Hunter College Mission Statement

Hunter College is a comprehensive teaching, research and service institution, long committed to excellence and access in the education of undergraduate and graduate students in the liberal arts and sciences, as well as in several professional fields: education, health sciences, nursing and social work.

Founded in 1870, Hunter is one of the oldest public colleges in the country, dedicated from its earliest days to serving a student body that reflects the diversity of New York City. Hunter takes pride in the success it has had over the years in enabling the people of New York to combine the strengths of their varied experiences with the skills they need to participate effectively in the wider society.

Committed to the achievement of a pluralistic community, Hunter College offers a curriculum designed to meet the highest academic standards while also fostering understanding among groups from different racial, cultural and ethnic backgrounds.

The goal of a Hunter College education is to encourage the fullest possible intellectual and personal growth in each student. While preparation for specific careers is an important objective of many programs, the fundamental aim of the college experience as a whole is to develop a student's rational, critical and creative powers. Such development involves the abilities to conceptualize and analyze, to relate the concrete and particular to the abstract and general and to think and write logically and coherently. It also includes a broadening and deepening of outlook: an awareness of one's own and other cultures as well as of the enduring questions and answers concerning being, purpose and value that confront humanity. Finally, the educational experience at Hunter is intended to inspire a zest for learning as well as to bring the recognition that learning is pleasurable and knowledge is useful.

While teaching and research are its primary missions, community service is also an essential goal of the college. Hunter faculty seek to generate new knowledge and to design programs to address the myriad cultural, social and political needs of New York City and the world at large.

THE COLLEGE

Hunter College is part of The City University of New York (CUNY), the nation’s largest urban university. CUNY comprises 11 senior colleges, six community colleges, a graduate school, a school of journalism and a law school.

Known for its rich and academically rigorous environment, Hunter College takes pride in a curriculum as diverse and wide-ranging as its community. Hunter faculty and students come from virtually every nation and culture in the world, enriching the Hunter community and the city with their myriad perspectives and experiences. The college seeks to help its students broaden their outlook on the world, achieve success in their chosen professions and fulfill their personal, academic and civic potential.

Originally called The Normal College, the school was founded in 1870 by Thomas Hunter to educate young women who wished to be teachers. Today Hunter is a coeducational, fully accredited college with a large, distinguished faculty in the liberal arts and sciences and in its professional schools. Hunter offers both undergraduate and graduate degrees and enrollments more than 20,000 students, making it the largest college in CUNY.

The college consists of four schools: the School of Arts and Sciences, the School of Education, the Schools of the Health Professions and the School of Social Work. They offer more than 85 undergraduate programs, which lead to the degrees of bachelor of arts, bachelor of science, bachelor of fine arts and bachelor of music as well as 15 dual bachelor’s/master’s programs and 50 graduate programs. Each program of study provides students with skills to attain competence in a specialized field and a foundation of general knowledge. The fields of concentration may be chosen from the general areas of the fine arts, the humanities, the language arts, the sciences, the social sciences and the applied arts and sciences, as well as in professional areas in accounting, education, health sciences and nursing. A new post-baccalaureate program in health careers preparation is available for students interested in taking coursework required for admission to schools of medicine, dentistry, nursing, veterinary science, etc.

Graduate students may matriculate in any one of over 70 master’s degree programs in the School of Arts and Sciences, the School of Education, the School of Health Sciences, the School of Nursing and the School of Social Work. In addition, the graduate programs in teacher education and nursing include courses leading to post-master’s certificates in several different areas. Details of the graduate programs are available in the graduate catalog, at the Hunter College Welcome Center (Room 100 North Building), in the offices of the deans of each area, in the Wexler Library and on the Web at www.hunter.cuny.edu.

The Hunter College Campus Schools are devoted to the education of gifted students who reside in New York City. Opportunities are provided for students to engage in creative thinking and creative endeavors in an atmosphere of intellectual inquiry. Educational research and teacher education projects are features of collaboration with the School of Education at Hunter College. The elementary school (K to Grade 6) and the high school (Grades 7-12) model different educational strategies and serve as demonstration schools for students and teachers. For additional information, contact Randy Collins, Acting Director, at (212) 860-4586 or by e-mail at director@hchsm1.hunter.cuny.edu.

Manhattan Hunter Science High School, which graduated its first class in June 2007, is a science-focused early college high school funded in part by the Gates Foundation. It is a joint venture of Hunter and the New York City Department of Education. Students take college courses at Hunter during their junior and senior years. Many will pursue baccalaureate studies at Hunter and other City University colleges.

ACCRREDITATION

The programs of Hunter College are registered by the Regents of the State of New York. The college is accredited by the Middle States Commission on Higher Education. Individual programs are recognized and accredited by their national bodies. These are: the National Council for Accreditation of Teacher Education; the Council on Social Work Education; the Commission of Collegiate Nursing Education; the American Association of Colleges of Nursing; the Planning Accreditation Board of the American Planning Association; the Association of Collegiate Schools of Planning and the American Institute of Certified Planners; the Council on Rehabilitation Education; the Council on Academic Accreditation of the American Speech-Language-Hearing Association; the Council on Education for Public Health; the American Dietetic Association Commission on Accreditation for Dietetic Education; the Commission on Accreditation in Physical Therapy; the Accreditation Board for Engineering and Technology.
HEGIS CODE LIST

DEGREE, CERTIFICATE AND DIPLOMA PROGRAMS

The following undergraduate degree, graduate degree, advanced certificate and combined undergraduate/graduate degree programs are offered.

These programs have been approved by the New York State Education Department and are listed in the Inventory of Registered Programs http://www.nysed.gov/heds/irpsl1.html. The Higher Education General Information Survey (HEGIS) code numbers appear next to the appropriate program.

Students are advised that enrollment in other than registered or otherwise approved programs may jeopardize their eligibility for certain student aid awards.

For specific information on a particular undergraduate program—"including faculty, admission and degree requirements and course descriptions—consult the appropriate section of this catalog.

For specific information on graduate and advanced certificate programs, consult the Hunter College Graduate Catalog.

† See Classics section of this catalog for courses in Latin, Chinese, Hebrew, and Russian, and see Romance Languages section for courses in French, Italian, and Spanish.

* Childhood Education (Quest), BA, is a collateral major; students must major in English, English language arts, history, geography, social studies (available as a major in the geography department), mathematics, biology or chemistry.
FINDING OUT ABOUT HUNTER

The Admissions Office at Hunter College encourages all prospective students to meet with an admissions counselor to discuss their educational goals and opportunities at Hunter. Prospective students are also invited to visit the campus. Campus tours originate from the College Welcome Center, room 100 Hunter North. Please visit our Web site (www.hunter.cuny.edu and click on prospective students) or call (212) 772-4490 for tour information.

Students who apply to Hunter College must file the CUNY undergraduate application, which is available online at www.cuny.edu. Applicants are notified by CUNY’s University Application Processing Center (UAPC) if additional information is necessary for the college to make an admission decision.

Freshmen and transfer students are encouraged to apply by March 15 for the fall semester and October 1 for the spring semester. There is no official closing deadline for applications.

Applications are accepted and qualified applicants are offered admission throughout the year, space permitting. However, applicants who have had all or part of their education outside the United States should have a completed application on file by the aforementioned deadlines. All students should apply as early as possible to guarantee full consideration for admission and scholarship aid.

APPLICATION FEES

$65 freshman
$70 transfer
$125 graduate

Additional information is available on the prospective students Web site: http://www.hunter.cuny.edu.

Inquiries and questions can be addressed to:
Hunter College Welcome Center
Room 100 Hunter North
695 Park Avenue, New York, NY 10065

FRESHMAN ADMISSION

Freshman admission to Hunter College is competitive. Applicants are considered for admission on the basis of the overall strength of their academic preparation, which includes SAT/ACT scores, high school academic average, the number of academic subjects and the distribution of those courses. A diploma from an accredited high school, an equivalency diploma or a United States Armed Forces diploma is also required for entrance to the college. Neither a high school certificate nor an IEP diploma is acceptable.

Academic Preparation

The best preparation for success at Hunter College is a full program of college-preparatory courses. The college recommends four years of English, four years of social studies, three years of mathematics, two years of foreign language, two years of laboratory science and one year of performing or visual arts.

In addition to providing a strong foundation for college-level coursework, the program recommended above fulfills the 16 units of high school work in academic courses required for admission to a CUNY senior college under the College Preparatory Initiative (CPI). High school students should check with guidance counselors to determine which courses are considered to be academic within the English, mathematics, science, social science, foreign language and fine and performing arts curricula.

Advanced Placement and College-Level Courses

Students who have had an Advanced Placement (AP) course in secondary school and who pass the Advanced Placement Tests of the College Entrance Examination Board with grades of 5 or 4 (high honors or honors) are in most cases exempt from taking a corresponding course or equivalent requirement at Hunter. Those who are similarly prepared but whose scores are 3 (creditable) may also be exempt from a corresponding course at Hunter, provided the appropriate department recommends.

A maximum of 30 credits can be awarded by examination through the following programs: College Entrance Examination Board Advanced Placement (AP), College-level Examination Program (CLEP) and Regents College Examinations (RCE).

Certain academic departments may have restrictions on the award of credits by examination. Check with the department and see the Office of Admissions Web site for additional information.

Students who have completed college-level coursework offered by an accredited senior or community college while in high school will receive credit for courses in which grades of C or better are earned. Official college transcripts must be submitted to the Office of Admissions for credit to be awarded.

SPECIAL ADMISSIONS PROGRAMS AND CATEGORIES FOR FRESHMEN

CUNY Macaulay Honors College at Hunter College

The Hunter Honors College attracts students with outstanding academic records who seek intellectual challenges in a supportive environment. Using the undergraduate online application available through the CUNY Web site (www.cuny.edu), students select the Honors College and then indicate Hunter College as their desired campus.

A student must enter the Honors College as a first semester freshman and may seek admission through either Early Decision (application by November 1) or regular decision (application by December 1). For more information on the Hunter Honors College, see Special Academic Programs of this catalog or inquire at the Honors College Office, Room 140 Hunter North, (212) 650-3556.

CUNY Teacher Academy at Hunter College

The CUNY Teacher Academy at Hunter enables eligible Hunter freshman or freshman transfer students to participate in a selective teacher
preparatory program. Designed for students majoring in math or science (biology or chemistry), selected students must prepare to teach in the middle schools and high schools of New York City. In exchange they receive free tuition, stipends, and eligibility for employment upon graduation. For further inquiries write academy@hunter.cuny.edu or go to www.hunter.cuny.edu/education/teacheracademy.

Early Admission
Students with superior high school records may apply for admission to the college upon completion of the third year of high school. An interview with the Admissions Committee is required, as well as a high school average of at least 90%, minimum SAT scores of 600 verbal and 600 math and three high school recommendations. Students are admitted only in the fall semester. Applications must be filed directly with the Hunter Admissions Office before April 1.

ESL (English as a Second Language) Designation
Students whose secondary school education includes at least one year in a high school where a language other than English is the primary language of instruction are designated as ESL students. ESL students who are admitted to Hunter may be permitted to register even if they received failing scores on the CUNY skills assessment tests in reading and/or writing. (A passing score on the CUNY Math Assessment Test (CMAT) is required for ESL designation.)

These students are tested for placement in appropriate developmental courses and receive special advisement regarding program planning. ESL students may take developmental English courses for two semesters and are permitted to enroll at Hunter for an additional two semesters before being required to pass. Additional information about placement and program planning for ESL students is available at the Office of Student Services.

SEEK Program (Search for Education, Elevation and Knowledge)
The SEEK Program admits a limited number of educationally and economically disadvantaged students who do not meet the standard admission criteria. This program provides intensive academic services and a stipend for educational expenses to those students who exhibit extreme need. Students apply for entry to the SEEK Program through the standard freshman admission process. See the Financial Aid section for additional information on requirements for admission to the SEEK Program.

Note: For information about admission to special academic programs for continuing students, including programs in the Schools of the Health Professions, QUEST (School of Education) and the Thomas Hunter Honors program, see the appropriate school and department/program listing in this catalog.

TRANSFER (ADVANCED STANDING) ADMISSION
Students who attended a regionally accredited college or university after graduation from high school must file a CUNY Transfer (Advanced Standing) application. Transfer applicants are considered for admission with advanced standing if they meet the following minimum criteria (with the exception of the School of Nursing and the School of Health Sciences):

<table>
<thead>
<tr>
<th>Number of Credits Earned (i.e., credits completed at time of application)</th>
<th>Admission Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 - 13.9</td>
<td>Applicants must satisfy freshman admission criteria and present a cumulative college grade point average of at least 2.3</td>
</tr>
<tr>
<td>14 - 23.9</td>
<td>Applicants must satisfy freshman admission criteria and present a cumulative college grade point average of at least 2.3, or a cumulative grade point average of 2.5 regardless of high school academic average.</td>
</tr>
<tr>
<td>24 or more credits</td>
<td>A cumulative grade point average of at least 2.3</td>
</tr>
</tbody>
</table>

Nondegree students who are in attendance at Hunter College as well as those who were previously enrolled, in addition to meeting the above stated criteria, must have had a minimum grade point average of 2.0 in their Hunter coursework.

Transfer admissions decisions and determinations of advanced standing are made by the Hunter College Admissions Office on the basis of work done as a matriculated student at regionally accredited two- and four-year colleges and universities. Only courses in which a student has earned a grade of C or better (D from CUNY colleges) can be accepted for transfer. Transfer credit will not be granted for any remedial, developmental or ESL courses.

Transfer students from CUNY community colleges who have earned an AA or AS degree are admitted to the college, awarded junior status and considered to have satisfied core course requirements. However, depending upon the major selected at Hunter, some students may need more than 60 additional credits in order to complete Hunter's bachelor's degree requirements. Transfer students from CUNY colleges who have not earned a two-year AA or AS degree and transfer students from non-CUNY colleges are awarded credit for previous work on a course-by-course basis. All transfer students, including those entering with CUNY AA and AS degrees, must fulfill the college's foreign language and Pluralism and Diversity requirements.

The maximum total number of credits that may be transferred from other accredited four-year institutions to Hunter College is 90. There is a 70-credit limit on the number of credits that may be transferred from two-year institutions.

Applicants are required to report and provide transcripts for all previous college coursework including coursework that was in progress at the time of application. Failure to do so may result in the denial of all transfer credit and suspension from Hunter.

INTERNATIONAL STUDENTS
Admission of international students is based on three factors: academic record, English proficiency and the guarantee of sufficient financial resources to meet the cost of attendance. For purposes of admission, an international student is defined as an applicant who currently holds a student (F-1) or exchange visitor (J-1) visa or seeks such visa status upon enrollment. The United States Immigration and Naturalization Service requires documentation of financial support before approving the issuance of a visa.

International applicants whose primary language is not English must demonstrate a firm command of the English language by scoring a minimum of 500 on the TOEFL. No provisional admission is offered whereby a student may come to the college and spend a semester or year learning English.

Applicants are responsible for the payment of all tuition and fees at the time of registration. Hunter College does not provide financial assistance to international students; they must be in a position to finance tuition, fees, room and board, insurance, books and incidental expenses. The estimated cost is $25,000 per year and is subject to change. Hunter College does not make housing arrangements for students; it is essential that students be prepared to make their own housing arrangements upon arrival.

For more information, contact the International Students Office, Hunter College, 695 Park Avenue, Room 1109 Hunter East, New York, NY 10065; telephone: (212) 772-4864; e-mail: intssl@hunter.cuny.edu. Policies governing the Office of Admissions and the International Students Office are based on policies and practices recommended by NAFSA, AACRAO and other educational organizations.
PART-TIME STUDENTS

Each semester nearly 6,700 part-time undergraduate students attend Hunter College. These students vary widely in age, interests, background, and educational goals. Part-time students can enroll in most degree programs offered. Certain programs, however, require daytime attendance or periods of full-time attendance, such as those involving internships, student teaching, and work outside the college.

Part-time students can be either degree candidates or nondegree students. To enroll as a part-time student contact the Hunter College Welcome Center for an appropriate application. The CUNY Undergraduate Degree Application must be filed by those seeking degree status, while those seeking nondegree status need to file the Hunter College Application for Nondegree Admission.

NONDEGREE STUDENTS

Students who are not interested in earning a degree but wish to enroll in college credit bearing courses related to career advancement, preparation for graduate school or other special interests may be admitted as non-degree students. All students wishing to enroll at Hunter in a non-degree status must obtain an application for non-degree admission from the prospective student website or the College Welcome Center, Room 100 Hunter North. This application, along with verification of at least a high school diploma or 24 earned college credits, must be submitted to the Office of Admissions. Neither a high school certification nor an IEP diploma is acceptable (see back of the non-degree application for further information). A non-degree admission fee of $65 will be charged at the student’s first registration. See fee schedule in section 2. Non-degree students may register for any course for which space is available at the time of registration. Courses in which the student receives a grade of “W” do not count toward the 12- or 24-credit limitations. Students are permitted to take the CUNY Skills Assessment Test(s) at any time before the 12-credit limit. Generally, all parts of the Skills Assessment Test(s) must be taken, with the understanding that failing any part of the test(s) means the student cannot register for any further courses at Hunter College until all parts are successfully completed. (For student options in this case, see below.)

Baccalaureate, master’s or doctoral degree holders (from a college or university accredited by a regional U.S. accrediting association) are exempt from testing and the 24-credit limit, provided proof of the degree is submitted along with their application for admission.

For students who have failed any part of the CUNY Skills Assessment Tests and consequently cannot enroll at Hunter in a nondegree or matriculated status, remediation is available at CUNY community colleges. Generally, students must matriculate at these colleges before they can take the appropriate remedial courses. Upon completing the relevant courses, students may apply for readmission to Hunter.

Credits earned at Hunter College as a non-degree student are automatically transferred into a degree program upon matriculation at Hunter. Those credits earned at Hunter will be accepted as residency credits.

Applications for all categories of non-degree students must be filed by April 1st for summer, July 1st or fall and December 1st for spring.

VISITING STUDENTS

Students currently in attendance at other than CUNY colleges who wish to take courses at Hunter College may enroll as visiting students. Visiting students attend Hunter in a non-degree classification and are subject to the same rules and regulations. Along with the Application for Non-degree Admission, visiting students must present to the Office of Admissions a college transcript indicating the completion of at least 24 academic credits.

E-PERMIT STUDENTS

CUNY college students in degree attendance at other CUNY colleges who wish to take courses “on permit” at Hunter College may enroll as non-degree visiting students. An approved permit must be obtained from the registrar of the home college and submitted to the Hunter College (host college) registrar in the OASIS, Room 217 Hunter North.

HIGH SCHOOL STUDENTS

Students at New York City public high schools may acquaint themselves with undergraduate life by participating in Hunter College Now. Activities range from workshops for sharpening writing or mathematics skills to college-level courses across the arts and sciences. Each summer, Hunter College Now focuses on the sciences and mathematics by hosting high-performing students at the Summer Institute for accelerated coursework that is complemented by tutoring, college guidance and co-curricular activities. Admission to college-level courses offered through College Now is competitive. To qualify for college-level coursework, including the Summer Institute, a student must demonstrate mastery of basic mathematics and/or verbal skills, depending on the discipline, as measured by the SAT, PSAT and English language arts and mathematics Regents exams. College Now offerings, including credit-bearing courses, are provided at no cost.

Apart from College Now, high school students from non-public and public high schools in New York City and elsewhere may register as non-degree students under Hunter’s current tuition and fee schedule with written approval of a high school principal. High school students must meet CUNY proficiency standards in basic skills. Interested high school students are encouraged to speak with an admissions counselor in the Welcome Center, Room 100 Hunter North.

SENIOR CITIZENS

New York State residents 60 years of age or older may audit undergraduate courses at Hunter College on a tuition-free, space-available basis. Auditors receive neither grades nor academic credit for their
courses. Individuals enrolling under this program pay fees totaling $70 each semester. Along with verification of having attained the age of 60 and New York State residency, applicants must file the undergraduate non-degree application to be considered for this program. Individuals over the age of 60 who do not wish to audit their courses may receive academic credit provided the appropriate tuition is paid.

READMISISON
Students who have previously attended Hunter College may apply for readmission to their former status. These applicants should apply for readmission to the college well in advance of the semester for which they wish to return. Priority consideration will be given to applications filed prior to December 1 for spring admission and April 1 for summer and July 1 for fall admission. Applications filed after these dates will be considered on a space-available basis.

All students who are readmitted to Hunter College after an absence of 10 or more years must adhere to the undergraduate Catalog requirements in effect at the time of their readmission to Hunter College, and they are required to fulfill their major department's current course/degree requirements.

Applications for degree and nondegree readmission are available on the prospective student Web site at the Hunter College Welcome Center. Students in good academic standing are routinely readmitted to the college, whereas students who were dismissed for academic reasons or who left with a grade point average below 2.0 are considered for readmission on a probationary basis. Readmission on probation is predicated on the expectation that the student will raise his/her grade point average above 2.0 within an additional 24 college credits.

SEEK students who have not been in attendance for four or more semesters and/or have been in the program for 10 semesters will not be readmitted to SEEK. Students who do not wish to return to SEEK must receive a release from the director of the SEEK program.

ENROLLMENT REQUIREMENTS
Health Requirements
Prior to registration, the following health requirements must be met:

Immunizations for Measles, Mumps and Rubella Public Health Law 2165 requires college students to present a complete record of two live immunizations against measles and a single immunization against mumps and rubella. Students born on or after January 1, 1957 must submit a complete immunization record signed by a health practitioner. Further information regarding health standards may be found in the Student Rights and Regulations section of this catalog.

Meningococcal Disease Public Health Law 2167 requires institutions, including colleges and universities, to distribute information about meningococcal disease and vaccination to all students meeting the enrollment criteria, whether they live on or off campus. Hunter College of the City University of New York is required to maintain a record of the following for each student: a) response to receipt of meningococcal disease and vaccine information signed by the student; b) record of meningococcal meningitis vaccination within the past 10 years; or c) acknowledgement of meningococcal disease risks and refusal of meningococcal meningitis immunization signed by the student.

Please note that students will not be allowed to continue at Hunter if they are not compliant (have not handed in their Response Form) within 30 days from the first scheduled day of classes. To learn more about meningitis and the vaccine, please consult your physician. You can also find information about the disease at http://www.cdc.gov.

For more information and to download/print the Immunization Requirement Form please visit the forms and documents section of the Hunter College registrar's webpage at http://registrar.hunter.cuny.edu. The form must be returned to the Office of Health Services, Room 307 Hunter North. For updated office hours call (212) 772-4800.

TESTING REQUIREMENTS
Basic Skills Assessment Tests

Degree Students
Students admitted to Hunter College with fewer than 45 credits must demonstrate mastery in the basic skills of reading, writing and mathematics. Students may demonstrate basic skills mastery by meeting the score criteria indicated below:

<table>
<thead>
<tr>
<th>Test</th>
<th>Minimum Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reading and Writing Test</td>
<td></td>
</tr>
<tr>
<td>SAT (Verbal)</td>
<td>480</td>
</tr>
<tr>
<td>or English Regents</td>
<td>75</td>
</tr>
<tr>
<td>Mathematics Test</td>
<td></td>
</tr>
<tr>
<td>SAT (Mathematics)</td>
<td>480</td>
</tr>
<tr>
<td>or Math Regents (Sequential 2, 3 or A)</td>
<td>75</td>
</tr>
</tbody>
</table>

Students who cannot demonstrate mastery by meeting the above criteria must take and pass the appropriate skills assessment test(s) before registering for their first semester of coursework.

Nondegree Students
Non-degree students may attempt up to 12 credits without taking the CUNY Skills Assessment Tests, unless a placement test is required for a particular course. However, the test is required once 12 credits have been attempted, unless a student is exempt based on the same score criteria set forth above for degree students. Students who fail to demonstrate basic skills mastery will not be permitted to register for coursework beyond 12 credits. Non-degree students who take and fail any part of the CUNY Skills Assessment Tests before reaching the 12-credit limit will not be permitted to enroll in additional courses at Hunter until they have met proficiency requirements at a CUNY community college.

Mathematics Placement Test
The mathematics placement exam assesses a student's knowledge of algebra, trigonometry and pre-calculus. All students, whether or not they have demonstrated minimum proficiency in math, must take a math placement test before they may register at Hunter. Test results will be used to place students appropriately in coursework at the college. Although it is mandatory, the exam does not affect acceptance. Students will automatically be scheduled for this examination and may change a scheduled appointment by contacting the Testing Center, Room 150 Hunter North or by calling (212) 772-4898. Sample questions may be viewed on the Testing Center Web site: http://admissions.hunter.cuny.edu/testing.htm.

CUNY Proficiency Examination (CPE)
See Program of Study section of this catalog for more information about the CPE.
Section 2
ENROLLMENT, TUITION AND FEES, FINANCIAL AID

THE REGISTRAR’S OFFICE
217 Hunter North
Web site: http://registrar.hunter.cuny.edu

This office prepares and maintains student academic records. This office also accepts and/or issues:

a. withdrawals from part of a program up to the first day of the tenth week of class;

b. electronic request to attend classes at non-CUNY colleges;

c. major/minor forms to be approved by the major department and then filed in OASIS;

d. forms for change of name, address and forms for recording new or corrected Social Security numbers;

e. certification of attendance for any valid reason;

f. application for graduation and final evaluation and certification for graduation;

g. requests for transcripts. Transcripts are sent outside of the college only with the signature of the student. There is a fee of $7 per transcript, except for transcripts sent to other units of the City University, which are free;

h. TAP certification.

OASIS (OFFICE OF ADMINISTRATIVE AND INFORMATION SERVICES)
217 Hunter North; (212) 772-4474

The Office of Administrative and Information Services combines the most vital administrative services at Hunter College into one conveniently located office in Room 217 Hunter North. The OASIS incorporates the information services of the Registrar, Bursar and Financial Aid Offices. The OASIS is designed to help students navigate the administrative arm of the college by eliminating most of the “traveling” previously done between offices. In addition, the OASIS is conveniently located next door to the Registrar’s Office, around the corner from the Bursar, Financial Aid and Admissions Offices, one floor up from the Hunter College Welcome Center and one floor down from the Medical Office.

Many of the forms and services available in the OASIS are also available on the registrar’s Web site.

ID Cards
To obtain an ID card, bring a validated (stamped “paid”) bursar’s receipt for the current semester and other proof of identification, such as a Social Security card or a driver’s license, to the OASIS.

Registration
Registration Procedures Prior to each registration period, the registrar’s office develops a Schedule of Classes, which is available on the Web through the registrar’s Web site. Students are assigned appointment times for registration by the registrar’s office. Prior to each registration, an e-mail is sent to students alerting them that their registration appointment times have been established. Students may then view their appointment times online by accessing E-SIMS. (See Web Services below).

Students may register on the Web, and instructions may be found on the registrar’s Web site. Each semester, as grades are submitted, the registrar’s office notifies students by e-mail that a grade has been posted on their transcript and is available for viewing on E-SIMS. Students should pay careful attention to their grade and if there are any errors, contact their instructor immediately.

WEB Services Access to the electronic student information system (E-SIMS) is available through the registrar’s Web site. Students may register, view their transcript, current schedule, current bill, change their PIN, view open course sections and access their registration appointment times. All registration is conducted through E-SIMS.

Students wishing to register for courses at another CUNY campus may do so by registering for an E-Permit through the CUNY portal available at http://www.cuny.edu. Effective fall 2004, grades for courses taken on permit are posted to students’ records and are computed in the GPA.

THE BURSAR’S OFFICE
238 Hunter North; (212) 772-4400

The bursar’s office collects all tuition and fees and issues a bursar’s receipt. The bursar’s receipt is the only valid proof of registration payment. The bursar’s office will issue a duplicate bursar’s receipt to replace a lost one for a fee of $5. The office also accepts cash and issues receipts for payments to other Hunter offices.

Method of Payment for Tuition and Fees Students may pay for tuition and fees by cash, check, money order or acceptable credit card (MasterCard, Visa, American Express or Discover). All checks and money orders must be made payable in U.S. currency only. Details concerning payment options are included with the tuition and fee bill and available online at www.hunter.cuny.edu/bursar. A tuition payment plan can be arranged through TuitionPay for an $18 fee. TuitionPay permits students to pay semester expenses over a five-month period for the fall and spring terms and a three-month period for the summer.

For more information, please log on to www.tuitionpay.com or call 1-866-267-CUNY.

Financial Obligations Students are expected to settle their bill by the college’s designated due dates. Pursuant to CUNY policy, students who have unsettled bills are cancelled for non-payment. Student accounts that remain unpaid for one year or more are turned over to the university’s collection agency. Students who have an unpaid balance or have not completed entrance/exit interviews for loan programs or other specific requirements of the college or an
appropriate state or federal agency for which the university acts as
either a disbursing or certifying agent will not be permitted to regis-
ter for classes or obtain a transcript.

TUITION AND FEES
Effective Fall 2005
The City University of New York adopted a revised schedule of stu-
dent tuition and fee charges (see below). All tuition and fee charges
listed in this catalog and in any registration materials issued by the
college are subject to change by action of the Trustees of the the City
University of New York without prior notice.

Undergraduate – Matriculated
Resident
Full-time ............................................. $2,000/semester
Part-time ................................................. $170/credit
Non-Resident
Full-time .................................................. $360/credit
Part-time .................................................. $360/credit

Other Undergraduate
Resident
Non-degree ............................................. $250/credit
*Senior Citizen fee .................................... $65/semester
or session (plus a $15 consolidated services fee)
*Enrollment on a "space available" basis only
Non-resident
Non-degree ............................................. $530/credit

Credits in Excess of 18
Less than or equal to two ................................ $100
Greater than two but less than or equal to four ........ $230
Greater than four but less than or equal to six ....... $460
Greater than six ........................................... $690

Graduate (Masters) Except School of Social Work
Resident
Full-time ............................................. $3,200/semester
Part-time ............................................... $270/credit
Excess hours ........................................... $65/hour
Non-Resident
Full-time ............................................. $500/credit
Part-time ............................................. $500/credit
Excess hours ........................................... $85/hour

Maintenance of Matriculation:
Residents ............................................... $750
Non-Residents ......................................... $1,250

Masters in Social Work
Resident
Full-time ............................................. $3,800/semester
Part-time ............................................. $320/credit
Non-Resident
Full-time ............................................. $535/credit
Part-time ............................................. $535/credit

Combined BA-MA Program:
Students in combined programs will pay undergraduate tuition rates
up to the number of credits required to earn a baccalaureate degree
in that particular program. Any credits in excess of that number
toward the combined degree are billed at the graduate level. A com-
bined BA-MA degree ranges from 120 to 141 credits.

Student Activity Fees
Fall and Spring
Undergraduate full-time ................................... $84.50
Undergraduate part-time ................................ $54.45
Graduate ............................................... $7.85
Summer
Undergraduate full-time ................................ $26.55
Undergraduate part-time ................................ $26.55
Graduate ............................................... no fee

Consolidated Services Fee:
All students, including Senior Citizens .................... $15

Technology Fee:
All students, except College Now and Senior Citizens
Full-time ............................................. $75.00
Part-time ............................................. $37.50

Refunds
Cancellation Policy A letter will accompany your tuition bill out-
lining the cancellation policy for the semester. This policy will also be
outlined in the Schedule of Classes and the Payment and
Registration Schedule. If you plan not to attend the college for the
semester and register after the early registration period or have finan-
cial aid, you must drop all your classes prior to the first day of class.
In these cases, you will be eligible for all tuition and fees, whether or not you attend classes during the semester.
Non-attendance in class does not waive the tuition liability a student incurs at registration.

CUNY Policy This policy relates to all students who withdraw from
courses prior to the 1st day of the 4th week of class. The refund policy
is as follows:
100% tuition and fees prior to 1st day of class
75% tuition only prior to 1st day of 2nd week of class
50% tuition only prior to 1st day of 3rd week of class
25% tuition only prior to 1st day of 4th week of class

Federal Title IV Funds/Pro-Rata Refunds Effective Fall 2000,
CUNY adopted the new Federal regulations for Title IV funds.
Federal pro-rata refunds will no longer be applicable for first-time
and continuing students. The college will calculate how much Title
IV aid has been earned by the student based on a period of attend-
ance. The unearned portion of the Title IV funds must be returned
to the Department of Education by the college and the student. It is
recommended that all students who have financial aid and plan to
withdraw from classes seek the advice of the bursar's office before
taking any action.

Special Provisions for Students in the Military
The following policies apply to students who leave CUNY to fulfill
military obligations. Military personnel for whom these provisions
apply must register each semester with the Veterans Affairs represen-
tative in the Registrar's Office, Room 217 Hunter North.

Students called up to the reserves or drafted before the end of
the semester
A. Grades In order to obtain a grade, a student must attend 13
weeks (five weeks for summer session).
B. Refunds A student called up to the reserves or drafted who does
not attend for a sufficient time to qualify for a grade is entitled to
a 100% refund of tuition and all other fees except application
fees.
Students who volunteer (enlist) for the military

A. Grades Same provision as for students called up to the reserves. In order to obtain a grade, a student must attend 13 weeks (five weeks for summer session).

B. Refunds The amount of the refund depends upon whether the withdrawal is before the 5th week of classes.
   1. Withdrawal before beginning of the 5th calendar week (3rd calendar week for summer session): 100% refund of tuition and all other fees except application fees.
   2. Withdrawal thereafter: 50% refund.

Other Provisions for Military Service:

A. Resident Tuition Rates These lower rates are applicable to all members of the armed services, their spouses and their dependent children, on full-time active duty and stationed in the State of New York.

B. Re-enrollment of Veterans Veterans who are returning students are given preferred treatment in the following ways:
   1. Veterans who were former students with unsatisfactory scholastic records, may be readmitted with a probationary program.
   2. Veterans, upon their return, may register even after normal registration periods, without late fees.
   3. Granting of college credit for military service and armed forces instructional courses.
   4. Veterans returning too late to register may audit classes without charge.

C. Late Admissions Veterans with no previous college experience are permitted to file applications up to the date of registration and are allowed to begin classes pending completion of their application and provision of supporting documents.

D. Readmission Fee Upon return from military service, a student will not be charged a Readmission Fee to register at the same college.

E. Veterans Tuition Deferrals Veterans are entitled to defer the payment of tuition pending receipt of veterans’ benefits.

F. New York National Guard Tuition Waivers Active members of the New York National Guard, who are legal residents of New York State and who do not have a baccalaureate degree, are eligible for a tuition waiver for undergraduate study.

Financial Aid Processing Center:
1605 Hunter East; (212) 772-5017

The primary role of the Financial Aid Processing Center (FAPC) is to help students fulfill their tuition obligation by processing financial aid in coordination with the Bursar’s and Financial Aid Offices. Additionally, this office administers the Federal Work Study and Federal Perkins Loan Programs, issues medical/economic hardship deferrals, processes emergency loans and maintains accountability over all financial aid funded book vouchers.

FINANCIAL AID

The Office of Financial Aid helps matriculated undergraduate students gain access to funds in order to pay for their educational expenses at Hunter College. Federal and state aid funds are available to help pay for these expenses.

Application Procedure
The fastest and easiest way to apply for financial aid is by completing the application online. FAFSA on the Web is available at www.fafsa.ed.gov. When the student completes the FAFSA (Free Application for Federal Student Aid), Hunter College should be included among the colleges to which the application information is reported. When the FAFSA is processed, CUNY will receive an electronic record of the student’s application information. The student may be required to provide additional documentation to the Office of Financial Aid to verify the application information or to clarify any discrepancies in the application.

New York State resident students can apply for both federal and New York State aid during a single on-line session. After completing FAFSA on the Web, New York State residents are able to link to the TAP on the Web Form, which is pre-filled with their FAFSA data.

In order to request a Federal Direct Loan at Hunter College, the student must complete the FAFSA and complete an on-line Federal Direct Loan Request on the Hunter College Office of Financial Aid Web site at www.hunter.cuny.edu/finaid.

Financial Need

All funds from federal financial aid programs administered by the Office of Financial Aid are awarded on the basis of financial need, with the exception of the Federal Direct Unsubsidized Loan and the Federal Direct PLUS (Parent) Loan.

When the student applies for federal student aid, the information that is reported on the FAFSA is used in a formula, established by the U. S. Dept. of Education and approved by the U.S. Congress, that calculates the Expected Family Contribution (EFC), the amount that the student and the student’s family are expected to contribute toward the student’s education.

There is no a maximum EFC that defines eligibility for the other financial aid programs. Instead, the EFC is used in an equation to determine financial need:

\[
Cost\ of\ Attendance\ -\ Expected\ Family\ Contribution\ (EFC) = Financial\ Need
\]

The Financial Aid Office subtracts the Expected Family Contribution (EFC) from the Cost of Attendance. The remainder is the student’s financial need. In determining the student’s need for aid from the federal financial aid programs, the Financial Aid Office must first consider other aid the student is expected to receive.

The Cost of Education

Cost must be considered when a student is making decisions about whether, where and when to attend college. A student budget is used as an estimate of the amount of money it will cost a student to attend college. The budget includes allowances for tuition, fees, books, transportation, housing, food and personal expenses. Additional allowances may be made for unusual expenses such as dependent care costs.

Student budgets are set each year by CUNY. They reflect the average expenses of all students who are living with their parents or living away from their parents. Students with disabilities should speak to a financial aid counselor about budget adjustments for their special needs.

The 2007-2008 Hunter College budgets for full-time undergraduate students who are charged the NY State resident tuition rate are as follows for the 9-month period of the fall and spring semesters:

<table>
<thead>
<tr>

</tbody>
</table>
Waiver of Academic Standing Requirements

Students who become academically ineligible to receive assistance from state programs because of an unusual circumstance for which documentation can be provided (e.g., illness) may apply for a one-time waiver of the Satisfactory Academic Progress requirements. For further information, contact the Office of Advising Services at (212) 772-4882.

A change in legislation has created a uniform chart used to determine a student’s satisfactory academic progress. The following chart must be used for first-time undergraduate students beginning with the 2006-07 academic year.

The following TAP academic progress chart is for undergraduate students receiving TAP payments beginning with the 2006-07 academic year:

<table>
<thead>
<tr>
<th>Calendar: Semester Program: Baccalaureate Program</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before being certified for this payment</td>
</tr>
<tr>
<td>1st 2nd 3rd 4th 5th 6th 7th 8th 9th<strong>10th</strong></td>
</tr>
<tr>
<td>A student must have accrued at least this many credits</td>
</tr>

TAP Program Pursuit (for undergraduate and graduate students)

<table>
<thead>
<tr>
<th>Calendar: Semester Program: Baccalaureate Program</th>
</tr>
</thead>
<tbody>
<tr>
<td>To be eligible for payment number</td>
</tr>
<tr>
<td>1 2 3 4 5 6 7 8</td>
</tr>
<tr>
<td>You must have completed the minimum number of equated credits the prior semester</td>
</tr>
<tr>
<td>0 6 8 9 12 12 12 12 12 12</td>
</tr>
<tr>
<td>EXAMPLE: To be eligible for the 6th TAP payment, you must complete 12 equated credits in the 5th TAP payment.</td>
</tr>
</tbody>
</table>

New TAP students must satisfy both academic progress and program pursuit.

The Hunter College traditional academic retention standards remain in effect and supersede any other GPA requirements. The above regulations are only used to determine TAP eligibility.
C Average Requirement for State Funded Student Financial Aid Eligibility

EFFECTIVE FALL 1996:
In order to receive payment of State funded financial aid, a student must have at least a cumulative C average after receipt of two years (four semesters). The State Education Department will shortly be releasing the implementation of this rule. Students are advised to watch for details.

New Course Repeat Rule for NY State Financial Aid
As of May 1987, if a student repeats a course in which a passing grade acceptable to the institution has already been received, the course cannot be included as part of the student’s minimum full-time or part-time course load for financial aid purposes. When such courses are included in the minimum requirement, they render the student ineligible for a State award. In the following instances, repeated courses may count toward full-time or part-time study: (1) when a failed course is repeated; (2) when a grade received is passing at the institution but is unacceptable in a particular curriculum; and (3) when a course may be repeated and credit earned each time.

Notice to Pell Recipients:
Effective as of the summer of 1985, the number of developmental hours you may use towards your Pell grant will have certain limitations. Specifically, once you have attempted 30 developmental hours (except for English as a second language) any additional hours cannot be used to calculate your enrollment status for Pell.

EXAMPLE: You are taking these courses and HAVE NOT attempted 30 developmental hours.

<table>
<thead>
<tr>
<th>Credits Attempted</th>
<th>Credits Completed</th>
</tr>
</thead>
<tbody>
<tr>
<td>CLA 110</td>
<td>3</td>
</tr>
<tr>
<td>SOC 101</td>
<td>3</td>
</tr>
<tr>
<td>ACSV 012 (PHYS 001)</td>
<td>2</td>
</tr>
<tr>
<td>ACSV 021 (ENGL 015)</td>
<td>2</td>
</tr>
<tr>
<td>TOTAL</td>
<td>10</td>
</tr>
</tbody>
</table>

For your Pell payment, you will be full-time but you will have accrued 7 developmental hours toward your 30 developmental hour maximum. Now, if you have the same courses and you HAVE already attempted 30 developmental hours you would receive only a half-time Pell payment since you have only 6 credits to be considered towards your Pell payment. The 7 developmental hours would not count.

If you have any questions regarding this information, you should speak with an academic advisor.

Notice to students changing their enrollment status or withdrawing after the third week of classes:
If you change your enrollment status or withdraw after the third week of classes, your financial aid may be affected. Each financial aid program is different. Please obtain an Application to Withdraw form from the OASIS, Room 217 Hunter North and read it before withdrawing from class(es).

Federal Program Eligibility
The federal Satisfactory Academic Progress standard applies to students seeking assistance from all federal student financial aid programs available at Hunter College. To be eligible for federal aid, an undergraduate student must achieve at least the GPA required for probationary status at Hunter after two years of enrollment at the college; at least a C average or academic standing consistent with the requirements for graduation; and must also accumulate credits toward the degree according to the following standards:

A. Attempted credits are not more than 150% of the credits normally required for completion of the degree.
   — and —

B. Accumulated credits are equal to or greater than two-thirds of the cumulative credits attempted at the institution.
   If the standard in paragraph B is not met, eligibility may be retained by meeting conditional standards:
   C. For students who are pursuing a baccalaureate degree, the accumulated credits must be equal to or greater than (75 percent times the cumulative credits attempted) minus 18.

Students will be measured against the satisfactory academic progress standard at the end of the spring term to determine eligibility for receipt of Title IV student financial assistance for the upcoming year.

This chart would be used by a student pursuing a BA degree requiring 126 credits. In this example, if you have attempted 36 credits, you must successfully complete at least 24. To maintain conditional eligibility, you must successfully complete 9 credits.

Federal Pell Grant
A Federal Pell Grant, unlike a loan, does not have to be repaid. Federal Pell Grants are awarded only to undergraduate students who have not earned a bachelor’s or professional degree. For many students, Federal Pell Grants provide a foundation of financial aid to which other aid may be added. The amount of Federal Pell Grant awards each year depends on program funding. The maximum Federal Pell Grant for the 2007-2008 award year is $4,310. The amount of the student’s Federal Pell Grant award depends on the student’s EFC, the cost of attendance, the student’s enrollment status (full- or part-time) and the number of terms the student attends during the academic year.

Campus-Based Programs
Federal Supplemental Educational Opportunity Grant (FSEOG) Program, Federal Work-Study (FWS) Program and the Federal Perkins Loan Program are considered campus-based programs because they are administered directly by the Financial Aid Office. How much aid a student receives depends on the student’s financial need, the amount of other aid the student will receive and the availability of funds. Students are encouraged to complete the FAFSA no later than May 1 in order to be considered for awards for the subsequent award year. When funds are no longer available, no more awards can be made that year.
Federal Supplemental Educational Opportunity Grants (FSEOG)

FSEOG is for undergraduates with exceptional financial need, that is, students with the lowest Expected Family Contributions (EFCs). An FSEOG does not have to be paid back. The amount of the FSEOG award the student may receive depends on when the student applies, the student's level of need and availability of funds. There is no guarantee that every eligible student will receive an FSEOG award; students at each college are awarded based on the availability of funds in the university.

Federal Work-Study

The Federal Work-Study (FWS) Program provides jobs for students with financial need, allowing them to earn money to help pay educational expenses. The program encourages community service work and work related to the student's course of study. The FWS salary will be at least the current federal minimum wage, but it may be higher, depending on the type of work the student does and the skills required. The total FWS award depends on when the student applies, level of need and availability of funds.

Federal Perkins Loans

A Federal Perkins Loan is a low-interest (5 percent) loan for students with exceptional financial need. Federal Perkins Loans are made through Hunter College as the lender and the loan is made with government funds. Students must repay this loan. Eligible students may borrow up to $3,000 for each year of undergraduate study. The maximum total amount an undergraduate can borrow is $15,000. The actual amount of the loan is dependent on financial need and the availability of funds.

William D. Ford Federal Direct Loan

The Federal Direct Student Loan Program, established by the Student Loan Reform Act of 1993, provides low-interest loans for students and parents. Under the Direct Loan Program, the federal government makes loans directly to students and parents through the college. There are three kinds of Direct Loans available through Hunter College:

Federal Direct Subsidized Loans are subsidized loans awarded on the basis of financial need (see financial need section on p. 12.) If you qualify for a subsidized loan, the federal government pays interest on the loan ("subsidizes" the loan) until you begin repayment and during authorized periods of deferment thereafter.

Federal Direct Unsubsidized Loans are unsubsidized loans, not awarded on the basis of need. If students qualify for an unsubsidized loan, they will be charged interest from the time the loan is disbursed until it is paid in full. Students can choose to pay the interest or allow it to accumulate. If students allow the interest to accumulate, it will be capitalized — that is, the interest will be added to the principal amount of the loan and will increase the amount that has to be repaid. If the interest is paid as it accumulates, the student will have less to repay in the long run.

Federal Direct PLUS Loans are loans that parents of a dependent student can borrow to pay for the student's education.

Federal Direct Subsidized and Unsubsidized Loans

Matriculated students enrolled in an eligible program of study at least half-time may receive a direct loan. They must also meet other general eligibility requirements. (See Federal Program Eligibility section on p. 14.) The maximum amount that may be borrowed under the Federal Direct Loan Program by a dependent undergraduate student is:

- $3,500 for first-year students enrolled in a program of study that is at least a full academic year;
- $4,500 if that student has completed the first year of study and the remainder of the student's program is at least a full academic year;
- $5,500 a year if the student has completed two years of study and the remainder of the student's program is at least a full academic year.

For periods of undergraduate study that are less than an academic year, the amounts that can be borrowed will be less than those listed above.

The maximum amount that may be borrowed under the Federal Direct Loan Program by an independent undergraduate student is:

- $7,500 if the student is a first-year student enrolled in a program of study that is at least a full academic year. (At least $4,000 of this amount must be in unsubsidized loans.)
- $4,500 if the student has completed the first year of study and the remainder of the student's program is at least a full academic year. (At least $4,000 of this amount must be in unsubsidized loans.)
- $10,500 a year if the student has completed two years of study and the remainder of the student's program is at least a full academic year. (At least $5,000 of this amount must be in unsubsidized loans.)

For periods of undergraduate study that are less than an academic year, the amount a student can borrow will be less than those listed above.

Note: Federal Direct Loans are not made to undergraduates enrolled in programs that are less than one-third of an academic year.

The total debt a student can have outstanding from all Federal Direct Loans and Federal Family Education Loan (FFEL) Program Loans combined is:

- $23,000 as a dependent undergraduate student;
- $46,000 as an independent undergraduate student (no more than $23,000 of this amount may be in subsidized loans).

For students whose Federal Direct Loans were first disbursed on or after July 1, 2006, the interest rate is variable, but it will never exceed 8.25 percent. The interest rate is adjusted each year on July 1. Students will be notified of interest rate changes throughout the life of their loan.

To apply for a Federal Direct Loan the student must complete the Free Application for Federal Student Aid (FAFSA), the Renewal FAFSA or FAFSA on the Web and complete an on-line Federal Direct Loan Request on the Hunter College Financial Aid Office Web site at www.hunter.cuny.edu/financialaid. Hunter College will certify the student's enrollment, the student's cost of attendance, the student's academic standing, any other financial aid for which the student is eligible and the student's financial need. Need is evaluated to determine if the student qualifies for a less costly subsidized Federal Direct Subsidized Loan.

Once a Federal Direct Loan is made, it is managed and collected by the U.S. Department of Education's Direct Loan Servicing Center. The toll-free telephone number is 1-800-848-0979.

Federal Direct PLUS Loans (for Parents)

For parent borrowers, the Federal Direct Loan Program offers the Federal Direct PLUS Loan.

These loans enable parents with good credit histories to borrow to pay the educational expenses of each child who is a dependent undergraduate student enrolled at least half-time.

To be eligible to receive a Federal Direct PLUS Loan, parents are generally required to pass a credit check. If they do not pass the
NEW YORK STATE FINANCIAL AID PROGRAMS

Tuition Assistance Program (TAP)
This grant is awarded to New York State residents who are enrolled full-time in a degree-granting program and meet the income criteria. To be eligible for a TAP award, each semester students must register for 12 credits which are directly attributable to their degree.

Students should consult with an adviser in the Office of Advising Services or their major department when planning their programs to ensure continued TAP eligibility. SEEK students should consult with their SEEK counselor.

Awards ranging from $275 to $4,000 are made to dependent students and independent students with dependents whose New York State taxable income is $80,000 or less or to independent students with no dependents if the taxable income is $10,000 or less.

Students may receive awards for eight semesters; SEEK students may receive awards for ten semesters. A student with a disability that prevents attendance on a full-time basis may be eligible to receive TAP while attending on a part-time basis.

CUNY Student Tuition Assistance (CUSTA)
Students who are otherwise eligible for a maximum TAP award but whose award is reduced because they have received four semesters of payment may be eligible for a CUSTA award up to $100 a semester.

Aid for Part-Time Study (APTS)
This award provides assistance to students who attend less than full-time, have accrued a minimum of 6 credits (not equated) and have not exhausted their TAP eligibility. In order to be eligible, a student must be a New York State resident and enrolled for at least 6 credits.

New York State World Trade Center Memorial Scholarships
The World Trade Center Memorial Scholarship Program for study at the City University of New York is intended for victims, spouses and children of the victims who died or were severely disabled as a result of the September 11 terrorist attacks. The program also provides scholarships to the spouses and children of those who died or were severely disabled during ongoing rescue and recovery efforts, including firefighters, police officers, peace officers and emergency medical service workers.

The scholarships cover the cost of tuition, fees, books, supplies, transportation and room and board, if applicable, for four years of full-time undergraduate study or for five academic years of a program of academic study as defined by the Commissioner of Education. The scholarships were established by Governor George Pataki’s Executive Order 113 and related legislation to establish such a program, along with a CUNY Board of Trustees resolution.

Applications are available online at: http://www.hesc.com/Forms/WTC_scholarship_inst.html

Vietnam Veterans Award Program
To qualify, undergraduate students must meet New York State residency requirements, must have served in the armed forces in Indochina between December 1961 and May 1975 and must satisfy all other eligibility requirements including filing for TAP and Federal Pell Grants. Students must demonstrate good academic standing and meet college guidelines for pursuit of this awards program. Awards are $1,000 per semester for full-time study and $500 per semester for part-time study. Awards cannot exceed the cost of tuition. In addition, the applicant must file a Vietnam Veterans Tuition Assistance Supplement (VTTA) to establish eligibility. After the initial year eligibility is established, students must re-file a supplement yearly. Supplements are available on request from New York State Higher Education Services Corporation (HESC) at (518) 473-7087. All applications must be completed by May 1 of the academic year for which an award is sought.

For more information see the HESC Web site at: http://www.hesc.com/bulletin.nsf/
Army Reserve National Guard-Army Continuing Education System (ARNG-ACES)

The New York State Army Reserve National Guard offers tuition assistance through two programs for full- and part-time students. All current and future members of the New York State Army Reserve National Guard (ARNG) are eligible except for members serving on active or full-time duty and those on Active Guard Reserve status. ARNG members who also receive veterans' benefits are not eligible. For full-time students, the program is limited to tuition costs, instructional fees in lieu of tuition and laboratory or shop fees specifically required as a condition of enrollment in a course. Part-time students must be enrolled half-time (7 or fewer credits).

Commissioned officers must agree to remain in the ARNG for four years after the last course for which tuition assistance has been provided is completed. For more information on these programs, contact the Civilian Education Office at (518) 786-4500.

State Aid to Native Americans

The student must be a member on the official tribal roll of a New York State tribe or a child of a member. Applicants must provide documentation. Awards are available for two-, four- or five-year programs. Awards are $775 for 12 or more credits per semester. Prorated amounts are available for students taking fewer than 12 credits.

Contact Native American Education Unit, New York State Education Department, Room 543 Education Building, Albany, NY 12234. Call (518) 474-0537 for information. The deadlines are July 15 for the fall semester, December 31 for the spring semester and May 20 for the summer semester.

Congressional Teacher Scholarship

Congressional Teacher Scholarships are available to undergraduate students who agree to teach in areas in which there is a critical shortage of teachers. Recipients must agree to teach two years in the U.S. for each annual payment received. The service obligation must be fulfilled within 10 years of completing the undergraduate education program. Recipients who fail to meet these requirements must repay all or part of the award plus accrued interest.

Applicants must be or have placed in the top 10 percent of their high school graduating class and be New York State residents who are or will be enrolled in a specific program during the upcoming academic year. Winners receive up to $5,000 a year for a period of no more than four years of full-time undergraduate study. For more information or an application, contact the Bureau of Higher and Professional Education Testing, Albany, NY 12230; (518) 474-6394.

Awards for Children of Veterans

Students, whose parent(s) served in the U.S. Armed Forces during specified periods of war or national emergency and, as a result of service, died or suffered a 40% or more disability, is classified as missing in action or was a prisoner of war, may be eligible for this award from New York State. The veteran must currently be a New York State resident or have been a New York State resident at the time of death, if death occurred during or as a result of service.

A recipient of a Child of Veteran Award can receive $450 a year for four years of undergraduate study without consideration of income or tuition costs. However, the combined Child of Veteran Award and TAP award may not exceed the amount of tuition charges. Students must initially establish eligibility by submitting a Child Of Veteran Award Supplement form with the New York State Higher Education Services Corporation (HESC) before applying for payment. For more information see the HESC Web site at: http://www.hesc.com/bulletin.nsf/
Recipients must be chosen in the following order of priority:

1. Economically disadvantaged (prescribed criteria) and a minority group member historically underrepresented in the profession.
2. Minority group member underrepresented in the profession.
3. Candidate who is enrolled in or is a graduate of College Discovery (CD), Search for Education, Elevation and Knowledge (SEEK), Educational Opportunity Program (EOP), Higher Educational Opportunity Programs (HEOP).

Awards range from $1,000 to $5,000 a year for up to four or five years in certain programs. TAP and some other benefits may supplement this award. Contact the college Financial Aid Office or the New York State Education Dept., Bureau of Postsecondary Grants Administration, Cultural Education Center, Room 5B68, Albany, NY 12230, (518) 474-5705. Applications must be submitted each year. The deadline each year is March 1 of the award year. (Example: The deadline for 2007-2008 is March 1, 2008.)

**Search for Education, Elevation and Knowledge (SEEK)**

The SEEK Program provides financial aid and support services (concentrated counseling, remedial instruction, and tutoring) to educationally and economically disadvantaged students attending a senior or technical college. Applicants must be residents of New York State; have received a New York State high school diploma or equivalency; be ineligible for admission under normal standards, but demonstrate potential for completing a college program; and meet family income guidelines as determined by the state.

Students apply for entry to the SEEK program through CUNY Admissions. Students must file a FAFSA and provide the Financial Aid Office with supporting documentation to have their eligibility confirmed.

**NEW YORK CITY PROGRAMS**

### Peter F. Vallone Academic Scholarship

The Peter F. Vallone Academic Scholarship Program is available to full-time students who enroll directly into a CUNY college no later than two semesters after graduating from a New York City high school, public or private. Vallone Scholarship recipients are awarded $1,250 per year. The CUNY Freshman Admission Application is used as the application for this scholarship. All Vallone Scholarship recipients must file a FAFSA each year.

Initial eligibility for the Vallone Scholarship is based solely on academic achievement in high school. In order to remain eligible, Vallone Scholarship recipients at Hunter College must continuously enroll as full-time, matriculated students and maintain a cumulative grade point average of 3.0 or higher. Baccalaureate degree students are eligible for a maximum of ten semesters of scholarship award.

### HUNTER COLLEGE SCHOLARSHIPS, AWARDS, PRIZES AND OTHER FINANCIAL ASSISTANCE FOR MATRICULATED STUDENTS

Hunter College recognizes academic merit and need through a growing number of scholarship and fellowship programs. In general, these fall into two categories: scholarships and fellowships for incoming students; and scholarships, fellowships, awards and prizes for continuing students.

### Incoming Students

There are several four-year scholarship opportunities for incoming first-year, full-time students, including the CUNY Macaulay Honors College financial package, Teacher Academy, Athena Scholarship, Dormitory Scholars Awards and Scholars Awards.

### Continuing Students

Scholarship opportunities, awards and prizes for currently enrolled students are generally based on need, merit and, in some cases, area of study. The Office of Student Services publishes The Grants Guide, a resource listing of scholarship opportunities, which is available in the Office of Student Services, 1119 Hunter East and online at [http://www.studentservices.hunter.cuny.edu/grant/](http://www.studentservices.hunter.cuny.edu/grant/).

Incoming and continuing students who wish to be considered for awards from scholarship funds administered through the college should submit a Hunter College Scholarship application, available online at the following websites:

- [http://studentservices.hunter.cuny.edu/](http://studentservices.hunter.cuny.edu/)
- [http://www.hunter.cuny.edu/finaid/](http://www.hunter.cuny.edu/finaid/)
- [http://admissions.hunter.cuny.edu/](http://admissions.hunter.cuny.edu/)

For more information, contact the coordinator of scholarship opportunities in the Office of Financial Aid (212) 650-3550.

### Emergency Loan Program

The emergency loan program was established to assist students with an immediate problem concerning essential needs for school-related expenses. The program provides emergency loans, primarily as a substitute for financial aid checks not available on distribution dates because of college error. Emergency loans are generally not given unless the student has a viable method of repayment, such as stipends, wages or expected financial aid loans. All emergency loans must be repaid prior to the end of the semester in which they are issued. All students receiving emergency loans must sign a limited Power of Attorney, which will allow the college to recoup funds that have been advanced.

Students may obtain information and request an emergency loan through the Financial Aid Office, 241 Hunter North or the Office of Student Services, 1103 Hunter East. Counselors in the Financial Aid Office help students with processing emergency loans.

This program is funded in part by a bequest from Sara Feldmesser, Class of 1918.

### Other Sources of Financial Assistance

Hunter College is committed to providing its students with the maximum amount of financial assistance available from government grants, loans and work-study opportunities. Information and assistance in obtaining financial aid is available from the OASIS, Room 217 Hunter North or by logging onto [www.hunter.cuny.edu/finad](http://www.hunter.cuny.edu/finad).

### Hunter College Foundation

Established in 1991, the Hunter College Foundation is dedicated to ensuring continued access to the highest quality public higher education and to helping Hunter maintain its longstanding reputation for academic distinction. Undergraduate scholarships and graduate fellowships may be set up in the Hunter College Foundation.

### The Scholarship and Welfare Fund

The Scholarship and Welfare Fund of the Alumni Association, a not-for-profit group established in 1949, administers a number of funds to provide scholarships to students who otherwise might not be able to complete their education. For over fifty years, the Scholarship and Welfare Fund has contributed substantially to the education of Hunter College students. Contributions from alumni, friends, chapters and classes have provided the funds needed for this support.

Many endowed scholarships have been established through funds donated in the names of individuals, classes and chapters of the Alumni Association to provide assistance to students on the basis of both scholarship and financial need. They include college-wide awards and awards to graduating seniors.
Section 3
SERVICES FOR STUDENTS

THE OFFICE OF ADVISING SERVICES
1119 Hunter East; (212) 772-4882
http://studentservices.hunter.cuny.edu/advising.htm

Academic advising at Hunter College teaches students the information, skills and competencies necessary to make informed choices about their college experience. Through a variety of venues, including orientation, individual advising, group advising, and electronic communications, advisers help students to understand academic requirements, clarify their goals, and devise action plans. Realizing that connections to the Hunter community contribute to student success, Advising Services staff members prepare students to engage with faculty, staff and fellow students. In addition to the services listed above, resources in the Office of Advising Services include the First Year Advising and Orientation Program, Transfer Programs, the Sylvia E. Fishman Student Center, and the Center for Student Achievement.

First-Year Student Advising and Orientation Program
The First-Year Advising and Orientation Program facilitates first-year students’ transition into Hunter College by connecting them with the college community and providing academic advising. A comprehensive orientation introduces students to the college and prepares them to succeed inside and outside the classroom. Each new student is assigned to a professional academic adviser for their first year in college, who provides advising, referral, and support. The program also sponsors “First-Year Student Connections,” a workshop series that includes topics such as understanding academic requirements, study skills, wellness, and career development. More information is available at http://www.hunter.cuny.edu/fyso/index.shtml.

Transfer Programs
Transfer Programs offer advising and orientation to promote student transition into Hunter College. At orientation, new transfers learn about academic requirements, course transferability, and paths to successful degree completion. Academic advisers are available to help transfers explore majors, locate critical resources, understand degree requirements, and develop meaningful short- and long-term academic plans. Please see our Web site for more information at http://studentservices.hunter.cuny.edu/new/new_transfers.htm.

CAREER DEVELOPMENT SERVICES
805 Hunter East; (212) 772-4850
http://studentservices.hunter.cuny.edu/cds.htm

The Office of Career Development helps Hunter College students to compete in the job market through a variety of career development and placement services:

Career Counseling Career counseling is an interactive process where students are assisted in discovering the career that will provide optimum personal satisfaction. Counselors meet with students individually and in small groups to explore and evaluate the student’s academic strengths and concentration, additional training, work history, interests, skills and personal traits. Counselors help uncover underlying factors that may impede progress toward decision making. Counselors also help the student develop a resume, interviewing skills and job search skills and provide assistance in job placement. Alumni are also encouraged to use the services for assistance in job search and career change.

Internships Internships provide the opportunity to gain professional work experience in a setting related to a student’s major course of study. Interns work in corporations, government agencies and nonprofit organizations. In addition to gaining work-related skills, students develop contacts for future employment and acquire job-related experience to enhance their resume and interview presentation and earn academic credit or stipends.

Employer Recruiting Representatives from corporations, banks, brokerage houses, accounting firms, insurance companies, retail stores, computer and software companies, nonprofit organizations and government agencies recruit on and off campus in the fall and spring by interviewing students for a variety of professional positions.

Employer Visits Employers and successful professionals, including alumni, come to Hunter to discuss career opportunities in their respective areas. Panelists explore current trends in various fields, offer suggestions for preparing for the competitive job market and describe their own careers. From these experiences, students learn about specific companies, their products and services, hiring trends and career opportunities.

The Graduating Senior Recruiting Program Graduating seniors have the opportunity to enroll in the Graduating Senior Recruiting Program. Approved resumes are made available to participating employers for review. Employers select those candidates in whom they are interested and conduct interviews on and off campus.

Job Listings Businesses, industries, government agencies, schools, hospitals and nonprofit organizations post entry-level and advanced part- and full-time positions with the Career Development Services office. Students and alumni can stop by the office to use the job
bank and fax or e-mail their resumes to employers for advertised positions.

**Career Resource Library** A wide variety of career information is available: reference books, periodicals, directories and guide books on career planning and job search preparation and strategies.

**OTHER SERVICES**

**Office of AccessABILITY (for Students with Disabilities)**
1124 Hunter East; (212) 772-4857
http://studentservices.hunter.cuny.edu/access.htm

In compliance with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1975, the Office of AccessABILITY ensures the availability of variety of accommodations and services for students with documented disabilities or medical conditions who are currently registered at Hunter College. Disabilities include (but may not be limited to):

* Medical and psychological conditions, learning disabilities, deafness and hard of hearing, visual impairment, mobility impairment and other conditions that cause you to have mobility difficulties or result in your using a cane or wheelchair.

* Assistance to students with temporary disabilities due to an accident or short-term health conditions is also available. To be eligible for reasonable accommodations, it is necessary for students to provide a written statement with supporting documentation of a disability from a “qualified professional” (physician, psychiatrist, psychologist, or clinical social worker).

Under the auspices of the Office of AccessABILITY, the Access and Technology Center, Room 205 Thomas Hunter Hall, is a resource facility for students with disabilities. The center houses equipment with adaptive software and hardware technologies.

For more information, please call (212) 772-4857/TTY (212) 650-3230 or go to our Web site.

The Section 504 Coordinator at Hunter College, Professor Tamara Green is responsible for enforcement of the provisions of Section 504. She may be contacted in 1429 Hunter West, (212) 772-5061. There is a 504 Grievance Procedure for students with disabilities at Hunter College. Students may obtain the necessary form, which contains instructions for filing, from the Office of Student Services in Room 1119 Hunter East.

Students with disabilities at the School of Social Work may contact the director of admissions at (212) 452-7005 for assistance.

**International Students Office**
1109 Hunter East; (212) 772-4579

The International Students Office (ISO) provides vital information and academic counseling to all international students, including students with F-1 and J-1 visas and others with questions about their immigration status. The office is an important source of information regarding immigration matters, such as the requirements for compliance with the Student Exchange and Visitors Information System (SEVIS). The ISO issues SEVIS I-20 forms to all new international students. It also provides individualized advising and holds small group discussions throughout the academic year on such topics as immigration law, tax issues and cultural adaptation to the United States.

**Children’s Learning Center**
207 Hunter North; (212) 772-4066

Under the direction of a qualified and caring staff, the preschool and school age programs provide a nurturing atmosphere for children while their parents attend classes. Students register for both programs in January for the following fall semester. A modest nonrefundable application fee is required. Inquiries may be made at the Children’s Learning Center, where brochures and registration cards are available.

Two distinct programs operate at Hunter. The preschool program is a child care service available to matriculated students during the academic year (September through May) and during summer session (June-August). It is a preschool educational and development program designed for children aged 29 months through 5 years. The school age program is for children ages 6 through 10. Facilities include two classrooms equipped with age-appropriate educational materials. This after-school program provides an opportunity for homework assistance and participation in planned activities designed to reinforce educational goals and recreation.

**Office of Health Services**
307 Hunter North; (212) 772-4800/4801

The Office of Health Services provides emergency on-campus care by certified NYS Emergency Medical Technicians and infirmary facilities for students requiring short-term care. Nurse practitioners are on duty during the academic semester for a limited number of hours to provide free physical examinations, general health care during walk-in hours, limited rapid tests, vaccinations for flu, hepatitis B and immunization for measles, mumps and rubella. Also provided are free blood pressure screenings and health education information. In addition, the office is responsible for the maintenance of all immunization records and the distribution of physical activity cards (required for use in all recreation programs and facilities).

**Dormitory Facilities**
Residence Hall Office; (212) 481-4311
http://www.studentservices.hunter.cuny.edu/rrhome.shtml

The Hunter College Residence Hall is located at 425 East 25th Street and houses approximately 600 undergraduate and graduate students. All rooms are single occupancy and contain basic furnishings. Each floor has a main lounge, bathroom facilities and a kitchen. There is a $50 application fee.

**ALUMNI ASSOCIATION**
1313B Hunter East; (212) 772-4087

The Alumni Association of Hunter College, composed of 85,000 women and men graduates of the college, has been in continuous existence since 1872. Membership is automatic upon graduation from any Hunter College degree program.

The Association provides opportunities for alumni to become actively involved in the life of the college and serves as the link between Hunter and its graduates. In addition to providing vital support for scholarships and academic programs, members participate in a variety of chapter and on-campus activities, including lectures, faculty roundtables, workshops and book discussion groups.

Members can take advantage of campus facilities with the Alumni Card, which provides access to the college libraries, Sportsplex, instructional computing center, Chanin Language Center and career development services. Alumni can attend association meetings in January and May and stay informed about activities through the publication, At Hunter.

**HUNTER COLLEGE LIBRARIES**
http://library.hunter.cuny.edu

The Hunter College Libraries – comprising the main Jacqueline Gennann Wester Library and the Visual Resources Library at 68th Street, the Health Professions Library at the Brookdale Campus and the School of Social Work Library at 79th Street - have open stack collections and hold over 800,000 volumes, over 2,100 print periodical subscriptions and approximately 25,000 electronic periodicals, over 1,200,000 microfilms, over 13,000 sound recordings, music CDs, videocassettes and DVDs, 250,000 art slides and 30,000+ digital images. All Hunter libraries provide access to the CUNY+ online
The entrance to the 9-floor main library is on the 3rd floor walkway level of the Hunter East Building, where the circulation desk, Browser's Lounge and the Center for Puerto Rican Studies Library are located. The floors are dedicated to specific subject areas and functions: 1st floor-education, 2nd floor-Reserve Desk, Archives and Special Collections, music and video stations, 4th floor-Reference Desk, 5th floor-general periodicals, 6th floor-science, 7th floor-art and history. Floors B1 and B2 hold the remainder of the book collection, including social sciences and literature. The main library has individual and group study rooms, special facilities for students with disabilities, networked computer classrooms and labs for word processing and Internet access. The Health Professions Library also has a computer lab and classroom.

Many commercial full-text databases can be accessed via the Hunter Libraries homepage: http://library.hunter.cuny.edu. These resources also can be accessed from off campus through the proxy server. To use the proxy server, you must be a currently enrolled student or current faculty member with a Hunter email account.

The Sylvia E. Fishman Student Center
417 Hunter West; (212) 650-3282/3278
http://studentservices.hunter.cuny.edu/semc.htm

The Sylvia E. Fishman Student Center offers programs, activities and services to enhance the academic experience for students. Academic advisers and peer advisers are available at the Center to provide advising and assistance with program planning and to connect students with more comprehensive advising and career development services. Additional programs related to career exploration, internship opportunities, financial aid, wellness education, and residential life are sponsored regularly. The Center is also a "one-stop shopping" opportunity for information about a wide range of activities and services available at Hunter, which links to workshops, tutoring, cultural, and recreational events. For more information see our Web site.

Reading/Writing Center
416 Thomas Hunter; (212) 772-4212
http://rwc.hunter.cuny.edu

The Hunter College Reading/Writing Center is a comprehensive service for the college community. Located on the fourth floor of Thomas Hunter Hall, the RWC offers tutorial services to all registered students at the college – undergraduate and graduate – and provides computer facilities for Hunter students, faculty, staff and alumni, and technical support and development to faculty and staff.

Students can utilize the RWC's services by registering for individualized and paired tutoring sessions by appointment or receive assistance on a drop-in basis during scheduled hours of operation. Tutors help develop a reading-writing process that students can use to improve their skills and negotiate the requirements of academic reading and writing. The RWC also offers a series of workshops on various aspects of critical reading, comprehension, and the writing process, including preparation for the ACT Basic Skills Test in Reading and Writing and the CUNY Proficiency Exam (CPE). Students at Hunter's School of Social Work have access to the SSW Writing Center at the 79th Street campus.

In addition, the RWC's extensive resource file of instructional handouts can be accessed online at the Reading/Writing Center Web site. Students are welcome to use the RWC's library of textbooks and materials during the hours the center is open. Our computer facilities are available to all members of the Hunter College community and the RWC offers workshops in all aspects of technical assistance: basic computer application training, online academic research, desktop publishing and electronic communication.

For further information concerning hours and description of services, contact the Reading/Writing Center at (212) 772-4212, the Reading/Writing Center Computer Facilities at (212) 650-3952 or consult the Web site.

Writing Across the Curriculum
http://rwc.hunter.cuny.edu/wac/index.html

The Writing Across the Curriculum Program at Hunter includes consultation on writing pedagogy provided by experts in the field; the CUNY Writing Fellows Program, a collaboration between fellows from the CUNY Graduate Center and Hunter faculty in the effort to address issues of writing in the disciplines; the services of the Reading/Writing Center, which offers tutoring in academic writing across the curriculum to students and consultation with faculty on student writing.

The Writing Across the Curriculum Program is founded on the principle that students learn by writing: they learn to write by engaging in a variety of academic writing activities and they learn subject matter by writing about it. For more information about the program, contact the coordinators at (212) 772-4014 or (212) 772-5742, or go to the program Web site.

Dolciani Mathematics Learning Center
300 Hunter North; (212) 772-5371
http://sena.hunter.cuny.edu/dolciani

The Dolciani Mathematics Learning Center is a multipurpose resource center, providing group tutoring, computer-assisted tutorials, audio-visual materials and videotapes for students enrolled in most mathematics and statistics courses, as well as for students who need to brush up on their math skills for other courses. It also provides workshops on a variety of topics to assist students in the learning of mathematics, including a specifically designed multimedia workshop to prepare students for success in MATH 101.

The center is open during open days, evenings and Saturdays, with no appointment necessary. Specific hours of operation and additional information are posted outside the center and can be found on our Web site.

The Leona and Marcy Chanin Language Center
209 Hunter West; (212) 772-5700
http://www.hunter.cuny.edu/~chanin

The Chanin Language Center is a state-of-the-art multi-media foreign language learning facility. The center consists of two independent study labs equipped with 61 multi-media workstations in addition to The Cecile Insdorf Foreign Language Screening Room. Students can supplement their language learning from the elementary to the advanced level by working with computerized study modules, CD-ROMs and digitized audio-video programs based on textbooks and/or lab manuals. The Center provides Internet access to dictionaries and other writing and research tools. In addition, the Center houses an extensive collection of foreign language films and video programs on VHS and DVD. An audiocassette/audioCD home borrowing program is available to students enrolled in a foreign language course. Through the support of the SEEK Department, Spanish, French and Italian tutoring assistance is available to SEEK students.

A 30 minute orientation session is required of all first time users. Hours and additional information can be found on our Web site.

Instructional Computing and Information Technology Resources
http://ictc.hunter.cuny.edu

The Instructional Computing and Information Technology Department (ICIT) provides technology resources and services for students and faculty. These include the Instructional Computing Center, Room 1001 Hunter North, equipped with 250 computers available to students; a 14-seat faculty development room; a 10-seat computer training room; and two distance learning centers. Other services available to faculty, students and staff include: e-mail servic-
es, course management, computer training, consultation, audiovisual services, teleconferencing and videoconferencing services, telephone and voice mail services, computer networking services (on campus and off campus), software licenses and student information services. Guidelines for access to and use of these services and facilities are posted at each facility and are subject to the rules and regulations of the college.

In addition, ICIT manages computer work areas in several locations at each of Hunter's five campus sites. Hours, locations and a general description of the facilities available in each area are posted on our Web site.

**Physical Sciences Learning Center**
1209 Hunter North; (212) 650-3707
The Physical Sciences Learning Center provides individual tutoring, on a walk-in basis, for students enrolled in physics, chemistry and astronomy courses. Workshops and group tutoring sessions are also offered for selected topics. State-of-the-art computers with Internet service and appropriate programs are readily available. An extensive library, containing physical sciences textbooks, problem solution manuals and videos are provided for the students. The Center encourages students to learn and work with their peers.

The Center is open Mondays through Fridays during the day and evening. At the beginning of each semester, the specific hours and tutoring schedules are posted.

**The Social Sciences Computing Laboratory**
606 Hunter West; (212) 772-5605
http://urban.hunter.cuny.edu/sis/hours/thisweek.html
The Social Sciences Computing Laboratory is located on the sixth floor of Hunter West (enter through W607) and facilitates computer-based teaching and research among the social science departments. The lab itself is used primarily as a computer classroom for social science departments, but is open to all Hunter students for walk-in hours when available. Exact hours vary from week to week. The current and following week's walk-in hours are posted on the door and on the lab Web site.

**Center for Student Achievement**
C001 Hunter North; (212) 772-4890
http://studentservices.hunter.cuny.edu/csa.htm
The Center for Student Achievement provides students with the opportunity to develop and enhance their study methods. The Center conducts workshops on time management, classroom note-taking, stress management, test-taking strategies, learning styles, and other topics. Workshops are open to all Hunter students. The Center provides individual assistance to students on academic probation and those who are experiencing particular study problems. Video programs and other reference materials are also available. For current workshop schedules and a variety of useful information on study skills and strategies, students are invited to visit the Center's Web site.

**Special Services Program/Tutoring**
1236 Hunter East
The Special Services Program provides free tutoring, advising and other academic support services to Hunter College undergraduates who are low-income, first-generation college students or individuals with disabilities. The program's services are designed to help students stay in college, earn passing grades and graduate.

**College Bookstore**
1st Floor, Hunter West; (212) 650-3970
http://hunter.bkstore.com
The bookstore stocks required, supplementary and recommended textbooks (new and used), regulation school supplies, special course requirements and other academic and nonacademic items. The book-

**SPORTS, RECREATION AND ENRICHMENT**

**Hunter Athletics**
B317 Hunter West; (212) 772-4782
www.hunter.cuny.edu/athletics
The Hunter College Athletic program is the premier benchmark intercollegiate program in the New York Metropolitan region and City University of New York Athletic Conference (CUNYAC). With 20 sponsored men's and women's teams, the Hawks compete on the NCAA Division III level with a commitment to athletic and academic progress and development each year. Student-athletes benefit from an outstanding and supportive academic environment, highly qualified coaches and superior facilities for competition and practice. Over the last nine years Hunter College has won seven CUNY Athletic Conference Commissioner's Cups, an award presented to the best athletic program in the conference.

Academically, the Hunter Hawks are also successful with a competitive graduation rate. The athletic program maintains an impressive grade point average of at least 3.00 each year. As members of the Hunter Athletic family, student-athletes receive a well-balanced collegiate experience - a proven and top-rated Hunter College academic challenge and a memorable athletic career.

Hunter College offers a multi-million dollar athletics facility which is equipped with competition and practice gymnasia, wrestling room, fencing/yoga room, men's and women's locker rooms, swimming pool, athletic training room, state-of-the-art weight room, racquetball courts and the newly opened smart classroom for student use. The Brookdale campus also houses a swimming pool, weight room, gymnasium, tennis courts and bowling alley for official athletic and recreation use. For more information on the Hunter Athletic program, log onto www.hunter.cuny.edu/athletics or call 212-772-4782.

**Intercollegiate Sports**
Women's sports include basketball, junior varsity basketball, cross country, fencing, indoor track, outdoor track, softball, swimming, tennis and volleyball and junior varsity volleyball. Men's sports include basketball, cross country, fencing, indoor track, outdoor track, soccer, tennis, volleyball and wrestling.

**Recreation and Intramurals**
B315 Hunter West; (212) 772-4912
www.hunter.cuny.edu/athletics/recrcreation/index.shtml
Hunter College's recreation and intramural programs are designed to promote physical fitness, relaxation, wellness and enjoyment for members of the college. Open to students, faculty, staff and alumni, the recreation and intramural programs are flexible and provide for a variety of healthful and enjoyable experiences at all levels of skill and participation. Activities offered include a weight/cardiovascular fitness room, racquetball, swimming, dance/aerobics, basketball, volleyball, tennis and martial arts.

Over 20 intramural sports provide Hunter students with the opportunity to compete in various organized activities, games and sports against members of the college community. Some of the more popular sports include flag football, racquetball, fencing, basketball, volleyball, the annual Turkey Trot and Olympic Day.
STUDENT LIFE: CLUBS, ORGANIZATIONS AND ACTIVITIES

Student life at Hunter is enriched by a wide array of organizations and clubs — approximately 150 in number — which provide opportunities for participation in academic, political, recreational, ethnic, religious and social activities. Student organizations sponsor events and activities, which include hosting guest speakers, concerts, movies, attending conferences, assisting charities and social gatherings. All student clubs and publications are administered by the membership through their elected officers. Students are encouraged to join and become active in at least one organization so they have an opportunity to meet other students and develop interpersonal, leadership and managerial skills.

The Office of Student Activities, a unit of the Office of Student Affairs, encourages student involvement and supports clubs and organizations on campus by conducting a series of student leadership colloquia and other leadership development workshops, facilitating club events and opening doors to community service opportunities.

The office is also a resource for free and discount tickets to theaters, concerts and other performances. A complete listing of student organizations and additional information regarding student activities can be obtained by contacting the Office of Student Services/Student Life, 1103 Hunter East, (212) 772-4876.

Assembly and Meeting Hours

A block of time is set aside each week during which no classes are scheduled. Called "Dean's Hours," this time block is reserved for official college assemblies, guidance meetings and other academic and administrative purposes and for meetings of student organizations. Generally, Dean's Hours are scheduled on Wednesdays, from 1:10-3:00 p.m.

FOOD SERVICES

Dining facilities are available on the main campus at 68th Street, the Brookdale Campus and the School of Social Work. The Food Services Web link is www.hunterdining.com.

Main Campus, 68th Street & Lexington Avenue There are several food outlets on the main campus:

- The cafeteria on the 3rd floor of Hunter West is open to all Hunter students, faculty, staff and visitors. There are two eating areas adjacent to the food service area. The south side seats around 200 people. The north side seats about 75 and also has several computer terminals for checking of e-mail and Internet reference. A full menu of hot and cold foods and beverages is offered. Hours: Monday through Thursday, 7:30 am to 7:30 pm; Friday, 7:30 am to 2:30 pm
- A coffee kiosk is located in the lobby of Hunter West, serving beverages and light snacks. Hours: Monday through Thursday, 7:30 am to 8:00 pm; Friday, 7:30 am to 2:30 pm; Saturday 7:30 am to 2:00 pm.
- The Faculty Dining Room on the 8th floor of Hunter West is open to all Hunter faculty and staff. The facility is open during the fall and spring semesters Monday through Friday, from 11:30 am to 2:00 pm.

Note: for the aforementioned facilities, shorter hours are in effect during semester breaks, summer session and the day before major holidays.

Brookdale, 425 East 25th Street A full service cafeteria for the Hunter health sciences community with many of the same options as the main campus cafeteria. Hours: Monday through Thursday, 7:30 am to 7:00 pm; Friday, 7:30 am to 2:30 pm. The cafeteria is closed during semester breaks, summer session and the day before major holidays.

School of Social Work, 79th Street & Lexington Avenue A limited product cafeteria (no hot meals) is located on the 4th floor. Sandwiches, soups, drinks and breakfast baked goods are available. Hours: Tuesday through Thursday 11:00 am to 7:30 pm. Monday and Friday, closed. This facility is closed during semester breaks, summer session and the day before major holidays.

Vending There are vending machines throughout all of Hunter College's campus locations.

DEPARTMENT OF PUBLIC SAFETY

B122 Hunter West; (212) 772-4447
http://publicsafety.hunter.cuny.edu/index.shtml

Public Safety and Emergencies

In order to provide a safe and secure environment, the Hunter College campuses are monitored 24 hours a day by members of the Department of Public Safety. Public Safety personnel are available to provide assistance with public safety, security and health emergencies at all times. In the event of an emergency, Public Safety can be reached in the following manner:

Emergencies Located throughout both the main campus and Brookdale campus are silver wall mounted boxes marked "Emergency." These boxes are known as "Talk Alerts" and pushing the call button on the box will connect you directly to the public safety desk. You may also dial 4444 from any interior campus telephone, or dial (212) 772-4444 from your cellular telephone.

Remember to please state your emergency and your location on campus.

Non-emergencies All calls for Public Safety services from all Hunter College campuses should be made to (212) 772-4447. This number is staffed 24 hours daily. Calls for outside assistance can be made from campus telephones by dialing 9-911. (An extra 9 is entered to ensure that the caller is given an outside line.)

Building Hours and Off-Hours The following schedule and procedures are in effect for the Hunter College complex of buildings:

Building Hours:
Monday through Friday 7:00 a.m. to 10:00 p.m.
Saturday, Sunday, holidays 7:00 a.m. to 6:00 p.m.

To enter the buildings at times and days other than those scheduled above, everyone must show proper identification to the security officers on duty. A sign-in and sign-out log will be maintained by the security officers.

Special Procedures on the Brookdale Campus Students, faculty, staff and visitors to the Brookdale campus are required to possess a valid photo ID, which they must present to campus security upon entry into Brookdale campus buildings and show to any member of the Residence Life or Campus Security staff upon request at any time.

Information and Complaints Requests for information or complaints concerning security services should be made to Louis Mader, Director of Public Safety, (212) 772-4521.
THE ACADEMIC PROGRAM

The Bachelor of Arts (BA) encompasses sciences, humanities and the arts and the social sciences. It prepares students for positions in profit, nonprofit and government organizations or for graduate programs.

The Bachelor of Science (BS) provides training for a particular career and is therefore considered a professional degree. Hunter offers BS degrees in 5 fields.

The Bachelor of Fine Arts (BFA) is a program concentrating in art for highly qualified students. This program is described in detail in the section devoted to the Art Department.

The Bachelor of Music (BMus) is a program designed for students who intend to perform professionally or to teach the performance of music. This program is described in detail in the section devoted to the Music Department.

The Bachelors/Masters programs are designed for highly qualified students in particular areas of study; they enable full-time students to complete both the bachelor's and master's degrees in 4-5 years. Some programs offer teacher certification at the master's level. Fifteen programs are available. See page 64 for a list of programs.

The CUNY (City University of New York) Baccalaureate degree is a university-wide program. This degree, awarded by CUNY rather than by a specific undergraduate CUNY college, may be a BS or BA degree and is intended for students who have well formulated individual academic and career goals. Students who are accepted work out their programs with a faculty committee of their choice that is willing to support the student's plan of study. Students pursue their studies at one or more colleges in CUNY, according to their interests. Students must complete at least 15 but not more than 90 credits to be considered for admission to this program. Further information can be obtained from the CUNY/BA adviser in the Office of Student Services.

Policy on Remediation

Beginning January 2000, students enrolling at Hunter College must prove their proficiency in reading, writing and mathematics through SAT scores, Regents scores or assessment tests prior to registration. Remedial courses are no longer offered by the college. ESL and non-proficient SEEK students are exempt from this policy, but must adhere to the following guidelines (see the Admissions section of this catalog for information about ESL and SEEK designations): SEEK students must enroll in the appropriate basic skills workshop(s) prior to enrolling in their first semester at Hunter. SEEK students who do not gain proficiency in the pre-first semester workshops must take additional basic skills workshops during the semester. SEEK students must demonstrate proficiency within one year of enrollment at Hunter. SEEK students needing basic skills coursework must consult with the director of the SEEK Program for course access and availability. ESL students are placed in an appropriate developmental reading and/or writing course during their first semester and may continue taking developmental courses in their second semester, if needed. ESL students must demonstrate proficiency by the end of their fourth consecutive semester at Hunter. ESL students should see the ESL adviser in the English Department, Room 1212 Hunter West, for details about basic skills proficiency requirements.

College Preparatory Initiative

Students who graduated from high school in spring 1993 or later are required to satisfy a set of prescribed educational competencies known as the College Preparatory Initiative (CPI). Students who do not satisfy the Initiative through coursework taken while in high school take appropriate college-level courses to meet the requirement. See the Admissions section of this catalog for CPI requirements.

CUNY Proficiency Examination (CPE)

The CPE requires students to demonstrate proficiency in aspects of academic literacy and quantitative reasoning that the CUNY faculty considers important for success in upper-division studies. The examination consists of two parts totaling three hours: part one is an essay written in response to questions related to two reading assignments, one of which is provided in advance of the test; part two requires students to determine the extent to which data from charts or graphs support the major claims of a short reading selection. As of fall 2003, all baccalaureate students are required to take the CPE between the 45th and 60th credit.

Students who are within the credit range or time frame mandated for the examination will be sent information about test dates and registration procedures by mail. Additional information about the CPE, including a booklet with sample tasks and responses, is available at the Testing Center, Room 150 Hunter North, (212) 772-4868. General information, including sample questions and a self-paced learning program to practice CPE tasks, may also be viewed at the website of the Reading/Writing Center at http://www.rwc.hunter.cuny.edu.

General Education Requirement

Students must fulfill the General Education Requirement, which consists of a Core Requirement made up of three sequential stages of liberal arts courses, as well as three graduation requirements: Writing, Foreign Language and Pluralism and Diversity. See section on General Education Requirement below.

Note: All students who matriculated at Hunter College prior to fall 2001 have the option of fulfilling either the Distribution Requirement in its entirety or the General Education Requirement in its entirety in order to be eligible for graduation. The Distribution Requirement is included as Appendix A of this catalog.
Major Field of Study

Students must choose a major field of study: two chosen subjects, (the major and the minor), for the BA or one subject of specialization or professional study for the BS (approximately 30 credits for the BA and 60 for the BS). See Major Field of Study on page 63.

Elective Courses

Elective courses are courses chosen by the student, provided the prerequisites are met, to complete the total credits required for the degree. See Elective (or Optional) Credits on page 64.

THE GENERAL EDUCATION REQUIREMENT

Introduction

All undergraduate students who matriculated at Hunter College in fall 2001 and later must fulfill the General Education Requirement (GER), a set of competencies, knowledge areas and perspectives that Hunter College considers essential to the intellectual development of its undergraduates. Students are strongly urged to complete most of the GER before going into their major and minor. Without the necessary background found in the GER, you may find yourself at a disadvantage in your major courses. However, students in highly structured programs, such as the sciences, mathematics, foreign languages and BFA, BMus and BS degree should begin their major and minor courses and their Core requirements concurrently.

The General Education Requirement is comprised of the Core Requirement, consisting of designated courses at various academic levels and three graduation requirements: the Writing Requirement, the Foreign Language Requirement and the Pluralism and Diversity Requirement. Transfer students who have earned an AA/AS degree from a CUNY college and who matriculated in fall 2003 and after are exempt from the Core requirements of the GER, but must fulfill the three graduation requirements of Writing, Pluralism and Diversity and Foreign Language. Transfer students who have earned an AA/AS degree from a CUNY college and who matriculated between fall 2001 and summer 2003 are exempt from the Core Requirement and the Writing Requirement. Evaluated transfer credits sometimes can be used to fulfill the GER requirements. All transfer students should carefully check their evaluated courses against the GER. Students transferring from a CUNY school without an AA or AS degree should seek an advisor to help determine which courses they may use to satisfy Core requirements. For overlaps and restrictions on these different requirements and their relation to major and minor requirements, see the section below on Regulations for Core Requirement.

Summary

The Core Requirement, comprised of designated courses, is divided into three sequential Stages: 1-Academic Foundations; 2-Broad Exposure; and 3-Focused Exposure.

Stage 1 – Academic Foundations (Students should complete this stage within their first 30 credits.) The Academic Foundations Stage includes courses in mathematics, composition and history that provide students with the analytic, interpretive, communication and historical competencies and perspectives critical to academic success.

Stage 2 – Broad Exposure (Students should complete this stage within their first 45 credits.) The Broad Exposure Stage continues with courses in the social sciences, humanities, arts and natural sciences to introduce students to a broad range of disciplinary perspectives and areas of knowledge.

Stage 3 – Focused Exposure (Students should complete this stage within their first 60 credits.) This Stage requires students to select advanced courses outside their major (students with more than one major should see the Regulations for Core Requirement, below).

The Focused Exposure Stage includes courses in areas that the student has selected to study in greater depth, in the expectation that more advanced students should do more analysis and research.

Graduation Requirements:

Comprised of the Writing Requirement, the Foreign Language Requirement and the Pluralism and Diversity Requirement.

1) Writing Requirement The Writing Requirement ensures that all students have significant writing experiences. It is recommended that students fulfill the Writing Requirement early in their academic career in order to prepare effectively for advanced coursework and for the CPE. Courses that can be taken to fulfill the Writing Requirement carry the designation "W" in this catalog. The maximum number of writing intensive, W-designated courses a student must take is 3 (see the section below on Writing Requirement). All W courses must be taken at Hunter. The W-designated courses (or specific sections thereof) are indicated in the Schedule of Classes each semester.

Note: Not all sections of a course are necessarily offered with significant writing. To satisfy the Writing Requirement a section designated as W must be taken.

2) Foreign Language Requirement The goal of this requirement is to provide facility in a language other than English and to enable students to access non-English literatures. In learning a foreign language and studying its literature and cultures, students acquire new perspectives on how people think, view the world, express themselves and communicate with one another. Language learning expands one's ability to create and discover new meaning in one's own language and culture. An awareness of contrasting cultural concepts sensitizes students to the differences between their own culture and others — increasingly important, as the communities of the world have become so interconnected and interdependent. This is a graduation requirement. The requirement of four semesters of language courses or an equivalent combination of college and high school courses is fulfilled only if all four semesters are completed in the same language.

All BA, BFA and BMus students must fulfill a graduation requirement of intermediate (fourth semester) foreign language proficiency. It is recommended that students begin the first two semesters of foreign language proficiency within their first 30 credits at Hunter. Although intermediate foreign language proficiency is required only by the time a student graduates, gaps in language instruction are very undesirable and it is strongly recommended that students complete all their foreign language requirements in consecutive semesters. Students in BS programs should check the requirements for their specific program. Students who change from a BS to a BA program must meet the foreign language requirement for the BA degree.

3) Pluralism and Diversity Requirement This requirement is comprised of designated courses in four groups (A, B, C, D). A course can satisfy only one of these four groups, though it may also satisfy a requirement in the Core and in the minor and major.
The General Education Requirement is comprised of a Core Requirement and Graduation Requirements in: Writing, Foreign Language, and Pluralism & Diversity. Any number of courses from a major or minor may be used to satisfy Pluralism and Diversity Requirement and the Writing Requirement.

Note: The list of courses satisfying the requirements is often updated. For the most recent list, please check the Registrar's website at: http://registrar.hunter.cuny.edu

**Regulations for Core Requirement:**

1. A course may be used to satisfy only one Core Requirement.
2. No more than two courses per department or program may be applied to satisfy Core requirements. Exceptions to this are courses in Stage 1: Academic Foundations.*
3. All courses satisfying Core, Stage 2 Groups A through D must be from different departments or programs.*
4. Students may apply up to two courses from their major to satisfy Stage 1 and Stage 2 of the Core; only one of these is permitted to fulfill a Stage 1 requirement, and only one a Stage 2 requirement.

*Note: Students who have declared two or more majors can use up to two courses from one of those majors to satisfy Stage 1 and Stage 2 of the Core. Only one of these is permitted to fulfill a Stage 1 requirement, and only one a Stage 2 requirement. Courses from minors and any additional majors can be used without limit to satisfy Stages 1, 2, and 3 of the Core.

*5. All CUNY Macaulay Honors College (MHC) courses designated for the Core Requirement may be applied toward the Core Requirement.
Stage 1: Academic Foundations  (Courses approved for Stage 1 are listed on pp. 30)
This Stage involves basic academic skills needed for success in the liberal arts and sciences. Accordingly students should complete this Stage as early as possible, preferably within their first 30 credits at Hunter. Exemption may be granted on the basis of placement exams or other criteria as determined by the Hunter College Senate. Such exemptions do not yield credit unless they are based on the successful completion of college courses.

<td>3</td>
<td><strong>Survey of Literature Written in English</strong>&lt;br&gt;This requirement is meant to increase students understanding and appreciation of literature written in English. Courses emphasize close readings of representative texts chosen to familiarize student with various authors, periods, and genres - fiction, drama, and poetry - and to provide a firm foundation for further literary study. Written assignments include quizzes, papers, and a midterm and final exam.</td>
</tr>
<tr>
<td>B</td>
<td>6</td>
<td><strong>Social Science: People and their Societies</strong>&lt;br&gt;The goal of this requirement is to introduce students to the understanding of individual and collective human behavior. Students should be aware of the geographic, political, social, economic, historical, and psychological effects on the human environment. By studying human relations and the human experience students should learn the methodologies as well as the nature, scope, and limits of specific disciplines in the social sciences.</td>
</tr>
<tr>
<td>C</td>
<td>3</td>
<td><strong>Humanities: Cultures and Ideas: Literature, Philosophy, Classics</strong>&lt;br&gt;This requirement is meant to introduce students to the human intellectual heritage, the wisdom, and the vision expected of well-educated members of the global human community. The study of texts, thoughts, cultures, and human values should nourish the mind and the spirit, inspiring an enduring love of learning. The humanities are strongly linked to other fields of higher education and are vital to the health of society.</td>
</tr>
<tr>
<td>D</td>
<td>3</td>
<td><strong>Visual and Performing Arts: Media, Art, Dance, Film, Music, Theater</strong>&lt;br&gt;This requirement is meant to introduce students to significant works of the creative imagination, familiarize them with a medium of creative expression, and enable them to actively participate in individual aesthetic and creative experiences. Through critical analysis, research, and direct involvement in creative work in a particular medium, students should develop an appreciation of the interrelations of intellectual and emotional responses to the arts and letters.</td>
</tr>
<tr>
<td>E</td>
<td>7</td>
<td><strong>Natural Science: Two courses are required, one of which must include a laboratory component. These may be in the same discipline.</strong>&lt;br&gt;The goal of this requirement is to introduce students to the concepts and ways of thinking of the natural sciences. The sciences have intrinsic intellectual value, pursuing basic questions about the workings of the universe and the world around us. Students should be conversant with the rapid pace of scientific advances and able to make informed decisions about scientific matters in the public domain.</td>
</tr>
</tbody>
</table>

Stage 3: Focused Exposure  (Courses that satisfy Stage 3 are listed on pp. 36–40)
These courses are intended to give students the opportunity to study selected subjects outside their major department or program in greater depth than in Stage 2. Usually, these courses will be beyond the 100 level. Accordingly, it is strongly recommended that students take a first course in the same discipline. A student must take one course from Group A and one course from Group B in Stage 3.

GRADUATION REQUIREMENTS

Writing Requirement
(See pp. 40-47 for listing of approved courses)

Students matriculating with fewer than 31 credits must take three courses in significant writing—"W" designated courses—at Hunter College. Transfer students matriculating with 31 or 59 credits must take at least two "W" designated courses at Hunter College. Transfer students matriculating with 60 to 90 credits must take at least one "W" designated course at Hunter College. (ENGL 120 does not count as "W" designated course.)

Note: Specific sections of courses containing significant writing are listed with a W designation in the Schedule of Classes. Please note that not all sections of a course are necessarily offered with significant writing. To satisfy the Writing Requirement a section designated as W must be taken.

Foreign Language Requirement
(See pp. 48 for listing of approved courses)

Hunter College currently offers the following programs to meet the foreign language requirement:
Chinese (CHIN), French (FREN), German (GRMN), Greek (GRK), Hebrew (HEBR), Italian (ITAL), Japanese (JPN), Latin (LAT), Polish (POL), Russian (RUSS), Spanish (SPAN), Swahili (SWA), Ukrainian (UKR), Yoruba (YOR).

Course of Study:
All students must demonstrate foreign language proficiency at the 12-credit level or its equivalent. In each language a required course sequence (12 credits) is offered: Elementary I and II (2 three-credit courses or 1 six-credit intensive course) and Intermediate I and II (2 three-credit courses or 1 six-credit intensive course). The Elementary three-credit courses are usually numbered 101 and 102 and the Intermediate three-credit courses are usually 201 and 202 (except that the Spanish for Native Speakers sequence is SPAN 105, 106, 207, and 208; intermediate Greek is GRK 110 and GRK 202 or 203; intermediate Latin is LAT 110 and LAT 201, 202, 203, or 204). The intensive six-credit courses are usually numbered 103 and 203 (except for: CHIN 107 and 207; GRK 107; and LAT 107). Intensive courses are not offered in all languages. The first semester of a four-course sequence will not be credited without successful completion of the second semester.

Exemption: Students may be exempt from part or all of the foreign language requirement by virtue of:
1) Successful completion of high school courses. Each year of language study completed in high school is equivalent to one semester (3 cr) of the same language in college. The requirement of 4 semesters of language courses or an equivalent combination of college and high school courses is fulfilled only if all 4 semesters are completed in the same language. Students who have completed 4 years of one foreign language in high school should apply for an exemption with the Coordinator of Academic Appeals; an official high school transcript is required. Students who have passed a language Advanced Placement Test of the College Board with a grade of 5, 4, or 3 should contact the Office of Admissions.
2) Courses taken at other colleges.
3) Competency demonstrated through proficiency examinations. To arrange for an examination contact the appropriate department office; if the language in question is not taught at Hunter College contact the dean of the School of Arts & Sciences.
4) Students who have graduated from a high school outside the United States in which the language of instruction was other than English may be exempted from the foreign language requirement upon presentation of a high school or secondary (equivalent) transcript.

Note: an exemption from a language requirement does not yield any credit unless the exemption is based on successful completion of college courses.

Placement: Students may begin a foreign language at Hunter College. Students who are not exempt from the foreign language requirement as described above should choose their language course as follows:
1) Students who have satisfactorily completed 3 years of study of one language in high school or have completed the college equivalent of the 3rd level in a foreign language sequence should take the 4th course in the required sequence.
2) Students who have satisfactorily completed 2 years of study of one language in high school or have completed the college equivalent of the second level in a foreign language sequence should take the 3rd and 4th courses in the required sequence.
3) Students who have satisfactorily completed 1 year of study of a language in high school or have completed the college equivalent of the 1st level in a foreign language sequence should take the 2nd, 3rd and 4th courses in the required sequence.
4) Students who are beginning the study of a foreign language should take all 12 credits of a course sequence.
GRADUATION REQUIREMENTS

Pluralism And Diversity Requirement  (See pp. 49-63 for listing of approved courses)

The growing interdependence of the world’s political, economic, and cultural relations, along with the increasingly diverse character of the American citizenry in general and the students of Hunter College in particular, make it imperative that Hunter undergraduates be exposed to a wide range of intellectual traditions, perspectives, and concerns arising from all corners of the globe. The emergence of sizable bodies of scholarship in recent decades reflecting that intellectual array makes it important for Hunter to present them as an integral part of the education of its undergraduates.

Accordingly, all students, including transfer students, who entered Hunter College in the fall 1993 semester or later are required to complete 12 credits in designated courses that address issues of pluralism and diversity before graduating from Hunter College. Students choose three credits from each of the four groups below. Work done at other colleges may be counted towards the pluralism and diversity requirement. When a student is given course equivalence for a course that counts towards pluralism and diversity, that student will also be deemed to have met the corresponding pluralism and diversity requirement except that for BIOL 101/102 and BIOL 100/160, students must see the department to receive pluralism and diversity credit. All courses used to satisfy Pluralism and Diversity requirements may simultaneously meet a student’s Core Requirement or the courses necessary for a major or minor area of study.

Note: While some courses may be listed in more than one group of the requirement, students will be able to apply such course to only one of the four areas.

  - **Details**: (for CUNY Macaulay Honors College students only)
- **Course**: MHC 250W
  - **Title**: Shaping the Future of the City (a/o fall 2001)
  - **Also Meets**: Writing
  - **Details**: (for CUNY Macaulay Honors College students only)

#### Economics
- **Course**: ECO 100
  - **Title**: Introduction to Economics
- **Course**: ECO 200
  - **Title**: Principles of Economics: Microeconomics
- **Course**: ECO 201
  - **Title**: Principles of Economics: Macroeconomics

#### Geography
- **Course**: GEOG 101
  - **Title**: People and Their Environment
- **Course**: GEOG 150
  - **Title**: World Regional Geography
- **Course**: GEOG 221
  - **Title**: Economic Geography
- **Course**: GEOG 226
  - **Title**: Environmental Conservation: Resource Management
- **Course**: GEOG 251
  - **Title**: Geography of the United States and Canada
- **Course**: GEOG 260
  - **Title**: Geography of New York State

#### History
- **Course**: HIST 111
  - **Title**: World History to 1500
  - **Also Meets**: PD/A
- **Course**: HIST 112
  - **Title**: World History from 1500 to the Present
  - **Also Meets**: PD/D
- **Course**: HIST 121
  - **Title**: Early Modern Europe 1500 to 1815
  - **Also Meets**: PD/D Writing
- **Course**: HIST 122W
  - **Title**: 19th and 20th Century Europe
  - **Also Meets**: or GER 1C Writing
- **Course**: HIST 151W
  - **Title**: The United States from the Colonial Era to the Civil War
  - **Also Meets**: or GER 1C Writing
- **Course**: HIST 152W
  - **Title**: The United States from the Civil War Era to the Present
  - **Also Meets**: or GER 1C Writing
- **Course**: HIST 201
  - **Title**: Ancient Civilization
- **Course**: HIST 210
  - **Title**: History of Judaism
- **Course**: HIST 277
  - **Title**: Early Asia to 1600
  - **Also Meets**: PD/A
- **Course**: HIST 278
  - **Title**: East Asia 1600 to the Present
  - **Also Meets**: PD/A
- **Course**: HIST 288
  - **Title**: History of Africa to the 19th Century
  - **Also Meets**: PD/A
- **Course**: HIST 289
  - **Title**: Africa in the 19th and 20th Centuries
  - **Also Meets**: PD/A

LIST OF APPROVED COURSES FOR GER CORE STAGE 2: BROAD EXPOSURE

STAGE 2E NATURAL SCIENCE .............................................................................. 7 credits

The goal of this requirement is to introduce students to the concepts and ways of thinking of the natural sciences. The sciences have intrinsic intellectual value, pursuing basic questions about the workings of the universe and the world around us. Students should be conversant with the rapid pace of scientific advances and able to make informed decisions about scientific matters in the public domain.

Note: Two courses are required, one of which must include a laboratory component.

### LIST OF APPROVED COURSES FOR THE GER WRITING REQUIREMENT

**Writing Requirement**

Students matriculating with fewer than 31 credits must take three courses in significant writing W-designated courses at Hunter College. Transfer students matriculating with 31 to 59 credits must take at least two W-designated courses at Hunter College. Transfer students matriculating with 60 to 90 credits must take at least one W-designated course at Hunter College. *(ENGL 120 does not count as a W-designated course.)*

*Note: Specific sections of courses containing significant writing are listed with a W designation in the Schedule of Classes. Please note that not all sections of a course are necessarily offered with significant writing. To satisfy the Writing Requirement a section designated as W in the Schedule of Classes must be taken.*

# List of Approved Courses for the GER Pluralism & Diversity Requirement

### Pluralism and Diversity Requirement – Group A

A course focusing on scholarship about major practical or theoretical issues (e.g., artistic, economic, geographic, literary, political, scientific or social) that emerge from, are reflected in or are principally derived from the historical conditions, perspectives and/or intellectual traditions of non-European societies, particularly those of Africa, Asia, Latin America or those indigenous to the Americas.

Pluralism and Diversity Requirement – Group D

A course focusing on scholarship about major practical or theoretical issues (e.g., artistic, economic, geographic, literary, political, scientific or social) that emerge from, are reflected in or are principally derived from the historical conditions, perspectives and/or intellectual traditions of Europe, including the ways in which pluralism and diversity have been addressed.

## Major Field of Study (Major and Minor)

The total number of credits for the bachelor's degree at Hunter College is 120. Among the requirements for a bachelor's degree at Hunter College, a student selects a major and a minor. A major is a concentration of courses in a particular subject area. It usually consists of 24 to 30 credits. A minor is a secondary concentration usually related to the student's educational or career goals. It usually consists of 12 credits.

All majors offered by Hunter College have been authorized by the New York State Education Department. See Degree and Certificate Programs, page 24.

### Requirements for a Major

All matriculated students must declare a major no later than the semester in which the combination of credits earned and credits for which they are currently registered totals 61 or greater. Transfer students entering with 60 credits or more must declare their major before the end of their first semester of attendance at Hunter. Students may find that some courses and career opportunities are available to them only if they have declared a major. In addition, under New York State guidelines, students who have not yet declared a major by the 61-credit point are ineligible for TAP financial aid. To declare or change a major, a student should get a major/minor form from the Office of Student Services and Career Development Services.

For students who are nearing the 61-credit point and remain undecided about their choice of major, there are a number of avenues of assistance. Designated faculty in each academic department advise prospective majors about the undergraduate programs and related career possibilities. Also, the counselors in the Office of Student Services and Career Development Services offer assistance in choosing a major. The college is concerned that students select their major with careful consideration and with good knowledge of the range of options.

To earn a Hunter degree, students must complete at least half of their major credits and half of their minor credits at Hunter.

### Double Major

It is possible to have a double major in the BA degree. The student must complete all of the General Education Requirement, satisfy the sequence of study for both majors, fulfill a minor approved by both departments and file a major/minor form for each approved major. The double major and the minor must consist of courses taken in liberal arts departments or programs. Students fulfilling the requirements of two separate majors may be released from the requirement of completing a minor if the minor requirement is waived by both major departments.

### The Minor

A minor is a secondary concentration usually related to the student's educational or career goals. The major department is responsible for approving the content and the arrangement of both the major and the minor, except in the case of education, in which the collateral major in Quest (childhood education) and the adolescent education sequence require the approval of the School of Education in addition to that of the major department.

In order to graduate with a Hunter College BA, a student must have a major and a minor and complete at least half of their major credits and half of their minor credits at Hunter. The BS, BFA and BMus degrees do not require a minor.

The minor is chosen when the student declares the major and it must be approved by the student's major department. It usually consists of 12 credits. The minor is chosen from among the departments and programs leading to the BA degree. Students pursuing childhood education along with their liberal arts major may use the childhood education sequence (Quest) as a collateral major; no minor is required. Students pursuing the adolescent education sequence may use the adolescent education sequence in place of the minor.

Courses from the minor can be used without limit to satisfy Stages 1, 2 and 3 of the Core, the Writing requirement and the Pluralism & Diversity Requirement. Although this does not lessen the number of credits required for the degree, it frees those credits to be used in an elective area.

### The Major and the GER

Students may apply up to two courses from their major to satisfy Stage 1 and Stage 2 of the Core; only one of these is permitted to fulfill a Stage 1 requirement and only one a Stage 2 requirement. Note: Students who have declared two or more majors can use up to two courses from one of those majors to satisfy Stage 1 and Stage 2 of the Core. Only one of these is permitted to fulfill a Stage 1 requirement and only one a Stage 2 requirement. Courses from the minors and any additional majors can be used without limit to satisfy Stages 1, 2 and 3 of the Core, the Writing Requirement and the
Pluralism & Diversity Requirement.

Departmental Majors

**BA Degree** These are majors concentrated within one department. The major typically consists of 24 to 30 credits. A minor in a related subject is chosen at the same time and it must be approved by the student’s major department. It usually consists of 12 credits. Both the major and the minor must be in programs leading to the BA. In order to graduate, a student must have a minimum GPA of 2.0 in the courses designated for the major. Major departments may have higher requirements. Each student should consult the major department for details and also check the department’s description of the major in the catalog.

The following are departments and/or programs that offer majors leading to the BA degree.

- African and Puerto Rican/Latino Studies
- Anthropology
- Art
- Biology
- Chemistry
- Chinese
- Classical Studies
- Computer Science
- Dance
- Economics
- English
- Film and Media
- French
- Geography
- German
- Greek
- Hebrew
- History
- Italian
- Latin
- Mathematics
- Music
- Philosophy
- Physics
- Political Science
- Psychology
- Romance
- Languages
- Russian
- Sociology
- Spanish
- Statistics
- Theatre

Interdepartmental Majors

**BA Degree** The following programs leading to the BA degree involve courses in more than one department. For details and names of advisers, see the listing in the departmental section of this catalog. In addition to the interdepartmental fields of study, the college also offers individual interdisciplinary courses in the humanities, sciences, and mathematics and health sciences.

- Archaeology
- Comparative Literature
- English Language Arts
- Jewish Social Studies
- Latin American and Caribbean Studies
- Religion
- Urban Studies
- Women and Gender Studies

**Fields of Specialization or Professional Studies**

**BS, BFA and BMus Degrees** These programs, each requiring approximately 60 credits in the area of specialization, lead to the BS, BFA or BMus degree. No minor is required for these programs. The following programs are available. For details and names of advisers, see the listing in the departmental section of this catalog.

- Accounting BS/BS (Economics)
- Studio Art BFA
- Department
- Music BMus
- Community Health Education BS
- Nursing BS
- Medical Laboratory Sciences BS
- Nutrition and Food Science BS

**Accelerated Bachelor’s/Master’s Degrees**

These programs enable highly qualified students to earn the bachelor’s and master’s degrees in a shorter period of time than is required for taking the degrees separately. The following programs are available.

- Anthropology (BA/MA)
- Anthropology Teaching 7-12 (BA/MA)
- Biological Sciences/Environmental and Occupational Health Science (BA/MS)
- Biological Sciences with specialization in Biotechnology (BA/MA)
- Chemistry Teaching 7-12 (BA/MA)
- Chemistry Pre-K-12 (BA/MA)
- Economics (BA/MA)
- Economics (BA/MA)
- English (BA/MA)
- English (BA/MA)
- Ecology (BA/MA)
- Mathematics (BA/MA)
- Mathematics/Statistics and Applied Mathematics (BA/MA)
- Mathematics (BA/MA)

**Departmental Advising**

Each department has advisers to help students with such matters as course content, when a course is expected to be given, how a course is conducted (lecture, discussion) and the textbook(s) to be used. Students may want to discuss majoring in a subject before they make their official decision or to inquire about graduate schools. Majors should see the department advisers frequently to discuss their interests.

**Elective (or Optional) Credits**

These are credits needed to complete the degree beyond those taken to fulfill the General Education Requirement and the major and minor. Students may choose as electives any courses for which they have the necessary prerequisites. They may take more courses in their major and minor, study another foreign language they will need for graduate work or explore new horizons. The choice is the student’s. No course may be repeated unless it is so stated in the course description in the catalog.

**Undergraduates Taking Graduate Courses**

Upon the recommendation of the student’s undergraduate major or program adviser and with the approval of the adviser of the graduate program offering the course, highly qualified undergraduate degree students may take graduate courses for credit toward the bachelor’s degree. Both the undergraduate and graduate degree adviser must sign the approval form, which may be obtained by the student at the OASIS. If it is determined that the courses were not used for the bachelor’s degree and the graduate transfer is acceptable, then the student will be charged the difference between the undergraduate and graduate tuition rates at the time the student took the course. No course may be applied to both the undergraduate degree and the graduate degree.
SPECIAL ACADEMIC PROGRAMS

Hunter College offers many special programs to enhance the academic experience for students. These programs help first-year students make a successful transition to college, enrich the coursework of high-achieving students and prepare upper-division students for admission to professional schools and careers in specialized fields. Some programs also provide the opportunity at other educational institutions in the U.S. and abroad.

Honors Programs

Hunter College provides a range of honors programs for students with strong academic records and the desire for stimulating courses and a host of special opportunities.

Macaulay Honors College at Hunter College Graduating high school seniors and others who have not yet attended college may apply to the Macaulay Honors College at Hunter College. Students accepted to this highly competitive program take a series of small, interdisciplinary seminars, work closely with Macaulay Honors College advisors, and receive free tuition, a laptop computer, funds to study abroad or pursue unpaid internships, and a cultural passport providing entry to museums and cultural events in New York. For further information, call the Macaulay Honors College office at (212) 650-3556.

Thomas Hunter Honors Program (Special Honors Curriculum) This program provides superior students who are pursuing a Hunter BA degree with a course of study suited to their individual needs and interests. Open to students who have demonstrated academic excellence and an interest in interdisciplinary studies and who desire to be intellectually challenged, it permits them to replace some of the College's GER requirements with a special curriculum under the supervision of the Council on Honors. The Program also offers its participants the chance to study with faculty members committed to working with outstanding undergraduates who wish to pursue interdisciplinary studies. For details, see the Thomas Hunter Honors Program description in the Arts and Sciences section of the catalog.

Hunter's CUNY Teacher Academy Entering first-year students with academic strengths in math or science may apply to the CUNY Teacher Academy program at Hunter; eligible freshmen at Hunter or freshman transfer students may apply as well. Students accepted to this selective program prepare to teach in the middle schools and high schools of New York City. Students major in math or science (biology or chemistry), take the regular adolescent education sequence and liberal arts courses, and have internships in NYC schools. In return, they receive free tuition, stipends, and eligibility for employment upon graduation. The program has a full-time student advisor, director, and a community space for studying and socializing. For further information, write academicheritage@hunter.cuny.edu or go to www.hunter.cuny.edu/education/teacheracademy.

Specialized Honors Programs in the Upper Division Minority Access to Research Careers (MARC) Program The Hunter College MARC Program is a scholarship program funded through the National Institute of General Medical Sciences to increase participation of minorities underrepresented in the sciences. The program focuses on preparing undergraduates for entry and success in Ph.D. programs and subsequent research careers. The program sponsors research internships in one of Hunter’s research laboratories and opportunities for students to travel and present at national scientific meetings. The program provides a yearly stipend of $10,536 and pays full tuition and health insurance premium costs, African-American, Hispanic, Native American (American Indian, Eskimo) and Pacific Islanders are particularly encouraged to apply. Members of other ethnic groups underrepresented in the sciences are also encouraged to apply. Other requirements include citizenship or permanent residency, 60 or more completed credits, grade point average of 3.0 or higher, a declared major in the sciences, computer science or math, an expressed interest in a biomedical research career and a commitment of at least one year.

Minority Biomedical Research Support Program (MBRS) The National Institutes of Health’s Division of General Medicine provides an opportunity for qualified minority students at Hunter College, beginning as sophomores, to gain experience in a research laboratory (RISE Program). Part-time research is conducted by the student for a salary range as follows: doctoral students receive $24,000 per year, masters’ candidates are reimbursed at an annual rate of $14,000 and undergraduates receive $10,800 per year. Graduate students receive a full tuition scholarship and undergraduates receive full tuition remission. The program is intended to encourage and increase the participation of underrepresented minorities in biomedical research careers. For both the MARC and MBRS programs, Hunter College faculty members (representing the departments of biological sciences, chemistry, physics and psychology) provide research direction in a wide variety of projects that reflect their special expertise. Students interested in these programs can obtain an application in Room 314 Hunter North or contact the MBRS Office at (212) 772-5245 or the MARC Office at (212) 772-5254.

Ronald E. McNair Post-Baccalaureate Achievement Program The Ronald E. McNair Post-Baccalaureate Achievement Program is funded by a grant from the U.S. Department of Education. An educational training grant, the McNair Program’s purpose is to effectively prepare eligible Hunter College undergraduates for graduate study leading to a doctoral degree. McNair Program students must be either low-income and first-generation college students or members of groups underrepresented in graduate study in the United States. The regulations define underrepresented groups as Black (non-Hispanic), Hispanic and American Indian/Alaskan Native. To be eligible, students must have earned a grade point average (GPA) of 3.0 or higher. Students enhance their research and analytical skills and refine their graduate school plans through their attendance at workshops, advising and scholarly and research activities. The program is funded to provide services to 20 eligible Hunter College students annually. For more information contact the project director, Carol Oliver, at (212) 772-4937 or go to the program office in Rooms 1237/1238 Hunter East.

Mellon-Mays Undergraduate Fellowship Program (MMUF) The Andrew W. Mellon Foundation established the MMUF Program with the original purpose of rectifying the underrepresentation of Black, Latino and Native American faculty within America’s colleges and universities. The program has since evolved to include students of other ancestries who demonstrate a strong commitment to racial equality. In cooperation with faculty members, MMUF at Hunter identifies and selects academically talented students from these backgrounds. During their undergraduate careers, MMUF Fellows are provided with a distinct and carefully guided college experience, both inside and outside the classroom. This includes: one-on-one mentoring with a Hunter faculty member; collaborating with a mentor on research projects, teaching and curriculum development; attending professional conferences; and opportunities to study or conduct research at other universities in the United States and abroad.

Students must be nominated by a Hunter faculty member and have the following qualifications: upper sophomore to lower senior status; a cumulative GPA of 3.0 or better; a strong interest in pursuing a doctoral degree within specified fields of study; and a demonstrated commitment to increasing minority faculty representation in higher education. Once selected as a nominee, students will have to meet additional entrance requirements. Students who enter the program must maintain matriculated status and an overall GPA of 3.5 or better. Fellows receive an annual stipend, a tuition waiver and are eligible for loan repayments. For further information, contact the MMUF office, Room 1512 Hunter North, (212) 650-3142.
Career Opportunities in Research and Education (COR) is an interdisciplinary research training program for talented minority junior and seniors funded by the National Institute of Mental Health. The program is jointly offered by the departments of anthropology, psychology and sociology. Participants receive a monthly stipend and tuition fee remission; they take a special curriculum and get individualized research training in a variety of areas under the supervision of a faculty mentor. The program has several levels of participation, and all minority students — especially freshmen and sophomores — intending to pursue a research-related career in the participating disciplines are urged to apply for admission to the program. Additional details and descriptive literature are available from the COR program administrator and director. For more information go to Room 311 Hunter North or call the program administrator Judith Díaz-Minaya (212) 772-4562 or the program director Vanya Quinones-Jenab at (212) 772-4640.

The Block Program First-year students entering in the fall of 2004 have the opportunity to begin their college careers by enrolling in a specially designed set of courses organized in a block schedule. All students in this one-semester program take the First-Year Seminar, a mathematics course, an English course, and a “block” of three courses organized to explore possible areas of interest and future career choices. For example, blocks introduce courses of study in the health professions, social responsibility, the social sciences, teaching, the arts, and the humanities. Some blocks provide a general liberal arts foundation for entering students who are uncertain about a specific academic direction. In addition, the Block Program helps students begin to fulfill the college’s General Education Requirement. Participating in any of the blocks does not mean that students must continue in that area of study, since every block provides a solid foundation for any major ultimately selected. Additional information about the First-Year Program and a description of all the blocks is available at www.cuny.edu/fys0.

Premedical Professions Students preparing for a career in medicine or other health professions (osteopathy, dentistry, optometry, podiatry, pharmacy, physical therapy, physician assistant programs and veterinary medicine) may major or minor in any area (Biological, English, Urban Affairs, etc.) and should consult the premedical adviser about their curriculum as soon as possible. It is important that students maintain a close relationship with the premedical advising office from the time they become interested in such a career. Admission to professional schools is highly competitive so exceptional academic preparation is key, as is strong experience in leadership, research and community service. There are several premedical clubs on campus and students are encouraged to join one as soon as they enter Hunter.

In addition to our undergraduate program, the college offers a post-baccalaureate premedical program for students who already have a bachelor’s degree (in any field) and wish to prepare for admission to a health professions school on a full-time or part-time basis. Students who have little or no science background are welcome as well as those students who need to enhance their credentials. The premedical advising office is located in Room 812 Hunter East and can be reached by telephone at (212) 772-5210 or 5246 or via email at wguehrer@hunter.cuny.edu or jwoodhille@hunter.cuny.edu. Students are also welcome to join the premedical listserve at premedinfol@hunter.cuny.edu.

Prelaw There are no specific courses or a specific major required for entry to law school. Students applying to law school come from a variety of majors including those in the humanities, sciences, and social sciences. Legal educators agree that a broad and rigorous education is the best preparation for admission to and success in law school. Students planning to attend law school should take courses that develop writing skills and the ability to think critically and creatively; they should discuss with the pre-law adviser and with academic advisers which courses will best advance their educational and career goals. There are some areas of legal practice for which a specific undergraduate major or coursework in a particular area is required or helpful. In order to be admitted to the Patent Bar, for example, an undergraduate degree or other training in science, computer science or engineering is required. Students interested in law are encouraged to contact the pre-law adviser as early as possible to learn about opportunities to explore legal careers and to discuss preparation for applying to law school. For information go to Hunter’s pre-law website at http://studentseervices.hunter.cuny.edu/prelaw.htm and contact Barbara Landress, director of pre-law programs and pre-law adviser, at (212) 772-4889 or (212) 772-4882, Room 1134 Hunter East.

Pre-engineering The pre-engineering program is organized for students who plan to transfer to an engineering school of another college after two years at Hunter. The courses for pre-engineering outlined in the Physics Department section of this catalog satisfy requirements for the first two years of the City College engineering degree. Students planning to go to an engineering school should contact the Physics Department to work out a program suitable to their needs.

Preparation for Social Work A major in the social or behavioral sciences is preferred for students planning to enter the field of social work. Specific entrance requirements vary for the different graduate schools of social work. Most schools recommend a minimum of 24 credits in the social sciences. A major in sociology or psychology is desirable for those interested in casework or group work; a major in sociology, political science, economics or urban affairs is desirable for those interested in community organization. In addition, field placement courses that provide internships in social work agencies are highly recommended. Students planning to go to a graduate school of social work are encouraged to speak with an adviser in the Office of Student Services.

Teacher Education The Hunter College School of Education (HCSEO) offers 55 teacher and allied professional certifications at undergraduate and graduate levels. At the undergraduate level, students are prepared for careers in elementary and secondary education. Most teacher preparation programs have received national recognition. All teacher education programs meet certification and licensing requirements for New York City. For details, see the Education section of this catalog.

Public Service Scholars The Public Service Scholar Program seeks to improve our cities and the lives of people by preparing talented students particularly women, minorities and immigrants for public service careers through internships with elected officials, government, and nonprofit organizations. The program runs for a full academic year and combines internship placements in the offices of senior officials and administrators with intensive seminars on public policy issues, social change, government and nonprofit organizations. The program is open to any Hunter College student, regardless of major, who has a minimum 3.0 GPA and who is within 45 credits of graduation at the beginning of the program in the fall semester. Admission of up to 24 students is competitive. Applications are accepted starting in November with a deadline of March 15th. Students accepted as Public Service Scholars receive 18 academic credits and a $6,000 stipend. Because women, minorities and immigrants have been traditionally underrepresented in public policy making and leadership positions, special efforts are taken to encourage them to apply for the program. Interested students should contact the Public Service Scholar Program, Room 1643 Hunter West, (212) 772-5599 or email eawalsh@hunter.cuny.edu.

Seminar/Internship Program in New York City Government/Politics This university-wide program provides an opportunity for students to gain hands-on experience in American politics and to have at least a 3.0 GPA prior to being
admitted to the program. For details, see the description in the Political Science department section of the catalog.

Opportunities for Air Force ROTC Instruction Air Force ROTC (AFROTC) is a college class that teaches students about the Air Force and its way of life. AFROTC for Hunter College students, AFROTC Detachment 560, is located on Manhattan College's campus in the Riverdale section of the Bronx. Any freshman and sophomore student (and on rare occasions junior student) may enroll into AFROTC. However only qualified students will be provided with uniforms and be eligible for scholarships and/or a subsistence allowance. Hunter College will grant elective credit, when applicable, toward graduation for the successful completion of courses offered by the Department of Aerospace Studies at Manhattan College. For further information, please call AFROTC Det 560 at (718) 862-7201 or email afrotc@manhattan.edu.

EDUCATION ABROAD PROGRAMS

Opportunities exist for study abroad in summer, winter intersession and during the academic year. There are a variety of countries, subject matters and languages to choose from. Current summer offerings include programs in: Germany, Ireland, Italy, Peru and Spain. Winter intersession typically offers programs in Argentina, Brazil, Italy and Hawaii. During the academic semester or year, Hunter students can participate in exchanges with Queen Mary College of the University of London as well as with the three main campuses (Melbourne, Guelong and Warrnubul) of Deakin University in Australia. Additional information about Hunter programs is available on the Education Abroad website http://www.hunter.cuny.edu/educationabroad

Besides the programs organized by Hunter College, students can participate in the study abroad programs of other CUNY colleges, as well as CUNY-wide exchanges. More information about these programs can be found at www.cuny.edu/studyabroad.

Hunter students also have the option of participating in programs offered by SUNY colleges. More information is available at www.studyabroad.com/suny.

Finally, Hunter College belongs to the University Studies Abroad Consortium (USAC) and all USAC programs are open to Hunter students. For more information go to http://usac.unr.edu/.

CONTINUING EDUCATION

Continuing Education at Hunter College offers non-credit courses for adults in a variety of disciplines. Classes in academic skill development, test preparation (for GED, GRE, GMAT, LSAT), personal finance, languages, creative writing, social dance, fitness, computers, business and professional development, as well as Professional Certificate programs, are offered throughout the year. For more information about the classes offered, call (212) 650-3850 or visit the Continuing Education Web site at http://www.hunter.cuny.edu/continuinged

The International English Language Institute (IELI) is a non-credit, continuing-education program offering courses in English as a second language to students from all over the world. Students at the IELI actively learn and use new skills to develop their fluency, accuracy and confidence in the English language. Classes for beginner through advanced levels are taught in the morning, afternoon, evening and on weekends. Students may register for full- or part-time programs. Preparation classes for the CUNY Assessment Tests and TOEFL are available to advanced-level students. Students who present proof of successfully completing the most advanced levels of the IELI program are not required to submit TOEFL scores as a part of their admission process to Hunter and other CUNY colleges.

Policy for Online Courses

Courses taken Online shall be treated the same as other courses, as follows: online courses originating at Hunter College shall require no special permission; online courses originating from another branch of CUNY shall be treated as permit courses; and online courses originating from all other institutions shall be treated as transfer courses. In the case of permit and transfer courses, students are responsible for obtaining any required permission from Hunter College in advance of taking the courses, to ensure the transferability of course credit.

Distance Learning Courses

For the educational enrichment and conveniences of its students, Hunter offers several distance learning courses, some via videoconferencing and others via the Internet. Videoconferencing enables students in one location to participate fully in a class that takes place at another site, expanding the possibilities for class offerings. Internet courses offer students the flexibility of 24-hour access to course materials, as well as increased opportunities to interact with other students and the professor. Multimedia can be accessed and a number of courses allow students to complete assignments online. Special facilities equipped for distance learning are located at the main campus and at the School of Social Work.

ACADEMIC HONORS

Dean’s List At the end of each fall and spring semester the Dean of Students recognizes matriculated students with excellent academic records. The criteria for inclusion on the Dean’s List are: a grade point average of 3.5 or higher with traditional letter grades (A, B or C) in courses other than ESL basic skills courses in reading and writing. If ESL basic skills courses are taken, those grades will be excluded. No grades of D, F, NC, IN or WU are allowed in any course completed or attempted. Full-time students must complete 12 credits or more in one semester; part-time students must complete 6-11 ½ credits in two consecutive semesters.

Graduation with General College Honors A student who has completed 60 credits of traditional letter grades at Hunter College may be considered for graduation honors. Students with a cumulative GPA of 3.900 or higher will be graduated Summa Cum Laude. Students with a GPA from 3.750 to 3.899 will be graduated Magna Cum Laude. Students with a GPA from 3.500 to 3.749 will be graduated Cum Laude.

Graduation with Departmental Honors On recommendation of any department or interdepartmental field, students with at least 24 credits in the department or field may be graduated “With Honors” in that department or field, provided they graduate in the term for which they file for honors. Of these credits, 21 (or, in exceptional cases, 18) must be taken at Hunter. Students who participate in the Study Abroad Program or the Exchange Program within the United States may be considered for departmental honors even if they have earned fewer than 18 credits at Hunter in courses approved for the major. Students are eligible for departmental honors if their GPA in the major or field is not less than 3.5. The student must also elect at least 2 credits (but no more than 6 credits) in honors courses offered in that department and present to the department's Committee on Honors a piece of independent work. Honors courses include seminar, laboratory, reading and tutorial courses and independent study projects established for the instruction of honors students.

Honor Societies

Two kinds of honor societies are recognized at Hunter College: academic and professional. In general, the requirements for nomination are for academic societies, a cumulative GPA of 3.0 and a departmental GPA prescribed by the department concerned, although in no case less than 3.0; for professional societies, a cumulative GPA of 2.8 and a departmental GPA and professional qualifications that
meet departmental requirements. All honor societies except Phi Beta Kappa and Sigma Xi are subject to the rules and regulations established by a committee of the Hunter College Senate. Students may qualify for the following honor societies:

- Alpha Kappa Delta - Sociology
- Dobro Slovo - Slavic Language and Literature
- Eta Beta Rho - Hebrew
- Gamma Kappa Alpha - Italian
- Gamma Theta Upsilon - Geography
- Kappa Delta Pi - Education
- Kappa Pi - Art
- Kappa Omicron Nu - Food Science and Human Nutrition
- Omicron Delta Epsilon - Economics
- Phi Alpha Theta - History
- Pi Mu Epsilon - Mathematics
- Pi Sigma Alpha - Political Science
- Pi Chi - Psychology
- Sigma Delta Pi - Spanish
- Sigma Epsilon Phi - German
- Sigma Pi Sigma - Physics
- Sigma Theta Tau - Nursing

**Phi Beta Kappa** is the oldest undergraduate honors organization in the United States. Students do not apply for membership; they are elected on the basis of academic excellence. Eligibility is calculated on the basis of liberal arts courses under Phi Beta Kappa rules, which differ from those used in awarding other honors at Hunter College.

**Sigma Xi** The Scientific Research Society honors those who have made noteworthy contributions in research. Its purpose is "to encourage original investigation in science, to foster companionship and cooperation among scientists, and to maintain honor, integrity and honesty in all scientific activities." It has nearly 65,000 active members, scientists and engineers, whose goal is to improve the human condition. The Hunter College Chapter was installed in 1969.

### ACADEMIC POLICIES AND REGULATIONS

Students are expected to be familiar with the various requirements and procedures as given in this catalog and to follow them.

The Hunter College Senate, with authority granted to it by the CUNY Board of Trustees, determines all academic rules and regulations and approves all curricula. The Senate publishes the Senate News Bulletin to announce changes in rules and regulations. Students should also consult the Registrar's Web site for any changes in regulations at www.registrar.hunter.cuny.edu. Students who believe that their individual circumstances warrant a variance from the rules and regulations listed in this catalog must proceed to obtain permission from the appropriate college authority. Only through the procedures listed below are such variations permitted.

Students should obtain written documentation for any such variations. Students should be wary of informal advice or undocumented claims that they can be exempt from any college rules.

1. Inquiries concerning college regulations in general should be directed to the Office of Student Services. Appeals for administrative exceptions to academic rules and regulations (for example, exceptions to approved academic program loads) are heard in the Office of Student Services.

2. Inquiries concerning the major and minor should be directed to the departmental adviser in the major department or program.

3. Inquiries concerning the GER Core Requirement and the Foreign Language Requirement should be addressed to the appropriate departmental adviser or an adviser in the Office of Student Services. (Note: Students who matriculated prior to fall 2001 and follow the regulations for the Distribution Requirement should also see a departmental adviser or an adviser in the Office of Student Services.)

4. Authorization for substitutions for specific Liberal & Diversity course requirements must be made by the Senate's GER Appeals Committee. Students should consult the procedure for appeals outlined on p. 71 and go to the Office of the Hunter College Senate, Room 1018E, to obtain the proper forms for filing an appeal.

5. The procedure for Grade Appeals appears on p. 71. Every student is obliged to determine that all requirements for the degree have been met before the date of graduation. No changes may be made to the student record transcript after the graduation date. Any "STOPS" not cleared by the graduation date will result in the withholding of diploma and transcripts. Incomplete (IN) grades received in the final semester must be completed by the graduation date. If not, an application to graduate for the following semester must be filed with the Graduation Audit Unit of the Registrar's Office.

Students who are uncertain about the interpretation of any matter may learn under whose authority the matter rests by inquiring in the Office of Student Services. This catalog covers the general academic requirements consonant with earning a degree at Hunter College when this catalog went to press in 2007. Students are responsible for knowing all current regulations.

### Grading System

Students are to be graded in courses according to the traditional systems of letter grades (A, B, C, D and F).

**Retention Standards** The Board of Trustees has mandated uniform student retention standards for all the colleges that are part of the City University system. Under these standards, decisions about whether or not students may continue in a CUNY college are made on the basis of the grade point average (GPA). In order to make these decisions, course grades are assigned quality points which count toward the GPA, as shown in the following table:

<table>
<thead>
<tr>
<th>Quality Points</th>
<th>Grade Definition</th>
<th>(GPA Index)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>97.5 - 100%</td>
<td>4.0</td>
</tr>
<tr>
<td>A</td>
<td>92.5 - 97.4%</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td>90.0 - 92.4%</td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>87.5 - 89.9%</td>
<td>3.3</td>
</tr>
<tr>
<td>B</td>
<td>82.5 - 87.4%</td>
<td>3.0</td>
</tr>

WA Administrative withdrawal

Credit/No Credit A system based on the non-letter grades of
Credit/No Credit, where Credit is the equivalent of A, B or C and
No Credit is the equivalent of D or F. Credit/No Credit grades are
not averaged into the GPA; course requirements are the same as in
the traditional grading system.

ALERT/NOTE: OTHER COLLEGES, GRADUATE SCHOOLS,
PROFESSIONAL SCHOOLS, SERVICES AND EMPLOYERS MAY
LOOK WITH DISFAVOR UPON THE USE OF THE CREDIT/NO
CREDIT GRADING OPTION AND MAY EVEN CONVERT
CREDIT TO C AND NO CREDIT TO F FOR THEIR PURPOSES.

ALERT/NOTE: ELIGIBILITY FOR SOME FINANCIAL AID
GRANTS MAY BE AFFECTED BY THE CHOICE OF
CREDIT/NO CREDIT GRADES. THIS MUST BE CHECKED BY
STUDENTS BEFORE THE OPTION OF CREDIT/NO CREDIT
GRADES IS TAKEN.

There are certain restrictions about how and when the student may
choose the Credit/No Credit system:

a) A maximum of four courses (including repeated courses) at
Hunter College may be taken on a Credit/No Credit basis
excluding remedial/developmental courses and any courses with
mandatory CR/NC grading.

b) Credit/No Credit grades are not allowed for students on probation.

c) When a student chooses the Credit/No Credit option and earns a
D as the final grade, the student may choose to receive either the D
or a grade of No Credit.

d) If (as a result of a student's request) a Credit/No Credit is given
where it is not an allowed grade according to existing regulations,
it will be converted to a letter grade by the Registrar's Office.
Credit grades will be changed to C; No Credit grades will be changed to F.

e) With approval of the Senate, departments may prohibit the use
of Credit/No Credit grades in major courses, especially in those
areas in which outside certification is required. Credit/No Credit
grades are not permitted in education, nursing, pre-engineering,
premedical, health sciences, nutrition and food science and
prelaw. All students should check with their departmental advis-
ers for specific policies.

The Credit/No Credit system may be elected by students up until
the beginning of the final exam (or the due date for handing in the last
term paper, if there is no final exam). Requests must be made on a
form obtained from the Registrar's Office or on the Web at http://reg-
istrar.hunter.cuny.edu/subpages/forms.shtml. When departmental
policies allow, request forms must be accepted by the instructor.
Students requesting grading according to this system must satisfy
whatever attendance requirement has been set by the instructor, com-
plete all the assignments and take the final examination. It should be
noted that the grade of No Credit shall be used only to replace the
academic grades of D and F. It shall not be used to replace the grades
of WU or IN. A No Credit grade may not override the FIN grade.

Courses At Other Accredited Institutions (Permit)
Currently enrolled degree students may take courses at other accred-
ited institutions (CUNY or other) provided the appropriate proce-
dures are followed. A department may refuse to authorize a permit if,
in its judgment, it is inappropriate to do so.

Students wishing to register for courses at another CUNY camp-
us may apply to do so by registering for an E-permit through the
CUNY portal available at www.cuny.edu. At the CUNY portal home
page, you must log in to begin the process. Students wishing to regis-
ter for courses at non-CUNY institutions must complete a permit
form to attend another college. The form is available in the OASIS.

In all cases, permits are authorized by the appropriate depart-
ment and administered by the Office of the Registrar.

It is the responsibility of students who study at other institu-
tions to have official transcripts of their work sent to the Office of the
Registrar. Effective Fall 2004, grades for courses taken on permit
at CUNY schools are posted to the student's record and are comput-
ed in the GPA.

Note: Hunter students may not take courses on permit during
their final semester prior to graduation.

Graduation-in-Absentia
Students within 15 credits of graduation who have completed the
General Education Requirement (including pluralism and diversity,
writing and foreign language requirements) and the major and
minor requirements and have fulfilled all college requirements for
graduation, may apply for graduation-in-absentia if they must leave
the city before completing their studies. They may attend an accred-
ited college in the United States or abroad. The graduation audit
division of the Registrar's office has further information. Students
who must leave before these criteria are met should apply for transfer
to another college.

Retention on the Basis of Grade Point Average
General scholarship is indicated by a college GPA (also referred to as
the "cumulative index" or "index"). Each student is expected to know
how to figure the GPA and is expected to compute it each semester.
Students admitted with advanced standing or transfer credits cannot
use previous grades earned at other colleges in the computation of
the GPA, but the number of their transfer credits will be added to
the total Hunter College credits to determine retention. This means
that students must have achieved a given GPA by the time they have
completed a certain number of credits or they will be placed on proba-
bation and if insufficient improvement is made within a specified
period, they will be subject to dismissal for poor scholarship. The
standards guiding these decisions are as follows:

Retention and Probation-Undergraduate The grade point average
earned over the total period of a student's attendance indicates the
adequacy of each student's scholarship. Below you will find mini-
mum standards for retention and probation. Students who fail to
achieve the required academic standards will be placed on academic
probation. During this probationary period students who make satis-
factory academic progress will continue to maintain their academic
standing with the college and their concurrent eligibility for financial
aid. Students who fail to achieve the required academic standards
while on probation will be dismissed from Hunter College and the
university system. Reminder: Academic requirements are the stu-
dent's responsibility. A student is automatically on probation when
he/she fails to achieve the required standards, whether he/she has
received notification of such probation from the college or not.
Therefore, always be aware of your cumulative GPA. Students on
academic probation should visit the Center for Student
Achievement, Room C001 Hunter North.

The following table shows the minimum grade point average
which each undergraduate student must meet:

<table>
<thead>
<tr>
<th>Total Credits Computed for the GPA</th>
<th>Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>(A+ through F, WU, and FIN)</td>
<td>(Index)</td>
</tr>
<tr>
<td>0-12</td>
<td>1.5</td>
</tr>
<tr>
<td>13-24</td>
<td>1.75</td>
</tr>
<tr>
<td>25+</td>
<td>2.0</td>
</tr>
</tbody>
</table>
The academic probation status remains on students' record for the entire semester on which the code was placed. Change of grades will only affect students' probation status at the end of the semester in which the change of grade is posted. For example if a change of grade is submitted mid-semester resulting in the student's GPA being raised to the required GPA the probation code will not be removed. Conversely, if the change of grade results the student's grade point average dropping below the required GPA the student will not be placed on probation mid-semester. The probation code is removed at the end of the semester if the student's GPA reaches the required GPA.

Summer sessions are considered part of the following fall semester, therefore, grades earned during the Summer sessions will impact students' probation status at the end of the following fall semester.

Hunter's normal probation appeals procedure will continue to consider individual cases and to make such exceptions to these policies as circumstances may warrant.

Students dropped from the college may not be readmitted until they have been separated from the university for at least one semester or equivalent calendar time. Students must obtain an application for readmission at the OASIS, Room 203 Hunter North. Students who are separated from the college may not enroll for credit-bearing courses in any unit of the university in any status.

**Dismissal from the College and the City University**

Students who fail to achieve the required academic standards will be placed on academic probation. Students who fail to achieve the required academic standards while on probation will be dismissed from Hunter College and the CUNY system.

Students may appeal an academic dismissal and should discuss the preparation of such an appeal with an academic adviser in the Office of Student Services, Room 1119 Hunter East. The Senate Committee on Student Standing reviews all appeals and makes the final determinations.

Tuition and fees will be refunded to a student who is dismissed for failure to meet the required academic standards after having registered.

Students who withdraw from the college when their GPA is below the required academic standards will be automatically dismissed from the university. Students who have been dismissed or who have withdrawn when their GPA is below required academic standards may not be readmitted until they have been separated from the university system for at least one fall or spring semester. Students who wish to apply for readmission after separation of one or more semesters must file an application at the Office of Admissions, Room 203 Hunter North. Applications must be filed at least three months prior to the beginning of the semester in which the student plans to re-enter.

Until such time as they are eligible to apply for readmission, students who are separated from the university may not enroll for credit-bearing courses in any unit of the university in any status.

**Incomplete Work in Course** When a student for valid reason does not complete the work assigned in a course (including the final exam, papers, etc.) and in the view of the instructor still has a reasonable chance to pass the course, the student shall be given the grade IN (incomplete). The student must explain the reason to the instructor or, in the absence of the instructor, to the department chair and arrange a schedule for making up the missing coursework. These steps must be taken as soon as possible and no later than the end of the second week of the following semester. The student shall then be given the opportunity to complete the course without penalty beyond previously established penalties for lateness.

The length of time permitted for completing missing coursework remains at the discretion of the instructor and shall be indicated in writing to the student, but shall not extend beyond the end of the semester following the one in which the course was taken. Unless the student submits the work by the date specified by the instructor, the grade will automatically become FIN on the student's permanent record. (Under certain circumstances, where the student must repeat class sessions or laboratories in a course not given during the following semester, the FIN grade may later be converted to the appropriate letter grade.)

Instructors and departments may choose to have make-up final examinations administered by the college. Such examinations will be given before Monday of the seventh week of the following semester. It is the responsibility of the student who takes an absent examination to determine from the instructor or department whether it will be administered by the college, to file the appropriate form and to pay any required fee by the deadline specified by the college.

If the faculty member wishes to extend the deadline for the student to complete the coursework beyond one semester, the faculty member and the student must enter into a written contract clearly specifying the deadline. This contract must be written during the semester following the one in which the course was taken. The student must be aware that the IN grade will change to a FIN grade until the work is completed. The written contract must accompany the change of grade form. If a student has not filed a contract with the faculty member but still wishes to complete the work and have a FIN grade changed, the student can appeal to the Senate Grade Appeals Committee. The appeal must include the reason for failing to complete the work and must be accompanied by a supporting letter from the faculty member who issued the IN grade or, if the faculty member is no longer at the college, from the department chair. Appeals with no endorsement will be denied.

**Repeating Courses**

1. Students shall not be permitted to repeat a course in which they have received a grade of A, B, C or CR unless that course has been designated as repeatable in the course description of the college catalog.

2. Students may repeat a course in which a D was received. The credit for that course will be applied toward the degree once, but both the grade of D and the second grade earned are calculated in the grade point average. If the course is part of a sequence, it should be repeated before continuing the sequence.

3. A student who has received a grade of D or NC twice (or any combination of these grades) in the same course may reregister for the course only with the permission of the department offering the course. This rule does not apply to ENGL 120.

4. If a student receives a failing grade (F, WU, FIN) in a course and then retakes that course and receives a grade of A, B, C or CR, the initial failing grade will remain on his/her academic record, but will no longer be computed into the grade point average. A "Failing Grade Course Repeat Form" must be filed in the OASIS, Room 217 Hunter North.

    • The original course in which the failing grade was received must have been taken after September 1, 1984 and repeated after September 1, 1990.
    • No more than 16 credits may be deleted from the calculation of the cumulative grade point average.
    • If two or more failing grades have been received for the same course and a grade of C, CR or better is subsequently earned, all of the failing grades for that course will be deleted from the grade point average, subject to the 16-credit limit.
    • The 16-credit limit applies cumulatively to courses taken at all CUNY colleges.
    • The repeated course must be taken at the same college as the initially failed course.

**School of Nursing**

In order to be allowed to continue in the nursing major, students must receive minimum grades of C in all required nursing courses. One required nursing course (Generic Pathway: NURS 200, 310, 312, 331, 332, 380, 410, 412, 419, 421; RN Pathway: NURS 379, 380, 381, 384, 480,
Education Requirements: Core Requirement and the Foreign Language Requirement and other academic situations involving classwork — are heard in the Office of Student Services; appeals of the GER: Pluralism and Diversity Requirement are heard by the Senate Offices.

Appeals – General Education Requirement Any student wishing to formulate an appeal for substitutions or exemptions from a specific General Education Requirement (i.e., Core Requirement, Foreign Language Requirement or Pluralism and Diversity Requirement) as described below should do so through the General Education Requirement Appeals Committee of the Hunter College Senate, Room 10118E. (Note: Students who matriculated prior to fall 2001 and follow the regulations for the Distribution Requirement may also appeal to this committee.) The student must present clear evidence that:

a) it is impossible for him/her to complete the requirement as specified in the catalog and

b) he/she can offer an adequate substitute that meets the academic objectives of the requirement; such as:

1. The student must demonstrate that a “special topics” course he/she has taken fulfills the academic objectives of the requirement, though it has not yet been approved by the Hunter College Senate as fulfilling the requirement;

   - or -

2. The student must demonstrate that a course transferred from another college or university adequately fulfills the academic objectives of the requirement.

Appeals – Grades When a student considers a final course grade unsatisfactory, the student should first confer with the instructor regarding the accuracy of the grade received. This conference should be held within the first three weeks of the semester following receipt of the grade. At this time, errors may be corrected. If the grade is not an error, the student and instructor must together review all class material pertinent to the grade. If the student is not satisfied or if the instructor does not confer with the student within the first three weeks of the semester, the student should promptly contact the department chair by submitting a written appeal, consisting of a statement giving the factual reasons and basis for the complaint. The student has the right to request in writing that the chair appoint a student as a member of the department/school Grade Appeals Committee. This appeal at the department/school level must be submitted within the first five weeks of the semester following receipt of the grade, in accordance with the “College-wide Grade Appeals Procedures” adopted by the Senate in fall 1985. Copies of this procedure may be obtained in the Senate Office, the Office of Student Services or departmental offices.

Students appealing grades to the School of Nursing or the School of Health Sciences should direct their appeal to the director of the school. Students appealing grades to the School of Social Work should direct the appeal to the dean of the school, who shall carry out the responsibilities of the department chair.

Auditing Students are required to file an application in the OASIS, 217 Hunter North, at the time of registration, to obtain permission to audit a course. Auditors must register in the normal manner and pay required tuition and fees. No credit or grade will be given for audited classes. Auditor status cannot be changed to credit status after the closing date for late registration. Likewise, credit status cannot be changed to auditor status after late registration.

Class Attendance All students must report to classes during the first week of classes. Students will lose their place in some classes if they do not attend the first class meeting. (See, for example, the “Notes” for biology and chemistry in the Schedule of Classes.)

The instructor has the right to set attendance requirements for the course, to keep attendance records, and to consider attendance in
the calculation of final grades. Such attendance policies will be listed in
course syllabus. Students may not use absence from class as an
excuse for not fulfilling all course requirements.

Students who have earned fewer than 15 credits of college-level
work are limited in the number of cuts they may take in a course
without risking a lower grade, as follows:

1-cr course—2 hrs of cuts
2-cr course—4 hrs of cuts
3-cr course—6 hrs of cuts
4-cr course—6 hrs of cuts (equal to 1 lab period and 1 lecture)

College Calendar: Schedule of Final Examinations A final exam-
ination is required in each course at the College during the examina-
tion period scheduled by the registrar, except in those courses in
which the department has ruled that no examination shall be given.
Since the final examination week is part of the semester hour require-
ment as mandated by the State Education Department, the period
scheduled for final examinations should be used either for the final
examination in the course or as an instructional period.

Students in an examination room may not have in their posses-
sion or within their reach any books or papers except those permitted
by the instructor for use in the examination. Notes normally carried
in pockets or handbags should be placed completely out of reach.

Students taking a drawing examination should bring their own
implements. Students are not to possess an examination book at
any time except during the examination period. Students should
carefully fill out all information asked for on the front cover of
every examination book. If scratch paper is needed, students
should use the back pages of the examination book; no other paper
of any kind is to be used. All matter that is not intended to be read
and marked by the examiner should be crossed out (but not torn
out) before the examination book is handed in. No pages are to be
torn from examination books.

The student is responsible for making sure that the instructor
receives the examination book. Students may leave the examination
room as soon as they finish. Quiet should be maintained in passing
through the halls.

Students obliged to withdraw from an examination because of
illness will be counted as absent from the examination and are per-
mitted to take an absentee examination, as explained in the section
on Incomplete Work in Course above.

For information on absence from final examination for other
reasons, see section on Incomplete Work in Course above.

Suspension of Classes Announcements concerning emergency sus-
sension of classes will be made on the following radio stations:

WFAS 1230 AM and 104 FM
WINS 1010 AM
WADO 1280 AM (Spanish-speaking)
WCBS 880 AM and 101.1 FM
WBLR 107.5 FM
WLIR 1140 AM

Additionally, announcements will be posted on the Hunter

Access to College Files The Federal Education Rights and Privacy
Act (FERPA) affords students certain rights with respect to their
education records. These rights include the right to inspect the student’s
education records; the right to request the amendment of the stu-
dent’s education records that the student believes are inaccurate or
misleading; the right to consent to disclosure of personally identifi-
able information contained in the student’s education records; and
the right to request that certain information not be released without
his or her prior written consent by filing a letter with the Office of
the Registrar. (The complete text of Hunter College’s policy on
FERPA is in Appendix B.)

Withdrawal from Part of Program The Board of Trustees has
ruled that students have until the end of the third week of classes (or
during the summer session, the end of the first week of classes) to
drop a course without penalty. This period coincides with the refund
period. The course will not appear on the student’s record. A student
may withdraw officially, with a grade of “W,” between the end of the
third week of classes and the first day of the tenth week of classes.
(During the summer session a student may withdraw officially
between the second week of classes and the first day of the fifth week
of classes.) To do so, a student should obtain a withdrawal form from
the OASIS. After the deadline, official withdrawals will be considered
for approval by the Office of Student Services. Approval will be
granted only when it is clear that the student has good and sufficient
reason for withdrawing. Students should be aware that withdrawal
from classes may have an impact on their financial aid. A student
should make an appointment with an adviser in the Office of
Student Services, Room 1119 Hunter East, before proceeding with
the withdrawal process. The problem often has other solutions.

Unofficial Withdrawal When a student ceases to participate in a
course but has not withdrawn officially, the student shall be deemed
to have withdrawn unofficially. Evidence of unofficial withdrawal
shall include all of the following: failure to attend class for at least
four weeks consecutively (or during the summer session, two weeks
consecutively) through the end of the semester (the last day of class-
es); failure to attend the final exam; and failure over this period to
meet any other course requirements (e.g., to submit paper assign-
ments and take examinations). The unofficial withdrawal (“WU”) by
university regulations is equivalent to a grade of F. Cessation of
attendance or unofficial withdrawal may also have negative financial
aid consequences.

Withdrawal from College Students who become ill or who experi-
ence personal difficulties or a lack of interest that prevents their con-
centrating on college work, are encouraged to withdraw completely
from college. Failure under such conditions can only make an event-
tual return to college more difficult. Deadlines for such withdrawals
are the same as for withdrawals from part of the program (see above).

Such students should make an appointment to see a counselor
in the Office of Student Services. Students must return books to
the library and all college equipment to the department to which it
belongs. Students who are unable to return to Hunter to withdraw in
person should write or have someone else write to the Office of
Student Services. The letter should contain (1) the name under
which the student is registered at Hunter; (2) the Social Security
number; (3) the return address and telephone number; (4) the reason
for withdrawal, with appropriate documentation (medical, psycholo-

gical or employee) and the last date of attendance; and (5) a copy of
the Bursar’s receipt.

Students who stop attending without following the above pro-
cedures are considered to have withdrawn unofficially and will receive WUs, which are equivalent to Fs in computing the GPA.

Students whose GPA at the time of withdrawal is below the min-
umum required for continued matriculation shall be considered as hav-
ing been dropped for poor scholarship. Students who have withdrawn
from the college, officially or unofficially, must apply for readmission
in the Office of Admissions, Room 203 Hunter North, at least three
months prior to the semester in which they wish to re-enter.
Section 5

CENTERS, INSTITUTES, THEATRES AND GALLERIES

RESEARCH CENTERS AND INSTITUTES

BROOKDALE HEALTH SCIENCE CENTER
425 East 25th Street, New York, NY 10010

Brookdale Center on Healthy Aging and Longevity
13th Floor North
http://www.brookdale.org/index.htm
(212) 481-3780
Executive Director: Marianne C. Fehs
mfehs@hunter.cuny.edu

The Brookdale Center on Healthy Aging and Longevity, established in 1974, is the largest multidisciplinary academic gerontology center in the tri-state area. The center has an operating budget of $3 million and is supported by funding from Hunter College, grants from philanthropic and corporate foundations, grants and contracts from federal, state and local governments and contributions from the general public.

The work of the center addresses the needs of all older people, with particular attention to lower-income, minority or frail aged persons. Current projects address legal rights of older people, support for people with Alzheimer's disease, issues of grandparents caring for young children and various policy issues affecting older populations.

Center on Community and Urban Health
8th Floor
http://www.hunter.cuny.edu/schoolhp/centers/comm_urb/index.htm
(212) 481-7672
Executive Director: Beatrice J. Krauss
bkrauss@hunter.cuny.edu

The Center on Community and Urban Health seeks to help New York City community organizations and human service agencies to develop effective programs for health-related issues affecting urban communities such as HIV/AIDS, substance abuse, tuberculosis, violence, asthma and related threats to health. By providing training, helping in program development and conducting research and evaluation, the center enables communities that have been most adversely affected by these intersecting epidemics to mobilize for health.

Current projects are based in city jails, public high schools, community organizations and after-school programs. The center is funded by several private foundations and grants from city, state and federal governments.

Center for Occupational and Environmental Health
7th Floor
http://www.hunter.cuny.edu/health/coeh/
(212) 481-8790
Co-Directors: Andrew Burgie
andrew.burgie@hunter.cuny.edu,
David Kotelchuck
dkotelch@hunter.cuny.edu

The Hunter College Center for Occupational and Environmental Health was established in 1986 to improve workplace and environmental health by assisting worker and community efforts to understand and ameliorate hazardous conditions. The center conducts training classes to assist labor unions, government agencies and other groups to strengthen their capacity to respond to workplace hazards; assists communities in addressing urban environmental concerns; and sponsors graduate student internships in occupational and environmental health.

Current areas of interest and study include asbestos, lead poisoning, hazardous waste and materials, asthma, air pollution, ergonomics and public health policy. The Center for Occupational and Environmental Health is funded by federal and state grants, labor unions and private foundations.
The Center for Study of Gene Structure and Function
315 Hunter North; http://genecenter.hunter.cuny.edu/
(212) 650-3957

The Center for Study of Gene Structure and Function (Gene Center) was established in 1985. The Center is comprised of 46 research faculty who are biologists, biological anthropologists, chemists, biophysicists and biopsychologists. Their work ranges from the structure and interactions of biomolecules to the regulation of genomes by stimulatory molecules. The Gene Center is supported by a major grant from the Research Centers in Minority Institutions Program of the National Center for Research Resources, an agency of the National Institutes of Health. The City University of New York and Hunter College are co-founders of the Center.

Areas of investigation at the Gene Center include:
- Bioinformatics
- Biological anthropology
- Biomolecular theory and computer graphics
- Biophysics
- Biopsychology
- Drug design and synthesis
- Drug protein interaction with nucleic acids
- Gene expression and signal transduction
- Genomics
- Molecular immunology
- Nanotechnology
- Neurobiology
- Psychology
- Public health policy and interdisciplinary urban health research
- Structural biology

The Gene Center supports state-of-the-art core research facilities, including:
- Animal Care
- Digital Bioimaging with Confocal Microscopy
- Fluorescence Activated Cell Sorting
- Genomics
- Internet
- Nuclear Magnetic Resonance
- X-ray Diffraction

The Gene Center has made significant contributions to research in diseases that disproportionately affect minority populations - such as stroke, drug addiction, cancer and AIDS. Gene Center scientists have been recognized for their outstanding research in these areas, receiving distinguished awards such as the Ameritech Prize for Paralysis Research and the Presidential Early Career Awards for Scientists and Engineers. The Gene Center is also committed to recruiting outstanding faculty, postdoctoral fellows and pre-doctoral graduate students, with special efforts to identify underrepresented minority scientists.

The Center for Puerto Rican Studies
(Centro de Estudios Puertorriqueños)
Administrative Office: 1429 Hunter East; (212) 772-5688
Interim Director: Dr. Anthony De Jesús
http://www.centropr.org

The Centro de Estudios Puertorriqueños/Center for Puerto Rican Studies (Centro) is a university-based research institute whose mission consists of two components. One is to collect, preserve and provide access to archival and library resources documenting the history and culture of Puerto Ricans. The other is to produce, facilitate and disseminate interdisciplinary research about the diasporic experiences of Puerto Ricans and to link this scholarly inquiry to social action and policy debates.

Founded in 1973 by a coalition of faculty, students and community leaders, Centro seeks to achieve its mission by working close-ly with a network of education, research, archival, advocacy and community-based partners. Centro has been housed at Hunter College since 1983; however, it is a CUNY-wide research center. Centro staff guide and mentor Latino and other students, assist and advise community organizations and other research institutions and serve on local, national and international committees concerned with issues of social, economic, educational and cultural policy. In addition, CUNY faculty and staff with interests in Puerto Rican and Latino studies are invited to affiliate with Centro, where they utilize its extensive resources. Centro has been a founding member of the Inter-University Program for Latino Research (IUPLR) since 1989. The IUPLR, currently composed of 23 affiliate centers, is the most extensive consortium of Latino research centers in the United States. As a university-based Puerto Rican research center, Centro staff and researchers are interested in a comprehensive understanding of the Puerto Rican diasporic experience in the U.S. and in relevant socio-economic and historical aspects regarding Puerto Rico. Given its history and role within CUNY, the Centro is particularly interested in New York's Puerto Rican and ethnic communities. The following are research areas of current interest and attention in the Centro: history and political economy, migration, race, class, gender and sexuality, education, community development, political and human rights, public policy and political participation and cultural and literary studies. This list reflects the current combination of staff strengths and expertise, as well as the academic, community and policy networks the Centro has developed. Given the changing needs in Puerto Rican communities, in academia and in the Centro's staff, the areas of current interest are reviewed periodically.

Library and Archives
The Centro Library and Archives is devoted to collecting, preserving and providing access to resources documenting the history and culture of Puerto Ricans. The collections include books, newspapers, periodicals, audio and video tapes, manuscripts, photographs, prints and recorded music. The library and archives provide services and programs to the scholarly community as well as the general public. The library and archives facilitate access to its holdings through mail and telephone service, City University's online public catalog CUNY+, participation in national computerized databases and through the publication of finding aids. The library and archives promote the study of Puerto Rican history and culture through exhibitions and other public programs. The Centro Archives division collects, preserves and makes available for research unique primary materials that document the history and culture of the Puerto Rican diaspora with a concentration on New York City. The holdings include personal papers, records of organizations and institutions, photographic collections, broadsides, programs and ephemera. Among the collections are the records of civil rights organizations, the papers of activists, writers, artists, scholars, educators and elected officials. A highlight of the holdings is the extensive records of the offices of the Government of Puerto Rico in the U.S. Special features of the Archives include its photographic holdings, art prints/posters by artists from New York and Puerto Rico and sound recordings of Puerto Rican popular music. Finding aids and guides are available for processed collections and are online on the Centro Web site. The Archives are open five days per week by appointment. Now in its fifteenth year of publication, the CENTRO journal is one of the Centro's most important links to the public. A multidisciplinary, bilingual, refereed publication that welcomes scholarly articles in the humanities and the social and natural sciences, as well as interpretive essays, interviews, fiction, reviews and art, CENTRO reflects developments in the field of Puerto Rican studies. Although primarily an academic publication directed at disseminating the body of scholarship on Puerto Rico and Puerto Ricans, the journal retains elements of its earlier incarnation, publishing work in a variety of formats. The journal encourages a dialogue that compares Puerto Ricans with other racialized ethnic groups, particularly other Latinos and African Americans. CENTRO is available by subscription or, as with all of our publications, directly from our offices.
The Centro exchange programs, Intercambio and CUNYCaribbean, promote institutional, faculty and student intellectual and scientific exchange with academic institutions in the Caribbean and Puerto Rico. Since its inception the programs have focused on strengthening institutional links between the City University of New York and higher education and research institutions in the Caribbean through academic and cultural exchanges and scholarly collaboration. The Centro exchange programs have facilitated research and other academic/cultural activities for more than three hundred faculty and students.

PERFORMING AND FINE ARTS VENUES

The Kaye Playhouse
Ground Floor Hunter North
http://kayeplayhouse.hunter.cuny.edu

The Kaye Playhouse originally dedicated in 1943 as The Playhouse at Hunter College and renovated and reopened in 1993 as the Sylvia and Danny Kaye Playhouse, serves as the centerpiece for the performing arts at Hunter College.

Each season, The Kaye hosts over 200 performances in the fields of dance, music, theatre, film, education and children's programs, bringing an eclectic mix of cultural events to more than 100,000 theaegrogs annually.

For most performances at The Kaye Playhouse, a limited number of discounted or complimentary tickets are available to Hunter students.

There are employment opportunities for Hunter students at The Kaye Playhouse, including positions as ushers and box office personnel. Call the box office at (212) 772-4448; or administrative office at (212) 772-5207.

Assembly Hall
Hunter North Lobby

The Assembly Hall is Hunter's largest performance venue. With a seating capacity of 2,079, the hall hosts performances by the Hunter College Symphony, concerts, meetings, forums and a variety of other events. Anyone interested in reserving the Assembly Hall for an event should contact the Office of Central Reservations at (212) 772-4872.

The Frederick Loewe Theatre
Ground Floor Thomas Hunter

The Frederick Loewe Theatre is a black-box theatre that seats an audience of 110. It has the ability to accommodate proscenium or thrust stage productions and houses most of the Department of Theatre events. Box office: (212) 772-4448; administrative office: (212) 772-4227.

Ida K. Lang Recital Hall
4th Floor Hunter North

The Lang Recital Hall, a 149-seat auditorium designed by the firm of Abramowitz Kingsland Schiff, opened in Spring 1995.

This state-of-the-art facility hosts jazz concerts, chamber music ensembles and film festivals and houses most of the Department of Music graduation and faculty recitals. Artists from throughout the world have performed at the Lang. Box office: (212) 772-4448; administrative office: (212) 772-4227.

Hunter Galleries

The Bertha and Karl Lebusdorf Art Gallery, located at the 68th Street campus, Hunter West lobby, houses professionally organized exhibits that support the educational programs of the Art Department of Hunter College. The Hunter College/Times Square Gallery, located at 450 West 41st Street, is a 12,000-square-foot space used for large surveys, retrospectives and the MFA Thesis Exhibition. The entire exhibition program maximizes student and faculty participation to expand the parameters of the graduate programs in both fine art and art history. Main campus gallery: (212) 772-4991.

Section 6

COURSE DESIGNATIONS
AND ABBREVIATIONS

COURSE DESIGNATIONS

Numbering System Each course in the curriculum is defined by an alphabetical prefix and a 3-digit number. The 3-digit number indicates the level of study: 100- and 200-level courses are lower divisions; 300- and 400-level courses are upper division; 500-, 600- and 700-level courses are graduate courses.

When a W is added to the end of the course number, this means that the course will satisfy the Writing Requirement. However, not all sections of courses with a W meet the writing requirement. Refer to the schedule of classes to see which sections of the course are designated as W.

000-level course designation Developmental courses for ESL students; placement determined by testing of entering students.

100-level course designation Courses with no prerequisites, survey courses or courses defining basic concepts and presenting the terminology of a discipline.

200-level course designation Courses of intermediate college-level difficulty, courses with 100-level course(s) as prerequisite(s) or survey courses devoted to particular areas or fields within a discipline.

300-level course designation Courses of advanced college-level difficulty taken by majors and upper-division students; these are often considered to be courses in the major, offered for students clearly interested in and qualified in the subject.

400-level course designation Advanced upper-division courses and/or seminars, tutorials and honors courses for majors and upper-division students.

Alphabetical Prefixes The following prefixes are used, preceding the 3-digit number, to designate the field of study. They are listed here alphabetically, with the department or program and field to which they pertain. Specific departments and programs appear alphabetically in the table of contents, the index and the HEGIS Code section (page 4).

The School of Arts and Sciences is dedicated to providing Hunter College students a flexible and challenging liberal arts education. We support dedicated teaching and up-to-date research programs and have made both integral components of strong major programs. In addition, Arts and Sciences faculty teach almost all of the courses that Hunter students are required to take to fulfill the General Education Requirement. Through major courses and GER courses, the School of Arts and Sciences works to complement and strengthen student academic progress in the Schools of Education and the Health Professions.

The School has more than 400 full-time faculty in 23 different departments and eight interdisciplinary programs. It enrolls over 15,000 undergraduate majors and close to 1000 graduate students. The School of Arts and Sciences is also home to interdisciplinary majors in Archaeology, English Language Arts, Women and Gender Studies, Comparative Literature, Jewish Social Studies, Religion, Urban Studies and Latin American and Caribbean Studies.

The Department of Africana and Puerto Rican/Latino Studies is comprised of Africana and Puerto Rican/Latino sequences. It offers an interdisciplinary course of study combining humanities and social sciences approaches in the School of Arts and Sciences. The curriculum is devoted to the history and cultures of these two heritages. The Africana sequence focuses on the experiences of African people on the continent and those in the diaspora. The Puerto Rican/Latino sequence addresses issues related to Puerto Ricans, Dominicans and Cubans in the islands as well as the experiences of Latinos in the U.S. Where applicable, the similarities and common experiences of the sequences are emphasized.

Because of the department's emphasis on intellectual, analytical and research development, the student with a background in Africana and Puerto Rican/Latino Studies is well prepared to enter the job market or to pursue graduate or professional study. Education, law, journalism, social work, urban planning, public health, medicine, nursing, business, politics, international affairs and government are some of the fields in which students can utilize a background in Africana and Puerto Rican/Latino Studies. Generally, occupations in the public sector, central cities and urban institutions, as well as jobs involving intergroup and intercultural relations, also benefit from such a background.

PROGRAM OF STUDY

Given the interdisciplinary organization of the department, students may elect to concentrate their program of study in the Africana sequence, Puerto Rican/Latino sequence or a combination of both with courses from social sciences and humanities offered by the department.

MAJOR

The major consists of 30 credits. Courses to be taken are as follows:

- 6 credits from among AFPL 201, 202, 203, 204, 209, 210, 241, 242
- 3 credits from AFPL 281
- 21 credits, of which at least 12 must be taken at the 300 and/or 400 level. At least 3 credits must be taken in Puerto Rican/Latino studies if the student's concentration is in Africana studies and vice versa.

MINOR

Students who major in the department are also required to have a minor of 12 credits. A minor is chosen in consultation with the undergraduate adviser. The minor may be selected from any other department or program leading to a BA degree or split equally between two separate departments.

Minor for Non-Majors

For minors from other departments, we recommend at least 6 credits at the 300 level or above.

</tbody>
</table>
AFPL 290 Selected Topics in Africana and Puerto Rican/Latino Studies
Topics change according to instructor.
3 hrs, 3 cr.

AFPL 304W Leaders and Movements of Black Urban Communities
GER 3/B PD/B
Personalities and movements that have influenced Black communities of U.S.; focuses mainly on 20th century.
prereq: AFPL 203 or 204 or 205
3 hrs, 3 cr.

AFPL 306W Modern African International Relations
GER 3/B PD/A
Factors affecting relations among African states and between African and non-African states within international system.
prereq: AFPL 206 or perm instr.
3 hrs, 3 cr.

AFPL 307W Contemporary African Politics
GER 3/B
Study of post-independence nationalism, political systems, regional and inter-nation cooperation of African nations.
prereq: AFPL 206 or perm instr.
3 hrs, 3 cr.

AFPL 308W Contemporary International Relations of the African-Caribbean
GER 3/B
Examination of use of foreign policy for economic development in Caribbean and as instrument of transformation.
prereq: AFPL 207 or 210 or perm instr.
3 hrs, 3 cr.

AFPL 309W African-Americans and Africa
GER 3/B PD/A or B
Major evidence of Black American involvement and interest in Africa from 1775 to present.
prereq: AFPL 203 or 204
3 hrs, 3 cr.

AFPL 310W Modern Nigeria
GER 3/B
Detailed study of the historical development of modern Nigeria from the late 19th century to the present.
prereq: perm instr.
3 hrs, 3 cr.

AFPL 313W Slavery
GER 3/B PD/A or B
Historical overview of slavery from Africa to the Americas.
prereq: AFPL 203 or 209 or perm instr.
3 hrs, 3 cr.

AFPL 314W Blacks in Labor and Politics
GER 3/B
Black labor from emancipation to present. Emphasis on period between New Deal and present.
prereq: AFPL 204 or 205 or perm instr.
3 hrs, 3 cr.

AFPL 318W Women in Africa
GER 3/B PD/C
Examination of African womanhood in traditional setting during colonialism and neo-colonialism, independence and revolution.
prereq: AFPL 202 or 222 or perm instr.
3 hrs, 3 cr.

AFPL 319W Women in the African Diaspora
GER 3/B PD/B or C
The cultural-historical role of women of African descent in North America and the Caribbean in relation to the family, to political resistance and in sustaining African culture and values.
prereq: AFPL 204 or 209 or 210 or perm instr.
3 hrs, 3 cr.

AFPL 320W African-Caribbean Culture
GER 3/A PD/A or B
prereq: AFPL 209 or 210 or 222
3 hrs, 3 cr.

AFPL 322W African World View: Philosophy and Symbolic Thought
GER 3/A PD/A
Examination of African religious systems, metaphysical conceptions and philosophy.
prereq: AFPL 222 or perm instr.
3 hrs, 3 cr.
offered every other sem.

AFPL 323W Islam and Christianity in Africa
GER 3/A
Examination of relationship of Islam and Christianity to primary African religion and their political role in African history.
prereq: AFPL 201 or 202 or 222 or perm instr.
3 hrs, 3 cr.

AFPL 324W African American Ethnohistory
Ethnohistorical survey of development of Black culture in the diaspora; reinterpretation of African forms in Western European environment.
prereq: AFPL 220 or perm instr.
3 hrs, 3 cr.

AFPL 330W Autobiography as a Theme in Black Literature
GER 3/A
Treatment of autobiographical works of Black authors in U.S., Caribbean and Africa during 19th and 20th centuries.
prereq: AFPLR 236 or perm instr
3 hrs, 3 cr.

AFPL 336W/WGS 336W African American Women Writers
GER 3/A PD/C
Afro-American female authors from slavery to present: novels, short stories, essays, plays, poetry, teenage fiction and children's books.
prereq: AFPL 236 or perm instr.
3 hrs, 3 cr.

AFPL 337W/WGS 337W Caribbean Women Writers
GER 3/A
A study of some of the major preoccupations of Caribbean fiction, such as history, migration/travel, creolization, memory and language, from the perspectives of selected women writers, paying close attention to the historical, intellectual and cultural contexts that stimulated the production of these works.
prereq: AFPL 236 or 257 or ENGL 220 or WGS 100
3 hrs, 3 cr.

AFPL 342W Political Nationalism in Puerto Rico
GER 3/B PD/A
Nationalist ideology in Puerto Rico: its impact on contemporary political movements and economy.
prereq: AFPL 242 or perm instr.
3 hrs, 3 cr.

AFPL 351W Major Puerto Rican Figures
GER 3/B PD/A or B
Theorists, poets and statesmen in formation of Puerto Rican nationality.
prereq: AFPL 143 or 242 or 245
3 hrs, 3 cr.

AFPL 352W Power Structure in Puerto Rico
GER 3/B
Social analysis of class divisions, role of the economy and the United States presence in Puerto Rico.
prereq: AFPL 245 or 270
3 hrs, 3 cr.
AFPL 355W The African Image in 19th and 20th century Spanish Antillean Poetry
GER 3/A PD/A
The portrayal of the African image in Spanish Antillean poetry seen through the work and poetic trends of its major exponents.
prereq: AFPL 143 or SPAN 208, reading knowledge of Spanish
3 hrs, 3 cr.

AFPL 356W Latino Literature in English
GER 3/A PD/B
Latino writing in English in the U.S.; analysis of cultural, linguistic and ideological factors as found in the work of such authors as Sandra Cisneros (Chicana), Pedro Pietri (Puerto Rican) and Oscar Hijuelos (Cuban-American).
3 hrs, 3 cr.

AFPL 360W Politics in Puerto Rico
GER 3/B
Analysis of the political status issue, development of political parties, national leadership and participation.
prereq: AFPL 242 or 342 or perm instr.
3 hrs, 3 cr.

AFPL 362W Puerto Rican and Caribbean Religious Practices
GER 3/A PD/A or B
Reading knowledge of Spanish suggested. Analysis of roots of folk religion in Indian, African and Spanish cultures. Religious syncretisms, popular imagery and ritual practices.
prereq: AFPL 141 or 243
3 hrs, 3 cr.

AFPL 370W Sociolinguistic Fieldwork in Black and Puerto Rican/Latino Speech Communities
GER 3/B
Sociolinguistic theory applied to linguistic varieties spoken in African American, African-Caribbean, Puerto Rican and other Latino communities.
prereq: AFPL 181 or AN-C 151
3 hrs, 3 cr.

AFPL 384W Poverty in Society
GER 3/B
Causes and effects of deprivation, with emphasis on policy and program approaches for African Americans and Puerto Ricans/Latinos.
prereq: successful completion of any 2 AFPL courses
3 hrs, 3 cr.

AFPL 387W Puerto Rican/Latino Politics in the United States
GER 3/B PD/B
An analysis of the political participation and leadership of Puerto Ricans and other Latinos in the United States.
prereq: either AFPL 102, 242 or 244 or perm instr.
3 hrs, 3 cr.

AFPL 390W Research Topics in African and Puerto Rican/Latino Studies
GER 3/B
Open to Jr/Sr only. Topics change according to instructor.
3 hrs, 3 cr.

AFPL 401 Pan-Africanism
GER 3/B
Not open to freshmen. Seminar traces development of Pan-Africanism through the 20th century.
prereq: AFPL 202 or 204 or 206
3 hrs, 3 cr.

AFPL 402 African American Political Thought
GER 3/B
Comparative theorists; methods and ideological currents.
prereq: AFPL 203 or 204 or 205
3 hrs, 3 cr.

AFPL 403 Development Strategies in the African-Caribbean
GER 3/B
Analysis of developmental strategies used by Caribbean nations after independence.
prereq: AFPL 207 or 208 or 209 or 210 or perm instr.
3 hrs, 3 cr.

AFPL 420 The Black Church and Social Change
GER 3/B
In-depth study of the sociopolitical role of Black church in political struggle of Black people with special emphasis on America.
prereq: AFPL 203 or 204 or 205 or perm instr.
3 hrs, 3 cr.

AFPL 428 Selected Topics in Africana and Puerto Rican/Latino Studies: Social Science
GER 3/B
Topics change according to instructor.
prereq: perm dept.
3 hrs, 3 cr.

AFPL 442 History of Puerto Rican Labor Movements
GER 3/B
Historical development of Puerto Rican working class, its movements and organizations from 19th century to present.
prereq: AFPL 242 or 270
3 hrs, 3 cr.

AFPL 445 Caribbean Short Story in Spanish: Readings and Theories
GER 3/A
A critical study of the short story genre in the Hispanic Caribbean viewed in conjunction with contemporary literary theory.
prereq: SPAN 208
3 hrs, 3 cr.

AFPL 499 Honors
Individual research. Honors essay under direction of a department member.
prereq: perm dept; upper Jr/Sr with 3.3 cumulative GPA, 3.5 major GPA
3 hrs, 3 cr.

SWAHILI

SWA 101, 102 Swahili I, II
Introduction to Swahili, pronunciation and elements of grammar.
3 hrs, 3 cr. each credit for SWA 101 is not given until SWA 102 is completed

SWA 201 Swahili III
Grammar review, composition oral practice.
prereq: SWA 202 or demonstrated competence in speaking and writing
3 hrs, 3 cr.

SWA 202 Swahili IV
Review of morphology and syntax original composition, intensive oral practice.
prereq: SWA 201 or demonstrated competence as a native speaker
3 hrs, 3 cr.

YORUBA

YOR 101, 102 Yoruba I, II
Elementary Yoruba. Introduction to language and culture of Yoruba People of Nigeria.
3 hrs, 3 cr. each credit for YOR 101 is not given until YOR 102 is completed

YOR 201 Yoruba III
Writing and reading of Yoruba language, including study of grammar and syntax.
prereq: YOR 102 or demonstrated competence in speaking and writing
3 hrs, 3 cr.

YOR 202 Yoruba IV
Intensive writing and reading of Yoruba language and continuation of study of grammar and syntax.
prereq: YOR 201 or demonstrated competence as a native speaker
3 hrs, 3 cr.

Courses That May Not Be Offered in 2007-2010:

AFPL 181 Language and Ethnic Identity
AFPL 182 Culture and Ethnic Identity
AFPL 248 Caribbean Spanish
AFPL 276 The Puerto Rican Family
AFPL 314W Blacks in Labor and Politics
AFPL 322W African World View, Philosophy and Symbolic Thought
AFPL 323W Islam and Christianity in Africa
AFPL 324W African American Ethnography
AFPL 330W Autobiography as a Theme in Black Literature
AFPL 370W Sociolinguistic Fieldwork in Black and Puerto Rican/Latino Speech Communities
AFPL 401 Pan-Africanism
AFPL 402 African American Political Thought
AFPL 403 Development Strategies in the African-Caribbean
AFPL 420 The Black Church and Social Change
AFPL 442 History of Puerto Rican Labor Movements
ANTHROPOLOGY

Accelerated BA/MA Program in Anthropology
180 credits total, including at least 30 graduate credits. Students pursue the MA degree as part of the undergraduate curriculum by substituting graduate courses for electives in the degree program. Students may substitute graduate courses for undergraduate courses except for AN-P 101 and 102. Participants fulfill all requirements for the BA and MA degrees in anthropology.

Anthropology is the study of past and present peoples. Among the social sciences, anthropology is distinguished by its comparative approach to peoples and cultures. As a major in a liberal arts curriculum, it provides students with basic and advanced training in all four branches of the discipline: cultural anthropology (ethnology), archaeology, biological anthropology and anthropological linguistics. Major and minor programs are designed to prepare students for postgraduate activities, which include graduate studies and research. Students are also prepared for careers in teaching, social work and work in museums, government and industry, both domestic and overseas. Many use anthropology as a prelaw or premedical degree. Hunter College also offers a master of arts degree in anthropology; a doctoral degree in anthropology is offered by The City University of New York, of which Hunter is a senior college member.

MAJOR

The anthropology major is designed to give students an overview of the discipline, as well as training in all four fields of the subject (archaeology, cultural anthropology and ethnology, anthropological linguistics and biological anthropology). The anthropology major consists of 25 credits [see table below]. To declare a major in anthropology, the student must have completed at least one course in anthropology with a C grade or better. In order to graduate with a major in anthropology, students must earn a C grade or better in all required courses and electives counted toward the major.

Note: While AN-C 101 is a prerequisite for many courses in cultural anthropology, including some of the required courses, it is not itself included in the courses required for the major.

MINOR

The minor consists of 12 credits. Sociology, history, education, languages, biology, geology, psychology, art, art history and classics are often selected as minor concentrations, but they are not the only suitable choices. The minor for the anthropology major should be selected after consultation with the undergraduate adviser or the department chair.

It is also possible for the anthropology major to minor in one of the four fields of anthropology by combining courses from other departments:

- **Anthropological Linguistics** – relevant courses in anthropological linguistics (in the department of anthropology) and in classics, English, film and media, German, Hebrew, philosophy, Romance languages, Russian and theatre.
- **Archaeology** – relevant courses in prehistoric archaeology (in the department of anthropology) and in art, chemistry, classics, geography, geology, history, mathematics and physics.

New Course Prefixes

Some course prefixes have changed, effective fall 2008. New prefixes are used in the course descriptions below. For example:

Old: ________________________________ ANTHC, ANTHP
New: ________________________________ AN-C, AN-P

- **Cultural Anthropology or Ethnology** – relevant courses in cultural anthropology (in the department of anthropology) and in classics, education, economics, English, geography, geology, Latin American and Caribbean studies, mathematics, music, philosophy, political science, psychology, sociology and foreign languages.
- **Physical Anthropology** – relevant courses in physical anthropology (in the department of anthropology) and in biological sciences, chemistry, geography, geology, mathematics and physics.

Minor for Non-Majors

Students wishing to minor in anthropology should consult their major adviser for appropriate course recommendations.

Honors Work

Honors work is possible in each of the major branches of anthropology. The emphasis is on independent student research under the supervision of a faculty member. In order to graduate with departmental honors in anthropology, a student must: (1) have taken at least 2 credits of AN-C 400; (2) have a GPA in the major of not less than 3.5 and a cumulative GPA of not less than 2.8 at the time of graduation; and (3) complete a departmental honors form available from the departmental undergraduate advisor.

AN-C 400 Honors Project

(available to students in each of the four fields of anthropology) Open to qualified juniors and seniors every semester. Research under supervision of a faculty member. From 2 to 3 credits per semester, depending on the nature of the student’s work. May be taken for 1, 2, or 3 semesters for a maximum of 6 credits. To apply, students must (1) present a research plan prepared in conjunction with a faculty member; (2) have this plan approved by the undergraduate advisor and the department chair; and (3) obtain approval prior to preregistration.

The COR Program

The departments of psychology, anthropology and sociology jointly offer a program called COR (Career Opportunities in Research and Education). This interdisciplinary research training program for talented minority juniors and seniors is funded by the National Institute of Mental Health. Participants receive a monthly stipend and tuition and fee remission; they take a special curriculum and get individualized research training in a variety of areas under the supervision of a faculty mentor. The program has several levels of participation and all minority students — especially freshmen and sophomores — intending to pursue a research related career in the participating disciplines are urged to register with the program. Additional details and descriptive literature are available from the COR program manager, 532 Hunter North, (212) 772-4562.

COURSE LISTINGS

BIOLLOGICAL ANTHROPOLOGY, GENETICS AND PALEONTOLOGY

AN-P 101 Human Evolution

GER 2/E

The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.

6 hrs (3 lect, 3 lab), 4 cr.

offered every sem.

AN-P 102 Human Variation

GER 2/E

Description and analysis of biological variation in living human populations. Both genetic and phenotypic variation will be examined. Lab experiments and demonstrations.

6 hrs (3 lect, 3 lab), 4 cr.

offered every sem.

AN-P 301 Human Fossil Record

GER 3/B PD/C

The hominid fossil record of Africa, Asia and Europe. Human evolution as evidenced in fossil record.

pre: AN-P 101, 102, or equiv.

3 hrs, 3 cr.

AN-P 302 Human Genetics

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability.

pre: AN-P 101, 102, or BIOL 102

3 hrs, 3 cr.

AN-P 310 Primate Ecology and Behavior

GER 3/B

Examination of ecological factors responsible for the distribution and behavior of living primate species.

pre: AN-P 101 or 102 or BIOL 100 or 102

3 hrs, 3 cr.

AN-P 311 Primate Evolution

GER 3/B

Evolution of primate behavior and morphology; interdependence of ecology, behavior and morphology.

pre: AN-P 101 or perm instr.

3 hrs, 3 cr.

AN-P 312 Primate Evolutionary Genetics

Examines evolutionary relationships, social behavior, natural selection, disease, population history, demography, medicine and genomics. This course draws on readings from the primary literature.

pre: AN-P 101 or AN-P 102 or BIOL 102

3 hrs, 3 cr.

AN-P 316 Human Evolutionary Adaptations

GER 3/B

Studies adaptive significance of distinctive biological features of human species, including brain size, secondary sexual characteristics, sparse body hair and use of complex language.

pre: AN-P 101 or 102 or BIOL 100 or 102

3 hrs, 3 cr.
AN-P 401 Seminars in Selected Topics
Course provides in-depth study of specific topics in field of physical anthropology.
prereq: depends on topic
3 hrs, 3 cr.

CULTURAL ANTHROPOLOGY AND ETHNOLOGY

AN-C 101 Introduction to Cultural Anthropology
GER 2/B PD/A
Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.
3 hrs, 3 cr.
offered every sem.

AN-C 102 Contemporary Issues in Anthropological Perspectives
Anthropological perspectives on current issues such as crime, war, sex differences, cults and energy crisis.
3 hrs, 3 cr.

AN-C 200 Africa: Societies and Cultures
GER 3/B PD/A
Pre-colonial, colonial and contemporary communities, subsistence and exchange systems and ecological adaptations.
3 hrs, 3 cr.

AN-C 201 The Middle East: Societies and Cultures
GER 3/B PD/A
Peasant, nomadic and urban society; kinship, ethnic, religious and ecological diversity; colonialism and modernization.
3 hrs, 3 cr.

AN-C 204 East Asia: Societies and Cultures
GER 3/B PD/A
Historical and regional variation in various East Asian societies, with a focus on political economy, family, kinship, community and national minorities.
3 hrs, 3 cr.

AN-C 211 Native North America: Societies and Cultures
GER 3/B PD/A or B
Adaptive strategies and cultural variations in pre- and post-contact periods; problems in contemporary societies.
3 hrs, 3 cr.

AN-C 213 Latin America: Societies and Cultures
GER 3/B PD/A
Development and organization of tropical forest Indians, hacienda and plantation economies, peasant and urban societies.
3 hrs, 3 cr.

AN-C 214 The Caribbean: Societies and Cultures
GER 3/B PD/A
Indigenous peoples, colonization and slavery; minorities, race relations; family life, religion and economy.
3 hrs, 3 cr.

AN-C 215W The Anthropology of Black America
GER 3/B PD/B
Examines anthropological knowledge about Black America and the various socio-political contexts in which this body of scholarship has been produced. Focuses on the politics of knowledge production on Black culture.
prereq: ENGL 120
3 hrs, 3 cr.

AN-C 275W Reading Ethnographies
GER 3/B
Examines the most significant mode of writing within cultural anthropology: the ethnography. Students explore interpretive, theoretical and political issues in the representation of cultures through close reading and analysis of ethnographic texts.
prereq: AN-C 101 or perm instr.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

AN-C 301 Gender in Anthropological Perspective
GER 3/B PD/C
Men and women in different societies, division of labor, socialization, stratification, political activism and gender construction.
prereq: AN-C 101 or perm instr.
3 hrs, 3 cr.

AN-C 304 Economy and Culture
GER 3/B PD/A
Various systems of production, consumption and exchange; relationship to politics and economy; connections between rural, urban and global economies.
prereq: AN-C 101 or perm instr.
3 hrs, 3 cr.

AN-C 305 Psychological Anthropology
GER 3/B PD/A
Factors related to cross-cultural variation in personality, including male-female relationships and sexual preferences. Psychological explanations of different customs (initiation, folktales, games).
prereq: AN-C 101 or perm instr.
3 hrs, 3 cr.

AN-C 306 Folklore and Myth
GER 3/B
Cultural and psychological functions and symbolic meanings.
3 hrs, 3 cr.

AN-C 307 Anthropology of Religion
GER 3/B PD/A
Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.
3 hrs, 3 cr.

AN-C 308 Human Ecology
GER 3/B PD/A
Relationship between human populations and environment; ecosystems, population interactions, resource management and environmental movements.
prereq: AN-C 101 or perm instr.
3 hrs, 3 cr.

AN-C 310 Politics and Power in Anthropological Perspective
GER 3/B PD/A
Leadership, conflict, inequality, decision-making and law in different societies; interaction of local politics with state and global institutions.
prereq: AN-C 101 or perm instr.
3 hrs, 3 cr.

AN-C 311 Anthropology of Art
GER 3/B
Symbolic forms of human behavior; paleolithic cave art; tribal art, ethnomusicology.
3 hrs, 3 cr.

AN-C 312 Anthropological Approaches to Sexuality
GER 3/B PD/C
Documents the social construction of human sexuality through an examination of sexual variation cross-cultural and over recent history, including the development of sexually defined communities and identities within contemporary societies.
prereq: AN-C 101
3 hrs, 3 cr.

AN-C 314 Research Design in Anthropology
GER 3/B
Introduction to basic principles of research design employed in anthropology.
prereq: AN-C 101
3 hrs, 3 cr.

AN-C 315 Applied Anthropology
GER 3/B
Practical applications of theory and methods to contemporary social problems; community development; intercultural relations.
prereq: AN-C 101 or perm instr.
3 hrs, 3 cr.

AN-C 318 History of Anthropological Theory
GER 3/B PD/D
Changing approaches to the study of society and culture. Political and historical context of the development of theory, the link between theory and method and the impact of theory on policy.
prereq: AN-C 101 or perm instr.
3 hrs, 3 cr.

AN-C 320 Problems in Anthropology
GER 3/B
Topics TBA. Recent courses have looked at globalization, social movements and civil society; energy policy; women and economic development; international migration. Depending on topic, may meet PD/A, B, or C.
prereq: perm instr.
3 hrs, 3 cr.
offered every sem.

AN-C 321 Women and Globalization
GER 3/B
The situation of women from less developed countries with attention to the local and global forces shaping their lives. Topics include migration, the international division of labor and worldwide adoption. Includes both theoretical approaches and practical issues related to improving women's place in society.
prereq: AN-C 101 or perm instr.
3 hrs, 3 cr.
AN-C 322 Family and Household in Anthropology and History
GER 3/B PD/C
Examines variations in household structure and family relations across cultures and over time, focusing on the relationship between domestic arrangements and other aspects of society.
pre- or coreq: AN-C 101
3 hrs, 3 cr.

AN-C 325 Special Projects and Independent Research in Anthropology
GER 3/B
prereq: perm instr.
3 hrs, 3 cr.
offered every sem.

AN-C 332 East Asia Societies and Cultures
GER 3/B
Historical and regional variation in various East Asian societies with a focus on political economy, kinship, community and national minorities.
prereq: AN-C 101 or perm instr.
3 hrs, 3 cr.

AN-C 334 Latin America: Societies and Cultures
GER 3/B
Changing views of US and Latin American anthropologists on ethnic, class and gender relations, underdevelopment, migration and social movements.
prereq: AN-C 101 or perm instr.
3 hrs, 3 cr.

AN-C 350 Popular Culture: Anthropological Perspectives
GER 3/B
The comparative ethnographic and theoretical study of popular and expressive culture traditions from around the world.
prereq: AN-C 101, ENGL 120, or perm instr.
3 hrs, 3 cr.

AN-C 400 Honors Projects
prereq: perm chair
offered every sem.

AN-C 401 Seminars in Selected Topics
/topics TBA.

ARCHAEOLOGY

AN-C 351 Language in Culture and Society
GER 3/B
Sociolingual ethnography of communication; languages and dialects; face-to-face interaction; bilingualism in social and political life; language, ideology and identity.
3 hrs, 3 cr.

AN-C 353 Phonological Analysis and Theory
GER 3/B
Phonetics of diverse languages, their phonemic analysis at different levels of theory, including distinctive feature analysis and phonological links to grammar.
prereq: AN-C 151 or equiv.
3 hrs, 3 cr.

AN-C 354 Grammatical Analysis and Theory
GER 3/B
Methods of syntax and morphology in work with diverse languages; syntactic theories and their development relative to universals, semantics, pragmatics, discourse.
prereq: AN-C 151 or equiv.
3 hrs, 3 cr.

AN-C 126 Introduction to Prehistoric Archaeology
GER 2/B
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs, 3 cr.
offered every sem.

AN-C 127 Introduction to Archaeological Techniques
Strategies of data collection; determination of age of deposits, environmental reconstruction, examination of artifacts.
prereq: AN-C 126 or perm instr.
3 hrs, 3 cr.

AN-C 226 Archaeology of Africa
GER 3/B PD/A
Prehistory; origins, adaptations, cultural evolution of early humans; origins of agriculture, early complex societies.
prereq: AN-C 126 or perm instr.
3 hrs, 3 cr.

AN-C 227 Archaeology of Europe
GER 3/B PD/D
Prehistory; early hunting and gathering adaptations, beginnings of sedentary village life, development of complex societies.
prereq: AN-C 126 or perm instr.
3 hrs, 3 cr.

AN-C 228 Archaeology of the Near East to 2000 BC
GER 3/B PD/A
Sociocultural development of Near East from early hunter-gatherers to first states and empires.
prereq: AN-C 126 or perm instr.
3 hrs, 3 cr.

AN-C 230 Prehistory of North American Indians
GER 3/B
Examination of adaptation and change in prehistoric cultural systems, employing archaeological and ethnohistorical sources.
prereq: AN-C 126 or perm instr.
3 hrs, 3 cr.

AN-C 231 Archaeology of Mesoamerica
GER 3/B
Sociocultural development from early hunters-gatherers to first pre-Hispanic states and empires.
prereq: AN-C 126 or perm instr.
3 hrs, 3 cr.

AN-C 232 Archaeology of South America and the Caribbean
GER 3/B
Sociocultural development from early hunters-gatherers to first pre-Hispanic states and empires.
prereq: AN-C 126 or perm instr.
3 hrs, 3 cr.

AN-C 326 Rise of Old and New World Civilizations
GER 3/B
Theoretical and empirical examination of development of urbanism and state, in the Old and New Worlds.
prereq: AN-C 126 or perm instr.
3 hrs, 3 cr.

AN-C 327 Prehistoric Cultural Ecology
GER 3/B
Survey of selected problems in human evolution and adaptation from an ecological perspective.
prereq: AN-C 126 or perm instr.
3 hrs, 3 cr.

AN-C 346 Analytic Methods in Archaeology
GER 3/B
Theory and methods of analysis of materials recovered from archaeological excavations and surveys.
prereq: AN-C 126 or perm instr.
5 hrs (3 les, 2 lab), 4 cr.

AN-C 426 Seminar in Archaeological Field Methods
Introduction to field methods and techniques in survey and excavation; involves weekend fieldwork on nearby sites. Depending on topic, may meet PD/B or D.
prereq: AN-C 126 or perm instr.
3 hrs, 3 cr.

AN-C 203 Kinship and Social Organization
GER 3/B
AN-C 306 Folklore and Myth
AN-C 309 Country and City in Comparative Perspective
AN-C 316 Quantitative Methods in Anthropology
AN-C 317 Field Methods in Cultural Anthropology
AN-C 328 Technology and Material Culture
AN-P 214 Theory of Evolution

The Department of Art offers a wide variety of courses for majors and non-majors. In studio art, two academic degrees are offered: the BA and the BFA. In art history, we offer a BA degree. Art history is the study of works of art and architectural monuments in their cultural environment. Students learn how to develop their powers of critical visual analysis. Then, by concentrated study of certain significant periods in the history of Western and non-Western art, they learn to relate the forms of art to contemporary historical, political, economic, religious, social, and cultural phenomena.

The department’s broad range of studio courses begins with Introduction to Study of Visual Experience (ARTC 101) followed by Beginning Drawing (ARTC 221), which are prerequisites for all studio courses except ARTC 203, 204, and 261. In the beginning classes, the student learns the basic principles in various media; the advanced courses emphasize individual exploration.

MAJORS

STUDIO ART

The 24-Credit Major (BA) The standard major is available to the student interested in a liberal arts education. It consists of nine courses in the major subject, normally one 3-credit course per semester and begins with ARTC 101, upon completion continues with ARTC 221, followed by an additional 18 credits selected from 200- and 300-level ARTC courses. The department recommends that the minor associated with the 24-credit studio major consist of 12 credits in art history. No courses can be repeated.

The 42-Credit Major (BA) An intensive major is available for the student who prefers a greater concentration in studio art and particularly for the student who plans to do graduate study in art. It consists of 10 courses in the major, including ARTC 101 and 221, with a concentration of 12 credits in one study area (e.g., painting, sculpture, drawing, graphics, ceramics, photography) and 2 credits of other studio art courses to be determined in consultation with a departmental adviser (a total of 30 credits). Twelve credits of study in art history are required. It is recommended that students declare their major within 41 credits.

Students should consult with a department adviser for guidance in the selection of 200-level courses. The plan for the area of concentration should be submitted to an adviser for tentative approval at the beginning of the junior year and for final approval in the lower senior term.

A maximum of 30 credits in studio art may be applied toward the BA degree. There is no minor associated with the 42-credit major.

The 61-Credit Major (BFA) This degree is open to the student who wants to complete work in studio art beyond the 42-credit major and particularly the student who intends to pursue a career as a professional artist and attend graduate school. Students follow the regular GER for the BA degree. Departmental approval of the 61-credit BFA concentration is required. Students who have successfully completed 90 credits may apply to the BFA program, pending an interview with the BFA adviser. Students are required to maintain a GPA of 3.0 in this program. Required courses are as follows:

Year 1

ARTC 101, 221 ........................................... 6 cr
ARTH 111 (see below)

Year 2

four of the following five courses
or
3 of the following 5 courses plus one
300-level course: ........................................ 12 cr
ARTC 225, 235, 251, 257, 271
Required Courses for the 24-Credit BA:
Program prerequisite
ARTH 111, 121, or 122 (survey courses do not count toward art history major credit.)
Six courses, including at least one in each of three different areas:
Ancient
Medieval
Renaissance
Baroque
Modern including 19th, 20th, 21st century
Non-Western including:
Islamic, Chinese and Japanese
Advanced topics or theme course selected from any of the offerings
Total
The 42-Credit Intensive Major
Recommended for students desiring concentrated advanced work in art history. It requires 36 credits of course work in art history and 6 credits in studio art. It does not include a minor; however, with permission of the art history advisor, up to 6 credits of work in related areas — studio art, literature, or history, for example — may be substituted for art history courses within the required credits.
As in the case of the 24-credit major, the sequence begins with one of the introductory courses (program prerequisite), is followed by five elective courses in art history and includes the advanced research seminar (ARTH 368).
Required Courses for the 42-Credit Intensive Major
Program prerequisite
ARTH 111 or 121 or 122 (Survey courses do not count toward art history major credit.)
Nine courses, including at least one in each of five different areas:
Ancient
Medieval
Renaissance
Baroque
Modern including 19th, 20th, 21st century
Non-Western including:
Islamic, Chinese and Japanese
Advanced studies and/or theme course selected from any of the offerings (e.g., ARTH 299 and/or 300-400 level courses)
ARTH 368 Research Methods Seminar
Studio courses to be chosen in consultation with an adviser
Total
Minors in Art History
A minor in art history (consisting of 12 credits) may be arranged in consultation with a departmental advisor, subject to the approval of the major department.
ELECTIVES
All courses, unless otherwise specified, are open to qualified students majoring in other areas.
HONORS
Art History Major Students wishing to graduate with honors must consult an advisor to make an official application. Application forms are in the Art Office, Room 11054 Hunter North. Major credits must have been completed with a 3.5 grade point average and the cumulative grade point average, from courses taken only at Hunter, must be at least 3.0. Students must have taken at least one combined undergraduate/graduate course (ARTH 399 “Special Topics”), for which they received a letter grade. Students must present to the department’s Committee on Honors a paper produced in conjunction with ARTH 399, or with any of the following: ARTH 402 “Independent Study in Art History”; ARTH 368 “Research Methods of Art History”; or any of the 300-level art history “Advanced Studies” courses.

Studio Major Students wishing to graduate with honors must consult an advisor to make an official application. Application forms are in the Art Office, Room 11054 Hunter North. Major credits must have been completed with a 3.5 grade point average and the cumulative grade point average, from courses taken only at Hunter, must be at least 3.0. Student must submit 35mm slides of an advanced studio project (ARTH 360) or independent study course (ARTH 402).

GRADUATE STUDY
The Department of Art offers a number of courses, listed in the Graduate Catalog, that may be credited toward the degree of master of arts. Qualified students in the senior year may be admitted to these courses with the approval of the graduate art history adviser.
COURSE LISTINGS

STUDIO ART
ARTC 101 and 221 are prerequisites to all studio courses except 203 and 204.

ARTC 101 Introduction to Study of Visual Experience
Introduction to conceiving and formulating ideas for visual experience. Students work in 3 different areas in day session, 2 in evening session.
6 hrs, 3 cr. + 3 hrs open studio

ARTC 221 Drawing
Basic principles in various media and subjects. Eye-hand coordination, perceptual acuity, spatial organization; interpretation of directly observed subjects.
preq: ARTC 101
4 hrs, 3 cr. + 5 hrs open studio

ARTC 225 Graphic Arts Workshop
Techniques of woodcut, intaglio, lithography, silkscreen and related media.
4 hrs, 3 cr. + 5 hrs open studio

ARTC 235 Painting
Basic principles of painting. Studio practice using varied paint media, varied paint surfaces, paper and canvas.
4 hrs, 3 cr. + 5 hrs open studio

ARTC 240 Watercolor Painting
Basic principles of watercolor painting.
4 hrs, 3 cr. + 5 hrs open studio

ARTC 251 Sculpture
Basic principles of sculpture. Studio practice in varied materials.
4 hrs, 3 cr. + 5 hrs open studio

ARTC 257 Ceramics
Introduction to pottery and ceramic sculpture, including hand forming, throwing on the wheel, glazing and kiln operation.
4 hrs, 3 cr. + 5 hrs open studio

ARTC 271 Principles of Photography
Black and white photography as creative medium; camera and its functions; exposure and film development, contact printing and enlarging.
3 hrs, 3 cr. + 6 hrs open studio

ARTC 301 Advanced Studio
Student projects with emphasis on contemporary methods such as video, film, tape, conceptual art, environmental art, earth art.
3 hrs, 3 cr. + 5 hrs open studio

ARTC 322 Advanced Drawing
Continued experience in drawing with emphasis on drawing from life. May be repeated once.
preq: ARTC 221
4 hrs, 3 cr. + 5 hrs open studio

ARTC 326 Advanced Graphic Arts Workshop
Advanced study of one or more graphic art methods. Individual exploration emphasized. May be repeated once.
preq: ARTC 225
4 hrs, 2 cr. + 5 hrs open studio

ARTC 336 Advanced Painting
Continued experience in painting with possible concentration upon one medium and theme. Individual exploration emphasized. May be repeated once.
preq: ARTC 235
4 hrs, 3 cr. + 5 hrs open studio

ARTC 352 Advanced Sculpture
Continued experience in sculpture with possible concentration in one material. Individual exploration emphasized. May be repeated once.
preq: ARTC 251
4 hrs, 3 cr. + 5 hrs open studio

ARTC 357 Advanced Ceramics
Continued experimentation in form, surface and techniques. Individual exploration emphasized. May be repeated once.
preq: ARTC 257
4 hrs, 3 cr. + 5 hrs open studio

ARTC 360 Special Projects
Advanced students only. Advanced projects are announced prior to registration each term. Recent examples of Special Projects courses: Color Photo; Advanced Photo Darkroom Process; Collage and Assemblage; Color as Communication; Computer Graphics; Projects in Clay; Advanced Watercolor Painting; Experiment: Photography and Graphics; Site-Specific Projects; Projects in 2-D, Digital Art, Advanced Digital Art, Video for Artists, Installation Art, Sculpture: Methods & Materials, Advanced 2-D studio Seminar, Politics & Painting, Unconventional Approaches: Drawing, 2-D, 3-D, 4-D Seminar, Advanced Painting, Tech. & Concepts
preq: See department
3 hrs, 3 cr. + 5 hrs open studio

ARTC 372 Advanced Photography
Techniques and aesthetics of black and white photography, self-expression and exploration; classroom critiques. May be repeated once.
preq: ARTC 271
3 hrs, 3 cr. + 6 hrs open studio

ARTC 402 Independent Study in Studio Art
preq: perm instr.
1-3 hrs, 1-3 cr. per semester

ARTC 405 Art and Current Ideas II
Lecture and discussion; a non-studio course. Topics of concern in art today as brought forth by current exhibitions. Scheduled trips to galleries and museums. Reading assignments, papers, and oral reports focus on issues relative to the exhibitions.
preq: BFA students or perm dept.
3 hrs, 3 cr.

ARTC 459 Professional Experience in Art I
BFA majors, seniors only. Not credited toward BA degree. Advanced projects may include activities outside the college, as well as within the department.
preq: perm BFA committee at end of junior yr.
5 hrs + 15 hrs open studio, 6.5 cr.

ARTC 460 Professional Experience in Art II
Continuation of ARTC 459.
3 hrs + 15 hrs open studio, 6.5 cr.

ARTC 498 Internship
Qualified undergraduates work for academic credit in professional and community art institutions. The credits earned cannot be used to fulfill the 24-credit major requirement. Six credits are applicable in the case of the 42-credit major, and nine in the case of the 60-credit major.
preq: perm dept.
1-5 cr. hrs TBA

THEORY AND HISTORY OF ART
Note: ARTH 111 is the prerequisite for all advanced theory courses and may be used toward the General Education requirement for humanities and the arts (GER: Stage 2, Group D) by all students except those accepted into the 61-credit BFA program. It may not be credited toward art history major requirements. ENGL 120 is a prerequisite or corequisite for all ARTH courses numbered 205-207.

ARTH 111 Introduction to History of Art
GER 2/D PD/D
Changing forms and subjects of art in several periods of Western civilization, including ancient Greece and Rome, Middle Ages in Western Europe, Renaissance, baroque, modern, American; also Islamic and African art.
3 hrs, 3 cr.

ARTH 205W Egyptian Art
GER 3/A PD/A
Geographical, historical and social conditions of the Nile. Influence of Egyptian art.
3 hrs, 3 cr.

ARTH 215W Greek Art
GER 3/A PD/D
Sculpture and painting from the geometric period to the Hellenistic (ca. 750-100 BC). Emphasis on architectural sculpture, monumental free-standing sculpture and vase painting, in their stylistic and narrative contexts.
3 hrs, 3 cr.

ARTH 216W Roman Art
GER 3/A PD/D
Roman sculpture and painting from Republican period to Age of Constantine (ca. 100 BC-315 AD). Emphasis on historical reliefs, portraiture and wall painting.
3 hrs, 3 cr.

ARTH 220W Early Medieval Art
GER 3/A PD/A
Sculpture, painting, mosaics and minor arts in West from dissolution of Roman Empire through Carolingian revival, including early Christian and Byzantine art.
3 hrs, 3 cr.

ARTH 221W Later Medieval Art
GER 3/A PD/D
Ottonian, Romanesque and Gothic art: architecture, sculpture, painting and minor arts.
3 hrs, 3 cr.

ARTH 225W Art of Early Renaissance
GER 3/A PD/D
Painting, sculpture and related architecture in 14th- and 15th-century Italy. Major artists from Giotto to Botticelli.
3 hrs, 3 cr.

ARTH 227W Northern European Painting
GER 3/A PD/D
Late 14th-16th centuries with emphasis on early Netherlandish painting and later masters, such as Dürer, Bosch, Bruegel.
3 hrs, 3 cr.
ARTH 230W Art of High Renaissance and Later 16th Century in Italy
GER 3/A PD/D
Sculpture and painting of 16th-century Italy. Emphasis on Leonardo, Raphael, Michelangelo and Titian.
3 hrs, 3 cr.
offered spring

ARTH 235W Southern Baroque Art
GER 3/A PD/D
Sculpture, painting of 17th-century Italy, France, Spain: Carracci, Caravage, Rembrandt, landscape.
3 hrs, 3 cr.

ARTH 240W Baroque Art of Northern Europe
GER 3/A PD/D
Sculpture and painting in 17th-century Flanders, Holland and England. Rubens, Van Dyck, Rembrandt; landscape.
3 hrs, 3 cr.

ARTH 243W Eighteenth-Century Art
GER 3/A PD/D
European painting and sculpture; Warre, Fragonard and Houdon in France, Hogarth and Reynolds in England, Tiepolo in Italy.
3 hrs, 3 cr.

ARTH 244W Neo-Classicism and Romanticism: the Age of Revolution, 1789-1848
GER 3/A PD/D
Neo-classicism and romanticism in France, Germany, England, Spain, David, Ingres, Delacroix; Friedrich, Runge, the Nazarenes; Blake, Reynolds, Constable; Goya.
3 hrs, 3 cr.

GER 3/A PD/D
Impressionists and post-Impressionists within a European context: Courbet, Manet, Monet, Cézanne, Van Gogh, Gauguin, Munch.
3 hrs, 3 cr.

ARTH 246W American Art
GER 3/A PD/D
Nineteenth-century American painting, architecture, sculpture, graphics, photography in social, historical and environmental background of period.
3 hrs, 3 cr.
offered fall

ARTH 249W Twentieth-Century Art I
GER 3/A PD/D
Western art to World War II.
3 hrs, 3 cr.

ARTH 250W Twentieth-Century Art II
GER 3/A PD/D
Western art from World War II to approximately 1980.
3 hrs, 3 cr.

ARTH 251W Contemporary Art
GER 3/A
Significant international artists and art works of the past twenty years, as well as recent developments in art theory and criticism.
prereg: ARTH 111
3 hrs, 3 cr.

ARTH 252W Ancient Architecture
GER 3/A
Major architectural styles with emphasis on Greece and Rome. Technical, cultural and aesthetic significance of the monuments.
3 hrs, 3 cr.

ARTH 253W Medieval Architecture
GER 3/A PD/D
Major styles and buildings in West from ancient world through Middle Ages; technical, cultural and aesthetic significance.
3 hrs, 3 cr.

ARTH 254W Architecture: Renaissance to Neo- Classical
GER 3/A PD/D
Architecture in West from Renaissance through the 19th century; baroque, roccoco and neoclassical styles.
3 hrs, 3 cr.

ARTH 255W Twentieth-Century Architecture
GER 3/A PD/D
Architecture since 1850; leading architects' works; history of structural theory as it relates to architectural form and new building types.
3 hrs, 3 cr.

ARTH 260W Islamic Art
GER 3/A PD/A
Art and architecture of Islamic world from 7th to 17th century, covering both East and West.
3 hrs, 3 cr.

ARTH 262W Indian and Southeast Asian Art
GER 3/A
Emphasis on Hindu and Buddhist painting, sculpture and temple architecture.
3 hrs, 3 cr.

ARTH 263W Chinese and Japanese Art
GER 3/A PD/A
Chinese and Japanese art with emphasis on painting and sculpture.
3 hrs, 3 cr.

ARTH 270W Art of Africa and Oceania
GER 3/A PD/A
Survey of African art; function, subjects, forms and styles of the arts in the cultural contexts.
3 hrs, 3 cr.

ARTH 299 Special Topics in History of Art
GER 3/A
Examination of broad general topics, stylistic or cultural. Topics vary each semester.
3 hrs, 3 cr.

ARTH 368 Research Methods of Art History
GER 3/A
Training in bibliographical material and research methods through examination of a problem in art history. Preparation for advanced work.
prereg: ARTH 111 and 2 courses of art history from the 200 level
3 hrs, 3 cr.

ARTH 369 Advanced Studies in Art History
GER 3/A
Study of special topics. Individual research under direction of an instructor; meetings, conferences and reports.
prereg: perm instr.
3 hrs, 3 cr.

ARTH 370 Advanced Studies in Ancient Art
GER 3/A
3 hrs, 3 cr.

ARTH 375 Advanced Studies in Medieval Art
GER 3/A
Study of special topics. Lectures, readings and reports dealing with various facets of one significant aspect of medieval art.
3 hrs, 3 cr.

ARTH 380 Advanced Studies in Renaissance and Post-Renaissance Art
GER 3/A
A study of one significant aspect within fields of Renaissance and post-Renaissance art (14th through 18th centuries).
3 hrs, 3 cr.

ARTH 390 Advanced Studies in Oriental Art
GER 3/A
Study of special topics of art from India, Southeast Asia, China, or Japan.
3 hrs, 3 cr.

ARTH 399 Special Topics in History of Art
GER 3/A
Combination undergrad/graduate course. May be used to fulfill honors requirements. Specific topic varies each term. Recent examples of Special Topics courses: Islamic Object; Post-Impressionism; Vermeer Seminar; Architecture of the Italian Renaissance; Rodin to Brancusi; Women Photographers; The Avant Garde; History and Theory of Abstraction; English Tradition in Painting; Hogarth; Futurism; Art, Literature, Politics, Theories; Giulio Romano; Van Eyck, Bosch and Bruegel; 19th-Century American Drawings; Mexican Art.
prereg: perm art history adviser
3 hrs, 3 cr.

ARTH 402 Independent Study in Art History
GER 3/A
prereg: perm instr.
3 hrs, 3 cr.

ARTH 498 Internship
GER 3/A
Qualified undergraduates work for academic credit in professional and community art institutions. Students must also contact and apply at the internship office, where all college-approved internships are listed. The credits earned cannot be used to fulfill the 24-credit major requirement. Three credits may be applied to the 42-credit major. A maximum of six art history Inservice credits may be applied to the degree.
prereg: perm dept. adviser
3 hrs, 3 cr.

ARTH 121, 122 Survey of Western Art I and II
GER 203 Visual Studies I
ART 204 Visual Studies II
ART 206 Fabric and Fiber Design
ART 208 Lettering and Typography
ART 261 Technical Drawing
ART 280 Design in Light and Motion
ART 307 Advanced Fiber Structure
ART 309 Graphic Communication
ART 311 Clothing Design
ART 381 Advanced Design in Light and Motion
ART 382 History of Film as a Visual Art

Courses Not Offered in 2007-2010:
ARTH 121, 122 Survey of Western Art I and II
ART 203 Visual Studies I
ART 204 Visual Studies II
ART 206 Fabric and Fiber Design
ART 208 Lettering and Typography
ART 261 Technical Drawing
ART 280 Design in Light and Motion
ART 307 Advanced Fiber Structure
ART 309 Graphic Communication
ART 311 Clothing Design
ART 381 Advanced Design in Light and Motion
ART 382 History of Film as a Visual Art
The Asian American Studies Program (AASP) was established on the initiative of students and faculty in 1993. The AASP offers a range of courses and a minor in Asian American studies. The AASP contributes to the growing scholarship in the vital field of Asian American studies and serves as a resource for New York City's Asian communities and community-based organizations. Long before the modern age, Asian ports and cities were vital international crossroads. Today, we are witnessing an unprecedented circulation of Asian peoples and cultures throughout the world. What was formally called the Orient still struggles with the legacy of centuries of imperialism. Asia today also grapples with the impact of globalization and growing inequities in economic and human development. Yet, the nations and cultures of Asia are in the process of transformation through the struggles of democratic movements, a proliferation of creativity and ideas, emigration, immigration, and exchange at every level. As a result, Asia is global. Here in the U.S., Asian immigrants have become part of the history of the United States, redefining American culture and reconstituting American society. The AASP at Hunter College benefits from its location in a global city with unmatched cultural and intellectual resources and a diverse and dynamic Asian population. Faculty and students are ideally positioned to become actively involved in a field at the forefront of contemporary research and scholarship and to contribute to the growth and development of Asian communities. The program draws its faculty and course offerings from traditional disciplines such as history, sociology, anthropology, political science, education and literature, as well as interdisciplinary fields such as Asian area studies, American ethnic studies, women and gender studies, postcolonial studies, international human rights, and policy studies. The AASP grounds its curriculum in the firm belief that the question of Asia can most adequately be addressed through an alliance of these areas and methods of study.

PROGRAM OF STUDY

Minor

Students may minor in Asian American studies in consultation with their major advisers. A minor consists of 12 credits in Asian American studies. Contact the AASP office for a list of qualifying courses. An Asian American studies minor will enhance the degree and career of students. It provides them with special competence in the histories of diverse communities of Asia and Asian diasporas and the critical skills with which to understand complex social issues and rapid change. The AASP prepares students for careers in education, government and community organizations; for entrance to professional schools in areas such as law, social work, and urban planning; and for graduate study and research in the social sciences and humanities. Students majoring in nursing or the health sciences, psychology, political science, sociology, history, business, literature, art and many other areas would find Asian American studies useful, particularly when their interests include activities within Asian communities or issues that affect Asians and Asian Americans.
COURSE LISTINGS

INTRODUCTORY COURSE

ASIA 210 Asians in the United States
PD/B
This survey course studies the Asian American experience of discrimination and exclusion in the context of American historical racial, labor, and foreign policy developments and the impact of the current rapid expansion of Asian American communities on America’s social and political order.
3 hrs, 3 cr.

HUMANITIES COURSES

ASIA 220 Asian American Literature
PD/B or C
Examines Asian American literary representations of gender and the bearing of national, class, sexual, generational, and religious formations upon these representations.
3 hrs, 3 cr.

Recent offerings include:
ASIA 220.04 Arab American Literature
ASIA 320.01 Nation, Self, and Asian Identity
ASIA 350.04 Chinese North American Literature
ASIA 341.00 Contemporary Filipino-American Literature

Writing-intensive [W] courses:
ASIA 220.05 South Asian Women’s Literature
ASIA 220.06 Filipino American Literature
ASIA 220.07 Korean American Literature
ASIA 220.08 Central Asian Literature and Film
ASIA 220.12 Asian American Literature
ASIA 320.05 Asian American Memoir

ASIA 340 Asian Pacific American Media
PD/B
Addresses Asian Pacific American experiences of assimilation, displacement, marginalization, multiculturalism, and resistance to the cultural "norm" within Asian Pacific communities through screening a wide range of films and videos and reviewing critical and fictional writing. Guest artists may also lecture.
3 hrs, 3 cr.

Recent offerings include:
ASIA 340.04 Vietnam through Literature and Film

Writing-intensive [W] course:
ASIA 340.03 West Asian American Literature and Film

ASIA 351 Asian American History of Labor and Politics
This seminar explores the interconnected issues of race, class, and nationality through the study of the history of Asian immigrant labor in the U.S. in the context of American economic needs and political environment.
3 hrs, 3 cr.

ASIA 390.01 International Migration
PD/B
This interdisciplinary course examines the origins and processes of migration and settlement, past and present. Includes a series of lectures by leading scholars from a variety of academic fields and immigrant communities. Topics include: immigration and labor, race and gender, social and cultural identity, immigration policy and political action, and the trans-nationalization of education and family life.
3 hrs, 3 cr.

ASIA 390.02 Asian American Civil Rights and the Law
PD/B
Surveys major immigration and civil rights laws and Supreme Court cases which have affected Asians.
3 hrs, 3 cr.

ASIA 491 Asian American Movement and Community Organizations
An analysis of the development of pan-ethnic Asian American consciousness and institutions since the 1960s, with a focus on this movement’s impact on community organizations of Asian national sub-groups examined in the context of larger American racial and ethnic politics.
3 hrs, 3 cr.

Recent Special Topics Course Offerings
PD/B
3 hrs, 3 cr.

ASIA 230.01 Globalization and Gender
ASIA 241.00 Asian American Family
ASIA 390.11 Asian American Feminism
ASIA 390.12 Asians in Latin America and the Caribbean
ASIA 390.13 Arab Americans: Image, Society, Culture
ASIA 390.14 Politics and Asian Identity
ASIA 390.15 Immigration and the Economy
ASIA 460.00 Independent Study
ASIA 450.51 Arab Migration to the United States
ASIA 490.00 Immigration Policy

Writing-intensive [W] course:
ASIA 390.16 Ethnicity and American English

</tbody>
</table>

**Accelerated bachelor's/master's degrees in biological sciences**

**BA/MA in Biological Sciences with specialization in Biotechnology**

Five-year program. Begin graduate work as seniors and receive the MA one year after completing BA requirements. Successful completion of the biotechnology workshop (BIOL 410/610), entitles students to a summer internship in an industrial or private research laboratory. Interested biology majors should contact a departmental adviser as early as possible.

**BA/MS in Biological Sciences/Environmental and Occupational Health**

Opportunity for biology majors to have a career option in public health. Consult a departmental adviser as well as the office of the Director of the Environmental and Occupational Health Sciences Program at the Brookdale Campus, early in undergraduate studies.

**BS/MA in Medical Laboratory Sciences with specialization in Biotechnology**

Qualified seniors majoring in medical laboratory sciences (see p. 229) may apply to the BS/MA collaboration between MLS and biological sciences. An intensive workshop (BIOL 410) is taken prior to graduation and upon successful completion, students may continue with professional internship, and MA program, allowing MLS graduates to complete the degree at an accelerated pace.
The Department of Biological Sciences at Hunter College stresses excellence in both teaching and research. Fully equipped research laboratories are supported by major federal grants and students are strongly encouraged to become involved in laboratory research. State-of-the-art flow cytometry and bioimaging facilities are housed within the department. They have been created and are funded by federal grants, New York State and the Center for Gene Structure and Function. The Center consists of faculty from the departments of Biological Sciences, Chemistry, Physics, Psychology and Anthropology working in the areas of biomolecular structure and function.

The core curriculum in biological sciences prepares students for admission to both graduate and medical schools and for careers in the biological sciences, including teaching and the growing industry of biotechnology. The curriculum emphasizes cell biology, molecular biology, developmental biology, genetics and neurobiology as the foundation for future careers in fields related to the biological sciences.

Career Planning
Graduate Study The department offers a master of arts in the biological sciences and courses taken in the MA program can later be credited toward the PhD upon acceptance into the CUNY doctoral program in biology. Interested students should obtain the Hunter College graduate catalog and contact the biology major's program adviser. Laboratory research under faculty supervision (see undergraduate research, below) is extremely valuable for gaining admission to graduate schools. Students planning to apply to graduate school should consult with their adviser as early in their college career as possible.

Professional Schools Students who plan to apply to schools of medicine, dentistry or veterinary medicine should consult with their adviser and see the preprofessional adviser in Room 812 Hunter East.

Preparation for Teaching In cooperation with the School of Education, the Department of Biological Sciences offers opportunities for students to prepare for a teaching career in elementary and secondary schools. Major I in biology satisfies the requirements for New York State certification of at least 30 credits for teachers in adolescent education, grades 7-12. Major II in biology satisfies the requirements for New York State certification for teachers in childhood education, grades 1-6 (see below). See the School of Education section of this catalog and consult with an adviser in the School of Education for additional information and requirements.

Preparation for Biotechnology Students interested in careers in the rapidly growing field of biotechnology should select Major I and consult with their adviser as early as possible. Advanced courses taken as electives should include BIOL 410 and those special topics courses (BIOL 470-471) that are most relevant to biotechnology. Qualified students are also encouraged to pursue the BA/MA Program in Biotechnology (see below).

MAJORING IN THE BIOLOGICAL SCIENCES
The Department of Biological Sciences offers two major programs. Major I is for students who intend to prepare for graduate study, medicine, dentistry, secondary school teaching, biotechnology and industry. Major II is for students preparing to teach in elementary schools.

Students planning to pursue Major I are strongly encouraged to declare their major as soon as possible after completing one semester of Principles of Biology.

Declared majors are assigned a permanent faculty adviser who will assist in individual curriculum planning. Students are required to meet with their adviser at least once each semester throughout their undergraduate career to discuss their program and progress.

MAJOR I
This plan consists of 9 credits of introductory biology (BIOL 100-102) and a 28-credit concentration in biology at the 200-level and higher. The biology concentration consists of an 18-credit core — BIOL 200, 202, 300, 302 — and 10 credits of electives. Together, introductory biology and the concentration (37 cr) satisfy the major requirement for certification as a teacher of biology in grades 7-12.

Additional science and math requirements for Major I: CHEM 102, 103, 104, 105, 222, 223, 224; PHYS 110, 120 (or 111, 121); MATH 150; MATH 155 or STAT 213.

Electives (10 cr)
Students may select the remainder of their credits toward Major I from advanced courses in the biological sciences. At least one course must be at the 300 level, in addition to BIOL 300 and 302. At least one special-topics course must also be taken (BIOL 470 or 471; various topics offered each semester). Students with strong interdisciplinary interests may select advanced course offerings in other departments or SCI 302 (an interdisciplinary course), after approval by their adviser.

Concentrations Within Major I
Students also have the option of pursuing concentrations in Behavioral Neurosciences, Bioinformatics and Biophysics. These concentrations are slightly more rigorous than the basic Major I. Interested students should speak with a biology adviser as soon as possible to plan their courses accordingly.

Minor for Major I
12 credits in a field approved by faculty adviser. Note that although other minors may be taken, chemistry is the usual minor, as the required courses CHEM 102-105 and 222-224 fulfill the minor requirements. For students preparing to teach biology at the secondary school level, adolescent education is an appropriate minor (see the School of Education section of this catalog). Minor courses can be used without limit to satisfy Stage 1, 2 and 3 of the GER core.

*We recommend that math, physics and chemistry courses be completed as early as the students schedule allows. Note that CHEM 224 must be taken prior to or corequisite with BIOL 300; otherwise, instructor permission is required. Students who are behind in the chemistry sequence are urged to take advantage of the summer sessions, during which these chemistry courses are usually offered.*

MAJOR II

(for students planning to teach in childhood education, grades 1-6)

This plan consists of 26 credits in biological science, 12 credits in additional science and 6 credits in math. Major II satisfies the major requirements for certification as a teacher for grades 1-6.

This major requires 30 credits of education courses and should thus be initiated as early as possible.

A. BIOL 100, 102 .................................................. (9 cr)
B. Courses approved by adviser selected from the 200 or 300 level .................................................. (17 cr)

MINOR FOR MAJOR II

Childhood education (grades 1-6) is a collateral major and thus students are exempt from having a minor. See the School of Education section of this catalog for requirements.

Additional science and math requirements for Major II: CHEM 100, 101, 120, 121; PHYS 101 (or PHYS 110 or 120); MATH 104 and 105.

CR/NC Policy

Only a letter grade (A, B, C, D, including + or -) will be accepted by the department in the required science and mathematics courses for the biology Major I and Major II.

Minor for other Majors

For the biology minor, the department recommends at least two courses beyond the required BIOL 100, 102 (GER 2/E) at the 200 level or above. Please note that the major department must approve the minor.

Opportunities for Undergraduates in Biological Sciences

Undergraduate Research Students who wish to undertake a research project under the supervision of a faculty member must first obtain written permission from that faculty member and then register for BIOL 480-483. Research opportunities for undergraduates at Hunter are available in cell and molecular biology, developmental biology, neuroscience, cancer biology, AIDS, microbiology and a variety of other contemporary areas. In some cases students may be permitted to work at one of the several neighboring research institutions. Synopses of faculty research interests can be obtained in the department office or from the Department of Biological Sciences Web site (http://nhouse.hunter.cuny.edu/). Please note that, to qualify for departmental honors at graduation, there is a research requirement (see below).

Honors Work

In order to qualify for departmental honors, students must have a departmental GPA of at least 3.5 and an overall GPA of at least 2.8. They must also satisfy a research requirement consisting of either: (a) at least 2 credits of BIOL 480-483; or (b) at least one course chosen from among BIOL 375, 390, or 410. The research requirement includes a written report resulting from work in any of these courses.

BA/MA PROGRAM WITH SPECIALIZATION IN BIOTECHNOLOGY

In this five-year program, qualified biology majors begin graduate work as seniors and receive the MA one year after completing BA requirements. Students are provided with theoretical knowledge and skills in molecular biology and a foundation for application of these skills in careers in the biotechnology and pharmaceutical industries, academic research, or public health. Successful completion of the biotechnology workshop (BIOL 410/610), an essential program component, entitles students to a summer internship in an industrial or private research laboratory. Interested biology majors should contact a departmental adviser as early as possible.

BA/MS Program in Biological Sciences/Environmental and Occupational Health Sciences

This is an accelerated program leading to a BA in biology and an MS in environmental and occupational health sciences in five years. Biology majors admitted to the program start graduate work in their senior year. Interested students should contact a departmental adviser early in their undergraduate studies, as well as the office of the director of the Environmental and Occupational Health Sciences Program at the Brookdale Campus. The program provides biology majors with a career option in public health.

BS/MA Program in Medical Laboratory Sciences and Biotechnology

See the Medical Laboratory Sciences section of this book.

BA/MA Program in Biological Sciences and Adolescent Education: Biology

This is an accelerated program leading to a BA in Biological Sciences and an MA in Adolescent Education: Biology. Undergraduates admitted to the program start graduate courses during their senior year and will be able to complete the MA degree one year after they complete the requirements for the BA degree. Interested students should contact a Biology Department adviser early in their undergraduate career.

MA Program in Biological Sciences

See Career Planning-Graduate Study above.
COURSE LISTINGS

BIOL 100 Principles of Biology I
GER 2/E PD/C or D
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; biogenesis; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution. $5 materials fee required. PD credit awarded only upon completion of BIOL 100 and 102.
prereq: MATH 101 or equivalent
7 hrs (3 lec, 3 lab, 1 disc), 4.5 cr.
spring only

BIOL 102 Principles of Biology II
GER 2/E PD/C or D
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology. $5 materials fee required. PD credit awarded only upon completion of BIOL 100 and 102.
prereq: BIOL 100 or perm instr.; MATH 101 or equiv.
7 hrs (3 lec, 3 lab, 1 disc), 4.5 cr.
spring only

BIOL 120 Anatomy and Physiology I
Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.
Not accepted for credit toward the biology major.
prereq: CHEM 100, 101
coreq: CHEM 120, 121
6 hrs (3 lec, 3 lab), 4.5 cr.
spring only

BIOL 122 Anatomy and Physiology II
Structure and function of circulatory, digestive, excretory, endocrine and reproductive systems. Basic concepts of metabolism, embryology. Required for admission to the nursing program.
Not accepted for credit toward the biology major.
prereq: BIOL 120 or equiv.
6 hrs (3 lec, 3 lab), 4.5 cr.
spring only

BIOL 160 Honors Principles of Biology II
GER 2/E PD/C or D
Enrollment limited. Physiological systems and their regulation: internal transport, hormones and gas exchange in plants and animals; osmoregulation; motility; nervous, neuroendocrine, immunological and sensory systems; behavior, reproduction and ecology. Students will read reviews of current research in addition to the required text. Guest speakers and class presentations. Core credit awarded only if BIOL 100 and 160 are both completed. PD credit awarded only upon completion of BIOL 100 and 160.
prereq: grade of B or better in BIOL 100 or perm instr.; MATH 101 or equiv.
7 hrs (3 lec, 3 lab, 1 disc), 4.5 cr.
spring only

---

BIOL 200 Cell Biology I: Microorganisms
GER 3/B
Structure and function of procaryotic cells and viruses; cultivation, growth, evolution, metabolism and genetics of microorganisms. Laboratories include light microscopy techniques, cultivation, growth, metabolism and genetics of microorganisms and viruses. $10 materials fee required.
prereq: BIOL 100 and 102 or equiv.; CHEM 102, 103, 104, 105 or equiv.
coreq: CHEM 222, 223 or perm instr.
(for Major II students, chem preqs are CHEM 100, 101; coreqs are 120, 121)
7 hrs (3 lec, 3 lab, 1 disc), 4.5 cr.
spring only

BIOL 202 Cell Biology II: Eucaryotic Systems
GER 3/B
Structure and function of eucaryotic cells and organelles; membrane systems; cell cycle, cell division, signaling, cytoskeletal systems, motility; special cells; modern research tools and approaches. Laboratories include plant and animal cell culture; studies of cell division, the cytoskeleton, motility; light and electron microscopic methods; fluorescence labeling; protein electrophoresis, immunoblotting and immunochemical studies. $10 materials fee required.
prereq: BIOL 200
coreq: CHEM 224 or perm instr.
7 hrs (3 lec, 3 lab, 1 disc), 4.5 cr.
spring only

BIOL 230 Fundamentals of Microbiology
GER 3/B
Topics include scope, historical aspects, taxonomy, survey of the microbial world, viruses, infectious diseases, control of microorganisms and immunology. Required for admission to the nursing program. Not accepted for credit toward the biology Major I.
prereq: CHEM 100, 101, 120, 121 or equiv;
BIOL 120
coreq: BIOL 122
5 hrs (2 lec, 3 lab), 3 cr.
spring only

BIOL 250W Current Topics in the Biosciences
GER 3/B
Seminar for non-science majors focusing on topics of current relevance such as the science of emerging diseases, bioterrorism, genetic engineering, stem cell research and global warming. Coverage includes the social, legal, political and ethical issues associated with each topic. Not accepted for credit toward biology Major I.
pre- or coreq: ENGL 120 or equiv, 2 sems intro lab science or equiv, or perm instr.
3 hrs 3 cr.
spring only

BIOL 280 Biochemistry of Health and Nutrition
GER 3/B
Basic biochemistry in areas related to human health and nutrition. Designed for students in the dietetics program. (Not accepted for credit toward biology Major II)
prereq: BIOL 100, 102 or 120, 122; CHEM 100, 120
3 hrs (lec), 3 cr.
spring only

BIOL 300 Biological Chemistry
GER 3/B
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology. $10 materials fee required.
prereq: BIOL 202, CHEM 222, 223
coreq: CHEM 224
7 hrs (3 lec, 3 lab, 1 disc), 4.5 cr.
spring only
BIOL 302 Molecular Genetics
GER 3/B
A comparison of viral, prokaryotic, and eukaryotic systems; review of classical Mendelian principles; bacterial DNA replication, transcription, and their control; mechanisms of gene mutation, repair, recombination, and transposition; applications of recombinant DNA technology; organization of nucleic acid into chromosomes; control of gene expression, the cell cycle and cell development in eucaryotes. S10 materials fee required.
prereq: BIOL 300
7 hrs (3 lec, 3 lab, 1 disc), 4.5 cr.
spring only

BIOL 304 Environmental Microbiology
GER 3/B
Role of microorganisms in normal and polluted environments; bioirradiation, waste and water treatment, heavy metals, nutrient cycles, microbes as a food source, algae toxins, microbial pesticides, microbial indicators of munitions and pollutants, microbial leaching of ores.
prereq: BIOL 100, 102, 200 or perm instr.
3 hrs (lec), 3 cr.
spring alternate years

BIOL 306 Developmental Biology
GER 3/B
Major topics include molecular and cellular mechanisms of early embryonic development in amphibians, mammals and model organisms such as Drosophila, as well as the related subjects of vertebrate organ system development, biology of stem cells and animal cloning. Emphasis is placed on seminal and current research in cell-cell communication, signal transduction and differential gene regulation in developmental processes.
prereq: BIOL 300
3 hrs (lec), 3 cr.
fall only

BIOL 322 Evolution
GER 3/B
Modern synthetic theory, genetic basis of variation, gene pool in populations.
prereq: BIOL 300
3 hrs (lec), 3 cr.

BIOL 350 Regulation of Cell Proliferation
GER 3/B
Control of cell division examined in the context of cancer, which is the loss of this control. Topics include: cell culture, the cell cycle, hormones, receptors, intracellular signal transduction, oncogenes, tumor suppressor genes and the etiology of human cancer.
prereq: BIOL 202, 300, or perm instr.
3 hrs (lec), 3 cr.
spring alternate years

BIOL 360 Cellular and Molecular Immunology
GER 3/B
Study of the immune system from a molecular perspective. Molecular genetics of antibody and T cell receptor diversity, hematopoiesis and lymphocyte development, humoral and cellular immunity, histocompatibility.
pre- or coreq: BIOL 300, perm instr.
4 hrs (3 lec, 1 disc), 3.5 cr.
fall only

BIOL 370 Physiology of the Nervous System
GER 3/B
A comprehensive introduction to neuroscience. Topics include how nerve cells (neurons) transmit electrical impulses, how neurons communicate with each other through synapses and how nerve pathways and networks determine many functions of the brain. The last portion of the course will be an overview of how developing neurons seek out targets and establish synapses.
prereq: BIOL 300 or perm instr.
4 hrs (lec), 4 cr.
spring only

BIOL 375 Molecular Systematics
GER 3/B
An overview of the various methods and kinds of data used in systematics, the study of organism diversity and biological relationships. Emphasis is on modern molecular and genetic approaches to identification of individual species and strains and a full phylogenetic analysis of suites of species to determine their evolutionary history. The knowledge base is provided for experimental investigation of questions of current interest in phylogeny and population biology.
prereq: BIOL 300 or perm instr.
3 hrs, 3 cr.

BIOL 376 Endocrinology
GER 3/B
Cellular organization of the endocrine system, molecular mechanisms of hormone action, hormonal physiology of metabolism and reproduction; integration of endocrine responses by the central nervous system.
prereq: BIOL 202 or perm instr.
3 hrs (lec), 3 cr.
spring only

BIOL 380 Molecular Neurobiology
GER 3/B
Molecular components and molecular mechanisms involved in the cell biology of neurons and glia, neuronal signaling, neuronal development, learning, memory and diseases of the nervous system.
prereq: BIOL 300 or perm instr.
3 hrs (lec), 3 cr.
fall alternate years

BIOL 390 Laboratory in Cell Structure
GER 3/B
Applications of light and electron microscopy to study of cell structure and function. Lab projects utilize thin sectioning, negative staining, scanning, darkroom printing, digital imaging and other techniques.
pre- or coreq: BIOL 300 or BIOL 202 and perm instr.
5 hrs (1 lab/lec, 4 lab), 3 cr.
fall only

BIOL 400 Special Topics in Advanced Laboratory Techniques
GER 3/B
Advanced laboratory techniques used in contemporary biological research, including areas such as immunology, microbiology and molecular neurobiology. Topics change from term to term.
prereq: BIOL 300 or perm instr.
4 hrs (lab), 2 cr.

BIOL 410 Workshop in Biotechnology
GER 3/B
A series of laboratory intensive experimental projects, each lasting one week or more, which introduce current research techniques and include individual participation in planning and preparation of experiments. The focus is on a broad biotechnology topic such as the isolation, cloning and expression of a gene, utilizing the techniques of molecular genetics. This course satisfies the research requirement for graduation with departmental honors and is a component of the interdisciplinary BS/MA (MLS/Biotech) program in biotechnology.
prereq: BIOL 200, 202, perm instr.
30 hrs/week for 4 weeks, 4 cr.

BIOL 450 Individual Tutorial in Biology
GER 3/B
May be taken only once. Research paper written under the direction of a full-time faculty member in department of biological sciences.
prereq: 18 cr in biol, approval of adviser in addition to the sponsor 1-2 cr.

BIOL 460 Introduction to Planning and Teaching of Laboratory Work in Biology
GER 3/B
Participation in discussions and assisting in the teaching of laboratories in an introductory course, or peer mentoring in the undergraduate biological sciences research techniques facility.
prereq: 16 cr in BIOL, 12 cr in CHEM, 2 letters from faculty required
5 hrs (2 planning, 3 lab), 2 cr.

BIOL 470, 471 Special Topics in Biology
GER 3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.
prereq: BIOL 300
2 hrs (lec), 2 cr per sem.

BIOL 480-483 Introduction to Experimental Biology
GER 3/B
Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.
prereq: BIOL 100 and 102, BIOL 200 or 202 (or the equiv), written perm instr. prior to reg.
hrs TBD, 1-2 cr per sem.

Courses Not Offered in 2007-2010
BIOL 208 Ecology
BIOL 220 Topics in Genetics and Evolution
BIOL 252 Comparative Anatomy of the Vertebrates
BIOL 335 Comparative Animal Physiology
BIOL 340 Plant Physiology
### CHEMISTRY

Department Office: 1307 Hunter North; (212) 772-5330
Chair: Gary J. Quigley
E-mail: gary.quigley@hunter.cuny.edu

</table>
The Department of Chemistry offers courses to prepare the science major for professional work and further study in chemistry and other fields of pure and applied science. Courses for the non-science major are designed to present those essentials of chemical fact and theory which will contribute to the student's understanding of present-day scientific knowledge.

**MAJOR**

There are two chemistry majors: Major I, a 41-credit concentration in addition to a 9-credit general chemistry core, is designed to prepare the students with intensive training for professional research and graduate study. Major II consists of three options: Option I for students interested in the chemical industry; Option 2 (the biochemistry option) for students interested in the pharmaceutical industry, medicine, dentistry, veterinary medicine or physical therapy; Option 3 (bioinformatics option) for students interested in graduate studies in biochemistry and bioinformatics as well as pharmaceutical and biotechnology industry. Major II includes a minimum concentration of 26-credits (option 1), 24-credits (option 2), and 21-credits (option 3) in 200-level and above chemistry courses, in addition to a 9-credit general chemistry core. Options 1-3 are all appropriate for students pursuing teacher education programs.

Students considering a chemistry major should consult the departmental adviser during their first semester to plan the proper sequence of courses, and they are urged to consult with the adviser at least once each succeeding semester. General Chem lecture I and II and General Chem Labs 1 and 2 are prerequisites for admission to both Major I and Major II.

**Chemistry Major I**

**General Chemistry Core:** CHEM 102-105 or CHEM 111-113.

The requirements for this major consist of 41 credits in chemistry. There is no allied minor. This major is recommended for students preparing for admission to graduate school or for careers in chemical research. It will also be useful to students seeking a position in the chemical or allied industries, as it is accredited by the Committee on Professional Training of the American Chemical Society.

The 41-credit major consists of CHEM 222-223, 224-225, 249, 340, 352, 354 or 356 with 355, 357, 366, 376 and 390. One further laboratory course must be chosen from 291.02 (research), 491.02 (honors research) or 378. In addition, one additional lecture course must be chosen from among the following: CHEM 322, 345, 354, 356, or 377. Also acceptable for completion of Major I are PHYS 330, PHIL 362 or 379. Students should be aware, however, that if either of the philosophy courses is used to complete the Major I requirements, the major will not be eligible for accreditation by the American Chemical Society. One year of physics, PHYS 111 and 121, and four semesters of mathematics, MATH 150, 155, 250 and 254 or 260 are also required for this major; CHEM 249, MATH 150 and 155, and PHYS 121 are prerequisites for CHEM 352 and should be completed by the end of the sophomore year. College Russian or German sufficient to meet Hunter's GER requirement in foreign languages is recommended.

Major I is required of all students who wish to be considered for certification by the American Chemical Society upon graduation. It is recommended for all students intending to enter the profession of chemistry through either graduate study or employment in industry or government. Students who can attend only in the evenings should consult the departmental adviser regarding the feasibility of completing Chemistry Major I.

**Chemistry Major II**

**General Chemistry Core:** CHEM 102-105 or CHEM 111-112.

**Option 1:**
For students interested in a career in the chemical industry. It consists of a minimum of 26 credits in chemistry above the introductory level and a 9 to 11 credit general chemistry core for a total of 35-37 credits of chemistry. One year of physics and three semesters of calculus are also required for Major II.

- Required chemistry courses: CHEM 222-225, 249, 352, 354, or 356, 355, and 357
- Required elective course: Any chemistry course at the 300 level or above.
- Required allied courses: MATH 150, 155, 250, and PHYS 111, 121

**Option 2 (Biochemistry option):**
For students preparing for admission to medical, dental, veterinary schools or physical therapy programs, or for students interested in a career in the pharmaceutical industry. It consists of a minimum of 24 credits above the introductory level and a 9-11 credit general chemistry core for a total of 33-35 credits of chemistry. One year of physics, one year of biology and one year of calculus are also required.

- Required chemistry courses: CHEM 222-225, 350, 376-378
- Required elective course: Any chemistry course at the 200-level or above (excluding CHEM 291 and 295) or BIOL 200 or 202
- Required allied courses: BIOL 100, 102, MATH 150, 155, and PHYS 110, 120

**Option 2 (Bioinformatics option):**
For students interested in graduate studies in biochemistry and bioinformatics as well as pharmaceutical and biotechnology industry. In order to enroll in this Option, students must earn an average grade of B- or above in CHEM 104, 222, BIOL 100, and MATH 150. In addition, no more than one C grade is allowed in these four courses to declare Option 3. This option consists of a minimum of 21-credits above the introductory level and a 9-credit general chemistry core for a total of minimum 30 credits of chemistry. Three semesters of biology, one year of physics, one year of computer science, one year of calculus, and one semester of statistics are also required.

- Required chemistry courses: CHEM 222-225, 350, 376, and 377
- Required elective courses: Minimum 3 credits from any Quantitative Biology (QBi) elective courses (CHEM 388, STAT 319, ANP 302 and BIOL 471)
- Required allied courses: BIOL 100, 102, 425, MATH 150, 155, PHYS 110, 120, CSCI 132, 232, and STAT 213
Minors for Major II
Any combination of the required physics and math courses, totaling 12 credits, may be used as a minor. If students prefer to select a different minor, they must consult with the department advisor or chair.

Minor for Non-Majors
For chemistry as a minor, the recommended sequence is either CHEM 102-105 (9 credits) or CHEM 111-112 (11 credits), followed by any course at the 200 level (excluding 291 and 295).

HONORS WORK
Opportunity for an individual research experience is provided by an honors course, CHEM 491 (Introduction to Research).

ELECTIVES
Advanced lecture courses in special areas of chemistry, and lab courses providing training in inorganic and organic chemistry and in research techniques, are offered as electives for Major I and are open to students enrolled in Major II who have fulfilled the course prerequisites.

GRADUATE STUDY
Qualified chemistry majors may be admitted to 700-level courses in the graduate program. Permission of the department is required.

PREPARATION FOR TEACHING
In cooperation with the School of Education, the Department of Chemistry provides opportunities for students to prepare for careers in teaching at the elementary and secondary level in the area of chemistry. Chemistry Major II, Option 1 (35 credits) and Option 2 (33 credits) both satisfy the requirements for New York State certification for teachers of chemistry in Childhood Education (Grades 1-6) and Adolescent Education (Grades 7-12). For students pursuing certification as chemistry teachers at the secondary level, the 23-credit adolescent education sequence is an appropriate minor. Students who want to qualify for New York City licensing and New York State certification for teaching in secondary schools should consult the Education section of this catalog for additional requirements.

Five-Year BA/MA Degree in Chemistry and Adolescent Education: Chemistry
An accelerated program leading to a BA in Chemistry and an MA in Adolescent Education: Chemistry. Undergraduates admitted to the program start graduate courses during their senior year and will be able to complete the MA degree one year after they complete the requirements for the BA degree. Students interested in the program should speak to a chemistry department advisor during their sophomore year to review the curriculum path for the five-year program. A minimum of 134 credits is required for the dual degree.

</table>
CHEM 120 Essentials of Organic Chemistry Lecture
GER 2/E
Course presents essential facts, laws and theories of organic chemistry. Note: Core credit awarded only if CHEM 120 and CHEM 121 completed. Primarily for nursing, nutrition and food science and community health education students. 
prereq: CHEM 100
4 hrs (3 lec, 1 rec), 3 cr.

CHEM 121 Essentials of Organic Chemistry Laboratory
GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry. Note: Core credit awarded only if CHEM 120 and CHEM 121 completed. Primarily for nursing, nutrition and food science and community health education students. 
prereq: CHEM 101
pre- or coreq: CHEM 120
4 hrs (3 lab, 1 rec), 1.5 cr.

CHEM 150 Peer-Led Teaching in Chemistry
Students learn to become peer-leaders for workshops held in either Essentials of Chemistry, General Chemistry, or Organic Chemistry Topics include: multiple intelligences and differences in learning styles; basic theory of teaching; issues related to race, class and gender. 
prereq: CHEM 120, CHEM 104, or CHEM 112 and perm dept.
2 hrs, 1 cr.

CHEM 222, 224 Organic Chemistry Lectures I and II
GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms. 
prereq for CHEM 222: CHEM 104
prereq for CHEM 224: CHEM 222
4-6 hrs (3 lec, 1 recitation/workshop), 3 cr each

CHEM 223 Organic Chemistry Laboratory I
GER 3/B
Various organic syntheses, crystallization, distillation, extraction, chromatography, qualitative analysis, spectroscopy. 
prereq: CHEM 105
pre- or coreq: CHEM 222
5 hrs, 2.5 cr.

CHEM 225 Organic Chemistry Laboratory II
GER 3/B
Continuation of CHEM 223. 
prereq: CHEM 222, 223
pre- or coreq: CHEM 224
5 hrs, 2.5 cr.

CHEM 249 Quantitative Analysis
GER 3/B
A set of laboratory experiments, performed by individual students, covering important areas of quantitative analysis such as pH and metal ion titrations, spectroscopic analysis including gas chromatography, electronic absorption, and fluorescence. 
prereq: CHEM 104, 105
5 hrs (4 lab, 1 rec), 3 cr.
offered fall

CHEM 291 Chemical Investigations
GER 3/B
Original chemical investigations under supervision of faculty member. Written report required. Enrollment for maximum of two semesters. 
prereq: CHEM 224, perm chair
4 hrs, 1 cr. or 8 hrs, 2 cr.

CHEM 295 Introduction to Planning and Teaching of Laboratory Work in Chemistry
Participate in supervised teaching experiments that demonstrate important principles of chemistry. 
prereq: CHEM 104, CHEM 105, two letters from faculty who have taught the student 5 hrs (2 planning, 3 lab), 2 cr.

CHEM 322 Organic Chemistry Lecture III
GER 3/B
Selected topics such as advanced synthesis, reaction mechanisms, MO theory, natural products, NMR spectroscopy. 
prereq: CHEM 224, perm instr.
3 hr, 3 cr.

CHEM 349 Instrumental Analysis
GER 3/B
Principles of modern instrumental techniques; emphasis on spectroscopic and electrometric methods. 
prereq: CHEM 354 or 356 with 355
8 hrs (2 lec, 6 lab), 5 cr.
offered fall

CHEM 350 Biophysical Chemistry
GER 3/B
Essential physical chemical principles as applied to biological problems. Emphasis on kinetics, thermodynamics, and equilibria. 
prereq: CHEM 224, BIOL 102, MATH 150
4 hrs, 4 cr.
offered fall

CHEM 352 Physical Chemistry I
GER 3/B
Ideal and real gases. Laws of thermodynamics with applications to properties of solutions and phase equilibria in general. 
prereq: CHEM 249, MATH 155, PHYS 121
3 hrs, 3 cr.
offered fall

CHEM 354 Physical Chemistry II - F
GER 3/B
Selected topics from statistical thermodynamics, electrochemistry, kinetic theory and rate processes. 
prereq: CHEM 352, MATH 250
3 hrs, 3 cr.
offered fall

CHEM 355 Physical Chemistry Laboratory I
GER 3/B
Laboratory course involving experiments based on topics covered in CHEM 352 on chemical systems. 
prereq: CHEM 249
pre- or coreq: CHEM 352
5 hrs, 1.5 cr.
offered fall

CHEM 356 Physical Chemistry II - S
GER 3/B
Selected topics from quantum chemistry, molecular structure, and spectroscopy. 
prereq: PHYS 121, CHEM 249, MATH 155
3 hrs, 3 cr.
offered spring

CHEM 357 Physical Chemistry Laboratory II
GER 3/B
Laboratory course involving experiments based on topics covered in CHEM 356 on chemical systems. 
prereq: CHEM 249 or perm chair
pre- or coreq: CHEM 356
3 hrs, 1.5 cr.
offered spring

CHEM 366 Inorganic Chemistry
GER 3/B
Treatment of structure, bonding and reactivity of inorganic compounds. 
prereq: CHEM 352
3 hrs, 3 cr.
offered fall

CHEM 376 Biochemistry I
GER 3/B
Chemical aspects of protein structure and function, fundamentals of bioenergetics, biochemical mechanisms of gene replication and expression. 
prereq: CHEM 224
3 hrs, 3 cr.
offered fall

CHEM 377 Biochemistry II
GER 3/B
Biosynthesis of lipids, amino acids, carbohydrates. Muscle contraction, hormones, immune response, DNA sequencing. 
prereq: CHEM 376 or BIOL 300 or perm instr.
3 hrs, 3 cr.
offered spring

CHEM 378 Biochemistry Laboratory
GER 3/B
A set of laboratory experiments, performed by individual students, covering important areas of biochemistry such as protein analysis, enzyme purification, enzymatic assays, recombinant DNA and the polymerase chain reaction. 
prereq: CHEM 223 and CHEM 376 or CHEM 640
5 hrs (4 lab, 1 rec), 3 cr.

HONORS COURSE

CHEM 491 Introduction to Research
GER 3/B
Open to Jr/Sr only. Similar to CHEM 291. Written report required. Fulfills requirement for departmental honors course. 
prereq: CHEM 224, 354, 349, perm chair 4 hrs, 1 cr. or 8 hrs, 2 cr.
The Chinese Division of the Department of Classical and Oriental Studies offers language courses in Modern Chinese (Mandarin) and Classical Chinese as well as courses taught in English on traditional and modern Chinese literature and culture. The program, which offers a major and minor, focuses on language acquisition and literacy development to help students attain professional language proficiency. It also introduces students to the civilization of China. Students are encouraged to take interdisciplinary courses in Chinese art, economics, history, political science and religion to develop a deeper understanding of past and present China. The program prepares students for further studies in graduate school and professional careers in international trade, education, government service, diplomacy, private business, journalism and related fields.

MAJOR
The major in Chinese language and literature consists of 24 credits chosen from the following CHIN-prefixed courses: 201, 202, 301, 302, 303, 304, 307, 401, 402.

MINOR
A Chinese Language and Literature major may take a minor in any department or program leading to a BA degree. See your advisor for assistance in selecting an appropriate minor.

Minor for Non-Majors
The minor consists of a minimum of 12 credits beyond CHIN 101-102. Consult your major adviser for appropriate course recommendations.

Preparation for Teaching in Grades 7-12
In cooperation with the School of Education, the program in Chinese provides opportunities for students to prepare for a career in teaching Chinese in grades 7-12. Students preparing to teach Chinese must complete a 33-credit major option for teaching that includes the 24-credit sequence taken by non-teaching majors plus 9 additional credits: CHIN 399 and 6 additional credits in Chinese language and literature at the 300 and 400 level. Students interested in teaching Chinese in New York schools may count the 23-credit pedagogical sequence for grades 7-12 as a minor. This minor may count toward the course requirements for New York State certification, but will not by itself be sufficient for certification. Students interested in a teaching career should consult with the School of Education.

Advanced Placement and Exemptions
Students who elect to take Chinese as their required language and have studied the language abroad or at home must consult the head of the Chinese Division for advanced placement or exemptions.

ELECTIVES
All courses, unless otherwise stated in course descriptions, are open to qualified students majoring in other disciplines.
### COURSE LISTINGS

#### CHINESE LANGUAGE AND LITERATURE

**CHIN 101, 102 Elementary Chinese I and II**
Beginning course in Mandarin. CHIN 101 not credited without CHIN 102.
- 3 hrs each sem, 6 cr.
- CHIN 101 offered fall.
- CHIN 102 offered spring.

**CHIN 201 Intermediate Chinese I**
Reading of literature in baihua (vernacular style) with emphasis on structural use of "function words" and vocabulary-building.
- 3 hrs, 3 cr.
- prereq: CHIN 102 or equiv.
- offered fall.

**CHIN 202 Intermediate Chinese II**
Continued reading of literature in baihua.
- 3 hrs, 3 cr.
- prereq: CHIN 201 or equiv.
- offered spring.

**CHIN 301 Journalistic Chinese Literature I**
Intensive reading and translation of literature written in journalistic style.
- 3 hrs, 3 cr.
- prereq: CHIN 202 or equiv.
- offered fall.

**CHIN 302 Journalistic Chinese Literature II**
Extensive reading and translation of literature written in journalistic style.
- 3 hrs, 3 cr.
- prereq: CHIN 301 or equiv.
- offered spring.

**CHIN 303 Classical Chinese Literature I**
Intensive study of literature written in wenyan or classical style, with attention to basic problems of syntax and literary styles.
- 3 hrs, 3 cr.
- prereq: CHIN 202 or equiv.
- offered fall.

**CHIN 304 Classical Chinese Literature II**
Continuation of CHIN 303. Selected readings in literature written in wenyan or classical style.
- 3 hrs, 3 cr.
- prereq: CHIN 303 or equiv.
- offered spring.

**CHIN 306 20th-century Chinese Literature**
Selected readings of leading thinkers and writers.
- 3 hrs, 3 cr.
- prereq: CHIN 202 or equiv.

**CHIN 307 Classical Chinese Poetry**
Close textual and stylistic analysis of texts selected from standard verse forms, with emphasis on Tang Shi.
- 3 hrs, 3 cr.
- prereq: CHIN 304 or equiv.

**CHIN 401 Advanced Studies in Chinese Literature**
Including 20th-century literature, contemporary literature.
- 3 hrs, 3 cr.
- prereq: ENGL 120.

**CHIN 402 Independent Study in Chinese Literature**
Independent study and research in Chinese literature under supervision of a faculty member. For majors only.
- 3 hrs, 3 cr.
- prereq: CHIN 401, perm chair.

### CHINESE CULTURE AND LITERATURE IN TRANSLATION

**CHIN 111 Chinese Culture I**
GER 2/C PD/A
Introduction to Chinese culture with emphasis on classical tradition. Lectures and readings in English.
- 3 hrs, 3 cr.

**CHIN 112 Chinese Culture II**
GER 2/C PD/A
Emphasis on modern transformation against background of classical tradition. Lectures and readings in English.
- 3 hrs, 3 cr.

**CHIN 211 Topics in Chinese Culture**
Topics include Chinese religion, Buddhism, archaeology, Daoism and theatre.
- 3 hrs, 3 cr.

**CHIN 251W Topics in Chinese Literature in English Translation**
GER 2/C
Including 20th-century literature, contemporary literature.
- 3 hrs, 3 cr.
- prereq: ENGL 120.

**CHIN 355W Classical Chinese Fiction in English Translation**
GER 3/A PD/A
Introduction to Chinese fictional writings from early times to 19th century, e.g., Dream of the Red Chamber, Monkey, All Men Are Brothers, Romance of the Three Kingdoms.
- 3 hrs, 3 cr.
- prereq: ENGL 120.

**CHIN 357W Chinese Poetry in English Translation**
GER 3/A PD/A
Major poets from the earliest times to the present day, with emphasis on the Tang period.
- 3 hrs, 3 cr.
- prereq: ENGL 120.

**CHIN 399 Second Language Acquisition**
A survey of issues and approaches to second language acquisition. For students planning to teach languages other than English in grades 7-12.
- 3 hrs, 3 cr.
- prereq: at least three courses at the 300 level in the language, ENGL 120.
The Department of Classical and Oriental Studies consists of four divisions: Classics, Chinese Language and Literature, Hebrew, and Russian and Slavic Studies. In addition, the Classics Division offers a six-semester sequences in Arabic and Japanese.

The civilizations of ancient Greece and Rome have had a profound influence on the development of our own culture. The various expressions of human experience that are revealed through our literature and art, in our political and social institutions, and even in our language, all show the impact of the legacy of the classical world.

The Classics Division of the Department of Classical and Oriental Studies offers a full range of studies in the worlds of ancient Greece, Rome, and the Mediterranean, from a single course in myth or etymology to majors in Greek, Latin, classical archaeology, or classical studies. Students who want to know about the classical world without learning its languages can choose from a variety of courses in civilization, literature in translation, myth and religion, and archaeology. In addition, the division participates in Hunter's interdepartmental programs in religion, comparative literature, archaeology, and women and gender studies.

Careers in research, government and education use skills developed in classical studies, and a major in classics provides an excellent foundation for many professional programs such as law. In addition, specialized careers—such as college and high school teaching, museum work, and archival research—are open to professional classicists and archaeologists.
MAJORS

Students who want to major in classics have five choices:

1. Greek 24 credits of Greek above 101-102, and a corequisite of LAT 101-102 or equivalent.
2. Latin 24 credits of Latin above 101-102, and a corequisite of GRK 101-102 or equivalent.
3. Greek and Latin 18-20 credits each of Greek and Latin (may include 101-102).
4. Classical Studies 12-14 credits of either Greek or Latin, including 101-102, and 12 credits of classics courses given in English (CLA prefix), including two courses at the 300 level. CLA 101 and CLA 110 do not count toward the major.
5. Classical Archaeology (Interdepartmental) 24 credits from the interdepartmental course pool, including CLA 204, 220, 221, and 222, with a corequisite of 12-14 credits of Greek or Latin. Offered within the interdepartmental archaeology major.

MINOR

Students majoring in any of the classics majors must have their minors approved by the division adviser. The minor must be taken in a department or program that leads to a BA degree.

Minor for Non-Majors

12-14 credits in Greek, Latin, classical studies, or classical archaeology. Minors must be approved by the student's major adviser. Division faculty would be pleased to assist in the selection of appropriate courses.

PREPARATION FOR TEACHING IN GRADES 7-12

Students interested in a teaching career should refer to the Chinese, Hebrew, and Russian sections of this catalog, and should consult with the School of Education. Such students may count the 23-credit pedagogical sequence for grades 7-12 as a minor. In addition, the department offers an MA in the teaching of Latin.

HONORS AND TUTORIALS

Departmental honors in classics and tutorials are open only to majors.
ARCHAEOLOGY

CLA 204W Introduction to Classical, Near Eastern, and Egyptian Archaeology
GER 2/C
Introduction to ancient archaeology, including Greece and Rome, Mesopotamia, Egypt, Anatolia, and the Levant.
prereq: ENGL 120
3 hrs, 3 cr.

CLA 220W Aegean Archaeology
GER 3/A PD/D
Cretan, Greece, and the islands in Bronze Age. Knossos, Thera, Mycenae. Painting, jewelry, pottery, daily life.
prereq: ENGL 120, CLA 204
3 hrs, 3 cr.

CLA 221W Greek Archaeology
GER 3/A PD/D
Greek from Archaic to Hellenistic period: culture. Greek cities overseas, daily life; Delphi, Olympia, Athens.
prereq: ENGL 120; CLA 204
3 hrs, 3 cr.

CLA 222W Roman Archaeology
GER 3/A PD/D
Etruscans, Roman Italy, and the Empire: Pompeii, Rome, Roman cities overseas; glass, mosaics, sarcophagi, pottery.
prereq: ENGL 120; CLA 204
3 hrs, 3 cr.

CLA 225W Archaeology of Egypt
GER 3/A PD/A
Sites, cultures, and styles of ancient Egypt, Giza, Thebes, Amarna; hieroglyphs, literature, tombs, religion, daily life.
prereq: ENGL 120, CLA 204
3 hrs, 3 cr.

CLA 227W Archaeology of Eastern Mediterranean
GER 3/A PD/A
Cyprus, Southern Anatolia, Phoenicia, and Palestine, especially in Bronze Age.
prereq: ENGL 120, CLA 204
3 hrs, 3 cr.

CLA 322W Archaeology of Mesopotamia
GER 3/A PD/A
Sites, cultures, and styles of ancient Mesopotamia. First villages, tombs of Ur, ziggurats, palaces, tablet literature.
prereq: ENGL 120, CLA 204
3 hrs, 3 cr.

CLA 323W Archaeology of Iran and Anatolia
GER 3/A PD/A
Anatolia: Troy, Hiitites, royal tombs of Lycia and Phrygia. Persia: Elamite civilization and Susa; Perseopolis.
prereq: ENGL 120, CLA 204
3 hrs, 3 cr.

CLA 329 Problems in Archaeology
Exploration in depth of particular area or period in Old World archaeology. Topics vary.
prereq: ENGL 120, two courses in classical archaeology
3 hrs, 3 cr.

SPECIAL COURSES

CLA 240 Topics in Classics
Examination of specific areas of classical culture, such as literature, language, or numismatics.
preq: ENGL 120
3 hrs, 3 cr.

CLA 306 Special Studies in Ancient Greek Culture
Examination of specific areas of Greek life. Topics vary from year to year.
preq: ENGL 120
3 hrs, 3 cr.

CLA 307 Special Studies in Ancient Roman Culture
Examination of specific areas of Roman life. Topics vary from year to year.
preq: ENGL 120
3 hrs, 3 cr.

CLA 421 Independent Study in Classics
Open to majors only.
preq: ENGL 120, perm chair
1-3 cr.

CLA 491 Honors in Classics
Sr only. Individual research under direction of member of department, culminating in essay approved by Honors Committee.
preq: ENGL 120, perm dept.
3 hrs, 3 cr.

CLA 498 Internship
preq: ENGL 120, perm dept.
1-6 cr.

GREEK

GRK 101, 102 Beginning Greek
GRK 101 not credited without GRK 102.
8 hrs, 8 cr.
101 offered fall, 102 offered spring

GRK 107 Beginning Greek, Intensive
6 hrs, 6 cr.
offered summer

GRK 110 Greek Reading
preq: GRK 102 or equiv.
3 hrs, 3 cr.

GRK 202 Plato
preq: GRK 110 or equiv.
3 hrs, 3 cr.

GRK 203 Homer
preq: GRK 110 or equiv.
3 hrs, 3 cr.

GRK 301 Plato II
preq: GRK 202 or equiv.
3 hrs, 3 cr.

GRK 302 Euripides
preq: GRK 202 or equiv.
3 hrs, 3 cr.

GRK 303 Greek Lyric Poetry
preq: GRK 202 or equiv.
3 hrs, 3 cr.

GRK 304 Aristophanes and Menander
preq: GRK 202 or equiv.
3 hrs, 3 cr.

GRK 305 Attic Orators
preq: GRK 202 or equiv.
3 hrs, 3 cr.

GRK 307 Sophocles
preq: GRK 202 or equiv.
3 hrs, 3 cr.

GRK 308 Aeschylus
preq: GRK 202 or equiv.
3 hrs, 3 cr.

</tbody>
</table>
The major in comparative literature is designed for students who are interested in a broad view of literature and in the diversity of literary cultures. The study of comparative literature considers literary movements and genres, as well as techniques and recurring themes in world literature. The study of comparative literature prepares students for careers in teaching, interpreting, and translating, as well as those professions that recognize the importance of a broad humanistic education, including law and medicine.

MAJOR REQUIREMENTS

All majors take a core course in methodology, but the remaining classes in a student's program are arranged with the coordinator in an effort to work out a balance between two different bodies of literature, two different literary periods, and two different genres. In addition to comparative literature courses in prose fiction, drama, myth and folklore, literary movements, and literature and the arts, majors may also elect appropriate classes from other literature departments, as well as from such disciplines as history, philosophy, art and anthropology, with the approval of the coordinator. Upon becoming a major, a student will, in consultation with the coordinator, choose one member of the comparative literature committee as an adviser and plan an individualized program. All majors are required to review their programs with their adviser once a semester.

The comparative literature major consists of 30 credits distributed as follows:
A. Concentration in at least two periods and in two genres.
B. At least 9 credits in COMP-prefixed courses, beginning with COMP 301 (all of these courses will be taught in English).
C. 21 credits in literature courses distributed so that at least 12 credits are courses studied in the original language (be it a foreign language, if the student is proficient in that language, or English). Courses at the 300 level are strongly preferred, although exceptions may be granted by the adviser.

Minor for Students Majoring in Comparative Literature

A 12 credit minor is required. Students will be advised by their Comparative Literature faculty mentor to choose a discipline that will complement and enrich their major field of study.

Minor in Comparative Literature for Students Majoring in Other Programs

If this minor is recommended by the major department, students may consult a Comparative Literature adviser who will help them select suitable courses.

HONORS

Students are eligible for departmental honors if their GPA in the major is no less than 3.5. The student must also take at least 3 credits (but no more than 6 credits) in honors courses offered by the program and approved by the adviser. The offerings of the Comparative Literature Program are determined by the needs of students in the program and the faculty available. For specific information, consult the coordinator.

PREREQUISITE

ENGL 220 (or equivalent) is the prerequisite for all Comparative Literature courses.

COMPARATIVE LITERATURE

COMMITTEE:

Alexander (Classical and Oriental Studies), Di Scipio (Romance Languages), Fasoli (Romance Languages), Green (Classical and Oriental Studies), Kym (German), Alfar (English)

New Course Prefixes

Some course prefixes have changed, effective fall 2008. New prefixes are used in the course descriptions below.

Old: ---------------------------------COMP
New: ---------------------------------COMP

COURSE LISTINGS

COMP 301 Seminar Approaches to Comparative Literature
Study of selected major works to demonstrate scope and various approaches of comparative literature. Focus on conscious imitation, treatment of similar themes, use of well-defined genres and conventions as well as of concepts from history of ideas. Emphasis on close reading of texts and development of critical vocabulary. Required of all majors in comparative literature.
3 hrs, 3 cr.

COMP 320, 321 Comparative Studies in Prose Fiction
May be taken more than once when content varies.
3 hrs, 3 cr. each

COMP 330, 331 Comparative Studies in Drama
May be taken more than once when content varies.
3 hrs, 3 cr. each

COMP 340, 341 Perspectives on Literature and the Arts
May be taken more than once when content varies.
3 hrs, 3 cr. each

COMP 350, 351 Comparative Studies in Literary Movements
May be taken more than once when content varies.
3 hrs, 3 cr. each

COMP 370, 371 Comparative Studies in Myth and Folklore
May be taken more than once when content varies.
3 hrs, 3 cr. each

COMP 380, 381 Selected Topics in Comparative Literature
May be taken more than once when content varies.
3 hrs, 3 cr. each

COMP 390, 391 Honors Project
prereq: completion of 9 cr. in COMP-prefixed courses
3 hrs, 3 cr. each
MAJORS OFFERED

BA in Computer Science

Options

Number Credits

Recommended/Required GER

Prereq

Recommended Minor

39+14 credits in mathematics and statistics* "Note: the 14 credits in mathematics and statistics required for the major can, instead, be taken as the minor."

Consult adviser

CSCI 135: Software Analysis & Design
With a grade of C or better

See below for descriptions of suggested specific 12-credit minors in economics, film and media studies, and geography; the 14 credits in math and statistics can also be taken as the minor.

BA in Computer Science Concentration in Bioinformatics

24 + 17 credits in mathematics and statistics + 12 credits in Biology + 12 credits in Chemistry (total 65)

Consult Professor Virginia Teller, the bioinformatics adviser.

An average of B- or better, and at most one C, in 4 of the 5 following courses:
MATH 150, STAT 213, CHEM 104, CHEM 222, BIOL 100

Biology

The Department of Computer Science provides students with outstanding preparation both for employment as computer professionals and for graduate study. Students use a broad spectrum of programming languages and machine architectures and are expected to construct creative solutions to challenging problems in a variety of contexts. In addition, students are educated in the mathematics of computer science — the theoretical foundations that support current technology and will guide its future development. Students may work with faculty who engage in research, publish books and articles in highly respected journals and receive grants to pursue significant research. The department takes an active interest in students' goals and provides extensive advising and guidance.

MAJOR

The computer science major consists of 39 credits in CSCI courses and a collateral 14 credits in MATH/STAT courses.

Preliminary Course

Before being permitted to enter computer science as a major, a student must complete CSCI 135: Software Analysis & Design I with a grade of C or better. Students planning to pursue a computer science major are strongly encouraged to declare their major as soon as possible after completing CSCI 135 and to seek help from a faculty adviser for assistance with individual curriculum planning.

Required Courses

All computer science majors (except those following requirements for the bioinformatics concentration in computer science, see below) must complete successfully the following courses with a grade of C or better:

CSCI 145: Computer Architecture I
CSCI 150: Discrete Structures
CSCI 235: Software Design & Analysis II
CSCI 245: Computer Architecture II
CSCI 265: Computer Theory I
CSCI 335: Software Design & Analysis III
CSCI 340: Operating Systems
CSCI 345: Computer Architecture III
MATH 150: Calculus I
MATH 155: Calculus II
MATH 160: Matrix Algebra
STAT 213: Applied Statistics

Electives

In addition to the preliminary and required courses, each major must complete 15 hours of elective credits from 300-level and 400-level courses with a grade of C or better. At least 12 elective credits must be in classes other than CSCI 391, 392, and 393. With departmental permission, certain appropriate upper-level electives from other academic departments may be substituted.

A COMPUTER SCIENCE MAJOR WITH A BIOINFORMATICS CONCENTRATION

This course of study will provide computer science majors with a fundamental understanding of the most important aspects of quantitative and computational biology, including a solid background in biology, chemistry, mathematics, statistics, and computer science; with an emphasis on quantitative reasoning. Students opting to concentrate in bioinformatics are not required to take CSCI 245, CSCI 265, and CSCI 345, but are strongly encouraged to take CSCI 265. Instead of 15 hours of 300-level and 400-level elective credits, the following requirements must be met:

Preliminary Courses

Students must obtain an average of B- or better, and no more than one C, in 4 of the 5 following core courses: MATH 150, STAT 213, CHEM 104, CHEM 222, BIOL 100

Required Courses

Students must obtain a grade of C or better in the following courses:

- Computer science component: 24 credits
  - CSCI 135, 145, 150, 235, 335, 435, 493.66
- Math and statistics component: 17 credits
  - MATH 150, 155, 160, STAT 213, 319
- Biology component: 12 credits
  - BIOL 100, 300 or 302, 425
- Chemistry component: 12 credits
  - CHEM 102-103, 104-105, 222

TOTAL CREDITS: 65

The 12-credit biology component fulfills the requirement for a minor in the bioinformatics concentration. Also, prerequisites for certain courses are waived for students opting for this concentration: BIOL 202 and CHEM 223 are waived for BIOL 300; BIOL 300 is waived for BIOL 302; and CSCI 245 is waived for CSCI 340.
MINORS FOR COMPUTER SCIENCE MAJORS

Because there is such a broad spectrum of interests among computer science majors at Hunter, the department does not mandate one particular minor. In the past, our majors have minored in fields as diverse as psychology, archaeology and Japanese. There are, however, several minors which combine with the computer science major in very practical ways:

Math/Stat The four collateral courses in mathematics and statistics required of computer science majors (MATH 150, MATH 155, MATH 160 and STAT 213) comprise an automatic minor and many of our majors choose this option.

Geographic Information Systems (GIS) This is a new and very much in-demand field, and a GIS minor combined with a computer science major can lead to careers dealing with weather, climate, the environment, and other topics of global importance. Two tracks offer different perspectives on the field:

- Remote Sensing (GTEC 320, 321, 361 and one of GTEC 362, 380 or 385) emphasizes the role of computer technology in GIS today.
- Geographic Information Science (GTEC 320, 361, 362 and 385) focuses on the theory and practice of GIS including applications to human and physical geographic problems.

Multimedia Studies Three tracks in this field combine well with a computer science major:

- Web Technology: (MED 161, 180, MEDP 285, MEDP 278, MEDP 351, or MED 399) makes an excellent minor for computer science majors who wish to pursue the creative and artistic side of computing.
- Computer Culture and Gaming: (MED 161, 180, 280, 399) includes courses in new media history, game design and 3D animation. This track makes an excellent minor for computer science majors interested in computer culture and games.
- Film and Video Editing: (MED 151, 180, MEDP 281 or 282, and 311) is the perfect minor for computer science majors interested in the technical end of the magical world of filmmaking.

Corporate Finance A minor in economics (ECO 200, 305 and two of 271, 272, 355, or 366) provides the skills computer science majors need for careers in the financial services industry.

Minor for Non-Majors

The minor consists of at least 12 credits. Courses selections for the minor should be discussed with your major adviser and adhere to the following guidelines:

- Neither CSCI 120, CSCI 121, nor CSCI 127 may be used toward the computer science minor.
- CSCI 135 should be part of the minor.
- All prerequisites must be fulfilled for any CSCI course. The only exception is a written waiver from the instructor.

Students should consult their major adviser to determine appropriate courses. However, the Computer Science department suggests the following sequences: CSCI 135, 235, 335 and 435 (programming track); CSCI 135, 145, 245 and 345 (architecture track)

Please note: Computer science majors cannot choose computer science for their minor.

HONORS

To graduate from Hunter College with honors in computer science, a student must have at least a 2.7 GPA overall and a 3.5 GPA or better in computer science/math and a grade of A in one of the CSCI 493 series of courses.

Recommended course sequence for entering freshmen without credit for pre-calculus and without prior computer programming experience:

Term 1: MATH 125;
Term 2: CSCI 153;
Term 3: CSCI 155;
Term 4: CSCI 253;
Term 5: CSCI 245;
Term 6: CSCI 265;
Term 7: CSCI 345;
Term 8: CSCI electives

Students with both credit for pre-calculus and prior computer programming experience can begin with Semester 2.

Recommended course sequence for students with transfer credit for CSCI 153, 145 and 150, and MATH 150 and 155:

Term 1: CSCI 253;
Term 2: CSCI 245;
Term 3: CSCI 345;
Term 4: CSCI electives

Recommended course sequence for students in the bioinformatics concentration:

Term 1: CSCI 127;
Term 2: CSCI 135;
Term 3: CSCI 145;
Term 4: CSCI 235;
Term 5: CSCI 335;
Term 6: CSCI 340;
Term 7: CSCI 435;
Term 8: CSCI 493;
Biol 425

The “one repeat” rule is in effect for all courses to be used toward the major, from CSCI 135 through the 400-level courses. This means that if a student fails a CSCI major course once (failure = D, F, NC, WU), that student will have only one more chance to pass the course. In addition, the Computer Science Department will not accept a CR grade in any of the preliminary or required courses for the major (CSCI 135, 145, 150, 235, 245, 265, 335, 340, 345). Any student wishing to declare computer science as a major who has received a grade of CR in any of the CSCI courses listed above, must ask the instructor of that course to change the CR grade to the appropriate letter grade. This must be done before the declaration of major form can be authorized.

Please note: A grade of “D” is not considered a passing grade by this department for any of the computer science or math courses required for the major.
COURSE LISTINGS

CSCI 115 Computer Technology in Childhood Education
Open only to students in QUEST program. Students learn to use a number of software tools and applications that can be infused into the curriculum of the elementary school. Includes a focus on information retrieval using Internet resources and use of such application packages as Microsoft Excel, Microsoft Power Point, Inspiration and Timeliner.
pre- or coreq: QSTA 400
3 hrs (1 lecture, 2 lab), 2 cr.

CSCI 120 Introduction to Computers
GER 2/E
Intended for non-majors. Basic concepts of computer technology. Principles of hardware operation, software and networking. Roles of computers in society, including ethical and legal issues.
prereq: none
3 hrs, 3 cr.

CSCI 121 Computers and Money: Quantitative Reasoning in Context
GER 1/B
Quantitative reasoning tackled from a computer-based perspective and focusing on practical financial topics-stocks, gambling, inflation, diversification, taxes, hedging, saving, real estate, retirement and others. Students take a hands-on, spreadsheet-based approach to understanding issues of money and personal finance.
prereq: none
3 hrs, 3 cr.

CSCI 127 Introduction to Computer Science
GER 2/E
A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 135; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides. May not be used toward the CSCI major or minor.
pre- or coreq: MATH 121, 125 or 150
3 hrs, 3 cr.

CSCI 132 Practical UNIX and Programming, with Lab
GER 2/E
An introduction to computer programming and the UNIX operating system using Perl. Conceptual overview of the UNIX operating system and programming environment, a practical introduction to shell programming, and the use of UNIX filters and utilities. A pragmatic course with an emphasis on skills acquisition. May not be used toward the computer science major.
prereq: none
3 hrs, 3 cr.

CSCI 135 Software Analysis and Design I
This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.
prereq: CSCI 127 or equivalent
3 hrs, 3 cr.

CSCI 136 Supervised Programming Lab
Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment. May not be counted toward the computer science major.
coreq: CSCI 135
2 hrs, 1 cr.

CSCI 145 Computer Architecture I
Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.
prereq: CSCI 127 or 135
3 hrs, 3 cr.

CSCI 150 Discrete Structures
Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.
prereq: MATH 121, 125, 150 or 155
3 hrs, 3 cr.

CSCI 181, 182, 183 Independent Workshop
Outside internship in practical aspects of computing; e.g., systems programming, biomedical computing, computer-aided instruction. Credits may not be used toward the computer science major.
prereq: declared computer science major with 18 credits completed in the department
1-3 hrs, 1-3 cr.

CSCI 232 Relational Databases and SQL Programming, with Lab
GER 3/B
An introduction to elementary database concepts and SQL, the standard language for communicating with most database systems. A pragmatic course with an emphasis on skills acquisition; students will learn how to get things done quickly and easily in a database environment. Open to computer science majors, but may not be used toward the computer science major.
prereq: CSCI 132
3 hrs, 3 cr.

CSCI 235 Software Analysis and Design II
GER 3/B
Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.
prereq: CSCI 135, 150; MATH 150
3 hrs, 3 cr.

CSCI 245 Computer Architecture II
GER 3/B
Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.
prereq: CSCI 145, CSCI 150, MATH 150
3 hrs, 3 cr.
CSCI 265 Computer Theory I
GER 3/B
Recursion, regular sets, regular expressions, finite automata, context-free grammars, pushdown automata.
prereq: CSCI 245, MATH 150
3 hrs, 3 cr.

CSCI 335 Software Analysis and Design III
GER 3/B
The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.
prereq: CSCI 235, MATH 155
3 hrs, 3 cr.

CSCI 340 Operating Systems
GER 3/B
Definition of functions and components of operating systems. Survey of contemporary multiprocess/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.
prereq: CSCI 235, 245; MATH 155, STAT 113 or 213
3 hrs, 3 cr.

CSCI 345 Computer Architecture III
GER 3/B
High performance computer architectures, including massively parallel SIMD and MIMD machines and distributed architectures.
prereq: CSCI 245, MATH 155
3 hrs, 3 cr.

CSCI 350 Artificial Intelligence
GER 3/B
A survey of artificial intelligence including search and control, knowledge representation, logic and theorem proving, learning, natural language and AI programming.
prereq: CSCI 235
3 hrs, 3 cr.

CSCI 355 Introduction to Linear Programming
GER 3/B
Introduction to operations research and game theory. Simplex method; inconsistency, redundancy and degeneracy problems; two-phase method; duality; transportation problems.
prereq: CSCI 235, MATH 160
3 hrs, 3 cr.

CSCI 365 Computer Theory II
GER 3/B
Turing machines, Post machines, Post's theorem, Minsky's theorem. Determinism and non-determinism. Undecidability, the halting problem. Recursive function theory.
prereq: CSCI 265
3 hrs, 3 cr.

CSCI 385 Numerical Methods I
GER 3/B
Accuracy and precision, convergence, iterative and direct methods. Topics selected from: solution of polynomial equations and linear systems of equations, curve fitting and function approximation, interpolation, differentiation and integration, differential equations.
prereq: CSCI 135, MATH 160

CSCI 391, 392, 393 Independent Study in Computer Science
GER 3/B
Independent work, under the direction of a faculty member, in practical aspects of computing. CSCI 391 is repeatable up to a total of 6 credits; however, no more than a total of three Independent Study credits may be used toward the computer science major.
prereq: declared Computer Science major, perm instr. and dept.
1-3 hrs, 1-3 cr.

CSCI 395 Topics in Computer Science
GER 3/B
Topics include internet security, web programming, genetic algorithms, expert systems and others. Prerequisites vary with specific topics and are announced prior to registration.
3 hrs, 3 cr.

CSCI 405 Software Engineering
GER 3/B
Problems in large-scale software development including functional analysis of information processing systems, system design concepts, timing estimates, documentation and system testing.
prereq: CSCI 335
3 hrs, 3 cr.

CSCI 415 Data Communications and Networks
GER 3/B
A broad technical introduction to the components, protocols, organization, industry and regulatory issues that are fundamental to the understanding of contemporary computer networks.
prereq: CSCI 355, 340
3 hrs, 3 cr.

CSCI 435 Database Management
GER 3/B
Hierarchical and network databases; theory of relational databases; normalization theory; query languages.
prereq: CSCI 335
3 hrs, 3 cr.

CSCI 450 Language Translation
GER 3/B
The theory and application of language recognition and analysis techniques, as they pertain to both formal programming languages and to natural languages. Includes lexical, syntactic and semantic analysis methods, as well as discussions of efficient data representation.
prereq: CSCI 265, 335
3 hrs, 3 cr.

CSCI 460 Advanced Programming Languages
GER 3/B
Survey course on the design and implementation of modern programming languages. Includes object-oriented, functional, logic and concurrent/distributed paradigms.
prereq: CSCI 265, 335
3 hrs, 3 cr.

CSCI 485 Numerical Methods II
GER 3/B
Advanced topics selected from: solution of equations and systems of equations, curve fitting and function approximation, interpolation, differentiation and integration, differential equations. Major project will be assigned. Cross-listed as MATH 485 and PHYS 485.
prereq: CSCI 385
3 hrs, 3 cr.

CSCI 493 Honors Seminar
GER 3/B
Topics include Unix tools, computer law, 3D vision, Windows programming, neural networks, speech and language processing, fuzzy systems and other areas. Prerequisites vary with specific topics and are announced prior to registration.
3 hrs, 3 cr.

CSCI 496, 497, 498 Supervised Research
Supervised work under the direction of a faculty member on an original research project. Although student-initiated projects are acceptable, in most cases students will be expected to work within a faculty member's active research area. These courses are repeatable. However, no more than a total of nine (9) Supervised Research credits may be counted toward the computer science major.
prereq: declared Computer Science major, perm instr. and dept.
1-3 hrs, 1-3 cr.
The Hunter College Dance program offers an opportunity to pursue a BA degree in dance within the context of a strong liberal arts education. From a campus in the heart of New York City, the dance major or minor student has the unique opportunity of interfacing with many professional dance companies, choreographers and critics who live and work in New York. The modern dance-based curriculum provides the student with opportunities to pursue careers in performance, choreography, teaching, arts administration and production. The curriculum is enriched by community outreach performances, repertory classes with New York-based choreographers, specialty workshops, dance clubs, international performances, internships and New York State teaching certification. In addition, Hunter Dance hosts “Sharing the Legacy,” an ongoing series of conferences, forums and concerts devoted to experiencing dance masterworks of the 20th century.

The Dance Program offers a broad based curriculum with an emphasis on modern dance, including three major areas of study:

I. Technique (modern, ballet, traditional, folk);
II. Creative theory and performance (improvisation, composition, production, repertory, lecture/demonstration touring company);
III. Theoretical and scientific aspects of dance (musicianship for dancers, dance history, theory and practice of teaching, anatomy and kinesiology, movement re-education).

### Major
(34 credits)
A placement audition is required of all incoming majors, as well as of all second-year majors. All dance majors are required to be registered in at least one technique class every semester they are in attendance at Hunter. Performance, choreography and technical production requirements are to be fulfilled prior to graduation. These requirements include:

1. Performance in at least two (2) concerts.
2. Choreography of at least two (2) works:
   a. solo performed in open composition.
   b. group work developed during fall and spring semesters and performed in formal concert.
3. Production crew work in two (2) concerts: two (2) formal concerts or one (1) formal and one (1) informal concert.

### Policy on advancement through the technique curriculum
All dance students should be aware that completion of a dance technique course for a passing grade does not automatically insure acceptance into the next level of technique. For example, if you pass the Fundamentals of Contemporary Dance course, you may not necessarily be admitted to Contemporary Dance Technique I.

Your instructor will, at the end of the current course, advise you to either repeat the course for credit or to move on to the next level. (You can take technique courses twice for credit, and it is also possible to audit thereafter.) Please adhere to your instructor’s advice. It is neither safe nor constructive to place yourself in a class that is not appropriate for your skill level. The quality of your dance education is of utmost importance to us — this policy is designed to maintain the highest standards of learning and achievement.

The following 34-credit curriculum is required of all majors.

<table>

New Course Prefixes
Course prefixes have changed, effective fall 2008. New prefixes are used in the course descriptions below. For example:
Old: ...........................................DANED
New: ...........................................DNED
DAN 151 Folk Forms of Dance I
DAN 210 Contemporary Dance Technique I
DAN 213 Basic Musicianship for Dancers
DAN 220 Contemporary Dance Technique II
DAN 221 Improvisation as a Creative Process I
DAN 232 20th Century Dance History
DAN 245 Ballet I
DAN 310 Contemporary Dance Technique III
DAN 320 Contemporary Dance Technique IV
DAN 321 Composition I
DAN 324 Production I
DAN 345 Ballet II
DAN 350 Anatomy and Kinesiology for Dancers
DAN 422 Choreographic Projects
DAN 440 Lecture/Demonstration Touring Group

The undergraduate advisor suggests the appropriate sequence of electives for the career specialization the student chooses.
Prerequisites for all dance majors: ENGL 120, DAN 101, DAN 102, DAN 145 or permission of Dance adviser.

MINOR
Dance majors may minor in any program leading to a BA degree. However, they must consult with a dance adviser before choosing a minor. Students registered in the dance education program take the teacher education sequence in lieu of a minor.

Minor in Dance for Non-Majors
(12 credits)
A placement audition is required of all incoming minors. Students minoring in dance are required to take DAN 210, 220, 221, 440 and three additional credits in dance. Prerequisites are DAN 101 or permission of dance adviser. The following requirements must be met by all minors: performance in at least one (1) concert (must be registered in at least one technique course in order to qualify as a performer) and production crew work in one (1) proscenium concert or two (2) studio concerts.

Grading
All dance majors and minors must receive a letter grade for all dance classes. Grades of "NC" or "CR" are not permissible.

Preparation for Teaching Pre-K-12
New York State certification for teaching dance requires the 34-credit dance major plus the 22 credit education sequence, which is considered a collateral major and includes DNU 302 (dance methods) and SED 456 (student teaching in dance). See the School of Education section for more information. Note: students must be accepted by the School of Education before they may register for education courses.

COURSE LISTINGS

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

TECHNIQUE COURSES

All technique courses require an audition that is held during the first class session of each semester. Students who are registered but do not pass the audition will be asked to drop the course. Registered students who miss the first day of class must notify the dance office before the first class session or their place will be given to another student.

DAN 101 Fundamentals of Contemporary Dance Technique
Survey of concepts involved in understanding and integrating physicality and creativity through movement. Review of basic skills required for further study. May be taken two times for credit with permission of the department.
Prereq: minimum 12 cr, audition
3 hrs, 2 cr.

DAN 145 Fundamentals of Ballet
Introduction to fundamental skills and nomenclature of ballet. May be taken two times for credit with permission of the department.
Prereq: minimum 12 cr, audition
3 hrs, 2 cr.

DAN 151 Folk Forms of Dance I
Development of basic dance skills necessary for participation in international folk dances. Students are exposed to dance and music of world cultures.
3 hrs, 1 cr.

DAN 210 Contemporary Dance Technique I
GER 3/A
Analytical and physical study of basic concepts of dance: space, time, dynamics and design. Intermediate development of movement skills and vocabulary as required by professional demands. May be taken two times for credit with permission of the department.
Prereq: DAN 101 or perm dept, audition
3 hrs, 2 hrs open studio, 2 cr.

DAN 220 Contemporary Dance Technique II
GER 3/A
Development of expanded movement vocabulary and increased facility; understanding dance as means of communication; ordering of movements to produce controlled performance. May be taken two times for credit with permission of the department.
Prereq: DAN 210 or perm dept, audition
3 hrs, 2 hrs open studio, 2 cr.

DAN 245 Ballet I
GER 3/A
Intermediate level study of stylistic demands and vocabulary of ballet and introduction to ballet traditions. May be taken two times for credit with permission of the department.
Prereq: DAN 145 or perm dept, audition
3 hrs, 2 hrs open studio, 2 cr.

DAN 251 Folk Forms of Dance II
GER 3/A
Expanded progressions in folk forms of dance. Presentation of material based on advanced skills.
Prereq: DAN 151
3 hrs, 1 cr.

DAN 252 Special Topics: Traditional Dance I
GER 3/A PD/A
Introduction to the cultural background and basic techniques of individual traditions of dance, such as African, Classical Indian, Afro-Brazilian, T'ai Chi, Capoeira, Yoga and advanced post-modern dance. May be taken two times for credit with permission of the department.
3 hrs, 2 cr.

DAN 310 Contemporary Dance Technique III
GER 3/A
Advanced movement experience to prepare students to carry out their own creative demands or demands of other choreographers; continued in depth study of all concepts of dance. May be taken two times for credit with permission of the department.
Prereq: DAN 220, audition
3 hrs, 2 hrs open studio, 2 cr.

DAN 320 Contemporary Dance Technique IV
GER 3/A
Development of pure dance skills to enable student to learn specific styles of dance; emphasis on expanding dynamic range and clarifying performance intention. May be taken two times for credit with permission of the department.
Prereq: DAN 310, audition
3 hrs, 2 hrs open studio, 2 cr.

DAN 345 Ballet II
GER 3/A
Continuation of traditional exercises to acquaint student with elements of classic ballet; emphasis on development of advanced technical ability. May be taken two times for credit with permission of the department.
Prereq: DAN 245, audition
3 hrs, 2 hrs open studio, 2 cr.

DAN 352 Special Topics: Traditional Dance II
GER 3/A PD/A
Continuation of DAN 252.
Prereq: DAN 252, audition
3 hrs, 2 cr.

CREATIVE THEORY AND PERFORMANCE COURSES

DAN 221 Improvisation as a Creative Process I
GER 3/A
Introduction to basic skills of structured improvisation; use of these skills by individual students to explore their creative movement potential.
Prereq: DAN 221 or perm dept
3 hrs, 2 cr.

DAN 321 Composition I
GER 3/A
Assignments geared to challenge and develop creative skills; emphasis on understanding form and its relation to content; mastering structural requirements of composition.
Prereq: DAN 221
3 hrs, 5 hrs open studio, 2 cr.
DAN 324 Production I  
GER 3/A  
Practical experience in all aspects of production that contribute to realization of student's choreographic intentions: costumes, sets, lighting, publicity and business skills.  
prereq: DAN 321  
4 hrs, 5 hrs open studio, 3 cr.

DAN 421 Composition II  
GER 3/A  
Continued application of basic principles of composition; conception, planning and realization of complete dances; preparation of dances for concert by integrating all aspects of production.  
prereq: DAN 321  
3 hrs, 5 hrs open studio, 2 cr.

DAN 422 Choreographic Projects  
GER 3/A  
Independent student choreographic works in preparation for performance in concert. Registration once per academic year.  
prereq: DAN 321  
4 hrs, 3 cr.

DAN 424 Production II  
GER 3/A  
Practical application of advanced production skills.  
prereq: DAN 324  
4 hrs, 5 hrs open studio, 3 cr.

DAN 432 Repertory I  
GER 3/A  
Open to dance majors and minors only. Performance course for advanced students. A dance is learned from professional choreographer's repertory and performed in concert. The choreographer and choreographic material change every semester. May be taken two times for credit with permission of the department.  
pre- and coreqs: DAN 310, 321 or perm instr, audition  
4 hrs, 2 hrs open studio, 3 cr.

DAN 433 Repertory II  
GER 3/A  
Open to dance majors and minors only. Continuation of DAN 432. A new dance is created by a professional choreographer and performed in concert. The choreographer and choreographic material change every semester. May be taken two times for credit with permission of the department.  
prereq: DAN 320, 432 or perm instr, audition  
4 hrs, 2 hrs open studio, 3 cr.

DAN 440 Lecture/Demonstration Touring Group  
GER 3/A  
Performance of prescribed choreography in lecture/demonstration format to be presented in public schools on a weekly basis during the fall semester.  
prereq: DAN 220, 221, 245  
4 hrs, 3 cr.

THEORETICAL AND SCIENTIFIC ASPECTS OF DANCE COURSES

DAN 102 Dance, Dancers and the Audience  
GER 2/D  
Lecture demonstration course designed to introduce students to the art of dance through analysis of history, dance style and socio-political underpinnings. This course includes participation in both lecture and movement sessions.  
prereq: minimum 12 cr.  
3 hrs, 3 cr.

DAN 213 Basic Musicanship for Dancers  
GER 3/A  
Basic music theory in relation to dance. Development of auditory and kinesthetic understanding of melody, rhythm and harmony through movement.  
prereq: DAN 210  
3 hrs, 2 cr.

DAN 232 20th Century Dance History  
GER 2/D PD/D  
Readings, lectures, films, discussions of 20th century ballet, modern and popular theatre dance forms; analysis of individual styles and cultural trends.  
3 hrs, 3 cr.

DNED 302 Theory and Practice of Teaching Dance (pre-K-12)  
Methods of teaching dance in grades pre-K-12. Field work required.  
prereq: completed 12 major cr, perm dept.  
pre- or coreq: SEDF 203, 204, 205, SEDC 210 or perm dept.  
3 hrs, 4 cr.

DAN 350 Anatomy and Kinesiology for Dancers  
GER 3/A  
Anatomy of skeletal, muscular and neuromuscular systems; anatomical analysis of basic movement; application of anatomical information to proper and successful performance of dance.  
prereq: DAN 220 or perm dept.  
3 hrs, 3 cr.

DAN 461 Seminar in Dance  
GER 3/A  
Survey of dance careers, grant writing, arts administration, resume writing and relevant topics related to the socio-political climate of our times in relation to art.  
prereq: DAN 316, DAN 321, DAN 324  
3 hrs, 3 cr.

DAN 480 Independent Study in Dance  
GER 3/A  
In-depth study in area of special interest for qualified students under direction of faculty adviser.  
prereq: minimum 15 dance cr received at Hunter, major GPA 3.0, overall GPA 2.5  
3-9 hrs, 1-3 cr.

DAN 490 Honors in Dance  
GER 3/A  
Open to J/Sr Dance majors only. Individual study leading to completion of honors essay or production book in creative performance.  
prereq: minimum 18 dance cr, major GPA 3.5, overall GPA 2.8  
hrs TBA, 1-3 cr.

DAN 498 Internship  
GER 3/A  
Open to senior dance majors only.  
prereq: DAN 324  
hrs TBA, 3-6 cr.
One way to define the scope of economics is to say that it is the social science that deals with how best to use scarce resources to satisfy unlimited human needs and wants. While economists do not claim to have the answer to what humans should want, they do have something to say about how to get it. Economics is more about how to think than what to think.

Economics students become problem solvers. They learn to analyze a situation, figure out what is important and determine what can be abstracted away. The economics curriculum stresses the development of general problem-solving skills: finding, gathering and interpreting information; predicting the consequences of decisions; evaluating alternative courses of action; and analyzing the management of resources in both the public and private sectors. At the same time, economics students learn about the institutions and rules that shape daily life — the monetary system, the stock and bond markets and the regulatory system that mandates warning labels on cigarette packs and seat belts in automobiles.

Many professional economists enter government at the federal, state, or local level, either in research or policy-making positions. Some are employed by businesses, financial institutions, labor unions, trade associations and consulting firms. Still others are involved in teaching and research in colleges and universities. While an undergraduate major in economics does not lead directly to professional accreditation, it provides students with a point of view and a set of skills that will be useful in almost any path taken after the completion of the major. A major in economics is especially valuable for those who plan careers in finance, management, law, journalism, or public policy.

Accountants specialize in measuring, reporting and interpreting the financial aspects of business, governments and institutional activities. Accounting provides the information necessary to determine and evaluate both present and projected economic activities of organizations. Professional accountants develop and apply their skills in auditing, taxation, management policy, information systems, computer operations and many other areas.

Nearly half of all accounting graduates are employed by public accounting firms. The remainder join private firms, engage in research and consulting, practice in the government sector, or continue their education on the graduate level.
MAJORS
The Department of Economics offers two majors: the BA in economics, requiring a minimum of 24 credits and the BS in accounting, requiring a minimum of 30 credits of accounting and an additional 33 credits of professional studies. Details are outlined below.

Grade Options
The department strongly urges economics majors who plan to go on to graduate or professional school to choose letter grades rather than CR/NC. Students enrolled in the BS (accounting) curriculum may not use CR/NC grades for the 30 accounting credits in the accounting major.

Progression in the Major
Students who have not completed the prerequisite(s) with a grade of C, CR, or better will not be allowed to register for the course for which the prerequisite(s) are required. ECO 220 and 221 are required for the major and must be completed with a grade of C, CR or better to be accepted for credit toward fulfillment of the major.

Interdepartmental Fields
Students may take courses in economics as part of an interdepartmental program of study in Latin American and Caribbean studies, environmental studies (geography), women's and gender studies and Jewish social studies. Listings in each area discuss recommended courses.

Internships
Students may receive one credit for internships in government agencies, private firms, and non-profit institutions. The position must provide opportunities for learning about some area of economics, accounting, or business. The course may be taken no more than twice. Credits may not be applied towards the economics or accounting major. Internships will be graded on a CR/NC basis. Note that it is the responsibility of the student, not the Department, to identify internship opportunities.

Accelerated BA/MA Program in Economics
The Department of Economics offers a promising students the opportunity to complete both the BA and MA degrees within 120 credits, 30 of which must be at the graduate level. Students who wish to declare the BA/MA major must have a 3.0 average in Economics and in the cumulative index, with a minimum grade of B in ECO 300, and ECO 321, and a C in MATH 150, or their equivalents. Continuing in the program is contingent upon maintaining a 3.0 GPA in economics and the cumulative index and receiving a minimum grade of B in ECO 301 and an average grade of B in MATH 150 and MATH 160. All students in the BA/MA program must complete MATH 155 and 160, or their equivalents, as well as the courses listed above. An undergraduate major in economics is normally required. Thomas Hunter Honors Program students may be admitted without declaring an undergraduate economics major, provided that the above courses are completed. To apply, see the graduate adviser.

MS Program in Accounting
The Department of Economics offers a Masters (MS) program in accounting for students who have earned a BS in accounting (or its equivalent). Students in the MS program must earn 30 credits at the graduate level. For details and admission requirements, see the Hunter College Graduate Catalog.

Honors
Students with a 3.5 GPA in a major offered by the department and an overall 2.8 GPA at the beginning of their upper senior semester may apply for departmental honors at that time. Completion of ECO 499 and submission of an honors paper are required. Honors papers are written under faculty supervision and must be approved by a second reader as well. GPA levels must be maintained for the award of departmental honors.

Students enrolled in the BA/MA program may substitute enrollment in ECO 798 and an MA thesis for ECO 499 and the Honors paper (Enrollment in 499/798 and completion of the paper/thesis need not be delayed until the upper-senior semester).

Concentrations
For interested students, the department offers concentrations in public policy and in commercial and financial enterprises. The concentration in public policy prepares students for analytical and managerial careers in both the public and private sectors, as well as providing a firm foundation for graduate or professional studies. The concentration in commercial and financial enterprises provides a general background in the skills and knowledge necessary for a successful business career. Information is available in the Economics Department.

BA DEGREE IN ECONOMICS
Major
Students majoring in economics must take:

A. ECO 200 and 201. Although required, these courses cannot be credited to the major. Students may begin the study of economics with either ECO 200 or 201, but they are advised to take ECO 100 before 200 or 201 if they have not had recent exposure to economics in high school. If taken, ECO 100 cannot be substituted for either ECO 200 or 201.

B. ECO 220, 221, 321, 300, and 301. These courses, along with ECO 200 and 201 (as described above), are the core of the economics major. Majors are advised to complete ECO 220 and 221 within their first 75 credits of college work and ECO 300 and 301 within their first 90 credits. For students already at or beyond these points when they become majors, such courses should be taken within the first 12 credits following declaration of the major.

The department may waive the requirement of any of the above or other courses upon satisfactory proof of course equivalency. Courses waived through substitution or examination do not provide course credit nor do they count toward the major.

C. Elective courses. The remaining credits needed to complete the 24-credit major shall be satisfied by other courses offered by the department. For students admitted after August 2006, no courses in accounting or business law may be credited toward the economics major. Completion of MATH 150 with a grade of C or better permits the waiver of ECO 220 and selection of an additional elective course.
MINOR
Economics majors may choose a minor from any program in the college that leads to a BA degree. The department also allows a split minor (i.e., 6 credits each from two related departments). The department recommends minors in mathematics and computer science, either separately or in combination. No minor is required of double majors.

Minor for Non-Majors
We recommend that students minoring in economics take ECO 200, 201 and 6 additional economics credits.

BS (ACCOUNTING) DEGREE
The degree of bachelor of science (accounting) offered at Hunter College fulfills educational requirements for the CPA examination in New York State, for individuals applying for licensure in public accountant no later than July 31, 2009. After that date, applicants will need to meet the state’s 150-credit requirement. One way to accomplish this is to earn a masters degree (MS) in accounting at Hunter College after earning a BS in accounting at Hunter (or its equivalent). For information on the MS in Accounting, see the Hunter College Graduate Catalog.

All students contemplating a career in accounting should request an interview with the accounting program advisor during the lower freshman term. To assure completion of the BS (accounting) degree within four years, a full-time student should begin the accounting major sequence in the upper freshman term, if possible, and no later than the lower sophomore term, by registering for ECO 271.

General Education Requirement
Students working for a BS (accounting) degree must complete the General Education Requirement (see General Education Requirement section) except that:

A. The Stage 1, Group B Quantitative Reasoning Requirement must be met by MATH 150. This should be done within the first 75 credits of college work. For students already at or beyond this point when they become majors, the course should be taken within the first 12 credits following declaration of the major.

B. The foreign language requirement is modified, so that:
   1. Students who present three or more years of one foreign language are excused from taking additional foreign language courses;
   2. Students who present two years of one foreign language must take two additional courses of advanced-level work in the same language or, if they do not want to go on with that language in college, they must take four courses in another foreign language at the college level;
   3. Students who present fewer than two years of one foreign language must take four courses in that or any other foreign language at the college level. (Students must file with the Department of Economics a high school transcript or other evidence of completion of the requisite number of years.)

C. In Stage 2, Group B, 3 of the 6 required credits must be in ECO 201. (ECO 200, which must be taken as part of the professional studies requirement, cannot be used to fulfill the Stage 2, Group B requirement for accounting majors.)

D. Electives. Any remaining credits needed to complete the 120 credits required for the BS (accounting) degree must be in liberal arts electives.

Professional Studies
(63 cr)
Accounting ..................................................(30 cr)
ECO 271, 272, 371, 372, 373, 374, 471, 472, 473, 475
An overall average of at least "C" must be maintained in these 30 credits.
Business Law ..............................................(6 cr)
ECO 280, 280
Statistics ....................................................(3 cr)
ECO 221 should be completed within the first 75 credits of college work.
For students already at or beyond this point when they become majors, the course should be taken within the first 12 credits following declaration of the major.
Finance ....................................................(6 cr)
Select two of the following courses: ECO 210, 365, 366, 367
Business Core-Required ..............................(6 cr)
ECO 200 and one course in computer science; ECO 476 is recommended.
Business elective ....................................(12 cr)
Choose from the following: ECO 260, any 300- or 400-level ECO course (460 is strongly recommended). One additional computer science course may be used as a business elective.

COURSE LISTINGS

ECONOMICS

ECO 100 Introduction to Economics
GER 2/B
Basic economic concepts and thought; issues and policy. Recommended as a first course for students with no prior courses in economics. Not open to students who have taken or are currently enrolled in ECO 200 or 201 or their equivalents.
3 hrs, 3 cr.

200 LEVEL CORE COURSES

ECO 200 Principles of Economics: Microeconomics
GER 2/B
May be taken prior to or concurrently with ECO 201. Price theory and resource allocation; market structures; income distribution.
prereg: MATH 101 or exemption from the course
3 hrs, 3 cr.

ECO 201 Principles of Economics: Macroeconomics
GER 2/B
May be taken prior to or concurrently with ECO 200. Fluctuations in national output and inflation, monetary and fiscal policy.
prereg: MATH 101 or exemption from the course
3 hrs, 3 cr.

ECO 220 Techniques of Economic Analysis
Mathematical techniques applied to economic models.
prereg: ECO 200; MATH 101 or exemption from the course
3 hrs, 3 cr.

ECO 221 Economic Statistics I
GER 1/B
Statistical theory applied to business and economic problems; correlation, regression, time series analysis.
prereg: MATH 101 or exemption from the course
3 hrs, 3 cr.

200 LEVEL ELECTIVE COURSES

ECO 210 Money and Banking
GER 3/B
Monetary and banking principles and practice; current issues; theory and policy.
prereg: ECO 200, 201
3 hrs, 3 cr.

ECO 260 Business Organization and Management
GER 3/B
The economic theory of the firm, including the formal analysis of incentives and contracts. Particular focus on how the internal organization of the firm can mitigate the negative effects of interest between different stakeholders in the firm.
prereg: ECO 200
3 hrs, 3 cr.
ECO 295 Selected Topics in Economics  
GER 3/B  
Special topics and issues of research and policy interest. Topics vary each semester. May be repeated for a total of 6 credits.  
*prereq: ECO 200 or 201*  
3 hrs, 3 cr.

### 300 LEVEL CORE COURSES

**ECO 300 Intermediate Microeconomics**  
GER 3/B  
Price determination of goods and factors in markets of varied structures; general equilibrium analysis.  
*prereq: ECO 200, 201, 220*  
3 hrs, 3 cr.

**ECO 301 Intermediate Macroeconomics**  
GER 3/B  
Measurement and dynamics of national income, employment, and growth; policy options.  
*prereq: ECO 200, 201, 220*  
3 hrs, 3 cr.

**ECO 321 Economic Statistics II**  
GER 3/B  
Linear and curvilinear correlation and regression; variance; testing; time series.  
*prereq: ECO 220, 221; CSCI 100 or equiv.*  
3 hrs, 3 cr.

**ECO 310 Financial Institutions**  
GER 3/B  
Operation, administration and regulation of U.S. banking, investment and credit institutions.  
*prereq: ECO 210*  
3 hrs, 3 cr.

**ECO 315 Public Finance**  
GER 3/B  
Theory and application of fiscal policy; federal budgeting; state and local finance.  
*prereq: ECO 200*  
3 hrs, 3 cr.

**ECO 330 Economic Development**  
GER 3/B PD/A  
Critical variables explaining the diversity of growth and economic and development outcomes across developing countries. Theories, case studies, measurement and policies.  
*prereq: ECO 201*  
3 hrs, 3 cr.

**ECO 340 International Trade**  
GER 3/B  
Theories of international trade and international trade policies.  
*prereq: ECO 200*  
3 hrs, 3 cr.

**ECO 341 International Finance**  
GER 3/B  
Theories of exchange-rate determination and open-economy macroeconomic theory and policy.  
*prereq: ECO 201*  
3 hrs, 3 cr.

**ECO 345 Women and Men in the Labor Market**  
GER 3/B PD/C  
Demand for labor, determination of wages and allocation of time between paid and unpaid activities, "human capital" investments, labor market policy issues.  
*prereq: ECO 200*  
3 hrs, 3 cr.

**ECO 350 Comparative Economic Systems**  
GER 3/B PD/D  
Comparative analysis of market and planned economies in theory and practice. Process and problems of transitions between planned and market economies.  
*prereq: ECO 200, 201*  
3 hrs, 3 cr.

**ECO 355 Industrial Organization**  
GER 3/B  
Behavior of firms in imperfectly competitive markets. Topics include the acquisition and use of market power, strategic interactions among firms, and the role of government policy.  
*prereq: ECO 200*  
3 hrs, 3 cr.

**ECO 356 Business and Public Policy**  
GER 3/B  
Analysis of the intersection between business and government in market economies. Topics may include protection of intellectual property, economic regulation, health and safety regulation, antitrust, and the behavior of private firms in the political and social realms.  
*prereq: ECO 200*  
3 hrs, 3 cr.

**ECO 360 Managerial Economics**  
GER 3/B  
Theory of the firm, risk and uncertainty; forecasting, capital allocation, analysis of costs and returns, pricing.  
*prereq: ECO 200*  
3 hrs, 3 cr.
ECONOMIC I

ECON 365 Corporate Finance
GER 3/B
Analysis of corporate investment and financing decisions.

prereq: ECO 200
3 hrs, 3 cr.

ECON 366 Security and Investment Analysis
GER 3/B
Operation of the stock market; security analysis and evaluation; economic variables influencing security values.

prereq: ECO 365
3 hrs, 3 cr.

ECON 370 Law and Economics
GER 3/B
Analytical tools of microeconomics are used to examine various aspects of the law, including property, contracts, torts, liability, and criminal and family law.

prereq: ECO 200
3 hrs, 3 cr.

ECON 390 Independent Study in Economics
GER 3/B
Open to economics majors and minors.

Individual readings, tutorials, research. Written report. May be repeated for total of 6 cr. Not open to accounting majors.

prereq: perm chair and faculty sponsor
3 hrs, 3 cr.

ECON 395 Selected Topics in Economics
GER 3/B
Jr/Sr majors only. Special readings, research and seminar discussions on selected topics announced each semester. May be repeated for a total of 6 cr.

3 hrs, 3 cr.

ECON 426 Computer Applications in Economics
Acquisition of computer skills and their application to empirical economic analysis.

prereq: ECO 221 and declaration of economics major
3 hrs, 3 cr.

ECON 459 Selected Topics in Economics
Jr/Sr majors only. Special readings, research papers and seminar discussions on selected advanced topics announced each semester. May be repeated for total of 6 cr.

prereq: ECO 300 or 301
3 hrs, 3 cr.

ECON 466 Honors Seminar in Economics
Jr/Sr majors only. Special readings, research and seminar discussions on selected topics announced each semester. May be repeated for total of 6 cr.

prereq: 3.5 GPA in economics, perm chair
3 hrs, 3 cr.

ECON 498 Internship in Economics of Accounting
Opportunities for working in positions of responsibility in professional institutions (including government agencies, private firms and not-for-profit institutions) for academic credit. The position must provide opportunities for learning about some area of economics, accounting, business or related public policy. Credits may not be used towards the requirements for the economics or accounting major. CR/NC grading is mandatory.

prereq: Open only to qualified economics or accounting majors; upper junior/senior only. Enrollment is subject to approval of department adviser. Course may be taken no more than twice.

1 hr, 1 cr.

ECON 499 Honors Project
Jr/Sr only. Supervised individual research and directed reading. Honors essay or presentation.

prereq: For accounting majors: ECO 321 and 372; For economics majors: ECO 300, 301 and 321. 3.5 GPA in a major offered by the department and permission of the chair
3 hrs, 3 cr.

ACCOUNTING AND BUSINESS LAW

ECON 271 Accounting I
Basic accounting concepts; preparation of financial statements. Emphasis on income determination and financial position.

prereq: upper freshman standing
3 hrs, 3 cr.

ECON 272 Accounting II
Accounting concepts applied to partnerships and corporations; funds statements; financial statement analysis.

prereq: ECO 271
3 hrs, 3 cr.

ECON 371 Intermediate Accounting I
In-depth study of current concepts relating to accounting for assets and current liabilities.

prereq: ECO 272
3 hrs, 3 cr.

ECON 372 Intermediate Accounting II
Revenue recognition; accounting for equities, income taxes, pensions, leases, price level changes.

prereq: ECO 371
3 hrs, 3 cr.

ECON 373 Federal Income Taxation
Principles of Federal Income taxation and the impact of taxes on individuals.

prereq: ECO 372 or perm chair
3 hrs, 3 cr.

ECON 374 Managerial Accounting (Cost Accounting)
Accumulation, analysis, presentation and use of cost data by management; budgets.

prereq: ECO 372 or perm chair
3 hrs, 3 cr.

ECON 471 Advanced Accounting I

prereq: ECO 372
3 hrs, 3 cr.

ECON 472 Advanced Accounting II
Accounting theory and practice focused on partnerships, joint ventures, multinationals, government and public sector entities; not-for-profit accounting; interim and segment reporting; SEC problems, fiduciary accounting, bankruptcy.

prereq: ECO 372
3 hrs, 3 cr.

ECON 473 Business Taxes
Federal income taxation of partnerships and corporations; other special tax issues.

prereq: ECO 373
3 hrs, 3 cr.

ECON 475 Auditing
Auditing theory and practices; ethics of accounting profession; procedures for auditing financial statements.

prereq or coreq: ECO 471
3 hrs, 3 cr.

ECON 476 Computer Accounting Systems

prereq: ECO 372 and declaration as an accounting major
3 hrs, 3 cr.

ECON 280 Business Law I
Legal institutions; contract law and commercial paper law with focus on Uniform Commercial Code.

prereq: sophomore standing or perm chair
3 hrs, 3 cr.

ECON 380 Business Law II
Legal aspects of business organizations; agency, partnership and corporate relationships.

prereq: ECO 280
3 hrs, 3 cr.

ECON 480 Business Law III
Sales and financing devices under Uniform Commercial Code; property; trusts and estates; bankruptcy; other selected topics.

prereq: ECO 380
3 hrs, 3 cr.

Accounting Seminars and Independent Study
(See ECO 395, 495, 496, 499 above)

Courses Not Offered in 2007-2010:
ECO 305 Development of Economic Thought
ECO 331 Economic History
ECO 336 Regional Economics
ECO 346 The Labor Movement
ECO 352 Economics of the Caribbean
ECO 367 Analysis of Financial Statements
ECO 421 Econometrics
The English Department offers students a variety of courses in the study of literature, literary theory and linguistics and in the creation of literature through workshops in writing fiction, poetry and essays. Taught from a number of points of view — formal, historical, philosophical, ethical, psychological, sociological — these courses deepen students' insight into the nature and value of human experience and at the same time prepare them for almost any profession in which writing and self-expression are essential. The department encourages disciplined, original thinking and writing, while its small classes promote learning through stimulating discussions.

Introductory and intermediate courses present a wide range of literary forms, periods and genres. Students who major in English choose one of three concentrations: Literatures, Language and Criticism; Creative Writing; or Adolescent Education (a concentration designed for prospective high school teachers). Qualified students may enroll in honors seminars and tutorials. The English Department participates in Hunter's interdisciplinary programs in English Language Arts, Comparative Literature, Women and Gender Studies and Religion. The English major provides a foundation for careers in writing, teaching, journalism, law, business, or any other career that depends on the ability to read analytically and write effectively.

ENGL 220 Introduction to Literature is a prerequisite to all literature courses numbered above 220 in the English Department. Students who plan to major in English should take no more than 6 credits past ENGL 220 before declaring the major.

Prerequisite for all 300- and 400-level writing courses (except ENGL 301): ENGL 300 Introduction to Creative Writing (3 cr). Students must pass this course with a minimum grade of B to major in creative writing.
MAJOR

The English Department offers students three concentrations: Literatures, Language and Criticism, Creative Writing and Adolescent Education. Thirty credits (10 courses) in 300- and 400-level courses are required for each concentration. Up to 6 credits in the major sequence may be taken for CR/NC.

Majors who plan to concentrate in Literatures, Language and Criticism must take two foundation courses before they progress any further in the concentration: ENGL 303 Western Literary Backgrounds of British and American Literature; and ENGL 338 Survey of British Literature I: Anglo-Saxon Literature to Romanticism. This concentration is designed to provide students with exposure to a range of literary texts and with a special area of study in which to focus. Some areas of study reflect specific national and period categories, but others are designed more fluidly to allow a student to pursue other interests in literature, cultural studies, or literary theory.

The concentration in Creative Writing is designed to provide students with solid training in the writing of poetry, fiction and creative non-fiction, as well as in reading and analysis of texts. All students who wish to take advanced workshops in writing must take ENGL 300 Introduction to Creative Writing as a prerequisite for all other 300-level writing courses (except ENGL 301 Theory and Practice of Expository Writing). Students must pass this course with a minimum grade of B in order to major in Creative Writing. Creative Writing majors must then take the foundation course, ENGL 338 Survey of British Literature I: Anglo-Saxon Literature to Romanticism before they progress any further in the concentration. With permission, students may take an ENGL 482, 483, or 484 Special Studies Seminar; ENGL 485 Individual Tutorial Project; ENGL 494 Honors Seminar; and/or ENGL 498 Internship. Students interested in graduate study should consult their advisor to plan an appropriate sequence of courses.

Preparation for Teaching

The concentration in Adolescent Education prepares students to teach English in grades 7-12. Students choosing this concentration must begin their course of study with the two foundation courses before they may progress any further in the concentration: ENGL 303 Western Literary Backgrounds of British and American Literature and ENGL 338 Survey of British Literature I: Anglo-Saxon Literature to Romanticism. When taken together with the requirements of the School of Education, this program meets initial certification requirements for New York State and New York City public schools. Students take courses in literature, writing and language study as preparation for teaching in secondary schools, which are increasingly concerned to develop fluent speakers, readers and writers of the English language. (Students who do not wish to pursue certification may minor in another area.)

In cooperation with the School of Education, the Department of English provides opportunities for students to prepare for a career in teaching at the elementary level (see English Language Arts) or at the secondary level (see Section III below).

I. Concentration in Literatures, Language and Criticism (30 cr)

This concentration consists of three parts:

A. Required Foundation Courses ..............(6 cr)

These courses must be taken once the student has declared a major in this concentration; they may be taken simultaneously.

- ENGL 303 Western Literary Backgrounds ..............................................(3 cr)
- ENGL 338 Survey of British Literature: Anglo-Saxon Literature to Romanticism .................................................................(3 cr)

After fulfilling Part A, the student will take at least eight 300- or 400-level courses (24 cr) distributed so that they fulfill the requirements of Parts B and C.

Note: A single course may be used to fulfill requirements in Parts B and C. However, the credit value of a course may not be counted twice.

B. Required Area of Special Study ............(9 cr)

The student must take three courses in one of the following seven areas of study. Some courses that fulfill the area requirement are listed; for other courses, consult with an advisor. Special topic courses (marked *) must conform to the area requirement.

C. Late Victorian, Modern and Contemporary British Literature (373, 374, 376, 378, 380, 385*, 386*, 387*, 389*, 390*)

II. Concentration in Creative Writing (30 cr)

The concentration in Creative Writing is designed to provide students with solid experience in the writing and revising of poetry, fiction and creative non-fiction, as well as in reading and analysis of texts. All students who wish to take advanced workshops in writing must take ENGL 300 Introduction to Creative Writing as the prerequisite for all other 300-level writing courses (except ENGL 301). Students must pass this course with a minimum grade of B in order to major in Creative Writing. Creative Writing majors must also take the foundation course, ENGL 338 Survey of British Literature: Anglo-Saxon Literature to Romanticism before they progress any further in the concentration.

Prerequisite for all 300- and 400-level courses in writing (except ENGL 301):

ENGL 300 Introduction to Creative Writing ..............................................(3 cr)
Students must pass this course with a minimum grade of B to major in creative writing.

Required Foundation Course

ENGL 338 Survey of British Literature: Anglo-Saxon Literature to Romanticism .................................................................(3 cr)
This course must be taken once the student declares a major in this concentration but may be taken during the same semester as ENGL 300.

Electives:

After fulfilling the foundation requirements, students pursuing the concentration in Creative Writing will be allowed to take the remaining 24 credits (8 courses) within the major. These 24 credits (8 courses) are to be distributed as follows:

- Three courses chosen from 300-level writing courses ..............................................(9 cr).
- One 400-level writing seminar (such as Advanced Poetry Workshop or Starting the Novel, or Revision). Students may substitute an independent Tutorial, with the permis-
Core Requirements:
Students must choose their 12 credits (4 courses) in literary study so that they fulfill the following Core Requirements:

A. One course must deal substantially with British literature written before 1870 .................................................. (3 cr)

B. One course must deal substantially with American literature written before 1914 .................................................. (3 cr)

C. One course must deal substantially with African American, Asian American, Latino American, Native American, Caribbean, Transnational and/or Post-Colonial literature ........................................... (3 cr)

D. One course must be chosen from among the following: ENGL 303 Western Literary Backgrounds of British and American Literature; ENGL 306 Literary Theory; ENGL 331 The Structure of Modern English; ENGL 332 The History of the English Language ........................................... (3 cr).

Note: Students may not use individual courses to fulfill more than one Core Requirement.

III. Concentration in Adolescent Education: Preparation for Teaching (30 cr)

Required Foundation Courses ..................................(6 cr):
These courses must be taken once the student declares the major in this concentration and may be taken during the same semester:

ENGL 303 Western Literary Backgrounds ........................................... (3 cr)
ENGL 338 Survey of British Literature: Anglo-Saxon Literature to Romanticism ........................................... (3 cr)

Core Requirements ........................................... (24 cr)
After fulfilling the foundation requirements, students must fulfill the following Core Requirements:

A. ENGL 301 Theory and Practice of Expository Writing ........................................... (3 cr)
B. Either ENGL 331 The Structure of Modern English or one 300-level course in the study of language, sociolinguistics, or history of the English language, chosen with the approval of an adviser ........................................... (3 cr)
C. One course in spoken language (group discussion, argument and persuasion, creative dramatics, acting, etc.), such as MEDP 240 Effective Speechmaking or THEA 161 Acting I: Basic Acting Techniques chosen with the approval of an adviser ........................................... (3 cr)
D. ENGL 352, 353, or 354, Shakespeare ........................................... (3 cr)
E. One other British Literature course of any period ........................................... (3 cr)
F. One American Literature course of any period ........................................... (3 cr)

G. One course in African American, Asian American, Latino American, Native American, Caribbean, Transnational or Post-Colonial Literature ........................................... (3 cr)
H. ENGL 306 Literary Theory ........................................... (3 cr)

Note: Students may not use individual courses to fulfill more than one core requirement.

MINOR

English majors should consult their adviser regarding the selection of an appropriate minor. The minor must be chosen from programs that lead to a BA degree. At least one 300-level course and no more than two 100-level courses in the minor are required. The education sequence may serve in lieu of a minor for adolescent education students. Students who do not wish certification may minor in another area.

Minor for Non-Majors

Students who wish to minor in English should consult their major adviser for appropriate course recommendations.

HONORS

A student must meet two related requirements in order to qualify for departmental honors: the Honors Seminar (ENGL 494) and the honors essay. The honors essay will normally be written in relation to the Honors Seminar and under the supervision of the professor teaching that seminar.

Students who complete the requirements successfully and achieve a GPA in the major of at least 3.5 and a cumulative GPA of at least 2.8 at graduation will be awarded departmental honors.

Note: The Honors Seminar requirement is in addition to the specified courses in the student's major concentration. Students interested in departmental honors should consult the undergraduate adviser.
## COURSE LISTINGS

### DEVELOPMENTAL COURSES

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 002S1 Reading II</td>
<td>Critical reading of varied textbook materials, efficient study skills and test-taking. Placement test required.</td>
<td>3 hrs, 2 cr.</td>
</tr>
<tr>
<td>ENGL 004S1 English for Bilingual Students II</td>
<td>Frequent paragraphs and essays: organizing, correcting grammar and sentence structure. Placement test required.</td>
<td>6 hrs + conf, 1 cr.</td>
</tr>
<tr>
<td>ENGL 005S1 English for Bilingual Students III</td>
<td>Frequent essays: organizing ideas, revising, improving sentence variety, idiomatic structure. Placement test required.</td>
<td>3 hrs + conf, 2 cr.</td>

</table>
ENGL 317W Advanced Topics in Non-European Literary Traditions
GER 3/A PD/A
Each course is an advanced examination of literature written in the English language by writers in non-European traditions. May be repeated once for credit with a different topic.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 318W Advanced Topics in Literature of Non-European Americans
GER 3/A PD/B
Each course is an advanced examination of one or more of the following groups: African Americans, Asian Americans, Latino Americans, Native Americans and Caribbean Americans. May be repeated once for credit with a different topic.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 319W Advanced Topics in Literature by Women
GER 3/A PD/C
Selected works by women in a selected theme, technique, genre, theoretical issue, or cultural consideration. May be repeated once for credit with a different topic.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 320W Multicultural American Literature
GER 3/A PD/B
A study of writers of Asian, African, Latino, Jewish and Native American background in relation to interdisciplinary theories of cultural identity.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 321 Studies in African American Literature
GER 3/A PD/B
Selected works by African American writers will be studied in relation to a special theme, technique, theoretical issue, or cultural consideration.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 324 Studies in Native American Literature
GER 3/A PD/B
Selected works by Native American writers will be studied in relation to a special theme, technique, theoretical issue, or cultural consideration.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 325W Post-Colonial Literature in English
GER 3/A
A study of postcolonial narratives written in English by writers from a number of different countries or regions, including India, the Caribbean, Egypt, Africa and Pakistan.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 327W Studies in Caribbean Literature
GER 3/A PD/A
Selected works by Caribbean writers will be studied in relation to a special theme, technique, theoretical issue, or cultural consideration.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 329W Special Topics in Cross-Cultural Literature in English
GER 3/A
Selected works by authors of cross-cultural world literature in English will be studied in relation to a special theme, technique, theoretical issue, or cultural consideration.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 331 The Structure of Modern English
GER 3/A
Investigation of the English language as a system with attention to its acquisition, structure and social and regional variations. Satisfies linguistics but not literature requirements.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 332W History of the English Language
GER 3/A
Development of English from earliest records to the present. Spread of English across the globe. Effects on English of contacts with other languages. Satisfies linguistics but not literature requirements.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 333 Advanced Topics in Language and Linguistics
GER 3/A
Exploration of one or more linguistic systems (phonology, semantics, syntax, discourse, or pragmatics) through the analysis of literary and non-literary texts and their social and cultural contexts. May be taken more than once in different topics.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 335 Chaucer
GER 3/A PD/D
Study of Chaucer, with emphasis on *The Canterbury Tales*.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 336 Medieval Literature (1100-1500)
GER 3/A
Selected works include examples of epic, romance, satire, allegory and lyric.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 337 Literary Aspects of Folklore
GER 3/A
Studies of folktales, ballads and legends in their relationship to written literature.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 338 Survey of British Literature I: Anglo-Saxon Literature to Romanticism
GER 3/A
An introduction to British literature from the Anglo-Saxon to the Romantic period, surveying material in a range of genres and periods and encompassing a variety of interpretive strategies.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 350 Renaissance Drama
GER 3/A
A survey of English Renaissance drama, excluding Shakespeare, encompassing a variety of interpretive strategies.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 352 Shakespeare Survey
GER 3/A PD/D
A survey of Shakespeare's plays. For students who do not intend to elect ENGL 353 or 354.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 353 Shakespeare I
GER 3/A PD/D
Study of works from first half of Shakespeare's career.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 354 Shakespeare II
GER 3/A PD/D
Study of works from second half of Shakespeare's career.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 355W Selected Studies in Shakespeare
GER 3/A
Topics vary from semester to semester.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 360 The 17th Century
GER 3/A PD/D
Emphasis on work of John Donne; survey of other poetry and prose (exclusive of Milton).
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 361 Milton
GER 3/A PD/D
Poetry and selected prose of Milton, with special emphasis on *Paradise Lost*.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 362 English Drama of Restoration and 18th Century
GER 3/A PD/D
The theatre of such playwrights as Etherege, Wycherly, Dryden, Otway, Congreve, Gay, Goldsmith and Sheridan.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 364 The Age of Satire
GER 3/A PD/D
Poetry and nonfiction prose, chiefly of Dryden, Pope and Swift.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 365 The Later 18th Century
GER 3/A PD/D
Poetry and nonfiction prose, with emphasis on Johnson, Boswell and Blake.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 368 The 18th Century English Novel
GER 3/A PD/D
Major emphasis on such authors as Defoe, Fielding, Richardson, Sterne, Burney, and Austen.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 369 The 19th Century English Novel
GER 3/A PD/D
Major emphasis on Dickens, Thackeray, the Brontës, George Eliot, Hardy and Meredith.
prereq: ENGL 220
3 hrs, 3 cr.
ENGL 372 Romantic Poetry
GER 3/A PD/D
Intensive study of two or three major poets – Wordsworth, Coleridge, Byron, Shelley, Keats.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 373W Victorian Literature
GER 3/A PD/D
Study of such authors as Tennyson, Browning, Arnold, the Rossetti, Swinburne, Carlyle, Ruskin and Newman.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 374 20th Century British Poetry
GER 3/A PD/D
Study of such poets as Yeats, Lawrence, Auden, Thomas, Hughes and Larkin.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 375 20th Century American Poetry
GER 3/A
Study of such poets as Eliot, Pound, Williams, Crane, Frost and Stevens.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 376 20th Century British Fiction
GER 3/A PD/D
Study of such authors as Conrad, Joyce, Lawrence, Forster, Woolf, Waugh, Beckett and Lessing.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 377 20th Century American Fiction
GER 3/A
Study of such authors as Dreiser, Wharton, Fitzgerald, Hemingway, Faulkner, Porter, Warren, O’Connor, Nabokov and Bellow.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 378 20th Century British and Irish Drama
GER 3/A PD/D
Study of such authors as Wilde, Shaw, Yeats, O’Casey, Eliot, Beckett, Osborne and Pinter.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 379 20th Century American Drama
GER 3/A
Study of such authors as O’Neill, Wilder, Hellman, Miller, Williams, Hanberry and Albee.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 380 Irish Literary Renaissance
GER 3/A PD/D
Study of leading Irish writers of early 20th century: Joyce, O’Casey, Synge and Yeats.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 383 Topics in Renaissance Literature
GER 3/A
Topics vary from semester to semester.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 384 Topics in Restoration and 18th Century Literature
GER 3/A
Topics vary from semester to semester.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 385 Topics in 19th Century Literature
GER 3/A
Topics vary from semester to semester.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 386 Topics in British and American Literature
GER 3/A
Topics vary from semester to semester. Some topics satisfy PD requirements in categories C and D; check the schedule of classes and with the undergraduate adviser.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 387/388 Selected Studies in British Literature
GER 3/A
Topics vary from semester to semester. Some topics satisfy PD requirements in categories C or D; check the schedule of classes and with the undergraduate adviser.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 389W One Major Writer
GER 3/A
Authors vary from semester to semester. May be taken more than once with permission of dept. Some authors may satisfy PD requirements; check the schedule of classes and with the undergraduate adviser.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 390W Topics in 20th Century Literature
GER 3/A
Selected works from the 20th century originally written in English will be studied in relation to a special theme, technique, theoretical issue, or cultural consideration. Some topics satisfy PD requirements; check the schedule of classes and with the undergraduate adviser.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 390W American Prose Before the Civil War
GER 3/A
Study of major figures of colonial and romantic periods in relation to their times.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 394 World Literature: Drama
GER 3/A
Selected plays – classical, medieval and modern, including dramatic criticism.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 395W American Prose Before the Civil War
GER 3/A
Study of such authors as Twain, Howells, James, Dreiser, Crane and Wharton.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 396 American Prose (1871-1914)
GER 3/A
Study of such authors as Twain, Howells, James, Dreiser, Crane and Wharton.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 397 American Poetry to 1914
GER 3/A
Study of such poets as Taylor, Poe, Emerson, Whitman, Dickinson and E. A. Robinson. May be used toward Part 4 of the American Literature concentration.
prereq: ENGL 220
3 hrs, 3 cr.

ENGL 398/399W Selected Studies in American Literature
GER 3/A
Authors or topics vary from semester to semester. Some topics may satisfy PD requirements; check the schedule of classes and with the undergraduate adviser.
prereq: ENGL 220, ENGL 395 or ENGL 396
3 hrs, 3 cr.

ENGL 482 Special Studies Seminar
GER 3/A
1 hr, 1 cr.

ENGL 483 Special Studies Seminar
GER 3/A
2 hrs, 2 cr.

ENGL 484 Special Studies Seminar
GER 3/A
Topics in British and American literature or linguistics. Some topics satisfy PD requirements; check the schedule of classes and with the undergraduate adviser.
3 hrs, 3 cr.

ENGL 485 Individual Tutorial Project
GER 3/A
Research paper or substantial creative work written under direction of a full-time instructor.
prereq: perm instr.
1 sem, 3 cr.

ENGL 494 Honors Seminar: Special Studies
GER 3/A
Topics in British and American literature and linguistics. May be taken a second time in another subject. Some topics satisfy PD requirements; check the schedule of classes and with the undergraduate adviser.
1 sem, 3 cr.

ENGL 498 Internship
GER 3/A
Opportunities of working in positions of responsibility in professional institutions for academic credit.
prereq: perm coordinator
1-6 hrs, 1-6 cr.

English Language Arts is not a department, but an interdisciplinary program leading to the bachelor of arts degree. It is open to all students, but it may be particularly suitable for prospective teachers of grades 1-6. The required and recommended courses in this program have been selected for their relevance to the childhood education curriculum and for the breadth they offer to teachers of grades 1-6 who may find a traditional major too specialized for their needs.

Students who do not plan to teach will find this major good preparation for careers that require facility with spoken and/or written language, such as public relations, advertising and the communications media. Students interested in the growing field of linguistics will also find English language arts an appropriate undergraduate major, particularly if they are interested in the application of linguistics to such educational concerns as second-language learning, dialect variation and beginning reading instruction.

MAJOR REQUIREMENTS (30 cr)

Language (6 cr)
ENGL 331 Structure of Modern English and one of the following:
AN-C 351 Language in Culture and Society
ENGL 332 History of the English Language or an approved equivalent

Spoken Arts (3 cr)
MEDP 240 Effective Speech Making or one of the following:
THEA 161 Acting I: Basic Acting Techniques
THEA 241 Creative Dramatics
THEA 242 Theatre for Young Audiences
THEA 243 Theatre for Young Audiences Laboratory or an approved equivalent

Writing (6 cr)
ENGL 301 Theory and Practice of Expository Writing and 3 credits from one of the following:
ENGL 300 Introduction to Creative Writing
FILM 376 Screen Writing I
THEA 378 Scriptwriting for Young Audiences: Theatre, Film and Television or an approved equivalent

Literature (9 cr)
ENGL 305 Studies in Children's Literature
ENGL 320 Multicultural American Literature
ENGL 303 Western Literary Backgrounds to British and American Literature

Electives (6 cr)
Two additional 300-level or higher courses in linguistics, writing or literature in one of the following departments: English, Comparative Literature, Africana and Puerto Rican/Latino Studies (literature), Anthropology (linguistics) or Classics. An English Department adviser should approve this course.

MINOR
Students who are enrolled in the childhood teacher education program (QUEST) do not need a minor. Non-teaching candidates may select a minor in any program leading to a BA degree, with the approval of an English Department adviser.

Minor for Non-Majors
Students wishing to minor in English Language Arts should consult their major adviser for appropriate course recommendations.

HONORS
Program honors will be awarded to students who complete an approved honors seminar (ENGL 494) or an individual Honors Tutorial Project (explained below) and who attain a GPA of 3.5 or higher in the major and a cumulative GPA of at least 2.8 by the time of graduation.

Honors Tutorial Project (1 sem, 3 cr)
Individual research and writing of honors essay or project report on a topic related to English Language Arts. The student's work will be supervised by a cooperating member of any of the departments whose courses comprise the English Language Arts major and the student will be enrolled in the individual honors course in that supervisor's department: ENGL 485, THEA 402, MED 402, or EDUC 490.

Open to qualified juniors and seniors by permission of the English Language Arts coordinator.
The Hunter College Department of Film and Media Studies offers three degree programs in the production and critical analysis of film and media. We offer two undergraduate degrees—one in Film and one in Media Studies—and a graduate MFA Degree in Integrated Media Arts. Students are encouraged to develop a creative voice that is socially aware and engaged and can find expression across a range of contemporary media technologies.

Our curriculum is founded on the integration of theory and practice. Leading scholars in history, aesthetics, media policy, critical theory and alternative and international practices provide students with a broad base in analytical thinking. Courses deal with subjects such as the history and aesthetics of film, video, television and new media; genre studies; the history, production and distribution of print and broadcast news; media representations of race, class and gender; and the intricate relationships among the mass media, popular culture and society.

The department’s production courses encourage students to work creatively in a variety of existing and emerging media forms. Courses include narrative film production (including screenwriting and directing), documentary production, television production, journalism and new media (including web design and programming, interactive storytelling and game design). The department is distinguished by award-winning faculty who are active in their respective fields.

In addition to classroom activities, students earn general elective credits through internships in New York City’s vibrant media industries. Host institutions include film, television, radio, video and record companies; newspaper, magazine and book publishers; public relations and advertising agencies; museums and other non-profit organizations; and telecommunications and new media organizations.

Through its courses and extracurricular activities, the Hunter College Department of Film and Media Studies is injecting new creative voices into the public sphere by educating a diverse community of creative minds.

### MAJOR IN FILM

**30 cr**

30 credits, combined total: 12 credits analytical, 12 credits production and 6 credits electives from analytical and/or production courses.

Students must receive a grade of B or better in FLM 101 to declare a major in film. The major must be declared in person with an undergraduate film adviser (call (212) 772-4949 to schedule). The student must bring his or her transcript, and, where relevant, transcripts from other colleges attended, when meeting with the undergraduate film adviser to declare a major. Students majoring in film must also take FLM/MED 151 which is prerequisite for all film production courses. FLM 101 and FLM/MED 151 do not count towards the major. A maximum of 6 credits in MED courses at the 200 or 300 level may be applied toward the major in film. Students must meet any prerequisites for these courses. Courses at the 100 level, independent study, and internship courses do not count toward the major. Students must see a program adviser to plan choice and sequence of courses.

#### I ANALYTICAL COURSE REQUIREMENTS

(12 cr)

A) Film Style and Close Analysis (6 cr)

FLM 201 plus 3 credits from one of the following courses: FLM 224, FLM 231, FLM 323, FLM 323.51, FLM 333.

B) Film History (6 cr)

FLM 211 and/or FLM 212. If students choose to take only FLM 211 or only FLM 212, they must also choose three credits from the following: FLM 213, FLM 230, FLM 344 or FLM 397.00.

#### II PRODUCTION COURSE REQUIREMENTS

(12 cr)

A) Required Production Sequence (9 cr):

FLMP 251, FLMP 276 and FLMP 352.

B) Advanced Production Cluster (3 cr): FLMP 371 or FLMP 377 or FLMP/MEDP 316 or MEDP 311.

#### III ELECTIVE COURSE REQUIREMENTS

(6 cr)

From analytical and/or production electives: At least one elective must be a 300 level or above course.

A) Analytical Electives: FLM 214; FLM 215; FLM 222; FLM 222.52; FLM 232; FLM 299; FLM/MED 315; FLM 322; FLM 324; FLM/MED 326; FLM/MED 327; FLM/MED 328; FLM/MED 332; FLM 344; FLM 391; FLM 399; FLM 401; FLM 402; and FLM 499.

B) Film Production Electives: A second course from the advanced production cluster (FLMP 371, FLM 377, FLMP/MEDP or MEDP 311) may be taken as an elective course or FLMP 286; FLM 299; FLM 341; FLM 372; FLM 381; FLM 382; FLM 383; FLM 384; FLM 399; FLMP 411 and FLMP 498.
MAJOR IN MEDIA STUDIES
(24 cr)
Students must receive a grade of B or better in MED 180 to declare a major in Media Studies. The major must be declared in person with an undergraduate media studies adviser (call (212) 772-4949 to schedule).

In addition to MED 180, students must complete a total of 24 credits at the 200- or 300-level. At least 12 of these credits must be taken in the analytical segment of the curriculum.

FLM/MED 151 is prerequisite to all video production courses, but does not count toward major requirements, and MED 161 is prerequisite to all web and interactive media production courses, but does not count toward major requirements.

A maximum of 6 credits in film courses at the 200 or 300 level, 3 credits of which may be in production, may be applied toward the major in media studies. Students must meet any prerequisites for these courses. Courses in Independent Study, Honors Project, and Internship do not count toward the major. Students must consult a program adviser to plan choice and sequence of courses.

Double Majors
Students may choose to complete a major in the Department of Film and Media Studies and a second major in another department. A student with a double major does not need to complete a minor in a third department. A student cannot declare a double major in film and media studies. Because of the intensive nature of the production courses in both Film and Media Studies, it is strongly recommended that all students take no more than two production courses per semester.

MINOR
Majors in either the Film program or Media Studies program must complete a 12-credit minor in a department or program that leads to a BA degree, which must include 3 credits at the 200 level or higher, and 3 credits at the 300 level. Minors must be completed within one department. Students should consult with a departmental adviser in the choice of a minor. Minor courses can be used without limit to satisfy stages 1, 2, and 3 of the GER. A student cannot major in Film and minor in Media Studies or major in Media Studies and minor in Film.

Minor for Non-Majors
The minor in Film and Media studies consists of 12 credits. See your major department adviser for appropriate course recommendations.

HONORS
To qualify for departmental honors in Film or Media Studies, a student must have a 3.5 grade point average in major courses and a 3.0 grade point average overall. The student must also complete an Honors Project (FLM or MED 402), approved by the Department Policy and Curriculum Committee, with a grade of A, or a 400-level production or analytical seminar course with a grade of A. See the department for more information.

COURSE LISTINGS

**FLM COURSES**

**BASIC COURSES**

**FLM 101 Introduction to Cinema**
GER 2/D PD/D
Fundamental concepts of film and discussion of major critical systems. Screening of relevant films. 3 hrs, 3 cr.

**FLM 151 Introduction to Film and Video Techniques**
Fundamentals of film and video production: essential tools, aesthetic concepts, and techniques. 3 hrs, 3 cr.

**INTERMEDIATE COURSES**

**FLM 201 Practical Film Analysis**
GER 3/A
Close case study of a selected motion picture.
Prereq: FLM 101
3 hrs, 3 cr.

**FLM 211 Film History I: 1895-1942**
GER 3/A PD/D
Survey of film history and theory from the silent era to 1942.
Prereq: FLM 101
4 hrs, 3 cr.

**FLM 212 Film History II: Since 1942**
GER 3/A PD/D
Survey of film history and theory from 1942 to the present.
Prereq: FLM 101
4 hrs, 3 cr.

**FLM 213 National Cinema**
GER 3/A PD/D or A
(213.54 only)
Study of the cultural background, theoretical underpinnings, and artistic practices of a selected national cinema. May be repeated for credit with a different topic.
Prereq: FLM 101
4 hrs, 3 cr.

**FLM 214 Multicultural Perspectives in Cinema**
GER 3/A PD/B (214.51 only)
Study of the contributions of minority groups to filmmaking, including examination of how those contributions have counted stereotypical representations of racial, national, and cultural identity in mainstream cinema. May be repeated for credit with a different topic.
Prereq: FLM 101
4 hrs, 3 cr.

**FLM 215 Women and Film**
GER 3/A PD/C
Films by women directors and the ways women's films counter the dominant patriarchal view of women reflected in commercial cinema.
Prereq: FLM 101
4 hrs, 3 cr.

**FLM 222.00 Topics in Genre Studies**
GER 3/A PD/C
Critical study of generic categories such as the western, horror, comedy, film noir, melodrama, or the musical. May be repeated for credit with a different topic.
Prereq: FLM 101
4 hrs, 3 cr.

**FLM 222.52 Topics in Genre Studies: “The Woman's Film” of the 1940s**
GER 3/A PD/C
This course focuses on "the woman's film," from the forties. Discussion of the "woman's film," an umbrella term for a series of genres (melodrama, gothic film, comedies) in which the woman is the main protagonist as well as the intended spectator.
Prereq: FLM 101
4 hrs, 3 cr.

**FLM 224 Cinematic Space**
GER 3/A
Study of the theories and uses of cinematic space, film design, and the relationship between art direction and film narrative.
Prereq: FLM 101, 201
4 hrs, 3 cr.

**FLM 230 Movies in American Culture**
GER 3/A
Cultural processes that affect the production and reception of movies in the U.S. Interrelationships among the stylistic, thematic, technical, industrial and regulatory aspects of American moviemaking.
Prereq: FLM 101, 211 or FLM 212
3 hrs, 3 cr.

**FLM 231 Studies of Selected Directors**
GER 3/A
Study of aesthetic and cultural implications of authorship as developed and practiced in cinema. May be repeated for credit with a different topic.
Prereq: FLM 101, 201
4 hrs, 3 cr.

**FLM 232 Experimental Film and Video**
GER 3/A PD/D
Historical examination of pertinent films and videos with particular emphasis on current American productions.
Prereq: FLM 101, 201 or 151, MED 151
4 hrs, 3 cr.

**FLMP 251 Film Production I**
Introduction to the fundamentals of filmmaking, writing, cinematography and editing.
Prereq: FLM 101 and 151, MED 151; open to majors only or perm instr.
4 hrs, 3 cr.

**FLMP 276W Screen Writing I — The Short**
Fundamentals of writing for film; critiques of original student scripts.
Prereq: FLM 101, 151; open to filmmedia majors only or perm instr.
4 hrs, 3 cr.

**FLMP 286 Sound for Film and Video I**
Basic sound theory and production sound recording techniques, concentrating on microphones field mixers and recording equipment, boom operation and on-set procedures.
Prereq: FLMP 251 or MEDP 281
3 hrs, 3 cr.
UPPER-LEVEL COURSES

Except as otherwise noted, ENGL 120 is a prerequisite for all 300- and 400-level courses in FILM.

FLM 315 Nonfiction Film and Video
GER 3/A
Study of the history and theory of the nonfiction film and video, with screenings of examples of documentary, propaganda, and direct cinema and video.

Prereq: FLM 101
4 hrs, 3 cr.

FLM 322 Contemporary Film Theory
GER 3/A PD/ D
Survey of current film theory and criticism, including developments in film semiotics, psychoanalytic film theory, feminist film theory, narrative theory, historiography and reception theory.

Prereq: FLM 101, 211 or 212
4 hrs, 3 cr.

FLM 323 Film Technology and Aesthetic Theory
GER 3/A
Study of the relationship between film technology and film theory. May be repeated for credit with a different topic.

Prereq: FLM 101, 201, 251
4 hrs, 3 cr.

FLM 323.51 Aesthetics of Film Sound
GER 3/A
Examination of the history, theory and aesthetics of the relationship between film sound and image.

Prereq: FLM 101, 201
4 hrs, 3 cr.

FLM 324 Narrative Strategies
GER 3/A
Study of narrative techniques in cinema.

Prereq: FLM 101 and 201 or 231
4 hrs, 3 cr.

FLM/MED 326 America in American Film and Video
GER 3/A
Investigation of ways that film and video have dealt with issues of American identity. This course explores how basic American myths have been mobilized to project a particular view of the nation at various historical points.

Prereq: FLM 101, 211 or 212
3 hrs, 3 cr.

FLM/MED 327 Representations of Race and Ethnicity in U.S. Media
GER 3/A PD/B
A historical look at changes and continuities in the social construction of a selected race or ethnicity in movies; advertising, including political campaigns; journalism, and other forms of American popular culture. May be repeated for credit with a different topic.

Prereq: FLM 101
4 hrs, 3 cr.

FLM/MED 328 Images of Resistance in the Developing World
GER 3/A PD/A
Focuses on challenges by developing world films and filmmakers to Western media stereotypes.

Prereq: FLM 101
3 hrs, 3 cr.

FLM/MED 332 Myths and Images in the Media
GER 3/A
Study of film and media as decisive vehicles of myth, imagery and aesthetics in an advanced industrial society.

Prereq: FLM 101
3 hrs, 3 cr.

FLM 333 Styles and Theories of Film Acting
GER 3/A
Study of film acting with regard to theoretical structures and aesthetic practice.

Prereq: FLM 101, 201
4 hrs, 3 cr.

FLM 334 Theatricality and the Presentation of Self
GER 3/A
Examination of the problems of authenticity in the performing self through analysis of representations in film, TV and the everyday.

Prereq: FLM 101, FILM 211 or 212
4 hrs, 3 cr.

FLM 344 History of Cinematography
GER 3/A
Survey class addressing key developments in the history and aesthetics of cinematography.

Prereq: FLM 101, 201, 211 or 212
4 hrs, 3 cr.

FLM 397 Topics in Film History
GER 3/A PD/D
A focused examination of specific issues and moments in film history. May be repeated for credit under a different topic.

Prereq: FLM 101, 201, 211 or 212
4 hrs, 3 cr.

FLMP/MEDP 311 Directing Documentary Video Production
GER 3/A
Exploration of the aesthetics of documentary form that provides students with an in-depth and hands-on understanding of preproduction and production of documentary video.

Prereq: MEDP 281 or FLMP 352; open to majors only or perm. instr.
4 hrs, 3 cr.

FLMP 316 Experimental Modes of Production
GER 3/A
Experimental methods of film and video production, emphasizing innovative and non-traditional formal and conceptual practice.

Prereq: FLMP 251 or MEDP 281 or perm. instr.
3 hrs, 3 cr.
FLM 341 Producing the Film
Contracts, financing, distribution, copyright law, options, acquisition of rights, securities law requirements.
prereq: FLM 251, FLM 276
3 hrs, 3 cr.

FLM 352 Film Production II
Further development of fundamental filmmaking skills: pre-production, directing, and sync sound production techniques.
prereq: FLM 251, FLM 276; open to film/media majors only or perm instr.
4 hrs, 3 cr.

FLM 371 Screen Directing I
Theory and practice of the film director's role as guiding force in creation of visual and aural images.
prereq: FLM 251, FLM 276; open to film/media majors only or perm instr.
4 hrs, 3 cr.

FLM 372 Screen Directing II
Continuation of FLM 371.
prereq: FLM 371 or permission of instructor
4 hrs, 3 cr.

FLM 377W Screen Writing II — The Feature
Continuation of workshop experience with emphasis on full-length screenplay.
prereq: FLM 276
4 hrs, 3 cr.

FLM 381 Techniques of Cinematography
Advanced cinematographic techniques such as sensitometry, effects lighting and special effects.
prereq: FLM 352 or permission of instructor
4 hrs, 3 cr.

FLM 382 Narrative Editing Techniques
Aesthetic concepts and techniques for narrative post-production with practical instruction in digital editing technology and procedures. Students required to bring in footage produced in FLM 352.
prereq: FLM 352 or permission of instructor
4 hrs, 3 cr.

FLM 383 Sound for Film and Video II
Aesthetics of sound design with practical instruction in audio post-production technology.
prereq: FLM 286 or MEDP 286 or perm. instr.
3 hrs, 3 cr.

FLM 384 Film and Video Production
Production of short films with each student assigned to specific crew positions.
prereq: FLM 352, and permission of instructor.
variable hrs, 3 cr.

FLM 391 Problems in Film Research
GER 3/A
Study of basic methods of solving problems in the field of cinema studies.
prereq: FLM 101, 201, 211 or 212
3 hrs, 3 cr.

SPECIAL TOPICS, HONORS, AND ADVANCED STUDIES

FLM 299 Special Topics in Film
GER 3/A
Not offered at all times. A specific topic will be listed in Schedule of Classes for a given semester.
prereq: perm dep.
1-3 hrs, 1-3 cr.

FLM 399 Studies in Film
GER 3/A
Not offered at all times. Specialized topics for majors will be listed in Schedule of Classes for a given semester.
prereq: variable
3 hrs, 3 cr.

FLM 401 Independent Research
Open to majors only. Directed program of reading, research, or creative presentation, arranged on an individual basis.
prereq: perm chair
1-3 cr.

FLM 402 Honors Project
Jr/Sr only. Students must present a proposal for an individual project to be completed under faculty supervision.
prereq: advanced-level courses, 3.0 GPA and 3.3 major GPA perm dep.
3 hrs, 3 cr.

FLM 498 Internship
Opportunity to gain professional experience.
prereq: FLM 101, two other FLM courses or equiv; perm dep and host institution
1-6 cr, 40 working hrs per cr.

FLM 499 Advanced Seminar
Selected topics in cinema studies.
prereq: perm instr.
4 hrs, 3 cr.

FLM 399 Special Topics in Advanced Film Practice
Offered periodically with the specific topic listed in the schedule of classes.
prereq: perm instr.
4 hrs, 3 cr.

FLM 451 Film and Video Production Seminar
Individual student films produced under faculty supervision.
prereq: FLM 352 and perm instr.
5 hrs, 3 cr.

FLM 498 Internship
Opportunity to gain professional experience.
prereq: FLM 101, two other film courses or equiv; perm dep and host institution
1-6 cr, 40 working hrs per cr.

MEDIA STUDIES COURSES

BASIC COURSES

MED 151 Introduction to Film and Video Techniques
prereq: MED 180
3 hrs, 3 cr.

MED 161 Introduction to Digital Media
A hands-on introduction to the tools, techniques, and concepts behind the production of digital media including basic digital imaging, sound production and animation.
prereq: MED 180
3 hrs, 3 cr.

MED 180 Introduction to Media Studies
GER 2/C
Social, political, and economic factors that determine and shape products of media organizations.
3 hrs, 3 cr.

PRACTICE AND PRODUCTION COURSES

MED 180 is a prerequisite for all 200-, 300-, and 400-level MED and MEDP courses.

MED 239W Entertainment Journalism
Development of practical, theoretical, and rhetorical skills for writing reviews and feature stories about entertainment and the arts.
prereq: MED 292
3 hrs, 3 cr.

MEDP 240 Effective Specmaking
Development of skills in spec making and media presentation.
prereq: MED 180
3 hrs, 3 cr.

MEDP 275 Desktop Publishing
An introduction to the aesthetics of print layout and design, using a desktop computer.
prereq: MED 180
3 hrs, 3 cr.

MEDP 278 Interactive Media Production
A focus on the current state of interactive multimedia with an emphasis on DVD and CD-ROM production. Students will create projects integrating video, sound and text.
prereq: MED 161, 180
3 hrs, 3 cr.

MEDP 281 Portable Video Production
Elements of single-camera video production. Lectures and studio practicum.
prereq: FLM 151, MED 151, 180
3 hrs, 3 cr.

MEDP 282 Studio Television Production
Elements of multi-camera studio production. Lectures and studio practicum.
prereq: FLM 151, MED 151, 180
3 hrs, 3 cr.
MEDP 283 Electronic News Gathering
This workshop guides students through the research, writing, digital video production and digital editing of community television news stories.
prereq: MED 281
3 hrs, 3 cr.

MEDP 285 Web Production I
An exploration of the production of Internet distributed media, primarily words and images distributed as Web pages, using HTML and image-manipulation software.
prereq: MED 161
3 hrs, 3 cr.

MEDP 286 Sound for Film and Video I
Basic sound theory and production sound recording techniques, concentrating on microphones, field mixers and recording equipment, boom operation and on-set procedures.
prereq: FLMP 251 or MEDP 281
3 hrs, 3 cr.

MEDP 290W Developing the Documentary
This workshop guides students through the research, writing and production planning essential for creating a video or film documentary.
prereq: MED 180
3 hrs, 3 cr.

MEDP 292W Basic Reporting
Workshop and discussion to provide basic skills of newspaper writing.
prereq: MED 180
3 hrs, 3 cr.

MEDP 293W Advanced Reporting
Intermediate course to advance skills in writing and reporting.
prereq: MEDP 292
3 hrs, 3 cr.

MEDP 294W Magazine Writing
This course prepares students for publishing articles in magazines, feature sections of newspapers and online Internet publications by developing writing portfolios and studying the workings of the publishing industry.
prereq: MEDP 292
3 hrs, 3 cr.

MEDP 295W Online Journalism
Evaluating and employing the Internet as a source of information for journalists, as a subject of journalistic coverage and as a new form of newspaper publication.
prereq: MEDP 292
3 hrs, 3 cr.

MEDP 310 Advanced TV Studio Production
An advanced multi-camera television studio workshop and a continuation of Studio Television Production.
prereq: MEDP 281, 282
3 hrs, 3 cr.

MEDP/FLMP 311 Directing Documentary Video Production
Exploration of the aesthetics of documentary form that provides students with an in-depth and hands-on understanding of preproduction and production of documentary video.
prereq: MEDP 281 or FLMP 352
4 hrs, 3 cr.

MEDP 312 Advanced Documentary Digital Editing
The aesthetic and technical considerations in editing the documentary video using digital equipment.
prereq: MEDP 311 or perm instr.
4 hrs, 3 cr.

MEDP 316 Experimental Modes of Production
Experimental methods of film and video production, emphasizing innovative and non-traditional formal and conceptual practice.
prereq: FLMP 251 or MEDP 281 or perm. instr.
3 hrs, 3 cr.

MEDP 331 Web Production II
An exploration of the production of Internet-distributed media, especially animation, sound, and video, using GIF Animation, Flash, and sound tools.
prereq: MEDP 285
3 hrs, 3 cr.

MEDP 345 Web Design Projects
A project-based class designed to give students the experience of solving practical problems in web production and to add to the advanced student's web design portfolio with a comprehensive project. Students will work independently and in teams on a large-scale collaborative project.
prereq: MEDP 331 or perm instr.
3 hrs, 3 cr.

MEDP 350 Workshop in Public Communication Graphics
In this studio workshop course, questions regarding the communicative powers of visual culture will be applied to the creation of advanced functional design projects.
prereq: MEDP 180, submission of creative portfolio of graphic work (posters, layouts, mangages, three-dimensional objects, or packaging, etc.); for assessment, and perm instr.
4 hrs, 3 cr.

MEDP 372W Investigative Reporting
Understanding and practicing journalism that explores significant social issues and injustices, using diverse sources developed through the enterprise of the reporter.
prereq: MEDP 292
3 hrs, 3 cr.

ANALYTICAL COURSES

MEDP 280 Understanding New Media
GER 3/A
The convergence of media, communications technologies, art, design, and culture. It is intended to familiarize students with important approaches in new media, focusing on the history of the medium and the conceptual history of interactivity in art and communication.
prereq: MEDP 180 or perm instr.
3 hrs, 3 cr.

MEDP 313 The Culture of Publicity
GER 3/A
An in-depth historical understanding of public relations, social image-management, and opinion engineering in the U.S.
prereq: MEDP 180
3 hrs, 3 cr.

MEDP 314W Public Relations: Theory and Practice
GER 3/A
An examination of principal techniques and strategies in public relations, including critical analysis of its social uses.
prereq: MEDP 292
3 hrs, 3 cr.

MEDP 315 Nonfiction Film and Video
GER 3/A
Study of the history and theory of the nonfiction film and video, with screenings and examples of documentary, propaganda and direct cinema and video.
prereq: MED 180
4 hrs, 3 cr.

MEDP/FLMP 326 America in American Film and Video
GER 3/A
Investigation of the ways that film and video have dealt with issues of American identity. This course explores how basic American myths have been mobilized to project a particular view of the nation at various historical points.
prereq: MED 180
3 hrs, 3 cr.

MEDP/FLMP 327 Representations of Race and Ethnicity in U.S. Media
GER 3/A PD/B
A historical look at changes and continuities in the social construction of a selected race or ethnicity in movies; advertising, including political campaigns; journalism; and other forms of American popular culture. May be repeated for credit with different topic.
prereq: MED 180
4 hrs, 3 cr.

MEDP/FLMP 328 Images of Resistance in the Developing World
GER 3/A PD/A
Challenges by developing-world films and filmmakers to Western media stereotypes.
prereq: MED 180
3 hrs, 3 cr.

MEDP 330 Movies in American Culture
GER 3/A
Cultural processes that affect the production and reception of movies in the U.S., interrelationships among the stylistic, thematic, technical, industrial and regulatory aspects of American moviemaking.
prereq: MED 180
3 hrs, 3 cr.

MEDP/FLMP 332 Myths and Images in the Media
GER 3/A
Study of film and media as educative vehicles of myth, imagery and aesthetics in an advanced industrial society.
prereq: MED 180
3 hrs, 3 cr.

MEDP 333 Typing
GER 3/A
A history of the relationship between stereotyping as a social, cultural and psychological language and the rise of modern society.
prereq: MED 180 and either MED 327 or MED 384 or perm instr.
3 hrs, 3 cr.
MED 370 The Press and the Public  
GER 3/A  
Analysis and discussion of relationship of the press to great issues of our time.  
prereq: MED 180  
3 hrs, 3 cr.

MED 371 Television Culture  
GER 3/A  
Theoretical analysis of the production and reception of televised texts, with close reading of particular texts.  
prereq: MED 180  
3 hrs, 3 cr.

MED 373 Journalism as Literature  
GER 3/A  
An examination of the relationships between journalism and literature, including literary journalism, the journalistic prose of major imaginative writers, and the stylistic characteristics of hard-news reporting.  
prereq: MED 180  
3 hrs, 3 cr.

MED 374 Media, Sports, and Society  
GER 3/A  
Examination of the relationship between media and sports and their impact on society. Workings of the present-day sports-television-advertising complex, textual analysis of television sports productions.  
prereq: MED 180  
3 hrs, 3 cr.

MED 375 Media and Politics in the Electronic Age  
GER 3/A  
The impact of the electronic media on American politics.  
prereq: MED 180  
3 hrs, 3 cr.

MED 380 History of Broadcasting  
GER 3/A  
Broadcasting's roots in industrialization and influence on modern society.  
prereq: MED 180  
3 hrs, 3 cr.

MED 381 Propaganda and the Mass Media  
GER 3/A  
Study of mass media (broadcast, film, print) as forms for propaganda.  
prereq: MED 180  
3 hrs, 3 cr.

MED 383 Popular Music and the Music Industry  
GER 3/A  
Exploration of social and cultural significance of popular music; history, structure, and economics of music industry. Particular emphasis on popular music from fifties to present.  
prereq: MED 180  
3 hrs, 3 cr.

MED 384 Women and Media  
GER 3/A PD/C  
Examination, from historical and formal perspective, of ways in which women have been represented by mass media in America since mid-19th century. Exploration of how feminists for 100 years have challenged these images and posited alternative modes of cultural representation and production.  
prereq: MED 180  
3 hrs, 3 cr.

MED 385 Media and Society: Theories, Problems and Approaches  
GER 3/A  
Analysis and assessment of communications and information in the context of a changing industrial environment.  
prereq: MED 180  
3 hrs, 3 cr.

MED 386 Media Ethics  
GER 3/A  
An exploration of the moral issues surrounding media work, including truth-telling, social justice, cultural effects and conflicting rights.  
prereq: MED 180  
3 hrs, 3 cr.

MED 389 Contrasting Media Systems  
GER 3/A  
Contrasts media systems in selected foreign countries from point of view of (1) degree to which system satisfies individual and social needs, (2) degree of government and private control, (3) degree of organizational sophistication and diffusion.  
prereq: MED 180  
3 hrs, 3 cr.

MED 390 Broadcast Journalism  
GER 3/A  
Structure and operations of radio and television news in relation to social, political and economic institutions.  
prereq: MED 180  
3 hrs, 3 cr.

MED 391 History of Print Journalism  
GER 3/A  
Development of newspapers and magazines as social force.  
prereq: MED 180  
3 hrs, 3 cr.

MED 392 Communications, Technology and Change  
GER 3/A  
Examination of media technologies, their development and their impact on quality and organization of human life.  
prereq: MED 180  
3 hrs, 3 cr.

MED 393 Media Criticism  
GER 3/A  
Analyzes advanced approaches to media communication with focus on form and content of particular themes as they are treated by variety of media genres.  
prereq: MED 180  
3 hrs, 3 cr.

MED 394 Mass Communications and the Law  
GER 3/A  
Relationship of mass media to significant constitutional problems.  
prereq: MED 180  
3 hrs, 3 cr.

MED 395 Mass Media in Developing Countries  
GER 3/A PD/A  
Exploration of impact of transnational corporations on developing countries and issues of cultural domination.  
prereq: MED 180  
3 hrs, 3 cr.

MED 396 International Communications  
GER 3/A  
Examination and analysis of policy issues raised by structures, flows, and contents of international communications. Areas covered include print and TV news flows, transnational culture industries, telecommunications and the Internet.  
prereq: MED 180  
3 hrs, 3 cr.

SPECIAL TOPICS, HONORS AND ADVANCED STUDIES

MEDP 299 Special Topics in Media Production  
Taught periodically, with topic listed in Schedule of Classes.  
prereq: MED 180, others variable  
3 hrs, 3 cr.

MEDP 399 Special Topics in Advanced Media Production  
Taught periodically, with topic listed in Schedule of Classes.  
prereq: MED 180, others variable  
3 hrs, 3 cr.

MED 298 Special Topics in Media Studies  
GER 3/A  
Taught periodically, with topic listed in Schedule of Classes.  
prereq: MED 180, others variable  
4 hrs, 3 cr.

MED 299 Special Topics in Media Studies  
GER 3/A  
Taught periodically, with topic listed in Schedule of Classes.  
prereq: MED 180, others variable  
3 hrs, 3 cr.

MED 399 Special Issues in Media Studies  
GER 3/A  
Taught periodically, with topic listed in Schedule of Classes.  
prereq: MED 180, others variable  
3 hrs, 3 cr.

MED 401 Independent Research  
Directed research or creative endeavor.  
prereq: 2 advanced level courses, perm dept.  
1-6 hrs, 1 cr. per hr.

MED 402 Honors Project  
Open to Jr/Sr only. Students must present a proposal for an individual project to be completed under faculty supervision. Successful completion qualifies student for departmental honors at graduation.  
prereq: 3 advanced-level courses; 3.0 GPA and 3.5 major GPA; perm dept.  
3 hrs, 3 cr.

MED 498 Internship  
Opportunity to gain professional experience.  
prereq: MED 180 and 2 other MED or MEDP courses or equiv; perm dept and host institution  
1-6 cr, 40 working hrs per cr.

MED 499 Advanced Seminar  
Readings, discussion, and papers on significant problems in fields of media studies.  
prereq: perm instr.  
3 hrs, 3 cr.
GEOGRAPHY
Department Office: 1006 Hunter North; (212) 772-5265; fax (212) 772-5268
Chair: Joni Seager

</table>

The department offers courses in human geography, physical geography, earth systems science, geographic techniques and methods and geology. Students may major in geography, social studies education options within geography or environmental studies; and they may minor in geography, environmental studies or geology. These areas provide preparation for both graduate study and immediate employment. Courses in all of these fields are valuable parts of a general liberal education, developing an awareness of earth phenomena and the role these play in people's lives.

The Center for Geographic Learning was established in 2004. At the undergraduate level in association with the Hunter College School of Education and the New York City Department of Education, the Center will help prepare students who wish to become teachers of social studies or earth science. See "Options in Social Studies Education within the Geography Major" and "Preparation for Graduate Work in Teaching Earth Science," below.

The social studies education options prepare students for a career in teaching social studies at the grades 1-6 or 7-12 levels. The geography major with electives in PGEO/GTEC and a minor in one of the sciences prepares students to pursue further study leading to a career in teaching earth science. Many of these courses are concerned with the environmental problems that are of so much concern today and can provide part of a well-rounded program of environmental studies.

Revisions in the curricula within the Department of Geography that are currently underway may involve modifications in various requirements. Please consult with the department office for up-to-date information and requirements.

Preparation for Teaching
In cooperation with the School of Education, the department provides opportunities for students to prepare for a career in education. Students interested in this career track should consult the Education pages of this catalog. The following routes are available to qualified students:
1. Geography Major, with a collateral major in QUEST (see listing under Program in Geography).
2. Option in Social Studies within the Geography Major for Childhood Education. Teachers, grades 1-6 with a collateral major in QUEST (see listing under Program in Geography).
3. Option in Social Studies within the Geography Major for Adolescent Education Teachers, grades 7-12 (see listing under Program in Geography).
4. Preparation for the MA program for Teachers of Earth Science (grades 7-12) with a concentration in physical geography, geology, earth science or environmental science (see listing under Program in Geology).

New Course Prefixes
Some course prefixes have changed, effective fall 2008. New prefixes are used in the course descriptions below.
For example:
Old: ..............................................GTECH, PGEOD, POLSC, ANTHEC
New: ................................................GTEC, PGEOD, POLSC, AN-C

PROGRAM IN GEOGRAPHY
Students who expect to do graduate work in geography are advised to take courses in statistics and/or computer science. We suggest, but do not require, that those planning to continue to the doctoral level fulfill the GER Foreign Language Requirement with the language of the area of regional specialization.
Major in Geography

(30 cr)

PGE 130 .............................................. 4 cr
GTEC 201 .............................................. 4 cr
GEOG 221 .............................................. 4 cr
One regional geography course .......................... 3 cr

A minimum of 15 additional credits consisting of
0-6 credits selected from 200-level courses with a
PGE, GTEC, GEOG or GEOL prefix; and a
minimum of 9 credits selected from 300-level
courses with a PGE, GTEC or GEOG prefix
(except GEOG 391, 392 and 393 and PGE 391,
392 and 393) or LACS 330.

It is recommended, but not required, that
general geography majors use GEOL 101, 102, STAT 113
or 213 to satisfy a portion of the General
Education Requirement.

Note that GEOG 101 is a prerequisite to
GEOG 221, but does not count toward the
major.

Minors

Geography majors may minor in a wide variety of
fields but must secure permission from their
major advisor. For students preparing to become
teachers of social studies, education is an appro-
priate minor. For students wishing to concentrate
in the areas of geomorphological studies, environ-
mental geology or environmental geoscience, it is
recommended that a minor in geology, composed
of 200- and 300-level GEOL courses, be selected
and approved courses from cognate fields be
employed to satisfy general education and elective
credit requirements. For information concerning
approved courses in the minor, students should
consult a departmental advisor.

Minor in Geography for Non-Majors

A minor in geography consists of a minimum of
12 credits approved by the student's major depart-
ment. Because of the nature of this field of study,
geography is a very appropriate minor for major
programs. By choosing a concentration from any
of the three course prefixes (GEOG, PGE or
GTEC) or by combining courses from two or
more prefixes, a student will be able to create a
focused program of study that will enhance that
student's major. For specific recommendations see
the Geography undergraduate advisor.

Options in Social Studies Education
within the Geography Major

In cooperation with the School of Education, the
Department of Geography provides opportunities
for students to prepare for a career in teaching
social studies in grades 7-12. Students may choose
to complete the geography major as described
above, in addition to successful completion of the
QUEST program. Interested students may also
choose to complete the course of study outlined
below. The option in Social Studies for
Childhood Education is available only to students
who are accepted into the QUEST program.

1. Option in Social Studies within the
   Geography Major for Childhood
   Education Teachers

   Program Prerequisites .......................... 9 credits
   HIST 151 The United States from the
   Colonial Era to the Civil War ............. 3
   HIST 152 The United States from the Civil
   War to the Present ............................ 3
   GEOG 150 World Regional Geography ....... 3

   Required Courses .............................. 18 credits
   HIST 111 World History to 1500 .............. 3
   HIST 112 World History from 1500 to the
   Present ........................................... 3
   GEOG 241 Population Geography ............ 3
   GEOG 251 Geography of the United States
   and Canada ...................................... 3
   GEOG 260 Geography of New York
   State .............................................. 3
   PLSC 111 American Government and
   Politics .......................................... 3

   Elective Courses ............................... 9 credits
   Choose any three of the following (at least
   one in History):
   HIST 353 History of New York City ......... 3
   HIST 358 20th Century United States ......... 3
   GEOG 341 Urban Geography .................. 3
   GEOG 342 Geography of International
   Migration and Ethnicity .................... 3
   Or
   PLSC 110 American Government: A
   Historical Introduction ..................... 3
   GEOG 347 Cultural Geography ............... 3

   Required Capstone Course ................. 3 credits
   GEOG 380 Seminar in Geographic Concepts
   and Methodology .............................. 3

2. Option in Social Studies within the
   Geography Major for Adolescent
   Education Teachers

   In cooperation with the School of Education, the
   Department of Geography provides opportunities
   for students to prepare for a career in teaching
   social studies in grades 7-12. In addition to
   mandatory course work provided by the School of
   Education, interested students must complete the
   course of study outlined below. At least 18 credits
   of these courses or equivalents must be satisfac-
   tory completed (grade of C or better) before
   the student enrolls in the social studies methods
   courses. These courses may also be used to satisfy
   Core and Pluralism and Diversity requirements.
   Refer to the section in this catalog specific to pro-
   grams in the School of Education. Transfer stu-
   dents who enter Hunter College with more than
   90 credits or who will exceed 90 credits in com-
   pleting the prerequisites for this option in the
   Geography major, cannot apply for the
   Adolescent Education program of the School of
   Education. They may still complete this option
   within the Geography major but must complete a
   Master of Arts degree in Adolescent Education
   before certification as a New York State teacher.

   Prerequisites for the Major .................. 9 credits
   HIST 151 The United States from the
   Colonial Era to the Civil War .............. 3
   HIST 152 The United States from the Civil
   War to the Present ............................ 3
   GEOG 150 World Regional Geography ....... 3

   Requirements for the Major ................. 36 credits
   PLSC 111 Introduction to American
   Government and Politics .................... 3
   Or
   PLSC 110 American Government: A
   Historical Introduction ..................... 3
   ECON 100 Introduction to Economics ...... 3
   GEOG 241 Population Geography ............ 3
   GEOG 251 Geography of the United States
   and Canada ...................................... 3
   HIST 111 World History to 1500 ............ 3
   HIST 112 World History from 1500 to the
   Present ........................................... 3
   Two of the following history courses (at least
   one at the 300 level):
   HIST 250.66 Introduction to Caribbean
   History ............................................ 3
   HIST 277 Asian Civilization ................. 3
   HIST 278 Modern Asian Civilization ........ 3
   HIST 288 History of Africa to the 19th
   Century ........................................... 3
   HIST 289 Africa in the 19th and 20th
   Centuries ......................................... 3
   HIST 317 History of the American City .... 3
   HIST 353 History of New York City ....... 3
   Two of the following geography courses (at least
   one at the 300 level):
   GEOG 270 Mexico, Central America and the
   Caribbean ........................................... 3
   GEOG 271 South America ..................... 3
   GEOG 275 Sub-Saharan Africa ................ 3
   GEOG 277 East Asia ............................ 3
   GEOG 278 Russia and Central Asia ......... 3
   GEOG 328 Urban Environmental Problems:
   Evaluations and Solutions .................. 3
   GEOG 341 Urban Geography .................. 3
   GEOG 342 Geography of International
   Migration and Ethnicity .................... 3

   One 3-credit course in cultural anthropology
   (AN-C) or sociology .......................... 3

   Capstone course:
   GEOG 380 Seminar in Geographic Concepts
   and Methodology .............................. 3
ENVIRONMENTAL STUDIES MAJOR

The major offers two concentrations which are organized to promote an intensive understanding of contemporary physical science, specifically earth system science as it relates to environmental issues, and an intensive understanding of a system-based approach to the dynamic nature of human-environmental interactions particularly as manifest in contemporary politics and economics. The concentrations are Environmental Earth Science and Environmental Management and Policy. It is suggested that students select a concentration as they enter the major with the understanding that the choice is not final at this stage and students can switch concentrations as they advance in the program. To aid in this process, the curriculum offers a common core of required courses, as well as sufficient overlap within the required elective courses. It is strongly recommended that students considering this major meet with the adviser to discuss their interests and program of studies as courses may be added or deleted as the college's and department's offerings change. One or more courses not listed below may be included in a student's concentration with the advice and consent of the adviser.

A. Environmental Earth Science Concentration

Required courses:

- CHEM 102/103 General Chemistry I …..4.5*
- CHEM 104/105 General Chemistry II …..4.5*
- GEOG 226 Environmental Conservation: Resource Management …..3
- PEGO 250 Earth System Science I …..3.5
- PEGO 251 Earth System Science II …..3.5

Required Capstone Course …..3-5 credits

- PEGO 490 Honors or PEGO 498 Internship …..3

Total required credits …..22-24

* CHEM102/103 plus CHEM 104/105 constitute one year of general chemistry for science majors

Electives:

A minimum of 18 credits from the list below. 12 credits must be taken at the 300-level or higher. Electives are not counted towards the minor requirements.

Note: It is strongly recommended that students take STAT 113 Probability and Statistics.

- CMHE 325 Environmental Public Health Problems …..3
- GEOG 241 Population Geography …..3
- GEOG 328 Urban Environ. Problems: Evaluations & Solutions …..3
- GEOG 335 International Pollution Issues …..3
- GEOG 341 Urban Geography …..3
- GEOG 370 Geography of Sustainable Development …..3
- GEOG 371 Rural Water Supply in Developing Regions …..3
- GEO 205 Environmental Geology …..3
- GEOL 334 Coastal Geomorphology …..3
- GEOL 383 Special Topics in Geology and Oceanography …..3
- GTEC 321 Remote Sensing of the Environment …..3
- GTEC 385 GIS Applications …..3

B. Environmental Management and Policy Concentration

Required courses:

- CHEM 102/103 General Chemistry I …..4.5*
- CHEM 104/105 General Chemistry II …..4.5*
- GEOG 226 Environmental Conservation: Resource Management …..3
- PEGO 250 Earth System Science I …..3.5
- PEGO 251 Earth System Science II …..3.5

Capstone course:

- PEGO 490 Honors …..3
- or PEGO 498 Internship …..5

Total required credits …..22-24

* Graduate course. See 2006-2007 graduate catalog. Available to upper seniors or with instructor permission. Students who wish to take a 700-level course to satisfy the major must obtain permission from both the environmental studies adviser and the offering department.

Internships

Students can receive from one to four credits for internships in government agencies, consumer and activist groups, business and industry and media organizations involved in environmental issues (e.g., Council on the Environment of NYC, Energy Task Force, NY State Assembly, Sierra Club, International Earthcare Center, NY State Department of Energy, Brooklyn Union Gas, NYC Department of Environmental Protection and the American Museum of Natural History).

Minors for Environmental Studies Majors

The course requirements for minors can be modified only in consultation with and approval of the program adviser. Minors in disciplines not listed are possible only with permission of the program adviser. Courses taken for the minor may not also be counted towards the elective requirements.

Courses …..Credits

- Biology: BIOL 100, 102, 250 or 304 …..12
- Chemistry: CHEM 120/121, CHEM 222/223, CHEM 376 or 295 …..12-13
- Computer Science: CSCE 135, 235, 335, 340 or 435 …..12
- Economics: ECO 200, 201, 330, one additional course with adviser approval …..12
- Mathematics/Statistics: MATH 125, 126, 150, 153, 160 …..12.5
- STAT 212, 213, 214 …..13
- Physics: PHYS 110 or PHYS 111, PHYS 120 or PHYS 121 and one intermediate or advanced level PHYS course …..12-15
Political Science: PLSC 111 or 211, PLSC 244, 273, 348 ................................................... 12
Urban Studies: URBS 310, 401, 723, 734 .......... 12

Note: These courses maintain prerequisites and/or conditions of instructor’s permission. 700-level courses are typically open only to upper seniors.

Minor in Environmental Studies for Non-Majors
The minor consists of a minimum of 12 credits approved by the student’s major department that may include any required or elective course for the environmental studies major.

Minor in Geology for Non-Majors
A minor in geology consists of 12 credits selected from GEOL prefix courses, PGE 231, 394 and GTEC 350 and approved by the student’s major department. If after taking a number of geology courses at Hunter, a student wishes to concentrate in geology, it is recommended that the student transfer to a unit of CUNY offering a geology major or take courses on permit at other CUNY units as elective credits.

Preparation for Graduate Work in Teaching Earth Science
For students planning to pursue an MA degree for teachers of earth science, grades 7-12, it is recommended that they complete the following undergraduate work: a baccalaureate degree with a grade point average of 2.8 or better in their science courses and in their overall undergraduate work; a major of at least 30 credits in arts and sciences.

At least 21 credits in geology, physical geography, earth science or environmental science, including geographic techniques; general education core in the liberal arts and sciences that includes 6 credits in English, 6 credits in mathematics/technology, 6 credits in social studies (to include at least one course in U.S. history or geography), 6 credits in the arts and 6 credits in a language other than English. It is recommended, but not required, that the criteria above be satisfied using electives selected from GEOL, PGE and GTEC courses; a minor in geology; GER core requirement laboratory science chosen from chemistry, physics or biology and GER core requirement non-laboratory science chosen from astronomy, oceanography, statistics or mathematics. For further information on the education requirements, students should see an adviser in the School of Education.

Honors Work and Individual Study
To graduate with departmental honors, a major in the geography or environmental studies program must be admitted to GEOG 490 or PGE 490 and have a 3.0 cumulative GPA and a 3.5 GPA in the major. GEOG 391, 392, 393; GEOL 391, 392, 393; and PGE 391, 392, 393 also offer students the opportunity of undertaking individual research in geography, geology or environmental studies.

Fieldwork
Several courses offer students an opportunity to study geography, geology and environmental situations in the field. They are usually offered during intersession periods, summer sessions or on weekends (consult Schedule of Classes). In addition to the regular field courses, special-topic field courses are offered periodically and fieldwork is conducted in connection with a number of other courses. The department participates in the Study Abroad Program. It offers a field geography of selected world regions course (check with adviser for current location). An additional fee for transportation, lodging and food allowance is attached to these courses, depending on the focus of the course and its itinerary.

Graduate Study
Graduate-level courses may be taken for credit toward the bachelor's degree by highly qualified seniors. Written permission must be obtained from the undergraduate and graduate advisers.

Intern Program
Internship (GEOG 498, PGE 498) provides opportunities for qualified majors and minors in both geography and environmental studies to work in positions of responsibility in professional institutions while earning from 1 to 4 academic credits. See a departmental adviser for details.

COURSE LISTINGS

GEOGRAPHY

GEOG 101 People and Their Environment
GER 2/B
Survey of earth environment (atmosphere, land, water); how it varies spatially and how people interact with it. Contemporary economic, political and social patterns and problems are discussed.
3 hrs, 3 cr.

GEOG 150 World Regional Geography
GER 2/B PD/A or D
A survey of the world’s major regions. Geographic concepts and principles are used to study the physical, economic, social and political conditions and problems in the culturally diverse world. Spatial expression of culture; specialized behavior patterns; adaptations and way of life in distinct environments. Regional interdependence; implications for development.
prereq: ENGL 120
3 hrs, 3 cr.

GEOG 221 Economic Geography
GER 3/B
Not open to freshmen. Geographic factors influencing economic activity. Spatial organization of society. Location theories are stressed. Locational and commodity flow, analysis; regional economic development.
prereq: GEOG 101 or perm instr.
5 hrs (3 lec, 2 lab), 4 cr.

GEOG 226 Environmental Conservation: Resource Management
GER 3/B
3 hrs, 3 cr.

GEOG 227 Environmental Conservation: Urban Problems
GER 3/B
Impact of people on nature, spatial distribution, quality and adequacy of major physical resources of urban areas.
3 hrs, 3 cr.

GEOG 241 Population Geography
GER 3/B PD/B or C
prereq: GEOG 101 or GEOG 150 or perm instr.
3 hrs, 3 cr.

GEOG 251 Geography of the United States and Canada
GER 3/B
Analysis of the relationship of natural environment to economic, social and political life of North America. Emphasis on U.S.
prereq: GEOG 101 or GEOG 150 or perm instr.
3 hrs, 3 cr.
GEOG 260 Geography of New York State
GER 3/B
Analysis of relationship of natural environment to economy and settlement pattern of the state.
Land use, environmental problems.
prereq: GEOG 101 or GEOG 150 or perm instr.
3 hrs, 3 cr.

GEOG 270 Regional Geography of Mexico, Central America, and the Caribbean
GER 3/B P/D/A
Analysis of relationship of natural environment to economic, social and political life of Mexico, Central America and West Indies.
3 hrs, 3 cr.

GEOG 271 Regional Geography of South America
GER 3/B P/D/A
Analysis of relationship of natural environment to economic, social and political life of South America.
3 hrs, 3 cr.

GEOG 274 Regional Geography of the Middle East and North Africa
GER 3/B P/D/A
Analysis of relationship of natural environment to economic, social and political life of Middle East and North Africa.
3 hrs, 3 cr.

GEOG 275 Regional Geography of Sub-Saharan Africa
GER 3/B P/D/A
Analysis of relationship of natural environment to economic, social and political life of Africa south of Sahara.
3 hrs, 3 cr.

GEOG 277 Regional Geography of East Asia
GER 3/B P/D/A
Analysis of East Asia's potentials in terms of natural resources, population, industry and agriculture, with emphasis on China.
3 hrs, 3 cr.

GEOG 278 Regional Geography of Russia and Central Asia
GER 3/B P/D/A or D
Analysis of the relationship of the natural environment to economic, social and political life of Russia, the former Soviet republics of Central Asia and Mongolia.
3 hrs, 3 cr.

GEOG 321 Transportation Geography
GER 3/B
A geographic study and modeling of transportation routes and their influences on the location of economic activity.
prereq: GEOG 221 or perm instr.
3 hrs, 3 cr.

GEOG 328 Urban Environmental Problems: Evaluations and Solutions
GER 3/B
Open to Jr/Sr only. The special environmental problems of urban and metropolitan areas will be studied, including water supplies, waste management, environmental impact and waterfront use. Natural physical processes, methodologies and techniques will be reviewed and applied to decision making. Transportation fee for field work may be required.
prereq: GEOG 101 or GEOG 150 or URBS 101 and Jr/Sr standing
3 hrs, 3 cr.

GEOG 334 Political Geography
GER 3/B
Open to Jr/Sr only. Impact of environment on centrifugal and centripetal forces involved in well-being of states. Nation-states; law of the seas.
prereq: GEOG 101
3 hrs, 3 cr.

GEOG 335 International Pollution Issues
GER 3/B
A study of international transboundary pollution and the science, source terms, transport pathways and international impacts of contamination events. The regional focus will change yearly pending current global environmental events.
prereq: GEOG 101 or GEOI 101 or PGEO 130 or perm instr.
3 hrs, 3 cr.

GEOG 341 Urban Geography
GER 3/B
Open to Jr/Sr only. Spatial analysis of functions of metropolitan areas. Social and economic characteristics of cities and suburbs. Land use and transportation patterns.
prereq: GEOG 101 or GEOG 150 or perm instr, Jr/Sr only
3 hrs, 3 cr.

GEOG 342 Geography of International Migration and Ethnicity
PD/B
Quantitative and qualitative examination of historic and contemporary international migration patterns. Spatial demographic implications of immigration policy in the United States with a focus on major urban centers. Comparative analysis of ethnic and racial minorities in the United States.
prereq: GEOG 241 or perm instr.
3 hrs, 3 cr.

GEOG 343 Urban Geographic Theory
GER 3/B
Spatial analysis of contemporary and theoretical urban analysis concerning the economic growth, transportation, land use, social segregation and political fragmentation in metropolitan areas.
prereq: GEOG 341 or equiv.
3 hrs, 3 cr.

GEOG 347 Cultural Geography
GER 3/B
Open to Jr/Sr only. Environmental impact of culture. Diffusion theory; Culture groups; language; architecture; landscapes. Perception.
prereq: GEOG 101 or GEOG 150 or perm instr, Jr/Sr only
3 hrs, 3 cr.

GEOG 357 Geography of New York City and Vicinity
GER 3/B
Open to Jr/Sr only. An analysis of the relationship of the natural environment to the economic and settlement pattern of the New York metropolitan region over time, with emphasis on New York City.
prereq: GEOG 101
3 hrs, 3 cr.

GEOG 370 Geography of Sustainable Development in Developing Countries
GER 3/B P/D/A
Analysis of factors that influence sustainable development, e.g., available resources, environment, population, food production and water supply in developing countries.
prereq: one of the following: GEOG 101, 150, 270, 271, 275, 277 or perm instr.
3 hrs, 3 cr.

GEOG 371 Rural Water Supply in Developing Regions
GER 3/B P/D/A
The quality, problems, management and sustainability of rural water supply and sanitation in developing countries.
prereq: GEOG 101, 150, 270, 271, 275, 277 or perm instr.
3 hrs, 3 cr.

GEOG 372 Field Geography of Peru
GER 3/B
Regional field study of the geography of Peru. Topics include physical, environmental, historical, cultural, urban, political, agricultural, religious and economic geographies in various ecological zones. Taught in English. Fee for transportation and accommodations required. Completing GEOG 101 or GEOG 101 or PGEO 130 prior to enrollment is strongly recommended.
prereq: acceptance into Peru Study Abroad Program
coreq: GEOG 271 or dept. perm.
90 hrs of fieldwork, 3 cr.

GEOG 380 Seminar in Geographic Concepts and Methodology
GER 3/B
Open to Jr/Sr only. Investigations of evolution, conceptual framework and methodological approaches of modern geography.
prereq: perm instr.
3 hrs, 3 cr.

GEOG 381, 382, 383 Special Topics in Geography
GER 3/B
Open to Jr/Sr only. Topics to be announced.
prereq: GEOG 101, 200-level course of which special topic is logical outgrowth, perm instr.
1-4 hrs (lec or decklab), 1-3 cr.

GEOG 391, 392, 393 Individual Study in Geography
GER 3/B
Individual studies and readings, with lab or field-work where appropriate, carried out under faculty guidance.
prereq: 2 sem of geography, perm dept.
1-3 cr.

GEOG 490 Honors in Geography
GER 3/B
Upper Jr/Sr geography majors only. Individual research to be carried on under faculty guidance. Results must be embodied in an honors essay or equivalent.
prereq: perm dept.
1 sem, 3 cr.

GEOG 498 Internship
Open to qualified geography majors and minors, upper Jr/Sr only. Opportunities for working in positions of responsibility in professional institutions for academic credit. See undergraduate adviser.
1-4 cr.
PHYSICAL GEOGRAPHY

PGE 334 Coastal Geomorphology
See GEOL 334

PGE 490 Honors in Environmental Studies
Open to upper Jr/Sr environmental studies majors only. Individual research to be carried out under faculty guidance. Results may be embodied in an honors essay or equivalent.

PGE 498 Internship in Environmental Studies
Open to qualified environmental studies majors and minors. Upper Jr/Sr only. Opportunities for working in positions of responsibility in professional institutions for academic credit. See environmental studies faculty advisor.

1-4 cr.

GEOGRAPHIC TECHNIQUES AND METHODS

GTEC 201 Introduction to Geographic Methods
An introduction to various methods for interpreting and analyzing spatial data including spatial statistics, cartography, GIS, remote sensing and survey research.

pre- or coreq: GEOG 101 or GEOG 150 and MATH 101 or equiv. or perm instr.
6 hrs (2 lec, 4 lab), 4 cr.

GTEC 301 Quantitative Methods in Geography
Open to Jr/Sr only. Process of spatial analysis. Application of scientific methods to geographic research; sampling; distribution measurement; statistical analysis of spatial data.

preq: GTEC 201, STAT 113 or 213 or perm instr.
3 hrs, 3 cr.

GTEC 320 Earth from Above
Techniques of aerial photograph interpretation. Interpretation sequence; direct measurement; methodology.

preq: GTEC 201
6 hrs (2 lec, 4 lab), 4 cr.

GTEC 321 Remote Sensing of the Environment
Fundamental concepts of remote sensing of the environment, satellite sensor systems and their applications, and basic concepts of image analysis.

preq: GTEC 320 or perm instr.
4 hrs (2 lec, 2 lab), 3 cr.

GTEC 322 Digital Image Processing
Quantitative processing of digital imagery, enhancement, information extraction, classification, algorithms, registration, rectification lab exercises.

preq: GTEC 321, and multivariate statistics, elementary linear algebra or perm instr.
4 hrs (2 lec, 2 lab), 3 cr.
GEOLOGY

GEOL 101 Fundamentals of Geology
GER 2/E
Plate tectonic theory, volcanism, earthquakes, continental drift, mountain-building. Mineral deposits, fossil fuels. Erosional processes, agents. Hazards. Lab: study of minerals, rocks, maps. Field trips may be required; transportation fee. 6 hrs (3 lec, 3 lab), 4.5 cr.

GEOL 102 Plate Tectonics and the Earth’s Evolution
GER 2/E
Study of earth from solar system’s inception to present. Evolution of its crust, atmosphere, hydrosphere. Record of life. Lab: study of fossils, sedimentary facies, cross-sections, maps. Field trips may be required; transportation fee.

prereq: GEOL 101
5 hrs (3 lec, 2 lab), 4 cr.

GEOL 105 Introduction to Environmental Geoscience
Introduction to environmental geoscience focusing on aspects of global change and the interrelationship of earth systems. Review of the evolution of the earth from its origins to potential future developments; environmental problems and issues.

prereq: ENGL 120
3 hrs, 3 cr.

GEOL 180 Introduction to Oceanography
GER 2/E
Properties of sea water, description of the state and biology of the oceans, ocean floor topography, basic ocean currents and general circulation, methods of exploration and research. No lab component.

3 hrs, 3 cr.

GEOL 205 Environmental Geology
GER 3/B
Geology’s role in understanding and solving such problems as hazards, water supply, drainage, construction, waste disposal and health. Land use analysis and planning.

prereq: GEOL 101
3 hrs, 3 cr.

GEOL 231 Principles of Geomorphology
GER 2/E or 3/B
Study of landforms and their evolution. Emphasis is placed on topographic expression of geologic structures and features.

prereq: PGEOL 150 or GEOL 101
4 hrs (2 lec, 2 lab), 3 cr.

GEOL 280 Marine Geology
GER 3/B
Morphology of ocean floor. Genesis and distribution of marine sediments. Use of geophysical and oceanographic data.

prereq: GEOL 102 or perm instr.
3 hrs, 3 cr.

GEOL 332 Hydrology
See PGEOL 332

GEOL 334 Coastal Geomorphology
GER 3/B
A study of the basic processes shaping the coast and the resulting form; surficial morphology and internal geometry of such forms as cliffs, dunes, beaches and near shore bars. Map exercise and a one-day field trip.

prereq: GEOL 231 or PGEOL 231 or equiv. or perm dept.
3 hrs, 3 cr.

GEOL 380 Advanced Oceanography: Chemistry and Physics of the Oceans
GER 3/B
Examination of the physics and chemistry of oceans. Completion of GEOL 180 prior to enrollment is strongly recommended.

prereq: one sem CHEM or PHYS, MATH 150 or equiv.
3 hrs., 3 cr.

GEOL 381, 382, 383 Special Topics in Geology and Oceanography
GER 3/B
Intensive courses in various aspects of geology or oceanography. Topics to be announced.

prereq: 200-level course of which special topic is logical outgrowth; perm instr.
1-4 hrs (lec or lec/lab), 1-3 cr.

GEOL 391, 392, 393 Individual Study in Geology
Individual studies and readings, with lab or fieldwork where appropriate, carried out under faculty guidance.

prereq: 2 sens of geology, perm dept.
1-3 cr.

Courses Not Offered During 2007-2010:
GEOG 210 Elementary Field Geography
GEOG 211 Field Geography of New York City and Vicinity
GEOG 242 Medical Geography
GEOG 272 Regional Geography of Europe
GEOG 360 Geography of Religion
PGEOL 212 Geography of Soils and Vegetation
GEOG 211 Field Geography of New York City and Vicinity
GEOG 233 Geology of North America
GEOG 246 Sedimentology
GEOG 248 Principals of Stratigraphy
The German department offers courses in the language, literature, and cultures of the German-speaking countries to help students reach high levels of linguistic and cultural proficiency and excel in the field of German studies.

The language and literature curriculum is designed to guide students in a professional, research-based manner from their current levels in the language through well-defined stages of proficiency in speaking, reading, writing, and comprehension so that they will reach college-level literacy in German.

Students who complete the elementary and intermediate course sequence (language requirement) can expect to reach a real ability to function in standard situations in a German-speaking environment and to have a solid base for the further study of German.

Students who complete advanced language, literature, and culture courses will gain an understanding and appreciation of German literature and civilization, past and present, will comprehend spoken and written German to a level that they can understand major works of German prose, drama, and poetry and will be well on their way towards the linguistic and cultural capacity for intellectual discourse in written and spoken German.

In teaching and scholarship, faculty serve as mediators between the American and German-language cultures. They have a broad first-hand knowledge of German cultural texts, traditions, issues and trends so that they can support students with diverse interests relating to the German language and cultures and thus help Hunter students in all their endeavors pertaining to things German.

The German Department also offers courses in German literature in English translation for students who have no knowledge of the German language. These courses cannot be applied to the foreign language requirement, nor to the regular German major.

### Foreign Language Requirement

1. Students who begin German as a new language will fulfill the foreign language requirement by taking 12 credits in the elementary/intermediate language sequence: GRMN 101-102 (or 103), 201-202 (or 203).

2. Students who enter with one or more years of high school German must take all the credits they need so that they can pass GRMN 202 (or 203).

3. Students who enter with four years of high school German may be exempted from the foreign language requirement (see the General Education Requirement section of this catalog).

### Placement

Students who have some knowledge of German should consult with one of the departmental advisers or the chair for placement in a class that is appropriate for them.
MAJOR

The major consists of 24 credits chosen from the following courses:

Advanced courses in language, level I:
- GRMN 301, 302, 310, 312, 313

Advanced courses in literature, level I:
- GRMN 320, 321, 322, 323, 327, 328, 334, 335, 336, 339

Advanced courses in literature, level II:
- GRMN 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 353, 359

Advanced courses in language, level II:
- GRMN 381, 383

Special projects: GRMN 444, 491, 492, 493, 498

At least 12 credits must be earned by taking classes numbered between 320 and 359 or 444.
At least three of these 12 credits must be from classes numbered between 341 and 359 or 444.

Students should consult a department advisor to plan their course of studies in German. Students who begin German in college may count GRMN 201 and GRMN 202 (or GRMN 203) as major courses.

Preparation for Teaching in Grades 7-12

In cooperation with the School of Education, the program in German provides opportunities for students to prepare for a career in teaching German in grades 7-12. Students preparing to teach German must complete a 33-credit major option (Option 2) for teaching that includes the 24-credit sequence (Option 1) taken by nonteaching majors plus 9 additional credits: GRMN 399 and 6 additional credits in advanced GRMN language and literature courses in the German Department between GRMN 301 and GRMN 444 or GRMN 240, 241 or 300-level courses related to German studies offered in other departments (with prior approval by the chairperson of the German Department). Students interested in teaching German in New York schools may count the 23-credit pedagogical sequence for grades 7-12 as a minor. This minor may count toward the course requirements for New York State Certification but will not by itself be sufficient for certification. Students interested in a teaching career should consult with the School of Education. All students who want to pursue a teaching certificate in German must take an oral examination with the German Department. See the School of Education section of this catalog for further information.

MINOR

German majors may select a 12-credit minor in any department or program that leads to a BA degree. The courses must be approved by an adviser or the chair of the German Department.

Recommended Minor for Non-Majors

A German minor consists of 12 credits; at least 6 credits should be in advanced courses (GRMN 301-359 or 444). Students who elect to minor in German should consult their major department for approval.

ELECTIVES

All courses offered are open to all qualified students as electives. For placement, consult a departmental adviser or the department chair.

HONORS, TUTORIALS

Consult the department chair for these special programs. In order to graduate with departmental honors the student has to write a thesis essay in GRMN 491. Please check under “Academic Honors” for exact details. Students who qualify can be elected to the German Honor Society Sigma Epsilon Phi. Please consult the department for exact requirements.

STUDY ABROAD

The German Department sponsors a summer study abroad program in Kassel, Germany, for students at all levels.

Exchange Program with Pädagogische Hochschule Karlsruhe, Germany

The German Department has a semester-long or year-long exchange program with the Pädagogische Hochschule Karlsruhe. Substantial financial support is available. Please consult the department for details.

International Examinations

The German Department is a testing site for the “Zertifikat Deutsch” and “Zentrale Mittelstufenprüfung”. These examinations are given world-wide by the Goethe Institute, the cultural arm of the German government.

COURSE LISTINGS

Note: GRMN 101 is not credited without GRMN 102. All other courses are credited singly.

BEGINNING COURSES

GRMN 101 Elementary German I
Not credited without GRMN 102. Practice in 4 basic skills of speaking, reading, writing and comprehending German. For beginners.
- 3 hrs, 3 cr.

GRMN 102 Elementary German II
Continued practice in speaking, reading, writing and comprehending German.
- prereq: GRMN 101 or equiv.
- 3 hrs, 3 cr.

GRMN 103 Intensive Elementary German
Intensive practice in 4 basic skills of German. Covers material of GRMN 101 and 102 in one semester.
- 6 hrs, 6 cr.

GRMN 111 Elementary German for Reading Purposes
Basic grammar for reading knowledge of German. Reading and translation of short texts on a variety of topics.
- 3 hrs, 3 cr.

GRMN 112 Intermediate German for Reading Purposes
Intensive reading of increasingly difficult works in German on literary, cultural and scientific topics.
- prereq: GRMN 111 or equiv.
- 3 hrs, 3 cr.

GRMN 201 Intermediate German I
Practice in comprehending and communicating in German at the intermediate level. Review of basic structures and study of advanced grammar topics.
- prereq: GRMN 102 or equiv.
- 3 hrs, 3 cr.

GRMN 201.50 Intermediate German Workshop I
Additional practice in spoken and written German. Intended to improve the speaking skill of students taking GRMN 201.
- coreq: GRMN 201
- 1 hr, 1 cr.

GRMN 202 Intermediate German II
Grammar review and composition. Reading and discussion of selected literary texts.
- prereq: GRMN 201 or equiv.
- 3 hrs, 3 cr.

GRMN 202.50 Intermediate German Workshop II
Intermediate conversation course open to students enrolled in GRMN 202. Conversation on topics from everyday life in modern Germany.
- coreq: GRMN 202
- 2 hrs, 2 cr.

GRMN 203 Intensive Intermediate German
Covers material of GRMN 201 and 202 in one semester.
- prereq: GRMN 102, 103 or equiv.
- 6 hrs, 6 cr.
GRMN 211 Advanced German Reading
Extensive reading of difficult German texts in various fields of the humanities, arts and sciences.
prereq: GRMN 112 or equiv.
3 hrs, 3 cr.

ADVANCED COURSES
(Conducted in German)
A varying selection of the following courses will be offered in alternate years in accordance with student needs. Please consult the chair of the department or a departmental adviser for specific details.

GRMN 301 Advanced German Comprehension and Conversation
GER 3/A
Intensive practice in reading and listening to German texts and in conversational German; some essay writing.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 302 Advanced German Conversation and Composition
GER 3/A
Intensive practice in speaking and writing German.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 303 Advanced Studies in German Language
GER 3/A
Intensive language study in a German speaking country. May be repeated once at a different level.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 312 Introduction to Business German
GER 3/A
Introduction to the specialized language of German business and economics and intensive practice in German terminology and style on such topics as banking and finance, the corporate structure and the European Union.
prereq: GRMN 301 or perm instr.
3 hrs, 3 cr.

GRMN 313 Advanced Business German
GER 3/A
Intensive practice for students with a knowledge of business terminology in German on such topics as industrial production, the service industries, employment and taxation.
prereq: GRMN 312 or perm instr.
3 hrs, 3 cr.

GRMN 320 Studies in German Literature and Language
GER 3/A PD/D
Discussion of literary topics or linguistic phenomena. May be repeated with a different topic.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 321 Readings in Modern German Literature
GER 3/A PD/D
Discussion of selected works of such writers as Thomas Mann, Hesse, Brecht, Kafka and Frisch.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 322 German Civilization
GER 3/A PD/D
Introduction to key topics in German history, politics, arts, literature and sciences.
prereq: GRMN 202 or equiv.
3 hrs, 3 cr.

GRMN 323 Women in German Literature
GER 3/A PD/C
Reading and discussion of literature from the 19th century to the present written in German by and about women.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 327 Modern Swiss Literature
GER 3/A PD/D
Reading and discussion of literature written in German by Swiss authors since the 19th century.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 328 German Children's and Adolescent Literature
GER 3/A PD/D
Reading and discussion of literature for young readers and adolescents.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 334 The German Short Story and Novelle
GER 3/A PD/D
Discussion of short narrative works from age of Goethe to present.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 335 German Radio Plays (Hörspiel)
GER 3/A PD/D
Listening to and discussion of literary radio plays from the 1950s to today.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 336 German Lyric Poetry
GER 3/A PD/D
Discussion of important lyrics from Baroque period to present.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 339 German Drama from Naturalism to Present
GER 3/A PD/D
Discussion of plays by such writers as Hauptmann, Wedekind, Brecht, Dürenmatt, Frisch and Handke.
prereq: GRMN 202 or 203 or equiv.
3 hrs, 3 cr.

GRMN 341 German Drama from Age of Goethe to Naturalism
GER 3/A PD/D
Discussion of plays by such writers as Goethe, Schiller, Kleist, Büchner, Grillparzer and Hebbel.
prereq: one course numbered from GRMN 320 to 359 or equiv.
3 hrs, 3 cr.

GRMN 342 The German Novel
GER 3/A PD/D
Discussion of narrative works by such writers as Goethe, Keller, Fontane, T. Mann, Kafka, Döblin and Boll.
prereq: one course numbered from GRMN 320 to 359 or equiv.
3 hrs, 3 cr.

GRMN 344 Readings in Classical Period of German Literature
GER 3/A PD/D
Discussion of selected works by Lessing, Goethe and Schiller.
prereq: one course numbered from GRMN 320 to 359 or equiv.
3 hrs, 3 cr.
GRMN 345 Literature of Weimar Republic
GER 3/A PD/D
Discussion of literary works and documents influential in German life between 1918 and 1933.
prereq: one course numbered from GRMN 320 to 359 or equiv.
3 hrs, 3 cr.

GRMN 346 German Literature of the 1930s and 1940s
GER 3/A PD/D
Reading and discussion of literature written between the time of the Weimar Republic and 1945.
prereq: one course numbered from GRMN 320 to 359 or equiv.
3 hrs, 3 cr.

GRMN 347 German Literature 1945-1995
GER 3/A PD/D
Reading and discussion of German literature written between 1945 and 1995.
prereq: one course numbered from GRMN 320 to 359 or equiv.
3 hrs, 3 cr.

GRMN 348 East German Literature (1945-1990)
GER 3/A PD/D
Reading and discussion of German literature written in East Germany during the existence of the German Democratic Republic as a sovereign state.
prereq: one course numbered GRMN 320 to 359 or equiv.
3 hrs, 3 cr.

GRMN 349 The End of East Germany in Literature, Film and Memory
GER 3/A PD/D
Discussion of literature and film as well as conducting live interviews with Germans dealing with the end of the GDR. Course offered in conjunction with our study abroad program in Kassel.
prereq: GRMN 301 or 302, plus one course numbered GRMN 320 to 359 or equiv.
3 hrs, 3 cr.

GRMN 350 Austrian Literature
GER 3/A PD/D
Discussion of literature and culture of the fin-de-siecle Vienna.
prereq: one course numbered from GRMN 320 to 359 or equiv.
3 hrs, 3 cr.

GRMN 353 Goethe's Faust
GER 3/A PD/D
Intensive study of Goethe's Faust, Parts I and II.
prereq: one course numbered from GRMN 320 to 359 or equiv.
3 hrs, 3 cr.

GRMN 359 German Literary Seminar
GER 3/A PD/D
Seminar study of significant theme in German literature, German author or literary movement or genre. May be repeated with a different topic.
prereq: one course numbered from GRMN 320 to 359 or equiv.
3 hrs, 3 cr.

GRMN 381 The German Press of Today: Reading and Understanding Newspapers and Magazines
GER 3/A
Reading and discussion of present-day German newspapers and magazines.
prereq: two courses numbered GRMN 300 or above or equiv. (excluding courses in English translation)
3 hrs, 3 cr.

GRMN 383 German Grammar for Upper-Level Discourse
GER 3/A
Study of German grammar from basic to complex structures. Intensive practice in control of grammatical forms at high levels of spoken and written discourse.
prereq: three courses above GRMN 300 or equiv (excluding courses in English translation)
3 hrs, 3 cr.

GRMN 399 Second Language Acquisition
GER 3/A
A survey of issues and approaches to second language acquisition. For students planning to teach languages other than English in grades 7-12.
prereq: at least three courses at the 300 level in the language, ENGL 120
3 hrs, 3 cr.

GRMN 444 Seminar Studies in German Literature and Language
GER 3/A PD/D
Seminar study of literary topic or linguistic phenomenon. May be repeated with different topic.
prereq: GRMN 202, 203, or equiv.
3 hrs, 3 cr.

GRMN 491 Honors Project
Open to Jr/Sr only. Individual study and independent research in consultation with faculty member. Honors essay required.
prereq: perm chair
3 cr.

GRMN 492 Independent Study in German
GER 3/A PD/D
Number of credits to be determined in advance in consultation with faculty member on basis of work planned.
prereq: perm chair
1-3 cr.

GRMN 493 Individual Studies Project in German Studies
GER 3/A PD/D
Individual research on German-studies topic under direction of faculty member. Written report required.
prereq: perm chair
3 cr.

GRMN 498 Internship
prereq: perm of chair
1-4 cr.

COURSES IN GERMAN LITERATURE AND CIVILIZATION
(Conducted in English)
Note: No knowledge of German required.

GRMN 240W German Thought and Culture: A Survey
GER 2/C PD/D
Discussion of the German contribution in the fields of art, literature, music, philosophy in historical perspective.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

GRMN 241W* German Fairy Tales in Translation
GER 2/C PD/D
Reading and discussion of traditional and literary fairy tales of Germany. Cross-cultural comparison of various fairy-story traditions; development of motifs through various ages and cultures.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

GRMN 472W Germany in the Twenties
GER 3/A PD/D
Literature, art and politics in Germany between World War I and Third Reich, 1918-1933.
3 hrs, 3 cr.

GRMN 374W Masterpieces of German Literature in English Translation
GER 3/A PD/D
Discussion of some outstanding works of German literature.
3 hrs, 3 cr.

GRMN 379/479 Studies/Seminar Studies in German Literature in English Translation
GER 3/A PD/D
Discussion and analysis of literary movement, genre, major topic or important author.
3 hrs, 3 cr.

Courses not offered in 2007-2010:

GRMN 106 German through Lieder

The Hebrew Division of the Department of Classical and Oriental Studies offers a comprehensive program covering the main areas of Hebraic and Judaic studies, namely Biblical and post-Biblical studies, Talmudic and medieval literature, Hebraic language and modern Hebraic literature, Jewish philosophy and Kabbalah, Jewish legacy and folklore, contemporary Jewish literature and Israeli culture. This program is designed to develop language skills, cultivate a critical appreciation of Hebraic and Judaic literature and thought and promote an understanding of Jewish cultural tradition against the background of world civilization. Specifically, these courses may be applied to satisfy foreign language and literature components of the General Education Requirement as well as to fulfill major and minor concentrations.

This curriculum also meets the special needs of students majoring in other disciplines for courses dealing with the Hebraic or Judaic elements and influences on European culture. The wide variety of course offerings, covering the entire range of Hebraic and Judaic culture from early Biblical times to modern Israel, enables students to concentrate their attention on one major period, to aim for an overall proficiency or to strive for both objectives simultaneously. This course of study also provides the student with a solid foundation for further professional and graduate study in such disciplines as education, library science, publishing, area studies, specialized communication and community services, government and diplomatic and trade exchanges.

**Placement and Exemption** Students with background in the language should consult the head of the Hebrew Division for proper placement.

**MAJORS**

The major consists of 24 credits from courses beyond HEBR 101-102. In general, a Hebrew major is required to achieve proficiency in Biblical and/or modern Hebraic literature by successfully completing a minimum of four courses at the 300 level in Hebrew. Courses in Hebraic studies conducted in English may be applied toward partial fulfillment of the Hebrew major provided they are part of a coherent program approved by the head of the division.

Qualified students interested in a more intensive program in the field of Hebraic or Judaic studies, particularly those preparing for graduate work in such specialized areas as Semitic languages and civilizations, Jewish history, Biblical studies and archaeology, medieval or modern Hebraic literature, Near Eastern studies or religious studies, should consult a division adviser regarding additional courses and supportive studies in related fields.

**MINOR**

Minors of 12 credits in all departments and programs leading to a BA degree are accepted.

**Minor for Non-Majors**

The minor consists of 12 credits in Hebrew language, literature or Hebraic studies in English. Consult your major department for approved courses.

**Preparation for Teaching in Grades 7-12**

In cooperation with the School of Education, the Program in Hebrew provides opportunities for students to prepare for a career in teaching Hebrew in grades 7-12. Students preparing to teach Hebrew must complete a 33-credit major option for teaching that includes the 24-credit sequence taken by non-teaching majors plus 9 additional credits in Hebrew language and literature at the 300 or 400 level. Students interested in teaching Hebrew in New York schools may count the 23-credit pedagogical sequence for grades 7-12 as a minor. This minor may count toward the course requirements for New York State Certification, but will not by itself be sufficient for certification.

Students interested in a teaching career should consult with the School of Education.

See the School of Education section of this catalog for more information.

**HONORS**

Opportunity for honors work is available through HEBR 491.

**ELECTIVES**

All courses offered by the Hebrew Division are open to qualified students for elective credit. For placement consult a Hebrew Division adviser.
### INTRODUCTORY COURSES

**HEBR 101 Elementary Hebrew I**
Fundamentals of reading, pronunciation and grammar for beginners. Practice in conversation and writing. **HEBR 101 not credited without HEBR 102.**
- 3 hrs, 3 cr.

**HEBR 102 Elementary Hebrew II**
Continuation of HEBR 101.
- **prereq:** HEBR 101 or equisiv.
- 3 hrs, 3 cr.

**HEBR 103 Intensive Elementary Hebrew**
Intensive practice in basic skills of Hebrew. Course covers in one semester the material covered in the two semesters of HEBR 101 and 102.
- 6 hrs, 6 cr.

**HEBR 201 Intermediate Hebrew I**
Continued practice in conversational Hebrew, grammar and composition.
- **prereq:** HEBR 102 or equisiv.
- 3 hrs, 3 cr.

**HEBR 202 Intermediate Hebrew II**
Intensive practice in conversation, composition and grammar. Selected readings in Hebrew literature.
- **prereq:** HEBR 201 or equisiv.
- 3 hrs, 3 cr.

### ADVANCED COURSES

**HEBR 310 Modern Hebrew Literature I**
GER 3/A PD/D
Reading and discussion of selected works in prose and poetry of 19th-century authors.
- **prereq:** HEBR 202 or equisiv.
  - or exemption
- 3 hrs, 3 cr.

**HEBR 311 Modern Hebrew Literature II**
GER 3/A
Reading and discussion of selected works in prose and poetry of 20th-century authors.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 315 Biblical Literature: Pentateuch**
GER 3/A PD/A
Selections from Pentateuch.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 316 Biblical Literature: Historical Books**
GER 3/A PD/A
Selections from books of Joshua, Judges, Samuel and Kings.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 317 Biblical Literature: Prophetic Books**
GER 3/A PD/A
Selections from minor and major prophets.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 318 Biblical Literature: Hagiographa**
GER 3/A PD/A
Selections from Job, Proverbs, Psalms and the five Megillot.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 320 The Modern Hebrew Short Story**
GER 3/A
Extensive reading of short stories from late 19th century to present, illustrating different literary trends.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 321 Talmudic Literature**
GER 3/A PD/A
Selections from Talmud and Midrash.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 322 Medieval Literature**
GER 3/A PD/D
Selections from literature of Golden Age in Spain.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 323 Poetry of the Modern Hebrew Renaissance Period**
GER 3/A PD/D
Study of major works of Biulk, Tscherneichovsky, Kahan and Shneour.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 324 The Modern Hebrew Essay**
GER 3/A PD/D
Study of selected essays of Ahad ha’Am, Berditchevsky and Frischman.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 325 History of Modern Hebrew Literature**
GER 3/A
Evolution of Hebrew literature from period of Enlightenment to contemporary Hebrew letters.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 326 Hebrew Poetry Between the Two World Wars**
GER 3/A
Study of Hebrew poetry since World War I. Emphasis on works of Greenberg, Schlonsky, Lamdan and Alterman.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 327 The Modern Hebrew Novel**
GER 3/A
Intensive study of a major novel by Agnon, Barash or Hazaz, with collateral readings in other Hebrew novels.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 328 Contemporary Hebrew Prose**
GER 3/A
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 331 Medieval Hebrew Philosophic Texts**
GER 3/A
Study of selected chapters of Halevi’s Kuzari and Maimonides’ Moreh Nebukim (Guide to the Perplexed).
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 351 Hebrew Grammar and Composition**
Intensive study of principles of vocalization, inflections of nouns and verbs, rules of syntax and practice in composition.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 357 Approaches to Main Problems in Hebraic Studies**
Explorations in depth of a particular area in Hebraic studies. May be repeated as topics vary from semester to semester.
- **prereq:** HEBR 202 or equisiv.
- 3 hrs, 3 cr.

**HEBR 451 Selected Studies in Hebrew Literature**
Course will concentrate on an author, genre or period in Hebrew literature. May be repeated as topics vary from semester to semester.
- **prereq:** HEBR 202 or equisiv, perm division
- 3 hrs, 3 cr.

**HEBR 490 Independent Studies**
Independent research under direction of a member of the division. May be repeated as topics vary from semester to semester.
- **prereq:** perm division head
- hrs TBA, 3 cr.

**HEBR 491 Honors Project**
Individual study and research in Hebrew literature in consultation with staff member. Honors essay required. May be repeated as topics vary from semester to semester.
- **prereq:** Jr/Sr only, perm division
- 1 sem, 3 cr.

### COURSES IN HEBRAIC CULTURE

(Conducted in English)

No knowledge of Hebrew is required for courses listed in this section. These courses are open to all students as follows:

1. They are recommended as electives to all students, including Hebrew majors.
2. Subject to approval of the major department, a concentration of 12 credits in this area can fulfill requirement for a minor.
3. Some of these courses may be substituted for regular Hebrew courses in the Hebrew major. Such a substitution requires approval of head of the Hebrew Division.
4. Courses in this group may be applied toward fulfillment of the general education requirement.
HEBR 210 Selected Studies in Hebrew Literature in Translation
Study of selected masterpieces or major themes in Hebrew literature in translation. May be repeated as topics vary from semester to semester.
3 hrs, 3 cr.

HEBR 211W Masterpieces of Medieval Hebraic Literature in Translation
GER 2/C PD/D
Selections from major works reflecting Jewish life and thought in medieval Islamic world and Christendom.
3 hrs, 3 cr.

HEBR 212W Readings in Modern Hebraic Literature in Translation
GER 2/C
Survey of Hebraic literature from Enlightenment movement to present.
3 hrs, 3 cr.

HEBR 214 Maimonides' Guide to the Perplexed
GER 3/A PD/D
Study of this work in English with reference to Maimonides' influence on development of medieval Aristotelianism.
3 hrs, 3 cr.

HEBR 215W Hebraic and Judaic Culture and Thought in the Medieval Islamic World
GER 3/A PD/A PD/D
A study of medieval Hebraic and Judaic writings from North Africa and the Middle East in English translation. Emphasis will be given to the traditional as well as the innovative aspects of the material.
prereq: ENGL 120
3 hrs, 3 cr.

HEBR 218W Masterpieces of Yiddish Literature in Translation
GER 3/A PD/D
Study of major works in Yiddish literature from Mendele Mocher Sforim to present.
prereq: ENGL 220
3 hrs, 3 cr.

HEBR 240 Introduction to the Old Testament
GER 2/C PD/A
Survey of the books of the Old Testament, their form, content and cultural background. Introduction to the tools and methods of modern biblical criticism.
3 hrs, 3 cr.

HEBR 250 Topics in Hebraic Studies in English Translation
Study in depth of a selected topic in Hebraic studies. May be repeated as topics vary from semester to semester.
3 hrs, 3 cr.

HEBR 259 Old Testament Religion
GER 3/C PD/A
Comprehensive survey of ancient Israelite religious practice, expression and thought as reflected in Hebrew Bible.
3 hrs, 3 cr.

HEBR 281W Masterpieces of Ancient Hebraic Literature in Translation
GER 3/A
Study of Hebrew classics and collateral works against background of Jewish history and ancient civilization.
3 hrs, 3 cr.

HEBR 284 Images of Women in the Old Testament, in Translation
GER 3/A PD/C
Depiction of women in ancient Israelite prose and poetry. Close reading and analysis of texts in terms of literary techniques, cultural background and ideological implications.
3 hrs, 3 cr.

HEBR 286 Ancient Near Eastern Literature and the Bible
GER 3/A PD/A
Comparative study of ancient Near Eastern literature and the Hebrew Bible.
3 hrs, 3 cr.

HEBR 288 Ancient Hebraic Folklore
GER 2/C PD/A
Analysis and comparative study of folk beliefs, practices and literature reflected in Hebrew Bible, apocryphal literature and rabbinic aggadot.
3 hrs, 3 cr.

HEBR 290 Biblical Archaeology
GER 2/C PD/A
Study of Biblical sources in translation in relation to major archaeological discoveries in Israel and Near East.
3 hrs, 3 cr.

HEBR 292 The Hebrew Prophets
GER 2/C PD/A
Study of phenomenon of prophecy in ancient Israel and its contribution to historical, ethical and religious thought.
3 hrs, 3 cr.

HEBR 294 Job, Ecclesiastes and the Human Predicament
GER 3/A PD/A
Study of form, content and religious significance of these two enigmatic masterworks.
3 hrs, 3 cr.

HEBR 295 Ancient Hebrew Law
GER 2/C PD/A
Historical and comparative study of Biblical and rabbinic law.
3 hrs, 3 cr.

HEBR 296 The Dead Sea Scrolls in English
GER 3/A PD/A
Readings in the various genres of the scrolls; historical background of Qumran sect; significance of the scrolls for study of Judaism and Christianity.
3 hrs, 3 cr.

COURSE IN SECOND LANGUAGE ACQUISITION

HEBR 399 Second Language Acquisition
A survey of issues and approaches to second language acquisition. For students planning to teach languages other than English in grades 7-12.
prereq: at least three courses at the 300 level in the language, ENGL 120
3 hrs, 3 cr.

History is the record of human experience. Its study is a first step in learning about ourselves and our society — about economics and politics, psychology and sociology, mathematics and science, the arts and the humanities.

For students whose undergraduate major is history, career opportunities are numerous and varied. Medical, law and other professional schools favor applicants with history majors because of their broad background and research skills. Moreover, while teaching has long been a popular goal for history majors, positions in government (local, state and national), in publishing and advertising, in communications and in business also await those students whose human perspective and intellectual discipline have been developed in history classes. Beyond the purely practical consideration of a profession, the study of history is exciting in its own right.

MAJOR

The history major consists of 30 credits as follows:

a. A maximum of 9 credits may be taken in basic 100-level courses.

b. At least 18 credits are required above the 100 level; 6 credits must be in 200-level courses and 12 credits must be in 300-level courses.

c. Majors must take History 300 (Historical Research) twice in conjunction with 300-level courses or, in rare instances and with department permission, in conjunction with a 200-level course.

Within the courses taken to fulfill the major requirement, students must take a minimum of 6 credits in each of the following areas:

1) United States history
2) European history
3) World/non-Western history/Latin American history

History majors are strongly encouraged to take at least 3 credits in an advanced seminar or problems course (HIST 382, 383, 384, 385, 400, 483, 484 or 485).

Students may not use courses graded on the basis of Credit/No Credit toward fulfillment of the major.

MINOR

The minor that leads to a BA degree consists of 12 credits in any one department or program, of which 6 credits must be above the 100 level. Students preparing to become teachers may take the 30-credit program in childhood education or the 23-credit program in adolescent education in lieu of a minor.

Minor for Non-Majors

The choice of particular courses in the history minor must be approved by the student's major department adviser.

Major in History with Minor in International Affairs

Adviser: Michael Luther
Major The major consists of 18 credits in history: HIST 329, 361, plus 9 credits selected from HIST 277, 278, 288, 289, 327, 333, 341.54, 341.62, 341.63, 341.66, 346, 372, 375, 376.50, 376.51, 377, 378, 390 and seminars, problems courses and tutorial if appropriate.

Minor The minor consists of 18 credits including ECO 340 or PLSC 375 and PLSC 115 and 278, GEOG 221 or 334, plus 6 additional credits chosen from cultural anthropology, economics, energy and environmental studies, geography, political science, sociology, religion or other appropriate areas chosen with the approval of the adviser.

PREPARATION FOR TEACHING

Childhood Education (grades 1-6)
In cooperation with the School of Education, the Department of History provides opportunities for history majors to prepare for a career in childhood education. The childhood education sequence is a collateral major.

Adolescent Education
Students who wish to prepare for a career in teaching social studies in grades 7-12 may take a 30 credit history major that must include either HIST 151 or 152. Students must also complete the following allied credits (or their approved equivalents) in addition to the history major: one 3-credit course in geography, one 3-credit course in political science and one 3-credit course in economics. (See the History and Education Departments for the current status of approved courses for the allied credits.) Students take the 23-credit adolescent education sequence in lieu of a minor.

HONORS IN HISTORY
Students will be eligible for honors in history upon completion of 30 credits in history with a 3.5 GPA and a 2.8 cumulative GPA at the time of graduation. To be eligible to graduate with honors in history, students can take HIST 400 (Historiography) or 3 to 6 credits in seminar, tutorial or problems courses (HIST 483, 484, 485, 492, 493) or graduate courses with special permission, with a grade of B or better. Eligible students should apply for honors at the time they file for graduation. Applications are available from the department.

GRADUATE STUDY
Qualified students in their junior and senior years may be admitted to graduate courses with the approval of the department chair.

COURSE LISTINGS

GROUP I: UNITED STATES HISTORY
Note: Courses at the 300-level and above not offered to freshmen.

HIST 151W The United States from the Colonial Era to the Civil War
GER 1/C or 2/B
American political, social and cultural history from the time of the European settlements to the Civil War.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

HIST 152W The United States from the Civil War Era to the Present
GER 1/C or 2/B
American political, social and cultural history from the Civil War to the present.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

HIST 316 History of Religion in the United States
GER 3/B
Changing European churches and indigenous American sects; their architecture, leaders and ideas.
3 hrs, 3 cr.

HIST 317 History of the American City
GER 3/B PD/D
History of the American city from the Colonial era to the present; development of the city as a physical environment, social experience, political entity and cultural symbol.
3 hrs, 3 cr.

HIST 318W History of the American Working Class
GER 3/B PD/D
History of the American working class from Colonial times to the present; changing work experience, community life, organizational efforts and political activity of working people.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

HIST 353 History of New York City
GER 3/B
Urban development; emergence as the financial and cultural capital of the nation; ethnic and racial diversity; dynamics of economic and physical growth; problems of city politics.
3 hrs, 3 cr.

HIST 354W The American Colonies in the 17th Century
GER 3/B
Comparative treatment of settlement in the Spanish, Portuguese, French, Dutch and English colonies.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

HIST 355W The American Colonies in the 18th Century
GER 3/B
Social, political and cultural changes.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

HIST 356 The Early Republic
GER 3/B
Politics and society in the period of Jefferson and Jackson; reform, expansion and change.
3 hrs, 3 cr.

HIST 357W American-Jewish History
GER 3/B PD/D
Development of the American Jewish community; economic, political and social integration; cultural adaptation.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

HIST 358W 20th Century United States
GER 3/B PD/D
Leading personalities and domestic problems of the U.S. since 1900.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

HIST 359 Immigration and Ethnicity in the United States
GER 3/B PD/D
Experience of immigrant groups since Colonial times; motives for coming; economic and social adjustment; encounter with prejudice; ethnic institutions.
3 hrs, 3 cr.

HIST 361 Rise of America as a World Power
GER 3/B PD/D
Impact of world leadership on basic principles of American foreign policy since 1898.
3 hrs, 3 cr.

HIST 362 Biography and Autobiography in the History of the U.S.
GER 3/B
Studies of Americans prominent in politics, art and national life.
3 hrs, 3 cr.

HIST 363 History of American Culture
GER 3/B PD/D
American ideas and values from the Colonial period to the present.
3 hrs, 3 cr.

HIST 364 American Constitutional History, 1783 to 1900
GER 3/B PD/D
Development of constitutional thought from the framing of the Articles of Confederation to 1900.
3 hrs, 3 cr.

HIST 365 American Economic History
GER 3/B
Rural agrarianism to advanced industrialism. Political and social forces, problems of capitalism, social classes.
3 hrs, 3 cr.

HIST 366 Role of Women in American History
GER 3/B PD/D
Women in all aspects of the country's past; drive to suffrage and its aftermath.
3 hrs, 3 cr.

HIST 367 Civil War and Reconstruction
GER 3/B PD/D
Slavery, sectional conflict, political crisis of Union. New interpretations of postwar race relations.
3 hrs, 3 cr.
HIST 369 African American History in the United States
GER 3/B
From the Colonial era to the present. Slavery, emancipation, social and cultural transformation, political turning points and economic issues.
3 hrs, 3 cr.

HIST 370 The West in American History
GER 3/B
As an undeveloped area; westward expansion, Indian-white relations; paradoxes of government policy; the modern West.
3 hrs, 3 cr.

HIST 383W Problems in U.S. History
GER 3/B
Intensive reading and research in selected topics.
pre-or coreq: ENGL 120
3 hrs, 3 cr.

HIST 483W Problems in U.S. History (Honors)
GER 3/B
prereq: perm chair
pre-or coreq: ENGL 120
3 hrs, 3 cr.

GROUP II: EUROPEAN HISTORY
Note: Courses at the 300-level and above not offered to freshmen.

HIST 121 Early Modern Europe 1500 to 1815
GER 2/B PD/D
Transition from feudal society to national states; religious upheavals, expansion up to the French revolutionary era.
3 hrs, 3 cr.

HIST 122W 19th and 20th Century Europe
GER 2/B PD/D
Scientific and industrial revolution, liberalism, imperialism, socialism and fascism, total war, reconstruction.
pre-or coreq: ENGL 120
3 hrs, 3 cr.

HIST 201 Ancient Civilization
GER 2/B
Development of civilization in the Near East. Its expansion under Greece and Rome to 500 CE in the Mediterranean basin.
3 hrs, 3 cr.

HIST 211W Medieval Civilization
PD/D
Social, institutional and cultural history of Western Europe from the late Roman period to the Black Death in the mid-14th century.
pre-or coreq: ENGL 120
3 hrs, 3 cr.

GER 3/B PD/D
The Jewish people from late antiquity to 17th century; social and legal status under Islamic and Christian rulers; religious and intellectual movements.
3 hrs, 3 cr.

HIST 311 Europe in the Early Middle Ages
GER 3/B PD/D
The development of European civilization from the fall of the Western Roman Empire to the First Crusade.
3 hrs, 3 cr.

HIST 312 Europe in the High Middle Ages
GER 3/B
The 12th and 13th centuries in Europe; church and state; science and universities; guilds and capitalism.
3 hrs, 3 cr.

HIST 313 Europe in the Late Middle Ages
GER 3/B
Changing aspects of social, institutional, economic and cultural scene; humanism and art in the 14th and 15th centuries.
3 hrs, 3 cr.

HIST 314X Ancient and Medieval Christianity
GER 3/B PD/D
The development of Christianity from Jesus to Luther; theology and mysticism, lay and monastic spirituality; the papacy and discontents; gender and sexuality; relations with Judaism and Islam.
pre-or coreq: ENGL 120
3 hrs, 3 cr.

HIST 319W Jewish History in the Medieval and Early Modern Periods
GER 3/B PD/D
The Jewish people from late antiquity to the 17th century; social and legal status under Islamic and Christian rulers; religious and intellectual movements.
pre-or coreq: ENGL 120
3 hrs, 3 cr.

HIST 320W Jewish History in the Modern World
GER 3/B PD/D
From the 18th century to the present:
Enlightenment; Jewish emancipation and nationalism; a Jewish state; anti-Semitism and the Holocaust; recent trends.
pre-or coreq: ENGL 120
3 hrs, 3 cr.

HIST 321 History of the Holocaust
GER 3/B
Examination of the mass murder of 6 million Jews by the Nazi regime during World War II.
3 hrs, 3 cr.

HIST 324W Europe in the Age of Renaissance and Reformation
GER 3/B PD/D
European life and society in early modern era. Religious, political, economic and social change.
pre-or coreq: ENGL 120
3 hrs, 3 cr.

HIST 325 Europe in the Age of Absolutism and Revolution
GER 3/B
Europe from the middle of the 17th century through the Congress of Vienna in 1815.
3 hrs, 3 cr.

HIST 326 Europe 1815-1914
GER 3/B
Political, social, intellectual and economic developments from the Congress of Vienna to World War I.
3 hrs, 3 cr.

HIST 327 Europe since 1914
GER 3/B
Europe in a century of total wars and cold war: the military, political, social, economic and intellectual scene.
3 hrs, 3 cr.

HIST 329 History of European Diplomacy
GER 3/B PD/D
From the Congress of Vienna and national unification movements through the era of total wars and cold war.
3 hrs, 3 cr.

HIST 330 Social and Economic History of Modern Europe
GER 3/B PD/D
Social and economic developments in Europe during the past 200 years.
3 hrs, 3 cr.

HIST 331X European Culture in the 16th, 17th and 18th Centuries
GER 3/B
The impact of the Reformation, Counter-Reformation, the Scientific Revolution and related movements.
pre-or coreq: ENGL 120
3 hrs, 3 cr.
HIST 332 Modern Culture from the 18th to the 20th Centuries
GER 3/B
From the impact of the Scientific Revolution and the Enlightenment to recent literature, art, religion and science. European political and social thought.
3 hrs, 3 cr.

HIST 334 France during the Revolution and Napoleonic Eras
GER 3/B
A study of the 18th-century antecedents of the French Revolution, the Revolutionary decade and the Napoleonic period.
3 hrs, 3 cr.

HIST 335 History of Modern France
GER 3/B
The French experience since Napoleon, with emphasis on life and death under the three Republics since 1870.
3 hrs, 3 cr.

HIST 337 History of Spain
GER 3/B
From the Middle Ages to the present. Political, economic and social developments.
3 hrs, 3 cr.

HIST 338W History of Italy
GER 3/B PD/D
Classical to Renaissance background. Catholic Reformation, foreign domination, Risorgimento to Fascism, post-World War II era.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

HIST 342.50 Early British History to 1689
GER 3/B
Origins, medieval and early modern Britain to the Glorious Revolution.
3 hrs, 3 cr.

HIST 342.51 Britain Since 1689
GER 3/B PD/D
British history since the Glorious Revolution.
3 hrs, 3 cr.

HIST 343 England under the Tudors and Stuarts
GER 3/B
Government and society, 1485-1714.
3 hrs, 3 cr.

HIST 346 British Empire and Commonwealth
GER 3/B
The rise and fall of the British imperial system and its transformation into a Commonwealth of nations.
3 hrs, 3 cr.

HIST 374 Russia to the 20th Century
GER 3/B PD/D
Political, socioeconomic and cultural development of Russia from its Kievan origins to the crisis of monarchy.
3 hrs, 3 cr.

HIST 375 Late Imperial Russia and the Soviet Union
GER 3/B PD/D
Political, socioeconomic and cultural development of late 19th and 20th century Russian and Soviet society.
3 hrs, 3 cr.

HIST 376 Soviet Foreign Policy
GER 3/B
Objectives and strategies adopted by the Soviet government from the Russian Revolution of 1917 to the end of World War II.
pre: at least one course in 20th century European or European diplomacy is recommended
3 hrs, 3 cr.

HIST 384W Problems in European History
GER 3/B
Intensive reading and research in selected topics.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

GROUP III WORLD/NONWESTERN/LATIN AMERICAN HISTORY
Note: Courses at the 300-level and above not offered to freshmen.

HIST 111 World History to 1500
GER 2/B PD/A
The rise of civilizations; technological and intellectual breakthroughs; classical cultures and empires; interregional connections; the spread of civilization across the globe.
3 hrs, 3 cr.

HIST 112 World History from 1500 to the Present
GER 2/B
The transition from relatively isolated individual cultures to an interrelated global network; the impact of the democratic and scientific revolutions; the development of nationalism and internationalism among the nations of the world.
3 hrs, 3 cr.

HIST 210 History of Judaism
GER 2/B
Survey of the Jewish religious tradition with attention to interactions between Judaism and other religions and to the role of Judaism in the formation of Christianity and Islam.
3 hrs, 3 cr.

HIST 271 Early History of Latin America
GER 2/B
History and cultures of Amerindian groups in Central and South America and the Caribbean; encounter and multiple interactions of European and African cultures with indigenous societies; development of Iberian colonial systems and cultures within the Americas.
3 hrs, 3 cr.

HIST 272 History of Latin America in the 19th and 20th Centuries
GER 2/B
Political, economic, social and cultural transformations contributing to the development of modern Latin America. Emphasis will be on major historical processes and their impact on the region's cultural diverse population.
3 hrs, 3 cr.
HIST 276.50 Middle Eastern History from
the Beginning of Islam to 1800
Religious, cultural and social changes in
the region. The emergence of the religion of
Islam, the expansion of the Islamic realm and the rise
and fall of subsequent Islamic states up to the
18th century.
3 hrs, 3 cr.

HIST 276.51 The Modern Middle East from
1800 to the Present
The transformation of states and peoples in the
last two centuries in the region stretching from
Turkey to Iran and including Iraq, Syria, Egypt
and Arabia. Modern social and cultural trends,
conflicts and reactions under the impact of imperi-
alism, nationalism, economic trends and reli-
gious forces.
3 hrs, 3 cr.

HIST 277 East Asia to 1600
GER 2/B PD/A
Survey of traditional cultures and sociopolitical
structures of China, Japan, Korea and Vietnam to
about 1600 AD.
3 hrs, 3 cr.

HIST 278 East Asia, 1600 to the Present
GER 2/B PD/A
Coming of West to Asia and resulting processes of
revolution and modernization after 1600 AD.
3 hrs, 3 cr.

HIST 288 History of Africa to the 19th
Century
GER 2/B PD/A
Survey of pre-colonial African societies with
emphasis on economic and social institutions
changing under the impact of the environment.
3 hrs, 3 cr.

HIST 289 Africa in the 19th and 20th
Centuries
GER 2/B PD/A
Historical explanation of independent Africa rising
after colonialism and adjusting to modernization.
3 hrs, 3 cr.

HIST 301 History of the Ancient Near East
GER 3/B
Political and cultural developments in Egypt,
Mesopotamia, Syria-Palestine, Asia Minor, Persia
ca. 3000 BCE to 323 BCE.
3 hrs, 3 cr.

HIST 309 Jewish History in the Ancient
World
GER 3/B PD/A
The Jewish people from its origins in late antiquity;
social and intellectual developments from bib-
lical to Talmudic times.
3 hrs, 3 cr.

HIST 377 Ancient and Imperial China to
1800
GER 3/B
China's traditions and transformation from
Neolithic times to the late-imperial period,
emphasizing state/society relations and the develop-
ment of the centralized bureaucratic political
system; covers political, economic, religious and
social developments.
3 hrs, 3 cr.

HIST 378 China Since 1800
GER 3/B
Internal and external challenges to China's tradi-
tional order; the collapse of the imperial system
and the establishment of a republic; the warlord
period; the war against Japan; the civil war
between Communist and Nationalist forces;
China since the rise of the Communist Party to
state power in 1949.
3 hrs, 3 cr.

HIST 379 Japan to 1800
GER 3/B
Japanese history from Neolithic times to the late
Tokugawa period, emphasizing political, social,
religious and cultural developments.
3 hrs, 3 cr.

HIST 380 Japan since 1800
GER 3/B PD/A
Japan's remarkable transformation from the late
Tokugawa to the present, emphasizing political,
cultural and social-economic aspects of the Meiji
Restoration, the rise of militarism and post-World
War II developments.
3 hrs, 3 cr.

HIST 385W Problems in Non-Western
History
GER 3/B
Intensive reading and research in selected topics.
3 hrs, 3 cr.

HIST 389 History of South Asia
GER 3/B
History of India and nearby countries from the
ancient to modern times.
3 hrs, 3 cr.

HIST 390 History of Modern West Africa
GER 3/B
Impact of Islam, Christianity and colonialism.
Analysis of African nationalism and problems of
independence.
3 hrs, 3 cr.

HIST 485W Problems in Non-Western
History (Honors)
GER 3/B
prereq: perm chair
3 hrs, 3 cr.

GROUP IV. TOPICAL, SEMINAR AND
TUTORIAL COURSES
Note: Courses at the 300-level and above not
offered to freshmen.

HIST 250 Historical Issues
Study of selected historical themes and issues.
Topics vary each semester. May be taken a sec-
tond time.
3 hrs, 3 cr.

HIST 291 Historical Methods
The study of history, its sources and its methods.
3 hrs, 3 cr.

HIST 300W Historical Research
GER 3/B
Closely supervised work on an individual basis in
preparation, planning and writing a history research
paper. The course will be taken in connection
with a 300-level course, with permission of that
instructor. Two HIST 300 courses are required of a
history major.
pre- or coreq: ENGL 120
1.5 hrs, 1.5 cr.

HIST 341 Topics in History
GER 3/B
Exploration of major trends, special controversies
or significant events; topics vary each term.
3 hrs, 3 cr.

HIST 382 Historical Studies Seminar
GER 3/B
Topics vary each term.
prereq: GPA 2.8; history GPA 3.5
3 hrs, 3 cr.

HIST 391 Historical Restoration and
Museum Work
GER 3/B
Introduction to museum work.
3 hrs, 3 cr.

HIST 400 Historiography
GER 3/B
The origins of history writing and the modern
historical profession; modes of historical research;
the evaluation of historical evidence; the histori-
al and social uses of history. Recommended for all
history majors. Required of students who wish to
graduate with honors in history.
prereq: not open to students who have completed
fewer than 80 credits
3 hrs, 3 cr.

HIST 493 Individual Tutorial Research
Project
Research paper under individual supervision of
faculty member.
prereq: perm chair and instr.
3 hrs, 3 cr.

HIST 498 Internship
Work in professional institutions.
prereq: perm chair
1-6 cr.
INTERDISCIPLINARY COURSES

Interdisciplinary courses are developed by two or more departments to consider subjects from multiple points of view. In addition to the general courses listed below, other courses are occasionally offered as special topics, such as "Surrealism in Art and Literature" and "Religion and Human Rights." For further information about HUM 110, 150, and 250 contact the Department of Philosophy, (212) 772-4970. For further information about SCI 101 and 102 contact the Department of Biological Sciences, (212) 772-5293. For further information about SOSSC courses, contact the Office of the Dean of Arts and Sciences, (212) 772-5121.

COURSE LISTINGS

HUMANITIES AND THE ARTS

HUM 110W The Map of Knowledge GER/2/C.
Introduction to range of knowledge available in the curriculum. Discusses subject matter and methodology of various disciplines, as well as their relations within and across the curriculum, to aid students in making intelligent choices in their course of study.
3 hrs, 3 cr.

SCIENCES AND MATHEMATICS

SCI 200 Introduction to Biomedical Research
Designed specifically for students interested in entering the Minority Biomedical Research Support (MBRS) and Minority Access to Research Careers (MARCE) programs, although open to all qualified students. Seminars/lectures. Research opportunities with participating faculty in MBRS/MARC programs. Career goals in biomedical and behavioral sciences, instruction in the preparation of literature searches in science, and data collection and analysis. Writing of scientific papers and presentation of oral reports. Visiting scientists will discuss their research. Not credited toward major or minor. Term paper required. May be repeated up to 4 times.
prereq: perm in Introd. and BIO 100 or CHEM 102
2 hrs, 1 cr.

SCI 302 Ethical Conduct in the Natural and Physical Sciences
Case studies of ethical issues in scientific research and education, including fraud, misrepresentation and negligence in scientific reporting. Term paper required.
prereq: 2 yrs lab science (Biol 100, 102; Chem 102, 103, 104, 105; Phys 110, 120; or equiv)
pre- or coreq: lab research experience in natural or physical sciences
2 hrs, 2 cr.

SOCIAL SCIENCES

The following elective courses are interdisciplinary electives offered occasionally by departments in the social sciences. Specific topics will be listed in the Schedule of Classes each semester intended as enrichments of the general liberal arts curriculum. They focus on broad issues of continuing importance that require multifaceted but integrat ed treatments from several disciplinary perspectives. At this time, they are not part of a formal program leading to a designated specialization.

Note: None of the interdisciplinary courses in the social sciences may be used toward the GER.

SOSSC 297 Special Topics in the Social Sciences
Not offered at all times. Specific topics will be listed in Schedule of Classes for given semester.
prereq: variable
3 hrs, 3 cr.

SOSSC 397 Studies in the Social Sciences
Not offered at all times. Specific topics will be listed in Schedule of Classes for given semester.
prereq: variable
3 hrs, 3 cr.

SOSSC 498 Internship
Placement in appropriate off campus settings on an individual basis.
Variable hrs, 1 to 6 cr.
The Jewish Social Studies Program is an interdisciplinary major that coordinates courses dealing with historical and contemporary Jewry and Judaism offered by a wide range of Hunter departments and programs. The Program also sponsors academic lectures and conferences for Hunter students, faculty and staff and for the general community.

The interdisciplinary specialization in Jewish social studies consists of 36 to 39 credits leading to a BA degree forming a combined major and minor with 24 to 27 credits dealing with Jewish studies in various departments and programs, plus 12 credits constituting a minor to be chosen from a department or program approved by the Jewish Social Studies Program. Students must fulfill a language requirement either by passing a reading test in Hebrew or Yiddish with the aid of a dictionary or by successfully completing a one-year course in either language. There is opportunity to receive academic credit for fieldwork with a Jewish community agency, as well as for accredited summer study programs in Israel and guided independent study.

**REQUISITED OF ALL MAJORS**

**a. Jewish History** at least 6 cr chosen, in consultation with the program director, from such courses as:

<table>
<thead>
<tr>
<th>Course Description</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>HIST 210 History of Judaism (GER 2/B)</td>

</table>

**MINOR**

12 credits in appropriate courses related to the student's area of concentration in such fields as history, philosophy, economics, political science, sociology and literature. Courses used for the major may not count toward the minor.

**Minor in Jewish Social Studies for Non-Majors**

Jewish Social Studies can be taken as an allied minor along with a major in such fields as history, political science, sociology and religion, with the approval of the student's major adviser.

**HONORS IN JEWISH SOCIAL STUDIES**

Students will be eligible for honors in Jewish Social Studies upon completion of 24 credits in Jewish Social Studies with a 3.5 GPA and a 2.8 cumulative GPA at the time of graduation. To be eligible to graduate with honors in Jewish Social Studies, students can take JSS 400 (Individual Honors Project) or JSS 410 (Jewish Social Studies Seminar), or graduate courses with special permission, with a grade of A or B. Eligible students should apply for honors at the time they file for graduation.

**COURSE LISTINGS**

**JSS 300 Independent Studies**

Not open to students who have completed fewer than 30 credits. Guided readings under faculty supervision on a topic in Jewish Social Studies. May be repeated up to 3 times for a total of not more than 9 credits.

prereq: 3 cr in Jewish Social Studies recommended 1-6 hrs, 1-6 cr.

**JSS 310 Jewish Social Studies Fieldwork**

Supervised experience in a Jewish community agency, periodic consultation with program director and preparation of report or term paper based on the experience. May be taken twice for a total of 6 cr.

prereq: qualified Jr/Sr. hrs TBA, 3-6 cr.

**JSS 400 Individual Honors Project**

Not open to students who have completed fewer than 60 credits. Guided readings on a topic in Jewish studies under faculty supervision. May be repeated on different topics for a total of 6 credits. A substantial research paper is required.

prereq: 12 cr in Jewish Social Studies, perm program director 3-6 hrs, 3-6 cr.

**JSS 410.50, 410.51 Jewish Social Studies Seminar I & II**

Selected topics and problems in Jewish studies.

prereq: qualified Jr/Sr, perm instr or program director 3 hrs, 3 cr each

</table>

Latin American and Caribbean Studies is an interdisciplinary program that offers students the opportunity to learn about the history, culture, politics, society, and political economy of the region and its relations with the United States. The LACS program has been able to develop an innovative outreach program with Afro-Latino and Caribbean non-governmental organizations (NGOs) in New York City and throughout the Latin American and Caribbean region. In collaboration with the Hunter College Study Abroad Office, the program offers a January semester abroad program with Universidade Salvador-UNIFACS in Bahia, Brazil. The course is taught in English and is titled “Reconstructing a Racial Identity.”

The specialization in Latin American and Caribbean Studies as a major leading to a BA degree consists of 36 credits: 24 core credits for the major and 12 credits for the minor. The core courses for the major are drawn from the social sciences, humanities, and arts. Students select courses for the major and minor components in consultation with the program's director or with a member of the Latin American and Caribbean Studies Faculty Advisory Committee.

The interdisciplinary specialization of the major, combined with the minor, will serve graduates well, whether they choose to seek employment in public or private organizations, pursue professional degrees, or go on to a graduate degree in the social sciences or humanities.

Language Requirement
Latin American and Caribbean Studies majors are required to demonstrate a reading knowledge of Spanish, Portuguese, or French, fulfilled at least one semester before graduation from the college.

COURSE REQUIREMENTS FOR THE MAJOR/MINOR
LACS students are required to take either LACS 330 (a field course for students to study or intern in the region or intern in an institution in the New York area) or LACS 434 (a course that comprises preparation of a major original research paper to be developed in close association with a mentor from the Latin American and Caribbean Studies Faculty Advisory Committee). ENGL 120 is a prerequisite for program courses.

MINOR
Minor courses can be used without limit to satisfy Stages 1, 2, and 3 of the Core Requirements. LACS students with a double major are exempt from the minor.

Minor for Non-Majors
The LACS program recommends HIST 271 and HIST 272 for students from other departments planning on declaring a LACS minor. The minor must be approved by the major department.

Departmental Honors
LACS majors with a GPA above 3.5 are eligible to receive the Lily Mage Award.

CR/NC Policy
No CR/NC grades will be accepted in courses to meet LACS major/minor requirements.

Teaching
Apart from its excellent regular Hunter faculty, LACS offers students courses by excellent adjunct faculty such as Dr. Marta Moreno Vega, Director of the Caribbean Cultural Center, producer of the documentary film When the Spirits Dance Mambo, as well as invited specialists on Latin American and Caribbean theatre, Haitian and Dominican literature and the political economy of the Caribbean and Latin America.

Mentoring
Faculty mentoring is very important to the LACS Program. Majors should maintain regular contact with their mentors/advisers.

Study Abroad
Study abroad is encouraged for LACS majors and minors. Apart from the new Bahia, Brazil course, LACS students have studied in Hunter's programs in Arequipa and Cuzco, Peru and Mar del Plata, Argentina.
COURSE LISTINGS

LACS 330 Latin America and the Caribbean Field Course/Internship
A field course for students to study in the region or who are interning in an institution either in the New York area or in the region. Major research paper based on field or internship experience.
3 cr.

LACS 434 Seminar in Latin American and Caribbean Studies
Open to sophomores, juniors, and seniors who have completed at least 18 credits in LACS or have instructor permission. Interdisciplinary reading, research, and discussion of selected topics involving cultural, economic, political, and social problems. Research paper required. May be repeated for a maximum of 6 credits.
3 cr.

The Department of Mathematics and Statistics offers majors in mathematics and statistics that prepare students for careers in business, government, research and teaching. Students considering such majors should consult an adviser during their first or second semester to plan the proper sequence of courses and should continue to consult the adviser at least once each semester. Minors in mathematics and statistics are also offered. Students are reminded that requirements to complete a minor are determined by the major department.

Credit and Course Exemption: The department offers credit or course exemption based on standard examinations such as AP. Inquiries should be made at the department office.

MATHEMATICS PROFICIENCY AND PLACEMENT

Effective fall 2004, all students entering Hunter College must demonstrate proficiency (mastery of basic skills) in mathematics as evidenced by scoring 27 or greater on each of the pre-algebra and algebra parts of the new COMPASS math test. Certain categories of students are exempt from this requirement. See the Testing Requirements section of this catalog or check with the Testing Office for more information. Subsequent placement into all mathematics and statistics courses is determined by the student’s score on the remaining parts of this exam. New students entering the college take this test in its entirety when they take the other placement exams in reading and writing. Continuing students at the college who have already taken parts 1 and 2 of the formerly used CUNY five-part math exam must take the algebra, college algebra and trigonometry parts of the new COMPASS math exam before registering for a course above MATH 100. A testing schedule and information about the math exam are available from the Testing Office, Room 150 Hunter North, 772-4898. The schedule for this examination should be checked well in advance of registration.

Passing specific parts of this examination is now required by various other departments for entry into certain courses. Requests for information about other departments’ regulations should be directed to those departments.

HONORS

A student majoring in mathematics or statistics may become a candidate for departmental honors by successfully completing MATH 490, by presenting a major GPA of at least 3.6 and by achieving a satisfactory rating on a comprehensive examination.

MATHEMATICS MAJOR

The mathematics major introduces students to the fundamental areas of mathematics and provides some degree of specialization in one or more areas. It trains students in the analytic thinking characteristic of pure and applied mathematics and provides some familiarity with rigorous methods of mathematical proof. In addition to the traditional mathematics major, described below, the department offers a number of specialized tracks: a concentration in preparation for adolescent education (grades 7-12), a concentration in quantitative biology, a concentration in preparation for childhood education (grades 1-6) and a BA/MA program in preparation for adolescent education (grades 7-12).

To enter the traditional mathematics major (for careers in business or government and for graduate study beyond the master’s level), the student should have completed one year of calculus (MATH 150 and 155, or the equivalent). The major consists of at least 33 credits of coursework: 24 credits of core curriculum courses taken by all mathematics majors except those enrolled in the concentration in preparation for childhood education (grades 1-6) or enrolled in the BA portion of the BA/MA program in preparation for adolescent education (grades 7-12) and at least 9 credits of advanced elective courses, chosen by students according to their career plans.

Students interested in pursuing mathematics at the advanced graduate level are urged to participate in the BA/MA program in mathematics. The BA/MA program in preparation for adolescent education leads to professional (permanent) certification in adolescent education (grades 7-12) in mathematics. Permanent certification may also be received by completing the BA degree with a mathematics major and then completing the graduate Teacher Education Program (TEP) in Mathematics or the graduate Teaching Opportunity Program (TOP) in Mathematics.

Major Core Curriculum

(24 cr)

MATH 156, 250, 254, 255, 260, 311, 351 and STAT 213 or 311.

Elective Courses

The student must complete three 3-credit approved elective courses. The elective courses must be chosen from the 300- or 400-level courses in mathematics or statistics listed by the department. Factors affecting the choice of courses will include the student’s career goals (preparation for graduate study, education; careers in business, government service or industry), the student’s other major, where applicable, (for students with a second major in mathematics), and the availability of courses due to the course rotation schedule. A 300-level course may be replaced by a graduate level course approved by a departmental adviser.
Symbolic Computation
Proficiency Requirement
As a requirement for graduation with a BA in mathematics, students must demonstrate entry level proficiency in symbolic computation. The requirement can be met in any of the following ways:

a) passing any of MATH 126, MATH 151, MATH 154, MATH 385;
b) passing a departmental exam in a computer algebra system (currently we use MATHEMATICA or the equivalent)

MINOR
Except for mathematics majors planning to teach in elementary or secondary schools, majors in mathematics ordinarily take as a minor 12 approved credits in one of the following subjects: biological sciences, chemistry, computer science, economics, geology, philosophy (in particular, logic), physics, or statistics. However, other minors may also be approved. Students following the concentration in quantitative biology must take the following natural science courses, which will fulfill the requirements for a minor in biological sciences or in chemistry: CHEM 102-105 (or the equivalent), CHEM 222, BIOL 100, BIOL 300, BIOL 425. For students preparing to teach in elementary or secondary schools the education sequence as prescribed by the School of Education is taken in lieu of a minor.

Minor for Non-Majors
Non-majors wishing to minor in mathematics should consult their major adviser for appropriate course recommendations.

Concentration in Preparation for Adolescent Education (Grades 7-12)
Provisional certification for teaching mathematics in grades 7-12 may be obtained by completing a BA with a traditional mathematics major and the adolescent education sequence as prescribed by the School of Education. This education sequence is taken in lieu of a minor. Students following this concentration in the mathematics major should consult a departmental adviser as to which advanced elective courses are recommended to complete 33 or more credits in the major.

Concentration in Quantitative Biology (in the Mathematics Major)
This program is for students intending to pursue research careers in biomedical sciences. It provides students with a working knowledge of computing and biological sciences for bioengineering careers in bioinformatics, the pharmaceutical industry, and the biotechnology industry. In order to enroll in the quantitative biology concentration within the mathematics major, students must obtain an average of B- or better in the following courses: STAT 213, CHEM 104-105 (or the equivalent), CHEM 222, BIOL 100. In addition, no more than one (1) of these four courses may be passed with a grade of C.

The requirements for the mathematics major that also apply to the bioinformatics concentration are the entry requirements MATH 150 and MATH 155, the symbolic computation proficiency requirement and the major core curriculum:
(24 cr) MATH 156, 250, 254, 255, 260, 311, 351 and STAT 213 or 311.
Required courses (in addition to the major core) are: STAT 311 or STAT 213, STAT 319, CSCI 320, CSCI 322.
Students will also take the following natural science courses, which will fulfill the requirements for a minor in biological sciences or in chemistry: CHEM 102-105 (or the equivalent), CHEM 222, BIOL 100, BIOL 300, BIOL 425.

Concentration in Preparation for Childhood Education (Grades 1-6)
This concentration constitutes a mathematics major for QUEST students. QUEST students majoring in mathematics are not exempt from the MATH 104/MATH 105 requirement. To enter the mathematics major, the student should have completed one semester of calculus (MATH 150 or the equivalent). The specified collateral major is childhood education. No minor is required. The mathematics major consists of at least 32 credits of coursework: 20 credits of major core curriculum courses and at least 12 additional credits, as described below.

(20 cr core): MATH 154, 155, 156, 160, 250, 260, and STAT 213.
At least 12 additional credits are required for the major. These are STAT 212, STAT 220, and two additional courses approved by a departmental adviser.

BA/MA Program in Preparation for Adolescent Education (Grades 7-12)
Students interested in secondary school teaching may pursue a combined BA/MA program in teaching. This program requires a minimum of 141 credits.

Admission Requirements for the BA/MA in Teaching:
1. Completion of at least 45 credits with a GPA of 2.8
2. Completion of at least 10 credits in mathematics, including a year of calculus (MATH 150 and 155, or the equivalent), with an average of 2.7 in these major courses.

Degree Requirements for the BA/MA in Teaching
The BA/MA program in the teaching of mathematics includes 50 credits in mathematics and 23 credits in teacher education courses, some of them taken at the undergraduate level and some at the graduate level. The required mathematics courses are:
1. The following 23 undergraduate credits: MATH 150, 155, 156, 250, 260, 311, STAT 213
2. The following 15 graduate credits: MATH 620, 623 or 634, 630, 661, STAT 614
3. 12 additional credits in mathematics or statistics at the 200-level or above, selected with the approval of the departmental mathematics education adviser.

The student should consult the School of Education section of the graduate college catalog for the sequence of teacher education courses.

STATISTICS MAJOR
The study of statistics provides the student with analytical tools that may find application in various fields within the sciences and social sciences. Bioinformatics is a rapidly developing area open to students in statistics with a working knowledge of computing and biological sciences. Actuarial science is one area open to students in statistics who also have backgrounds in such subjects as computer science, mathematics and economics.

The MA in statistics and applied mathematics offered by the department provides enrichment for undergraduate statistics majors. To enter the major, the student must have completed MATH 150 and 155. Normally, the statistics major consists of 32 credits as follows: 29 credits of core curriculum courses and any additional 3-credit statistics, mathematics, or computer science course approved by the undergraduate statistics adviser. Modifications are permitted with the consent of the statistics adviser. For example, a student may elect to replace STAT 212 with a more advanced course. With permission of the adviser, a student may take graduate courses in the MA in statistics and applied mathematics program. Students interested in bioinformatics take the additional courses listed in the concentration in quantitative biology below.

Major Core Curriculum
(29 cr) MATH 250, 254 or 354, 260, STAT 212, 213, 214, 311, 312, 313

Minor
Statistics majors take 12 approved credits as a minor in one of the following subjects: biological sciences, chemistry, computer science, economics, geology, mathematics, philosophy (in particular, logic), physics, political science, psychology or sociology. For information concerning approved minor sequences, students should consult the departmental adviser. Students following the concentration in quantitative biology must take the following natural science courses, which will fulfill the requirements for a minor in biological sciences or in chemistry: CHEM 102-105 (or the equivalent), CHEM 222, BIOL 100, BIOL 300, BIOL 425.
Minor for Non-Majors
Non-majors wishing to minor in statistics should consult their major adviser for appropriate course recommendations.

Actuarial Sequence
Students interested in actuarial work should take MATH 150, 155, 250, 260, STAT 311 and 313. Students are also encouraged to take courses in accounting, economics and computer science. For information concerning examinations and prizes given to undergraduates by the Society of Actuaries, consult the departmental adviser.

Concentration in Quantitative Biology (in the Statistics Major)
For students intending to pursue research careers in biomedical sciences. This is a new option to provide students with a working knowledge of computing and biological sciences for bioengineering careers in bioinformatics, the pharmaceutical industry, and the biotechnology industry. Required courses (in addition to the core): CSCI 132, CSCI 252. In order to enroll in the concentration in quantitative biology within the statistics major, students must obtain an average of B- or better in the following courses: STAT 213, CHEM 104-105 (or the equivalent), CHEM 222, BIOL 100. In addition, no more than one (1) of these four courses may be passed with a grade of C.

ACCELERATED BA/MA PROGRAM in
MATHEMATICS or in STATISTICS
and APPLIED MATHEMATICS
The BA/MA program offers promising students the opportunity to complete both the bachelor's and master's degree requirements with a minimum of 120 credits. Requirements are the same as those for a major in the department, plus 30 credits at the graduate level. Interested students should contact the graduate adviser for further information regarding eligibility and curriculum requirements.

Track 1: BA/MA Program in Mathematics
Students complete the BA with a traditional mathematics major, with 30 additional credits at the graduate level in pure mathematics approved by the departmental graduate adviser.

Track 2: BA/MA Program in Statistics
Students complete the BA with a traditional major in statistics or mathematics, with 30 additional credits at the graduate level in applied mathematics, statistics and computer science approved by the departmental graduate adviser.

COURSE LISTINGS
In planning their schedules, prospective majors should note that some advanced required courses are offered only once each year and several advanced elective courses are offered only once every other year. A rotation schedule for course offerings is available in the department office and on the department’s web site.

Prerequisites: Because of the nature of mathematics, the department recommends that students refrain from enrolling in any course that carries prerequisites unless these prerequisites have been completed with a grade of C or better.

MATHEMATICS

MATH 100 Basic Structures of Mathematics
GER 1/B
Not open to students who have received credit for any math or stat course that satisfies the GER 1/B requirement. Not recommended for students majoring in mathematics, statistics, computer science, or natural sciences. Symbolic logic, sets, number systems, relations and operations and topics in probability and statistics. This course is a terminal course and does not serve as a prerequisite to any other course in the department.
3 hrs, 3 cr.

MATH 101 Algebra for College Students
Topics in algebra, graphing and functions. Includes: algebraic and graphical solutions to systems of equations and inequalities; absolute value, polynomial, rational and radical expressions and equations; complex numbers; the function concept; introduction to polynomial, rational and exponential functions and their graphs.
prereq: appropriate score on placement exam
4 hrs (2 lec, 2 lab), 3 cr.

MATH 104 Mathematics for Elementary Education I
GER 1/B
Fundamental and relevant mathematics as recommended by the NCTM for prospective elementary school teachers, including problem solving, sets, logic, numeration, computation, integers and number theory. Required of students planning to teach in elementary schools. Not open to other students.
prereq: MATH 101 or appropriate score on the placement exam
3 hrs, 3 cr.

MATH 105 Mathematics for Elementary Education II
GER 1/B
Continuation of MATH 104. Continuation of the content of the mathematics recommended by the NCTM for prospective elementary school teachers, including probability, statistics, plane and transformational geometry, congruence and similarity.
prereq: MATH 104
3 hrs, 3 cr.

MATH 110 Topics in the Mathematical Sciences
GER 1/B
Not open to students who have completed MATH 105, 160 or 260. Intended for liberal arts or social science students. Applications of topics selected from algebra, analysis, computer science, geometry, probability and statistics.
prereq: college-level mathematics or statistics course
3 hrs, 3 cr.

MATH 111 Matrices, Vectors and Linear Programming
GER 1/B
Not open to students who have completed MATH 160 or 260. Recommended for accounting students; not recommended for students majoring in mathematics or statistics. Introduction to matrices and vectors, systems of linear equations and linear programming with applications.
prereq: MATH 101 or appropriate score on placement exam
3 hrs, 3 cr.

MATH 125 Precalculus
GER 1/B
Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 150 or its equivalent.
prereq: grade of C or better in MATH 101 or appropriate score on placement exam
4 hrs, 4 cr.

MATH 126 Precalculus Technology Laboratory
Students are introduced to MATHEMATICA as a tool for exploring qualitative features of functions and solving precalculus problems: simplifying algebraic expressions, solving equations, plotting functions and curves, finding and approximating zeros and solving systems of equations. MATH 126 cannot be taken for credit after a student has passed MATH 150. Students who have passed MATH 150 should register for MATH 154 to satisfy the symbolic proficiency requirement.
prereq: grade of C or better in MATH 101 or appropriate score on placement exam
pre- or coreq: MATH 125
2 hrs, 1 cr.

MATH 150 Calculus with Analytic Geometry I
GER 1/B
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications. It is strongly recommended that students who have not taken MATH 126 register for MATH 154 simultaneously with MATH 150. For majors in mathematics, MATH 154 may be used to satisfy the departmental graduation requirement of proficiency in symbolic computation.
prereq: grade of C or better in MATH 125 or appropriate score on placement exam
4 hrs, 4 cr.
MATH 151 Calculus I with Symbolic Computation
Combines MATH 150 (Calculus I) with MATH 154. Some previous experience with computers is desirable but not required.
  prereq: grade of C or better in MATH 125 or appropriate score on placement exam
  6 hrs, 3 cr.

MATH 154 An Introduction to Symbolic Computation
Laboratory introduction to machine-aided computation with an emphasis on examples related to calculus. Students use a symbolic computation package to investigate and solve problems numerically, analytically and graphically. The same package is used to create reports of their results. Some previous experience with computers is desirable but not required.
  prereq or coreq: MATH 150
  2 hrs, 1 cr.

MATH 155 Calculus with Analytic Geometry II
  GER 1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
  prereq: MATH 150
  4 hrs, 4 cr.

Math 156 Introduction to Mathematical Proof Workshop
Techniques of proof will be introduced, among them the direct and indirect methods of proof, epsilon-delta arguments and induction. These will be applied to theorems in number theory, set theory and in differential and integral calculus.
  prereq: MATH 150
  2 hrs, 1 cr.

MATH 160 Matrix Algebra
  GER 1/B
Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.
  prereq: MATH 125 or appropriate score on placement exam
  3 hrs, 3 cr.

MATH 250 Calculus with Analytic Geometry III
  GER 3/B
Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.
  prereq: MATH 155
  4 hrs, 4 cr.

MATH 254 Ordinary Differential Equations
  GER 3/B
First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.
  prereq: MATH 250
  3 hrs, 3 cr.

MATH 255 Vector Analysis
GER 3/B
Line and surface integrals, Green’s Theorem, divergence theorem, Stokes’ Theorem, generalized coordinates.
  prereq: MATH 250
  3 hrs, 3 cr.

MATH 260 Linear Algebra
GER 3/B
Vector spaces, linear transformations, canonical forms, inner product spaces, bilinear forms, applications.
  prereq: MATH 156 or perm dept.
  pre/coreq: MATH 250
  4 hrs, 4 cr.

MATH 261W Mathematics in Human History
GER 2/B
A historical treatment of themes in mathematics, probability and statistics with applications in the arts and sciences. Roots of mathematics in non-Western cultures and contributions of women and minorities are included.
  prereq: ENGL 120, college-level mathematics course beyond MATH 101
  3 hrs, 3 cr.

MATH 275 Intermediate Symbolic Logic
GER 3/B
Symbolization of statements in sentential and predicate notation, sentential derivations, interpretations, predicate derivations through logic of identity and definite descriptions. Cross-listed as PHIL 275.
  prereq: MATH 156
  3 hrs, 3 cr.

MATH 295 Intermediate Topics in Mathematics
GER 3/B
May be repeated as topics vary, but not more than twice. Topics to be studied in any given term will be announced prior to registration.
  prereq: MATH 150; additional prerequisites depend on specific course offered
  3 hrs, 3 cr.

MATH 301 Mathematical Methods for the Physical Sciences
GER 3/B
The solution of linear partial differential equations and boundary value problems. Solution techniques such as separation of variables, Fourier series, Green’s functions and Laplace transforms are covered. These are applied to several equations which occur in physical applications such as the heat equation, the Laplace equation and the wave equation. Crosslisted as PHYS 301.
  prereq: MATH 254
  3 hrs, 3 cr.

MATH 311 Abstract Algebra I
GER 3/B
Introduction to the theory of groups and rings.
  prereq: MATH 260
  3 hrs, 3 cr.

MATH 312 Abstract Algebra II
GER 3/B
Elements of Galois theory, construction with ruler and compass, advanced topics in ring theory and linear algebra.
  prereq: MATH 311
  3 hrs, 3 cr.

MATH 313 Theory of Numbers
GER 3/B
Congruences, quadratic residues, elementary Diophantine analysis, continued fractions, sums of squares.
  prereq: MATH 260
  3 hrs, 3 cr.

MATH 331 Geometries
GER 3/B
Topics in affine and projective geometry and/or topics in differential geometry.
  prereq: MATH 260
  3 hrs, 3 cr.

MATH 340 Topology
GER 3/B
Metric and topological spaces, continuity, homeomorphisms, compactness, connectedness, homotopy, fundamental group.
  prereq: MATH 351
  3 hrs, 3 cr.

MATH 351 Mathematical Analysis I
GER 3/B
Rigorous treatment of foundations of calculus, including topology of real line and higher dimensional spaces. Basic results on continuous functions.
  prereq: MATH 156, 250, 260
  3 hrs, 3 cr.

MATH 352 Mathematical Analysis II
GER 3/B
Integration, sequences and series, uniform convergence, differentiation of functions of several variables, inverse and implicit function theorems, formula for change of variables.
  prereq: MATH 351
  3 hrs, 3 cr.

MATH 353 Introduction To Complex Variables
GER 3/B
Complex numbers, analytic functions, elementary functions, contour integrals, Cauchy integral theorem, series.
  prereq: MATH 156, 255
  3 hrs, 3 cr.

MATH 354 Dynamical Systems and Chaos
GER 3/B
Linear flows, qualitative theory of low-dimensional nonlinear systems, introduction to chaos in discrete one-dimensional dynamical systems.
  prereq: MATH 250, 260
  3 hrs, 3 cr.

MATH 370 Mathematical Logic
GER 3/B
A survey of the central results and techniques of metalogic, principally mathematical induction, the soundness and completeness of theorems for first-order logic, the Skolem Theorem and Church’s Theorem on undecidability. Cross-listed as PHIL 375.
  prereq: MATH 260 or perm instr.
  3 hrs, 3 cr.
STATISTICS

STAT 113 Elementary Probability and Statistics
GER 1/B
Not open to students who have completed STAT 213 or PSYC 246. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis, graphical inference, the five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 213 instead of STAT 113.

 prerequisites: MATH 101 or appropriate score on placement exam; pre or coreq: ENGL 120. 3 hrs, 3 cr.

STAT 212 Discrete Probability
GER 1/B
Combinatorics, discrete probability, random walks and game theory. Emphasis on model building.
 prerequisites: MATH 125 or appropriate score on placement exam. 3 hrs, 3 cr.

STAT 213 Introduction to Applied Statistics
GER 1/B
Familiarity with the Windows computing environment encouraged. Sampling, estimation, tests of hypotheses, including one- and two-sample t-tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.
 prerequisites: MATH 125 or appropriate score on placement exam. Familiarity with the Windows computing environment encouraged. 3 hrs, 3 cr.

STAT 214 Data Analysis Using Statistical Software
GER 3/B
Familiarity with the Windows computing environment encouraged. Analysis of variance, simple and multiple regression, nonparametric statistics, statistical model building.
 prerequisites: STAT 213 or MATH 125 and STAT 113 with grade of C or better in each course. 3 hrs, 3 cr.

STAT 220 Statistical Analysis in Forensics
A second course in probability and statistics and the evaluation of evidence in the forensic sciences.
 prerequisites: STAT 212 and either STAT 213 or STAT 113 by permission of instructor. One of the above, i.e., STAT 212 or STAT 213 or STAT 113 by permission of instructor may be taken as a coreq. 3 hrs, 3 cr.

STAT 295 Intermediate Topics in Statistics
GER 3/B
Topics to be studied in any given term will be announced prior to registration. May be repeated as topics vary, but not more than twice.
 prerequisites: MATH 213 or MATH 115 and MATH 125; additional prerequisites depend on specific course offered. 3 hrs, 3 cr.

The Department of Music offers a wide variety of courses and degree programs tailored to the needs of students with different personal and professional objectives. Course offerings include a large selection of topics for both majors and non-majors covering many areas of music performance, theory, history, and literature. The BA degree can be completed evenings or days. In addition, the department sponsors numerous extracurricular events, including concerts, lectures, and master classes.

Private lessons in instruments and voice are provided to all performance majors and many other music majors by a distinguished roster of performance teachers. Financial aid is available to qualified performance majors and other majors who need to study with private teachers not on the staff.

Graduates of the department are active in classical and popular performance fields as singers, instrumentalists, and conductors. Concentration in music theory and composition can lead to career opportunities in orchestrating, choral or commercial arranging, film scoring, and music composing in contemporary and popular idioms. Concentration in music history paves the way for career opportunities in college teaching and musical scholarship, including such work as music journalism and criticism; lecturing; writing program and music liner notes; editing, translating, and cataloging musical materials; and serving as a consultant to concert societies, opera houses, and publishers. Graduates of the BA/MA Degree in Education program are qualified to teach in the public elementary and high schools of New York State.

**MAJOR PROGRAMS**

The Department of Music offers three undergraduate and two BA/MA major programs to fit individual interests and requirements. Students must take three examinations before declaring a music major:

1. **Music notation, rudimentary theory, and basic aural skills.** This examination is prerequisite to MU-T 220 (Music Theory I).
   Students who do not pass it must take MU-T 101 (Basic Musicianship) or learn the material on their own, then repeat the examination.

2. **Elementary music history and literature.** This examination is prerequisite to MU-H 205 (Music History I). Students who do not pass it must take MU-H 101 (Introduction to Music) or learn the material on their own, then repeat the examination.

3. **Performance audition on an instrument or voice.** This examination is prerequisite to MU-P 401 (Private Instruction in Instrument or Voice). Students whose performance skills fall below New York State School Music Association (NYSSMA) level 2, equivalent to about one year of study, must take MU-P 211-212 (Voice I-II), MU-P 213-214 (Piano III), or private lessons at their own expense (without credit), then repeat the examination. Students with no experience in performance may defer the audition until the end of their first semester of study.

Prospective majors should consult the Music Department's undergraduate adviser as soon as possible to discuss these examinations and any prerequisite courses they may need before beginning the major.

**Piano Proficiency Requirement**

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the second year of study in music theory (MU-T 320 and 321). Students entering Hunter with limited keyboard background may take MU-P 213-214 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department has a list of recommended piano teachers.

**25-Credit Major (BA)**

This degree is designed for students who want to study music in the context of a general liberal arts education, but who do not plan to pursue careers in music. It may also be convenient for students...
who enter Hunter with a large number of transfer credits in music. Requirements are:

- Music history: MU-H 201, 205, 206, 305, and one of the following: MU-H 306, 352, or 353.
- Music theory: MU-T 220, 221, 230, and 231.
- Performance: 2 credits in MU-P 221 or 231.
- Allied minor: 12 credits in any field of study leading to a BA degree (other than music).

42-Credit Major (BA)

This degree is designed for students planning to pursue professional careers in music. It provides basic training in all areas of music and serves as a foundation for graduate study of any aspect of the field. Requirements are:

- Music history: MU-H 201, 205, 206, 305, and one of the following: MU-H 306, 352, or 353.
- Performance: 2 credits in MU-P 401; 2 credits in large ensembles (MU-P 221 or 231); and 2 credits in performance electives (MU-P 221, 231, 249, 251, 353, 355, 365, 369 or 401).
- Electives: 3 credits in music courses above the 100-level.

No minor is required.

60-Credit Major (BMus)

This degree is designed for students planning to pursue careers as professional performers of music or as teachers of music performance. It provides intensive instruction in the student's instrument or voice; solid training in music history and theory; and a broad, liberal arts education. Admission to this program is conditional on passing an audition (preferably before the student enters college) demonstrating a high level of skill in performance. Requirements are:

- Music history: MU-H 201, 205, 206, 305, and one of the following: MU-H 306, 352, or 353.
- Private lessons: 18 credits in MU-P 431.
- Performance ensembles: For instrumentalists -6 credits in instrumental ensembles (MU-P 231, 249 or 353); for singers - MU-P 368 and 5 credits in vocal ensembles (MU-P 221, 251, 353 or 369) of which a minimum of 2 credits must be in MU-P 369.
- Electives: 3 credits in music courses above the 100-level.
- Recital: A senior recital, for which no credit is given, is also required.

4-Year Dual BA/MA Degree

The department offers unusually gifted students the opportunity to obtain a master's degree in four years with a minimum of 120 credits. Requirements are the same as those for the 42-credit BA plus those for the MA in music (30 credits at the graduate level; see graduate catalog). Students may be admitted to this program only after they have completed at least 60 credits of college work, including at least 29 credits in music (three semesters of music history, four semesters of music theory, and four semesters of musicianship). At least 12 credits (including six in music) must have been taken at Hunter College, and students must have a cumulative GPA of at least 3.5 with no grade of less than B in any music course. At that time, they must fulfill all requirements for entry into the MA program except completion of the BA degree. The graduate adviser must be consulted about the MA requirements.

5- to 6-Year Dual BA/MA Degree in Teacher Education

Exceptionally qualified students may obtain a master's degree in teacher education in 5-6 years with a minimum of 140 credits. Requirements are the same as those for the 42-credit BA plus requirements for the MA degree in music teacher education (see graduate catalog). Students may be admitted to this program only after they have completed at least 60 credits of college work, including at least 29 credits in music (three semesters of music history, four semesters of music theory, and four semesters of musicianship). At least 12 credits (including six in music) must have been taken at Hunter College, and students must have a cumulative GPA of at least 3.5 with no grade of less than B in any music course. They must have passed the Music Department's piano proficiency examination and an audition/interview demonstrating reasonable mastery of an instrument or voice. In addition, they must either have passed the LAST (Liberal Arts and Sciences Test) or fulfilled the following requirements of the School of Education:

a) Completion of developmental courses;
b) Grade of B- or better in ENGL 120 or a 200-level English course;
c) Application, on-site essay, and interview with the School of Education;
d) Proof of negative result on TB test;
e) Maximum of 6 credits taken with CR/NC grades, or else calculation of those grades as C/F for computation of grade-point average.

Admission requires the consent of both the Music Department and the School of Education. See the School of Education section of both the undergraduate and graduate catalogs for more information.

MINOR

For 25-credit music majors, the minor consists of 12 credits in a field of study leading to a BA degree and approved by the Music Department adviser. Double-majors and students in other music major programs are exempt from the minor requirement. Minor courses can be used without limit to satisfy stages 1, 2, and 3 of the GEP.

Minor for non-Majors

For students minoring in music, the requirements are determined by the student's major department. See your major adviser. The Music Department recommends the following courses: MU-T 101 or MU-T 220 and 230; MU-H 101 or MU-H 107; one course with an MU-H prefix at the 200-level; and 1-3 credits of music electives. Because 300-level courses are intended primarily for music majors and have extensive prerequisites, students whose major departments require a 300-level course in the minor may, with permission of their advisers, substitute a 200-level course in the music minor.

GRADING POLICIES

Students must have grades of C or better in all prerequisite courses in order to take courses that are required for the major. The grade of CR may not be elected in major courses. In accordance with Hunter College policy, a course may not be taken more than twice without permission of the department.

HONORS

To qualify for departmental honors in music, a student must have a 3.5 grade point average in major courses and complete an honors project, taken under the course number MU-T 491 or 492. The project, which must be approved in advance by the Policy Committee, may be a research paper on a historical, theoretical, or other topic; an original composition; or a recital. All projects should demonstrate an advanced level, a broad scope, and a high quality, and must be done under the supervision of a faculty member of the Music Department.

GRADUATE STUDY

Seniors of high academic standing who are recommended by the department may be permitted to take graduate courses for undergraduate credit. Seniors within 9 credits of graduation may apply to the Admissions Office for permission to take graduate courses creditable toward the MA degree.
INTRODUCTORY COURSES

MU-H 101 Introduction to Music
GER 2/D PD/D
For non-majors. Selected compositions primarily from the European tradition studied with aim to develop receptive listening.
3 hrs, 3 cr.

MU-H 107 The World of Music
GER 2/D PD/A
For non-majors. Introduction to music from a spectrum of world cultures, including Africa, Asia, and the Caribbean.
3 hrs, 3 cr.

MU-H 101 Basic Musicianship
GER 2/D
For non-majors. Introduction to music theory, sight singing, and ear training.
3 hrs, 3 cr.

HISTORY AND LITERATURE OF MUSIC

MU-H 201 Introduction to Music Research
Techniques of research and writing about music. Sources of information (reference books, monographs, periodicals, scores, recordings, Internet resources); types of writing (theoretical, historical, ethnomusicological, critical); writing issues specific to music.
pre-req: ENGL 120
coreq: MU-H 205
1 hr, 1 cr.
offered fall

MU-H 205 Music History I
PD/D
For music majors. Survey of the history of music in the European tradition to 1600.
pre-req: elementary knowledge of music history and literature, demonstrated by dept. exam
pre-req or coreq: MU-T 220, 230, ENGL 120, perm dept.
coreq: MU-H 201
3 hrs, 3 cr.
offered fall

MU-H 206W Music History II
PD/D
pre-req: MU-H 201, 205, ENGL 120
pre-req or coreq: MU-T 221, 231
3 hrs, 3 cr.
offered spring

MU-H 210W Music for the Piano
GER 3/A PD/D
Piano literature from the 18th century to the present.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 212W Masterpieces of Opera
GER 3/A PD/D
Study of operatic styles of such composers as Mozart, Verdi, and Wagner.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 217W History of Jazz
GER 3/A PD/B
Survey of jazz from its origins to present.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 221W Black Music in the Americas
GER 3/A PD/B
The origins, history, and evolutionary progression of Black music in the Americas; shared musical practices and resources in the multicultural matrix of the United States in particular and the hemisphere in general.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 227W Master Composers
GER 3/A
Study of works of single composer. Topics to be announced. May be taken 6 times.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 231W Folk and Traditional Music
GER 3/A
Study of ethnic music of selected cultures.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 240W Music of the Caribbean and Latin America
GER 3/A PD/A
Origin and development of Caribbean and Latin American musical styles and their impact on the United States and other parts of the world.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 241W Music of Asia
GER 3/A PD/A
Music and its relationship to dance and drama in the major civilizations of East Asia, Southeast Asia, South Asia, Central Asia, and the Middle East.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 245W Music of Africa
GER 3/A PD/A
Introduction to traditional and popular African music and performance practices. Theoretical and methodological issues as defined by ethnomusicology.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 250W Women and Music
GER 3/A PD/C
An ethnomusicological study of women and music in cross-cultural perspective.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, WGS 100, or perm instr.
3 hrs, 3 cr.

MU-H 252W Film Music
GER 3/A
Introduction to the history, aesthetic form, and techniques of film music, for everyone interested in film or film music, from the casual viewer of television movies and videocassettes to film and music majors.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 261W Special Topics in History and Literature of Music
GER 3/A
Study of works illustrating one specific genre, style, or period. Topics to be announced. May be taken 6 times. Depending on topic, may satisfy PD.
pre-req: ENGL 120; one of the following: MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 262W Special Topics in Music
A study of a musical topic outside the traditional classifications of music history, theory, and performance. Topics to be announced.
pre-req: ENGL 120; MU-H 101, 107, 205, MU-T 101, or perm instr.
3 hrs, 3 cr.

MU-H 305W Music History III
PD/D
Continuation of MU-H 206. Survey of the history of music in the European tradition from 1800 to the present.
pre-req: MU-H 206, MU-T 221, 231
3 hrs, 3 cr.
offered fall

MU-H 306W Music History IV
PD/D
Central issues in the history of European music, such as the role of patronage in musical culture, relationships of musical style to instruments and performing ensembles, and the impact of historical consciousness on contemporary musical life.
pre-req: MU-H 305
3 hrs, 3 cr.
offered spring

MU-H 352W Introduction to Ethnomusicology I
PD/A
pre-req: MU-T 221, 231 or perm instr; ENGL 120
3 hrs, 3 cr.

MU-H 353W Introduction to Ethnomusicology II
PD/A
Survey of musical traditions of North Africa, the Middle East, Oceania, and South and East Asia.
pre-req: MU-T 221, 231 or perm instr; ENGL 120
3 hrs, 3 cr.
MU-H 361W Special Topics in History and Literature of Music
Specialized study of selected genre, locality, period, style, composer, or problem. Topics to be announced. May be taken 6 times.

prereq: ENGL 120, variable music courses
3 hrs, 3 cr.

MU-H 498 Music Internship
Internship in various arts institutions in New York City.

prereq: perm dept.
1-6 cr.

PERFORMANCE OF MUSIC

MU-P 111 Elementary Voice I

2 hrs, 1 cr.

MU-P 112 Elementary Voice II
prereq: MU-P 111
2 hrs, 1 cr.

MU-P 121 Elementary Guitar I
For nonmajors. Class lessons in guitar: basic techniques, tuning, reading chord charts, playing and transposing songs, and learning chords, strums, and finger-picking. Students must supply their own instruments.

2 hrs, 1 cr.

MU-P 122 Elementary Guitar II
prereq: MU-P 121
2 hrs, 1 cr.

MU-P 131 Elementary Piano I
For nonmajors. Class lessons in piano: basic techniques, playing simple pieces.

prereq: MUT 101 or perm dept.
2 hrs, 1 cr.

MU-P 132 Elementary Piano II
prereq: MU-P 131
2 hrs, 1 cr.

MU-P 211 Voice I

prereq: declared music major or perm dept.
2 hrs, 1 cr.

MU-P 212 Voice II
Continuation of MU-P 211.

prereq: MU-P 211 or perm dept.
2 hrs, 1 cr.

MU-P 213 Piano I
Basic piano techniques, scales and chords, exercises, simple pieces, and sight-reading.

prereq: declared music major or perm dept.
2 hrs, 1 cr.

MU-P 214 Piano II
Continuation of MU-P 213.

prereq: MU-P 213 or perm dept.
2 hrs, 1 cr.

MU-P 221 College Choir
Open to all students. Rehearsal and public performance of major choral works. May be taken 8 times.

3 hrs, 1 cr.

MU-P 231 Hunter Symphony
Rehearsal and performance of orchestral works. May be taken 8 times.

prereq: audition, perm instr.
3 hrs, 1 cr.

MU-P 249 Jazz Ensemble
Open to all instrumentalists by audition. Study and performance of popular forms of music, including dance, jazz, and musical comedy. May be taken 6 times.

2 hrs, 1 cr.

MU-P 251 Jazz Vocal Workshop Ensemble
Jazz performance and improvisation. May be taken 6 times.

prereq: MU-P 111 or 211 or 401 in Voice and audition
2 hrs, 1 cr.

MU-P 349 Conducting I
Principles of choral and orchestral conducting: technique of the baton, interpretation, repertoire, and score reading.

prereq: MU-T 381 or perm instr.
coreq: audit MU-P 221 or 231
3 hrs, 2 cr.

MU-P 350 Conducting II
Continuation of MU-P 349.

prereq: MU-P 349 and MU-T 381 or perm instr.
coreq: audit MU-P 221 or 231
3 hrs, 2 cr.

MU-P 353 Collegium Musicum
Study and public performance of solo and ensemble works from the medieval, Renaissance, and Baroque periods. May be taken 6 times.

prereq: audition, perm instr.
2 hrs, 1 cr.

MU-P 355 Chamber Music Workshop
Rehearsal and public performance of instrumental chamber works. May be taken 6 times.

prereq: audition, perm instr.
2 hrs, 1 cr.

MU-P 361-363 Special Studies in Performance of Music
Number of works are studied, rehearsed, and performed. Topics to be announced.

prereq: perm dept.
8 cr, maximum

MU-P 361
May be taken 4 times.

1 cr.

MU-P 362
May be taken 4 times.

2 cr.

MU-P 363
May be taken 2 times.

3 cr.

MU-P 365 Performance Class for Pianists
Seminar in performance for advanced piano students. Study and performance of representative works of piano repertoire. Individual attention to problems of public performance. May be taken 4 times. Students must be concurrently taking individual lessons in piano.

coreq: MU-P 401 or 431
2 hrs, 1 cr.

MU-P 368 Foreign Language Diction for Singers
Diction in the French, German, Italian, and English languages for singers. Fundamentals of the International Phonetic Alphabet as applied to singing. At least one semester of prior study of French, German, or Italian highly desirable.

pre- or coreq: MU-P 401 or 431
2 hrs, 1 cr.
MUSIC

MU-P 369 Performance Class for Singers
Course in seminar/workshop format concentrating on the literature for solo voice, both classical and popular (musical theater, jazz, gospel); but also including ensemble repertoire from opera and musical theater. Singers are coached in performance technique and interpretation, while working with an accompanist to prepare the semester's repertoire. May be taken 6 times. Students must be concurrently taking individual lessons in voice.
prereq: ENGL 120
coreq: MU-P 401 or 431
2 hrs, 1 cr.

MU-P 401 Individual Instruction in Instrument or Voice
Limited to the 42-credit BA music major, the 25-credit BA music major, the BA/MA music major and the music minor. Audition demonstrating performance skills equivalent to New York State School Music Association (NYSSMA) level 2 or higher. Students must make their own arrangements with department-listed teachers to receive credit for this course. Jury examination required. The jury examination following the second and subsequent semesters of private lessons must demonstrate performance skills equivalent to NYSSMA level 4 or higher. May be taken 8 times.
prereq: perm dept.
1 hr, 1 cr.

MU-P 402 Individual Instruction in Second Instrument or Voice
Individual instruction in second instrument or voice. Limited to the 42-credit BA music major, 25-credit BA music major, 60-credit BMus major, BA/MA music major and the music minor. Audition demonstrating performance skills equivalent to New York State School Music Association (NYSSMA) level 2 or higher. Students must make their own arrangements with department-listed teachers to receive credit for this course. Jury examination required. May be taken 8 times.
prereq: perm dept.
1 hr, 1 cr.

MU-P 431 Individual Instruction in Instrument or Voice
Limited to students in the 60-credit BMus program and the BA/MA music program. Intensive study in instrumental or vocal techniques. Jury examination required. May be taken 8 times.
prereq: perm dept.
1 hr, 3 cr.

THEORY OF MUSIC

MU-T 220 Music Theory I
Review of fundamentals of music theory; introduction to melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.
prereq: ability to read music as demonstrated by dept. exam, perm dept.
coreq: MU-T 230
3 hrs, 3 cr.
offered fall

MU-T 221 Music Theory II
Continuation of MU-T 220.
prereq: MU-T 220
coreq: MU-T 231
3 hrs, 3 cr.
offered spring

MU-T 230 Music History I
Sight singing, ear training, and keyboard drill on materials studied in the corequisite course.
Individual work in the Computer Assisted Instruction facility.
coreq: MU-T 220
2 hrs, 1 cr.
offered fall

MU-T 231 Music History II
Continuation of MU-T 230.
prereq: MU-T 230
coreq: MU-T 221
2 hrs, 1 cr.
offered spring

MU-T 320 Music History III
Intermediate-level study of melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.
prereq: MU-T 221
coreq: MU-T 330
3 hrs, 3 cr.
offered fall

MU-T 321 Music Theory IV
Continuation of MU-T 320.
prereq: MU-T 320
coreq: MU-T 331
3 hrs, 3 cr.
offered spring

MU-T 330 Music History III
Sight singing, ear training, and keyboard drill on materials studied in corequisite course. Individual work in the Computer Assisted Instruction facility.
prereq: MU-T 231
coreq: MU-T 330
2 hrs, 1 cr.
offered fall

MU-T 331 Music History IV
Continuation of MU-T 330.
prereq: MU-T 330
coreq: MU-T 321
2 hrs, 1 cr.
offered spring

MU-T 333 Composition I
Practical study of music composition; traditional pitch materials; motivic materials; formal schemes. Students will write several short compositions and perform them in class.
prereq: MU-T 221 and 231 or perm dept.
3 hrs, 3 cr.

MU-T 334 Composition II
Practical study of music composition. New pitch materials; composing for solo instruments; using contrast to build form. Students will write several short compositions and perform them in class. May be taken before Composition I.
prereq: MU-T 221 and 231 or perm dept.
3 hrs, 3 cr.

MU-T 335 Orchestration
Capabilities and limitations of the orchestral instruments; practice in scoring for small and large groups; instrument demonstrations and reading sessions.
prereq: MU-T 221 and 231 or perm dept.
3 hrs, 3 cr.

MU-T 351 Computer Music
Making music with computers using technologies such as MIDI sequencing, hardware synthesis, and digital audio. Promises and limitations of these tools.
prereq: MU-T 221 and 231 or perm dept.
3 hrs, 3 cr.

MU-T 361 Special Topics in Music Theory
Study of selected issues in music theory and analysis. Topics to be announced. May be taken two times.
prereq: variable
3 hrs, 3 cr.

MU-T 385 Private Lessons in Composition
Intensive study of music composition for advanced students. May be taken four times.
prereq: MU-T 333, 334, perm dept.
3 hrs, 3 cr.

MU-T 491 Honors Project
Upper Jr/Sr only. Individual project of large scope in music history, theory, composition, or performance.
prereq: minimum music GPA of 3.5, perm undergrad adviser
1 sem, 3 cr.

MU-T 492 Honors Project
prereq: MU-T 491
1 sem, 3 cr.

INDIVIDUAL STUDY

MU-I 201.01, 201.02, 201.03, 301.01, 301.02, 301.03, 401.01, 401.02, 401.03
Individual Study Project
Limited to music majors and music minors. Independent work on a project of the student's choice under the guidance of an approved supervisor who will provide the course grade. Proposals for projects must be submitted to the policy committee of the Music Department by the twelfth week of the preceding semester. Permission to enroll in the course is conditional on approval of the proposal by the committee. 1-3 cr. per sem.
PHILOSOPHY

Department Office: 1413 Hunter West; (212) 772-4970;
Chair: Frank M. Kirkland

Philosophy studies the most fundamental questions that human beings ask — about individual and social action, the possibility and limits of knowledge, the truth and justification of beliefs, human nature and freedom, the existence of God and the operations of nature. Philosophy approaches these questions in a systematic way and philosophers have worked out more or less comprehensive theories to answer them (or show why they cannot be answered). The courses offered by the Philosophy Department are designed to introduce students to the main problems that philosophers study and to the main ideas of such profound and influential thinkers as Socrates, Plato, Aristotle, Augustine, Aquinas, Descartes, Hume and Kant.

Philosophy is one of the most important subjects a student can study because it develops the ability to reason clearly and critically, to write thoughtfully, to use intelligence and logic to deal with problems all too often ruled by emotion and prejudice. Philosophy also helps one develop intellectual flexibility and learn to appreciate ideas and beliefs other than those of one's own time, place, class or group. Since it develops these intellectual abilities and habits, the study of philosophy, either in individual courses or as a major or minor, is excellent preparation for any profession or occupation.

Students of philosophy pursue careers in law, business, medicine, government and the arts. Some go on to study philosophy at the graduate level with the aim either of teaching philosophy or of obtaining an advanced degree to further their career objectives.

**RECOMMENDED GER**

**Courses for Philosophy Majors** In general, students should follow their interests in selecting courses to satisfy the GER. However, some courses are recommended for philosophy majors satisfying the requirement.

In satisfying Stage 2, Group B (social science), courses in history are particularly appropriate—thus, HIST 201 for those interested in ancient philosophy, or HIST 121 or 122 for those interested in modern philosophy. In addition, since research in psychology and anthropology is frequently relevant to issues in contemporary philosophy, courses such as PSYC 100 or AN-C 101 are recommended.

Prospective majors should note that all of the courses that are prerequisites for the major (PHIL 101, 103, 104, 106) also satisfy the Stage 3, Group C (humanities) requirement. In satisfying Stage 1, Group D (visual and performing arts), courses related to debates in aesthetics, such as ARTH 111 or MU-H 101, are especially recommended. In satisfying Stage 2, Group E (natural science), courses in physics or biological sciences are particularly appropriate especially PHYS 101 or, for those students with the relevant prerequisites, PHYS 110 and 111 or BIOL 100 and 102. In addition, SCI 101 and 102 may also be a good way to fulfill this requirement, particularly for those who are intending to become teachers.

While a number of courses in philosophy may be used to satisfy the Stage 3, Groups A or B requirements, these may not count toward the philosophy major and so must be taken in addition to courses that satisfy major requirements. Philosophy majors should note that a large number of courses offered by the department are W courses and can therefore be counted toward that requirement. While any foreign language offered at Hunter College can be used to fulfill the requirement, languages particularly appropriate for philosophy majors are German, Greek, French, Latin and, to a lesser extent, Chinese.

In fulfilling the pluralism and diversity requirement, philosophy majors should note the following courses in the department that meet this requirement: PHIL 219 for Group A, PHIL 226 for Group B, PHIL 216 and 230 for Group C and PHIL 106, 201, 212, 214, 215, 218, 220, 225 and 228 for Group D.

**New Course Prefixes**

Some course prefixes have changed, effective fall 2008. New prefixes are used in the course descriptions below.

**Old:** PHIL, PSYCH; **New:** PHIL, PSYC

**Program Prerequisites**

One of the following courses constitutes an appropriate first course in philosophy, as well as serving as a prerequisite for 200-level (or higher where specified courses) that are required for the philosophy major: PHIL 101, 103, 104, 106.

**Note:** None of these courses count toward the major requirements, though any one is a prerequisite for declaring a major.
MAJOR REQUIREMENTS

30 cr. distributed as follows:

1. 3 cr. in logic: PHIL 171
2. 9 cr. in history of philosophy: PHIL 212, 215 and 218
3. 3 cr. in ethics, politics and aesthetics: any course from PHIL 244, 246, or 258
4. 3 cr. in metaphysics and epistemology: any course from PHIL 360, 362, 364, 366, or 379
5. 3 cr. in the intensive study of a major philosopher: any course from PHIL 380, 381, 383, 384, 386, 387, 388, or 389
6. 9 additional cr. chosen in consultation with the adviser. Students are required to select at least one course (3 cr.) at the 300-level. Also they are encouraged to select courses that acquaint them with philosophic traditions other than the dominant Western ones.

MINOR

A philosophy major is permitted to minor in all programs leading to the BA degree that the college offers. The minor may include only 3 credits at the 100 level and must include at least 3 credits at the 300 level. Exceptions may be made with the permission of a Philosophy department adviser. Double majors are also permitted. Students fulfilling the requirements of both the philosophy major and another separate major are released from the requirement of completing a minor by the Philosophy department.

Recommended Minors for Philosophy Majors

While any minor offered at Hunter College is acceptable for philosophy majors, certain minors may be more appropriate for students with particular philosophic interests, especially those considering graduate study in philosophy.

For students with historical interests, a minor in a language in which there is a substantial philosophic literature is appropriate. In particular, Greek or German, Latin, French, or Chinese may also be appropriate minors in cases of students with special interests.

For students with interests in epistemology, logic, or science, a minor in one of the sciences is appropriate, in particular, psychology, physics, or mathematics. Anthropology or biological sciences may also be appropriate minors in cases of students with special interests.

Recommended Philosophy Minor Courses for Other Majors

Students should consult with their major department adviser in the selection of a minor. Students majoring in foreign languages and cultures who minor in philosophy should take courses on philosophers writing in the language of the major, for example, for Greek majors, PHIL 212, 380, 381; for German majors, PHIL 218, 384, 386, 387, 389; etc. Students majoring in English or fine arts fields should take historical courses that include the substantial study of values, such as PHIL 212 and/or 218, as well as courses dealing directly with problems of ethics or aesthetics, such as PHIL 244, 256 and 258. (In addition, English majors should consider taking courses that include substantial study of English or American philosophers, such as PHIL 215, 225 and/or 383.) Students majoring in history or social studies fields should take historical courses related to their area of interest (for example, PHIL 212 for ancient history or PHIL 218 for late modern European history), as well as courses dealing directly with problems of politics and society, such as PHIL 246, 248 and 250. Students majoring in the sciences should take courses in logic (PHIL 171, 275, 279, 375), as well as courses directly related to their major field — for example, PHIL 268 and 366 for psychology, PHIL 270 and 379 for physics, or PHIL 376 for mathematics.

MAJOR ADVISER

Philosophy majors must consult with one of several department advisers to review their course of study and progress toward the degree each semester. A semester by semester consultation with a department adviser makes it easier for philosophy majors to complete as coherently as possible all college and major requirements in a timely fashion.

Mentoring

Philosophy majors are encouraged to establish a relationship with a faculty mentor of their choice. This relationship can be distinct from the departmental advising relationship.

HONORS

To be eligible for graduation with departmental honors in philosophy, a major must have at least a 3.50 GPA in philosophy, at least a 3.0 overall GPA. The student must register for the 3- or 6-credit PHIL 494, which is taken in addition to and is not part of the 30 credits for the major. The student must write a substantial paper under the direction of a full-time faculty member. Both the faculty member under whose direction the student is working and the departmental Honors Committee will judge this honors essay.

INDEPENDENT STUDY

Students may engage in independent study under the supervision of a member of the Philosophy department by receiving permission to take PHIL 492.

COURSE LISTINGS

Course prerequisites ENGL 120 and one previous course in philosophy are prerequisite to all 200-level courses, except where otherwise noted. Two courses in philosophy, at least one of which is at the 200 level, are prerequisite to all 300-level courses. The department especially encourages students majoring in or interested in philosophy, both with less than 6 credits toward the major in philosophy, to consult with a departmental adviser about courses and their prerequisites at this stage of their academic stay at Hunter.

INTRODUCTORY COURSES

Note: PHIL 101, 103 and 104 offered each semester

PHIL 101 Introduction to Philosophy
GER 2/C
Examination of basic philosophical questions through study of selected philosophical classics. 3 hrs, 3 cr.

PHIL 103 Introduction to Logic and Critical Thinking
GER 2/C
Recognizing arguments: traditional logic including concepts, propositions, categorical, hypotheti
cal and disjunctive syllogisms; argument structure, natural language argumentation, fallacies. 3 hrs, 3 cr.

PHIL 104 Introduction to Ethics
GER 2/C
Examination of standards of right conduct and the good life through study of selected philosophical classics. 3 hrs, 3 cr.

PHIL 106 Philosophy, Politics and Society
GER 2/C PD/D
Introduction to social and political philosophy. 3 hrs, 3 cr.

HUM 110W Map of Knowledge
GER 2/C
Introduction to range of knowledge available in the curriculum. Discusses subject matter and methodology of various disciplines as well as their relations within and across the curriculum to aid students in making intelligent choices in their course of study. 3 hrs, 3 cr.

PHIL 203 Great Philosophers: Ancient and Medieval
GER 2/C PD/D
A comprehensive study of major philosophical thinkers, ideas and movements from the dawn of philosophy in ancient Greece to the time of the Renaissance. 3 hrs, 3 cr.

PHIL 204 Great Philosophers: Modern and Contemporary
GER 2/C PD/D
A comprehensive study of major philosophical thinkers, ideas and movements from the rise of modern philosophy in the 17th century to the present. 3 hrs, 3 cr.
PHIL 218W Revolutions in Modern Philosophy
GER 3/A PD/D
Study of major philosophers of the late 18th and 19th centuries such as Kant, Hegel, Schopenhauer, Feuerbach, Kierkegaard, Marx and Nietzsche.
3 hrs, 3 cr.

PHIL 219 Asian Philosophies
PD/A
Readings from classics of Indian, Chinese and Japanese philosophy drawn from traditions of Buddhism, Hinduism, Taoism and Confucianism.
3 hrs, 3 cr.

PHIL 220W Radical Philosophy
GER 3/A PD/D
Study of 20th-century philosophers who were critical of industrial capitalist society, such as Lukács and Marcuse, along with their historical precursors, including Rousseau and Marx.
3 hrs, 3 cr.

PHIL 223W Neoplatonism
GER 3/A PD/D
A study of the main thinkers and ideas in ancient and medieval Neoplatonism, emphasizing Plotinus and Augustine.
3 hrs, 3 cr.

PHIL 225W American Philosophy
GER 3/A PD/D
Historical survey of major American philosophers such as Edwards, Emerson, Thoreau, Peirce, James, Royce, Santayana and Dewey.
3 hrs, 3 cr.

PHIL 226W African-American Philosophy
GER 3/A PD/B
Development of the African-American intellectual tradition. Study of the work of such figures as Equiano, Douglass, Cooper, Byden, Du Bois and Hurston.
3 hrs, 3 cr.

PHIL 228W Existentialism
GER 3/A PD/D
Philosophical writings of major existentialists. Topics include nature of subjectivity, moral value, freedom, authenticity.
3 hrs, 3 cr.

PHIL 230W Feminism: Philosophical Theory and Practice
GER 3/A PD/C
Analyses of feminist theories and their practical implications.
3 hrs, 3 cr.

PHIL 320W Twentieth-Century Philosophy
GER 3/A
Survey of such movements as pragmatism, process philosophy, analytic philosophy, existentialism, phenomenology, feminism and postmodernism through consideration of such representative figures as Dewey, Moore, Whitehead, Russell, Husserl, Heidegger, Wittgenstein, Ayer, Sartre, De Beauvoir, Quine, Rorty and Rawls.
3 hrs, 3 cr.

PHIL 322 Modern Philosophical Idealism
GER 3/A
Study of major works of Fichte, Schelling, Hegel, Bradley, Royce and their critics.
3 hrs, 3 cr.

III. ETHICS, POLITICS AND AESTHETICS

PHIL 245W Moral Philosophy
GER 3/A
Study of selected problems in philosophical ethics and moral psychology.
3 hrs, 3 cr.

PHIL 246W Political Philosophy
GER 3/B
Study of selected philosophical problems in politics, law, economics and society.
3 hrs, 3 cr.

PHIL 248W International Ethics
GER 3/B
Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.
3 hrs, 3 cr.

PHIL 250W Problems of Ethics and Society
GER 3/B
Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.
3 hrs, 3 cr.

PHIL 252 Problems of Law and Morality
GER 3/B
Philosophy of law and the relation of legal to ethical issues.
3 hrs, 3 cr.

PHIL 254W Ethical Issues in Biology and Medical Care
GER 3/B
Treats issues such as abortion, euthanasia, "extraordinary means," confidentiality, human experimentation, genetic control and allocation of limited life-saving therapy.
3 hrs, 3 cr.

PHIL 256W Philosophical Ideas in Literature
GER 3/A
Analysis of major philosophical themes in some classics of world literature.
3 hrs, 3 cr.

PHIL 258W Aesthetics
GER 3/A
Study of philosophical issues that arise in our understanding and criticism of the arts. Topics include nature of expression, purpose and standards of criticism and aesthetic value.
3 hrs, 3 cr.
IV. METAPHYSICS AND EPistemology

PHIL 201W Knowledge and Reality
GER 3/A PD/D
Study of main problems of theory of knowledge and metaphysics such as personal identity, grounds of justified belief, existence of God, nature of free will and causality.
3 hrs, 3 cr.

PHIL 262W Philosophy of Religion
GER 3/A
Philosophical examination of some religious questions and beliefs.
prereq: one course in philosophy or religion (see statement under Program Prerequisites above)
3 hrs, 3 cr.

PHIL 268W Philosophical Psychology
GER 3/B
Views of human nature underlying some major contemporary schools of psychology, such as Freudian psychoanalysis, behaviorism, existential psychoanalysis, Piaget's developmental psychology.
3 hrs, 3 cr.

PHIL 270W Philosophy, Science and Culture
GER 3/B
Issues relating to the impact of modern science on philosophy, religion and culture.
3 hrs, 3 cr.

PHIL 360W Metaphysics
GER 3/A
Study of major metaphysical views, such as materialism, idealism, nominalism and realism. The major question is: What is reality and how may it be known?
3 hrs, 3 cr.

PHIL 362W Theory of Knowledge
GER 3/A
Study of origin, structure, methods and foundations of human knowledge.
3 hrs, 3 cr.

PHIL 364W Philosophy of Language
GER 3/A
Inquiry into the philosophical significance of language, its structure, meaning, reference and use.
3 hrs, 3 cr.

PHIL 366W Philosophy of Mind
GER 3/A
Examination of the concept of mind and the person. Topics include thinking, intention, consciousness, supervenience, emotion, self-knowledge.
3 hrs, 3 cr.

PHIL 376W Philosophy of Mathematics
GER 3/B
Study of such issues as the nature of demonstration or proof and the nature of mathematical knowledge and mathematical objects such as numbers and sets. Cross-listed with MATH 376.
prereq: ENGL 120; one PHIL course and one PHIL or MATH course (precalculus or beyond)
3 hrs, 3 cr.

PHIL 379W Philosophy of Science
GER 3/B
Study of foundations of knowledge in natural and social sciences.
3 hrs, 3 cr.

V. MAJOR PHILOSOPHERS

PHIL 380W Plato
GER 3/A
Close study of major Platonic dialogues.
3 hrs, 3 cr.

PHIL 381W Aristotle
GER 3/A
Close study of Aristotle's major writings.
3 hrs, 3 cr.

PHIL 382W Major Figure in Medieval Philosophy
GER 3/A
A study of the works and legacy of one of the major philosophers of the Middle Ages such as Augustine, Aquinas, Avicenna, Maimonides, or Spinoza. The course may be repeated as different figures are offered.
3 hrs, 3 cr.

PHIL 383W Major Figure in Early Modern Philosophy
GER 3/A
A study of the works and legacy of one of the major philosophers of the 17th and 18th centuries such as Descartes, Spinoza, Leibniz, Hobbes, Locke, Berkeley, Hume and Rousseau. The course may be repeated as different figures are offered.
3 hrs, 3 cr.

PHIL 384W Kant
GER 3/A
A study of some of Kant's major writings.
3 hrs, 3 cr.

PHIL 385W Plotinus
GER 3/A
A study of the background, writings and legacy of Plotinus.
3 hrs, 3 cr.

PHIL 386W Hegel
GER 3/A
Study of some of Hegel's major writings.
3 hrs, 3 cr.

PHIL 387W Nietzsche
GER 3/A
Study of Nietzsche's major writings.
3 hrs, 3 cr.

PHIL 388W Wittgenstein
GER 3/A
Development of Wittgenstein's thought through intensive study of his major works.
3 hrs, 3 cr.

PHIL 389W Heidegger
GER 3/A
Detailed study of the central themes in Being and Time and their development in his later essays.
3 hrs, 3 cr.

PHIL 390W Marx
GER 3/A
Study of some of Marx's major writings.
3 hrs, 3 cr.

SPECIAL COURSES

PHIL 200 Topics in Philosophy
GER 3/A
Topics discussed vary from semester to semester.
prereq: variable (see Program Prerequisites above)
3 hrs, 3 cr.

PHIL 393 Philosophical Systems
GER 3/A
Study of writings of one or two major philosophers.
prereq: variable (see Program Prerequisites above)
3 hrs, 3 cr.

PHIL 394 Philosophical Problems
GER 3/A
Study of one or more major philosophical problems.
prereq: variable (see Program Prerequisites above)
3 hrs, 3 cr.

PHIL 492 Independent Study in Philosophy
Independent study of philosophical works under faculty supervision.
prereq: one PHIL course at 300-level, perm instr. (see Program Prerequisites above)
1-6 cr.

PHIL 494 Honors Tutorial in Philosophy
Open to Jr/Sr only. Students must present a proposal for an individual project to be completed under faculty supervision. Successful completion is one requirement for departmental honors at graduation.
prereq: 3.0 cum GPA and 3.50 major GPA; philosophy majors only, minor with perm instr.
two 300-level PHIL courses, one of which may be taken concurrently; perm dept.
3 or 6 cr.

PHIL 498 Internship
Open to Jr/Sr only. Philosophically relevant internship.
prereq: philosophy major, minor with perm dept advisers; 2.5 com GPA and 3.0 major GPA (see Program Prerequisites above)
1-6 cr.

Courses Not Offered During 2007-2010:

PHIL 222 J. S. Mill and Utilitarianism
PHIL 326 Pragmatism
PHIL 330 Contemporary Phenomenology
PHIL 332 Contemporary Analytic Philosophy
## Majors Offered

<table>
<thead>
<tr>
<th>Options in Degree</th>
<th>Number Credits</th>
<th>Recommended/ Required GER</th>
<th>Prereq</th>
<th>Recommended Minor</th>
</tr>
</thead>
</table>

### BA in Physics

#### Option 1
For students in the BA/MA program, students intending to teach grades 7-12, and students intending to enter the medical profession

- 22 credits in physics at the 200 level and higher + 15-24 credits of allied courses:
  1. Intro courses (PHYS 111, 121 preferred) [8 cr]
  2. PHYS 221, 222[lab], 330, 334, and 335 [18 credits]
  3. PHYS 230 and PHYS 235 [4 cr]
  4. 15-24 credits of allied courses in mathematics and chemistry

#### Option 2 (Engineering Physics Concentration)
Recommended for students preparing for graduate studies in physics, engineering, or industrial R&D in engineering-related fields

- 30-31 credits in physics at the 200 level and higher + 18-21 credits of allied courses:
  1. Intro courses (PHYS 111, 121 preferred) [8 cr]
  2. PHYS 204, 224, 330, 336, 415, 416, and 428 [25 cr]
  3. One course from PHYS 335 or 385 [4 or 3 cr]
  4. One from among the following: PHYS 230, 235, and 427 [2 cr]
  5. MATH 150, 155, 250, 254, and 301 [18 cr]
  6. One year of high school chemistry or CHEM 102

#### Option 3 (Biophysics Concentration)
Recommended for students planning to pursue graduate studies and industrial R&D in biological related areas in physics, chemistry, bioengineering, medicine, and material sciences

- 26 in physics, 15 in chemistry, 18 in biology, 12 in mathematics, and 8 electives:
  1. PHYS 111, 121, 330, 334, 336, and 420 [26 cr]
  2. MATH 150, 155, and 250 [12 cr]
  3. CHEM 102/103, 104/105, 222, and 224 [15 cr]
  4. BIOL 100, 102, 200, and 300 [18 cr]
  5. Electives (8 cr, at least 4 in physics) among PHYS 221/222 or 204/224, BIO 102/103, PHYS 342 or 426, PHYS 415, BIOL 302, BIOL 390, BIOL 470, MATH 254, and STAT 213 [8 cr]

#### Option 4 (Laser and Fiber Optics Concentration)
Recommended for those interested in a career in the telecommunications industry, as it includes a foundation in lasers and fiber optics. (No more than 4 credits of the sequence PHYS 231-234 may be used toward the major)

- 22 credits in physics at the 200 level and higher + 15-24 credits of allied courses:
  1. Intro courses (PHYS 111, 121 preferred) [8 cr]
  2. PHYS 231, 232, 233, and 234 [4 cr] (no more than 4 cr of the sequence may be used towards the major)
  3. PHYS 221, 222[lab], 330, 334, and 335 [18 cr]
  4. 15-24 credits of allied courses [mathematics and chemistry]

### BA/MA in Physics

BA/MA is recommended for students planning to pursue a PhD in physics

- 22 credits in physics at the 200 level or higher + 15-24 credits of allied courses:
  1. Intro courses (PHYS 111, 121 preferred) [8 cr]
  2. PHYS 221, 222[lab], 330, 334, and 335 [18 cr]
  3. PHYS 230 and PHYS 235 [4 cr]
  4. 15-24 credits of allied courses [mathematics and chemistry]
  5. 30 credits for the graduate curriculum

### Recommended Minor

- MATH 150 or equivalent

- MATH 150 or equivalent

- MATH 150 or equivalent

- MATH 150 or equivalent

- MATH 150 or equivalent

- MATH 150 or equivalent

- MATH 150 or equivalent

- MATH 150 or equivalent

- MATH 150 or equivalent

### Prereq

For students in the BA/MA program and students intending to enter the medical profession, 12 credits in biological sciences, chemistry, computer science, or another approved field selected after conference with the major advisor. For students planning to become physics teachers grades 7-12, the 23-credit adolescent education sequence is taken in lieu of a minor.

Completion of this concentration automatically satisfies minor in mathematics.

Completion of this concentration automatically satisfies minors in chemistry and biology.

12 credits in biological sciences, chemistry, computer science, geology, mathematics, or another approved field selected after conference with the major advisor.
Physics is the study of the basic interactions that govern the behavior of the universe as we know it. As such, a knowledge of physics is necessary for the proper understanding of any science, and, of course, it is an exciting field of study in its own right.

The department offers comprehensive training in physics that can lead to a teaching position in grades 7-12; industrial, institutional and government work; and graduate study. The major includes lecture courses, laboratory courses, and a chance for qualified students to participate in research with faculty members.

GRADUATE STUDY

The Department of Physics and Astronomy offers a number of advanced courses, listed in the 2006-2009 graduate catalog, which give credit toward the degree of master of arts. Qualified undergraduate students may be admitted to these courses with the approval of the department chair.

Accelerated BA/MA Program in Physics

This special program for a limited number of well qualified students leads to a bachelor of arts and a master of arts degree. Students are offered the opportunity to quickly reach a level where they are competitive for admission into any doctoral program in physics. The program requires 124-126 credits (including the 30 credits required for a physics major BA degree and 30 credits from the graduate curriculum). Because this program requires a large number of physics courses, many of which have other physics courses as prerequisites, students in this program should begin taking physics courses in their first or second semester. Students should consult with the department chair, undergraduate advisor or graduate advisor for details as early as possible.

Dual degrees BA/BS in physics and engineering are proposed for the near future; contact the pre-engineering advisor.

MAJORS FOR NON-PHYSICS MAJORS

A minimum of one year of physics is recommended for all majors in sciences and health sciences.

Medical and dental schools also require one year of physics. Students requiring one year of physics may take either the PHYS 110-120 sequence (9 cr) or the PHYS 111-121 sequence (11 cr). Although both sequences cover the same topics, PHYS 111-121 utilizes elementary calculus and meets for one additional lecture hour each week. It is recommended for science students and those premed students who satisfy the mathematics pre- or corequisite. PHYS 101 (4 cr) should be taken only by those who want a one-semester terminal course in physics; it does not satisfy pre-professional requirements. Students should take no more than one first-semester course (PHYS 101, 110, 111) and no more than one second-semester course (PHYS 120, 121) since they may receive credit for no more than one course from each group.

MAJOR

One of the following four options (concentrations) may be taken.

Option 1

For students in the BA/MA program, students intending to teach grades 7-12, and students intending to enter the medical professions. The requirements consist of 8 credits of introductory physics courses and a 22-credit concentration in physics courses at the 200 level and higher. Additionally, 15-24 credits of allied courses (mathematics and chemistry) are also required. Together, the introductory physics and the Option 1 concentration (30 credit total) satisfy the major requirement for certification as a teacher of physics in grades 7-12. Option 1, together with the MA (see the Accelerated BA/MA Program in Physics), is recommended for students planning to pursue a PhD in physics.

Option 2

(Engineering physics concentration) is recommended for students preparing for graduate studies in physics, engineering, or industrial R&D in engineering-related fields. The requirements consist of 30-31 credits in physics at the 200 level or higher. Additionally, 18-21 credits of allied courses in mathematics and chemistry are also required. This sequence combines rigorous training in analytical skills with hands-on laboratory experience in modern subjects such as electronics, material science, and photonics.

Option 3

(Biophysics concentration) is recommended for students planning to pursue graduate studies and industrial R&D in biological related areas in physics, chemistry, bioengineering, and material sciences. This concentration is designed to allow the students to gain a solid foundation in physics and biology, together with a specially-designed course in biophysics which demonstrates the disciplinary interface between the two. The concentration requirements consist of courses in physics (26 cr), mathematics (12 cr), chemistry (15 cr) and biology (18 cr).

New Course Prefixes

Some course prefixes have changed, effective fall 2008. New prefixes are used in the course descriptions below. For example:

Old: ..................................................ASTRO
New: ..................................................ASTR

Option 4

(Laser and fiber optics concentration) is recommended for those interested in a career in the telecommunications industry, as it includes a foundation in lasers and fiber optics. Eight (8) credits of introductory physics are required, with PHYS 111-121 recommended. PHYS 110-120 may be taken instead. No more than 8 credits toward the major can be obtained from these courses. It is recommended that PHYS 190 be taken, if the PHYS 110-120 sequence is taken instead of the PHYS 111-121 sequence. MATH 150, 155, 250, and 254 (15 cr) are required in addition to one year of high school chemistry or college chemistry. All four of the courses of the sequence PHYS 231, 232, 233, and 254 are required. No more than 4 credits of the sequence PHYS 231-234 may be used toward the major.

MINOR

12 credits in biological sciences, chemistry, computer science, mathematics, or another approved department or program that leads to a BA degree and is selected after conference with the major adviser. For students planning to become physics teachers at the secondary level the 23-credit sequence in secondary education constitutes an appropriate minor.

Minor for Non-Majors

Students choosing to minor in physics should consult their major department adviser for appropriate course recommendations. Faculty from the physics and astronomy department will be pleased to help in the selection of courses for the minor in physics and astronomy.

Preparation for Teaching

The major in physics satisfies the requirements for NY State initial certification of at least 30 credits for teachers in adolescent education: physics (grades 7-12).

Students preparing to teach physics are advised to include the following courses or their equivalents in their undergraduate program: MATH 254; CHEM 102, 103, 104, 105; ASTR 100; GEOL 101; and BIOL 100. See the School of Education section of this catalog for additional requirements and consult with an adviser in the School of Education.

HONORS WORK

The opportunity for students to do individual research (experimental or theoretical) is offered in courses PHYS 453 and 454.

* CHEM 102 and 104 can be replaced by CHEM 111, 112, 113 (3 semesters).

** CHEM 102 can be replaced by CHEM 111, 112 (2 semesters) for 4 cr.

*** Skills courses will not be credited. For example, accounting, statistics, photography, drawing, musical instruments technique, non-literature courses, etc., are regarded as skills courses.
COURSE LISTINGS

ASTR 100 Basic Concepts in Astronomy
GER 2/E
An introductory I-semester astronomy course designed for non-science majors. GER 2/E credit awarded as a non-laboratory science course. Core credit awarded for a science course with lab only if ASTR 100 and ASTR 107 are completed.
3 hrs, 3 cr.

ASTR 107 Laboratory Exercises in Astronomy
GER 2/E
Laboratory exercises in astronomy to observe the major features of the night sky, demonstrate the physical basis of astronomical instruments, and experiment with astronomical phenomena. Core credit awarded only if ASTR 100 or equivalent and ASTR 107 are completed.
pre- or coreq: ASTR 100
2 hrs, 1 cr.

PHYS 101 Study of Selected Phenomena and Basic Concepts of Physics
GER 2/E
Introductory one-semester physics course designed for non-science majors and others requiring a one-semester terminal course.
6 hrs (3 lec, 3 lab), 4 cr.

PHYS 110 General Physics: Introductory Course in Mechanics, Heat, and Sound
GER 2/E
First semester of two-semester introductory physics course using algebra.
prereq: MATH 125, pre-calculus or equiv. by math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec), 4.5 cr.

PHYS 111 General Physics: Introductory Course in Mechanics, Heat, and Sound
GER 2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
pre- or coreq (with perm dept.): MATH 150
8 hrs (4 lec, 3 lab, 1 rec), 5.5 cr.

PHYS 120 General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics
GER 2/E
Second semester of PHYS 110, a two-semester introductory physics course using algebra.
prereq: PHYS 110 or 111
7 hrs (3 lec, 3 lab, 1 rec), 4.5 cr.

PHYS 121 General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics
GER 2/E
Second semester of PHYS 111, a two-semester introductory physics course using calculus.
prereq: PHYS 110 or 111
pre- or coreq (with perm dept.): MATH 155
8 hrs (4 lec, 3 lab, 1 rec), 5.5 cr.

PHYS 190 Tutorial in Mathematical Physics
Applications of differential and integral calculus to selected topics chosen from the major subfields of physics. Completion of this course and its prerequisites is equivalent to completion of the calculus-based general physics sequence, PHYS 111 and 121.
prereq: MATH 155, PHYS 120
3 hrs (2 lec, 1 rec), 2 cr.

PHYS 204 Electrical Circuits and Laboratory
Passive electrical circuits and computer-based data acquisition and analysis, including basic circuit laws, methods of circuit analysis, circuit theorems, operational amplifiers, capacitors and inductors, sinusoids and phasors, sinusoidal steady state analysis, frequency response, and test and measurement instruments, virtual instruments, and data acquisition software.
pre- or coreq: MATH 254
prereq: PHYS 121
5 hrs (3 lec, 2 lab), 4 cr.

PHYS 221 Electronics Laboratory
GER 3/B
prereq: PHYS 120 or PHYS 121
4 hrs, 4 cr.

PHYS 222 Electronics Laboratory
GER 3/B
Experiments are performed with passive devices (capacitors, inductors, resistors) and active devices (diodes, transistors). A variety of transistor amplifier and oscillator circuits are studied in addition to integrated circuit applications.
coreq: PHYS 221
4 hrs, 2 cr.

PHYS 224 Analog and Digital Electronics and Laboratory
Semiconductor devices and circuits, including properties of semiconductors, diodes, transistors, amplifiers, oscillators, and digital circuits.
prereq: PHYS 120, PHYS 204
5 hrs (3 lec, 2 lab), 4 cr.

PHYS 230 Classical Physics Laboratory
GER 3/B
Selected experiments of mechanics, electricity/magnetism, and thermodynamics. Experiments may include driven oscillator resonance, coupled oscillators, liquid nitrogen heat of vaporization, Fourier analysis/filtering, ferromagnetic hysteresis, and the nonlinear pendulum period. Elementary error analysis techniques and computer software for data analysis/plotting.
prereq: PHYS 120 or 121
4 hrs, 2 cr.

PHYS 231 Fundamentals of Laser and Fiber Optics
GER 3/B
Topics in optics related to lasers and optical fiber and devices for modulating and directing signals from such devices. Geometrical optics with emphasis on ray tracing. Matrix methods in optics. Lenses thick and thin, mirrors, prisms and other passive optical elements and systems. Propagation of light in materials. Dispersion and its effects. Special topics in geometric and wave optics. Laboratory complements classwork.
prereq: PHYS 120 or 121 or equiv; MATH 125
5 hrs, 4 cr.

PHYS 232 Laser and Electro-Optics Technology
GER 3/B
Wave optics, interference, coherence, polarization, birefringence, diffraction, gratings in two and three dimensions, power and energy measurements, basics of laser safety, ultra-fast pulse technology measurements, basics of laser safety, ultra-fast pulse technologies, electro-optics and acousto-optics switches, optical materials, non-linear optics. Laboratory complements classwork.
prereq: PHYS 231
7 hrs, 5 cr.

PHYS 233 Laser, Electro-Optics Devices, Measurements and Applications
GER 3/B
Laser as a device, principle of operation, cavity modes and their control (tuning elements, Q switching, mode-locking) and detection, laser design, types of lasers, includes discussion of laser types for medical, ranging and tracking, material processing, pollution monitoring, and optical memory applications, semiconductor laser. Laboratory complements class work.
prereq: PHYS 231
6 hrs, 4 cr.

PHYS 234 Fiber Optics Devices, Measurements, and Applications
GER 3/B
prereq: PHYS 231
6 hrs, 4 cr.

PHYS 235 Modern Physics Laboratory
GER 3/B
Selected experiments of quantum physics and optics. Experiments may include nuclear half-life, microwave diffraction, Bragg scattering of x-rays, nuclear multichannel scintillation, Franck-Hertz quantum levels, Millikan oil drop. Error analysis techniques including Gauss and Poisson distributions and correlation of data. Programming for data analysis.
prereq: PHYS 120 or 121
4 hrs, 2 cr.
PHYS 301 Theoretical Physics
Analysis of mathematical techniques for solving partial differential equations occurring in physics. Cross-listed as MATH 301.
prereq: MATH 254
4 hrs, 4 cr.

PHYS 330 Atomic and Nuclear Physics
Examines experimental evidence and develops modern view of structure of atom and nucleus.
prereq: PHYS 120 or 121
pre- or coreq: MATH 250
4 hrs, 4 cr.

PHYS 334 Intermediate Electricity and Magnetism
Electrostatics, currents, magnetism, and introduction to electromagnetic theory of light.
prereq: PHYS 120 or 121
pre- or coreq: MATH 250
4 hrs, 4 cr.

PHYS 335 Intermediate Mechanics
Study of laws of motion and coordinate systems; introduction to powerful analytical techniques.
prereq: PHYS 120 or 121
pre- or coreq: MATH 250
4 hrs, 4 cr.

PHYS 336 Thermodynamics and Statistical Mechanics
Study of fundamental ideas of heat, reversibility, and entropy. Introduction to statistical nature of some physical laws.
prereq: PHYS 120 or 121; MATH 250
4 hrs, 4 cr.

PHYS 342 Optics
Study of lenses, mirrors, interference, diffraction, and polarization, as well as lasers, holography, and Fourier optics.
prereq: PHYS 120 or 121; MATH 250
3 hrs, 3 cr.

PHYS 385 Numerical Methods I
Accuracy and precision, convergence, iterative and direct methods. Topics selected from: solution of polynomial equations and linear systems of equations, curve fitting and function approximation, interpolation, differentiation and integration, differential equations. Note: Cross-listed with MATH 385 and CSCI 385 so that students in the mathematics and computer science departments can use the course toward the completion of their major requirements.
prereq: MATH 254
3 hrs, 3 cr.

PHYS 411 Theoretical Mechanics
Classical mechanics of particles and rigid bodies; special relativity; Hamilton’s formulation; Liouville’s theorem.
prereq: PHYS 335
pre- or coreq: MATH 254
3 hrs, 3 cr.

PHYS 415 Electromagnetic Theory
Electrostatics; vector analysis, electrostatics; electric fields in matter; magnetostatics; magnetic fields in matter; electrodynamics based on Maxwell equations, and conservation laws.
prereq: PHYS 334 or PHYS 121 with permission
3 hrs, 3 cr.

PHYS 416 Electromagnetic Theory II
Electromagnetic waves, guided waves, potential and fields, radiation, electrodynamics and relativity.
prereq: PHYS 415
3 hrs, 3 cr.

PHYS 420 Introduction to Biophysics
A comprehensive introduction to the interface between physics and biology and the application of the techniques of physics to understanding biological systems, focusing on developing an understanding of the thermodynamics of living systems, on the physical kinematics of macromolecules and other biological structures and on the theory of physical techniques that are used in the study of biological systems.
pre- or coreq: PHYS 330, PHYS 336, BIOL 300, CHEM 376.
4 hrs, 4 cr.

PHYS 424 Plasma Physics
Motion of charged particles in external magnetic and electrical field; fusion using tokamaks, mirrors, and lasers.
prereq: PHYS 334
3 hrs, 3 cr.

PHYS 425 Quantum Theory
From Bohr model and de Broglie waves to Schrödinger wave equation; solutions for simple cases; transformations.
prereq: PHYS 330
pre- or coreq: MATH 254
3 hrs, 3 cr.

PHYS 427 Intermediate Physics Laboratory
Study of modern experimental techniques in variety of fields.
prereq: PHYS 235
4 hrs, 2 cr.

PHYS 428 Photonics and Laboratory
Theoretical principles and practical training of selected subjects of modern optics and lasers.
prereq: PHYS 330, PHYS 222 or 224
coreq: PHYS 416 or PHYS 334
4 hrs, 2 cr.

PHYS 445 Solid State Physics
Energy levels in atoms, molecules, and solids; crystal structures; properties of solids; semiconducting devices.
prereq: PHYS 330
3 hrs, 3 cr.

PHYS 453 Introduction to Research
Independent theoretical or experimental research or independent study of approved topic.
prereq: PHYS 330, 334, 335, and 427 or perm chair
1-3 cr.

PHYS 454 Introduction to Research
Independent theoretical or experimental research or independent study of approved topic.
prereq: PHYS 453 or perm chair
1 to 3 cr.

PHYS 485 Numerical Methods II
Topics in numerical methods selected from solutions of linear equations, interpolating functions, root finding methods, nonlinear equations, Fourier series and the fast Fourier transform, partial differential equations. A major term project will be assigned. Note: Cross-listed with MATH 485 and CSCI 485 so that students in the mathematics and computer science departments can use the course toward the completion of their major requirements.
prereq: PHYS 385
3 hrs, 3 cr.

Courses Not Offered During 2007-2010:
ASTR 101 Concepts and Laboratory Exercises in Astronomy
ASTR 181 Astronomy of the Solar System
ASTR 182 Stellar Astronomy
PHYS 145 Physics of Computers
PHYS 186 Acoustics of Music
PHYS 240 Physics of Biological Systems
PHYS 245 Computer Applications in Physical Sciences
PHYS 280 Astrophysics
PHYS 360 Atomic and Nuclear Physics for Engineers
PHYS 364 Electricity and Magnetism for Engineers
PHYS 365 Analytical Mechanics
PHYS 403 Topics in Modern Physics
Political science deals with the various political, social and cultural arrangements through which people govern their lives. It attempts to interpret the past and explain the present and often dares to draw images of the future. As a field of study, it reaches to many levels, from the evolution of political philosophy and the character of contemporary political concepts to the problems of development in emerging nations, from the crisis of urban government in America to the interaction of peoples and states in the international arena. In short, its centers of interest are broad and diverse.

Many people think of politics in terms of political parties and voting. Political science is interested in both of these subjects, but it is also interested in many other areas. Students will find courses on the ideas of great thinkers from Plato to the present, the problems of cities, war and peace, democracy and utopia, democratic and authoritarian political systems, international political economy, human rights, women and politics, American politics, the domestic and foreign policies of the United States and countries in Latin America, Europe, Asia, Africa and other regions.

A large number of political science majors choose some branch of public service upon completing their bachelor's degrees. Some go into teaching. Others enter business. Some work in journalism. Still others enter politics or go on to law school or graduate training.

Political science, therefore, prepares students for a variety of career opportunities as well as for a lifetime of active citizenship.

</table>

Writing Corequisites and Prerequisites

Introductory, intermediate and advanced political science courses require significant expository writing and ENGL 120 as a co- or prerequisite. To assure that students are ready for these courses, they should be enrolled in ENGL 120 (or its equivalent) or have successfully completed the course. For all 100-level courses, ENGL 120 (or its equivalent) is a prerequisite or co-requisite; for all 200-level, 300-level and 400-level courses, ENGL 120 (or its equivalent) is a prerequisite.

Major

(24 cr)

Majors are required to take at least one course in each of the four following subfields of the discipline: American government, political theory, comparative politics and international relations. We do not recommend that students take more than two introductory courses. Students may distribute their remaining courses in the major as they see fit. However, students contemplating graduate work are encouraged to specialize appropriately in consultation with the department's faculty members. One political science course used to satisfy Stage 1 and one political science course used to satisfy Stage 2 of the Core Requirement of the GER may also be used to satisfy the major requirement. Majors may not use a political science course to satisfy Stage 3, unless they have a double-major. For students who entered the Distribution Requirement, one political science course used to satisfy the Distribution Requirement in the social sciences may also be used to satisfy the major requirement.

Majors must complete at least one course at the 300 level or above in any subfield (effective for students declaring the major after January 1, 1998). No more than 6 credits in internships (PLSC 411, 412, 413, 414, 498) may be used toward the major. While students are entitled to take all four 100-level courses offered by the department, we do not recommend that a student apply more than two 100-level courses to the major. Courses taken for Credit/No Credit may not be applied toward the major.

New Course Prefixes

Some course prefixes have changed, effective fall 2008. New prefixes are used in the course descriptions below.

For example:

Old: ..............................................PLSC, WOMST
New: ............................................PLSC, WGS

Minor

The minor consists of 12 credits in one or two other programs leading to a BA degree, in areas related to the major. Credits satisfying Stage 1, 2 or 3 of the Core Requirement or the Pluralism and Diversity Requirement can also be counted toward the minor. The minor must be approved by the Department of Political Science.

Minor for Non-Majors

Students considering a minor in political science should consult their major adviser. Advisers from the political science department would be pleased to assist students in selecting appropriate courses. The department welcomes political science minors who are contemplating careers in law or public service.
Interdepartmental Fields
Political Science department faculty are actively involved in many interdisciplinary programs at Hunter College. Students who want to do work in political science as part of the interdepartmental programs in Latin American and Caribbean Studies, Women and Gender Studies, Asian American Studies, Russian and East Central European Studies and Jewish Social Studies should refer to the appropriate descriptions in this catalog.

Preparation for Law
A substantial number of majors in political science intend to go on to law school. For information on law school requirements and on relevant courses in political science as well as in other departments, students should read the departmental brochure, "Frequently Asked Questions about Law School," and consult the pre-law adviser.

HONORS
In order to graduate with honors in political science, a student must have a 3.5 GPA in the political science major and a college-wide cumulative index of at least 3.0 and must also complete a major paper of approximately 25 pages in length that reflects serious scholarship in a 300- or 400-level political science course or an honors course (PLSC 492). Students are encouraged to enroll in PLSC 492 in order to conduct a significant independent research project or to revise a term paper or similar project begun in a political science course in a previous semester. As a general rule, a student who takes PLSC 492 must be supervised by a full-time faculty member with whom the student has done prior coursework and who has agreed to supervise the student's honors project. Thus, students seeking to graduate with departmental honors should begin to plan the sequence of honors work at least two semesters in advance of their expected graduation date.

Pi Sigma Alpha
Students interested in joining this honor society should consult with Professor Walter Velkones, 1701 Hunter West, (212) 772-5495.

Seminar/Internship Program in New York Government
This university-wide program is designed to bridge the gap between academic study and the practical world of government. Each year approximately 300 students are selected as CUNY interns. Hunter College students participate by enrolling in PLSC 411 and 412. Interns spend eight to ten hours a week in agencies, political offices or community groups working on administrative or research assignments related to urban affairs and services. They attend a weekly classroom seminar at Hunter and monthly meetings of the entire program at the CUNY Graduate School. Prominent government officials, political leaders, community representatives and academic experts participate in both the weekly and monthly meetings. Students are advised to have taken prior coursework in American politics and to have at least a 3.0 GPA prior to being admitted to this program. For further information, consult the Department of Political Science.

Students may also arrange for internships in international relations as an independent study by enrolling in PLSC 498. Up to 6 credits in internship work (PLSC 411, 412, 413, 414, or 498) may be used to satisfy requirements for the major. As a general rule, a student who takes PLSC 498 must be supervised by a full-time faculty member with whom the student has done prior coursework and who has agreed to supervise the student's internship. Additional internship credits may be used as electives toward graduation.

Preparation for Graduate Study
Many political science majors go on to graduate study. Students considering graduate work should consult members of the political science faculty.

Awards and Prizes
The Political Science Department confers recognition on its outstanding graduates through prizes and awards: The Katherine Duffy Prize and The Edgar Dawson Prize presented annually to graduating political science majors and The David E. Haight Memorial Award, a substantial fellowship to enable a graduating political science major to pursue graduate studies in political science.

Scholarships
The Political Science Department may award the Joan Pincus Scholarship to students majoring in political science who have achieved at least sophomore status, have an excellent academic record and have demonstrated financial need. For additional information, see the department chair or the departmental adviser.

E-mail List
The department operates an e-mail list, POLISCI-L, to disseminate news of interest to students and faculty in political science — including news of job and internship opportunities and announcements of special events, financial aid opportunities, political developments and similar matters. To subscribe, send the message: Subscribe POLISCI-L to: majordomo@hunter.cuny.edu

COMPUTER AND STUDY FACILITIES
The department has established a computer facility with a student study area in Room 1729 Hunter West. Political science students are encouraged to use the study area and to join the political science student association, which also is based in Room 1729 Hunter West.

Students matriculated fall 2001 or later must take three courses with a significant writing component as part of the General Education Requirement at Hunter College. Political science courses that meet the writing requirement (as of spring 2004) have a "W" designation. All 200- or 300-level political science courses satisfy the Focused Exposure/Stage 3, Group B requirement. Check with the department for an up-to-date list of "W"-designated courses. Also, some 300-level courses are occasionally conducted as seminars. Consult the department website or office for offerings each semester.

COURSE LISTINGS

INTRODUCTORY COURSES
Each of the following introductory courses is intended to acquaint the student with a particular segment of political science: American Government and Politics, Political Theory, Comparative Politics, and International Politics. Each will fulfill three credits of the Broad Exposure/Stage 2, Group B requirement in the social sciences, although only one of these courses may be used for that purpose. For complete course descriptions, see respective subject area course listings below.

PLSC 110W American Government: A Historical Introduction
PLSC 111W Introduction to American Government and Politics
PLSC 112W Introduction to Political Theory
PLSC 115 Introduction to International Politics
PLSC 117W Introduction to Comparative Politics

AMERICAN GOVERNMENT AND POLITICS
PLSC 110W American Government: A Historical Introduction
GER 1/C or 2/B
Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts. Not open to students who have taken PLSC 111.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

PLSC 111W Introduction to American Government and Politics
GER 2/B
President, Congress, Supreme Court, Constitution, politics, parties, pressure groups. Not open to students who have taken PLSC 110.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

PLSC 211W State Government and Politics
GER 3/B
Comparative analysis of state governments. Power and role of governors, state legislatures, parties, lobbies.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 212W Urban Politics
GER 3/B
Politics in New York City and other urban areas. Decentralization, urbanization, race, ethnicity, reform.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 213 Political Parties and Elections
GER 3/B
Organization, campaigns, nominations, voting behavior, issues, finances, reforms.
prereq: ENGL 120
3 hrs, 3 cr.

Conversion to 3-credit courses is based on standard course lengths.
PLSC 204 Contemporary Issues in Political Theory
GER 3/B
Topics vary each semester. They have included democracy in America, totalitarianism, liberty and authority.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 206W Research Design in Political Science
GER 3/B
Opinion surveys, content analysis, legislative roll-call analysis, census data, election returns. Introduction to statistics. Uses Social Science Data Lab.
pre-req: passing college proficiency exam in math or perm instr; ENGL 120
3 hrs, 3 cr.
offered fall

PLSC 207W Data Analysis in Political Science
GER 3/B
Computer applications and statistical analysis in political science. Students write a quantitative term paper. Uses Social Science Data Lab.
pre-req: PLSC 206 or perm instr.
3 hrs, 3 cr.
offered spring

PLSC 209W [204.51] Women and Gender in Western Political Thought
GER 3/B PD/C or D
Examines history of political thought from the perspective of gender relations and the treatment of women.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 301W American Political Thought
GER 3/B
Examination of ideas that have shaped American politics from the Revolution to the present, including Federalists and Anti-Federalists, Progressivism and responses to industrialization and recent debates over the welfare state, political inclusion and democracy.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 303W Democracy and Dictatorship
GER 3/B
Communism, fascism, democracy. Major political doctrines of the 20th century in theory and practice.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 304 Contemporary Issues in Political Theory
GER 3/B
Selected topics in political theory.
pre-req: one course in the political theory sub-field or perm instr; ENGL 120
3 hrs, 3 cr.

PLSC 305W Democratic Theory
GER 3/B
A critical survey of different conceptions of democracy: issues include democracy as a political order, democracy and “non-political” forms of life (e.g., business, family, religion), toleration, political representation, democracy and justice.
pre- or coreq: ENGL 120; one course in political theory or perm dept.
3 hrs, 3 cr.

PLSC 306W Approaches to Political Science
GER 3/B
Major organizing concepts in the study of political science.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 307W Theory of Revolution
GER 3/B
Traditional and modern revolutions. Conditions and objectives of socialist and communist revolutions.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 309W [204.54] Feminist Political Theory
GER 3/B PD/C
Readings in feminist ideas, both historical and contemporary, on issues of power, justice and equality. The course will emphasize different perspectives, including those of liberal, radical, post-modernist, women of color, third world and “global” feminists.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 311W Utopian Theory
GER 3/B
Political theories often imagine ideal worlds, both to explore ideals and to criticize political realities. This course will explore utopias and dystopias as theories that explore political possibilities and challenge existing realities.
pre-req: ENGL 120; one course in political theory or perm dept.
3 hrs, 3 cr.

PLSC 316W Political Theory of Human Rights
GER 3/B
A critical analysis of the intersection of academic and practical discourse of human rights in the central concerns of political theory, particularly as it engages relationships between ethics and power as well as theory and practice.
pre-req: ENGL 120 or equiv; one course in political theory or perm instr.
3 hrs, 3 cr.

COMPARATIVE POLITICS

PLSC 117W Introduction to Comparative Politics
GER 2/B
Comparative analysis of liberal democracies, one party states and authoritarian regimes’ presentation and application of basic concepts and theories of comparative political analysis.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

PLSC 220W Globalization and Opposition Movements
GER 3/B
The environmental, social and political effects of economic globalization in less industrialized and highly industrialized countries; reformist and radical critiques and neoliberal defenses; causes and consequences of opposition movements.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 251W Politics of Africa, Asia and Latin America
GER 3/B
An examination of the nature of governance and politics in Africa, Asia and Latin America. Through an in-depth study of several countries, topics and concepts, such as political culture, modernization, development, dependency, democracy, political leadership and the processes of policy making, are explored.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 252W Government and Politics in the Caribbean
GER 3/B PD/A
Colonial heritage and American presence. Political institutions, cultural diversity and economic dependency.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 253W Government and Politics in Latin America
GER 3/B PD/A
Ideology, revolution, institutions, class structure, distribution of wealth and power, political and economic development.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 254W Government and Politics in Western Europe
GER 3/B PD/D
Theory, practice, institutions and problems of noncommunist European nations (Britain, France, Germany, etc.).
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 255W Government and Politics of Japan and Korea
GER 3/B PD/A
Political, social and economic institutions of Japan and Korea; their domestic politics and relations with the world.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 256W Government and Politics in South and Southeast Asia
GER 3/B PD/A
Political, economic and social institutions of India, Cambodia, Vietnam, Indonesia, Thailand, etc.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 257W Government and Politics of China
GER 3/B PD/A
Chinese politics, institutions and foreign policy.
pre-req: ENGL 120
3 hrs, 3 cr.

PLSC 260W African Politics through African Films
GER 3/B PD/A
An examination of contemporary African politics using various social science theories, films and documentaries made by African filmmakers.
pre-req: ENGL 120
3 hrs, 3 cr.
PLSC 262W Government and Politics in Central America
GER 3/B PD/A
Political institutions, ideology, class and ethnic structure, economic development, distribution of wealth and power, foreign influences and revolutionary and evolutionary roads to modernization.
pre-or coreq: ENGL 120
3 hrs, 3 cr.

PLSC 263W Government and Politics in the Middle East
GER 3/B PD/A
Introduction to Islamic societies and their politics with particular attention to cultures of region.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 264W Government and Politics of Israel
GER 3/B
Historic evolution of the Jewish state and its political system, social issues and foreign policy.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 265W Government and Politics in Eastern Europe
GER 3/B PD/D
Political, social and economic institutions of individual Eastern Central European nations and their post-communist transitions.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 266W The Politics of Southern Africa
GER 3/B PD/A
Political, economic and social institutions in Zimbabwe, Kenya, Nigeria, Tanzania, South Africa, etc.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 269W Governments and Politics of Northern Africa
GER 3/B
Political, economic and social institutions in Algeria, Tunisia, Morocco, Libya, etc.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 270W Black Revolution in Africa
GER 3/B
Examination of varieties of revolution and socialism in Africa in post-independence era.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 272W Contemporary Issues in Comparative Politics
GER 3/B
Selected topics in comparative politics. Past topics included comparative communism, Mideast foreign policy.
prereq: PLSC 113 or 114 or 117 or perm. dept.
3 hrs, 3 cr.

PLSC 279W Revolutionary Mass Movements: Communism, Fascism, Anarchism
GER 3/B
Comparative study of radical social movements in 20th century, including communist, fascist and anarchist movements.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 310W Comparative Legal Systems
GER 3/B
Comparative study of major legal traditions of the modern world, including common law, civil law, Soviet, Islamic, Chinese, tribal and hybrid systems.
prereq: POLSC 111, 238 or 340 or 341 or 343 or 375 or any course in comparative politics subfield or perm instr; ENGL 120
3 hrs, 3 cr.

PLSC 315W Social and Economic Policies in Western Europe and the United States
GER 3/B PD/D
Evolution of social and economic policies from the 19th century to the present. Policies are analyzed in light of tensions between democracy and capitalism.
prereq: ENGL 120; any course in comparative politics or perm instr.
3 hrs, 3 cr.

PLSC 351W Government and Politics of Russia and the Post-Soviet States
GER 3/B
Post-Soviet politics, institutions, social forces, economic transformations and regions.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 352W State and Society in Africa
GER 3/B PD/A
An examination of the nature of the relationship between the African state and civil society in the post-independence period and how this relationship influences governance and democracy.
prereq: ENGL 120 or equiv.
3 hrs, 3 cr.

PLSC 372W Contemporary Issues in Comparative Politics
GER 3/B
Selected topics in comparative politics.
prereq: any course in comparative politics subfield or perm instr; ENGL 120
3 hrs, 3 cr.

PLSC 378W Russian National Interests: Past and Present
GER 3/B PD/D
In a contemporary, historical and comparative context, this course will explore the factors influencing debates on and definitions of Russia’s national interests, the strategies for promoting those interests and the implications for Russia and the international system.
prereq: ENGL 120 or equiv; PLSC 115 or PLSC 117 or perm instr.
3 hrs, 3 cr.

INTERNATIONAL POLITICS
PLSC 115W Introduction to International Politics
GER 2/B
Diplomacy, power, war, peace, terrorism, nationalism, imperialism, the UN, structures and processes of world politics.
pre- or coreq: ENGL 120
3 hrs, 3 cr.

PLSC 271W International Politics in the Americas
GER 3/B
Imperialism and dependency in Latin America. U.S. public and private agencies, international organizations.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 273 Contemporary Issues in International Politics
GER 3/B
Special issues in international politics. Past topics included the international law of energy, world water resources, war.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 274W American Foreign Policy
GER 3/B
Personalities and processes in making, administering and controlling our foreign policy. Crises and dilemmas.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 275W Politics of the Global Economy
GER 3/B
Introduction to International Political Economy (IPE). Examines the dynamic interaction between politics and economics across national borders, including the politics of trade, development, finance, varieties of capitalism, globalization and environmental protection. Not open to students who have taken PLSC 376.
prereq: ENGL 120 or equiv.
3 hrs, 3 cr.

PLSC 276W International Relations of the Third World
GER 3/B
Analysis of the role played by Third World states in international arena, examining relations of developing nations with advanced industrialized states, socialist states and other developing nations.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 278W International Organizations
GER 3/B
Powers, functions and effectiveness of international institutions; emphasis on United Nations and regional organizations.
prereq: POLSC 115 or perm instr; ENGL 120
3 hrs, 3 cr.

PLSC 280W Women, War and Peace
GER 3/B PD/C
The course examines the roles that women have played as subjects and objects in war and peace.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 281W Drugs, Politics and Public Policy
GER 3/B
Examination of public policies addressing drug use and abuse in the United States and other countries with emphasis on political and cultural determinants, economic and market factors, constitutional implications and United States foreign policy.
prereq: ENGL 120
3 hrs, 3 cr.
PLSC 282W International Security
GER 3/B
An introduction to basic concepts and problems in the area of international security, this course will explore explanations for some of the central causes of insecurity/conflicts and peace/stability as well as examine related contemporary security issues.
prereq: ENGL 120 or equiv.
3 hrs, 3 cr.

PLSC 373 Contemporary Issues in International Politics
GER 3/B
Selected topics in international politics.
prereq: PLSC 115 or perm instr; ENGL 120
3 hrs, 3 cr.

PLSC 374W International Human Rights
GER 3/B
An examination of the origins, substance and processes of human rights in international relations.
prereq: ENGL 120 or equiv.
3 hrs, 3 cr.

PLSC 375W International Law
GER 3/B
Case studies on nature, sources, practices and efficacy of international law, principles and rules.
prereq: ENGL 120
3 hrs, 3 cr.

PLSC 376W International Political Economy
GER 3/B
Critical issues facing international system, such as global inequality, new international economic order, role of multinational corporations and neocolonialism.
prereq: PLSC 115 or 117 or 243 or 271 or perm instr; ENGL 120
3 hrs, 3 cr.

PLSC 377W Theories of International Politics
GER 3/B
An examination of the central concepts and issues in international politics that underpin the main theoretical debates in the field.
prereq: PLSC 115 or equiv; ENGL 120
3 hrs, 3 cr.

PLSC 378W Russian National Interest: Past and Present
GER 3/B PD/D
In a contemporary, historical and comparative context, this course explores the factors influencing debates on and definitions of Russia's national interests, the strategies for promoting those interests and the implications for Russia and the international system.
prereq: ENGL 120 or equiv; PLSC 115 or PLSC 117 or perm instr.
3 hrs, 3 cr.

PLSC 379W War and Strategy
GER 3/B
The nature, functions, conduct and consequences of war and the problems of devising strategies that successfully link political ends and military means.
prereq: ENGL 120; one of the following: PLSC 115, 274, 282, 380 or perm instr.
3 hrs, 3 cr.

PLSC 380W European Security
GER 3/B PD/D
Examination of the sources of war and peace, instability and stability and insecurity and security in Europe, using social science theories and historical case studies.
prereq: PLSC 115 or 273.87 or 282 or perm dept; ENGL 120
3 hrs, 3 cr.

PLSC 381W East Asia in World Politics
GER 3/B PD/A
An examination of sources of stability and instability in East Asia, using social science theories and historical background.
prereq: PLSC 115 or perm dept, ENGL 120
3 hrs, 3 cr.

SPECIAL PROGRAMS

PLSC 411, 412 Seminar/Internship in New York City Government
Practical experience in city government and politics. Weekly seminars, monthly university-wide meetings.
prereq: perm dept.
2 sems; 4 hrs, 4 cr. each sem.
411 offered fall, 412 offered spring

PLSC 480 Seminar in Selected Problems of Political Science
Open to Jr/Sr only. Advanced seminar on selected topics.
prereq: perm dept.
3 hrs, 3 cr.

PLSC 482 Seminar in Political Behavior
Advanced seminar in public opinion, voting, mass politics. Major paper required.
prereq: perm instr.
3 hrs, 3 cr.

PLSC 486 Senior Colloquium
Advanced seminar. Major project and/or paper required.
prereq: perm dept.
3 hrs, 3 cr.

INDEPENDENT STUDY, HONORS, INTERNSHIP COURSES

Students may take an independent study, an honors course and/or an internship more than once. No more than 6 credits of internship may be applied to the major in political science.

Independent Study
Students may take independent study only with full-time members of the department. As a general rule, the students should have taken a prior course with this instructor. Departmental permission will not be granted without explicit approval by the instructor.

PLSC 490.11-13 Independent Study in American Government and Politics

PLSC 490.21-23 Independent Study in Political Theory

PLSC 490.31-33 Independent Study in Comparative Politics

PLSC 490.41-43 Independent Study in International Politics
prereq: at least one course in appropriate sub-field, perm dept.
1-3 cr.

Honors
Students may take independent study honors projects only with full-time members of the department. As a general rule, the students should have taken a prior course with this instructor. Departmental permission will not be granted without explicit approval by the instructor.

PLSC 492.11-13 Independent Study in American Government and Politics-Honors

PLSC 492.21-23 Independent Study in Political Theory-Honors

PLSC 492.31-33 Independent Study in Comparative Politics-Honors

PLSC 492.41-43 Independent Study in International Politics-Honors
prereq: at least one course in appropriate sub-field, perm dept.
1-3 cr.

Internship
Students may take independent study internships only under the supervision of full-time members of the department. As a general rule, the students should have taken a prior course with this instructor. Departmental permission will not be granted without explicit approval by the instructor.

PLSC 498.11-16 Internship in American Government and Politics

PLSC 498.21-26 Internship in Political Theory

PLSC 498.31-36 Internship in Comparative Politics

PLSC 498.41-46 Internship in International Politics
prereq: at least one course in appropriate sub-field, perm dept.
1-6 cr.
Psychology is concerned with all aspects of the study of behavioral, developmental and cognitive processes and employs a broad spectrum of approaches, from the social to the biological, to understand them. The Hunter College Psychology program reflects the diversity of psychology as a science and a profession. Course offerings range from clinical, social and developmental psychology to experimental psychology, ethology, biopsychology and behavioral neuroscience.

Although Psychology is a large department, students have personal contact with faculty members through an extensive advisement system, involvement in departmental activities and committees, supervised field placement and participation in research laboratories under the guidance of faculty mentors as part of our independent study, honors, COR (Career Opportunities in Research and Education), MARC (Minority Access To Research Careers), MIDARP (Minority Institutional Drug Abuse Research Development Program) & MBRD (Minority Biomedical Research Support) programs.

A broad range of applied and research opportunities are available within the department in developmental psychology, social psychology, human adjustment, animal behavior, physiological psychology and abnormal psychology. Departmental affiliations with mental health and community organizations make it possible for students to integrate their academic studies of personality, abnormal and child psychology with supervised practical experience by means of field placements and opportunities for applied research.

The faculty and facilities of the CUNY doctoral program in Biopsychology and master's program in General Psychology or in Animal Behavior and Conservation are integral parts of the Hunter College psychology program. These programs provide course concentrations in a number of different areas within psychology and offer undergraduate students research and other opportunities to interact with graduate students. Qualified students in their last semester may be admitted to graduate courses with the approval of the instructor and the department's graduate adviser.

The psychology major, as part of the bachelor's degree program, prepares the student for many career possibilities in psychology, education, social and welfare services, health services and industry and fulfills the course requirements for entering most psychology graduate programs. A background in psychology combined with special training in other disciplines within the college may be especially useful in preparing for careers in human resources, medicine, law, nursing, speech pathology, social work, special education, counseling and music, art and dance therapy.

Our Undergraduate Psychology Advising Resource Library (on reserve, 2nd floor, Hunter's main library at the 68th Street campus, under "PSYC ADV") and our undergraduate and graduate advisers provide students with additional guidance and information regarding career opportunities and graduate study.

<thead>
<tr>
<th>Majors Offered</th>
<th>Concentrations</th>
<th>Number of Credits Required</th>
<th>Recommended/Required GER</th>
<th>Prereq</th>
<th>Recommended Minor</th>
</tr>
</thead>
<tbody>
<tr>
<td>BA in Psychology</td>
<td>General psychology</td>
<td>26 credits above the 100 level. Includes: PSYC 248, PSYC 249 or PSYC 250. Additionally, at least one course in each of the following content areas: applications of psychology, biopsychology, cognitive processes, and developmental/social psychology. All such courses must be at 200- level or above, and at least 2 courses must be at 300 level or higher.</td>
<td>GER 2E - Two-semester sequence in one laboratory science</td>
<td>ENGL 120 strongly recommended prior to declaration of major. To declare a psychology major, the student must have completed two 100-level psychology courses with a minimum grade of B in at least one, STAT 113 or MATH 125 with a minimum grade of C or CR, and have a minimum GPA of 2.00. One additional 100-level PSYC course is required (PSYC 100 if not taken as a program prerequisite)</td>
<td>The choice of minor depends on individual goals, interests, and skills. Students are encouraged to discuss their choice of minor with the psychology adviser and with faculty mentors.</td>
</tr>
<tr>
<td>Behavioral neuroscience</td>
<td>60.5 credits including electives</td>
<td>Required courses: PSYC 100, BIOL 100, BIOL 102, CHEM 102/103, CHEM 104/105, MATH 150, PSYC 180, CHEM 222, PSYC 249. PSYC 250, BIOL 302, PSYC 355, PSYC 396, BIOL 471. Electives (at least 3 of which must be Biology): PSYC 300, PSYC 301, PSYC 309, PSYC 327, PSYC 360, BIOL 370, BIOL 376, BIOL 380.</td>
<td>GER 2E - Two-semester sequence in one laboratory science</td>
<td>Admission is by application at the end of the sophomore year. Applicants will need to have completed or be currently taking BIOL 100/102, CHEM 102/104 and PSYC 100, 180 and 249 with a minimum GPA of 3.0 in the major. Selection will be based upon a combination of grades and an interview, and the identification of a faculty sponsor in whose laboratory the student's research will be carried out.</td>
<td>Completion of the concentration meets the requirements for the minor in biology</td>

New Course Prefixes

Some course prefixes have changed, effective fall 2006. New prefixes have been used in the course descriptions below. For example:

Old: __________________________ PSYC
New: __________________________ PSYC
SPECIAL PROGRAMS
The COR Program (Career Opportunities in Research and Education) The departments of psychology, anthropology and sociology jointly offer a program called COR (Career Opportunities in Research and Education). This interdisciplinary research training program for academically talented minority juniors and seniors is funded by the National Institute of Mental Health. Participants receive a monthly stipend and are granted tuition and fee remission. Students take a special curriculum and get individualized research training in a variety of areas under the supervision of a faculty mentor. The program has several levels of participation and underrepresented minority students, especially sophomores, intending to pursue a research-related career in the participating disciplines are urged to apply to the program. Additional details and descriptive literature are available from the COR program director, Professor Michael Lewis (mlewis@hunter.cuny.edu, (212) 772-5280), or Judith Diaz, program manager (uddiaz@hunter.cuny.edu, (212) 772-4562).

The MIDARP Program (Minority Institutional Drug Abuse Research Development Program) The overall goal of MIDARP is to develop the capacity of Hunter College to support drug abuse research through the following objectives: (1) provide underrepresented minority faculty with drug abuse research knowledge and skill development through the conduct of research projects and other professional development activities, (2) encourage underrepresented minority students to pursue drug abuse research careers by providing them with educational enrichment and research experiences; and (3) strengthen the underlying institutional infrastructure needed to support drug abuse research. Undergraduate students supported by MIDARP are highly qualified students from underrepresented populations. They must be interested in pursuing careers in drug abuse research and in working in the laboratory of a MIDARP investigator.

Field Placement Program Offered for one semester (PSYC 306) or as a 2-semester sequence, Psychological Services I and II (PSYC 306 and 307) give enrolled students practical supervised career experience one day per week in an approved mental health or community service setting in conjunction with a class that meets once each week. Students may also gain field experience in conjunction with academic work through Independent Study (PSYC 201) with a faculty sponsor and through Peer Advising in Psychology (PSYC 295). Permission of the instructor is required for these courses and students should start making arrangements by the preceding term before they plan to take the course (e.g., mid-spring for the fall term). The undergraduate advisor can inform students of the instructor who will be teaching PSYC 295, 306 and 307, for which field placement referrals are made by the instructor. Students wishing to take PSYC 201 in conjunction with a field experience should meet with the college internship coordinator (by appointment in Career Development, Room 805 Hunter East) and with prospective faculty sponsors.

EXEMPTIONS
A student may be exempt from PSYC 100 by earning a score of 4 or 5 on the Advanced Placement Test taken in conjunction with a high school course in psychology or by passing the CLEP examination (College Level Education Program). Exemption from Child Psychology (PSYC 210) may be earned by a passing grade on the CLEP examination in Developmental Psychology. CLEP examinations are given at various testing centers. Interested students can obtain information and application forms at http://www.collegeboard.com or by contacting the Office of Student Services. A passing grade on either CLEP examination provides 3 credits. Information on exemption from the mathematics course requirement and on test administration is available from the Testing Center, North 150 (http://admissions.hunter.cuny.edu/Testing.htm).

THE PSYCHOLOGY MAJOR

Preparation
The psychology major is designed to provide students with training in both the evaluation and the generation of research data. For this reason, the core sequence of Psychological Statistics (PSYC 248) and Experimental Psychology (PSYC 249 or 250) is central to the program and is a prerequisite for all upper-level psychology courses. Performance in the Psychological Statistics/Experimental Psychology sequence will be greatly facilitated by proper preparation in mathematics and laboratory science and the development of excellent writing skills.

Course of Study
Completion of ENGL 120 prior to declaration of the major in psychology is strongly recommended. English 120 is a pre or co-requisite for all 200 level classes below 249. For all courses numbered 249 and above, English 120 is a pre-requisite. Students whose career goals include professional work in psychology, social work, or counseling should take PSYC 201 (Independent Study), PSYC 295 (Peer Advising), PSYC 306/307 (Seminar in Psychological Services), PSYC 395 (Independent Research), or PSYC 396/398 (Honors in Psychology), as appropriate. Note that each may be used only once to satisfy major requirements.

We recommend that all prospective majors see an undergraduate adviser for assistance in program planning and that the major be declared as soon as possible. Majors are encouraged to discuss their program of study and their plans regularly with the adviser and with faculty in their respective areas of interest. The courses selected to fulfill the major requirements will vary with the student's career objectives.

Declaration of Major
To declare a psychology major, the student must have completed any 100-level psychology course with a minimum grade of B, a required mathematics course with a minimum grade of C or CR and have a minimum GPA of 2.00. The mathematics requirement may be satisfied by STAT 113 or MATH 125, or by earning exemption from the mathematics requirement. The major must be declared in person with an undergraduate psychology adviser. (Refer to website http://maxweb.hunter.cuny.edu/psych for schedule.) The student must bring his/her Hunter transcript (and where relevant, transcripts from all other colleges attended) when meeting with the adviser to declare a psychology major.

Psychology Major
The major consists of 26 credits in psychology above the 100 level, including Statistical Methods in Psychology (PSYC 248) and Experimental Social Psychology (PSYC 249) or General Experimental Psychology (PSYC 250). The major also requires at least one course in each of the following content areas: applications of psychology; biopsychology; cognitive processes; and developmental/ social psychology. (If a course meets requirements for more than one content area, the student may apply the course to only one of them.) All of the content-area courses must be at or above the 200 level and at least 2 of the content-area courses must be at or above the 300 level. Two additional (elective) courses in psychology, at the 200 level or higher, must be completed. Two semesters of laboratory science must also be completed. (See the Science Requirement for Graduation below.)

Qualified undergraduates in their last semester may register for graduate-level psychology courses with the permission of the instructor and the graduate adviser. Most psychology majors intending to attend graduate school take more than the minimum 26 credits in psychology and design their course of study in close consultation with a faculty mentor. Students should obtain a copy of "Psychology Major Requirements and Policies" from the undergraduate advising office and subscribe to psych-l, the Department's automatic e-mail announcement service (listserv), as soon as they declare the major, for up-to-date information on department resources, activities and faculty research interests.

Beginning in the spring 1998 semester, psychology courses taken on a Credit/No Credit basis may not be applied toward the major; PSYC 248, 249 and 250 may not be taken on a Credit/No Credit basis.
Courses Taken on Permit and Courses Transferred into Hunter

Once the psychology major is declared, students may not take any psychology course that they wish to count toward the major on permit at another college. In contrast, psychology courses that were taken before the student enrolled at Hunter and that are deemed equivalent to a Hunter College course may count toward the major. The assessment of course equivalency is made by the Office of Admissions and by the undergraduate psychology advising office.

Prerequisites

Course prerequisites are strictly enforced. Students are responsible for meeting all course prerequisites, including satisfactory completion of courses in progress at the time of enrollment. Students enrolling in courses without necessary prerequisites will be dropped from the class by the registrar. The department screens for prerequisites and students may be dropped after the course begins. (See specific prerequisites for each course in Course Listings section, which follows.)

Prerequisites for PSYC 248 (Statistical Methods in Psychological Research) All students must have received at least a C or CR in STAT 113 or MATH 125 or earned mathematics exemption and must have declared psychology as their major in the Psychology Department Advising Office at Hunter.

Prerequisites for PSYC 249 (Experimental Psychology: Social) and PSYC 250 (Experimental Psychology: General) All students must be declared Psychology majors and have passed ENGL 120 with C or higher, STAT 113 or MATH 125 with C or higher (or earned mathematics exemption), PSYC 248 with C or higher, and 1 semester of laboratory science (see Science Requirement for Graduation, below).

Science Requirement for Graduation

In order to graduate, psychology majors must have completed two semesters in laboratory science that were approved by the department. Students must take at least one semester of laboratory science before taking PSYC 249 or 250. Students may complete the laboratory science courses at any point in their studies, and the courses need not be taken in sequence. The science requirement may be met by any of the following courses, all of which meet the General Education Requirement Stage 2/E, Laboratory Science, requirement: AN-P 101; AN-P 102; BIOL 100; BIOL 102; BIOL 120; BIOL 122; CHEM 100/101; CHEM 102/103; CHEM 104/105; CHEM 111; CHEM 112; CHEM 120/121; GEOL 101; GEOL 102; PGE 130; PGE 231; PHYS 110; PHYS 120; SCI 101; SCI 102.

For transfer students, the laboratory science requirement may be met by courses taken at previous institutions only if they have been assigned the Hunter College course numbers in the above list. Transfer students should check with the psychology adviser after their courses have been formally evaluated by Hunter College to determine whether the science requirement has been met.

Note: Students who declared a psychology major before January 1, 1998 are exempt from the science requirement within the Department of Psychology.

For transfer students, the laboratory science requirement may be met by courses taken at previous institutions only if they have been assigned the Hunter College course numbers in the above list. Transfer students should check with the psychology adviser after their courses have been formally evaluated by Hunter College to determine whether the science requirement has been met.

MINOR

All psychology majors must complete a minor in a department or program leading to a BA degree. The choice of minor depends on individual goals, interests, and skills. Students are encouraged to discuss their choice of minor with the psychology adviser and with faculty mentors. For most subjects, the minor is a minimum of four courses and 12 credits. For foreign-language, laboratory-science, and English minors, there are specific requirements for which students should consult the psychology adviser.

Minor for Non-Majors

Students choosing to minor in Psychology should consult their major department adviser for appropriate course recommendations.

PSYCHOLOGY: CONCENTRATION IN BEHAVIORAL NEUROSCIENCE

Purpose

The Behavioral Neuroscience Concentration within Psychology provides interdisciplinary training for students preparing for academic or professional careers in neuroscience-related areas. The concentration brings together students from Psychology and Biology in a set of core courses and offers mentored research experience in faculty laboratories, opportunities for student research presentations and talks by distinguished visiting neuroscientists. The neuroscience concentration is a particularly good option for students who plan to do graduate study in neuroscience or neuroscience-related fields or attend medical school for neurology, neurosurgery, or psychiatry specialties. Because of the large number of required courses in the concentration, it is very important that interested students meet with the concentration adviser as early in their college career as possible—no later than the start of their Sophomore year. The current concentration adviser is Prof. Philip Zeigler, (212) 772-5363; Room 626 Hunter North.

Admission Requirements

Admission is by application at the end of the sophomore year. Applicants will need to have completed or be currently taking BIOL 100/102, CHEM 102/104 and PSYC 100, 180 and 248 with a minimum GPA overall of 3.0 and of 3.5 in the major. Selection will be based upon a combination of grades and an interview, and the identification of a faculty sponsor in whose laboratory the student’s research will be carried out. Application forms and names of faculty contacts may be obtained from the Psychology adviser’s office.
Course Requirements for the Undergraduate Concentration in Behavioral Neuroscience

In addition to completion of the psychology major and the introductory sequences in chemistry and biology, students in the concentration will take the introductory course in calculus, additional courses in biology and chemistry and an interdisciplinary Behavioral Neuroscience Seminar. A year of laboratory research is required and an undergraduate thesis based on this research will be eligible for consideration for Departmental Honors. Completion of the concentration meets the requirements for the minor in Biology. For continuation in the concentration, students must maintain the GPA required for entry.

Required Courses/Credits

PSYC 100 Introduction 3.0
BIOL 101 Principles of Biology I 4.5
BIOL 102 Principles of Biology II 4.5
CHEM 102/103 General Chemistry 4.5
CHEM 104/105 General Chemistry 4.5
MATH 150 Calculus 4.0
PSYC 180 Brain and Behavior 3.0
CHEM 222 Organic Chemistry 3.0
PSYC 248 Statistics 4.0
PSYC 250 Experimental Psychology 4.0
BIOL 302 Molecular Genetics 4.5
PSYC 395 Independent Research 3.0
PSYC 396 Honors Research 3.0
BIOL 471 Neuroscience Seminar 2.0

Electives

(9 credits, at least 3 of which must be Biology)

PSYC 300 Physiological Psych 3.0
PSYC 301 Sensation & Perception 3.0
PSYC 309 Sex and Behavior 3.0
PSYC 327 Motivation 3.0
PSYC 360 Drugs and Behavior 3.0
BIOL 370 Physiology of the Nervous System 3.0
BIOL 376 Endocrinology 3.0
BIOL 380 Molecular Neurobiology 3.0

For questions of further information see the concentration advisor: Prof. P. Zeigler, tel: (212) 772-5363, hzeigler@hunter.cuny.edu

Note: ENGL 120 is a prerequisite to all courses numbered between PSYC 201 and PSYC 248. ENGL 120 is a prerequisite for courses numbered PSYC 240 and above.

PSYC 201 Independent Study in Psychology

May be applied to major once. Designed to meet the needs of individual students under the direction of a particular faculty sponsor. The course may involve independent readings, tutorials, work as an advising assistant or peer counselor, field placement, an individual research project, or participation in ongoing faculty research. Any of these culminating in a written report.

Prereq: 6 cr. in PSYC incl PSYC 100, perm dept.
3 hrs, 3 cr.

PSYC 205W The Profession of Psychology

GER 3/B

Open to declared majors only. Introduction to and critical analysis of the profession of psychology; examination of theories and career options in major subfields of psychology. Students must have Internet access.

Prereq: 6 cr. in PSYC incl PSYC 100, perm dept.
3 hrs, 3 cr.

PSYC 210W Child Psychology (D/S)

GER 3/B

Emotional, social, motor and cognitive development as influenced by genetic, cultural and individual factors during the first twelve years of life. (May not be taken for credit by students who have a collateral major, or a minor, in education.)

Prereq: 6 cr. in PSYC incl PSYC 100
3 hrs, 3 cr.

PSYC 212W Psychology of Exceptional Children (D/S)

GER 3/B

Special problems of adjustment and training of exceptional children, including the gifted as well as the intellectually, emotionally and physically handicapped.

Prereq: PSYC 150 or 210
3 hrs, 3 cr.

PSYC 215W Introduction to Research Methods in Psychology

GER 3/B

Evaluation of published research; research principles and the concepts which underlie them; how to evaluate and select research strategies.

Prereq: 6 cr. in PSYC incl PSYC 100
3 hrs, 3 cr.

PSYC 220W Personality (D/S)

GER 3/B

Review of the contributions to the understanding of normal personality in the theories of the Freudian and other analytical schools; of Allport, of representative behaviorist groups and of constitutional typologists; also, methods of assessing and understanding individual personality.

Prereq: 6 cr. in PSYC incl PSYC 100
3 hrs, 3 cr.
PSYC 221W Psychoanalytic Theories  
(A; D/S)  
GER 3/B  
Historical, theoretical and empirical approaches from Freud to the present; empirical evaluation and integration of these theories with learning and ethnological theory.  
prereq: PSYC 220  
3 hrs, 3 cr.  

PSYC 223W Abnormal Psychology  
(A; D/S)  
GER 3/B  
Consideration of psychological abnormalities: symptoms, etiology, diagnostic procedures and therapy.  
prereq: 6 cr. in PSYC incl PSYC 100  
3 hrs, 3 cr.  

PSYC 225W Ethology: Animal Behavior (B)  
GER 3/B  
Adaptation, survival, reproduction and evolution of behavior, emphasizing development and species-comparison.  
prereq: 6 cr. in PSYC incl PSYC 100 or perm instr.  
3 hrs, 3 cr.  

PSYC 230W Social Psychology (D/S)  
GER 3/B  
Problems of human experience and behavior in the social context; theories and current methodology in research on the influence of the group on cognitive processes, motivation, personality structure and the self; attitudes and prejudice; leadership; group processes.  
prereq: 6 cr. in PSYC incl PSYC 100  
3 hrs, 3 cr.  

PSYC 235W The Psychology of Women  
(D/S)  
GER 3/B PD/C  
Psychological functioning of women; sexuality, pregnancy, social roles and status, aging, achievement, life styles, power.  
prereq: 6 cr. in PSYC incl PSYC 100  
3 hrs, 3 cr.  

PSYC 240W Applications of Psychology (A)  
GER 3/B  
Psychological issues in business, law and medicine; consumer research, personnel selection and training, motivation and morale in industry, safety programs, testimony, lie detection and psychological issues in coping with physical illness.  
prereq: 6 cr. in PSYC incl PSYC 100  
3 hrs, 3 cr.  

PSYC 242W Health Psychology (A)  
GER 3/B  
Psychological and behavioral factors related to physical illness and health promotion, including such areas as aging, stress and coping, pain, addiction and eating disorders.  
prereq: 6 cr. in PSYC incl PSYC 100  
3 hrs, 3 cr.  

PSYC 245W History of Psychology  
GER 3/B  
Introspective, behavioral, gestalt, psychoanalytic and related viewpoints developed from early philosophic roots of psychology.  
prereq: 6 cr. in PSYC incl PSYC 100  
3 hrs, 3 cr.  

PSYC 248W Statistical Methods in Psychological Research  
GER 3/B  
Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.  
prereq: PSYC 100 and one of the following: MATH 125 or STAT 113 with a C or CR or appropriate score on math placement exam  
4 hrs, 4 cr.  

PSYC 249W Experimental Psychology: Social  
GER 3/B  
Introduction to the principles of research methodology and experimental techniques. Required research reports involve laboratory and field exercises concerned with a variety of social psychological phenomena. (Students may take either PSYC 249 or 250, but not both.)  
prereq: ENGL 120 with a minimum grade of C; one sem. acceptable lab science sequence; PSYC 248 with a minimum grade of C  
6 hrs (2 lec, 4 lab), 4 cr.  

PSYC 250W Experimental Psychology: General  
GER 3/B  
Open to declared majors only. Research and general experimental techniques in study of behavior; introduction to the principles of research methodology and experimental techniques. Required research reports involve a variety of laboratory exercises related to the study of basic behavioral processes. (Students may take either PSYC 249 or 250, but not both.)  
prereq: ENGL 120 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade; PSYC 248 with a minimum grade of C  
6 hrs (2 lec, 4 lab), 4 cr.  

Note: PSYC 248 and 249 or 250, one semester of an acceptable science sequence, ENGL 120 and declaration of a psychology major are the minimum prerequisites for all courses above PSYC 250. (Students falling under the previous curriculum need not fulfill the science prerequisite.)  

PSYC 270 Cognitive Processes (C)  
GER 3/B  
How input is encoded, transformed, elaborated, stored and retrieved in the human information-processing system and how these operations provide the basis for more complex forms of human behavior; analyses of theoretical issues and research pertaining to memory, problem solving, language, attention and perception.  
prereq: PSYC 249 or 250  
3 hrs, 3 cr.  

PSYC 295 Special Topics in Psychology II  
GER 3/B  
Readings and discussion on a selected problem or topic area. Topics will vary from semester to semester.  
prereq: PSYC 249 or 250 or perm instr.  
3 hrs, 3 cr.  

PSYC 300 Physiological Psychology (B)  
GER 3/B  
Neural and endocrine mechanisms involved in learning, emotion, perception and other psychological processes.  
prereq: PSYC 249 or 250  
3 hrs, 3 cr.  

PSYC 301 Sensation and Perception (B; C)  
GER 3/B  
Open to declared majors only. Methods, theories and empirical data relating to stimulus detection, encoding and perception as a function of variables including current stimuli and past history.  
prereq: PSYC 249 or 250  
3 hrs, 3 cr.
PSYC 306 Seminar in Psychological Services I (A)
Open to declared majors only. An integration of personality and abnormal psychology, the helping process and the role of the helper. Seminar and one day per week placement in mental health/community service setting.
 prereq: PSYC 223 or 323, PSYC 249 or 250, perm instr.
 8 hrs, 4 cr.

PSYC 307 Seminar in Psychological Services II (A)
Integration of personality and abnormal psychology, Seminar and one day per week placement in mental health/community service setting.
 prereq: PSYC 306, perm instr.
 3 hrs, 3 cr.

PSYC 309 Sex and Behavior (B; D/S)
GER 3/B PD/C
Research and attitudes about sex-related behavior in human and nonhuman animals emphasizing evolutionary and neuroendocrinological processes and social-psychological processes; male-female differences and similarities, therapeutic strategy in sex-behavior pathology and sexual behavior and the law.
 prereq: PSYC 249 or 250
 3 hrs, 3 cr.

PSYC 310 Research Methods and Special Problems in Developmental Psychology (C; D/S)
GER 3/B
Open to declared majors only. Theory and research in selected areas of developmental psychology.
 prereq: PSYC 150 or 210, PSYC 249 or 250, perm instr.
 3 hrs, 3 cr.

PSYC 315 Psychological Study of Adult Development (D/S)
GER 3/B
Open to declared majors only. Theories and research concerning the personal and social development of men and women in adulthood; ongoing changes with age related to physical growth and decline, including marital, parental and interpersonal relationships, occupational roles, leisure activities, disability and approaching death.
 prereq: PSYC 210 or PSYC 249 or 250
 3 hrs, 3 cr.

PSYC 322 Problems in Psycholinguistics (C)
GER 3/B
Psychological and psychophysical basis of language comprehension, production and acquisition from experimental and theoretical perspectives; the relationship between language and the cognitive processes of perception, memory and representation.
 prereq: PSYC 249 or 250, PSYC 270 or perm instr.
 3 hrs, 3 cr.

PSYC 323 Child Psychopathology (A; D/S)
GER 3/B
Survey and evaluation of empirical and theoretical approaches to the major psychological abnormalities that arise in childhood and adolescence; their characteristics, causes and treatments.
 prereq: PSYC 212 or 223, PSYC 249 or 250
 3 hrs, 3 cr.

PSYC 327 Motivation (B; C)
GER 3/B
The problem of how behavior is initiated, maintained, directed and terminated. Human and non-human research evaluated.
 prereq: PSYC 249 or 250
 3 hrs, 3 cr.

PSYC 328 States of Consciousness (C)
GER 3/B
The subjective and physiological aspects of consciousness; the means by which it may be altered: hypnosis, dreams, drugs, meditation and mysticism; psychosis.
 prereq: PSYC 249 or 250
 3 hrs, 3 cr.

PSYC 340 Industrial and Organizational Psychology (A)
GER 3/B
A review of research and theories on the effects of leadership, human relations, motivation and organizational structures on behavior in business and industrial settings; applications of personnel psychology, motivational psychology and human factors engineering in the workplace; job analysis, employee selection, leadership, performance appraisal, power and authority, work motivation and organizational communication.
 prereq: PSYC 249 or 250
 3 hrs, 3 cr.

PSYC 350 Learning Theory (C)
GER 3/B
Theoretical and experimental approaches to human and animal learning and the relationship between systematic theory models and methodological analysis of the historical and contemporary major contributions to learning theories.
 prereq: PSYC 249 or 250
 3 hrs, 3 cr.

PSYC 351 Psychological Tests (A)
GER 3/B
Introduction to the principles of psychological assessment; major methods of measuring general ability, aptitude, achievement, interest, personality; Appraisal of psychological tests.
 prereq: PSYC 249 or 250
 3 hrs, 3 cr.

PSYC 369 Drugs and Behavior (B)
GER 3/B
Neurochemical substrate of brain functioning; historical context and social ramifications of drug use.
 prereq: PSYC 249 or 250, PSYC 300 or perm instr.
 3 hrs, 3 cr.

PSYC 370 Psychology of Cognitive Development (C; D/S)
GER 3/B
A comparative information processing perspective on the development of mental structure and functioning, including perception, memory, problem solving, self-awareness of thinking, intelligence, concept formation and language development.
 prereq: PSYC 249 or 250, PSYC 270 or perm instr.
 3 hrs, 3 cr.

PSYC 380 Microcomputers in Psychological Research
GER 3/B
An introduction to the fundamentals of microcomputer programming and digital electronics, including the structure of a computer language (BASIC), digital logic, interfacing and computer memory. Students learn to program psychological experiments, collect data, perform statistical analyses and control peripheral devices by microcomputer. Designed for advanced undergraduates.
 prereq: PSYC 249 or 250, perm instr.
 3 hrs, 3 cr.

PSYC 390 Special Topics in Psychology (A)
GER 3/B
Readings and discussion on a selected problem or topic area. Topics vary from semester to semester.
 prereq: PSYC 249 or 250, perm instr.
 3 hrs, 3 cr.

PSYC 395 Independent Research in Psychology
May be applied to the major once. Designed to meet the needs and interests of individual students under the direction of a particular instructor at a more advanced level than PSYC 201. Such study may involve independent reading, tutorials, independent research projects, or participation in ongoing faculty research. Any of these culminating in an APA-style research report or literature review. Field Placements (internships) cannot be granted credit as PSYC 395; however, supervised Field Placement taken in conjunction with PSYC 361 (Psychological Tests) will be granted credit as PSYC 395.
 prereq: PSYC 249 or 250, perm instr.
 3 hrs, 3 cr.

PSYC 396 Honors in Psychology
Independent, sponsored, empirical research and seminar. Students are expected to attend the regularly scheduled seminar. An APA-style research report or its equivalent (to be filed in the department) is a requirement of this course. To graduate with departmental honors, the student must receive a grade of A in PSYC 396. Honors in Psychology is typically a one-semester course; however, when a PSYC 396 research project extends beyond a single semester, the student may (with permission) register for a second semester as PSYC 398. If taken, the student must receive a grade of A in both PSYC 396 and 398 to graduate with departmental honors.
 prereq: PSYC 249 or 250; 3.5 major GPA; 3.00 cumulative GPA; perm instr.
 3 hrs, 3 cr.

PSYC 398 Honors in Psychology
Independent sponsored research and seminar. Attendance at regularly scheduled seminar and research report required. If taken, the student must receive a grade of A in both PSYC 396 and 398 to graduate with departmental honors.
 prereq: PSYC 396, perm instr.
 3 hrs, 3 cr.

PSYC 400 Special Topics in Psychology IV
GER 3/B
Readings and discussion on a selected problem or topic area. Topics vary from semester to semester.
 prereq: PSYC 249 or 250, perm instr.
 3 hrs, 3 cr.

In the program in Religion, students examine the nature of religion and the forms its various expressions have taken. Religion is studied as an academic discipline and the program’s approach reflects no doctrinal bias. The purposes of the program are to introduce the field of religion in general; to present the thoughts, documents and history of major religious traditions (both Eastern and Western, ancient and modern, missionary and tribal); and to give students insight into specific religious issues and thinkers.

The program in Religion consists of a series of core courses taught by specialists in the field, augmented by other religion courses offered by faculty in 8 participating departments or divisions: Anthropology, Africana and Puerto Rican/Latino Studies, Chinese, Classics, Hebrew, History, Philosophy and Sociology.

The program is divided into five categories of courses: Introduction to the field of religion (basic introductory courses); Theoretical studies in religion (courses focusing on different methodological approaches to the study of religion); Issues in religion (courses dealing with religious experience, faith, ethics, religion and the arts); Religious traditions (courses in major religious traditions); Related courses.

MAJOR

(24 cr)

At least 18 credits are to be taken from categories I-IV:

I. Introduction to the field of religion;
II. Theoretical studies in religion;
III. Issues in religion;
IV. Religious traditions.

Both introductory courses (REL 110, 111) must be taken and followed by at least one course in theoretical studies, one in religious issues and one in religious traditions;

and

V. Related courses. No more than two courses from this category may be applied toward the major.

On becoming a major the student, in consultation with the director, will select one member of the program in Religion staff as his or her major adviser. Each religion major is required to consult with this adviser at least twice a year.

MINOR

Religion majors may minor in any department or program at Hunter leading to the BA degree.

Minor for Non-Majors

A minor in Religion consists of 12 credits. It is suggested that these be made up of the two introductory REL courses plus two other REL courses. If the major department recommends a minor in Religion, the student must meet with a Religion program adviser in order to select appropriate courses.

Honors

To qualify for departmental honors, a student must take either REL 450 or REL 490 completing either a grade of B or above and achieving a final GPA in religion major courses of at least 3.5 and a final cumulative GPA of at least 3.0.

REL 110W Nature of Religion
GER 2/C
Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.
3 hrs, 3 cr.

REL 111W Approaches to Religion
GER 2/C
Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.
Prereq: ENGL 120
3 hrs, 3 cr.

II. THEORETICAL STUDIES IN RELIGION

AN-C 307 Anthropology of Religion
P/D/A
Emphasis on non-Western societies; theories of religion; magic; functions and symbolic meanings.
3 hrs, 3 cr.
PHIL 262W Philosophy of Religion
GER 3/A
Philosophical examinations of some religious questions and beliefs.
 prerequisite: ENGL 120, one course in philosophy or religion
 3 hrs, 3 cr.

REL 270W Religion and Psychology
GER 2/C PD/D
An examination of ways in which psychology understands, describes, values (or devalues) religion using the media of text, story and film.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

SOC 205 Sociology of Religion
Comparative study of religion in human societies. Analysis of beliefs, myths and sacred attitudes.
 prerequisite: SOC 101
 3 hrs, 3 cr.

REL 390W Modern Theories in Religion
GER 3/A PD/D
An advanced methodology course surveying key issues and main approaches under discussion in the current study of religion when standard methods of interpretation are being subjected to exhaustive critique and revision and new theories are being proposed.
 prerequisite: ENGL 120, REL 111 or equiv; at least one other course in religion or a theoretical course offered by participating departments, such as AN-C 307, PHIL 262 or SOC 205; perm trian.
 3 hrs, 3 cr.

REL 260 Special Topics: Theoretical Studies in Religion
Specialized study of a methodological approach to the study of religion. Different topics each time offered.
 3 hrs, 3 cr.

REL 360 Special Topics: Theoretical Studies in Religion
GER 3/A
Specialized study of a methodological approach to study of religion. Different topic each time offered.
 3 hrs, 3 cr.

III. ISSUES IN RELIGION

REL 204W Religious Experience
GER 2/C
Cross-cultural analysis of religious experiences: Biblical, ancient Greek, Asian, modern Western.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 205W Faith and Disbelief
GER 2/C PD/D
Examination of questions of faith and disbelief in modern Western thought.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 206W Ideas of God in Contemporary Western Thought
GER 2/C PD/D
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 207W Religious Sources for Morality
GER 2/C
Religious reasons for determining good and evil; religious sources for ethical decisions.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 208W Religion and Social Justice
GER 2/B PD/D
An exploration into religious perspectives on such social issues as war, race, the economy and gender relations.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 207W Religious Ideas in Modern Literature
GER 3/A
Exploration of religious themes in modern literature.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 308W Religion and the Arts
GER 3/A
Examination of religious themes in art, music, theatre, cinema, or literature. Different topics each time offered.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 309W The Religious Meaning of Love and Sex
GER 3/A
Interdisciplinary investigation of the major ways humankind has understood the relation between the sexually erotic and religious realities.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 310W The Religious Meaning of Death
GER 3/A
Consideration of the meaning of death in major world religions.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 311W Women and Religion
GER 3/A PD/C
An examination of the role of women and the concept of the feminine in world religions.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 312W Religion and Politics
GER 3/A
The role of political ideology in the shaping of religious belief and theology's influence on politics in Western and non-Western traditions, both conservative and radical.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 313W Spirit and Nature
GER 3/A
An exploration of the ideas of "nature" and "animal life" in a representative sampling of the religious traditions of the world, inquiring into the implications for environmental policy and the treatment of animals.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 315W The Problem of Evil
GER 3/A
Exploration of the religious meaning of "evil" in different cultures.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 334W Mysticism
GER 3/A
Cross-cultural exploration of mystical experience and mystical doctrines, as well as an exploration of the various methods of studying them.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 335W Myth and Ritual
GER 3/A
Cross-cultural exploration of myth and ritual and their place in various cultures; methodologies for analysis.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 340W Homosexuality in World Religions
GER 3/A PD/C
A survey and analysis of typical ways in which homosexuality has been understood, evaluated and in some cases institutionalized in a variety of religious traditions, attending especially to implicit constructions of gender.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 261 Special Topics: Issues in Religion
Study of particular religious topics or thinkers. Different subject each time offered.
 3 hrs, 3 cr.

REL 361 Special Topics: Issues in Religion
GER 3/A
Study of particular religious topics or thinkers. Different subject each time offered.
 3 hrs, 3 cr.

IV. RELIGIOUS TRADITIONS

REL 251W Eastern Religions
GER 2/C PD/A
Study of Hinduism, Buddhism, Jainism, Taoism and Confucianism.
 prerequisite: ENGL 120
 3 hrs, 3 cr.

REL 320W Hinduism
GER 3/A PD/A
Study of Hinduism, its development, history, literature, philosophy and religious practices.
 prerequisite: ENGL 120
 3 hrs, 3 cr.
REL 321W Buddhism
GER 3/A PD/A
Study of Buddhism, its development, history, literature, philosophy and religious practices.
prereq: ENGL 120
3 hrs, 3 cr.

REL 336W Zen
GER 3/A PD/A
An inquiry into the teachings of Chinese and Japanese Zen in light of their Buddha and Daoist backgrounds.
prereq: ENGL 120
3 hrs, 3 cr.

PHIL 219 Asian Philosophies
PD/A
Readings from classics of Indian, Chinese and Japanese philosophy drawn from the traditions of Buddhism, Hinduism, Taoism and Confucianism.
3 hrs, 3 cr.

REL 256W Afro-Caribbean Religions
GER 2/C PD/B
An introduction to the diversity of African-based religions in the Caribbean and beyond.
prereq: ENGL 120
3 hrs, 3 cr.

AFPL 220 African Spirituality in the Diaspora
GER 2/C PD/A or B
The nature and expressions of the spiritual ethos enabling the survival of classical African human values in dehumanizing circumstances during and after enslavement in North America, South America and the Caribbean.
3 hrs, 3 cr.

AFPL 322 African World View: Philosophy and Symbolic Thought
GER 3/A PD/A
Examination of African religious systems, metaphysical conceptions and philosophy.
prereq: AFPL 222 or perm instr.
3 hrs, 3 cr.
offered every other sem.

AFPL 323 Islam and Christianity in Africa
GER 3/A
Examination of relationship of Islam and Christianity to primary African religions and their political role in African history.
prereq: AFPL 201, 202, 222 or perm instr.
3 hrs, 3 cr.

AFPL 362 Puerto Rican and Caribbean Religious Practices
GER 3/A PD/A or B
Reading knowledge of Spanish suggested. Analysis of roots of folk religion in Indian, African and Spanish cultures. Religious syncretisms, popular imagery and ritual practices.
prereq: AFPL 141 or 243
3 hrs, 3 cr.

AFPL 420 The Black Church and Social Change
In-depth study of socio-political role of Black church in political struggle of Black people, with special emphasis on America.
prereq: AFPL 203, 204, 205 or perm instr.
3 hrs, 3 cr.

REL 252W Ancient Near Eastern Religions
GER 2/C
Study of Egyptian religion, religions of Sumer and Babylonia, religion of the early Hebrews (including the Old Testament).
prereq: ENGL 120
3 hrs, 3 cr.

REL 253W Western Religions
GER 2/C PD/D
Survey of major Western religions — Christianity, Judaism, Zoroastranism and Islam.
prereq: ENGL 120
3 hrs, 3 cr.

REL 255W Religions of Two Gods
GER 2/C PD/A
A survey of historical varieties of dualistic religion — both classical and modern — which inquires into the moral grounds for their recurring appeal.
prereq: ENGL 120
3 hrs, 3 cr.

HEBR 240 Introduction to the Old Testament
GER 2/C PD/A
Survey of the books of the Old Testament, their form, content and cultural background. Introduction to the tools and methods of modern biblical criticism.
3 hrs, 3 cr.

HEBR 259 Old Testament Religion
GER 2/C PD/A
Comprehensive survey of ancient Israelite religious practice, expression and thought as reflected in Hebrew Bible.
3 hrs, 3 cr.

HEBR 286W Ancient Near Eastern Literature and the Bible
PD/A
Comparative study of Ancient Near Eastern literature and Hebrew Bible.
3 hrs, 3 cr.

HEBR 292 The Hebrew Prophets
GER 2/C PD/A
Study of phenomenon of prophecy in ancient Israel and its contribution to historical, ethical and religious thought.
3 hrs, 3 cr.

HEBR 294W Job, Ecclesiastes and the Human Predicament
GER 3/A PD/A
Study of form, content and religious significance of these two enigmatic masterworks.
3 hrs, 3 cr.

HIST 210 History of Judaism
Survey of Jewish religious tradition with attention to interactions between Judaism and other religions and to role of Judaism in formation of Christianity and Islam.
3 hrs, 3 cr.

HIST 309 Jewish History in the Ancient World
Not open to freshmen. Jewish people from origins to late antiquity; social and intellectual developments from Biblical to Talmudic era.
3 hrs, 3 cr.

HIST 319 Jewish History in Medieval and Early Modern Periods
Not open to freshmen. Jewish people from late antiquity to 17th century; social and legal status under Islamic and Christian rulers; religious and intellectual movements.
3 hrs, 3 cr.

HIST 320 Jewish History in Modern World
PD/D
Not open to freshmen. From 18th century to present: Enlightenment, emancipation, nationalism and Jewish State; anti-Semitism and Holocaust; recent trends.
3 hrs, 3 cr.

CLA 303 Religion of Ancient Greece
Ancient Greek religious experience: official rites, mystery cults, oracles, personal religious belief and practice.
prereq: ENGL 120
3 hrs, 3 cr.
The Department of Romance Languages offers courses in French, Italian and Spanish languages, literatures and civilizations. The offerings are designed to fulfill a major or a minor sequence or to satisfy the foreign language requirement. Students majoring in French, Italian or Spanish attain a high level of language proficiency and knowledge of the literary and cultural tradition of the chosen discipline. The major in Romance Languages entails the study of two languages and literatures and civilizations.

Most students majoring in one or two Romance languages pursue careers in education. Others enter careers in the fields of commerce, tourism, interpreting and translating and international affairs, among others.
CLA 304W Pagans and Christians
GER 3/A PD/D
Transformation of classical culture in late antiquity: religion, philosophy, mysticism, magic, astrology.
prereq: ENGL 120
3 hrs, 3 cr.

REL 330W New Testament Religion
GER 3/A PD/D
prereq: ENGL 120
3 hrs, 3 cr.

REL 323W Christianity
GER 3/A PD/D
Analysis of the Christian religion which employs methodologies of the academic study of religion and which aims to uncover the unity of Christian faith embodied in its various expressions.
prereq: ENGL 120
3 hrs, 3 cr.

REL 333W Christian Theology
GER 3/A PD/D
An examination of key doctrines in Christian thought such as trinity, incarnation, existence of God and grace.
prereq: ENGL 120
3 hrs, 3 cr.

HIST 314 Ancient and Medieval Christianity
PD/D
The development of Christianity from Jesus to Luther; theology and mysticism, lay and monastic spirituality; the papacy and dissidents; gender and sexuality; relations with Judaism and Islam.
3 hrs, 3 cr.

HIST 315 Christianity in Modern Times
PD/D
Not offered to freshmen. Transformation of Christianity since the Reformation, Enlightenment and modern political and intellectual challenges.
3 hrs, 3 cr.

HIST 316 History of Religion in the United States
PD/D
Changing European churches and indigenous American sects: their architecture, leaders and ideas.
3 hrs, 3 cr.

REL 322W Islam
GER 3/A PD/A
Study of Islam, its development, history, literature, philosophy and religious practices.
prereq: ENGL 120
3 hrs, 3 cr.

REL 324W Islam and Buddhism
GER 3/A
Study of Islam and Buddhism, their founders, development, beliefs, rituals and interaction.
prereq: ENGL 120
3 hrs, 3 cr.

REL 337W Sufism
GER 3/A PD/A
A course on the esoteric or “mystical” dimension of Islam, known among Muslims as tasawwuf, attending to the history, doctrine and metaphysics of the Sufi path.
prereq: ENGL 120
3 hrs, 3 cr.

REL 254W Tribal Religions from Australia to the Americas
GER 2/C PD/A or B
Study of indigenous religions of Pacific Islanders and native American Indians.
prereq: ENGL 120
3 hrs, 3 cr.

REL 262 Special Topics: Religious Traditions
GER 3/A
Specialized study of specific religious traditions or groups of traditions. Different topic each time offered.
3 hrs, 3 cr.

REL 362 Special Topics: Religious Traditions
GER 3/A
Specialized study of specific religious tradition or groups of traditions. Different topic each time offered.
3 hrs, 3 cr.

REL 410 Independent Study in Religion
Open to majors only. Individual research and writing on topic in religion under supervision of a religion professor.
prereq: perm chair
hrs TBA, 1-6 cr.

REL 450 Honors Seminar in Religion
Specialized study in religion. For religion majors or advanced religion students. Different topic each time offered. May be taken a second or third time with another subject. One topic offered under REL 450 or 490 satisfies the course requirements for departmental honors.
pages: five courses in religion or a major/CUNY-BA focus in religion and perm
instructor or program director
3 hrs, 3 cr.

REL 490 Honors Tutorial in Religion
Open to majors only. Individual research and writing on topic in religion under supervision of Religion Honors Committee. REL 490 or one topic offered under REL 450 satisfies the course requirements for departmental honors.
prereq: perm chair
hrs TBA, 3-6 cr.

V. RELATED COURSES

AFPL 141 Puerto Rican Folklore
GER 2/C PD/A or B
Study of Puerto Rican folklore: traditional beliefs, legends, religious rites and popular music.
3 hrs, 3 cr.

AFPL 222 African Civilization
GER 2/C PD/A
Introduction to study of African civilization from Afro-centric perspective.
3 hrs, 3 cr.

CHIN 111 Chinese Culture I
GER 2/C PD/A
Introduction to Chinese culture with emphasis on classical tradition. Lectures and readings in English.
3 hrs, 3 cr.

CHIN 112 Chinese Culture II
GER 2/C PD/A
Emphasis on modern transformation against background of classical tradition. Lectures and readings in English.
3 hrs, 3 cr.

CLA 101 Classical Mythology
GER 2/C PD/D
Greek and Roman myths as represented in ancient art and literature, with emphasis on modern interpretations and theories.
3 hrs, 3 cr.

CLA 302W Comparative Backgrounds of Classical Mythology
GER 3/A PD/D
Mythological systems that bear on classical myth, including Egyptian, Mesopotamian, Hurrite, Ugaritic and Celtic myths.
prereq: REL 101, ENGL 120
3 hrs, 3 cr.

HEBR 214W Maimonides' Guide to the Perplexed
GER 3/A PD/D
Study of the work in English, with reference to Maimonides' influence on development of medieval Aristotelianism.
3 hrs, 3 cr.

HEBR 281W Masterpieces of Ancient Hebrew Literature in Translation
GER 3/A
Study of Hebrew classics and collateral works against background of Jewish history and ancient civilization.
3 hrs, 3 cr.

HEBR 284 Images of Women in the Old Testament, in Translation
PD/C
Depiction of women in ancient Israelite prose and poetry. Close reading and analysis of texts in terms of literary techniques, cultural background and ideological implications.
3 hrs, 3 cr.

HEBR 288 Ancient Hebraic Folklore
GER 2/C PD/A
Analysis and comparative study of folk beliefs, practices and literature reflected in Hebrew Bible, apocryphal literature and Rabbinic Aggada.
3 hrs, 3 cr.

HEBR 290 Biblical Archaeology
GER 2/C PD/A
Study of Biblical sources in translation in relation to major archaeological discoveries in Israel and Near East.
3 hrs, 3 cr.

HEBR 295 Ancient Hebraic Law
GER 2/C
Historical and comparative study of Biblical and rabbinic law.
3 hrs, 3 cr.

HEBR 296W The Dead Sea Scrolls in English
GER 3/A PD/A
Readings in the various genres of the scrolls; historical background of Qumran sect; significance of the scrolls for study of Judaism and Christianity.
3 hrs, 3 cr.

AN-C 306 Folklore and Myth
Cultural and psychological functions and symbolic meanings.
3 hrs, 3 cr.
FOREIGN LANGUAGE REQUIREMENT

The college foreign language requirement may be fulfilled by completion of French, Italian or Spanish 202, 203 or 208 or by demonstrating equivalent proficiency through a departmental examination. Students with prior knowledge of one of the languages should take a placement examination before registering for courses.

Students who have a high school diploma in a language other than English or who have studied a foreign language in high school for four years have fulfilled the language requirement. Students should consult a departmental adviser to resolve all matters regarding placement, registration and course offerings.

1. Students pursuing a new language will fulfill the language requirement in four college semesters by completing one of the following sequences:
   a. French: FREN 101-102 or 103 and 201-202, or 203;
   b. Italian: ITAL 101-102, or 103 and 201-202, or 203;
   c. Spanish: SPAN 101-102, or 103, or 105-106 and 201-202, or 203, or 207 and 208.

2. Students continuing a language studied for one year in high school need three additional college semesters:
   a. French: FREN 102, 201 and 202 or 102 and 203;
   b. Italian: ITAL 102, 201 and 202; 102 and 203;
   c. Spanish: SPAN 102, 201 and 202; 102 and 203; 106, 207 and 208.

3. Students continuing a language studied for two years in high school need two additional college semesters:
   a. French: FREN 201 and 202 or 203;
   b. Italian: ITAL 201 and 202 or 203;
   c. Spanish: SPAN 201 and 202 or 203 or 207 and 208.

4. Students continuing a language studied for three years in high school need one additional college semester:
   a. French: FREN 202 or 208;
   b. Italian: ITAL 202;
   c. Spanish: SPAN 202 or 208

GRADUATE STUDY

Qualified seniors with a minimum GPA of 3.5 in their discipline may be admitted to graduate level courses. Permission must be secured from the chair and then forwarded to the dean. Consult the graduate catalog for requirements and regulations.

MAJORS

French

The French major provides two concentrations:

a. French Literature (30 cr).
   A concentration in French literature that emphasizes the study of literary works and criticism. 3 credits from FREN 311, 312, 321; 6 credits from FREN 341, 342; 21 credits from FREN 331, 335, 355, 356, 373, 343, 344, 346, 348, 349, 350, 351, 353, 360, 361, 363, 365, 375, 491, 495.

   Students planning to teach in grades 7-12 must also complete 3 credits in Second Language Acquisition: FREN 399, 495 or SEDC 212 or SEDC 712.

b. French Language and Civilization (30 cr)
   A concentration in French language as well as in French and Francophone literature, culture and civilization. 12 credits from the language sequence (Group A); 9 credits from Group B (offered in English) and 9-18 credits from Group C (offered in French).

   Group A: FREN 220, 275, 311, 312, 321, 331.

Within the Language and Civilization concentration, students may choose either French 241 or French 335 (but not both) and either French 242 or French 336 (but not both) to count towards the major.

Italian

The Italian major provides two concentrations:

a. Italian Literature (30 cr).
   A concentration in Italian literature which emphasizes the study of literary history and texts. 3 credits from ITAL 311, 312, 331; 9 credits from ITAL 341, 342, 343; 3 credits from ITAL 344 or 345; 15 credits chosen from ITAL 346-351, 360-365, 370, 375, 495.

   Students planning to teach in grades 7-12 must also complete 3 credits in Second Language Acquisition: ITAL 399, 495 or SEDC 212 or SEDC 712.

b. Italian Language and Civilization (30 cr.)
   15 credits from among ITAL 221, 311, 312, 321, 331, 365; 15 credits from Group A (offered in English) and Group B (offered in Italian) with no more than 9 credits from Group A.

   Group A: ITAL 260, 275, 276, 280, 334-338
   Group B: ITAL 341-351, 360-365, 370, 375, 495

Spanish

The Spanish major provides two concentrations:

a. (36 cr) SPAN 311, 312, 341, 342. In addition, 6 credits in literature before the 19th century (SPAN 343, 345, 346, 348, 350, 353), 9 credits in Latin American literature (SPAN 360, 362, 364, 365, 366, 367, 368, 371), at least 3 credits of which must be in contemporary literature. Three additional credits must be taken from either one of the following courses: Spanish Civilization (SPAN 355) or Latin American Civilization (SPAN 356). Students may choose the remaining 6 credits in any course in literature from Spain or Hispanic America numbered above 342. Students planning to teach in grades 7-12 must also complete 3 credits in Second Language Acquisition, SPAN 399, 495 or SEDC 212 or SEDC 712.

b. Major concentration in Spanish-English/English-Spanish translation and interpretation (36 cr): This program prepares students for careers in the growing translation field. Students take courses in Spanish language, literature and civilization in conjunction with specialized courses in translation/interpretation theory and practice. A complementary minor in English and related fields of study is required and must be approved by the program adviser. Sufficient flexibility is built into the program so that students may tailor certain requirements to fit their individual needs and interests. An intensive internship in translation and/or interpretation serves as the student’s capstone experience and preparation for future professional settings. Please see the department of Romance Languages for more details regarding this new and innovative program of study.

ROMANCE LANGUAGES

(36 cr) Intended for students who want to specialize in two Romance languages.

Required: 341 and 342 in each of two chosen languages ..............................................(12 cr)

- and -

9 credits in advanced literature in each of the two languages ............................................(12 cr)

3 credits in culture or translation in each of the two languages ......................................(6 cr)

MINOR

(12 cr)

Students majoring in one or more Romance languages take as a minor 12 credits in one field of study that leads to a BA degree, which must be approved by the departmental adviser.

Minor for Non-Majors

Students wishing to minor in a Romance Language major must consult with their major departmental adviser for course approval of their 12 minor credits.

HONORS

Students qualified to graduate with departmental honors must take an honors course or equivalent approved by the departmental advisers. Departmental honors will be conferred upon a recommendation from the appropriate departmental committee. Candidates must present a paper of at least 7,000 typewritten words in the language of specialization. Consult the department for further information.
PREPARATION FOR TEACHING FRENCH, SPANISH OR ITALIAN ADOLESCENT EDUCATION (GRADES 7-12)

Students pursuing adolescent education must complete the 30 or 36 credit major in one of these languages and, in addition, complete the course in second language acquisition (3 cr). The 23-credit pedagogical sequence in adolescent education will serve as the minor. See the School of Education section of the catalog for further information.

STUDY ABROAD

All study abroad programs are open to students from Hunter College and other accredited institutions. Majors and minors in the Department of Romance Languages are strongly encouraged to participate in study abroad programs (see adviser for GPA requirements).

Qualified students can apply for financial aid and STOCS grants.

FRENCH PROGRAMS

The New York/Paris Exchange Program is open to students who wish to study a semester or a year at a French university in Paris. For the requirements and more details, contact Professor J. Prybors at (212) 772-5097. French in France is offered during June, July and August at Pau and Bayonne.

ITALIAN PROGRAMS

Hunter in Italy: Summer Program in Pescara, June-July, at the University of Pescara; Italian Language courses and Italian literature and culture courses taught in English.

WINTER PROGRAM HUNTER IN FLORENCE, held during January intersession, offers courses and Italian Culture and Literature taught in English.

SPANISH PROGRAMS

Spanish in Spain is offered during June, July, or both months at the University Antonio de Nebrija in Madrid. Spanish in Argentina is offered during the winter break in Mar del Plata (Argentina) at the Universidad Nacional de Mar del Plata.

COURSE LISTINGS

DIVISION I: FRENCH

There are three options for students beginning French at Hunter. A regular sequence (FREN 101, 102, 201, 202), an intensive sequence (FREN 103, 203) which covers in two semesters material normally covered in four and a course for students who use French as a heritage language.

FREN 101 Elementary French I
Language lab mandatory. Not credited without FREN 102.
3 hrs, 3 cr.

FREN 102 Elementary French II
Language lab mandatory.
prereq: FREN 101 or one yr high school French.
3 hrs, 3 cr.

FREN 102.50 Beginning French Conversation and Cultural Enrichment
Not credited toward language requirement. Conversational practice, cultural texts and activities for second-semester French students.
prereq: FREN 102
2 hrs, 2 cr.

FREN 103 Intensive Elementary French
Equivalent to material covered in 101 and 102. Language lab mandatory.
6 hrs, 6 cr.

FREN 201 Intermediate French I
Language lab mandatory.
prereq: FREN 102 or two yrs high school French
3 hrs, 3 cr.

FREN 202 Intermediate French II
Language lab mandatory.
prereq: FREN 201 or three yrs high school French
3 hrs, 3 cr.

FREN 203 Intensive Intermediate French
Equivalent to material covered in 201 and 202. Language lab mandatory.
prereq: FREN 103 or two yrs high school French
6 hrs, 6 cr.

FREN 208 French for Francophones
An intermediate-level language course designed for French speakers who have acquired the language in the family, local Francophone communities or abroad. Emphasizes the development of oral and written skills to the advanced level through interviews, readings and writing assignments. Spelling and grammar are also highlighted.
prereq: intermediate-level ability as determined by dept. exam or interview; perm dept.
3 hrs, 3 cr.

FREN 220 Advanced French Conversation
prereq: FREN 202 or four yrs high school French
3 hrs, 3 cr.

FREN 241 Early French Civilization: From Gothic to Revolution
GER 2/C PD/D
Conducted in English; readings in English.
3 hrs, 3 cr.

FREN 242 Modern French Civilization: From Revolution to Present
GER 2/C
Conducted in English; readings in English.
5 hrs, 3 cr.

FREN 251 French Literature and the Arts
Conducted in English; readings in English and French. Particular attention to theme, image and structure as they may be compared in literary and artistic works.
3 hrs, 3 cr.

FREN 252 From Symbolism to Surrealism in French Literature
GER 3/A
Conducted in English; readings in English. Impressionist, symbolist, cubist, Dada and surrealist movements in literature and art from the late 19th to 20th century.
3 hrs, 3 cr.

FREN 253 Modern French Theatre: Theory and Practice

1-3 cr.
The Russian and Slavic Studies division of the Department of Classical and Oriental Studies offers a rich curriculum designed for students who seek competence in spoken and written Russian and a solid background in and knowledge of Russian literature and culture. The division also offers courses in two related Slavic languages, Polish and Ukrainian.

Courses in the division are recommended to students from other disciplines who want to master the Russian language as a research tool or who seek to learn about Russian literature in translation. The important contributions being made by Russian scholars in chemistry, biology, mathematics and other related fields make the study of Russian especially valuable to science majors.

Russian majors find employment in U.S. governmental agencies, the United Nations, broadcasting, banking, international commerce, education, library services and other fields.

**MAJOR**

The Russian major consists of no fewer than 24 credits chosen among courses in the language beyond RUSS 101 and 102.

I. Russian language sequence: for students who want to acquire native fluency in spoken and written Russian and a thorough knowledge of Russian literature.

II. Russian language and culture sequence: for students whose interests lie in the arts rather than in language. With the permission of the division head, a limited number of courses in translation may be applied to the major sequence.

III. Concentration in Russian and East Central European Studies (RECE): This new concentration within the Russian program draws on a variety of disciplines in combination with courses from the Division of Russian and Slavic Studies. Requirements for RECE include Russian or Slavic language proficiency or a pre- or corequisite of 6 credits in Russian or Slavic language at the 202 (intermediate) level or above and 18 credits distributed as follows: Russian or East Central European history (5 cr.); RECE area political science (2 cr.); Russian or East Central European literature, culture or arts (3 cr.); and three additional 200- or 300-level courses chosen from two of the following categories: anthropology, economics, geography, history, political science and literature, culture or arts. Students should select courses in consultation with their RECE adviser. In addition to their 18- to 24-credit concentration, students are strongly urged to choose 12 minor credits from disciplines related to RECE.

**MINOR**

No fewer than 12 credits from another program that leads to a BA degree. Consultation with the division head is recommended.

**Minor for Non-Majors**

Students interested in a minor in Russian and Slavic studies should consult their major department adviser. Faculty from the division would be pleased to assist in the selection of appropriate courses.

**Preparation for Teaching in Grades 7-12**

In cooperation with the School of Education, the program in Russian provides opportunities for students to prepare for a career in teaching Russian in grades 7-12. Students preparing to teach Russian must complete a 33-credit major option for teaching that includes the 24-credit sequence taken by non-teaching majors plus 9 additional credits: RUSS 399 and 6 additional credits in Russian language and literature at the 300 or 400 level. Students interested in teaching Russian in New York schools may count the 23-credit pedagogical sequence for grades 7-12 as a minor.

This minor may count toward the course requirements for New York State Certification, but will not by itself be sufficient for certification. Students interested in a teaching career should consult with the School of Education. See the School of Education section of this catalog for further information.

**ELECTIVES**

All courses offered by the Russian Division are open to qualified students for elective credit.
COURSE LISTINGS

I. RUSSIAN LANGUAGE

RUSS 101, 102 Elementary Russian
Introduction to Russian language. Practice in spoken Russian. Reading of simple texts. RUSS 101 not credited without RUSS 102.
2 sems, 3 hrs, 3 cr. each sem.

RUSS 103 Elementary Russian (Intensive)
Intensive study of the Russian language. Two semesters in one.
6 hrs, 6 cr.

RUSS 201 Intermediate Russian I
Selected readings in prose. Continued practice in written and spoken Russian. Grammar review.
prereq: RUSS 102 or 103
3 hrs, 3 cr.

RUSS 202 Intermediate Russian II
Selected readings in Russian literature. Practice in oral and written expression.
prereq: RUSS 201
3 hrs, 3 cr.

RUSS 399 Second Language Acquisition
A survey of issues and approaches to second language acquisition. For students planning to teach languages other than English in grades 7-12.
prereq: at least three courses at the 300 level in the language, ENGL 120
3 hrs, 3 cr.

II. CONDUCTED IN RUSSIAN

RUSS 301 Advanced Russian I
Speaking, writing and reading Russian. Sentence structure; oral and written reports.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 302 Advanced Russian II
GER 3/A
Reading and critical analysis of selected literary and journalistic texts. Consideration of levels of style, problems of idiom and syntax. Written and oral reports.
prereq: RUSS 302 or equiv.
3 hrs, 3 cr.

RUSS 312 Advanced Russian Conversation I
Conversation and oral exercises; discussions based on readings of social and cultural interest. Introduction to oral interpreting.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 313 Advanced Russian Conversation II
Literary, political, social, scientific vocabulary. Scholarly reports and practical exchanges on selected topics.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 314 Advanced Russian Grammar
Intensive grammar review. Practice in written composition with aim of improved style. Word order and idioms.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 315 Advanced Russian Grammar and Stylistics
Practice in written composition; consideration of verbal aspects, cases, syntax and idiomatic language.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 317 Practical Aspects of Translation
Introduction to techniques of translation. Translations of political, journalistic, commercial, scientific and literary texts.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 318 Advanced Translation
Continuation of RUSS 317 on an advanced level. Further development of skills in translating diverse materials from Russian to English and from English to Russian.
prereq: ENGL 120, RUSS 317 or equiv; RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 319 Business Russian
Increased mastery of Russian vocabulary, style and syntax for translating and composing diverse business materials in such fields as finance, insurance, litigation, advertising and labor relations. Conducted in Russian.
prereq: RUSS 302 or equiv.
3 hrs, 3 cr.

III. LITERATURE IN THE ORIGINAL

RUSS 245 Russian Folklore: Slavic Myths and Traditions
Common Slavic myths, traditions and social structures.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 246 Special Topics in Slavic Literature and Cultures
Sample topics: fairy tales, satire.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 321 Russian Short Story and Novella
GER 3/A PD/D
Analysis of various texts and readings from Gogol, Chekhov, Babel, Solzhenitsyn.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 322 Classical Russian Poetry
GER 3/A PD/D
Major poets from the late 18th to mid-19th century, including Lomonosov, Derzhavin, Pushkin, Lermontov and Nekrasov.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 323 Modern Russian Poetry
GER 3/A PD/D
Major poets of the late 19th and 20th centuries, including Turgenev, Gogol, Mayakovskaya, Esenin, Pasternak, Yevtushenko.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

IV. LITERATURE AND CULTURE IN ENGLISH TRANSLATION

RUSS 324 Literature of Kievian Rus' and Early Russian Literature through the Age of Classicism
GER 3/A
Major literary works of the Kievian period, 968 to 1237: The Primary Chronicle, The Tale of Igor’s Campaign.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 340 19th Century Russian Literature
GER 3/A
Pushkin’s Eugene Onegin, Lermontov’s ‘Our Time’, Gogol’s Dead Souls, Turgenev’s Fathers and Sons and others.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 341 Tolstoy and Dostoevsky
GER 3/A
Major novels of Russia’s two greatest writers. Tolstoy’s War and Peace, Anna Karenina, Dostoevsky’s The Brothers Karamazov and others.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 342 Modern Russian Literature
GER 3/A PD/D
Gorky, Mayakovsky, Olestra, Babel, Sholokhov, Bulgakov, Nabokov, et al.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 343 Russian Theater
GER 3/A PD/D
Development of Russian drama and theater from early 19th century to present. Griboedov, Pushkin, Gogol, Chekhov and others.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 344 The Silver Age of Russian Literature
GER 3/A PD/D
Major writers and movements of years 1890-1925. Short works by Chekhov, Sologub, Belyi, Blok, Akhmatova, Pasternak.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 360 Russian Women Writers
GER 3/A PD/C
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 491 Honors Project
Open to Russian majors only. Essay.
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

RUSS 155 The Culture of Old Russia
GER 2/C PD/D
Religion, art, architecture and daily life in medieval Russia.
prereq: ENGL 120
3 hrs, 3 cr.
RUSS 156 Culture of Imperial Russia: the Age of Empresses
GER 2/C PD/C
Major cultural movements of the Empire — baroque, classicism, romanticism — and their effect on the cultural fabric of Russia from Regent Sophia through the reign of Peter to Catherine the Great.
prereq: ENGL 120
3 hrs, 3 cr.

RUSS 157 The Age of the Great Masters
GER 2/C PD/D
Russian culture as shaped by the great masters of Russian literature, art and music in the late 19th and early 20th centuries.
prereq: ENGL 120
3 hrs, 3 cr.

RUSS 158 Contemporary Russian Culture
GER 2/C
Survey of Russian culture from Stalin to present exploring the relationship between the arts and the state apparatus. Consideration of such figures as Pasternak, Solzhenitsyn, Yevtushenko, Prokofiev, Tarkovsky and the Taganka Theatre.
prereq: ENGL 120
3 hrs, 3 cr.

RUSS 250W 19th Century Russian Literature in English Translation
GER 2/C PD/D
Pushkin's Eugene Onegin, Lermontov's Hero of Our Time, Gogol's Dead Souls, Turgenev's Fathers and Sons and others.
prereq: ENGL 220
3 hrs, 3 cr.

RUSS 251W Tolstoy and Dostoevsky in English Translation
GER 2/C PD/D
Major novels of Russia's two greatest writers: Tolstoy's War and Peace, Dostoevsky's The Brothers Karamazov and others.
prereq: ENGL 220
3 hrs, 3 cr.

RUSS 252W Modern Russian Literature in English Translation
GER 2/C PD/D
Gorsky, Mayakovsky, Olesha, Babel, Sholokhov, Bulgakov, Nabokov, et al.
prereq: ENGL 220
3 hrs, 3 cr.

RUSS 253W Russian Theater in English Translation
GER 2/C PD/D
Development of Russian drama and theater from early 19th century to present. Griboevod, Chekhov, Pushkin, Gogol and others.
prereq: ENGL 220
3 hrs, 3 cr.

RUSS 254W The Silver Age of Russian Literature in English Translation
GER 2/C PD/D
Major writers and movements of the years 1890-1925. Short works by Chekhov, Solzhenit, Belyi, Blok, Akhmatova, Pasternak.
prereq: ENGL 220
3 hrs, 3 cr.

RUSS 255W Russian Folklore, in Translation
GER 2/C PD/D
Common Slavic myths and traditions.
prereq: ENGL 120
3 hrs, 3 cr.

RUSS 256 Special Topics in Slavic Literatures and Cultures in English Translation
PD/D
Examples: the Russian cinema, Nabokov.
prereq: ENGL 120
3 hrs, 3 cr.

RUSS 257 Masterpieces of Russian Literature in English Translation
Examples: Chekhov's short stories or plays, Nabokov.
prereq: ENGL 120
1 hr, 1 cr.

RUSS 258 Masterpieces of Russian Literature in English Translation
Example: Pasternak's Dr. Zhivago.
prereq: ENGL 120
1 hr, 1 cr.

RUSS 259 Masterpieces of Russian Literature in English Translation
Examples: Solzhenitsyn's Gulag, Pushkin stories, Gogol stories.
prereq: ENGL 220
1 hr, 1 cr.

RUSS 260W Russian Women Writers in English Translation
GER 3/A PD/C
prereq: ENGL 220
3 hrs, 3 cr.

RUSS 270W Soviet and Post-Soviet Cinema and Society
GER 2/C
Exploration of how Soviet cinema affected the cultural aesthetic sensibilities of the Russian people through its influence on Russian literature, theater and painting. Analysis of works of film directors, film theoreticians, writers, theatrical directors and artists.
3 hrs, 3 cr.

RUSS 293 Folklore in Translation: A Comparative Study
PD/A
Folklore of Australia, Oceania, Europe, Africa, North and South America and the Near East will be read in juxtaposition to Russian folklore.
prereq: ENGL 220
3 hrs, 3 cr.

RUSS 294W Folklore and Literature
GER 3/A PD/D
Students will be introduced to basic concepts of literature and folklore to increase, through a comparative study, their understanding and appreciation of both art forms. Works in English of major Russian writers such as Pushkin, Gogol and Pilyuyk will be read in juxtaposition with folklore genres in search of how literary texts mirror folklore subjects. European, African and South American literature and folklore will be introduced for comparative purposes.
prereq: ENGL 220
3 hrs, 3 cr.

RUSS 296W Vladimir Nabokov Between Two Cultures
GER 3/A
Nabokov as a bilingual writer, including major works originally written in Russian and in English: "Priglashenie na kazni" (Invitation to a Beheading); "Dar" (The Gift); "Dza" (Other Stories); "Spev, Memory, Pain, Lelija and Pole Fire.
prereq: ENGL 220 or perm dept.
3 hrs, 3 cr.

RUSS 297W The Russian Urban Novel in English Translation
GER 3/A
The interaction of a theme (the city) and a genre (the novel). Crime and Punishment, The Master and Margarita, We and others in their comparative context.
prereq: ENGL 220 or perm dept.
3 hrs, 3 cr.

RUSS 370 Independent Study in Slavic Literatures and Cultures
prereq: ENGL 120
3 hrs, 3 cr.

V. POLISH LANGUAGE

POL 101, 102 Elementary Polish
2 sems, 6 hrs, 6 cr.

POL 201 Intermediate Polish I
prereq: POL 102
3 hrs, 3 cr.

POL 202 Intermediate Polish II
prereq: POL 201
3 hrs, 3 cr.

VI. POLISH LITERATURE IN ENGLISH TRANSLATION

POL 250 Topics in Polish Literature
PD/D
Example: the 19th century Polish novel.
3 hrs, 3 cr.

POL 300 Independent Study in Polish Language and Literature
3 hrs, 3 cr.

VII. UKRAINIAN

UKR 300 Independent Study in Ukrainian Language and Literature
3 hrs, 3 cr.

or honors seminar); meet MS program require-
ments as outlined in graduate catalog |

A major in sociology provides the undergraduate with the opportunity to gain a distinct intellectual perspective and a method of inquiry. By continually testing conventional wisdom against evidence, the study of sociology encourages the development of critical judgment. By routinely considering the matrix of social and cultural facts, such study can lead students to an understanding of the conditions under which social facts emerge, and the consequences they have for individuals, groups, societies and social institutions. It can also help students better understand their own roles in the array of social institutions in which they are entwined.

Our courses provide a foundation for the student who desires to pursue advanced graduate studies in sociology leading to teaching positions. The department offers a wide range of specialties offering students flexibility in their choice of PhD programs. A major in sociology also helps to prepare students for many careers: social research, marketing, media, and other fields in the private sectors, as well as law, civil service and public policy, social work, the health professions, personnel work and other human-service areas.

Majors are encouraged to develop skills in observation, interviewing, and other data-collection techniques; data processing; statistical and content analysis; and trend analysis — all marketable skills in many career lines.

MAJOR

The department recommends a GPA of at least 2.3 when declaring the major. Prospective majors should also have already taken several sociology courses at Hunter. In addition to SOC 101 (Introduction to Sociology), the sociology major consists of 27 credits. Six of these credits must include SOC 240 (Introduction to Research Methods) and 241 (Statistics). Six credits must be in SOC 221 (Classical Sociological Theory) and SOC 223 (Current Sociological Theory). Of the remaining 15 credits, at least 6 must be in courses at the 300 level or above. No more than 3 credits from SOC 331/332 (Field Placement in Social Work Agencies), SOC 371/372 (Independent Study), SOC 471/472 (Honors Independent Study) and SOC 498 (Internship) may be used to satisfy this requirement.

MINOR

The minor consists of 12 credits in one department or program leading to a BA degree. No split minors are allowed.

Minor for Other Majors

Students choosing to minor in sociology should consult their major adviser and a sociology adviser to determine their selection of courses. Students minoring in sociology must take SOC 101 and should take SOC 221 as well as one course on the 200 and one on the 300 level.

SPECIAL PROGRAMS

Five-Year BA/MS Program

For a limited number of qualified students, the department offers an accelerated five-year program leading to a BA in sociology and an MS in social research. The program requires a total of 145 credits of college work (100 undergraduate, 45 graduate), one semester of supervised field experience, and a research paper. In order to be admitted to the program, students must complete their basic requirements, pass an honors course (independent study or honors seminar), and meet the requirements of the MS program as outlined in the graduate catalog. Undergraduate students are typically admitted to the program toward the end of their junior year and begin their graduate work at the beginning of their senior year. Interested students should consult the program's adviser at the earliest possible date.

The COR Program

The departments of psychology, anthropology, and sociology jointly offer a program called COR (Career Opportunities in Research and Education). This interdisciplinary research training program for talented minority juniors and seniors is funded by the National Institute of Mental Health. Participants receive a monthly stipend, tuition and fee remittance; they take a special curriculum, and get individualized research training in a variety of areas under the supervision of a faculty mentor. The program has several levels of participation, and all minority students - especially freshmen and sophomores - intending to pursue a research-related career in the participating disciplines are urged to register with the program. Additional details and descriptive literature are available from the COR program adviser.
Independent Study

Students may pursue independent study through SOC 571 and 572 or SOC 471 and 472 (Honors Independent Study). These options allow students to initiate and carry out a course of study of their own choosing under the guidance of a faculty sponsor. Students should have a topic and a general plan of study in mind before seeking faculty sponsorship, though students can discuss independent study options with the advisors. Academic sponsors must be full-time members of the faculty.

HONORS

In order to graduate with departmental honors in sociology, students must have a 3.0 GPA overall and a 3.5 GPA in sociology; at least 21 of the credits toward the major should have been courses taken at Hunter College. Students must complete either an Honors Seminar (SOC 473 or 474) or an Honors Independent Study (SOC 471 or 472). Students whose GPAs are within this range are urged to consult their adviser before planning senior year programs of study, since honors seminars are generally offered only once per year, usually in the fall semester. In addition, students qualifying for departmental honors are eligible for membership in Alpha Kappa Delta, the International Sociology Honor Society. See adviser for more information.

INTERNSHIPS

Provided students secure approval of a full-time faculty member, internships can be carried out for 3 to 6 credits in the areas of marketing, media, and politics, with other areas to be added.

AWARDS

The Department of Sociology offers two prestigious awards to outstanding students in sociology and applied social research. The Norman Hecht Award of up to $300 is provided on an irregular basis for the best research concept developed by an undergraduate or graduate student studying applied social research. It can be granted to an individual student or a group of students. Once a year at the end of the fall term the Benjamin Ringer Award, carrying a cash stipend of $100, is granted for the best undergraduate paper in the areas of ethnic and race relations. The endowed Rosalyn Tough Award is granted with a cash stipend to outstanding sociology or social research students. The Suzanne Keller Award goes to a sociology student with an outstanding record, and the annual Chicago Award with a $100 stipend is given to a work-study student or research assistant whose contribution to a faculty member's work is acknowledged in the faculty member's publication. For more information about the awards contact the departmental advisers.

CAREER OPPORTUNITIES

Applied Social Research

Students interested in careers in research-related fields such as media and marketing research, policy analysis and evaluation, advertising, consumer behavior, and public opinion polling, as well as students who are contemplating graduate studies in sociology, are encouraged to gain research experience through selected coursework and independent research carried out under faculty supervision. In addition to SOC 240 and 241, which are required for the major, students interested in research should consider SOC 350 (Qualitative Research Methods), and select electives from the following: SOC 259, 311, 313, 363, and 441. The department also participates in a number of programs that place qualified minority students in summer research internships at leading universities. See adviser for more information.

Social Work

Students interested in careers in social work or other human services are strongly encouraged to consult the pre-social work adviser (Prof. Poppendieck, Room 1603 Hunter West, 212-772-5483, jpoppend@hunter.cuny.edu). The pre-social work advising office offers information about graduate study in social work as well as help with program planning. Pre-social work students without work experience in the human services should plan to take SOC 351 Field Placement in Social Work Agencies and SOC 352 Advanced Field Placement in Social Work Agencies, courses that provide supervised field experience. Ideally, this coursework should be completed by the end of the junior year, and students must meet with the instructor in the previous semester to arrange a placement. While virtually all sociology courses are relevant to the practice of social work, several courses are directly related to social work: SOC 231, 235, 237, and 239.

Graduate Courses

Qualified undergraduates seeking more advanced or specialized work may, with the permission of the instructor, be permitted to take graduate courses. Consult the graduate catalog for course listings.

MAJOR AREAS OF STUDY

Students may design their own areas of concentration but they are not required to do so.

1. Interpersonal Processes and Relations
   SOC 201 The Family
   SOC 251 Interpersonal Behavior
   SOC 253 Deviance and Social Control

2. Social Inequality
   SOC 217 Race and Ethnicity
   SOC 218 Social Inequality
   SOC 219 American Society
   SOC 257 Sex and Gender Roles
   SOC 317 Class, Status, and Power

3. Social Welfare and Policy
   SOC 231 Introduction to Social Work Professions
   SOC 235 Community Organization and Action
   SOC 237 Social Welfare Policy
   SOC 239 Child Welfare

4. International Studies
   SOC 313 Population Dynamics
   SOC 318W Sociology of Human Rights in Latin America
   SOC 361W Development and Modernization
   SOC 362W Sociology of Islam

5. Applied Social Research
   SOC 240 Introduction to Research Methods
   SOC 241 Social Statistics
   SOC 311 Population Dynamics
   SOC 313 Consumer Behavior
   SOC 350 Qualitative Research Method

6. Theory
   SOC 221 Classical Sociological Theory
   SOC 223 Current Sociological Theory
   SOC 360 Feminist Social Theory

7. Fieldwork and Experiential Learning
   SOC 331-352 Field Placement in Social Work Agencies
   SOC 371-372 Independent Study
   SOC 471-472 Honors Independent Study
   SOC 498 Internship
SOC 217 Race and Ethnicity
GER 3/B PD/B
Dominant-subordinate relations among selected groups: Asians, Blacks, Hispanics, Jews, Indians, White ethnics.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 218 Social Inequality
GER 3/B
Examination of social inequality in contemporary society from various empirical and theoretical perspectives focusing on class, ethnic, gender, and other determinants of stratification.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 219W American Society
GER 3/B
Analysis of social structures and culture of the contemporary USA.
 prereq: SOC 101, ENGL 120
 3 hrs, 3 cr.

SOC 221 Classical Sociological Theory
GER 3/B PD/D
Classical theorists and their contributions.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 222 Current Sociological Theory
GER 3/B
Significance of concepts and nature of evidence applied to leading theories. Theory construction.
 prereq: SOC 101, SOC 221, major
 3 hrs, 3 cr.

SOC 225 Seminar in Selected Problems of Sociology
GER 3/B
Lower-level seminar; reading, discussion, and papers on significant problems in sociology.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 231 Introduction to Social Work Profession
GER 3/B
Introduction to and critical analysis of the social work profession in American society.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 235 Community Organization and Action
GER 3/B
Evaluation of specific local and national action programs.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 237 Social Welfare Policy
GER 3/B
Development of welfare institutions. Consequences of welfare services for client and community.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 239W Child Welfare
GER 3/B
Historical and contemporary perspectives on the impact of poverty on children and the social policies that deal with it.
 prereq: SOC 101, ENGL 120
 3 hrs, 3 cr.

SOC 240 Introduction to Research Methods
GER 3/B
Discussion of various research techniques and strategies including the survey method, field research, experiments, and content analysis. Firsthand involvement in the collection of quantitative data.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 241 Social Statistics
GER 3/B
Application of elementary statistical techniques. Introduction to statistical inference and sampling theory.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 251 Interpersonal Behavior
GER 3/B
Study of interaction processes and the emergence and maintenance of selves and identities.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 253 Deviance and Social Control
GER 3/B
Theories of causation and analysis of particular types of deviance: sexual, criminal, political.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 255 Youth and Adulthood
GER 3/B
Youth and adult modes of adaptation, socialization, intergenerational relations, and career possibilities.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 257 Sex and Gender Roles
GER 3/B PD/C
Sex role differentiation: femininity, masculinity, marriage, child rearing.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 259W Mass Media, Communication and Public Opinion
GER 3/B
Impact of mass media on public opinion and government action.
 prereq: SOC 101, ENGL 120
 3 hrs, 3 cr.

UPPER DIVISION
All 300- and 400-level courses have ENGL 120 as a prerequisite.

SOC 301 Medical Sociology
GER 3/B
Social and cultural factors related to health. Organization of health care services, social structure of the hospital.
 prereq: SOC 101
 3 hrs, 3 cr.

SOC 307 Migration
GER 3/B PD/B
Economic, demographic, political and cultural factors influencing migration and the consequences of migration.
 prereq: SOC 101
 3 hrs, 3 cr.
SOC 309W Social Movements and Social Change
GER 3/B
Analysis of emerging groups inducing or resisting social change often using unconventional means in historical and/or international perspective.
prereq: SOC 101
3 hrs, 3 cr.

SOC 311 Population Dynamics
GER 3/B
Comparative analysis of fertility, mortality, migration trends, and related social factors.
prereq: SOC 101
3 hrs, 3 cr.

SOC 313 Consumer Behavior
GER 3/B
Individual and social perspectives on consumer decision making. Social patterns of consumption and consumer social movements.
prereq: SOC 101
3 hrs, 3 cr.

SOC 314 Culture and Consumption
GER 3/B
The structure and patterning of everyday life as concerned with material well-being. Symbolic and moral dimensions of food and living arrangements, as well as commerce and the marketplace.
prereq: SOC 101
3 hrs, 3 cr.

SOC 315W Work and Society
GER 3/B
Work in market economies, mechanisms of control and sources of stratification, gender and ethnic factors, role of education and trade unions.
prereq: SOC 101
3 hrs, 3 cr.

SOC 317 Class, Status, and Power
GER 3/B
Inquiry into the empirical and conceptual relation between the fundamental sociological constructs of "class," "status," and "power" through a case study of the upper class in the United States. Review of current research and relevant theoretical approaches.
prereq: SOC 101
3 hrs, 3 cr.

SOC 318 Sociology of Human Rights in Latin America
GER 3/B
Types of societies in which human rights are respected or violated with special emphasis on Latin American regimes in the last two decades. Human rights and diversity — the rights of women and minorities. Movements to protect human rights. The emphasis is on actual social conditions which foster or impede the observance and protection of human rights.
prereq: SOC 101
3 hrs, 3 cr.

SOC 319 Criminology
GER 3/B
Criminal behavior, arrest, and punishment. Problems of definition, administration of criminal justice.
prereq: SOC 101
3 hrs, 3 cr.

SOC 320 Law, Society and Civil Rights
GER 3/B
Examines from a sociological perspective the concept of law, and legal institutions and their relationship to society and culture, concentrating on the struggle for civil rights in America.
prereq: SOC 101
3 hrs, 3 cr.

SOC 325 Seminar in Selected Problems of Sociology
GER 3/B
Upper-level seminar: reading, discussion, and papers on significant problems in sociology.
prereq: SOC 101, perm instr.
3 hrs, 3 cr.

SOC 331 Field Placement in Social Work Agencies
GER 3/B
Supervised work in social service agency, weekly seminar, preparation of weekly assignments and term paper.
prereq: SOC 101, perm instr.
8 hrs per week, 3 cr.

SOC 332 Advanced Field Placement in Social Work Agencies
GER 3/B
Supervised work in social service agency, weekly seminar, agency-based research project.
prereq: SOC 101, SOC 331 or documented cognate experience in social work agency, perm instr.
8 hrs per week, 3 cr.

SOC 345 Sociology of Knowledge
GER 3/B
Systematic analysis of the social basis of knowledge.
prereq: SOC 101
3 hrs, 3 cr.

SOC 350W Qualitative Research Methods
GER 3/B
An introduction to the most prevalent qualitative research approaches used in applied social research and sociology, including documentary analysis, participatory observation, ethnography, in-depth interviews, focus groups and related methods.
prereq: SOC 221 or 223
3 hrs, 3 cr.

SOC 360 Feminist Social Theory
GER 3/B PDC
Introduces students to feminist theory developed by women from Western, Third World and other countries.
prereq: SOC 101
3 hrs, 3 cr.

SOC 361W Development and Modernization
GER 3/B PD/A
Examinations of models of social change with a special focus on developing countries.
prereq: SOC 101
3 hrs, 3 cr.

SOC 362W Sociology of Islam
GER 3/B
Introduction to Islam as religion and culture with emphasis on how misconceptions have permeated our understanding of Islam. Analysis from a historical perspective which serves as a framework for comprehending Islam's dogma, rituals, and legal system.
prereq: SOC 101
3 hrs, 3 cr.

SOC 363 Social Change
GER 3/B
Process of development of institutions, communities, and nations.
prereq: SOC 101
3 hrs, 3 cr.

SOC 371, 372 Independent Study
GER 3/B
Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.
prereq: SOC 101, perm instr.
5 cr each sem

SOC 421 Sociology of Organizations
GER 3/B
Organization, structure, and processes; relationship between individual and organization.
prereq: SOC 101
3 hrs, 3 cr.

SOC 425 Seminar in Selected Problems of Sociology
GER 3/B
Advanced seminar: reading, discussion, and papers on significant problems in sociology and in applied social research.
prereq: SOC 101, perm instr.
3 hrs, 3 cr.

SOC 441 Advanced Research Methods
GER 3/B
Evaluates strategies and instruments available to sociologists such as socio-geographic mapping.
prereq: SOC 240, 241
3 hrs, 3 cr.

SOC 461 Comparative Ethnic and Race Relations
GER 3/B
Patterns of intergroup relations in various countries. Consequences of partition, separatism, pluralism, assimilation.
prereq: SOC 101, 217
3 hrs, 3 cr.

SOC 471/472 Honors/Independent Study
GER 3/B
Advanced independent research project under direction of full-time member of department.
prereq: SOC 101
3 cr each sem

SOC 473/474 Honors Seminar
GER 3/B
Honors paper.
prereq: SOC 101, perm dept.
3 cr each sem

SOC 498 Internship
GER 3/B
Open to majors only. Placement of qualified sociology majors off campus in professional non-social service internship settings. Credits are based on analytic internship report, number of hours worked and evaluation by faculty.
prereq: SOC 221 or 223 and SOC 240; major; perm supervising full-time faculty
hrs TBA, 3-6 cr.

Courses that may not be offered in 2007-2010:
SOC 215 Occupations and Professions
SOC 360 Feminist Social Theory
SOC 461 Comparative Ethnic and Race Relations
The Department of Theatre studies stage production, the history and theory of theatre and drama, and the relationship among text, theory and performance. Theatre courses include acting, playwriting, directing, history, theory, design, production, creative drama and interdisciplinary performance. The curriculum was developed with an emphasis on professional standards within a liberal arts context.

The theatre major requires courses in practical hands-on work, as well as study of theoretical, critical, and historical approaches to theatre. Interdisciplinary courses include acting, lighting and design for theatre, film and television, adaptation for theatre and film, and comparative aesthetics. Students pursuing a major in theatre must work on theatre productions as part of their requirements for graduation. Advanced undergraduate playwrights may have their work produced by Hunter Playwrights.

Many students who graduate from the theatre program work as actors, directors, stage managers, and designers. Some of our students continue their creative study in conservatory or MFA programs. Others continue their education in history and theory as MA or PhD students.

The department maintains associations with major theatre institutions. Students have opportunities for placement as interns and apprentices with various professional groups.

### Honors

Open to any qualified junior or senior with a 3.5 GPA in Theatre and an overall minimum GPA of 2.7 and permission of the chair. Individual work under faculty supervision. Departmental honors granted at graduation.

### Minor

Theatre majors may select a minor from any department or program in the college that offers a program of study leading to a BA degree. Students should consult the departmental adviser regarding appropriate minor choices.

### Minor for Non-Majors

Any 12 credits including THEA 101, to be selected with major adviser.
### COURSE LISTINGS

#### BASIC COURSES

**THEA 101 Introduction to Theatre**  
GER 2/D  
Study of elements of theatre arts — acting, directing, playwriting, design — from standpoints of both viewer and participant.  
3 hrs, 3 cr.

**THEA 151 Introduction to Theatre Production**  
Lectures and practical backstage work in all aspects of production. Work on studio and major productions required.  
5 hrs, 2 cr.

**THEA 161 Acting I: Basic Acting Techniques**  
For intended majors and non-majors. Exploration of the fundamentals of acting technique through improvisation.  
3 hrs, 3 cr.

#### INTERMEDIATE COURSES

**THEA 211W World Theatre I**  
GER 2/C PD/D  
Survey of international theatre from its pre-Greek origins to the Spanish Golden Age.  
prereq: ENGL 120, THEA 101  
3 hrs, 3 cr.

**THEA 212W World Theatre II**  
GER 2/C PD/D  
Survey of international theatre from the Elizabethan period to Wagner.  
prereq: ENGL 120, THEA 101  
3 hrs, 3 cr.

**THEA 213W World Theatre III**  
GER 2/C PD/D  
Survey of international theatre from 19th-century Naturalism to the present day.  
prereq: ENGL 120, THEA 101  
3 hrs, 3 cr.

**THEA 214W Multicultural Perspectives in Theatrical Performance**  
GER 3/A PD/B  
Study of a selected minority theatre tradition in the United States: original roots, development, and influence on the cultural life of the group to be studied and on American culture in general. May be repeated for credit with a different topic.  
prereq: THEA 101  
3 hrs, 3 cr.

**THEA 215W Black Theatre**  
GER 3/A PD/B  
Background and development, present practice, and future possibilities of Black theatre in America.  
prereq: ENGL 120, THEA 101  
3 hrs, 3 cr.

**THEA 251 Theatre Production**  
Practical and academic work on the departmental production.  
prereq: THEA 101 or perm instr.  
5 hrs, 3 cr.

**THEA 261 Acting II: Contemporary Drama**  
GER 3/A  
Fundamentals of scene study focusing on text analysis, personalization, objective and action using American realism.  
prereq: THEA 161 or perm instr.  
4 hrs, 3 cr.

**THEA 262 Acting III: Contemporary Drama**  
GER 3/A  
Continued work on scene study using realistic plays from the world repertory.  
prereq: THEA 261 or perm instr.  
coreq: THEA 263  
4 hrs, 3 cr.

**THEA 263 Basic Voice and Movement for Performers**  
Freeing the natural voice; resonance and range; movement systems and skills.  
coreq: THEA 262  
3 hrs, 2 cr.

**THEA 281 Visual Elements of Theatre**  
Theory and practice of various design elements that constitute complete theatrical production. Course for actors, directors, playwrights, and others not concentrating in design. Practical work on productions included.  
prereq: THEA 101  
3 hrs, 3 cr.

**THEA 282 Theatrical Design Techniques**  
GER 3/A  
Practical training in skills of drawing, painting, and model-making necessary for designing of scenery, costumes, and lights. Studio design work included. Prerequisite for all advanced design courses.  
prereq: THEA 101

**THEA 283 Stagecraft**  
GER 3/A  
Technical problems of production: construction, rigging, and handling of scenery. Practical work included.  
prereq: THEA 101  
5 hrs, 3 cr.

**THEA 284 Makeup for the Stage**  
GER 3/A  
Practical instruction in use of stage makeup.  
prereq: THEA 101  
5 hrs, 3 cr.

**THEA 285 Design Concepts for Theatre, Film, and Television**  
GER 3/A  
Theoretical and practical elements of design in theatre, film, and television.  
prereq: THEA 101 or FILM 101  
3 hrs, 3 cr.

#### UPPER-LEVEL COURSES

**THEA 321W Play Analysis**  
GER 3/A PD/D  
Principles of play analysis; examination of play structure, theatrical form, and historical period.  
prereq: THEA 211 or 212 or 213  
3 hrs, 3 cr.

**THEA 322W Theatre Theory and Criticism**  
GER 3/A PD/D  
Major theoretical theories, with emphasis on modern, as applied to acting, design, directing, and playwriting.  
prereq: THEA 211 or 212 or 213  
3 hrs, 3 cr.

**THEA 323W 20th Century Aesthetics in Theatre and Film**  
GER 3/A  
Points of interaction, mutual influence, and cross-fertilization between theatre and film in theory and praxis.  
prereq: THEA 213 or FILM 211 or 212; ENGL 120  
4 hrs, 3 cr.

**THEA 324W Adaptation in Theatre and Film**  
GER 3/A  
Examination of examples of works adapted to the stage or screen from another medium.  
prereq: THEA 321 or FILM 211 or 212; ENGL 120  
4 hrs, 3 cr.

**THEA 331W Avant-Garde Theatre of the 20th Century**  
GER 3/A PD/D  
Departures from realism — Expressionism, Artaud, Brecht, Grotowski — from Alfred Jarry to the present.  
prereq or coreq: THEA 211 or 212 or 213  
3 hrs, 3 cr.

**THEA 332 Theatre of Realism and Naturalism**  
GER 3/A PD/D  
Plays, theory, and stagecraft of realism and naturalism movements from the late 19th century to the present.  
prereq or coreq: THEA 211 or 212 or 213  
3 hrs, 3 cr.

**THEA 333 Alternative Performance**  
GER 3/A PD/D  
Study of performance styles and practices using theatre and/or film in non-traditional modes.  
prereq: THEA 213 or THEA 323  
3 hrs, 3 cr.

**THEA 351 Theatre Workshop**  
Individual assignments to backstage positions in production and management of departmental presentations.  
prereq: THEA 252  
5 hrs, 2 cr.

**THEA 361 Acting: Departures from Realism**  
GER 3/A  
Scene study as it applies to nonrealistic works such as absurdist plays, epic theatre, and expressionist works.  
prereq: THEA 211 or 212 or 213; THEA 262, 263 or perm instr.  
4 hrs, 3 cr.

**THEA 362 Acting: Period Drama**  
GER 3/A PD/D  
Scene study from such periods as Greek, Elizabethan, and Restoration.  
prereq: THEA 211 or 212 or 213; THEA 262, 263 or perm instr.  
coreq: THEA 363  
4 hrs, 3 cr.
THEA 363 Advanced Voice and Movement for Performers
GER 3/A
Continuation of voice and movement exercises; integration into systematic approach for actors.
prereq: THEA 263
coreq: THEA 362
3 hrs, 2 cr.

THEA 364 Mime and Masks
GER 3/A
Practical course in mime and mask exercises for actors, designed to open new avenues for emotional expression.
prereq: THEA 363
4 hrs, 3 cr.

THEA 365 Screen Acting
GER 3/A
Fundamental techniques unique to acting in film and television.
prereq: FILM 101, THEA 262
4 hrs, 3 cr.

THEA 371 Directing I
GER 3/A
Principles of play production; directorial concepts; focusing audience attention on dramatic values.
prereq: THEA 211 or 212 or 213, THEA 261, 321 or perm instr.
5 hrs, 3 cr.

THEA 372 Directing II
GER 3/A
Continued study of principles; incorporation of design elements; full laboratory production of one-act play by each student.
prereq: THEA 371 or perm instr.
5 hrs, 3 cr.

THEA 376W Playwriting I
GER 3/A
Study of problems in playwriting based on the student's own work.
prereq: THEA 101 or perm instr.
3 hrs, 3 cr.

THEA 377 Playwriting II
GER 3/A
Continued study of playwriting techniques, with emphasis on the structure and form of the full-length play.
prereq: THEA 376 or perm instr.
3 hrs, 3 cr.

THEA 381 Scene Design I
GER 3/A
Fundamentals of design for theatre, film, and television.
prereq: THEA 281
5 hrs, 3 cr.

THEA 382 Scene Design II
GER 3/A
Problems of set design for plays, musicals, ballet, opera, film, and television; scene painting.
prereq: THEA 381
5 hrs, 3 cr.

THEA 383 Costuming for the Stage
GER 3/A
Study and practice in stage costuming; historical periods and styles; fabrics, patterns, and construction.
prereq: THEA 281
5 hrs, 3 cr.

THEA 384 Stage Lighting
GER 3/A
Principles, techniques, and practice of lighting for theatre, emphasizing its contribution to dramatic interpretation.
prereq: THEA 281 or FILM 251
5 hrs, 3 cr.

THEA 385 Production Design I for Theatre, Film, and Television
GER 3/A
Theory and practice in scenic design for theatre, film, and television.
prereq: THEA 101 or FILM 101 and THEA 285
4 hrs, 3 cr.

THEA 386 Production Design II for Theatre, Film, and Television
GER 3/A
Theory and practice in costume design for theatre, film, and television.
prereq: THEA 101 or FILM 101 and THEA 285
4 hrs, 3 cr.

THEA 387 Concepts of Light in Theatre, Film, and Television
GER 3/A
The aesthetics, styles, conventions, and vocabulary of lighting in theatre, film, and television: how light establishes style, mood, rhythm, and atmosphere as interpretive elements of performance.
prereq: THEA 281 or THEA 285
3 hrs, 3 cr.

THEA 388 Theatres and Movie Palaces: Contemporary Culture
GER 3/A
Exploration of the architecture and evolution of selected 20th-century theatre and movie palaces.
prereq: THEA 213 or FILM 211
3 hrs, 3 cr.

THEA 391 Theatre Projects
GER 3/A
Experimental work in design or directing for advanced theatre students.
prereq or coreq: THEA 372, 381, perm chair
3 hrs, 3 cr.

SPECIAL AND INDIVIDUAL STUDIES COURSES

THEA 253.01 Special Topics in Theatre Performance
GER 3/A
Credit for participation in the departmental production. This course may be taken up to three times for credit.
prereq: perm instr
5 hrs, 3 cr.

THEA 297 Special Topics in Theatre
GER 3/A
Not offered at all times. A specific topic will be listed in Schedule of Classes for a given semester.
prereq: perm dept.
1-3 hrs, 1-3 cr.

THEA 397 Studies in Theatre
GER 3/A
Not offered at all times. Specialized topics for majors will be listed in Schedule of Classes for a given semester.
prereq: variable
3 hrs, 3 cr.

THEA 401 Seminar
GER 3/A
Not offered at all times. Readings, discussion, and papers on significant problems in theatre and film.
prereq: perm dept.
3 hrs, 3 cr.

THEA 402 Independent Research
GER 3/A
Open to majors only. Directed program of reading, research, or creative presentation, arranged on an individual basis with a faculty mentor.
prereq: perm chair
1-3 hrs, 1-3 cr.

THEA 498 Internship
GER 3/A
Placement in appropriate off-campus locations, arranged on an individual basis with a faculty mentor.
prereq: perm dept.
1-6 hrs, 1-6 cr.

THEA 499 Honors Project
GER 3/A
Open to majors only. Individual work under faculty supervision, qualifies student for departmental honors at graduation.
prereq: 3.5 major GPA, 2.7 overall GPA, perm chair
3 hrs, 3 cr.

Courses offered only upon sufficient student demand:

THEA 241 Creative Dramatics
THEA 242 Theatre for Young Audiences
THEA 243 Theatre for Young Audiences: Laboratory
THEA 244 Drama and Disability
THEA 341 Creative Drama Leadership Techniques: Special Groups
THEA 342 Creative Drama in the Community

THEA 378 Scriptwriting for Young Audiences: Theatre, Film, and Television
THOMAS HUNTER HONORS PROGRAM
Program Coordinator: Sarah R. Jeninsky
Program Office 1421 Hunter West; (212) 772-4127
Web site: http://sapientia.hunter.cuny.edu

Council on Honors:
Alcubes (Urban Public Health), Beaujour (Russian, chair), Belsky (History), Burke (Music), Conchado (Romance Languages, co-chair), Connor (English, Acting), Greenbaum (Physics), Greenberg (English), McCauley (History), Press (Philosophy), Röistberg (Mathematics), Shuh (Biological Sciences), Somerville (Political Science), Stapleford (Art), White (Classics), Young (Psychology, Acting)
Advisers:
Philip Alcubes, Elizabeth Beaujour, Richard Belsky, Diana Conchado, Gerald Press, Robert J. White

The interdisciplinary Thomas Hunter Honors Program provides some outstanding undergraduate students with a course of study suited to their individual needs and interests. Students selected for the Thomas Hunter Honors Program must show evidence of high academic potential, interdisciplinary interests and intellectual curiosity, as well as the willingness to explore unfamiliar fields and to accept challenges.

Students may apply for admission to the program on their own or they may be invited to participate in recognition of their outstanding academic records. Many graduates of the Thomas Hunter Honors Program go on to PhD programs in the various arts and sciences, or to law, medical and other professional schools. Others choose careers in a wide variety of professional, artistic and business fields.

College Requirements
The Thomas Hunter Honors Program requires that students maintain breadth in their programs, create a significant pattern of courses in at least two academic areas of investigation (Humanities and Arts, Social Sciences, Sciences and Mathematics), including at least one laboratory science course. All programs must be approved every semester by a Council advisor.

Students must also fulfill the following graduation requirements: ENGL 120; Pluralism and Diversity; and, for those entering Hunter in fall 2001 or later, the Foreign Language Requirement. Note that all colloquia in the 200 or 300 series are "W" courses.

MAJOR
Students in the Thomas Hunter Honors Program who wish to design an interdisciplinary major for themselves may do so in consultation with the appropriate Council advisor. The final transcript of such students designates the major as "Special Honors Curriculum." Most students in the Thomas Hunter Honors Program, however, also elect to fulfill the requirements for a specific departmental major. These students abide by departmental criteria for the major and minor, and are expected to pursue departmental honors in their major. Their final transcript records the major as Special Honors Curriculum/Specific Department. Whatever their major concentration, all students in the Program must also successfully complete three special interdisciplinary honors colloquia (see further on) and maintain a cumulative grade point average of 3.5 or better until their final certification into the Program.

Certification usually occurs in the student's junior year, when the Council, ruling on each case individually, decides that the student's continuing academic distinction and promise of future productivity warrant permanent membership in the Thomas Hunter Honors Program.

Thomas Hunter Honors Program students meet regularly in 200-level and 300-level colloquia, led by members of the Council on Honors and by other invited members of the faculty. Students take a minimum of three colloquia, one of which must be at the 200-level, and one of which must be at the 300-level. While the specific content of these courses varies from semester to semester, the underlying principles remain the same.

The 200-level colloquium is taught by one professor, often a member of the Council on Honors, who studies a specific theme using the materials and methodologies of at least two disciplines. Students may take more than one of these colloquia if they so desire, but at least one must be taken during their first year in the Program. The 300-level honors colloquia are special seminars, usually conducted by two professors, devoted to topics lending themselves to broad interdisciplinary investigation.

The colloquia offer breadth of exposure, but, even more importantly, they seek to demonstrate how knowledge gained from a variety of disciplines can be related and integrated in an effort to understand complex processes and phenomena. In all colloquia, students write at least one major paper, in which they apply the methodology of the course to material of particular interest to them.

Upon completion of 90 credits, Thomas Hunter Honors students may also be admitted by the Council to Advanced Interdisciplinary Studies, with the opportunity of engaging in advanced independent study under the Council's supervision. A thesis or other appropriate report of the results of the student's research is presented to the Council.

COURSE LISTINGS

HONS 201W Sophomore Honors Colloquium
Sample topics: Integrating the Irrational; Dante's World; Language, Learning, and Computation; Law and Literature; The Gothic; Ethics in Public Health.
May be taken more than once with different topics.
prereq: perm dept.
3 hrs, 3 cr.

HONS 301W Upper-Level Honors Colloquium
Sample topics: Behavior and Evolution; Greek Myth in the Arts; Energy and Environment; Politics of Southern Africa. May be taken more than once with different topics.
prereq: perm dept.
3 hrs, 3 cr.

HONS 301.99 Interdisciplinary Independent Study
prereq: perm honors council
3 hrs, 3 cr.

HONS 491 Advanced Interdisciplinary Studies
prereq: perm honors council
6 hrs, 6 cr.
With over 70 percent of the nation's population classified as urban, urban studies offer students the opportunity to investigate intensively the forces shaping the institutions and quality of life in American metropolitan regions. Building on an understanding of relevant economic, social, and political trends, the field of urban studies concentrates on defining and addressing current urban policy and planning issues. To reinforce its strong theoretical foundation, the urban studies curriculum also includes the study and use of analytical skills and opportunities for fieldwork experience.

The department offers several options to students interested in examining the implications of urban life within a social science context. The most intensive is, of course, the major. Additional programs include elective courses that may constitute a minor for a non-major, and a program of education for public service that is open to selected students (see Special Programs, below). Of particular note for non-majors is the specially designed introductory course, Urban Life: The Personal and Observational View. The urban studies offerings are enriched by their inclusion in the Department of Urban Affairs and Planning, which houses, in addition to the urban program, graduate curricula in urban planning and urban affairs. The sharing of faculty and facilities, the interchange among advanced and beginning students, and the cooperation of other units in the social sciences create a synergy for comprehensive examination of urban-related concerns in a major city.

Because it integrates several social science perspectives, the urban studies major is uniquely fitted to train students for careers in either the public or private sector, depending upon the student's selection of electives. Among the types of employment chosen by recent graduates are urban planning, social work, municipal budgeting, public administration, real estate, community organization, law, business, and journalism.

### Major

The Urban Studies major provides a strong background in the study of urban issues, institutions, and policies. In addition, the major includes a methodology component, an internship experience, and appropriate courses selected from closely related social science disciplines. Completion of the major gives students a fuller understanding of contemporary cities from a variety of perspectives: social, physical, political, and economic. The major consists of components A, B, C, and D as listed below. Courses not listed may be selected with special permission of the urban studies program adviser.

#### A. Urban Studies Core

- **URBS 101 Urban Life: Personal and Observational View** (12 cr)
- **URBS 102 Structure of Urban Region** (3 cr)
- **URBS 201 Plans and Policies for Contemporary Urban Community** (3 cr)
- **URBS 310 Methods of Urban Research and Policy Analysis** (3 cr)

#### B. Urban Studies Electives

- Select one from:
  - **URBS 401 Managing Urban Physical Environment** (3 cr)

---

**PREPARATION FOR GRADUATE TRAINING**

A substantial number of majors in urban studies pursue professional graduate study in urban planning, law, social work, public administration, architecture, and related fields. Students should discuss their professional goals with the adviser in their junior year in order to plan their programs accordingly.

**Special Programs**

Urban studies majors may apply to participate in four programs sponsored by Hunter College: the Public Service Scholarship Program, the City University Seminar/Internship Program in New York City Government and Politics, the Blanche Davis Blank Urban Research Scholar Program, and the Liberty Partnership Program. The Public Service Scholarship Program is a competitive program open to 24 juniors/seniors each year. All Hunter students are eligible for this program, which includes an internship in a public or nonprofit agency and two weekly seminars. Participants receive credit and a stipend. For further information, contact the program director.

The City University Seminar/Internship Program in New York City Government and Politics is a program in which Hunter College students may participate. For further information, contact the department.

The Blanche Davis Blank Urban Research Scholar Program provides awards to outstanding undergraduate students to work with professors on research projects. For further information, contact the department.

The Liberty Partnership Program provides college credit for students who work as mentors with low-achieving high school or junior high school students to improve their chances of attending college. For further information, contact the department.

<td>24 from the following components: 1. Urban Studies Core (12 cr) 2. Urban Studies Electives (3 cr) 3. Fieldwork Component (3 cr) 4. Basic Social Science Component (6 cr)</td>
<td>Consult urban studies adviser</td>
<td>Urban studies majors must complete a minor in one or two programs leading to a BA degree and related to the major. Consult urban studies adviser.</td>
</tr>
</tbody>
</table>
MINOR
Urban studies majors must complete a 12-credit minor in one or two programs leading to a BA degree and related to the major. For information concerning appropriate courses in the minor, students should consult with an urban studies adviser.

Minor for Non-Majors
If a student’s major department approves urban studies as a minor, the student should meet with an urban studies adviser to discuss course selections.

COURSE Listings

URBS 401 Managing Urban Physical Environment
GER 3/B
Examination of components of metropolitan land use. Focus on planning and management of physical environment by public and private agencies at local, state, and national levels.
prereq: URBS 201 or perm inst.
3 hrs, 3 cr.

URBS 402 Urban Social and Economic Development
GER 3/B
Detailed review of social and economic concerns confronting urban communities, focusing on major problem areas: poverty, health, crime, economic development, unemployment, and racial discrimination.
prereq: URBS 201 or perm inst.
3 hrs, 3 cr.

URBS 403 Selected Topics in Urban Affairs
GER 3/B
Intensive examination or investigation of specialized topics or new developments in literature and research.
3 hrs, 3 cr.

URBS 498.03 Urban Studies Internship
GER 3/B
Open only to declared urban studies major within 45 credits of graduation. Internship experience in urban-related public or nonprofit agency providing firsthand involvement in urban planning or policy issues, under careful supervision, in professional field setting.
3 hrs, 3 cr.

The following graduate courses are open to senior urban studies majors. Other graduate-level courses may be taken by senior majors with special permission:

URBP 701 History of Planned Urban Development
URBP 702 The Structure of the Urban Region
MAJOR

The Women and Gender Studies Program offers a 24-credit major, which is taken in addition to a traditional minor. The 24 required credits are distributed as follows:

A. 3 credits, WGS 100 Introduction to Women Studies

B. 3 credits, WGS 201 Classics in Feminist Thought

C. 3 credits, Senior Seminar — either WGS 310 Research Seminar: Feminist Theory and Methodology; or WGS 320 Internship Seminar: Feminist Activism and Advocacy. Students may opt to take both the research seminar and the internship seminar or a substitute approved by the program.

The Hunter College Women and Gender Studies Program is an interdisciplinary academic Program that seeks to preserve, expand and share knowledge about women and gender. The Program reexamines the historical record to make visible women's contributions to the world's knowledge and cultures. It aims, through a focus on women's experiences, to open fresh perspectives throughout the curriculum. The Women and Gender Studies Program seeks to create an understanding of the ways in which gender intersects with race, religion, class, ethnicity, ability and sexual orientation to shape all human experience, including the pursuit of learning.

The Women and Gender Studies Program includes a broad community of faculty, affiliated faculty, students, and staff and is administered by a director and a policy committee of elected faculty and student representatives. Most courses in the program are cross-listed in an academic department; these have been developed through the initiative of Women and Gender Studies- affiliated faculty throughout the college.

The Women and Gender Studies Program draws on the commitment and expertise of feminist scholars in more than 15 academic departments for our wide range of course offerings. The Women and Gender Studies major is useful, directly and indirectly, in all fields involving an analysis of society and social interaction. Women and Gender Studies graduates may seek employment in any field, including such areas as health care, counseling, advertising, market research, publishing, teaching, public service, advocacy or administrative work. The major is an appropriate preparation for professional schools and for postgraduate work in Women and Gender Studies or in one of the many disciplines from which the major draws its curriculum.

HEGIS Code: 4903
D. 15 credits from among the elective courses listed below. Majors must take at least one course in each subfield of the discipline (feminism, gender and sexuality, and women in culture and society) and must complete at least one elective course at the 300 level or above.

Independent Study

(WGS 393 or 298) may be applied only once toward the major.

MINOR

Women and Gender Studies majors must select a 12-credit minor to be approved by the Women and Gender Studies Program. It may involve courses from one or two or programs that lead to a BA degree.

Minor for Non-Majors

A minor in Women and Gender Studies consists of 12 credits. It is recommended that students who elect to minor in Women and Gender Studies take WGS 100 and 201 (or another course in the "Feminism" list) plus 6 credits from among the courses listed below.

INTERNSHIPS

Majors may satisfy the Senior Seminar requirement by interning in organizations that relate to the needs or concerns of women, and by simultaneously enrolling in WGS 320 Internship Seminar, where their internship experiences and assigned readings will be discussed. Majors may also take the research seminar at the same time. The internship option is available to minors as well as majors. Interested students should consult with the program director before registering for the Internship seminar.

Students who wish to undertake an independently arranged internship outside of the formal internship seminar may enroll in WGS 298 with the permission of the program director.

RESEARCH SEMINAR

Majors may satisfy the Senior Seminar requirement of the major by enrolling in the Research Seminar (WGS 310), a capstone course in which they will apply feminist theory and methodology to a significant research project resulting in a substantial paper. Students who wish to qualify for honors in Women and Gender Studies must enroll in the research seminar.

HONORS

In order to graduate with honors in Women and Gender Studies, a student must have a 3.5 GPA in the Women and Gender Studies major and a college-wide cumulative index of at least 3.0. Students should submit a 20-30 page paper written for any Women and Gender Studies 300 level class including but not limited to the Research Seminar (WGS 310). The student must submit the paper by March 15 (for June graduation) and October 15 (for December graduation) to be considered for program honors. The papers will be read by a faculty committee to judge whether it merits honors.

COURSE LISTINGS

REQUIRED COURSES

WGS 100 Introduction to Women Studies
GER 2/B PD/C
Traditional definitions of women's nature in myth and symbol, media and popular culture, theories of gender in biology and psychology; women's role in family structures, women's relations to religion, education, health, work and politics. Examples are cross-cultural, contemporary and historical.
3 hrs, 3 cr.

WGS 201W Classics in Feminist Thought
GER 3/A or B PD/C
Study of feminist thought across a variety of historical periods and cultural contexts.
prereq: WGS 100, ENGL 120 or equiv.
3 hrs, 3 cr.

SENIOR SEMINAR

Note: Students may take WGS 310 or 320 to satisfy the Senior Seminar requirement in the major; students may also opt to take both courses. Since both classes are not taught every semester, students are urged to consult the program director in advance to plan their senior seminar.

WGS 310 Research Seminar: Feminist Theory and Methodology
Open to J/Sr only. Study of the theoretical models that feminist scholars create to guide their work and application of feminist methodology to a research project. To graduate with honors in Women's Studies, majors must enroll in this seminar.
prereq: WGS 100, 201, at least one other WGS course at 200-level or higher
3 hrs, 3 cr.
Please note: This class is taught only in the Spring semester.

WGS 320 Internship Seminar: Feminist Activism and Advocacy
Open to J/Sr only. Practical experience in one of a variety of agencies and organizations related to the needs or concerns of women. Weekly seminar devoted to discussion of feminist activism and advocacy.
prereqs: WGS 100 and 201 and at least one other WGS course at the 200 level or higher.
7-10 hrs, 3-4 cr.
Please Note: This class is taught only in the Fall semester.

ELECTIVE COURSES

Majors must take at least one course in each of the subfields listed below: feminism, gender and sexuality, and women in culture and society. At least one elective must be at the 300 level.
Independent study (WGS 298 or 393) may be applied only once toward the major. The lists of courses are not exhaustive, since new courses are often added to the curriculum. Consult the Schedule of Classes.

SPECIAL TOPICS COURSES

WGS 200/300/400 Special Topics in Women and Gender Studies
Interdisciplinary courses with the 200, 300, 400 prefix such as: Lesbian Texts; Contemporary African Women Writers; African Women: Development and Politics and others, Body Politics; Sexuality and Reproduction; Language, Sex, and Gender; Women in Higher Education; Asian-American Women: Globalizing Women; and Gender and Development. These courses can be used towards fulfilling the rest of the major or minor once required core courses are taken. Check with programs for current offerings. Depending on topic, course may satisfy a GER category.
3 hrs, 3 cr.

I. Feminism

WGS 209W/PLSC 209W Women and Gender in Western Political Thought
GER 3/B PD/C or D
The history of political thought from the perspective of gender relations and the treatment of women.
prereq: ENGL 120 or equiv.
3 hrs, 3 cr.

WGS 230W/PHIL 230W Feminism: Philosophical Theory and Practice
GER 3/A PD/C
Analysis of feminist theories and their practical implications.
prereq: ENGL 120 and one course in philosophy
3 hrs, 3 cr

WGS 309W/PLSC 309W Feminist Political Theory
GER 3/B PD/C
Readings in feminist ideas, both historical and contemporary, on issues of power, justice and equality. The course will emphasize different perspectives, including those of liberal, radical, postmodernist, women of color, third world and "global" feminisms.
prereq: ENGL 120
3 hrs, 3 cr

WGS 360/SOC 360 Feminist Social Theory
GER 3/B PD/C
An introduction to feminist theory developed by women from Western, Third World and other countries.
prereq: SOC 101 or perm instr.
3 hrs, 3 cr

Additional Cross-Listed and Cognate Courses in Feminism:

PHIL 216/WGS 216 Women Philosophers of the Past
GER 3/A PD/C
Study of the writings and ideas of selected women philosophers who lived before the contemporary feminist movement.
prereq: ENGL 120, one course in philosophy
3 hrs, 3 cr
II. Gender and Sexuality

WGS 170/PSYC 170 Psychology of Human Sexuality
GER 2/B PD/C
Psychological foundations, sexual development and response patterns; male and female roles; individual and social attitudes, legal issues.
prereq: PSYC 100
3 hrs, 3 cr.

WGS 190/PSYC 190 Development of Gender Roles
GER 2/B PD/C
Social, cognitive, hormonal and personality factors in development of gender roles; determinants of behavioral and cognitive gender differences.
3 hrs, 3 cr.

WGS 257/SOC 257 Sex and Gender Roles
GER 3/B PD/C
Sex role differentiation: femininity, masculinity, marriage, child rearing.
prereq: SOC 101 or perm instr.
3 hrs, 3 cr.

WGS 266 Politics of Queer Sexuality
GER 3/B PD/C
Examination of recent contemporary queer theory and politics in the United States, with particular attention paid to its intersections with feminism, critical race theory, class analysis and religion. Course time will also be dedicated to learning to write effectively about political theory.
prereq: WGS 100
3 hrs, 3 cr.

WGS 301/AN-C 301 Gender in Anthropological Perspective
GER 3/B PD/C
Men and women in different societies, division of labor, socialization, stratification, political activism and gender construction.
prereq: ANTHC 101 or perm instr.
3 hrs, 3 cr.

WGS 219W/PLSC 219W Women and the Law
GER 3/B PD/C
Overview of how local, state and federal laws treat people on basis of sex.
prereq: ENGL 120
3 hrs, 3 cr.

WGS 221 Women in the Islamic World
GER 3/B PD/C
Overview of the role of gender in Islam.
3 hrs, 3 cr.

WGS 222.52/FILM 222.52 Topics in Genre Studies: The Woman’s Film of the 1940s
GER 3/A PD/C
Discussion of the “woman’s film,” an umbrella term for a series of genres (melodrama, gothic film, comedies) in which the woman is the main protagonist as well as the intended spectator. Depending on topic, will satisfy a GER category.
prereq: FILM 101
4 hrs, 3 cr.

WGS 223/SOC 201 The Family
GER 3/B PD/C
Family functions and interaction. Factors affecting stability and instability.
prereq: SOC 101
3 hrs, 3 cr.

WGS 235W/PSYC 235W The Psychology of Women
GER 3/B PD/C
Psychological functioning of women; sexuality, pregnancy, social roles and status, aging, achievement, life styles, power.
prereq: 6 cr. in PSYC courses
3 hrs, 3 cr.

WGS 239W/SOC 239W Child Welfare
GER 3/B
Historical and contemporary perspectives on the impact of poverty on children and the social policies that deal with it.
prereq: ENGL 120, SOC 101
3 hrs, 3 cr.

WGS 250W/MU-H 250W Women and Music
GER 3/A PD/C
An ethnomusicological study of women and music in cross-cultural perspective.
prereq: ENGL 120 and one of the following: MU-H 101, 107, 205, MU-T 101, WGS 100 or perm instr.
3 hrs, 3 cr.

WGS 251/HED 201 Women and Health
PD/C
An exploration of health issues affecting women, particularly as these issues relate to the socialization of women, reproductive and sexual health, and medical practices.
3 hrs, 3 cr.

WGS 258W/ENGL 258W Topics in Literature by Women
GER 3/A PD/C
Selected works by women written in English will be studied with an emphasis on the diversity of women’s lives and the effect of gender on experience. May be repeated once for credit with a different topic.
prereq: ENGL 220
3 hrs, 3 cr.

III. Women in Culture and Society

WGS 156/PLSC 156 Culture of Imperial Russia: The Age of Empresses
GER 2/C PD/C
Major cultural movements of the Empire — baroque, classicism, romanticism — and their effect on the cultural fabric of Russia from Regent Sophia through the reign of Peter to Catherine the Great.
prereq: ENGL 120
3 hrs, 3 cr.

WGS 206 Gender & Immigration
GER 3/B PD/B
A study of the historical and contemporary aspects of United States immigration patterns and policy with a particular focus on gender and race.
prereq: WGS 100 and ENGL 120
3 hrs, 3 cr.

WGS 211 Women in the 3rd World
3 hrs, 3 cr.

Study of the historical, political, social, and economic status of women in the developing world.
WGS 262W/PLSC 280W Women, War and Peace
GER 3/B PD/C
Roles that women have played as subjects and objects in war and peace.
prereq: ENGL 120
3 hrs, 3 cr.

WGS 269W/SPAN 269W Spanish American Women's Literature and Cinema
GER 3/A PD/A or C
Conducted in English. An interdisciplinary approach to contemporary women's literature and cinema from Spanish America focusing on gender issues.
prereq: ENGL 120
3 hrs, 3 cr.

WGS 305W/CLA 305W Women and Slaves in Classical Antiquity
GER 3/A PD/C or D
Women and slaves in Greek and Roman society and origins of Western attitudes about sex and class.
prereq: ENGL 120
3 hrs, 3 cr.

WGS 315W/SOC 315W Work and Society
GER 3/B
Work in market economies, mechanisms of control and sources of stratification, gender and ethnic factors, role of education and trade unions.
prereq: SOC 101
3 hrs, 3 cr.

WGS 318W/AFLP 318W Women in Africa
GER 3/B PD/A or C
Examination of African womanhood in traditional setting during colonialism and neo-colonialism, independence and revolution.
prereq: AFPL 202 or AFPL 222 or perm instr.
3 hrs, 3 cr.

WGS 319W/ENGL 319W Advanced Topics in Literature by Women
GER 3/A PD/C
Selected works by women in relation to a special theme, technique, genre, theoretical issue or cultural consideration. May be repeated once for credit with a different topic.
prereq: ENGL 220
3 hrs, 3 cr.

WGS 321/AN-C 321 Women and Globalization
GER 3/B
The situation of women from less developed countries with attention to the local and global forces shaping their lives. Topics include migration, the international division of labor, and worldwide adoption. Includes both theoretical approaches and practical issues related to improving women's place in society.
prereq: ANTHC 101 or perm instr.
3 hrs, 3 cr.

WGS 329W/AFLP 319W Women in the African Diaspora
GER 3/B PD/B or C
The cultural-historical role of women of African descent in North America and the Caribbean in relation to the family, to political resistance, and in sustaining African culture and identity.
prereq: AFLP 204, 205 or 210 or perm instr.
3 hrs, 3 cr.

WGS 336W/AFLP 336W African-American Women Writers
GER 3/A PD/B or C
African-American female authors from slavery to present: novels, short stories, essays, plays, poetry, and children's books.
prereq: AFLP 236 or perm instr.
3 hrs, 3 cr.

WGS 337W/AFLP 337W Caribbean Women Writers
GER 3/A
A study of some of the major preoccupations of Caribbean fiction, such as history, migration/travel, creolization, memory and language, from the perspectives of selected women writers, paying close attention to the historical, intellectual and cultural contexts that stimulated the production of these works.
prereq: AFLP 236 or 257 or ENGL 220 or WGS 100
3 hrs, 3 cr.

WGS 345/ECON 345 Women and Men in the Labor Market
GER 3/B PD/C
Demand for labor, determination of wages and allocation of time between paid and unpaid activities, "human capital" investments, labor market policy issues.
prereq: ECON 200
3 hrs, 3 cr.

WGS 351/NURS 351 Gender, Science, and Technology
PD/C
Explores the complex relationship among gender, science, and technology.
prereq: ENGL 120, at least one science course at the 100 level
3 hrs, 3 cr.

WGS 361/RUS 360 Russian Women Writers
GER 3/A PD/C
prereq: RUSS 202 or equiv.
3 hrs, 3 cr.

WGS 384W/MED 384W Women and Media
GER 3/B PD/C
Examination, from historical and formal perspective, of ways in which women have been represented by mass media in America since mid-19th century. Exploration of how feminists for 100 years have challenged these images and posed alternative modes of cultural representation and production.
prereq: MED 180
3 hrs, 3 cr.
DEPARTMENT OF CURRICULUM AND TEACHING:
1023 Hunter West; (212) 772-4686
Chair: Anne Ediger
Professors: Ediger, Gyles, Mercado, Milgrim, Niman, Patti, Picciano, Romero, Splitter
Associate Professors: Brainin, DeGaetano, DeMeco, Epstein, Gardella, Gonzales, Hs, Knoll, Lefharites, Palandra, Tahanty
Assistant Professors: Bryce, Carlson, Castillo, Ebe, Eidites, Dubow, Jensen, Jewkes, Lee, Matthews, McCormick, Ottaviani, Tong, Toth, Tuten, Weller

DEPARTMENT OF EDUCATIONAL FOUNDATIONS AND COUNSELING PROGRAMS:
1016 Hunter West; (212) 772-4710
Chair: Graves
Professors: Graves, Kopala, O’Neill, Steiner
Associate Professors: Buckley, Cardoso, Chen, Hambrick-Dixon, Haritos, Kelly, Kinser, LeBlanc, Weller
Assistant Professors: Bonner, Brown
Lecturers: Evans, Rose

DEPARTMENT OF SPECIAL EDUCATION:
909 Hunter West; (212) 772-4701
Chair: Katherine Garnett
Professors: Cohen, Garnett, McIntyre, Silberman
Associate Professors: Connor, Hines, Lappin, Matthews, Trif
Assistant Professors: Gale, Lackeyo

New Course Prefixes
Some course prefixes have changed, effective fall 2006. New prefixes are used in the course descriptions below.
Old: .................................................. OSTAB, DANED, ANTHC, ARTCR
New: .................................................. GSTD, DNEH, AN-C, ARTC

PROGRAMS IN EDUCATION
All students who take the education sequence at Hunter must major in a liberal arts or sciences subject. In other words, students who take any program in education do so in addition to fulfilling both the general education requirement and the requirements for a liberal arts or sciences major.

A student who completes an undergraduate childhood education program approved by the New York State Education Department fulfills the academic requirements for New York State Initial Certification. (See section below on New York State certification for more information.)

THE OFFICE OF EDUCATIONAL SERVICES
This office provides support services to students enrolled in classes offered by the three teacher education departments of the School of Education. The areas of services provided include: coordination of admissions, advisement and registration; teacher certification; and various other student services such as permits, course equivalencies and leaves of absence. The Office of Educational Services maintains regular office hours throughout the academic year (September 1-May 31), staying open until 6 pm Monday through Thursday to provide advisement for working and evening session students. Hours may vary during registration periods, during the summer months and when classes are not in session. Office hours are posted outside Room 1000 Hunter West. Student teaching and field placement applications and information are also available in Room 1000 Hunter West.
NEW YORK STATE CERTIFICATION

The undergraduate sequences in education described below have been approved by the New York State Education Department to lead to initial certification for teaching in New York State. To earn this certification, the student must successfully complete the approved program of study, obtain the BA or BA/MA degree, submit fingerprints for clearance and pass the required New York State Teacher Certification Examinations (NYSTCE) including the LAST, ATS-W and CST. The Office of Educational Services processes the certification applications of students who complete an approved program and bachelor’s degree. The initial certification permits the holder to teach for five years. At the end of that time and three years of full-time teaching in the certificate title, the individual will be able to obtain professional certification. New York State certification is reciprocally accepted by many other states upon application. Students with questions about certification should contact the Office of Educational Services. For more information regarding New York State Certification go to http://highered.nysed.gov/tcert.

ADMISSION TO TEACHER EDUCATION PROGRAMS

Undergraduate teacher education programs require a cumulative GPA of 2.8. Students are advised to submit their completed application for admission in April for the fall semester and November for the spring semester. Applicants must attach a student copy of transcripts of previous college study to their application. Applicants must demonstrate satisfactory performance in a group interview and an on-site writing sample. No courses with credit/non-credit grades are accepted.

Nondegree and Second-Degree Students

The School of Education is not currently accepting nondegree or second-degree students.

Honors in Education

Students become eligible for honors in education at graduation by successfully completing EDUC 490 for QUEST and Adolescent Education and DAN 490 for dance education (Honors in Educational Research). Students must have a GPA of 3.5 in education courses and a cumulative GPA of 2.8. They must be taking a full education sequence including student teaching.

Kappa Delta Pi Students become eligible for membership in the Iota Alpha Chapter of Kappa Delta Pi, the national honor society for education, when they meet the following criteria: 3.2 GPA, with an education index of 3.5 after 12 credits, 3.7 after 11 credits, or 4.0 after 9 credits in education. Applications are available in Room 1000 Hunter West.

HUNTER COLLEGE CAMPUS SCHOOLS

The Campus Schools are located at Park Avenue and 94th Street in Manhattan. They serve as a laboratory for observation, demonstration, research, curriculum design and other projects involving their students, all of whom score in the range of the gifted on intelligence and achievement tests. Students are admitted to the publicly supported schools on the basis of competitive testing. Efforts continue to identify gifted children from diverse backgrounds who meet the schools’ rigorous standards for admission to kindergarten and grade 7 (the two levels at which students are admitted).

Hunter College Elementary School

Children must be five years of age to attend the kindergarten. Only Manhattan residents are eligible to apply. The age of an applicant is calculated according to the academic year. While some students continue on to the high school from the elementary school, high-achieving students from the five boroughs are invited to take a competitive examination in order to enter Hunter High School at the 7th grade.

Hunter College High School

The Hunter College High School is a 6-year junior-senior high school. The academic program stresses both acceleration and enrichment and provides students with a classical education. Research focuses on the development of curriculum, teaching strategies and other educational practices that maintain and advance a "state of the art" approach to the education of intellectually gifted students.

Manhattan/Hunter College Science High School

The Manhattan/Hunter Science High School provided instruction for grades 9 & 10 in the fall of 2004 and added grades 11 and 12 in 2005 and 2006. This science high school is grounded in the belief that individuals are better prepared to face life’s challenges when given the proper tools. Science offers the lens through which we may see, explore and meet the future. The New York City Department of Education and Hunter College have joined to create a school that provides an enriched, comprehensive college preparatory curriculum with a focus on science and the integration of science and the scientific method into all subject areas.
Required Coursework in Liberal Arts and Sciences

Teachers in elementary schools are required to teach all subject areas in the curriculum and thus need a broad liberal arts background in addition to specialized knowledge of teaching. Therefore, students will be required to complete the following liberal arts and sciences courses, or their equivalent (most of these courses can be taken within the college’s General Education Requirement):

ENGL 120
ENGL 220
GEOG 101
HIST 151 and 152
MATH 104 and 105
Two semesters of science, at least one of which is a laboratory science,*
6 credits in the arts (courses in ARTC, ARTH, FLM, MU-H, THEA),**
At least 6 credits in the study of a language other than English
(The Hunter College Ger/foreign language requirement is 12 credits or the equivalent.)

Two additional courses that are required for students in the childhood education program are
CSCI 115 Computer Technology in Childhood Education (2 credits) and
HED 314 Health Education for the Classroom Teacher (3 credits).

*Note: Computer Science does not count as a science course in meeting this requirement.

**Note: Courses in FLMP, MED, MEDP do not meet the arts requirements.

Admissions Requirements

Six-semester sequence for students entering Hunter College as freshmen

1. 30 credits in liberal arts and science***
2. Minimum GPA of 2.8
3. Prerequisite for MATH 104: either a score high enough on the CUNY COMPASS to be placed in MATH 104 or completion of MATH 101
4. ENGL 120 (or a 200- or 300-level writing course), with a grade of B or better
5. Declaration of an appropriate liberal arts and science major: biology, chemistry, English, English language arts, geography, history, social studies (an option within the geography major), or mathematics

Four-semester sequence for transfer students and other Hunter College students who apply after completing 40 credits

1. Transfer students may enter the program with 40 to 72 credits. (Students with more than 72 credits should complete their liberal arts and sciences major and apply to the master’s degree program in childhood education.)
2. Transfer students with 60 or more credits, a GPA of 3.3 or better and a grade of B or better in ENGL 120 do not have to present Hunter College grades. Transfer students with GPAs between 2.75 and 3.29 will have to complete 12 credits of coursework at Hunter College with a GPA of at least 2.8 before a final decision will be made on their application to QUEST.
3. Transfer students must meet all other requirements listed above for admission as well as the progress standards that follow.

***Students may apply to QUEST if the total of their completed credits plus credits in which they are currently enrolled is at least 30 credits.

Progress Standards

Students must receive grades of C or better in QUEST courses that do not include fieldwork and grades of B or better in QUEST fieldwork courses. All QUEST courses are repeatable once by students who have received a grade of C-, D+ or D in a non-fieldwork course or a grade below B in a fieldwork course. Students must officially reregister for these courses. Students who receive an F in any course or a D+ or D in fieldwork may not continue in the program. Students must also maintain a GPA of at least 2.8 throughout the QUEST program.

In order to register for QSTA 406 Teaching and Learning Mathematics in the Elementary School, students must have completed MATH 104 and MATH 105. Transfer students may be allowed to enroll in QSTA 406 after completing MATH 104 and registering for MATH 105 if their progress through the QUEST program would be delayed by the requirement for MATH 105 as a prerequisite.

In order to register for QSTA 414 Teaching Science in Elementary Schools, students must have completed two courses in science, at least one of which must be a laboratory science.

In order to register for QSTA 412 Teaching Social Studies through Literature, the Arts and Technology in Elementary Schools, students must have completed HIST 151 and 152, or one of these courses plus GEOG 101.

Students should register to take the Liberal Arts and Sciences Test (LAST) of the New York State Teacher Certification Examinations during their junior year. Students will not be allowed to enroll in Student Teaching (QSTA 415) until their scores on the LAST have been received by the QUEST coordinator. Students who do not pass the LAST due in part to low scores on subtest 4 and/or 5 must enroll in a college writing course before being allowed to register for any additional courses.

Creating Community
Teacher candidates will learn to create humane and ethical learning communities in their classrooms and schools in which all students receive the support they need to achieve academically. They will learn to communicate effectively with parents, families, community members and other members of the school faculty and staff in order to provide this support.

PROGRAM OVERVIEW
The Hunter College School of Education offers the following undergraduate programs leading to initial certification in adolescent education (grades 7-12): biology, chemistry, Chinese, English, French, German, Hebrew, Italian, mathematics, physics, Russian, social studies and Spanish. Hunter also offers an undergraduate program leading to initial certification in dance (pre-K-12). In addition, BA/MA programs in biology, mathematics, chemistry and music are offered. These programs lead to initial and professional certification.

The program of study for the baccalaureate degree at Hunter College requires a minimum of 120 credits. This is a daytime program that includes fieldwork in New York City public schools designated by the Hunter College School of Education. Students who wish to pursue initial certification in one of the above areas must take a specified sequence of education courses, in addition to fulfilling the college’s General Education Requirement (GER) and the requirements of their liberal arts or sciences major. All relevant departments accept the adolescent education sequence as a minor.

Required Coursework in Liberal Arts and Sciences
In addition to completing a major of at least 30 credits in the area of the teaching certificate to be pursued, applicants must complete a general education core that includes the specific course requirements listed below, which can be fulfilled as part of the college’s core requirement, graduation requirements, and the major:

1. ENGL 120 English Composition;
2. ENGL 220 Introduction to Literature;
3. Two courses selected from: HIST 151 The U.S. from the Colonial Era to the Civil War; HIST 152 The U.S. from the Civil War to the Present; and GEOG 101 People and Their Environment;
4. 12 credits in math, science or technology, to include one laboratory science course and either STAT 213 (for science and math majors) or STAT 113 (for students with other majors);
5. 12 credits of study in a language other than English (or exemption by the college on the basis of equivalency);
6. 6 credits in the arts (does not include courses in FLMP, MDP and MED); and
7. A course that includes a focus on communication, which may be met through a variety of disciplines. (Generally met with courses in THEA, MDP and the linguistics area of anthropology, including but not limited to APFL 181, AN-C 151/250/263/351/354, MDP 239/240/288/292/293/294/395)

ADMISSION REQUIREMENTS
Students who wish to enter the adolescent education sequence must meet all the criteria given below.

1. Minimum of 65 credits but no more than 90 credits;
2. GPA of at least 2.8. If a student has more than 6 credits of CR/NR grades, the excess of these grades will be calculated as C or F in determining whether the student meets the minimum GPA;
3. A grade of at least B in ENGL 120 (or a 200- or 300-level writing course such as ENGL 201);
4. Formal declaration of a major in a subject area appropriate for certification: English, Languages Other than English (Chinese, French, German, Hebrew, Italian, Russian, Spanish), Mathematics, Biology, Chemistry, Physics, Social Studies (Geography Option 2), Dance; and

**See the Graduate Catalog for these graduate course descriptions**

5. Submission of an application for admission to the sequence (the application is available in the Office of Educational Services, Room 1000 Hunter West).

### Transfer Students

The program will conditionally admit transfer students with 60 or more credits who have a GPA of at least 3.3 without requiring that they complete 12 credits at Hunter College. However, they must establish a minimum GPA of 2.8 at Hunter College to continue in the program after the first semester. Any transfer student who has a GPA of 2.8-3.29 must complete 12 credits at Hunter College with a cumulative GPA of at least 2.8 before being admitted to the program in adolescent education.

### Admission Process

1. Students interested in applying to the Adolescent Education program should apply at the beginning of the semester prior to the semester in which they plan to enroll.

2. Students must participate in a group interview with several other students and School of Education faculty members.

3. Students must complete an on-site writing sample that the School of Education faculty will use to assess written English skills.

### Progress Standards

1. Students must maintain a minimum overall GPA of 2.8 and an education sequence index of 2.8.

2. Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reenroll in that course, which may be repeated only once.

3. Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.

4. Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.

5. Any student who has more than two grades of IN will be permitted to register for only one course the following semester.

Students will be permitted to register for the second methods course in their subject area only after having met the following requirements:

1. Completion of 18 credits of study in the major subject area.

2. Approval of the major department adviser.

3. Maintenance of an overall GPA of 2.8 and an education sequence index of 2.8.

Students should register to take the Liberal Arts and Sciences Test (LAST) of the New York State Teacher Certification Examinations during their junior year. Students will not be allowed to enroll in student teaching until their scores on the LAST have been received by the School of Education. Students who do not pass the LAST at least partly because of low scores on subtest 4 and/or 5 must enroll in a college writing course before being allowed to register for any additional courses.
Liberal Arts and Sciences Major Requirements for Adolescent Education (BA and BA/MA) and Dance Education (BA)

Note: See the major department sections of the catalog for specific course requirements in these areas.

English (7-12) 30-credit major in English for adolescent education.

Languages Other than English (7-12) 33-credit major in one of the following languages: Chinese, French, German, Hebrew, Italian, Russian, Spanish.

Mathematics (7-12) 30-credit major in mathematics + one year of calculus (MATH 150 and 155, or the equivalent).

Science (7-12)

Biology 37-credit major in biology + 33.5 - 36.5 credits in additional science and math courses.

Chemistry 33- or 35-credit major in chemistry.

Physics 30-credit major in physics.

Social Studies (7-12) 33-credit major in geography plus 9 credits of specified course work in history and geography as prerequisites; or (pending CUNY and NYS Education Department approval) a 30-credit major in history, including a course in geography, plus a course with a focus on political science and a course with a focus on economics.

Dance (Pre-K-12) 34-credit major in dance

BA/MA Chemistry (7-12) minimum of 134 credits to include chemistry major (minimum of 24 credits) and associated auxiliary courses (30.5 credits) at the undergraduate level; 14 graduate credits in chemistry.

BA/MA Mathematics (7-12) minimum of 141 credits to include 46 credits in mathematics including a year of calculus (MATH 190 and 195 or equivalent), MATH 250, 260, 311 (or the equivalent), 620, 628 or 634, 630, 661, STAT 213 and STAT 214 (or the equivalent), plus 9 additional credits, at the 250 level, selected with the approval of the departmental mathematics education advisor.

BA/MA Music (Pre-K-12) minimum of 140 credits to include 42-credit music major equivalent to the undergraduate music major plus 22 graduate credits for a total of 64 credits in music.

Fieldwork and Student Teaching

Field experiences and student teaching will take place in sites approved by the Hunter College School of Education.

1. Any student who receives a grade of B-, C+, C, or D in student teaching must officially register for and repeat that experience. Students will be permitted to repeat student teaching only once.

2. Any student who receives a grade of P in student teaching will not be permitted to continue in the program.

3. Students must submit an application during the semester before they plan to student teach.

COURSE LISTINGS

CSCI 115 Computer Technology in Childhood Education
See Computer Science Department course listings. 3 hrs, 2 cr.

DNED 302 Theory and Practice of Teaching Dance Grades Pre-K-12
Methods of teaching dance to students with diverse backgrounds and abilities in diverse learning environments; the organization of instruction and classroom management strategies; technological resources; community and family resources. 2 cr.

EDUC 490 Honors Course in Educational Research
Individual research in education. Admission by permission of the chairperson. 2 cr.

HED 201 Women and Health
PD/C
An exploration of health issues affecting women, particularly as these issues relate to the socialization of women, reproductive and sexual health, and medical practices. 3 hrs, 3 cr.

HED 305 Sex Education
An overview of human sexuality through affective processes with an emphasis on social and cultural influences, and the role of family and school in sexuality education. 3 hrs, 3 cr.

HED 306 Drugs and Drug Dependencies
The nature of addiction and dependency. The course focuses on social learning theory and the role of family, school, and community in drug prevention education. 3 hrs, 3 cr.

HED 314 Health Education for the Classroom Teacher
The preparation of the elementary educator to assist children in grades 1-6 in making decisions for optimum health and wellness, including nutrition education and fitness; mental/emotional health and conflict resolution; drug education; stress management; safety education including fire safety; family living/sex education including HIV/AIDS education and orientation issues; personal safety and the role of the classroom teacher as a mandated reporter of child abuse and neglect; environmental health; and violence prevention. 3 hrs, 3 cr.

HED 480 Independent Study in Health Education
An exploration in an area of special interest with faculty guidance. Topic to be approved by advisor. 30-45 hrs, 1-3 cr.

EDUCATION COURSES

Note: QSTA is a designation for courses offered by the Department of Curriculum and Teaching; QSTB is a designation for courses offered by the Department of Educational Foundations; QSTF is a designation for fieldwork attached to two courses.

QSTA 400 The Art of Effective Teaching
This course is designed to orient elementary school teacher candidates to the world of urban education and their roles as quality educators. An introduction to the basic pedagogical practices of teaching, the connection between theory and practice as it relates to the role of teachers, instructional methods for teaching diverse student populations, effective classroom management practices, organizational strategies, motivation techniques and methods of assessment. 3 hrs, 3 cr.

QSTA 401 Developmental Reading
Theoretical and practical aspects of literacy with particular emphasis on teaching literacy to diverse populations. In addition, the role of family and community involvement and the use of technology for literacy development will be stressed. 3 hrs, 3 cr.

QSTA 406 Mathematics Teaching and Learning in Elementary School
Modern methods for teaching mathematics through understanding in the elementary grades. 2 cr.

QSTA 407 The Arts: An Interdisciplinary Learning Experience
Offered in collaboration with Lincoln Center Institute, this course is designed to introduce teachers to the role of arts in learning across the curriculum. Teacher candidates will experience the creative process through hands-on study of works of art (visual arts, music, theatre, and dance) to enhance the aesthetic sensibilities of students in grades 1-6. 1 cr.
QSTA 412 Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools
Teaching social studies through literature, the arts, and technology in grades 1-6. Literature selections will include original documents, essays, historical fiction, novels, diaries, journals, poetry, drama, and folktales. Instructional strategies will include interdisciplinary curriculum and differentiated learning, teaching, and assessment strategies for English language learners and students with disabilities. Diverse activities will include utilizing the community, particularly museums, as a laboratory for student learning.

Prereq: QSTA 401, QSTB 202, QSTF 300
Coreq: QSTA 410, QSTF 301
2 hrs, 2 cr.

QSTA 414 Teaching Science in Elementary Schools
This course is inquiry-based or process-oriented. Focuses on the doing part of science more than the facts part of science. Includes analysis of local, state and national science standards, working with students from culturally diverse backgrounds, using multimedia technology effectively, and working with parents and the community. Students will be observed in science teaching activities during their corequisite student teaching in science.

Prereq: QSTA 406, 410, 412, QSTA 301
Coreq: QSTA 415
2 hrs, 2 cr.

QSTA 415 Student Teaching
Supervised student teaching experience in an elementary school setting at one grade level from grades 1-6. Requirements include four full days per week of student teaching for a minimum of 50 days, 20 hours of seminars/conferences, and attendance at professional development workshops.

Prereq: QSTA 406, 407, QSTB 413, QSTF 302, HED 314
Coreq: QSTA 414
2 hrs per week of seminar plus student teaching.

QSTF 300 Fieldwork I: Fieldwork for Child Development and Developmental Reading
Supervised experiences in classroom applications of QSTA 401: Developmental Reading and QSTB 202: Child Growth and Development. Students will complete 6 hrs per week of fieldwork for a minimum of 75 contact hrs per semester. Students will develop guided observation skills, acquire practical knowledge of the design and management of instruction and the classroom environment, and work effectively with individual students and small work groups. Students receiving a grade of C in fieldwork must apply to the chairperson for permission to reregister for the course. Fieldwork may be repeated only once.

Prereq: QSTA 400, CSCI 115
Coreq: QSTA 401, QSTB 202
75 hrs, 1 cr.

QSTF 301 Fieldwork II: Fieldwork for Literacy Across the Content Areas and Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools
Supervised experiences in classroom applications of QSTA 410: Literacy Across the Content Areas and QSTA 412: Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools. Students will complete 6 hrs of fieldwork per week for a minimum of 75 contact hrs per semester. Students will develop the ability to apply theoretical concepts and deliver instruction to individuals and small groups of children. Students will design or adapt curriculum that meet the needs of diverse learners, including children with special needs and English language learners.

Prereq: QSTA 403, QSTA 412, QSTA 300
Coreq: QSTA 410, 412
75 hrs, 1 cr.

QSTF 302 Fieldwork III: Fieldwork for Mathematics Teaching and Learning in Elementary School and Psychology of Teaching and Learning
Supervised experiences in classroom applications of QSTA 406: Mathematics Teaching and Learning in Elementary School and QSTA 413: Psychology of Teaching and Learning. Students will complete 6 hrs of fieldwork per week for a semester minimum of 75 contact hrs to demonstrate the ability to apply knowledge acquired in the Mathematics Teaching and Learning in Elementary School and Psychology of Teaching and Learning courses to effectively deliver instruction in the content areas to individual children, small work groups, and large groups of children.

Prereq: QSTA 410, 412, QSTF 301
Coreq: QSTA 406, QSTA 413
75 hrs, 1 cr.

QSTB 202 Child Growth and Development
The biological, cognitive, emotional, linguistic, moral, physical and social aspects of development will be addressed with respect to their role in children's experiences in school. The critical application of developmental theories and research to diverse populations will be emphasized. Contextual influences on children's development, including family, peers, and the media will be included.

Prereq: CSCI 115, QSTA 400
Coreq: QSTA 401, QSTB 202, QSTF 300
2 hrs, 2 cr.

QSTB 403 Social Foundations of Urban Education
Contemporary issues and themes in the social foundations of childhood education viewed from an interdisciplinary perspective. Special emphasis on the role of family and community in the educational process.

Prereq: QSTA 401, QSTA 202, QSTF 300
3 hrs, 3 cr.

QSTF 413 Psychology of Teaching and Learning
The critical application of psychological theories and principles to classroom instruction, including learning styles; instructional models; effective teaching; motivation; student diversity; students with special needs; classroom management; and formal and informal assessment.

Prereq: QSTA 410, 412, QSTF 301
Coreq: QSTA 405, QSTF 302
2 hrs, 2 cr.

SEDC 210 Building the Foundations of Literacy in Grades 7-12
Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.

Prereq: SEDF 203, 204
3 hrs, 3 cr.

SEDC 211 Young Adult Literature in Our Diverse Society
Familiarizes prospective teachers with a wide variety of literature for and about young adults. Books discussed and dramatized during each session reflect diverse cultures, varying learning styles, and special needs of young adults. The English language arts standards are addressed as delineated in city and state regulations. Literacy and comprehension skills are explored as well.

Prereq: SEDF 203, 204
3 hrs, 3 cr.

SEDC 212 Methods I: Foundations of Literacy, Language and Learning in the Foreign/Heritage Language Classroom, Grades 7-12
The nature of language, and language acquisition/learning, and the inherent implications for teaching a foreign/heritage language at the secondary level. The foreign language standards and the English language arts standards are reviewed as they impact on curriculum design for foreign/heritage language learners.

Prereq: SEDF 203, 204
3 hrs, 3 cr.

SEDC 213 Methods II: Classroom Organization, Management and Instruction in Mathematics and Science, Grades 7-12
Candidates will identify the impact of various classroom organization patterns, rules and routines. Candidates will be able to design, implement and evaluate lessons in the context of state and city standards for learning in grades 7-12.

Prereq: SEDF 203, 204
3 hrs, 3 cr.

SEDC 215 Methods I: Classroom Organization, Management and Instruction in Social Studies, Grades 7-12
Rationales and methodologies for teaching social studies based on current theories of the nature of students, the social sciences and secondary schooling.

Prereq: SEDF 203, 204
3 hrs, 3 cr.

SEDC 220 Adolescent Health and Safety
Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

Prereq: SEDF 203, 204
1 hr, 1 cr.
SED 321 Teaching English Methods to a Diverse Population in Grades 7-12
Methodology that facilitates the learning of English language arts for a diverse population in secondary schools. Teacher candidates will engage in ways of teaching adolescents the skills of reading, responding to literature, writing (creative and expository), listening, speaking, and applying grammar conventions. They will write lesson and unit plans and experiment with classroom management and assessment techniques as they present lessons to the class for peer and instructor critiques. State and city teaching standards will be applied throughout the course.

prereq: SEDC 211
prereq or coreq: SEDF 205, SEDC 210
2 hrs per week plus 36 hrs fieldwork, 2 cr.

SED 322 Methods II: Instructional Planning for Literacy, Language, and Learning in the Foreign/Heritage Language Classroom, Grades 7-12
Standards that impact on the teaching of foreign/heritage languages at the secondary level. Emphasis is placed on strategies, methods, and materials used in planning instruction around the standards. Classroom observations will serve as a catalyst for discussion.

prereq: SEDC 212
prereq or coreq: SEDF 205, SEDC 210
2 hrs per week plus 36 hrs fieldwork, 2 cr.

SED 323 Methods II: Teaching Diverse Learners in Mathematics, Grades 7-12
Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in mathematics. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

prereq: SEDC 213
prereq or coreq: SEDF 205, SEDC 210
2 hrs per week plus 36 hrs fieldwork, 2 cr.

SED 324 Methods II: Teaching Diverse Learners Science, Grades 7-12
Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in science. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

prereq: SEDC 213
prereq or coreq: SEDF 205, SEDC 210
2 hrs per week plus 36 hrs fieldwork, 2 cr.

SED 325 Methods II: Teaching Diverse Learners in Social Studies, Grades 7-12
Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in the social studies. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

prereq: SEDC 215
prereq or coreq: SEDF 205, SEDC 210
2 hrs per week plus 36 hrs fieldwork, 2 cr.

SED 451 Student Teaching in English, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified English teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 211
prereq or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SED 452 Student Teaching in Chinese, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Chinese teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 211
prereq or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SED 452.10 Student Teaching in French, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified French teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 211
prereq or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SED 452.20 Student Teaching in Spanish, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Spanish teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 211
prereq or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SED 452.30 Student Teaching in German, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified German teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 211
prereq or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SED 452.50 Student Teaching in Hebrew, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Hebrew teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 211
prereq or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SED 452.60 Student Teaching in Italian, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Italian teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 211
prereq or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SED 452.70 Student Teaching in Russian, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Russian teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 211
prereq or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.
SDC 453 Student Teaching in Mathematics, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified math teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

pre-req: SEDC 323
pre- or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SDC 454.10 Student Teaching in Biology, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified biology teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

pre-req: SEDC 324
pre- or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SDC 454.20 Student Teaching in Chemistry, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified chemistry teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

pre-req: SEDC 324
pre- or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SDC 454.30 Student Teaching in Physics, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified physics teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

pre-req: SEDC 324
pre- or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SDC 455 Student Teaching in Social Studies, Grades 7-12
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified social studies teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

pre-req: SEDC 325
pre- or coreq: SEDF 206
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SDC 456 Student Teaching in Dance, Grades Pre-K-12
Two 30-day supervised placements (one in grades pre-K-6 and one in grades 7-12) in New York City public schools selected by Hunter College. Special conditions: Students must attend student teaching for fall semester before enrolling in this course. Students who have a Bachelor of Fine Arts in Dance must receive acceptance from Hunter College. Students must attend student teaching for fall semester before enrolling in this course.

pre-req: SEDF 206, SEDC 220
2 hrs per week, 60 days student teaching plus workshops and conferences, 5 cr.

SDF 203 Social Foundations of Education, Grades 7-12
Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parent-school-community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.

3 hrs, 3 cr.

SDF 204 Adolescent Development
The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork, 2 cr.

SDF 205 Educational Psychology: Applications in Grades 7-12
Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

pre-req: SEDF 203, 204
2 hrs per week plus 36 hrs fieldwork, 2 cr.

SDF 206 Assessment of the Teaching and Learning Process in Grades 7-12
The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

pre-req: SEDF 205, SEDC 210
2 hrs per week plus lab, 2 cr.

SEEEK Department
(Seek for Education, Elevation and Knowledge)
Office 1013 Hunter East; (212) 772-5725
Acting Chair/Director: William Wimbley
Tutoring Coordinator: Denise Waters-Simmons
Associate Professor: Rodriguez
Assistant Professors: Fuentes, Martin, Wimbley
Lecturer: Liggias

The SEEK Department and Program is located administratively in the School of Education. Students may be admitted to the program if they meet eligibility requirements specific to financial need guidelines and to academic preparation from high school. The supportive services offered include counseling (personal and academic), tutoring (individual and group), seminars on career planning and academic skills workshops/courses in writing, chemistry and anatomy and physiology. See the Admissions and Financial Aid sections of this catalog for additional information about SEEK admission and financial eligibility.

COURSE LISTINGS

MATH/SCIENCES

ACSF 003 Pre-Anatomy and Physiology I
Overview of physical and biological sciences. Topic include body as a whole, locomotion and support, body maintenance, distribution of energy sources and nutrients. Medical terminology and comprehension are stressed.

pre-req: perm dept.
4 hrs, 0 cr.

ACSF 019 Basic Skills for Chemistry
Math tools applied to problem solving in measurements, heat calculations, gases, stoichiometry; chemistry of elements; nomenclature; bonding; properties of solutions.

pre-req: perm dept.
4 hr, 0 cr.

ORIENTATION

ACSF 065 Orientation for Success
Required of all SEEK freshmen. Emphasis on adjustment to college, personal growth, and development of academic skills.

2 hr, 0 cr.

ENGLISH COMPOSITION WORKSHOPS

Writing Precept
Focus on grammar, sentence structure, and essay organization.

pre-req: perm dept
hrs TBA
Hunter College Schools of the Health Professions

Hunter College Schools of the Health Professions
Administrative Offices: 6th Floor, Brookdale Campus West
Dean: Dr. Laurie Sherwen; (212) 481-4314
Student Adviser: 628 Brookdale Campus West; (212) 481-4773
Helene Fuld Media/Learning Resource Center;
Mezzanine, Brookdale Campus West: (212) 481-5129

Brookdale Health Science Center:
425 East 25th Street New York, NY 10010
Web site: http://www.hunter.cuny.edu/schoolhp/

Hunter College's Schools of the Health Professions comprise two prestigious units of the college: The School of Health Sciences and the Hunter-Bellevue School of Nursing. Restructured under a single dean in 1997, each school can now coordinate and enhance efforts to carry out a shared mission: the education of a new generation of health care professionals to meet the needs of the urban population.

SCHOOL OF HEALTH SCIENCES

Main Office: 1010 Brookdale Campus West; (212) 481-4324
Student Information: (212) 481-4320
Brookdale Health Science Center
425 East 25th Street
New York, NY 10010
School Director: Marilyn Iris Auerbach
Web site: http://www.hunter.cuny.edu/schoolhp/shs/index.htm

Distinguished Professor:
Freudenberg

Distinguished Lecturer:
Neal Cohen

Professors:
Cascella, Fahey, Horiiuchi, Johnston, Klitzman, Krauss, Linder, Mirer, Preece, Silverman

Associate Professors:
Albesa, Auerbach, Goldberg, Krasilovsky, Lipovac, Navder, Rolland, Romero, Rosen, Spark

Assistant Professors:
Berney, Caravasos, Einheber, Holland, Mahajan, Pivko, Raffiello, Richmond-Bryant, Roberts, Babyar-Rothbart, Schleffer, Viladrich, Vogel, Waltzman, Yeh

Instructors:
Head, MacRoy, Marshall, O'Connor

SCHOOL OF NURSING; page 241
Generic Pathway; page 241
RN Pathway; page 242

HISTORY

Nursing education began at Hunter in 1943, when courses for registered nurses were added to its curriculum. In 1955, a four-year collegiate program that was a pioneer for its time — the Hunter College Program in Nursing — was launched. When the Bellevue School of Nursing closed in 1969, Hunter absorbed it to create the Hunter-Bellevue School of Nursing, now located at the college's Brookdale Health Science Center at 425 East 25th Street in Manhattan, near Bellevue Hospital.

Hunter's Institute of Health Sciences, dedicated to the educational preparation of a range of health care professionals, opened its doors on East 106th Street in 1968. Six years later, the Institute became the School of Health Sciences and moved downtown to join the nursing school at the Brookdale campus at 25th Street. The reorganization of the two schools allows them to be more innovative academically — and more influential in the delivery of modern urban health care. Interdisciplinary programming and research are strategic initiatives of the schools.

The Hunter College School of Health Sciences offers undergraduate and graduate programs in health-related professions. The school is housed at the Brookdale Health Science Center, located in close proximity to many of New York's major health care facilities. The health professions complex at East 25th Street provides students with fully equipped laboratories, computer and media facilities, a speech and hearing clinic and a library, as well as recreational facilities, a cafeteria and an on-site dormitory. Hunter's School of Health Sciences prepares liberal arts educated professionals to enter and advance in health-related careers. These professionals will provide health maintenance and promotion, disease prevention, evaluation and clinical management of health-related conditions. The school's programs of study provide unique educational, research, and clinical and community service-oriented opportunities to students.

The undergraduate programs offered at the Hunter College School of Health Sciences are designed for working health professionals:
- BS in Medical Laboratory Sciences
- BS in Community Health Education/Urban Public Health
- BS in Nutrition and Food Sciences/Urban Public Health

Additionally, the following graduate programs are offered at the School of Health Sciences:
- MS in Communication Sciences (Speech-Language Pathology)
- MPH in Urban Public Health with Specializations:
- Community Health Education
- Environmental and Occupational Health
- Public Health Nutrition
- MS/MPH in Community Health Nursing/Urban Public Health
- MS in Environmental and Occupational Health Sciences

Note: Physical therapy and audiology are now doctoral programs offering the DPT and the AuD respectively. They are administered by the Graduate Center of The City University of New York. Further, while Hunter continues to offer the MPH in urban public health, a doctoral program in the field is now available at the CUNY Graduate Center. Similarly, in addition to the master's degree and advanced certificates in nursing offered at Hunter College, a doctoral program in nursing leading to the degree of doctor of nursing science (DNS) is now available through the CUNY Graduate Center. Consult the Graduate Center Web site at http://web.gc.cuny.edu/ClinicalDoctoral/index.htm

Course Offerings for Undergraduate Students in Communication Sciences, and Environmental and Occupational Health Sciences

Degrees in communication sciences and environmental and occupational health sciences are not offered at the undergraduate level. Electives may be taken in environmental and occupational health sciences. For further information on environmental and occupational health sciences, call the Urban Public Health program at (212) 481-5111.

Admission to Health Sciences Programs

Students enter the School of Health Sciences after completion of a minimum of 60 college credits. All applicants, including those currently enrolled at Hunter College who wish to apply to Community Health Education and Nutrition and Food Science, BS degree in the Urban Public Health Program, must file a City University of New York (CUNY) transfer (Advanced Standing) application. The application may be obtained at Hunter's 68th Street Campus in the college's Welcome Center, Room 100, Hunter North, (212) 992-4490; at CUNY's Office of Admission Services, 1114 Avenue of the Americas, New York NY 10036, (212) 927-2869, at all CUNY campuses, and online at http://www.cuny.edu. You can also apply online at www.cuny.edu; click on Prospective Students.

If you are applying by mail, the transfer application and required supporting academic records must be mailed to the University Application Processing Center, PO Box 359023, Brooklyn, NY 11235-9023 between January 1 and March 1 for the fall semester, and between September 1 and November 1 for those programs with spring admissions. Applications received after the deadline are not given priority consideration and are processed on a space-available basis.

Applicants with completed applications by the deadline date can expect to be notified no later than May 1 for the fall semester and by December 1 for the spring semester. Students who have not completed the prerequisite course requirements to be considered for admission to one of these undergraduate programs in the School of Health Sciences may wish to transfer to Hunter College as liberal arts and science students. These students should follow the same transfer admission processes detailed above.

Students seeking admission to one of the undergraduate programs offered at the School of Health Sciences should contact their program of choice directly for admission and degree requirements. These programs offer prospective student sessions each semester. See individual program listings in the catalog, or visit their web sites.

The requirements for consideration for admission to programs in the School of Health Sciences are as follows:

Community Health Education Completion of 60 credits combined grade point average of all postsecondary institutions attended of 2.5; one semester of biology with lab; one semester of statistics.

Medical Laboratory Sciences Completion of 60 credits; minimum GPA of 2.5; one year of general chemistry with lab; one year of general biology with lab. Hunter College students applying to Medical Laboratory Sciences should contact the program, preferably in the semester before they wish to enter, or earlier if they have questions. Qualified students will receive the Major/Minor form that allows them to declare Medical Laboratory Sciences as their major, usually at their first academic advisement session. Students not currently at Hunter College should file a transfer application as stated under Admissions (above).

Nutrition and Food Science Completion of 60 credits, including the following prerequisites: two semesters of anatomy and physiology with lab; one semester of general chemistry with lab; one semester of organic chemistry with lab; one semester of microbiology with lab; one semester of introductory food science; one semester of introductory nutrition. The introductory food science and nutrition courses may be completed in the summer session preceding entrance to the program. A grade of C or better must be earned in all prerequisites. The introductory food science and nutrition courses may be completed in the summer session preceding entrance to the program. An overall GPA of 2.8 is required for consideration. Owing to the competitive nature of the program, however, the actual GPA required for admission may be higher. Students who have completed 30 credits at Hunter College or at another City University institution at the time of the application will be given priority in the selection process. Students can attend on a full- or part-time basis during the day.

Course of Study The course of study varies from program to program. The curriculum for each program follows this section. Candidates for the BS degree complete a total of 120 credits and are exempt from the college's foreign language requirement. In addition to the special requirements in each program, all candidates for graduation must also complete a Hunter-wide General Education Requirement that is explained in detail in the General Education section of this catalog. We recommend that students complete most General Education Requirements before they enter any of the programs in the School of Health Sciences.

Scholastic Requirements Student grades are reviewed each semester to determine eligibility for remaining in programs of the School of Health Sciences. Each student must maintain an overall GPA of 2.5 for each semester and a grade of C or better in each major course. Major courses must be taken for letter grades except, at the discretion of the program director, for clinic, field or independent study. Program permission is required in order to register for most courses offered at the School of Health Sciences. Permit forms are authorized by program advisers during the pre-registration and registration periods.
Curriculum for the Bachelor of Science Degree

Medical Laboratory Sciences (MLS) is a pre-professional major, preparing students for careers in laboratoral laboratories devoted to promoting, maintaining and restoring human health. The MLS curriculum builds upon the basic science courses required to enter the program. Courses in the major fall into the following categories:
1. fundamental lab skills
2. clinical subspecialties
3. advanced biomedical courses
4. pre-professional practice

Emphasis is placed on problem solving and development of laboratory strategies, in addition to theoretical knowledge and practical skills in each of the disciplines in the curriculum. The academic demands of MLS courses often require students to carry lower credit loads than they are accustomed to. Part-time attendance and some evening classes are mechanisms for assisting students complete the challenging curriculum. See course descriptions below and the MLS Web site for more detail.

Professional Outcomes

Entry-Level Positions Students completing the MLS degree are prepared for positions in a variety of settings. These include clinical (medical) technologists in diagnostic laboratories in hospitals and commercial environments, researchers in medical center and university labs, pharmacetical and biotechnology companies and public health laboratories. Personnel shortages are severe in several of these areas, and opportunities are predicted to grow. The Monthly Labor Review projects a growth rate of 23% for clinical laboratory positions through 2014.

The passage of the Clinical Laboratory Technology Practice Act in 2005 created a transparent professional pathway defining the education, experience and examination to qualify as a clinical technologist in New York State (www.op.nysed.gov/clp.htm). While regulations for implementation are still in development, the MLS course of study has been defined as fulfilling the educational and practice components for licensure under the transition guidelines. It is expected that status as licensed professionals will help to alleviate shortages in the field.

Further Education

MLS students are encouraged to plan for post-baccalaureate education, and guided to complete prerequisites. MLS alumni have been successful in medical and dental school, graduate programs in biomedical science (master's and PhD), management and clinical specialties (PA, forensic science, etc.) and advanced laboratory diagnostics such as cytotechnology.

Opportunities for Pre-Professional Experience

Professional Practice Qualified students planning for careers in the diagnostic lab enroll in MLS 410, to fulfill the practical experience requirement of the clinical technologist license. Students are assigned to hospital, reference or public health labs for summer or semester-long internship experience in an area consistent with their interests. Students completing the academic program but not Professional Practice may serve as trainees in settings arranged by them following graduation.

Biotechnology BS/MA

Qualified seniors may apply to the BS/MA collaboration between MLS and the department of Biological Sciences. An intensive techniques workshop (BIOL 410) is taken prior to graduation and upon successful completion, students may continue with professional internship and the MA program, allowing MLS graduates to complete the degree at an accelerated pace.

Student Research

Qualified students are encouraged to participate in faculty research projects in such areas as cancer vaccine development, bacterial pathogenesis, gastric secretion and central nervous system myelination through independent study and honors courses. Several honors and awards are available to recognize excellent projects.

Academic Advising

MLS majors meet each semester with a faculty adviser to review progress and plan the next semester's program. The adviser helps students pace their studies appropriately. Counseling for graduate school, employment and reference support is ongoing for our alumni, and a strong professional network exists among MLS alumni.

Admission Requirements

Completion of 60 credits before enrolling in MLS, including: 1 year general chemistry with lab (Chem 102-3-5, or equivel) 1 year general biology with lab (Bio 100-2, or equivel) with lab, overall GPA of at least 2.5. Students enter the Medical Laboratory Sciences Program in fall and spring semesters. Advisers welcome e-mail inquiries anytime. Transfer students must file a transfer application as described under Admissions to Health Science Programs (p. xxx). Hunter College students may apply any time of the year by contacting the program, preferably in the semester before they wish to enter. Students who qualify will be accepted with the major/minor form at the time of the first registration meeting (bring a student copy of non-Hunter transcripts). Students are encouraged to complete most of their General Education Requirement (GER) before entering the program, but liberal arts classes can be interspersed with major courses. (See General Education Requirement section of this catalog.)
### REQUIREMENTS FOR GRADUATION IN MEDICAL LABORATORY SCIENCES:

(120 cr.)  

**Core Requirements**  
(59 credits, including MLS prerequisites):  

**Stage 1. Academic Requirements:**  
A .................................................. 3 cr  
B (STAT 113* or MATH 150) .................. 3-4 cr  
C .................................................. 3 cr  

**Stage 2. Broad Exposure:**  
A .................................................. 3 cr  
B .................................................. 6 cr  
C .................................................. 3 cr  
D .................................................. 3 cr  
E (BIOL 100/102) ................................. 9 cr  

**Stage 3. Focused Exposure:**  
A .................................................. 3 cr  
B .................................................. 3 cr  

**Pluralism and Diversity:** Up to 12 credits.  
Students must complete groups A-D as described in the catalog. It is recommended that courses chosen simultaneously meet requirements of the Core.  

**Writing**  
Students must complete up to three courses in significant writing (W) designated courses.  

**Allied courses**  
- CHEM 102, 103, 104, 105, 222, 223, PHYS 110 or equivalents .................................. 19 cr  

**Health Core** (3 cr.)  
One of the following: CMHE 330, PHIL 254, SOC 301, or MLS 400: Topics offerings specified to meet this requirement.  

**Specialization** (39 cr.)  
MLS 300, 312, 347, 349, 351, 352, 354, 355, 361, 450, 457, 460  

**Electives** (7-8 cr)  
Recommended: MLS 400, 410, 480, 490; BIOL 410; CHEM 224, 225; MATH 155; STAT 113*

COURSE LISTINGS

MLS 300 Fundamental Concepts and Techniques in the Medical Laboratory
Function of the medical laboratory, data analysis and operation of basic laboratory equipment.
Approximately 1-2 informal laboratory hours are required to practice the use of equipment.
  <pre>  BIOL 100, 102, CHEM 102, 103, 104,
  105 or equis.
  3 hrs (2 lec, 1 lab), 3 cr.

MLS 312 Human Physiology: Integration and Control
Study of function at the cellular and systemic level, with emphasis on the integrated organism and associated control systems. Electronic resources are used extensively in this course.
  <pre>  BIOL 100 and 102, CHEM 104, 105 or equis.
  3 hrs, 3 cr.

MLS 347 Human Histology
Structure and function of normal human tissues and cells, including systematic study of microscopic morphology.
  <pre>  MLS 312.
  5 hrs (2 lec, 3 lab), 3 cr.

MLS 349 Hematology
Study of normal and pathological conditions of blood. Use of current diagnostic techniques to analyze peripheral blood and bone marrow, differential counting and blood banking.
  <pre>  or coreq: MLS 300
  5 hrs (2 lec, 3 lab), 3 cr.

MLS 351 Clinical Microbiology I
Properties and mechanisms of pathogenesis of microorganisms associated with disease and the antimicrobial agents used to control them.
  <pre>  or coreq: MLS 300
  5 hrs (2 lec, 3 lab), 3 cr.

MLS 352 Clinical Microbiology II
Continuation of MLS 351 with particular emphasis on anaerobic bacteria, fungi, and viruses. Diagnostic strategies using classical, serological and molecular techniques.
  <pre>  MLS 300, 351 or equis.
  5 hrs (2 lec, 3 lab), 4 cr.

MLS 354 Clinical Biochemistry I: Biomolecules & Metabolism
Basic macromolecules of life, including amino acids, lipids, nucleic acids, and carbohydrates; membrane biochemistry and signal transduction; cellular metabolism and bioenergetics; clinical and biochemical laboratory methods.
  <pre>  CHEM 222
  5 hrs (2 lec, 3 lab), 3.5 cr.

MLS 355 Clinical Biochemistry II: Genes to Proteins
Structure and function of nucleic acids and proteins and the genetic basis of human disease. Laboratory methodologies include analysis of proteins, including enzymes in clinical samples, and manipulation of microbial nucleic acids.
  <pre>  MLS 354
  5 hrs (2 lec, 3 lab), 3.5 cr.

MLS 361 Computers and Data Processing in the Medical Laboratory
Study of computer integration in the medical and research lab, data compilation and medical information systems. Approximately 3 additional informal lab hours are required weekly.
  <pre>  MATH 150 or STAT 113
  3 hrs (1 lec, 2 lab), 3 cr.

MLS 400 Topics in Biomedical Sciences
Topics vary from semester to semester and are announced before registration.
  1-3 hrs, 1-3 cr.

MLS 410 Professional Practice
Directed full-time experience in clinical, research, public health or other biomedical laboratories. Arranged on an individual basis.
  <pre>  perm director
  8 wks, 3 cr.

MLS 450 Cell and Tissue Culture
Cell and tissue culture theory and techniques, including starting primary cultures, passing and preservation of cells, cell cycle and growth factor assays and monoclonal antibody techniques.
Several informal hours are required each week in the lab in addition to the scheduled class.
  <pre>  MLS 351
  5 hrs (2 lec, 3 lab), 4 cr.

MLS 454 Parasitology
Ecology, life cycle, physiology, and identification of intestinal, blood, tissue, and ectoparasites of humans.
  <pre>  MLS 351
  5 hrs (2 lec, 3 lab), 3 cr.

MLS 457 Senior Seminar
Oral presentations and written exercises (including research proposal) introduce students to the use and proper citation of the biomedical literature, research design, effective scientific communication and regulatory oversight of science.
  <pre>  perm instr.
  2 hrs, 3 cr.

MLS 459 Viral Mechanisms in Human Disease
Structure and replication of viruses, viruses as models in molecular biology, and the mechanism of interferon action in relation to human disease.
  <pre>  MLS 351 and 352 or equis.
  2 hrs, 2 cr.

MLS 460 Immunology
Cellular reactions in immunology, structure of antibodies and antigens, and laboratory determination of immune functions.
  <pre>  MLS 349, 351
  coreq: MLS 352, 354
  5 hrs (2 lec, 3 lab), 3 cr.

MLS 480.1-3 Independent Study
  <pre>  perm director
  hrs TBA, 1-3 cr. respectively

MLS 490 Honors
  <pre>  perm director
  hrs TBA, 3 cr.
The program in Urban Public Health educates public health professionals to promote health and prevent disease in diverse urban communities. The program offers bachelor of science degrees in Community Health Education and Nutrition and Food Sciences, a master of science degree in Environmental and Occupational Health Sciences, and a master in Public Health degree with specialization tracks in Community Health Education, Environmental and Occupational Health and Public Health Nutrition. (Please see the Graduate Catalog.)

As more of the world's population moves into urban areas, cities pose unique challenges to public health practitioners. This program prepares students to contribute to improved urban health by addressing such problems as HIV, substance abuse, asthma, obesity, undernutrition, violence, heart disease and cancer. Graduates are employed by public and private agencies, hospitals, schools and community organizations. Many students go on to enroll in graduate programs after they earn the bachelor's degree and qualified undergraduates can take selected graduate courses in Urban Public Health in their senior year.

COMMUNITY HEALTH EDUCATION

The University of Health Science (UHS) in collaboration with other institutions offers a comprehensive program in Community Health Education. This program prepares professionals to work in public health education, public health policy, and community health planning.

The program is designed to provide students with a solid foundation in the principles and practices of community health education. Students will learn how to design and implement health education programs, evaluate the outcomes of these programs, and contribute to the development of effective health policies.

The program offers opportunities for students to specialize in areas such as health promotion, health communication, health policy, and public health management.

Admission Requirements

- Completion of a bachelor's degree from an accredited institution with a minimum GPA of 3.0
- Completion of prerequisite courses in health sciences, including courses in biology, chemistry, and statistics
- Submission of a statement of purpose
- Two letters of recommendation
- Two years of work experience in a health-related field

Program Information

- The program offers a Master of Public Health (MPH) degree with a concentration in Community Health Education.
- Students can choose from a variety of electives to tailor their program to their individual interests and career goals.
- The program is offered online, making it accessible to students who live in remote locations or have limited access to on-campus resources.

Graduation Requirements

- A minimum of 60 credits is required to complete the program.
- Students must maintain a minimum GPA of 3.0 throughout the program.
- The program includes courses in health education, health policy, and health promotion.
- Students are required to complete a research project or capstone experience in their final year.

Career Opportunities

Graduates of the program can pursue careers in public health education, health policy, and community health planning. They can work in a variety of settings, including governmental agencies, non-profit organizations, and private sector organizations. Some potential career opportunities include:

- Health education specialist
- Health policy analyst
- Community health planner
- Health promotion coordinator
- Public health administrator

Program Contact Information

For more information, please contact the program coordinator at:

Name: Dr. Jane Smith
Title: Program Coordinator
Email: jsmith@uhs.edu
Phone: 555-1234

For a complete list of courses and program requirements, please visit the program's website:

*These are required courses for the CMHE curriculum but may be taken at any time.

### COURSE LISTINGS

**CMHE 150 Introduction to the Health Care System**
A survey of the organization of the United States health care system, the perspectives of consumers, providers and organizations. Various health professions will be examined as well as the major health concerns that exist today.
3 hrs, 3 cr.

**CMHE 200 Controversial Issues in Health**
A contemporary health controversy examined through the disciplines of public health and community health education.
3 hrs, 3 cr.

**CMHE 204 AIDS and Society**
The HIV/AIDS pandemic examined from a variety of perspectives: epidemiology, sociology, and ethics.
3 hrs, 3 cr.

**CMHE 301 Introduction to Community Health Education: Social and Psychological Bases**
Bases of health education; models for changing health behavior; community organization; evaluation and research.
3 hrs, 3 cr.

**CMHE 302 Principles of Health Education Practice I**
Introduction to health education methods; teaching-learning transaction in health care setting; presentation skills, learning theories.
prereq: CMHE 301
3 hrs, 3 cr.

**CMHE 303 Principles of Health Education Practice II**
Leadership skills related to work with health consumers, interviewing techniques, group dynamics, and public speaking.
prereq: CMHE 302
3 hrs, 3 cr.
CMHE 321 Addictions and Dependencies
Recent research on alcohol, narcotics and other chemical dependencies. Strategies for intervention, prevention, and treatment, with emphasis on role of health education.
3 hrs, 3 cr.

CMHE 322 Maternal and Child Health
Social, behavioral, and medical factors involved in contraception counseling, abortion and sterilization, prenatal care, childbirth, child health, parenting, and prevention of family violence. Effect of public, social welfare, and public health policy on women and children.
3 hrs, 3 cr.

CMHE 323 Health Aspects of Aging
Demography and epidemiology of the aging population. Public health policy and recent legislation affecting the aged. Economic, social, and cultural factors that affect agencies, services, and health education programs serving the aged.
3 hrs, 3 cr.

CMHE 324 Human Sexuality
Study of interaction of cognitive, affective, and behavioral dimensions of sexuality.
3 hrs, 3 cr.

CMHE 325 Environmental Public Health Problems
Impact of environmental problems associated with urbanization - e.g., water quality, air and noise pollution, waste disposal and radiation hazards.
3 hrs, 3 cr.

CMHE 326 HIV/AIDS: An Interdisciplinary Perspective for Health Care Providers
Interdisciplinary perspective on the impact of the HIV epidemic on the biological, psychological and social dimensions of people affected by HIV/AIDS.
3 hrs, 3 cr.

CMHE 330 Principles of Epidemiology
Methods of study of disease; risk factors; distribution, causes, prevention, and control of selected diseases.
3 hrs, 3 cr.

CMHE 400 Topics in Community Health Education and Public Health
Content varies from semester to semester to address changing needs of profession.
3 hrs, 3 cr.

CMHE 401 Directed Fieldwork I
Assignment in health care agency to provide experience of requirements of profession.
Prereq: CMHE 301, 302, 303
6 wks, 3 cr.

CMHE 402 Directed Fieldwork II
Prereq: CMHE 401
1 full day per wk, 2 cr.

CMHE 403 Directed Fieldwork III
Prereq: CMHE 401, 402
1.5 days per wk, 3 cr.

CMHE 405 Principles of Administration of Health Care Agencies and Institutions
Overview of U.S. health care system, official and voluntary agencies; introduction to administrative skills.
3 hrs, 3 cr.

CMHE 420 Introduction to Clinical Medicine
Role of health professionals in treatment, management and control of disease.
Prereq: BIOL 120 or 122 or equiv.
3 hrs, 3 cr.

*CMHE 480.1, 2, 3 Independent Study
Prereq: perm director
hrs TBA, 1-3 cr. respectively

*CMHE 490 Honors
Prereq: perm director
hrs TBA, 3 cr.

* Total credits in independent study courses and honors may not exceed 6.

Nutrition and Food Science
Program Coordinator: Arlene Spark
Brookdale Campus 1000A West;
(212) 481-7590
E-mail: aspark@hunter.cuny.edu

Web site: http://www.hunter.cuny.edu/schoolhp/nfs/index.htm

Associate Professors:
Navder, Spark

Assistant Professor:
Yeh

Instructor:
Marshall

Director, Didactic Program in Dietetics:
Khursheed P. Navder
Brookdale Campus 1002 West;
(212) 481-5118
E-mail: knavder@hunter.cuny.edu

Nutrition plays an important role in the development and maintenance of optimal health in individuals of all ages. Current research focuses on nutrition and diet as critical factors in the prevention and treatment of the major diseases that cause death and disability in the U.S. Over the past decade, this awareness has led to an increase in the diversity of opportunities available to the person trained in nutrition and food science. Dietitians address food and nutrition needs of individuals through health promotion guidance and medical nutrition therapy. Nutrition professionals may provide nutrition counseling in clinical settings and nutrition education in groups, manage food programs, communicate nutrition information to the public, and conduct nutrition research. Food science professionals examine the physical and chemical properties of foods and apply these principles in the area of food technology to improved flavor, desirable texture and enhanced nutritional value of foods. Food scientists are employed in food companies, test kitchens and research facilities.

Academic preparation in nutrition and food science combines the study of the basic, behavioral, food and nutrition sciences. The curriculum offers a wide range of courses on the nutritional aspects of human diseases, a broad perspective on human biology that takes cultural as well as organic factors into account, and a strong clinical orientation.

Students who graduate with a BS in Nutrition and Food Science are prepared for entry-level positions in community health agencies. Career opportunities include positions in local health agencies and the Special Supplemental Food Program for Women, Infants and Children (WIC), opportunities at industry wellness programs, cardiac rehabilitation programs, exercise fitness programs and health maintenance organizations, and in test kitchens. NFS graduates with a grade of C or better in all required 300- and 400-level NFS courses are also qualified to apply for accredited dietetic internship programs and for graduate study in nutrition and public health. Many of our graduates continue on for the Hunter College graduate-level Dietetic Internship Program — Web site: http://www.hunter.cuny.edu/schoolhp/phn/dietetic_internship/index.htm — and the MPH in Public Health Nutrition (http://www.hunter.cuny.edu/schoolhp/phn/index.htm). These programs are described online and in the graduate catalog.

The Nutrition and Food Science curriculum meets the didactic program in dietetics (DPD) requirements established by the Commission on Accreditation for Dietetics Education (CADE), the accrediting agency of the American Dietetic Association (ADA) and qualifies students to continue their professional preparation for the Registered Dietitian (RD) credential. To become an RD, students must: a) complete a minimum of a bachelor's degree at a US regionally accredited university or college; b) complete all required courses for the DPD, which is the NFS major; c) complete an accredited dietetic internship (DI); and d) pass a national examination administered by the Commission on Dietetics Registration, the credentialing agency of the ADA.

for admission to the NFS major may wish to transfer to Hunter College as liberal arts and science students. These students should follow the same transfer admission process detailed above for the following year.

CUNY students with an earned AA or AS degree in fall 2003 and after are exempt from the Core requirements of the GER but must fulfill the graduation requirements of significant writing, and pluralism and diversity. Students must have successfully completed all the prerequisites before applying as a NFS major. Transfer students who have not earned a degree, or who have earned an associate degree from a non-CUNY institution are required to complete the Hunter GER requirements in order to graduate.

**REQUIREMENTS FOR GRADUATION WITH A BS IN NUTRITION AND FOOD SCIENCE**

**(120 credits)**

**General Education Requirement**

**(39-51 cr)**

As students complete their GER, they should include the prerequisites for NFS, which may also be applied to the college's graduation requirements. See GER table in the front of the catalog.

**TOTAL** 120
COURSE LISTINGS

Only 100 level courses are open to all students; 200, 300, and 400 level courses are open to NFS majors only and need department permission.

NFS 131 Food Science I
Basic principles of the chemical and physical nature of foods, food sanitation and safety; the nutritional value of food in relation to storage, processing and preparation.
3 hrs, 3 cr.

NFS 141 Nutrition
Fundamentals of the science of nutrition as they apply to individuals and society.
3 hrs, 3 cr.

NFS 330 Food Science II Laboratory
Laboratory experience with the chemical and physical properties of food components.
prereq: NFS 131, BIOL 230
coreq: NFS 331
3 hrs, 1 cr

NFS 331 Food Science II
Application of the principles of chemical and physical changes that occur during food preparation and preservation; product evaluation and meal management; laboratory preparation.
prereq: NFS 131, BIOL 230
coreq: NFS 330
3 hrs, 3 cr.

NFS 332 Cultural Aspects of Food and Nutrition
Study of the way in which cultural, social and technological factors influence food behavior and dietary patterns.
prereq: NFS 131, 141, AN-P 101, SOC 101
3 hrs, 3 cr.

NFS 333 Nutrition Education
Introduction to the theories and principles of the teaching-learning process in the field of nutrition.
prereq: NFS 131, 141
3 hrs, 3 cr.

NFS 335 Institutional Management
Overview of the theories, functions and tasks of management. Discussion of labor and effective methods for directing an operation with applications drawn from food service.
prereq: NFS 131, 141, ECO 100
3 hrs, 3 cr.

NFS 341 Advanced Nutrition I
Biochemical and metabolic functions of the nutrients. Critical review of the literature.
prereq: NFS 141, BIOL 230, 280
3 hrs, 3 cr.

NFS 342 Nutrition and Human Development
Nutritional needs throughout the life cycle: pregnancy, infancy, childhood, adolescence, adulthood and later years.
prereq: NFS 341
3 hrs, 3 cr.

NFS 343 Medical Nutrition Therapy I
Nutrition assessment, quality care assurance, program evaluation, and professional responsibilities of dietitians in the clinical setting.
prereq: NFS 141
3 hrs, 3 cr.

NFS 361 Food and the Consumer
Food issues; food services available to the consumer; responsibilities of the private and public sectors.
prereq: NFS 131, 141, 331, ECO 100
3 hrs, 3 cr.

NFS 401 Techniques of Communication in Nutrition
Theory/practice of communications skills for nutritionists/food scientists. Includes food demonstrations, public relations, and advertising.
prereq: NFS 333
3 hrs, 3 cr.

NFS 402 Seminar in Nutrition and Food Science
Research in nutrition and food science; examination of professional goals.
prereq: NFS 343
3 hrs, 3 cr.

NFS 431 Experimental Foods
Scientific approach to food testing; use of instruments and techniques used in food and nutrition laboratories.
prereq: NFS 331, 341
5 hrs (2 lec, 3 lab), 3 cr.

NFS 434 Nutrition and the Elderly
Psychological, psychosocial, and economic problems of the elderly; how needs are met by government and private agencies. Application of nutrition to these problems.
pre- or coreq: NFS 342, PSYC 100, SOC 101
3 hrs, 3 cr.

NFS 435 Food Service Systems
The organization and administration of a food service operation from the systems approach on the tactical and strategic level, stressing learning activities and competencies required by the American Dietetic Association.
prereq: NFS 335
3 hrs, 3 cr.

NFS 441 Community Nutrition
Analysis of nutrition services, legislation and policy; role and function of community nutritionists; nutrition education in a community setting.
prereq: NFS 333, 342
3 hrs, 3 cr.

NFS 442 Medical Nutrition Therapy II
The adaptation of the diet in the therapeutic treatment of disease.
prereq: NFS 343
3 hrs, 3 cr.

NFS 443.51, 443.52, 443.54, 443.55, 443.56 Practicum in Nutrition and Food Science
Practicum in institutions, agencies, business and research firms; projects.
prereq: NFS 442
7 hrs (1 lec, 6 lab), 3 cr.

NFS 444 Advanced Nutrition II
A study of the biochemical conditions leading to disease and the relationship between nutrition and abnormal metabolism.
prereq: NFS 341
coreq: NFS 445
3 hrs, 3 cr.

NFS 445 Advanced Nutrition Laboratory II
Laboratory experience with basic methods of biochemical analysis and interpretation of biochemical data.
prereq: NFS 341
coreq: NFS 444
3 hrs, 3 cr.

NFS 480.31, 480.32 Independent Study in Nutrition and Food Science
prereq: NFS 442, perm dept. chair
hrs TBA, 1-3 cr. respectively
may be taken 1 or 2 sem.

NFS 490 Honors in Nutrition and Food Science
Supervised independent research project. A written report or suitable presentation is required. Proposal must be presented the semester before work is done.
prereq: NFS 442, perm NFS coordinator
hrs TBA, 3 cr.
The Hunter-Bellevue School of Nursing is one of the largest and most prestigious nursing schools in the country. The program of study combines liberal and professional education with a humanistic and comprehensive approach to health care. The School of Nursing offers a program leading to the bachelor of science (nursing) degree. The undergraduate program has two pathways: the Generic Pathway, for those students who do not have an RN license; and the RN Pathway, for those students who have completed a nursing program and have or are about to receive a current license to practice professional nursing in New York State. Applications to either program are available from the Hunter College Admissions Office at 698 Park Avenue, New York, NY 10065 or by calling (212) 997-CUNY or on the Web at http://www.cuny.edu.

An accelerated BS/MS in nursing for highly qualified RN Pathway applicants is available. Please check the nursing Web site, http://www.hunter.cuny.edu/schoolhp/nursing/index.htm, or the current fact sheet (available from the pre-nursing adviser or Student Services) for further information.

The undergraduate division consists of two parts: lower division (general education) and upper division (professional education). Students are considered for admission to the Generic Pathway Program for the fall semester only, and only after completing lower division courses. RN Pathway students are admitted both fall and spring. An overall college GPA of 2.8 in addition to other requirements is the minimum requirement for consideration of an application. Admission to the School of Nursing is competitive. A minimum grade of "C" must be attained for all required science, mathematics, and nursing courses. Generic Pathway students must attend during the day on a full-time basis. Only matriculated Hunter College students can apply to the Generic Pathway Program. RN Pathway students may attend during the day or evening (depending on scheduling of courses) on a full- or a part-time basis. All undergraduate nursing students are assigned a faculty member who is their academic adviser and mentor throughout the program.

APPLICATION ELIGIBILITY AND ADMISSION CRITERIA:

GENERIC PATHWAY

The program is designed to be completed in four academic years by students who are admitted with no college credit and who attend full-time. The number of transfer students to complete the program depends on such factors as the number of applicable transfer credits they have and the number of courses they take each semester. Generic Pathway students cannot earn the degree in the evening. Part-time attendance may result in the student losing the pace of the upper division sequence and having to wait a year for a required course. The Generic Pathway is a full-time, daytime program.

In order to be considered for admission into the Generic Pathway Program, applicants must meet eligibility requirements and admission criteria. All students applying to the upper division Generic Nursing Pathway must have a college GPA of 2.8 or above by the end of the fall semester preceding spring application. Students who do not meet this GPA requirement are not eligible to take the National League for Nursing Pre-admission-RN Examination (administered two times in February of the spring application semester-current fee $65) and are not eligible to apply for admission to the nursing major.

Students must complete 60 credits by the start of the semester of admission. All applicants must complete all but two prerequisite courses (ENGL 120, CHEM 100-101 including lab, CHEM 120-121 including lab, BIOL 120-122...

*Students entering Hunter with an AAS degree are required to complete Core, Pluralism and Diversity, and one writing course. Transfer students will have their transcripts evaluated upon admission by the admissions office. Courses for which equivalency is granted need not be repeated. Some courses already taken may be used to satisfy Core requirements.

**Meets Pluralism and Diversity Requirement/Group B
Only open to nursing majors

including lab, BIOL 230 including lab, PSYC 100 and 150, STAT 113) with a grade of “C” or better by the end of the fall semester preceding the March 1 application deadline. Students applying may take the last two prerequisite courses during the spring semester of the admission process.

Prerequisite courses cannot be taken on a credit/ no credit (CR/NC) basis. Proof of successful completion of courses taken in the spring must be received by the School of Nursing by July 1; otherwise the student will be ineligible to register as a nursing major at Hunter College. Since decisions are made before the spring term is completed, applicants with grades pending will be conditionally accepted until receipt of final grades.

Acceptance of the student into the major is based on the following admission criteria: composite admission score (GPA plus score on NLN Pre-Admission-RN Examination) and completion of all admission requirements. The composite score of all students applying for admission at the same time will be ranked ordered from the highest to the lowest. Students will be accepted for admission based on this ranked composite score and the completion of all other admission requirements. Additional admission requirements may be added, and students should check the latest version of admission requirements on the School of Nursing’s website, or the fact sheets. Failure to meet all admission criteria will require reapplication for the following year, with no guarantee of acceptance. Students should request a current Generic Pathway Fact Sheet, which details the admission process, from the School of Nursing. The schedule of the NLN exam dates, times and locations as well as the current Generic Pathway Fact Sheet may be obtained from the pre-health adviser at (212) 481-4313, Hunter College Student Services or the Hunter-Bellevue School of Nursing Web site, http://www.hunter.cuny.edu/schoolhp/nursing/index.htm.

All generic students admitted to the program are required to submit evidence of liability insurance, health insurance, medical records with specified immunizations, and CPR certification prior to entering the first semester of the nursing major. In addition to tuition and fees, other academic year expenses for independent students include medical examination, health insurance, malpractice insurance ($20); uniforms, equipment and other miscellaneous expenses ($300); textbooks/supplies, transportation, housing, food and other personal expenses; NLN-Pre-Admission Exam-RN (current fee $65); and National Student Nurses Association annual dues ($20/year x 2yrs=$40).

ADMISSION CRITERIA: RN PATHWAY PROGRAM

The program is designed to meet the special needs of the experienced RN student who has already completed a two- or three-year nursing program. All RN Pathway students admitted to the program are required to submit evidence of NYS RN licensure and current registration, liability insurance, health insurance, medical records with specified immunizations and CPR certification prior to entering the first semester of the nursing major.

Students awaiting their State Board licensing examination scores who have not yet been awarded the Registered Professional Nurse License are admitted conditionally. Proof of receipt of the RN license must be submitted to the School of Nursing by December 1 for students admitted in the fall and June 1 for students admitted in the spring. Students unable to document receiving the license will not be permitted to continue in the nursing major.

Applicants to the RN Pathway Program must have completed 36 credits of liberal arts and sciences (including credits in progress) at an accredited college, plus the equivalent of 24 credits in nursing.

A maximum of 24 credits may be transferred for credit in the nursing curriculum upper division. CUNY transfer RN students will be granted 24 nursing credits for advanced placement. All other students admitted to the RN Pathway Program must take the Nursing Regents College Examinations (RCE’S) in Adult Nursing, Maternal and Child Nursing and Psychiatric/Mental Health Nursing at the baccalaureate level.

A score of “C” or better is acceptable. All applicants must be licensed to practice professional nursing in New York State before the beginning of their first semester. A one-semester extension is granted for recent graduates of associate degree programs. All RN Pathway students admitted to the program are required to submit evidence of NYS Professional Nurse licensure and current registration, liability insurance,
health insurance, medical records with specified immunizations and CPR certification prior to entering the first semester of the nursing major.

Students should request a current RN Pathway Fact Sheet, which details the admission process, from the School of Nursing. The sheet may be obtained from the pre-health adviser at (212) 481-4313, Hunter College Student Services, or the Hunter Bellevue School of Nursing Web page.

**PROGRESSION IN THE NURSING MAJOR**

Students must receive minimum grades of C in all required courses (Generic Pathway: NURS 200, 310, 312, 331, 332, 380, 410, 412, 419, 421; RN Pathway: NURS 379, 380, 381, 384, 480, 482). Students who receive a grade of D or lower, or who fail any segment of a clinical nursing course or lab, will be allowed to repeat the course or segment only once. Students who fail a second required nursing course or clinical/lab segment will be dismissed from the nursing program. This policy applies even though a grade appeal is in progress. Students who fail the clinical portion of the course will receive an F in the course, regardless of the theory grade.

**Leave of Absence Policy and Reserved Placement in a Clinical Course**

A reserved placement in a clinical/field course will be held for the student for only one year from the date of the leave of absence. The School of Nursing cannot guarantee the placement for any longer period of time. It is the responsibility of the student to submit to the undergraduate program director a letter of intent, one semester prior to returning to the program and enrolling in the course (April 1 for a fall course and October 1 for a spring course). Students who fail to follow this procedure release the School of Nursing from reserving a clinical/field placement in a course for the student.

**BS DEGREE (NURSING)**

All graduates from both pathways are awarded a BS degree (Nursing). Graduates from the Generic Pathway are eligible to take the National Council Licensing Examination. (A student who has been convicted of a felony or misdemeanor will have to undergo investigation by the Office of Professional Discipline, which might result in licensure being withheld.) Hunter-Bellevue graduates are prepared to give first-level professional nursing care in all areas of nursing practice. The program also provides a foundation for graduate study at the master's level, which is also offered at the School of Nursing.

GENERAL EDUCATION REQUIREMENTS/NURSING MAJOR SEQUENCES

I. Generic Pathway

Lower Division (66 credits)

General Education Requirement:

Stage 1: Academic Foundations .............................................9 credits
Group A ..........................................................................3 cr.
English Composition: ENGL 120

Group B ..........................................................................3 cr.
Quantitative Reasoning: STAT 113 (pre-req: MATH 101 or appropriate score on COMPASS)*

Group C ..........................................................................3 cr.
US HIST 151W, HIST 152W or PLSC 110
*(Students may register for STAT 113 if they achieve a high score on the COMPASS.)

Stage 2: Broad Exposure .......................................................24 credits
Group A ..........................................................................3 cr.
Survey of Literature Written in English: ENGL 220 or other approved course(s)

Group B ..........................................................................6 cr.
Social Science: People and their Societies ** PSYC 100, PSYC 150

Group C ..........................................................................3 cr.
Humanities: Cultures and Ideas: Literature, Philosophy, Classics

Group D ..........................................................................3 cr.
Visual and Performing Arts: Media, Art, Dance, Film, Music, Theatre

Group E ..........................................................................9 cr.
CHEM 100-101, CHEM 120-121

**Students accepted into the Nursing Program who are required to take PSYC 100 and PSYC 150 may use these courses to satisfy Stage 2/B of the General Education Requirement.

Stage 3: Focused Exposure .......................................................6 credits
Group A ..........................................................................3 cr.
Humanities or Visual and Performing Arts

Group B ..........................................................................3 cr.
BIOL 230

Foreign Language Requirement: Exempt

Pluralism and Diversity Requirement ........................................12 credits
Group A ..........................................................................3 cr.
Non-European Societies

Group B ..........................................................................3 cr.
Non-European Groups in the USA

Group C ..........................................................................3 cr.
Women and/or issues of gender or sexual orientation

Group D ..........................................................................3 cr.
Europe

Note: Courses used to satisfy Pluralism and Diversity requirements may simultaneously meet a student’s core requirements or the courses necessary for a major or minor area of study. NURS 384 meets Group B, and NURS 340 and NURS/WGS 351 meet Group C.

Writing Requirements: Up to 3 courses in significant writing ("W" designated courses)

Additional Required Courses ..................(9 credits)
BIOL 120 .................................................................4.5
BIOL 122 .................................................................4.5

Open Electives ..................................................(6 credits)

Total GER, Other Required Courses and Open Electives .....................66 Credits

II. RN Pathway

Lower- and Upper-Division Course Requirements

Transfer students from other colleges will have their transcripts evaluated upon admission by the Office of Admissions. Courses for which equivalency is granted need not be repeated.

Lower Division ..................................................66 credits

Since most of this coursework will have been taken as part of the associate degree/RN program, the admissions office will evaluate the transcript and determine what still remains to be taken at the lower division.

Students entering Hunter with an RN/AAS degree are required to complete the core, pluralism and diversity and one writing course. Core courses required are: ENGL 120, STAT 113, US History, ENGL 220 or equivalent, PSYC 100, PSYC 150, CHEM 100-101, plus 12.5 credits of other courses in science and math, and two courses of Stage 3. All courses used to satisfy Pluralism and Diversity requirements may simultaneously meet a student’s core requirements or the courses necessary for a major or minor area of study. The following nursing courses meet pluralism and diversity: Group B – NURS 384; Group C – NURS 340, NURS/WGS 351.

Note: Students who fail a core prerequisite course in a nursing sequence may not proceed to the next course in the sequence without repeating the failed course. In order to continue in the Nursing major, students must receive minimum grades of "C" in all required nursing courses. Only one failed required nursing course is repeatable only once by students who have received a "D" or less. Students who fail a second required nursing course in the sequence may not repeat that course and may not continue in the major. This policy applies even though a grade appeal is in progress.

NURS 200 Introduction to Nursing
Introduction to essential theories, concepts, and values of the nursing profession. Emphasis on understanding the practice and principles of nursing. The principles of service-learning are introduced.

prereq: completion of lower-division sequence
3 hrs, 3 cr.
offered fall

NURS 310 Nursing I
Provides essential knowledge base for implementing the nursing process in the care of clients across the lifespan, with specific emphasis on the childbearing family. Principles of service-learning are applied.

prereq: completion of lower-division sequence
coreq: NURS 200
18 hrs (4 lec, 14 lab), 8 cr.
offered fall

NURS 312 Nursing II
Provides knowledge base for effective nursing care of clients from childhood through young adulthood. Community engagement learning experiences supporting the principles of service-learning are included.

prereq: NURS 200, 310, 331
18 hrs (4 lec, 14 lab), 8 cr.
offered spring

NURS 331 Essentials of Pharmacology
Presents essential pharmacological information for nursing care of clients of all ages.

prereq: completion of lower-division sequence
3 hrs, 3 cr.

NURS 332 Normal and Therapeutic Nutrition in the Nursing Process
Presents principles of normal and therapeutic nutrition throughout the developmental life cycle.

prereq: lower division sequence, NURS 200, 310
3 hrs, 3 cr.

NURS 379 Nursing and Societal Forces in the Health Care Delivery System
Open to RN Pathway students only. This is the first course in the RN Pathway curriculum and must be taken prior to or in conjunction with other required nursing courses depending on the pre/corequisites of the courses. Exploration of health care dilemmas through the integration of knowledge from nursing, social sciences and public health. Principles of service-learning are introduced.

3 hrs, 3 cr.
NURS 380 Nursing Research and Theory
Introduction to theory development and research in nursing.

 prerequisites: for Generic Pathway: NURS 200, 310
 prerequisites: for RN Pathway: NURS 379, STAT 113
 3 hrs, 3 cr.

NURS 381 Health Assessment Throughout the Lifespan
Open to RN Pathway students only. Analysis of normal patterns of wellness for individual clients with emphasis on development of assessment skills.

 prerequisites: CHEM 100-101
 prerequisites: or coreq: NURS 379
 6 hrs (3 lec, 3 lab), 4.5 cr.

NURS 384 Nursing Culturally Diverse Families
PD/B
Open to RN Pathway students only. Explores the interrelationships between sociocultural factors and health care practices of families from diverse cultures as a basis for nursing practice. Principles of service-learning are reflected in the culturally competent interventions.

 prerequisites: or coreq: NURS 379
 3 hrs, 3 cr.

NURS 410 Nursing III
Provides a knowledge base for effective nursing care of middle-aged clients. Concepts and principles of service-learning are discussed and integrated into a professional practice paradigm.

 prerequisites: NURS 200, 310, 312, 331, 332
 18 hrs (4 lec, 14 lab), 8 cr.
 offered fall

NURS 412 Nursing IV
Provides knowledge base for effective nursing care of elderly clients. Principles of service-learning are integrated into selected community experiences to promote civic engagement.

 prerequisites: NURS 410
 18 hrs (4 lec, 14 lab), 8 cr.
 offered spring

NURS 419 Nursing Management and Leadership in the Health Care System
Study of principles of nursing management, leadership, and research processes in health care system.

 prerequisites: NURS 200, 310, 312, 331, 332
 2 hrs, 2 cr.
 offered spring

NURS 421 Nursing and Society
Analysis of issues and trends in nursing and health care from societal perspective, including opportunities for collaborative practice through service-learning.

 prerequisites: NURS 200, 310, 312, 331, 332, 410, 419
 2 hrs, 2 cr.
 offered spring

NURS 480 Promotion of Wellness in the Community
Open to RN Pathway students only. Examination of family and community patterns as they relate to individual clients of all ages. Principles of service-learning are used in community-based clinical experiences to promote civic engagement.

 prerequisites: or coreq: NURS 379, 384
 7.5 hrs (3 lec, 4.5 practicum), 4.5 cr.

NURS 482 Advancement of Roles and Relationships in Professional Nursing
Open to RN Pathway students only. Explores the roles and relationships in nursing with a focus on leadership as the key to the professionalization of nursing. Principles of service-learning are reflected in the ongoing development of the professional role. This is the last course in the RN Pathway Program.

 prerequisites: NURS 379
 prerequisites: or coreq: NURS 380, 381, 384, 480
 3 hrs, 3 cr.

 ELECTIVES

NURS 340 Women's Health
PD/C
Designed to identify and analyze those factors which impact on the health status of women: biological, sociological, psychological, environmental, political.

 5 hrs, 3 cr.

NURS 342 Ethical Issues in Nursing Practice
Open to RN Pathway and seniorGeneric Pathway students only. Examines ethical issues which arise from the practice of nursing in an interpersonal, professional, institutional and social context of diverse and competing values.

 3 hrs, 3 cr.

NURS 343 Patterns of Biological Disruptions
Emphasizes biological disruptions that are pathobiological and their influence on levels of wellness across the life span. Strongly recommended for Generic Pathway seniors.

 3 hrs, 3 cr.

NURS 345 HIV/AIDS: An Interdisciplinary Perspective for Health Care Providers
Examines the impact of the HIV epidemic on the biological, psychological and social dimensions of persons affected by HIV/AIDS.

 3 hrs, 3 cr.

NURS 350 Independent Study in Nursing
An opportunity to explore a topic relevant to nursing which is of individual interest.

 1-3 hrs, 1-3 cr.

NURS 351/WGS 351 Gender, Science and Technology
PD/C
Explores the complex relationship between women and the sciences.

 3 hrs, 3 cr.

NURS 384 Nursing Culturally Diverse Families
PD/B
For Generic Pathway students. Explores the interrelationships between sociocultural factors and health care practices of families from diverse cultures as a basis for nursing practice.

 3 hrs, 3 cr.

NURS 399.98 Urban Disaster Response and the Health Care Team
Provides the student with an understanding of the causes, prevention, and mitigation of disasters and insight into the disaster management system nationally and locally. The course will include content relevant to all disciplines in the disaster care continuum and focus on each individual health care member's role and responsibilities within these systems.

 3 hrs, 3 cr.

NURS 346 Death and Dying
PD/B
Provides an overview of current theories, concepts, and practices associated with death, dying, and end-of-life care.

 3 hrs, 3 cr.

NURS 440 Stress Management for Nurses
An overview of stress and its effect upon behavior within the framework of the holistic man-wellness model.

 3 hrs, 3 cr.

NURS 441 Selected Studies in Nursing Research
Honors course. Utilization of basic knowledge in nursing research to critique and interpret studies and discuss their relevance and application in nursing.

 prerequisites: NURS 310, 312, 331, 332, 380, 381
 3 hrs, 3 cr.

NURS 442 Nursing Care of Acute and Critically Ill Clients
Examination of nursing knowledge and roles in caring for acute and critically ill clients and their families.

 3 hrs, 3 cr.

NURS 445 Teaching-Learning Across the Developmental and Health Continua
Pedagogical/andragogical principles of learning and instruction to enhance client teaching in the promotion, maintenance and/or restoration of health.

 3 hrs, 3 cr.

NURS 450 Computer Concepts and Application in Nursing
Study of computing concepts, principles, practices, and applications in nursing and health care.

 3 hrs, 3 cr.

NURS 483 Politics of Health
An analysis of the relationships between politics and health status, health services and health care providers.

 3 hrs, 3 cr.
Marilyn Anerbach, Associate Professor and Director, Health Sciences; BA Emerson, MLS Michigan (Dearborn), MPH, DPH, Columbia
Samuel Ayner, Assistant Professor, Social Work; BA, MSW Adelphi, PhD NYU
Eija Ayrautinen, Lecturer, Film and Media Studies; BA, MA Hunter
Alberto Baider, Professor, Mathematics and Statistics; Licentiate Buenos Aires (Argentina), PhD MIT
Mathew Baker, Associate Professor, Economics; BA Wesleyan, MA, PhD Connecticut
Jill Bargoni-Chavarria, Professor, Biological Sciences; BA SUNY (Purchase), MS, PhD NYU
Gordon Barr, Professor and Chair, Psychology; BA Dickinson, MA, PhD Carnegie-Mellon
Marlene Barsoum, Associate Professor, Romance Languages (French); BA CUNY, License-ét- Lettres Nancy (France), MA, PhD Columbia

Aaron Gibbs, Assistant Director, Student Recruitment and Outreach; BA Rutgers
Donna Gill, Coordinator of Scholarship Opportunities; BA York
Charlotte Glasser, Adviser, Hunter Honors Scholars Program; MS Columbia
Juanita Gordon, Coordinator, Macaulay Honors College; BA, MA Portland State
Anthony F. Grande, Executive Assistant to Dean and Financial Manager, School of Social Work; BA Hunter, MA Catholic, MSED Baruch
Enecida Guerrero, Coordinator, Reading/Writing Center; BA Hunter
Meredith Halpern, Executive Director, Marketing & Communications; BA Swarthmore
Juana Ham, Assistant Director, Financial Aid; BA Hunter
Holly Harrison, Academic Adviser for Students in Transition, Dean of Students; BA Tufts (Jackson), MA Rutgers, MA SUNY (Binghamton)
Robert Hassel, Assistant Admissions Officer, Student Recruitment and Outreach; BA Hunter
Ann S. Henderson, Associate Dean for Research, Planning and Facilities, School of Arts and Sciences; BS Winthrop, MA, PhD North Carolina
Robert Hendrix, Director of Administrative Services, Campus Services
Pedro J. Hernandez, Senior Archivist, Centro; BA, MA Puerto Rico
Elisa Hertz, Coordinator of Assessment and Accreditation, School of Education; BS, MA NYU
Yvonne Hines, Assistant to VP, Institutional Advancement; BA Hunter
Mary Li Hsu, Director of Student Affairs, School of Social Work; BA Yale, MSW Hunter
Clifford Irizarry, Director, Chanin Language Center; BA Hunter
Paulette Jackson, Executive Assistant to VP for Administration
Lori Janowski, Associate Director of Admissions; BS Rhode Island, MS Northeastern
Sarah Jeninsky, Honors Program Coordinator; BA Hunter, MA NYU
Lucinde Jocelyn, Coordinator of Admissions Processing; BS City College
Hermine Jones, Coordinator, Payroll; AAS BMCC, BS Hunter
Orley Jones, Manager, Library; AAS NYC College of Technology, BSA Baruch, MLS Columbia
Susan Jones-Crenshaw, Assistant Director, Payroll; BA Hunter
William Jones, Technical Services Manager; BA City College
Thomas Jordan, Director of Assessment & Affiliation Relations, School of Health Sciences; BA Hunter, MA NYU
Anatoliy Kadinsky, Associate Director of Institutional Advancement, Provost; ME City College
Gowrie Kamitzky, HR Generalist; AAS BMCC, BA Baruch
Bonnie Kaplan, Director of Petitions Process and Education, Transfer Programs; BA Brooklyn, MA Hunter
Carol Kashow, Associate Director, Athletics; BA NYU
Valerie W. Kelly, Coordinator, Benefits; BA Hunter
Lynne M. Kemen, Coordinator for Undergraduate Studies, Psychology; MA Cornell, PhD CUNY
Andrew D. Kim, OES Coordinator, Admissions and Recruitment, School of Education; BA Maine
Christina H. Kim, Coordinator, Education Services, School of Education; BA California (Los Angeles), MA Columbia, MS Oxford
Dawn Klimovich, Director, Freshman Programs; BA, MS Hunter, PhD Fordham
Beatrice Krauss, Director, Center on Community and Urban Health; BA Northwestern, MA Kansas, MPhil, PhD CUNY
Shiao-Chuan Kung, Instructional Developer, ICTI; BA Penn State, MA NYU, EDD Columbia
Naomi Lakin, Assistant Director of Admissions for Undergraduate Programs; BS NYU
Joan Lambe, Director of Institutional Research, Provost; BA John Jay, MS Hunter
Barbara Landress, Director of Pre-Law Programs, School of Arts & Sciences; BA Yale, PhD NYU, JD Harvard
Schubert P. Leroy, Associate Director of Registration and Degree Audit; BA Baruch
Eunice Lewis-Broome, Special Projects Manager, Dean of Students; BA Hunter
Frankie Lopez, Executive Assistant, ICTI; BA Hunter
Lourdes Lopez, Coordinator, Human Resources; BA Hunter
Stanley Lui, Manager of Development, Management Information Systems; BBA, MBA Baruch
Angela Luna, Administrative Assistant, School of Arts and Sciences; BA Hunter
Edwin Luna, Recruiter, Admissions Counselor; BA D’Youville
Siu Ping Ma, Director of Mental Health Counseling; BS National Taiwan University, MSW Iowa State, PhD NYU
Kan Yee Man, Assistant Director, Financial Aid Services; BA Queens
Frank Marino, Deputy Director, Hunter High School; ME College of Staten Island, MS Pace
Valentin P. Marinov, Budget Manager, Biology; BS Sophia
Lili Marullo, Assistant Director, Accounts Payable; AAS NYC College of Technology, AAS BMCC, BS Baruch
Theresa Matis, Bursar; BS, MBA Manhattan College
Taahira Maynard, Academic Adviser for Students in Transition, Dean of Students; MS SUNY (Albany)
Denise Mazzafarre, Coordinator of Performing Arts; BA, MA Brooklyn

Susan McCarthy, Director, Career Development; BA, MSW Hunter

Patricia McDonald, Program Administrator, Employee Assistance Program; BA Swarthmore, MSW Hunter

Ruth McFarland-Felder, Property Manager, Office Services; BA City College

Robert C. McGarry, Director of Human Resources; BA Hunter, MA NYU, MBA Baruch

Alta Mercedes, Adviser and Career Counselor; BA, MS Ed Hunter

Mary Michael, College Association, College Grievance

Debra Mileski, Coordinator, Central Reservations; BA Hunter

Gary L. Minella, Technician, ICIT; BA York

Gwendolyn Mitchell, Coordinator for Outreach and Recruitment, School of Social Work; BA Montclair State, MSW Hunter

Jacqueline Mondros, Dean, School of Social Work; BSW Temple, MSW, DSW University of Pennsylvania

Raymond Montero, Coordinator, Admissions Services; School of Social Work; BA Queens, MA Hunter

Tracy T. Moman, Associate Director, Human Resources; BS, MS SUNY (Albany)

Renata G. Murray, Executive Assistant to Chair, Hunter College Senate

Susan Nacey, Assistant to Director, MFA Program in Creative Writing; BFA Roger Williams

Kamla Narraph, Financial Officer, Campus Schools; BA Hunter

Sharon Neil, Director, Business Services; BS SUNY (Buffalo)

Michael H. Nisbet, Manager, Training and Documentation, ICIT; BS Hunter

Mariah Olah, Assistant to Dean, Strategic Planning, School of Education; MA City College, MBA Baruch

Keith Okrozy, Counselor, Dean of Students; BA Queens

Henry Ong, Assistant Director, Accounting; BS University of Philippines

Dennis V. Paoli, Coordinator, Reading/Writing Center; BA Dundee, BA Wisconsin, MA Columbia

Zally Colon Paps, Director, Children's Learning Center; BA St. Joseph's, MA Hunter

Karin L. Paredes, Coordinator, Institutional Advancement; BA Brown

Edward Pearlmuter, Director of Facilities; BA Brooklyn, MS Indiana State

Pedro Pedraza, Program Director, CUNY Caribbean Exchange Program, and Researcher, Centro; BA Occidental

Ellen Perper, Director, OASIS; BA, Lehman

Carmela Piazza, Chief of Staff and Executive Assistant to President; BA Fordham

Clare Piste, Director of Recruitment and Outreach; BS Notre Dame

David Potash, Associate Provost; BA Rice, MA NYU, PhD Cambridge

Gerard Quaglariello, Assistant to Associate Director, Registrar's Office; BA Pace

Salvatore Quaglariello, Assistant Director of Financial Aid; BS Baruch

Milton Quia, Executive Assistant to Chief Librarian; BS, MS Dhaka (India)

Pasquale Quintero Jr., Academic Adviser for Students in Transition; BA SUNY (Oswego), MEd SUNY (Buffalo)

Jennifer J. Raab, President; BA Cornell, MA Princeton, JD Harvard

Vita C. Rabinowitz, Provost and VP for Academic Affairs; BA Rutgers, MA, PhD Northwestern

Luz E. Ramirez, Budget Assistant, School of Arts and Sciences; BA Hunter

Mario Ramirez, Project Archivist, Centro; BA California (Santa Cruz), MA California (Berkeley), MLIS LIU

Wendy Ramirez, Assistant to Chair, Art; BA Hunter

Dana Reimer, Assistant to Chair, Geography; BA, MA Hunter

Javier Remigio, Assistant Director, Student Services, IELI; BA Fordham, MA NYU, MA Hunter

Juan Reyes, Supervisor, Registrar; BS NYU

Alison Rice, Program Director, IELI; BA Queens, MA Teachers College, Columbia

Crystal L. Rion, Academic Adviser, Student Services; BA, MA Marist College

Felix Rivera, Reference Assistant, Centro Library; BA City College

Nanette Rivers, Assistant to Chair, Economics; MPA Metropolitan College

Diana Robertson, Executive Director, Institutional Advancement; BFA Syracuse

Janet Robertson, Assistant to the Dean of Arts and Sciences for Personnel and Budget; BA Wellesley, MA Teachers College, Columbia

Jerrell Robinson, Assistant Director, Student Activities and Leadership Program; BA, MS SUNY (Oswego)

Dennis G. Rodriguez, Assistant Bursar; BA, MA John Jay

Luis Roldan, Assistant Director of Residence Life; Dean of Students; ME Massachusetts (Amherst)

Luis Rosa, Director, Budget and Financial Control; BS Hunter, MPA Baruch

John T. Rose, Acting Dean, Diversity and Compliance, Office of the President; BA Hunter, JD Harvard

Marilyn W. Rothschild, Director, Physical Sciences Learning Center, Physics and Astronomy; BS City College, MS, PhD Rutgers

Yvonne C. Rubie, Coordinator of Testing; BS York, MPH Hunter

Glyn Rudich, Director, Field Education, School of Social Work; BA Bennington, MSW Hunter

Victoria Russo, Deputy Chief of Staff, President's Office; BA Hofstra, MA Fordham

Christine Sampson, Degree Auditor; BS LIU, MS Hunter

Sylvia Santiago, Administrative Assistant, Centro

Michelle Savarese, Assistant to Director, VP for Administration; BA Hunter

Jonathan M. Schoenwald, Director of the Honors Program; BA Penn, PhD Stanford

Shirley C. Scott, Dean, School of Arts and Sciences; BA, MA, PhD Kent State

Gail Aidinoff Scovell, Counsel to the President, Legal Affairs; AB, JD Harvard

Shira Seaman, Academic Coordinator, IELI; BA Oberlin, MA Hunter

Emily Sedlis, Recruiter, Student Recruitment and Outreach; BA Connecticut College

Gwendolyn Seidman, Research Associate, Psychology; BA The College of New Jersey, PhD NYU

Steven Serafin, Director, Reading/Writing Center; BS American, MA Catholic, PhD Utah

Soudabeh Shayanest-Kahvi, Director, Office of Access and Accommodations; BA Hunter, MS, Adv. Cert. CCNY

Louise Sherby, Dean, Library; BA Hofstra, MA Denver, DLS Columbia

George K. Sherry, Assistant to Director of Campus Schools; BS Florida Institute of Technology

Laurie Sherwen, Dean, Schools of the Health Professions; BA NYU, BSN Seton Hall, PhD NYU

Andrew Silver, Campus Planning and Development Manager; BA SUNY (Binghamton), MA Rockefeller
Denise L. Simmons, Coordinator, SEEK; BA, MA John Jay
David M. Smith, Assistant Director, Fiscal Operations; BA Hunter
Milena Solo, Assistant Director of Admissions for Graduate Programs; BA American (Bulgaria)
Franklin Steen, Assistant VP and Chief Information Officer, ICIT; PhD Columbia, BA, MA California (Los Angeles)
Bette Steinberg, Assistant to Dean for Administration, School of Education; BA Queens, MBA Baruch, JD Fordham
David M. Steiner, Dean, School of Education; PhD, MA Oxford, PhD Harvard
Adam Sternglass, Assistant to Director of Fiscal Systems; BA SUNY (Buffalo)
Madelyn Stokely, Associate Dean of Student Support Services; BA John Jay, MSW Hunter
Scott Stursa, Director of Transfer Programs, Dean of Students; BA Minnesota, MS Indiana
Jocelyn Tan, Assistant to Chair, Psychology; BA Hunter
Carole Taylor, Financial Aid Counselor; BA Lincoln, MS Syracuse
Devin Taylor, Head Athletic Trainer; BA Morehead, MS LIU
Thomas Taylor, Administrative Coordinator, English; BA Hunter
Barbara Tejada, Academic Adviser for Students in Transition, Dean of Students; BA St. Thomas Aquinas College, MS SUNY (Plattsburg)
Mary Tepper, Degree Auditor; BS CUNY
Kristina A. Testa-Buzzeo, Director of Wellness Education Programs; BA Western Connecticut, MA NYU
Jacqueline S. Thomas, Assistant to Dean of Faculty and Staff Relations; BA John Jay
Latesha Thrower, Registration Coordinator; BA Hunter
Peggy Tirschwell, Assistant Provost, Provost Office; BA Smith, MS Baruch
Casandra Tolentino, Coordinator of Alumni Affairs, Institutional Advancement; BA, MA Hunter
Andres Torres, Acting Director, Centro; BA Manhattan College, MA NYU, PhD New School
Mayra Torres, Assistant to Associate Director, Centro; BA Hunter, MS New School
Lincoln Tracy, Coordinator of Diversity and Compliance, President’s Office; BA Connecticut
Ernest L. Tubb, Supervisor, Registration; BA Hunter
Lindley H. Uehling, Director of Admissions and Communications, Hunter College Campus Schools; MEd Hartford
Carlos Vargas-Ramos, Public Policy Researcher, Centro; MA NYU, PhD Columbia
Nicole E. Vartanian, Senior Academic Adviser, Provost Office; BA, MA Illinois, DEd Teachers College, Columbia
Ana Vasovic, Assistant to Dean, School of Arts and Sciences; BA Spring Arbor, MPhil CUNY
Sylvia Velazquez, Study Skills Coordinator, Dean of Students; BA, MA Hunter
Terry Wansart, Director of Intercollegiate Athletics, Dean of Students; BS East Stroudsburg, MS Hunter College
Mark E. Watters, Telecommunications Director, ICIT
Jan B. Weirich, Technician, ICIT
Paula Wicklow, Career Counselor, Dean of Students; BA, MS Hunter
Daryl Williams, Director of Purchasing and Contracts Purchasing; BS St. John’s
Jean B. Willis, Director, Payroll; BA College of Staten Island, MA Brooklyn
Gordon C. Willoughby III, Director, Dean of Students; BA Connecticut College, MA NYU, MA, DEd Teachers College, Columbia
Barbara B. Wolin, Manager, Animal Facilities; BS Penn State
Julie Wolpow, Director of Alumni Affairs, Institutional Advancement; BS Arizona, MSW Hunter
Henry Wong, Network Coordinator, ICIT; BA Jersey City State College
Lolita Wood-Hill, Director, Prehealth Professions Programs; BA Boston College
Nicole Wright, Academic Adviser for Students in Transition, Dean of Students; MEd SUNY (Buffalo)
Nadine Young, Scheduling Officer and Department Liaison, Registrar; BA Hunter
Ilan Zelazny, Head of Systems, Library; BS Connecticut
William Zlata, Director of Admissions; BA Hunter
Appendix A

DISTRIBUTION REQUIREMENT

REGULATIONS

1. Only one of the courses used to satisfy the requirements for a major may be used to satisfy the distribution requirement. Foreign language majors should refer to the major department for specific distribution requirements. Correlative requirements for the major may be credited to the distribution requirement.

2. No more than two courses per department or program may be applied to satisfy the distribution requirement. Exceptions to this are ENGL 120, which is required of all students and the foreign language requirement.

3. A course may be applied to satisfy the requirements in only one category of the distribution requirement.

4. Students who have demonstrated mastery of lower-level course material, to the satisfaction of the chair of the department involved or his/her designee, will be permitted to apply more advanced courses to fulfill the distribution requirement.

CATEGORY I SCIENCE AND QUANTITATIVE REASONING
(10-12 credits)

Group 1 — Laboratory Courses
A minimum of one course is required.

ANTHROPOLOGY — ANTHP 101 or 102

BIOLOGY — BIOL 100, 102 (distribution credit only if both semesters are completed)

CHEMISTRY — CHEM 100-101, 120-121, 120-121, 102-103, 104-105, 111-112-103, 113-105 (distribution credit only if both lecture and corresponding lab are completed). CHEM 111 and 112 can only satisfy the requirement when used together and with CHEM 103 as the required lab.

GEOPHYSICS — PGEOG 130, 231

GEOL OGY — GEOL 101, 102

PHYSICS AND ASTRONOMY — PHYS 101, 110, 111, 120, 121, 151, 152, 153, ASTRO 100-107

SCIENCE INTERDISCIPLINARY — SCI 101, 102 (distribution credit only if both semesters are completed)

Group 2 - Non-Laboratory Courses

COMPUTER SCIENCE — CSCI 120, 150

PHYSICS AND ASTRONOMY — ASTRO 100

Group 3 - Quantitative Reasoning Courses
A minimum of one course is required. Students may be exempt from this part (but not from the category 10-12 credit total) by placing out of MATH 120 on the CUNY Math Placement Test.

MATH E M ATICS and STATISTICS — MATH 100 (or 104), 110 (or 105), 111, 120, 121, 150, 155, 160, MATH 191; STAT 113 (or 213), 212

CATEGORY II ENGLISH COMPOSITION
(3 credits)

ENGL 120 OR EQUIVALENT: All students required to take ENGL 120 (or its equivalent) must do so no later than the second semester of attendance at Hunter, or no later than the second semester after completing the required basic skills ESL course(s) in reading and writing, or in the case of part-time students- after accumulating no more than 24 credits at Hunter. Transfer students required to take basic skills ESL course(s) in reading and writing must also take ENGL 120 after completing the basic skills courses, or after accumulating no more than 24 credits at Hunter.

CATEGORY III HUMANITIES: FOREIGN LANGUAGE
(0-12 credits)

The Foreign Language Requirement may be fulfilled in any of the following languages:

- Chinese (CHIN)
- Greek (GRK)
- Japanese (JPN)
- Hebrew (HEBR)
- Latin (LAT)
- Russian (RUS)
- Ukrainian (UKR)
- German (GERMN)
- Italian (ITAL)
- Polish (POL)
- Spanish (SPAN)
- Yoruba (YOR)

Course of Study: In each language a required course sequence (12 credits) is offered: Elementary I and II (two 3-credit courses or one 6-credit intensive course) and Intermediate I and II (two 3-credit courses or one 6-credit intensive course). The four 3-credit courses are usually numbered 101-102 and 201-202. ** The two intensive 6-credit courses are usually numbered 103 and 203. ** The first semester of a four course sequence will not be credited without completion of the second semester.

*The Spanish for Native Speakers sequence is numbered SPAN 105-106, 207-208. Intermediate Greek is GRK 110 and GRK 202 or 203; Intermediate Latin is LAT 110 and LAT 201, 202, 203, or 204.

**Intensive courses are not offered in all languages. Exceptions to the usual numbering are CHIN 107, 207; FREN 208; GRK 107; LAT 107.

Students who change from a BS to the BA program must meet the foreign language requirement for the BA degree. Some students in BS programs elect to take foreign language as part of their liberal arts requirement and are thus prepared for either degree.

Those who plan graduate study at the doctoral level should inquire about foreign language requirements and prepare for these in their undergraduate study.

Placement and Exemption

1. Students may be exempted from part or all of the foreign language requirement by virtue of successful completion of high school courses. Each year of language study completed in high school is equivalent to one semester (5 cr) of the same language in college. The requirement of four semesters of language courses or an equivalent combination of college and high school courses is fulfilled only if all four semesters are completed in the same language. Students who have completed four years of one foreign language in high school should apply for an exemption with the Coordinator of Academic Appeals (1119HE); an official high school transcript is required. (Students who have passed a language Advanced Placement Test of the College Board with a grade of 5, 4, or 3 should contact the Office of Admissions.)

2. Students may also be exempted from part of all of the foreign language requirement by virtue of courses taken at other colleges.

3. Competency demonstrated through a proficiency examination fulfills part or all of the requirement; contact the appropriate departmental office to arrange for an examination. Students who want to be exempted from the language requirement on the basis of competency in a language not taught at Hunter College should contact the Dean of the School of Arts and Sciences.

4. Note that exemption from the language requirement does not yield any credit unless the exemption is based on the satisfactory completion of college courses.

In general, the following guidelines apply:

1. Students have satisfied the foreign language requirement if they can certify satisfactory completion of four years of study of one language in high school, or satisfactory completion of a college course equivalent to at least the fourth level of a Hunter foreign language sequence, or competency demonstrated through a proficiency examination.

2. Students who have satisfactorily completed three years of study of one language in high school or have completed the college equivalent of the third level in a foreign language sequence should take the fourth course in the required sequence.

3. Students who have satisfactorily completed two years of study of one language in high school or have completed the college equivalent of the second level in a foreign language sequence should take the third and fourth courses in the required sequence.

4. Students who have satisfactorily completed one year of study of a language in high school or have completed the college equivalent of the first level in a foreign language sequence should take the second, third and fourth courses in the required sequence.

5. Students who begin a foreign language should take the required course sequence (12 cr).
Appendix B

HUNTER COLLEGE STUDENTS' RIGHTS CONCERNING EDUCATION RECORDS

The Federal Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

I. The right to inspect and review the student's education records.

Students should submit to the registrar, the dean of students, or other appropriate college official, written requests that identify the record(s) they wish to inspect. If the request is granted, the student will be provided with copies of the requested records or notified of the time and place where the records may be inspected. Students will be charged a fee for copies of requested records. If the request is denied or not responded to within 45 days, the student may appeal to the college's FERPA appeals officer. Additional information regarding the appeal procedures will be provided by the college's FERPA appeals officer, Office of Legal Affairs, Hunter College, Room 1706 HT, 695 Park Avenue, New York, NY 10065.

II. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the college to amend a record that they believe is inaccurate or misleading. They should write to the registrar, the dean of students, or other appropriate college official, clearly identify the record they want changed and specify why it is inaccurate or misleading. If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing before the college's FERPA appeals officer regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

III. The right to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to college officials with legitimate educational interests. A college official is a person employed by the university in an administrative, supervisory, academic or research, or support staff position; a person or company with whom the university has contracted; a person serving on the Board of Trustees; or a person serving on an official committee, such as a disciplinary or grievance committee, or assisting another college official in performing his or her tasks. A college official has a legitimate educational interest if access is reasonably necessary in order to perform his or her tasks. Upon request, the college will disclose education records without consent to officials of another college or school in which a student seeks or intends to enroll.

IV. You may appeal the alleged denial of FERPA rights to the: General Counsel and Vice Chancellor for Legal Affairs, The City University of New York, 555 East 80th Street, New York, NY 10065.

V. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA.

The name and address of the office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue SW, Washington, DC 20202-4605.

VI. The college will make the following "directory information" concerning current and former students available to those parties having a legitimate interest in the information: a student's name, attendance dates, telephone listing, home address, present address, e-mail address, major and minor fields of study, degrees and awards received, date of birth, place of birth, level of education and the most recent previous educational institution attended. By filing a form with the Registrar's Office, a student or former student may request that any or all of the above information not be released without his or her prior written consent. This form may be completed, withdrawn, or modified at any time. This policy shall be effective as of September 2000 and shall supersede prior policy on this issue.

---

CATEGORY IV HUMANITIES: LITERATURE
(6 credits)

1. 3 credits in literature written in the English language: ENGL 220 or BLPR 235, 236, 237

2. 3 additional credits in literature from one or more of the following categories:
   (a) literature originally written in English, or
   (b) literature presented in English translation, or
   (c) literature written in a foreign language and studies in that language.

CATEGORY V HUMANITIES AND THE ARTS
(9 credits)

No more than one course (3 credits) may be taken in any one department or program.

Group 1: (A maximum of 6 credits may be taken from this group)

ART — ART H 111
DANCE — DAN 102, 232
FILM AND MEDIA STUDIES — FILM 101
MUSIC — MUSHL 101, 107, MUSTH 101
THEATRE — THEA 101
HUMANITIES INTERDISCIPLINARY — HUM 201

Group 2: (A maximum of 6 credits may be taken from this group)

FILM AND MEDIA STUDIES — MEDIA 180
PHILOSOPHY — PHILO 101, 103, 104, 106, 201, 203, 204
RELIGION — REL 110, 111, 204, 205, 207, 251, 252, 253, 254
HUMANITIES INTERDISCIPLINARY — HUM 110

Group 3: (A maximum of 3 credits may be taken from this group)

BLACK AND PUERTO RICAN STUDIES — BLPR 220, 222, 141, 243
CHINESE — CHIN 111, 112
CLASSICS — CLA 101, 110, 201, 205, 220, 225, 226, 227
FRENCH — FREN 241, 242
GERMAN — GERMN 240
HEBREW — HEBR 240, 259, 288, 290, 292, 295
ITALIAN — ITAL 280, 394
RUSSIAN — RUSS 155, 156, 157, 158, 255, 294
SPANISH — SPAN 241

CATEGORY VI SOCIAL SCIENCE
(12 credits)

ANTHROPOLOGY — ANTHC 101, 126, 151
BLACK AND PUERTO RICAN STUDIES — BLPR 100, 101, 201, 202, 203, 204, 209, 210; or one course chosen from 102, 103; or one course chosen from 241, 242, 244
ECONOMICS — ECO 100, 200, 201
HISTORY — HIST 111, 112, 121, 122, 151, 152, 201, 210, 210, 277, 278, 288, 289
HUMAN GEOGRAPHY — GEOG 101, 221, 226; also 251 or 260, but not both
POLITICAL SCIENCE — POLSC 111, 112, 115, 117
PSYCHOLOGY — PSYCH 100; an additional course may be selected from PSYCH 140, 150, 160, 170, 180, 195
SOCIOLOGY — SOC 101; an additional course may be selected from SOC 217, 218, 253, 257
URBAN AFFAIRS — URB 101, 102, 201
IV. Extracurricular Activities
1. Students should be free to form and join associations to promote their common interests.
2. Students have the right to express their opinions, individually and collectively, and to support causes in a manner that does not disrupt the orderly operation of the college.

V. Standards of Conduct
1. Students should participate in the formulation of standards of behavior which are considered essential to the educational mission and community responsibilities of the college.
2. The code of conduct, as a set of regulations and procedures, should be clearly stated and published in a handbook or other generally available set of institutional regulations.
3. In all cases, disciplinary procedures should protect the student from capricious and prejudicial action. Such procedures should also satisfy the requirements of procedural due process, including written notice with details of charges, sufficient time to prepare a defense, right to assistance in the defense, right to cross-examine witnesses and to present evidence and the right to appeal the decision.

RESOLVED, That these rules and regulations be incorporated in each college bulletin.

Adopted by the Board of Trustees of The City University of New York on June 23, 1969 and amended on October 27, 1980 and May 22, 1989

RULES AND REGULATIONS FOR STUDENTS PURSUANT TO ARTICLE 224A OF THE NYS EDUCATION LAW
1. No person shall be expelled from or be refused admission as a student to an institution of higher education for the reason that he or she is unable, because of his or her religious beliefs, to register or attend classes or to participate in any examination, study or work requirements on a particular day or days.
2. Any student in an institution of higher education who is unable, because of his or her religious beliefs, to attend classes on a particular day or days shall, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.
3. It shall be the responsibility of the faculty and the administrative officials of each institution of higher education to make available to each student who is absent from school, because of his or her religious beliefs, an equivalent opportunity to register for classes or make up any examination, study or work requirements which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to the said student such equivalent opportunity.
4. If registration, classes, examinations, study or work requirements are held on Friday after four o'clock post meridian or on Saturday, similar or makeup classes, examinations, study or work requirements or opportunity to register shall be made available on other days, where it is possible and practicable to do so. No specific fees shall be charged to the student for these classes, examinations, study or work requirements or registration held on other days.
5. In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of each institution of higher education to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his or her availing himself or herself of the provisions of this section.
6. Any student who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the supreme court of the county in which such institution of higher education is located for the enforcement of his or her rights under this section.
6a. It shall be the responsibility of the administrative officials of each institution of higher education to give written notice to students of their rights under this section, informing them that each student who is absent from school, because of his or her religious beliefs, must be given an equivalent opportunity to register for classes or make up any examination, study or work requirements which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to such student such equivalent opportunity.
7. As used in this section, the term "institution of higher education" shall mean any institution of higher education, recognized and approved by the Regents of the university of the state of New York, which provides a course of study leading to the granting of a post-secondary degree or diploma. Such term shall not include any institution which is operated, supervised or controlled by a church or by a religious or denominational organization whose educational programs are principally designed for the purpose of training ministers or other religious functionaries or for the purpose of propagating religious doctrines.
8. As used in this section, the term "religious belief" shall mean beliefs associated with any corporate organization and operated exclusively for religious purposes, which is not disqualified for tax exemption under section 501 of the United States code.
Equal Opportunity Programs

Hunter College is an Equal Opportunity and Affirmative Action Institution. The college does not discriminate on the basis of race, color, national or ethnic origin, religion, age, sex, sexual orientation, transgender, marital status, disability, genetic predisposition or carrier status, sludge or citizenship, military or veteran status, or status as victim of domestic violence in its student admissions, employment, access to programs and administration of educational policies.

Rules and Regulations for the Maintenance of Public Order Pursuant to Article 129A of the NYS Education Law

The tradition of the university as a sanctuary of academic freedom and center of informed discussion is an honored one, to be guarded vigilantly. The basic significance of that sanctuary lies in the protection of intellectual freedom: the rights of professors to teach, of scholars to engage in the advancement of knowledge, of students to learn and to express their views, free from external pressures or interference. These freedoms can flourish only in an atmosphere of mutual respect, civility and trust among teachers and students, only when members of the university community are willing to accept self-restraint and re-

Academic freedom and the sanctity of the university campus extend to all who share these aims and responsibilities. They cannot be invoked by those who would subordinate intellectual freedom to political ends, or who violate the norms of conduct established to protect that freedom. Against such offenders the university has the right and indeed the obligation, to defend itself. We accordingly announce the following rules and regulations to be in effect at each of our colleges which are to be administered in accordance with the requirements of due process as provided in the Bylaws of the Board of Higher Education.

With respect to enforcement of these rules and regulations we note that the Bylaws of the Board of Higher Education provide that:

"THE PRESIDENT. The president, with respect to his educational unit, shall:

a. Have the affirmative responsibility of conserving and enhancing the educational standards of the college and schools under his jurisdiction;

b. Be the adviser and executive agent of the Board and of his respective College Committee and as such shall have the immediate supervision with full discretionary power in carrying into effect the bylaws, resolutions and policies of the Board, the lawful resolutions of any of its committees and the policies, programs and lawful resolutions of the several faculties;

c. Exercise general superintendence over the concerns, officers, employees and students of his educational unit...."

I. RULES

1. A member of the academic community shall not intentionally obstruct and/or forcibly prevent others from the exercise of their rights. Nor shall he interfere with the institution's educational processes or facilities, or the rights of those who wish to avail themselves of any of the institution's instructional, personal, administrative, recreational and community services.

2. Individuals are liable for failure to comply with lawful directions issued by representatives of the university/college when they are acting in their official capacities. Members of the academic community are required to show their identification cards when requested to do so by an official of the college.

3. Unauthorized occupancy of university/college facilities or blocking access to and from such areas is prohibited. Permission from appropriate college authorities must be obtained for removal, relocation and use of university/college equipment and/or supplies.

4. Theft from or damage to university/college premises or property, or theft of or damage to property of any person on university/college premises is prohibited.

5. Each member of the academic community or an invited guest has the right to advocate his position without having to fear abuse, physical, verbal, or otherwise from others supporting conflicting points of view. Members of the academic community and other persons on the college grounds shall not use language or take actions reasonably likely to provoke or encourage physical violence by demonstrators, those demonstrated against, or spectators.

6. Action may be taken against any and all persons who have no legitimate reason for their presence on campus within the university/college, or whose presence on any such campus obstructs and/or forcibly prevents others from the exercise of their rights or interferes with the institution's educational processes or facilities, or the rights of those who wish to avail themselves of any of the institution's instructional, personal, administrative, recreational and community services.

7. Disorderly or indecent conduct on university/college-owned or controlled property is prohibited.

8. No individual shall have in his possession a rifle, shotgun, or firearm knowingly have in his possession any other dangerous instrument or material that can be used to inflict bodily harm on an individual or damage upon a building or the grounds of the university/college without the written authorization of such educational institution. Nor shall any individual have in his possession any other instrument or material which can be used or is intended to inflict bodily harm on an individual or damage upon a building or the grounds of the university/college.

9. Any action or situation which recklessly or intentionally endangers mental or physical health or involves the forced consumption of liquor or drugs for the purpose of instigation or affiliation with any organization is prohibited.

10. The unlawful manufacture, distribution, dispensation, possession, or use of illegal drugs or other controlled substances by university employees in the workplace is prohibited. Employees of the university must also notify the college personnel director of any criminal drug statute conviction for a violation occurring in the workplace not later than five (5) days after such conviction.

11. The unlawful possession, use, or distribution of alcohol by students or employees on university/college premises or as part of any university/college activities is prohibited.

II. PENALTIES

1. Any student engaging in any manner in conduct prohibited under substantive Rules 1-11 shall be subject to the following range of sanctions as hereinafter defined in the attached Appendix: admonition, warning, censure, disciplinary probation, restitution, suspension, expulsion, ejection and/or arrest by the civil authorities.

2. ANY TENURED OR NON-TENURED FACULTY MEMBER, OR OTHER MEMBER OF THE INSTRUCTIONAL STAFF, OR MEMBER OF THE CLASSIFIED STAFF ENGAGING IN ANY MANNER IN CONDUCT PROHIBITED UNDER SUBSTANTIVE RULES 1-11 SHALL BE SUBJECT TO THE FOLLOWING RANGE OF PENALTIES: WARNING, CENSURE, RESTITUTION, FINE NOT EXCEEDING THOSE PERMITTED BY LAW TO THE BYLAWS OF THE CITY UNIVERSITY OF NEW YORK, OR SUSPENSION WITH/ WITHOUT PAY PENDING A HEARING BEFORE AN APPROPRIATE COLLEGE AUTHORITY, DISMISSAL AFTER A HEARING, EJECTION AND/OR ARREST BY THE CIVIL AUTHORITIES AND FOR ENGAGING IN ANY MANNER IN CONDUCT PROHIBITED UNDER SUBSTANTIVE RULES 1-11.

Rule 10, may, in the alternative, be required to participate satisfactorily in an appropriately licensed drug treatment or rehabilitation program. A tenured or non-tenured faculty member or other member of the instructional staff, or member of the classified staff charged with engaging in any manner in conduct prohibited under substantive Rules 1-11 be or she shall be entitled to be treated in accordance with applicable provisions of the Education Law, or the Civil Service Law, or the applicable collective bargaining agreement, or the Bylaws or written policies of The City University of New York.

3. Any visitor, licensee, or invitee engaging in any manner in conduct prohibited under substantive Rules 1-11 shall be subject to ejection and/or arrest by the civil authorities.

4. Any organization which authorized the conduct prohibited under substantive Rules 1-11 shall have its permission to operate on campus rescinded. Penalties 1-4
Sanctions Defined:

A. ADMONITION An oral statement to the offender that he/she has violated university rules.

B. WARNING Notice to the offender, orally or in writing, that continuation or repetition of the wrongful conduct, within a period of time stated in the warning, may be cause for more severe disciplinary action.

C. CENSURE Written reprimand for violation of specified regulation, including the possibility of more severe disciplinary sanction in the event of conviction for the violation of any university regulation within a period stated in the letter of reprimand.

D. DISCIPLINARY PROBATION Exclusion from participation in privileges or extracurricular university activities as set forth in the notice of disciplinary probation for a specified period of time.

E. RESTITUTION Reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.

F. SUSPENSION Exclusion from classes and other privileges or activities as set forth in the notice of suspension for a definite period of time.

G. EXPULSION Termination of student status for an indefinite period. The condition for readmission, if any is permitted, shall be stated in the order of expulsion.

H. COMPLAINT TO CIVIL AUTHORITIES

I. EJECTION

APPENDIX C

COLLEGE REGULATIONS AND POLICIES

COLLEGE REGULATIONS

Students should be aware of the following regulations:

- Students may not have personal or business mail or telegrams addressed to them at the college.
- The college cannot deliver messages to students except in cases of grave emergency.
- If a student has a visitor, a visitor's pass from the Office of Student Services is required.
- Students are required to present proper identification (Hunter ID Card) upon the request of any college official.
- The college does not provide a check-cashing service.
- No student or outsider may use any part of the college buildings (including bulletin boards) for soliciting or selling any merchandise without written permission from the dean of students.
- No student may be a self-appointed representative of the college.
- No pets or animals (except seeing-eye dogs) may be brought into college buildings.
- The use, possession and/or distribution of hallucinogenic drugs, barbiturates, amphetamines, narcotics and other dangerous drugs is prohibited by law and therefore by college regulations.
- Only wine and beer may be served at student sponsored functions. A representative of the sponsoring group must be present at the bar to assure compliance with the minimum drinking age.

Sexual Harassment Policy and Procedures

Sexual harassment is illegal. It is a form of sex discrimination in violation of Title VII of the 1964 Civil Rights Act, Title IX of the Education Amendments Act of 1972 and the official policy of The City University of New York. The City University of New York issued a policy in 1982 which was updated and reissued in October 1995. The policy prohibits sexual harassment of faculty, staff and students:

"It is the policy of The City University of New York to prohibit harassment of employees or students on the basis of sex. This policy is related to and is in conformity with the equal opportunity policy of the university to recruit, employ, retain and promote employees without regard to sex, age, race, color, or creed. Premises investigation of allegations will be made to ascertain the veracity of complaints and appropriate corrective action will be taken."

"It is a violation of policy for any member of the university community to engage in sexual harassment. It is also a violation of policy for any member of the university community to take action against an individual for reporting sexual harassment."

Hunter College adheres to CUNY policy and condems all forms of sexual intimidation and exploitation. For the purposes of this policy, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other intimidating verbal or written communications or physical conduct of a sexual nature.

This behavior constitutes sexual harassment when:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic standing;
2. submission to or rejection of such conduct by an individual is used at the basis for employment or academic decisions affecting that individual;
3. such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating an intimidating, hostile, or offensive working or learning environment.*

To implement CUNY's policy, Hunter College created a Sexual Harassment Awareness and Intake Committee. The Committee is responsible for reviewing all complaints of sexual harassment; and for making efforts to resolve those complaints informally, if possible. When informal resolution is not possible, the Committee Coordinator and/or Deputy Coordinator will fully investigate the complaint and report the results of the investigation to the college president (and dean of students, if the accused is a student).

Any student or other member of Hunter College may report allegations of sexual harassment to any member of the Sexual Harassment Awareness and Intake Committee. The names and phone numbers of the panel members are available in the coordinator's office and in departments and offices in the college. The complaint will be promptly investigated and will be handled as confidentially as possible. Resolution against complainants is specifically prohibited. Students, faculty or staff who are found, following applicable disciplinary proceedings, to have violated the CUNY Policy Against Sexual Harassment are subject to various penalties, including termination of employment and permanent dismissal from the university.

Further information on the Committee is available from the Coordinator. Pamphlets on sexual harassment and the official policy and procedures, can be found in every department of the college as well as in the Committee's office.

504/ADA Grievance Procedures

Hunter College encourages the prompt and equitable settlement of all complaints and grievances of discrimination in college programs under Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. Section 706) and the Americans with Disabilities Act of 1990 as amended (42 U.S.C. Section 12101-02). Toward that end, both informal and formal grievance procedures are established for the college.

These procedures are available to any student of the college who alleges any action relating to handicap which is prohibited by Section 504, the ADA, or the rules and regulations implementing those laws. No other issues may be raised in these proceedings.

The resolution of a grievance may pass through several steps. Initially, students are encouraged to discuss a complaint with the supervisor of the office involved. Often, this conversation will lead to steps that will alleviate the difficulty. If this discussion does not lead to a result that is satisfactory to the student, he or she should then begin an informal complaint process with the director of the Office for Access and Accommodations. If the informal complaint process does not yield results satisfactory to the student, a written formal complaint may be filed with the Vice President for Student Affairs.

Students may obtain a written explanation of the entire grievance procedure and the accompanying forms from Office for Access and Accommodations, Room 1124 Hunter East. The Section 504 and ADA Coordinator at Hunter College, Professor Tamara Green, is responsible for policies related to the disabled. She may be contacted in Room 1425A Hunter West; (212) 772-5061.
ATHLETIC PROGRAM PARTICIPATION NOTICE

The college files an annual report with the US secretary of education on intercollegiate athletics which includes information on the participation of males and females on its teams and the expenditures and revenues of those teams. Copies of the annual report on intercollegiate athletics are available at the reference desk of the library and on the college Web site.

DRUG-FREE SCHOOLS AND CAMPUSES, PUBLIC LAW 101-226

Hunter College is in compliance with the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226). The New York State minimum drinking age (21 years) is observed at all campus functions. Proof of age is required to consume alcoholic beverages and no individual appearing to be under the influence of alcohol will be served. All Hunter College organizations sponsoring events must, in advance of the event, agree to the following conditions:

1. No person shall sell or provide an alcoholic beverage to a person under the age of 21. Where documentation of age is unavailable or not reasonably certain, the law requires denial of an alcoholic beverage to that person.
2. No person shall sell or provide an alcoholic beverage to a person actually or apparently under the influence of alcohol.
3. No person shall sell or provide an alcoholic beverage to a person known to be a habitual excessive drinker.
4. All advertising, promotion, publicity, invitations, etc., stating the availability of alcoholic beverages at an event, must include the following statement:

   The unlawful possession, use or distribution of drugs is prohibited on the campus. Violators will be subject to penalties ranging from imprisonment and warning for a first infraction, to separation from the college for a subsequent offense.

   Legal sanctions against students alleged to be in violation of Public Law 101-226 will be determined according to Article 15 Section 3 of the CUNY Board of Trustees Bylaws. Sanctions for members of the instructional staff and non-instructional staff will be governed by Article VII of the CUNY Board of Trustees Bylaws and Article XIV, respectively.

   Assistance is available by calling:
   Hunter College Emergency Medical Services — (212) 772-4801
   Employee Assistance Program — (212) 772-4051
   Student Services — (212) 772-4882

The Hunter College Smoking Policy

Hunter College is a non-smoking environment (facility) pursuant to New York City Law.

THE CITY UNIVERSITY OF NEW YORK POLICY ON ACCEPTABLE USE OF COMPUTER RESOURCES

Introduction
CUNY’s computer resources are dedicated to the support of the university’s mission of education, research and public service. In furtherance of this mission, CUNY respects, upholds and endeavors to safeguard the principles of academic freedom, freedom of expression and freedom of inquiry.

CUNY recognizes that there is a concern among the university community that because information created, stored, transmitted or used in electronic form is by its nature susceptible to disclosure, invasion, loss, and similar risks, electronic communications and transactions are particularly vulnerable to infringements of academic freedom. CUNY’s commitment to the principles of academic freedom and freedom of expression includes electronic information. Therefore, whenever possible, CUNY will resolve doubts about the need to access CUNY computer resources in favor of a user’s privacy interest.

However, the use of CUNY computer resources, including for electronic transactions and communications, like the use of other university-provided resources and activities, is subject to the requirements of legal and ethical behavior. This policy is intended to support the free exchange of ideas among members of the CUNY community and between the CUNY community and other communities, while recognizing the responsibilities and limitations associated with such exchange.

Applicability
This policy applies to all users of CUNY computer resources, whether affiliated with CUNY or not, and whether accessing these resources on a CUNY campus or remotely.

This policy supersedes the CUNY policy titled “CUNY Computer User Responsibilities” and any college policies that are inconsistent with this policy.
Definitions
CUNY Computer resource refers to all computer and information technology hardware, software, data, and other resources owned, operated, or controlled by CUNY. This includes, but is not limited to, personal computers, handheld devices, workstations, mainframes, minicomputers, servers, network facilities, databases, memory, and associated peripherals and software, and the applications they support, such as e-mail and access to the Internet.

"E-mail" includes point-to-point messages, postings to newsgroups and listservs, and other electronic messages involving computers and computer networks.

Rules for Use of CUNY Computer Resources
1. Authorization. Users may not access a CUNY computer resource without authorization or use it for purposes beyond the scope of authorization. This includes attempting to circumvent CUNY computer system protection facilities by hacking, cracking or similar activities, accessing or using another person's computer account, and allowing another person to access or use the user's account. This provision shall not prevent a user from authorizing a colleague or clinical assistant to access information under the user's account on the user's behalf while away from a CUNY campus or because of a disability. CUNY computer resources may not be used to gain unauthorized access to another computer system within or outside of CUNY. Users are responsible for all actions performed from their computer account that they permitted or failed to prevent by taking ordinary security precautions.

2. Purpose. Use of CUNY computer resources is limited to activities relating to the performance by CUNY employees of their duties and responsibilities. For example, use of CUNY computer resources for private commercial or not-for-profit business purposes, private advertising of products or services, or for any activity meant solely to foster personal gain, is prohibited. Similarly, use of CUNY computer resources for partisan political activity is also prohibited.

3. Compliance with Law. CUNY computer resources may not be used for any purpose in any manner that violates CUNY rules, regulations or policies, or federal, state or local laws. Users who engage in electronic communications with persons in other states or countries or on other systems or networks may also be subject to the laws of those other states and countries, and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular use.

Examples of applicable federal and state laws include the laws of libel, obscenity and child pornography, as well as the following:
- Family Educational Rights and Privacy Act
- Electronic Communications Privacy Act
- Computer Fraud and Abuse Act
- New York State Freedom of Information Law
- New York State Law with respect to the confidentiality of library records

Examples of applicable CUNY rules and policies include the following:
- Sexual Harassment Policy
- Policy on Maintenance of Public Order
- Web Site Privacy Policy
- Gramm-Leach-Bliley Information Security Program
- University Policy on Academic Integrity
- Information Security policies

4. Licenses and Intellectual Property. Users of CUNY computer resources may use only legally obtained, licensed data or software and must comply with applicable licenses or other contracts, as well as copyright, trademark and other intellectual property laws.

Much of what appears on the Internet and/or is distributed via electronic communication is protected by copyright law, regardless of whether the copyright is expressly noted. Users of CUNY computer resources should generally assume that material is copyrighted unless they know otherwise, and not copy, download or distribute copyrighted material without permission unless the user does not exceed fair use as defined by the federal Copyright Act of 1976. Protected material may include, among other things, text, photographs, audio, video, graphic illustrations, and computer programs.

5. False Identity and Harassment. Users of CUNY computer resources may not employ a false identity, mask the identity of an account or computer resources to engage in abuse of others, such as sending harassing, obscene, threatening, abusive, deceptive, or anonymous messages within or outside CUNY.

6. Confidentiality. Users of CUNY computer resources may not invade the privacy of others by, among other things, viewing, copying, modifying or destroying data or programs belonging to or containing personal or confidential information about others, without explicit permission to do so. CUNY employees must take precautions to protect the confidentiality of personal or confidential information encountered in the performance of their duties or otherwise.

7. Integrity of Computer Resources. Users may not install, use or develop programs intended to interfere or damage a computer resource, or which could reasonably be expected to cause, direct or indirect, excessive strain on the computing facility. This includes, but is not limited to, programs known as computer viruses, Trojan horses, and worms. Users should consult with the IT director at their college before installing any programs that they are not sure are safe.

8. Disruptive Activities. CUNY computer resources must not be used in a manner that could reasonably be expected to cause or does cause, directly or indirectly, unwarranted or unsolicited interference with the activity of other users. This provision explicitly prohibits chain letters, viruses, hoaxes or other intentional e-mail transmissions that disrupt normal electronic service or otherwise exploit users' computer resources. Users must not permit or facilitate the use of such viruses, hoaxes or other intentional e-mail transmissions that disrupt normal electronic service or otherwise exploit users' computer resources.

9. CUNY Names and Trademarks. CUNY names, trademarks and logos belong to the university and are protected by law. Users of CUNY computer resources may not use such names, trademarks or logos without authorization, in any manner other than that explicitly authorized by the university. Affiliation with CUNY does not authori...
b. When it is reasonably necessary to do so to protect the integrity, security, or functionality of CUNY or other computer resources, as determined by the college chief information officer or his or her designee, after consultation with CUNY's chief information officer or his or her designee.

c. When it is reasonably necessary to diagnose and resolve technical problems involving system hardware, software, or communications, as determined by the college chief information officer or his or her designee, after consultation with CUNY's chief information officer or his or her designee.

d. When it is reasonably necessary to protect CUNY from liability, or when failure to act might result in significant bodily harm, significant property loss or damage, or loss of significant evidence, as determined by the college president or a vice president designated by the president, after consultation with the Office of General Counsel and the Chair of the University Faculty Senate (if a CUNY faculty member's account or activity is involved) or Vice Chair if the Chair is unavailable;

e. When there is a reasonable basis to believe that CUNY policy or federal, state or local law has been or is being violated, as determined by the college president or a vice president designated by the president, after consultation with the Office of General Counsel and the Chair of the University Faculty Senate (if a CUNY faculty member's account or activity is involved) or Vice Chair if the Chair is unavailable;

f. When an account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns, as determined by the college president or a vice president designated by the president and the college chief information officer or his or her designee, after consultation with CUNY's chief information officer or his or her designee, the Office of General Counsel, and the Chair of the University Faculty Senate (if a CUNY faculty member's account or activity is involved) or Vice Chair if the Chair is unavailable; or

g. As otherwise required by law.

In those situations in which the Chair of the University Faculty Senate is to be consulted prior to monitoring or inspecting an account or activity, the following procedures shall apply: (i) the college president shall report the results of the consultation to the chair and the CUNY employee affected, who shall also be advised that the results of the consultation are available to the college; and (ii) if the monitoring or inspection of an account or activity requires physical entry into a faculty member's office, the faculty member shall be advised prior thereto and shall be permitted to be present to observe, except where specifically forbidden by law.

A CUNY employee may apply to the General Counsel for an exemption from some or all of the circumstances under which CUNY may inspect and monitor computer resource activity and accounts, pursuant to subparagraphs (a)–(f) above, with respect to a CUNY computer resource used solely for the collection, examination, analysis, transmission or storage of confidential research data. In considering such applications, the General Counsel shall have the right to require the employee to affirm in writing that the computer resource will be used solely for the confidential research. Any application for exemption shall be made prior to using the computer resource for the confidential research.

CUNY, in its discretion, may disclose the results of any general or individual monitoring or inspection to appropriate CUNY personnel or agents, or law enforcement or other agencies. The results may be used in college disciplinary proceedings, discovery proceedings in legal actions, or otherwise as is necessary to protect the interests of the university.

In addition, users should be aware that CUNY may be required to disclose to the public under the New York State Freedom of Information Law communications made by means of CUNY computer resources in conjunction with university business.

Any disclosures of activity of accounts of individuals users to persons or entities outside of CUNY, whether discretionary or required by law, shall be approved by the General Counsel and shall be conducted in accordance with any applicable law, except where specifically forbidden by law. CUNY employees subject to such disclosures shall be informed promptly after the disclosure of the actions taken and the reasons for them.

The Office of General Counsel shall issue an annual statement of the instances of account monitoring or inspection that fall within categories (d) through (g) above. The statement shall indicate the number of such instances and the cause and result of each. No personally identifiable data shall be included in this statement.

See CUNY's Web Site Privacy Policy for additional information regarding data collected by CUNY from visitors to the CUNY Web site.

14. Enforcement. Violation of this policy may result in suspension or termination of an individual's right to access to CUNY computer resources, disciplinary action by appropriate CUNY authorities, referral to law enforcement authorities for criminal prosecution, or other legal action, including action to recover civil damages and penalties.

Violations will normally be handled through the university disciplinary procedures applicable to the relevant user. For example, alleged violations by students will normally be investigated, and any penalties or other discipline will normally be imposed, by the Office of Student Affairs.

CUNY has the right to temporarily suspend computer use privileges and to remove from CUNY computer resources material it believes violates this policy, pending the outcome of an investigation of misuse or finding of violation. This power may be exercised only by the President of each college or the Chancellor.

15. Additional Rules. Additional rules, policies, guidelines and/or restrictions may be in effect for specific computer systems, or networks, or at specific computer facilities in the discretion of the directors of those facilities. Any such rules which potentially limit the privacy or confidentiality of electronic communications or information contained in or delivered by or over CUNY computer resources will be subject to the substantive and procedural safeguards provided by this policy.

16. Disclaimers. CUNY shall not be responsible for any damages, costs or other liabilities of any nature whatsoever with regard to the use of CUNY computer resources. This includes, but is not limited to, damages caused by unauthorized access to CUNY computer resources, data loss, or other damages resulting from delays, non-deliveries, or service interruptions, whether or not resulting from circumstances under CUNY's control.

Users receive and use information obtained through CUNY computer resources at their own risk. CUNY makes no warranties (expressed or implied) with respect to the use of CUNY computer resources. CUNY accepts no responsibility for the content of Web pages or graphics that are linked from CUNY Web pages, for any advice or information received by a user through use of CUNY computer resources, or for any costs or charges incurred by a user as a result of seeking or accepting such advice or information.

CUNY reserves the right to change this policy and other related policies at any time. CUNY reserves the right to modify these policies and procedures in order to accommodate the needs of its users.

Notice of Access to Campus Crime Statistics, the Campus Security Report and Information on Registered Sex Offenders

The college Advisory Committee on Campus Safety will provide upon request all campus crime statistics as reported to the U.S. Department of Education, as well as the annual campus security report. The campus security report includes:

1. The campus crime statistics for the most recent calendar year and the two preceding calendar years;
2. Campus policies regarding procedures and facilities to report criminal actions or other emergencies on campus;
3. Policies concerning the security of and access to campus facilities;
4. Policies on campus law enforcement;
5. A description of campus programs to inform students and employees about campus security procedures and practices and to encourage students and employees to be responsible for their own safety and the security of others;
6. Campus crime prevention programs;
7. Policy concerning the monitoring through the police of criminal activity at off-campus locations of students organizations officially recognized by the college;
8. Policies on illegal drugs, alcohol and underage drinking;
9. Where information provided by the State on registered sex offenders may be obtained (also see below); and
10. Policies on campus sexual assault programs aimed at the prevention of sex offenses and procedures to be followed when a sex offense occurs. This information is maintained pursuant to the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

The campus crime statistics and the annual campus security report are available at the reference desk of the library and the college Web site at http://publicsafety.hunter.cuny.edu/subpages/annualcrimereport.shtml. If you wish to be mailed copies of the campus crime statistics and the annual campus security report, you may contact Louis Mader, Director of Public Safety and Security at (212) 772-4521 and copies will be mailed to you within 10 days. The U.S. Department of Education's Web site address for campus crime statistics is http://www.ed.gov/securit y/InstDetail.asp (then input the name of the school).

In accordance with the federal Campus Sex Crimes Prevention Act, registered sex offenders now are required to register the name and address of any college at which he or she is a student or employee. The New York State Division of Criminal Justice maintains a registry of convicted sex offenders and informs the college's chief security (public safety) officer of the presence of campus of a registered sex offender as a student or employee. You may contact the college's chief security officer, Louis Mader, Director of Public Safety and Security, 1212 West, (212) 772-4521 to obtain information about Level 2 or Level 3 registered sex offenders on campus. To obtain information about Level 3 offenders, you may contact the Division's Registry Web site at http://www.criminaljustice.state.ny.us/sexoffender.html and then click on "Search for Level 3 Sex Offenders" or access the directory at the college's public safety department or police precinct. To obtain information about Level 2 offenders, you need to contact the public safety department, local police precinct in which the offender resides or attends college, or the Division's sex offender registry at 800-262-3257.
PROCEDURES FOR HANDLING STUDENT COMPLAINTS ABOUT FACULTY CONDUCT IN ACADEMIC SETTINGS

1. INTRODUCTION
The university and its colleges have a variety of procedures for dealing with student-related issues, including grade appeals, academic integrity violations, student discipline, disclosure of student records, student elections, sexual harassment complaints, disability accommodations, and discrimination. One area not generally covered by other procedures concerns student complaints about faculty conduct in the classroom or other formal academic settings. The university respects the academic freedom of the faculty and will not interfere with it as it relates to the content or style of teaching activities. Indeed, academic freedom is and should be of paramount importance. At the same time the university recognizes its responsibility to provide students with a procedure for addressing complaints about faculty treatment of students that are not protected by academic freedom and are not covered by other procedures. Examples might include incompetent or inefficient service, neglect of duty, physical or mental incapacity and conduct unbecoming a member of the staff.

2. DETERMINATION OF APPROPRIATE PROCEDURE
If students have any question about the applicable procedure to follow for a particular complaint, they should consult with the chief student affairs officer. In particular, the chief student affairs officer should advise a student if some other procedure is applicable to the type of complaint the student has.

3. INFORMAL RESOLUTION
Students are encouraged to attempt to resolve complaints informally with the faculty member or to seek the assistance of the department chairperson or campus ombudsman to facilitate informal resolution.

4. FORMAL COMPLAINT
If the student does not pursue informal resolution, or if informal resolution is unsuccessful, the student may file a written complaint with the department chairperson or, if the chairperson is the subject of the complaint, with the academic dean or a senior faculty member designated by the college president. (This person will be referred to below as the "Fact Finder").

a. The complaint shall be filed within 30 calendar days of the alleged conduct unless there is good cause shown for delay, including but not limited to delay caused by an attempt at informal resolution. The complaint shall be as specific as possible in describing the conduct complained of.

b. The Fact Finder shall promptly send a copy to the faculty member about whom the complaint is made, along with a letter stating that the filing of the complaint does not imply that any wrongdoing has occurred and that a faculty member must not retaliate in any way against a student for having made a complaint. If either the student or the faculty member has reason to believe that the department chairperson may be biased or otherwise unable to deal with the complaint in a fair and objective manner, he or she may submit to the academic dean or the senior faculty member designated by the college president a written request stating the reasons for that belief if the request appears to have merit, that person may, in his or her sole discretion, replace the department chairperson as the Fact Finder.

c. The Fact Finder shall meet with the complaining student and faculty member, either separately or together, to discuss the complaint and to try to resolve it. The Fact Finder may seek the assistance of the campus ombudsman or other appropriate person to facilitate informal resolution.

d. If resolution is not possible, and the Fact Finder concludes that the facts alleged by the student, taken as true and viewed in the light most favorable to the student, establish that the conduct complained of is clearly protected by academic freedom, he or she shall issue a written report dismissing the complaint and setting forth the reasons for dismissal and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. Otherwise, the Fact Finder shall conduct an investigation. The Fact Finder shall separately interview the complaining student, the faculty member and other persons with relevant knowledge and information and shall also consult with the chief student affairs officer and, if appropriate, the campus ombudsman. The Fact Finder shall not reveal the identity of the complaining student and the faculty member to others except to the extent necessary to conduct the investigation. If the Fact Finder believes it would be helpful, he or she may meet again with the student and faculty member after completing the investigation in an effort to resolve the matter. The complaining student and the faculty member shall have the right to have a representative (including a union representative, student government representative or attorney) present during the initial meeting, the interview and any post-investigation meeting.

e. At the end of the investigation, the Fact Finder shall issue a written report setting forth his or her findings and recommendations, with particular focus on whether the conduct in question is protected by academic freedom, and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. In ordinary cases, it is expected that the investigation and written report should be completed within 30 calendar days of the date the complaint was filed.

5. APPEALS PROCEDURE
If either the student or the faculty member is not satisfied with the report of the Fact Finder, the student or faculty member may file a written appeal to the chief academic officer within 10 calendar days of receiving the report. The chief academic officer shall convene and serve as the chairperson of an Appeals Committee, which shall also include the chief student affairs officer, two faculty members elected annually by the faculty council or senate and one student elected annually by the student senate. The Appeals Committee shall review the findings and recommendations of the report, with particular focus on whether the conduct in question is protected by academic freedom. The Appeals Committee shall not conduct a new fact finding investigation or overturn any factual findings contained in the report unless they are clearly erroneous. If the Appeals Committee decides to reverse the Fact Finder in a case where there has not been an investigation because the Fact Finder erroneously found that the alleged conduct was protected by academic freedom, it may remand to the Fact Finder for further proceedings. The committee shall issue a written decision within 20 calendar days of receiving the appeal. A copy of the decision shall be sent to the student, the faculty member, the department chairperson and the president.

6. SUBSEQUENT ACTION
Following the completion of these procedures, the appropriate college official shall decide the appropriate action, if any, to take. For example, the department chairperson may decide to place a report in the faculty member's personnel file or the president may bring disciplinary charges against the faculty member. Disciplinary charges may also be brought in extremely serious cases even though the college has not completed the entire investigative process described above; in that case, the bringing of disciplinary charges shall automatically suspend that process. Any action taken by a college must comply with the bylaws of the university and the collective bargaining agreement between the university and the Professional Staff Congress.

7. CAMPUS IMPLEMENTATION
Each campus shall implement these procedures and shall distribute them widely to administrators, faculty members and students and post them on the college Web site.

8. BOARD REVIEW
During the spring 2005 semester, the Chancellors shall conduct a review of the experience of the colleges with these procedures, including consultation with administrators, faculty and students, and shall report the results of that review to the Board of Trustees, along with any recommended changes.

THE CITY UNIVERSITY OF NEW YORK
MEDICAL WITHDRAWAL AND RE-ENTRY POLICY AND PROCEDURES GOVERNING STUDENT BEHAVIOR THAT PRESENTS A DIRECT THREAT OF HARM TO SELF OR OTHERS OR SUBSTANTIALLY DISRUPTS THE LEARNING OR WORKING ENVIRONMENT OF OTHERS

1. Introduction
The City University of New York ("CUNY") is committed to the academic success and personal growth of its students. As part of that commitment, CUNY and its constituent campuses are responsible for providing a safe learning and working environment for students, faculty, staff and other members of the university community. Some students may, because of a medical condition, engage in behavior that presents a direct threat of harm to themselves or others, or substantially disrupts the learning or working environment of others. In such situations, the safety and security of the campus community, including the individual student, is paramount. This policy does not replace or supersede reasonable and appropriate security and health and safety measures, such as calling 911 or taking other immediate action in case of imminent threat to life or limb.

In addition to taking action to protect the security and safety of the campus community, a college may address the student's conduct to determine if action under this policy or under the student disciplinary process is appropriate. When a student's conduct that directly threatens or substantially disrupts the learning or working environment of others appears to relate to a medical condition, the campus may, at its option, address the student's conduct either in accordance with this policy, or through the student disciplinary process. If the student's conduct constitutes a threat solely to him or herself, it should be addressed under this policy rather than the disciplinary process.

2. Policy
a. As an alternative to disciplinary action that may be taken under Article XV of CUNY's Bylaws, a college of CUNY may bring a proceeding to require a student to withdraw from the university, or, under some circumstances, the student's home college and/or from residence in a college residence hall under this withdrawal policy and procedures when the student's behavior evidences a direct threat of harm to others, or when the student's behavior substantially disrupts the learning or working environment of others. A direct threat means a significant risk of harm to health or safety.
b. A student who threatens to commit or attempts to commit suicide, and who does not otherwise threaten direct harm to others or substantially disrupts the learning or working environment of others, shall not be subject to disciplinary action for that conduct under Article XV of the CUNY's Bylaws. If a college determines that withdrawal of the student or retention of the student subject to specified conditions is appropriate because the student's behavior threatens direct harm to him or herself, the procedures outlined below shall apply instead of disciplinary procedures.

c. A student who withdraws is or is withdrawn from the university, a college or college residence hall pursuant to this policy may apply for re-entry to the University, a college and/or to a college residence hall. The application for re-entry shall be made to the student's home college's Chief Student Affairs Officer, who shall determine whether the student still presents a direct threat of harm to him or herself or others or presents a significant risk to substantially disrupt the learning or working environment of others. If the Chief Student Affairs Officer or designee determines, based on the assessment of a qualified, licensed mental health professional, that there is not a significant risk that the behavior that required withdrawal will be repeated, he or she shall approve the student's application for re-entry.

3. Procedures

A. Emergency Interim Removal

1. If a student's behavior presents an immediate, severe and direct threat to him or herself or others (by evidencing a likelihood of harm to him or herself or others), or is substantially disrupting the learning or working environment of others, the Chief Student Affairs Officer or designee (if such Officer is not immediately available) may direct an emergency interim removal of the student that restricts the student's access to the College's campus or residence hall, as appropriate, for an interim period before a final determination of the matter. The Chief Student Affairs Officer or designee shall consult with the university's Office of the General Counsel prior to making any such direction.

2. The fact that a student has threatened to commit suicide or attempted suicide, by itself, does not allow the Chief Student Affairs Officer or designee to direct an emergency interim removal. In all cases involving such students, the Chief Student Affairs Officer or designee must attempt to have the student individually assessed by a mental health professional as outlined below in A.3 before deciding whether to direct an emergency interim removal.

3. Except as permitted in III A.1. above, before determining whether to require an emergency interim removal, the Chief Student Affairs Officer or designee shall take the following steps:

a. exercise all reasonable efforts to meet with the student; and

b. in that meeting, offer the student the opportunity to be evaluated at the college's expense by a qualified, licensed mental health professional, who may be an employee of a college of CUNY or CUNY or on retainer to a college of CUNY or CUNY. Whenever possible, that professional shall have had no prior contact with the student. The professional shall assess whether the student's behavior presents an immediate, severe and direct threat to him or herself or others or presents a significant risk to repeat behavior that substantially disrupts the learning or working environment of others. In so doing, whether the student's behavior may be the result of a medical issue. That professional shall present his or her findings to the Chief Student Affairs Officer or designee, who shall determine based on those findings and other evidence available whether emergency interim removal under these procedures is appropriate.

c. If the student refuses to meet, and/or refuses to undergo such assessment or to keep a scheduled appointment, the Chief Student Affairs Officer or designee may require emergency interim removal without a meeting and/or mental health assessment if he or the reasonably concludes on the basis of the available evidence that the student's behavior evidences an immediate, severe and direct threat of harm to the student or others or is substantially disrupting the working or learning environment of others and presents a significant risk to continue that substantial disruption. The Chief Student Affairs Officer or designee shall consult with the university's Office of the General Counsel before making such a determination.

4. The emergency interim removal from the college and/or residence hall shall remain in effect until a final decision has been made pursuant to the procedures below, unless, before a final decision is made, the Chief Student Affairs Officer or designee determines that the reasons for imposing the interim removal no longer exist.

B. Withdrawal After Emergency Interim Removal

1. If a student has been subjected to an emergency interim removal from the college and/or residence hall, the college shall request retention with conditions or voluntary withdrawal within 7 calendar days of such removal. Should the request for retention with conditions or voluntary withdrawal request be refused, the college shall determine within 7 calendar days of such refusal whether to take further action against the student, including whether to initiate involuntary withdrawal proceedings or disciplinary proceedings under Article XV of the CUNY Bylaws, as applicable under II A. above, and shall send notice of either such proceeding in accordance with the notice requirements of the applicable procedure within that 7-day period. For students who have been subjected to an emergency interim removal without having undergone the assessment procedures outlined in III A. above, the same assessment procedures outlined below in B.2 a priori to determining its course of action.

2. In cases where the student has been subjected to an emergency interim removal without assessment, the procedure for determining whether withdrawal is appropriate is as follows:

a. The Chief Student Affairs Officer or designee shall exercise best efforts to meet with the student to discuss the student's behavior and to hear the student's explanation of the alleged behavior. If, after hearing the explanation, the Officer or designee still wishes to consider the possibility of the student's withdrawal, he or she shall offer the student an opportunity to be evaluated, at the college's expense, by a qualified, licensed mental health professional, who may be an employee of a college of CUNY or CUNY, or on retainer to a college of CUNY or CUNY. Whenever possible, that professional shall have had no prior contact with the student. The professional shall make findings concerning whether the student's behavior presents a direct threat of harm to him or herself or others or presents a significant risk to repeat behavior that substantially disrupts the learning or working environment of others and if so, whether the student's behavior may be the result of a medical issue. The professional shall report such findings to the Chief Student Affairs Officer, who shall, based on those findings, and after consultation with the university's Office of the General Counsel, determine the appropriate action, including whether to request that the student withdraw from the university, the college and/or the college's residence hall or whether to request that the student agree to specified conditions in lieu of withdrawal.

b. If the student refuses to undergo the requested assessment, or fails to keep the scheduled appointment, and the Chief Student Affairs Officer reasonably concludes on the basis of the available evidence that the student's behavior presents a direct threat of harm to him or herself or others or substantially disrupts the learning or working environment of others and presents a significant risk to repeat behavior that substantially disrupts the learning or working environment of others, the Chief Student Affairs Officer may request that the student voluntarily withdraw from the university, the college and/or the college's residence hall. The Chief Student Affairs Officer shall consult with the university's Office of the General Counsel before making any such request.

c. If the student agrees to the request for voluntary withdrawal or to the specified conditions, the Chief Student Affairs Officer or designee shall (i) discuss with the student the procedures and consequences of voluntary withdrawal or the specified conditions, as applicable; (ii) discuss the circumstances with the student's parents or legal guardians as permissible by law and as appropriate; (iii) consult with the student's academic advisor or department, as appropriate; (iv) consult with the residence hall director, as appropriate; (v) refer the student to appropriate resources for treatment; and (vi) advise the student concerning the process for applying for re-entry, as well as on conditions for re-entry, if applicable and appropriate.

d. If the student does not agree to the request for voluntary withdrawal or to the specified conditions, the Chief Student Affairs Officer or designee shall (i) discuss with the student the procedures and consequences of involuntary withdrawal or the specified conditions, as applicable; (ii) discuss the circumstances with the student's parents or legal guardians as permissible by law and as appropriate; (iii) consult with the student's academic advisor or department, as appropriate; (iv) consult with the residence hall director, as appropriate; (v) refer the student to appropriate resources for treatment; and (vi) advise the student concerning the process for applying for re-entry, as well as on conditions for re-entry, if applicable and appropriate.
b. Involuntary Withdrawal

(1) If the student does not agree to the request for voluntary withdrawal or to the specified conditions, the Chief Student Affairs Officer shall determine, in consultation with the University's Office of the General Counsel, whether to take further action against the student, including whether to initiate involuntary withdrawal proceedings or disciplinary proceedings under Article XV of the CUNY Bylaws.

(2) Before initiating involuntary withdrawal proceedings under this procedure, the Chief Student Affairs Officer shall follow the assessment procedures outlined above in B.2.

2. Students Who Present a Direct Threat of Harm Solely To Themselves

a. The College shall follow the assessment and other procedures outlined above in B.2.a-d. in order to determine the appropriate course of action.

D. Involuntary Withdrawal Procedures

1. The following shall be the procedures for involuntary withdrawal:

a. Notice of the involuntary withdrawal hearing and the time and place of the hearing shall be personally delivered or sent by the Chief Student Affairs Officer or designee of the student's home college to the student at the address appearing on the records of the college, by overnight or certified mail, by regular mail, and, for students who have a college e-mail address, to that e-mail address. Notice of at least five business days shall be given to the student in advance of the hearing unless the student consents to an earlier hearing.

b. The notice shall contain (i) a statement of the reasons involuntary withdrawal is sought (ii) a statement of the withdrawal sought (from the university, the college, and/or from the college residence hall); and (iii) a statement that the student has a right to present his or her side of the story, to present witnesses and evidence on his or her behalf, to cross-examine witnesses presenting evidence against the student, to remain silent without assumption of guilt, and to be represented by legal counsel or an advisor at the student's expense.

c. CUNY shall constitute a Health Review Panel, comprised of qualified, licensed mental health professionals employed by a college of CUNY or by CUNY, or on retainer to a college of CUNY or CUNY. CUNY's Vice Chancellor for Student Development shall appoint the members of the Health Review Panel. Members of the Health Review Panel, in committees constituted separately for each hearing ("Health Review Committee"), shall be responsible for adjudicating all involuntary withdrawal hearings held according to these procedures. For each involuntary withdrawal hearing, the Vice Chancellor for Student Development or his designee shall constitute a three-person Health Review Committee from the Health Review Panel to adjudicate at that hearing. No member of the Health Review Committee shall have had prior contact with the student. All decisions of the Health Review Committee shall be made by majority vote.

d. The hearing shall be closed, unless the student requests an open hearing. However, the Health Review Committee may overrule a request for an open hearing if it determines that an open hearing would be inappropriate or disruptive in light of the nature of the evidence to be presented.

e. After the evidence is presented at the hearing, the Health Review Committee shall determine whether the college has proved, by a preponderance of the evidence, that the student's behavior presents a direct threat of harm to him or herself or others, or has substantially disrupted the learning or working environment of others and presents a significant risk of threatening further substantial disruption of the learning or working environment of others, and if so, what the appropriate remedy should be. The Health Review Committee may also set reasonable and appropriate conditions on re-entry. The decision of the Health Review Committee shall be made within five business days from the close of the hearing.

E. Appeals

An appeal from the decision of the Health Review Committee may be made to the President of the student's home college or the President's designee within thirty calendar days after the delivery of the decision appealed from. The President or designee shall make his or her determination on the appeal within fifteen business days from receipt of the appeal. The President's decision may be appealed to the Chancellor of the university or his or her designee within thirty calendar days after the delivery of the President's decision on appeal. The Chancellor or designee's decision shall be made within fifteen business days from receipt of the appeal. The Chancellor (or designee's) decision shall be final. The bases overturning a decision of the Health Review Committee at both levels of review are limited to the following: (i) clearly erroneous factual findings; (ii) procedural irregularities; (iii) newly available evidence that would have affected the outcomes; (iv) the remedy and/or conditions on re-entry were unreasonable or inappropriate.

F. Re-entry

1. A student who is withdrawn from the university, a student's home college and/or a college residence hall under this policy may be considered for re-entry.

2. A student wishing to be considered for re-entry should contact his or her home college's Chief Student Affairs Officer and provide appropriate documentation of behavioral change and resolution of the initial behavioral problem, including compliance with any conditions that may have been set for re-entry.

3. A student may apply for re-entry to the university, a college and/or a college residence hall no more than one time per term.

4. In assessing an application for re-entry, the Chief Student Affairs Officer or designee shall: (i) in cases in which he or she determines that an additional mental health assessment is necessary, refer the student for assessment to a qualified, licensed mental health professional, at the college's expense; (ii) receive, investigate, and examine appropriate relevant documentation, including assessments made by college- or school-designated mental health professionals; and, if applicable, licensed treating mental health professionals; (iii) consult with the Health Review Committee, in cases in which the student's withdrawal was adjudicated by such a Committee; (iv) contact the student's parents or legal guardians as permissible by law, if appropriate; (v) provide an opportunity for the student to meet with the Chief Student Affairs Officer or designee to discuss re-entry.

5. If the Chief Student Affairs Officer or designee determines, based on the evidence presented, that there is not a significant risk that the behavior that required withdrawal will be repeated, he or she may, in the judgment of such officer or designee, reconsider the student's request for re-entry. In such cases, the Chief Student Affairs Officer or designee shall initiate the re-entry process, provide the student with written conditions for continued attendance, and inform any relevant administrators of the student's re-entry.

6. If the Chief Student Affairs Officer or designee determines that the application for re-entry should be denied, he or she shall provide the student with a written explanation of the reasons for the denial and specify when the next request for re-entry may be considered.

7. A student may appeal the Chief Student Affairs Officer or designee's denial of re-entry to the college President or designee within thirty calendar days after the delivery of the decision denying re-entry. The President or designee shall make his or her determination on the appeal within thirty calendar days from receipt of the appeal. The President's decision may be appealed to the Chancellor of the university or his or her designee within thirty calendar days after the delivery of the President's decision on appeal. The Chancellor or designee's decision shall be made within thirty calendar days from receipt of the appeal. The Chancellor (or designee's) decision shall be final. The basis for overruling a decision on appeal at either level shall be limited to a determination that the decision on re-entry was clearly erroneous.

G. Effect on Academic Status

In the event of a withdrawal pursuant to this policy, a notation of withdrawal shall appear on the student's transcript for all classes taken during that semester. The Chief Student Affairs Officer at a student's home college may grant a student request that, in lieu of withdrawal, a notation of incomplete shall appear on his or her transcript for classes taken during that semester if and only if there is a reasonable prospect that the student will eventually complete such classes, subject to faculty approval for each such class. Regardless of the notation that appears on a student's transcript, the Chief Student Affairs Officer of the student's home college shall inform the Vice Chancellor for Student Development of the student's withdrawal in order to effectuate a hold by the University Application Processing Center on the student's ability to transfer or otherwise seek admission to another college of CUNY.

H. Effect on Housing Status

If the student has been living in a college residence hall and will not be permitted to continue to do so, the student's contract will be canceled and fees refunded on a prorated basis.

I. Confidentiality

The results of examinations by mental health professionals to whom students are referred for assessment at any stage in the withdrawal or readmission process shall be confidential student records, except that if the results indicate that the student presents an imminent, severe, and direct threat of harm to him or herself or others, those results may be shared with the appropriate individuals in order to attempt to prevent the occurrence of such harm. The results of these examinations shall be admissible in involuntary withdrawal hearings but shall not be admissible in disciplinary hearings, unless the student places his or her health, including mental health, at issue in a disciplinary hearing.

J. Board Review

During the fall 2009 semester, the Chancellors will conduct a review of the experience of the colleges with these procedures and shall report the results of that review to the Board of Trustees, along with any recommended changes.
Appendix D

COLLEGE GOVERNANCE

Hunter College has several governing assemblies, most of which provide for student participation.

The Hunter College Senate
Room 1018 Hunter East
The Hunter College Senate, chartered in 1976, is the principal governing body of the college and the only such body that holds a Governance Charter with the CUNY Board of Trustees. The Senate has authority to determine college policy matters related to:

1. Curriculum
2. Academic requirements and standards
3. Instruction and the evaluation of teaching
4. College development, including master plan
5. Computing and technology

Representatives of the faculty, student body, and administration constitute the voting membership of the Senate and serve for a term of two years. The elected officers of the Senate include the chairperson, vice-chairperson, secretary, and the chairperson of the Executive Council, who constitutes the Senate Administrative Committee. There are 16 standing committees and a varying number of special and ad-hoc committees. These committees accomplish much of the work of the Senate. Reports and resolutions from these committees are discussed and voted on at Senate meetings.

Membership on committees is representative and open to all faculty and students by election of the full Senate from a slate recommended by the Nominating Committee and by member nominations from the Senate floor.

Regular meetings of the Senate are planned for two hours and are held twice a month. Additional monthly meetings may be called as needed.

Election of faculty and student membership to the Senate occurs during the spring semester.

Faculty members and students are encouraged to become involved in the meetings of the Hunter College Senate and its committees.

Further information may be obtained by visiting the Senate Office.

The Faculty Delegate Assembly
Room 1414 Hunter East
The Faculty Delegate Assembly is the official faculty organization of the college. Composed of two faculty members elected from each department/school, as well as the 10 representatives of the College to the University Faculty Senate, it works closely with the president, the provost, the Hunter College Senate and the Professional Staff Congress to maintain the academic standing of the college and to implement the suggestions of the faculty. In addition, the FDA publishes the Faculty Newsletter twice each semester and updates periodically a Handbook for Faculty.

The Student Governments
Undergraduate Room 121 Hunter North
Graduate Room 218 Thomas Hunter

These elected student groups have an essential role in the life of the college by allocating the "student activity fee," by chartering of student organizations and by serving as representatives of students on matters of college policy.

Hunter College Ombudsman
Room 1016 Hunter East

The ombudsman is empowered by the Hunter College Governance Charter to investigate complaints and grievances by any member of the college community (student, faculty, staff, or administration) about a problem or condition in the college. When requested and where possible, the anonymity of a complainant will be protected and names will not be used in any reports the ombudsman may make.

When someone feels unfairly treated or unjustly disadvantaged, the ombudsman can advise the person of the available appeals procedures, recommend corrective action to be taken by the appropriate college officers, or recommend changes in college procedures or regulations that would eliminate such injustices in the future.

The ombudsman may be reached at (212) 772-4203.

Faculty Personnel and Budget Committee (FP&B)
Composed of the president, the provost and the chair of departments, FP&B is concerned with appointments, reappointment, promotion, and other faculty personnel matters.

Departmental Committees
Each department has bylaws approved by the Senate. These bylaws provide for a number of committees, most of which are open to student members. Further information is available in the appropriate departmental office.

College Name
The official name of the college, which must be used in correspondence and on application forms for employment, admission to graduate school and transfer to other institutions, is "Hunter College of The City University of New York." Merely referring to "The City University of New York" or "CUNY" will result in the correspondence or application being sent to the Board of Trustees, thereby causing delay in processing.

Appendix E

BYLAWS OF THE BOARD OF TRUSTEES

ARTICLE XV - STUDENTS

Section 15.0 PREAMBLE
Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the general well-being of society. Student participation, responsibility, academic freedom, and due process are essential to the operation of the academic enterprise. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth.

Freedom to learn and to explore major social, political, and economic issues are necessary adjuncts to student academic freedom, as is freedom from discrimination based on race, ethnic, religious, sex, political, and economic differences.

Freedom to learn and freedom to teach are inseparable facets of academic freedom. The commitments of the college and the faculty-student disciplinary committee are to develop positively in their freedom; if these rights are to be secure, then students should exercise their freedom with responsibility.

Section 15.1 CONDUCT STANDARD DEFINED
Each student enrolled or in attendance in any college, school or unit under the control of the board and every student organization, association, publication, club or chapter shall obey the laws of the city, state and nation, and the bylaws and resolutions of the board, and the policies, regulations, and orders of the college.

The faculty and student body at each college shall share equally the responsibility and the power to establish, subject to the approval of the board, more detailed rules of conduct and regulations in conformity with the general requirement of this article.

This regulatory power is limited by the right of students to the freedoms of speech, press, assembly and petition as applied to others in the academic community and to citizens generally.

Section 15.2 STUDENT ORGANIZATIONS

a. Any group of students may form an organization, association, club or chapter by filing with the duly elected student government organization of the college or school in which they are enrolled or in attendance, and may have a faculty sponsor designated by the faculty of the college or school at which they are enrolled or in attendance, and the student organization shall have the right to organize or continue at any college or school. No organizations, military or semi-military in character, not connected with established college or school courses, shall be permitted without the authorization of the faculty and the duly elected student government and the board.

b. Extra-curricular activities at each college or school shall be regulated by the duly elected student government. In addition to the effective conduct of such college or school as an institution of higher learning and for the prevention of public disorder, the board may, in its discretion, prohibit the organization of any student group or club or chapter of the board unless such organization complies with the standards of conduct of the character set forth in bylaw 15.1. Such powers shall include:

1. The power to charter or otherwise authorize teams (excluding intercollegiate athletics), publications, organizations, associations, clubs or chapters, and, when appropriate in the exercise of such regulatory power, the power to refuse, suspend or revoke any charter or other authorization for cause after hearing on notice.

2. The power to delegate responsibility for the effective implementation of its regulatory functions hereunder to any officer or committee which it may appoint. Any aggrieved student or group whose charter or other authorization has been refused, suspended, or revoked may appeal such adverse action by such officer or committee of student government to the duly elected student government. On appeal an aggrieved student or group shall be entitled to a hearing following the due process procedures as set forth in section 15.3. Following such hearing the duly elected student government shall have the authority to set aside, decrease or confirm the adverse action.

c. Any person or organization affiliated with the college may file charges with an office of the dean of students alleging that a student publication has surreptitiously attacked the religion, race, ethnic origin or sex of a particular group or that it otherwise contravenes the laws of the city, state or nation, or bylaw or resolution of the board, or any policy, regulation or order of the college, within a reasonable period of time after such occurrence. If the dean of students determines, after making such inquiries as he/she may deem appropriate, that the charges are substantial, he/she shall attempt to resolve the dispute, failing which he/she shall promptly submit the charges to the faculty-student disciplinary committee for disposition in accordance with the due process procedures of section 15.3 thereof.
the committee sustains the charges or any part thereof against the student publication, the committee shall be empowered to (1) reprimand the publication, or (2) recommend to the appropriate funding bodies the withdrawal of budget funds. The funding body shall have the authority to implement fully, modify, or overrule the recommendations. d. Each college shall establish a student elections review committee in consultation with the various student governments. The student elections review committee shall approve the election procedures and certify the results of elections for student governments, and student body referenda. e. Student government elections shall be scheduled and conducted, and newly elected student governments shall take office, in accordance with policies of the board, and implementing regulations.

Section 15.3. STUDENT DISCIPLINARY PROCEDURES

Complaint Procedures:

a. Any charge, accusation, or allegation which is to be presented against a student, and, if proved, may subject a student to disciplinary action, must be submitted in writing in complete detail to the office of the dean of students promptly by the individual, organization or department making the charge.

b. The chief student affairs officer of the college or his or her designee will conduct a preliminary investigation in order to determine whether disciplinary charges should be preferred. The chief student affairs officer or his or her designee will advise the student of the charge(s) against him or her, consult with other parties who may be involved or who have information regarding the incident, and review other relevant evidence. Following this preliminary investigation, which shall be concluded within thirty (30) calendar days of the filing of the complaint, the chief student affairs officer or designee shall take one of the following actions:
   (i) Dismiss the matter if there is no basis for the allegation(s) or the allegation(s) does not warrant disciplinary actions. The individuals involved shall be notified that the complaint has been dismissed;
   (ii) Refer the matter to conciliation. If a matter is referred to conciliation the accused student shall receive a copy of the notice required pursuant to section 15.3.c. of this bylaw; or
   (iii) Prefer formal disciplinary charges.

Conciliation Conference:

c. The conciliation conference shall be conducted by the counselor in the office of the dean of students or a qualified staff or faculty member designated by the chief student affairs officer. The following procedures shall be in effect at this conference:
   1. An effort will be made to resolve the matter by mutual agreement.
   2. If an agreement is reached, the counselor shall report his/her recommendation to the chief student affairs officer for approval and, if approved, the complainant shall be notified.
   3. If no agreement is reached, or if the student fails to appear, the counselor shall refer the matter back to the chief student affairs officer who will prefer disciplinary charges.
   4. The counselor is precluded from testifying in a college hearing regarding information received during the conciliation conference.

Notice of Hearing and Charges:

a. Notice of the charge(s) and of the time and place of the hearing shall be personally delivered or sent by the chief student affairs officer of the college to the student at the address appearing on the records of the college, by registered or certified mail and by regular mail. The hearing shall be scheduled within a reasonable time following the filing of the charges or the conciliation conference. Notice of at least five business days shall be given to the student in advance of the hearing unless the student consents to an earlier hearing.

b. The notice shall contain the following:
   1. A complete and itemized statement of the charges against the student including the rule, bylaw or regulation he/she is charged with violating, and the possible penalties for such violation.
   2. A statement that the student has the following rights:
      (i) to present his/her side of the story;
      (ii) to present witnesses and evidence on his/her behalf;
      (iii) to cross-examine witnesses presenting evidence against the student;
      (iv) to remain silent without assumption of guilt; and
      (v) to be represented by legal counsel or an adviser at the student's expense.
   3. A warning that anything the student says may be used against him/her at a non-college hearing.

Faculty-Student Disciplinary Committee Procedures:

f. The following procedures shall apply at the hearing before the faculty-student disciplinary committee:
   1. The chairperson shall preside at the hearing. The chairperson shall inform the student of the charges, the hearing procedures and his or her rights.
   2. After informing the student of the charges, the hearing procedures, and his or her rights, the chairperson shall ask the student charged to plead guilty or not guilty. If the student pleads guilty, the student shall be given an opportunity to explain his/her actions before the committee. If the student pleads not guilty, the college shall present its case. At the conclusion of the college's case, the student may move to dismiss the charges. If the motion is denied by the committee the student shall be given an opportunity to present his or her defense.
   3. Prior to accepting testimony at the hearing, the chairperson shall rule on any motions questioning the impartiality of any committee member or the adequacy of the notice of the charge(s). Subsequent thereto, the chairperson may only rule on the sufficiency of the evidence and may exclude irrelevant, immaterial or unduly repetitive evidence. However, if either party wishes to question the impartiality of a committee member on the basis of evidence which was not previously available at the inception of the hearing, the chairperson may rule on such a motion. The chairperson shall exclude all persons who are to appear as witnesses, except the accused student.
   4. The college shall make a record of each fact-finding hearing by some means such as a stenographic transcript, a tape recording or the equivalent. A disciplined student is entitled upon request to a copy of such a transcript, tape or equivalent without cost.
   5. The student is entitled to a closed hearing but has the right to request an open public hearing. However, the chairperson has the right to hold a closed hearing when an open public hearing would adversely affect and be disruptive of the committee's normal operations.
   6. The college bears the burden of proving the charge(s) by a preponderance of the evidence.
   7. The role of the faculty-student disciplinary committee is to listen to the testimony, ask questions of the witnesses, review the testimony and evidence presented at the hearing and the papers filed by the parties and render a determination as to guilt or innocence. In the event the student is found guilty, the committee shall then determine the penalty to be imposed.
   8. At the end of the fact-finding phase of the hearing, the student may introduce additional records, such as character references. The college may introduce a copy of the student's previous disciplinary record, where applicable, provided the student was shown a copy of the record prior to the commencement of the hearing. The disciplinary record shall be submitted to the committee in a sealed envelope and shall not be opened until after the committee has made its findings of fact. In the event the student has been determined to be guilty of the charge or charges the records and documents introduced by the student and the college shall be opened and used by the committee for dispositional purposes, i.e., to determine an appropriate penalty if the charges are sustained.
   9. The committee shall deliberate in closed session. The committee's decision shall be based solely on the testimony and evidence presented at the hearing and the papers filed by the parties.
   10. The student shall be sent a copy of the faculty-student disciplinary committee's decision within five days of the conclusion of the hearing. The decision shall be final subject to the student's right of appeal.
   11. Where a student is represented by legal counsel the president of the college may request that a lawyer from the general counsel's office appear at the hearing to present the college's case.

Section 15.4 APPEALS

An appeal from the decision of the faculty-student disciplinary committee may be made to the president who may confirm or decrease the penalty but not increase it. His/her decision shall be final except in the case of dismissals or suspension for more than one term. An appeal from a decision of dismissal or suspension for more than one term may be made to the appropriate committee of the board. Any appeal under this section shall be made in writing within fifteen days after the delivery of the decision appealed from. This requirement may be waived in a particular case for good cause by the president or board committees as the case may be. If the president is a party to the dispute, his/her functions with respect to an appeal shall be discharged by an official of the university to be appointed by the chancellor.

Section 15.5 COMMITTEE STRUCTURE

a. Each faculty-student disciplinary committee shall consist of two faculty members and two student members and a chairperson. A quorum shall consist of the chair and any two members. Hearings shall be scheduled at a convenient time and efforts shall be made to insure full student and faculty representation.

b. The president shall select in consultation with the head of the appropriate campus governance body or where the president is the head of the governance body, its executive committee, three (3) members of the instructional staff of that college to receive training and to serve in rotation as chair of the disciplinary committee, if
none of the chairpersons appointed from the campus can serve, the president, at his/her discretion, may request that a chairperson be selected by lottery from the entire group of chairpersons appointed by other colleges. The chairperson shall preside at all meetings of the faculty-student disciplinary meetings and decide and make all rulings for the committee. He/she shall not be a voting member of the committee but shall vote in the event of a tie.

c. The faculty members shall be selected by lot from a panel of six elected annually by the appropriate faculty body from among the persons having faculty rank or faculty status. The student members shall be selected by lot from a panel of six elected annually in an election in which all students registered at the college shall be eligible to vote. In the event that the student or faculty panel or both are not elected, or if more panel members are needed, the president shall have the duty to select the panel or panels which have not been elected. No individuals on the panel shall serve on the panel for more than two consecutive years.

d. In the event that the chairperson cannot continue, the president shall appoint another chairperson. In the event that a student or faculty seat becomes vacant and it is necessary to fill the seat to continue the hearing, the seat shall be filled from the faculty or student panel by lottery.

e. Persons who are to be participants in the hearings as witnesses or have been involved in preferring the charges or who may participate in the appeals procedures or any other person having a direct interest in the outcome of the hearing shall be disqualified from serving on the committee.

Section 15.6 SUSPENSION OR DISMISSAL
The board reserves full power to dismiss or suspend a student, or suspend a student organization for conduct which impedes, obstructs, or interferes with the orderly and continuous administration and operation of any college, school, or unit of the university in the use of its facilities or in the achievement of its purposes as an educational institution.

The chancellor or chancellor's designee, a president or any dean may in emergency or extraordinary circumstances, temporarily suspend a student, or temporarily suspend the privileges of a student organization or group for cause, pending an early hearing as provided in bylaw section 15.5, to take place within not more than seven (7) school days. Prior to the commencement of a temporary suspension of a student, the college shall give such student oral or written notice of the charges against him/her, and, if he/she denies them, the college shall forthwith give such student an informal oral explanation of the evidence supporting the charges and the student may present informally his/her explanation or theory of the matter. When a student's presence poses a continuing danger to person or property or an ongoing threat of disrupting the academic process, notice and opportunity for denial and explanation may follow suspension, but shall be given as soon as feasible thereafter.

Section 15.7 THE UNIVERSITY STUDENT SENATE
There shall be a university student senate responsible, subject to the board, for the formulation of university-wide student policy relating to the academic status, role, rights, and freedoms of the student. The authority and duties of the university student senate shall extend to areas of interest which fall exclusively within the domain of the student government of the constituent units of the university. Consistent with the authority of the board of trustees in accordance with the education law and the bylaws of the board of trustees, the university student senate shall make its own bylaws providing for the election of its own officers, the establishment of its own rules and procedures, for its internal administration and for such other matters as may be necessary for its efficient operation. The university student senate shall have all the full rights and responsibilities that are accorded student organizations as provided in these bylaws. The delegates and alternate delegates to the university student senate shall be elected by their respective constituent units, or by their student governments from the elected members of the respective student governments.

Section 15.8 COLLEGE GOVERNANCE PLANS
The provisions in a duly adopted college governance plan shall not be inconsistent with the provisions contained in this article.

ARTICLE XVI - STUDENT ACTIVITY FEES AND AUXILIARY ENTERPRISES
Section 16.1 STUDENT ACTIVITY FEE
The student activity fee is the total of the fees for student government and other student activities. Student activity fees, including student government fees collected by a college of the university shall be deposited in a college central depository and, except where earmarked by the board, allocated by a college association budget committee subject to review by the college association as required in these bylaws.

Section 16.2 STUDENT ACTIVITY FEES USE — EXPENDITURE CATEGORIES
Student activity fee funds shall be allocated and expended only for the following purposes:
1. Extracurricular educational programs;
2. Cultural and social activities;
3. Recreational and athletic programs;
4. Student government;
5. Publications and other media;
6. Assistance to registered student organizations;
7. Community service programs;
8. Enhancement of the college and university environment;
9. Transportation, administration and insurance related to the implementation of these activities;
10. Student services to supplement or add to those provided by the university;
11. Stipends to student leaders.

Section 16.3 STUDENT GOVERNMENT FEE
The student government fee is that portion of the student activity fee levied by resolution of the board which has been established for the support of the student government activities. The existence of the student government fee is effective shall continue until changed. Student government fees shall be allocated by the duly elected student government, or each student government which more than one duly elected student government exists, for its own use and for the use of student organizations, as specified in section 15.2. of these bylaws, provided, however, that the allocation is based on a budget approved by the duly elected student government after notice and hearing, subject to the review of the college association.

Where more than one duly elected student government exists, the college association shall apportion the student government fees to each student government in direct proportion to the amount collected from members of each student government.

Section 16.4 STUDENT GOVERNMENT ACTIVITY DEFINED
A student government activity is any activity operated by and for the students enrolled at any unit of the university provided, (1) such activity is for the direct benefit of students enrolled at the college, (2) that participation in the activity and the benefit thereof is available to all students enrolled in the unit or student government thereof, and (3) that the activity does not constitute the laws of the city, state or nation, or the published rules, regulations, and orders of the university or the duly established college authorities.

Section 16.5. COLLEGE ASSOCIATION
a. The college association shall have responsibility for the supervision and review over college student activity fee supported budgets. All budgets of college student activity fees, except where earmarked by the board to be allocated by another body, should be developed by a college association budget committee and recommended to the college association for review by the college association prior to expenditure. The college association shall review all college student activity fee, including student government fee allocations and expenditures for conformance with the expenditure categories defined in Section 16.2 of this article and the college association shall disapprove any allocation or expenditure if it finds does not conform, or is inappropriate, improper, or inequitable.

b. A college association shall be considered approved for purposes of this article if it consists of thirteen (13) members, its governing documents are approved by the college president and the following requirements are met:

1. The governing board of the college association is composed of:
   (i) The college president or his/her designee as chair.
   (ii) Three administrative members appointed by the college president.
   (iii) Three faculty members appointed by the college president from a panel whose size is twice the number of seats to be filled and the panel is elected by the appropriate college faculty governance body.
   (iv) Six student members comprised of the student government president(s) and other elected students with the student seats allocated on a basis which provides representation to each college, where more than one exists, as nearly as practicable in proportion to the student activity fees provided by the students from the respective constituencies.

2. The college association structure provides a budget committee composed of members of the governing board, at least a majority of whom are students selected in accordance with section 16.5(b)(1)(b) of these bylaws. The budget committee shall be empowered to receive and review student activity fee budget requests and to develop a budget subject to the review of the college association. The college association may choose to not approve the budget or portions of the budget if in their opinion such items are inappropriate, improper, or inequitable. The budget shall be returned to the budget committee with the specific concerns of the college association noted for further deliberation by the budget committee and subsequently submitted to the college association. If the budget is not approved within thirty (30) days the portions of the budget voted upon and approved by the college association board will be allocated. The remainder shall be held until the college association and the budget committee agree.

3. The governing documents of the college association have been approved by the board's general counsel and approved by the board.

276
Section 16.6 MANAGEMENT AND DISBURSEMENT OF FUNDS
The college and all student activity fee allocating bodies shall employ generally accepted accounting and investment procedures in the management of all funds. All funds for the support of student activities are to be disbursed only in accordance with approved budgets and be based on written documentation. A requisition for disbursement of funds must contain two signatures; one, the signature of a person with responsibility for the program; the other, the signature of an approved representative of the allocating body.

Section 16.7 REVENUES
All revenues generated by student activities funded through student activity fees shall be placed in a college central depository subject to the control of the allocating body. The application of such revenues to the account of the income generating organization shall require the specific authorization of the allocating body.

Section 16.8 FISCAL ACCOUNTABILITY HANDBOOK
The chancellor or his/her designee shall promulgate regulations in a fiscal accountability handbook, to regulate all aspects of the collection, deposit, financial disclosure, accounting procedures, financial payments, documentation, contracts, travel vouchers, investments, and surpluses of student activity fees and all other procedural and documentary aspects necessary, as determined by the chancellor or his/her designee to protect the integrity and accountability of all student activity fee funds.

Section 16.9 COLLEGE PURPOSES FUND
A college purposes fund may be established at each college and shall be allocated by the college president. This fund may have up to twenty-five (25) percent of the unmarked portion of the student activity fee earmarked to it by resolution of the board, upon the presentation to the board of a list of activities that may be properly funded by student activity fees that are deemed essential by the college president. Expenditures from the college purposes fund shall be subject to full disclosure under section 16.13 of these bylaws. Referenda of the student body with respect to the use and amount of the college purposes fund shall be permitted under the procedures and requirements of section 16.12 of these bylaws.

Section 16.10 AUXILIARY ENTERPRISE BOARD
a. The auxiliary enterprise board shall have responsibility for the oversight, supervision, and review over college auxiliary enterprises. All budgets of auxiliary enterprise funds and all contracts for auxiliary enterprises shall be developed by the auxiliary enterprise budget and contract committee and reviewed by the auxiliary enterprise board prior to expenditure or execution.

b. The auxiliary enterprise board shall be considered approved for the purposes of this article if it consists of at least eleven (11) members, its governing documents are approved by the college president and the following requirements are met:
1. The governing board is composed of the college president or his/her designee as chair, plus an equal number of students and the combined total of faculty and administrative members.
2. The administrative members are appointed by the college president.
3. The faculty members are appointed by the college president from a panel whose size is twice the number of seats to be filled and the panel is elected by the appropriate college faculty governance body.
4. The student members are the student government president(s) and other elected students and the student seats are allocated on a basis which will provide representation to each government, where more than one exists, as nearly as practicable, in proportion to the student enrollment by headcount from the respective constituencies.
5. The auxiliary enterprise board structure provides for a budget and contract committee composed of a combined total of faculty and administrative members that is one more than the number of student members. The budget and contract committee shall be empowered to develop all contract and budget allocation proposals subject to the review and approval of the auxiliary enterprise board.
6. The governing documents of the auxiliary enterprise board have been reviewed by the board's general counsel and approved by the board.

b. The president of the college shall have the authority to suspend and seek back for further review any student activity fee, including student government fee, allocation or expenditure which in his or her opinion is not within the expenditure categories defined in section 16.2 of this article. The college association shall, within ten (10) days of receiving a proposed allocation or expenditure for further review, study it and make a recommendation to the president with respect to it. The college president shall, without consideration of the recommendation, shall consult with the general counsel and vice chancellor for legal affairs and, thereafter, communicate his/her final decision to the allocating body as to whether the allocation or expenditure is disapproved.

c. The chancellor or his/her designee shall have the same review authority with respect to university student activity fees that the college president has with respect to college student activity fees.

d. All disapprovals exercised under this section shall be filed with the general counsel and vice chancellor for legal affairs.

e. Recipients of extramural student activity fees shall present an annual report to the chancellor for the appropriate board committee detailing the activities, benefits and finances of the extramural body as they pertain to the colleges where students are paying an extramural fee.

Section 16.12 REFERENDA
A referendum proposing changes in the student activity fee shall be initiated by a petition of at least ten (10) percent of the appropriate student body and voted upon in conjunction with student government elections.

a. Where a referendum seeks to earmark student activity fees for a specific purpose or organization without changing the total student activity fee, the results of the referendum shall be sent to the college association for implementation.

b. Where a referendum seeks to earmark student activity fees for a specific purpose or organization by changing the total student activity fee, the results of such referendum shall be sent to the board by the president of the college together with his/her recommendation.

c. At the initiation of a petition of at least ten (10) percent of the appropriate student body, the college president may schedule a student referendum as a convenient time other than in conjunction with student government elections.

d. Where the referendum seeks to affect the use or amount of student activity fees in the college purposes fund, the results of the referendum shall be sent to the board by the college president together with his/her recommendation.

Section 16.13 DISCLOSURE
a. The college president shall be responsible for the full disclosure to each of the student governments of the college of all financial information with respect to student activity fees.

b. The student governments shall be responsible for the full disclosure to their constituents of all financial information with respect to student government fees.

c. The student activity fee allocating bodies shall be responsible for the full disclosure of all financial information to its membership, to the college and to the student governments with respect to all of its activities.

d. The auxiliary enterprise board shall be responsible for the full disclosure of all financial information to its membership, to the college and to the student governments with respect to auxiliary enterprises.

e. For purposes of the foregoing paragraphs, full disclosure shall mean the presentation each semester of written financial statements which shall include, but need not be limited to, the source of all fee income by constituency, income from other sources creditable to student activity fee accounts, disbursements, transfers, past reserves, surplus accounts, contingency and stabilization funds. Certified independent audits performed by a public auditing firm shall be conducted at least once each year.

Section 16.14 STIPENDS.
The payment of stipends to student leaders is permitted only within those time limits and amounts authorized by the board.
Appendix F

HUNTER COLLEGE POLICY ON ACADEMIC INTEGRITY: PROCEDURES FOR ACADEMIC DISHONESTY

To initiate the procedure for addressing an allegation of academic dishonesty, faculty members must first determine if they are seeking an academic sanction or a disciplinary sanction. An academic sanction involves a grade penalty only (i.e., a reduced grade); a disciplinary sanction involves various penalties, which may include a grade penalty.

I. Procedure for Academic Sanctions

a. When the faculty member suspects academic dishonesty and wants only an academic sanction, the professor should first confer with the student. If the student admits to the violation, the instructor should inform the student of the grade penalty and report the action taken on the “Report Form: Academic Dishonesty—Academic Sanctions” to the Hunter College Academic Integrity Official, currently Dean Michael Escott, in the Office of Student Services, room 1103 East.

b. If the student admits to academic dishonesty but believes the grade penalty is too severe, the instructor should fill out the appropriate line on the “Report Form: Academic Dishonesty—Academic Sanctions” to the Hunter College Academic Integrity Official. The instructor shall submit the grade at the end of the semester. At that point, the student may contest the grade sanction by appealing the course grade through the college’s grade appeal procedure. Once the student has admitted the violation, s/he may contest only the severity of the grade sanction, not the dishonesty allegation itself. If the student appeals the grade, the departmental and Senate grade appeals committee should send copies of their findings to the Hunter College Academic Integrity Official.

c. If the student denies the allegation of academic dishonesty, the faculty member will report that this is the student’s position on “Report Form: Academic Dishonesty—Academic Sanctions.” The matter will then be reviewed and a judgment rendered by the Academic Integrity Review Committee (described below).

d. Students who either admit to an act of academic dishonesty or are found to have committed one by the Academic Integrity Review Committee will receive a letter from Hunter College Academic Integrity Official notifying them that this matter has been reported to the Office of Student Services. When an academic dishonesty accusation is resolved by the Academic Integrity Review Committee, the student and faculty member will be notified of the findings.

II. Procedure for Disciplinary Sanctions

a. If the faculty member suspects academic dishonesty and seeks a disciplinary sanction (see “Report Form: Academic Dishonesty—Disciplinary Sanctions” for a list of options), which may also include an academic sanction, the faculty member should submit the following “Report Form: Academic Dishonesty—Disciplinary Sanctions” to the Hunter College Academic Integrity Official. (Disciplinary sanctions are not issued when only academic sanctions are sought. The college always retains the right, however, to bring disciplinary charges against the student if there is a history of academic dishonesty.)

b. The allegation against the student will then be adjudicated, as is currently done, through the CUNY Faculty Student Disciplinary Procedure. This procedure, in its entirety, can be found on page 275, appendix E, of the Hunter College Undergraduate Catalog 2007-2010.

III. Academic Integrity Review Committee

The purpose of the Academic Integrity Review Committee is to review evidence when an academic sanction is being sought and when the allegations of academic dishonesty are in dispute. The Committee will proceed in the following manner:

(i) If the charge of academic dishonesty is denied by the student, the faculty member will advise the student that the matter has been referred to Hunter College Academic Integrity Official, who will initiate the fact-finding process to be conducted by the Academic Integrity Review Committee.

(ii) A panel of three Academic Integrity Review Committee members will be selected and convened by Hunter College Academic Integrity Official to review the evidence for each case.

(iii) The faculty member and student will be invited to present their case at a formal hearing, which will be conducted within 30 days of receipt of “The Report Form: Academic Dishonesty—Academic Sanctions.”

(iv) The Committee will deliberate in closed session (i.e., with neither student nor instructor present) and submit its findings, in writing, to the Hunter College Academic Integrity Official, who will then notify the faculty member and student. Although faculty members reserve the right to submit grades whenever they deem appropriate, they are encouraged not to submit grades for the disputed work or a final course grade until they have been notified of the committee’s findings. Students may appeal the final course grade through the college’s grade appeal process.

Committee Structure:
The Academic Integrity Review Committee will be appointed by the Vice President for Student Affairs. The Hunter College Senate will nominate four faculty members and eight students to serve on this committee. The Faculty Senate will also nominate four faculty members.

A panel of three, consisting of two faculty members and one student selected from the sixteen committee members, will be convened by the Hunter College Academic Integrity Official for each review or hearing. Faculty members and graduate students affiliated with the department, and undergraduate students majoring in the department’s programs, will not be selected to serve on that particular panel.

IV. Clarifications of the Process

All questions regarding these procedures or the college’s disciplinary process should be referred to the Hunter College Academic Integrity Official, currently Dean Michael Escott (Room 1103 East, telephone (212) 772-4876 or email at michael.escott@hunter.cuny.edu).
Appendix G

FIRE SAFETY PLAN

Instructions
A. If you see a fire, do the following:
   1. Call the Fire Department (911), or
   2. Call the Public Safety Emergency Number (Security) (212) 772-4444, or
   3. Pull the fire alarm.
   4. Then, follow the procedures below:

B. Procedures
   a. Evacuate your area.
   b. Close, but do not lock, doors.
   c. Follow instructions transmitted over the public address system.
   d. Proceed to evacuate the building through designated exits.
   e. Evacuate to street or if not directed otherwise over the public address system.
   f. Before entering any stairwell, touch the door with the palm of your hand. If it is warm or hot, do not enter the stairwell. Proceed to the next stairwell.
   g. When leaving the building keep your head turned to the center of the stairway.
   h. Walk downstairs do not run. Do not panic. Remain calm.
   i. It is dangerous to use elevators during an evacuation. Only use elevators when authorized to do so by fire emergency personnel.
   j. When using the down escalators, make long and wide turns going from one escalator to the next escalator in order to prevent congestion.
   k. When you are outside the building, move away from the entrance approximately 200 feet.
   l. Wait for the all-clear signal before re-entering the building.

HUNTER COLLEGE
DEPARTMENT OF PUBLIC SAFETY
FIRE SAFETY PLAN FOR THE DISABLED

This Fire Safety Plan for the Disabled is established to provide for the safety of the disabled members of the Hunter College community and disabled visitors to the college in the event of a fire or other life-threatening emergency. The plan will be implemented in any situation in which there may be a need to relocate disabled persons to a safe location.

The Fire Safety Plan for the Disabled identifies the New York City Fire Department as the agency having the primary responsibility for relocating any disabled person from an endangered floor to a safe location. However, if the Fire Department or other New York City emergency agency response is not exercised in a timely fashion and the situation requires immediate removal of disabled persons, Public Safety and Security Personnel will transport such individual or individuals to a safe location.

The Fire Safety Plan for the Disabled is a part of the Hunter College Fire Safety Plan. All faculty, staff and students are advised to read and be fully familiar with the entire Fire Safety Plan.

Instructions
A. If you see a fire, do the following:
   1. Call the Fire Department (911), or
   2. Call the Public Safety Emergency (Security) number, 772-4444, or
   3. Pull the fire alarm.
   4. Then, follow these procedures:

B. Procedures for the Disabled
   1. During an emergency, the entire floor may or may not need to be evacuated. In either case, when you hear the emergency alarm, assemble by any exit door near the elevators.
   2. Do not enter the stairwell. Do not use an elevator unless directed by the Fire Department.

Relocation Procedures for the Disabled
If it is necessary to evacuate the entire floor, a member of the Fire Department will search the entire floor to locate disabled persons. The emergency personnel will remove you to a safe location by elevator or stairwell. A notice containing these procedures shall be placed on each floor.

Hunter North-Special Instructions
1. In Hunter North, go to the area near the Fire Tower. The entrance to the Fire Tower is located at the north end of the west corridor (the corridor parallel to Park Avenue).
2. Do not enter the Fire Tower stairwell unless the major portion of the college community has completed its descent.

Other Precautions
1. Remain calm. Your safety and the security of others depend on the absence of panic.
2. Before entering any stairwell, touch the door leading into the stairwell. If the door is warm or hot, do not open or enter the stairwell. Proceed to the next stairwell.
3. If you cannot reach a stairwell near an elevator and you are in an office or classroom and have access to a phone, call Security at 772-4444. Disabled persons and persons who are trapped are the only persons who should call Public Safety during a fire emergency.
4. If you are in an area with a door and cannot reach an exit near the elevators, seal the crack around the door with rags or clothing.
5. Public Safety and Security has a chart indicating all the special rooms in the library designated for use by the disabled. These rooms will be checked during a fire emergency.

What Emergency Personnel Will Do
1. The person who searches the floor will report your location to the fire command station. The fire command station will inform the Fire Department of your location.
2. If you are in need of relocation and the Fire Department is not available to relocate you, a member of the Public Safety and Security Department will relocate you to a safe location.
3. If necessary, you will be relocated to a safe floor or taken out of the building.

Orientation
1. Orientation to the Fire Safety Plan, including the relocation procedures, will be provided for disabled faculty, students and staff yearly under the auspices of the 504 Committee.
2. Orientation for new disabled students will be included in the orientation program for entering freshmen.
3. Instructions regarding the Fire Safety Plan and Relocation Procedures will be included in the regularly conducted fire drills.

Locating Disabled Persons
A. Public Safety maintains class schedules for disabled students and work schedules for disabled faculty and staff. These schedules will be used to assist emergency personnel to locate disabled persons in an emergency.
B. Students are responsible for reporting their class schedules, their work schedules and schedule changes to the Coordinator for Disabled Student Services (Room 1100 Hunter East).
C. Disabled faculty and staff are responsible for reporting their work schedules and schedule changes to the director of personnel (Room 1302A Hunter East).

Responsibility for Implementation
The director of the Department of Public Safety is responsible for the implementation of the Fire Safety Plan.

Distribution
The Fire Safety Plan for Disabled Persons will be distributed to all faculty, staff and students who have identified themselves as disabled. The Fire Safety Plan for the Disabled will be distributed with the Hunter College Fire Safety Plan.
FIRE SAFETY PLAN FOR DISABLED PERSONS

Assessing and Relocation Procedures

When there is a fire alarm in one of the college's buildings, disabled persons who are unable to walk down steps should assemble at one of the Disabled Persons Fire Emergency Assembly Areas (DPFEAA).

These areas are located on every floor of Hunter's four buildings in the immediate vicinity of each building's elevators. They are near the two stairwells closest to the elevators. The areas are identified by wall signs that identify the area as a Disabled Persons Fire Emergency Assembly Area.

During a fire alarm, fire wardens, fire wardens, fire wardens, and security personnel have been directed to communicate the number, the location and the status of all disabled persons via Fire Warden phones or through security personnel to Hunter College's Fire Command Station. The public safety person at the Fire Command Station will notify members of the New York City Fire Department of the status of all disabled persons in the building as soon as the firefighters arrive on the campus.

No person should ever use an elevator in a fire unless so directed by Fire Department personnel. Using an elevator in a fire is extremely dangerous. The college has been informed by the New York City Fire Department that the use of elevators in a fire has, in many cases, resulted in many unfortunate and unnecessary deaths.

The New York City Fire Department has informed Hunter College that the Fire Department has the primary responsibility to determine if elevators can be used to transport disabled persons during fire emergencies. Fire Department officials also state that they are responsible for relocating disabled persons to a safe location if such relocation is necessary.

The New York City Fire Department considers transporting disabled persons in an emergency a highly risky procedure. The relocation process may subject disabled persons to accidents and injuries. However, if it is necessary to relocate disabled persons during an emergency, the Fire Department will handle the relocation of disabled persons using safe procedures and experienced Fire Department personnel.

If elevators can be used during a fire alarm, the Fire Department considers the use of elevators the best method of relocation because it is practical, safe and efficient. This explains the Fire Department's position of advocating emergency assembly areas for disabled persons. (The Fire Department often refers to this type of assembly area as a refuge area.)

When there is a report of a fire alarm in the building (note: The alarm may be a false alarm or the fire may be in a small section of the building) if disabled persons are not in any danger from the fire or its smoke, the Fire Department does not automatically recommend the relocation of disabled persons. In most cases, the Fire Department would not recommend that such persons be removed from the building. Instead, the Fire Department would recommend that such persons be moved to a safe location within the building.

Note: It is extremely important that the Hunter College community understand the procedure of the New York City Fire Department for evacuating a building that is experiencing a fire. Everyone in the building should not automatically be evacuated to the street. Nor should everyone be relocated within the building. This is the policy for ambulatory persons as well as non-ambulatory persons.

If you have any questions regarding the standards used to determine the need for evacuating the buildings, call the Director of Public Safety and Security at (212) 772-4521.

When Public Safety Officers Will Relocate Disabled Persons if, for any reason, a disabled person is in imminent danger due to fire, smoke or similar circumstances on campus and members of the Fire Department are not present to relocate the disabled person, Public Safety Officers and other members of the College Fire Brigade will assume the responsibility of relocating that person to a safe location.

Public Safety Officers and members of the Fire Brigade operating under the direction of the Fire Safety Director will take command and make immediate arrangements to have the appropriate disabled person(s) moved to a safe location if necessary.

Note: The Public Safety Officer in charge of the evacuation process will determine the number of carriers needed to relocate a disabled person. Factors to be considered when making these assignments will be the weight of the disabled person, the weight of the wheelchair, the width of the staircase and any other factors that are deemed necessary to successfully carry out these functions without accident.

Procedures:

Person Who Is Visually Impaired

A disabled person who is visually impaired and has to be relocated, but is able to walk downstairs, will be personally escorted to a safe location by a Public Safety Officer, a Fire Warden, or a Fire Searcher, or a member of the College Fire Brigade.

Person Who Has a Hearing Impairment

A person who has a hearing impairment will be alerted to a fire alarm by a Public Safety Officer, a Fire Warden, or a Fire Searcher, or a member of the College Fire Brigade. Those disabled persons will be escorted to a safe location if necessary.

Special Caution on Lifting and Carrying Disabled Persons

Before lifting any disabled person, consider this: Ask the disabled person how they should be lifted. Disabled persons know better than anyone else how they should be lifted or carried in order to avoid any unnecessary injuries to the disabled person.

For Your Safety

The Hunter West building is equipped with Fire Emergency notification devices. It is the responsibility of everyone to become familiar with their location and their use. These Fire Emergency notification devices consist of the following:

Fire Alarm

The Fire Alarm Pull Stations are small, red boxes. They are wall mounted and located next to a fire exit. Printed on these pull stations is "PULL HERE IN CASE OF FIRE.

To activate the Fire Alarm Pull Station, follow these steps:

1. Pull down the RED lever on the Fire Alarm Pull Station box. This will cause the fire alarm to sound on the fire door and on the floor above. In addition, it will send a signal to the Fire Command Station. The Fire Safety Director at the Fire Command Station will carry out the fire emergency procedures. Make yourself familiar with them now, so that in an emergency you will know what to do.

2. During a fire alarm, Fire Wardens, Fire Searchers and Public Safety Officers have been directed to communicate the number, the location and the status of all disabled persons via Fire Warden phones to the Fire Command Station. The Fire Safety Director will notify members of the New York City Fire Department regarding the status of all disabled persons in the building as soon as the Fire Department arrives on campus.

Note: It is extremely important that the Hunter College community understand the protocol of the New York City Fire Department for evacuation of a building that is experiencing a fire. Everyone in the building should not automatically be evacuated to the outside, or for that matter, be relocated within the building. This is the policy for ambulatory persons as well as non-ambulatory persons.

If you have any questions regarding the various parameters used to evaluate the necessity of evacuation, please consult with the fire safety director at Ext. 4521.

NOTICE OF POSSIBLE CHANGES

The Board of Trustees of The City University of New York reserves the right to make changes of any nature in the academic programs and requirements of The City University of New York and its constituent colleges. All programs, requirements, and courses are subject to termination or change without advance notice. Tuition and fees set forth in this publication are similarly subject to change by the Board of Trustees of The City University of New York.

The course descriptions in this catalog summarize the full, official descriptions authorized by the Hunter College Senate. Full descriptions are available in the appropriate school and department offices. Hunter College reserves the right to change rules, policies, fees, and curricula without advance notice.

STATEMENT OF NONDISCRIMINATION Hunter College is an Equal Opportunity and Affirmative Action Institution. The college does not discriminate on the basis of age, sex, sexual orientation, transgender, religion, race, color, alienage, citizenship status, national or ethnic origin, physical or mental disability, genetic predisposition or carrier status, veteran or marital status in its student admissions, employment, access to programs, and administration of educational policies.

Dean John T. Rose is the college officer responsible for affirmative action matters. He is also the coordinator for Title IX, which prohibits sex discrimination in federally assisted education programs. His office is located in the Office of the President, 1706 Hunter East, (212) 772-4242.

Professor Tamara Green is the college ADA/Section 504 Coordinator. Her office is located in 1425A Hunter West, (212) 772-5061.

FREEDOM OF INFORMATION LAW

Request to inspect public records at the college should be made to the Records Access Officer, Gail Aidinoff Scovell, Special Counsel to the President and Labor Designee, who is located at the Hunter College Legal Office, 695 Park Avenue, 1706 Hunter East, (212) 772-4220. Public records are available for inspection and copying by appointment only at a location to be designated. You have a right to appeal a denial of a request for access to records to the CUNY General Counsel and Vice Chancellor for Legal Affairs. Copies of the CUNY Procedures for Public Access to Public Records Pursuant to Article 6 of the Public Officers Law and the appeal form are available at the reference desk of the library and on the college Web site.
