health status of women: biological, sociological, psychological, environmental, political.

3 hrs 3 cr.
NURS 34200 - Ethical Issues in Nursing Practice

Open to RN Pathway and senior Generic Pathway students only. Examines ethical issues which arise from the practice of nursing in an interpersonal, professional, institutional and social context of diverse and competing values.
3 hrs 3 cr.

NURS 34300 - Patterns of Biological Disruptions

Emphasizes biological disruptions that are pathobiological and their influence on levels of wellness across the life span. Strongly recommended for Generic Pathway seniors.
prereq or coreq:
3 hrs 3 cr.

NURS 34500 - HIV/AIDS: An Interdisciplinary Perspective for Health Care Providers

Examines the impact of the HIV epidemic on the biological, psychological and social dimensions of persons affected by HIV/AIDS.
3 hrs 3 cr.

NURS 34600 - Death and Dying

P/D B
Provides an overview of current theories, concepts, and practices associated with death, dying and end-of-life care.
3 hrs 3 cr.

NURS 35000 - Independent Study in Nursing

An opportunity to explore a topic relevant to nursing which is of individual interest.
1-3 hrs 1-3 cr.

NURS 35100 - Gender, Science and Technology

PD/C
Explores the complex relationship between women and the sciences.
cross-listed WGSS 35100
3 hrs 3 cr.

NURS 37900 - Nursing and Societal Forces in the Health Care Delivery System

Open to RN Pathway students only. This is the first course in the RN Pathway curriculum and must be taken prior to or in conjunction with other required nursing courses depending on the pre/co requisites of the courses. Exploration of health care dilemmas through the integration of knowledge from nursing, social sciences and public health. Principles of service-learning are introduced.
3 hrs 3 cr.

NURS 39998 - Urban Disaster Response and the Health Care Team
Provides the student with an understanding of the causes, prevention, and mitigation of disasters and insight into the disaster management system nationally and locally. The course will include content relevant to all disciplines in the disaster care continuum and focus on each individual health care member's role and responsibilities within these systems.
3 hrs 3 cr.

**NURS 44000 - Stress Management for Nurses**

An overview of stress and its effect upon behavior within the framework of the holistic man-wellness model.
3 hrs 3 cr.

**NURS 44100 - Selected Studies in Nursing Research**

Honors course. Utilization of basic knowledge in nursing research to critique and interpret studies and discuss their relevance and application in nursing.
prereq: NURS 31000, 31200, 33100, 33200, 38000, 38100
3 hrs 3 cr.

**NURS 44200 - Nursing Care of Acute and Critically Ill Clients**

Examination of nursing knowledge and roles in caring for acute and critically ill clients and their families.
3 hrs 3 cr.

**NURS 44500 - Teaching-Learning Across the Developmental and Health Continua**

Pedagogical/androogogical principles of learning and instruction to enhance client teaching in the promotion, maintenance and/or restoration of health.
3 hrs 3 cr.

**NURS 45000 - Computer Concepts and Application in Nursing**

Study of computing concepts, principles, practices, and applications in nursing and health care.
3 hrs 3 cr.

**NURS 48300 - Politics of Health**

An analysis of the relationships between politics and health status, health services and health care providers.
3 hrs 3 cr.

**Leave of Absence Policy and Reserved Placement in a Clinical Course**

A reserved placement in a clinical/field course will be held for the student for only one year from the date of the leave of absence. The School of Nursing cannot guarantee the placement for any longer period of time. It is the responsibility of the student to submit to the undergraduate program director a letter of intent, one semester prior to returning to the program and enrolling in the course (April 1 for a fall course). Students who fail to follow this procedure release the School of Nursing from reserving a clinical/field placement in a course for the student.
Nursing Dual/Joint Degree

This is a dual degree program. Students start out at Queensborough Community College. They are admitted to Hunter after their freshman year if they satisfy certain GPA and course requirements. See the Queensborough website for further information about this phase of the dual degree www.qcc.cuny.edu/nursing/dualJoint-hunterBellevue.html

The Hunter portion of the curriculum is as follows:

Nursing Major

NURS 37900 - Nursing and Societal Forces in the Health Care Delivery System

Open to RN Pathway students only. This is the first course in the RN Pathway curriculum and must be taken prior to or in conjunction with other required nursing courses depending on the pre/co requisites of the courses. Exploration of health care dilemmas through the integration of knowledge from nursing, social sciences and public health. Principles of service-learning are introduced.
3 hrs 3 cr.

NURS 38000 - Nursing Research and Theory

Introduction to theory development and research in nursing. for Generic Pathway: NURS 20000, 31000
prereq: for RN Pathway: NURS 37900, STAT 11300
3 hrs 3 cr.

NURS 38100 - Health Assessment Throughout the Lifespan

Open to RN Pathway students only. Analysis of normal patterns of wellness for individual clients with emphasis on development of assessment skills.
Material Fee: $45
prereq: CHEM 100-101 prereq or coreq: NURS 379
6 hrs (3 lec, 3 lab) 4.5 cr.

NURS 38400 - Nursing Culturally Diverse Families

PD/B
Open to RN Pathway students only. Explores the interrelationships between sociocultural factors and health care practices of families from diverse cultures as a basis for nursing practice. Principles of service-learning are reflected in the culturally competent interventions.
3 hrs 3 cr.

NURS 48000 - Promotion of Wellness in the Community

Open to RN Pathway students only. Examination of family and community patterns as they relate to individual clients of all ages. Principles of service-learning are used in community-based clinical experiences to promote civic engagement.
prereq: NURS 37900, 38100, 38400
7.5 hrs (3 lec, 4.5 practicum) 4.5 cr.

NURS 48200 - Advancement of Roles and Relationships in Professional Nursing
Open to RN Pathway students only. Explores the roles and relationships in nursing with a focus on leadership as the key to the professionalism of nursing. Principles of service-learning are reflected in the ongoing development of the professional role. This is the last course in the RN Pathway Program.

prereq: NURE 37900  
prereq or coreq: NURE 38000, 38100, 38400, 48000

Six credits of nursing electives: The following two courses are suggested. They meet PD/C requirements

**NURS 34000 - Women's Health**

PD/C
Designed to identify and analyze those factors which impact on the health status of women: biological, sociological, psychological, environmental, political.

3 hrs 3 cr.

**NURS 35100 - Gender, Science and Technology**

PD/C
Explores the complex relationship between women and the sciences.

*cross-listed* WGSS 35100

3 hrs 3 cr.

Total HC Nursing (24 cr.)

**Nursing Generic Pathway**

Return to Hunter-Bellevue School of Nursing

**Application Eligibility and Admission Criteria: Generic Pathway**

*Note: Students with a baccalaureate degree in another field may be interested in our Nursing Accelerated 2nd Degree Pathway.*

The program is designed to be completed in four academic years by students who are admitted with no college credit and who attend full-time. How long it takes transfer students to complete the program depends on such factors as the number of applicable transfer credits they have and the number of courses they take each semester. Generic Pathway students cannot earn the degree in the evening. Part-time attendance may result in the student’s losing the pace of the upper division sequence and having to wait a year for a required course. The Generic Pathway is a full-time, daytime program.

In order to be considered for admission into the Generic Pathway Program, applicants must meet eligibility requirements and admission criteria. All students applying to the upper division Generic Nursing Pathway must have a college GPA of 3.0 or above by the end of the fall semester preceding spring application. Students who do not meet this GPA requirement are not eligible to take the National League for Nursing Pre-admission-RN Examination (administered in February of the spring application semester - current fee $70) and are not eligible to apply for admission to the nursing major.

Students must complete 60 credits prior to beginning upper division nursing courses. All applicants must complete all prerequisite courses (ENGL 12000, CHEM 10000 and CHEM 10100 (lab), CHEM 12000 and CHEM 12100 (lab)BIOL 12000 and (lab), BIOL 23000 including lab, PSYCH 10000 and PSYCH 15000, and STAT 11300 ) with a grade of “C” or better by the end of the fall semester preceding the spring application deadline. Students applying may
take the last two prerequisite courses during the spring semester of the admission process. Prerequisite courses cannot be taken on a credit/no credit (CR/NC) basis. Proof of successful completion of courses taken in the spring must be received by the School of Nursing by June 1; otherwise the student will be ineligible to register as a nursing major at Hunter College. Since decisions are made before the spring term is completed, applicants with grades pending will be conditionally accepted until receipt of final grades.

Acceptance of the student into the major is based on the following admission criteria: composite admission score (GPA plus score on NLN Pre-Admission-RN Examination) and completion of all admission requirements. The composite score of all students applying for admission at the same time will be rank ordered from the highest to the lowest. Students will be accepted for admission based on this ranked composite score and the completion of all other admission requirements. Additional admission requirements may be added, and students should check the latest version of admission requirements on the School of Nursing’s website www.hunter.cuny.edu/nursing or the fact sheets. Failure to meet all admission criteria will require reapplication for the following year, with no guarantee of acceptance. Students should download a current Generic Pathway Fact Sheet, which details the admission process, from the School of Nursing website. The schedule of the NLN exam dates, times and locations as well as the current Generic Pathway Fact Sheet may be obtained from the pre-health adviser at (212) 481-4773, Hunter College Student Services or the Hunter-Bellevue School of Nursing Web site, http://www.hunter.cuny.edu/nursing.

All generic students admitted to the program are required to submit evidence of liability insurance, health insurance, medical records with specified immunizations, and CPR certification prior to entering the first semester of the nursing major. In addition to tuition and fees, other academic year expenses for independent students include medical examination, health insurance, malpractice insurance ($100); uniforms, equipment and other miscellaneous expenses ($500); textbooks/supplies, transportation, housing, food and other personal expenses; NLN-Pre-Admission Exam-RN (current fee $70); and National Student Nurses Association annual dues ($20/year x 2yrs=$40).

Lower Division (General Education Requirements)

Students entering Hunter with an AA, AS/BA, BS degree are required to complete GER Core, Pluralism and Diversity, and one writing intensive course. Transfer students will have their transcripts evaluated upon admission by the admissions office. Courses for which equivalency is granted need not be repeated. Some courses already taken may be used to satisfy GER Core requirements.

ENGL 12000 - Expository Writing

GER 1/A
Required of all students unless exempt; trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.
prereq: successful completion of developmental courses, if required
3 hrs + conf 3 cr.

STAT 11300 - Elementary Probability and Statistics

GER 1/B
Not open to students who have completed STAT 21300 or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
prereq or coreq: ENGL 12000
3 hrs 3 cr.

HIST 15100 - The United States from the Colonial Era to the Civil War (W)

GER 1/C or 2/B
American political, social and cultural history from the time of the European settlements to the Civil War. Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

or

HIST 15200 - The United States from the Civil War Era to the Present (W)

GER 1/C or 2/B
American political, social and cultural history from the Civil War to the present. Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

or

POLSC 11000 - American Government: A Historical Introduction (W)

GER 1/C or 2/B
Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts. Not open to students who have taken POLSC 11100.
prereq or coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.

ENGL 22000 - Introduction to Writing about Literature (W)

GER 2/A
Analytical writing and close reading in British and American fiction, drama, poetry, and literary criticism, with an emphasis on further development of critical writing and research skills. Students gain a deeper understanding and appreciation of literature as well as more extensive experience with academic writing.
prereq: ENGL 12000
3 hrs + one additional conference hour 3 cr.
*Or other Stage 2: Group A course

PSYCH 10000 - Introduction to Psychology

GER 2/B
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.
3 hrs 3 cr.

and

PSYCH 15000 - Human Development
GER 2/B
Development from conception to death; biological, physiological and social factors and their interactions at each stage.
prereq: PSYC 10000
3 hrs 3 cr.
• Humanities 3 cr. (e.g., PHILO 10100, CLA 10100, or other Humanities course)
• Arts 3 cr. (e.g., ARTH 11100)

GER 2/E: Natural Sciences Courses:

CHEM 10000 - Essentials of General Chemistry Lecture

GER 2/E
Essential facts, laws, and theories of general chemistry.
Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 10100 - Essentials of General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of general chemistry.
Primarily for nursing, nutrition and food science and community health education students.
prereq or coreq: CHEM 10000
3 hrs 1.5 cr.

CHEM 12000 - Essentials of Organic Chemistry Lecture

GER 2/E
Course presents essential facts, laws and theories of organic chemistry.
Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.
prereq: CHEM 10000
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 12100 - Essentials of Organic Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry.
Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.
prereq: CHEM 10100 prereq or coreq: CHEM 12000
3 hrs (3 lab) 1.5 cr.

Allied Health Courses:

BIOL 12000 - Anatomy and Physiology I

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.
Not accepted for credit toward the biology major.
BIOL 12200 - Anatomy and Physiology II

Structure and function of circulatory, digestive, excretory, endocrine and reproductive systems. Basic concepts of metabolism, embryology. Required for admission to the nursing program.

*Not accepted for credit toward the biology major.*

**prereq:** BIOL 12000 or equiv.

6 (3 hrs lec, 3 hrs lab) 4.5 cr.

**spring only**

- GER 3/A: Humanities, Visual or Performing Arts 3 cr.

BIOL 23000 - Fundamentals of Microbiology

GER 3/B

Topics include scope, historical aspects, taxonomy, survey of the microbial world, viruses, infectious diseases, control of microorganisms and immunology. Required for admission to the nursing program.

*Not accepted for credit toward the biology Major I.*

**prereq:** CHEM 10000, 10100, 12000, 12100 or equiv; BIOL 12000 coreq: BIOL 12200

5 hrs (2 lec, 3 lab) 3 cr.

**spring only**

- Pluralism and Diversity 12.0 cr.
- Open Electives 6 cr.

Total lower division credits 66

Upper Division Curriculum

NURS 20000 - Introduction to Nursing

Introduction to essential theories, concepts, and values of the nursing profession. Emphasis on understanding the practice and principles of nursing. The principles of service-learning are introduced.

**prereq:** completion of lower-division sequence

3 hrs 3 cr.

**offered fall**

NURS 31000 - Nursing I

Provides essential knowledge base for implementing the nursing process in the care of clients across the lifespan, with specific emphasis on the childbearing family. Principles of service-learning are applied.

**Material Fee:** $50

**prereq:** completion of lower-division sequence coreq: NURS 20000

18 hrs (4 lec, 14 lab) 8 cr.

**offered fall**

NURS 33100 - Essentials of Pharmacology
Presents essential pharmacological information for nursing care of clients of all ages.

**NURS 31200 - Nursing II**

Provides knowledge base for effective nursing care of clients from childhood through young adulthood. Community engagement learning experiences supporting the principles of service-learning are included.

*Material Fee: $50*

*prereq: NURS 20000, 31000, 33100*

*18 hrs (4 lec, 14 lab) 8 cr.*

*offered spring*

**NURS 33200 - Normal and Therapeutic Nutrition in the Nursing Process**

Presents principles of normal and therapeutic nutrition throughout the developmental life cycle.

*prereq: lower division sequence, NURS 20000, 31000*

*3 hrs 3 cr.*

**NURS 38000 - Nursing Research and Theory**

Introduction to theory development and research in nursing. for Generic Pathway: NURS 20000, 31000

*prereq: for RN Pathway: NURS 37900, STAT 11300*

*3 hrs 3 cr.*

**NURS 41000 - Nursing III**

Provides a knowledge base for effective nursing care of middle-aged clients. Concepts and principles of service-learning are discussed and integrated into a professional practice paradigm.

*Material Fee: $50*

*prereq: NURS 20000, 31000, 31200, 33100, 33200*

*18 hrs (4 lec, 14 lab) 8*

*offered fall*

**NURS 41200 - Nursing IV**

Provides knowledge base for effective nursing care of elderly clients. Principles of service-learning are integrated into selected community experiences to promote civic engagement.

*prereq: NURS 41000*

*18 hrs (4 lec, 14 lab) 8*

*offered spring*

**NURS 41900 - Nursing Management and Leadership in the Health Care System**

Study of principles of nursing management, leadership, and research processes in health care system.

*prereq: NURS 20000, 31000, 31200, 33100, 33200*

*2 hrs 2*

*offered spring*

**NURS 42100 - Nursing and Society**
Analysis of issues and trends in nursing and health care from societal perspective, including opportunities for collaborative practice through service-learning.

*prereq:* NURS 20000, 31000, 31200, 33100, 33200, 41000, 41900

2 hrs 2

*offered spring*

**Hunter nursing electives (6 cr.)**

Six credits from the following courses:

**NURS 34000 - Women's Health**

PD/C

Designed to identify and analyze those factors which impact on the health status of women: biological, sociological, psychological, environmental, political.

3 hrs 3 cr.

**NURS 34200 - Ethical Issues in Nursing Practice**

Open to RN Pathway and senior Generic Pathway students only. Examines ethical issues which arise from the practice of nursing in an interpersonal, professional, institutional and social context of diverse and competing values.

3 hrs 3 cr.

**NURS 34300 - Patterns of Biological Disruptions**

Emphasizes biological disruptions that are pathobiological and their influence on levels of wellness across the life span. Strongly recommended for Generic Pathway seniors.

*prereq or coreq:*

3 hrs 3 cr.

**NURS 34500 - HIV/AIDS: An Interdisciplinary Perspective for Health Care Providers**

Examines the impact of the HIV epidemic on the biological, psychological and social dimensions of persons affected by HIV/AIDS.

3 hrs 3 cr.

**NURS 34600 - Death and Dying**

P/D B

Provides an overview of current theories, concepts, and practices associated with death, dying and end-of-life care.

3 hrs 3 cr.

**NURS 35000 - Independent Study in Nursing**

An opportunity to explore a topic relevant to nursing which is of individual interest.

1-3 hrs 1-3 cr.
NURS 35100 - Gender, Science and Technology

PD/C
Explores the complex relationship between women and the sciences.
cross-listed WGSS 35100
3 hrs 3 cr.

NURS 37900 - Nursing and Societal Forces in the Health Care Delivery System

Open to RN Pathway students only. This is the first course in the RN Pathway curriculum and must be taken prior to or in conjunction with other required nursing courses depending on the pre/co requisites of the courses. Exploration of health care dilemmas through the integration of knowledge from nursing, social sciences and public health. Principles of service- learning are introduced.
3 hrs 3 cr.

NURS 39998 - Urban Disaster Response and the Health Care Team

Provides the student with an understanding of the causes, prevention, and mitigation of disasters and insight into the disaster management system nationally and locally. The course will include content relevant to all disciplines in the disaster care continuum and focus on each individual health care member's role and responsibilities within these systems.
3 hrs 3 cr.

NURS 44000 - Stress Management for Nurses

An overview of stress and its effect upon behavior within the framework of the holistic man-wellness model.
3 hrs 3 cr.

NURS 44100 - Selected Studies in Nursing Research

Honors course. Utilization of basic knowledge in nursing research to critique and interpret studies and discuss their relevance and application in nursing.
prereq: NURS 31000, 31200, 33100, 33200, 38000, 38100
3 hrs 3 cr.

NURS 44200 - Nursing Care of Acute and Critically Ill Clients

Examination of nursing knowledge and roles in caring for acute and critically ill clients and their families.
3 hrs 3 cr.

NURS 44500 - Teaching-Learning Across the Developmental and Health Continua

Pedagogical/andrological principles of learning and instruction to enhance client teaching in the promotion, maintenance and/or restoration of health.
3 hrs 3 cr.

NURS 45000 - Computer Concepts and Application in Nursing

Study of computing concepts, principles, practices, and applications in nursing and health care.
3 hrs 3 cr.
NURS 48300 - Politics of Health

An analysis of the relationships between politics and health status, health services and health care providers.
3 hrs 3 cr.

Total upper division credits 54

Total for degree 120

Repeating a Course

Note: Students who fail a core prerequisite course in a nursing sequence may not proceed to the next course in the sequence without repeating the failed course. In order to continue in the Nursing major, students must receive minimum grades of "C" in all required nursing courses. Students who receive a grade of "D" or lower, or who fail any segment of a clinical nursing course or lab will be allowed to repeat the course or segment only once. Students who fail a second required nursing course or clinical lab/segment will be dismissed from the nursing program. This policy applies even if a grade appeal is in progress. Students who fail the clinical portion of a course will receive an "F" for the entire course, regardless of the corresponding theory grade.

Leave of Absence Policy and Reserved Placement in a Clinical Course

A reserved placement in a clinical/field course will be held for the student for only one year from the date of the leave of absence. The School of Nursing cannot guarantee the placement for any longer period of time. It is the responsibility of the student to submit to the undergraduate program director a letter of intent, one semester prior to returning to the program and enrolling in the course (April 1 for a fall course). Students who fail to follow this procedure release the School of Nursing from reserving a clinical/field placement in a course for the student.

Nursing RN Pathway

Return to Hunter-Bellevue School of Nursing

Admission Criteria: RN Pathway Program

An overall college GPA of 3.0 in addition to other requirements is the minimum requirement for consideration of an application. Admission to the School of Nursing is competitive.

The program is designed to meet the special needs of the experienced RN student who has already completed a two- or three-year nursing program. All RN Pathway students admitted to the program are required to submit evidence of NYS RN licensure and current registration, liability insurance, health insurance, medical records with specified immunizations and CPR certification prior to entering the first semester of the nursing major.

Students awaiting their State Board licensing examination scores who have not yet been awarded the Registered Professional Nurse License are admitted conditionally. Proof of receipt of the RN license must be submitted to the Hunter-Bellevue School of Nursing by December 1 for students admitted in the fall. Students unable to document receiving the license will not be permitted to continue in the nursing major. Applicants to the RN Pathway Program must have completed 36 credits of liberal arts and sciences (including credits in progress) at an accredited college, plus the equivalent of 24 credits in nursing.
A maximum of 24 credits may be transferred for credit in the nursing curriculum upper division. Students transferring from any accredited associate degree program in the United States will be granted 24 nursing credits for advanced placements. The Nursing Regents College Examinations (RCE’S) in Adult Nursing, Maternal and Child Nursing, and Psychiatric/Mental Health Nursing at the baccalaureate level are required for applicants from schools without accreditation by recognized bodies, and by international graduates. A score of “C” or better is acceptable.

Students should download a current RN Pathway Fact Sheet, which details the admission process, from the Hunter-Bellevue School of Nursing website at http://www.hunter.cuny.edu/nursing.

Lower Division (General Education Requirements)

Students entering Hunter with an AAS degree are required to complete Core, Pluralism and Diversity, and one writing course. Transfer students will have their transcripts evaluated upon admission by the admissions office. Courses for which equivalency is granted need not be repeated. Some courses already taken may be used to satisfy Core requirements.

**ENGL 12000 - Expository Writing**

GER 1/A
Required of all students unless exempt; trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.
*prereq: successful completion of developmental courses, if required*
3 hrs + conf 3 cr.

**STAT 11300 - Elementary Probability and Statistics**

GER 1/B
Not open to students who have completed STAT 21300 or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

*prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam*
*prereq or coreq: ENGL 12000*
3 hrs 3 cr.

or

**HIST 15200 - The United States from the Civil War Era to the Present (W)**

GER 1/C or 2/B
American political, social and cultural history from the Civil War to the present.
*Courses at the 300-level and above not offered to freshmen.*
*prereq or coreq: ENGL 12000*
3 hrs 3 cr.

or

**POLSC 11000 - American Government: A Historical Introduction (W)**
GER 1/C or 2/B
Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts. Not open to students who have taken POLSC 11100.

prereq or coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.

ENGL 22000 - Introduction to Writing about Literature (W)

GER 2/A
Analytical writing and close reading in British and American fiction, drama, poetry, and literary criticism, with an emphasis on further development of critical writing and research skills. Students gain a deeper understanding and appreciation of literature as well as more extensive experience with academic writing.

prereq: ENGL 12000
3 hrs + one additional conference hour 3 cr.

or other Stage 2: Group A course

PSYCH 10000 - Introduction to Psychology

GER 2/B
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.
3 hrs 3 cr.

and

PSYCH 15000 - Human Development

GER 2/B
Development from conception to death; biological, physiological and social factors and their interactions at each stage.

prereq: PSYC 10000
3 hrs 3 cr.

• GER 2/C: Humanities 3 cr. (e.g., PHILO 10100, CLA 10100, or other Humanities course)
• GER 2/D: Arts 3 cr. (e.g., ARTH 11100)
• 2/E: Natural Sciences*

CHEM 10000 - Essentials of General Chemistry Lecture

GER 2/E
Essential facts, laws, and theories of general chemistry.
Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 10100 - Essentials of General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of general chemistry.
Primarily for nursing, nutrition and food science and community health students.
prereq or coreq: CHEM 10000
3 hrs 1.5 cr.
*Plus an additional 12.5 cr. in other science or math courses
  • GER 3/A: Humanities, Visual or Performing Arts 3 cr.
  • GER 3/B: Social Science or Natural Science/Mathematics course 3 cr.
  • Pluralism and Diversity 12 cr. (P/D Groups A-D)
  • Additional courses will be required to meet the 120 credits needed for graduation. See your advisor. 22.5 cr.

Total lower division credits: 66

Upper Division (Major Requirements)

Students partially fulfill the major requirements with 24 credits of nursing, awarded through Regents College Exams or by having a CUNY or other regionally accredited associate degree in nursing. The remaining major courses and nine credits of electives are completed at Hunter:

NURS 37900 - Nursing and Societal Forces in the Health Care Delivery System

Open to RN Pathway students only. This is the first course in the RN Pathway curriculum and must be taken prior to or in conjunction with other required nursing courses depending on the pre/co requisites of the courses. Exploration of health care dilemmas through the integration of knowledge from nursing, social sciences and public health. Principles of service-learning are introduced.
3 hrs 3 cr.

NURS 38400 - Nursing Culturally Diverse Families

PD/B
Open to RN Pathway students only. Explores the interrelationships between sociocultural factors and health care practices of families from diverse cultures as a basis for nursing practice. Principles of service-learning are reflected in the culturally competent interventions.
3 hrs 3 cr.

**Meets Pluralism and Diversity Requirement/Group B. Only open to nursing majors.

NURS 38100 - Health Assessment Throughout the Lifespan

Open to RN Pathway students only. Analysis of normal patterns of wellness for individual clients with emphasis on development of assessment skills.
Material Fee: $45
prereq: CHEM 100-101 prereq or coreq: NURS 379
6 hrs (3 lec, 3 lab) 4.5 cr.

NURS 38000 - Nursing Research and Theory

Introduction to theory development and research in nursing. for Generic Pathway: NURS 20000, 31000
prereq: for RN Pathway: NURS 37900, STAT 11300
3 hrs 3 cr.

NURS 48000 - Promotion of Wellness in the Community
Open to RN Pathway students only. Examination of family and community patterns as they relate to individual clients of all ages. Principles of service-learning are used in community-based clinical experiences to promote civic engagement.

*prereq: NURS 37900, 38100, 38400

7.5 hrs (3 lec, 4.5 practicum) 4.5 cr.

**NURS 48200 - Advancement of Roles and Relationships in Professional Nursing**

Open to RN Pathway students only. Explores the roles and relationships in nursing with a focus on leadership as the key to the professionalism of nursing. Principles of service-learning are reflected in the ongoing development of the professional role. This is the last course in the RN Pathway Program.

*prereq: NURS 37900 prereq or coreq: NURS 38000, 38100, 38400, 48000

3 hrs 3 cr.

**Hunter nursing electives (9 cr.)**

Nine credits from the following courses:

**NURS 34000 - Women's Health**

PD/C

Designed to identify and analyze those factors which impact on the health status of women: biological, sociological, psychological, environmental, political.

3 hrs 3 cr.

**NURS 34200 - Ethical Issues in Nursing Practice**

Open to RN Pathway and senior Generic Pathway students only. Examines ethical issues which arise from the practice of nursing in an interpersonal, professional, institutional and social context of diverse and competing values.

3 hrs 3 cr.

**NURS 34300 - Patterns of Biological Disruptions**

Emphasizes biological disruptions that are pathobiological and their influence on levels of wellness across the life span. Strongly recommended for Generic Pathway seniors.

*prereq or coreq:

3 hrs 3 cr.

**NURS 34500 - HIV/AIDS: An Interdisciplinary Perspective for Health Care Providers**

Examines the impact of the HIV epidemic on the biological, psychological and social dimensions of persons affected by HIV/AIDS.

3 hrs 3 cr.

**NURS 34600 - Death and Dying**
P/D B
Provides an overview of current theories, concepts, and practices associated with death, dying and end-of-life care.
3 hrs 3 cr.

**NURS 35000 - Independent Study in Nursing**

An opportunity to explore a topic relevant to nursing which is of individual interest.
1-3 hrs 1-3 cr.

**NURS 35100 - Gender, Science and Technology**

PD/C
Explores the complex relationship between women and the sciences.
cross-listed WGSS 35100
3 hrs 3 cr.

**NURS 37900 - Nursing and Societal Forces in the Health Care Delivery System**

Open to RN Pathway students only. This is the first course in the RN Pathway curriculum and must be taken prior to or in conjunction with other required nursing courses depending on the pre/co requisites of the courses. Exploration of health care dilemmas through the integration of knowledge from nursing, social sciences and public health. Principles of service- learning are introduced.
3 hrs 3 cr.

**NURS 39998 - Urban Disaster Response and the Health Care Team**

Provides the student with an understanding of the causes, prevention, and mitigation of disasters and insight into the disaster management system nationally and locally. The course will include content relevant to all disciplines in the disaster care continuum and focus on each individual health care member's role and responsibilities within these systems.
3 hrs 3 cr.

**NURS 44000 - Stress Management for Nurses**

An overview of stress and its effect upon behavior within the framework of the holistic man-wellness model.
3 hrs 3 cr.

**NURS 44100 - Selected Studies in Nursing Research**

Honors course. Utilization of basic knowledge in nursing research to critique and interpret studies and discuss their relevance and application in nursing.
prereq: NURS 31000, 31200, 33100, 33200, 38000, 38100
3 hrs 3 cr.

**NURS 44200 - Nursing Care of Acute and Critically Ill Clients**

Examination of nursing knowledge and roles in caring for acute and critically ill clients and their families.
3 hrs 3 cr.

**NURS 44500 - Teaching-Learning Across the Developmental and Health Continua**
Pedagogical/androgogical principles of learning and instruction to enhance client teaching in the promotion, maintenance and/or restoration of health.

3 hrs 3 cr.

**NURS 45000 - Computer Concepts and Application in Nursing**

Study of computing concepts, principles, practices, and applications in nursing and health care.

3 hrs 3 cr.

**NURS 48300 - Politics of Health**

An analysis of the relationships between politics and health status, health services and health care providers.

3 hrs 3 cr.

The following nursing courses meet pluralism and diversity:

All courses used to satisfy Pluralism and Diversity requirements may simultaneously meet a student’s core requirements or the courses necessary for a major or minor area of study.

**Group B**

**NURS 38400 - Nursing Culturally Diverse Families**

PD/B
Open to RN Pathway students only. Explores the interrelationships between sociocultural factors and health care practices of families from diverse cultures as a basis for nursing practice. Principles of service-learning are reflected in the culturally competent interventions.

3 hrs 3 cr.

**Group C**

**NURS 34000 - Women's Health**

PD/C
Designed to identify and analyze those factors which impact on the health status of women: biological, sociological, psychological, environmental, political.

3 hrs 3 cr.

**NURS 35100 - Gender, Science and Technology**

PD/C
Explores the complex relationship between women and the sciences.

*cross-listed* WGSS 35100

3 hrs 3 cr.

**WGSS 35100 - Gender, Science, and Technology**

PD/C
Explores the complex relationship among gender, science, and technology.
cross-listed (Cross-listed with NURS 35100.)
prereq: ENGL 12000, at least one science course at the 100 level
3 hrs 3 cr.

Total upper division credits: 54

Total minimum credits required for degree: 120

Repeating a Course

Note: Students who fail a core prerequisite course in a nursing sequence may not proceed to the next course in the sequence without repeating the failed course. In order to continue in the Nursing major, students must receive minimum grades of “C” in all required nursing courses. Students who receive a grade of “D” or lower, or who fail any segment of a clinical nursing course or lab will be allowed to repeat the course or segment only once. Students who fail a second required nursing course or clinical lab/segment will be dismissed from the nursing program. This policy applies even if a grade appeal is in progress. Students who fail the clinical portion of a course will receive an “F” for the entire course, regardless of the corresponding theory grade.

Leave of Absence Policy and Reserved Placement in a Clinical Course

A reserved placement in a clinical/field course will be held for the student for only one year from the date of the leave of absence. The School of Nursing cannot guarantee the placement for any longer period of time. It is the responsibility of the student to submit to the undergraduate program director a letter of intent, one semester prior to returning to the program and enrolling in the course (April 1 for a fall course). Students who fail to follow this procedure release the School of Nursing from reserving a clinical/field placement in a course for the student.

Requirements

Nursing General Education Requirements

I. Generic and Accelerated Pathway General Education Requirements and Nursing Major Sequence

Lower Division General Education Requirements (66 credits):

Stage 1: Academic Foundations (9 credits)

Group A 3 cr.

ENGL 12000 - Expository Writing
GER 1/A
Required of all students unless exempt; trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.
prereq: successful completion of developmental courses, if required
3 hrs + conf 3 cr.

Group B 3 cr.

STAT 11300 - Elementary Probability and Statistics

GER 1/B
Not open to students who have completed STAT 21300 or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
prereq or coreq: ENGL 12000
3 hrs 3 cr.

(prereq. MATH 10100 or appropriate score on COMPASS)

Group C 3 cr.

HIST 15100 - The United States from the Colonial Era to the Civil War (W)

GER 1/C or 2/B
American political, social and cultural history from the time of the European settlements to the Civil War. Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

-or-

HIST 15200 - The United States from the Civil War Era to the Present (W)

GER 1/C or 2/B
American political, social and cultural history from the Civil War to the present. Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

-or-

POLSC 11000 - American Government: A Historical Introduction (W)

GER 1/C or 2/B
Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts. Not open to students who have taken POLSC 11100.
Stage 2: Broad Exposure (24 credits)

Group A Survey of Literature Written in English 6 cr.

**ENGL 22000 - Introduction to Writing about Literature (W)**

GER 2/A
Analytical writing and close reading in British and American fiction, drama, poetry, and literary criticism, with an emphasis on further development of critical writing and research skills. Students gain a deeper understanding and appreciation of literature as well as more extensive experience with academic writing.

**prereq:** ENGL 12000
3 hrs + one additional conference hour 3 cr.

Group B Social Science: People and their Societies 6 cr.

Students accepted into the Nursing Program who are required to take PSYCH 10000 and PSYCH 15000 may use these courses to satisfy Stage 2/B of the General Education Requirement.

**PSYCH 10000 - Introduction to Psychology**

GER 2/B
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

3 hrs 3 cr.

**PSYCH 15000 - Human Development**

GER 2/B
Development from conception to death; biological, physiological and social factors and their interactions at each stage.

**prereq:** PSYC 10000
3 hrs 3 cr.

Group C Humanities: Culture and Ideas: Literature, Philosophy, Classics 3 cr.

Group D Visual and Performing Arts: Media, Art, Dance, Film, Music, Theatre 3 cr.

Group E Natural Science 9 cr.

**CHEM 10000 - Essentials of General Chemistry Lecture**

GER 2/E
Essential facts, laws, and theories of general chemistry.
Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 10100 - Essentials of General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of general chemistry.
Primarily for nursing, nutrition and food science and community health students.
prereq or coreq: CHEM 10000
3 hrs 1.5 cr.

CHEM 12000 - Essentials of Organic Chemistry Lecture

GER 2/E
Course presents essential facts, laws and theories of organic chemistry.
Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.
prereq: CHEM 10000
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 12100 - Essentials of Organic Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry.
Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health students.
prereq: CHEM 10100 or coreq: CHEM 12000
3 hrs (3 lab) 1.5 cr.

Stage 3: Focused Exposure

Group A Humanities or Visual and Performing Arts 3 cr.

Group B Social Science or Natural Science/Mathematics

BIOL 23000 - Fundamentals of Microbiology

GER 3/B
Topics include scope, historical aspects, taxonomy, survey of the microbial world, viruses, infectious diseases, control of microorganisms and immunology. Required for admission to the nursing program.
Not accepted for credit toward the biology Major I.
prereq: CHEM 10000, 10100, 12000, 12100 or equiv; BIOL 12000 coreq: BIOL 12200
5 hrs (2 lec, 3 lab) 3 cr.
spring only

Foreign Language Requirement

Exempt
Pluralism and Diversity Requirement 12 cr.

Group A 3 cr.

Non-European societies

Group B

Cultures in the USA

Group C

Women and/or issues of gender or sexual orientation

Group D

Europe

Writing Requirement

Up to 3 courses in significant writing ("W" designated courses)

Additional Required Courses: 9 cr.

BIOL 12000 - Anatomy and Physiology I

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.
Not accepted for credit toward the biology major.
prereq: CHEM 10000, 10100 coreq: CHEM 12000, 12100
6 hrs (3 lec, 3 lab) 4.5 cr.
fall only

BIOL 12200 - Anatomy and Physiology II

Structure and function of circulatory, digestive, excretory, endocrine and reproductive systems. Basic concepts of metabolism, embryology. Required for admission to the nursing program.
Not accepted for credit toward the biology major.
prereq: BIOL 12000 or equiv.
6 (3 hrs lec, 3 hrs lab) 4.5 cr.
spring only

Open electives: 6 cr.

Total GER, other required courses and open electives 66 cr.
II RN Pathway

Lower- and Upper-Division Course Requirements

Transfer students from other colleges will have their transcripts evaluated upon admission by the Office of Admissions. Courses for which equivalency is granted need not be repeated.

Lower Division

Since most of this coursework will have been taken as part of the associate degree/RN program, the admissions office will evaluate the transcript and determine what still remains to be taken at the lower division.

Students entering Hunter with an RN/AAS degree are required to complete the core, pluralism and diversity and one writing course. Core courses required are:

**ENGL 12000 - Expository Writing**

GER 1/A
Required of all students unless exempt; trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.

*prereq: successful completion of developmental courses, if required
3 hrs + conf 3 cr.*

**STAT 11300 - Elementary Probability and Statistics**

GER 1/B
Not open to students who have completed STAT 21300 or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

*prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
prereq or coreq: ENGL 12000
3 hrs 3 cr.*

- US History

**ENGL 22000 - Introduction to Writing about Literature (W)**

GER 2/A
Analytical writing and close reading in British and American fiction, drama, poetry, and literary criticism, with an emphasis on further development of critical writing and research skills. Students gain a deeper understanding and appreciation of literature as well as more extensive experience with academic writing.

*prereq: ENGL 12000
3 hrs + one additional conference hour 3 cr.*

**PSYCH 10000 - Introduction to Psychology**
GER 2/B
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.
3 hrs 3 cr.

PSYCH 15000 - Human Development

GER 2/B
Development from conception to death; biological, physiological and social factors and their interactions at each stage.
prereq: PSYC 10000
3 hrs 3 cr.

CHEM 10000 - Essentials of General Chemistry Lecture

GER 2/E
Essential facts, laws, and theories of general chemistry.
Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 10100 - Essentials of General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of general chemistry.
Primarily for nursing, nutrition and food science and community health students.
prereq or coreq: CHEM 10000
3 hrs 1.5 cr.

plus 12.5 credits of other courses in science and math, and two courses of Stage 3. All courses used to satisfy Pluralism and Diversity requirements may simultaneously meet a student’s core requirements or the courses necessary for a major or minor area of study. The following nursing courses meet pluralism and diversity:

The following courses meet pluralism and diversity:

NURS 38400 - Nursing Culturally Diverse Families

PD/B
Open to RN Pathway students only. Explores the interrelationships between sociocultural factors and health care practices of families from diverse cultures as a basis for nursing practice. Principles of service-learning are reflected in the culturally competent interventions.
3 hrs 3 cr.

NURS 34000 - Women's Health

PD/C
Designed to identify and analyze those factors which impact on the health status of women: biological, sociological, psychological, environmental, political.
3 hrs 3 cr.

NURS 35100 - Gender, Science and Technology
PD/C
Explores the complex relationship between women and the sciences.
cross-listed WGSS 35100
3 hrs 3 cr.

Programs and Courses in Latin American & Caribbean Studies

Latin American and Caribbean Studies

About the Program

Latin American and Caribbean Studies is an interdisciplinary program that offers students the opportunity to learn about the history, culture, politics, society, and political economy of the region and its relations with the United States. The LACS program has been able to develop an innovative outreach program with Afro-Latino and Caribbean non-governmental organizations (NGOs) in New York City and throughout the Latin American and Caribbean region. In collaboration with the Hunter College Study Abroad Office, the program offers a January semester abroad program with Universidade Salvador-UNIFACS in Bahia, Brazil. The course is taught in English and is titled “Reconstructing a Racial Identity.”

Faculty

Latin American and Carribean Studies Faculty

HEGIS Code: 0308
Undergraduate Major

Latin American and Caribbean Studies - BA

The specialization in Latin American and Caribbean Studies as a major leading to a BA degree consists of 24 credits. The core courses for the major are drawn from the social sciences, humanities, and arts. Students select courses for the major in consultation with the program’s director or with a member of the Latin American and Caribbean Studies Faculty Advisory Committee.

The interdisciplinary specialization of the major will serve graduates well, whether they choose to seek employment in public or private organizations, pursue professional degrees, or go on to a graduate degree in the social sciences or humanities.

Language Requirement

Latin American and Caribbean Studies majors are required to demonstrate a reading knowledge of Spanish, Portuguese, or French, fulfilled at least one semester before graduation from the college.

Course Requirements for the Major

LACS students are required to take either LACS 33000 (a field course for students to study or intern in the region or intern in an institution in the New York area) or LACS 43400 (a course that comprises preparation of a major original research paper to be developed in close association with a mentor from the Latin American and Caribbean Studies Faculty Advisory Committee). ENGL 12000 is a prerequisite for program courses.

LACS 33000 - Latin America and the Caribbean Field Course/Internship

A field course for students to study in the region or who are interning in an institution either in the New York area or in the region. Major research paper based on field or internship experience.

3 cr.

LACS 43400 - Seminar in Latin American and Caribbean Studies

Open to sophomores, juniors, and seniors who have completed at least 18 credits in LACS or have instructor permission. Interdisciplinary reading, research, and discussion of selected topics involving cultural, economic, political, and social problems. Research paper required. May be repeated for a maximum of 6 edits.

3 cr.

Departmental Honors

LACS majors with a GPA above 3.5 are eligible to receive the Lily Mage Award.

CR/NC Policy
No CR/NC grades will be accepted in courses to meet LACS major requirements.

Teaching

In addition to its distinguished regular Hunter faculty, LACS offers students courses by excellent adjunct faculty such as Dr. Marta Moreno Vega, Director of the Caribbean Cultural Center, producer of the documentary film When the Spirits Dance Mambo, as well as invited specialists on Latin American and Caribbean theatre, Haitian and Dominican literature and the political economy of the Caribbean and Latin America.

Mentoring

Faculty mentoring is very important to the LACS Program. Majors should maintain regular contact with their mentors/advisers.

Study Abroad

Study abroad is encouraged for LACS majors. Apart from the new Bahia, Brazil course, LACS students have studied in Hunter’s programs in Arequipa and Cuzco, Peru and Mar del Plata, Argentina.

Course Offerings for LACS

Course Offerings in LACS from Other Departments

Africana and Puerto Rican/Latino Courses

Courses from Africana and Puerto Rican Studies Department

**AFPRL 10200 - Latino Communities in the United States**

GER 2/B PD/B
Migration, ethnicity, community life and public policy issues of Latino groups compared to the Puerto Rican experience.
*3 hrs 3 cr.*

**AFPRL 10300 - Conquest and Resistance: Puerto Rican Experiences in Comparative Perspective**

GER 2/B PD/B
Introductory study of the Puerto Rican experience compared with experiences of Native and African Americans, Chicanos and Pacific Island peoples in the territorial expansion of the United States.
*3 hrs 3 cr.*

**AFPRL 21000 - Introduction to Caribbean History: 1900 - Present**

GER 2/B PD/A
Introduction to the major themes in Caribbean history after 1900.
*prereq: ENGL 12000*
*3 hrs 3 cr.*
AFPRL 23700 - African Caribbean Literature (W)

GER 2/A PD/A or B
Introduction to the historical development and major artistic preoccupations of Caribbean literature. The course is conducted in English; all course requirements are in English.
prereq: ENGL 12000
3 hrs 3 cr.

AFPRL 24100 - Puerto Rican History to 1897

GER 2/B PD/A
An examination of Taino society, Spanish colonialism, slave economy and the development of nationhood in the 19th century.
3 hrs 3 cr.

AFPRL 24200 - Puerto Rican History Since 1898

GER 2/B PD/A
Sociohistorical, political and economic analysis of Puerto Rico dating from the U.S. invasion to the present.
3 hrs 3 cr.

AFPRL 24300 - Puerto Rican Culture

GER 2/C PD/A or B
General study of Puerto Rican culture and ethnic mixtures that went into making of that culture.
3 hrs 3 cr.

AFPRL 24400 - Puerto Ricans in the United States

GER 2/B PD/B
Survey of the origins, contemporary and future development of Puerto Ricans in the United States.
3 hrs 3 cr.

AFPRL 25500 - Puerto Rican/Latino Children in North American Schools

PD/B
Survey of educational system viewed as an acculturating institution.
3 hrs 3 cr.

AFPRL 29000 - Selected Topics in Africana and Puerto Rican/Latino Studies

PD/A or B
Topics change according to instructor.
3 hrs 3 cr.

AFPRL 30800 - Contemporary International Relations of the African-Caribbean (W)

GER 3/B
Examination of the use of foreign policy for economic development in the Caribbean and as an instrument of transformation.
prereq: AFPRL 20700 or 21000 or perm instr.  
3 hrs 3 cr.

**AFPRL 31900 - Women in the African Diaspora (W)**

GER 3/B PD/B or C  
The cultural-historical role of women of African descent in North America and the Caribbean in relation to the family, to political resistance and in sustaining African culture and values.  
cross-listed WGSC 32900 (W)  
prereq: AFPRL 20400 or 20900 or 21000 or perm instr.  
3 hrs 3 cr.

**AFPRL 32000 - African-Caribbean Culture (W)**

GER 3/A PD/A or B  
prereq: AFPRL 20900 or 21000 or 22200  
3 hrs 3 cr.

**AFPRL 33700 - Caribbean Women Writers (W)**

GER 3/A  
A study of some of the major preoccupations of Caribbean fiction, such as history, migration/travel, creolization, memory and language, from the perspectives of selected women writers, paying close attention to the historical, intellectual and cultural contexts that stimulated the production of these works.  
cross-listed WGSA 33700 (W)  
prereq: AFPRL 23600 or 23700 or ENGL 22000 or WGS 10000  
3 hrs 3 cr.

**AFPRL 35600 - Latino Literature in English (W)**

GER 3/A PD/B  
Latino writing in English in the U.S.; analysis of cultural, linguistic and ideological factors as found in the work of such authors as Sandra Cisneros (Chicana), Pedro Pietri (Puerto Rican) and Oscar Hijuelos (Cuban-American).  
3 hrs 3 cr.

**AFPRL 38700 - Puerto Rican/Latino Politics in the United States (W)**

GER 3/B PD/B  
An analysis of the political participation and leadership of Puerto Ricans and other Latinos in the United States.  
prereq: either AFPRL 10200, 24200 or 24400 or perm. Instr.  
3 hrs 3 cr.

**AFPRL 39000 - Research Topics in Africana and Puerto Rican/Latino Studies (W)**

GER 3/A or B  
Topics change according to instructor.  
*Open to Jr/Sr only.*  
3 hrs 3 cr.
AFPRL 42800 - Selected Topics in Africana and Puerto Rican/Latino Studies: Social Science

GER 3/B PD/B
Topics change according to instructor.  
Pluralism and diversity requirements are dependent on the topic course.  
prereq: perm dept.  
3 hrs 3 cr.

AFPRL 44500 - Caribbean Short Story in Spanish: Readings and Theories

GER 3/A
A critical study of the short story genre in the Hispanic Caribbean viewed in conjunction with contemporary literary theory.  
prereq or coreq: SPAN 20800  
3 hrs 3 cr.

Anthropology

ANTHC 40100 - Seminars in Selected Topics

Topics TBA.

Economics

ECO 33000 - Economic Development

GER 3/B PD/A
Critical variables explaining the diversity of growth and economic and development outcomes across developing countries. Theories, case studies, measurement and policies.  
prereq: ECO 20000  
3 hrs 3 cr.

Geography

GEOG 27000 - Regional Geography of Mexico, Central America and the Caribbean

GER 3/B PD/A
Analysis of relationship of natural environment to economic, social and political life of Mexico, Central America and West Indies.  
3 hrs 3 cr.

GEOG 27100 - Regional Geography of South America

GER 3/B PD/A
Analysis of relationship of natural environment to economic, social and political life of South America.  
3 hrs 3 cr.
History

HIST 27100 - Early History of Latin America

History and cultures of Amerindian groups in Central and South America and the Caribbean; encounter and multiple interactions of European and African cultures with indigenous societies; development of Iberian colonial systems and cultures within the Americas.

Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

HIST 34122 - Latin American Political Economy

GER 3/B

Courses at the 300-level and above not open to freshmen
3 hrs 3 cr.

HIST 34139 - African Influences in the Americas

GER 3/B

Courses at the 300-level and above not open to freshmen
3 hrs 3 cr.

Music

MUSHL 24000 - Music of the Caribbean and Latin America (W)

GER 3/A PD/A

Origin and development of Caribbean and Latin American musical styles and their impact on the United States and other parts of the world.

prereq: ENGL 12000; one of the following: MUSHL 10100, 10700, 20500, MUSTH 101, or perm instr.
3 hrs 3 cr.

MUSHL 22100 - Black Music in the Americas (W)

GER 3/A PD/B

The origins, history, and evolutionary progression of Black music in the Americas; shared musical practices and resources in the multicultural matrix of the United States in particular and the hemisphere in general.

prereq: ENGL 12000; one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.

Political Science

POLSC 25300 - Government and Politics in Latin America (W)

GER 3/B PD/A

Ideology, revolution, authoritarianism, democracy, institutions, class structure, distribution of wealth and power, political and economic development.

cross-listed LACS 43405
POLSC 26200 - Government and Politics in Central America (W)

GER 3/B PD/A
Political institutions, ideology, class and ethnic structure, economic development, distribution of wealth and power, foreign influences and revolutionary and evolutionary roads to modernization.

cross-listed LACS 43429
prereq or coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 27100 - International Politics in the Americas (W)

GER 3/B PD/A
Dynamics of US relations with Latin American countries from the colonial era through the Cold War to the present, and of relations of Latin American countries with each other and with extra-hemispheric nations.

cross-listed LACS 43432
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 28100 - Drugs, Politics and Public Policy (W)

GER 3/B
Examination of public policies addressing drug use and abuse in the United States and other countries with emphasis on political and cultural determinants, economic and market factors, constitutional implications and United States foreign policy.

prereq: ENGL 12000
3 hrs 3 cr.

Romance Languages - Spanish

SPAN 26400 - Contemporary Spanish Literature in Translation

Cela, Lorca, Unamuno, Ortega y Gasset.
Taught in English. This course is designed for students who want to become acquainted with Spanish culture. Cannot be credited toward the major and are not recommended for the minor.

prereq: ENGL 12000
3 hrs 3 cr.

SPAN 27600 - Readings in Modern Spanish- American Literature

Representative writers: Borges, Neruda, Cortazar, Garcia Mirenez.

prereq: SPAN 20200, 20300, 20800 21100 or four yrs high school Spanish or dept. perm.
3 hrs 3 cr.

SPAN 33600 - Latin American Civilization
GER 3/A
Geographical, historical, political, literary, artistic and economic evolution of Latin American nations. Given in Spanish.
prereq: SPAN 20800, 21100 or dept. perm
3 hrs 3 cr.

SPAN 34100 - Introduction to Hispanic Literature I

GER 3/A PD/D
Prerequisite or corequisite to most courses in major sequence. Basic interpretive and research skills for Spanish majors and other qualified students through study of key works of Spanish and Spanish-American authors.
prereq or coreq: SPAN 31100 or dept. perm
3 hrs 3 cr.

SPAN 34200 - Introduction to Hispanic Literature II

GER 3/A PD/D
prereq: SPAN 34100 coreq: SPAN 31200
3 hrs 3 cr.

SPAN 36400 - Spanish-American Modernism and Post-modernism

GER 3/A
Modernist and post-modernist authors.
prereq: SPAN 34100
3 hrs 3 cr.

SPAN 49100 - Honors Course in Spanish: Special Studies in Contemporary Latin American Literature

Open to Jr/Sr only. Group meetings, conferences, oral and written reports.
prereq: major GPA of 3.2, cum GPA of 2.8; perm adviser
3 hrs 3 cr.

Sociology

SOC 30700 - Migration

GER 3/B PD/B
Economic, demographic, political and cultural factors influencing migration and the consequences of migration.
prereq: SOC 10100
3 hrs 3 cr.

SOC 31800 - Sociology of Human Rights in Latin America

GER 3/B
Types of societies in which human rights are respected or violated with special emphasis on Latin American regimes in the last two decades. Human rights and diversity the rights of women and minorities. Movements to protect human rights. The emphasis is on actual social conditions which foster or impede the observance and protection of human rights.
SOC 32502 - Sociology of Human Rights: Violation and Protection

GER 3/B
prereq: SOC 10100, perm instr.
3 hrs 3 cr.

SOC 32506 - Latin American Societies

GER 3/B
prereq: SOC 10100, perm instr.
3 hrs 3 cr.

SOC 32519 - Economic Development and Social Inequality in Latin America

GER 3/B
prereq: SOC 10100, perm instr.
3 hrs 3 cr.

SOC 36100 - Development and Modernization (W)

GER 3/B PD/A
Examinations of models of social change with a special focus on developing countries.
prereq: SOC 10100
3 hrs 3 cr.

Women and Gender Studies

WGSA 33700 - Caribbean Women Writers (W)

GER 3/A
A study of some of the major preoccupations of Caribbean fiction, such as history, migration/travel, eolization, memory and language, from the perspectives of selected women writers, paying close attention to the historical, intellectual and cultural contexts that stimulated the production of these works.
cross-listed AFPRL 33700
prereq: AFPRL 23600 or 23700 or ENGL 22000 or WGS 10000
3 hrs 3 cr.

WGS 20005 - Dominican and Haitian Literature and Culture

3 hrs 3 cr.

Programs and Courses in Mathematics & Statistics
Mathematics and Statistics

About the Department

The Department of Mathematics and Statistics offers majors in mathematics and statistics that prepare students for careers in business, government, research, and teaching. Students considering such majors should consult an adviser during their first or second semester to plan the proper sequence of courses and should continue to consult the adviser at least once each semester. Minors in mathematics and statistics are also offered.

Credit and Course Exemption The department offers credit or course exemption based on standard examinations such as AP. Inquiries should be made at the department office.

Mathematics Proficiency and Placement

All students entering Hunter College must demonstrate proficiency in the basic skills through their scores on the first two parts of the COMPASS mathematics exam. Exemptions from these two parts are given for SATs, ACT, NY Regents, and for certain other entrance categories. The remaining parts of the COMPASS exam further assess a student’s preparedness for certain courses in mathematics, statistics, and other disciplines at the college. Students may enroll in these courses only if their scores on this entire placement exam are at appropriate levels or they have taken college courses in the required mathematics. Students who need to place into courses by examination and have not taken the remaining parts of the COMPASS mathematics exam are advised to schedule the test with the Testing Center, Room 150 Hunter North, 772-4868, http://admissions.hunter.cuny.edu/Testing.htm well in advance of registration. Subsequent placement into all mathematics and statistics courses is determined by the student’s score on the remaining parts of this exam. New students entering the college take this test in its entirety when they take the other placement exams in reading and writing. Students should notice the mathematics and statistics prerequisites that are indicated in the descriptions of courses and majors so they can effectively plan their studies.

Programs and Courses

In planning their schedules, prospective majors should note that some advanced required courses are offered only once each year and several advanced elective courses are offered only once every other year. A rotation schedule for course offerings is available in the departmental office and on the departmental web site http://math.hunter.cuny.edu.

Prerequisites: Because of the nature of mathematics, the department recommends that students refrain from enrolling in any course that carries prerequisites unless these prerequisites have been completed with a grade of C or better.

Chair:
Undergraduate Major

Mathematics - BA

Major

The mathematics major introduces students to the fundamental areas of mathematics and provides some degree of specialization in one or more areas. It trains students in the analytic thinking characteristic of pure and applied mathematics and provides familiarity with rigorous methods of mathematical proof. In addition to the traditional major in mathematics, described below, the department also offers a number of specialized undergraduate tracks for students interested in pursuing careers in bioinformatics or in preparing for teaching: the concentration in Quantitative Biology, the concentration in Preparation for Adolescent Education (grades 7-12), and the concentration in Preparation for Childhood Education (grades 1-6.)

To enter the traditional mathematics major, the student should have completed one year of calculus (MATH 15000 and MATH 15500, or the equivalent). The major consists of at least 33 credits of coursework: 24 credits of core curriculum courses taken by all mathematics majors except those enrolled in the Concentration in Preparation for Childhood Education (grades 1-6) and at least 9 credits of advanced elective courses, chosen by students according to their career plans.

Students interested in pursuing mathematics at the advanced graduate level are urged to participate in the BA/MA program in Mathematics. The BA/MA program in Preparation for Adolescent Education leads to professional certification in adolescent education (grades 7-12) in mathematics. Certification may also be received by completing the BA degree with a mathematics major and then completing the graduate Teacher Education Program (TEP) in Mathematics or the graduate Urban Teacher Residency in Mathematics.

- Mathematics Concentration in Preparation for Adolescent Education (Grades 7-12)
- Mathematics Major with a Concentration in Quantitative Biology
- Mathematics Concentration in Preparation for Childhood Education (Grades 1-6)

Major Core Curriculum (24 cr)
MATH 15600 - Introduction to Mathematical Proof Workshop

Techniques of proof will be introduced, among them the direct and indirect methods of proof, epsilon-delta arguments and induction. These will be applied to theorems in number theory, set theory and in differential and integral calculus. In planning their schedules, prospective majors should note that some advanced required courses are offered only once each year and several advanced elective courses are offered only once every other year. A rotation schedule for course offerings is available in the department office and on the departmental web site.

prereq: MATH 15000. Because of the nature of mathematics, the department recommends that students refrain from enrolling in any course that carries prerequisites unless these prerequisites have been completed with a grade of C or better. prereq or coreq: MATH 15500

2 hrs 1 cr.

MATH 25000 - Calculus with Analytic Geometry III

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.

prereq: MATH 15500

4 hrs 4 cr.

MATH 25400 - Ordinary Differential Equations

GER 3/B
First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.

prereq: MATH 25000

3 hrs 3 cr.

MATH 25500 - Vector Analysis

GER 3/B
Line and surface integrals, Green's Theorem, divergence theorem, Stokes' Theorem, generalized coordinates.

prereq: MATH 25000

3 hrs 3 cr.

MATH 26000 - Linear Algebra

GER 3/B
Vector spaces, linear transformations, canonical forms, inner product spaces, bilinear forms, applications.

prereq: MATH 15600 prereq or coreq: MATH 25000

4 hrs 4 cr.

MATH 31100 - Abstract Algebra I

GER 3/B
Introduction to the theory of groups and rings.

prereq: MATH 26000

3 hrs 3 cr.

MATH 35100 - Mathematical Analysis I
GER 3/B
Rigorous treatment of foundations of calculus, including topology of real line and higher dimensional spaces. Basic results on continuous functions.

*prereq:* MATH 25000, 26000
3 hrs 3 cr.

**STAT 21300 - Introduction to Applied Statistics**

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

*prereq:* MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

-or-

**STAT 31100 - Probability Theory**

GER 3/B
Combinatorics, distribution theory for discrete and continuous random variables, central limit theorems.

*prereq:* MATH 25000.
3 hrs 3 cr.

**Elective Courses**

The student must complete three 3-credit approved elective courses. The elective courses must be chosen from the 300- or 400-level courses in mathematics or statistics listed by the department. Factors affecting the choice of courses will include the student’s career goals (preparation for graduate study; education; careers in business, government service or industry), the student’s other major, where applicable, and the availability of courses due to the course rotation schedule. A 300-level course may be replaced by a graduate level course approved by a departmental adviser.

**Symbolic Computation Proficiency Requirement**

As a requirement for graduation with a BA in Mathematics, students must demonstrate entry level proficiency in symbolic computation. The requirement can be met in any of the following ways:

a) passing any of

**MATH 12600 - Precalculus Technology Laboratory**

Students are introduced to MATHEMATICA as a tool for exploring qualitative features of functions and solving pre-calculus problems: simplifying algebraic expressions, solving equations, plotting functions and curves, finding and approximating zeros and solving systems of equations. MATH 12600 cannot be taken for credit after a student has passed MATH 15000. Students who have passed MATH 15000 should register for MATH 15400 to satisfy the symbolic proficiency requirement.

*prereq:* grade of C or better in MATH 10100 or appropriate score on placement exam  *prereq or coreq:* MATH 12500
2 hrs 1 cr.
MATH 15100 - Calculus I with Symbolic Computation

Combines MATH 15000 (Calculus I) with MATH 15400. Some previous experience with computers is desirable but not required.

prereq: grade of C or better in MATH 12500 or appropriate score on placement exam

6 hrs 5 cr.

MATH 15400 - An Introduction to Symbolic Computation

Laboratory introduction to machine-aided computation with an emphasis on examples related to calculus. Students use a symbolic computation package to investigate and solve problems numerically, analytically and graphically. The same package is used to create reports of their results. Some previous experience with computers is desirable but not required.

prereq: MATH 15000

2 hrs 1 hr.

MATH 38500 - Numerical Methods I

GER 3/B

Accuracy and precision, convergence, iterative and direct methods. Topics selected from: solution of polynomial equations and linear systems of equations, curve fitting and function approximation, interpolation, differentiation and integration, differential equations.

prereq: MATH 25000 and MATH 26000 or permission of the instructor

3 hrs 3 cr.

b) passing a departmental exam in a computer algebra system (currently we use MATHEMATICA or the equivalent)

Honors

A student majoring in mathematics or statistics may become a candidate for departmental honors by successfully completing MATH 490, by presenting a major GPA of at least 3.6 and by achieving a satisfactory rating on a comprehensive examination.

MATH 49000 - Honors Seminar

GER 3/B

prereq: MATH 31100, 35100, perm dept.

3 hrs 3 cr.

Minor in Mathematics

A minor in mathematics consists of a minimum of 12 credits selected from the following courses offered by the Department:

- MATH courses numbered 15000 or above (with the exception of MATH 26100)
- STAT 31100
- STAT 31200
Mathematics minors are required to take all necessary prerequisites. Students should consult the catalog to determine prerequisites necessary for them to enroll in courses that count toward the minor.

It is recommended that prospective mathematics minors consult with an undergraduate mathematics adviser concerning course selection.

Mathematics Concentration in Preparation for Adolescent Education (Grades 7-12)

Provisional certification for teaching mathematics in grades 7-12 may be obtained by:

- Completing the BA with a traditional mathematics major, and
- Completing the adolescent education sequence as prescribed by the School of Education.

Students following this concentration in the mathematics major should consult a departmental adviser as to which advanced elective courses are recommended to complete 33 or more credits in the major.

Mathematics Concentration in Preparation for Childhood Education (Grades 1-6)

This concentration constitutes a mathematics major for QUEST students. QUEST students majoring in mathematics are not exempt from the MATH 10400 /MATH 10500 requirement. To enter this major, the student should have completed one semester of calculus (MATH 15000 or the equivalent). The specified collateral major is childhood education. This mathematics major consists of at least 32 credits of coursework: 20 credits of major core curriculum courses and at least 12 additional credits, as described below.

Major Core Curriculum (20 credits)

**MATH 15400 - An Introduction to Symbolic Computation**

Laboratory introduction to machine-aided computation with an emphasis on examples related to calculus. Students use a symbolic computation package to investigate and solve problems numerically, analytically and graphically. The same package is used to create reports of their results. Some previous experience with computers is desirable but not required.

*prereq: MATH 15000
2 hrs 1 hr.*

**MATH 15500 - Calculus with Analytic Geometry II**

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

*prereq: grade of C or better in MATH 15000
4 hrs 4 cr.*
MATH 15600 - Introduction to Mathematical Proof Workshop

Techniques of proof will be introduced, among them the direct and indirect methods of proof, epsilon-delta arguments and induction. These will be applied to theorems in number theory, set theory and in differential and integral calculus. In planning their schedules, prospective majors should note that some advanced required courses are offered only once each year and several advanced elective courses are offered only once every other year. A rotation schedule for course offerings is available in the department office and on the departmental web site.

prereq: MATH 15000. Because of the nature of mathematics, the department recommends that students refrain from enrolling in any course that carries prerequisites unless these prerequisites have been completed with a grade of C or better. prereq or coreq: MATH 15500

2 hrs 1 cr.

MATH 16000 - Matrix Algebra

GER 1/B
Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.

prereq: MATH 12500 or appropriate score on placement exam

3 hrs 3 cr.

MATH 25000 - Calculus with Analytic Geometry III

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.

prereq: MATH 15500

4 hrs 4 cr.

MATH 26000 - Linear Algebra

GER 3/B
Vector spaces, linear transformations, canonical forms, inner product spaces, bilinear forms, applications.

prereq: MATH 15600 prereq or coreq: MATH 25000

4 hrs 4 cr.

STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.

3 hrs 3 cr.

Additional Required Courses (at least 12 credits)

STAT 21200 - Discrete Probability
GER 1/B
Combinations, permutations, discrete probability. Characteristics of probability distributions. Model building. Additional topics like sampling, random walks or game theory will be introduced from time to time.

*prereq: MATH 12500 or STAT 11300 or appropriate score on placement exam.
3 hrs 3 cr.

STAT 22000 - Statistical Analysis in Forensics

GER 3/B
A second course in probability and statistics and the evaluation of evidence in the forensic sciences.
*prereq: STAT 21200 and either STAT 21300 or 11300 by permission of instructor. One of the above, i.e., STAT 21200 or STAT 21300 or STAT 11300 by permission of instructor may be taken as a coreq.
3 hrs 3 cr.
• Two additional courses approved by a departmental adviser

Mathematics Major with a Concentration in Quantitative Biology

This program is for students intending to pursue research careers in biomedical sciences. It provides students with a working knowledge of computing and biological sciences for bioengineering careers in bioinformatics, the pharmaceutical industry, and the biotechnology industry. In order to enroll in the quantitative biology concentration within the mathematics major, students must obtain an average of B- or better in the following courses:

STAT 21300
CHEM 10400 CHEM 10500 (or the equivalent)
CHEM 22200
BIOL 10000

In addition, no more than one (1) of these four courses may be passed with a grade of C.

Requirements for the Math Major that also apply to bioinformatics

Entry Requirements

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

MATH 15500 - Calculus with Analytic Geometry II

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series,
improper integrals, polar coordinates.

**prereq:** grade of C or better in MATH 15000

4 hrs 4 cr.

### Symbolic Computation Proficiency Requirement

As a requirement for graduation with a BA in Mathematics, students must demonstrate entry level proficiency in symbolic computation. The requirement can be met in any of the following ways:

**a) passing any of**

**MATH 12600 - Precalculus Technology Laboratory**

Students are introduced to MATHEMATICA as a tool for exploring qualitative features of functions and solving pre-calculus problems: simplifying algebraic expressions, solving equations, plotting functions and curves, finding and approximating zeros and solving systems of equations. MATH 12600 cannot be taken for credit after a student has passed MATH 15000. Students who have passed MATH 15000 should register for MATH 15400 to satisfy the symbolic proficiency requirement.

**prereq:** grade of C or better in MATH 10100 or appropriate score on placement exam **prereq or coreq:** MATH 12500

2 hrs 1 cr.

**MATH 15100 - Calculus I with Symbolic Computation**

Combines MATH 15000 (Calculus I) with MATH 15400. Some previous experience with computers is desirable but not required

**prereq:** grade of C or better in MATH 12500 or appropriate score on placement exam

6 hrs 5 cr.

**MATH 15400 - An Introduction to Symbolic Computation**

Laboratory introduction to machine-aided computation with an emphasis on examples related to calculus. Students use a symbolic computation package to investigate and solve problems numerically, analytically and graphically. The same package is used to create reports of their results. Some previous experience with computers is desirable but not required.

**prereq:** MATH 15000

2 hrs 1 hr.

**MATH 38500 - Numerical Methods I**

GER 3/B

Accuracy and precision, convergence, iterative and direct methods. Topics selected from: solution of polynomial equations and linear systems of equations, curve fitting and function approximation, interpolation, differentiation and integration, differential equations.

**prereq:** MATH 25000 and MATH 26000 or permission of the instructor

3 hrs 3 cr.

**b) passing a departmental exam in a computer algebra system (currently we use MATHEMATICA or the equivalent)**
Major Core Curriculum

4 hrs 4 cr.

MATH 31100 - Abstract Algebra I

GER 3/B
Introduction to the theory of groups and rings.

prereq: MATH 26000

3 hrs 3 cr.
MATH 35100 - Mathematical Analysis I

GER 3/B
Rigorous treatment of foundations of calculus, including topology of real line and higher dimensional spaces. Basic results on continuous functions.

prereq: MATH 25000, 26000
3 hrs 3 cr.

STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

STAT 31100 - Probability Theory

GER 3/B
Combinatorics, distribution theory for discrete and continuous random variables, central limit theorems.

prereq: MATH 25000.
3 hrs 3 cr.

Additional Required Courses

STAT 31900 - Bayesian Statistical Inference in the Sciences

GER 3/B

prereq: MATH 15500; at least one of STAT 21200, STAT 21300 or STAT 21400 (or permission of instructor).
Prerequisites waived for students who have passed STAT 311.
Familiarity with matrix algebra (at the level of MATH 160) and with the Windows computing environment are encouraged.

3 hrs 3 cr

CSCI 13200 - Practical UNIX and Programming, with Lab

GER 2/E
An introduction to computer programming and the UNIX operating system using Perl. Conceptual overview of the UNIX operating system and programming environment, a practical introduction to shell programming, and the use of UNIX filters and utilities. A pragmatic course with an emphasis on skills acquisition.

This course cannot be counted towards the CSCI major.

prereq: none
3 hrs 3 cr.
CSCI 23200 - Relational Databases and SQL Programming, with Lab

GER 3/B
An introduction to elementary database concepts and SQL, the standard language for communicating with most database systems. A pragmatic course with an emphasis on skills acquisition; students will learn how to get things done quickly and easily in a database environment.

Required for computer science minors; open to computer science majors, but may not be used toward the computer science major.

prereq: CSCI 12700 or CSCI 13200
3 hrs 3 cr.

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10500 - General Chemistry Laboratory II

GER 2/E
Laboratory experiments illustrating and applying theory of solutions to qualitative analysis.

Offered for transfer students who have completed only one semester of General Chemistry Laboratory.

prereq: One semester of General Chemistry Laboratory, prereq or coreq: CHEM 10400
3 hrs 1.5 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

BIOL 30000 - Biological Chemistry

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.

Material Fee: $10

prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
BIOL 42500 - Computational Molecular Biology

GER 3/B
An introduction to the interdisciplinary field of computational molecular biology. Students are taught the scope and methods of in silico biology, i.e., the application of computational and statistical methods to solving problems in molecular biology. Topics will include homology searching, sequence alignment, molecular phylogenetics, comparative genomics, analysis of gene expression, and prediction of macromolecular structures. The course will be taught using a mixed format of lectures and hands-on workshops in a UNIX computer laboratory setting. Knowledge and skills in molecular biology, UNIX programming, and statistics are essential for success in this core course required for bioinformatics-concentration students from all majors.

prereq: BIOL 30000 or BIOL 30200 or CHEM 37600; STAT 21300; CSCI 13200 or CSCI 23500 or UNIX proficiency permitted by instructor.

Statistics - BA

The study of statistics provides the student with analytical tools that may find application in various fields within the sciences and social sciences. Bioinformatics is a rapidly developing area open to students in statistics with a working knowledge of computing and biological sciences. Actuarial science is one area open to students in statistics who also have backgrounds in such subjects as computer science, mathematics and economics. The BA/MA in Statistics and Applied Mathematics offered by the department provides enrichment for undergraduate statistics majors.

To enter the major the student must have completed MATH 15000 and MATH 15500. Normally, the statistics major consists of 32 credits as follows: 29 credits of core curriculum courses and any additional 3-credit statistics, mathematics, or computer science course approved by the statistics adviser. Modifications are permitted with the consent of the statistics adviser. For example, a student may elect to replace STAT 21200 with a more advanced course. With permission of the adviser, a student may take graduate courses in statistics and applied mathematics. Students interested in bioinformatics take the additional courses listed in the concentration in quantitative biology.

Major

Major Core Curriculum (29 cr)

MATH 25000 - Calculus with Analytic Geometry III

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration. 
prereq: MATH 15500
4 hrs 4 cr.

MATH 25400 - Ordinary Differential Equations

GER 3/B
First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.
prereq: MATH 25000
3 hrs 3 cr.

or

MATH 35400 - Dynamical Systems and Chaos

GER 3/B
Linear flows, qualitative theory of low-dimensional nonlinear systems, introduction to chaos in discrete one-dimensional dynamical systems.
prereq: MATH 25000, 26000
3 hrs 3 cr.

MATH 26000 - Linear Algebra

GER 3/B
Vector spaces, linear transformations, canonical forms, inner product spaces, bilinear forms, applications.
prereq: MATH 15600 prerequisite or corequisite: MATH 25000
4 hrs 4 cr.

STAT 21200 - Discrete Probability

GER 1/B
Combinations, permutations, discrete probability. Characteristics of probability distributions. Model building. Additional topics like sampling, random walks or game theory will be introduced from time to time.

prereq: MATH 12500 or STAT 11300 or appropriate score on placement exam.
3 hrs 3 cr.

STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

STAT 21400 - Data Analysis Using Statistical Software

GER 3/B
Familiarity with the Windows computing environment encouraged. Analysis of variance, simple and multiple regression, nonparametric statistics, statistical model building.
prereq: STAT 21300 or MATH 12500 and STAT 11300 with grade of C or better in each course.
3 hrs 3 cr.

STAT 31100 - Probability Theory

GER 3/B
Combinatorics, distribution theory for discrete and continuous random variables, central limit theorems.
**STAT 31200 - Stochastic Processes**

GER 3/B
Discrete and continuous stochastic processes including Markov chains, birth processes, queues and Brownian motion.

*prereq: STAT 31100*

3 hrs 3 cr.

**STAT 31300 - Introduction to Mathematical Statistics**

GER 3/B
Estimation, hypothesis testing, confidence limits for normal, binomial, Poisson and exponential random variables.

*prereq: STAT 31100*

3 hrs 3 cr.

**Statistics Minor**

A minor in statistics consists of at least 12 credits selected from STAT courses offered by the department. Statistics minors are required to take all necessary prerequisites. Students should consult the catalog to determine prerequisites necessary for them to enroll in courses that count toward the minor. It is recommended that prospective statistics minors consult with an undergraduate adviser concerning course selection.

**Actuarial Sequence**

A student interested in actuarial work should take the following courses. Students are also encouraged to take courses in accounting, economics and computer science. For information concerning examinations and prizes given to undergraduates by the Society of Actuaries, consult the departmental adviser.

**MATH 15000 - Calculus with Analytic Geometry I**

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*

4 hrs 4 cr.

**MATH 15500 - Calculus with Analytic Geometry II**

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

*prereq: grade of C or better in MATH 15000*

4 hrs 4 cr.

**MATH 25000 - Calculus with Analytic Geometry III**

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.
**MATH 26000 - Linear Algebra**

GER 3/B
Vector spaces, linear transformations, canonical forms, inner product spaces, bilinear forms, applications.

*prereq: MATH 15500 or coreq: MATH 25000*

**STAT 31100 - Probability Theory**

GER 3/B
Combinatorics, distribution theory for discrete and continuous random variables, central limit theorems.

*prereq: MATH 25000*

**STAT 31300 - Introduction to Mathematical Statistics**

GER 3/B
Estimation, hypothesis testing, confidence limits for normal, binomial, Poisson and exponential random variables.

*prereq: STAT 31100*

**Concentration**

- Statistics Major with a Concentration in Quantitative Biology

**Honors**

A student majoring in mathematics or statistics may become a candidate for departmental honors by successfully completing MATH 49000, by presenting a major GPA of at least 3.6 and by achieving a satisfactory rating on a comprehensive examination.

**Statistics Major with a Concentration in Quantitative Biology**

For students intending to pursue research careers in biomedical sciences. It provides students with a working knowledge of computing and biological sciences for bioengineering careers in bioinformatics, the pharmaceutical industry, and the biotechnology industry.

Students interested in this concentration in the statistics major should consult the adviser. Information at http://www.hunter.cuny.edu/qubi/statistics-majors

For this concentration, the student must complete the entry requirement for the statistics major (MATH 15000 and MATH 15500). This major consists of the following core curriculum and additional required courses:

**Major Core Curriculum (29 credits)**

**MATH 25000 - Calculus with Analytic Geometry III**
GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.

*prereq: MATH 15500
4 hrs 4 cr.*

**MATH 25400 - Ordinary Differential Equations**

GER 3/B
First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.

*prereq: MATH 25000
3 hrs 3 cr.*

or

**MATH 35400 - Dynamical Systems and Chaos**

GER 3/B
Linear flows, qualitative theory of low-dimensional nonlinear systems, introduction to chaos in discrete one-dimensional dynamical systems.

*prereq: MATH 25000, 26000
3 hrs 3 cr.*

**MATH 26000 - Linear Algebra**

GER 3/B
Vector spaces, linear transformations, canonical forms, inner product spaces, bilinear forms, applications.

*prereq: MATH 15600 or prerequisite or corequisite: MATH 25000
4 hrs 4 cr.*

**STAT 21200 - Discrete Probability**

GER 1/B
Combinations, permutations, discrete probability. Characteristics of probability distributions. Model building. Additional topics like sampling, random walks or game theory will be introduced from time to time.

*prereq: MATH 12500 or STAT 11300 or appropriate score on placement exam.
3 hrs 3 cr.*

**STAT 21300 - Introduction to Applied Statistics**

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

*prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.*

**STAT 21400 - Data Analysis Using Statistical Software**
GER 3/B
Familiarity with the Windows computing environment encouraged. Analysis of variance, simple and multiple regression, nonparametric statistics, statistical model building
prereq: STAT 21300 or MATH 12500 and STAT 11300 with grade of C or better in each course.
3 hrs 3 cr.

STAT 31100 - Probability Theory

GER 3/B
Combinatorics, distribution theory for discrete and continuous random variables, central limit theorems.
prereq: MATH 25000.
3 hrs 3 cr.

STAT 31200 - Stochastic Processes

GER 3/B
Discrete and continuous stochastic processes including Markov chains, birth processes, queues and Brownian motion.
prereq: STAT 31100
3 hrs 3 cr.

STAT 31300 - Introduction to Mathematical Statistics

GER 3/B
Estimation, hypothesis testing, confidence limits for normal, binomial, Poisson and exponential random variables.
prereq: STAT 31100
3 hrs 3 cr.

Additional Required Courses (30 credits)

CSCI 13200 - Practical UNIX and Programming, with Lab

GER 2/E
An introduction to computer programming and the UNIX operating system using Perl. Conceptual overview of the UNIX operating system and programming environment, a practical introduction to shell programming, and the use of UNIX filters and utilities. A pragmatic course with an emphasis on skills acquisition.
This course cannot be counted towards the CSCI major.
prereq: none
3 hrs 3 cr.

CSCI 23200 - Relational Databases and SQL Programming, with Lab

GER 3/B
An introduction to elementary database concepts and SQL, the standard language for communicating with most database systems. A pragmatic course with an emphasis on skills acquisition; students will learn how to get things done quickly and easily in a database environment.
Required for computer science minors; open to computer science majors, but may not be used toward the computer science major.
prereq: CSCI 12700 or CSCI 13200
3 hrs 3 cr.
CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for pre-med, medical laboratory sciences and science majors.

prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.

prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.
(or equivalent)

CHEM 22200 - Organic Chemistry Lecture I

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

BIOL 10000 - Principles of Biology I

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

BIOL 30000 - Biological Chemistry
GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.

Material Fee: $10

prereq: BIOL 20200, CHEM 22200, 22300 
coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

or

BIOL 30200 - Molecular Genetics

GER 3/B
A comparison of viral, procaryotic and eukaryotic systems; review of classical Mendelian principles; bacterial DNA replication, transcription and their control; mechanisms of gene mutation, repair, recombination and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes.

Material Fee: $10

prereq: BIOL 30000
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

BIOL 42500 - Computational Molecular Biology

GER 3/B
An introduction to the interdisciplinary field of computational molecular biology. Students are taught the scope and methods of in silico biology, i.e., the application of computational and statistical methods to solving problems in molecular biology. Topics will include homology searching, sequence alignment, molecular phylogenetics, comparative genomics, analysis of gene expression, and predication of macromolecular structures. The course will be taught using a mixed format of lectures and hands-on workshops in a UNIX computer laboratory setting.

Knowledge and skills in molecular biology, UNIX programming, and statistics are essential for success in this core course required for bioinformatics-concentration students from all majors.

prereq: BIOL 30000 or BIOL 30200 or CHEM 37600; STAT 21300; CSCI 13200 or CSCI 23500 or UNIX proficiency permitted by instructor.

Undergraduate Major/Graduate Major

Mathematics or Statistics and Applied Mathematics - BA/MA

The BA/MA program offers promising students the opportunity to complete both the bachelor's and master's requirements with a minimum of 120 credits. Requirements are the same as those for a major in the department, plus 30 credits at the graduate level. Interested students should contact the graduate adviser for further information regarding eligibility and curriculum requirements.

Track 1: BA/MA Program in Mathematics
Students complete the BA with a traditional mathematics major, with 30 additional credits at the graduate level in pure mathematics approved by the departmental graduate adviser.

**Track 2: BA/MA Program in Statistics and Applied Mathematics**

Students complete the BA with a traditional major in statistics or mathematics, with 30 additional credits at the graduate level in applied mathematics, statistics, and computer science, approved by the departmental graduate adviser.

**Mathematics Preparation for Adolescent Education (Grades 7-12) - BA/MA**

Students interested in secondary school teaching may pursue a combined BA/MA program in teaching. This program requires a minimum of 141 credits.

**Admission Requirements for the BA/MA in Teaching**

- Completion of at least 45 credits with a GPA of 2.8.
- Completion of at least 10 credits in mathematics, including a year of calculus (MATH 15000 and MATH 15500, or the equivalent), with an average of 2.7 in these major courses.
- Admission to the School of Education.

**Degree Requirements for the BA/MA in Teaching**

The BA/MA program in the teaching of mathematics includes 47–48 credits in mathematics (in addition to the year of calculus described above) and 23 credits in teacher education courses, some of them taken at the undergraduate level and some at the graduate level. The required courses are:

- The 33 credits required for the BA in Mathematics OR the 32 credits required for the BA in Statistics.
- The following 15 graduate credits: MATH 62000, 63000, 63300, 63500, and STAT 61200 *or 61400.

*Although students are required to take either STAT 61200 or STAT 61400, they are encouraged to take both courses.*

Also required is passing a comprehensive examination in mathematics consisting of three parts covering the material in MATH 620, 630, and 633. Students may sit for the comprehensive examination only after having taken all three courses. Students who fail any part of the examination need only retake that part of the examination. A student can take any part of the comprehensive exam in mathematics twice; after that, a committee formed by the Mathematics/Statistics Chairperson and consisting of members from the Department of Mathematics and Statistics and the Department of Curriculum and Teaching will decide if the student can take the examination a third and final time.

The student should consult the School of Education section of the graduate catalog for the sequence of teacher education courses.

**Undergraduate Minor**

**Minor in Mathematics**

A minor in mathematics consists of a minimum of 12 credits selected from the following courses offered by the Department:
• MATH courses numbered 15000 or above (with the exception of MATH 26100)
• STAT 31100
• STAT 31200

Mathematics minors are required to take all necessary prerequisites. Students should consult the catalog to determine prerequisites necessary for them to enroll in courses that count toward the minor.

It is recommended that prospective mathematics minors consult with an undergraduate mathematics adviser concerning course selection.

Minor in Statistics

A minor in statistics consists of at least 12 credits selected from STAT courses offered by the Department. Statistics minors are required to take all necessary prerequisites. Students should consult the catalog to determine prerequisites necessary for them to enroll in courses that count toward the minor. It is recommended that prospective statistics minors consult with an undergraduate statistics adviser concerning course selection.

Mathematics and Statistics: Mathematics

In planning their schedules, prospective majors should note that some advanced required courses are offered only once each year and several advanced elective courses are offered only once every other year. A rotation schedule for course offerings is available in the department office and on the departmental web site.

Prerequisites: Because of the nature of mathematics, the department recommends that students refrain from enrolling in any course that carries prerequisites unless these prerequisites have been completed with a grade of C or better.

MATH 10000 - Basic Structures of Mathematics

GER 1/B
Not open to students who have received credit for any math or stat course that satisfies the GER 1/B requirement. Not recommended for students majoring in mathematics, statistics, computer science, or natural sciences. Symbolic logic, sets, number systems, relations and operations and topics in probability and statistics. This course is a terminal course and does not serve as a prerequisite to any other course in the department

prereq: CUNY Math Proficiency
3 hrs 3 cr.

MATH 10100 - Algebra for College Students

Topics in algebra, graphing and functions Includes: algebraic and graphical solutions to systems of equations and inequalities; absolute value, polynomial, rational and radical expressions and equations; complex numbers; the function concept; introduction to polynomial, rational and exponential functions and their graphs.

In planning their schedules, prospective majors should note that some advanced required courses are offered only once each year and several advanced elective courses are offered only once every other year. A rotation schedule for course offerings is available in the department office and on the departmental web site.

prereq: appropriate score on placement exam or exit from appropriate departmental workshop
4 hrs (2 lec, 2 lab) 3 cr.

MATH 10200 - Mathematics and Everyday Life

GER 1/B
Students will learn how to model real world problems with mathematics, and learn techniques for solving them. Topics include personal finance, statistical reasoning, probability, exponential growth, and voting theory.
**MATH 10400 - Mathematics for Elementary Education I**

GER 1/B
Fundamental and relevant mathematics as recommended by the NCTM for prospective elementary school teachers, including problem solving, sets, logic, numeration, computation, integers and number theory. Required of students planning to teach in elementary schools. Not open to other students.

*prereq: grade of C or better in MATH 10100 or appropriate score on the placement exam

3 hrs 3 cr.

**MATH 10500 - Mathematics for Elementary Education II**

GER 1/B
Continuation of MATH 10400. Continuation of the content of the mathematics recommended by the NCTM for prospective elementary school teachers, including probability, statistics, plane and transformational geometry, congruence and similarity.

*prereq: grade of C or better in MATH 10400

3 hrs 3 cr.

**MATH 11000 - Topics in the Mathematical Sciences**

GER 1/B
Not open to students who have completed MATH 10500, 16000 or 26000. Intended for liberal arts or social science students. Applications of topics selected from algebra, analysis, computer science, geometry, probability and statistics.

*prereq: college-level mathematics or statistics course

3 hrs 3 cr.

**MATH 11100 - Matrices, Vectors and Linear Programming**

GER 1/B
Not open to students who have completed MATH 16000 or 26000. Recommended for accounting students; not recommended for students majoring in mathematics or statistics. Introduction to matrices and vectors, systems of linear equations and linear programming with applications.

*prereq: MATH 10100 or appropriate score on placement exam

3 hrs 3 cr.

**MATH 12500 - Precalculus**

GER 1/B
Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

*prereq: grade of C or better in MATH 10100 or appropriate score on placement exam

4 hrs 4 cr.

**MATH 12600 - Precalculus Technology Laboratory**
Students are introduced to MATHEMATICA as a tool for exploring qualitative features of functions and solving pre-calculus problems: simplifying algebraic expressions, solving equations, plotting functions and curves, finding and approximating zeros and solving systems of equations. MATH 12600 cannot be taken for credit after a student has passed MATH 15000. Students who have passed MATH 15000 should register for MATH 15400 to satisfy the symbolic proficiency requirement.

**prereq:** grade of C or better in MATH 10100 or appropriate score on placement exam  
**prereq or coreq:** MATH 12500

2 hrs 1 cr.

**MATH 15000 - Calculus with Analytic Geometry I**

GER 1/B  
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.  
**prereq:** grade of C or better in MATH 12500 or appropriate score on placement exam  
4 hrs 4 cr.

**MATH 15100 - Calculus I with Symbolic Computation**

Combines MATH 15000 (Calculus I) with MATH 15400. Some previous experience with computers is desirable but not required  
**prereq:** grade of C or better in MATH 12500 or appropriate score on placement exam  
6 hrs 5 cr.

**MATH 15400 - An Introduction to Symbolic Computation**

Laboratory introduction to machine-aided computation with an emphasis on examples related to calculus. Students use a symbolic computation package to investigate and solve problems numerically, analytically and graphically. The same package is used to create reports of their results. Some previous experience with computers is desirable but not required.  
**prereq:** MATH 15000  
2 hrs 1 hr.

**MATH 15500 - Calculus with Analytic Geometry II**

GER 1/B  
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.  
**prereq:** grade of C or better in MATH 15000  
4 hrs 4 cr.

**MATH 15600 - Introduction to Mathematical Proof Workshop**

Techniques of proof will be introduced, among them the direct and indirect methods of proof, epsilon-delta arguments and induction. These will be applied to theorems in number theory, set theory and in differential and integral calculus. In planning their schedules, prospective majors should note that some advanced required courses are offered only once each year and several advanced elective courses are offered only once every other year. A rotation schedule for course offerings is available in the department office and on the departmental web site.  
**prereq:** MATH 15000. Because of the nature of mathematics, the department recommends that students refrain from enrolling in any course that carries prerequisites unless these prerequisites have been completed with a grade of C or better.  
**prereq or coreq:** MATH 15500  
2 hrs 1 cr.
MATH 16000 - Matrix Algebra

GER 1/B
Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.
prereq: MATH 12500 or appropriate score on placement exam
3 hrs 3 cr.

MATH 25000 - Calculus with Analytic Geometry III

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.
prereq: MATH 15500
4 hrs 4 cr.

MATH 25400 - Ordinary Differential Equations

GER 3/B
First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.
prereq: MATH 25000
3 hrs 3 cr.

MATH 25500 - Vector Analysis

GER 3/B
Line and surface integrals, Green's Theorem, divergence theorem, Stokes' Theorem, generalized coordinates.
prereq: MATH 25000
3 hrs 3 cr.

MATH 26000 - Linear Algebra

GER 3/B
Vector spaces, linear transformations, canonical forms, inner product spaces, bilinear forms, applications.
prereq: MATH 15600 or coreq: MATH 25000
4 hrs 4 cr.

MATH 26100 - Mathematics in Human History (W)

GER 2/B
A historical treatment of themes in mathematics, probability and statistics, with applications in the arts and sciences. Roots of mathematics in non-Western cultures and contributions of women and minorities are included.
prereq: ENGL 12000, college-level mathematics course beyond MATH 10100
3 hrs 3 cr.

MATH 27500 - Intermediate Symbolic Logic

GER 3/B
Symbolization of statements in sentential and predicate notation, sentential derivations, interpretations, predicate derivations through logic of identity and definite descriptions. Cross-listed as PHIL 27500.
prereq: MATH 15600
3 hrs 3 cr.

**MATH 29500 - Intermediate Topics in Mathematics**

GER 3/B
May be repeated as topics vary, but not more than twice. Topics to be studied in any given term will be announced prior to registration.
prereq: MATH 15000; additional depend on specific course offered
3 hrs 3 cr.

**MATH 30100 - Mathematical Methods for the Physical Sciences**

GER 3/B
The solution of linear partial differential equations and boundary value problems. Solution techniques such as separation of variables, Fourier series, Green's functions and Laplace transforms are covered. These are applied to several equations which occur in physical applications such as the heat equation, the Laplace equation and the wave equation. Crosslisted as PHYS 30100.
prereq: MATH 25400
3 hrs 3 cr.

**MATH 31100 - Abstract Algebra I**

GER 3/B
Introduction to the theory of groups and rings.
prereq: MATH 26000
3 hrs 3 cr.

**MATH 31200 - Abstract Algebra II**

GER 3/B
Elements of Galois theory, construction with ruler and compass, advanced topics in ring theory and linear algebra.
prereq: MATH 31100
3 hrs 3 cr.

**MATH 31300 - Theory of Numbers**

GER 3/B
Congruences, quadratic residues, elementary Diophantine analysis, continued fractions, sums of squares.
prereq: MATH 26000
3 hrs 3 cr.

**MATH 33100 - Geometries**

GER 3/B
Topics in affine and projective geometry and/or topics in differential geometry.
prereq: MATH 26000
3 hrs 3 cr.

**MATH 34000 - Topology**
GER 3/B
Metric and topological spaces, continuity, homeomorphisms, compactness, connectedness, homotopy, fundamental group.

*prereq: MATH 35100
3 hrs 3 cr.*

**MATH 35100 - Mathematical Analysis I**

GER 3/B
Rigorous treatment of foundations of calculus, including topology of real line and higher dimensional spaces. Basic results on continuous functions.

*prereq: MATH 25000, 26000
3 hrs 3 cr.*

**MATH 35200 - Mathematical Analysis II**

GER 3/B
Integration, sequences and series, uniform convergence, differentiation of functions of several variables, inverse and implicit function theorems, formula for change of variables.

*prereq: MATH 35100
3 hrs 3 cr.*

**MATH 35300 - Introduction To Complex Variables**

GER 3/B
Complex numbers, analytic functions, elementary functions, contour integrals, Cauchy integral theory, series.

*prereq: MATH 15600, 25500
3 hrs 3 cr.*

**MATH 35400 - Dynamical Systems and Chaos**

GER 3/B
Linear flows, qualitative theory of low-dimensional nonlinear systems, introduction to chaos in discrete one-dimensional dynamical systems.

*prereq: MATH 25000, 26000
3 hrs 3 cr.*

**MATH 37000 - Mathematical Logic**

GER 3/B
A survey of the central results and techniques of metalogic, principally mathematical induction, the soundness and completeness of theorems for first-order logic, the Skolem Theorem and Church's Theorem on undecidability. Cross-listed as PHIL 37500.

*prereq: MATH 26000 or perm instr.
3 hrs 3 cr.*

**MATH 37100 - Fundamental Concepts of Modern Mathematics**

GER 3/B
Axiomatic approach to set theory: axiom of choice, Zorn's Lemma, transfinite arithmetic.
prereq: two of the following: MATH 26000, 31100, 35100, 35200
3 hrs 3 cr.

MATH 37600W - Philosophy of Mathematics

GER 3/B
Study of such issues as the nature of demonstration or proof and the nature of mathematical knowledge and mathematical objects such as numbers and sets. Cross-listed as PHIL 37600.
cross-listed PHIL 37600
prereq: ENGL 12000; PHIL 10100, MATH 27500
3 hrs 3 cr.

MATH 38500 - Numerical Methods I

GER 3/B
Accuracy and precision, convergence, iterative and direct methods. Topics selected from: solution of polynomial equations and linear systems of equations, curve fitting and function approximation, interpolation, differentiation and integration, differential equations.
prereq: MATH 25000 and MATH 26000 or permission of the instructor
3 hrs 3 cr.

MATH 39100 - Independent Study in Mathematics

GER 3/B
Open to Jr/Sr only. Independent study and reading under direction of faculty member.
prereq: perm dept.
1-3 hrs 1-3 cr.

MATH 39200 - Independent Study in Mathematics

GER 3/B
Open to Jr/Sr only. Independent study and reading under direction of faculty member.
prereq: perm dept.
1-3 hrs 1-3 cr.

MATH 39300 - Independent Study in Mathematics

GER 3/B
Open to Jr/Sr only. Independent study and reading under direction of faculty member.
prereq: perm dept.
1-3 hrs 1-3 cr.

MATH 39500 - Advanced Topics in Mathematics

GER 3/B
Topics to be studied in any given term will be announced prior to registration. May be repeated as topics vary, but not more than twice.
prereq: MATH 25000, 26000; additional depend on specific course offered
3 hrs 3 cr.
MATH 45400 - Calculus on Manifolds

GER 3/B
Functions on Euclidean space, implicit function theorem, Fubini's Theorem, integration on chains and manifolds.
prereq: MATH 35200
3 hrs 3 cr.

MATH 48500 - Numerical Methods II

GER 3/B
Advanced topics in numerical solutions to partial differential equations, finite element method, von Neumann stability analysis, finite difference method. Examples from computational fluid dynamics and structural mechanics.
cross-listed CSCI 48500 and PHYS 48500
prereq: MATH 38500 or permission of instructor
3 hrs 3 cr.

MATH 49000 - Honors Seminar

GER 3/B
prereq: MATH 31100, 35100, perm dept.
3 hrs 3 cr.

Mathematics and Statistics: Statistics

In planning their schedules, prospective majors should note that some advanced required courses are offered only once each year and several advanced elective courses are offered only once every other year. A rotation schedule for course offerings is available in the department office and on the departmental web site.
Prerequisites: Because of the nature of mathematics, the department recommends that students refrain from enrolling in any course that carries prerequisites unless these prerequisites have been completed with a grade of C or better.

STAT 11000 - Selected Topics in Elementary Probability and Statistics as Applied to Popular Science and Current Events

GER 1/B
Topics to be studied in any given term will be announced prior to registration. This course does not serve as a prerequisite for any other mathematics or statistics course. This course is a topics course that serves as an introduction to selected topics in probability and statistics with applications to the real world.
prereq: CUNY Math Proficiency
3 hrs 3 cr

STAT 11300 - Elementary Probability and Statistics

GER 1/B
Not open to students who have completed STAT 21300 or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.
prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
prereq or coreq: ENGL 12000
3 hrs 3 cr.

STAT 21200 - Discrete Probability

GER 1/B
Combinations, permutations, discrete probability. Characteristics of probability distributions. Model building. Additional topics like sampling, random walks or game theory will be introduced from time to time.

prereq: MATH 12500 or STAT 11300 or appropriate score on placement exam.
3 hrs 3 cr.

STAT 21300 - Introduction to Applied Statistics

GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs 3 cr.

STAT 21400 - Data Analysis Using Statistical Software

GER 3/B
Familiarity with the Windows computing environment encouraged. Analysis of variance, simple and multiple regression, nonparametric statistics, statistical model building
prereq: STAT 21300 or MATH 12500 and STAT 11300 with grade of C or better in each course.
3 hrs 3 cr.

STAT 22000 - Statistical Analysis in Forensics

GER 3/B
A second course in probability and statistics and the evaluation of evidence in the forensic sciences.
prereq: STAT 21200 and either STAT 21300 or 11300 by permission of instructor. One of the above, i.e., STAT 21200 or STAT 21300 or STAT 11300 by permission of instructor may be taken as a coreq.
3 hrs 3 cr.

STAT 29500 - Intermediate Topics in Statistics

GER 3/B
Topics to be studied in any given term will be announced prior to registration. May be repeated as topics vary, but not more than twice.
prereq: STAT 21300 or STAT 11300 and MATH 12500; additional prereqs. depend on specific course offered.
3 hrs 3 cr.

STAT 31100 - Probability Theory
GER 3/B
Combinatorics, distribution theory for discrete and continuous random variables, central limit theorems.
*prereq:* MATH 25000.
3 hrs 3 cr.

**STAT 31200 - Stochastic Processes**

GER 3/B
Discrete and continuous stochastic processes including Markov chains, birth processes, queues and Brownian motion.
*prereq:* STAT 31100
3 hrs 3 cr.

**STAT 31300 - Introduction to Mathematical Statistics**

GER 3/B
Estimation, hypothesis testing, confidence limits for normal, binomial, Poisson and exponential random variables.
*prereq:* STAT 31100
3 hrs 3 cr.

**STAT 31900 - Bayesian Statistical Inference in the Sciences**

GER 3/B
*prereq:* MATH 15500; at least one of STAT 21200, STAT 21300 or STAT 21400 (or permission of instructor).
Prerequisites waived for students who have passed STAT 311.
Familiarity with matrix algebra (at the level of MATH 160) and with the Windows computing environment are encouraged.
3 hrs 3 cr

**STAT 35100 - Advanced Biometrics**

GER 3/B
A second course in statistics covering quantitative methods applicable in the life sciences. Topics include experimental design, life table analysis, ethical issues, survival analysis, logistic regression and Cox regression. Linear algebra recommended but not required.
*prereq:* math at level of MATH 12500, STAT 11300, 21300 or equiv. intro. statistics course
3 hrs 3 cr.

**STAT 39100 - Independent Study**

GER 3/B
Open to Jr/Sr majors only. Independent study in which a topic of interest is selected by the student. The study is carried out under the direction of a faculty member.
*prereq:* perm. dept.
1 hr. 1 cr.

**STAT 39200 - Independent Study**
GER 3/B
Open to Jr/Sr majors only. Independent study in which a topic of interest is selected by the student. The study is carried out under the direction of a faculty member.

prereq: perm. dept.
2 hrs. 2 cr.

STAT 39300 - Independent Study

GER 3/B
Open to Jr/Sr Majors only. Independent study in which a topic of interest is selected by the student. The study is carried out under the direction of a faculty member.

prereq: perm. dept.
3 hrs. 3 cr.

STAT 39500 - Advanced Topics in Statistics

GER 3/B
Topics to be studied in any given term will be announced prior to registration. May be repeated as topics vary, but not more than twice.

prereq: STAT 31100; STAT 31200 or 31300; additional prereqs. depend on specific course offered
3 hrs 3 cr.

STAT 48600 - Elements of Visualization

GER 3/B
The structure and purpose of visualization systems; includes fully developed examples from statistics and applied mathematics. Final project required.

prereq: MATH 38500 (or CSCI 38500, PHYS 38500) or all of MATH 16000, MATH 25000 and STAT 21300.
3 hrs 3 cr.

Programs and Courses in Music

Music

About the Department

The Department of Music offers a wide variety of courses and degree programs tailored to the needs of students with different personal and professional objectives. Course offerings include a large selection of topics for both majors and non-majors covering many areas of music performance, theory, history, and literature. The BA degree can be completed evenings or days. In addition, the department sponsors numerous extracurricular events, including concerts, lectures, and master classes.

Private lessons in instruments and voice are provided to all performance majors and many other music majors by a distinguished roster of performance teachers. Financial aid is available to qualified performance majors and other majors who need to study with private teachers not on the staff.
Graduates of the department are active in classical and popular performance fields as singers, instrumentalists, and conductors. Concentration in music theory and composition can lead to career opportunities in orchestrating, choral or commercial arranging, film scoring, and music composing in contemporary and popular idioms. Concentration in music history paves the way for career opportunities in college teaching and musical scholarship, including such work as music journalism and criticism; lecturing; writing program and music-liner notes; editing, translating, and cataloging musical materials; and serving as a consultant to concert societies, opera houses, and publishers. Graduates of the BA/MA Degree in Education program are qualified to teach in the public elementary and high schools of New York State.

**Graduate Study**

Seniors of high academic standing who are recommended by the department may be permitted to take graduate courses for undergraduate credit. Seniors within 9 credits of graduation may apply to the Admissions Office for permission to take graduate courses creditable toward the MA degree.

Faculty

Music Faculty

HEGIS Code: 1004

**Undergraduate Major**
Music - BMus

60-Credit Major

This degree is designed for students planning to pursue careers as professional performers of music or as teachers of music performance. It provides intensive instruction in the student’s instrument or voice; solid training in music history and theory; and a broad, liberal arts education. Admission to this program is conditional on passing an audition (preferably before the student enters college) demonstrating a high level of skill in performance. Requirements are:

Music history:

MUSHL 20100 - Introduction to Music Research

Techniques of research and writing about music. Sources of information (reference books, monographs, periodicals, scores, recordings, Internet resources); types of writing (theoretical, historical, ethnomusicological, critical); writing issues specific to music.

coreq: MUSHL 20500
prereq or coreq: ENGL 12000
1 hr 1 cr.
offered fall

MUSHL 20500 - Music History I

PD/D
For music majors. Survey of the history of music in the European tradition to 1600.

prereq: elementary knowledge of music history and literature, demonstrated by dept. exam
coreq: MUSHL 20100
prereq or coreq: MUSTH 22000, 23000, ENGL 12000, perm dept.
3 hrs 3 cr.
offered fall

MUSHL 20600 - Music History II (W)

PD/D
For music majors. Continuation of MUSHL 20500. Survey of the history of music in the European tradition from 1600 to 1800.

prereq: MUSHL 20100, 20500, ENGL 12000
prereq or coreq: MUSTH 22100, 23100
3 hrs 3 cr.
offered spring

MUSHL 30500 - Music History III (W)

PD/D
Continuation of MUSHL 20600. Survey of the history of music in the European tradition from 1800 to the present.

prereq: MUSHL 20600, MUSTH 22100, 23100
3 hrs 3 cr.
offered fall
and any other 3-credit MUSHL course at the 300-level

Music theory:
**MUSTH 20100 - Introduction to Music Technology**

An introduction to basic music technology skills: music notation software, MIDI sequencing, and digital audio editing.  
*prereq or coreq: MUSTH 22000 and 23000, or perm dept.*  
1 hr 1 cr.  
offered spring

**MUSTH 22000 - Music Theory I**

Review of fundamentals of music theory; introduction to melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.  
*prereq: ability to read music as demonstrated by dept. exam, perm dept. coreq: MUSTH 23000*  
3 hrs 3 cr.  
offered fall

**MUSTH 22100 - Music Theory II**

Continuation of MUSTH 22000.  
*prereq: MUSTH 22000 coreq: MUSTH 23100*  
3 hrs 3 cr.  
offered spring

**MUSTH 23000 - Musicianship I**

Sight singing, ear training, and keyboard drill on materials studied in the corequisite course. Individual work in the Computer Assisted Instruction facility.  
*coreq: MUSTH 22000*  
3 hrs 2 cr.  
offered fall

**MUSTH 23100 - Musicianship II**

Continuation of MUSTH 23000.  
*prereq: MUSTH 23000 coreq: MUSTH 22100*  
3 hrs 2 cr.  
offered spring

**MUSTH 32000 - Music Theory III**

Intermediate-level study of melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.  
*prereq: MUSTH 20100, MUSTH 22100 coreq: MUSTH 33000*  
3 hrs 3 cr.  
offered fall

**MUSTH 33000 - Musicianship III**

Sight singing, ear training, and keyboard drill on materials studied in corequisite course. Individual work in the Computer Assisted Instruction facility.  
*prereq: MUSTH 23100 coreq: MUSTH 32000*
3 hrs 2 cr.
offered fall
and any other 3-credit MUSTH course at the 300-level

Private lessons:

**MUSPF 43100 - Individual Instruction in Instrument or Voice**

Limited to students in the 60-credit BMus program and the BA/MA music program. Intensive study in instrumental or vocal techniques. Jury examination required.

*May be taken 8 times.*

**prereq:** perm dept.

1 hr 3 cr.

Performance ensembles:

For instrumentalists - 6 credits in instrumental ensembles

Choose 6 credits from the following:

**MUSPF 23100 - Hunter Symphony**

Rehearsal and performance of orchestral works. May be taken 8 times.

**prereq:** audition, perm instr.

3 hrs 1 cr.

**MUSPF 24900 - Jazz Ensemble**

Open to all instrumentalists by audition. Study and performance of popular forms of music, including dance, jazz, and musical comedy. May be taken 6 times.

2 hrs 1 cr.

**MUSPF 35500 - Chamber Music Workshop**

Rehearsal and public performance of instrumental chamber works. May be taken 6 times.

**prereq:** audition, perm instr.

2 hrs 1 cr.

**MUSPF 25000 - Popular Music Combo**

Study and performance within a small ensemble context of the popular music genres, such as Pop, Rock, Hip-Hop, R & B, Country/Bluegrass, and Jazz. May be taken 6 times.

**prereq or coreq:** prereqs: audition, perm dept.

2 hrs 1 cr.

**MUSPF 36500 - Topics in Piano Performance**
Seminar in performance for advanced piano students focusing on a different topic area each semester. The seminar will involve study and performance of representative works of piano repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance.
May be taken 4 times.
coreq: MUSPF 40100 or 43100
2 hrs 1 cr.

For singers

6 credits in vocal ensembles

MUSPF 22100 - College Choir

Open to all students. Rehearsal and public performance of major choral works. May be taken 8 times.
3 hrs 1 cr.

MUSPF 25100 - Jazz Vocal Workshop Ensemble

Jazz performance and improvisation. May be taken 6 times.
prereq: MUSPF 11100 or 21100 or 40100 in Voice, and audition
2 hrs 1 cr.

MUSPF 35300 - Chamber Singers

Study and public performance of solo and chamber chorus works from all musical eras. May be taken 6 times.
prereq: audition, perm instr.
2 hrs 1 cr.

MUSPF 36900 - Topics in Vocal Performance

Seminar in performance for advanced voice students, focusing on a different topic each semester. The seminar will involve study and performance of representative works of vocal repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance.
May be taken 4 times.
prereq: ENGL 12000 coreq: MUSPF 40100 or 43100
2 hrs 1 cr.
for singers, a minimum of 2 credits must be in MUSPF 36900

For pianists

A minimum of 2 credits must be in

MUSPF 36500 - Topics in Piano Performance

Seminar in performance for advanced piano students focusing on a different topic area each semester. The seminar will involve study and performance of representative works of piano repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance.
May be taken 4 times.
coreq: MUSPF 40100 or 43100
2 hrs 1 cr.
Electives:

- 4 credits in music courses above the 100-level.

Recital:

- A senior recital, for which no credit is given, is also required.

Piano Proficiency Requirement

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the third semester of study in music theory (MUSTH 32000). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

Music 25-Credit Major (BA)

This degree is designed for students who want to study music in the context of a general liberal arts education, but who do not plan to pursue careers in music. It may also be convenient for students who enter Hunter with a large number of transfer credits in music. Requirements are:

Music history:

**MUSHL 20100 - Introduction to Music Research**

Techniques of research and writing about music. Sources of information (reference books, monographs, periodicals, scores, recordings, Internet resources); types of writing (theoretical, historical, ethnomusicological, critical); writing issues specific to music.

coreq: MUSHL 20500

1 hr 1 cr.

offered fall

**MUSHL 20500 - Music History I**

PD/D

For music majors. Survey of the history of music in the European tradition to 1600.

prereq: elementary knowledge of music history and literature, demonstrated by dept. exam

coreq: MUSHL 20100

3 hrs 3 cr.

offered fall

**MUSHL 20600 - Music History II (W)**

PD/D

For music majors. Continuation of MUSHL 20500. Survey of the history of music in the European tradition from 1600 to 1800.

prereq: MUSHL 20100, 20500, ENGL 12000

offered fall
MUSHL 30500 - Music History III (W)

PD/D
Continuation of MUSHL 20600. Survey of the history of music in the European tradition from 1800 to the present.
prereq: MUSHL 20600, MUSTH 22100, 23100
3 hrs 3 cr.
offered fall

Any other 3-credit MUSHL at the 300-level

Music theory:

MUSTH 22000 - Music Theory I

Review of fundamentals of music theory; introduction to melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.
prereq: ability to read music as demonstrated by dept. exam, perm dept. coreq: MUSTH 23000
3 hrs 3 cr.
offered fall

MUSTH 22100 - Music Theory II

Continuation of MUSTH 22000.
prereq: MUSTH 22000 coreq: MUSTH 23100
3 hrs 3 cr.
offered spring

MUSTH 23000 - Musicianship I

Sight singing, ear training, and keyboard drill on materials studied in the corequisite course. Individual work in the Computer Assisted Instruction facility.
coreq: MUSTH 22000
3 hrs 2 cr.
offered fall

MUSTH 23100 - Musicianship II

Continuation of MUSTH 23000.
prereq: MUSTH 23000 coreq: MUSTH 22100
3 hrs 2 cr.
offered spring

Performance:

MUSPF 22100 - College Choir
Open to all students. Rehearsal and public performance of major choral works. May be taken 8 times.
3 hrs 1 cr.

**MUSPF 23100 - Hunter Symphony**

Rehearsal and performance of orchestral works. May be taken 8 times.

*prereq: audition, perm instr.*

3 hrs 1 cr.

**Piano Proficiency Requirement**

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the third semester of study in music theory (MUSTH 32000). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

**Music 42-Credit Major (BA)**

This degree is designed for students planning to pursue professional careers in music. It provides basic training in all areas of music and serves as a foundation for graduate study of any aspect of the field. Requirements are:

**Music history:**

**MUSHL 20100 - Introduction to Music Research**

Techniques of research and writing about music. Sources of information (reference books, monographs, periodicals, scores, recordings, Internet resources); types of writing (theoretical, historical, ethnomusicological, critical); writing issues specific to music.

*coreq: MUSHL 20500 prereq or coreq: ENGL 12000*

1 hr 1 cr.

*offered fall*

**MUSHL 20500 - Music History I**

PD/D

For music majors. Survey of the history of music in the European tradition to 1600.

*prereq: elementary knowledge of music history and literature, demonstrated by dept. exam coreq: MUSHL 20100 prereq or coreq: MUSTH 22000, 23000, ENGL 12000, perm dept.*

3 hrs 3 cr.

*offered fall*

**MUSHL 20600 - Music History II (W)**

PD/D

For music majors. Continuation of MUSHL 20500. Survey of the history of music in the European tradition from 1600 to 1800.

*prereq: MUSHL 20100, 20500, ENGL 12000 prereq or coreq: MUSTH 22100, 23100*
MUSHL 30500 - Music History III (W)

PD/D
Continuation of MUSHL 20600. Survey of the history of music in the European tradition from 1800 to the present.
prereq: MUSHL 20600, MUSTH 22100, 23100
3 hrs 3 cr.
offered fall
And any other 3-credit MUSHL course at the 300-level

Music theory:

MUSTH 20100 - Introduction to Music Technology

An introduction to basic music technology skills: music notation software, MIDI sequencing, and digital audio editing.
prereq or coreq: prereqs: MUSTH 22000 and 23000, or perm dept.
1 hr 1 cr.
offered spring

MUSTH 22000 - Music Theory I

Review of fundamentals of music theory; introduction to melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.
prereq: ability to read music as demonstrated by dept. exam, perm dept. coreq: MUSTH 23000
3 hrs 3 cr.
offered fall

MUSTH 22100 - Music Theory II

Continuation of MUSTH 22000.
prereq: MUSTH 22000 coreq: MUSTH 23100
3 hrs 3 cr.
offered spring

MUSTH 23000 - Musicianship I

Sight singing, ear training, and keyboard drill on materials studied in the corequisite course. Individual work in the Computer Assisted Instruction facility.
coreq: MUSTH 22000
3 hrs 2 cr.
offered fall

MUSTH 23100 - Musicianship II

Continuation of MUSTH 23000.
prereq: MUSTH 23000 coreq: MUSTH 22100
3 hrs 2 cr.
offered spring

**MUSTH 32000 - Music Theory III**

Intermediate-level study of melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.

*prereq: MUSTH 20100, MUSTH 22100 coreq: MUSTH 33000*

3 hrs 3 cr.
offered fall

**MUSTH 33000 - Musicianship III**

Sight singing, ear training, and keyboard drill on materials studied in corequisite course. Individual work in the Computer Assisted Instruction facility.

*prereq: MUSTH 23100 coreq: MUSTH 32000*

3 hrs 2 cr.
offered fall

and any other 3-credit MUSTH course at the 300-level

Performance:

**MUSPF 40100 - Individual Instruction in Instrument or Voice**

Limited to the 42-credit BA music major, the 25-credit BA music major, the BA/MA music major and the music minor. Audition demonstrating performance skills equivalent to New York State School Music Association (NYSSMA) level 2 or higher. Students must make their own arrangements with department-listed teachers to receive credit for this course. Jury examination required. The jury examination following the second and subsequent semesters of private lessons must demonstrate performance skills equivalent to NYSSMA level 4 or higher.

*May be taken 8 times.*

*prereq: perm dept.*

1 hr 1 cr.

2 credits in large ensembles

**MUSPF 22100 - College Choir**

Open to all students. Rehearsal and public performance of major choral works. May be taken 8 times.

3 hrs 1 cr.

**MUSPF 23100 - Hunter Symphony**

Rehearsal and performance of orchestral works. May be taken 8 times.

*prereq: audition, perm instr.*

3 hrs 1 cr.

2 credits in performance electives

**MUSPF 22100 - College Choir**
Open to all students. Rehearsal and public performance of major choral works. May be taken 8 times.  
3 hrs 1 cr.

**MUSPF 23100 - Hunter Symphony**

Rehearsal and performance of orchestral works. May be taken 8 times.  
prereq: audition, perm instr.  
3 hrs 1 cr.

**MUSPF 24900 - Jazz Ensemble**

Open to all instrumentalists by audition. Study and performance of popular forms of music, including dance, jazz, and musical comedy. May be taken 6 times.  
2 hrs 1 cr.

**MUSPF 25000 - Popular Music Combo**

Study and performance within a small ensemble context of the popular music genres, such as Pop, Rock, Hip-Hop, R & B, Country/Bluegrass, and Jazz. May be taken 6 times.  
prereq or coreq: prereqs: audition, perm dept.  
2 hrs 1 cr.

**MUSPF 25100 - Jazz Vocal Workshop Ensemble**

Jazz performance and improvisation. May be taken 6 times.  
prereq: MUSPF 11100 or 21100 or 40100 in Voice, and audition  
2 hrs 1 cr.

**MUSPF 35300 - Chamber Singers**

Study and public performance of solo and chamber chorus works from all musical eras. May be taken 6 times.  
prereq: audition, perm instr.  
2 hrs 1 cr.

**MUSPF 35500 - Chamber Music Workshop**

Rehearsal and public performance of instrumental chamber works. May be taken 6 times.  
prereq: audition, perm instr.  
2 hrs 1 cr.

**MUSPF 36500 - Topics in Piano Performance**

Seminar in performance for advanced piano students focusing on a different topic area each semester. The seminar will involve study and performance of representative works of piano repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance.  
May be taken 4 times.  
coreq: MUSPF 40100 or 43100  
2 hrs 1 cr.
MUSPF 36900 - Topics in Vocal Performance

Seminar in performance for advanced voice students, focusing on a different topic each semester. The seminar will involve study and performance of representative works of vocal repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance.

May be taken 4 times.

prereq: ENGL 12000 coreq: MUSPF 40100 or 43100

2 hrs 1 cr.

MUSPF 40100 - Individual Instruction in Instrument or Voice

Limited to the 42-credit BA music major, the 25-credit BA music major, the BA/MA music major and the music minor. Audition demonstrating performance skills equivalent to New York State School Music Association (NYSSMA) level 2 or higher. Students must make their own arrangements with department-listed teachers to receive credit for this course. Jury examination required. The jury examination following the second and subsequent semesters of private lessons must demonstrate performance skills equivalent to NYSSMA level 4 or higher.

May be taken 8 times.

prereq: perm dept.

1 hr 1 cr.

Electives:

- 4 credits in music courses above the 100-level

Piano Proficiency Requirement

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the third semester of study in music theory (MUSTH 32000). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

Music Bachelor's Degrees

Return to: Department of Music

- Music 25-Credit Major (BA)
- Music 42-Credit Major (BA)
- Music - BMus

Major Programs

The Department of Music offers three undergraduate and two BA/MA major programs to fit individual interests and requirements. Students must take three examinations before declaring a music major:

1. **Music notation, rudimentary theory, and basic musicianship skills.** This examination is prerequisite to MUSTH 22000 (Music Theory I).

Students who do not pass it must take MUSTH 10100 (Music Theory Fundamentals) or learn the material on
2. **Elementary music history and literature.** This examination is prerequisite to MUSHL 20500 (Music History I). Students who do not pass it must take MUSHL 10100 (Introduction to Music) or learn the material on their own, then repeat the examination.

3. **Performance audition on an instrument or voice.** This examination is prerequisite to MUSPF 40100 (Private Instruction in Instrument or Voice). Students whose performance skills fall below New York State School Music Association (NYSSMA) level 2, equivalent to about one year of study, must take MUSPF 21100-MUSPF 21200 (Voice I-II), MUSPF 21300-MUSPF 21400 (Piano III), or private lessons at their own expense (without credit), then repeat the examination. Students with no experience in performance may defer the audition until the end of their first semester of study.

Prospective majors should consult the Music Department’s undergraduate adviser as soon as possible to discuss these examinations and any prerequisite courses they may need before beginning the major.

**Piano Proficiency Requirement**

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the third semester of study in music theory (MUSTH 32000). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

**Minor in Music**

The music minor consists of 15 credits in music:

- **MUSTH 10100 - Music Theory Fundamentals**
  
  GER 2/D  
  For non-majors. Introduction to music theory, sight singing, and ear training.  
  *3 hrs 3 cr.*

- **MUSHL 10100 - Introduction to Music**
  
  GER 2/D PD/D  
  For non-majors. Selected compositions primarily from the European tradition studied with aim to develop perceptive listening.  
  *3 hrs 3 cr.*  
  -or-

- **MUSHL 10700 - The World of Music**
  
  GER 2/D PD/A  
  For non-majors. Introduction to music from a spectrum of world cultures, including Africa, Asia, and the Caribbean.  
  *3 hrs 3 cr.*  
  - one course with an MUSHL prefix at the 200-level; and 6 credits of music electives, 3 of which must be at the 200-level or higher.

Prospective minors who have already mastered the material taught in the required 100-level courses MUSTH 10100 and/or MUSHL 10100 or MUSHL 10700) may be exempted from these courses by passing the same
entrance examination that is required of prospective music majors (see above). Music minors may substitute more advanced courses in any area of music study, including private lessons (subject to availability) and ensembles, for the courses from which they are exempt. PLEASE NOTE: Music minors who wish to take private lessons for credit (MUSPF 40100) must first pass both the performance audition and music theory portions of the entrance examination.

Grading Policies

Students must have grades of C or better in all prerequisite courses in order to take courses that are required for the major. The grade of CR may not be elected in major courses. In accordance with Hunter College policy, a course may not be taken more than twice without permission of the department.

Honors

To qualify for departmental honors in music, a student must have a 3.5 grade point average in major courses and complete an honors project, taken under the following course number. The project, which must be approved in advance by the Policy Committee, may be a research paper on a historical, theoretical, or other topic; an original composition; or a recital. All projects should demonstrate an advanced level, a broad scope, and a high quality, and must be done under the supervision of a faculty member of the Music Department.

**MUSTH 49100 - Honors Project**

Upper Jr/ Sr only. Individual project of large scope in music history, theory, composition, or performance.  
*prereq: minimum music GPA of 3.5, perm undergrad adviser  
1 sem 3 cr.*

**MUSTH 49200 - Honors Project**

*prereq: MUSTH 49100  
1 sem 3 cr.*

Graduate Study

Seniors of high academic standing who are recommended by the department may be permitted to take graduate courses for undergraduate credit. Seniors within 9 credits of graduation may apply to the Admissions Office for permission to take graduate courses creditable toward the MA degree.

Undergraduate Major/Graduate Major

Music - BA/MA

4-Year Dual BA/MA Degree
The department offers unusually gifted students the opportunity to obtain a master’s degree in four years with a minimum of 120 credits. Requirements are the same as those for the 42-credit BA plus those for the MA in music (30 credits at the graduate level; see graduate catalog). Students may be admitted to this program only after they have completed at least 60 credits of college work, including at least 29 credits in music (three semesters of music history, four semesters of music theory, and four semesters of musicianship). At least 12 credits (including six in music) must have been taken at Hunter College, and students must have a cumulative GPA of at least 3.5 with no grade of less than B in any music course. At that time, they must fulfill all requirements for entry into the MA program except completion of the BA degree. The graduate adviser must be consulted about the MA requirements.

**Music/Music Teacher Education Pre-K-12 - BA/MA**

**Major Programs**

The Department of Music offers three undergraduate and two BA/MA major programs to fit individual interests and requirements. Students must take three examinations before declaring a music major:

1. **Music notation, rudimentary theory, and basic aural skills.** This examination is prerequisite to MUSTH 22000 (Music Theory I).
   
   Students who do not pass it must take MUSTH 10100 (Basic Musicianship) or learn the material on their own, then repeat the examination.

2. **Elementary music history and literature.** This examination is prerequisite to MUSHL 20500 (Music History I). Students who do not pass it must take MUSHL 10100 (Introduction to Music) or learn the material on their own, then repeat the examination.

3. **Performance audition on an instrument or voice.** This examination is prerequisite to MUSPF 40100 (Private Instruction in Instrument or Voice). Students whose performance skills fall below New York State School Music Association (NYSSMA) level 2, equivalent to about one year of study, must take MUSPF 21100-MUSPF 21200 (Voice I-II), MUSPF 21300-MUSPF 21400 (Piano III), or private lessons at their own expense (without credit), then repeat the examination. Students with no experience in performance may defer the audition until the end of their first semester of study.

Prospective majors should consult the Music Department’s undergraduate adviser as soon as possible to discuss these examinations and any prerequisite courses they may need before beginning the major.

**Piano Proficiency Requirement**

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the second year of study in music theory (MUSTH 32000 and MUSTH 32100). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

**5- to 6-Year Dual BA/MA Degree in Teacher Education**

Exceptionally qualified students may obtain a master’s degree in teacher education in 5-6 years with a minimum of 140 credits. Requirements are the same as those for the 42-credit BA plus requirements for the MA degree in music teacher education (see graduate catalog). Students may be admitted to this program only after they have completed at least 60 credits of college work, including at least 29 credits in music (three semesters of music history, four semesters of music theory, and four semesters of musicianship). At least 12 credits (including six in music) must have been taken at Hunter College, and students must have a cumulative GPA of at least 3.5 with no grade of less than B in any music course.
They must have passed the Music Department’s piano proficiency examination and an audition-interview demonstrating reasonable mastery of an instrument or voice. In addition, they must either have passed the LAST (Liberal Arts and Sciences Test) or fulfilled the following requirements of the School of Education:

- Completion of developmental courses;
- Grade of B- or better in ENGL 12000 or a 200- level English course;
- Application, on-site essay, and interview with the School of Education;
- Proof of negative result on TB test;
- Maximum of 6 credits taken with CR/NC grades, or else calculation of those grades as C/F for computation of grade-point average.

Admission requires the consent of both the Music Department and the School of Education. See the School of Education section of both the undergraduate and graduate catalogs for more information.

Minor

For 25-credit music majors, the minor consists of 12 credits in a field of study leading to a BA degree and approved by the Music Department adviser. Double-majors and students in other music major programs are exempt from the minor requirement. Minor courses can be used without limit to satisfy stages 1, 2, and 3 of the GER.

Minor for non-Majors

For students minoring in music, the requirements are determined by the student’s major department. See your major adviser. The Music Department recommends the following courses. Because 300-level courses are intended primarily for music majors and have extensive prerequisites, students whose major departments require a 300-level course in the minor may, with permission of their adviser, substitute a 200-level course in the music minor.

**MUSTH 10100 - Music Theory Fundamentals**

GER 2/D
For non-majors. Introduction to music theory, sight singing, and ear training.
3 hrs 3 cr.

**or**

**MUSTH 22000 - Music Theory I**

Review of fundamentals of music theory: introduction to melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.
prereq: ability to read music as demonstrated by dept. exam, perm dept. coreq: MUSTH 23000
3 hrs 3 cr.
offered fall

**MUSTH 23000 - Musicianship I**

Sight singing, ear training, and keyboard drill on materials studied in the corequisite course. Individual work in the Computer Assisted Instruction facility.
coreq: MUSTH 22000
MUSHL 10100 - Introduction to Music

GER 2/D PD/D
For non-majors. Selected compositions primarily from the European tradition studied with aim to develop perceptive listening. 3 hrs 3 cr.

MUSHL 10700 - The World of Music

GER 2/D PD/A
For non-majors. Introduction to music from a spectrum of world cultures, including Africa, Asia, and the Caribbean. 3 hrs 3 cr.
- One course with an MU-H prefix at the 200-level
- 1-3 credits of music electives

Grading Policy

Students must have grades of C or better in all prerequisite courses in order to take courses that are required for the major. The grade of CR may not be elected in major courses. In accordance with Hunter College policy, a course may not be taken more than twice without permission of the department.

Honors

To qualify for departmental honors in music, a student must have a 3.5 grade point average in major courses and complete an honors project, taken under the following course number. The project, which must be approved in advance by the Policy Committee, may be a research paper on a historical, theoretical, or other topic; an original composition; or a recital. All projects should demonstrate an advanced level, a broad scope, and a high quality, and must be done under the supervision of a faculty member of the Music Department.

MUSTH 49100 - Honors Project

Upper Jr/Sr only. Individual project of large scope in music history, theory, composition, or performance.
prereq: minimum music GPA of 3.5, perm undergrad adviser
1 sem 3 cr.

MUSTH 49200 - Honors Project

prereq: MUSTH 49100
1 sem 3 cr.

Undergraduate Minor

Minor in Music
The music minor consists of 15 credits in music: MUSTH 10100; MUSHL 10100 or MUSHL 10700; one course with an MUSHL prefix at the 200-level; and 6 credits of music electives, 3 of which must be at the 200-level or higher. Prospective minors who have already mastered the material taught in the required 100-level courses (MUSTH 10100 and/or MUSHL 10100 or 10700) may be exempted from these courses by passing the same entrance examination that is required of prospective music majors (see Music 25-Credit Major (BA)). Music minors must substitute more advanced courses in any area of music study, which may include private lessons and ensembles, for the courses from which they are exempt. PLEASE NOTE: Music minors who wish to take private lessons for credit (MUSPF 40100) must first pass both the performance audition and music theory portions of the entrance examination.

**Music: Introductory Courses**

**MUSHL 10100 - Introduction to Music**

GER 2/D PD/D
For non-majors. Selected compositions primarily from the European tradition studied with aim to develop perceptive listening.
3 hrs 3 cr.

**MUSHL 10700 - The World of Music**

GER 2/D PD/A
For non-majors. Introduction to music from a spectrum of world cultures, including Africa, Asia, and the Caribbean.
3 hrs 3 cr.

**MUSTH 10100 - Music Theory Fundamentals**

GER 2/D
For non-majors. Introduction to music theory, sight singing, and ear training.
3 hrs 3 cr.

**Music: History and Literature of Music**

**MUSHL 20100 - Introduction to Music Research**

Techniques of research and writing about music. Sources of information (reference books, monographs, periodicals, scores, recordings, Internet resources); types of writing (theoretical, historical, ethnomusicological, critical); writing issues specific to music.
*coreq: MUSHL 20500 or coreq: ENGL 12000*  
1 hr 1 cr.
*offered fall*

**MUSHL 20500 - Music History I**
For music majors. Survey of the history of music in the European tradition to 1600.
prereq: elementary knowledge of music history and literature, demonstrated by dept. exam
coreq: MUSHL 20100
3 hrs 3 cr.
offered fall

MUSHL 20600 - Music History II (W)

PD/D
For music majors. Continuation of MUSHL 20500. Survey of the history of music in the European tradition from 1600
to 1800.
prereq: MUSHL 20100, 20500, ENGL 12000
3 hrs 3 cr.
offered spring

MUSHL 21000 - Music for the Piano (W)

GER 3/A PD/D
Piano literature from the 18th century to the present.
prereq: ENGL 12000; one of the following: MUSHL 10100, 10700, 20000, MUSTH 10100, or perm instr.
3 hrs 3 cr.

MUSHL 21200 - Masterpieces of Opera (W)

GER 3/A PD/D
Study of operatic styles of such composers as Mozart, Verdi, and Wagner.
prereq: ENGL 12000; one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.

MUSHL 21700 - History of Jazz (W)

GER 3/A PD/B
Survey of jazz from its origins to the present.
prereq: ENGL 12000; one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.

MUSHL 22100 - Black Music in the Americas (W)

GER 3/A PD/B
The origins, history, and evolutionary progression of Black music in the Americas; shared musical practices and
resources in the multicultural matrix of the United States in particular and the hemisphere in general.
prereq: ENGL 12000; one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.

MUSHL 22700 - Master Composers (W)

GER 3/A
Study of works of single composer. Topics to be announced. May be taken 6 times.
prereq: ENGL 12000; one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.
MUSHL 23100 - Folk and Traditional Music (W)

GER 3/A
Study of ethnic music of selected cultures.
prereq: ENGL 12000, one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.

MUSHL 24000 - Music of the Caribbean and Latin America (W)

GER 3/A PD/A
Origin and development of Caribbean and Latin American musical styles and their impact on the United States and other parts of the world.
prereq: ENGL 12000, one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.

MUSHL 24100 - Music of Asia (W)

GER 3/A PD/A
Music and its relationship to dance and drama in the major civilizations of East Asia, Southeast Asia, South Asia, Central Asia, and the Middle East.
prereq: ENGL 12000, one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.

MUSHL 24300 - Music of the Middle East

This course is designed to introduce students to major art and folk music traditions, sounded religious practices, and popular musics of the Middle East and North Africa. Students learn to identify musics from these regions and cultural groups through exposure to their generic and formal qualities. Basic information about these regions’ languages, cultures, histories, and religions is presented and students learn to connect these contextual factors to the pertinent genres’ development. Emphasis is placed on issues of tradition, modernity, religion, gender, and politics.
prereq or coreq: MUSHL 10100, or MUSHL 10700, or MUSHL 20500, or MUST 10100, or permission of the instructor
3 hrs 3 cr

MUSHL 24500 - Music of Africa (W)

GER 3/A PD/A
Introduction to traditional and popular African music and performance practices. Theoretical and methodological issues as defined by ethnomusicology.
prereq: ENGL 12000, one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.

MUSHL 25000 - Women and Music (W)

GER 3/A PD/C
An ethnomusicological study of women and music in cross-cultural perspective.
cross-listed WGS A 25000 (W)
prereq: ENGL 12000, one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, WGS 10000, or perm. Instr.
3 hrs 3 cr.
MUSHL 25200 - Film Music (W)

GER 3/A
Introduction to the history, aesthetic, form and techniques of film music, for everyone interested in film or film music, from the casual viewer of television movies and videotapes to film and music majors.
prereq: ENGL 12000; one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.

MUSHL 26100 - Special Topics in History and Literature of Music (W)

GER 3/A PD/A or B or C
Study of works illustrating one specific genre, style, or period. Topics to be announced. May be taken 6 times. Depending on topic, may satisfy PD.
prereq: ENGL 12000; one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.

MUSHL 26200 - Special Topics in Music (W)

A study of a musical topic outside the traditional classifications of music history, theory, and performance. Topics to be announced.
prereq: ENGL 12000; MUSHL 10100, 10700, 20500, MUSTH 10100, or perm instr.
3 hrs 3 cr.

MUSHL 30500 - Music History III (W)

PD/D
Continuation of MUSHL 20600. Survey of the history of music in the European tradition from 1800 to the present.
prereq: MUSHL 20600, MUSTH 22100, 23100
3 hrs 3 cr.
offered fall

MUSHL 30600 - Music History IV (W)

PD/D
Central issues in the history of European music, such as the role of patronage in musical culture, relationships of musical style to instruments and performing ensembles, and the impact of historical consciousness on contemporary musical life.
prereq: MUSHL 30500
3 hrs 3 cr.
offered spring

MUSHL 35200 - Introduction to Ethnomusicology I (W)

PD/A
prereq: MUSTH 22100, 23100 or perm instr; ENGL 12000
3 hrs 3 cr.

MUSHL 35300 - Introduction to Ethnomusicology II (W)
Survey of musical traditions of North Africa, the Middle East, Oceania, and South and East Asia.

**MUSHL 36100 - Special Topics in History and Literature of Music (W)**

Specialized study of selected genre, locality, period, style, composer, or problem. Topics to be announced. May be taken 6 times.

*prereq: ENGL 12000, variable music courses*

3 hrs 3 cr.

**MUSHL 49800 - Music Internship**

Internship in various arts institutions in New York City.

*prereq: perm dept.*

1-6 cr.

**Music Performance**

**MUSPF 11100 - Elementary Voice I**

For non majors. Fundamentals of breath control, tone production, and articulation. Vocalises and simple songs.

2 hrs 1 cr.

**MUSPF 11200 - Elementary Voice II**

*prereq: MUSPF 11100*

2 hrs 1 cr.

**MUSPF 12100 - Elementary Guitar I**

For non majors. Class lessons in guitar: basic techniques, tuning, reading chord charts, playing and transposing songs, and learning chords, strums, and finger-pickings. Students must supply their own instruments.

*prereq: MUSTH 10100 or perm dept.*

2 hrs 1 cr.

**MUSPF 12200 - Elementary Guitar II**

*prereq: MUSPF 12100*

2 hrs 1 cr.

**MUSPF 13100 - Elementary Piano I**

For non majors. Class lessons in piano: basic techniques, playing simple pieces.

*prereq: MUSTH 10100 or perm dept.*

2 hrs 1 cr.
MUSPF 13200 - Elementary Piano II

prereq: MUSPF 13100
2 hrs 1 cr.

MUSPF 21100 - Voice I

prereq: declared music major or perm dept.
2 hrs 1 cr.

MUSPF 21200 - Voice II

Continuation of MUSPF 21100.
prereq: MUSPF 21100 or perm dept.
2 hrs 1 cr.

MUSPF 21300 - Piano I

Basic piano techniques, scales and chords, exercises, simple pieces, and sight-reading.
prereq: declared music major or perm dept.
2 hrs 1 cr.

MUSPF 21400 - Piano II

Continuation of MUSPF 21300.
prereq: MUSPF 21300 or perm dept.
2 hrs 1 cr.

MUSPF 22100 - College Choir

Open to all students. Rehearsal and public performance of major choral works. May be taken 8 times.
3 hrs 1 cr.

MUSPF 23100 - Hunter Symphony

Rehearsal and performance of orchestral works. May be taken 8 times.
prereq: audition, perm instr.
3 hrs 1 cr.

MUSPF 24900 - Jazz Ensemble

Open to all instrumentalists by audition. Study and performance of popular forms of music, including dance, jazz, and musical comedy. May be taken 6 times.
2 hrs 1 cr.

MUSPF 25000 - Popular Music Combo
Study and performance within a small ensemble context of the popular music genres, such as Pop, Rock, Hip-Hop, R & B, Country/Bluegrass, and Jazz. May be taken 6 times.

prereq or coreq: audition, perm dept.
2 hrs 1 cr.

**MUSPF 25100 - Jazz Vocal Workshop Ensemble**

Jazz performance and improvisation. May be taken 6 times.

prereq: MUSPF 11100 or 21100 or 40100 in Voice, and audition
2 hrs 1 cr.

**MUSPF 34900 - Conducting I**

Principles of choral and orchestral conducting: technique of the baton, interpretation, repertoire, and score reading.

prereq: MUSTH 33100 or perm instr. coreq: audit MUSPF 22100 or 23100
3 hrs 2 cr.

**MUSPF 35000 - Conducting II**

Continuation of MUSPF 34900.

prereq: MUSPF 34900 and MUSTH 33100 or perm instr. coreq: audit MUSPF 22100 or 23100
3 hrs 2 cr.

**MUSPF 35300 - Chamber Singers**

Study and public performance of solo and chamber chorus works from all musical eras. May be taken 6 times.

prereq: audition, perm instr.
2 hrs 1 cr.

**MUSPF 35500 - Chamber Music Workshop**

Rehearsal and public performance of instrumental chamber works. May be taken 6 times.

prereq: audition, perm instr.
2 hrs 1 cr.

**MUSPF 36100 - Special Studies in Performance of Music**

Number of works are studied, rehearsed, and performed. Topics to be announced.

*May be taken 4 times.*

prereq: perm dept.
1 cr.

**MUSPF 36200 - Special Studies in Performance of Music**

Number of works are studied, rehearsed, and performed. Topics to be announced.

*May be taken 4 times.*

prereq: perm dept.
2 cr.
MUSPF 36300 - Special Studies in Performance of Music

Number of works are studied, rehearsed, and performed. Topics to be announced.

*May be taken 4 times.*

*prereq: perm dept.*

3 cr.

MUSPF 36500 - Topics in Piano Performance

Seminar in performance for advanced piano students focusing on a different topic area each semester. The seminar will involve study and performance of representative works of piano repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance.

*May be taken 4 times.*

*coreq: MUSPF 40100 or 43100*

2 hrs 1 cr.

MUSPF 36900 - Topics in Vocal Performance

Seminar in performance for advanced voice students, focusing on a different topic each semester. The seminar will involve study and performance of representative works of vocal repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance.

*May be taken 4 times.*

*prereq: ENGL 12000 coreq: MUSPF 40100 or 43100*

2 hrs 1 cr.

MUSPF 40100 - Individual Instruction in Instrument or Voice

Limited to the 42-credit BA music major, the 25-credit BA music major, the BA/MA music major and the music minor. Audition demonstrating performance skills equivalent to New York State School Music Association (NYSSMA) level 2 or higher. Students must make their own arrangements with department-listed teachers to receive credit for this course. Jury examination required. The jury examination following the second and subsequent semesters of private lessons must demonstrate performance skills equivalent to NYSSMA level 4 or higher.

*May be taken 8 times.*

*prereq: perm dept.*

1 hr 1 cr.

MUSPF 40200 - Individual Instruction in Second Instrument or Voice

Individual instruction in second instrument or voice. Limited to the 42-credit BA music major, 25-credit BA music major, 60-credit BMus major, BA/MA music major and the music minor. Audition demonstrating performance skills equivalent to New York State School Music Association (NYSSMA) level 2 or higher. Students must make their own arrangements with department-listed teachers to receive credit for this course. Jury examination required.

*May be taken 8 times.*

*prereq: perm dept.*

1 hr 1 cr.

MUSPF 43100 - Individual Instruction in Instrument or Voice

Limited to students in the 60-credit BMus program and the BA/MA music program. Intensive study in instrumental or vocal techniques. Jury examination required.

*May be taken 8 times.*
prereq: perm dept.
1 hr 3 cr.

Music Theory

MUSTH 20100 - Introduction to Music Technology

An introduction to basic music technology skills: music notation software, MIDI sequencing, and digital audio editing.
prereq or coreq: prereqs: MUSTH 22000 and 23000, or perm dept.
1 hr 1 cr.
offered spring

MUSTH 22000 - Music Theory I

Review of fundamentals of music theory; introduction to melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.
prereq: ability to read music as demonstrated by dept. exam, perm dept. coreq: MUSTH 23000
3 hrs 3 cr.
offered fall

MUSTH 22100 - Music Theory II

Continuation of MUSTH 22000.
prereq: MUSTH 22000 coreq: MUSTH 23100
3 hrs 3 cr.
offered spring

MUSTH 23000 - Musicianship I

Sight singing, ear training, and keyboard drill on materials studied in the corequisite course. Individual work in the Computer Assisted Instruction facility.
coreq: MUSTH 22000
3 hrs 2 cr.
offered fall

MUSTH 23100 - Musicianship II

Continuation of MUSTH 23000.
prereq: MUSTH 23000 coreq: MUSTH 22100
3 hrs 2 cr.
offered spring

MUSTH 32000 - Music Theory III

Intermediate-level study of melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.
prereq: MUSTH 20100, MUSTH 22100 coreq: MUSTH 33000
3 hrs 3 cr.
offered fall
MUSTH 32100 - Music Theory IV

Continuation of MUSTH 32000.

*prereq: MUSTH 32000*

3 hrs 3 cr.

MUSTH 33000 - Musicianship III

Sight singing, ear training, and keyboard drill on materials studied in corequisite course. Individual work in the Computer Assisted Instruction facility.

*prereq: MUSTH 23100 coreq: MUSTH 32000*

3 hrs 2 cr.

offered fall

MUSTH 33100 - Musicianship IV

Continuation of MUSTH 33000.

*prereq: MUSTH 33000 coreq: MUSTH 32100*

3 hrs 2 cr.

offered spring

MUSTH 33300 - Composition I

Practical study of music composition; traditional pitch materials; motivic materials; formal schemes. Students will write several short compositions and perform them in class.

*prereq: MUSTH 22100 and 23100 or perm dept.*

3 hrs 3 cr.

MUSTH 33400 - Composition II

Practical study of music composition. New pitch materials; composing for solo instruments; using contrast to build form. Students will write several short compositions and perform them in class.

*May be taken before Composition I.*

*prereq: MUSTH 22100 and 23100 or perm dept.*

3 hrs 3 cr.

MUSTH 33500 - Orchestration

Capabilities and limitations of the orchestral instruments; practice in scoring for small and large groups; instrument demonstrations and reading session.

*prereq: MUSTH 22100 and 23100 or perm dept.*

3 hrs 3 cr.

MUSTH 35100 - Computer Music

Making music with computers using technologies such as MIDI sequencing, hardware synthesis, and digital audio. Promises and limitations of these tools.

*prereq: MUSTH 22100 and 23100 or perm dept.*

3 hrs 3 cr.
MUSTH 36100 - Special Topics in Music Theory

Study of selected issues in music theory and analysis. Topics to be announced. May be taken two times.
prereq: variable
3 hrs 3 cr.

MUSTH 37000 - Jazz Techniques and Arranging

Study of jazz harmony and rhythm, jazz composition, and jazz arranging.
prereq: MUSTH 20100, 22100 and 23100 or perm dept.
3 hrs 3 cr

MUSTH 37100 - Jazz Improvisation

Study and performance of jazz improvisational techniques.
prereq: MUSTH 37000 or perm dept.
3 hrs 3 cr

MUSTH 38500 - Private Lessons in Composition

Intensive study of music composition for advanced students. May be taken four times.
prereq: MUSTH 33300, 33400, perm dept.
3 hrs 3 cr.

MUSTH 49100 - Honors Project

Upper Jr/Sr only. Individual project of large scope in music history, theory, composition, or performance.
prereq: minimum music GPA of 3.5, perm undergrad adviser
1 sem 3 cr.

MUSTH 49200 - Honors Project

prereq: MUSTH 49100
1 sem 3 cr.

Music: Individual Study

MUSIN 20101 - Individual Study Project

Limited to music majors and music minors. Independent work on a project of the student's choice under the guidance of an approved supervisor who will provide the course grade. Proposals for projects must be submitted to the policy committee of the Music Department by the twelfth week of the preceding semester. Permission to enroll in the course is conditional on approval of the proposal by the committee.
1 cr.

MUSIN 20102 - Individual Study Project
Limited to music majors and music minors. Independent work on a project of the student's choice under the guidance of an approved supervisor who will provide the course grade. Proposals for projects must be submitted to the policy committee of the Music Department by the twelfth week of the preceding semester. Permission to enroll in the course is conditional on approval of the proposal by the committee.

2 cr.

MUSIN 20103 - Individual Study Project

Limited to music majors and music minors. Independent work on a project of the student's choice under the guidance of an approved supervisor who will provide the course grade. Proposals for projects must be submitted to the policy committee of the Music Department by the twelfth week of the preceding semester. Permission to enroll in the course is conditional on approval of the proposal by the committee.

3 cr.

MUSIN 30101 - Individual Study Project

Limited to music majors and music minors. Independent work on a project of the student's choice under the guidance of an approved supervisor who will provide the course grade. Proposals for projects must be submitted to the policy committee of the Music Department by the twelfth week of the preceding semester. Permission to enroll in the course is conditional on approval of the proposal by the committee.

**Programs and Courses in Philosophy**

**Philosophy**

**About the Department**

Philosophy studies the most fundamental questions that human beings ask — about individual and social action, the possibility and limits of knowledge, the truth and justification of beliefs, human nature and freedom, the existence of God and the operations of nature. Philosophy approaches these questions in a systematic way and philosophers have worked out more or less comprehensive theories to answer them (or show why they cannot be answered). The courses offered by the Philosophy Department are designed to introduce students to the main problems that philosophers study and to the main ideas of such profound and influential thinkers as Socrates, Plato, Aristotle, Augustine, Aquinas, Descartes, Hume and Kant.

Philosophy is one of the most important subjects a student can study because it develops the ability to reason clearly and critically, to write thoughtfully, to use intelligence and logic to deal with problems all too often ruled by emotion and prejudice. Philosophy also helps one develop intellectual flexibility and learn to appreciate ideas and beliefs other than those of one’s own time, place, class or group. Since it develops these intellectual abilities and habits, the study of philosophy, either in individual courses or as a major or minor, is excellent preparation for any profession or occupation.

Students of philosophy pursue careers in law, business, medicine, government and the arts. Some go on to study philosophy at the graduate level with the aim either of teaching philosophy or of obtaining an advanced degree to further their career objectives.

**Course Listings**

The department especially encourages students majoring in or interested in philosophy, both with fewer than 6 credits toward the major in philosophy, to consult with a departmental adviser about courses and their prerequisites at this stage of their academic stay at Hunter.

HEGIS Code: 1509

Undergraduate Major

Philosophy - BA

Major

The Philosophy Department offers two concentrations: 1) the **Standard** concentration and 2) the concentration in **Philosophy, Politics and Society (PPS)**.

Standard Concentration

Prerequisite

One of the following:

**PHILO 10100 - Introduction to Philosophy**

GER 2/C  
Examination of basic philosophical questions through study of selected philosophical classics.
PHILO 10300 - Introduction to Logic and Critical Thinking

GER 2/C
Recognizing arguments; traditional logic including concepts, propositions, categorical, hypothetical and disjunctive syllogisms; argument structure, natural language argumentation, fallacies.

PHILO 10400 - Introduction to Ethics

GER 2/C
Examination of standards of right conduct and the good life through study of selected philosophical classics.

PHILO 10600 - Philosophy, Politics and Society

GER 2/C PD/D
Introduction to social and political philosophy.

PHILO 20300 - Great Philosophers: Ancient and Medieval

GER 2/C PD/D
A comprehensive study of major philosophical thinkers, ideas and movements from the dawn of philosophy in ancient Greece to the time of the Renaissance.

PHILO 20400 - Great Philosophers

GER 2/C PD/D
A comprehensive study of major philosophical thinkers.

Note:

None of these courses counts toward the major requirements, though any one is a prerequisite for declaring a major.
The Standard Concentration consists of 30 credits distributed as follows:

1. 3 cr. in logic:

**PHILO 17100 - Introduction to Symbolic Logic**

Sentential logic, including the truth-functional connectives, truth tables, symbolizations, consistency trees. Predicate logic, including quantificational symbolizations and consistency trees for quantifiers.

3 hrs 3 cr.

2. 9 cr. in history of philosophy:

**PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)**

GER 3/A PD/D
Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.

*prereq: ENGL 12000 and one previous course in philosophy.*

3 hrs 3 cr.

**PHILO 21500 - Foundations of Modern Philosophy (W)**

GER 3/A PD/D
Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.

*prereq: ENGL 12000 and one previous course in philosophy.*

3 hrs 3 cr.

**PHILO 21800 - Revolutions in Modern Philosophy (W)**

GER 3/A PD/D
Study of major philosophers of the late 18th and 19th centuries such as Kant, Hegel, Schopenhauer, Feuerbach, Kierkegaard, Marx and Nietzsche.

*prereq: ENGL 12000 and one previous course in philosophy.*

3 hrs 3 cr.

3. 3 cr. in ethics, politics and aesthetics:

any course from

**PHILO 24400 - Moral Philosophy (W)**

GER 3/A
Study of selected problems in philosophical ethics and moral psychology.

*prereq: ENGL 12000 and one previous course in philosophy.*

3 hrs 3 cr.

**PHILO 24600 - Political Philosophy (W)**
GER 3/B
Study of selected philosophical problems in politics, law, economics and society.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25800 - Aesthetics (W)

GER 3/A
Study of philosophical issues that arise in our understanding and criticism of the arts. Topics include nature of expression, purpose and standards of criticism and aesthetic value.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

4. 3 cr. in metaphysics and epistemology:

any course from

PHILO 36000 - Metaphysics (W)

GER 3/A
Study of major metaphysical views, such as materialism, idealism, nominalism and realism. The major question is: What is reality and how may it be known?
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 36200 - Theory of Knowledge (W)

GER 3/A
Study of origin, structure, methods and foundations of human knowledge.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 36400 - Philosophy of Language (W)

GER 3/A
Inquiry into the philosophical significance of language, its structure, meaning, reference and use.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 36600 - Philosophy of Mind (W)

GER 3/A
Examination of the concept of mind and the person. Topics include thinking, intention, consciousness, supervenience, emotion, self-knowledge.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 37900 - Philosophy of Science (W)
GER 3/B
Study of foundations of knowledge in natural and social sciences.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

5. 3 cr. in the intensive study of a major philosopher:

any course from

PHILO 38000 - Plato (W)

GER 3/A
Close study of major Platonic dialogues.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
4 hrs 4 cr

PHILO 38100 - Aristotle (W)

GER 3/A
Close study of Aristotle's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38200 - Major Figure in Medieval Philosophy (W)

GER 3/A
A study of the works and legacy of one of the major philosophers of the Middle Ages such as Augustine, Averroes, Maimonides, or Aquinas. The course may be repeated as different figures are offered.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38300 - Major Figure in Early Modern Philosophy (W)

GER 3/A
A study of the works and legacy of one of the major philosophers of the 17th and 18th centuries such as Descartes, Spinoza, Leibniz, Hobbes, Locke, Berkeley, Hume and Rousseau. The course may be repeated as different figures are offered.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38400 - Kant (W)

GER 3/A
A study of some of Kant's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38500 - Plotinus (W)
A study of the background, writings and legacy of Plotinus.

**PHILO 38600 - Hegel (W)**

GER 3/A
Study of some of Hegel's major writings.

**PHILO 38700 - Nietzsche (W)**

GER 3/A
Study of Nietzsche's major writings.

**PHILO 38800 - Wittgenstein (W)**

GER 3/A
Development of Wittgenstein's thought through intensive study of his major works.

**PHILO 38900 - Heidegger (W)**

GER 3/A
Detailed study of the central themes in Being and Time and their development in his later essays.

**PHILO 39000 - Marx (W)**

GER 3/A
Study of some of Marx's major writings.

6. 9 additional cr.

- Chosen in consultation with an adviser. Students are required to select at least one course (3 cr.) at the 300-level. Also they are encouraged to select courses that acquaint them with philosophic traditions other than the dominant Western ones.

**Concentration in Philosophy, Politics and Society**

**Prerequisite**
Students are encouraged to take

**PHILO 10600 - Philosophy, Politics and Society**

GER 2/C PD/D  
Introduction to social and political philosophy.  
*3 hrs 3 cr.*  
*offered each semester*

Macaulay Honors students may take either

**PHILO 20300 - Great Philosophers: Ancient and Medieval**

GER 2/C PD/D  
A comprehensive study of major philosophical thinkers, ideas and movements from the dawn of philosophy in ancient Greece to the time of the Renaissance.  
*prereq: ENGL 12000*  
*3 hrs 3 cr.*  

-or-

**PHILO 20400 - Great Philosophers**

GER 2/C PD/D  
A comprehensive study of major philosophical thinkers.  
*prereq: ENGL 12000*  
*3 hrs 3 cr.*

Note:

*None of these courses counts toward the major requirements.*

The concentration in Philosophy, Politics and Society consists of 30 credits distributed as follows:

9 credits in history of philosophy

**PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)**

GER 3/A PD/D  
Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.  
*prereq: ENGL 12000 and one previous course in philosophy.*  
*3 hrs 3 cr.*

**PHILO 21500 - Foundations of Modern Philosophy (W)**

GER 3/A PD/D  
Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 21800 - Revolutions in Modern Philosophy (W)
GER 3/A PD/D
Study of major philosophers of the late 18th and 19th centuries such as Kant, Hegel, Schopenhauer, Feuerbach, Kierkegaard, Marx and Nietzsche.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

3 credits in political philosophy

PHILO 24600 - Political Philosophy (W)
GER 3/B
Study of selected philosophical problems in politics, law, economics and society.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

3 credits in social philosophy

PHILO 24800 - International Ethics (W)
GER 3/B
Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

-or-

PHILO 25000 - Problems of Ethics and Society (W)
GER 3/B
Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

3 credits in the intensive study of a major philosopher, preferably concerning their political and/or social ideas,

for example

PHILO 38000 - Plato (W)
GER 3/A
Close study of major Platonic dialogues.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
4 hrs 4 cr

**PHILO 38100 - Aristotle (W)**

GER 3/A
Close study of Aristotle's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

**PHILO 38300 - Major Figure in Early Modern Philosophy (W)**

GER 3/A
A study of the works and legacy of one of the major philosophers of the 17th and 18th centuries such as Descartes, Spinoza, Leibniz, Hobbes, Locke, Berkeley, Hume and Rousseau. The course may be repeated as different figures are offered.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

**PHILO 38400 - Kant (W)**

GER 3/A
A study of some of Kant's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

**PHILO 38600 - Hegel (W)**

GER 3/A
Study of some of Hegel's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

**PHILO 38700 - Nietzsche (W)**

GER 3/A
Study of Nietzsche's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

**PHILO 39000 - Marx (W)**

GER 3/A
Study of some of Marx's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

3 credits in the study of recent issues in political and social philosophy

**PHILO 34600 - Justice in Contemporary Society (W)**
GER 3/B
A study of concepts of justice developed in the 20th century and their relevance to problems of contemporary society, such as social welfare, property rights and democratic government.

3 hrs 3 cr

9 credits in electives

chosen from 200- and 300-level PHIL courses (excluding PHILO 20300 and PHILO 20400, but including PHILO 17100); 6 credits of this requirement may be taken from the nondepartmental courses listed below. It is also recommended that 3 credits be taken on philosophical approaches to class, race, or gender; the following philosophy courses satisfy this recommendation: PHILO 22000 - Radical Philosophy (W), PHILO 22600 - African-American Philosophy (W), or PHILO 23000 - Feminism: Philosophical Theory and Practice (W)

Nondepartmental courses to satisfy elective requirement

AFPRL 40100 - Pan-Africanism

GER 3/B
Seminar traces development of Pan-Africanism through the 20th century.
Not open to freshmen.
prereq: AFPRL 20200 or 20400 or 20600
3 hrs 3 cr.

AFPRL 40200 - African American Political Thought

GER 3/B
Comparative theorists; methods and ideological currents.
prereq: AFPRL 20300 or 20400 or 20500
3 hrs 3 cr.

HIST 33100 - European Culture in the 16th, 17th and 18th Centuries (W)

GER 3/B
The impact of the Reformation, Counter- Reformation, the Scientific Revolution and related movements.
Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

HIST 33200 - Modern Culture from the 18th to the 20th Centuries

GER 3/B
From the impact of the Scientific Revolution and the Enlightenment to recent literature, art, religion and science. European political and social thought.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

POLSC 20100 - Ancient to Early Modern Political Thought (W)
GER 3/B PD/D
The study of selected writers from the ancient Greeks to the Renaissance (e.g., Plato to Machiavelli), focusing on the political dimensions of such ideas as rationality, virtue, community, human nature and historical change.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 20200 - Modern Political Thought (1600-1900) (W)

GER 3/B PD/D
The study of selected political writers (e.g., Hobbes to Nietzsche), with special emphasis given to the nature of and problems with, liberty, equality and justice in modern societies and states.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 20300 - Political Thought Since 1900 (W)

GER 3/B PD/D
Exploration of concepts and thinkers in political theory since 1900. Topics include such traditional issues of political theory as the nature and scope of political regimes, justice, equality and changing concepts of human nature.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 20400 - Contemporary Issues in Political Theory

GER 3/B
Topics vary each semester. They have included democracy in America, totalitarianism, liberty and authority.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 20900 - Women and Gender in Western Political Thought (W)

GER 3/B PD/C or D
Examines history of political thought from the perspective of gender relations and the treatment of women.
cross-listed WGST 20900
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 30100 - American Political Thought (W)

GER 3/B
Examination of ideas that have shaped American politics from the Revolution to the present, including Federalists and Anti-Federalists, Progressivism and responses to industrialization and recent debates over the welfare state, political inclusion and democracy.
prereq: ENGL 12000 or its equivalent; one course in political theory or perm. instr.
3 hrs 3 cr.

POLSC 30400 - Contemporary Issues in Political Theory

GER 3/B
Selected topics in political theory.
prereq: ENGL 12000 or its equivalent; one course in political theory subfield or perm instr
3 hrs 3 cr.

POLSC 30500 - Democratic Theory (W)

GER 3/B
A critical survey of different conceptions of democracy: issues include democracy as a political order, democracy and 'non-political' forms of life (e.g., business, family, religion), toleration, political representation, democracy and justice.
prereq or coreq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs 3 cr.

POLSC 30900 - Feminist Political Theory (W)

GER 3/B PD/C
Readings in feminist ideas, both historical and contemporary, on issues of power, justice and equality. The course will emphasize different perspectives, including those of liberal, radical, postmodernist, women of color, third world and 'global' feminists.
cross-listed WGST 30900 (W)
prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs 3 cr.

POLSC 31100 - Utopian Theory (W)

GER 3/B
Political theorists often imagine ideal worlds, both to explore ideals and to criticize political realities. This course will explore utopias and dystopias as theories that explore political possibilities and challenge existing realities.
prereq: ENGL 12000 or its equivalent; one course in political theory or perm dept.
3 hrs 3 cr.

POLSC 31600 - Political Theory of Human Rights (W)

GER 3/B
A critical analysis of the intersection of academic and practical discourse of human rights with the central concerns of political theory, particularly as it engages relationships between ethics and power as well as theory and practice.
prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs 3 cr.

SOC 22100 - Classical Sociological Theory

GER 3/B PD/D
Classical theorists and their contributions.
prereq: SOC 10100
3 hrs 3 cr.

SOC 22300 - Current Sociological Theory

GER 3/B
Significance of concepts and nature of evidence applied to leading theories. Theory construction.
prereq: SOC 10100, SOC 22100, major
3 hrs 3 cr.
Elective courses recommended for students with particular interests

Elective credits should be carefully chosen to focus students’ programs on their present interests and future needs. The following courses are recommended for students with particular interests.

Graduate study in philosophy

**PHILO 17100 - Introduction to Symbolic Logic**

Sentential logic, including the truth-functional connectives, truth tables, symbolizations, consistency trees. Predicate logic, including quantificational symbolizations and consistency trees for quantifiers.

3 hrs 3 cr.

**PHILO 24400 - Moral Philosophy (W)**

GER 3/A
Study of selected problems in philosophical ethics and moral psychology.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

Admission to law school

**PHILO 17100 - Introduction to Symbolic Logic**

Sentential logic, including the truth-functional connectives, truth tables, symbolizations, consistency trees. Predicate logic, including quantificational symbolizations and consistency trees for quantifiers.
3 hrs 3 cr.

**PHILO 24400 - Moral Philosophy (W)**

GER 3/A
Study of selected problems in philosophical ethics and moral psychology.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

Careers in public administration

**PHILO 25000 - Problems of Ethics and Society (W)**

GER 3/B
Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

Careers in foreign service

**PHILO 24800 - International Ethics (W)**
GER 3/B
Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

POLSC 31600 - Political Theory of Human Rights (W)

GER 3/B
A critical analysis of the intersection of academic and practical discourse of human rights with the central concerns of political theory, particularly as it engages relationships between ethics and power as well as theory and practice.
prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
An additional course relating philosophy to international relations
3 hrs 3 cr.

Careers in social welfare

PHILO 25000 - Problems of Ethics and Society (W)

GER 3/B
Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

SOC 22100 - Classical Sociological Theory

GER 3/B PD/D
Classical theorists and their contributions.
prereq: SOC 10100
3 hrs 3 cr.

SOC 22300 - Current Sociological Theory

GER 3/B
Significance of concepts and nature of evidence applied to leading theories. Theory construction.
prereq: SOC 10100, SOC 22100, major
3 hrs 3 cr.

Note:

Certain new, ad hoc, or independent study courses may be taken in partial satisfaction of requirements listed above, if they are approved by the Philosophy, Politics and Society major concentration adviser.

Minors in Philosophy

Students may declare an optional minor in Philosophy (the Standard concentration) or a minor in the Philosophy, Politics, Society concentration. In either case a minor in philosophy is comprised of 12 credits at the 200-level or above, including no fewer than 3 credits at the 300-level. Exceptions:PHILO 17100 may count toward the minor at the 200-level; and PHILO 20300 and PHILO 20400 shall not count. PHILO 20300 and 20400 are excluded from counting
toward the minor, because they are, albeit advanced, introductory courses. A student must pass a minor in philosophy with a minimum GPA of 3.00.

When constructing a philosophy minor in either the standard or the PPS concentration, a student should always consult with a philosophy department advisor beforehand.

The Standard Minor

Students should follow their interests in choosing the courses taken to satisfy the minor. Usually this will involve choosing courses related to the student’s major. Ideally the minor will allow the student to study the philosophical issues associated with a field or period of history in increasing depth. Some suggested tracks are listed below:

Logic and Mathematics

four of

PHILO 17100 - Introduction to Symbolic Logic

Sentential logic, including the truth-functional connectives, truth tables, symbolizations, consistency trees. Predicate logic, including quantificational symbolizations and consistency trees for quantifiers.

3 hrs 3 cr.

PHILO 27500 - Intermediate Symbolic Logic

GER 3/B
Sentential derivations, interpretations, symbolizations involving operator symbols, identity, definite descriptions, predicate derivations through logic of identity and definite descriptions.

cross-listed MATH 27500

prereq: PHIL 17100

3 hrs 3 cr.

PHILO 27900 - Inductive Logic

GER 3/B
Deductive vs. inductive logic, basic forms of inductive inference, Mill's methods and controlled experiments, the probability calculus, interpretations of probability, the problem of induction, confirmation and disconfirmation of hypotheses.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs 3 cr.

PHILO 36400 - Philosophy of Language (W)

GER 3/A
Inquiry into the philosophical significance of language, its structure, meaning, reference and use.

prereq: Two courses in philosophy, at least one of which is at the 200 level.

3 hrs 3 cr.

PHILO 37500 - Advanced Symbolic Logic
GER 3/B
A survey of the central results and techniques of meta-logic, principally mathematical induction, the soundness and completeness of theorems for first-order logic, the Skolem theorem and Church's theorem on undecidability.

prereq: PHIL 27500 or equiv.
3 hrs 3 cr.

PHILO 37600 - Philosophy of Mathematics (W)

GER 3/B
Study of such issues as the nature of demonstration or proof and the nature of mathematical knowledge and mathematical objects such as numbers and sets. cross-listed with MATH 376.

prereq: ENGL 12000; one PHIL course and one PHIL or MATH course (precalculus or beyond)
3 hrs 3 cr.

Natural and Social Sciences

four of

PHILO 17100 - Introduction to Symbolic Logic

Sentential logic, including the truth-functional connectives, truth tables, symbolizations, consistency trees. Predicate logic, including quantificational symbolizations and consistency trees for quantifiers.
3 hrs 3 cr.

PHILO 21500 - Foundations of Modern Philosophy (W)

GER 3/A PD/D
Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 26800 - Philosophical Psychology (W)

GER 3/B
Views of human nature underlying some major contemporary schools of psychology, such as Freudian psychoanalysis, behaviorism, existential psychoanalysis, Piaget's developmental psychology.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 27000 - Philosophy, Science and Culture (W)

GER 3/B
Issues relating to the impact of modern science on philosophy, religion and culture.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 27500 - Intermediate Symbolic Logic
GER 3/B
Sentential derivations, interpretations, symbolizations involving operator symbols, identity, definite descriptions, predicate derivations through logic of identity and definite descriptions.

cross-listed MATH 27500
prereq: PHIL 17100
3 hrs 3 cr.

PHILO 27900 - Inductive Logic

GER 3/B
Deductive vs. inductive logic, basic forms of inductive inference, Mill's methods and controlled experiments, the probability calculus, interpretations of probability, the problem of induction, confirmation and disconfirmation of hypotheses.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 37500 - Advanced Symbolic Logic

GER 3/B
A survey of the central results and techniques of meta-logic, principally mathematical induction, the soundness and completeness of theorems for first-order logic, the Skolem theorem and Church's theorem on undecidability.
prereq: PHIL 27500 or equiv.
3 hrs 3 cr.

PHILO 37900 - Philosophy of Science (W)

GER 3/B
Study of foundations of knowledge in natural and social sciences.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

Psychology and Mind

four of

PHILO 20100 - Knowledge and Reality (W)

GER 3/A PD/D
Study of main problems of theory of knowledge and metaphysics such as personal identity, grounds of justified belief, existence of God, nature of free will and causality.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)

GER 3/A PD/D
Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.
PHILO 21500 - Foundations of Modern Philosophy (W)

GER 3/A PD/D
Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.  
prereq: ENGL 12000 and one previous course in philosophy.  
3 hrs 3 cr.

PHILO 26800 - Philosophical Psychology (W)

GER 3/B
Views of human nature underlying some major contemporary schools of psychology, such as Freudian psychoanalysis, behaviorism, existential psychoanalysis, Piaget's developmental psychology.  
prereq: ENGL 12000 and one previous course in philosophy.  
3 hrs 3 cr.

PHILO 36600 - Philosophy of Mind (W)

GER 3/A
Examination of the concept of mind and the person. Topics include thinking, intention, consciousness, supervenience, emotion, self-knowledge.  
prereq: Two courses in philosophy, at least one of which is at the 200 level.  
3 hrs 3 cr.

Cognitive Psychology

four of

PHILO 20100 - Knowledge and Reality (W)

GER 3/A PD/D
Study of main problems of theory of knowledge and metaphysics such as personal identity, grounds of justified belief, existence of God, nature of free will and causality.  
prereq: ENGL 12000 and one previous course in philosophy.  
3 hrs 3 cr.

PHILO 21500 - Foundations of Modern Philosophy (W)

GER 3/A PD/D
Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.  
prereq: ENGL 12000 and one previous course in philosophy.  
3 hrs 3 cr.

PHILO 26800 - Philosophical Psychology (W)

GER 3/B
Views of human nature underlying some major contemporary schools of psychology, such as Freudian psychoanalysis, behaviorism, existential psychoanalysis, Piaget's developmental psychology.
**PHILO 36200 - Theory of Knowledge (W)**

GER 3/A
Study of origin, structure, methods and foundations of human knowledge.
_prereq: Two courses in philosophy, at least one of which is at the 200 level._
3 hrs 3 cr.

**PHILO 37900 - Philosophy of Science (W)**

GER 3/B
Study of foundations of knowledge in natural and social sciences.
_prereq: Two courses in philosophy, at least one of which is at the 200 level._
3 hrs 3 cr.

**PHILO 38300 - Major Figure in Early Modern Philosophy (W)**

GER 3/A
A study of the works and legacy of one of the major philosophers of the 17th and 18th centuries such as Descartes, Spinoza, Leibniz, Hobbes, Locke, Berkeley, Hume and Rousseau. The course may be repeated as different figures are offered.
_prereq: Two courses in philosophy, at least one of which is at the 200 level._
3 hrs 3 cr.

**PHILO 38400 - Kant (W)**

GER 3/A
A study of some of Kant's major writings.
_prereq: Two courses in philosophy, at least one of which is at the 200 level._
3 hrs 3 cr.

**English and the Arts**

four of

**PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)**

GER 3/A PD/D
Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.
_prereq: ENGL 12000 and one previous course in philosophy._
3 hrs 3 cr.

**PHILO 21800 - Revolutions in Modern Philosophy (W)**

GER 3/A PD/D
Study of major philosophers of the late 18th and 19th centuries such as Kant, Hegel, Schopenhauer, Feuerbach, Kierkegaard, Marx and Nietzsche.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 22800 - Existentialism (W)

GER 3/A PD/D
Philosophical writings of major existentialists. Topics include nature of subjectivity, moral value, freedom, authenticity.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 24400 - Moral Philosophy (W)

GER 3/A
Study of selected problems in philosophical ethics and moral psychology.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25600 - Philosophical Ideas in Literature (W)

GER 3/A
Analysis of major philosophical themes in some classics of world literature.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25800 - Aesthetics (W)

GER 3/A
Study of philosophical issues that arise in our understanding and criticism of the arts. Topics include nature of expression, purpose and standards of criticism and aesthetic value.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 38000 - Plato (W)

GER 3/A
Close study of major Platonic dialogues.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
4 hrs 4 cr

PHILO 38300 - Major Figure in Early Modern Philosophy (W)

GER 3/A
A study of the works and legacy of one of the major philosophers of the 17th and 18th centuries such as Descartes, Spinoza, Leibniz, Hobbes, Locke, Berkeley, Hume and Rousseau. The course may be repeated as different figures are offered.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38600 - Hegel (W)
GER 3/A
Study of some of Hegel's major writings.

prereq: Two courses in philosophy, at least one of which is at the 200 level.

3 hrs 3 cr.

PHILO 38700 - Nietzsche (W)

GER 3/A
Study of Nietzsche's major writings.

prereq: Two courses in philosophy, at least one of which is at the 200 level.

3 hrs 3 cr.

History of the modern world

four of

PHILO 21500 - Foundations of Modern Philosophy (W)

GER 3/A PD/D
Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs 3 cr.

PHILO 21800 - Revolutions in Modern Philosophy (W)

GER 3/A PD/D
Study of major philosophers of the late 18th and 19th centuries such as Kant, Hegel, Schopenhauer, Feuerbach, Kierkegaard, Marx and Nietzsche.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs 3 cr.

PHILO 22000 - Radical Philosophy (W)

GER 3/A PD/D
Study of 20th-century philosophers who were critical of industrial capitalist society, such as Lukes and Marcuse, along with their historical precursors, including Rousseau and Marx.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs 3 cr.

PHILO 22500 - American Philosophy (W)

GER 3/A PD/D
Historical survey of major American philosophers such as Edwards, Emerson, Thoreau, Peirce, James, Royce, Santayana and Dewey.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs 3 cr.

PHILO 22600 - African-American Philosophy (W)
GER 3/A PD/B
Development of the African-American intellectual tradition. Study of the work of such figures as Equiano, Douglass, Cooper, Blyden, Du Bois and Hurston.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 22800 - Existentialism (W)

GER 3/A PD/D
Philosophical writings of major existentialists. Topics include nature of subjectivity, moral value, freedom, authenticity.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 24600 - Political Philosophy (W)

GER 3/B
Study of selected philosophical problems in politics, law, economics and society.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 24800 - International Ethics (W)

GER 3/B
Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25000 - Problems of Ethics and Society (W)

GER 3/B
Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 38300 - Major Figure in Early Modern Philosophy (W)

GER 3/A
A study of the works and legacy of one of the major philosophers of the 17th and 18th centuries such as Descartes, Spinoza, Leibniz, Hobbes, Locke, Berkeley, Hume and Rousseau. The course may be repeated as different figures are offered.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38400 - Kant (W)

GER 3/A
A study of some of Kant's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38600 - Hegel (W)

GER 3/A
Study of some of Hegel's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38700 - Nietzsche (W)

GER 3/A
Study of Nietzsche's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38800 - Wittgenstein (W)

GER 3/A
Development of Wittgenstein's thought through intensive study of his major works.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38900 - Heidegger (W)

GER 3/A
Detailed study of the central themes in Being and Time and their development in his later essays.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 39000 - Marx (W)

GER 3/A
Study of some of Marx's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

History of the classical and medieval world

four of

PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)

GER 3/A PD/D
Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 21400 - Medieval Philosophy (W)
Study of major writings by medieval Arabic, Christian and Jewish philosophers such as Averroes, Aquinas and Maimonides.  
prereq: ENGL 12000 and one previous course in philosophy.  
3 hrs 3 cr.

**PHILO 22300 - Neoplatonism (W)**

A study of the main thinkers and ideas in ancient and medieval Neoplatonism, emphasizing Plotinus and Augustine.  
prereq: ENGL 12000 and one previous course in philosophy.  
3 hrs 3 cr.

**PHILO 38000 - Plato (W)**

Close study of major Platonic dialogues.  
prereq: Two courses in philosophy, at least one of which is at the 200 level.  
4 hrs 4 cr.

**PHILO 38100 - Aristotle (W)**

Close study of Aristotle's major writings,  
prereq: Two courses in philosophy, at least one of which is at the 200 level.  
3 hrs 3 cr.

**PHILO 38200 - Major Figure in Medieval Philosophy (W)**

A study of the works and legacy of one of the major philosophers of the Middle Ages such as Augustine, Averroes, Maimonides, or Aquinas. The course may be repeated as different figures are offered.  
prereq: Two courses in philosophy, at least one of which is at the 200 level.  
3 hrs 3 cr.

**PHILO 38500 - Plotinus (W)**

A study of the background, writings and legacy of Plotinus.  
prereq: Two courses in philosophy, at least one of which is at the 200 level.  
3 hrs 3 cr.

American history or culture  
four of

**PHILO 22500 - American Philosophy (W)**

Historical survey of major American philosophers such as Edwards, Emerson, Thoreau, Peirce, James, Royce,
Santayana and Dewey.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 22600 - African-American Philosophy (W)

GER 3/A PD/B
Development of the African-American intellectual tradition. Study of the work of such figures as Equiano, Douglass, Cooper, Blyden, Du Bois and Hurston.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 23000 - Feminism: Philosophical Theory and Practice (W)

GER 3/A PD/C
Analyses of feminist theories and their practical implications.

cross-listed WGST 23000 (W)

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 32000 - Twentieth-Century Philosophy (W)

GER 3/A
Survey of such movements as pragmatism, process philosophy, analytic philosophy, existentialism, phenomenology, feminism and post modernism through consideration of such representative figures as Dewey, Moore, Whitehead, Russell, Husserl, Heidegger, Wittgenstein, Ayer, Sartre, De Beauvoir, Quine, Rorty and Rawls.

prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

Law

PHILO 24600 - Political Philosophy (W)

GER 3/B
Study of selected philosophical problems in politics, law, economics and society.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 24800 - International Ethics (W)

GER 3/B
Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25200 - Problems of Law and Morality

GER 3/B
Philosophy of law and the relation of legal to ethical issues.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 34600 - Justice in Contemporary Society (W)

GER 3/B
A study of concepts of justice developed in the 20th century and their relevance to problems of contemporary society, such as social welfare, property rights and democratic government.
3 hrs 3 cr

Ethics

PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)

GER 3/A PD/D
Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 24400 - Moral Philosophy (W)

GER 3/A
Study of selected problems in philosophical ethics and moral psychology.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 24800 - International Ethics (W)

GER 3/B
Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25000 - Problems of Ethics and Society (W)

GER 3/B
Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25200 - Problems of Law and Morality

GER 3/B
Philosophy of law and the relation of legal to ethical issues.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.
PHILO 25400 - Ethical Issues in Biology and Medical Care (W)

GER 3/B
Treats issues such as abortion, euthanasia, extraordinary means, confidentiality, human experimentation, genetic control and allocation of limited life-saving therapy.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 34400 - Ethics in Contemporary Life (W)

GER 3/A
A study of concepts of ethics developed in the 20th century and their relevance to problems of contemporary life, such as personal development, social responsibility, and cultural difference.

3 hrs 3 cr

Religion

four of

PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)

GER 3/A PD/D
Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 21400 - Medieval Philosophy (W)

GER 3/A PD/D
Study of major writings by medieval Arabic, Christian and Jewish philosophers such as Averroes, Aquinas and Maimonides.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 21500 - Foundations of Modern Philosophy (W)

GER 3/A PD/D
Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 22300 - Neoplatonism (W)

GER 3/A PD/D
A study of the main thinkers and ideas in ancient and medieval Neoplatonism, emphasizing Plotinus and Augustine.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.
PHILO 22800 - Existentialism (W)

GER 3/A PD/D
Philosophical writings of major existentialists. Topics include nature of subjectivity, moral value, freedom, authenticity.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 26200 - Philosophy of Religion (W)

GER 3/A
Philosophical examination of some religious questions and beliefs.
prereq: one course in philosophy or religion (see statement under Program Prerequisites)
3 hrs 3 cr.

PHILO 36000 - Metaphysics (W)

GER 3/A
Study of major metaphysical views, such as materialism, idealism, nominalism and realism. The major question is: What is reality and how may it be known?
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38000 - Plato (W)

GER 3/A
Close study of major Platonic dialogues.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
4 hrs 4 cr

PHILO 38200 - Major Figure in Medieval Philosophy (W)

GER 3/A
A study of the works and legacy of one of the major philosophers of the Middle Ages such as Augustine, Averroes, Maimonides, or Aquinas. The course may be repeated as different figures are offered.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38500 - Plotinus (W)

GER 3/A
A study of the background, writings and legacy of Plotinus.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38700 - Nietzsche (W)

GER 3/A
Study of Nietzsche's major writings.
Minor in Philosophy, Politics and Society (PPS)

A student must take, as a prerequisite to the minor, PHILO 10600. This course does not count toward the PPS minor.

The PPS minor consists in taking 4 courses or 12 credits from the philosophy courses listed in the PPS major. Non-philosophy courses counting toward the PPS major concentration may not count toward the minor in philosophy.

Major Adviser

The Philosophy Department offers extensive advising services to majors, including: guidance for course selection and sequencing and devising a course of study; tracking progress and compliance with college, CUNY, and state regulations; career advice; planning for graduate and professional school applications; and information about special opportunities for philosophy students. Minors may also make use of these services.

Mentoring

Philosophy majors are encouraged to establish a relationship with a faculty mentor of their choice. This relationship can be distinct from the departmental advising relationship.

Honors

To be eligible for graduation with departmental honors in philosophy, a major must have at least a 3.50 GPA in philosophy, at least a 3.0 overall GPA. The student must register for the 3- or 6-credit PHILO 49400, which is taken in addition to and is not part of the 30 credits for the major. The student must write a substantial paper under the direction of a full-time faculty member. To receive departmental honors the completed paper must be submitted to a three-member committee who will judge whether it merits departmental honors. This committee will consist of the director of the student's Honors Tutorial and two other full-time philosophy faculty members appointed by the director.

PHILO 49400 - Honors Tutorial in Philosophy

Open to Jr/Sr only. Students must present a proposal for an individual project to be completed under faculty supervision. Successful completion is one requirement for departmental honors at graduation.

prereq: 3.0 cum GPA and 3.50 major GPA; philosophy majors only, minor with perm instr; two 300-level PHIL courses, one of which may be taken concurrently; perm dept.

3 or 6 cr.

Independent Study

Students may engage in independent study under the supervision of a member of the Philosophy department by receiving permission to take the following.

PHILO 49200 - Independent Study in Philosophy
Independent study of philosophical works under faculty supervision.

Prereq: one PHILO course at 300-level, perm instr. (see Program Prerequisites)
1-6 cr.

Undergraduate Minor

Minor in Philosophy Standard and PPS Concentration

The philosophy minor requires 12 credits at the 200-level and above with no fewer than 3 credits at the 300-level. Exceptions: PHILO 17100 may count toward the minor at the 200-level. PHILO 20300 and PHILO 20400 shall not count.

Students seeking to minor in the Philosophy, Politics, Society (PPS) concentration must select from the approved list of philosophy courses (i.e., non-philosophy courses may not be applied).

A student must pass a minor in philosophy with a minimum GPA of 3.00.

Prerequisite to the minor: one of 6 introductory philosophy courses:

PHILO 10100
PHILO 10300
PHILO 10400
PHILO 10600
PHILO 20300
PHILO 20400 and
ENGL 12000

Note: When constructing a philosophy minor in either the standard or the PPS concentration, a student should always consult with a philosophy department adviser beforehand.

See Philosophy - BA for suggested tracks in the Standard Concentration

Humanities and The Arts

HUM 11000 - Map of Knowledge (W)

GER 2/C
Introduction to range of knowledge available in the curriculum. Discusses subject matter and methodology of various disciplines as well as their relations within and across the curriculum to aid students in making intelligent choices in their course of study.
3 hrs 3 cr.
Philosophy: Introductory Courses

PHILO 10100 - Introduction to Philosophy
GER 2/C
Examination of basic philosophical questions through study of selected philosophical classics.
3 hrs 3 cr.
offered each semester

PHILO 10300 - Introduction to Logic and Critical Thinking
GER 2/C
Recognizing arguments; traditional logic including concepts, propositions, categorical, hypothetical and disjunctive syllogisms; argument structure, natural language argumentation, fallacies.
3 hrs 3 cr.
offered each semester

PHILO 10400 - Introduction to Ethics
GER 2/C
Examination of standards of right conduct and the good life through study of selected philosophical classics.
3 hrs 3 cr.
offered each semester

PHILO 10600 - Philosophy, Politics and Society
GER 2/C PD/D
Introduction to social and political philosophy.
3 hrs 3 cr.
offered each semester

PHILO 20300 - Great Philosophers: Ancient and Medieval
GER 2/C PD/D
A comprehensive study of major philosophical thinkers, ideas and movements from the dawn of philosophy in ancient Greece to the time of the Renaissance.
prereq: ENGL 12000
3 hrs 3 cr.

PHILO 20400 - Great Philosophers
GER 2/C PD/D
A comprehensive study of major philosophical thinkers.
prereq: ENGL 12000
3 hrs 3 cr.

Philosophy Courses: Ethics, Politics and Aesthetics
PHILO 24400 - Moral Philosophy (W)

GER 3/A
Study of selected problems in philosophical ethics and moral psychology.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 24600 - Political Philosophy (W)

GER 3/B
Study of selected philosophical problems in politics, law, economics and society.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 24800 - International Ethics (W)

GER 3/B
Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25000 - Problems of Ethics and Society (W)

GER 3/B
Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25200 - Problems of Law and Morality

GER 3/B
Philosophy of law and the relation of legal to ethical issues.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25400 - Ethical Issues in Biology and Medical Care (W)

GER 3/B
Treats issues such as abortion, euthanasia, extraordinary means, confidentiality, human experimentation, genetic control and allocation of limited life-saving therapy.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25600 - Philosophical Ideas in Literature (W)
GER 3/A
Analysis of major philosophical themes in some classics of world literature.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 25800 - Aesthetics (W)

GER 3/A
Study of philosophical issues that arise in our understanding and criticism of the arts. Topics include nature of expression, purpose and standards of criticism and aesthetic value.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 34400 - Ethics in Contemporary Life (W)

GER 3/A
A study of concepts of ethics developed in the 20th century and their relevance to problems of contemporary life, such as personal development, social responsibility, and cultural difference.
3 hrs 3 cr

PHILO 34600 - Justice in Contemporary Society (W)

GER 3/B
A study of concepts of justice developed in the 20th century and their relevance to problems of contemporary society, such as social welfare, property rights and democratic government.
3 hrs 3 cr

Philosophy Courses: History of Philosophy

PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)

GER 3/A PD/D
Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 21400 - Medieval Philosophy (W)

GER 3/A PD/D
Study of major writings by medieval Arabic, Christian and Jewish philosophers such as Averroes, Aquinas and Maimonides.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 21500 - Foundations of Modern Philosophy (W)
GER 3/A PD/D
Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 21600 - Women Philosophers of the Past

GER 3/A PD/C
Study of the writings and ideas of selected women philosophers who lived before the contemporary feminist movement.
cross-listed WGS 21600

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 21800 - Revolutions in Modern Philosophy (W)

GER 3/A PD/D
Study of major philosophers of the late 18th and 19th centuries such as Kant, Hegel, Schopenhauer, Feuerbach, Kierkegaard, Marx and Nietzsche.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 21900 - Chinese Philosophy (W)

GER 3/A PD/A
Readings from the classics of Chinese philosophy found in Confucian, Taoist and Buddhist traditions.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 22000 - Radical Philosophy (W)

GER 3/A PD/D
Study of 20th-century philosophers who were critical of industrial capitalist society, such as Lukes and Marcuse, along with their historical precursors, including Rousseau and Marx.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 22100 - Indian Philosophy (W)

GER 3A PD/A
This course begins with the root texts of the world's oldest and longest continuously developed tradition of philosophical practice, questioning, and teaching, the Vedas and Upanishads. It continues with an examination of classic texts of influential Vedic schools--Samkhya, Yoga, Vedanta and Tantra--as well as of Theravada, Mahayana and Vajrayana Buddhist schools. It explores historical and recent interactions with these traditions outside of their homeland, and the practical contemporary implications of their psychological, ethical and metaphysical positions.

prereq: ENGL 10000 and one course in Philosophy
3 hrs 3 cr.
PHILO 22300 - Neoplatonism (W)

GER 3/A PD/D
A study of the main thinkers and ideas in ancient and medieval Neoplatonism, emphasizing Plotinus and Augustine.
_prereq: ENGL 12000 and one previous course in philosophy._
3 hrs 3 cr.

PHILO 22500 - American Philosophy (W)

GER 3/A PD/D
Historical survey of major American philosophers such as Edwards, Emerson, Thoreau, Peirce, James, Royce, Santayana and Dewey.
_prereq: ENGL 12000 and one previous course in philosophy._
3 hrs 3 cr.

PHILO 22600 - African-American Philosophy (W)

GER 3/A PD/B
Development of the African-American intellectual tradition. Study of the work of such figures as Equiano, Douglass, Cooper, Blyden, Du Bois and Hurston.
_prereq: ENGL 12000 and one previous course in philosophy._
3 hrs 3 cr.

PHILO 22800 - Existentialism (W)

GER 3/A PD/D
Philosophical writings of major existentialists. Topics include nature of subjectivity, moral value, freedom, authenticity.
_prereq: ENGL 12000 and one previous course in philosophy._
3 hrs 3 cr.

PHILO 23000 - Feminism: Philosophical Theory and Practice (W)

GER 3/A PD/C
Analyses of feminist theories and their practical implications.
_cross-listed WGST 23000 (W)_
_prereq: ENGL 12000 and one previous course in philosophy._
3 hrs 3 cr.

PHILO 32000 - Twentieth-Century Philosophy (W)

GER 3/A
Survey of such movements as pragmatism, process philosophy, analytic philosophy, existentialism, phenomenology, feminism and post modernism through consideration of such representative figures as Dewey, Moore, Whitehead, Russell, Husserl, Heidegger, Wittgenstein, Ayer, Sartre, De Beauvoir, Quine, Rorty and Rawls.
_prereq: Two courses in philosophy, at least one of which is at the 200 level._
3 hrs 3 cr.

PHILO 32200 - Modern Philosophical Idealism
GER 3/A
Study of major works of Fichte, Schelling, Hegel, Bradley, Royce and their critics.
_prereq: Two courses in philosophy, at least one of which is at the 200 level._
3 hrs 3 cr.

**Philosophy Courses: Logic**

**PHILO 17100 - Introduction to Symbolic Logic**

Sentential logic, including the truth-functional connectives, truth tables, symbolizations, consistency trees. Predicate logic, including quantificational symbolizations and consistency trees for quantifiers.
3 hrs 3 cr.

**PHILO 27500 - Intermediate Symbolic Logic**

GER 3/B
Sentential derivations, interpretations, symbolizations involving operator symbols, identity, definite descriptions, predicate derivations through logic of identity and definite descriptions.
_cross-listed MATH 27500_
_prereq: PHIL 17100_
3 hrs 3 cr.

**PHILO 27900 - Inductive Logic**

GER 3/B
Deductive vs. inductive logic, basic forms of inductive inference, Mill's methods and controlled experiments, the probability calculus, interpretations of probability, the problem of induction, confirmation and disconfirmation of hypotheses.
_prereq: ENGL 12000 and one previous course in philosophy._
3 hrs 3 cr.

**PHILO 37500 - Advanced Symbolic Logic**

GER 3/B
A survey of the central results and techniques of meta-logic, principally mathematical induction, the soundness and completeness of theorems for first-order logic, the Skolem theorem and Church's theorem on undecidability.
_prereq: PHIL 27500 or equiv._
3 hrs 3 cr.

**Philosophy Courses: Major Philosophers**

**PHILO 38000 - Plato (W)**

GER 3/A
Close study of major Platonic dialogues.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
4 hrs 4 cr

PHILO 38100 - Aristotle (W)

GER 3/A
Close study of Aristotle's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38200 - Major Figure in Medieval Philosophy (W)

GER 3/A
A study of the works and legacy of one of the major philosophers of the Middle Ages such as Augustine, Averroes, Maimonides, or Aquinas. The course may be repeated as different figures are offered.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 38250 - Major Figure in Medieval Philosophy: Augustine (W)

GER 3/A
A study of the works and legacy of Augustine.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr

PHILO 38254 - Major Figure in Medieval Philosophy: Averroes (W)

GER 3/A
A study of the works and legacy of Averroes.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr

PHILO 38254 - Major Figure in Medieval Philosophy: Maimonides (W)

GER 3/A
A study of the works and legacy of Maimonides.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr

PHILO 38256 - Major Figure in Medieval Philosophy: Aquinas (W)

GER 3/A
A study of the works and legacy of Aquinas.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr

PHILO 38300 - Major Figure in Early Modern Philosophy (W)

GER 3/A
A study of the works and legacy of one of the major philosophers of the 17th and 18th centuries such as Descartes.
Spinoza, Leibniz, Hobbes, Locke, Hume and Rousseau. The course may be repeated as different figures are offered.

**prereq:** Two courses in philosophy, at least one of which is at the 200 level.

3 hrs 3 cr.

**PHILO 38350 - Major Figure in Early Modern Philosophy: Descartes (W)**

GER 3/A
A study of the works and legacy of Descartes.

**prereq:** Two courses in philosophy, at least one of which is at the 200 level

3 hrs 3 cr

**PHILO 38351 - Major Figure in Early Modern Philosophy: Spinoza (W)**

GER 3/A
A study of the works and legacy of Spinoza.

**prereq:** Two courses in philosophy, at least one of which is at the 200 level

3 hrs 3 cr

**PHILO 38352 - Major Figure in Early Modern Philosophy: Leibniz (W)**

GER 3/A
A study of the works and legacy of Leibniz.

**prereq:** Two courses in philosophy, at least one of which is at the 200 level

3 hrs 3 cr

**PHILO 38353 - Major Figure in Early Modern Philosophy: Hobbes (W)**

GER 3/A
A study of the works and legacy of Hobbes.

**prereq:** Two courses in philosophy, at least one of which is at the 200 level

3 hrs 3 cr

**PHILO 38354 - Major Figure in Early Modern Philosophy: Locke (W)**

GER 3/A
A study of the works and legacy of Locke.

**prereq:** Two courses in philosophy, at least one of which is at the 200 level

3 hrs 3 cr

**PHILO 38355 - Major Figure in Early Modern Philosophy: Berkeley (W)**

GER 3/A
A study of the works and legacy of Berkeley.

**prereq:** Two courses in philosophy, at least one of which is at the 200 level

3 hrs 3 cr

**PHILO 38356 - Major Figure in Early Modern Philosophy: Hume (W)**
A study of the works and legacy of Hume.

*prereq: Two courses in philosophy, at least one of which is at the 200 level*

3 hrs 3 cr

**PHILO 38357 - Major Figure in Early Modern Philosophy: Rousseau (W)**

A study of the works and legacy of Rousseau.

*prereq: Two courses in philosophy, at least one of which is at the 200 level*

3 hrs 3 cr

**PHILO 38400 - Kant (W)**

A study of some of Kant's major writings.

*prereq: Two courses in philosophy, at least one of which is at the 200 level.*

3 hrs 3 cr

**PHILO 38500 - Plotinus (W)**

A study of the background, writings and legacy of Plotinus.

*prereq: Two courses in philosophy, at least one of which is at the 200 level.*

3 hrs 3 cr

**PHILO 38600 - Hegel (W)**

Study of some of Hegel's major writings.

*prereq: Two courses in philosophy, at least one of which is at the 200 level.*

3 hrs 3 cr

**PHILO 38700 - Nietzsche (W)**

Study of Nietzsche's major writings.

*prereq: Two courses in philosophy, at least one of which is at the 200 level.*

3 hrs 3 cr

**PHILO 38800 - Wittgenstein (W)**

Development of Wittgenstein's thought through intensive study of his major works.

*prereq: Two courses in philosophy, at least one of which is at the 200 level.*

3 hrs 3 cr

**PHILO 38900 - Heidegger (W)**
GER 3/A
Detailed study of the central themes in Being and Time and their development in his later essays.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

PHILO 39000 - Marx (W)

GER 3/A
Study of some of Marx's major writings.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs 3 cr.

Philosophy Courses: Metaphysics and Epistemology

PHILO 20100 - Knowledge and Reality (W)

GER 3/A PD/D
Study of main problems of theory of knowledge and metaphysics such as personal identity, grounds of justified belief, existence of God, nature of free will and causality.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 26200 - Philosophy of Religion (W)

GER 3/A
Philosophical examination of some religious questions and beliefs.
prereq: one course in philosophy or religion (see statement under Program Prerequisites)
3 hrs 3 cr.

PHILO 26800 - Philosophical Psychology (W)

GER 3/B
Views of human nature underlying some major contemporary schools of psychology, such as Freudian psychoanalysis, behaviorism, existential psychoanalysis, Piaget's developmental psychology.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 27000 - Philosophy, Science and Culture (W)

GER 3/B
Issues relating to the impact of modern science on philosophy, religion and culture.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 36000 - Metaphysics (W)

GER 3/A
Study of major metaphysical views, such as materialism, idealism, nominalism and realism. The major question is:
What is reality and how may it be known?

**PHILO 36200 - Theory of Knowledge (W)**

GER 3/A  
Study of origin, structure, methods and foundations of human knowledge.  
*prereq: Two courses in philosophy, at least one of which is at the 200 level.*  
3 hrs 3 cr.

**PHILO 36400 - Philosophy of Language (W)**

GER 3/A  
Inquiry into the philosophical significance of language, its structure, meaning, reference and use.  
*prereq: Two courses in philosophy, at least one of which is at the 200 level.*  
3 hrs 3 cr.

**PHILO 36600 - Philosophy of Mind (W)**

GER 3/A  
Examination of the concept of mind and the person. Topics include thinking, intention, consciousness, supervenience, emotion, self-knowledge.  
*prereq: Two courses in philosophy, at least one of which is at the 200 level.*  
3 hrs 3 cr.

**PHILO 37600 - Philosophy of Mathematics (W)**

GER 3/B  
Study of such issues as the nature of demonstration or proof and the nature of mathematical knowledge and mathematical objects such as numbers and sets. cross-listed with MATH 376.  
*prereq: ENGL 12000; one PHIL course and one PHIL or MATH course (precalculus or beyond)*  
3 hrs 3 cr.

**PHILO 37900 - Philosophy of Science (W)**

GER 3/B  
Study of foundations of knowledge in natural and social sciences.  
*prereq: Two courses in philosophy, at least one of which is at the 200 level.*  
3 hrs 3 cr.

**Philosophy: Special Courses**

**PHILO 20000 - Topics in Philosophy**

GER 3/A  
Topics discussed vary from semester to semester.
PHILO 39300 - Philosophical Systems

GER 3/A
Study of writings of one or two major philosophers.
prereq: variable (see Program Prerequisites)
3 hrs 3 cr.

PHILO 39400 - Philosophical Problems

GER 3/A
Study of one or more major philosophical problems.
prereq: variable (see Program Prerequisites)
3 hrs 3 cr.

PHILO 49200 - Independent Study in Philosophy

Independent study of philosophical works under faculty supervision.
prereq: one PHILO course at 300-level, perm instr. (see Program Prerequisites)
1-6 cr.

PHILO 49400 - Honors Tutorial in Philosophy

Open to Jr/Sr only. Students must present a proposal for an individual project to be completed under faculty supervision. Successful completion is one requirement for departmental honors at graduation.
prereq: 3.0 cum GPA and 3.50 major GPA; philosophy majors only, minor with perm instr; two 300-level PHIL courses, one of which may be taken concurrently; perm dept.
3 or 6 cr.

PHILO 49800 - Internship

Open to Jr/Sr only. Philosophically relevant internship.
prereq: philosophy major, minor with perm dept adviser; 2.5 cum GPA and 3.0 major GPA (see Program Prerequisites)
1-6 cr.

Programs and Courses in Physics & Astronomy

Physics and Astronomy

About the Department

Physics is the study of the basic interactions that govern the behavior of the universe as we know it. As such, a knowledge of physics is necessary for the proper understanding of any science, and, of course, it is an exciting field of study in its own right.
The department offers comprehensive training in physics that can lead to a teaching position in grades 7-12; industrial, institutional and government work; and graduate study. The major includes lecture courses, laboratory courses, and a chance for qualified students to participate in research with faculty members.

**Physics for Non-Physics Majors**

A minimum of one year of physics is recommended for all majors in sciences and health sciences.

Medical and dental schools also require one year of physics. Students requiring one year of physics may take either the PHYS 11000-PHYS 12000 sequence (9 cr) or the PHYS 11100-PHYS 12100 sequence (11 cr). Although both sequences cover the same topics, PHYS 11100-PHYS 12100 utilizes elementary calculus and meets for one additional lecture hour each week. It is recommended for science students and those premed students who satisfy the mathematics pre- or corequisite. PHYS 101 (4 cr) should be taken only by those who want a one semester terminal course in physics; it does not satisfy pre-professional requirements. Students should take no more than one first-semester course (PHYS 10100, PHYS 11000, PHYS 11100) and no more than one second-semester course (PHYS 12000, PHYS 12100) since they may receive credit for no more than one course from each group.

**Programs and Courses**

Programs and Courses in Physics & Astronomy

**Physical Sciences Learning Center**  
B122 Main Library HE, (212) 396-6458, (212) 650-3707,(212) 650-3986

The Physical Sciences Learning Center provides individual tutoring, on a walk-in basis, for students enrolled in physics, chemistry and organic chemistry courses. Workshops and group tutoring sessions are also offered for selected topics. State-of-the-art computers with Internet service and appropriate programs are readily accessible. A library containing a variety of physical science textbooks and problem solutions is available. The Learning Center encourages students to learn and work with their peers.

The Physical Sciences Learning Center is open Mondays through Fridays during the day and evening. At the beginning of each semester, the specific hours and tutoring schedules are posted.

Undergraduate Major

Chemical Engineering

Science Courses

Mathematics

**MATH 15000 - Calculus with Analytic Geometry I**

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications. 
*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*
4 hrs 4 cr.

**MATH 15500 - Calculus with Analytic Geometry II**

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates. 
*prereq: grade of C or better in MATH 15000*
4 hrs 4 cr.

**MATH 25000 - Calculus with Analytic Geometry III**

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration. 
*prereq: MATH 15500*
4 hrs 4 cr.

**MATH 25400 - Ordinary Differential Equations**

GER 3/B
First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory. 
*prereq: MATH 25000*
3 hrs 3 cr.

Chemistry
CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

*Primarily for pre-med, medical laboratory sciences and science majors.*

*prereq or coreq: MATH 12500, 12600 or equiv.*

5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

*Primarily for premed, medical laboratory sciences and science majors.*

*prereq: CHEM 10200 or CHEM 10000 with perm chair*

5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

*Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.*

*prereq: CHEM 10200*

*coreq: CHEM 10400*

6 hrs 3 cr.

Physics

PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.

*prereq or coreq: coreq (with perm dept.): MATH 15000*

8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11100, a two-semester introductory physics course using calculus.

*prereq: PHYS 11000 or 11100*

*prereq or coreq: (with perm dept.): MATH 15500*

8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

PHYS 33000 - Atomic and Nuclear Physics
Examines experimental evidence and develops modern view of structure of atom and nucleus.

\textit{prereq: PHYS 12000 or 12100} \textit{prereq or coreq: MATH 25000}

4 hrs 4 cr.

\textbf{PHYS 36000 - Atomic and Nuclear Physics for Engineers}

\textbf{PHYS 33500 - Intermediate Mechanics}

Study of laws of motion and coordinate systems; introduction to powerful analytical techniques.

\textit{prereq: PHYS 12000 or 12100} \textit{prereq or coreq: MATH 25000}

4 hrs 4 cr.

\textbf{PHYS 36500 - Analytical Mechanics}

Technical Drawing

Other Courses

English

\textbf{ENGL 12000 - Expository Writing}

GER 1/A
Required of all students unless exempt; trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.

\textit{prereq: successful completion of developmental courses, if required}

3 hrs + conf 3 cr.

Humanities and Social Sciences

- 3-4 courses*** 9-12

Economics

\textbf{ECO 20000 - Principles of Microeconomics}

GER 2/B
May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications.

\textit{prereq: MATH 10100 or exemption from the course}

3 hrs 3 cr.

\textbf{ECO 20100 - Principles of Macroeconomics}

GER 2/B
May be taken prior to or concurrently with ECO 20000. Economic growth; fluctuations in the aggregate economy; inflation; monetary and fiscal policy.
prereq: MATH 10100 or exemption from the course
3 hrs 3 cr.

Civil Engineering

Science Courses

Mathematics

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

MATH 15500 - Calculus with Analytic Geometry II

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs 4 cr.

MATH 25000 - Calculus with Analytic Geometry III

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.
prereq: MATH 15500
4 hrs 4 cr.

MATH 25400 - Ordinary Differential Equations

GER 3/B
First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.
prereq: MATH 25000
3 hrs 3 cr.

Chemistry

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.
CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
*Primarily for premed, medical laboratory sciences and science majors.*
*prereq: CHEM 10200 or CHEM 10000 with perm chair*
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
*Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.*
*prereq: CHEM 10200*
*coreq: CHEM 10400*
6 hrs 3 cr.

Geology

GEOL 10100 - Fundamentals of Geology

GER 2/E
Describes the earth and the forces that shape it. Topics of discussion will be the formation of the earth, plate tectonics, earth materials and geologic time. The goals of the course include introducing students to geology, "systems thinking", the methods of scientific inquiry. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee.
6 hrs (3 lec, 3 lab) 4.5 cr.
*Offered fall and spring.*

Physics

PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
*prereq or coreq: coreq (with perm dept.): MATH 15000*
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 1100, a two-semester introductory physics course using calculus.
*prereq: PHYS 11000 or 11100*
*prereq or coreq: (with perm dept.): MATH 15500*
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.
PHYS 33000 - Atomic and Nuclear Physics

Examines experimental evidence and develops modern view of structure of atom and nucleus.  
prereq: PHYS 12000 or 12100 prereq or coreq: MATH 25000  
4 hrs 4 cr.

PHYS 36000 - Atomic and Nuclear Physics for Engineers

Technical Drawing

Other Courses

English

ENGL 12000 - Expository Writing

GER 1/A  
Required of all students unless exempt; trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.  
prereq: successful completion of developmental courses, if required  
3 hrs + conf 3 cr.

 Humanities and Social Sciences

- 3-4 courses*** 9-12

Economics

ECO 20000 - Principles of Microeconomics

GER 2/B  
May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications.  
prereq: MATH 10100 or exemption from the course  
3 hrs 3 cr.

ECO 20100 - Principles of Macroeconomics

GER 2/B  
May be taken prior to or concurrently with ECO 20000. Economic growth; fluctuations in the aggregate economy; inflation; monetary and fiscal policy.  
prereq: MATH 10100 or exemption from the course  
3 hrs 3 cr.

Physics - BA

Major

One of the following 3 options (concentrations) may be taken.

- Physics Option 1
- Physics Option 2
- Physics Option 3

Graduate Study

The Department of Physics and Astronomy offers a number of advanced courses, listed in the graduate catalog, which give credit toward the degree of master of arts. Qualified undergraduate students may be admitted to these courses with the approval of the department chair.

Minor in Physics

A minor in Physics consists of a minimum of 12 credits of PHYS courses, including two courses numbered above 200 or one course numbered above 300.

Students who wish to enroll in the Physics Minor must have completed MATH 15000 and MATH 15500. The prerequisites for the 300-level courses include MATH 25000 and/or MATH 25400.

Honors Work

The opportunity for students to do individual research (experimental or theoretical) is offered in courses

PHYS 45300 - Introduction to Research

Independent theoretical or experimental research or independent study of approved topic.

prereq: PHYS 33000, 33400, 33500, and 42700 or perm chair
1-3 cr.

PHYS 45400 - Introduction to Research

Independent theoretical or experimental research or independent study of approved topic.

prereq: PHYS 45300 or perm chair
1 to 3 cr.

Articulation Agreements

Articulation Agreement for Queensborough AAS Degree in Laser Technology
An articulation agreement is in place for AAS graduates from Queensborough Community College with a degree in Laser Technology. Consult the physics department for further information.

**Articulation Agreement with New York City College of Technology**

An agreement is in place for students from New York City College of Technology (CUNY) who successfully complete an associate degree in science in Liberal Arts (LAS) with at least a 2.0 overall grade-point average to be accepted into the Hunter College BA program in Physics. Consult the physics and astronomy department for further information.

**Physics Option 1**

Return to Programs and Courses in Physics & Astronomy

For students in the BA/MA program, students intending to teach grades 7-12, and students intending to enter the medical profession. The requirements consist of 8 credits of introductory physics courses

PHYS 11100 and PHYS 12000 preferred

and a 22-credit concentration in physics courses at the 200 level and higher:

PHYS 22100
PHYS 22200
PHYS 33000
PHYS 33400
PHYS 23000
PHYS 23500
PHYS 33500

Additionally, 15-24 credits of allied courses (mathematics and chemistry) are also required. Together, the introductory physics and the Option 1 concentration (30 credit total) satisfy the major requirement for initial certification as a teacher of physics in grades 7-12. Option 1, together with the MA (see the Accelerated BA/MA Program in Physics), is recommended for students planning to pursue a PhD in physics.

**Preparation for Teaching**

The Option 1 major in physics satisfies the requirements for NY State initial certification of at least 30 credits for teachers in adolescent education: physics (grades 7-12). Students planning to become physics teachers at the secondary level should take the 23-credit sequence in secondary education.

Students preparing to teach physics are advised to include the following courses or their equivalents in their undergraduate program:

**MATH 25400 - Ordinary Differential Equations**

GER 3/B

First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.
prereq: MATH 25000
3 hrs 3 cr.

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
*Primarily for pre-med, medical laboratory sciences and science majors.*
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
*Primarily for premed, medical laboratory sciences and science majors.*
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
*Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.*
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs 3 cr.

ASTRO 10100 - Basic Concepts of Astronomy with Laboratory Exercises

GER 2/E with lab
An introductory, one-semester astronomy course designed for non-science majors. Topics include: basic observational features of the night sky, and their explanations; Kepler's laws of planetary motion; Newton's laws of motion and gravitation. Properties of light, and how it reveals the nature of its source. Origin, properties, and evolution of our solar system. The origin and evolution of stars, including giants, dwarfs, supernovae, neutron stars, and black holes. Structure of The Milky Way and other type of galaxies. Cosmology, Hubble's Law and the expanding universe, from the Big Bang to the present; future scenarios.

The lab consists of traditional hardware experiments and virtual online experiments.
Students taking this course will be required to submit online and hard-copy laboratory reports.
5 hrs 4 cr.

GEOL 10100 - Fundamentals of Geology

GER 2/E
Describes the earth and the forces that shape it. Topics of discussion will be the formation of the earth, plate tectonics, earth materials and geologic time. The goals of the course include introducing students to geology, "systems thinking", the methods of scientific inquiry. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee.
6 hrs (3 lec, 3 lab) 4.5 cr.
Offered fall and spring.

**BIOL 10000 - Principles of Biology I**

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

*Material Fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

**Physics Option 2**

Return to Programs and Courses in Physics & Astronomy

(Biophysics concentration) is recommended for students planning to pursue graduate studies and industrial R&D in biological related areas in physics, chemistry, bioengineering, and material sciences. This concentration is designed to allow the students to gain a solid foundation in physics and biology, together with a specially-designed course in biophysics which demonstrates the disciplinary interface between the two. The concentration requirements consist of courses in physics (26 cr), mathematics (12 cr), chemistry (15 cr) and biology (18 cr) and 8 credits of electives (at least 4 must be in physics).

**Courses in Physics (26 credits)**

**PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound**

GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
*prereq or coreq: coreq (with perm dept.): MATH 15000*

8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

**PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

GER 2/E
Second semester of PHYS 11100, a two-semester introductory physics course using calculus.
*prereq: PHYS 11000 or 11100*
*prereq or coreq: (with perm dept.): MATH 15500*

8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

**PHYS 33000 - Atomic and Nuclear Physics**
Examines experimental evidence and develops modern view of structure of atom and nucleus.

**PHYS 33400 - Intermediate Electricity and Magnetism**

Electrostatics, currents, magnetism, and introduction to electromagnetic theory of light.

**PHYS 33600 - Thermodynamics and Statistical Mechanics**

Study of fundamental ideas of heat, reversibility, and entropy. Introduction to statistical nature of some physical laws.

**PHYS 42000 - Introduction to Biophysics**

A comprehensive introduction to the interface between physics and biology and the application of the techniques of physics to understanding biological systems, focusing on developing an understanding of the thermodynamics of living systems, on the physical kinematics of macromolecules and other biological structures and on the theory of physical techniques that are used in the study of biological systems.

**Mathematics (12 cr)**

**MATH 15000 - Calculus with Analytic Geometry I**

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

**MATH 15500 - Calculus with Analytic Geometry II**

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

**MATH 25000 - Calculus with Analytic Geometry III**

Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.
Chemistry (15 cr)

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding. 
*Primarily for pre-med, medical laboratory sciences and science majors.*
*prereq or coreq: MATH 12500, 12600 or equiv.*
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium. 
*Primarily for premed, medical laboratory sciences and science majors.*
*prereq: CHEM 10200 or CHEM 10000 with perm chair* 
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10600 - General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory. 
*Credet not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.*
*prereq: CHEM 10200*  
coreq: CHEM 10400
6 hrs 3 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
*prereq: CHEM 10400*
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

CHEM 22400 - Organic Chemistry Lecture II

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.  
*prereq: prereq for CHEM 22400: CHEM 22200* 
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

Biology (18 cr)

BIOL 10000 - Principles of Biology I

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and
molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

**Material Fee: $5**

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

**BIOL 10200 - Principles of Biology II**

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

**Material fee: $5**

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

**BIOL 20000 - Cell Biology I: Microorganisms**

GER 3/B
Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses.

**Material fee: $10**
prereq: BIOL 10000 and 10200 or equiv; CHEM 10200, 10300, 10400, 10500 or equiv. coreq: CHEM 22200, 22300 or perm instr. (for Major II students, chem are CHEM 10000, 10100; coreqs are 12000, 12100)
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

**BIOL 30000 - Biological Chemistry**

GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.

**Material Fee: $10**
prereq: BIOL 20200, CHEM 22200, 22300 coreq: CHEM 22400
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

and 8 cr of electives

At least 4 credits must be in physics

**Physics Option 3**
(Laser and fiber optics concentration) is recommended for those interested in a career in the telecommunications industry, as it includes a foundation in lasers and fiber optics.

Eight (8) credits of introductory physics are required

Recommended

**PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound**

GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
prereq or coreq: coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

**PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

GER 2/E
Second semester of PHYS 11100, a two-semester introductory physics course using calculus.
prereq: PHYS 11000 or 11100
prereq or coreq: (with perm dept.): MATH 15500
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

May be taken instead

**PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound**

GER 2/E
First semester of two-semester introductory physics course using algebra.
prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

**PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

No more than 8 credits toward the major can be obtained from these courses. It is recommended that the following be taken, if the PHYS 110-120 sequence is taken instead of the PHYS 111-121 sequence.

**PHYS 19000 - Tutorial in Mathematical Physics**
Applications of differential and integral calculus to selected topics chosen from the major subfields of physics. Completion of this course and its prerequisites is equivalent to completion of the calculus-based general physics sequence, PHYS 11100 and 12100.

\[ \text{prereq: MATH 15500, PHYS 12000} \]

3 hrs (2 lec, 1 rec) 2 cr.

(15 cr) are required in addition to one year of high school chemistry or college chemistry

**MATH 15000 - Calculus with Analytic Geometry I**

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

\[ \text{prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.} \]

4 hrs 4 cr.

**MATH 15500 - Calculus with Analytic Geometry II**

GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

\[ \text{prereq: grade of C or better in MATH 15000} \]

4 hrs 4 cr.

**MATH 25000 - Calculus with Analytic Geometry III**

GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.

\[ \text{prereq: MATH 15500} \]

4 hrs 4 cr.

**MATH 25400 - Ordinary Differential Equations**

GER 3/B
First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.

\[ \text{prereq: MATH 25000} \]

3 hrs 3 cr.

All four courses of the sequence are required

No more than 4 credits of the sequence PHYS 231-234 may be used toward the major.

**PHYS 23100 - Fundamentals of Laser and Fiber Optics**

GER 3/B
Topics in optics related to lasers and optical fiber and devices for modulating and directing signals from such devices. Geometrical optics with emphasis on ray tracing. Matrix methods in optics. Lenses thick and thin, mirrors, prisms and other passive optical elements and systems. Propagation of light in materials. Dispersion and its effects. Special topics
in geometric and wave optics. Laboratory complements classwork.

 prerequisites: PHYS 12000 or 12100 or equiv; MATH 12500
 5 hrs 4 cr.

**PHYS 23200 - Laser and Electro-Optics Technology**

GER 3/B
Wave optics, interference, coherence, polarization, birefringence, diffraction, gratings in two and three dimensions, power and energy measurements, basics of laser safety, ultra-fast pulse technology measurements, basics of laser safety, ultra-fast pulse technologies, electro-optics and acoustooptics switches, optical materials, non-linear optics. Laboratory complements classwork.

 prerequisites: PHYS 23100
 7 hrs 5 cr.

**PHYS 23300 - Laser Electro-Optics Devices, Measurements and Applications**

GER 3/B
Laser as a device, principle of operation, cavity modes and their control (tuning elements, Q switching, mode-locking) and detection, laser design, types of lasers, includes discussion of laser types for medical, ranging and tracking, material processing, pollution monitoring, and optical memory applications, semiconductor laser. Laboratory complements classwork.

 prerequisites: PHYS 23100
 6 hrs 4 cr.

**PHYS 23400 - Fiber Optics Devices, Measurements, and Applications**

GER 3/B

 prerequisites: PHYS 23100
 6 hrs 4 cr.

**Undergraduate Major/Graduate Major**

**Physics - BA/MA**

This special program for a limited number of well qualified students leads to a bachelor of arts and a master of arts degree. Students are offered the opportunity to quickly reach a level where they are competitive for admission into any doctoral program in physics. The program requires 124-126 credits (including the 30 credits required for a physics major BA degree and 30 credits from the graduate curriculum). Because this program requires a large number of physics courses, many of which have other physics courses as prerequisites, students in this program should begin taking physics courses in their first or second semester. Students should consult with the department chair, undergraduate adviser or graduate adviser for details as early as possible.
Undergraduate Minor

Minor in Physics

A minor in Physics consists of a minimum of 12 credits of PHYS courses, including two courses numbered above 200 or one course numbered above 300. Students who wish to enroll in the Physics Minor must have completed:

- MATH 15000
- MATH 15500.

The prerequisites for the 300-level courses include MATH 25000 and/or MATH 25400.

Astronomy

Astronomy courses are offered by the Department of Physics and Astronomy

**ASTRO 10100 - Basic Concepts of Astronomy with Laboratory Exercises**

GER 2/E with lab
An introductory, one-semester astronomy course designed for non-science majors. Topics include: basic observational features of the night sky, and their explanations; Kepler's laws of planetary motion; Newton's laws of motion and gravitation. Properties of light, and how it reveals the nature of its source. Origin, properties, and evolution of our solar system. The origin and evolution of stars, including giants, dwarfs, supernovae, neutron stars, and black holes. Structure of The Milky Way and other type of galaxies. Cosmology, Hubble's Law and the expanding universe, from the Big Bang to the present; future scenarios.

*The lab consists of traditional hardware experiments and virtual online experiments.*
*Students taking this course will be required to submit online and hard-copy laboratory reports.*

5 hrs 4 cr.

**ASTRO 10700 - Laboratory Exercises in Astronomy**

GER 2/E
Classroom and online experimental laboratory exercises in astronomy to observe the major features of the night sky, demonstrate the physical basis of astronomical instruments, and experiment with astronomical phenomena. Only offered to students who have previously taken ASTRO 100 which is no longer offered [ASTRO 100 + ASTRO 107 are replaced by ASTRO 10100].

*prereq or coreq: ASTRO 10000* 2 hrs 1 cr.

Astronomy: Courses Less Frequently Offered
ASTRO 18100 - Astronomy of the Solar System

ASTRO 18200 - Stellar Astronomy

Physics

PHYS 10100 - Study of Selected Phenomena and Basic Concepts of Physics

GER 2/E
Introductory one-semester physics course designed for non-science majors and others requiring a one-semester terminal course.
6 hrs (3 lec, 3 lab) 4 cr.

PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
First semester of two-semester introductory physics course using algebra.
prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

PHYS 11100 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
prereq or coreq: coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.

PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

PHYS 12100 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11100, a two-semester introductory physics course using calculus.
prereq: PHYS 11000 or 11100
prereq or coreq: (with perm dept.): MATH 15500
8 hrs (4 lec, 3 lab, 1 rec) 5.5 cr.
PHYS 19000 - Tutorial in Mathematical Physics

Applications of differential and integral calculus to selected topics chosen from the major subfields of physics. Completion of this course and its prerequisites is equivalent to completion of the calculus-based general physics sequence, PHYS 11100 and 12100.

prereq: MATH 15500, PHYS 12000
3 hrs (2 lec, 1 rec) 2 cr.

PHYS 20400 - Electrical Circuits and Laboratory

GER 3/B
Passive electrical circuits and computer-based data acquisition and analysis, including basic circuit laws, methods of circuit analysis, circuit theorems, operational amplifiers, capacitors and inductors, sinusoids and phasors, sinusoidal steady state analysis, frequency response, and test and measurement instruments, virtual instruments, and data acquisition software.

prereq: PHYS 12100 prereq or coreq: MATH 25400
5 hrs (3 lec, 2 lab) 4 cr.

PHYS 22100 - Electronics

GER 3/B

prereq: PHYS 12000 or PHYS 12100
4 hrs 4 cr.

PHYS 22200 - Electronics Laboratory

GER 3/B
Experiments are performed with passive devices (capacitors, inductors, resistors) and active devices (diodes, transistors). A variety of transistor amplifier and oscillator circuits are studied as well as integrated circuit applications.

prereq: PHYS 22100
4 hrs 2 cr.

PHYS 22400 - Analog and Digital Electronics and Laboratory

GER 3/B
Semiconductor devices and circuits, including properties of semiconductors, diodes, transistors, amplifiers, oscillators, and digital circuits.

prereq: PHYS 20400
5 hrs (3 lec, 2 lab) 4 cr.

PHYS 23000 - Classical Physics Laboratory

GER 3/B
Selected experiments of mechanics, electricity/magnetism, and thermodynamics. Experiments may include driven oscillator resonance, coupled oscillators, liquid nitrogen heat of vaporization, Fourier analysis/filtering, ferromagnetic hysteresis, and the nonlinear pendulum period. Elementary error analysis techniques and computer software for data analysis/graphing.

prereq: PHYS 12000 or 12100
4 hrs 2 cr.
PHYS 23100 - Fundamentals of Laser and Fiber Optics

GER 3/B
Topics in optics related to lasers and optical fiber and devices for modulating and directing signals from such devices. Geometrical optics with emphasis on ray tracing. Matrix methods in optics. Lenses thick and thin, mirrors, prisms and other passive optical elements and systems. Propagation of light in materials. Dispersion and its effects. Special topics in geometric and wave optics. Laboratory complements classwork.
prereq: PHYS 12000 or 12100 or equiv; MATH 12500
5 hrs 4 cr.

PHYS 23200 - Laser and Electro-Optics Technology

GER 3/B
Wave optics, interference, coherence, polarization, birefringence, diffraction, gratings in two and three dimensions, power and energy measurements, basics of laser safety, ultra-fast pulse technology measurements, basics of laser safety, ultra-fast pulse technologies, electro-optics and acoustooptics switches, optical materials, non-linear optics. Laboratory complements classwork.
prereq: PHYS 23100
7 hrs 5 cr.

PHYS 23300 - Laser Electro-Optics Devices, Measurements and Applications

GER 3/B
Laser as a device, principle of operation, cavity modes and their control (tuning elements, Q switching, mode-locking) and detection, laser design, types of lasers, includes discussion of laser types for medical, ranging and tracking, material processing, pollution monitoring, and optical memory applications, semiconductor laser. Laboratory complements class work.
prereq: PHYS 23100
6 hrs 4 cr.

PHYS 23400 - Fiber Optics Devices, Measurements, and Applications

GER 3/B
prereq: PHYS 23100
6 hrs 4 cr.

PHYS 23500 - Modern Physics Laboratory

GER 3/B
Selected experiments of quantum physics and optics. Experiments may include nuclear half-life, microwave diffraction, Bragg scattering of x-rays, nuclear multichannel scintillation, Franck-Hertz quantum levels, Millikan oil drop. Error analysis techniques including Gauss and Poisson distributions and correlation of data. Programming for data analysis.
prereq: PHYS 12000 or 12100
4 hrs 2 cr.

PHYS 30100 - Theoretical Physics
Analysis of mathematical techniques for solving partial differential equations occurring in physics. Cross-listed as MATH 301.

*prereq: MATH 25400
4 hrs 4 cr.

**PHYS 31100 - Introduction to Fluid Mechanics**

This course covers the basic principles of fluid mechanics, including statics, forces on plane and curve surfaces, kinematics of fluid motion, integral and differential representation of conservation of mass, linear momentum, the first Law of Thermodynamics, Bernoulli’s equation, dimensional analysis, and elementary viscous flow. Frictional losses in laminar flow and simple pipe flow analysis are covered. Understanding of the physical phenomena is stressed and vector notation is introduced and used whenever suitable.

*cross-listed PGEOG 31100
*prereq: PHYS 12100 or PHYS 12000 and MATH 15500
3 hrs 3 cr.

**PHYS 33000 - Atomic and Nuclear Physics**

Examines experimental evidence and develops modern view of structure of atom and nucleus.

*prereq: PHYS 12000 or 12100 *prereq or coreq: MATH 25000
4 hrs 4 cr.

**PHYS 33400 - Intermediate Electricity and Magnetism**

Electrostatics, currents, magnetism, and introduction to electromagnetic theory of light.

*prereq: PHYS 12000 or 12100 *prereq or coreq: MATH 25000
4 hrs 4 cr.

**PHYS 33500 - Intermediate Mechanics**

Study of laws of motion and coordinate systems; introduction to powerful analytical techniques.

*prereq: PHYS 12000 or 12100 *prereq or coreq: MATH 25000
4 hrs 4 cr.

**PHYS 33600 - Thermodynamics and Statistical Mechanics**

Study of fundamental ideas of heat, reversibility, and entropy. Introduction to statistical nature of some physical laws.

*prereq: PHYS 12000 or 12100; MATH 25000
4 hrs 4 cr.

**PHYS 34200 - Optics**

Study of lenses, mirrors, interference, diffraction, and polarization, as well as lasers, holography, and Fourier optics.

*prereq: PHYS 12000 or 12100; MATH 25000
3 hrs 3 cr.

**PHYS 38500 - Numerical Methods I**
Accuracy and precision, convergence, iterative and direct methods. Topics selected from: solution of polynomial equations and linear systems of equations, curve fitting and function approximation, interpolation, differentiation and integration, differential equations. Cross-listed as MATH 38500 and CSCI 38500 so that students in the mathematics and computer science departments can use the course toward the completion of their major requirements.

**PHYS 39900 - Senior Thesis (W)**

This course is to prepare the students for graduate research. Each student will undertake a research experience, experimental, theoretical, and/or computational, under the supervision of a department faculty member. A final oral as well as written report will be required. The goals are that the student learns research skills in physics, written and oral communication skills, while furthering their knowledge in a topical area in physics.

*prereq:* PHYS 11100, 12100
*prereq or coreq:* ENGL 12000, and at least four 200-, 300-, or 400-level physics courses
3 cr.

**PHYS 41100 - Theoretical Mechanics**

Classical mechanics of particles and rigid bodies; special relativity; Hamilton's formulation; Liouville's theorem.

*prereq:* PHYS 33500
*prereq or coreq:* MATH 25400
3 hrs 3 cr.

**PHYS 41500 - Electromagnetic Theory**

Electrostatics; vector analysis, electrostatics, electric fields in matter, magnetostatics, magnetic fields in matter, electrodynamics based on Maxwell equations, and conservation laws.

*prereq:* PHYS 33400 or PHYS 12100 with permission
*prereq or coreq:* MATH 25400
3 hrs 3 cr.

**PHYS 41600 - Electromagnetic Theory II**

Electromagnetic waves, guided waves, potential and fields, radiation, electrodynamics and relativity.

*prereq:* PHYS 41500
3 hrs 3 cr.

**PHYS 42000 - Introduction to Biophysics**

A comprehensive introduction to the interface between physics and biology and the application of the techniques of physics to understanding biological systems, focusing on developing an understanding of the thermodynamics of living systems, on the physical kinematics of macromolecules and other biological structures and on the theory of physical techniques that are used in the study of biological systems.

*prereq or coreq:* PHYS 33000, PHYS 33600, BIOL 30000, CHEM 37600.
4 hrs 4 cr.

**PHYS 42400 - Plasma Physics**

Motion of charged particles in external magnetic and electrical field; fusion using tokamaks, mirrors, and lasers.

*prereq:* PHYS 33400
3 hrs 3 cr.
PHYS 42500 - Quantum Theory

From Bohr model and DeBroglie waves to Schrodinger wave equation; solutions for simple cases; transformations.  
*prereq: PHYS 33000, prereq or coreq: MATH 25400  
3 hrs 3 cr.

PHYS 42700 - Intermediate Physics Laboratory

Study of modern experimental techniques in variety of fields.  
*prereq: PHYS 23500  
4 hrs 2 cr.

PHYS 42800 - Photonics and Laboratory

Theoretical principles and practical training of selected subjects of modern optics and lasers.  
*prereq: PHYS 33000, PHYS 22200 or 22400 coreq: PHYS 41600 or PHYS 33400  
4 hrs 2 cr.

PHYS 44500 - Solid State Physics

Energy levels in atoms, molecules, and solids; crystal structure; properties of solids; semiconducting devices.  
*prereq: PHYS 33000  
3 hrs 3 cr.

PHYS 45300 - Introduction to Research

Independent theoretical or experimental research or independent study of approved topic.  
*prereq: PHYS 33000, 33400, 33500, and 42700 or perm chair  
1-3 cr.

PHYS 45400 - Introduction to Research

Independent theoretical or experimental research or independent study of approved topic.  
*prereq: PHYS 45300 or perm chair  
1 to 3 cr.

PHYS 48500 - Numerical Methods II

Topics in numerical methods selected from solutions of linear equations, interpolating functions, root finding methods,  
nonlinear equations, Fourier series and the fast Fourier transform, partial differential equations. A major term project  
will be assigned. Cross-listed as MATH 48500 and CSCI 48500 so that students in the mathematics and computer  
science departments can use the course toward the completion of their major requirements.  
cross-listed CSCI 48500 and MATH 48500  
*prereq: PHYS 38500  
3 hrs 3 cr.

Physics: Courses Less Frequently Offered
Programs and Courses in Political Science

Political Science

About the Department

Political science deals with the political, social, economic, and cultural arrangements through which people govern their lives. It attempts to interpret the past, explain the present, and often dares to draw images of the future. As a discipline, political science bridges several fields: the evolution of political thought and debates about contested political ideas today; comparing different types of political systems and how they meet familiar political challenges; the use of power and influence by states and other actors to achieve their goals cooperatively or competitively with important consequences for the security, prosperity and well-being of societies around the world; and the relationship, past and present, between the American people and their governing institutions.

Students will find courses on:

a) the ideas of great thinkers from Plato to the present;
b) forms of popular political participation and engagement;
c) the causes of war and peace;
d) democratic and authoritarian political systems;
e) international political economy;
f) women and politics;
g) American institutions ranging from the presidency to the courts;
h) International and U.S. constitutional law;
i) important areas of public policy such as immigration;
j) and the political systems of countries in Latin America, Europe, Asia, Africa, and the Middle East.
Political science explores large and vital questions about democracy, justice, peace, participation, power, leadership, security, development, human rights, and more.

A large number of political science majors choose some branch of public service upon completing their bachelor’s degrees, often building upon internship experiences they have had as Hunter students. Graduates have pursued careers in government within the United States and some go into teaching. Others enter business. Some work in journalism. Still others enter politics or go on to law school or graduate training.

Political science, therefore, prepares students for a variety of career opportunities as well as for a lifetime of active citizenship.

Political Science Faculty

HEGIS Code 2207

Undergraduate Major

Political Science - BA

Major

30 cr for students declaring after September 1, 2009
Majors are required to take at least one course in each of the four following subfields of the discipline: American government, political theory, comparative politics and international relations. Students may distribute their remaining courses in the major as they see fit. However, students contemplating graduate work are encouraged to specialize appropriately in consultation with the department’s faculty members. One political science course used to satisfy Stage 1 (Like POLSC 11000) and one political science course used to satisfy Stage 2 (like POLSC 20000) of the Core Requirement of the GER may also be used to satisfy the major requirement. Majors may not use a political science course to satisfy Stage 3, unless they have a double-major.

For students declaring after September 1, 2009, no more than two introductory (100-level) courses can be applied toward the major. Majors must complete at least three courses at the 300-level or above in any subfield.

No more than 6 credits in internship, independent study, and/or experiential courses (such as Model United Nations) may be used to satisfy the 30 credits in the major. Also, such credits may not be used to satisfy the distribution requirements in the four fields. Courses taken for Credit/No Credit may not be applied toward the major.

Minor in Political Science

Students minoring in political science must complete 12 credits in political science. No more than three credits can be at the 100-level. No more than three credits in independent study can be used to satisfy the minor. Internship credits may not be applied toward the minor.

The minor in Political Science is designed to provide students with solid grounding in political science and to encourage them to develop depth in the discipline in an area that will complement their major or develop expertise in an area of particular interest to them. To complete a minor in Political Science, students must complete 12 credits in Political Science with no more than 3 credits at the 100 level. Students may apply up to 3 credits of independent study in Political Science POLSC 29001-29003; however, internship credit may not be applied to the minor.

The minor in Political Science offers students considerable flexibility in designing a minor that will best serve their academic goals. Students may, for instance, wish to focus on courses dealing with European politics and foreign policy to complement a major in a European language and culture. Other students may wish to emphasize courses in international and public law in preparation for law school. Students may concentrate their courses in one field of political science, or spread them across several fields. Students may consult an advisor in the Department of Political Science about their goals as they choose courses to satisfy the minor.

Interdepartmental Fields

Political Science department faculty are actively involved in many interdisciplinary programs at Hunter College. Students who want to do work in political science as part of the following interdepartmental programs should refer to the appropriate programs in this catalog.

Minor in Asian American Studies,

Human Rights,

Jewish Studies - BA,

Latin American and Caribbean Studies - BA,

Public Policy,

Women and Gender Studies - BA
Honors

To complete the requirements for departmental honors in Political Science at graduation, students must have at least 30 credits in Political Science and be eligible for graduation in the semester that they formally complete department honors. At least 21 of these credits (or in exceptional cases, 18) must be taken in the Political Science Department at Hunter College. In the case of transfer students, the student’s faculty supervisor must recommend an exception to this policy; however, in no case should a student who has taken fewer than 15 credits in academic coursework (excluding internships or other experiential education courses) in political science at Hunter College be recommended for departmental honors.

In addition, students must 1) have a GPA in the major of not less than 3.5; 2) have completed at least two credits (but not more than 6) in coursework specifically designated for honors (POLSC 492xx); 3) work on the thesis with one Supervisor who must be a full-time political science faculty member.

The thesis should be a major paper of approximately 25 pages in length that reflects serious scholarship in an honors course. Students should enroll in POLSC 49202-49203 under the supervision of a faculty member with whom the student has done prior coursework and who has agreed to supervise the student’s honors project. Students seeking to graduate with departmental honors should begin to plan the sequence of honors work at least two semesters in advance of their expected graduation date.

Approval for Honors will come from the Supervisor. Once students have received the approval of the Sponsor, the thesis can be submitted for departmental honors. Successful completion of departmental honors includes a formal presentation of the thesis to the Honors Committee. Final papers must be deposited in the department office.

Pi Sigma Alpha

Students interested in joining this honor society should consult with Professor Leonard Feldman, 1702 Hunter West, (212)396-6246, lfeldman@hunter.cuny.edu.

Writing Corequisite and Prerequisites

Introductory, intermediate and advanced political science courses require significant expository writing and ENGL 12000 as a co- or prerequisite. To assure that students are ready for these courses, they should be enrolled in ENGL 12000 (or its equivalent) or have successfully completed the course. For all 100-level courses, ENGL 12000 (or its equivalent) is a prerequisite or co-requisite; for all 200-level, 300-level and 400-level courses, ENGL 12000 (or its equivalent) is a prerequisite.

Seminar/Internship Program in New York Government

This university-wide program is designed to bridge the gap between academic study and the practical world of government. Each year approximately 300 students are selected as CUNY interns. Hunter College students participate by enrolling in POLSC 22200/22300. Interns spend eight to ten hours a week in agencies, political offices or community groups working on administrative or research assignments related to urban affairs and services.

They attend a weekly classroom seminar at Hunter and monthly meetings of the entire program at the CUNY Graduate School. Prominent government officials, political leaders, community representatives and academic experts participate in both the weekly and monthly meetings. Students are advised to have taken prior coursework in American politics and to have at least a 3.0 GPA prior to being admitted to this program. For further information, consult the Department of Political Science.

Other Internships
Students may wish to consider internships in any field of political science, and receive credit through POLSC 29801-29806. The department does not offer internship credits to students in their first semester at Hunter College or to students who have never taken a political science course at Hunter. Up to 6 credits in internship work (POLSC 29801-29806) may be used to satisfy requirements for the major. As a general rule, a student who takes POLSC 29801-29806 must be supervised by a full-time faculty member with whom the student has done prior coursework and who has agreed to supervise the student’s internship. Additional internship credits may be used as electives toward graduation.

Preparation for Graduate Study

Many political science majors go on to graduate study. Students considering graduate work should consult members of the political science faculty.

Awards and Prizes

The Political Science Department confers recognition on its outstanding graduates through prizes and awards. The Katherine Duffy Prize and The Edgar Dawson Prize are presented annually to graduating political science majors.

Scholarships

The Political Science Department may award the Joan Pincus Scholarship to students majoring in political science who have achieved at least sophomore status, have an excellent academic record and have demonstrated financial need. For additional information, see the department chair or a departmental adviser.

Undergraduate Minor

Minor in Legal Studies

The Legal Studies minor is an interdisciplinary course of study that allows students to examine the role and development of law from different perspectives within a liberal arts curriculum. Legal studies students will be introduced to the study of judicial opinions, theories of law and legal interpretation, the structure and role of legal institutions, and the operation of law in history and everyday life.

Law is a central feature of political, social, and economic life. The legal studies minor will prepare students embarking on careers in government, business, or the non-profit sector to think broadly and critically about the nature of law. It will also be extremely helpful for any students planning to pursue graduate study focusing on law or legal institutions, in a wide variety of disciplines. The legal studies program places an emphasis on developing students’ communication skills, interdisciplinary scholarship and a commitment to connect undergraduate education to advanced career opportunities. The core of the legal studies minor, though, is a commitment to the study of law within the liberal arts tradition.

While there are many ways for students to prepare successfully for law school, an advantage of the legal studies minor is its ability to help the college identify students planning to apply to law school, to ensure that these students receive guidance on the application process as early as possible, and to give them a solid foundation when they enter law school.
Program Requirements

15-credit minor

Students are required to complete at least one course from within each of the three categories below. Students can take no more than three courses from one department.

No more than two courses from the student's major can be applied toward the Legal Studies minor. Courses used to fulfill the Legal Studies minor may be used to meet any other degree requirements, including the political science major. Students should be aware that courses listed for this minor may have prerequisites within their home departments.

Foundations of Legal Studies

These courses teach students foundational knowledge and skills that are important for thinking and writing clearly about law.

PHILO 10300 - Introduction to Logic and Critical Thinking

GER 2/C
Recognizing arguments; traditional logic including concepts, propositions, categorical, hypothetical and disjunctive syllogisms; argument structure, natural language argumentation, fallacies.
3 hrs 3 cr.
offered each semester

PHILO 10600 - Philosophy, Politics and Society

GER 2/C PD/D
Introduction to social and political philosophy.
3 hrs 3 cr.
offered each semester

POLSC 11000 - American Government: A Historical Introduction (W)

GER 1/C or 2/B
Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts. Not open to students who have taken POLSC 11100.
prereq or coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.

Legal Institutions and Legal Processes

These courses emphasize the “law on the ground.” They tend to present a more external analysis of the role and operation of legal institutions, actors, and norms.

POLSC 21900 - Women and the Law (W)
Overview of how local, state and federal laws treat people on the basis of sex.
cross-listed WGSP 21900
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 23800 - The American Legal System (W)
GER 3/B
Civil and criminal law, common law and equity, substantive and procedural law. Emphasis on federal and New York law.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 24000 - The American Judiciary (W)
GER 3/B
The Supreme Court and other federal courts as part of policy-making process in American government.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 31000 - Comparative Legal Systems (W)
GER 3/B
Comparative study of major legal traditions of the modern world, including common law, civil law, Soviet, Islamic, Chinese, tribal and hybrid systems.
prereq: POLSC 11000, 23800 or 34000 or 34100 or 34300 or 37500 or any course in comparative politics subfield, or perm instr; ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 37500 - International Law (W)
GER 3/B
Case studies on nature, sources, practices and efficacy of international law, principles and rules.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

ASIAN 39002 - Asian American Civil Rights and the Law
PD/B
Critical examination of major immigration and civil rights laws and Supreme Court cases that have affected Asian Americans.
3 hrs 3 cr.

MEDIA 39400 - Mass Communications and the Law
GER 3/A
Relationship of mass media to significant constitutional problems.
prereq: MEDIA 18000
3 hrs 3 cr.
HIST 36400 - American Constitutional History, 1783 to 1900

GER 3/B PD/D
Development of constitutional thought from the framing of the Articles of Confederation to 1900.
Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

SOC 31900 - Criminology

GER 3/B
Criminal behavior, arrest, and punishment. Problems of definition, administration of criminal justice.
prereq: SOC 10100
3 hrs 3 cr.

SOC 32000 - Law, Society and Civil Rights

GER 3/B
Examines from a sociological perspective the concept of law, and legal institutions and their relationship to society and culture, concentrating on the struggle for civil rights in America.
prereq: SOC 10100
3 hrs 3 cr.

The Theory and Practice of Legal Interpretation

These courses emphasize the “law on the books,” the way relative insiders, like legal theorists and judges, talk about the content of law. Courses in this category introduce students to judicial opinions as well as normative theories about the way law should be interpreted

POLSC 34000 - Constitutional Law: Organizing the Government (W)

GER 3/B
Constitutional problems and Supreme Court decisions. Federalism, judicial review, separation of powers, foreign policy.
prereq: POLSC 11000 or 11100 or 23800
3 hrs 3 cr.

POLSC 34100 - Constitutional Law: Civil Rights (W)

GER 3/B
Constitutional problems and Supreme Court decisions regarding race and sex discrimination.
prereq: POLSC 11000 or 11100 or 23800
3 hrs 3 cr.

POLSC 34200 - Constitutional Law: The First Amendment (W)

GER 3/B
Constitutional problems and Supreme Court decisions regarding freedom of speech, press (media), religion and assembly.
prereq: POLSC 11000 or 11100 or 23800
3 hrs 3 cr.
ECO 37000 - Law and Economics

GER 3/B
Analytical tools of microeconomics are used to examine various aspects of the law, including property, contracts, torts, liability, and criminal and family law.

*prereq: ECO 20000
3 hrs 3 cr.

PHILO 25200 - Problems of Law and Morality

GER 3/B
Philosophy of law and the relation of legal to ethical issues.

*prereq: ENGL 12000 and one previous course in philosophy.
3 hrs 3 cr.

PHILO 34600 - Justice in Contemporary Society (W)

GER 3/B
A study of concepts of justice developed in the 20th century and their relevance to problems of contemporary society, such as social welfare, property rights and democratic government.

*3 hrs 3 cr

Minor in Political Science

Students minoring in political science must complete 12 credits in political science. No more than three credits can be at the 100-level. No more than three credits in independent study (POLSC 29001-29003) can be used to satisfy the minor. Internship credits may not be applied toward the minor.

The minor in Political Science is designed to provide students with solid grounding in political science and to encourage them to develop depth in the discipline in an area that will complement their major or develop expertise in an area of particular interest to them.

The minor in Political Science allows students considerable flexibility in designing a minor that will best serve their academic goals. Students may, for instance, wish to focus on courses dealing with European politics and foreign policy to complement a major in a European language and culture. Students may concentrate their courses in one field of political science, or spread them across several fields. Students may consult an advisor in the Department of Political Science about their goals as they choose courses to satisfy the minor.

Political Science: Introductory Courses

The introductory courses acquaint the student with a particular segment of political science: American Government and Politics; Political Theory; Comparative Politics; and International Politics. Each will fulfill three credits of the Broad Exposure/Stage 2, Group B requirement in the social sciences. (POLSC 11000 can be used to fulfill GER 1/C or 2/B), although only one of these courses may be used for that purpose. Only two introductory courses can be applied toward the major. Students who have taken POLSC 11100 may not receive credit for POLSC 11000.

POLSC 10000 - Introduction to Politics: Democracy, Anarchy and the State (W)
GER 2/B
Introduction to some of the major questions, approaches, and texts of political science. Students will explore questions of power, coercion, virtue, democracy, conflict, and cooperation and read Plato, Aristotle, Weber, Lipset, Waltz, and Jervis, among others. Does not satisfy the major’s four subfield distribution requirement.

prereq or coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 11000 - American Government: A Historical Introduction (W)

GER 1/C or 2/B
Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts. Not open to students who have taken POLSC 11100.

prereq or coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 11200 - Introduction to Political Theory (W)

GER 2/B
Selected writings of the great political thinkers. Recurrent problems of politics from Plato to the present.

prereq or coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.

Political Science: 200 Level Core Courses

These core courses are foundational courses for their respective fields and the International Relations course is a prerequisite for many 300-level courses in international relations.

POLSC 20000 - Interpreting Politics: An Introduction to Political Ideas (W)

GER 2/B or 3/B
An introduction to interpreting major political ideas and their significance in the contemporary world. Competing understandings of concepts such as freedom, equality, justice, citizenship, and legitimacy will be explored, in part by applying them to concrete political issues such as multiculturalism, economic distribution, and the death penalty.

prereq or coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 25000 - Comparing Countries (W)

GER 3B
Examination of the core concepts, theories, and issues in the field of comparative relations. Topics include: Comparative analysis of democracies and democratization, revolution, and ethnicity and ethnic conflict. Cases will be drawn from Africa, Asia, Western Europe, the Americas, Eastern Europe, and the Middle East.

prereq: ENGL 12000 or equivalent
3 hrs 3 cr.

POLSC 27000 - International Relations: Conceptual Foundations and Current Issues (W)
GER 3/B
Examines the conceptual foundations of international relations and their application to current issues. Topics include: anarchy, power, war and peace, international cooperation, the role of the state and non-state actors, international institutions, norms and human rights, and the global economy.

Students may not take both POLSC 11500 and POLSC 27000 at Hunter College for credit. (Transfer students may receive only 100-level credit for a course equivalent for POLSC 11500 after spring 2010, when POLSC 27000 becomes the prerequisite for most advanced courses in international relations.)

prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

Political Science: American Government and Politics

POLSC 11000 - American Government: A Historical Introduction (W)
GER 1/C or 2/B
Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts. Not open to students who have taken POLSC 11100.
prereq or coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 21100 - State Government and Politics (W)
GER 3/B
Comparative analysis of state governments. Power and role of governors, state legislatures, parties, lobbies.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 21200 - Urban Politics (W)
GER 3/B
Politics in New York City and other urban areas. Decentralization, suburbanization, race, ethnicity, reform.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 21300 - Political Parties and Elections (W)
GER 3/B
Organization, campaigns, nominations, voting behavior, issues, finances, reforms.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 21500 - Public Opinion and Political Participation (W)
GER 3/B
What American people think about politics and how they express it, from polls to elections to demonstrations.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 21700 - Contemporary Issues in American Politics

GER 3/B
Selected topics in American politics and government.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 21800 - Women and Politics (W)

GER 3/B PD/C
Constitutional and legal position of women, ERA, affirmative action, marriage, divorce, property, feminist causes.
cross-listed WGSP 21800 (W)
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 21900 - Women and the Law (W)

GER 3/B PD/C
Overview of how local, state and federal laws treat people on the basis of sex.
cross-listed WGSP 21900
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 22100 - U.S. Immigration Policy (W)

GER 3/B PD/B
The course focuses on the political development of federal immigration policy, and on historical and contemporary issues in policy design and implementation. The course also surveys recent findings and debates arising from empirical analyses of immigration policy.
prereq: ENGL 12000 or its equivalent and POLSC 11000/11100 or HIST 15100/15200

3 hrs 3 cr.

POLSC 22600 - Interest Group Politics (W)

GER 3B
Analysis of the organization and role of interest groups in American politics. The course stresses the importance of organizational resources and the ability of interest groups to be “faithful advocates” of member interests in exercising influence in elections and policy-making.
prereq: ENGL 12000 or equivalent
3 hrs 3 cr.

POLSC 22700 - Political Parties (W)

GER 3/B
Theories, historical analysis, and contemporary views of the central institution that links citizens and office holders in the United States, with a focus on the role of parties as vehicles for expressing and pursuing policy goals.
Not open to students who completed POLSC 21400
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 22800 - Protest Movements in American Politics (W)

GER 3B P/D B or C
Analysis of historical and contemporary protest movements in the context of American politics; includes key concepts and explanatory factors in social movement theory, and movements such as the anti-slavery, women's suffrage, labor, civil-rights, anti-war, feminist, environmental, gay-rights, pro-choice, pro-life, and Patriot movements.
prereq: ENGL 12000 or equivalent
3 hrs 3 cr.

POLSC 23000 - The American Presidency (W)

GER 3/B
Selection, election, role, functions and powers of the president.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 23500 - The American Congress (W)

GER 3/B
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 23800 - The American Legal System (W)

GER 3/B
Civil and criminal law, common law and equity, substantive and procedural law. Emphasis on federal and New York law.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 24000 - The American Judiciary (W)

GER 3/B
The Supreme Court and other federal courts as part of policy-making process in American government.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 24400 - Energy and Environmental Politics and Public Policy (W)

GER 3/B
Examination of political processes and public policies shaping energy production and consumption in the U.S. with comparative reference to other countries. Emphasis on political, economic, social, environmental and foreign policy aspects.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 27400 - American Foreign Policy (W)

GER 3/B
Personalities and processes in making, administering and controlling our foreign policy.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 30100 - American Political Thought (W)

GER 3/B
Examination of ideas that have shaped American politics from the Revolution to the present, including Federalists and Anti-Federalists, Progressivism and responses to industrialization and recent debates over the welfare state, political inclusion and democracy.
prereq: ENGL 12000 or its equivalent; one course in political theory or perm. instr.
3 hrs 3 cr.

POLSC 31700 - Contemporary Issues in American Politics

GER 3/B
Selected topics in American politics and government.
cross-listed WGS 39800 is cross-listed with POLSC 31707 Community Leadership Seminar
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 32000 - Ethnic Politics (W)

GER 3/B PD/B
Ethnicity in local and national politics. Major groups, how they affect government, what government does for them.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 32100 - American Political Economy (W)

GER 3/B
Critical analysis of the distribution of power between the state and the private sector. Theories about the government-business relationship are tested through a series of case studies.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 32300 - Politics of Public Budgeting (W)

GER 3B
This course sets the processes and techniques of public budgeting within the context of American political institutions at the national, state and local levels.
prereq: ENGL 12000 or the equivalent; two political science courses at the 200- level or above or permission of the instructor
4 hrs 4 cr.
POLSC 33000 - American Political Development (W)

GER 3/B
Analysis of the historical development of American politics, including: the impact of the Constitution, ideas, and political culture; state building/unbuilding in different historical eras; and the evolution of citizenship and political participation.

_prereq: ENGL 12000 or its equivalent, POLSC 11000 or perm. inst
4 hrs 4 cr.

POLSC 34000 - Constitutional Law: Organizing the Government (W)

GER 3/B
Constitutional problems and Supreme Court decisions. Federalism, judicial review, separation of powers, foreign policy.
_prereq: POLSC 11000 or 11100 or 23800
3 hrs 3 cr.

POLSC 34100 - Constitutional Law: Civil Rights (W)

GER 3/B
Constitutional problems and Supreme Court decisions regarding race and sex discrimination.
_prereq: POLSC 11000 or 11100 or 23800
3 hrs 3 cr.

POLSC 34200 - Constitutional Law: The First Amendment (W)

GER 3/B
Constitutional problems and Supreme Court decisions regarding freedom of speech, press (media), religion and assembly.
_prereq: POLSC 11000 or 11100 or 23800
3 hrs 3 cr.

POLSC 34300 - Criminal Law (W)

GER 3/B
Constitutional problems and judicial decisions regarding search and seizure, right to counsel, self incrimination.
_prereq: POLSC 11000 or 11100 or 23800
3 hrs 3 cr.

POLSC 34800 - Public Administration and Public Policy (W)

GER 3/B
Analysis of problems in policy-making and administration, focusing on motivations, ethics, authority.
_prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

Political Science: Comparative Politics
POLSC 25000 - Comparing Countries (W)

GER 2B PD/A
Examination of the core concepts, theories, and issues in the field of comparative relations. Topics include: Comparative analysis of democracies and democratization, revolution, and ethnicity and ethnic conflict. Cases will be drawn from Africa, Asia, Western Europe, the Americas, Eastern Europe, and the Middle East.
prereq: ENGL 12000 or equivalent
3 hrs 3 cr.

POLSC 25100 - Politics of Africa, Asia and Latin America (W)

GER 3/B
An examination of the nature of governance and politics in Africa, Asia and Latin America. Through in-depth study of several countries, students explore topics and concepts such as political culture, modernization, development, dependency, democracy, political leadership and the processes of policy making.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 25300 - Government and Politics in Latin America (W)

GER 3/B PD/A
Ideology, revolution, authoritarianism, democracy, institutions, class structure, distribution of wealth and power, political and economic development.
cross-listed LACS 43405
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 25400 - Government and Politics in Western Europe (W)

GER 3/B PD/D
Theory, practice, institutions and problems of Western European nations particularly Britain, France and Germany.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 25500 - Government and Politics of Japan and Korea (W)

GER 3/B PD/A
Political, social and economic institutions of Japan and Korea; their domestic politics and relations with the world.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 25700 - Government and Politics of China (W)

GER 3/B PD/A
Chinese politics, institutions and foreign policy.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 26000 - African Politics through African Films (W)
GER 3/B PD/A
An examination of contemporary African politics using various social science theories, films and documentaries made by African filmmakers.

cross-listed AFPRL 29019, MEDIA 29975, FILM 21462
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 26100 - Globalization and Opposition Movements (W)

GER 3/B
The environmental, social and political effects of economic globalization in less industrialized and in highly industrialized countries; reformist and radical critiques and neoliberal defenses; causes and consequences of opposition movements.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 26200 - Government and Politics in Central America (W)

GER 3/B PD/A
Political institutions, ideology, class and ethnic structure, economic development, distribution of wealth and power, foreign influences and revolutionary and evolutionary roads to modernization.

cross-listed LACS 43429
prereq or coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 26300 - Government and Politics in the Middle East (W)

GER 3/B PD/A
Introduction to Islamic societies and their politics with particular attention to cultures of region.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 26400 - Government and Politics of Israel (W)

GER 3/B
Historic evolution of the Jewish state and its political system, social issues and foreign policy.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 26500 - Government and Politics in Eastern Europe (W)

GER 3/B PD/D
Political, social and economic institutions of individual Eastern Central European nations and their post-communist transitions.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 26700 - The Politics of Southern Africa (W)
GER 3/B PD/A
Political, economic and social institutions in Zimbabwe, Kenya, Nigeria, Tanzania, South Africa, etc.

cross-listed AFPR 29015
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 27200 - Contemporary Issues in Comparative Politics

GER 3/B
Selected topics in comparative politics.
prereq: Any 100-level course on POLSC or perm instr.
3 hrs 3 cr.

POLSC 31000 - Comparative Legal Systems (W)

GER 3/B
Comparative study of major legal traditions of the modern world, including common law, civil law, Soviet, Islamic, Chinese, tribal and hybrid systems.
prereq: POLSC 11000, 23800 or 3400 or 34100 or 34300 or 37500 or any course in comparative politics subfield, or perm instr; ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 32200 - Social and Economic Policies in Western Europe and the United States (W)

GER 3/B PD/D
Evolution of social and economic policies from the 19th century to the present. Policies are analyzed in light of tensions between democracy and capitalism.
prereq: Prereq: ENGL 12000 (or equivalent) and any course in Amer Pol or Comp Pol. Open only to students who have completed 45 credits and 9 credits in PolSc. Not open to students who have completed PolSc 31500. Counts as either American or Theory (but not both).
4 hrs 4 cr.

POLSC 35100 - Government and Politics of Russia and the Post-Soviet States (W)

GER 3/B
Post-Soviet politics, institutions, social forces, economic transformations and regions.
prereq: ENGL 12000 or its equivalent; any course in comparative politics, or perm. instr.
3 hrs 3 cr.

POLSC 35200 - State and Society in Africa (W)

GER 3/B PD/A
An examination of the nature of the relationship between the African state and civil society in the post-independence period and how this relationship influences governance and democracy.
prereq: ENGL 12000 or its equivalent; any course in comparative politics, or perm. instr.
3 hrs 3 cr.

POLSC 35300 - Social Movements, Civil Society and the State in Latin America (W)
GER 3A P/D A
Analysis of the role of popular and opposition movements in Latin America and their relationship to the state, from the challenges to the dictatorships of the 1970s through the contemporary neoliberal economic order and democratic polities.

prereq: ENGL 12000 or the equivalent; a course in comparative politics; minimum of 45 credits and 9 credits in political science or permission of the instructor.
4 hrs 4 cr.

POLSC 35600 - India’s Democratic Experiment (W)

GER 3B P/D A
Assesses the nature and durability of India’s democratic political system. Examines key events, personalities, institutions, and movements in Indian politics from Independence (1947) to the present. Focuses on the challenge of adapting democratic institutions to circumstances of extreme social diversity and economic deprivation.
prereq: ENGL 1200 or the equivalent; a minimum of 45 credits and 9 credits in political science; and a Comparative Politics course at the 200- or 300-level (POLSC 25000 recommended); or permission of the instructor.
4 hrs 4 cr.

POLSC 36000 - Democracy & Development in a Globalizing World (W)

GER 3B P/D A
The course examines the relationship between democracy and development in post-colonial countries. Questions include: What relations of causality, in either direction, have political scientists sought to establish between democracy and development? What is the impact of globalization on these relations? How can historical analysis help to illuminate these and other issues, such as why some countries have been better at promoting per capita income growth than others? What efforts have been undertaken – by individual citizens, by civic groups, by aid donors – to plug the democratic deficits that arise in the course of pursuing development under 21st Century conditions?

prereq: ENGL 12000 or the equivalent; a minimum of 45 credits and 9 credits in political science; and a Comparative Politics course at the 200 or 300 level (POLSC 25000 recommended); or permission of the instructor.

4 hrs 4 cr.

POLSC 37200 - Contemporary Issues in Comparative Politics

GER 3/B
Selected topics in comparative politics.
prereq: ENGL 12000 or its equivalent; any course in comparative politics, or perm instr.
3 hrs 3 cr.

POLSC 37800 - Russian National Interest: Past and Present (W)

GER 3/B PD/D
In a contemporary, historical and comparative context, this course will explore the factors influencing debates on and definitions of Russia’s national interests, the strategies for promoting those interests and the implications for Russia and the international system.

prereq: POLSC 11500 or 11700 or 25000 or 27000 or perm instr.
coreq: ENGL 12000 or equivalent
3 hrs 3 cr.

Political Science: International Politics

POLSC 27000 - International Relations: Conceptual Foundations and Current Issues (W)

GER 3/B
Examines the conceptual foundations of international relations and their application to current issues. Topics include: anarchy, power, war and peace, international cooperation, the role of the state and non-state actors, international institutions, norms and human rights, and the global economy.

Students may not take both POLSC 11500 and POLSC 27000 at Hunter College for credit. (Transfer students may receive only 100 level credit for a course equivalent to POLSC 11500 after Spring 2010, when POLSC 27000 becomes the prerequisite for most advanced courses in international relations.)

prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 27100 - International Politics in the Americas (W)

GER 3/B PD/A
Dynamics of US relations with Latin American countries from the colonial era through the Cold War to the present, and of relations of Latin American countries with each other and with extra-hemispheric nations.
cross-listed LACS 43432
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 27300 - Contemporary Issues in International Politics

GER 3/B
Special issues in international politics. Past topics included the international law of energy, world water resources, war.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 27400 - American Foreign Policy (W)

GER 3/B
Personalities and processes in making, administering and controlling our foreign policy. Crises and dilemmas.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 27500 - Politics of the Global Economy (W)

GER 3/B
Introduction to International Political Economy (IPE). Examines the dynamic interaction between politics and economics across national borders, including the politics of trade, development, finance, varieties of capitalism,
globalization and environmental protection. Not open to students who have taken POLSC 37600.

_prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 27600 - International Relations of the Third World (W)

GER 3/B PD/A
Analysis of the role played by Third World states in international arena, examining relations of developing nations with advanced industrialized states, socialist states and other developing nations.

_prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 27800 - International Organizations (W)

GER 3/B
Powers, functions and effectiveness of international institutions; emphasis on United Nations and regional organizations.

_prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 28000 - Women, War and Peace (W)

GER 3/B PD/C
The course examines the roles that women have played as subjects and objects in war and peace.

cross-listed WGSP 26200 (W)

_prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 28100 - Drugs, Politics and Public Policy (W)

GER 3/B
Examination of public policies addressing drug use and abuse in the United States and other countries with emphasis on political and cultural determinants, economic and market factors, constitutional implications and United States foreign policy.

_prereq: ENGL 12000
3 hrs 3 cr.

POLSC 28200 - International Security (W)

GER 3/B
An introduction to basic concepts and problems in the area of international security, this course will explore explanations for some of the central causes of security/insecurity and peace/war, as well as examine select contemporary security issues.

_prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 28300 - Terrorism (W)

GER 3/B
The course will explore the types, causes, and strategies of terrorism as well as the effectiveness and civil liberty implications of counterterrorism strategies. Both contemporary and historical terrorist groups will be considered.
POLSC 37300 - Contemporary Issues in International Politics

GER 3/B
Selected topics in international politics.
prereq: ENGL 12000 or its equivalent; POLSC 27000 or 11500 (prior to 9/2010)
3 hrs 3 cr.

POLSC 37400 - International Human Rights (W)

GER 3/B
An examination of the origins, substance and processes of human rights in international relations.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 37500 - International Law (W)

GER 3/B
Case studies on nature, sources, practices and efficacy of international law, principles and rules.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 37600 - International Political Economy (W)

GER 3/B
Examination of the intersection of politics and economics at the international level through a careful reading and analysis of dominant theoretical approaches and their application to central debates concerning the politics of trade, money and finance, development and globalization.

prereq: POLSC 11500 or 27000 or 27500; minimum of 45 credits and 9 credits in political science or permission of the instructor
coreq: ENGL 12000 or its equivalent
4 hrs 4 cr.

POLSC 37700 - Theories of International Politics (W)

GER 3/B
An examination of the central concepts and issues in international politics that underpin the main theoretical debates in the field.

prereq: POLSC 11500 or 27000 or 27500 or 28200 or perm. instr.
coreq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 37800 - Russian National Interest: Past and Present (W)
GER 3/B PD/D
In a contemporary, historical and comparative context, this course explores the factors influencing debates on and definitions of Russia's national interests, the strategies for promoting those interests and the implications for Russia and the international system.

prereq: ENGL 12000 or equiv; POLSC 11500 or POLSC 11700 or perm instr.
3 hrs 3 cr.

POLSC 37900 - War and Strategy (W)

GER 3B
An examination of strategy and wars between states, within states, and between states and transnational groups. Focuses on how strategy affects the avoidance, outbreak, conduct, and consequences of war and the difficulty of devising strategies that successfully link political ends and military means.

prereq: POLSC 11500 or 27000 or 28200; minimum of 45 credits and 9 credits in political science or permission of the instructor
coreq: ENGL 12000 or the equivalent
4 hrs 4 cr.

POLSC 38000 - European Security (W)

GER 3/B PD/D
A theoretically informed examination of current and historical security problems in Europe, with a focus on the sources of war and peace, strategic calculations, alliances, institutions, democratization, norms, and ideological and identity conflicts. A principal aim is to establish a foundation for analyzing the prospects for a secure order in Europe in the first part of the 21st century.

prereq: POLSC 11500 or 27000 or 28200; minimum of 45 credits and 9 credits in political science or permission of the instructor
coreq: ENGL 12000 or its equivalent
4 hrs 4 cr.

POLSC 38100 - East Asia in World Politics (W)

GER 3/B PD/A
An examination of sources of stability and instability in East Asia, using social science theories and historical background.

prereq: ENGL 12000 or its equivalent; POLSC 27000 or perm instr.
3 hrs 3 cr.

POLSC 38200 - Causes of War (W)

GER 3/B
An analysis of the causes of war and peace for both civil and interstate wars including especially the role of bargaining, but also the roles alliances, arms races, rivalries, and institutions.

prereq or coreq: ENGL 12000 or the equivalent; POLSC 27000 or POLSC 28200; minimum of 45 credits and 9 credits in political science or permission of the instructor.
4 hrs 4 cr.
**POLSC 38300 - Power Transitions, the U.S. and World Order (W)**

**GER 3B**
An examination of global power transitions and their consequences for international competition and order. Draws on theoretical insights to explain patterns in historical and contemporary cases, including the current rise of China and other “BRICS” countries.

*prereq: ENGL 12000 or the equivalent; POLSC 27000; minimum of 45 credits or permission of the instructor.*

4 hrs 4 cr.

**Political Science: Political Theory**

**POLSC 11200 - Introduction to Political Theory (W)**

**GER 2/B**
Selected writings of the great political thinkers. Recurrent problems of politics from Plato to the present.

*prereq or coreq: ENGL 12000 or its equivalent* 3 hrs 3 cr.

**POLSC 20000 - Interpreting Politics: An Introduction to Political Ideas (W)**

**GER 2/B or 3/B**
An introduction to interpreting major political ideas and their significance in the contemporary world. Competing understandings of concepts such as freedom, equality, justice, citizenship, and legitimacy will be explored, in part by applying them to concrete political issues such as multiculturalism, economic distribution, and the death penalty.

*prereq or coreq: ENGL 12000 or its equivalent* 3 hrs 3 cr.

**POLSC 20100 - Ancient to Early Modern Political Thought (W)**

**GER 3/B PD/D**
The study of selected writers from the ancient Greeks to the Renaissance (e.g., Plato to Machiavelli), focusing on the political dimensions of such ideas as rationality, virtue, community, human nature and historical change.

*prereq: ENGL 12000 or its equivalent* 3 hrs 3 cr.

**POLSC 20200 - Modern Political Thought (1600-1900) (W)**

**GER 3/B PD/D**
The study of selected political writers (e.g., Hobbes to Nietzsche), with special emphasis given to the nature of and problems with, liberty, equality and justice in modern societies and states.

*prereq: ENGL 12000 or its equivalent* 3 hrs 3 cr.

**POLSC 20300 - Political Thought Since 1900 (W)**
GER 3/B PD/D
Exploration of concepts and thinkers in political theory since 1900. Topics include such traditional issues of political
theory as the nature and scope of political regimes, justice, equality and changing concepts of human nature.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 20400 - Contemporary Issues in Political Theory

GER 3/B
Topics vary each semester. They have included democracy in America, totalitarianism, liberty and authority.
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 20600 - Research Design in Political Science (W)

GER 3/B
Public opinion surveys, content analysis, legislative roll-call analysis, census data, election returns. Introduction to
statistics. Uses Social Science Data Lab.
prereq: passing college proficiency exam in math or perm instr; ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 20700 - Data Analysis in Political Science (W)

GER 3/B
Computer applications and statistical analysis in political science. Students write a quantitative term paper. Uses Social
Science Data Lab.
prereq: POLSC 20600 or perm instr.
3 hrs 3 cr.

POLSC 20900 - Women and Gender in Western Political Thought (W)

GER 3/B PD/C or D
Examines history of political thought from the perspective of gender relations and the treatment of women.
cross-listed WGST 20900
prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

POLSC 30100 - American Political Thought (W)

GER 3/B
Examination of ideas that have shaped American politics from the Revolution to the present, including Federalists and
Anti-Federalists, Progressivism and responses to industrialization and recent debates over the welfare state, political
inclusion and democracy.
prereq: ENGL 12000 or its equivalent; one course in political theory or perm. instr.
3 hrs 3 cr.

POLSC 30200 - Critical Theory and Politics (W)

GER 3B
Intensive study in the core concepts and ideas in the tradition of Critical Theory. Thinkers include, among others, Kant,
Hegel, Marx, Nietzsche, Adorno, Horkheimer, Marcuse, Fanon, and Foucault, as well as contemporary critical
theorists. Themes and foci will vary by semester and will include: the nature and purpose of critique; political sociology and the analysis of liberalism, fascism and other political formations; mass culture and the fate of art; power and the psyche; reason and affect; violence and terror; the philosophy of history, and the politics of liberation.

*prereq: ENGL 12000 or the equivalent; at least one 200-level course in political theory or permission of the instructor. 4 hrs 4 cr.*

**POLSC 30300 - Democracy and Emergency (W)**

GER 3B
This seminar in political theory examines the issue of emergency powers in constitutional democracies. It will examine various attempts to define what is an emergency, as well as the spirited debates over the legitimacy of extraordinary powers to manage such crises.

*prereq: ENGL 12000 4 4*

**POLSC 30400 - Contemporary Issues in Political Theory**

GER 3/B
Selected topics in political theory.

*prereq: ENGL 12000 or its equivalent; one course in political theory subfield or perm instr 3 hrs 3 cr.*

**POLSC 30500 - Democratic Theory (W)**

GER 3/B
A critical survey of different conceptions of democracy: issues include democracy as a political order, democracy and 'non-political' forms of life (e.g., business, family, religion), toleration, political representation, democracy and justice.

*prereq or coreq: ENGL 12000 or its equivalent; one course in political theory or perm instr. 3 hrs 3 cr.*

**POLSC 30700 - Theory of Revolution**

GER 3B
Traditional and modern revolutions. Conditions and objectives of socialist and communist revolutions.

*prereq: ENGL 12000 or its equivalent 3 hrs 3 cr.*

**POLSC 30900 - Feminist Political Theory (W)**

GER 3/B PD/C
Readings in feminist ideas, both historical and contemporary, on issues of power, justice and equality. The course will emphasize different perspectives, including those of liberal, radical, postmodernist, women of color, third world and 'global' feminists.

*cross-listed WGST 30900 (W)*

*prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr. 3 hrs 3 cr.*

**POLSC 31100 - Utopian Theory (W)**

GER 3/B
Political theorists often imagine ideal worlds, both to explore ideals and to criticize political realities. This course will
explore utopias and dystopias as theories that explore political possibilities and challenge existing realities.

prereq: ENGL 12000 or its equivalent; one course in political theory or perm dept.
3 hrs 3 cr.

**POLSC 31600 - Political Theory of Human Rights (W)**

GER 3/B
A critical analysis of the intersection of academic and practical discourse of human rights with the central concerns of political theory, particularly as it engages relationships between ethics and power as well as theory and practice.

prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs 3 cr.

**Political Science: Independent Study, Honors, Advanced Seminars**

The following courses, which include independent studies, and honors independent studies, may not be used to fulfill the four subfield requirement. No more than 6 credits in internship, independent study, and/or experiential courses (such as Model United Nations) may be used to satisfy the 30 credits in the major.

**POLSC 29001-29003 - Independent Study in Political Science**

GER 3/B
Students may take independent study only with full-time members of the department. As a general rule, the students should have taken a prior course with this instructor. Departmental permission will not be granted without explicit approval by the instructor.

prereq: at least one course in appropriate field, perm dept.
1-3 cr

**POLSC 29102-29103 - Directed Research (W)**

This course is designed to teach individual students how to do research under the direction of a full-time faculty member. Students will participate in ongoing faculty research, and may do independent reading, library research, data collection and data analysis. The course will culminate in a research paper, literature review, or co-authored conference paper submitted for publication. Students will gain an understanding of the research methods utilized in the project, will gain hands-on experience in basic research, and will learn how to write the a research report with extensive feedback from their faculty supervisor.

prereq or coreq: ENGL 12000 or the equivalent; minimum of 60 credits and 15 credits in political science or permission of a full-time faculty supervisor.
2 or 3 hrs 2 or 3 cr.

**POLSC 48000 - Seminar in Selected Problems of Political Science**

Open to Jr/Sr only. Advanced seminar on selected topics.

prereq: perm dept.
3 hrs 3 cr.

**POLSC 48600 - Senior Colloquium**
Advanced seminar. Major project and/or paper required.
prereq: perm. dept.
3 hrs 3 cr.

POLSC 49202-49203 - Honors Independent Study in Political Science

Students may take independent study honors projects only with full-time faculty members of the department. As a general rule, the students should have taken a prior course with this instructor. Departmental permission will not be granted without explicit approval by the instructor.

prereq: at least one course in appropriate field, perm dept.
2-3 cr.

POLSC 49300 - Conducting and Presenting Political Science Research

This course is designed to refine students’ existing research skills so they can complete their honors theses. Concepts covered will include, but not be limited to literature reviews, finding sources, defining a topic, framing scholarly questions, developing hypotheses, using empirical evidence, citation, and presentation skills. Concurrent enrollment in POLSC 492 is required.
coreq: POLSC 49200
1 hr 1 cr.

Political Science: Experiential Courses

Experiential courses may not be used to fulfill the four subfield requirements. No more than 6 credits in internship, independent study, and/or experiential courses (such as Model United Nations) may be used to satisfy the 30 credits in the major.

POLSC 22200/22300 - Seminar/Internship in New York City Government

Practical experience in city government and politics. Weekly seminars, monthly university-wide meetings.

Students are advised to have completed at least 60 overall credits and 12 to 15 political science credits with at least one course in the field in which they are interested in taking the internship. Students should have at least a 3.0 grade point average in political science before applying.

prereq: perm dept.
4 hrs 4 cr.

POLSC 29801-29806 - Internship in Political Science

Students may take independent study internships only under the supervision of full-time members of the department. As a general rule, the students should have taken a prior course with this instructor. Departmental permission will not be granted without explicit approval by the instructor.

prereq: at least one course in appropriate field, perm dept.
1-6 cr.

Programs and Courses in Psychology
Psychology

About the Department

Psychology is concerned with all aspects of the study of behavioral, developmental and cognitive processes and employs a broad spectrum of approaches, from the social to the biological, to understand them. The Hunter College psychology program reflects the diversity of psychology as a science and a profession. Course offerings range from clinical, social and developmental psychology to experimental psychology, ethology, biopsychology and behavioral neuroscience.

Although Psychology is a large department, students have personal contact with faculty members through an extensive advisement system, involvement in departmental activities and committees, supervised field placement and participation in research laboratories under the guidance of faculty mentors as part of our independent study, honors, BP-ENDURE, MARC (Minority Access to Research Careers), MIDARP (Minority Institutional Drug Abuse Research Development Program) & MBRS (Minority Biomedical Research Support) programs.

A broad range of applied and research opportunities are available within the department in developmental psychology, social psychology, human adjustment, animal behavior, physiological psychology and abnormal psychology. Departmental affiliations with mental health and community organizations make it possible for students to integrate their academic studies of personality, abnormal and child psychology with supervised practical experience by means of field placements and opportunities for applied research.

The faculty and facilities of the CUNY doctoral program in Biopsychology and Behavioral Neuroscience and master’s program in General Psychology or in Animal Behavior and Conservation are integral parts of the Hunter College psychology program. These programs provide course concentrations in a number of different areas within psychology and offer undergraduate students research and other opportunities to interact with graduate students. Qualified students in their last semester may be admitted to graduate courses with the approval of the instructor and the department’s graduate adviser.

The psychology major, as part of the bachelor’s degree program, prepares the student for many career possibilities in psychology, education, social and welfare services, health services and industry and fulfills the course requirements for entering most psychology graduate programs. A background in psychology combined with special training in other disciplines within the college may be especially useful in preparing for careers in human resources, medicine, law, nursing, speech pathology, social work, special education, counseling and music, art and dance therapy.

Our undergraduate and graduate advisers provide students with additional guidance and information regarding career opportunities and graduate study.

Undergraduate Major

Psychology - BA

Special Programs

Field Placement Program

Offered for one semester (PSYCH 30600) or as a 2-semester sequence, Psychological Services I and II (PSYCH 30600 and PSYCH 30700) give enrolled students practical supervised career experience one day per week in an approved mental health or community service setting in conjunction with a class that meets once each week. Students may also gain field experience in conjunction with academic work through Independent Study (PSYCH 20100) with a faculty sponsor. Permission of the instructor is required for these courses and students should start making arrangements by the preceding term before they plan to take the course (e.g., midspring for the fall term). The undergraduate adviser can inform students of the instructor who will be teaching PSYCH 30600 and PSYCH 30700, for which field placement referrals are made by the instructor. Students wishing to take PSYCH 20100 in conjunction with a field experience should meet with the college internship coordinator (by appointment in Career Development, Room 805 Hunter East) and with prospective faculty sponsors.

The COR Program (Career Opportunities in Research and Education)

The departments of psychology, anthropology and sociology jointly offer a program called COR (Career Opportunities in Research and Education). This interdisciplinary research training program for academically talented minority juniors and seniors is funded by the National Institute of Mental Health. Participants receive a monthly stipend and are granted tuition and fee remission. Students take a special curriculum and get individualized research training in a variety of areas under the supervision of a faculty mentor. The program has several levels of participation and underrepresented minority students, especially sophomores, intending to pursue a research-related career in the participating disciplines are urged to apply to the program. Additional details and descriptive literature are available from the COR program director, Professor Regina Miranda regina.miranda@hunter.cuny.edu, (212) 772-4809, or Judith Diaz-Minaya, program manager (uddiaz@hunter.cuny.edu, (212) 772-4562).
The MIDARP Program (Minority Institutional Drug Abuse Research Development Program)

The overall goal of MIDARP is to develop the capacity of Hunter College to support drug abuse research through the following objectives: (1) provide underrepresented minority faculty with drug abuse research knowledge and skill development through the conduct of research projects and other professional development activities, (2) encourage underrepresented minority students to pursue drug abuse research careers by providing them with educational enrichment and research experiences; and (3) strengthen the underlying institutional infrastructure needed to support drug abuse research. Undergraduate students supported by MIDARP are highly qualified students from underrepresented populations. They must be interested in pursuing careers in drug abuse research and in working in the laboratory of a MIDARP investigator.

Exemptions

A student may be exempt from PSYCH 10000 by earning a score of 4 or 5 on the Advanced Placement Test taken in conjunction with a high school course in psychology or by passing the CLEP examination (College Level Education Program). Exemption from Child Psychology (PSYCH 21000) may be earned by a passing grade on the CLEP examination in Developmental Psychology. CLEP examinations are given at various testing centers. Interested students can obtain information and application forms at http://www.collegeboard.com or by contacting the Office of Student Services. A passing grade on either CLEP examination provides 3 credits. Information on exemption from the mathematics course requirement and on test administration is available from the Testing Center, North 150 (http://admissions.hunter.cuny.edu/Testing.htm).

The Psychology Major

Preparation

The psychology major is designed to provide students with training in both the evaluation and the generation of research data. For this reason, the core sequence of Psychological Statistics and Experimental Psychology is central to the program and is a prerequisite for all upper-level psychology courses. Performance in the Psychological Statistics/Experimental Psychology sequence will be greatly facilitated by proper preparation in mathematics and laboratory science and the development of excellent writing skills.

PSYCH 24800 - Statistical Methods in Psychological Research

GER 3/B
Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.

PSYC 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or or appropriate score on math placement exam
coreq: Writing Intensive prereq or coreq: ENGL 12000
4 hrs 4 cr.

PSYCH 24900 - Experimental Psychology: Social
GER 3/B
Introduction to the principles of research methodology and experimental techniques. Required research reports involve laboratory and field exercises concerned with a variety of social psychological phenomena. (Students may take either PSYC 249 or 250, but not both.)

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade;
PSYC 24800 with a minimum grade of C
prereq or coreq: Writing Intensive
6 hrs (2 lec, 4 lab) 4 cr.

PSYCH 25000 - Experimental Psychology: General

GER 3/B
Open to declared majors only. Research and general experimental techniques in study of behavior. Introduction to the principles of research methodology and experimental techniques. Required research reports involve a variety of laboratory exercises related to the study of basic behavioral processes. (Students may take either PSYC 24900 or 25000, but not both.)

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade;
PSYC 24800 with a minimum grade of C prereq or coreq: Writing Intensive
6 hrs (2 lec, 4 lab) 4 cr.

Course of Study

Completion of ENGL 12000 prior to declaration of the major in psychology is strongly recommended. ENGL 12000 is a pre or co-requisite for all 200-level classes below 24900. For any classes numbered 24900 and above, ENGL 12000 is a prerequisite. Students whose career goals include professional work in psychology, social work, or counseling should take the following courses, as appropriate. Note that each may be used only once to satisfy major requirements.

PSYCH 20100 - Independent Study in Psychology

May be applied to major once. Designed to meet the needs of individual students under the direction of a particular faculty sponsor. The course may involve independent readings, tutorials, work as an advising assistant or peer counselor, field placement, an individual research project, or participation in ongoing faculty research, any of these culminating in a written report.

prereq: PSYCH 10000 and any other 3 cr PSYCH course, perm dept.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 30600 - Seminar in Psychological Services I (A)

Open to declared majors only. An integration of personality and abnormal psychology, the helping process and the role of the helper. Seminar and one day per week placement in mental health/community service setting.
PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 2200 or 32300, PSYCH 24900 or 25000, perm instr.
8 hrs 4 cr.

PSYCH 30700 - Seminar in Psychological Services II (A)

Integration of personality and abnormal psychology. Seminar and one day per week placement in mental health/community service setting.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000, PSYCH 30600, perm instr.
3 hrs 3 cr.

PSYCH 39500 - Independent Research in Psychology

May be applied to the major once. Designed to meet the needs and interests of individual students under the direction of a particular instructor at a more advanced level than PSYCH 20100. Such study may involve independent reading, tutorials, independent research projects, or participation in ongoing faculty research, any of these culminating in an APA-style research report or literature review. Field Placements (internships) cannot be granted credit as PSYC 39500; however, supervised field Placement taken in conjunction with PSYCH 36100 - Psychological Tests (A) will be granted credit as PSYC 395.

prereq: ENGL 12000. PSYCH 24900 or 25000, perm instr.
3 hrs 3 cr.

-or-

PSYCH 39600 - Honors in Psychology

Independent, sponsored, empirical research and seminar. Students are expected to attend the regularly scheduled seminar. An APA-style research report or its equivalent (to be filed in the department) is a requirement of this course. To graduate with departmental honors, the student must receive a grade of A in PSYCH 39600. Honors in Psychology is typically a one-semester course; however, when a PSYCH 39600 research project extends beyond a single semester, the student may (with permission) register for a second semester as PSYCH 39800. If taken, the student must receive a grade of A in both PSYCH 39600 and 39800 to graduate with departmental honors.

prereq: ENGL 12000. PSYCH 24900 or 25000; 3.5 major GPA; 3.00 cumulative GPA; perm instr.
3 hrs 3 cr.

Declaration of Major

To declare a psychology major, the student must have completed Introduction to Psychology PSYCH 10000 and any other 100-level psychology course with a minimum grade of B, a required mathematics course with a minimum grade of C or CR and have a minimum GPA of 2.00. The mathematics requirement may be satisfied by the following, or by earning exemption from the mathematics requirement. The major must be declared in person with an undergraduate psychology adviser. (Refer to website http://hunter.cuny.edu/psychology for schedule.) The student must bring his/her Hunter transcript (and where relevant, transcripts from all other colleges attended) when meeting with the adviser to declare a psychology major.
STAT 11300 - Elementary Probability and Statistics

GER 1/B
Not open to students who have completed STAT 21300 or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
prereq or coreq: ENGL 12000
3 hrs 3 cr.

-MATH 12500 - Precalculus

GER 1/B
Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

prereq: grade of C or better in MATH 10100 or appropriate score on placement exam
4 hrs 4 cr.

Psychology Major

The major consists of 26 credits in psychology above the 100 level, including PSYCH 24800 - Statistical Methods in Psychological Research and PSYCH 24900 - Experimental Psychology: Social or PSYCH 25000 - Experimental Psychology: General. The major also requires at least one course in each of the following content areas:

- applications of psychology;
- biopsychology;
- cognitive processes;
- and developmental/social psychology.

(If a course meets requirements for more than one content area, the student may apply the course to only one of them.) All of the content-area courses must be at or above the 200 level and at least 2 of the content-area courses must be at or above the 300 level. Two additional (elective) courses in psychology, at the 200 level or higher, must be completed. Two semesters of laboratory science must also be completed. (See the Science Requirement for Graduation below.)

Qualified undergraduates in their last semester may register for graduate-level psychology courses with the permission of the instructor and the graduate adviser. Most psychology majors intending to attend graduate school take more than the minimum 26 credits in psychology and design their course of study in close consultation with a faculty mentor. Students should obtain a copy of “Psychology Major Requirements and Policies” from the undergraduate advising office as soon as they declare the major for up-to-date information on department resources, activities and faculty research interests.

Beginning in the spring 1998 semester, psychology courses taken on a Credit/No Credit basis may not be applied toward the major; PSYCH 24800, PSYCH 24900, PSYCH 25000 may not be taken on a Credit/No Credit basis.

Courses Taken on Permit and Courses Transferred into Hunter
Once the psychology major is declared, students may not take any psychology course that they wish to count toward the major on permit at another college. In contrast, psychology courses that were taken before the student enrolled at Hunter and that are deemed equivalent to a Hunter College course may count toward the major. The assessment of course equivalency is made by the Office of Admissions and by the undergraduate psychology advising office.

Prerequisites

Course prerequisites are strictly enforced. Students are responsible for meeting all course prerequisites, including satisfactory completion of courses in progress at the time of enrollment. Students enrolling in courses without necessary prerequisites will be dropped from the class by the registrar. The department screens for prerequisites and students may be dropped after the course begins. (See specific prerequisites for each course in Course Listings section.)

Prerequisites for PSYCH 24800 - Statistical Methods in Psychological Research. All students must have received at least a C or CR in STAT 11300 or MATH 12500 or earned mathematics exemption and must have declared psychology as their major in the Psychology Department Advising Office at Hunter.

Prerequisites for PSYCH 24900 - Experimental Psychology: Social and PSYCH 25000 - Experimental Psychology: General. All students must be declared Psychology majors and have passed ENGL 12000 with C or higher, STAT 11300 or MATH 12500 with C or higher (or earned mathematics exemption), PSYC 24800 with C or higher, and 1 semester of laboratory science (see Science Requirement for Graduation, below).

As of fall 2011, only PSYCH 25000 will be offered

Science Requirement for Graduation

In order to graduate, psychology majors must have completed two semesters in laboratory science that were approved by the department. Students must take at least one semester of laboratory science before taking PSYCH 24900 or PSYCH 25000. Students may complete the laboratory science courses at any point in their studies, and the courses need not be taken in sequence. The science requirement may be met by any of the following courses, all of which meet the General Education Requirement Stage 2/E, Laboratory Science, requirement:

**ANTHP 10100 - Human Evolution**

GER 2/E
The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

**ANTHP 10200 - Human Variation**

GER 2/E
Description and analysis of biological variation in living human populations. Both genetic and phenotypic variation will be examined. Lab experiments and demonstrations.
6 hrs (3 hrs lec, 3 hrs lab) 4 cr.
offered every sem.

**ASTRO 10100 - Basic Concepts of Astronomy with Laboratory Exercises**

GER 2/E with lab
An introductory, one-semester astronomy course designed for non-science majors. Topics include: basic observational
features of the night sky, and their explanations; Kepler’s laws of planetary motion; Newton's laws of motion and gravitation. Properties of light, and how it reveals the nature of its source. Origin, properties, and evolution of our solar system. The origin and evolution of stars, including giants, dwarfs, supernovae, neutron stars, and black holes. Structure of The Milky Way and other type of galaxies. Cosmology, Hubble's Law and the expanding universe, from the Big Bang to the present; future scenarios.

The lab consists of traditional hardware experiments and virtual online experiments.

Students taking this course will be required to submit online and hard-copy laboratory reports.

5 hrs 4 cr.

**BIOL 10000 - Principles of Biology I**

GER 2/E PD/C or D

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

*Material Fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*

*prereq or coreq: MATH 12500 or equivalent*

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

fall only

**BIOL 10200 - Principles of Biology II**

GER 2/E PD/C or D

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

*Material fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*

*prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.*

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

spring only

**BIOL 12000 - Anatomy and Physiology I**

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.

*Not accepted for credit toward the biology major.*

*prereq: CHEM 10000, 10100 coreq: CHEM 12000, 12100*

6 hrs (3 lec, 3 lab) 4.5 cr.

fall only

**BIOL 12200 - Anatomy and Physiology II**

Structure and function of circulatory, digestive, exitory, endoine and reproductive systems. Basic concepts of metabolism, embryology. Required for admission to the nursing program.

*Not accepted for credit toward the biology major.*

*prereq: BIOL 12000 or equiv.*
BIOL 12500 - Human Biology

GER 2/E with lab
An introductory lecture/laboratory course for non-biology majors. BIOL 12500 explores the biology that underlies current health and disease topics (including diabetes, cancer, heart disease, sexually transmitted diseases, and nutrition). Using this topics approach, the course provides a survey of human anatomy and physiological function, along with the biological principles of genetics and cellular interactions that comprise our current understanding of the human organism. Laboratory exercises will introduce students to a scientific approach in studying human disease and physiology.

6 hrs 4.5 cr.

CHEM 10000 - Essentials of General Chemistry Lecture

GER 2/E
Essential facts, laws, and theories of general chemistry.
Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 10100 - Essentials of General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of general chemistry.
Primarily for nursing, nutrition and food science and community health students.
prereq or coreq: CHEM 10000
3 hrs 1.5 cr.

CHEM 10200 - General Chemistry I

GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500, 12600 or equiv.
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
Primarily for premed, medical laboratory sciences and science majors.
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10500 - General Chemistry Laboratory II

GER 2/E
Laboratory experiments illustrating and applying theory of solutions to qualitative analysis.
Offered for transfer students who have completed only one semester of General Chemistry Laboratory.

prereq: One semester of General Chemistry Laboratory, prereq or coreq: CHEM 10400
3 hrs 1.5 cr.

CHEM 11100 - Chemical Principles

GER 2/E
In-depth introduction to chemical principles including measurement, stoichiometric calculations, inorganic nomenclature, gas laws, equilibrium, acids, bases and buffers. Emphasis is placed on problem-solving, oral presentations, and collaborative work. Laboratory and coursework emphasize analysis and evaluation of data. Primarily for pre-med, medical laboratory sciences and science majors.
prereq or coreq: MATH 12500 or equiv, MATH 12600
9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop) 5.5
offered fall

CHEM 11200 - Thermodynamics and Solution Chemistry

GER 2/E
The study of quantum theory, atomic structure, periodic properties of the elements, kinetics, electrochemistry, and thermodynamics. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 11100
9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop) 5.5
offered spring

CHEM 12000 - Essentials of Organic Chemistry Lecture

GER 2/E
Course presents essential facts, laws and theories of organic chemistry. Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.
prereq: CHEM 10000
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 12100 - Essentials of Organic Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry. Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health students.
prereq: CHEM 10100 prereq or coreq: CHEM 12000
3 hrs (3 lab) 1.5 cr.

GEOL 10100 - Fundamentals of Geology

GER 2/E
Describes the earth and the forces that shape it. Topics of discussion will be the formation of the earth, plate tectonics, earth materials and geologic time. The goals of the course include introducing students to geology, "systems thinking", the methods of scientific inquiry. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee.
6 hrs (3 lec, 3 lab) 4.5 cr.
Offered fall and spring.
GEOL 10200 - Plate Tectonics and the Earth’s Evolution

GER 2/E
The second course in geology offered to non-geology majors. It is designed to familiarize students with the main concepts used in deciphering and interpreting earth’s evolution from the spatial and temporal perspective. Topics to be covered include: geologic time; geological principles; earth materials as recorders of past geologic processes; depositional environments and sedimentary rock record; igneous and metamorphic geologic environments and their rock records; evolution of the solar system; plate tectonics and life on earth; origin of the universe; life on earth and the fossil record; Precambrian, Paleozoic, Mesozoic, and Cenozoic life, history and tectonics. Field trips may be required; transportation fee.

prereq: GEOL 10100
5 hrs (3 lec, 2 lab) 4 cr.
Offered fall.

PGEOG 13000 - Weather and Climate

GER 2/E
Offers a basic understanding of how weather systems form, why certain regions have particular types of weather patterns, and what is known about climatic fluctuations across the globe. This includes an understanding of the basic physical principals that determine: how hot or cold a particular location is; how seasonal cycles vary in different parts of the world; and the types and amounts of precipitation. Students learn to analyze several types of weather maps and acquire a basic understanding of central issues related to global climate change, one of the most significant environmental issues of our time.

Material Fee: $ 5
5 hrs (3 lec, 2 lab) 4 cr.
Offered in the Fall and Spring

PGEOG 23100 - Physical Geography II: Principles of Geomorphology

See GEOL 23100

PHYS 11000 - General Physics: Introductory Course in Mechanics, Heat, and Sound

GER 2/E
First semester of two-semester introductory physics course using algebra.

prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

PHYS 12000 - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

GER 2/E
Second semester of PHYS 11000, a two-semester introductory physics course using algebra.

prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec) 4.5 cr.

Additional Information
For transfer students, the laboratory science requirement may be met by courses taken at previous institutions only if they have been assigned the Hunter College course numbers in the above list. Transfer students should check with the psychology adviser after their courses have been formally evaluated by Hunter College to determine whether the science requirement has been met.

Note: Students who declared a psychology major before January 1, 1998 are exempt from the science requirement within the Department of Psychology.

Minor

As of the spring of 2009, Hunter no longer requires that students have a minor. Those students wishing to do a minor should go directly to the department in which they are interested in doing a minor and declare it with that department.

Minor in Psychology

Declaring a Minor in Psychology

The minor in psychology is designed to expose students to a variety of content areas in the field of psychology and to provide the student with the ability to evaluate psychological research as a consumer.

To declare a psychology minor, the student must have completed PSYCH 10000 and any other 100-level psychology course with a minimum grade of C and a required mathematics course with a minimum grade of C or CR. The mathematics requirement may be satisfied by STAT 11300 or MATH 12500, or by an appropriate score on the mathematics placement test.

The minor in Psychology consists of 15 credits in Psychology as follows:

**PSYCH 10000 - Introduction to Psychology**

GER 2/B
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

3 hrs 3 cr.

**PSYCH 21500 - Introduction to Research Methods in Psychology (W)**

GER 3/B
Evaluation of published research; research principles and the concepts which underlie them; how to evaluate and select research strategies.

prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000

3 hrs 3 cr.

Concentration

- Psychology: Concentration in Behavioral Neuroscience
Psychology: Concentration in Behavioral Neuroscience

Purpose

The Behavioral Neuroscience Concentration within Psychology provides interdisciplinary training for students preparing for academic or professional careers in neuroscience-related areas. The concentration brings together students from Psychology and Biology in a set of core courses and offers mentored research experience in faculty laboratories, opportunities for student research presentations and talks by distinguished visiting neuroscientists. The neuroscience concentration is a particularly good option for students who plan to do graduate study in neuroscience or neuroscientifield related fields or attend medical school for neurology, neurosurgery, or psychiatry specialties. Because of the large number of required courses in the concentration, it is very important that interested students meet with the concentration adviser as early in their college career as possible-no later than the start of their Sophomore year. The concentration adviser is Prof. Philip Zeigler, ((212) 772-5363; Room 626 Hunter North).

Admission Requirements

Admission is by application at the end of the sophomore year. Applicants will need to have completed or be currently taking the following courses with a minimum GPA overall of 3.0 and of 3.5 in the major. Selection will be based upon a combination of grades and an interview, and the identification of a faculty sponsor in whose laboratory the student’s research will be carried out. Application forms and names of faculty contacts may be obtained from the Psychology adviser’s office.

BIOL 10000 - Principles of Biology I

GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq or coreq: MATH 12500 or equivalent
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
fall only

BIOL 10200 - Principles of Biology II

GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
Material fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.
spring only

CHEM 10200 - General Chemistry I
GER 2/E
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
*Primarily for pre-med, medical laboratory sciences and science majors.*
*prereq or coreq: MATH 12500, 12600 or equiv.*
5 hrs (4 lec, 1 rec) 4 cr.

**CHEM 10400 - General Chemistry II**

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.
*Primarily for premed, medical laboratory sciences and science majors.*
*prereq: CHEM 10200 or CHEM 10000 with perm chair*
5 hrs (4 lec, 1 rec) 4 cr.

**PSYCH 10000 - Introduction to Psychology**

GER 2/B
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.
3 hrs 3 cr.

**PSYCH 18000 - Brain and Behavior**

GER 2/B
Brain structure, function and relation to behavior. Topics include the neural basis of perception, learning and memory, consciousness, motivation, emotion.
*prereq: PSYC 10000*
3 hrs 3 cr.

**PSYCH 24800 - Statistical Methods in Psychological Research**

GER 3/B
Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.

*PSYC 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)*

*prereq: PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or appropriate score on math placement exam*
*coreq: Writing Intensive prereq or coreq: ENGL 12000*
4 hrs 4 cr.

**Course Requirements for the Undergraduate Concentration in Behavioral Neuroscience**
In addition to completion of the psychology major and the introductory sequences in chemistry and biology, students in the concentration will take the introductory course in calculus, additional courses in biology and chemistry and an interdisciplinary Behavioral Neuroscience Seminar. A year of laboratory research is required and an undergraduate thesis based on this research will be eligible for consideration for Departmental Honors. Completion of the concentration meets the requirements for the minor in Biology. For continuation in the concentration, students must maintain the GPA required for entry.

### Required Courses/Credits

**PSYCH 10000 - Introduction to Psychology**

GER 2/B

An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

*3 hrs 3 cr.*

**BIOL 10000 - Principles of Biology I**

GER 2/E PD/C or D

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

*Material Fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*

*prereq or coreq: MATH 12500 or equivalent*

*7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.*

*fall only*

**BIOL 10200 - Principles of Biology II**

GER 2/E PD/C or D

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

*Material fee: $5*

*PD credit awarded only upon completion of BIOL 10000 and 10200.*

*prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.*

*7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.*

*spring only*

**CHEM 10200 - General Chemistry I**

GER 2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

*Primarily for pre-med, medical laboratory sciences and science majors.*

*prereq or coreq: MATH 12500, 12600 or equiv.*

*5 hrs (4 lec, 1 rec) 4 cr.*
CHEM 10400 - General Chemistry II

GER 2/E
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium. 
Primarily for premed, medical laboratory sciences and science majors.
prereq: CHEM 10200 or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec) 4 cr.

CHEM 10500 - General Chemistry Laboratory II

GER 2/E
Laboratory experiments illustrating and applying theory of solutions to qualitative analysis.
Offered for transfer students who have completed only one semester of General Chemistry Laboratory.
prereq: One semester of General Chemistry Laboratory. prereq or coreq: CHEM 10400
3 hrs 1.5 cr.

MATH 15000 - Calculus with Analytic Geometry I

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

PSYCH 18000 - Brain and Behavior

GER 2/B
Brain structure, function and relation to behavior. Topics include the neural basis of perception, learning and memory, consciousness, motivation, emotion.
prereq: PSYC 10000
3 hrs 3 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
prereq: CHEM 10400
5-6 hrs (4 lec, 1-2 recitation/workshop) 4 cr.

PSYCH 24800 - Statistical Methods in Psychological Research

GER 3/B
Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.

PSYC 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)
prereq: PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or or appropriate score on math placement exam
PSYCH 25000 - Experimental Psychology: General

GER 3/B
Open to declared majors only. Research and general experimental techniques in study of behavior. Introduction to the principles of research methodology and experimental techniques. Required research reports involve a variety of laboratory exercises related to the study of basic behavioral processes. (Students may take either PSYC 24900 or 25000, but not both.)

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade; PSYCH 24800 with a minimum grade of C prerequisite: Writing Intensive

6 hrs (2 lec, 4 lab) 4 cr.

BIOL 30200 - Molecular Genetics

GER 3/B
A comparison of viral, procaryotic and eukaryotic systems; review of classical Mendelian principles; bacterial DNA replication, transcription and their control; mechanisms of gene mutation, repair, recombination and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes.

Material Fee: $10

prereq: BIOL 30000

7 hrs (3 lec, 3 lab, 1 disc) 4.5 cr.

PSYCH 39600 - Honors in Psychology

Independent, sponsored, empirical research and seminar. Students are expected to attend the regularly scheduled seminar. An APA-style research report or its equivalent (to be filed in the department) is a requirement of this course. To graduate with departmental honors, the student must receive a grade of A in PSYCH 39600. Honors in Psychology is typically a one-semester course; however, when a PSYCH 39600 research project extends beyond a single semester, the student may (with permission) register for a second semester as PSYCH 39800. If taken, the student must receive a grade of A in both PSYCH 39600 and 39800 to graduate with departmental honors.

prereq: ENGL 12000. PSYCH 24900 or 25000; 3.5 major GPA; 3.00 cumulative GPA; perm instr.

3 hrs 3 cr.

BIOL 47100 - Special Topics in Biology
GER 3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.
prereq: BIOL 300
3 hrs (lec) 3 cr. per sem.

Electives

(9 credits, at least 3 of which must be Biology)

**PSYCH 30000 - Physiological Psychology (B)**

GER 3/B
Neural and endocrine mechanisms involved in learning, emotion, perception and other psychological processes. 
**PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)**
prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs 3 cr.

**PSYCH 30100 - Sensation and Perception (B; C)**

GER 3/B
Open to declared majors only. Methods, theories and empirical data relating to stimulus detection, encoding and perception as a function of variables including current stimuli and past history.

**PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)**
prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs 3 cr.

**PSYCH 30900 - Sex and Behavior (B; D/S)**

GER 3/B PD/C
Research and attitudes about sex-related behavior in human and nonhuman animals emphasizing evolutionary and neuroendoiniological processes and social-psychological processes; male-female differences and similarities, therapeutic strategy in sex-behavior pathology and sexual behavior and the law.

**PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)**
prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs 3 cr.

**PSYCH 32700 - Motivation (B; C)**
GER 3/B
The problem of how behavior is initiated, maintained, directed and terminated. Human and non-human research evaluated.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

**prereq:** ENGL 12000, PSYCH 24900 or 25000
3 hrs 3 cr.

**PSYCH 36900 - Drugs and Behavior (B)**

GER 3/B
Neurochemical substrate of brain functioning; historical context and social ramifications of drug use.

**prereq:** ENGL 12000, PSYCH 24900 or 25000, PSYCH 30000 or perm instr.
3 hrs 3 cr.

**BIOL 37000 - Physiology of the Nervous System**

GER 3/B
A comprehensive introduction to neuroscience. Topics include how nerve cells (neurons) transmit electrical impulses, how neurons communicate with each other through synapses and how nerve pathways and networks determine many functions of the brain. The last portion of the course shall explore how developing neurons seek out targets and establish synapses.

**prereq:** BIOL 30000 or perm instr.
4 hrs (lec) 4 cr.
*spring only*

**BIOL 37600 - Endocrinology**

GER 3/B
Cellular organization of the endocrine system; molecular mechanisms of hormone action; hormonal physiology of metabolism and reproduction; integration of endocrine responses by the central nervous system.

**prereq:** BIOL 20200 or perm instr.
3 hrs (lec) 3 cr.
*spring only*

**BIOL 38000 - Molecular Neurobiology**

GER 3/B
Molecular components and molecular mechanisms involved in the cell biology of neurons and glia, neuronal signaling, neuronal development, learning, memory and diseases of the nervous system.

**prereq:** BIOL 30000 or perm instr.
3 lec hrs 3 cr.
*fall alternate years*

**Additional Information**
For questions or further information see the concentration adviser: Prof. P. Zeigler, tel: (212) 772-5363, hzeigler@hunter.cuny.edu

Undergraduate Minor

Minor in Psychology

The minor in psychology is designed to expose students to a variety of content areas in the field of psychology and to provide the student with the ability to evaluate psychology research as a consumer. To declare a psychology minor, the student must have completed any 100-level psychology course with a minimum grade of C and a required mathematics course with a minimum grade of C or CR. The mathematics requirement may be satisfied by STAT 11300 or MATH 12500 or by an appropriate score on the mathematics placement test. The minor in Psychology consists of 15 credits in Psychology, as follows: PSYCH 10000 and any other 3 cr. PSYC course; PSYCH 21500; and any 2 200-level PSYC courses below PSYCH 24800. The total number of credits to fulfill all minor requirements, including credits for all prerequisites, is 18: 15 credits in PSYC course and 3 credits in STAT 11300 or MATH 12500.

Psychology

Note: Letters in parentheses after course names refer to content areas: (A) = Applications of Psychology; (B) = Biopsychology; (C) = Cognitive Processes; (D/S) = Developmental/Social.

PSYCH 10000 - Introduction to Psychology

GER 2/B
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.
3 hrs 3 cr.

PSYCH 14000 - Psychology of Adjustment

GER 2/B
Styles of adjustment; social interaction; self-concept and self-esteem: stress management; alienation; failures of adjustment.
prereq: PSYC 10000
3 hrs 3 cr.

PSYCH 15000 - Human Development

GER 2/B
Development from conception to death; biological, physiological and social factors and their interactions at each stage.
prereq: PSYC 10000
3 hrs 3 cr.

PSYCH 16000 - Evolution and Behavior
GER 2/B
Aggression, sleep, learning, communication, emotion, motivation and social behavior in human and other species; underlying mechanisms, development, evolutionary history.

prereq: PSYC 10000
3 hrs 3 cr.

PSYCH 17000 - Psychology of Human Sexuality

GER 2/B PD/C
Psychological foundations, sexual development and response patterns; male and female roles; individual and social attitudes, legal issues.
cross-listed WGS 17000
prereq: PSYC 10000
3 hrs 3 cr.

PSYCH 18000 - Brain and Behavior

GER 2/B
Brain structure, function and relation to behavior. Topics include the neural basis of perception, learning and memory, consciousness, motivation, emotion.

prereq: PSYC 10000
3 hrs 3 cr.

PSYCH 19000 - Development of Gender Roles

GER 2/B PD/C
Social, cognitive, hormonal and personality factors in development of gender roles; determinants of behavioral and cognitive gender differences.
cross-listed WGS 19000
prereq: PSYC 10000
3 hrs 3 cr.

PSYCH 19500 - Special Topics in Psychology I

GER 2/B
Readings and discussions on a selected problem or topic area. Topics vary from semester to semester.

prereq: PSYC 10000
3 hrs 3 cr.

PSYCH 20100 - Independent Study in Psychology

May be applied to major once. Designed to meet the needs of individual students under the direction of a particular faculty sponsor. The course may involve independent readings, tutorials, work as an advising assistant or peer counselor, field placement, an individual research project, or participation in ongoing faculty research, any of these culminating in a written report.

prereq: PSYC 10000 and any other 3 cr PSYCH course, perm dept.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 20500 - The Profession of Psychology (W)
GER 3/B
Open to declared majors only. Introduction to and critical analysis of the profession of psychology; examination of theories and career options in major subfields of psychology. Students must have Internet access.
prereq: PSYCH 10000 and any other 3 cr PSYCH course, perm dept.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 21000 - Child Psychology (D/S)
GER 3/B
Emotional, social, motor and cognitive development as influenced by genetic, cultural and individual factors during the first twelve years of life. (May not be taken for credit by students who have a collateral major, or a minor, in education.)
Writing Intensive
prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 21200 - Psychology of Exceptional Children (D/S)
GER 3/B
Special problems of adjustment and training of exceptional children, including the gifted as well as the intellectually, emotionally and physically handicapped.
Writing Intensive
prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 21500 - Introduction to Research Methods in Psychology (W)
GER 3/B
Evaluation of published research; research principles and the concepts which underlie them; how to evaluate and select research strategies.
prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 22000 - Personality (D/S)
GER 3/B
Review of the contributions to the understanding of normal personality in the theories of the Freudian and other analytical schools; of Allport, of representative behaviorist groups and of constitutional typologists; also, methods of assessing and understanding individual personality.
writing intensive
prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 22100 - Psychoanalytic Theories (A; D/S)
GER 3/B
Historical, theoretical and empirical approaches from Freud to the present; empirical evaluation and integration of these theories with learning and ethological theory.
writing intensive
prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 22300 - Abnormal Psychology (A; D/S)

GER 3/B
Consideration of psychological abnormalities; symptoms, etiology, diagnostic procedures and therapy.
writing intensive
prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 22500 - Ethology: Animal Behavior (B)

GER 3/B
Adaptation, survival, reproduction and evolution of behavior, emphasizing development and species-comparison.
writing intensive
prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 23000 - Social Psychology (D/S)

GER 3/B
Problems of human experience and behavior in the social context; theories and current methodology in research on the influence of the group on cognitive processes, motivation, personality structure and the self; attitudes and prejudice; leadership; group processes.
Writing Intensive
prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 23500 - The Psychology of Women (D/S)

GER 3/B PD/C
Psychological functioning of women; sexuality, pregnancy, social roles and status, aging, achievement, life styles, power.
Writing Intensive cross-listed WGSP 23500 (W)
prereq: PSYCH 10000 and any other 3 cr PSYCH course prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 24000 - Applications of Psychology (A)

GER 3/B
Psychological issues in business, law and medicine; consumer research, personnel selection and training, motivation and morale in industry, safety programs, testimony, lie detection and psychological issues in coping with physical
illness.
Writing Intensive
prereq: PSYCH 10000 and any other 3 cr PSYCH course prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 24200 - Health Psychology (A)

GER 3/B
Psychological and behavioral factors related to physical illness and health promotion, including such areas as aging, stress and coping, pain, addiction and eating disorders.
Writing Intensive
prereq: PSYCH 10000 and any other 3 cr PSYCH course prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 24300 - Cognitive Processes (C)

GER 3/B
A survey of theoretical issues and empirical research on human cognition including attention, perception, memory, representation of knowledge, language, and problem solving.

prereq: 6 cr. in PSYCH including PSYCH 10000
3 hrs 3 cr.

PSYCH 24500 - History of Psychology (W)

GER 3/B
Introspective, behavioristic, gestalt, psychoanalytic and related viewpoints developed from early philosophic roots of psychology.

prereq: PSYCH 10000 and any other 3 cr PSYCH course prereq or coreq: ENGL 12000
3 hrs 3 cr.

PSYCH 24800 - Statistical Methods in Psychological Research

GER 3/B
Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.

PSYC 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or or appropriate score on math placement exam
coreq: Writing Intensive prereq or coreq: ENGL 12000
4 hrs 4 cr.

PSYCH 24900 - Experimental Psychology: Social

GER 3/B
Introduction to the principles of research methodology and experimental techniques. Required research reports involve
laboratory and field exercises concerned with a variety of social psychological phenomena. (Students may take either PSYC 249 or 250, but not both.)

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade; PSYC 24800 with a minimum grade of C
prereq or coreq: Writing Intensive
6 hrs (2 lec, 4 lab) 4 cr.

PSYCH 25000 - Experimental Psychology: General

GER 3/B
Open to declared majors only. Research and general experimental techniques in study of behavior. Introduction to the principles of research methodology and experimental techniques. Required research reports involve a variety of laboratory exercises related to the study of basic behavioral processes. (Students may take either PSYC 24900 or 25000, but not both.)

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)
prereq: ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade; PSYC 24800 with a minimum grade of C prereq or coreq: Writing Intensive
6 hrs (2 lec, 4 lab) 4 cr.

PSYCH 29500 - Special Topics in Psychology II

GER 3/B
Readings and discussion on a selected problem or topic area. Topics will vary from semester to semester.
PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)
prereq: ENGL 12000, PSYC 24900 or 25000 or perm instr.
3 hrs 3 cr.

PSYCH 30000 - Physiological Psychology (B)

GER 3/B
Neural and endocrine mechanisms involved in learning, emotion, perception and other psychological processes.
PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)
prereq: ENGL 12000, PSYC 24900 or 25000
3 hrs 3 cr.

PSYCH 30100 - Sensation and Perception (B; C)

GER 3/B
Open to declared majors only. Methods, theories and empirical data relating to stimulus detection, encoding and perception as a function of variables including current stimuli and past history.
PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000

3 hrs 3 cr.

PSYCH 30600 - Seminar in Psychological Services I (A)

Open to declared majors only. An integration of personality and abnormal psychology, the helping process and the role of the helper. Seminar and one day per week placement in mental health/community service setting.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 2200 or 32300, PSYCH 24900 or 25000, perm instr.

8 hrs 4 cr.

PSYCH 30700 - Seminar in Psychological Services II (A)

Integration of personality and abnormal psychology. Seminar and one day per week placement in mental health/community service setting.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000, PSYCH 30600, perm instr.

3 hrs 3 cr.

PSYCH 30900 - Sex and Behavior (B; D/S)

GER 3/B PD/C
Research and attitudes about sex-related behavior in human and nonhuman animals emphasizing evolutionary and neuroendoinological processes and social-psychological processes; male-female differences and similarities, therapeutic strategy in sex-behavior pathology and sexual behavior and the law.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000

3 hrs 3 cr.

PSYCH 31000 - Research Methods and Special Problems in Developmental Psychology (C; D/S)

GER 3/B
Open to declared majors only. Theory and research in selected areas of developmental psychology.
PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 15000 or 21000, PSYCH 24900 or 25000. perm instr.

3 hrs 3 cr.

PSYCH 31500 - Psychological Study of Adult Development (D/S)

GER 3/B
Open to declared majors only. Theories and research concerning the personal and social development of men and women in adulthood; ongoing changes with age related to physical growth and decline, including marital, parental and interpersonal relationships, occupational roles, leisure activities, disability and approaching death.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 15000 or 21000, PSYCH 24900 or 25000

3 hrs 3 cr.

PSYCH 32200 - Problems in Psycholinguistics (C)

GER 3/B
Psychological and psychophysical basis of language comprehension, production and acquisition from experimental and theoretical perspectives; the relationship between language and the cognitive processes of perception, memory and representation.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000, PSYCH 27000 or perm instr.

3 hrs 3 cr.

PSYCH 32300 - Child Psychopathology (A; D/S)

GER 3/B
Survey and evaluation of empirical and theoretical approaches to the major psychological abnormalities that arise in childhood and adolescence; their characteristics, causes and treatments.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 21200 or 22300, PSYCH 24900 or 25000

3 hrs 3 cr.
PSYCH 32700 - Motivation (B; C)

GER 3/B
The problem of how behavior is initiated, maintained, directed and terminated. Human and non-human research evaluated.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs 3 cr.

PSYCH 32800 - States of Consciousness (A/C)

GER 3/B
The subjective and physiological aspects of consciousness; the means by which it may be altered: hypnosis, dreams, drugs, meditation and mysticism; psychosis.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs 3 cr.

PSYCH 34000 - Industrial and Organizational Psychology (A)

GER 3/B
A review of research and theories on the effects of leadership, human relations, motivation and organizational structures on behavior in business and industrial settings; applications of personnel psychology, motivational psychology and human factors engineering in the work place; job analysis, employee selection, leadership, performance appraisal, power and authority, work motivation and organizational communication.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs 3 cr.

PSYCH 34800 - Statistics Practicum in Psychology

GER 3/B
Apply and extend statistical knowledge and data analytic skills by tutoring students in PSYCH 24800 and serving as a teaching assistant for the course. Weekly seminar meetings provide training and support. Students prepare and give statistical presentations, write homework problems, help in computer labs, and evaluate homework problems or lab assignments.

prereq: PSYCH 24800 with a minimum grade of A-, perm instr.
3 hrs 3 cr.
PSYCH 35000 - Learning Theory (C)

GER 3/B
Theoretical and experimental approaches to human and animal learning; the relationship between systematic theory models and methodology; analysis of the historical and contemporary major contributions to learning theories.

prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs 3 cr.

PSYCH 35500 - Theories of Ethnic and Cultural Identity (D/S)

GER 3/B
Explores current psychological research and theory on ethnic and cultural identity.

prereq or coreq: Declared Psychology major; completion of PSYCH 24800 and either PSYCH 24900 or PSYCH 25000
3 hrs 3 cr.

PSYCH 36100 - Psychological Tests (A)

GER 3/B
Introduction to the principles of psychological assessment; major methods of measuring general ability, aptitude, achievement, interest, personality. Appraisal of psychological tests.

prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs 3 cr.

PSYCH 36900 - Drugs and Behavior (B)

GER 3/B
Neurochemical substrate of brain functioning; historical context and social ramifications of drug use.

prereq: ENGL 12000,. PSYCH 24900 or 25000, PSYCH 30000 or perm instr.
3 hrs 3 cr.

PSYCH 37000 - Psychology of Cognitive Development (C; D/S)

GER 3/B
A comparative information processing perspective on the development of mental structure and functioning, including perception, memory, problem solving, self-awareness of thinking, intelligence, concept formation and language development.

prereq: ENGL 12000. PSYCH 24900 or 25000, PSYCH 27000 or perm instr.
3 hrs 3 cr.

PSYCH 38000 - Microcomputers in Psychological Research

GER 3/B
An introduction to the fundamentals of microcomputer programming and digital electronics, including the structure of a computer language (BASIC), digital logic, interfacing and computer memory. Students learn to program psychological experiments, collect data, perform statistical analyses and control peripheral devices by microcomputer. Designed for advanced undergraduates.
PSYCH 39000 - Special Topics in Psychology III

GER 3/B
Readings and discussion on a selected problem or topic area. Topics vary from semester to semester.

prereq: ENGL 12000, PSYCH 24900 or 25000, perm instr.
3 hrs 3 cr.

PSYCH 39500 - Independent Research in Psychology

May be applied to the major once. Designed to meet the needs and interests of individual students under the direction of a particular instructor at a more advanced level than PSYCH 20100. Such study may involve independent reading, tutorials, independent research projects, or participation in ongoing faculty research, any of these culminating in an APA-style research report or literature review. Field Placements (internships) cannot be granted credit as PSYC 39500; however, supervised field Placement taken in conjunction with PSYCH 36100 - Psychological Tests (A) will be granted credit as PSYC 395.

prereq: ENGL 12000, PSYCH 24900 or 25000, perm instr.
3 hrs 3 cr.

PSYCH 39600 - Honors in Psychology

Independent, sponsored, empirical research and seminar. Students are expected to attend the regularly scheduled seminar. An APA-style research report or its equivalent (to be filed in the department) is a requirement of this course. To graduate with departmental honors, the student must receive a grade of A in PSYCH 39600. Honors in Psychology is typically a one-semester course; however, when a PSYCH 39600 research project extends beyond a single semester, the student may (with permission) register for a second semester as PSYCH 39800. If taken, the student must receive a grade of A in both PSYCH 39600 and 39800 to graduate with departmental honors.

prereq: ENGL 12000. PSYCH 24900 or 25000; 3.5 major GPA; 3.00 cumulative GPA; perm instr.
3 hrs 3 cr.

PSYCH 39800 - Honors in Psychology

Independent sponsored research and seminar. Attendance at regularly scheduled seminar and research report required. If taken, the student must receive a grade of A in both PSYCH 39600 and 39800 to graduate with departmental honors.

prereq: PSYCH 39600, perm instr.
3 hrs 3 cr.

PSYCH 40000 - Special Topics in Psychology IV

GER 3/B
Readings and discussion on a selected problem or topic area. Topics vary from semester to semester.

prereq: ENGL 12000. PSYCH 24900 or 25000, perm instr.
3 hrs 3 cr.

Romance Languages

About the Department

The Department of Romance Languages at Hunter College offers language, culture and literature courses in French, Italian, Spanish, as well as literature and culture courses in English. Our degrees include the undergraduate major and master's degrees in French, Italian and Spanish. We also offer a Romance Languages major that combines knowledge and understanding of two Romance literatures and cultures. Besides these offerings, the department has recently added a major concentration in Spanish-English/English-Spanish Translation and Interpretation, an expansion of its vision of providing professional training within the context of traditional liberal arts.

In addition, the department is committed to equipping students for professional life; it has continued Hunter’s tradition in teacher preparation, and, in conjunction with the School of Education, it sponsors TEP (Teacher Education Program), a selective scholarship-cum-practicum program leading to an MA in Spanish/Education.

Most students majoring in one or two Romance languages pursue careers in education. Others enter careers in the fields of commerce, tourism, interpretation and translation and international affairs, among others.

The Comprehensive Examination may be taken twice. Students may request a third attempt by sending a letter of appeal to the Graduate Faculty Committee.

Foreign Language Requirement

The college foreign language requirement may be fulfilled by completion of French, Italian or Spanish 202, 203 or 208 or by demonstrating equivalent proficiency through a departmental examination. Students with prior knowledge of one of the languages should take a placement examination before registering for courses. Students who have a high school diploma in a language other than English or who have studied a foreign language in high school for four years have fulfilled the language requirement. Students should consult a departmental adviser to resolve all matters regarding placement, registration and course offerings.

1. Students pursuing a new language will fulfill the language requirement in four college semesters by completing one of the following sequences:
   a. French: FREN 10100-FREN 10200 or FREN 10300 and FREN 20100-FREN 20200, or FREN 20300;
   b. Italian: ITAL 10100-ITAL 10200, or ITAL 10300 and ITAL 20100-ITAL 20200, or ITAL 20300;
   c. Spanish: SPAN 10100-SPAN 10200, or SPAN 10300, or SPAN 10500-SPAN 10600 and SPAN 20100-SPAN 20200, or SPAN 20300, or SPAN 20700 and SPAN 20800.

2. Students continuing a language studied for one year in high school need three additional college semesters:
   a. French: FREN 10200, FREN 20100 and FREN 20200 or FREN 10200 and FREN 20300;
   b. Italian: ITAL 10200, ITAL 20100 and ITAL 20200; ITAL 10200 and ITAL 20300;
   c. Spanish: SPAN 10200, SPAN 20100 and SPAN 20200; SPAN 10200 and SPAN 20300; SPAN 10600, SPAN 20700 and SPAN 20800.
3. Students continuing a language studied for two years in high school need two additional college semesters:
   a. French: FREN 20100 and FREN 20200 or FREN 20300;
   b. Italian: ITAL 20100 and ITAL 20200 or ITAL 20300;
   c. Spanish: SPAN 20100 and SPAN 20200 or SPAN 20300 or SPAN 20700 and SPAN 20800.

4. Students continuing a language studied for three years in high school need one additional college semester:
   a. French: FREN 20200 or FREN 20800;
   b. Italian: ITAL 20200;
   c. Spanish: SPAN 20200 or SPAN 20800

Romance Languages Faculty

HEGIS Code: 1102 (French); 1104 (Italian); 1105 (Spanish); 1101 (Romance Languages)

Undergraduate Major

French - BA
Honors

Students qualified to graduate with departmental honors must take an honors course or equivalent approved by the departmental advisers. Departmental honors will be conferred upon a recommendation from the appropriate departmental committee. Candidates must present a paper of at least 7,000 typewritten words in the language of specialization. Consult the department for further information.

Graduate Study

Qualified seniors with a minimum GPA of 3.5 in their discipline may be admitted to graduate level courses. Permission must be secured from the chair and then forwarded to the dean. Consult the graduate catalog for requirements and regulations.

Major

The French major provides two concentrations:

a. French Literature (30 cr)

b. French Language and Civilization (30 cr)

Preparation for Teaching French, Spanish or Italian Adolescent Education (grades 7-12)

Students pursuing adolescent education must complete the 30 or 36 credit major in one of these languages and, in addition, complete the course in second language acquisition (3 cr). The 23-credit pedagogical sequence in adolescent education will serve as the minor. See the School of Education section of the catalog for further information.

Study Abroad

All study abroad programs are open to students from Hunter College and other accredited institutions. Majors and minors in the Department of Romance Languages are strongly encouraged to participate in study abroad programs (see adviser for GPA requirements).

Qualified students can apply for financial aid and STOCS grants.

The New York/Paris Exchange Program is open to students who wish to study a semester or a year at a French university in Paris. For the requirements and more details, contact Professor J. Przybos at (212) 772-5097. French in France is offered during June, July and August at Pau and Bayonne.

Minor in French (15 credits)

a. French Literature and Culture

This course of study provides the opportunity to deepen the knowledge of French language beyond the basic language sequence and to introduce students to French Culture trans-historically, in ways that could usefully complement a major in another field in the humanities, where a broad knowledge of French history or culture could be useful (for
The prerequisite for this minor consists either of

**FREN 20200 - Intermediate French II**

Language lab mandatory.  
*There are three options for students beginning French at Hunter. A regular sequence (FREN 10100, 10200, 20100, 20200), an intensive sequence (FREN 10300, 20300) which covers in two semesters material normally covered in four and a course for students who use French as a heritage language.  
prereq: FREN 2000 or three yrs high school French  
3 hrs 3 cr.  
-or-

**FREN 20300 - Intensive Intermediate French**

Equivalent to material covered in 20100 and 20200. Language lab mandatory.  
*There are three options for students beginning French at Hunter. A regular sequence (FREN 10100, 10200, 20100, 20200), an intensive sequence (FREN 10300, 20300) which covers in two semesters material normally covered in four and a course for students who use French as a heritage language.  
prereq: FREN 10200 or two yrs high school French  
6 hrs 6 cr.

For the minor, 3 language courses to be chosen from

**FREN 21100 - Intermediate Grammar and Composition**

Continued study of grammar and syntax, with focus on reading and writing. Intended for French majors and minors.  
*prereq: FREN 202, 203, or placement by departmental adviser  
3 hrs 3 cr.

**FREN 22000 - Advanced French Conversation**

*prereq: FREN 20200 or four yrs high school French  
3 hrs 3 cr.

**FREN 31100 - Advanced French Grammar**

*prereq: FREN 20200  
3 hrs 3 cr.

**FREN 31200 - French Oral and Written Expression**

*prereq: FREN 20200 or equiv.  
3 hrs 3 cr.

and 2 Culture and Civilization courses to be chosen from...
FREN 33500 - French Culture I

PD/D
Main intellectual and artistic currents from the Gauls to the French Revolution. Conducted in French.
prereq: FREN 20200 or four yrs high school French
3 hrs 3 cr.

FREN 33600 - French Culture II

PD/D
Main intellectual and artistic currents from the French Revolution to 1958. Conducted in French.
prereq: FREN 20200 or four years of high school French
3 hrs 3 cr.

FREN 33700 - Contemporary French Culture

Contemporary French civilization and culture from 1958 to the present, as seen in its press. World events observed through the lens of French culture and politics. Comparison of current events coverage by French and U.S. Press.
prereq: FREN 31100 or 31200 or perm instr.
3 hrs 3 cr.

b. French Literature

This course of study provides the opportunity to deepen the knowledge of French language beyond the basic language sequence through the analysis of French Literature. Among undergraduates potentially interested in this track are our native-speakers, or students with a francophone background, whose majors are in another, non-related, discipline.

The prerequisite for this minor consists of

FREN 21100 - Intermediate Grammar and Composition

Continued study of grammar and syntax, with focus on reading and writing. Intended for French majors and minors.

prereq: FREN 202, 203, or placement by departmental adviser
3 hrs 3 cr.

For the minor, students must first complete

FREN 34100 - Survey of French Literature from the Middle Ages to the End of the 17th Century

GER 3/A PD/D
prereq: FREN 20200 or four yrs high school French
3 hrs 3 cr.

FREN 34200 - Survey of French Literature from the 18th Century to the Modern Period
and then choose 3 courses from the following:

FREN 34300 - Medieval and Renaissance French Literature

GER 3/A PD/D
From medieval epics, lyrical poetry and mystery plays to writers such as See, Du Bellay, Ronsard, Rabelais and Montaigne.

FREN 34100 and 34200 are prerequisite to all courses numbered 34300 and above.
3 hrs 3 cr.

FREN 34400 - 17th Century French Literature

GER 3/A PD/D
Such authors as Boileau, Bossuet, Corneille, Cyrano de Bergerac, La Bruye, Mme de Lafayette, La Fontaine, Malherbe, Molire, Pascal, Racine, Mme de Sign Saint Simon.

prereq: FREN 34100 and 34200
3 hrs 3 cr.

FREN 34600 - 18th Century French Literature

GER 3/A PD/D
Such authors as Beaumarchais, Buffon, Ch'nier, the Encyclopedists, Diderot, Laclos, Marivaux, Montesquieu, Provost, Rousseau, Sade, Voltaire.

prereq: FREN 34100 and 34200
3 hrs 3 cr.

FREN 34800 - 19th Century French Literature (1800-1850)

GER 3/A PD/D
Such authors as Balzac, Chateaubriand, Constant, Gautier, Hugo, Lamartine, Musset, Sand, Mme de Sta, Stendhal, Vigny.

FREN 34100 and 34200
3 hrs 3 cr.

FREN 34900 - 19th Century French Literature (1850-1900)

GER 3/A PD/D
Such authors as Barbey durevilly, Barr's, Baudelaire, Daudet, Flaubert, France, Huysmans, Leconte de Lisle, Mallarm, Maupassant, Renan, Rimbaud, Sainte-Beuve, Taine, Verlaine, Villiers de Isle-Adam, Zola.

prereq: FREN 34100 and 34200
3 hrs 3 cr.

FREN 35000 - 20th Century French Literature (1900-1950)

GER 3/A PD/D
Such authors as Apollinaire, Beauvoir, Breton, Claudel, Cocteau, Colette, Gide, Giraudoux, Malraux, Mauriac, Pguy.
Proust, Sartre.

prereq: FREN 34100 and 34200
3 hrs 3 cr.

**FREN 35100 - Contemporary French Literature (1950-present)**

GER 3/A PD/D
Such authors as Beckett, Bon, Butor, Camus, Duras, Echenoz, Ernaux, Kolt's, NDiaye, Perec, Redonnet, Robbe-Grillet, Sarraute.

prereq: FREN 34100 and 34200
3 hrs 3 cr.

**FREN 36000 - French Literature: Special Topics**

GER 3/A PD/D

prereq: FREN 34100 and 34200
3 hrs 3 cr.

**FREN 36100 - Middle Ages and the Renaissance: Special Topics**

GER 3/A PD/D

prereq: FREN 34100 and 34200
3 hrs 3 cr.

**FREN 36200 - The 17th Century: Special Topics**

GER 3/A PD/D
3 hrs 3 cr.

**FREN 36300 - The 18th Century: Special Topics**

GER 3/A PD/D

prereq: FREN 34100 and 34200
3 hrs 3 cr.

**FREN 36400 - The 19th Century: Special Topics**

GER 3/A PD/D

prereq: FREN 34100 and 34200
3 hrs 3 cr.

**FREN 36500 - The 20th Century: Special Topics**

GER 3/A PD/D
Topics to be offered may include single authors, themes, genres, movements, or approaches.

prereq: FREN 34100 and 34200
3 hrs 3 cr.

c. French Culture and Literature in Translation
This course of study provides the opportunity to students with no knowledge of the French language to be introduced to French Culture & Literature. This minor offers an interesting complement or context to studies in other fields (such as history, philosophy, political theory or women’s studies) that have benefited, historically, from French influences.

The courses in this minor are to be chosen from a selection of 200-level courses, taught in English, such as

**FREN 24100 - Early French Civilization: From Gothic to Revolution**

GER 2/C PD/D
Conducted in English; readings in English.
3 hrs 3 cr.

**FREN 24200 - Modern French Civilization: From Revolution to Present**

GER 2/C PD/D
Conducted in English; readings in English.
*There are three options for students beginning French at Hunter. A regular sequence (FREN 10100, 10200, 20100, 20200), an intensive sequence (FREN 10300, 20300) which covers in two semesters material normally covered in four and a course for students who use French as a heritage language.*
3 hrs 3 cr.

**FREN 25100 - French Literature and the Arts**

PD/D
Conducted in English; readings in English and French. Particular attention to theme, image and structure as they may be compared in literary and artistic works.
3 hrs 3 cr.

**FREN 25200 - From Symbolism to Surrealism in French Literature**

GER 3/A
Conducted in English; readings in English. Impressionist, symbolist, cubist, Dada and surrealist movements in literature and art from the late 19th to 20th century.
3 hrs 3 cr.

**FREN 25300 - Modern French Theatre: Theory and Practice**

GER 3/A PD/D
4 hrs 3 cr.

**FREN 25400 - Film and the French Novel**

GER 3/A PD/D
Conducted in English. Truffaut, Godard, Resnais, Robbe-Grillet and others.
3 hrs 3 cr.

**FREN 25500 - New Approaches to Modern French Literature**
GER 3/A
Conducted in English; readings in French and English. Investigation of various currents of 20th century literary and aesthetic criticism as practiced in France.
3 hrs 3 cr.

FREN 25600 - Dream and Image (W)

GER 3/A
Conducted in English. Analysis of literary representations of dreams. Exploration of the relationship between word and image in French Literature. Such authors as Flaubert, Maupassant, Nerval and Proust.
3 hrs 3 cr.

FREN 25700 - Literary Cross-Currents

Conducted in English. Topics: Interaction of French and Russian literature, of French and American literature; the myth of Germany in French literature; Shakespeare in France; Dante and French literature.
prereq: reading knowledge of French
3 hrs 3 cr.

FREN 25800 - French Poetry in Translation

Conducted in English. Study of major themes, theories and texts from 16th century to contemporary period.
3 hrs 3 cr.

FREN 25900 - French Theatre in Translation

PD/D
Conducted in English; readings in English. Development of French theatre from 17th to 20th century. Great plays that have become known in English translation.
3 hrs 3 cr.

FREN 26000 - French Novel in Translation (1600-1900)

PD/D
Readings in English; conducted in English. Development and evolution of French novel; its relationship to other literary genres.
3 hrs 3 cr.

FREN 26100 - Modern French Novel in Translation (1900-Present)

PD/D
Conducted in English; readings in English. From Gide and Proust to present.
3 hrs 3 cr.

FREN 26200 - Perspectives on Women in French Literature

GER 3/A PD/C or D
The representation of women in literary texts from the Middle Ages to the present. Conducted in English. Readings in English translation.
French Language and Civilization (30 cr)

A concentration in French language as well as in French and Francophone literature, culture and civilization. 12 credits from the language sequence (Group A); 0-9 credits from Group B (offered in English); and 9-18 credits from Group C (offered in French).

Group A:

**FREN 22000 - Advanced French Conversation**

*prereq: FREN 20200 or four yrs high school French*

**FREN 27500 - Introduction to French Literature**

*PD/D Conducted in French. Introduction to literary texts and analysis using outstanding works of French literature in all genres from across centuries. Emphasis on reading comprehension and explication de texte.*

FREN 33700 - Contemporary French Culture

Contemporary French civilization and culture from 1958 to the present, as seen in its press. World events observed through the lens of French culture and politics. Comparison of current events coverage by French and U.S. Press.
prereq: FREN 31100 or 31200 or perm instr.
3 hrs 3 cr.

FREN 34100 - Survey of French Literature from the Middle Ages to the End of the 17th Century

GER 3/A PD/D
prereq: FREN 20200 or four yrs high school French
3 hrs 3 cr.

FREN 34200 - Survey of French Literature from the 18th Century to the Modern Period

GER 3/A PD/D
prereq: FREN 20200 or four yrs high school French
3 hrs 3 cr.

FREN 34300 - Medieval and Renaissance French Literature

GER 3/A PD/D
From medieval epics, lyrical poetry and mystery plays to writers such as Sce, Du Bellay, Ronsard, Rabelais and Montaigne.

FREN 34100 and 34200 are prerequisite to all courses numbered 34300 and above.
3 hrs 3 cr.

FREN 34400 - 17th Century French Literature

GER 3/A PD/D
Such authors as Boileau, Bossuet, Corneille, Cyrano de Bergerac, La Bruye, Mme de Lafayette, La Fontaine, Malherbe, Molire, Pascal, Racine, Mme de Sign Saint Simon.
prereq: FREN 34100 and 34200
3 hrs 3 cr.
FREN 34600 - 18th Century French Literature

GER 3/A PD/D
Such authors as Beaumarchais, Buffon, Ch'nier, the Encyclopedists, Diderot, Laclus, Marivaux, Montesquieu, Provost, Rousseau, Sade, Voltaire.
 prereq: FREN 34100 and 34200
3 hrs 3 cr.

FREN 34800 - 19th Century French Literature (1800-1850)

GER 3/A PD/D
Such authors as Balzac, Chateaubriand, Constant, Gautier, Hugo, Lamartine, Musset, Sand, Mme de Sta, Stendhal, Vigny.
FREN 34100 and 34200
3 hrs 3 cr.

FREN 34900 - 19th Century French Literature (1850-1900)

GER 3/A PD/D
Such authors as Barbey durevilly, Barr's, Baudelaire, Daudet, Flaubert, France, Huysmans, Leconte de Lisle, Mallarm, Maupassant, Renan, Rimbaud, Sainte-Beuve, Taine, Verlaine, Villiers de Isle-Adam, Zola.
 prereq: FREN 34100 and 34200
3 hrs 3 cr.

FREN 35000 - 20th Century French Literature (1900-1950)

GER 3/A PD/D
Such authors as Apollinaire, Beauvoir, Breton, Claudel, Cocteau, Colette, Gide, Giraudoux, Malraux, Mauriac, Pguy, Proust, Sartre.
 prereq: FREN 34100 and 34200
3 hrs 3 cr.

FREN 35100 - Contemporary French Literature (1950-present)

GER 3/A PD/D
Such authors as Beckett, Bon, Butor, Camus, Duras, Echenoz, Ernaux, Kolt's, NDiaye, Perec, Redonnet, Robbe-Grillet, Sarraute.
 prereq: FREN 34100 and 34200
3 hrs 3 cr.

FREN 35300 - Survey of Francophone Literature

GER 3/A
A study of literature produced in French-speaking regions and nations (other than France) such as North and West Africa, the Caribbean, Vietnam and Quebec.
 prereq: FREN 34100 and 34200
3 hrs 3 cr.

FREN 36000 - French Literature: Special Topics
GER 3/A PD/D
*prereq:* FREN 34100 and 34200
3 hrs 3 cr.

**FREN 36100 - Middle Ages and the Renaissance: Special Topics**

FREN 3/A PD/D
*prereq:* FREN 34100 and 34200
3 hrs 3 cr.

**FREN 36200 - The 17th Century: Special Topics**

GER 3/A PD/D
3 hrs 3 cr.

**FREN 36300 - The 18th Century: Special Topics**

GER 3/A PD/D
*prereq:* FREN 34100 and 34200
3 hrs 3 cr.

**FREN 36400 - The 19th Century: Special Topics**

GER 3/A PD/D
*prereq:* FREN 34100 and 34200
3 hrs 3 cr.

**FREN 36500 - The 20th Century: Special Topics**

GER 3/A PD/D
Topics to be offered may include single authors, themes, genres, movements, or approaches.
*prereq:* FREN 34100 and 34200
3 hrs 3 cr.

**FREN 37500 - Seminar in French Literary History**

GER 3/A PD/D
Readings, discussion and reports.
*prereq:* FREN 34100 and 34200; five courses in French major
3 hrs 3 cr.

**FREN 49100 - Honors Course in French**

PD/D
Open to Jr/Sr only. Research in history of French literature.
*prereq:* FREN 34400, 34600, 34800; major GPA 3.2, cum GPA 2.8; perm adviser
3 hrs 3 cr.

**FREN 49500 - Independent Study in French Literature**
Additional Information

Within the Language and Civilization concentration, students may choose either FREN 24100 or FREN 33500 (but not both) and either FREN 24200 or FREN 33600 (but not both) to count towards the major.

French Literature (30 cr)

Return to: French - BA

A concentration in French literature that emphasizes the study of literary works and criticism.

3 credits from

FREN 31100 - Advanced French Grammar

GER 3/A PD/D
Study of such authors as Ariosto, Castiglione, Guicciardini and Machiavelli.
*There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two.*
prereq or coreq: ITAL 34100
3 hrs 3 cr.

**ITAL 34800 - 17th and 18th Century Literature**

GER 3/A PD/D
Study of such authors as Tasso, Goldoni and Alfieri.
*There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two.*
prereq or coreq: ITAL 34100
3 hrs 3 cr.

**ITAL 34900 - The Modern Italian Lyric**

GER 3/A PD/D
From Leopardi to contemporaries.
*There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two.*
prereq or coreq: ITAL 34200
3 hrs 3 cr.

**ITAL 35000 - The Modern Italian Novel**

GER 3/A PD/D
Novel from Manzoni to present.
*There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two.*
prereq or coreq: ITAL 34200
3 hrs 3 cr.

**ITAL 35100 - The Modern Italian Theatre**

GER 3/A
Plays of Goldoni, Manzoni, Alfieri, d'Annunzio, Pirandello, Betti and contemporaries.
*There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two.*
prereq or coreq: ITAL 34200
3 hrs 3 cr.

**ITAL 36000 - The Middle Ages: Special Topics**

GER 3/A
*There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two.*
prereq or coreq: ITAL 34100
3 hrs 3 cr.
ITAL 36100 - The Renaissance: Special Topics

GER 3/A
There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two. 
prereq or coreq: ITAL 34100
3 hrs 3 cr.

ITAL 36200 - The 17th Century: Special Topics

GER 3/A
There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two. 
prereq or coreq: ITAL 34200
3 hrs 3 cr.

ITAL 36300 - The 18th Century: Special Topics

GER 3/A
There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two. 
prereq or coreq: ITAL 34200
3 hrs 3 cr.

ITAL 36400 - The 19th Century: Special Topics

GER 3/A
There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two. 
prereq or coreq: ITAL 34200
3 hrs 3 cr.

ITAL 36500 - The 20th Century: Special Topics

GER 3/A
There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two. 
prereq or coreq: ITAL 34200
3 hrs 3 cr.

ITAL 37000 - Italian Literature: Special Topics

GER 3/A
Topics to be offered may include individual authors, themes, genres, movements, or approaches. 
prereq or coreq: ITAL 34100 or 34200 (depending on topic) 
3 hrs 3 cr.

ITAL 37500 - Seminar in Italian Literary History
Strongly recommended for all Italian majors. Readings, discussion and reports.

There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two.

prereq: ITAL 34100, 34200

3 hrs 3 cr.

ITAL 49500 - Independent Study in Italian Literature

There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two.

prereq: perm dept. adviser

1-3 cr.

Students planning to teach in grades 7-12 must also complete 3 credits in Second Language Acquisition:

ITAL 39900 - Second Language Acquisition

There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two.

prereq: at least three courses at the 300 level in the language; ENGL 12000

3 hrs 3 cr.

ITAL 49500 - Independent Study in Italian Literature

There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 10100, 10200, 20100, 20200) and an intensive sequence (ITAL 10300-20300) that covers in one semester material normally covered in two.

prereq: perm dept. adviser

1-3 cr.

SEDC 21200 - Methods I: Foundations of Literacy, Language and Learning in the Foreign/Heritage Language Classroom, Grades 7-12

The nature of language, and language acquisition/learning, and the inherent implications for teaching a foreign/heritage language at the secondary level. The foreign language standards and the English language arts standards are reviewed as they impact on curriculum design for foreign/heritage language learners.

prereq or coreq: SEDF 20300, 20400

3 hrs 3 cr.

• SEDC 712 (see graduate catalog)

Major concentration in Spanish-English/English-Spanish translation and interpretation (36 cr)

This program prepares students for careers in the growing translation field. Students take courses in Spanish language, literature and civilization in conjunction with specialized courses in translation/interpretation theory and practice. Allied courses in English and related fields of study are required and must be approved by the program adviser. Sufficient flexibility is built into the program so that students may tailor certain requirements to fit their individual needs and interests. An intensive internship in translation and/or interpretation serves as the student’s capstone
experience and preparation for future professional settings. Please see the department of Romance Languages for more details regarding this new and innovative program of study.

Prerequisites

**ENGL 12000 - Expository Writing**

GER 1/A
Required of all students unless exempt; trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.
*prereq: successful completion of developmental courses, if required*
3 hrs + conf 3 cr.

**SPAN 21100 - Spanish Grammar and Composition**

Not recommended for fluent speakers of Spanish. Study of grammatical and syntactical patterns. Practice in reading, writing and speaking Spanish.
*prereq: SPAN 20200 or 20300*
3 hrs 3 cr.

-or-

**SPAN 27000 - Spanish Composition for Spanish Speaking Students**

*prereq: SPAN 20800 or perm adviser*
3 hrs 3 cr.

Major Course Requirements (36 credits)

1. Linguistic Structures and Advanced Writing (9 cr.)

**SPAN 31100 - The Structure of Modern Spanish**

*prereq: SPAN 21100 or permission of departmental adviser*
3 hrs 3 cr.

**SPAN 31200 - Advanced Spanish Writing**

Applying morphosyntactical patterns through intensive composition. Exploration of various writing forms. Required of all Spanish majors.
*prereq: SPAN 31100 or equiv.*
3 hrs 3 cr.

**SPAN 31300 - Spanish Stylistics**

Practice in Spanish writing through stylistic analysis of poetic and narrative structures and the relationship of text and context.
*prereq: ENGL 12000; SPAN 31100, 31200, 34100, 34200*
3 hrs 3 cr.
2. Lexical and Cultural Enrichment (12 cr.)

**SPAN 34100 - Introduction to Hispanic Literature I**

GER 3/A PD/D
Prerequisite or corequisite to most courses in major sequence. Basic interpretive and research skills for Spanish majors and other qualified students through study of key works of Spanish and Spanish-American authors.

*prereq or coreq: SPAN 31100 or dept. perm
3 hrs 3 cr.*

**SPAN 34200 - Introduction to Hispanic Literature II**

GER 3/A PD/D

*prereq: SPAN 34100 coreq: SPAN 31200
3 hrs 3 cr.*

Two courses in contemporary Spanish or Spanish-American theatre, narrative or essay above SPAN 34200, or from any of the following:

**SPAN 35300 - Spanish Neoclassicism and Romanticism**

GER 3/A PD/D
Representative works of Neoclassical and Romantic periods, including costumbrismo.

*prereq: SPAN 34100
3 hrs 3 cr.*

**SPAN 35500 - Spanish Literature from Realism to World War I**

GER 3/A PD/D
From Realism and Naturalism through the Generation of 1898 and Modernism.

*prereq: SPAN 34100
3 hrs 3 cr.*

**SPAN 35700 - Early 20th Century Spanish Literature**

GER 3/A PD/D
Presentation of the major writers and works of the first 40 years of 20th century Spanish literature.

*prereq: SPAN 34100
3 hrs 3 cr.*

**SPAN 35800 - Post-Civil War Spanish Literature**

GER 3/A PD/D
Major trends and writers since the Spanish Civil War, with particular attention to the social, cultural and political context.

*prereq: SPAN 34100
3 hrs 3 cr.*

**SPAN 36200 - Spanish-American Romanticism, Realism and Naturalism**
GER 3/A
Representative works of 19th century Spanish-American literature.

Prereq: SPAN 34100
3 hrs 3 cr.

SPAN 36400 - Spanish-American Modernism and Post-modernism

GER 3/A
Modernist and post-modernist authors.

Prereq: SPAN 34100
3 hrs 3 cr.

SPAN 36500 - Survey of Spanish-American Teatro

GER 3/A
Survey of major trends in Spanish-American dramatic literature from colonial days to the present, with emphasis on the second half of the 20th century.

Prereq: SPAN 34100
3 hrs 3 cr.

SPAN 36600 - Contemporary Latin American Poetry

GER 3/A
Major trends, such as Vanguardia, Brazilian Modernismo, Caribbean poetry, Anti-Poetry, Exteriorismo and popular poetry.

Prereq: SPAN 34100
3 hrs 3 cr.

SPAN 36700 - Latin American Essay

GER 3/A
Exploration of the essay as an aesthetic form and its role in the social and cultural struggles that have marked Latin-American history.

Prereq: SPAN 34100
3 hrs 3 cr.

GER 3/A
Major trends, such as the Indianist novel, Mexican Revolution, social and psychological realism, novel of the 'boom', novel of the dictator.

Prereq: SPAN 34100
3 hrs 3 cr.

SPAN 37000 - Special Topics in Spanish Literature

GER 3/A PD/D
May be repeated with different topic.

Prereq: SPAN 34100; permission of adviser.
3 hrs 3 cr.
SPAN 37100 - Special Topics in Spanish- American Literature

GER 3/A
May be repeated with different topic.
prereq: SPAN 34100; permission of adviser.
3 hrs 3 cr.

SPAN 37400 - Contemporary Literature and Film

GER 3/A
Conducted in Spanish. Analysis of contemporary novels from Latin America and Spain and the films based upon them
prereq: SPAN 34100 or instructor permission
3 hrs 3 cr.

or from Africana and Puerto Rican Studies (taught in Spanish)

-or-

One of the above plus one course in Spanish or Spanish-American culture

SPAN 33500 - Spanish Civilization

GER 3/A PD/D
prereq: SPAN 20800, 21100 or dept. perm
3 hrs 3 cr.

SPAN 33600 - Latin American Civilization

GER 3/A
Geographical, historical, political, literary, artistic and economic evolution of Latin American nations. Given in Spanish.
prereq: SPAN 20800, 21100 or dept. perm
3 hrs 3 cr.

3. Translation and Interpretation (15 cr.)

SPAN 38000 - Introduction to Translation and Interpretation Studies

Provides an introduction to basic concepts and techniques of translation and interpretation and develops a systematic approach to resolving language transference problems.
prereq: SPAN 31100 and 31200
3 hrs 3 cr.

Two courses from:

SPAN 38100 - Translation from Spanish into English

Develops proficiency in translating from Spanish into English. The student will work with a variety of general Spanish texts and develop skills for analyzing and rendering them accurately into English. In addition, s/he will examine the
best ways to handle idiomatic expressions, tenses and other complex grammatical structures. S/he will become familiar with the relevant terminology and theoretical issues, as well as learn how to select and evaluate dictionaries and other research materials.

**prereq: SPAN 38000**

3 hrs 3 cr.

**SPAN 38200 - Consecutive Interpretation Spanish-English/English-Spanish**

An overview of the principles of consecutive interpretation.

**prereq: SPAN 38000**

3 hrs 3 cr.

**SPAN 38300 - Translation from English into Spanish**

Reinforces the basic principles of translation taught in SPAN 3800 with more advanced texts, and adds a special emphasis on style and the specific demands of certain categories of texts, as well as theoretical discussion regarding choices in translation.

**prereq: SPAN 38000**

3 hrs 3 cr.

**SPAN 38400 - Simultaneous Interpretation Spanish-English**

Designed so that students may begin working directly on the skills, protocol and practice of simultaneous interpretation, analyze in detail its processes, and review the settings in which it is used.

**prereq: SPAN 38000**

3 hrs 3 cr.

one or more courses from SPAN 39000: (topics vary. See Schedule of classes for offerings)

**SPAN 39000 - Translation and Interpretation for the Professions**

This series of courses will focus each semester on a different professional area, such as legal, medical, business, technical-scientific, social, and literary translation.

**prereq: varies by course**

3 hrs 3 cr.

One or more courses from:

**SPAN 39100 - Internship in Translation**

Students who have completed the 39000 sequence of courses and have maintained an average of B+ or better are encouraged to take advantage of this internship. It consists of 70 hours of practical work in translation for a financial institution, law firm, translation agency, the United Nations, or other organization. In addition, the student must attend regularly scheduled meetings with the professor supervising the internship in order to discuss issues and problems in the real world of professional translation.

**prereq: SPAN 38100 – 38400, 39000**

3 hrs 3 cr.
SPAN 39200 - Internship in Interpretation

Students who have completed the 39000 sequence of courses and have maintained an average of B+ or better are encouraged to take advantage of this internship to train them in real-world interpreting skills in the context of court interpreting, parliamentary procedure, diplomatic etiquette, conference organization, etc. This internship consists of 70 hours of practical work in interpretation as well as frequent meetings with the professor supervising the internship in order to discuss issues and problems in the real world of professional interpretation.

prereq: SPAN 38100 – 38400, 39000
3 hrs 3 cr.

Allied Course Requirements (12 credits)

1. At least two courses from among the following (6 cr.)

ENGL 20100 - Intermediate Expository Writing Using Small-Group Methods

Additional practice in expository writing; small classes (8-10).
prereq: ENGL 12000
3 hrs 3 cr.

ENGL 21800 - Advanced Expository Writing

Frequent writing practice, with emphasis on clarity, style and organization.
prereq: ENGL 12000
3 hrs + conf 3 cr.

ENGL 30100 - Theory and Practice of Expository Writing

GER 3/A
Composition in variety of nonfiction prose forms and study of rhetorical theories.
prereq: ENGL 22000
3 hrs 3 cr.

ENGL 30800 - Workshop in Non-Fiction I

GER 3/A
Using student work and literary models as a basis for discussion, this workshop class offers students the opportunity to develop their skills as writers and readers of various non-fiction genres, including memoir/autobiography and other forms of personal essays, review essays, occasional pieces, and philosophical essays.
prereq: ENGL 30000
3 hrs 3 cr.

ENGL 30900 - Workshop in Non-Fiction II

GER 3/A
A continuation of Workshop in Non-Fiction I, with increasing emphasis on craft and revision.
This course may be repeated once for credit.  
prereq: ENGL 30000 and 30800  
3 hrs 3 cr.

**ENGL 33100 - The Structure of Modern English**

Exploration of the acquisition, structure, and use of modern English and its regional and social variations.  
prereq: ENGL 22000  
3 hrs 3 cr.

2. Choose either Option A -or- Option B

Option A: Two courses in contemporary US literature written in English from the following courses (6 cr.)

**ENGL 32000 - Multi-Ethnic American Literature (W)**

GER 3/A PD/B  
Study of American writers of diverse backgrounds, which may include, Asian, African, Latino, Jewish, and Native American, in their historical and cultural contexts.  
prereq: ENGL 22000  
3 hrs 3 cr.

The sequence will introduce students to the fundamentals of reporting through interviews, observation and documentary research, and to the forms in which journalists present their reporting. It will also ask them to grapple with some of the ethical, legal and technological issues facing contemporary journalism, and will provide a basic understanding of the workings of state and city government.

coreq: MEDP 16000
3 hrs 3 cr.

THEA 16100 - Acting I: Basic Acting Techniques

For intended majors and non-majors. Exploration of the fundamentals of acting technique through exercises and improvisation.

coreq: .
3 hrs 3 cr.

THEA 26100 - Acting II: American Realism

GER 3/A
Fundamentals of scene study focusing on text analysis, personalization, objective and action using American realism.

prereq: THEA 16100 or perm instr.
4 hrs 3 cr.

THEA 26200 - Acting III: World Realism

GER 3/A
Continuation of scene study focusing on text analysis, personalization, objective and action using the world realistic repertory, such as the plays of Chekhov, Ibsen and Strindberg.

prereq: THEA 26100 or perm instr. coreq: THEA 26300
4 hrs 3 cr.

Romance Languages - BA

Honors
Students qualified to graduate with departmental honors must take an honors course or equivalent approved by the departmental advisers. Departmental honors will be conferred upon a recommendation from the appropriate departmental committee. Candidates must present a paper of at least 7,000 typewritten words in the language of specialization. Consult the department for further information.

Graduate Study

Qualified seniors with a minimum GPA of 3.5 in their discipline may be admitted to graduate level courses. Permission must be secured from the chair and then forwarded to the dean. Consult the graduate catalog for requirements and regulations.

Major (36 cr)

Intended for students who want to specialize in two Romance languages.

- Required: 34100 and 34200 in each of two chosen languages (12 cr)
- and -

- 9 credits in advanced literature in each of the two languages (18 cr)
- 3 credits in culture or translation in each of the two languages (6 cr)

Minor (12 cr)

Students majoring in one or more Romance languages take as a minor 12 credits in one field of study that leads to a BA degree, which must be approved by the departmental adviser.

Minor for Non-Majors

Students wishing to minor in a Romance Languages major must consult with their major departmental adviser for course approval of their 12 minor credits.

Study Abroad

All study abroad programs are open to students from Hunter College and other accredited institutions. Majors and minors in the Department of Romance Languages are strongly encouraged to participate in study abroad programs (see adviser for GPA requirements).

Qualified students can apply for financial aid and STOCS grants.

Spanish - BA

Preparation for Teaching French, Spanish or Italian Adolescent Education (grades 7-12)

Students pursuing adolescent education must complete the 30 or 36 credit major in one of these languages and, in addition, complete the course in second language acquisition (3 cr). The 23-credit pedagogical sequence in adolescent education will serve as the minor. See the School of Education section of the catalog for further information.
Major

The Spanish major provides two concentrations:

a. Spanish Literature (36 cr)

b. Major concentration in Spanish-English/English-Spanish translation and interpretation (36 cr)

Honors

Students qualified to graduate with departmental honors must take an honors course or equivalent approved by the departmental advisers. Departmental honors will be conferred upon a recommendation from the appropriate departmental committee. Candidates must present a paper of at least 7,000 typewritten words in the language of specialization. Consult the department for further information.

Minor in Spanish

1. Spanish Minor

The Spanish minor consists of 15 credits of courses that are taught entirely in Spanish and combines language, civilization, and literature.

   The prerequisite for a Spanish minor consists of either

**SPAN 20200 - Intermediate Spanish II**

Language lab mandatory.

*Spanish for English speakers.*

*prereq: SPAN 20100 or three yrs high school Spanish*  
3 hrs  3 cr.

   -or-

**SPAN 20800 - Advanced Spanish for Native Speakers**

*Spanish for native speakers.*

*prereq: SPAN 20700 or perm dept.*  
3 hrs  3 cr.  
   or equivalent proficiency

2. Minor in Spanish Cultures and Literatures

The following courses are required for a minor in Spanish Cultures and Literatures:

**Two language courses**

Two language courses (6 credits) above the SPAN 20200 (non-heritage speakers) or SPAN 20800 (heritage speakers) level, at least one of which must be a 300-level course. Recommended courses are:
SPAN 21100 - Spanish Grammar and Composition

Not recommended for fluent speakers of Spanish. Study of grammatical and syntactical patterns. Practice in reading, writing and speaking Spanish.
_prereq: SPAN 20200 or 20300
3 hrs 3 cr.

PD/D  
*prereq: perm dept.*  
1-3 cr.

**SEDC 21200 - Methods I: Foundations of Literacy, Language and Learning in the Foreign/Heritage Language Classroom, Grades 7-12**

The nature of language, and language acquisition/learning, and the inherent implications for teaching a foreign/heritage language at the secondary level. The foreign language standards and the English language arts standards are reviewed as they impact on curriculum design for foreign/heritage language learners.  
*prereq or coreq: SEDF 20300, 20400*  
3 hrs 3 cr.  
• SEDC 712 (see graduate catalog)

**Undergraduate Minor**

**Minor in French Culture and Literature in Translation**

This course of study provides the opportunity to students with no knowledge of the French language to be introduced to French Culture & Literature. This minor offers an interesting complement or context to studies in other fields (such as history, philosophy, political theory or women’s studies) that have benefited, historically, from French influences.  

The courses in this minor are to be chosen from a selection of 200-level courses, taught in English, such as  

**FREN 24100 - Early French Civilization: From Gothic to Revolution**

**FREN 24200 - Modern French Civilization: From Revolution to Present**

**FREN 25100 - French Literature and the Arts**

**FREN 25200 - From Symbolism to Surrealism in French Literature**

**FREN 25300 - Modern French Theatre: Theory and Practice**

**FREN 25400 - Film and the French Novel**

**FREN 25500 - New Approaches to Modern French Literature**
FREN 25600 - Dream and Image (W)
FREN 25700 - Literary Cross-Currents
FREN 25800 - French Poetry in Translation
FREN 25900 - French Theatre in Translation
FREN 26000 - French Novel in Translation (1600-1900)
FREN 26100 - Modern French Novel in Translation (1900-Present)
FREN 26200 - Perspectives on Women in French Literature

**Minor in French Language & Culture**

The French minor consists of 15 credits:

**Prerequisite for the minor**

**FREN 20200 - Intermediate French II**

Language lab mandatory.

*There are three options for students beginning French at Hunter. A regular sequence (FREN 10100, 10200, 20100, 20200), an intensive sequence (FREN 10300, 20300) which covers in two semesters material normally covered in four and a course for students who use French as a heritage language.*

*prereq: FREN 2000 or three yrs high school French*

3 hrs 3 cr.

-or-

**FREN 20300 - Intensive Intermediate French**

Equivalent to material covered in 20100 and 20200. Language lab mandatory.

*There are three options for students beginning French at Hunter. A regular sequence (FREN 10100, 10200, 20100, 20200), an intensive sequence (FREN 10300, 20300) which covers in two semesters material normally covered in four and a course for students who use French as a heritage language.*

*prereq: FREN 10200 or two yrs high school French*

**prereq:** perm dept.

1-3 cr.

**Programs and Courses in Sociology**

**Sociology**

**About the Department**

A major in sociology provides the undergraduate with the opportunity to gain a distinct intellectual perspective and a method of inquiry. By continually testing conventional wisdom against evidence, the study of sociology encourages the development of critical judgment. By routinely considering the matrix of social and cultural facts, such study can lead students to an understanding of the conditions under which social facts emerge, and the consequences they have for individuals, groups, societies and social institutions. It can also help students better understand their own roles in the array of social institutions in which they are entwined.

Our courses provide a foundation for the student who desires to pursue advanced graduate studies in sociology leading to teaching positions. The department offers a wide range of specialties offering students flexibility in their choice of PhD programs. A major in sociology also helps to prepare students for many careers: social research, marketing, media, and other fields in the private sectors, as well as law, civil service and public policy, social work, the health professions, personnel work and other human-service areas.

Majors are encouraged to develop skills in observation, interviewing, and other data-collection techniques; data processing; statistical and content analysis; and trend analysis — all marketable skills in many career lines.

Undergraduate Major

Sociology - BA

Major

The department recommends a GPA of at least 2.3 when declaring the major. Prospective majors should also have already taken several sociology courses at Hunter.
In addition to the following, the sociology major consists of 27 credits

**SOC 10100 - Introduction to Sociology**

GER 2/B
Development of sociological imagination through introduction and application of basic concepts incorporating global and comparative perspectives.

*3 hrs 3 cr.*

Six of these credits must include

**SOC 24000 - Introduction to Research Methods**

GER 3/B
Discussion of various research techniques and strategies including the survey method, field research, experiments, and content analysis. Firsthand involvement in the collection of quantitative data.

*prereq: SOC 10100
3 hrs 3 cr.*

**SOC 24100 - Social Statistics**

GER 3/B
Application of elementary statistical techniques. Introduction to statistical inference and sampling theory.

*prereq: SOC 10100
3 hrs 3 cr.*

Six credits must be in

**SOC 22100 - Classical Sociological Theory**

GER 3/B PD/D
Classical theorists and their contributions.

*prereq: SOC 10100
3 hrs 3 cr.*

**SOC 22300 - Current Sociological Theory**

GER 3/B
Significance of concepts and nature of evidence applied to leading theories. Theory construction.

*prereq: SOC 10100, SOC 22100, major
3 hrs 3 cr.*

Of the remaining 15 credits, at least 6 must be in courses at the 300 level or above.

No more than 3 credits from the following may be used to satisfy this requirement.

**SOC 33100 - Field Placement in Social Work Agencies**
GER 3/B
Supervised work in social service agency, weekly seminar, preparation of weekly assignments and term paper.
prereq: SOC 10100, perm instr.
8 hrs per week 3 cr.

SOC 33200 - Advanced Field Placement in Social Work Agencies

GER 3/B
Supervised work in social service agency, weekly seminar, agency-based research project.
prereq: SOC 10100, SOC 33100 or documented equiv. experience in social work agency, perm instr.
8 hrs per week 3 cr.

SOC 37101 - Independent Study

GER 3/B
Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.
prereq: SOC 10100, perm instr.
1 hr 1 cr

SOC 37200 - Independent Study

GER 3/B
Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.
prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47100 - Honors/Independent Study

GER 3/B
Advanced independent research project under direction of full-time member of department.
prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47200 - Honors/Independent Study

GER 3/B
Advanced independent research project under direction of full-time member of department.
prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 49800 - Internship

GER 3/B
Open to advanced majors only. Placement of qualified sociology majors off campus in professional nonsocial service internship settings. Credits are based on analytic internship report, number of hours worked and by written evaluation by agency/company intern supervisor.
prereq: SOC 22100 or 22300 and SOC 24000; major; perm supervising full-time faculty
hrs TBA 3-6 cr.
Minor

Students choosing to minor in sociology should consult a sociology adviser to determine their selection of courses. Students minoring in sociology must take

**SOC 10100 - Introduction to Sociology**

GER 2/B
Development of sociological imagination through introduction and application of basic concepts incorporating global and comparative perspectives.
3 hrs 3 cr.

and

**SOC 22100 - Classical Sociological Theory**

GER 3/B PD/D
Classical theorists and their contributions.
_prereq: SOC 10100
3 hrs 3 cr._

as well as one additional course on the 200-level and one recommended on the 300-level

Special Programs

The COR Program

The departments of psychology, anthropology, and sociology jointly offer a program called COR (Career Opportunities in Research and Education). This interdisciplinary research training program for talented minority juniors and seniors is funded by the National Institute of Mental Health. Participants receive a monthly stipend, tuition and fee remittance; they take a special curriculum, and get individualized research training in a variety of areas under the supervision of a faculty mentor. The program has several levels of participation, and all minority students - especially freshmen and sophomores - intending to pursue a research-related career in the participating disciplines are urged to register with the program. Additional details and descriptive literature are available from the COR program adviser.

Independent Study

Students may pursue independent study through

**SOC 37101 - Independent Study**

GER 3/B
Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.
_prereq: SOC 10100, perm instr._
1 hr 1 cr

**SOC 37200 - Independent Study**
GER 3/B
Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.

prereq: SOC 10100, perm instr.
3 cr. each sem

or

SOC 47100 - Honors/Independent Study

GER 3/B
Advanced independent research project under direction of full-time member of department.

prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47200 - Honors/Independent Study

GER 3/B
Advanced independent research project under direction of full-time member of department.

prereq: SOC 10100, perm instr.
3 cr. each sem

Additional Information

These options allow students to initiate and carry out a course of study of their own choosing under the guidance of a full-time faculty sponsor. Students must have a written proposal and a general plan of study to submit to the potential faculty mentor.

Honors

In order to graduate with departmental honors in sociology, students must have a 3.0 GPA overall and a 3.5 GPA in sociology; at least 21 of the credits toward the major should have been courses taken at Hunter College.

Students must complete either an Honors Seminar

SOC 47300 - Honors Seminar

GER 3/B
Honors paper.

prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47400 - Honors Seminar

GER 3/B
Honors paper.

prereq: SOC 10100, perm dept.
3 cr. each sem

or an Honors Independent Study
SOC 47100 - Honors/Independent Study

GER 3/B
Advanced independent research project under direction of full-time member of department.
prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47200 - Honors/Independent Study

GER 3/B
Advanced independent research project under direction of full-time member of department.
prereq: SOC 10100, perm instr.
3 cr. each sem

or a graduate course

SOC 42500 - Seminar in Selected Problems of Sociology

GER 3/B
Advanced seminar: reading, discussion, and papers on significant problems in sociology and in applied social research; in most cases cross-listed with graduate social research course or seminar.

prereq: SOC 10100, perm instr.
3 hrs 3 cr

Additional Information

Students whose GPAs are within this range are urged to consult their adviser before planning senior year programs of study, since honors seminars are generally offered only once per year, usually in the fall semester. In addition, students qualifying for departmental honors are eligible for membership in Alpha Kappa Delta, the International Sociology Honor Society. See adviser for more information.

Internships

Provided students secure approval of a full-time faculty member, internships can be carried out for 3 to 6 credits in the areas of marketing, media, and politics, with other areas provided faculty supervision can be secured. Interested students must meet the requirements listed under the SOC 49800 entry.

Awards

The Department of Sociology offers two prestigious awards to outstanding students in sociology and applied social research. The Norman Hecht Award of up to $300 is provided on an irregular basis for the best research concept developed by an undergraduate or graduate student studying applied social research. It can be granted to an individual student or a group of students. Once a year at the end of the spring term the Benjamin Ringer Award, carrying a cash stipend of $100, is granted for the best undergraduate paper in the areas of ethnic and race relations. The endowed Rosalyn Tough Award is granted with a cash stipend to outstanding sociology or social research students. Two Suzanne Keller Awards with a stipend of $250 each are granted at the end of the academic year. One goes to the graduating
sociology major with the best academic record. The second Keller award is given to the best BA/MS graduate entering the field of applied social research. The annual Chicago Award with a $100 stipend is given to a work-study student or research assistant whose contribution to a faculty member’s work is acknowledged in the faculty member’s publication. For more information about the awards contact the departmental advisers.

Career Opportunities

Applied Social Research

Students interested in careers in research-related fields such as media and marketing research, policy analysis and evaluation, advertising, consumer behavior, and public opinion polling, as well as students who are contemplating graduate studies in sociology, are encouraged to gain research experience through selected coursework and independent research carried out under faculty supervision.

In addition to the following, which are required for the major,

**SOC 24000 - Introduction to Research Methods**

GER 3/B
Discussion of various research techniques and strategies including the survey method, field research, experiments, and content analysis. Firsthand involvement in the collection of quantitative data.

*prereq: SOC 10100*

3 hrs 3 cr.

**SOC 24100 - Social Statistics**

GER 3/B
Application of elementary statistical techniques. Introduction to statistical inference and sampling theory.

*prereq: SOC 10100*

3 hrs 3 cr.

Students interested in research should consider

**SOC 35000 - Qualitative Research Methods (W)**

GER 3/B
An introduction to the most prevalent qualitative research approaches used in applied social research and sociology, including documentary analysis, participatory observation, ethnography, in-depth interviews, focus groups and related methods.

*prereq: SOC 22100 or 22300*

3 hrs 3 cr.

Select electives from the following:

**SOC 25900 - Mass Media, Communication and Public Opinion (W)**
GER 3/B
Impact of mass media on public opinion and government action.
prereq: SOC 10100 ENGL 12000
3 hrs 3 cr.

SOC 31100 - Population Dynamics

GER 3/B
Comparative analysis of fertility, mortality, migration trends, and related social factors.
prereq: SOC 10100
3 hrs 3 cr.

SOC 31300 - Consumer Behavior

GER 3/B
Individual and social perspectives on consumer decision making. Social patterns of consumption and consumer social movements.
prereq: SOC 10100
3 hrs 3 cr.

SOC 36300 - Social Change

GER 3/B
Process of development of institutions, communities, and nations.
prereq: SOC 10100
3 hrs 3 cr.

SOC 44100 - Advanced Research Methods

GER 3/B
Evaluates strategies and instruments available to sociologists such as socio-geographic mapping.
prereq: SOC 24000, 24100
3 hrs 3 cr.

Additional Information

The department has also participated in a number of programs that place qualified minority students in summer research internships at leading universities. See advisers for more information.

Social Work

Students interested in careers in social work or other human services are strongly encouraged to consult the pre-social work adviser (Prof. Poppendieck, Room 1603 Hunter West, (212) 772-5583, jpoppend@hunter.cuny.edu). The presocial work advising office offers information about graduate study in social work as well as help with program planning.

Pre-social work

Pre-social work students without work experience in the human services should plan to take the following courses that provide supervised field experience.
SOC 33100 - Field Placement in Social Work Agencies

GER 3/B
Supervised work in social service agency, weekly seminar, preparation of weekly assignments and term paper.
prereq: SOC 10100, perm instr.
8 hrs per week 3 cr.

SOC 33200 - Advanced Field Placement in Social Work Agencies

GER 3/B
Supervised work in social service agency, weekly seminar, agency-based research project.
prereq: SOC 10100, SOC 33100 or documented equiv. experience in social work agency, perm instr.
8 hrs per week 3 cr.

Ideally, this coursework should be completed by the end of the junior year, and students must meet with the instructor in the previous semester to arrange a placement.

Directly related to social work

While virtually all sociology courses are relevant to the practice of social work, several courses are directly related to social work

SOC 23100 - Introduction to Social Work Profession

GER 3/B
Introduction to and critical analysis of the social work profession in American society.
prereq: SOC 10100
3 hrs 3 cr.

SOC 23500 - Community Organization and Action

GER 3/B
Evaluation of specific local and national action programs.
prereq: SOC 10100
3 hrs 3 cr.

SOC 23700 - Social Welfare Policy

GER 3/B
Development of welfare institutions. Consequences of welfare services for client and community.
prereq: SOC 10100
3 hrs 3 cr.

SOC 23900 - Child Welfare (W)

GER 3/B
Historical and contemporary perspectives on the impact of poverty on children and the social policies that deal with it.
cross-listed WGSP 23900 (W)
Graduate Courses

Qualified undergraduates seeking more advanced or specialized work may, with the permission of the instructor, be permitted to take graduate courses. Consult the graduate catalog for course listings.

Major Areas of Study

Students may design their own areas of concentration but they are not required to do so.

1. Interpersonal Processes and Relations

SOC 20100 - The Family

GER 3/B PD/C
Family functions and interaction. Factors affecting stability and instability.  
cross-listed WGSP 22300  
prereq: SOC 10100  
3 hrs 3 cr.

SOC 25100 - Interpersonal Behavior

GER 3/B
Study of interactional processes and the emergence and maintenance of selves and identities.  
prereq: SOC 10100  
3 hrs 3 cr.

SOC 25300 - Deviance and Social Control

GER 3/B
Theories of causation and analysis of particular types of deviance: sexual, criminal, political.  
prereq: SOC 10100  
3 hrs 3 cr.

2. Social Inequality

SOC 21700 - Race and Ethnicity

GER 3/B PD/B
Dominant-subordinate relations among selected groups: Asians, Blacks, Hispanics, Jews, Indians, White ethnics.  
prereq: SOC 10100  
3 hrs 3 cr.

SOC 21800 - Social Inequality
GER 3/B
Examination of social inequality in contemporary society from various empirical and theoretical perspectives focusing on class, ethnic, gender, and other determinants of stratification.
prereq: SOC 10100
3 hrs 3 cr.

SOC 21900 - American Society (W)

GER 3/B
Analysis of social structures and culture of the contemporary USA.
prereq: SOC 10100, ENGL 12000
3 hrs 3 cr.

SOC 25700 - Sex and Gender Roles

GER 3/B PD/C
Sex role differentiation: femininity, masculinity, marriage, child rearing.
cross-listed WGSS 25700
prereq: SOC 10100
3 hrs 3 cr.

SOC 31700 - Class, Status, and Power

GER 3/B
Inquiry into the empirical and conceptual relation between the fundamental sociological constructs of 'class', 'status', and 'power' through a case study of the upper class in the United States. Review of current research and relevant theoretical approaches.
prereq: SOC 10100
3 hrs 3 cr.

3. Social Welfare and Policy

SOC 23100 - Introduction to Social Work Profession

GER 3/B
Introduction to and critical analysis of the social work profession in American society.
prereq: SOC 10100
3 hrs 3 cr.

SOC 23500 - Community Organization and Action

GER 3/B
Evaluation of specific local and national action programs.
prereq: SOC 10100
3 hrs 3 cr.

SOC 23700 - Social Welfare Policy

GER 3/B
Development of welfare institutions. Consequences of welfare services for client and community.
SOC 23900 - Child Welfare (W)

GER 3/B
Historical and contemporary perspectives on the impact of poverty on children and the social policies that deal with it.
cross-listed WGSP 23900 (W)
prereq: SOC 10100, ENGL 12000
3 hrs 3 cr.

4. International Studies

SOC 31300 - Consumer Behavior

GER 3/B
Individual and social perspectives on consumer decision making. Social patterns of consumption and consumer social movements.
prereq: SOC 10100
3 hrs 3 cr.

SOC 31800 - Sociology of Human Rights in Latin America

GER 3/B
Types of societies in which human rights are respected or violated with special emphasis on Latin American regimes in the last two decades. Human rights and diversity the rights of women and minorities. Movements to protect human rights. The emphasis is on actual social conditions which foster or impede the observance and protection of human rights.
prereq: SOC 10100
3 hrs 3 cr.

SOC 36100 - Development and Modernization (W)

GER 3/B PD/A
Examinations of models of social change with a special focus on developing countries.
prereq: SOC 10100
3 hrs 3 cr.

SOC 36200 - Sociology of Islam (W)

GER 3/B
Introduction to Islam as religion and culture with emphasis on how misconceptions have permeated our understanding of Islam. Analysis from a historical perspective which serves as a framework for comprehending Islam's dogma, rituals, and legal system.
prereq: SOC 10100
3 hrs 3 cr.

5. Applied Social Research

SOC 24000 - Introduction to Research Methods
Discussion of various research techniques and strategies including the survey method, field research, experiments, and content analysis. Firsthand involvement in the collection of quantitative data.

**prereq:** SOC 10100

**3 hrs 3 cr.**

**SOC 24100 - Social Statistics**

Application of elementary statistical techniques. Introduction to statistical inference and sampling theory.

**prereq:** SOC 10100

**3 hrs 3 cr.**

**SOC 31100 - Population Dynamics**

Comparative analysis of fertility, mortality, migration trends, and related social factors.

**prereq:** SOC 10100

**3 hrs 3 cr.**

**SOC 31300 - Consumer Behavior**

Individual and social perspectives on consumer decision making. Social patterns of consumption and consumer social movements.

**prereq:** SOC 10100

**3 hrs 3 cr.**

**SOC 34100 - Research Practicum**

Evaluates strategies and instruments available to sociologists such as socio-geographic mapping.

**prereq:** SOC 24000, 24100

**3 hrs 3 cr.**

**SOC 35000 - Qualitative Research Methods (W)**

An introduction to the most prevalent qualitative research approaches used in applied social research and sociology, including documentary analysis, participatory observation, ethnography, in-depth interviews, focus groups and related methods.

**prereq:** SOC 22100 or 22300

**3 hrs 3 cr.**

6. Theory

**SOC 22100 - Classical Sociological Theory**

Classical theorists and their contributions.
prereq: SOC 10100
3 hrs 3 cr.

SOC 22300 - Current Sociological Theory

GER 3/B
Significance of concepts and nature of evidence applied to leading theories. Theory construction.
prereq: SOC 10100, SOC 22100, major
3 hrs 3 cr.

7. Fieldwork and Experiential Learning

SOC 33100 - Field Placement in Social Work Agencies

GER 3/B
Supervised work in social service agency, weekly seminar, preparation of weekly assignments and term paper.
prereq: SOC 10100, perm instr.
8 hrs per week 3 cr.

SOC 33200 - Advanced Field Placement in Social Work Agencies

GER 3/B
Supervised work in social service agency, weekly seminar, agency-based research project.
prereq: SOC 10100, SOC 33100 or documented equiv. experience in social work agency, perm instr.
8 hrs per week 3 cr.

SOC 37101 - Independent Study

GER 3/B
Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.
prereq: SOC 10100, perm instr.
1 hr 1 cr

SOC 37200 - Independent Study

GER 3/B
Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.
prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47100 - Honors/Independent Study

GER 3/B
Advanced independent research project under direction of full-time member of department.
prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47200 - Honors/Independent Study
GER 3/B
Advanced independent research project under direction of full-time member of department.
prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 49800 - Internship
GER 3/B
Open to advanced majors only. Placement of qualified sociology majors off campus in professional nonsocial service internship settings. Credits are based on analytic internship report, number of hours worked and by written evaluation by agency/company intern supervisor.
prereq: SOC 22100 or 22300 and SOC 24000; major; perm supervising full-time faculty
hrs TBA 3-6 cr.

Undergraduate Major/Graduate Major

Sociology/Social Research - Accelerated BA/MS

Five-Year BA/MS Program

For a limited number of qualified students, the department offers an accelerated five-year program leading to a BA in sociology and an MS in social research. The program requires a total of 145 credits of college work (100 undergraduate, 45 graduate), a three month full-time supervised research internship in a non-academic setting (or part-time for six months), and a research paper. In order to be admitted to the program, students must complete their basic requirements, pass an honors course (independent study or honors seminar), and meet the requirements of the MS program as outlined in the graduate catalog except for the GRE examination. Undergraduate students are typically admitted to the program toward the end of their junior year when they have completed 100 credits and they begin their graduate work at the beginning of their senior year. Interested students should consult the program’s adviser at the earliest possible date.

Undergraduate Minor

Minor in Sociology

The minor in Sociology requires four courses with 12 credits which students have to pass with a GPA of at least 2.0. Students minoring in Sociology must take SOC 10100 - Introduction to Sociology, the prerequisite for all other sociology courses, SOC 22100 - Classical Sociological Theory and two additional courses selected from those offered on a regular basis. It is recommended but not required that one sociology course on the 300 or higher level be included.

Sociology: Lower Division
SOC 10100 - Introduction to Sociology

GER 2/B
Development of sociological imagination through introduction and application of basic concepts incorporating global and comparative perspectives.
3 hrs 3 cr.

SOC 20100 - The Family

GER 3/B PD/C
Family functions and interaction. Factors affecting stability and instability.
cross-listed WGSP 22300
prereq: SOC 10100
3 hrs 3 cr.

SOC 20300 - Education

GER 3/B
Education viewed cross-culturally and historically. Schools and colleges as social systems.
prereq: SOC 10100
3 hrs 3 cr.

SOC 20500 - Sociology of Religion

GER 3/B
Comparative study of religion in human societies. Analysis of beliefs, myths and sacred attitudes.
prereq: SOC 10100
3 hrs 3 cr.

SOC 20900 - Arts in Modern Society

GER 3/B
Art as a universal social institution and as the expression of symbolic world of cultural life.
prereq: SOC 10100
3 hrs 3 cr.

SOC 21100 - Urban Sociology

GER 3/B
The relationships of space and society, with special attention to the nature and problems of urban life.
prereq: SOC 10100
3 hrs 3 cr.

SOC 21300 - Political Sociology

GER 3/B
Power, authority, political ideologies, and patterns of participation. Articulation and resolution of political issues in contemporary societies in the context of globalization.
prereq: SOC 10100
3 hrs 3 cr.

SOC 21700 - Race and Ethnicity

GER 3/B PD/B
Dominant-subordinate relations among selected groups: Asians, Blacks, Hispanics, Jews, Indians, White ethnics.
prereq: SOC 10100
3 hrs 3 cr.

SOC 21800 - Social Inequality

GER 3/B
Examination of social inequality in contemporary society from various empirical and theoretical perspectives focusing on class, ethnic, gender, and other determinants of stratification.
prereq: SOC 10100
3 hrs 3 cr.

SOC 21900 - American Society (W)

GER 3/B
Analysis of social structures and culture of the contemporary USA.
prereq: SOC 10100, ENGL 12000
3 hrs 3 cr.

SOC 22100 - Classical Sociological Theory

GER 3/B PD/D
Classical theorists and their contributions.
prereq: SOC 10100
3 hrs 3 cr.

SOC 22300 - Current Sociological Theory

GER 3/B
Significance of concepts and nature of evidence applied to leading theories. Theory construction.
prereq: SOC 10100, SOC 22100, major
3 hrs 3 cr.

SOC 22500 - Seminar in Selected Problems of Sociology

GER 3/B
Lower-level seminar: reading, discussion, and papers on significant problems in sociology.
prereq: SOC 10100
3 hrs 3 cr.

SOC 23100 - Introduction to Social Work Profession

GER 3/B
Introduction to and critical analysis of the social work profession in American society.
**SOC 23500 - Community Organization and Action**

GER 3/B  
Evaluation of specific local and national action programs.  
*prereq: SOC 10100*  
3 hrs 3 cr.

**SOC 23700 - Social Welfare Policy**

GER 3/B  
Development of welfare institutions. Consequences of welfare services for client and community.  
*prereq: SOC 10100*  
3 hrs 3 cr.

**SOC 23900 - Child Welfare (W)**

GER 3/B  
Historical and contemporary perspectives on the impact of poverty on children and the social policies that deal with it.  
*cross-listed WGSP 23900 (W)*  
*prereq: SOC 10100, ENGL 12000*  
3 hrs 3 cr.

**SOC 24000 - Introduction to Research Methods**

GER 3/B  
Discussion of various research techniques and strategies including the survey method, field research, experiments, and content analysis. Firsthand involvement in the collection of quantitative data.  
*prereq: SOC 10100*  
3 hrs 3 cr.

**SOC 24100 - Social Statistics**

GER 3/B  
Application of elementary statistical techniques. Introduction to statistical inference and sampling theory.  
*prereq: SOC 10100*  
3 hrs 3 cr.

**SOC 25100 - Interpersonal Behavior**

GER 3/B  
Study of interactional processes and the emergence and maintenance of selves and identities.  
*prereq: SOC 10100*  
3 hrs 3 cr.

**SOC 25300 - Deviance and Social Control**
GER 3/B
Theories of causation and analysis of particular types of deviance: sexual, criminal, political.
prereq: SOC 10100
3 hrs 3 cr.

SOC 25500 - Youth and Adulthood

GER 3/B
Youth and adult modes of adaptation, socialization, intergenerational relations, and career possibilities.
prereq: SOC 10100
3 hrs 3 cr.

SOC 25700 - Sex and Gender Roles

GER 3/B PD/C
Sex role differentiation: femininity, masculinity, marriage, child rearing.
cross-listed WGSS 25700
prereq: SOC 10100
3 hrs 3 cr.

SOC 25900 - Mass Media, Communication and Public Opinion (W)

GER 3/B
Impact of mass media on public opinion and government action.
prereq: SOC 10100 ENGL 12000
3 hrs 3 cr.

Sociology: Upper Division

SOC 30100 - Medical Sociology

GER 3/B
Social and cultural factors related to health. Organization of health care services, social structure of the hospital.
prereq: SOC 10100
3 hrs 3 cr.

SOC 30700 - Migration

GER 3/B PD/B
Economic, demographic, political and cultural factors influencing migration and the consequences of migration.
prereq: SOC 10100
3 hrs 3 cr.

SOC 30900 - Social Movements and Social Change (W)

GER 3/B
Analysis of emerging groups inducing or resisting social change often using unconventional means in historical and/or international perspective.
prereq: SOC 10100
3 hrs 3 cr.

**SOC 31100 - Population Dynamics**

GER 3/B
Comparative analysis of fertility, mortality, migration trends, and related social factors.
prereq: SOC 10100
3 hrs 3 cr.

**SOC 31300 - Consumer Behavior**

GER 3/B
Individual and social perspectives on consumer decision making. Social patterns of consumption and consumer social movements.
prereq: SOC 10100
3 hrs 3 cr.

**SOC 31400 - Culture and Consumption**

GER 3/B
The structure and patterning of everyday life as concerned with material well-being. Symbolic and moral dimensions of food and living arrangements, as well as commerce and the marketplace.
prereq: SOC 10100
3 hrs 3 cr.

**SOC 31500 - Work and Society (W)**

GER 3/B
Work in market economies, mechanisms of control and sources of stratification, gender and ethnic factors, role of education and trade unions.
cross-listed WGSL 31500
prereq: SOC 10100
3 hrs 3 cr.

**SOC 31700 - Class, Status, and Power**

GER 3/B
Inquiry into the empirical and conceptual relation between the fundamental sociological constructs of 'class', 'status', and 'power' through a case study of the upper class in the United States. Review of current research and relevant theoretical approaches.
prereq: SOC 10100
3 hrs 3 cr.

**SOC 31800 - Sociology of Human Rights in Latin America**

GER 3/B
Types of societies in which human rights are respected or violated with special emphasis on Latin American regimes in the last two decades. Human rights and diversity the rights of women and minorities. Movements to protect human rights. The emphasis is on actual social conditions which foster or impede the observance and protection of human
rights.

**SOC 31900 - Criminology**

GER 3/B
Criminal behavior, arrest, and punishment. Problems of definition, administration of criminal justice.

*prereq: SOC 10100
3 hrs 3 cr.*

**SOC 32000 - Law, Society and Civil Rights**

GER 3/B
Examines from a sociological perspective the concept of law, and legal institutions and their relationship to society and culture, concentrating on the struggle for civil rights in America.

*prereq: SOC 10100
3 hrs 3 cr.*

**SOC 32100 - Sociology of Organizations**

GER 3/B
Organization, structure, and processes; relationship between individual and organization.

*prereq: SOC 10100
3 hrs 3 cr*

**SOC 32200 - Drugs and Society**

GER 3/B
The course focuses on the social, cultural and historical dimensions of drug use, and treats the causes and consequences of drug use and abuse as a social—rather than bio-physical phenomenon. Course topics may include: drug use as a universal phenomenon; regulatory issues related to drugs, especially in relation to race, class and subcultures; and drugs as a media phenomenon.

*prereq: SOC 10100
3 hrs 3 cr*

**SOC 32500 - Seminar in Selected Problems of Sociology**

GER 3/B
Upper-level seminar: reading, discussion, and papers on significant problems in sociology.

*prereq: SOC 10100, perm instr.
3 hrs 3 cr.*

**SOC 32502 - Sociology of Human Rights: Violation and Protection**

GER 3/B

*prereq: SOC 10100, perm instr.
3 hrs 3 cr.*
SOC 32506 - Latin American Societies

GER 3/B
prereq: SOC 10100, perm instr.
3 hrs 3 cr.

SOC 32519 - Economic Development and Social Inequality in Latin America

GER 3/B
prereq: SOC 10100, perm instr.
3 hrs 3 cr.

SOC 33000W - Children and Public Policy

GER 3B
Study of changes in children’s lives, including family composition, parental work, child care, and poverty, as well as the day-to-day lives of children living in poverty and immigrant families. The historical evolution of public policies and current policy issues are studied as they relate to children, particularly education, income support, and health policies. International policy comparisons are highlighted
prereq: ENGL 12000
3 hrs 3 cr.

SOC 33100 - Field Placement in Social Work Agencies

GER 3/B
Supervised work in social service agency, weekly seminar, preparation of weekly assignments and term paper.
prereq: SOC 10100, perm instr.
8 hrs per week 3 cr.

SOC 33200 - Advanced Field Placement in Social Work Agencies

GER 3/B
Supervised work in social service agency, weekly seminar, agency-based research project.
prereq: SOC 10100, SOC 33100 or documented equiv. experience in social work agency, perm instr.
8 hrs per week 3 cr.

SOC 34100 - Research Practicum

GER 3/B
Evaluates strategies and instruments available to sociologists such as socio-geographic mapping.
prereq: SOC 24000, 24100
3 hrs 3 cr

SOC 34500 - Sociology of Knowledge

GER 3/B
Systematic analysis of the social basis of knowledge.
prereq: SOC 10100
3 hrs 3 cr.
SOC 35000 - Qualitative Research Methods (W)

GER 3/B
An introduction to the most prevalent qualitative research approaches used in applied social research and sociology, including documentary analysis, participatory observation, ethnography, in-depth interviews, focus groups and related methods.

prereq: SOC 22100 or 22300
3 hrs 3 cr.

SOC 36000 - Feminist Social Theory

GER 3/B PD/C
Introduces students to feminist theory developed by women from Western, Third World and other countries.

cross-listed WGS 36000
prereq: SOC 10100
3 hours 3 credits

SOC 36100 - Development and Modernization (W)

GER 3/B PD/A
Examinations of models of social change with a special focus on developing countries.

prereq: SOC 10100
3 hrs 3 cr.

SOC 36200 - Sociology of Islam (W)

GER 3/B
Introduction to Islam as religion and culture with emphasis on how misconceptions have permeated our understanding of Islam. Analysis from a historical perspective which serves as a framework for comprehending Islam's dogma, rituals, and legal system.

prereq: SOC 10100
3 hrs 3 cr.

SOC 36300 - Social Change

GER 3/B
Process of development of institutions, communities, and nations.

prereq: SOC 10100
3 hrs 3 cr.

SOC 36400 - Globalism and Nationalism

GER 3/B
This course covers the emergence, spread, and decline of global cultural identities and practices in individual nations. It further explores the origin, character, and vicissitudes of nationalism in the global area.

prereq: SOC 10100
3 hrs 3 cr

SOC 37101 - Independent Study
GER 3/B
Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.

*prereq: SOC 10100, perm instr.*

1 hr 1 cr

**SOC 37103 - Independent Study**

GER 3/B
Completion of written assignment as proposed by student as approved and supervised by full-time faculty sponsor.

*prereq: SOC 10100, perm instr.*  
3 hrs 3 cr.

**SOC 37200 - Independent Study**

GER 3/B
Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.

*prereq: SOC 10100, perm instr.*  
3 cr. each sem

**SOC 42100 - Sociology of Organizations**

GER 3/B
Organization, structure, and processes; relationship between individual and organization.

*prereq: SOC 101*  
3 hrs 3 cr.

**SOC 42500 - Seminar in Selected Problems of Sociology**

GER 3/B
Advanced seminar: reading, discussion, and papers on significant problems in sociology and in applied social research; in most cases cross-listed with graduate social research course or seminar.

*prereq: SOC 10100, perm instr.*  
3 hrs 3 cr.

**SOC 44100 - Advanced Research Methods**

GER 3/B
Evaluates strategies and instruments available to sociologists such as socio-geographic mapping.

*prereq: SOC 24000, 24100*  
3 hrs 3 cr.

**SOC 47100 - Honors/Independent Study**

GER 3/B
Advanced independent research project under direction of full-time member of department.
prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47200 - Honors/Independent Study

GER 3/B
Advanced independent research project under direction of full-time member of department.
prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47300 - Honors Seminar

GER 3/B
Honors paper.
prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47400 - Honors Seminar

GER 3/B
Honors paper.
prereq: SOC 10100, perm dept.
3 cr. each sem

SOC 49800 - Internship

GER 3/B
Open to advanced majors only. Placement of qualified sociology majors off campus in professional nonsocial service internship settings. Credits are based on analytic internship report, number of hours worked and by written evaluation by agency/company intern supervisor.
prereq: SOC 22100 or 22300 and SOC 24000; major; perm supervising full-time faculty hrs TBA 3-6 cr.

Sociology Courses less frequently offered

SOC 20700 - Leisure, Recreation and Sports

GER 3/B
Role and social organization of leisure and recreation in traditional and modern society.
prereq: SOC 10100
3 hrs 3 cr.

SOC 21500 - Occupations and Professions

GER 3/B
Roles, structures, development of occupations and professions. Occupational socialization and professionalization.
prereq: SOC 10100
3 hrs 3 cr.
SOC 46100 - Comparative Ethnic and Race Relations

GER 3/B
Patterns of intergroup relations in various countries. Consequences of partition, separatism, pluralism, assimilation.
*prereq: SOC 10100, 21700
3 hrs 3 cr.

Programs and Courses in Theatre

Theatre

About the Department

The Department of Theatre studies stage production, the history and theory of theatre and drama, and the relationship among text, theory and performance. Theatre courses include acting, playwriting, directing, history, theory, design, production, creative drama and interdisciplinary performance. The curriculum was developed with an emphasis on professional standards within a liberal arts context.

The theatre major requires courses in practical hands-on work, as well as study of theoretical, critical, and historical approaches to theatre. Interdisciplinary courses include acting, lighting and design for theatre, film and television, adaptation for theatre and film, and comparative aesthetics. Students pursuing a major in theatre must work on theatre productions as part of their requirements for graduation. Advanced undergraduate playwrights may have their work produced by Hunter Playwrights.

Many students who graduate from the theatre program work as actors, directors, stage managers, and designers. Some of our students continue their creative study in conservatory or MFA programs. Others continue their education in history and theory as MA or PhD students.

The department maintains associations with major theatre institutions. Students have opportunities for placement as interns and apprentices with various professional groups.

Chair:

Mira Felner (acting)
520A North
Undergraduate Major

Theatre - BA

Honors

Open to any qualified junior or senior with a 3.5 GPA in Theatre and an overall minimum GPA of 2.7 and permission of the chair. Individual work under faculty supervision. Departmental honors granted at graduation.

Major in Theatre (30 cr)

Students must have earned at least 24 credits to declare a Theatre major.

THEA 21100 - World Theatre I (W)

GER 2/C PD/D
Survey of international theatre from its pre-Greek origins to the Spanish Golden Age.
_prereq: ENGL 12000, THEA 10100
3 hrs 3 cr.

THEA 21200 - World Theatre II (W)

GER 2/C PD/D
Survey of international theatre from the Elizabethan period to Wagner.
_prereq: ENGL 12000, THEA 10100
3 hrs 3 cr.

THEA 21300 - World Theatre III (W)

GER 2/C PD/D
Survey of international theatre from 19th-century Naturalism to the present day.
_prereq: ENGL 12000, THEA 10100
3 hrs 3 cr.

THEA 25100 - Theatre Production
Introduction to the theory and practice of theatrical production. Includes required practical work on departmental productions

*prereq: THEA 10100 or perm instr.

5 hrs 3 cr.

THEA 26100 - Acting II: American Realism

GER 3/A

Fundamentals of scene study focusing on text analysis, personalization, objective and action using American realism.

*prereq: THEA 16100 or perm instr.

4 hrs 3 cr.

THEA 32100 - Play Analysis (W)

GER 3/A PD/D

Principles of play analysis; examination of play structure, theatrical form, and dramatic genre.

*prereq: THEA 21100 or 21200 or 21300

3 hrs 3 cr.

THEA 28300 - Stagecraft

The theory and practice of executing scenery for the stage, including props construction, scenic painting, rigging, and new technologies. Includes required practical work on departmental productions.

*prereq: THEA 10100

3 hrs 3 cr.

THEA 28500 - Design Concepts for Theatre, Film, and Television

GER 3/A

Theoretical and practical elements of design in theatre, film, and television.

*prereq: THEA 10100 or FILM 10100

3 hrs 3 cr.

- Electives chosen from 300-level courses 6 cr.
- 2 production crews (not-for-credit)

plus one course selected from the following:

THEA 38100 - Scene Design I

GER 3/A

Theory and practice of scenic design for the stage. Includes practical work on departmental productions.

*prereq: THEA 28100

5 hrs 3 cr.

THEA 38300 - Costume Design I

GER 3/A

Theory and practice of costume design for the stage. Includes practical work on departmental productions.

*prereq: THEA 28100

5 hrs 3 cr.
THEA 38400 - Stage Lighting Design

GER 3/A
Principles, techniques, and practice of lighting for theatre, emphasizing its contribution to dramatic interpretation.
prereq: THEA 28100
5 hrs 3 cr.

THEA 38500 - Production Design I for Theatre, Film, and Television

GER 3/A
Theory and practice in scenic design for theatre, film, and television.
prereq: THEA 10100 or FILM 10100 and THEA 28500
4 hrs 3 cr.

THEA 38700 - Concepts of Light in Theatre, Film, and Television

GER 3/A
The aesthetics, styles, conventions, and vocabulary of lighting in theatre, film, and television: how light establishes style, mood, rhythm, and atmosphere as interpretive elements of performance.
prereq: THEA 28100 or THEA 28500
3 hrs 3 cr.

Minor

Theatre majors may select a minor from any department or program in the college that offers a program of study leading to a BA degree. Students should consult the departmental adviser regarding appropriate minor choices.

Minor in Theatre

A Minor in Theatre requires a minimum of 12 credits in the Department of Theatre at the 200-level or higher of which at least 3 credits must be at the 300-level (these are usually at least 3 credits). Minors are required to take all necessary prerequisites for these courses. Minors have access to all courses offered by the Department of Theatre. Minors are encouraged to participate in departmental and student productions. Interested students must meet with the undergraduate advisor in the Department of Theatre to declare a minor and to define their course of study.

Undergraduate Minor

Minor in Theatre

A Minor in Theatre requires a minimum of 12 credits in the Department of Theatre at the 200-level or higher of which at least 3 credits must be at the 300-level (these are usually at least 3 credits). Minors are required to take all necessary
prerequisites for these courses. Minors have access to all courses offered by the Department of Theatre. Minors are encouraged to participate in departmental and student productions. Interested students must meet with the undergraduate advisor in the Department of Theatre to declare a minor and to define their course of study.

**Theatre: Basic Courses**

**THEA 10100 - Introduction to Theatre**

GER 2/D
Study of elements of theatre arts acting, directing, playwriting, design from standpoints of both viewer and participant. 3 hrs 3 cr.

**THEA 15100 - Introduction to Theatre Production**

Lectures and practical backstage work in all aspects of production. Work on studio and major productions required. 5 hrs 2 cr.

**THEA 16100 - Acting I: Basic Acting Techniques**

For intended majors and non-majors. Exploration of the fundamentals of acting technique through exercises and improvisation. 3 hrs 3 cr.

**Theatre: Intermediate Courses**

**THEA 21100 - World Theatre I (W)**

GER 2/C PD/D
Survey of international theatre from its pre-Greek origins to the Spanish Golden Age. 
*prereq: ENGL 12000, THEA 10100*
3 hrs 3 cr.

**THEA 21200 - World Theatre II (W)**

GER 2/C PD/D
Survey of international theatre from the Elizabethan period to Wagner. 
*prereq: ENGL 12000, THEA 10100*
3 hrs 3 cr.

**THEA 21300 - World Theatre III (W)**
THEA 21400 - Multicultural Perspectives in Theatrical Performance (W)

GER 3/A PD/B
Study of a selected minority theatre tradition in the United States: original roots, development, and influence on the cultural life of the group to be studied and on American culture in general. May be repeated for credit with a different topic.
prereq: THEA 10100
3 hrs 3 cr.

THEA 21500 - Black Theatre (W)

GER 3/A PD/B
Background and development, present practice, and future possibilities of Black theatre in America.
prereq: ENGL 12000, THEA 10100
3 hrs 3 cr.

THEA 25100 - Theatre Production

Introduction to the theory and practice of theatrical production. Includes required practical work on departmental productions
prereq: THEA 10100 or perm instr.
5 hrs 3 cr.

THEA 26100 - Acting II: American Realism

GER 3/A
Fundamentals of scene study focusing on text analysis, personalization, objective and action using American realism.
prereq: THEA 16100 or perm instr.
4 hrs 3 cr.

THEA 26200 - Acting III: World Realism

GER 3/A
Continuation of scene study focusing on text analysis, personalization, objective and action using the world realistic repertory, such as the plays of Chekhov, Ibsen and Strindberg.
prereq: THEA 26100 or perm instr. coreq: THEA 26300
4 hrs 3 cr.

THEA 26300 - Basic Voice and Movement for Performers

Linklater-based training including alignment, breath, movement skills, vibrations of sound, freeing the channel for sound, resonance. Integration of body, voice and dramatic text is emphasized.
coreq: THEA 26200
3 hrs 2 cr.
THEA 28100 - Visual Elements of Theatre

GER 3/A
Introduction to the theory and practice of various design elements and their contribution to theatrical production. Includes practical work on departmental productions.

prereq: THEA 10100
5 hrs 3 cr.

THEA 28200 - Theatrical Design Techniques

GER 3/A
Practical training in skills of drawing, painting, and model-making necessary for designing of scenery, costumes, and lights. Studio design work included. Prerequisite for all advanced design courses.

prereq: THEA 10100

THEA 28300 - Stagecraft

The theory and practice of executing scenery for the stage, including props construction, scenic painting, rigging, and new technologies. Includes required practical work on departmental productions.

prereq: THEA 10100
3 hrs 3 cr.

THEA 28400 - Makeup for the Stage

GER 3/A
Practical instruction in use of stage makeup.

prereq: THEA 10100
5 hrs 3 cr.

THEA 28500 - Design Concepts for Theatre, Film, and Television

GER 3/A
Theoretical and practical elements of design in theatre, film, and television.

prereq: THEA 10100 or FILM 10100
3 hrs 3 cr.

Theatre: Upper-Level Courses

THEA 32100 - Play Analysis (W)

GER 3/A PD/D
Principles of play analysis: examination of play structure, theatrical form, and dramatic genre.

prereq: THEA 21100 or 21200 or 21300
3 hrs 3 cr.

THEA 32200 - Theatre Theory and Criticism (W)
GER 3/A PD/D
Major theatrical theories, with emphasis on modern, as applied to acting, design, directing, and playwriting.
prereq: THEA 21100 or 21200 or 21300
3 hrs 3 cr.

THEA 32300 - 20th Century Aesthetics in Theatre and Film (W)

GER 3/A
Points of interaction, mutual influence, and cross fertilization between theatre and film in theory and praxis.
prereq: THEA 21300 or FILM 21100 or 21200; ENGL 12000
4 hrs 3 cr.

THEA 32400 - Adaptation in Theatre and Film (W)

GER 3/A
Examination of examples of works adapted to the stage or seen from another medium.
prereq: THEA 32100 or FILM 21100 or 21200; ENGL 12000
4 hrs 3 cr.

THEA 33100 - Avant-Garde Theatre of the 20th Century (W)

GER 3/A PD/D
Departures from realism Expressionism, Artaud, Brecht, Grotowski from Alfred Jarry to the present.
prereq or coreq: THEA 21100 or 21200 or 21300
3 hrs 3 cr.

THEA 33200 - Theatre of Realism and Naturalism

GER 3/A PD/D
Plays, theory, and stagecraft of realism and naturalism movements from the late 19th century to the present.
prereq or coreq: THEA 21100 or 21200 or 21300
3 hrs 3 cr.

THEA 33300 - Alternative Performance

GER 3/A PD/D
Study of performance styles and practices using theatre and/or film in non-traditional modes.
prereq: THEA 21300 or THEA 32300
3 hrs 3 cr.

THEA 35100 - Theatre Workshop

Individual assignments to backstage positions in production and management of departmental presentations.
prereq: THEA 25200
5 hrs 2 cr.

THEA 36100 - Acting: Non-realism

GER 3/A
Advanced scene study from non-realistic works such as absurdist, expressionistic, and post-modern plays.
THEA 36200 - Acting: Period Drama

GER 3/A PD/D
Advanced scene study from classical plays of the Elizabethan, French Neo-Classic, Restoration and ancient Greek periods.

prereq: THEA 21100 or 21200 or 21300; THEA 26200, 26300 or perm instr. coreq: THEA 36300
4 hrs 3 cr.

THEA 36300 - Advanced Voice and Movement for Performers

GER 3/A
Continuation of training including increased capacity for breath, range, stamina, sound and movement, articulation, various classical text work. Integration of body, voice and dramatic text continues to be emphasized.

prereq: THEA 26300 coreq: THEA 36200
3 hrs 2 cr.

THEA 36400 - Mime and Masks

GER 3/A
Practical course in mime and mask exercises for actors, designed to open new avenues for emotional expression.

prereq: THEA 36300
4 hrs 3 cr.

THEA 36500 - Screen Acting

GER 3/A
Fundamental techniques unique to acting in film and television.

prereq: FILM 10100, THEA 26200
4 hrs 3 cr.

THEA 37100 - Directing I

GER 3/A
Principles of play production; directorial concepts; focusing audience attention on dramatic values.

prereq: THEA 2100 or 21200 or 21300, THEA 26100, 32100 or perm instr.
5 hrs 3 cr.

THEA 37200 - Directing II

GER 3/A
Continued study of principles; incorporation of design elements; full laboratory production of one-act play by each student.

prereq: THEA 37100 or perm instr.
5 hrs 3 cr.
THEA 37600 - Playwriting I (W)

GER 3/A
Study of problems in playwriting based on the student's own work.
prereq: THEA 10100 or perm instr.
3 hrs 3 cr.

THEA 37700 - Playwriting II

GER 3/A
Continued study of playwriting techniques, with emphasis on the structure and form of the full length play.
prereq: THEA 37600 or perm instr.
3 hrs 3 cr.

THEA 38100 - Scene Design I

GER 3/A
Theory and practice of scenic design for the stage. Includes practical work on departmental productions.
prereq: THEA 28100
5 hrs 3 cr.

THEA 38200 - Scene Design II

GER 3/A
Continued study of theory and practice of scenic design for the stage. Includes practical work on departmental productions.
prereq: THEA 38100
5 hrs 3 cr.

THEA 38300 - Costume Design I

GER 3/A
Theory and practice of costume design for the stage. Includes practical work on departmental productions.
prereq: THEA 28100
5 hrs 3 cr.

THEA 38400 - Stage Lighting Design

GER 3/A
Principles, techniques, and practice of lighting for theatre, emphasizing its contribution to dramatic interpretation.
prereq: THEA 28100
5 hrs 3 cr.

THEA 38500 - Production Design I for Theatre, Film, and Television

GER 3/A
Theory and practice in scenic design for theatre, film, and television.
prereq: THEA 10100 or FILM 10100 and THEA 28500
4 hrs 3 cr.
THEA 38600 - Production Design II for Theatre, Film, and Television

GER 3/A
Theory and practice in costume design for theatre, film, and television.
prereq: THEA 10100 or FILM 10100 and THEA 28500
4 hrs 3 cr.

THEA 38700 - Concepts of Light in Theatre, Film, and Television

GER 3/A
The aesthetics, styles, conventions, and vocabulary of lighting in theatre, film, and television: how light establishes style, mood, rhythm, and atmosphere as interpretive elements of performance.
prereq: THEA 28100 or THEA 28500
3 hrs 3 cr.

THEA 38800 - Theatres and Movie Palaces: Contemporary Culture

GER 3/A
Exploration of the architecture and evolution of selected 20th-century theatre and movie palaces.
prereq: THEA 21300 or FILM 21100
3 hrs 3 cr.

THEA 39100 - Theatre Projects

GER 3/A
Experimental work in design or directing for advanced theatre students.
prereq or coreq: THEA 37200, 38100, perm chair
3 hrs 3 cr.

Theatre: Special and Individual Studies Courses

THEA 25301 - Special Topics in Theatre Performance

GER 3/A
Credit for participation in the departmental production. This course may be taken up to three times for credit.
prereq: perm instr
5 hrs 3 cr.

THEA 29700 - Special Topics in Theatre

GER 3/A
Not offered at all times. A specific topic will be listed in Schedule of Classes for a given semester.
prereq: perm dept.
1-3 hrs 1-3 cr.

THEA 39700 - Studies in Theatre
GER 3/A
Not offered at all times. Specialized topics for majors will be listed in Schedule of Classes for a given semester.

prereq: variable

3 hrs 3 cr.

**THEA 40100 - Seminar**

GER 3/A
Not offered at all times. Readings, discussion, and papers on significant problems in theatre and film.

prereq: perm dept.

3 hrs 3 cr.

**THEA 40200 - Independent Research**

GER 3/A
Open to majors only. Directed program of reading, research, or creative presentation, arranged on an individual basis with a faculty mentor.

prereq: perm chair

1-3 hrs 1-3 cr.

**THEA 49800 - Internship**

GER 3/A
Placement in appropriate off-campus locations, arranged on an individual basis with a faculty mentor.

prereq: perm dept.

1-6 hrs 1 - 6

**THEA 49900 - Honors Project**

GER 3/A
Open to majors only. Individual work under faculty supervision, qualifies student for departmental honors at graduation.

prereq: 3.5 major GPA, 2.7 overall GPA, perm chair

3 hrs 3 cr.

**Theatre: Courses offered only upon sufficient student demand**

**THEA 24100 - Creative Dramatics**

GER 3/A

**THEA 24200 - Theatre for Young Audiences**

GER 3/A

**THEA 24300 - Theatre for Young Audiences: Laboratory**
THEA 24400 - Drama and Disability

THEA 34100 - Creative Drama Leadership Techniques: Special Groups

THEA 34200 - Creative Drama in the Community

THEA 37800 - Scriptwriting for Young Audiences: Theatre, Film, and Television

Programs and Courses in Urban Affairs and Planning

Urban Affairs and Planning

About the Department

Hunter College Urban Affairs and Planning (UAP) is a department within the School of Arts & Sciences at Hunter College. The department is home to the undergraduate Urban Studies major which prepares students for higher education and careers in public service. UAP offers two graduate degrees, an accredited Master in Urban Planning and a Master of Sciences in Urban Affairs.

Since its creation by advocacy planner Paul Davidoff in 1965, the department has consistently upheld a vision of urban affairs and planning as a multi-disciplinary field. In keeping with this vision, the department's faculty members represent a wide range of disciplines including architecture, economics, political science, public policy, social work, urban planning, and public health. They collectively bring a wealth of academic and professional expertise to their teaching. The program also benefits greatly from a distinguished part-time faculty who bring practical experience and knowledge in both public and non-profit sectors into the classroom.

Urban Studies Major

Because 75 percent of the nation’s population is classified as urban, cities are important and relevant subjects for study and investigation. Urban studies courses do just that as they examine the forces that shape the institutions and quality of life in American metropolitan regions. Building on an understanding of economic, social, spatial, and political trends, urban studies provides a means to address current urban policy/planning issues and the diverse needs of the people who live in cities. The urban studies curriculum includes courses that develop qualitative and quantitative methods. Included into the curriculum are field-work experiences, an internship and studio class, which take students into the real world to
test what is learned in the classroom. Because New York City is a vast urban laboratory, it is a powerful learning tool useful in the development of studio classes and the teaching of urban studies in general.

**Preparation for Graduate Training and Employment**

A substantial number of majors in urban studies pursue professional graduate study in urban planning, law, social work, public administration, architecture, and related fields. Students should discuss their professional goals with the adviser in their junior year in order to plan their programs accordingly. Others who graduate with an urban studies bachelor’s degree have found jobs with non-profits, government, and the private sector.

**Public Service Scholars**

The Public Service Scholar Program seeks to improve our cities and the lives of people by preparing talented students particularly women, minorities and immigrants for public service careers through internships with elected officials, government, and nonprofit organizations. The program runs for a full academic year and combines internship placements in the offices of senior officials and administrators with intensive seminars on public policy issues, social change, government and nonprofit organizations. The program is open to any Hunter College student, regardless of major, who has a minimum 3.0 GPA and who is within 45 credits of graduation at the beginning of the program in the fall semester. Admission of up to 24 students is competitive. Applications are accepted starting in November with a deadline of March 15th. Students accepted as Public Service Scholars receive 12 academic credits and a $6,000 stipend. Because women, minorities and immigrants have been traditionally underrepresented in public policy making and leadership positions, special efforts are taken to encourage them to apply for the program. Interested students should contact the Public Service Scholar Program, Room 1643 Hunter West, (212) 772-5599 or email ewalsh@hunter.cuny.edu.

Faculty
Undergraduate Major

Urban Studies - BA

The urban studies curriculum includes courses that develop qualitative and quantitative methods. Included into the curriculum are field-work experiences, an internship and studio class, which take students into the real world to test what is learned in the classroom. Because New York City is a vast urban laboratory, it is a powerful learning tool. Urban studies faculty use it to make discussions about affordable housing, transit, and recycling come alive and useful to students.

The curriculum is enriched by its location in the Department of Urban Affairs and Planning, which also includes graduate curricula in urban planning and urban affairs. The sharing of faculty and facilities, the interchange among advanced and beginning students, and the cooperation of other social science departments at Hunter create a synergy for comprehensive examination of “urban” concerns in a major city. After graduating, urban studies alumni have pursued public or private sector careers in urban planning, social work, municipal budgeting, public administration, real estate, community economic development, law, business, and journalism.

Major (30 credits)

The Urban Studies major provides a strong background in the study of urban issues, institutions, and policies. In addition, the major includes a methodology component, an internship experience, and appropriate courses selected from closely related social science disciplines. Completion of the major gives students a fuller understanding of contemporary cities from a variety of perspectives: social, physical, political, and economic. The major consists of components A, B, C, and D as listed below. Courses not listed may be selected to complete the major, given the approval from the urban studies program adviser.

A. Urban Studies Core 12 cr

URBS 10100 - Urban Life: Personal and Observational View (W)

GER 2/B
Introduction to urban studies allowing students to translate personal knowledge and experience of New York City to more theoretical understanding of urbanism. Includes four projects dealing with mapping, immigration, census data analysis, and local development issues.
3 hrs 3 cr.

URBS 10200 - Structure of Urban Region (W)

GER 2/B
Introduction to forces shaping institutions and life of contemporary American urban regions. Focus on evolving metropolitan economic, social, demographic, spatial, and political systems, and their relevance to current policy.
prereq: URBS 10100 or relevant intro course (e.g., ECO 10000 or 20100-20200; GEOG 10100, PLSC 11100, SOC
URBS 20100 - Urban Plans and Policies

GER 2/B
Includes the study of the policy making process, major plans/policies (e.g. War on Poverty, urban renewal, neighborhood rezoning), “politics/power,” the role of non-profits in urban planning and policy making.
prereq: URBS 10200 or 6 cr. intro social science courses or perm instr.

3 hrs 3 cr.

URBS 31000 - Methods of Urban Research and Policy Analysis

GER 3/B
Survey of research skills necessary for analysis of contemporary urban issues. Includes review of data sources, methods of forecasting, use of computer, and methods of information presentation.
prereq: URBS 10200 or perm instr.
3 hrs 3 cr.

URBS 31100 - Quantitative Approaches to Urban Analysis

GER 3/B
A survey of quantitative methods used to analyze urban policy and plans. Students are taught about demography, data analysis, and benefits cost analysis.

prereq: Open only urban studies majors who have completed the URBS 10100/10200 sequence or perm instr.
3 hrs 3 cr.

B. Urban Studies Electives 6 cr

Select two from:

URBS 40100 - Managing Urban Physical Environment

GER 3/B
Advanced study of the physical structure of cities which includes an analysis of zoning, land use, transportation, and the location of housing. The role of public and private agencies at local, state, and national levels in the planning and management of the physical environment is also considered.

prereq: URBS 20100 or perm instr.
3 hrs 3 cr.

-or-

URBS 40200 - Urban Social and Economic Development

GER 3/B
Detailed review of social and economic concerns confronting urban communities, focusing on major problem areas: poverty, health, crime, economic development, unemployment, and racial discrimination.
prereq: URBS 20100 or perm instr.
3 hrs 3 cr.

Additional Information

Component B can also be met by another 400-level URBS course approved by adviser.

C. Fieldwork Component 3 cr

Select one from:

D. Basic Social Science Component 6 cr

Select two from:

**AFPRL 30400 - Leaders and Movements of Black Urban Communities (W)**

GER 3/B PD/B
Personalities and movements that have influenced Black communities of U.S.; focuses mainly on 20th century.
*prereq: AFPRL 20300 or 20400 or 20500*
3 hrs 3 cr.

**ASIAN 39001 - International Migration**

PD/B
This interdisciplinary course examines the origins and processes of migration and settlement, past and present. Includes a series of lectures by leading scholars from a variety of academic fields and immigrant communities. Topics include: immigration and labor, race and gender, social and cultural identity, immigration policy and political action, and the trans-nationalization of education and family life.
3 hrs 3 cr.

**ECO 33000 - Economic Development**

GER 3/B PD/A
Critical variables explaining the diversity of growth and economic and development outcomes across developing countries. Theories, case studies, measurement and policies.
*prereq: ECO 20000*
3 hrs 3 cr.

**GEOG 22100 - Economic Geography**

GER 2/B
An introduction to the sub-discipline of economic geography, which will include an exploration of the history of both economics and geography, and a rigorous global approach to the subjects. Students will come to understand the history of the development of economic thought, leading up to, and transformed, by today’s crisis, as well as the particularly geographical nature of economic phenomena and processes, and the immense contributions geographers have made to the understanding of economics. Course focus is on the dominant form of global economic activity today, which is capitalistic, and the way this economic structure plays out through different geographies at different historical moments in time.
Not open to freshmen
prereq: GEOG 10100 or perm instr.
3 hrs 3 cr.
Offered fall and spring

GEOG 32100 - Transportation Geography

GER 3/B
A geographic study and modeling of transportation routes and their influences on the location of economic activity.
prereq: GEOG 221 or perm instr.
3 hrs 3 cr.
not offered 2011

GEOG 34100 - Urban Geography

GER 3/B
Open to Jr/Sr only. Spatial analysis of functions of metropolitan areas. Social and economic characteristics of cities and suburbs. Land use and transportation patterns.
prereq: GEOG 101 or GEOG 150 or perm instr, Jr/Sr only
3 hrs 3 cr.

GEOG 35700 - Geography of New York City and Vicinity

GER 3/B
Informed immersion in NYC is the main objective of this course. Students will learn by exploration and observation more than by media. The city is the laboratory to complement readings, lectures and discussion. Students will emerge from this class with an enhanced appreciation of the entire city. Study assignments include keeping a journal of walking assignments as well as readings. Field work will focus on the five boroughs of New York City. (Students with difficulties in walking or using public transportation or who have phobias regarding unfamiliar neighborhoods should consider this before registering.)
Open to Jr/Sr only.
prereq: GEOG 10100
3 hrs 3 cr.
Offered fall.

GEOG 37000 - Geography of Sustainable Development in Developing Countries

GER 3/B PD/A
Reviews the theories and approaches of international development. Themes include development theory, availability and distribution of resources, population growth, food production, water supply and forestry. The course will also highlight the development and environmental problems that challenge the achievement of sustainable development such as population growth, food and world economic crises, increasing number of the poor and climate change. The course will provide students with theory, methods, problems and analysis of factors that influence sustainable development in developing countries.
prereq: one of the following: GEOG 10100, 15000, 27000, 27100, 27500, 27700 or perm instr.
3 hrs 3 cr.

HIST 31700 - History of the American City

GER 3/B PD/D
History of the American city from the Colonial era to the present; development of the city as physical environment,
social experience, political entity and cultural symbol.

Courses at the 300-level and above not offered to freshmen.
3 hrs 3 cr.

**HIST 31800 - History of the American Working Class (W)**

GER 3/B PD/D
History of the American working class from Colonial times to the present; changing work experience, community life, organizational efforts and political activity of working people.

Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs 3 cr.

**POLSC 21200 - Urban Politics (W)**

GER 3/B
Politics in New York City and other urban areas. Decentralization, suburbanization, race, ethnicity, reform.

prereq: ENGL 12000 or its equivalent
3 hrs 3 cr.

**SOC 21100 - Urban Sociology**

GER 3/B
The relationships of space and society, with special attention to the nature and problems of urban life.

prereq: SOC 10100
3 hrs 3 cr.

**SOC 21700 - Race and Ethnicity**

GER 3/B PD/B
Dominant-subordinate relations among selected groups: Asians, Blacks, Hispanics, Jews, Indians, White ethnics.

prereq: SOC 10100
3 hrs 3 cr.

**Additional Information**

Component D can also be met by another 400-level URBS course contingent on the approval of the undergrad adviser.

**Departmental Honors: Eligibility Criteria**

Overall GPA: 3.2 and above

Major GPA: 3.5 and above

**Graduate Courses**

The following graduate courses are open to senior urban studies majors. Other graduate-level courses may be taken by seniors with permission of the instructor:

URBP 701 History of Planned Urban Development
URBP 702 The Structure of the Urban Region

In addition to these two courses, there are cross-listed classes, offered each semester, that are open to undergraduate students.

Urban Affairs and Planning

URBS 10100 - Urban Life: Personal and Observational View (W)

GER 2/B
Introduction to urban studies allowing students to translate personal knowledge and experience of New York City to more theoretical understanding of urbanism. Includes four projects dealing with mapping, immigration, census data analysis, and local development issues.
3 hrs 3 cr.

URBS 10200 - Structure of Urban Region (W)

GER 2/B
Introduction to forces shaping institutions and life of contemporary American urban regions. Focus on evolving metropolitan economic, social, demographic, spatial, and political systems, and their relevance to current policy.
prereq: URBS 10100 or relevant intro course (e.g., ECO 10000 or 20100-20200; GEOG 10100, PLSC 11100, SOC 10100) or perm instr.
3 hrs 3 cr.

URBS 20100 - Urban Plans and Policies

GER 2/B
Includes the study of the policy making process, major plans/policies (e.g. War on Poverty, urban renewal, neighborhood rezoning), “politics/power,” the role of non-profits in urban planning and policy making.
prereq: URBS 10200 or 6 cr. intro social science courses or perm instr.
3 hrs 3 cr.

URBS 31000 - Methods of Urban Research and Policy Analysis

GER 3/B
Survey of research skills necessary for analysis of contemporary urban issues. Includes review of data sources, methods of forecasting, use of computer, and methods of information presentation.
prereq: URBS 10200 or perm instr.
3 hrs 3 cr.

URBS 31100 - Quantitative Approaches to Urban Analysis

GER 3/B
A survey of quantitative methods used to analyze urban policy and plans. Students are taught about demography, data analysis, and benefits cost analysis.
URBS 40100 - Managing Urban Physical Environment

GER 3/B
Advanced study of the physical structure of cities which includes an analysis of zoning, land use, transportation, and the location of housing. The role of public and private agencies at local, state, and national levels in the planning and management of the physical environment is also considered.

prereq: URBS 20100 or perm instr.
3 hrs 3 cr.

URBS 40200 - Urban Social and Economic Development

GER 3/B
Detailed review of social and economic concerns confronting urban communities, focusing on major problem areas: poverty, health, crime, economic development, unemployment, and racial discrimination.

prereq: URBS 20100 or perm instr.
3 hrs 3 cr.

URBS 40300 - Selected Topics in Urban Affairs

GER 3/B
Intensive examination or investigation of specialized topics or new developments in literature and research.
3 hrs 3 cr.

URBS 40314 - Questions of Nature and Urban Development

GER 3B
Provides a theoretical and historical investigation into the concepts of nature as they relate to urban development. At the core of contemporary theory of urban ecology, urban sustainability, and the broader environment is the question of how nature and urban development are conceived. To investigate this question the course will engage critical literature, discussion, case studies, and New York City directly.
3 hrs 3 cr.

URBS 40354 - Seminar on the City

GER3/B
Provides an historical, political and economic context for the region's major policy issues. The course introduces students to the complexities of New York City's governance and its public service sectors. Students develop a framework and tools for addressing relevant questions about the functions of the city, drawing on lectures, speakers, readings, field visits, interviews and internship experiences.

This is a 3-credit per semester course. May be repeated one time with permission of the director of public service scholar program.
3 hrs 3 cr.

URBS 40900 - Urban Studies Internship
Students gain first-hand experience by working in urban-related public, private, or non-profit agencies. The internships provide knowledge about urban planning or policy issues.

Open only to declared urban studies majors within 45 credits of graduation.
3 hrs 3 cr.

**URBS 49803 - Urban Studies Internship**

GER 3/B
Open only to declared urban studies major within 45 credits of graduation. Internship experience in urban-related public or nonprofit agency providing first-hand involvement in urban planning or policy issues, under careful supervision, in professional field setting.
3 hrs 3 cr.

**URBS 49806 - Public Service Scholar In-Service Seminar**

GER 3/B
The Public Service Scholar In-Service seminar identifies and examines the types of learning that occur in the internship, including development of skills in management, problem solving, policy analysis, networking, time management, fundraising and performance evaluation.

This is a year-long course. Students register each semester. No credit awarded for first semester unless both semesters are successfully completed.
6 hrs (3 per semester for two semesters) 6 cr. (3 per semester for two semesters)

**Programs and Courses in Urban Public Health**

**CUNY School of Public Health at Hunter College**

**About CUNY School of Public Health**

Hunter College is a consortial partner and the lead institution in the CUNY School of Public Health (SPH). The CUNY SPH is comprised of public health degree programs at Brooklyn College, Hunter College, Lehman College and the Graduate School and University Center (Graduate Center) of CUNY. Within the CUNY SPH, teaching, research and service are focused on four broad inter-related goals that reflect major health challenges in the current era:

1) creating healthier cities
2) promoting healthy aging through the lifespan
3) preventing chronic diseases and improving their management
4) promoting health equity

The programs at the CUNY SPH at Hunter College educate students to contribute to improved urban health by addressing such problems as HIV, substance abuse, asthma, obesity, undernutrition, violence, heart disease and cancer. Students are prepared to work with the diverse populations living in cities, and to serve in a variety of settings in government, public and private agencies, hospitals, schools, community organizations and businesses. Many students
go on to enroll in graduate programs after they earn the bachelor’s degree and qualified undergraduates can take selected graduate courses in Urban Public Health in their senior year.

CUNY SPH at Hunter College offers undergraduate degrees in Community Health - BS and Nutrition and Food Science - BS, an Accelerated BS/MS in Nutrition (DPD), a master of public health (MPH) degree, with specializations in community health education (COMHE), environmental and occupational health sciences (EOHS-MPH), epidemiology and biostatistics (EPI-BIOS), public health policy and management (HPM) and nutrition (NUTR-MPH). It also offers a Master of Science (MS) degree, with specializations in environmental and occupational sciences (EOHS-MS) and Nutrition (NUTR-MS). The MS degree in Nutrition (NUTR-MS) is an accredited didactic program in dietetics (DPD), and is designed for individuals seeking to become eligible to sit for the national registration examination in dietetics to become credentialed as a Registered Dietitian (RD). With the Hunter-Bellevue School of Nursing, it also offers an MSN/MPH degree in community health nursing. (Please see the Graduate catalog catalog.hunter.cuny.edu/content.php).

With the Graduate Center, the CUNY SPH at Hunter College offers a doctor of public health (DPH) degree, with specializations in community society and health, epidemiology, environmental and occupational health and public health policy and management. The DPH degree program can be found at the CUNY Graduate Center website www.gc.cuny.edu/.

Community Health - BS Completion of 60 credits; combined grade point average of all postsecondary institutions attended of 2.5; one semester of biology with lab; one semester of statistics.

Nutrition and Food Science - BS Completion of 60 credits, including the following prerequisites: two semesters of anatomy and physiology with lab; one semester of general chemistry with lab; one semester of organic chemistry with lab; one semester of microbiology with lab; one semester of introductory food science; one semester of introductory nutrition. The introductory food science and nutrition courses may be completed in the summer session preceding entrance to the program. A grade of C or better must be earned in all prerequisites. The introductory food science and nutrition courses may be completed in the summer session preceding entrance to the program. An overall GPA of 2.8 is required for consideration. Owing to the competitive nature of the program, however, the actual GPA required for admission may be higher. Students who have completed 30 credits at Hunter College or at another City University institution at the time of the application will be given priority in the selection process. Students can attend on a full- or part-time basis during the day.

Accelerated BS/MS in Nutrition (DPD)

This pathway is for third year NFS majors who are interested in completing their degree and then continuing at Hunter to obtain a master’s degree and verification statement (students will be provisionally accepted into the program in their junior year but must maintain grade requirements to matriculate into the MS-DPD program).

This accelerated pathway provides the opportunity for undergraduate students to remain at Hunter for their graduate coursework providing students the opportunity for academic acceleration to a graduate degree.

Since the MS-Nutrition curriculum meets the didactic program in dietetics (DPD) requirements established by the Commission on Accreditation for Dietetics Education (CADE), the credentialing arm of the American Dietetic Association (ADA), it will qualify students from this BS/MS accelerated track to apply for Dietetic Internships and continue their professional preparation for the Registered Dietitian (RD) credential.

**Programs and Courses**

Programs and Courses in Urban Public Health

**Faculty**

Faculty of the CUNY School of Public Health

**Accelerated BS/MS in Nutrition (DPD)**

This pathway is for third year NFS majors who are interested in completing their degree and then continuing at Hunter to obtain a master’s degree and verification statement (students will be provisionally accepted into the program in their junior year but must maintain grade requirements to matriculate into the MS-DPD program).

This accelerated pathway provides the opportunity for undergraduate students to remain at Hunter for their graduate coursework providing students the opportunity for academic acceleration to a graduate degree.

Since the MS-Nutrition curriculum meets the didactic program in dietetics (DPD) requirements established by the Commission on Accreditation for Dietetics Education (CADE), the credentialing arm of the American Dietetic Association (ADA), it will qualify students from this BS/MS accelerated track to apply for Dietetic Internships and continue their professional preparation for the Registered Dietitian (RD) credential.

**To become an RD, students must have:**

- *Completed a minimum of a bachelor’s degree* at a US regionally accredited university or college
• Completed the DPD coursework (didactic program in dietetics) approved by the Commission on Accreditation for Dietetics Education (CADE) of The American Dietetic Association (ADA).

• Completed a CADE-accredited supervised practice program such as a dietetic internship (DI). The Hunter DI is described in the graduate catalog and online at www.hunter.cuny.edu/schoolhp/nfs. For further information on the Hunter DI, contact Prof. Ann Gaba at agaba@hunter.cuny.edu.

• Pass a national examination administered by the Commission on Dietetic Registration (CDR).

Career Opportunities for students graduating with this accelerated BS/MS:

Dietetics is an allied health profession which focuses on the food and nutrition intake of individuals and its relationship to health. Registered dietitians are trained in the sciences and are able to translate scientific findings and help people live healthy lives. Major areas of practice include clinical, community, management, and consultant dietetics. More than half of all dietitians and nutritionists are found to work in hospitals, nursing homes, and physician’s offices and clinics. More information about career opportunities may be found on the American Dietetic Association’s website at http://www.eatright.org

Academic Requirements for Entry into the MS-DPD in Junior Year

Upper-division undergraduates who have completed 96 credits (GER, electives, and prerequisite coursework for the NFS major may qualify for this pathway if they:

1. are enrolled in the Hunter NFS major

2. have upper-division status and have fulfilled the prerequisite coursework by the end of spring semester of the Junior year (see “Prerequisite” chart below)

3. provide an official transcript verifying an overall grade point average of at least 3.5 and at least 3.2 GPA in all required sciences with no grade less “C” for the Sciences and Statistics and no grade less than a “B” for the Introductory Nutrition and Food Science courses.

4. have received the consent of the DPD Director, and provide a declaration of intent from the DPD Director showing a plan to complete the DPD requirements and receive a BS/MS degree.

Prerequisite courses

**CHEM 10000 - Essentials of General Chemistry Lecture**

**GER 2/E**

Essential facts, laws, and theories of general chemistry.

*Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.*

4 hrs (3 lec, 1 rec) 3 cr.

**CHEM 10100 - Essentials of General Chemistry Laboratory**

**GER 2/E**

Experiments designed to illustrate fundamental laws and techniques of general chemistry.

*Primarily for nursing, nutrition and food science and community health students.*
CHEM 12000 - Essentials of Organic Chemistry Lecture

GER 2/E
Course presents essential facts, laws and theories of organic chemistry. Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.
prereq: CHEM 10000
4 hrs (3 lec, 1 rec) 3 cr.

CHEM 12100 - Essentials of Organic Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry. Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health students.
prereq: CHEM 10100 or equiv.
prereq or coreq: CHEM 12000
3 hrs (3 lab) 1.5 cr.

BIOL 12000 - Anatomy and Physiology I

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.
Not accepted for credit toward the biology major.
prereq: CHEM 10000, 10100 coreq: CHEM 12000, 12100
6 hrs (3 lec, 3 lab) 4.5 cr.
fall only

BIOL 12200 - Anatomy and Physiology II

Structure and function of circulatory, digestive, excretory, endocrine and reproductive systems. Basic concepts of metabolism, embryology. Required for admission to the nursing program.
Not accepted for credit toward the biology major.
prereq: BIOL 12000 or equiv.
6 (3 hrs lec, 3 hrs lab) 4.5 cr.
spring only

BIOL 23000 - Fundamentals of Microbiology

GER 3/B
Topics include scope, historical aspects, taxonomy, survey of the microbial world, viruses, infectious diseases, control of microorganisms and immunology. Required for admission to the nursing program.
Not accepted for credit toward the biology Major I.
prereq: CHEM 10000, 10100, 12000, 12100 or equiv; BIOL 12000 coreq: BIOL 12200
5 hrs (2 lec, 3 lab) 3 cr.
spring only

NFS 14100 - Nutrition
Fundamentals of the science of nutrition as they apply to individuals and society.

Open to all students.
3 hrs 3 cr.

**NFS 13100 - Food Science I**

Basic principles of the chemical and physical nature of foods, food sanitation and safety; the nutritional value of food in relation to storage, processing and preparation.

Open to all students.
3 hrs 3 cr.

**STAT 11300 - Elementary Probability and Statistics**

GER 1/B
Not open to students who have completed STAT 21300 or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
prereq or coreq: ENGL 12000
3 hrs 3 cr.

-or-

**MATH 15000 - Calculus with Analytic Geometry I**

GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs 4 cr.

Students take graduate courses after completing 96 credits

Students must have completed 96 credits before they can start taking graduate courses. An overall GPA (combined grade point average from all postsecondary institutions attended) of 3.5 (upon completion of 96 cr) is required for consideration. Because of the competitive nature of the applicant pool and the small size of the incoming class, the admission process may favor applicants with an overall GPA greater than 3.5.

Undergraduates admitted to the program take graduate courses during their senior year and will be able to complete the MS-DPD degree one year after they complete the requirements for the BS (NFS) degree. These students will be admitted directly into the MS-DPD program without having to take the GRE exam. Upon completion of the requirements for the MS degree, both the BS and MS degrees will be awarded. These students will pay undergraduate tuition rates up to the number of credits required to earn a baccalaureate degree (120 cr) and credits taken after that number toward the combined dual degree will be paid at the graduate level. Students interested in this accelerated program should speak to the adviser in the Nutrition track during their sophomore year to review the curriculum path for the five-year program.
Students who have been provisionally accepted into the MS-DPD program but who do not maintain the required GPA will not be admitted to the MS-DPD program but will be eligible to receive a BS (NFS) degree from Hunter provided that they fulfill all other academic requirements for their undergraduate degree.

Curriculum Requirements

The accelerated BS/MS is a 137-credit program

For a list of the graduate courses, consult hunter.acalogadmin.com/preview/preview_program.php

Community Health - BS

Community Health

Program Coordinator:

Jessie Daniels, PhD
Professor, Community Health
2180 Third Avenue, Office #531
(212) 396-7737
E-mail: jdaniels@hunter.cuny.edu
Web site: http://cuny.edu/site/sph/hunter-college/a-programs/undergraduate/community-health.html

COMMUNITY HEALTH BS

Community health majors use organizing, educational, media and technological skills along with a sound knowledge of public health to encourage, maintain and improve the health of people in diverse communities. They develop, implement and coordinate health interventions, communicate with a variety of publics about what constitutes good health, how to prevent disease and illness and how to secure treatment when needed.

Community health majors are employed in community-based and human rights organizations, family planning clinics, mental health centers, homeless shelters, research centers, media organizations, as well as in city and state health departments. The BS degree in Community Health at Hunter provides the background for positions in the field and the academic background to pursue graduate education in public health, social work and related fields.

Fieldwork placements provide students with an opportunity to develop research skills and gain hands-on practice in community health.

Admission Requirements

Completion of 60 credits; combined grade point average of all postsecondary institutions attended of 3.0; completion of all prerequisite courses.

The requirements for admission into the COMHE major are completion of 60 credits, including the following courses: one semester of statistics; one semester composition; two semesters of sociology; two semesters of anthropology; one semester chemistry with lab; two semesters of psychology, with a combined GPA of all postsecondary institutions attended of 3.0. Students enter the community health program in the fall semester only (no spring admission). Students may apply during the semester that they are completing prerequisites for the program. All applicants, including current Hunter College students, must apply for admission to the program.
Please note that prospective COMHE majors must also apply directly to the program in addition to applying for admission through CUNY. Further details about this two-step application process are available at the website: http://cuny.edu/site/sph/hunter-college/a-programs/undergraduate/community-health/admissions-info.html

Requirements for Graduation in Community Health (120 cr.)

General Education Requirement

The Hunter General Education Requirement consists of a three-stage Core requirement and Graduation Requirement

- List of Approved Courses for GER Core Stage 1: Academic Foundations
- List of Approved Courses for GER Core Stage 2: Broad Exposure
- List of Approved Courses for GER Core Stage 3: Focused Exposure

As students fulfill their GER, they may select from the courses in the lists above except where indicated below:

Stage 1: Academic Requirements

Stage 1/B

**STAT 11300 - Elementary Probability and Statistics**

GER 1/B
Not open to students who have completed STAT 21300 or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

*prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
prereq or coreq: ENGL 12000
3 hrs 3 cr.*

Stage 2: Broad Exposure

Stage 2/B

**PSYCH 10000 - Introduction to Psychology**

GER 2/B
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

*3 hrs 3 cr.*

**PSYCH 15000 - Human Development**
GER 2/B
Development from conception to death; biological, physiological and social factors and their interactions at each stage.

prereq: PSYC 10000
3 hrs 3 cr.

- or -

PSYCH 21000 - Child Psychology (D/S)

GER 3/B
Emotional, social, motor and cognitive development as influenced by genetic, cultural and individual factors during the first twelve years of life. (May not be taken for credit by students who have a collateral major, or a minor, in education.)

Writing Intensive

prereq: PSYC 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs 3 cr.

Stage 2/E

CHEM 10000 - Essentials of General Chemistry Lecture

GER 2/E
Essential facts, laws, and theories of general chemistry.

Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.

4 hrs (3 lec, 1 rec) 3 cr.

CHEM 10100 - Essentials of General Chemistry Laboratory

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of general chemistry.

Primarily for nursing, nutrition and food science and community health education students.

prereq or coreq: CHEM 10000
3 hrs 1.5 cr.

COMHE 32800 - Public Health Biology

Introduction to population biology and ecological principles underlying public health and the relationship of biology to public health. Offers a basic understanding of the biological basis of core public health issues including infectious diseases, vaccines, genetic illnesses, neoplastic processes and environmental illnesses.

prereq: acceptance to the COMHE major or permission of the instructor
3 hrs 3 cr.

Graduation requirements

- Foreign language not required
- Writing: up to three courses in significant writing - “W” designated courses List of Approved Courses for the GER Writing Requirement
- Pluralism and Diversity List of Approved Courses for the GER Pluralism and Diversity Requirement
Note(s)

Note: An additional 6 credits in social science courses of 200-level or above are required for this major. See below. Selected Pluralism and Diversity courses may partially fulfill the social science requirement.

Specialization

- No minor required.

Required (42 cr)

**COMHE 30100 - Introduction to Community and Public Health**

An introduction to the study of structural inequalities that contribute to health disparities with an emphasis on communities -- geographic, identity-based, or virtual, as the focus for research and intervention.

*prereq: acceptance to the COMHE major, or permission of the instructor.*

3 hrs 3 cr.

**COMHE 30200 - Principles of Health Promotion**

Introduction to community health methods; presentation skills, learning theories.

*prereq: acceptance to the COMHE major, or permission of instructor*

3 hrs 3 cr.

**COMHE 30300 - Social Structure and Health**

An exploration of the roles of economic structure and social linkages that shape health -- including power relations, interactions between subgroups within society, and tensions within groups over institutional control and individual agency.

*prereq: acceptance to the COMHE major, or permission of the instructor*

3 hrs 3 cr.

**COMHE 30400 - Introduction to Health Communication Theory and Practice**

An introduction to the field of health communication with a particular emphasis on theoretical constructs, case studies and U.S. and international practical models and applications. Highlights the multidisciplinary and multifaceted nature of health communication and its contribution to the achievement of behavioral, social and organizational objectives as one of the keys to public health interventions.

*prereq: acceptance to the COMHE major, or permission of the instructor*

3 hrs 3 cr.

**COMHE 30600 - Social Disparities in Health**
In depth examination of the social, cultural and political factors that influence and lead to health disparities and health inequalities. Course explores demographic trends in mortality and morbidity and the role of history, race, class, policy, and socioeconomic and cultural factors, and health literacy levels in the development and continuation of disparities in health. This course uses a social justice lens to understand health, health care and health disparities.

**prereq:** acceptance to the COMHE major or permission of the instructor.

3 hrs 3 cr.

**COMHE 32500 - Environmental Public Health**

Impact of environmental problems associated with urbanization, e.g., water quality, air and noise pollution, waste disposal and radiation hazards.

**prereq:** acceptance to the COMHE major, or permission of the instructor

3 hrs 3 cr.

**COMHE 32800 - Public Health Biology**

Introduction to population biology and ecological principles underlying public health and the relationship of biology to public health. Offers a basic understanding of the biological basis of core public health issues including infectious diseases, vaccines, genetic illnesses, neoplastic processes and environmental illnesses.

**prereq:** acceptance to the COMHE major or permission of the instructor

3 hrs 3 cr.

**COMHE 33000 - Principles of Epidemiology**

Methods of study of disease; risk factors; distribution, causes, prevention, and control of selected diseases.

**prereq:** Acceptance to the major, or permission of the instructor.

3 hrs 3 cr.

**COMHE 40500 - Health Care Systems and Health Policy**

Overview of U.S. health care system, official and voluntary agencies; introduction to administrative skills, especially those skills necessary for working in the health care field.

**prereq:** Acceptance to the COMHE major or permission of the instructor.

3 hrs 3 cr.

**COMHE 40800 - New Media and Health**

An introduction to key technological advances and current use of new media (Internet and other digital media, mobile technology, etc.) to communicate about health issues as part of broad community based public health and health communication interventions. It also provides students with practical skills in creating media for health promotion.

**prereq:** Acceptance to the COMHE major or permission of the instructor

3 hrs 3 cr.

**COMHE 41100 - Community Health Assessment**

Introduction to assessing health needs of communities and populations, in preparation for fieldwork.

**prereq:** acceptance to the COMHE major or permission of the instructor

3 hrs 3 cr.
COMHE 41200 - Directed Fieldwork Practicum

prereq: acceptance to the COMHE major or permission of instructor
3 hrs 3 cr.

COMHE 41300 - Research Symposium

Data analysis, evaluation and write up of fieldwork research projects culminating in production of e-Portfolio.
prereq: acceptance to the COMHE major or permission of the instructor
3 hrs 3 cr.

NFS 14100 - Nutrition

Fundamentals of the science of nutrition as they apply to individuals and society.
Open to all students.
3 hrs 3 cr.

Required Electives (6 cr.)

in COMHE, SOC, ANTH, any 200-level or above course, or

NFS 13100 - Food Science I

Basic principles of the chemical and physical nature of foods, food sanitation and safety; the nutritional value of food in relation to storage, processing and preparation.
Open to all students.
3 hrs 3 cr.

Total Credits 120

Nutrition

Nutrition and Food Science - BS

Accelerated BS/MS in Nutrition (DPD)

Nutrition and Food Science - BS

CUNY School of Public Health at Hunter College

Nutrition and Food Science

Program Coordinator:

Khursheed Navder, PhD, RD
Professor
The Nutrition and Food Science (NFS) major at Hunter College is a diverse science-based program where students learn about food and its effect on our health. It offers a comprehensive study of the fundamental principles of food preparation and safety, nutrition, food service management, and community nutrition education. This is accomplished through the application of a variety of sciences. Students who like physical and biological sciences, are interested in good health, enjoy working with people, and are concerned about the nutritional well-being of people and communities will find interesting and challenging career opportunities within health care fields or in the food industry. The NFS major at Hunter develops these interests and prepares students for challenging opportunities after graduation.

This major is designed for students who plan to enter the workforce directly out of college. The BS in NFS may be a terminal degree, or NFS graduates may elect to continue on for additional education. Students in the NFS major will take courses in nutrition, food science, food service management, research methods, community nutrition education, and epidemiology.

Along with providing students with a good preparation in nutrition, this major is also a good undergraduate preparation for those who might want to go into allied health fields, social work, or other human service professions. The elective courses also allow these undergraduate students who may wish to pursue medicine, nursing, physical therapy or other health careers to take additional science and other pre-requisite coursework for those programs.

Career Opportunities: The BS in NFS degree provides graduates with a wide variety of career opportunities. Foods and nutrition majors frequently work with athletes, weight control and fitness programs, or other special groups like WIC (Women, Infants & Children) in community settings. Industries like hotels, airlines, universities, food service chains, and industrial cafeterias employ food service managers. Graduates can become food science technical specialists and conduct research, development and quality control of food products for food companies. It is also possible to use foods and nutrition knowledge for jobs in advertising, marketing, and in the mass media. Students can become consultants to television programs, or write articles on food for newspapers. Students may take steps after graduation to enter a graduate didactic program in dietetics to become registered dietitians.

Note: This major is not a didactic program in dietetics (DPD) and does NOT prepare the student to become a registered dietitian.

Admission Requirements

Students planning to apply for admission to the School of Health Sciences Nutrition and Food Science track should attend a group orientation session for prospective students held every October and February. Individual appointments with a faculty adviser may also be requested by calling (212) 481-5111.

After completion of 45 credits and most of the General Education Requirements (GER), Hunter students may see an NFS adviser for pre-NFS major advising; however, pre-major status does not guarantee later acceptance into the major. Pre-majors must follow the same application procedures as any other student. Students enter the program in the fall semester and can attend on a full-time or part-time basis during the day. The Hunter College GER should be met before entrance into the NFS major. The requirements for admission into the NFS major are completion of 60 credits,
including the following courses: two semesters of anatomy and physiology with lab; one semester of general chemistry with lab; one semester of organic chemistry with lab; one semester of microbiology with lab; one semester of introductory food science; one semester of introductory nutrition. A grade of C or better must be earned in all science prerequisites, and a grade of B or better in the two nutrition and food science courses.

The prerequisite courses must be completed by the end of the summer session preceding entrance into the NFS major. An overall GPA (combined grade point average from all postsecondary institutions attended) of 2.8 is required for consideration. Because of the competitive nature of the applicant pool and the small size of the incoming class, the admission process may favor applicants with an overall GPA greater than 2.8. Students who have completed 30 credits at Hunter College or at another City University institution at the time of application will be given priority in the selection process.

All applicants, including those currently enrolled at Hunter College, must file a City University of New York (CUNY) Transfer (Advanced Standing) application. The application may be obtained at Hunter’s 68th Street campus in the college’s Welcome Center, Room 100 North Building, (212) 772-4490, online at http://admissions.hunter.cuny.edu, at CUNY’s Office of Admission Services, 1114 Avenue of the Americas, New York NY 10036, (212) 997-2869 and at all CUNY campuses. You can also apply online at www.cuny.edu.

The transfer application and required supporting academic records must be mailed to the University Application Processing Center, PO Box 359023, Brooklyn, New York, 11235-9023 by March 1. Applications that arrive after March 1 are not given priority consideration and are processed on a space available basis. Applicants with completed applications by the deadline date can expect to be notified no later than May 1.

Students who have not completed the prerequisite course requirements to be considered for admission to the NFS major may wish to transfer to Hunter College as liberal arts and science students. These students should follow the same transfer admission process detailed above for the following year.

CUNY students with an earned AA or AS degree in fall 2003 and after are exempt from the Core requirements of the GER but must fulfill the graduation requirements of significant writing, and pluralism and diversity. Students must have successfully completed the other prerequisites before applying as a NFS major. Transfer students who have not earned a degree, or who have earned an associate degree from a non-CUNY institution are required to complete the Hunter GER requirements in order to graduate.

Requirements for Graduation with a BS in Nutrition and Food Science (120 credits)

General Education Requirement 39-51 cr

The Hunter General Education Requirement consists of a three-stage Core requirement and Graduation Requirement

• List of Approved Courses for GER Core Stage 1: Academic Foundations
• List of Approved Courses for GER Core Stage 2: Broad Exposure
• List of Approved Courses for GER Core Stage 3: Focused Exposure

As students complete their GER, they should include the prerequisites for NFS, which may also be applied to the college’s graduation requirements of writing and pluralism and diversity (foreign language not required for NFS major). They may select from the courses in the lists above except where indicated below:

Stage 1: Academic Foundations

Stage 1/B
STAT 11300 - Elementary Probability and Statistics

GER 1/B
Not open to students who have completed STAT 21300 or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
prereq or coreq: ENGL 12000
3 hrs 3 cr.

Stage 2: Broad Exposure

Stage 2/A

ENGL 22000 - Introduction to Writing about Literature (W)

GER 2/A
Analytical writing and close reading in British and American fiction, drama, poetry, and literary criticism, with an emphasis on further development of critical writing and research skills. Students gain a deeper understanding and appreciation of literature as well as more extensive experience with academic writing.

prereq: ENGL 12000
3 hrs + one additional conference hour 3 cr.

Stage 2/B

ECO 10000 - Introduction to Economics

GER 2/B
Introduction to economic principles, issues, and policy. Recommended for students who want a broad, one-semester overview.

Not open to students who have taken or are currently enrolled in ECO 20000 or 20100 or their equivalents. Cannot be credited towards the Economics major.
3 hrs 3 cr.

PSYCH 10000 - Introduction to Psychology

GER 2/B
An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.
3 hrs 3 cr.

Stage 2/E

CHEM 10000 - Essentials of General Chemistry Lecture
GER 2/E
Essential facts, laws, and theories of general chemistry.
*Note: Core credit awarded only if CHEM 10000 and CHEM 10100 are completed. Primarily for nursing, nutrition and food science and community health education students.*
4 hrs (3 lec, 1 rec) 3 cr.

**CHEM 10100 - Essentials of General Chemistry Laboratory**

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of general chemistry.
*Primarily for nursing, nutrition and food science and community health students.*
prereq or coreq: CHEM 10000
3 hrs 1.5 cr.

**CHEM 12000 - Essentials of Organic Chemistry Lecture**

GER 2/E
Course presents essential facts, laws and theories of organic chemistry.
*Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.*
prereq: CHEM 10000
4 hrs (3 lec, 1 rec) 3 cr.

**CHEM 12100 - Essentials of Organic Chemistry Laboratory**

GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry.
*Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health students.*
prereq: CHEM 10100 prerequisite or coreq: CHEM 12000
3 hrs (3 lab) 1.5 cr.

**Allied Courses**

**BIOL 12000 - Anatomy and Physiology I**

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.
*Not accepted for credit toward the biology major.*
prereq: CHEM 10000, 10100 coreq: CHEM 12000, 12100
6 hrs (3 lec, 3 lab) 4.5 cr.
fall only

**BIOL 12200 - Anatomy and Physiology II**

Structure and function of circulatory, digestive, excretory, endocrine and reproductive systems. Basic concepts of metabolism, embryology. Required for admission to the nursing program.
*Not accepted for credit toward the biology major.*
prereq: BIOL 12000 or equiv.
6 (3 hrs lec, 3 hrs lab) 4.5 cr.
spring only
**BIOL 23000 - Fundamentals of Microbiology**

GER 3/B  
Topics include scope, historical aspects, taxonomy, survey of the microbial world, viruses, infectious diseases, control of microorganisms and immunology. Required for admission to the nursing program.  
*Not accepted for credit toward the biology Major I.*  
prereq: CHEM 10000, 10100, 12000, 12100 or equiv; BIOL 12000  
coreq: BIOL 12200  
5 hrs (2 lec, 3 lab) 3 cr.  
spring only

**Pluralism and Diversity 0-12 cr***

List of Approved Courses for the GER Pluralism and Diversity Requirement  
*all courses used to satisfy P&D requirements may simultaneously meet other GER

**Writing 0-9 cr***

List of Approved Courses for the GER Writing Requirement  
- up to 3 courses in significant writing “W” designated courses  
*courses meeting Significant writing may also meet other GER.

**Required DPD Courses 30 cr**

Prerequisite courses (open to non-majors)

**NFS 13100 - Food Science I**

Basic principles of the chemical and physical nature of foods, food sanitation and safety; the nutritional value of food in relation to storage, processing and preparation.  
*Open to all students.*  
3 hrs 3 cr.

**NFS 14100 - Nutrition**

Fundamentals of the science of nutrition as they apply to individuals and society.  
*Open to all students.*  
3 hrs 3 cr.

Open to majors only

**NFS 33300 - Nutrition Education**

Introduction to the theories and principles of the teaching-learning process in the field of nutrition.  
*Open to NFS majors only and need department permission.*  
prereq: NFS 13100, 14100  
3 hrs 3 cr.
NFS 33500 - Institutional Management

Overview of the theories, functions and tasks of management. Discussion of labor and effective methods for directing an operation with applications drawn from food service.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100, ECO 10000
3 hrs 3 cr.

NFS 34200 - Nutrition and Human Development

Nutritional needs throughout the life cycle: pregnancy, infancy, childhood, adolescence, adulthood and later years.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100
3 hrs 3 cr.

NFS 40200 - Seminar in Nutrition and Food Science

Research in nutrition and food science; examination of professional goals.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100
3 hrs 3 cr.

NFS 43500 - Food Service Systems

The organization and administration of a food service operation from the systems approach on the tactical and strategic level, stressing learning activities and competencies required by the American Dietetic Association.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100
3 hrs 3 cr.

NFS 44100 - Community Nutrition

Analysis of nutrition services, legislation and policy; role and function of community nutritionists; nutrition education in a community setting.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100
3 hrs 3 cr.

NFS 44351 - Practicum in Nutrition and Food Science

Practicum in institutions, agencies, business and research firms; projects.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100
7 hrs (1 lec, 6 lab) 3 cr.

COMHE 33000 - Principles of Epidemiology

Methods of study of disease; risk factors; distribution, causes, prevention, and control of selected diseases.
prereq: Acceptance to the major, or permission of the instructor.
3 hrs 3 cr.
Elective Courses 18 to 39 cr

Summary 120 cr.

Total Credits 120

**COMHE 15000 - Introduction to the Health Care System**

A survey of the organization of the United States health care system, the perspectives of consumers, providers and organizers. Various health professions will be examined as well as the major health concerns that exist today.

*prereq: none*

3 hrs 3 cr.

**COMHE 15200 - Bodies Using Bodies**

GER 2B
This course addresses the medical, technical, organizational, and ethical issues that arise when human beings make use of the bodies, organs, tissues, or cells of other people to enhance their own well-being. The course takes a cross-disciplinary approach to contemporary issues in the health sector that involve the use of human bodies for the benefit of others. It is aimed at pre-majors or students interested in issues in the area of society and health.

3 hrs 3 cr.

**COMHE 20000 - Controversial Issues in Health and Health Care**

A contemporary health controversy examined through the disciplines of community and public health and health care.

*prereq: none*

3 hrs 3 cr.

**COMHE 20400 - AIDS and Society**

The HIV/AIDS pandemic examined from a variety of perspectives: epidemiology, sociology, and media.

3 hrs 3 cr.

**COMHE 30100 - Introduction to Community and Public Health**
An introduction to the study of structural inequalities that contribute to health disparities with an emphasis on communities – geographic, identity-based, or virtual, as the focus for research and intervention.

prereq: acceptance to the COMHE major, or permission of the instructor.

3 hrs 3 cr.

COMHE 30200 - Principles of Health Promotion

Introduction to community health methods; presentation skills, learning theories.

prereq: acceptance to the COMHE major, or permission of the instructor

3 hrs 3 cr.

COMHE 30300 - Social Structure and Health

An exploration of the roles of economic structure and social linkages that shape health — including power relations, interactions between subgroups within society, and tensions within groups over institutional control and individual agency.

prereq: acceptance to the COMHE major, or permission of the instructor

3 hrs 3 cr.

COMHE 30400 - Introduction to Health Communication Theory and Practice

An introduction to the field of health communication with a particular emphasis on theoretical constructs, case studies and U.S. and international practical models and applications. Highlights the multidisciplinary and multifaceted nature of health communication and its contribution to the achievement of behavioral, social and organizational objectives as one of the keys to public health interventions.

prereq: acceptance to the COMHE major, or permission of the instructor

3 hrs 3 cr.

COMHE 30600 - Social Disparities in Health

In depth examination of the social, cultural and political factors that influence and lead to health disparities and health inequalities. Course explores demographic trends in mortality and morbidity and the role of history, race, class, policy, and socioeconomic and cultural factors, and health literacy levels in the development and continuation of disparities in health. This course uses a social justice lens to understand health, health care and health disparities.

prereq: acceptance to the COMHE major or permission of the instructor.

3 hrs 3 cr.

COMHE 32100 - Addictions and Dependencies

Recent research on alcohol, narcotics and other chemical dependencies. Strategies for intervention, prevention, and treatment, with emphasis on role of health education.

prereq: none

3 hrs 3 cr.

COMHE 32200 - Maternal and Child Health
Social, behavioral, and medical factors involved in contraception counseling, abortion and sterilization, prenatal care, childbirth, child health, parenting, and prevention of family violence. Effect of public, social welfare, and public health policy on mothers and children.

*prereq: none
3 hrs 3 cr.*

**COMHE 32300 - Health and Aging**

Demography, epidemiology, and sociology of aging. Public health policy and recent legislation affecting seniors and older adults in the U.S. and globally.

*prereq: none
3 hrs 3 cr.*

**COMHE 32400 - Human Sexuality**

Study of interaction of social, affective, and behavioral dimensions of sexuality, including gender identity, with a particular focus on the way sexuality shapes community health.

*prereq: none
3 hrs 3 cr.*

**COMHE 32500 - Environmental Public Health**

Impact of environmental problems associated with urbanization, e.g., water quality, air and noise pollution, waste disposal and radiation hazards.

*prereq: acceptance to the COMHE major, or permission of the instructor
3 hrs 3 cr.*

**COMHE 32600 - HIV/AIDS: An Interdisciplinary Perspective for Health Care Providers**

Interdisciplinary perspective on the impact of the HIV epidemic on the biological, psychological and social dimensions of people affected by HIV/AIDS.

*prereq: none
3 hrs 3 cr.*

**COMHE 32800 - Public Health Biology**

Introduction to population biology and ecological principles underlying public health and the relationship of biology to public health. Offers a basic understanding of the biological basis of core public health issues including infectious diseases, vaccines, genetic illnesses, neoplastic processes and environmental illnesses.

*prereq: acceptance to the COMHE major or permission of the instructor
3 hrs 3 cr.*

**COMHE 33000 - Principles of Epidemiology**

Methods of study of disease; risk factors; distribution, causes, prevention, and control of selected diseases.

*prereq: Acceptance to the major, or permission of the instructor.
3 hrs 3 cr.*
COMHE 40000 - Topics in Community Health and Public Health

Content varies from semester to semester to address changing needs of profession.
prereq: none
3 hrs 3 cr.

COMHE 40500 - Health Care Systems and Health Policy

Overview of U.S. health care system, official and voluntary agencies; introduction to administrative skills, especially those skills necessary for working the the health care field.
prereq: Acceptance to the COMHE major or permission of the instructor.
3 hrs 3 cr.

COMHE 40800 - New Media and Health

An introduction to key technological advances and current use of new media (Internet and other digital media, mobile technology, etc.) to communicate about health issues as part of broad community based public health and health communication interventions. It also provides students with practical skills in creating media for health promotion.
prereq: Acceptance to the COMHE major or permission of the instructor
3 hrs 3 cr.

COMHE 41100 - Community Health Assessment

Introduction to assessing health needs of communities and populations, in preparation for fieldwork.
prereq: acceptance to the COMHE major or permission of the instructor
3 hrs 3 cr.

COMHE 41200 - Directed Fieldwork Practicum

prereq: acceptance to the COMHE major or permission of instructor
3 hrs 3 cr.

COMHE 41300 - Research Symposium

Data analysis, evaluation and write up of fieldwork research projects culminating in production of e-Portfolio.
prereq: acceptance to the COMHE major or permission of the instructor
3 hrs 3 cr.

COMHE 42000 - Introduction to Clinical Medicine

Role of health professionals in treatment, management and control of disease.
prereq: BIOL 12000 or 12200 or equiv.
3 hrs 3 cr.

COMHE 48010 - Independent Study

Total credits in independent study courses and honors may not exceed 6.
prereq: perm director
hrs TBA 1-3 cr. respectively
COMHE 48020 - Independent Study

Total credits in independent study courses and honors may not exceed 6.
prereq: perm director
hrs TBA 1-3 cr. respectively

COMHE 48030 - Independent Study

Total credits in independent study courses and honors may not exceed 6.
prereq: perm director
hrs TBA 1-3 cr. respectively

COMHE 49000 - Honors

Total credits in independent study courses and honors may not exceed 6.
prereq: perm director
hrs TBA 3 cr.

NFS 13100 - Food Science I

Basic principles of the chemical and physical nature of foods, food sanitation and safety; the nutritional value of food in relation to storage, processing and preparation.
Open to all students.
3 hrs 3 cr.

NFS 14100 - Nutrition

Fundamentals of the science of nutrition as they apply to individuals and society.
Open to all students.
3 hrs 3 cr.

NFS 33200 - Cultural Aspects of Food and Nutrition

Study of the way in which cultural, social and technological factors influence food behavior and dietary patterns.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100, ANTHP 10100, SOC 101)
3 hrs 3 cr.

NFS 33300 - Nutrition Education

Introduction to the theories and principles of the teaching-learning process in the field of nutrition.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100
3 hrs 3 cr.

NFS 33500 - Institutional Management

Overview of the theories, functions and tasks of management. Discussion of labor and effective methods for directing an operation with applications drawn from food service.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100, ECO 10000
3 hrs 3 cr.

NFS 34200 - Nutrition and Human Development

Nutritional needs throughout the life cycle: pregnancy, infancy, childhood, adolescence, adulthood and later years.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100
3 hrs 3 cr.

NFS 36100 - Food and the Consumer

Food issues; food services available to the consumer; responsibilities of the private and public sectors.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100, 33100, ECO 10000
3 hrs 3 cr.

NFS 40100 - Techniques of Communication in Nutrition

Theory/practice of communications skills for nutritionists/food scientists. Includes food demonstrations, public relations, and advertising.
Open to NFS majors only and need department permission.
prereq: NFS 33300
3 hrs 3 cr.

NFS 40200 - Seminar in Nutrition and Food Science

Research in nutrition and food science; examination of professional goals.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100
3 hrs 3 cr.

NFS 43100 - Experimental Foods

Scientific approach to food testing; use of instruments and techniques in food and nutrition laboratories.
Open to NFS majors only and need department permission.
prereq: NFS 33100, 34100
5 hrs (2 lec, 3 lab) 3 cr.

NFS 43400 - Nutrition and the Elderly

Psychological, psychosocial, and economic problems of the elderly; how needs are met by government and private agencies. Application of nutrition to these problems.
Open to NFS majors only and need department permission.
prereq or coreq: NFS 34200, PSYCH 10000, SOC 10100
3 hrs 3 cr.

NFS 43500 - Food Service Systems
The organization and administration of a food service operation from the systems approach on the tactical and strategic level, stressing learning activities and competencies required by the American Dietetic Association.

Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100
3 hrs 3 cr.

NFS 44100 - Community Nutrition

Analysis of nutrition services, legislation and policy; role and function of community nutritionists; nutrition education in a community setting.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100
3 hrs 3 cr.

NFS 44351 - Practicum in Nutrition and Food Science

Practicum in institutions, agencies, business and research firms; projects.
Open to NFS majors only and need department permission.
prereq: NFS 13100, 14100
7 hrs (1 lec, 6 lab) 3 cr.

NFS 44352 - Practicum in Nutrition and Food Science

Practicum in institutions, agencies, business and research firms; projects.
Open to NFS majors only and need department permission.
prereq: NFS 44200
7 hrs (1 lec, 6 lab) 3 cr.

NFS 44354 - Practicum in Nutrition and Food Science

Practicum in institutions, agencies, business and research firms; projects.
Open to NFS majors only and need department permission.
prereq: NFS 44200
7 hrs (1 lec, 6 lab) 3 cr.

NFS 44355 - Practicum in Nutrition and Food Science

Practicum in institutions, agencies, business and research firms; projects.
Open to NFS majors only and need department permission.
prereq: NFS 44200
7 hrs (1 lec, 6 lab) 3 cr.

NFS 44356 - Practicum in Nutrition and Food Science

Practicum in institutions, agencies, business and research firms; projects.
Open to NFS majors only and need department permission.
prereq: NFS 44200
7 hrs (1 lec, 6 lab) 3 cr.

NFS 48031 - Independent Study in Nutrition and Food Science
NFS 48032 - Independent Study in Nutrition and Food Science

Open to NFS majors only and need department permission.
prereq: NFS 44200, perm dept. chair
hrs TBA 1 – 3 cr.
Respectively may be taken 1 or 2 sem.

NFS 49000 - Honors in Nutrition and Food Science

Supervised independent research project. A written report or suitable presentation is required. Proposal must be presented the semester before work is done.
prereq: NFS 44200, perm NFS coordinator
hrs TBA 3 cr.

Programs and Courses in Women and Gender Studies

Women and Gender Studies

About the Program

The Hunter College Women and Gender Studies Program is an interdisciplinary academic program that seeks to preserve, expand and share knowledge about women and gender. The Program reexamines the historical record to make visible women’s contributions to the world’s knowledge and cultures. The Women and Gender Studies Program seeks to create an understanding of the ways in which gender intersects with race, religion, class, ethnicity, ability and sexual orientation to shape all human experience, including the pursuit of learning.

The Women and Gender Studies Program includes a broad community of faculty, affiliated faculty, students, and staff and is administered by a director and a policy committee of elected faculty and student representatives. Most courses in the program are cross-listed in an academic department; these have been developed through the initiative of Women and Gender Studies-affiliated faculty throughout the college.

The Women and Gender Studies Program draws on the commitment and expertise of feminist scholars in more than 15 academic departments for our wide range of course offerings. The Women and Gender Studies major is useful, directly and indirectly, in all fields involving an analysis of society and social interaction. Women and Gender Studies graduates may seek employment in any field, including such areas as health care, counseling, advertising, market research, publishing, teaching, public service, advocacy or administrative work. The major is an appropriate preparation for professional schools and for postgraduate work in Women and Gender Studies or in one of the many disciplines from which the major draws its curriculum.

Undergraduate Major

Women and Gender Studies - BA

Major

The Women and Gender Studies Program offers a 27-credit major. The 27 required credits are distributed as follows:

Core 12 cr

A. 3 Credits

WGS 10000 - Introduction to Gender and Sexuality Studies
GER 2/B PD/C
The course will introduce students to the political and theoretical debates in the discipline of gender and sexuality. We will cover historical struggles for the women’s enfranchisement, the abolitionist movements, sex wars, and the queer rights movement. The course introduces students to feminist contribution to the debate that considers sex as biology and gender as culture, critical race theory, and queer theory. In addition the course will also deal with structural and institutional forms of disenfranchisement by examining the relationship between gender and the state, colonialism, law and capital.
3 hrs 3 cr.

B. 3 Credits

WGS 20100 - Classics in Feminist Thought (W)
GER 3/A or B PD/C
The course covers the historical debates within the ‘women’s movement’ in the United States by examining some of the ‘classical’ texts by Mary Wollstonecraft, John Adams, and Sojourner Truth. The course also covers the political and intellectual contribution by women of color to the discipline by reading Gloria Anzuldua, bell hooks, Audre Lorde, Patricia Williams, Kimberley Crenshaw among others. ‘Foundational’ texts by Gayle Rubin, Judith Butler, and Adrienne Rich offer a deeper understanding of queer theory’s influence to the discipline. Even as the course reads ‘classic’ texts of the discipline, we will critically examine the formation of a cannon.

prereq: WGS 10000, ENGL 12000 or equiv.
3 hrs 3 cr.

C. 3 credits

WGS 24400 - Transnational Feminisms
GER 3/A or B PD/C
Exploring the gender dynamics of racial, ethnic, and economic relations of power in domestic, international, and transnational settings. We will examine feminist scholarship produced by and about American women of color, Third World women, and other social and political actors whose experiences and thinking have shaped contemporary ideas about gender in different parts of the world.

prereq: WGS 10000, ENGL 12000
3 hrs 3 cr.

D. 3 credits

WGS 31000 - Research Seminar: Feminist Theory and Methodology
Open to Jr/Sr only. Study of the theoretical models that feminist scholars create to guide their work and application of feminist methodology to a research project. To graduate with honors in Women's Studies, majors must enroll in this seminar.

Note: Students may take WGS 31000 or 32000 to satisfy the Senior Seminar requirement in the major; students may also opt to take both courses. Since both classes are not taught every semester, students are urged to consult the program director in advance to plan their senior seminar.
prereq: WGS 10000, 20100, at least one other WGS course at 200-level or higher
3 hrs 3 cr.
spring semester

AREA OF CONCENTRATION- 9 Credits

Students will choose one from among the 6 areas of concentration listed as follows:

Please go to the WGS website schedule of classes (http://www.hunter.cuny.edu/wgsprogram/schedule-of-classes) for a complete list of cross-listed courses that fulfill each of the 6 areas of concentration.

I. Women and Gender Studies: Feminist Thought and Theory

II. Women and Gender Studies: Sexualities

III. Women and Gender Studies: Gender & Public Policy

IV. Women and Gender Studies: Gender, Literature and the Arts

V. Women and Gender Studies: Labor, Migration and Globalization

VI. Women and Gender Studies: Women in Culture and Society

Electives - 6 credits

Students will be required to take two elective classes (6 credits). One (3 credits) of the two elective classes MUST be in an alternative Area of Concentration than their primary one. At least one of the classes in the student's Area of Concentration or elective must be 300 level or above.

Minor in Women and Gender Studies - 12 credits

The Minor in Women and Gender Studies requires students to take 12 credits: Introduction to Gender and Sexuality Studies (WGS 10000), Classics in Feminist Thought (WGS 20100), Transnational Feminisms (WGS 24400) and one elective course from one of the six areas of concentration.

WGS 10000 - Introduction to Gender and Sexuality Studies, must be completed before WGS 20100 - Classics in Feminist Thought (W) and WGS 24400 - Transnational Feminisms.

Internships

Majors may satisfy the Senior Seminar requirement by interning in organizations that relate to the needs or concerns of women, and by simultaneously enrolling in WGSP 32000 Internship Seminar, where their internship experiences and assigned readings will be discussed. Majors may also take the research seminar at the same time. The internship option is available to minors as well as majors. Interested students should consult with the program director before registering for the internship seminar. Students who wish to undertake an independently arranged internship outside of the formal internship seminar may enroll in WGSI 29800 with the permission of the program director.

Research Seminar

Majors may satisfy the Senior Seminar requirement of the major by enrolling in the Research Seminar (WGS 31000), a capstone course in which they will apply feminist theory and methodology to a significant research project resulting in
a substantial paper. Students who wish to qualify for honors in Women and Gender Studies must enroll in the research seminar.

**Honors**

In order to graduate with honors in Women and Gender Studies, a student must have a 3.5 GPA in the Women and Gender Studies major and a college-wide cumulative index of at least 3.0. Students should submit a 18-20 page paper written for any Women and Gender Studies 300 level class including but not limited to the Research Seminar (WGS 31000). The student must submit the paper by March 15 (for June graduation) and October 15 (for December graduation) to be considered for program honors. The papers will be read by a faculty committee to judge whether it merits honors.

**Undergraduate Minor**

**Minor in Women and Gender Studies**

The Minor in Women and Gender Studies requires students to take 12 credits: *Introduction to Gender and Sexuality Studies* (WGS 10000), *Classics in Feminist Thought* (WGS 20100), *Transnational Feminisms* (WGS 24400) and one elective course from one of the six areas of concentration.

WGS 10000 - Introduction to Gender and Sexuality Studies, must be completed before WGS 20100 - Classics in Feminist Thought (W) and WGS 24400 - Transnational Feminisms.

**Women and Gender Studies: Required Courses**

**WGS 10000 - Introduction to Gender and Sexuality Studies**

GER 2/B PD/C
The course will introduce students to the political and theoretical debates in the discipline of gender and sexuality. We will cover historical struggles for the women’s enfranchisement, the abolitionist movements, sex wars, and the queer rights movement. The course introduces students to feminist contribution to the debate that considers sex as biology and gender as culture, critical race theory, and queer theory. In addition the course will also deal with structural and institutional forms of disenfranchisement by examining the relationship between gender and the state, colonialism, law and capital.

3 hrs 3 cr.

**WGS 20100 - Classics in Feminist Thought (W)**

GER 3/A or B PD/C
The course covers the historical debates within the ‘women’s movement’ in the United States by examining some of the ‘classical’ texts by Mary Wollstonecraft, John Adams, and Sojourner Truth. The course also covers the political and intellectual contribution by women of color to the discipline by reading Gloria Anzuldua, bell hooks, Audre Lorde, Patricia Williams, Kimberley Crenshaw among others. ‘Foundational’ texts by Gayle Rubin, Judith Butler, and
Adrienne Rich offer a deeper understanding of queer theory’s influence to the discipline. Even as the course reads ‘classic’ texts of the discipline, we will critically examine the formation of a cannon.

**prereq: WGS 10000, ENGL 12000 or equiv.**

**3 hrs 3 cr.**

**Women and Gender Studies: Feminism**

**WGS 21600 - Women Philosophers of the Past**

GER 3A PD/C

Study of the writings and ideas of selected women philosophers who lived before the contemporary feminist movement.

*cross-listed PHILO 21600*

**prereq: ENGL 12000, one course in philosophy**

3 3

**WGS 24400 - Transnational Feminisms**

GER 3/A or B PD/C

Exploring the gender dynamics of racial, ethnic, and economic relations of power in domestic, international, and transnational settings. We will examine feminist scholarship produced by and about American women of color, Third World women, and other social and political actors whose experiences and thinking have shaped contemporary ideas about gender in different parts of the world.

**prereq: WGS 10000, ENGL 12000**

3 hrs 3 cr.

**WGS 36000 - Feminist Social Theory**

GER 3/B PD/C

An introduction to feminist theory developed by women from Western, Third World and other countries.

*cross-listed SOC 36000*

**prereq: SOC 10100 or perm instr.**

3 hrs 3 cr.

**WGST 20900 - Women and Gender in Western Political Thought (W)**

GER 3/B PD/C or D

The history of political thought from the perspective of gender relations and the treatment of women.

*cross-listed POLSC 20900*

**prereq: ENGL 12000 or equiv.**

3 hrs 3 cr.

**WGST 23000 - Feminism: Philosophical Theory and Practice (W)**

GER 3/A PD/C

Analysis of feminist theories and their practical implications.
cross-listed PHILO 23000
prereq: ENGL 12000 and one course in philosophy
3 hrs 3 cr.

WGST 30900 - Feminist Political Theory

GER 3/B PD/C
Readings in feminist ideas, both historical and contemporary, on issues of power, justice and equality. The course will emphasize different perspectives, including those of liberal, radical, postmodernist, women of color, third world and global feminists.
cross-listed POLSC 30900
prereq: ENGL 12000
3 hrs 3 cr.

Women and Gender Studies: Feminist Thought and Theory

WGST 400.53 - Body Politics: Sexuality and Reproduction
cross-listed POLSC 486.57

Women and Gender Studies: Gender, Literature and the Arts

WGSA 22252 - Topics in Genre Studies: The Woman's Film of the 1940s

GER 3/A PD/C
Discussion of the women's film, an umbrella term for a series of genres (melodrama, gothic film, comedies) in which the woman is the main protagonist as well as the intended spectator. Depending on topic, will satisfy a GER category. cross-listed FILM 22252
prereq: FILM 10100
4 hrs 3 cr.

WGSA 25000 - Women and Music (W)

GER 3/A PD/C
An ethnomusicological study of women and music in cross-cultural perspective. cross-listed MUSHL 25000
prereq: ENGL 12000 and one of the following: MUSHL 10100, 10700, 20500, MUSTH 10100, WGS 10000 or perm instr.
3 hrs 3 cr.

WGSA 26000 - Russian Women Writers in English Translation (W)

GER 3/A PD/C
cross-listed RUSS 26000
prereq: ENGL 22000
3 hrs 3 cr.

WGSA 26900 - Spanish American Women's Literature and Cinema (W)

GER 3/A PD/A or C
Conducted in English. An interdisciplinary approach to contemporary women's literature and cinema from Spanish America focusing on gender issues.
cross-listed SPAN 26900
prereq: ENGL 12000
3 hrs 3 cr.

WGSA 31900 - Advanced Topics in Literature by Women (W)

GER 3/A PD/C
Selected works by women in relation to a special theme, technique, genre, theoretical issue or cultural consideration. May be repeated once for credit with a different topic.
cross-listed ENGL 31900
prereq: ENGL 22000
3 hrs 3 cr.

WGSA 33700 - Caribbean Women Writers (W)

GER 3/A
A study of some of the major preoccupations of Caribbean fiction, such as history, migration/travel, eolization, memory and language, from the perspectives of selected women writers, paying close attention to the historical, intellectual and cultural contexts that stimulated the production of these works.
cross-listed AFPRRL 33700
prereq: AFPRRL 23600 or 23700 or ENGL 22000 or WGS 10000
3 hrs 3 cr.

WGSA 36100 - Russian Women Writers

GER 3/A PD/C
cross-listed RUSS 36000
prereq: RUSS 20200 or equiv.
3 hrs 3 cr.

WGSA 38400 - Women and Media (W)

GER 3/A PD/C
Examination, from historical and formal perspective, of ways in which women have been represented by mass media in America since mid-19th century. Exploration of how feminists for 100 years have challenged these images and posed alternative modes of cultural representation and production.
cross-listed MEDIA 38400
prereq: MEDIA 18000
3 hrs 3 cr.
Women and Gender Studies: Gender and Public Policy

WGSP 21900 - Women and the Law

Women and Gender Studies: Gender and Sexuality

WGSC 30100 - Gender in Anthropological Perspective

GER 3/B PD/C
Men and women in different societies, division of labor, socialization, stratification, political activism and gender construction.
cross-listed ANTHC 30100
prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

WGSS 15000 - Introduction to LGBTQI Studies

GER 2/B PD/C
Psychological foundations, sexual development and response patterns; male and female roles; individual and social attitudes, legal issues.

3 hrs 3 cr.

WGSS 17000 - Psychology of Human Sexuality

GER 2/B PD/C
Psychological foundations, sexual development and response patterns; male and female roles; individual and social attitudes, legal issues.
prereq: PSYCH 10000
3 hrs 3 cr.

WGSS 19000 - Development of Gender Roles

GER 2/B PD/C
Social, cognitive, hormonal and personality factors in development of gender roles; determinants of behavioral and cognitive gender differences.
cross-listed PSYCH 19000
3 hrs 3 cr.

WGSS 25700 - Sex and Gender Roles

GER 3/B PD/C
Sex role differentiation: femininity, masculinity, marriage, child rearing.
cross-listed SOC 25700
WGSS 28700 - Masculinities

GER 3/B P/D C
The aim of this course is for students to develop an understanding of how knowledge about masculinities changes the way we see most areas of scholarship and daily life. This course engages scholarship on masculinities from the interdisciplinary study of sex and gender systems drawing on feminist literature; we will also study a variety of present day men’s movements and understand how they relate to feminist movements.

prereq: ENGL 12000

WGSS 38700 - Queer Theory

GER 3/B PD/C
Examination of recent contemporary queer theory and politics in the United States, with particular attention paid to its intersections with feminism, critical race theory, class analysis and religion. Course time will also be dedicated to learning to write effectively about political theory.

prereq: WGS 10000

Women and Gender Studies: Labor, Migration and Globalization

WGSL 20600 - Gender and Immigration

GER 3/B PD/B
A study of the historical and contemporary aspects of United States immigration patterns and policy with a particular focus on gender and race.

prereq: WGS 10000 and ENGL 12000

WGSL 31500 - Work and Society (W)

GER 3/B
Work in market economies, mechanisms of control and sources of stratification, gender and ethnic factors, role of education and trade unions.

cross-listed SOC 31500

prereq: SOC 10100

WGSL 32100 - Women and Globalization

GER 3/B
The situation of women from less developed countries with attention to the local and global forces shaping their lives. Topics include migration, the international division of labor, and worldwide adoption. Includes both theoretical approaches and practical issues related to improving women's place in society.

cross-listed ANTHC 32100
prereq: ANTHC 10100 or perm instr.
3 hrs 3 cr.

WGSL 34500 - Women and Men in the Labor Market

GER 3/B PD/C
Demand for labor, determination of wages and allocation of time between paid and unpaid activities, 'human capital' investments, labor market policy issues.
cross-listed ECO 34500
prereq: ECO 20000
3 hrs 3 cr.

Women and Gender Studies: Women in Culture and Society

WGS 20005 - Dominican and Haitian Literature and Culture

3 hrs 3 cr.

WGS 21100 - Women in the 3rd World

Study of the historical, political, social, and economical status of women in the developing world.
3 hrs 3 cr.

WGS 22100 - Women in the Islamic World

Overview of the role of gender in Islam.
3 hrs 3 cr.

WGS 25800 - Topics in Literature by Women (W)

GER 3/A PD/C
Selected works by women written in English will be studied with an emphasis on the diversity of women's lives and the effect of gender on experience.
May be repeated once for credit with a different topic. cross-listed ENGL 25800
prereq: ENGL 22000
3 hrs 3 cr.

WGS 33600 - African-American Women Writers (W)

GER 3/A PD/B or C
African-American female authors from slavery to present: novels, short stories, essays, plays, poetry, teenage fiction, and children's books.
cross-listed AFPRL 33600
prereq: AFPRL 23600 or perm instr.
3 hrs 3 cr.

WGSC 15600 - Culture of Imperial Russia: The Age of Empresses
GER 2/C PD/C
Major cultural movements of the Empire baroque, classicism, romanticism and their effect on the cultural fabric of Russia from Regent Sophia through the reign of Peter to Catherine the Great.
cross-listed RUSS 15600
prereq: ENGL 12000
3 hrs 3 cr.

WGSC 30500 - Women and Slaves in Classical Antiquity (W)

GER 3/A PD/C or D
Women and slaves in Greek and Roman society and origins of Western attitudes about sex and class.
cross-listed CLA 30500
prereq: ENGL 12000
3 hrs 3 cr.

WGSC 31800 - Women in Africa (W)

GER 3/B PD/A or C
Examination of African womanhood in traditional setting during colonialism and neo-colonialism, independence and revolution.
cross-listed AFPRL 31800(W)
prereq: AFPRL 20200 or AFPRL 22200 or perm instr.
3 hrs 3 cr.

WGSC 32900 - Women in the African Diaspora (W)

GER 3/B PD/B or C
The cultural-historical role of women of African descent in North America and the Caribbean in relation to the family, to political resistance, and in sustaining African culture and values.
cross-listed AFPRL 31900 (W)
prereq: AFPRL 20400, 20900 or 21000 or perm instr.
3 hrs 3 cr.

WGSP 22300 - Sociology of the Family

GER 3/B PD/C
Family functions and interaction. Factors affecting stability and instability.
cross-listed SOC 20100
prereq: SOC 10100
3 hrs 3 cr.

WGSP 23500 - The Psychology of Women (W)

GER 3/B PD/C
Psychological functioning of women; sexuality, pregnancy, social roles and status, aging, achievement, life styles, power.
cross-listed PSYCH 23500
prereq: 6 cr. in PSYCH courses
3 hrs 3 cr.

WGSP 23900 - Child Welfare (W)
GER 3/B
Historical and contemporary perspectives on the impact of poverty on children and the social policies that deal with it.
cross-listed SOC 23900
prereq: ENGL 12000, SOC 10100
3 hrs 3 cr.

WGSP 25100 - Women and Health
PD/C
An exploration of health issues affecting women, particularly as these issues relate to the socialization of women, reproductive and sexual health, and medical practices.
cross-listed HED 20100
3 hrs 3 cr.

WGSP 26100 - Women and Politics (W)
GER 3/B PD/C
Constitutional and legal position of women, ERA, affirmative action, marriage, divorce, property, feminist causes.
cross-listed POLSC 21800
prereq: ENGL 12000
3 hrs 3 cr.

WGSP 26200 - Women, War and Peace (W)
GER 3/B PD/C
Roles that women have played as subjects and objects in war and peace.
cross-listed POLSC 28000
prereq: ENGL 12000
3 hrs 3 cr.

WGSP 39800 - Community Leadership Seminar
A historical introduction and a contemporary overview of social welfare policy and leadership theory and practice that is primarily aimed toward students with experience of poverty. It provides students with the theoretical knowledge and tools they need to serve as informed peer supporters, mentors, trainers, and agents of change on college campuses and in their communities.
cross-listed POLSC 31707
prereq or coreq: ENGL 12000; perm dept. and instr.
3 hrs 3 cr.

WGSP 49000 - Leadership Field Work Internship
Internship for students who have completed the Community Leadership seminar. Provides instruction and practical field experience to develop competency in a range of community organizing activities, building on the knowledge and skills developed in WGSP 39800.
This course is not a substitute for WGS 31000, but can be a substitute for WGS 32000 with approval from adviser.
prereq: WGSP 39800
hrs TBA 1-6 cr.

WGSS 21900 - Women and the Law (W)
GER 3/B PD/C
Overview of how local, state and federal laws treat people on basis of sex.
cross-listed POLSC 21900
prereq: ENGL 12000
3 hrs 3 cr.

WGSS 35100 - Gender, Science, and Technology
PD/C
Explores the complex relationship among gender, science, and technology.
cross-listed (Cross-listed with NURS 35100.)
prereq: ENGL 12000, at least one science course at the 100 level
3 hrs 3 cr.

Women and Gender Studies: Special Topics Courses

WGS 200XX - Special Topics in Women and Gender Studies

see department for GER or PD requirement as it will vary by topic course.
Such topics as: Lesbian Texts; Contemporary African Women Writers; African Women: Development and Politics and others. Body Politics; Sexuality and Reproduction; Language, Sex, and Gender; Women in Higher Education; Asian-American Women; Globalism Women; and Gender and Development. Depending on topic, course may satisfy a GER category or pluralism & diversity requirement, for further detail see department.
3 hrs 3 cr.

WGS 300XX - Special Topics in Women and Gender Studies

see department for GER or PD requirement as it will vary by topic course.
Such topics as: Lesbian Texts; Contemporary African Women Writers; African Women: Development and Politics and others. Body Politics; Sexuality and Reproduction; Language, Sex, and Gender; Women in Higher Education; Asian-American Women; Globalizing Women; and Gender and Development. These courses can be used towards fulfilling the rest of the major or minor once required core courses are taken. Check with programs for current offerings. Depending on topic, course may satisfy a GER category.
3 hrs 3 cr.

WGS 400XX - Special Topics in Women and Gender Studies

see department for GER or PD requirement as it will vary by topic course.
Such topics as: Lesbian Texts; Contemporary African Women Writers; African Women: Development and Politics and others. Body Politics; Sexuality and Reproduction; Language, Sex, and Gender; Women in Higher Education; Asian-American Women; Globalizing Women; and Gender and Development. These courses can be used towards fulfilling the rest of the major or minor once required core courses are taken. Check with programs for current offerings. Depending on topic, course may satisfy a GER category.
3 hrs 3 cr.

Women and Gender Studies: Independent Study and Internships
Note: Independent Study (WGSI 29800 or WGS 39300) may be applied only once toward the major.

**WGSI 29800 - Internship**

*Independent Study (WGS 29800 or 39300) may be applied only once toward the major.*

*prereq: perm program director*

*hrs TBA 1-6 cr.*

**WGSI 39300 - Independent Research**

Independent research guided by a faculty member on a subject of student's choice in the field of Women and Gender Studies.

*Note: Independent Study (WGS 29800 or 39300) may be applied only once toward the major.*

*prereq: perm. program director*

*3 hrs 3 cr.*

**Women and Gender Studies: Senior Seminar**

**WGS 31000 - Research Seminar: Feminist Theory and Methodology**

Open to Jr/Sr only. Study of the theoretical models that feminist scholars create to guide their work and application of feminist methodology to a research project. To graduate with honors in Women's Studies, majors must enroll in this seminar.

*Note: Students may take WGS 31000 or 32000 to satisfy the Senior Seminar requirement in the major; students may also opt to take both courses. Since both classes are not taught every semester, students are urged to consult the program director in advance to plan their senior seminar.*

*prereq: WGS 10000, 20100 and at least one other WGS course at 200-level or higher*

*3 hrs 3 cr.*

*spring semester*

**WGSP 32000 - Internship Seminar: Feminist Activism and Advocacy**

Open to Jr/Sr only. Practical experience in one of a variety of agencies and organizations related to the needs or concerns of women. Weekly seminar devoted to discussion of feminist activism and advocacy.

*Note: Students may take WGS 31000 or 32000 to satisfy the Senior Seminar requirement in the major; students may also opt to take both courses. Since both classes are not taught every semester, students are urged to consult the program director in advance to plan their senior seminar.*

*prereq: WGS 10000 and 20100 and at least one other WGS course at the 200 level or higher.*

*7-10 hrs 3-4 cr.*

*spring semester*

School of Education

Undergraduate Programs

Adolescent Biology, Grades 7-12 - BA
Adolescent Biology, Grades 7-12 - BA/MA
Adolescent Chemistry, Grades 7-12 - BA
Adolescent Chemistry, Grades 7-12 - BA/MA
Adolescent Earth Science, Grades 7-12 - BA/MA
Adolescent English, Grades 7-12 - BA
Adolescent Mathematics, Grades 7-12 - BA
Adolescent Mathematics, Grades 7-12 - BA/MA
Adolescent Physics, Grades 7-12 - BA
Adolescent Physics, Grades 7-12 - BA/MA
Adolescent Social Studies, Grades 7-12 - BA
Adolescent Teaching Languages Other Than English, Grades 7-12 - BA
Childhood Education (QUEST) Grades 1-6 - BA
Dance Pre-K - 12 - BA
Dance Pre-K - 12 - BA/MA

Progress Standards

1. Students must maintain a minimum overall GPA of 2.8 and an education sequence index of 2.8.

2. Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.

3. Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.
4. Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.

5. Any student who has more than two grades of IN will be permitted to register for only one course the following semester. Students will be permitted to register for the second methods course in their subject area only after having met the following requirements:

1. Completion of 18 credits of study in the major subject area;

2. Approval of the major department adviser; and

3. Maintenance of an overall GPA of 2.8 and an education sequence index of 2.8.

Students should register to take the Liberal Arts and Sciences Test (LAST) of the New York State Teacher Certification Examinations during their junior year. Students will not be allowed to enroll in student teaching until their scores on the LAST have been received by the School of Education. Students who do not pass the LAST at least partly because of low scores on subtest 4 and/or 5 must enroll in a college writing course before being allowed to register for any additional courses.

Undergraduate Courses

DANED 30200 - Theory and Practice of Teaching Dance (pre-K-12)

HED 31400 - Health Education for the Classroom Teacher

QSTA 40000 - The Art of Effective Teaching QSTA 40100 - Developmental Reading

QSTA 40600 - Mathematics Teaching and Learning in Elementary School

Pamela Stone, Professor, Sociology; BA Duke, PhD Johns Hopkins

Public Safety, College Regulations and Policies

Return to General Information
Re-Admission

Return to Admission to the College

Students who have previously attended Hunter College may apply for readmission to their former status. These applicants should apply for readmission to the college well in advance of the semester for which they wish to return. Priority consideration will be given to applications filed prior to November 1 for spring admission, October 1 for winter, April 1 for summer and May 1 for fall admission. Applications filed after these dates will be considered on a space-available basis.

All students who are readmitted to Hunter College after an absence of 10 or more years must adhere to the undergraduate Catalog requirements in effect at the time of their readmission to Hunter College. They are also required to fulfill their major department’s current course/degree requirements.

Applications for degree and nondegree readmission are available on the Hunter College web site www.hunter.cuny.edu or can be obtained at the Hunter College Welcome Center. Students in good academic standing are generally readmitted to the college, whereas students who were dismissed for academic reasons or who left with a grade point average below 2.0 may be considered for readmission on a probationary basis. Readmission on probation is predicated on the expectation that the student will raise his/her grade point average above 2.0 within a reasonable amount of time.

SEEK students who have not been in attendance for four or more semesters and/or have been in the program for 10 semesters will not be readmitted to SEEK. Students who do not wish to return to SEEK

Religion Program Coordinating Committee

SciMON (Science and Mathematics Opportunities Network) Network Enrichment Program

SciMON is an innovative institutional initiative out of the office of the Provost designed to inform students about the many extraordinary research and mentoring programs available to those who study science and mathematics at Hunter College. Hunter currently has several large institutional grants that provide unique educational opportunities for students who have been traditionally underrepresented in science and math, particularly members of racial/ethnic minorities, students with disabilities, women, those who are the first generation of their family to attend college, veterans, and students with demonstrated financial need.

These programs offer students critical resources such as mentors, professional development workshops, tuition coverage, stipends, and much more to help them succeed as they pursue their undergraduate degree – and prepare them for graduate study and careers in research, teaching or the health professions.

Some SciMON resources include:
Helping students determine which research and mentoring programs they may be eligible for

Information about research experiences available at Hunter and elsewhere and

- Opportunities for professional growth and development (e.g., presenting a poster at a professional conference, and applying for fellowships)

SciMON offers students an easy way for students to find out about ALL of the research and mentoring programs available at Hunter College via our web portal: www.hunter.cuny.edu/scimon

BP-ENDURE

The Blueprint Program for Enhancing Neuroscience Diversity through Undergraduate Education is designed to identify exceptionally talented undergraduates and prepare them to obtain doctoral degrees in neuroscience-related fields of study. The program offers specialized neuroscience courses, summer research experiences, and mentoring from senior faculty. For additional information, please visit www.bpendurehunternyu.info

CATALYST

The Catalyst Scholarship program is designed to increase, encourage, and support the inclusion of under-represented groups in science. The program provides financial assistance and academic enrichment to students who demonstrate academic excellence in Earth Science, Computer Science, Mathematics, Statistics or Physics. For additional information, please visit www.hunter.cuny.edu/catalyst

HHMI

Hunter/Howard Hughes Medical Institute offers economically disadvantaged undergraduate Biology majors the opportunity to work in a faculty member’s research lab at Hunter College as Hunter/HHMI Undergraduate Scholars. Hunter/HHMI also offers two summer research internships for undergraduate Biology majors: the Marine Biological Laboratory in Woods Hole, MA, and the Cold Springs Harbor Laboratory on Long Island. For more information, please contact Dan Kleinman at kleinman@genectr.hunter.cuny.edu and/or visit http://www.hunterhhmi.com

IGERT

In partnership with the Memorial Sloan-Kettering Cancer Center, the Integrative Graduate Education & Research Trainee program adds a radiochemistry component to students’ doctoral training. The program features include a sub-discipline concentration in nanotechnology, organic, inorganic, analytical, physical, and biochemistry. For additional information, please visit www.hunter.cuny.edu/chemistry/igert

LSAMP

The New York City Louis Stokes Alliance for Minority Participation in Science, Technology, Engineering, and Mathematics (LSAMP) is a research program funded by the National Science Foundation (NSF) in collaboration with CUNY. The overall goal of LSAMP is to ensure a long-term capacity to produce significantly greater numbers of minority students in scientific careers. There are 17 CUNY campuses participating with LSAMP, including the CUNY Graduate Center. For more information please contact Dr. Marilyn Rothschild, Hunter LSAMP Director at mrothsch@hunter.cuny.edu, or call (212) 650 - 3986. You may also contact the Hunter LSAMP Activity Coordinator,
Angela Padilla, at npadilla@hunter.cuny.edu or call (212) 650 – 3707. Visit the LSAMP website at www.projectstem.net

MARC

The Minority Access to Research Centers program trains talented students in biomedical research and encourages them to pursue Ph.D.s in this field. Students are offered a short introductory course in biomedical research, the opportunity to participate in faculty research, and the opportunity to present at the Annual Biomedical Research Conference for Minority Students. For additional information please visit marcmbrs.hunter.cuny.edu

MBRS-RISE

The MBRS-RISE program offers undergraduate and graduate students interested in biomedical research experience and academic and financial support at Hunter. For additional information visit the MBRS-RISE Program office, room 314HN (awaiting new URL)

McNAIR

The Ronald E. McNair Post-Baccalaureate Achievement program prepares eligible undergraduates for doctoral studies through involvement in research and scholarly activity. Participants acquire the skills and knowledge required for admission to graduate school and the successful completion of graduate studies. For additional information, please visit www.hunter.cuny.edu/mcnair

MIDARP

Through educational enrichment and research experience, the Minority Institutions’ Drug Abuse Research Development program encourages minority students to pursue careers in drug abuse research. Students work in the laboratory of a MIDARP investigator. For additional information, please visit www.hunter.cuny.edu/psychology/undergraduate-studies/copy_of_special-undergraduate-research-programs or contact Vanya Quinones-Jenab at vanya.quinones@hunter.cuny.edu

MIND ALLIANCE

The primary goal of the MIND Alliance is to increase the quality and quantity of students with disabilities from racial and ethnic minority backgrounds receiving associate and baccalaureate degrees in STEM disciplines and entering the STEM workforce or graduate school. For additional information, please contact Audrey Fields at afields@hunter.cuny.edu and/or visit www.mystem.org/home/index/aspx

MMUF

The objective of the Mellon Mays Undergraduate Fellowship is to increase the number of minority students pursuing Ph.D.s in the arts and sciences, particularly in humanities. Fellows receive mentoring from senior faculty and collaborate with faculty on research projects. For additional information, please visit www.hunter.cuny.edu/mmuf
NOYCE
The Robert Noyce Scholarship program provides tuition and stipends up to $20,000 for Biology, Chemistry, Earth Science, Physics or Mathematics majors who intend to teach in middle schools or high schools in New York City. For additional information, please contact Jeanne Weiler at jweiler@hunter.cuny.edu

QUBI
The Quantitative Biology Project gives students majoring in Biology, Chemistry, Computer Science, Mathematics or Statistics the opportunity to add a bioinformatics concentration to their major. Students receive training and mentoring by a multidisciplinary team of research scientists and have access to competitive scholarships, national bioinformatics workshops, and internships at CUNY and neighboring institutions. For additional information, please visit http://www.hunter.cuny.edu/qubi

RCMI/SPUR (Available to students not attending Hunter)
The Summer Program for Undergraduate Research (SPUR) of the Center for Study of Gene Structure & Function gives undergraduates hands-on experience in one of 50 research laboratories at Hunter College. The goal of the program is to train and encourage undergraduate students to pursue graduate study in biomedical research. For additional information, please visit genecenter.hunter.cuny.edu/index.php/programs/summer-program/how-to-apply

Maria Rodriguez, Associate Professor, BS Catholic (Puerto Rico), MS, PhD SUNY Albany

Senior Citizens
Return to Admission to the College

New York State residents 60 years of age or older may audit undergraduate courses at Hunter College on a tuition-free, space-available basis. Auditors receive neither grades nor academic credit for their courses. Individuals enrolling under this program pay fees totaling approximately $80 each semester. Along with verification of having reached the age of 60 and New York State residency, applicants must file the undergraduate nondegree application to be considered for this program. Individuals over the age of 60 who do not wish to audit their courses may receive academic credit provided the appropriate tuition is paid.
Sexual assault is a crime. Under Article 130 of the New York State Penal Law, it is a sex offense to engage in sexual contact or to engage in sexual intercourse, sodomy or sexual abuse by contact without the consent of the victim or where the victim is incapable of giving consent. Criminal sex offenses are classified in degree according to the seriousness of sexual activity, the degree of force used, the age of the victim and the physical and mental capacity of the offender and victim.

Stalking is also a crime. Under Article 120 of the New York State Penal Law, a person is guilty of stalking when he/she intentionally, and for no legitimate purpose, engages in a course of conduct directed at a specific person, and knows or should know that such conduct is likely to cause fear of material harm to the health, safety or property of the victim. Examples of such conduct are following, telephoning or initiating communication or contact (i.e. via email) with the victim. Dating and domestic violence is controlling, abusive, and aggressive behavior in a romantic relationship, and often involves illegal conduct on the part of the aggressor, including sex offenses, stalking and/or harassment.

A. Sexual Assault

Sexual assault is a crime of power, aggression and violence. Terms such as “date rape” and “acquaintance rape” tend to minimize the fact that the act of rape, or any sexual assault, is a serious crime.

There is never an excuse or a reason for a person to rape, assault or even touch another person’s private parts without consent. The impact on survivors of such an attack can cause severe and lasting physical, mental and emotional damage.

• Who is a perpetrator? Many people think that sexual assaults are only perpetrated by vicious strangers on dark, deserted streets. In fact, studies indicate that between 80 and 90 percent of all people who have been raped know their perpetrator(s). This is called “date rape” or “acquaintance rape.” “Date rape” is not a legally distinct or lesser category of rape. It refers to a relationship and situational context in which rape occurs on a date. Rape or any sexual offense,
whether on a date or not, is the same criminal offense involving the same elements of force, exploited helplessness or underage participation. With sexual assaults where the victim knows the perpetrator, alcohol use is often involved on the part of either the victim or the perpetrator. However, a sexual assault is still a crime regardless of the intoxication of the perpetrator or the victim.

- Who is a victim?

Anyone can be a victim, regardless of gender, age, race, sexual orientation, religion, ethnicity, class or national origin. Though women and girls are primary targets of these crimes, men and boys are sexually victimized too, and have been found to suffer the same aftermath as women. Regardless of whether the victim was abusing alcohol and/or underage, she or he is still the victim of the sex offense.

- When is there lack of consent?

Under New York law, lack of consent to a sexual contact may be demonstrated in the following ways: (1) forcible compulsion including the use of physical force or threat (express or implied) which places the person in fear of physical injury to self or another; (2) incapacity to consent on the part of the victim; (3) circumstances in which the victim does not expressly or impliedly acquiesce in the actor’s conduct; or (4) circumstances in which the victim clearly expressed by words or actions that he or she did not consent to engage in such sexual act and a reasonable person would have understood such person’s words or actions as an expression of lack of consent to such conduct. A person is deemed incapable of giving consent if she/he is (a) under the age of 17, (b) mentally incapacitated (which may include incapacity due to the victim’s ingestion of alcohol or drugs), (c) physically disabled or (d) physically helpless (asleep, unconscious or for any other reason physically unable to communicate unwillingness to act, which may also include incapacity due to the victim’s ingestion of alcohol or drugs).

- Who is responsible for a sexual attack?

In the absence of consent, the attacker is always responsible for having committed the sexual assault regardless of the victim’s appearance, behavior, or conduct on previous occasions. An attacker cannot assume that the way a person dresses or acts is an invitation for sexual advances. A person may welcome some forms of sexual contact and be opposed to others. The more impaired a person is from alcohol or drugs, the less likely she/he can give consent; having sex with someone who is “passed out” or sleeping is rape. And regardless of previous sexual activity, if someone refuses sexual contact, the failure to respect that limit constitutes non-consensual sex.

- Who can prevent a sexual attack from occurring?

Every member of the CUNY community, by recognizing situations where sexual violence occurs, by acknowledging that anyone can be a victim of sexual assault, and by becoming active, positive and responsible community members who look out for other members of the CUNY community.

B. Stalking

Stalking generally refers to harassing or threatening behavior that an individual engages in repeatedly, such as following a person, appearing at a person’s home or place of business, making harassing calls, or leaving written messages or objects. Unlike other crimes, which normally consist of a single illegal act, stalking is a series of actions that, when taken individually, may be perfectly legal. For instance, sending a birthday card or flowers or standing across the street from someone’s house is not a crime. When these actions are part of a course of conduct that is intended to instill fear in a victim, however, they may be considered illegal behavior.

- Who is a stalker?

Nearly 90% of stalkers are male, and most stalkers know their victims (60% are current or former intimate partners.) Most stalkers are in their late teens to middle-aged, and stalkers may come from every socio-economic background. Stalkers are motivated by obsession and a desire for control, which stem from either a real or imagined relationship with the victim.
• **Who is a victim of stalking?** In stalking cases, more than half of the victims are between 18 and 29 years old and 75% of victims are female. Male victims are stalked by male and female offenders at the same rate, and tend to be stalked by strangers and acquaintances rather than intimates. According to a 2000 study, more than 13% of college women indicated that they have been stalked in one college year.

• **What are the consequences of stalking?** Stalking often causes pervasive, intense fear and can be extremely disruptive for the victim. In addition to presenting a continual threat of physical and/or sexual violence, the stalker can erode the victim’s sense of safety and personal control. Stalking causes victims to miss work and school. And stalking in dating and domestic violence cases is often related to more severe violence.

• **Is stalking a common occurrence on college campuses?** Research shows that stalking has become a common occurrence on today’s college campuses. Some of the very aspects that make campus life appealing aid the potential stalker. The campus is a closed environment where it is easy to determine a student’s schedule; it is a highly social atmosphere where stalking behavior may be confused with positive, romantic attention at first; student movement through the campus is predictable, and access to academic buildings may be quite easy. One can easily find information about a selected student through the campus directory, including the student’s address, telephone number and email address. As a result of obtaining students’ email addresses, cyber-stalking has become common, which can lead to other forms of stalking and is equally as frightening for victims.

C. **Dating and Domestic Violence**

Dating and Domestic violence is a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, or injure someone.

Intimate partner includes persons legally married to one another; persons formerly married to one another; persons who have a child in common, regardless of whether such persons are married or have lived together any time; couples who live together or have lived together; or persons who are dating or who have dated in the past, including same sex couples.

Some of the forms of domestic and dating abuse include:

• **Physical Abuse:** Hitting, slapping, shoving, grabbing, pinching, hair-pulling, biting, etc. Physical abuse also includes denying a partner medical care or forcing alcohol and/or drug use.

• **Sexual Abuse:** Coercing or attempting to coerce any sexual contact or behavior without consent. Sexual abuse includes, but is certainly not limited to marital rape, attacks on sexual parts of the body, forcing sex after physical violence has occurred, or treating one in a sexually demeaning manner.

• **Emotional Abuse:** Undermining an individual’s sense of self-worth and/or self-esteem. This may include, but is not limited to, constant criticism, diminishing one’s abilities, name-calling, or damaging one’s relationship with his or her children.

• **Economic Abuse:** Making or attempting to make an individual financially dependent by maintaining total control over financial resources, withholding one’s access to money, or forbidding one’s attendance at school or employment.

• **Psychological Abuse:** Causing fear by intimidation; threatening physical harm to self, partner, children, or partner’s family or friends; destruction of pets and property; or forcing isolation from family, friends, or school and/or work.

Dating and Domestic violence can happen to anyone regardless of race, age, religion, or gender, and affects people of all socioeconomic backgrounds and education levels. Domestic violence occurs in both opposite-sex and same-sex relationships and can happen to intimate partners who are married, living together, or dating. Dating and domestic violence can be difficult to identify because violence can occur in cycles that alternate with the perpetrator’s expressed devotion and love for the partner. This is all part of the cycle of manipulation and control.

<td>Is a class A misdemeanor, with penalties up to one year in jail.</td>
</tr>
</tbody>
</table>
Stalking in the first degree (PL §120.60)

A person is guilty when he/she commits the crime of stalking in the 2nd or 3rd degree and in the furtherance thereof, he/she intentionally or recklessly causes physical injury to the victim, or commits a class A misdemeanor defined in Article 130, a class E felony defined in section 130.25, 130.40, or 130.85, or a class D felony defined in section 130.30 or 130.45.

Is a class D felony, with penalties up to 7 years in prison.

For a full listing of all sex offenses and the definitions of sex offenses, please refer to:

http://public.leginfo.state.ny.us/menugetf.cgi?COMMONQUERY=LAWS

Crime statistics are reported annually by every college pursuant to the Jeanne Clery Act. This information can be obtained from your campus Public Safety Department.

In addition, “Megan’s Law” protects our communities and universities by mandating that convicted sex offenders register with the State through the Division of Criminal Justice Services. Such information can be obtained from your local police precinct, and from the Division of Criminal Justice Services website:

http://www.criminaljustice.state.ny.us/ (for level 3 offenders.)

**Sexual Harassment Policy and Procedure**

Return to Public Safety, College Regulations and Policies

Sexual harassment is illegal. It is a form of sex discrimination in violation of Title VII of the 1964 Civil Rights Act, Title IX of the Education Amendments Act if 1972 and the official policy of The City University of New York. The City University of New York issued a policy in 1982 which was revised and reissued in January 2005.

The policy prohibits sexual harassment of faculty, staff and students:

**Policy Statement**

It is the policy of The City University of New York to promote a cooperative work and academic environment in which there exists mutual respect for all University students, faculty, and staff. Harassment of employees or students based upon sex is inconsistent with this objective and contrary to the University’s non-discrimination policy. Sexual harassment is illegal under Federal, State, and City laws, and will not be tolerated within the University.

The University, through its colleges, will disseminate this policy and take other steps to educate the University community about sexual harassment. The University will establish procedures to ensure that investigations of allegations of sexual harassment are conducted in a manner that is prompt, fair, thorough, and as confidential as possible under the circumstances, and that appropriate corrective and/or disciplinary action is taken as warranted by the circumstances when sexual harassment is determined to have occurred. Members of the University community who believe themselves to be aggrieved under this policy are strongly encouraged to report the allegations of sexual
harassment as promptly as possible. Delay in making a complaint of sexual harassment may make it more difficult for the college to investigate the allegations.

**A. Prohibited Conduct**

It is a violation of University policy for any member of the University community to engage in sexual harassment or to retaliate against any member of the University community for raising an allegation of sexual harassment, for filing a complaint alleging sexual harassment, or for participating in any proceeding to determine if sexual harassment has occurred.

**B. Definition of Sexual Harassment**

For purposes of this policy, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other oral or written communications or physical conduct of a sexual nature when:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or academic standing;
2. submission to or rejection of such conduct by an individual is used as a basis for employment or academic decisions affecting such individual; or
3. such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile or abusive work or academic environment.

Sexual harassment can occur between individuals of different sexes or of the same sex. Although sexual harassment most often exploits a relationship between individuals of unequal power (such as between faculty member and student, supervisor and employee, or tenured and untenured faculty members), it may also occur between individuals of equal power (such as between fellow students or co-workers), or in some circumstances even where it appears that the harasser has less power than the individual harassed (for example, a student sexually harassing a faculty member). A lack of intent to harass may be relevant to, but will not be determinative of, whether sexual harassment has occurred.

To implement CUNY’s policy, Hunter College has created a Sexual Harassment Awareness and Intake Committee. The Committee is responsible for reviewing all complaints of sexual harassment; and for making efforts to resolve those complaints informally, if possible. When informal resolution is not possible, the committee coordinator will fully investigate the complaint and report the results of the investigation to the college president (and dean of students, if the accused is a student).

Any student or other member of Hunter College may report allegations of sexual harassment to any member of the Sexual Harassment Awareness and Intake Committee. The names and contact information for the committee members are available in the coordinator’s office, departments and offices in the college and the college website. The complaint will be promptly investigated and will be handled as confidentially as possible. Retaliation against complainants is specifically prohibited. Students, faculty or staff who are found, following applicable disciplinary proceedings, to have violated the CUNY Policy Against Sexual Harassment are subject to various penalties, including termination of employment and permanent dismissal from the university.

The official policy and procedures can be found in every department of the college as well as on the college’s website. Additional on the Sexual Harassment Awareness and Intake Committee is available in the Coordinator’s office. The Committee Coordinator is:

Office of Diversity and Compliance, 1706 Hunter East Building

**Special Academic Programs**

Return to Academic Programs and Policies

Honors Programs

Pre-Professional Programs

Other Opportunities Program

**Special Admissions Programs and Categories for Freshmen**
CUNY Macaulay Honors College at Hunter College

The Hunter Honors College attracts students with outstanding academic records who seek intellectual challenges in a supportive environment. Using the undergraduate online application available through the CUNY Web site (www.cuny.edu), students select the Honors College and then indicate Hunter College as their desired campus.

A student must enter the Honors College as a first semester freshman and may seek admission through either Early Decision (application by November 1) or regular decision (application by December 1). For more information on the Hunter Honors College, see Special Academic Programs of this catalog or inquire at the Honors College Office, Room 140 Hunter North, (212) 650-3556.

**Early Admission**

Students with superior high school records may apply for admission to the college upon completion of the third year of high school. An interview with the Admissions Committee is required, as well as a high school average of at least 90%, minimum SAT scores of 600 verbal and 600 math and three high school recommendations. Students are admitted only in the fall semester. Applications must be filed directly with the Hunter Admissions Office before April 1.

**ESL (English as a Second Language) Designation**

Students whose secondary school education includes at least one year in a high school where a language other than English is the primary language of instruction are designated as ESL students. ESL students who are admitted to Hunter may be permitted to register even if they received failing scores on the CUNY skills assessment tests in reading and/or writing. (A passing score on the CUNY Math Assessment Test (CMAT) is required for ESL designation.)

These students are tested for placement in appropriate developmental courses and receive special advisement regarding program planning. ESL students may take developmental English courses for two semesters and are permitted to enroll at Hunter for an additional two semesters before being required to pass the skills test. Additional information about placement and program planning for ESL students is available at the Office of Student Services.

**SEEK Program (Search for Education, Elevation and Knowledge)**

The SEEK Program admits a limited number of educationally and economically disadvantaged students who do not meet the standard admission criteria. This program provides intensive academic services and a stipend for educational expenses to those students who exhibit extreme need. Students apply for entry to the SEEK Program through the standard freshman admission process. See the Financial Aid section for additional information on requirements for admission to the SEEK Program.

*Note: For information about admission to special academic programs for continuing students, including programs in the Health Professions, QUEST (School of Education) and the Thomas Hunter Honors program, see the appropriate school and department/program listing in this catalog.*

**Student Eligibility**

Return to Financial Aid
To be eligible for federal and state aid, a student must be a United States citizen or an eligible non-citizen who is making satisfactory academic progress toward a degree. Students who have defaulted on a loan or owe a repayment of a federal grant at any post secondary school must make satisfactory repayment arrangements with that institution before they will be eligible to receive aid at Hunter College.

**Satisfactory Academic Progress**

All recipients of financial aid must be making satisfactory progress toward a degree. There are two different formulas used to make this determination, one for state aid and another for federal aid.

**State Program Eligibility**

In order to receive assistance from the Tuition Assistance Program (TAP) and the Aid for Part-time Study (APTS) Program, students must complete a minimum number of credits the prior semester, complete the appropriate number of cumulative credits and have the appropriate grade point average at the beginning of each semester of state-supported study. The chart below outlines these requirements. For example, to receive the fifth payment of TAP, a student would have to have completed 9 credits the prior semester for a total of at least 31 cumulative credits with a minimum grade point average of 2.00.

**Waiver of Academic Standing Requirements**

Students who become academically ineligible to receive assistance from state programs because of an unusual circumstance for which documentation can be provided (e.g., illness) may apply for a onetime waiver of the Satisfactory Academic Progress requirements. For further information, contact the Financial Aid Office at (212) 772-4882.

To qualify for a New York State Tuition Assistance Program (TAP) award, undergraduate students must meet the applicable New York State Satisfactory Academic Progress (SAP) standards. Students are evaluated based on when they received their first TAP payment and whether or not they are in a remedial program. The following charts explain the New York State Education Department guidelines which detail the SAP standards a student must meet to be certified for each TAP payment.

**The following TAP academic progress and program pursuit charts are for undergraduate students**

To qualify for a New York State Tuition Assistance Program (TAP) award, undergraduate students must meet the applicable New York State Satisfactory Academic Progress (SAP) standards. Students are evaluated based on when they received their first TAP payment and whether or not they are in a remedial program. The following charts explain the New York State Education Department guidelines which detail the SAP standards a student must meet to be certified for each TAP payment.

The Hunter College traditional academic retention standards remain in effect and supersede any other grade point average (gpa) requirements. The following SAP standards are only used to determine TAP eligibility.

**2011 SAP Standards-First TAP Award summer 2010 and thereafter**

### 1981 SAP Standards - First TAP award before summer 2006

**C Average Requirement for State Funded Student Financial Aid Eligibility Effective Fall 1996**
Effective with the 1996-97 academic year, Education Law section 661 requires that a student have at least a cumulative C average (2.0 on a 4.0 scale, or the equivalent) after the student has completed the second academic year of study. In practice, this requirement is interpreted to mean that a student must have a C average or better after the student has accumulated 24 payment points (received 4 semester payments or the equivalent) to be eligible for further awards. In other words, a student seeking a fifth semester award payment must have a C average.

**Transfer Students**

Institutions generally accept in transfer only courses in which grades of C or better were earned. Therefore, students with transferable credits who have already received four semester payments are presumed to meet the C average requirement and are eligible for the initial term at the new institution.

To determine the eligibility of transfer students, and institution may elect to include, for financial aid purposes, the grades earned for courses accepted in transfer providing this policy is applied to all financial aid applicants.

**Readmitted Students**

A student readmitted to an institution attended previously who has received two or more years of award payments must have a C average or better to receive further State student aid. The student’s cumulative grade point average would be based on prior grades earned at the institution.

**New Course Repeat Rule for NY State Financial Aid**

As of May 1987, if a student repeats a course in which a passing grade acceptable to the institution has already been received, the course cannot be included as part of the student’s minimum full time or part-time course load for financial aid purposes. When such courses are included in meeting the minimum requirement, they render the student ineligible for a State award. In the following instances, repeated courses may count toward full-time or part-time study: (1) when a failed course is repeated; (2) when a grade received is passing at the institution but is unacceptable in a particular curriculum; and (3) when a course may be repeated and credit earned each time.

A student who earned a passing grade in a course but wishes to repeat the course in the hopes of improving the grade and overall grade point average cannot count the repeated course as part of the minimum course load.

**Notice to students changing their enrollment status or withdrawing after the third week of classes:**

If you change your enrollment status or withdraw after the third week of classes, your financial aid may be affected. Each financial aid program is different. Please obtain an Application to Withdraw form from the OASIS, Room 217 Hunter North and read it before withdrawing from class(es).

**Federal Program Eligibility**

The federal Satisfactory Academic Progress standard applies to students seeking assistance from all federal student financial aid programs available at Hunter College. To be eligible for federal aid, an undergraduate student must achieve at least the GPA required for probationary status at Hunter after two years of enrollment at the college; at least a C average or academic standing consistent with the requirements for graduation; and must also accumulate credits toward the degree according to the following standards:
A. Attempted credits are not more than 150% of the credits normally required for completion of the degree.
— and —

B. Accumulated credits are equal to or greater than two-thirds of the cumulative credits attempted at the institution.

If the standard in paragraph B is not met, eligibility may be retained by meeting conditional standards:

C. For students who are pursuing a baccalaureate degree, the accumulated credits must be equal to or greater than (75 percent times the cumulative credits attempted) minus 18.

Students will be measured against the satisfactory academic progress standard at the end of the spring term to determine eligibility for receipt of Title IV student financial assistance for the upcoming year.

This chart would be used by a student pursuing a BA degree requiring 126 credits. In this example, if you have attempted 36 credits, you must successfully complete at least 24. To maintain conditional eligibility, you must successfully complete 9 credits.

---

**Student Services**

**Return to Services for Students**

**The Office of Advising Services**

1119 East
(212) 772-4882
http://www.hunter.cuny.edu/studentservices/advising

Academic advising at Hunter College teaches students the information, skills and competencies necessary to make informed choices about their college experience. Through a variety of venues, including orientation, individual advising, group advising, and electronic communications, advisers help students to understand academic requirements, clarify their goals, and devise action plans. Realizing that connections to the Hunter community contribute to student success, Advising Services staff members prepare students to engage with faculty, staff and fellow students. In addition to the services listed above, resources in the Office of Advising Services include the First Year Advising and Orientation Program, Transfer Programs, the Sylvia E. Fishman Student Center, and the Center for Student Achievement.

**First-Year Advising and Orientation**

First-Year Advising and Orientation facilitates the first-year student’s transition into Hunter College. A comprehensive orientation introduces students to the college and prepares them to succeed inside and outside the classroom. Each new student is then assigned a professional academic adviser who provides guidance and support during the student’s first year. Please see our Web site for more information at www.hunter.cuny.edu/studentservices/fao

**Transfer Programs**

Through advising services and orientation, the office of Transfer Programs promotes student transition into Hunter College. At orientation, new transfers learn about academic requirements, course transferability, and paths to successful
degree completion. Academic advisers are available to help transfer students understand degree requirements, develop meaningful short- and long-term academic plans, explore majors and locate critical resources. Please see our Web site for more information at http://www.hunter.cuny.edu/studentservices/transfers.

Career Development Services

805 East
(212) 772-4850
www.hunter.cuny.edu/studentservices/cds

The Office of Career Development helps Hunter College students to compete in the job market through a variety of services:

Career Counseling Career counseling is an interactive process where students are assisted in discovering the career that will provide optimum personal satisfaction. Counselors meet with students individually and in small groups to explore and evaluate the student’s academic strengths and concentration, additional training, work history, interests, skills and personal traits. Counselors help uncover underlying factors that may impede progress toward decision making. Counselors also help the student develop a résumé, interviewing skills and job search skills. Alumni are also encouraged to use the services for assistance in job search and career change.

Internships Internships provide the opportunity to gain pre-professional work experience in a setting related to a student’s major course of study. Interns work in corporations, government agencies and nonprofit organizations. In addition to gaining work-related skills, students develop contacts for future employment and acquire job related experience to enhance their résumé and interview presentation and earn academic credit or stipends.

Employer Recruiting Representatives from corporations, banks, brokerage houses, accounting firms, insurance companies, retail stores, computer and software companies, nonprofit organizations and government agencies recruit on and off campus in the fall and spring by interviewing students for a variety of professional positions.

Employer Visits Employers and successful professionals, including alumni, come to Hunter to discuss career opportunities in their respective areas. Panelists explore current trends in various fields, offer suggestions for preparing for the competitive job market and describe their own careers. From these experiences, students learn about specific companies, their products and services, hiring trends and career opportunities.

The On Campus Recruiting Program Graduating seniors have the opportunity to enroll in the On Campus Recruiting Program. Approved resumes are made available to participating employers for review. Employers select those candidates in whom they are interested and conduct interviews on and off campus.

ORION Job and Internship Data Base Businesses, industries, government agencies, schools, hospitals and nonprofit organizations post part- and full-time jobs and internships with the Career Development Services office. Students and alumni can register in ORION, create a profile, upload a résumé, access the listings, and send the résumé directly to employers.

Career Resource Library A wide variety of career information is available: reference books, periodicals, directories and guide books on career planning and job search preparation and strategies.

Counseling & Wellness Services

Counseling Services offers free and confidential assessment and short-term counseling to enrolled Hunter College students. Professional counselors assist students with personal and emotional difficulties that may interfere with academic progress and success. Additional services include crisis intervention and referrals to community agencies and resources. Counselors are also available to provide consultation services to the entire Hunter College community.
Wellness Services strives to reduce health-related barriers to students’ personal and academic success and maintains two divisions: the Office of Health Services and Health Promotion & Education.

http://hunter.cuny.edu/studentservices/wellness

Health Services provides primary healthcare and health-related information and resources. Clinical services are provided by a Nurse Practitioner. Walk-in services include vaccinations, immunizations, HIV, STI, and blood pressure screens.

307 North
(212) 772-4800

Health Promotion & Education provides a range of health education programs, activities, information and resources to the Hunter College community.

C001 North
(212) 772-4909

Office of AccessABILITY (for Students with Disabilities)

1214 Hunter East; 212-772-4857
www.hunter.cuny.edu/studentservices/access

In compliance with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1975, the Office of AccessABILITY ensures the availability of a variety of accommodations and services for students with documented disabilities or medical conditions who are currently registered at Hunter College. Disabilities include (but may not be limited to):

- Medical and psychological conditions, learning disabilities, deafness and hard of hearing, visual impairment, mobility impairment and other conditions that cause you to have mobility difficulties or result in your using a cane or wheelchair.

- Assistance to students with temporary disabilities due to an accident or short-term health conditions is also available. To be eligible for reasonable accommodations, it is necessary for students to provide a written statement with supporting documentation of a disability from a “qualified professional” (physician, psychiatrist, psychologist, or clinical social worker).

Under the auspices of the Office of AccessABILITY, the Access and Technology Center, Room 205 Thomas Hunter Hall, is a resource facility for students with disabilities. The center houses equipment with adaptive software and hardware technologies.

For more information, please call (212) 772-4857/VRS (646) 755-3129 or go to our Web site.

The Section 504 Coordinator at Hunter College, Professor Tamara Green is responsible for enforcement of the provisions of Section 504. She may be contacted in 1429 Hunter West, (212) 772-5061. There is a 504 Grievance Procedure for students with disabilities at Hunter College. Students may obtain the necessary form, which contains instructions for filing, from the Office of Student Services in Room 1119 Hunter East. Students with disabilities at the School of Social Work may contact the director of admissions at (212) 396-7574 for assistance.
International Students Office

Room 1109 Hunter East; (212) 772-4864, E-mail: intlss@hunter.cuny.edu
Web site: http://www.hunter.cuny.edu/studentservices/is and for more information, visit the International Students online tutorial: https://ww3.hunter.cuny.edu/is/tutorial/

The International Students Office (ISO) provides vital immigration related information to all international students, including F-1 and J-1 Exchange Visitor statuses or visa holders and other students with questions about their statuses to help them to learn immigration status(17,373),(988,983)maintenance. The ISO refers all international students to Academic Advising for timely graduation from Hunter College. The office is an important source of information regarding immigration matters, such as the requirements for compliance with the Student Exchange and Visitors Information System (SEVIS). The ISO issues SEVIS I-20 or DS2019 forms to all newly admitted international students. It also provides individualized advising and holds small group discussions throughout the academic year on such topics as employment options, immigration law, tax issues, and adaptation to both the United States (U.S.) educational systems and to the U.S.

Children’s Learning Center

207 Hunter North; (212) 772-4066

Under the direction of a qualified and caring staff, the preschool and school age programs provide a nurturing atmosphere for children while their parents attend classes. Students register for both programs in January for the following fall semester. A modest nonrefundable application fee is required. Inquiries may be made at the Children’s Learning Center, where brochures and registration cards are available. Two distinct programs operate at Hunter. The preschool program is a child care service available to matriculated students during the academic year (September through May) and during summer session (June-August). It is a preschool educational and development program designed for children aged 29 months through 5 years. The school age program is for children ages 6 through 12. Facilities include three classrooms equipped with age-appropriate educational materials. This after-school program provides an opportunity for homework assistance and participation in planned activities designed to reinforce educational goals and recreation.

The Sylvia E. Fishman Student Center

417 Hunter West; (212) 650-3282/3278
www.hunter.cuny.edu/student serviços/sefsc

The Sylvia E. Fishman Student Center offers programs, activities and services to enhance the academic experience for students. Academic advisers and peer advisers are available at the Center to provide advising and assistance with program planning and to connect students with more comprehensive advising and career development services. Additional programs related to career exploration, internship opportunities, financial aid, wellness education, and residential life are sponsored regularly. The Center is also a “one-stop shopping” opportunity for information about the many and varied activities and services available at Hunter, which links students with workshops, tutoring, cultural, and recreational events. For more information see our Web site.

Center for Student Achievement

417 Hunter West; (212) 772-4890
http://www.hunter.cuny.edu/student serviços/csa
The Center for Student Achievement provides students with opportunities to develop and enhance their study methods. The Center provides assistance to students on academic probation. By offering programs such as Project Success and the Academic Success Coaching program we give students the opportunity to improve their academic skills. Project Success is a weekly seminar for students on academic probation, while the Academic Success Coaching program offers students who are academically at-risk individual meetings with a trained staff member. For more information about the services and resources, visit our Web site.

**Campus Housing**

Residence Hall Office: (212) 481-4311  
http://www.hunter.cuny.edu/student-services/reslife

Hunter College Residence Hall is located at 425 East 25th Street and houses approximately 612 undergraduate students. All rooms are single occupancy and contain basic furnishings. Each floor has a main lounge, bathroom facilities and a kitchen.

**Sports, Recreation and Enrichment**

**Hunter Athletics**

B317 Hunter West; (212) 772-4782  
www.hunter.cuny.edu/athletics

The Hunter College Athletic program is the premier benchmark intercollegiate program in the New York Metropolitan region and City University of New York Athletic Conference (CUNYAC). With 18 sponsored men’s and women’s teams, the Hawks compete on the NCAA Division III level with a commitment to athletic and academic progress and development each year. Student-athletes benefit from an outstanding and supportive academic environment, highly qualified coaches and superior facilities for competition and practice. Over the last fifteen years Hunter College has won 10 CUNY Athletic Conference Commissioner’s Cups, an award presented to the best athletic program in the conference. Since 1990, Hunter Athletics has also won 123 CUNYAC Championships, joining a dozen other athletic programs to reach the 100 championship pinnacle.

Academically, the Hunter Hawks are also successful posting a graduation rate that is over 3% higher than the general student population. The athletic program also maintains an impressive average GPA of higher than a 3.0 among student athletes each year. Furthermore, 60% of student-athletes boast a 3.0 GPA or better.

Hunter College offers a multi-million dollar athletics facility which is equipped with competition and practice gymnasiums, wrestling room, fencing/yoga room, men’s and women’s locker rooms, swimming pool, athletic training room, state-of-the-art weight room, racquetball courts and the newly opened smart classroom for student use. The Brookdale campus also houses a swimming pool, weight room, gymnasium, tennis courts and bowling alley for official athletic and recreation use. For more information on the Hunter Athletic program, log onto www.huntercollegeathletics.com or call 212-772-4782.

**Intercollegiate Sports**

Women’s sports include basketball, cross country, fencing, indoor track, outdoor track, softball, swimming, tennis and volleyball. Men’s sports include basketball, cross country, fencing, indoor track, outdoor track, soccer, tennis, volleyball and wrestling.
Recreation and Intramurals

B315 Hunter West; (212) 772-4912

Hunter College’s recreation and intramural programs are designed to promote physical fitness, relaxation, wellness and enjoyment for members of the college. Open to students, faculty, staff and alumni, the Recreation and Intramural and Fitness programs are flexible and provide for a variety of healthful and enjoyable experiences at all levels of skill and participation. Activities offered include a fitness center, open swimming, basketball, volleyball, tennis and racquetball. Non-credit group fitness classes such as yoga, Pilates, cardio kickboxing, cardio spin, Zumba & Tai Chi are also offered.

Intramural sports provide Hunter students with the opportunity to compete in various organized activities, games and sports against members of the college community. Some of the more popular sports include flag football, basketball, volleyball, soccer, racquetball, handball, dodge ball, and the annual Turkey Trot.

Student Life: Clubs, Organizations and Activities

Student life at Hunter is enriched by a wide array of organizations and clubs — approximately 150 in number — which provide opportunities for participation in academic, political, recreational, ethnic, religious and social activities. Student organizations sponsor events and activities, which include hosting guest speakers, concerts, movies, attending conferences, assisting charities and social gatherings. All student clubs and publications are administered by the membership through their elected officers. Students are encouraged to join and become active in at least one organization so they have an opportunity to meet other students and develop interpersonal, leadership and managerial skills.

The Office of Student Activities, a unit of the Office of Student Affairs, encourages student involvement and supports clubs and organizations on campus by conducting a series of student leadership colloquia and other leadership development workshops, facilitating club events and opening doors to community service opportunities.

The office is also a resource for free and discount tickets to theater, concerts and other performances. A complete listing of student organizations and additional information regarding student activities can be obtained by contacting the Office of Student Services/Student Life, Room C001 Hunter North (212) 772-4908.

Assembly and Meeting Hours

A block of time is set aside each week during which no classes are scheduled. Called “Dean’s Hours,” this time block is reserved for official college assemblies, guidance meetings and other academic and administrative purposes and for meetings of student organizations. Generally, Dean’s Hours are scheduled on Wednesdays, from 1:10-3:00 p.m.
Testing Requirements

Basic Skills Assessment Tests

Degree Students

Students enrolling at Hunter College must demonstrate mastery in the basic skills of reading, writing and mathematics. Students may demonstrate basic skills mastery by meeting the score criteria indicated below:

<table>
<thead>
<tr>
<th>Reading and Writing Test</th>
<th>Minimum Score/Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>SAT (Verbal)</td>
<td>480</td>
</tr>
<tr>
<td>– or – English (ELA) Regents</td>
<td>75</td>
</tr>
<tr>
<td>– or – college-level English course</td>
<td>C</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Mathematics Test</th>
<th>Minimum Score/Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>SAT (Mathematics)</td>
<td>510</td>
</tr>
<tr>
<td>– or – Algebra, Geometry or Algebra II/Trigonometry Regents and successfully completing Algebra II/Trigonometry or higher level course</td>
<td>80 on at least one exam</td>
</tr>
<tr>
<td>– or – college-level Math course</td>
<td>C</td>
</tr>
</tbody>
</table>

Prior Graduates - the following Regents are still acceptable:

| Math Regents Exam (Sequential I, II, or A, B) | 75 |

Students who cannot demonstrate mastery by meeting the above criteria must take and pass the appropriate skills assessment test(s) before registering for their first semester of coursework.

Nondegree Students

Nondegree students may attempt up to 12 credits without taking the CUNY Skills Assessment Tests, unless a placement test is required for a particular course. However, the test is required once 12 credits have been attempted, unless a student is exempt based on the same score criteria set forth above for degree students. Students who fail to demonstrate basic skills mastery will not be permitted to register for coursework beyond 12 credits. Nondegree students who take and fail any part of the CUNY Skills Assessment Tests before reaching the 12-credit limit will not be
permitted to enroll in additional courses at Hunter until they have met proficiency requirements at a CUNY community college.

Mathematics Placement Test

The mathematics placement exam assesses a student’s knowledge of algebra, trigonometry and pre-calculus. All students must take a math placement test before they may register for math, science and certain liberal arts courses at Hunter. Test results will be used to place students appropriately in coursework at the college. The exam does not affect acceptance to Hunter. The exam is administered on a walk in basis every Wednesday between the hours 11:00 am to 3:00 pm in the Testing Center, Room 150 Hunter North. It is suggested that students check the Testing Center’s web site for changes to the testing schedule. http://admissions.hunter.cuny.edu/testing.htm. Other inquires pertaining to testing may be addressed by calling (212) 772-4868.

The Academic Program

Return to Academic Programs and Policies

The Bachelor of Arts (BA) degree encompasses sciences, humanities and the arts and the social sciences. BA programs prepare students for positions in profit, nonprofit and government organizations as well as for graduate programs.

The Bachelor of Science (BS) degree programs provides training for a particular career and are therefore considered professional degrees. Hunter offers BS degrees in five fields.

The Bachelor of Fine Arts (BFA) degree is a concentration in art for highly qualified students. The Studio Art - BFA is described in detail in the section devoted to the Art Department.

The Bachelor of Music (BMus) degree is designed for students who intend to perform professionally or to teach the performance of music. The Music - BMus program is described in detail in the section devoted to the Music Department.

The Bachelor of Arts (BA) degree is a concentration in art for highly qualified students. The Studio Art - BFA is described in detail in the section devoted to the Art Department.

The Bachelor of Music (BMus) degree is designed for students who intend to perform professionally or to teach the performance of music. The Music - BMus program is described in detail in the section devoted to the Music Department.

The Bachelor of Science (BS) degree programs provides training for a particular career and are therefore considered professional degrees. Hunter offers BS degrees in five fields.

The Bachelor of Music (BMus) degree is designed for students who intend to perform professionally or to teach the performance of music. The Music - BMus program is described in detail in the section devoted to the Music Department.

See Programs of Study for a list of programs

The CUNY (City University of New York) Baccalaureate degree is a university-wide program. This degree, awarded by CUNY rather than by a specific undergraduate CUNY college, may be a BS or BA degree and is intended for students who have well formulated individual academic and career goals. Students who are accepted work out their programs with a faculty committee of their choice that is willing to support the student’s plan of study. Students pursue their studies at one or more colleges in CUNY, according to their interests. Students must complete at least 15 but not more than 90 credits to be considered for admission to this program. Further information can be obtained from the CUNY/BA adviser in the Office of Advising Services, Room 1119 East Building.

Policy on Remediation

Beginning January 2000, students enrolling at Hunter College must prove their proficiency in reading, writing and mathematics through SAT scores, Regents scores or assessment tests prior to registration. Remedial courses are no
longer offered by the college. ESL and non-proficient SEEK students are exempt from this policy, but must adhere to the following guidelines (see the Admissions section of this catalog for information about ESL and SEEK designations): SEEK students must enroll in the appropriate basic skills workshop(s) prior to enrolling in their first semester at Hunter. SEEK students who do not gain proficiency in the pre-first semester workshops must take additional basic skills workshops during the semester. SEEK students must demonstrate proficiency within one year of enrollment at Hunter. SEEK students needing basic skills coursework must consult with the director of the SEEK Program for course access and availability. ESL students are placed in an appropriate developmental reading and/or writing course during their first semester and may continue taking developmental courses in their second semester, if needed. ESL students must demonstrate proficiency by the end of their fourth consecutive semester at Hunter. ESL students should see the ESL adviser in the English Department, Room 1212 Hunter West, for details about basic skills proficiency requirements.

College Preparatory Initiative

Students who graduated from high school in spring 1993 or later are required to satisfy a set of prescribed educational competencies known as the College Preparatory Initiative (CPI). Students who do not satisfy the Initiative through coursework taken while in high school take appropriate college-level courses to meet the requirement. See the Admissions section of this catalog for CPI requirements.

The Block Program

First-year students entering in the fall semester have the opportunity to begin their college careers by enrolling in a specially designed block of courses. Freshman Blocks are clusters of introductory-level courses designed to help students explore possible areas of interest within a community of 22 students. Each block section or course cluster has a general theme, and each course within the block section satisfies one or more college requirements. Since each course cluster provides a solid foundation for any major at the college, participation in any of the blocks does not limit a student’s future area of study. For more information on the Block Program, visit http://www.hunter.cuny.edu/studentservices/fao/blockprogram

The Bursar’s Office

Return to Enrollment, Tuition and Fees, Financial Aid

238 Hunter North
(212) 772-4401
www.hunter.cuny.edu/bursar; bursar@hunter.cuny.edu

The bursar’s office collects all tuition and fees and other funds for the college. The bursar’s receipt/paid bill is the only valid proof of registration payment.

Method of Payment for Tuition and Fees Students may pay for tuition and fees by cash, check, money order or acceptable credit card (MasterCard, American Express or Discover). The VISA card is not accepted. All checks and money orders must be made payable to Hunter College in U.S. currency only and mailed to the Bursar’s Office, N238. The college will only accept payments of cash, checks and money orders at the Bursar’s Office cashier windows. Students can make payments online using their credit card or an electronic funds transfer from their bank
checking/savings account. Additional details concerning payment options are available online at www.hunter.cuny.edu/bursar. A tuition payment plan can be arranged through TuitionPay for a $16.75 enrollment fee. Sallie Mae Tuition Pay permits students to pay semester expenses over a five-month period for the fall and spring terms and a three-month period for the summer.

For more information, please log on to www.tuitionpay.com/cuny or call 1-866-267-CUNY.

Financial Obligations Students are expected to settle their bill by the college’s designated due dates. Pursuant to CUNY policy, students who have unsettled bills are cancelled for non-payment. Student accounts that remain unpaid for one semester or more are turned over to the university’s collection agency. Students who have an unpaid balance or have not completed entrance/exit interviews for loan programs or other specific requirements of the college or an appropriate state or federal agency for which the university acts as either a disbursing or certifying agent will not be permitted to register for classes or obtain a transcript.

The City University of New York Policy on Acceptable Use of Computer Resources

Return to Public Safety, College Regulations and Policies

Introduction

CUNY’s computer resources are dedicated to the support of the university’s mission of education, research and public service. In furtherance of this mission, CUNY respects, upholds and endeavors to safeguard the principles of academic freedom, freedom of expression and freedom of inquiry.

CUNY recognizes that there is a concern among the university community that because information created, used, transmitted or stored in electronic form is by its nature susceptible to disclosure, invasion, loss, and similar risks, electronic communications and transactions will be particularly vulnerable to infringements of academic freedom. CUNY’s commitment to the principles of academic freedom and freedom of expression includes electronic information. Therefore, whenever possible, CUNY will resolve doubts about the need to access CUNY computer resources in favor of a user’s privacy interest.

However, the use of CUNY computer resources, including for electronic transactions and communications, like the use of other university-provided resources and activities, is subject to the requirements of legal and ethical behavior. This policy is intended to support the free exchange of ideas among members of the CUNY community and between the CUNY community and other communities, while recognizing the responsibilities and limitations associated with such exchange.

Applicability

This policy applies to all users of CUNY computer resources, whether affiliated with CUNY or not, and whether accessing those resources on a CUNY campus or remotely.
This policy supersedes the CUNY policy titled “CUNY Computer User Responsibilities” and any college policies that are inconsistent with this policy.

Definitions

“CUNY Computer resources” refers to all computer and information technology hardware, software, data, access and other resources owned, operated, or contracted by CUNY. This includes, but is not limited to, personal computers, handheld devices, workstations, mainframes, minicomputers, servers, network facilities, databases, memory, and associated peripherals and software, and the applications they support, such as e-mail and access to the internet.

“E-mail” includes point-to-point messages, postings to newsgroups and listservs, and other electronic messages involving computers and computer networks.

Rules for Use of CUNY Computer Resources

1. **Authorization** Users may not access a CUNY computer resource without authorization or use it for purposes beyond the scope of authorization. This includes attempting to circumvent CUNY computer resource system protection facilities by hacking, cracking or similar activities, accessing or using another person’s computer account, and allowing another person to access or use the user’s account. This provision shall not prevent a user from authorizing a colleague or clerical assistant to access information under the user’s account on the user’s behalf while away from a CUNY campus or because of a disability. CUNY computer resources may not be used to gain unauthorized access to another computer system within or outside of CUNY. Users are responsible for all actions performed from their computer account that they permitted or failed to prevent by taking ordinary security precautions.

2. **Purpose** Use of CUNY computer resources is limited to activities relating to the performance by CUNY employees of their duties and responsibilities. For example, use of CUNY computer resources for private commercial or not-for-profit business purposes, for private advertising of products or services, or for any activity meant solely to foster personal gain, is prohibited. Similarly, use of CUNY computer resources for partisan political activity is also prohibited.

   Except with respect to CUNY employees other than faculty, where a supervisor has prohibited it in writing, incidental personal use of computer resources is permitted so long as such use does not interfere with CUNY operations, does not compromise the functioning of CUNY computer resources, does not interfere with the user’s employment or other obligations to CUNY, and is otherwise in compliance with this policy.

3. **Compliance with Law** CUNY computer resources may not be used for any purpose or in any manner that violates CUNY rules, regulations or policies, or federal, state or local law. Users who engage in electronic communications with persons in other states or countries or on other systems or networks may also be subject to the laws of those other states and countries, and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular use.

   Examples of applicable federal and state laws include the laws of libel, obscenity and child pornography, as well as the following:

   - Family Educational Rights and Privacy Act
   - Electronic Communications Privacy Act
   - Computer Fraud and Abuse Act
   - New York State Freedom of Information Law

   New York State Law with respect to the confidentiality of library records Examples of applicable CUNY rules and policies include the following:
4. **Licenses and Intellectual Property** Users of CUNY computer resources may use only legally obtained, licensed data or software and must comply with applicable licenses or other contracts, as well as copyright, trademark and other intellectual property laws.

   Much of what appears on the internet and/or is distributed via electronic communication is protected by copyright law, regardless of whether the copyright is expressly noted. Users of CUNY computer resources should generally assume that material is copyrighted unless they know otherwise, and not copy, download or distribute copyrighted material without permission unless the use does not exceed fair use as defined by the federal Copyright Act of 1976. Protected material may include, among other things, text, photographs, audio, video, graphic illustrations, and computer software.

5. **False Identity and Harassment** Users of CUNY computer resources may not employ a false identity, mask the identity of an account or computer, or use computer resources to engage in abuse of others, such as sending harassing, obscene, threatening, abusive, deceptive, or anonymous messages within or outside CUNY.

6. **Confidentiality** Users of CUNY computer resources may not invade the privacy of others by, among other things, viewing, copying, modifying or destroying data or programs belonging to or containing personal or confidential information about others, without explicit permission to do so. CUNY employees must take precautions to protect the confidentiality of personal or confidential information encountered in the performance of their duties or otherwise.

7. **Integrity of Computer Resources** Users may not install, use or develop programs intended to infiltrate or damage a computer resource, or which could reasonably be expected to cause, directly or indirectly, excessive strain on any computing facility. This includes, but is not limited to, programs known as computer viruses, Trojan horses, and worms. Users should consult with the IT director at their college before installing any programs that they are not sure are safe.

8. **Disruptive Activities** CUNY computer resources must not be used in a manner that could reasonably be expected to cause or does cause, directly or indirectly, unwarranted or unsolicited interference with the activity of other users. This provision explicitly prohibits chain letters, virus hoaxes or other intentional e-mail transmissions that disrupt normal e-mail service. Also prohibited are spamming, junk mail or other unsolicited mail that is not related to CUNY business and is sent without a reasonable expectation that the recipient would welcome receiving it, as well as the inclusion on e-mail lists of individuals who have not requested membership on the lists, other than the inclusion of members of the CUNY community on lists related to CUNY business. CUNY has the right to require users of CUNY computer resources to limit or refrain from other specific uses if, in the opinion of the IT director at the user’s college, such use interferes with efficient operations of the system, subject to appeal to the President or, in the case of central office staff, to the Chancellor.

9. **CUNY Names and Trademarks** CUNY names, trademarks and logos belong to the university and are protected by law. Users of CUNY computer resources may not state or imply that they speak on behalf of CUNY or use a CUNY name, trademark or logo without authorization to do so. Affiliation with CUNY does not, by itself, imply authorization to speak on behalf of CUNY.

10. **Security** CUNY employs various measures to protect the security of its computer resources and of users’ accounts. However, CUNY cannot guarantee such security. Users are responsible for engaging in safe
computing practices such as guarding and not sharing their passwords, changing passwords regularly, logging out of systems at the end of use, and protecting private information, as well as for following CUNY’s Information Security policies and procedures. Users must report incidents of Information Security policy non-compliance or other security incidents to CUNY’s Chief Information Officer and Chief Information Security Officer, and the IT director at the affected user’s college.

11. Filtering CUNY reserves the right to install spam, virus and spyware filters and similar devices if necessary in the judgment of CUNY’s Office of Information Technology or a college IT director to protect the security and integrity of CUNY computer resources. Notwithstanding the foregoing, CUNY will not install filters that restrict access to e-mail, instant messaging, chat rooms or websites based solely on content.

12. Confidential Research Information Principal investigators and others who use CUNY computer resources to store or transmit research information that is required by law or regulation to be held confidential or for which a promise of confidentiality has been given, are responsible for taking steps to protect confidential research information from unauthorized access or modification. In general, this means storing the information on a computer that provides strong access controls (passwords) and encrypting files, documents, and messages for protection against inadvertent or unauthorized disclosure while in storage or in transit over data networks. Robust encryption is strongly recommended for information stored electronically on all computers, especially portable devices such as notebook computers, Personal Digital Assistants (PDAs), and portable data storage (e.g., memory sticks) that are vulnerable to theft or loss, as well as for information transmitted over public networks. Software and protocols used should be reviewed and approved by CUNY’s Office of Information Technology.

13. CUNY Access to Computer Resources CUNY does not routinely monitor, inspect, or disclose individual usage of its computer resources without the user’s consent. In most instances, if the university needs information located in a CUNY computer resource, it will simply request it from the author or custodian. However, CUNY IT professionals and staff do regularly monitor general usage patterns as part of normal system operations and maintenance and might, in connection with these duties, observe the contents of Web sites, e-mail or other electronic communications. Except as provided in this policy or by law, these individuals are not permitted to seek out contents or transactional information, or disclose or otherwise use what they have observed. Nevertheless, because of the inherent vulnerability of computer technology to unauthorized intrusions, users have no guarantee of privacy during any use of CUNY computer resources or in any data in them, whether or not a password or other entry identification or encryption is used. Users may expect that the privacy of their electronic communications and of any materials contained in computer storage in any CUNY electronic device dedicated to their use will not be intruded upon by CUNY except as outlined in this policy.

CUNY may specifically monitor or inspect the activity and accounts of individual users of CUNY computer resources, including individual login sessions, e-mail and other communications, without notice, in the following circumstances:

a. When the user has voluntarily made them accessible to the public, as by posting to Usenet or a Web page;

b. When it is reasonably necessary to do so to protect the integrity, security, or functionality of CUNY or other computer resources, as determined by the college chief information officer or his or her designee, after consultation with CUNY’s chief information officer or his or her designee;

c. When it is reasonably necessary to diagnose and resolve technical problems involving system hardware, software, or communications, as determined by the college chief information officer or his or her designee, after consultation with CUNY’s chief information officer or his or her designee;
d. When it is reasonably necessary to protect CUNY from liability, or when failure to act might result in significant bodily harm, significant property loss or damage, or loss of significant evidence, as determined by the college president or a vice president designated by the president, after consultation with the Office of General Counsel and the Chair of the University Faculty Senate (if a CUNY faculty member’s account or activity is involved) or Vice Chair if the Chair is unavailable;

e. When there is a reasonable basis to believe that CUNY policy or federal, state or local law has been or is being violated, as determined by the college president or a vice president designated by the president, after consultation with the Office of General Counsel and the Chair of the University Faculty Senate (if a CUNY faculty member’s account or activity is involved) or Vice Chair if the Chair is unavailable;

f. When an account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns, as determined by the college president or a vice president designated by the president and the college chief information officer or his or her designee, after consultation with CUNY’s chief information officer or his or her designee, the Office of General Counsel, and the Chair of the University Faculty Senate (if a CUNY faculty member’s account or activity is involved) or Vice Chair if the Chair is unavailable; or

g. As otherwise required by law.

In those situations in which the Chair of the University Faculty Senate is to be consulted prior to monitoring or inspecting an account or activity, the following procedures shall apply: (i) the college president shall report the completion of the monitoring or inspection to the Chair and the CUNY employee affected, who shall also be told the reason for the monitoring or inspection, except where specifically forbidden by law; and (ii) if the monitoring or inspection of an account or activity requires physical entry into a faculty member’s office, the faculty member shall be advised prior thereto and shall be permitted to be present to observe, except where specifically forbidden by law.

A CUNY employee may apply to the General Counsel for an exemption from some or all of the circumstances under which CUNY may inspect and monitor computer resource activity and accounts, pursuant to subparagraphs (a)-(f) above, with respect to a CUNY computer resource used solely for the collection, examination, analysis, transmission or storage of confidential research data. In considering such application, the General Counsel shall have the right to require the employee to affirm in writing that the computer resource will be used solely for the confidential research. Any application for exemption should be made prior to using the computer resource for the confidential research.

CUNY, in its discretion, may disclose the results of any general or individual monitoring or inspection to appropriate CUNY personnel or agents, or law enforcement or other agencies. The results may be used in college disciplinary proceedings, discovery proceedings in legal actions, or otherwise as is necessary to protect the interests of the university.

In addition, users should be aware that CUNY may be required to disclose to the public under the New York State Freedom of Information Law communications made by means of CUNY computer resources in conjunction with university business.

Any disclosures of activity of accounts of individual users to persons or entities outside of CUNY, whether discretionary or required by law, shall be approved by the General Counsel and shall be conducted in accordance with any applicable law. Except where specifically forbidden by law, CUNY employees subject to such disclosures shall be informed promptly after the disclosure of the actions taken and the reasons for them.

The Office of General Counsel shall issue an annual statement of the instances of account monitoring or inspection that fall within categories (d) through (g) above. The statement shall indicate the number of such instances and the cause and result of each. No personally identifiable data shall be included in this statement.

See CUNY’s Web Site Privacy Policy for additional information regarding data collected by CUNY from visitors to the CUNY website at www.cuny.edu.
14. Enforcement Violation of this policy may result in suspension or termination of an individual’s right of access to CUNY computer resources, disciplinary action by appropriate CUNY authorities, referral to law enforcement authorities for criminal prosecution, or other legal action, including action to recover civil damages and penalties.

Violations will normally be handled through the university disciplinary procedures applicable to the relevant user. For example, alleged violations by students will normally be investigated, and any penalties or other discipline will normally be imposed, by the Office of Student Affairs.

CUNY has the right to temporarily suspend computer use privileges and to remove from CUNY computer resources material it believes violates this policy, pending the outcome of an investigation of misuse or finding of violation. This power may be exercised only by the President of each college or the Chancellor.

15. Additional Rules Additional rules, policies, guidelines and/or restrictions may be in effect for specific computers, systems, or networks, or at specific computer facilities at the discretion of the directors of those facilities. Any such rules which potentially limit the privacy or confidentiality of electronic communications or information contained in or delivered by or over CUNY computer resources will be subject to the substantive and procedural safeguards provided by this policy.

16. Disclaimer CUNY shall not be responsible for any damages, costs or other liabilities of any nature whatsoever with regard to the use of CUNY computer resources. This includes, but is not limited to, damages caused by unauthorized access to CUNY computer resources, data loss, or other damages resulting from delays, non-deliveries, or service interruptions, whether or not resulting from circumstances under the CUNY’s control.

Users receive and use information obtained through CUNY computer resources at their own risk. CUNY makes no warranties (expressed or implied) with respect to the use of CUNY computer resources. CUNY accepts no responsibility for the content of Web pages or graphics that are linked from CUNY Web pages, for any advice or information received by a user through use of CUNY computer resources, or for any costs or charges incurred by a user as a result of seeking or accepting such advice or information.

CUNY reserves the right to change this policy and other related policies at any time. CUNY reserves any rights and remedies that it may have under any applicable law, rule or regulation. Nothing contained in this policy will in any way act as a waiver of such rights and remedies.

The Cost of Education

Return to Financial Aid

Federal Financial Aid updates for 2012-2013

Applicants can no longer submit federal1040 tax forms as proof of verification of income.

If applicants are required to verify 2011 income, applicants must request a 2011 IRS Tax Return Transcript from the Internal Revenue Service (IRS) www.irs.gov or by calling 1-800-908-9946.

IRS Data Retrieval Tool
The IRS Data Retrieval Tool allows applicants who have already filed their federal income tax returns to prefill the answers to some questions on the Free Application for Federal Student Aid (FAFSA) by transferring data from their federal income tax returns. This can save the family some time in completing the FAFSA. It may also reduce the likelihood that your FAFSA will be selected for verification.

Applicants must have filed their federal income tax returns before they can use the IRS Data Retrieval Tool. The IRS Data Retrieval Tool can be used 1-2 weeks after the federal income tax return is filed if the return is filed electronically and 6-8 weeks after filing a paper return.

Federal Pell Grant eligibility is restricted to a maximum of 12 full-time semesters (600%).

Effective with the 2012-2013 award year, the calculation of the duration of your Pell I grant eligibility will include ALL years you received Federal Pell grant funding. Your Pell grant duration will be determined by adding together each of your annual percentages of the scheduled award that were disbursed to you. A student enrolled full-time throughout the fall and spring semesters would earn 100% of their Pell Grant each year.

Satisfactory Academic Progress Standards for federal financial aid are more restrictive.

Effective July 1, 2012, if you are placed on academic probation you will be ineligible for Pell Grant. EOG, Federal Work-Study, Federal Perkins and Federal Direct Student Loans. If you can demonstrate exceptional or extraordinary circumstances resulted in your failure to satisfy academic requirements you may appeal to receive federal funding. The student’s academic advisor must submit an "academic action plan" that indicates it will be possible for the student to regain eligibility for the next semester.

Undergraduate Direct Subsidized loan interest rates will increase to 6.8%.

Effective July 1, 2012 the Federal Direct Stafford subsidized loan will remain interest-free while undergraduate students are enrolled in school at least half-time, however the interest rate will increase from 3.4% to 6.8%.

Subsidized loans for graduate students are no longer available.

Effective July 1, 2012 graduate students will no longer be eligible for subsidized loans. While the total annual loan limit that students can borrow will remain at $20,500, the full amount will be unsubsidized, accruing a 6.8% interest while in school.

Elimination of origination fee rebate on Stafford loans and Parent & Graduate PLUS loans beginning with the 2012-13 academic year.

This change will result in a 1% origination fee for all Direct Stafford loan subsidized & unsubsidized borrowers. A 4% origination fee will be assessed for all Parent PLUS and Graduate PLUS loan borrowers.

The Cost of Education

Cost must be considered when a student is making decisions about whether, where and when to attend college. A student budget is used as an estimate of the amount of money it will cost a student to attend college. The budget includes allowances for tuition, fees, books, transportation, housing, food and personal expenses. Additional allowances may be made for unusual expenses such as dependent care costs.

Student budgets are set each year by CUNY. They reflect the average expenses of all students who are living with their parents or living away from their parents. Students with disabilities should speak to a financial aid counselor about budget adjustments for their special needs.

The 2007-2008 Hunter College budgets for full-time undergraduate students who are charged the NY State resident tuition rate are as follows for the 9-month period of the fall and spring semesters:
## Living With Parents vs. Living Away from Parents

<table>
<thead>
<tr>
<th></th>

<tr>
<td><strong>Total</strong></td>
<td><strong>$12,434</strong></td>
<td><strong>$22,615</strong></td>
</tr>
</tbody>
</table>

*Note: Tuition charges are estimates for full-time New York State residents based on 2012-2013 tuition charges. Actual tuition charges for New York State residents, out-of-state residents and international students for full-time and part-time study can be found in the Schedule of Classes.*

*The Housing component of the Living Away from Parent budget is derived using average housing costs for a rental apartment in metropolitan New York and using the assumption that the student is sharing the cost of housing with a roommate. The Personal component includes an allowance for medical expenses and/or health insurance.*

### Student Resources

In reviewing the student budget, a prospective student should consider the resources they will have from earnings and savings, the amount that parents can contribute and any benefits the prospective student receives, such as Social Security, veteran’s benefits, unemployment or public assistance. Summer employment can help to meet the first costs of enrollment and the prospective student should plan to save money from summer earnings. Cash will be needed at the beginning of the school year for books, supplies and transportation.

### Packaging

Rather than using one source of funds to finance their education, students may receive a combination of funds from a number of programs for which they are eligible. This system for allocating aid is called packaging. Funds will be allocated first to meet the basic costs of attendance (tuition, books, transportation). If funding permits, other living expenses will then be addressed.

Applications for financial aid must be filed each year. FAFSA on the Web for the coming academic year is available starting on January 1.

### Study Abroad

Students who enroll in an overseas program of study approved by Hunter College are eligible to receive federal financial aid and, in some cases, state aid. The coursework for which they enroll must be applicable to their degree at Hunter College. Contact the Office of Programs Abroad at (212) 772-4983 for further information about study abroad.
The Grading System

Students are to be graded in courses according to the traditional system of letter grades (A, B, C, D and F).

Retention Standards The Board of Trustees has mandated uniform student retention standards for all the colleges that are part of the City University system. Under these standards, decisions about whether or not students may continue in a CUNY college are made on the basis of the grade point average (GPA). In order to make these decisions, course grades are assigned quality points (which count toward the GPA), as shown in the following table:

<table>
<thead>
<tr>
<th>Quality Points</th>
<th>Grade Definition</th>
<th>(GPA Index)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>97.5 - 100%</td>

<tr>
<td>INC</td>
<td>Term’s work incomplete. This may include absence from final examination.</td>
<td>-</td>
</tr>
<tr>
<td>FIN</td>
<td>F from incomplete; an administrative grade used when INC reverts to F; this occurs if grade is not made up by the end of the following semester.</td>
<td>0</td>
</tr>
<tr>
<td>#F, #FIN, #WU</td>
<td>failing grade course repeated</td>
<td>-</td>
</tr>
</tbody>
</table>
WN  (equivalent to F) for fall 2008, spring 2009 and summer 2009 ONLY

*WN  Unofficial withdrawal (Student never attended) - Not counted towards GPA

Y  Year’s course of study - must complete entire year of study. Students cannot graduate with a Y grade on record. See the instructor for department chair for a change of grade.

AUD  Auditor - No Credit

Z  No grade submitted by instructor (an administrative grade which cannot be assigned by the instructor). Students cannot graduate with a Z grade on record. see the instructor or department chair for a change of grade

&  (preceding a letter grade): authorized course was repeated

*  (preceding a letter grade): unauthorized course was repeated

WA  Administrative withdrawal - Proof of immunization not provided

**Credit/No Credit** A system based on the non-letter grades of Credit/No Credit, where Credit is the equivalent of A, B or C and No Credit is the equivalent of D or F. Credit/No Credit grades are not averaged into the GPA; course requirements are the same as in the traditional grading system.

ALERT/NOTE: OTHER COLLEGES, GRADUATE SCHOOLS, PROFESSIONAL SCHOOLS, SERVICES AND EMPLOYERS MAY LOOK WITH DISFAVOR UPON THE USE OF THE CREDIT/NO CREDIT GRADING OPTION AND MAY EVEN CONVERT CREDIT TO C AND NO CREDIT TO F FOR THEIR PURPOSES.

ALERT/NOTE: ELIGIBILITY FOR SOME FINANCIAL AID GRANTS MAY BE AFFECTED BY THE CHOICE OF CREDIT/NO CREDIT GRADES. THIS MUST BE CHECKED BY STUDENTS BEFORE THE OPTION OF CREDIT/NO CREDIT GRADES IS TAKEN.

There are certain restrictions about how and when the student may choose the Credit/No Credit system:

a. A maximum of four courses (including repeated courses) at Hunter College may be taken on a Credit/No Credit basis excluding remedial/developmental courses and any courses with mandatory CR/NC grading.

b. Credit/No Credit grades are not allowed for students on probation.

c. When a student chooses the Credit/No Credit option and earns a D as the final grade, the student may choose to receive either the D or a grade of No Credit.

d. If (as a result of a student’s request) a Credit/No Credit is given where it is not an allowed grade according to existing regulations, it will be converted to a letter grade by the Registrar’s Office, Room 217 Hunter North. Credit grades will be changed to C; No Credit grades will be changed to F.

e. With approval of the Senate, departments may prohibit the use of Credit/No Credit grades in major courses, especially in those areas in which outside certification is required. Credit/No Credit grades are not permitted in education, nursing, pre-engineering, premedical, health sciences, nutrition and food science and prelaw. All students should check with their departmental advisers for specific policies.
The Credit/No Credit system may be elected by students up until the beginning of the final exam (or the due date for handing in the last term paper, if there is no final exam). Credit/No Credit forms are available on the Office of the Registrar web page at registrar.hunter.cuny.edu/forms/ncrform.pdf. Full instructions are included on the form. Credit/No Credit is an agreement between a student and the student’s instructor or professor. When departmental policies allow, request forms must be accepted by the instructor. Students requesting grading according to this system must satisfy whatever attendance requirement has been set by the instructor, complete all the assignments and take the final examination. It should be noted that the grade of No Credit shall be used only to replace the academic grades of D and F. It shall not be used to replace the grades of WU or IN. A No Credit grade may not override the FIN grade.

Courses at Other Accredited Institutions (Permit)

Currently enrolled degree students may take courses at other accredited institutions (CUNY or other) provided the appropriate procedures are followed. A department may refuse to authorize a permit if, in its judgment, it is inappropriate to do so.

Students wishing to apply for courses at another CUNY campus may apply to do so by registering for an E-permit through the CUNY portal at www.cuny.edu. At the CUNY portal home page, you must log in to begin the process. Students wishing to register for courses at non-CUNY institutions must complete a permit form to attend another college. The form is available in the Records Division of the Office of the Registrar, 233 Hunter North.

In all cases, permits are authorized by the appropriate department and administered by the Office of the Registrar.

It is the responsibility of students who study at other institutions to have official transcripts of their work sent to the Office of the Registrar as soon as grades are posted. Effective fall 2004, grades for courses taken on permit at CUNY schools are posted to the student’s record and are computed in the GPA. All permit credits must be posted to student’s Hunter transcripts prior to graduation.

*Note: Hunter students may not take courses on permit during their final semester prior to graduation.*

Study Abroad Grading

Grades for courses taken by Hunter College students through the Education Abroad office that are not taught by Hunter faculty will appear in the "Comments" section of the official Hunter College transcript. These grades will not be included in the calculation of the student's Grade Point Average.

Graduation-in-Absentia

Undergraduate students who need 15 credits or fewer to fulfill their degree requirements and who have completed the General Education Requirement (including pluralism and diversity, writing and foreign language) and the major requirements and have fulfilled all college requirements for graduation, may apply for graduation-in-absentia if they must leave the city before completing their studies. They may attend an accredited college in the United States or abroad. Students who must leave before these criteria are met should apply for transfer to another college. Students should contact Advising Services, Room 1119 East http://www.hunter.cuny.edu/studentservices/advising for more information.

Retention on the Basis of Grade Point Average

General scholarship is indicated by a college GPA (also referred to as the “cumulative index” or “index”). Each student is expected to know how to figure the GPA and is expected to compute it each semester. Students admitted with advanced standing or transfer credits cannot use previous grades earned at other colleges in the computation of the GPA, but the number of their transfer credits will be added to the total Hunter College credits to determine retention. This means that students must have achieved a given GPA by the time they have completed a certain number of credits or they will be placed on probation and if insufficient improvement is made within a specified period, they will be subject to dismissal for poor scholarship. The standards guiding these decisions are as follows:
Retention and Probation—Undergraduate The grade point average earned over the total period of a student’s attendance indicates the adequacy of each student’s scholarship. Below you will find minimum standards for retention and probation. Students who fail to achieve the required academic standards will be placed on academic probation. During this probationary period students who make satisfactory academic progress will continue to maintain their academic standing with the college and their concurrent eligibility for financial aid. Students who fail to achieve the required academic standards while on probation will be dismissed from Hunter College and the university system. Reminder: Academic requirements are the student’s responsibility. A student is automatically on probation when he/she fails to achieve the required standards, whether he/she has received notification of such probation from the college or not. Therefore, always be aware of your cumulative GPA. Students on academic probation should visit the Center for Student Achievement, Room 417 Hunter West.

The following table shows the minimum grade point average which each undergraduate student must meet:

<table>
<thead>
<tr>
<th>Total Credits Computed for the GPA (A+ through F, WU, and FIN)</th>
<th>Cumulative GPA (Index)</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-12</td>
<td>1.5</td>
</tr>
<tr>
<td>13-24</td>
<td>1.75</td>
</tr>
<tr>
<td>25+</td>
<td>2.0</td>
</tr>
</tbody>
</table>

The academic probation status remains on students’ record for the entire semester on which the code was placed. Change of grades will only affect students’ probation status at the end of the semester in which the change of grade is posted. For example if a change of grade is submitted mid-semester resulting in the student’s GPA being raised to the required GPA the probation code will not be removed. Conversely, if the change of grade results the student’s grade point average dropping below the required GPA the student will not be placed on probation mid-semester. The probation code is removed at the end of the semester if the student’s GPA reaches the required GPA.

Summer sessions are considered part of the following fall semester, therefore, grades earned during the summer sessions will impact students’ probation status at the end of the following fall semester.

Hunter’s normal probation appeals procedure will continue to consider individual cases and to make such exception to these policies as circumstances may warrant.

 Students dropped from the college may not be readmitted until they have been separated from the university for at least one semester or equivalent calendar time. Students must obtain an application for readmission at the Office of Undergraduate Admissions, Room 203 Hunter North. Students who are separated from the college may not enroll for credit-bearing courses in any unit of the university in any status.

Dismissal from the College and the City University

Students who fail to achieve the required academic standards will be placed on academic probation. Students who fail to achieve the required academic standards while on probation will be dismissed from Hunter College and the CUNY system.

Students may appeal an academic dismissal and should discuss the preparation of such an appeal with an academic adviser in the Office of Advising Services, Room 1119 Hunter East. The Senate Committee on Student Standing reviews all appeals and makes the final determinations.

Tuition and fees will be refunded to a student who is dismissed for failure to meet the required academic standards after having registered.
Students who withdraw from the college when their GPA is below the required academic standards will be automatically dismissed from the university. Students who have been dismissed or who have withdrawn when their GPA is below required academic standards may not be readmitted until they have been separated from the university system for at least one fall or spring semester. Students who wish to apply for readmission after separation of one or more semesters must file an application at the Office of Admissions, Room 203 Hunter North. Applications must be filed at least three months prior to the beginning of the semester in which the student plans to re-enter.

Until such time as they are eligible to apply for readmission, students who are separated from the university may not enroll for credit-bearing courses in any unit of the university in any status.

Incomplete Work in Course When a student for valid reason does not complete the work assigned in a course (including the final exam, papers, etc.) and in the view of the instructor still has a reasonable chance to pass the course, the student shall be given the grade INC (incomplete). The student must explain the reason to the instructor or, in the absence of the instructor, to the department chair and arrange a schedule for making up the missing coursework. These steps must be taken as soon as possible and no later than the end of the second week of the following semester. The student shall then be given the opportunity to complete the course without penalty beyond previously established penalties for lateness.

The length of time permitted for completing missing coursework remains at the discretion of the instructor and shall be indicated in writing to the student, but shall not extend beyond the end of the semester following the one in which the course was taken. Unless the student submits the work by the date specified by the instructor, the grade will automatically become FIN on the student’s permanent record. (Under certain circumstances, where the student must repeat class sessions or laboratories in a course not given during the following semester, the FIN grade may later be converted to the appropriate letter grade.)

Instructors and departments may choose to have make-up final examinations administered by the college. Such examinations will be given before Monday of the seventh week of the following semester. It is the responsibility of the student who must take an absentee examination to determine from the instructor or department whether it will be administered by the college, to file the appropriate form and to pay any required fee by the deadline specified by the college.

If the faculty member wishes to extend the deadline for the student to complete the coursework beyond one semester, the faculty member and the student must enter into a written contract clearly specifying the deadline. This contract must be written during the semester following the one in which the course was taken. The student must be aware that the INC grade will change to a FIN grade until the work is completed. The written contract must accompany the change of grade form. If a student has not filed a contract with the faculty member but still wishes to complete the work and have a FIN grade changed, the student can appeal to the Senate Grade Appeals Committee. The appeal must include the reason for failing to complete the work and must be accompanied by a supporting letter from the faculty member who issued the INC grade or, if the faculty member is no longer at the college, from the department chair. Appeals with no endorsement will be denied.

Repeating Courses

1. Students shall not be permitted to repeat a course in which they have received a grade of A, B, C or CR unless that course has been designated as repeatable in the course description of the college catalog.

2. Students may repeat a course in which a D was received only if approved by the department. The credit for that course will be applied toward the degree once, but both the grade of D and the second grade earned are calculated in the grade point average. If the course is part of a sequence, it should be repeated before continuing the sequence.

3. A student who has received a grade of D may re-register for the course only with the permission of the department offering the course.

4. If a student receives a failing grade (F, WU, FIN) in a course and then retakes that course and receives a grade of A, B, C or CR, the initial failing grade will remain on his/her academic record, but will no longer be computed into the
grade point average. A “Failing Grade Course Repeat Form” must be filed in the OASIS, Room 217 Hunter North. This form is available online at http://registrar.hunter.cuny.edu/subpages/forms.shtml.

- The original course in which the failing grade was received must have been taken after September 1, 1984 and repeated after September 1, 1990.

- No more than 16 credits may be deleted from the calculation of the cumulative grade point average. If two or more failing grades have been received for the same course and a grade of C, CR or better is subsequently earned, all of the failing grades for that course will be deleted from the grade point average, subject to the 16-credit limit.

- The 16-credit limit applies cumulatively to courses taken at all CUNY colleges. The repeated course must be taken at the same college as the initially failed course.

**School of Nursing**

In order to be allowed to continue in the nursing major, students must receive minimum grades of C in all required nursing courses. One required nursing course (Generic Pathway: NURS 20000, NURS 31000, NURS 31200, NURS 33100, NURS 33200, NURS 38000, NURS 41000, NURS 41200, NURS 41900, NURS 42100; RN Pathway: NURS 37900, NURS 38000, NURS 38100, NURS 38400, NURS 48000, NURS 48200) is repeatable once by students who have received a failing grade. Students who fail a second required nursing course in the sequence may not repeat that course and may not continue in the nursing major. This policy applies even though a grade appeal is in progress.

*Note: Other colleges, graduate schools, professional schools, services and employers may calculate a grade point average inclusive of the failing grades. For questions regarding this policy, check with the Office of Advising Services, Rm 1119 East Building.*

**The Registrar's Office**

Return to Enrollment, Tuition and Fees, Financial Aid

217 Hunter North
Web site: http://registrar.hunter.cuny.edu

The Office of the Registrar designs and implements efficient systems for student registration, class scheduling, and room assignments; creates and maintains accurate academic records, and ensures the integrity of the Hunter College degree.

The Office of the Registrar also accepts and/or issues:

- Withdrawals with a grade of W up to the first day of the tenth week of class;
- Permit application requests to attend classes at non-CUNY colleges;
- Academic department-approved Major declaration forms;
- Change of Name and Address forms;
- Certification of attendance or graduation;
- Degree Audit for Graduation forms;
Electronic transcript requests. There is a fee of $7 per transcript, except for transcripts sent to other units of the City University, which are free.

Jason Young, Associate Professor, Psychology; BA Indiana, PhD Minnesota
Transfer (Advanced Standing) Admission

Return to Admission to the College

Students who attended a regionally accredited college or university after graduation from high school must file a CUNY Transfer (Advanced Standing) application. Transfer applicants are considered for admission with advanced standing if they have a minimum of a 2.5 average; some programs may be higher. Applicants with fewer than 24 credits must also satisfy freshman admission criteria.

Nondegree students who are in attendance at Hunter College as well as those who were previously enrolled, in addition to meeting the above stated criteria, must have had a minimum grade point average of 2.0 in their Hunter coursework.

Transfer admissions decisions and determinations of advanced standing are made by the Hunter College Admissions Office on the basis of work done as a matriculated student at regionally accredited two- and four-year colleges and universities. Only courses in which a student has earned a grade of C or better (D from CUNY colleges) can be accepted for transfer. Transfer credit will not be granted for any remedial, developmental or ESL coursework.

Graduate coursework is not transferrable to the undergraduate degree program.

Transfer students from CUNY community colleges who have earned an AA or AS degree are admitted to the college, awarded junior status and considered to have satisfied core course requirements. However, depending upon the major selected at Hunter, some students may need more than 60 additional credits in order to complete Hunter’s bachelor’s degree requirements. Transfer students from CUNY colleges who have not earned a two-year AA or AS degree and transfer students from non-CUNY colleges are awarded credit for previous work on a course-by-course basis. All transfer students, including those entering with CUNY AA and AS degrees, must fulfill the college’s foreign language and Pluralism and Diversity, and Writing requirements.

The maximum total number of credits that may be transferred to Hunter College is 90. There is a 70-credit limit on the number of credits that may be transferred from two-year institutions.

Applicants are required to report and provide transcripts for all previous college coursework including coursework that was in progress at the time of application. Failure to do so may result in disciplinary action and the denial of transfer credit.

Tuition and Fees

Return to Enrollment, Tuition and Fees, Financial Aid

Effective Fall 2012

All tuition and fee charges listed in this catalog and in any registration materials issued by the college are subject to change by action of the Trustees of the City University of New York without prior notice.

Undergraduate – Matriculated
Resident

- Full-time: $2,715/semester
- Part-time: $230/credit

Non-Resident

- Full-time: $485/credit
- Part-time: $485/credit

**Other Undergraduate**

Resident

- Non-degree: $340/credit
- *Senior Citizen fee: $65/semester
  - or session (plus a $15 consolidated services fee)
- *Enrollment on a “space available” basis only

Non-resident

- Non-degree: $720/credit

Credits in Excess of 18

- Less than or equal to two: $100
- Greater than two but less than or equal to four: $230
- Greater than four but less than or equal to six: $460
- Greater than six: $690

**Graduate (Masters) Except School of Social Work and Doctoral Nursing Program (DNP)**
Resident

Full-time $4,345/semester
Part-time $365/credit
Excess hours $65/hour

Non-Resident

Full-time $675/credit
Part-time $675/credit
Excess hours $85/hour

Maintenance of Matriculation:

Residents $180.00
Non-Residents $295.00

Masters in Social Work and Doctoral Nursing Program (DNP)

Resident

Full-time $5,740/semester
Part-time $485/credit

Non-Resident

Full-time $775/credit
Part-time $775/credit

Excess Contact Hours for Graduate courses that have more contact hours than credit hours

NY State residents $65 per excess contact hour
Combined BA-MA Program:

Students in combined programs will pay undergraduate tuition rates up to the number of credits required to earn a baccalaureate degree in that particular program. Any credits in excess of that number toward the combined degree are billed at the graduate level. A combined BA-MA degree ranges from 120 to 141 credits.

Material Fee
Certain courses such as laboratory or studio courses, have a material fee. These fees are listed in the course description for each applicable course. The fees will be included in the student’s bill and are payable to the bursar. Senior Citizens who choose to take one of these courses will be required to pay the material fee.

**Refunds**

**Cancellation Policy**

The college’s cancellation policy is both published on our website (www.hunter.cuny.edu/bursar/tuition-fees/cancellation-of-classes) and detailed on student’s online bills found on eSIMSs. The policy is also outlined in the schedule of classes.

**CUNY Policy** This policy relates to all students who withdraw from courses prior to the 1st day of the 4th week of class. The refund policy is as follows:

100% tuition and fees prior to 1st official day of classes

75% tuition only prior to 1st day of 2nd week of classes

50% tuition only prior to 1st day of 3rd week of classes

25% tuition only prior to 1st day of 4th week of classes

**Federal Title IV Funds/Pro-Rata Refunds** Students who completely and officially withdraw or unofficially withdraw from ALL their class(es) and who receive Federal Financial Aid are subject to a Return of Title IV Funds Calculation. The college will calculate how much Title IV aid has been earned by the student based on a period of attendance. The unearned portion of the Title IV funds must be returned to the Department of Education by the college and the student. It is recommended that all students who have financial aid and plan to withdraw from classes seek the advice of the Bursar’s Office before taking any action.

**Special Provisions for Students in the Military**

The following policies apply to students who leave CUNY to fulfill military obligations. Military personnel for whom these provisions apply must register each semester with the Veterans Affairs representative in Student Affairs, Room 1119 Hunter East.

**Students called up to the reserves or drafted before the end of the semester**

A. **Grades** In order to obtain a grade, a student must attend 13 weeks (five weeks for summer session).

B. **Refunds** A student called up to the reserves or drafted who does not attend for a sufficient time to qualify for a grade is entitled to a 100% refund of tuition and all other fees except application fees.

**Students who volunteer (enlist) for the military**
A. **Grades** Same provision as for students called up to the reserves. In order to obtain a grade, a student must attend 13 weeks (five weeks for summer session).

B. **Refunds** The amount of the refund depends upon whether the withdrawal is before the 5th week of classes.
   1. Withdrawal before beginning of the 5th calendar week (3rd calendar week for summer session): 100% refund of tuition and all other fees except application fees.
   2. Withdrawal thereafter: 50% refund.

### Other Provisions for Military Service:

A. **Resident Tuition Rates** These lower rates are applicable to all members of the armed services, their spouses and their dependent children, on full-time active duty and stationed in the State of New York.

B. **Re-enrollment of Veterans** Veterans who are returning students are given preferred treatment in the following ways:
   1. Veterans who were former students with unsatisfactory scholastic records, may be readmitted with a probationary program.
   2. Veterans, upon their return, may register even after normal registration periods, without late fees.
   3. Granting of college credit for military service and armed forces instructional courses.
   4. Veterans returning too late to register may audit classes without charge.

C. **Late Admissions** Veterans with no previous college experience are permitted to file applications up to the date of registration and are allowed to begin classes pending completion of their application and provision of supporting documents.

D. **Readmission Fee** Upon return from military service, a student will not be charged a Readmission Fee to register at the same college.

E. **Veterans Tuition Deferrals** Veterans are entitled to defer the payment of tuition pending receipt of veterans’ benefits.

F. **New York National Guard Tuition Waivers** Active members of the New York National Guard, who are legal residents of New York State and who do not have a baccalaureate degree, are eligible for a tuition waiver for undergraduate study.

G. For additional information, see the CUNY policy of military service. policy.cuny.edu/text/toe/mgp/ARTICLE%20VII/Policy%207.10/

### Financial Aid Processing Center:

1605 HE
(212) 772-5017

The primary role of the Financial Aid Processing Center (FAPC) is to help students fulfill their tuition obligation by processing financial aid in coordination with the Bursar’s and Financial Aid Offices. Additionally, this office administers the Federal Work Study and Federal Perkins Loan Programs, processes emergency loans and maintains accountability over all financial aid funded book advances.

### Urban Affairs and Planning
Return to the Faculty of the School of Arts and Sciences

Urban Affairs and Planning

Thomas Angotti, Professor, Urban Affairs and Planning Director of the Center for Community Planning and Development; BA Indiana State, MA, PhD Rutgers

John Chin, Associate Professor, Urban Affairs & Planning; Director of the Master of Urban Planning (MUP) Program; MS The New School of Social Research, PhD, MPhil Columbia

Jill S. Gross, Associate Professor, Urban Affairs and Planning; BA SUNY (Cortland), MSC London School of Economics, PhD CUNY

Owen Gutfruend, Associate Professor, Director of Master of Science in Urban Affairs Program; BA Vassar, PhD Columbia

Peter Kwong, Distinguished Professor, Urban Affairs and Planning; BA Whitman, BS, MA, PhD Columbia

Matthew G. Lasner, Assistant Professor, BA Columbia, MS London School of Economics; PhD Harvard

Lynn McCormick, Associate Professor, Urban Affairs and Planning; BS, MS Wisconsin (Madison), PhD MIT

Edwin Melendez, Professor; BA University of Puerto Rico, Rio Piedras Economics, MA University of CA, PhD University of Massachusetts

William Milczarski, Associate Professor, Urban Affairs and Planning; BS St. Peter’s, MCRP Rutgers, PhD Michigan (Dearborn)

Stanley Moses, Professor, Urban Affairs and Planning; BA City College, MA Hunter, PhD Syracuse

Laxmi Ramasubramanian, Associate Professor, Urban Affairs and Planning; M.Arch Anna University (India), MCP MIT, PhD Wisconsin (Milwaukee)

Sigmund Shipp, Associate Professor, Urban Affairs and Planning; BS Howard, MA Johns Hopkins, PhD Cornell

Susan Turner-Meiklejohn, Associate Professor, Urban Affairs and Planning; BA, MUP SUNY (Buffalo), PhD Michigan (Ann Arbor)

Joseph P. Viteritti, Thomas Hunter Professor of Public Policy and Chair, Urban Affairs and Planning; BA Hunter, PhD CUNY

Elaine Walsh, Associate Professor, Urban Affairs and Planning; BA Pace, MS, DSW Fordham
Visiting Students

Students currently in attendance at other than CUNY colleges who wish to take courses at Hunter College may enroll as visiting students. Visiting students attend Hunter in a nondegree classification and are subject to the same rules and regulations. Along with the Application for Nondegree Admission, visiting students must present to the Office of Admissions a college transcript indicating the completion of at least 24 academic credits.

CUNY students wishing to take courses at Hunter should file an E-Permit at their home school.

Women and Gender Studies

Meena Alexander, Distinguished Professor, English; BA Khartoum (Sudan), PhD Nottingham (UK)

Rosalind Petchesky, Distinguished Professor, Political Science; BA Smith, MA, PhD Columbia

Peter Kwong, Distinguished Professor, Urban Affairs and Planning; BA Whitman, BS, MA PhD Columbia

Virginia Valian, Distinguished Professor, Psychology; BA Michigan (Ann Arbor), MA, PhD Northeastern

Miriam Abramovitz, Professor, Social Work; BA Michigan (Dearborn), MSW, DSW Columbia

Christa Davis Acampora, Associate Professor, Philosophy; BA Hollins, BA, PhD Emory

Philip Alcabes, Associate Professor, Health Sciences; BA Union, MA California (Berkeley), MPh Columbia, PhD Johns Hopkins

Linda Martin Alcoff, Professor, Philosophy; BA, MA Georgia State, PhD Brown

Ronnie Ancona, Professor, Classical Studies, Classical and Oriental Studies; BA, MA Washington, PhD Ohio State

Thomas Angotti, Professor, Urban Affairs; Director of the Center for Community Planning and Development; BA Indiana State, MA, PhD Rutgers

Elizabeth Beaujour, Professor, Russian and Slavic Division, Classical and Oriental Studies; BA Vassar, MA Certificate of Russian Institute, PhD Columbia

Lynn S. Chancer, Professor, Sociology; AB Princeton, PhD CUNY

Martin Chodorow, Professor, Psychology; BA Texas (Austin), PhD MIT
Eduardo Contreras, Assistant Professor, History; BA Amherst, MA, PhD Chicago

Marithelma Costa, Professor, Romance Languages (Spanish); BA SUNY (Albany), MA Columbia, PhD CUNY

Gerald Creed, Professor, Anthropology; BA Duke, MA, PhD CUNY

Louise DeSalvo, Jenny Hunter Professor in Creative Writing and Literature, English; BA Douglass, MA, PhD NYU

Evelyne Ender, Professor, Romance Languages; PhD Universite De Paris VIII.

Susan L. Epstein, Professor, Computer Science; BA Smith, MS NYU, MS, PhD Rutgers

Kenneth Paul Erickson, Professor, Political Science; BA Michigan (Ann Arbor), PhD Columbia

Mira Felner, Professor, Theatre; BA, MA, PhD NYU

Randall Filer, Professor, Economics; BA Haverford, MA, PhD Princeton

Jennifer Gaboury, Associate Director, Women and Gender Studies; Lecturer, Political Science; BA UC Santa Cruz, MA New School

Tami Gold, Professor, Film and Media; BA Friends World College

Tamara M. Green, Professor, Classical Studies, Classical and Oriental Studies; BA, MA, PhD NYU

Barbara Hampton, Professor, Music; BMus Howard, MA California (Los Angeles), PhD Columbia

Cheryl Harding, Professor, Psychology; BA Bucknell, PhD Rutgers

Marjorie Honig, Professor and Chair, Economics; BA Chatham, MIA, PhD Columbia

Ehiedu Iweriebor, Professor and Chair, Africana and Puerto Rican/Latino Studies; BA, MA Ibadan (Nigeria), PhD Columbia

Nondita Mason, Professor, English; BA, MA Calcutta (India), PhD NYU

Pamela Mills, Professor, Chemistry; BS George Washington, MS, PhD Wisconsin (Madison).

Terry Mizrahi, Professor, Social Work; BA NYU, MSW Columbia, PhD Virginia

Jeffrey T. Parsons, Professor, Psychology; BA, MA, PhD Houston

Janet Patti, Professor, Curriculum and Teaching; BA, MS Hunter, EdD Northern Arizona

Maria G. Paynter, Professor, Romance Languages (Italian); BA Iona, MA, PhD Toronto (Canada)

Nadya L. Peterson, Associate Professor, Russian and Slavic Division, Classical and Oriental Studies; MA Moscow State, MA, PhD Indiana
Marta Petrusewicz, Professor, History; PhD Bologna (Italy)

Janet Poppendieck, Professor, Sociology; BA Duke, MSW, PhD Brandeis

Vita Rabinowitz, Professor, Psychology and Provost; BA Rutgers, MA, PhD Northwestern

Francesca Sautman, Professor, Romance Languages (French); BA Barnard, MA, PhD California (Los Angeles)

Laura S. Schor, Professor, History; BA Queens, MA, PhD Rochester

Ruth Sidel, Professor, Sociology; AB Wellesley, MSW Boston, PhD Union

Trudith M. Smoke, Professor, English; BA Queens, MA, PhD NYU

Ida Susser, Professor, Anthropology; AB Barnard, MA Chicago, PhD Columbia

Jewel Thompson, Professor, Music; BS Virginia State, MA, PhD Eastman School of Music

Cristina L. Alfar, Associate Professor and Chair, English; BA, MA Cal State (Fresno), PhD Washington

Kelly Anderson, Associate Professor, Film and Media Studies; BA Brown

Anthony Browne, Associate Professor, Africana and Puerto Rican/Latino Studies; BA Cornell, MA California (Los Angeles), MA, PhD Columbia

Monica Calabritto, Associate Professor, Romance Languages; Dottore in Lettere, Università di Pisa (Italy), MA, PhD CUNY

Margaret M. Chin, Associate Professor, Sociology; BA Harvard-Radcliffe, MA, PhD Columbia

Sarah Chinn, Associate Professor, English; BA Yale, MA, PhD Columbia

Diana Conchado, Associate Professor, Romance Languages (Spanish); BA Hunter, MA, PhD Brown

Darlene DeFour, Associate Professor, Psychology; BA Fisk, MA, PhD Illinois

Milagros Denis-Rosario, Assistant Professor, Africana and Puerto Rican/Latino Studies; BA University of Puerto Rico, M.P.S. Cornell, Ph.D. Howard University

Jennifer Holt Dwyer, Assistant Professor, Political Science; BA Raymond Callison, MA, PhD Chicago

Paolo Fasoli, Associate Professor and Chair, Romance Languages (Italian); Dottore in Lettere Università di Roma II (Italy), PhD Toronto (Canada)

Maria Luis Fischer, Associate Professor, Romance Languages (Spanish); Licenciatura en Literatura General (Chile), PhD Boston
