CHEM 22300 - Organic Chemistry Laboratory I

GER
3/B

Various organic syntheses, Distillation, extraction, chromatography, qualitative analysis, spectroscopy.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10500 or CHEM 10600
prereq or coreq: CHEM 22200
4 hrs
2.5 cr.

PHYS 11000 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
GER
2/E

First semester of two-semester introductory physics course using algebra.
prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

Med Lab Sciences: Clinical Science Curriculum (48 cr.)

MLS 30000 - Fundamental Concepts and Techniques in the Medical Laboratory

Function of the medical laboratory, data analysis and operation of basic laboratory equipment. Approximately 1-2 informal laboratory hours are required to practice the use of equipment.
MLS 60000 is the graduate component of this course
prereq: BIOL 10000, 10200, CHEM 10200, 10300, 10400, 10500 or equiv.
3 hrs (2 lec, 1 lab)
3 cr.
MLS 31200 - Human Physiology: Integration and Control

Study of function at the cellular and systemic level, with emphasis on the integrated organism and associated control systems. Electronic resources are used extensively in this course.

*prereq: BIOL 10000 and 10200, CHEM 10400, 10500 or equiv.*

3 hrs
3 cr.

MLS 34700 - Human Histology

Structure and function of normal human tissues and cells, including systematic study of microscopic morphology.

*coreq: MLS 31200*

5 hrs (2 lec, 3 lab)
3 cr.

MLS 34900 - Hematology

Study of normal and pathological conditions of blood. Use of current diagnostic techniques to analyze peripheral blood and bone marrow, differential counting and blood banking.

*prereq or coreq: MLS 30000*

5 hrs (2 lec, 3 lab)
3 cr.

MLS 35100 - Clinical Microbiology I

Properties and mechanisms of pathogenesis of microorganisms associated with disease and the antimicrobial agents used to control them.

*prereq or coreq: MLS 30000*

5 hrs (2 lec, 3 lab)
3 cr.

MLS 35200 - Clinical Microbiology II

Continuation of MLS 35100 with particular emphasis on anaerobic bacteria, fungi, and viruses, diagnostic strategies using classical, serological and molecular techniques.

*prereq: MLS 30000, 35100 or equiv.*

5 hrs (2 lec, 3 lab)
4 cr.

MLS 35400 - Clinical Biochemistry I: Biomolecules & Metabolism

Basic macromolecules of life, including amino acids, lipids, nucleic acids, and carbohydrates; membrane biochemistry and signal transduction; cellular metabolism and bioenergetics; clinical and biochemical laboratory methods.

*prereq: CHEM 22200*

5 hrs (2 lec, 3 lab)
3.5 cr.

MLS 35500 - Clinical Biochemistry II: Genes to Proteins
Structure and function of nucleic acids and proteins and the genetic basis of human disease. Laboratory methodologies include analysis of proteins, including enzymes in clinical samples, and manipulation of microbial nucleic acids.

**prereq:** MLS 35400  
5 hrs (2 lec, 3 lab)  
3.5 cr.

**MLS 36100 - Computers and Data Processing in the Medical Laboratory**

Study of computer integration in the medical and research lab, data compilation and medical information systems. Approximately 3 additional informal lab hours are required weekly.

**prereq:** MATH 15000 or STAT 11300  
3 hrs (1 lec, 2 lab)  
3 cr.

**MLS 41000 - Professional Practice**

Directed full-time experience in clinical, research, public health or other biomedical laboratories. Arranged on an individual basis.

**prereq:** departmental permission  
8 weeks  
3 cr.

**MLS 43000 - Immunohematology**

Study of the immunologic properties of blood associated with blood group systems, donor screening, transfusion reactions and hemolytic disease and laboratory techniques used to characterize antigen-antibody reactions.

**prereq:** MLS 34900  
3 hrs (2 lec, 1 lab)  
3 cr.

**MLS 45000 - Cell and Tissue Culture**

Cell and tissue culture theory and techniques, including starting primary cultures, passing and preservation of cells, cell cycle and growth factor assays and monoclonal antibody techniques. Several informal hours are required each week in the lab in addition to the scheduled class.

**prereq:** MLS 35100  
coreq: MLS 34700, 35200  
5 hrs (2 lec, 3 lab)  
4 cr.

**MLS 45700 - Senior Seminar**

Oral presentations and written exercises (including research proposal) introduce students to the use and proper citation of the biomedical literature, research design, effective scientific communication and regulatory oversight of science.

**prereq:** perm instr.  
2 hrs  
3 cr.

**MLS 46000 - Immunology**
Cellular reactions in immunology, structure of antibodies and antigens, and laboratory determination of immune functions.  
prereq: MLS 34900, 35100  
coreq: MLS 35200, 35400  
5 hrs (2 lec, 3 lab)  
3 cr.

COMHE 33000 - Principles of Epidemiology

Methods of study of disease; risk factors; distribution, causes, prevention, and control of selected diseases.  
prereq: Acceptance to the major, or permission of the instructor.  
3 hrs  
3 cr.  
-or-

PHILO 25400 - Ethical Issues in Biology and Medical Care (W)

GER  
3/B  
Treats issues such as abortion, euthanasia, extraordinary means, confidentiality, human experimentation, genetic control and allocation of limited life-saving therapy.  
prereq: ENGL 12000 and one previous course in philosophy.  
3 hrs  
3 cr.  
-or-

SOC 30100 - Medical Sociology

GER  
3/B  
Social and cultural factors related to health. Organization of health care services, social structure of the hospital.  
prereq: SOC 10100  
3 hrs  
3 cr.  
-or-

MLS 40000 - Topics in Biomedical Sciences

Topics vary from semester to semester and are announced before registration.  
1-3 hrs  
1-3 cr.

Music

About the Department
Located in the heart of the intellectually vibrant community of Hunter College, the Music Department offers students the chance to explore musical expression through performance and academic study. Opportunities to learn from some of the best theorists, musicologists and ethnomusicologists in the field exist alongside exciting performance opportunities for every playing and singing ability. Our ensembles include College Choir, Chamber Singers, Opera, A Cappella, Jazz Vocal Workshop, Jazz Ensemble, Jazz and Popular Music Combos, Chamber Music, Ensemble Middle East @ Hunter and the Hunter Symphony. The BA degree can be completed evenings or days. In addition, the department sponsors numerous extracurricular events, including concerts, lectures, and master classes. Private lessons in instruments and voice are provided to all performance majors and many other music majors by a distinguished roster of performance teachers. Financial aid is available to qualified performance majors and other majors who need to study with private teachers not on the staff.

Graduates of the department go on to a variety of careers in music and beyond. Graduates of the BA/MA dual degree program in Music/Music Teacher Education Pre-K-12 - BA/MA are qualified to teach in the public elementary and high schools of New York State.

Graduate Study

Seniors of high academic standing who are recommended by the department may be permitted to take graduate courses for undergraduate credit. Seniors within 9 credits of graduation may apply to the Admissions Office for permission to take graduate courses creditable toward the MA degree.

Faculty

Music Faculty

HEGIS Code: 1004
Minor in Music

The music minor consists of 15 credits in music: MUSTH 10100; MUSHL 10100 or MUSHL 10700; one course with an MUSHL prefix at the 200-level; and 6 credits of music electives, 3 of which must be at the 200-level or higher. Prospective minors who have already mastered the material taught in the required 100-level courses (MUSTH 10100 and/or MUSHL 10100 or 10700) may be exempted from these courses by passing the same entrance examination that is required of prospective music majors (see Music 25-Credit Major (BA)). Music minors must substitute more advanced courses in any area of music study, which may include private lessons and ensembles, for the courses from which they are exempt. PLEASE NOTE: Music minors who wish to take private lessons for credit (MUSPF 40100) must first pass both the performance audition and music theory portions of the entrance examination.

Music - BA/MA

4-Year Dual BA/MA Degree

The department offers unusually gifted students the opportunity to obtain a master’s degree in four years with a minimum of 120 credits. Requirements are the same as those for the 42-credit BA plus those for the MA in music (30 credits at the graduate level; see graduate catalog). Students may be admitted to this program only after they have completed at least 60 credits of college work, including at least 29 credits in music (three semesters of music history, four semesters of music theory, and four semesters of musicianship). At least 12 credits (including six in music) must have been taken at Hunter College, and students must have a cumulative GPA of at least 3.5 with no grade of less than B in any music course. At that time, they must fulfill all requirements for entry into the MA program except completion of the BA degree. The graduate adviser must be consulted about the MA requirements.

Music - BMus

Foundational Courses

Foundational Courses include courses in English and prerequisites to these courses. These courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

Note: Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

60-Credit Major

This degree is designed for students planning to pursue careers as professional performers of music or as teachers of music performance. It provides intensive instruction in the student’s instrument or voice; solid training in music history
and theory; and a broad, liberal arts education. Admission to this program is conditional on passing an audition (preferably before the student enters college) demonstrating a high level of skill in performance. Requirements are:

Music history:

**MUSHL 20100 - Introduction to Music Research**

Techniques of research and writing about music. Sources of information (reference books, monographs, periodicals, scores, recordings, Internet resources); types of writing (theoretical, historical, ethnomusicological, critical); writing issues specific to music.

*coreq: MUSHL 20500*

*prereq or coreq: ENGL 12000*

*1 hr*

*1 cr.*

*offered fall*

**MUSHL 20500 - Music History I**

**Pluralism and Diversity**

**PD/D**

For music majors. Survey of the history of music in the European tradition to 1600.

*prereq: elementary knowledge of music history and literature, demonstrated by dept. exam*

*coreq: MUSHL 20100*

*prereq or coreq: MUSTH 22000, 23000, ENGL 12000, perm dept.*

*3 hrs*

*3 cr.*

*offered fall*

**MUSHL 20600 - Music History II (W)**

**Pluralism and Diversity**

**PD/D**

For music majors. Continuation of MUSHL 20500. Survey of the history of music in the European tradition from 1600 to 1800.

*prereq: MUSHL 20100, 20500, ENGL 12000*

*prereq or coreq: MUSTH 22100, 23100*

*3 hrs*

*3 cr.*

*offered spring*

**MUSHL 30500 - Music History III (W)**

**Pluralism and Diversity**

**PD/D**

Continuation of MUSHL 20600. Survey of the history of music in the European tradition from 1800 to the present.

*prereq: MUSHL 20600, MUSTH 22100, 23100*

*3 hrs*

*3 cr.*

*offered fall*

and any other 3-credit MUSHL course at the 300-level
Music theory:

**MUSTH 20100 - Introduction to Music Technology**

An introduction to basic music technology skills: music notation software, MIDI sequencing, and digital audio editing.

*prereq or coreq: prereqs: MUSTH 22000 and 23000, or perm dept.*

1 hr

1 cr.

offered spring

**MUSTH 22000 - Music Theory I**

Review of fundamentals of music theory; introduction to melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.

*prereq: ability to read music as demonstrated by dept. exam, perm dept.*

*coreq: MUSTH 23000*

3 hrs

3 cr.

offered fall

**MUSTH 22100 - Music Theory II**

Continuation of MUSTH 22000.

*prereq: MUSTH 22000*

*coreq: MUSTH 23100*

3 hrs

3 cr.

offered spring

**MUSTH 23000 - Musicianship I**

Sight singing, ear training, and keyboard drill on materials studied in the corequisite course. Individual work in the Computer Assisted Instruction facility.

*coreq: MUSTH 22000*

3 hrs

2 cr.

offered fall

**MUSTH 23100 - Musicianship II**

Continuation of MUSTH 23000.

*prereq: MUSTH 23000*

*coreq: MUSTH 22100*

3 hrs

2 cr.

offered spring

**MUSTH 32000 - Music Theory III**
Intermediate-level study of melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.

prereq: MUSTH 20100, MUSTH 22100  
coreq: MUSTH 33000  
3 hrs  
3 cr.  
offered fall

MUSTH 33000 - Musicianship III

Sight singing, ear training, and keyboard drill on materials studied in corequisite course. Individual work in the Computer Assisted Instruction facility.

prereq: MUSTH 23100  
coreq: MUSTH 32000  
3 hrs  
2 cr.  
offered fall  
and any other 3-credit MUSTH course at the 300-level

Private lessons:

MUSPF 43100 - Individual Instruction in Instrument or Voice

Limited to students in the 60-credit BMus program and the BA/MA music program. Intensive study in instrumental or vocal techniques. Jury examination required. May be taken 8 times.

prereq: perm dept.  
1 hr  
3 cr.

Performance ensembles:

For instrumentalists - 6 credits in instrumental ensembles

Choose 6 credits from the following:

MUSPF 23100 - Hunter Symphony

Rehearsal and performance of orchestral works. May be taken 8 times.

prereq: audition, perm instr.  
3 hrs  
1 cr.

MUSPF 24900 - Jazz Ensemble

Open to all instrumentalists by audition. Study and performance of popular forms of music, including dance, jazz, and musical comedy. May be taken 6 times.

2 hrs  
1 cr.
**MUSPF 35500 - Chamber Music Workshop**

Rehearsal and public performance of instrumental chamber works. May be taken 6 times.

*prereq: audition, perm instr.*

2 hrs  
1 cr.

**MUSPF 25000 - Jazz and Popular Music Combos**

Study and performance within a small ensemble context of the popular music genres, such as Pop, Rock, Hip-Hop, R & B, Country/Bluegrass, and Jazz. May be taken 6 times.

*prereq or coreq: audition, dept. permission required*

2 hrs  
1 cr.

**MUSPF 36500 - Topics in Piano Performance**

Seminar in performance for advanced piano students focusing on a different topic area each semester. The seminar will involve study and performance of representative works of piano repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance. May be taken 4 times.

*coreq: MUSPF 40100 or 43100*

2 hrs  
1 cr.

For singers

6 credits in vocal ensembles

**MUSPF 22100 - College Choir**

Open to all students. Rehearsal and public performance of major choral works. May be taken 8 times.

3 hrs  
1 cr.

**MUSPF 25100 - Jazz Vocal Workshop Ensemble**

Jazz performance and improvisation. May be taken 6 times.

*prereq: MUSPF 11100 or 21100 or 40100 in Voice, and audition*

2 hrs  
1 cr.

**MUSPF 35300 - Chamber Singers**

Study and public performance of solo and chamber chorus works from all musical eras. May be taken 6 times.

*prereq: audition, perm instr.*

2 hrs  
1 cr.
MUSPF 36900 - Topics in Vocal Performance

Seminar in performance for advanced voice students, focusing on a different topic each semester. The seminar will involve study and performance of representative works of vocal repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance. May be taken 4 times.

prereq: ENGL 12000

coreq: MUSPF 40100 or 43100

2 hrs

1 cr.

for singers, a minimum of 2 credits must be in MUSPF 36900

Electives:

- 4 credits in music courses above the 100-level.

Recital:

- A senior recital, for which no credit is given, is also required.

Piano Proficiency Requirement

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the third semester of study in music theory (MUSTH 32000). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

Music 25-Credit Major (BA)

This degree is designed for students who want to study music in the context of a general liberal arts education, but who do not plan to pursue careers in music. It may also be convenient for students who enter Hunter with a large number of transfer credits in music. Requirements are:

Foundational Courses

Foundational Courses include courses in English and prerequisites to these courses. These courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

Note: Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

coreq: MUSTH 22100
3 hrs
2 cr.
offered spring

Performance:

MUSPF 22100 - College Choir

Open to all students. Rehearsal and public performance of major choral works. May be taken 8 times.
3 hrs
1 cr.

MUSPF 23100 - Hunter Symphony
Rehearsal and performance of orchestral works. May be taken 8 times.

prereq: audition, perm instr.
3 hrs
1 cr.

Piano Proficiency Requirement

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the third semester of study in music theory (MUSTH 32000). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

Music 42-Credit Major (BA)

This degree is designed for students planning to pursue professional careers in music. It provides basic training in all areas of music and serves as a foundation for graduate study of any aspect of the field. Requirements are:

Foundational Courses

Foundational Courses include courses in English and prerequisites to these courses. These courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

Note: Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. **MUSPF 23100 - Hunter Symphony**

Rehearsal and performance of orchestral works. May be taken 8 times.

*prereq: audition, perm instr.*

3 hrs

1 cr.

2 credits in performance electives

**MUSPF 22100 - College Choir**

Open to all students. Rehearsal and public performance of major choral works. May be taken 8 times.

3 hrs

1 cr.

**MUSPF 23100 - Hunter Symphony**

Rehearsal and performance of orchestral works. May be taken 8 times.

*prereq: audition, perm instr.*

3 hrs

1 cr.

**MUSPF 24900 - Jazz Ensemble**

Open to all instrumentalists by audition. Study and performance of popular forms of music, including dance, jazz, and musical comedy. May be taken 6 times.
2 hrs
1 cr.

**MUSPF 25000 - Jazz and Popular Music Combos**

Study and performance within a small ensemble context of the popular music genres, such as Pop, Rock, Hip-Hop, R & B, Country/Bluegrass, and Jazz. May be taken 6 times.

*prereq or coreq: audition, dept. permission required*

2 hrs
1 cr.

**MUSPF 25100 - Jazz Vocal Workshop Ensemble**

Jazz performance and improvisation. May be taken 6 times.

*prereq: MUSPF 11100 or 21100 or 40100 in Voice, and audition*

2 hrs
1 cr.

**MUSPF 35300 - Chamber Singers**

Study and public performance of solo and chamber chorus works from all musical eras. May be taken 6 times.

*prereq: audition, perm instr.*

2 hrs
1 cr.

**MUSPF 35500 - Chamber Music Workshop**

Rehearsal and public performance of instrumental chamber works. May be taken 6 times.

*prereq: audition, perm instr.*

2 hrs
1 cr.

**MUSPF 36500 - Topics in Piano Performance**

Seminar in performance for advanced piano students focusing on a different topic area each semester. The seminar will involve study and performance of representative works of piano repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance.

May be taken 4 times.

*coreq: MUSPF 40100 or 43100*

2 hrs
1 cr.

**MUSPF 36900 - Topics in Vocal Performance**

Seminar in performance for advanced voice students, focusing on a different topic each semester. The seminar will involve study and performance of representative works of vocal repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance.

May be taken 4 times.

*prereq: ENGL 12000*

*coreq: MUSPF 40100 or 43100*
2 hrs
1 cr.

**MUSPF 40100 - Individual Instruction in Instrument or Voice**

Limited to the 42-credit BA music major, the 25-credit BA music major, the BA/MA music major and the music minor. Audition demonstrating performance skills equivalent to New York State School Music Association (NYSSMA) level 2 or higher. Students must make their own arrangements with department-listed teachers to receive credit for this course. Jury examination required. The jury examination following the second and subsequent semesters of private lessons must demonstrate performance skills equivalent to NYSSMA level 4 or higher. May be taken 8 times.

*prereq: perm dept.*

**Electives:**

- 4 credits in music courses above the 100-level

**Piano Proficiency Requirement**

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the third semester of study in music theory (MUSTH 32000). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

**Music Bachelor's Degrees**

Return to: Department of Music

- Music 25-Credit Major (BA)
- Music 42-Credit Major (BA)
- Music - BMus

**Major Programs**

The Department of Music offers three undergraduate and two BA/MA major programs to fit individual interests and requirements. Students must take three examinations before declaring a music major:

1. **Music notation, rudimentary theory, and basic musicianship skills.** This examination is prerequisite to MUSTH 22000 (Music Theory I).

   Students who do not pass it must take MUSTH 10100 (Music Theory Fundamentals) or learn the material on their own, then repeat the examination.

2. **Elementary music history and literature.** This examination is prerequisite to MUSHL 20500 (Music History I). Students who do not pass it must take MUSHL 10100 (Introduction to Music) or learn the material on their own, then repeat the examination.
3. **Performance audition on an instrument or voice.** This examination is prerequisite to MUSPF 40100 (Private Instruction in Instrument or Voice). Students whose performance skills fall below New York State School Music Association (NYSSMA) level 2, equivalent to about one year of study, must take MUSPF 21100-MUSPF 21200 (Voice I-II), MUSPF 21300-MUSPF 21400 (Piano III), or private lessons at their own expense (without credit), then repeat the examination. Students with no experience in performance may defer the audition until the end of their first semester of study.

Prospective majors should consult the Music Department’s undergraduate adviser as soon as possible to discuss these examinations and any prerequisite courses they may need before beginning the major.

**Piano Proficiency Requirement**

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the third semester of study in music theory (MUSTH 32000). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

**Minor in Music**

The music minor consists of 15 credits in music:

**MUSTH 10100 - Music Theory Fundamentals**

**Hunter Core**
Creative Expression (CE)

**GER**
2/D

For non-majors. Introduction to music theory, sight singing, and ear training.

3 hrs
3 cr.

**MUSHL 10100 - A Thousand Years of Listening**

**Hunter Core**
Creative Expression (CE)

**Pluralism and Diversity**

PD/D

**GER**
2/D

For non-majors. Selected compositions primarily from the European tradition studied with aim to develop perceptive listening.

3 hrs
3 cr.

-or-

**MUSHL 10700 - The World of Music**

**Hunter Core**
Creative Expression (CE)
Pluralism and Diversity
PD/A
GER
2/D

For non-majors. Introduction to music from a spectrum of world cultures, including Africa, Asia, and the Caribbean.

3 hrs
3 cr.

- one course with an MUSHL prefix at the 200-level; and 6 credits of music electives, 3 of which must be at the 200-level or higher.

Prospective minors who have already mastered the material taught in the required 100-level courses MUSTH 10100 and/or MUSHL 10100 or MUSHL 10700) may be exempted from these courses by passing the same entrance examination that is required of prospective music majors (see above). Music minors may substitute more advanced courses in any area of music study, including private lessons (subject to availability) and ensembles, for the courses from which they are exempt. PLEASE NOTE: Music minors who wish to take private lessons for credit (MUSPF 40100) must first pass both the performance audition and music theory portions of the entrance examination.

Grading Policies

Students must have grades of C or better in all prerequisite courses in order to take courses that are required for the major. The grade of CR may not be elected in major courses. In accordance with Hunter College policy, a course may not be taken more than twice without permission of the department.

Honors

To qualify for departmental honors in music, a student must have a 3.5 grade point average in major courses and complete an honors project, taken under the following course number. The project, which must be approved in advance by the Policy Committee, may be a research paper on a historical, theoretical, or other topic; an original composition; or a recital. All projects should demonstrate an advanced level, a broad scope, and a high quality, and must be done under the supervision of a faculty member of the Music Department.

**MUSTH 49100 - Honors Project**

Upper Jr/Sr only. Individual project of large scope in music history, theory, composition, or performance.

prereq: minimum music GPA of 3.5, perm undergrad adviser

1 sem
3 cr.

**MUSTH 49200 - Honors Project**

prereq: MUSTH 49100

1 sem
3 cr.

Graduate Study
Seniors of high academic standing who are recommended by the department may be permitted to take graduate courses for undergraduate credit. Seniors within 9 credits of graduation may apply to the Admissions Office for permission to take graduate courses creditable toward the MA degree.

**Music/Music Teacher Education Pre-K-12 - BA/MA**

**Major Programs**

The Department of Music offers three undergraduate and two BA/MA major programs to fit individual interests and requirements. Students must take three examinations before declaring a music major:

1. **Music notation, rudimentary theory, and basic aural skills.** This examination is prerequisite to MUSTH 22000 (Music Theory I).
   
   Students who do not pass it must take MUSTH 10100 (Basic Musicianship) or learn the material on their own, then repeat the examination.

2. **Elementary music history and literature.** This examination is prerequisite to MUSHL 20500 (Music History I). Students who do not pass it must take MUSHL 10100 A Thousand Years of Listening or learn the material on their own, then repeat the examination.

3. **Performance audition on an instrument or voice.** This examination is prerequisite to MUSPF 40100 (Private Instruction in Instrument or Voice). Students whose performance skills fall below New York State School Music Association (NYSSMA) level 2, equivalent to about one year of study, must take MUSPF 21100-MUSPF 21200 (Voice I-II), MUSPF 21300-MUSPF 21400 (Piano III), or private lessons at their own expense (without credit), then repeat the examination. Students with no experience in performance may defer the audition until the end of their first semester of study.

Prospective majors should consult the Music Department's undergraduate adviser as soon as possible to discuss these examinations and any prerequisite courses they may need before beginning the major.

**Piano Proficiency Requirement**

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the second year of study in music theory (MUSTH 32000 and MUSTH 32100). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

**5- to 6-Year Dual BA/MA Degree in Teacher Education**

Exceptionally qualified students may obtain a master’s degree in teacher education in 5-6 years with a minimum of 140 credits. Requirements are the same as those for the 42-credit BA plus requirements for the MA degree in music teacher education (see graduate catalog). Students may be admitted to this program only after they have completed at least 60 credits of college work, including at least 29 credits in music (three semesters of music history, four semesters of music theory, and four semesters of musicianship). At least 12 credits (including six in music) must have been taken at Hunter College, and students must have a cumulative GPA of at least 3.5 with no grade of less than B in any music course. They must have passed the Music Department’s piano proficiency examination and an audition-interview demonstrating reasonable mastery of an instrument or voice. In addition, they must either have passed the LAST (Liberal Arts and Sciences Test) or fulfilled the following requirements of the School of Education:

a. Completion of developmental courses;
b. Grade of B- or better in ENGL 12000 or a 200-level English course;

c. Application, on-site essay, and interview with the School of Education;

d. Proof of negative result on TB test;

e. Maximum of 6 credits taken with CR/NC grades, or else calculation of those grades as C/F for computation of grade-point average.

Admission requires the consent of both the Music Department and the School of Education. See the The School of Education section of both the undergraduate and graduate catalogs for more information.

Minor

For 25-credit music majors, the minor consists of 12 credits in a field of study leading to a BA degree and approved by the Music Department adviser. Double-majors and students in other music major programs are exempt from the minor requirement. Minor courses can be used without limit to satisfy stages 1, 2, and 3 of the GER.

Minor for non-Majors

For students minoring in music, the requirements are determined by the student’s major department. See your major adviser. The Music Department recommends the following courses. Because 300-level courses are intended primarily for music majors and have extensive prerequisites, students whose major departments require a 300-level course in the minor may, with permission of their adviser, substitute a 200-level course in the music minor.

**MUSTH 10100 - Music Theory Fundamentals**

**Hunter Core**

Creative Expression (CE)

**GER**

2/D

For non-majors. Introduction to music theory, sight singing, and ear training.

3 hrs

3 cr.

or

**MUSTH 22000 - Music Theory I**

Review of fundamentals of music theory; introduction to melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.

*prereq: ability to read music as demonstrated by dept. exam, perm dept.***

*coreq: MUSTH 23000*

3 hrs

3 cr.

*offered fall*

**MUSTH 23000 - Musicianship I**

Sight singing, ear training, and keyboard drill on materials studied in the corequisite course. Individual work in the Computer Assisted Instruction facility.

*coreq: MUSTH 22000*
MUSHL 10100 - A Thousand Years of Listening

Hunter Core
Creative Expression (CE)
Pluralism and Diversity
PD/D
GER

Philosophy

About the Department

Philosophy studies the most fundamental questions that human beings ask — about individual and social action, the possibility and limits of knowledge, the truth and justification of beliefs, human nature and freedom, the existence of God and the operations of nature. Philosophy approaches these questions in a systematic way and philosophers have worked out more or less comprehensive theories to answer them (or show why they cannot be answered). The courses offered by the Philosophy Department are designed to introduce students to the main problems that philosophers study and to the main ideas of such profound and influential thinkers as Socrates, Plato, Aristotle, Augustine, Aquinas, Descartes, Hume and Kant.

Philosophy is one of the most important subjects a student can study because it develops the ability to reason clearly and critically, to write thoughtfully, to use intelligence and logic to deal with problems all too often ruled by emotion and prejudice. Philosophy also helps one develop intellectual flexibility and learn to appreciate ideas and beliefs other than those of one's own time, place, class or group. Since it develops these intellectual abilities and habits, the study of philosophy, either in individual courses or as a major or minor, is excellent preparation for any profession or occupation.

Students of philosophy pursue careers in law, business, medicine, government and the arts. Some go on to study philosophy at the graduate level with the aim either of teaching philosophy or of obtaining an advanced degree to further their career objectives.

Course Listings

The department especially encourages students majoring in or interested in philosophy, both with fewer than 6 credits toward the major in philosophy, to consult with a departmental adviser about courses and their prerequisites at this stage of their academic stay at Hunter.

Programs and Courses

Programs and Courses in Philosophy

Administration and Faculty

Department Office:
Minor in Philosophy (the Standard concentration)

Prerequisite to the minor: one of 4 introductory philosophy courses

Chose one:

PHILO 10100 - Introduction to Philosophy

Hunter Core
Individual and Society (Humanities) - I&S H
GER
2/C

Examination of basic philosophical questions through study of selected philosophical classics.
3 hrs
3 cr.
offered each semester

PHILO 10400 - Introduction to Ethics

Hunter Core
Individual and Society (Humanities) - I&S H
GER
2/C

Examination of standards of right conduct and the good life through study of selected philosophical classics.
3 hrs
PHILO 10600 - Philosophy, Politics and Society

Hunter Core
Individual and Society (Social Sciences) - I&S SS
Pluralism and Diversity
PD/D
GER
2/C

Introduction to social and political philosophy.
3 hrs
3 cr.
offered each semester

PHILO 20400 - Great Philosophers

Hunter Core
Individual and Society (Humanities) - I&S H
Pluralism and Diversity
PD/D
GER
2/C

A comprehensive study of major philosophical thinkers.
prereq: ENGL 12000
3 hrs
3 cr.
and

ENGL 12000 - Expository Writing

Hunter Core
English Comp (EC)
GER
1/A

Required of all students unless exempt This course trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.
prereq: successful completion of developmental courses, if required
3 hrs + conf
3 cr.

The Philosophy Minor

The philosophy minor requires 12 credits at the 200-level and above with no fewer than 3 credits at the 300-level.
Exceptions: PHILO 17000 may count toward the minor at the 200-level and PHILO 20400 shall not count.
Minimum GPA for the minor

A student must pass a minor in philosophy with a minimum GPA of 3.00.

Note:

Students should always consult with a philosophy department adviser when constructing their minor. Some suggested tracks may be found on the philosophy department website http://www.hunter.cuny.edu/philosophy.

**Minor in Philosophy, Politics and Society (PPS)**

A student must take, as a prerequisite to the minor, PHILO 10600. This course does not count toward the PPS minor.

The PPS minor consists in taking 4 courses or 12 credits from the philosophy courses listed in the PPS major, at least one of which must be at the 300-level. Non-philosophy courses counting toward the PPS major concentration may not count toward the PPS minor.

A student must pass the PPS minor with a minimum GPA of 3.00.

Note: When constructing a minor in the PPS concentration, a student should always consult with a philosophy department advisor beforehand.

**Minor in Political Theory**

The Political Theory Minor provides a concentration of study for students interested in political, social, and legal philosophy or thought, often related to public discourses, practices, and laws. It recognizes the interdisciplinary character of political theory, which operates at the intersection of the humanities and social sciences. It focuses on critical issues of ethics and power in history and the present, along with major authors in the traditions of political philosophy and thought.

The minor program consists of at least 15 credits taken from the courses listed below, or others as approved by the minor program advisor. Students must take at least 6 credits in philosophy and 6 credits in political science, including PHILO 10600 (or another 100-level PHILO course, with permission of the Advisor) and POLSC 20000. At least 3 credits must be taken at the 300-level, and one course must be taken from each of the three Minor categories (listed below). No more than six credits that count towards the student's major may be used to fulfill this Minor.

1. **Required Courses**

   **PHILO 10600 - Philosophy, Politics and Society**

   Hunter Core
   Individual and Society (Social Sciences) - I&S SS
   Pluralism and Diversity
   PD/D
   GER
   2/C

   Introduction to social and political philosophy.
3 hrs
3 cr.
offered each semester

POLSC 20000 - Interpreting Politics: An Introduction to Political Ideas (W)

Hunter Core
Individual and Society (Social Sciences) - I&S SS
GER
2/B or 3/B

An introduction to interpreting major political ideas and their significance in the contemporary world. Competing understandings of concepts such as freedom, equality, justice, citizenship, and legitimacy will be explored, in part by applying them to concrete political issues such as multiculturalism, economic distribution, and the death penalty.

prereq or coreq: ENGL 12000 or its equivalent
3 hrs
3 cr.

2. Current Courses That Count Towards the Political Theory Minor

Minor courses are to be selected from the following list of regularly taught courses or special topics courses in Philosophy or Political Science that pertain to the Minor but are irregularly taught (those interested in the latter should check with the advisor to verify that they may count toward the minor). In addition, one course, with significant theoretical content, offered in, e.g., Anthropology, Classics, Geography, History, Religion, or Sociology, may count toward the Minor, upon approval of the Political Theory Adviser.

History of Political Philosophy and Thought

One Course on figures in, or periods of, political theory, eg., courses in the PHILO 38000 Major Figures in Philosophy (W) topic series:

PHILO 38010 - Plato (W)

GER
3A

Intensive study of the works and legacy of Plato.

prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

-or-

PHILO 38011 - Aristotle (W)

GER
3A

Intensive study of the works and legacy of Aristotle.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

-or-

**PHILO 38070 - Hegel (W)**

**GER**
3A

Intensive study of the works of Hegel.

prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

-or-

**PHILO 38076 - Marx (W)**

**GER**
3A

Intensive study of the works and legacy of Marx (W)

prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

-or-

**PHILO 38086 - Foucault (W)**

**GER**
3A

Intensive study of the works and legacy of Foucault.

prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

-or-

**POLSC 20100 - Ancient to Early Modern Political Thought (W)**

**Pluralism and Diversity**

**PD/D**

**GER**
3/B

The study of selected writers from the ancient Greeks to the Renaissance (e.g., Plato to Machiavelli), focusing on the political dimensions of such ideas as rationality, virtue, community, human nature and historical change.

prereq: ENGL 12000 or its equivalent
3 hrs
3 cr.

-or-
POLSC 20200 - Modern Political Thought (1600-1900) (W)

Pluralism and Diversity
PD/D
GER
3/B

The study of selected political writers (e.g., Hobbes to Nietzsche), with special emphasis given to the nature of and problems with, liberty, equality and justice in modern societies and states.

*prereq: ENGL 12000 or its equivalent
3 hrs
3 cr.

-or-

POLSC 20300 - Political Thought Since 1900 (W)

Pluralism and Diversity
PD/D
GER
3/B

Exploration of concepts and thinkers in political theory since 1900. Topics include such traditional issues of political theory as the nature and scope of political regimes, justice, equality and changing concepts of human nature.

*prereq: ENGL 12000 or its equivalent
3 hrs
3 cr.

-or-

POLSC 20900 - Women and Gender in Western Political Thought (W)

Pluralism and Diversity
PD/C or D
GER
3/B

Examines history of political thought from the perspective of gender relations and the treatment of women.

cross-listed WGST 20900

*prereq: ENGL 12000 or its equivalent
3 hrs
3 cr.

-or-

POLSC 30100 - American Political Thought (W)

GER
3/B

Examination of ideas that have shaped American politics from the Revolution to the present, including Federalists and Anti-Federalists, Progressivism and responses to industrialization and recent debates over the welfare state, political inclusion and democracy.

*prereq: ENGL 12000 or its equivalent; one course in political theory or perm. instr.*
Basic Concepts and Themes

One course on theoretical or conceptual tendencies in political theory

PHILO 22600 - African-American Philosophy (W)

Pluralism and Diversity
PD/B
GER
3/A

Development of the African-American intellectual tradition. Study of the work of such figures as Equiano, Douglass, Cooper, Blyden, Du Bois and Hurston.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

- or -

PHILO 23000 - Feminism: Philosophical Theory and Practice (W)

Pluralism and Diversity
PD/C
GER
3/A

Analyses of feminist theories and their practical implications.

cross-listed WGST 23000 (W)

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

- or -

PHILO 24600 - Political Philosophy (W)

GER
3/B

Study of selected philosophical problems in politics, law, economics and society.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

- or -

PHILO 24800 - International Ethics (W)
GER
3/B

Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

- or -

PHILO 25500 - Environmental Philosophy (W)

Conceptual, ethical, and methodological issues pertaining to the environment and environmental sciences.

prereq: ENGL 12000 and one course in Philosophy
3 hrs
3 cr.

- or -

PHILO 31900 - Marxist and Critical Theory (W)

Pluralism and Diversity
PD/D
GER
3/A

Study of 20th-century philosophers, such as Lucás, Adorno, and Marcuse, who attempted to develop a theory of historical materialism or a critical theory of society, as well as the sources of their ideas in the work of Marx, Weber, and Freud.

prereq: ENGL 12000 and 2 courses in philosophy, 1 at the 200-level
3 hrs
3 cr.

- or -

PHILO 34600 - Contemporary Theories of Justice (W)

GER
3/B

A study of important contemporary theories of economic, political, and social justice, such as political liberalism, democratic socialism, communitarianism, and civic republicanism.

3 hrs
3 cr.

- or -

PHILO 34800 - Philosophy of Human Rights (W)

A study of the philosophical foundations and justifications of human rights, including core notions of freedom and dignity in cross-cultural context, their scope as civil-political and economic-social rights, and newer women's and environmental rights.
prereq: ENGL 12000, and either a) two courses in philosophy, with at least one at the 200-level, or b) a course in political theory and one course in philosophy at the 200-level.
3 hrs
3 cr.

- or -

**PHILO 39400 - Philosophical Problems**

**GER**

3/A

Study of one or more major philosophical problems.
prereq: variable (see Program Prerequisites)
3 hrs
3 cr.

- or -

**POLSC 30200 - Critical Theory and Politics (W)**

**GER**

3/B

Intensive study in the core concepts and ideas in the tradition of Critical Theory. Thinkers include, among others, Kant, Hegel, Marx, Nietzsche, Adorno, Horkheimer, Marcuse, Fanon, and Foucault, as well as contemporary critical theorists. Themes and foci will vary by semester and will include: the nature and purpose of critique; political sociology and the analysis of liberalism, fascism and other political formations; mass culture and the fate of art; power and the psyche; reason and affect; violence and terror; the philosophy of history, and the politics of liberation.
prereq: ENGL 12000 or the equivalent; at least one 200-level course in political theory or permission of the instructor.
4 hrs
4 cr.

- or -

**POLSC 30500 - Democratic Theory (W)**

**GER**

3/B

A critical survey of different conceptions of democracy: issues include democracy as a political order, democracy and 'non-political' forms of life (e.g., business, family, religion), toleration, political representation, democracy and justice.
prereq or coreq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs
3 cr.

- or -

**POLSC 30900 - Feminist Political Theory (W)**

**Pluralism and Diversity**

**PD/C**

**GER**

3/B

Readings in feminist ideas, both historical and contemporary, on issues of power, justice and equality. The course will
emphasize different perspectives, including those of liberal, radical, postmodernist, women of color, third world and 'global' feminists.

cross-listed WGST 30900 (W)

prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs
3 cr.

-POLSC 31600 - Political Theory of Human Rights (W)-

GER
3/B

A critical analysis of the intersection of academic and practical discourse of human rights with the central concerns of political theory, particularly as it engages relationships between ethics and power as well as theory and practice.

prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs
3 cr.

Theoretical Dimensions of Contemporary Controversies

One course on problems or issues in political theory

-PHILO 20080 -or-

-PHILO 22600 - African-American Philosophy (W)-

Pluralism and Diversity
PD/B
GER
3/A

Development of the African-American intellectual tradition. Study of the work of such figures as Equiano, Douglass, Cooper, Blyden, Du Bois and Hurston.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

-PHILO 23000 - Feminism: Philosophical Theory and Practice (W)-

Pluralism and Diversity
PD/C
GER
3/A

Analyses of feminist theories and their practical implications.

cross-listed WGST 23000 (W)

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

-or-
PHILO 25000 - Problems of Ethics and Society (W)

GER
3/B

Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

-or-

PHILO 25200 - Problems of Law and Morality

GER
3/B

Philosophy of law and the relation of legal to ethical issues.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

-or-

PHILO 25500 - Environmental Philosophy (W)

Conceptual, ethical, and methodological issues pertaining to the environment and environmental sciences.
prereq: ENGL 12000 and one course in Philosophy
3 hrs
3 cr.

-or-

PHILO 34600 - Contemporary Theories of Justice (W)

GER
3/B

A study of important contemporary theories of economic, political, and social justice, such as political liberalism, democratic socialism, communitarianism, and civic republicanism.
3 hrs
3 cr.

-or-

PHILO 34800 - Philosophy of Human Rights (W)

A study of the philosophical foundations and justifications of human rights, including core notions of freedom and dignity in cross-cultural context, their scope as civil-political and economic-social rights, and newer women's and environmental rights.
prereq: ENGL 12000, and either a) two courses in philosophy, with at least one at the 200-level, or b) a course in political theory and one course in philosophy at the 200-level.
3 hrs
3 cr.

-or-

PHILO 39400 - Philosophical Problems

GER
3/A

Study of one or more major philosophical problems.
prereq: variable (see Program Prerequisites)
3 hrs
3 cr.

-or-

POLSC 20400 - Contemporary Issues in Political Theory

GER
3/B

Topics vary each semester. They have included democracy in America, totalitarianism, liberty and authority.
POLSC 20451 Women in Western Political Thought meets PD/D
prereq: ENGL 12000 or its equivalent
3 hrs
3 cr.

-or-

POLSC 30300 - Democracy and Emergency (W)

GER
3/B

This seminar in political theory examines the issue of emergency powers in constitutional democracies. It will examine various attempts to define what is an emergency, as well as the spirited debates over the legitimacy of extraordinary powers to manage such crises.
prereq: ENGL 12000
4
4

-or-

POLSC 30400 - Contemporary Issues in Political Theory

GER
3/B

Selected topics in political theory.
prereq: ENGL 12000 or its equivalent; one course in political theory subfield or perm instr
3 hrs
3 cr.

-or-
POLSC 30500 - Democratic Theory (W)

GER
3/B

A critical survey of different conceptions of democracy: issues include democracy as a political order, democracy and 'non-political' forms of life (e.g., business, family, religion), toleration, political representation, democracy and justice.

prereq or coreq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs
3 cr.

-or-

POLSC 30900 - Feminist Political Theory (W)

Pluralism and Diversity
PD/C
GER
3/B

Readings in feminist ideas, both historical and contemporary, on issues of power, justice and equality. The course will emphasize different perspectives, including those of liberal, radical, postmodernist, women of color, third world and 'global' feminists.

cross-listed WGST 30900 (W)

prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs
3 cr.

-or-

POLSC 31600 - Political Theory of Human Rights (W)

GER
3/B

A critical analysis of the intersection of academic and practical discourse of human rights with the central concerns of political theory, particularly as it engages relationships between ethics and power as well as theory and practice.

prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs
3 cr.

Minors in Philosophy

Students may declare an optional minor in Philosophy (the Standard concentration) or a minor in the Philosophy, Politics, Society (PPS) concentration. In either case a minor in Philosophy is comprised of 12 credits at the 200-level or above, including no fewer than 3 credits at the 300-level. Exceptions: PHILO 17000 may count toward the minor at the 200-level and PHILO 20400 shall not count. PHILO 20400 is excluded from counting toward the minor, because it is an, albeit advanced, introductory course. A student must pass a minor in philosophy with a minimum GPA of 3.00.

When constructing a philosophy minor in either the standard or the PPS concentration, a student should always consult with a philosophy department advisor beforehand.

A third minor, Political Theory, is offered jointly between the Philosophy and Political Science departments. This minor consists of 15 credits. All three minors are described below:
• Standard Philosophy Minor
• Minor in Philosophy, Politics and Society (PPS)
• Minor in Political Theory

Philosophy - BA

Major

The Philosophy Department offers two concentrations: 1) the Standard concentration and 2) the concentration in Philosophy, Politics and Society (PPS).

Standard Concentration

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

One of the following:

PHILO 10100 - Introduction to Philosophy

Hunter Core
Individual and Society (Humanities) -I&S H
GER
2/C

Examination of basic philosophical questions through study of selected philosophical classics.
3 hrs
3 cr.
offered each semester

PHILO 10300 - Introduction to Logic and Critical Thinking

GER
2/C

Recognizing arguments; traditional logic including concepts, propositions, categorical, hypothetical and disjunctive syllogisms; argument structure, natural language argumentation, fallacies.
3 hrs
3 cr.
offered each semester

PHILO 10400 - Introduction to Ethics

Hunter Core
Individual and Society (Humanities) -I&S H
GER
2/C
Examination of standards of right conduct and the good life through study of selected philosophical classics.

3 hrs
3 cr.
offered each semester

**PHILO 10600 - Philosophy, Politics and Society**

**Hunter Core**
Individual and Society (Social Sciences) -I&S SS

**Pluralism and Diversity**
PD/D
GER
2/C

Introduction to social and political philosophy.

3 hrs
3 cr.
offered each semester

Macaulay Honors students may take the following:

**PHILO 20400 - Great Philosophers**

**Hunter Core**
Individual and Society (Humanities) -I&S H

**Pluralism and Diversity**
PD/D
GER
2/C

A comprehensive study of major philosophical thinkers.

*prereq: ENGL 12000*

3 hrs
3 cr.

**Hunter Core Requirement**

Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student’s advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

**The Standard Concentration**

consists of 30 credits distributed as follows:

1. Logic (3 cr.)

**PHILO 17000 - Introduction to Logic and Scientific Method**
Hunter Core
Scientific World
An introduction to logical analysis and evaluation, especially applied to scientific arguments. Recognizing arguments and their support structure; evaluating reliability of sources vouching for premises; elementary deductive formal logic; evaluation of arguments central to empirical science.
3 hrs.
3 cr.

-or-

PHILO 27500 - Symbolic Logic

GER
3/B
Sentential logic including symbolizations, truth-value tables, formal derivations, Predicate logic including symbolizations, interpretations and formal derivations.
cross-listed MATH 27500
3 hrs
3 cr.

2. History of Philosophy (9 cr.)

PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)

Pluralism and Diversity
PD/D
GER
3/A
Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 21500 - Foundations of Modern Philosophy (W)

Pluralism and Diversity
PD/D
GER
3/A
Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 21800 - Revolutions in Modern Philosophy (W)

Pluralism and Diversity
PD/D
GER
3/A

Study of major philosophers of the late 18th and 19th centuries such as Kant, Hegel, Schopenhauer, Feuerbach, Kierkegaard, Marx and Nietzsche.

 prerequisites: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

3. Ethics, Politics and Aesthetics (3 cr.)

any course from

PHILO 24400 - Moral Philosophy (W)

GER
3/A

Study of selected problems in philosophical ethics and moral psychology.

 prerequisites: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 24600 - Political Philosophy (W)

GER
3/B

Study of selected philosophical problems in politics, law, economics and society.

 prerequisites: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 25800 - Aesthetics (W)

GER
3/A

Study of philosophical issues that arise in our understanding and criticism of the arts. Topics include nature of expression, purpose and standards of criticism and aesthetic value.

 prerequisites: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

4. Metaphysics and Epistemology (3 cr.)

any course from

PHILO 36000 - Metaphysics (W)
GER 3/A

Study of major metaphysical views, such as materialism, idealism, nominalism and realism. The major question is: What is reality and how may it be known?

*prereq: Two courses in philosophy, at least one of which is at the 200 level.*

3 hrs
3 cr.

PHILO 36200 - Theory of Knowledge (W)

GER 3/A

Study of origin, structure, methods and foundations of human knowledge.

*prereq: Two courses in philosophy, at least one of which is at the 200 level.*

3 hrs
3 cr.

PHILO 36400 - Philosophy of Language (W)

GER 3/A

Inquiry into the philosophical significance of language, its structure, meaning, reference and use.

*prereq: Two courses in philosophy, at least one of which is at the 200 level.*

3 hrs
3 cr.

PHILO 36600 - Philosophy of Mind (W)

GER 3/A

Examination of the concept of mind and the person. Topics include thinking, intention, consciousness, supervenience, emotion, self-knowledge.

*prereq: Two courses in philosophy, at least one of which is at the 200 level.*

3 hrs
3 cr.

PHILO 37800 - Philosophy of Biology (W)

Philosophical problems of biology, including evolutionary biology, molecular biology and genetics, and neuroscience.

*prereq: ENGL 12000 and 2 courses in philosophy, at least one at the 200-level*

3 hrs
3 cr.

PHILO 37900 - Philosophy of Science (W)

GER 3/B
Study of foundations of knowledge in natural and social sciences.

**prereq:** Two courses in philosophy, at least one of which is at the 200 level.

3 hrs
3 cr.

5. **Intensive Study of a Major Philosopher (3 cr.)**

any course from those offered under PHILO 38000 Major Figures in Philosophy (W)

6. **Additional Credits (9 cr.)**

- Chosen in consultation with an adviser. Students are required to select at least one course (3 cr.) at the 300-level. Also they are encouraged to select courses that acquaint them with philosophic traditions other than the dominant Western ones.

**Concentration in Philosophy, Politics and Society**

**Foundational Courses**

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

One previous course in philosophy. Students are encouraged to take:

**PHILO 10600 - Philosophy, Politics and Society**

**Hunter Core**
Individual and Society (Social Sciences) - I&S SS

**Pluralism and Diversity**
PD/D
GER
2/C

Introduction to social and political philosophy.

3 hrs
3 cr.
offered each semester

Macaulay Honors students may take the following:

**PHILO 20400 - Great Philosophers**

**Hunter Core**
Individual and Society (Humanities) - I&S H

**Pluralism and Diversity**
PD/D
GER
2/C

A comprehensive study of major philosophical thinkers.
Hunter Core Requirement

Courses foundational to or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

The concentration in Philosophy, Politics and Society

consists of 30 credits distributed as follows:

History of Philosophy (9 cr.)

**PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)**

Prerequisite:

ENGL 12000

3 hrs

3 cr.

Pluralism and Diversity

PD/D

GER

3/A

Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.

*prereq: ENGL 12000 and one previous course in philosophy.*

3 hrs

3 cr.

**PHILO 21500 - Foundations of Modern Philosophy (W)**

Pluralism and Diversity

PD/D

GER

3/A

Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.

*prereq: ENGL 12000 and one previous course in philosophy.*

3 hrs

3 cr.

**PHILO 21800 - Revolutions in Modern Philosophy (W)**

Pluralism and Diversity

PD/D

GER

3/A

Study of major philosophers of the late 18th and 19th centuries such as Kant, Hegel, Schopenhauer, Feuerbach,
Kierkegaard, Marx and Nietzsche.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs

3 cr.

Political Philosophy (3 cr.)

PHILO 24600 - Political Philosophy (W)

GER

3/B

Study of selected philosophical problems in politics, law, economics and society.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs

3 cr.

Social Philosophy (3 cr.)

PHILO 24800 - International Ethics (W)

GER

3/B

Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs

3 cr.

-or-

PHILO 25000 - Problems of Ethics and Society (W)

GER

3/B

Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs

3 cr.

Intensive Study of a major philosopher, preferably concerning their political and/or social ideas (3 cr.)

offered under PHILO 38000 Major Figures in Philosophy (W)

Study of Recent Issues in Political and Social Philosophy (3 cr.)
PHILO 34600 - Contemporary Theories of Justice (W)

GER
3/B

A study of important contemporary theories of economic, political, and social justice, such as political liberalism, democratic socialism, communitarianism, and civic republicanism.

3 hrs
3 cr

Electives (9 cr.)

chosen from 200- and 300-level PHIL courses (excluding PHILO 20400, but including PHILO 17000); 6 credits of this requirement may be taken from the nondepartmental courses listed below. It is also recommended that 3 credits be taken on philosophical approaches to class, race, or gender; the following philosophy courses satisfy this recommendation: PHILO 31900 - Marxist and Critical Theory (W), PHILO 22600 - African-American Philosophy (W), or PHILO 23000 - Feminism: Philosophical Theory and Practice (W)

Nondepartmental courses to satisfy elective requirement

AFPRL 40100 - Pan-Africanism

GER
3/B

Seminar traces development of Pan-Africanism through the 20th century. Not open to freshmen.
prereq: AFPRL 20200 or 20400 or 20600
3 hrs
3 cr.

AFPRL 40200 - African American Political Thought

GER
3/B

Comparative theorists; methods and ideological currents.
prereq: AFPRL 20300 or 20400 or 20500
3 hrs
3 cr.

HIST 33100 - European Culture in the 16th, 17th and 18th Centuries (W)

GER
3/B

The impact of the Reformation, Counter-Reformation, the Scientific Revolution and related movements. Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
HIST 33200 - Modern Culture from the 18th to the 20th Centuries

GER
3/B

From the impact of the Scientific Revolution and the Enlightenment to recent literature, art, religion and science. European political and social thought. Courses at the 300-level and above not offered to freshmen.

POLSC 20100 - Ancient to Early Modern Political Thought (W)

Pluralism and Diversity
PD/D
GER
3/B

The study of selected writers from the ancient Greeks to the Renaissance (e.g., Plato to Machiavelli), focusing on the political dimensions of such ideas as rationality, virtue, community, human nature and historical change.

prereq: ENGL 12000 or its equivalent

3 hrs
3 cr.

POLSC 20200 - Modern Political Thought (1600-1900) (W)

Pluralism and Diversity
PD/D
GER
3/B

The study of selected political writers (e.g., Hobbes to Nietzsche), with special emphasis given to the nature of and problems with, liberty, equality and justice in modern societies and states.

prereq: ENGL 12000 or its equivalent

3 hrs
3 cr.

POLSC 20300 - Political Thought Since 1900 (W)

Pluralism and Diversity
PD/D
GER
3/B

Exploration of concepts and thinkers in political theory since 1900. Topics include such traditional issues of political theory as the nature and scope of political regimes, justice, equality and changing concepts of human nature.

prereq: ENGL 12000 or its equivalent

3 hrs
3 cr.
POLSC 20400 - Contemporary Issues in Political Theory

GER
3/B

Topics vary each semester. They have included democracy in America, totalitarianism, liberty and authority.

POLSC 20451 Women in Western Political Thought meets PD/D

prereq: ENGL 12000 or its equivalent

3 hrs
3 cr.

POLSC 20900 - Women and Gender in Western Political Thought (W)

Pluralism and Diversity
PD/C or D
GER
3/B

Examines history of political thought from the perspective of gender relations and the treatment of women.

cross-listed WGST 20900

prereq: ENGL 12000 or its equivalent
3 hrs
3 cr.

POLSC 30100 - American Political Thought (W)

GER
3/B

Examination of ideas that have shaped American politics from the Revolution to the present, including Federalists and Anti-Federalists, Progressivism and responses to industrialization and recent debates over the welfare state, political inclusion and democracy.

prereq: ENGL 12000 or its equivalent; one course in political theory or perm. instr.
3 hrs
3 cr.

POLSC 30300 - Democracy and Emergency (W)

GER
3/B

This seminar in political theory examines the issue of emergency powers in constitutional democracies. It will examine various attempts to define what is an emergency, as well as the spirited debates over the legitimacy of extraordinary powers to manage such crises.

prereq: ENGL 12000
4

POLSC 30400 - Contemporary Issues in Political Theory
selected topics in political theory.

prereq: ENGL 12000 or its equivalent; one course in political theory subfield or perm instr.
3 hrs
3 cr.

**POLSC 30500 - Democratic Theory (W)**

GER
3/B

A critical survey of different conceptions of democracy: issues include democracy as a political order, democracy and 'non-political' forms of life (e.g., business, family, religion), toleration, political representation, democracy and justice.

prereq or coreq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs
3 cr.

**POLSC 30700 - Theory of Revolution**

GER
3/B

Traditional and modern revolutions. Conditions and objectives of socialist and communist revolutions.

prereq: ENGL 12000 or its equivalent
3 hrs
3 cr.

**POLSC 30900 - Feminist Political Theory (W)**

Pluralism and Diversity
PD/C
GER
3/B

Readings in feminist ideas, both historical and contemporary, on issues of power, justice and equality. The course will emphasize different perspectives, including those of liberal, radical, postmodernist, women of color, third world and 'global' feminists.
cross-listed WGST 30900 (W)

prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr.
3 hrs
3 cr.

**POLSC 31100 - Utopian Theory (W)**

GER
3/B

Political theorists often imagine ideal worlds, both to explore ideals and to criticize political realities. This course will explore utopias and dystopias as theories that explore political possibilities and challenge existing realities.

prereq: ENGL 12000 or its equivalent; one course in political theory or perm dept.
POLSC 31600 - Political Theory of Human Rights (W)

GER
3/B

A critical analysis of the intersection of academic and practical discourse of human rights with the central concerns of political theory, particularly as it engages relationships between ethics and power as well as theory and practice.

prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr.

SOC 22100 - Classical Sociological Theory

Pluralism and Diversity
PD/D
GER
3/B

Classical theorists and their contributions.

prereq: SOC 10100

SOC 22300 - Current Sociological Theory

GER
3/B

Significance of concepts and nature of evidence applied to leading theories. Theory construction.

prereq: SOC 10100, SOC 22100, major
Elective courses recommended for students with particular interests

Elective credits should be carefully chosen to focus students’ programs on their present interests and future needs. The following courses are recommended for students with particular interests.

Graduate study in philosophy

**PHILO 27500 - Symbolic Logic**

**GER**

3/B

Sentential logic including symbolizations, truth-value tables, formal derivations, Predicate logic including symbolizations, interpretations and formal derivations.

cross-listed MATH 27500

3 hrs

3 cr.

**PHILO 24400 - Moral Philosophy (W)**

**GER**

3/A

Study of selected problems in philosophical ethics and moral psychology.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs

3 cr.

Admission to law school

**PHILO 27500 - Symbolic Logic**

**GER**

3/B

Sentential logic including symbolizations, truth-value tables, formal derivations, Predicate logic including symbolizations, interpretations and formal derivations.

cross-listed MATH 27500

3 hrs

3 cr.

**PHILO 24400 - Moral Philosophy (W)**

**GER**

3/A

Study of selected problems in philosophical ethics and moral psychology.

prereq: ENGL 12000 and one previous course in philosophy.

3 hrs

3 cr.
Careers in public administration

**PHILO 25000 - Problems of Ethics and Society (W)**

**GER**
3/B

Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.

*prereq: ENGL 12000 and one previous course in philosophy.*

3 hrs
3 cr.

Careers in foreign service

**PHILO 24800 - International Ethics (W)**

**GER**
3/B

Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.

*prereq: ENGL 12000 and one previous course in philosophy.*

3 hrs
3 cr.

**POLSC 31600 - Political Theory of Human Rights (W)**

**GER**
3/B

A critical analysis of the intersection of academic and practical discourse of human rights with the central concerns of political theory, particularly as it engages relationships between ethics and power as well as theory and practice.

*prereq: ENGL 12000 or its equivalent; one course in political theory or perm instr.*

3 hrs
3 cr.

An additional course relating philosophy to international relations

Careers in social welfare

**PHILO 25000 - Problems of Ethics and Society (W)**

**GER**
3/B

Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.

*prereq: ENGL 12000 and one previous course in philosophy.*

3 hrs
3 cr.
SOC 22100 - Classical Sociological Theory

Pluralism and Diversity
PD/D
GER
3/B

Classical theorists and their contributions.

prereq: SOC 10100

3 hrs

3 cr.

SOC 22300 - Current Sociological Theory

GER
3/B

Significance of concepts and nature of evidence applied to leading theories. Theory construction.

prereq: SOC 10100, SOC 22100, major

3 hrs

3 cr.

Note:

Certain new, ad hoc, or independent study courses may be taken in partial satisfaction of requirements listed above, if they are approved by the Philosophy, Politics and Society major concentration adviser.

Major Adviser

The Philosophy Department offers extensive advising services to majors, including: guidance for course selection and sequencing and devising a course of study; tracking progress and compliance with college, CUNY, and state regulations; career advice; planning for graduate and professional school applications; and information about special opportunities for philosophy students. Minors may also make use of these services.

Mentoring

Philosophy majors are encouraged to establish a relationship with a faculty mentor of their choice. This relationship can be distinct from the departmental advising relationship.

Honors

To be eligible for graduation with departmental honors in philosophy, a major must have at least a 3.50 GPA in philosophy, at least a 3.0 overall GPA. The student must register for the 3- or 6-credit PHILO 49400, which is taken in addition to and is not part of the 30 credits for the major. The student must write a substantial paper under the direction of a full-time faculty member. To receive departmental honors the completed paper must be submitted to a three-member committee who will judge whether it merits departmental honors. This committee will consist of the director of the student's Honors Tutorial and two other full-time philosophy faculty members appointed by the director.
PHILO 49400 - Honors Tutorial in Philosophy

Open to Jr/Sr only. Students must present a proposal for an individual project to be completed under faculty supervision. Successful completion is one requirement for departmental honors at graduation.

prereq: 3.0 cum GPA and 3.50 major GPA; philosophy majors only, minor with perm instr; two 300-level PHIL courses, one of which may be taken concurrently; perm dept.
3 or 6 cr.

Independent Study

Students may engage in independent study under the supervision of a member of the Philosophy department by receiving permission to take the following.

PHILO 49200 - Independent Study in Philosophy

Independent study of philosophical works under faculty supervision.

prereq: one PHILO course at 300-level, perm instr. (see Program Prerequisites)
1-6 cr.

Minors in Philosophy

Minors in Philosophy

Standard Philosophy Minor

Students should follow their interests in choosing the courses taken to satisfy the minor. Usually this will involve choosing courses related to the student's major. Ideally the minor will allow the student to study the philosophical issues associated with a field or period of history in increasing depth.

Prerequisite to the minor:

PHILO 10100 - Introduction to Philosophy

Hunter Core
Individual and Society (Humanities) -I&S H
GER
2/C

Examination of basic philosophical questions through study of selected philosophical classics.
3 hrs
3 cr.
offered each semester

PHILO 10300 - Introduction to Logic and Critical Thinking
GER
2/C

Recognizing arguments; traditional logic including concepts, propositions, categorical, hypothetical and disjunctive syllogisms; argument structure, natural language argumentation, fallacies.

3 hrs
3 cr.
offered each semester

PHILO 10400 - Introduction to Ethics

Hunter Core
Individual and Society (Humanities) - I&S H

GER
2/C

Examination of standards of right conduct and the good life through study of selected philosophical classics.

3 hrs
3 cr.
offered each semester

PHILO 10600 - Philosophy, Politics and Society

Hunter Core
Individual and Society (Social Sciences) - I&S SS

Pluralism and Diversity
PD/D

GER
2/C

Introduction to social and political philosophy.

3 hrs
3 cr.
offered each semester

PHILO 20400 - Great Philosophers

Hunter Core
Individual and Society (Humanities) - I&S H

Pluralism and Diversity
PD/D

GER
2/C

A comprehensive study of major philosophical thinkers.

prereq: ENGL 12000

3 hrs
3 cr.

ENGL 12000 - Expository Writing
Hunter Core
English Comp (EC)
GER
1/A

Required of all students unless exempt. This course trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.

**prereq:** successful completion of developmental courses, if required
3 hrs + conf
3 cr.

Some suggested tracks are listed below:

Logic and Mathematics

**PHILO 17000 - Introduction to Logic and Scientific Method**

Hunter Core
Scientific World
An introduction to logical analysis and evaluation, especially applied to scientific arguments. Recognizing arguments and their support structure; evaluating reliability of sources vouching for premises; elementary deductive formal logic; evaluation of arguments central to empirical science.

3 hrs.
3 cr.

**PHILO 27500 - Symbolic Logic**

GER
3/B

Sentential logic including symbolizations, truth-value tables, formal derivations, Predicate logic including symbolizations, interpretations and formal derivations.

cross-listed MATH 27500
3 hrs
3 cr.

**PHILO 27900 - Inductive Logic**

GER
3/B

Deductive vs. inductive logic, basic forms of inductive inference, Mill's methods and controlled experiments, the probability calculus, interpretations of probability, the problem of induction, confirmation and disconfirmation of hypotheses.

**prereq:** ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

**PHILO 36400 - Philosophy of Language (W)**
GER
3/A

Inquiry into the philosophical significance of language, its structure, meaning, reference and use.

*prereq: Two courses in philosophy, at least one of which is at the 200 level.*

3 hrs
3 cr.

**PHILO 37500 - Advanced Symbolic Logic**

GER
3/B

A survey of the central results and techniques of meta-logic, principally mathematical induction, the soundness and completeness of theorems for first-order logic, the Skolem theorem and Church's theorem on undecidability.

*prereq: PHIL 27500 or equiv.*

3 hrs
3 cr.

**PHILO 37600 - Philosophy of Mathematics (W)**

GER
3/B

Study of such issues as the nature of demonstration or proof and the nature of mathematical knowledge and mathematical objects such as numbers and sets. cross-listed with MATH 376.

*prereq: ENGL 12000; one PHIL course and one PHIL or MATH course (precalculus or beyond)*

3 hrs
3 cr.

Natural and Social Sciences

**PHILO 17000 - Introduction to Logic and Scientific Method**

*Hunter Core*

*Scientific World*

An introduction to logical analysis and evaluation, especially applied to scientific arguments. Recognizing arguments and their support structure; evaluating reliability of sources vouching for premises; elementary deductive formal logic; evaluation of arguments central to empirical science.

3 hrs.
3 cr.

**PHILO 21500 - Foundations of Modern Philosophy (W)**

*Pluralism and Diversity*

*PD/D*

*GER*

3/A

Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.
PHILO 26800 - Philosophical Psychology (W)

GER
3/B

Views of human nature underlying some major contemporary schools of psychology, such as Freudian psychoanalysis, behaviorism, existential psychoanalysis, Piaget's developmental psychology.

PHILO 27000 - Philosophy, Science and Culture (W)

GER
3/B

Issues relating to the impact of modern science on philosophy, religion and culture.

PHILO 27500 - Symbolic Logic

GER
3/B

Sentential logic including symbolizations, truth-value tables, formal derivations, Predicate logic including symbolizations, interpretations and formal derivations.

PHILO 27900 - Inductive Logic

GER
3/B

Deductive vs. inductive logic, basic forms of inductive inference, Mill's methods and controlled experiments, the probability calculus, interpretations of probability, the problem of induction, confirmation and disconfirmation of hypotheses.

PHILO 37500 - Advanced Symbolic Logic
A survey of the central results and techniques of meta-logic, principally mathematical induction, the soundness and completeness of theorems for first-order logic, the Skolem theorem and Church's theorem on undecidability.

*prereq:* PHIL 27500 or equiv.

3 hrs
3 cr.

**PHILO 37900 - Philosophy of Science (W)**

**GER**
3/B

Study of foundations of knowledge in natural and social sciences.

*prereq:* Two courses in philosophy, at least one of which is at the 200 level.

3 hrs
3 cr.

**Psychology and Mind**

four of

**PHILO 20100 - Knowledge and Reality (W)**

**Pluralism and Diversity**
PD/D

**GER**
3/A

Study of main problems of theory of knowledge and metaphysics such as personal identity, grounds of justified belief, existence of God, nature of free will and causality.

*prereq:* ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

**PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)**

**Pluralism and Diversity**
PD/D

**GER**
3/A

Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.

*prereq:* ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

**PHILO 21500 - Foundations of Modern Philosophy (W)**
Pluralism and Diversity
PD/D
GER
3/A

Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 26800 - Philosophical Psychology (W)

GER
3/B

Views of human nature underlying some major contemporary schools of psychology, such as Freudian psychoanalysis, behaviorism, existential psychoanalysis, Piaget's developmental psychology.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 36600 - Philosophy of Mind (W)

GER
3/A

Examination of the concept of mind and the person. Topics include thinking, intention, consciousness, supervenience, emotion, self-knowledge.

prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

Cognitive Psychology

four of

Cognitive Psychology

PHILO 20100 - Knowledge and Reality (W)

Pluralism and Diversity
PD/D
GER
3/A

Study of main problems of theory of knowledge and metaphysics such as personal identity, grounds of justified belief, existence of God, nature of free will and causality.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 21500 - Foundations of Modern Philosophy (W)
Pluralism and Diversity
PD/D
GER
3/A

Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 26800 - Philosophical Psychology (W)

GER
3/B

Views of human nature underlying some major contemporary schools of psychology, such as Freudian psychoanalysis, behaviorism, existential psychoanalysis, Piaget's developmental psychology.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 36200 - Theory of Knowledge (W)

GER
3/A

Study of origin, structure, methods and foundations of human knowledge.

prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

PHILO 37900 - Philosophy of Science (W)

GER
3/B

Study of foundations of knowledge in natural and social sciences.

prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

English and the Arts

four of

PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)

Pluralism and Diversity
PD/D
GER
Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.

**PHILO 21800 - Revolutions in Modern Philosophy (W)**

- **Prerequisite:** ENGL 12000 and one previous course in philosophy.
- **Credit Hours:** 3

Study of major philosophers of the late 18th and 19th centuries such as Kant, Hegel, Schopenhauer, Feuerbach, Kierkegaard, Marx and Nietzsche.

- **Prerequisite:** ENGL 12000 and one previous course in philosophy.
- **Credit Hours:** 3

**PHILO 22800 - Existentialism (W)**

- **Prerequisite:** ENGL 12000 and one previous course in philosophy.
- **Credit Hours:** 3

Philosophical writings of major existentialists. Topics include nature of subjectivity, moral value, freedom, authenticity.

- **Prerequisite:** ENGL 12000 and one previous course in philosophy.
- **Credit Hours:** 3

**PHILO 24400 - Moral Philosophy (W)**

- **Prerequisite:** ENGL 12000 and one previous course in philosophy.
- **Credit Hours:** 3

Study of selected problems in philosophical ethics and moral psychology.

- **Prerequisite:** ENGL 12000 and one previous course in philosophy.
- **Credit Hours:** 3

**PHILO 25600 - Philosophical Ideas in Literature (W)**

- **Prerequisite:** ENGL 12000 and one previous course in philosophy.
- **Credit Hours:** 3

Analysis of major philosophical themes in some classics of world literature.
PHILO 25800 - Aesthetics (W)

GER
3/A

Study of philosophical issues that arise in our understanding and criticism of the arts. Topics include nature of expression, purpose and standards of criticism and aesthetic value.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 38000 - Major Figures in Philosophy (W)

GER
3/A

Intensive study of the works and legacy of a major philosopher. The course may be repeated as different figures are offered. Figures include:
PHILO 38010 Plato (W)
PHILO 38011 Aristotle (W)
PHILO 38020 Plotinus (W)
PHILO 38063 Hume (W)
PHILO 38068 Kant (W)
PHILO 38070 Hegel (W)
PHILO 38076 Marx (W)
PHILO 38078 Nietzsche (W)
PHILO 38080 Wittgenstein (W)
PHILO 38083 Heidegger (W)
PHILO 38086 Foucault (W)

prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

History of the modern world

four of

PHILO 21500 - Foundations of Modern Philosophy (W)

Pluralism and Diversity
PD/D
GER
3/A

Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 21800 - Revolutions in Modern Philosophy (W)
Pluralism and Diversity
PD/D
GER
3/A

Study of major philosophers of the late 18th and 19th centuries such as Kant, Hegel, Schopenhauer, Feuerbach, Kierkegaard, Marx and Nietzsche.

 prereq: ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

PHILO 22500 - American Philosophy (W)

Pluralism and Diversity
PD/D
GER
3/A

Historical survey of major American philosophers such as Edwards, Emerson, Thoreau, Peirce, James, Royce, Santayana and Dewey.

 prereq: ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

PHILO 22600 - African-American Philosophy (W)

Pluralism and Diversity
PD/B
GER
3/A

Development of the African-American intellectual tradition. Study of the work of such figures as Equiano, Douglass, Cooper, Blyden, Du Bois and Hurston.

 prereq: ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

PHILO 22800 - Existentialism (W)

Pluralism and Diversity
PD/D
GER
3/A

Philosophical writings of major existentialists. Topics include nature of subjectivity, moral value, freedom, authenticity.

 prereq: ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

PHILO 24600 - Political Philosophy (W)
Study of selected philosophical problems in politics, law, economics and society.

**prereq:** ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

**PHILO 24800 - International Ethics (W)**

Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.

**prereq:** ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

**PHILO 25000 - Problems of Ethics and Society (W)**

Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.

**prereq:** ENGL 12000 and one previous course in philosophy.

3 hrs
3 cr.

**PHILO 31900 - Marxist and Critical Theory (W)**

Study of 20th-century philosophers, such as Lucás, Adorno, and Marcuse, who attempted to develop a theory of historical materialism or a critical theory of society, as well as the sources of their ideas in the work of Marx, Weber, and Freud.

**prereq:** ENGL 12000 and 2 courses in philosophy, 1 at the 200-level

3 hrs
3 cr.

**History of the classical and medieval world**

four of

**PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)**
Pluralism and Diversity
PD/D
GER
3/A

Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.
*prereq: ENGL 12000 and one previous course in philosophy.*
3 hrs
3 cr.

PHILO 21400 - Medieval Philosophy (W)

Pluralism and Diversity
PD/D
GER
3/A

Study of major writings by medieval Arabic, Christian and Jewish philosophers such as Averroes, Aquinas and Maimonides.
*prereq: ENGL 12000 and one previous course in philosophy.*
3 hrs
3 cr.

PHILO 22300 - Neoplatonism (W)

Pluralism and Diversity
PD/D
GER
3/A

A study of the main thinkers and ideas in ancient and medieval Neoplatonism, emphasizing Plotinus and Augustine.
*prereq: ENGL 12000 and one previous course in philosophy.*
3 hrs
3 cr.

PHILO 38000 - Major Figures in Philosophy (W)

GER
3/A

Intensive study of the works and legacy of a major philosopher. The course may be repeated as different figures are offered. Figures include:
PHILO 38010 Plato (W)
PHILO 38011 Aristotle (W)
PHILO 38020 Plotinus (W)
PHILO 38063 Hume (W)
PHILO 38068 Kant (W)
PHILO 38070 Hegel (W)
PHILO 38076 Marx (W)
PHILO 38078 Nietzsche (W)
PHILO 38080 Wittgenstein (W)
PHILO 38083 Heidegger (W)
PHILO 38086 Foucault (W)
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr

American history or culture

four of

PHILO 22500 - American Philosophy (W)

Pluralism and Diversity
PD/D
GER
3/A

Historical survey of major American philosophers such as Edwards, Emerson, Thoreau, Peirce, James, Royce, Santayana and Dewey.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 22600 - African-American Philosophy (W)

Pluralism and Diversity
PD/B
GER
3/A

Development of the African-American intellectual tradition. Study of the work of such figures as Equiano, Douglass, Cooper, Blyden, Du Bois and Hurston.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 23000 - Feminism: Philosophical Theory and Practice (W)

Pluralism and Diversity
PD/C
GER
3/A

Analyses of feminist theories and their practical implications.
cross-listed WGST 23000 (W)
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 32000 - Twentieth-Century Philosophy (W)
Survey of such movements as pragmatism, process philosophy, analytic philosophy, existentialism, phenomenology, feminism and post modernism through consideration of such representative figures as Dewey, Moore, Whitehead, Russell, Husserl, Heidegger, Wittgenstein, Ayer, Sartre, De Beauvoir, Quine, Rorty and Rawls.

prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

Law

PHILO 24600 - Political Philosophy (W)

GER
3/B

Study of selected philosophical problems in politics, law, economics and society.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 24800 - International Ethics (W)

GER
3/B

Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 25200 - Problems of Law and Morality

GER
3/B

Philosophy of law and the relation of legal to ethical issues.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 34600 - Contemporary Theories of Justice (W)

GER
3/B

A study of important contemporary theories of economic, political, and social justice, such as political liberalism, democratic socialism, communitarianism, and civic republicanism.
Ethics

PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)

Pluralism and Diversity
PD/D
GER
3/A

Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 24400 - Moral Philosophy (W)

GER
3/A

Study of selected problems in philosophical ethics and moral psychology.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 24800 - International Ethics (W)

GER
3/B

Study of the ethical dimensions of problems in contemporary international relations, such as war and peace, imperialism, national identity and development.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 25000 - Problems of Ethics and Society (W)

GER
3/B

Study of the ethical dimensions of contemporary social problems, such as poverty, consumption, sexual deviance, racism and environmental destruction.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 25200 - Problems of Law and Morality
Ger

Philosophy of law and the relation of legal to ethical issues.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 25400 - Ethical Issues in Biology and Medical Care (W)

Ger

Treats issues such as abortion, euthanasia, extraordinary means, confidentiality, human experimentation, genetic control and allocation of limited life-saving therapy.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 34400 - Contemporary Theories in Ethics (W)

Ger

A study of important theories in contemporary ethics, such as rule utilitarianism, intuitionism, prescriptivism, and constructivism.
prereq: 2 courses in philosophy, 1 at the 200-level.
3 hrs
3 cr

Religion

four of

PHILO 21200 - Classical Greek Philosophy: Plato and Aristotle (W)

Pluralism and Diversity
PD/D
Ger
3/A

Study of major works of Plato and Aristotle in the context of the philosophical thought of the ancient world.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 21400 - Medieval Philosophy (W)

Pluralism and Diversity
PD/D
Ger
3/A

Study of major writings by medieval Arabic, Christian and Jewish philosophers such as Averroes, Aquinas and Maimonides.

*prereq: ENGL 12000 and one previous course in philosophy.*
3 hrs
3 cr.

**PHILO 21500 - Foundations of Modern Philosophy (W)**

Pluralism and Diversity
PD/D
GER
3/A

Study of major philosophers of the 17th and early 18th centuries such as Descartes, Spinoza, Leibniz, Locke, Berkeley and Hume.

*prereq: ENGL 12000 and one previous course in philosophy.*
3 hrs
3 cr.

**PHILO 22300 - Neoplatonism (W)**

Pluralism and Diversity
PD/D
GER
3/A

A study of the main thinkers and ideas in ancient and medieval Neoplatonism, emphasizing Plotinus and Augustine.

*prereq: ENGL 12000 and one previous course in philosophy.*
3 hrs
3 cr.

**PHILO 22800 - Existentialism (W)**

Pluralism and Diversity
PD/D
GER
3/A

Philosophical writings of major existentialists. Topics include nature of subjectivity, moral value, freedom, authenticity.

*prereq: ENGL 12000 and one previous course in philosophy.*
3 hrs
3 cr.

**PHILO 26200 - Philosophy of Religion (W)**

GER
3/A

Philosophical examination of some religious questions and beliefs.
prereq: one course in philosophy or religion (see statement under Program Prerequisites)
3 hrs
3 cr.

PHILO 36000 - Metaphysics (W)

GER
3/A

Study of major metaphysical views, such as materialism, idealism, nominalism and realism. The major question is:
What is reality and how may it be known?
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

PHILO 38000 - Major Figures in Philosophy (W)

GER
3/A

Intensive study of the works and legacy of a major philosopher. The course may be repeated as different figures are offered. Figures include:
PHILO 38010 Plato (W)
PHILO 38011 Aristotle (W)
PHILO 38020 Plotinus (W)
PHILO 38063 Hume (W)
PHILO 38068 Kant (W)
PHILO 38070 Hegel (W)
PHILO 38076 Marx (W)
PHILO 38078 Nietzsche (W)
PHILO 38080 Wittgenstein (W)
PHILO 38083 Heidegger (W)
PHILO 38086 Foucault (W)
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr

Physics and Astronomy

About the Department

Physics is the study of the basic interactions that govern the behavior of the universe as we know it. As such, a knowledge of physics is necessary for the proper understanding of any science, and, of course, it is an exciting field of study in its own right.

The department offers comprehensive training in physics that can lead to a teaching position in grades 7-12; industrial, institutional and government work; and graduate study. The major includes lecture courses, laboratory courses, and a chance for qualified students to participate in research with faculty members.

Physics for Non-Physics Majors
A minimum of one year of physics is recommended for all majors in sciences and health sciences.

Medical and dental schools also require one year of physics. Students requiring one year of physics may take either the PHYS 11000 (STEM)-PHYS 12000 (STEM) sequence (9 cr) or the PHYS 11100 (STEM)-PHYS 12100 (STEM) sequence (11 cr). Although both sequences cover the same topics, PHYS 11100 (STEM)-PHYS 12100 (STEM) utilizes elementary calculus and meets for one additional lecture hour each week. It is recommended for science students and those premed students who satisfy the mathematics prerequisite. PHYS 10100 (4 cr) should be taken only by those who want a one semester terminal course in physics; it does not satisfy pre-professional requirements. Students should take no more than one first-semester course (PHYS 10100, PHYS 11000 (STEM), PHYS 11100 (STEM)) and no more than one second-semester course (PHYS 12000 (STEM), PHYS 12100 (STEM)) since they may receive credit for no more than one course from each group.

HEGIS Code: 1902

Minor in Physics

A minor in Physics consists of a minimum of 12 credits of PHYS courses, including two courses numbered above 200 or one course numbered above 300. Students who wish to enroll in the Physics Minor must have completed:

- MATH 15000
- MATH 15500.

The prerequisites for the 300-level courses include MATH 25000 and/or MATH 25400.
Physics - BA

Major

One of the following 3 options (concentrations) may be taken.

- Physics Option 1
- Physics Option 2
- Physics Option 3

Graduate Study

The Department of Physics and Astronomy offers a number of advanced courses, listed in the graduate catalog, which give credit toward the degree of master of arts. Qualified undergraduate students may be admitted to these courses with the approval of the department chair.

Minor in Physics

A minor in Physics consists of a minimum of 12 credits of PHYS courses, including two courses numbered above 200 or one course numbered above 300.

Students who wish to enroll in the Physics Minor must have completed MATH 15000 (STEM) and MATH 15500 (STEM). The prerequisites for the 300-level courses include MATH 25000 and/or MATH 25400.

Honors Work

The opportunity for students to do individual research (experimental or theoretical) is offered in courses

**PHYS 45300 - Introduction to Research**

Independent theoretical or experimental research or independent study of approved topic.

*prereq: PHYS 33000, 33400, 33500, and 42700 or perm chair 1-3 cr.*

**PHYS 45400 - Introduction to Research**

Independent theoretical or experimental research or independent study of approved topic.

*prereq: PHYS 45300 or perm chair 1 to 3 cr.*

Articulation Agreement

Articulation Agreement with New York City College of Technology
An agreement is in place for students from New York City College of Technology (CUNY) who successfully complete an associate degree in science in Liberal Arts (LAS) with at least a 2.0 overall grade-point average to be accepted into the Hunter College BA program in Physics. Consult the physics and astronomy department for further information.

Physics - BA/MA

This special program for a limited number of well qualified students leads to a bachelor of arts and a master of arts degree. Students are offered the opportunity to quickly reach a level where they are competitive for admission into any doctoral program in physics. The program requires 124-126 credits (including the 30 credits required for a physics major BA degree and 30 credits from the graduate curriculum). Because this program requires a large number of physics courses, many of which have other physics courses as prerequisites, students in this program should begin taking physics courses in their first or second semester. Students should consult with the department chair, undergraduate adviser or graduate adviser for details as early as possible.

Physics Option 1

Return to Programs and Courses in Physics & Astronomy

For students in the BA/MA program, students intending to teach grades 7-12, and students intending to enter the medical profession.

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

MATH 12500 (STEM) - Precalculus

**Hunter Core**
Math/Quantitative Reasoning
**GER**
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

*prereq: grade of C or better in MATH 10100 or appropriate score on placement exam*

4 hrs
4 cr.

MATH 12600 - Precalculus Technology Laboratory

Students are introduced to MATHEMATICA as a tool for exploring qualitative features of functions and solving precalculus problems: simplifying algebraic expressions, solving equations, plotting functions and curves, finding and approximating zeros and solving systems of equations. MATH 12600 cannot be taken for credit after a student has passed MATH 15000. Students who have passed MATH 15000 should register for MATH 15400 to satisfy the symbolic proficiency requirement.

*prereq: grade of C or better in MATH 10100 or appropriate score on placement exam*
prereq or coreq: MATH 12500

2 hrs
1 cr.

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.

4 hrs
4 cr.

Hunter Core Requirement Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student’s advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Hunter Core Requirement.

Option 1

The requirements consist of 8 credits of introductory physics courses

PHYS 11100 (STEM) and PHYS 12000 (STEM) preferred

and a 22-credit concentration in physics courses at the 200 level and higher:

PHYS 22100
PHYS 22200
PHYS 33000
PHYS 33400
PHYS 23000
PHYS 23500
PHYS 33500

Additionally, 15-24 credits of allied courses (mathematics and chemistry) are also required. Together, the introductory physics and the Option 1 concentration (30 credit total) satisfy the major requirement for initial certification as a teacher of physics in grades 7-12. Option 1, together with the MA (see the Accelerated BA/MA Program in Physics), is recommended for students planning to pursue a PhD in physics.

Preparation for Teaching

The Option 1 major in physics satisfies the requirements for NY State initial certification of at least 30 credits for teachers in adolescent education: physics (grades 7-12). Students planning to become physics teachers at the secondary level should take the 23-credit sequence in secondary education.
Students preparing to teach physics are advised to include the following courses or their equivalents in their undergraduate program:

**MATH 25400 - Ordinary Differential Equations**

**GER**

3/B

First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.

*prereq: MATH 25000*

3 hrs

3 cr.

**CHEM 10200 (STEM) - General Chemistry I**

**Hunter Core**

Scientific World (SW); Life and Physical Sciences (LPS)

**GER**

2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

*prereq or coreq: MATH 12500, 15000 or equiv.*

5 hrs (4 lec, 1 rec)

4 cr.

**CHEM 10400 (STEM) - General Chemistry II**

**Hunter Core**

Life and Physical Sciences (LPS) Scientific World (SW)

**GER**

2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for pre-med, medical laboratory sciences and science majors.

*prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair*

5 hrs (4 lec, 1 rec)

4 cr.

**CHEM 10600 (STEM) - General Chemistry Laboratory**

**Hunter Core**

Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**

**GER 2/E**

Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general
Chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.

**prereq:** CHEM 10200
**coreq:** CHEM 10400
6 hrs
3 cr.

**ASTRO 10100 - Basic Concepts of Astronomy with Laboratory Exercises**

**GER**
2/E with lab

An introductory, one-semester astronomy course designed for non-science majors. Topics include: basic observational features of the night sky, and their explanations; Kepler’s laws of planetary motion; Newton’s laws of motion and gravitation. Properties of light, and how it reveals the nature of its source. Origin, properties, and evolution of our solar system. The origin and evolution of stars, including giants, dwarfs, supernovae, neutron stars, and black holes. Structure of The Milky Way and other type of galaxies. Cosmology, Hubble’s Law and the expanding universe, from the Big Bang to the present; future scenarios.
The lab consists of traditional hardware experiments and virtual online experiments. Students taking this course will be required to submit online and hard-copy laboratory reports.
5 hrs
4 cr.

**GEOL 10000 - Introductory to Geology**

**Hunter Core**
Scientific World (SW)

**GER**
2/E

Introduction to Geology is the study of the physical aspects of our planet. The goal of this course is to provide students with a basic understanding of the forces continuously shaping the surface of our planet and the influence they have on our environment, so that their appreciation and interest in our planet is heightened. At the same time, this course provides a strong fundamental background for students who want to pursue more advanced geological and environmental studies courses.
3 hrs (3 lec, 3 lab)
3 cr.
Offered fall and spring.

**BIOL 10000 (STEM) - Principles of Biology I**

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**
PD/C or D

**GER**
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
Physics Option 2

(Biophysics concentration) is recommended for students planning to pursue graduate studies and industrial R&D in biological related areas in physics, chemistry, bioengineering, and material sciences. This concentration is designed to allow the students to gain a solid foundation in physics and biology, together with a specially-designed course in biophysics which demonstrates the disciplinary interface between the two. The concentration requirements consist of courses in physics (26 cr), mathematics (12 cr), chemistry (15 cr) and biology (18 cr) and 8 credits of electives (at least 4 must be in physics).

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

MATH 12500 (STEM) - Precalculus

**Hunter Core**
Math/Quantitative Reasoning
**GER**
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

*prereq: grade of C or better in MATH 10100 or appropriate score on placement exam*

4 hrs
4 cr.

MATH 12600 - Precalculus Technology Laboratory

Students are introduced to MATHEMATICA as a tool for exploring qualitative features of functions and solving precalculus problems: simplifying algebraic expressions, solving equations, plotting functions and curves, finding and approximating zeros and solving systems of equations. MATH 12600 cannot be taken for credit after a student has passed MATH 15000. Students who have passed MATH 15000 should register for MATH 15400 to satisfy the symbolic proficiency requirement.

*prereq: grade of C or better in MATH 10100 or appropriate score on placement exam*

prereq or coreq: MATH 12500
2 hrs
1 cr.

Hunter Core Requirement Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When
selecting courses, it may be to a student’s advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Hunter Core Requirement.

Option 2

Courses in Physics (26 credits)

**PHYS 11100 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound**

**Hunter Core**
Scientific World (SW) Life and Physical Sciences (LPS)
**GER**
2/E

For physics and other science majors. First semester of a two-semester introductory physics course using calculus.

*prereq or coreq: coreq (with perm dept.): MATH 15000*

8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.

**PHYS 12100 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
**GER**
2/E

Second semester of PHYS 11100 (STEM), a two-semester introductory physics course using calculus.

*prereq: PHYS 11000 or 11100*
*prereq or coreq: (with perm dept.): MATH 15500*

8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.

**PHYS 33000 - Atomic and Nuclear Physics**

Examines experimental evidence and develops modern view of structure of atom and nucleus.

*prereq: PHYS 12000 or 12100*
*prereq or coreq: MATH 25000*

4 hrs
4 cr.

**PHYS 33400 - Intermediate Electricity and Magnetism**

Electrostatics, currents, magnetism, and introduction to electromagnetic theory of light.

*prereq: PHYS 12000 or 12100*
*prereq or coreq: MATH 25000*

4 hrs
4 cr.
PHYS 33600 - Thermodynamics and Statistical Mechanics

Study of fundamental ideas of heat, reversibility, and entropy. Introduction to statistical nature of some physical laws.

prereq: PHYS 12000 or 12100; MATH 25000
4 hrs
4 cr.

PHYS 42000 - Introduction to Biophysics

A comprehensive introduction to the interface between physics and biology and the application of the techniques of physics to understanding biological systems, focusing on developing an understanding of the thermodynamics of living systems, on the physical kinematics of macromolecules and other biological structures and on the theory of physical techniques that are used in the study of biological systems.

prereq or coreq: PHYS 33000, PHYS 33600, BIOL 30000, CHEM 37600.
4 hrs
4 cr.

Mathematics (12 cr)

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs
4 cr.

MATH 15500 (STEM) - Calculus with Analytic Geometry II

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

prereq: grade of C or better in MATH 15000
4 hrs
4 cr.

MATH 25000 - Calculus with Analytic Geometry III

GER
3/B

Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.

prereq: MATH 15500
Chemistry (15 cr)

**CHEM 10200 (STEM) - General Chemistry I**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
**GER**
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

*prereq or coreq: MATH 12500, 15000 or equiv.*
5 hrs (4 lec, 1 rec)
4 cr.

**CHEM 10400 (STEM) - General Chemistry II**

**Hunter Core**
Life and Physical Sciences (LPS) Scientific World (SW)
**GER**
2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

*prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair*  
5 hrs (4 lec, 1 rec)
4 cr.

**CHEM 10600 (STEM) - General Chemistry Laboratory**

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)
**Pluralism and Diversity**
GER 2/E

Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.

*prereq: CHEM 10200*  
*coreq: CHEM 10400*  
6 hrs
3 cr.
CHEM 22200 - Organic Chemistry Lecture I

GER
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

*prereq: CHEM 10400 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.*

CHEM 22400 - Organic Chemistry Lecture II

GER
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*prereq: CHEM 22200 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.*

Biology (18 cr)

BIOL 10000 (STEM) - Principles of Biology I

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)
**Pluralism and Diversity**
PD/C or D
**GER**
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.
*prereq: MATH 12500, CHEM 10200
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only*

BIOL 10200 (STEM) - Principles of Biology II

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
Pluralism and Diversity
PD/C or D
GER
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

BIOL 30000 - Biological Chemistry

GER
3/B

Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in biological chemistry. The following pre/co-requisites apply: prereq: BIOL 20300 and coreq: CHEM 22200.

Material Fee: $10
prereq: Open only for majors.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

and 8 cr of electives

At least 4 credits must be in physics

Physics Option 3

Return to Programs and Courses in Physics & Astronomy

(Laser and fiber optics concentration) is recommended for those interested in a career in the telecommunications industry, as it includes a foundation in lasers and fiber optics.

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

MATH 12500 (STEM) - Precalculus

Hunter Core
Math/Quantitative Reasoning
Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

**prereq:** grade of C or better in MATH 10100 or appropriate score on placement exam

4 hrs
4 cr.

**MATH 12600 - Precalculus Technology Laboratory**

Students are introduced to MATHEMATICA as a tool for exploring qualitative features of functions and solving precalculus problems: simplifying algebraic expressions, solving equations, plotting functions and curves, finding and approximating zeros and solving systems of equations. MATH 12600 cannot be taken for credit after a student has passed MATH 15000. Students who have passed MATH 15000 should register for MATH 15400 to satisfy the symbolic proficiency requirement.

**prereq:** grade of C or better in MATH 10100 or appropriate score on placement exam

**prereq or coreq:** MATH 12500

2 hrs
1 cr.

**Hunter Core Requirement** Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student’s advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Hunter Core Requirement.

**Option 3**

Eight (8) credits of introductory physics are required

**Recommended**

**PHYS 11100 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound**

**Hunter Core**

Scientific World (SW) Life and Physical Sciences (LPS)

**GER**

2/E

For physics and other science majors. First semester of a two-semester introductory physics course using calculus.

**prereq or coreq:** coreq (with perm dept.): MATH 15000

8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.

**PHYS 12100 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**
Second semester of PHYS 11100 (STEM), a two-semester introductory physics course using calculus.

**prereq:** PHYS 11000 or 11100

**prereq or coreq:** (with perm dept.): MATH 15500

8 hrs (4 lec, 3 lab, 1 rec)

5.5 cr.

May be taken instead

### PHYS 11000 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound

**Hunter Core**

Scientific World (SW); Life and Physical Sciences (LPS)

**GER**

2/E

First semester of two-semester introductory physics course using algebra.

**prereq:** MATH 12500; pre-calculus or equiv. By math dept. exam.

7 hrs (3 lec, 3 lab, 1 rec)

4.5 cr.

### PHYS 12000 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

**Hunter Core**

Scientific World (SW); Life and Physical Sciences (LPS)

**GER**

2/E

Second semester of PHYS 11000 (STEM), a two-semester introductory physics course using algebra.

**prereq:** PHYS 11000 or 11100

7 hrs (3 lec, 3 lab, 1 rec)

4.5 cr.

No more than 8 credits toward the major can be obtained from these courses. It is recommended that the following be taken, if the PHYS 110-120 sequence is taken instead of the PHYS 111-121 sequence.

### PHYS 19000 - Tutorial in Mathematical Physics

Applications of differential and integral calculus to selected topics chosen from the major subfields of physics.

Completion of this course and its prerequisites is equivalent to completion of the calculus-based general physics sequence, PHYS 11100 and 12100.

**prereq:** MATH 15500, PHYS 12000

3 hrs (2 lec, 1 rec)

2 cr.
(15 cr) are required in addition to one year of high school chemistry or college chemistry

**MATH 15000 (STEM) - Calculus with Analytic Geometry I**

**Hunter Core**
Math/Quantitative Reasoning

**GER**
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*

4 hrs
4 cr.

**MATH 15500 (STEM) - Calculus with Analytic Geometry II**

**Hunter Core**
Math/Quantitative Reasoning

**GER**
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

*prereq: grade of C or better in MATH 15000*

4 hrs
4 cr.

**MATH 25000 - Calculus with Analytic Geometry III**

**GER**
3/B

Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.

*prereq: MATH 15500*

4 hrs
4 cr.

**MATH 25400 - Ordinary Differential Equations**

**GER**
3/B

First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.

*prereq: MATH 25000*

3 hrs
3 cr.

All four courses of the sequence are required
No more than 4 credits of the sequence PHYS 231-234 may be used toward the major.

**PHYS 23100 - Fundamentals of Laser and Fiber Optics**

**GER**

3/B

Topics in optics related to lasers and optical fiber and devices for modulating and directing signals from such devices. Geometrical optics with emphasis on ray tracing. Matrix methods in optics. Lenses thick and thin, mirrors, prisms and other passive optical elements and systems. Propagation of light in materials. Dispersion and its effects. Special topics in geometric and wave optics. Laboratory complements classwork.

*prereq: PHYS 12000 or 12100 or equiv; MATH 12500*

5 hrs

4 cr.

**PHYS 23200 - Laser and Electro-Optics Technology**

**GER**

3/B

Wave optics, interference, coherence, polarization, birefrigence, diffraction, gratings in two and three dimensions, power and energy measurements, basics of laser safety, ultra-fast pulse technology measurements, basics of laser safety, ultra-fast pulse technologies, electro-optics and acoustooptics switches, optical materials, non-linear optics. Laboratory complements classwork.

*prereq: PHYS 23100*

7 hrs

5 cr.

**PHYS 23300 - Laser Electro-Optics Devices, Measurements and Applications**

**GER**

3/B

Laser as a device, principle of operation, cavity modes and their control (tuning elements, Q switching, mode-locking) and detection, laser design, types of lasers, includes discussion of laser types for medical, ranging and tracking, material processing, pollution monitoring, and optical memory applications, semiconductor laser. Laboratory complements classwork.

*prereq: PHYS 23100*

6 hrs

4 cr.

**PHYS 23400 - Fiber Optics Devices, Measurements, and Applications**

**GER**

3/B

*prereq: PHYS 23100*

Minor in International Relations

The International Relations (IR) minor is an inter-disciplinary course of study that allows students to examine international relations from different perspectives within a liberal arts curriculum. The International Relations minor introduces students to the major themes in IR: IR theories and approaches, peace and security, international political economy, foreign policy, and international norms and institutions.

Requirements

- 15 credit minor—Students are required to complete at least one course from Group A and at least one course from two of the other four categories (Groups B-E).
- Students can take no more than three courses from one department.
• Students must complete at least one 300-level course to fulfill the requirements of the IR minor.
• No more than two courses from the student’s major can be applied toward the IR minor.

Note: Though not a requirement for the IR minor, students are strongly encouraged to study a foreign language.

A. IR Theories and Approaches

These courses teach students the skills necessary to think and write clearly about IR.

**POLSC 27000 - International Relations: Conceptual Foundations and Current Issues (W)**

**GER**
3/B

Examines the conceptual foundations of international relations and their application to current issues. *Topics include:* anarchy, power, war and peace, international cooperation, the role of the state and non-state actors, international institutions, norms and human rights, and the global economy.

Students may not take both POLSC 11500 and POLSC 27000 at Hunter College for credit. (Transfer students may receive only 100-level credit for a course equivalent for POLSC 11500 after spring 2010, when POLSC 27000 becomes the prerequisite for most advanced courses in international relations.)

*prereq: ENGL 12000 or its equivalent*
3 hrs
3 cr.

**POLSC 37700 - Theories of International Politics (W)**

**GER**
3/B

An examination of the central concepts and issues in international politics that underpin the main theoretical debates in the field.

*prereq: POLSC 11500 or 27000 or 27500 or 28200 or perm. instr.*
*coreq: ENGL 12000 or its equivalent*
3 hrs
3 cr.

**ECO 20000 - Principles of Microeconomics**

**Hunter Core**
**Scientific World (SW)**

**GER**
2/B

May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications.

*prereq: MATH 10100 or exemption from the course*
3 hrs
3 cr.
ECO 20100 - Principles of Macroeconomics

Hunter Core
Individual and Society (Social Sciences) -I&S SS
GER
2/B

May be taken prior to or concurrently with ECO 20000. Economic growth; fluctuations in the aggregate economy; inflation; monetary and fiscal policy.

prereq: MATH 10100 or exemption from the course
3 hrs
3 cr.

GEOG 24400 - Political Geography

GER
3/B

Political geography concerns the nature and consequences of human efforts to divide and control Earth. Major topics to be covered by this course include the origin and evolution of countries and their constituent political units; the defining and drawing of political boundaries; territorial conflicts and disputes; the impact of boundaries on personal and cultural identity; centripetal and centrifugal forces that encourage the success or failure of political units; jurisprudence, crime and punishment; electoral geography; war, piracy and terrorism; ownership of ocean floors and outer space; the environmental impacts of political power (zoning, incorporation, height restrictions, land tenure); and symbols of power in the landscape. Lectures and assignments will stress the relevancy of political geography to issues that affect our everyday life.

prereq: GEOG 10100 or GEOG 15000 or perm instr
3 hrs
3 cr.

B. Foreign Policy and Analysis

These courses emphasize the foreign policies of countries or regions and research design and methods in IR.

POLSC 20600 - Research Design in Political Science (W)

GER
3/B

Public opinion surveys, content analysis, legislative roll-call analysis, census data, election returns. Introduction to statistics. Uses Social Science Data Lab.

prereq: passing college proficiency exam in math or perm instr; ENGL 12000 or its equivalent
3 hrs
3 cr.

POLSC 27600 - Global Issues (W)

GER
3/B
Examination of current global issues using traditional and critical international relations perspectives. Topics vary each semester: population growth, food insecurity, human trafficking, the future of the euro, immigration challenges in Europe, climate change, resource shortages, global poverty, shared values, and other issues.

**prereq:** ENGL 12000 or its equivalent

3 hrs

3 cr.

**POLSC 27400 - American Foreign Policy (W)**

GER
3/B

Broad overview of the sources, processes, institutions, traditional tenets, current challenges, and aims of American foreign policy.

**prereq:** ENGL 12000 or its equivalent

3 hrs

3 cr.

**POLSC 37800 - Russian National Interest: Past and Present (W)**

Pluralism and Diversity
PD/D

GER
3/B

In a contemporary, historical and comparative context, this course explores the factors influencing debates on and definitions of Russia's national interests, the strategies for promoting those interests and the implications for Russia and the international system.

**prereq:** ENGL 12000 or equiv; POLSC 11500 or POLSC 11700 or perm instr.

3 hrs

3 cr.

**POLSC 38400 - Comparative Foreign Policy (W)**

An analysis of why states have different foreign policies and the sources of those differences. Various factors such as power, political culture, religion, regime type, history, economic and state development, and individuals will be explored.

**prereq:** ENGL 12000 or the equivalent; POLSC 27000 or POLSC 28200; or permission of the instructor; may not be taken by students who have completed POLSC 373.14.

4 hrs

4 cr.

**ECO 22100 - Economic Statistics**

**Hunter Core**

Mathematics and Quantitative Reasoning

GER

1/B

Probability and statistics in the context of economics, business and public policy; data analysis, probability distributions, and hypothesis testing.

**prereq:** MATH 12500 or exemption from the course
Dynamics of US relations with Latin American countries from the colonial era through the Cold War to the present, and of relations of Latin American countries with each other and with extra-hemispheric nations.

*cross-listed* LACS 43432

**prereq:** ENGL 12000 or its equivalent

3 hrs

3 cr.

or

**HIST 34100 - Topics in History**

3 hrs

3 cr.

**C. International Norms and Institutions**

These courses teach students how global cooperation has been achieved through the creation of international law, international norms, and international institutions.

**POLSC 27800 - International Organizations (W)**

3 hrs

3 cr.

**POLSC 28100 - Drugs, Politics and Public Policy (W)**

3 hrs

3 cr.
political and cultural determinants, economic and market factors, constitutional implications and United States foreign policy.

*prereq: ENGL 12000*

3 hrs

3 cr.

**POLSC 37400 - International Human Rights (W)**

**GER**

3/B

An examination of the origins, substance and processes of human rights in international relations.

*prereq: ENGL 12000 or its equivalent*

3 hrs

3 cr.

**POLSC 37500 - International Law (W)**

**GER**

3/B

The course will examine the sources, principles, functions, and effectiveness of international law.

*prereq: ENGL 12000 and POLSC 27000 or POLSC 27500 or POLSC 27800 or POLSC 282 or permission of instructor*

3 hrs

3 cr.

**POLSC 38300 - Power Transitions, the U.S. and World Order (W)**

**GER**

3/B

An examination of global power transitions and their consequences for international competition and order. Draws on theoretical insights to explain patterns in historical and contemporary cases, including the current rise of China and other "BRICS" countries.

*prereq: ENGL 12000 (or equivalent), one course in international relations*

4 hrs

4 cr.

**GEOG 33500 - International Pollution Issues**

**GER**

3/B

A study of international trans-boundary pollution and the science, source terms, transport pathways and international impacts of contamination events. The regional focus will change yearly pending current global environmental events.

*prereq: GEOG 101 or GEOL 101 or PGEO 130 or perm instr.*

3 hrs

3 cr.

**PGEOG 36100 - Global Climatic Change**
GER
3/B

Open to Jr/Sr only. An intensive introduction to the study of climate change with emphasis on modern climate change, anthropogenic forcing and measured and predicted consequences of this forcing. Students will develop an understanding of natural climate forcing, natural variability and feedbacks in the climate system while concurrently studying the Earth’s climate history, and modern climate change.

*prereq:* PGEO 13000 or GEOL 10100 or 10500

3 hrs

3 cr.

D. International Political Economy

These courses emphasize international trade, finance, and development.

**POLSC 27500 - Politics of the Global Economy (W)**

GER
3/B

Introduction to International Political Economy (IPE). Examines the dynamic interaction between politics and economics across national borders, including the politics of trade, development, finance, varieties of capitalism, globalization and environmental protection. Not open to students who have taken POLSC 37600.

*prereq:* ENGL 12000 or its equivalent

3 hrs

3 cr.

**POLSC 37600 - International Political Economy (W)**

GER
3/B

Examination of the intersection of politics and economics at the international level through a careful reading and analysis of dominant theoretical approaches and their application to central debates concerning the politics of trade, money and finance, development and globalization.

*prereq:* POLSC 11500 or 27000 or 27500; minimum of 45 credits and 9 credits in political science or permission of the instructor

*coreq:* ENGL 12000 or its equivalent

4 hrs

4 cr.

**GEOG 22100 - Economic Geography and Globalization**

GER
2/B

An introduction to the sub-discipline of economic geography, which will include an exploration of the history of both economics and geography, and a rigorous global approach to the subjects. Students will come to understand the history of the development of economic thought, leading up to, and transformed, by today’s crisis, as well as the particularly geographical nature of economic phenomena and processes, and the immense contributions geographers have made to
the understanding of economics. Course focus is on the dominant form of global economic activity today, which is
capitalistic, and the way this economic structure plays out through different geographies at different historical moments
in time.

Not open to freshmen
prereq: GEOG 10100 or perm instr.
3 hrs
3 cr.
Offered fall and spring

GEOG 37000 - Geography of Sustainable Development in Developing Countries

Pluralism and Diversity
PD/A
GER
3/B
Reviews the theories and approaches of international development. Themes include development theory, availability
and distribution of resources, population growth, food production, water supply and forestry. The course will also
highlight the development and environmental problems that challenge the achievement of sustainable development
such as population growth, food and world economic crises, increasing number of the poor and climate change. The
course will provide students with theory, methods, problems and analysis of factors that influence sustainable
development in developing countries.
prereq: one of the following: GEOG 10100, 15000, 27000, 27100, 27500, 27700 or perm instr.
3 hrs
3 cr.

ECO 33000 - Economic Development

Pluralism and Diversity
PD/A
GER
3/B
Critical variables explaining the diversity of growth and economic and development outcomes across developing
countries. Theories, case studies, measurement and policies.
prereq: ECO 20000
3 hrs
3 cr.

ECO 34000 - International Trade

GER
3/B
Theories of international trade and international trade policies.
prereq: ECO 20000
3 hrs
3 cr.

ECO 34100 - International Finance
Theories of exchange-rate determination and open-economy macroeconomic theory and policy.
prereq: ECO 20100
3 hrs
3 cr.

SOC 36100 - Development and Modernization (W)

Pluralism and Diversity
PD/A
GER
3/B
Examinations of models of social change with a special focus on developing countries.
prereq: SOC 10100
3 hrs
3 cr.

SOC 30700 - Migration

Pluralism and Diversity
PD/B
GER
3/B
Economic, demographic, political and cultural factors influencing migration and the consequences of migration.
prereq: SOC 10100
3 hrs
3 cr.

SOC 31100 - Population Dynamics

GER
3/B
Comparative analysis of fertility, mortality, migration trends, and related social factors.
prereq: SOC 10100
3 hrs
3 cr.

E. International Peace and Security

These courses focus on peace, security, conflict, violence, war, and terrorism.

POLSC 28200 - International Security (W)

GER
3/B
An introduction to basic concepts and problems in the area of international security, this course will explore explanations for some of the central causes of security/insecurity and peace/war, as well as examine select contemporary security issues.

*prereq: ENGL 12000 or its equivalent*

3 hrs
3 cr.

**POLSC 28300 - Terrorism (W)**

**GER**
3/B

The course will explore the types, causes, and strategies of terrorism as well as the effectiveness and civil liberty implications of counterterrorism strategies. Both contemporary and historical terrorist groups will be considered.

Not open to students who have completed POLSC 27353.

*prereq or coreq: ENGL 12000 or the equivalent*

3 hrs
3 cr.

**POLSC 37900 - War and Strategy (W)**

**GER**
3/B

An examination of strategy and wars between states, within states, and between states and transnational groups. Focuses on how strategy affects the avoidance, outbreak, conduct, and consequences of war and the difficulty of devising strategies that successfully link political ends and military means.

*prereq: POLSC 11500 or 27000 or 28200; minimum of 45 credits and 9 credits in political science or permission of the instructor*

*coreq: ENGL 12000 or the equivalent*

4 hrs
4 cr.

**POLSC 38000 - European Security (W)**

**Pluralism and Diversity**

**PD/D**

**GER**
3/B

A theoretically informed examination of current and historical security problems in Europe, with a focus on the sources of war and peace, strategic calculations, alliances, institutions, democratization, norms, and ideological and identity conflicts. A principal aim is to establish a foundation for analyzing the prospects for a secure order in Europe in the first part of the 21st century.

*prereq: POLSC 11500 or 27000 or 28200; minimum of 45 credits and 9 credits in political science or permission of the instructor*

*coreq: ENGL 12000 or its equivalent*

4 hrs
4 cr.
**POLSC 38200 - Causes of War (W)**

**GER**
3/B

An analysis of the causes of war and peace for both civil and interstate wars including especially the role of bargaining, but also the roles alliances, arms races, rivalries, and institutions.

*prereq or coreq: ENGL 12000 or the equivalent; POLSC 27000 or POLSC 28200; minimum of 45 credits and 9 credits in political science or permission of the instructor.*

4 hrs
4 cr.

**Minor in Legal Studies**

The Legal Studies minor is an interdisciplinary course of study that allows students to examine the role and development of law from different perspectives within a liberal arts curriculum. Legal studies students will be introduced to the study of judicial opinions, theories of law and legal interpretation, the structure and role of legal institutions, and the operation of law in history and everyday life.

Law is a central feature of political, social, and economic life. The legal studies minor will prepare students embarking on careers in government, business, or the non-profit sector to think broadly and critically about the nature of law. It will also be extremely helpful for any students planning to pursue graduate study focusing on law or legal institutions, in a wide variety of disciplines. The legal studies program places an emphasis on developing students’ communication skills, interdisciplinary scholarship and a commitment to connect undergraduate education to advanced career opportunities. The core of the legal studies minor, though, is a commitment to the study of law within the liberal arts tradition.

While there are many ways for students to prepare successfully for law school, an advantage of the legal studies minor is its ability to help the college identify students planning to apply to law school, to ensure that these students receive guidance on the application process as early as possible, and to give them a solid foundation when they enter law school.

**Program Requirements**

**15-credit minor**

Students are required to complete at least one course from within each of the three categories below. Students can take no more than three courses from one department.

No more than two courses from the student's major can be applied toward the Legal Studies minor. Courses used to fulfill the Legal Studies minor may be used to meet any other degree requirements, including the political science major. Students should be aware that courses listed for this minor may have prerequisites within their home departments.

**Foundations of Legal Studies**

These courses teach students foundational knowledge and skills that are important for thinking and writing clearly about law.
PHILO 10300 - Introduction to Logic and Critical Thinking

GER
2/C

Recognizing arguments; traditional logic including concepts, propositions, categorical, hypothetical and disjunctive syllogisms; argument structure, natural language argumentation, fallacies.
3 hrs
3 cr.
offered each semester

PHILO 10600 - Philosophy, Politics and Society

Hunter Core
Individual and Society (Social Sciences) -I&S SS

Pluralism and Diversity
PD/D
GER
2/C

Introduction to social and political philosophy.
3 hrs
3 cr.
offered each semester

PHILO 17000 - Introduction to Logic and Scientific Method

Hunter Core
Scientific World

An introduction to logical analysis and evaluation, especially applied to scientific arguments. Recognizing arguments and their support structure; evaluating reliability of sources vouching for premises; elementary deductive formal logic; evaluation of arguments central to empirical science.
3 hrs
3 cr.

POLSC 11000 - American Government: A Historical Introduction (W)

Hunter Core
Flexible Core: US Experience in its Diversity

GER
1/C or 2/B

Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts.

Not open to students who have passed CLEP or the AP American Government exam or who have taken or received transfer credit for POLSC 11100. Please note that all versions of Introduction to American Government taken at other colleges and universities or credited by examination (e.g., CLEP, AP American Government) are the equivalent of POLSC 11100. Students cannot use credit for both POLSC 11000 and POLSC 11100 to fulfill graduation requirements or major requirements.
**Legal Institutions and Legal Processes**

These courses emphasize the “law on the ground.” They tend to present a more external analysis of the role and operation of legal institutions, actors, and norms.

**POLSC 21900 - Women and the Law (W)**

**Pluralism and Diversity**

PD/C  
GER  
3/B  

Overview of how local, state and federal laws treat people on the basis of sex.  
*cross-listed* WGSP 21900  
**prereq: ENGL 12000 or its equivalent**  
3 hrs  
3 cr.

**POLSC 23800 - The American Legal System (W)**

**GER**  
3/B  

Civil and criminal law, common law and equity, substantive and procedural law. Emphasis on federal and New York law.  
**prereq: ENGL 12000 or its equivalent**  
3 hrs  
3 cr.

**POLSC 24000 - The American Judiciary (W)**

**GER**  
3/B  

The Supreme Court and other federal courts as part of policy-making process in American government.  
**prereq: ENGL 12000 or its equivalent**  
3 hrs  
3 cr.

**POLSC 31000 - Comparative Legal Systems (W)**

**GER**  
3/B  

Comparative study of major legal traditions of the modern world, including common law, civil law, Soviet, Islamic, Chinese, tribal and hybrid systems.  
**prereq: POLSC 11000, 23800 or 34000 or 34100 or 34300 or 37500 or any course in comparative politics subfield, or**
POLSC 37500 - International Law (W)

GER
3/B

The course will examine the sources, principles, functions, and effectiveness of international law.
prereq: ENGL 12000 and POLSC 27000 or POLSC 27500 or POLSC 27800 or POLSC 282 or permission of instructor
3 hrs
3 cr.

ASIAN 39002 - Asian American Civil Rights and the Law

Pluralism and Diversity
PD/B
Critical examination of major immigration and civil rights laws and Supreme Court cases that have affected Asian Americans.
3 hrs
3 cr.

MEDIA 39400 - Mass Communications and the Law

GER
3/A

Relationship of mass media to significant constitutional problems.
prereq: MEDIA 18000
3 hrs
3 cr.

HIST 36400 - American Constitutional History, 1783 to 1900

Pluralism and Diversity
PD/D
GER
3/B

Development of constitutional thought from the framing of the Articles of Confederation to 1900.
Courses at the 300-level and above not offered to freshmen.
3 hrs
3 cr.

SOC 31900 - Criminology

GER
3/B
Criminal behavior, arrest, and punishment. Problems of definition, administration of criminal justice.

*prereq: SOC 10100*
3 hrs
3 cr.

**SOC 32000 - Law, Society and Civil Rights**

**GER**
3/B

Examines from a sociological perspective the concept of law, and legal institutions and their relationship to society and culture, concentrating on the struggle for civil rights in America.

*prereq: SOC 10100*
3 hrs
3 cr.

**The Theory and Practice of Legal Interpretation**

These courses emphasize the “law on the books,” the way relative insiders, like legal theorists and judges, talk about the content of law. Courses in this category introduce students to judicial opinions as well as normative theories about the way law should be interpreted.

**POLSC 34000 - Constitutional Law: Organizing the Government (W)**

**GER**
3/B

Constitutional problems and Supreme Court decisions. Federalism, judicial review, separation of powers, foreign policy.

*prereq: POLSC 11000 or 11100 or 23800*
3 hrs
3 cr.

**POLSC 34100 - Constitutional Law: Civil Rights (W)**

**GER**
3/B

Constitutional problems and Supreme Court decisions regarding race and sex discrimination.

*prereq: POLSC 11000 or 11100 or 23800*
3 hrs
3 cr.

**POLSC 34200 - Constitutional Law: The First Amendment (W)**

**GER**
3/B

Constitutional problems and Supreme Court decisions regarding freedom of speech, press (media), religion and assembly.

*prereq: POLSC 11000 or 11100 or 23800*
3 hrs
3 cr.

ECO 37000 - Law and Economics

GER
3/B

Analytical tools of microeconomics are used to examine various aspects of the law, including property, contracts, torts, liability, and criminal and family law.

prereq: ECO 20000
3 hrs
3 cr.

PHILO 25200 - Problems of Law and Morality

GER
3/B

Philosophy of law and the relation of legal to ethical issues.

prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 34600 - Contemporary Theories of Justice (W)

GER
3/B

A study of important contemporary theories of economic, political, and social justice, such as political liberalism, democratic socialism, communitarianism, and civic republicanism.

3 hrs
3 cr

Minor in Political Science

Students minoring in political science must complete 12 credits in political science. No more than three credits can be at the 100-level. No more than three credits in independent study (POLSC 29001-29003) can be used to satisfy the minor. Internship credits may not be applied toward the minor.

The minor in Political Science is designed to provide students with solid grounding in political science and to encourage them to develop depth in the discipline in an area that will complement their major or develop expertise in an area of particular interest to them.

The minor in Political Science allows students considerable flexibility in designing a minor that will best serve their academic goals. Students may, for instance, wish to focus on courses dealing with European politics and foreign policy to complement a major in a European language and culture. Students may concentrate their courses in one field of political science, or spread them across several fields. Students may consult an advisor in the Department of Political Science about their goals as they choose courses to satisfy the minor.
Political Science - BA

Major

30 cr for students declaring after September 1, 2009
Majors are required to take at least one course in each of the four following subfields of the discipline:

1. American Government
2. Political Theory
3. Comparative Politics
4. International Relations

Students may distribute their remaining courses in the major as they see fit. However, students contemplating graduate work are encouraged to specialize appropriately in consultation with the department's faculty members.

For students declaring after September 1, 2009, no more than two introductory (100-level) courses can be applied toward the major. Majors must complete at least three courses at the 300-level or above in any subfield.

No more than 6 credits in internship, independent study, and/or experiential courses (such as Model United Nations) may be used to satisfy the 30 credits in the major. Also, such credits may not be used to satisfy the distribution requirements in the four fields. Courses taken for Credit/No Credit may not be applied toward the major.

Hunter Core Requirement

Several courses leading to or in this major fulfill parts of the Hunter Core Requirement (CUNY Common Core, Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path of the major. Details of the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

In the case of political science, the courses that meet CCC are:

Course

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>POLSC 11000</td>
<td>US Experience in its Diversity</td>
</tr>
<tr>
<td>POLSC 10000</td>
<td>World Culture/Global Issues</td>
</tr>
<tr>
<td>POLSC 25000</td>
<td>World Culture/Global Issues</td>
</tr>
<tr>
<td>POLSC 20000</td>
<td>Individual and Society</td>
</tr>
</tbody>
</table>

Please note that no more than two courses from any one department will count for the CUNY Common Core.

Minor in Political Science

Students minoring in political science must complete 12 credits in political science. No more than three credits can be at the 100-level. No more than three credits in independent study can be used to satisfy the minor. Internship credits may not be applied toward the minor.

The minor in Political Science is designed to provide students with solid grounding in political science and to encourage them to develop depth in the discipline in an area that will complement their major or develop expertise in an area of particular interest to them. To complete a minor in Political Science, students must complete 12 credits in
Political Science with no more than 3 credits at the 100 level. Students may apply up to 3 credits of independent study in Political Science POLSC 29001-29003; however, internship credit may not be applied to the minor.

The minor in Political Science offers students considerable flexibility in designing a minor that will best serve their academic goals. Students may, for instance, wish to focus on courses dealing with European politics and foreign policy to complement a major in a European language and culture. Other students may wish to emphasize courses in international and public law in preparation for law school. Students may concentrate their courses in one field of political science, or spread them across several fields. Students may consult an advisor in the Department of Political Science about their goals as they choose courses to satisfy the minor.

Interdepartmental Fields

Political Science department faculty are actively involved in many interdisciplinary programs at Hunter College. Students who want to do work in political science as part of the following interdepartmental programs should refer to the appropriate programs in this catalog.

Minor in Asian American Studies,

Human Rights,

Jewish Studies - BA,

Latin American and Caribbean Studies - BA,

Public Policy,

Women and Gender Studies - BA

Honors

To complete the requirements for departmental honors in Political Science at graduation, students must have at least 30 credits in Political Science and be eligible for graduation in the semester that they formally complete department honors. At least 21 of these credits (or in exceptional cases, 18) must be taken in the Political Science Department at Hunter College. In the case of transfer students, the student's faculty supervisor must recommend an exception to this policy; however, in no case should a student who has taken fewer than 15 credits in academic coursework (excluding internships or other experiential education courses) in political science at Hunter College be recommended for departmental honors.

In addition, students must 1) have a GPA in the major of not less than 3.5; 2) have completed at least two credits (but not more than 6) in coursework specifically designated for honors (POLSC 492xx); 3) completed POLSC 49300, 4) work on the thesis with one Supervisor who must be a full-time political science faculty member.

The thesis should be a major paper of approximately 25 pages in length that reflects serious scholarship in an honors course. Students should enroll in POLSC 49202-49203 under the supervision of a faculty member with whom the student has done prior coursework and who has agreed to supervise the student's honors project. Students seeking to graduate with departmental honors should begin to plan the sequence of honors work at least two semesters in advance of their expected graduation date.

Approval for Honors will come from the Supervisor. Once students have received the approval of the Sponsor, the thesis can be submitted for departmental honors. Successful completion of departmental honors includes a formal presentation of the thesis to the Honors Committee. Final papers must be deposited in the department office.
Pi Sigma Alpha

Students interested in joining this honor society should consult with Professor Leonard Feldman, 1702 Hunter West, (212)396-6246, lfeldman@hunter.cuny.edu.

Writing Corequisite and Prerequisites

Introductory, intermediate and advanced political science courses require significant expository writing and ENGL 12000 as a co- or prerequisite. To assure that students are ready for these courses, they should be enrolled in ENGL 12000 (or its equivalent) or have successfully completed the course. For all 100-level courses, ENGL 12000 (or its equivalent) is a prerequisite or co-requisite; for all 200-level, 300-level and 400-level courses, ENGL 12000 (or its equivalent) is a prerequisite.

Seminar/Internship Program in New York Government

This university-wide program is designed to bridge the gap between academic study and the practical world of government. Each year approximately 300 students are selected as CUNY interns. Hunter College students participate by enrolling in POLSC 22200/22300. Interns spend eight to ten hours a week in agencies, political offices or community groups working on administrative or research assignments related to urban affairs and services.

They attend a weekly classroom seminar at Hunter and monthly meetings of the entire program at the CUNY Graduate School. Prominent government officials, political leaders, community representatives and academic experts participate in both the weekly and monthly meetings. Students are advised to have taken prior coursework in American politics and to have at least a 3.0 GPA prior to being admitted to this program. For further information, consult the Department of Political Science.

Other Internships

Students may wish to consider internships in any field of political science, and receive credit through POLSC 29801-29806. The department does not offer internship credits to students in their first semester at Hunter College or to students who have never taken a political science course at Hunter. Up to 6 credits in internship work (POLSC 29801-29806) may be used to satisfy requirements for the major. As a general rule, a student who takes POLSC 29801-29806 must be supervised by a full-time faculty member with whom the student has done prior coursework and who has agreed to supervise the student’s internship. Additional internship credits may be used as electives toward graduation.

Preparation for Graduate Study

Many political science majors go on to graduate study. Students considering graduate work should consult members of the political science faculty.

Awards and Prizes

The Political Science Department confers recognition on its outstanding graduates through prizes and awards. The Katherine Duffy Prize and the David Haight Memorial Prize are presented annually to graduating political science majors.

Scholarships
The Political Science Department may award the Joan Pincus Scholarship to students majoring in political science who have achieved at least sophomore status, have an excellent academic record and have demonstrated financial need. For additional information, see the department chair or a departmental adviser.

Minor in Psychology

The minor in psychology is designed to expose students to a variety of content areas in the field of psychology and to provide the student with the ability to evaluate psychology research as a consumer. To declare a psychology minor, the student must have completed any 100-level psychology course with a minimum grade of C and a required mathematics course with a minimum grade of C or CR. The mathematics requirement may be satisfied by STAT 11300 or MATH 12500 or by an appropriate score on the mathematics placement test. The minor in Psychology consists of 15 credits in Psychology, as follows: PSYCH 10000 and any other 3 cr. PSYC course; PSYCH 21500; and any 2 200-level PSYC courses below PSYCH 24800. The total number of credits to fulfill all minor requirements, including credits for all prerequisites, is 18: 15 credits in PSYC course and 3 credits in STAT 11300 or MATH 12500.
Psychology - BA

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

ENGL 12000 - Expository Writing

Hunter Core
English Comp (EC)
GER
1/A

Required of all students unless exempt This course trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.
prereq: successful completion of developmental courses, if required
3 hrs + conf
3 cr.

PSYCH 10000 - Introduction to Psychology

GER
2/B

An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.
3 hrs
3 cr.

MATH 12500 (STEM) - Precalculus

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.
prereq: grade of C or better in MATH 10100 or appropriate score on placement exam
4 hrs
4 cr.

-OR-

STAT 11300 - Elementary Probability and Statistics
Not open to students who have completed STAT 21300 (STEM) or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

**prereq:** A grade of C or better in MATH 10100 or appropriate score on placement exam

**prereq or coreq:** ENGL 12000

3 hrs

3 cr.

**Hunter Core Requirement** Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

**Exemptions**

A student may be exempt from PSYCH 10000 by earning a score of 4 or 5 on the Advanced Placement Test taken in conjunction with a high school course in psychology or by passing the CLEP examination (College Level Education Program). Exemption from Child Psychology (PSYCH 21000) may be earned by a passing grade on the CLEP examination in Developmental Psychology. CLEP examinations are given at various testing centers. Interested students can obtain information and application forms at [http://www.collegeboard.com](http://www.collegeboard.com) or by contacting the Office of Student Services. A passing grade on either CLEP examination provides 3 credits. Information on exemption from the mathematics course requirement and on test administration is available from the Testing Center, North 150 (http://admissions.hunter.cuny.edu/Testing.htm).

**The Psychology Major**

**Preparation**

The psychology major is designed to provide students with training in both the evaluation and the generation of research data. For this reason, the core sequence of Psychological Statistics and Experimental Psychology is central to the program and is a prerequisite for all upper-level psychology courses. Performance in the Psychological Statistics/Experimental Psychology sequence will be greatly facilitated by proper preparation in mathematics and laboratory science and the development of excellent writing skills.

**PSYCH 24800 - Statistical Methods in Psychological Research**

**GER**

3/B

Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.

Writing Intensive
PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or better, or appropriate score on math placement exam

4 hrs

4 cr.

PSYCH 24900 - Experimental Psychology: Social

GER 3/B

Introduction to the principles of research methodology and experimental techniques. Required research reports involve laboratory and field exercises concerned with a variety of social psychological phenomena. (Students may take either PSYC 249 or 250, but not both.)

Writing Intensive

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade;
PSYC 24800 with a minimum grade of C

prereq or coreq: Writing Intensive

6 hrs (2 lec, 4 lab)

4 cr.

PSYCH 25000 - Experimental Psychology: General

GER 3/B

Open to declared majors only. Research and general experimental techniques in study of behavior. Introduction to the principles of research methodology and experimental techniques. Required research reports involve a variety of laboratory exercises related to the study of basic behavioral processes. (Students may take either PSYC 24900 or 25000, but not both.)

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade;
PSYC 24800 with a minimum grade of C

prereq or coreq: Writing Intensive

6 hrs (2 lec, 4 lab)

4 cr.

Course of Study

Completion of ENGL 12000 prior to declaration of the major in psychology is strongly recommended. ENGL 12000 is a pre or co-requisite for all 200-level classes below 24900. For any classes numbered 24900 and above, ENGL 12000 is
a prerequisite. Students whose career goals include professional work in psychology, social work, or counseling should take the following courses, as appropriate. Note that each may be used only once to satisfy major requirements.

**PSYCH 20100 - Independent Study in Psychology**

May be taken two times but will be applied to major only once. Designed to meet the needs of individual students under the direction of a particular faculty sponsor. The course may involve independent readings, tutorials, work as an advising assistant or peer counselor, field placement, an individual research project, or participation in ongoing faculty research, any of these culminating in a written report.

*prereq: PSYCH 10000 and any other 3 cr PSYCH course, perm dept.*

3 hrs

3 cr.

**PSYCH 30600 - Seminar in Psychological Services I (A)**

Open to declared majors only. An integration of personality and abnormal psychology, the helping process and the role of the helper. Seminar and one day per week placement in mental health/community service setting.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

*prereq: ENGL 12000. PSYCH 2200 or 32300, PSYCH 24900 or 25000, perm instr.*

8 hrs

4 cr.

**PSYCH 30700 - Seminar in Psychological Services II (A)**

Integration of personality and abnormal psychology. Seminar and one day per week placement in mental health/community service setting.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

*prereq: ENGL 12000, PSYCH 30600, perm instr.*

3 hrs

3 cr.

**PSYCH 39500 - Independent Research in Psychology**

May be taken two times, but will apply to the major only once. Designed to meet the needs of individual students under the direction of a particular instructor at a more advanced level than PSYCH 20100. Such study may involve independent reading, tutorials, independent research projects, or participation in ongoing faculty research, any of these culminating in an APA-style research report or literature review. Field Placements (internships) cannot be granted credit as PSYCH 39500; however, supervised field Placement taken in conjunction with PSYCH 36100 - Psychological Tests (A) will be granted credit as PSYCH 39500.

*prereq: ENGL 12000, PSYCH 24900 -or- 25000, perm instructor and department*

3 hrs

3 cr.

-or-
PSYCH 39600 - Honors in Psychology

Independent, sponsored, empirical research and seminar. Students are expected to attend the regularly scheduled seminar. An APA-style research report or its equivalent (to be filed in the department) is a requirement of this course. To graduate with departmental honors, the student must receive a grade of A in PSYCH 39600. Honors in Psychology is typically a one-semester course; however, when a PSYCH 39600 research project extends beyond a single semester, the student may (with permission) register for a second semester as PSYCH 39800. If taken, the student must receive a grade of A in both PSYCH 39600 and 39800 to graduate with departmental honors.

prereq: ENGL 12000, PSYCH 24900 or 25000; 3.5 major GPA; 3.00 cumulative GPA; perm instr.
3 hrs
3 cr.

Declaration of Major

To declare a psychology major, the student must have completed Introduction to Psychology (PSYCH 10000) and any other 100-level psychology course with a minimum grade of B, a required mathematics course with a minimum grade of C or CR and have a minimum GPA of 2.00. The mathematics requirement may be satisfied by the following, or by earning exemption from the mathematics requirement. The major must be declared in person with an undergraduate psychology adviser. (Refer to website http://hunter.cuny.edu/psychology for schedule.) The student must bring his/her Hunter transcript (and where relevant, transcripts from all other colleges attended) when meeting with the adviser to declare a psychology major.

STAT 11300 - Elementary Probability and Statistics

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Not open to students who have completed STAT 21300 (STEM) or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.

prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
prereq or coreq: ENGL 12000
3 hrs
3 cr.
-or-

MATH 12500 (STEM) - Precalculus

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

prereq: grade of C or better in MATH 10100 or appropriate score on placement exam
Psychology Major

- The major consists of 26 credits in psychology above the 100 level, including PSYCH 24800 - Statistical Methods in Psychological Research and PSYCH 24900 - Experimental Psychology: Social or PSYCH 25000 - Experimental Psychology: General. The major also requires at least one course in each of the following content areas:

Applications of Psychology (A):

- PSYCH 22100 - Psychoanalytic Theories (A; D/S)
- PSYCH 22300 - Abnormal Psychology (A; D/S)
- PSYCH 24000 - Applications of Psychology (A)
- PSYCH 24200 - Health Psychology (A)
- PSYCH 30600 - Seminar in Psychological Services I (A)
- PSYCH 30700 - Seminar in Psychological Services II (A)
- PSYCH 32300 - Developmental Psychopathology (A; D/S)
- PSYCH 32800 - States of Consciousness (A/C)
- PSYCH 34000 - Industrial and Organizational Psychology (A)
- PSYCH 34100 - Stress, Trauma, and Resilience (A)
- PSYCH 34200 - Emotion: Function and Dysfunction (A)
- PSYCH 34400 - Clinical Psychology (A)
- PSYCH 36100 - Psychological Tests (A)
- PSYCH 36200 Psychological Determinants of Health Disparities (A; D/S)
- PSYCH 36300 Health Behavior Change (A; D/S)
- PSYCH 36400 Sexuality and Health (A)
- PSYCH 36500 Coping with Chronic Disease (A; D/S)
- PSYCH 36600 Interpersonal Relationships and Health (A; D/S)
- PSYCH 38400 Current Topics in Developmental Psychology (A; D/S)
- PSYCH 38600 Current Topics in Clinical Psychology (A)
- PSYCH 38700 Current Topics in Health Psychology (A; DS)

Biopsychology (B):

- PSYCH 22400 - Neuroscience (B)
- PSYCH 22500 - Ethology: Animal Behavior (B)
- PSYCH 30000 - Physiological Psychology (B)
- PSYCH 30100 - Sensation and Perception (B; C)
- PSYCH 30900 - Behavioral Neuroendocrinology (B; D/S)
- PSYCH 31600 - Cognitive Neuroscience (B/C)
- PSYCH 32000 Neuronal Basis of Behavior (Neuroethology) (B)
- PSYCH 32100 - Animal Orientation: Function and Mechanisms (B)
- PSYCH 32400 - Communication Behavior (B/C)
- PSYCH 32500 - Animal Cognition (B/C)
- PSYCH 32700 - Motivation and Emotion (B; C)
- PSYCH 36700 Biological and Social Bases of Addictive Behavior (B)
- PSYCH 36900 - Behavioral Pharmacology (B)
- PSYCH 38100 Current Topics in Animal Behavior (B)
- PSYCH 38200 Current Topics in Biopsychology (B)

**Cognitive Processes (C):**

- PSYCH 24300 - Cognitive Processes (C)
- PSYCH 30100 - Sensation and Perception (B; C)
- PSYCH 31000 - Research Methods in Developmental Psychology (C; D/S)
- PSYCH 31600 - Cognitive Neuroscience (B/C)
- PSYCH 32200 - Psychology of Language (C)
- PSYCH 32400 - Communication Behavior (B/C)
- PSYCH 32500 - Animal Cognition (B/C)
- PSYCH 32700 - Motivation and Emotion (B; C)
- PSYCH 32800 - States of Consciousness (A/C)
- PSYCH 32900 - Cognitive Science (C)
- PSYCH 33000 - Memory and Attention (C)
- PSYCH 33100 - Social Cognition of Gender (C)
- PSYCH 35000 - Learning (C)
- PSYCH 37000 - Cognitive Development (C; D/S)

**Developmental/social psychology (D/S):**

- PSYCH 21000 - Child Development (D/S)
- PSYCH 21200 - Exceptional Childhoods (D/S)
- PSYCH 22000 - Personality (D/S)
- PSYCH 22100 - Psychoanalytic Theories (A; D/S)
- PSYCH 22300 - Abnormal Psychology (A; D/S)
- PSYCH 23000 - Social Psychology (D/S)
- PSYCH 23500 - The Psychology of Women (D/S)
- PSYCH 30900 - Behavioral Neuroendocrinology (B; D/S)
- PSYCH 31000 - Research Methods in Developmental Psychology (C; D/S)
- PSYCH 31300 - Adolescence (D/S)
- PSYCH 31500 - Adult Development (D/S)
- PSYCH 32300 - Developmental Psychopathology (A; D/S)
- PSYCH 33100 - Social Cognition of Gender (D/S)
- PSYCH 33200 - Attitudes and Persuasion (D/S)
- PSYCH 33300 - Advanced Social Psychology Theory and Methods (D/S)
- PSYCH 33400 - Cultural Psychology (D/S)
- PSYCH 35500 - Ethnic and Cultural Identity Theories (D/S)
- PSYCH 36200 Psychological Determinants of Health Disparities (A; D/S)
- PSYCH 36300 Health Behavior Change (A; D/S)
- PSYCH 36500 Coping with Chronic Disease (A; D/S)
- PSYCH 36600 Interpersonal Relationships and Health (A; D/S)
• PSYCH 37000 - Cognitive Development (C; D/S)
• PSYCH 38400 Current Topics in Developmental Psychology (A; D/S)
• PSYCH 38500 Current Topics in Social Psychology D/S
• PSYCH 38700 Current Topics in Health Psychology (A; DS)

(If a course meets requirements for more than one content area, the student may apply the course to only one of them.)
All of the content-area courses must be at or above the 200 level and at least 2 of the content-area courses must be at or above the 300 level. Two additional (elective) courses in psychology, at the 200 level or higher, must be completed. Two semesters of laboratory science must also be completed. (See the Science Requirement for Graduation below.)

Qualified undergraduates in their last semester may register for graduate-level psychology courses with the permission of the instructor and the graduate adviser. Most psychology majors intending to attend graduate school take more than the minimum 26 credits in psychology and design their course of study in close consultation with a faculty mentor. Students should obtain a copy of "Psychology Major Requirements and Policies" from the undergraduate advising office as soon as they declare the major for up-to-date information on department resources, activities and faculty research interests.

Beginning in the spring 1998 semester, psychology courses taken on a Credit/No Credit basis may not be applied toward the major; PSYCH 24800, PSYCH 24900, PSYCH 25000 may not be taken on a Credit/No Credit basis.

Courses Taken on Permit and Courses Transferred into Hunter

Once the psychology major is declared, students may not take any psychology course that they wish to count toward the major on permit at another college. In contrast, psychology courses that were taken before the student enrolled at Hunter and that are deemed equivalent to a Hunter College course may count toward the major. The assessment of course equivalency is made by the Office of Admissions and by the undergraduate psychology advising office.

Prerequisites

Course prerequisites are strictly enforced. Students are responsible for meeting all course prerequisites, including satisfactory completion of courses in progress at the time of enrollment. Students enrolling in courses without necessary prerequisites will be dropped from the class by the registrar. The department screens for prerequisites and students may be dropped after the course begins. (See specific prerequisites for each course in Course Listings section.)

**Prerequisites for PSYCH 24800 - Statistical Methods in Psychological Research.** All students must have received at least a C or CR in STAT 11300 or MATH 12500 (STEM) or earned mathematics exemption and must have declared psychology as their major in the Psychology Department Advising Office at Hunter.

**Prerequisites for PSYCH 24900 - Experimental Psychology: Social** and PSYCH 25000 - Experimental Psychology: General. All students must be declared Psychology majors and have passed ENGL 12000 with C or higher, STAT 11300 or MATH 12500 with C or higher (or earned mathematics exemption), PSYC 24800 with C or higher, and 1 semester of laboratory science (see Science Requirement for Graduation, below).

As of fall 2011, only PSYCH 25000 will be offered

Science Requirement for Graduation

In order to graduate, psychology majors must have completed two semesters in laboratory science that were approved by the department. Students must take at least one semester of laboratory science before taking PSYCH 24900 or PSYCH 25000. Students may complete the laboratory science courses at any point in their studies, and the courses need not be taken in sequence. The science requirement may be met by any of the following courses, all of which meet the General Education Requirement Stage 2/E, Laboratory Science, requirement:
ANTHP 10100 (STEM) - Human Evolution

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E

The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab)
4 cr.
offered every sem.

ASTRO 10100 - Basic Concepts of Astronomy with Laboratory Exercises

GER
2/E with lab

An introductory, one-semester astronomy course designed for non-science majors. Topics include: basic observational features of the night sky, and their explanations; Kepler’s laws of planetary motion; Newton’s laws of motion and gravitation. Properties of light, and how it reveals the nature of its source. Origin, properties, and evolution of our solar system. The origin and evolution of stars, including giants, dwarfs, supernovae, neutron stars, and black holes. Structure of The Milky Way and other type of galaxies. Cosmology, Hubble’s Law and the expanding universe, from the Big Bang to the present; future scenarios. The lab consists of traditional hardware experiments and virtual online experiments. Students taking this course will be required to submit online and hard-copy laboratory reports.
5 hrs
4 cr.

BIOL 10000 (STEM) - Principles of Biology I

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
PD/C or D
GER
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
Material Fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: MATH 12500, CHEM 10200
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

BIOL 10200 (STEM) - Principles of Biology II

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
Pluralism and Diversity
PD/C or D
GER
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

BIOL 12000 - Anatomy and Physiology I

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.
Not accepted for credit toward the biology major.
prereq: CHEM 10000, 10100
coreq: CHEM 12000, 12100
7 hrs (3hr Lecture, 1hr Recitation, 3hr Lab)
4.5 cr.
fall only

BIOL 12200 - Anatomy and Physiology II

Structure and function of circulatory, digestive, excretory, endocrine and reproductive systems. Basic concepts of metabolism, embryology. Required for admission to the nursing program.
Not accepted for credit toward the biology major.
prereq: BIOL 12000 or equiv.
7 hrs (3hr Lecture, 1hr Recitation, 3hr Lab)
4.5 cr.
spring only

BIOL 12500 (STEM) - Human Biology

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
GER
2/E w/ lab

An introductory lecture/laboratory course for non-biology majors. BIOL 12500 explores the biology that underlies current health and disease topics (including diabetes, cancer, heart disease, sexually transmitted diseases, and nutrition). Using this topics approach, the course provides a survey of human anatomy and physiological function, along with the biological principles of genetics and cellular interactions that comprise our current understanding of the human organism. Laboratory exercises will introduce students to a scientific approach in studying human disease and physiology.

6 hrs
4.5 cr.
spring only
CHEM 10000 (STEM) - Essentials of General Chemistry Lecture

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
GER
GER 2/E

Essential facts, laws, and theories of general chemistry.

Primarily for nursing, nutrition and food science and community health education students.

Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

4 hrs (3 lec, 1 rec)
3 cr.

CHEM 10100 - Inquiries into the Nature of Matter

Hunter Core
Life and Physical Sciences (LPS)
GER
GER 2/E

A laboratory-based introduction to chemistry for non-science and health science majors that focuses on the basic principles of matter, energy and the environment. CHEM 10100 satisfies the laboratory requirements for a one-semester general chemistry course for health science students.

Primarily for nursing, nutrition and food science and community health students.

Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

3 hrs
3 cr.

CHEM 10200 (STEM) - General Chemistry I

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

prereq or coreq: MATH 12500, 15000 or equiv.
5 hrs (4 lec, 1 rec)
4 cr.
CHEM 10300 (STEM) - General Chemistry Laboratory I

**Hunter Core**
- Life and Physical Sciences (LPS) Scientific World (SW)
- Pluralism and Diversity
- GER 2/E

Study of experiments designed to illustrate fundamental laws and techniques of chemistry.

Core credit awarded only if CHEM 10200 (STEM) and CHEM 10300 (STEM) are completed. Primarily for pre-med, medical laboratory sciences and science majors.

*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

**prereq or coreq:** CHEM 10200

4 hrs (3 lab, 1 rec)

1.5 cr.

CHEM 10400 (STEM) - General Chemistry II

**Hunter Core**
- Life and Physical Sciences (LPS) Scientific World (SW)
- GER 2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

**prereq:** CHEM 10200 with grade of C or better or CHEM 10000 with perm chair

5 hrs (4 lec, 1 rec)

4 cr.

CHEM 10500 (STEM) - General Chemistry Laboratory II

**Hunter Core**
- Life and Physical Sciences (LPS) Scientific World (SW)
- Pluralism and Diversity
- GER 2/E

Laboratory experiments illustrating and applying theory of solutions to qualitative analysis.

Offered for transfer students who have completed only one semester of General Chemistry Laboratory.

**prereq:** One semester of General Chemistry Laboratory.

**prereq or coreq:** CHEM 10400

3 hrs

1.5 cr.

CHEM 11100 (STEM) - Chemical Principles

**Hunter Core**
- Life and Physical Sciences (LPS); Scientific World (SW)
- Pluralism and Diversity
- GER 2/E

In-depth introduction to chemical principles including measurement, stoichiometric calculations, inorganic nomenclature, gas laws, equilibrium, acids, bases and buffers. Emphasis is placed on problem-solving, oral
presentations, and collaborative work. Laboratory and coursework emphasize analysis and evaluation of data.

Primarily for pre-med, medical laboratory sciences and science majors.

*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

**CHEM 11200 (STEM) - Thermodynamics and Solution Chemistry**

**Hunter Core**
Life and Physical Sciences (LPS) Scientific World (SW)

**GER**
2/E

The study of quantum theory, atomic structure, periodic properties of the elements, kinetics, electrochemistry, and thermodynamics.
Primarily for pre-med, medical laboratory sciences and science majors.

*prereq: CHEM 11100*

9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop)

5.5

offered fall

**CHEM 12000 (STEM) - Essentials of Organic Chemistry Lecture**

**Hunter Core**
Life and Physical Sciences (LPS): Scientific World (SW)

**Pluralism and Diversity**
GER 2/E

Course presents essential facts, laws and theories of organic chemistry.

Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

*prereq: CHEM 10000*

4 hrs (3 lec, 1 rec)

3 cr.

**CHEM 12100 (STEM) - Essentials of Organic Chemistry Laboratory**

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**
GER 2/E

Experiments designed to illustrate fundamental laws and techniques of organic chemistry.

Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food
science and community health students.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10100
prereq or coreq: CHEM 12000
3 hrs (3 lab)
1.5 cr.

GEOL 10000 - Introductory to Geology

Hunter Core
Scientific World (SW)
GER
2/E

Introduction to Geology is the study of the physical aspects of our planet. The goal of this course is to provide students with a basic understanding of the forces continuously shaping the surface of our planet and the influence they have on our environment, so that their appreciation and interest in our planet is heightened. At the same time, this course provides a strong fundamental background for students who want to pursue more advanced geological and environmental studies courses.
3 hrs (3 lec, 3 lab)
3 cr.
Offered fall and spring.

GEOL 10200 - Plate Tectonics and the Earth's Evolution

GER
2/E

The second course in geology offered to non-geology majors. It is designed to familiarize students with the main concepts used in deciphering and interpreting earth’s evolution from the spatial and temporal perspective. Topics to be covered include: geologic time; geological principles; earth materials as recorders of past geologic processes; depositional environments and sedimentary rock record; igneous and metamorphic geologic environments and their rock records; evolution of the solar system; plate tectonics and life on earth; origin of the universe; life on earth and the fossil record; Precambrian, Paleozoic, Mesozoic, and Cenozoic life, history and tectonics. Field trips may be required; transportation fee.
prereq: GEOL 10100
5 hrs (3 lec, 2 lab)
4 cr.
Offered fall.

PGEOG 13000 (STEM) - Weather and Climate

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
GER
2/E

Offers a basic understanding of how weather systems form, why certain regions have particular types of weather patterns, and what is known about climatic fluctuations across the globe. This includes an understanding of the basic
physical principals that determine: how hot or cold a particular location is; how seasonal cycles vary in different parts of the world; and the types and amounts of precipitation. Students learn to analyze several types of weather maps and acquire a basic understanding of central issues related to global climate change, one of the most significant environmental issues of our time.

Material Fee: $5
5 hrs (3 lec, 2 lab)
4 cr.
Offered in the Fall and Spring

PGEOG 23100 - Physical Geography II: Principles of Geomorphology

See GEOL 23100

PHYS 11000 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
GER
2/E

First semester of two-semester introductory physics course using algebra.
prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

PHYS 12000 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

Second semester of PHYS 11000 (STEM), a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

Additional Information

For transfer students, the laboratory science requirement may be met by courses taken at previous institutions only if they have been assigned the Hunter College course numbers in the above list. Transfer students should check with the psychology adviser after their courses have been formally evaluated by Hunter College to determine whether the science requirement has been met.

Note: Students who declared a psychology major before January 1, 1998 are exempt from the science requirement within the Department of Psychology.

Special Programs
Field Placement Program

Offered for one semester (PSYCH 30600) or as a 2-semester sequence, Psychological Services I and II (PSYCH 30600 and PSYCH 30700) give enrolled students practical supervised career experience one day per week in an approved mental health or community service setting in conjunction with a class that meets once each week. Students may also gain field experience in conjunction with academic work through Independent Study (PSYCH 20100) with a faculty sponsor. Permission of the instructor is required for these courses and students should start making arrangements by the preceding term before they plan to take the course (e.g., mid-spring for the fall term). The undergraduate adviser can inform students of the instructor who will be teaching PSYCH 30600 and PSYCH 30700, for which field placement referrals are made by the instructor. Students wishing to take PSYCH 20100 in conjunction with a field experience should meet with the college internship coordinator (by appointment in Career Development, Room 805 Hunter East) and with prospective faculty sponsors.

The DIDARP Program (Diversity Institutional Drug Abuse Research Development Program)

The overall goal of DIDARP is to develop the capacity of Hunter College to support drug abuse research through the following objectives: (1) provide faculty from diverse populations with drug abuse research knowledge and skill development through the conduct of research projects and other professional development activities, (2) encourage students from diverse populations to pursue drug abuse research careers by providing them with educational enrichment and research experiences; and (3) strengthen the underlying institutional infrastructure needed to support drug abuse research. Undergraduate students supported by DIDARP are highly qualified students from underrepresented populations. They must be interested in pursuing careers in drug abuse research and in working in the laboratory of a DIDARP investigator.

BP-ENDURE

The Blueprint Program for Enhancing Neuroscience Diversity through Undergraduate Education is designed to identify exceptionally talented undergraduates and prepare them to obtain doctoral degrees in neuroscience-related fields of study. The program offers specialized neuroscience courses, summer research experiences, and mentoring from senior faculty. For additional information, please visit http://www.bpendure.org

Minor

As of the spring of 2009, Hunter no longer requires that students have a minor. Those students wishing to do a minor should go directly to the department in which they are interested in doing a minor and declare it with that department.

Minor in Psychology

Declaring a Minor in Psychology

The minor in psychology is designed to expose students to a variety of content areas in the field of psychology and to provide the student with the ability to evaluate psychological research as a consumer.

To declare a psychology minor, the student must have completed PSYCH 10000 and any other 100-level psychology course with a minimum grade of C and a required mathematics course with a minimum grade of C or CR. The mathematics requirement may be satisfied by STAT 11300 or MATH 12500 (STEM), or by an appropriate score on the mathematics placement test.
The minor in Psychology consists of 15 credits in Psychology as follows:

**PSYCH 10000 - Introduction to Psychology**

**GER**

2/B

An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

*3 hrs*

*3 cr.*

- Another 3-credit 100-level PSYCH course

**PSYCH 21500 - Introduction to Research Methods in Psychology (W)**

**GER**

3/B

Evaluation of published research; research principles and the concepts which underlie them; how to evaluate and select research strategies.

*prereq: PSYCH 10000 and any other 3 cr PSYCH course*

*prereq or coreq: ENGL 12000*

*3 hrs*

*3 cr.*

- Two 200-level PSYCH courses below PSYCH 24800
- **NOTE:** The total number of credits to fulfill all minor requirements, including credits for all prerequisites is 18. Fifteen credits in PSYCH courses and 3 credits in STAT 11300 or MATH 12500.

**Concentration**

- Psychology: Concentration in Behavioral Neuroscience

**Psychology: Concentration in Behavioral Neuroscience**

**Purpose**

The Behavioral Neuroscience Concentration within Psychology provides interdisciplinary training for students preparing for academic or professional careers in neuroscience-related areas. The concentration brings together students from Psychology and Biology in a set of core courses and offers mentored research experience in faculty laboratories, opportunities for student research presentations and talks by distinguished visiting neuroscientists. The neuroscience concentration is a particularly good option for students who plan to do graduate study in neuroscience or neuroscience-related fields or attend medical school for neurology, neurosurgery, or psychiatry specialties. Because of the large number of required courses in the concentration, it is very important that interested students meet with the concentration adviser as early in their college career as possible-no later than the start of their Sophomore year. The concentration adviser is Prof. Philip Zeigler, ((212) 772-5363; Room 626 Hunter North).

**Admission Requirements**
Admission is by application at the end of the sophomore year. Applicants will need to have completed or be currently taking the following courses with a minimum GPA overall of 3.0 and of 3.5 in the major. Selection will be based upon a combination of grades and an interview, and the identification of a faculty sponsor in whose laboratory the student’s research will be carried out. Application forms and names of faculty contacts may be obtained from the Psychology adviser’s office.

**BIOL 10000 (STEM) - Principles of Biology I**

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**
PD/C or D

**GER**
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

*prereq: MATH 12500, CHEM 10200*

7 hrs (3 lec, 3 lab, 1 disc)

4.5 cr.

*spring only*

**BIOL 10200 (STEM) - Principles of Biology II**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**Pluralism and Diversity**
PD/C or D

**GER**
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

*prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.*

7 hrs (3 lec, 3 lab, 1 disc)

4.5 cr.

*fall only*

**CHEM 10200 (STEM) - General Chemistry I**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**GER**
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
Primarily for pre-med, medical laboratory sciences and science majors.

Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

**CHEM 10400 (STEM) - General Chemistry II**

**Hunter Core**

Life and Physical Sciences (LPS) Scientific World (SW)

GER

2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

**PSYCH 10000 - Introduction to Psychology**

GER

2/B

An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

3 hrs

3 cr.

**PSYCH 18000 - Brain and Behavior**

GER

2/B

Brain structure, function and relation to behavior. Topics include the neural basis of perception, learning and memory, consciousness, motivation, emotion.

prereq: PSYC 10000

3 hrs

3 cr.

**PSYCH 24800 - Statistical Methods in Psychological Research**

GER

3/B

Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.
Writing Intensive

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or better, or appropriate score on math placement exam

prereq or coreq: ENGL 12000

4 hrs

4 cr.

Course Requirements for the Undergraduate Concentration in Behavioral Neuroscience

In addition to completion of the psychology major and the introductory sequences in chemistry and biology, students in the concentration will take the introductory course in calculus, additional courses in biology and chemistry and an interdisciplinary Behavioral Neuroscience Seminar. A year of laboratory research is required and an undergraduate thesis based on this research will be eligible for consideration for Departmental Honors. Completion of the concentration meets the requirements for the minor in Biology. For continuation in the concentration, students must maintain the GPA required for entry.

Required Courses/Credits

**PSYCH 10000 - Introduction to Psychology**

**GER**

2/B

An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

3 hrs

3 cr.

**BIOL 10000 (STEM) - Principles of Biology I**

**Hunter Core**

Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**

PD/C or D

**GER**

2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: MATH 12500, CHEM 10200
7 hrs (3 lec, 3 lab, 1 disc)  
4.5 cr.  
spring only

**BIOL 10200 (STEM) - Principles of Biology II**

**Hunter Core**  
Scientific World (SW); Life and Physical Sciences (LPS)

**Pluralism and Diversity**  
PD/C or D

**GER**  
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.  
Material fee: $5  
PD credit awarded only upon completion of BIOL 10000 and 10200.  
**prereq:** BIOL 10000 or perm instr, MATH 10100 or equiv.  
7 hrs (3 lec, 3 lab, 1 disc)  
4.5 cr.  
fall only

**CHEM 10200 (STEM) - General Chemistry I**

**Hunter Core**  
Scientific World (SW); Life and Physical Sciences (LPS)

**GER**  
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.  
**Note:** No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

**prereq or coreq:** MATH 12500, 15000 or equiv.  
5 hrs (4 lec, 1 rec)  
4 cr.

**CHEM 10300 (STEM) - General Chemistry Laboratory I**

**Hunter Core**  
Life and Physical Sciences (LPS) Scientific World (SW)

**Pluralism and Diversity**  
GER 2/E

Study of experiments designed to illustrate fundamental laws and techniques of chemistry.

Core credit awarded only if CHEM 10200 (STEM) and CHEM 10300 (STEM) are completed. Primarily for pre-med, medical laboratory sciences and science majors.  
**Note:** No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.
CHEM 10400 (STEM) - General Chemistry II

**Hunter Core**
Life and Physical Sciences (LPS) Scientific World (SW)
**GER**
2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

*prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair*

5 hrs (4 lec, 1 rec)

4 cr.

CHEM 10500 (STEM) - General Chemistry Laboratory II

**Hunter Core**
Life and Physical Sciences (LPS) Scientific World (SW)
**Pluralism and Diversity**
**GER**
2/E

Laboratory experiments illustrating and applying theory of solutions to qualitative analysis.

Offered for transfer students who have completed only one semester of General Chemistry Laboratory.

*prereq: One semester of General Chemistry Laboratory.*

*prereq or coreq: CHEM 10400*

3 hrs

1.5 cr.

MATH 15000 (STEM) - Calculus with Analytic Geometry I

**Hunter Core**
Math/Quantitative Reasoning
**GER**
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*

4 hrs

4 cr.

PSYCH 18000 - Brain and Behavior

**GER**
2/B

Brain structure, function and relation to behavior. Topics include the neural basis of perception, learning and memory, consciousness, motivation, emotion.

*prereq: PSYC 10000*

3 hrs
3 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10400 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

PSYCH 24800 - Statistical Methods in Psychological Research

GER
3/B

Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.

Writing Intensive

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or better, or appropriate score on math placement exam

prereq or coreq: ENGL 12000
4 hrs
4 cr.

PSYCH 25000 - Experimental Psychology: General

GER
3/B

Open to declared majors only. Research and general experimental techniques in study of behavior. Introduction to the principles of research methodology and experimental techniques. Required research reports involve a variety of laboratory exercises related to the study of basic behavioral processes. (Students may take either PSYC 24900 or 25000, but not both.)

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade; PSYCH 24800 with a minimum grade of C

prereq or coreq: Writing Intensive
PSYCH 39600 - Honors in Psychology

Independent, sponsored, empirical research and seminar. Students are expected to attend the regularly scheduled seminar. An APA-style research report or its equivalent (to be filed in the department) is a requirement of this course. To graduate with departmental honors, the student must receive a grade of A in PSYCH 39600. Honors in Psychology is typically a one-semester course; however, when a PSYCH 39600 research project extends beyond a single semester, the student may (with permission) register for a second semester as PSYCH 39800. If taken, the student must receive a grade of A in both PSYCH 39600 and 39800 to graduate with departmental honors.

prereq: ENGL 12000, PSYCH 24900 or 25000; 3.5 major GPA; 3.00 cumulative GPA; perm instr.

3 hrs
3 cr.

PSYCH 39800 - Honors in Psychology

Independent sponsored research and seminar. Attendance at regularly scheduled seminar and research report required. If taken, the student must receive a grade of A in both PSYCH 39600 and 39800 to graduate with departmental honors.

prereq: PSYCH 39600, perm instr.

3 hrs
3 cr.

BIOL 47100 - Special Topics in Biology

GER
3/B

Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

prereq: BIOL 30000

3 hrs (lec)
3 cr. per sem.

Electives

(9 credits, at least 3 of which must be Biology)

PSYCH 30000 - Physiological Psychology (B)

GER
3/B

Neural and endocrine mechanisms involved in learning, emotion, perception and other psychological processes. PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000, PSYCH 24900 or 25000
PSYCH 30100 - Sensation and Perception (B; C)

GER
3/B
Open to declared majors only. Methods, theories and empirical data relating to stimulus detection, encoding and perception as a function of variables including current stimuli and past history.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs
3 cr.

PSYCH 30900 - Behavioral Neuroendocrinology (B; D/S)

Pluralism and Diversity
PD/C
GER
3/B
Research and attitudes about sex-related behavior in human and nonhuman animals emphasizing evolutionary and neuroendoinological processes and social-psychological processes; male-female differences and similarities, therapeutic strategy in sex-behavior pathology and sexual behavior and the law.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs
3 cr.

PSYCH 32700 - Motivation and Emotion (B; C)

GER
3/B
The question of how behavior is initiated, maintained, directed and terminated. Human and non-human research evaluated.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs
3 cr.

PSYCH 36900 - Behavioral Pharmacology (B)
GER 3/B

This course will provide information on the interrelationship of pharmacology and behavior. The relationship of licit, illicit and therapeutic drugs and their use and abuse will be explored in the context of their historical use and biological effects. Topics discussed include an overview of the nervous system, basic psychopharmacology, drug classification and specific drugs such as alcohol, nicotine, narcotics, marijuana, and psychotherapeutic agents.

prereq: ENGL 12000, PSYCH 24900 or 25000, PSYCH 30000 or perm instr.
3 hrs
3 cr.

BIOL 37000 - Physiology of the Nervous System

GER 3/B

A comprehensive introduction to neuroscience. Topics include how nerve cells (neurons) transmit electrical impulses, how neurons communicate with each other through synapses and how nerve pathways and networks determine many functions of the brain. The last portion of the course shall explore how developing neurons seek out targets and establish synapses.

prereq: BIOL 30000 or perm instr.
4 hrs (lec)
4 cr.
spring only

BIOL 37600 - Endocrinology

GER 3/B

Cellular organization of the endocrine system; molecular mechanisms of hormone action; hormonal physiology of metabolism and reproduction; integration of endocrine responses by the central nervous system.

prereq: BIOL 20200 or perm instr.
3 hrs (lec)
3 cr.
spring only

BIOL 38000 - Molecular Neurobiology

GER 3/B

Molecular components and molecular mechanisms involved in the cell biology of neurons and glia, neuronal signaling, neuronal development, learning, memory and diseases of the nervous system.

prereq: BIOL 30000 or perm instr.
3 lec hrs
3 cr.
fall only

Additional Information
Public Policy

About the Program

The Program in Public Policy is an 18-credit undergraduate minor open to students in all disciplines. Students also have an option to receive a Certificate in Public Policy by taking 9 additional credits (for a total of 27 credits).

The Roosevelt House public policy program is based on the understanding that the preparation of informed individuals is the key to a vibrant participatory democracy. The program prepares students by providing essential research and rigorous analytical skills that are important goals of a strong liberal arts education. Our graduates are unique; they span many majors from Anthropology to Psychology, Chinese and Classics to Biology. Students have an opportunity to interact first-hand with policy experts and practitioners in New York City and Washington, DC, both in the classroom and outside, and learn how policies are created, how communities come together to demand change, who benefits from specific policies, and how to best measure the impact of laws. These are important skills that enable graduates to embark on careers in public affairs and the nonprofit sector, or remain engaged in public affairs—nationally and globally—regardless of their stated major and career aspirations.

To enroll in the public policy minor (18 credits) or certificate (27 credits), a student must have completed at least 45 credits of undergraduate study, with a minimum GPA of 3.0. Students must maintain a 3.0 GPA and receive a grade of B or higher in their public policy courses to remain in the program.

Public Policy

The Program in Public Policy is an 18-credit undergraduate minor open to students in all disciplines. Students also have an option to pursue 9 additional credits (for a total of 27 credits) to receive a Certificate in Public Policy upon graduation. The Roosevelt House program is based on the understanding that the preparation of informed citizens is essential to a healthy democracy and an important aspect of a liberal arts education. Unlike most graduate programs in public policy that are designed to prepare people for careers in the public and nonprofit sectors, the undergraduate program at Roosevelt House provides students with knowledge and skills that enable them to be active participants in a democratic society. Many of its graduates will undoubtedly go on to careers in the public and nonprofit sectors. Capable citizenship, however, is required in all walks of life; therefore the program can benefit all students regardless of their stated major, career goals, or personal objectives. To enroll in the public policy minor (18 credits) or certificate (27 credits), a student must have completed at least 45 credits of undergraduate study, with a minimum G.P.A. of 3.0.

Minor in Public Policy

An 18-credit undergraduate minor in public policy is open to students in all disciplines.

Core Requirements

**PUPOL 10000 - Introduction to Public Policy**

An interdisciplinary introduction to public policy utilizing the literature and tools of a variety of social science disciplines. This course introduces students to basic concepts and approaches in public policy. It will acquaint students with public policy as a field of study, the basic elements of the policy making process, and distinct modes for analyzing public policy and its outcomes. It will be team-taught by faculty from at least two related social science disciplines. 

Writing Requirements: This course will require 20 to 25 pages of writing in the form of two take home essay examinations (4-5 pages each), a proposal for a final paper (3-5), and a final paper (8-10 pages).

Open only to students enrolled in the program. Cannot be used to fulfill any other requirements. This course is taken at the state of the art Roosevelt House.

*prereq: declaration of a minor/certificate in Public Policy and a minimum GPA requirement of 3.0*

*3 hrs*  
*3 cr.*

**PUPOL 40000 - Capstone Seminar**

This writing intensive course is the culminating experience in the Public Policy minor/certificate. It provides students with an opportunity to apply the knowledge and skills acquired in their other courses to a specific policy problem. An interdisciplinary course, it will require students to make an inquiry into a specific policy problem. The project will be overseen jointly by a faculty adviser who specializes in the substantive area of public policy chosen and another faculty adviser in the program by writing a formal paper. Each student will write an appropriately revised 5-7 page research proposal and a 20-25 page research paper involving primary research.

These courses are only open to students enrolled in the program. They cannot be used to fulfill any other requirements. This course is taken at the state of the art Roosevelt House.

*prereq: Students must have completed 45 credits, have a declared major, and a cumulative GPA of 3.0 or higher.*

*3 hours*  
*3 credits*

Introduction to American Government and Politics
POLSC 11000 - American Government: A Historical Introduction (W)

Hunter Core
US Experience in its Diversity (USED)
GER
1/C or 2/B

Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts.

Not open to students who have passed CLEP or the AP American Government exam or who have taken or received transfer credit for POLSC 11100. Please note that all versions of Introduction to American Government taken at other colleges and universities or credited by examination (e.g., CLEP, AP American Government) are the equivalent of POLSC 11100. Students cannot use credit for both POLSC 11000 and POLSC 11100 to fulfill graduation requirements or major requirements.

prereq: ENGL 12000 (or equivalent)
prereq or coreq: ENGL 12000 or its equivalent
3 hrs
3 cr.

One Course in Economic Analysis

ECO 20000 - Principles of Microeconomics

Hunter Core
Scientific World (SW)
GER
2/B

May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications.

prereq: MATH 10100 or exemption from the course
3 hrs
3 cr.

One Course in Quantitative Analysis

ECO 22100 - Economic Statistics

Hunter Core
Mathematics and Quantitative Reasoning
GER
1/B

Probability and statistics in the context of economics, business and public policy; data analysis, probability distributions, and hypothesis testing.

prereq: MATH 12500 or exemption from the course
3 hrs
3 cr.
POLSC 20600 - Research Design in Political Science (W)

GER
3/B

Public opinion surveys, content analysis, legislative roll-call analysis, census data, election returns. Introduction to statistics. Uses Social Science Data Lab.

prereq: passing college proficiency exam in math or perm instr; ENGL 12000 or its equivalent
3 hrs
3 cr.

SOC 24000 - Introduction to Research Methods

GER
3/B

Discussion of various research techniques and strategies including the survey method, field research, experiments, and content analysis. Firsthand involvement in the collection of quantitative data.

prereq: SOC 10100
3 hrs
3 cr.

STAT 21300 (STEM) - Introduction to Applied Statistics

Hunter Core
Math/Quantitative Reasoning

GER
1/B

Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs
3 cr.

One Course in Normative, Ethical, and Value Analysis. Such courses include but are not limited to:

PHILO 10600 - Philosophy, Politics and Society

Hunter Core
Individual and Society (Social Sciences) -I&S SS

Pluralism and Diversity
PD/D

GER
2/C

Introduction to social and political philosophy.
3 hrs
3 cr.
offered each semester
PHILO 24400 - Moral Philosophy (W)

GER
3/A

Study of selected problems in philosophical ethics and moral psychology.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 10400 - Introduction to Ethics

Hunter Core
Individual and Society (Humanities) - I&S H

GER
2/C

Examination of standards of right conduct and the good life through study of selected philosophical classics.
3 hrs
3 cr.
offered each semester

SOC 21800 - Social Inequality

GER
3/B

Examination of social inequality in contemporary society from various empirical and theoretical perspectives focusing on class, ethnic, gender, and other determinants of stratification.
prereq: SOC 10100
3 hrs
3 cr.

POLSC 31100 - Utopian Theory (W)

GER
3/B

Political theorists often imagine ideal worlds, both to explore ideals and to criticize political realities. This course will explore utopias and dystopias as theories that explore political possibilities and challenge existing realities.
prereq: ENGL 12000 or its equivalent; one course in political theory or perm dept.
3 hrs
3 cr.

POLSC 30500 - Democratic Theory (W)

GER
3/B

A critical survey of different conceptions of democracy: issues include democracy as a political order, democracy and 'non-political' forms of life (e.g., business, family, religion), toleration, political representation, democracy and justice.
Substantive Policy Specialization

For the Public Policy Certificate each student will take the 6 core courses (18 credits) and will be required to declare a substantive area of specialization comprised of 3 courses (9 credits) of additional course work. These may be grounded in a particular discipline or disciplines. Or a student may use the substantive specialization to take advantage of clusters of expertise that exist across several Hunter departments. Examples of the latter include (but are not limited to) immigration, health, aging, gender studies, macroeconomics, public finance, economic development, race and ethnicity, public law, human rights, ethics, international relations, international trade, education, urban affairs, environmental studies, employment, and social services. Courses designated for the substantive specialization need approval by the faculty advisor.

Additional Opportunities

Hunter College offers other unique opportunities to its students. These options are designed to enrich the student experience in policy curriculum.

Generic Policy Courses

Advanced courses which build on the knowledge and skills acquired in the core courses and are applicable to students in a wide range of substantive specializations.

Internships

Undergraduate internship programs currently exist in a number of academic departments which are designed to give students a chance to work in a policy-related institutional setting outside the university, either in a government agency, nonprofit, think tank, or advocacy group. Some carry compensation, others are voluntary.

Policy Colloquia

A colloquium series will be launched at Roosevelt House that will allow students and faculty to come together several times a semester to discuss public policy issues. Guest speakers, including scholars and practitioners, with relevant expertise will be invited to discuss topics of the day either individually or in panels.

Religion

About the Program

Program Description

Program in Religion

Religion - BA

Administration and Faculty
Minor in Religion

The Minor in Religion consists of four courses for a total of 12 credits.

- The following two courses are required:
  - REL 11000 - Nature of Religion (W)
  - REL 11100 - Approaches to Religion (W)
- Also required for the Minor in Religion:
  a) one course to be chosen from those listed under the category “Religious Traditions”; and
  b) one course from the category “Issues in Religion” reflecting a theme central to the religious tradition in which the student has chosen to focus, to be selected in consultation with a Religion Program adviser.

At least one course presented in satisfaction of the minor must be a 300-level course.

Religion - BA

Return to: Religion Program Information

Foundational Course

A Foundational Course, ENGL 12000, must be completed before embarking upon the major.

Hunter Core Requirement

Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.
Major (30 cr)

A major in religion consists of 30 credits. A sequence of courses for the major normally includes REL 11000-Nature of Religion, REL 11100-Approaches to Religion, REL 25100-Asian Religions, and REL 25300-Abrahamic Religions followed by at least one course in theoretical studies and at least one course in religious issues.

1. Introduction to the Field of Religion
2. Theoretical studies in Religion
3. Issues in Religion
4. Religious Traditions

On becoming a major the student, in consultation with the director, will select one member of the program in Religion staff as his or her major adviser. Each religion major is required to consult with this adviser at least twice a year.

Religion Program Courses

I. Introduction to the Field of Religion

REL 11000 - Nature of Religion (W)

Hunter Core
Individual and Society (Humanities) - I&S H
GER
2/C

Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.

3 hrs
3 cr.

REL 11100 - Approaches to Religion (W)

Hunter Core
Individual and Society (I&S) Humanities
GER
2/C

Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.

prereq: ENGL 12000

3 hrs
3 cr.

II. Theoretical Studies in Religion

REL 27000 - Religion and Psychology (W)

Pluralism and Diversity
PD/D
GER
An examination of ways in which psychology understands, describes, values (or devalues) religion using the media of text, story and film.

**prereq: ENGL 12000**

3 hrs

3 cr.

**SOC 20500 - Sociology of Religion**

**GER**

3/B

Comparative study of religion in human societies. Analysis of beliefs, myths and sacred attitudes.

**prereq: SOC 10100**

3 hrs

3 cr.

**PHILO 26200 - Philosophy of Religion (W)**

**GER**

3/A

Philosophical examination of some religious questions and beliefs.

**prereq: one course in philosophy or religion (see statement under Program Prerequisites)**

3 hrs

3 cr.

**ANTHC 30700 - Anthropology of Religion**

**Pluralism and Diversity**

**PD/A**

**GER**

3/B

Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.

3 hrs

3 cr.

**REL 39000 - Modern Theories of Religion (W)**

**Pluralism and Diversity**

**PD/D**

**GER**

3/A

An interdisciplinary continuation of the study of methodological and theoretical issues begun in REL 11100, focusing on current debates and contemporary literature.

**prereq: ENGL 12000, REL 11100**

3 hrs

3 cr.
REL 26000 - Special Topics: Theoretical Studies in Religion

Specialized study of a methodological approach to the study of religion. Different topic each time offered.

3 hrs
3 cr.

REL 36000 - Special Topics: Theoretical Studies in Religion

GER
3/A

Specialized study of a methodological approach to study of religion. Different topic each time offered.

3 hrs
3 cr.

III. Issues in Religion

REL 20400 - Religious Experience (W)

Hunter Core
Individual and Society (Humanities) - I&S H

Pluralism and Diversity
PD/D
GER
2/C

Cross-cultural analysis of religious experiences: Biblical, ancient Greek, Asian, modern Western.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20500 - Faith and Disbelief (W)

Hunter Core
Individual and Society (Humanities) - I&S H

Pluralism and Diversity
PD/D
GER
2/C

Examination of questions of faith and disbelief in modern Western thought.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20600 - Ideas of God in Contemporary Western Thought (W)

Hunter Core
Individual and Society (Humanities) - I&S H

Pluralism and Diversity
PD/D
Survey of representative schools of current Western religious thought: Christian theism, metaphysical protest, process theology, feminist theology, liberation theology, beyond theism thought.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20700 - Religious Sources for Morality (W)

Hunter Core
Individual and Society (Humanities) -I&S H

Pluralism and Diversity
PD/D

GER
2/C

Religious reasons for determining good and evil; religious sources for ethical decisions.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20800 - Religion and Social Justice (W)

Hunter Core
Individual and Society (Humanities) -I&S H

Pluralism and Diversity
PD/D

GER
2/B

An exploration into religious perspectives on such social issues as war, race, the economy and gender relations.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20900 - Religion and Human Rights (W)

Hunter Core
Individual and Society - Humanities

GER
2/C

It has been contended that religious beliefs about the natural and moral order, as well those concerning human nature, lie at the foundation of the idea of human rights. Some histories of human rights even begin with a survey of the teachings of various major religious traditions. And, as the idea of, and movements for, international human rights swept the globe in the latter parts of the 20th century, scholars and religious thinkers examined and assessed the confluence of the world's religious systems of thought, conscience, and belief with the norms and standards of the human rights project. Yet, even as religious thinkers and leaders contribute significantly to human rights movements around the world, some human rights norms—for example, those prohibiting gender- or religion-based discrimination, prohibitions on certain forms of punishment—seem to conflict head on with the strictures of various religions. This
course will examine these various intersections.

**REL 21000 - Atheism (W)**

When a person, group, or idea is called 'atheist,' is that only a statement about theology or metaphysics, or do those who use that label intend to invoke the cultural power of God and, if so, to what end? How is the concept, 'atheism,' put into action in the world, and what does what we say about atheism say about what we think of God? At the end of the semester, we will even consider the possibility of atheism as not merely a religious but a devotional stance.

**REL 21100 - The Sacred Sky: Astrology in World Religions (W)**

**GER**

2/C

Astrology is a belief system that exists cross-culturally because the sky is an omnipresent cultural resource, and while different civilizations have varied beliefs about the meaning of celestial activity, those beliefs share a common thread: the sky is sacred, and celestial activity is an expression of that sacrality. The names of the planets and the stars, as well as their myths and stories may differ from tradition to tradition, but ancient astronomers of every culture studied celestial motion, detected patterns, understood those patterns to be cyclical, and believed they formed the basis of an orderly and precise cosmology.

**REL 30700 - Religious Ideas in Modern Literature (W)**

**Pluralism and Diversity**

PD/D

**GER**

3/A

Exploration of religious themes in modern literature.

**REL 30800 - Religion and the Arts (W)**

**Pluralism and Diversity**

PD/D

**GER**

3/A

Examination of religious themes in art, music, theatre, cinema, or literature. Different topics each time offered.
Interdisciplinary investigation of the major ways humankind has understood the relation between the sexually erotic and religious realities.

**prereq: ENGL 12000**

3 hrs
3 cr.

**REL 31000 - The Religious Meanings of Death (W)**

Consideration of the meaning of death in major world religions.

**prereq: ENGL 12000**

3 hrs
3 cr.

**REL 31100 - Women and Religion (W)**

An examination of the role of women and the concept of the feminine in world religions.

**prereq: ENGL 12000**

3 hrs
3 cr.

**REL 31200 - Religion and Politics (W)**

The role of political ideology in the shaping of religious belief and theology's influence on politics in Western and non-Western traditions, both conservative and radical.

**prereq: ENGL 12000**

3 hrs
3 cr.
REL 31300 - Spirit and Nature (W)

Pluralism and Diversity
PD/D
GER
3/A

An exploration of the ideas of nature and animal life in a representative sampling of the religious traditions of the world, inquiring into the implications for environmental policy and the treatment of animals.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31400 - Religion and Sports (W)

GER
3/A

A study of sport using the methods and concerns of scholarship in religion, considering sports as a form of religious expression; and reflexively, an introduction to the concerns and methods of the academic study of religion by means of a concentration on sport. Course foci: a) the meaning of sport forms derivative of its religious setting in a sampling of traditional cultures; b) the values expressed in sport forms considered as rituals; c) the rise of team sports against the background of the reconsideration of the importance of the body in 19th century Western religion, and the emergence of the modern Olympic movement as part of a search for a religious alternative; and d) an arguable implicit spirituality of sport.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31500 - The Problem of Evil (W)

Pluralism and Diversity
PD/D
GER
3/A

Exploration of the religious meaning of evil in different cultures.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31600 - Men and Religion (W)

Pluralism and Diversity
PD/C -or- PD/D

Some years ago, it was deemed axiomatic that all talk of the generic human was really framed by the experience of men, and women's issues were thereby suppressed and overlooked. It has become increasingly recognized by scholars that the generic human is neither male nor female, and such scholars—both male and female—have begun to address issues specific to men. This course is intended to explore some of the concerns that come to expression in this emerging scholarship. Specifically, it focuses on the content of the masculinity within the religious imaginary, the way in which religion has historically promoted the masculinity of males, and on the way in which religion used the rhetoric of masculinity to promote itself.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31700 - Religion and Film (W)

As human expressions, both religion and film attempt to describe the world and organize it into a meaningful place for human activity. This course will survey the mutual academic studies of both film and religion, as well as the emerging discipline of ‘religion and film studies.’ As such, students will explore the nature of vision, representation, and narrative – topics central to both film and religious studies. Students will also view and analyze films as expressions of culture, including religious culture, and seek to understand the impact of ideology and social practice, gender and sexuality, as well as the economic structures underlying both film and religion.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31800 - Religion and Science (W)

A critical reflection upon the interrelation of religion and science, a fundamental issue within historical and contemporary culture. Analysis of key definitions, of the roles of each endeavor in human inquiry, of the presumptions underlying the self-understandings of people pursuing each approach to reality deploying the tools and insights of the modern academic study of religion as well as those of the philosophy of science.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31900 - Religion and the Body (W)

This course will explore the various representations of the body in world religious traditions. Through an assortment of primary sources and secondary literature, the course will examine what these traditions suggest about how the human body exists, perceives, engages with the world, creates, and participates in the moral and visceral fabric of life. The topic of the body and religion will be approached from philosophical, sociological, anthropological, and historical perspectives as the course considers the relationship between the body and society, nature and culture, and the sacred and the profane. Themes such as gender, disability, food, sex, and death will be treated in the effort to understand what it means to be a body and to have a body in a variety of religious contexts.

prereq: ENGL 12000
3 hrs
3 cr.

REL 33400 - Mysticism (W)

Pluralism and Diversity
PD/D
GER
3/A

Cross-cultural exploration of mystical experience and mystical doctrines, as well as an exploration of the various methods of studying them.

prereq: ENGL 12000
3 hrs
3 cr.
REL 33500 - Myth and Ritual (W)

Pluralism and Diversity
PD/D
GER
3/A

Cross-cultural exploration of myth and ritual and their place in various cultures; methodologies for analysis.

*prereq: ENGL 12000
3 hrs
3 cr.

REL 34000 - Homosexuality in World Religions (W)

Pluralism and Diversity
PD/C
GER
3/A

A survey and analysis of typical ways in which homosexuality has been understood, evaluated and in some cases institutionalized in a variety of religious traditions, attending especially to implicit constructions of gender.

*prereq: ENGL 12000
3 hrs
3 cr.

REL 26100 - Special Topics: Issues in Religion

Study of particular religious topics or thinkers. Different subject each time offered.

3 hrs
3 cr.

REL 36100 - Special Topics: Issues in Religion

GER
3/A

Study of particular religious topics or thinkers. Different subject each time offered.

3 hrs
3 cr.

IV. Religious Traditions

Ancient Religions

REL 25200 - Ancient Near Eastern Religions (W)

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/A
Study of Egyptian religion, religions of Sumer and Babylonia, religion of the early Hebrews (including the Old Testament).

**prereq:** ENGL 12000

3 hrs

3 cr.

**REL 25700 - Religions of Ancient Central and South America (W)**

**Hunter Core**

World Cultures and Global Issues (WCGI)

**Pluralism and Diversity**

P/D B

**GER**

2/C

Exploration of the religious traditions of several pre-Columbian cultures of Central and South America using both material culture and texts, and raising such central questions in the study of religion as the nature of cosmologies and their relation to ritual, architecture, and social organization. The course will also briefly consider if the thread of Mesoamerican, Central and South American religions still holds in the modern age, whether in modern syncretic religious movements or pockets of traditional life-ways.

**prereq:** ENGL 12000

3 hrs

3 cr.

**REL 25800 - Religions of Ancient Europe (W)**

**Hunter Core**

World Cultures and Global Issues (WCGI)

**Pluralism and Diversity**

P/D D

**GER**

2/C

Exploration of the religions of Europe before influence of the Classical Greek, Roman and Christian worlds. Areas covered include the material culture of pre-literate peoples—the prehistoric cave art of the Upper Paleolithic and farming settlements of the British Isles, Central Europe, Iberia, Scandinavia, the Balkans and Eastern Europe—as well as ancient texts revealing beliefs and practices which pre-exist Christian influence and are foundational for future cultural developments.

**prereq:** ENGL 12000

3 hrs

3 cr.

**CLA 30300 - Religion of Ancient Greece (W)**

**Pluralism and Diversity**

GER 3/A

The Ancient Greek religious experience: official rites, mystery cults, oracles, personal religious belief, and practice.

**prereq:** ENGL 12000, CLA 10100 or 20100
CLA 30400 - Pagans and Christians (W)

Transformation of classical culture in late antiquity: religion, philosophy, mysticism, magic, astrology.

**Prerequisites:** ENGL 12000; CLA 20100 or 20300

3 hrs
3 cr.

HEBR 28600 - Ancient Near Eastern Literature and the Bible

Comparative study of ancient Near Eastern literature and the Hebrew Bible.

3 hrs
3 cr

Asian Religions

REL 25100 - Asian Religions (W)

Study of Hinduism, Buddhism, Jainism, Taoism and Confucianism.

**Prerequisites:** ENGL 12000

3 hrs
3 cr.

REL 32000 - Hinduism (W)

Study of Hinduism, its development, history, literature, philosophy and religious practices.

**Prerequisites:** ENGL 12000
REL 32100 - Buddhism (W)

Pluralism and Diversity
PD/A
GER
3/A

Study of Buddhism, its development, history, literature, philosophy and religious practices.
prereq: ENGL 12000
3 hrs
3 cr.

REL 33600 - Zen (W)

Pluralism and Diversity
PD/A
GER
3/A

An inquiry into the teachings of Chinese and Japanese Zen in light of their Buddhist and Daoist backgrounds.
prereq: ENGL 12000
3 hrs
3 cr.

PHILO 21900 - Chinese Philosophy (W)

Pluralism and Diversity
PD/A
GER
3/A

Readings from the classics of Chinese philosophy found in Confucian, Taoist and Buddhist traditions.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

PHILO 22100 - Indian Philosophy (W)

Pluralism and Diversity
PD/A
GER
3/A

Readings from classics of Indian philosophy, drawn from the Vedic, Buddhist and IndoTibetan traditions.
prereq: ENGL 10000 and one course in Philosophy
3 hrs
3 cr.
African, Afro-Caribbean and Afro-American Religions

**REL 25600 - Afro-Caribbean Religions (W)**

**Hunter Core**
World Culture and Global Issues (WCGI)

**Pluralism and Diversity**
PD/B
GER
2/C

An introduction to the diversity of African-based religions in the Caribbean and beyond.

*prereq: ENGL 12000*

*3 hrs*

*3 cr.*

**AFPRL 22000 - African Spirituality in the Diaspora**

**Pluralism and Diversity**
PD/A or B
GER
2/C

The nature and expressions of the spiritual ethos enabling the survival of classical African human values in dehumanizing circumstances during and after enslavement in North America, South America and the Caribbean.

*3 hrs*

*3 cr.*

**AFPRL 32200 - African World View: Philosophy and Symbolic Thought (W)**

**Pluralism and Diversity**
PD/A
GER
3/A

Examination of African religious systems, metaphysical conceptions and philosophy.

*prereq: AFPRL 22200 or perm instr.*

*3 hrs*

*3 cr.*

*offered every other sem.*

**AFPRL 32300 - Islam and Christianity in Africa (W)**

GER
3/A

Examination of relationship of Islam and Christianity to primary African religion and their political role in African history.

*prereq: AFPRL 201 or 202 or 222 or perm instr.*

*3 hrs*

*3 cr.*
AFPRL 36200 - Puerto Rican and Caribbean Religious Practices (W)

Pluralism and Diversity
PD/A or B
GER
3/A

Reading knowledge of Spanish suggested. Analysis of roots of folk religion in Indian, African and Spanish cultures. Religious syncretisms, popular imagery and ritual practices.

prereq: AFPRL 14100 or 24300
3 hrs
3 cr.

AFPRL 42000 - The Black Church and Social Change

GER
3/B

In-depth study of the sociopolitical role of Black church in political struggle of Black people with special emphasis on America.

prereq: AFPRL 20300 or 20400 or 20500 or perm instr.
3 hrs
3 cr.

Abrahamic Religions

REL 25300 - Abrahamic Religions (W)

Hunter Core
World Culture and Global Issues (WCGI)

Pluralism and Diversity
PD/D
GER
2/C

Study of Judaism, Christianity, and Islam-- with some considerations of Zoroastrian parallels.

prereq: ENGL 12000
3 hrs
3 cr.

REL 25500 - Religions of Two Gods (W)

Pluralism and Diversity
PD/A
GER
2/C

A survey of historical varieties of dualistic religion both classical and modern which inquires into the moral grounds for their recurring appeal.

prereq: ENGL 12000
3 hrs
3 cr.
HEBR 24000 - Introduction to the Old Testament

Hunter Core  
World Cultures and Global Issues (WCGI)  
Pluralism and Diversity  
PD/A  
GER  
2/C

Survey of the books of the Old Testament, their form, content and cultural background. Introduction to the tools and methods of modern biblical criticism.  
3 hrs  
3 cr

HEBR 25900 - Old Testament Religion

Hunter Core  
World Cultures and Global Issues (WCGI)  
Pluralism and Diversity  
PD/A  
GER  
2/C

Comprehensive survey of ancient Israelite religious practice, expression and thought as reflected in Hebrew Bible.  
3 hrs  
3 cr

HEBR 29200 - The Hebrew Prophets

Hunter Core  
Individual and Society (Humanities)  
Pluralism and Diversity  
PD/A  
GER  
2/C

Study of phenomenon of prophecy in ancient Israel and its contribution to historical, ethical and religious thought.  
3 hrs  
3 cr

HEBR 29400 - Job, Ecclesiastes and the Human Predicament (W)

Pluralism and Diversity  
PD/A  
GER  
3/A

Study of form, content and religious significance of these two enigmatic masterworks.  
3 hrs  
3 cr

HIST 21000 - History of Judaism
Survey of the Jewish religious tradition with attention to interactions between Judaism and other religions and to the role of Judaism in the formation of Christianity and Islam.
Courses at the 300-level and above not offered to freshmen.

3 hrs
3 cr.

**HIST 30900 - Jewish History in the Ancient World**

Pluralism and Diversity
PD/A
GER
3/B

The Jewish people from its origins in late antiquity; social and intellectual developments from biblical to Talmudic times.
Courses at the 300-level and above not offered to freshmen.

3 hrs
3 cr.

Pluralism and Diversity
PD/D
GER
3/B

The Jewish people from late antiquity to 17th century; social and legal status under Islamic and Christian rulers; religious and intellectual movements.
Courses at the 300-level and above not offered to freshmen.

3 hrs
3 cr.

**HIST 32000 - Jewish History in the Modern World (W)**

Pluralism and Diversity
PD/D
GER
3/B

From the 18th century to the present: Enlightenment, Jewish emancipation and nationalism, a Jewish state; anti-Semitism and the Holocaust; recent trends.
Courses at the 300-level and above not offered to freshmen.

prereq or coreq: ENGL 12000

3 hrs
3 cr.

**REL 33000 - New Testament Religion (W)**

prereq: ENGL 12000
3 hrs
3 cr.

REL 32300 - Christianity (W)

Analysis of the Christian religion which employs methodologies of the academic study of religion and which aims to uncover the unity of Christian faith embodied in its various expressions.

prereq: ENGL 12000
3 hrs
3 cr.

REL 33300 - Christian Theology (W)

An examination of key doctrines in Christian thought such as trinity, incarnation, existence of God and grace.

prereq: ENGL 12000
3 hrs
3 cr.

HIST 31400 - Ancient and Medieval Christianity (W)

The development of Christianity from Jesus to Luther; theology and mysticism, lay and monastic spirituality; the papacy and dissidents; gender and sexuality; relations with Judaism and Islam.

Courses at the 300-level and above not offered to freshmen.

prereq or coreq: ENGL 12000
3 hrs
3 cr.

HIST 31500 - Christianity in Modern Times
Not offered to freshmen. Transformation of Christianity since the Reformation, Enlightenment and modern political and intellectual challenges.

3 hrs
3 cr.

PD/A
GER
3/A

Study of Islam and Buddhism, their founders, development, beliefs, rituals and interaction.

prereq: ENGL 12000

3 hrs
3 cr.

REL 32600 - Religious Meanings of the Qurʾān (W)

GER
3/A

This course introduces students to the study of the Qurʾān based on the traditional Islamic “sciences of the Qurʾān” (ʿUlūm al-Qurʾān). Using an introductory text on the Qurʾānic sciences, the course will introduce the traditional areas of concern in the Qurʾānic sciences: the revelation, transmission, form, language and style, hermeneutics, and principles and types of exegesis. The course will continue by introducing students to representative examples of the types of material referred to in the textbook. This material is chosen on the basis of (1) interest, (2) accessibility
(especially the availability of English translations) and (3) the ability to give students some exposure to the variety of styles and approaches to the material available in the literature, introducing the students to representative examples of the types of material referred to in the introductory text. This material provides students with illustrative exposure to both classical and modern Muslim approaches to the Qur'ān and its exegesis.

prereq: Engl 12000

3 hrs

3 cr.

REL 33700 - Sufism (W)

Pluralism and Diversity

PD/A

GER

3/A

A course on the esoteric or mystical dimension of Islam, known among Muslims as ta'awwuf, attending to the history, doctrine and metaphysics of the Sufi path.

prereq: ENGL 12000

3 hrs

REL 25400 - Tribal Religions: From Australia to the Americas (W)

Hunter Core

World Culture and Global Issues (WCGI)

Pluralism and Diversity

PD/A or B

GER

2/C

Study of indigenous religions of Pacific Islanders and North American Indians.

prereq: ENGL 12000

3 hrs

3 cr.

Special Topics in Traditions

REL 26200 - Special Topics: Religious Traditions

Specialized study of specific religious traditions or groups of traditions. Different topic each time offered.

3 hrs

3 cr.

REL 36200 - Special Topics: Religious Traditions

GER

3/A

Specialized study of specific religious tradition or groups of traditions. Different topic each time offered.
Independent Study

REL 41000 - Independent Study in Religion

Open to majors only. Individual research and writing on topic in religion under supervision of a religion professor. May be taken a second or third time with another subject.

prereq: perm chair
hrs TBA
1-6 cr.

Honors

To be eligible for honors classes a student must have the director's permission and at least a 3.5 GPA in the major and cumulatively. To qualify for departmental honors, a student must complete one of the honors courses with a grade of B or above, achieving a final GPA in Religion and cumulatively of at least 3.5.

REL 45000 - Honors Seminar in Religion

Specialized study in religion. For religion majors or other advanced religion students. Different topic each time offered. May be taken a second or third time with another subject. One topic offered under REL 45000 or 49000 satisfies the course requirements for departmental honors.

prereq: five courses in religion or a major/CUNY-BA focus in religion and perm instr. or program director
hrs TBA
3 hrs
3 cr.

REL 49000 - Honors Tutorial in Religion

Open to majors only. Individual research and writing on topic in religion under supervision of Religion Honors Committee. REL 49000 or one topic offered under REL 45000 satisfies the course requirements for departmental honors.

prereq: perm chair
hrs TBA
3-6 cr.

Minor in Religion

The Minor in Religion consists of four courses for a total of 12 credits.

The following two courses are required:

REL 11000 - Nature of Religion (W)

Hunter Core
Individual and Society (Humanities) -I&S H
GER
Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.

3 hrs
3 cr.

**REL 11100 - Approaches to Religion (W)**

**Hunter Core**
Indirect and Society (I&S) Humanities
**GER**
2/C

Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.

*prereq: ENGL 12000*

3 hrs
3 cr.

Also required for the Minor in Religion:

a) one course to be chosen from those listed under the category “Religious Traditions”; and

b) one course from the category “Issues in Religion” reflecting a theme central to the religious tradition in which the student has chosen to focus, to be selected in consultation with a Religion Program adviser.

At least one course presented in satisfaction of the minor must be a 300-level course.

French - BA

Major

The French major provides two concentrations:

a. French Literature (30 cr)

b. French Language and Civilization

Preparation for Teaching French, Spanish or Italian Adolescent Education (grades 7-12)

Students pursuing adolescent education must complete the 30 or 36 credit major in one of these languages and, in addition, complete the course in second language acquisition (3 cr). The 23-credit pedagogical sequence in adolescent education will serve as the minor. See the Section XII: School of Education section of the catalog for further information.

Study Abroad

All study abroad programs are open to students from Hunter College and other accredited institutions. Majors and minors in the Department of Romance Languages are strongly encouraged to participate in study abroad programs (see adviser for GPA requirements).

Qualified students can apply for financial aid and STOCS grants.

The New York/Paris Exchange Program is open to students who wish to study a semester or a year at a French university in Paris. For the requirements and more details, contact Professor J. Przybos at (212) 772-5097. French in France is offered during June, July and August at Pau and Bayonne.

Minor in French (15 credits)

a. French Literature and Culture

This course of study provides the opportunity to deepen the knowledge of French language beyond the basic language sequence and to introduce students to French Culture trans-historically, in ways that could usefully complement a
major in another field in the humanities, where a broad knowledge of French history or culture could be useful (for instance in the Arts).

The prerequisite for this minor consists either of

**FREN 20200 - Intermediate French II**

Language lab mandatory.
There are three options for students beginning French at Hunter. A regular sequence (FREN 10100, 10200, 20100, 20200), an intensive sequence (FREN 10300, 20300) which covers in two semesters material normally covered in four and a course for students who use French as a heritage language.

*prereq: FREN 2000 or three yrs high school French*

- **3 hrs**
- **3 cr.**

-or-

**FREN 20300 - Intensive Intermediate French**

Equivalent to material covered in 20100 and 20200. Language lab mandatory.
There are three options for students beginning French at Hunter. A regular sequence (FREN 10100, 10200, 20100, 20200), an intensive sequence (FREN 10300, 20300) which covers in two semesters material normally covered in four and a course for students who use French as a heritage language.

*prereq: FREN 10200 or two yrs high school French*

- **6 hrs**
- **6 cr.**

For the minor, 3 language courses to be chosen from

**FREN 21100 - Intermediate Grammar and Composition**

Continued study of grammar and syntax, with focus on reading and writing. Intended for French majors and minors.

*prereq: FREN 202, 203, or placement by departmental adviser*

- **3 hrs**
- **3 cr.**

**FREN 22000 - Advanced French Conversation**

*prereq: FREN 20200 or four yrs high school French*

**prereq:** FREN 20200 or equiv.
3 hrs
3 cr.

and 2 Culture and Civilization courses to be chosen from

**FREN 33500 - French Culture I**

**Pluralism and Diversity**
PD/D
Main intellectual and artistic currents from the Gauls to the French Revolution. Conducted in French.

*prereq:* FREN 20200 or four yrs high school French

3 hrs
3 cr.

**FREN 33600 - French Culture II**

**Pluralism and Diversity**
PD/D
Main intellectual and artistic currents from the French Revolution to 1958. Conducted in French.

*prereq:* FREN 20200 or four years of high school French

3 hrs
3 cr.

**FREN 33700 - Contemporary French Culture**

Contemporary French civilization and culture from 1958 to the present, as seen in its press. World events observed through the lens of French culture and politics. Comparison of current events coverage by French and U.S. Press.

*prereq:* FREN 31100 or 31200 or perm instr.

3 hrs
3 cr.

b. **French Literature**

This course of study provides the opportunity to deepen the knowledge of French language beyond the basic language sequence through the analysis of French Literature. Among undergraduates potentially interested in this track are our native-speakers, or students with a francophone background, whose majors are in another, non-related, discipline.

The prerequisite for this minor consists of

**FREN 21100 - Intermediate Grammar and Composition**

Continued study of grammar and syntax, with focus on reading and writing. Intended for French majors and minors.

*prereq:* FREN 202, 203, or placement by departmental adviser

3 hrs
3 cr.

For the minor, students must first complete
FREN 34100 - Survey of French Literature from the Middle Ages to the End of the 17th Century

Pluralism and Diversity
PD/D
GER
3/A

FREN 36500 - The 20th Century: Special Topics

Pluralism and Diversity
GER 3/A PD/D
Topics to be offered may include single authors, themes, genres, movements, or approaches.

prereq: FREN 34100 and 34200
3 hrs
3 cr.

c. French Culture and Literature in Translation

This course of study provides the opportunity to students with no knowledge of the French language to be introduced to French Culture & Literature. This minor offers an interesting complement or context to studies in other fields (such as history, philosophy, political theory or women’s studies) that have benefited, historically, from French influences.

The courses in this minor are to be chosen from a selection of 200-level courses, taught in English, such as

FREN 24100 - Early French Civilization: From Gothic to Revolution

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/D
GER
2/C

Conducted in English; readings in English.
3 hrs
3 cr.

FREN 24200 - Modern French Civilization: From Revolution to Present
Hunter Core
World Cultures and Global Issues (WCGI)
Pluralism and Diversity
PD/D
GER
2/C

Conducted in English; readings in English.
There are three options for students beginning French at Hunter. A regular sequence (FREN 10100, 10200, 20100, 20200), an intensive sequence (FREN 10300, 20300) which covers in two semesters material normally covered in four and a course for students who use French as a heritage language.

FREN 25100 - French Literature and the Arts

Pluralism and Diversity
PD/D
Conducted in English; readings in English and French. Particular attention to theme, image and structure as they may be compared in literary and artistic works.

3 hrs
3 cr.

Honors

Students qualified to graduate with departmental honors must take an honors course or equivalent approved by the departmental advisers. Departmental honors will be conferred upon a recommendation from the appropriate departmental committee. Candidates must present a paper of at least 7,000 typewritten words in the language of specialization. Consult the department for further information.

Graduate Study

Qualified seniors with a minimum GPA of 3.5 in their discipline may be admitted to graduate level courses. Permission must be secured from the chair and then forwarded to the dean. Consult the graduate catalog for requirements and regulations.

French Language and Civilization

Return to: French - BA

A concentration in French language as well as in French and Francophone literature, culture and civilization. 12 credits from the language sequence (Group A); 0-9 credits from Group B (offered in English); and 9-18 credits from Group C (offered in French).

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.
FREN 10100 - Elementary French I

Hunter Core
World Culture and Global Issues (WCGI)
Language lab mandatory.

There are three options for students beginning French at Hunter. A regular sequence (FREN 10100, 10200, 20100, 20200), an intensive sequence (FREN 10300, 20300) which covers in two semesters material normally covered in four and a course for students who use French as a heritage language. FREN 10100 usually not credited without FREN 10200. For details about credit policy, please see Appendix II: Foreign Language Requirement.
3 hrs
3 cr.

FREN 10200 - Elementary French II

There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 101, 102, 201, 202) and an intensive sequence (ITAL 103-203) that covers in one semester material normally covered in two.

prereq: ITAL 311 or equiv.
3 hrs
3 cr.

ITAL 33100 - Italian Phonetics and Diction

There are two options for students beginning Italian at Hunter: a regular sequence (ITAL 101, 102, 201, 202) and an intensive sequence (ITAL 103-203) that covers in one semester material normally covered in two.

prereq: ITAL 202 or equiv.
3 hrs
3 cr.

Honors

Students qualified to graduate with departmental honors must take an honors course or equivalent approved by the departmental advisers. Departmental honors will be conferred upon a recommendation from the appropriate departmental committee. Candidates must present a paper of at least 7,000 typewritten words in the language of specialization. Consult the department for further information.

Graduate Study

Qualified seniors with a minimum GPA of 3.5 in their discipline may be admitted to graduate level courses. Permission must be secured from the chair and then forwarded to the dean. Consult the graduate catalog for requirements and regulations.

Study Abroad

All study abroad programs are open to students from Hunter College and other accredited institutions. Majors and minors in the Department of Romance Languages are strongly encouraged to participate in study abroad programs (see adviser for GPA requirements).

Qualified students can apply for financial aid and STOCS grants.

Hunter in Italy: Summer Program in Pescara, June-July, at the University of Pescara; Italian Language courses and Italian literature and culture courses taught in English.

Winter Program Hunter in Florence, held during January intersession, offers courses and Italian Culture and Literature taught in English.

Italian Language and Civilization (30 cr.)

Return to: Italian - BA

A concentration on Italian language with an emphasis on oral and written communication.
Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

SEDC 21200 - Methods I: Foundations of Literacy, Language and Learning in the Foreign/Heritage Language Classroom, Grades 7-12

The nature of language, and language acquisition/learning, and the inherent implications for teaching a foreign/heritage language at the secondary level. The foreign language standards and the English language arts standards are reviewed as they impact on curriculum design for foreign/heritage language learners.

prereq or coreq: SEDF 20300, 20400
3 hrs
3 cr.

• SEDC 712 (see graduate catalog)

Major concentration in Spanish-English/English-Spanish translation and interpretation (36 cr)

This program prepares students for careers in the growing translation field. Students take courses in Spanish language, literature and civilization in conjunction with specialized courses in translation/interpretation theory and practice. Allied courses in English and related fields of study are required and must be approved by the program adviser. Sufficient flexibility is built into the program so that students may tailor certain requirements to fit their individual needs and interests. An intensive internship in translation and/or interpretation serves as the student’s capstone experience and preparation for future professional settings. Please see the department of Romance Languages for more details regarding this new and innovative program of study.

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

SPAN 10100 - Elementary Spanish I

PD/D
GER
3/A
May be repeated with different topic.

*prereq:* SPAN 34100; permission of adviser.

3 hrs

3 cr.

**Note:**

Students may use transfer credits and credits from the Hunter programs in Spain and Argentina up to a maximum of 6 credits. At least 9 credits of the minor must be completed in residence at Hunter.

**Romance Languages - BA**

**Foundational Courses**

Foundational Courses must be completed before embarking upon the major. In the case of the major in Romance Languages, Foundational courses vary with the foreign languages selected for the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

**Major (36 cr)**

Intended for students who want to specialize in two Romance languages.

- Required: 34100 and 34200 in each of two chosen languages (12 cr)

- and -

- 9 credits in advanced literature in each of the two languages (18 cr)

- 3 credits in culture or translation in each of the two languages (6 cr)

**Minor (12 cr)**

Students majoring in one or more Romance languages take as a minor 12 credits in one field of study that leads to a BA degree, which must be approved by the departmental adviser.

**Honors**

Students qualified to graduate with departmental honors must take an honors course or equivalent approved by the departmental advisers. Departmental honors will be conferred upon a recommendation from the appropriate departmental committee. Candidates must present a paper of at least 7,000 typewritten words in the language of specialization. Consult the department for further information.

**Graduate Study**

Qualified seniors with a minimum GPA of 3.5 in their discipline may be admitted to graduate level courses. Permission must be secured from the chair and then forwarded to the dean. Consult the graduate catalog for requirements and regulations.

**Study Abroad**
All study abroad programs are open to students from Hunter College and other accredited institutions. Majors and minors in the Department of Romance Languages are strongly encouraged to participate in study abroad programs (see adviser for GPA requirements).

Qualified students can apply for financial aid and STOCS grants.

**Spanish - BA**

**Preparation for Teaching French, Spanish or Italian Adolescent Education (grades 7-12)**

Students pursuing adolescent education must complete the 30 or 36 credit major in one of these languages and, in addition, complete the course in second language acquisition (3 cr). The 23-credit pedagogical sequence in adolescent education will serve as the minor. See the The School of Education section of the catalog for further information.

**Major**

The Spanish major provides two concentrations:

a. Spanish Literature

b. Major concentration in Spanish-English/English-Spanish translation and interpretation (36 cr)

**Honors**

Students qualified to graduate with departmental honors must take an honors course or equivalent approved by the departmental advisers. Departmental honors will be conferred upon a recommendation from the appropriate departmental committee. Candidates must present a paper of at least 7,000 typewritten words in the language of specialization. Consult the department for further information.

**Minor in Spanish**

3 cr.

**SPAN 36400 - Spanish-American Modernism and Post-modernism**

**GER**
3/A

Modernist and post-modernist authors.
*prereq: SPAN 34100*
3 hrs
3 cr.

**SPAN 36500 - Survey of Spanish-American Teatro**

**GER**
3/A

Survey of major trends in Spanish-American dramatic literature from colonial days to the present, with emphasis on the second half of the 20th century.
*prereq: SPAN 34100*
3 hrs
3 cr.

**SPAN 36600 - Contemporary Latin American Poetry**
Major trends, such as Vanguardia, Brazilian Modernismo, Caribbean poetry, Anti-Poetry, Exteriorismo and popular poetry.

**SPAN 36700 - Latin American Essay**

Exploration of the essay as an aesthetic form and its role in the social and cultural struggles that have marked Latin-American history.

**SPAN 36800 - Contemporary Latin American Narrative**

Major trends, such as the Indianist novel, Mexican Revolution, social and psychological realism, novel of the 'boom', novel of the dictator.

**SPAN 37100 - Special Topics in Spanish-American Literature**

May be repeated with different topic.

**SPAN 33500 - Spanish Civilization**

Pluralism and Diversity

Geographical, historical, political, literary, artistic and industrial evolution of Spain. Given in Spanish. Highly
recommended.

prereq: SPAN 20800, 21100 or dept. perm
3 hrs
3 cr.

-or-

SPAN 33600 - Latin American Civilization

GER
3/A

Geographical, historical, political, literary, artistic and economic evolution of Latin American nations. Given in Spanish.

3 hrs
3 cr.

5. Two additional courses chosen from the following (6 cr.)

Students may choose the remaining 6 credits in any course in literature from Spain or Hispanic America numbered above 342. Students planning to teach in grades 7-12 must also complete 3 credits in Second Language Acquisition:

SPAN 39900 - Second Language Acquisition

prereq: at least three courses at the 300- level in the language; ENGL 12000
3 hrs
3 cr.

SPAN 49500 - Independent Study in Hispanic Literature

Pluralism and Diversity
PD/D

prereq: perm dept.
1-3 cr.

SEDC 21200 - Methods I: Foundations of Literacy, Language and Learning in the Foreign/Heritage Language Classroom, Grades 7-12

The nature of language, and language acquisition/ learning, and the inherent implications for teaching a foreign/heritage language at the secondary level. The foreign language standards and the English language arts standards are reviewed as they impact on curriculum design for foreign/heritage language learners.

prereq or coreq: SEDF 20300, 20400
3 hrs
3 cr.

• SEDC 712 (see graduate catalog)

Sociology
About the Department

A major in sociology provides the undergraduate with the opportunity to gain a distinct intellectual perspective and a method of inquiry. By continually testing conventional wisdom against evidence, the study of sociology encourages the development of critical judgment. By routinely considering the matrix of social and cultural facts, such study can lead students to an understanding of the conditions under which social facts emerge, and the consequences they have for individuals, groups, societies and social institutions. It can also help students better understand their own roles in the array of social institutions in which they are entwined.

Our courses provide a foundation for the student who desires to pursue advanced graduate studies in sociology leading to teaching positions. The department offers a wide range of specialties offering students flexibility in their choice of PhD programs. A major in sociology also helps to prepare students for many careers: social research, marketing, media, and other fields in the private sectors, as well as law, civil service and public policy, social work, the health professions, personnel work and other human-service areas.

Majors are encouraged to develop skills in observation, interviewing, and other data-collection techniques; data processing; statistical and content analysis; and trend analysis — all marketable skills in many career lines.

Graduate Advising:
Minor in Sociology

The minor in Sociology requires four courses with 12 credits which students have to pass with a GPA of at least 2.0. Students minoring in Sociology must take SOC 10100 - Introduction to Sociology, the prerequisite for all other sociology courses, SOC 22100 - Classical Sociological Theory and two additional courses selected from those offered on a regular basis. It is recommended but not required that one sociology course on the 300 or higher level be included.

Sociology

BA in Sociology

The department recommends a GPA of at least 2.3 when declaring the major. Prospective majors should also complete SOC 10100 Introduction to Sociology.

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

SOC 10100 - Introduction to Sociology

Hunter Core
Individual and Society (Social Sciences) - I&S SS
GER
2/B

Development of sociological imagination through introduction and application of basic concepts incorporating global and comparative perspectives.
3 hrs
3 cr.

Hunter Core Requirement

Note: Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a
student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here:

**Appendix I: Hunter Core Requirement**

In the case of Sociology, the course that meets CCC is:

<table>
<thead>
<tr>
<th>Course</th>
<th>CUNY Common Core</th>
<th>Foundational Or Major</th>
</tr>
</thead>
<tbody>
<tr>
<td>SOC 10100</td>
<td>CUNY Common Core Individual and Society (Social Sciences) I&amp;S SS 1</td>
<td>Foundational</td>
</tr>
</tbody>
</table>

*Please note that no more than two courses from any one department will count for the CUNY Common Core.*

**Major (27 credits)**

1. **Required Courses (6 cr.)**

**SOC 24000 - Introduction to Research Methods**

**GER**

3/B

Discussion of various research techniques and strategies including the survey method, field research, experiments, and content analysis. Firsthand involvement in the collection of quantitative data.

*prereq: SOC 10100*

3 hrs

3 cr.

**SOC 24100 - Social Statistics**

**GER**

3/B

Application of elementary statistical techniques. Introduction to statistical inference and sampling theory.

*prereq: SOC 10100*

3 hrs

3 cr.

2. **Sociological Theory (6 cr.)**

**SOC 22100 - Classical Sociological Theory**

**Pluralism and Diversity**

PD/D

**GER**

3/B

Classical theorists and their contributions.

*prereq: SOC 10100*
3 hrs
3 cr.

**SOC 22300 - Current Sociological Theory**

**GER**
3/B

Significance of concepts and nature of evidence applied to leading theories. Theory construction.

*prereq: SOC 10100, SOC 22100, major*

3 hrs
3 cr.

3. Electives (15 cr.)

Of the remaining 15 credits, at least 6 must be in courses at the 300 level or above. No more than 3 credits from the following may be used to satisfy this requirement.

**SOC 33100 - Field Placement in Social Work Agencies**

**GER**
3/B

Supervised work in social service agency, weekly seminar, preparation of weekly assignments and term paper.

*prereq: SOC 10100, perm instr.*

8 hrs per week
3 cr.

**SOC 33200 - Advanced Field Placement in Social Work Agencies**

**GER**
3/B

Supervised work in social service agency, weekly seminar, agency-based research project.

*prereq: SOC 10100, SOC 33100 or documented equiv. experience in social work agency, perm instr.*

8 hrs per week
3 cr.

**SOC 37101 - Independent Study**

**GER**
3/B

Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.

*prereq: SOC 10100, perm instr.*

1 hr
1 cr

**SOC 37200 - Independent Study**
Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.

**prereq:** SOC 10100, perm instr.

3 cr. each sem

**SOC 47100 - Honors/Independent Study**

GER

3/B

Advanced independent research project under direction of full-time member of department.

**prereq:** SOC 10100, perm instr.

3 cr. each sem

**SOC 47200 - Honors/Independent Study**

GER

3/B

Advanced independent research project under direction of full-time member of department.

**prereq:** SOC 10100, perm instr.

3 cr. each sem

**SOC 49800 - Internship**

GER

3/B

Open to advanced majors only. Placement of qualified sociology majors off campus in professional nonsocial service internship settings. Credits are based on analytic internship report, number of hours worked and by written evaluation by agency/company intern supervisor.

**prereq:** SOC 22100 or 22300 and SOC 24000; major; perm supervising full-time faculty hrs TBA

3-6 cr.

**Areas of Concentration**

Students may design their own areas of concentration but they are not required to do so.

1. **Urban Sociology & Immigration**

**SOC 21100 - Urban Sociology**

GER

3/B

The relationships of space and society, with special attention to the nature and problems of urban life.
prereq: SOC 10100
3 hrs
3 cr.

SOC 21700 - Race and Ethnicity

Pluralism and Diversity
PD/B
GER
3/B

Dominant-subordinate relations among selected groups: Asians, Blacks, Hispanics, Jews, Indians, White ethnics.
prereq: SOC 10100
3 hrs
3 cr.

SOC 30700 - Migration

Pluralism and Diversity
PD/B
GER
3/B

Economic, demographic, political and cultural factors influencing migration and the consequences of migration.
prereq: SOC 10100
3 hrs
3 cr.

SOC 22507 Asians in the US
SOC 32500 Second Generation Asian Americans

SOC 20100 - The Family

Pluralism and Diversity
PD/C
GER
3/B

Family functions and interaction. Factors affecting stability and instability.
cross-listed WGSP 22300
prereq: SOC 10100
3 hrs
3 cr.

SOC 20300 - Education

GER
3/B

Education viewed cross-culturally and historically. Schools and colleges as social systems.
**SOC 23100 - Introduction to Social Work Profession**

**GER**
3/B

Introduction to and critical analysis of the social work profession in American society.

*prereq: SOC 10100*
3 hrs
3 cr.

**SOC 23500 - Community Organization and Action**

**GER**
3/B

Evaluation of specific local and national action programs.

*prereq: SOC 10100*
3 hrs
3 cr.

**SOC 23700 - Social Welfare Policy**

**GER**
3/B

Development of welfare institutions. Consequences of welfare services for client and community.

*prereq: SOC 10100*
3 hrs
3 cr.

**SOC 23900 - Child Welfare (W)**

**GER**
3/B

Historical and contemporary perspectives on the impact of poverty on children and the social policies that deal with it.

*cross-listed WGSP 23900 (W)*

*prereq: SOC 10100, ENGL 12000*
3 hrs
3 cr.

**SOC 30100 - Medical Sociology**

**GER**
3/B

Social and cultural factors related to health. Organization of health care services, social structure of the hospital.
prereq: SOC 10100
3 hrs
3 cr.

SOC 31500 - Work and Society (W)

GER
3/B

Work in market economies, mechanisms of control and sources of stratification, gender and ethnic factors, role of education and trade unions.
cross-listed WGSL 31500
prereq: SOC 10100
3 hrs
3 cr.

SOC 32100 - Sociology of Organizations

GER
3/B

Organization, structure, and processes; relationship between individual and organization.

prereq: SOC 10100
3 hrs
3 cr

SOC 33000 - Children and Public Policy (W)

GER
3/B

Study of changes in children’s lives, including family composition, parental work, child care, and poverty, as well as the day-to-day lives of children living in poverty and immigrant families. The historical evolution of public policies and current policy issues are studied as they relate to children, particularly education, income support, and health policies. International policy comparisons are highlighted
prereq: ENGL 12000
3 hrs
3 cr.

SOC 325xx Food and Society

3. Comparative/Cross-Cultural/Global Studies

SOC 20500 - Sociology of Religion

GER
3/B

Comparative study of religion in human societies. Analysis of beliefs, myths and sacred attitudes.
prereq: SOC 10100

3 hrs
3 cr.

SOC 36100 - Development and Modernization (W)

Pluralism and Diversity
PD/A
GER
3/B

Examinations of models of social change with a special focus on developing countries.
prereq: SOC 10100
3 hrs
3 cr.

SOC 36200 - Sociology of Islam (W)

GER
3/B

Introduction to Islam as religion and culture with emphasis on how misconceptions have permeated our understanding of Islam. Analysis from a historical perspective which serves as a framework for comprehending Islam's dogma, rituals, and legal system.
prereq: SOC 10100
3 hrs
3 cr.

SOC 36400 - Globalism and Nationalism

GER
3/B

This course covers the emergence, spread, and decline of global cultural identities and practices in individual nation-states. It further explores the origin, character, and vicissitudes of nationalism in the global area.

prereq: SOC 10100
3 hrs
3 cr

4. Culture, Media and Social Psychology

SOC 20700 - Leisure, Recreation and Sports

GER
3/B

Role and social organization of leisure and recreation in traditional and modern society.
prereq: SOC 10100
3 hrs
3 cr.

**SOC 25100 - Interpersonal Behavior**

*GER*
3/B

Study of interactional processes and the emergence and maintenance of selves and identities.

*prereq: SOC 10100*

3 hrs
3 cr.

**SOC 25900 - Mass Media, Communication and Public Opinion (W)**

*GER*
3/B

Impact of mass media on public opinion and government action.

*prereq: SOC 10100 ENGL 12000*

3 hrs
3 cr.

**SOC 31400 - Culture and Consumption**

*GER*
3/B

The structure and patterning of everyday life as concerned with material well-being. Symbolic and moral dimensions of food and living arrangements, as well as commerce and the marketplace.

*prereq: SOC 10100*

3 hrs
3 cr.

5. Research Methods, Demography, & Applied Sociology

**SOC 23500 - Community Organization and Action**

*GER*
3/B

Evaluation of specific local and national action programs.

*prereq: SOC 10100*

3 hrs
3 cr.

**SOC 24000 - Introduction to Research Methods**

*GER*
3/B

Discussion of various research techniques and strategies including the survey method, field research, experiments, and content analysis. Firsthand involvement in the collection of quantitative data.

*prereq: SOC 10100*
SOC 24100 - Social Statistics

GER
3/B

Application of elementary statistical techniques. Introduction to statistical inference and sampling theory.
prereq: SOC 10100
3 hrs
3 cr.

SOC 30700 - Migration

Pluralism and Diversity
PD/B
GER
3/B

Economic, demographic, political and cultural factors influencing migration and the consequences of migration.
prereq: SOC 10100
3 hrs
3 cr.

SOC 31100 - Population Dynamics

GER
3/B

Comparative analysis of fertility, mortality, migration trends, and related social factors.
prereq: SOC 10100
3 hrs
3 cr.

SOC 31300 - Consumer Behavior

GER
3/B

Individual and social perspectives on consumer decision making. Social patterns of consumption and consumer social movements.
prereq: SOC 10100
3 hrs
3 cr.

SOC 32100 - Sociology of Organizations

GER
3/B
Organization, structure, and processes; relationship between individual and organization.

**prereq:** SOC 10100

3 hrs

SOC 425xx Mapping Social Science Data
SOC 425xx Ethnographic Research & Interviewing
SOC 425xx Research Design
SOC 425xx Statistics
SOC 42555 Focus Group Research
SOC 70900 Statistics (graduate course)
SOC 71600 – Workshop Information Technology (graduate course)
SOC 75200 – Focus Group Research

6. Crime, Law, & Deviance

**SOC 32000 - Law, Society and Civil Rights**

**GER**

3/B

Examines from a sociological perspective the concept of law, and legal institutions and their relationship to society and culture, concentrating on the struggle for civil rights in America.

**prereq:** SOC 10100

3 hrs

3 cr.

**SOC 32200 - Drugs and Society**

**GER**

3/B

The course focuses on the social, cultural and historical dimensions of drug use, and treats the causes and consequences of drug use and abuse as a social – rather than bio-physical phenomenon. Course topics may include: drug use as a universal phenomenon, regulatory issues related to drugs, especially in relation to race, class and subcultures; and drugs as a media phenomenon.

**prereq:** SOC 10100

3 hrs

3 cr.

SOC 325xx Sociology of Crime and Punishment

7. Inequality and Social Movements: Gender, Race, Class, Sexualities

**SOC 21300 - Political Sociology**

**GER**

3/B

Power, authority, political ideologies, and patterns of participation. Articulation and resolution of political issues in contemporary societies in the context of globalization.
SOC 21700 - Race and Ethnicity

Pluralism and Diversity
PD/B
GER
3/B

Dominant-subordinate relations among selected groups: Asians, Blacks, Hispanics, Jews, Indians, White ethnics.

prereq: SOC 10100
3 hrs
3 cr.

SOC 21800 - Social Inequality

GER
3/B

Examination of social inequality in contemporary society from various empirical and theoretical perspectives focusing on class, ethnic, gender, and other determinants of stratification.

prereq: SOC 10100
3 hrs
3 cr.

SOC 21900 - American Society (W)

GER
3/B

Analysis of social structures and culture of the contemporary USA.

prereq: SOC 10100, ENGL 12000
3 hrs
3 cr.

SOC 25700 - Sex and Gender Roles

Pluralism and Diversity
PD/C
GER
3/B

Sex role differentiation: femininity, masculinity, marriage, child rearing.

cross-listed WGSS 25700
prereq: SOC 10100
3 hrs
3 cr.

SOC 30900 - Social Movements and Social Change (W)
Analysis of emerging groups inducing or resisting social change often using unconventional means in historical and/or international perspective.

**SOC 31700 - Class, Status, and Power**

Inquiry into the empirical and conceptual relation between the fundamental sociological constructs of 'class', 'status', and 'power' through a case study of the upper class in the United States. Review of current research and relevant theoretical approaches.

**Independent Study**

These options allow students to initiate and carry out a course of study of their own choosing under the guidance of a full-time faculty sponsor. Students must have a written proposal and a general plan of study to submit to the potential faculty mentor.

**SOC 37101 - Independent Study**

Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.

**SOC 37200 - Independent Study**

Completion of reading list and written assignment as proposed by student in consultation with full-time faculty sponsor.
SOC 47100 - Honors/Independent Study

GER
3/B

Advanced independent research project under direction of full-time member of department.

prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47200 - Honors/Independent Study

GER
3/B

Advanced independent research project under direction of full-time member of department.

prereq: SOC 10100, perm instr.
3 cr. each sem

Honors

In order to graduate with departmental honors in sociology, students must have a 3.0 GPA overall and a 3.5 GPA in sociology; at least 21 of the credits toward the major should have been courses taken at Hunter College.

Students must complete either an Honors Seminar

SOC 47300 - Honors Seminar

GER
3/B

Honors paper.

prereq: SOC 10100, perm instr.
3 cr. each sem

or an Honors Independent Study

SOC 47100 - Honors/Independent Study

GER
3/B

Advanced independent research project under direction of full-time member of department.

prereq: SOC 10100, perm instr.
3 cr. each sem

SOC 47200 - Honors/Independent Study

GER
3/B
Advanced independent research project under direction of full-time member of department.  
prereq: SOC 10100, perm instr.  
3 cr. each sem

or a graduate course

**SOC 42500 - Seminar in Selected Problems of Sociology**

**GER**

3/B

Advanced seminar: reading, discussion, and papers on significant problems in sociology and in applied social research; in most cases cross-listed with graduate social research course or seminar.

prereq: SOC 10100, perm instr.  
3 hrs  
3 cr

**Additional Information**

Students whose GPAs are within this range are urged to consult their adviser before planning senior year programs of study, since honors seminars are generally offered only once per year, usually in the fall semester. In addition, students qualifying for departmental honors are eligible for membership in Alpha Kappa Delta, the International Sociology Honor Society. See adviser for more information.

**Internships**

Provided students secure approval of a full-time faculty member, internships can be carried out for 3 to 6 credits in the areas of marketing, media, and politics, with other areas provided faculty supervision can be secured. Interested students must meet the requirements listed under the SOC 49800 entry.

**Awards**

The Department of Sociology offers four prestigious awards to outstanding students in sociology and applied social research. Once a year at the end of the spring term the Benjamin Ringer Award, carrying a cash stipend of $100, is granted for the best undergraduate paper in the areas of ethnic and race relations. The endowed Rosalyn Tough Award is granted with a tuition remission to one outstanding sociology student. Two Suzanne Keller Awards with a stipend of $250 each are granted at the end of the academic year. One goes to the graduating sociology major with the best academic record. The second Keller award is given to the best BA/MS graduate entering the field of applied social research. For more information about the awards contact the departmental advisers.

**Career Opportunities**

**Applied Social Research**

Students interested in careers in research-related fields such as media and marketing research, policy analysis and evaluation, advertising, consumer behavior, and public opinion polling, as well as students who are contemplating
graduate studies in sociology, are encouraged to gain research experience through selected coursework and independent research carried out under faculty supervision.

In addition to the following, which are required for the major,

**SOC 24000 - Introduction to Research Methods**

**GER**

3/B

Discussion of various research techniques and strategies including the survey method, field research, experiments, and content analysis. Firsthand involvement in the collection of quantitative data.

*prereq: SOC 10100*

3 hrs

3 cr.

**SOC 24100 - Social Statistics**

**GER**

3/B

Application of elementary statistical techniques. Introduction to statistical inference and sampling theory.

*prereq: SOC 10100*

3 hrs

3 cr.

Select electives from the following:

**SOC 25900 - Mass Media, Communication and Public Opinion (W)**

**GER**

3/B

Impact of mass media on public opinion and government action.

*prereq: SOC 10100 ENGL 12000*

3 hrs

3 cr.

**SOC 31100 - Population Dynamics**

**GER**

3/B

Comparative analysis of fertility, mortality, migration trends, and related social factors.

*prereq: SOC 10100*

3 hrs

3 cr.

**SOC 31300 - Consumer Behavior**
GER
3/B

Individual and social perspectives on consumer decision making. Social patterns of consumption and consumer social movements.

*prereq: SOC 10100*

3 hrs
3 cr.

Additional Information

The department has also participated in a number of programs that place qualified minority students in summer research internships at leading universities. See advisers for more information.

Social Work

Students interested in careers in social work or other human services are strongly encouraged to consult the pre-social work adviser (Prof. Poppendieck, Room 1603 Hunter West, (212) 772-5583, jpoppend@hunter.cuny.edu). The presocial work advising office offers information about graduate study in social work as well as help with program planning.

Pre-social work

Pre-social work students without work experience in the human services should plan to take the following courses that provide supervised field experience.

SOC 33100 - Field Placement in Social Work Agencies

GER
3/B

Supervised work in social service agency, weekly seminar, preparation of weekly assignments and term paper.

*prereq: SOC 10100, perm instr.*

8 hrs per week
3 cr.

SOC 33200 - Advanced Field Placement in Social Work Agencies

GER
3/B

Supervised work in social service agency, weekly seminar, agency-based research project.

*prereq: SOC 10100, SOC 33100 or documented equiv. experience in social work agency, perm instr.*

8 hrs per week
3 cr.

Ideally, this coursework should be completed by the end of the junior year, and students must meet with the instructor in the previous semester to arrange a placement.
Directly related to social work

While virtually all sociology courses are relevant to the practice of social work, several courses are directly related to social work.

**SOC 23100 - Introduction to Social Work Profession**

**GER**

3/B

Introduction to and critical analysis of the social work profession in American society.

*prereq: SOC 10100*

3 hrs

3 cr.

**SOC 23500 - Community Organization and Action**

**GER**

3/B

Evaluation of specific local and national action programs.

*prereq: SOC 10100*

3 hrs

3 cr.

**SOC 23700 - Social Welfare Policy**

**GER**

3/B

Development of welfare institutions. Consequences of welfare services for client and community.

*prereq: SOC 10100*

3 hrs

3 cr.

**SOC 23900 - Child Welfare (W)**

**GER**

3/B

Historical and contemporary perspectives on the impact of poverty on children and the social policies that deal with it.

*cross-listed* WGSP 23900 (W)

*prereq: SOC 10100, ENGL 12000*

3 hrs

3 cr.

**Graduate Courses**

Qualified undergraduates seeking more advanced or specialized work may, with the permission of the instructor, be permitted to take graduate courses. Consult the graduate catalog for course listings.
Sociology Minor

The minor in sociology consists of 12 cr, including

SOC 10100 Introduction to Sociology
SOC 22100 Classical Sociological Theory

and two additional Sociology electives. It is recommended that one of the electives be at the upper division level (i.e. 300 level)

Sociology/Social Research - Accelerated BA/MS

Five-Year BA/MS Program

For a limited number of qualified undergraduate students, the sociology department offers an accelerated five-year program leading to a BA in sociology and an MS in social research. The program requires a total of 145 credits of college work (100 undergraduate, 45 graduate). To get the maximum financial benefit from the BA/MS program, students should apply before the number of cumulative credits taken (including those being taken currently) exceeds 100 credits. All credits above 120 will be charged at the graduate tuition rates. The BA/MS program is a full-time program requiring 12 graduate credits per term.

In order to be admitted to the program, students must complete their basic requirements, including their major, pass an honors course or its equivalent (cross listed graduate course, honors independent study), have an overall GPA of 3.25 and meet other requirements of the MS program as outlined in the graduate catalog except for the GRE examination. BA/MS applicants should have no more than 100 credits completed before entering the program and can apply for fall or spring admission. After consulting with the undergraduate adviser to establish eligibility, students may apply to the Graduate Director. Applications require a cover letter/personal statement and include a copy of one's current transcript and two letters of recommendation.

Students are admitted to the BA/MS program at the end of their junior year but must consult with the undergraduate advisor before they file the application.

About the Department

Department Description

Programs and Courses

Programs and Courses in Theatre

Administration and Faculty

Department Office:
Minor in Theatre

A Minor in Theatre requires a minimum of 12 credits in the Department of Theatre at the 200-level or higher of which at least 3 credits must be at the 300-level (these are usually at least 3 credits). Minors are required to take all necessary prerequisites for these courses. Minors have access to all courses offered by the Department of Theatre. Minors are encouraged to participate in departmental and student productions. Interested students must meet with the undergraduate advisor in the Department of Theatre to declare a minor and to define their course of study.

Theatre - BA

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

ENGL 12000 - Expository Writing

Hunter Core

English Comp (EC)

GER

1/A

Required of all students unless exempt This course trains students to analyze, develop and evaluate ideas and to express
themselves clearly and effectively. Introduction to documented research.

**prereq:** *successful completion of developmental courses, if required*

3 hrs + conf

3 cr.

**THEA 10100 - Introduction to Theatre**

**Hunter Core**
Creative Expression (CE)
GER
2/D

Study of elements of theatre arts acting, directing, playwriting, design from standpoints of both viewer and participant.

3 hrs

3 cr.

**Hunter Core Requirement**

Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

**Major in Theatre (30 cr)**

Students must have earned at least 24 credits to declare a Theatre major.

**THEA 21100 - World Theatre I (W)**

**Hunter Core**
Creative Expression (CE)
Pluralism and Diversity
PD/D
GER
2/C

Survey of international theatre from its pre-Greek origins to the Spanish Golden Age.

**prereq:** ENGL 12000, THEA 10100

3 hrs

3 cr.

**THEA 21200 - World Theatre II (W)**

**Hunter Core**
Creative Expression (CE)
Pluralism and Diversity
PD/D
GER
2/C

Survey of international theatre from the Elizabethan period to Wagner.

**prereq:** ENGL 12000, THEA 10100
3 hrs  
3 cr.  

THEA 21300 - World Theatre III (W)  

Hunter Core  
Creative Expression (CE)  
Pluralism and Diversity  
GER  
2/C  

Survey of international theatre from 19th-century Naturalism to the present day.  
prereq: ENGL 12000, THEA 10100  
3 hrs  
3 cr.  

THEA 25100 - Theatre Production  

Introduction to the theory and practice of theatrical production. Includes required practical work on departmental productions  
prereq: THEA 10100 or perm instr.  
5 hrs  
3 cr.  

THEA 26100 - Acting II: American Realism  

GER 3/A  

Fundamentals of scene study focusing on text analysis, personalization, objective and action using American realism.  
prereq: THEA 16100 or perm instr.  
4 hrs  
3 cr.  

THEA 32100 - Play Analysis (W)  

Pluralism and Diversity  
GER 3/A  

Principles of play analysis; examination of play structure, theatrical form, and dramatic genre.  
prereq: THEA 21100 or 21200 or 21300  
3 hrs  
3 cr.  

THEA 28100 - Visual Elements of Theatre  

GER 3/A
Introduction to the theory and practice of various design elements and their contribution to theatrical production. Includes practical work on departmental productions.

*prereq: THEA 10100
5 hrs
3 cr.*

-or-

**THEA 28500 - Design Concepts for Theatre, Film, and Television**

**GER**
3/A

Theoretical and practical elements of design in theatre, film, and television.

*prereq: THEA 10100 or FILM 10100
3 hrs
3 cr.*

- Electives chosen from 300-level courses 6 cr.
- 2 production crews (not-for-credit)

plus one course selected from the following:

**THEA 38100 - Scene Design I**

**GER**
3/A

Theory and practice of scenic design for the stage. Includes practical work on departmental productions.

*prereq: THEA 28100
5 hrs
3 cr.*

**THEA 38300 - Costume Design I**

**GER**
3/A

Theory and practice of costume design for the stage. Includes practical work on departmental productions.

*prereq: THEA 28100
5 hrs
3 cr.*

**THEA 38400 - Stage Lighting Design**

**GER**
3/A

Principles, techniques, and practice of lighting for theatre, emphasizing its contribution to dramatic interpretation.

*prereq: THEA 28100
5 hrs
3 cr.*
THEA 38500 - Production Design I for Theatre, Film, and Television

GER
3/A

Theory and practice in scenic design for theatre, film, and television.
prereq: THEA 10100 or FILM 10100 and THEA 28500
4 hrs
3 cr.

THEA 38700 - Concepts of Light in Theatre, Film, and Television

GER
3/A

The aesthetics, styles, conventions, and vocabulary of lighting in theatre, film, and television: how light establishes style, mood, rhythm, and atmosphere as interpretive elements of performance.
prereq: THEA 28100 or THEA 28500
3 hrs
3 cr.

Minor

Theatre majors may select a minor from any department or program in the college that offers a program of study leading to a BA degree. Students should consult the departmental adviser regarding appropriate minor choices.

Minor in Theatre

A Minor in Theatre requires a minimum of 12 credits in the Department of Theatre at the 200-level or higher of which at least 3 credits must be at the 300-level (these are usually at least 3 credits). Minors are required to take all necessary prerequisites for these courses. Minors have access to all courses offered by the Department of Theatre. Minors are encouraged to participate in departmental and student productions. Interested students must meet with the undergraduate advisor in the Department of Theatre to declare a minor and to define their course of study.

Honors

Open to any qualified junior or senior with a 3.5 GPA in Theatre and an overall minimum GPA of 2.7 and permission of the chair. Individual work under faculty supervision. Departmental honors granted at graduation.

Thomas Hunter Honors Program

Thomas Hunter Honors Program
The interdisciplinary Thomas Hunter Honors Program provides some outstanding undergraduate students with a course of study suited to their individual needs and interests. Students selected for the Thomas Hunter Honors Program must show evidence of high academic potential, interdisciplinary interests and intellectual curiosity, as well as the willingness to explore unfamiliar fields and to accept challenges.

Students may apply for admission to the program on their own or they may be invited to participate in recognition of their outstanding academic records. Many graduates of the Thomas Hunter Honors Program go on to PhD programs in the various arts and sciences, or to law, medical and other professional schools. Others choose careers in a wide variety of professional, artistic and business fields.

**College Requirements**

The Thomas Hunter Honors Program requires that students maintain breadth in their programs, create a significant pattern of courses in at least two academic areas of investigation (Humanities and Arts, Social Sciences, Sciences and Mathematics), including at least one laboratory science course. All programs must be approved every semester by a Council adviser.

Students entering Hunter in fall 2013 or later, are required to complete the College's Common Core requirements. Note that all colloquia in the 200 or 300 series are "W" courses.

**Thomas Hunter Honors Program**

**Major**

Students in the Thomas Hunter Honors Program who wish to design an interdisciplinary major for themselves may do so in consultation with the appropriate Council adviser. The final transcript of such students designates the major as
"Special Honors Curriculum." Most students in the Thomas Hunter Honors Program, however, elect to fulfill the requirements for one or more specific departmental majors. These students abide by departmental criteria for the major, and are expected to pursue departmental honors in their major. Their final transcript records the major as Special Honors Curriculum/Specific Department. Whatever their major concentration, all students in the Program must also successfully complete three special interdisciplinary honors colloquia (see further on) and maintain a cumulative grade point average of 3.5 or better until their final certification into the Program. Certification usually occurs in the student's junior year, when the Council, ruling on each case individually, decides that the student's continuing academic distinction, commitment to interdisciplinary work, and promise of future productivity warrant permanent membership in the Thomas Hunter Honors Program.

Thomas Hunter Honors Program students meet regularly in 200-level and 300-level colloquia, led by members of the Council on Honors and by other invited members of the faculty. Students take a minimum of three colloquia, one of which must be at the 200-level, and one of which must be at the 300-level. While the specific content of these courses varies from semester to semester, the underlying principles remain the same.

The 200-level colloquium is taught by one professor, often a member of the Council on Honors, who studies a specific theme using the materials and methodologies of at least two disciplines. Students may take more than one of these colloquia if they so desire, but at least one must be taken during their first year in the Program. The 300-level honors colloquia are special seminars, usually conducted by two professors, devoted to topics lending themselves to broad interdisciplinary investigation. One of the required three colloquia must be a 300-level.

The colloquia offer breadth of exposure, but, even more importantly, they seek to demonstrate how knowledge gained from a variety of disciplines can be related and integrated in an effort to understand complex processes and phenomena. In all colloquia, students write at least one major paper, in which they apply the methodology of the course to material of particular interest to them.

Upon completion of 90 credits, Thomas Hunter Honors students may also be admitted by the Council to Advanced Interdisciplinary Studies, with the opportunity of engaging in advanced independent study under the Council's supervision. A thesis or other appropriate report of the results of the student's research is presented to the Council.

**Urban Policy and Planning**

**About the Department**

Hunter College Urban Policy and Planning (UAP) is a department within the School of Arts & Sciences at Hunter College. The department is home to the undergraduate Urban Studies major which prepares students for graduate study and careers in public service. UAP offers two graduate degrees, an accredited Master in Urban Planning and a Master of Science in Urban Policy and Leadership.

Since its creation by advocacy planner Paul Davidoff in 1965, the department has consistently upheld a vision of urban affairs and planning as a multi-disciplinary field. In keeping with this vision, the department's faculty members represent a wide range of disciplines including architecture, economics, political science, public policy, social work, urban planning, and public health. They collectively bring a wealth of academic and professional expertise to their teaching. The program also benefits greatly from a distinguished part-time faculty who bring practical experience and knowledge in both public and non-profit sectors into the classroom.

**Urban Studies Major**

If you are fascinated with city life or have wondered why America is car dependent, New York housing is expensive, the number 6 train is always late and crowded, or how you can make your neighborhood better, then urban studies is the right choice as a major. Urban studies takes students on an amazing path of discovery of urban life, providing
answers about how cities function economically, socially, and politically. Going beyond the walls of Hunter, the curriculum also provides field-work experiences: an internship and studio class, which take students into neighborhoods to test what is learned in the classroom.

Preparation for Graduate Training and Employment

Individuals with a bachelor's degree in urban studies have found work at real estate development firms, community non-profits, local government or social service agencies. Many urban studies majors go to graduate school, most often in urban planning. Others have pursued advanced degrees in law, social work, and public administration. The range of graduate school choice reflects the flexibility of the urban studies curriculum and its focus on a myriad of issues from a variety of perspectives. Urban studies graduates have completed Master's degrees at Harvard, Cornell, MIT, Rutgers, and other prestigious universities across the country.

Public Service Scholars

The Public Service Scholar Program seeks to improve our cities and the lives of people by preparing talented students particularly women, minorities and immigrants for public service careers through internships with elected officials, government, and nonprofit organizations. The program runs for a full academic year and combines internship placements in the offices of senior officials and administrators with intensive seminars on public policy issues, social change, government and nonprofit organizations. The program is open to any Hunter College student, regardless of major, who has a minimum 3.0 GPA and who is within 45 credits of graduation at the beginning of the program in the fall semester. Admission of up to 24 students is competitive. Applications are accepted starting in November with a deadline of March 15th. Students accepted as Public Service Scholars receive 12 academic credits and a $6,000 stipend. Because women, minorities and immigrants have been traditionally underrepresented in public policy making and leadership positions, special efforts are taken to encourage them to apply for the program. Interested students should contact the Public Service Scholar Program, Room 1643 Hunter West, (212) 772-5599 or email ewalsh@hunter.cuny.edu.

Urban Studies - BA

Hunter Core Requirement

Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

Major (30 credits)

Urban studies majors must complete 30 credits of courses that provide a rigorous background that will make students competitive job seekers or graduate school applicants. The core includes an introductory course as well as classes about the city's physical structure, public policies and research methods, both qualitative and quantitative. The urban studies core provides a foundation for more advanced courses. In addition to the core and advanced courses, the major requires an internship, elective courses, and interdisciplinary set of classes from several social science disciplines, e.g., political science, history, and economics.

A. Urban Studies Core 15 cr

URBS 10100 - Urban Life: Personal and Observational View (W)

Hunter Core
Individual & Society - Social Science I&S SS
GER
2/B

Introduction to urban studies allowing students to translate personal knowledge and experience of New York City to more theoretical understanding of urbanism. Includes four projects dealing with mapping, immigration, census data analysis, and local development issues.
3 hrs
3 cr.

URBS 10200 - Structure of Urban Region (W)

Hunter Core
Individual and Society Social Science (I&S SS)
GER
2/B
Introduction to forces shaping institutions and life of contemporary American urban regions. Focus on evolving metropolitan economic, social, demographic, spatial, and political systems, and their relevance to current policy.

**prereq:** URBS 10100 or relevant intro course (e.g., ECO 10000 or 20100-20200; GEOG 10100, PLSC 11100, SOC 10100) or perm instr.

3 hrs

3 cr.

**URBS 20100 - Urban Plans and Policies**

**GER**

2/B

Includes the study of the policy making process, major plans/policies (e.g. War on Poverty, urban renewal, neighborhood rezoning), “politics/power,” the role of non-profits in urban planning and policy making.

**prereq:** URBS 10200 or 6 cr. intro social science courses or perm instr.

3 hrs

3 cr.

**URBS 31000 - Methods of Urban Research and Policy Analysis**

**GER**

3/B

Survey of research skills necessary for analysis of contemporary urban issues. Includes review of data sources, methods of forecasting, use of computer, and methods of information presentation.

**prereq:** URBS 10200 or perm instr.

3 hrs

3 cr.

**URBS 31100 - Quantitative Approaches to Urban Analysis**

**GER**

3/B

A survey of quantitative methods used to analyze urban policy and plans. Students are taught about demography, data analysis, and benefits cost analysis.

**prereq:** Open only urban studies majors who have completed the URBS 10100/10200 sequence or perm instr.

3 hrs

3 cr.

**B. Urban Studies Electives 6 cr**

Any two (2) 400-level courses in Urban Studies may fulfill this requirement

**Examples:**
URBS 40100 - Managing Urban Physical Environment

GER
3/B

Advanced study of the physical structure of cities which includes an analysis of zoning, land use, transportation, and the location of housing. The role of public and private agencies at local, state, and national levels in the planning and management of the physical environment is also considered.

prereq: URBS 20100 or perm instr.
3 hrs
3 cr.

URBS 40200 - Urban Studies Studio

GER
3/B

This course is structured as a site-based research project where the classroom will extend into the city to actual project. In particular, students will work to understand the structural elements of development as it is taking place in one location, for example, the Hudson Yards on the Far West side of Manhattan. A goal is to see how theory holds up to reality; how ideas are linked to practice.

prereq: URBS 20100 or perm instr.
3 hrs
3 cr.

URBS 40300 - Selected Topics in Urban Affairs

GER
3/B

Intensive examination or investigation of specialized topics or new developments in literature and research.
3 hrs
3 cr.

C. Fieldwork Component 3 cr

URBS 40900 - Urban Studies Internship

GER
3/B

Students gain first-hand experience by working in urban-related public, private, or non-profit agencies. The internships provide knowledge about urban planning or policy issues.

Open only to declared urban studies majors within 45 credits of graduation.
3 hrs
3 cr.

D. Basic Social Science Component 6 cr
Select two from:

**AFPRL 38400 - Poverty in Society (W)**

**GER**
3/B

Causes and effects of deprivation, with emphasis on policy and program approaches for African Americans and Puerto Ricans/Latinos.

*prereq: successful completion of any 2 AFPRL courses*

3 hrs
3 cr.

**AFPRL 42000 - The Black Church and Social Change**

**GER**
3/B

In-depth study of the sociopolitical role of Black church in political struggle of Black people with special emphasis on America.

*prereq: AFPRL 20300 or 20400 or 20500 or perm instr.*

3 hrs
3 cr.

**ECO 33000 - Economic Development**

**Pluralism and Diversity**

**PD/A**

**GER**
3/B

Critical variables explaining the diversity of growth and economic and development outcomes across developing countries. Theories, case studies, measurement and policies.

*prereq: ECO 20000*

3 hrs
3 cr.

**GEOG 22700 - Environmental Conservation: Urban Problems**

**GER**
3/B

Covers topics related to environmental problems and their connection to urban areas. The course will begin with a survey of urban systems (transport, water, food, waste and energy) followed by investigating how these systems contribute to environmental problems and their solutions. This investigation will also include a discussion about the connections between rural and urban areas and urban planning that attempts to minimize environmental hazards.

3 hrs
3 cr.

**GEOG 24300 - Urban Geography**
Open to Jr/Sr only. Spatial analysis of functions of metropolitan areas. Social and economic characteristics of cities and suburbs. Land use and transportation patterns.

*prereq: GEOG 10100 or GEOG 15000 or perm instr, Jr/Sr only*

3 hrs

3 cr.

**GEOG 35700 - Geography of New York City and Vicinity**

Informed immersion in NYC is the main objective of this course. Students will learn by exploration and observation more than by media. The city is the laboratory to complement readings, lectures and discussion. Students will emerge from this class with an enhanced appreciation of the entire city. Study assignments include keeping a journal of walking assignments as well as readings. Field work will focus on the five boroughs of New York City. (Students with difficulties in walking or using public transportation or who have phobias regarding unfamiliar neighborhoods should consider this before registering.)

Open to Jr/Sr only.

*prereq: GEOG 10100*

3 hrs

3 cr.

*Offered fall.*

**HIST 31700 - History of the American City**

**Pluralism and Diversity**

PD/D

**GER**

3/B

History of the American city from the Colonial era to the present; development of the city as physical environment, social experience, political entity and cultural symbol.

Courses at the 300-level and above not offered to freshmen.

3 hrs

3 cr.

**POLSC 21200 - Urban Politics (W)**

**GER**

3/B

Politics in New York City and other urban areas. Decentralization, suburbanization, race, ethnicity, reform.

*prereq: ENGL 12000 or its equivalent*

3 hrs

3 cr.

**SOC 21100 - Urban Sociology**
GER 3/B

The relationships of space and society, with special attention to the nature and problems of urban life.

prereq: SOC 10100

3 hrs

3 cr.

SOC 21700 - Race and Ethnicity

Pluralism and Diversity

PD/B GER 3/B

Dominant-subordinate relations among selected groups: Asians, Blacks, Hispanics, Jews, Indians, White ethnics.

prereq: SOC 10100

3 hrs

3 cr.

SOC 21800 - Social Inequality

GER 3/B

Examination of social inequality in contemporary society from various empirical and theoretical perspectives focusing on class, ethnic, gender, and other determinants of stratification.

prereq: SOC 10100

3 hrs

3 cr.

SOC 23500 - Community Organization and Action

GER 3/B

Evaluation of specific local and national action programs.

prereq: SOC 10100

3 hrs

3 cr.

URBS 40100 - Managing Urban Physical Environment

GER 3/B

Advanced study of the physical structure of cities which includes an analysis of zoning, land use, transportation, and the location of housing. The role of public and private agencies at local, state, and national levels in the planning and management of the physical environment is also considered.

prereq: URBS 20100 or perm instr.
This course is structured as a site-based research project where the classroom will extend into the city to actual project. In particular, students will work to understand the structural elements of development as it is taking place in one location, for example, the Hudson Yards on the Far West side of Manhattan. A goal is to see how theory holds up to reality; how ideas are linked to practice.

**prereq:** URBS 20100 or perm instr.

**URBS 40300 - Selected Topics in Urban Affairs**

**GER**

3/B

Intensive examination or investigation of specialized topics or new developments in literature and research.

**Additional Information**

*Students should consult with a program advisor to choose 6 credits (2 courses) of upper-level social science classes appropriate to students' interest. This component can also be met by another 300- or 400-level urban-related course, if approved by the undergraduate advisor.*

**Departmental Honors: Eligibility Criteria**

Overall GPA: 3.2 and above

Major GPA: 3.5 and above

**Graduate Courses**

The following graduate courses are open to senior urban studies majors. Other graduate-level courses may be taken by seniors with permission of the instructor:

URBP 70100 History and Theory of Urban Planning

URBG 70200 Structure of the Urban Region

In addition to these two courses, there are cross-listed classes, offered each semester, that are open to undergraduate students.

**Women and Gender Studies**
About the Department

The department of Women and Gender Studies focuses on the critical examination of gender, class, race, dis/ability, sexuality, and nationality as intersecting dynamics of social and identity formation. Our mission is to:

- Educate students about the principles, theories, and concrete applications of these critical analyses.
- Encourage students to examine the complex ways in which the social formations of sexuality, gender, race, class, national origin, dis/ability, and sexual orientation shape human experience and produce structures of power and inequality.
- Re-examine in curriculum and scholarship the historical record to make visible the experiences and contributions of disenfranchised groups across historical and social locations.
- Connect academic work with social and political realities outside the university; enhance students’ understanding of and resistance to structures of inequalities; and link research, teaching/learning, and activism.

Through its broad interdisciplinary research and curriculum, the department of Women and Gender Studies promotes transformative practices in research, creative work, pedagogies, and local/global partnerships. Our faculty is an interdisciplinary group of scholars whose research, teaching and advocacy work focuses on the relationships between these forces, drawing from women, gender, and feminist studies; ethnic and critical race studies; LGBT and queer studies; disabilities studies; as well as the study of nationalism and class.

Minor in Women and Gender Studies

The Minor in Women and Gender Studies requires students to take 12 credits: *Introduction to Gender and Sexuality Studies* (WGS 10000), *Classics in Feminist Thought* (WGS 20100), *Transnational Feminisms* (WGS 24400) and one elective course from one of the six areas of concentration.

WGS 10000 - Introduction to Gender and Sexuality Studies, must be completed before WGS 20100 - Classics in Feminist Thought (W) and WGS 24400 - Transnational Feminisms.

Women and Gender Studies - BA

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

ENGL 12000 - Expository Writing

Hunter Core

English Comp (EC)

GER

1/A

Required of all students unless exempt This course trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.

*prereq: successful completion of developmental courses, if required*

3 hrs + conf

Hunter Core Requirement Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

Major

The Women and Gender Studies Program offers a 27-credit major. The 27 required credits are distributed as follows:

Core 12 cr
WGS 10000 - Introduction to Gender and Sexuality Studies

Hunter Core
Individual and Society (I&S)
Pluralism and Diversity
PD/C
GER
2/B

The course will introduce students to the political and theoretical debates in the discipline of gender and sexuality. We will cover historical struggles for the women's enfranchisement, the abolitionist movements, sex wars, and the queer rights movement. The course introduces students to feminist contribution to the debate that considers sex as biology and gender as culture, critical race theory, and queer theory. In addition the course will also deal with structural and institutional forms of disenfranchisement by examining the relationship between gender and the state, colonialism, law and capital.

3 hrs
3 cr.

WGS 20100 - Classics in Feminist Thought (W)

Pluralism and Diversity
PD/C
GER
3/A or B

The course covers the historical debates within the ‘women’s movement’ in the United States by examining some of the ‘classical’ texts by Mary Wollstonecraft, John Adams, and Sojourner Truth. The course also covers the political and intellectual contribution by women of color to the discipline by reading Gloria Anzuldua, bell hooks, Audre Lorde, Patricia Williams, Kimberley Crenshaw among others. ‘Foundational’ texts by Gayle Rubin, Judith Butler, and Adrienne Rich offer a deeper understanding of queer theory’s influence to the discipline. Even as the course reads ‘classic’ texts of the discipline, we will critically examine the formation of a cannon.

prereq: WGS 10000, ENGL 12000 or equiv.
3 hrs
3 cr.

WGS 24400 - Transnational Feminisms

Pluralism and Diversity
PD/C
GER
3/A or B

Exploring the gender dynamics of racial, ethnic, and economic relations of power in domestic, international, and transnational settings. We will examine feminist scholarship produced by and about American women of color, Third World women, and other social and political actors whose experiences and thinking have shaped contemporary ideas about gender in different parts of the world.

prereq: WGS 10000, ENGL 12000
3 hrs
3 cr.
WGS 31000 - Research Seminar: Feminist Theory and Methodology

Open to Jr/Sr only. Study of the theoretical models that feminist scholars create to guide their work and application of feminist methodology to a research project. To graduate with honors in Women's Studies, majors must enroll in this seminar.

Note: Students may take WGS 31000 or 32000 to satisfy the Senior Seminar requirement in the major; students may also opt to take both courses. Since both classes are not taught every semester, students are urged to consult the program director in advance to plan their senior seminar.

prereq: WGS 10000, 20100, at least one other WGS course at 200-level or higher
3 hrs
3 cr.
spring semester

Area of Concentration - 9 Credits

Students will choose one from among the 6 areas of concentration listed as follows:

Area of Concentration 1: Feminist Thought and Theory (WGST)
Area of Concentration 2: Sexualities (WGSS)
Area of Concentration 3: Gender & Public Policy (WGSP)
Area of Concentration 4: Labor, Migration and Globalization (WGSL)
Area of Concentration 5: Women and Gender across Cultures (WGSC)
Area of Concentration 6: Gender, Literature and the Arts (WGSA)

Electives - 6 credits

Students will be required to take two elective classes (6 credits). One (3 credits) of the two elective classes MUST be in a different Area of Concentration than their primary one. At least one of the classes in your Area of Concentration or an elective must be 300 level or above.

Minor in Women and Gender Studies - 12 credits

The Minor in Women and Gender Studies requires students to take 12 credits: Introduction to Gender and Sexuality Studies (WGS 10000), Classics in Feminist Thought (WGS 20100), Transnational Feminisms (WGS 24400) and one elective course from one of the six areas of concentration.

WGS 10000 - Introduction to Gender and Sexuality Studies, must be completed before WGS 20100 - Classics in Feminist Thought (W) and WGS 24400 - Transnational Feminisms.

Research Seminar

Majors may satisfy the Senior Seminar requirement of the major by enrolling in the Research Seminar (WGS 31000). This course serves as a capstone course in which WGS majors apply feminist theory and methodology to develop an original research project resulting in a substantial paper.
Honors

In order to graduate with honors in Women and Gender Studies, a student must have a 3.5 GPA in the Women and Gender Studies major and a college-wide cumulative index of at least 3.0. Students should submit a 18-20 page paper written for any Women and Gender Studies 300 level class including but not limited to the Research Seminar (WGS 31000). The student must submit the paper by March 30 (for June graduation) and October 30 (for December graduation) to be considered for program honors. A faculty committee will read submitted papers and determine whether they merit honors.

Section XII: School of Education

The School of Education

School of Education programs at Hunter College prepare prospective teachers to serve as highly effective educators, and provide opportunities to work with children of diverse backgrounds, abilities, and interests within an array of educational settings in New York State.

A student who completes an undergraduate School of Education program fulfills the academic requirements for New York State Initial Certification. All students in an education major or minor at Hunter must also fulfill both the Hunter Core requirement and the requirements for a liberal arts or sciences major.

The School of Education is committed to the development of teacher candidates that will be both educators and lifelong students. Teacher preparation that focuses on the unique challenges of working in NYC public school classrooms is at the core of Hunter College's educational mission, and the School of Education is a place for aspiring teachers to learn their craft and contribute to the future through the classroom.

School of Education students are held to the highest professional and academic standards, and will be expected to:

- Learn deep and broad content knowledge across academic disciplines.
- Develop professional knowledge and academic skills.
- Learn the theory and practice of effective pedagogy.
- Understand the history, philosophy, psychology, and sociology of education that will inform their teaching.

The School of Education also believes in preparing teacher candidates to work with a diverse student population in the modern classroom, and recognizes that learning takes place inside social and community networks that support student learning. Thus, our programs also provide teacher candidates with knowledge on how to:

- Manage their educational setting to provide effective instruction for all students.
- Design lessons and units of work for students and to adapt their instruction to students' prior knowledge and level of skill.
- Use research-based theories and methods of teaching students with special needs, including special education students and English language learners.
- Learn to create humane and ethical learning communities in which all students receive the support they need to achieve academically.
- Learn to communicate effectively with parents, families, community members, and other members of the school faculty and staff in order to provide this support.
- Master the use of technology as a tool for teaching.

Finally, becoming a Hunter College teacher candidate requires dedication to the continuous improvement of one's professional abilities. Our programs, therefore, ensure teacher candidates know how to:

- Reflect on teaching practice in order to strengthen work with students and grow as professionals.
• Gain expertise in analyzing and using assessments of student achievement to guide and inform instruction.

Section XIV: School of Urban Public Health

School of Urban Public Health

About the School of Urban Public Health

Hunter College's School of Urban Public Health educates students to contribute to improving urban health by addressing problems such as HIV, substance abuse, asthma, obesity, under-nutrition, violence, heart disease, and cancer. The school offers undergraduate programs in community health and in nutrition.

Hunter's School of Urban Public Health shares an eight-story, 147,000-square-foot green building on Third Avenue between East 118th and 119th Streets with the Silberman School of Social Work at Hunter College. Faculty, staff and
students from both schools work closely with community organizations and health and social service agencies in East Harlem to strengthen existing and create new approaches to improving the well-being of East Harlem and other low-income communities.

Section XV: Silberman School of Social Work

The Hunter College School of Social Work, founded in 1956, is the largest and oldest public graduate school of social work in New York City. The School's mission is to promote excellence in social work practice by preparing
knowledgeable, ethical, and highly competent social work leaders for a variety of professional roles and settings. Our pedagogy, scholarship, and service reflect social work's historic commitment to human rights, cultural complexity, and social and economic justice. Commensurate with the missions of our host institutions, the School promotes community-engaged and practice-based scholarship that pursues policy and practice solutions to real world problems, thereby reinforcing the strengths of people and the communities in which they live, in New York and other major urban areas.

Appendix I: Hunter Core Requirement

The Hunter Core Requirement
(Effective Fall 2013)

(note: if you are a current Hunter student who started before fall 2013, see www.hunter.cuny.edu/academics/hunter-core-requirement for information concerning whether to "opt in" to the Hunter Core or continue with Hunter's Appendix III: General Education Requirements - GER)

INTRODUCTION

All students who matriculate at Hunter College must fulfill the Hunter Core Requirement (Hunter Core, HCR). This is a set of courses Hunter College considers essential to the intellectual development of its undergraduates. The Hunter Core requirements and expectations are meant to support the professional and personal development of Hunter students, prepare them for advanced study, and enable them to become active participants in the world of ideas.

The Hunter Core provides students with opportunities to sharpen their essential academic skills in writing, mathematics, scientific reasoning, and critical thinking. The Hunter Core also introduces students to a spectrum of distinctive perspectives with which various academic disciplines view our world, its past, and its future.

The Hunter Core is distinguished by its emphasis on foreign language study and its encouragement of concentrated student achievement in a subject outside the student's first major. Hunter encourages all students to take an active role in planning their education, and to pursue and develop subjects of interest beyond what is required for their major.

HUNTER CORE

The Hunter Core includes

1. The CUNY Common Core, comprising 30 credits;

2. The Hunter Focus comprising 12 credits.

CUNY Common Core (CCCR, 30 credits)
CUNY Common Core Requirement consists of designated courses in:

A. English Composition (6 credits=2 courses)* EC
   1. English Composition 1 - ENGL 12000 (3 credits)
   2. English Composition 2 - (3 credits)
      CUNY Common Core English Composition (EC) 2 courses

B. Math and Quantitative Reasoning MQR (3 credits) **
   CUNY Common Core Math/Quantitative Reasoning (MQR) 1 Course

C. Life and Physical Sciences (3 credits) LPS **
   CUNY Common Core Life and Physical Sciences (LPS) 1 Course

D. Scientific World SW (3 credits) **
   CUNY Common Core Scientific World (SW) 1 Course

E. Creative Expression (3 credits)
   CUNY Common Core Creative Expression (CE) 1 Course

F. U.S. Experience in its Diversity (3 credits)
   CUNY Common Core US Experience in its Diversity (USED) 1 Course

G. World Cultures and Global Issues (3 credits)
   CUNY Common Core World Cultures & Global Issues (WCGI) 1 Course

H. Individual & Society (6 credits - one course from each)
   CUNY Common Core Individual and Society (Humanities) I&S H 1 Course
   CUNY Common Core Individual and Society (Social Sciences) I&S SS 1 Course

Note: Students may take no more than two courses from one department or program to fulfill categories a.2 (English Composition 2) through h.
See: CUNY Common Core by Department

*Students who receive an "exemption" for ENGL 12000 or for a course in English Comp 2 are deemed to have fulfilled English Composition 1 or 2, respectively.

**There are some courses in these categories that carry more than 3 credits (the "STEM variant" courses). Students who elect to take these courses may apply only three credits towards fulfilling the CUNY Common Core Requirement. — These courses, labeled STEM, may be found in three areas of the Common Core: CUNY Common Core Life and Physical Sciences (LPS) 1 Course, CUNY Common Core Math/Quantitative Reasoning (MQR) 1 Course, and CUNY Common Core Scientific World (SW) 1 Course. A particular STEM variant course may appear in more than one area of the Common Core. When this occurs, students may choose which area of the Common Core they want the course to fulfill. STEM variant courses may be more than three credits. In such cases, three credits will apply to fulfilling the Common Core; all of the course's credits will apply to the major.

Satisfying World Cultures and Global Issues: Students entering Hunter as freshmen will take an introductory language course for their World Cultures requirement. Exception: Students who do not need an introductory language course must take another course from the World Cultures category. Check your language status prior to registering for these courses.

The Hunter Focus

Beyond the CUNY Common Core, Hunter requires students to complete 12 credits for the Hunter Focus. These credits are part of the CUNY College Option – an additional set of requirements in the baccalaureate programs that encourage students to delve more deeply in the specialties of the colleges. The Hunter focus emphasizes foreign language and concentrated study – two areas of study that highlight Hunter’s current and historic focus on the liberal arts.
Hunter students are expected to attain fourth-semester proficiency in a foreign language, regardless of where the learning took place. After this goal has been met, students should begin concentrated study in an area outside of their first major. The composition of the Hunter Focus will vary depending on students’ language proficiency at the time of matriculation. Students who have to take a beginning language course but have already fulfilled their World Cultures requirement with a different class may apply all 12 language credits to the Hunter Focus. Students in the Hunter College School of Nursing may fulfill their entire 12 credits of Hunter Focus by taking three "STEM variant" science courses in addition to the STEM courses used to fulfill the CUNY Common Core.

**Hunter Focus in Foreign Language.** The goal of the foreign language competency requirement is to help students attain cross-cultural knowledge and communicate in a language other than English. In studying foreign languages, their literatures and cultures, students acquire new perspectives on how people think, view the world, express themselves, and communicate with one another. Language study sensitizes students to the differences between their own culture and that of others, an important factor in an interconnected and interdependent world. Appendix II: Foreign Language Requirement

Students are required to complete up to 12 credits in a foreign language depending upon the student's language knowledge at the time of matriculation and a student's matriculation status. (See Considerations for Transfer Students below.) Students may apply only one course at each level (Elementary levels 1 and 2, Intermediate levels 3 and 4) toward the CUNY College Option. Intensive courses can be used to satisfy two levels.

It is strongly recommended that students complete their foreign language study as early as possible so they can benefit from it in their college career. Foreign Language courses should be taken in consecutive semesters because gaps in language study are undesirable.

**Hunter Focus: Concentrated Study.** This requirement encourages students to begin concentrated study outside of their major. Students who have gained fourth semester language proficiency should make progress toward a minor, second major, or certificate (they will not complete such a program within Concentrated Study, but take first steps towards it). The number of credit hours that must be completed in the Concentrated Study requirement depends on a student's entry status and achievements prior to entering Hunter and ranges from 0 to 12. (See Considerations for Transfer Students below.) It is necessary for a student to indicate a minor, second major or certificate program. Credit for Concentrated Study is granted only for courses completed within that same declared course of study.

**CONCURRENT COURSE REQUIREMENTS**

Hunter College requires students to take some courses that are writing intensive and some that deal with issues of Pluralism and Diversity. These courses can be part of the Hunter Core Requirement (HCR) or any major or minor requirements, or electives.

**List of Approved Courses for the Writing Requirement**

**Courses for Pluralism and Diversity.** This group of courses addresses topics that help students broaden their horizons and gain new perspectives. The Pluralism and Diversity courses are grouped into four categories (A, B, C and D) that focus on scholarship about major practical or theoretical issues that emerge from, are reflected in, or are principally derived from the historical conditions, perspectives, and/or intellectual traditions of:

A. Non-European societies, particularly those of Africa, Asia, Latin America, or those indigenous to the Americas

B. One or more of the following groups in the US: African Americans, Asian Americans, Latino Americans, and Native Americans,

C. Women and/or issues of gender or sexual orientation,

D. Europe, including ways in which pluralism and diversity have been addressed.

List of Approved Courses for the Pluralism and Diversity Requirement
CONSIDERATIONS FOR TRANSFER STUDENTS

2nd Degree Students. Students who have earned a baccalaureate degree from an accredited institution are exempt from the Hunter Core Requirement and all concurrent requirements.

CUNY Common Core. All CUNY transfer students retain completion of the CUNY Common Core requirements when transferring to Hunter College. Transfer students who have earned an AA/AS degree from an accredited institution and who matriculate in fall 2013 and after will have fulfilled the CUNY Common Core requirements by obtaining the AA/AS degree.

Hunter Focus

All transfer students, including CUNY transfers, must complete the Hunter Focus. The number of credits required to complete the Hunter Focus varies with the number of credits transferred as indicated below:

- 12 credits of Hunter Focus for fewer than 30 credits transferred
- 9 credits of Hunter Focus for 30 or more credits transferred without an AA/AS degree*
- 6 credits of Hunter Focus for students with an AA/AS degree

*A transfer student who first matriculates in a baccalaureate program must complete 12 credits of Hunter Focus. The student can apply any "College Option" credits completed at a CUNY senior college toward the Hunter Focus.

Foreign Language. Hunter encourages all students to reach fourth-semester proficiency in a foreign language. If transfer students have not fulfilled the fourth-semester proficiency requirement, then students must apply the foreign language requirement towards the Hunter Focus.

Concentrated Study. Hunter encourages all students to delve deeply into another area in addition to their major by completing a minor, a second major, or a certificate program. Transfer students who have fulfilled the foreign language requirement should apply Hunter Focus courses towards a minor, second major or certificate program.

Writing Intensive. All students must take at least one course with a "W" designation from Hunter College. The number of "W" designated courses required are:

- 3 for students who transfer fewer than 31 credits
- 2 for students who transfer between 31-59 credits
- 1 for students who transfer 60 or more credits

Pluralism and Diversity. Transfer students must take courses in Pluralism and Diversity according to the schedule below:

- 4 courses for students who transfer fewer than 31 credits – one from each Group (A, B, C, and D).
- 2 courses for students who transfer 31 or more credits. These two courses must come from Groups A, B, or C and the two courses cannot come from the same Group.

Appendix II: Foreign Language Requirement

Return to Appendix I: Hunter Core Requirement

List of Courses for the Hunter Focus in Foreign Language

Hunter College currently offers the following programs to meet the foreign language requirement:
Course of Study:

All students must demonstrate foreign language proficiency at the 12-credit level or its equivalent. In each language a required course sequence (12 credits) is offered: Elementary I and II (2 three-credit courses or 1 six-credit intensive course) and Intermediate I and II (2 three-credit courses or 1 six-credit intensive course). The Elementary three-credit courses are usually numbered 10100 and 10200 and the Intermediate three-credit courses are usually 20100 and 20200 (except that the Spanish for Native Speakers sequence is SPAN 10500, 10600, 20700, and 20800; intermediate Greek is GRK 11000 and GRK 20200 or 20300; intermediate Latin is LAT 11000 and LAT 20100, 20200, 20300, or 20400). The intensive six-credit courses are usually numbered 10300 and 20300 (except for: GRK 10700; and LAT 10700). Intensive courses are not offered in all languages. Students may earn credit for the first semester foreign language course (level 10100) without completing the second course, only once.

Partial Exemption: Students may be exempted from one or more classes towards the requirement of 4th-semester proficiency by virtue of taking an appropriate placement exam. Students who wish to continue studying a language they have previously learned elsewhere (in high school, while abroad, at home, etc.) must first take a placement exam with the appropriate foreign language department. The results of the placement may exempt students from having to take courses below the level at which they are placed.

Complete Exemption: Students may be exempted from having to take any classes towards the requirement of 4th-semester proficiency by virtue of:

1. Successful completion of high school courses. Students who have successfully completed 4 years of one foreign language in high school should apply for an exemption with the Coordinator of Academic Appeals; an official high school transcript is required. Students who have passed a language Advanced Placement Test of the College Board with a grade of 5, 4, or 3 should contact the Office of Admissions.

2. Passing at least one advanced college foreign language or literature course that has a 4th-semester level prerequisite in that language.

3. Competency demonstrated through a Hunter-approved proficiency examination. To arrange for an examination contact the appropriate department office; if the language in question is not taught at Hunter College contact the dean of the School of Arts & Sciences.

4. Presentation of foreign secondary school documentation. Students who have graduated from a high school outside the United States in which the language of instruction was other than English may be exempted from the foreign language requirement upon presentation of a high school or secondary (equivalent) transcript and/or diploma.

5. Presentation of foreign university documentation. Students who present appropriate evidence that they have completed one or more semesters of full-time study at a college or university outside of the United States in which the language of instruction was other than English may be exempted from the foreign language requirement. Native speakers of English who participated in a study-abroad program or a program specifically designed for foreigners may be exempted from the foreign language requirement if they provide sufficient evidence of their proficiency in the foreign language.

Note: an exemption from a language requirement does not yield any credit unless the exemption is based on successful completion of college courses

Students entering Hunter College as freshmen will take an introductory language course for their World Cultures and Global Issues requirement. Remaining courses needed to attain fourth semester proficiency will be taken as part of the
Hunter Focus. After this goal has been met, students should begin concentrated study in an area outside their first major.

Appendix III: General Education Requirements

Introduction

All undergraduate students who matriculated at Hunter College in fall 2001 through spring 2013 were required to fulfill the General Education Requirement (GER), a set of competencies, knowledge areas and perspectives that Hunter College considers essential to the intellectual development of its undergraduates. For students matriculating at Hunter College in fall of 2013 or later, the Appendix I: Hunter Core Requirement replaces the GER. Current Hunter students who started before fall 2013 can "opt in" to the Hunter Core or continue with the GER. See www.hunter.cuny.edu/academics/hunter-core-requirement for further information specific to your status.

The General Education Requirement is composed of the Core Requirement, consisting of designated courses at various academic levels and three graduation requirements: the Writing Requirement, the Foreign Language Requirement and the Pluralism and Diversity Requirement. Transfer students who have earned an AA/AS degree from a CUNY college and who matriculated in fall 2003 and after are exempt from the Core requirements of the GER, but must fulfill the three graduation requirements of Writing, Pluralism and Diversity and Foreign Language. Transfer students who have earned an AA/AS degree from a CUNY college and who matriculated between fall 2001 and summer 2003 are exempt from the Core Requirement and the Writing Requirement. Evaluated transfer credits sometimes can be used to fulfill the GER requirements. All transfer students should carefully check their evaluated courses against the GER. Students transferring from a CUNY school without an AA or AS degree should seek an adviser to help determine which courses they may use to satisfy Core requirements. For overlaps and restrictions on these different requirements and their relation to major and minor requirements, see the section below on Regulations for Core Requirement.

Summary

The Core Requirement, composed of designated courses, is divided into three sequential Stages: 1-Academic Foundations; 2-Broad Exposure; and 3-Focused Exposure.

Stage 1 – Academic Foundations (Students should complete this stage within their first 30 credits.) The Academic Foundations Stage includes courses in mathematics, composition and history that provide students with the analytic, interpretive, communication and historical competencies and perspectives critical to academic success.

Stage 2 – Broad Exposure (Students should complete this stage within their first 45 credits.) The Broad Exposure Stage continues with courses in the social sciences, humanities, arts and natural sciences to introduce students to a broad range of disciplinary perspectives and areas of knowledge.

Stage 3 – Focused Exposure (Students should complete this stage within their first 60 credits.) This Stage requires students to select advanced courses outside their major (students with more than one major should see the Regulations for Core Requirement, below).

The Focused Exposure Stage includes courses in areas that the student has selected to study in greater depth, in the expectation that more advanced students should do more analysis and research.

Graduation Requirements:

Comprise the Writing Requirement, the Foreign Language Requirement and the Pluralism and Diversity Requirement.
1. **Writing Requirement** The Writing Requirement ensures that all students have significant writing experiences. It is recommended that students fulfill the Writing Requirement early in their academic career in order to prepare effectively for advanced coursework. Courses that can be taken to fulfill the Writing Requirement carry the designation "W" in this catalog. The maximum number of writing intensive, W-designated courses a student must take is 3 (see the section below on Writing Requirement). All W courses must be taken at Hunter. The W-designated courses (or specific sections thereof) are indicated in the Schedule of Classes each semester.

*Note: Not all sections of a course are necessarily offered with significant writing. To satisfy the Writing Requirement a section designated as W in the "Schedule of Classes" must be taken.*

2. **Foreign Language Requirement** The goal of this requirement is to provide facility in a language other than English and to enable students to access non-English literatures. In learning a foreign language and studying its literature and cultures, students acquire new perspectives on how people think, view the world, express themselves and communicate with one another. Language learning expands one's ability to create and discover new meaning in one's own language and culture. An awareness of contrasting cultural concepts sensitizes students to the differences between their own culture and others — increasingly important, as the communities of the world have become so interconnected and interdependent. This is a graduation requirement. The requirement of four semesters of language courses or an equivalent combination of college and high school courses is fulfilled only if all four semesters are completed in the same language.

All BA, BFA and BMus students must fulfill a graduation requirement of intermediate (fourth semester) foreign language proficiency. It is recommended that students begin the first two semesters of foreign language proficiency within their first 30 credits at Hunter. Although intermediate foreign language proficiency is required only by the time a student graduates, gaps in language instruction are very undesirable and it is strongly recommended that students complete all their foreign language requirements in consecutive semesters. Students in BS programs should check the requirements for their specific program. Students who change from a BS to a BA program must meet the foreign language requirement for the BA degree.

3. **Pluralism and Diversity Requirement** This requirement is composed of designated courses in four groups (A, B, C, D). A course can satisfy only one of these four groups, though it may also satisfy a requirement in the Core and in the minor and major.

The General Education Requirement is composed of a Core Requirement and Graduation Requirements in: Writing, Foreign Language, and Pluralism & Diversity. Any number of courses from a major or minor may be used to satisfy the Pluralism and Diversity Requirement and the Writing Requirement.

*Note: The list of courses satisfying the requirements is often updated. For the most recent list, please check the Registrar's Web site at: http://registrar.hunter.cuny.edu*

**Regulations for Core Requirement:**

1. A course may be used to satisfy only one Core Requirement.

2. No more than two courses per department or program may be applied to satisfy Core requirements. Exceptions to this are courses in Stage 1: Academic Foundations.*

3. All courses satisfying Core, Stage 2 Groups A through D must be from different departments or programs.*

4. Students may apply up to two courses from their major to satisfy Stage 1 and Stage 2 of the Core; only one of these is permitted to fulfill a Stage 1 requirement, and only one a Stage 2 requirement.

*Note: Students who have declared two or more majors can use up to two courses from one of those majors to satisfy Stage 1 and Stage 2 of the Core. Only one of these is permitted to fulfill a Stage 1 requirement, and
only one a Stage 2 requirement. Courses from minors and any additional majors can be used without limit to satisfy Stages 1, 2, and 3 of the Core.

5. *All CUNY Macaulay Honors College (MHC) courses designated for the Core Requirement may be applied toward the Core Requirement.

Core Requirement

Stage 1: Academic Foundations

List of Approved Courses for GER Core Stage 1: Academic Foundations

This Stage involves basic academic skills needed for success in the liberal arts and sciences. Accordingly students should complete this Stage as early as possible, preferably within their first 30 credits at Hunter. Exemption may be granted on the basis of placement exams or other criteria as determined by the Hunter College Senate. Such exemptions do not yield credit unless they are based on the successful completion of college courses.

Stage 2: Broad Exposure

List of Approved Courses for GER Core Stage 2: Broad Exposure

These courses should be completed within a student's first three semesters (full-time) or 45 credits (part-time) at Hunter.

<table>
<thead>
<tr>
<th>Group</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
</table>
Survey of Literature Written in English
This requirement is meant to increase students' understanding and appreciation of literature written in English. Courses emphasize close readings of representative texts chosen to familiarize student with various authors, periods, and genres - fiction, drama, and poetry - and to provide a firm foundation for further literary study. Written assignments include quizzes, papers, and a midterm and final exam.

Social Science: People and their Societies
The goal of this requirement is to introduce students to the understanding of individual and collective human behavior. Students should be aware of the geographic, political, social, economic, historical, and psychological effects on the human environment. By studying human relations and the human experience students should learn the methodologies as well as the nature, scope, and limits of specific disciplines in the social sciences.

Humanities: Cultures and Ideas: Literature, Philosophy, Classics
This requirement is meant to introduce students to the human intellectual heritage, the wisdom, and the vision expected of well-educated members of the global human community. The study of texts, thoughts, cultures, and human values should nourish the mind and the spirit, inspiring an enduring love of learning. The humanities are strongly linked to other fields of higher education and are vital to the health of society.

Visual and Performing Arts: Media, Art, Dance, Film, Music, Theater
This requirement is meant to introduce students to significant works of the creative imagination, familiarize them with a medium of creative expression, and enable them to actively participate in individual aesthetic and creative experiences. Through critical analysis, research, and direct involvement in creative work in a particular medium, students should develop an appreciation of the interrelations of intellectual and emotional responses to the arts and letters.

Natural Science: Two courses are required, one of which must include a laboratory component. These may be in the same discipline.
The goal of this requirement is to introduce students to the concepts and ways of thinking of the natural sciences. The sciences have intrinsic intellectual value, pursuing basic questions about the workings of the universe and the world around us. Students should be conversant with the rapid pace of scientific advances and able to make informed decisions about scientific matters in the public domain.

Stage 3: Focused Exposure

List of Approved Courses for GER Core Stage 3: Focused Exposure

These courses are intended to give students the opportunity to study selected subjects outside their major department or program in greater depth than in Stage 2. Usually, these courses will be beyond the 100 level. Accordingly, it is strongly recommended that students take a first course in the same discipline. A student must take one course from Group A and one course from Group B in Stage 3.

<table>

A 3  Humanities or Visual and Performing Arts  One course beyond the introductory level is required, chosen from humanities or the visual or performing arts.

B 3  Social Sciences or Natural Sciences/Mathematics  One course beyond the introductory level is required, chosen from social sciences or natural sciences/mathematics.

Graduation Requirements

Writing Requirement

List of Approved Courses for the Writing Requirement

Students matriculating with fewer than 31 credits must take three courses in significant writing — "W" designated courses — at Hunter College. Transfer students matriculating with 31 to 59 credits must take at least two "W" designated courses at Hunter College. Transfer students matriculating with 60 to 90 credits must take at least one "W" designated course at Hunter College. (ENGL 120 does not count as "W" designated course.)

Note: Specific sections of courses containing significant writing are listed with a W designation in the Schedule of Classes. Please note that not all sections of a course are necessarily offered with significant writing. To satisfy the Writing Requirement a section designated as W must be taken.

Foreign Language Requirement

List of Courses for the Hunter Focus in Foreign Language

Hunter College currently offers the following programs to meet the foreign language requirement:

Chinese (CHIN), French (FREN), German (GRMN), Greek (GRK), Hebrew (HEBR), Italian (ITAL), Japanese (JPN), Latin (LAT), Polish (POL), Russian (RUSS), Spanish (SPAN), Swahili (SWA), Ukrainian (UKR), Yoruba (YOR).

Course of Study:

All students must demonstrate foreign language proficiency at the 12-credit level or its equivalent. In each language a required course sequence (12 credits) is offered: Elementary I and II (2 three-credit courses or 1 six-credit intensive course) and Intermediate I and II (2 three-credit courses or 1 six-credit intensive course). The Elementary three-credit courses are usually numbered 101 and 102 and the Intermediate three-credit courses are usually 201 and 202 (except that the Spanish for Native Speakers sequence is SPAN 105, 106, 207, and 208; intermediate Greek is GRK 110 and GRK 202 or 203; intermediate Latin is LAT 110 and LAT 201, 202, 203, or 204). The intensive six-credit courses are usually numbered 103 and 203 (except for: CHIN 107 and 207; GRK 107; and LAT 107). Intensive courses are not offered in all languages. The first semester of a four-course sequence will not be credited without successful completion of the second semester.

Exemption: Students may be exempted from part or all of the foreign language requirement by virtue of:

1. Successful completion of high school courses. Each year of language study completed in high school is equivalent to one semester (3 cr) of the same language in college. The requirement of 4 semesters of language courses or an equivalent combination of college and high school courses is fulfilled only if all 4 semesters are completed in the same language. Students who have completed 4 years of one foreign language
in high school should apply for an exemption with the Coordinator of Academic Appeals; an official high school transcript is required. Students who have passed a language Advanced Placement Test of the College Board with a grade of 5, 4, or 3 should contact the Office of Admissions.

2. Passing at least one advanced college foreign language or literature course that has a 4th semester level prerequisite in that language.

3. Competency demonstrated through proficiency examinations. To arrange for an examination contact the appropriate department office; if the language in question is not taught at Hunter College contact the dean of the School of Arts & Sciences.

4. Presentation of foreign secondary school documentation. Students who have graduated from a high school outside the United States in which the language of instruction was other than English may be exempted from the foreign language requirement upon presentation of a high school or secondary (equivalent) transcript.

5. Presentation of foreign university documentation. Students who present appropriate evidence that they have completed one or more semesters of full-time study at a college or university outside of the United States in which the language of instruction was other than English may be exempted from the foreign language requirement. Native speakers of English who participated in a study-abroad program or a program specifically designed for foreigners may be exempted from the foreign language requirement if they provide sufficient evidence of their proficiency in the foreign language.

Note: an exemption from a language requirement does not yield any credit unless the exemption is based on successful completion of college courses.

Placement: Students may begin a foreign language at Hunter College. Students who are not exempt from the foreign language requirement as described above should choose their language course as follows:

1. Students who have satisfactorily completed 3 years of study of one language in high school or have completed the college equivalent of the 3rd level in a foreign language sequence should take the 4th course in the required sequence.

2. Students who have satisfactorily completed 2 years of study of one language in high school or have completed the college equivalent of the second level in a foreign language sequence should take the 3rd and 4th courses in the required sequence.

3. Students who have satisfactorily completed 1 year of study of a language in high school or have completed the college equivalent of the 1st level in a foreign language sequence should take the 2nd, 3rd and 4th courses in the required sequence.

4. Students who are beginning the study of a foreign language should take all 12 credits of a course sequence.

Pluralism And Diversity Requirement

List of Approved Courses for the Pluralism and Diversity Requirement

The growing interdependence of the world's political, economic, and cultural relations, along with the increasingly diverse character of the American citizenry in general and the students of Hunter College in particular, make it imperative that Hunter undergraduates be exposed to a wide range of intellectual traditions, perspectives, and concerns arising from all corners of the globe. The emergence of sizable bodies of scholarship in recent decades reflecting that
intellectual array makes it important for Hunter to present them as an integral part of the education of its undergraduates.

Accordingly, all students, including transfer students, who entered Hunter College in the fall 1993 semester or later are required to complete 12 credits in designated courses that address issues of pluralism and diversity before graduating from Hunter College. Students choose three credits from each of the four groups below. Work done at other colleges may be counted towards the pluralism and diversity requirement. When a student is given course equivalence for a course that counts towards pluralism and diversity, that student will also be deemed to have met the corresponding pluralism and diversity requirement except that or, BIOL 100/102 and BIOL 100/160, students must see the department to receive pluralism and diversity credit. All courses used to satisfy Pluralism and Diversity requirements may simultaneously meet a student's Core Requirement or the courses necessary for a major or minor area of study.

*Note: While some courses may be listed in more than one group of the requirement, students will be able to apply such course to only one of the four areas.*

About Hunter College

Hunter College is part of The City University of New York (CUNY), the nation's largest urban university. CUNY comprises 11 senior colleges, seven community colleges, a graduate school, a school of professional studies, a school of journalism, a school of public health, an honors college and a law school.

Known for its rich and academically rigorous environment, Hunter College takes pride in a curriculum as diverse and wideranging as its community. Hunter faculty and students come from virtually every nation and culture in the world, enriching the Hunter community and the city with their myriad perspectives and experiences. The college seeks to help its students broaden their outlook on the world, achieve success in their chosen professions and fulfill their personal, academic and civic potential.

Originally called The Normal College, the school was founded in 1870 by Thomas Hunter to educate young women who wished to be teachers. Today Hunter is a coeducational, fully accredited college with a large, distinguished faculty in the liberal arts and sciences and in its professional schools. Hunter offers both undergraduate and graduate degrees and enrolls more than 23,000 students, making it the largest senior college in CUNY.

The college consists of six schools: the School of Arts and Sciences, the School of Education, the Hunter-Bellevue School of Nursing, the School of Urban Public Health, the School of Health Professions and the Silberman School of Social Work. The schools offer more than 55 undergraduate programs, which lead to the degrees of bachelor of arts, bachelor of science, bachelor of fine arts, bachelor of music and now bachelor of social work as well as 14 dual bachelor's/master's programs and scores of graduate programs. Each program of study provides students with skills to attain competence in a specialized field and a foundation of general knowledge. The fields of concentration may be chosen from the general areas of the fine arts, the humanities, the language arts, the sciences, the social sciences and the...
applied arts and sciences, as well as in professional areas in accounting, education, health sciences and nursing. A post-baccalaureate program in health careers preparation is available for students interested in taking coursework required for admission to schools of medicine, dentistry, nursing, veterinary science, etc.

Graduate students may matriculate in any one of over 70 master's degree programs in the School of Arts and Sciences, the School of Education, the School of Urban Public Health, the School of Health Professions, the Hunter-Bellevue School of Nursing and the Silberman School of Social Work. In addition, the graduate programs in teacher education and nursing include courses leading to post-master's certificates in several different areas. Details of the graduate programs are available in the graduate catalog catalog.hunter.cuny.edu/index.php, at the Hunter College Welcome Center (Room 100 North Building), in the offices of the deans of each area, in the Wexler Library and on the Web at www.hunter.cuny.edu.

The Hunter College Campus Schools are devoted to the education of gifted students who reside in New York City. Opportunities are provided for students to engage in critical thinking and creative endeavors in an atmosphere of intellectual inquiry. Educational research and teacher education projects are features of collaboration with the School of Education at Hunter College. The elementary school (K to Grade 6) and the high school (Grades 7-12) model different educational strategies and serve as demonstration schools for students and teachers. For additional information, contact Dean Ketchum, Director, at (212) 860-1291 or by e-mail at dk657@hccs.cuny.edu.

Manhattan Hunter Science High School is a science-focused early college high school funded in part by the Gates Foundation. It is a joint venture of Hunter and the New York City Department of Education. Students take college courses at Hunter during their junior and senior years. Many will pursue baccalaureate studies at Hunter and other City University colleges.

Absence of Instructor

If a class finds that the instructor is still absent after 10 minutes of the period has elapsed, a representative should be sent to the appropriate department office for instructions. The class should remain until the representative returns.

Academic Calendar and Sessions
The fall semester starts approximately August 26, the spring semester starts approximately January 27 and two summer sessions of six weeks begin in June and mid-July. Consult the Academic Calendar at http://www.hunter.cuny.edu/onestop/calendars/academic-calendars for specific starting dates. Courses are offered from early morning to late evening each semester and in the summer. Students are expected to attend both the fall and spring semesters; students who do not must apply for readmission.

Attendance in the summer program is optional. Students who receive financial aid under the New York State Tuition Assistance Program (TAP) should realize that these awards are available for no more than a total of eight semesters (ten for SEEK). TAP assistance for a summer session will count as one-half a semester, the other half may be used only in a subsequent summer session.

**Academic Honors**

**Dean's List** At the end of each fall and spring semester the Dean of Students recognizes matriculated students with excellent academic records. The criteria for inclusion on the Dean's List are: a grade point average of 3.5 or higher with traditional letter grades (A, B or C) in courses other than ESL basic skills courses in reading and writing. If ESL basic skills courses are taken, those grades will be excluded. No grades of D, F, NC, IN or WU are allowed in any course completed or attempted. Full-time students must complete 12 credits or more in one semester; part-time students must complete 6-11½ credits in two consecutive semesters.

**Graduation with General College Honors** A student who has completed 60 credits of traditional letter grades at Hunter College may be considered for graduation honors. Students with a cumulative GPA of 3.900 or higher will be graduated Summa Cum Laude. Students with a GPA from 3.750 to 3.899 will be graduated Magna Cum Laude. Students with a GPA from 3.500 to 3.749 will be graduated Cum Laude.

**Graduation with Departmental Honors** On recommendation of any department or interdepartmental field, students with at least 24 credits in the department or field may be graduated "With Honors" in that department or field, provided they graduate in the term for which they file for honors. Of these credits, 21 (or, in exceptional cases, 18) must be taken at Hunter. Students who participate in the Study Abroad Program or the Exchange Program within the United States may be considered for departmental honors even if they have earned fewer than 18 credits at Hunter in courses approved for the major. Students are eligible for departmental honors if their GPA in the major or field is not less than 3.5. The student must also elect at least 2 credits (but no more than 6 credits) in honors courses offered in that department and present to the department's Committee on Honors a piece of independent work. Honors courses include seminar, laboratory, reading and tutorial courses and independent study projects established for the instruction of honors students.

**Academic Integrity**

CUNY Policy on Academic Integrity

Hunter College's Policy on Academic Integrity

**Academic Preparation**

The best preparation for success at Hunter College is a full program of college-preparatory courses. The college recommends four years of English, four years of social studies, three years of mathematics, two years of foreign language, two years of laboratory science and one year of performing or visual arts.

In addition to providing a strong foundation for college-level coursework, the program recommended above fulfills the 16 units of high school work in academic courses required for admission to a CUNY senior college under the College Preparatory Initiative (CPI). High school students should check with guidance counselors to determine which courses
are considered to be academically within the English, mathematics, science, social science, foreign language and fine and performing arts curricula. Freshman admission to Hunter College is competitive. Applicants are considered for admission on the basis of the overall strength of their academic preparation, which includes SAT/ACT scores, high school academic average, the number of academic subjects and the distribution of those courses. A diploma from an accredited high school, an equivalency diploma or a United States Armed Forces diploma is also required for entrance to the college. Neither a high school certificate nor an IEP diploma is acceptable. For more information on how to prepare to apply to Hunter College, visit www.cuny.edu/prepare.

Accelerated Bachelor's/Master's Degrees

These programs enable highly qualified students to earn the bachelor's and master's degrees in a shorter period of time than is required for taking the degrees separately. The following programs are available.

- Accelerated BS/MS in Nutrition (DPD)
- Adolescent Biology, Grades 7-12 - BA/MA
- Adolescent Chemistry, Grades 7-12 - BA/MA
- Adolescent Earth Science, Grades 7-12 - BA/MA
- Adolescent Mathematics, Grades 7-12 - BA/MA
- Adolescent Physics, Grades 7-12 - BA/MA
- Anthropology - BA/MA
- Biological Sciences with Specialization in Biotechnology - Accelerated BA/MA
- Dance Pre-K - 12 - BA
- Economics - Accelerated BA/MA
- Five-Year BA/MA Program in Environmental Studies and Adolescent Education: Earth Science (Grade 7-12)
- Mathematics or Statistics and Applied Mathematics - BA/MA
- Mathematics Preparation for Adolescent Education (Grades 7-12) - BA/MA
- Medical Laboratory Sciences/Biological Sciences with Specialization in Biotechnology - BS/MA
- Music - BA/MA
- Music/Music Teacher Education Pre-K-12 - BA/MA
- Physics - BA/MA
- Sociology/Social Research - Accelerated BA/MS

Accelerated BS/MS in Nutrition (DPD) Program

Description

This pathway is for NFS majors who are interested in completing their degree and then continuing at Hunter to obtain a master's degree and verification statement. Acceptance to the BS-MS accelerated track is a competitive option open only to Hunter College students in the NFS major. Students must complete the NFS major and academic requirements for their undergraduate degree in about 96 credits, must have an overall GPA of 3.5 and prerequisite GPA of 3.2 or better to be considered. However, a 3.5 GPA in and of itself does not guarantee admission.

This accelerated pathway provides the opportunity for undergraduate students to remain at Hunter for their graduate coursework and provides students the opportunity for academic acceleration to a graduate degree.

Since the MS-Nutrition curriculum meets the didactic program in dietetics (DPD) requirements established by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), the credentialing arm of the Academy of
Nutrition and Dietetics (AND), it will qualify students from this BS/MS accelerated track to apply for Dietetic Internships and continue their professional preparation for the Registered Dietitian (RD) credential.

Access to College Files

The Family Education Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include the right to inspect the student's education records; the right to request the amendment of the student's education records that the student believes are inaccurate or misleading; the right to consent to disclosure of personally identifiable information contained in the student's education records; and the right to request that certain information not be released without his or her prior written consent by filing a letter with the Office of the Registrar.

Accreditation

The programs of Hunter College are registered by the Regents of the State of New York. The college is accredited by the Middle States Commission on Higher Education. Individual programs are recognized and accredited by their national bodies. These are: Council for the Accreditation of Educator Preparation; the Council on Social Work Education; the Commission on Collegiate Nursing Education of the American Association of Colleges of Nursing; the Planning Accreditation Board; the Council on Rehabilitation Education; the Council for Accreditation of Counseling and Related Educational Programs; the Council on Academic Accreditation of the American Speech-Language-Hearing Association; the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND); the American Physical Therapy Association.

http://www.hunter.cuny.edu/

Accreditation: Hunter Bellevue School of Nursing

The Hunter-Bellevue School of Nursing Baccalaureate, Master's and Doctor of Nursing Practice programs are accredited by the Commission on Collegiate Nursing Education (CCNE).

Administration of Hunter College of the City University of New York

President: Jennifer J. Raab, JD
Provost and Vice President for Academic Affairs (Acting): Lon S. Kaufman, PhD
Vice President for Student Affairs and Dean of Students: Eija Ayravainen, MA
Admission Requirements (all Programs)

Students are considered for admission to the Generic Program, Accelerated 2nd Degree and RN to BS programs for the fall semester only. Students are considered for admission to the generic program in the spring semester of their freshman year, after completing prerequisite course work and an application to the School of Nursing. An overall college GPA of 3.2 in addition to other requirements is the minimum requirement for consideration of an application. Only matriculated Hunter College students can apply to the Generic Program. Admission to the School of Nursing is competitive. Generic Program and Accelerated 2nd Degree Program students must be able to attend during the day and evening on a full-time basis, including weekends. All clinical assignments are made by the school faculty depending on site availability. RN Program students may attend during the day or evening, depending on scheduling of courses, on a full-or a part-time basis.

HBSON and Queensborough Community College have a collaborative agreement that grants early acceptance of AAS students into the RN to BS program. Students must complete their first semester of study at QCC with a grade of B or better in NU 101 and a GPA of 3.2 or better for early acceptance.

Admission Requirements to Nursing Programs

Admission to Teacher Education Programs

Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can be accessed online through the School of Education website. Students interested in an Education program should apply as early as is possible in the semester prior to the one in which they plan to enroll. Transfer students should seek advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.
Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

**Admissions: How to Apply**

To apply to Hunter College, students must complete the CUNY undergraduate application, which is available online at www.cuny.edu/apply.

Freshmen and transfer students are encouraged to apply by February 1 for the fall semester and September 15 for the spring semester. Students should complete the online application and submit the application processing fee and all supporting documentation as early as possible to guarantee full consideration for admission and scholarship aid. To apply as a part-time student contact the Hunter College Welcome Center for an appropriate application.

Application Fees
- $65 freshman
- $70 transfer

**Admissions: International Students Office**

For more information, contact the International Students Office, Hunter College, 695 Park Avenue, Room 1109 Hunter East, New York, NY 10065; telephone: (212) 772-4864; e-mail: intlss@hunter.cuny.edu. Policies governing the Office of Admissions and the International Students Office are based on policies and practices recommended by NAFSA, AACRAO and other educational organizations.

**Adolescent Education**

Students who want to become teachers in secondary schools must complete the adolescent education sequence of 23 credits and may also have to take some liberal arts courses beyond those required for the Hunter Core Requirement. In order to be admitted to this program, students must apply to the School of Education. See School of Education for the admission process. The adolescent education program leads to initial NYS certification.

**Advanced Placement**

Hunter accepts AP credits for scores of 4 or 5 on the AP exams. If students have taken Advanced Placement (AP) examinations sponsored by the Educational Testing Services (ETS), they must ask ETS to forward their official scores to Hunter. Hunter College code is #2301. If they have also taken an AP exam but have not received their scores they can call 1.888.308.0013. Students need to score at least a 4 on the AP exam to earn credit and/or exemptions from requirements (some exams may require a 5).

**Advanced Placement and College-Level Courses**

Students who have had an Advanced Placement (AP) course in secondary school and who pass the Advanced Placement Tests of the College Entrance Examination Board with grades of 5 or 4 (high honors or honors) are in most cases exempt from taking a corresponding course or equivalent requirement at Hunter.

A maximum of 30 credits can be awarded by examination through the following programs; College Entrance Examination Board Advanced Placement (AP), College-level Examination Program (CLEP) and Regents College
Examinations (RCE). Certain academic departments may have restrictions on the award of credits by examination. Check with the department and see the Office of Undergraduate Admissions and Recruitment Web site for additional information.

Students who have completed college-level coursework offered by an accredited senior or community college while in high school will receive credit for courses in which grades of C or better are earned. Official college transcripts must be submitted to the Undergraduate Admissions and Recruitment Office for credit to be awarded.

**Africana and Puerto Rican/Latino Studies**

Return to the Faculty of the School of Arts and Sciences

**Arlene Torres**, Associate Professor, Africana and Latino/Puerto Rican Studies; BA Colgate, MA, PhD University of Illinois at Urbana-Champaign

**Africana and Puerto Rican/Latino Studies**

Department Description

Return to Africana and Puerto Rican/Latino Studies

The department of Africana and Puerto Rican/Latino Studies is comprised of Africana and Puerto Rican/Latino sequences. It offers an interdisciplinary course of study combining humanities and social sciences approaches devoted to scholarship on the historical, literary, political, cultural, social and economic experiences of these heritages. The Africana Sequence focuses on the experiences of people of African descent in the Americas, Africa and the broader Diaspora. The Puerto Rican/Latino Sequence focuses on the historical, social, literary, and political experiences of Puerto Ricans in the Island and the US, Latinos, the Dominican Republic, Cuba and their diasporas. Where applicable,
the similarities and common experiences of the sequences are emphasized. The department's commitment to rigorous scholarship, student development and community empowerment prepares students for a broad range of careers in the public and private sector and for graduate study and research in the social sciences and humanities. The department has a long history of nurturing students' intellectual discipline, creativity, and social and political awareness. Graduates of the department have pursued careers in law, journalism, nursing, teaching, public policy, social work, media, politics, medicine, psychology and international affairs. The department's interdisciplinary structure offers students an opportunity to satisfy the increasing expectations of admissions committees and prospective employers for a broad liberal arts perspective that complements the specialized knowledge of a field.

**Alumni Association**

1313B Hunter East; (212) 772-4087

The Alumni Association of Hunter College, composed of 85,000 women and men graduates of the college, has been in continuous existence since 1872. Membership is automatic upon graduation from any Hunter College degree program.

The Association provides opportunities for alumni to become actively involved in the life of the college and serves as the link between Hunter and its graduates. In addition to providing vital support for scholarships and academic programs, members participate in a variety of chapter and on-campus activities, including lectures, faculty round tables, workshops and book discussion groups.

Members can take advantage of campus facilities with the Alumni Card, which provides access to the college libraries, Sportsplex, instructional computing center, Chanin Language Center and career development services. Alumni can attend association meetings in January and May and stay informed about activities through the publication, *At Hunter*.

**Anthropology**

Return to the Faculty of the School of Arts and Sciences

**Andrea Baden, Assistant Professor**; PhD, Stony Brook; Primate ecology, conservation; Madagascar

**Jacqueline N. Brown, Associate Professor**; PhD, Stanford; Diasporic Subjectivities, Race, Space and Place, Transnationalism and the Local, Black Identities, Britain

**Leo Coleman, Associate Professor**; PhD, Princeton; Political and Legal Anthropology, technology and culture, environment and energy politics, urbanism, infrastructure, constitutionalism

**Gerald W. Creed, Professor**; PhD, CUNY; Political/Economic Anthropology, Eastern Europe, Families and Households, Rural Societies, Ritual; Joint Appointment with Graduate Center

**Marc Edelman, Professor**; PhD, Columbia; Political and Historical Anthropology, Latin America, Social Movements; Joint Appointment with Graduate Center

**Judith Friedlander, Professor**; PhD, Chicago; Ethnicity and Minority Cultures, Gender and Feminist Theory; Latin America, US, Europe

**Christopher C. Gilbert, Associate Professor**; PhD, Stony Brook; Primate Evolution, Human Evolution, Old World Monkeys, Phylogenetic Systematics, Biogeography, Ecomorphology, Morphometrics

**David Hodges, Professor**; PhD, NYU; U.S. Race Relations, Civil Rights, Human Rights, Application of Anthropology to Education, Prison Education and Prison Reform
Anthropology Department Description

Anthropology is the study of humanity in all its cultural and biological diversity. In the United States, the discipline traditionally includes four fields: archaeological, biological, sociocultural, and linguistic anthropology, although research increasingly examines questions at the borders of the fields or which span more than one field. The department maintains a commitment to a four-field approach to undergraduate training despite a national trend towards increasing specialization at earlier stages. Anthropology provides essential foundations and perspectives for the study of the social and natural sciences and the humanities, as well as for applied professions such as education, public health, and social work. The Anthropology curriculum emphasizes original research, scholarly writing, informed critical thinking, and the understanding of, and tolerance for diverse cultures and ways of life.

The faculty is actively involved in interdisciplinary teaching, interdepartmental collaborative efforts, and individual and team research projects, including many that involve new information technologies, cultural resource management, environmental impact assessment, ethnicity and gender, regional and area studies, and economic development— to name a few. Biological anthropology and archeology host state-of-the-art research labs that support student training and research. International field sites are also available for student research. The Department is also committed to involving undergraduate students in ongoing faculty-supported research, and in encouraging independent student-initiated research projects.

Courses and faculty in the Anthropology Department are part of the new undergraduate Human Biology - BA major, which emphasizes the study of humans in a multidisciplinary framework using behavioral, cultural, social and biological approaches.
 Appeals - Rules and Regulations

Please note that all appeals for exceptions and/or substitutions to the General Education Requirements, Hunter Core Requirements and Distribution Requirements will now be heard in the Hunter College Senate, Room 1018 East building. Please access the following link to file an online appeal application General Education Requirements Appeals.

All appeals for dean's list, change of administrative grades (WU, WN, FIN) to retroactive withdrawals and fulfillment of the foreign language requirement with four years of high school language study remain in the Office of Advising, room 1119 east building.

Appeals- General Education Requirements

Students seeking to appeal for substitutions to or exemptions from any general education requirement must begin by filing an appeal with the General Education Requirements Appeals Committee of the Hunter College Senate. Students who follow the Hunter Core (adopted fall 2013) may file appeals regarding the CUNY Common Core or the Hunter Focus (Foreign Language, Concentrated Study, or Pluralism and Diversity). Students who follow the General Education Requirement or Distribution Requirement may also appeal to this committee and should see this document GER Appeals Committee. Appeals must be filed in accordance with the following procedures:

1. The student must submit a complete application for appeal: [http://geappeal.hunter.cuny.edu]. Incomplete applications will be returned to the student without consideration by the appeals committee. This action will not be regarded as a denial of the appeal. The appeals committee may request additional documentation in support of an appeal. Students must respond to such requests within 30 days or reapply with a complete application.

2. The student must present clear evidence that deviation from the prescribed program in the catalog is necessary and reasonable, and that any proposed substitutions adequately meet the academic objectives of the requirement.

3. Appeals for experimental courses completed at Hunter College but not yet approved by the Undergraduate Course of Study Committee as fulfilling a general education requirement must be supported with a class action letter from the department or program that offered the course. Such appeals will be considered only for Pluralism and Diversity or for the Hunter Focus—not for the CUNY Common Core.

4. The student must present clear evidence that a course transferred from another college or university fulfills the academic objectives of the requirement. Petitions for satisfaction of CUNY Common Core Requirements must include indication of which learning outcomes were met in the course and how they were met.

5. The appeals committee will respond to appeals requests on or about the 15th and the 30th of each month during the spring and fall semesters when Hunter College classes are in session. The committee does not review appeals for currently enrolled students between June 1 and September 1 of the same year.

Special Appeals

For other appeals for deviations or exemptions from other academic requirements or policies, students should confer with The Office of Advising. Special appeals include appeals to follow the General Education Requirement (GER), effective Fall 2001-Spring 2013, and the Distribution Requirement, effective Fall 1986-Spring 2001, rather than the Hunter Core.

Notice! There are no appeals for Writing Intensive—'W' designated—courses. All 'W' courses must be completed at Hunter College. Note that not all sections of a course are necessarily offered with significant writing every semester.
The 'W' designated courses (or specific sections thereof) for a particular semester are listed in the Schedule of Classes each semester. To satisfy a writing requirement, a particular section must be designated as 'W'.

Grades

When a student considers a final course grade unsatisfactory, the student should first confer with the instructor regarding the accuracy of the grade received. This conference should be held within the first three weeks of the semester following receipt of the grade. At this time, errors may be corrected. If the grade is not an error, the student and instructor must together review all class material pertinent to the grade. If the student is not satisfied or if the instructor does not confer with the student within the first three weeks of the semester, the student should promptly contact the department chair by submitting a written appeal, consisting of a statement giving the factual reasons and basis for the complaint. The student has the right to request in writing that the chair appoint a student as a member of the department/school Grade Appeals Committee. This appeal at the department/school level must be submitted within the first five weeks of the semester following receipt of the grade, in accordance with the "College-wide Grade Appeals Procedures" adopted by the Senate in fall 1985. Copies of this procedure may be obtained in the Senate Office, the Office of Advising or academic departmental offices. Students appealing grades to the School of Nursing, the School of Urban Public Health or the School of Health Professions should direct their appeal to the dean of the School of Nursing. Students appealing grades to the School of Social Work should direct the appeal to the dean of the school, who shall carry out the responsibilities of the department chair.

Appeals for General Education Requirements

Students seeking to appeal for substitutions to or exemptions from any general education requirement must begin by filing an appeal with the General Education Requirements Appeals Committee of the Hunter College Senate http://www.hunter.cuny.edu/senate/gerappeals. Students who follow the Hunter Core (adopted fall 2013) may file appeals regarding the CUNY Common Core or the Hunter Focus (Foreign Language, Concentrated Study, or Pluralism and Diversity). Students who follow the General Education Requirement (GER fall 2000–spring 2013) or Distribution Requirement (prior to fall 2000) may also appeal to this committee and should see this document. Appeals must be filed in accordance with the following procedures:

1. The student must submit a complete application for appeal. Incomplete applications will be returned to the student without consideration by the appeals committee. This action will not be regarded as a denial of the appeal. The appeals committee may request additional documentation in support of an appeal. Students must respond to such requests within 30 days or reapply with a complete application.
2. The student must present clear evidence that deviation from the prescribed program in the catalog is necessary and reasonable, and that any proposed substitutions adequately meet the academic objectives of the requirement.
3. Appeals for experimental courses completed at Hunter College but not yet approved by the Undergraduate Course of Study Committee as fulfilling a general education requirement must be supported with a class action letter from the department or program that offered the course. Such appeals will be considered only for Pluralism and Diversity or for the Hunter Focus—not for the CUNY Common Core.
4. The student must present clear evidence that a course transferred from another college or university fulfills the academic objectives of the requirement. Petitions for satisfaction of CUNY Common Core Requirements must include indication of which learning outcomes were met in the course and how they were met. [THESE LEARNING OUTCOMES WILL BE INDICATED ON THE FORM.]
5. The appeals committee will respond to appeals requests on or about the 15th and the 30th of each month during the spring and fall semesters when Hunter College classes are in session. The committee does not review appeals for currently enrolled students between June 1 and September 1 of the same year. Appeals for entering transfer students will be heard year round.

Appeals Procedure
If either the student or the faculty member is not satisfied with the report of the Fact Finder, the student or faculty member may file a written appeal to the chief academic officer within 10 calendar days of receiving the report. The chief academic officer shall convene and serve as the chairperson of an Appeals Committee, which shall also include the chief student affairs officer, two faculty members elected annually by the faculty council or senate and one student elected annually by the student senate. The Appeals Committee shall review the findings and recommendations of the report, with particular focus on whether the conduct in question is protected by academic freedom. The Appeals Committee shall not conduct a new factual investigation or overturn any factual findings contained in the report unless they are clearly erroneous. If the Appeals Committee decides to reverse the Fact Finder in a case where there has not been an investigation because the Fact Finder erroneously found that the alleged conduct was protected by academic freedom, it may remand to the Fact Finder for further proceedings. The committee shall issue a written decision within 20 calendar days of receiving the appeal. A copy of the decision shall be sent to the student, the faculty member, the department chairperson and the president.

**Appeals Process for Grades**

When a student considers a final course grade unsatisfactory, the student should first confer with the instructor regarding the accuracy of the grade received. This conference should be held no later than the first three weeks of the semester following receipt of the grade. At this time, errors may be corrected. If the grade is not an error, the student and instructor must together review all class material pertinent to the grade. If the student is not satisfied or if the instructor does not confer with the student, the student should promptly contact the department chair by submitting a written appeal, consisting of a statement giving the factual reasons and basis for the complaint. The student has the right to request in writing that the chair appoint a student as a member of the department/school Grade Appeals Committee. This appeal at the department/school level must be submitted no later than the first five weeks of the semester following receipt of the grade, in accordance with the "College-wide Grade Appeals Procedures" adopted by the Senate in fall 1985. Copies of this procedure may be obtained in the Senate Office, the Office of Advising Services or academic departmental offices. Students appealing grades to the School of Nursing, the School of Urban Public Health or the School of Health Professions should direct their appeal to the dean of the School of Nursing. Students appealing grades to the School of Social Work should direct the appeal to the dean of the school, who shall carry out the responsibilities of the department chair.

**Application Procedure**

The fastest and easiest way to apply for financial aid is by completing the application online. FAFSA on the Web is available at www.fafsa.ed.gov. When the student completes the FAFSA (Free Application for Federal Student Aid), Hunter College should be included among the colleges to which the application information is reported. When the FAFSA is processed, CUNY will receive an electronic record of the student's application information. The student may be required to provide additional documentation to the Office of Financial Aid to verify the application information or to clarify any discrepancies in the application.

New York State resident students can apply for both federal and New York State aid during a single on-line session. After completing FAFSA on the Web, New York State residents are able to link to the TAP on the Web Form, which is pre-filled with their FAFSA data.

**Arabic Programs and Courses**

**Minor in Arabic and Minor in Arabic Studies**

[Return to Classical and Oriental Studies]
Two minors are offered by the Arabic Language, Literature, and Culture Division of the Department of Classical and Oriental Studies: Arabic and Arabic Studies.

**Minor in Arabic**

The minor in Arabic requires the successful completion of

**ARB 20100 - Intermediate Arabic I**

Emphasis placed on reading materials from Arabic media, and expanding vocabulary and grammar skills.

*prereq: ARB 10200 or equiv.*

3 hrs

3 cr.

**ARB 20200 - Intermediate Arabic II**

Continuation of ARB 20100.

*prereq: ARB 20100 or equiv.*

3 hrs

3 cr.

**ARB 30100 - Advanced Arabic I**

Emphasis on increased proficiency in reading, speaking and writing Arabic

*prereq: ARB 20200 or equiv.*

3 hrs

3 cr.

**ARB 30200 - Advanced Arabic II**

Continuation of ARB 30100

*prereq: ARB 30100 or equiv.*

3 hrs

3 cr.

or their equivalent as determined by the Arabic Program Head.

**ARB 14900 - Spoken Egyptian Arabic**

The goal of this course is to teach students oral communication in the Egyptian dialect, as well as to impart cultural knowledge relevant to a student living in or visiting Egypt. This course is closed to native speakers of Arabic.

*prereq: ARB 10200 and permission of instructor*

3 hours

3 credits

can be taken in lieu of ARB 30200

The prerequisite for the minor is successful completion of ARB 10100 and 10200 (8 credits).

**Arabic Studies Minor**
The Arabic Studies Minor requires the successful completion of 4 ARB courses on cultural or literary topics taught in English or in Arabic. Up to 2 Arabic language courses may be used to fulfill the minor requirements in lieu of two culture or literature courses.

The prerequisite for the minor is successful completion of ARB 10100 and ARB 10200 (8 credits).

Arabic Courses

**ARB 10100 - Beginning Arabic I**

**Hunter Core**
World Culture and Global Issues (WCGI)
The goal of this course is to begin developing reading, speaking, listening, writing, and cultural skills in Arabic. The course stresses communication using both formal and informal Arabic. Emphasis is also placed on reading authentic texts from Arabic media, listening to and watching audio and video materials, and developing students' understanding of Arab culture. Preparation for class is an essential component of course, allowing us to devote in-class time to communicating in the language rather than talking "about" the language. Students will be evaluated on attendance and class participation, daily homework assignments, quizzes, skits, a final oral interview and a final examination.

This class is not for native speakers. ARB 10100 usually not credited without ARB 10200. For details about credit policy look here: Appendix II: Foreign Language Requirement

3 hrs
3 cr.

**ARB 10200 - Beginning Arabic II**

Continuation of ARB 10100. The goal of this course sequence (ARB 10100/10200) is to begin developing reading, speaking, listening, writing, and cultural skills in Arabic. The course stresses communication using both formal and informal Arabic. Emphasis is also placed on reading authentic texts from Arabic media, listening to and watching audio and video materials, and developing students' understanding of Arab culture. Preparation for class is an essential component of course, allowing us to devote in-class time to communicating in the language rather than talking "about" the language. Students will be evaluated on attendance and class participation, daily homework assignments, quizzes, skits, a final oral interview and a final examination. This class is not for native speakers.

prereq: ARB 10100 or permission of Head of Arabic Program.

3 hrs
3 cr.

**ARB 14800 - Beginning Arabic for Heritage Speakers**

**Hunter Core**
World Culture and Global Issues (WCGI)
This course is for students of Arab origin who grew up speaking a dialect of Arabic but not reading and writing it. This course will quickly cover the alphabet and then focus on reading and writing in formal Arabic, i.e., the language of the Arabic language media and academe. The course is not open to students who have taken the ARB 10100-30200 sequence.

prereq: perm of division head
ARB 14900 - Spoken Egyptian Arabic

The goal of this course is to teach students oral communication in the Egyptian dialect, as well as to impart cultural knowledge relevant to a student living in or visiting Egypt. This course is closed to native speakers of Arabic.

*prereq: ARB 10200 and permission of instructor*

3 hrs
3 cr.

ARB 20000 - Topics in Arabic Literature and Culture

This course will focus on a variety of topics related to the literatures and cultures of the Arab World. Readings in translation. Specific information on a particular semester's offerings can be found on the on-line class schedule.

*prereq: ENGL 12000 or equivalent*

3 hrs.
3 cr.

ARB 20100 - Intermediate Arabic I

Emphasis placed on reading materials from Arabic media, and expanding vocabulary and grammar skills.

*prereq: ARB 10200 or equiv.*

3 hrs
3 cr.

ARB 20200 - Intermediate Arabic II

Continuation of ARB 20100.

*prereq: ARB 20100 or equiv.*

3 hrs
3 cr.

ARB 24800 - Intermediate Arabic for Heritage Speakers

This course is a continuation of ARB 14800. It is also for Heritage Students who can already read and write and who speak one of the dialects with some degree of fluency but have not studied enough formal Arabic to be exempt from the language requirement. More than ARB 14800, this course will rely on authentic materials not found in any text book. The course is not open to students who have taken the ARB 10100-30200 sequence.

*prereq: ARB 14800 or Arabic Program head's permission*

3 hrs
3 cr.

ARB 25000 - The Arab Novel (in translation) (W)

Hunter Core
Creative Expression (CE)
Pluralism and Diversity
PD/A
GER
A consideration of Arab novels as a source for understanding issues such as urbanization, war, imperialism, nationalism, gender, as well as the politics of translation.

**Prerequisites:** ENG 22000 or equiv.

3 hrs

3 cr.

**ARB 25100 - Arab Cinema (in translation)**

**Hunter Core**
Creative Expression (CE)
Pluralism and Diversity
GER
2/D

This course will introduce students to the history of Arab Cinema through readings and weekly screenings of films from all over the Arab World.

**Prerequisites:** ENGL 12000 or equivalent

3 hrs

3 credits

**ARB 25200 - Literatures from the Islamic World (W)**

**Hunter Core**
World Cultures and Global Issues (WCGI)
Pluralism and Diversity
GER
2/C

A survey of literary genres and themes from the Islamic World from the 7th to the 15th century.

**Prerequisites:** ENGL 12000 or equivalent

3 hrs

3 credits

**ARB 25300 - Literatures and Cultures of Muslim Spain (W)**

**Hunter Core**
World Culture and Global Issues (WCGI)
Pluralism and Diversity
GER
2/C

A survey of the literary and cultural history of Muslim Spain, 8th - 15th century C.E.

**Prerequisites:** ENGL 12000 or equivalent

3 hrs

3 credits

**ARB 25400 - The Arabian Nights East and West (W)**
The course studies not only the stories of the Arabian Nights (1001 Nights), but also the history of the translation and adaptation of the Nights into European languages.

prereq or coreq: ENGL 12000 or equivalent
3 hours
3 credits

ARB 25500 - Modern Palestinian Culture

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/A
GER
2/C

War and trauma shape modern Palestinian identities as evident in narratives of diaspora and return, nationalism, and militarism. This class introduces and explores the intersections of Palestinian national aspirations and Palestinian fiction, poetry, and film. There will be a focus on geography, as land and borders play a central role in the conflict. In addition, the class will include discussion of the following topics: Jerusalem; the Green Line; colonialism; 1948; 1967; refugees, diaspora and return; nationalism; resistance; and violence and militarism.

3 hrs
3 cr.

ARB 25600 - Modern Arab Theatre

Hunter Core
World Culture and Global Issues (WCGI) _ Pluralism and Diversity
PD/A

Welcoming students of any major or background, this course opens an angle on to culture and society in the Arab world through the lens of drama and theatre. Some themes covered: prison, political critique, heritage, and women/gender.

3 hrs
3 cr.

ARB 30000 - Problems in Arabic Literature and Culture

This course will focus on a specific area related to the literatures and topics of the Arab World. As a 300-level course, it will cover a narrow spectrum of texts. Readings in translation. Specific information on a particular semester's offerings can be found on the on-line class schedule.

prereq or coreq: ENGL 12000 and one of the following or permission of the instructor: ANTHC 20100, ARB 20000, ARB 25000W, ARB 25100, ARB 25200W, ARB 25400W, ARTH 26000W, ASIA 22004, ASIA 39013, ASIA 45051, GEOG 27400, HEBR 21500W, HIST 27650, HIST 27651, POLSC 26300W, POLSC 26900W, REL 32200W, REL 33700W OR SOC 36200W.

3 hours
3 credits

ARB 30100 - Advanced Arabic I
Emphasis on increased proficiency in reading, speaking and writing Arabic

**prereq:** ARB 20200 or equiv.

*3 hrs*

*3 cr.*

**ARB 30200 - Advanced Arabic II**

Continuation of ARB 30100

**prereq:** ARB 30100 or equiv.

*3 hrs*

*3 cr.*

**Art and Art History**

Return to the Faculty of the School of Arts and Sciences

**Nebahat Aveioglu**, Associate Professor, Art History; BA Istanbul Technical University, PhD Cambridge

**Drew Beattie**, Distinguished Lecturer, Studio Art; BFA North Carolina, MFA Boston Museum School of Fine Arts

**Andrea Blum**, Professor, Studio Art; BFA Boston Museum School of Fine Arts, MFA Art Institute of Chicago

**Daniel Bozhkov**, Associate Professor, Studio Art; Academy of Fine Arts, Sofia, Bulgaria, MFA Hunter

**Emily Braun**, Distinguished Professor, Art History; BA Victoria College, Toronto, MA, PhD NYU

**Joel Carreiro**, Professor, Studio Art; BFA Cornell, MFA Hunter

**Wen-Shing Chou**, Assistant Professor, Art History; BA Chicago, MA, PhD UC Berkeley

**Susanna Cole**, Distinguished Lecturer; BA Brown, PhD Columbia

**Susan Crile**, Professor, Studio Art; BA Bennington

**Lisa Corinne Davis**, Professor, Studio Art; BFA Pratt, MFA Hunter

**Thierry de Duve**, Kossak Professor and Distinguished Lecturer, Art History; BA, MA University of Louvain, PhD Ecole des Hautes Etudes en Sciences Sociales, Paris

**Constance DeJong**, Distinguished Lecturer, Studio Art; Ohio State University, MA Hunter

**Hendrik Dey**, Professor, Art History; BA Middlebury, MA University of Durham, MA, PhD Michigan

**Gabriele Evertz**, Professor and Associate Chair, Studio Art; BA, MFA Hunter

**Cynthia Hahn**, Professor and Associate Chair, Art History; BA Pennsylvania State, MA Chicago, PhD John Hopkins

**Valerie Jaudon**, Professor, Studio Art; St. Martins School of Art, London

**Paul Ramirez Jonas**, Associate Professor, Studio Art; BA Brown, MFA Rhode Island School of Design

**Lynda Klich**, Assistant Professor, Art History; BS St. Joseph's, MA Hunter, PhD Institute of Fine Arts, NYU
Reiner Leist, Professor, Studio Art; BFA Cape Town (South Africa), MFA School of Visual Arts

Michael Lobel, Professor, Art History; BA Wesleyan, MA, PhD Yale

Maria Loh, Professor, Art History; BA McGill, MA, PhD Toronto

Jeffrey Mongrain, Distinguished Professor, Studio Art; BFA Minnesota, MFA Southern Illinois

Harper Montgomery, Assistant Professor, Art History; MA Columbia University, PhD University of Chicago

Carrie Moyer, Associate Professor, Studio Art; BFA Pratt, MA NY Institute of Technology, MFA Bard

Maria Antonella Pelizzari, Professor, Art History; Laurea Degree University of Genova, PhD New Mexico

Joachim Pissarro, Bershad Professor of Art History and Director of the Hunter College Galleries; MA Courtauld Institute, London, PhD Texas (Austin)

Juan Sánchez, Professor, Studio Art; BFA Cooper Union, MFA Rutgers

Howard Singerman, Professor and Phyllis and Joseph Caroff Chair, BA Antioch, MFA Claremont, PhD Rochester

Nari C. Ward, Professor, Studio Art; BFA Hunter, MFA Brooklyn

Thomas Weaver, Professor, Studio Art; BA California (Santa Cruz), MFA Hunter

Brian Wood, Professor, Studio Art; BA Saskatchewan (Canada), MFA Hunter

Tara Zanardi, Associate Professor; BA Delaware, MA, PhD Virginia

Return to the Department of Art

Asian American Studies

Meena Alexander, Distinguished Professor, English; BA Khartoum (Sudan), PhD Nottingham (UK)

John Chin, Associate Professor, Urban Affairs & Planning; MS School of Social Research, PhD, MPhil Columbia

Margaret M. Chin, Associate Professor, Sociology; BA Harvard-Radcliffe, MA, PhD Columbia

Jennifer Hayashida, Distinguished Lecturer and Program Director; BA California at Berkeley, MFA Bard

Peter Kwong, Professor, Urban Affairs and Planning; BA Whitman, BS, MA, PhD Columbia

Rupal Oza, Associate Professor, Geography; MA Temple, PhD Rutgers

Angela Reyes, Assistant Professor, English; BA Michigan State, MSEd Penn State, PhD Pennsylvania

Chong Chon-Smith, Assistant Professor, English; BA Texas (Austin), MA Hawai'i (Manoa), PhD California (San Diego)
Assembly and Meeting Hours

A block of time is set aside each week during which no classes are scheduled. Called "Dean's Hours," this time block is reserved for official college assemblies, guidance meetings and other academic and administrative purposes and for meetings of student organizations. Generally, Dean's Hours are scheduled on Wednesdays, from 1:10-3:00 p.m.

Assembly Hall

Hunter North Lobby- Room 118 HN

The Assembly Hall is Hunter's largest performance venue. With a seating capacity of 2,079, the hall hosts performances by the Hunter College Symphony, concerts, meetings, forums and a variety of other events. Anyone interested in reserving the Assembly Hall for an event should contact the Office of Central Reservations at (212) 772-4872.

Assignment of Credit Hours to Courses

The assignment of credit hours to courses at Hunter College complies with the New York State Education Department's procedures:

"Semester hour means a credit, point, or other unit granted for the satisfactory completion of a course which requires at least 15 hours (of 50 minutes each) of instruction and at least 30 hours of supplementary assignments, except as otherwise provided pursuant to section 52.2(c)(4) of this Subchapter. This basic measure shall be adjusted proportionately to translate the value of other academic calendars and formats of study in relation to the credit granted for study during the two semesters that comprise an academic year."

See www.highered.nysed.gov/ocue/aipr/Part50.htm

Athletic Program Participation Notice

The college files an annual report with the US secretary of education on intercollegiate athletics which includes information on the participation of males and females on its teams and the expenditures and revenues of those teams. Copies of the annual report on intercollegiate athletics are available at the reference desk of the library.

Attendance Policies

All students must report to classes during the first week of classes. Students will lose their place in some classes if they do not attend the first class meeting. (See, for example, the "Notes" for biology and chemistry in the Schedule of Classes.)

The instructor has the right to set attendance requirements for the course, to keep attendance records, and to consider attendance in the calculation of final grades. Such attendance policies will be listed in the course syllabus. Students may not use absence from class as an excuse for not fulfilling all course requirements.

Students who have earned fewer than 15 credits of college-level work are limited in the number of cuts they may take in a course without risking a lower grade, as follows:
1-cr course-2 hrs of cuts
2-cr course-4 hrs of cuts
3-cr course-6 hrs of cuts
4-cr course-6 hrs of cuts (equal to 1 lab period and 1 lecture)

Attendance Requirements for Nursing

Generic Program and Accelerated 2nd Degree Program students must attend during the day on a full-time basis. RN Program students may attend during the day or evening (depending on scheduling of courses) on a full- or a part-time basis.

Auditing

- Currently enrolled degree and non-degree students: Students register for the course online at their CUNYfirst account and then provide a letter on letterhead stationery, signed by the Chairperson of the academic department which offers the course and approving that the course may be taken for AUDIT grade. This letter must be delivered to the One Stop, Room 217 North Building before the last day of the first week of classes during posted office hours. See www.hunter.cuny.edu/onestop/hours-of-operation for office hours. This option is only available through the first week of classes for each semester or term. Audit status will not be posted for students after the last day of the first week of classes. Audit grade status cannot be reversed once posted.
- Senior Citizens: Students classified as Senior Citizens by the college may register for courses as auditors only.
- Newly admitted and/or readmitted degree and non-degree students: Consult with the Office of Advising, Room 1119 East Building.
- Auditors pay mandated tuition and fees. For more information, visit: http://www.hunter.cuny.edu/onestop/finances/billing/costs-tuition-fees. No credit or grade will be given for audited classes.

Auditing Courses

Auditors receive neither grades nor academic credit for their courses. Individuals enrolling under this program pay fees totaling approximately $80 each semester.

Biological Sciences

Return to the Faculty of the School of Arts and Sciences

Adrienne Alaie, Assistant Professor; BA Bennington, PhD CUNY

Biological Sciences: Career Planning

Return to Biological Sciences Department
Graduate Study The department offers a master of arts in the biological sciences and courses taken in the MA program can later be credited toward the PhD upon acceptance into the CUNY doctoral program in biology. Interested students should obtain the Hunter College graduate catalog and contact the biology master's program adviser. Laboratory research under faculty supervision (see undergraduate research, below) is extremely valuable for gaining admission to graduate schools. Students planning to apply to graduate school should consult with their adviser as early in their college career as possible.

Professional Schools Students who plan to apply to schools of medicine, dentistry or veterinary medicine should consult with their adviser and see the preprofessional adviser on the 12th floor of Hunter East.

Preparation for Teaching In cooperation with the School of Education, the Department of Biological Sciences offers opportunities for students to prepare for a teaching career in elementary and secondary schools. The basic major in biology satisfies the requirements for New York State certification of at least 30 credits for teachers in adolescent education, grades 7-12.

Preparation for Biotechnology Students interested in careers in the rapidly growing field of biotechnology should select the major in biology and consult with their adviser as early as possible. Advanced courses taken as electives should include BIOL 61000 (see Hunter graduate catalog) and those special topics courses (BIOL 47000-BIOL 47100) that are most relevant to biotechnology. Qualified students are also encouraged to pursue the BA/MA Program in Biotechnology. Interested biology majors who have completed BIOL 300 should contact Dr. Patricia Rockwell as early as possible.

Brookdale Center on Healthy Aging and Longevity

2180 3rd Ave @ 119th Street, NYC 8th Floor
New York, NY 10035
(212) 396-7835
http://www.brookdale.org/
Acting Director: Daniel Gardner
dgardn@hunter.cuny.edu

The Brookdale Center for Healthy Aging improves the lives of older adults through research, policy and professional development.

Founded in 1974, by Dr. Rose Dobroff, the Center quickly took root and flourished. As one of the country's first academic gerontology centers, Brookdale fostered a generation of professionals and paraprofessionals who serve older adults. With the addition of the Sadin Institute on Law and Public Policy, named for its founder Sam Sadin, Brookdale pioneered the field of elder law, nurturing many of the field's top legal experts. For over four decades, Brookdale has remained a leader and innovator in an area of human services and public policy that has become increasingly relevant over the years.

Human services professionals, lawyers and other advocates continue to come to Brookdale to expand their knowledge and sharpen their skills. Brookdale trains the majority of public employees in New York State who provide protective services to vulnerable adults; operates an institute specifically for managers and aspiring supervisors; trains lawyers and others in the guardianship process; and runs a rigorous certificate program in geriatric care management – to name just a few examples.

From the Center's location in East Harlem, staff are engaged in developing, implementing and evaluating cutting-edge programs and practices and disseminating those that work – such as daily money management services that protect elderly and disabled adults from financial exploitation and may enable them to remain at home instead of being placed in residential care facilities, and programs that neighborhood senior centers can offer to help people manage chronic health problems and improve their quality of life.

ARTICLE XV: STUDENTS

SECTION 15.0 PREAMBLE.
Academic institutions exist for the transmission of knowledge, the pursuit of truth, the
development of students, and the general well-being of society. Student participation, responsibility, academic
freedom, and due process are essential to the operation of the academic enterprise. As members of the academic
community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained
and independent search for truth. Freedom to learn and to explore major social, political, and economic issues are
necessary adjuncts to student academic freedom, as is freedom from discrimination, as set forth in the university's non-
discrimination policy.

Freedom to learn and freedom to teach are inseparable facets of academic freedom. The concomitant of this freedom is
responsibility. If members of the academic community are to develop positively in their freedom; if these rights are to
be secure, then students should exercise their freedom with responsibility.

SECTION 15.1. CONDUCT STANDARD DEFINED

Each student enrolled or in attendance in any college, school or unit under the control of the board and every student
organization, association, publication, club or chapter shall obey (1) the laws of the city, state and nation; (2) the
bylaws and resolutions of the board, including the rules and regulations for the maintenance of public order pursuant to
article 129-a of the education law ("Henderson rules"); and (3) the governance plan, policies, regulations, and orders of
the college. Such laws, bylaws, resolutions, policies, rules, regulations and orders shall, of course, be limited by the
right of students to the freedoms of speech, press, assembly and petition as construed by the courts.

SECTION 15.2. STUDENT ORGANIZATIONS

a. Any group of students may form an organization, association, club or chapter by filing with the duly elected student
government organization of the college or school at which they are enrolled or in attendance and with an officer to be
designated by the chief student affairs officer of the college or school at which they are enrolled or in attendance (1) the
name and purposes of the organization, association, club or chapter, (2) the names and addresses of its president and
secretary or other officers corresponding in function to president and secretary.

The board recognizes that students have rights to free expression and association. At the same time, the board strongly
believes that respect for all members of the university's diverse community is an essential attribute of a great university.

b. Extra-curricular activities at each college or school shall be regulated by the duly elected student government
organization to insure the effective conduct of such college or school as an institution of higher learning and for the
prevention of activities which are hereafter proscribed or which violate the standards of conduct of the character set
forth in bylaw 15.1. Such powers shall include:

1. The power to charter or otherwise authorize teams (excluding intercollegiate athletics), publications, organizations,
associations, clubs or chapters, and, when appropriate in the exercise of such regulatory power, the power to refuse,
suspend or revoke any charter or other authorization for cause after hearing on notice.

2. The power to delegate responsibility for the effective implementation of its regulatory functions hereunder to any
officer or committee which it may appoint.

c. 1. Any person or organization affiliated with the college may file a complaint with the chief student affairs officer if
there is reason to believe that a student organization has violated any of the standards of conduct set forth in section
15.1 above. The chief student affairs officer shall promptly notify the affected organization, investigate any complaint
and report the results of that investigation along with a recommendation for appropriate action to the complainant and
the student government which shall take action as it deems appropriate, except that in the case of a complaint against
the student government itself, the chief student affairs officer shall report the results of the investigation and the
recommendation for appropriate action directly to the president.

2. The complainant or any student organization adversely affected by the action of the student government pursuant to
subparagraph c (1) above may appeal to the president. The president may take such action as he or she deems
appropriate and such action shall be final.
d. Each college shall establish a student elections review committee in consultation with the various student governments. The student elections review committee shall approve the election procedures and certify the results of elections for student governments, and student body referenda. Decisions of the student elections review committee may be appealed to the college president, whose decision shall be final. An appeal from the decision of the student elections review committee must be made in writing to the President within ten (10) calendar days of the decision. The President shall consult with the student elections review committee and render a decision as expeditiously as possible which may affirm, reverse, or modify the decision of the student elections review committee.

e. Student government elections shall be scheduled and conducted, and newly elected student governments shall take office, in accordance with policies of the board, and implementing regulations.

SECTION 15.3. THE UNIVERSITY STUDENT SENATE

There shall be a university student senate responsible, subject to the board of trustees, for the formulation of university-wide student policy relating to the academic status, role, rights and freedoms of the student. The authority and duties of the university student senate shall not extend to areas of interest which fall exclusively within the domain of the student governments of the constituent units of the university. Consistent with the authority of the board of trustees in accordance with the education law and the bylaws of the board of trustees, the university student senate shall make its own bylaws providing for the election of its own officers, the establishment of its own rules and procedures, for its internal administration and for such other matters as is necessary for its existence. The university student senate shall have the full rights and responsibilities accorded student organizations as provided in these bylaws. The delegates and alternate delegates to the university student senate shall be elected by their respective constituencies, or by their student governments from the elected members of the respective student governments.

SECTION 15.4. STUDENT DISCIPLINARY PROCEDURES

Complaint Procedures

a. A University student, employee, visitor, organization or department who/which believes she/he/it is the victim of a student's misconduct (hereinafter "complainant") may make a charge, accusation, or allegation against a student (hereinafter "respondent") which if proved, may subject the respondent to disciplinary action. Such charge, accusation, or allegation must be communicated to the chief student affairs officer of the college the respondent attends.

b. The chief student affairs officer of the college or her or his designee shall conduct a preliminary investigation in order to determine whether disciplinary charges should be preferred. The chief student affairs officer or her or his designee shall advise the respondent of the allegation against her or him, explain to the respondent and the complainant their rights, consult with other parties who may be involved or who have information regarding the incident, and review other relevant evidence. The preliminary investigation shall be concluded within thirty (30) calendar days of the filing of the complaint, unless: (i) said complaint involves two or more complainants or respondents; or (ii) said complaint involves a matter that is also under investigation by law enforcement authorities. In those cases, the preliminary investigation shall be completed within sixty (60) calendar days. Further, if the matter has been previously investigated pursuant to the Board of Trustees Policy on Sexual Misconduct, the chief student affairs officer shall dispense with a preliminary investigation and rely on the report completed by the Title IX Coordinator. Following the completion of the preliminary investigation, the chief student affairs officer or designee shall take one of the following actions:

(i) Dismiss the matter if there is no basis for the allegation(s) or the allegation(s) does not warrant disciplinary action. The individuals involved shall be notified that the complaint has been dismissed;

(ii) Refer the matter to mediation (except in cases involving allegations of sexual assault, stalking or other forms of sexual violence); or

(iii) Prefer formal disciplinary charges.

c. In the event that a respondent withdraws from the college after a charge, accusation or allegation against a respondent has been made, and the college prefers formal disciplinary charges, the respondent is required to participate in the disciplinary hearing or otherwise to resolve the pending charges and shall be barred from attending any other unit...
of the university until a decision on the charges is made or the charges are otherwise resolved. If the respondent fails to appear the college may proceed with the disciplinary hearing in absentia, and any decision and sanction shall be binding.

d. The college may offer the respondent and the complainant the opportunity to participate in a mediation conference prior to the time the disciplinary hearing takes place in an effort to resolve the matter by mutual agreement (except in cases involving sexual assault, stalking and other forms of sexual violence). The conference shall be conducted by a qualified staff or faculty member designated by the chief student affairs officer. The following procedures shall be in effect at this conference:

1. An effort shall be made to resolve the matter by mutual agreement.

2. If an agreement is reached, the faculty or staff member conducting the conference shall report her/his recommendation to the chief student affairs officer for approval and, if approved, the complainant and the respondent shall be notified, and a written memorandum shall be created memorializing the resolution and any consequences for non-compliance.

3. If no agreement is reached within a reasonable time, or if the respondent fails to appear, the faculty or staff member conducting the conference shall refer the matter back to the chief student affairs officer who may prefer disciplinary charges.

Mediation Conference
d. The mediation conference shall be conducted by a qualified staff or faculty member designated by the chief student affairs officer. The following procedures shall be in effect at this conference:

1. An effort will be made to resolve the matter by mutual agreement.

2. If an agreement is reached, the faculty or staff member conducting the conference shall report his/her recommendation to the chief student affairs officer for approval and, if approved, the complainant shall be notified, and a written memorandum shall be created memorializing the resolution and any consequences for non-compliance.

3. If no agreement is reached, or if the respondent fails to appear, the faculty or staff member conducting the conference shall refer the matter back to the chief student affairs officer who may prefer disciplinary charges.

4. The faculty or staff member conducting the mediation conference is precluded from testifying in a college hearing regarding information received during the mediation conference.

Notice of Hearing and Charges, and Pre-Hearing Document Inspection
e. Notice of the charge(s) and of the time and place of the hearing shall be personally delivered to the respondent, or sent by certified or overnight mail and email to the respondent's CUNY-assigned email address. Notice shall also be sent in a similar manner to the complainant to the extent the charges relate to her/him/it. The chief student affairs officer is also encouraged to send the notice of charges to any other e-mail address that he or she may have for the respondent and the complainant. The hearing shall be scheduled within a reasonable time following the filing of the charges or the mediation conference. Notice of at least seven (7) calendar days shall be given to the respondent in advance of the hearing unless the respondent consents to an earlier hearing. The respondent is permitted one (1) adjournment as of right. Additional requests for an adjournment must be made at least five (5) calendar days prior to the hearing date, and shall be granted or denied at the discretion of the chairperson of the faculty-student disciplinary committee. If the respondent fails to respond to the notice, appear on the adjourned date, or request an extension, the college may proceed in absentia, and any decision and sanction shall be binding.

f. The notice shall contain the following:

1. A complete and itemized statement of the charge(s) being brought against the respondent including the rule, bylaw or regulation she/he is charged with violating, and the possible penalties for such violation.
2. A statement that the respondent and the complainant have the right to attend and participate fully in the hearing including the right:

(i) to present their side of the story;
(ii) to present witnesses and evidence on their behalf;
(iii) to cross-examine witnesses presenting evidence;
(iv) to remain silent without assumption of guilt; and
(iv) to be represented by an advisor or legal counsel at their expense; if the respondent or the complainant request it, the college shall assist in finding a legal counsel or advisor.

3. A warning that anything the respondent says may be used against her/him at a non-college hearing.

4. At least five (5) calendar days prior to the commencement of a student disciplinary hearing, the college shall provide the respondent and the complainant and/or their designated representative, with similar and timely access to review any documents or other tangible evidence that the college intends to use at the disciplinary hearing, consistent with the restrictions imposed by Family Education Rights and Privacy Act ("FERPA"). Should the college seek to introduce additional documents or other tangible evidence during, or some time prior to, the disciplinary hearing, the respondent and the complainant shall be afforded the opportunity to review the additional documents or tangible evidence. If during the hearing the respondent submits documentary evidence, the chairperson may, at the request of either the college or the complainant, direct the respondent to produce such other documents as may be necessary in the interest of fairness.

Emergency Suspension

g. The president or her/his designee may in emergency or extraordinary circumstances, temporarily suspend a student pending an early hearing as provided in this bylaw section 15.4. to take place within not more than twelve (12) calendar days, unless the student requests an adjournment. Such suspension shall be for conduct which impedes, obstructs, impairs or interferes with the orderly and continuous administration and operation of any college, school, or unit of the university in the use of its facilities or in the achievement of its purposes as an educational institution. Prior to the commencement of a temporary suspension of a student, the college shall give the student oral notice (which shall be confirmed via email to the address appearing on the records of the college) or written notice of the charges against her/him and, if she/he denies them, the college shall forthwith give the student an informal oral explanation of the evidence supporting the charges and the student may present informally her/his explanation or theory of the matter. When a student's presence poses a continuing danger to person or property or an ongoing threat of disrupting the academic process, notice and opportunity for denial and explanation may follow suspension, but shall be given as soon as feasible thereafter. The complainant shall be notified in the event that an emergency suspension is imposed against a student, and/or when the suspension is subsequently lifted to the extent that the suspension involves the complainant in the same manner notice is given to the student.

Faculty-Student Disciplinary Committee Structure

h. Each faculty-student disciplinary committee shall consist of two (2) faculty members or one (1) faculty member and one (1) member of the Higher Education Officer series (HEO), and two (2) student members and a chairperson, who shall be a faculty member. A quorum shall consist of the chairperson and any two (2) members, one of whom must be a student. Hearings shall be scheduled promptly (including during the summers) at a convenient time and efforts shall be made to insure full student and faculty representation.

i. The president shall select in consultation with the head of the appropriate campus governance body or where the president is the head of the governance body, its executive committee, three (3) members of the faculty of that college to receive training and to serve in rotation as chairperson of the disciplinary committee. The following schools shall be required to select two (2) chairpersons: CUNY School of Law, Guttman Community College, CUNY School of Professional Studies, and the CUNY School of Journalism. If none of the chairpersons appointed from the campus can
serve, the president, at her/his discretion, may request that a chairperson be selected by lottery from the entire group of
chairpersons appointed by other colleges. The chairperson shall preside at all meetings of the faculty-student
disciplinary committee and decide and make all rulings for the committee. She/he shall not be a voting member of the
committee but shall vote in the event of a tie.

j. The faculty members shall be selected by lot from a panel of six (6) elected biennially by the appropriate faculty body
from among the persons having faculty rank or faculty status. CUNY School of Law, Guttman Community College,
CUNY School of Professional Studies, and the CUNY School of Journalism shall be required to select four (4) faculty
members. The HEO members shall be selected by lot from a panel of six (6) HEO appointed biennially by the
president. CUNY School of Law, Guttman Community College, CUNY School of Professional Studies, and the CUNY
School of Journalism shall be required to select four (4) HEO's. The student members shall be selected by lot from a
panel of six (6) elected annually in an election in which all students registered at the college shall be eligible to vote.
CUNY School of Law, Guttman Community College, CUNY School of Professional Studies, and the CUNY School of
Journalism shall be required to select four (4) students. In the event that the student or faculty panel or both are not
elected, or if more panel members are needed, the president shall have the duty to select the panel or panels which have
not been elected. No individuals on the panel shall serve on the panel for more than four (4) consecutive years.
Notwithstanding the above, in cases of sexual assault, stalking and other forms of sexual violence, the president shall
designate one (1) chairperson, two (2) faculty/HEO members, and two (2) students, who shall be specially trained, and
who shall constitute the faculty-student disciplinary committee in all such cases.

k. In the event that the chairperson cannot continue, the president shall appoint another chairperson. In the event that a
seat becomes vacant and it is necessary to fill the seat to continue the hearing, the seat shall be filled from the
respective faculty, HEO, or student panel by lottery.

l. Each academic year, the chief student affairs officer, and her or his designee, shall appoint/identify one or more
college employees to serve as presenters for the hearings. This list shall be forwarded to the Office of the Vice
Chancellor for Student Affairs, and the Office of the General Counsel and Sr. Vice Chancellor for Legal Affairs prior
to the first day of the academic year.

m. Persons who are to be participants in the hearings as witnesses or have been involved in preferring the charges or
who may participate in the appeals procedures or any other person having a direct interest in the outcome of the hearing
shall be disqualified from serving on the committee.

**Faculty-Student Disciplinary Committee Procedures**

n. The following procedures shall apply at the hearing before the faculty-student disciplinary committee:

1. The chairperson shall preside at the hearing. The chairperson shall inform the respondent of the charges, the hearing
procedures and her or his rights.

2. All faculty student disciplinary committee hearings are closed hearings, but the respondent has the right to request an
open public hearing. However, the chairperson has the right to deny the request and hold a closed hearing when an
open public hearing would adversely affect and be disruptive to the committee's normal operations, or when the
complainant in a case involving allegations of sexual assault, stalking, or other forms of sexual violence requests a
closed hearing. In the event of an open hearing, the respondent must sign a written waiver acknowledging that those
present will hear the evidence introduced at the hearing.

3. After informing the respondent of the charges, the hearing procedures, and her or his rights, the chairperson shall ask
the respondent to respond. If the respondent admits the conduct charged, the respondent shall be given an opportunity
to explain her/his actions before the committee and the college shall be given an opportunity to respond and present
evidence regarding the appropriate penalty. If the respondent denies the conduct charged, the college shall present its
case. At the conclusion of the college's case, the respondent may move to dismiss the charges. If the motion is denied
by the committee, the respondent shall be given an opportunity to present her or his defense.

4. Prior to accepting testimony at the hearing, the chairperson shall rule on any motions questioning the impartiality of
any committee member or the adequacy of the notice of the charge(s). Subsequent thereto, the chairperson may rule on
the admissibility of the evidence and may exclude irrelevant, unreliable or unduly repetitive evidence. In addition, if
either party wishes to question the impartiality of a committee member on the basis of evidence which was not
previously available at the inception of the hearing, the chairperson may rule on such a motion. The chairperson shall
exclude from the hearing room all persons who are to appear as witnesses, except the respondent and the complainant.

5. The college shall make a record of each fact-finding hearing by some means such as a stenographic transcript, an
audio recording or the equivalent. The college must assign a staff member for each hearing, with the sole responsibility
of ensuring that the hearing is recorded in its entirety. No other recording of the proceedings may be permitted. A
respondent who has been found to have committed the conduct charged after a hearing is entitled upon request to a
record of such a record without cost upon the condition that it is not to be disseminated except to the respondent's
representative or attorney. In the event of an appeal, both the respondent and the complainant are entitled upon request
to a copy of such a record without cost, upon the condition that it is not to be disseminated except to their
representatives or attorneys.

6. The college bears the burden of proving the charge(s) by a preponderance of the evidence.

7. The role of the faculty-student disciplinary committee is to listen to the testimony, ask questions of the witnesses,
review the testimony and evidence presented at the hearing and the papers filed by the parties and render a
determination. In the event the respondent is found to have committed the conduct charged, the committee shall then
determine the penalty to be imposed.

8. The college, the respondent and the complainant are permitted to have lawyers or other representatives act on their
behalf during the pendency of a disciplinary action, which shall include the calling and examining of witnesses, and
presenting other evidence. Any party intending to appear with an attorney shall give the other party 5 (five) calendar
days' notice of such representation.

9. The chairperson of the faculty-student disciplinary committee retains discretion to limit the number of witnesses and
the time of testimony for the presentations by any party and/or their representative.

10. In the event that the respondent is charged with a sexual assault, stalking or other forms of sexual violence, neither
the respondent nor the complainant shall be permitted to cross-examine the other directly. Rather, if they wish to, the
respondent and the complainant may cross-examine each other only through a representative. If either or both of them
do not have a representative, the college shall work with them to find a representative to conduct such cross-
examination. In the alternative, either party may provide written questions to the chairperson to be posed to the witness.

11. At the end of the presentations, the respondent and the complainant may introduce individual character references.
The college may introduce a copy of the respondent's previous disciplinary record, including records from any CUNY
institution the respondent has attended, where applicable, provided the respondent was shown a copy of the record prior
to the commencement of the hearing. The previous disciplinary record shall be submitted to the committee in a sealed
envelope, bearing the respondent's signature across the seal, and shall only be opened if the respondent has been found
to have committed the conduct charged. The previous disciplinary records, as well as documents and character
evidence introduced by the respondent, the complainant, and the college shall be opened and used by the committee for
dispositional purposes, i.e., to determine an appropriate penalty if the charges are sustained.

12. The committee shall deliberate in closed session. The committee shall issue a written decision, which shall be based
solely on the testimony and evidence presented at the hearing and the papers filed by the parties.

13. The respondent shall be sent a copy of the faculty-student disciplinary committee's decision within seven (7)
calendar days of the conclusion of the hearing, by regular mail and e-mail to the address appearing on the records of the
college. In cases involving two or more complainants or respondents, the respondent shall be sent a copy of faculty-
student disciplinary committee's decision within fourteen (14) calendar days of the conclusion of the hearing. The chief
student affairs officer is also encouraged to send the decision to any other e-mail address that he or she may have for
the respondent. The decision shall be final subject to any appeal. In cases involving a crime of violence or a non-
forcible sex offense, as set forth in FERPA, the complainant shall simultaneously receive notice of the outcome of the
faculty-student disciplinary committee's decision as it relates to the offense(s) committed against the complainant, in
the same manner as notice is given to the respondent.
14. When a disciplinary hearing results in a penalty of dismissal or suspension for one term or more, the decision is a university-wide penalty and the respondent shall be barred from admission to, or attendance at, any other unit of the university while the penalty is being served.

15. Disciplinary penalties shall be placed on a respondent's transcript unless a mediation agreement, the committee's decision, or the decision on any appeal under section 15.4(o) below, expressly indicate otherwise. For all undergraduate students, a penalty other than suspension or expulsion shall be removed from the respondent's transcript upon the request of the respondent after at least four (4) years have elapsed since the penalty was completed, unless the respondent has been found to have committed a subsequent violation pursuant to this Article. The chief student affairs officer shall be responsible for having any penalty removed from a student's transcript as provided above.

**Appeals**

o. A respondent or a complainant may appeal a decision of the faculty-student disciplinary committee to the president on the following grounds: (i) procedural error, (ii) newly discovered evidence that was not reasonably available at the time of the hearing, or (iii) the disproportionate nature of the penalty. The president may remand for a new hearing or may modify the penalty either by decreasing it (on an appeal by the respondent) or increasing it (on an appeal by the complainant). If the president is a party to the dispute, her/his functions with respect to an appeal shall be discharged by an official of the university to be appointed by the chancellor or her or his designee. If the penalty after appeal to the president is one of dismissal or suspension for one term or more, a respondent or a complainant may appeal to the board committee on student affairs and special programs. The board may dispose of the appeal in the same manner as the president.

p. An appeal under this section shall be made in writing within fifteen (15) calendar days after the delivery of the decision appealed from. This requirement may be waived in a particular case for good cause by the president or the board committee as the case may be. Within three (3) calendar days of the receipt of any appeal, either to the president or the board committee on student affairs and special programs, the appealing party shall be sent a written notice of the other party's appeal. In addition, the respondent and/or the complainant shall have the opportunity to submit a written opposition to the other party's appeal within fifteen (15) calendar days of the delivery of the notice of receipt of such appeal.

q. The president shall decide and issue a decision within fifteen (15) calendar days of receiving the appeal or within fifteen (15) calendar days of receiving papers in opposition to the appeal, whichever is longer. The board committee shall decide and issue a decision within five (5) calendar days of the meeting at which it hears the appeal.

**SECTION 15.5. ACTION BY THE BOARD OF TRUSTEES**

Notwithstanding the foregoing provisions of this article, the board of trustees reserves full power to suspend or take other appropriate action against a student or a student organization for conduct which impedes, obstructs, or interferes with the orderly and continuous administration and operation of any college, school, or units of the university in the use of its facilities or in the achievement of its purposes as an educational institution in accordance with procedures established by the board of trustees.

The provisions in a duly adopted college governance plan shall not be inconsistent with the provisions contained in this article.

**Adopted by the CUNY Board of Trustees**

**November 28, 2011**

**SECTION 16.1 STUDENT ACTIVITY FEE**

The student activity fee is the total of the fees for student government and other student activities. Student activity fees, including student government fees collected by a college of the university shall be deposited in a college central depository and, except where earmarked by the board, allocated by a college association budget committee subject to review by the college association as required in these bylaws.
SECTION 16.2 USE OF STUDENT ACTIVITY FEES - EXPENDITURE CATEGORIES

Student activity fee funds shall be allocated and expended only for the following purposes:

1. Extracurricular educational programs;
2. Cultural and social activities;
3. Recreational and athletic programs;
4. Student government;
5. Publications and other media;
6. Assistance to registered student organizations;
7. Community service programs;
8. Enhancement of the college and university environment;
9. Transportation, administration and insurance related to the implementation of these activities;
10. Student services to supplement or add to those provided by the university;
11. Stipends to student leaders.

SECTION 16.3 STUDENT GOVERNMENT FEE

The student government fee is that portion of the student activity fee levied by resolution of the board which has been established for the support of student government activities. The existing student government fees now in effect shall continue until changed. Student government fees shall be allocated by the duly elected student government, or each student government where more than one duly elected student government exists, for its own use and for the use of student organizations, as specified in section 15.2. of these bylaws, provided, however, that the allocation is based on a budget approved by the duly elected student government after notice and hearing, subject to the review of the college association.

Where more than one duly elected student government exists, the college association shall apportion the student government fees to each student government in direct proportion to the amount collected from members of each student government.

A student government activity is any activity operated by and for the students enrolled at any unit of the university provided, (1) such activity is for the direct benefit of students enrolled at the college, (2) that participation in the activity and the benefit thereof is available to all students enrolled in the unit or student government thereof, and (3) that the activity does not contravene the laws of the city, state or nation, or the published rules, regulations, and orders of the university or the duly established college authorities.

1. The college association shall have responsibility for the supervision and review over college student activity fee supported budgets. All budgets of college student activity fees, except where earmarked by the board to be allocated by another body, should be developed by a college association budget committee and recommended to the college association for review by the college association prior to expenditure. The college association shall review all college student activity fee, including student government fee allocations and expenditures for conformance with the
expenditure categories defined in Section 16.2. of this article and the college association shall disapprove any allocation or expenditure it finds does not so conform, or is inappropriate, improper, or inequitable.

2. A college association shall be considered approved for purposes of this article if it consists of thirteen (13) members, its governing documents are approved by the college president and the following requirements are met:

1. The governing board of the college association is composed of:
   1. The college president or his/her designee as chair.
   2. Three administrative members appointed by the college president.
   3. Three faculty members appointed by the college president from a panel whose size is twice the number of seats to be filled and the panel is elected by the appropriate college faculty governance body.
   4. Six student members comprised of the student government president(s) and other elected students with the student seats allocated on a basis which will provide representation to each government, where more than one exists, as nearly as practicable in proportion to the student activity fees provided by the students from the respective constituencies.

2. The college association structure provides a budget committee composed of members of the governing board, at least a majority of whom are students selected in accordance with section 16.5.(b) (1)(iv) of these bylaws. The budget committee shall be empowered to receive and review student activity fee budget requests and to develop a budget subject to the review of the college association. The college association may choose to not approve the budget or portions of the budget if in their opinion such items are inappropriate, improper, or inequitable. The budget shall be returned to the budget committee with the specific concerns of the college association noted for further deliberation by the budget committee and subsequent resubmittal to the college association. If the budget is not approved within thirty (30) days those portions of the budget voted upon and approved by the college association board will be allocated. The remainder shall be held until the college association and the budget committee agree.

3. The governing documents of the college association have been reviewed by the board's general counsel and approved by the board.

SECTION 16.6 MANAGEMENT AND DISBURSEMENT OF FUNDS

The college and all student activity fee allocating bodies shall employ generally accepted accounting and investment procedures in the management of all funds. All funds for the support of student activities are to be disbursed only in accordance with approved budgets and be based on written documentation. A requisition for disbursement of funds must contain two signatures; one, the signature of a person with responsibility for the program; the other, the signature of an approved representative of the allocating body.

All revenues generated by student activities funded through student activity fees shall be placed in a college central depository subject to the control of the allocating body. The application of such revenues to the account of the income generating organization shall require the specific authorization of the allocating body.

The chancellor or his/her designee shall promulgate regulations in a fiscal accountability handbook, to regulate all aspects of the collection, deposit, financial disclosure, accounting procedures, financial payments, documentation, contracts, travel vouchers, investments and surpluses of student activity fees and all other procedural and documentary
aspects necessary, as determined by the chancellor or his/her designee to protect the integrity and accountability of all student activity fee funds.

A college purposes fund may be established at each college and shall be allocated by the college president. This fund may have up to twenty-five (25) percent of the unearmarked portion of the student activity fee earmarked to it by resolution of the board, upon the presentation to the board of a list of activities that may be properly funded by student activity fees that are deemed essential by the college president.

Expenditures from the college purposes fund shall be subject to full disclosure under section 16.13. of these bylaws.

Referenda of the student body with respect to the use and amount of the college purposes fund shall be permitted under the procedures and requirements of section 16.12. of these bylaws.

The auxiliary enterprise board shall have responsibility for the oversight, supervision and review over college auxiliary enterprises. All budgets of auxiliary enterprise funds and all contracts for auxiliary enterprises shall be developed by the auxiliary enterprise budget and contract committee and reviewed by the auxiliary enterprise board prior to expenditure or execution.

The auxiliary enterprise board shall be considered approved for the purposes of this article if it consists of at least eleven (11) members, its governing documents are approved by the college president and the following requirements are met:

1. The governing board is composed of the college president or his/her designee as chair, plus an equal number of students and the combined total of faculty and administrative members.

2. The administrative members are appointed by the college president.

3. The faculty members are appointed by the college president from a panel whose size is twice the number of seats to be filled and the panel is elected by the appropriate college faculty governance body.

4. The student members are the student government president(s) and other elected students and the student seats are allocated on a basis which will provide representation to each government, where more than one exists, as nearly as practicable, in proportion to the student enrollment by headcount from the respective constituencies.

5. The auxiliary enterprise board structure provides for a budget and contract committee composed of a combined total of faculty and administrative members that is one more than the number of student members. The budget and contract committee shall be empowered to develop all contract and budget allocation proposals subject to the review and approval of the auxiliary enterprise board.

6. The governing documents of the auxiliary enterprise board have been reviewed by the board's general counsel and approved by the board.

SECTION 16.11 THE REVIEW AUTHORITY OF COLLEGE PRESIDENTS OVER STUDENT ACTIVITY FEE ALLOCATING BODIES AND AUXILIARY ENTERPRISE BOARDS

1. The president of the college shall have the authority to disapprove any student activity fee, including student government fee, or auxiliary enterprise allocation or expenditure, which in his or her opinion contravenes the laws of the city, state, or nation or any bylaw or policy of the university or any policy, regulation, or order of the college. If the college president chooses to disapprove an allocation or expenditure, he or she shall consult with the general counsel and vice chancellor for legal affairs and thereafter communicate his/her decision to the allocating body or auxiliary enterprise board.

2. The president of the college shall have the authority to suspend and send back for further review any student activity fee, including student government fee, allocation or expenditure which in his or her opinion is not within the
expenditure categories defined in section 16.2. of this article. The college association shall, within ten (10) days of receiving a proposed allocation or expenditure for further review, study it and make a recommendation to the president with respect to it. The college president shall thereafter consider the recommendation, shall consult with the general counsel and vice chancellor for legal affairs, and thereafter communicate his/her final decision to the allocating body as to whether the allocation or expenditure is disapproved.

3. The chancellor or his/her designee shall have the same review authority with respect to university student activity fees that the college president has with respect to college student activity fees.

4. All disapprovals exercised under this section shall be filed with the general counsel and vice chancellor for legal affairs.

5. Recipients of extramural student activity fees shall present an annual report to the chancellor for the appropriate board committee detailing the activities, benefits and finances of the extramural body as they pertain to the colleges where students are paying an extramural fee.

A referendum proposing changes in the student activity fee shall be initiated by a petition of at least ten (10) percent of the appropriate student body and voted upon in conjunction with student government elections.

1. Where a referendum seeks to earmark student activity fees for a specific purpose or organization without changing the total student activity fee, the results of the referendum shall be sent to the college association for implementation.

2. Where a referendum seeks to earmark student activity fees for a specific purpose or organization by changing the total student activity fee, the results of such referendum shall be sent to the board by the president of the college together with his/her recommendation.

3. At the initiation of a petition of at least ten (10) percent of the appropriate student body, the college president may schedule a student referendum at a convenient time other than in conjunction with student government elections.

4. Where the referendum seeks to affect the use or amount of student activity fees in the college purposes fund, the results of the referendum shall be sent to the board by the college president together with his/her recommendation.

The college president shall be responsible for the full disclosure to each of the student governments of the college of all financial information with respect to student activity fees.

The student governments shall be responsible for the full disclosure to their constituents of all financial information with respect to student government fees.

The student activity fee allocating bodies shall be responsible for the full disclosure of all financial information to its membership, to the college and to the student governments with respect to all of its activities.

The auxiliary enterprise board shall be responsible for the full disclosure of all financial information to its membership, to the college and to the student governments with respect to auxiliary enterprises.

For purposes of the foregoing paragraphs, full disclosure shall mean the presentation each semester of written financial statements which shall include, but need not be limited to, the source of all fee income by constituency, income from other sources creditable to student activity fee accounts, disbursements, transfers, past reserves, surplus accounts, contingency and stabilization funds. Certified independent audits performed by a public auditing firm shall be conducted at least once each year.
The payment of stipends to student leaders is permitted only within those time limits and amounts authorized by the board.

Campus Housing

Department of Residence Life
Residence Hall Office: (212) 481-4310
www.hunter.cuny.edu/livingathunter

Hunter College residents have the unique opportunity to enrich their learning experiences beyond the classroom by becoming involved in the Residence Life community. Residents can participate in a number of social, educational, and cultural programs designed to enhance their education and to promote positive relationships within the residences and the community at large.

Only a limited number of Hunter's 23,000 plus students have the opportunity to live in our residences. Scholar groups are given priority access, and are assigned to a specific residence to better build community among them.

The Brookdale Residence Hall is located at 425 East 25th Street and houses approximately 650 undergraduate students. This location offers the convenience of 24 hour security, an indoor pool, a basketball court and a game room managed by the Brookdale Council. All rooms are single occupancy and contain basic furnishings. Gender neutral rooms are available. Each floor has a main lounge, bathroom facilities and a kitchen.

97th Street Residence is located at 1760 3rd Avenue at 97th Street, and houses 99 undergraduate residents. This updated residence hall is equipped with everything you would expect plus a concierge, high tech gym, and laundry facility.

92nd Street Residence is located at 1395 Lexington Ave (at 92nd Street), and houses 36 undergraduate residents. This location offers a full complimentary membership to the 92nd Street's May Center for Health, Fitness & Sport, two weight-training rooms, two gyms, an indoor track, racquetball courts, steam rooms, saunas and a 25-yard ozone-purified swimming pool. Residents can also attend 92nd Street programs, events and classes at a discount.

Campus Implementation

Each campus shall implement these procedures and shall distribute them widely to administrators, faculty members and students and post them on the college Web site.

Career Development Services

805 East
(212) 772-4850
www.hunter.cuny.edu/studentservices/cds

The Office of Career Development Services helps Hunter College students to compete in the job market through a variety of services:

- **Career Counseling** Career counseling is an interactive process where students are assisted in discovering the career that will provide optimum personal satisfaction. Counselors meet with students individually and in small groups to explore and evaluate the student's academic strengths and concentration, additional training,
work history, interests, skills and personal traits. Counselors help uncover underlying factors that may impede progress toward decision making. Counselors also help the student develop a résumé, interviewing skills and job search skills. Alumni are also encouraged to use the services for assistance in job search and career change.

- **Internships** Internships provide the opportunity to gain pre-professional work experience in a setting related to a student's major course of study. Interns work in corporations, government agencies and nonprofit organizations. In addition to gaining work-related skills, students develop contacts for future employment and acquire job related experience to enhance their résumé and interview presentation and earn academic credit or stipends.

- **Employer Recruiting** Representatives recruit and interview students both on and off campus from a wide variety of fields to meet the employment needs of students in all majors.

- **Employer Visits** Employers and successful professionals, including alumni, come to Hunter to discuss career opportunities in their respective areas. Panelists explore current trends in various fields, offer suggestions for preparing for the competitive job market and describe their own careers. From these experiences, students learn about specific companies, their products and services, hiring trends and career opportunities.

- **The On Campus Recruiting Program** Graduating seniors have the opportunity to enroll in the On Campus Recruiting Program. Approved résumés are made available to participating employers for review. Employers select those candidates in whom they are interested and conduct interviews on and off campus.

- **CAREERHUNTER Job and Internship Data Base** Businesses and organizations in a wide variety of fields post part- and full-time jobs and internships with the Career Development Services office. Students and alumni can register in CAREERHUNTER, create a profile, upload a résumé, access the listings, and send the résumé directly to employers.

- **Career Resources** A wide variety of career information is available available both online and inhouse: skills and interest inventories, industry and job market information, employment trends, résumé and cover letter writing, interviewing and job search skills.

**Center for Occupational and Environmental Health**

7th Floor  
http://www.hunter.cuny.edu/health/coeh/  
(212) 481-8790  
Co-Directors: Andrew Burgie  
amandrew.burgie@hunter.cuny.edu,  
David Kotelchuck  
dkotelchuck@hunter.cuny.edu
The Hunter College Center for Occupational and Environmental Health was established in 1986 to improve workplace and environmental health by assisting worker and community efforts to understand and ameliorate hazardous conditions. The center conducts training classes to assist labor unions, government agencies and other groups to strengthen their capacity to respond to workplace hazards; assists communities in addressing urban environmental concerns; and sponsors graduate student internships in occupational and environmental health. Current areas of interest and study include asbestos, lead poisoning, hazardous waste and materials, asthma, air pollution, ergonomics and public health policy. The Center for Occupational and Environmental Health is funded by federal and state grants, labor unions and private foundations.

Center for Student Achievement

417 Hunter West
(212) 772-4890
http://www.hunter.cuny.edu/studentservices/csa

The Center for Student Achievement provides students with opportunities to develop and enhance their study methods. The Center provides assistance to students on academic probation. By offering programs such as Project Success and the Academic Success Coaching program we give students the opportunity to improve their academic skills. Project Success is a weekly seminar for students on academic probation, while the Academic Success Coaching program offers students who are academically at-risk individual meetings with a trained staff member. For more information about the services and resources, visit our Web site.

Certificates

Two certificates are available to students majoring in any discipline: Human Rights and Public Policy. These credentials contain 24 to 27 credits respectively.

**Children's Learning Center**

The Children's Learning Center at Hunter College offers a rich, developmentally appropriate environment for your child while you attend classes. The staff members are highly qualified to provide experiences and activities necessary for your child's development. The Center has two programs: Preschool (aged 2.5 - 5), and After-school (aged 6-12). Any Hunter student who is the parent or legal guardian of a child is eligible for this program. Students can be part time, full time, undergraduate, or graduate. Fees operate on a sliding scale and financial assistance is available to eligible students. Apply in person or online.

CLEP

Hunter College participates in the College Level Examination Program (CLEP), under which registered Hunter matriculated students can receive college credit by taking CLEP Subject Examinations. Only the subject Examinations listed in our CLEP Examinations handbook are honored. Please see the handbook for the Hunter's minimum qualifying score for each exam.

Hunter College does NOT accept CLEP GENERAL EXAMINATIONS. No student can earn more than 30 credits for CLEP plus AP, IB credit.

College Bookstore

1st Floor
Hunter West
(212) 650-3970

Hunter has a new vendor for the bookstore at the college. Follett has taken over as Hunter's bookstore and has been on campus since October 19th. They have and will be accepting book adoptions for the spring 2012 semester.

The bookstore stocks required, supplementary and recommended text books (new, used, digital and rental), regulation school supplies, special course requirements and other academic and nonacademic items. The bookstore processes
orders for textbooks and clothing/gifts online at Hunter College Bookstore and accepts most forms of payment. The store also purchases used student textbooks at the end of each term.

**College Calendar: Schedule of Final Examinations**

A final examination is required in each course at the college during the examination period scheduled by the registrar, except in those courses in which the department has ruled that no examination shall be given. Since the final examination week is part of the semester hour requirement as mandated by the State Education Department, the period scheduled for final examinations should be used either for the final examination in the course or as an instructional period.

Students in an examination room may not have in their possession or within their reach any books or papers except those permitted by the instructor for use in the examination. Notes normally carried in pockets or handbags should be placed completely out of reach.

Students taking a drawing examination should bring their own implements. Students are not to possess an examination book at any time except during the examination period. Students should carefully fill out all information asked for on the front cover of every examination book used. If scratch paper is needed, students should use the back pages of the examination book; no other paper of any kind is to be used. All matter that is not intended to be read and marked by the examiner should be crossed out (but not torn out) before the examination book is handed in. No pages are to be torn from examination books.

The student is responsible for making sure that the instructor receives the examination book. Students may leave the examination room as soon as they finish. Quiet should be maintained in passing through the halls.

Students obliged to withdraw from an examination because of illness will be counted as absent from the examination and are permitted to take an absentee examination, as explained in the section on Incomplete Work in Course.

For information on absence from final examination for other reasons, see section on Incomplete Work in a Course.

**College Credit Exams**

There are a variety of exams available for high school students to gain college credit before they enroll. Currently, Hunter College accepts the Advanced Placement (AP) exam, the International Baccalaureate (IB) exam, GCE (The General Certificate of Education Advanced Level generally termed the GCE Advanced Level or more commonly the A-level). Hunter students may be granted as much as a year of degree credit (normally 30 credits) for Advanced Placement, International Baccalaureate, GCE, College -Level Examination Program (CLEP),Regent College Examinations (RCE), and College-Level coursework. College-Level Coursework Students who completed college-level coursework offered by an accredited senior or community college while in high school will receive credit for courses in which grades of C or better are earned. Official College transcripts must be submitted to the Office of Admissions at Hunter for credits to be awarded. Students must make sure they don't sign up for the same classes once they matriculate here.

**College Governance**

return to: Section I: Introduction

Hunter College has several governing assemblies, most of which provide for student participation.
The Hunter College Senate

Room 1018 Hunter East

The Hunter College Senate, chartered in 1970, is the principal governance body of the college and the only such body that holds a Governance Charter with the CUNY Board of Trustees. The Senate has authority to determine college policy in matters related to:

1. Curriculum
2. Academic requirements and standards
3. Instruction and the evaluation of teaching
4. College development, including master plan
5. Computing and technology

Representatives of the faculty, student body and administration constitute the voting membership of the Senate and serve for a term of two years. The elected officers of the Senate include the chairperson, vice-chairperson, secretary and the chairperson of the Evening Council, who constitute the Senate Administrative Committee. There are 18 standing committees and a varying number of special and ad-hoc committees. These committees accomplish much of the work of the Senate. Reports and Resolutions from these committees are discussed and voted on at Senate meetings. Membership on committees is representative and open to all faculty and students by election of the full Senate from a slate recommended by the Nominating Committee and by member nominations from the Senate floor.

Regular meetings of the Senate are planned for two hours and are held twice a month. Additional monthly meetings may be called as needed.

Election of faculty and student membership to the Senate occurs during the spring semester.

Faculty members and students are encouraged to become involved in the meetings of the Hunter College Senate and its committees.

Further information may be obtained by visiting the Senate Office.

The Faculty Delegate Assembly

Room 1414 Hunter East

All Hunter faculty, full and part-time, are members of the Faculty Delegate Assembly, which serves to address faculty concerns regarding teaching, research, and the quality of professional life at Hunter and CUNY. We provide a forum for free and open consideration of significant issues at monthly general meetings. Each academic department in the college elects two members to attend these events, which are also open to all other members and usually include invited speakers from both inside and outside of the college. The FDA also hosts a coffee service in the faculty lounge at the 68th Street campus on most afternoons, organizes social events each semester, publishes a newsletter, The Faculty Voice, and is responsible for periodic updates of the Faculty Handbook.

The Student Governments

Undergraduate Room 121 Hunter North

Graduate Room 218 Thomas Hunter

These elected student groups have an essential role in the life of the college by allocating the Student Activity Fee, as well as facilitating the chartering of student organizations. All of the elected officers serve as student representatives on
The official name of the college, which must be used in correspondence and on application forms for employment, admission to graduate school and transfer to other institutions, is "Hunter College of The City University of New York." Merely referring to "The City University of New York" or "CUNY" will result in the correspondence or application being sent to the Board of Trustees, thereby causing delay in processing.

College Now

Students at New York City public high schools may acquaint themselves with undergraduate life by participating in Hunter College Now. Activities range from workshops for sharpening writing or mathematics skills to college-level courses across the arts and sciences. Each summer, Hunter College Now focuses on the sciences and mathematics by hosting high-performing students at the Summer Institute for accelerated coursework that is complemented by tutoring,
college guidance and co-curricular activities. Admission to college-level courses offered through College Now is competitive. To qualify for college-level coursework, including the Summer Institute, a student must demonstrate mastery of basic mathematics and/or verbal skills, depending on the discipline, as measured by the SAT, PSAT and English language arts and mathematics Regents exams. College Now offerings, including credit-bearing courses, are provided at no cost.

**College Preparatory Initiative**

Students who graduated from high school in spring 1993 or later are required to satisfy a set of prescribed educational competencies known as the College Preparatory Initiative (CPI). Students who do not satisfy the Initiative through coursework taken while in high school take appropriate college-level courses to meet the requirement. See the Admissions section of this catalog for CPI requirements.

**College Regulations**

return to: Section V: Institutional Policies

Students should be aware of the following regulations:

- Students may not have personal or business mail or telegrams addressed to them at the college.
- The college cannot deliver messages to students except in cases of grave emergency.
- If a student has a visitor, a visitor's pass from the Office of Student Services is required.
- Students are required to present proper identification (Hunter ID Card) upon the request of any college official.
- The college does not provide a check-cashing service.
- No student or outsider may use any part of the college buildings (including bulletin boards) for soliciting or selling any merchandise without written permission from the dean of students, or operating a business for personal gain within the college.
- No student may be a self-appointed representative of the college.
- No pets or animals (except seeing-eye dogs and certified service dogs) may be brought into college buildings.
- The use, possession and/or distribution of hallucinogenic drugs, barbiturates, amphetamines, narcotics and other dangerous drugs is prohibited by law and therefore by college regulations.
- Only wine and beer may be served at student sponsored functions. A representative of the sponsoring group must be present at the bar to assure compliance with the minimum drinking age.

**Comparative Literature Faculty Committee**

Return to the Faculty of the School of Arts and Sciences

**Sarah Chinn**, Associate Professor and Chair, English; PhD Columbia

**Chris Stone**, Associate Professor, Arabic Division, Classical and Oriental Studies; MA, PhD Princeton

**Paolo Fasoli**, Associate Professor and Chair, Romance Languages (Italian); Dottore in Letttere Universita' di Roma II (Italy), PhD Toronto (Canada)

**Robert Koehl**, Professor, Classics Division and Chair, Classical and Oriental Studies, PhD University of Pennsylvania
Elke Nicolai, Associate Professor and Chair, German; BA, MA, PhD Siegen (Germany)

Anselmo Di Iorio, Associate Professor, French; BA Grinnell, MA, PhD Pennsylvania

Return to the Comparative Literature Program

Computer Science

Return to the Faculty of the School of Arts and Sciences

Debroy, Saptarshi, Assistant Professor; PhD, Central Florida; Cyber-security, big data networking, distributed and cloud computing, wireless networking.

Epstein, Susan L., Professor; PhD, Rutgers; Problem solving, machine learning, cognitive modeling, knowledge representation, constraint satisfaction programming, bioinformatics.

Khatchadourian, Raffi, Assistant Professor; PhD, Ohio State; Software engineering and software security, formal methods, automated software evolution, static and dynamic program analysis.

Mneimneh, Saad, Assistant Professor; PhD, Massachusetts Institute of Technology; Fast network switches, optical routing, graph problems, and computational biology.

Sakas, William G., Associate Professor and Chair; PhD, CUNY Graduate Center; Cognitive science, computational models of language acquisition, computational linguistics.

Schaffer, Cullen, Associate Professor; PhD, Rutgers; Computation-intensive approaches to data analysis.

Schweitzer, Eric, Lecturer; MA, SUNY at Stonybrook; Theory of computation, logics of knowledge and probabilistic reasoning.

Shankar, Subash, Associate Professor; PhD, Minnesota; Software engineering, formal methods, automated reasoning, system modeling, analysis and verification.

Stamos, Ioannis, Associate Professor; PhD, Columbia; Computer vision and computer graphics, range sensing, 3-D modeling; range segmentation, sensor fusion, range-range and range-image registration.

Weiss, Stewart N., Associate Professor; PhD, NYU; Software testing, analysis verification, reliability theory, parallel architecture and computing.

Vazquez-Abad, Felisa, Professor; PhD, Brown; Stochastic optimization, modeling and simulation of random processes, statistical estimation of sensitivity for discrete event systems, applied probability, applications of decision making.

Xie, Lei, Associate Professor; PhD, Rutgers; Computational techniques to study the structure, function, dynamic, and evolution of molecular interactions. Bridging the basic sciences with clinical research.

Xu, Jia, Assistant Professor; PhD, Technical University of Aachen (Germany); Computational linguistics, natural language processing, artificial intelligence, machine translation, machine learning.
Zamfirescu, Christina, Professor; PhD, Technical University of Aachen (Germany); Graph theory, algorithms on graphs, transformation networks, discrete mathematics, intersection digraphs, evaluating complexity in chemical topology using graph theory.

Continuing Education

Continuing Education at Hunter College offers non-credit courses for adults in a variety of disciplines. Classes in academic skill development, test preparation (for GED, GRE, GMAT, LSAT), personal finance, nursing, foreign languages, creative writing, social dance, fitness, computers, business and professional development. A variety of Professional Certificate Programs—such as Interpretation/Translation, Legal Studies, Medical Coding and Billing, and Graphic Design—are also offered. Whether students are new to the workforce, looking for a career change or simply looking to learn a new skill, our continuing education programs are designed to enhance professional development and personal enrichment. For more information about the classes offered, call (212) 650-3850 or visit the Continuing Education Web site at www.hunter.cuny.edu/continuinged.

Counseling & Wellness Services

1123 East (212) 772-4931
hunter.cuny.edu/studentservices/pcs

Counseling Services offers free and confidential assessment and short-term counseling to enrolled Hunter College students. Professional counselors assist students with personal and emotional difficulties that may interfere with academic progress and success. Additional services include crisis intervention and referrals to community agencies and resources. Counselors are also available to provide consultation services to the entire Hunter College community.

Wellness Services maintains two divisions: Health Services and Health Promotion & Education.

- Health Services is responsible for processing student immunization records, and also offers a variety of preventative health screens and access to health-related resources. In addition, Health Services distributes physical activity cards (PAC) required for use in all recreation programs and facilities. 307 Hunter North (212)-772-4800
- Health Promotion & Education aims to enhance and advance the health and wellness of students in support of personal and academic success. Health Educators conduct outreach to educate students about health-related topics and the relationship between mental health and wellbeing and academic functioning and success, equip students with knowledge and skills to make informed and proactive decisions regarding their health, and assist in developing healthy lifestyle habits. 307 Hunter North (212)-772-4909

Courses at Other Accredited Institutions (ePermit)

Currently enrolled degree students may take courses at other accredited institutions (CUNY or other) provided the appropriate procedures are followed.

A department may refuse to authorize a permit if, in its judgment, it is inappropriate to do so.
For more information on Permits and Epermits, please visit the One Stop web page at www.hunter.cuny.edu/onestop and under the Registration column select Taking a Course Outside Hunter.

Students wishing to apply for courses at another CUNY campus may do so by submitting an E-permit via CUNY First. At the Student Center page, use the drop down menu and click on epermit to begin the process. Students wishing to register for courses at non-CUNY institutions must complete a permit form to attend another college. The form is available in the Records Unit of the Office of the Registrar, 223 Hunter North Building (at the 68th Street campus).

In all cases, permits are authorized by the appropriate department and administered by the Office of the Registrar.

It is the responsibility of students who study at other institutions to have official transcripts of their work sent to the Office of the Registrar as soon as grades are posted. Effective fall 2004, grades for courses taken on permit at CUNY schools are posted to the student's record and are computed in the GPA. All permit credits must be posted to student's Hunter transcripts prior to graduation.

*Note: Hunter students are advised not to take courses on permit during their final semester prior to graduation.*

### Faculty Advisory Committee
HR 12000 - Special Topics in Human Rights

This course covers special topics in human rights. Topics vary from semester to semester, and will often include topics related to human rights in particular countries or regions of the world, or themes within the field of human rights. Some examples of themes would include: theoretical foundations of human rights; human rights and international justice; international organizations and human rights; and, domestic and international politics of human rights. This course will generally be offered every semester, and certainly at least every two years. The course may be repeated four times for credit with different topics.

*prereq: ENGL 12000; HR 20000 is recommended but not required
3 hrs
3 cr.*

HR 20000 - Introduction to Human Rights: History, Discourse, Practice (W)

**Pluralism and Diversity**
PD/D
GER
3/B

An introduction to the study of human rights. It explores the historical, philosophical, and legal roots of human rights as a political idea and institutionalized practice. It also addressed the contested nature of human rights as an idea and practice in contemporary societies. In addition to providing an introduction to the subject, the course is a requirement for students minoring in Human Rights or pursuing a Human Rights Certificate.

In order to pursue a Human Rights minor or Certificate, a student must receive at least a B (3.0) in this course. Students should take this introductory course in their sophomore year but must take it no later than the first semester of their junior year. This is a writing intensive course.

*prereq: ENGL 12000 or equivalent; one course in ethics, political philosophy, political theory, sociological theory, or permission from the instructors.
3 hrs
3 cr.
fall and spring; summer when possible

HR 25000 - Human Rights Internship

This is a practicum course. It involves students participating in an organization that identifies its mission as the promotion of human rights. The aim of the course is to educate students in the practical dimension of translating human rights discourse and law into practice. The course is required for students seeking a Human Rights Certificate or a minor in Human Rights.

*prereq: ENGL 12000 or equivalent; HR 20000 or equivalent
3 hrs
3 cr.
fall, spring, and summer

HR 26000 - Human Rights Internship Seminar (W)

This course critically evaluates the role of human rights organizations and human rights practices in determining the meaning and value of human rights.
prereq: ENGL 12000 and HR 20000
prereq or coreq: HR 25000
3 hrs
3 cr.
fall semesters on Wednesdays, 10:10 a.m. – 1:00 p.m. It is recommended that students not take an earlier Wednesday morning class, as site visits off campus may start at 10:00 a.m.

HR 32000 - Special Topics in Human Rights

This course covers special topics in human rights on an advanced undergraduate level. Topics vary from semester to semester, and will often include topics related to human rights in particular countries or regions of the world, or themes within the field of human rights. Some examples of themes would include: theoretical foundations of human rights; human rights and international justice; international organizations and human rights; and, domestic and international politics of human rights. This course will generally be offered every semester, and certainly at least every two years. May be repeated four times for credit with different topics.

prereq: ENGL 12000; HR 20000 or Permission of Instructor or Permission of Human Rights Program Director
3 hrs
3 cr.

HR 35000 - Human Rights Capstone Seminar (W)

This course involves the theoretical examination of constitutive problems in the discourse and practice of human rights, especially as they would inform the composition of a human rights academic research project. It requires participating students to present their research projects in the seminar and to compose a 20-25 page research paper on a human rights topic.

This course is specifically designed for students who are pursuing a Certificate in Human Rights. This is a writing intensive course.
prereq or coreq: HR 26000
Offered spring 2012; not offered fall 2011

HEGIS Codes: 1203 (Generic); 1203.10 (RN to BSN)

NURS 20000 - Introduction to Nursing

Introduction to essential theories, concepts, and values of the nursing profession. Emphasis on understanding the practice and principles of nursing. The principles of service-learning are introduced.
RN to BS only: fully online/hybrid

prereq: CHEM 10100; STAT 11300
coreq: Generic Pathway: NURS 21000; NURS 24000
Accelerated 2nd Degree: NURS 21000; NURS 22000; NURS 33100
30 hrs
2 cr.
offered fall

NURS 21000 - Nursing Fundamentals and Health Assessment

This course is designed to provide students with the tools required to perform a comprehensive physical assessment and review of a client’s history. The course will also introduce students to the nursing process, principles of infection control, and safety promotion. Students will learn inspection, auscultation, palpation, and percussion techniques. Emphasis is placed upon assessment of the well person with common health problems. Health promotion and maintenance strategies are highlighted for all age groups.

prereq: CHEM 10000/10100; STAT 11300
coreq: (Generic): NURS 20000; NURS 24000;
(A2D): NURS 20000; NURS 22000; NURS 33100
NURS 22000 - Adult Health and Illness

This class provides a knowledge base for effective nursing care of adult clients. Students will gain insight into the management of chronic illnesses. Through utilization of the nursing process, the student's role as client advocate, patient educator, and caregiver are further actualized. Methods of systematic analysis of research are introduced. Experimental learning in a variety of setting provide an opportunity for the student to promote, maintain and/or restore an optimum level of wellness in adult clients and families in collaboration with other members of the health team.

prereq: (Generic): NURS 20000; NURS 21000; NURS 24000; (A2D): CHEM 10000/10100; STAT 11300
coreq: NURS 33100, NURS 20000; NURS 21000; NURS 33100

22.5 hrs Lecture, 30 hrs Lab, 67.5 hrs. Clinical
4 cr.

NURS 24000 - Foundations of Genetics for Nurses

This course explores the implications of genetics on nursing practice. The basic principles of gene action and inheritance models are reviewed. Innovations in genetics and genomics research are examined and consideration is given to potential future clinical applications. This course will highlight the integration of genetic information into nursing practice including ethical, legal, and social issues.
For RN to BS students only.

Fully online/hybrid.
prereq: CHEM 10000/10100; STAT 11300
coreq: NURS 20000; NURS 21000

30 hrs. lecture
2 cr.

NURS 33100 - Pharmacology I

The first course presenting essential pharmacological information with a focus on respiratory, cardiovascular, renal, gastrointestinal, and neurolological systems. Emphasis is placed upon clinical applications and the nurse's role in drug therapy.

prereq: 1. Generic Program: NURS 20000; NURS 21000; NURS 24000
2. Accelerated 2nd Degree: CHEM 10000/10100; STAT 11300
coreq: 1. Generic Program: NURS 22000
2. Accelerated 2nd Degree: NURS 20000; NURS 21000; NURS 22000

3 hrs
3 cr.

NURS 33200 - Normal and Therapeutic Nutrition in the Nursing Process

This course introduces students to the principles of nutrition and their application to professional nursing practice. Examines macro- and micro-nutrients, the role of nutrition in disease prevention and health promotion throughout the life span. Nutrition-related nursing interventions are discussed for acute and critically ill patients and for patients with selected disorders including gastrointestinal and cardiovascular diseases, diabetes, cancer and HIV/AIDS.

prereq: NURS 22000

30 hrs
2 cr.
**NURS 33400 - Pathophysiology**

An intensive course focused on a molecular understanding of the disease process. The course emphasizes physiological disruptions, associated nursing care, and pharmacological management.

*prereq: CHEM 10000/10100; BIOL 23000*
*4 hrs*
*4 cr.*

**NURS 33900 - Pharmacology II**

This course is designed to further explore essential pharmacological information. The class will build upon information provided in NURS 33100 and provide insight into additional topics in pharmacotherapy, including substance abuse, chemotherapy, alternative medicine, and medications acting on the immune and endocrine systems.

*prereq: NURS 22000; NURS 33100*  
*coreq: NURS 33200; NURS 35200; NURS 38000*
*45 hrs. lecture*
*3 hrs.*

**NURS 34000 - Women's Health**

*Pluralism and Diversity*

**PD/C**

Designed to identify and analyze those factors which impact on the health status of women: biological, sociological, psychological, environmental, political.

*3 hrs*
*3 cr.*

**NURS 34200 - Ethical Issues in Nursing Practice**

Open to RN-BS and senior Generic Program students only. Examines ethical issues which arise from the practice of nursing in an interpersonal, professional, institutional and social context of diverse and competing values.

*3 hrs*
*3 cr.*

**NURS 34300 - Pathophysiology and Nursing Care**

This course examines biological mechanisms producing disruptions in homeostasis and resulting alterations in physiologic function. The course synthesizes knowledge and theories from nursing, psychosocial, and biological sciences as a foundation for the study of pathophysiology. Emphasis is placed on the molecular basis of illness, the resulting clinical manifestations, and key nursing interventions.

*prereq: 1. Generic Program: NURS 22000; NURS 24000; NURS 33900; NURS 38000*  
*2. Accelerated 2nd Degree: NURS 22000; NURS 33900*  
*coreq: 1. Generic Program: NURS 34900; NURS 36000*  
*2. Accelerated 2nd Degree: NURS 35200; NURS 36000; NURS 38000*
NURS 34500 - HIV/AIDS: An Interdisciplinary Perspective for Health Care Providers

Examines the impact of the HIV epidemic on the biological, psychological and social dimensions of persons affected by HIV/AIDS.

3 hrs
3 cr.

NURS 34600 - Death and Dying

Pluralism and Diversity
P/D B
Provides an overview of current theories, concepts, and practices associated with death, dying and end-of-life care.

3 hrs
3 cr.

NURS 34900 - Foundations of Ethics and End-of-Life Care

Core professional values and excellences, foundational ethical principles, and essential topics in end of life care will be introduced and explored during this course. Emphasis will be on acquiring generalized knowledge to enable the novice nurse to 1) apply ethical principles to practice, 2) develop the skills to practice with moral comportment and courage, and 3) understand the needs of the dying patient (and loved ones) in order to provide quality end of life care. At the completion of this course with required attendance for all modules, students will be designated “ELNEC Trained.”

prereq: NURS 22000, NURS 24000, NURS 38000
coreq: NURS 34300; NURS 36000
45 hrs. lecture
3 hrs.

NURS 35000 - Independent Study in Nursing

An opportunity to explore a topic relevant to nursing which is of individual interest.

1-3 hrs
1-3 cr.

NURS 35100 - Gender, Science and Technology

Pluralism and Diversity
PD/C
Explores the complex relationship between women and the sciences.
cross-listed WGSS 35100
3 hrs
3 cr.

NURS 35200 - Nursing Care of Women and Childbearing Families
The course focuses on the assessment, care, counseling, and education of women and childbearing families. Didactic and clinical learning opportunities focus on nursing practice with expectant mothers, neonates and their families in classroom and selected health care settings. This course provides the theoretical basis for the nursing management of healthy and high risk women and childbearing families. Standards and Guidelines for Professional Nursing Practice in the Care of Women and Newborns (7th edition) (2009) developed by the Association for Women's Health, Obstetric and Neonatal Nursing will be utilized to emphasize the nurse's key role in providing evidence-based care that is developmentally and culturally appropriate.

prereq: NURS 22000; NURS 33100  
coreq: (Generic) NURS 33200; NURS 33900; NURS 38000  
(A2D) NURS 34300; NURS 36000; NURS 38000;  
30 hrs. Lecture, 90 hrs. Clinical  
4 cr.

**NURS 36000 - Nursing Care of Infants, Children, and Adolescents**

This course provides an analysis of the biological, psychological, social, cultural and spiritual dimensions of the pediatric client as a member of a family system within a changing society. The learner is taught to provide care in the context of the client's developmental stage. Emphasis is on the application of the nursing process in health promotion, maintenance and/or restoration to optimum levels of wellness. Experiential learning in a wide variety of settings provides the opportunity for the student to collaborate with other members of the nursing team.

prereq: NURS 22000; NURS 33100  
coreq: (Generic) NURS 34300; NURS 34900  
(A2D) NURS 34300; NURS 35200; NURS 38000  
22.5 hrs: Lecture; 30 hrs: Lab; 67.5 hrs: Clinical  
4 cr.

**NURS 37900 - Nursing and Societal Forces in the Health Care Delivery System**

Open to RN-BS Program students only. This is the first course in the RN-BS Program curriculum and must be taken prior to or in conjunction with other required nursing courses depending on the pre/co requisites of the courses. Exploration of health care dilemmas through the integration of knowledge from nursing, social sciences and public health. Principles of service-learning are introduced.  
Fully online/hybrid  
3 hrs  
3 cr.

**NURS 38000 - Nursing Research and Theory**

Introduction to theory development and research in nursing.  
For RN to BS only: Fully online.  
prereq: Generic Program: NURS 22000  
Accelerated 2nd Degree: NURS 22000  
RN Program: STAT 11300  
coreq: Generic Program: NURS 33200; NURS 33900; NURS 35200  
Accelerated 2nd Degree: NURS 34300; NURS 35200; NURS 36000  
RN Program: None  
3 hrs  
3 cr.

**NURS 38100 - Health Assessment Throughout the Lifespan**
Open to RN-BS Program students only. Analysis of normal patterns of wellness for individual clients with emphasis on development of assessment skills.

Fully online.

Material Fee: $45

**NURS 38400 - Nursing Culturally Diverse Families**

**Pluralism and Diversity**

PD/B

Open to RN-BS Program students only. Explores the interrelationships between sociocultural factors and health care practices of families from diverse cultures as a basis for nursing practice. Principles of service-learning are reflected in the culturally competent interventions.

3 hrs

3 cr.

**NURS 39998 - Urban Disaster Response and the Health Care Team**

Provides the student with an understanding of the causes, prevention, and mitigation of disasters and insight into the disaster management system nationally and locally. The course will include content relevant to all disciplines in the disaster care continuum and focus on each individual health care member's role and responsibilities within these systems.

3 hrs

3 cr.

**NURS 42000 - Nursing Leadership and Ethics**

In this course, students will examine the roles of the professional leadership in leading and managing health care services and ensuring ethical nursing practice. The course examines trends in health care delivery and health policy, as well as registered nurses' accountability for delivering and overseeing the provision of safe, quality health care services consistent with the ethical principles of the nursing profession. Students will be introduced to principles of coordinating care, including delegation and assignment of nursing tasks and functions. The course addresses nurses' roles in advocating on behalf of patients, themselves and the profession.

**prereq:** NURS 45500; NURS 46000

**coreq:** NURS 47000; NURS 49000; NURS 49200

3 hrs

3 cr.

**NURS 42200 - Health Policy and Leadership**

This final-semester course examines the roles of the professional nurse in leading and managing health care services within a complex and evolving health system. The course examines trends in health care delivery and health policy, as well as registered nurses' accountability for delivering and overseeing the provision of safe, quality health care services. Principles of coordinating care, delegation and assignment of nursing tasks and functions, and collaboration with other health professions are addressed. The course examines nurses' roles in advocating on behalf of patients, themselves and the profession.

**prereq:** NURS 45500; NURS 46000

**coreq:** NURS 47000; NURS 49000; NURS 49200

45 hrs: Lecture

3 cr.
**NURS 42300 - Foundations of Ethics and Palliative Care**

An introduction to ethics and palliative care in nursing.

*prereq: CHEM 10000/10100; STAT 11300
3 hrs
3 cr.*

**NURS 44000 - Stress Management for Nurses**

An overview of stress and its effect upon behavior within the framework of the holistic man-wellness model.

3 hrs
3 cr.

**NURS 44100 - Selected Studies in Nursing Research**

Honors course. Utilization of basic knowledge in nursing research to critique and interpret studies and discuss their relevance and application in nursing.

*prereq: NURS 31000, 31200, 33100, 33200, 38000, 38100
3 hrs.
3 cr.*

**NURS 44200 - Nursing Care of Acute and Critically Ill Clients**

Examination of nursing knowledge and roles in caring for acute and critically ill clients and their families.

3 hrs
3 cr.

**NURS 44500 - Teaching-Learning Across the Developmental and Health Continua**

Pedagogical/androgogical principles of learning and instruction to enhance client teaching in the promotion, maintenance and/or restoration of health.

3 hrs
3 cr.

**NURS 45000 - Computer Concepts and Application in Nursing**

Study of computing concepts, principles, practices, and applications in nursing and health care.

3 hrs
3 cr.

**NURS 45500 - Public Health Nursing**

In lectures and in supervised clinical experiences, the student examines the roles of nurses in planning, delivering and evaluating health programs and services for families, communities and populations. The impact of social, economic and environmental determinants of human health is explored, as are tools for assessing the health status of communities and populations. The course introduces students to the global context of public and community health and examines nursing practice in areas including home health, environmental and school health. The role of nurses in preparing communities to plan for and recover from natural and human-made disasters is also examined.
NURS 46000 - Mental and Behavioral Health Nursing

This course introduces the learner to assessment and common interventions for care of patients across the lifespan who require mental and behavioral health care, including biological, psychological, social, cultural and spiritual dimensions of individuals. Disease/illness trajectories and their translation into clinical practice guidelines and standard procedures are considered in relation to their impact on providing culturally sensitive, person-centered care. Classroom, laboratory and clinical learning experiences in a variety of settings provide an opportunity for the student to practice delivering high quality and safe client care in collaboration with other members of the health team.

NURS 47000 - Adult Acute Illness/ Immersion Clinical

This course includes in-depth study of the biological, social, cultural and spiritual dimensions of the acutely and critically ill adults. Experiential learning in acute care settings provides an opportunity for the student to promote, maintain and/or restore an optimum level of health for these adults and their families in collaboration with other members of the health care team. Methods of systematic analysis of relevant research are discussed.

NURS 48000 - Promotion of Wellness in the Community

Open to RN-BS students only. Examination of family and community patterns as they relate to individual clients of all ages. Principles of service-learning are used in community-based clinical experiences to promote civic engagement. Combination online/hybrid.

NURS 48200 - Advancement of Roles and Relationships in Professional Nursing

Open to RN-BS Program students only. Explores the roles and relationships in nursing with a focus on leadership as the key to the professionalism of nursing. Principles of service-learning are reflected in the ongoing development of the professional role. This is the last course in the RN Program. Fully online-hybrid.

NURS 48300 - Politics of Health
An analysis of the relationships between politics and health status, health services and health care providers.

3 hrs  
3 cr.

**NURS 49000 - Gerontological Nursing**

This course provides a knowledge and skill base for effective nursing care of older adults. Evidence-based practice and theories guide the student in assisting the older adult and his/her family in understanding and managing health related issues in the aging process. The course includes an in-depth study of the biological, psychological, social, cultural and spiritual dimensions of the older adult client as a member of families and community systems within a changing society. The students learn to do a comprehensive assessment of the older adult using valid and reliable assessment tools. The nursing process is used as the foundation to assist the older adult to attain an optimal level of health. Concepts from related disciplines are explored as they impact on the promotion, maintenance and/or restoration of health. Experiential learning in a variety of settings provides the opportunity for the student to collaborate with inter-disciplinary health teams.

*prereq: NURS 45500; NURS 46000  
coreq: (Generic) NURS 42200; NURS 47000; NURS 49200  
(A2D) NURS 42000; NURS 47000; NURS 49200  
30 hrs: Lecture; 90 hrs: Clinical  
4 cr.*

**NURS 49100 - Gerontology for Nurses**

This course provides a knowledge and skill base for effective nursing care of older adult clients.

*prereq: CHEM 10000/10100  
3 hrs  
3 cr.*

**NURS 49200 - Advanced Synthesis of Nursing Knowledge**

This course will serve as a review of essential concepts and skills from the nursing curriculum. Students will focus on those concepts that they need to improve for the successful practice of professional nursing. Students will utilize the Hunter-Bellevue School of Nursing Learning Laboratory to review clinical skills practiced throughout the nursing curriculum. Students will also take a comprehensive examination to determine their mastery of professional nursing content.

*prereq: NURS 45500; NURS 46000  
coreq: (Generic) NURS 42200; NURS 47000; NURS 49000  
NURS 42000; NURS 47000; NURS 49000  
22.5 hrs: Lecture; 30 hrs: Lab  
2 cr.*

**NURS 49500 - Writing for Health Professionals: A Course for Undergraduates**

In this course, students explore and refine their powers of observation, description, and expression through writing. Students engage in prompted narrative writing exercises and produce new out-of-class writings that are discussed in small groups and revised. The cultural and personal context in which writing is produced and read is emphasized. Scholarly and literary works are discussed, as are blogs. Students are guided to explore and test strategies for overcoming personal challenges to timely, effective writing.
About the Program

The Program in Public Policy is an 18-credit undergraduate minor open to students in all disciplines. Students also have an option to receive a Certificate in Public Policy by taking 9 additional credits (for a total of 27 credits).

The Roosevelt House public policy program is based on the understanding that the preparation of informed individuals is the key to a vibrant participatory democracy. The program prepares students by providing essential research and rigorous analytical skills that are important goals of a strong liberal arts education. Our graduates are unique; they span many majors from Anthropology to Psychology, Chinese and Classics to Biology. Students have an opportunity to interact first-hand with policy experts and practitioners in New York City and Washington, DC, both in the classroom and outside, and learn how policies are created, how communities come together to demand change, who benefits from specific policies, and how to best measure the impact of laws. These are important skills that enable graduates to embark on careers in public affairs and the nonprofit sector, or remain engaged in public affairs—nationally and globally—regardless of their stated major and career aspirations.

To enroll in the public policy minor (18 credits) or certificate (27 credits), a student must have completed at least 45 credits of undergraduate study, with a minimum GPA of 3.0. Students must maintain a 3.0 GPA and receive a grade of B or higher in their public policy courses to remain in the program.

Public Policy

The Program in Public Policy is an 18-credit undergraduate minor open to students in all disciplines. Students also have an option to pursue 9 additional credits (for a total of 27 credits) to receive a Certificate in Public Policy upon graduation. The Roosevelt House program is based on the understanding that the preparation of informed citizens is essential to a healthy democracy and an important aspect of a liberal arts education. Unlike most graduate programs in public policy that are designed to prepare people for careers in the public and nonprofit sectors, the undergraduate program at Roosevelt House provides students with knowledge and skills that enable them to be active participants in a democratic society. Many of its graduates will undoubtedly go on to careers in the public and nonprofit sectors. Capable citizenship, however, is required in all walks of life; therefore the program can benefit all students regardless of their stated major, career goals, or personal objectives. To enroll in the public policy minor (18 credits) or certificate (27 credits), a student must have completed at least 45 credits of undergraduate study, with a minimum G.P.A. of 3.0.

Minor in Public Policy

An 18-credit undergraduate minor in public policy is open to students in all disciplines.

Core Requirements

**PUPOL 10000 - Introduction to Public Policy**

An interdisciplinary introduction to public policy utilizing the literature and tools of a variety of social science disciplines. This course introduces students to basic concepts and approaches in public policy. It will acquaint students with public policy as a field of study, the basic elements of the policy making process, and distinct modes for analyzing public policy and its outcomes. It will be team-taught by faculty from at least two related social science disciplines.

Writing Requirements: This course will require 20 to 25 pages of writing in the form of two take home essay examinations (4-5 pages each), a proposal for a final paper (3-5), and a final paper (8-10 pages).

Open only to students enrolled in the program. Cannot be used to fulfill any other requirements. This course is taken at the state of the art Roosevelt House.

*prereq: declaration of a minor/certificate in Public Policy and a minimum GPA requirement of 3.0
3 hrs
3 cr.*

**PUPOL 40000 - Capstone Seminar**

This writing intensive course is the culminating experience in the Public Policy minor/certificate. It provides students with an opportunity to apply the knowledge and skills acquired in their other courses to a specific policy problem. An interdisciplinary course, it will require students to make an inquiry into a specific policy problem. The project will be overseen jointly by a faculty adviser who specializes in the substantive area of public policy chosen and another faculty adviser in the program by writing a formal paper.

Each student will write an appropriately revised 5-7 page research proposal and a 20-25 page research paper involving primary research.

These courses are only open to students enrolled in the program. They cannot be used to fulfill any other requirements. This course is taken at the state of the art Roosevelt House.

*prereq: Students must have completed 45 credits, have a declared major, and a cumulative GPA of 3.0 or higher.*
3 hours  
3 credits  

Introduction to American Government and Politics  

POLSC 11000 - American Government: A Historical Introduction (W)  

**Hunter Core**  
US Experience in its Diversity (USED)  
GER  
1/C or 2/B  

Overview of the American political system from a historical perspective, with emphasis on the Constitution and its enduring influence, development of party systems and citizen participation and evolving role of Congress, presidency and courts.  

Not open to students who have passed CLEP or the AP American Government exam or who have taken or received transfer credit for POLSC 11100. Please note that all versions of Introduction to American Government taken at other colleges and universities or credited by examination (e.g., CLEP, AP American Government) are the equivalent of POLSC 11100. Students cannot use credit for both POLSC 11000 and POLSC 11100 to fulfill graduation requirements or major requirements.  

*prereq: ENGL 12000 (or equivalent)*  
*prereq or coreq: ENGL 12000 or its equivalent*  
3 hrs  
3 cr.  

One Course in Economic Analysis  

ECO 20000 - Principles of Microeconomics  

**Hunter Core**  
Scientific World (SW)  
GER  
2/B  

May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications.  

*prereq: MATH 10100 or exemption from the course*  
3 hrs  
3 cr.  

One Course in Quantitative Analysis  

ECO 22100 - Economic Statistics  

**Hunter Core**  
Mathematics and Quantitative Reasoning  
GER  
1/B  

Probability and statistics in the context of economics, business and public policy; data analysis, probability distributions, and hypothesis testing.
prereq: MATH 12500 or exemption from the course
3 hrs
3 cr.

**POLSC 20600 - Research Design in Political Science (W)**

**GER**
3/B

Public opinion surveys, content analysis, legislative roll-call analysis, census data, election returns. Introduction to statistics. Uses Social Science Data Lab.
*prereq: passing college proficiency exam in math or perm instr; ENGL 12000 or its equivalent*
3 hrs
3 cr.

**SOC 24000 - Introduction to Research Methods**

**GER**
3/B

Discussion of various research techniques and strategies including the survey method, field research, experiments, and content analysis. Firsthand involvement in the collection of quantitative data.
*prereq: SOC 10100*
3 hrs
3 cr.

**STAT 21300 (STEM) - Introduction to Applied Statistics**

**Hunter Core**
Math/Quantitative Reasoning
**GER**
1/B

Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.
*prereq: MATH 12500 or appropriate score on placement exam.*
3 hrs
3 cr.

One Course in Normative, Ethical, and Value Analysis. Such courses include but are not limited to:

**PHILO 10600 - Philosophy, Politics and Society**

**Hunter Core**
Individual and Society (Social Sciences) -I&S SS

**Pluralism and Diversity**
PDI/D
**GER**
2/C

Introduction to social and political philosophy.
PHILO 24400 - Moral Philosophy (W)

GER
3/A

Study of selected problems in philosophical ethics and moral psychology.
prereq: ENGL 12000 and one previous course in philosophy.
3 hrs
3 cr.

offered each semester

PHILO 10400 - Introduction to Ethics

Hunter Core
Individual and Society (Humanities) - I&S H
GER
2/C

Examination of standards of right conduct and the good life through study of selected philosophical classics.
3 hrs
3 cr.

offered each semester

SOC 21800 - Social Inequality

GER
3/B

Examination of social inequality in contemporary society from various empirical and theoretical perspectives focusing on class, ethnic, gender, and other determinants of stratification.
prereq: SOC 10100
3 hrs
3 cr.

POLSC 31100 - Utopian Theory (W)

GER
3/B

Political theorists often imagine ideal worlds, both to explore ideals and to criticize political realities. This course will explore utopias and dystopias as theories that explore political possibilities and challenge existing realities.
prereq: ENGL 12000 or its equivalent; one course in political theory or perm dept.
3 hrs
3 cr.

POLSC 30500 - Democratic Theory (W)
A critical survey of different conceptions of democracy: issues include democracy as a political order, democracy and 'non-political' forms of life (e.g., business, family, religion), toleration, political representation, democracy and justice.

_prereq or coreq: ENGL 12000 or its equivalent; one course in political theory or perm instr._

3 hrs
3 cr.

**Substantive Policy Specialization**

For the Public Policy Certificate each student will take the 6 core courses (18 credits) and will be required to declare a substantive area of specialization comprised of 3 courses (9 credits) of additional course work. These may be grounded in a particular discipline or disciplines. Or a student may use the substantive specialization to take advantage of clusters of expertise that exist across several Hunter departments. Examples of the latter include (but are not limited to) immigration, health, aging, gender studies, macroeconomics, public finance, economic development, race and ethnicity, public law, human rights, ethics, international relations, international trade, education, urban affairs, environmental studies, employment, and social services. Courses designated for the substantive specialization need approval by the faculty advisor.

**Additional Opportunities**

Hunter College offers other unique opportunities to its students. These options are designed to enrich the student experience in policy curriculum.

**Generic Policy Courses**

Advanced courses which build on the knowledge and skills acquired in the core courses and are applicable to students in a wide range of substantive specializations.

**Internships**

Undergraduate internship programs currently exist in a number of academic departments which are designed to give students a chance to work in a policy-related institutional setting outside the university, either in a government agency, nonprofit, think tank, or advocacy group. Some carry compensation, others are voluntary.

**Policy Colloquia**

A colloquium series will be launched at Roosevelt House that will allow students and faculty to come together several times a semester to discuss public policy issues. Guest speakers, including scholars and practitioners, with relevant expertise will be invited to discuss topics of the day either individually or in panels.

**Public Policy**

**PUPOL 10000 - Introduction to Public Policy**

An interdisciplinary introduction to public policy utilizing the literature and tools of a variety of social science disciplines. This course introduces students to basic concepts and approaches in public policy. It will acquaint students
with public policy as a field of study, the basic elements of the policy making process, and distinct modes for analyzing public policy and its outcomes. It will be team-taught by faculty from at least two related social science disciplines.

Writing Requirements: This course will require 20 to 25 pages of writing in the form of two take home essay examinations (4-5 pages each), a proposal for a final paper (3-5), and a final paper (8-10 pages).

Open only to students enrolled in the program. Cannot be used to fulfill any other requirements. This course is taken at the state of the art Roosevelt House.

prereq: declaration of a minor/certificate in Public Policy and a minimum GPA requirement of 3.0
3 hrs
3 cr.

**PUPOL 40000 - Capstone Seminar**

This writing intensive course is the culminating experience in the Public Policy minor/certificate. It provides students with an opportunity to apply the knowledge and skills acquired in their other courses to a specific policy problem. An interdisciplinary course, it will require students to make an inquiry into a specific policy problem. The project will be overseen jointly by a faculty adviser who specializes in the substantive area of public policy chosen and another faculty adviser in the program by writing a formal paper.

Each student will write an appropriately revised 5-7 page research proposal and a 20-25 page research paper involving primary research.

These courses are only open to students enrolled in the program. They cannot be used to fulfill any other requirements. This course is taken at the state of the art Roosevelt House.

prereq: Students must have completed 45 credits, have a declared major, and a cumulative GPA of 3.0 or higher.

3 credits

**Courses in Thomas Hunter Honors Program**

**Thomas Hunter Honors Program**

The interdisciplinary Thomas Hunter Honors Program provides some outstanding undergraduate students with a course of study suited to their individual needs and interests. Students selected for the Thomas Hunter Honors Program must show evidence of high academic potential, interdisciplinary interests and intellectual curiosity, as well as the willingness to explore unfamiliar fields and to accept challenges.

Students may apply for admission to the program on their own or they may be invited to participate in recognition of their outstanding academic records. Many graduates of the Thomas Hunter Honors Program go on to PhD programs in the various arts and sciences, or to law, medical and other professional schools. Others choose careers in a wide variety of professional, artistic and business fields.

**College Requirements**

The Thomas Hunter Honors Program requires that students maintain breadth in their programs, create a significant pattern of courses in at least two academic areas of investigation (Humanities and Arts, Social Sciences, Sciences and Mathematics), including at least one laboratory science course. All programs must be approved every semester by a Council adviser.
Students entering Hunter in fall 2013 or later, are required to complete the College's Common Core requirements. Note that all colloquia in the 200 or 300 series are "W" courses.

Thomas Hunter Honors Program

Major

Students in the Thomas Hunter Honors Program who wish to design an interdisciplinary major for themselves may do so in consultation with the appropriate Council adviser. The final transcript of such students designates the major as "Special Honors Curriculum." Most students in the Thomas Hunter Honors Program, however, elect to fulfill the requirements for one or more specific departmental majors. These students abide by departmental criteria for the major, and are expected to pursue departmental honors in their major. Their final transcript records the major as Special Honors Curriculum/Specific Department. Whatever their major concentration, all students in the Program must also successfully complete three special interdisciplinary honors colloquia (see further on) and maintain a cumulative grade point average of 3.5 or better until their final certification into the Program. Certification usually occurs in the student's junior year, when the Council, ruling on each case individually, decides that the student's continuing academic distinction, commitment to interdisciplinary work, and promise of future productivity warrant permanent membership in the Thomas Hunter Honors Program.

Thomas Hunter Honors Program students meet regularly in 200-level and 300-level colloquia, led by members of the Council on Honors and by other invited members of the faculty. Students take a minimum of three colloquia, one of
which must be at the 200-level, and one of which must be at the 300-level. While the specific content of these courses varies from semester to semester, the underlying principles remain the same.

The 200-level colloquium is taught by one professor, often a member of the Council on Honors, who studies a specific theme using the materials and methodologies of at least two disciplines. Students may take more than one of these colloquia if they so desire, but at least one must be taken during their first year in the Program. The 300-level honors colloquia are special seminars, usually conducted by two professors, devoted to topics lending themselves to broad interdisciplinary investigation. One of the required three colloquia must be a 300-level.

The colloquia offer breadth of exposure, but, even more importantly, they seek to demonstrate how knowledge gained from a variety of disciplines can be related and integrated in an effort to understand complex processes and phenomena. In all colloquia, students write at least one major paper, in which they apply the methodology of the course to material of particular interest to them.

Upon completion of 90 credits, Thomas Hunter Honors students may also be admitted by the Council to Advanced Interdisciplinary Studies, with the opportunity of engaging in advanced independent study under the Council's supervision. A thesis or other appropriate report of the results of the student's research is presented to the Council.

**Thomas Hunter Honors Program**

**HONS 20100 - Sophomore Honors Colloquium (W)**

*Pluralism and Diversity*

PD/D

Sample topics: Integrating the Irrational; Dante's World; Language, Learning, and Computation; Law and Literature; The Gothic; Ethics in Public Health. May be taken more than once with different topics. Some topics may meet a PD requirement; check with adviser.

*prereq: perm dept.*

3 hrs

3 cr.

**HONS 30100 - Upper-Level Honors Colloquium (W)**

*Pluralism and Diversity*

PD/D

Sample topics: Behavior and Evolution; Greek Myth in the Arts; Energy and Environment; Politics of Southern Africa. May be taken more than once with different topics. Some topics may meet a PD requirement; check with adviser.

*prereq: perm dept.*

3 hrs

3 cr.

**HONS 30199 - Interdisciplinary Independent Study**

*prereq: perm honors council*

3 hrs

3 cr.

**HONS 49100 - Advanced Interdisciplinary Studies**
Credit/ No Credit Policy

Credit/No Credit  A system based on the non-letter grades of Credit/No Credit, where Credit is the equivalent of A, B or C and No Credit is the equivalent of D or F. Credit/No Credit grades are not averaged into the GPA; course requirements are the same as in the traditional grading system.

ALERT/NOTE: OTHER COLLEGES, GRADUATE SCHOOLS, PROFESSIONAL SCHOOLS, SERVICES AND EMPLOYERS MAY LOOK WITH DISFAVOR UPON THE USE OF THE CREDIT/NO CREDIT GRADING OPTION AND MAY EVEN CONVERT CREDIT TO C AND NO CREDIT TO F FOR THEIR PURPOSES.

ALERT/NOTE: ELIGIBILITY FOR SOME FINANCIAL AID GRANTS MAY BE AFFECTED BY THE CHOICE OF CREDIT/NO CREDIT GRADES. THIS MUST BE CHECKED BY STUDENTS BEFORE THE OPTION OF CREDIT/NO CREDIT GRADES IS TAKEN.

There are certain restrictions about how and when the student may choose the Credit/No Credit system:

1. A maximum of four courses (including repeated courses) at Hunter College may be taken on a Credit/No Credit basis excluding remedial/developmental courses and any courses with mandatory CR/NC grading.

2. Credit/No Credit grades are not allowed for students on probation.

3. When a student chooses the Credit/No Credit option and earns a D as the final grade, the student may choose to receive either the D or a grade of No Credit.

4. If (as a result of a student's request) a Credit/No Credit is given where it is not an allowed grade according to existing regulations, it will be converted to a letter grade by the Registrar's Office, Room 217 Hunter North. Credit grades will be changed to C; No Credit grades will be changed to F.

5. With approval of the Senate, departments may prohibit the use of Credit/No Credit grades in major courses, especially in those areas in which outside certification is required. Credit/No Credit grades are not permitted in education, nursing, pre-engineering, premedical, health sciences, nutrition and food science and prelaw. All students should check with their departmental advisers for specific policies.

The Credit/No Credit system may be elected by students up until the beginning of the final exam (or the due date for handing in the last term paper, if there is no final exam). Credit/No Credit forms are available on the Office of the Registrar web page at http://www.hunter.cuny.edu/onestop. Full instructions are included on the form. Credit/No Credit is an agreement between a student and the student's instructor or professor. When departmental policies allow, request forms must be accepted by the instructor. Students requesting grading according to this system must satisfy whatever attendance requirement has been set by the instructor, complete all the assignments and take the final examination. It should be noted that the grade of No Credit shall be used only to replace the academic grades of D and F. It shall not be used to replace the grades of WU or IN. A No Credit grade may not override the FIN grade.

CUNY 7th Day Financial Aid Certification Date policy

Beginning fall 2014 CUNY implemented the 7th day Financial Aid Certification Date policy. Students' credit load as of the end of the 7th day of the semester will determine their financial aid status and eligibility for federal and state aid programs they may qualify to receive for the semester.
CUNY Macaulay Honors College at Hunter College

The Macaulay Honors College at Hunter College attracts students with outstanding academic records who seek intellectual challenges in a supportive environment. Using the undergraduate online application available through the CUNY Web site (www.cuny.edu/apply), students select the Macaulay Honors College and then indicate Hunter College as their desired campus.

A student must enter the Macaulay Honors College as a first semester freshman and may seek admission for the following fall. The application deadline is December 1. For more information on the Macaulay Honors College, see Special Academic Programs of this catalog or inquire at the Honors College Office, Room 140 Hunter North, (212) 650-3556.

CUNY Manual of General Policy

ARTICLE V FACULTY, STAFF AND ADMINISTRATION: Policy 5.20 Student Complaints About Faculty conduct in Academic Settings

1. Introduction

The university and its colleges have a variety of procedures for dealing with student-related issues, including grade appeals, academic integrity violations, student discipline, disclosure of student records, student elections, sexual harassment complaints, disability accommodations, and discrimination. One area not generally covered by other procedures concerns student complaints about faculty conduct in the classroom or other formal academic settings. The university respects the academic freedom of the faculty and will not interfere with it as it relates to the content or style of teaching activities. Indeed, academic freedom is and should be of paramount importance. At the same time the university recognizes its responsibility to provide students with a procedure for addressing complaints about faculty treatment of students that are not protected by academic freedom and are not covered by other procedures. Examples might include incompetent or inefficient service, neglect of duty, physical or mental incapacity and conduct unbecoming a member of the staff.

2. Determination of Appropriate Procedure

If students have any question about the applicable procedure to follow for a particular complaint, they should consult with the chief student affairs officer. In particular, the chief student affairs officer should advise a student if some other procedure is applicable to the type of complaint the student has.

3. Informal Resolution

Students are encouraged to attempt to resolve complaints informally with the faculty member or to seek the assistance of the department chairperson or campus ombudsman to facilitate informal resolution.

4. Formal Complaint

If the student does not pursue informal resolution, or if informal resolution is unsuccessful, the student may file a written complaint with the department chairperson or, if the chairperson is the subject of the complaint, with the academic dean or a senior faculty member designated by the college president. (This person will be referred to below as
Only students in a faculty member's class or present in another academic setting where the alleged conduct occurred may file complaints against that faculty member.

1. The complaint shall be filed within 30 calendar days of the alleged conduct unless there is good cause shown for delay, including but not limited to delay caused by an attempt at informal resolution. The complaint shall be as specific as possible in describing the conduct complained of.

2. The Fact Finder shall promptly send a copy to the faculty member about whom the complaint is made, along with a letter stating that the filing of the complaint does not imply that any wrongdoing has occurred and that a faculty member must not retaliate in any way against a student for having made a complaint. If either the student or the faculty member has reason to believe that the department chairperson may be biased or otherwise unable to deal with the complaint in a fair and objective manner, he or she may submit to the academic dean or the senior faculty member designated by the college president a written request stating the reasons for that belief; if the request appears to have merit, that person may, in his or her sole discretion, replace the department chairperson as the Fact Finder.

The chairperson may also submit a written request for recusal for good cause to the academic dean or senior faculty member designated by the college president to review such requests. If a recusal request is granted, a different department chairperson shall conduct the investigation, or, if no other chairperson is available, an administrator designated by the college president shall serve in the chairperson's stead. Further, the college president may re-assign investigations as necessary, including but not limited to situations in which a Fact Finder has not completed an investigation in a timely manner. In addition, during any time that no department chairperson is available to investigate a complaint, the college president may assign an administrator to investigate.

3. The Fact Finder shall meet with the complaining student and faculty member, either separately or together, to discuss the complaint and to try to resolve it. The Fact Finder may seek the assistance of the campus ombudsman or other appropriate person to facilitate informal resolution.

4. If resolution is not possible, and the Fact Finder concludes that the facts alleged by the student, taken as true and viewed in the light most favorable to the student, establish that the conduct complained of is clearly protected by academic freedom, he or she shall issue a written report dismissing the complaint and setting forth the reasons for dismissal and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. Otherwise, the Fact Finder shall conduct an investigation. The Fact Finder shall separately interview the complaining student, the faculty member and other persons with relevant knowledge and information and shall also consult with the chief student affairs officer and, if appropriate, the college ombudsman. The Fact Finder shall not reveal the identity of the complaining student and the faculty member to others except to the extent necessary to conduct the investigation. If the Fact Finder believes it would be helpful, he or she may meet again with the student and faculty member after completing the investigation in an effort to resolve the matter. The complaining student and the faculty member shall have the right to have a representative (including a union representative, student government representative or attorney) present during the initial meeting, the interview and any post-investigation meeting.

5. e. In cases where there is strong preliminary evidence that a student's complaint is meritorious and that the student may suffer immediate and irreparable harm, the Fact Finder may provide appropriate interim relief to the complaining student pending the completion of the investigation. The affected faculty member may appeal such interim relief to the chief academic officer.

6. At the end of the investigation, the Fact Finder shall issue a written report setting forth his or her findings and recommendations, with particular focus on whether the conduct in question is protected by academic freedom, and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. In ordinary cases, it is expected that the investigation and written report should be completed within 30 calendar days of the date the complaint was filed.

5. Appeals Procedure
If either the student or the faculty member is not satisfied with the report of the Fact Finder, the student or faculty member may file a written appeal to the chief academic officer within 10 calendar days of receiving the report. The chief academic officer shall convene and serve as the chairperson of an Appeals Committee, which shall also include the chief student affairs officer, two faculty members elected annually by the faculty council or senate and one student elected annually by the student senate. The Appeals Committee shall review the findings and recommendations of the report, with particular focus on whether the conduct in question is protected by academic freedom. The Appeals Committee shall not conduct a new factual investigation or overturn any factual findings contained in the report unless they are clearly erroneous. If the Appeals Committee decides to reverse the Fact Finder in a case where there has not been an investigation because the Fact Finder erroneously found that the alleged conduct was protected by academic freedom, it may remand to the Fact Finder for further proceedings. The committee shall issue a written decision within 20 calendar days of receiving the appeal. A copy of the decision shall be sent to the student, the faculty member, the department chairperson and the president.

6. Subsequent Action

Following the completion of these procedures, the appropriate college official shall decide the appropriate action, if any, to take. For example, the department chairperson may decide to place a report in the faculty member's personnel file or the president may bring disciplinary charges against the faculty member. Disciplinary charges may also be brought in extremely serious cases even though the college has not completed the entire investigative process described above; in that case, the bringing of disciplinary charges shall automatically suspend that process. Any action taken by a college must comply with the bylaws of the university and the collective bargaining agreement between the university and the Professional Staff Congress.

7. Campus Implementation

Each campus shall implement these procedures and shall distribute them widely to administrators, faculty members and students and post them on the college Web site.

Introduction

The City University of New York ("CUNY") is committed to the academic success and personal growth of its students. As part of that commitment, CUNY and its constituent campuses are responsible for providing a safe learning and working environment for students, faculty, staff and other members of the university community. Some students may, because of a medical condition, engage in behavior that presents a direct threat of harm to themselves or to others, or substantially disrupts the learning or working environment of others. In such situations, the safety and security of the campus community, including the individual student, is paramount. This policy does not replace or supersede reasonable and appropriate security and health and safety measures, such as calling 911 or taking other immediate action in case of imminent threat to life or limb.

In addition to taking action to protect the security and safety of the campus community, a college may address the student's conduct to determine if action under this policy or under the student disciplinary process is appropriate. When a student's conduct that directly threatens or substantially disrupts the learning or working environment of others appears to relate to a medical condition, the campus may, at its option, address the student's conduct either in accordance with this policy, or through the student disciplinary process. If the student's conduct constitutes a threat solely to him or herself, it should be addressed under this policy rather than the disciplinary process.

Policy

1. As an alternative to disciplinary action that may be taken under Article XV of CUNY's Bylaws, a college of CUNY may bring a proceeding to require a student to withdraw from the university, or, under some circumstances, the student's home college and/or from residence in a college residence hall under this withdrawal policy and procedures when the student's behavior evidences a direct threat of harm to others, or when the student's behavior substantially disrupts the learning or working environment of others. A direct threat means a significant risk of harm to health or safety.

2. A student who threatens to commit or attempts to commit suicide, and who does not otherwise threaten direct harm to others or substantially disrupts the learning or working environment of others, shall not be subject to disciplinary action for that threat or attempt under Article XV of the CUNY's Bylaws. If a college determines that withdrawal of the student or retention of the student subject to specified conditions is appropriate because the student's behavior threatens direct harm to him or herself, the procedures outlined below shall apply instead of disciplinary procedures.

3. A student who withdraws or is withdrawn from the university, a college or college residence hall pursuant to this policy may apply for re-entry to the University, a college and/or to a college residence hall. The application for re-entry shall be made to the student's home college's Chief Student Affairs Officer, who shall determine whether the student still presents a direct threat of harm to him or herself or others or still presents a significant risk to substantially disrupt the learning or working environment of others. If the Chief Student Affairs Officer or designee determines, based on the assessment of a qualified, licensed mental health professional, that there is not a significant risk that the behavior that required withdrawal will be repeated, he or she shall approve the student's application for re-entry.

Procedure
A. Emergency Interim Removal

1. If a student's behavior presents an immediate, severe and direct threat to him or herself or others (by evidencing a likelihood of harm to him or herself or others), or is substantially disrupting the learning or working environment of others, the Chief Student Affairs Officer or designee (if such Officer is not immediately available) may direct an emergency interim removal of the student that restricts the student's access to the College's campus or residence hall, as appropriate, for an interim period before a final determination of the matter. The Chief Student Affairs Officer or designee shall consult with the university's Office of the General Counsel prior to making any such direction.

2. The fact that a student has threatened to commit suicide or attempted suicide, by itself, does not allow the Chief Student Affairs Officer or designee to direct an emergency interim removal. In all cases involving such students, the Chief Student Affairs Officer or designee must attempt to have the student individually assessed by a mental health professional as outlined below in A.3. before deciding whether to direct an emergency interim removal.

3. Except as permitted in III A. 1. above, before determining whether to require an emergency interim removal, the Chief Student Affairs Officer or designee shall take the following steps:
   1. exercise all reasonable efforts to meet with the student; and
   2. in that meeting, offer the student the opportunity to be evaluated at the college's expense by a qualified, licensed mental health professional, who may be an employee of a college of CUNY or CUNY on retainer to a college of CUNY or CUNY. Whenever possible, that professional shall have had no prior contact with the student. The professional shall assess whether the student's behavior presents an immediate, severe and direct threat to him or herself or others or presents a significant risk to repeat behavior that substantially disrupts the learning or working environment of others, and, if so, whether the student's behavior may be the result of a medical issue. That professional shall present his or her findings to the Chief Student Affairs Officer or designee, who shall determine based on those findings and other evidence available whether emergency interim removal under these procedures is appropriate.
   3. If the student refuses to meet, and/or refuses to undergo such assessment or to keep a scheduled appointment, the Chief Student Affairs Officer or designee may require emergency interim removal without a meeting and/or mental health assessment if he or she reasonably concludes on the basis of the available evidence that the student's behavior evidences an immediate, severe and direct threat of harm to the student or others or is substantially disrupting the working or learning environment of others and presents a significant risk to continue that substantial disruption. The Chief Student Affairs Officer or designee shall consult with the university's Office of the General Counsel before making such a determination.

4. The emergency interim removal from the college and/or residence hall shall remain in effect until a final decision has been made pursuant to the procedures below, unless, before a final decision is made, the Chief Student Affairs Officer or designee determines that the reasons for imposing the interim removal no longer exist.

B. Withdrawal After Emergency Interim Removal

1. If a student has been subjected to an emergency interim removal from the college and/or residence hall, the college shall request retention with conditions or voluntary withdrawal within 7 calendar days of such removal. Should the request for retention with conditions or voluntary withdrawal request be refused, the college shall determine within 7 calendar days of such refusal whether to take further action against the
student, including whether to initiate involuntary withdrawal proceedings or, disciplinary proceedings under Article XV of the CUNY Bylaws, as applicable under II A. above, and shall send notice of either such proceeding in accordance with the notice requirements of the applicable procedure within that 7-day period. For students who have been subjected to an emergency interim removal without having undergone the assessment procedures outlined in III A. 3 above, the college shall follow the assessment procedures outlined below in B.2. a. prior to determining its course of action.

2. In cases where the student has been subjected to an emergency interim removal without assessment, the procedure for determining whether withdrawal is appropriate is as follows:

   1. The Chief Student Affairs Officer or designee shall exercise best efforts to meet with the student to discuss the student's behavior and to hear the student's explanation of the alleged behavior. If, after hearing the explanation, the Officer or designee still wishes to consider the possibility of the student's withdrawal, he or she shall offer the student an opportunity to be evaluated, at the college's expense, by a qualified, licensed mental health professional, who may be an employee of a college of CUNY or CUNY, or on retainer to a college of CUNY or CUNY. Whenever possible, that professional shall have had no prior contact with the student. The professional shall make findings concerning whether the student's behavior presents a direct threat of harm to him or herself or others or presents a significant risk to repeat behavior that substantially disrupts the learning or working environment of others and if so, whether the student's behavior may be the result of a medical issue. The professional shall report such findings to the Chief Student Affairs Officer, who shall, based on those findings, and after consultation with the university's Office of the General Counsel, determine the appropriate action, including whether to request that the student withdraw from the university, the college and/or the college residence hall or whether to request that the student agree to specified conditions in lieu of withdrawal.

   2. If the student refuses to undergo the requested assessment, or fails to keep the scheduled appointment, and the Chief Student Affairs Officer reasonably concludes on the basis of the available evidence that the student's behavior presents a direct threat of harm to him or herself or others or substantially disrupts the learning or working environment of others and presents a significant risk to repeat behavior that substantially disrupts the learning or working environment of others, the Chief Student Affairs Officer may request that the student voluntarily withdraw from the university, the college and/or the college residence hall. The Chief Student Affairs Officer shall consult with the university's Office of the General Counsel before making any such request.

   3. If the student agrees to the request for voluntary withdrawal or to the specified conditions, the Chief Student Affairs officer or designee shall (i) discuss with the student the procedures for and consequences of voluntary withdrawal or the specified conditions, as applicable; (ii) discuss the circumstances with the student's parents or legal guardians as permissible by law and as appropriate; (iii) consult with the student's academic adviser or department, as appropriate; (iv) consult with the residence hall director, as appropriate; (v) refer the student to appropriate resources for treatment; and (vi) advise the student concerning the process for applying for re-entry, as well as on conditions for re-entry, if applicable and appropriate.

   4. If the student does not agree to the request for voluntary withdrawal or to the specified conditions, the Chief Student Affairs Officer shall determine, in consultation with the university's Office of the General Counsel, whether to take further action against the student, including whether to initiate involuntary withdrawal proceedings, or, in the case of students referenced in II A. above, whether to initiate disciplinary proceedings under Article XV of the CUNY Bylaws.

C. Withdrawal of Students Without Emergency Interim Removal
1. Students Who Present a Direct Threat of Harm to Others or Substantially Disrupt the Learning or Working Environment of Others

   1. Voluntary Withdrawal or Retention with Conditions

   1. In situations where a student's behavior evidences a direct threat of harm to himself or others or substantially disrupts the learning or working environment of others and presents a significant risk to repeat behavior that substantially disrupts the learning or working environment of others and the Chief Student Affairs Officer reasonably believes that the student's behavior may be connected to a medical issue, the Chief Student Affairs Officer or designee may request that the student voluntarily withdraw or agree to retention under conditions.

   2. If the student agrees to the request for voluntary withdrawal or to the specified conditions, the Chief Student Affairs officer or designee shall (i) discuss with the student the procedures for and consequences of voluntary withdrawal or the specified conditions, as applicable; (ii) discuss the circumstances with the student's parents or legal guardians as permissible by law and as appropriate; (iii) consult with the student's academic adviser or department, as appropriate; (iv) consult with the residence hall director, as appropriate; (v) refer the student to appropriate resources for treatment; and (vi) advise the student concerning the process for applying for re-entry, as well as on conditions for re-entry, if applicable and appropriate.

2. Involuntary Withdrawal

   1. If the student does not agree to the request for voluntary withdrawal or to the specified conditions, the Chief Student Affairs Officer shall determine, in consultation with the University's Office of the General Counsel, whether to take further action against the student, including whether to initiate involuntary withdrawal proceedings or disciplinary proceedings under Article XV of the CUNY Bylaws.

   2. Before initiating involuntary withdrawal proceedings under this procedure, the Chief Student Affairs Officer shall follow the assessment procedures outlined above in B.2.

   2. Students Who Present a Direct Threat of Harm Solely To Themselves

   1. The College shall follow the assessment and other procedures outlined above in B.2 a.-d. in order to determine the appropriate course of action.

D. Involuntary Withdrawal Procedures

1. The following shall be the procedures for involuntary withdrawal:

   1. Notice of the involuntary withdrawal hearing and the time and place of the hearing shall be personally delivered or sent by the Chief Student Affairs Officer or designee of the student's home college to the student at the address appearing on the records of the college, by overnight or certified mail, by regular mail, and, for students who have a college e-mail address, to that e-mail address. Notice of at least five business days shall be given to the student in advance of the hearing unless the student consents to an earlier hearing.

   2. The notice shall contain (i) a statement of the reasons involuntary withdrawal is sought (ii) the type of withdrawal sought (from the university, the college and/or from the college residence hall); and (iii) a statement that the student has a right to present his or her side of the story, to present
witnesses and evidence on his or her behalf, to cross-examine witnesses presenting evidence against the student, to remain silent without assumption of guilt, and to be represented by legal counsel or an adviser at the student's expense.

3. CUNY shall constitute a Health Review Panel, comprised of qualified, licensed mental health professionals employed by a college of CUNY or by CUNY, or on retainer to a college of CUNY or CUNY. CUNY's Vice Chancellor for Student Development shall appoint the members of the Health Review Panel. Members of the Health Review Panel, in committees constituted separately for each hearing (“Health Review Committee”), shall be responsible for adjudicating all involuntary withdrawal hearings held according to these procedures. For each involuntary withdrawal hearing, the Vice Chancellor for Student Development or his designee shall constitute a three-person Health Review Committee from the Health Review Panel to adjudicate at that hearing. No member of the Health Review Committee shall have had prior contact with the student. All decisions of the Health Review Committee shall be made by majority vote.

4. The hearing shall be closed, unless the student requests an open hearing. However, the Health Review Committee may overrule a request for an open hearing if it determines that an open hearing would be inappropriate or disruptive in light of the nature of the evidence to be presented.

5. After the evidence is presented at the hearing, the Health Review Committee shall determine whether the college has proved, by a preponderance of the evidence, that the student's behavior presents a direct threat of harm to him or herself or others, or has substantially disrupted the learning or working environment of others and presents a significant risk of threatening further substantial disruption of the learning or working environment of others, and if so, what the appropriate remedy should be. The Health Review Committee may also set reasonable and appropriate conditions on re-entry. The decision of the Health Review Committee shall be made within five business days from the close of the hearing.

E. Appeals

An appeal from the decision of the Health Review Committee may be made to the President of the student's home college or the President's designee within thirty calendar days after the delivery of the decision appealed from. The President or designee shall make his or her determination on the appeal within fifteen business days from receipt of the appeal. The President's decision may be appealed to the Chancellor of the university or his or her designee within thirty calendar days after the delivery of the President's decision on appeal. The Chancellor or designee's decision shall be made within fifteen business days from receipt of the appeal. The Chancellor (or designee's) decision shall be final. The bases overturning a decision of the Health Review Committee at both levels of review are limited to the following: (i) clearly erroneous factual findings; (ii) procedural irregularities; (iii) newly available evidence that would have affected the outcome; (iv) the remedy and/or conditions on re-entry were unreasonable or inappropriate.

F. Re-entry

1. A student who is withdrawn from the university, a student's home college and/or a college residence hall under this policy may be considered for re-entry.

2. A student wishing to be considered for re-entry should contact his or her home college's Chief Student Affairs Officer and provide appropriate documentation of behavioral change and resolution of the initial behavioral problem, including compliance with any conditions that may have been set for re-entry.

3. A student may apply for re-entry to the university, a college and/or a college residence hall no more than one time per term.
4. In assessing an application for re-entry, the Chief Student Affairs Officer or designee shall: (i) in cases in which he or she determines that an additional mental health assessment is necessary, refer the student for assessment to a qualified, licensed mental health professional, at the college's expense; (ii) receive, investigate, and examine appropriate relevant documentation, including assessments made by college-referred mental health professionals, and, if applicable, licensed treating mental health professionals; (iii) consult with the Health Review Committee, in cases in which the student's withdrawal was adjudicated by such a Committee; (iv) contact the student's parents or legal guardians as permissible by law, if appropriate; (v) provide an opportunity for the student to meet with the Chief Student Affairs Officer or designee to discuss re-entry.

5. If the Chief Student Affairs Officer or designee determines, based on the evidence presented, that there is not a significant risk that the behavior that required withdrawal will be repeated, he or she shall approve the student's application for re-entry. In such cases, the Chief Student Affairs Officer or designee shall initiate the re-entry process, provide the student with written conditions for continued attendance, and inform any relevant administrators of the student's re-entry.

6. If the Chief Student Affairs Officer or designee determines that the application for re-entry should be denied, he or she shall provide the student with a written explanation of the reasons for the denial and specify when the next request for re-entry may be considered.

7. A student may appeal the Chief Student Affairs Officer or designee's denial of re-entry to the college President or designee within thirty calendar days after the delivery of the decision denying re-entry. The President or designee shall make his or her determination on the appeal within thirty calendar days from receipt of the appeal. The President's decision may be appealed to the Chancellor of the university or his or her designee within thirty calendar days after the delivery of the President's decision on appeal. The Chancellor or designee's decision shall be made within thirty calendar days from receipt of the appeal. The Chancellor (or designee's) decision shall be final. The basis for overturning a decision on appeal at either level shall be limited to a determination that the decision on re-entry was clearly erroneous.

G. Effect on Academic Status

In the event of a withdrawal pursuant to this policy, a notation of withdrawal shall appear on the student's transcript for all classes taken during that semester. The Chief Student Affairs Officer at a student's home college may grant a student request that, in lieu of withdrawal, a notation of incomplete shall appear on his or her transcript for classes taken during that semester if and only if there is a reasonable prospect that the student will eventually complete such classes, subject to faculty approval for each such class. Regardless of the notation that appears on a student's transcript, the Chief Student Affairs Officer of the student's home college shall inform the Vice Chancellor for Student Development of the student's withdrawal in order to effectuate a hold by the University Application Processing Center on the student's ability to transfer or otherwise seek admission to another college of CUNY.

H. Effect on Housing Status

If the student has been living in a college residence hall and will not be permitted to continue to do so, the student's contract will be canceled and fees refunded on a prorated basis.

I. Confidentiality

The results of examinations by mental health professionals to whom students are referred for assessment at any stage in the withdrawal or readmission process shall be confidential student records, except that if the results indicate that the student presents an imminent, severe, and direct threat of harm to him or herself or others, those results may be shared with the appropriate individuals in order to attempt to prevent the occurrence of such harm. The results of these
examinations shall be admissible in involuntary withdrawal hearings but shall not be admissible in disciplinary hearings, unless the student places his or her health, including mental health, at issue in a disciplinary hearing.

CUNY Policy on Academic Integrity

return to Section V: Institutional Policies

- Academic Dishonesty
- Definitions and Examples of Academic Dishonesty

CUNY POLICY ON ACADEMIC INTEGRITY

Academic Dishonesty is prohibited in The City University of New York and is punishable by penalties, including failing grades, suspension, and expulsion, as provided herein.

I. Definitions and Examples of Academic Dishonesty

Cheating is the unauthorized use or attempted use of material, information, notes, study aids, devices or communication during an academic exercise. The following are some examples of cheating, but by no means is it an exhaustive list:

- Copying from another student during an examination or allowing another to copy your work.
- Unauthorized collaboration on a take home assignment or examination.
- Using notes during a closed book examination.
- Taking an examination for another student, or asking or allowing another student to take an examination for you.
- Changing a graded exam and returning it for more credit.
- Submitting substantial portions of the same paper to more than one course without consulting with each instructor.
- Preparing answers or writing notes in a blue book (exam booklet) before an examination.
- Allowing others to research and write assigned papers or do assigned projects, including use of commercial term paper services.
- Giving assistance to acts of academic misconduct/ dishonesty.
- Fabricating data (all or in part).
- Submitting someone else's work as your own.
- Unauthorized use during an examination of any electronic devices such as cell phones, palm pilots, computers or other technologies to retrieve or send information.

Plagiarism is the act of presenting another person's ideas, research or writings as your own. The following are some examples of plagiarism, but by no means is it an exhaustive list:

- Copying another person's actual words without the use of quotation marks and footnotes attributing the words to their source.
- Presenting another person's ideas or theories in your own words without acknowledging the source.
- Using information that is not common knowledge without acknowledging the source.
- Failing to acknowledge collaborators on homework and laboratory assignments.
**Internet plagiarism** includes submitting downloaded term papers or parts of term papers, paraphrasing or copying information from the internet without citing the source, and "cutting & pasting" from various sources without proper attribution.

**Obtaining Unfair Advantage** is any activity that intentionally or unintentionally gives a student an unfair advantage in his/her academic work over another student. The following are some examples of obtaining an unfair advantage, but by no means it is an exhaustive list:

- Stealing, reproducing, circulating or otherwise gaining advance access to examination materials.
- Depriving other students of access to library materials by stealing, destroying, defacing, or concealing them.
- Retaining, using or circulating examination materials which clearly indicate that they should be returned at the end of the exam.
- Intentionally obstructing or interfering with another student's work.

**Falsification of Records and Official Documents.** The following are some examples of falsification, but by no means is it an exhaustive list:

- Forging signatures of authorization
- Falsifying information on an official academic record.
- Falsifying information on an official document such as a grade report, letter of permission, drop/add form, ID card or other college document.

**CUNY Sexual Misconduct Policy**

I. Policy Statement

II. Prohibited Conduct

III. Title IX Coordinator

IV. Immediate Assistance in Cases of Sexual Violence

V. Reporting Sexual Harassment, Gender-Based Harassment or Sexual Violence to the College

VI. Reporting/Confidentiality Obligations of College and University Employees

VII. Interim and Supportive Measures

VIII. Investigating Complaints of Sexual Harassment, Gender-Based Harassment or Sexual Violence

IX. College Obligations under this Policy

X. Rules Regarding Intimate Relationships

XI. Definitions of Terms in this Policy
I. Policy Statement

Every member of The City University of New York community, including students, employees and visitors, deserves the opportunity to live, learn and work free from sexual harassment, gender-based harassment and sexual violence. Accordingly, CUNY is committed to:

1) Defining conduct that constitutes prohibited sexual harassment, gender-based harassment and sexual violence;

2) Providing clear guidelines for students, employees and visitors on how to report incidents of sexual harassment, gender-based harassment and sexual violence and a commitment that any complaints will be handled respectfully;

3) Promptly responding to and investigating allegations of sexual harassment, gender-based harassment and sexual violence, pursuing disciplinary action when appropriate, referring the incident to local law enforcement when appropriate, and taking action to investigate and address any allegations of retaliation;

4) Providing ongoing assistance and support to students and employees who make allegations of sexual harassment, gender-based harassment and sexual violence;

5) Providing awareness and prevention information on sexual harassment, gender-based harassment and sexual violence, including widely disseminating this policy, and implementing training and educational programs on sexual harassment, gender-based harassment and sexual violence to college constituencies; and

6) Gathering and analyzing information and data that will be reviewed in order to improve safety, reporting, responsiveness and the resolution of incidents.

This is the sole policy at CUNY addressing sexual harassment, gender-based harassment and sexual violence and is applicable at all college and units at the University. The CUNY community should also be aware of the following policies that apply to other forms of sex discrimination, as well as to other types of workplace violence and domestic violence that affect the workplace:

- The CUNY Policy on Equal Opportunity and Nondiscrimination prohibits discrimination on the basis of numerous protected characteristics in accordance with federal, state and local law. That policy addresses sex discrimination other than sexual harassment, gender-based harassment or sexual violence covered by this policy.

- The CUNY Workplace Violence Policy addresses workplace violence and the CUNY Domestic Violence in the Workplace Policy addresses domestic violence in or affecting employees in the workplace.

In addition, campus crime statistics, including statistics relating to sexual violence, which CUNY is required to report under the Jeanne Clery Act, are available from the Office of Public Safety at each college and/or on its Public Safety website.

II. Prohibited Conduct

A. Sexual Harassment, Gender-Based Harassment and Sexual Violence. This policy prohibits sexual harassment, gender-based harassment and sexual violence against any CUNY student, employee or visitor.

Sexual harassment includes unwelcome conduct of a sexual nature, such as unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, graphic and electronic communications or physical conduct that is sufficiently serious to adversely affect an individual's participation in employment, education or other CUNY activities.

Gender-based harassment is unwelcome conduct of a nonsexual nature based on an individual's actual or perceived sex, including conduct based on gender identity, gender expression, and nonconformity with gender stereotypes that is sufficiently serious to adversely affect an individual's participation in employment, education or other CUNY activities.
Sexual violence is an umbrella term that includes sexual assault, such as rape/attempted rape, criminal sexual act, forcible touching, and sexual abuse. If of a sexual nature, stalking/cyberstalking (hereinafter "stalking") and dating, domestic and intimate partner violence may also constitute sexual harassment, gender-based harassment or sexual violence.

The complete definitions of these terms, as well as other key terms used in this policy, are set forth in Section XI below.

B. Retaliation. This policy prohibits retaliation against any person who reports sexual harassment, gender-based harassment or sexual violence, assists someone making such a report, or participates in any manner in an investigation or resolution of a sexual harassment, gender-based harassment or sexual violence complaint.

C. Certain Intimate Relationships. This policy also prohibits certain intimate relationships when they occur between a faculty member or employee and any student for whom he or she has a professional responsibility as set forth in Section X below.

III. Title IX Coordinator

Each college or unit of CUNY has an employee who has been designated as the Title IX Coordinator. This employee is responsible for compliance with Title IX of the Education Amendments of 1972, which prohibits sex discrimination, including sexual harassment, gender-based harassment and sexual violence, in education programs. The Title IX Coordinator has overall responsibility for implementing this policy, including overseeing the investigation of complaints at her/his college or unit and carrying out the other functions of that position set forth in this policy. The name and contact information for all Title IX Coordinators at CUNY can be found on the university's dedicated Title IX website at Campus Title IX Webpages.

IV. Immediate Assistance in Cases of Sexual Violence

A. Reporting to Law Enforcement

Students or employees who experience any form of sexual violence on or off-campus (including CUNY-sponsored trips and events) and visitors who experience sexual violence on a CUNY campus are strongly encouraged to immediately report the incident by calling 911, contacting their local police precinct, or contacting their college public safety office, which is available 24 hours a day, 7 days a week. Campus public safety officers can also assist the complainant with filing a complaint both on and off-campus, and in obtaining immediate medical attention, counseling and other services.

B. Obtaining Immediate Medical Attention and Emotional Support

CUNY is committed to assisting anyone who experiences sexual violence to seek comprehensive medical attention as soon as possible to treat injuries, obtain preventative treatment for sexually transmitted diseases, and preserve evidence, among other things. For rapes in particular, immediate treatment and the preservation of evidence of the attack are important for many reasons, including facilitating a criminal investigation. In addition, individuals who have experienced or witnessed sexual violence are encouraged to seek emotional support as soon as possible, either on or off-campus.

On-campus resources include nurses and/or nurse practitioners at campus health offices and counselors at campus counseling centers. Counselors are trained to provide crisis intervention and provide referrals for longer-term care as necessary.

For off-campus resources, CUNY maintains a list of emergency contacts and resources, including rape crisis centers, available throughout New York City on its dedicated web page. This list includes a designation of which local hospitals are designated as SAFE (Sexual Assault Forensic Examiner) hospitals, which are specially equipped to handle sexual assaults and trained to gather evidence from such assaults.
V. Reporting Sexual Harassment, Gender-Based Harassment or Sexual Violence to the College

CUNY encourages individuals who have experienced sexual harassment, gender-based harassment or sexual violence (referred to in this policy as "complainants") to report the incident(s) to campus authorities, even if they have reported the incident to outside law enforcement, and regardless of whether the incident took place on or off-campus. Such reporting will enable complainants to get the support they need, and provide the college with the information it needs to take appropriate action. However, individuals should be aware that there are employees at their college/unit whom they can speak with on a strictly confidential basis before determining whether to make a report to college authorities. See Section VI below.

A. Filing a Complaint with Campus Authorities

(i) Students. Students who experience sexual harassment, gender-based harassment or sexual violence should bring their complaint to one of the following campus officials/offices:

• Title IX Coordinator;
• Office of Public Safety;
• Office of the Vice President for Student Affairs and/or Dean of Students;
• Residence Life staff in CUNY owned or operated housing, including Resident Assistants.

(ii) Employees. Employees who experience sexual harassment, gender-based harassment or sexual violence should bring their complaint to one of the following campus officials/offices:

• Title IX Coordinator;
• Director of Human Resources;
• Office of Public Safety.

(iii) Visitors. Visitors who experience sexual harassment, gender-based harassment or sexual violence should bring their complaint to one of the following campus officials/offices:

• Title IX Coordinator;
• Office of Public Safety;
• Residence Life staff in CUNY owned or operated housing, including Resident Assistants.

Once any of the individuals or offices above is notified of an incident of sexual harassment, gender-based harassment or sexual violence, she/he will coordinate with the appropriate college offices to address the matter in accordance with this policy, including taking appropriate interim and supportive measures. All information in connection with the complaint, including the identities of the complainant and the respondent, will be kept as confidential as possible and will only be shared with those who have a legitimate need for the information.

B. Support Assistance for Complainants

When a Title IX Coordinator receives a complaint of sexual or gender-based violence, she/he will work with the Chief Student Affairs Officer to identify a trained staff member to assist the complainant with support services and accommodations.
C. Request that the College Maintain a Complainant's Confidentiality, Not Conduct an Investigation, or Not Report an Incident to Outside Law Enforcement

After a report of an alleged incident of sexual harassment, gender-based harassment or sexual violence has been made to the Title IX Coordinator, a complainant may request that the matter be investigated without her/his identity or any details regarding the incident being divulged further. Alternatively, a complainant may request that no investigation into a particular incident be conducted or that an incident not be reported to outside law enforcement.

In all such cases, the Title IX Coordinator will weigh the complainant's requests against the college's obligation to provide a safe, non-discriminatory environment for all students, employees and visitors, including the complainant. A decision to maintain confidentiality does not mean that confidentiality can be absolutely guaranteed in all circumstances, but only that all efforts will be undertaken to keep information confidential consistent with law. Notwithstanding the decision of the Title IX Coordinator regarding the scope of any investigation, the college will provide the complainant with ongoing assistance and support, including, where appropriate, the interim and supportive measures set forth in Section VII of this policy.

If the Title IX Coordinator determines that she/he will maintain confidentiality as requested by the complainant, the college will take all reasonable steps to investigate the incident consistent with the request for confidentiality. However, a college's ability to meaningfully investigate the incident and pursue disciplinary action may be limited by such a request.

In any event, the college is required to abide by any laws mandating disclosure, such as the Jeanne Clery Act and New York’s Campus Safety Act. However, notification under the Jeanne Clery Act is done without divulging the complaint's identity, and notification of sexual violence under the New York Campus Safety Act is not required and will not be done if the complainant requests confidentiality.

If the Title IX Coordinator determines that the college must report the incident to outside law enforcement, the college will cooperate with any criminal investigation, which may include providing the outside law enforcement agency with any evidence in its possession relating to the incident.

D. Action by Bystanders and Other Community Members

While those employees designated as "responsible" employees are required reporters as set forth in Section VI below, CUNY encourages all other community members, including faculty, students and visitors, to take reasonable and prudent actions to prevent or stop an act of sexual harassment, gender-based harassment or sexual violence that they may witness. Although these actions will depend on the circumstances, they include direct intervention, calling law enforcement, or seeking assistance from a person in authority.

In addition, CUNY encourages all community members to report an incident of sexual harassment, gender-based harassment or sexual violence that they observe or become aware of to the Title IX Coordinator, and/or the offices of Public Safety and the Vice President of Students Affairs and/or Dean of Students at their college. Community members who take action in accordance with this paragraph will be supported by the college, and anyone who retaliates against them will be subject to disciplinary charges.

E. Amnesty for Drug and Alcohol Use

CUNY strongly encourages students to report instances of sexual harassment, gender-based harassment or sexual violence as soon as possible, even if those reporting or the alleged victim may have engaged in the inappropriate or unlawful use of alcohol or drugs. Therefore, a student who reports or experiences sexual harassment, gender-based harassment or sexual violence will not be disciplined by the college for any violation of CUNY's Policy Against Drugs and Alcohol in connection with the reported incident, subject to the conditions in CUNY's Medical Amnesty/Good Samaritan policy.

F. Reporting Suspected Child Abuse
Certain members of the CUNY community who interact with, supervise, chaperone, or otherwise oversee minors in programs or activities at CUNY or sponsored by CUNY are required to report immediately to the New York State Maltreatment Hotline if they have reasonable cause to suspect abuse or maltreatment of individuals under the age of 18. Information regarding mandated child abuse reporting is available on the Office of the General Counsel web page. If anyone other than New York State mandated reporters has reasonable cause to believe that a minor is being or has been abused or maltreated on campus, she/he should notify either the Title IX Coordinator or Director of Public Safety. If any CUNY community member witnesses child abuse while it is happening, she/he should immediately call 911.

G. Reporting Retaliation

An individual may file a complaint with the Title IX Coordinator if she/he has been retaliated against for reporting sexual harassment, gender-based harassment or sexual violence, assisting someone making such a report, or participating in any manner in an investigation or resolution of a sexual harassment, gender-based harassment or sexual violence complaint. All retaliation complaints will be investigated in accordance with the investigation procedures set forth in Section VIII of this policy, and individuals who are found to have engaged in retaliation will be subject to disciplinary action.

VI. Reporting/Confidentiality Obligations of College and University Employees

An individual who speaks to a college or CUNY employee about sexual harassment, gender-based harassment or sexual violence should be aware that employees fall in three categories: (1) "confidential" employees, who have an obligation to maintain a complainant's confidentiality regarding the incident(s); (2) "responsible" employees, who are required to report the incident(s) to the Title IX Coordinator; and (3) all other employees, who are strongly encouraged but not required to report the incident(s).

A. Confidential Employees

(i) For Students. Students at CUNY who wish to speak to someone who will keep all of the communications strictly confidential should speak to one of the following:

- Counselor or other staff member at their college counseling center;
- Nurse, nurse practitioner or other staff member in the college health office;
- Pastoral counselor (i.e., counselor who is also a religious leader) if one is available at their college; or
- Staff member in a women's or men's center, if one exists at their college.

The above individuals will not report any information about an incident to the college's Title IX Coordinator or other college employees without the student's permission. The only exception is in the case where there is an imminent threat to the complainant or any other person.

A student who speaks solely to a "confidential" employee is advised that, if the student wants to maintain confidentiality, the college may be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged perpetrator. However, these professionals will assist the student in receiving other necessary support. A student who first requests confidentiality may later decide to file a complaint with the college or report the incident to local law enforcement and thus have the incident investigated.

(ii) For Employees. Although there is no one directly employed by CUNY to whom CUNY employees can speak on a confidential basis regarding sexual harassment, gender-based harassment or sexual violence, free confidential support
services are available through CUNY's Work/Life Program, which is administered by an outside company. Confidential community counseling resources are also available throughout New York City:

B. "Responsible" Employees

"Responsible" employees have a duty to report incidents of sexual harassment, gender-based harassment or sexual violence, including all relevant details, to the Title IX Coordinator. Such employees are not permitted under any circumstances to maintain a complainant's confidentiality. To the extent possible, information reported to responsible employees will be shared only with the Title IX Coordinator, the "responsible" employee's supervisor, and other people responsible for handling the college's response to the report.

Before a complainant reveals any information to a responsible employee, the employee shall advise the complainant of the employee's reporting obligations—and if the complainant wants to maintain confidentiality, direct the complainant to confidential resources.

CUNY has designated the following individuals as "responsible" employees:

(i) Title IX Coordinator and her/his staff
(ii) Office of Public Safety employees (all)
(iii) Vice President for Student Affairs and Dean of Students and all staff housed in those offices
(iv) Residence Life staff in CUNY owned or operated housing, including Resident Assistants (all)
(v) College President, Vice Presidents and Deans
(vi) Athletics Staff (all)
(vii) Department Chairpersons/Executive Officers
(viii) Human Resources staff (all)
(ix) University Office of the General Counsel employees (all)
(x) College/unit attorney and her/his staff
(xi) College/unit labor designee and her/his staff
(xii) Faculty members at times when they are leading off-campus trips
(xiii) Faculty or staff advisors to student groups
(xiv) Employees who are Managers (all)
(xv) SEEK/College Discovery staff (all)

C. All Other Employees
Employees other than those identified in subsections "A" and "B" above are permitted but not required to report any possible sexual harassment, gender-based harassment or sexual violence; however, they are encouraged by CUNY to make such a report.

It is important to emphasize that faculty members other than those specifically identified in subsection "B" above have not been designated as "responsible" employees and do not have an obligation to report the matter to the Title IX Coordinator, although they are encouraged to do so.

VII. Interim and Supportive Measures

The college will take immediate steps to protect the complainant and other affected parties, as well as the college community at large, following an allegation of sexual harassment, gender-based harassment or sexual violence. In general, when taking such interim and supportive measures, the college will seek to minimize the burden on the complainant.

Interim and supportive measures may include, among other things:

(i) Making necessary changes to academic programs, including a change in class schedule, making appropriate accommodations to permit the complainant to take an incomplete or drop a course or courses without penalty, permitting the complainant to attend a class via skype or other alternative means where appropriate, providing an academic tutor, or extending deadlines for assignments;

(ii) Making necessary changes to residential housing situations or providing assistance in finding alternate housing;

(iii) Changing an employee's work assignment or schedule;

(iv) Providing the complainant with an escort to and from class or campus work location;

(v) Arranging appropriate transportation services to ensure safety;

(vi) Prohibiting contact between the complainant and the respondent ("no contact" orders);

(vii) Offering counseling services to the complainant, to the respondent, and, where appropriate, to witnesses, through the college Counseling Center or other appropriate college office, or a referral to an off-campus agency;

(viii) Providing the complainant assistance in obtaining medical and other services, including access to rape crisis centers;

(ix) Providing the complainant assistance with filing a criminal complaint and seeking an order of protection;

(x) Enforcing an order of protection;

(xi) Addressing situations in which it appears that a complainant's academic progress is affected by the alleged incident;

(xii) In exceptional circumstances, seeking an emergency suspension of a student or an employee under applicable CUNY Bylaws, rules, policies and collective bargaining agreements.

VIII. Investigating Complaints of Sexual Harassment, Gender-Based Harassment or Sexual Violence
The college will conduct an investigation when it becomes aware, from any source (including third-parties not connected to the college or university), that sexual harassment, gender-based harassment or sexual violence may have been committed against a student, employee or visitor, unless the complainant has requested that the college refrain from such an investigation and the college has determined that it may do so.

A. The Investigation

The college Title IX Coordinator is responsible for conducting the investigation in a prompt, thorough, and impartial manner. The college Title IX Coordinator shall inform the respondent that an investigation is being commenced and shall inform the respondent of the allegations of the complainant. If there is a written complaint, the respondent shall be provided with a copy of the complaint unless circumstances warrant otherwise. The Title IX Coordinator shall coordinate investigative efforts with other college offices, and may designate another trained individual to conduct all or part of the investigation. A respondent employee who is covered by a collective bargaining agreement may consult with and have a union representative present at any interview conducted as part of such investigation.

The college Title IX Coordinator shall take prompt and effective steps reasonably calculated to end any sexual harassment, gender-based harassment or sexual violence, including: (i) taking interim measures; (ii) preventing retaliation; (iii) providing the complainant and the respondent with periodic status updates of the investigation and notice of outcome of the investigation; (iv) informing the complainant of her/his right to file a criminal complaint; (v) coordinating with law enforcement agencies, as appropriate, after consultation with Public Safety; (vi) maintaining all documents of the investigation; and (vii) drafting a report of findings, which is to be submitted to the College President.

B. Conflicts

If any administrator designated by this policy to participate in the investigation or resolution of a complaint (including but not limited to the Title IX Coordinator) is the respondent, the College President will appoint another college administrator to perform such person's duties under this policy. If the President is the respondent, the investigation will be handled by the University Title IX Coordinator or her/his designee.

C. Mediation

While mediation is not permitted in cases where sexual violence is alleged, it may be appropriate where sexual harassment or gender-based harassment allegations have been made by a student or employee but there is no allegation of sexual violence. Mediation is a process whereby the parties can participate in a search for fair and workable solutions. Mediation requires the consent of both the complainant and the respondent, but does not require the complainant and respondent to meet face-to-face. Either party, however, has the right to end the mediation at any time and proceed with the investigation process. A respondent who is covered by a collective bargaining agreement may consult with and have a union representative present at any mediation session.

D. Timing

The college shall make every reasonable effort to ensure that the investigation and resolution of a complaint are carried out as timely and efficiently as possible. However, the college may need to delay the fact-finding portion of its investigation during the evidence-gathering phase of a law enforcement investigation. While some complaints may require extensive investigation, whenever possible, the investigation of complaints should be completed within sixty (60) calendar days of the receipt of the complaint. If there is a delay in completing the investigation, the Title IX Coordinator shall notify the complainant and the respondent in writing.
E. Report of Findings

Following the completion of the investigation, the Title IX Coordinator shall report her/his findings to the College President in writing. Following such report, the College President shall review the complaint investigation report and authorize such action as she/he deems necessary to address the issues raised by the findings. In the event the complainant or the respondent is a student, the report shall also be sent to the Chief Student Affairs Officer. A copy of the report shall be maintained in the files of the Title IX Coordinator.

F. Disciplinary Action

Following an investigation, the College President may recommend that disciplinary action be commenced against the respondent student or employee.

(i) Discipline against students. In cases where a student is accused of a violation of this policy, including retaliation, the matter shall be referred to the college's Office of Student Affairs and action shall be taken in accordance with Article XV of the CUNY Bylaws, which contains the student disciplinary process at CUNY. Under the student disciplinary process, complainants have the same right as respondents to receive notice of the charges, to attend and participate fully in a disciplinary hearing, to appear through a representative of their choice, including an attorney, to receive notice of the decision of the faculty-student disciplinary committee, and to appeal. Penalties for students instituted after a hearing before the faculty-student disciplinary committee range from a warning to suspension or expulsion from the University.

(ii) Discipline against employees. In cases where an employee is accused of a violation of this policy, including retaliation, the matter shall be referred for disciplinary action in accordance with the applicable CUNY policies, rules and collective bargaining agreements. Penalties for employees include reprimand, suspension or termination of employment following applicable disciplinary procedures. For many respondent employees, these procedures may include a hearing before a non-CUNY fact-finder, as required by collective bargaining agreements.

(iii) Action against visitors. In cases where the person accused of sexual harassment, gender-based harassment or sexual violence is neither a CUNY student nor a CUNY employee, the college's ability to take action against the accused is extremely limited. However, the college shall take all appropriate actions within its control, such as restricting the visitor's access to campus. In addition, the matter shall be referred to local law enforcement for legal action where appropriate.

(iv) No disciplinary action. In cases where a determination is made not to bring disciplinary action, the Title IX Coordinator shall inform the complainant and the respondent of that decision contemporaneously, in writing, and shall offer counseling or other support services to both the complainant and the respondent.

G. False and Malicious Allegations

Members of the CUNY community who make false and malicious complaints of sexual harassment, gender-based harassment or sexual violence, as opposed to complaints which, even if erroneous, are made in good faith, may be subject to disciplinary action.
H. Relationship of CUNY's Investigation to the Actions of Outside Law Enforcement

In cases where the complainant files a complaint with outside law enforcement authorities as well as with the college, the college shall determine what actions to take based on its own investigation. The college may coordinate with outside law enforcement authorities in order to avoid interfering with their activities and, where possible, to obtain information regarding their investigation. Neither a law enforcement determination whether to prosecute a respondent, nor the outcome of any criminal prosecution, is dispositive of whether the respondent has committed a violation of this policy.

I. Filing External Complaints

Complainants have the right at any time to file complaints with the Office for Civil Rights ("OCR") of the U.S. Department of Education, alleging violations of Title IX, and to file complaints with other appropriate agencies alleging violations of other federal, state or local laws. Contact information for OCR and other relevant agencies is set forth on the CUNY Title IX web page.

IX. College Obligations under this Policy

In addition to addressing possible violations of this policy, colleges/units of CUNY have the following obligations:

A. Dissemination of Policies, Procedures and Notices

The college Title IX Coordinator, in coordination with the Office of Student Affairs, Office of Public Safety, Human Resources Department and other appropriate offices, is responsible for the wide dissemination of the following on her/his campus: (i) this Policy; (ii) CUNY's Notice of Non-Discrimination; (iii) the Title IX Coordinator's name, phone number, office location, and email address; and (iv) contact information for the campus Public Safety Office. Such dissemination shall include posting the documents and information on the college website and including it in any student or faculty handbooks and in residence life materials. The CUNY offices of Student Affairs, Human Resources Management and Legal Affairs shall assist in such training and educational programming.

B. Training and Educational Programming

The college Title IX Coordinator, in coordination with other applicable offices, is responsible for training all employees who are required to report incidents of sexual harassment, gender-based harassment or sexual violence under this policy, for ensuring that designated offices are offering and administering the appropriate educational programming to all incoming and transfer students, residence hall students, athletes, fraternity/sorority groups, student leaders, and/or any other student groups which the college determines could benefit from education in the area of sexual harassment, gender-based harassment and sexual violence, and ensuring that designated offices promote awareness and prevention of sexual harassment, gender-based harassment and sexual violence among all students and employees.

C. Assessing Campus Attitudes

The college's Vice President for Student Affairs, Vice President responsible for human resources, Title IX Coordinator and/or such employees designated by the college President, in coordination with other applicable offices, are responsible for obtaining current information regarding student experiences with sexual harassment, gender-based harassment and sexual violence. Any survey or assessment instrument shall be structured to be in compliance with any requirements set forth in applicable law and shall be reviewed and approved in advance by the University Title IX Coordinator.

D. Dating, Domestic and Intimate Partner Violence
As noted above, CUNY's Domestic Violence in the Workplace policy provides that colleges shall assist employees who are victims of dating, domestic or intimate partner violence that affects their employment. Similarly, colleges shall assist students who are the victims of dating, domestic or intimate partner violence, including referring them to resources and taking other appropriate supportive measures.

In addition, if a student or employee makes a complaint of dating, domestic or intimate partner violence and the alleged perpetrator is a CUNY student or employee, the college shall investigate the matter if the alleged conduct may constitute a violation of this policy, and take appropriate action based on such investigation, which may include disciplinary action.

**X. Rules Regarding Intimate Relationships**

**A. Relationships between Faculty or Employees and Students**

Amorous, dating or sexual activity or relationships ("intimate relationships"), even when apparently consensual, are inappropriate when they occur between a faculty member or employee and any student for whom he or she has a professional responsibility. Those relationships are inappropriate because of the unequal power dynamic between students and faculty members and between students and employees who advise or evaluate them, such as athletic coaches or workplace supervisors. Such relationships necessarily involve issues of student vulnerability and have the potential for coercion. In addition, conflicts of interest or perceived conflicts of interest may arise when a faculty member or employee is required to evaluate the work or make personnel or academic decisions with respect to a student with whom he or she is having an intimate relationship. Finally, if the relationship ends in a way that is not amicable, the relationship may lead to charges of and possible liability for sexual harassment.

Therefore, faculty members and other employees are prohibited from engaging in intimate relationships with students for whom they have a professional responsibility, including undergraduates, graduate and professional students and postdoctoral fellows.

For purposes of this section, professional responsibility for a student means responsibility over academic matters, including teaching, counseling, grading, advising for a formal project such as a thesis or research, evaluating, hiring, supervising, coaching, making decisions or recommendations that confer benefits such as admissions, registration, financial aid, other awards, remuneration, or fellowships, or performing any other function that might affect teaching, research, or other academic opportunities.

**B. Relationships between Supervisors and Employees**

Many of the concerns about intimate relationships between faculty members or employees and students also apply to relationships between supervisors and employees they supervise. Those relationships therefore are strongly discouraged. Supervisors shall disclose any such relationships to their supervisors in order to avoid or mitigate conflicts of interest in connection with the supervision and evaluation of the employees with whom they have an intimate relationship. Mitigation may involve the transfer of either the supervisor or employee, reassigning the responsibility to evaluate the employee to a different supervisor, or other appropriate action.

For purposes of this section, supervising an employee means supervising in an employment setting, including hiring, evaluating, assigning work, or making decisions or recommendations that confer benefits such as promotions, raises or other remuneration, or performing any other function that might affect employment opportunities.

**XI. Definitions of Terms in this Policy**
A. Sexual harassment is unwelcome conduct of a sexual nature, including but not limited to unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, graphic and electronic communications or physical conduct of a sexual nature when:

(i) submission to or rejection of such conduct is made either explicitly or implicitly a condition of an individual's employment or academic standing or is used as the basis for employment decisions or for academic evaluation, grades, or advancement (quid pro quo);

or

(ii) such conduct is sufficiently serious that it alters the conditions of, or has the effect of substantially interfering with, an individual's educational or work experience by creating an intimidating, hostile, or offensive environment (hostile environment). The effect will be evaluated based on the perspective of a reasonable person in the position of a complainant.

Conduct is considered "unwelcome" if the individual did not request or invite it and considered the conduct to be undesirable or offensive.

While it is not possible to list all circumstances that might constitute sexual harassment, the following are some examples of conduct that might constitute sexual harassment depending on the totality of the circumstances:

(i) Inappropriate or unwelcome physical contact or suggestive body language, such as touching, groping, patting, pinching, hugging, kissing, or brushing against an individual's body;

(ii) Verbal abuse or offensive comments of a sexual nature, including sexual slurs, persistent or pervasive sexually explicit statements, questions, jokes or anecdotes, degrading words regarding sexuality or gender, suggestive or obscene letters, notes, or invitations;

(iii) Visual displays or distribution of sexually explicit drawings, pictures, or written materials; or

(iv) Undue and unwanted attention, such as repeated inappropriate flirting, staring, or making sexually suggestive gestures.

For purposes of this policy, sexual harassment also includes acts that violate an individual's right to privacy in connection with her/his body and/or sexual activity such as:

(i) Recording images (e.g. video, photograph) or audio of another person's sexual activity, intimate body parts, or nakedness without that person's consent;

(ii) Disseminating images (e.g. video, photograph) or audio of another person's sexual activity, intimate body parts, or nakedness, if the individual distributing the images or audio knows or should have known that the person depicted in the images or audio did not consent to such disclosure;

(iii) Viewing another person's sexual activity, intimate body parts, or nakedness in a place where that person would have a reasonable expectation of privacy, without that person's consent.
B. Gender-based harassment is unwelcome conduct of a nonsexual nature based on an individual's actual or perceived sex, including conduct based on gender identity, gender expression, and nonconformity with gender stereotypes that is sufficiently serious that it alters the conditions of, or has the effect of substantially interfering with an individual's educational or work experience by creating an intimidating, hostile, or offensive environment (hostile environment). The effect will be evaluated based on the perspective of a reasonable person in the position of the complainant. An example of gender-based harassment would be persistent mocking or disparagement of a person based on a perceived lack of stereotypical masculinity or femininity.

C. Sexual violence is an umbrella term that includes: sexual assault, such as rape/attempted rape, criminal sexual act, forcible touching and sexual abuse, as well as dating, domestic and intimate partner violence. Stalking, while not necessarily sexual in nature, can be a form of sexual violence depending upon the circumstances.

(i) Sexual assault is any form of sexual contact (i.e., any touching of the sexual or other intimate parts of a person for the purpose of gratifying sexual desire of either party) that occurs without consent and/or through the use of force, threat of force, intimidation, or coercion. Examples of sexual assault include:

(a) Rape and attempted rape is engaging or attempting to engage in sexual intercourse with another person: (a) without such person's consent; (b) where such person is incapable of giving consent by reason of being mentally disabled, mentally incapacitated or physically helpless; or (c) where such person is less than seventeen years old. Sexual intercourse includes vaginal or anal penetration, however slight.

(b) Criminal sexual act is engaging in oral or anal sexual conduct with another person without such person's consent.

(c) Forcible touching is intentionally touching the sexual or other intimate parts of another person without the latter's consent for the purpose of degrading or abusing such person; or for the purpose of gratifying the actor's sexual desire.

(d) Sexual abuse is subjecting another person to sexual contact without the latter's consent.

(ii) Stalking is intentionally engaging in a course of conduct directed at a specific person that:

(1) is likely to cause reasonable fear of material harm to the physical health, safety or property of such person, a member of such person's immediate family or a third party with whom such person is acquainted; or

(2) causes material harm to the mental or emotional health of such person, where such conduct consists of following, telephoning or initiating communication or contact with such person, a member of such person's immediate family or a third party with whom such person is acquainted; or

(3) is likely to cause such person to reasonably fear that her/his employment, business or career is threatened, where such conduct consists of appearing, telephoning or initiating communication or contact at such person's place of employment or business, and the actor was previously clearly informed to cease that conduct.
(ii) Dating, domestic and intimate partner violence is a pattern of coercive behavior that can include physical, psychological, sexual, economic and emotional abuse, perpetrated by one person against an intimate partner. Such violence may occur in all kinds of intimate relationships, including married couples, people who are dating, couples who live together, people with children in common, same-sex partners, and people who were formerly in a relationship with the person abusing them.

D. Consent is a knowing, informed, voluntary and mutual decision to engage in agreed upon sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or failure to resist does not, in and of itself, demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity or gender expression.

Consent can be withdrawn at any time. Past consent to sexual activity between individuals does not constitute consent to subsequent sexual activity between those individuals, and consent to one form of sexual activity does not necessarily imply consent to other forms of sexual activity. Whether one party to sexual activity is in a position of authority or influence over the other party is a relevant factor in determining consent.

In order to give consent, one must be of legal age (17 years or older) and not mentally or physically incapacitated, or physically helpless, unconscious or asleep. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs or other intoxicants may be incapacitated and therefore unable to consent. Consent is not valid if it is the result of coercion, intimidation, force or threat of harm.

E. Complainant refers to the individual who alleges that she/he has been the subject of sexual harassment, gender-based harassment or sexual violence, and can be a CUNY student, employee (including all full-time and part-time faculty and staff), or visitor. Under this policy, the alleged incident(s) may have been brought to the college's attention by someone other than the complainant.

F. Visitor is an individual who is present at a CUNY campus or unit but is not a student or an employee.

G. Respondent refers to the individual who is alleged to have committed sexual harassment, gender-based harassment or sexual violence against a CUNY student, employee, or visitor.

H. Complaint is an allegation of sexual harassment, gender-based harassment or sexual violence made under this policy.

I. Retaliation is adverse treatment of an individual as a result of that individual's reporting sexual harassment, gender-based harassment or sexual violence, assisting someone with a report of sexual harassment, gender-based harassment or sexual violence, or participating in any manner in an investigation or resolution of a sexual harassment, gender-based harassment or sexual violence report. Adverse treatment includes threats, intimidation and reprisals by either a complainant or respondent or by others such as friends or relatives of either a complainant or respondent.

J. Managers are employees who have the authority to either (a) make tangible employment decisions with regard to other employees, including the authority to hire, fire, promote, compensate or assign significantly different responsibilities; or (b) make recommendations on tangible employment decisions that are given particular weight. Managers include vice presidents, deans, directors, or other persons with managerial responsibility, including, for purposes of this policy, department chairpersons and executive officers.

CUNY Sexual Misconduct Policy/Title IX
CUNY Sexual Misconduct Policy/Title IX

Hunter College is committed to maintaining a fair and equal environment for both its employees and student body, consistent with the requirements of Title IX of the Education Amendments Act of 1972 which state that:

No person in the United States shall, on the basis of sex, be excluded from participation in, denied the benefits of, or be subjected to, discrimination under any education program or activity receiving Federal financial assistance.

The CUNY Policy on Sexual Misconduct prohibits all forms of sexual misconduct, including but not limited to sexual harassment, gender-based harassment and sexual violence.

This Policy also prohibits retaliation for reporting or opposing discrimination, or cooperating with an investigation of a discrimination complaint.

Any individual who believes he or she has been discriminated against on the basis of gender in any area outside the purview of the Sexual Misconduct Policy may direct all inquiries, concerns and complaints to Dean John T. Rose, Hunter's Title IX Coordinator. Any individual who believes that he or she has experienced any form of discrimination under Title IX of the Education Amendments of 1972 may also contact the US Department of Education, Office of Civil Rights. In addition, Professor Jennifer Samson of the Department of Special Education is the college's 504/ADA Coordinator. The Vice Presidents, Deans, Directors, Managers and Supervisors share responsibility for ensuring our compliance with these policies and laws.

These criteria are based on guidelines issued by the Office of Civil Rights, Department of Education.

Declaring a major

To declare or change a major, students should print a Major Declaration Approval form at http://www.hunter.cuny.edu/onestop/forms-online, and confer with an adviser in the major department who will review the program of study and must sign and stamp the form.
All matriculated students must declare a major no later than the semester in which the combination of credits earned and credits for which they are currently registered totals 60 or greater. Transfer students entering with 60 credits or more must declare their major before the end of their first semester of attendance at Hunter. Under New York State guidelines, students who have not declared a major by the 60-credit point, or changed their major/program, by the end of the drop/add period of the semester are ineligible for TAP financial aid.

Declaring a Major

To declare or change a major, students should print a Major Declaration Approval form at registrar.hunter.cuny.edu/subpages/forms.shtml, and confer with an adviser in the major department who will review the program of study and determine the student's eligibility. If the student is admitted into the major, the adviser will sign and stamp the form. That form must be forwarded to OASIS. Each major must be declared in the same way and approved by an adviser in the major department.

Choosing a Major and TAP Financial Aid

Under New York State guidelines, students who have not declared a major by the 60-credit point are ineligible for TAP financial aid. The calculated financial aid is based on the declared major as of the end of the DROP/ADD period.

Degree Students and CUNY Proficiency Requirements

Degree seeking students enrolling at Hunter College must demonstrate proficiency in reading, writing and mathematics at the time of application, as outlined by the City University of New York. Students can demonstrate that they meet the CUNY proficiency skills requirements in reading, writing and mathematics based on SAT, ACT, or NY State Regents test scores. Students may also demonstrate CUNY proficiency requirements based on a bachelor's degree or higher from an accredited program that is approved by the Office of Admissions. Otherwise, students must take the appropriate CUNY Assessment Test (CAT) to demonstrate proficiency requirements.

Demonstrating Proficiency: Mathematics

Students may demonstrate proficiency in mathematics based on the following SAT, ACT, or NY State Regents test scores.

Students are considered proficient in mathematics if they provide official documentation on any one of the following:

- SAT Math score of 500 or higher
- ACT Math score of 21 or higher
- NY State Regents score of 70 or higher in Algebra I and successful completion of Algebra II/trigonometry or higher-level course.
- NY State Regents score of 80 or higher in Integrated Algebra, Geometry, OR Algebra 2/Trigonometry AND successful completion of the Algebra 2/Trigonometry or a higher-level course.
- Math A or Math B, Sequential II or III NY State Regents score of 75 or higher
Students may demonstrate proficiency in mathematics based on the following CUNY Assessment Test score: Algebra (M2) score of 40 or higher

In addition, transfer students from outside of CUNY can demonstrate that they meet the CUNY math proficiency requirement by documenting successful completion of a 3 credit college-level math course with a grade of C or better from an accredited college or university. Transfer students from another CUNY college can demonstrate that they meet the CUNY mathematics proficiency requirement by documenting successful completion of Elementary Algebra or a 3 credit college-level math course at a CUNY college.

**Demonstrating Proficiency: Reading and Writing**

Students may demonstrate proficiency in reading and writing based on the following SAT, ACT, or NY State Regents test scores.

Students are considered proficient in reading and writing if they provide official documentation on any one of the following:

- SAT I Verbal score of 480 or higher or Critical Reading score of 480 or higher
- ACT English score of 20 or higher
- NY State English Regents score of 75 or higher

Students may demonstrate proficiency in reading and writing based on the following CUNY Assessment Test scores:

- Reading: a score of 70 or higher.
- Writing: a score of 56 or higher.

To be eligible to register for the first college-level composition course, students must be proficient in both reading and writing.

In addition, transfer students from outside of CUNY may demonstrate that they meet the City University of New York's proficiency requirement in reading and writing by documenting successful completion of a 3-credit college-level English course with a grade of C or better from an accredited college or university. Transfer students from another CUNY college may demonstrate that they meet the City University of New York's proficiency requirement in reading and writing by documenting successful completion of a 3-credit college-level English course with a grade of C or better from a CUNY college.

**Department of Public Safety**

return to Section VII: Health & Safety Policies and Procedures

B122 Hunter West
(212) 772-4447
http://publicsafety.hunter.cuny.edu/index.shtml

**Public Safety and Emergencies**

In order to provide a safe and secure environment, the Hunter College campuses are monitored 24 hours a day by members of the Department of Public Safety. Public Safety personnel are available to provide assistance with public safety, security and health emergencies at all times. In the event of an emergency, Public Safety can be reached in the following manner:
Emergencies: Located throughout the main campus and Brookdale are silver wall mounted boxes marked "Emergency." These boxes are known as "Talk Alerts" and pushing the call button on the box will connect you directly to the public safety desk. You may also dial 4444 from any interior campus telephone, or dial (212) 772-4444 from your cellular telephone.

Please remember to please state your emergency and your location on campus. Below are emergency and non-emergency phone numbers for specific campus sites. Note: The new Lois V. and Samuel Silberman School of Social Work/CUNY School of Public Health at Hunter College building is located at 2180 Third Avenue New York, N.Y. The MFA building is at 205 Hudson Street New York NY 10013.

Emergency Numbers

(Fire and Ambulance, 24 hours)

68th Street (212) 772-4444
School of Social Work (212)-396-7777
Brookdale Campus (212) 481-4444
MFA Building (212) 226-2389

New York Police Department 911 (dial 9, then 911 from an interior campus phone)

Non-Emergency Numbers

68th Street Campus (212) 772-4447
School of Social Work (212) 396-7777
Brookdale Campus (212) 481-4374

New York Police Department 911 (dial 9, then 911 from an interior campus phone)

Non-emergencies: All calls for Public Safety services from all Hunter College campuses should be made to (212) 772-4447. This number is staffed 24 hours daily. Calls for outside assistance can be made from campus telephones by dialing 9-911. (An extra 9 is entered to ensure that the caller is given an outside line.)

The following schedule is in effect for the Hunter College complex of buildings:

Main Campus (68th Street & Lexington Ave.):
Monday through Friday- 7:00 a.m. to 10:00 p.m.
Saturday, Sunday, holidays- 7:00 a.m. to 6:00 p.m.

East Building Library only:
Monday through Thursday- 7:00 a.m. to 11:00 p.m.
Friday- 7:00 a.m. to 6:00 p.m.
Saturday and Sunday- 7:00 a.m. to 8:00 p.m.

Lois V. & Samuel Silberman School of Social Work and CUNY School of Public Health at Hunter College (2180 Third Ave.)

Monday through Friday- 7:00 a.m. to 11:00 p.m.
Saturday- 8:00 am to 11:00 p.m.
Sunday- 10:00 a.m. to 11:00 p.m.

MFA Building

7:00 am to 1:00 am daily

To enter the buildings at times and days other than those scheduled above, everyone must show proper identification to the security officers on duty. A sign-in and sign-out log will be maintained by the security officers.

Special Procedures on the Brookdale Campus: Students, faculty, staff and visitors to the Brookdale campus are required to possess a valid photo ID at all times, which they must present to Campus Security and/or show to any member of the Residence Life staff upon request at any time for entry into campus buildings.

Hours of Operation:

Students
Monday through Friday- 7:00 a.m. to 10:00 p.m.
Saturday, Sunday, holidays- 7:00 a.m. to 6:00 p.m.

Campus Housing Residents
Open 24 hours/day

Information and Complaints: Requests for information or complaints concerning security services should be made to Louis Mader, Director of Public Safety, (212) 772-4521.

Determination of Appropriate Procedure

If students have any question about the applicable procedure to follow for a particular complaint, they should consult with the chief student affairs officer. In particular, the chief student affairs officer should advise a student if some other procedure is applicable to the type of complaint the student has.

Disclaimers and Statement of Rights

return to: Section V: Institutional Policies

Notice of Possible Changes

The Board of Trustees of The City University of New York reserves the right to make changes of any nature in the academic programs and requirements of The City University of New York and its constituent colleges. All programs, requirements, and courses are subject to termination or change without advance notice. Tuition and fees set forth in this publication are similarly subject to change by the Board of Trustees of The City University of New York.
The course descriptions in this catalog summarize the full, official descriptions authorized by the Hunter College Senate. Full descriptions are available in the appropriate school and department offices. Hunter College reserves the right to change rules, policies, fees, and curricula without advance notice.

**Dismissal from the College and the City University**

Students who fail to achieve the required academic standards will be placed on academic probation. Students who fail to achieve the required academic standards while on probation will be dismissed from Hunter College and the CUNY system.

Students may appeal an academic dismissal and should discuss the preparation of such an appeal with an academic adviser in the Office of Advising Services, Room 1119 Hunter East. The Senate Committee on Student Standing reviews all appeals and makes the final determinations.

Tuition and fees will be refunded to a student who is dismissed for failure to meet the required academic standards after having registered.

Students who withdraw from the college when their GPA is below the required academic standards will be automatically dismissed from the university. Students who have been dismissed or who have withdrawn when their GPA is below required academic standards may not be readmitted until they have been separated from the university system for at least one fall or spring semester. Students who wish to apply for readmission after separation of one or more semesters must file an application at the Office of Admissions, Room 203 Hunter North. Applications must be filed at least three months prior to the beginning of the semester in which the student plans to re-enter.

Until such time as they are eligible to apply for readmission, students who are separated from the university may not enroll for credit-bearing courses in any unit of the university in any status.

**Drug-Free Schools and Campuses, Public Law 101-226**

Hunter College is in compliance with the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226).

The New York State minimum drinking age (21 years) is observed at all campus functions. Proof of age is required to consume alcoholic beverages and no individual appearing to be under the influence of alcohol will be served.

All Hunter College organizations sponsoring events must, in advance of the event, agree to the following conditions:

1. No person shall sell or provide an alcoholic beverage to a person under the age of 21. Where documentation of age is unavailable or not reasonably certain, the law requires denial of an alcoholic beverage to that person.
2. No person shall sell or provide an alcoholic beverage to a person actually or apparently under the influence of alcohol.
3. No person shall sell or provide an alcoholic beverage to a person known to be a habitual excessive drinker.
4. All advertising, promotion, publicity, invitations, etc. stating the availability of alcoholic beverages at an event, must include the following statement:

   The unlawful possession, use or distribution of drugs is prohibited on the campus. Violators will be subject to penalties ranging from reprimand and warning for a first infraction, to separation from the college for a subsequent offense.

Legal sanctions against students alleged to be in violation of Public Law 101-226 will be determined according to Article 15 Section 3 of the CUNY Board of Trustees Bylaws. Sanctions for members of the instructional staff and non-
instructional staff will be governed by Article VII of the CUNY Board of Trustees Bylaws and Article XIV, respectively.

**Assistance is available by calling:**

- **Hunter College Emergency Medical Services** – (212) 772-4801
- **Employee Assistance Program** – (212) 772-4051
- **Student Services** – (212) 772-4882

**The Hunter College Smoking Policy**

Hunter College is a non-smoking environment (facility) pursuant to New York City Law.

**Early Admission**

Students with superior high school records may apply for admission to the college upon completion of the third year of high school. An interview with the Admissions Committee is required, as well as a high school average of at least 90%, minimum SAT scores of 600 verbal and 600 math and three high school recommendations. Students are admitted only in the fall semester. Applications must be filed directly with the Hunter Admissions Office before April 1.

**Economics and Accounting Faculty**

Return to Faculty of the School of Arts and Sciences

- **Terence Agbeyegbe**, Professor, Economics; BA Essex, MSc, MS London, PhD Essex (UK)

- **John Qiang Li**, Associate Professor, Accounting, BS, MS Harbin Polytechnic University, China, PhD Washington University
- **Avi Liveson**, Professor, Accounting; BA Brandeis, LLM NYU, JD Pennsylvania
- **Kenneth J. McLaughlin**, Associate Professor, Economics; BA Ohio State, MA, PhD Chicago
Economics students become problem solvers. They learn to analyze a situation, figure out what is important and determine what can be abstracted away. The economics curriculum stresses the development of general problem-solving skills: finding, gathering and interpreting information; predicting the consequences of decisions; evaluating alternative courses of action; and analyzing the management of resources in both the public and private sectors. At the same time, economics students learn about the institutions and rules that shape daily life—the monetary system, the stock and bond markets and the regulatory system that mandates warning labels on cigarette packs and seat belts in automobiles.

While an undergraduate major in economics does not define the career a graduate may ultimately lead, it provides students with a point of view and a set of skills that will be useful in almost any path taken after graduation. A major in economics is especially valuable for those who plan careers in finance, management, law, journalism, or public policy. Many professional economists also enter government at the federal, state, or local level, either in research or policymaking positions. Still others are involved in teaching and research in colleges and universities.

Accountants specialize in measuring, reporting and interpreting the financial aspects and transactions of businesses, governments, non-profits and other institutions. Accounting provides the information necessary to determine and evaluate both present and projected economic activities of organizations. Professional accountants develop and apply their skills in auditing, taxation, management policy, information systems, computer operations and many other areas.

Nearly half of all accounting graduates are employed by public accounting firms. Others work for private firms, engage in research and consulting, practice in the government sector or with non-profit entities, or continue their education on the graduate level.
Opportunities exist for study abroad in summer, winter intersession and during the academic year. There are a variety of countries, subject matters and languages to choose from. Current summer offerings include programs in: the Bahamas, Costa Rica, France, Germany, Italy, Poland, Spain, England and Scotland. Winter intersession typically offers programs in Argentina, Australia, Brazil, Ghana, Italy, Jordan and Uganda. During the academic semester or year, Hunter students can participate in a study abroad program in Costa Rica and in exchanges with Queen Mary College of the University of London, Nebrija University in Madrid, University of Amsterdam, Meji Gakuin University in Yokohama, Japan as well as with the three main campuses (Melbourne, Geelong and Warnabul) of Deakin University in Australia. Additional information about Hunter programs is available on the Education Abroad website http://www.hunter.cuny.edu/educationabroad.

Besides the programs organized by Hunter College, students can participate in the study abroad programs of other CUNY colleges, as well as CUNY-wide exchanges. More information about these programs can be found at www.cuny.edu/studyabroad. Hunter students also have the option of participating in programs offered by SUNY colleges. More information is available at www.studyabroad.com/suny.

Finally, Hunter College belongs to the University Studies Abroad Consortium (USAC) and all USAC programs are open to Hunter students. For more information go to http://usac.unr.edu/.

**Elective (or Optional) Credits**

These are credits needed to complete the degree beyond those taken to fulfill the Hunter Core Requirement and the major. Students may choose as electives any courses for which they have the necessary prerequisites. They may take more courses in their major, declare and complete a minor, study another foreign language they will need for graduate work or explore new horizons.

Equal Opportunity and Non-Discrimination Policy

return to: Section V: Institutional Policies

Equal Opportunity and Non-Discrimination Policy

Hunter is committed to a policy of equal employment and equal access in its educational programs and activities. Diversity, inclusion, and an environment free from discrimination are central to the mission of the City University of New York.

It is the policy of Hunter to recruit, employ, retain, promote, and provide benefits to employees (including paid and unpaid interns) and to admit and provide services for students without regard to race, color, creed, national origin, ethnicity, ancestry, religion, age, sex (including pregnancy, childbirth and related conditions), sexual orientation, gender, gender identity, marital status, partnership status, disability, genetic information, alienage, citizenship, military or veteran status, status as a victim of domestic violence/stalking/sex offenses, unemployment status, or any other legally prohibited basis in accordance with federal, state and city laws.
It is also the Hunter's policy to provide reasonable accommodations when appropriate to individuals with disabilities, individuals observing religious practices, employees who have pregnancy or childbirth-related medical conditions, or employees who are victims of domestic violence/stalking/sex offenses.

This Policy also prohibits retaliation for reporting or opposing discrimination, or cooperating with an investigation of a discrimination complaint. Furthermore, any individual who believes that he or she has experienced employment discrimination on account of any of the above identities should immediately contact John T. Rose. Any individual who believes that he or she has experienced any form of discrimination under Title IX of the Education Amendments of 1972 may also contact the US Department of Education, Office of Civil Rights. In addition, Professor Jennifer Samson of the Department of Special Education is the college's 504/ADA Coordinator. The Vice Presidents, Deans, Directors, Managers and Supervisors share responsibility for ensuring our compliance with these policies and laws.

CUNY's Non-Discrimination Policy

**ESL (English as a Second Language) Designation**

Students whose secondary school education includes at least one year in a high school where a language other than English is the primary language of instruction are designated as ESL students. ESL students who are admitted to Hunter may be permitted to register even if they received failing scores on the CUNY skills assessment tests in reading and/or writing. (A passing score on the CUNY Math Assessment Test (CMAT) is required for ESL designation.

These students are tested for placement in appropriate developmental courses and receive special advisement regarding program planning. ESL students may take developmental English courses for two semesters and are permitted to enroll at Hunter for an additional two semesters before being required to pass the skills test. Additional information about placement and program planning for ESL students is available at the Office of Student Services.

Federal Financial Aid
Federal Pell Grant eligibility is restricted to a maximum of 12 full-time semesters or the equivalent number of years.

The calculation of the duration of your Pell grant eligibility will include ALL years you received Federal Pell grant funding. Your Pell grant duration will be determined by adding together each of your annual percentages of the scheduled award that were disbursed to you. A student enrolled full-time throughout the fall and spring semesters would earn 100% of their Pell Grant each year.

Satisfactory Academic Progress Standards for federal financial aid are more restrictive.

Effective July 1, 2012, if you are placed on academic probation you will be ineligible for Pell Grant, SEOG, Federal Work-Study, Federal Perkins and Federal Direct Student Loans. If you can demonstrate exceptional or extenuating circumstances resulted in your failure to satisfy academic requirements you may appeal to receive federal funding. The student's academic adviser must submit an "academic action plan" that indicates it will be possible for the student to regain eligibility for the next semester.

Undergraduate Direct Subsidized loan interest rate

Effective July 1, 2014 the Federal Direct Stafford subsidized loan will remain interest-free while undergraduate students are enrolled in school at least half-time, however the interest rate will be 3.76%.

Subsidized loans for graduate students are no longer available.

Graduate students will no longer be eligible for subsidized loans. While the total annual loan limit that students can borrow will remain at $20,500, the full amount will be unsubsidized, accruing a 5.31% interest while in school.

Film and Media Studies

Return to the Faculty of the School of Arts and Sciences

Kelly Anderson, Professor, Film and Media Studies; BA Brown

Andrew Demirjian, Assistant Professor, Film and Media Studies; BA Clark, MFA Hunter (CUNY)

Andrew Lund, Associate Professor, Film and Media Studies; MFA, JD Columbia

Ivone Margulies, Associate Professor, Film and Media Studies; MA Fed. Univ. of Rio de Janeiro (Brazil), MA, PhD NYU
Financial Need

All funds from federal financial aid programs administered by the Office of Financial Aid are awarded on the basis of financial need, with the exception of the Federal Direct Unsubsidized Loan and the Federal Direct PLUS (Parent) Loan.

When the student applies for federal student aid, the information that is reported on the FAFSA is used in a formula, established by the U. S. Dept. of Education and approved by the U.S. Congress, that calculates the Expected Family Contribution (EFC), the amount that the student and the student's family are expected to contribute toward the student's education.

There is not a maximum EFC that defines eligibility for the other financial aid programs. Instead, the EFC is used in an equation to determine financial need:

\[
\text{Cost of Attendance} - \text{Expected Family Contribution (EFC)} = \text{Financial Need}
\]

The Financial Aid Office subtracts the Expected Family Contribution (EFC) from the Cost of Attendance. The remainder is the student's financial need. In determining the student's need for aid from the federal financial aid programs, the Financial Aid Office must first consider other aid the student is expected to receive.

Fire Safety Plan
Use of Elevators during a Fire

No person should ever use an elevator in a fire unless so directed by Fire Department personnel. Using an elevator in a fire is extremely dangerous. The college has been informed by the Fire Department that the use of elevators in a fire has, in many cases, resulted in many unfortunate and unnecessary deaths.

The New York City Fire Department has informed Hunter College that the Fire Department has the primary responsibility to determine if elevators can be used to transport disabled persons during fire emergencies. Fire Department officials also state that they are responsible for relocating disabled persons to a safe location if such relocation is necessary. Disabled persons should wait in the designated stairwell on the floor that they are on at the time of an emergency.

The New York City Fire Department considers transporting disabled persons in an emergency a highly risky procedure. The relocation process may subject disabled persons and other persons to accidents and injuries. However, if it is necessary to relocate disabled persons during an emergency, the Fire Department will handle the relocation of disabled persons, using safe procedures and experienced Fire Department personnel.

If elevators can be used during a fire alarm

the Fire Department considers use of the elevators to be the best method of relocation because it is practical, safe and efficient. This explains the Fire Department's position of advocating emergency assembly areas for disabled persons. (The Fire Department often refers to this type of assembly area as a refuge area.)

When there is a report of a fire alarm in the building

(note: The alarm may be a false alarm or the fire may be in a small section of the building) if disabled persons are not in any danger from the fire or its smoke, the Fire Department does not automatically recommend the relocation of disabled persons. In most cases, the Fire Department would not recommend that such persons be removed from the building. Instead, the Fire Department would recommend that such persons be moved to a safe location within the building.

Note: It is extremely important that the Hunter College community understand the procedure of the New York City Fire Department for evacuating a building that is experiencing a fire. Everyone in the building should not automatically be evacuated to the street. Nor should everyone be relocated within the building. This is the policy for ambulatory persons as well as non-ambulatory persons.
If you have any questions regarding the standards used to determine the need for evacuating the buildings, call the Director of Public Safety and Security at (212) 772-4521.

For Your Safety

The Hunter West, East, North and Thomas Hunter Buildings are equipped with Fire Emergency notification devices. It is the responsibility of everyone to become familiar with their location and their use. These Fire Emergency notification devices consist of the following:

Fire Alarm

The Fire Alarm Pull Stations are small, red boxes. They are wall mounted and located next to a fire exit. Printed on these pull stations is PULL HERE IN CASE OF FIRE.

To activate the Fire Alarm Pull Station, follow these steps:

1. Pull down the RED lever on the Fire Alarm Pull Station box. This will cause the fire alarm to sound on the fire door and on the floor above. In addition, it will send a signal to the Fire Command Station. The Fire Safety Director at the Fire Command Station will carry out the fire emergency procedures. Make yourself familiar with them now, so that in an emergency you will know what to do.
2. During a fire alarm, Fire Wardens, Fire Searchers and Public Safety Officers have been directed to communicate the number, the location and the status of all disabled persons via Fire Warden phones to the Fire Command Station. The Fire Safety Director will notify members of the New York City Fire Department regarding the status of all disabled persons in the building as soon as the Fire Department arrives on campus.

Note: It is extremely important that the college community understand the protocol of the New York City Fire Department for evacuation of a building that is experiencing a fire. Everyone in the building should not automatically be evacuated to the outside, or, for that matter, be relocated within the building. This is the policy for ambulatory persons as well as non-ambulatory persons

Instructions for Fire Reporting and Evacuation Procedure

A. If you see a fire, do the following:

1. Call the Fire Department (911), or
2. Call the Public Safety Emergency Number (Security) (212) 772-4444, or
3. Pull the fire alarm.
4. Then, follow the procedures below:

B. Procedures

1. Evacuate your area.
2. Close, but do not lock, doors.
3. Follow instructions transmitted over the public address system.
4. Proceed to evacuate the building through designated exits.
5. Evacuate to street if not directed otherwise over the public address system.
6. Before entering any stairwell, touch the door with the palm of your hand. If it is warm or hot, do not enter the stairwell. Proceed to the next stairwell.
7. When leaving the building keep your head turned to the center of the stairway.
9. It is dangerous to use elevators during an evacuation. Only use elevators when authorized to do so by fire emergency personnel.
10. When using the down escalators, make long and wide turns going from one escalator to the next escalator in order to prevent congestion.
11. When you are outside the building, move away from the entrance approximately 200 feet.
12. Wait for the all-clear signal before re-entering the building.
Fire Safety Plan for the Disabled

**When there is a fire alarm in one of the college's buildings** disabled persons who are unable to walk down steps should assemble at one of the Disabled Persons Fire Emergency Assembly Areas (DPFEAA).

These areas are located on every floor of Hunter's four buildings in the immediate vicinity of each building's elevators. They are near the two stairwells closest to the elevators. The areas are identified by wall signs that identify the area as a Disabled Persons Fire Emergency Assembly Area.

During a fire alarm, fire wardens, fire searchers and security personnel have been directed to communicate the number, the location and the status of all disabled persons via Fire Warden Phones or through security personnel to Hunter College's Fire Command Station. The public safety person at the Fire Command Station will notify members of the New York City Fire Department of the status of all disabled persons in the building as soon as the firefighters arrive on the campus.

**When Public Safety Offices Will Relocate Disabled Persons** if, for any reason, a disabled person is in imminent danger due to fire, smoke or similar circumstances on campus and members of the Fire Department are not present to relocate the disabled person, Public Safety Officers and other members of the College Fire Brigade will assume the responsibility of relocating that person to a safe location.

Public Safety Officers and members of the Fire Brigade operating under the direction of the Fire Safety Director will take command and make immediate arrangements to have the appropriate disabled person(s) moved to a safe location if necessary.

*Note: The Public Safety Officer in charge of the evacuation process will determine the number of carriers needed to relocate a disabled person. Factors to be considered when making these assignments will be the weight of the disabled person, the weight of the wheelchair, the width of the staircase and any other factors that are deemed necessary to successfully carry out these functions without accidents.*

This Fire Safety Plan for the Disabled is established to provide for the safety of the disabled members of the Hunter College community and disabled visitors to the college in the event of a fire or other life-threatening emergency. The plan will be implemented in any situation in which there may be a need to relocate disabled persons to a safe location.

The Fire Safety Plan for the Disabled identifies the New York City Fire Department as the agency having the primary responsibility for relocating any disabled person from an endangered floor to a safe location. However, if the Fire Department or other New York City emergency agency response is not exercised in a timely fashion and the situation requires immediate removal of disabled persons, Public Safety and Security Personnel will transport such individual or individuals to a safe location.

The Fire Safety Plan for the Disabled is a part of the Hunter College Fire Safety Plan. All faculty, staff and students are advised to read and be fully familiar with the entire Fire Safety Plan.

**Orientation**

1. Orientation to the Fire Safety Plan, including the relocation procedures, will be provided for disabled faculty, students and staff yearly under the auspices of the 504 Committee.
2. Orientation for new disabled students will be included in the orientation program for entering freshmen.
3. Instructions regarding the Fire Safety Plan and Relocation Procedures will be included in the regularly conducted fire drills.

**Disabled Person Precautions**

1. Remain calm. Your safety and the security of others depend on the absence of panic.
2. Before entering any stairwell, touch the door leading into the stairwell. If the door is warm or hot, do not open or enter the stairwell. Proceed to the next stairwell.
3. If you cannot reach a stairwell near an elevator and you are in an office or classroom and have access to a phone, call Security at 772-4444. Disabled persons and persons who are trapped are the only persons who should call Public Safety during a fire emergency.

4. If you are in an area with a door and cannot reach an exit near the elevators, seal the crack around the door with rags or clothing.

5. Public Safety and Security has a chart indicating all the special rooms in the library designed for use by the disabled. These rooms will be checked during a fire emergency.

What Emergency Personnel Will Do

1. The person who searches the floor will report your location to the fire command station. The fire command station will inform the Fire Department of your location.

2. If you are in need of relocation and the Fire Department is not available to relocate you, a member of the Public Safety and Security Department will relocate you to a safe location.

3. If necessary, you will be relocated to a safe floor or taken out of the building.

Locating Disabled Persons

1. Public Safety maintains class schedules for disabled students and work schedules for disabled faculty and staff. These schedules will be used to assist emergency personnel to locate disabled persons in an emergency.

2. Students are responsible for reporting their class schedules, their work schedules and schedule changes to the Coordinator for Disabled Student Services (Room 1100 Hunter East).

3. Disabled faculty and staff are responsible for reporting their work schedules and schedule changes to the director of personnel (Room 1502A Hunter East).

Special Instructions for the handling of Disabled Persons

Person Who Is Visually Impaired

A disabled person who is visually impaired and has to be relocated, but is able to walk downstairs, will be personally escorted to a safe location by a Public Safety Officer, a Fire Warden, a Fire Searcher, or a member of the college Fire Brigade.

Person Who Has a Hearing Impairment

A person who has a hearing impairment will be alerted to a fire alarm by a Public Safety Officer, a Fire Warden, a Fire Searcher, or a member of the College Fire Brigade. Those disabled persons will be escorted to a safe location if necessary.

Special Caution on Lifting and Carrying Disabled Persons

Before lifting any disabled person, carriers will, if possible, ask the disabled person how they should be lifted. Disabled persons know better than anyone else how they should be lifted or carried in order to avoid any unnecessary injuries to the disabled person.

Hunter North-Special Instructions

1. In Hunter North, go to the area near the Fire Tower. The entrance to the Fire Tower is located at the north end of the west corridor (the corridor parallel to Park Avenue).

2. Do not enter the Fire Tower stairwell unless the major portion of the college community has completed its descent.

Responsibility for Implementation

The director of the Department of Public Safety is responsible for the implementation of the Fire Safety Plan.
Distribution

The Fire Safety Plan for Disabled Persons will be distributed to all faculty, students and staff who have identified themselves as disabled. The Fire Safety Plan for the Disabled will be distributed with the Hunter College Fire Safety Plan.

If you have any questions regarding the various parameters used to evaluate the necessity of evacuation, please consult with the fire safety director at Ext. 4521.

Food Services

Dining facilities are available on the main campus at 68th Street, the Brookdale Campus and the School of Social Work. The Food Services Web link is hunter.avifoodweb.com/.

Main Campus, 68th Street & Lexington Avenue There are several food outlets on the main campus:

1. The cafeteria on the 3rd floor of Hunter West is open to all Hunter students, faculty, staff and visitors. There are two eating areas adjacent to the food service area. The south side seats around 200 people. The north side seats about 75 and also has several computer terminals for checking of e-mail and Internet reference. A full menu of hot and cold foods and beverages is offered.
   South area hours: Monday through Thursday, 7:00 am to 7:00 pm; Friday, 7:00 am to 2:00 pm
   North area hours: Monday through Thursday, 11:00 am to 4:00 pm; Friday closed

2. A Starbucks coffee kiosk is located in the lobby of Hunter West, serving beverages and light snacks. Hours: Monday through Thursday, 7:30 am to 7:30 pm; Friday, 7:30 am to 2:30 pm; Saturday 7:30 am to 2:30 pm.

3. The Faculty Dining Room on the 8th floor of Hunter West is open to all Hunter faculty and staff. The facility is open during the fall and spring semesters Monday through Friday, from 11:30 am to 2:00 pm.
   Note: for the aforementioned facilities, shorter hours are in effect during semester breaks, summer session and the day before major holidays.

Brookdale, 425 East 25th Street A full service cafeteria for the Hunter health sciences community with many of the same options as the main campus cafeteria. Hours: Monday through Thursday, 7:30 am to 7:30 pm; Friday, 7:30 am to 2:30 pm. The cafeteria is closed during semester breaks, summer session and the day before major holidays.

School of Social Work, 119th Street & 3rd Avenue Food service options are available at the first floor café, and are currently provided through a local vendor, in keeping with Hunter's commitment to support the East Harlem community.

Vending There are vending machines throughout all of Hunter College's campus locations.

Formal Complaint

If the student does not pursue informal resolution, or if informal resolution is unsuccessful, the student may file a written complaint with the department chairperson or, if the chairperson is the subject of the complaint, with the academic dean or a senior faculty member designated by the college president. (This person will be referred to below as the "Fact Finder.") Only students in a faculty member's class or present in another academic setting where the alleged conduct occurred may file complaints against that faculty member.

1. The complaint shall be filed within 30 calendar days of the alleged conduct unless there is good cause shown for delay, including but not limited to delay caused by an attempt at informal resolution. The complaint shall be as specific as possible in describing the conduct complained of.
2. The Fact Finder shall promptly send a copy to the faculty member about whom the complaint is made, along with a letter stating that the filing of the complaint does not imply that any wrongdoing has occurred and that a faculty member must not retaliate in any way against a student for having made a complaint. If either the student or the faculty member has reason to believe that the department chairperson may be biased or otherwise unable to deal with the complaint in a fair and objective manner, he or she may submit to the academic dean or the senior faculty member designated by the college president a written request stating the reasons for that belief; if the request appears to have merit, that person may, in his or her sole discretion, replace the department chairperson as the Fact Finder. The chairperson may also submit a written request for recusal for good cause to the academic dean or senior faculty member designated by the college president to review such requests. If a recusal request is granted, a different department chairperson shall conduct the investigation, or, if no other chairperson is available, an administrator designated by the college president shall serve in the chairperson's stead. Further, the college president may re-assign investigations as necessary, including but not limited to situations in which a Fact Finder has not completed an investigation in a timely manner. In addition, during any time that no department chairperson is available to investigate a complaint, the college president may assign an administrator to investigate.

3. The Fact Finder shall meet with the complaining student and faculty member, either separately or together, to discuss the complaint and to try to resolve it. The Fact Finder may seek the assistance of the campus ombudsman or other appropriate person to facilitate informal resolution.

4. If resolution is not possible, and the Fact Finder concludes that the facts alleged by the student, taken as true and viewed in the light most favorable to the student, establish that the conduct complained of is clearly protected by academic freedom, he or she shall issue a written report dismissing the complaint and setting forth the reasons for dismissal and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. Otherwise, the Fact Finder shall conduct an investigation. The Fact Finder shall separately interview the complaining student, the faculty member and other persons with relevant knowledge and information and shall also consult with the chief student affairs officer and, if appropriate, the college ombudsman. The Fact Finder shall not reveal the identity of the complaining student and the faculty member to others except to the extent necessary to conduct the investigation. If the Fact Finder believes it would be helpful, he or she may meet again with the student and faculty member after completing the investigation in an effort to resolve the matter. The complaining student and the faculty member shall have the right to have a representative (including a union representative, student government representative or attorney) present during the initial meeting, the interview and any post-investigation meeting.

5. In cases where there is strong preliminary evidence that a student's complaint is meritorious and that the student may suffer immediate and irreparable harm, the Fact Finder may provide appropriate interim relief to the complaining student pending the completion of the investigation. The affected faculty member may appeal such interim relief to the chief academic officer.

6. At the end of the investigation, the Fact Finder shall issue a written report setting forth his or her findings and recommendations, with particular focus on whether the conduct in question is protected by academic freedom, and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. In ordinary cases, it is expected that the investigation and written report should be completed within 30 calendar days of the date the complaint was filed.

Frankfort Center for Learning and Scholarly Technologies

The Frankfort Video Analysis project of pre-certification teachers and counselors was initiated in 2007 and has since become a requirement for every degree and certificate candidate at the Hunter College School of Education. This innovative database has been improving professional development and teacher preparation via embedded rubrics and observation tools. The corresponding library of best practices and teachable moments is one of the nation's first archive of indexed student-teaching videos. The VAT/VAC was lauded by the NCTQ in their 2014 rankings of educational programs as a resource that comprises, "promising or exemplary materials from teacher preparation programs."
Freedom of Information Law

return to: Section V: Institutional Policies

Request to inspect public records at the college should be made to the Records Access Officer, Laura Hertzog, Special Counsel to the President, who is located at the Hunter College Legal Office, 695 Park Avenue, 1705 Hunter East, (212) 772-4220. Requests via email may be sent to the attention of Laura Hertzog at the following email address: mesoto@hunter.cuny.edu. Please refer to CUNY's FOIL webpage for additional information.

Freshman Admission

Academic Preparation

The best preparation for success at Hunter College is a full program of college-preparatory courses. The college recommends four years of English, four years of social studies, three years of mathematics, two years of foreign language, two years of laboratory science and one year of performing or visual arts.

In addition to providing a strong foundation for college-level coursework, the program recommended above fulfills the 16 units of high school work in academic courses required for admission to a CUNY senior college under the College Preparatory Initiative (CPI). High school students should check with guidance counselors to determine which courses are considered to be academically within the English, mathematics, science, social science, foreign language and fine and performing arts curricula. Freshman admission to Hunter College is competitive. Applicants are considered for admission on the basis of the overall strength of their academic preparation, which includes SAT/ACT scores, high school academic average, the number of academic subjects and the distribution of those courses. A diploma from an accredited high school, an equivalency diploma or a United States Armed Forces diploma is also required for entrance to the college. Neither a high school certificate nor an IEP diploma is acceptable. For more information on how to prepare to apply to Hunter College, visit www.cuny.edu/prepare.

Advanced Placement and College-Level Courses

Students who have had an Advanced Placement (AP) course in secondary school and who pass the Advanced Placement Tests of the College Entrance Examination Board with grades of 5 or 4 (high honors or honors) are in most cases exempt from taking a corresponding course or equivalent requirement at Hunter. Those who are similarly prepared but whose scores are 3 (creditable) may also be exempt from a corresponding course at Hunter, provided the appropriate Hunter department so recommends.

A maximum of 30 credits can be awarded by examination through the following programs; College Entrance Examination Board Advanced Placement (AP), College-level Examination Program (CLEP) and Regents College Examinations (RCE). Certain academic departments may have restrictions on the award of credits by examination. Check with the department and see the Office of Admissions Web site for additional information.

Students who have completed college-level coursework offered by an accredited senior or community college while in high school will receive credit for courses in which grades of C or better are earned. Official college transcripts must be submitted to the Office of Admissions for credit to be awarded.

GCE
The GCE traditionally comprised two levels: the Ordinary Level (O Level) and the Advanced Level (A Level). Hunter College awards 3-4 credit for A-Level subject results of A-E.

**General Rules about Courses**

No course may be repeated for credit unless the course description specifies this. Students may earn credit for the first semester foreign language course (level 101), without completing the second courses (level 102), only once.

**Geography**

Return to the Faculty of the School of Arts and Sciences

Sean Ahearn, Professor and Director, Center for Advanced Research of Spatial Information (CARSI); PhD, Wisconsin (Madison); Agent-based models, space-time analysis, digital image analysis, ecological modeling, emergency response, urban geographic systems

Jochen Albrecht, Professor; PhD, Vechta (Germany); Dynamic or process GIS, spatio-temporal analysis, landscape ecology, crime and health applications

Frank Buonaiuto, Associate Professor; PhD, SUNY (Stony Brook); Oceanography, coastal processes, numerical modeling of waves, tides and sediment transport

Allan Frei, Professor and Deputy Director, CUNY Institute for Sustainable Cities; PhD, Rutgers; Climate change, snow and water resources, modeling

Hongmian Gong, Professor; PhD, Georgia; Urban geography, GIS, transportation, China

Mohamed Ibrahim, Associate Professor; PhD, Alberta; Environmental studies, resource management, sustainable development, Africa, rural water supply and sanitation

Peter Marcotullio, Professor and Director, CUNY Institute for Sustainable Cities; PhD, Columbia; Global Cities, Urban environmental transitions, globalization and urban development, ecosystem approaches to urban and regional environmental planning and management and impacts of urbanization on the environment

Ines Miyares, Professor, PhD, Arizona State; Geographies of immigration and ethnicity, spatial impacts of immigration and refugee law, Latin America and Hawai’i

Wenge Ni-Meister, Professor; PhD, Boston; Remote sensing, land-atmosphere interaction, meteorology, climatology, biogeography

Marianna Pavlovskaya, Professor and Interim Chair; PhD, Clark; Urban and feminists geography, social theory, economies of post-socialist Russia, gender and class, critical GIS, social implications and applications of GIS, urban political ecology

Randye Rutberg, Assistant Professor; PhD, Columbia; paleoclimatology, oceanography, geochemistry, environmental science, environmental public policy

Haydee Salmun, Associate Professor; PhD, Johns Hopkins; Oceanography, global climate, environmental fluid dynamics, land surface-atmosphere-ocean interface

William Solecki, Professor; PhD, Rutgers; Urban environmental change and management, land use and land cover studies, hazards, GIS applications
The German department offers courses in the language, literature, and cultures of the German-speaking countries to help students reach high levels of linguistic and cultural proficiency and excel in the field of German studies.

The language and literature curriculum is designed to guide students in a professional, research-based manner from their current levels in the language through well defined stages of proficiency in speaking, reading, writing, and comprehension so that they will reach college-level literacy in German.

Students who complete the elementary and intermediate course sequence (language requirement) can expect to reach a real ability to function in standard situations in a German-speaking environment and to have a solid base for the further study of German.

Students who complete advanced language, literature, and culture courses will gain an understanding and appreciation of German literature and civilization, past and present, will comprehend spoken and written German to a level that they can understand major works of German prose, drama, and poetry and will be well on their way towards the linguistic and cultural capacity for intellectual discourse in written and spoken German.

In teaching and scholarship, faculty serve as mediators between the American and German-language cultures. They have a broad firsthand knowledge of German cultural texts, traditions, issues and trends so that they can support students with diverse interests relating to the German language and cultures and thus help Hunter students in all their endeavors pertaining to things German.

The German Department also offers courses in German literature in English translation for students who have no knowledge of the German language. These courses cannot be applied to the foreign language requirement, nor to the regular German major.
An overall college GPA of 3.2 in addition to other requirements is the minimum requirement for consideration of an application.

**Grading Definition**

Students are to be graded in courses according to the traditional system of letter grades (A, B, C, D and F).

Note: Hunter College implemented plus/minus grading in spring 1996 for undergraduate courses and in fall 1996 for graduate courses. We modified the undergraduate course GPA values and eliminated the grades "C-" and "D+" in spring 2000. These charts have also been updated to include the "WN" grade effective fall 2008.

**Retention Standards** The Board of Trustees has mandated uniform student retention standards for all the colleges that are part of the City University system. Under these standards, decisions about whether or not students may continue in a CUNY college are made on the basis of the grade point average (GPA). In order to make these decisions, course grades are assigned quality points (which count toward the GPA), as shown in the following table:

<table>
<thead>
<tr>
<th>Quality Points</th>
<th>Grade Definition</th>
<th>(GPA Index)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>97.5 - 100%</td>

</tbody>
</table>
INC  Term's work incomplete. This may include absence from final examination.  -  
FIN  F from incomplete; an administrative grade used when INC reverts to F; this occurs if grade is not made up by the end of the following semester. 0.0  
#F, #FIN, #WU  failing grade course repeated (No longer used effective spring 2013)  
WN  Never attended. (equivalent to an F grade for fall 2008, spring 2009 and summer 2009 ONLY)  
*WN  Unofficial withdrawal (Student never attended) - Not counted towards GPA (No longer used effective spring 2013)  
Y  Year's course of study - must complete entire year of study. Students cannot graduate with a Y grade on record. See the instructor for department chair for a change of grade.  
AUD  Auditor - No Credit (Undergraduate students only)  
Z  No grade submitted by instructor (an administrative grade which cannot be assigned by the instructor). Students cannot graduate with a Z grade on record. see the instructor or department chair for a change of grade  
&  (preceding a letter grade): authorized course was repeated  
*  (preceding a letter grade): unauthorized course was repeated (No longer used effective spring 2013)  
WA  Administrative withdrawal - Proof of immunization not provided  
WD  Withdraw Drop (Dropped after Financial Aid Certification date during the second or third week of classes. Indicates that student has attended at least one class session)  
AB  Absent from final exam, discontinued fall 1988  

**Grading Policy for Nursing Courses**  

**School of Nursing**  

Students must receive minimum grades of C in all required nursing courses. One required nursing course (Generic Pathway: NURS 20000, NURS 21000, NURS 24000, NURS 22000, NURS 33100, NURS 33900, NURS 35200, NURS 33200, NURS 34300, NURS 34900, NURS 36000, NURS 45500, NURS 46000, NURS 47000, NURS 49000 NURS 49200, NURS 42200) is repeatable once by students who have received a failing grade. Students who fail a second required nursing course in the sequence may not repeat that course and may not continue in the nursing major.  

*Note: Other colleges, graduate schools, professional schools, services and employers may calculate a grade point average inclusive of the failing grades. For questions regarding this policy, check with the Office of Advising Services, Rm 1119 East Building.*
Graduation-in-Absentia

Undergraduate students who need 15 credits or fewer to fulfill their degree requirements and who have completed the Hunter Core Requirement (including pluralism and diversity, writing and foreign language) and the major requirements may apply for graduation-in-absentia if they must leave the city before completing their studies. They may attend an accredited college in the United States or abroad. Students who must leave before these criteria are met should apply for transfer to another college. Students should contact The Office of Advising for more information.

Health Careers Preparation Program

Post-Baccalaureate Certificate Program in Health Careers Preparation

Return to: Health Careers Preparation

The Post-Baccalaureate Certificate in Health Careers Preparation Program is designed for students who wish to enter a professional program in medicine, dentistry, optometry, podiatry or veterinary medicine but whose undergraduate education does not meet the requirements for these programs. Students interested in entering programs in nursing, nutrition, physical therapy, pharmacy or physician assistant studies are not eligible for the Post-Baccalaureate Certificate Program.

Admission Criteria

We encourage prospective students who meet the admission criteria to apply to our certificate program. All applicants must:

- Hold a baccalaureate degree from an accredited institution with a minimum overall GPA of 3.00 (students with undergraduate degrees in progress are not eligible to apply). Internal Hunter College second degree candidates must have a minimum overall GPA of 3.5 and have completed no more than 12 credits of required science courses (Biology, Chemistry or Physics) at Hunter in order to apply to the program.
- Apply for admission to City University of New York (CUNY), Hunter College.
- Submit a completed Post-Baccalaureate Certificate Program supplemental application by the December 15th deadline.
- Demonstrate their commitment to a career in the health professions through paid or volunteer experience.

Application Procedures

Admission to the program is limited to the fall semester. Application to the program is a two-step process. For detailed, step-by-step instructions for completing the application procedures, please refer to the Prospective Post-Baccalaureate Student section of the Pre-Health Website at:

http://www.hunter.cuny.edu/prehealth/the-post-baccalaureate-certificate-program/prospective-students/information-for-prospective-post-baccalaureate-students/

All prospective students must submit a supplemental application directly to the Pre-Health Advising Office at Hunter College. The supplemental application is completed electronically and is available on the Pre-Health website in mid-fall. In addition to a supplemental application all candidates for the Post-Baccalaureate Certificate Program must apply
to CUNY as transfer students. The 4-digit code for Hunter's Post-Baccalaureate Certificate Program is 0339, and this must be selected in order for the student to be considered for the program. All students must submit their official transcripts directly to CUNY through the CUNY Application Portal. High school transcripts are NOT required. The Admissions Committee may also request an interview and/or letters of recommendation for applicants sometime after the supplemental application has been submitted.

**Deadlines**

Both CUNY and supplemental applications must be received (by CUNY and the Hunter College Pre-Health Office) by **December 15** of each year to be considered for admission to the Program in the fall. Applications received after December 15 may **not** be considered.

**Program Requirements**

To complete the Program, all Post-Baccalaureate Certificate students starting in fall 2010 and after must:

- Complete one year of college-level English. This requirement can be fulfilled by undergraduate transfer credit and/or by taking courses at Hunter College.
- Complete one year of college-level mathematics beyond pre-calculus. This requirement can also be fulfilled by undergraduate transfer credit and/or by taking courses at Hunter. There are two ways to fulfill this requirement at Hunter:
  1. MATH 15000 (STEM) (calculus) and MATH 15500 (STEM) (calculus II)
  2. MATH 15000 (STEM) (calculus) and STAT 21300 (STEM) (**STAT 113 does not fulfill this requirement**)

- Complete 38 credits in science (biology, chemistry or physics) **at** Hunter College.
- Maintain a 3.3 GPA for every semester in the program with no individual course grade below B-.
- Provide 56 hours of service to the Hunter College Community during their time in the program. Tutoring in science courses, mentoring undergraduate students, and assisting with activities sponsored by the Pre-Health Advising Office are examples of activities that fulfill the service commitment requirements.
- Obtain a committee letter from the Pre-Health Advisory Committee at Hunter College.

**Courses and Requirements**

The exact titles and sequence of courses for Post-Baccalaureate students depend on their individual academic needs and availability of courses at Hunter College each semester. Students typically take 9–12 credits of mathematics/science per semester but individual students’ course loads can vary depending on their schedules of extracurricular activities and other factors.

In addition to the mathematics and English requirements stated above, typical course work for pre-health students includes the following:

- One year of general biology with lab: BIOL 10000 (STEM) and BIOL 10200 (STEM) (4.5 credits each, including lab) offered in spring and fall semesters, respectively.
- One year of general chemistry with lab: CHEM 10200 (STEM) and CHEM 10400 (STEM) (lecture, 3 credits each) and CHEM 10600 (STEM) (lab, 3 credits). CHEM 10400, which serves as a pre-requisite to CHEM 10600 may be taken concurrently to satisfy requirements.
- One year of Organic Chemistry lectures: CHEM 22200 and CHEM 22400 (4 credits each); and one year of Organic Chemistry labs: CHEM 22300 and CHEM 22500 (2.5 credits each).
- One year of general physics with lab: PHYS 11000 (STEM) and PHYS 12000 (STEM) (4.5 credits each, including lab).
• One semester of Biological Chemistry BIOL 30000 or a year of Biochemistry CHEM 37600, CHEM 37700 and CHEM 37800

Additional Courses

Students may use classes from the following list of upper division biology and chemistry courses to fulfill the requirements for the program:

Courses

BIOL 30600 - Developmental Biology

GER
3/B

Major topics include molecular and cellular mechanisms of early embryonic development in amphibians, mammals and model organisms such as Drosophila, as well as the related subjects of vertebrate organ system development, biology of stem cells and animal cloning. Emphasis is placed on seminal and current research in cell-cell communication, signal transduction and differential gene regulation in developmental processes.

Prereq: BIOL 30000
3 hrs (lec)
3 cr.
Fall only

BIOL 35000 - The Biology of Cancer

GER
3/B

When a normal cell becomes a cancer cell there are genetic changes that occur that alter the biology of the cell such that it behaves independent of its neighbors. This course will investigate the altered biology of cancer cells that lead to uncontrolled proliferation and cancer. Topics include: cell culture, the cell cycle, hormones, receptors, intracellular signal transduction, oncogenes, tumor suppressor genes, apoptosis, metastasis, and the etiology of human cancer.

Prereq: BIOL 20000, 30000, or perm instr.
3 hrs (lec)
3 cr.

BIOL 36000 - Cellular and Molecular Immunology

GER
3/B

Study of the immune system from a molecular perspective. Molecular genetics of antibody and T cell receptor diversity, hematopoiesis and lymphocyte development, humoral and cellular immunity, histocompatibility.

Prereq or coreq: BIOL 30000, perm instr.
4 hrs (3 lec, 1 disc)
3.5 cr.
Spring only
BIOL 37000 - Physiology of the Nervous System

GER
3/B

A comprehensive introduction to neuroscience. Topics include how nerve cells (neurons) transmit electrical impulses, how neurons communicate with each other through synapses and how nerve pathways and networks determine many functions of the brain. The last portion of the course shall explore how developing neurons seek out targets and establish synapses.

prereq: BIOL 30000 or perm instr.

4 hrs (lec)

4 cr.

spring only

BIOL 37500 - Molecular Systematics

GER
3/B

An overview of the various methods and kinds of data used in systematics, the study of organism diversity and biological relationships. Emphasis is on modern molecular and genetic approaches to identification of individual species and strains and full phylogenetic analyses of suites of species to determine their evolutionary history. The knowledge base is provided for experimental investigation of questions of current interest in phylogeny and population biology.

prereq: BIOL 30000 or perm instr.

3 hrs

3 cr.

BIOL 37600 - Endocrinology

GER
3/B

Cellular organization of the endocrine system; molecular mechanisms of hormone action; hormonal physiology of metabolism and reproduction; integration of endocrine responses by the central nervous system.

prereq: BIOL 20200 or perm instr.

3 hrs (lec)

3 cr.

spring only

BIOL 38000 - Molecular Neurobiology

GER
3/B

Molecular components and molecular mechanisms involved in the cell biology of neurons and glia, neuronal signaling, neuronal development, learning, memory and diseases of the nervous system.

prereq: BIOL 30000 or perm instr.

3 lec hrs

3 cr.

fall only
CHEM 35000 - Biophysical Chemistry

**Pluralism and Diversity**

GER 3/B

Essential physical chemical principles as applied to biological problems. Emphasis on kinetics, thermodynamics, and equilibria.

*prereq: CHEM 22400, BIOL 10200, MATH 15000 all with grade of C or better*

5 hrs (4 lec, 1 rec)

4 cr

CHEM 32200 - Organic Chemistry Lecture III

**GER**

3/B

Selected topics such as advanced synthesis, reaction mechanisms, MO theory, natural products, NMR spectroscopy.

*prereq: CHEM 22400 with grade of C or better, perm instr.*

3 hrs

3 cr.

New Required Courses for Medical School

Students intending to apply to medical school are now required to complete

**PSYCH 10000 - Introduction to Psychology**

**GER**

2/B

An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

3 hrs

3 cr.

and

**SOC 10100 - Introduction to Sociology**

**Hunter Core**

Individual and Society (Social Sciences) - I&S SS

**GER**

2/B

Development of sociological imagination through introduction and application of basic concepts incorporating global and comparative perspectives.

3 hrs

3 cr.

Consult the Sociology department or the Pre-Health Advising Office for information about the specific section recommended. These courses can also be satisfied with equivalent transfer credits.
Note:

Please refer to the Pre-Health Office website and publications for information regarding the specific coursework and extracurricular activities required by the individual health professional schools.

Time to Completion

Students must complete all of the required courses within 36 months in order to receive the certificate. A typical post-baccalaureate student completes the minimum coursework required to take standardized tests such as the MCAT or DAT within this same time period. Many students also go on to take additional upper division courses recommended by many health professional schools during the third (application) year. Decisions about professional school admissions are usually made one year after applications are submitted. Hunter College also has linkage agreements with several medical schools, which allows highly qualified Post-Baccalaureates who have completed all pre-medical requirements to matriculate in the same year in which they apply.

Additional Fees

Hunter College Post-Baccalaureates are required to pay additional Academic Excellence fees, which are used to improve the resources available to them. Among other things, these fees entitle students to the additional support of a dedicated Post-Baccalaureate advisor and preparatory courses for standardized tests such as the MCAT. The following is a breakdown of the Academic Excellence Fee structure:

- Resident Full-time students: $500 per semester for 12 credits or more
- Resident Part-time students: $50 per credit
- Non Resident Full-time and Part-time students: $90 per credit

Health Regulations

return to Section VII: Health & Safety Policies and Procedures

Table of Contents

- Health Standards
- Meningococcal Disease
- Medical Records and Examinations
- Student Physical Activity Cards

Health Standards

The following are the general health standards for admission, readmission and continuing attendance at Hunter College:

1. The student's health status shall not constitute a danger to any individual or group at Hunter College.

2. The health condition shall not be such that it may be aggravated or intensified by the demands of attendance at the college.

3. Any limitations of activity necessitated by a health problem shall be such that program adjustments will still enable the student to conform to the college's academic requirements.
4. A student's health status shall be such that the student may be expected to continue his or her college work, taking a reasonable number of hours on a continuing basis. Immunizations Public Health Law 2165 requires college students to present a complete record of two live immunizations against measles and single immunization against mumps and rubella. Students born on or after January 1, 1957 must submit a complete immunization record signed by a health practitioner. Noncompliance will prohibit a student from registering for classes.

Public Health Law 2167 requires institutions, including colleges and universities, to distribute information about meningococcal disease to all students meeting the enrollment criteria, whether they live on or off campus. Hunter College, CUNY, is required to maintain a record of the following for each student:

- A response to receipt of meningococcal disease and vaccine information signed by the student or student's parent or guardian. This must include information on the availability and cost of meningococcal meningitis vaccine (Menomune).
  - and either-
  - A record of meningococcal meningitis immunization within the past 10 years.
  - or-
  - An acknowledgement of meningococcal disease risks and refusal of meningococcal meningitis immunization signed by the student or student's parent or guardian.

Medical Records and Examinations

Matriculated students (including transfer students) are required to submit a medical report by a recognized physician upon admission into certain programs. If a student's medical report or other factors indicate a health problem, the college may require from the student's physician a report from a medical specialist in the area of the student's disability.

Student Physical Activity Cards

All eligible students interested in participating in recreational programs at Hunter College must obtain a Physical Activity Card (PAC) To do so, visit Health Services (307 North) to read and sign the Assumption of Risk and Waiver of Liability form. This form will remain on file in the office. Physical exams, while still encouraged, are not required for participation in Hunter's recreation programs.

HEGIS Code List

Degree, Certificate and Diploma Programs

The following undergraduate degree, graduate degree, advanced certificate and combined undergraduate/graduate degree programs are offered.

These programs have been approved by the New York State Education Department and are listed in the Inventory of Registered Programs http://www.nysed.gov/heds/irpsl1.html. The Higher Education General Information Survey (HEGIS) code numbers appear next to the appropriate program.

Students are advised that enrollment in other than registered or otherwise approved programs may jeopardize their eligibility for certain student aid awards.

For specific information on a particular undergraduate program – including faculty, admission and degree requirements and course descriptions – consult the appropriate section of this catalog.

For specific information on graduate and advanced certificate programs, consult the Hunter College Graduate Catalog.

Honor Societies

Two kinds of honor societies are recognized at Hunter College: academic and professional. In general the requirements for nomination are: for academic societies, a cumulative GPA of 3.0 and a departmental GPA prescribed by the department concerned, although in no case less than 3.0; for professional societies, a cumulative GPA of 2.8 and a departmental GPA and professional qualifications that meet departmental requirements. All honor societies except Phi Beta Kappa and Sigma Xi are subject to the rules and regulations established by a committee of the Hunter College Senate. Students may qualify for the following honor societies:

Alpha Kappa Delta - Sociology

Omicron Delta Epsilon - Economics

Dobro Slovo - Slavic Language and Literature

Phi Alpha Theta - History

Eta Beta Rho - Hebrew

Pi Mu Epsilon - Mathematics

Eta Sigma Phi - Latin and/or Greek

Pi Sigma Alpha - Political Science

Gamma Kappa Alpha - Italian

Psi Chi - Psychology

Gamma Theta Upsilon - Geography

Sigma Delta Pi - Spanish

Kappa Delta Pi - Education

Sigma Epsilon Phi - German

Kappa Pi - Art

Sigma Pi Sigma - Physics

Kappa Omicron Nu - Food Science

Sigma Theta Tau - Nursing

and Human Nutrition
Phi Beta Kappa is the oldest undergraduate honors organization in the United States. Students do not apply for membership; they are elected on the basis of academic excellence. Eligibility is calculated on the basis of liberal arts courses under Phi Beta Kappa rules, which differ from those used in awarding other honors at Hunter College.

Sigma Xi The Scientific Research Society honors those who have made noteworthy contributions in research. Its purpose is "to encourage original investigation in science, to foster companionship and cooperation among scientists, and to maintain honor, integrity and honesty in all scientific activities." It has nearly 65,000 active members, scientists and engineers, whose goal is to improve the human condition. The Hunter College Chapter was installed in 1969.

Honors Programs

Hunter College provides a range of honors programs for students with strong academic records and the desire for stimulating courses and a host of special opportunities.

Macaulay Honors College at Hunter College Graduating high school seniors and others who have not yet attended college may apply to the Macaulay Honors College at Hunter College. The mission of this highly competitive program is to inspire and prepare outstanding leaders to confront and solve the social, economic, cultural, and scientific challenges of New York City and the world. Accepted students take a series of interdisciplinary seminars focused on New York City, and work closely with Honors Advisors in order to learn about and access the diverse resources of CUNY. Generous financial support is provided, allowing students to concentrate on their studies and carefully selected co-curricular activities. For further information, call the Macaulay Honors College office at (212) 650-3556 or see the website: http://www.hunter.cuny.edu/honorscollege.

Thomas Hunter Honors Program (Special Honors Curriculum) This program provides superior students who are pursuing a Hunter BA degree with a course of study suited to their individual needs and interests. Open to students who have demonstrated academic excellence and an interest in interdisciplinary studies and who desire to be intellectually challenged, it offers the opportunity to design a personalized curriculum under the supervision of the Council on Honors. The program also offers its participants the chance to study with faculty members committed to working with outstanding undergraduates who wish to pursue interdisciplinary studies. For details, see the Thomas Hunter Honors Program.

Faculty Advisory Committee

Human Rights Faculty
HR 12000 - Special Topics in Human Rights

This course covers special topics in human rights. Topics vary from semester to semester, and will often include topics related to human rights in particular countries or regions of the world, or themes within the field of human rights. Some examples of themes would include: theoretical foundations of human rights; human rights and international justice; international organizations and human rights; and, domestic and international politics of human rights. This course will generally be offered every semester, and certainly at least every two years. The course may be repeated four times for credit with different topics.

prereq: ENGL 12000; HR 20000 is recommended but not required
3 hrs
3 cr.

HR 20000 - Introduction to Human Rights: History, Discourse, Practice (W)

Pluralism and Diversity
PD/D
GER
3/B

An introduction to the study of human rights. It explores the historical, philosophical, and legal roots of human rights as a political idea and institutionalized practice. It also addressed the contested nature of human rights as an idea and practice in contemporary societies. In addition to providing an introduction to the subject, the course is a requirement for students minoring in Human Rights or pursuing a Human Rights Certificate.

In order to pursue a Human Rights minor or Certificate, a student must receive at least a B (3.0) in this course. Students should take this introductory course in their sophomore year but must take it no later than the first semester of their junior year. This is a writing intensive course.

prereq: ENGL 12000 or equivalent; one course in ethics, political philosophy, political theory, sociological theory, or permission from the instructors.
3 hrs
3 cr.
fall and spring; summer when possible

HR 25000 - Human Rights Internship

This is a practicum course. It involves students participating in an organization that identifies its mission as the promotion of human rights. The aim of the course is to educate students in the practical dimension of translating human rights discourse and law into practice. The course is required for students seeking a Human Rights Certificate or a minor in Human Rights.

prereq: ENGL 12000 or equivalent; HR 20000 or equivalent
3 hrs
3 cr.
fall, spring, and summer

HR 26000 - Human Rights Internship Seminar (W)

This course critically evaluates the role of human rights organizations and human rights practices in determining the meaning and value of human rights.

prereq: ENGL 12000 and HR 20000
prereq or coreq: HR 25000
3 hrs
3 cr.
Fall semesters on Wednesdays, 10:10 a.m. – 1:00 p.m. It is recommended that students not take an earlier Wednesday morning class, as site visits off campus may start at 10:00 a.m.

HR 32000 - Special Topics in Human Rights

This course covers special topics in human rights on an advanced undergraduate level. Topics vary from semester to semester, and will often include topics related to human rights in particular countries or regions of the world, or themes within the field of human rights. Some examples of themes would include: theoretical foundations of human rights; human rights and international justice; international organizations and human rights; and, domestic and international politics of human rights. This course will generally be offered every semester, and certainly at least every two years. May be repeated four times for credit with different topics.

Prereq: ENGL 12000; HR 20000 or Permission of Instructor or Permission of Human Rights Program Director

3 hrs
3 cr.

HR 35000 - Human Rights Capstone Seminar (W)

This course involves the theoretical examination of constitutive problems in the discourse and practice of human rights, especially as they would inform the composition of a human rights academic research project. It requires participating students to present their research projects in the seminar and to compose a 20-25 page research paper on a human rights topic.

This course is specifically designed for students who are pursuing a Certificate in Human Rights. This is a writing intensive course.

Prereq or coreq: HR 26000

Offered spring 2012; not offered fall 2011

Lawrence Moss, Distinguished Lecturer and Dir., Human Rights Program; JD Stanford
http://www.roosevelthouse.hunter.cuny.edu/hrp/about/director/
The Human Rights Program examines the theory and practice of human rights, combining academic training with hands-on experience. By exploring the philosophical foundations and legal framework of human rights, as well as addressing current political, social and economic realities, the program seeks to give students the tools necessary to engage intelligently with contemporary human rights problems. Among the thorny issues students may examine are indigenous peoples' rights to natural resources, the limits of freedom of expression, the problem of corporate complicity in rights violations, the legitimacy of humanitarian intervention, and the problem of enforceability (both of economic, social, and cultural rights, and of civil and political rights).

An interdisciplinary program, the Human Rights Program offers courses in political science, anthropology, sociology and history, among other fields of study. Students may follow either of two academic tracks: a 15-credit Minor in human rights, or 24-credit Certificate. A key element of both tracks is the human rights internship, which gives students direct experience with the researchers, advocates, lawyers and analysts who make up the human rights movement. Both the Minor and Certificate in human rights are good preparation for a career in government, at a nongovernmental organization, or in a regional or international agency. Many students may choose to go on to law school, journalism school or a graduate program. Whatever their career choice, their knowledge of human rights will make them more thoughtful and informed citizens.

The Campus Schools are located at Park Avenue and 94th Street in Manhattan. They serve as a laboratory for observation, demonstration, research, curriculum design and other projects involving their students, all of whom score in the range of the gifted on intelligence and achievement tests. Students are admitted to the publicly supported schools on the basis of competitive testing. Efforts continue to identify gifted children from diverse backgrounds who meet the schools' rigorous standards for admission to kindergarten and grade 7 (the two levels at which students are admitted).

Children must be five years of age to attend the kindergarten. Only Manhattan residents are eligible to apply. The age of an applicant is calculated according to the academic year. While some students continue on to the high school from the elementary school, high-achieving students from the five boroughs are invited to take a competitive examination in order to enter Hunter High School at the 7th grade.

Return to Department of Romance Languages
The college foreign language requirement may be fulfilled by completion of French, Italian or Spanish 202, 203 or 208 or by demonstrating equivalent proficiency through a departmental examination. Students with prior knowledge of one of the languages should see a departmental adviser and take a placement examination before registering for courses. Students who have a high school diploma in a language other than English or who have studied a foreign language in high school for four years have fulfilled the language requirement. Students should consult a departmental adviser to resolve all matters regarding placement, registration and course offerings.

Please contact the department for details on when placement examinations are offered.

1. Students pursuing a new language will fulfill the language requirement in four college semesters by completing one of the following sequences:
   a. French: FREN 10100-FREN 10200 or FREN 10300 and FREN 20100-FREN 20200, or FREN 20300;
   b. Italian: ITAL 10100-ITAL 10200, or ITAL 10300 and ITAL 20100-ITAL 20200, or ITAL 20300;
2. Spanish: SPAN 10100-SPAN 10200, or SPAN 10300, or SPAN 10500-SPAN 10600 and SPAN 20100-SPAN 20200, or SPAN 20300, or SPAN 20700 and SPAN 20800.

Hunter College High School

The Hunter College High School is a six-year junior-senior high school. The academic program stresses both acceleration and enrichment and provides students with a rigorous education. Research focuses on the development of curriculum, teaching strategies and other educational practices that maintain and advance a "state of the art" approach to the education of intellectually gifted students.

Hunter College Libraries

http://library.hunter.cuny.edu

The Hunter College Libraries are comprised of our main space, the Leon and Toby Cooperman Library along with the Zabar Art Library and our Archives and Special Collections at 68th Street, the Health Professions Library at the Brookdale Campus and the School of Social Work Library at the Silberman Campus. We have open stack collections and hold over 625,000 volumes and over 6823 print periodical subscriptions, as well as providing access to over 270,000 e-books and over 104,000 electronic periodicals. Hunter College Libraries online resources include primary sources for the past 4 centuries, science and social science datasets, and streaming media and digital images totaling 1.6 million. Our Library spaces include collaborative work areas, smaller study rooms (on a reserve basis) and many areas for quiet study. We also loan out laptops and tablets for student use. Our newly renovated main floor of the 7-floor Cooperman Library includes an Information Commons, wireless printing services, collaborative study cubicles (Co-Labs), a dining area, whiteboard laminated tables, interactive wayfinding devices and a fully wired Reading Room. The main entrance to the Cooperman Library is located on the 3rd Floor of Hunter East.

Hunter College Mission Statement

return to: Section I: Introduction

Hunter College of the City University of New York, a distinguished public university, values learning in the liberal arts and sciences as a cornerstone of individual development and a vital foundation for a more just and inclusive
Continuing our long tradition of expanding opportunity, we welcome students from all backgrounds to engage in a rigorous educational experience that prepares them to become leaders and innovators in their communities and in the world. Hunter also contributes to intellectual discourse by supporting excellent scholarship and creative activity by its accomplished faculty.

Hunter undergraduate, graduate, and professional curricula challenge students to think critically – to approach problems from multiple perspectives, distinguish the questions each raises, and recognize the kinds of evidence each values. The college's academic programs stress the significance of human diversity, emphasize research and artistic creation, and invite students to extend their education beyond campus. We cultivate the qualities our graduates need to thrive in their chosen careers and make a difference as active citizens.

We embrace our setting at the heart of New York City – we seek to draw on its energy, capitalize on its remarkable resources, weave it into the fabric of our teaching, research, and creative expression, and give back to it through our service and citizenship.

Hunter College of The City University of New York

Hunter College Students' Rights Concerning Education Records

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records.

   Students should submit to the registrar, the dean of students, or other appropriate college official, written requests that identify the record(s) they wish to inspect. If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

   All requests shall be granted or denied in writing within 45 days of receipt. If the request is granted, the student will be provided with copies of the requested records or notified of the time and place where the records may be inspected. Students will be charged a fee for copies of requested records. If the request is denied or not responded to within 45 days, the student may appeal to the college's FERPA appeals officer. Additional information regarding the appeal procedures will be provided by the college's FERPA appeals officer: Office of Legal Affairs, Hunter College, Room 1705 HE, 695 Park Avenue, New York, NY 10065.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

   Students may ask the college to amend a record that they believe is inaccurate or misleading. They should
write to the registrar, the dean of students, or other appropriate college official, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing before the college's FERPA appeals officer regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to college officials with legitimate educational interests. A college official is a person employed by the university in an administrative, supervisory, academic or research, or support staff position; a person or company with whom the university has contracted; a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another college official in performing his or her tasks. A college official has a legitimate educational interest if access is reasonably necessary in order to perform his/her instructional, research, administrative or other duties and responsibilities. Upon request, the college discloses education records without consent to officials of another college or school in which a student seeks or intends to enroll.

4. You may appeal the alleged denial of FERPA rights to the: General Counsel and Vice Chancellor for Legal Affairs, The City University of New York, 535 East 80th Street, New York, NY 10065.

5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA.

The name and address of the office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue SW, Washington, DC 20202-4605.

6. The college will make the following "directory information" concerning current and former students available to those parties having a legitimate interest in the information: a student's name, attendance dates, telephone listing, home address, present address, e-mail address, major and minor fields of study, degrees and awards received, date of birth, place of birth, level of education and the most recent previous educational institution attended. By filing a form with the Registrar's Office, a student or former student may request that any or all of the above information not be released without his or her prior written consent.

This form may be completed, withdrawn, or modified at any time.

This policy shall be effective as of September 2000 and shall supersede prior policy on this issue.

Students Regulations and Rights

Statement on the Rights of Students

The Hunter College Senate voted endorsement of the following statement on September 24, 1974:

Preamble

"Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals....Freedom to teach and freedom to learn are inseparable facets of academic freedom."
Students "have a distinctive role…which qualifies them to share in the responsible authority on campus; the exercise of the authority is part of their education…."

Joint efforts among all groups in the institution-students, faculty, administration and governing board-is a prerequisite of sound academic government….Joint effort, to be effective, must be rooted in the concept of shared authority. The exercise of shared authority in college and university government, like the protection of (student and faculty) academic freedom, requires tolerance, respect and a sense of community."

"The responsibility to secure and respect general conditions conducive to the freedom to learn is shared by all members of the academic community."

Students’ rights are not limited by what is enumerated in this statement. The purpose of the statement is to outline some basic principles and guidelines, many of which are now met. Specific implementation will have to be continuously adjusted as conditions at the college change.

1. Academic and Personal Files

   1. Improper disclosure, even within the college, of academic, personal and disciplinary records is a serious invasion of privacy. To minimize the risk of improper disclosure, academic, personal and disciplinary records should be kept in separate files.

   2. All files may be made available only to specially authorized college staff. Express consent of the student involved is otherwise required.

   3. Academic records and transcripts should contain only information about scholastic achievement.

   4. No records should be kept which reflect the political and off-campus activities or beliefs of students.

   5. Non-current medical and disciplinary records should be periodically destroyed.

   6. Students have the right to periodically review their academic, medical and disciplinary records and to appeal for removal of items improperly included. If the appeal fails the student has the right to append a written rebuttal to the record.

2. Classroom, Grades, etc.

   1. Students have the right, within the limits of available facilities, to pursue any course of study for which they are eligible according to college standards.

   2. In order to permit eligible students unhindered access to courses, the costs of required materials should be kept within reasonable limits.

   3. Students have the right to know, at the start of each course of study, the basis to be used by the instructor in determining grades.

   4. Students' grades should be based solely on academic criteria, not on opinions or conduct in matters unrelated to academic standards.

   5. Students should have the opportunity to take reasoned exception to facts or points of view offered in any course of study, but they are responsible for meeting the academic standards of any course of study for which they are enrolled.
6. Students should have the protection through formally established procedures against prejudiced or capricious academic standards or evaluations.

3. Participation in Academic Affairs

1. Students have the right, individually and collectively, to express their views on matters of general interest to the student body, including institutional policy, curriculum and personnel decisions.

2. Students have the right to participate in the formulation and application of institutional policy affecting academic and student affairs.

3. Students should share in the formation of policies regarding degree requirements, courses and curriculum, academic grading systems, standards of academic standing and calendar arrangements.

4. Students should have the opportunity, individually and collectively, to assess the value of a course and to express their views on the form and conduct of a class which they have taken.

5. The results of an institutional mechanism used for students to assess courses and faculty, such as evaluation questionnaires, should be accessible to all members of the college community and should be weighed in all decisions affecting faculty status and curriculum.

4. Extracurricular Activities

1. Students should be free to form and join associations to promote their common interests.

2. Students have the right to express their opinions, individually and collectively and to support causes in a manner that does not disrupt the orderly operation of the college.

5. Standards of Conduct

1. Students should participate in the formulation of standards of behavior which are considered essential to the educational mission and community responsibilities of the college.

2. The code of conduct, as a set of regulations and procedures, should be clearly stated and published in a handbook or other generally available set of institutional regulations.

3. In all cases, disciplinary procedures should protect the student from capricious and prejudicial application of the rules of conduct. Such procedures should also satisfy the requirements of procedural due process, including written notice with details of charges, sufficient time to prepare a defense, right to assistance in the defense, right to cross-examine witnesses and to present evidence and the right to appeal the decision.

RESOLVED, That these rules and regulations be incorporated in each college bulletin.

Adopted by the Board of Trustees of The City University of New York on June 23, 1969 and amended on October 27, 1980 and May 22, 1989

Rules and Regulations for Students Pursuant to Article 224A of the NYS Education Law

1. No person shall be expelled from or be refused admission as a student to an institution of higher education for the reason that he or she is unable, because of his or her religious beliefs, to register or attend classes or to
participate in any examination, study or work requirements on a particular day or days.

2. Any student in an institution of higher education who is unable, because of his or her religious beliefs, to attend classes on a particular day or days shall, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.

3. It shall be the responsibility of the faculty and of the administrative officials of each institution of higher education to make available to each student who is absent from school, because of his or her religious beliefs, an equivalent opportunity to register for classes or make up any examination, study or work requirements which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to the said student such equivalent opportunity.

4. If registration, classes, examinations, study or work requirements are held on Friday after four o'clock post meridian or on Saturday, similar or makeup classes, examinations, study or work requirements or opportunity to register shall be made available on other days, where it is possible and practicable to do so. No special fees shall be charged to the student for these classes, examinations, study or work requirements or registration held on other days.

5. In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of each institution of higher education to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his or her availing himself or herself of the provisions of this section.

6. Any student who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the supreme court of the county in which such institution of higher education is located for the enforcement of his or her rights under this section.

    1. It shall be the responsibility of the administrative officials of each institution of higher education to give written notice to students of their rights under this section, informing them that each student who is absent from school, because of his or her religious beliefs, must be given an equivalent opportunity to register for classes or make up any examination, study or work requirements which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to the said student such equivalent opportunity.

7. As used in this section, the term "institution of higher education" shall mean any institution of higher education, recognized and approved by the regents of the university of the state of New York, which provides a course of study leading to the granting of a post-secondary degree or diploma. Such term shall not include any institution which is operated, supervised or controlled by a church or by a religious or denominational organization whose educational programs are principally designed for the purpose of training ministers or other religious functionaries or for the purpose of propagating religious doctrines.

8. As used in this section, the term "religious belief " shall mean beliefs associated with any corporation organized and operated exclusively for religious purposes, which is not disqualified for tax exemption under section 501 of the United States code.

Equal Opportunity Programs

Hunter College is an Equal Opportunity and Affirmative Action Institution. The college does not discriminate on the basis of race, color, national or ethnic origin, religion, age, sex, sexual orientation, transgender, marital status, disability, genetic predisposition or carrier status, alienage or citizenship, military or veteran status, or status as victim
of domestic violence in its student admissions, employment, access to programs and administration of educational policies.

**Rules and Regulations for the Maintenance of Public Order Pursuant to Article 129A of the NYS Education Law**

The tradition of the university as a sanctuary of academic freedom and center of informed discussion is an honored one, to be guarded vigilantly. The basic significance of that sanctuary lies in the protection of intellectual freedoms: the rights of professors to teach, of scholars to engage in the advancement of knowledge, of students to learn and to express their views, free from external pressures or interference. These freedoms can flourish only in an atmosphere of mutual respect, civility and trust among teachers and students, only when members of the university community are willing to accept self-restraint and reciprocity as the condition upon which they share in its intellectual autonomy.

Academic freedom and the sanctuary of the university campus extend to all who share these aims and responsibilities. They cannot be invoked by those who would subordinate intellectual freedom to political ends, or who violate the norms of conduct established to protect that freedom. Against such offenders the university has the right and indeed the obligation, to defend itself. We accordingly announce the following rules and regulations to be in effect at each of our colleges which are to be administered in accordance with the requirements of due process as provided in the Bylaws of the Board of Higher Education.

With respect to enforcement of these rules and regulations we note that the Bylaws of the Board of Higher Education provide that:

"THE PRESIDENT. The president, with respect to his educational unit, shall:

1. Have the affirmative responsibility of conserving and enhancing the educational standards of the college and schools under his jurisdiction;
2. Be the adviser and executive agent of the Board and of his respective College Committee and as such shall have the immediate supervision with full discretionary power in carrying into effect the bylaws, resolutions and policies of the Board, the lawful resolutions of any of its committees and the policies, programs and lawful resolutions of the several faculties;
3. Exercise general superintendence over the concerns, officers, employees and students of his educational unit....”

1. **Rules**

1. A member of the academic community shall not intentionally obstruct and/or forcibly prevent others from the exercise of their rights. Nor shall he interfere with the institution's educational processes or facilities, or the rights of those who wish to avail themselves of any of the institution's instructional, personal, administrative, recreational and community services.

2. Individuals are liable for failure to comply with lawful directions issued by representatives of the university/college when they are acting in their official capacities. Members of the academic community are required to show their identification cards when requested to do so by an official of the college.

3. Unauthorized occupancy of university/college facilities or blocking access to and from such areas is prohibited. Permission from appropriate college authorities must be obtained for removal, relocation and use of university/college equipment and/or supplies.

4. Theft from or damage to university/college premises or property, or theft of or damage to property of any person on university/college premises is prohibited.
5. Each member of the academic community or an invited guest has the right to advocate his position without having to fear abuse, physical, verbal, or otherwise from others supporting conflicting points of view. Members of the academic community and other persons on the college grounds shall not use language or take actions reasonably likely to provoke or encourage physical violence by demonstrators, those demonstrated against, or spectators.

6. Action may be taken against any and all persons who have no legitimate reason for their presence on campus within the university/college, or whose presence on any such campus obstructs and/or forcibly prevents others from the exercise of their rights or interferes with the institution's educational processes or facilities, or the rights of those who wish to avail themselves of any of the institution's instructional, personal, administrative, recreational and community services.

7. Disorderly or indecent conduct on university/college-owned or controlled property is prohibited.

8. No individual shall have in his possession a rifle, shotgun, or firearm or knowingly have in his possession any other dangerous instruments or material that can be used to inflict bodily harm on an individual or damage upon a building or the grounds of the university/college without the written authorization of such educational institution. Nor shall any individual have in his possession any other instrument or material which can be used or is intended to inflict bodily harm on an individual or damage upon a building or the grounds of the university/college.

9. Any action or situation which recklessly or intentionally endangers mental or physical health or involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization is prohibited.

10. The unlawful manufacture, distribution, dispensation, possession, or use of illegal drugs or other controlled substances by University students or employees on University/college premises, or as part of any University/college activities is prohibited. Employees of the University must also notify the College Personnel Director of any criminal drug statute conviction for a violation occurring in the workplace not later than five (5) days after such conviction.

11. The unlawful possession, use, or distribution of alcohol by students or employees on university/college premises or as part of any university/college activities is prohibited.

2. Penalties

1. Any student engaging in any manner in conduct prohibited under substantive Rules 1-11 shall be subject to the following range of sanctions as hereafter defined in the attached Appendix: admonition, warning, censure, disciplinary probation, restitution, suspension, expulsion, ejection and/or arrest by the civil authorities.

2. Any tenured or non-tenured faculty member, or other member of the instructional staff, or member of the classified staff engaging in any manner in conduct prohibited under substantive Rules 1-11 shall be subject to the following range of penalties: warning, censure, restitution, fine not exceeding those permitted by law or by the Bylaws of The City University of New York, or suspension with/without pay pending a hearing before an appropriate college authority, dismissal after a hearing, ejection and/or arrest by the civil authorities and for engaging in any manner in conduct prohibited under substantive.

Rule 10, may, in the alternative, be required to participate satisfactorily in an appropriately licensed drug treatment or rehabilitation program. A tenured or non-tenured faculty member or other member of the instructional staff, or member of the classified staff charged with engaging in any manner in conduct prohibited under substantive

Rules 1-11 he or she shall be entitled to be treated in accordance with applicable provisions of the
Education Law, or the Civil Service Law, or the applicable collective bargaining agreement, or the Bylaws or written policies of The City University of New York.

3. Any visitor, licensee, or invitee engaging in any manner in conduct prohibited under substantive Rules 1-11 shall be subject to ejection and/or arrest by the civil authorities.

4. Any organization which authorized the conduct prohibited under substantive Rules 1-11 shall have its permission to operate on campus rescinded. Penalties 1-4 shall be in addition to any other penalty provided by law or The City University Trustees.

**Sanctions Defined:**

1. **ADMONITION** An oral statement to the offender that he/she has violated university rules.

2. **WARNING** Notice to the offender, orally or in writing, that continuation or repetition of the wrongful conduct, within a period of time stated in the warning, may be cause for more severe disciplinary action.

3. **CENSURE** Written reprimand for violation of specified regulation, including the possibility of more severe disciplinary sanction in the event of conviction for the violation of any university regulation within a period stated in the letter of reprimand.

4. **DISCIPLINARY PROBATION** Exclusion from participation in privileges or extracurricular university activities as set forth in the notice of disciplinary probation for a specified period of time.

5. **RESTITUTION** Reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.

6. **SUSPENSION** Exclusion from classes and other privileges or activities as set forth in the notice of suspension for a definite period of time.

7. **EXPULSION** Termination of student status for an indefinite period. The conditions for readmission, if any is permitted, shall be stated in the order of expulsion.

8. **COMPLAINT TO CIVIL AUTHORITIES**

9. **EJECTION**

**504/ADA Grievance Procedures**

Hunter College encourages the prompt and equitable settlement of all complaints and grievances of discrimination in college programs under Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. Section 706) and the Americans with Disabilities Act of 1990 as amended (42 U.S.C. Section 12101-02). Toward that end, both informal and formal grievance procedures are established for the college.

These procedures are available to any student of the college who alleges any action relating to handicap which is prohibited by Section 504, the ADA, or the rules and regulations implementing those laws. No other issues may be raised in these proceedings.

The resolution of a grievance may pass through several steps. Initially, students are encouraged to discuss a complaint with the supervisor of the office involved. Often, this conversation will lead to steps that will alleviate the difficulty. If
this discussion does not lead to a result that is satisfactory to the student, he or she should then begin an informal complaint process with the director of the Office for Access and Accommodations. If the informal complaint process does not yield results satisfactory to the student, a written formal complaint may be filed with the Vice President for Student Affairs.

Students may obtain a written explanation of the entire grievance procedure and the accompanying form from Office for Access and Accommodations, Room 1124 Hunter East. The Section 504 and ADA Coordinator at Hunter College, Professor Tamara Green, is responsible for policies related to the disabled. She can be contacted in Room 1425A Hunter West; (212) 772-5061.

**Hunter College's Policy on Academic Integrity**

return to: Section V: Institutional Policies

- Procedures for Reporting Academic Integrity Violations
- Committee Structure
- CUNY Examples of Substantial Violations

**Procedures for Reporting Academic Integrity Violations**

To initiate the procedure for addressing an allegation of academic dishonesty, faculty members must complete the online Academic Integrity Form indicating the recommended academic sanction, which involves a grade penalty (i.e., a reduced grade). Disciplinary sanctions may only be pursued by the Dean of Students if the case merits them.

**I. Procedure for Academic Sanctions**

- When the faculty member suspects academic dishonesty and wants an academic sanction, the professor should first confer with the student. If the student admits to the violation, the instructor should inform the student of the grade penalty and report the action taken on the online Academic Integrity Form and upload all supporting documentation [pdf]. The faculty should submit the online reporting form within 30 days of discovery of the academic dishonesty. The Office of Student Conduct will contact the student once we receive a completed online form. Faculty members must submit the online form within 30 days of discovery of the academic dishonesty.

- If the student admits to academic dishonesty but believes the grade penalty is too severe, the instructor should select the appropriate option on the online Academic Integrity Form, upload supporting documentation and submit it online. The Dean of Students shall submit a placeholder grade of "PEN" if occurrence is during the middle of the semester. The instructor shall submit a place holder grade of "UI" if occurrence is towards the end of the semester and will submit the final grade at the end of the semester. At that point, the student may contest the grade sanction by appealing the course grade through the College's grade appeal procedure. Once the student has admitted the violation, s/he may contest only the severity of the grade sanction, not the dishonesty allegation itself. If the student appeals the grade, the departmental and Senate grade appeals committees should send copies of their findings to the Hunter College Academic Integrity Official.

- If the student denies the allegation of academic dishonesty, the faculty member will report that this is the student's position on the online Academic Integrity Form. The matter will first be reviewed by the Academic Integrity Official who will conduct a fact finding investigation and attempt to resolve the matter. If the matter cannot be resolved then Mediation will be proposed between both parties with a third party member. If the case is not resolved through Mediation then it will be moved to an official hearing before the Faculty-Student Disciplinary Committee who will render judgment upon conclusion of the hearing. The student has the right to appeal the Committee's judgment by appealing with the President's Office.
Students who either admit to an act of academic dishonesty or are found to have committed one by the Academic Integrity Official will receive a letter from Hunter College's Academic Integrity Official notifying them that this matter has been reported to the Dean of Students Office. When an academic integrity accusation is resolved by the Faculty-Student Disciplinary Committee, the student and faculty member will be notified of the findings.

II. Procedure for Disciplinary Sanctions

A. The Dean of Students has the right to pursue disciplinary sanctions against any student should the case deem appropriate, which includes substantial violations, if the student has prior violations or when academic sanctions were not executed because the student withdrew from the course.

III. Faculty-Student Disciplinary Committee

The purpose of the Faculty-Student Disciplinary Committee is to review evidence when an academic sanction is being sought and when the allegations of academic dishonesty are still in dispute after meetings with the Academic Integrity Official and Mediator have occurred. The Committee will proceed in the following manner:

1. If the charge of academic dishonesty is denied by the student, the faculty member will advise the student that the matter has been referred to the Hunter College Academic Integrity Official, who will initiate the fact-finding process.
2. A panel of three Faculty-Student Disciplinary Committee members will be selected and convened by Hunter College Academic Integrity Official to review the evidence for each case.
3. The committee will deliberate in closed session (i.e., with neither student nor instructor present) and submit its findings, in writing, to the Hunter College Academic Integrity Official, who will then notify the faculty member and student. Although faculty members reserve the right to submit grades whenever they deem appropriate, they are encouraged not to submit grades for the disputed work or a final course grade until they have been notified of the committee's findings. Students may appeal the final course grade through the college's grade appeal process.

Each faculty-student disciplinary committee shall consist of two (2) faculty members or one (1) faculty member and one (1) member of the Higher Education Officer series (HEO), and two (2) student members and a chairperson, who shall be a faculty member. A quorum shall consist of the chairperson and any two (2) members, one of whom must be a student. Hearings shall be scheduled promptly (including during the summers) at a convenient time and efforts shall be made to insure full student and faculty representation.

The president shall select in consultation with the head of the appropriate campus governance body or where the president is the head of the governance body, its executive committee, three (3) members of the instructional staff of that college to receive training and to serve in rotation as chair of the disciplinary committee. If none of the chairpersons appointed from the campus can serve, the president, at his/her discretion, may request that a chairperson be selected by lottery from the entire group of chairpersons appointed by other colleges. The chairperson shall preside at all meetings of the faculty-student disciplinary committee and decide and make all rulings for the committee. He/she shall not be a voting member of the committee but shall vote in the event of a tie.

The faculty members shall be selected by lot from a panel of six elected biennially by the appropriate faculty body from among the persons having faculty rank or faculty status. The HEO members shall be selected by lot from a panel of six (6) HEO appointed biennially by the president. The student members shall be selected by lot from a panel of six elected annually in an election in which all students registered at the college shall be eligible to vote. In the event that the student or faculty panel or both are not elected, or if more panel members are needed, the president shall have the duty to select the panel or panels which have not been elected. No individuals on the panel shall serve on the panel for more than four(4) consecutive years.

Notwithstanding the above, in cases of sexual assault, stalking and other forms of sexual violence, the president shall designate from the panels one (1) chairperson, two (2) faculty/HEO members, and two (2) students, who shall be specially trained on an annual basis, and who shall constitute the faculty-student disciplinary committee in all such cases.
In the event that the chairperson cannot continue, the president shall appoint another chairperson. In the event that a seat becomes vacant and it is necessary to fill the seat to continue the hearing, the seat shall be filled from the respective faculty, HEO or student panel by lottery.

Each academic year, the chief student affairs officer, and her or his designee, shall appoint/identify one or more college employees to serve as presenters for the hearings. This list shall be forwarded to the Office of the Vice Chancellor for Student Affairs, and the Office of the General Counsel and Sr. Vice Chancellor for Legal Affairs prior to the first day of the academic year.

Persons who are to be participants in the hearings as witnesses or have been involved in preferring the charges or who may participate in the appeals procedures or any other person having a direct interest in the outcome of the hearing shall be disqualified from serving on the committee.

IV. Clarification of the Process

All questions regarding these procedures or the College's disciplinary process should be referred to the Office of Student Conduct in the Vice President for Student Affairs and Dean of Students office (Room 1103 East, phone 212.772.4534/212.396.6484 or email at academic.integrity@hunter.cuny.edu).

ACADEMIC SANCTIONS

- Reduced or "F" grade on academic exercise
- Reduced or "F" grade in course

CUNY Examples of substantial violations

These include but are not limited to:

- Forging any type of document
- Stealing an examination from faculty or a College Office
- Taking an examination for someone or having someone take it on your behalf
- Writing a paper for someone or having someone write your paper
- Purposely sabotaging another student's work that prevent his/her completion of an assignment
- The student has previously violated the policy
- Any violations made by a graduate and or professional student or a student who is pursuing professional licensure

Hunter Galleries

Main campus gallery: (212) 772-4991

The Hunter College Art Galleries, comprised of the Bertha and Karl Leubsdorf Gallery, The 205 Hudson Gallery, and The Artist's Institute are committed to a dynamic exhibition program that expands the classroom experience of undergraduate learning across the college. The Galleries are also integral to the graduate programs in Art and Art History, affording students the opportunity to work hands-on with faculty, guest curators, and gallery staff to develop exhibitions that encourage critical thinking, original research, and direct contact with both historical and contemporary art.

The Bertha and Karl Leubsdorf Gallery is located in the West Building of the main campus at 68th Street and Lexington Avenue and focuses on historical and scholarly exhibitions developed by faculty, students, and alumni.
The **205 Hudson Gallery** is a new street level exhibition space, housed in the Studio MFA program building in Tribeca. 205 Hudson is dedicated to engaging contemporary art through diverse exhibitions, performance events, and programming, including exhibitions of graduating MFA students.

The **Artist's Institute**, located on the Lower East Side, was founded in 2010 by Hunter College and curator Anthony Huberman. The Artist's Institute is an experimental platform for thinking about art in the present moment, with an annual program that is divided into two six-month seasons, each of which is dedicated to the work of a single artist.

Located in the Silberman School of Social Work Building at 119th Street, The **Hunter College East Harlem Art Gallery** is a space for initiating partnerships between different departments and academic disciplines. The gallery presents exhibitions and public events that foster academic collaboration at Hunter College while addressing subjects relevant to the East Harlem community.

Hunter-Bellevue School of Nursing: Brief History

Nursing education began at Hunter in 1943, when courses for registered nurses were added to its curriculum. In 1955, a four-year collegiate program that was a pioneer for its time — the Hunter College Program in Nursing — was launched. When the Bellevue School of Nursing closed in 1969, Hunter absorbed it to create the Hunter-Bellevue School of Nursing, now located at the college's Brookdale Health Science Center at 425 East 25th Street in Manhattan,
near Bellevue Hospital. The school's programs combine liberal and professional education with a humanistic and comprehensive approach to health care.

Ida K. Lang Recital Hall

4th Floor Hunter North

The Lang Recital Hall, a 149-seat auditorium designed by the firm of Abramowitz Kingsland Schiff, opened in Spring 1995.

This state-of-the-art facility hosts jazz concerts, chamber music ensembles and film festivals and houses most of the Department of Music graduation and faculty recitals. Artists from throughout the world have performed at the Lang. Box office: (212) 772-4448; administrative office: (212) 772-4227.

Immunization Requirements

Prior to registration, the following health requirements must be met:

Immunizations for Measles, Mumps and Rubella

New York State Public Health Law 2165 requires all students entering a post-secondary institution to provide their health services center with proof of immunity to measles, mumps and rubella. This law applies to students born on or after January 1, 1957, who are registered for 6 or more credits (or its equivalent) regardless of degree or non-degree status at a CUNY campus. Acceptable proof of immunity includes: immunization cards/records from childhood, from schools you attended previously, or from your health care provider, or a copy of a lab report showing immunity to measles, mumps and rubella.

Meningococcal Disease

Public Health Law 2167 requires institutions, including colleges and universities, to distribute information about meningococcal disease and vaccination to all students registering for 6 or more credits, whether they live on or off campus. Hunter College of the City University of New York is required to maintain a record of the following for each student: a) response to receipt of meningococcal disease and vaccine information signed by the student; b) record of meningococcal meningitis immunization within the past 10 years; OR c) acknowledgment of meningococcal disease risks and refusal of meningococcal meningitis immunization signed by the student. Students can submit this information using the Health Services Immunization Form or can do so electronically through their CUNYfirst account. To learn more about meningitis and the vaccine, please consult your physician. You can also find information about the disease at http://www.cdc.gov.

Immunizations for Measles, Mumps and Rubella

New York State Public Health Law 2165 requires all students entering a post-secondary institution to provide their health services center with proof of immunity to measles, mumps and rubella. This law applies to students born on or after January 1, 1957, who are registered for 6 or more credits (or its equivalent) regardless of degree or non-degree status at a CUNY campus. Acceptable proof of immunity includes: immunization cards/records from childhood, from schools you attended previously, or from your health care provider, or a copy of a lab report showing immunity to measles, mumps and rubella.
Implementation of Policies and Procedures Concerning Sexual Assault and Other Forms of Violence Against Students

Incomplete Work in a Course

When a student for valid reason does not complete the work assigned in a course (including the final exam, papers, etc.) and in the view of the instructor still has a reasonable chance to pass the course, the student shall be given the grade INC (incomplete). The student must explain the reason to the instructor or, in the absence of the instructor, to the department chair and arrange a schedule for making up the missing coursework. These steps must be taken as soon as possible and no later than the end of the second week of the following semester. The student shall then be given the opportunity to complete the course without penalty beyond previously established penalties for lateness.

The length of time permitted for completing missing coursework remains at the discretion of the instructor and shall be indicated in writing to the student, but shall not extend beyond the end of the semester following the one in which the course was taken. Unless the student submits the work by the date specified by the instructor, the grade will automatically become FIN on the student's permanent record. (Under certain circumstances, where the student must repeat class sessions or laboratories in a course not given during the following semester, the FIN grade may later be converted to the appropriate letter grade.)

Instructors and departments may choose to have make-up final examinations administered by the college. Such examinations will be given before Monday of the seventh week of the following semester. It is the responsibility of the student who must take an absentee examination to determine from the instructor or department whether it will be administered by the college, to file the appropriate form and to pay any required fee by the deadline specified by the college.

If the faculty member wishes to extend the deadline for the student to complete the coursework beyond one semester, the faculty member and the student must enter into a written contract clearly specifying the deadline. This contract must be written during the semester following the one in which the course was taken. The student must be aware that the INC grade will change to a FIN grade until the work is completed. The written contract must accompany the change of grade form. If a student has not filed a contract with the faculty member but still wishes to complete the work and have a FIN grade changed, the student can appeal to the Senate Grade Appeals Committee. The appeal must include the reason for failing to complete the work and must be accompanied by a supporting letter from the faculty member who issued the INC grade or, if the faculty member is no longer at the college, from the department chair. Appeals with no endorsement will be denied.

Informal Resolution

Students are encouraged to attempt to resolve complaints informally with the faculty member or to seek the assistance of the department chairperson or campus ombudsman to facilitate informal resolution.

Instructional Computing and Information Technology Resources

The Instructional Computing and Information Technology Department (ICIT) provides technology resources and services for students, staff and faculty. These include over 1000 computers in open labs and through the Laptop Loan...
Program, a 20-seat training facility, 250 technology equipped classrooms, and multiple distance learning centers. Other services accessible to staff, faculty and students include: e-mail, course management, computer training, consultation, audiovisual services, teleconferencing/videoconferencing services, telephone/voice mail services, computer networking services (on campus and off campus), software and student information services. Guidelines for access to and use of these services and facilities are posted at each facility and are subject to the rules and regulations of the college.

Hours, locations and a general description of the facilities available in each area are posted on the ICIT Web site: http://www.hunter.cuny.edu/icit

**Interdepartmental Majors**

**BA Degree** The following programs leading to the BA degree involve courses in more than one department. For details and names of advisers, see Section IX: Programs of Study. In addition to the interdepartmental fields of study, the college also offers individual interdisciplinary courses in the humanities, social sciences, sciences and mathematics and health sciences.

- Archaeology
- Latin American and Caribbean Studies
- Comparative Literature
- Religion
- Human Biology
- Urban Studies
- Jewish Studies

**International Admission**

Admission of international students is based on two factors: meeting the academic criteria for admissions and English language proficiency. Although the guarantee of sufficient financial resources to meet the cost of attendance is essential to maintaining one's respective status; it does not solely determine admissions into Hunter College. For purposes of admission, an international student is defined as an applicant who currently holds a student (F-1) or Exchange visitor (J-1) visa or seeks to change such an immigration status upon enrollment. The United States Citizenship and Immigration Services (USCIS) requires documentation of financial support before approving the issuance of a F-1 or J-1 Exchange Visitor status within the United States (if the admitted student is within the United States) and the State Department reviews financial status and substantial home ties of the applicant before issuing a visa, if the admitted student is overseas.

International applicants whose primary language is not English must demonstrate a firm command of the English language by scoring a minimum of 500 or higher (for graduate level students) on the Test of English as a Foreign Language (TOEFL). No provisional admission is offered whereby a student may come to the college and spend a semester or year learning English. Applicants are responsible for the payment of all tuition and fees at the time of registration. Hunter College does not provide financial assistance to international students; they must be in a position to finance tuition, fees, room and board, insurance, books and incidental expenses. The estimated cost is $38,000 per year for undergraduate students and $43,564 and for graduate level students and is subject to change. Hunter College does not make housing arrangements for students; it is essential that students be prepared to make their own housing arrangements upon arrival.

For more information, contact the International Students Office, Hunter College, 695 Park Avenue, Room 1109 Hunter East, New York, NY 10065; telephone: (212) 772-4864; e-mail: intlss@hunter.cuny.edu. Policies governing the Office of Admissions and the International Students Office are based on policies and practices recommended by NAFSA, AACRAO and other educational organizations.
International Admission: Criteria

Admission of international students is based on two factors: meeting the academic criteria for admissions and English language proficiency. Although the guarantee of sufficient financial resources to meet the cost of attendance is essential to maintaining one's respective status; it does not solely determine admissions into Hunter College. For purposes of admission, an international student is defined as an applicant who currently holds a student (F-1) or Exchange visitor (J-1) visa or seeks to change such an immigration status upon enrollment. The United States Citizenship and Immigration Services (USCIS) requires documentation of financial support before approving the issuance of a F-1 or J-1 Exchange Visitor status within the United States (if the admitted student is within the United States) and the State Department reviews financial status and substantial home ties of the applicant before issuing a visa, if the admitted student is overseas.

International Baccalaureate Credit

Students who have received an International Baccalaureate diploma may receive credit for higher level IB exams with scores of 5, 6, or 7. An official transcript and IB Diploma are required for the credit process. Credit will be granted for IB Higher Level Exams when the IB Diploma is submitted.

International Students Office

Room 1109 Hunter East
(212) 772-4864
E-mail: intlss@hunter.cuny.edu

The International Students Office (ISO) provides vital immigration related information to all international students, including F-1 and J-1 Exchange Visitor statuses or visa holders and other students with questions about their statuses to help them to learn immigration status maintenance. The ISO refers all international students to Academic Advising for timely graduation from Hunter College. The office is an important source of information regarding immigration matters, such as the requirements for compliance with the Student Exchange and Visitors Information System (SEVIS). The ISO issues SEVIS I-20 or DS2019 forms to all newly admitted international students. It also provides individualized advising and holds small group discussions throughout the academic year on such topics as employment options, immigration law, tax issues, and adaptation to both the United States (U.S.) educational systems and to the U.S.

Web site: http://www.hunter.cuny.edu/studentservices/is and for more information, visit the International Students online tutorial: http://packages.kognito.com/cuny/hunter/Builds/001/

Introduction

Return to CUNY Medical Withdrawal & Re-Entry Policy & Procedure Governing Dangerous Student Behavior

The City University of New York (“CUNY”) is committed to the academic success and personal growth of its students. As part of that commitment, CUNY and its constituent campuses are responsible for providing a safe learning and working environment for students, faculty, staff and other members of the university community. Some students may, because of a medical condition, engage in behavior that presents a direct threat of harm to themselves or to others, or substantially disrupts the learning or working environment of others. In such situations, the safety and security of the campus community, including the individual student, is paramount. This policy does not replace or supersede
reasonable and appropriate security and health and safety measures, such as calling 911 or taking other immediate
action in case of imminent threat to life or limb.

In addition to taking action to protect the security and safety of the campus community, a college may address the
student’s conduct to determine if action under this policy or under the student disciplinary process is appropriate. When
a student’s conduct that directly threatens or substantially disrupts the learning or working environment of others
appears to relate to a medical condition, the campus may, at its option, address the student’s conduct either in
accordance with this policy, or through the student disciplinary process. If the student’s conduct constitutes a threat
solely to him or herself, it should be addressed under this policy rather than the disciplinary process.

Introduction: Procedures for Handling Student
Complaints about Faculty Conduct in Academic
Settings

The university and its colleges have a variety of procedures for dealing with student-related issues, including grade
appeals, academic integrity violations, student discipline, disclosure of student records, student elections, sexual
harassment complaints, disability accommodations, and discrimination. One area not generally covered by other
procedures concerns student complaints about faculty conduct in the classroom or other formal academic settings. The
university respects the academic freedom of the faculty and will not interfere with it as it relates to the content or style
of teaching activities. Indeed, academic freedom is and should be of paramount importance. At the same time the
university recognizes its responsibility to provide students with a procedure for addressing complaints about faculty
treatment of students that are not protected by academic freedom and are not covered by other procedures. Examples
might include incompetent or inefficient service, neglect of duty, physical or mental incapacity and conduct
unbecoming a member of the staff.

Mary Roldan, Dorothy Epstein Distinguished Professor and Acting Chair, History; BA Harvard-Radcliffe, MA, PhD Harvard

Return to the Latin American and Carribean Studies Program

**Learning Community**

First-year students entering in the fall semester begin their college careers by enrolling in a cluster of courses called a Learning Community. Each Learning Community consists of four or five introductory-level courses designed to introduce students to areas of study or majors offered at the college. By enrolling in and completing these courses, first year students begin to complete foundational courses in their selected areas of study as well as some of the Hunter Core courses needed to fulfill degree requirements for graduation. Additionally, since small groups of students are enrolled in many of the same course sections, these Learning Communities are designed to bring students together and make connections with peers who share their learning experiences and academic interests. Participation in a Learning Community does not limit a student's future area of study and can be tailored to fit a student's educational history. For
more information on the Learning Community visit the Office of Advising website http://www.hunter.cuny.edu/advising.

Liberal Arts and Sciences Test (LAST)

Students should register to take the Liberal Arts and Sciences Test (LAST) of the New York State Teacher Certification Examinations during their junior year. Students will not be allowed to enroll in student teaching until their scores on the LAST have been received by the School of Education. Students who do not pass the LAST at least partly because of low scores on subtest 4 and/or 5 must enroll in a college writing course before being allowed to register for any additional courses.

Licensing and Accreditation

Hunter-Bellevue Baccalaureate graduates are prepared to practice as generalist nurses in health care settings. Graduates from the Generic and Accelerated 2nd Degree Programs are eligible to take the National Council Licensing Examination for Registered Nurses. The program also provides a foundation for graduate study which is also offered at the School of Nursing. Graduates of the advanced practice nursing programs are eligible to take the certification examinations for nurse practitioners and clinical nurse specialist.

Macaulay Honors College at Hunter College

Graduating high school seniors and others who have not yet attended college may apply to the Macaulay Honors College at Hunter College. The mission of this highly competitive program is to inspire and prepare outstanding leaders to confront and solve the social, economic, cultural, and scientific challenges of New York City and the world. Accepted students take a series of interdisciplinary seminars focused on New York City, and work closely with Honors Advisors in order to learn about and access the diverse resources of CUNY. Generous financial support is provided, allowing students to concentrate on their studies and carefully selected co-curricular activities. For further information, call the Macaulay Honors College office at (212) 650-3556 or see the website: http://www.hunter.cuny.edu/honorscollege.

Manhattan/Hunter College Science High School

The Manhattan/Hunter Science High School, located on Amsterdam Avenue at 66th Street, provides instruction for grades 9 through 12. This science high school is grounded in the belief that individuals are better prepared to face life's challenges when given the proper tools. Science offers the lens through which we may see, explore and meet the future. The New York City Department of Education and Hunter College have joined to create a school that provides an enriched, comprehensive college preparatory curriculum with a focus on science and the integration of science and the scientific method into all subject areas.

**Thomas Jambois**, Associate Professor, Mathematics and Statistics; BA Harvard, PhD California (Berkeley)

**Olga Kharlampovich**, Professor, Mathematics and Statistics; Dr.Sc. Steklov Institute, PhD Leningrad
Return to the Mathematics and Statistics Department

Mathematics Placement Test

The Mathematics Placement Test is an untimed, multiple choice, computer-based test composed of four sections: Pre-Algebra, Algebra, College Algebra and Trigonometry. Starting with algebra, the test covers progressively advanced topics with placement into more advanced mathematics or mathematics-related courses. Students must take the Math Placement Test before they may register for math, science and certain liberal arts courses at Hunter College. SAT, ACT and New York State Regents test scores do not exempt a student from this test. Test results will be used to place students appropriately in coursework at Hunter College. The exam does not affect acceptance to Hunter College. Students may only take this exam one time throughout the City University of New York (CUNY).

The CUNY Assessment Test (CAT) and Mathematics Placement Test are administered in the Hunter College Testing Center, Room 150 Hunter North. Visit the Hunter College Testing Center's website at https://www.hunter.cuny.edu/testingcenter for sample questions, related information, as well as available dates and times to take examinations. Inquiries pertaining to testing at Hunter College may be addressed by calling the Testing Center at 212-772-4868 or sending an email to testing@hunter.cuny.edu.

Medical Laboratory Sciences

Return to Faculty

Faculty in Medical Laboratory Sciences

Steven Einheber, Associate Professor and Chair, Medical Laboratory Sciences: BS George Washington; PhD Cornell

Chad Euler, Assistant Professor, Medical Laboratory Sciences: BS Vermont, PhD Rockefeller

Dean Johnston, Professor, Medical Laboratory Sciences; BA Kalamazoo; PhD Wayne State
The Department of Medical Laboratory Sciences offers a rigorous and extensive education in biomedical science that prepares students for employment in clinical (hospital and private diagnostic), research (academic/biotechnology/pharmaceutical) and public health laboratories and for advanced degrees in graduate (Master's/Ph.D.) and professional (medical/dental/physician assistant) schools as well as advanced clinical certifications.

Two academic degrees for undergraduates are offered: the BS in Medical Laboratory Sciences: Biomedical Science and the BS in Medical Laboratory Sciences: Clinical Science. Both majors emphasize laboratory training through classroom work. The Medical Laboratory Sciences: Biomedical Science major is intended for those students who plan to obtain advanced graduate or medical degrees. Students in this major are encouraged to perform independent study research projects with faculty. The Medical Laboratory Sciences: Clinical Science major is licensure qualifying and is intended for those students who plan to take the New York State (NYS) Education Department licensure exam for clinical laboratory technologists. A license is required to work as a clinical laboratory technologist in NYS. Clinical laboratory technologists perform analytical tests on patient samples and play an essential role in the diagnosis and treatment of disease. The Clinical Science major requires students to perform a departmentally-arranged eight-week full time summer internship in a hospital or private diagnostic laboratory. Students in the Clinical Science major may also pursue advanced graduate and medical degrees.

As listed below, the department offers four graduate programs. To learn more about these graduate programs, please consult the Hunter College Graduate catalog.

BS/MA in Medical Laboratory Sciences/Biological Sciences with Specialization in Biotechnology.
The BS/MA is a collaboration between the Departments of Medical Laboratory Sciences and Biology and is intended for qualified seniors majoring in medical laboratory sciences.

**Post-baccalaureate Certificate in Medical Laboratory Technology**

The Post-baccalaureate Certificate in Medical Laboratory Technology (Advanced Certificate) is a 15-credit, licensure qualifying, accelerated educational pathway that prepares individuals to become clinical laboratory technologists. It is intended for those who have already earned a baccalaureate degree in biological, chemical or physical science with specific prerequisites and serves as an alternative to earning a second BS in Medical Laboratory Sciences: Clinical Science.

**Post-baccalaureate Certificate in Cytotechnology**

The Advanced Certificate (AC) in Cytotechnology is a one-year, 26 credit, post-baccalaureate graduate program that prepares students for careers as cytotechnologists. It is being offered by Hunter College in collaboration with Memorial Sloan Kettering Cancer Center (MSKCC). Clinical training for the program takes place in the Cytology Service in the Department of Pathology at MSKCC.

**Masters in Biomedical Laboratory Management**

This degree provides working laboratory professionals with the knowledge and skills to enter positions of leadership in clinical/diagnostic, research, biotechnology, public health and pharmaceutical laboratories.

**Meningococcal Disease**

Public Health Law 2167 requires institutions, including colleges and universities, to distribute information about meningococcal disease and vaccination to all students registering for 6 or more credits, whether they live on or off campus. Hunter College of the City University of New York is required to maintain a record of the following for each student: a) response to receipt of meningococcal disease and vaccine information signed by the student; b) record of meningococcal meningitis immunization within the past 10 years; OR c) acknowledgment of meningococcal disease risks and refusal of meningococcal meningitis immunization signed by the student. Students can submit this information using the Health Services Immunization Form or can do so electronically through their CUNY first account. To learn more about meningitis and the vaccine, please consult your physician. You can also find information about the disease at http://www.cdc.gov.

Link for the Immunization Form: http://www.hunter.cuny.edu/studentservices/counseling-and-wellness/wellness/repository/files/ImmunizationRecord.pdf. The form must be returned to the Office of Health Services, Room 307 Hunter North. For updated office hours call (212) 772-4800. For further information please visit: http://www.hunter.cuny.edu/studentservices/counseling-and-wellness/wellness/immunization.

Mark Spicer, Professor, Music; BMus, MMus North Texas, PhD Yale

Jewel Thompson, Professor, Music; BS Virginia State, MA, PhD Eastman School of Music

Return to the Music Department

Music Bachelor's Degrees

Music

About the Department
Located in the heart of the intellectually vibrant community of Hunter College, the Music Department offers students the chance to explore musical expression through performance and academic study. Opportunities to learn from some of the best theorists, musicologists and ethnomusicologists in the field exist alongside exciting performance opportunities for every playing and singing ability. Our ensembles include College Choir, Chamber Singers, Opera, A Cappella, Jazz Vocal Workshop, Jazz Ensemble, Jazz and Popular Music Combos, Chamber Music, Ensemble Middle East @ Hunter and the Hunter Symphony. The BA degree can be completed evenings or days. In addition, the department sponsors numerous extracurricular events, including concerts, lectures, and master classes. Private lessons in instruments and voice are provided to all performance majors and many other music majors by a distinguished roster of performance teachers. Financial aid is available to qualified performance majors and other majors who need to study with private teachers not on the staff.

Graduates of the department go on to a variety of careers in music and beyond. Graduates of the BA/MA dual degree program in Music/Music Teacher Education Pre-K-12 - BA/MA are qualified to teach in the public elementary and high schools of New York State.

**Graduate Study**

Seniors of high academic standing who are recommended by the department may be permitted to take graduate courses for undergraduate credit. Seniors within 9 credits of graduation may apply to the Admissions Office for permission to take graduate courses creditable toward the MA degree.

Faculty

Music Faculty

HEGIS Code: 1004
Minor in Music

The music minor consists of 15 credits in music: MUSTH 10100; MUSHL 10100 or MUSHL 10700; one course with an MUSHL prefix at the 200-level; and 6 credits of music electives, 3 of which must be at the 200-level or higher. Prospective minors who have already mastered the material taught in the required 100-level courses (MUSTH 10100 and/or MUSHL 10100 or 10700) may be exempted from these courses by passing the same entrance examination that is required of prospective music majors (see Music 25-Credit Major (BA)). Music minors must substitute more advanced courses in any area of music study, which may include private lessons and ensembles, for the courses from which they are exempt. PLEASE NOTE: Music minors who wish to take private lessons for credit (MUSPF 40100) must first pass both the performance audition and music theory portions of the entrance examination.

Music - BA/MA

4-Year Dual BA/MA Degree

The department offers unusually gifted students the opportunity to obtain a master’s degree in four years with a minimum of 120 credits. Requirements are the same as those for the 42-credit BA plus those for the MA in music (30 credits at the graduate level; see graduate catalog). Students may be admitted to this program only after they have completed at least 60 credits of college work, including at least 29 credits in music (three semesters of music history, four semesters of music theory, and four semesters of musicianship). At least 12 credits (including six in music) must have been taken at Hunter College, and students must have a cumulative GPA of at least 3.5 with no grade of less than B in any music course. At that time, they must fulfill all requirements for entry into the MA program except completion of the BA degree. The graduate adviser must be consulted about the MA requirements.

Music - BMus

Foundational Courses

Foundational Courses include courses in English and prerequisites to these courses. These courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

Note: Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

60-Credit Major

This degree is designed for students planning to pursue careers as professional performers of music or as teachers of music performance. It provides intensive instruction in the student’s instrument or voice; solid training in music history
and theory; and a broad, liberal arts education. Admission to this program is conditional on passing an audition (preferably before the student enters college) demonstrating a high level of skill in performance. Requirements are:

Music history:

**MUSHL 20100 - Introduction to Music Research**

Techniques of research and writing about music. Sources of information (reference books, monographs, periodicals, scores, recordings, Internet resources); types of writing (theoretical, historical, ethnomusicalogical, critical); writing issues specific to music. 
*coreq: MUSHL 20500*  
*prereq or coreq: ENGL 12000*  
1 hr  
1 cr.  
offered fall

**MUSHL 20500 - Music History I**

*Pluralism and Diversity*  
*PD/D*  
For music majors. Survey of the history of music in the European tradition to 1600.  
*prereq: elementary knowledge of music history and literature, demonstrated by dept. exam*  
*coreq: MUSHL 20100*  
*prereq or coreq: MUSTH 22000, 23000, ENGL 12000, perm dept.*  
3 hrs  
3 cr.  
offered fall

**MUSHL 20600 - Music History II (W)**

*Pluralism and Diversity*  
*PD/D*  
For music majors. Continuation of MUSHL 20500. Survey of the history of music in the European tradition from 1600 to 1800.  
*prereq: MUSHL 20100, 20500, ENGL 12000*  
*prereq or coreq: MUSTH 22100, 23100*  
3 hrs  
3 cr.  
offered spring

**MUSHL 30500 - Music History III (W)**

*Pluralism and Diversity*  
*PD/D*  
Continuation of MUSHL 20600. Survey of the history of music in the European tradition from 1800 to the present.  
*prereq: MUSHL 20600, MUSTH 22100, 23100*  
3 hrs  
3 cr.  
offered fall

and any other 3-credit MUSHL course at the 300-level
Music theory:

**MUSTH 20100 - Introduction to Music Technology**

An introduction to basic music technology skills: music notation software, MIDI sequencing, and digital audio editing.

*prereq or coreq: prereqs: MUSTH 22000 and 23000, or perm dept.*

1 hr

1 cr.

offered spring

**MUSTH 22000 - Music Theory I**

Review of fundamentals of music theory; introduction to melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.

*prereq: ability to read music as demonstrated by dept. exam, perm dept.*

*coreq: MUSTH 23000*

3 hrs

3 cr.

offered fall

**MUSTH 22100 - Music Theory II**

Continuation of MUSTH 22000.

*prereq: MUSTH 22000*

*coreq: MUSTH 23100*

3 hrs

3 cr.

offered spring

**MUSTH 23000 - Musicianship I**

Sight singing, ear training, and keyboard drill on materials studied in the corequisite course. Individual work in the Computer Assisted Instruction facility.

*coreq: MUSTH 22000*

3 hrs

2 cr.

offered fall

**MUSTH 23100 - Musicianship II**

Continuation of MUSTH 23000.

*prereq: MUSTH 23000*

*coreq: MUSTH 22100*

3 hrs

2 cr.

offered spring

**MUSTH 32000 - Music Theory III**
Intermediate-level study of melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.

**prereq:** MUSTH 20100, MUSTH 22100  
**coreq:** MUSTH 33000  
**3 hrs**  
**3 cr.**  
**offered fall**

**MUSTH 33000 - Musicianship III**

Sight singing, ear training, and keyboard drill on materials studied in corequisite course. Individual work in the Computer Assisted Instruction facility.

**prereq:** MUSTH 23100  
**coreq:** MUSTH 32000  
**3 hrs**  
**2 cr.**  
**offered fall**

and any other 3-credit MUSTH course at the 300-level

**Private lessons:**

**MUSPF 43100 - Individual Instruction in Instrument or Voice**

Limited to students in the 60-credit BMus program and the BA/MA music program. Intensive study in instrumental or vocal techniques. Jury examination required. May be taken 8 times.

**prereq:** perm dept.  
**1 hr**  
**3 cr.**

**Performance ensembles:**

For instrumentalists - 6 credits in instrumental ensembles

Choose 6 credits from the following:

**MUSPF 23100 - Hunter Symphony**

Rehearsal and performance of orchestral works. May be taken 8 times.

**prereq:** audition, perm instr.  
**3 hrs**  
**1 cr.**

**MUSPF 24900 - Jazz Ensemble**

Open to all instrumentalists by audition. Study and performance of popular forms of music, including dance, jazz, and musical comedy. May be taken 6 times.

**2 hrs**  
**1 cr.**
MUSPF 35500 - Chamber Music Workshop

Rehearsal and public performance of instrumental chamber works. May be taken 6 times.

*prereq: audition, perm instr.*

2 hrs
1 cr.

MUSPF 25000 - Jazz and Popular Music Combos

Study and performance within a small ensemble context of the popular music genres, such as Pop, Rock, Hip-Hop, R & B, Country/Bluegrass, and Jazz. May be taken 6 times.

*prereq or coreq: audition, dept. permission required*

2 hrs
1 cr.

MUSPF 36500 - Topics in Piano Performance

Seminar in performance for advanced piano students focusing on a different topic area each semester. The seminar will involve study and performance of representative works of piano repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance. May be taken 4 times.

*coreq: MUSPF 40100 or 43100*

2 hrs
1 cr.

For singers

6 credits in vocal ensembles

MUSPF 22100 - College Choir

Open to all students. Rehearsal and public performance of major choral works. May be taken 8 times.

3 hrs
1 cr.

MUSPF 25100 - Jazz Vocal Workshop Ensemble

Jazz performance and improvisation. May be taken 6 times.

*prereq: MUSPF 11100 or 21100 or 40100 in Voice, and audition*

2 hrs
1 cr.

MUSPF 35300 - Chamber Singers

Study and public performance of solo and chamber chorus works from all musical eras. May be taken 6 times.

*prereq: audition, perm instr.*

2 hrs
1 cr.
MUSPF 36900 - Topics in Vocal Performance

Seminar in performance for advanced voice students, focusing on a different topic each semester. The seminar will involve study and performance of representative works of vocal repertoire relevant to the semester’s topic area. Each semester will also include individual attention to problems of public performance.

May be taken 4 times.

prereq: ENGL 12000
coreq: MUSPF 40100 or 43100

2 hrs
1 cr.

for singers, a minimum of 2 credits must be in MUSPF 36900

Electives:

- 4 credits in music courses above the 100-level.

Recital:

- A senior recital, for which no credit is given, is also required.

Piano Proficiency Requirement

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the third semester of study in music theory (MUSTH 32000). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

Music 25-Credit Major (BA)

This degree is designed for students who want to study music in the context of a general liberal arts education, but who do not plan to pursue careers in music. It may also be convenient for students who enter Hunter with a large number of transfer credits in music. Requirements are:

Foundational Courses

Foundational Courses include courses in English and prerequisites to these courses. These courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

Note: Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

1 cr.

**Electives:**

- 4 credits in music courses above the 100-level

**Piano Proficiency Requirement**

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the third semester of study in music theory (MUSTH 32000). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

**Music Bachelor's Degrees**

Return to: Department of Music

- Music 25-Credit Major (BA)
- Music 42-Credit Major (BA)
- Music - BMus

**Major Programs**

The Department of Music offers three undergraduate and two BA/MA major programs to fit individual interests and requirements. Students must take three examinations before declaring a music major:

1. **Music notation, rudimentary theory, and basic musicianship skills.** This examination is prerequisite to MUSTH 22000 (Music Theory I).

   Students who do not pass it must take MUSTH 10100 (Music Theory Fundamentals) or learn the material on their own, then repeat the examination.

2. **Elementary music history and literature.** This examination is prerequisite to MUSHL 20500 (Music History I). Students who do not pass it must take MUSHL 10100 (Introduction to Music) or learn the material on their own, then repeat the examination.
3. **Performance audition on an instrument or voice.** This examination is prerequisite to MUSPF 40100 (Private Instruction in Instrument or Voice). Students whose performance skills fall below New York State School Music Association (NYSSMA) level 2, equivalent to about one year of study, must take MUSPF 21100-MUSPF 21200 (Voice I-II), MUSPF 21300-MUSPF 21400 (Piano III), or private lessons at their own expense (without credit), then repeat the examination. Students with no experience in performance may defer the audition until the end of their first semester of study.

Prospective majors should consult the Music Department’s undergraduate adviser as soon as possible to discuss these examinations and any prerequisite courses they may need before beginning the major.

**Piano Proficiency Requirement**

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the third semester of study in music theory (MUSTH 32000). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

**Minor in Music**

The music minor consists of 15 credits in music:

**MUSTH 10100 - Music Theory Fundamentals**

**Hunter Core**
Creative Expression (CE)
**GER**
2/D

For non-majors. Introduction to music theory, sight singing, and ear training.

*3 hrs*
*3 cr.*

**MUSHL 10100 - A Thousand Years of Listening**

**Hunter Core**
Creative Expression (CE)
**Pluralism and Diversity**
**PD/D**
**GER**
2/D

For non-majors. Selected compositions primarily from the European tradition studied with aim to develop perceptive listening.

*3 hrs*
*3 cr.*

-or-

**MUSHL 10700 - The World of Music**

**Hunter Core**
Creative Expression (CE)
Pluralism and Diversity
PD/A
GER
2/D

For non-majors. Introduction to music from a spectrum of world cultures, including Africa, Asia, and the Caribbean.
3 hrs
3 cr.

- one course with an MUSHL prefix at the 200-level; and 6 credits of music electives, 3 of which must be at the 200-level or higher.

Prospective minors who have already mastered the material taught in the required 100-level courses MUSTH 10100 and/or MUSHL 10100 or MUSHL 10700) may be exempted from these courses by passing the same entrance examination that is required of prospective music majors (see above). Music minors may substitute more advanced courses in any area of music study, including private lessons (subject to availability) and ensembles, for the courses from which they are exempt. PLEASE NOTE: Music minors who wish to take private lessons for credit (MUSPF 40100) must first pass both the performance audition and music theory portions of the entrance examination.

Grading Policies

Students must have grades of C or better in all prerequisite courses in order to take courses that are required for the major. The grade of CR may not be elected in major courses. In accordance with Hunter College policy, a course may not be taken more than twice without permission of the department.

Honors

To qualify for departmental honors in music, a student must have a 3.5 grade point average in major courses and complete an honors project, taken under the following course number. The project, which must be approved in advance by the Policy Committee, may be a research paper on a historical, theoretical, or other topic; an original composition; or a recital. All projects should demonstrate an advanced level, a broad scope, and a high quality, and must be done under the supervision of a faculty member of the Music Department.

MUSTH 49100 - Honors Project

Upper Jr/Sr only. Individual project of large scope in music history, theory, composition, or performance.
prereq: minimum music GPA of 3.5, perm undergrad adviser
1 sem
3 cr.

MUSTH 49200 - Honors Project

prereq: MUSTH 49100
1 sem
3 cr.

Graduate Study
Seniors of high academic standing who are recommended by the department may be permitted to take graduate courses for undergraduate credit. Seniors within 9 credits of graduation may apply to the Admissions Office for permission to take graduate courses creditable toward the MA degree.

**Music/Music Teacher Education Pre-K-12 - BA/MA**

**Major Programs**

The Department of Music offers three undergraduate and two BA/MA major programs to fit individual interests and requirements. Students must take three examinations before declaring a music major:

1. **Music notation, rudimentary theory, and basic aural skills.** This examination is prerequisite to MUSTH 22000 (Music Theory I).

   Students who do not pass it must take MUSTH 10100 (Basic Musicianship) or learn the material on their own, then repeat the examination.

2. **Elementary music history and literature.** This examination is prerequisite to MUSHL 20500 (Music History I). Students who do not pass it must take MUSHL 10100 A Thousand Years of Listening or learn the material on their own, then repeat the examination.

3. **Performance audition on an instrument or voice.** This examination is prerequisite to MUSPF 40100 (Private Instruction in Instrument or Voice). Students whose performance skills fall below New York State School Music Association (NYSSMA) level 2, equivalent to about one year of study, must take MUSPF 21100-MUSPF 21200 (Voice I-II), MUSPF 21300-MUSPF 21400 (Piano III), or private lessons at their own expense (without credit), then repeat the examination. Students with no experience in performance may defer the audition until the end of their first semester of study.

   Prospective majors should consult the Music Department's undergraduate adviser as soon as possible to discuss these examinations and any prerequisite courses they may need before beginning the major.

**Piano Proficiency Requirement**

All music majors must demonstrate elementary proficiency at the piano. Students should plan to fulfill this requirement during their first year of study. A passing grade on the piano proficiency examination is a prerequisite for the second year of study in music theory (MUSTH 32000 and MUSTH 32100). Students entering Hunter with limited keyboard background may take MUSPF 21300-MUSPF 21400 (Piano I and II) for elective credit or private lessons in piano at their own expense. The Music Department office has a list of recommended piano teachers.

**5- to 6-Year Dual BA/MA Degree in Teacher Education**

Exceptionally qualified students may obtain a master’s degree in teacher education in 5-6 years with a minimum of 140 credits. Requirements are the same as those for the 42-credit BA plus requirements for the MA degree in music teacher education (see graduate catalog). Students may be admitted to this program only after they have completed at least 60 credits of college work, including at least 29 credits in music (three semesters of music history, four semesters of music theory, and four semesters of musicianship). At least 12 credits (including six in music) must have been taken at Hunter College, and students must have a cumulative GPA of at least 3.5 with no grade of less than B in any music course. They must have passed the Music Department’s piano proficiency examination and an audition-interview demonstrating reasonable mastery of an instrument or voice. In addition, they must either have passed the LAST (Liberal Arts and Sciences Test) or fulfilled the following requirements of the School of Education:

   a. Completion of developmental courses;
b. Grade of B- or better in ENGL 12000 or a 200-level English course;

c. Application, on-site essay, and interview with the School of Education;

d. Proof of negative result on TB test;

e. Maximum of 6 credits taken with CR/NC grades, or else calculation of those grades as C/F for computation of grade-point average.

Admission requires the consent of both the Music Department and the School of Education. See the The School of Education section of both the undergraduate and graduate catalogs for more information.

Minor

For 25-credit music majors, the minor consists of 12 credits in a field of study leading to a BA degree and approved by the Music Department adviser. Double-majors and students in other music major programs are exempt from the minor requirement. Minor courses can be used without limit to satisfy stages 1, 2, and 3 of the GER.

Minor for non-Majors

For students minoring in music, the requirements are determined by the student’s major department. See your major adviser. The Music Department recommends the following courses. Because 300-level courses are intended primarily for music majors and have extensive prerequisites, students whose major departments require a 300-level course in the minor may, with permission of their adviser, substitute a 200-level course in the music minor.

MUSTH 10100 - Music Theory Fundamentals

Hunter Core
Creative Expression (CE)
GER
2/D

For non-majors. Introduction to music theory, sight singing, and ear training.
3 hrs
3 cr.

or

MUSTH 22000 - Music Theory I

Review of fundamentals of music theory; introduction to melodic, rhythmic, contrapuntal, harmonic, and formal organization of music.
prereq: ability to read music as demonstrated by dept. exam, perm dept.
coreq: MUSTH 23000
3 hrs
3 cr.
offered fall

MUSTH 23000 - Musicianship I

Sight singing, ear training, and keyboard drill on materials studied in the corequisite course. Individual work in the Computer Assisted Instruction facility.
coreq: MUSTH 22000
MUSHL 10100 - A Thousand Years of Listening

Hunter Core
Creative Expression (CE)
Pluralism and Diversity
PD/D
GER
2/D

For non-majors. Selected compositions primarily from the European tradition studied with aim to develop perceptive listening.

MUSHL 10700 - The World of Music

Hunter Core
Creative Expression (CE)
Pluralism and Diversity
PD/A
GER
2/D

For non-majors. Introduction to music from a spectrum of world cultures, including Africa, Asia, and the Caribbean.

Grading Policy

Students must have grades of C or better in all prerequisite courses in order to take courses that are required for the major. The grade of CR may not be elected in major courses. In accordance with Hunter College policy, a course may not be taken more than twice without permission of the department.

Honors

To qualify for departmental honors in music, a student must have a 3.5 grade point average in major courses and complete an honors project, taken under the following course number. The project, which must be approved in advance by the Policy Committee, may be a research paper on a historical, theoretical, or other topic; an original composition; or a recital. All projects should demonstrate an advanced level, a broad scope, and a high quality, and must be done under the supervision of a faculty member of the Music Department.

MUSTH 49100 - Honors Project
Upper Jr/Sr only. Individual project of large scope in music history, theory, composition, or performance.

**prereq:** minimum music GPA of 3.5, perm undergrad adviser

1 sem

3 cr.

**New York City Programs**

**Hunter College Scholarships, Awards, Prizes and Other Financial Assistance for Matriculated Students**

Hunter College recognizes academic merit and need through a growing number of scholarship and fellowship programs. In general, these fall into two categories: scholarships and fellowships for incoming students; and scholarships, fellowships, awards and prizes for continuing students.

**Incoming Students**

There are several four-year scholarship opportunities for incoming first-year, full-time students, including the CUNY Macaulay Honors College financial package, Honors Scholar Programs and Dormitory Scholars Awards.

For more information on the Honors Scholar Programs, see Freshman Scholars Programs or inquire at the Honors Scholar Program Office, 1113A Hunter East, (212) 396-6888, or by email scholarprograms@hunter.cuny.edu.

**Continuing Students**

Scholarship opportunities, awards and prizes for currently enrolled students are generally based on need, merit and, in some cases, area of study. The Office of Student Services publishes The Grants Guide, a resource listing of scholarship opportunities, which is available in the Office of Student Services, 1119 Hunter East and online at http://www.studentservices.hunter.cuny.edu/grant/.

Incoming and continuing students who wish to be considered for awards from scholarship funds administered through the college should submit a Hunter College Scholarship application, available online at the following websites:

- http://www.hunter.cuny.edu/finaid
- http://admissions.hunter.cuny.edu

For more information, contact the coordinator of scholarship opportunities in the Office of Financial Aid (212) 772-4818.

**Other Sources of Financial Assistance** Hunter College is committed to providing its students with the maximum amount of financial assistance available from government grants, loans and work-study opportunities. Information and assistance in obtaining financial aid is available from the Office of Financial Aid, Hunter North Room 241 or by logging onto http://www.hunter.cuny.edu/finaid
Hunter College Foundation

Established in 1991, the Hunter College Foundation is dedicated to ensuring continued access to the highest quality public higher education and to helping Hunter maintain its longstanding reputation for academic distinction. Undergraduate scholarships and graduate fellowships may be set up in the Hunter College Foundation.

The Scholarship and Welfare Fund

The Scholarship and Welfare Fund of the Alumni Association, a not-for-profit group established in 1949, administers a number of funds to provide scholarships to students who otherwise might not be able to complete their education. For over fifty years, the Scholarship and Welfare Fund has contributed substantially to the education of Hunter College students. Contributions from alumni, friends, chapters and classes have provided the funds needed for this support.

Many endowed scholarships have been established through funds donated in the names of individuals, classes and chapters of the Alumni Association to provide assistance to students on the basis of both scholarship and financial need. They include college-wide awards and awards to graduating seniors.

New York State Certification

Undergraduate teacher preparation programs have been approved by the New York State Education Department to lead to initial certification for teaching in New York State. To earn this certificate students must successfully complete the approved program of study, obtain a BA or BA/MA degree, have fingerprint clearance, complete the Dignity for All Students Act (DASA) workshop and pass the required New York State Teacher Certification Examinations (NYSTCE) including the ALST, EAS, CST and edTPA. The Office of Academic And Student Affairs (OASA) sends institutional recommendations for certification after students graduate from their teacher preparation program. The initial certificate permits the holder to teach for five years. Candidates must then complete three years of full-time teaching in the certificate title and a master's degree in order to be eligible for professional certification. NYS certification is reciprocally accepted by many other states upon application. Students with questions about certification should consult the School of Education website: http://www.hunter.cuny.edu/education.

New York State Education Department Policy Statement on Liberal Arts and Sciences:

This guidance is intended to assist institutions of higher education in New York State in meeting the requirements of the Rules of the Board of Regents, Section 3.47 (c), Requirements for Earned Degrees, Undergraduate degrees:

"Undergraduate degrees shall be distinguished, as follows, by the minimum amount of liberal arts content required for each degree. The required liberal arts core shall not be directed toward specific occupational or professional objectives."

<table>
<thead>
<tr>
<th>Degree</th>
<th>Minimum Proportion of Content</th>
<th>Minimum Number of Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Associate in Arts (AA)</td>
<td>3/4</td>
<td>45</td>
</tr>
</tbody>
</table>
The liberal arts and sciences comprise the disciplines of the humanities, natural sciences and mathematics, and social sciences.

A. Examples of course types that are generally considered within the liberal arts and sciences:

1. Humanities:
   - English—composition, creative writing, history of language, journalism, linguistics, literature, literature in translation, playwriting
   - Fine arts—art appreciation, history or theory
   - Foreign languages—composition, conversation, grammar, history of the language, literature of the language, reading, translation studies
   - Music—music appreciation, history or theory
   - Philosophy—comparative philosophy, history of philosophy, logic, schools of philosophy
   - Religion—comparative religion, history of religion
   - Theater—dramatic interpretation, dramatic literature, dramaturgy, history of drama, playwriting

2. Natural sciences and mathematics:
   - Natural sciences—anatomy and physiology, biology, chemistry, earth science, geology, physics, zoology
   - Mathematics—calculus, mathematical theory, statistics
   - Computer Science—broad survey/theory courses

3. Social sciences:
   - Anthropology, cultural studies, economics, geography, government, history, political science, psychology, sociology
   - Criminal justice—introductory and broad survey courses
   - Communications—interpersonal communication, mass communication, public speaking, speech and rhetoric

B. Examples of course types that are generally not considered within the liberal arts and sciences:

- Agriculture
- Business—administration, finance, human resources, management, marketing, production
- Computer applications (e.g., word processing, database, spreadsheet), programming (e.g., specific languages)
- Health and physical education
- Home economics
- Education and teaching methods
- Library science
- Music—studio, performance, practice courses—voice, instrument, direction, conducting
New York State Financial Aid Programs

Tuition Assistance Program (TAP)

This grant is awarded to New York State residents who are enrolled full-time in a degree-granting program and meet the income criteria. To be eligible for a TAP award, each semester students must register for 12 credits which are directly attributable to their degree.

Students should consult with an adviser in the Office of Advising or their major department when planning their programs to ensure continued TAP eligibility. SEEK students should consult with their SEEK counselor.

Awards ranging from $200 to $5,000 are made to dependent students and independent students with dependents whose New York State taxable income is $80,000 or less or to independent students with no dependents if the taxable income is $10,000 or less. Students may receive awards for eight semesters; SEEK students may receive awards for ten semesters. A student with a disability that prevents attendance on a full-time basis may be eligible to receive TAP while attending on a part-time basis.

CUNY Student Tuition Assistance (CUSTA)

Students who are otherwise eligible for a maximum TAP award but whose award is reduced because they have received four semesters of payment may be eligible for a CUSTA award up to $100 a semester.

Aid for Part-Time Study (APTS)

This award provides assistance to students who attend less than full time, have accrued a minimum of 6 credits (not equated) and have not exhausted their TAP eligibility. In order to be eligible, a student must be a New York State resident and enrolled for at least 6 credits.

The legislature established the Aid for Part-time Study (APTS) program in 1984 in a new section 666 of the Education Law. Aid for Part-time Study is a different program from Part-time TAP (established in 2006) with different requirements. One difference is that there is no prior study (prior earned credits) requirement for APTS.

The program is campus-based: that is, individual campuses that decide to participate in the program select recipients and determine award amounts after HESC allocates funds based on an institution's prior year part-time degree credit enrollment. APTS is not an entitlement program and not all potentially eligible students will necessarily receive an award. Institutions have the discretion to determine policy for administering the program, to make the decisions, and to
provide awards to students who demonstrate the greatest financial need until the institution's allotted funds are exhausted. Statute does not define need of specify how the need is to be determined.

**New York State World Trade Center Memorial Scholarship**

The World Trade Center Memorial Scholarship Program for study at the City University of New York is intended for victims, spouses and children of the victims who died or were severely disabled as a result of the September 11 terrorist attacks. The program also provides scholarships to the spouses and children of those who died or were severely disabled during ongoing rescue and recovery efforts, including firefighters, police officers, peace officers and emergency medical service workers.

The scholarships cover the cost of tuition, fees, books, supplies, transportation and room and board, if applicable, for four years of full-time undergraduate study or for five academic years of a program of academic study as defined by the Commissioner of Education.

The scholarships were established by Governor George Pataki’s Executive Order 113 and related legislation to establish such a program, along with a CUNY Board of Trustees resolution.

Applications are available online at: New York State World Trade Center Memorial Scholarship.

**Veterans Tuition Award Program**

Eligible students are those who are New York State residents and discharged under honorable conditions from the U.S. Armed forces and who are:

- Persian Gulf Veterans who served in the Persian Gulf on or after August 2, 1990.
- Afghanistan Veterans who served in Afghanistan during hostilities on or after September 11, 2001.
- Veterans of the armed forces of the United States who served in hostilities that occurred after February 28, 1961 as evidenced by receipt of an Armed Forces Expeditionary Medal, Navy Expeditionary Medal or a Marine Corps Expeditionary Medal.

They must satisfy all other eligibility requirements including filing for TAP and Federal Pell Grants. Students must demonstrate good academic standing and meet college guidelines for pursuit of this award program. Awards cannot exceed the cost of tuition. After the initial year eligibility is established, students must re-file a supplement yearly.

Supplements are available on request from New York State Higher Education Services Corporation (HESC) at (888) 697-4372. All applications must be completed by June 30th of the academic year for which an award is sought.

For more information see the HESC Web site at: https://www.hesc.ny.gov/.

**Army Reserve National Guard-Army Continuing Education System (ARNG-ACES)**

The New York State Army Reserve National Guard offers tuition assistance through two programs for full- and part-time students. All current and future members of the New York Army Reserve National Guard (ARNG) are eligible except for members serving on active or full-time duty and those on Active Guard Reserve status. ARNG members who also receive veterans' benefits are not eligible. For full time students, the program is limited to tuition costs,
instructional fees in lieu of tuition and laboratory or shop fees specifically required as a condition of enrollment in a course. Part-time students must be enrolled half-time (7 or fewer credits).

Commissioned officers must agree to remain in the ARNG for four years after the last course for which tuition assistance has been provided is completed. For more information on these programs, contact the Civilian Education Office at (518) 786-4500.

**State Aid to Native Americans**

Enrolled members of a New York State tribe and their children who are attending, or planning to attend, a college in New York State and are New York residents. Awards are made to all eligible applicants. There is no qualifying examination. Awards are available for two-, four- or five-year programs.

Eligible and/or certified American Indian students are eligible to receive grant awards of up to $2,000 per year for up to four years of full-time study (five years for specific programs requiring five years to complete degree requirements).

If funding is available, eligible students may receive aid for summer course work. Any aid a student receives for summer school study is deducted from the student's maximum entitlement for four years of full-time college study.

Prorated amounts are available for students taking fewer than 12 credits. Contact Native American Education Unit, New York State Education Department, Room 374 Education Building, Albany, NY 12234. Call (518) 474-0537 for information. The deadlines are July 15 for the fall semester, December 31 for the spring semester and May 20 for the summer semester.

**Congressional Teacher Scholarship**

Congressional Teacher Scholarships are available to undergraduate students who agree to teach in areas in which there is a critical shortage of teachers. Recipients must agree to teach two years in the U.S. for each annual payment received. The service obligation must be fulfilled within 10 years of completing the undergraduate education program. Recipients who fail to meet these requirements must repay all or part of the award plus accrued interest.

Applicants must be or have placed in the top 10 percent of their high school graduating class and be New York State residents who are or will be enrolled in a specific program during the upcoming academic year. Winners receive up to $5,000 a year for a period of no more than four years of full-time undergraduate study. For more information or for an application, contact the Bureau of Higher and Professional Education Testing, Albany, NY 12230; (518) 474-6394.

**Child of Veteran Award**

Students, whose parent(s) served in the U.S. Armed Forces during specified periods of war or national emergency and, as a result of service, died or suffered a 40% or more disability, is classified as missing in action or was a prisoner of war, may be eligible for this award from New York State. The veteran must currently be a New York State resident or have been a New York State resident at the time of death, if death occurred during or as a result of service.

A recipient of a Child of Veteran Award can receive $450 a year for four years of undergraduate study without consideration of income or tuition costs. However, the combined Child of Veteran Award and TAP award may not exceed the amount of tuition charges. Students must initially establish eligibility by submitting a Child Of Veteran Award Supplement form with the New York State Higher Education Services Corporation (HESC) before applying for payment. For more information see the HESC Web site at: https://www.hesc.ny.gov/.
Memorial Scholarships for Families of Deceased Firefighters, Volunteer Firefighters, Police Officers, Peace Officers and Emergency Medical Service Workers

This award provides financial aid to children, spouses and financial dependents of deceased firefighters, volunteer firefighters, police officers, peace officers and emergency medical service workers who have died in the line of duty in service to the State of New York.

Memorial Scholarships provide funds to help meet the cost of attending college. The award covers up to four years of full-time undergraduate study (or five years in an approved five-year bachelor's degree program).

Students must establish eligibility by submitting a Memorial Scholarship Supplement, which is available from the New York State Higher Education Services Corporation (HESC). Once eligibility has been established, the student must submit an application for payment by May 1 of the academic year for which payment of the scholarship is sought.

To apply for payment, the student must complete the FAFSA and apply for TAP. For more information see the HESC Web site at: https://www.hesc.ny.gov/

Professional Opportunity Scholarships

Professional Opportunity Scholarships (for approved professional programs, e.g., accounting, architecture, engineering, nursing, occupational therapy, ophthalmic dispensing, pharmacy, physical therapy, dental hygiene, landscape architecture, physician's assistant, law, podiatry, optometry, psychology, social work, veterinary medicine, speech/language pathology/audiology) are available to U.S. citizens and permanent New York State residents. Students must be enrolled full-time (matriculated) in an approved program of study in New York State. Students must agree to practice in New York State for one year in their chosen profession for each annual payment received. Students must demonstrate good academic standing and meet college guidelines for pursuit of the program.

Recipients must be chosen in the following order of priority:

1. Economically disadvantaged (prescribed criteria) and a minority group member historically underrepresented in the profession.
2. Minority group member underrepresented in the profession.
3. Candidate who is enrolled in or is a graduate of College Discovery (CD), Search for Education, Elevation and Knowledge (SEEK), Educational Opportunity Program (EOP), Higher Educational Opportunity Programs (HEOP).

Awards range from $1,000 to $5,000 a year for up to four or five years in certain programs. TAP and some other benefits may supplement this award. Contact the college Financial Aid Office or the New York State Education Dept., Bureau of Post secondary Grants Administration, Cultural Education Center, Room 5B68, Albany, NY 12230, (518) 474-5705. Applications must be submitted each year. The deadline each year is May 1 of the award year. (Example: The deadline for 2012-2013 is May 1, 2013.)

Search for Education, Elevation and Knowledge (SEEK)
The SEEK Program provides financial aid and support services (concentrated counseling, remedial instruction, and tutoring) to educationally and economically disadvantaged students attending a senior or technical college. Applicants must be residents of New York State; have received a New York State high school diploma or equivalency; be ineligible for admission under normal standards, but demonstrate potential for completing a college program; and meet family income guidelines as determined by the state.

Students apply for entry to the SEEK program through CUNY Admissions. Students must file a FAFSA and provide the Financial Aid Office with supporting documentation to have their financial eligibility confirmed.

New York State Rule for Liberal Arts and Sciences Courses

The following applies to all students who enter Hunter College either as freshmen or transfer students as of fall 2016: To obtain a Bachelor of Arts degree, students must have a minimum of ninety (90) credits in courses that are classified as Liberal Arts & Sciences courses. For a Bachelor of Science degree, a minimum of sixty (60) credits must be earned in courses that are classified as Liberal Arts & Sciences. Credits taken at Hunter or credits transferred in are subject to this requirement, which is based on a New York State law. While most courses offered at Hunter will be Liberal Arts & Sciences courses, several academic programs offer a number of courses which do not count as Liberal Arts & Sciences. To make sure that your courses follow the New York State guidelines, you must see an adviser if you have many credits or are majoring in any one of the following programs. This is especially important if you transfer courses in these fields to Hunter (their status may depend on the school where you took them):

Art & Art History (Studio Art)
Economics (Accounting)
Community Health
Computer Science
Dance
Education
Film and Media Studies
Medical Laboratory Sciences
Music
Nursing
Theatre

Students who entered Hunter College after 2009 are under the same requirements, but there is the possibility of a waiver; however this is not guaranteed. Please check with an adviser if you have many credits or are majoring or minoring in one of the above areas. Below is a list of courses that are NOT counted as Liberal Arts & Sciences, organized by Department, School, or Program:

Art & Art History:
All ARTCR courses

Community Health:
COMHE 40800 Digital Media and Health
COMHE 41200 Directed Fieldwork Practicum
COMHE 400.xx

Economics (Accounting):
ACC 36700 Analysis of Financial Statements
ACC 37100 Intermediate Accounting I
ACC 37200 Intermediate Accounting II
ACC 37300 Federal Income Taxation
ACC 37400 Managerial Accounting (Cost Accounting)
ACC 38000 Business Law II
ACC 47100 Advanced Accounting I
ACC 47200 Advanced Accounting II
ACC 47300 Business Taxes
ACC 47500 Auditing
ACC 47600 Computer Accounting Systems
ACC 48000 Business Law III
ACC 49000 Accounting & Auditing Research

**School of Education:**

All courses in the School of Education are non Liberal Arts and Sciences, except:
QSTB 20280 Child Growth and Development
QSTB 40380 Social Foundations of Urban Education
QSTB 41380 Psychology of Teaching and Learning
SEDC 21000 Building the Foundations of Literacy in Grades 7-12
SEDF 20300 Social Foundations of Education, Grades 7-12 (W)
SEDF 20400 Adolescent Development
SEDF 20500 Educational Psychology: Applications in Grades 7-12
SEDF 20600 Assessment of the Teaching and Learning Process in Grades 7-12
SPED 30800 Teaching Students with Special Needs in Inclusive Settings

**Film and Media Studies:**

FILMP 25100 Film Production I
FILMP 28600 Location Sound
FILMP 31100 Directing Documentary Video Production
FILMP 31600 Experimental Production
FILMP 34100 Producing the Film
FILMP 35200 Film Production II
FILMP 37100 Screen Directing I
FILMP 37200 Screen Directing II
FILMP 38100 Techniques of Cinematography
FILMP 38200 Narrative Editing
FILMP 38300 Sound Design
FILMP 38400 Film and Video Production
FILMP 39900 Special Topics in Advanced Film Practice
MEDP 29900 Special Topics in Media Production

**Medical Laboratory Sciences:**

MLS 30000 Fundamental Concepts and Techniques in the Medical Laboratory
MLS 34900 Hematology
MLS 35100 Clinical Microbiology I
MLS 35200 Clinical Microbiology II
MLS 35400 Clinical Biochemistry I: Biomolecules & Metabolism
MLS 35500 Clinical Biochemistry II: Genes to Proteins
MLS 36100 Computers and Data Processing in the Medical Laboratory
MLS 41000 Professional Practice Professional Practice
MLS 43000 Immunohematology
MLS 45700 Senior Seminar
MLS 40000 Topics in Biomedical Sciences
Non-English Speaking Applicants

International applicants whose primary language is not English must demonstrate a firm command of the English language by scoring a minimum of 500 or higher (for graduate level students) on the Test of English as a Foreign Language (TOEFL). No provisional admission is offered whereby a student may come to the college and spend a semester or year learning English. Applicants are responsible for the payment of all tuition and fees at the time of registration. Hunter College does not provide financial assistance to international students; they must be in a position to finance tuition, fees, room and board, insurance, books and incidental expenses. The estimated cost is $38,000 per year for undergraduate students and $43,564 and for graduate level students and is subject to change. Hunter College does not make housing arrangements for students; it is essential that students be prepared to make their own housing arrangements upon arrival.

Noncompliance of Immunization Requirements

Please note that students will not be allowed to continue at Hunter if they are not compliant with immunization requirements within 30 days from the first scheduled day of classes.

Nondegree and Second-Degree Students

Acceptance

The School of Education does not accept nondegree or second-degree students.

Nondegree student transfers

Nondegree students who are in attendance at Hunter College as well as those who were previously enrolled, in addition to meeting the above stated criteria, must have had a minimum grade point average of 2.0 in their Hunter coursework.

Transfer admissions decisions and determinations of advanced standing are made by the Hunter College Admissions Office on the basis of work done as a matriculated student at regionally accredited two- and four-year colleges and universities. Only courses in which a student has earned a grade of C or better (D from CUNY colleges) can be accepted for transfer. Transfer credit will not be granted for any remedial, developmental or ESL coursework.

Nondegree Students

Students who are not interested in earning a degree but wish to enroll in college credit bearing courses relating to career advancement, preparation for graduate school or other special interests may be admitted as nondegree students. All students wishing to enroll at Hunter in a nondegree status must obtain an application for nondegree admission from the Hunter College website www.hunter.cuny.edu or the Office of Undergraduate Admissions and Recruitment, Room 100 Hunter North. This application, along with verification of at least a high school diploma or 24 earned college credits, must be submitted to the Office of Undergraduate Admissions and Recruitment. Neither a high school certification nor an IEP diploma is acceptable (see the nondegree application for further information.) A nondegree admission fee of $65
will be charged at the student's first registration. Nondegree students may register for any course for which space is available at the time of registration, provided they have met the prerequisites and have taken and passed applicable placement exams. (Check with the appropriate departments for more information concerning prerequisites and placement exams.) Such students: (1) are permitted to attempt up to 12 credit hours before they are required to take the CUNY Skills Assessment Test(s) and, providing they pass all parts of the test(s), must (2) either matriculate or leave the college when they have attempted 24 credits. Courses in which the student receives a grade of "W" do not count toward the 12- or 24-credit limitations. Students are permitted to take the CUNY Skills Assessment Test(s) at any time before the 12-credit limit. Generally, all parts of the Skills Assessment Test(s) must be taken, with the understanding that failing any part of the test(s) means the student cannot register for any further courses at Hunter College until all parts are successfully completed. (For student options in this case, see below.)

Baccalaureate, master's or doctoral degree holders (from a college or university accredited by a regional U.S. accrediting association) are exempt from testing and the 24-credit limit, provided proof of the degree is submitted along with their application for admission.

For students who have failed any part of the CUNY Skills Assessment Tests and consequently cannot enroll at Hunter in a nondegree or matriculated status, remediation is available at CUNY community colleges. Generally, students must matriculate at these colleges before they can take the appropriate remedial courses. Upon completing the relevant courses, students may apply for readmission to Hunter.

Credits earned at Hunter College as a non-degree student are automatically transferred into a degree program upon matriculation at Hunter. Those credits earned at Hunter will be accepted as residency credits.

Applications for all categories of nondegree students must be filed by April 1st for summer, May 1st for fall, October 1st for winter and November 1st for spring.

**Nondegree Students and CUNY Proficiency Requirements**

Non-degree students may attempt up to 12 credits at Hunter College without demonstrating the CUNY proficiency requirements unless it is required for a particular course. Non-degree students are required to demonstrate CUNY proficiency requirements once 12 credits have been attempted; non-degree students must demonstrate proficiency requirements based on the same criteria set forth for Degree Students. Non-degree students who fail to demonstrate the CUNY proficiency requirements and who take and fail any part of the CUNY Assessment Tests before reaching the 12-credit limit will not be permitted to enroll in additional courses at Hunter College until they have met CUNY proficiency requirements as transfer students.

**Notice of Access to Campus Crime Statistics, the Campus Security Report and Information on Registered Sex Offenders**

return to Section VII: Health & Safety Policies and Procedures

The college Advisory Committee on Campus Safety will provide upon request all campus crime statistics as reported to the U.S. Department of Education, as well as the annual campus security report. The campus security report includes:

1. the campus crime statistics for the most recent calendar year and the two preceding calendar years;
2. campus policies regarding procedures and facilities to report criminal actions or other emergencies on campus;
3. policies concerning the security of and access to campus facilities;
4. policies on campus law enforcement;
5. a description of campus programs to inform students and employees about campus security procedures and practices and to encourage students and employees to be responsible for their own security and the security of others;
6. campus crime prevention programs;
7. policy concerning the monitoring through the police of criminal activity at offcampus locations of students organizations officially recognized by the college;
8. policies on illegal drugs, alcohol and underage drinking;
9. where information provided by the State on registered sex offenders may be obtained (also see below); and
10. policies on campus sexual assault programs aimed at the prevention of sex offenses and procedures to be followed when a sex offense occurs. This information is maintained pursuant to the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

The campus crime statistics and the annual campus security report are available at the Public Safety Office - West Building, B122 and the college Web site at http://publicsafety.hunter.cuny.edu/subpages/annualcrimereport.shtml. If you wish pick up copies of the campus crime statistics and the annual campus security report, you should contact Joseph Foelsch, Jr, Director of Public Safety and Security at (212)772-4521. Copies are available at the Main Campus, West Building, B-122. The U.S. Department of Education's Web site address for campus crime statistics is http://ope.ed.gov/campussafety/#institution/search CUNY Hunter College, New York City, New York, the "Continue").

In accordance with the federal Campus Sex Crimes Prevention Act, registered sex offenders now are required to register the name and address of any college at which he or she is a student or employee. The New York State Division of Criminal Justice maintains a registry of convicted sex offenders and informs the college's chief security (public safety) officer of the presence on campus of a registered sex offender as a student or employee. You may contact the college's chief security officer, Joseph Foelsch, Jr., Director of Public Safety and Security, B122 West, (212) 772-4521 to obtain information about Level 2 or Level 3 registered sex offenders on campus. To obtain information about Level 3 offenders, you may contact the Division's registry Web site at http://criminaljustice.ny.gov/nso/ and then click on "Search for Level 3 Sex Offenders" or access the directory at the college's public safety department or police precinct. To obtain information about Level 2 offenders, you need to contact the public safety department, local police precinct in which the offender resides or attends college, or the Division's sex offender registry at 800-262-3257.

**Nursing: Brief School Description**

The Hunter-Bellevue School of Nursing's mission is to provide quality nursing education to promote health and provide care to culturally diverse, urban, and global communities through research, scholarship, and service. The school's programs combine liberal and professional education with a humanistic and comprehensive approach to health care.

**Nutrition and Food Science Program Description**
The Nutrition and Food Science (NFS) major is a diverse science-based program where students learn about nutrients, foods and their effect on health. It offers a comprehensive study of the fundamental principles of food preparation and safety, nutrition, food service management, and community nutrition education. This program is designed to prepare students to work in a variety of career settings. NFS majors can work with athletes, weight control and fitness programs, special groups like WIC (Women, Infants & Children) in community settings, food service industries like hotels, airlines, universities, food service chains, and industrial cafeterias. Graduates can become food science technical specialists and conduct research, development and quality control of food products for food companies. It is also possible to use foods and nutrition knowledge for jobs in advertising, marketing and in the mass media. Students can become consultants to television programs, or write articles on food for newspapers. Students may take steps after graduation to enter a graduate didactic program in dietetics to become registered dietitians.

This is a competitive, 54-credit major and requires the following prerequisites: completion of 60 credits, including the following prerequisites: two semesters of anatomy and physiology with lab; one semester of general chemistry with lab; one semester of organic chemistry with lab; one semester of microbiology with lab; one semester of statistics; one semester of introductory food science; one semester of introductory nutrition. The prerequisite courses must be completed by the end of the summer session preceding entrance into the major. An overall GPA (combined grade point average from all postsecondary institutions attended) of 2.8 is required for consideration. Because of the competitive nature of the applicant pool and the small size of the incoming class, the admission process may favor applicants with an overall GPA greater than 2.8.

The introductory nutrition course may be completed in the summer session preceding entrance to the program. A grade of C or better must be earned in the science and math prerequisites and a grade of B or better is required in the Nutrition and Food Science prerequisites. Classes are offered mornings and afternoons. NFS accepts students once a year in the fall semester.

Office of AccessABILITY (for Students with Disabilities)

1214 Hunter East; 212-772-4857
www.hunter.cuny.edu/studentservices/access

In compliance with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1975, the Office of AccessABILITY ensures the availability of variety of accommodations and services for students with documented disabilities or medical conditions who are currently registered at Hunter College. Disabilities include (but may not be limited to):

- Medical and psychological conditions, learning disabilities, deafness and hard of hearing, visual impairment, mobility impairment and other conditions that cause you to have mobility difficulties or result in your using a cane or wheelchair.
- Assistance to students with temporary disabilities due to an accident or short-term health conditions is also available. To be eligible for reasonable accommodations, it is necessary for students to provide a written statement with supporting documentation of a disability from a "qualified professional" (physician, psychiatrist, psychologist, or clinical social worker).

Under the auspices of the Office of AccessABILITY, the Access and Technology Center, Room 205 Thomas Hunter Hall, is a resource facility for students with disabilities. The center houses equipment with adaptive software and hardware technologies.

For more information, please call (212) 772-4857/VP (646) 755-3129 or go to our Web site.

The Section 504 Coordinator at Hunter College, Professor Jennifer Samson, is responsible for enforcement of the provisions of Section 504. She may be contacted in 915 Hunter West, (212) 772-4663. There is a 504 Grievance Procedure for students with disabilities at Hunter College. Students may obtain the necessary form, which contains...
instructions for filing, from the Office of Student Services in Room 1119 Hunter East. Students with disabilities at the School of Social Work may contact the director of admissions at (212) 396-7574 for assistance.

Office of the Provost

About the Office of the Provost

The provost is the chief academic office of Hunter College. The deans of all the Hunter schools and the Hunter College Library report to the provost, as do the two associate provosts and the director of the Hunter College Campus Schools.

Several academic programs are also under the provost's jurisdiction. These are programs that include courses and faculty from more than one of the Hunter schools.

Provost Office Administration

Acting Provost Lon Seth Kaufman
Acting Associate Provost for Student Success and Retention Vanya Quinones
Acting Associate Provost for Faculty Affairs and Research Christa Acampora
Administrative Executive Coordinator Sean Kenealy
Senior Administrative Coordinator Margaret Silva
Senior Administrative Coordinator Rhena Montero

Programs under the leadership of the Office of the Provost

- SEEK Program (Search for Education, Elevation and Knowledge)
- Human Rights
- Public Policy

One Stop

One Stop
Room 217 Hunter North Building
(212) 772-4474

One Stop combines the most vital administrative services at Hunter College into one conveniently located office in Room 217 Hunter North Building. The One Stop incorporates the information services of the Registrar, Bursar and Financial Aid Offices. The One Stop is designed to help students navigate the administrative arm of the college by eliminating most of the "traveling" previously done between offices. In addition, The One Stop is conveniently located within the Registrar's office around the corner from the Bursar, Financial Aid and Admissions Offices, one floor up from the Hunter College Welcome Center and one floor down from the Medical Office. Many of the forms and services available in the One Stop are also available on the One Stop web pages at http://www.hunter.cuny.edu/onestop.

Registration
Registration Procedures: Prior to each registration period, the registrar's office develops a Schedule of Classes, available via CUNYFirst. Students are assigned registration dates and times based upon their academic progress. Prior to each registration, an e-mail is sent to students at their "myhunter" email address alerting them that their registration appointment has been established. Students may then view their appointment time online by accessing their CUNYfirst student account at http://home.cunyfirst.cuny.edu.

Each semester, as instructors submit grades, the grades are available for viewing at the student's CUNYfirst account. Students should pay careful attention to their grade and if there are any errors, contact their instructor immediately.

Access to CUNYfirst is available at the CUNY web page at www.cuny.edu or at www.hunter.cuny.edu. Students may register, drop or withdraw, view their transcript, current schedule, current bill, change their non-permanent address or phone number, view open course sections and access their registration appointment times. All course registration is performed at CUNYfirst via each student's CUNYfirst account.

Students wishing to register for courses at another CUNY campus may do so by applying for a CUNYePermit, also available in CUNYfirst. Effective fall 2004, grades for courses taken on permit are posted to students' records and are computed in the GPA.

Opportunities for High School Students

College Now

Students at New York City public high schools may acquaint themselves with undergraduate life by participating in Hunter College Now. Activities range from workshops for sharpening writing or mathematics skills to college-level courses across the arts and sciences. Each summer, Hunter College Now focuses on the sciences and mathematics by hosting high-performing students at the Summer Institute for accelerated coursework that is complemented by tutoring, college guidance and co-curricular activities. Admission to college-level courses offered through College Now is competitive. To qualify for college-level coursework, including the Summer Institute, a student must demonstrate mastery of basic mathematics and/or verbal skills, depending on the discipline, as measured by the SAT, PSAT and English language arts and mathematics Regents exams. College Now offerings, including credit-bearing courses, are provided at no cost. Students interested in College Now can apply via the website at http://www.hunter.cuny.edu/college-now/apply.

College Credit Exams

There are a variety of exams available for high school students to gain college credit before they enroll. Currently, Hunter College accepts the Advanced Placement (AP) exam, the International Baccalaureate (IB) exam, GCE (The General Certificate of Education Advanced Level generally termed the GCE Advanced Level or more commonly the A-level). Hunter students may be granted as much as a year of degree credit (normally 30 credits) for Advanced Placement, International Baccalaureate, GCE, College-Level Examination Program (CLEP), Regent College Examinations (RCE), and College-Level coursework. College-Level Coursework Students who completed college-level coursework offered by an accredited senior or community college while in high school will receive credit for courses in which grades of C or better are earned. Official College transcripts must be submitted to the Office of Undergraduate Admissions and Recruitment at Hunter for credits to be awarded. Students must make sure they don't sign up for the same classes once they matriculate here.

Advanced Placement

Hunter accepts AP credits for scores of 4 or 5 on the AP exams. If students have taken Advanced Placement (AP) examinations sponsored by the Educational Testing Services (ETS), they must ask ETS to forward their official scores
to Hunter. Hunter College code is #2301. If they have also taken an AP exam but have not received their scores they can call 1.888.308.0013. Students need to score at least a 4 on the AP exam to earn credit and/or exemptions from requirements (some exams may require a 5).

**International Baccalaureate Credit**

Students who have received an International Baccalaureate diploma may receive credit for higher level IB exams with scores of 5, 6, or 7. An official transcript and IB Diploma are required for the credit process. Credit will be granted for IB Higher Level Exams when the IB Diploma is submitted.

**GCE**

The GCE traditionally comprised two levels: the Ordinary Level (O Level) and the Advanced Level (A Level). Hunter College awards 3-4 credit for A-Level subject results of A-E.

**CLEP**

Hunter College participates in the College Level Examination Program (CLEP), under which registered Hunter matriculated students can receive college credit by taking CLEP Subject Examinations. Only the subject Examinations listed in our CLEP Examinations handbook are honored. Please see the handbook for the Hunter's minimum qualifying score for each exam. Hunter College does NOT accept CLEP GENERAL EXAMINATIONS. No student can earn more than 30 credits for CLEP plus AP, IB credit.

**Overview**

Over 16,000 undergraduate students attend Hunter College. These students vary widely in age, interests, background and educational goals. The Undergraduate Office of Admissions at Hunter College encourages all prospective students to meet with an admissions counselor to discuss their educational goals and opportunities at Hunter. Prospective students are also invited to visit the campus. Campus tours originate from the College Welcome Center, room 100 Hunter North.

**How to Apply**

To apply to Hunter College, students must complete the CUNY undergraduate application, which is available online at www.cuny.edu/apply.

Freshmen and transfer students are encouraged to apply by February 1 for the fall semester and September 15 for the spring semester. Students should complete the online application and submit the application processing fee and all supporting documentation as early as possible to guarantee full consideration for admission and scholarship aid. To apply as a part-time student contact the Hunter College Welcome Center for an appropriate application.

Application Fees

- $65 freshman
- $70 transfer

**Parliamo Italiano**
Hunter College has developed a relationship with Parliamo Italiano, an Italian language school. For more than 30 years, Parliamo Italiano has offered Italian Language courses using a proven method developed by the founding director, Francis Lally. Parliamo Italiano offers courses for all levels—days, evenings, and Saturdays. For more information about the classes offered, call (212) 774-4793 or visit the web site at http://www.parliamo.com

Philosophy

Return to the Faculty of the School of Arts and Sciences

Christa Acampora, Professor, Philosophy; BA Hollins, MA, PhD Emory

Linda Martin Alcoff, Professor, Philosophy; BA, MA Georgia State University, PhD Brown University

Ian Blecher, Doctoral Lecturer; BA Yale, MA, PhD Pittsburgh

Omar H. Dahbour, Professor, Philosophy; BA Trinity, MA Boston, MA Columbia, PhD Chicago, PhD CUNY

Physical Sciences Learning Center

B122 Main Library HE
(212) 396-6458
(212) 650-3707
(212) 650-3986

The Physical Sciences Learning Center provides individual tutoring, on a walk-in basis, for students enrolled in physics, chemistry and organic chemistry courses. Workshops and group tutoring sessions are also offered for selected topics. State-of-the-art computers with Internet service and appropriate programs are readily accessible. A library containing a variety of physical science textbooks and problem solutions is available. The Learning Center encourages students to learn and work with their peers.
The Physical Sciences Learning Center is open Mondays through Fridays during the day and evening. At the beginning of each semester, the specific hours and tutoring schedules are posted.

**Physics and Astronomy**

Return to the Faculty of the School of Arts and Sciences

**Janos Bergou**, Professor, Physics; MS, PhD Lorand Eotvos (Hungary)

**Ying-Chih Chen**, Professor; BA National Taiwan, PhD Columbia

**Leon Cohen**, Professor; BS City College, MS, PhD Yale

**Kelle Cruz**, Assistant Professor; BA, PhD Penn

**Steven G. Greenbaum**, Professor; BA Clark, ScM, PhD Brown

**Godfrey Gumbs**, Maria A. Chianta and Alice M. Stoll Distinguished Professor and Chair, Physics and Astronomy; BA Cambridge (UK), MS, PhD Toronto (Canada)

**Mark Hillery**, Professor; BS MIT, MS, PhD California (Berkeley)

**Hyungsik Lim**, Assistant Professor; BEng Seoul National University, MS Ohio State, PhD Cornell

**Neepa Maitra**, Associate Professor; MA, PhD Harvard

**Yuhang Ren**, Professor; BA Zhejiang Normal University (China), PhD Zhejiang University, PhD William and Mary

**Marilyn W. Rothschild**, Director, Physical Sciences Learning Center; BS City College, MS, PhD Rutgers

**Yonatan Abranyos**, Research Associate; PhD, CUNY Hunter College

**Phillip Stallworth**, Research Associate; PhD, Brown

Return to the Physics and Astronomy Department

**Policies and Procedures Concerning Sexual Assault, Stalking, Domestic and Intimate Partner Violence**

**Policy on Remediation**

Beginning January 2000, students enrolling at Hunter College must prove their proficiency in reading, writing and mathematics through SAT scores, Regents scores or assessment tests prior to registration. Remedial courses are no longer offered by the college. ESL and non-proficient SEEK students are exempt from this policy, but must adhere to the following guidelines (see Section II: Admissions for information about ESL and SEEK designations): SEEK students must enroll in the appropriate basic skills workshop(s) prior to enrolling in their first semester at Hunter. SEEK students who do not gain proficiency in the pre-first semester workshops must take additional basic skills
workshops during the semester. SEEK students must demonstrate proficiency within one year of enrollment at Hunter. SEEK students needing basic skills coursework must consult with the director of the SEEK Program for course access and availability. ESL students are placed in an appropriate developmental reading and/or writing course during their first semester and may continue taking developmental courses in their second semester, if needed. ESL students must demonstrate proficiency by the end of their fourth consecutive semester at Hunter. ESL students should see the ESL adviser in the English Department, Room 1212 Hunter West, for details about basic skills proficiency requirements.

Political Science

Return to the Faculty of the School of Arts and Sciences

Andrew Polsky, Professor and Dean, Arts & Sciences, Political Science; BA Wesleyan, MA, PhD Princeton

Sanford Schram, Professor, Political Science; BA St. Lawrence University, MA, PhD SUNY Albany

Zachary Shirkey, Associate Professor, BA University of Michigan (Ann Arbor), PhD Columbia

Return to the Political Science Department

Political Science Department Description

Return to Political Science
Political science deals with the political, social, economic, and cultural arrangements through which people govern their lives. It attempts to interpret the past, explain the present, and often dares to draw images of the future. As a discipline, political science bridges several fields: the evolution of political thought and debates about contested political ideas today; comparing different types of political systems and how they meet familiar political challenges; the use of power and influence by states and other actors to achieve their goals cooperatively or competitively with important consequences for the security, prosperity and well-being of societies around the world; and the relationship, past and present, between the American people and their governing institutions.

Students will find courses on:

a) the ideas of great thinkers from Plato to the present;
b) forms of popular political participation and engagement;
c) the causes of war and peace;
d) democratic and authoritarian political systems;
e) international political economy;
f) women and politics;
g) American institutions ranging from the presidency to the courts;
h) International and U.S. constitutional law;
i) important areas of public policy such as immigration;
j) and the political systems of countries in Latin America, Europe, Asia, Africa, and the Middle East.

Political science explores large and vital questions about democracy, justice, peace, participation, power, leadership, security, development, human rights, and more.

A large number of political science majors choose some branch of public service upon completing their bachelor's degrees, often building upon internship experiences they have had as Hunter students. Graduates have pursued careers in government within the United States and some go into teaching. Others enter business. Some work in journalism. Still others enter politics or go on to law school or graduate training.

Political science, therefore, prepares students for a variety of career opportunities as well as for a lifetime of active citizenship.

Pre-Health Professions

Students preparing for a career in medicine or other health professions (osteopathy, dentistry, optometry, podiatry, physical therapy, physician assistant programs and veterinary medicine) may major or minor in any area (Biology, English, Urban Affairs, etc). Pre-Health is not a program and there is no special application for undergraduate students at Hunter College who are interested in following a pre-medical curriculum. Students can register with the Pre-Health Advising Office at Hunter College by going to http://www.hunter.cuny.edu/prehealth/pre-health-file. It is important that students maintain a close relationship with the premedical advising office from the time they become interested in such a career. Admission to professional schools is highly competitive so exceptional academic preparation is key, as is strong experience in leadership, research and community service. There are several premedical clubs on campus and students are encouraged to join one as soon as they enter Hunter. In addition to our undergraduate program, the college offers a Health Careers Preparation certificate for students who already have a bachelor's degree (in any field) and wish to prepare for admission to a health professions school on a full-time or part-time basis. Post-Baccalaureate students who have little or no science background are welcome as well as those who need to enhance their credentials.

The Pre-Health Professions Advising offices are located on the 12th floor of the East building. All Students are encouraged to review the invaluable information on the pre-health website at http://www.hunter.cuny.edu/prehealth and
to join the pre-health listserv. Students can make an appointment with an adviser on the pre-health website http://www.hunter.cuny.edu/prehealth/advisement. For questions you can e-mail prehealth@hunter.cuny.edu.

Students can make an appointment with an adviser on the pre-health website http://www.hunter.cuny.edu/prehealth/advisement. For questions you can e-mail prehealth@hunter.cuny.edu.

- **Prelaw** There are no specific courses or a specific major required for entry to law school. Students applying to law school come from a variety of majors including those in the humanities, sciences, and social sciences. Legal educators agree that a broad and rigorous liberal arts education is the best preparation for admission to and success in law school. Students planning to attend law school should take courses that develop writing skills and the ability to think critically and creatively; they should discuss with the Pre-Law Advisor and with academic advisers which courses will best advance their educational and career goals. There is a 15-credit, interdisciplinary Legal Studies minor, housed in the Political Science Department, which, although not required, might be of interest to students who wish to explore legal themes in the context of their undergraduate work. There are some areas of legal practice for which a specific undergraduate major or coursework in a particular area is required or helpful. In order to be admitted to the Patent Bar, for example, an undergraduate degree or other training in science, computer science or engineering is required. More information regarding course selection is available at Hunter's Pre-Law Website: http://www.hunter.cuny.edu/prelaw/preparing-for-law-school/course-selection. Students interested in law are encouraged to meet with the Pre-Law Adviser as early as possible to learn about opportunities to explore legal careers and to discuss preparation for applying to law school. To schedule an appointment with the Pre-Law Advisory Office, please phone (212) 772-4882. For quick questions, contact Hunter's Pre-Law Adviser, Elise Jaffe, at prelaw@hunter.cuny.edu. To keep up with Pre-Law events and opportunities on campus, students are also encouraged to subscribe to the Pre-Law Listserv by following the instructions that appear on the homepage of the Pre-Law Website.

- **Preparation for Social Work** A major in one of the social or behavioral sciences is preferred for students planning to enter the field of social work. Specific entrance requirements vary for the different graduate schools of social work. Most schools recommend a minimum of 24 credits in the social sciences. A major in sociology or psychology is desirable for those interested in casework or group work; a major in sociology, political science, economics or urban affairs is desirable for those interested in community organization. In addition, field placement courses that provide internships in social work agencies are highly recommended. Students planning to go to a graduate school of social work are encouraged to speak with an adviser in the Office of Advising Services.

There is a 15-credit, interdisciplinary Legal Studies minor, housed in the Political Science Department, which, although not required, might be of interest to students who wish to explore legal themes in the context of their undergraduate work. There are some areas of legal practice for which a specific undergraduate major or coursework in a particular area is required or helpful. In order to be admitted to the Patent Bar, for example, an undergraduate degree or other training in science, computer science or engineering is required. More information regarding course selection is available at Hunter's Pre-Law Website: http://www.hunter.cuny.edu/prelaw/undergraduate-planning/course-selection. Students interested in law are encouraged to meet with the Pre-Law Adviser as early as possible to learn about opportunities to explore legal careers and to discuss preparation for applying to law school. To schedule an appointment with the Pre-Law Advisory Office, please phone (212) 772-4882. For quick questions, contact Hunter's Pre-Law Adviser, Elise Jaffe, at prelaw@hunter.cuny.edu. To keep up with Pre-Law events and opportunities on campus, students are also encouraged to subscribe to the Pre-Law Listserv by following the instructions that appear on the homepage of the Pre-Law Website.

Preparation for Social Work

An undergraduate BSW degree is now available at Hunter. It is an upper division program. Students apply for admission once they have completed between 50 and 80 of their undergraduate credits in liberal arts. Information about the BSW program can be accessed at http://sssw.hunter.cuny.edu/programs/bsw/.

If you are considering an MSW program after earning a BA, a major in one of the social or behavioral sciences is preferred. Specific entrance requirements vary for the different graduate schools of social work. Most schools recommend a minimum of 24 credits in social sciences. A major in sociology or psychology is desirable for those interested in specializing in work with individuals, families and groups; a major in sociology, political science, economics, or urban affairs is desirable for those interested in community organization. In addition, field internship courses that provide experience in social work agencies are highly recommended.

Students planning to go to a graduate school for social work, are encouraged to speak with an adviser in the Office of Advising.

Procedures for Reporting Incidents of Sexual Assault and Other Forms of Violence

Professional and Pre-Professional Majors: BS, BFA, BSW and BMus Degrees

These programs, each requiring approximately 60 credits in the area of specialization, lead to the BS, BFA, BSW or BMus degree.

The following programs are available. For details and names of advisers, see Section IX: Programs of Study.
Accounting BS (Economics Department) Studio Art BFA
Community Health BS Music BMus
Medical Laboratory Sciences BS Nursing BS
Social Work BSW Nutrition and Food Science BS

*As of summer 2009 BS majors may declare up to two BA minors. See the minor department.

Program and Courses in Chemistry

Chemistry

About the Department

The Department of Chemistry offers courses to prepare the science major for professional work and further study in chemistry and other fields of pure and applied science. Courses for the non-science major are designed to present those essentials of chemical fact and theory which will contribute to the student's understanding of present-day scientific knowledge.

Undergraduate Major

Chemistry - BA

Major

There are two chemistry majors: Major I, a 43-credit concentration in addition to an 11-credit general chemistry core, is designed to prepare the students with intensive training for professional research and graduate study. Major II consists of three options: Option 1 for students interested in the chemical industry; Option 2 (the biochemistry option) for students interested in the pharmaceutical industry, medicine, dentistry, veterinary medicine or physical therapy; Option 3 (bioinformatics option) for students interested in graduate studies in biochemistry and bioinformatics as well as pharmaceutical and biotechnology industry. Major II includes a minimum concentration of 28 credits (option 1), 26 credits (option 2), and 20.5 credits (option 3) in 200-level and above chemistry courses, in addition to an 11-credit general chemistry core. Options 1-3 are all appropriate for students pursuing teacher education programs.

Students considering a chemistry major should consult the departmental adviser during their first semester to plan the proper sequence of courses, and they are urged to consult with the adviser at least once each succeeding semester. A year of General Chemistry and the accompanying General Chemistry Laboratory are prerequisites for admission to both Major I and Major II.

- Chemistry Major I
- Chemistry Major II

Minor in Chemistry

A minor in Chemistry consists of a pre-requisite year of General Chemistry with laboratory (CHEM 10200 (STEM) through CHEM 10600 (STEM) or equivalent, 9 credits), and a minimum of 14 credits of coursework. Note that MATH 12500 is a co-requisite to General Chemistry. The minimum of 14 credits include the following required courses below. In addition, students will be required to take at least 5.5 credits of electives selected from Chemistry offerings numbered 200 or above, excluding CHEM 29101.

Prerequisite year of General Chemistry (note that MATH 12500 (STEM) is a prerequisite to General Chemistry)

CHEM 10200 (STEM) - General Chemistry I
In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

Prereq or coreq: MATH 12500, 15000 or equiv.
5 hrs (4 lec, 1 rec)
4 cr.

**CHEM 10400 (STEM) - General Chemistry II**

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

Prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec)
4 cr.

**CHEM 10300 (STEM) - General Chemistry Laboratory I**

Study of experiments designed to illustrate fundamental laws and techniques of chemistry.

Core credit awarded only if CHEM 10200 (STEM) and CHEM 10300 (STEM) are completed. Primarily for pre-med, medical laboratory sciences and science majors.

Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

Prereq or coreq: CHEM 10200
4 hrs (3 lab, 1 rec)
1.5 cr.

**CHEM 10500 (STEM) - General Chemistry Laboratory II**
Laboratory experiments illustrating and applying theory of solutions to qualitative analysis.
Offered for transfer students who have completed only one semester of General Chemistry Laboratory.

**prereq:** One semester of General Chemistry Laboratory.
**prereq or coreq:** CHEM 10400

3 hrs
1.5 cr.

or

**CHEM 10600 (STEM) - General Chemistry Laboratory**

**Hunter Core**  
Life and Physical Sciences (LPS); Scientific World (SW)  
**Pluralism and Diversity**  
GER 2/E  
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.  
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.

**prereq:** CHEM 10200  
**coreq:** CHEM 10400

6 hrs
3 cr.

and a minimum of 14 credits of coursework which include the following required courses:

**CHEM 22200 - Organic Chemistry Lecture I**

**GER**  
GER 3/B  
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

**Note:** No student may receive credit for both CHEM 12000-12100 and 22200-22300.

**prereq:** CHEM 10400 with a grade of C or better  
5-6 hrs (4 lec, 1-2 recitation/workshop)  
4 cr.

**CHEM 22300 - Organic Chemistry Laboratory I**

**GER**  
3/B  
Various organic syntheses, Distillation, extraction, chromatography, qualitative analysis, spectroscopy.

**Note:** No student may receive credit for both CHEM 12000-12100 and 22200-22300.

**prereq:** CHEM 10500 or CHEM 10600
CHEM 22400 - Organic Chemistry Lecture II

GER
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 22200 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

In addition, students will be required to take at least 5.5 credits of electives selected from Chemistry offerings numbered 200 or above, excluding

CHEM 29101 - Chemical Investigations

Pluralism and Diversity
GER 3/B

Original chemical investigations under supervision of faculty member. Written report required. Enrollment for maximum of two semesters.

prereq: CHEM 22400, perm chair
4 hrs
1 cr.

Honors Work

Opportunity for an individual research experience is provided by an honors course

CHEM 49101 - Introduction to Research

Pluralism and Diversity
GER 3/B

Open to Jr/Sr only. Similar to CHEM 29101. Written report required. Fulfills requirement for departmental honors course.

prereq: CHEM 22400, 35400, 34900, perm chair
4 hrs
1 cr.

CHEM 49102 - Introduction to Research

Pluralism and Diversity
GER 3/B

Open to Jr/Sr only. Similar to CHEM 29102. Written report required. Fulfills requirement for departmental honors course.
prereq: CHEM 22400, 35400, 34900, perm chair
8 hrs
2 cr.

Electives

Advanced lecture courses in special areas of chemistry, and lab courses providing training in inorganic and organic chemistry and in research techniques, are offered as electives for Major I and are open to students enrolled in Major II who have fulfilled the course prerequisites.

Graduate Study

Qualified chemistry majors may be admitted to 700-level courses in the graduate program. Permission of the department is required.

Preparation for Teaching

In cooperation with the School of Education, the Department of Chemistry provides opportunities for students to prepare for careers in teaching at the elementary and secondary level in the area of chemistry. Chemistry Major II, Option I (37 credits) and Option 2 (35 credits) both satisfy the requirements for New York State certification for teachers of chemistry in Childhood Education (Grades 1-6) and Adolescent Education (Grades 7-12). See Childhood Education (QUEST) Grades 1-6 - BA and Adolescent Chemistry, Grades 7-12 - BA. For students pursuing certification as chemistry teachers at the secondary level, the 26-credit adolescent education sequence is appropriate. Students who want to qualify for New York City licensing and New York State certification for teaching in secondary schools should consult the The School of Education section of this catalog for additional requirements.

Chemistry Major I

Return to Program and Courses in Chemistry

Foundational Courses

Foundational Courses include courses in chemistry and prerequisites to these courses. These courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

Note: Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

In the case of the Chemistry Major I, the courses that meet CCC are:

<table>
<thead>
<tr>
<th>Courses</th>
<th>CUNY Common Core</th>
<th>Foundational or Major</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 12500</td>
<td>Math &amp; Quantitative Reasoning</td>
<td>Foundational</td>
</tr>
</tbody>
</table>
The major consists of a minimum of 43 credits

The requirements for this major consist of a minimum of 43 credits in chemistry. This major is recommended for students preparing for admission to graduate school or for careers in chemical research. It will also be useful to students seeking a position in the chemical or allied industries, as it is accredited by the Committee on Professional Training of the American Chemical Society.

**CHEM 22200 - Organic Chemistry Lecture I**

**GER**  
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

*prereq: CHEM 10400 with a grade of C or better*  
5-6 hrs (4 lec, 1-2 recitation/workshop)  
4 cr.

**CHEM 22300 - Organic Chemistry Laboratory I**

**GER**  
3/B

Various organic syntheses, Distillation, extraction, chromatography, qualitative analysis, spectroscopy.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

*prereq: CHEM 10500 or CHEM 10600*  
*prereq or coreq: CHEM 22200*  
4 hrs  
2.5 cr.

**CHEM 22400 - Organic Chemistry Lecture II**
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 22200 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

**CHEM 22500 - Organic Chemistry Laboratory II**

Continuation of CHEM 22300.

prereq: CHEM 22300
prereq or coreq: CHEM 22400
4 hrs
2.5 cr

**CHEM 24900 - Quantitative Analysis**

A set of laboratory experiments, performed by individual students, covering important areas of quantitative analysis such as pH and metal ion titrations, spectroscopic analysis including gas chromatography, electronic absorption, and fluorescence.

prereq: CHEM 10400 with grade of C or better, 10500
5 hrs (4 lab, 1 rec)
3 cr.

**CHEM 34900 - Instrumental Analysis**

Pluralism and Diversity

Principles of modern instrumental techniques; emphasis on spectroscopic and electrometric methods.

prereq: CHEM 35400 or 35600 with grade of C or better with 35500
8 hrs (2 lec, 6 lab)
5 cr

**CHEM 35200 - Physical Chemistry I**

Ideal and real gases. Laws of thermodynamics with applications to properties of solutions and phase equilibria in general.
CHEM 24900, MATH 15500, PHYS 12100 all with grade of C or better
3 hrs
3 cr.
offered fall

CHEM 35400 - Physical Chemistry II - F

Pluralism and Diversity
GER 3/B
Selected topics from statistical thermodynamics, electrochemistry, kinetic theory and rate processes.

prereq: CHEM 35200, MATH 25000
3 hrs
3 cr.
offered fall

-or-

CHEM 35600 - Physical Chemistry II - S

GER
GER 3/B
Selected topics from quantum chemistry, molecular structure, and spectroscopy.

prereq: PHYS 12100, CHEM 24900, MATH 15500 all with grade of C or better
3 hrs
3 cr.
offered spring

-with-

CHEM 35500 - Physical Chemistry Laboratory I

GER
3/B
Laboratory course involving experiments based on topics covered in CHEM 35200 on chemical systems.

prereq: CHEM 24900
prereq or coreq: CHEM 35200
3 hrs
1.5 cr.
offered fall

CHEM 35700 - Physical Chemistry Laboratory II

Pluralism and Diversity
GER 3/B
Laboratory course involving experiments based on topics covered in CHEM 35600 on chemical systems.

prereq: CHEM 24900 or perm chair
prereq or coreq: CHEM 35600
3 hrs
1.5 cr.
offered spring

CHEM 36600 - Inorganic Chemistry

GER
GER 3/B

Treatment of structure, bonding and reactivity of inorganic compounds.

prereq: CHEM 35200 with grade of C or better
3 hrs
3 cr.

CHEM 37600 - Biochemistry I

GER
3/B

Chemical aspects of protein structure and function, fundamentals of bioenergetics, biochemical mechanisms of gene replication and expression.

prereq: CHEM 22400 with grade of C or better
4 hrs (3 lec, 1 rec)
3 cr.

CHEM 39000 - Current Laboratory Methods in Chemistry

Pluralism and Diversity
GER 3/B

Offered subject to adequate student interest and enrollment. Taught by specialists from department faculty. The specific topic will be listed in the schedule of classes for a given semester.

prereq or coreq: CHEM 35700 or perm instr.
4 hrs
2 cr.

One further laboratory course must be chosen from (research), (honors research) or the following

CHEM 29102 - Chemical Investigations

Pluralism and Diversity
GER 3/B

Original chemical investigations under supervision of faculty member. Written report required. Enrollment for maximum of two semesters.
prereq: CHEM 22400, perm chair
8 hrs
2 cr.

-or-

CHEM 49102 - Introduction to Research

Pluralism and Diversity
GER 3/B
Open to Jr/Sr only. Similar to CHEM 29102. Written report required. Fulfills requirement for departmental honors course.

prereq: CHEM 22400, 35400, 34900, perm chair
8 hrs
2 cr.

-or-

CHEM 37800 - Biochemistry Laboratory

GER
3/B
A set of laboratory experiments, performed by individual students, covering important areas of biochemistry such as protein analysis, enzyme purification, enzymatic assays, recombinant DNA and the polymerase chain reaction.

prereq: CHEM 22300 and CHEM 37600 or CHEM 64000
5 hrs (4 lab, 1 rec)
3 cr.

In addition, one additional lecture course must be chosen from among the following:

CHEM 32200 - Organic Chemistry Lecture III

GER
3/B
Selected topics such as advanced synthesis, reaction mechanisms, MO theory, natural products, NMR spectroscopy.

prereq: CHEM 22400 with grade of C or better, perm instr.
3 hrs
3 cr.

CHEM 35400 - Physical Chemistry II - F

Pluralism and Diversity
GER 3/B
Selected topics from statistical thermodynamics, electrochemistry, kinetic theory and rate processes.
CHEM 35600 - Physical Chemistry II - S

GER
GER 3/B

Selected topics from quantum chemistry, molecular structure, and spectroscopy.

prereq: PHYS 12100, CHEM 24900, MATH 15500 all with grade of C or better
3 hrs
3 cr.
offered spring

CHEM 37700 - Biochemistry II

GER
3/B

Biosynthesis of lipids, amino acids, carbohydrates. Muscle contraction, hormones, immune response, DNA sequencing.

prereq: CHEM 37600 with grade of C or better or BIOL 30000 or perm instr.
3 hrs
3 cr.

Also acceptable for completion of Major I are

PHYS 33000 - Atomic and Nuclear Physics

Examines experimental evidence and develops modern view of structure of atom and nucleus.

prereq: PHYS 12000 or 12100
prereq or coreq: MATH 25000
4 hrs
4 cr.

- or -

PHILO 36200 - Theory of Knowledge (W)

GER
3/A

Study of origin, structure, methods and foundations of human knowledge.

prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

- or -
PHILO 37900 - Philosophy of Science (W)

GER
3/B

Study of foundations of knowledge in natural and social sciences.
prereq: Two courses in philosophy, at least one of which is at the 200 level.
3 hrs
3 cr.

Additional Information

Students should be aware, however, that if either of the philosophy courses is used to complete the Major I requirements, the major will not be eligible for accreditation by the American Chemical Society.

One year of physics, and four semesters of mathematics, are also required for this major

PHYS 11100 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound

Hunter Core
Scientific World (SW) Life and Physical Sciences (LPS)
GER
2/E

For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
prereq or coreq: coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.

PHYS 12100 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

Second semester of PHYS 11100 (STEM), a two-semester introductory physics course using calculus.
prereq: PHYS 11000 or 11100
prereq or coreq: (with perm dept.): MATH 15500
8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
LIMITS, CONTINUITY, DIFFERENTIATION AND INTEGRATION OF ELEMENTARY FUNCTIONS AND TRIGONOMETRIC FUNCTIONS, APPLICATIONS. 

prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.

4 hrs
4 cr.

MATH 15500 (STEM) - Calculus with Analytic Geometry II

HUNTER CORE
Math/Quantitative Reasoning

GER 1/B

DIFFERENTIATION AND INTEGRATION OF TRANSCENDENTAL FUNCTIONS, INTEGRATION TECHNIQUES, INFINITE SEQUENCES AND SERIES, IMPROPER INTEGRALS, POLAR COORDINATES.

prereq: grade of C or better in MATH 15000

4 hrs
4 cr.

MATH 25000 - Calculus with Analytic Geometry III

GER 3/B

VECTOR GEOMETRY, DOT AND CROSS PRODUCTS, PARTIAL DERIVATIVES, MATRICES, DETERMINANTS, JACOBIANS, MULTIPLE INTEGRATION.

prereq: MATH 15500

4 hrs
4 cr.

MATH 25400 - Ordinary Differential Equations

GER 3/B

FIRST-ORDER EQUATIONS, SECOND-ORDER LINEAR EQUATIONS AND LINEAR SYSTEMS, POWER SERIES SOLUTIONS, TRANSFORM AND NUMERICAL METHODS, INTRODUCTION TO QUALITATIVE THEORY.

prereq: MATH 25000

3 hrs
3 cr.

-MATH 26000 - Linear Algebra

GER 3/B

VECTOR SPACES, LINEAR TRANSFORMATIONS, CANONICAL FORMS, INNER PRODUCT SPACES, BILINEAR FORMS, APPLICATIONS.

prereq or coreq: MATH 25000
Additional Information

CHEM 24900, MATH 15000 (STEM) and MATH 15500 (STEM), and PHYS 12100 (STEM) are prerequisites for CHEM 35200 and should be completed by the end of the sophomore year.

Major I is required of all students who wish to be considered for certification by the American Chemical Society upon graduation. It is recommended for all students intending to enter the profession of chemistry through either graduate study or employment in industry or government. Students who can attend only in the evenings should consult the department adviser regarding the feasibility of completing Chemistry Major I.

Chemistry Major II

Return to Programs and Courses in Chemistry

Foundational Courses

Foundational Courses include courses in chemistry and prerequisites to these courses. These courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

General Chemistry Core:

One year of General Chemistry Lecture and Laboratory

CHEM 10200 (STEM) - General Chemistry I
Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

prereq or coreq: MATH 12500, 15000 or equiv.
5 hrs (4 lec, 1 rec)
4 cr.

CHEM 10400 (STEM) - General Chemistry II

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.
prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec)
4 cr.

CHEM 10600 (STEM) - General Chemistry Laboratory

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
GER 2/E

Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs
3 cr.

or its equivalent

-or-

CHEM 11100 (STEM) - Chemical Principles

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
GER 2/E
In-depth introduction to chemical principles including measurement, stoichiometric calculations, inorganic nomenclature, gas laws, equilibrium, acids, bases and buffers. Emphasis is placed on problem-solving, oral presentations, and collaborative work. Laboratory and coursework emphasize analysis and evaluation of data.

Primarily for pre-med, medical laboratory sciences and science majors.

*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

**CHEM 11200 (STEM) - Thermodynamics and Solution Chemistry**

**Hunter Core**

Life and Physical Sciences (LPS) Scientific World (SW)

**GER**

2/E

The study of quantum theory, atomic structure, periodic properties of the elements, kinetics, electrochemistry, and thermodynamics.

Primarily for pre-med, medical laboratory sciences and science majors.

*prereq: CHEM 11100*

9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop)

5.5

offered spring

**Option 1:**

For students interested in a career in the chemical industry. It consists of a minimum of 28 credits in chemistry above the introductory level and an 11-credit general chemistry core for a minimum total of 39 credits of chemistry. One year of physics and three semesters of calculus are also required.

**Required chemistry courses:**

**CHEM 22200 - Organic Chemistry Lecture I**

**GER**

GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

*prereq: CHEM 10400 with a grade of C or better*

5-6 hrs (4 lec, 1-2 recitation/workshop)

4 cr.
CHEM 22300 - Organic Chemistry Laboratory I

GER
3/B

Various organic syntheses, Distillation, extraction, chromatography, qualitative analysis, spectroscopy.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10500 or CHEM 10600
prereq or coreq: CHEM 22200
4 hrs
2.5 cr.

CHEM 22400 - Organic Chemistry Lecture II

GER
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 22200 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

CHEM 22500 - Organic Chemistry Laboratory II

GER
3/B

Continuation of CHEM 22300.

prereq: CHEM 22300
prereq or coreq: CHEM 22400
4 hrs
2.5 cr.

CHEM 24900 - Quantitative Analysis

GER
GER 3/B

A set of laboratory experiments, performed by individual students, covering important areas of quantitative analysis such as pH and metal ion titrations, spectroscopic analysis including gas chromatography, electronic absorption, and fluorescence.

prereq: CHEM 10400 with grade of C or better, 10500
5 hrs (4 lab, 1 rec)
3 cr.
CHEM 35200 - Physical Chemistry I

GER
3/B

Ideal and real gases. Laws of thermodynamics with applications to properties of solutions and phase equilibria in general.

*prereq: CHEM 24900, MATH 15500, PHYS 12100 all with grade of C or better
*3 hrs
*3 cr.
*offered fall

CHEM 35400 - Physical Chemistry II - F

Pluralism and Diversity
GER 3/B
Selected topics from statistical thermodynamics, electrochemistry, kinetic theory and rate processes.

*prereq: CHEM 35200, MATH 25000
*3 hrs
*3 cr.
*offered fall

-or-

CHEM 35600 - Physical Chemistry II - S

GER
GER 3/B

Selected topics from quantum chemistry, molecular structure, and spectroscopy.

*prereq: PHYS 12100, CHEM 24900, MATH 15500 all with grade of C or better
*3 hrs
*3 cr.
*offered spring

CHEM 35500 - Physical Chemistry Laboratory I

GER
3/B

Laboratory course involving experiments based on topics covered in CHEM 35200 on chemical systems.

*prereq: CHEM 24900
*prereq or coreq: CHEM 35200
*3 hrs
*1.5 cr.
*offered fall

CHEM 357000 - Physical Chemistry Laboratory II
Pluralism and Diversity
GER 3/B
Laboratory course involving experiments based on topics covered in CHEM 35600 on chemical systems.

prereq: CHEM 24900 or perm chair

prereq or coreq: CHEM 35600
3 hrs
1.5 cr.
offered spring

Required elective course:

- Any chemistry course at the 300 level or above excluding CHEM 49101.

Required allied courses:

**MATH 15000 (STEM) - Calculus with Analytic Geometry I**

**Hunter Core**
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs
4 cr.

**MATH 15500 (STEM) - Calculus with Analytic Geometry II**

**Hunter Core**
Math/Quantitative Reasoning
GER
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs
4 cr.

**MATH 25000 - Calculus with Analytic Geometry III**

GER
3/B

Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.
prereq: MATH 15500
4 hrs
4 cr.
PHYS 11100 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound

**Hunter Core**
Scientific World (SW) Life and Physical Sciences (LPS)
GER
2/E

For physics and other science majors. First semester of a two-semester introductory physics course using calculus.

*prereq or coreq: coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.*

PHYS 11100 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

Second semester of PHYS 11100 (STEM), a two-semester introductory physics course using calculus.

*prereq: PHYS 11000 or 11100
prereq or coreq: (with perm dept.): MATH 15500
8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.*

Option 2 (Biochemistry option):

For students preparing for admission to medical, dental, veterinary schools or physical therapy programs, or for students interested in a career in the pharmaceutical industry. It consists of a minimum of 26 credits above the introductory level and an 11-credit general chemistry core for a minimum total of 37 credits of chemistry. One year of physics, one year of biology and one year of calculus are also required.

**Required chemistry courses:**

**CHEM 22200 - Organic Chemistry Lecture I**

**GER**
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

*prereq: CHEM 10400 with a grade of C or better
5- 6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.*
CHEM 22300 - Organic Chemistry Laboratory I

GER
3/B

Various organic syntheses, Distillation, extraction, chromatography, qualitative analysis, spectroscopy.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10500 or CHEM 10600
prereq or coreq: CHEM 22200
4 hrs
2.5 cr.

CHEM 22400 - Organic Chemistry Lecture II

GER
 GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 22200 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

CHEM 22500 - Organic Chemistry Laboratory II

GER
3/B

Continuation of CHEM 22300.

prereq: CHEM 22300
prereq or coreq: CHEM 22400
4 hrs
2.5 cr

CHEM 35000 - Biophysical Chemistry

Pluralism and Diversity
GER 3/B

Essential physical chemical principles as applied to biological problems. Emphasis on kinetics, thermodynamics, and equilibria.

prereq: CHEM 22400, BIOL 10200, MATH 15000 all with grade of C or better
5 hrs (4 lec, 1 rec)
4 cr

CHEM 37600 - Biochemistry I
Chemical aspects of protein structure and function, fundamentals of bioenergetics, biochemical mechanisms of gene replication and expression.

**prereq:** CHEM 22400 with grade of C or better

4 hrs (3 lec, 1 rec)

3 cr.

### CHEM 37700 - Biochemistry II

**GER**

3/B

Biosynthesis of lipids, amino acids, carbohydrates. Muscle contraction, hormones, immune response, DNA sequencing.

**prereq:** CHEM 37600 with grade of C or better or BIOL 30000 or perm instr.

3 hrs

3 cr.

### CHEM 37800 - Biochemistry Laboratory

**GER**

3/B

A set of laboratory experiments, performed by individual students, covering important areas of biochemistry such as protein analysis, enzyme purification, enzymatic assays, recombinant DNA and the polymerase chain reaction.

**prereq:** CHEM 22300 and CHEM 37600 or CHEM 64000

5 hrs (4 lab, 1 rec)

3 cr.

### Required elective course:

Any chemistry course at the 300 level or above excluding CHEM 49101 Introduction to Research

Also acceptable CHEM 24900 Quantitative Analysis

### Required allied courses:

#### BIOL 10000 (STEM) - Principles of Biology I

**Hunter Core**

Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**

PD/C or D

**GER**

2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and
evolution.
Material Fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: MATH 12500, CHEM 10200
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

BIOL 10200 (STEM) - Principles of Biology II

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
Pluralism and Diversity
PD/C or D
GER
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.
prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs
4 cr.

MATH 15500 (STEM) - Calculus with Analytic Geometry II

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs
4 cr.
PHYS 11000 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
GER
2/E

First semester of two-semester introductory physics course using algebra.
prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

PHYS 12000 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

Second semester of PHYS 11000 (STEM), a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

Option 3 (Bioinformatics option):

For students interested in graduate studies in biochemistry and bioinformatics as well as the pharmaceutical and biotechnology industry. In order to enroll in this Option, students must earn an average grade of B- or above in CHEM 10400 (STEM), CHEM 22200, BIOL 10000 (STEM), and MATH 15000 (STEM). In addition, no more than one C grade is allowed in these four courses to declare Option 3. This option consists of a minimum of 20.5 credits above the introductory level and an 11-credit general chemistry core for a minimum total of 32 credits of chemistry. Three semesters of biology, one year of physics, one year of computer science, one year of calculus, and one semester of statistics are also required.

Required chemistry courses:

CHEM 22200 - Organic Chemistry Lecture I

GER
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10400 with a grade of C or better
CHEM 22500 - Organic Chemistry Laboratory II

GER
3/B
Continuation of CHEM 22300.

prereq: CHEM 22300
prereq or coreq: CHEM 22400
4 hrs
2.5 cr

CHEM 35000 - Biophysical Chemistry

Pluralism and Diversity
GER 3/B
Essential physical chemical principles as applied to biological problems. Emphasis on kinetics, thermodynamics, and equilibria.

prereq: CHEM 22400, BIOL 10200, MATH 15000 all with grade of C or better
5 hrs (4 lec, 1 rec)
4 cr

CHEM 37600 - Biochemistry I

GER
3/B
Chemical aspects of protein structure and function, fundamentals of bioenergetics, biochemical mechanisms of gene replication and expression.

prereq: CHEM 22400 with grade of C or better
4 hrs (3 lec, 1 rec)
3 cr

CHEM 37700 - Biochemistry II

GER
3/B
Biosynthesis of lipids, amino acids, carbohydrates. Muscle contraction, hormones, immune response, DNA sequencing.

prereq: CHEM 37600 with grade of C or better or BIOL 30000 or perm instr.
3 hrs
3 cr.

Required allied courses:

BIOL 10000 (STEM) - Principles of Biology I
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
Material Fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.
_prereq: MATH 12500, CHEM 10200
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

BIOL 10200 (STEM) - Principles of Biology II

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.
_prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
_prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs
4 cr.

MATH 15500 (STEM) - Calculus with Analytic Geometry II
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

prereq: grade of C or better in MATH 15000
4 hrs
4 cr.

**PHYS 11000 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound**

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)

**GER**
2/E

First semester of two-semester introductory physics course using algebra.

prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

**PHYS 12000 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**GER**
2/E

Second semester of PHYS 11000 (STEM), a two-semester introductory physics course using algebra.

prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

**CSCI 13200 - Practical UNIX and Programming, with Lab**

**Hunter Core**
Scientific World (SW)

**GER**
2/E

An introduction to computer programming and the UNIX operating system using Perl. Conceptual overview of the UNIX operating system and programming environment, a practical introduction to shell programming, and the use of UNIX filters and utilities. A pragmatic course with an emphasis on skills acquisition. This course cannot be counted towards the CSCI major.

prereq: none
3 hrs
3 cr.

**CSCI 23200 - Relational Databases and SQL Programming, with Lab**
An introduction to elementary database concepts and SQL, the standard language for communicating with most database systems. A pragmatic course with an emphasis on skills acquisition; students will learn how to get things done quickly and easily in a database environment. Required for computer science minors; open to computer science majors, but may not be used toward the computer science major.

prereq: CSCI 12700 or CSCI 13200
3 hrs
3 cr.

STAT 21300 (STEM) - Introduction to Applied Statistics

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs
3 cr.

Undergraduate Major/Graduate Major

Chemistry/Adolescent Education: Chemistry - BA/MA

An accelerated program leading to a BA in Chemistry and an MA in Adolescent Education: Chemistry. Undergraduates admitted to the program start graduate courses during their senior year and will be able to complete the MA degree one year after they complete the requirements for the BA degree. Students interested in the program should speak to a chemistry department adviser during their sophomore year to review the curriculum path for the five-year program. A minimum of 138 credits is required for the dual degree.

Undergraduate Minor

Minor in Chemistry

A minor in Chemistry consists of a pre-requisite year of General Chemistry with laboratory (CHEM 10200 (STEM) through CHEM 10600 (STEM) or equivalent, 9 credits), and a minimum of 14 credits of coursework. Note that MATH 12500 is a co-requisite to General Chemistry. The minimum of 14 credits include the following required courses below. In addition, students will be required to take at least 5.5 credits of electives selected from Chemistry offerings numbered 200 or above, excluding CHEM 29101.
Required courses for the Minor

**CHEM 22200 - Organic Chemistry Lecture I**

**GER**
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

**prereq:** CHEM 10400 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

**CHEM 22300 - Organic Chemistry Laboratory I**

**GER**
3/B

Various organic syntheses, Distillation, extraction, chromatography, qualitative analysis, spectroscopy.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

**prereq:** CHEM 10500 or CHEM 10600
**prereq or coreq:** CHEM 22200
4 hrs
2.5 cr.

**CHEM 22400 - Organic Chemistry Lecture II**

**GER**
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

**prereq:** CHEM 22200 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

**Chemistry**

**CHEM 10000 (STEM) - Essentials of General Chemistry Lecture**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
GER
GER 2/E

Essential facts, laws, and theories of general chemistry.
Primarily for nursing, nutrition and food science and community health education students.
*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

4 hrs (3 lec, 1 rec)
3 cr.

**CHEM 10100 - Inquiries into the Nature of Matter**

**Hunter Core**
Life and Physical Sciences (LPS)
**GER**
GER 2/E

A laboratory-based introduction to chemistry for non-science and health science majors that focuses on the basic principles of matter, energy and the environment. CHEM 10100 satisfies the laboratory requirements for a one-semester general chemistry course for health science students.
Primarily for nursing, nutrition and food science and community health students.
*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

3 hrs
3 cr.

**CHEM 10200 (STEM) - General Chemistry I**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
**GER**
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.
Primarily for pre-med, medical laboratory sciences and science majors.
*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

*prereq or coreq: MATH 12500, 15000 or equiv.*
5 hrs (4 lec, 1 rec)
4 cr.

**CHEM 10201 - General Chemistry 1 Recitation**

Additional recitation for Learning Community and Honors groups (Macaulay and Yalow)
coreq: Chem 10200
CHEM 10300 (STEM) - General Chemistry Laboratory I

**Hunter Core**  
Life and Physical Sciences (LPS) Scientific World (SW)  
**Pluralism and Diversity**  
GER 2/E  
Study of experiments designed to illustrate fundamental laws and techniques of chemistry.

Core credit awarded only if CHEM 10200 (STEM) and CHEM 10300 (STEM) are completed. Primarily for pre-med, medical laboratory sciences and science majors.  
*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

*prereq or coreq: CHEM 10200  
4 hrs (3 lab, 1 rec)  
1.5 cr.*

CHEM 10400 (STEM) - General Chemistry II

**Hunter Core**  
Life and Physical Sciences (LPS) Scientific World (SW)  
**GER**  
2/E  
In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.  
*prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair  
5 hrs (4 lec, 1 rec)  
4 cr.*

CHEM 10500 (STEM) - General Chemistry Laboratory II

**Hunter Core**  
Life and Physical Sciences (LPS) Scientific World (SW)  
**Pluralism and Diversity**  
GER 2/E  
Laboratory experiments illustrating and applying theory of solutions to qualitative analysis.  
Offered for transfer students who have completed only one semester of General Chemistry Laboratory.  
*prereq: One semester of General Chemistry Laboratory.  
prereq or coreq: CHEM 10400  
3 hrs  
1.5 cr.*

CHEM 10600 (STEM) - General Chemistry Laboratory

**Hunter Core**  
Life and Physical Sciences (LPS); Scientific World (SW)  
**Pluralism and Diversity**
GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs
3 cr.

CHEM 11100 (STEM) - Chemical Principles

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
GER 2/E
In-depth introduction to chemical principles including measurement, stoichiometric calculations, inorganic nomenclature, gas laws, equilibrium, acids, bases and buffers. Emphasis is placed on problem-solving, oral presentations, and collaborative work. Laboratory and coursework emphasize analysis and evaluation of data.

Primarily for pre-med, medical laboratory sciences and science majors.
Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

prereq or coreq: MATH 12500 or equiv, MATH 12600
9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop)
5.5
offered fall

CHEM 11200 (STEM) - Thermodynamics and Solution Chemistry

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
The study of quantum theory, atomic structure, periodic properties of the elements, kinetics, electrochemistry, and thermodynamics.
Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 11100
9 hrs (4 hrs lec, 3 hrs lab, 2 hrs workshop)
5.5
offered spring

CHEM 11500 - Introductory Chemistry

An introduction to the fundamental concepts in chemistry including atomic and molecular structure, chemical bonding, stoichiometry, and solution chemistry.
This course is appropriate for students who have had no prior coursework in chemistry.
prereq or coreq: MATH 12500
4 hrs (3 lec, 1 rec)
3 cr.
CHEM 12000 (STEM) - Essentials of Organic Chemistry Lecture

Hunter Core
Life and Physical Sciences (LPS): Scientific World (SW)
Pluralism and Diversity
GER 2/E
Course presents essential facts, laws and theories of organic chemistry.

Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10000
4 hrs (3 lec, 1 rec)
3 cr.

CHEM 12100 (STEM) - Essentials of Organic Chemistry Laboratory

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry.
Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health students.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10100
prereq or coreq: CHEM 12000
3 hrs (3 lab)
1.5 cr.

CHEM 15000 - Peer-Led Teaching in Chemistry

Students learn to become peer-leaders for workshops held in either Essentials of Chemistry, General Chemistry, or Organic Chemistry Topics include: multiple intelligences and differences in learning styles; basic theory of learning; issues related to race, class and gender.

prereq: CHEM 12000, CHEM 10400, or CHEM 11200 and perm dept.
2 hrs
1 cr.

CHEM 22200 - Organic Chemistry Lecture I

GER
GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

**CHEM 22300 - Organic Chemistry Laboratory I**

**GER**
3/B

Various organic syntheses, Distillation, extraction, chromatography, qualitative analysis, spectroscopy.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

**CHEM 22301 - Organic Chemistry 1 Lab Rec**

Recitation required for Organic 1 Laboratory
1 hr.
0 cr.

**CHEM 22400 - Organic Chemistry Lecture II**

**GER**
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

**CHEM 22500 - Organic Chemistry Laboratory II**

**GER**
3/B

Continuation of CHEM 22300.
CHEM 22501 - Organic Chemistry 2 Lab Rec

Recitation required for Organic 2 Laboratory

1

CHEM 24900 - Quantitative Analysis

GER

GER 3/B

A set of laboratory experiments, performed by individual students, covering important areas of quantitative analysis such as pH and metal ion titrations, spectroscopic analysis including gas chromatography, electronic absorption, and fluorescence.

prereq: CHEM 10400 with grade of C or better, 10500
5 hrs (4 lab, 1 rec)
3 cr.

CHEM 29101 - Chemical Investigations

Pluralism and Diversity

GER 3/B

Original chemical investigations under supervision of faculty member. Written report required. Enrollment for maximum of two semesters.

prereq: CHEM 22400, perm chair
4 hrs
1 cr.

CHEM 29102 - Chemical Investigations

Pluralism and Diversity

GER 3/B

Original chemical investigations under supervision of faculty member. Written report required. Enrollment for maximum of two semesters.

prereq: CHEM 22400, perm chair
8 hrs
2 cr.

CHEM 29500 - Introduction to Planning and Teaching of Laboratory Work in Chemistry

Participate in supervised teaching experiments that demonstrate important principles of chemistry.

prereq: CHEM 10400, CHEM 10500, two letters from faculty who have taught the student
5 hrs (2 planning, 3 lab)
2 cr.
CHEM 32200 - Organic Chemistry Lecture III

GER 3/B

Selected topics such as advanced synthesis, reaction mechanisms, MO theory, natural products, NMR spectroscopy.

prereq: CHEM 22400 with grade of C or better, perm instr.
3 hrs
3 cr.

CHEM 33300 - Computational Drug Discovery

Computational exercises and literature analyses of drug-macromolecule interactions, computer-assisted drug design, metabolic engineering, and personalized medicine.

prereq: CHEM 37600 or BIOL 30000 or permission of the instructor
3 hrs
3 cr.

CHEM 34900 - Instrumental Analysis

Pluralism and Diversity
GER 3/B

Principles of modern instrumental techniques; emphasis on spectroscopic and electrometric methods.

prereq: CHEM 35400 or 35600 with grade of C or better with 35500
8 hrs (2 lec, 6 lab)
5 cr

CHEM 35000 - Biophysical Chemistry

Pluralism and Diversity
GER 3/B

Essential physical chemical principles as applied to biological problems. Emphasis on kinetics, thermodynamics, and equilibria.

prereq: CHEM 22400, BIOL 10200, MATH 15000 all with grade of C or better
5 hrs (4 lec, 1 rec)
4 cr

CHEM 35200 - Physical Chemistry I

GER 3/B

Ideal and real gases. Laws of thermodynamics with applications to properties of solutions and phase equilibria in general.

prereq: CHEM 24900, MATH 15500, PHYS 12100 all with grade of C or better
3 hrs
3 cr.
offered fall
CHEM 35400 - Physical Chemistry II - F

Pluralism and Diversity
GER 3/B
Selected topics from statistical thermodynamics, electrochemistry, kinetic theory and rate processes.

prereq: CHEM 35200, MATH 25000
3 hrs
3 cr.
offered fall

CHEM 35500 - Physical Chemistry Laboratory I

GER
3/B

Laboratory course involving experiments based on topics covered in CHEM 35200 on chemical systems.

prereq: CHEM 24900
prereq or coreq: CHEM 35200
3 hrs
1.5 cr.
offered fall

CHEM 35600 - Physical Chemistry II - S

GER
GER 3/B

Selected topics from quantum chemistry, molecular structure, and spectroscopy.

prereq: PHYS 12100, CHEM 24900, MATH 15500 all with grade of C or better
3 hrs
3 cr.
offered spring

CHEM 35700 - Physical Chemistry Laboratory II

Pluralism and Diversity
GER 3/B
Laboratory course involving experiments based on topics covered in CHEM 35600 on chemical systems.

prereq: CHEM 24900 or perm chair

prereq or coreq: CHEM 35600
3 hrs
1.5 cr.
offered spring

CHEM 36000 - Introduction to Nanotechnology
This course introduces students to the underlying principles and applications of the emerging fields of nanotechnology and nanoscience. Intended for a multidisciplinary audience with a variety of backgrounds, the course introduces tools and principles relevant at the nano scale dimension. The course discusses current and future nanotechnology applications in engineering, materials, physics, chemistry, biology, electronics, and energy.

prereq: CHEM 35000 or CHEM 35200  
coreq: CHEM 35600  
3 hrs  
3 cr.

**CHEM 36600 - Inorganic Chemistry**

**GER**  
GER 3/B  

Treatment of structure, bonding and reactivity of inorganic compounds.

prereq: CHEM 35200 with grade of C or better  
3 hrs  
3 cr.

**CHEM 36800 - Structural Biology**

This course introduces students to the applications of molecular spectroscopy and other emerging techniques used to study the structure, the molecular interactions and the self-assembly of biomolecules. The course will be taught in a mixed format including lectures, computer laboratory projects, student-led discussions on journal papers, and a final writing/oral presentation project.

prereq: CHEM 37600 and either CHEM 35000 or CHEM 35200  
prereq or coreq: CHEM 37700  
3 hrs  
3 cr.

**CHEM 37600 - Biochemistry I**

**GER**  
3/B  

Chemical aspects of protein structure and function, fundamentals of bioenergetics, biochemical mechanisms of gene replication and expression.

prereq: CHEM 22400 with grade of C or better  
4 hrs (3 lec, 1 rec)  
3 cr.

**CHEM 37700 - Biochemistry II**

**GER**  
3/B  

Biosynthesis of lipids, amino acids, carbohydrates. Muscle contraction, hormones, immune response, DNA sequencing.
prereq: CHEM 37600 with grade of C or better or BIOL 30000 or perm instr.
3 hrs
3 cr.

CHEM 37800 - Biochemistry Laboratory

GER
3/B
A set of laboratory experiments, performed by individual students, covering important areas of biochemistry such as protein analysis, enzyme purification, enzymatic assays, recombinant DNA and the polymerase chain reaction.

prereq: CHEM 22300 and CHEM 37600 or CHEM 64000
5 hrs (4 lab, 1 rec)
3 cr.

CHEM 38800 - Topics of Current Interest in Chemistry

Pluralism and Diversity
GER 3/B
Offered subject to adequate student interest and enrollment. Taught by specialists from department faculty. The specific topic will be listed in the schedule of classes for a given semester.

prereq or coreq: CHEM 35200 and CHEM 35600 or perm instr.
3 hrs
3 cr.

CHEM 39000 - Current Laboratory Methods in Chemistry

Pluralism and Diversity
GER 3/B
Offered subject to adequate student interest and enrollment. Taught by specialists from department faculty. The specific topic will be listed in the schedule of classes for a given semester.

prereq or coreq: CHEM 35700 or perm instr.
4 hrs
2 cr.

Chemistry: Honors Course

CHEM 49101 - Introduction to Research

Pluralism and Diversity
GER 3/B
Open to Jr/Sr only. Similar to CHEM 29101. Written report required. Fulfills requirement for departmental honors course.

prereq: CHEM 22400, 35400, 34900, perm chair
4 hrs
1 cr.
CHEM 49102 - Introduction to Research

Pluralism and Diversity
GER 3/B
Open to Jr/Sr only. Similar to CHEM 29102. Written report required. Fulfills requirement for departmental honors course.

prereq: CHEM 22400, 35400, 34900, perm chair
8 hrs
2 cr.

Program and Courses in Jewish Studies

Jewish Studies

About the Program

Jewish Studies is an inter-departmental, multi-disciplinary program offering a 24-credit major leading to a BA degree in Jewish Studies with courses in such fields as history, Hebrew language and literature, English and other literatures, religion, sociology, and political science. It also offers independent study and fieldwork on Jewish subjects and a 12-credit minor.

HEGIS Code: 0309
Undergraduate Major

Jewish Studies - BA

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

ENGL 12000 - Expository Writing

Hunter Core

English Comp (EC)

GER

1/A

Required of all students unless exempt This course trains students to analyze, develop and evaluate ideas and to express themselves clearly and effectively. Introduction to documented research.

prereq: successful completion of developmental courses, if required

3 hrs + conf

3 cr.

Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

Jewish Studies Major

The Jewish Studies program offers a 24-credit major. The 24 required credits are distributed as follows:

Required of All Majors

The 6 core credits required of all majors are:

HIST 20800 - History of the Jews

Hunter Core

World Culture and Global Issues (WCGI)

Pluralism and Diversity

PD/A

GER

2/B

An introductory survey emphasizing how Jewish communities adapted to a wide range of environments during more than 3000 years of world history.

prereq or coreq: ENGL 12000
HEBR 22200 - Introduction to Jewish Texts and Writings

Hunter Core
World Culture and Global Issues (WCGI)
A broad survey of influential Jewish texts and literary masterpieces from ancient to modern times.

prereq or coreq: ENGL 120
3 hours
3 credits

15 Credits in Jewish Studies

In addition to the core courses, students must select 15 credits in Jewish studies in conjunction with the program adviser, at least 6 of which must be at the 300-level or above. Students are encouraged to select from, but are not limited to, the following:

HEBR 21100 - Masterpieces of Medieval Hebraic Literature in Translation (W)

Hunter Core
Individual and Society (Humanities) - I&S H
Pluralism and Diversity
PD/D
GER
2/C

Selections from major works reflecting Jewish life and thought in medieval Islamic world and Christendom.

3 hrs
3 cr.

HEBR 21200 - Readings in Modern Hebrew Literature in Translation (W)

GER
2/C

Survey of Hebraic literature from Enlightenment movement to present.

3 hrs
3 cr.

HEBR 21800 - Masterpieces of Yiddish Literature in Translation (W)

Pluralism and Diversity
PD/D
GER
3/A

Study of major works in Yiddish literature from Mendele Mocher Seforim to present.

prereq: ENGL 22000
3 hrs
3 cr
HEBR 28100 - Masterpieces of Ancient Hebraic Literature in Translation (W)

GER
3/A

Study of Hebrew classics and collateral works against background of Jewish history and ancient civilization.

3 hrs
3 cr

HEBR 49100 - Honors Project

Individual study and research in Hebrew literature in consultation with staff member. Honors essay required. May be repeated as topics vary from semester to semester. There are "unlimited" repeats for this course.

prereq: Jr/Sr only; perm division
1 sem
3 cr.

HIST 21000 - History of Judaism

GER
2/B

Survey of the Jewish religious tradition with attention to interactions between Judaism and other religions and to the role of Judaism in the formation of Christianity and Islam.

Courses at the 300-level and above not offered to freshmen.

3 hrs
3 cr.

HIST 24200 - The Holocaust: An Introduction

Pluralism and Diversity
PD/D

The attempt to exterminate the Jewish people by the Nazis.

Courses at the 300-level and above not offered to freshmen.

3 hrs
3 cr.

HIST 30900 - Jewish History in the Ancient World

Pluralism and Diversity
PD/A

GER
3/B

The Jewish people from its origins in late antiquity; social and intellectual developments from biblical to Talmudic times.

Courses at the 300-level and above not offered to freshmen.

3 hrs
3 cr.
HIST 31000 - Jewish History in the Medieval and Early Modern Periods

Pluralism and Diversity
PD/D
GER
3/B

The Jewish people from late antiquity to 17th century; social and legal status under Islamic and Christian rulers; religious and intellectual movements. Courses at the 300-level and above not offered to freshmen.
3 hrs
3 cr.

HIST 32000 - Jewish History in the Modern World (W)

Pluralism and Diversity
PD/D
GER
3/B

From the 18th century to the present: Enlightenment, Jewish emancipation and nationalism, a Jewish state; anti-Semitism and the Holocaust; recent trends. Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs
3 cr.

HIST 32100 - History of the Holocaust

GER
3/B

Examination of the mass murder of 6 million Jews by the Nazi regime during World War II. Courses at the 300-level and above not offered to freshmen.
3 hrs
3 cr.

HIST 35700 - American-Jewish History (W)

Pluralism and Diversity
PD/D
GER
3/B

Development of the American Jewish community; economic, political and social integration; cultural adaptation. Courses at the 300-level and above not offered to freshmen.
prereq or coreq: ENGL 12000
3 hrs
3 cr.

JS 31000 - Jewish Studies Fieldwork
Supervised experience in a Jewish community agency, periodic consultation with program director and preparation of report or term paper based on the experience. May be taken twice for a total of 6 cr.

**prereq:** qualified Jr/Sr.

**hrs TBA**

3-6 cr.

**JS 40000 - Individual Honors Project**

Not open to students who have completed fewer than 60 credits. Guided readings on a topic in Jewish studies under faculty supervision. May be repeated on different topics for a total of 6 credits. A substantial research paper is required.

**prereq:** 12 cr. in Jewish Studies, perm instr. or program director

**hrs**

3-6 hrs

3-6 cr.

**JS 41050 - Jewish Studies Seminar I**

Selected topics and problems in Jewish studies.

**prereq:** qualified Jr/Sr, perm instr. or program director

**hrs**

3 hrs

3 cr. each

**JS 41051 - Jewish Studies Seminar II**

Selected topics and problems in Jewish studies.

**prereq:** qualified Jr/Sr, perm instr. or program director

**hrs**

3 hrs

3 cr. each

**POLSC 26400 - Government and Politics of Israel (W)**

**GER**

3/B

Historic evolution of the Jewish state and its political system, social issues and foreign policy.

**prereq:** ENGL 12000 or its equivalent

**hrs**

3 hrs

3 cr.

**REL 25200 - Ancient Near Eastern Religions (W)**

**Hunter Core**

World Culture and Global Issues (WCGI)

**Pluralism and Diversity**

PD/A

**GER**

2/C

Study of Egyptian religion, religions of Sumer and Babylonia, religion of the early Hebrews (including the Old Testament).

**prereq:** ENGL 12000
REL 25300 - Abrahamic Religions (W)

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/D
GER
2/C

Study of Judaism, Christianity, and Islam-- with some considerations of Zoroastrian parallels.

prereq: ENGL 12000

3 hrs
3 cr.

More Options

Other courses that may be selected to meet this 15-credit requirement are ENGL 38663 (ENGL 38600), The Bible in British and American Literature, ENGL 39058 (ENGL 39000), Literature and Catastrophe (focus on Holocaust Studies), ENGL 39968 (ENGL 39900), Jewish American Literature, HIST 740, Modern Jewish Social and Intellectual History (see graduate catalog) and HIST 748, American Jewish History (see graduate catalog).

Note

Up to 6 credits of independent study and fieldwork may be taken unless special permission is obtained from the program adviser.

Capstone Course (3 Credits)

One of the following courses should be taken as a capstone course:

JS 40000 - Individual Honors Project

Not open to students who have completed fewer than 60 credits. Guided readings on a topic in Jewish studies under faculty supervision. May be repeated on different topics for a total of 6 credits. A substantial research paper is required.

prereq: 12 cr. in Jewish Studies, perm program director

3-6 hrs
3-6 cr.

JS 41050 - Jewish Studies Seminar I

Selected topics and problems in Jewish studies.

prereq: qualified Jr/Sr, perm instr. or program director

3 hrs
3 cr. each

JS 41051 - Jewish Studies Seminar II
Selected topics and problems in Jewish studies.  
\textit{prereq}: qualified Jr/Sr, perm instr. or program director  
3 hrs  
3 cr. each

### Minor in Jewish Studies

The minor in Jewish Studies consists of 12 credits in courses in Jewish studies of which at least 3 credits must be on topics in the history of the Jews or Judaism and at least 3 credits in Jewish literature, thought, religion, or one of the social sciences (sociology, anthropology, or political science). Students can apply to the minor up to 6 credits in Independent Studies (JS 30000 or JS 40000) or fieldwork (JS 31000). Up to six credits in Jewish studies taken at other institutions of higher learning may be applied to the minor. Jewish Studies minors cannot apply any 100-level courses to the minor.

### Honors in Jewish Studies

Students will be eligible for honors in Jewish Studies upon completion of 24 credits in Jewish Studies with a 3.5 GPA and a 2.8 cumulative GPA at the time of graduation. To be eligible to graduate with honors in Jewish Studies, students can take the following JS 40000 (Individual Honors Project) or JS 41050/JS 41051 (Jewish Studies Seminar, I or II), HEBR 49100 (Honors Project) or graduate courses with special permission, with a grade of B or better. Eligible students should apply for honors at the time they file for graduation.

### Undergraduate Minor

### Minor in Jewish Studies

The minor in Jewish Studies consists of 12 credits in courses in Jewish studies of which at least 3 credits must be on topics in the history of the Jews or Judaism and at least 3 credits in Jewish literature, thought, religion, or one of the social sciences (sociology, anthropology, or political science). Students can apply to the minor up to 6 credits in Independent Studies (JS 30000 or JS 40000) or fieldwork (JS 31000). Up to six credits in Jewish studies taken at other institutions of higher learning may be applied to the minor. Jewish Studies minors cannot apply any 100-level courses to the minor.

### Jewish Studies

#### JS 30000 - Independent Studies

Not open to students who have completed fewer than 30 credits. Guided readings under faculty supervision on a topic in Jewish Social Studies. May be repeated up to 3 times for a total of not more than 9 credits.  
\textit{prereq}: 3 cr. in Jewish Studies recommended  
1-6 hrs  
1-6 cr.
JS 31000 - Jewish Studies Fieldwork

Supervised experience in a Jewish community agency, periodic consultation with program director and preparation of report or term paper based on the experience. May be taken twice for a total of 6 cr.

*prereq: qualified Jr/Sr.*

hrs TBA
3-6 cr.

JS 40000 - Individual Honors Project

Not open to students who have completed fewer than 60 credits. Guided readings on a topic in Jewish studies under faculty supervision. May be repeated on different topics for a total of 6 credits. A substantial research paper is required.

Selected topics and problems in Jewish studies. qualified Jr/Sr, perm instr. or program director

*prereq: 12 cr. in Jewish Studies, perm program director*

3-6 hrs
3-6 cr.

JS 41050 - Jewish Studies Seminar I

Selected topics and problems in Jewish studies.

*prereq: qualified Jr/Sr, perm instr. or program director*

3 hrs
3 cr. each

JS 41051 - Jewish Studies Seminar II

Selected topics and problems in Jewish studies.

*prereq: qualified Jr/Sr, perm instr. or program director*

3 hrs
3 cr. each

Program and Courses in Religion

Religion

About the Program

Program Description

Program in Religion

Religion - BA

Administration and Faculty

Program Office:
Minor in Religion

The Minor in Religion consists of four courses for a total of 12 credits.

- The following two courses are required:
  - REL 11000 - Nature of Religion (W)
  - REL 11100 - Approaches to Religion (W)
- Also required for the Minor in Religion:
  a) one course to be chosen from those listed under the category “Religious Traditions”; and
  b) one course from the category “Issues in Religion” reflecting a theme central to the religious tradition in which the student has chosen to focus, to be selected in consultation with a Religion Program adviser.

At least one course presented in satisfaction of the minor must be a 300-level course.

Religion - BA

Return to: Religion Program Information

Foundational Course

A Foundational Course, ENGL 12000, must be completed before embarking upon the major.

Hunter Core Requirement

Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

Major (30 cr)
A major in religion consists of 30 credits. A sequence of courses for the major normally includes REL 11000-Nature of Religion, REL 11100-Approaches to Religion, REL 25100-Asian Religions, and REL 25300-Abrahamic Religions followed by at least one course in theoretical studies and at least one course in religious issues.

1. Introduction to the Field of Religion
2. Theoretical studies in Religion
3. Issues in Religion
4. Religious Traditions

On becoming a major, the student, in consultation with the director, will select one member of the program in Religion staff as his or her major adviser. Each religion major is required to consult with this adviser at least twice a year.

Religion Program Courses

I. Introduction to the Field of Religion

REL 11000 - Nature of Religion (W)

Hunter Core
Individual and Society (Humanities) - I&S H
GER
2/C

Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.
3 hrs
3 cr.

REL 11100 - Approaches to Religion (W)

Hunter Core
Individual and Society (I&S) Humanities
GER
2/C

Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.
prereq: ENGL 12000
3 hrs
3 cr.

II. Theoretical Studies in Religion

REL 27000 - Religion and Psychology (W)

Pluralism and Diversity
PD/D
GER
2/C

An examination of ways in which psychology understands, describes, values (or devalues) religion using the media of
text, story and film.

_prereq: ENGL 12000
3 hrs
3 cr.

**SOC 20500 - Sociology of Religion**

_GER_
3/B

Comparative study of religion in human societies. Analysis of beliefs, myths and sacred attitudes.

_prereq: SOC 10100
3 hrs
3 cr.

**PHILO 26200 - Philosophy of Religion (W)**

_GER_
3/A

Philosophical examination of some religious questions and beliefs.

_prereq: one course in philosophy or religion (see statement under Program Prerequisites)
3 hrs
3 cr.

**ANTHC 30700 - Anthropology of Religion**

_Pluralism and Diversity_
_PD/A_

_GER_
3/B

Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.

3 hrs
3 cr.

**REL 39000 - Modern Theories of Religion (W)**

_Pluralism and Diversity_
_PD/D_

_GER_
3/A

An interdisciplinary continuation of the study of methodological and theoretical issues begun in REL 11100, focusing on current debates and contemporary literature.

_prereq: ENGL 12000, REL 11100
3 hrs
3 cr.

**REL 26000 - Special Topics: Theoretical Studies in Religion**
Specialized study of a methodological approach to the study of religion. Different topic each time offered.
3 hrs
3 cr.

REL 36000 - Special Topics: Theoretical Studies in Religion

GER
3/A

Specialized study of a methodological approach to study of religion. Different topic each time offered.
3 hrs
3 cr.

III. Issues in Religion

REL 20400 - Religious Experience (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/C

Cross-cultural analysis of religious experiences: Biblical, ancient Greek, Asian, modern Western.
prereq: ENGL 12000
3 hrs
3 cr.

REL 20500 - Faith and Disbelief (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/C

Examination of questions of faith and disbelief in modern Western thought.
prereq: ENGL 12000
3 hrs
3 cr.

REL 20600 - Ideas of God in Contemporary Western Thought (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/C
Survey of representative schools of current Western religious thought: Christian theism, metaphysical protest, process theology, feminist theology, liberation theology, beyond theism thought.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20700 - Religious Sources for Morality (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/C

Religious reasons for determining good and evil; religious sources for ethical decisions.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20800 - Religion and Social Justice (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/B

An exploration into religious perspectives on such social issues as war, race, the economy and gender relations.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20900 - Religion and Human Rights (W)

Hunter Core
Individual and Society - Humanities
GER
2/C

It has been contended that religious beliefs about the natural and moral order, as well those concerning human nature, lie at the foundation of the idea of human rights. Some histories of human rights even begin with a survey of the teachings of various major religious traditions. And, as the idea of, and movements for, international human rights swept the globe in the latter parts of the 20th century, scholars and religious thinkers examined and assessed the confluence of the world's religious systems of thought, conscience, and belief with the norms and standards of the human rights project. Yet, even as religious thinkers and leaders contribute significantly to human rights movements around the world, some human rights norms—for example, those prohibiting gender- or religion-based discrimination, prohibitions on certain forms of punishment—seem to conflict head on with the strictures of various religions. This course will examine these various intersections.

prereq: ENGL 12000
REL 21000 - Atheism (W)

When a person, group, or idea is called 'atheist,' is that only a statement about theology or metaphysics, or do those who use that label intend to invoke the cultural power of God and, if so, to what end? How is the concept, 'atheism,' put into action in the world, and what does what we say about atheism say about what we think of God? At the end of the semester, we will even consider the possibility of atheism as not merely a religious but a devotional stance.

prereq: ENGL 12000

REL 21100 - The Sacred Sky: Astrology in World Religions (W)

GER
2/C

Astrology is a belief system that exists cross-culturally because the sky is an omnipresent cultural resource, and while different civilizations have varied beliefs about the meaning of celestial activity, those beliefs share a common thread: the sky is sacred, and celestial activity is an expression of that sacrality. The names of the planets and the stars, as well as their myths and stories may differ from tradition to tradition, but ancient astronomers of every culture studied celestial motion, detected patterns, understood those patterns to be cyclical, and believed they formed the basis of an orderly and precise cosmology.

prereq: ENGL 12000

REL 30700 - Religious Ideas in Modern Literature (W)

Pluralism and Diversity
PD/D
GER
3/A

Exploration of religious themes in modern literature.

prereq: ENGL 12000

REL 30800 - Religion and the Arts (W)

Pluralism and Diversity
PD/D
GER
3/A

Examination of religious themes in art, music, theatre, cinema, or literature. Different topics each time offered.

prereq: ENGL 12000
REL 30900 - The Religious Meanings of Love and Sex (W)

Pluralism and Diversity
PD/D
GER
3/A

Interdisciplinary investigation of the major ways humankind has understood the relation between the sexually erotic and religious realities.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31000 - The Religious Meanings of Death (W)

Pluralism and Diversity
PD/D
GER
3/A

Consideration of the meaning of death in major world religions.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31100 - Women and Religion (W)

Pluralism and Diversity
PD/C
GER
3/A

An examination of the role of women and the concept of the feminine in world religions.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31200 - Religion and Politics (W)

Pluralism and Diversity
PD/D
GER
3/A

The role of political ideology in the shaping of religious belief and theology's influence on politics in Western and non-Western traditions, both conservative and radical.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31300 - Spirit and Nature (W)
Pluralism and Diversity
PD/D
GER
3/A

An exploration of the ideas of nature and animal life in a representative sampling of the religious traditions of the world, inquiring into the implications for environmental policy and the treatment of animals.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31400 - Religion and Sports (W)

GER
3/A

A study of sport using the methods and concerns of scholarship in religion, considering sports as a form of religious expression; and reflexively, an introduction to the concerns and methods of the academic study of religion by means of a concentration on sport. Course foci: a) the meaning of sport forms derivative of its religious setting in a sampling of traditional cultures; b) the values expressed in sport forms considered as rituals; c) the rise of team sports against the background of the reconsideration of the importance of the body in 19th century Western religion, and the emergence of the modern Olympic movement as part of a search for a religious alternative; and d) an arguable implicit spirituality of sport.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31500 - The Problem of Evil (W)

Pluralism and Diversity
PD/D
GER
3/A

Exploration of the religious meaning of evil in different cultures.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31600 - Men and Religion (W)

Pluralism and Diversity
PD/C -or- PD/D

Some years ago, it was deemed axiomatic that all talk of the generic human was really framed by the experience of men, and women's issues were thereby suppressed and overlooked. It has become increasingly recognized by scholars that the generic human is neither male nor female, and such scholars—both male and female—have begun to address issues specific to men. This course is intended to explore some of the concerns that come to expression in this emerging scholarship. Specifically, it focuses on the content of the masculinity within the religious imaginary, the way in which religion has historically promoted the masculinity of males, and on the way in which religion used the rhetoric of masculinity to promote itself.

prereq: ENGL 12000
REL 31700 - Religion and Film (W)

As human expressions, both religion and film attempt to describe the world and organize it into a meaningful place for human activity. This course will survey the mutual academic studies of both film and religion, as well as the emerging discipline of ‘religion and film studies.’ As such, students will explore the nature of vision, representation, and narrative – topics central to both film and religious studies. Students will also view and analyze films as expressions of culture, including religious culture, and seek to understand the impact of ideology and social practice, gender and sexuality, as well as the economic structures underlying both film and religion.

prereq: ENGL 12000

3 hrs
3 cr.

REL 31800 - Religion and Science (W)

A critical reflection upon the interrelation of religion and science, a fundamental issue within historical and contemporary culture. Analysis of key definitions, of the roles of each endeavor in human inquiry, of the presumptions underlying the self-understandings of people pursuing each approach to reality deploying the tools and insights of the modern academic study of religion as well as those of the philosophy of science.

prereq: ENGL 12000

3 hrs
3 cr.

REL 31900 - Religion and the Body (W)

This course will explore the various representations of the body in world religious traditions. Through an assortment of primary sources and secondary literature, the course will examine what these traditions suggest about how the human body exists, perceives, engages with the world, creates, and participates in the moral and visceral fabric of life. The topic of the body and religion will be approached from philosophical, sociological, anthropological, and historical perspectives as the course considers the relationship between the body and society, nature and culture, and the sacred and the profane. Themes such as gender, disability, food, sex, and death will be treated in the effort to understand what it means to be a body and to have a body in a variety of religious contexts.

prereq: ENGL 12000

3 hrs
3 cr.

REL 33400 - Mysticism (W)

Pluralism and Diversity
PD/D
GER
3/A

Cross-cultural exploration of mystical experience and mystical doctrines, as well as an exploration of the various methods of studying them.

prereq: ENGL 12000

3 hrs
3 cr.
REL 33500 - Myth and Ritual (W)

Pluralism and Diversity
PD/D
GER
3/A

Cross-cultural exploration of myth and ritual and their place in various cultures; methodologies for analysis.
prereq: ENGL 12000
3 hrs
3 cr.

REL 34000 - Homosexuality in World Religions (W)

Pluralism and Diversity
PD/C
GER
3/A

A survey and analysis of typical ways in which homosexuality has been understood, evaluated and in some cases institutionalized in a variety of religious traditions, attending especially to implicit constructions of gender.
prereq: ENGL 12000
3 hrs
3 cr.

REL 26100 - Special Topics: Issues in Religion

Study of particular religious topics or thinkers. Different subject each time offered.
3 hrs
3 cr.

REL 36100 - Special Topics: Issues in Religion

GER
3/A

Study of particular religious topics or thinkers. Different subject each time offered.
3 hrs
3 cr.

IV. Religious Traditions

Ancient Religions

REL 25200 - Ancient Near Eastern Religions (W)

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/A
Study of Egyptian religion, religions of Sumer and Babylonia, religion of the early Hebrews (including the Old Testament).

prereq: ENGL 12000
3 hrs
3 cr.

REL 25700 - Religions of Ancient Central and South America (W)

Hunter Core
World Cultures and Global Issues (WCGI)

Pluralism and Diversity
P/D B
GER
2/C

Exploration of the religious traditions of several pre-Columbian cultures of Central and South America using both material culture and texts, and raising such central questions in the study of religion as the nature of cosmologies and their relation to ritual, architecture, and social organization.
The course will also briefly consider if the thread of Mesoamerican, Central and South American religions still holds in the modern age, whether in modern syncretic religious movements or pockets of traditional life-ways.

prereq: ENGL 12000
3 hrs
3 cr.

REL 25800 - Religions of Ancient Europe (W)

Hunter Core
World Cultures and Global Issues (WCGI)

Pluralism and Diversity
P/D D
GER
2/C

Exploration of the religions of Europe before influence of the Classical Greek, Roman and Christian worlds. Areas covered include the material culture of pre-literate peoples--the prehistoric cave art of the Upper Paleolithic and farming settlements of the British Isles, Central Europe, Iberia, Scandinavia, the Balkans and Eastern Europe--as well as ancient texts revealing beliefs and practices which pre-exist Christian influence and are foundational for future cultural developments.

prereq: ENGL 12000
3 hrs
3 cr.

CLA 30300 - Religion of Ancient Greece (W)

Pluralism and Diversity
GER 3/A
The Ancient Greek religious experience: official rites, mystery cults, oracles, personal religious belief, and practice.

prereq: ENGL 12000, CLA 10100 or 20100

3/A

Study of Islam and Buddhism, their founders, development, beliefs, rituals and interaction.

*prereq: ENGL 12000*

**3 hrs**

**3 cr.**

**REL 32600 - Religious Meanings of the Qur’an (W)**

**GER**

3/A

This course introduces students to the study of the Qur’an based on the traditional Islamic “sciences of the Qur’an” (’Ulūm al-Qur’ān). Using an introductory text on the Qur’anic sciences, the course will introduce the traditional areas of concern in the Qur’anic sciences: the revelation, transmission, form, language and style, hermeneutics, and principles and types of exegesis. The course will continue by introducing students to representative examples of the types of material referred to in the textbook. This material is chosen on the basis of (1) interest, (2) accessibility
(especially the availability of English translations) and (3) the ability to give students some exposure to the variety of styles and approaches to the material available in the literature, introducing the students to representative examples of the types of material referred to in the introductory text. This material provides students with illustrative exposure to both classical and modern Muslim approaches to the Qur'an and its exegesis.

*prereq: Engl 12000
3 hrs
3 cr.*

**REL 33700 - Sufism (W)**

**Pluralism and Diversity**

**PD/A**

**GER**

3/A

A course on the esoteric or mystical dimension of Islam, known among Muslims as ta'awwuf, attending to the history, doctrine and metaphysics of the Sufi path.

*prereq: ENGL 12000

**GER**

3/A

Specialized study of specific religious tradition or groups of traditions. Different topic each time offered.
Independent Study

**REL 41000 - Independent Study in Religion**

Open to majors only. Individual research and writing on topic in religion under supervision of a religion professor.

May be taken a second or third time with another subject.

*prereq: perm chair
hrs TBA
1-6 cr.*

Honors

To be eligible for honors classes a student must have the director's permission and at least a 3.5 GPA in the major and cumulatively. To qualify for departmental honors, a student must complete one of the honors courses with a grade of B or above, achieving a final GPA in Religion and cumulatively of at least 3.5.

**REL 45000 - Honors Seminar in Religion**

Specialized study in religion. For religion majors or other advanced religion students. Different topic each time offered. May be taken a second or third time with another subject. One topic offered under REL 45000 or 49000 satisfies the course requirements for departmental honors.

*prereq: five courses in religion or a major/CUNY-BA focus in religion and perm instr. or program director
hrs TBA
3 hrs
3 cr.*

**REL 49000 - Honors Tutorial in Religion**

Open to majors only. Individual research and writing on topic in religion under supervision of Religion Honors Committee. REL 49000 or one topic offered under REL 45000 satisfies the course requirements for departmental honors.

*prereq: perm chair
hrs TBA
3-6 cr.*

Minor in Religion

The Minor in Religion consists of four courses for a total of 12 credits.

The following two courses are required:

**REL 11000 - Nature of Religion (W)**

*Hunter Core
Individual and Society (Humanities) -I&S H
GER*
Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.

3 hrs
3 cr.

**REL 11100 - Approaches to Religion (W)**

**Hunter Core**
Individual and Society (I&S) Humanities

**GER**
2/C

Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.

*prereq: ENGL 12000*

3 hrs
3 cr.

Also required for the Minor in Religion:

a) one course to be chosen from those listed under the category “Religious Traditions”; and

b) one course from the category “Issues in Religion” reflecting a theme central to the religious tradition in which the student has chosen to focus, to be selected in consultation with a Religion Program adviser.

At least one course presented in satisfaction of the minor must be a 300-level course.

**Religion: Introduction to the Field of Religion**

**REL 11000 - Nature of Religion (W)**

**Hunter Core**
Individual and Society (Humanities) - I&S H

**GER**
2/C

Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.

3 hrs
3 cr.

**REL 11100 - Approaches to Religion (W)**

**Hunter Core**
Individual and Society (I&S) Humanities

**GER**
2/C

Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.

*prereq: ENGL 12000*

3 hrs
3 cr.

**Religion: Theoretical Studies in Religion**
ANTHC 30700 - Anthropology of Religion

Pluralism and Diversity
PD/A
GER
3/B

Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.
3 hrs
3 cr.

REL 26000 - Special Topics: Theoretical Studies in Religion

Specialized study of a methodological approach to the study of religion. Different topic each time offered.
3 hrs
3 cr.

REL 27000 - Religion and Psychology (W)

Pluralism and Diversity
PD/D
GER
2/C

An examination of ways in which psychology understands, describes, values (or devalues) religion using the media of text, story and film.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31700 - Religion and Film (W)

As human expressions, both religion and film attempt to describe the world and organize it into a meaningful place for human activity. This course will survey the mutual academic studies of both film and religion, as well as the emerging discipline of ‘religion and film studies.’ As such, students will explore the nature of vision, representation, and narrative – topics central to both film and religious studies. Students will also view and analyze films as expressions of culture, including religious culture, and seek to understand the impact of ideology and social practice, gender and sexuality, as well as the economic structures underlying both film and religion.
prereq: ENGL 12000
3 hrs
3 cr.

REL 36000 - Special Topics: Theoretical Studies in Religion

GER
3/A

Specialized study of a methodological approach to study of religion. Different topic each time offered.
3 hrs
3 cr.
REL 39000 - Modern Theories of Religion (W)

Pluralism and Diversity
PD/D
GER
3/A

An interdisciplinary continuation of the study of methodological and theoretical issues begun in REL 11100, focusing on current debates and contemporary literature.

prereq: ENGL 12000, REL 11100
3 hrs
3 cr.

Religion: Issues in Religion

REL 20400 - Religious Experience (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/C

Cross-cultural analysis of religious experiences: Biblical, ancient Greek, Asian, modern Western.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20500 - Faith and Disbelief (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/C

Examination of questions of faith and disbelief in modern Western thought.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20600 - Ideas of God in Contemporary Western Thought (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
Survey of representative schools of current Western religious thought: Christian theism, metaphysical protest, process theology, feminist theology, liberation theology, beyond theism thought.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20700 - Religious Sources for Morality (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/C

Religious reasons for determining good and evil; religious sources for ethical decisions.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20800 - Religion and Social Justice (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/B

An exploration into religious perspectives on such social issues as war, race, the economy and gender relations.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20900 - Religion and Human Rights (W)

Hunter Core
Individual and Society - Humanities
GER
2/C

It has been contended that religious beliefs about the natural and moral order, as well those concerning human nature, lie at the foundation of the idea of human rights. Some histories of human rights even begin with a survey of the teachings of various major religious traditions. And, as the idea of, and movements for, international human rights swept the globe in the latter parts of the 20th century, scholars and religious thinkers examined and assessed the confluence of the world's religious systems of thought, conscience, and belief with the norms and standards of the human rights project. Yet, even as religious thinkers and leaders contribute significantly to human rights movements around the world, some human rights norms—for example, those prohibiting gender- or religion-based discrimination, prohibitions on certain forms of punishment—seem to conflict head on with the strictures of various religions. This course will examine these various intersections.
prereq: ENGL 12000
3 hrs
3 cr.

REL 21000 - Atheism (W)

When a person, group, or idea is called 'atheist,' is that only a statement about theology or metaphysics, or do those who use that label intend to invoke the cultural power of God and, if so, to what end? How is the concept, 'atheism,' put into action in the world, and what does what we say about atheism say about what we think of God? At the end of the semester, we will even consider the possibility of atheism as not merely a religious but a devotional stance.

prereq: ENGL 12000
3 hrs
3 cr.

REL 26100 - Special Topics: Issues in Religion

Study of particular religious topics or thinkers. Different subject each time offered.
3 hrs
3 cr.

REL 30700 - Religious Ideas in Modern Literature (W)

Pluralism and Diversity
PD/D
GER
3/A

Exploration of religious themes in modern literature.

prereq: ENGL 12000
3 hrs
3 cr.

GER
3/A

Examination of religious themes in art, music, theatre, cinema, or literature. Different topics each time offered.

prereq: ENGL 12000
3 hrs
3 cr.

REL 30900 - The Religious Meanings of Love and Sex (W)

Pluralism and Diversity
PD/D
GER
3/A
Interdisciplinary investigation of the major ways humankind has understood the relation between the sexually erotic and religious realities.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31000 - The Religious Meanings of Death (W)

Pluralism and Diversity
PD/D
GER
3/A

Consideration of the meaning of death in major world religions.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31100 - Women and Religion (W)

Pluralism and Diversity
PD/C
GER
3/A

An examination of the role of women and the concept of the feminine in world religions.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31200 - Religion and Politics (W)

Pluralism and Diversity
PD/D
GER
3/A

The role of political ideology in the shaping of religious belief and theology's influence on politics in Western and non-Western traditions, both conservative and radical.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31300 - Spirit and Nature (W)

Pluralism and Diversity
PD/D
GER
3/A

An exploration of the ideas of nature and animal life in a representative sampling of the religious traditions of the world, inquiring into the implications for environmental policy and the treatment of animals.
REL 31500 - The Problem of Evil (W)

Pluralism and Diversity
PD/D
GER
3/A

Exploration of the religious meaning of evil in different cultures.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31600 - Men and Religion (W)

Pluralism and Diversity
PD/C -or- PD/D

Some years ago, it was deemed axiomatic that all talk of the generic human was really framed by the experience of men, and women's issues were thereby suppressed and overlooked. It has become increasingly recognized by scholars that the generic human is neither male nor female, and such scholars—both male and female--have begun to address issues specific to men. This course is intended to explore some of the concerns that come to expression in this emerging scholarship. Specifically, it focuses on the content of the masculinity within the religious imaginary, the way in which religion has historically promoted the masculinity of males, and on the way in which religion used the rhetoric of masculinity to promote itself.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31800 - Religion and Science (W)

A critical reflection upon the interrelation of religion and science, a fundamental issue within historical and contemporary culture. Analysis of key definitions, of the roles of each endeavor in human inquiry, of the presumptions underlying the self-understandings of people pursuing each approach to reality deploying the tools and insights of the modern academic study of religion as well as those of the philosophy of science.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31900 - Religion and the Body (W)

This course will explore the various representations of the body in world religious traditions. Through an assortment of primary sources and secondary literature, the course will examine what these traditions suggest about how the human body exists, perceives, engages with the world, creates, and participates in the moral and visceral fabric of life. The topic of the body and religion will be approached from philosophical, sociological, anthropological, and historical perspectives as the course considers the relationship between the body and society, nature and culture, and the sacred and the profane. Themes such as gender, disability, food, sex, and death will be treated in the effort to understand what it means to be a body and to have a body in a variety of religious contexts.

prereq: ENGL 12000
REL 33400 - Mysticism (W)

Pluralism and Diversity
PD/D
GER
3/A

Cross-cultural exploration of mystical experience and mystical doctrines, as well as an exploration of the various methods of studying them.

prereq: ENGL 12000

3 hrs
3 cr.

REL 33500 - Myth and Ritual (W)

Pluralism and Diversity
PD/D
GER
3/A

Cross-cultural exploration of myth and ritual and their place in various cultures; methodologies for analysis.

prereq: ENGL 12000

3 hrs
3 cr.

REL 34000 - Homosexuality in World Religions (W)

Pluralism and Diversity
PD/C
GER
3/A

A survey and analysis of typical ways in which homosexuality has been understood, evaluated and in some cases institutionalized in a variety of religious traditions, attending especially to implicit constructions of gender.

prereq: ENGL 12000

3 hrs
3 cr.

REL 36100 - Special Topics: Issues in Religion

GER
3/A

Study of particular religious topics or thinkers. Different subject each time offered.

3 hrs
3 cr.

Religion: Religious Traditions
REL 21100 - The Sacred Sky: Astrology in World Religions (W)

GER
2/C

Astrology is a belief system that exists cross-culturally because the sky is an omnipresent cultural resource, and while different civilizations have varied beliefs about the meaning of celestial activity, those beliefs share a common thread: the sky is sacred, and celestial activity is an expression of that sacrality. The names of the planets and the stars, as well as their myths and stories may differ from tradition to tradition, but ancient astronomers of every culture studied celestial motion, detected patterns, understood those patterns to be cyclical, and believed they formed the basis of an orderly and precise cosmology.

prereq: ENGL 12000
3 hrs
3 cr.

REL 25100 - Asian Religions (W)

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/A
GER
2/C

Study of Hinduism, Buddhism, Jainism, Taoism and Confucianism.

prereq: ENGL 12000
3 hrs
3 cr.

REL 25200 - Ancient Near Eastern Religions (W)

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/A
GER
2/C

Study of Egyptian religion, religions of Sumer and Babylonia, religion of the early Hebrews (including the Old Testament).

prereq: ENGL 12000
3 hrs
3 cr.

REL 25300 - Abrahamic Religions (W)

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/D
GER
2/C
Study of Judaism, Christianity, and Islam-- with some considerations of Zoroastrian parallels.

*prereq: ENGL 12000
3 hrs
3 cr.

**REL 25400 - Tribal Religions: From Australia to the Americas (W)**

**Hunter Core**
World Culture and Global Issues (WCGI)

**Pluralism and Diversity**

**PD/A or B**

**GER**

2/C

Study of indigenous religions of Pacific Islanders and North American Indians.

*prereq: ENGL 12000
3 hrs
3 cr.*

**REL 25500 - Religions of Two Gods (W)**

**Pluralism and Diversity**

PD/A

**GER**

2/C

A survey of historical varieties of dualistic religion both classical and modern which inquires into the moral grounds for their recurring appeal.

*prereq: ENGL 12000
3 hrs
3 cr.*

**REL 25600 - Afro-Caribbean Religions (W)**

**Hunter Core**
World Culture and Global Issues (WCGI)

**Pluralism and Diversity**

PD/B

**GER**

2/C

An introduction to the diversity of African-based religions in the Caribbean and beyond.

*prereq: ENGL 12000
3 hrs
3 cr.*

**REL 25700 - Religions of Ancient Central and South America (W)**

**Hunter Core**
World Cultures and Global Issues (WCGI)

**Pluralism and Diversity**
Exploration of the religious traditions of several pre-Columbian cultures of Central and South America using both material culture and texts, and raising such central questions in the study of religion as the nature of cosmologies and their relation to ritual, architecture, and social organization. The course will also briefly consider if the thread of Mesoamerican, Central and South American religions still holds in the modern age, whether in modern syncretic religious movements or pockets of traditional life-ways.

*prereq: ENGL 12000*

3 hrs

3 cr.

REL 25800 - Religions of Ancient Europe (W)

*Hunter Core*
World Cultures and Global Issues (WCGI)

*Pluralism and Diversity*

P/D D

GER

2/C

Exploration of the religions of Europe before influence of the Classical Greek, Roman and Christian worlds. Areas covered include the material culture of pre-literate peoples--the prehistoric cave art of the Upper Paleolithic and farming settlements of the British Isles, Central Europe, Iberia, Scandinavia, the Balkans and Eastern Europe--as well as ancient texts revealing beliefs and practices which pre-exist Christian influence and are foundational for future cultural developments.

*prereq: ENGL 12000*

3 hrs

3 cr.

REL 26200 - Special Topics: Religious Traditions
Specialized study of specific religious traditions or groups of traditions. Different topic each time offered.
3 hrs
3 cr.

**REL 31400 - Religion and Sports (W)**

**GER**
3/A

A study of sport using the methods and concerns of scholarship in religion, considering sports as a form of religious expression; and reflexively, an introduction to the concerns and methods of the academic study of religion by means of a concentration on sport. Course foci: a) the meaning of sport forms derivative of its religious setting in a sampling of traditional cultures; b) the values expressed in sport forms considered as rituals; c) the rise of team sports against the background of the reconsideration of the importance of the body in 19th century Western religion, and the emergence of the modern Olympic movement as part of a search for a religious alternative; and d) an arguable implicit spirituality of sport.

*prereq: ENGL 12000*
3 hrs
3 cr.

**REL 32000 - Hinduism (W)**

**Pluralism and Diversity**
PD/A
**GER**
3/A

Study of Hinduism, its development, history, literature, philosophy and religious practices.

*prereq: ENGL 12000*
3 hrs
3 cr.

**REL 32100 - Buddhism (W)**

**Pluralism and Diversity**
PD/A
**GER**
3/A

Study of Buddhism, its development, history, literature, philosophy and religious practices.

*prereq: ENGL 12000*
3 hrs
3 cr.

**REL 32200 - Islam (W)**

**Pluralism and Diversity**
PD/A
**GER**
3/A

Study of Islam, its development, history, literature, philosophy and religious practices.
REL 32300 - Christianity (W)

Pluralism and Diversity
PD/D
GER
3/A

Analysis of the Christian religion which employs methodologies of the academic study of religion and which aims to uncover the unity of Christian faith embodied in its various expressions.

REL 32400 - Islam and Buddhism (W)

Pluralism and Diversity
PD/A
GER
3/A

Study of Islam and Buddhism, their founders, development, beliefs, rituals and interaction.

REL 32600 - Religious Meanings of the Qur'ān (W)

GER
3/A

This course introduces students to the study of the Qur'ān based on the traditional Islamic “sciences of the Qur'ān” (‘Ulim al-Qur'ān). Using an introductory text on the Qur'ānic sciences, the course will introduce the traditional areas of concern in the Qur'ānic sciences: the revelation, transmission, form, language and style, hermeneutics, and principles and types of exegesis. The course will continue by introducing students to representative examples of the types of material referred to in the textbook. This material is chosen on the basis of (1) interest, (2) accessibility (especially the availability of English translations) and (3) the ability to give students some exposure to the variety of styles and approaches to the material available in the literature, introducing the students to representative examples of the types of material referred to in the introductory text. This material provides students with illustrative exposure to both classical and modern Muslim approaches to the Qur'ān and its exegesis.

REL 33000 - New Testament Religion (W)

Pluralism and Diversity
PD/D
GER

prereq: ENGL 12000
3 hrs
3 cr.

REL 33300 - Christian Theology (W)

Pluralism and Diversity
PD/D
GER
3/A

An examination of key doctrines in Christian thought such as trinity, incarnation, existence of God and grace.

prereq: ENGL 12000
3 hrs
3 cr.

REL 33600 - Zen (W)

Pluralism and Diversity
PD/A
GER
3/A

An inquiry into the teachings of Chinese and Japanese Zen in light of their Buddhist and Daoist backgrounds.

prereq: ENGL 12000
3 hrs
3 cr.

REL 33700 - Sufism (W)

Pluralism and Diversity
PD/A
GER
3/A

A course on the esoteric or mystical dimension of Islam, known among Muslims as ta'awwuf, attending to the history, doctrine and metaphysics of the Sufi path.

prereq: ENGL 12000
3 hrs
3 cr.

REL 36200 - Special Topics: Religious Traditions

GER
3/A

Specialized study of specific religious tradition or groups of traditions. Different topic each time offered.
3 hrs
3 cr.

REL 41000 - Independent Study in Religion

Open to majors only. Individual research and writing on topic in religion under supervision of a religion professor.

May be taken a second or third time with another subject.

prereq: perm chair
hrs TBA
1-6 cr.

REL 45000 - Honors Seminar in Religion

Specialized study in religion. For religion majors or other advanced religion students. Different topic each time offered. May be taken a second or third time with another subject. One topic offered under REL 45000 or 49000 satisfies the course requirements for departmental honors.

prereq: five courses in religion or a major/CUNY-BA focus in religion and perm instr. or program director
3 hrs
3 cr.

REL 49000 - Honors Tutorial in Religion

Open to majors only. Individual research and writing on topic in religion under supervision of Religion Honors Committee. REL 49000 or one topic offered under REL 45000 satisfies the course requirements for departmental honors.

prereq: perm chair
hrs TBA
3-6 cr.

Program in Religion

Religion - BA

Return to: Religion Program Information

Foundational Course

A Foundational Course, ENGL 12000, must be completed before embarking upon the major.

Hunter Core Requirement

Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

Major (30 cr)
A major in religion consists of 30 credits. A sequence of courses for the major normally includes REL 11000-Nature of Religion, REL 11100-Approaches to Religion, REL 25100-Asian Religions, and REL 25300-Abrahamic Religions followed by at least one course in theoretical studies and at least one course in religious issues.

1. Introduction to the Field of Religion
2. Theoretical studies in Religion
3. Issues in Religion
4. Religious Traditions

On becoming a major the student, in consultation with the director, will select one member of the program in Religion staff as his or her major adviser. Each religion major is required to consult with this adviser at least twice a year.

Religion Program Courses

I. Introduction to the Field of Religion

REL 11000 - Nature of Religion (W)

Hunter Core
Individual and Society (Humanities) -I&S H
GER
2/C

Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.
3 hrs
3 cr.

REL 11100 - Approaches to Religion (W)

Hunter Core
Individual and Society (I&S) Humanities
GER
2/C

Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.
prereq: ENGL 12000
3 hrs
3 cr.

II. Theoretical Studies in Religion

REL 27000 - Religion and Psychology (W)

Pluralism and Diversity
PD/D
GER
2/C

An examination of ways in which psychology understands, describes, values (or devalues) religion using the media of
text, story and film.

**SOC 20500 - Sociology of Religion**

**GER**

3/B

Comparative study of religion in human societies. Analysis of beliefs, myths and sacred attitudes.

*prereq: SOC 10100*

3 hrs

3 cr.

**PHILO 26200 - Philosophy of Religion (W)**

**GER**

3/A

Philosophical examination of some religious questions and beliefs.

*prereq: one course in philosophy or religion (see statement under Program Prerequisites)*

3 hrs

3 cr.

**ANTHC 30700 - Anthropology of Religion**

**Pluralism and Diversity**

**PD/A**

**GER**

3/B

Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.

3 hrs

3 cr.

**REL 39000 - Modern Theories of Religion (W)**

**Pluralism and Diversity**

**PD/D**

**GER**

3/A

An interdisciplinary continuation of the study of methodological and theoretical issues begun in REL 11100, focusing on current debates and contemporary literature.

*prereq: ENGL 12000, REL 11100*

3 hrs

3 cr.

**REL 26000 - Special Topics: Theoretical Studies in Religion**
Specialized study of a methodological approach to the study of religion. Different topic each time offered.

3 hrs
3 cr.

**REL 36000 - Special Topics: Theoretical Studies in Religion**

GER
3/A

Specialized study of a methodological approach to study of religion. Different topic each time offered.

3 hrs
3 cr.

III. Issues in Religion

**REL 20400 - Religious Experience (W)**

Hunter Core
Individual and Society (Humanities) - I&S H

Pluralism and Diversity

PD/D

GER
2/C

Cross-cultural analysis of religious experiences: Biblical, ancient Greek, Asian, modern Western.  
*prereq: ENGL 12000*  

3 hrs
3 cr.

**REL 20500 - Faith and Disbelief (W)**

Hunter Core
Individual and Society (Humanities) - I&S H

Pluralism and Diversity

PD/D

GER
2/C

Examination of questions of faith and disbelief in modern Western thought.  
*prereq: ENGL 12000*  

3 hrs
3 cr.

**REL 20600 - Ideas of God in Contemporary Western Thought (W)**

Hunter Core
Individual and Society (Humanities) - I&S H

Pluralism and Diversity

PD/D

GER
2/C
Survey of representative schools of current Western religious thought: Christian theism, metaphysical protest, process theology, feminist theology, liberation theology, beyond theism thought.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20700 - Religious Sources for Morality (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/C

Religious reasons for determining good and evil; religious sources for ethical decisions.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20800 - Religion and Social Justice (W)

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/B

An exploration into religious perspectives on such social issues as war, race, the economy and gender relations.

prereq: ENGL 12000
3 hrs
3 cr.

REL 20900 - Religion and Human Rights (W)

Hunter Core
Individual and Society - Humanities
GER
2/C

It has been contended that religious beliefs about the natural and moral order, as well those concerning human nature, lie at the foundation of the idea of human rights. Some histories of human rights even begin with a survey of the teachings of various major religious traditions. And, as the idea of, and movements for, international human rights swept the globe in the latter parts of the 20th century, scholars and religious thinkers examined and assessed the confluence of the world's religious systems of thought, conscience, and belief with the norms and standards of the human rights project. Yet, even as religious thinkers and leaders contribute significantly to human rights movements around the world, some human rights norms—for example, those prohibiting gender- or religion-based discrimination, prohibitions on certain forms of punishment—seem to conflict head on with the strictures of various religions. This course will examine these various intersections.

prereq: ENGL 12000
When a person, group, or idea is called 'atheist,' is that only a statement about theology or metaphysics, or do those who use that label intend to invoke the cultural power of God and, if so, to what end? How is the concept, 'atheism,' put into action in the world, and what does what we say about atheism say about what we think of God? At the end of the semester, we will even consider the possibility of atheism as not merely a religious but a devotional stance.

**REL 21100 - The Sacred Sky: Astrology in World Religions (W)**

Astrology is a belief system that exists cross-culturally because the sky is an omnipresent cultural resource, and while different civilizations have varied beliefs about the meaning of celestial activity, those beliefs share a common thread: the sky is sacred, and celestial activity is an expression of that sacrality. The names of the planets and the stars, as well as their myths and stories may differ from tradition to tradition, but ancient astronomers of every culture studied celestial motion, detected patterns, understood those patterns to be cyclical, and believed they formed the basis of an orderly and precise cosmology.

**REL 30700 - Religious Ideas in Modern Literature (W)**

Exploration of religious themes in modern literature.

**REL 30800 - Religion and the Arts (W)**

Examination of religious themes in art, music, theatre, cinema, or literature. Different topics each time offered.
REL 30900 - The Religious Meanings of Love and Sex (W)

Pluralism and Diversity
PD/D
GER
3/A

Interdisciplinary investigation of the major ways humankind has understood the relation between the sexually erotic and religious realities.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31000 - The Religious Meanings of Death (W)

Pluralism and Diversity
PD/D
GER
3/A

Consideration of the meaning of death in major world religions.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31100 - Women and Religion (W)

Pluralism and Diversity
PD/C
GER
3/A

An examination of the role of women and the concept of the feminine in world religions.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31200 - Religion and Politics (W)

Pluralism and Diversity
PD/D
GER
3/A

The role of political ideology in the shaping of religious belief and theology's influence on politics in Western and non-Western traditions, both conservative and radical.
prereq: ENGL 12000
3 hrs
3 cr.

REL 31300 - Spirit and Nature (W)
An exploration of the ideas of nature and animal life in a representative sampling of the religious traditions of the world, inquiring into the implications for environmental policy and the treatment of animals.

**prereq:** ENGL 12000

3 hrs

3 cr.

**REL 31400 - Religion and Sports (W)**

**GER**

3/A

A study of sport using the methods and concerns of scholarship in religion, considering sports as a form of religious expression; and reflexively, an introduction to the concerns and methods of the academic study of religion by means of a concentration on sport. Course foci: a) the meaning of sport forms derivative of its religious setting in a sampling of traditional cultures; b) the values expressed in sport forms considered as rituals; c) the rise of team sports against the background of the reconsideration of the importance of the body in 19th century Western religion, and the emergence of the modern Olympic movement as part of a search for a religious alternative; and d) an arguable implicit spirituality of sport.

**prereq:** ENGL 12000

3 hrs

3 cr.

**REL 31500 - The Problem of Evil (W)**

**Pluralism and Diversity**

**PD/D**

**GER**

3/A

Exploration of the religious meaning of evil in different cultures.

**prereq:** ENGL 12000

3 hrs

3 cr.

**REL 31600 - Men and Religion (W)**

**Pluralism and Diversity**

**PD/C -or- PD/D**

Some years ago, it was deemed axiomatic that all talk of the generic human was really framed by the experience of men, and women's issues were thereby suppressed and overlooked. It has become increasingly recognized by scholars that the generic human is neither male nor female, and such scholars—both male and female—have begun to address issues specific to men. This course is intended to explore some of the concerns that come to expression in this emerging scholarship. Specifically, it focuses on the content of the masculinity within the religious imaginary, the way in which religion has historically promoted the masculinity of males, and on the way in which religion used the rhetoric of masculinity to promote itself.

**prereq:** ENGL 12000
REL 31700 - Religion and Film (W)

As human expressions, both religion and film attempt to describe the world and organize it into a meaningful place for human activity. This course will survey the mutual academic studies of both film and religion, as well as the emerging discipline of ‘religion and film studies.’ As such, students will explore the nature of vision, representation, and narrative – topics central to both film and religious studies. Students will also view and analyze films as expressions of culture, including religious culture, and seek to understand the impact of ideology and social practice, gender and sexuality, as well as the economic structures underlying both film and religion.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31800 - Religion and Science (W)

A critical reflection upon the interrelation of religion and science, a fundamental issue within historical and contemporary culture. Analysis of key definitions, of the roles of each endeavor in human inquiry, of the presumptions underlying the self-understandings of people pursuing each approach to reality deploying the tools and insights of the modern academic study of religion as well as those of the philosophy of science.

prereq: ENGL 12000
3 hrs
3 cr.

REL 31900 - Religion and the Body (W)

This course will explore the various representations of the body in world religious traditions. Through an assortment of primary sources and secondary literature, the course will examine what these traditions suggest about how the human body exists, perceives, engages with the world, creates, and participates in the moral and visceral fabric of life. The topic of the body and religion will be approached from philosophical, sociological, anthropological, and historical perspectives as the course considers the relationship between the body and society, nature and culture, and the sacred and the profane. Themes such as gender, disability, food, sex, and death will be treated in the effort to understand what it means to be a body and to have a body in a variety of religious contexts.

prereq: ENGL 12000
3 hrs
3 cr.

REL 33400 - Mysticism (W)

Cross-cultural exploration of mystical experience and mystical doctrines, as well as an exploration of the various methods of studying them.

prereq: ENGL 12000
3 hrs
3 cr.
REL 33500 - Myth and Ritual (W)

Pluralism and Diversity
PD/D
GER
3/A

Cross-cultural exploration of myth and ritual and their place in various cultures; methodologies for analysis.
prereq: ENGL 12000
3 hrs
3 cr.

REL 34000 - Homosexuality in World Religions (W)

Pluralism and Diversity
PD/C
GER
3/A

A survey and analysis of typical ways in which homosexuality has been understood, evaluated and in some cases institutionalized in a variety of religious traditions, attending especially to implicit constructions of gender.
prereq: ENGL 12000
3 hrs
3 cr.

REL 26100 - Special Topics: Issues in Religion

Study of particular religious topics or thinkers. Different subject each time offered.
3 hrs
3 cr.

REL 36100 - Special Topics: Issues in Religion

GER
3/A

Study of particular religious topics or thinkers. Different subject each time offered.
3 hrs
3 cr.

IV. Religious Traditions

Ancient Religions

REL 25200 - Ancient Near Eastern Religions (W)

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/A
GER 2/C

Study of Egyptian religion, religions of Sumer and Babylonia, religion of the early Hebrews (including the Old Testament).

prereq: ENGL 12000
3 hrs
3 cr.

REL 25700 - Religions of Ancient Central and South America (W)

Hunter Core
World Cultures and Global Issues (WCGI)

Pluralism and Diversity
P/D B
GER 2/C

Exploration of the religious traditions of several pre-Columbian cultures of Central and South America using both material culture and texts, and raising such central questions in the study of religion as the nature of cosmologies and their relation to ritual, architecture, and social organization.
The course will also briefly consider if the thread of Mesoamerican, Central and South American religions still holds in the modern age, whether in modern syncretic religious movements or pockets of traditional life-ways.

prereq: ENGL 12000
3 hrs
3 cr.

REL 25800 - Religions of Ancient Europe (W)

Hunter Core
World Cultures and Global Issues (WCGI)

Pluralism and Diversity
P/D D
GER 2/C

Exploration of the religions of Europe before influence of the Classical Greek, Roman and Christian worlds. Areas covered include the material culture of pre-literate peoples--the prehistoric cave art of the Upper Paleolithic and farming settlements of the British Isles, Central Europe, Iberia, Scandinavia, the Balkans and Eastern Europe--as well as ancient texts revealing beliefs and practices which pre-exist Christian influence and are foundational for future cultural developments.

prereq: ENGL 12000
3 hrs
3 cr.

CLA 30300 - Religion of Ancient Greece (W)

Pluralism and Diversity
GER 3/A
The Ancient Greek religious experience: official rites, mystery cults, oracles, personal religious belief, and practice.

prereq: ENGL 12000, CLA 10100 or 20100
Transformation of classical culture in late antiquity: religion, philosophy, mysticism, magic, astrology.

**CLA 30400 - Pagans and Christians (W)**

Pluralism and Diversity
PD/D

Study of Islam and Buddhism, their founders, development, beliefs, rituals and interaction.

prereq: ENGL 12000
3 hrs
3 cr.

REL 32600 - Religious Meanings of the Qurʾān (W)

This course introduces students to the study of the Qurʾān based on the traditional Islamic “sciences of the Qurʾān” (‘Ulam al-Qurʾān). Using an introductory text on the Qurʾānic sciences, the course will introduce the traditional areas of concern in the Qurʾānic sciences: the revelation, transmission, form, language and style, hermeneutics, and principles and types of exegesis. The course will continue by introducing students to representative examples of the types of material referred to in the textbook. This material is chosen on the basis of (1) interest, (2) accessibility
especially the availability of English translations) and (3) the ability to give students some exposure to the variety of styles and approaches to the material available in the literature, introducing the students to representative examples of the types of material referred to in the introductory text. This material provides students with illustrative exposure to both classical and modern Muslim approaches to the Qur’ān and its exegesis.

prereq: Engl 12000
3 hrs
3 cr.

REL 33700 - Sufism (W)

Pluralism and Diversity
PD/A
GER
3/A

A course on the esoteric or mystical dimension of Islam, known among Muslims as ta'awwuf, attending to the history, doctrine and metaphysics of the Sufi path.

prereq: ENGL 12000
3 hrs
3 cr.

Tribal Religions

REL 25400 - Tribal Religions: From Australia to the Americas (W)

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/A or B
GER
2/C

Study of indigenous religions of Pacific Islanders and North American Indians.

prereq: ENGL 12000
3 hrs
3 cr.

Special Topics in Traditions

REL 26200 - Special Topics: Religious Traditions

Specialized study of specific religious traditions or groups of traditions. Different topic each time offered.
3 hrs
3 cr.

REL 36200 - Special Topics: Religious Traditions

GER
3/A

Specialized study of specific religious tradition or groups of traditions. Different topic each time offered.
Independent Study

**REL 41000 - Independent Study in Religion**

Open to majors only. Individual research and writing on topic in religion under supervision of a religion professor.

May be taken a second or third time with another subject.

*prereq: perm chair
hrs TBA
1-6 cr.*

Honors

To be eligible for honors classes a student must have the director's permission and at least a 3.5 GPA in the major and cumulatively. To qualify for departmental honors, a student must complete one of the honors courses with a grade of B or above, achieving a final GPA in Religion and cumulatively of at least 3.5.

**REL 45000 - Honors Seminar in Religion**

Specialized study in religion. For religion majors or other advanced religion students. Different topic each time offered. May be taken a second or third time with another subject. One topic offered under REL 45000 or 49000 satisfies the course requirements for departmental honors.

*prereq: five courses in religion or a major/CUNY-BA focus in religion and perm instr. or program director
hrs TBA
3 cr.*

**REL 49000 - Honors Tutorial in Religion**

Open to majors only. Individual research and writing on topic in religion under supervision of Religion Honors Committee. REL 49000 or one topic offered under REL 45000 satisfies the course requirements for departmental honors.

*prereq: perm chair
hrs TBA
3-6 cr.*

Minor in Religion

The Minor in Religion consists of four courses for a total of 12 credits.

The following two courses are required:

**REL 11000 - Nature of Religion (W)**

*Hunter Core
Individual and Society (Humanities) -I&S H
GER*
Study of basic facets of religion: God, ethics, worship, faith, myth, ritual, symbolism, etc.

3 hrs
3 cr.

REL 11100 - Approaches to Religion (W)

Hunter Core
Individual and Society (I&S) Humanities
GER
2/C

Different understandings of religion: sociological, anthropological, psychological, philosophical, theological.

prereq: ENGL 12000
3 hrs
3 cr.

Also required for the Minor in Religion:

a) one course to be chosen from those listed under the category “Religious Traditions”; and

b) one course from the category “Issues in Religion” reflecting a theme central to the religious tradition in which the student has chosen to focus, to be selected in consultation with a Religion Program adviser.

At least one course presented in satisfaction of the minor must be a 300-level course.

Programs and Courses in Africana and Puerto Rican/Latino Studies

Faculty

Africana and Puerto Rican/Latino Studies

HEGIS Code: 2211

Undergraduate Major

Africana and Puerto Rican/Latino Studies

BA in Africana and Puerto Rican/Latino Studies

Given the interdisciplinary organization of the department, students may elect to concentrate their program of study in the Africana sequence, Puerto Rican/Latino sequence or a combination of both with courses from social sciences and humanities offered by the department.

Hunter Core Requirements

Note: Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here:

Appendix I: Hunter Core Requirement

In the case of the Africana and Puerto Rican/Latino Studies, the courses that meet CCC are:

<table>
<thead>
<tr>
<th>Courses</th>
<th>CUNY Common Core</th>
<th>Foundational or Major</th>
</tr>
</thead>
<tbody>
<tr>
<td>AFPRL 20100</td>
<td>World Culture and Global Issues (WCGI)</td>

**AFPRL 28100 - Fieldwork in African American/Latino Communities**

Fieldwork involvement and sociopolitical analysis of a community organization in the Black and/or Puerto Rican/Latino communities.
Course open to Majors and Minors Only
3 hrs
3 cr. each

21 credits

- Of which at least 12 must be taken at the 300 and/or 400 level. At least 3 credits must be taken in Puerto Rican/Latino studies if the student’s concentration is in Africana studies and vice versa.

**Minor in Africana and Puerto Rican/Latino Studies**

The Department of Africana & Puerto Rican/Latino Studies offers a 12-credit minor that requires students to successfully complete two 100/200 level courses and two 300/400 level courses.

**Honors**

The honors research course, AFPRL 49900, is open to AFPRL upper seniors who have a 3.5 GPA in the major with a 3.0 GPA overall and have completed at least 24 credits including three AFPRL 300/400 level courses. In order to receive an honors endorsement, a student must receive a final grade of at least B+. Students who do not meet the requirement for an honors endorsement but have passed the course, will receive three credits without honors. The research theme changes every academic year. The project is supervised by one full-time AFPRL faculty member but is read and graded by the supervisor and two additional AFPRL full-time faculty members.

**Undergraduate Minor**

**Minor in Africana & Puerto Rican/Latino Studies**

The Minor concentration consists of 12 credits chosen from Africana and Puerto Rican/Latino sequence courses as follows: 2 at the 100/200 and 2 at the 300/400 levels.

**The Africana & Puerto Rican/Latino Studies Minor**

The Minor concentration consists of 12 credits chosen from Africana and Puerto Rican/Latino sequence courses as follows: 2 at the 100/200 and 2 at the 300/400 levels.
Africana and Puerto Rican/Latino Studies

AFPRL 31800 - Women in Africa (W)

Pluralism and Diversity
PD/C
GER
3/B

Examination of African womanhood in traditional setting during colonialism and neo-colonialism, independence and revolution.
cross-listed WGSC 31800 (A Writing-intensive Course)
prereq: AFPRL 20200 or 22200 or perm instr.
3 hrs
3 cr.

AFPRL 31900 - Women in the African Diaspora (W)

Pluralism and Diversity
PD/B or C
GER
3/B

The cultural-historical role of women of African descent in North America and the Caribbean in relation to the family, to political resistance and in sustaining African culture and values.
cross-listed WGSC 32900 (W)
prereq: AFPRL 20400 or 20900 or 21000 or perm instr.
3 hrs
3 cr.

AFPRL 32000 - African-Caribbean Culture (W)

Pluralism and Diversity
PD/A or B
GER
3/A

prereq: AFPRL 20900 or 21000 or 22200
3 hrs
3 cr.

AFPRL 32100 - Caribbean Migration and New York City (W)
An historical examination of the lives of Caribbean immigrants in New York City from the causes for emigration to the development of an ethnic community in the City.

*prereq: ENGL 12000; AFPRL 20700, 20800, 20900, 21000, 30700 or 30800*

3 hrs
3 cr

**AFPRL 33600 - African-American Women Writers (W)**

African-American female authors from slavery to present: novels, short stories, essays, plays, poetry, teenage fiction and children's books.

*cross-listed WGS 33600 (W)*

*prereq: AFPRL 23600 or perm instr.*

3 hrs
3 cr.

**AFPRL 33700 - Caribbean Women Writers (W)**

A study of some of the major preoccupations of Caribbean fiction, such as history, migration/travel, creolization, memory and language, from the perspectives of selected women writers, paying close attention to the historical, intellectual and cultural contexts that stimulated the production of these works.

*cross-listed WGS 33700 (W)*

*prereq: AFPRL 23600 or 23700 or ENGL 22000 or WGS 10000*

3 hrs
3 cr.

**AFPRL 34200 - Political Nationalism in Puerto Rico (W)**

Nationalist ideology in Puerto Rico: its impact on contemporary political movements and economy.

*prereq: AFPRL 24200 or perm instr.*

3 hrs
3 cr.

**AFPRL 35100 - Major Puerto Rican Figures (W)**
Pluralism and Diversity
PD/A or B
GER
3/B

Theorists, poets and statesmen in formation of Puerto Rican nationality.
<i>prereq: AFPRL 14300 or 24200 or 24300</i>
3 <i>hrs</i>
3 <i>cr.</i>

AFPRL 35200 - Power Structure in Puerto Rico (W)

GER
3/B

Social analysis of class divisions, role of the economy and the United States presence in Puerto Rico.
<i>prereq: AFPRL 24300 or 27000</i>
3 <i>hrs</i>
3 <i>cr.</i>

AFPRL 35500 - The African Image in 19th and 20th century Spanish Antillean Poetry (W)

Pluralism and Diversity
PD/A
GER
3/A

The portrayal of the African image in Spanish Antillean poetry seen through the work and poetic trends of its major exponents.
<i>prereq: AFPRL 14300 or SPAN 20800, reading knowledge of Spanish</i>
3 <i>hrs</i>
3 <i>cr.</i>

AFPRL 35600 - Latino Literature in English (W)

Pluralism and Diversity
PD/B
GER
3/A

Latino writing in English in the U.S.; analysis of cultural, linguistic and ideological factors as found in the work of such authors as Sandra Cisneros (Chicana), Pedro Pietri (Puerto Rican) and Oscar Hijuelos (Cuban-American).
3 <i>hrs</i>
3 <i>cr.</i>

AFPRL 36000 - Politics in Puerto Rico (W)

GER
3/B

Analysis of the political status issue, development of political parties, national leadership and participation.
prereq: AFPRL 24200 or 34200 or perm instr.
3 hrs
3 cr.

**AFPRL 36200 - Puerto Rican and Caribbean Religious Practices (W)**

**Pluralism and Diversity**

**GER**
3/A

Reading knowledge of Spanish suggested. Analysis of roots of folk religion in Indian, African and Spanish cultures.
Religious syncretisms, popular imagery and ritual practices.

*prereq: AFPRL 14100 or 24300*
3 hrs
3 cr.

**AFPRL 38400 - Poverty in Society (W)**

**GER**
3/B

Causes and effects of deprivation, with emphasis on policy and program approaches for African Americans and Puerto Ricans/Latinos.

*prereq: successful completion of any 2 AFPRL courses*
3 hrs
3 cr.

**AFPRL 38700 - Puerto Rican/Latino Politics in the United States (W)**

**Pluralism and Diversity**

**GER**
3/B

An analysis of the political participation and leadership of Puerto Ricans and other Latinos in the United States.

*prereq: either AFPRL 10200, 24200 or 24400 or perm. Instr.*
3 hrs
3 cr.

**AFPRL 39000 - Research Topics in Africana and Puerto Rican/Latino Studies (W)**

**GER**
3/A or B

Topics change according to instructor.
Open to Jr/Sr only.
3 hrs
3 cr.
AFPRL 42800 - Selected Topics in Africana and Puerto Rican/Latino Studies: Social Science

Pluralism and Diversity
PD/B
GER
3/A or B

Topics change according to instructor.
Pluralism and diversity requirements are dependent on the topic course.

prereq: perm dept.
3 hrs
3 cr.

AFPRL 42863 - Afro-Latino Culture and History

Pluralism and Diversity
PD/A
GER
3/A

3 hrs
3 cr.

AFPRL 44500 - Caribbean Short Story in Spanish: Readings and Theories

GER
3/A

A critical study of the short story genre in the Hispanic Caribbean viewed in conjunction with contemporary literary theory.

prereq or coreq: SPAN 20800
3 hrs
3 cr.

AFPRL 49900 - Honors

Individual research and 30 page honors essay based on assigned theme under supervision of a full-time AFPRL faculty member.

prereq: completion of 24 AFPRL credits including three 300/400 level courses; only open to AFPRL upper seniors with 3.5 major GPA and 3.0 cumulative GPA.
3 hrs
3 cr.

Africana and Puerto Rican/Latino Studies: Courses Less Frequently Offered

AFPRL 18100 - Language and Ethnic Identity
Hunter Core
Individual and Society (Social Sciences) - I&S SS

**AFPRL 18200 - Culture and Ethnic Identity**

Hunter Core
World Culture and Global Issues (WCGI)

**AFPRL 24800 - Caribbean Spanish**

**AFPRL 27600 - The Puerto Rican Family**

**AFPRL 31400 - Blacks in Labor and Politics (W)**

GER
3/B

Black labor from emancipation to present. Emphasis on period between New Deal and present.

*prereq: AFPRL 20400 or 20500 or perm instr.*

3 hrs
3 cr.

**AFPRL 32200 - African World View: Philosophy and Symbolic Thought (W)**

Pluralism and Diversity
PD/A
GER
3/A

Examination of African religious systems, metaphysical conceptions and philosophy.

*prereq: AFPRL 22200 or perm instr.*

3 hrs
3 cr.

*offered every other sem.*

**AFPRL 32300 - Islam and Christianity in Africa (W)**

GER
3/A

Examination of relationship of Islam and Christianity to primary African religion and their political role in African history.

*prereq: AFPRL 201 or 202 or 222 or perm instr.*

3 hrs
3 cr.

**AFPRL 32400 - African-American Ethnohistory (W)**

Ethnohistorical survey of development of Black culture in the diaspora; reinterpretation of African forms in Western European environment.
prereq: AFPRL 22000 or perm instr.
3 hrs
3 cr.

**AFPRL 33000 - Autobiography as a Theme in Black Literature (W)**

**GER**
3/A

Treatment of autobiographical works of Black authors in U.S., Caribbean and Africa during 19th and 20th centuries.

*prereq: AFPRL 23600 or perm instr*
3 hrs
3 cr.

**AFPRL 37000 - Sociolinguistic Fieldwork in Black and Puerto Rican/Latino Speech Communities (W)**

**GER**
3/B

Sociolinguistic theory applied to linguistic varieties spoken in African American, African-Caribbean, Puerto Rican and other Latino communities.

*prereq: AFPRL 18100 or ANTHC 15100*
3 hrs
3 cr.

**AFPRL 40100 - Pan-Africanism**

**GER**
3/B

Seminar traces development of Pan-Africanism through the 20th century.
Not open to freshmen.

*prereq: AFPRL 20200 or 20400 or 20600*
3 hrs
3 cr.

**AFPRL 40200 - African American Political Thought**

**GER**
3/B

Comparative theorists; methods and ideological currents.

*prereq: AFPRL 20300 or 20400 or 20500*
3 hrs
3 cr.

**AFPRL 40300 - Development Strategies in the African-Caribbean**

**GER**
3/B
Analysis of developmental strategies used by Caribbean nations after independence.  
prereq: AFPRL 20700 or 20800 or 20900 or 21000 or perm instr.  
3 hrs  
3 cr.

**AFPRL 42000 - The Black Church and Social Change**

GER  
3/B  
In-depth study of the sociopolitical role of Black church in political struggle of Black people with special emphasis on America.  
prereq: AFPRL 20300 or 20400 or 20500 or perm instr.  
3 hrs  
3 cr.

**AFPRL 44200 - History of Puerto Rican Labor Movements**

GER  
3/B  
Historical development of Puerto Rican working class, its movements and organizations from 19th century to present.  
prereq: AFPRL 24200 or 27000  
3 hrs  
3 cr.

**Swahili**

**SWA 10100 - Swahili I**

Introduction to Swahili, pronunciation and elements of grammar.  
SWA 101 is usually not credited without completing SWA 102. For details about credit policy, please see Appendix II: Foreign Language Requirement.  
3 hrs  
3 cr.

**SWA 10200 - Swahili II**

Introduction to Swahili, pronunciation and elements of grammar.  
Each credit for SWA 10100 is not given until SWA 10200 completed  
3 hrs  
3 cr.

**SWA 20100 - Swahili III**

Grammar review, composition oral practice.  
prereq: SWA 10200 or demonstrated competence in speaking and writing
SWA 20200 - Swahili IV

Review of morphology and syntax original composition, intensive oral practice.
prereq: SWA 20100 or demonstrated competence as a native speaker
3 hrs
3 cr.

Yoruba

YOR 10100 - Yoruba I

Elementary Yoruba. Introduction to language and culture of Yoruba People of Nigeria. Each credit for YOR 10100 is not given until YOR 10200 is completed
3 hrs
3 cr. each

YOR 10200 - Yoruba II

Elementary Yoruba. Introduction to language and culture of Yoruba People of Nigeria. Each credit for YOR 10100 is not given until YOR 10200 is completed
3 hrs
3 cr. each

YOR 20100 - Yoruba III

Writing and reading of Yoruba language, including study of grammar and syntax.
prereq: YOR 10200 or demonstrated competence in speaking and writing
3 hrs
3 cr.

YOR 20200 - Yoruba IV

Intensive writing and reading of Yoruba language and continuation of study of grammar and syntax.
prereq: YOR 20100 or demonstrated competence as a native speaker
3 hrs
3 cr.

Programs and Courses in Anthropology

Anthropology

About the Department
Faculty

Anthropology Faculty

HEGIS Code: 2202

Undergraduate Major

Anthropology - BA

BA in Anthropology

The anthropology major is designed to give students an overview of the discipline, as well as training in all four fields of the subject (archaeology, cultural anthropology and ethnology, anthropological linguistics and biological anthropology). The anthropology major consists of 25 credits [see table below]. To declare a major in anthropology, the student must have completed at least one course in anthropology with a C grade or better. In order to graduate with a major in anthropology, students must earn a C grade or better in all required courses and electives counted toward the major (effective for students declaring the major after September 1, 2007)
Foundational Courses

Students with no prior background in this academic field will need one 3 credit Foundational Course. This course must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

ANTHC 10100 - Introduction to Cultural Anthropology

Hunter Core
- Individual and Society (Social Sciences) - I&S SS
- Pluralism and Diversity
  - PD/A
  - GER
  - 2/B

Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.

3 hrs
3 cr.
offered every sem.

Hunter Core Requirement

Note: Several courses leading to or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student’s advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

In the case of the anthropology major, the courses that meet CCC are:

<table>
<thead>
<tr>
<th>Course</th>
<th>CUNY Common Core</th>
<th>Foundational or Major</th>
</tr>
</thead>
<tbody>
<tr>
<td>ANTHP 10100 (STEM)</td>
<td>Life and Physical Sciences</td>

</tbody>
</table>

*Please note that no more than two courses from any one department will count for the CUNY Common Core.*

Credits required for the major 25-28

- Foundational Course (for students without background in the field) = 3 cr.
- Major in Anthropology = 25 cr.
  - Biological Anthropology (4 cr.)
Linguistics (3 cr.)
Archaeology (3 cr.)
Research Design (3 cr.)
History of Anthr. Theory (3 cr.)
Electives (9 cr.)

Total for students without background in the field = 28 cr.

Major 25 cr.

Major Requirements

Biological Anthropology: Human Evolution or Human Variation (4 cr.)

ANTHP 10100 (STEM) - Human Evolution

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E

The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab)
4 cr.
offered every sem.

Linguistics: Intro to Linguistics (3 cr.)

ANTHC 15100 - Introduction to Linguistics

Hunter Core
World Cultures and Global Issues (WCGI)
GER
2/B

Structure and analysis of human languages; language history; language in society, culture and mind; language universals.
3 hrs
3 cr.

Archaeology: Intro to Prehistoric Archaeology (3 cr.)

ANTHC 12600 - Introduction to Prehistoric Archaeology

Hunter Core
World Culture and Global Issues (WCGI)
GER
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.

3 hrs
3 cr.
offered every sem.

Research Design (3 cr.)

ANTHC 31400 - Research Design in Anthropology

Pluralism and Diversity
GER 3/B
Introduction to basic principles of research design employed in anthropology.

prereq: ANTHC 10100
3 hrs
3 cr.

History of Anthropological Theory (3 cr.)

ANTHC 31800 - History of Anthropological Theory

Pluralism and Diversity
PD/D
GER
3/B

Changing approaches to the study of society and culture. Political and historical context of the development of theory, the link between theory and method and the impact of theory on policy.

prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.

Elective courses (9 cr.)

(selected from above fields)

Total credits 25

Minor in Anthropology

There are two new rules about the minor. First, the minor department controls the minor. Second, the minor is no longer a degree requirement.

General Anthropology

The Anthropology Minor provides students an overview of the discipline through survey courses in each of the four primary subfields of anthropology. It is designed to help students appreciate the significance of, and relations between, language, biology, and culture, for human beings past and present. The minor consists of four courses for a total of 13
In order to graduate with an Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

The minor includes the following three required courses:

**ANTHC 10100 - Introduction to Cultural Anthropology**

**Hunter Core**
- Individual and Society (Social Sciences) -I&S SS

**Pluralism and Diversity**
- PD/A
- GER
- 2/B

Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.
- 3 hrs
- 3 cr.
- offered every sem.

**ANTHC 12600 - Introduction to Prehistoric Archaeology**

**Hunter Core**
- World Culture and Global Issues (WCGI)
- GER
- 2/B

Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
- 3 hrs
- 3 cr.
- offered every sem.

**ANTHC 15100 - Introduction to Linguistics**

**Hunter Core**
- World Cultures and Global Issues (WCGI)
- GER
- 2/B

Structure and analysis of human languages; language history; language in society, culture and mind; language universals.
- 3 hrs
- 3 cr.

Plus one additional course selected from the following two options:

**ANTHP 10100 (STEM) - Human Evolution**

**Hunter Core**
- Life and Physical Sciences (LPS) Scientific World (SW)
- GER
- 2/E
The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.

6 hrs (3 hrs lec, 3 hrs lab)
4 cr.
offered every sem.

Minor in Linguistic Anthropology

The Linguistic Anthropology Minor introduces students to the comparative and interdisciplinary study of language as a cultural resource and speaking as a cultural practice. In its study of the ways in which language and culture are interrelated, linguistic anthropology often draws from linguistics, sociology, psychology, philosophy, communication studies, as well as education, semiotics, and ethnic and literary studies. The Minor consists of a minimum of 12 credits from any of the following courses, or other courses with approval of the departmental undergraduate adviser. In order to graduate with a Linguistic Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

ANTHC 15100 - Introduction to Linguistics

Hunter Core
World Cultures and Global Issues (WCGI)
GER
2/B

Structure and analysis of human languages; language history; language in society, culture and mind; language universals.
3 hrs
3 cr.

ANTHC 35100 - Language in Culture and Society

GER
3/B

Sociolinguistics; ethnography of communication; languages and dialects; face-to-face interaction; bilingualism in social and political life; language, ideology and identity.
3 hrs
3 cr.

ANTHC 40100 - Seminars in Selected Topics

Topics TBA.

Minor in Anthropological Archaeology

The Anthropological Archaeology Minor introduces students to the study of past human societies and cultural diversity from an anthropological perspective. The minor consists of a minimum of 12 credits from the courses listed below, or other courses with the approval of the departmental undergraduate adviser. Only one non-ANTHC course from the following list may count towards the minor. In order to graduate with an Anthropological Archaeology Minor, students must earn a C grade or better in all the courses counted towards the minor.
ANTHC courses:

**ANTHC 12600 - Introduction to Prehistoric Archaeology**

**Hunter Core**
World Culture and Global Issues (WCGI)
**GER**
2/B

Human social and cultural evolution from the earliest humans to the rise of the first civilizations.

*3 hrs
3 cr.*

*offered every sem.*

**ANTHC 12700 - Methods In Archaeological Science**

**Hunter Core**
SW
Introduction to theory and method of scientific research in archaeology.

*prereq: ANTHC 12600 or perm instr.*

*3 hrs
3 cr.*

**ANTHC 34600 - Analytic Methods in Archaeology**

**GER**
3/B

Theory and methods of analysis of materials recovered from archaeological excavations and surveys.

*prereq: ANTHC 12600 or perm instr.*

*5 hrs (3 hrs lec, 2 lab)
4 cr.*

Non-ANTHC courses

**ANTHP 10100 (STEM) - Human Evolution**

**Hunter Core**
Life and Physical Sciences (LPS) Scientific World (SW)
**GER**
2/E

The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.

*6 hrs (3 hrs lec, 3 hrs lab)
4 cr.*

*offered every sem.*
CLA 20400 - Introduction to Classical, Near Eastern, and Egyptian Archaeology (W)

**Hunter Core**
World Culture and Global Issues (WCGI)

**GER**
2/C

Introduction to ancient archaeology, including Greece and Rome, Mesopotamia, Egypt, Anatolia, and the Levant.

*prereq: ENGL 12000*

3 hrs

3 cr.

GEOG 10100 - People and Their Environment

**Hunter Core**
Individual and Society - Social Science

**GER**
2/B

A broad overview of subjects and ideas in geography, possibly the most internally diverse of the social sciences. Covers the geographical aspects of topics including weather and climate, landforms, religions, food, cities, economics, culture, politics and much more. While students will be expected to understand the basics of each of the topics covered, the overarching emphasis will be on understanding the relationships among them. As such, the course builds from one topic to the next, ultimately stressing the sheer geographical complexity and wonder of modern life.

Contemporary economic, political and social patterns and problems are discussed.

3 hrs

3 cr.

*offered fall and spring.*

GEOL 10000 - Introductory to Geology

**Hunter Core**
Scientific World (SW)

**GER**
2/E

Introduction to Geology is the study of the physical aspects of our planet. The goal of this course is to provide students with a basic understanding of the forces continuously shaping the surface of our planet and the influence they have on our environment, so that their appreciation and interest in our planet is heightened. At the same time, this course provides a strong fundamental background for students who want to pursue more advanced geological and environmental studies courses.

3 hrs (3 lec, 3 lab)

3 cr.

*Offered fall and spring.*

Minor in Cultural Anthropology or Ethnology
The Cultural Anthropology Minor introduces students to the study of contemporary human cultures through a focus on cross-cultural similarities and differences in such areas as kinship, politics, economics, religion, sexuality, gender, and artistic production. The minor consists of a minimum of 12 credits from the courses listed below, as well as others that may be approved by the departmental undergraduate adviser. In order to graduate with a Cultural Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

**ANTHC 10100 - Introduction to Cultural Anthropology**

**Hunter Core**
Individual and Society (Social Sciences) -I&S SS

**Pluralism and Diversity**
PD/A
GER
2/B

Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.

3 hrs
3 cr.
offered every sem.

**ANTHC 21500 - The Anthropology of Black America (W)**

**Pluralism and Diversity**
PD/B
GER
3/B

Examines anthropological knowledge about Black America and the various socio-political contexts in which this body of scholarship has been produced. Focuses on the politics of knowledge production on Black culture.

prereq: ENGL 12000

3 hrs
3 cr.

**ANTHC 27500 - Reading Ethnographies (W)**

GER
3/B

Examines the most significant mode of writing within cultural anthropology: the ethnography. Students explore interpretive, theoretical and political issues in the representation of cultures through close reading and analysis of ethnographic texts.

prereq: ANTHC 10100 or perm instr.

prereq or coreq: ENGL 12000

3 hrs
3 cr.

**ANTHC 30100 - Gender in Anthropological Perspective**

**Pluralism and Diversity**
PD/C
GER
Men and women in different societies, division of labor, socialization, stratification, political activism and gender construction. 
cross-listed WGSC 30100 
prereq: ANTHC 10100 or perm instr. 
3 hrs 
3 cr.

ANTHC 30900 - Countryside and City: Comparative Perspectives

Rural-urban connections and the transformations that affect rural areas and peoples in diverse parts of the world. 
prereq: ANTHC 10100 or perm instr. 
3 hrs 
3 cr.

ANTHC 31000 - Politics and Power in Anthropological Perspective

Pluralism and Diversity 
PD/A 
GER 
3/B

Leadership, conflict, inequality, decision-making and law in different societies; interaction of local politics with state and global institutions. 
prereq: ANTHC 10100 or perm instr. 
3 hrs 
3 cr.

ANTHC 31800 - History of Anthropological Theory

Pluralism and Diversity 
PD/D 
GER 
3/B

Changing approaches to the study of society and culture. Political and historical context of the development of theory, the link between theory and method and the impact of theory on policy. 
prereq: ANTHC 10100 or perm instr. 
3 hrs 
3 cr.

ANTHC 32000 - Problems in Anthropology

GER 
3/B

Topics TBA. Recent courses have looked at globalization, social movements and civil society, energy policy, women and economic development, international migration. Depending on topic, may meet PD/A, B, or C. 
prereq: perm instr. 
3 hrs
ANTHC 32200 - Family and Household in Anthropology and History

Pluralism and Diversity
PD/C
GER
3/B

Examines variations in household structure and family relations across cultures and over time, focusing on the relationship between domestic arrangements and other aspects of society.

prereq or coreq: ANTHC 10100
3 hrs
3 cr.

ANTHC 35100 - Language in Culture and Society

GER
3/B

Sociolinguistics; ethnography of communication; languages and dialects; face-to-face interaction; bilingualism in social and political life; language, ideology and identity.

3 hrs
3 cr.

ANTHC 40000 - Honors Projects

prereq: perm chair
offered every sem.

Minor in Physical Anthropology

The Physical Anthropology Minor introduces students to the study of human evolution, including human variation, paleontology, genetics, and primatology. The Minor consists of a minimum of 12 credits. These must include ANTHP 10100 (STEM) - Human Evolution (4 Cr). The remaining credits can be filled by any ANTHP courses. Also, one (and only one) non-ANTHP course from the following list may count towards the minor. In order to graduate with a Physical Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

Required course for the minor

ANTHP 10100 (STEM) - Human Evolution

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E

The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.

6 hrs (3 hrs lec, 3 hrs lab)
ANTHP 30100 - Human Fossil Record

**Pluralism and Diversity**
PD/C
**GER**
3/B

The hominid fossil record of Africa, Asia and Europe. Human evolution as evidenced in fossil record.

*prereq: ANTHP 10100, 10200, or equiv.*

3 hrs
3 cr.

ANTHP 30200 - Human Genetics

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability.

*prereq: ANTHP 10100 or ANTHP 10200 or BIOL 10200 or ANTHP 10500*

3 hrs
3 cr.

ANTHP 31000 - Primate Ecology and Behavior

**GER**
3/B

Examination of ecological factors responsible for the distribution and behavior of living primate species.

*prereq: ANTHP 10100 or 10200 or BIOL 10000 or 10200*

3 hrs
3 cr.

ANTHP 31100 - Primate Evolution

**GER**
3/B

65 million years of evolution covering the appearance and radiation of our own mammalian Order. A detailed look at the primate fossil record and the evolution of primate anatomy, behavior, and ecology.

*prereq: ANTHP 10100 or perm instr.*

3 hrs
3 cr.

ANTHP 31200 - Primate Evolutionary Genetics

Examines evolutionary relationships, social behavior, natural selection, disease, population history, demography, medicine and genomics. This course draws on readings from the primary literature.

*prereq: ANTHP 10100 OR ANTHP 10200 OR BIOL 10200 OR ANTHP 10500*
3 hrs
3 cr.

**ANTHP 31600 - Human Evolutionary Adaptations**

**GER**
3/B

How does the human body work, and how did it get that way? This course investigates the workings and evolution of all aspects of human biology. Human physiology is considered in an evolutionary framework.

*prereq: ANTHP 10100 or ANTHP 10500*

3 hrs
3 cr.

**ANTHP 40100 - Seminars in Selected Topics**

Course provides in-depth study of specific topics in field of physical anthropology.

*prereq: prereq; depends on topic*

3 hrs
3 cr.

Non-ANTHP courses

**ANTHC 12600 - Introduction to Prehistoric Archaeology**

**Hunter Core**  
World Culture and Global Issues (WCGI)

**GER**
2/B

Human social and cultural evolution from the earliest humans to the rise of the first civilizations.

3 hrs
3 cr.

*offered every sem.*

**BIOL 10000 (STEM) - Principles of Biology I**

**Hunter Core**  
Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**  
PD/C or D

**GER**
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

*prereq: MATH 12500, CHEM 10200*

7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

**BIOL 12000 - Anatomy and Physiology I**

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.
Not accepted for credit toward the biology major.

*prereq: CHEM 10000, 10100*
*coreq: CHEM 12000, 12100*

7hrs (3hr Lecture, 1hr Recitation, 3hr Lab)
4.5 cr.
fall only

**GEOL 10000 - Introductory to Geology**

**Hunter Core**
Scientific World (SW)
**GER**
2/E

Introduction to Geology is the study of the physical aspects of our planet. The goal of this course is to provide students with a basic understanding of the forces continuously shaping the surface of our planet and the influence they have on our environment, so that their appreciation and interest in our planet is heightened. At the same time, this course provides a strong fundamental background for students who want to pursue more advanced geological and environmental studies courses.

3 hrs (3 lec, 3 lab)
3 cr.
Offered fall and spring.

**PSYCH 16000 - Evolution and Behavior**

**GER**
2/B

Aggression, sleep, learning, communication, emotion, motivation and social behavior in human and other species; underlying mechanisms, development, evolutionary history.

*prereq: PSYC 10000*

3 hrs
3 cr.

**Honors Work**

Honors work is possible in each of the major branches of anthropology. The emphasis is on independent student research under the supervision of a faculty member. In order to graduate with departmental honors in anthropology, a student must: (1) have taken at least 2 credits of ANTHC 40000; (2) have a GPA in the major of not less than 3.5 and a cumulative GPA of not less than 2.8 at the time of graduation; and (3) complete a departmental honors form available from the departmental undergraduate adviser.

**ANTHC 40000 Honors Project**
(available to students in each of the four fields of anthropology) Open to qualified juniors and seniors every semester. Research under supervision of a faculty member. From 2 to 3 credits per semester, depending on the nature of the student's work. May be taken for 1, 2, or 3 semesters for a maximum of 6 credits. To apply, students must (1) present a research plan prepared in conjunction with a faculty member; (2) have this plan approved by the undergraduate adviser and the department chair; and (3) obtain approval prior to preregistration.

Interdepartmental Fields

Students who want to do work in anthropology as part of an interdepartmental field, such as Africana and Puerto Rican/Latino studies, Latin American and Caribbean studies, religion, urban affairs and planning, or women and gender studies, should refer to descriptions under the department or field of their interest.

Undergraduate Major/Graduate Major

Anthropology - BA/MA

A special feature of the Hunter Anthropology Department is the innovative BA/MA program, designed to permit a small number of highly motivated students to begin graduate study before completing their undergraduate degrees. The program allows students to pursue the MA degree as part of the undergraduate curriculum by substituting graduate courses for electives in their degree programs. Participants fulfill all the requirements for the BA and MA degrees in anthropology. The total number of credits taken by the student is 130. At least 30 must be graduate credits (the same number of course credits required of a student admitted as a matriculated graduate student with a BA in hand). Graduate courses may fulfill undergraduate major requirements with the exception of. Applicants to the BA/MA program must have a minimum GPA of 3.25 and a minimum of 3.5 in their anthropology courses. Students must apply to the program early in their academic careers, usually before beginning the junior year.

Please note: This program is suspended. It is not currently admitting new students. For further information, please contact the department at (212) 772-5410.

Undergraduate Minor

Minor in Anthropological Archaeology

The Anthropological Archaeology Minor introduces students to the study of past human societies and cultural diversity from an anthropological perspective. The minor consists of a minimum of 12 credits from the courses listed below, or other courses with the approval of the departmental undergraduate advisor. Only one non-AN-C course from the following list may count towards the minor. In order to graduate with an Anthropological Archaeology Minor, students must earn a C grade or better in all the courses counted towards the minor.

Courses for the Minor

ANTHC 12600 - Introduction to Prehistoric Archaeology
Hunter Core
World Culture and Global Issues (WCGI)
GER
2/B

Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs
3 cr.
offered every sem.

ANTHC 12700 - Methods In Archaeological Science

Hunter Core
SW
Introduction to theory and method of scientific research in archaeology.
prereq: ANTHC 12600 or perm instr.
3 hrs
3 cr.

ANTHC 22600 - Archaeology of Africa

Pluralism and Diversity
PD/A
GER
3/B

Prehistory; origins, adaptations, cultural evolution of early hominids; origins of agriculture, early complex societies.
prereq: ANTHC 12600 or perm instr.
3 hrs
3 cr.

ANTHC 23200 - Archaeology of South America and the Caribbean

GER
3/B

Sociocultural development from early hunter-gatherers to first pre-Hispanic states and empires.
prereq: ANTHC 12600 or perm instr.
3 hrs
3 cr.

ANTHC 32000 - Problems in Anthropology

GER
3/B

Topics TBA. Recent courses have looked at globalization, social movements and civil society, energy policy, women and economic development, international migration. Depending on topic, may meet PD/A, B, or C.
prereq: perm instr.
3 hrs
3 cr.
offered every sem.
ANTHC 32600 - Rise of Old and New World Civilizations

GER
3/B

Theoretical and empirical examination of development of urbanism and state, in the Old and New Worlds.
prereq: ANTHC 12600 or perm instr.
3 hrs
3 cr.

ANTHC 32700 - Prehistoric Cultural Ecology

GER
3/B

Survey of selected problems in human evolution and adaptation from an ecological perspective.
prereq: ANTHC 12600 or perm instr
3 hrs
3 cr.

ANTHC 34600 - Analytic Methods in Archaeology

GER
3/B

Theory and methods of analysis of materials recovered from archaeological excavations and surveys.
prereq: ANTHC 12600 or perm instr.
5 hrs (3 hrs lec, 2 lab)
4 cr.

ANTHC 42600 - Seminar in Archaeological Field Methods

Pluralism and Diversity
See note below
Introduction to field methods and techniques in survey and excavation; involves weekend fieldwork on nearby sites.

The only ANTHC 42600 courses that currently meet Pluralism and Diversity Requirement are:

ANTHC 42659 Archaeology of North America meets PD/B
ANTHC 42660 Archaeology of Colonialism meets PD/D
prereq: ANTHC 12600 or perm instr.
3 hrs
3 cr.

Non ANTHC Courses:

ANTHP 10100 (STEM) - Human Evolution

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E
The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.

*6 hrs (3 hrs lec, 3 hrs lab)*

*4 cr.*

offered every sem.

**CLA 20400 - Introduction to Classical, Near Eastern, and Egyptian Archaeology (W)**

**Hunter Core**
World Culture and Global Issues (WCGI)
**GER**
2/C

Introduction to ancient archaeology, including Greece and Rome, Mesopotamia, Egypt, Anatolia, and the Levant.

*prereq: ENGL 12000*

*3 hrs*

*3 cr.*

**GEOG 10100 - People and Their Environment**

**Hunter Core**
Individual and Society - Social Science
**GER**
2/B

A broad overview of subjects and ideas in geography, possibly the most internally diverse of the social sciences. Covers the geographical aspects of topics including weather and climate, landforms, religions, food, cities, economics, culture, politics and much more. While students will be expected to understand the basics of each of the topics covered, the overarching emphasis will be on understanding the relationships among them. As such, the course builds from one topic to the next, ultimately stressing the sheer geographical complexity and wonder of modern life. interact with it. Contemporary economic, political and social patterns and problems are discussed.

*3 hrs*

*3 cr.*

offered fall and spring.

**GEOL 10000 - Introductory to Geology**

**Hunter Core**
Scientific World (SW)
**GER**
2/E

Introduction to Geology is the study of the physical aspects of our planet. The goal of this course is to provide students with a basic understanding of the forces continuously shaping the surface of our planet and the influence they have on our environment, so that their appreciation and interest in our planet is heightened. At the same time, this course provides a strong fundamental background for students who want to pursue more advanced geological and environmental studies courses.
Minor in Anthropology

The Anthropology Minor provides students an overview of the discipline through survey courses in each of the four primary subfields of anthropology. It is designed to help students appreciate the significance of, and relations between, language, biology, and culture, for human beings past and present. The minor consists of four courses for a total of 13 credits. In order to graduate with an Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

The minor includes the following three required courses:

**ANTHC 10100 - Introduction to Cultural Anthropology**

Hunter Core
Individual and Society (Social Sciences) - I&S SS
Pluralism and Diversity
PD/A
GER
2/B

Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.

3 hrs
3 cr.
offered every sem.

**ANTHC 12600 - Introduction to Prehistoric Archaeology**

Hunter Core
World Culture and Global Issues (WCGI)
GER
2/B

Human social and cultural evolution from the earliest humans to the rise of the first civilizations.

3 hrs
3 cr.
offered every sem.

**ANTHC 15100 - Introduction to Linguistics**

Hunter Core
World Cultures and Global Issues (WCGI)
GER
2/B

Structure and analysis of human languages; language history; language in society, culture and mind; language universals.
3 hrs
3 cr.

Plus one additional course selected from the following two options:

**ANTHP 10100 (STEM) - Human Evolution**

**Hunter Core**
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E

The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.

6 hrs (3 hrs lec, 3 hrs lab)
4 cr.
offered every sem.

**Minor in Cultural Anthropology**

The Cultural Anthropology Minor introduces students to the study of contemporary human cultures through a focus on cross-cultural similarities and differences in such areas as kinship, politics, economics, religion, sexuality, gender, and artistic production. The minor consists of a minimum of 12 credits from the courses listed below, as well as others that may be approved by the departmental undergraduate advisor. In order to graduate with a Cultural Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

**Courses (12 cr.):**

**ANTHC 10100 - Introduction to Cultural Anthropology**

**Hunter Core**
Individual and Society (Social Sciences) -I&S SS

**Pluralism and Diversity**
PD/A
GER
2/B

Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.

3 hrs
3 cr.
offered every sem.

**ANTHC 20100 - The Middle East: Societies and Cultures**

**Pluralism and Diversity**
PD/A
GER
3/B
Peasant, nomadic and urban society; kinship, ethnic, religious and ecological diversity; colonialism and modernization.
3 hrs
3 cr.

**ANTHC 21400 - The Caribbean: Societies and Cultures**

**Pluralism and Diversity**
PD/A
GER
3/B

Indigenous peoples, colonization and slavery; minorities, race relations; family life, religion and economy.
3 hrs
3 cr.

**ANTHC 21500 - The Anthropology of Black America (W)**

**Pluralism and Diversity**
PD/B
GER
3/B

Examines anthropological knowledge about Black America and the various socio-political contexts in which this body of scholarship has been produced. Focuses on the politics of knowledge production on Black culture.
prereq: ENGL 12000
3 hrs
3 cr.

**ANTHC 27500 - Reading Ethnographies (W)**

GER
3/B

Examines the most significant mode of writing within cultural anthropology: the ethnography. Students explore interpretive, theoretical and political issues in the representation of cultures through close reading and analysis of ethnographic texts.
prereq: ANTHC 10100 or perm instr.
prereq or coreq: ENGL 12000
3 hrs
3 cr.

**ANTHC 30100 - Gender in Anthropological Perspective**

**Pluralism and Diversity**
PD/C
GER
3/B

Men and women in different societies, division of labor, socialization, stratification, political activism and gender construction.
cross-listed WGSC 30100
prereq: ANTHC 10100 or perm instr.
ANTHC 30700 - Anthropology of Religion

Pluralism and Diversity
PD/A
GER
3/B

Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.

ANTHC 30900 - Countryside and City: Comparative Perspectives

Rural-urban connections and the transformations that affect rural areas and peoples in diverse parts of the world.

prereq: ANTHC 10100 or perm instr.

ANTHC 31000 - Politics and Power in Anthropological Perspective

Pluralism and Diversity
PD/A
GER
3/B

Leadership, conflict, inequality, decision-making and law in different societies; interaction of local politics with state and global institutions.

prereq: ANTHC 10100 or perm instr.

ANTHC 31100 - Anthropology of Art

Pluralism and Diversity
GER 3/B

Symbolic forms of human behavior; paleolithic cave art, tribal art, ethnomusicology.

ANTHC 31200 - Anthropological Approaches to Sexuality

Pluralism and Diversity
PD/C
GER
3/B

Documents the social construction of human sexuality through an examination of sexual variation cross-culturally and
over recent history, including the development of sexually defined communities and identities within contemporary societies.

prereq: ANTHC 10100
3 hrs
3 cr.

ANTHC 31500 - Applied Anthropology

GER
3/B

Practical applications of theory and methods to contemporary social problems; community development; inter-cultural relations.

prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.

ANTHC 31800 - History of Anthropological Theory

Pluralism and Diversity
PD/D
GER
3/B

Changing approaches to the study of society and culture. Political and historical context of the development of theory, the link between theory and method and the impact of theory on policy.

prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.

ANTHC 32000 - Problems in Anthropology

GER
3/B

Topics TBA. Recent courses have looked at globalization, social movements and civil society, energy policy, women and economic development, international migration. Depending on topic, may meet PD/A, B, or C.

prereq: perm instr.
3 hrs
3 cr.
offered every sem.

ANTHC 32200 - Family and Household in Anthropology and History

Pluralism and Diversity
PD/C
GER
3/B

Examines variations in household structure and family relations across cultures and over time, focusing on the relationship between domestic arrangements and other aspects of society.

prereq or coreq: ANTHC 10100
3 hrs
3 cr.

ANTHC 32500 - Special Projects and Independent Research in Anthropology

GER
3/B

prereq: perm instr.
3 hrs
3 cr.
offered every sem.

ANTHC 35100 - Language in Culture and Society

GER
3/B

Sociolinguistics; ethnography of communication; languages and dialects; face-to-face interaction; bilingualism in social and political life; language, ideology and identity.
3 hrs
3 cr.

ANTHC 40000 - Honors Projects

prereq: perm chair
offered every sem.

ANTHC 40100 - Seminars in Selected Topics

Topics TBA.

Minor in Linguistic Anthropology

The Linguistic Anthropology Minor introduces students to the comparative and interdisciplinary study of language as a cultural resource and speaking as a cultural practice. In its study of the ways in which language and culture are interrelated, linguistic anthropology often draws from linguistics, sociology, psychology, philosophy, communication studies, as well as education, semiotics, and ethnic and literary studies.

Minor in Linguistic Anthropology

The Minor consists of a minimum of 12 credits from any of the following courses, or other courses with approval of the departmental undergraduate advisor. In order to graduate with a Linguistic Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

Choose from courses below:

ANTHC 15100 - Introduction to Linguistics
Hunter Core
World Cultures and Global Issues (WCGI)

GER
2/B

Structure and analysis of human languages; language history; language in society, culture and mind; language
universals.
3 hrs
3 cr.

ANTHC 32000 - Problems in Anthropology

GER
3/B

Topics TBA. Recent courses have looked at globalization, social movements and civil society, energy policy, women
and economic development, international migration. Depending on topic, may meet PD/A, B, or C.
prereq: perm instr.
3 hrs
3 cr.
offered every sem.

ANTHC 35100 - Language in Culture and Society

GER
3/B

Sociolinguistics; ethnography of communication; languages and dialects; face-to-face interaction; bilingualism in social
and political life; language, ideology and identity.
3 hrs
3 cr.

ANTHC 35400 - Grammatical Analysis and Theory

GER
3/B

Methods of syntax and morphology in work with diverse languages; syntactic theories and their development relative to
universals, semantics, pragmatics, discourse.
prereq: ANTHC 15100 or equiv.
3 hrs
3 cr.

ANTHC 40100 - Seminars in Selected Topics

Topics TBA.

Minor in Middle East Studies
The Minor in Middle East Studies seeks to develop students' understanding of the complex and interconnected political, economic, cultural, environmental, linguistic, historical, and religious issues in the region by fostering critical, interdisciplinary and global approaches to the study of the Middle East and its diasporas.

To this end, the Minor in Middle East Studies (MMES) requires completion of a minimum of 12 credits (4 courses). In addition, students are encouraged to fulfill the college language requirement through study of a regional language. However, there is no language requirement for the MMES.

No grade below B- shall be considered to fulfill these requirements.

Admission to the Minor

Students who have completed at least 3 credits of relevant coursework in Middle East Studies (including regional languages) with an average GPA of 3.0 may apply for admission to the Minor. To declare the Minor, students will complete the Minor Declaration form and meet with the Director. For advising purposes students are encouraged to apply early in their academic careers. Any Middle East Studies related courses taken prior to declaring the Minor shall count toward the 12 credit minimum for the Minor in Middle East Studies.

Credits earned toward the Minor in Middle East Studies shall not also count toward the fulfillment of Major or other Minor requirements.

Introductory survey course: 3 cr

All students will take one survey course in Middle East Studies chosen from among the following, or another general survey course subject to approval by the Director:

**ANTHC 20100 - The Middle East: Societies and Cultures**

*Pluralism and Diversity*

PD/A
GER
3/B

Peasant, nomadic and urban society; kinship, ethnic, religious and ecological diversity; colonialism and modernization.

*3 hrs*

*3 cr.*

**HIST 27650 - Middle Eastern History from the Beginning of Islam to 1800**

*Pluralism and Diversity*

PD/A

Religious, cultural and social changes in the region. The emergence of the religion of Islam, the expansion of the Islamic realm and the rise and fall of subsequent Islamic states up to the 18th century. Courses at the 300-level and above not offered to freshmen.

*3 hrs*

*3 cr.*

**HIST 27651 - The Modern Middle East from 1800 to the Present**

*Pluralism and Diversity*

PD/A
The transformation of states and peoples in the last two centuries in the region stretching from Turkey to Iran and including Iraq, Syria, Egypt and Arabia. Modern social and cultural trends, conflicts and reactions under the impact of imperialism, nationalism, economic trends and religious forces. Courses at the 300-level and above not offered to freshmen.

3 hrs
3 cr.

**MUSHL 24300 - Music of the Middle East**

Music and its relationship to tradition, modernity, gender, and politics in the major regions and ethnic groups of the Middle East and North Africa.

*prereq or coreq: MUSHL 10100, or MUSHL 10700, or MUSHL 20500, or MUST 10100, or permission of the instructor*

3 hrs
3 cr.

**POLSC 26300 - Government and Politics in the Middle East (W)**

**Pluralism and Diversity**

PD/A  
GER  
3/B

Introduction to Islamic societies and their politics with particular attention to cultures of region.

*prereq: ENGL 12000 or its equivalent*

3 hrs
3 cr.

Additional courses may be developed to fulfill this requirement

**Electives: 9 cr**

In addition, students will take a minimum of 9 credits in electives, and must choose at least one class focusing on the Middle East from each of the following three areas of concentration:

I) Historical Formations
II) Society and Politics
III) Arts, Literatures, and Cultures

Students may petition for other courses to fulfill the elective requirement.

Click here for a list of currently offered courses that meet these requirements:

List of Selected Approved Courses for the Minor in Middle East Studies

Students may fulfill 3 of the 9 credit hour elective requirement with advanced language and literature classes (3rd year and beyond), for Area of Concentration III) Arts, Literatures and Cultures. With the approval of the Director, students may take an independent study and one course from outside Hunter College to satisfy the requirements for the Minor.

**Minor in Physical Anthropology**
The Physical Anthropology Minor introduces students to the study of human evolution, including human variation, paleontology, genetics, and primatology. The Minor consists of a minimum of 12 credits. These must include ANTHP 101 Human Evolution (4 Cr). The remaining credits can be filled by any AN-P courses. Also, one (and only one) non-ANTHP course from the following list may count towards the minor. In order to graduate with a Physical Anthropology Minor, students must earn a C grade or better in all the courses counted towards the minor.

**Required course for the Minor:**

**ANTHP 10100 (STEM) - Human Evolution**

*Hunter Core*
Life and Physical Sciences (LPS) Scientific World (SW)
GER 2/E

The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.

*6 hrs (3 hrs lec, 3 hrs lab)*

*4 cr.*

*offered every sem.*

**8 or more credits from any of the following courses:**

Note: Only one non-ANTHP may be used for the Physical Anthropology Minor.

**ANTHP 30100 - Human Fossil Record**

*Pluralism and Diversity*
PD/C
GER 3/B

The hominid fossil record of Africa, Asia and Europe. Human evolution as evidenced in fossil record.

*prereq: ANTHP 10100, 10200, or equiv.*

*3 hrs*

*3 cr.*

**ANTHP 30200 - Human Genetics**

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability.

*prereq: ANTHP 10100 or ANTHP 10200 or BIOL 10200 or ANTHP 10500*

*3 hrs*

*3 cr.*

**ANTHP 31000 - Primate Ecology and Behavior**

GER 3/B
Examination of ecological factors responsible for the distribution and behavior of living primate species.

*prereq: ANTHP 10100 or 10200 or BIOL 10000 or 10200*

3 hrs
3 cr.

**ANTHP 31100 - Primate Evolution**

**GER**
3/B

65 million years of evolution covering the appearance and radiation of our own mammalian Order. A detailed look at the primate fossil record and the evolution of primate anatomy, behavior, and ecology.

*prereq: ANTHP 10100 or perm instr.*

3 hrs
3 cr.

**ANTHP 31200 - Primate Evolutionary Genetics**

Examines evolutionary relationships, social behavior, natural selection, disease, population history, demography, medicine and genomics. This course draws on readings from the primary literature.

*prereq: ANTHP 10100 OR ANTHP 10200 OR BIOL 10200 OR ANTHP 10500*

3 hrs
3 cr.

**ANTHP 31600 - Human Evolutionary Adaptations**

**GER**
3/B

How does the human body work, and how did it get that way? This course investigates the workings and evolution of all aspects of human biology. Human physiology is considered in an evolutionary framework.

*prereq: ANTHP 10100 or ANTHP 10500*

3 hrs
3 cr.

**ANTHP 40100 - Seminars in Selected Topics**

Course provides in-depth study of specific topics in field of physical anthropology.

*prereq: prereq; depends on topic*

3 hrs
3 cr.

Non ANTHP Courses:

**ANTHC 12600 - Introduction to Prehistoric Archaeology**

**Hunter Core**
World Culture and Global Issues (WCGI)
GER
2/B

Human social and cultural evolution from the earliest humans to the rise of the first civilizations.

3 hrs
3 cr.
offered every sem.

BIOL 10000 (STEM) - Principles of Biology I

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)

Pluralism and Diversity
PD/C or D

GER
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: MATH 12500, CHEM 10200

7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

BIOL 12000 - Anatomy and Physiology I

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.

Not accepted for credit toward the biology major.

prereq: CHEM 10000, 10100

coreq: CHEM 12000, 12100

7hrs (3hr Lecture, 1hr Recitation, 3hr Lab)
4.5 cr.
fall only

GEOL 10000 - Introductory to Geology

Hunter Core
Scientific World (SW)

GER
2/E

Introduction to Geology is the study of the physical aspects of our planet. The goal of this course is to provide students with a basic understanding of the forces continuously shaping the surface of our planet and the influence they have on our environment, so that their appreciation and interest in our planet is heightened. At the same time, this course provides a strong fundamental background for students who want to pursue more advanced geological and environmental studies courses.

3 hrs (3 lec, 3 lab)
Offered fall and spring.

**PSYCH 16000 - Evolution and Behavior**

**GER**
2/B

Aggression, sleep, learning, communication, emotion, motivation and social behavior in human and other species; underlying mechanisms, development, evolutionary history.

*prereq: PSYC 10000*

3 hrs

3 cr.

**Other Programs**

**List of Selected Approved Courses for the Minor in Middle East Studies**

(subject to Modification)

**Area I: Historical Formations**

**Anthropology**

**ANTHC 22800 - Archaeology of the Near East to 2000 BC**

**Pluralism and Diversity**

PD/A

**GER**

3/B

Sociocultural development of Near East from early hunter-gatherers to first states and empires.

*prereq: ANTHC 12600 or perm instr.*

3 hrs

3 cr.

**Classics**

**CLA 20400 - Introduction to Classical, Near Eastern, and Egyptian Archaeology (W)**

**Hunter Core**

World Culture and Global Issues (WCGI)

**GER**

2/C

Introduction to ancient archaeology, including Greece and Rome, Mesopotamia, Egypt, Anatolia, and the Levant.
CLA 22700 - Archaeology of Eastern Mediterranean (W)

Pluralism and Diversity
PD/A
GER
3/A

Cyprus, Southern Anatolia, Phoenicia, and Palestine, especially in Bronze Age.
prereq: ENGL 12000, CLA 20400
3 hrs
3 cr.

CLA 32200 - Archaeology of Mesopotamia and Iran (W)

Pluralism and Diversity
PD/A
GER
3/A

Sites, cultures, and styles of ancient Mesopotamia and Iran. First cities, tombs of Ur, ziggurats, palaces, Elamites and Persians.
prereq: ENGL 12000, CLA 20400
3 hrs
3 cr.

CLA 32300 - Archaeology of Anatolia (W)

Pluralism and Diversity
PD/A
GER
3/A

Sites, cultures, and styles of ancient Anatolia: Catal Huyuk, Troy, the Hittites, royal tombs of Phrygia and Lycia.
prereq: ENGL 12000, CLA 20400
3 hrs
3 cr.

Hebrew

HEBR 29000 - Biblical Archaeology

Hunter Core
Flexible Core: World Culture and Global Issues
Pluralism and Diversity
PD/A
GER
2/C
Study of Biblical sources in translation in relation to major archaeological discoveries in Israel and Near East.

3 hrs
3 cr

History

HIST 21000 - History of Judaism

GER
2/B

Survey of the Jewish religious tradition with attention to interactions between Judaism and other religions and to the role of Judaism in the formation of Christianity and Islam.
Courses at the 300-level and above not offered to freshmen.
3 hrs
3 cr.

HIST 27650 - Middle Eastern History from the Beginning of Islam to 1800

Pluralism and Diversity
PD/A
Religious, cultural and social changes in the region. The emergence of the religion of Islam, the expansion of the Islamic realm and the rise and fall of subsequent Islamic states up to the 18th century.
Courses at the 300-level and above not offered to freshmen.
3 hrs
3 cr.

HIST 27651 - The Modern Middle East from 1800 to the Present

Pluralism and Diversity
PD/A
The transformation of states and peoples in the last two centuries in the region stretching from Turkey to Iran and including Iraq, Syria, Egypt and Arabia. Modern social and cultural trends, conflicts and reactions under the impact of imperialism, nationalism, economic trends and religious forces.
Courses at the 300-level and above not offered to freshmen.
3 hrs
3 cr.

HIST 37300 - History of the Ottoman Empire (W)

Pluralism and Diversity
PD/A
GER
3/B

This course comprises, chronologically and thematically, the history of the Ottoman Empire from the Turkic migrations in the 12th-century to the end of the empire in 1923 and the rise of nationalism in the Middle East. Fundamental knowledge of the history of the Middle East is recommended.

prereq: ENGL 12000
Area II: Society and Politics

Anthropology

**ANTHC 20100 - The Middle East: Societies and Cultures**

*Pluralism and Diversity*
*PD/A*
*GER*
*3/B*

Peasant, nomadic and urban society; kinship, ethnic, religious and ecological diversity; colonialism and modernization.

*3 hrs*
*3 cr.*

**ANTHC 401.78 Ethnology of the Middle East**

**ANTHC 400 Ethnographies of the Middle East**

Hebrew

**HEBR 25900 - Old Testament Religion**

*Hunter Core*
*World Cultures and Global Issues (WCGI)*

*Pluralism and Diversity*
*PD/A*
*GER*
*2/C*

Comprehensive survey of ancient Israelite religious practice, expression and thought as reflected in Hebrew Bible.

*3 hrs*
*3 cr.*

Political Science

**POLSC 26300 - Government and Politics in the Middle East (W)**

*Pluralism and Diversity*
*PD/A*
*GER*
*3/B*

Introduction to Islamic societies and their politics with particular attention to cultures of region.

*prereq: ENGL 12000 or its equivalent*

*3 hrs*
*3 cr.*
POLSC 26400 - Government and Politics of Israel (W)

GER
3/B

Historic evolution of the Jewish state and its political system, social issues and foreign policy.

prereq: ENGL 12000 or its equivalent
3 hrs
3 cr.

Religion

REL 25200 - Ancient Near Eastern Religions (W)

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/A
GER
2/C

Study of Egyptian religion, religions of Sumer and Babylonia, religion of the early Hebrews (including the Old Testament).

prereq: ENGL 12000
3 hrs
3 cr.

REL 25300 - Abrahamic Religions (W)

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/D
GER
2/C

Study of Judaism, Christianity, and Islam-- with some considerations of Zoroastrian parallels.

prereq: ENGL 12000
3 hrs
3 cr.

REL 32200 - Islam (W)

Pluralism and Diversity
PD/A
GER
3/A

Study of Islam, its development, history, literature, philosophy and religious practices.

prereq: ENGL 12000
3 hrs
3 cr.

REL 32400 - Islam and Buddhism (W)

Pluralism and Diversity
PD/A
GER
3/A

Study of Islam and Buddhism, their founders, development, beliefs, rituals and interaction.
prereq: ENGL 12000
3 hrs
3 cr.

REL 33700 - Sufism (W)

Pluralism and Diversity
PD/A
GER
3/A

A course on the esoteric or mystical dimension of Islam, known among Muslims as ta'awwuf, attending to the history, doctrine and metaphysics of the Sufi path.
prereq: ENGL 12000
3 hrs
3 cr.

Sociology

SOC 36200 - Sociology of Islam (W)

GER
3/B

Introduction to Islam as religion and culture with emphasis on how misconceptions have permeated our understanding of Islam. Analysis from a historical perspective which serves as a framework for comprehending Islam's dogma, rituals, and legal system.
prereq: SOC 10100
3 hrs
3 cr.

Area III: Arts, Literatures and Cultures

Arabic

ARB 20000 - Topics in Arabic Literature and Culture

This course will focus on a variety of topics related to the literatures and cultures of the Arab World. Readings in translation. Specific information on a particular semester's offerings can be found on the on-line class schedule.
prereq: ENGL 12000 or equivalent
3 hrs.
3 cr.

ARB 25000 - The Arab Novel (in translation) (W)

Hunter Core
Creative Expression (CE)
Pluralism and Diversity
PD/A
GER
2/C

A consideration of Arab novels as a source for understanding issues such as urbanization, war, imperialism, nationalism, gender, as well as the politics of translation.
prereq: ENG 22000 or equiv.
3 hrs
3 cr.

ARB 25100 - Arab Cinema (in translation)

Hunter Core
Creative Expression (CE)
Pluralism and Diversity
PD/A
GER
2/D

This course will introduce students to the history of Arab Cinema through readings and weekly screenings of films from all over the Arab World.
prereq: ENGL 12000 or equivalent
3 hrs
3 credits

ARB 25200 - Literatures from the Islamic World (W)

Hunter Core
World Cultures and Global Issues (WCGI)
Pluralism and Diversity
PD/A
GER
2/C

A survey of literary genres and themes from the Islamic World from the 7th to the 15th century.
prereq: ENGL 12000 or equivalent
3 hrs
3 credits

ARB 25300 - Literatures and Cultures of Muslim Spain (W)

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity

ARB 25400 - The Arabian Nights East and West (W)

The course studies not only the stories of the Arabian Nights (1001 Nights), but also the history of the translation and adaptation of the Nights into European languages.

prereq or coreq: ENGL 12000 or equivalent
3 hrs
3 credits

ARB 25500 - Modern Palestinian Culture

War and trauma shape modern Palestinian identities as evident in narratives of diaspora and return, nationalism, and militarism. This class introduces and explores the intersections of Palestinian national aspirations and Palestinian fiction, poetry, and film. There will be a focus on geography, as land and borders play a central role in the conflict. In addition, the class will include discussion of the following topics: Jerusalem; the Green Line; colonialism; 1948; 1967; refugees, diaspora and return; nationalism; resistance; and violence and militarism.

3 hrs
3 cr.

ARB 30000 - Problems in Arabic Literature and Culture

This course will focus on a specific area related to the literatures and topics of the Arab World. As a 300-level course, it will cover a narrow spectrum of texts. Readings in translation. Specific information on a particular semester's offerings can be found on the on-line class schedule.

prereq or coreq: ENGL 12000 and one of the following or permission of the instructor: ANTHC 20100, ARB 20000, ARB 25000W, ARB 25100, ARB 25200W, ARB 25400W, ARTH 26000W, ASIA 22004, ASIA 39013, ASIA 45051, GEOG 27400, HEBR 21500W, HIST 27650, HIST 27651, POLSC 26300W, POLSC 26900W, REL 32200W, REL 33700W OR SOC 36200W.
3 hrs
3 credits

Art History
ARTH 20500 - Egyptian Art

Pluralism and Diversity
PD/A
GER
3/A

Geographical, historical and social conditions of the Nile. Influence of Egyptian art.

prereq: ARTH 11100

prereq or coreq: ENGL 12000 is a prerequisite or corequisite for all ARTH courses numbered 20500-20700.

3 hrs
3 cr.

ARTH 26000 - Islamic Art and Architecture

Pluralism and Diversity
PD/A
GER
3/A

Introduction to the art and architecture of Islamic lands (7th to 19th century).

prereq: ARTH 11100

3 hrs
3 cr.

Hebrew (partial listing)

HEBR 21000 - Selected Studies in Hebrew Literature in Translation

Pluralism and Diversity
PD/C (HEBR 21060 only)

Study of selected masterpieces or major themes in Hebrew literature in translation. May be repeated as topics vary from semester to semester. Some topics may meet a PD requirement; check with department.

3 hrs
3 cr.

HEBR 22000 - Israeli Cinema

Pluralism and Diversity
PD/A
GER
3/A

Israeli cinema and the development of Israeli cultural identity. Designed for students of Hebrew studies and Film studies who are interested in the history of Israeli film and Israeli cultural identity as expressed in the Israeli cinema. This course will explore discourses on topics concerning the Israeli-Palestinian and Israeli-Arab conflicts, Zionist and post-Zionist trends, socio-economic gaps, religious controversies and aesthetic societal contexts, as well as women’s issues. The course will employ a variety of disciplines, including but not limited to formalist and semiotic film theories and literary analysis. The student will gain
fundamental insight into Israeli culture. No knowledge of Hebrew is required but can be helpful. Students, who wish to do the reading and discussion in the Hebrew language, may have that option. Course will be conducted in English.

cross-listed cross-listed with FILM 21344
prereq: ENGL 12000
3 hrs
3 cr

HEBR 22100 - Modern Israeli Culture

Hunter Core
World Culture and Global Issues (WCGI)
A survey of contemporary Israeli culture, exploring topics relating to language, literature, history, rituals, politics, music and education.
prereq: ENGL 12000
3 hours
3 credits

HEBR 31000 - Modern Hebrew Literature I

Pluralism and Diversity
PD/D
GER
3/A

Reading and discussion of selected works in prose and poetry of 19th-century authors.
prereq: HEBR 20200 or equiv. or exemption
3 hrs
3 cr

HEBR 31100 - Modern Hebrew Literature II

GER
3/A

Reading and discussion of selected works in prose and poetry of 20th-century authors.
prereq: HEBR 20200 or equiv.
3 hrs
3 cr

HEBR 31500 - Biblical Literature: Pentateuch

Pluralism and Diversity
PD/A
GER
3/A

Selections from Pentateuch.
prereq: HEBR 20200 or equiv.
3 hrs
3 cr.
HEBR 32000 - The Modern Hebrew Short Story

GER
3/A

Extensive reading of short stories from late 19th century to present, illustrating different literary trends.
prereq: HEBR 20200 or equiv.
3 hrs
3 cr.

HEBR 32200 - Medieval Literature

Pluralism and Diversity
PD/D
GER
3/A

Selections from literature of Golden Age in Spain.
prereq: HEBR 20200 or equiv.
3 hrs
3 cr

HEBR 32300 - Poetry of the Modern Hebrew Renaissance Period

Pluralism and Diversity
PD/D
GER
3/A

Study of major works of Bialik, Tschernichovsky, Kahan and Shneour.
prereq: HEBR 20200 or equiv.
3 hrs
3 cr

HEBR 32400 - The Modern Hebrew Essay

Pluralism and Diversity
PD/D
GER
3/A

Study of selected essays of Ahad ha'Am, Berditchevsky and Frischman.
prereq: HEBR 20200 or equiv.
3 hrs
3 cr

HEBR 32500 - History of Modern Hebrew Literature

GER
3/A
Evolution of Hebrew literature from period of Enlightenment to contemporary Hebrew letters.

*prereq: HEBR 20200 or equiv.*

*3 hrs*

*3 cr*

**HEBR 32700 - The Modern Hebrew Novel**

**GER**

*3/A*

Intensive study of a major novel by Agnon, Barash or Hazaz, with collateral readings in other Hebrew novels.

*prereq: HEBR 20200 or equiv.*

*3 hrs*

*3 cr*

**HEBR 32800 - Contemporary Hebrew Prose**

**GER**

*3/A*

*prereq: HEBR 20200 or equiv.*

*3 hrs*

*3 cr*

**Music**

**MUSHL 24300 - Music of the Middle East**

Music and its relationship to tradition, modernity, gender, and politics in the major regions and ethnic groups of the Middle East and North Africa.

*prereq or coreq: MUSHL 10100, or MUSHL 10700, or MUSHL 20500, or MUST 10100, or permission of the instructor*

*3 hrs*

*3 cr*

**Other Courses**

Students may petition for other courses to fulfill the elective requirement. No more than two classes from other campuses or universities may be used to fulfill MMES requirements.

**Anthropology: Archaeology**

**ANTHC 12600 - Introduction to Prehistoric Archaeology**

**Hunter Core**

World Culture and Global Issues (WCGI)

**GER**
Human social and cultural evolution from the earliest humans to the rise of the first civilizations.

3 hrs  
3 cr.  
offered every sem.

**ANTHC 12700 - Methods In Archaeological Science**

**Hunter Core**  
SW

Introduction to theory and method of scientific research in archaeology.  
*prereq: ANTHC 12600 or perm instr.*  
3 hrs  
3 cr.

**ANTHC 22600 - Archaeology of Africa**

**Pluralism and Diversity**  
PD/A  
GER  
3/B

Prehistory; origins, adaptations, cultural evolution of early hominids; origins of agriculture, early complex societies.  
*prereq: ANTHC 12600 or perm instr.*  
3 hrs  
3 cr.

**ANTHC 22700 - Archaeology of Europe**

**Pluralism and Diversity**  
PD/D  
GER  
3/B

Prehistory; early hunting and gathering adaptations, beginnings of sedentary village life, development of complex societies.  
*prereq: ANTHC 12600 or perm instr.*  
3 hrs  
3 cr.

**ANTHC 22800 - Archaeology of the Near East to 2000 BC**

**Pluralism and Diversity**  
PD/A  
GER  
3/B

Sociocultural development of Near East from early hunter-gatherers to first states and empires.  
*prereq: ANTHC 12600 or perm instr.*  
3 hrs  
3 cr.
ANTHC 23000 - Prehistory of North American Indians

GER 3/B

Examination of adaptation and change in prehistoric cultural systems, employing archaeological and ethnohistorical sources.

prereq: ANTHC 12600 or perm instr.
3 hrs
3 cr.

ANTHC 23100 - Archaeology of Mesoamerica

GER 3/B

Sociocultural development from early hunter-gatherers to first pre-Hispanic states and empires.

prereq: ANTHC 12600 or perm instr.
3 hrs
3 cr.

ANTHC 23200 - Archaeology of South America and the Caribbean

GER 3/B

Sociocultural development from early hunter-gatherers to first pre-Hispanic states and empires.

prereq: ANTHC 12600 or perm instr.
3 hrs
3 cr.

ANTHC 32600 - Rise of Old and New World Civilizations

GER 3/B

Theoretical and empirical examination of development of urbanism and state, in the Old and New Worlds.

prereq: ANTHC 12600 or perm instr.
3 hrs
3 cr.

ANTHC 32700 - Prehistoric Cultural Ecology

GER 3/B

Survey of selected problems in human evolution and adaptation from an ecological perspective.

prereq: ANTHC 12600 or perm instr
3 hrs
3 cr.
ANTHC 34600 - Analytic Methods in Archaeology

GER
3/B

Theory and methods of analysis of materials recovered from archaeological excavations and surveys.
prereq: ANTHC 12600 or perm instr.
5 hrs (3 hrs lec, 2 lab)
4 cr.

ANTHC 42600 - Seminar in Archaeological Field Methods

Pluralism and Diversity
See note below
Introduction to field methods and techniques in survey and excavation; involves weekend fieldwork on nearby sites.

The only ANTHC 42600 courses that currently meet Pluralism and Diversity Requirement are:

ANTHC 42659 Archaeology of North America meets PD/B
ANTHC 42660 Archaeology of Colonialism meets PD/D
prereq: ANTHC 12600 or perm instr.
3 hrs
3 cr.

Anthropology: Biological Anthropology, Genetics and Paleontology

ANTHP 10100 (STEM) - Human Evolution

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E

The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab)
4 cr.
offered every sem.

ANTHP 10500 - The Human Species

Hunter Core
Life and Physical Sciences (LPS)
GER
2/E

In this course we examine human biology and behavior from an evolutionary perspective, comparing our anatomy, physiology, and behavior to those of living primates and other mammals. We will discuss the relative roles of genes ("nature") and environment ("nurture"), the biological basis of behavior, local biological adaptations evident in modern human populations, growth and development, and diet and disease. Students will actively engage in the development of
scientific hypotheses, data collection, and data synthesis analysis, as part of laboratory research experiences throughout
the semester. Material covered will help prepare students to understand and evaluate recent advances in genetics,
behavioral studies, medicine, and evolution

3 hrs
3 cr.

ANTHP 21000 - Biology of the Living Primates

This survey-based course will examine the diversity of the Order: Primates. The course will focus on the habitats, life
history, ecology, behavior, and conservation of the living primates from an evolutionary perspective.

3 hrs
3 cr.

ANTHP 21400 - Theory of Evolution

History of and major debates in evolutionary theory, with particular emphasis on human evolution.

prereq: ANTHP 10100, 10200, or equiv.

3 hrs
3 cr.

ANTHP 30100 - Human Fossil Record

Pluralism and Diversity
PD/C
GER
3/B

The hominid fossil record of Africa, Asia and Europe. Human evolution as evidenced in fossil record.

prereq: ANTHP 10100, 10200, or equiv.

3 hrs
3 cr.

ANTHP 30200 - Human Genetics

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human
variability.

prereq: ANTHP 10100 or ANTHP 10200 or BIOL 10200 or ANTHP 10500

3 hrs
3 cr.

ANTHP 30500 - Evolution of the Human Skeleton

The goal of this course is to understand the biology of the human skeleton: know all of the bones of the human body,
how they work, and how they evolved. This course will cover basic bone and muscle biology, bone and bone landmark
identification, basic dental anatomy, basic functional interpretation, and discuss the evolution of the human skeleton
with comparisons to great ape and fossil material. Typically, there will be two class periods spent on a given topic: the
first class meeting will be a lecture and the second class meeting on a given topic will provide a laboratory-type setting
where students can handle and work with real osteological specimens and/or fossil casts. Occasionally, the first half of
a class period will be a lecture, and the second half will be a lab. Worksheets/Study Guides will be provided and are
expected to be completed by the end of the lab. In order to become skilled in bone identification and do well in the course, additional study time with the bones will most likely be necessary. We will set up a system to encourage and facilitate study time outside of class.

prereq: ANTHP 10100 (Intro. to Physical Anthropology: Human Evolution) or ANTHP 10200 (Intro. to Physical Anthropology: Human Variation) or ANTHP 10500 (The Human Species) or BIOL 10200 (Principles of Biology 2).

3 hrs.

3 cr.

ANTHP 30600 - Human Anatomy

The goal of this course is to understand basic human anatomy: know all of the bones, muscles, major nerves and vessels in the human body, how they are organized, and how they function. Typically, there will be two class periods spent on a given topic: the first class meeting will be a lecture and the second class meeting on a given topic will provide a laboratory setting where students can handle and work with real osteological specimens and/or anatomical models. A given lecture will provide a synthesis of a particular anatomical region and the hands-on details of regional anatomy will then be learned in the associated laboratory session. To gain the most from each lecture and laboratory session, you must do the assigned readings and relevant exercises in the lab workbook beforehand. The laboratory workbook is a required acquisition. Any anatomy textbook will provide you with the necessary reading for lectures, and the purchase of an anatomy atlas is highly recommended as well. In order to do well in the course, additional study time with the anatomical models may be necessary. We will set up a system to encourage and facilitate study time outside of class.

prereq: ANTHP 10100 (Intro. to Physical Anthropology: Human Evolution) or ANTHP 10200 (Intro. to Physical Anthropology: Human Variation) or ANTHP 10500 (The Human Species) or BIOL 10200 (Principles of Biology 2) or BIOL 12200 (Anatomy & Physiology 2).

3 hrs.

3 cr.

ANTHP 31000 - Primate Ecology and Behavior

GER

3/B

Examination of ecological factors responsible for the distribution and behavior of living primate species.

prereq: ANTHP 10100 or 10200 or BIOL 10000 or 10200

3 hrs

3 cr.

ANTHP 31100 - Primate Evolution

GER

3/B

65 million years of evolution covering the appearance and radiation of our own mammalian Order. A detailed look at the primate fossil record and the evolution of primate anatomy, behavior, and ecology.

prereq: ANTHP 10100 or perm instr.

3 hrs

3 cr.
ANTHP 31200 - Primate Evolutionary Genetics

Examines evolutionary relationships, social behavior, natural selection, disease, population history, demography, medicine and genomics. This course draws on readings from the primary literature.

*prereq: ANTHP 10100 OR ANTHP 10200 OR BIOL 10200 OR ANTHP 10500
3 hrs
3 cr.*

ANTHP 31600 - Human Evolutionary Adaptations

GER
3/B

How does the human body work, and how did it get that way? This course investigates the workings and evolution of all aspects of human biology. Human physiology is considered in an evolutionary framework.

*prereq: ANTHP 10100 or ANTHP 10500
3 hrs
3 cr.*

ANTHP 31800 - Primate Nutritional Ecology

This course will examine how primates meet their nutritional needs through interactions with their environments. From an evolutionary perspective, the course will address primate feeding and digestion, foraging theory and dietary methods.

*prereq: ANTHP 10100 (Intro. to Physical Anthropology: Human Evolution) or BIOL 10200 (Principles of Biology 2) or ANTHP105 (The Human Species) or ANTHP 21000 (Biology of the Living Primates
3 hrs.
3 cr.*

ANTHP 40100 - Seminars in Selected Topics

Course provides in-depth study of specific topics in field of physical anthropology.

*prereq: prereq; depends on topic
3 hrs
3 cr.*

Anthropology: Human Biology

HMBIO 40100 - Human Biology Senior Capstone

Addresses some of the key contemporary topics and debates in human biology from multiple vantage points.

*prereq: ANTHP 10500 and 21 credits towards the Human Biology Major AND Permission of the Human Biology Program Director.
3 hrs
3 cr.*

HMBIO 40200 - Independent Study
Research project directed by a Human Biology Program participating faculty member.

prereq: Permission of the Human Biology Program Director. Human Biology majors only.
1 - 3 hrs
1 - 3 cr.

HMBIO 40300 - Internship

Opportunity to participate in an internship in institutions related to the Human Biology major.

prereq: Permission of the Human Biology Program Director. Human Biology majors only.
1 - 3 hrs
1 - 3 cr.

Anthropology: Cultural Anthropology and Ethnology

ANTHC 10000 - Cultural Diversity in the United States: Historical and Ethnographic Perspectives (W)

Hunter Core
US Experience in its Diversity (USED)
Introduction to the critical and comparative study of cultural diversity in the United States.

prereq: ENGL 12000
3 hrs
3 cr.

ANTHC 10100 - Introduction to Cultural Anthropology

Hunter Core
Individual and Society (Social Sciences) -I&S SS

Pluralism and Diversity
PD/A
GER
2/B

Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.

3 hrs
3 cr.
offered every sem.

ANTHC 20000 - Africa: Societies and Cultures

Pluralism and Diversity
PD/A
GER
3/B

Pre-colonial, colonial and contemporary communities, subsistence and exchange systems and ecological adaptations.

3 hrs
3 cr.
ANTHC 20100 - The Middle East: Societies and Cultures

Pluralism and Diversity
PD/A
GER
3/B

Peasant, nomadic and urban society; kinship, ethnic, religious and ecological diversity; colonialism and modernization.
3 hrs
3 cr.

ANTHC 20400 - East Asia: Societies and Cultures

Pluralism and Diversity
PD/A
GER
3/B

Historical and regional variation in various East Asian societies, with a focus on political economy, family, kinship, community and national minorities.
3 hrs
3 cr.

ANTHC 21100 - Native North America: Societies and Cultures

Pluralism and Diversity
PD/A or B
GER
3/B

Adaptive strategies and cultural variations in pre and post-contact periods; problems in contemporary societies.
3 hrs
3 cr.

ANTHC 21300 - Latin America: Societies and Cultures

Pluralism and Diversity
PD/A
GER
3/B

Development and organization of tropical forest Indians, hacienda and plantation economies, peasant and urban societies.
3 hrs
3 cr.

ANTHC 21400 - The Caribbean: Societies and Cultures

Pluralism and Diversity
PD/A
GER
Indigenous peoples, colonization and slavery; minorities, race relations; family life, religion and economy.

3 hrs
3 cr.

ANTHC 21500 - The Anthropology of Black America (W)

Pluralism and Diversity
PD/B
GER
3/B

Examines anthropological knowledge about Black America and the various socio-political contexts in which this body of scholarship has been produced. Focuses on the politics of knowledge production on Black culture.

prereq: ENGL 12000
3 hrs
3 cr.

ANTHC 21800 - The Anthropology of the Civil Rights Movement in the U.S.

Pluralism and Diversity
PD/B
GER
3/B

This course examines the grassroots struggle to gain equality and justice in the United States, viewed as a social protest movement, from the perspective of cultural anthropology. The course will focus on the major events, themes and issues of the Civil Rights Movement and examine their effect in challenging the American concept of democracy; in changing those who participated in it; and in spawning other social movements that transformed American society and culture.

prereq: ANTHC 10100 or departmental permission
prereq or coreq: ENG 120
3 hours
3 credits

ANTHC 27500 - Reading Ethnographies (W)

GER
3/B

Examines the most significant mode of writing within cultural anthropology: the ethnography. Students explore interpretive, theoretical and political issues in the representation of cultures through close reading and analysis of ethnographic texts.

prereq: ANTHC 10100 or perm instr.
prereq or coreq: ENGL 12000
3 hrs
3 cr.

ANTHC 30100 - Gender in Anthropological Perspective
Pluralism and Diversity
PD/C
GER
3/B

Men and women in different societies, division of labor, socialization, stratification, political activism and gender construction.
cross-listed WGSC 30100
prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.

ANTHC 30600 - Folklore and Myth

GER
3/B

Cultural and psychological functions and symbolic meanings.
3 hours
3 credits

ANTHC 30700 - Anthropology of Religion

Pluralism and Diversity
PD/A
GER
3/B

Emphasis on non-Western societies; theories of religion, magic; functions and symbolic meaning.
3 hrs
3 cr.

ANTHC 30800 - Human Ecology

Pluralism and Diversity
PD/A
GER
3/B

Relationship between human populations and environment; ecosystems, population interactions, resource management and environmental movements.
prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.

ANTHC 30900 - Countryside and City: Comparative Perspectives

Rural-urban connections and the transformations that affect rural areas and peoples in diverse parts of the world.

prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.
ANTHC 31000 - Politics and Power in Anthropological Perspective

Pluralism and Diversity
PD/A
GER
3/B

Leadership, conflict, inequality, decision-making and law in different societies; interaction of local politics with state and global institutions.

_prereq: ANTHC 10100 or perm instr._

3 hrs
3 cr.

ANTHC 31100 - Anthropology of Art

Pluralism and Diversity
GER 3/B

Symbolic forms of human behavior; paleolithic cave art, tribal art, ethnomusicology.

3 hrs
3 cr.

ANTHC 31200 - Anthropological Approaches to Sexuality

Pluralism and Diversity
PD/C
GER
3/B

Documents the social construction of human sexuality through an examination of sexual variation cross-culturally and over recent history, including the development of sexually defined communities and identities within contemporary societies.

_prereq: ANTHC 10100_

3 hrs
3 cr.

ANTHC 31400 - Research Design in Anthropology

Pluralism and Diversity
GER 3/B

Introduction to basic principles of research design employed in anthropology.

_prereq: ANTHC 10100_

3 hrs
3 cr.

ANTHC 31500 - Applied Anthropology

GER
3/B’

Practical applications of theory and methods to contemporary social problems; community development; inter-cultural relations.
prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.

ANTHC 31800 - History of Anthropological Theory

Pluralism and Diversity
PD/D
GER
3/B

Changing approaches to the study of society and culture. Political and historical context of the development of theory, the link between theory and method and the impact of theory on policy.
prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.

ANTHC 32000 - Problems in Anthropology

GER
3/B

Topics TBA. Recent courses have looked at globalization, social movements and civil society, energy policy, women and economic development, international migration. Depending on topic, may meet PD/A, B, or C.
prereq: perm instr.
3 hrs
3 cr.
offered every sem.

ANTHC 32100 - Women and Globalization

GER
3/B

The situation of women from less developed countries with attention to the local and global forces shaping their lives. Topics include migration, the international division of labor and worldwide adoption. Includes both theoretical approaches and practical issues related to improving women's place in society.
cross-listed WGSL 32100
prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.

ANTHC 32200 - Family and Household in Anthropology and History

Pluralism and Diversity
PD/C
GER
3/B

Examines variations in household structure and family relations across cultures and over time, focusing on the relationship between domestic arrangements and other aspects of society.
prereq or coreq: ANTHC 10100
ANTHC 32500 - Special Projects and Independent Research in Anthropology

GER
3/B

*prereq: perm instr.
3 hrs
3 cr.
offered every sem.

ANTHC 33200 - East Asia: Societies and Cultures

GER
3/B

Historical and regional variation in various East Asian societies with a focus on political economy, kinship, community and national minorities.
*prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.

ANTHC 33400 - Latin America: Societies and Cultures

GER
3/B

Changing views of US and Latin American anthropologists on ethnic, class and gender relations, underdevelopment, migration and social movements.
*prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.

ANTHC 35000 - Popular Culture: Anthropological Perspectives

GER
3/B

The comparative ethnographic and theoretical study of popular and expressive culture traditions from around the world.
*prereq: ANTHC 10100, ENGL 12000, or perm instr.
3 hrs
3 cr.

ANTHC 40000 - Honors Projects

*prereq: perm chair
offered every sem.

ANTHC 40100 - Seminars in Selected Topics
Topics TBA.

**ANTHC 40196 - International Migration**

3 hrs
3 cr.

**Anthropology: Linguistics**

**ANTHC 15100 - Introduction to Linguistics**

**Hunter Core**
World Cultures and Global Issues (WCGI)

**GER**
2/B

Structure and analysis of human languages; language history; language in society, culture and mind; language universals.

3 hrs
3 cr.

**ANTHC 26000 - North American Indian Languages and Cultures**

**GER**
3/B

Linguistic analysis and sociocultural background of North American Indian languages.

3 hrs
3 cr.

**ANTHC 26300 - Afro-New World Languages and Cultures**

**GER**
3/B

Linguistic analysis, history, sociocultural background of Caribbean creole languages, other Afro-American speech forms.

3 hrs
3 cr.

**ANTHC 32076 - Language, Sex and Gender**

**Pluralism and Diversity**
PD/C
**GER**
3B

cross-listed WGS 300.53

prereq: ANTHC 15100 or permission from instructor and or department
ANTHC 35100 - Language in Culture and Society

GER
3/B

Sociolinguistics; ethnography of communication; languages and dialects; face-to-face interaction; bilingualism in social and political life; language, ideology and identity.

ANTHC 35300 - Phonological Analysis and Theory

GER
3/B

Phonetics of diverse languages, their phonemic analysis at different levels of theory, including distinctive feature analysis and phonological links to grammar.

prereq: ANTHC 15100 or equiv.

ANTHC 35400 - Grammatical Analysis and Theory

GER
3/B

Methods of syntax and morphology in work with diverse languages; syntactic theories and their development relative to universals, semantics, pragmatics, discourse.

prereq: ANTHC 15100 or equiv.

Anthropology: Courses Less Frequently Offered

ANTHC 31600 - Quantitative Methods in Anthropology

GER
3/B

Statistics and data analysis techniques for anthropological research.

ANTHC 31700 - Field Methods in Cultural Anthropology

GER
3/B
Programs and Courses in Art and Art History

Art and Art History

About the Department

The Department of Art & Art History offers a wide variety of courses for majors and non-majors. In studio art, two academic degrees are offered: the BA and the BFA. In art history, we offer a BA degree. Art history is the study of works of art and architectural monuments in their cultural environment. Students learn first to develop their powers of critical visual analysis. Then, by concentrated study of certain significant periods in the history of Western and non-Western art, they learn to relate the forms of art to contemporary historical, political, economic, religious, social and cultural phenomena.

The department's broad range of studio courses begins with Introduction to Study of Visual Experience (ARTLA 10100) followed by Beginning Drawing (ARTCR 22100), which are prerequisites for all studio courses. In the beginning classes, the student learns the basic principles in various media; the advanced courses emphasize individual exploration.

HEGIS Code: 1002 (Studio Art); 1003 (Art History)

Undergraduate Major
Art History - BA

Art History- BA

The Department of Art and Art History offers introductory, intermediate and advanced courses in art history. The major consists of 3 credits in a foundational course and 30 credits in the major. No more than 15 credits transferred from another institution may be applied to the major.

The Art History BA is intended for students interested in a liberal arts education in the humanities or students planning to continue their art history studies in a graduate program. A broad range of courses from different fields, rather than specialization in one area, is encouraged. In order to declare a major in art history, students must have taken ARTH 11100. Majors who have completed 3 credits in art history beyond ARTH 11100 are eligible to take the required seminar, Research Methods of Art History ARTH 30000, to be programmed in consultation with an art history adviser.

Majors planning graduate study in art history should discuss with an art history adviser the requirements for graduate admission, including graduate language requirements; this should be done during an early semester.

Students may declare a double major in Studio Art (24 cr.)

Note: At least one class numbered ARTH 31100 (W) - ARTH 38100 (W) must be taken in the major (either to fulfill a distribution area or as a major elective)

Required Courses for the BA in Art History

Foundational Course

**ARTH 11100 - Introduction to History of Art**

**Hunter Core**
- Individual and Society (Humanities) -I&S H
**Pluralism and Diversity**
- PD/D
- GER
- 2/D

Changing forms and subjects of art in several periods of Western civilization, including ancient Greece and Rome, Middle Ages in Western Europe, Renaissance, baroque, modern, American; also Islamic and African art.

3 hrs
3 cr. cr

One course in each of four distribution areas 12 cr.

Note: Distributions can be met via 200-, 300- or 400- level courses.

Distribution areas

*(If in doubt, consult with an adviser)*

1) Ancient and Medieval (including Egyptian, Greek, Roman)
2) Renaissance and Baroque (including 18th Century and Colonial Latin American)

3) Modern: 18th, 19th, 20th, and 21st century (including Modern Latin American)

4) Islamic, Asian (including Indian, Chinese and Japanese) and African

ARTH 30000 Research Methods

**ARTH 30000 - Research Methods of Art History Seminar (W)**

**GER**
3/A

Training in fundamental methods of learning and writing about works of art through visual analysis and art-historical research, focusing on a particular area in art history, and culminating in a substantial academic research paper.

*prereq: ARTH 11100 and one 200-level art history course*

3 hrs
3 cr.

At least one Advanced Studies Seminar (41000-48000 level) 3 cr.

(Prerequisite: ARTH 30000 Research Methods) 3 cr.

ARTLA 3 cr.

**ARTLA 10100 - Introduction to Study of Visual Experience**

Introduction to conceiving and formulating ideas for visual experience. Students work in 3 different areas in day session, 2 in evening session.

Material Fee: $25

6 hrs
3 cr. + 3 cr. hrs open studio

Please note: ARTLA 10100, or any studio course taken for the Studio Art 24cr major, cannot count toward both the Studio Art (24cr) major and the Art History major. To replace the ARTLA 10100 requirement, Art History majors double-majoring in Studio Art (24cr) must choose a replacement course in consultation with the Art History adviser. The replacement course may be a Studio Course (ARTCR), an Art History course (ARTH), or a cognate in another department, such as Classics, Religion, or History.

3 additional courses 9 cr.

3 additional courses, from any of the department offerings in art history at the 200, 300 or 400 level

Total 33 cr.

Notes:

*only grades of C and above can be counted toward the Art History major*
Graduate Study

The Department of Art and Art History offers a number of courses, listed in the Graduate Catalog http://catalog.hunter.cuny.edu/index.php?catoid=22, that may be credited toward the degree of bachelor of arts. Qualified undergraduate art history students in the senior year may be admitted to these courses with the approval of the graduate art history adviser.

Minor in Art History

A minor in art history is also available consisting of 12 credits as follows: ARTH 11100 Introduction to the History of Art, followed by 9 credits selected from the other department offerings. No more than 6 credits transferred from another institution may be applied to the minor.

Honors

Art History Major students wishing to graduate with honors must consult an adviser to make an official application for consideration by the faculty members on the Undergraduate Art History Committee on Honors. Application forms are in the Art and Art History office, Room 11054 Hunter North. Major credits must have been completed with a 3.7 grade point average, and the cumulative grade point average, from courses taken only at Hunter, must be at least 3.0. Students must submit a research paper written for Research Methods of Art History ARTH 30000 or an Advanced Studies Seminar ARTH 41000-ARTH 48000 with instructor's comments, edits, and grade, to the department's Undergraduate Art History Committee on Honors. The paper must have received a minimum grade of A-. Papers written for other art history courses may be considered if they conform to the requirements for an Advanced Studies Seminar; consult with an adviser. The committee will review the complete application to determine if the student merits departmental honors.

Studio Art - BA

- Studio Art 24-Credit Major (BA)
- Studio Art 42-Credit Major (BA)

Electives

All courses, unless otherwise specified, are open to qualified students majoring in other areas.

Honors

Students wishing to graduate with honors must consult an adviser to make an official application. Application forms are in the Art Office, Room 11054 Hunter North. Major credits must have been completed with a 3.5 grade point average and the cumulative grade point average, from courses taken only at Hunter, must be at least 3.0. Student must submit digital images of an advanced studio project or independent study course.

ARTCR 36000 - Special Projects

Advanced students only. Advanced projects are announced prior to registration each term. Recent examples of Special Projects courses: Color Photo; Advanced Photo Darkroom Process; Collage and Assemblage; Color as Communication; Computer Graphics; Projects in Clay; Advanced Watercolor Painting; Experiment: Photography and
Graphics; Site-Specific Painting; Projects in 2-D., Digital Art, Advanced Digital Art, Video for Artists, Installation Art, Sculpture: Methods & Materials, Advanced 2-D studio Seminar, Politics & Painting, Unconventional Approaches: Drawing, 2-D, 3-D, 4-D Seminar, Advanced Painting Tech. & Concepts

Material Fee: $50

*prereq: See department*

3 hrs

3 cr. + 5 hrs open studio

**ARTCR 40200 - Independent Study in Studio Art**

ARTC 10100 and 22100 are prerequisites to all studio courses.

*prereq: perm instr.*

1-3 hrs

1-3 cr. per semester

**Graduate Study**

The Department of Art offers a number of courses, listed in the Graduate Catalog, that may be credited toward the degree of bachelor of arts. Qualified students in the senior year may be admitted to these courses with the approval of the graduate art history adviser.

**Studio Art - BFA**

This degree is open to the student who wants to complete work in studio art beyond the 42-credit major and particularly the student who intends to pursue a career as a professional artist and attend graduate school. Students follow the regular Appendix I: Hunter Core Requirement for the BA degree. Departmental approval of the 61-credit BFA concentration is required. Students who have successfully completed 90 credits may apply to the BFA program, pending an interview with the BFA adviser. Students are required to maintain a GPA of 3.0 in this program. Required courses are as follows:

**Hunter Core Requirement**

Courses within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

**Major - 61-cr.**

**Year 1 6 cr**

**ARTLA 10100 - Introduction to Study of Visual Experience**

Introduction to conceiving and formulating ideas for visual experience. Students work in 3 different areas in day session, 2 in evening session.

Material Fee: $25
ARTCR 22100 - Drawing

Basic principles in various media and subjects. Eye/hand coordination, perceptual acuity, spatial organization; interpretation of directly observed subjects.
Material Fee: $50
prereq: ARTLA 10100
prereq or coreq: ARTLA 10100 and 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

ARTH 11100 - Introduction to History of Art

Hunter Core
Individual and Society (Humanities) -I&S H
Pluralism and Diversity
PD/D
GER
2/D

Changing forms and subjects of art in several periods of Western civilization, including ancient Greece and Rome, Middle Ages in Western Europe, Renaissance, baroque, modern, American; also Islamic and African art.

3 hrs
3 cr. cr

Year 2 12 cr

four of the following six courses or 3 of the following 6 courses plus one 300-level course:

ARTCR 22500 - Graphic Arts Workshop

Techniques of woodcut, intaglio, lithography, silkscreen and related media.
Material Fee: $75
prereq: ARTLA 10100 and ARTCR 22100
prereq or coreq: ARTLA 10100 and ARTCR 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

ARTCR 23500 - Painting

Basic principles of painting. Studio practice using varied paint media, varied paint surfaces, paper and canvas.
Material Fee: $100
prereq: ARTLA 10100 and ARTCR 22100
prereq or coreq: ARTLA 10100 and ARTCR 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

ARTCR 25100 - Sculpture
Basic principles of sculpture. Studio practice in varied materials.
Material Fee: $65

**ARTR 25700 - Ceramics**

Introduction to pottery and ceramic sculpture, including hand forming, throwing on the wheel, glazing and kiln operation.
Material Fee: $85

**ARTR 27100 - Principles of Photography**

Black and white photography as creative medium; camera and its functions; exposure and film development, contact printing and enlarging.
Material Fee: $75

**ARTR 29000 - Combined Media**

An introduction to basic technologies, methods and ideas that result in ways of making art that mix and combine media. The course will emphasize the production of moving images, sounds, performance as well as still images and objects.

Year 3

At least one area of concentration with two 300-level courses repeated in any one of the following: 6 cr

**ARTR 32200 - Advanced Drawing**

Continued experience in drawing with emphasis on drawing from life.
Material Fee: $50

**ARTR 32600 - Advanced Graphic Arts Workshop**

Advanced study of one or more graphic art methods. Individual exploration emphasized.
Material Fee: $75
prereq: ARTCR 22500
prereq or coreq: May be repeated once. ARTLA 10100 and ARTCR 22100 are prerequisites to all studio courses.
4 hrs
2 cr. + 5 hrs open studio

ARTCR 33600 - Advanced Painting

Continued experience in painting with possible concentration upon one medium and theme. Individual exploration emphasized.
Material Fee: $100
prereq: ARTCR 23500
prereq or coreq: May be repeated once. ARTLA 10100 and ARTCR 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

ARTCR 35200 - Advanced Sculpture

Continued experience in sculpture with possible concentration in one material. Individual exploration emphasized.
Material Fee: $65
prereq: ARTC 25100
prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

ARTCR 35700 - Advanced Ceramics

Continued experimentation in form, surface and techniques. Individual exploration emphasized.
Material Fee: $85
prereq: ARTC 25700
prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

ARTCR 37200 - Advanced Photography

Techniques and aesthetics of black and white photography; self-expression and exploration; classroom critiques.
Material Fee: $75
prereq: ARTC 27100
prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs
3 cr. + 6 hrs open studio

ARTCR 39000 - Combined Media

Continued experience in combined media with possible concentration in one approach and/or method. Individual exploration will be emphasized. May be repeated once (i.e., taken twice).
4 hrs + 5 hrs open studio
3 cr.

Additional studio art requirements: 6 cr
• Courses chosen from all other 200- and 300-level studio art courses. Special-topic advanced studio courses will also be offered each semester for advanced art students; however they do not count toward the major concentration.

Art history requirements: 15 cr

To be completed by the end of year three.

ARTh 11100 - Introduction to History of Art

Hunter Core

1-3 cr. per semester

Graduate Study

The Department of Art offers a number of courses, listed in the Graduate Catalog, that may be credited toward the degree of bachelor of fine arts. Qualified students in the senior year may be admitted to these courses with the approval of the graduate art history adviser.

Studio Art 24-Credit Major (BA)

Return to Programs and Courses in Art

The 24-Credit Major (BA) is recommended to the student interested in a liberal arts education, particularly those interested in double majoring in Art History, or in other majors in the college. It consists of eight courses in the major subject, normally one 3-credit course per semester, beginning with ARTLA 10100, followed by ARTCR 22100, and an additional 18 credits selected from 20000- and 30000-level ARTCR courses. Repeated and additional courses cannot count towards the BA degree.

The 24-credit major in creative art consists of eight courses:

Honors

Students wishing to graduate with honors must consult an adviser to make an official application. Application forms are in the Art Office, Room 11054 Hunter North. Major credits must have been completed with a 3.5 grade point average and the cumulative grade point average, from courses taken only at Hunter, must be at least 3.0. Student must submit 35 mm slides of an advanced studio project or independent study course.

Foundational Courses (6 credits)

ARTLA 10100 - Introduction to Study of Visual Experience

Introduction to conceiving and formulating ideas for visual experience. Students work in 3 different areas in day session, 2 in evening session.

Material Fee: $25
ARTCR 22100 - Drawing

Basic principles in various media and subjects. Eye/hand coordination, perceptual acuity, spatial organization; interpretation of directly observed subjects.
Material Fee: $50
prereq: ARTLA 10100
prereq or coreq: ARTLA 10100 and 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

Studio Art Courses (18 credits)

6 courses selected from ARTCR 20000 and 30000 level courses.

Total for Major: 24 credits

Studio Art 42-Credit Major (BA)

The 42-credit Major (BA) is an intensive major recommended for the student who prefers a greater concentration in studio art and particularly for the student who plans to do graduate study in art. It consists of ARTLA 10100 and ARTCR 22100, with a concentration of 9 credits in one study area (e.g., painting, sculpture, drawing, graphics, ceramics, photography, combined media) and 18 credits of other studio art courses to be determined in consultation with a departmental adviser. Nine credits of study in art history are required. Students in the 42-cr Studio Art major may not double major in Art History, but they may minor in Art History, by taking any 4 classes (12cr) in addition to the 3 classes (9 cr) required for the Studio Art 42cr major. No more than 30 credits of ARTCR can be counted toward the 120 credit BA degree, whether in the major or as college electives.

Students should consult with a department adviser for guidance in the selection of 200-level courses. The plan for the area of concentration should be submitted to an adviser for tentative approval at the beginning of the junior year and for final approval in the lower senior term.

Please note: A maximum of 30 ARTCR credits may be applied toward the BA degree.

The 42-credit major in creative art consists of fourteen courses

Foundational Courses (6 credits) - 6 cr.

ARTLA 10100 - Introduction to Study of Visual Experience

Introduction to conceiving and formulating ideas for visual experience. Students work in 3 different areas in day session, 2 in evening session.
Material Fee: $25
6 hrs
3 cr. + 3 cr. hrs open studio

ARTCR 22100 - Drawing

Basic principles in various media and subjects. Eye/hand coordination, perceptual acuity, spatial organization; interpretation of directly observed subjects.
Material Fee: $50
prereq: ARTLA 10100
prereq or coreq: ARTLA 10100 and 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

Concentration Courses (9 credits)

3 courses in one study area
(e.g., painting, sculpture, drawing, graphics, ceramics, photography or combined media)
Example Concentration: Painting - ARTCR 23500, ARTCR 33600, ARTCR 33600
Advanced level courses may be repeated once with two different instructors.
Please note: ARTCR 360xx (special topic courses) cannot be used towards the concentration.

Art History (9 credits)

3 courses of ARTH

Studio Art Courses (18 credits):

6 other studio art courses, selected from 200 and 300 level to be determined in consultation with adviser.
Please note: ARTLA 36018 may be substituted for an ARTCR course with permission of the adviser.)

Total for Major: 42 credits

Honors

Students wishing to graduate with honors must consult an adviser to make an official application. Application forms are in the Art Office, Room 11054 Hunter North. Major credits must have been completed with a 3.5 grade point average and the cumulative grade point average, from courses taken only at Hunter, must be at least 3.0. Student must submit digital images of an advanced studio project or independent study course.

ARTCR 36000 - Special Projects

Advanced students only. Advanced projects are announced prior to registration each term. Recent examples of Special Projects courses: Color Photo; Advanced Photo Darkroom Process; Collage and Assemblage; Color as Communication; Computer Graphics; Projects in Clay; Advanced Watercolor Painting; Experiment: Photography and
Graphics; Site-Specific Painting: Projects in 2-D, Digital Art, Advanced Digital Art, Video for Artists, Installation Art, Sculpture: Methods & Materials, Advanced 2-D studio Seminar, Politics & Painting, Unconventional Approaches: Drawing, 2-D, 3-D, 4-D Seminar, Advanced Painting Tech. & Concepts

Material Fee: $50
prereq: See department
3 hrs
3 cr. + 5 hrs open studio

**ARTCR 40200 - Independent Study in Studio Art**

ARTC 10100 and 22100 are prerequisites to all studio courses.
prereq: perm instr.
1-3 hrs
1-3 cr. per semester

**Note:**

All ARTCR courses, unless otherwise specified, are open to qualified students majoring in other areas with instructor permission.

**Undergraduate Minor**

**Minor in Art History**

The Art History minor requires students to take 12 credits in Art History as follows: ARTH 11100 - Introduction to History of Art, followed by 9 credits selected from the other department offerings. No more than 6 credits transferred from another institution may be applied to the minor.

**Art Theory and History**

**ARTH 11100 - Introduction to History of Art**

Pluralism and Diversity
PD/A
GER
3/A

Survey of African art; function, subjects, forms and styles of the arts in the cultural contexts.

prereq: ARTH 11100
3 hrs
3 cr.

**ARTH 28000 - History of Photography**

GER
3A

An historical survey of photography between 1839 and the present day with a focus on the visual revolution provoked by this new medium of representation and on photography’s creative expression.

The course is organized chronologically from the beginnings of photography, in 1839, to our time. It gives full exposure to the main technologies of photography in the nineteenth-century, as they became accessible to a large public and introduced new aesthetics in portraiture, urban landscapes, and the representation of distant geographies. This history continues in the twentieth-century, when photography became more experimental and sought its own artistic autonomy. The course surveys chronologically the key moments at which photography reached the status of art, was used as social document, and fulfilled a wide social need. The dialogue between contemporary art and photography is brought to the present, exploring the strategies by which digital art is challenging the idea of photography as truthful representation of the world.

3 hrs
3 cr.

**ARTH 30000 - Research Methods of Art History Seminar (W)**
GER
3/A

Training in fundamental methods of learning and writing about works of art through visual analysis and art-historical research, focusing on a particular area in art history, and culminating in a substantial academic research paper.

### Studio Art

**ARTCR 22100 - Drawing**

Basic principles in various media and subjects. Eye/hand coordination, perceptual acuity, spatial organization; interpretation of directly observed subjects.

Material Fee: $50

**prereq:** ARTLA 10100

**prereq or coreq:** ARTLA 10100 and 22100 are prerequisites to all studio courses.

4 hrs

3 cr. + 5 hrs open studio

**ARTCR 22500 - Graphic Arts Workshop**

Techniques of woodcut, intaglio, lithography, silkscreen and related media.

Material Fee: $75

**prereq:** ARTLA 10100 and ARTCR 22100

**prereq or coreq:** ARTLA 10100 and ARTCR 22100 are prerequisites to all studio courses.

4 hrs

3 cr. + 5 hrs open studio

**ARTCR 23500 - Painting**

Basic principles of painting. Studio practice using varied paint media, varied paint surfaces, paper and canvas.

Material Fee: $100

**prereq:** ARTLA 10100 and ARTCR 22100

**prereq or coreq:** ARTLA 10100 and ARTCR 22100 are prerequisites to all studio courses.

4 hrs

3 cr. + 5 hrs open studio

**ARTCR 24000 - Watercolor Painting**

Basic principles of watercolor painting.

Material Fee: $100

**prereq:** ARTLA 10100 and ARTCR 22100

**prereq or coreq:** ARTLA 10100 and ARTCR 22100 are prerequisites to all studio courses.
ARTCR 25100 - Sculpture

Basic principles of sculpture. Studio practice in varied materials.
Material Fee: $65
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs
3 cr. + 5 hrs open studio

ARTCR 25700 - Ceramics

Introduction to pottery and ceramic sculpture, including hand forming, throwing on the wheel, glazing and kiln operation.
Material Fee: $85
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs
3 cr. + 5 hrs open studio

ARTCR 27100 - Principles of Photography

Black and white photography as creative medium; camera and its functions; exposure and film development, contact printing and enlarging.
Material Fee: $75
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs
3 cr. + 6 hrs open studio

ARTCR 29000 - Combined Media

An introduction to basic technologies, methods and ideas that result in ways of making art that mix and combine media. The course will emphasize the production of moving images, sounds, performance as well as still images and objects.
3 hrs
3 cr. + 5 hrs open studio

ARTCR 30100 - Advanced Studio

Student projects with emphasis on contemporary methods such as video, film, tape, conceptual art, environmental art, earth art.
Material Fee: $40
prereq or coreq: ARTLA 10100 and ARTCR 22100 are prerequisites to all studio courses.
3 hrs
3 cr. + 5 hrs open studio

ARTCR 32200 - Advanced Drawing

Continued experience in drawing with emphasis on drawing from life.
Material Fee: $50
prereq: ARTC 22100
prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

**ARTCR 32600 - Advanced Graphic Arts Workshop**

Advanced study of one or more graphic art methods. Individual exploration emphasized.
Material Fee: $75
prereq: ARTCR 22500
prereq or coreq: May be repeated once. ARTLA 10100 and ARTCR 22100 are prerequisites to all studio courses.
4 hrs
2 cr. + 5 hrs open studio

**ARTCR 33600 - Advanced Painting**

Continued experience in painting with possible concentration upon one medium and theme. Individual exploration emphasized.
Material Fee: $100
prereq: ARTCR 23500
prereq or coreq: May be repeated once. ARTLA 10100 and ARTCR 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

**ARTCR 35200 - Advanced Sculpture**

Continued experience in sculpture with possible concentration in one material. Individual exploration emphasized.
Material Fee: $65
prereq: ARTC 25100
prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

**ARTCR 35700 - Advanced Ceramics**

Continued experimentation in form, surface and techniques. Individual exploration emphasized.
Material Fee: $85
prereq: ARTC 25700
prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.
4 hrs
3 cr. + 5 hrs open studio

**ARTCR 36000 - Special Projects**

Advanced students only. Advanced projects are announced prior to registration each term. Recent examples of Special Projects courses: Color Photo; Advanced Photo Darkroom Process; Collage and Assemblage; Color as Communication; Computer Graphics; Projects in Clay; Advanced Watercolor Painting; Experiment: Photography and Graphics; Site-Specific Painting; Projects in 2-D., Digital Art, Advanced Digital Art, Video for Artists, Installation Art, Sculpture: Methods & Materials, Advanced 2-D studio Seminar, Politics & Painting, Unconventional Approaches: Drawing, 2-D, 3-D, 4-D Seminar, Advanced Painting Tech. & Concepts
Material Fee: $50
prereq: See department
ARTCR 37200 - Advanced Photography

Techniques and aesthetics of black and white photography; self-expression and exploration; classroom critiques.
Material Fee: $75
prereq: ARTC 27100
prereq or coreq: May be repeated once. ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs
3 cr. + 6 hrs open studio

ARTCR 39000 - Combined Media

Continued experience in combined media with possible concentration in one approach and/or method. Individual exploration will be emphasized. May be repeated once (i.e., taken twice).
4 hrs + 5 hrs open studio
3 cr.

ARTCR 40200 - Independent Study in Studio Art

ARTC 10100 and 22100 are prerequisites to all studio courses.

1-3 hrs
1-3 cr. per semester

ARTCR 40500 - Art and Current Ideas II

Lecture and discussion; a non-studio course. Topics of concern in art today as brought forth by current exhibitions. Scheduled trips to galleries and museums. Reading assignments, papers and oral reports focus on issues relative to the exhibitions.
ARTC 10100 and 22100 are prerequisites to all studio courses.
prereq: BFA students or perm dept.
3 hrs
3 cr.

ARTCR 45900 - Professional Experience in Art I

BFA majors, seniors only. Not credited toward BA degree. Advanced projects may include activities outside the college, as well as within the department.
Material Fee: $50
prereq: perm BFA committee at end of junior yr.
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs + 15 hrs open studio
6.5 cr.

ARTCR 46000 - Professional Experience in Art II

Continuation of ARTC 45900.
Material Fee: $50
prereq or coreq: ARTC 10100 and 22100 are prerequisites to all studio courses.
3 hrs + 15 hrs open studio
6.5 cr.

ARTCR 49800 - Internship

Qualified undergraduates work for academic credit in professional and community art institutions. ARTC 10100 and 22100 are prerequisites to all studio courses.

prereq: perm dept.
hrs TBA
1-5 crs

ARTLA 10100 - Introduction to Study of Visual Experience

Introduction to conceiving and formulating ideas for visual experience. Students work in 3 different areas in day session, 2 in evening session.
Material Fee: $25
6 hrs
3 cr. + 3 cr. hrs open studio

ARTLA 36018 - 2-D, 3-D,4-D Seminar

prereq: ARTLA 10100, ARTCR 22100 and 2 200-level studio art courses, perm instr.
3 hrs.
3 cr.

Programs and Courses in Asian American Studies

Asian American Studies

About the Program

The Asian American Studies Program (AASP) was established on the initiative of students and faculty in 1993. The AASP is an interdisciplinary program and offers a range of courses on the history and contemporary experiences of Asian immigrants to the Americas, with close attention paid to how Asian immigrants are an integral part of the history of the United States, continuously redefining American culture and reconstituting American society.

The AASP is located in a global city, with unmatched cultural and intellectual resources and diverse and dynamic Asian populations: our faculty and students actively contribute to scholarship and advocacy in the field of Asian American studies as engaged members of New York City's diverse Asian American communities and community-based organizations. Our courses are discussion-driven and firmly rooted in the belief that linkages between theory and practice must always be maintained; as a result, our program works actively to be a bridge between the Hunter College campus community and the city and nation's rapidly expanding APA populations.

The program draws its faculty and course offerings from traditional disciplines such as history, sociology, anthropology, political science, education and literature, as well as interdisciplinary fields such as American ethnic studies; women, gender, and sexuality studies; postcolonial studies; international human rights; and policy studies. The AASP grounds its curriculum in the firm belief that a rigorous intersectional approach to Asian American studies necessitates an alliance of these areas and methods of study.

Undergraduate Minor

Minor in Asian American Studies

The interdisciplinary Asian American Studies Minor provides students with focused competence in the histories and contemporary experiences of diverse Asian diasporic communities, including but not limited to those of North America. As one of only a few Asian American Studies programs in the tri-state area, the AASP offers its Minors a unique opportunity to gain the knowledge and skills necessary to make meaningful contributions to the city and nation’s growing APA communities.

A Minor consists of a minimum of 12 credits and can be made up of any courses offered by—or cross-listed with—the Asian American Studies Program, excluding ASIAN 360.02 (East Asia to 1600) and ASIAN 360.03 (China since 1800). No more than 6 Minor credits may be transferred from another institution. Please note that a number of 300-level courses in Asian American Studies may be used to satisfy requirements in the ENGL, POLSC, and WGS majors: see individual courses for details.

Asian American Studies: Introductory Courses

ASIAN 21000 - Asians in the U.S.
Hunter Core
I&S

**Pluralism and Diversity**
PD/B
Critical interdisciplinary examination of Asian American experiences of discrimination and exclusion in the context of domestic and foreign U.S. policies regarding immigration, labor, and national identity. Through an examination of historical, theoretical and cultural texts, the course also looks at the impact of the current expansion of Asian American communities on America's social, cultural, and political order.

*Recommended for but not required of AASP Minors.*
3 hrs
3 cr.

**ASIAN 22001 - Asian American Women Writers**

**Pluralism and Diversity**
PD/B or C
Critical examination of Asian American women’s identity formations in relation to factors such as racial ideology, global migrations of labor and capital, class status, sexuality, military conflict, constructions of family, and language.

3 hrs
3 cr.

**ASIAN 22012 - Asian American Literature**

**Pluralism and Diversity**
PD/B or C
Critical examination of literary texts by Asians in the U.S. and western diaspora, tracing Asian American literary production in order to understand how these literatures are a formative site to engage in intersectional analyses of constructions of history, citizenship, and identity.

3 hrs
3 cr.

**Asian American Studies: Humanities Courses**

**ASIAN 22004 - Arab American Literature**

**Pluralism and Diversity**
PD/B
Critical examination of a cross-section of literature and film/video/performance by Arab American writers and artists in an interdisciplinary investigation of the historical and contemporary experiences of Arab Americans in the United States and western diaspora.

3 hrs
3 cr.

**ASIAN 22005 - South Asian Women’s Literature**

**Pluralism and Diversity**
PD/B or C
Close examination of literary, historical, and theoretical texts with a focus on the cultural production and social movements of South Asian women, with particular attention to how issues of race and nationalism are shaped and how they have overlapped with gender, class, sexuality, religion, and language.
ASIAN 22006 - Filipino American Literature

Pluralism and Diversity
PD/B
Close examination of the historical and social contexts in which Philippine-American literature has evolved, the diverse aesthetics and themes of individual writers, and analysis of how issues of Philippine-American cultural production takes up issues of gender, class, sexuality, religion, language, and national identity.

ASIAN 22009 - Gender and Genre in Asian American Literature and Film

Pluralism and Diversity
PD/B, PD/C
Critical exploration of the social construction of Asian American identity in various genres: video art, prose, poetry, memoir, performance, and film. The emphasis of the course is on intersectional analyses that critically examine how race, gender, class, and sexuality inform Asian American artists' decisions regarding form and genre.

ASIAN 22100 - Introduction to Writing About Asian American Literature (W)

Hunter Core
EC
This course emphasizes close reading of and analytical writing about writing by Asian American writers. ASIAN 221 develops students' critical and interpretive skills necessary for meaningful written and verbal responses to literature in the context of Asian American history and experience.

prereq: ENGL 12000

ASIAN 22500 - Asian American Art (W)

Pluralism and Diversity
P&D B
Introduction to Asian American artistic production through a survey of Asian American art and theory, including critical examinations of Asian American identity formation; transnationalism; constructions of race, gender, sexuality, class; and alternative artistic strategies.

prereq: ENGL 12000

ASIAN 32001 - Nation, Self, and Asian Identity
Pluralism and Diversity
PD/B
Critical examination of literary constructions of Asian American identity in relation to the U.S. nation-state, with particular emphasis placed upon juridical constructions of citizenship, community, and belonging.
3 hrs
3 cr.

ASIAN 32005 - Asian American Memoir

Pluralism and Diversity
PD/B
Close examination of memory as an imagined and contested site that complicates and challenges how we constitute self and other. Students will analyze constructions of identity through Asian American narratives, and their relation to language, form and experience, including immigration and gendered narratives to transnational categories of homeland and belonging.
3 hrs
3 cr.

ASIAN 32100 - Asian American Social Protest Literature

Pluralism and Diversity
PD/B
Deconstruction and examination of historical and contemporary Asian American literatures of social protest and resistance. Students utilize readings as a framework for initiating, planning, and executing semester-long community-based projects.
3 hrs
3 cr.

ASIAN 33008 - Muslim Diasporas

Pluralism and Diversity
PD/B
Interdisciplinary course moving through the history of Islam and its expressions in many areas of the world (including Sufism), to the cultural identity, art, and literature of the Muslim Diaspora in the United States, their misrepresentations in the media, and fetishization by popular culture.
3 hrs
3 cr.

ASIAN 34001 - Asian Pacific American Media

Pluralism and Diversity
PD/B
Addresses Asian Pacific American experiences of assimilation, displacement, marginalization, multiculturalism, and resistance to the cultural 'norm' within Asian Pacific communities through screening a wide range of films and videos and reviewing critical and fictional writing. Guest artists may also lecture.
3 hrs
3 cr.
ASIAN 34003 - West Asian American Literature and Film

Pluralism and Diversity
PD/B
Interdisciplinary course that first examines the cultural, linguistic, and religious diversity of West Asia, sometimes called Central Asia and/or the Middle East, to then focus on the literature and film of their diasporic communities in the U.S.

3 hrs
3 cr.

Asian American Studies: Recent Course Offerings in the Humanities

ASIAN 33052 - Oral History, Cultural Identity and the Arts

ASIAN 39006 - Gender and Sexuality in Asian American Literature and Film

ASIAN 39016 - Ethnicity and American English

ASIAN 39018 - Asian American Poetics

ASIAN 46000 - Independent Study

Asian American Studies: Social Science Courses

ASIAN 23002 - Asian American Communities and Mental Health

Hunter Core
Individual and Society (Social Sciences) -I&S SS
Pluralism and Diversity
PD/B
Introduction to psychological experiences of Asian Americans, including historical, sociopolitical, and cultural influences that shape personality and mental health. Specific topics include stereotypes and racism, processes of acculturation and enculturation, ethnic identity development, interracial relationships, stressors and social support systems within Asian American communities, and culturally competent mental health treatment and service delivery.

3 hrs
3 credits

ASIAN 29000 - Asian American Studies Internship

A semester-long course intended to give students practical experience participating in a local or national Asian American-serving organization. The objective of ASIAN 29000 is to train students to transform Asian American Studies scholarship into practice, and to realize the relevance of their classroom training in a broader social context. ASIAN 29000 will be required of students seeking a Certificate in Asian American Studies (pending), and will be recommended for students seeking a minor in Asian American Studies.

prereq: ENGL 12000, ASIAN 210 or equiv.
ASIAN 35100 - Asian American History of Labor and Politics

Pluralism and Diversity
PD/B
This seminar explores the interconnected issues of race, class, and nationality through the study of the history of Asian immigrant labor in the U.S. in the context of American economic needs and political environment.

3 hrs
3 cr.

ASIAN 39001 - International Migration

Pluralism and Diversity
PD/B
This interdisciplinary course examines the origins and processes of migration and settlement, past and present. Includes a series of lectures by leading scholars from a variety of academic fields and immigrant communities. Topics include: immigration and labor, race and gender, social and cultural identity, immigration policy and political action, and the trans-nationalization of education and family life.

3 hrs
3 cr.

ASIAN 39002 - Asian American Civil Rights and the Law

Pluralism and Diversity
PD/B
Critical examination of major immigration and civil rights laws and Supreme Court cases that have affected Asian Americans.

3 hrs
3 cr.

ASIAN 49100 - Asian American Movement and Community Organizations

Pluralism and Diversity
PD/B
Semester-long analysis of the development of pan-ethnic Asian American consciousness and institutions since the late 1960s, with a focus on this movement's impact on community organizations of Asian national sub-groups examined in the context of larger American racial and ethnic politics.

3 hrs
3 cr.

Asian American Studies: Recent Course Offerings in Social Science

ASIAN 23001 - Globalization and Gender
Pluralism and Diversity
PD/B
3 hrs
3 cr.

ASIAN 33001 - Chinese in the U.S.

ASIAN 33003 - South Asians in the U.S.

ASIAN 39015 - Immigration and the Economy

3

ASIAN 46000 - Independent Study

ASIAN 49000 - Immigration Policy

Pluralism and Diversity
PD/B

Programs and Courses in Biological Sciences

Biological Sciences

About the Department

The Department of Biological Sciences at Hunter College stresses excellence in both teaching and research. Fully equipped research laboratories are supported by major federal grants and students are strongly encouraged to become involved in laboratory research. State-of-the-art flow cytometry and bioimaging facilities are housed within the department. They have been created and are funded by federal grants, New York State and the Center for Basic and Translational Research. The Center consists of faculty from the departments of Biological Sciences, Chemistry, Physics and Psychology working in the areas of biomolecular structure and function.

The core curriculum in biological sciences prepares students for admission to both graduate and medical schools and for careers in the biological sciences, including teaching and the growing industry of biotechnology. The curriculum emphasizes cell biology, molecular biology, developmental biology, genetics and neurobiology as the foundation for future careers in fields related to the biological sciences.

Undergraduate Major

Biological Sciences

Return to: Biological Sciences-BA

The major in Biological Sciences has the following Concentrations:

• Basic (shown below)

Three other concentrations that are slightly more rigorous than the basic major. Interested students should speak with a biology adviser as soon as possible to plan their courses accordingly.

• Behavioral Neurobiology
• Bioinformatics
• Biophysics

Foundational Courses

Foundational Courses for the Biology Major (all concentrations) must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

MATH 12500 (STEM) - Precalculus
Hunter Core
Math/Quantitative Reasoning
GER
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

**prereq:** grade of C or better in MATH 10100 or appropriate score on placement exam
4 hrs
4 cr.

**MATH 12600 - Precalculus Technology Laboratory**

Students are introduced to MATHEMATICA as a tool for exploring qualitative features of functions and solving pre-calculus problems: simplifying algebraic expressions, solving equations, plotting functions and curves, finding and approximating zeros and solving systems of equations. MATH 12600 cannot be taken for credit after a student has passed MATH 15000. Students who have passed MATH 15000 should register for MATH 15400 to satisfy the symbolic proficiency requirement.

**prereq:** grade of C or better in MATH 10100 or appropriate score on placement exam

**prereq or coreq:** MATH 12500
2 hrs
1 cr.

**Hunter Core Requirement**

Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement.

**Major**

The basic major is for students who intend to prepare for graduate study, medicine, dentistry, secondary school teaching, biotechnology and industry. Students planning to pursue the biology major are strongly encouraged to declare their major as soon as possible after completing one semester of Principles of Biology. Declared majors are assigned a permanent faculty advisor who will assist in individual curriculum planning. Students are required to meet with their advisor at least once each semester throughout their undergraduate career to discuss their program and progress.

**A. Introductory Biology (9 cr.)**

**BIOL 10000 (STEM) - Principles of Biology I**

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
PD/C or D
GER
2/E
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: MATH 12500, CHEM 10200
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

**BIOL 10200 (STEM) - Principles of Biology II**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**Pluralism and Diversity**
PD/C or D

**GER**
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

**B. 200-level and higher Concentration in Biology (24.5 cr.)**

**1. Required Courses (13.5 cr.)**

**BIOL 20300 - Molecular Biology and Genetics**

This course includes a detailed examination of the fundamental principles of gene expression. The processes of DNA replication, transcription, mRNA processing, micro RNA function, and translation will be extensively covered. Prokaryotic and eukaryotic systems will be described. Classical Mendelian as well as molecular genetics principles will be covered in the lecture through a discussion of several model systems. Important genetic processes such as recombination, transposition and DNA repair will be discussed in-depth. The course will provide a modern view of the concept of the gene, and introduce basic bioinformatics analysis. Hands-on laboratory experiments will reinforce bacterial and eukaryotic genetic concepts as well as provide basics in recombinant DNA technology.

prereq: Advisor permission; BIOL 10000 and 10200 or equiv; CHEM 10200, CHEM 10400, CHEM 10600 or equiv. (for Major II students, chem prereqs are CHEM 10000, 10100; coreqs are CHEM 12000,12100)
coreq: CHEM 22200, 22300 or perm instr.
7 hrs
4.5 cr.
spring only

**BIOL 30000 - Biological Chemistry**
Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in biological chemistry. The following pre/co-requisites apply: prereq: BIOL 20300 and coreq: CHEM 22200.

Material Fee: $10
prereq: Open only for majors.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

**BIOL 30300 - Cell Biology**

This Biology major capstone course builds upon what has been learned in molecular biology & genetics and biochemistry providing and integrated look at the molecular biology of the cell. Separated into 5 units, the lecture and laboratory components are coordinated. The course includes integrated components in the following eukaryotic cell biology areas through the following 5 units: 1. Introduction: Cell morphology and commonly used techniques for examining the cell. An introduction to cell proliferation, cell motility, and cell communication (comparing prokaryotic and eukaryotic systems). 2. Cell Cycle Regulation: Cell cycle regulation, cellular signal transduction, regulation of cell proliferation and cell growth, cell death mechanisms, and de-regulation of cell growth the process of tumorigenesis. 3. Membranes and Cytoskeleton: Membranes, cytoskeleton, and signaling, are including mechanisms for transport and cellular channels for intracellular and intercellular communication. Human biology and disease as it pertains to membrane biology. 4. Organelles: Intracellular organelles are examined in detail for their structures and functions. This includes, but is not limited to, mitochondrial function and energy production, protein degradation pathways and intracellular trafficking. 5. Cell Communication: Cellular differentiation, cell-cell communication, and an introduction to development.

prereq: Advisor permission; BIOL 30000 or instructor permission
7 hrs
4.5 cr
spring only

2. Electives (11 credits)

Students select the remainder of their credits toward the Biology Major from advanced courses in the biological sciences so as to create a core area of study. Eleven credits are required to complete the major. A minimum of two elective lecture courses must be taken, with at least one course at the 30000 level or higher, in addition to BIOL 30000 and BIOL 30300, for a minimum of six credits. For the remaining elective credits, at least one special-topics course must be taken (BIOL 47000 or BIOL 47100 or BIOL 79000; various topics offered each semester) in addition to other lecture or research courses. There are some BIOL courses that do not count as electives towards the Biology Major (e.g. BIOL 12000, BIOL 12200 and BIOL 23000). Please read the course descriptions carefully to identify those courses. If you have any questions about which courses can be used as major electives, please speak to your Biology department advisor. Students with strong interdisciplinary interests may select advanced course offerings in other departments after approval by their adviser. Four credits of laboratory research are recommended and can count towards the total elective credits either from a laboratory elective course or from research within an approved research laboratory. Laboratory research credits are taken as a BIOL 48000 research course for a maximum of two credits per semester and require a written report or presentation of work required for completion of course. Laboratory research credits can also be obtained from BIOL 61000.
Together, introductory biology and the concentration (33.5 cr.) satisfy the major requirement for certification as a teacher of biology in grades 7-12.

Additional science and math requirements for the major:

- CHEM 10200 (STEM), CHEM 10400 (STEM), CHEM 10600 (STEM), CHEM 22200, CHEM 22300, CHEM 22400
- PHYS 11000 (STEM), PHYS 12000 (STEM) (or PHYS 11100 (STEM), PHYS 12100 (STEM))
- MATH 15000 (STEM); MATH 15500 (STEM) or STAT 21300 (STEM)

Allied courses credits required: 37.5-44.5, including MATH 12500 (STEM) or placement test.

Curriculum Guide for Biology Major

Year 1

Fall

CHEM 10200 (STEM) - General Chemistry I

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.
Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

prereq or coreq: MATH 12500, 15000 or equiv.
5 hrs (4 lec, 1 rec)
4 cr.

MATH 12500 (STEM) - Precalculus

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to
students who have completed MATH 15000 or its equivalent.

**prereq:** grade of C or better in MATH 10100 or appropriate score on placement exam

4 hrs
4 cr.

### Spring

**BIOL 10000 (STEM) - Principles of Biology I**

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**
PD/C or D

**GER**
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

**prereq:** MATH 12500, CHEM 10200

7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.

**CHEM 10400 (STEM) - General Chemistry II**

**Hunter Core**
Life and Physical Sciences (LPS) Scientific World (SW)

**GER**
2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

**prereq:** CHEM 10200 with grade of C or better or CHEM 10000 with perm chair

5 hrs (4 lec, 1 rec)
4 cr.

**CHEM 10600 (STEM) - General Chemistry Laboratory**

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**
GER 2/E

Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.

**prereq:** CHEM 10200

coreq: CHEM 10400
Year 2

Fall

**BIOL 10200 (STEM) - Principles of Biology II**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**Pluralism and Diversity**
PD/C or D

**GER**
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior, ecology.

Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

*prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.*

7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.

*fall only*

**MATH 15000 (STEM) - Calculus with Analytic Geometry I**

**Hunter Core**
Math/Quantitative Reasoning

**GER**
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*

4 hrs
4 cr.

**CHEM 22200 - Organic Chemistry Lecture I**

**GER**
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

*prereq: CHEM 10400 with a grade of C or better* 
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.
CHEM 22300 - Organic Chemistry Laboratory I

GER
3/B

Various organic syntheses, Distillation, extraction, chromatography, qualitative analysis, spectroscopy.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10500 or CHEM 10600
prereq or coreq: CHEM 22200
4 hrs
2.5 cr.

Spring

BIOL 20300 - Molecular Biology and Genetics

This course includes a detailed examination of the fundamental principles of gene expression. The processes of DNA replication, transcription, mRNA processing, micro RNA function, and translation will be extensively covered. Prokaryotic and eukaryotic systems will be described. Classical Mendelian as well as molecular genetics principles will be covered in the lecture through a discussion of several model systems. Important genetic processes such as recombination, transposition and DNA repair will be discussed in-depth. The course will provide a modern view of the concept of the gene, and introduce basic bioinformatics analysis. Hands-on laboratory experiments will reinforce bacterial and eukaryotic genetic concepts as well as provide basics in recombinant DNA technology.

prereq: Advisor permission; BIOL 10000 and 10200 or equiv; CHEM 10200, CHEM 10400, CHEM 10600 or equiv.
(for Major II students, chem prereqs are CHEM 10000, 10100; coreqs are CHEM 12000,12100)
coreq: CHEM 22200, 22300 or perm instr.
7 hrs
4.5 cr.
spring only

MATH 15500 (STEM) - Calculus with Analytic Geometry II

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

prereq: grade of C or better in MATH 15000
4 hrs
4 cr.

* or

STAT 21300 (STEM) - Introduction to Applied Statistics
Hunter Core
Math/Quantitative Reasoning
GER
1/B

Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.

3 hrs
3 cr.

CHEM 22400 - Organic Chemistry Lecture II

GER
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 22200 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

Year 3

Fall

BIOL 30000 - Biological Chemistry

GER
3/B

Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in biological chemistry. The following pre/co-requisites apply: prereq: BIOL 20300 and coreq: CHEM 22200.

Material Fee: $10
prereq: Open only for majors.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

PHYS 11000 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
GER
2/E
First semester of two-semester introductory physics course using algebra.

**prereq:** MATH 12500; pre-calculus or equiv. By math dept. exam.
7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

**PHYS 11100 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound**

**Hunter Core**
Scientific World (SW) Life and Physical Sciences (LPS)
GER
2/E

For physics and other science majors. First semester of a two-semester introductory physics course using calculus.

**prereq or coreq:** coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.

- 30000-level BIOL electives

**Spring**

**BIOL 30300 - Cell Biology**

This Biology major capstone course builds upon what has been learned in molecular biology & genetics and biochemistry providing and integrated look at the molecular biology of the cell. Separated into 5 units. the lecture and laboratory components are coordinated. The course includes integrated components in the following eukaryotic cell biology areas through the following 5 units: 1. Introduction: Cell morphology and commonly used techniques for examining the cell. An introduction to cell proliferation, cell motility, and cell communication (comparing prokaryotic and eukaryotic systems). 2.Cell Cycle Regulation: Cell cycle regulation, cellular signal transduction, regulation of cell proliferation and cell growth, cell death mechanisms, and de-regulation of cell growth the process of tumorigenesis. 3. Membranes and Cytoskeleton: Membranes, cytoskeleton, and signaling, are including mechanisms for transport and cellular channels for intracellular and intercellular communication. Human biology and disease as it pertains to membrane biology. 4. Organelles: Intracellular organelles are examined in detail for their structures and functions. This includes, but is not limited to, mitochondrial function and energy production, protein degradation pathways and intracellular trafficking. 5.Cell Communication: Cellular differentiation, cell-cell communication, and an introduction to development.

**prereq:** Advisor permission; BIOL 30000 or instructor permission
7 hrs
4.5 cr
spring only

**PHYS 12000 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

Second semester of PHYS 11000 (STEM), a two-semester introductory physics course using algebra.
prereq: PHYS 11000 or 11100
7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

PHYS 12100 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

Second semester of PHYS 11100 (STEM), a two-semester introductory physics course using calculus.
prereq: PHYS 11000 or 11100
prereq or coreq: (with perm dept.): MATH 15500
8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.

• 30000/40000-level BIOL electives

Year 4

Fall

• 30000 and 40000-level BIOL electives

Spring

• 30000 and 40000-level BIOL electives

Note(s)

*We recommend that math, physics and chemistry courses be completed as early as the student's schedule allows. Note that CHEM 22200 and CHEM 22300 must be taken prior to BIOL 30000; otherwise, instructor permission is required. Students who are behind in the chemistry sequence are urged to take advantage of the summer session, during which these chemistry courses are usually offered.

Biological Sciences - BA

The Department of Biological Sciences offers a single major for students who intend to prepare for graduate study, medicine, dentistry, secondary school teaching, biotechnology and industry. This Major is equivalent to and replaces the Major I program from previous years. Students planning to pursue a Biology major are strongly encouraged to declare their major as soon as possible after completing one semester of Principles of Biology.

Declared majors are assigned a permanent faculty adviser who will assist in individual curriculum planning. Students are required to meet with their adviser at least once each semester throughout their undergraduate career to discuss their program and progress.

• Biological Sciences
CR/NC Policy

Only a letter grade (A, B, C, D, including + or -) will be accepted by the department in the required science and mathematics courses for the biology major.

Minor for other Majors

The minor in Biological Sciences gives students a basic understanding of biology from the molecular and cellular to the organismal and population level. This includes both theoretical aspects presented in lecture as well as practical aspects presented in lab. Flexibility is built into the minor to allow students to select courses corresponding to their interests. In order to minor in Biological Sciences a student must pass four courses resulting in a minor GPA of 2.0 or higher. All students who want a Minor in Biological Sciences must take:

- BIOL 10000 (STEM) - Principles of Biology I and BIOL 10200 (STEM) - Principles of Biology II or BIOL 10000 (STEM) - Principles of Biology I and BIOL 16000 - Honors Principles of Biology II or the equivalent
- two additional courses in Biological Sciences, one of which must be at the 20000 level or higher

Number of Credits: A minimum of 12 credits. Transfer credits may be applied. At least 2 courses must be taken at Hunter College.

Opportunities for Undergraduates in Biological Sciences

Undergraduate Research Students who wish to undertake a research project under the supervision of a faculty member must first obtain written permission from that faculty member and then register for BIOL 48000. Research opportunities for undergraduates at Hunter are available in cell and molecular biology, developmental biology, neuroscience, cancer biology, AIDS, microbiology and a variety of other contemporary areas. In some cases students may be permitted to work at one of the several neighboring research institutions. Synopses of faculty research interests can be obtained in the department office or from the Department of Biological Sciences Web site http://Biology.hunter.cuny.edu). In addition, there are summer research opportunities available at Cold Spring Harbor Laboratory and Woods Hole Research Center through the Howard Hughes Medical Institute. Please note that, to qualify for departmental honors at graduation, there is a research requirement.

Honors Work

In order to qualify for departmental honors, students must have a departmental GPA of at least 3.5 and an overall GPA of at least 3.0. They must also satisfy a research requirement consisting of either:

(a) at least 2 research credits of

BIOL 48000 - Introduction to Experimental Biology

GER
3/B

Laboratory research under guidance of faculty member. Work at another institution may be permitted under auspices and supervision of a faculty member. Written report or presentation of work required for completion of course. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors and a maximum of 4 credits can count towards the Biology major. Since student research projects can take more than one semester, and students can develop and expand their research into continuing and related projects, this course may be repeated an unlimited number of times.
prereq: BIOL 10000 and 10200, Departmental permission prior to registration.
hrs TBA
1-2 cr. per sem.

BIOL 48100 - Introduction to Experimental Biology

GER
3/B

Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.
prereq: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.
TBA
1-2 credits per semester

BIOL 48200 - Introduction to Experimental biology

GER
3/B

Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.
prereq: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.
TBA
1-2 credits per semester

BIOL 48300 - Introduction to Experimental Biology

GER
3/B

Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.
prereq: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.
hrs TBA
1-2 cr. per sem.

or (b) at least one course chosen from among

BIOL 39000 - Laboratory in Cell Structure

GER
3/B

Applications of light and confocal microscopy, using fluorescence and multidimensional imaging to study cell structures. Lab projects involve immunofluorescence: fixation methods and immunocytochemistry. Illumination methods including multi-channel 3D rendering, image processing and visualization software.
prereq or coreq: BIOL 30000 or BIOL 20200 and perm instr.
7 hrs (2 lecture, 5 lab)
4.5 cr.
fall only

BIOL 39100 - Laboratory in Cell Structure -- Biological Electron Microscopy

The students will learn basic concepts of transmission electron microscope, principles of biological sample preparation for transmission electron microscopy, various electron microscopy applications, to be familiar with the morphology of different organelles inside the mammalian cell, and understand the functions of each organelle.
Lab projects involve: (1) perfusion fixation of mouse tissues; (2) routine transmission electron microscopy sample preparation; (3) techniques and tools used for microtomy; (4) transmission electron microscope alignment; and (5) imaging various cellular ultra-structures using a transmission electron microscope.
prereq or coreq: Instructor Permission
7 hrs.
4 cr.
spring only
• BIOL 61000 Workshop in Biotechnology

Additional Information

The research requirement includes a written report resulting from work in any of these courses.

Accelerated Bachelor's/Master's Programs in Biological Sciences

BA/MA Program in Biological Sciences and Adolescent Education: Biology

This is an accelerated program leading to a BA in Biological Sciences and an MA in Adolescent Education: Biology. Undergraduates admitted to the program start graduate courses during their senior year and will be able to complete the MA degree one year after they complete the requirements for the BA degree. Interested students should contact a Biology Department adviser early in their undergraduate career.

BA/MA Program with Specialization in Biotechnology

In this five-year program, qualified biology majors begin graduate work as seniors and receive the MA one year after completing BA requirements. Students are provided with theoretical knowledge and skills in molecular biology and a foundation for application of these skills in careers in the biotechnology and pharmaceutical industries, academic research, or public health. Successful completion of the biotechnology workshop, BIOL 61000, an essential program component, entitles students to a summer internship in an industrial or private research laboratory. Interested biology majors should contact a departmental adviser as early as possible.

BA/MS Program in Biological Sciences/Environmental and Occupational Health Sciences

This is an accelerated program leading to a BA in biology and an MS in environmental and occupational health sciences in five years. Biology majors admitted to the program start graduate work in their senior year. Interested students should contact a departmental adviser early in their undergraduate studies, as well as the office of the Director
of the Environmental and Occupational Health Sciences Program at the CUNY School of Public Health at Hunter College. The program provides biology majors with a career option in public health.

BS/MA Program in Medical Laboratory Sciences and Biotechnology

Qualified medical lab science seniors may apply to the BS/MA collaboration: Medical Laboratory Sciences with Specialization in Biotechnology - Accelerated BS/MA between the department of Medical Laboratory Sciences and the department of Biological Sciences. An intensive techniques workshop (BIOL 61000 -see the graduate catalog) is taken prior to graduation and upon successful completion, students may continue with professional internship and the MA program, allowing MLS graduates to complete the degree at an accelerated pace.

MA Program in Biological Sciences

See Career Planning-Graduate Study.

Biological Sciences: Concentration in Behavioral Neurobiology

Return to: Biological Sciences

The concentration in Behavioral Neurobiology within the Department of Biological Sciences, one of the options for Major I, has the following required courses and schedule.

Required Courses

**BIOL 10000 (STEM) - Principles of Biology I**

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**
PD/C or D

**GER**
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

*prereq: MATH 12500, CHEM 10200*

7 hrs (3 lec, 3 lab, 1 disc)

4.5 cr.

*spring only*

**BIOL 10200 (STEM) - Principles of Biology II**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**Pluralism and Diversity**
PD/C or D

**GER**
Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

**prereq:** BIOL 10000 or perm instr; MATH 10100 or equiv.

7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

**BIOL 20300 - Molecular Biology and Genetics**

This course includes a detailed examination of the fundamental principles of gene expression. The processes of DNA replication, transcription, mRNA processing, micro RNA function, and translation will be extensively covered. Prokaryotic and eukaryotic systems will be described. Classical Mendelian as well as molecular genetics principles will be covered in the lecture through a discussion of several model systems. Important genetic processes such as recombination, transposition and DNA repair will be discussed in-depth. The course will provide a modern view of the concept of the gene, and introduce basic bioinformatics analysis. Hands-on laboratory experiments will reinforce bacterial and eukaryotic genetic concepts as well as provide basics in recombinant DNA technology.

**prereq:** Advisor permission; BIOL 10000 and 10200 or equiv; CHEM 10200, CHEM 10400, CHEM 10600 or equiv.
(for Major II students, chem prereqs are CHEM 10000, 10100; coreqs are CHEM 12000,12100)

**coreq:** CHEM 22200, 22300 or perm instr.

7 hrs
4.5 cr.
spring only

**BIOL 30000 - Biological Chemistry**

**GER**

3/B

Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in biological chemistry. The following pre/co-requisites apply: prereq: BIOL 20300 and coreq: CHEM 22200.

Material Fee: $10

**prereq:** Open only for majors.

7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

**BIOL 30300 - Cell Biology**

This Biology major capstone course builds upon what has been learned in molecular biology & genetics and biochemistry providing and integrated look at the molecular biology of the cell. Separated into 5 units. the lecture and laboratory components are coordinated. The course includes integrated components in the following eukaryotic cell biology areas through the following 5 units: 1. Introduction: Cell morphology and commonly used techniques for examining the cell. An introduction to cell proliferation, cell motility, and cell communication (comparing prokaryotic and eukaryotic systems). 2.Cell Cycle Regulation: Cell cycle regulation, cellular signal transduction, regulation of cell
proliferation and cell growth, cell death mechanisms, and de-regulation of cell growth the process of tumorigenesis. 3. Membranes and Cytoskeleton: Membranes, cytoskeleton, and signaling, are including mechanisms for transport and cellular channels for intracellular and intercellular communication. Human biology and disease as it pertains to membrane biology. 4. Organelles: Intracellular organelles are examined in detail for their structures and functions. This includes, but is not limited to, mitochondrial function and energy production, protein degradation pathways and intracellular trafficking. 5. Cell Communication: Cellular differentiation, cell-cell communication, and an introduction to development.

prereq: Advisor permission; BIOL 30000 or instructor permission
7 hrs
4.5 cr
spring only

CHEM 10200 (STEM) - General Chemistry I

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.
Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

prereq or coreq: MATH 12500, 15000 or equiv.
5 hrs (4 lec, 1 rec)
4 cr.

CHEM 10400 (STEM) - General Chemistry II

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.
prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec)
4 cr.

CHEM 10600 (STEM) - General Chemistry Laboratory

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
GER 2/E

Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.

**CHEM 22200 - Organic Chemistry Lecture I**

**GER**

**GER 3/B**

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

**CHEM 22400 - Organic Chemistry Lecture II**

**GER**

**GER 3/B**

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

**MATH 15000 (STEM) - Calculus with Analytic Geometry I**

**Hunter Core**

Math/Quantitative Reasoning

**GER**

1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*

4 hrs

4 cr.

**PHYS 11000 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound**

**Hunter Core**

Life and Physical Sciences (LPS); Scientific World (SW)

**GER**

2/E
First semester of two-semester introductory physics course using algebra.

*prereq:* MATH 12500; pre-calculus or equiv. By math dept. exam.

7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

**PHYS 12000 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

Second semester of PHYS 11000 (STEM), a two-semester introductory physics course using algebra.

*prereq:* PHYS 11000 or 11100

7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

**PSYCH 10000 - Introduction to Psychology**

GER
2/B

An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

3 hrs
3 cr.

**PSYCH 25000 - Experimental Psychology: General**

GER
3/B

Open to declared majors only. Research and general experimental techniques in study of behavior. Introduction to the principles of research methodology and experimental techniques. Required research reports involve a variety of laboratory exercises related to the study of basic behavioral processes. (Students may take either PSYC 24900 or 25000, but not both.)

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

*prereq:* ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade; PSYCH 24800 with a minimum grade of C
*prereq or coreq:* Writing Intensive

6 hrs (2 lec, 4 lab)
4 cr.

**PSYCH 24800 - Statistical Methods in Psychological Research**
GER
3/B

Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.

Writing Intensive

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

**prereq:** PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or better, or appropriate score on math placement exam

**prereq or coreq:** ENGL 12000

4 hrs

4 cr.

**BIOL 47000 - Special Topics in Biology**

GER
3/B

Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

**prereq:** BIOL 30000

2 hrs (lec)

2 cr. per sem.

**BIOL 47100 - Special Topics in Biology**

GER
3/B

Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

**prereq:** BIOL 30000

3 hrs (lec)

3 cr. per sem.

**Electives**

9 credits, 6 of which must be PSYCH

**PSYCH 30100 - Sensation and Perception (B; C)**

GER
3/B

Open to declared majors only. Methods, theories and empirical data relating to stimulus detection, encoding and perception as a function of variables including current stimuli and past history.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a
psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs
3 cr.

**PSYCH 30900 - Behavioral Neuroendocrinology (B; D/S)**

**Pluralism and Diversity**

PD/C
GER
3/B

Research and attitudes about sex-related behavior in human and nonhuman animals emphasizing evolutionary and neuroendocrinological processes and social-psychological processes; male-female differences and similarities, therapeutic strategy in sex-behavior pathology and sexual behavior and the law.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs
3 cr.

**PSYCH 32700 - Motivation and Emotion (B; C)**

GER
3/B

The question of how behavior is initiated, maintained, directed and terminated. Human and non-human research evaluated.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000. PSYCH 24900 or 25000
3 hrs
3 cr.

**PSYCH 36900 - Behavioral Pharmacology (B)**

GER
3/B

This course will provide information on the interrelationship of pharmacology and behavior. The relationship of licit, illicit and therapeutic drugs and their use and abuse will be explored in the context of their historical use and biological effects. Topics discussed include an overview of the nervous system, basic psychopharmacology, drug classification and specific drugs such as alcohol, nicotine, narcotics, marijuana, and psychotherapeutic agents.

prereq: ENGL 12000, PSYCH 24900 or 25000, PSYCH 30000 or perm instr.
3 hrs
3 cr.
BIOL 37000 - Physiology of the Nervous System

GER
3/B

A comprehensive introduction to neuroscience. Topics include how nerve cells (neurons) transmit electrical impulses, how neurons communicate with each other through synapses and how nerve pathways and networks determine many functions of the brain. The last portion of the course shall explore how developing neurons seek out targets and establish synapses.
prereq: BIOL 30000 or perm instr.
4 hrs (lec)
4 cr.
spring only

BIOL 37600 - Endocrinology

GER
3/B

Cellular organization of the endocrine system; molecular mechanisms of hormone action; hormonal physiology of metabolism and reproduction; integration of endocrine responses by the central nervous system.
prereq: BIOL 20200 or perm instr.
3 hrs (lec)
3 cr.
spring only

BIOL 38000 - Molecular Neurobiology

GER
3/B

Molecular components and molecular mechanisms involved in the cell biology of neurons and glia, neuronal signaling, neuronal development, learning, memory and diseases of the nervous system.
prereq: BIOL 30000 or perm instr.
3 lec hrs
3 cr.
fall only

Total: 72.5 Credits

Curriculum common to Behavioral Neurobiology Students (Biology/Psychology)

BIOL 10000 (STEM) - Principles of Biology I

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
PD/C or D
GER
The chemical basis of life; basic structure and function of pro- and eukaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

**prereq:** MATH 12500, CHEM 10200
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

---

**BIOL 10200 (STEM) - Principles of Biology II**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**Pluralism and Diversity**
PD/C or D

**GER**
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

**prereq:** BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

---

**BIOL 20300 - Molecular Biology and Genetics**

This course includes a detailed examination of the fundamental principles of gene expression. The processes of DNA replication, transcription, mRNA processing, micro RNA function, and translation will be extensively covered. Prokaryotic and eukaryotic systems will be described. Classical Mendelian as well as molecular genetics principles will be covered in the lecture through a discussion of several model systems. Important genetic processes such as recombination, transposition and DNA repair will be discussed in-depth. The course will provide a modern view of the concept of the gene, and introduce basic bioinformatics analysis. Hands-on laboratory experiments will reinforce bacterial and eukaryotic genetic concepts as well as provide basics in recombinant DNA technology.

**prereq:** Advisor permission; BIOL 10000 and 10200 or equiv; CHEM 10200, CHEM 10400, CHEM 10600 or equiv.
(for Major II students, chem prereqs are CHEM 10000, 10100; coreqs are CHEM 12000,12100)

**coreq:** CHEM 22200, 22300 or perm instr.
7 hrs
4.5 cr.
spring only

---

**CHEM 10200 (STEM) - General Chemistry I**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**GER**
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

*prereq or coreq: MATH 12500, 15000 or equiv.*

5 hrs (4 lec, 1 rec)

4 cr.

**CHEM 10400 (STEM) - General Chemistry II**

**Hunter Core**

Life and Physical Sciences (LPS) Scientific World (SW)

**GER**

2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

*prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair*

5 hrs (4 lec, 1 rec)

4 cr.

**PSYCH 10000 - Introduction to Psychology**

**GER**

2/B

An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

3 hrs

3 cr.

**MATH 15000 (STEM) - Calculus with Analytic Geometry I**

**Hunter Core**

Math/Quantitative Reasoning

**GER**

1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*

4 hrs

4 cr.

**CHEM 22200 - Organic Chemistry Lecture I**
**GER**

GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

*prereq: CHEM 10400 with a grade of C or better*

5-6 hrs (4 lec, 1-2 recitation/workshop)

4 cr.

**PSYCH 24800 - Statistical Methods in Psychological Research**

**GER**

3/B

Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.

Writing Intensive

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

*prereq: PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or better, or appropriate score on math placement exam*

*prereq or coreq: ENGL 12000*

4 hrs

4 cr.

**PSYCH 25000 - Experimental Psychology: General**

**GER**

3/B

Open to declared majors only. Research and general experimental techniques in study of behavior. Introduction to the principles of research methodology and experimental techniques. Required research reports involve a variety of laboratory exercises related to the study of basic behavioral processes. (Students may take either PSYC 24900 or 25000, but not both.)

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

*prereq: ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade; PSYCH 24800 with a minimum grade of C*

*prereq or coreq: Writing Intensive*

6 hrs (2 lec, 4 lab)

4 cr.

- Biology BN elective
- Psychology BN elective
- Independent Research
- Behavioral Neurobiology Seminar*

* This interdisciplinary course will serve as a discussion group for research articles of current interest to the Neuroscience community; as a venue for student research presentations and as a venue at which visiting may meet informally with Neuroscience undergraduates.

Schedule

A typical timetable for graduation is presented below.

Fall (Year 1)

**CHEM 10200 (STEM) - General Chemistry I**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**GER**
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

*prereq or coreq: MATH 12500, 15000 or equiv.*

5 hrs (4 lec, 1 rec)

4 cr.

**MATH 15000 (STEM) - Calculus with Analytic Geometry I**

**Hunter Core**
Math/Quantitative Reasoning

**GER**
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*

4 hrs

4 cr.

Spring (Year 1)

**BIOL 10000 (STEM) - Principles of Biology I**

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**
PD/C or D
GER 2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: MATH 12500, CHEM 10200

7 hrs (3 lec, 3 lab, 1 disc)

4.5 cr.

spring only

**CHEM 10400 (STEM) - General Chemistry II**

**Hunter Core**

Life and Physical Sciences (LPS) Scientific World (SW)

GER 2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair

5 hrs (4 lec, 1 rec)

4 cr.

**CHEM 10600 (STEM) - General Chemistry Laboratory**

**Hunter Core**

Life and Physical Sciences (LPS); Scientific World (SW)

Pluralism and Diversity

GER 2/E

Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.

prereq: CHEM 10200

coreq: CHEM 10400

6 hrs

3 cr.

**PSYCH 10000 - Introduction to Psychology**

GER 2/B

An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.
3 hrs
3 cr.

Fall (Year 2)

BIOL 10200 (STEM) - Principles of Biology II

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
**Pluralism and Diversity**
PD/C or D
**GER**
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.
**prereq:** BIOL 10000 or perm instr, MATH 10100 or equiv.

7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.

fall only

PHYS 11000 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)
**GER**
2/E

First semester of two-semester introductory physics course using algebra.
**prereq:** MATH 12500; pre-calculus or equiv. By math dept. exam.

7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

CHEM 22200 - Organic Chemistry Lecture I

**GER**
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

**Note:** No student may receive credit for both CHEM 12000-12100 and 22200-22300.

**prereq:** CHEM 10400 with a grade of C or better

5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.
Spring (Year 2)

**CHEM 22400 - Organic Chemistry Lecture II**

**GER**
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*prereq: CHEM 22200 with a grade of C or better*
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

**PHYS 12000 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
**GER**
2/E

Second semester of PHYS 11000 (STEM), a two-semester introductory physics course using algebra.

*prereq: PHYS 11000 or 11100*
7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

**BIOL 20300 - Molecular Biology and Genetics**

This course includes a detailed examination of the fundamental principles of gene expression. The processes of DNA replication, transcription, mRNA processing, micro RNA function, and translation will be extensively covered. Prokaryotic and eukaryotic systems will be described. Classical Mendelian as well as molecular genetics principles will be covered in the lecture through a discussion of several model systems. Important genetic processes such as recombination, transposition and DNA repair will be discussed in-depth. The course will provide a modern view of the concept of the gene, and introduce basic bioinformatics analysis. Hands-on laboratory experiments will reinforce bacterial and eukaryotic genetic concepts as well as provide basics in recombinant DNA technology.

*prereq: Advisor permission; BIOL 10000 and 10200 or equiv; CHEM 10200, CHEM 10400, CHEM 10600 or equiv. (for Major II students, chem prereqs are CHEM 10000, 10100; coreqs are CHEM 12000,12100)*
*coreq: CHEM 22200, 22300 or perm instr.*
7 hrs
4.5 cr.
*spring only*

Fall (Year 3)

**BIOL 30000 - Biological Chemistry**

**GER**
3/B

Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and
function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in biological chemistry. The following pre/co-requisites apply: prereq: BIOL 20300 and coreq: CHEM 22200.

Material Fee: $10
prereq: Open only for majors.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

PSYCH 24800 - Statistical Methods in Psychological Research

GER
3/B
Open to declared majors only. Analysis and interpretation of quantified data. Descriptive and inferential statistics applied to psychological research.

Writing Intensive

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)
prereq: PSYCH 10000 and any other 3 cr PSYCH course, MATH 12500 or STAT 11300 with a C or better, or appropriate score on math placement exam
prereq or coreq: ENGL 12000
4 hrs
4 cr.

Spring (Year 3)

BIOL 30300 - Cell Biology

This Biology major capstone course builds upon what has been learned in molecular biology & genetics and biochemistry providing and integrated look at the molecular biology of the cell. Separated into 5 units. the lecture and laboratory components are coordinated. The course includes integrated components in the following eukaryotic cell biology areas through the following 5 units: 1. Introduction: Cell morphology and commonly used techniques for examining the cell. An introduction to cell proliferation, cell motility, and cell communication (comparing prokaryotic and eukaryotic systems). 2.Cell Cycle Regulation: Cell cycle regulation, cellular signal transduction, regulation of cell proliferation and cell growth, cell death mechanisms, and de-regulation of cell growth the process of tumorigenesis. 3. Membranes and Cytoskeleton: Membranes, cytoskeleton, and signaling, are including mechanisms for transport and cellular channels for intracellular and intercellular communication. Human biology and disease as it pertains to membrane biology. 4. Organelles: Intracellular organelles are examined in detail for their structures and functions. This includes, but is not limited to, mitochondrial function and energy production, protein degradation pathways and intracellular trafficking. 5.Cell Communication: Cellular differentiation, cell-cell communication, and an introduction to development.

prereq: Advisor permission; BIOL 30000 or instructor permission
7 hrs
4.5 cr
spring only
PSYCH 25000 - Experimental Psychology: General

GER
3/B

Open to declared majors only. Research and general experimental techniques in study of behavior. Introduction to the principles of research methodology and experimental techniques. Required research reports involve a variety of laboratory exercises related to the study of basic behavioral processes. (Students may take either PSYC 24900 or 25000, but not both.)

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

prereq: ENGL 12000 with a minimum grade of C; one sem. acceptable lab science sequence with a passing grade; PSYC 24800 with a minimum grade of C

prereq or coreq: Writing Intensive

6 hrs (2 lec, 4 lab)
4 cr.

BIOL 47000 - Special Topics in Biology

GER
3/B

Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

prereq: BIOL 30000

2 hrs (lec)
2 cr. per sem.

Fall (Year 4)

BIOL 38000 - Molecular Neurobiology

GER
3/B

Molecular components and molecular mechanisms involved in the cell biology of neurons and glia, neuronal signaling, neuronal development, learning, memory and diseases of the nervous system.

prereq: BIOL 30000 or perm instr.

3 lec hrs
3 cr.
fall only

BIOL 37600 - Endocrinology

GER
3/B

Cellular organization of the endocrine system; molecular mechanisms of hormone action; hormonal physiology of metabolism and reproduction; integration of endocrine responses by the central nervous system.
prereq: BIOL 20200 or perm instr.
3 hrs (lec)
3 cr.
spring only

**PSYCH 30100 - Sensation and Perception (B; C)**

**GER**
3/B

Open to declared majors only. Methods, theories and empirical data relating to stimulus detection, encoding and perception as a function of variables including current stimuli and past history.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

**prereq: ENGL 12000. PSYCH 24900 or 25000**
3 hrs
3 cr.

**PSYCH 30900 - Behavioral Neuroendocrinology (B; D/S)**

**Pluralism and Diversity**
**PD/C**
**GER**
3/B

Research and attitudes about sex-related behavior in human and nonhuman animals emphasizing evolutionary and neuroendocrinological processes and social-psychological processes; male-female differences and similarities, therapeutic strategy in sex-behavior pathology and sexual behavior and the law.

PSYCH 24800 and 24900 or 25000, one semester of an acceptable science sequence, ENGL 12000 and declaration of a psychology major are the minimum prerequisite for all courses above PSYCH 25000. (Students falling under the previous curriculum need not fulfill the science prerequisite.)

**prereq: ENGL 12000. PSYCH 24900 or 25000**
3 hrs
3 cr.

Sub-total 63.5

Electives 9

Total credits required 72.5

**Biological Sciences: Concentration in Bioinformatics**

Return to: Biological Sciences

The requirements and schedule for the Concentration in Bioinformatics, one of the options in Biological Sciences Major I, are as follows:
Required Courses

**BIOL 10000 (STEM) - Principles of Biology I**

**Hunter Core**  
Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**  
PD/C or D

**GER**  
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5  
PD credit awarded only upon completion of BIOL 10000 and 10200.

*prereq: MATH 12500, CHEM 10200*

7 hrs (3 lec, 3 lab, 1 disc)

4.5 cr.

*spring only*

**BIOL 10200 (STEM) - Principles of Biology II**

**Hunter Core**  
Scientific World (SW); Life and Physical Sciences (LPS)

**Pluralism and Diversity**  
PD/C or D

**GER**  
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5  
PD credit awarded only upon completion of BIOL 10000 and 10200.

*prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.*

7 hrs (3 lec, 3 lab, 1 disc)

4.5 cr.

*fall only*

**BIOL 30000 - Biological Chemistry**

**GER**  
3/B

Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in biological chemistry. The following pre/co-requisites apply: prereq: BIOL 20300 and coreq: CHEM 22200.

Material Fee: $10  
*prereq: Open only for majors.*

7 hrs (3 lec, 3 lab, 1 disc)
CHEM 10200 (STEM) - General Chemistry I

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

prereq or coreq: MATH 12500, 15000 or equiv.
5 hrs (4 lec, 1 rec)
4 cr.

CHEM 10400 (STEM) - General Chemistry II

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec)
4 cr.

CHEM 10600 (STEM) - General Chemistry Laboratory

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.

Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.

prereq: CHEM 10200
coreq: CHEM 10400
6 hrs
3 cr.

CHEM 22200 - Organic Chemistry Lecture I
GER
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10400 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

CHEM 22400 - Organic Chemistry Lecture II

GER
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

prereq: CHEM 22200 with a grade of C or better
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs
4 cr.

MATH 15500 (STEM) - Calculus with Analytic Geometry II

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs
4 cr.

STAT 21200 - Discrete Probability
Combinations, permutations, discrete probability. Characteristics of probability distributions. Model building. Additional topics like sampling, random walks or game theory will be introduced from time to time.

**prereq:** MATH 12500 or STAT 11300 or appropriate score on placement exam.

3 hrs
3 cr.

**STAT 21300 (STEM) - Introduction to Applied Statistics**

Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

**prereq:** MATH 12500 or appropriate score on placement exam.

3 hrs
3 cr.

**PHYS 11000 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound**

First semester of two-semester introductory physics course using algebra.

**prereq:** MATH 12500; pre-calculus or equiv. By math dept. exam.

7 hrs (3 lec, 3 lab, 1 rec)
4.5 cr.

**PHYS 11100 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound**

For physics and other science majors. First semester of a two-semester introductory physics course using calculus.

**prereq or coreq:** coreq (with perm dept.): MATH 15000

8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.
**PHYS 12000 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

**Hunter Core**  
Scientific World (SW); Life and Physical Sciences (LPS)  
GER  
2/E

Second semester of PHYS 11000 (STEM), a two-semester introductory physics course using algebra.  
*prereq: PHYS 11000 or 11100*  
7 hrs (3 lec, 3 lab, 1 rec)  
4.5 cr.

**PHYS 12100 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

**Hunter Core**  
Scientific World (SW); Life and Physical Sciences (LPS)  
GER  
2/E

Second semester of PHYS 11100 (STEM), a two-semester introductory physics course using calculus.  
*prereq: PHYS 11000 or 11100*  
*prereq or coreq: (with perm dept.): MATH 15500*  
8 hrs (4 lec, 3 lab, 1 rec)  
5.5 cr.

**Electives (10 credits)**

**ANTHP 30200 - Human Genetics**

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability.  
*prereq: ANTHP 10100 or ANTHP 10200 or BIOL 10200 or ANTHP 10500*  
3 hrs  
3 cr.

**CHEM 38800 - Topics of Current Interest in Chemistry**

**Pluralism and Diversity**  
GER 3/B  
Offered subject to adequate student interest and enrollment. Taught by specialists from department faculty. The specific topic will be listed in the schedule of classes for a given semester.  
*prereq or coreq: CHEM 35200 and CHEM 35600 or perm instr.*  
3 hrs  
3 cr.

**BIOL 42500 - Computational Molecular Biology**
An introduction to the interdisciplinary field of computational molecular biology. Students are taught the scope and methods of *in silico* biology, i.e., the application of computational and statistical methods to solving problems in molecular biology. Topics will include homology searching, sequence alignment, molecular phylogenetics, comparative genomics, analysis of gene expression, and prediction of macromolecular structures. The course will be taught using a mixed format of lectures and hands-on workshops in a UNIX computer laboratory setting. Knowledge and skills in molecular biology, UNIX programming, and statistics are essential for success in this core course required for bioinformatics-concentration students from all majors.

*prereq: BIOL 30000 or BIOL 30200 or CHEM 37600; STAT 21300; CSCI 13200 or CSCI 23500 or UNIX proficiency permitted by instructor.*

3 hrs
3 cr.

**BIOL 47100 - Special Topics in Biology**

*GER*
*3/B*

Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

*prereq: BIOL 30000*

3 hrs (lec)
3 cr. per sem.

Total Credits (72 to 74 credits)

**Schedule**

A typical timetable for graduation is presented below.

**Fall (Year 1) 11.5 credits**

**BIOL 10000 (STEM) - Principles of Biology I**

*Hunter Core*
*Life and Physical Sciences (LPS); Scientific World (SW)*

*Pluralism and Diversity*
*PD/C or D*

*GER*
*2/E*

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

*prereq: MATH 12500, CHEM 10200*

7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

**CHEM 10200 (STEM) - General Chemistry I**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**GER**
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

**prereq or coreq:** MATH 12500, 15000 or equiv.
5 hrs (4 lec, 1 rec)
4 cr.

**MATH 15000 (STEM) - Calculus with Analytic Geometry I**

**Hunter Core**
Math/Quantitative Reasoning

**GER**
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*
4 hrs
4 cr.

Math/Quantitative Reasoning
GER
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs
4 cr.

Fall (Year 2) 12 credits

CHEM 22200 - Organic Chemistry Lecture I

GER
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.
Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10400 with a grade of C or better  
5-6 hrs (4 lec, 1-2 recitation/workshop)  
4 cr.

PHYS 11000 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound

Hunter Core  
Life and Physical Sciences (LPS); Scientific World (SW)  
GER  
2/E

First semester of two-semester introductory physics course using algebra.  
prereq: MATH 12500; pre-calculus or equiv. By math dept. exam.  
7 hrs (3 lec, 3 lab, 1 rec)  
4.5 cr.

Spring (Year 2) 7.5 credits

CHEM 22400 - Organic Chemistry Lecture II

GER  
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.  
prereq: CHEM 22200 with a grade of C or better  
5-6 hrs (4 lec, 1-2 recitation/workshop)  
4 cr.

PHYS 12000 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics

Hunter Core  
Scientific World (SW); Life and Physical Sciences (LPS)  
GER  
2/E

Second semester of PHYS 11000 (STEM), a two-semester introductory physics course using algebra.  
prereq: PHYS 11000 or 11100  
7 hrs (3 lec, 3 lab, 1 rec)  
4.5 cr.

Fall (Year 3) 10.5 credits

BIOL 30000 - Biological Chemistry
**Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in biological chemistry. The following pre/co-requisites apply: prereq: BIOL 20300 and coreq: CHEM 22200.

Material Fee: $10
prereq: Open only for majors.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

**CSCI 13200 - Practical UNIX and Programming, with Lab**

**Hunter Core**
Scientific World (SW)
**GER**
2/E

An introduction to computer programming and the UNIX operating system using Perl. Conceptual overview of the UNIX operating system and programming environment, a practical introduction to shell programming, and the use of UNIX filters and utilities. A pragmatic course with an emphasis on skills acquisition. This course cannot be counted towards the CSCI major.

prereq: none
3 hrs
3 cr.

**STAT 21200 - Discrete Probability**

**Hunter Core**
Math/Quantitative Reasoning
**GER**
1/B

Combinations, permutations, discrete probability. Characteristics of probability distributions. Model building. Additional topics like sampling, random walks or game theory will be introduced from time to time.

prereq: MATH 12500 or STAT 11300 or appropriate score on placement exam.
3 hrs
3 cr.

Spring (Year 3) 6 credits

**CSCI 23200 - Relational Databases and SQL Programming, with Lab**

**GER**
3/B

An introduction to elementary database concepts and SQL, the standard language for communicating with most database systems. A pragmatic course with an emphasis on skills acquisition; students will learn how to get things done quickly and easily in a database environment.
Required for computer science minors; open to computer science majors, but may not be used toward the computer science major.

prereq: CSCI 12700 or CSCI 13200

3 hrs
3 cr.

STAT 21300 (STEM) - Introduction to Applied Statistics

**Hunter Core**
Math/Quantitative Reasoning

**GER**

1/B

Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.

3 hrs
3 cr.

Fall (Year 4) 5 credits

- BIOL 3XX

BIOL 47100 - Special Topics in Biology

**GER**

3/B

Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

prereq: BIOL 30000

3 hrs (lec)
3 cr. per sem.

Spring (Year 4) 5 credits

**ANTHP 30200 - Human Genetics**

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability.

prereq: ANTHP 10100 or ANTHP 10200 or BIOL 10200 or ANTHP 10500

3 hrs
3 cr.

BIOL 47100 - Special Topics in Biology

**GER**

3/B
Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

*prereq:* BIOL 30000
3 hrs (lec)
3 cr. per sem.

**Biological Sciences: Concentration in Biophysics**

Return to: Biological Sciences

The requirements and timetable for graduation for the Concentration in Biophysics, one of the options in the Biological Sciences Major I, are as follows:

**Required Courses**

**BIOL 10000 (STEM) - Principles of Biology I**

*Hunter Core*
Life and Physical Sciences (LPS); Scientific World (SW)

*Pluralism and Diversity*
PD/C or D

*GER*
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

*prereq:* MATH 12500, CHEM 10200
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

**BIOL 10200 (STEM) - Principles of Biology II**

*Hunter Core*
Scientific World (SW); Life and Physical Sciences (LPS)

*Pluralism and Diversity*
PD/C or D

*GER*
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

*prereq:* BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

**BIOL 30000 - Biological Chemistry**

**GER**
3/B

Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in biological chemistry. The following pre/co-requisites apply: prereq: BIOL 20300 and coreq: CHEM 22200.

Material Fee: $10
prereq: Open only for majors.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

**CHEM 10200 (STEM) - General Chemistry I**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
**GER**
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.
*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

prereq or coreq: MATH 12500, 15000 or equiv.
5 hrs (4 lec, 1 rec)
4 cr.

**CHEM 10400 (STEM) - General Chemistry II**

**Hunter Core**
Life and Physical Sciences (LPS) Scientific World (SW)
**GER**
2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.
*prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair*
5 hrs (4 lec, 1 rec)
4 cr.

**CHEM 10600 (STEM) - General Chemistry Laboratory**
**Hunter Core**  
Life and Physical Sciences (LPS); Scientific World (SW)  
**Pluralism and Diversity**  
GER 2/E  
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory. Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.  
*prereq:* CHEM 10200  
*coreq:* CHEM 10400  
6 hrs  
3 cr.

**CHEM 22200 - Organic Chemistry Lecture I**

GER  
GER 3/B  
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.  

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*

*prereq:* CHEM 10400 with a grade of C or better  
5-6 hrs (4 lec, 1-2 recitation/workshop)  
4 cr.

**CHEM 22400 - Organic Chemistry Lecture II**

GER  
GER 3/B  
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.  

*prereq:* CHEM 22200 with a grade of C or better  
5-6 hrs (4 lec, 1-2 recitation/workshop)  
4 cr.

**MATH 15000 (STEM) - Calculus with Analytic Geometry I**

Hunter Core  
Math/Quantitative Reasoning  
GER  
1/B  
Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.  
*prereq:* grade of C or better in MATH 12500 or appropriate score on placement exam  
4 hrs  
4 cr.

**MATH 15500 (STEM) - Calculus with Analytic Geometry II**
**Hunter Core**
Math/Quantitative Reasoning
**GER**
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

*prereq:* grade of C or better in MATH 15000

4 hrs
4 cr.

**MATH 25000 - Calculus with Analytic Geometry III**

**GER**
3/B

Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.

*prereq:* MATH 15500

4 hrs
4 cr.

**PHYS 11100 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound**

**Hunter Core**
Scientific World (SW) Life and Physical Sciences (LPS)
**GER**
2/E

For physics and other science majors. First semester of a two-semester introductory physics course using calculus.

*prereq or coreq:* coreq (with perm dept.): MATH 15000

8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.

**PHYS 12100 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)
**GER**
2/E

Second semester of PHYS 11100 (STEM), a two-semester introductory physics course using calculus.

*prereq:* PHYS 11000 or 11100

*prereq or coreq:* (with perm dept.): MATH 15500

8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.

**PHYS 33000 - Atomic and Nuclear Physics**
Examines experimental evidence and develops modern view of structure of atom and nucleus.

**prereq:** PHYS 12000 or 12100
**prereq or coreq:** MATH 25000

4 hrs
4 cr.

**PHYS 33600 - Thermodynamics and Statistical Mechanics**

Study of fundamental ideas of heat, reversibility, and entropy. Introduction to statistical nature of some physical laws.

**prereq:** PHYS 12000 or 12100; MATH 25000

4 hrs
4 cr.

**PHYS 42000 - Introduction to Biophysics**

A comprehensive introduction to the interface between physics and biology and the application of the techniques of physics to understanding biological systems, focusing on developing an understanding of the thermodynamics of living systems, on the physical kinematics of macromolecules and other biological structures and on the theory of physical techniques that are used in the study of biological systems.

**prereq or coreq:** PHYS 33000, PHYS 33600, BIOL 30000, CHEM 37600.

4 hrs
4 cr.

**Electives (any 2)**

**BIOL 39000 - Laboratory in Cell Structure**

**GER**
3/B

Applications of light and confocal microscopy, using fluorescence and multidimensional imaging to study cell structures. Lab projects involve immunofluorescence: fixation methods and immunocytochemistry. Illumination methods including multi-channel 3D rendering, image processing and visualization software.

**prereq or coreq:** BIOL 30000 or BIOL 20200 and perm instr.

7 hrs (2 lecture, 5 lab)
4.5 cr.

fall only

**BIOL 47000 - Special Topics in Biology**

**GER**
3/B

Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

**prereq:** BIOL 30000

2 hrs (lec)
2 cr. per sem.

**MATH 25400 - Ordinary Differential Equations**
First-order equations, second-order linear equations and linear systems, power series solutions, transform and numerical methods, introduction to qualitative theory.

**prereq:** MATH 25000

**3 hrs**

**3 cr.**

**Total Credits (77.5 to 79.5 credits)**

**Schedule**

A typical timetable for graduation is presented below.

**Fall (Year 1) 11.5 credits**

**BIOL 10000 (STEM) - Principles of Biology I**

**Hunter Core**
Life and Physical Sciences (LPS); Scientific World (SW)

**Pluralism and Diversity**
PD/C or D

**GER**
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

**prereq:** MATH 12500, CHEM 10200

**7 hrs (3 lec, 3 lab, 1 disc)**

**4.5 cr.**

**spring only**

**CHEM 10200 (STEM) - General Chemistry I**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**GER**
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

**Note:** No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

**prereq or coreq:** MATH 12500, 15000 or equiv.
5 hrs (4 lec, 1 rec)
4 cr.

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.

4 hrs
4 cr.

Spring (Year 1) 14.5 credits

BIOL 10200 (STEM) - Principles of Biology II

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
Pluralism and Diversity
PD/C or D
GER
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.

7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

CHEM 10400 (STEM) - General Chemistry II

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair

5 hrs (4 lec, 1 rec)
4 cr.

CHEM 10600 (STEM) - General Chemistry Laboratory
Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.
prereq: CHEM 10200
coreq: CHEM 10400
6 hrs
3 cr.

MATH 15500 (STEM) - Calculus with Analytic Geometry II

Hunter Core
Math/Quantitative Reasoning
GER
1/B
Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs
4 cr.

Fall (Year 2) 13 credits

CHEM 22200 - Organic Chemistry Lecture I

GER
GER 3/B
Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10400 with a grade of C or better
5- 6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

PHYS 11100 (STEM) - General Physics: Introductory Course in Mechanics, Heat, and Sound

Hunter Core
Scientific World (SW) Life and Physical Sciences (LPS)
GER
2/E
For physics and other science majors. First semester of a two-semester introductory physics course using calculus.
prereq or coreq: coreq (with perm dept.): MATH 15000
8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.

Spring (Year 2) 12.5 credits

**CHEM 22400 - Organic Chemistry Lecture II**

**GER**
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*prereq: CHEM 22200 with a grade of C or better*
5-6 hrs (4 lec, 1-2 recitation/workshop)
4 cr.

**MATH 25000 - Calculus with Analytic Geometry III**

**GER**
3/B

Vector geometry, dot and cross products, partial derivatives, matrices, determinants, Jacobians, multiple integration.

*prereq: MATH 15500*
4 hrs
4 cr.

**PHYS 12100 (STEM) - General Physics: Introductory Course in Electricity and Magnetism, Light, and Atomic Physics**

**Hunter Core**
Scientific World (SW); Life and Physical Sciences (LPS)

**GER**
2/E

Second semester of PHYS 11100 (STEM), a two-semester introductory physics course using calculus.

*prereq: PHYS 11000 or 11100*
*prereq or coreq: (with perm dept.): MATH 15500*
8 hrs (4 lec, 3 lab, 1 rec)
5.5 cr.

Fall (Year 3) 8.5 credits

**BIOL 30000 - Biological Chemistry**

**GER**
3/B

Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques.
in biological chemistry. The following pre/co-requisites apply: prereq: BIOL 20300 and coreq: CHEM 22200.

Material Fee: $10
prereq: Open only for majors.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

**PHYS 33000 - Atomic and Nuclear Physics**

Examines experimental evidence and develops modern view of structure of atom and nucleus.

*prereq: PHYS 12000 or 12100
prereq or coreq: MATH 25000
4 hrs
4 cr.*

Spring (Year 3) 8.5 credits

**PHYS 33600 - Thermodynamics and Statistical Mechanics**

Study of fundamental ideas of heat, reversibility, and entropy. Introduction to statistical nature of some physical laws.

*prereq: PHYS 12000 or 12100; MATH 25000
4 hrs
4 cr.*

Fall (Year 4) 4 credits

**PHYS 42000 - Introduction to Biophysics**

A comprehensive introduction to the interface between physics and biology and the application of the techniques of physics to understanding biological systems, focusing on developing an understanding of the thermodynamics of living systems, on the physical kinematics of macromolecules and other biological structures and on the theory of physical techniques that are used in the study of biological systems.

*prereq or coreq: PHYS 33000, PHYS 33600, BIOL 30000, CHEM 37600.
4 hrs
4 cr.*

Spring (Year 4) 5 credits

**BIOL 39000 - Laboratory in Cell Structure**

**GER**

3/B

Applications of light and confocal microscopy, using fluorescence and multidimensional imaging to study cell structures. Lab projects involve immunofluorescence: fixation methods and immunocytochemistry. Illumination methods including multi-channel 3D rendering, image processing and visualization software.

*prereq or coreq: BIOL 30000 or BIOL 20200 and perm instr.
7 hrs (2 lecture, 5 lab)
Human Biology - BA

Human Biology is a multidisciplinary major that provides students with a curriculum that emphasizes the analysis of humanity in a holistic framework that includes behavioral, cultural, social, and biological approaches. This major will guide students towards an integrated view of humans and our biology through a wide array of courses from departments including Anthropology, Biological Sciences, Psychology, Sociology, and Urban Public Health.

The Human Biology major curriculum is built on a core foundation of courses in biology, anthropology, and statistics. Students will then choose one of the following three specialized tracks: Track I. Body, Mind, and Health, which emphasizes biological knowledge within the context of human biology, with coursework that addresses how social factors have an impact on humans and human health; Track II. Human Evolution and Variation, which emphasizes humans as an evolved species that is part of the natural world, with coursework focusing on physical anthropology; and Track III. Human Organizations, which emphasizes social phenomena, with coursework from multiple social science disciplines. Finally, students will complete a capstone course in human biology (HMBIO 40100), where they will analyze some of the key contemporary topics and issues in human biology from multiple vantage points.

The knowledge and skills obtained by Human Biology majors will prepare students well for a range of future careers and educational paths, including graduate school in the sciences or social sciences; medical, public health, and allied health graduate training (possibly requiring additional course work); and careers in natural or social sciences research or related fields.

Declaring the Human Biology Major:

Students will be required to meet a GPA requirement of 2.5 in this Core Sequence to declare the major. Transfer students will be required to take ANTHP 10500 and receive a C or better to declare the major.

A. Core Requirements

1. Introductory Course in the Major

ANTHP 10500 - The Human Species

Hunter Core
Life and Physical Sciences (LPS)
GER
2/E
In this course we examine human biology and behavior from an evolutionary perspective, comparing our anatomy, physiology, and behavior to those of living primates and other mammals. We will discuss the relative roles of genes ("nature") and environment ("nurture"), the biological basis of behavior, local biological adaptations evident in modern human populations, growth and development, and diet and disease. Students will actively engage in the development of scientific hypotheses, data collection, and data synthesis analysis, as part of laboratory research experiences throughout the semester. Material covered will help prepare students to understand and evaluate recent advances in genetics, behavioral studies, medicine, and evolution

3 hrs
3 cr.

2. Choose One Biology Sequence

BIOL 10000 (STEM) - Principles of Biology I

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)

Pluralism and Diversity
PD/C or D

GER
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.
Material Fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: MATH 12500, CHEM 10200
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

BIOL 10200 (STEM) - Principles of Biology II

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)

Pluralism and Diversity
PD/C or D

GER
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.
Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

CHEM 10200 (STEM) - General Chemistry I
**Hunter Core**

**Scientific World (SW); Life and Physical Sciences (LPS)**

**GER**

2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.

*Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.*

**MATH 12500 (STEM) - Precalculus**

**Hunter Core**

Math/Quantitative Reasoning

**GER**

1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

*prereq: grade of C or better in MATH 10100 or appropriate score on placement exam*

4 hrs

4 cr.

- OR-

**BIOL 12000 - Anatomy and Physiology I**

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.

Not accepted for credit toward the biology major.

*prereq: CHEM 10000, 10100*

*coreq: CHEM 12000, 12100*

7hrs (3hr Lecture, 1hr Recitation, 3hr Lab)

4.5 cr.

fall only

**BIOL 12200 - Anatomy and Physiology II**

Structure and function of circulatory, digestive, excretory, endocrine and reproductive systems. Basic concepts of metabolism, embryology. Required for admission to the nursing program.

Not accepted for credit toward the biology major.

*prereq: BIOL 12000 or equiv.*

7hrs (3hr Lecture, 1hr Recitation, 3hr Lab)

4.5 cr.

spring only
CHEM 12000 (STEM) - Essentials of Organic Chemistry Lecture

Hunter Core
Life and Physical Sciences (LPS): Scientific World (SW)
Pluralism and Diversity
GER 2/E
Course presents essential facts, laws and theories of organic chemistry.

Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health education students.
Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10000
4 hrs (3 lec, 1 rec)
3 cr.

CHEM 12100 (STEM) - Essentials of Organic Chemistry Laboratory

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
GER 2/E
Experiments designed to illustrate fundamental laws and techniques of organic chemistry.
Core credit awarded only if CHEM 12000 and CHEM 12100 are completed. Primarily for nursing, nutrition and food science and community health students.
Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.

prereq: CHEM 10100
prereq or coreq: CHEM 12000
3 hrs (3 lab)
1.5 cr.

3. Choose One Statistics course

STAT 11300 - Elementary Probability and Statistics

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Not open to students who have completed STAT 21300 (STEM) or PSYCH 24800. Not credited for majors in statistics or mathematics unless minor is elementary education. An introduction to applied statistics and statistical computing. Hands-on data analysis. Graphical inference. The five number summary, box plots, scatterplots, normal probability plots. Elementary probability. Statistical estimation and hypothesis testing. Linear regression. Students are expected to analyze real data sets and write reports. Students who have taken calculus or place into calculus by the placement exam should take STAT 21300 instead of STAT 11300.
prereq: A grade of C or better in MATH 10100 or appropriate score on placement exam
STAT 21300 (STEM) - Introduction to Applied Statistics

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Sampling, estimation, tests of hypotheses, including one- and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs
3 cr.

MATH 12500 (STEM) - Precalculus

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

prereq: grade of C or better in MATH 10100 or appropriate score on placement exam
4 hrs
4 cr.

(or appropriate score on placement exam)
* if not taken in Biology Sequence 1

B. One the Following Three Tracks

Choose ONE of the following THREE Tracks and complete 18 credits of coursework within that track (9 of the 18 credits must be at the 300+ level. The 18 credits must come from more than one department)

Track I: Body, Mind, & Health

ANTHP 30200 - Human Genetics

Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability.

prereq: ANTHP 10100 or ANTHP 10200 or BIOL 10200 or ANTHP 10500
3 hrs
3 cr.
ANTHP 30500 - Evolution of the Human Skeleton

The goal of this course is to understand the biology of the human skeleton: know all of the bones of the human body, how they work, and how they evolved. This course will cover basic bone and muscle biology, bone and bone landmark identification, basic dental anatomy, basic functional interpretation, and discuss the evolution of the human skeleton with comparisons to great ape and fossil material. Typically, there will be two class periods spent on a given topic: the first class meeting will be a lecture and the second class meeting on a given topic will provide a laboratory-type setting where students can handle and work with real osteological specimens and/or fossil casts. Occasionally, the first half of a class period will be a lecture, and the second half will be a lab. Worksheets/Study Guides will be provided and are expected to be completed by the end of the lab. In order to become skilled in bone identification and do well in the course, additional study time with the bones will most likely be necessary. We will set up a system to encourage and facilitate study time outside of class.

prereq: ANTHP 10100 (Intro. to Physical Anthropology: Human Evolution) or ANTHP 10200 (Intro. to Physical Anthropology: Human Variation) or ANTHP 10500 (The Human Species) or BIOL 10200 (Principles of Biology 2).
3 hrs.
3 cr.

ANTHP 30600 - Human Anatomy

The goal of this course is to understand basic human anatomy: know all of the bones, muscles, major nerves and vessels in the human body, how they are organized, and how they function. Typically, there will be two class periods spent on a given topic: the first class meeting will be a lecture and the second class meeting on a given topic will provide a laboratory setting where students can handle and work with real osteological specimens and/or anatomical models. A given lecture will provide a synthesis of a particular anatomical region and the hands-on details of regional anatomy will then be learned in the associated laboratory session. To gain the most from each lecture and laboratory session, you must do the assigned readings and relevant exercises in the lab workbook beforehand. The laboratory workbook is a required acquisition. Any anatomy textbook will provide you with the necessary reading for lectures, and the purchase of an anatomy atlas is highly recommended as well. In order to do well in the course, additional study time with the anatomical models may be necessary. We will set up a system to encourage and facilitate study time outside of class.

prereq: ANTHP 10100 (Intro. to Physical Anthropology: Human Evolution) or ANTHP 10200 (Intro. to Physical Anthropology: Human Variation) or ANTHP 10500 (The Human Species) or BIOL102 (Principles of Biology 2) or BIOL 12200 (Anatomy & Physiology 2).
3 hrs.
3 cr.

BIOL 12500 (STEM) - Human Biology

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
GER
2/E w/ lab

An introductory lecture/laboratory course for non-biology majors. BIOL 12500 explores the biology that underlies current health and disease topics (including diabetes, cancer, heart disease, sexually transmitted diseases, and nutrition). Using this topics approach, the course provides a survey of human anatomy and physiological function, along with the biological principles of genetics and cellular interactions that comprise our current understanding of the human organism. Laboratory exercises will introduce students to a scientific approach in studying human disease and physiology.
BIOL 15000 (STEM) - CSI: HUNTER (Forensic Biology)

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
GER
GER 2/E with lab

An introductory laboratory course for non-biology majors. This lecture/laboratory course will cover the techniques used by forensic scientists to analyze a crime scene, and the biological concepts behind them. Through the topics that are covered, students will learn how biological evidence like fingerprints, hair, blood, and DNA are collected, analyzed, and presented as evidence to solve crimes.

Required for this course is a 10 minutes PowerPoint presentation in groups in four students. In order to prepare for the presentation, a two page outline from each student is expected. In addition, a group assignment of less than 5 pages long will be assigned as preparation of the presentation. This assignment helps students prepare for a "crime scene" that will be designed by the group using the topics and materials provided in class. Further research for this project is encouraged using library materials or the WWW to provide supplemental information, ideas and images. The laboratory component of the course requires that students record their data, observations, and answer discussion questions (in a short answer format). The completion of their laboratory manual will constitute part of the laboratory grade.

BIOL 22000 - Topics in Genetics and Evolution

GER
3/B

prereq: BIOL 10000 or equiv.
3 hrs
3 cr.
spring only

BIOL 25000 - Current Topics in the Biosciences (W)

GER
3/B

Seminar focusing on topics of current relevance such as the science of pharmaceuticals, vaccine development, and environmental quality standards. Coverage includes not only the science, but the social, legal, political and ethical issues associated with each topic. This course will also examine how government agencies (eg. FDA, USDA, EPA) use science to form public policy.

prereq or coreq: ENGL 12000 or equiv, and 2 sems intro lab science or equiv, or perm instr
BIOL 30400 - Environmental Microbiology

GER
3/B

Role of microorganisms in normal and polluted environments: bioremediation, waste and water treatment, heavy metals, nutrient cycles, microbes as a food source, algal toxins, microbial pesticides, microbial indicators of mutagens and pollutants, microbial leaching of ores.

*prereq: BIOL 10000, 10200, 20000 or perm instr.*

3 hrs
3 cr.

BIOL 37600 - Endocrinology

GER
3/B

Cellular organization of the endocrine system; molecular mechanisms of hormone action; hormonal physiology of metabolism and reproduction; integration of endocrine responses by the central nervous system.

*prereq: BIOL 20200 or perm instr.*

3 hrs (lec)
3 cr.

spring only

COMHE 30300 - Social Structure and Health (W)

An exploration of the roles of economic structure and social linkages that shape health -- including power relations, interactions between subgroups within society, and tensions within groups over institutional control and individual agency.

*prereq: acceptance to the COMHE major, or permission of the instructor*

3 hrs
3 cr.

COMHE 30600 - Social Disparities in Health

In depth examination of the social, cultural and political factors that influence and lead to health disparities and health inequalities. Course explores demographic trends in mortality and morbidity and the role of history, race, class, policy, and socioeconomic and cultural factors, and health literacy levels in the development and continuation of disparities in health. This course uses a social justice lens to understand health, health care and health disparities.

*prereq: acceptance to the COMHE major or permission of the instructor.*

3 hrs
3 cr.

COMHE 32800 - Public Health Biology
Introduction to population biology and ecological principles underlying public health and the relationship of biology to public health. Offers a basic understanding of the biological basis of core public health issues including infectious diseases, vaccines, genetic illnesses, neoplastic processes and environmental illnesses.

**prereq:** acceptance to the COMHE major or permission of the instructor

3 hrs

3 cr.

**COMHE 33000 - Principles of Epidemiology**

Methods of study of disease; risk factors; distribution, causes, prevention, and control of selected diseases.

**prereq:** Acceptance to the major, or permission of the instructor.

3 hrs

3 cr.

**COMHE 40500 - Health Care Systems and Health Policy**

Overview of U.S. health care system, official and voluntary agencies; introduction to administrative skills, especially those skills necessary for working the the health care field.

**prereq:** Acceptance to the COMHE major or permission of the instructor.

3 hrs

3 cr.

**NFS 13100 - Food Science I**

Basic principles of the chemical and physical nature of foods, food sanitation and safety; the nutritional value of food in relation to storage, processing and preparation.

Open to all students.

3 hrs

3 cr.

**NFS 14100 - Nutrition**

Fundamentals of the science of nutrition as they apply to individuals and society.

Open to all students.

3 hrs

3 cr.

**NFS 33200 - Cultural Aspects of Food and Nutrition**

Study of the way in which cultural, social and technological factors influence food behavior and dietary patterns.

Open to NFS majors only and need department permission.

**prereq:** NFS 13100, 14100, ANTHP 10100, SOC 101)

3 hrs

3 cr.

**PHILO 25400 - Ethical Issues in Biology and Medical Care (W)**

GER

3/B
Treats issues such as abortion, euthanasia, extraordinary means, confidentiality, human experimentation, genetic control and allocation of limited life-saving therapy.

*prereq: ENGL 12000 and one previous course in philosophy.*

3 hrs
3 cr.

**PSYCH 10000 - Introduction to Psychology**

**GER**

2/B

An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

3 hrs
3 cr.

**PSYCH 17000 - Psychology of Human Sexuality**

**Pluralism and Diversity**

**PD/C**

**GER**

2/B

Psychological foundations, sexual development and response patterns; male and female roles; individual and social attitudes, legal issues.

*cross-listed* WGSS 17000

*prereq: PSYCH 10000*

3 hrs
3 cr.

**PSYCH 18000 - Brain and Behavior**

**GER**

2/B

Brain structure, function and relation to behavior. Topics include the neural basis of perception, learning and memory, consciousness, motivation, emotion.

*prereq: PSYC 10000*

3 hrs
3 cr.

**PSYCH 21000 - Child Development (D/S)**

**GER**

3/B

Emotional, social, motor and cognitive development as influenced by genetic, cultural and individual factors during the first twelve years of life. (May not be taken for credit by students who have a collateral major, or a minor, in education.)

Writing Intensive
prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs
3 cr.

WGSP 25100 - Women and Health

Pluralism and Diversity
PD/C
An exploration of health issues affecting women, particularly as these issues relate to the socialization of women, reproductive and sexual health, and medical practices.
cross-listed HED 20100
3 hrs
3 cr.

Track II: Human Evolution and Variation

ANTHP 10100 (STEM) - Human Evolution

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E

The study of human origins and adaptation, through an understanding of evolutionary mechanisms, genetics, comparative primate biology, the fossil record, and modern human variation.
6 hrs (3 hrs lec, 3 hrs lab)
4 cr.
offered every sem.

ANTHP 21000 - Biology of the Living Primates

This survey-based course will examine the diversity of the Order: Primates. The course will focus on the habitats, life history, ecology, behavior, and conservation of the living primates from an evolutionary perspective.
3 hrs
3 cr.

ANTHP 30100 - Human Fossil Record

Pluralism and Diversity
PD/C
GER
3/B

The hominid fossil record of Africa, Asia and Europe. Human evolution as evidenced in fossil record.
prereq: ANTHP 10100, 10200, or equiv.
3 hrs
3 cr.

ANTHP 30200 - Human Genetics
Analysis of distribution of contemporary human populations and microevolutionary processes that underlie human variability.

prereq: ANTHP 10100 or ANTHP 10200 or BIOL 10200 or ANTHP 10500
3 hrs
3 cr.

ANTHP 30500 - Evolution of the Human Skeleton

The goal of this course is to understand the biology of the human skeleton: know all of the bones of the human body, how they work, and how they evolved. This course will cover basic bone and muscle biology, bone and bone landmark identification, basic dental anatomy, basic functional interpretation, and discuss the evolution of the human skeleton with comparisons to great ape and fossil material. Typically, there will be two class periods spent on a given topic: the first class meeting will be a lecture and the second class meeting on a given topic will provide a laboratory-type setting where students can handle and work with real osteological specimens and/or fossil casts. Occasionally, the first half of a class period will be a lecture, and the second half will be a lab. Worksheets/Study Guides will be provided and are expected to be completed by the end of the lab. In order to become skilled in bone identification and do well in the course, additional study time with the bones will most likely be necessary. We will set up a system to encourage and facilitate study time outside of class.

prereq: ANTHP 10100 (Intro. to Physical Anthropology: Human Evolution) or ANTHP 10200 (Intro. to Physical Anthropology: Human Variation) or ANTHP 10500 (The Human Species) or BIOL 10200 (Principles of Biology 2).
3 hrs.
3 cr.

ANTHP 30600 - Human Anatomy

The goal of this course is to understand basic human anatomy: know all of the bones, muscles, major nerves and vessels in the human body, how they are organized, and how they function. Typically, there will be two class periods spent on a given topic: the first class meeting will be a lecture and the second class meeting on a given topic will provide a laboratory setting where students can handle and work with real osteological specimens and/or anatomical models. A given lecture will provide a synthesis of a particular anatomical region and the hands-on details of regional anatomy will then be learned in the associated laboratory session. To gain the most from each lecture and laboratory session, you must do the assigned readings and relevant exercises in the lab workbook beforehand. The laboratory workbook is a required acquisition. Any anatomy textbook will provide you with the necessary reading for lectures, and the purchase of an anatomy atlas is highly recommended as well. In order to do well in the course, additional study time with the anatomical models may be necessary. We will set up a system to encourage and facilitate study time outside of class.

prereq: ANTHP 10100 (Intro. to Physical Anthropology: Human Evolution) or ANTHP 10200 (Intro. to Physical Anthropology: Human Variation) or ANTHP 10500 (The Human Species) or BIOL 102 (Principles of Biology 2) or BIOL 12200 (Anatomy & Physiology 2).
3 hrs.
3 cr.

ANTHP 31000 - Primate Ecology and Behavior

GER
3/B
Examination of ecological factors responsible for the distribution and behavior of living primate species.  

**prereq:** ANTHP 10100 or 10200 or BIOL 10000 or 10200  
3 hrs  
3 cr.

**ANTHP 31100 - Primate Evolution**

**GER**  
3/B  

65 million years of evolution covering the appearance and radiation of our own mammalian Order. A detailed look at the primate fossil record and the evolution of primate anatomy, behavior, and ecology.  

**prereq:** ANTHP 10100 or perm instr.  
3 hrs  
3 cr.

**ANTHP 31200 - Primate Evolutionary Genetics**

Examines evolutionary relationships, social behavior, natural selection, disease, population history, demography, medicine and genomics. This course draws on readings from the primary literature.  

**prereq:** ANTHP 10100 OR ANTHP 10200 OR BIOL 10200 OR ANTHP 10500  
3 hrs  
3 cr.

**ANTHP 31600 - Human Evolutionary Adaptations**

**GER**  
3/B  

How does the human body work, and how did it get that way? This course investigates the workings and evolution of all aspects of human biology. Human physiology is considered in an evolutionary framework.  

**prereq:** ANTHP 10100 or ANTHP 10500  
3 hrs  
3 cr.

**ANTHP 31800 - Primate Nutritional Ecology**

This course will examine how primates meet their nutritional needs through interactions with their environments. From an evolutionary perspective, the course will address primate feeding and digestion, foraging theory and dietary methods.  

**prereq:** ANTHP 10100 (Intro. to Physical Anthropology: Human Evolution) or BIOL 10200 (Principles of Biology 2) or ANTHP105 (The Human Species) or ANTHP 21000 (Biology of the Living Primates  
3 hrs  
3 cr.

**BIOL 12500 (STEM) - Human Biology**
An introductory lecture/laboratory course for non-biology majors. BIOL 12500 explores the biology that underlies current health and disease topics (including diabetes, cancer, heart disease, sexually transmitted diseases, and nutrition). Using this topics approach, the course provides a survey of human anatomy and physiological function, along with the biological principles of genetics and cellular interactions that comprise our current understanding of the human organism. Laboratory exercises will introduce students to a scientific approach in studying human disease and physiology.

6 hrs
4.5 cr.
spring only

BIOL 22000 - Topics in Genetics and Evolution

GER
3/B

prereq: BIOL 10000 or equiv.
3 hrs
3 cr.
spring only

BIOL 32200 - Evolution

GER
3/B

Modern synthetic theory, genetic basis of variation, gene pool in populations.

prereq: BIOL 30000
3 hrs (lec)
3 cr.
not offered 2015-16

PSYCH 16000 - Evolution and Behavior

GER
2/B

Aggression, sleep, learning, communication, emotion, motivation and social behavior in human and other species; underlying mechanisms, development, evolutionary history.

prereq: PSYC 10000
3 hrs
3 cr.

PSYCH 22500 - Ethology: Animal Behavior (B)
Adaptation, survival, reproduction and evolution of behavior, emphasizing development and species-comparison. Writing Intensive

prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs
3 cr.

Track III: Human Organizations

ANTHC 10100 - Introduction to Cultural Anthropology

Hunter Core
Individual and Society (Social Sciences) -I&S SS

Pluralism and Diversity
PD/A
GER
2/B

Comparative and historical examination of the human condition through a focus on diverse responses to universal problems, such as making a living, resolving conflict, organizing family/kin relations and finding meaning in the world.
3 hrs
3 cr.
offered every sem.

ANTHC 12600 - Introduction to Prehistoric Archaeology

Hunter Core
World Culture and Global Issues (WCGI)

GER
2/B

Human social and cultural evolution from the earliest humans to the rise of the first civilizations.
3 hrs
3 cr.
offered every sem.

ANTHC 12700 - Methods In Archaeological Science

Hunter Core
SW

Introduction to theory and method of scientific research in archaeology.
prereq: ANTHC 12600 or perm instr.
3 hrs
3 cr.

ANTHC 23200 - Archaeology of South America and the Caribbean
Sociocultural development from early hunter-gatherers to first pre-Hispanic states and empires.
*prereq: ANTHC 12600 or perm instr.*
3 hrs
3 cr.

**ANTHC 30100 - Gender in Anthropological Perspective**

Pluralism and Diversity
PD/C
GER
3/B

Men and women in different societies, division of labor, socialization, stratification, political activism and gender construction.
*cross-listed WGSC 30100*
*prereq: ANTHC 10100 or perm instr.*
3 hrs
3 cr.

**ANTHC 30800 - Human Ecology**

Pluralism and Diversity
PD/A
GER
3/B

Relationship between human populations and environment; ecosystems, population interactions, resource management and environmental movements.
*prereq: ANTHC 10100 or perm instr.*
3 hrs
3 cr.

**ANTHC 30900 - Countryside and City: Comparative Perspectives**

Rural-urban connections and the transformations that affect rural areas and peoples in diverse parts of the world.
*prereq: ANTHC 10100 or perm instr.*
3 hrs
3 cr.

**ANTHC 31200 - Anthropological Approaches to Sexuality**

Pluralism and Diversity
PD/C
GER
3/B

Documents the social construction of human sexuality through an examination of sexual variation cross-culturally and over recent history, including the development of sexually defined communities and identities within contemporary
societies.

*prereq: ANTHC 10100
3 hrs
3 cr.*

**ANTHC 31500 - Applied Anthropology**

**GER**
3/B

Practical applications of theory and methods to contemporary social problems; community development; inter-cultural relations.

*prereq: ANTHC 10100 or perm instr.
3 hrs
3 cr.*

**ANTHC 32700 - Prehistoric Cultural Ecology**

**GER**
3/B

Survey of selected problems in human evolution and adaptation from an ecological perspective.

*prereq: ANTHC 12600 or perm instr
3 hrs
3 cr.*

**GEOG 24100 - Population Geography**

**Pluralism and Diversity**
PD/B or C

**GER**
3/B

Course will explore several critical issues such as the relationship between population growth and development; immigration and internal migration; how age, race and gender affect other demographic processes; and how and why these processes vary around the world. Additionally, students will examine the “mechanics” of computing population growth and change as well as different ways to visually display measures of population. Offered fall and spring.

*prereq: GEOG 10100 or GEOG 15000 or perm instr.
3 hrs
3 cr.*

**PSYCH 10000 - Introduction to Psychology**

**GER**
2/B

An introduction to the problems, methods and concepts of psychology, covering a range of topics which characterize the discipline, including history, methodology and professional ethics, biological foundations, perception, motivation and emotion, learning, memory and thinking, individual differences, intelligence, personality, behavior disorders and their treatment, group processes.

*3 hrs
3 cr.*
PSYCH 17000 - Psychology of Human Sexuality

Pluralism and Diversity
PD/C
GER
2/B

Psychological foundations, sexual development and response patterns; male and female roles; individual and social attitudes, legal issues.
cross-listed WGSS 17000
prereq: PSYCH 10000
3 hrs
3 cr.

PSYCH 19000 - Development of Gender Roles

Pluralism and Diversity
PD/C
GER
2/B

Social, cognitive, hormonal and personality factors in development of gender roles; determinants of behavioral and cognitive gender differences.
cross-listed WGSS 19000
prereq: PSYCH 10000
3 hrs
3 cr.

PSYCH 23000 - Social Psychology (D/S)

GER
3/B

Problems of human experience and behavior in the social context; theories and current methodology in research on the influence of the group on cognitive processes, motivation, personality structure and the self; attitudes and prejudice; leadership; group processes.
Writing Intensive
prereq: PSYCH 10000 and any other 3 cr PSYCH course
prereq or coreq: ENGL 12000
3 hrs
3 cr.

SOC 10100 - Introduction to Sociology

Hunter Core
Individual and Society (Social Sciences) -I&S SS
GER
2/B

Development of sociological imagination through introduction and application of basic concepts incorporating global and comparative perspectives.
SOC 20100 - The Family

Pluralism and Diversity
PD/C
GER
3/B

Family functions and interaction. Factors affecting stability and instability.
cross-listed WGSP 22300
prereq: SOC 10100
3 hrs
3 cr.

SOC 21700 - Race and Ethnicity

Pluralism and Diversity
PD/B
GER
3/B

Dominant-subordinate relations among selected groups: Asians, Blacks, Hispanics, Jews, Indians, White ethnics.
prereq: SOC 10100
3 hrs
3 cr.

SOC 25100 - Interpersonal Behavior

GER
3/B

Study of interactional processes and the emergence and maintenance of selves and identities.
prereq: SOC 10100
3 hrs
3 cr.

SOC 25700 - Sex and Gender Roles

Pluralism and Diversity
PD/C
GER
3/B

Sex role differentiation: femininity, masculinity, marriage, child rearing.
cross-listed WGSS 25700
prereq: SOC 10100
3 hrs
3 cr.
SOC 30100 - Medical Sociology

GER
3/B

Social and cultural factors related to health. Organization of health care services, social structure of the hospital.

_prereq: SOC 10100
3 hrs
3 cr.

SOC 30700 - Migration

Pluralism and Diversity
PD/B
GER
3/B

Economic, demographic, political and cultural factors influencing migration and the consequences of migration.

_prereq: SOC 10100
3 hrs
3 cr.

SOC 31100 - Population Dynamics

GER
3/B

Comparative analysis of fertility, mortality, migration trends, and related social factors.

_prereq: SOC 10100
3 hrs
3 cr.

SOC 31700 - Class, Status, and Power

GER
3/B

Inquiry into the empirical and conceptual relation between the fundamental sociological constructs of 'class', 'status', and 'power' through a case study of the upper class in the United States. Review of current research and relevant theoretical approaches.

_prereq: SOC 10100
3 hrs
3 cr.

SOC 36100 - Development and Modernization (W)

Pluralism and Diversity
PD/A
GER
3/B
Examinations of models of social change with a special focus on developing countries.

*prereq: SOC 10100
3 hrs
3 cr.*

C. Human Biology Senior Capstone

**HMBIO 40100 - Human Biology Senior Capstone**

Addresses some of the key contemporary topics and debates in human biology from multiple vantage points.

*prereq: ANTHP 10500 and 21 credits towards the Human Biology Major AND Permission of the Human Biology Program Director.
3 hrs
3 cr.*

Optional Courses

**HMBIO 40200 - Independent Study**

Research project directed by a Human Biology Program participating faculty member.

*prereq: Permission of the Human Biology Program Director. Human Biology majors only.
1 - 3 hrs
1 - 3 cr.*

**HMBIO 40300 - Internship**

Opportunity to participate in an internship in institutions related to the Human Biology major.

*prereq: Permission of the Human Biology Program Director. Human Biology majors only.
1 - 3 hrs
1 - 3 cr.*

These do not count towards the credits listed above.

Honors Requirements

Complete HMBIO 40200 Independent Study) (3 Credits) or HMBIO 40300 Internship (3 Credits) AND

Overall GPA 3.0 or higher AND Human Biology Major GPA 3.5 or higher.

Undergraduate Major/Graduate Major
Biological Sciences with Specialization in Biotechnology - Accelerated BA/MA

In this five-year program, qualified biology majors begin graduate work as seniors and receive the MA one year after completing BA requirements. Students are provided with theoretical knowledge and skills in molecular biology and a foundation for application of these skills in careers in the biotechnology and pharmaceutical industries, academic research, or public health. Successful completion of the biotechnology workshop (BIOL 61000 see graduate catalog), an essential program component, entitles students to a summer internship in an industrial or private research laboratory. Interested biology majors should contact a departmental adviser as early as possible.

Biological Sciences/Environmental and Occupational Health Sciences - Accelerated BA/MS

This is an accelerated program leading to a BA in biology and an MS in environmental and occupational health sciences in five years. Biology majors admitted to the program start graduate work in their senior year. Interested students should contact a departmental adviser early in their undergraduate studies, as well as the office of the director of the Environmental and Occupational Health Sciences Program at the CUNY School of Public Health at Hunter College. The program provides biology majors with a career option in public health.

Medical Laboratory Sciences/Biological Sciences with Specialization in Biotechnology - BS/MA

Return to: Medical Laboratory Sciences

Qualified Hunter College seniors majoring in medical lab sciences in the School of Arts & Sciences may apply to the new BS/MA collaboration between the Department of Medical Laboratory Sciences and the Department of Biology. An intensive techniques workshop (BIOL 61000 - see graduate catalog) is taken prior to graduation and upon successful completion, students may continue with professional internship, and the accelerated MA program.

Undergraduate Minor

Minor in Biological Sciences

The minor in Biological Sciences gives students a basic understanding of biology from the molecular and cellular to the organismal and population level. This includes both theoretical aspects presented in lecture as well as practical aspects presented in lab. Flexibility is built into the minor to allow students to select courses corresponding to their interests. In order to minor in Biological Sciences a student must pass four courses resulting in a minor GPA of 2.0 or higher. All students who want a Minor in Biological Sciences must take:

- BIOL 10000 (STEM) - Principles of Biology I and BIOL 10200 (STEM) - Principles of Biology II or BIOL 10000 (STEM) - Principles of Biology I and BIOL 16000 - Honors Principles of Biology II or the equivalent
- two additional courses in Biological Sciences, one of which must be at the 200 level or higher

Number of Credits: A minimum of 12 credits. Transfer credits may be applied. At least 2 courses must be taken at Hunter College.
Biological Sciences

BIOL 10000 (STEM) - Principles of Biology I

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)

Pluralism and Diversity
PD/C or D

GER
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: MATH 12500, CHEM 10200

7 hrs (3 lec, 3 lab, 1 disc)

4.5 cr.

spring only

BIOL 10200 (STEM) - Principles of Biology II

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)

Pluralism and Diversity
PD/C or D

GER
2/E

Taxonomy; homeostasis; internal transport and gas exchange in plants and animals; plant hormones; osmoregulation; mechanisms of action in the muscular, nervous and neuroendocrine systems; the senses, behavior; ecology.

Material fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: BIOL 10000 or perm instr, MATH 10100 or equiv.

7 hrs (3 lec, 3 lab, 1 disc)

4.5 cr.

fall only

BIOL 10500 - Introduction to Genome Biology

Hunter Core
Life and Physical Sciences (LPS)

A genome is the total genetic content of an organism. Driven by breakthroughs such as the decoding of the first human genome and rapid DNA-sequencing technologies, biomedical sciences are undergoing a rapid and profound transformation into a highly data-intensive field, which requires familiarity with concepts in both biology and computer science. Genome information is revolutionizing virtually all aspects of biology and medicine and will lead to major advances such as more efficient production of renewable energy, better cures for cancers, and longer and healthier life expectancy. This course will introduce genome-sequencing technologies, explore hundreds of genome projects online, and discuss both the benefits and challenges (e.g., ethical and legal) of the genomic revolution to society.

3 hrs.

3 cr.
BIOL 10700 - The Human Barcode: Biology and Genetics of Personal Identification

Hunter Core
LPS
An introductory lecture/laboratory course for non-biology majors. This lecture/laboratory course will cover the techniques used by scientists to analyze how DNA or skin can uniquely lead to a person's identification, and the biological concepts behind them. For example, through the topics that are covered, students will learn how biological evidence like fingerprints and DNA is collected, analyzed, and presented as evidence to solve crimes. Students will learn important biological concepts such as DNA, development, and characteristics of body tissues.
3 hrs
3 cr.

BIOL 12000 - Anatomy and Physiology I

Cell structure and function; histology; nervous, muscular and skeletal systems; integument. Required for admission to the nursing program.
Not accepted for credit toward the biology major.
prereq: CHEM 10000, 10100
coreq: CHEM 12000, 12100
7hrs (3hr Lecture, 1hr Recitation, 3hr Lab)
4.5 cr.
fall only

BIOL 12200 - Anatomy and Physiology II

Structure and function of circulatory, digestive, excretory, endocrine and reproductive systems. Basic concepts of metabolism, embryology. Required for admission to the nursing program.
Not accepted for credit toward the biology major.
prereq: BIOL 12000 or equiv.
7hrs (3hr Lecture, 1hr Recitation, 3hr Lab)
4.5 cr.
spring only

BIOL 12500 (STEM) - Human Biology

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
GER
2/E w/ lab
An introductory lecture/laboratory course for non-biology majors. BIOL 12500 explores the biology that underlies current health and disease topics (including diabetes, cancer, heart disease, sexually transmitted diseases, and nutrition). Using this topics approach, the course provides a survey of human anatomy and physiological function, along with the biological principles of genetics and cellular interactions that comprise our current understanding of the human organism. Laboratory exercises will introduce students to a scientific approach in studying human disease and physiology.
6 hrs
4.5 cr.
spring only

BIOL 15000 (STEM) - CSI: HUNTER (Forensic Biology)
Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
GER
GER 2/E with lab

An introductory laboratory course for non-biology majors. This lecture/laboratory course will cover the techniques used by forensic scientists to analyze a crime scene, and the biological concepts behind them. Through the topics that are covered, students will learn how biological evidence like fingerprints, hair, blood, and DNA are collected, analyzed, and presented as evidence to solve crimes.

Required for this course is a 10 minutes PowerPoint presentation in groups in four students. In order to prepare for the presentation, a two page outline from each student is expected. In addition, a group assignment of less than 5 pages long will be assigned as preparation of the presentation. This assignment helps students prepare for a "crime scene" that will be designed by the group using the topics and materials provided in class. Further research for this project is encouraged using library materials or the WWW to provide supplemental information, ideas and images. The laboratory component of the course requires that students record their data, observations, and answer discussion questions (in a short answer format). The completion of their laboratory manual will constitute part of the laboratory grade.

6 hrs
4.5 cr.
fall only

BIOL 16000 - Honors Principles of Biology II

Pluralism and Diversity
PD/C or D
GER
2/E

Physiological systems and their regulation: internal transport, hormones and gas exchange in plants and animals; osmoregulation; motility; nervous, neuroendocrine, immunological and sensory systems; behavior, reproduction and ecology. Students will read reviews of current research in addition to the required text. Guest speakers and class presentations.

Enrollment limited. Core credit awarded only if BIOL 10000 and 16000 are both completed. PD credit awarded only upon completion of BIOL 10000 and 16000.

prereq: grade of B or better in BIOL 10000 or perm instr, MATH 10100 or equiv.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
not offered 2014-15

BIOL 17500 - Choreographing Genomics

Hunter Core
Scientific World (SW)

This course uses postmodern dance to model biological processes. It is an introductory biology course for non-majors studies in the biological science of molecular genome information through readings, quantitative assignments, movement exercises and artistic lenses. Students explore a detailed examination of heredity and cancer with a focus on contributions of DNA. Students are expected to articulate gene information flow through problem solving, written assignments, oral contributions, and movement forms. Topics covered include the definition of a gene, recombination of genes, the central dogma of genetic flow in a biological system, the 1:1 Pair Rule (Chargaff's rules), DNA sequencing, functional genomics and the relationships of genes to cancer and heredity, as well as ethical issues in medicine.

Each student is in charge of their own body and must recognize that they will have to use their body for assignments and in class participation work.
Students will be required to talk and move in class (comfortable clothes, flat shoes or bare feet, and a yoga mat are required).

Students will have reflective assignments that include written work.

Students will be required to develop visual and movement-based models.

**prereq:** MATH 10100

3 hrs

3 cr.

**spring only**

**BIOL 20300 - Molecular Biology and Genetics**

This course includes a detailed examination of the fundamental principles of gene expression. The processes of DNA replication, transcription, mRNA processing, micro RNA function, and translation will be extensively covered. Prokaryotic and eukaryotic systems will be described. Classical Mendelian as well as molecular genetics principles will be covered in the lecture through a discussion of several model systems. Important genetic processes such as recombination, transposition and DNA repair will be discussed in-depth. The course will provide a modern view of the concept of the gene, and introduce basic bioinformatics analysis. Hands-on laboratory experiments will reinforce bacterial and eukaryotic genetic concepts as well as provide basics in recombinant DNA technology.

**prereq:** Advisor permission; BIOL 10000 and 10200 or equiv; CHEM 10200, CHEM 10400, CHEM 10600 or equiv.

(for Major II students, chem prereqs are CHEM 10000, 10100; coreqs are CHEM 12000, 12100)

**coreq:** CHEM 22200, 22300 or perm instr.

7 hrs

4.5 cr.

**spring only**

**BIOL 23000 - Fundamentals of Microbiology**

**GER**

3/B

Topics include scope, historical aspects, taxonomy, survey of the microbial world, viruses, infectious diseases, control of microorganisms and immunology. Required for admission to the nursing program. Not accepted for credit toward the biology Major I.

**prereq:** CHEM 10000, 10100 or equiv; BIOL 12000 or BIOL 10200

5 hrs (2 lec, 3 lab)

3 cr.

**spring only**

**BIOL 23100 - Survey of Microbiology with Case Studies**

BIOL 23100 utilizes the survey of microbial world content by adding case studies that will be investigated and discussed. Does not substitute BIOL 230 for Nursing Students.

**prereq:** BIOL 10200, CHEM 10400

3 hrs

3 cr.

**BIOL 25000 - Current Topics in the Biosciences (W)**

**GER**

3/B
Seminar focusing on topics of current relevance such as the science of pharmaceuticals, vaccine development, and environmental quality standards. Coverage includes not only the science, but the social, legal, political and ethical issues associated with each topic. This course will also examine how government agencies (eg. FDA, USDA, EPA) use science to form public policy.

prereq or coreq: ENGL 12000 or equiv, and 2 sems intro lab science or equiv, or perm instr
3 hrs
3 cr.
fall only

BIOL 30000 - Biological Chemistry

GER
3/B

Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in biological chemistry. The following pre/co-requisites apply: prereq: BIOL 20300 and coreq: CHEM 22200.

Material Fee: $10
prereq: Open only for majors.
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
fall only

BIOL 30100 - Biological Chemistry

Not accepted for credit toward the Biology major and is recommended for post-bacs who need a one semester course, but do not need a lab and recitation. Molecular aspects of cellular function; properties of biomolecules, their biosynthesis and breakdown; structure and function of proteins and enzymes, metabolites, membranes and nucleic acids; cellular mechanisms of energy transduction; integration and control of cell metabolism. Experiments cover a variety of modern techniques in molecular biology.

coreq: CHEM 22200
3 hrs
3 cr.

BIOL 30300 - Cell Biology

This Biology major capstone course builds upon what has been learned in molecular biology & genetics and biochemistry providing and integrated look at the molecular biology of the cell. Separated into 5 units, the lecture and laboratory components are coordinated. The course includes integrated components in the following eukaryotic cell biology areas through the following 5 units: 1. Introduction: Cell morphology and commonly used techniques for examining the cell. An introduction to cell proliferation, cell motility, and cell communication (comparing prokaryotic and eukaryotic systems). 2. Cell Cycle Regulation: Cell cycle regulation, cellular signal transduction, regulation of cell proliferation and cell growth, cell death mechanisms, and de-regulation of cell growth the process of tumorigenesis. 3. Membranes and Cytoskeleton: Membranes, cytoskeleton, and signaling, are including mechanisms for transport and cellular channels for intracellular and intercellular communication. Human biology and disease as it pertains to membrane biology. 4. Organelles: Intracellular organelles are examined in detail for their structures and functions. This includes, but is not limited to, mitochondrial function and energy production, protein degradation pathways and
intracellular trafficking. 5. Cell Communication: Cellular differentiation, cell-cell communication, and an introduction to development.

prereq: Advisor permission; BIOL 30000 or instructor permission
7 hrs
4.5 cr
spring only

BIOL 30600 - Developmental Biology

GER
3/B

Major topics include molecular and cellular mechanisms of early embryonic development in amphibians, mammals and model organisms such as Drosophila, as well as the related subjects of vertebrate organ system development, biology of stem cells and animal cloning. Emphasis is placed on seminal and current research in cell-cell communication, signal transduction and differential gene regulation in developmental processes.

prereq: BIOL 30000
3 hrs (lec)
3 cr.
fall only

BIOL 32000 - Genetics

prereq: BIOL 20300
3 hrs
3 cr.

BIOL 32200 - Evolution

GER
3/B

Modern synthetic theory, genetic basis of variation, gene pool in populations.

prereq: BIOL 30000
3 hrs (lec)
3 cr.
not offered 2015-16

BIOL 35000 - The Biology of Cancer

GER
3/B

When a normal cell becomes a cancer cell there are genetic changes that occur that alter the biology of the cell such that it behaves independent of its neighbors. This course will investigate the altered biology of cancer cells that lead to uncontrolled proliferation and cancer. Topics include: cell culture, the cell cycle, hormones, receptors, intracellular signal transduction, oncogenes, tumor suppressor genes, apoptosis, metastasis, and the etiology of human cancer.
BIOL 36000 - Cellular and Molecular Immunology

GER
3/B

Study of the immune system from a molecular perspective. Molecular genetics of antibody and T cell receptor diversity, hematopoiesis and lymphocyte development, humoral and cellular immunity, histocompatibility.

prereq or coreq: BIOL 30000, perm instr.
4 hrs (lec)
3.5 cr.
spring only

BIOL 37000 - Physiology of the Nervous System

GER
3/B

A comprehensive introduction to neuroscience. Topics include how nerve cells (neurons) transmit electrical impulses, how neurons communicate with each other through synapses and how nerve pathways and networks determine many functions of the brain. The last portion of the course shall explore how developing neurons seek out targets and establish synapses.

prereq: BIOL 30000 or perm instr.
4 hrs (lec)
4 cr.
spring only

BIOL 37500 - Molecular Systematics

GER
3/B

An overview of the various methods and kinds of data used in systematics, the study of organism diversity and biological relationships. Emphasis is on modern molecular and genetic approaches to identification of individual species and strains and full phylogenetic analyses of suites of species to determine their evolutionary history. The knowledge base is provided for experimental investigation of questions of current interest in phylogeny and population biology.

prereq: BIOL 30000 or perm instr.
3 hrs
3 cr.

BIOL 37600 - Endocrinology

GER
3/B

Cellular organization of the endocrine system; molecular mechanisms of hormone action; hormonal physiology of metabolism and reproduction; integration of endocrine responses by the central nervous system.
prereq: BIOL 20200 or perm instr.
3 hrs (lec)
3 cr.
spring only

BIOL 38000 - Molecular Neurobiology

GER
3/B

Molecular components and molecular mechanisms involved in the cell biology of neurons and glia, neuronal signaling, neuronal development, learning, memory and diseases of the nervous system.
prereq: BIOL 30000 or perm instr.
3 lec hrs
3 cr.
fall only

BIOL 39000 - Laboratory in Cell Structure

GER
3/B

Applications of light and confocal microscopy, using fluorescence and multidimensional imaging to study cell structures. Lab projects involve immunofluorescence: fixation methods and immunocytochemistry. Illumination methods including multi-channel 3D rendering, image processing and visualization software.

prereq or coreq: BIOL 30000 or BIOL 20200 and perm instr.
7 hrs (2 lecture, 5 lab)
4.5 cr.
fall only

BIOL 39100 - Laboratory in Cell Structure -- Biological Electron Microscopy

The students will learn basic concepts of transmission electron microscope, principles of biological sample preparation for transmission electron microscopy, various electron microscopy applications, to be familiar with the morphology of different organelles inside the mammalian cell, and understand the functions of each organelle. Lab projects involve: (1) perfusion fixation of mouse tissues; (2) routine transmission electron microscopy sample preparation; (3) techniques and tools used for microtomy; (4) transmission electron microscope alignment; and (5) imaging various cellular ultra-structures using a transmission electron microscope.

prereq or coreq: Instructor Permission
7 hrs.
4 cr.
spring only

BIOL 42500 - Computational Molecular Biology

GER
3/B

An introduction to the interdisciplinary field of computational molecular biology. Students are taught the scope and methods of in silico biology, i.e., the application of computational and statistical methods to solving problems in molecular biology. Topics will include homology searching, sequence alignment, molecular phylogenetics,
comparative genomics, analysis of gene expression, and predication of macromolecular structures. The course will be taught using a mixed format of lectures and hands-on workshops in a UNIX computer laboratory setting. Knowledge and skills in molecular biology, UNIX programming, and statistics are essential for success in this core course required for bioinformatics-concentration students from all majors.

prereq: BIOL 30000 or BIOL 30200 or CHEM 37600; STAT 21300; CSCI 13200 or CSCI 23500 or UNIX proficiency permitted by instructor.
3 hrs
3 cr.

**BIOL 45000 - Individual Tutorial in Biology**

**GER**

3/B

May be taken only once. Research paper written under the direction of a full-time faculty member in department of biological sciences.

prereq: 18 credits in biology, approval of adviser in addition to the sponsor
1-2 cr.

**BIOL 46000 - Introduction to Planning and Teaching of Laboratory Work in Biology**

**GER**

3/B

Participation in discussions and assisting in the teaching of laboratories in an introductory course, or peer mentoring in the undergraduate biological sciences research techniques facility.

prereq: 16 credits in BIOL, 12 credits in CHEM, 2 letters from faculty
5 hrs (2 planning, 3 lab)
2 cr.

**BIOL 47000 - Special Topics in Biology**

**GER**

3/B

Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

prereq: BIOL 30000
2 hrs (lec)
2 cr. per sem.

**BIOL 47100 - Special Topics in Biology**

**GER**

3/B

Specific area of contemporary interest in biology. Topics change from term to term. An oral presentation and a written paper are required.

prereq: BIOL 30000
3 hrs (lec)
3 cr. per sem.
BIOL 48000 - Introduction to Experimental Biology

GER
3/B

Laboratory research under guidance of faculty member. Work at another institution may be permitted under auspices and supervision of a faculty member. Written report or presentation of work required for completion of course. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors and a maximum of 4 credits can count towards the Biology major. Since student research projects can take more than one semester, and students can develop and expand their research into continuing and related projects, this course may be repeated an unlimited number of times.

 prerequisites: BIOL 10000 and 10200, Departmental permission prior to registration.
hrs TBA
1-2 cr. per sem.

BIOL 48100 - Introduction to Experimental Biology

GER
3/B

Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.

 prerequisites: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.
hrs TBA
1-2 credits per semester

BIOL 48200 - Introduction to Experimental biology

GER
3/B

Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.

 prerequisites: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.
hrs TBA
1-2 credits per semester

BIOL 48300 - Introduction to Experimental Biology

GER
3/B

Laboratory research under guidance of faculty member. Work at another institution may be permitted in some cases, under auspices of a faculty member. Written report required upon completion of research. A minimum of 2 credits satisfies the research requirement for graduation with departmental honors.

 prerequisites: BIOL 10000 and 10200, BIOL 20000 or 20200 (or the equiv), written perm instr. prior to reg.
hrs TBA
1-2 cr. per sem.
Biological Sciences: Courses Less Frequently Offered

BIOL 20800 - Ecology

GER
3/B

BIOL 22000 - Topics in Genetics and Evolution

GER
3/B

prereq: BIOL 10000 or equiv.
3 hrs
3 cr.
spring only

BIOL 25200 - Comparative Anatomy of the Vertebrates

Pluralism and Diversity
GER 3/B

BIOL 28000 - Biochemistry of Health and Nutrition

GER
3/B

Basic biochemistry in areas related to human health and nutrition. Designed for students in the dietetics program. (Not accepted for credit toward biology Major I.)

prereq: BIOL 10000, 10200 or 12000, 12200; CHEM10000, 12000
3 hrs (lec)
3 cr.
not offered 2014-15

BIOL 33500 - Comparative Animal Physiology

GER
3/B

BIOL 34000 - Plant Physiology

GER
3/B

BIOL 38500 - Fundamentals of Developmental Neurobiology
The course teaches the basic molecular processes underlying neural tissue specification, brain region-specific maturation, proper circuits formation and synapse assembly during the development of eukaryotic organisms.

3 hrs
3 cr.

**BIOL 40000 - Special Topics in Advanced Laboratory Techniques**

**GER**
3/B

Advanced laboratory techniques used in contemporary biological research, including areas such as immunology, microbiology and molecular neurobiology. Topics change from term to term.

*prereq: BIOL 30000 or perm instr.*

4 hrs (lab)
2 cr

**Other Courses**

**BIOL 30400 - Environmental Microbiology**

**GER**
3/B

Role of microorganisms in normal and polluted environments: bioremediation, waste and water treatment, heavy metals, nutrient cycles, microbes as a food source, algal toxins, microbial pesticides, microbial indicators of mutagens and pollutants, microbial leaching of ores.

*prereq: BIOL 10000, 10200, 20000 or perm instr.*

3 hrs
3 cr.

**Programs and Courses in Chinese**

**Chinese Language and Literature - BA**

Return to Classical and Oriental Studies

**Foundational Courses**

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

**CHIN 10100 - Elementary Chinese I**

**Hunter Core**
World Culture and Global Issues (WCGI)
Beginning course in Mandarin.
CHIN 10100 not usually credited without CHIN 10200. For details about credit policy, please see Appendix II: Foreign Language Requirement.

3 hrs
3 cr.
offered fall

**CHIN 10200 - Elementary Chinese II**

Beginning course in Mandarin.

3 hrs
3 cr.
offered spring

Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student’s advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

**Major**

The major in Chinese language and literature consists of 24 credits chosen from the following CHIN-prefixed courses:

**CHIN 20100 - Intermediate Chinese I**

Reading of literature in *baihua* (vernacular style) with emphasis on structural use of “function words” and vocabulary-building.

*prereq: CHIN 10200 or equiv.*

3 hrs
3 cr.
offered fall

**CHIN 20200 - Intermediate Chinese II**

Continued reading of literature in *baihua*.

*prereq: CHIN 20100 or equiv.*

3 hrs
3 cr.
offered spring

**CHIN 30100 - Journalistic Chinese Literature I**

Intensive reading of literature and essays written in journalistic style.

*prereq: CHIN 20200 or equiv.*

3 hrs
3 cr.
offered fall

**CHIN 30200 - Journalistic Chinese Literature II**
Intensive reading and translation of literature written in journalistic style.

*prereq: CHIN 30100 or equiv.*

3 hrs

3 cr.

offered spring

**CHIN 30300 - Classical Chinese Literature I**

Intensive study of literature written in wenyen or classical style, with attention to basic structures of literary styles.

*prereq: CHIN 20200 or equiv.*

3 hrs

3 cr.

offered fall

**CHIN 30400 - Classical Chinese Literature II**

Continuation of CHIN 303. Selected readings in literature written in wenyen or classical style.

*prereq: CHIN 303 or equiv.*

3 hrs

3 cr.

offered spring

**CHIN 30700 - Classical Chinese Poetry**

*Pluralism and Diversity*

PD/A

Close textual and stylistic analysis of texts selected from standard verse forms, with emphasis on Tang shi.

*prereq: CHIN 30400 or equiv.*

3 hrs

3 cr.

**CHIN 40100 - Advanced Studies in Chinese Literature**

Including 20th-century literature, poetry; etymology and vocabulary building; Chinese-English translation.

*prereq: CHIN 30200 or equiv, perm chair*

3 hrs

3 cr.

**CHIN 40200 - Independent Study in Chinese Literature**

Independent study and research in Chinese literature under supervision of a faculty member.

For majors only.

*prereq: CHIN 40100, perm chair*

3 hrs

3 cr.

**Preparation for Teaching Chinese in Grades 7-12**

Students preparing to teach Chinese must complete a 30-credit major option for teaching that includes the 24-credit sequence taken by non-teaching majors plus 9 additional credits: CHIN 39900 and 6 credits in Chinese language and
literature at the 300 or 400 level. Students interested in teaching Chinese in New York schools should take the 23-credit pedagogical sequence for grades 7-12; this sequence may count toward the course requirements for New York State certification, but will not by itself be sufficient for certification. Students interested in a teaching career should consult with the The School of Education.

Minor in Chinese

The minor in Chinese consists of 12 credits. Students must take 4 courses at or above the CHIN 200 level taught in Chinese. Course prerequisites must be satisfied. Internships and independent studies do not count toward the minor. Consult the Chinese program adviser for appropriate course recommendations.

Advanced Placement and Exemptions

Students who elect to take Chinese as their required language and have studied the language abroad or at home must consult the head of the Chinese Division for advanced placement or exemptions. The Chinese program does not offer proficiency tests.

Electives

All courses, unless otherwise stated in course descriptions, are open to qualified students majoring in other disciplines.

Chinese: Other Courses

Language Courses

**CHIN 10100 - Elementary Chinese I**

Arabic Language, Literature, and Culture

A Program in the Department of Classical and Oriental Studies

Here at Hunter we teach Arabic as the living language used on a daily basis by more than two hundred million people, from Morocco in the west of the Arab world to Oman in the east. We focus on both formal — usually referred to as Modern Standard Arabic (MSA) or Fusha — and informal Arabic. We do this via a communicative approach. In other words, instead of focusing on the translation of written texts, as Arabic has traditionally been taught, we teach our students how to read, speak, write and aurally comprehend the different registers of the language. We offer a 6-course sequence of language courses and a growing number of culture courses taught in English. Four semesters of Arabic or the equivalent fulfills the language requirement of Hunter. We also offer two minors: Arabic and Arabic Studies.

Chinese Language and Literature

A Program in the Department of Classical and Oriental Studies

The Chinese Division of the Department of Classical and Oriental Studies offers language courses in Modern Chinese (Mandarin) and Classical Chinese as well as courses taught in English on traditional and modern Chinese literature and culture. The program, which offers a major and minor, focuses on language acquisition and literacy development to help students attain professional language proficiency. It also introduces students to the civilization of China. Students are encouraged to take interdisciplinary courses in Chinese art, economics, history, political science and religion to develop a deeper understanding of past and present China. The program prepares students for further studies in
graduate school and professional careers in international trade, education, government service, diplomacy, private business, journalism and related fields.

---

**Classics**

A Program in the Department of Classical and Oriental Studies

The civilizations of ancient Greece and Rome have had a profound influence on the development of our own culture. The various expressions of human experience that are revealed through our literature and art, in our political and social institutions, and even in our language, all show the impact of the legacy of the classical world.

The Classics program in the Department of Classical and Oriental Studies offers a full range of studies in the worlds of ancient Greece, Rome, and the Mediterranean, from a single course in myth or etymology to majors in Greek, Latin, Classical Archaeology, or Classical Studies. Students who want to know about the classical world without learning its languages can choose from a variety of courses in civilization, literature in translation, myth and religion, and archaeology. In addition, the division participates in Hunter's interdepartmental programs in religion, comparative literature, archaeology, and women and gender studies.

Careers in research, government and education use skills developed in classical studies, and a major in classics provides an excellent foundation for many professional programs such as law. In addition, specialized careers—such as college and high school teaching, museum work, and archival research—are open to professional classicists and archaeologists.

Hebrew

A Program in the Department of Classical and Oriental Studies

The Hebrew Program in the Department of Classical and Oriental Studies offers a program of Hebrew language, literature and culture spanning the ancient through the modern periods. This program is designed to develop language skills, cultivate a critical appreciation of Hebraic and Judaic literature and thought and promote an understanding of Jewish cultural tradition against the background of world civilization. These courses may be applied to satisfy foreign language and other components of the General Education Requirement as well as to fulfill major and minor concentrations.

This curriculum also meets the special needs of students majoring in other disciplines for courses dealing with the Hebraic or Judaic elements and influences on European culture. The wide variety of course offerings, covering the entire range of Hebraic and Judaic culture from early Biblical times to modern Israel, enables students to concentrate their attention on one major period, to aim for an overall proficiency or to strive for both objectives simultaneously.

Japanese is one of the languages that can be used to meet the Foreign Language requirement of the GER. The Japanese culture courses offered meet PD/A. The Japanese Division offers a minor in Japanese Language and a minor in Japanese Culture and History.

Japanese Language/Culture Courses

Russian and Slavic Studies
A Program in the Department of Classical and Oriental Studies

The Russian and Slavic Studies Program in the Department of Classical and Oriental Studies offers a rich curriculum designed for students who seek competence in spoken and written Russian and a solid background in and knowledge of Russian literature and culture. The Program also offers courses in two related Slavic languages, Polish and Ukrainian.

Courses in the Program are recommended to students from other disciplines who want to master the Russian language as a research tool or who seek to learn about Russian literature in translation. The important contributions being made by Russian scholars in chemistry, biology, mathematics and other related fields make the study of Russian especially valuable to science majors.

Russian majors find employment in U.S. governmental agencies, the United Nations, broadcasting, banking, international commerce, education, library services and other fields.

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

CHIN 10100 - Elementary Chinese I
Hunter Core
World Culture and Global Issues (WCGI)
Beginning course in Mandarin.
CHIN 10100 not usually credited without CHIN 10200. For details about credit policy, please see Appendix II: Foreign Language Requirement.
3 hrs
3 cr.
offered fall

CHIN 10200 - Elementary Chinese II

Beginning course in Mandarin.

3 hrs
3 cr.
offered spring

Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student’s advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

Major

The major in Chinese language and literature consists of 24 credits chosen from the following CHIN-prefixed courses:

CHIN 20100 - Intermediate Chinese I

Reading of literature in baihua (vernacular style) with emphasis on structural use of “function words” and vocabulary-building.
prereq: CHIN 10200 or equiv.
3 hrs
3 cr.
offered fall

CHIN 20200 - Intermediate Chinese II

Continued reading of literature in baihua.
prereq: CHIN 20100 or equiv.
3 hrs
3 cr.
offered spring

CHIN 30100 - Journalistic Chinese Literature I

Intensive reading of literature and essays written in journalistic style.
prereq: CHIN 20200 or equiv.
3 hrs
3 cr.
offered fall
CHIN 30200 - Journalistic Chinese Literature II

Intensive reading and translation of literature written in journalistic style.  

*prereq: CHIN 30100 or equiv.*

3 hrs  
3 cr.  
offered spring

CHIN 30300 - Classical Chinese Literature I

Intensive study of literature written in *wenyan* or classical style, with attention to basic structures of literary styles.  

*prereq: CHIN 20200 or equiv.*

3 hrs  
3 cr.  
offered fall

CHIN 30400 - Classical Chinese Literature II

Continuation of CHIN 303. Selected readings in literature written in *wenyan* or classical style.  

*prereq: CHIN 303 or equiv.*

3 hrs  
3 cr.  
offered spring

CHIN 30700 - Classical Chinese Poetry

**Pluralism and Diversity**  
PD/A  
Close textual and stylistic analysis of texts selected from standard verse forms, with emphasis on Tang shi.  

*prereq: CHIN 30400 or equiv.*

3 hrs  
3 cr.

CHIN 40100 - Advanced Studies in Chinese Literature

Including 20th-century literature, poetry; etymology and vocabulary building; Chinese-English translation.  

*prereq: CHIN 30200 or equiv, perm chair*

3 hrs  
3 cr.

CHIN 40200 - Independent Study in Chinese Literature

Independent study and research in Chinese literature under supervision of a faculty member.  
For majors only.  

*prereq: CHIN 40100, perm chair*

3 hrs  
3 cr.

Preparation for Teaching Chinese in Grades 7-12
Students preparing to teach Chinese must complete a 30-credit major option for teaching that includes the 24-credit sequence taken by non-teaching majors plus 9 additional credits: CHIN 39900 and 6 credits in Chinese language and literature at the 300 or 400 level. Students interested in teaching Chinese in New York schools should take the 23-credit pedagogical sequence for grades 7-12; this sequence may count toward the course requirements for New York State certification, but will not by itself be sufficient for certification. Students interested in a teaching career should consult with the School of Education.

Minor in Chinese

The minor in Chinese consists of 12 credits. Students must take 4 courses at or above the CHIN 200 level taught in Chinese. Course prerequisites must be satisfied. Internships and independent studies do not count toward the minor. Consult the Chinese program adviser for appropriate course recommendations.

Advanced Placement and Exemptions

Students who elect to take Chinese as their required language and have studied the language abroad or at home must consult the head of the Chinese Division for advanced placement or exemptions. The Chinese program does not offer proficiency tests.

Electives

All courses, unless otherwise stated in course descriptions, are open to qualified students majoring in other disciplines.

Preparation for Teaching in Grades 7-12

Students interested in a teaching career should consult with the The School of Education. In addition, the department offers an MA in the teaching of Latin.

Honors and Tutorials

Departmental honors in classics and tutorials are open only to majors.

Classics: Minors

Classical Studies

A minor in Classical Studies consists of: CLA 10100, CLA 20100, CLA 20300 and one additional CLA course at the 200 or 300 level (e.g. literature in translation or upper-level culture courses).

Note: CLA 10100, CLA 20100 and CLA 20300 have no prerequisites

Classical Archaeology

A minor in Classical Archaeology consists of: CLA 20400, CLA 22100, CLA 22200 and one additional Classical archaeology course at the 200 or 300 level.

Greek

A minor in Greek consists of 12 credits beyond GRK 10100/GRK 10200

Latin

A minor in Latin consists of 12 credits beyond LAT 10100 and LAT 10200 or LAT 10700.

Greek and Latin - BA

Return to Classical and Oriental Studies

18 credits each of Greek and Latin

(may include 10100-10200 or, in Latin, LAT 10700)

Hebrew - BA

Return to: Classical and Oriental Studies

Placement and Exemption Students with background in the language should consult the head of the Hebrew Division for proper placement or for language exemption.

Majors

The major consists of 24 credits from courses beyond HEBR 101-102. In general, a Hebrew major is required to achieve proficiency in Biblical and/or modern Hebrew literature by successfully completing a minimum of four courses at the 300 level in Hebrew. Courses in Hebraic studies conducted in English may be applied toward partial fulfillment of the Hebrew major provided they are part of a coherent program approved by the head of the division.

Qualified students interested in a more intensive program in the field of Hebraic or Judaic studies, particularly those preparing for graduate work in such specialized areas as Semitic languages and civilizations, Jewish history, Biblical studies and archaeology, medieval or modern Hebrew literature, Near Eastern studies or religious studies, should consult a division adviser regarding additional courses and supportive studies in related fields.

Preparation for Teaching in Grades 7-12

In cooperation with the School of Education, the Program in Hebrew provides opportunities for students to prepare for a career in teaching Hebrew in grades 7-12. Students preparing to teach Hebrew must complete a 33-credit major option for teaching that includes the 24-credit sequence taken by non-teaching majors, HEBR 39900, and 6 additional credits in Hebrew language and literature at the 300 or 400 level. Students interested in teaching Hebrew in New York
schools should take the 23-credit pedagogical sequence for grades 7-12. This sequence may count toward the course requirements for New York State Certification, but will not by itself be sufficient for certification. Students interested in a teaching career should consult with the Section XII: School of Education.

**Minor**

Two minors are offered, one in Hebrew, the other in Hebraic Studies.

**Hebrew Minor**

The Hebrew minor requires the successful completion of 12 credits at the 200-level or above. Courses counted toward the Hebrew minor must be either language courses or have Hebrew as their language of instruction.

**Hebraic Studies Minor**

The Hebraic Studies minor requires the successful completion of four HEBR literature and/or culture courses on the 200-level or above, taught in English or in Hebrew. Two Hebrew language courses other than Elementary and Intermediate Hebrew—e.g., Biblical Hebrew, Advanced Hebrew—may be used toward the minor requirement in lieu of two literature or culture courses.

**Honors**

Opportunity for honors work is available through HEBR 49100 - Honors Project.

**Courses in Hebrew**

**HEBR 10100 - Elementary Hebrew I**

**Hunter Core**

World Culture and Global Issues (WCGI)

Fundamentals of reading, pronunciation and grammar for beginners. Practice in conversation and writing. HEBR 101 not credited without HEBR 102.

HEBR 10100 usually not credited without HEBR 10200. For details about credit policy, please see Appendix II: Foreign Language Requirement.

3 hrs
3 cr.

**HEBR 10200 - Elementary Hebrew II**

Continuation of HEBR 10100.

*prereq: HEBR 10100 or equiv.*

3 hrs
3 cr.

**HEBR 10300 - Intensive Elementary Hebrew**

Intensive practice in basic skills of Hebrew. Course covers in one semester the material covered in the two semesters of HEBR 10100 and 10200.
HEBR 10500 - Elementary Biblical Hebrew I

Hunter Core
World Culture and Global Issues (WCGI)
Introduction to Biblical Hebrew alphabet and vowels, basic vocabulary and grammar. No prior knowledge of Hebrew required. This basic course is not recommended for students who have studied or are studying Modern Hebrew. Not credited without HEBR 10600
3 hours

Pluralism and Diversity
PD/A
GER
3/A

Israeli cinema and the development of Israeli cultural identity. Designed for students of Hebrew studies and Film studies who are interested in the history of Israeli film and Israeli cultural identity as expressed in the Israeli cinema. The course is designed for students of Hebrew studies and Film studies who are interested in the history of Israeli film and Israeli cultural identity as expressed in the Israeli cinema. This course will explore discourses on topics concerning the Israeli-Palestinian and Israeli-Arab conflicts, Zionist and post-Zionist trends, socio-economic gaps, religious controversies and aesthetic societal contexts, as well as women’s issues. The course will employ a variety of disciplines, including but not limited to formalist and semiotic film theories and literary analysis. The student will gain fundamental insight into Israeli culture. No knowledge of Hebrew is required but can be helpful. Students, who wish to do the reading and discussion in the Hebrew language, may have that option. Course will be conducted in English.

*prereq:* LAT 20100 or equiv. and Department Permission
3 hrs
3 cr.

Russian - BA

Return to: Classical and Oriental Studies

Foundational Courses

Foundational Courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement. Courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student’s advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

RUSS 10100 - Elementary Russian

**Hunter Core**

World Culture and Global Issues (WCGI)

Introduction to Russian language. Practice in spoken Russian. Reading of simple texts. RUSS 10100 not credited without RUSS 10200. For details about credit policy, please see Appendix II: Foreign Language Requirement.

2 sems, 3 hrs
3 cr. each sem.

RUSS 10200 - Elementary Russian
Introduction to Russian language. Practice in spoken Russian. Reading of simple texts. RUSS 10100 not credited without RUSS 10200.

2 sems, 3 hrs
3 cr. each sem.

-or-

**RUSS 10300 - Elementary Russian for Heritage Speakers (Intensive)**

Intensive study of the Russian language for heritage speakers who seek to gain literacy in the language. Two semesters in one.

6 hrs
6 cr.

**Major- 24 credits**

The Russian major consists of no fewer than 24 credits chosen among courses in the language beyond RUSS 10100 and RUSS 10200.

1. **Russian language sequence**: for students who want to acquire native fluency in spoken and written Russian and a thorough knowledge of Russian literature.

2. **Russian language and culture sequence**: for students whose interests lie in the arts rather than in language. With the permission of the division head, a limited number of courses in translation may be applied to the major sequence.

III. **Concentration in Russian and East Central European Studies (RECE)**: This concentration within the Russian program draws on a variety of disciplines in combination with courses from the Division of Russian and Slavic Studies. Requirements for RECE include

1. Russian or Slavic language proficiency or a pre- or corequisite of 6 credits in Russian or Slavic language at the 20200 (intermediate) level or above and
2. 18 credits distributed as follows:
   1. Russian or East Central European history (3 cr.);
   2. RECE area political science (3 cr.);
   3. Russian or East Central European literature, culture or arts (3 cr.);
   4. and three additional 200- or 300-level courses chosen from two of the following categories:
      1. anthropology,
      2. economics,
      3. geography,
      4. history,
      5. political science and
      6. literature, culture or arts.

Students should select courses in consultation with their RECE adviser. In addition to their 18-to 24-credit concentration, students are strongly urged to choose 12 minor credits from disciplines related to RECE.

IV. **Concentration in Russian translation**: for students with interest in acquiring training in Russian translation in a variety of professional fields. Requirements for the concentration in Russian translation include:

1. 6 credits in Russian language at the intermediate level (RUSS 20100 and RUSS 20200) or 6 credits in the intensive RUSS 20300 for heritage speakers.
2. RUSS 21500 Translating Culture: Introduction to Theory and Practice of Translation for 3 credits.
3. RUSS 30100 Advanced Russian I for 3 credits
4. RUSS 30200 Advanced Russian II for 3 credits

5. RUSS 31700 Practical Aspects of Translation for 3 credits

6. RUSS 31800 Advanced Translation for 3 credits

7. RUSS 49800 Internship in Russian and Slavic Studies for 3 credits

Students exempt from the Russian language requirement through proficiency testing or by permission of the Division Head are required to take also either:

1. one 300-level literature course taught in Russian for 3 credits and one of the following 300-level language courses:
   - RUSS 31200
   - RUSS 31300
   - RUSS 31400
   - RUSS 31500 or
   - RUSS 31900 for 3 credits (6 credits in all) or:

2. two 300-level language courses from the following courses
   - RUSS 31200
   - RUSS 31300
   - RUSS 31400
   - RUSS 31500
   - RUSS 31900 for 6 credits

3. or two 300-level literature courses in Russian for 6 credits

**Electives**

All courses offered by the Russian Division are open to qualified students for elective credit.

**Preparation for teaching in Grades 7-12**

In cooperation with the The School of Education, the program in Russian provides opportunities for students to prepare for a career in teaching Russian in grades 7-12. Students preparing to teach Russian must complete a 33-credit major option for teaching that includes the 24-credit sequence taken by non-teaching majors plus 9 additional credits: RUSS 39900 and 6 additional credits in Russian language and literature at the 300 or 400 level. Students interested in teaching Russian in New York Schools should take the 23-credit pedagogical sequence for grades 7-12. This sequence may count toward the course requirements for New York State Certification, but will not by itself be sufficient for certification. Students interested in a teaching career should consult with the The School of Education.

**Minor in Russian**

The minor in Russian consists of no fewer than 12 credits. Courses taken toward the Russian minor could follow two tracks: the Russian language minor or the Russian literature and culture minor.

Students wishing to minor in Russian should either pass a proficiency test or take the language sequences of

RUSS 29400 - Folklore and Literature (W)

Hunter Core
World Culture and Global Issues (WCGI)

Pluralism and Diversity

PD/D

GER

3/A

Students will be introduced to basic concepts of literature and folklore to increase, through a comparative study, their understanding and appreciation of both art forms. Works in English of major Russian writers such as Pushkin, Gogol and Pilnyak will be read in juxtaposition with folklore genres in search of how literary texts mirror folklore subjects. European, African and South American literature and folklore will be introduced or comparative purposes.
**RUSS 29500 - The Vampire in Lore and Literature (W)**

**Hunter Core**
Creative Expression (CE)

**GER**
2/C

Comparative study of the vampire in various folk and literary traditions from ancient Greece to the 21st century. Characteristics of vampires and their kith and kin in folklore and in classical antiquity. Eastern and Western European vampires in folklore and popular culture; their reinterpretation in literature and basis for their popularity. Readings include J. Sheridan Le Fanu, Bram Stoker, Nicholas Gogol, A.K. Tolstoi, Anne Rice, and others. The vampire tradition in films from Murnau's *Nosferatu*, to Coppola's *Dracula*, to Hardwicke's *Twilight*.

**prereq:** ENGL 12000
3 hrs
3 cr.

**RUSS 29600 - Vladimir Nabokov Between Two Cultures**

**Hunter Core**
Creative Expression (CE)

**GER**
3/A

Nabokov as a bilingual writer, including major works originally written in Russian and in English: Priglashenie na kazn' (Invitation to a Beheading); Dar (The Gift); Drugie Berega (Other Shores); Speak, Memory; Pnin; Lolita and Pale Fire.

**prereq:** ENGL 22000 or perm dept.
3 hrs
3 cr.

**RUSS 29700 - The Russian Urban Novel in English Translation (W)**

**Hunter Core**
I&S

**GER**
3/A

The interaction of a theme (the city) and a genre (the novel). Crime and Punishment, The Master and Margarita, We and others in their comparative context.

**prereq:** ENGL 22000 or perm dept.
3 hrs
3 cr.

**RUSS 30100 - Advanced Russian I**

Mastery of grammar in its application to writing, listening comprehension and oral expression.

**prereq:** RUSS 20200 or equiv.
RUSS 30200 - Advanced Russian II

GER
3/A

Intensive study of grammar. Consideration of levels of style, problems of idiom and syntax. Oral and written reports.  
prereq: RUSS 20200 or equiv
3 hrs
3 cr.

RUSS 31200 - Advanced Russian Conversation I

Conversation and oral exercises; discussions based on readings of social and cultural interest. Introduction to oral interpreting.  
prereq: RUSS 20200 or equiv.  
3 hrs
3 cr.

RUSS 31300 - Advanced Russian Conversation II

Literary, political, social, scientific vocabulary. Scholarly reports and practical exchanges on selected topics.  
prereq: RUSS 20200 or equiv.  
3 hrs
3 cr.

RUSS 31400 - Reading Russian I

Reading and critical analysis of selected literary and journalistic texts from various disciplines. Grammar review through reading.  
prereq: RUSS 20200 or equiv.  
3 hrs
3 cr.

RUSS 31500 - Reading Russian II

In-depth study of syntax and idiomatic language to improve reading competency.  
prereq: RUSS 20200 or equiv.  
3 hrs
3 cr.

RUSS 31700 - Practical Aspects of Translation

Examination of the lexical, morphological and syntactic aspects of language in translation, focusing on the comparative presentation of these aspects in Russian and English.  
prereq: RUSS 20200 or equiv.  
3 hrs
3 cr.
RUSS 31800 - Advanced Translation

Continuation of RUSS 31700 on an advanced level. Application of the theoretical and practical knowledge of translation to discipline-specific areas, including medical, legal, academic, scientific, and literary translation.

_prereq: ENGL 12000, RUSS 31700 or equiv; RUSS 20200 or equiv._

3 hrs
3 cr.

RUSS 31900 - Business Russian

Increase mastery of Russian vocabulary, style and syntax for translating and composing diverse business materials in such fields as finance, insurance, litigation, advertising and labor relations. Conducted in Russian.

3 cr.

Undergraduate Minor

Minor in Arabic and Minor in Arabic Studies

Return to Classical and Oriental Studies

Two minors are offered by the Arabic Language, Literature, and Culture Division of the Department of Classical and Oriental Studies: Arabic and Arabic Studies.

Minor in Arabic

The minor in Arabic requires the successful completion of

ARB 20100 - Intermediate Arabic I

Emphasis placed on reading materials from Arabic media, and expanding vocabulary and grammar skills.
*prereq: ARB 10200 or equiv.*
3 hrs
3 cr.

ARB 20200 - Intermediate Arabic II

Continuation of ARB 20100.
*prereq: ARB 20100 or equiv.*
3 hrs
3 cr.

ARB 30100 - Advanced Arabic I

Emphasis on increased proficiency in reading, speaking and writing Arabic
*prereq: ARB 20200 or equiv.*
3 hrs
3 cr.
ARB 30200 - Advanced Arabic II

Continuation of ARB 30100
prereq: ARB 30100 or equiv.
3 hrs
3 cr.

or their equivalent as determined by the Arabic Program Head.

ARB 14900 - Spoken Egyptian Arabic

The goal of this course is to teach students oral communication in the Egyptian dialect, as well as to impart cultural knowledge relevant to a student living in or visiting Egypt. This course is closed to native speakers of Arabic.
prereq: ARB 10200 and permission of instructor
3 hours
3 credits
can be taken in lieu of ARB 30200
The prerequisite for the minor is successful completion of ARB 10100 and 10200 (8 credits).

Arabic Studies Minor

The Arabic Studies Minor requires the successful completion of 4 ARB courses on cultural or literary topics taught in English or in Arabic. Up to 2 Arabic language courses may be used to fulfill the minor requirements in lieu of two culture or literature courses.

The prerequisite for the minor is successful completion of ARB 10100 and ARB 10200 (8 credits).

Arabic Courses

ARB 10100 - Beginning Arabic I

Hunter Core
World Culture and Global Issues (WCGI)
The goal of this course is to begin developing reading, speaking, listening, writing, and cultural skills in Arabic. The course stresses communication using both formal and informal Arabic. Emphasis is also placed on reading authentic texts from Arabic media, listening to and watching audio and video materials, and developing students’ understanding of Arab culture. Preparation for class is an essential component of course, allowing us to devote in-class time to communicating in the language rather than talking “about” the language. Students will be evaluated on attendance and class participation, daily homework assignments, quizzes, skits, a final oral interview and a final examination.

This class is not for native speakers. ARB 10100 usually not credited without ARB 10200. For details about credit policy look here: Appendix II: Foreign Language Requirement
3 hrs
3 cr.

ARB 10200 - Beginning Arabic II

Continuation of ARB 10100. The goal of this course sequence (ARB 10100/10200) is to begin developing reading, speaking, listening, writing, and cultural skills in Arabic. The course stresses communication using both formal and
informal Arabic. Emphasis is also placed on reading authentic texts from Arabic media, listening to and watching audio and video materials, and developing students' understanding of Arab culture. Preparation for class is an essential component of course, allowing us to devote in-class time to communicating in the language rather than talking "about" the language. Students will be evaluated on attendance and class participation, daily homework assignments, quizzes, skits, a final oral interview and a final examination. This class is not for native speakers.

This class is not for native speakers.

prereq: ARB 10100 or permission of Head of Arabic Program.
3 hrs
3 cr.

**ARB 14800 - Beginning Arabic for Heritage Speakers**

**Hunter Core**
World Culture and Global Issues (WCGI)
This course is for students of Arab origin who grew up speaking a dialect of Arabic but not reading and writing it. This course will quickly cover the alphabet and then focus on reading and writing in formal Arabic, i.e., the language of the Arabic language media and academe. The course is not open to students who have taken the ARB 10100-30200 sequence.

prereq: perm of division head
3 hrs
3 cr.

**ARB 14900 - Spoken Egyptian Arabic**

The goal of this course is to teach students oral communication in the Egyptian dialect, as well as to impart cultural knowledge relevant to a student living in or visiting Egypt. This course is closed to native speakers of Arabic.

prereq: ARB 10200 and permission of instructor
3 hours
3 credits

**ARB 20000 - Topics in Arabic Literature and Culture**

This course will focus on a variety of topics related to the literatures and cultures of the Arab World. Readings in translation. Specific information on a particular semester's offerings can be found on the on-line class schedule.

prereq: ENGL 12000 or equivalent
3 hrs.
3 cr.

**ARB 20100 - Intermediate Arabic I**

Emphasis placed on reading materials from Arabic media, and expanding vocabulary and grammar skills.

prereq: ARB 10200 or equiv.
3 hrs.
3 cr.

**ARB 20200 - Intermediate Arabic II**

Continuation of ARB 20100.
prereq: ARB 20100 or equiv.
ARB 24800 - Intermediate Arabic for Heritage Speakers

This course is a continuation of ARB 14800. It is also for Heritage Students who can already read and write and who speak one of the dialects with some degree of fluency but have not studied enough formal Arabic to be exempt from the language requirement. More than ARB 14800, this course will rely on authentic materials not found in any text book. The course is not open to students who have taken the ARB 10100-30200 sequence.

*prereq: ARB 14800 or Arabic Program head's permission*

ARB 25000 - The Arab Novel (in translation) (W)

**Hunter Core**
Creative Expression (CE)
**Pluralism and Diversity**
PD/A
GER
2/C

A consideration of Arab novels as a source for understanding issues such as urbanization, war, imperialism, nationalism, gender, as well as the politics of translation.

*prereq: ENG 22000 or equiv.*

ARB 25100 - Arab Cinema (in translation)

**Hunter Core**
Creative Expression (CE)
**Pluralism and Diversity**
PD/A
GER
2/D

This course will introduce students to the history of Arab Cinema through readings and weekly screenings of films from all over the Arab World.

*prereq: ENGL 12000 or equivalent*

ARB 25200 - Literatures from the Islamic World (W)

**Hunter Core**
World Cultures and Global Issues (WCGI)
**Pluralism and Diversity**
PD/A
GER
2/C
A survey of literary genres and themes from the Islamic World from the 7th to the 15th century.  
prereq: ENGL 12000 or equivalent
3 hrs
3 credits

**ARB 25300 - Literatures and Cultures of Muslim Spain (W)**

**Hunter Core**
World Culture and Global Issues (WCGI)

**Pluralism and Diversity**
PD/A
GER
2/C

A survey of the literary and cultural history of Muslim Spain, 8th - 15th century C.E.  
prereq: ENGL 12000 or equivalent
3 hrs
3 credits

**ARB 25400 - The Arabian Nights East and West (W)**

**Hunter Core**
Creative Expression (CE)

**Pluralism and Diversity**
PD/A
GER
2/C

The course studies not only the stories of the Arabian Nights (1001 Nights), but also the history of the translation and adaptation of the Nights into European languages.  
prereq or coreq: ENGL 12000 or equivalent
3 hours
3 credits

**ARB 25500 - Modern Palestinian Culture**

**Hunter Core**
World Culture and Global Issues (WCGI)

**Pluralism and Diversity**
PD/A
War and trauma shape modern Palestinian identities as evident in narratives of diaspora and return, nationalism, and militarism. This class introduces and explores the intersections of Palestinian national aspirations and Palestinian fiction, poetry, and film. There will be a focus on geography, as land and borders play a central role in the conflict. In addition, the class will include discussion of the following topics: Jerusalem; the Green Line; colonialism; 1948; 1967; refugees, diaspora and return; nationalism; resistance; and violence and militarism.
3 hrs
3 cr.

**ARB 25600 - Modern Arab Theatre**
Hunter Core

World Culture and Global Issues (WCGI-

Pluralism and Diversity

PD/A

Welcoming students of any major or background, this course opens an angle on to culture and society in the Arab world through the lens of drama and theatre. Some themes covered: prison, political critique, heritage, and women/gender.

Minor in Chinese

The Minor in Chinese consists of 12 credits. Students must take four courses at or above CHIN 200-level taught in Chinese. Course prerequisites must be satisfied. Internships and independent studies do not count towards the minor.

12 credits

CLA 20400 Introduction to Classical, Near Eastern, and Egyptian Archaeology (W)

CLA 22100 Greek Archaeology (W)

CLA 22200 Roman Archaeology I: Etruscans, Monarchy, Republic (W)
One other course in Classical Archaeology at the 200- or 300-level.

Note: CLA 204 is a prerequisite for all other Classical Archaeology courses.

**Minor in Classical Studies**

12 Credits:

1. CLA 10100 - Classical Mythology
2. CLA 20100 - Greek Civilization (W)
3. CLA 20300 - Roman Civilization (W)
4. One course with a CLA prefix at the 200- or 300-level (e.g. literature in translation or upper-level culture courses)

Note: CLA 10100, CLA 20100, and CLA 20300 have no prerequisites

**Minor in Hebraic Studies**

Minor: 12 credits

The Hebraic Studies minor requires the successful completion of four HEBR literature and/or culture courses on the 200-level or above, taught in English or in Hebrew. Two Hebrew language courses on 300-level or above may be used toward the minor requirement in lieu of two literature or culture courses.

**Minor in Hebrew**

The Hebrew minor requires the successful completion of 12 credits at the 200-level or above. Courses counted toward the Hebrew minor must be either language courses or have Hebrew as their language of instruction.

**Minor in Japanese Language**

The Japanese Language Minor seeks to develop students' understanding of the Japanese language at an advanced level. With higher-level language courses, students will be exposed to more complex oral and written Japanese that will lead to a greater fluency in the language. To this end, the Japanese Language Minor requires completion of a minimum of 12 credits (4 courses). By completing the Japanese Language Minor, students will also have fulfilled the Hunter College language requirement.

No grade below B- shall be considered to fulfill the requirements for this minor.

Students must complete the following course:

**JPN 20200 - Intermediate Japanese II**

Continuation of JPN 20100.

*prereq: JPN 20100 or equiv.*
Students must take at least three of the following courses or an elective course approved by the department head (9 credit hours total):

**JPN 27100 - Japanese Reading: Recitation and Comprehension**

This course is targeted at students looking to strengthen their skills in reading and comprehension of Japanese books and periodicals. Additionally, reading aloud will be required in order to improve students' pronunciation and intonation.

*prereq: JPN 20100 (Intermediate Japanese I) or permission from the instructor*  
3 hrs  
3 cr.

**JPN 30100 - Advanced Japanese I**

Continuation of JPN 20200. Extensive reading and writing practice, including at least 700 additional kanji; advanced grammar study.  
*prereq: JPN 20200 or equiv.*  
3 hrs  
3 cr.

**JPN 30200 - Advanced Japanese II**

Continuation of JPN 30100. Extensive reading and writing practice, including at least 600 additional kanji; advanced grammar study.  
*prereq: JPN 30100 or equiv.*  
3 hrs  
3 cr.

**JPN 35100 - Advanced Japanese Conversation**

This course is designed for students looking to gain fluency in speaking Japanese in formal and informal situations. Speaking regularly in class is expected. Kanji radicals will also be covered.  
*prereq: JPN 20200 (intermediate Japanese II) or perm instructor*  
3 hrs  
3 cr.

**JPN 42103 - Independent Study in Japanese**

This is an independent study course for highly motivated students enrolled in a Japanese minor. Students who take the course should be interested in researching a specific aspect of Japanese culture and/or language. Course repeatable up to 6 credits.  
*prereq: Students must see an advisor in the Japanese Division before registering for this course and have departmental permission.*
Minor in Japanese Studies

The Japanese Studies Minor seeks to develop students' understanding of Japanese culture, while also fostering a broader understanding of Japan's influence in the world. The required culture classes (JPN 25100 and JPN 25200) will give students a foundation specifically in Japanese culture and society, and the additional elective courses offer students the option to customize the aspects of Japan they want to research. This minor is designed to be flexible and accommodate students who do not take Japanese language classes, but rather have an interest purely in Japanese culture. The majority of classes that satisfy this minor are taught in English, however some Japanese language classes can be used to fulfill it. Students who complete the minor will have a well-rounded perspective on Japanese history and contemporary issues that will give insight into Japan.

Minor in Japanese Studies: 12 credits

No grade below B- shall be considered to fulfill these requirements.

Students must complete the following courses (6 credit hours)

**JPN 25100 - Japanese Culture Before 1600**

**Pluralism and Diversity**
PD/A
GER
2/C

Covering many facets of Japanese culture, this course will focus on the various periods of Japanese history (Jomon, Yayoi, Kofun, and Heian – to name a few) and uncover how many aspects of Japanese culture were shaped. From the influence from nearby countries – most notably China – to its isolationist periods, its mythology, the evolution of its art, the deep-seated love of nature shared by many Japanese, and the co-existence of multiple belief systems, Japan is a truly unique country whose culture continues to gain in popularity within the United States. Taught entirely in English.

While this is a two-part course, Japanese Culture Before 1600 (JPN 25100) will not act as a prerequisite for Japanese Culture Since 1600 (JPN 25200).

*prereq: ENGL 120*

**JPN 25200 - Japanese Culture Since 1600**

**Pluralism and Diversity**
PD/A
GER
2/C

This course will focus on Japanese culture after roughly 1600. During this time, Japan was largely isolated from the rest of the world, but specific events led to a mixture of vastly different cultures – that of the Japanese and the Western world, which led to many changes within Japan. Additional major topics include the impact of both World Wars, contemporary Japanese lifestyle, and the various holidays and traditions that are celebrated today. Art, literature, and
social reform will also play important roles throughout the semester.

prereq: ENGL 12000
3 hours
3 credits

Students must take at least two of the following elective courses or an elective course approved by the department head (6 credit hours total):

**JPN 27100 - Japanese Reading: Recitation and Comprehension**

This course is targeted at students looking to strengthen their skills in reading and comprehension of Japanese books and periodicals. Additionally, reading aloud will be required in order to improve students' pronunciation and intonation.

prereq: JPN 20100 (Intermediate Japanese I) or permission from the instructor
3 hrs
3 cr.

**JPN 35100 - Advanced Japanese Conversation**

This course is designed for students looking to gain fluency in speaking Japanese in formal and informal situations. Speaking regularly in class is expected. Kanji radicals will also be covered.

Latin: 12 credits beyond LAT 10100/ LAT 10200 or LAT 10700

Minor in Russian Language and Minor in Russian Literature and Culture

The Program will encourage students to take the Russian minor. The minor consists of minimum of 12 credits. Students wishing to minor in Russian should either pass a proficiency test or take the language sequence of RUSS 10100 — RUSS 10200; RUSS 20100 — RUSS 20200. Courses taken toward the Russian minor could follow two tracks:

Track I: Russian Language Minor

Prerequisite:RUSS 20200 or equivalent. Students are expected to take: RUSS 30100 & RUSS 30200; RUSS 31700 or RUSS 31800 or RUSS 31900; plus one literature course taught in Russian.

Track II: Russian Literature and Culture Minor

Prerequisite:RUSS 20200 or equivalent. Students are expected to take: RUSS 30100 & RUSS 30200 and two literature or culture courses conducted either in Russian or in English. Literature courses may be substituted for language courses in the Literature and Culture Minor with permission by the head of the program.

Other Programs

Continuation of JPN 30100. Extensive reading and writing practice, including at least 600 additional kanji; advanced grammar study.

prereq: JPN 30100 or equiv.
JPN 25100 - Japanese Culture Before 1600

Pluralism and Diversity
PD/A
GER
2/C

Covering many facets of Japanese culture, this course will focus on the various periods of Japanese history (Jomon, Yayoi, Kofun, and Heian – to name a few) and uncover how many aspects of Japanese culture were shaped. From the influence from nearby countries – most notably China – to its isolationist periods, its mythology, the evolution of its art, the deep-seated love of nature shared by many Japanese, and the co-existence of multiple belief systems, Japan is a truly unique country whose culture continues to gain in popularity within the United States. Taught entirely in English.

While this is a two-part course, Japanese Culture Before 1600 (JPN 25100) will not act as a prerequisite for Japanese Culture Since 1600 (JPN 25200).

prereq: ENGL 120
3 hrs
3 cr.

JPN 25200 - Japanese Culture Since 1600

Pluralism and Diversity
PD/A
GER
2/C

This course will focus on Japanese culture after roughly 1600. During this time, Japan was largely isolated from the rest of the world, but specific events led to a mixture of vastly different cultures – that of the Japanese and the Western world, which led to many changes within Japan. Additional major topics include the impact of both World Wars, contemporary Japanese lifestyle, and the various holidays and traditions that are celebrated today. Art, literature, and social reform will also play important roles throughout the semester.

prereq: ENGL 12000
3 hours
3 credits

Arabic

ARB 10100 - Beginning Arabic I

Hunter Core
World Culture and Global Issues (WCGI)

The goal of this course is to begin developing reading, speaking, listening, writing, and cultural skills in Arabic. The course stresses communication using both formal and informal Arabic. Emphasis is also placed on reading authentic texts from Arabic media, listening to and watching audio and video materials, and developing students’ understanding of Arab culture. Preparation for class is an essential component of course, allowing us to devote in-class time to communicating in the language rather than talking "about" the language. Students will be evaluated on attendance and class participation, daily homework assignments, quizzes, skits, a final oral interview and a final examination.
This class is not for native speakers. ARB 10100 usually not credited without ARB 10200. For details about credit policy look here: Appendix II: Foreign Language Requirement

ARB 10200 - Beginning Arabic II

Continuation of ARB 10100. The goal of this course sequence (ARB 10100/10200) is to begin developing reading, speaking, listening, writing, and cultural skills in Arabic. The course stresses communication using both formal and informal Arabic. Emphasis is also placed on reading authentic texts from Arabic media, listening to and watching audio and video materials, and developing students' understanding of Arab culture. Preparation for class is an essential component of course, allowing us to devote in-class time to communicating in the language rather than talking "about" the language. Students will be evaluated on attendance and class participation, daily homework assignments, quizzes, skits, a final oral interview and a final examination. This class is not for native speakers.

prereq: ARB 10100 or permission of Head of Arabic Program.

ARB 14800 - Beginning Arabic for Heritage Speakers

Hunter Core

World Culture and Global Issues (WCGI)
This course is for students of Arab origin who grew up speaking a dialect of Arabic but not reading and writing it. This course will quickly cover the alphabet and then focus on reading and writing in formal Arabic, i.e., the language of the Arabic language media and academe. The course is not open to students who have taken the ARB 10100-30200 sequence.

prereq: perm of division head

ARB 14900 - Spoken Egyptian Arabic

The goal of this course is to teach students oral communication in the Egyptian dialect, as well as to impart cultural knowledge relevant to a student living in or visiting Egypt. This course is closed to native speakers of Arabic.

prereq: ARB 10200 and permission of instructor

ARB 20000 - Topics in Arabic Literature and Culture

This course will focus on a variety of topics related to the literatures and cultures of the Arab World. Readings in translation. Specific information on a particular semester's offerings can be found on the on-line class schedule.

prereq: ENGL 12000 or equivalent

ARB 20100 - Intermediate Arabic I
Emphasis placed on reading materials from Arabic media, and expanding vocabulary and grammar skills.

*prereq: ARB 10200 or equiv.*

*3 hrs*

*3 cr.*

**ARB 20200 - Intermediate Arabic II**

Continuation of ARB 20100.

*prereq: ARB 20100 or equiv.*

*3 hrs*

*3 cr.*

**ARB 24800 - Intermediate Arabic for Heritage Speakers**

This course is a continuation of ARB 14800. It is also for Heritage Students who can already read and write and who speak one of the dialects with some degree of fluency but have not studied enough formal Arabic to be exempt from the language requirement. More than ARB 14800, this course will rely on authentic materials not found in any textbook. The course is not open to students who have taken the ARB 10100-30200 sequence.

*prereq: ARB 14800 or Arabic Program head's permission*

*3 hrs*

*3 cr.*

**ARB 25000 - The Arab Novel (in translation) (W)**

**Hunter Core**
- Creative Expression (CE)
- Pluralism and Diversity
- PD/A
- GER
- 2/C

A consideration of Arab novels as a source for understanding issues such as urbanization, war, imperialism, nationalism, gender, as well as the politics of translation.

*prereq: ENG 22000 or equiv.*

*3 hrs*

3 credits

ARB 25400 - The Arabian Nights East and West (W)

Hunter Core
Creative Expression (CE)
Pluralism and Diversity
PD/A
GER
2/C

The course studies not only the stories of the Arabian Nights (1001 Nights), but also the history of the translation and adaptation of the Nights into European languages.
prereq or coreq: ENGL 12000 or equivalent
3 hours
3 credits

ARB 25500 - Modern Palestinian Culture

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/A

War and trauma shape modern Palestinian identities as evident in narratives of diaspora and return, nationalism, and militarism. This class introduces and explores the intersections of Palestinian national aspirations and Palestinian fiction, poetry, and film. There will be a focus on geography, as land and borders play a central role in the conflict. In
addition, the class will include discussion of the following topics: Jerusalem; the Green Line; colonialism; 1948; 1967; refugees, diaspora and return; nationalism; resistance; and violence and militarism.

3 hrs
3 cr.

**ARB 25600 - Modern Arab Theatre**

**Hunter Core**  
World Culture and Global Issues (WCGI)  
Pluralism and Diversity  
PD/A  
Welcoming students of any major or background, this course opens an angle on to culture and society in the Arab world through the lens of drama and theatre. Some themes covered: prison, political critique, heritage, and women/gender.

3 hrs
3 cr.

**ARB 30000 - Problems in Arabic Literature and Culture**

This course will focus on a specific area related to the literatures and topics of the Arab World. As a 300-level course, it will cover a narrow spectrum of texts. Readings in translation. Specific information on a particular semester's offerings can be found on the on-line class schedule.

*prereq or coreq: ENGL 12000 and one of the following or permission of the instructor: ANTHC 20100, ARB 20000, ARB 25000W, ARB 25100, ARB 25200W, ARB 25400W, ARTH 26000W, ASIA 22004, ASIA 39013, ASIA 45051, GEOG 27400, HEBR 21500W, HIST 27650, HIST 27651, POLSC 26300W, POLSC 26900W, REL 32200W, REL 33700W OR SOC 36200W.*

HEBR 22000 - Israeli Cinema

Pluralism and Diversity
PD/A
GER
3/A

Israeli cinema and the development of Israeli cultural identity. Designed for students of Hebrew studies and Film studies who are interested in the history of Israeli film and Israeli cultural identity as expressed in the Israeli cinema. The course is designed for students of Hebrew studies and Film studies who are interested in the history of Israeli film and Israeli cultural identity as expressed in the Israeli cinema. This course will explore discourses on topics concerning the Israeli-Palestinian and Israeli-Arab conflicts, Zionist and post-Zionist trends, socio-economic gaps, religious controversies and aesthetic societal contexts, as well as women’s issues. The course will employ a variety of disciplines, including but not limited to formalist and semiotic film theories and literary analysis. The student will gain fundamental insight into Israeli culture. No knowledge of Hebrew is required but can be helpful. Students, who wish to do the reading and discussion in the Hebrew language, may have that option. Course will be conducted in English.

*cross-listed cross-listed with FILM 21344
prereq: ENGL 12000
3 hrs
3 cr.*

prereq: JPN 20100 or equiv.
3 hrs
3 cr.

JPN 25100 - Japanese Culture Before 1600

Pluralism and Diversity
PD/A
GER
2/C

Covering many facets of Japanese culture, this course will focus on the various periods of Japanese history (Jomon, Yayoi, Kofun, and Heian – to name a few) and uncover how many aspects of Japanese culture were shaped. From the influence from nearby countries – most notably China – to its isolationist periods, its mythology, the evolution of its art, the deep-seated love of nature shared by many Japanese, and the co-existence of multiple belief systems, Japan is a truly unique country whose culture continues to gain in popularity within the United States. Taught entirely in English.

While this is a two-part course, Japanese Culture Before 1600 (JPN 25100) will not act as a prerequisite for Japanese Culture Since 1600 (JPN 25200).

prereq: ENGL 120
3 hrs
3 cr

JPN 25200 - Japanese Culture Since 1600

Pluralism and Diversity
PD/A
GER
2/C

This course will focus on Japanese culture after roughly 1600. During this time, Japan was largely isolated from the rest of the world, but specific events led to a mixture of vastly different cultures – that of the Japanese and the Western world, which led to many changes within Japan. Additional major topics include the impact of both World Wars, contemporary Japanese lifestyle, and the various holidays and traditions that are celebrated today. Art, literature, and social reform will also play important roles throughout the semester.

prereq: ENGL 12000
3 hours
3 credits

JPN 26100 - Special Topics in Japanese Culture

Pluralism and Diversity
PD/A
GER
Examination of specific areas of classical or contemporary Japanese culture, such as film or literature, and the economic, political, and social conditions that shaped them.

*prereq or coreq: ENGL 12000*

3 hrs
3 cr.

**JPN 27100 - Japanese Reading: Recitation and Comprehension**

3 cr.

RUSS 31800 - Advanced Translation

Continuation of RUSS 31700 on an advanced level. Application of the theoretical and practical knowledge of translation to discipline-specific areas, including medical, legal, academic, scientific, and literary translation.

*prereq: ENGL 12000, RUSS 31700 or equiv; RUSS 20200 or equiv.*

3 hrs

3 cr.

RUSS 31900 - Business Russian

Increase mastery of Russian vocabulary, style and syntax for translating and composing diverse business materials in such fields as finance, insurance, litigation, advertising and labor relations. Conducted in Russian.

*prereq: RUSS 20200 or equiv.*

3 hrs

3 cr.

Russian and Slavic Studies: Russian Literature in the Original

RUSS 24500 - Russian Folklore: Slavic Myths and Traditions

Common Slavic myths, traditions and social structures.

*prereq: RUSS 20200 or equiv.*

3 hrs

3 cr.

RUSS 24600 - Special Topics in Slavic Literature and Cultures

Sample topic: fairy tales, satire.

*prereq: RUSS 20200 or equiv.*

3 hrs

3 cr.

RUSS 32100 - Russian Short Story and Novella

**Pluralism and Diversity**

PD/D

GER

3/A

Analysis of various texts and readings from Gogol, Chekhov, Babel, Solzhenitsyn.

*prereq: RUSS 20200 or equiv.*
3 hrs
3 cr.

RUSS 32200 - Classical Russian Poetry

Pluralism and Diversity
PD/D
GER
3/A

Major poets from the late 18th to mid-19th century, including Lomonosov, Derzhavin, Pushkin, Lermontov and Nekrasov.
prereq: RUSS 20200 or equiv.
3 hrs
3 cr.

RUSS 32300 - Modern Russian Poetry

Pluralism and Diversity
PD/D
GER
3/A

Major poets of the late 19th and 20th centuries, including Fet, Tyutchev, Blok, Mayakovskiy, Esenin, Pasternak, Yevtushenko.
prereq: RUSS 20200 or equiv.
3 hrs
3 cr.

RUSS 32400 - Literature of Kievan Rus' and Early Russian Literature through the Age of Classicism

GER
3/A

Major literary works of the Kievan period, 968 to 1237: The Primary Chronicle, The Tale of Igor's Campaign.
prereq: RUSS 20200 or equiv.
3 hrs
3 cr.

RUSS 34000 - 19th Century Russian Literature

GER
3/A

Pushkin's Eugene Onegin, Lermontov's Hero of Our Time, Gogol's Dead Souls, Turgenev's Fathers and Sons and others.
prereq: RUSS 20200 or equiv.
3 hrs
3 cr.
RUSS 34100 - Tolstoy and Dostoevsky

**Pluralism and Diversity**
**PD/D**
**GER**
**3/A**

Major novels of Russia's two greatest writers. Tolstoy's War and Peace, Anna Karenina, Dostoevsky's The Brothers Karamazov and others.

*prereq: RUSS 20200 or equiv.*

3 hrs
3 cr.

RUSS 34200 - Modern Russian Literature

**Pluralism and Diversity**
**PD/D**
**GER**
**3/A**

Gorky, Mayakovsky, Olesha, Babel, Sholokhov, Bulgakov, Nabokov, et al.

*prereq: RUSS 20200 or equiv.*

3 hrs
3 cr.

RUSS 34300 - Russian Theater

**Pluralism and Diversity**
**PD/D**
**GER**
**3/A**

Development of Russian drama and theater from early 19th century to present. Griboedov, Pushkin, Gogol, Chekhov and others.

*prereq: RUSS 20200 or equiv.*

3 hrs
3 cr.

RUSS 34400 - The Silver Age of Russian Literature

**Pluralism and Diversity**
**PD/D**
**GER**
**3/A**

Major writers and movements of years 1890-1925. Short works by Chekhov, Sologub, Belyi, Blok, Akhmatova, Pasternak.

*prereq: RUSS 20200 or equiv.*

3 hrs
3 cr.

RUSS 36000 - Russian Women Writers
Pluralism and Diversity
PD/G
GER
3/A

cross-listed WGSA 36100
prereq: RUSS 20200 or equiv.
3 hrs
3 cr.

RUSS 49100 - Honors Project

Open to Russian majors only. Essay.
prereq: RUSS 20200 or equiv.
3 hrs
3 cr.

Russian and Slavic Studies: Russian Literature and Culture in English Translation

RUSS 15500 - The Culture of Old Russia

Pluralism and Diversity
PD/D
GER
2/C

Religion, art, architecture and daily life in medieval Russia.
prereq: ENGL 12000
3 hrs
3 cr.

RUSS 15600 - Culture of Imperial Russia: the Age of Empresses

Hunter Core
Individual and Society (I&S)
Pluralism and Diversity
PD/G
GER
2/C

Major cultural movements of the Empire baroque, classicism, romanticism and their effect on the cultural fabric of Russia from Regent Sophia through the reign of Peter to Catherine the Great.
cross-listed WGSC 15600
prereq: ENGL 12000
3 hrs
3 cr.
RUSS 15700 - The Age of the Great Masters

Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/D
GER
2/C

Russian culture as shaped by the great masters of Russian literature, art and music in the late 19th and early 20th centuries.
prereq: ENGL 12000
3 hrs
3 cr.

RUSS 15800 - Contemporary Russian Culture

Hunter Core
Individual & Society (I&S) Humanities
GER
2/C

Survey of Russian culture from Stalin to present exploring the relationship between the arts and the state apparatus. Consideration of such figures as Pasternak, Solzhenitsyn, Yevtushenko, Prokofiev, Tarkovsky and the Taganka Theatre.
prereq: ENGL 12000
3 hrs
3 cr.

RUSS 25000 - 19th Century Russian Literature in English Translation (W)

Hunter Core
Individual and Society (I&S) Social Sciences
Pluralism and Diversity
PD/D
GER
2/C

Pushkin's Eugene Onegin, Lermontov's Hero of Our Time, Gogol's Dead Souls, Turgenev's Fathers and Sons and others.
prereq: ENGL 12000
3 hrs
3 cr.

RUSS 25100 - Tolstoy and Dostoevsky in English Translation (W)

Hunter Core
Individual and Society Humanities (I&S) H
Pluralism and Diversity
PD/D
GER
3/A
Major novels of Russia's two greatest writers. Tolstoy's War and Peace, Dostoevsky's The Brothers Karamazov and others.

**RUSS 25200 - Modern Russian Literature in English Translation (W)**

**Hunter Core**
Individual and Society (I&S) Social Science
**Pluralism and Diversity**
PD/D
**GER**
2/C

Gorky, Mayakovsky, Olesha, Babel, Sholokhov, Bulgakov, Nabokov, et al.

**prereq:** ENGL 12000

3 hrs
3 cr.

**RUSS 25500 - Russian Folklore, in Translation (W)**
Hunter Core
World Culture and Global Issues (WCGI)
Pluralism and Diversity
PD/D
GER
2/C

Common Slavic myths and traditions.

prereq: ENGL 12000
3 hrs
3 cr.

RUSS 25600 - Special Topics in Slavic Literatures and Cultures in English Translation

Pluralism and Diversity
PD/D
Examples: the Russian cinema, Nabokov.

prereq: ENGL 12000
3 hrs
3 cr.

RUSS 25700 - Masterpieces of Russian Literature in English Translation

Examples: Chekhov's short stories or plays, Nabokov.

prereq: ENGL 12000
1 hr
1 cr.

RUSS 25800 - Masterpieces of Russian Literature in English Translation

Example: Pasternak's Dr. Zhivago.

prereq: ENGL 12000
1 hr
1 cr.

RUSS 25900 - Masterpieces of Russian Literature in English Translation

Examples: Solzhenitsyn's Gulag, Pushkin stories, Gogol stories.

prereq: ENGL 12000
1 hr
1 cr.

RUSS 26000 - Russian Women Writers in English Translation (W)

Hunter Core
I&S
Pluralism and Diversity
PD/C
GER
3/A

cross-listed WGSA 26000 (W)

prereq: ENGL 12000
3 hrs
3 cr.

RUSS 27000 - Soviet and Post-Soviet Cinema and Society (W)

Hunter Core
Individual and Society (Social Science) -I&S SS
GER
2/C

Exploration of how Soviet cinema affected the cultural aesthetic sensibilities of the Russian people through its influence on Russian literature, theater and painting. Analysis of works of film directors, film theoreticians, writers, theatrical directors and artists.

3 hrs
3 cr.

RUSS 27100 - East European Cinema (W)

Pluralism and Diversity
PD/ D

The ways in which East European filmmakers have used the medium of cinema to explore history, culture, politics, and social issues prevalent in their respective societies, starting with the immediate post-World War II period and covering both the Communist era and post-Communist period. By the end of the course students will have acquired critical tools to provide an informed verbal and written analysis of the films and discuss how various aesthetic and ideological approaches to filmmaking inform the cinema practice over time. The course will combine screening of East European films and class discussion of issues raised in these films. All students are expected to complete the assigned readings of chapters in history books and other material prior to each class and print out questionnaires for class discussions posted on the course blackboard after the film screenings. Informed class participation is strongly encouraged and will positively affect your final term grade.

prereq: ENGL 12000. The exams in this course consist of essay writing.

3 hrs.
3 cr.

RUSS 29300 - Folklore in Translation: A Comparative Study

Hunter Core
World Culture and Global Issues (WCGI)

Pluralism and Diversity
PD/A

Folklore of Australia, Oceania, Europe, Africa, North and South America and the Near East will be read in juxtaposition to Russian folklore.

prereq: ENGL 120
3 hrs
3 cr.

RUSS 29400 - Folklore and Literature (W)
Students will be introduced to basic concepts of literature and folklore to increase, through a comparative study, their understanding and appreciation of both art forms. Works in English of major Russian writers such as Pushkin, Gogol and Pilnyak will be read in juxtaposition with folklore genres in search of how literary texts mirror folklore subjects. European, African and South American literature and folklore will be introduced or comparative purposes.

*prereq: ENGL 12000*

3 hrs

3 cr.

**RUSS 29500 - The Vampire in Lore and Literature (W)**

*Hunter Core*

Creative Expression (CE)

*GER*

2/C

Comparative study of the vampire in various folk and literary traditions from ancient Greece to the 21st century. Characteristics of vampires and their kith and kin in folklore and in classical antiquity. Eastern and Western European vampires in folklore and popular culture; their reinterpretation in literature and basis for their popularity. Readings include J. Sheridan Le Fanu, Bram Stoker, Nicholas Gogol, A.K. Tolstoi, Anne Rice, and others. The vampire tradition in films from Murnau’s *Nosferatu*, to Coppola’s *Dracula*, to Hardwicke’s *Twilight*.

*prereq: ENGL 22000*

3 hrs

3 cr.

**RUSS 29600 - Vladimir Nabokov Between Two Cultures**

*Hunter Core*

Creative Expression (CE)

*GER*

3/A

Nabokov as a bilingual writer, including major works originally written in Russian and in English: Priglashenie na kazn’ (Invitation to a Beheading); Dar (The Gift); Drugie Berega (Other Shores); Speak, Memory; Pnin; Lolita and Pale Fire.

*prereq: ENGL 22000 or perm dept.*

3 hrs

3 cr.

**RUSS 29700 - The Russian Urban Novel in English Translation (W)**

*Hunter Core*

I&S

*GER*

3/A
The interaction of a theme (the city) and a genre (the novel). Crime and Punishment, The Master and Margarita, We
and others in their comparative context.

**prereq:** ENGL 22000 or perm dept.

*3 hrs*  
*3 cr.*

**RUSS 37000 - Independent Study in Slavic Literatures and Cultures**

**prereq:** ENGL 120

*3 hrs*  
*3 cr.*

**Russian and Slavic Studies: Ukrainian**

**UKR 30000 - Independent Study in Ukrainian Language and Literature**

*3 hrs*  
*3 cr.*

**Programs and Courses in Comparative Literature**

**Comparative Literature**

**About Comparative Literature**

The major in comparative literature is designed for students who are interested in a broad view of literature and in the
diversity of literary cultures. The study of comparative literature considers literary movements and genres, as well as
techniques and recurring themes in world literature.

The study of comparative literature prepares students for careers in teaching, interpreting, and translating, as well as
those professions that recognize the importance of a broad humanistic education, including law and medicine.

**Programs and Courses**

Programs and Courses in Comparative Literature

**Administration and Faculty**

**Program Office:**
1309 West  
(212) 772-5129/5120

**Coordinator:**
Foundational Courses

Foundational Courses include courses in Comparative Literature and prerequisites to these courses. These courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

Note: Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

Courses       CUNY Common Core       Foundational or Major
ENGL 12000 English Composition (EC)Foundational
ENGL 22000 English Composition (EC)Foundational

Major Requirements

All majors take a core course in methodology, but the remaining classes in a student’s program are arranged with the coordinator in an effort to work out a balance between two different bodies of literature, two different literary periods, and two different genres. In addition to comparative literature courses in prose fiction, drama, myth and folklore, literary movements, and literature and the arts, majors may also elect appropriate classes from other literature departments, as well as from such disciplines as history, philosophy, art and anthropology, with the approval of the coordinator. Upon becoming a major, a student will, in consultation with the coordinator, choose one member of the comparative literature committee as an adviser and plan an individualized program. All majors are required to review their programs with their adviser once a semester.
The comparative literature major consists of 30 credits distributed as follows:

A. Concentration in at least two periods and in two genres.

B. At least 9 credits in COMP-prefixed courses, beginning with the following

(all of these courses will be taught in English)

**COMPL 30100 - Seminar: Approaches to Comparative Literature**

Study of selected major works to demonstrate scope and various approaches of comparative literature. Focus on conscious imitation, treatment of similar themes, use of well-defined genres and conventions as well as of concepts from history of ideas. Emphasis on close reading of texts and development of critical vocabulary.

Required of all majors in comparative literature.

3 hrs
3 cr.

C. 21 credits in literature courses

distributed so that at least 12 credits are courses studied in the original language (be it a foreign language, if the student is proficient in that language, or English). Courses at the 300 level are strongly preferred, although exceptions may be granted by the adviser.

Minor for Students Majoring in Comparative Literature

A 12 credit minor is recommended for students majoring in Comparative Literature. Students will be advised by their Comparative Literature faculty mentor to choose a discipline that will complement and enrich their major field of study.

Honors

Students are eligible for departmental honors if their GPA in the major is no less than 3.5. The student must also take at least 3 credits (but no more than 6 credits) in honors courses offered by the program and approved by the adviser. The offerings of the Comparative Literature Program are determined by the needs of students in the program and the faculty available. For specific information, consult the coordinator.

**Programs and Courses in Computer Science**

**Computer Science**

**About the Department**

The Department of Computer Science provides students with outstanding preparation both for employment as computer professionals and for graduate study. Students use a broad spectrum of programming languages and machine

Undergraduate Major

Computer Science - BA

Foundational Courses

Foundational Courses include courses in computer science and prerequisites to these courses. These courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

One of the following (prereq to CSCI 15000):
MATH 12500 (STEM) - Precalculus

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.
prereq: grade of C or better in MATH 10100 or appropriate score on placement exam
4 hrs
4 cr.

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs
4 cr.

MATH 15500 (STEM) - Calculus with Analytic Geometry II

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs
4 cr.

CSCI 12700 - Introduction to Computer Science

Hunter Core
Scientific World (SW)
GER
2/E (Non lab course)

A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 13500; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides.
May not be used toward the CSCI major or minor.
prereq or coreq: MATH 12100, 12500 or 15000
Hunter Core Requirement

Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student’s advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

Major

The computer science major consists of 41 credits in CSCI courses and a collateral 14 credits in MATH/STAT courses. An additional 6 credits of foundational courses (CSCI 12700 and MATH 12500 (STEM)) may be required.

Required Courses

All computer science majors (except those following requirements for the Computer Science with Concentration in Bioinformatics - BA ) must complete successfully the following courses with a grade of C or better:

CSCI 13500 - Software Analysis and Design I

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.

\[ \text{prereq: CSCI 12700 or equivalent} \]
\[ \text{coreq: CSCI 13600} \]

3 hrs

3 cr.

CSCI 15000 - Discrete Structures

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

\[ \text{prereq: MATH 12500, 15000 or 15500} \]

4 hrs (3 Lec. 1 Rec.)

4 cr.

CSCI 16000 - Computer Architecture I

\[ \text{GER} \]

3/B

Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.

\[ \text{prereq: CSCI 12700, CSCI 15000} \]

3 hrs

3 cr.
CSCI 23500 - Software Analysis and Design II

GER
3/B

Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.

prereq: CSCI 13500, 15O00; MATH 15000
3 hrs
3 cr.

CSCI 26000 - Computer Architecture II

GER
3/B

Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.

prereq: CSCI 13500, 16000 or 24500; MATH 15000
3 hrs
3 cr.

CSCI 26500 - Computer Theory I

GER
3/B

Recursion, regular sets, regular expressions, finite automata, context-free grammars, pushdown automata.

prereq: CSCI 16000 or 14500; MATH 15000
3 hrs
3 cr.

CSCI 33500 - Software Analysis and Design III

GER
3/B

The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.

prereq: CSCI 23500, MATH 15500
3 hrs
3 cr.

CSCI 34000 - Operating Systems

GER
3/B
Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.

**prereq:** CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300

3 hrs

3 cr.

**CSCI 49900 - Advanced Applications: A Capstone for Majors**

A chance for computer science majors to test their mettle on major projects. Working in small groups they will implement systems that involve at least two platforms running programs written in at least three languages.

**prereq:** All non-elective courses in Computer Science required for graduation or permission of instructor.

4 hrs

4 cr.

**MATH 15000 (STEM) - Calculus with Analytic Geometry I**

**Hunter Core**
Math/Quantitative Reasoning

**GER**
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

**prereq:** grade of C or better in MATH 12500 or appropriate score on placement exam.

4 hrs

4 cr.

**MATH 15500 (STEM) - Calculus with Analytic Geometry II**

**Hunter Core**
Math/Quantitative Reasoning

**GER**
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

**prereq:** grade of C or better in MATH 15000

4 hrs

4 cr.

**MATH 16000 - Matrix Algebra**

**GER**
1/B

Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.

**prereq:** MATH 12500 or appropriate score on placement exam

3 hrs

3 cr.
STAT 21300 (STEM) - Introduction to Applied Statistics

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.

3 hrs
3 cr.

Electives

Students who declared their major in spring 2009 or before

Students who declared their major in or before spring 2009 are held bound by this rule: In addition to the preliminary and required courses, each major must complete 15 hours of elective credits from CSCI courses higher than 200-level with a grade of C or better. At least 12 elective credits must be in classes other than CSCI 39100 CSCI 39200 and CSCI 39300. With departmental permission, certain appropriate upper-level electives from other academic departments may be substituted. They are not required to take CSCI 49900, but may choose is as an elective.

Students who declared their major after Spring 2009

Students who declared their major after spring 2009 take a minimum of 12 (rather than 15) elective credit hours and are required to successfully complete CSCI 49900, after having successfully completed all other required courses for the major.

Recommended course sequence for entering freshmen without credit for pre-calculus and without prior computer programming experience:

Term 1

MATH 12500 (STEM) - Precalculus

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

prereq: grade of C or better in MATH 10100 or appropriate score on placement exam

4 hrs
4 cr.
CSCI 12700 - Introduction to Computer Science

**Hunter Core**
Scientific World (SW)
**GER**
2/E (Non lab course)

A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 13500; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides. May not be used toward the CSCI major or minor.

*prereq or coreq: MATH 12100, 12500 or 15000*

3 hrs
3 cr.

**Term 2**

CSCI 13500 - Software Analysis and Design I

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.

*prereq: CSCI 12700 or equivalent*

*coreq: CSCI 13600*

3 hrs
3 cr.

CSCI 13600 - Supervised Programming Lab

Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment. May not be counted towards the computer science major.

*coreq: CSCI 13500*

2 hrs
1 cr.

CSCI 15000 - Discrete Structures

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

*prereq: MATH 12500, 15000 or 15500*

4 hrs (3 Lec. 1 Rec.)
4 cr.

**Term 3**

CSCI 16000 - Computer Architecture I
GER 3/B

Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.

*prereq: CSCI 12700, CSCI 15000*

3 hrs

3 cr.

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning

GER 1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*

4 hrs

4 cr.

Term 4

CSCI 23500 - Software Analysis and Design II

GER 3/B

Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.

*prereq: CSCI 13500, 15000; MATH 15000*

3 hrs

3 cr.

MATH 15500 (STEM) - Calculus with Analytic Geometry II

Math/Quantitative Reasoning

GER 1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

*prereq: grade of C or better in MATH 15000*

4 hrs

4 cr.

Term 5

CSCI 26000 - Computer Architecture II
Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.

**prereq:** CSCI 13500, 16000 or 24500; MATH 15000

3 hrs
3 cr.

**CSCI 33500 - Software Analysis and Design III**

The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.

**prereq:** CSCI 23500, MATH 15500

3 hrs
3 cr.

**MATH 16000 - Matrix Algebra**

Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.

**prereq:** MATH 12500 or appropriate score on placement exam

3 hrs
3 cr.

**Term 6**

**CSCI 26500 - Computer Theory I**

Recursion, regular sets, regular expressions, finite automata, context-free grammars, pushdown automata.

**prereq:** CSCI 16000 or 14500; MATH 15000

3 hrs
3 cr.

**STAT 21300 (STEM) - Introduction to Applied Statistics**

Hunter Core
Math/Quantitative Reasoning

**GER**

1/B
Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

*prereq:* MATH 12500 or appropriate score on placement exam.

3 hrs

3 cr.

**Term 7**

**CSCI 34000 - Operating Systems**

**GER**

3/B

Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.

*prereq:* CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300

3 hrs

3 cr.

- 2 CSCI electives

**Term 8**

**CSCI 49900 - Advanced Applications: A Capstone for Majors**

A chance for computer science majors to test their mettle on major projects. Working in small groups they will implement systems that involve at least two platforms running programs written in at least three languages.

*prereq:* All non-elective courses in Computer Science required for graduation or permission of instructor.

4 hrs

4 cr.

and 2 CSCI electives

**Additional Information**

Students with both credit for pre-calculus and prior computer programming experience can begin with Semester 2.

**Recommended course sequence for students with transfer credit for CSCI 13500, 15000 and 16000 and MATH 15000 and 15500:**

**Term 1**

**CSCI 23500 - Software Analysis and Design II**

**GER**

3/B
Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.

**prereq:** CSCI 13500, 15000; MATH 15000

3 hrs

3 cr.

**CSCI 26000 - Computer Architecture II**

**GER**

3/B

Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.

**prereq:** CSCI 13500, 16000 or 24500; MATH 15000

3 hrs

3 cr.

**MATH 16000 - Matrix Algebra**

**GER**

1/B

Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.

**prereq:** MATH 12500 or appropriate score on placement exam

3 hrs

3 cr.

Term 2

**CSCI 33500 - Software Analysis and Design III**

**GER**

3/B

The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.

**prereq:** CSCI 23500, MATH 15500

3 hrs

3 cr.

**CSCI 26500 - Computer Theory I**

**GER**

3/B

Recursion, regular sets, regular expressions, finite automata, context-free grammars, pushdown automata.
prereq: CSCI 16000 or 14500; MATH 15000
3 hrs
3 cr.

**STAT 21300 (STEM) - Introduction to Applied Statistics**

**Hunter Core**
Math/Quantitative Reasoning
GER
1/B

Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

*prereq: MATH 12500 or appropriate score on placement exam.*

3 hrs
3 cr.

**Term 3**

**CSCI 34000 - Operating Systems**

**GER**
3/B

Definition of functions and components of operating systems. Survey of contemporary multiprocessing/ multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.

*prereq: CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300*

3 hrs
3 cr.

• 2 CSCI electives

**Term 4**

**CSCI 49900 - Advanced Applications: A Capstone for Majors**

A chance for computer science majors to test their mettle on major projects. Working in small groups they will implement systems that involve at least two platforms running programs written in at least three languages.

*prereq: All non-elective courses in Computer Science required for graduation or permission of instructor.*

4 hrs
4 cr.

• and 2 CSCI electives

**Minor in Computer Science**

A minor in Computer Science consists of 13-14 credits of coursework. These credits include the following required courses – note that MATH 12500 (STEM) is a prerequisite course to CSCI 12700 however MATH 125 does **not** count towards the Computer Science Minor:
CSCI 12700 - Introduction to Computer Science

**Hunter Core**
Scientific World (SW)
**GER**
2/E (Non lab course)

A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 13500; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides. May not be used toward the CSCI major or minor.

*prereq or coreq: MATH 12100, 12500 or 15000
3 hrs
3 cr.*

CSCI 13300 - Programming for Everyone

**Hunter Core**
Scientific World (SW)
**GER**
2/E

A comprehensive practical course in programming that concentrates on producing working software for games, simulations, animations, data manipulations, interacting with the Internet, graphical user interfaces and many other application areas. No programming experience is necessary. This course is required for Computer Science minors. This course does not count toward the computer science major.

*3 hrs
3 cr.*

CSCI 23200 - Relational Databases and SQL Programming, with Lab

**GER**
3/B

An introduction to elementary database concepts and SQL, the standard language for communicating with most database systems. A pragmatic course with an emphasis on skills acquisition; students will learn how to get things done quickly and easily in a database environment. Required for computer science minors; open to computer science majors, but may not be used toward the computer science major.

*prereq: CSCI 12700 or CSCI 13200
3 hrs
3 cr.*

CSCI 23300 - Programming Projects Seminar for Minors

This course will serve as a capstone for the minor, affording students the opportunity to write reasonably large and complex programs. Students will be expected to draw topics for these programs from their majors or other areas of interest. This course does not count toward the computer science major.

*prereq or coreq: CSCI 13300 and 23200 and a declared Computer Science Minor.*
In addition, students will be required to take at least one 3 credit elective selected from Computer Science offerings numbered 13500 or above. Although minors may take any Computer Science course numbered 135 or above, courses that require only one or more of the above courses as prerequisites include:

**CSCI 13500 - Software Analysis and Design I**

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.

*prereq: CSCI 12700 or equivalent*

*coreq: CSCI 13600*

3 hrs  
3 cr.

**CSCI 13600 - Supervised Programming Lab**

Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment.

May not be counted towards the computer science major.

*coreq: CSCI 13500*

2 hrs  
1 cr.

**CSCI 15000 - Discrete Structures**

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

*prereq: MATH 12500, 15000 or 15500*

4 hrs (3 Lec. 1 Rec.)  
4 cr.

**CSCI 16000 - Computer Architecture I**

**GER**

3/B

Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.

*prereq: CSCI 12700, CSCI 15000*

3 hrs  
3 cr.

**CSCI 26700 - Microprocessors and Embedded Systems**

**GER**

3/B

Students will assemble and program a small single board computer to control, or simulate control of, some device.
Note

All prerequisites must be fulfilled for any CSCI course. The only exception is a written waiver from the instructor.

Prospective minors should be aware that this course of study usually requires a minimum of four semesters to complete.

Please note

Computer science majors cannot choose computer science for their minor.

Minors for Computer Science Majors

Hunter College does not require students to take a minor field of study in conjunction with their major. Nevertheless, we encourage students to pursue a minor. Interested students may wish to combine a computer science major with a minor in such fields as mathematics, geography, economics, film and media. In fact, most disciplines would be appropriate as a minor depending on the student's interests.

Consult and adviser in the department of the minor you wish to pursue for further information.

Honors

To graduate from Hunter College with honors in computer science, a student must have at least a 2.7 GPA overall and a 3.5 GPA or better in computer science/math and a grade of A in one of the CSCI 49300 series of courses.

Additional Information

The “one repeat” rule is in effect for all courses to be used toward the major, from CSCI 13500 through the 400-level courses. This means that if a student fails a CSCI major course once (failure = D, F, NC, WU), that student will have only one more chance to pass the course. In addition, the Computer Science Department will not accept a CR grade in any of the preliminary or required courses for the major (CSCI 13500, CSCI 15000, CSCI 16000, CSCI 23500, CSCI 26000, CSCI 26500, CSCI 33500, CSCI 34000, CSCI 36000). Any student wishing to declare computer science as a major who has received a grade of CR in any of the CSCI courses listed above, must ask the instructor of that course to change the CR grade to the appropriate letter grade. This must be done before the declaration of major form can be authorized.

Please note: A grade of “D” is not considered a passing grade by this department for any of the computer science or math courses required for the major.

Computer Science with Concentration in Bioinformatics - BA

Return to Programs and Courses in Computer Science
This course of study will provide computer science majors with a fundamental understanding of the most important aspects of quantitative and computational biology, including a solid background in biology, chemistry, mathematics, statistics, and computer science, with an emphasis on quantitative reasoning. Students opting to concentrate in bioinformatics are not required to take CSCI 26000, and CSCI 36000. Instead of 15 hours of 300-level and 400-level elective credits, the following requirements must be met:

**Foundational Courses**

Foundational Courses include courses in computer science and prerequisites to these courses. These courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

**MATH 12500 (STEM) - Precalculus**

*Hunter Core*  
Math/Quantitative Reasoning  
GER  
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.  
prereq: grade of C or better in MATH 10100 or appropriate score on placement exam  
4 hrs  
4 cr.

**MATH 15000 (STEM) - Calculus with Analytic Geometry I**

*Hunter Core*  
Math/Quantitative Reasoning  
GER  
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.  
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.  
4 hrs  
4 cr.

**MATH 15500 (STEM) - Calculus with Analytic Geometry II**

*Hunter Core*  
Math/Quantitative Reasoning  
GER  
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.  
prereq: grade of C or better in MATH 15000  
4 hrs  
4 cr.
CSCI 12700 - Introduction to Computer Science

**Hunter Core**  
Scientific World (SW)  
GER  
2/E (Non lab course)

A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 13500; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides.  
May not be used toward the CSCI major or minor.  
*prereq or coreq: MATH 12100, 12500 or 15000*  
3 hrs  
3 cr.

CSCI 13500 - Software Analysis and Design I

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.  
*prereq: CSCI 12700 or equivalent*  
*coreq: CSCI 13600*  
3 hrs  
3 cr.

CSCI 13600 - Supervised Programming Lab

Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment.  
May not be counted towards the computer science major.  
*coreq: CSCI 13500*  
2 hrs  
1 cr.

Hunter Core Requirement

Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student’s advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

I. Required Foundational Courses (6 credits)

CSCI 12700 - Introduction to Computer Science

**Hunter Core**  
Scientific World (SW)
GER
2/E (Non lab course)

A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 13500; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides. May not be used toward the CSCI major or minor.

prereq or coreq: MATH 12100, 12500 or 15000
3 hrs
3 cr.

CSCI 13500 - Software Analysis and Design I

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.

prereq: CSCI 12700 or equivalent
coreq: CSCI 13600
3 hrs
3 cr.

A student may declare a concentration in bioinformatics upon successful completion CSCI 13500 when declaring computer science as a major field of study.

II. Required Courses for Concentration in Bioinformatics

Students must obtain a grade of C or better in the following courses:

A. Computer science component 24 credits

CSCI 15000 - Discrete Structures

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

prereq: MATH 12500, 15000 or 15500
4 hrs (3 Lec. 1 Rec.)
4 cr.

CSCI 16000 - Computer Architecture I

GER
3/B

Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.

prereq: CSCI 12700, CSCI 15000
3 hrs
3 cr.

CSCI 23500 - Software Analysis and Design II
Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.

prereq: CSCI 13500, 15O00; MATH 15000
3 hrs
3 cr.

CSCI 26500 - Computer Theory I

Recursion, regular sets, regular expressions, finite automata, context-free grammars, pushdown automata.

prereq: CSCI 16000 or 14500; MATH 15000
3 hrs
3 cr.

CSCI 33500 - Software Analysis and Design III

The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.

prereq: CSCI 23500, MATH 15500
3 hrs
3 cr.

CSCI 34000 - Operating Systems

Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.

prereq: CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300
3 hrs
3 cr.

CSCI 43500 - Database Management

Hierarchical and network databases; theory of relational databases; normalization theory; query languages.

prereq: CSCI 33500
3 hrs
3 cr.
CSCI 49369 - Big Data Technology

The increasing availability of big data has changed fundamental practices in business, health care, policy making, and scientific research. The primary objective of this course is to enable students to efficiently process, manage, reformulate, and mine an extremely large data set. This is an interdisciplinary course that considers data from many different sources. Students are welcome to work with their own interested domains in addition to the required ones.

prereq: CSCI 13500 and CSCI 23200 or CSCI 43500, or permission of the instructor
3 hrs
3 cr.

B. Math and statistics component 17 credits

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs
4 cr.

MATH 15500 (STEM) - Calculus with Analytic Geometry II

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs
4 cr.

MATH 16000 - Matrix Algebra

GER
1/B

Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.
prereq: MATH 12500 or appropriate score on placement exam
3 hrs
3 cr.

STAT 21300 (STEM) - Introduction to Applied Statistics
Hunter Core
Math/Quantitative Reasoning
GER
1/B

Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

*prereq: MATH 12500 or appropriate score on placement exam.*

3 hrs
3 cr.

STAT 31900 - Bayesian Statistical Inference in the Sciences

GER
3/B

*prereq: MATH 13500; at least one of STAT 21200, STAT 21300 or STAT 21400 (or permission of instructor). Prerequisites waived for students who have passed STAT 311.*

Familiarity with matrix algebra (at the level of MATH 160) and with the Windows computing environment are encouraged.

3 hrs
3 cr

C. Biology component 12 credits

BIOL 10000 (STEM) - Principles of Biology I

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
PD/C or D
GER
2/E

The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5

PD credit awarded only upon completion of BIOL 10000 and 10200.

*prereq: MATH 12500, CHEM 10200
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

BIOL 20300 - Molecular Biology and Genetics
This course includes a detailed examination of the fundamental principles of gene expression. The processes of DNA replication, transcription, mRNA processing, micro RNA function, and translation will be extensively covered. Prokaryotic and eukaryotic systems will be described. Classical Mendelian as well as molecular genetics principles will be covered in the lecture through a discussion of several model systems. Important genetic processes such as recombination, transposition and DNA repair will be discussed in-depth. The course will provide a modern view of the concept of the gene, and introduce basic bioinformatics analysis. Hands-on laboratory experiments will reinforce bacterial and eukaryotic genetic concepts as well as provide basics in recombinant DNA technology.

**prereq:** Advisor permission; BIOL 10000 and 10200 or equiv; CHEM 10200, CHEM 10400, CHEM 10600 or equiv.  
(for Major II students, chem prereqs are CHEM 10000, 10100; coreqs are CHEM 12000,12100)  
**coreq:** CHEM 22200, 22300 or perm instr.  
7 hrs  
4.5 cr.  
spring only

**BIOL 42500 - Computational Molecular Biology**

**GER**

3/B

An introduction to the interdisciplinary field of computational molecular biology. Students are taught the scope and methods of *in silico* biology, i.e., the application of computational and statistical methods to solving problems in molecular biology. Topics will include homology searching, sequence alignment, molecular phylogenetics, comparative genomics, analysis of gene expression, and predication of macromolecular structures. The course will be taught using a mixed format of lectures and hands-on workshops in a UNIX computer laboratory setting. Knowledge and skills in molecular biology, UNIX programming, and statistics are essential for success in this core course required for bioinformatics-concentration students from all majors.  
**prereq:** BIOL 30000 or BIOL 30200 or CHEM 37600; STAT 21300; CSCI 13200 or CSCI 23500 or UNIX proficiency permitted by instructor.  
3 hrs  
3 cr.

**D. Chemistry component 12 credits**

**CHEM 10200 (STEM) - General Chemistry I**

**Hunter Core**

Scientific World (SW); Life and Physical Sciences (LPS)  
**GER**

2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.  

Primarily for pre-med, medical laboratory sciences and science majors.  
**Note:** No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.  

**prereq or coreq:** MATH 12500, 15000 or equiv.  
5 hrs (4 lec, 1 rec)  
4 cr.

**CHEM 10400 (STEM) - General Chemistry II**
Hunter Core  
Life and Physical Sciences (LPS) Scientific World (SW)  
GER  
2/E  

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium. 

Primarily for premed, medical laboratory sciences and science majors.  

**prereq:** CHEM 10200 with grade of C or better or CHEM 10000 with perm chair  
5 hrs (4 lec, 1 rec)  
4 cr.  

**CHEM 10600 (STEM) - General Chemistry Laboratory**  

Hunter Core  
Life and Physical Sciences (LPS); Scientific World (SW)  
Pluralism and Diversity  
GER 2/E  

Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.  
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.  
**prereq:** CHEM 10200  
**coreq:** CHEM 10400  
6 hrs  
3 cr.  

**CHEM 22200 - Organic Chemistry Lecture I**  

GER  
GER 3/B  

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.  

**Note:** No student may receive credit for both CHEM 12000-12100 and 22200-22300.  

**prereq:** CHEM 10400 with a grade of C or better  
5-6 hrs (4 lec, 1-2 recitation/workshop)  
4 cr.  

Total credits for Bioinformatics Concentration: 65  

Total Credits for a students who is not exempted from any foundational classes:  
71  

Additional Information
Prerequisites for certain courses are waived for students opting for this concentration. BIOL 102 is waived for BIOL 203. CSCI 26000 is waived for CSCI 34000. Other prerequisites must be satisfied. Students who plan to apply to graduate school in Computer Science are recommended to take CSI 26000, 36000 and 36500.

Recommended course sequence for students in the bioinformatics concentration:

**Term 1**

**CSCI 12700 - Introduction to Computer Science**

**Hunter Core**  
Scientific World (SW)  
GER  
2/E (Non lab course)

A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 13500; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides. May not be used toward the CSCI major or minor.  
*prereq or coreq: MATH 12100, 12500 or 15000  
3 hrs  
3 cr.*

**MATH 12500 (STEM) - Precalculus**

**Hunter Core**  
Math/Quantitative Reasoning  
GER  
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.  
*prereq: grade of C or better in MATH 10100 or appropriate score on placement exam  
4 hrs  
4 cr.*

**Term 2**

**CSCI 13500 - Software Analysis and Design I**

This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.  
*prereq: CSCI 12700 or equivalent  
coreq: CSCI 13600  
3 hrs  
3 cr.*
CSCI 13600 - Supervised Programming Lab

Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment. May not be counted towards the computer science major.

coreq: CSCI 13500
2 hrs
1 cr.

CSCI 15000 - Discrete Structures

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.
prereq: MATH 12500, 15000 or 15500
4 hrs (3 Lec. 1 Rec.)
4 cr.

Term 3

CSCI 16000 - Computer Architecture I

GER
3/B

Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.
prereq: CSCI 12700, CSCI 15000
3 hrs
3 cr.

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs
4 cr.

BIOL 10000 (STEM) - Principles of Biology I

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
PD/C or D
GER
2/E
The chemical basis of life; basic structure and function of pro- and eucaryotic cells; bioenergetics; Mendelian and molecular genetics; development and mechanisms of control of gene expression at all levels; population genetics and evolution.

Material Fee: $5
PD credit awarded only upon completion of BIOL 10000 and 10200.

prereq: MATH 12500, CHEM 10200
7 hrs (3 lec, 3 lab, 1 disc)
4.5 cr.
spring only

Term 4

CSCI 23500 - Software Analysis and Design II

GER
3/B

Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.
prereq: CSCI 13500, 15O00; MATH 15000
3 hrs
3 cr.

MATH 15500 (STEM) - Calculus with Analytic Geometry II

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.
prereq: grade of C or better in MATH 15000
4 hrs
4 cr.

CHEM 10200 (STEM) - General Chemistry I

Hunter Core
Scientific World (SW); Life and Physical Sciences (LPS)
GER
2/E

In-depth introduction to stoichiometric calculations, atomic and molecular structure and chemical bonding.

Primarily for pre-med, medical laboratory sciences and science majors.
Note: No student may receive credit for both CHEM 10000-10100 and 10200-10300 or 11100.

prereq or coreq: MATH 12500, 15000 or equiv.
Term 5

CSCI 33500 - Software Analysis and Design III

GER
3/B

The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.

prereq: CSCI 23500, MATH 15500
3 hrs
3 cr.

STAT 21300 (STEM) - Introduction to Applied Statistics

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Sampling, estimation, tests of hypotheses, including one-and two-sample tests, two- and three-way tables for nominal and ordinal data, linear regression, analysis of variance through two-way with interaction, appropriate statistical software.

prereq: MATH 12500 or appropriate score on placement exam.
3 hrs
3 cr.

CHEM 10400 (STEM) - General Chemistry II

Hunter Core
Life and Physical Sciences (LPS) Scientific World (SW)
GER
2/E

In-depth introduction to thermodynamics, redox reactions, electrochemistry and chemical equilibrium.

Primarily for premed, medical laboratory sciences and science majors.

prereq: CHEM 10200 with grade of C or better or CHEM 10000 with perm chair
5 hrs (4 lec, 1 rec)
4 cr.

CHEM 10600 (STEM) - General Chemistry Laboratory

Hunter Core
Life and Physical Sciences (LPS); Scientific World (SW)
Pluralism and Diversity
GER 2/E
Experiments designed to illustrate the fundamental laws of chemistry. The course is equivalent one year of general chemistry laboratory.
Credit not given for CHEM 10600 and CHEM 10300 or CHEM 10500. Primarily for pre-med, medical laboratory sciences and science majors.

**Prereq:** CHEM 10200

**Coreq:** CHEM 10400

6 hrs
3 cr.

**Term 6**

**CSCI 26500 - Computer Theory I**

**GER**
3/B

Recursion, regular sets, regular expressions, finite automata, context-free grammars, pushdown automata.

**Prereq:** CSCI 16000 or 14500; MATH 15000

3 hrs
3 cr.

**CSCI 34000 - Operating Systems**

**GER**
3/B

Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.

**Prereq:** CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300

3 hrs
3 cr.

**MATH 16000 - Matrix Algebra**

**GER**
1/B

Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.

**Prereq:** MATH 12500 or appropriate score on placement exam

3 hrs
3 cr.

**CHEM 22200 - Organic Chemistry Lecture I**

**GER**
GER 3/B

Structure, bonding, and reactions of organic molecules. Synthesis, stereochemistry, spectroscopy, reaction mechanisms.

*Note: No student may receive credit for both CHEM 12000-12100 and 22200-22300.*
Term 7

CSCI 43500 - Database Management

GER 3/B

Hierarchical and network databases; theory of relational databases; normalization theory; query languages.

prereq: CSCI 33500
3 hrs
3 cr.

STAT 31900 - Bayesian Statistical Inference in the Sciences

GER 3/B

prereq: MATH 15500; at least one of STAT 21200, STAT 21300 or STAT 21400 (or permission of instructor).
Prerequisites waived for students who have passed STAT 311.
Familiarity with matrix algebra (at the level of MATH 160) and with the Windows computing environment are encouraged.
3 hrs
3 cr

BIOL 20300 - Molecular Biology and Genetics

This course includes a detailed examination of the fundamental principles of gene expression. The processes of DNA replication, transcription, mRNA processing, micro RNA function, and translation will be extensively covered. Prokaryotic and eukaryotic systems will be described. Classical Mendelian as well as molecular genetics principles will be covered in the lecture through a discussion of several model systems. Important genetic processes such as recombination, transposition and DNA repair will be discussed in-depth. The course will provide a modern view of the concept of the gene, and introduce basic bioinformatics analysis. Hands-on laboratory experiments will reinforce bacterial and eukaryotic genetic concepts as well as provide basics in recombinant DNA technology.

prereq: Advisor permission; BIOL 10000 and 10200 or equiv; CHEM 10200, CHEM 10400, CHEM 10600 or equiv.
(for Major II students, chem prereqs are CHEM 10000, 10100; coreqs are CHEM 12000,12100)
coreq: CHEM 22200, 22300 or perm instr.
7 hrs
4.5 cr.

spring only
Term 8

CSCI 49366 - UNIX System Programming

GER
3/B

An introduction to the key components of the UNIX application programming interface, including files, processes, terminal control, signals, interprocess communication, the ncurses library, and multi-threading. Includes basic of the internal structure of the UNIX operating system, and selected user-level utilities and commands for efficient programming and working in UNIX.

prereq or coreq: CSCI 23500, 34000
3 hours
3 credits

BIOL 42500 - Computational Molecular Biology

GER
3/B

An introduction to the interdisciplinary field of computational molecular biology. Students are taught the scope and methods of in silico biology, i.e., the application of computational and statistical methods to solving problems in molecular biology. Topics will include homology searching, sequence alignment, molecular phylogenetics, comparative genomics, analysis of gene expression, and predication of macromolecular structures. The course will be taught using a mixed format of lectures and hands-on workshops in a UNIX computer laboratory setting. Knowledge and skills in molecular biology, UNIX programming, and statistics are essential for success in this core course required for bioinformatics-concentration students from all majors.

prereq: BIOL 30000 or BIOL 30200 or CHEM 37600; STAT 21300; CSCI 13200 or CSCI 23500 or UNIX proficiency permitted by instructor.
3 hrs
3 cr.

Undergraduate Minor

Minor in Computer Science

An applied minor in Computer Science consists of 13-14 credits of coursework. These credits include the following required courses – note that MATH 12500 is a prerequisite course to CSCI 12700 however MATH 125 does not count towards the Computer Science Minor:

- CSCI 12700 - Introduction to Computer Science (3 credits, 3 hours)
- CSCI 13300 - Programming for Everyone (3 credits, 3 hours)
- CSCI 23200 - Relational Databases and SQL Programming, with Lab (3 credits, 3 hours)
- CSCI 23300 - Programming Projects Seminar for Minors (1 credit, 2 hours)
In addition, students will be required to take at least one 3 credit elective selected from Computer Science offerings numbered 135 or above. Although you may take any Computer Science course numbered 135 or above, courses that require only one or more of the above courses as prerequisites include:

- CSCI 13500 - Software Analysis and Design I (3 credits, 3 hours) and CSCI 13600 - Supervised Programming Lab (1 credit, 2 hours)
- CSCI 15000 - Discrete Structures (4 credits, 4 hours)
- CSCI 26700 - Microprocessors and Embedded Systems (3 credits, 3 hours)
- CSCI 16000 - Computer Architecture I (3 credits, 3 hours)

**Computer Science**

**CSCI 11500 - Computer Technology in Childhood Education**

Open only to students in QUEST program. Students learn to use a number of software tools and applications that can be infused into the curriculum of the elementary school. Includes a focus on information retrieval using Internet resources and use of such application packages as Miosoft Excel, Miosoft Power Point, Inspiration and Timeliner.

*prereq or coreq: QSTA 40000
3 hrs (1 lec, 2 lab)
2 cr.*

**CSCI 12000 - Introduction to Computers**

**Hunter Core**
Scientific World (SW)
**GER**
2/E

Intended for non-majors. Basic concepts of computer technology. Principles of hardware operation, software and networking. Roles of computers in society, including ethical and legal issues.

This course cannot be counted towards the CSCI major

*prereq: none
3 hrs
3 cr.*

**CSCI 12100 - Computers and Money: Quantitative Reasoning in Context**

**Hunter Core**
Math and Quantitative Reasoning (MQR)
**GER**
1/B

Quantitative reasoning tackled from a computer based perspective and focusing on practical financial topics-stocks, gambling, inflation, diversification, taxes, hedging, saving, real estate, retirement and others. Students take a hands-on, spreadsheet-based approach to understanding issues of money and personal finance.

This course cannot be counted towards the CSCI major.

*prereq: none
CSCI 12700 - Introduction to Computer Science

Hunter Core
Scientific World (SW)
GER
2/E (Non lab course)

A technical introduction to computer science. Organization of hardware, software, information and an introduction to programming. This course is meant for: potential computer science majors who may not be prepared for CSCI 13500; science majors who need some basic computer knowledge; and non-CSCI majors who want a more rigorous introduction to the field than CSCI 120 provides. May not be used toward the CSCI major or minor.

prereq or coreq: MATH 12100, 12500 or 15000

3 hrs
3 cr.

CSCI 13200 - Practical UNIX and Programming, with Lab

Hunter Core
Scientific World (SW)
GER
2/E

An introduction to computer programming and the UNIX operating system using Perl. Conceptual overview of the UNIX operating system and programming environment, a practical introduction to shell programming, and the use of UNIX filters and utilities. A pragmatic course with an emphasis on skills acquisition.

This course cannot be counted towards the CSCI major.

prereq: none

3 hrs
3 cr.

CSCI 13300 - Programming for Everyone

Hunter Core
Scientific World (SW)
GER
2/E

A comprehensive practical course in programming that concentrates on producing working software for games, simulations, animations, data manipulations, interacting with the Internet, graphical user interfaces and many other application areas. No programming experience is necessary. This course is required for Computer Science minors. This course does not count toward the computer science major.

3 hrs
3 cr.

CSCI 13500 - Software Analysis and Design I
This first course for prospective computer science majors and minors concentrates on problem-solving techniques using a high-level programming language. The course includes a brief overview of computer systems.

**prereq: CSCI 12700 or equivalent**

**coreq: CSCI 13600**

3 hrs

3 cr.

**CSCI 13600 - Supervised Programming Lab**

Students work in small teams to complete weekly programming assignments under the supervision of an instructor. Assignments are at the level of material covered in CSCI 135 and CSCI 127 though this is not a recitation or review section for either course. Emphasis is on solving problems in a cooperative programming environment. May not be counted towards the computer science major.

**coreq: CSCI 13500**

2 hrs

1 cr.

**CSCI 15000 - Discrete Structures**

Mathematical background required for computer science. Sets, relations, cardinality, propositional calculus, discrete functions, truth tables, induction, combinatorics.

**prereq: MATH 12500, 15000 or 15500**

4 hrs (3 Lec. 1 Rec.)

4 cr.

**CSCI 16000 - Computer Architecture I**

**GER**

3/B

Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.

**prereq: CSCI 12700, CSCI 15000**

3 hrs

3 cr.

**CSCI 17200 - Topics in Creative Problem Solving**

CSCI 172 is a pass/fail (CR/NC) faculty-supervised workshop that meets ten times per semester. Each workshop explores a different applied topic in computer science. An undergraduate peer leader presents slides, guides discussions, and engages the participants in activities that emphasize collaborative problem solving. This course explores the role of teamwork and in-class activities to improve student retention, with particular interest in underrepresented populations in computer science.

Special conditions: The course meets 10 times for 1 hour 15 minutes (75 minutes). Adjusted for credit hours, the semester total is the 15 hours required for a 1-credit course. The class meets on the bell schedule for ten 75-minute sessions per semester. The special conditions are that CSCI 172 meets once rather than twice a week and meets during only ten of the 15 weeks of the semester.

1 hr

1 cr.

**CSCI 18100 - Independent Workshop**
Outside internship in practical aspects of computing; e.g., systems programming, biomedical computing, computer-aided instruction. Credits may not be used toward the computer science major.

prereq: declared computer science major with 18 credits completed in the department

1-3 hrs

1-3 cr.

CSCI 18200 - Independent Workshop

Outside internship in practical aspects of computing; e.g., systems programming, biomedical computing, computer-aided instruction. Credits may not be used toward the computer science major.

prereq: declared computer science major with 18 credits completed in the department

1-3 hrs

1-3 cr.

CSCI 18300 - Independent Workshop

Outside internship in practical aspects of computing; e.g., systems programming, biomedical computing, computer-aided instruction. Credits may not be used toward the computer science major.

prereq: declared computer science major with 18 credits completed in the department

1-3 hrs

1-3 cr.

CSCI 23200 - Relational Databases and SQL Programming, with Lab

GER

3/B

An introduction to elementary database concepts and SQL, the standard language for communicating with most database systems. A pragmatic course with an emphasis on skills acquisition; students will learn how to get things done quickly and easily in a database environment. Required for computer science minors; open to computer science majors, but may not be used toward the computer science major.

prereq: CSCI 12700 or CSCI 13200

3 hrs

3 cr.

CSCI 23300 - Programming Projects Seminar for Minors

This course will serve as a capstone for the minor, affording students the opportunity to write reasonably large and complex programs. Students will be expected to draw topics for these programs from their majors or other areas of interest. This course does not count toward the computer science major.

prereq or coreq: CSCI 13300 and 23200 and a declared Computer Science Minor.

2 hrs

1 credit

CSCI 23500 - Software Analysis and Design II
Representation of information in computers, including process and data abstraction techniques. Topics covered include static and dynamic storage methods, lists, stacks, queues, binary trees, recursion, analysis of simple algorithms and some searching and sorting algorithms.

**GER**

**CSCI 24500 - Computer Architecture II**

**GER**

Boolean algebra, data representation, combinational circuits and minimization, sequential circuits.

**prereq:** CSCI 145, CSCI 150, MATH 150

3 hrs
3 cr.

**CSCI 26000 - Computer Architecture II**

**GER**

Organization of computer systems and design of system elements, including ALU, memories and interfaces. Some assembly language programming.

**prereq:** CSCI 13500, 16000 or 24500; MATH 15000

3 hrs
3 cr.

**CSCI 26500 - Computer Theory I**

**GER**

Recursion, regular sets, regular expressions, finite automata, context-free grammars, pushdown automata.

**prereq:** CSCI 16000 or 14500; MATH 15000

3 hrs
3 cr.

**CSCI 26700 - Microprocessors and Embedded Systems**

**GER**

Students will assemble and program a small single board computer to control, or simulate control of, some device.

**prereq:** CSCI 13300 or 26000

3 hrs
3 cr.
CSCI 33500 - Software Analysis and Design III

GER
3/B

The design and analysis of various types of algorithms, including searching, sorting, graph and tree algorithms. Problem-solving techniques. Worst and average case behavior analysis and optimality. Polynomial time complexity classes and theory, including NP-completeness.

prereq: CSCI 23500, MATH 15500
3 hrs
3 cr.

CSCI 34000 - Operating Systems

GER
3/B

Definition of functions and components of operating systems. Survey of contemporary multiprocessing/multiprogramming systems. Exploration of systems programs: their design, internal structure and implementation.

prereq: CSCI 23500, 26000 or 24500; MATH 15500, STAT 11300 or 21300
3 hrs
3 cr.

CSCI 35000 - Artificial Intelligence

GER
3/B

A survey of artificial intelligence including search and control, knowledge representation, logic and theorem proving, learning, natural language and AI programming.

prereq: CSCI 235
3 hrs
3 cr.

CSCI 35300 - Machine Learning

Machine learning is the subfield of artificial intelligence that learns to predict and classify from data. This interdisciplinary course explores how a machine learns to predict and classify.

prereq: Prerequisites: CSCI 23500 and CSCI 15000, or permission of the instructor
3 hrs.
3 cr.

CSCI 35500 - Introduction to Linear Programming

GER
3/B

Introduction to operations research and game theory. Simplex method; inconsistency, redundancy and degeneracy problems; two-phase method; duality; transportation problems.

prereq: CSCI 235, MATH 160
3 hrs
3 cr.

CSCI 36000 - Computer Architecture III

GER
3/B

High performance computer architectures, including massively parallel SIMD and MIMD machines and distributed architectures.

prereq: CSCI 26000 or 24500; MATH 15500

3 hrs
3 cr.

CSCI 36500 - Computer Theory II

GER
3/B

Turing machines, Post machines, Post's theorem, Minsky's theorem. Determinism and non-determinism. Undecidability, the halting problem. Recursive function theory.

prereq: CSCI 265

3 hrs
3 cr.

CSCI 39100 - Independent Study in Computer Science

GER
3/B

Independent work, under the direction of a faculty member, in practical aspects of computing. CSCI 39100 is repeatable up to a total of 6 credits; however, no more than a total of three Independent Study credits may be used toward the computer science major.

prereq: declared Computer Science major, perm instr. and dept.

1-3 hrs
1-3 cr.

CSCI 39200 - Independent Study in Computer Science

GER
3/B

Independent work, under the direction of a faculty member, in practical aspects of computing.

prereq: declared Computer Science major, perm instr. and dept.

1-3 hrs
1-3 cr.

CSCI 39300 - Independent Study in Computer Science

GER
3/B
Independent work, under the direction of a faculty member, in practical aspects of computing.
*prereq: declared Computer Science major, perm instr. and dept.*
1-3 hrs
1-3 cr.

**CSCI 39400 - Topics in Computer Science**

*GER*
3/B

An introduction to programming in Python, Perl and PHP.
*prereq: Prerequisites vary by topic and are announced prior to registration.*
2 hrs
2 cr.

**CSCI 39500 - Topics in Computer Science**

*GER*
3/B

Topics include internet security, web programming, genetic algorithms, expert systems and others. Prerequisites vary with specific topics and are announced prior to registration.
3 hrs
3 cr.

**CSCI 40500 - Software Engineering**

*GER*
3/B

Problems in large-scale software development including functional analysis of information processing systems, system design concepts, timing estimates, documentation and system testing.
*prereq: CSCI 33500*
3 hrs
3 cr.

**CSCI 41500 - Data Communications and Networks**

*GER*
3/B

A broad technical introduction to the components, protocols, organization, industry and regulatory issues that are fundamental to the understanding of contemporary computer networks.
*prereq: CSCI 33500, 34000*
3 hrs
3 cr.

**CSCI 43500 - Database Management**
Hierarchical and network databases; theory of relational databases; normalization theory; query languages.

**prereq:** CSCI 33500  
3 hrs  
3 cr.

### CSCI 45000 - Language Translation

**GER**  
3/B  

The theory and application of language recognition and analysis techniques, as they pertain to both formal programming languages and to natural languages. Includes lexical, syntactic and semantic analysis methods, as well as discussions of efficient data representation.

**prereq:** CSCI 26500, 33500  
3 hrs  
3 cr.

### CSCI 46000 - Advanced Programming Languages

**GER**  
3/B  

Survey course on the design and implementation of modern programming languages. Includes object-oriented, functional, logic and concurrent/distributed paradigms.

**prereq:** CSI 26500, 33500  
3 hrs  
3 cr.

### CSCI 49300 - Honors Seminar

**GER**  
3/B  

Topics include Unix systems programming, computer law, 3D vision, Windows programming, neural networks, speech and language processing, fuzzy systems and other areas. Prerequisites vary with specific topics and are announced prior to registration.

**prereq:** Prerequisites vary with specific topics and are announced prior to registration.  
3 hrs  
3 cr.

### CSCI 49366 - UNIX System Programming

**GER**  
3/B  

An introduction to the key components of the UNIX application programming interface, including files, processes, terminal control, signals, interprocess communication, the ncurses library, and multi-threading. Includes basic of the internal structure of the UNIX operating system, and selected user-level utilities and commands for efficient programming and working in UNIX.
CSCI 49369 - Big Data Technology

The increasing availability of big data has changed fundamental practices in business, health care, policy making, and scientific research. The primary objective of this course is to enable students to efficiently process, manage, reformulate, and mine an extremely large data set. This is an interdisciplinary course that considers data from many different sources. Students are welcome to work with their own interested domains in addition to the required ones.

prereq: CSCI 13500 and CSCI 23200 or CSCI 43500, or permission of the instructor
3 hrs
3 cr.

CSCI 49600 - Supervised Research

Supervised work under the direction of a faculty member on an original research project. Although student-initiated projects are acceptable, in most cases students will be expected to work within a faculty member's active research area. These courses are repeatable. However, no more than a total of nine (9) Supervised Research credits may be counted toward the computer science major.
prereq: declared Computer Science major, perm instr. and dept.
1-3 hrs
1-3 cr.

CSCI 49700 - Supervised Research

Supervised work under the direction of a faculty member on an original research project. Although student-initiated projects are acceptable, in most cases students will be expected to work within a faculty member's active research area. These courses are repeatable. However, no more than a total of nine (9) Supervised Research credits may be counted toward the computer science major.
prereq: declared Computer Science major, perm instr. and dept.
1-3 hrs
1-3 cr.

CSCI 49800 - Supervised Research

Supervised work under the direction of a faculty member on an original research project. Although student-initiated projects are acceptable, in most cases students will be expected to work within a faculty member's active research area. These courses are repeatable. However, no more than a total of nine (9) Supervised Research credits may be counted toward the computer science major.
prereq: declared Computer Science major, perm instr. and dept.
1-3 hrs
1-3 cr.

CSCI 49900 - Advanced Applications: A Capstone for Majors

A chance for computer science majors to test their mettle on major projects. Working in small groups they will implement systems that involve at least two platforms running programs written in at least three languages.
prereq: All non-elective courses in Computer Science required for graduation or permission of instructor.
Programs and Courses in Dance

Dance

About the Department

The Hunter College Dance Department offers an opportunity to pursue a BA degree in dance with in the context of a strong liberal arts education. From a campus in the heart of New York City, the dance major or minor student has the unique opportunity of interfacing with many professional dance companies, choreographers and researchers who live and work in New York. The contemporary dance-based curriculum provides the student with the opportunities to pursue careers in performance, choreography, teaching, arts administration and production and is unique in its focus on individual creativity and reflection. All dance majors are required to choreograph, perform, and participate actively in the close-knit artistic community. The curriculum is enriched by community outreach performances, repertory classes with New York-based choreographers, guest artist workshops, and internship opportunities. Through our collaboration with Hunter's School of Education, students can also pursue BA or BA/MA degrees in Dance Education, leading to initial certification as a teacher in New York State.

The Dance major emphasizes three areas of study:

- Movement Practice: modern/contemporary dance, ballet, urban dance forms, traditional global dance forms, yoga.

- Creativity & Performance: improvisation, dance composition, repertory, production, lecture-demonstration touring company, and participation in annual dance department concerts.

- Dance Studies: musicianship for dancers, dance history, teaching methods, anatomy and kinesiology, special topics in dance.

Course Listings

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework is completed in time for graduation.

Undergraduate Major

Dance - BA

Foundational Courses

Foundational Courses include courses in dance and prerequisites to these courses. These courses must be completed before embarking upon the major. Students with appropriate background may be exempted from some or all Foundational Courses. All students must take a technique placement class prior to the beginning of each semester in order to gain permission for registration. Students should check the department website for placement class dates.

Note: Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

In the case of Dance, the courses that meet CCC are:

<table>
<thead>
<tr>
<th>Courses</th>
<th>CUNY Common Core</th>
<th>Foundational or Major</th>
</tr>
</thead>
<tbody>
<tr>
<td>DAN 23200</td>
<td>Creative Expression</td>
<td>Foundational</td>
</tr>
<tr>
<td>DAN 10200</td>
<td>Creative Expression</td>
<td>Foundational</td>
</tr>
</tbody>
</table>

The following 34-credit curriculum is required of all majors.

Note: All dance technique classes may be taken two times for credit.

DAN 15100 - Folk Forms of Dance I
Development of basic dance skills necessary for participation in international folk dances. Students are exposed to dance and music of world cultures.
Open to dance majors and minors only.
3 hrs
1 cr.

**DAN 21000 - Contemporary Dance Technique I**

GER
3/A

Analytical and physical study of basic concepts of dance: space, time, dynamics and design. Intermediate development of movement skills and vocabulary as required by professional demands. May be taken twice for credit with permission of the department.

*prereq: DAN 10100, perm dept., placement class*

4 hrs
2 cr.

**DAN 21300 - Basic Musicianship for Dancers**

GER
3/A

Basic music theory in relation to dance. Development of auditory and kinesthetic understanding of melody, rhythm and harmony through movement. Open only to Dance majors and minors.

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

*prereq: DAN 21000*

3 hrs
2 cr.

**DAN 22000 - Contemporary Dance Technique II**

GER
3/A

Continued development of analytical and physical study of basic concepts of dance: space, time, dynamics and design. Focus on expanded movement vocabulary and increased facility; understanding dance as means of communication; ordering of movement to produce controlled performance. May be taken twice for credit with permission of the department.

*prereq: DAN 21000, perm dept, or placement class*

4 hrs
2 cr.

**DAN 22100 - Improvisation as a Creative Process I**

GER
3/A

Introduction to basic skills of structured improvisation; use of these skills by individual students to explore their creative movement potential.
**prereq or coreq:** DAN 21000 or perm dept.

4 hrs

2 cr.

**DAN 23200 - 20th-Century Dance History**

**Hunter Core**  
Creative Expression (CE)

**Pluralism and Diversity**  
PD/D  
GER  
2/D

- Readings, lectures, films, discussions of 20th century ballet, modern, social and popular theatre dance forms; analysis of individual styles and cultural trends.
- All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

3 hrs

3 cr.

**DAN 24500 - Ballet I**

**GER**  
3/A

- Advanced-beginning level. Study of classical ballet vocabulary, basic anatomical concepts, and introduction to stylistic conventions of classical ballet. May be taken twice for credit with permission of the department.

**prereq:** DAN 14500, perm dept, or placement class

4 hrs

2 cr.

**DAN 31000 - Contemporary Dance Technique III**

**Pluralism and Diversity**  
GER 3/A  
Intermediate-advanced movement experience, expansion of technical and aesthetic range; continued in-depth study of all concepts of dance. May be taken twice for credit with permission of the department.

**prereq:** DAN 22000, or perm. depart.

4 hrs

2 cr.

**DAN 32000 - Contemporary Dance Technique IV**

**Pluralism and Diversity**  
GER 3/A  
Advanced movement experience, further expansion of technical, dynamic and aesthetic range; emphasis on clarifying performance intention. May be taken twice for credit with permission of the department.

**prereq:** DAN 31000, permission of department
DAN 32100 - Composition I

Pluralism and Diversity
GER 3/A
Introduction to dance composition. Students will compose solo, duet, and small group works, applying their understanding of basic compositional devices to projects developed during class time as well as during independent practice.

prereq: DAN 22100, permission of dept.
4 hrs, 2 hrs open studio
2 cr.

DAN 32400 - Production I

GER
3/A
Practical experience in all aspects of production that contribute to realization of student's choreographic intentions: costumes, sets, lighting, publicity and business skills.
prereq: DAN 32200 or perm dept.
3 hrs, 3 hrs open studio
3 cr.

DAN 34500 - Ballet II

GER
3/A
Intermediate-level ballet. Continued study of classical ballet vocabulary, and its stylistic conventions. Emphasis on the application of sound anatomical practices, and further artistic development. May be taken twice for credit with permission of the department.

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 24500, or perm. dept.
4 hrs
2 cr.

DAN 35000 - Anatomy and Kinesiology for Dancers

GER
3/A
Anatomy of skeletal, muscular and neuromuscular systems; anatomical analysis of basic movement; application of anatomical information to proper and successful performance of dance.
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.
prereq: DAN 22000, perm dept.
3 hrs
3 cr.

DAN 42200 - Choreographic Projects

GER
3/A

Independent student choreographic works in preparation for performance in concert. Registration once per academic year. All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

prereq: DAN 32100

4 hrs
3 cr.

DAN 44000 - Lecture/Demonstration Touring Group

GER
3/A

Performance of prescribed choreography in lecture/demonstration format to be presented in public schools on a weekly basis during the fall semester. Open to dance majors/minors only. Students must be available to rehearse intensively for 1 week before classes begin. All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

prereq: DAN 22000, 22100, 24500, perm dept.

4 hrs
3 cr.

Major

(34 credits)

A placement audition is required of all incoming majors. All dance majors are required to be registered in at least one technique class every semester they are in attendance at Hunter. Performance, choreography and technical production requirements are to be fulfilled prior to graduation. These requirements include:

1. Performance in at least two (2) concerts.
2. Choreography of at least two (2) works:
   a. solo performed in open composition.
   b. group work developed during fall and spring semesters and performed in formal concert.
3. Production crew work in two (2) formal concerts.

Note: All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

Policy on advancement through the technique curriculum
All dance students should be aware that completion of a dance technique course for a passing grade does not automatically guarantee acceptance into the next level of technique. For example, if you pass the Fundamentals of Contemporary Dance course, you may not necessarily be admitted to Contemporary Dance Technique I.

Your instructor will, at the end of the current course, advise you to either repeat the course for credit or to move on to the next level. (You can take technique courses twice for credit, and it is also possible to audit thereafter.) It is neither safe nor constructive to place yourself in a class that is not appropriate for your skill level. The quality of your dance education is of utmost importance to us — this policy is designed to maintain the highest standards of learning and achievement.

All dance majors are required to register for at least one technique course every semester they are enrolled at Hunter College.

Additional Information

The undergraduate adviser suggests the appropriate sequence of electives for the career specialization the student chooses.

Prerequisites for all dance majors:

Attendance at placement class audition prior to the beginning of the semester.

Meeting with Dance Adviser prior to declaration of major.

Dance Education

Students planning to teach Dance in Pre-K through 12th grade should look at Dance Education Pre-K - 12 of the The School of Education for requirements and program.

Minor in Dance

The Hunter College Minor in Dance (a minimum of 16 required credits) is designed to allow students to pursue a variety of interests in the field.

Required courses (a minimum of 16 credits total)

The following 2 courses must be taken prior to declaration of the minor:

**DAN 10100 - Fundamentals of Contemporary Dance Technique**

Survey of concepts involved in understanding and integrating physicality and creativity through movement. Review of basic skills required for further study. May be taken two times for credit with permission of the department.

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

*prereq: minimum 12 cr.*
3 hrs
2 cr.

**DAN 10200 - Dance, Dancers and the Audience**
Hunter Core
Creative Expression (CE)
Pluralism and Diversity
GER 2/D
Lecture demonstration course designed to introduce students to the art of dance through analysis of history, dance style and socio-political underpinnings. This course includes participation in both lecture and movement sessions. All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

prereq: minimum 12 cr.
3 hrs
3 cr.

Additional required courses

DAN 21000 - Contemporary Dance Technique I

GER
3/A
Analytical and physical study of basic concepts of dance: space, time, dynamics and design. Intermediate development of movement skills and vocabulary as required by professional demands. May be taken twice for credit with permission of the department.

prereq: DAN 10100, perm dept., placement class
4 hrs
2 cr.

DAN 22100 - Improvisation as a Creative Process I

GER
3/A
Introduction to basic skills of structured improvisation; use of these skills by individual students to explore their creative movement potential.

prereq or coreq: DAN 21000 or perm dept.
4 hrs
2 cr.

1 additional dance technique course, selected from the following:

DAN 14500 - Fundamentals of Ballet

Introduction to fundamental skills and nomenclature of ballet. May be taken two times for credit with permission of the department. All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

prereq: minimum 12 cr.
3 hrs
2 cr.

DAN 15100 - Folk Forms of Dance I
Development of basic dance skills necessary for participation in international folk dances. Students are exposed to dance and music of world cultures. Open to dance majors and minors only.

3 hrs
1 cr.

**DAN 22000 - Contemporary Dance Technique II**

**GER**
3/A

Continued development of analytical and physical study of basic concepts of dance: space, time, dynamics and design. Focus on expanded movement vocabulary and increased facility; understanding dance as means of communication; ordering of movement to produce controlled performance. May be taken twice for credit with permission of the department.

**prereq:** DAN 21000, perm dept, or placement class
4 hrs
2 cr.

**DAN 24500 - Ballet I**

**GER**
3/A

Advanced-beginning level. Study of classical ballet vocabulary, basic anatomical concepts, and introduction to stylistic conventions of classical ballet. May be taken twice for credit with permission of the department.

**prereq:** DAN 14500, perm dept, or placement class
4 hrs
2 cr.

**DAN 25200 - Special Topics: Traditional Dance I**

**Pluralism and Diversity**
GER 3/A PD/A

Introduction to the cultural context and techniques of traditional, social, and urban movement practices: Topics vary. May be taken twice for credit with permission of department.

**prereq:** placement class
4 hrs
2 cr.

**DAN 31000 - Contemporary Dance Technique III**

**Pluralism and Diversity**
GER 3/A

Intermediate-advanced movement experience, expansion of technical and aesthetic range; continued in-depth study of all concepts of dance. May be taken twice for credit with permission of the department.

**prereq:** DAN 22000, or perm. depart.
DAN 32000 - Contemporary Dance Technique IV

Pluralism and Diversity
GER 3/A
Advanced movement experience, further expansion of technical, dynamic and aesthetic range; emphasis on clarifying performance intention. May be taken twice for credit with permission of the department.

prereq: DAN 31000, permission of department

DAN 34500 - Ballet II

GER 3/A
Intermediate-level ballet. Continued study of classical ballet vocabulary, and its stylistic conventions. Emphasis on the application of sound anatomical practices, and further artistic development. May be taken twice for credit with permission of the department.

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

prereq: DAN 24500, or perm. dept.

DAN 35200 - Special Topics: Traditional Dance II

Pluralism and Diversity
PD/A
GER 3/A
Continuation of DAN 25200. Further investigation of cultural context and techniques of traditional, social, and urban movement practices: Topics vary. May be taken twice for credit with permission of department.

prereq: DAN 25200, perm dept.

Plus a minimum of 6 additional credits in dance

A minimum of 6 additional credits in Dance (choices must be approved by Dance Faculty Adviser):

Any DAN course at the 200 level or above (At least one of these must be a 3-credit course)

Additional Requirements of the Dance Minor
Participation on one production crew team for a fully produced dance program concert.

Performance in at least one Hunter dance concert.

Note:

Placement in technique courses above the Fundamentals level is by placement class, the first day of class review, recommendation of instructor, or department permission. Repeated courses may not be counted in these requirements.

Grading

All dance majors and minors must receive a letter grade for all dance classes. Grades of “NC” or “CR” are not permissible.

Undergraduate Minor

Minor in Dance

The Hunter College Dance Program Minor in Dance (a minimum of 16 required credits) is designed to allow students to pursue a variety of interests in the field, from performance and creative work to analysis, production and pedagogy.

Required courses (a minimum of 16 credits total)

The following 2 courses must be taken prior to declaration of the minor:

3 hrs  
3 cr.

**DAN 46100 - Seminar in Dance**

**GER**  
3/A

Survey of dance careers, grant writing, arts administration, resume writing and relevant topics related to the socio-political climate of our times in relation to art.  
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.  
*prereq: DAN 31000, DAN 32100*  
3 hrs  
3 cr.

**DAN 48000 - Independent Study in Dance**

**GER**  
3/A

In-depth study in area of special interest for qualified students under direction of faculty adviser.  
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.  
*prereq: minimum 15 dance received at Hunter, major GPA 3.0, overall GPA 2.5. Open to dance majors and minors only.*  
3-9 hrs  
1-3 cr.

**DAN 49000 - Honors in Dance**

**GER**  
3/A

Open to Jr/Sr Dance majors only. Individual study leading to completion of honors essay or production book in creative performance.  
All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors
and minors in order to assure that required coursework will be completed in time for graduation.

**prereq:** *minimum 18 dance, major GPA 3.5, overall GPA 2.8
hrs TBA
1-3 cr.*

**DAN 49800 - Internship**

**GER**

3/A

Open to dance majors with 15 credits in dance from Hunter.

All required classes are not offered every semester. Annual meetings with dance advisers are essential for both majors and minors in order to assure that required coursework will be completed in time for graduation.

**prereq:** DAN 32400
hrs TBA
3-6 cr.

Economics and Accounting Faculty

HEGIS Codes: 2204 (Economics), 0502 (Accounting)

Undergraduate Major

Accounting - BS

The degree of bachelor of science (accounting) offered at Hunter College fulfills educational requirements for the CPA examination in New York State. Candidates pursuing licensure in New York State will need to complete 150 college credits including ACC 49000 - Accounting & Auditing Research. An appropriate masters degree, while not required, is another path to licensure. For information on the MS in Accounting at Hunter College, see the Hunter College Graduate Catalog.

All students contemplating a career in accounting should request an interview with the accounting program adviser during the lower freshman term. To assure completion of the BS (accounting) degree within four years, a full-time student should begin the accounting major sequence in the upper freshman term, if possible, and no later than the lower sophomore term, by registering for ACC 27100.

Hunter Core Requirement

Note: Several courses leading to or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Hunter Core Requirement.

In the case of the accounting major, the courses that meet CCC are:

<table>
<thead>
<tr>
<th>Course</th>
<th>CUNY Common Core</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 12500 (STEM)</td>
<td>Math/Quantitative Reasoning</td>
</tr>
<tr>
<td>MATH 15000 (STEM)</td>
<td>Math/Quantitative Reasoning</td>
</tr>
<tr>
<td>ECO 20000</td>
<td>Scientific World</td>
</tr>
<tr>
<td>ECO 20100</td>
<td>Individual and Society</td>
</tr>
</tbody>
</table>

Please note that no more than two courses from any one department will count for the CUNY Common Core.

Foundational Courses (0-7 credits)

MATH 10100 - Algebra for College Students
Topics in algebra, graphing and functions Includes: algebraic and graphical solutions to systems of equations and inequalities; absolute value, polynomial, rational and radical expressions and equations; complex numbers; the function concept; introduction to polynomial, rational and exponential functions and their graphs.

**prereq:** appropriate score on placement exam or exit from appropriate departmental workshop

4 hrs (2 lec, 2 lab)

3 cr.

(depending on results of Math placement exam) (3 credits)

**MATH 12500 (STEM) - Precalculus**

**Hunter Core**
Math/Quantitative Reasoning

**GER**
1/B

Functions and their graphs: polynomial, rational, exponential, logarithmic and trigonometric functions; conic sections; topics in trigonometry; graphical and analytical solutions to systems of equations and inequalities. Not credited to students who have completed MATH 15000 or its equivalent.

**prereq:** grade of C or better in MATH 10100 or appropriate score on placement exam

4 hrs

4 cr.

(depending on results of Math placement exam) (4 credits)

**Major**

The Department of Economics offers a major leading to the BS in accounting, requiring a minimum of 34 credits of accounting, 33 credits of other professional studies and an additional 7 credits of Allied required courses. Details are outlined below.

**Grade Options**

Students enrolled in the BS (accounting) curriculum may not use CR/NC grades for the 34 accounting credits in the accounting major.

**Progression in the Major**

Students who have not completed the prerequisites with a grade of C, CR or better will not be allowed to register for the course for which the prerequisites are required. ECO 22100 is required for the major and must be completed with a grade of C, CR or better to be accepted for credit toward fulfillment of the major.

**Allied Required Courses (7 credits)**

**ECO 20100 - Principles of Macroeconomics**

**Hunter Core**
Individual and Society (Social Sciences) -I&S SS

**GER**
2/B
May be taken prior to or concurrently with ECO 20000. Economic growth; fluctuations in the aggregate economy; inflation; monetary and fiscal policy.  
*prereq: MATH 10100 or exemption from the course*  
3 hrs  
3 cr.

**MATH 15000 (STEM) - Calculus with Analytic Geometry I**

**Hunter Core**  
Math/Quantitative Reasoning  
GER  
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.  
*prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.*  
4 hrs  
4 cr.

**Professional Studies (67 cr)**

**Accounting (34 cr)**

**ACC 27100 - Accounting I**

Basic accounting concepts; preparation of financial statements. Emphasis on income determination and financial position.  
*prereq: upper freshman standing*  
3 hrs  
3 cr.

**ACC 27200 - Accounting II**

Accounting concepts applied to partnerships and corporations; funds statements; financial statement analysis.  
*effective term spring 2016*  
*prereq: ACC 27100 with a grade of C or better*  
3 hrs  
3 cr.

**ACC 37100 - Intermediate Accounting I**

In-depth study of current concepts relating to accounting for assets and current liabilities.  
*effective term spring 2016*  
*prereq: ACC 27100 and ACC 27200 all with a grade of C or better.*  
3 hrs  
3 cr.

**ACC 37200 - Intermediate Accounting II**

Revenue recognition; accounting for equities, income taxes, pensions, leases, price level changes.  
*effective term spring 2016*
prereq: ACC 27100 and ACC 27200 and ACC 37100 all with a grade of C or better.
3 hrs
3 cr.

ACC 37300 - Federal Income Taxation

Principles of federal income taxation and the impact of taxes on individuals.

effective term spring 2016
prereq: Prereq: ACC 27100 and ACC 27200 and ACC 37100, all with a grade of C or better
3 hrs,
3 cr.

ACC 37400 - Managerial Accounting (Cost Accounting)

Accumulation, analysis, presentation and use of cost data by management; budgets.

effective term spring 2016
prereq: Prereq: ACC 27100 and ACC 27200 and ACC 37100 all with a grade of C or better
3 hrs
3 cr.

ACC 47100 - Advanced Accounting I

effective term spring 2016
prereq: ACC 27100 and ACC 27200 and ACC 37100 and ACC 37200 all with a grade of C or better
3 hrs
3 cr.

ACC 47200 - Advanced Accounting II

Accounting theory and practice focused on partnerships, joint ventures, multinationals, government and public sector entities; not-for-profit accounting; interim and segment reporting; SEC problems, fiduciary accounting, bankruptcy.

effective term spring 2016
prereq: ACC 27100 and ACC 27200 and ACC 37100 and ACC 37200 all with a grade of C or better
3 hrs
3 cr.

ACC 47300 - Business Taxes

Federal income taxation of partnerships and corporations; other special tax issues.

effective term spring 2016
prereq: ACC 27100 and ACC 27200 and ACC 37100 and ACC 37200 and ACC 37300 all with a grade of C or better
3 hrs
3 cr.

ACC 47500 - Auditing
Auditing theory and practices; ethics of accounting profession; procedures for auditing financial statements.

*prereq: ACC 27100 and ACC 27200 and ACC 37100 and ACC 37200 all with a grade of C or better
prereq or coreq: ACC 47100 with a grade of C or better
4 hrs
4 cr.

**ACC 49000 - Accounting & Auditing Research**

Acquisition of research, analytical and communication skills. Provides coverage of fundamental knowledge and skills to conduct research as well as their application through announced readings, cases and research discussions on selected topics. Requires extensive Internet and library research including the use of FASB codification database.

*prereq: ECO 22100
prereq or coreq: ACC 47500
3 hrs
3 cr.*

**Additional Information**

An overall average of at least "C+" (2.3 Grade Point Average) must be maintained in these 34 credits. Students who receive a grade of "D" or lower in any of the eleven required Accounting courses in the Professional Studies Requirement will be allowed to repeat the course only once. In total, students may repeat no more than three Accounting courses for which they received a grade of "D" or lower. Students who exceed this allowed number of course repeats will be dismissed from the BS program in Accounting. The Academic Adviser for the BS program in Accounting may, under extraordinary circumstances, make exceptions to this rule.

**Other Professional Studies (33 cr)**

**Business Law (6 cr)**

**ACC 28000 - Business Law I**

Legal institutions; contract law and commercial paper law with focus on Uniform Commercial Code.

*prereq: sophomore standing or perm chair
3 hrs
3 cr.*

**ACC 38000 - Business Law II**

Legal aspects of business organizations; agency, partnership and corporate relationships.

*prereq: ACC 28000
3 hrs
3 cr.*

**Statistics (3 cr)**

**ECO 22100 - Economic Statistics**

*Hunter Core*
Mathematics and Quantitative Reasoning
Probability and statistics in the context of economics, business and public policy; data analysis, probability distributions, and hypothesis testing.

*prereq: MATH 12500 or exemption from the course*

3 hrs
3 cr.

Note: For students already at or beyond this point when they become majors, the course should be taken within the first 12 credits following declaration of the major.

Finance (6 cr)

Select two of the following courses:

**ECO 21000 - Money and Banking**

**GER**

3/B

Monetary and banking principles and practice; current issues; theory and policy.

*prereq: ECO 20000, 20100*

3 hrs
3 cr.

**ECO 36500 - Corporate Finance**

Pluralism and Diversity

**GER**

GER 3/B

Analysis of corporate investment and financing decisions.

*prereq: ECO 20000 and either ECO 22100 or STAT 21300*

3 hrs
3 cr.

**ECO 36600 - Security and Investment Analysis**

**GER**

GER 3/B

Operation of the stock market; security analysis and evaluation; economic variables influencing security values.

*prereq: ECO 36500*

3 hrs
3 cr.

**ACC 36700 - Analysis of Financial Statements**

**GER**

GER 3/B
Analysis, interpretation, and use of financial statements.

注: This course does not count as an elective towards the Economics major.

预修: ECO 37200 and ECO 36500 or adviser's permission
3 hrs
3 cr.

Business Core-Required (6 cr)

ECO 20000 - Principles of Microeconomics

猎人核心

科学世界 (SW)

通用教育 (GER)

2/B

可单独或与 ECO 20100 同步。确定商品和劳务的价格和数量，包括劳动和其他资源;竞争性和不完全市场;公共政策影响。

预修: MATH 10100 或课程豁免
3 hrs
3 cr.

- 一门计算机科学课程
  注: ACC 47600 - 计算机会计系统课程推荐。

商业选修 (12 cr)

选择以下课程的四门课程:

ECO 26000 - Business Organization and Management

通用教育 (GER)

3/B

企业的经济理论，包括激励和合同的正式分析。特别关注公司内部组织如何缓解公司不同利益相关者之间的利益冲突。

预修: ECO 20000
3 hrs
3 cr.

- 任何 300- 或 400-level ACC 或 ECO 课程 (ACC 48000 强烈推荐)

额外信息

主修者应于前 75 学分的大学工作内完成 MATH 15000 (STEM) 和 ECO 22100。对于已达到或超过此点的学生，此类课程应在主修后 12 学分内完成。学院可免除数学 15000 和/或经济 22100 的主修要求，但需提供课程等效性。通过替代或考试免修的课程不提供学分，也不计入主修。
Total Credits 74

Total major credits required 67

Allied Required Courses 7

(Additional foundational courses 0 - 7 credits, depending on Math placement)

Minor in Accounting

A Minor in Accounting is available. These courses may be used for CPLicensure in New York State, but represent only 15 of the 69 credits required.

Interdepartmental Fields

Students may take courses in economics as part of an interdepartmental program of study in Latin American and Caribbean studies, environmental studies (geography), women’s and gender studies and Jewish studies. Listings in each area discuss recommended courses.

Internships

Students may receive one credit for internships in government agencies, private firms, and not-for-profit institutions. The position must provide opportunities for learning about some area of economics, accounting, or business. The course may be taken no more than twice. Credits may not be applied towards the economics or accounting major. Internships will be graded on a CR/NC basis. Note that it is the responsibility of the student, not the Department, to identify internship opportunities.

Honors

Students with a 3.5 GPA in a major offered by the department and an overall 2.8 GPA at the beginning of their upper senior semester may apply for departmental honors at that time. Completion of the following and submission of an honors paper are required. Honors papers are written under faculty supervision and must be approved by a second reader as well. GPA levels must be maintained for the award of departmental honors.

**ECO 49900 - Honors Project**

Jr/Sr only. Supervised individual research and directed reading. Honors essay.

*prereq: For accounting majors: ECO 32100 and 37200; For economics majors: ECO 30000, 30100 and 32100. A 3.5 GPA required in the major offered by the department and permission of the chair

3 hrs
3 cr.

Economics - BA
Foundational Courses

Foundational Courses include courses in Economics and prerequisites to these courses. These courses must be completed early in the major. Students with appropriate background may be exempted from some or all Foundational Courses. See department for proper placement.

Note: Several courses leading to (foundational) or within this major may fulfill parts of the Hunter Core Requirement (CUNY Common Core [CCC], Hunter Focus, Concurrent Requirements). When selecting courses, it may be to a student's advantage to choose courses that count toward the Hunter Core Requirement and also advance the student on the path to the major. Details on the Hunter Core Requirement can be found here: Appendix I: Hunter Core Requirement

<table>

*Note: Please note MATH 12500 may not need to be taken; it is dependent upon math placement exam.

Majors

The Department of Economics offers two Economics majors. The first, discussed below, is the Economics - BA, requiring a minimum of 24 credits beyond the foundational courses. In addition, for motivated students, the department offers the opportunity to complete both the BA and MA degrees simultaneously, where 30 of the 120 credits required for graduation are graduate credits. Students interested in this option should follow the link below.

Economics - Accelerated BA/MA

Grade Options

The department strongly urges economics majors who plan to go on to graduate or professional school to choose letter grades rather than CR/NC.

Major- 24 credits

Students majoring in economics must take:

A. Courses Preliminary to the Economics Major

ECO 20000 - Principles of Microeconomics

Hunter Core
Scientific World (SW)
GER
2/B
May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications.

\textit{prereq: MATH 10100 or exemption from the course}

3 hrs
3 cr.

\textbf{ECO 20100 - Principles of Macroeconomics}

\textbf{Hunter Core}
Individual and Society (Social Sciences) - I&S SS
\textbf{GER}
2/B

May be taken prior to or concurrently with ECO 20000. Economic growth; fluctuations in the aggregate economy; inflation; monetary and fiscal policy.

\textit{prereq: MATH 10100 or exemption from the course}

3 hrs
3 cr.

These courses must be completed with a grade of C, CR, or better to serve as prerequisites for courses credited to the major.

\textbf{Additional Information}

Although required, neither ECO 20000 nor ECO 20100 are counted as part of the 24 credits in the major. While it is preferable to start with ECO 20000, students may begin the study of economics with either ECO 20000 or ECO 20100. If they wish a one-semester survey before embarking on the principles courses, they may take ECO 10000, but this is not required. If taken, ECO 10000 cannot be substituted for either ECO 20000 or 20100 or credited toward the major.

\textbf{B. Core of the Economics Major}

\textbf{ECO 22100 - Economic Statistics}

\textbf{Hunter Core}
Mathematics and Quantitative Reasoning
\textbf{GER}
1/B

Probability and statistics in the context of economics, business and public policy; data analysis, probability distributions, and hypothesis testing.

\textit{prereq: MATH 12500 or exemption from the course}

3 hrs
3 cr.

\textbf{ECO 30000 - Intermediate Microeconomics}

\textbf{GER}
3/B

Households and firms as maximizing agents; implications for equilibrium in perfectly and imperfectly competitive markets; general equilibrium; welfare.

\textit{prereq: ECO 20000, 20100, MATH 15000}
ECO 30100 - Intermediate Macroeconomics

GER
3/B

Growth, employment and prices in the short and long run; monetary and fiscal policy.
prereq: ECO 20000, 20100, MATH 15000
3 hrs
3 cr.

ECO 32100 - Introduction to Econometrics

GER
3/B

Linear and non-linear regression models in economics; statistical methods for estimation and inference.
prereq: ECO 22100, MATH 15000
3 hrs
3 cr.

*ECO 22100 must be completed with a grade of C, CR or better to be accepted for credit towards the major and to serve as prerequisites for other courses in the major.

C. Allied Required Course

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.
prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.
4 hrs
4 cr.

*MATH 15000 must be completed with a grade of C, CR or better to be accepted for credit towards the major and to serve as prerequisites for other courses in the major.

Additional Information

 Majors are advised to complete MATH 15000 (STEM) and ECO 22100 within their first 75 credits of college work and ECO 30000 or ECO 30100 within their first 90 credits. For students already at or beyond these points when they become majors, such courses should be taken within the first 12 credits following declaration of the major. The department may waive the requirement of any of the above or other courses upon satisfactory proof of course equivalency. Courses waived through substitution or examination do not provide course credit nor do they count toward the major.
D. Elective courses

The remaining 12 credits needed to complete the 24-credit major shall be satisfied by other economics courses offered by the department. No courses in accounting or business law may be credited toward the economics major. No more than 3 credits may be at the 100-level (note: ECO 10000 cannot be counted.)

Minor in Economics

The economics minor consists of a minimum of 12 credits, including

**ECO 20000 - Principles of Microeconomics**

**Hunter Core**
Scientific World (SW)
**GER**
2/B

May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications.  
*prereq: MATH 10100 or exemption from the course*  
3 hrs  
3 cr.

**ECO 20100 - Principles of Macroeconomics**

**Hunter Core**
Individual and Society (Social Sciences) -I&S SS
**GER**
2/B

May be taken prior to or concurrently with ECO 20000. Economic growth; fluctuations in the aggregate economy; inflation; monetary and fiscal policy.  
*prereq: MATH 10100 or exemption from the course*  
3 hrs  
3 cr.

and two other courses in economics. Accounting and business law courses do not count towards the economics minor.

Interdepartmental Fields

Students with majors in other departments may take courses in economics as part of an interdepartmental program of study in public policy, Latin American and Caribbean studies, environmental studies (geography), women's and gender studies and Jewish social studies. Listings in each area discuss recommended courses.

Internships

Students may receive one credit for internships in government agencies, private firms, and not-for-profit institutions. The position must provide opportunities for learning about some area of economics, accounting, or business. The course may be taken no more than twice. Credits may not be applied towards the economics or accounting major.
Internships will be graded on a CR/NC basis. Note that it is the responsibility of the student, not the Department, to identify internship opportunities.

**Honors**

Students with a 3.5 GPA in a major offered by the department and an overall 2.8 GPA at the beginning of their upper senior semester may apply for departmental honors at that time. Completion of the following and submission of an honors paper are required. Honors papers are written under faculty supervision and must be approved by a second reader as well. GPA levels must be maintained for the award of departmental honors.

**ECO 49900 - Honors Project**

Jr/Sr only. Supervised individual research and directed reading. Honors essay.

*prereq: For accounting majors: ECO 32100 and 37200; For economics majors: ECO 30000, 30100 and 32100. A 3.5 GPA required in the major offered by the department and permission of the chair*

3 hrs
3 cr.

**Public Policy**

Economics majors may find both the minor and the Certificate Program in Public Policy of particular interest.

**Undergraduate Major/Graduate Major**

**Economics - Accelerated BA/MA**

The Department of Economics offers promising students the opportunity to complete both the BA and MA degrees within 120 credits, 30 of which must be at the graduate level.

Students who wish to declare the BA/MA major must have a 3.0 average in Economics and in the cumulative index.

A minimum grade of B in the following, or their equivalents

**ECO 30000 - Intermediate Microeconomics**

*GER*

3/B

Households and firms as maximizing agents; implications for equilibrium in perfectly and imperfectly competitive markets; general equilibrium; welfare.

*prereq: ECO 20000, 20100, MATH 15000*

3 hrs
3 cr.

**ECO 32100 - Introduction to Econometrics**
GER
3/B

Linear and non-linear regression models in economics; statistical methods for estimation and inference.

prereq: ECO 22100, MATH 15000

3 hrs
3 cr.

A minimum grade of C in the following, or their equivalents

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.

4 hrs
4 cr.

Continuing in the program is contingent upon maintaining a 3.0 GPA in economics and the cumulative index and receiving

A minimum grade of B in

ECO 30100 - Intermediate Macroeconomics

GER
3/B

Growth, employment and prices in the short and long run; monetary and fiscal policy.

prereq: ECO 20000, 20100, MATH 15000

3 hrs
3 cr.

An average grade of B in

MATH 15000 (STEM) - Calculus with Analytic Geometry I

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Limits, continuity, differentiation and integration of elementary functions and trigonometric functions, applications.

prereq: grade of C or better in MATH 12500 or appropriate score on placement exam.

4 hrs
4 cr.
MATH 16000 - Matrix Algebra

GER
1/B

Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.

 prerequisite: MATH 12500 or appropriate score on placement exam

3 hrs
3 cr.

All students in the BA/MA program must complete the following, or their equivalents, as well as the courses listed above

MATH 15500 (STEM) - Calculus with Analytic Geometry II

Hunter Core
Math/Quantitative Reasoning
GER
1/B

Differentiation and integration of transcendental functions, integration techniques, infinite sequences and series, improper integrals, polar coordinates.

 prerequisite: grade of C or better in MATH 15000

4 hrs
4 cr.

MATH 16000 - Matrix Algebra

GER
1/B

Systems of linear equations, matrices, determinants, introduction to vector spaces and linear transformations, applications.

 prerequisite: MATH 12500 or appropriate score on placement exam

3 hrs
3 cr.

Additional Information

An undergraduate major in economics is normally required. Thomas Hunter Honors Program students may be admitted without declaring an undergraduate economics major, provided that the above courses are completed. To apply, see the graduate adviser.

Honors

Students with a 3.5 GPA in a major offered by the department and an overall 2.8 GPA at the beginning of their upper senior semester may apply for departmental honors at that time. Completion of the following and submission of an
honors paper are required. Honors papers are written under faculty supervision and must be approved by a second reader as well. GPA levels must be maintained for the award of departmental honors.

Note: Students enrolled in the BA/MA program may substitute enrollment in ECO 798 and an MA thesis for ECO 49900 and the Honors paper.

ECO 49900 - Honors Project

Undergraduate Minor

Minor in Accounting

Return to Accounting - BS

A minor in accounting is available. These courses may be used for CPLicensure in New York State, but represent only 15 of the 69 credits required.

The Minor consists of 15 credits

with the following required courses:

ACC 27100 - Accounting I

Basic accounting concepts; preparation of financial statements. Emphasis on income determination and financial position.
prereq: upper freshman standing
3 hrs
3 cr.

ACC 27200 - Accounting II

Accounting concepts applied to partnerships and corporations; funds statements; financial statement analysis.
effective term spring 2016
prereq: ACC 27100 with a grade of C or better
3 hrs
3 cr.

and Three of the following courses for the Financial Accounting Track 1

ACC 37100 - Intermediate Accounting I
In-depth study of current concepts relating to accounting for assets and current liabilities.

effective term spring 2016
prereq: ACC 27100 and ACC 27200 all with a grade of C or better.
3 hrs
3 cr.

**ACC 37200 - Intermediate Accounting II**

Revenue recognition; accounting for equities, income taxes, pensions, leases, price level changes.

effective term spring 2016
prereq: ACC 27100 and ACC 27200 and ACC 37100 all with a grade of C or better.
3 hrs
3 cr.

**ACC 37400 - Managerial Accounting (Cost Accounting)**

Accumulation, analysis, presentation and use of cost data by management; budgets.

effective term spring 2016
prereq: Prereq: ACC 27100 and ACC 27200 and ACC 37100 all with a grade of C or better
3 hrs
3 cr.

**ACC 47100 - Advanced Accounting I**

effective term spring 2016
prereq: ACC 27100 and ACC 27200 and ACC 37100 and ACC 37200 all with a grade of C or better
3 hrs
3 cr.

or Three of the following courses for the Law and Taxation Track 2 (ECO 37300 strongly recommended)

**ACC 28000 - Business Law I**

Legal institutions; contract law and commercial paper law with focus on Uniform Commercial Code.

prereq: sophomore standing or perm chair
3 hrs
3 cr.

**ACC 37300 - Federal Income Taxation**

Principles of federal income taxation and the impact of taxes on individuals.

effective term spring 2016
prereq: Prereq: ACC 27100 and ACC 27200 and ACC 37100, all with a grade of C or better
3 hrs
3 cr.

**ACC 38000 - Business Law II**
Legal aspects of business organizations; agency, partnership and corporate relationships.

*prereq: ACC 28000
3 hrs
3 cr.

**ACC 47300 - Business Taxes**

Federal income taxation of partnerships and corporations; other special tax issues.

*effective term spring 2016
prereq: ACC 27100 and ACC 27200 and ACC 37100 and ACC 37200 and ACC 37300 all with a grade of C or better
3 hrs
3 cr.

**ACC 48000 - Business Law III**

Sales and financing devices under Uniform Commercial Code; property; trusts and estates; bankruptcy; other selected topics.

*prereq: ACC 38000
3 hrs
3 cr.

**Minor in Economics**

The economics minor consists of a minimum of 12 credits, including ECO 20000 - Principles of Microeconomics, ECO 20100 - Principles of Macroeconomics and two other courses in economics. Accounting and business law courses do not count towards the economics minor.

**Economics: Introductory Course**

**ECO 10000 - Introduction to Economics**

*Hunter Core
Individual and Society (Social Sciences) -I&S SS
GER
2/B

Introduction to economic principles, issues, and policy. Recommended for students who want a broad, one-semester overview. Not open to students who have taken or are currently enrolled in ECO 20000 or 20100 or their equivalents. Cannot be credited towards the Economics major.

*3 hrs
3 cr.

**Economics: 200-Level Core Courses**

**ECO 20000 - Principles of Microeconomics**

*Hunter Core
Scientific World (SW)
May be taken prior to or concurrently with ECO 20100. Determination of prices and quantities of goods and services, including labor and other resources; competitive and imperfect markets; public policy implications.

prereq: MATH 10100 or exemption from the course

3 hrs

3 cr.

ECO 20100 - Principles of Macroeconomics

Hunter Core
Individual and Society (Social Sciences) -I&S SS

GER
2/B

May be taken prior to or concurrently with ECO 20000. Economic growth; fluctuations in the aggregate economy; inflation; monetary and fiscal policy.

prereq: MATH 10100 or exemption from the course

3 hrs

3 cr.

ECO 22000 - Techniques of Economic Analysis

GER
3/B

Mathematical techniques applied to economic models.

prereq: ECO 20000; MATH 12500 or exemption from the course

3 hrs

3 cr.

ECO 22100 - Economic Statistics

Hunter Core
Mathematics and Quantitative Reasoning

GER
1/B

Probability and statistics in the context of economics, business and public policy; data analysis, probability distributions, and hypothesis testing.

prereq: MATH 12500 or exemption from the course

3 hrs

3 cr.

Economics: 200-Level Elective Courses

ECO 21000 - Money and Banking

GER
3/B
Monetary and banking principles and practice; current issues; theory and policy.
*prereq: ECO 20000, 20100
3 hrs
3 cr.

**ECO 23300 - Economics of the Media**

Provides an introduction to the economics of the media. The course uses the toolkit of economic analysis to understand the structure of media industries, the characteristics of media products, the effects of regulation in media markets, and changes brought about by digital technology.

Economics of the Media is a quantitative analytical course requiring a solid understanding of microeconomic principles and also basic statistics.
*prereq: ECO 10000 or ECO 20000
3 hrs.
3 cr.

**ECO 26000 - Business Organization and Management**

**GER**
3/B

The economic theory of the firm, including the formal analysis of incentives and contracts. Particular focus on how the internal organization of the firm can mitigate the negative effects of conflicts of interest between different stakeholders in the firm.
*prereq: ECO 20000
3 hrs.
3 cr.

**ECO 29500 - Selected Topics in Economics**

**GER**
3/B

Special topics and issues of research and policy interest. Topics vary each semester. May be repeated for a total of 6 credits.
*prereq: ECO 20000 or 20100
3 hrs
3 cr.

**Economics: 300 and 400 Level Advanced and Elective Courses**

**ECO 30000 - Intermediate Microeconomics**

**GER**
3/B

Households and firms as maximizing agents; implications for equilibrium in perfectly and imperfectly competitive markets; general equilibrium; welfare.
prereq: ECO 20000, 20100, MATH 15000
3 hrs
3 cr.

ECO 30100 - Intermediate Macroeconomics

GER
3/B

Growth, employment and prices in the short and long run; monetary and fiscal policy.
prereq: ECO 20000, 20100, MATH 15000
3 hrs
3 cr.

ECO 31000 - Financial Institutions

GER
3/B

Operation, administration and regulation of U.S. banking, investment and credit institutions.
prereq: ECO 21000
3 hrs
3 cr.

ECO 31500 - Public Finance

GER
3/B

Theory and application of fiscal policy; federal budgeting; state and local finance.
prereq: ECO 20000
3 hrs
3 cr.

ECO 32100 - Introduction to Econometrics

GER
3/B

Linear and non-linear regression models in economics; statistical methods for estimation and inference.
prereq: ECO 22100, MATH 15000
3 hrs
3 cr.

ECO 33000 - Economic Development

Pluralism and Diversity
PD/A
GER
3/B
Critical variables explaining the diversity of growth and economic and development outcomes across developing countries. Theories, case studies, measurement and policies.

prereq: ECO 20000

3 hrs

3 cr.

**ECO 33700 - Mathematical Foundations of Economics**

An advanced undergraduate course in mathematical methods for economists. The course is designed to introduce students to the mathematical techniques used in advanced study of economics and in professional and academic economic research.

prereq: ECO 30000 or equivalent and MATH 15000 or exemption from the course.

3 hrs

3 cr.

**ECO 33900 - Strategies and Games in Economics**

A critical introduction to applications of game theory in economics. Applications include the analysis of conflict, trust and cooperation, firms' strategic behavior in concentrated markets, and herd behavior and panics in financial markets. We extend basic game-theoretic models to incorporate asymmetric information and mechanism-design, studying how the rules of a game or the initial distribution of information might affect equilibrium outcomes and therefore how to select optimal rules that govern interactions. Questions addressed include the design of compensation and incentive contracts; voting models and political-economic equilibria; how firms choose their financial structure; and how and why laws and constitutions are chosen to be what they are.

prereq: ECO 30000 or equivalent

3 hrs.

3 cr.

**ECO 34000 - International Trade**

GER

3/B

Theories of international trade and international trade policies.

prereq: ECO 20000

3 hrs

3 cr.

**ECO 34100 - International Finance**

GER

3/B

Theories of exchange-rate determination and open-economy macroeconomic theory and policy.

prereq: ECO 20100

3 hrs

3 cr.

**ECO 34500 - Women and Men in the Labor Market**
Pluralism and Diversity

PD/C
GER
3/B

Demand for labor, determination of wages and allocation of time between paid and unpaid activities, “human capital” investments, labor market policy issues.

*cross-listed* WGSL 34500

*prereq: ECO 20000*

3 hrs
3 cr.

**ECO 35000 - Comparative Economic Systems**

Pluralism and Diversity
PD/D
GER
3/B

Comparative analysis of market and planned economies in theory and practice. Process and problems of transitions between planned and market economies.

*prereq: ECO 20000, 20100*

3 hrs
3 cr.

**ECO 35500 - Business Strategy & Industrial Organization**

GER
3/B

Analysis of the strategic behavior of firms in markets with imperfect competition and the role of public policy in regulating these markets.

*prereq: ECO 20000*

3 hrs
3 cr.

**ECO 35600 - Business and Public Policy**

GER
3/B

Analysis of the intersection between business and government in market economies. Topics may include protection of intellectual property, economic regulation, health and safety regulation, antitrust, and the behavior of private firms in the political and social realms.

*prereq: ECO 20000*

3 hrs
3 cr.

**ECO 36000 - Managerial Economics**
GER
GER 3/B

Theory of the firm, risk and uncertainty; forecasting, capital allocation, analysis of costs and returns, pricing.

*prereq: ECO 20000
*3 hrs
*3 cr.

**ECO 36500 - Corporate Finance**

**Pluralism and Diversity**
GER 3/B

Analysis of corporate investment and financing decisions.

*prereq: ECO 20000 and either ECO 22100 or STAT 21300
*3 hrs
*3 cr.

**ECO 36600 - Security and Investment Analysis**

GER 3/B

Operation of the stock market; security analysis and evaluation; economic variables influencing security values.

*prereq: ECO 36500
*3 hrs
*3 cr.

**ECO 37000 - Law and Economics**

GER 3/B

Analytical tools of microeconomics are used to examine various aspects of the law, including property, contracts, torts, liability, and criminal and family law.

*prereq: ECO 20000
*3 hrs
*3 cr.

**ECO 39000 - Independent Study in Economics**

GER 3/B

Open to economics majors and minors. Individual readings, tutorials, research. Written report. May be repeated for total of 6 cr. Not open to accounting majors.

*prereq: perm chair and faculty sponsor
*3 hrs
*3 cr.
ECO 39500 - Selected Topics in Economics

GER
3/B

Jr/Sr majors only. Special readings, research and seminar discussions on selected topics announced each semester. May be repeated for a total of 6 cr.

3 hrs
3 cr.

ECO 42600 - Computer Applications in Economics

Acquisition of computer skills and their application to empirical economic analysis.

prereq: ECO 22100 and declaration of economics major

3 hrs
3 cr.

ECO 49500 - Selected Topics in Economics

Jr/Sr majors only. Special readings, research papers and seminar discussions on selected advanced topics announced each semester. May be repeated for total of 6 cr.

prereq: ECO 30000 or 30100

3 hrs
3 cr.

ECO 49600 - Honors Seminar in Economics

Jr/Sr majors only. Special readings, research and seminar discussions on selected topics announced each semester. May be repeated for total of 6 cr.

prereq: 3.5 GPA in economics, perm chair

3 hrs
3 cr.

ECO 49800 - Internship in Economics of Accounting

Opportunities for working in positions of responsibility in professional institutions (including government agencies, private firms and not-for-profit institutions) for academic credit. The position must provide opportunities for learning about some area of economics, accounting, business or related public policy. Credits may not be used towards the requirements for the economics or accounting major. CR/NC grading is mandatory.

prereq: Open only to qualified economics or accounting majors, upper Junior/Senior only. Enrollment is subject to approval of department adviser. Course may be taken no more than twice.

1 hr
1 cr.

ECO 49900 - Honors Project

Jr/Sr only. Supervised individual research and directed reading. Honors essay.

prereq: For accounting majors: ECO 32100 and 37200; For economics majors: ECO 30000, 30100 and 32100. A 3.5 GPA required in the major offered by the department and permission of the chair

3 hrs
3 cr.
Economics: Accounting and Business Law

ACC 22500 - Survey of Accounting

An introductory accounting survey course designed specifically for non-majors to gain understanding of business terminology and the role of accounting in business environment. It will specifically focus on providing students with the ability to understand and effectively analyze financial information using the financial statements of a company (as an external user), as well as internal company information that will enhance business decision-making process such as budgeting (as an internal user), combining both financial and managerial accounting areas. It will also briefly introduce the basics of non-profit accounting while highlighting differences between for-profit and non-profit accounting information needs and presentations (See attached sample syllabus).
For non-accounting majors only.

prereq: none (cannot be used towards Accounting major)
3 hrs
3 cr.

ACC 23000 - Essentials of Business Law

An introductory business law survey course designed specifically for non-majors to allow them to gain an understanding of basic legal concepts and terminology and the role of law in the business environment. It will specifically focus on the legal issues often encountered in business, including contract law, property law, negotiable instruments, secured transactions and bankruptcy, business entities.
For non-accounting majors only.

prereq: none (cannot be used towards Accounting Major)
3 hrs
3 cr.

ACC 27100 - Accounting I

Basic accounting concepts; preparation of financial statements. Emphasis on income determination and financial position.

prereq: upper freshman standing
3 hrs
3 cr.

ACC 27200 - Accounting II

Accounting concepts applied to partnerships and corporations; funds statements; financial statement analysis.

effective term spring 2016

prereq: ACC 27100 with a grade of C or better
3 hrs
3 cr.

ACC 28000 - Business Law I

Legal institutions; contract law and commercial paper law with focus on Uniform Commercial Code.

prereq: sophomore standing or perm chair
3 hrs
3 cr.
ACC 36700 - Analysis of Financial Statements

GER
GER 3/B

Analysis, interpretation, and use of financial statements.

note: This course does not count as an elective towards the Economics major.

prereq: ECO 37200 and ECO 36500 or adviser's permission
3 hrs
3 cr.

ACC 37100 - Intermediate Accounting I

In-depth study of current concepts relating to accounting for assets and current liabilities.

effective term spring 2016
prereq: ACC 27100 and ACC 27200 all with a grade of C or better.
3 hrs
3 cr.

ACC 37200 - Intermediate Accounting II

Revenue recognition; accounting for equities, income taxes, pensions, leases, price level changes.

effective term spring 2016
prereq: ACC 27100 and ACC 27200 and ACC 37100 all with a grade of C or better.
3 hrs
3 cr.

ACC 37300 - Federal Income Taxation

Principles of federal income taxation and the impact of taxes on individuals.

effective term spring 2016
prereq: Prereq: ACC 27100 and ACC 27200 and ACC 37100, all with a grade of C or better
3 hrs
3 cr.

ACC 37400 - Managerial Accounting (Cost Accounting)

Accumulation, analysis, presentation and use of cost data by management; budgets.

effective term spring 2016
prereq: Prereq: ACC 27100 and ACC 27200 and ACC 37100 all with a grade of C or better
3 hrs
3 cr.

ACC 38000 - Business Law II

Legal aspects of business organizations; agency, partnership and corporate relationships.

prereq: ACC 28000
ACC 47100 - Advanced Accounting I

effective term spring 2016

prereq: ACC 27100 and ACC 27200 and ACC 37100 and ACC 37200 all with a grade of C or better

3 hrs

3 cr.

ACC 47200 - Advanced Accounting II

Accounting theory and practice focused on partnerships, joint ventures, multinationals, government and public sector entities; not-for-profit accounting; interim and segment reporting; SEC problems, fiduciary accounting, bankruptcy.

effective term spring 2016

prereq: ACC 27100 and ACC 27200 and ACC 37100 and ACC 37200 all with a grade of C or better

3 hrs

3 cr.

ACC 47300 - Business Taxes

Federal income taxation of partnerships and corporations; other special tax issues.

effective term spring 2016

prereq: ACC 27100 and ACC 27200 and ACC 37100 and ACC 37200 and ACC 37300 all with a grade of C or better

3 hrs

3 cr.

ACC 47500 - Auditing

Auditing theory and practices; ethics of accounting profession; procedures for auditing financial statements.

prereq: ACC 27100 and ACC 27200 and ACC 37100 and ACC 37200 all with a grade of C or better

prereq or coreq: ACC 47100 with a grade of C or better

4 hrs

4 cr.

ACC 47600 - Computer Accounting Systems

prereq: ACC 37200 and declaration as an accounting major

3 hrs

3 cr.

ACC 48000 - Business Law III

Sales and financing devices under Uniform Commercial Code; property; trusts and estates; bankruptcy; other selected topics.

prereq: ACC 38000

3 hrs

3 cr.
ACC 49000 - Accounting & Auditing Research

Acquisition of research, analytical and communication skills. Provides coverage of fundamental knowledge and skills to conduct research as well as their application through announced readings, cases and research discussions on selected topics. Requires extensive Internet and library research including the use of FASB codification database.

prereq: ECO 22100
prereq or coreq: ACC 47500
3 hrs
3 cr.

Economics: Courses Less Frequently Offered

ECO 30500 - Development of Economic Thought

GER

Programs and Courses in Education

The School of Education
School of Education programs at Hunter College prepare prospective teachers to serve as highly effective educators, and provide opportunities to work with children of diverse backgrounds, abilities, and interests within an array of educational settings in New York State.

A student who completes an undergraduate School of Education program fulfills the academic requirements for New York State Initial Certification. All students in an education major or minor at Hunter must also fulfill both the Hunter Core requirement and the requirements for a liberal arts or sciences major.

The School of Education is committed to the development of teacher candidates that will be both educators and lifelong students. Teacher preparation that focuses on the unique challenges of working in NYC public school classrooms is at the core of Hunter College's educational mission, and the School of Education is a place for aspiring teachers to learn their craft and contribute to the future through the classroom.

School of Education students are held to the highest professional and academic standards, and will be expected to:

- Learn deep and broad content knowledge across academic disciplines.
- Develop professional knowledge and academic skills.
- Learn the theory and practice of effective pedagogy.
- Understand the history, philosophy, psychology, and sociology of education that will inform their teaching.

The School of Education also believes in preparing teacher candidates to work with a diverse student population in the modern classroom, and recognizes that learning takes place inside social and community networks that support student learning. Thus, our programs also provide teacher candidates with knowledge on how to:

- Manage their educational setting to provide effective instruction for all students.
- Design lessons and units of work for students and to adapt their instruction to students' prior knowledge and level of skill.
- Use research-based theories and methods of teaching students with special needs, including special education students and English language learners.
- Learn to create humane and ethical learning communities in which all students receive the support they need to achieve academically.
- Learn to communicate effectively with parents, families, community members, and other members of the school faculty and staff in order to provide this support.
- Master the use of technology as a tool for teaching.

Finally, becoming a Hunter College teacher candidate requires dedication to the continuous improvement of one's professional abilities. Our programs, therefore, ensure teacher candidates know how to:

- Reflect on teaching practice in order to strengthen work with students and grow as professionals.
- Gain expertise in analyzing and using assessments of student achievement to guide and inform instruction.

Adolescent Biology, Grades 7-12 - BA

The BA program in Adolescent Biology Education leads to initial certification as a teacher in New York State.

The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

The Education course of study is a 27-credit sequence that students usually complete over four semesters in addition to the major in the subject they plan to teach.

Applying for Admission

Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can be accessed online through the School of Education website. Students interested in an Education program should apply as early as possible in the semester prior to the one in which they plan to enroll. Transfer students should seek advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.
Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts & Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 3.0 or better.
3. Have a grade of B or better in ENGL 12000.
4. Have no more than 6 credits of CR/NC grades.
5. Formal declaration of a major in biology.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Sciences Major Requirements

37 credits in Biology plus 33.5-36.5 credits in required additional science and math courses (total 70.5 to 73.5 credits). (see Biological Sciences for details of course requirements)

New York State Liberal Arts & Science Distribution Requirement

These are courses required for School of Education students. Most of these courses may also be used towards the Hunter Core requirement.

- ENGL 12000 and ENGL 22000
- Two courses selected from HIST 15100, HIST 15200 and GEOG 10100
- STAT 21300 (STEM)
- 12 credits of foreign language
- 6 credits of art
- One course in communication

Academic Progress Standards

- Students must maintain a GPA of at least 3.0 and an education sequence index of at least 3.0.
- Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.
- Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.
- Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.
- Any student who has more than two grades of IN will be permitted to register for only one course the following semester.
- Second Methods Course: Students will be permitted to register for the second methods course in their subject area only after having met the following requirements: Completion of 18 credits of study in the major subject
area; approval of the major department adviser; and maintenance of an overall GPA of 3.0 and an education sequence index of 3.0.

- Take and pass both the Educating All Students test (EAS) and the appropriate Content Specialty Test (CST) of the New York State Teacher Certification Exams prior to student teaching.
- Complete at least 21 credits in an approved Arts & Sciences major before student teaching.

Course of Study

SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool-community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.

3 hrs
3 cr.

SEDF 20400 - Adolescent Development

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork
2 cr.

SEDF 20500 - Educational Psychology: Applications in Grades 7-12

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

prereq: SEDF 20300, 20400
2 hrs per week plus 36 hrs fieldwork
2 cr.

SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

prereq: SEDF 20500, SEDC 21000
2 per week plus lab
2 cr.

SEDC 21000 - Building the Foundations of Literacy in Grades 7-12

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.

3 hrs
3 cr.

SEDC 21300 - Methods I: Classroom Organization, Management and Instruction in Mathematics and Science, Grades 7-12
Candidates will identify the impact of various classroom organization patterns, rules and routines. Candidates will be able to design, implement and evaluate lessons in the context of state and city standards for learning in grades 7-12.

**SEDC 22000 - Adolescent Health and Safety**

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

**prereq**: SEDF 20300, 20400

1 hr

1 cr.

**SEDC 32400 - Methods II: Teaching Diverse Learners Science, Grades 7-12**

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in science. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

**prereq**: SEDC 21300

**prereq or coreq**: SEDF 20500, SEDC 21000

2 hrs per week plus 48 hrs fieldwork

2 cr.

**SEDC 34100 - Adolescent Fieldwork**

Seminar and field experience in adolescent education. Students will complete a 48-hour field experience in a grade 7-12 classroom in their subject and will participate in an accompanying seminar. They will be observed and evaluated in the field by a School of Education faculty member. An accompanying seminar will treat issues arising from the field experience. Students must achieve a grade of B or better in this course to continue in the program. Any student who obtains a grade of F in the course will not be allowed to continue in the program. Any student who obtains a grade below B must apply to the department chairperson for permission to repeat the course, which may be repeated only once.

**coreq**: SEDC 31200 or SEDC 32100 or SEDC 32200 or SEDC 32300 or SEDC 32400 or SEDC 32500

15 hours of seminar; 48 hours of fieldwork

1 cr.

**SEDC 45410 - Student Teaching in Biology, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified biology teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

**prereq**: SEDC 32400

**prereq or coreq**: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences
5 cr.

**SPED 30800 - Teaching Students with Special Needs in Inclusive Settings**

Participants will explore the benefits and challenges of creating and maintaining classrooms designed to incorporate students with disabilities in the general education environment for part, or all, of their program.

A new State regulation requires that all teacher education programs leading to initial certification include a 3-credit course in teaching students with disabilities. This course will be added to all initial certification programs that do not currently have such a course. It is intended for teachers of general (not special) education at all grade levels.

*prereq: 12 credits of coursework*

45 hrs
3 cr.

**School of Education Exit Standards**

Students must meet the following criteria in order to graduate with a School of Education major or minor:

- Have an overall GPA of at least 3.0
- Complete the Dignity for All Students Act (DASA) anti-bullying workshop. The DASA workshop is required for all students in a NYS certification program at the School of Education. The workshop requires six clock hours of coursework or training.

**Adolescent Biology, Grades 7-12 - BA/MA**

The BA/MA program in Adolescent Biology Education leads to initial certification as a teacher in New York State.

The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

The Education course of study is a 27-credit sequence that students usually complete over four semesters in addition to the major in the subject they plan to teach.

**Applying for Admission**

Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can be accessed online through the School of Education website. Students interested in an Education program should apply as early as is possible in the semester prior to the one in which they plan to enroll. Transfer students should seek advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.

Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts &
Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 3.0 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in biology.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Sciences Major Requirements

Complete the full major in Biology replacing 10 credits of elective courses that they take towards the BA with graduate courses. Complete the extra 19 credits of graduate biology courses for a total of 29 graduate biology credits.

New York State Liberal Arts & Science Distribution Requirement

These are courses required for School of Education students. Most of these courses may also be used toward the Common Core Requirements.

- 6 credits of English courses
- 6 credits of social studies (at least one course in U.S. history or U.S. geography)
- 3 credits in the arts
- 6 credits of foreign language
- 6 credits in math (a college course in calculus meets this requirement)

Academic Progress Standards

- Students must maintain a GPA of at least 3.0 and an education sequence index of at least 3.0.
- Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.
- Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.
- Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.
- Any student who has more than two grades of IN will be permitted to register for only one course the following semester.
- Second Methods Course: Students will be permitted to register for the second methods course in their subject area only after having met the following requirements: Completion of 18 credits of study in the major subject area; approval of the major department adviser; and maintenance of an overall GPA of 3.0 and an education sequence index of 3.0.
• Take and pass both the Educating All Students test (EAS) and the appropriate Content Specialty Test (CST) of the New York State Teacher Certification Exams prior to student teaching.
• Complete at least 21 credits in an approved Arts & Sciences major before student teaching.

Course of Study

Education Courses for BA/MA in Adolescent Biology. For course descriptions please see the graduate catalog.

• SEDF 70300: Social Foundations of Education: Grades 7-12
• SEDF 70400: Adolescent Development
• SEDF 70500: Educational Psychology: Applications in Grades 7-12

Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts & Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 3.0 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in chemistry.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Sciences Major Requirements

24 -27 credits of chemistry plus 27 credits of biology, math and physics. (See Chemistry Major II for details of course requirements)

New York State Liberal Arts & Science Distribution Requirement

These are courses required for School of Education students. Most of these courses may also be used towards the Hunter Core requirements

- ENGL 12000 and ENGL 22000
- Two courses selected from HIST 15100, HIST 15200 and GEOG 10100
- STAT 21300 (STEM)
- 6 credits in the arts
- 12 credits of foreign language
- One course in communication

Course of Study

**SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)**

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool- community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.
3 hrs
3 cr.

**SEDF 20400 - Adolescent Development**

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

*2 hrs per week plus 36 hrs fieldwork*

2 cr.

**SEDF 20500 - Educational Psychology: Applications in Grades 7-12**

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

*prereq: SEDF 20300, 20400*

*2 hrs per week plus 36 hrs fieldwork*

2 cr.

**SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12**

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

*prereq: SEDF 20500, SEDC 21000*

*2 per week plus lab*

2 cr.

**SEDC 21000 - Building the Foundations of Literacy in Grades 7-12**

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.

3 hrs

3 cr.

**SEDC 21300 - Methods I: Classroom Organization, Management and Instruction in Mathematics and Science, Grades 7-12**

Candidates will identify the impact of various classroom organization patterns, rules and routines. Candidates will be able to design, implement and evaluate lessons in the context of state and city standards for learning in grades 7-12.

*prereq or coreq: SEDF 20300, 20400*

3 hrs

3 cr.

**SEDC 22000 - Adolescent Health and Safety**

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

*prereq: SEDF 20300, 20400*
1 hr
1 cr.

SEDC 32400 - Methods II: Teaching Diverse Learners Science, Grades 7-12

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in science. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

prereq: SEDC 21300
prereq or coreq: SEDF 20500, SEDC 21000
2 hrs per week plus 48 hrs fieldwork
2 cr.

SEDC 34100 - Adolescent Fieldwork

Seminar and field experience in adolescent education. Students will complete a 48-hour field experience in a grade 7-12 classroom in their subject and will participate in an accompanying seminar. They will be observed and evaluated in the field by a School of Education faculty member. An accompanying seminar will treat issues arising from the field experience. Students must achieve a grade of B or better in this course to continue in the program. Any student who obtains a grade of F in the course will not be allowed to continue in the program. Any student who obtains a grade below B must apply to the department chairperson for permission to repeat the course, which may be repeated only once.

coreq: SEDC 31200 or SEDC 32100 or SEDC 32200 or SEDC 32300 or SEDC 32400 or SEDC 32500
15 hours of seminar; 48 hours of fieldwork
1 cr.

SEDC 45420 - Student Teaching in Chemistry, Grades 7-12

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified chemistry teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

prereq: SEDC 32400

prereq or coreq: SEDF 20600
2 hrs per week, 60 days student teaching plus workshops and conferences
5 cr.

SPED 30800 - Teaching Students with Special Needs in Inclusive Settings

Participants will explore the benefits and challenges of creating and maintaining classrooms designed to incorporate students with disabilities in the general education environment for part, or all, of their program.

A new State regulation requires that all teacher education programs leading to initial certification include a 3-credit course in teaching students with disabilities. This course will be added to all initial certification programs that do not currently have such a course. It is intended for teachers of general (not special) education at all grade levels.

prereq: 12 credits of coursework
Academic Progress Standards

- Students must maintain a GPA of at least 3.0 and an education sequence index of at least 3.0.
- Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.
- Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.
- Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.
- Any student who has more than two grades of IN will be permitted to register for only one course the following semester.
- Second Methods Course: Students will be permitted to register for the second methods course in their subject area only after having met the following requirements: Completion of 18 credits of study in the major subject area; approval of the major department adviser; and maintenance of an overall GPA of 3.0 and an education sequence index of 3.0.
- Take and pass both the Educating All Students test (EAS) and the appropriate Content Specialty Test (CST) of the New York State Teacher Certification Exams prior to student teaching.
- Complete at least 21 credits in an approved Arts & Sciences major before student teaching.

School of Education Exit Standards

Students must meet the following criteria in order to graduate with a School of Education major or minor:

- Have an overall GPA of at least 3.0
- Complete the Dignity for All Students Act (DASA) anti-bullying workshop. The DASA workshop is required for all students in a NYS certification program at the School of Education. The workshop requires six clock hours of coursework or training.

Adolescent Chemistry, Grades 7-12 - BA/MA

The BA/MA program in Adolescent Chemistry Education leads to initial certification as a teacher in New York State.

The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

The Education course of study is a 27-credit sequence that students usually complete over four semesters in addition to the major in the subject they plan to teach.

School of Education Exit Standards

Students must meet the following criteria in order to graduate with a School of Education major or minor:

• Have an overall GPA of at least 3.0
• Complete the Dignity for All Students Act (DASA) anti-bullying workshop. The DASA workshop is required for all students in a NYS certification program at the School of Education. The workshop requires six clock hours of coursework or training.

Adolescent Education Programs, Grades 7-12 and Dance Education, Grades Pre K-12

List of Programs
Progress Standards

1. Students must maintain a minimum overall GPA of 2.8 and an education sequence index of 2.8.

2. Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.

3. Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.

4. Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.

5. Any student who has more than two grades of IN will be permitted to register for only one course the following semester.

Students will be permitted to register for the second methods course in their subject area only after having met the following requirements:

1. Completion of 18 credits of study in the major subject area;

2. Approval of the major department adviser; and

3. Maintenance of an overall GPA of 2.8 and an education sequence index of 2.8.

Students should register to take the Liberal Arts and Sciences Test (LAST) of the New York State Teacher Certification Examinations during their junior year. Students will not be allowed to enroll in student teaching until their scores on the LAST have been received by the School of Education. Students who do not pass the LAST at least partly because of low scores on subtest 4 and/or 5 must enroll in a college writing course before being allowed to register for any additional courses.

Admission Process

1. Students interested in applying to the Adolescent Education program should apply at the beginning of the semester prior to the semester in which they plan to enroll.

2. Students must participate in a group interview with several other students and School of Education faculty members.
3. Students must complete an on-site writing sample that the School of Education faculty will use to assess written English skills.

Admission Requirements

Students who wish to enter the adolescent education sequence must meet all the criteria given below.

1. Minimum of 65 credits but no more than 90 credits;

2. GPA of at least 2.8. If a student has more than 6 credits of CR/NR grades, the excess of these grades will be calculated as C or F in determining whether the student meets the minimum GPA;

3. A grade of at least B in ENGL 12000 (or a 200- or 300-level writing course such as ENGL 201);

4. Formal declaration of a major in a subject area appropriate for certification: English, Languages Other than English (Chinese, French, German, Hebrew, Italian, Russian, Spanish), Mathematics, Biology, Chemistry, Physics, Social Studies (Geography Option 2), Dance; and

5. Submission of an application for admission to the sequence (the application is available in the Office of Educational Services, Room 1000 Hunter West).

Program Overview

Students who major in an academic subject may also wish to complete a sequence of courses in education that will enable them to pursue a career teaching students in grades 7-12. The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools.

Programs in adolescent education at Hunter College prepare prospective teachers to serve as highly effective educators in urban middle and high schools. Through rigorous course work, fieldwork and student teaching experiences in New York City schools, students learn how to provide an academically rigorous education to students of diverse backgrounds, abilities and interests.

Content Knowledge

Courses in the academic discipline offered by the School of Arts & Sciences will deepen teacher candidates’ subject knowledge. They will learn how to use knowledge of their subject to design and implement classroom instruction that reflects State and professional standards.

Professional Knowledge

Teacher candidates will learn the theory and practice of effective pedagogy in their subject area. They will gain a grounding in the history, philosophy, psychology and sociology of education that will inform their teaching. They will study research-based theories and methods of teaching their subject to students with special needs, including special education students and English language learners.

Skills

Teacher candidates will learn to design lessons and units of work for students and to adapt their instruction to students’ prior knowledge and level of skill. They will gain expertise in analyzing and using assessments of student achievement
to guide and inform their instruction. They will master the use of technology as a tool for teaching their subject. They will learn to manage their classrooms to provide effective instruction for all students. They will practice ways to assess and reflect on their teaching practice in order to strengthen their work with students and grow as professionals.

Creating Community

Teacher candidates will learn to create humane and ethical learning communities in their classrooms and schools in which all students receive the support they need to achieve academically. They will learn to communicate effectively with parents, families, community members and other members of the school faculty and staff in order to provide this support.

Programs

The Hunter College School of Education offers the following undergraduate programs leading to initial certification in adolescent education (grades 7-12): biology, chemistry, Chinese, English, French, German, Hebrew, Italian, mathematics, physics, Russian, social studies and Spanish. Hunter also offers an undergraduate program leading to initial certification in dance (pre-K-12). In addition, BA/MA programs in biology, chemistry, earth science, mathematics, music and physics are offered. These programs lead to initial and professional certification.

The program of study for the baccalaureate degree at Hunter College requires a minimum of 120 credits. This is a daytime program that includes fieldwork in New York City public schools designated by the Hunter College School of Education. Students who wish to pursue initial certification in one of the above areas must take a specified sequence of education courses, in addition to fulfilling the college’s General Education Requirement (GER) and the requirements of their liberal arts or sciences major. All relevant departments accept the adolescent education sequence as a minor.

Transfer Students

The program will conditionally admit transfer students with 60 or more credits who have a GPA of at least 3.3 without requiring that they complete 12 credits at Hunter College. However, they must establish a minimum GPA of 2.8 at Hunter College to continue in the program after the first semester. Any transfer student who has a GPA of 2.8-3.29 must complete 12 credits at Hunter College with a cumulative GPA of at least 2.8 before being admitted to the program in adolescent education.

Adolescent English, Grades 7-12 - BA

The BA program in Adolescent English Education leads to initial certification as a teacher in New York State.

The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

The Education course of study is a 27-credit sequence that students usually complete over four semesters in addition to the major in the subject they plan to teach.

Applying for Admission
Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can be accessed online through the School of Education website. Students interested in an Education program should apply as early as is possible in the semester prior to the one in which they plan to enroll. Transfer students should seek advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.

Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts & Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 3.0 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in English.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Sciences Major Requirements

Completion of the BA degree: Concentration in English: Preparation for Secondary School Teaching (39 cr)

New York State Liberal Arts & Science Distribution Requirement

These are courses required for School of Education students. Most of these courses may also be used towards the Appendix I: Hunter Core Requirement.

- ENGL 12000 and ENGL 22000
- Two courses selected from HIST 15100, HIST 15200 and GEOG 10100
- STAT 11300
- 9 credits in math, science and technology (must include one laboratory science course)
- 6 credits in the arts
- 12 credits of foreign language
- One course in communication

Academic Progress Standards

- Students must maintain a GPA of at least 3.0 and an education sequence index of at least 3.0.
- Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.
• Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.
• Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.
• Any student who has more than two grades of IN will be permitted to register for only one course the following semester
• Second Methods Course: Students will be permitted to register for the second methods course in their subject area only after having met the following requirements: Completion of 18 credits of study in the major subject area; approval of the major department adviser; and maintenance of an overall GPA of 3.0 and an education sequence index of 3.0.
• Take and pass both the Educating All Students test (EAS) and the appropriate Content Specialty Test (CST) of the New York State Teacher Certification Exams prior to student teaching.
• Complete at least 21 credits in an approved Arts & Sciences major before student teaching.

Course of Study

SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool-community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.
3 hrs
3 cr.

SEDF 20400 - Adolescent Development

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.
2 hrs per week plus 36 hrs fieldwork
2 cr.

SEDF 20500 - Educational Psychology: Applications in Grades 7-12

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.
prereq: SEDF 20300, 20400
2 hrs per week plus 36 hrs fieldwork
2 cr.

SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.
prereq: SEDF 20500, SEDC 21000
2 per week plus lab
2 cr.

SEDC 21000 - Building the Foundations of Literacy in Grades 7-12
Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.

3 hrs
3 cr.

**SEDC 21100 - Young Adult Literature in Our Diverse Society**

Familiarizes prospective teachers with a wide variety of literature for or about young adults. Books discussed and dramatized during each session reflect diverse cultures, varying learning styles, and special needs of young adults. The English language arts standards are addressed as delineated in city and state regulations. Literacy and comprehension skills are explored as well.

prereq or coreq: SEDF 20300, 20400
3 hrs
3 cr.

**SEDC 22000 - Adolescent Health and Safety**

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

prereq: SEDF 20300, 20400
1 hr
1 cr.

**SEDC 32100 - Teaching English Methods to a Diverse Population in Grades 7-12**

Methodology that facilitates the learning of English language arts for a diverse population in secondary schools. Teacher candidates will engage in ways of teaching adolescents the skills of reading, responding to literature, writing (creative and expository), listening, speaking, and applying grammar conventions. They will write lesson and unit plans and experiment with classroom management and assessment techniques as they present lessons to the class for peer and instructor criticisms. State and city teaching standards will be applied throughout the course.

prereq: SEDC 21100
prereq or coreq: SEDF 20500, SEDC 21000
2 hrs per week plus 48 hrs fieldwork
2 cr.

**SEDC 34100 - Adolescent Fieldwork**

Seminar and field experience in adolescent education. Students will complete a 48-hour field experience in a grade 7-12 classroom in their subject and will participate in an accompanying seminar. They will be observed and evaluated in the field by a School of Education faculty member. An accompanying seminar will treat issues arising from the field experience. Students must achieve a grade of B or better in this course to continue in the program. Any student who obtains a grade of F in the course will not be allowed to continue in the program. Any student who obtains a grade below B must apply to the department chairperson for permission to repeat the course, which may be repeated only once.

coreq: SEDC 31200 or SEDC 32100 or SEDC 32200 or SEDC 32300 or SEDC 32400 or SEDC 32500
15 hours of seminar; 48 hours of fieldwork
1 cr.
**SEDC 45100 - Student Teaching in English, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified English teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

*prereq: SEDC 32100  
prereq or coreq: SEDF 20600  
2 hrs per week, 60 days student teaching plus workshops and conferences  
5 cr.*

**SPED 30800 - Teaching Students with Special Needs in Inclusive Settings**

Participants will explore the benefits and challenges of creating and maintaining classrooms designed to incorporate students with disabilities in the general education environment for part, or all, of their program.

A new State regulation requires that all teacher education programs leading to initial certification include a 3-credit course in teaching students with disabilities. This course will be added to all initial certification programs that do not currently have such a course. It is intended for teachers of general (not special) education at all grade levels.

*prereq: 12 credits of coursework  
45 hrs  
3 cr.*

**School of Education Exit Standards**

Students must meet the following criteria in order to graduate with a School of Education major or minor:

- Have an overall GPA of at least 3.0
- Complete the Dignity for All Students Act (DASA) anti-bullying workshop. The DASA workshop is required for all students in a NYS certification program at the School of Education. The workshop requires six clock hours of coursework or training.

**Adolescent Mathematics, Grades 7-12 - BA**

The BA program in Adolescent Mathematics Education leads to initial certification as a teacher in New York State.

The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

The Education course of study is a 27-credit sequence that students usually complete over four semesters in addition to the major in the subject they plan to teach.

**Applying for Admission**

Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can be accessed online through the School of Education website. Students interested in an Education program should apply
as early as is possible in the semester prior to the one in which they plan to enroll. Transfer students should seek advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.

Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts & Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

**Admission Requirements**

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 3.0 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in mathematics.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

**Liberal Arts and Sciences Major Requirements**

33-credit major in mathematics Mathematics - BA plus one year of calculus (MATH 15000 (STEM) and MATH 15500 (STEM), or the equivalent).

**New York State Liberal Arts & Science Distribution Requirement**

These are courses required for School of Education students. Most of these courses may also be used towards the Common Core Requirement.

- ENG 120 and ENG 220
- Two courses selected from HIST 151, HIST 152 and GEOG 101
- STAT 213
- One science course with a lab component
- 6 credits in the arts
- 12 credits of foreign language
- One course in communication

**Academic Progress Standards**

- Students must maintain a GPA of at least 3.0 and an education sequence index of at least 3.0.
- Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.
- Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.
• Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.
• Any student who has more than two grades of IN will be permitted to register for only one course the following semester.
• Second Methods Course: Students will be permitted to register for the second methods course in their subject area only after having met the following requirements: Completion of 18 credits of study in the major subject area; approval of the major department adviser; and maintenance of an overall GPA of 3.0 and an education sequence index of 3.0.
• Take and pass both the Educating All Students test (EAS) and the appropriate Content Specialty Test (CST) of the New York State Teacher Certification Exams prior to student teaching.
• Complete at least 21 credits in an approved Arts & Sciences major before student teaching.

- Complete the Dignity for All Students Act (DASA) anti-bullying workshop. The DASA workshop is required for all students in a NYS certification program at the School of Education. The workshop requires six clock hours of coursework or training.

Adolescent Mathematics, Grades 7-12 - BA/MA

The BA/MA program in Adolescent Mathematics Education leads to initial certification as a teacher in New York State.

The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

The Education course of study is a 27-credit sequence that students usually complete over four semesters in addition to the major in the subject they plan to teach.

Applying for Admission

Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can be accessed online through the School of Education website. Students interested in an Education program should apply as early as is possible in the semester prior to the one in which they plan to enroll. Transfer students should seek
Advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.

Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts & Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 3.0 or better.
3. Receive a grade of B or better in ENGL 120.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in mathematics.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Sciences Major Requirements

50-credits in Mathematics Preparation for Adolescent Education (Grades 7-12) - BA/MA, including MATH 150, 155, 250, 260, 311, 620, 623 or 634, 630, 661, STAT 213 and 614, plus 12 additional credits at the 200 level or above.

A minimum of 141 credits is required for this degree.

New York State Liberal Arts & Science Distribution Requirement

These are courses required for School of Education students. Most of these courses may also be used towards the Common Core Requirement.

- ENG 120 and ENG 220
- Two courses selected from HIST 151, HIST 152 and GEOG 101
- STAT 213
- One science course with a lab component
- 6 credits in the arts
- 12 credits of foreign language
- One course in communication

Academic Progress Standards

- Students must maintain a GPA of at least 3.0 and an education sequence index of at least 3.0.
- Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.
- Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.
• Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.
• Any student who has more than two grades of IN will be permitted to register for only one course the following semester.
• Second Methods Course: Students will be permitted to register for the second methods course in their subject area only after having met the following requirements: Completion of 18 credits of study in the major subject area; approval of the major department adviser; and maintenance of an overall GPA of 3.0 and an education sequence index of 3.0.
• Take and pass both the Educating All Students test (EAS) and the appropriate Content Specialty Test (CST) of the New York State Teacher Certification Exams prior to student teaching.
• Complete at least 21 credits in an approved Arts & Sciences major before student teaching.

Course of Study

• SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)
• SEDF 20400 - Adolescent Development
• SEDF 20500 - Educational Psychology: Applications in Grades 7-12
• SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12
• SEDC 21000 - Building the Foundations of Literacy in Grades 7-12
• SEDC 22000 - Adolescent Health and Safety

Additional Education Courses for BA/MA in Adolescent Mathematics. For course descriptions please see the graduate catalog.

• SEDC 71300: Methods I: Advanced Study of Secondary Learning Environments for Teaching Mathematics and Science
• SEDC 72300: Methods II: Intensive Study of Teaching Diverse Learners in Mathematics, Grades 7-12
• SEDC 7530: Student Teaching in Grades 7-12: Mathematics
• SPED 70800: Teaching Students with Special Needs in Inclusive Settings

School of Education Exit Standards

Students must meet the following criteria in order to graduate with a School of Education major or minor:

• Have an overall GPA of at least 3.0
• Complete the Dignity for All Students Act (DASA) anti-bullying workshop. The DASA workshop is required for all students in a NYS certification program at the School of Education. The workshop requires six clock hours of coursework or training.

Adolescent Physics, Grades 7-12 - BA

The BA program in Adolescent Physics Education leads to initial certification as a teacher in New York State.

The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

The Education course of study is a 27-credit sequence that students usually complete over four semesters in addition to the major in the subject they plan to teach.
Applying for Admission

Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can be accessed online through the School of Education website. Students interested in an Education program should apply as early as is possible in the semester prior to the one in which they plan to enroll. Transfer students should seek advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.

Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts & Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

Admission Requirements

- Minimum of at least 65 credits but no more than 90 credits.
- A Hunter College Grade Point Average (GPA) of 3.0 or better.
- Receive a grade of B or better in ENGL 12000.
- Have no more than 6 cr. of CR/NC grades.
- Formal declaration of a major in physics.
- Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Sciences Major Requirements

30-credit major in physics. (see Physics Option 1)

New York State Liberal Arts & Science Distribution Requirement

These are courses required for School of Education students. Most of these courses may also be used toward the Common Core Requirement.

- ENG 120 and ENG 220
- Two courses selected from HIST 151, HIST 152 and GEOG 101
- STAT 213
- 6 credits in the arts
- 12 credits of foreign language
- One course in communication

Academic Progress Standards

- Students must maintain a GPA of at least 3.0 and an education sequence index of at least 3.0.
• Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.
• Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.
• Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.
• Any student who has more than two grades of IN will be permitted to register for only one course the following semester.
• Second Methods Course: Students will be permitted to register for the second methods course in their subject area only after having met the following requirements: Completion of 18 credits of study in the major subject area; approval of the major department adviser; and maintenance of an overall GPA of 3.0 and an education sequence index of 3.0.
• Take and pass both the Educating All Students test (EAS) and the appropriate Content Specialty Test (CST) of the New York State Teacher Certification Exams prior to student teaching.
• Complete at least 21 credits in an approved Arts & Sciences major before student teaching.

Course of Study

SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool- community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.

3 hrs
3 cr.

SEDF 20400 - Adolescent Development

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork
2 cr.

SEDF 20500 - Educational Psychology: Applications in Grades 7-12

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

prereq: SEDF 20300, 20400
2 hrs per week plus 36 hrs fieldwork
2 cr.

SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

prereq: SEDF 20500, SEDC 21000
2 per week plus lab
2 cr.
SEDC 21000 - Building the Foundations of Literacy in Grades 7-12

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.

3 hrs
3 cr.

SEDC 21300 - Methods I: Classroom Organization, Management and Instruction in Mathematics and Science, Grades 7-12

Candidates will identify the impact of various classroom organization patterns, rules and routines. Candidates will be able to design, implement and evaluate lessons in the context of state and city standards for learning in grades 7-12.

prereq or coreq: SEDF 20300, 20400

3 hrs
3 cr.

SEDC 22000 - Adolescent Health and Safety

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

prereq: SEDF 20300, 20400

1 hr
1 cr.

SEDC 32400 - Methods II: Teaching Diverse Learners Science, Grades 7-12

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in science. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

prereq: SEDC 21300
prereq or coreq: SEDF 20500, SEDC 21000

2 hrs per week plus 48 hrs fieldwork
2 cr.

SEDC 34100 - Adolescent Fieldwork

Seminar and field experience in adolescent education. Students will complete a 48-hour field experience in a grade 7-12 classroom in their subject and will participate in an accompanying seminar. They will be observed and evaluated in the field by a School of Education faculty member. An accompanying seminar will treat issues arising from the field experience. Students must achieve a grade of B or better in this course to continue in the program. Any student who obtains a grade of F in the course will not be allowed to continue in the program. Any student who obtains a grade below B must apply to the department chairperson for permission to repeat the course, which may be repeated only once.

coreq: SEDC 31200 or SEDC 32100 or SEDC 32200 or SEDC 32300 or SEDC 32400 or SEDC 32500
15 hours of seminar; 48 hours of fieldwork
1 cr.
**SEDC 45430 - Student Teaching in Physics, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified physics teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

*prereq: SEDC 32400*

*prereq or coreq: SEDF 20600*

2 hrs per week, 60 days student teaching plus workshops and conferences

5 cr.

**SPED 30800 - Teaching Students with Special Needs in Inclusive Settings**

Participants will explore the benefits and challenges of creating and maintaining classrooms designed to incorporate students with disabilities in the general education environment for part, or all, of their program.

A new State regulation requires that all teacher education programs leading to initial certification include a 3-credit course in teaching students with disabilities. This course will be added to all initial certification programs that do not currently have such a course. It is intended for teachers of general (not special) education at all grade levels.

*prereq: 12 credits of coursework*

45 hrs

3 cr.

**School of Education Exit Standards**

Students must meet the following criteria in order to graduate with a School of Education major or minor:

- Have an overall GPA of at least 3.0
- Complete the Dignity for All Students Act (DASA) anti-bullying workshop. The DASA workshop is required for all students in a NYS certification program at the School of Education. The workshop requires six clock hours of coursework or training.

**Adolescent Physics, Grades 7-12 - BA/MA**

The BA/MA program in Adolescent Physics Education leads to initial certification as a teacher in New York State.

The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

The Education course of study is a 27-credit sequence that students usually complete over four semesters in addition to the major in the subject they plan to teach.

**Applying for Admission**

Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can
be accessed online through the School of Education website. Students interested in an Education program should apply as early as is possible in the semester prior to the one in which they plan to enroll. Transfer students should seek advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.

Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts & Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

Admission Requirements

- Minimum of at least 65 credits but no more than 90 credits.
- A Hunter College Grade Point Average (GPA) of 3.0 or better.
- Receive a grade of B or better in ENGL 12000.
- Have no more than 6 cr. of CR/NC grades.
- Formal declaration of a major in physics.
- Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Sciences Major Requirements

Minimum of 130.5 credits to include Physics major (minimum of 37 credits) and 16 graduate credits in physics.

New York State Liberal Arts & Science Distribution Requirement

These are courses required for School of Education students. Most of these courses may also be used towards the Common Core Requirement.

- 6 credits of English courses
- 6 credits of social studies (at least one course in U.S. history or U.S. geography)
- 3 credits in the arts
- 6 credits of foreign language
- 6 credits in math or technology (a college course in calculus meets this requirement)

Academic Progress Standards

- Students must maintain a GPA of at least 3.0 and an education sequence index of at least 3.0.
- Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.
- Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.
- Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.
Any student who has more than two grades of IN will be permitted to register for only one course the following semester.

Second Methods Course: Students will be permitted to register for the second methods course in their subject area only after having met the following requirements: Completion of 18 credits of study in the major subject area; approval of the major department adviser; and maintenance of an overall GPA of 3.0 and an education sequence index of 3.0.

Take and pass both the Educating All Students test (EAS) and the appropriate Content Specialty Test (CST) of the New York State Teacher Certification Exams prior to student teaching.

Complete at least 21 credits in an approved Arts & Sciences major before student teaching.

Course of Study

Education Courses for BA/MA in Adolescent Physics. For course descriptions please see the graduate catalog.

- SEDF 70300: Social Foundations of Education: Grades 7-12
- SEDF 70400: Adolescent Development
- SEDF 70500: Educational Psychology: Applications in Grades 7-12
- SEDF 70600: Assessment of the Teaching and Learning Process in Grades 7-12
- SEDC 71000: Building the Foundations of Literacy in Grades 7-12
- SEDC 72000: Adolescent Health and Safety
- SEDC 71300: Methods I: Classroom Organization, Management and Assessment of Instruction in Mathematics and Science Grades 7-12
- SEDC 72400: Methods II: Teaching Diverse Learners in Science, Grades 7-12
- SEDC 75403: Student Teaching in Grades 7-12: Physics
- SPED 70800: Teaching Students with Special Needs in Inclusive Settings

School of Education Exit Standards

Students must meet the following criteria in order to graduate with a School of Education major or minor:

- Have an overall GPA of at least 3.0
- Complete the Dignity for All Students Act (DASA) anti-bullying workshop. The DASA workshop is required for all students in a NYS certification program at the School of Education. The workshop requires six clock hours of coursework or training.

Adolescent Social Studies, Grades 7-12 - BA

The BA program in Adolescent Social Studies Education leads to initial certification as a teacher in New York State.

The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

The Education course of study is a 27-credit sequence that students usually complete over four semesters in addition to the major in the subject they plan to teach.

Applying for Admission
Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can be accessed online through the School of Education website. Students interested in an Education program should apply as early as is possible in the semester prior to the one in which they plan to enroll. Transfer students should seek advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.

Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts & Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

**Admission Requirements**

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 3.0 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in history.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

**Liberal Arts and Sciences Major Requirements**

A history major for adolescent teachers. See History for Adolescent Education (Social Studies)

**New York State Liberal Arts & Science Distribution Requirement**

These are courses required for School of Education students. Most of these courses may also be used towards the Appendix I: Hunter Core Requirement.

- ENGL 12000 and ENGL 22000
- Two courses selected from HIST 15100, HIST 15200 and GEOG 10100
- STAT 11300
- 9 credits in math, science and technology (must include one laboratory science course)
- 6 credits in the arts
- 12 credits of foreign language
- One course in communication

**Academic Progress Standards**

- Students must maintain a GPA of at least 3.0 and an education sequence index of at least 3.0.
- Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.
• Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.
• Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.
• Any student who has more than two grades of IN will be permitted to register for only one course the following semester
• Second Methods Course: Students will be permitted to register for the second methods course in their subject area only after having met the following requirements: Completion of 18 credits of study in the major subject area; approval of the major department adviser; and maintenance of an overall GPA of 3.0 and an education sequence index of 3.0.
• Take and pass both the Educating All Students test (EAS) and the appropriate Content Specialty Test (CST) of the New York State Teacher Certification Exams prior to student teaching.
• Complete at least 21 credits in an approved Arts & Sciences major before student teaching.

Course of Study

SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. Emphasis on issues such as tracking, parentschool-community relations, inclusion of students with disabilities, the teaching of English language learners, and other diverse populations. Students will learn to analyze these concepts and theories and apply them to current classroom practices.

3 hrs
3 cr.

SEDF 20400 - Adolescent Development

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork
2 cr.

SEDF 20500 - Educational Psychology: Applications in Grades 7-12

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

prereq: SEDF 20300, 20400
2 hrs per week plus 36 hrs fieldwork
2 cr.

SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

prereq: SEDF 20500, SEDC 21000
2 per week plus lab
2 cr.

SEDC 21000 - Building the Foundations of Literacy in Grades 7-12
Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.

3 hrs
3 cr.

**SEDC 21500 - Methods I: Classroom Organization, Management, and Instruction in Social Studies, Grades 7-12**

Rationales and methodologies for teaching social studies based on current theories of the nature of students, the social sciences and secondary schooling.

*prereq or coreq: SEDF 20300, 20400*

3 hrs
3 cr.

**SEDC 22000 - Adolescent Health and Safety**

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

*prereq: SEDF 20300, 20400*

1 hr
1 cr.

**SEDC 32500 - Methods II: Teaching Diverse Learners in Social Studies, Grades 7-12**

Familiarizes prospective middle and high school teachers, grades 7-12, with pedagogical approaches and innovative teaching techniques needed to convey to a diverse population current state and professional standards-based curriculum in the social studies. Innovative uses of technology, development of instructional units, individualizing for students with special needs, and strategies for managing problem behavior will be emphasized throughout the course.

*prereq: SEDC 21500*
*prereq or coreq: SEDF 20500, SEDC 21000*

2 hrs per week plus 48 hrs fieldwork
2 cr.

**SEDC 34100 - Adolescent Fieldwork**

Seminar and field experience in adolescent education. Students will complete a 48-hour field experience in a grade 7-12 classroom in their subject and will participate in an accompanying seminar. They will be observed and evaluated in the field by a School of Education faculty member. An accompanying seminar will treat issues arising from the field experience. Students must achieve a grade of B or better in this course to continue in the program. Any student who obtains a grade of F in the course will not be allowed to continue in the program. Any student who obtains a grade below B must apply to the department chairperson for permission to repeat the course, which may be repeated only once.

*coreq: SEDC 31200 or SEDC 32100 or SEDC 32200 or SEDC 32300 or SEDC 32400 or SEDC 32500*

15 hours of seminar; 48 hours of fieldwork
1 cr.

**SEDC 45500 - Student Teaching in Social Studies, Grades 7-12**
Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified social studies teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

**prereq:** SEDC 32500

**prereq or coreq:** SEDF 20600

2 hrs per week, 60 days student teaching plus workshops and conferences

5 cr.

**SPED 30800 - Teaching Students with Special Needs in Inclusive Settings**

Participants will explore the benefits and challenges of creating and maintaining classrooms designed to incorporate students with disabilities in the general education environment for part, or all, of their program.

A new State regulation requires that all teacher education programs leading to initial certification include a 3-credit course in teaching students with disabilities. This course will be added to all initial certification programs that do not currently have such a course. It is intended for teachers of general (not special) education at all grade levels.

**prereq:** 12 credits of coursework

43 hrs

3 cr.

**School of Education Exit Standards**

Students must meet the following criteria in order to graduate with a School of Education major or minor:

- Have an overall GPA of at least 3.0
- Complete the Dignity for All Students Act (DASA) anti-bullying workshop. The DASA workshop is required for all students in a NYS certification program at the School of Education. The workshop requires six clock hours of coursework or training.

**Adolescent Teaching Languages Other Than English, Grades 7-12 - BA**

The BA program in Adolescent Teaching Languages Other Than English leads to initial certification as a teacher in New York State.

The undergraduate programs in adolescent education are designed to prepare prospective teachers to serve as high-quality educators for students in urban secondary schools. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

The Education course of study is a 27-credit sequence that students usually complete over four semesters in addition to the major in the subject they plan to teach.

**Applying for Admission**

Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can
be accessed online through the School of Education website. Students interested in an Education program should apply as early as is possible in the semester prior to the one in which they plan to enroll. Transfer students should seek advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.

Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts & Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 3.0 or better.
3. Receive a grade of B or better in ENGL 12000.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major one of these languages: Chinese, French, Italian, or Spanish.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Sciences Major Requirements

Major in Chinese Language and Literature - BA, French - BA, Italian - BA or Spanish - BA.

New York State Liberal Arts & Science Distribution Requirement

These courses are required for School of Education students. Most of these courses may be used towards the Common Core Requirement.

- ENGL 12000 and ENGL 22000
- Two courses selected from: HIST 15100/HIST 15200/GEOG 10100
- STAT 11300
- 9 credits in math, science or technology with at least one science course with a lab component
- 6 credits in the arts
- One course that focuses on communication (see program adviser for acceptable courses)

Academic Progress Standards

- Students must maintain a GPA of at least 3.0 and an education sequence index of at least 3.0.
- Any student who receives a grade of B-, C+, C or D in student teaching must apply to the department chairperson for permission to reregister for that course, which may be repeated only once.
- Any student who receives a grade of D+ or D in a course in the education sequence will be required to repeat that course. Students are permitted to repeat a course only once.
- Any student who receives a grade of F in any course in the pedagogical sequence (including student teaching) will not be permitted to continue in the program.
- Any student who has more than two grades of IN will be permitted to register for only one course the following semester.
- Second Methods Course: Students will be permitted to register for the second methods course in their subject area only after having met the following requirements: Completion of 18 credits of study in the major subject area; approval of the major department adviser; and maintenance of an overall GPA of 3.0 and an education sequence index of 3.0.
- Take and pass both the Educating All Students test (EAS) and the appropriate Content Specialty Test (CST) of the New York State Teacher Certification Exams prior to student teaching.
- Complete at least 21 credits in an approved Arts & Sciences major before student teaching.

Course of Study

**SEDF 20300 - Social Foundations of Education, Grades 7-12 (W)**

Students explore different sociological, historical, philosophical, anthropological, and political concepts and theories related to urban schooling. **SEDF 20400 - Adolescent Development**

The process of cognitive, social/emotional, personality and language development among youth who vary by gender, race and ethnicity, English proficiency and varying levels of abilities.

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20500 - Educational Psychology: Applications in Grades 7-12**

Basic educational psychology covering the characteristics of the learner, applications of learning theories and the instruction process as applied to the secondary setting, grades 7-12.

prereq: SEDF 20300, 20400

2 hrs per week plus 36 hrs fieldwork 2 cr.

**SEDF 20600 - Assessment of the Teaching and Learning Process in Grades 7-12**

The principles and practices for the assessment of learning and teaching in the classroom, grades 7-12. Includes instructional objectives, test construction, descriptive statistics, interpretation of standardized test scores, performance outcome measures and alternative forms of assessment.

prereq: SEDF 20500, SEDC 21000

2 per week plus lab 2 cr.

**SEDC 21000 - Building the Foundations of Literacy in Grades 7-12**

Supporting the development of literacy across the curriculum, with a focus on under-prepared students, students with special education needs, and students who are English language learners; implications for working toward standards.
SEDIC 21200 - Methods I: Foundations of Literacy, Language and Learning in the Foreign/Heritage Language Classroom, Grades 7-12

The nature of language, and language acquisition/learning, and the inherent implications for teaching a foreign/heritage language at the secondary level. The foreign language standards and the English language arts standards are reviewed as they impact on curriculum design for foreign/heritage language learners.

prereq or coreq: SEDF 20300, 20400

SEDIC 22000 - Adolescent Health and Safety

Health issues that are relevant to the health promotion and wellness of adolescents and their families from diverse backgrounds, abilities, and sexual orientations. Specific content areas will include nutrition, fitness, drug education, child abuse and neglect, fire prevention and safety, and violence prevention and intervention.

prereq: SEDF 20300, 20400

SEDIC 32200 - Methods II: Instructional Planning for Literacy, Language, and Learning in the Foreign/Heritage Language Classroom, Grades 7-12

Standards that impact on the teaching of foreign/heritage languages at the secondary level. Emphasis is placed on the strategies, methods and materials used in planning instruction around the standards. Classroom observations will serve as a catalyst for discussion.

prereq: SEDC 21200

prereq or coreq: SEDF 20500, SEDC 21000

SEDIC 34100 - Adolescent Fieldwork

Seminar and field experience in adolescent education. Students will complete a 48-hour field experience in a grade 7-12 classroom in their subject and will participate in an accompanying seminar. They will be observed and evaluated in the field by a School of Education faculty member. An accompanying seminar will treat issues arising from the field experience. Students must achieve a grade of B or better in this course to continue in the program. Any student who obtains a grade of F in the course will not be allowed to continue in the program. Any student who obtains a grade below B must apply to the department chairperson for permission to repeat the course, which may be repeated only once.

SPED 30800 - Teaching Students with Special Needs in Inclusive Settings
Participants will explore the benefits and challenges of creating and maintaining classrooms designed to incorporate students with disabilities in the general education environment for part, or all, of their program.

A new State regulation requires that all teacher education programs leading to initial certification include a 3-credit course in teaching students with disabilities. This course will be added to all initial certification programs that do not currently have such a course. It is intended for teachers of general (not special) education at all grade levels.

**prereq:** 12 credits of coursework

45 hrs

3 cr.

And One Student Teaching Course

**SEDC 45210 - Student Teaching in Chinese, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Chinese teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

**prereq:** SEDC 32200

**prereq or coreq:** SEDF 20600

2 hrs per week, 60 days student teaching plus workshops and conferences

5 cr.

**SEDC 45220 - Student Teaching in French, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified French teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

**prereq:** SEDC 32200

**prereq or coreq:** SEDF 20600

2 hrs per week, 60 days student teaching plus workshops and conferences

5 cr.

**SEDC 45260 - Student Teaching in Italian, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Italian teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

**prereq:** SEDC 32200

**prereq or coreq:** SEDF 20600

2 hrs per week, 60 days student teaching plus workshops and conferences

5 cr.
**SEDC 45280 - Student Teaching in Spanish, Grades 7-12**

Teacher candidates complete 30 days of student teaching at grades 7-9 and 30 days at grades 10-12 under the supervision of a Hunter College faculty member and a certified Spanish teacher in a New York City school selected by the college. Students will further develop their skills in the delivery of instruction. Student teachers will assume significant responsibility for classroom instruction and management.

*prereq: SEDC 32200*

*prereq or coreq: SEDF 20600*

2 hrs per week, 60 days student teaching plus workshops and conferences

5 cr.

**School of Education Exit Standards**

Students must meet the following criteria in order to graduate with a School of Education major or minor:

- Have an overall GPA of at least 3.0
- Complete the Dignity for All Students Act (DASA) anti-bullying workshop. The DASA workshop is required for all students in a NYS certification program at the School of Education. The workshop requires six clock hours of coursework or training.

**Childhood Education (QUEST) Grades 1-6 - BA**

*The Childhood Education, Grades 1-6,* undergraduate teacher education program prepares students to become New York State certified teachers of childhood education.

This program is committed to the preparation of urban elementary school teachers who can deal effectively with the wide range of diverse learning needs found among the City's students. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

This is a 36-credit program in which students have an option to complete the course of study over four or six semesters.

**Applying for Admission**

Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can be accessed online through the School of Education website. Students interested in an Education program should apply as early as is possible in the semester prior to the one in which they plan to enroll. Transfer students should seek advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.

Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts & Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.
Admissions Requirements

- 30 credits in liberal arts and sciences (*Students may apply to QUEST if the total of their completed credits plus credits in which they are currently enrolled is at least 30 credits.*)
- Minimum GPA of 3.0.
- Prerequisite for MATH 10400 (STEM): either a score high enough on the CUNY COMPASS to be placed in MATH 10400 (STEM) or completion of MATH 10100.
- ENGL 12000 (or a 200- or 300-level writing course), with a grade of B or better.
- Declaration of an appropriate liberal arts and sciences major.
- Transfer students may enter the program with 40 to 72 credits. (Students with more than 72 credits should complete their liberal arts and sciences major and apply to the master's degree program in childhood education.)
- Transfer students with 60 or more credits, a GPA of 3.3 or better and a grade of B or better in ENGL 12000 do not have to present Hunter College grades. Transfer students with GPAs below 3.3 will have to complete 12 credits of coursework at Hunter College with a GPA of at least 3.0 before a final decision will be made on their application to the School of Education.

Liberal Arts & Sciences Major Requirement

All students in School of Education programs must also declare a major in the School of Arts & Sciences. This major must lead to a BA degree.

See the School of Arts & Sciences for more information on major options.

New York State Liberal Arts & Sciences Distribution Requirement

Teachers in elementary schools are required to teach all subject areas in the curriculum and thus need a broad liberal arts background in addition to specialized knowledge of teaching. Therefore, students will be required to complete the following liberal arts and sciences courses, or their equivalent (most of these courses can be taken within the Hunter Core requirements).

These courses require a grade of C or better.

- ENGL 12000 - Expository Writing
- ENGL 22000 - Introduction to Writing about Literature (W)
- GEOG 10100 - People and Their Environment
- HIST 15100 - The United States from the Colonial Era to the Civil War (W)
- HIST 15200 - The United States from the Civil War Era to the Present (W)
- MATH 10400 (STEM) - Mathematics for Elementary Education I
- MATH 10500 - Mathematics for Elementary Education II
- Two semesters of science, at least one of which is a laboratory science,*
- 6 credits in the arts (courses in ARTCR, ARTH, FILM, MUSHL, THEA)**
- At least 6 credits in the study of a language other than English

Two additional courses that are required for students in the childhood education program are

- HED 31400 - Health Education for the Classroom Teacher
- SPED 30800 - Teaching Students with Special Needs in Inclusive Settings
Academic Progress Standards

Students must meet the following criteria in order to continue in the program:

- Students must maintain a GPA of at least 3.0.
- Students must receive grades of C or better in required coursework in liberal arts and sciences and in QUEST courses that do not include fieldwork. QUEST fieldwork courses require a grade of B or better. All QUEST courses are repeatable once by students who have received a grade of C-, D+ or D in a non-fieldwork course or a grade below B in a fieldwork course. Students must officially reregister for these courses. Students who receive an F in any course or a D+ or D in fieldwork may not continue in the program.
- In order to register for QSTA 40600 - Mathematics Teaching and Learning in Elementary School, students must have completed MATH 10400 (STEM) and MATH 10500. With the approval of the program coordinator, transfer students may be allowed to enroll in QSTA 40600 after completing MATH 10400 (STEM) and registering for MATH 10500 if their progress through the QUEST program would be delayed by the requirement for MATH 105 as a prerequisite.
- In order to register for QSTA 41400 - Teaching Science in Elementary Schools, students must have completed two courses in science, at least one of which must be a laboratory science.
- In order to register for QSTA 41200 - Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools, students must have completed HIST 15100 and HIST 15200, or one of these courses plus GEOG 10100.
- Take and pass both the Educating All Students test (EAS) and the appropriate Content Specialty Test (CST) of the New York State Teacher Certification Exams prior to student teaching.
- Complete at least 21 credits in an approved Arts & Sciences major before student teaching.

Course of Study

Six-Semester Track

Semester 1

**HED 31400 - Health Education for the Classroom Teacher**

The preparation of the elementary educator to assist children in grades 1-6 in making decisions for optimum health and wellness, including nutrition education and fitness; mental/emotional health and conflict resolution; drug education; stress management; safety education including fire safety; family living/sex education including HIV/AIDS education and orientation issues; personal safety and the role of the classroom teacher as a mandated reporter of child abuse and neglect; environmental health; and violence prevention.

*prereq: QSTB 20200, QSTF 30100
*prereq or coreq: QSTF 30200
3 hrs
3 cr.

**QSTA 40080 - The Art of Effective Teaching**
This course is designed to orient elementary school teacher candidates to the world of urban education and their roles as quality educators. An introduction to the basic pedagogical practices of teaching, the connection between theory and practice as it relates to the role of teachers, instructional methods for teaching diverse student populations, effective classroom management practices, organizational strategies, motivation techniques and methods of assessment.

3 hrs
3 cr.

Semester 2

QSTA 40180 - Developmental Reading

Theoretical and practical aspects of literacy with particular emphasis on teaching literacy to diverse populations. In addition, the role of family and community involvement and the use of technology for literacy development will be stressed.

coreq: QSTB 20200, QSTAB 30000
prereq or coreq: QSTA 40000
2 hrs
2 cr.

QSTB 20280 - Child Growth and Development

The biological, cognitive, emotional, linguistic, moral, physical and social aspects of development will be addressed with respect to their role in children's experiences in school. The critical application of developmental theories and research to diverse populations will be emphasized. Contextual influences on children's development, including family, peers and the media will be included.

coreq: QSTA 40100, QSTAB 30000
prereq or coreq: QSTA 40000
2 hrs
2 cr.

QSTAB 30000 - Fieldwork I: Fieldwork for Child Development and Developmental Reading

Supervised experiences in classroom applications of QSTA 40180: Developmental Reading and QSTB 20280: Child Growth and Development. Students will complete 6 per week of fieldwork for a minimum of 75 contact per semester. Students will develop guided observation skills, acquire practical knowledge of the design and management of instruction and the classroom environment, and work effectively with individual students and small work groups. Students receiving a grade of C in fieldwork must apply to the chairperson for permission to re register for the course. Fieldwork may be repeated only once. Students who receive a grade lower than C may not repeat the course and may not continue in the program.

coreq: QSTA 40100, QSTB 20200
prereq or coreq: QSTA 40000, CSCI 11500
75 hrs
1 cr.

Semester 3
QSTA 41080 - Literacy Across the Content Areas

Theoretical, methodological, practical, and technological aspects of teaching literacy to elementary school students with an emphasis on meeting the literacy needs of diverse student populations.

prereq: QSTA 40100, QSTB 20200, QSTAB 30000, CSCI 11500
coreq: QSTA 41200, QSTAB 30100
2 hrs
2 cr.

QSTA 41280 - Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools

Teaching social studies through literature, the arts, and technology in grades 1-6. Literature selections will include original documents, essays, historical fiction, novels, diaries, journals, poetry, drama and folktales. Instructional strategies will include interdisciplinary curriculum and differentiated learning, teaching, and assessment strategies for English language learners and students with disabilities. Diverse activities will include utilizing the community, particularly museums, as a laboratory for student learning.

prereq: QSTA 40100, QSTB 20200, QSTAB 30000
coreq: QSTA 41000, QSTAB 30100
2 hrs
2 cr.

QSTAB 30100 - Fieldwork II: Fieldwork for Literacy Across the Content Areas and Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools

Supervised experiences in classroom applications of QSTA 41080 - Literacy Across the Content Areas and QSTA 41280 - Teaching Social Studies through Literature, the Arts, and Technology in Elementary Schools. Students will complete 6 of fieldwork per week for a minimum of 75 contact per semester. Students will develop the ability to apply theoretical concepts and deliver instruction to individuals and small groups of children. Students will design or adapt curriculum that meet the needs of diverse learners, including children with special needs and English language learners.

prereq: QSTA 40100, QSTB 20200, QSTAB 30000
coreq: QSTA 41000, 41200
75 hrs
1 cr.

Semester 4

QSTB 41380 - Psychology of Teaching and Learning

The critical application of psychological theories and principles to classroom instruction, including: learning styles; instructional models; effective teaching; motivation; student diversity; students with special needs; classroom management; and formal and informal assessment.
QSTA 40680 - Mathematics Teaching and Learning in Elementary School

Modern methods for teaching mathematics through understanding in the elementary grades.

Transfer students may be allowed to enroll in QSTA 40600 after completing MATH 10400 and registering for MATH 10500 if their progress through the QUEST program would be delayed by the MATH 10500 prerequisite requirement.

QSTAB 30200 - Fieldwork III: Fieldwork for Mathematics Teaching and Learning in Elementary School

Supervised experiences in classroom applications of QSTA 40680: Mathematics Teaching and Learning in Elementary School and QSTB 41380: Psychology of Teaching and Learning. Students will complete 6 of fieldwork per week for a semester minimum of 75 contact to demonstrate the ability to apply knowledge acquired in the Mathematics Teaching and Learning in Elementary School and Psychology of Teaching and Learning courses to effectively deliver instruction in the content areas to individual children, small work groups, and large groups of children.

QSTA 40780 - The Arts: An Interdisciplinary Learning Experience

Offered in collaboration with Lincoln Center Institute, this course is designed to introduce teacher candidates to the role of arts in learning across the curriculum. Teacher candidates will experience the creative process through hands-on study of works of art (visual arts, music, theatre, and dance) to enhance the aesthetic sensibilities of students in grades 1-6.

QSTB 40380 - Social Foundations of Urban Education

Contemporary issues and themes in the social foundations of childhood education viewed from an interdisciplinary perspective. Special emphasis on the role of family and community in the educational process.
SPED 30800 - Teaching Students with Special Needs in Inclusive Settings

Participants will explore the benefits and challenges of creating and maintaining classrooms designed to incorporate students with disabilities in the general education environment for part, or all, of their program.

A new State regulation requires that all teacher education programs leading to initial certification include a 3-credit course in teaching students with disabilities. This course will be added to all initial certification programs that do not currently have such a course. It is intended for teachers of general (not special) education at all grade levels.

prereq: 12 credits of coursework
45 hrs
3 cr.

QSTA 41480 - Teaching Science in Elementary Schools

This course is inquiry-based or process-oriented. Focuses on the doing part of science more than the facts part of science. Includes analysis of local, state and national science standards, working with students from culturally diverse backgrounds, using multimedia technology effectively, and working with parents and the community. Students will be observed in science teaching activities during their co requisite student teaching in science.

prereq: QSTA 40600, 41000, 41200, QSTAB 30100
coreq: QSTA 41500
2 hrs
2 cr.

QSTA 41580 - Student Teaching

Supervised student teaching experience in an elementary school setting at one grade level from grades 1-6. Requirements include four full days per week of student teaching for a minimum of 50 days, 30 hours of seminars + conferences, and attendance at professional development workshops.

prereq: QSTA 40600, 40700, QSTB 41300, QSTAB 30200, HED 31400
coreq: QSTA 41400
2 per week of seminar plus student teaching
4 cr.

Four-Semester Track

Semester 1

HED 31400 - Health Education for the Classroom Teacher

The preparation of the elementary educator to assist children in grades 1-6 in making decisions for optimum health and wellness, including nutrition education and fitness; mental/emotional health and conflict resolution; drug education;
stress management; safety education including fire safety; family living/sex education including HIV/AIDS education and orientation issues; personal safety and the role of the classroom teacher as a mandated reporter of child abuse and neglect; environmental health; and violence prevention.

prereq: QSTA 40600, 40700, QSTB 41300, QSTAB 30200, HED 31400
coreq: QSTA 41400
2 per week of seminar plus student teaching
4 cr.

School of Education Exit Standards

Students must meet the following criteria in order to graduate with a School of Education major or minor:

- Have an overall GPA of at least 3.0
- Complete the Dignity for All Students Act (DASA) anti-bullying workshop. The DASA workshop is required for all students in a NYS certification program at the School of Education. The workshop requires six clock hours of coursework or training.
Dance Pre-K - 12 - BA

The BA program in PreK-12 Dance Education leads to initial certification as a teacher in New York State.

This undergraduate program is designed to prepare prospective teachers to serve as high-quality educators for students in urban schools. Teacher candidates will take a specified sequence of education courses in addition to fulfilling the CUNY Common Core Requirement and the requirements of their liberal arts or sciences major. These programs include fieldwork in New York City Public schools.

The Education course of study is a 27-credit sequence that students usually complete over four semesters in addition to the major in the subject they plan to teach.

Applying for Admission

Before Hunter students can declare a School of Education major or minor, they must apply to the School of Education and be accepted. The School of Education application is open to current Hunter students throughout the year, and can be accessed online through the School of Education website. Students interested in an Education program should apply as early as is possible in the semester prior to the one in which they plan to enroll. Transfer students should seek advisement about applying to the School of Education as soon as they have been admitted to Hunter. Transfer students who have a GPA of at least 3.3 may apply to start an Education program in their first term at Hunter.

All applicants must complete an on-site writing test to assess written English skills, as well as participate in a group interview with other students and School of Education faculty members. Accepted students will declare both an appropriate major in the School of Arts & Sciences, and a major or minor in the School of Education.

Undergraduate teacher education programs require a minimum cumulative GPA of 3.0. Candidates for BA/MA programs must also receive approval for graduate-level study by the relevant department in the School of Arts & Sciences. The School of Education does not accept nondegree or second-degree students. Meeting minimum admission requirements does not guarantee entry into the program.

Admission Requirements

1. Minimum of at least 65 credits but no more than 90 credits.
2. A Hunter College Grade Point Average (GPA) of 3.0 or better.
3. Receive a grade of B or better in ENGL 120.
4. Have no more than 6 cr. of CR/NC grades.
5. Formal declaration of a major in dance.
6. Transfer students will have to complete 12 credits of coursework at Hunter College before applying. However, transfer students with 60 or more credits and a GPA of 3.3 or better may be immediately considered for admission.

Liberal Arts and Sciences Major Requirements

34-credit major in Dance - BA.

New York State Liberal Arts & Science Distribution Requirement
