Spanish 331***/** (3 cr) LEP– 1 Course (3 or 4 cr)	Spanish 341***/** (3 cr) LEP– 1 Course (3 or 4 cr)

Notes:

* The Spanish minor can be completed in 6 semesters or less if you have prior knowledge of Spanish. If not, please complete the two first-year courses. They do not officially count towards the minor, but they are included here to help you plan ahead. If you have prior knowledge, please visit or email a faculty adviser for guidance on where to start. There are options for credits through exams, interviews, AP and IB scores, etc.

**Starting at the 300 level, courses may be taken out of sequence and any number of courses may be taken during a single semester.

*** Transfer students who bring Spanish credits in should take the next course/s in the sequence after going through the transfer process. If you are not sure how your classes transfer, please talk to or email a Spanish adviser.

**** Up to 16 credits can be transferred from an education abroad experience. Please talk to any Spanish advisor to discuss your options. You can complete a semester or take courses during the summer.
